EDITOR'S NOTES

LEGISLATION AFFECTING ADMINISTRATIVE RULEMAKING

During the 2008 General Session, the Legislature passed the following bills that add requirements to the process or will require rulemaking.

This bill is in response to another request from the U.S. Small Business Administration. This bill goes beyond H.B. 64 (2007), which required agencies to include in the rule analysis the anticipated cost or savings a rule may have on small businesses.

First Substitute H.B. 53 "requires a state agency to consider methods to minimize the impact of an agency's proposed administrative rule if the agency reasonably expects the rule will have a measurable negative fiscal impact on small businesses." The bill exempts the School and Institutional Trust Lands Administration from this process.

This bill recodifies most of Title 63. It also changes references to Title 63 in other sections of the Utah Code.

Almost every agency is affected by this bill, representing 25% of the rules in the Utah Administrative Code. If an agency's rule references statutes in Title 63 -- the Government Records Access Act (GRAMA), the Administrative Procedures Act (UAPA), the Utah Administrative Rulemaking Act, to name a few -- the agency must now file a nonsubstantive change to update the references. The Division of Administrative Rules estimates that there are over 470 rules that require updated references.

This bill recodifies Title 78. It also changes references to Title 78 in other sections of the Utah Code.

H.B. 78 requires that Administrative Services, Commerce, Corrections, Education, Environmental Quality, Financial Institutions, Health, Human Services, Insurance, Judicial Conduct Commission, Labor Commission, Natural Resources, School and Institutional Trust Lands, and Workforce Services file nonsubstantive changes to update references in rules. The Division of Administrative Rules estimates that there are over 50 rules that require updated references.

The reauthorization bill is the Administrative Rules Review Committee’s annual bill required by Section 63-46a-11.5. S.B. 43 reauthorized all rules, except Section R525-6-1, Human Services, Substance Abuse and Mental Health, State Hospital, Prohibited Items and Devices; and Rule R722-300, Public Safety, Criminal Investigations and Technical Services Criminal Identification, Concealed Firearm Permit Rule.

The Department of Human Services, Division of Substance Abuse and Mental Health has already filed a rule to replace the version that was not reauthorized. The proposed new rule under DAR No. 31031 appears in the March 15, 2008, issue of the Utah State Bulletin. It is also available online at: http://www.rules.utah.gov/publicat/bulletin/2008/20080315/31031.htm.

Other Rules-Related Bills that Affect More than One Agency

H.B. 80 is a continuation of the effort started by the Administrative Rules Review Committee with H.B. 317 (2006), which did not pass, and S.B. 138 (2007), which did pass.

Second Substitute H.B. 80 repeals statutes that impose a criminal penalty for violating the provisions of administrative rules issued by Alcoholic Beverage Control Commission, Department of Workforce Services, State Tax Commission, Public Service Commission, and Department of Public Safety.

*Questions about these bills may be directed to Ken Hansen (801-538-3777).*
NOTICES OF PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a new rule, a substantive change to an existing rule, or a repeal of an existing rule. Filings received between March 1, 2008, 12:00 a.m., and March 14, 2008, 11:59 p.m., are included in this, the April 1, 2008, issue of the Utah State Bulletin.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (e.g., example). Deletions made to existing rules are struck out with brackets surrounding them (e.g., [example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (········) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not printed. If a PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of each rule that is too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the Utah State Bulletin until at least May 1, 2008. The agency may accept comment beyond this date and will list the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency to hold a hearing on a specific PROPOSED RULE. Section 63-46a-5 requires that a hearing request be received "in writing not more than 15 days after the publication date of the PROPOSED RULE."

From the end of the public comment period through July 30, 2008, the agency may notify the Division of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE filing lapses and the agency must start the process over.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.

PROPOSED RULES are governed by Section 63-46a-4; and Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5, R15-4-9, and R15-4-10.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The changes reorganize the rule subsections and add some requirements in order to increase consistency in the health and safety requirements among all categories of child care rules. It also incorporates changes made in the child care licensing statute.

