Public Hearing on Proposed Fee Schedule for Services Provided and Costs Incurred by the Division of Occupation and Professional Licensing’s Designated Agent During Fiscal Year 2006-2007

The Department of Commerce will hold a hearing on Thursday, March 31, 2005, at 9:00 a.m. at the Heber M. Wells Building, 160 East 300 South, Room 210, Salt Lake City, Utah.

The purpose of the hearing is to obtain public comment on a proposed schedule for fees which could be assessed for services provided and costs related to the State Construction Registry which would be incurred by the Division’s designated agent commencing May 1, 2005. The proposed fee schedule supplements the Division’s fee schedule approved by the Legislature during its 2005 General Session. Subsection 63-39-3.2(5)(a) of the Budgetary Procedures Act provides an agency may establish and assess regulatory fees without legislative approval. That statute governs the process for the interim assessment of such fees prior to subsequent legislative approval.

Background: The Division assesses fees for licensure, registration, or certification of individuals and businesses to engage in certain occupations and professions. Copies of the proposed fee schedule will be distributed at the March 31, 2005, hearing.

NOTICES OF
PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a new rule, a substantive change to an existing rule, or a repeal of an existing rule. Filings received between February 16, 2005, 12:00 a.m., and March 1, 2005, 11:59 p.m., are included in this, the March 15, 2005, issue of the Utah State Bulletin.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (e.g., example). Deletions made to existing rules are struck out with brackets surrounding them (e.g., [example]). Rules being repealed are completely struck out. A row of dots in the text (· · · · ·) indicates that unaffected text was removed to conserve space. If a PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of each rule that is too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the Utah State Bulletin until at least April 14, 2005. The agency may accept comment beyond this date and will list the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency to hold a hearing on a specific PROPOSED RULE. Section 63-46a-5 (1987) requires that a hearing request be received "in writing not more than 15 days after the publication date of the PROPOSED RULE."

From the end of the public comment period through July 13, 2005, the agency may notify the Division of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than 31 days nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE filing lapses and the agency must start the process over.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.

PROPOSED RULES are governed by Utah Code Section 63-46a-4 (2001); and Utah Administrative Code Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5, R15-4-9, and R15-4-10.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This proposed rule amendment furthers the intent of Subsection 32A-5-107(18) that private clubs advertise in a manner that preserves the concept that private clubs are private and not open to the general public.

SUMMARY OF THE RULE OR CHANGE: This proposed rule amendment outlines advertising prohibitions for private clubs or their members, employees, agents, or any person under a contract or agreement with the club. These prohibitions eliminate promotional schemes that offer complimentary memberships or visitor cards to members of the general public, partial payment for memberships, or visitor cards to members of the general public; an implication that a member of the general public is entitled to a membership or visitor card, or offer to host members of the general public into a club.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 32A-1-107 and Subsection 32A-5-107(18)

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: None—No part of club membership and visitor card revenues are remitted to the State of Utah. Therefore, not allowing clubs to offer complimentary or partially-paid membership or visitor cards will not affect the State budget.
❖ LOCAL GOVERNMENTS: None—No part of club membership and visitor card revenues are remitted to local governments, therefore, this proposed rule amendment will not effect a cost or savings to local governments.
❖ OTHER PERSONS: None—Private clubs are not required to advertise, but if they choose to do so, this proposed rule amendment outlines advertising prohibitions that will preserve the concept set forth by statute that private clubs are private and not open to the general public.

COMPLIANCE COSTS FOR AFFECTED PERSONS: None—Private clubs are not required to advertise, but if they choose to do so, this proposed rule amendment outlines advertising prohibitions that will preserve the concept set forth by statute that private clubs are private and not open to the general public.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This proposed rule amendment could have a fiscal impact on private clubs that would like to increase their liquor and food sales by enticing members of the general public into the club with free or discounted memberships or visitor cards or by offering to host them into the club. The Department of Alcohol Beverage Control feels strongly that statutes designed to maintain the integrity of the private club concept must be upheld by requiring that those applying for membership or visitor cards do so in accordance with membership requirements and that clubs do not advertise otherwise. RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule amendment is proposed to further the intent of Subsections 32A-5-107(1) through 32A-5-107(7) that private clubs operate in a manner that preserves the concept that private clubs are private and not open to the general public.

SUMMARY OF THE RULE OR CHANGE: This proposed rule amendment specifies the minimal application fee to be charged to persons applying for a membership to a private club. It also places into rule procedures by which a hotel with a private club on the premises may assist in the issuance of a club membership to hotel guests.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 32A-1-107 and Subsections 32A-5-107(1) through 32A-5-107(7)

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: None—This proposed rule amendment does not change the membership application fee, but rather clarifies it by placing it in rule beside the monthly membership fee. For years, hotels have been permitted to assist an on-premises club in issuing a club membership to a hotel guest. This proposed rule amendment outlines the regulations for this practice.
❖ LOCAL GOVERNMENTS: None—State laws authorize the charge for and issuance of private club memberships. These are regulated by the Department of Alcoholic Beverage Control. Local governments will have no anticipated cost or savings as a result of this proposed rule amendment.
❖ OTHER PERSONS: None—Nothing in this proposed rule amendment alters what has been required or permitted for many years. The proposed amendment merely clarifies, in rule, the procedures governing the practices.

COMPLIANCE COSTS FOR AFFECTED PERSONS: None—Nothing in this proposed rule amendment alters what has been required or permitted for many years. The proposed amendment merely clarifies, in rule, the procedures governing the practices.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The proposed amendments to this rule will have no fiscal impact on businesses since the amendments do not alter membership application charges or the practices of hotels assisting in the issuance of memberships to hotels guests who choose to have access to private clubs located within the hotel. RULE ANALYSIS
Purpose of the Rule or Reason for the Change: This Division is proposing this rule to implement the provisions of H.B. 136, 6th substitute (2004) and H.B. 105, 1st substitute (2005). (DAR NOTE: H.B. 136 is found at UT L 2004 Ch 250, and was effective 05/01/2005; and H.B. 105 can be found at: http://www.leg.state.ut.us/~2005/htm/doc/hbillhtm/HB0105S01.htm.)
COMPLIANCE COSTS FOR AFFECTED PERSONS: No additional costs are triggered by the rule. The rule merely implements the SCR as established by the Legislature. Before the passage of H.B. 136, 6th substitute (2004), notices of commencement and preliminary notices were required for commercial projects. These were filed by certified or registered mail at county recorder offices. H.B. 136 added an optional notice of completion filing and extended the entire filing scheme to residential projects as well. The impact is a cost savings on commercial projects and an additional cost on residential projects. Neither the Division nor its designated agent are able to determine the filing volume at this time and associated savings or costs. Proposed filing fees are as follows: Online/Electronic Fees: Notice of Commencement $7.50; Preliminary Notice $1; Notice of Commencement $7.50; Requested Notifications $10; Receipt Retrieval (within 2 years) $1; Receipt Retrieval (beyond 2 years) $5; Annual Account Set-Up (auto-bill) $60 and Annual Account Set-Up (invoice) $100; Offline/Alternate Fees: Notice of Commencement $15; Preliminary Notice $6; Notice of Commencement $15; Required Notifications $6; Requested Notifications $25; Receipt Retrieval (within 2 years) $6; Receipt Retrieval (beyond 2 years) $12.50; Annual Account Set-Up (auto-bill) $75; and Annual Account Set-Up (invoice) $125.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule filing implements the State Construction Registry and adopts rules as required by H.B. 136, 6th Substitute (2004) (Electronic Filing of Preliminary Lien Documents) and H.B. 105, 1st Substitute (2005) (Construction Filing Amendments). Therefore, this rule filing presents no additional fiscal impact to businesses beyond those previously addressed in passage of H.B. 136 and the anticipated passage of H.B. 105. Russell C. Skousen