SUMMARY OF THE RULE OR CHANGE: This rulemaking action clarifies existing language and increases consistency in the health and safety requirements among all categories of regulated child care providers. It also modifies personnel requirements based on changes to statute. Provisions of the old version of the rule that will not appear in the new version include a requirement for the certificate holder to have a high school diploma. Provisions of the new version of the rule that do not appear in the old version include: a requirement for ongoing annual training; a requirement to maintain current first aid and CPR certification; a minimum square footage per child requirement for new certificate holders; a requirement for monitoring sleeping infants; requirements for trampoline usage; a requirement for a four-foot fence around the outdoor play area if the certificate holder's residence is located near safety hazards, and new paperwork requirements; and new requirements for infant care. In addition, new definitions were added to clarify many rules.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 26, Chapter 39

ANTICIPATED COST OR SAVINGS TO:
- THE STATE BUDGET: The changes do not materially change the state's work load in regulating child care providers and, as such, do not impose additional cost or create savings.
- LOCAL GOVERNMENTS: The changes do not materially change the work load for local governments in regulating in-home child care providers, and, as such, do not impose additional costs or create savings.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: All residential certificate child care providers are small businesses. Certificate holders who live near safety hazards and who do not have a four-foot fence surrounding their outdoor play area, or a six-foot fence surrounding a swimming pool, will be required to install one. However, the rule gives them three years to comply with this new requirement. The department does not know the number of home child care providers who will need to install fencing. Certificate holders may have increased costs for annual training and maintaining current first aid and CPR certification, as required by statute. The provider may have increased costs for infant sleeping equipment if the provider accepts infants and does not already have infant sleeping equipment. The costs for providers will be extremely variable. For these reasons, the department cannot reasonably estimate the aggregate costs or savings.

COMPLIANCE COSTS FOR AFFECTED PERSONS: A certificate holder who lives near safety hazards and does not have a four-foot fence surrounding the licensee's outdoor play area, or a six-foot fence surrounding a swimming pool, will be required to install one. However, the rule gives three years to comply with this new requirement. Costs to an individual certificate holder may range from $0 to $5,000.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The fiscal impacts for fencing and training requirements that this rulemaking requires are necessary for the safety of children in child care. The delayed implementation will give providers time to absorb the costs over three years. A. Richard Melton, Acting Executive Director

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The changes reorganize the rule subsections and add some requirements in order to increase consistency in the health and safety requirements among all categories of child care rules.

SUMMARY OF THE RULE OR CHANGE: This rulemaking action clarifies existing language and increases consistency in the health and safety requirements among all categories of regulated child care providers. It also modifies personnel requirements. Provisions of the old version of the rule that will not appear in the new version include: requirements for food service and sanitation items that local health departments now inspect for; and requirements for all caregivers to have a high school diploma. Provisions of the new version of the rule that do not appear in the old version include: allowing assistant caregivers to be 16 years of age; requiring those providers who do not already have a fence surrounding their outdoor play area to get one; new playground safety requirements; and requirements for trampoline usage. In addition, new definitions were added to clarify many rules.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 26, Chapter 39

ANTICIPATED COST OR SAVINGS TO:

- THE STATE BUDGET: The changes do not materially change the state’s work load in regulating child care providers and, as such, do not impose additional cost or create savings.
- LOCAL GOVERNMENTS: The changes do not materially change the work load for local governments in regulating in-home child care providers and, as such, do not impose additional costs or create savings.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: All licensed family child care providers are small businesses. In-home child care licensees who care for more than 8 children may see savings related to allowing assistant caregivers age 16 and older instead of 18 and older. The department cannot estimate the number of licensees who will hire younger assistant caregivers. Licensees who do not have a four-foot fence surrounding their outdoor play area or a six-foot fence surrounding a swimming pool will be required to install one. However, the rule gives them three years to comply with this new requirement. Licensees who do not have a three-foot use zone around outdoor play equipment will be required to have one. However, the rule gives them five years to meet this new requirement. The department does not know the number of home child care providers who will need to install fencing or rearrange their outdoor playground equipment. The costs for providers will be extremely variable. A majority of the providers already meet the fencing requirement. A provider whose outdoor play equipment does not meet the fall zone requirement may choose to alter the equipment configuration or not allow children to play on the equipment. For these reasons, the department cannot reasonably estimate the aggregate costs or savings.