**Summary of the Rule or Change:**

Section R414-14-0 is renumbered to Section R414-14-1. Also, the words "homebound" or "semi-homebound" are replaced by "eligible" to describe persons who are eligible for home health services. This section also adds language that specifies that these services are provided only when the home is the most appropriate and cost effective setting that is consistent with the client's medical need. In addition, this section states the goals of home health care, which are to minimize the effects of disability, maintain health, and prevent inappropriate institutionalization. The state and federal citations that govern this rulemaking are also included. The old Section R414-14-1 is deleted. In Section R414-14-2, the definition of "Home Health Visit" is deleted. In Section R414-14-3, the title is changed from "Eligibility Requirements/Coverage" to "Client Eligibility Requirements". In Section R414-14-4, language is added that describes the "plan of care" criteria for home health services. In Section R414-14-5, the term "semi-homebound" is removed in reference to supportive maintenance home health care. Also, "plan of care" text is deleted because part of the text already exists in Section R414-14-4. Other "plan of care" text is deleted from Section R414-14-5 and now included in Section R414-14-4. Further, text deleted from Section R414-14-7 is added to Section R414-14-5. Finally, language is added in Subsections R414-14-5(9), (11), and (15) that specifies the limitations of supportive maintenance home health care, makes clear that only one home health provider (agency) is approved to provide service to a patient during any period of time, states that a subcontractor may provide service as long as the original agency bills for services, denies a second provider or agency approval of service, and makes an exception for children to receive occupational therapy who are covered under Child Health Evaluation Care (CHEC) for medically necessary services. Sections R414-14-6, R414-14-7, and R414-14-8 are deleted. Section R414-14-9 is renumbered to R414-14-6.

The goals of home health care are to minimize the effects of disability or pain, promote, maintain, or protect health; and prevent premature or inappropriate institutionalization.[2] Home health services are provided by a public or private state licensed, Medicare certified home health agency. Home health services are based on physician order and plan of care.

[B]. A hospital, skilled nursing facility, or intermediate care facility does not qualify as a person’s place of residence for the purpose of receiving home health service.[2] This rule is authorized under Utah Code 26-18-3 and governs the services allowed under 42 CFR 440.70.

(1) The purpose of this rule is to define and establish standards for Behavior Interventions, to protect Persons' rights, and prevent abuse and neglect.

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: The implementation of the State Behavior Review Committee will not require additional funds as the Division will employ volunteer members. COMPLIANCE COSTS FOR AFFECTED PERSONS: Service Providers currently conduct Behavior Peer Reviews and these activities are considered part of the rate paid to Providers. Due to the professional judgement of service providers in implementing a behavior support plan, a person in services may lose rights as a condition to receiving effective treatment and continuing services.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule does not reflect a change in methodology within the Division and the Division's expectations of Service Providers. No fiscal impacts are identified. Lisa-Michele Church, Executive Director.

❖ LOCAL GOVERNMENTS: The changes to this rule will have no impact on local governments since the rule only deals with the relationship between life insurers licensed to do business in Utah and the Utah Insurance Department.

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted for taking public input and reviewing the division's program for hunting and fishing accommodations for disabled people.

SUMMARY OF THE RULE OR CHANGE: Provisions are being added to this rule to provide accommodations or opportunity for disabled people to obtain a certificate of registration to receive a general deer or general elk extension for general season deer and elk hunting. Clarification is being made to the limited entry season extension section to provide the criteria for which a disabled person may qualify for a certificate of registration. Other changes are being made for consistency and clarity.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 23-14-18, 23-19-1, 23-19-36, 23-20-12, and 63-46a-3

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: This amendment allows more accommodations or opportunity for disabled people to participate in general deer and elk hunting, and makes clarification. The Division of Wildlife (DWR) has determined that this amendment does not create a cost or savings impact to the division's budget or the state budget.
❖ LOCAL GOVERNMENTS: None--This filing does not create any direct cost or savings impact to local governments because they are not directly affected by the amendment. Nor are local governments indirectly impacted because the amendment does not create a situation requiring services from local governments.