COMPLIANCE COSTS FOR AFFECTED PERSONS: A licensee who does not have a four-foot fence surrounding the licensee’s outdoor play area or a six-foot fence surrounding a swimming pool will be required to install one. However, the rule gives three years to comply with this new requirement. A licensee who does not have a three-foot use zone around outdoor play equipment will be required to have one. However, the rule gives five years to meet this new requirement. Costs to an individual licensee may range from $0 to $5,000.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The fiscal impacts for the fencing, fall zone, and training requirements that this rulemaking requires are necessary for the safety of children in child care. The delayed implementation will give providers time to absorb the costs over three years. The costs may be partially offset by the savings that may be realized in hiring assistant caregivers who may now be 16 years old instead of 18.

(a) weekly;

(b) after being put in a child's mouth; and

(c) after being contaminated by body fluids.

**RULE ANALYSIS**

**PURPOSE OF THE RULE OR REASON FOR THE CHANGE:** This change is to add the department and office authority for creating, amending, and enforcing administrative rules. The reference to the Utah Code was also changed due to the recodification of Title 78 under H.B. 78 (2008 General Session). (DAR NOTE: H.B. 78 (2008) is found at Chapter 3, Laws of Utah 2008, and was effective 02/07/2008.)

**SUMMARY OF THE RULE OR CHANGE:** The change is to add a new Section R527-231-1 that is the authority and purpose section to the existing rule. Subsection R527-231-1(1) indicate Sections 62A-1-111 and 62A-11-107 authorize the Department of Human Services and the Office of Recovery Services (ORS) to adopt, amend, and enforce rules as necessary. Subsection R527-231-1(2) was added to this rule to provide specific review and adjustment information (the purpose) as to why the rule was created. In addition, this rule was changed based on the renumbering of Title 78, Chapter 45. The rule reflects that Section 78-45-7.2 is now listed as Section 78B-12-210.

**STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE:** Sections 78B-12-210, 62A-11-320.5, and 62A-11-320.6

**ANTICIPATED COST OR SAVINGS TO:**

- **THE STATE BUDGET:** The proposed changes to the rule are for clarification purposes only and do not affect the current procedures. There is no anticipated change in cost or savings due to this amendment.
- **LOCAL GOVERNMENTS:** There is no anticipated change in cost or savings due to this amendment since administrative rules of the Office of Recovery Services/Child Support Services (ORS/CSS) do not apply to local government.
- **SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES:** There will be no financial impact for small businesses due to the amendment of this rule since the basic requirements of the current rule will not change.

**COMPLIANCE COSTS FOR AFFECTED PERSONS:** There will be no change in compliance costs since the procedures are not changing with the amendment of the current rule.

**R512. Human Services, Child and Family Services.**

**R512-204-1. Purpose and Authority.**

A. Pursuant to Section 62A-4a-107, the Division of Child and Family Services (Child and Family Services) mandates that before assuming significant independent casework responsibilities, all caseworkers shall successfully complete the core curriculum training.

B. Section 62A-4a-102 gives the Board of Child and Family Services rulemaking authority.

**R512-204-2. Conflict Training.**

The child welfare training coordinator for Child and Family Services is charged with the responsibility for ensuring that the core curriculum is inclusive of information about working with families where there is a conflictual relationship born out of divorce proceedings. This training must include information on fraudulent reporting in Child Protective Services investigations. Other training information must be provided that assists the caseworker in using a variety of techniques to develop a complete picture of the family dynamics and how this may impact the information gathered and the conclusions reached at the end of an investigation.

NOTICE OF PROPOSED RULE

PRESIDENT OF THE RULE OR REASON FOR THE CHANGE: The primary reason for changing this rule is to use the standard reserve basis for credit insurance recommended by the National Association of Insurance Commissioners (NAIC).

SUMMARY OF THE RULE OR CHANGE: Subsections R590-91-4(C) through (E) are being changed to remove the state specific reserve basis for credit insurance. With removal of the reserving basis from the credit insurance rule, the valuation standard for credit insurance issued effective on or after 01/01/2008 will be as recommended by the NAIC in SSAP 59 and Accounting Practices Procedures Manual Appendices A-010 and A-818.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 31A-2-201

ANTICIPATED COST OR SAVINGS TO:

- THE STATE BUDGET: There will be no impact on the department or state's budget or workload because only the method of calculating reserves will change.
- LOCAL GOVERNMENTS: This rule will have no effect on local governments since it deals solely with the relationship between the department and their licensees.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: Insurers will only need to change the way they calculate reserves, which will now be based on an accepted national standard instead of state specific. Insurers should already have this in place.
- COMPLIANCE COSTS FOR AFFECTED PERSONS: Insurers will only need to change the way they calculate reserves, which will now be based on an accepted national standard instead of state specific. Insurers should already have this in place. Using the national standard actually lowers reserves creating a monetary benefit for insurers.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The changes to this rule will have no fiscal impact on the department, state, insurers, agencies, or individuals. D. Kent Michie, Commissioner

R590. Insurance, Administration.
R590-91. Credit Life Insurance and Credit Accident and Health Insurance.

A. Multiple Plans of Insurance. If a creditor makes available to the debtor more than one plan of credit life insurance or more than one plan of credit accident and health insurance, the debtor must be informed of the plans applicable to the specific loan transaction.