NOTICES OF
CHANGES IN PROPOSED RULES

After an agency has published a PROPOSED RULE in the *Utah State Bulletin*, it may receive public comment that requires the PROPOSED RULE to be altered before it goes into effect. A CHANGE IN PROPOSED RULE allows an agency to respond to comments it receives.

As with a PROPOSED RULE, a CHANGE IN PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the CHANGE IN PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the CHANGE IN PROPOSED RULE is usually printed. The text shows only those changes made since the PROPOSED RULE was published in an earlier edition of the *Utah State Bulletin*. Additions made to the rule appear underlined (e.g., example). Deletions made to the rule appear struck out with brackets surrounding them (e.g., [example]). A row of dots in the text (· · · · · ·) indicates that unaffected text was removed to conserve space. If a CHANGE IN PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the agency or from the Division of Administrative Rules.

While a CHANGE IN PROPOSED RULE does not have a formal comment period, there is a 30-day waiting period during which interested parties may submit comments. The 30-day waiting period for CHANGES IN PROPOSED RULES published in this issue of the *Utah State Bulletin* ends April 14, 2005. At its option, the agency may hold public hearings.

From the end of the waiting period through July 13, 2005, the agency may notify the Division of Administrative Rules that it wants to make the CHANGE IN PROPOSED RULE effective. When an agency submits a NOTICE OF EFFECTIVE DATE for a CHANGE IN PROPOSED RULE, the PROPOSED RULE as amended by the CHANGE IN PROPOSED RULE becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file another CHANGE IN PROPOSED RULE in response to additional comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or another CHANGE IN PROPOSED RULE, the CHANGE IN PROPOSED RULE filing, along with its associated PROPOSED RULE, lapses and the agency must start the process over.

CHANGES IN PROPOSED RULES are governed by *Utah Code* Section 63-46a-6 (2001); and *Utah Administrative Code* Rule R15-2, and Sections R15-4-3, R15-4-5, R15-4-7, and R15-4-9.

NOTICE OF CHANGE IN PROPOSED RULE
DAR File No.: 27579
Filed: 02/25/2005, 10:43

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Based upon the feedback we have received on the proposed rule, more clarification is needed in terms that are more easily understood, as to what is required to provide a fully interactive driving simulator that simulates real world driving. Also, a better description of what constitutes a non-fully interactive driving simulator is needed.

SUMMARY OF THE RULE OR CHANGE: A definition section that defines what "Operator Interaction" and "Field of View" is added. Also rewrote and added subsections under the new Section R708-40-4. (DAR NOTE: This change in proposed rule has been filed to make additional changes to a proposed new rule that was published in the January 1, 2005, issue of the Utah State Bulletin, on page 31. Underlining in the rule below indicates text that has been added since the publication of the proposed new rule mentioned above; strike-out indicates text that has been deleted. You must view the change in proposed rule and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 53-03-505(1)(d)(i)

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: There is no cost or savings to the state because of these changes. Driver training schools still have to meet the driver training requirement whether they use a simulator or not.
❖ LOCAL GOVERNMENTS: There still may be a cost to local government if the public schools choose to use driving simulators because they must meet the standards of this rule.
❖ OTHER PERSONS: The only cost to other persons, is for those students who want to pay to be trained by a driving simulator. Whether this cost is higher than a regular driving training class is up to the schools. The current changes do not change this.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There may be a compliance cost, which has not changed, for driver training and public schools that want to get driving simulators because they need to meet these standards.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There may be costs to businesses, which has not changed, that choose to get a driving simulator because the simulators need to meet the standards of this rule. Robert L. Flowers, Commissioner

NOTICE OF CHANGE IN PROPOSED RULE
(Second)
DAR File No.: 27348
Filed: 02/28/2005, 15:18

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This change in proposed rule incorporates comments and suggestions made by commentors in the most recent round of comments to the Commission after the change in proposed rule.

SUMMARY OF THE RULE OR CHANGE: This change clarifies definitions, clarifies the calculation of the rental charge, and clarifies that basis for the rental charge. (DAR NOTE: This is the second change in proposed rule (CPR) for Rule R746-345. The original proposed repeal and reenact upon which the first CPR was based was published in September 1, 2004, issue of the Utah State Bulletin, on page 29. The first CPR upon which this second CPR is based was published in the November 1, 2004, issue of the Utah State Bulletin, on page 34. Underlining in the rule below indicates text that has been added since the publication of the change in proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the first CPR, the second CPR, and the proposed repeal and reenact together to understand all of the changes that will be enforceable should the agency make this rule effective.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 54-3-1, 54-4-1, and 54-4-13; and 47 U.S.C. 224(c)

ANTICIPATED COST OR SAVINGS TO:
❖ THE STATE BUDGET: None—State agency activity in relation to pole attachment activities will stay the same.
❖ LOCAL GOVERNMENTS: None—Local government activities are not affected by this rule. Therefore, there are no cost or savings to local government.
❖ OTHER PERSONS: Undetermined—To the extent that rates set in the rule are lower than those previously charged, revenue reductions will occur for those entities which previously charged the higher rate; this will be offset by a reduction in costs or expenses of those entities who previously paid the higher rate. A concomitant change will occur in situations where the rule sets a rate higher than that previously charged. These changes in revenues and expenses may be considered by the Commission when establishing other rates for the public utilities subject to the Commission's jurisdiction. The magnitude of the changes will also be subject to the number of attachments which are affected and in existence. There is significant dispute.
between pole attachment parties on the number of pole attachments which they have among themselves. Inventory is still occurring and disputes are still pending before the Commission.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Offsetsetting increases and decreases will occur. Some entities will see a reduction in revenues they receive from attaching entities, but will also see a reduction in their own expenses for the attachment costs they incur for their own attachments with other pole owning entities. To the extent permitted by law, the Commission intends to consider the net effect of such changes when establishing rates for utilities operating within the Commission's jurisdiction.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Through state and federal law, the Commission regulates the terms by which attachments are made to the poles of utilities operating in Utah. Changes in the utility industry, increasing reliance upon and access demands for use of available attachment space, and the increasing magnitude of disputes concerning the entire attachment process have prompted the Commission to reexamine, with industry participation, a wide spectrum of issues relating to pole attachments. As is often the case for the Commission, promulgation of the rule requires balancing interests of various parties. The Commission has crafted a rule which it believes is consistent with both state and federal law and sets terms which are conducive to the public interest and well being of the State of Utah and its citizens generally. Where permitted by law, the Commission will consider the specific fiscal impact, whether up or down, the rule will have on the operations of an individual public utility operating in Utah and subject to the Commission's ratemaking authority. R746. Public Service Commission, Administration.
A. Authorization of Rules -- Consistent with the Pole Attachment Act, 47 U.S.C. 224(c), and Utah Code Annotated 54-3-1, 54-4-1, 54-4-4 and 54-4-13, the Public Service Commission shall have the power to regulate the rates, terms, and conditions by which a public utility, as defined in Utah Code Annotated 54-2-1(15)(a) including telephone corporations as defined in 54-2-23(a), can permit attachments to its poles by [another public utility, wireless provider, cable television company, or other] attaching entity.
B. Application of Rules -- These rules shall apply to each public utility that permits attachments to its poles by any other public utility, wireless provider, cable television company, or other] attaching entity.

1. Although specifically excluded from regulation by the Commission in Utah Code Annotated 54-2-1(23)(b), solely for the purpose of any pole attachment, these rules apply to any wireless provider.