B. Substitution. If a creditor requires insurance, the debtor shall be given the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by the debtor or procuring and furnishing the required coverage through any insurer authorized to transact insurance business in this State. If this subsection is applicable, the debtor shall be informed by the creditor of the right to provide alternative coverage before the transaction is completed.
C. Evidence of Coverage.
   (1) All credit insurance shall be evidenced by an individual policy, or, in the case of group insurance, by a certificate of insurance.
      (a) The individual policy or certificate of insurance shall be delivered to the debtor in accordance with Section 31A-22-806(3) and 70C-6-104. The insurer shall promptly notify the debtor of any delay in providing the insurance.
      (b) If the named insurer does not accept the risk, the insurer, if any, shall notify the debtor of the failure to provide the insurance. A substituted insurer, if any, shall deliver the policy or certificate in accordance with Section 31A-22-806(5).
      (c) Subsequent certificates are not needed on open-end credit arrangements after the initial indebtedness.
   (2) Each individual policy or certificate of insurance shall provide the information required by Section 31A-22-806.
   (3) Each policy application must provide the information required by Section 31A-22-806(4)(b) and identify the agent, if any.
D. Claims Processing. All credit insurance claims shall be processed in accordance with Section 31A-26-302.
E. Termination of Group Credit Insurance Policy.
   (1) If a debtor is covered by a group credit insurance policy providing for the payment of single premiums to the insurer, then provisions shall be made by the insurer that in the event of termination of the policy for any reason, insurance coverage with respect to any debtor insured under the policy shall be continued for the entire period for which the single premium has been paid.
   (2) If a debtor is covered by a group credit insurance policy providing for the payment of premiums to the insurer on a monthly outstanding balance basis, then the policy shall provide that, in the event of termination of such policy, for whatever reason, termination notice shall be given to the insured debtor at least 30 days prior to the effective date of termination, except where replacement of the coverage by the same or another insurer in the same or greater amount takes place without lapse of coverage. The notice required in this paragraph shall be given by the insurer or, at the option of the insurer, by the creditor.
F. Interest on Premium. If the creditor adds identifiable insurance charges or premiums for credit insurance to the indebtedness, and any direct or indirect finance, carrying, credit, or service charge is made to the debtor on the insurance charges or premiums, the creditor must remit and the insurer shall collect the premium within 60 days after it is added to the indebtedness.
G. Renewal or Refinancing of Indebtedness. If the indebtedness is discharged due to renewal or refinancing prior to the scheduled maturity date, the insurance in force shall be terminated before any new insurance may be issued in connection with the renewed or refinanced indebtedness. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited promptly to the debtor as provided in Section 8.
H. Maximum Aggregate Provisions. A provision in an individual policy or certificate that sets a maximum limit on total payments must apply only to that individual policy or certificate.
I. Voluntary Prepayment of Indebtedness. If a debtor prepays his indebtedness other than as a result of his death or through a lump sum accident and health payment:
   (1) Any credit life insurance covering indebtedness shall be terminated and an appropriate refund of the credit life insurance premium shall be paid to the debtor in accordance with Section 8; and
   (2) Any credit accident and health insurance covering indebtedness shall be terminated and an appropriate refund of the credit accident and health insurance premium shall be paid to the debtor in accordance with Section 8. If a claim under this coverage is in progress at the time of prepayment, the amount of refund may be determined as if the prepayment did not occur until the payment of benefits terminates. No refund need be paid during any period of disability for which credit disability benefits are payable. A refund shall be computed as if prepayment occurred at the end of the disability period.
J. Involuntary Prepayment of Indebtedness. If an indebtedness is prepaid by the proceeds of a credit life insurance policy covering the debtor or by a lump sum payment of a disability claim under a credit accident insurance policy covering the debtor, then it shall be the responsibility of the insurer to see that the following are paid to the insured debtor if living or to the beneficiary, other than the creditor, named by the debtor or to the debtor's estate:
   (1) In the case of prepayment by the proceeds of a credit life insurance policy, or by the proceeds of a lump sum total and permanent disability benefit under credit life coverage, an appropriate refund of the credit accident and health insurance premium in accordance with Section 8;
   (2) In the case of prepayment by a lump sum disability claim, an appropriate refund of the credit life insurance premium in accordance with Section 8;
   (3) In either case, the amount of benefits in excess of the amount required to repay the indebtedness after crediting any unearned interest or finance charges.
K. Amounts to be Insured:
   (1) Credit life insurance benefits shall be consistent with the premium charge.
   The initial amount of credit life insurance may not exceed the total amount payable under the contract of indebtedness. Credit life insurance may provide benefits in amounts which do not exceed, but may be less than, the scheduled amount of indebtedness, including unearned interest or finance charges, or the actual amount of unpaid indebtedness, whichever is greater. Credit life insurance on preauthorized lines of credit not exceeding the commitment period may be written for the preauthorized amount on a nondecreasing or level term plan. The death benefit amount shall be that amount for which premiums are paid. Whenever the amount of insurance exceeds the unpaid indebtedness, that excess is payable to a beneficiary, other than the creditor, named by the debtor or to the debtor's estate.
   (2) The total amount of indemnity payable by credit accident and health insurance in the event of disability, as defined in the policy, may not exceed, but may be less than the aggregate of the periodic scheduled unpaid installments of the indebtedness. The amount of each periodic indemnity payment may not exceed the total amount payable under the contract of indebtedness divided by the number of periodic installments.
L. Dividends on participating individual policies of credit insurance shall be payable to the individual insureds.