2. Pursuant to these rules, a public utility must allow any attaching entity nondiscriminatory access to utility poles at rates, terms and conditions that are just and reasonable.

C. Application of Rate Methodology -- The rate methodology described in Section R746-345-5 shall be used to determine rates that a public utility may charge any other public utility, wireless provider, cable television company, or other attaching entity to its poles for compensation.

A. "Attaching Entity" -- A public utility, wireless provider, cable television company or other entity that attaches to a pole owned or controlled by a public utility excluding those attachments used for signage and lighting.
B. "Distribution Pole" -- A utility pole, excluding towers, used by a pole owner to support mainly overhead distribution wires or cables.
C. "Pole Attachment" -- The bolt, bracket, hook, or other equipment, and the devices used to attach the equipment, of an attaching entity within that attaching entity's allocated attachment space to a utility pole of a public utility. A new or existing service wire drop pole attachment that is attached to the same pole as an existing attachment of the attaching entity is considered a component of the existing attachment for purposes of this rule. Additional equipment that meets all applicable code and contractual requirements that is placed within an attaching entity's existing attachment space is not an additional attachment for rental rate purposes.
D. "Attachment Space" -- The amount of usable space on a pole occupied by a pole attachment as provided for in R746-345-5(B)(3)(d).
E. "Pole Owner" -- A public utility having ownership or control of poles used, in whole or in part, for any electric or telecommunications services.
F. "Secondary Pole" -- A pole used solely to provide service wire drops (the aerial wires or cables connecting to a customer premise).
G. "Secondary Pole Attachment" -- A pole attachment to a secondary pole.
A. Pole Labeling -- A pole owner must label poles to indicate ownership. A pole owner shall label any new pole installed after the effective date of this rule immediately upon installation. Poles installed prior to the effective date of this rule, shall be labeled at the time of routine maintenance, normal replacement, change-out, or relocation, and whenever practicable. Labels shall be based on a good faith assertion of ownership.

B. Pole Attachment Labeling -- An attaching entity must label its pole attachments to indicate ownership. Pole attachment labels may not be placed in a manner that could be interpreted to indicate an ownership of the utility pole. An attaching entity shall label any new pole attachment installed after the effective date of this rule immediately upon installation. Pole Attachments installed prior to the effective date of this rule, shall be labeled at the time of routine maintenance, normal replacement, rearrangement, rebuilding, or reconstruction, and whenever practicable.

R746-345-5. Rental Rate Formula and Methodology.
A. Basis -- The rental rate for any pole attachment must be sufficient to cover the recurring costs experienced by the pole owner as a result of the attachments. A fair and reasonable method that will accomplish this objective is to use the portion of the pole owner's costs and expenses for the pole plant investment that is jointly used by the attaching entity as a proxy for the incremental costs. The rental rate for any pole attachment shall be based on the pole owner's investment in distribution poles. Any rate based on the rate formula in Subsection R746-345-5(b) shall be considered just and reasonable unless determined otherwise by the Commission.

B. Rate Formula -- A pole attachment rental rate shall be based on publicly filed data and must conform to the Federal Communications Commission's rules and regulations governing pole attachments, except as modified by this Section. A pole attachment rental rate shall be calculated and charged as an annual per attachment rental rate for each attachment space used by an attaching entity. The following formula and presumptions shall be used to establish pole attachment rates:

1. Formula:
   
   Rate per attachment space = Space Used x (1/Usable Space) x Cost of Bare Pole x Carrying Charge Rate

2. Definitions:
   
   a. "Carrying Charge Rate" means the percentage of a pole owner's depreciation expense, administrative and general expenses, investment, purchase price, of poles and fixtures, divided by the number of poles represented in the investment amount. Net cost means the original investment, purchase price, of poles and fixtures, excluding depreciation reserve and deferred federal income taxes associated with the pole investment, divided by the number of poles represented in the investment amount. A pole owner may use gross cost only when its net cost is a negative balance. If using the net or gross cost results in an unfair or unreasonable outcome, a pole owner or attaching entity can seek relief from the Commission under R746-345-5 C.
   
   b. "Usable Space" means the space on a utility pole above the minimum grade level to the top of the pole, which includes the space on a utility pole above the pole. A pole owner may not be placed in a manner that could be interpreted to indicate an ownership of the utility pole. An attaching entity shall label any new pole attachment installed after the effective date of this rule immediately upon installation. Pole Attachments installed prior to the effective date of this rule, shall be labeled at the time of routine maintenance, normal replacement, rearrangement, rebuilding, or reconstruction, and whenever practicable.

   c. "Unusable Space" means the space on a utility pole below the usable space including the amount required to set the depth of the pole.

   d. "Usable Space" means the space on a utility pole above the minimum grade level to the top of the pole, which includes the space occupied by the pole owner.

3. Rebuttable presumptions:
   
   a. Average pole height equals 37.5 feet.
   
   b. Usable space per pole equals 13.5 feet.
   
   c. Unusable space per pole equals 24 feet.

End of the Notices of Changes in Proposed Rules Section
Within five years of an administrative rule’s original enactment or last five-year review, the responsible agency is required to review the rule. This review is designed to remove obsolete rules from the Utah Administrative Code.

Upon reviewing a rule, an agency may: repeal the rule by filing a PROPOSED RULE; continue the rule as it is by filing a NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (NOTICE); or amend the rule by filing a PROPOSED RULE and by filing a NOTICE. By filing a NOTICE, the agency indicates that the rule is still necessary.

NOTICES are not followed by the rule text. The rule text that is being continued may be found in the most recent edition of the Utah Administrative Code. The rule text may also be inspected at the agency or the Division of Administrative Rules. NOTICES are effective when filed. NOTICES are governed by Utah Code Section 63-46a-9(1998).

from the section’s requirements for investment advisory contracts. Section 61-1-24 allows the Division to make rules when necessary to carry out provisions of the chapter.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written comments have been received.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 53A-6-104 requires the State Board of Education to make rules requiring participation in professional development activities in order for educators to retain Utah licensure.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written comments have been received.

REASONED JUSTIFICATION FOR CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: State law requires that educators participate in professional development activities to retain licensure and that the State Board of Education have rules regarding that participation. It is important for educators to participate in professional development activities because No Child Left Behind requirements demand upgrades in teacher preparation. Professional development requirements move teachers toward this goal. In addition, increased focus on student achievement requires teachers to have frequent and meaningful professional development opportunities. Therefore, this rule should be continued.

End of the Notices of Rule Effective Dates Section
The Rules Index is a cumulative index that reflects all effective changes to Utah's administrative rules. The current Index lists changes made effective from January 1, 2005, including notices of effective date received through March 1, 2005, the effective dates of which are no later than March 15, 2005. The Rules Index is published in the Utah State Bulletin and in the annual Index of Changes. Nonsubstantive changes, while not published in the Bulletin, do become part of the Utah Administrative Code (Code) and are included in this Index, as well as 120-Day (Emergency) rules that do not become part of the Code. The rules are indexed by Agency (Code Number) and Keyword (Subject).

DAR NOTE: The index may contain inaccurate page number references. Also the index is incomplete in the sense that index entries for Changes in Proposed Rules (CPRs) are not preceded by entries for their parent Proposed Rules. Bulletin issue information and effective date information presented in the index are, to the best of our knowledge, complete and accurate. If you have any questions regarding the index and the information it contains, please contact Nancy Lancaster (801 538-3218), Mike Broschinsky (801 538-3003), or Kenneth A. Hansen (801 538-3777).

A copy of the Rules Index is available for public inspection at the Division of Administrative Rules (4120 State Office Building, Salt Lake City, UT), or may be viewed online at the Division’s web site (http://www.rules.utah.gov/).