R590-91-4. Policy Forms, Filing and Reserves.
   A. Permissible Forms. Credit life insurance and credit accident and health insurance shall be issued only in the forms defined in Section 31A-22-803.
   B. Filing Requirements.
      (1) All policy forms, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements and riders to be delivered or issued for delivery in this State shall be filed with the commissioner as required by Sections 31A-21-201, 31A-22-807, and 31A-22-808, and 31A-19a-207.

The commissioner may prohibit a form if the benefits provided are not reasonable in relation to the premium charged.
C. The minimum reserve basis for credit life insurance issued to be effective prior to January 1, 2008 shall be the 1980 Commissioner's Standard Ordinary Table (1980 CSO) with interest at 5-1/2% per annum.
D. The minimum reserve basis for active lives on credit accident and health insurance issued to be effective prior to January 1, 2008 shall be the amount of the premium refund available to the insured.

Each insurer shall utilize the Credit Insurance Experience Exhibit as approved by the National Association of Insurance Commissioners. The report shall contain data separately for this state. Accident and Health Coordination of Benefits Rule

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 31062
FILED: 03/14/2008, 16:37

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Due to an improper filing and going beyond the last possible effective date for the amendment that was published in the November 15, 2007, Bulletin under DAR No. 30640 (which lapsed), in this amendment the department has combined the changes filed originally on 11/01/2007 for DAR No. 30640 and those changes made as a result of the comment period and hearing held 12/05/2007. This rule is being changed to adopt the revisions made to the National Association of Insurance Commissioners (NAIC) Model Regulation 120, "Coordination of Benefits Model Regulation". The model allows for uniformity throughout the United States when coordinating benefits in insurance policies. This will reduce cost to both insurers and insureds and provide greater efficiency in claims processing. The changes also provide insurers scenarios to help them better understand coordination rules. Some of these changes have been requested by the industry.

SUMMARY OF THE RULE OR CHANGE: The amendment makes grammatical corrections and updates code and rule citations. Section R590-131-2 specifies that it applies to all accident and health insurers, and that the purpose of the rule is to establish coordination of benefits. Section R590-131-3 makes revisions to the definition of "allowable Expense" to address high deductible health plans, and to the definition of "Custodial"; definitions are added for "Group Type Contract", "High Deductible Health Plan", "Child", "Closed Panel Plan", and "Conforming Plan"; clarifications have been made regarding health care that is provided under a contractual agreement; and benefits are being excluded from coordination if an insured does not comply with a plan's provisions. Section R590-131-4 is changed to clarify that insurers may not use a coordination of benefits (COB) provision to deny coverage when benefits under another plan do not exist. Section R590-131-5 explains how primary and secondary plans are to coordinate coverage for the insured. Section R590-131-6 adds a provision to coordinate when a court decree does not address health care expenses or coverage; provides for coordination when a child is receiving coverage from a guardian; requires the plans to share expenses equally if a rule does not address the insured situation; requires that if insurers do not come to an agreement within 30 days regarding a claim they must pay the claim in equal shares; and adds a coordination rule for COBRA policies. Section R590-131-8 changes the word "complying" to "conforming" in compliance with Section 31A-26-301.6. Section R590-131-9 adds fictitious scenarios at the request of insurers to
demonstrate the coordination rules. Section R590-131-10 provides for an effective date on existing contracts. Section R590-131-13 updates the enforcement date of the rule.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 31A-2-201 and 31A-22-619

ANTICIPATED COST OR SAVINGS TO:

- THE STATE BUDGET: Each accident and health insurer will be required to file an endorsement form with the department which will be reviewed pursuant to Section 31A-21-201. Currently there are approximately 450 insurers affected by this rule. This will not create a change in the department’s revenue. No new employees will be needed to handle these filings.
- LOCAL GOVERNMENTS: Since the rule deals solely with the relationship between the department, their licensees and their consumers, this rule will have no fiscal impact on local governments.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: Some people will be affected if their coordination policy changes. For the most part, consumers should not be affected since the rule sets guidelines on which insurer or policy is primary and secondary.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Carriers will need to file an endorsement form with the department to change their existing plans to comply with changes in this rule. They will incur a fee to submit their form electronically for a charge of $15 per filing depending upon which filing provider is used. Currently there are around 450 health insurers that these changes will affect. There should be no additional mailing costs for an insurer because Section R590-131-10 delays the effective date for current contracts so carriers can mail the endorsement with the insured’s renewal statement. The one coordination situation that will see a significant change is when there is a dispute over which insurer pays what in a claim. If there is no agreement after 30 days, they are required to pay equal amounts.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The fiscal impact on insurers should be offset by the efficiency in COB claims processing.

R590. Insurance, Administration.
R590-131. Accident and Health Coordination of Benefits Rule.
R590-131-2. Purpose and Applicability.

A. The purpose of this rule is to:
   A. permit, but not require, plans to include a coordination of benefits, or COB, provision;
   B. establish an order of priority in which plans pay their COB claims;
   C. provide the authority for the orderly transfer of information needed to pay COB claims promptly;
   D. [1]. establish a uniform order of benefit determination under which plans pay coordination of benefit claims;
   2. reduce duplication of benefits by permitting a reduction of the benefits paid by a plan when the plan, pursuant to this rule, does not have to pay its benefits first; and
   [ — E. reduce COB claims payment delays; and
   — F. make all contracts that contain a COB provision consistent with this rule.
   ] 3. provide greater efficiency in the processing of claims when a person is covered under more than one plan.
   B. This rule applies to all accident and health insurance plans issued on or after the effective date of this rule.

For the purposes of this rule, the commissioner adopts the definitions in Sections 31A-1-301 and 31A-30-103, and the following:

A. "Allowable Expense" means[ ] any health care expense, including coinsurance or copayments and without reduction for any applicable deductible that is covered in full or in part by any of the plans covering the person.
   1. The amount on which a plan would base its benefit payment for covered services in the absence of any other coverage.
   2. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.
   3. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under the above definition unless the patient's stay in a private hospital room is medically necessary in terms of generally accepted medical practice.
   4. When COB is restricted in its use to a specific coverage in a contract, for example, major medical or dental, the definition of allowable expense must include the corresponding expenses or services to which COB applies.]

If an insurer is advised by a covered person that all plans covering the person are high-deductible health plans and the person intends to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code.
Revenue Code of 1986, the primary high-deductible health plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in Section 223(c)(2)(C) of the Internal Revenue Code of 1986.

2. An expense or a portion of an expense that is not covered by any of the plans is not an allowable expense.

3. Any expense that a provider, by law or in accordance with a contractual agreement, is prohibited from charging a covered person is not an allowable expense.

4. The following are examples of expenses that are not allowable expenses:

a. If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

b. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount charged by the provider in excess of the highest reimbursement amount for a specified benefit is not an allowable expense.

c. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.

d. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees, relative value schedule reimbursement, or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.

e. The definition of "allowable expense" may exclude certain types of coverage or benefits such as dental care, vision care, or hearing aids.

i. A plan that limits the application of COB to certain coverages or benefits may limit the definition of allowable expense in its contract to expenses that are similar to the expenses that it provides.

ii. When COB is restricted to specific coverages or benefits in a contract, the definition of allowable expense shall include similar expenses to which COB applies.

f. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

g. The amount of the reduction may be excluded from allowable expense when a covered person's benefits are reduced under a primary plan because the covered person does not comply with the plan provisions concerning second surgical opinions or precertification of admissions or services.

B. "Birthday" refers only to month and day in a calendar year and does not include the year in which the person was born.

C. "Child" means:

1. child as defined in Section 78-45-2; or

2. dependent child that is provided coverage pursuant to Sections 31A-22-610, 610.5 and 611.

D. "Claim" means a request that benefits of a plan be provided or paid. The benefits claimed may be in the form of:

1. services (including supplies);
2. payment for all or a portion of the expenses incurred;
3. a combination of (1) and (2) above; or
4. an indemnification.

E. "Closed Panel Plan" means a plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by a plan, and that excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

F. "Conforming Plan" means a plan that is subject to this rule.

G. [(D)] "Coordination of Benefits" or "COB" means a provision establishing an order in which plans pay their coordination of benefit claims, and permitting secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses; the process of determining which of two or more accident and health insurance policies, or other policies specifically included in this rule, covering a loss or claim, will have the primary responsibility to pay the loss or claim, and also the manner and extent to which the other policies shall pay or contribute.

H. [(E)] "Coordination of Benefits" or "COB" means a provision establishing an order in which plans pay their coordination of benefit claims, and permitting secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses; the process of determining which of two or more accident and health insurance policies, or other policies specifically included in this rule, covering a loss or claim, will have the primary responsibility to pay the loss or claim, and also the manner and extent to which the other policies shall pay or contribute.

I. [(E)] "Custodial Parent" means: the parent awarded custody of a child by a court decree. In the absence of a court decree, the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation is the custodial parent.

1. the legal custodial parent or physical custodial parent as awarded by a court decree; or
2. in the absence of a court decree, the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

J. "Group-type contract" means a contract that is not available to the general public and is obtained and maintained only because of membership in or a connection with a particular organization or group, including blanket coverage.

K. "High-deductible Health Plan" has the meaning given the term under Section 223 of the Internal Revenue Code of 1986, as amended by the Medicare Prescription Drug, Improvement and Modernization Act of 2003.

L. [(G)] "Hospital Indemnity Benefits" means benefits not related to expenses incurred. The term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.

M. [(H)] "Noncomplying Plan" or "Non-conforming Plan" means a plan that is not subject to this rule.

N. [(K)] "Plan" means a form of coverage with which coordination is allowed.

1. Separate parts of a plan that are provided through alternative contracts that are intended to be part of a coordinated package of benefits are considered one plan and there is no COB among the separate parts of the plan.
2. If a plan coordinates benefits, its contract shall state the types of coverage that will be considered in applying the COB provision of that contract.

3. Whether a plan's contract uses the term "plan" or some other term such as "program," the contractual definition may be no broader than the definition of "plan." 

4. Plan shall include:
   a. individual and group accident and health insurance contracts and subscriber contracts except as provided by R590-131-3.1.5;
   b. uninsured arrangements of group or group-type coverage;
   c. coverage through closed panel plans;

   c. specified disease or specified accident coverage;
   d. limited benefit health coverage, as defined in Rule R590-126;
   e. school accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a "to and from school" basis;
   f. benefits provided in long-term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services;
   g. Medicare supplement policies;
   h. a state plan under Medicaid; or
   i. a governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan. [The definition of plan in the contract must state the types of coverage, which will be considered in applying the COB provision of that contract.]

1. This rule uses the term "plan". However, a contract may, instead, use "Program" or some other term.

2. Plan shall include:
   a. individual, group, or HMO health insurance contracts providing hospital expense or medical surgical expense benefits, except those explicitly excluded under Subsection R590-131-3.1.3;
   b. group, group-type, and individual automobile "no-fault" medical payment contracts, after statutory PIP limit 31A-22-306 through 309; and

   g. Medicare supplement policies.

Q[A. Primary Plan] "Primary Plan" means a plan whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration [first according to R590-131-1.B. A plan is a primary plan if, either of the following conditions is true]:
   1. the plan has no order of benefit determination;
   2. its rules differ from those permitted by this rule; or
   3. all plans which cover the person use the order of benefit determination provisions of this rule and under those requirements the plan determines its benefits first.

P[B.] "Secondary Plan" means [any plan, which is not a primary plan.] If a person is covered by more than one secondary plan, the order of benefit determination rules of this rule decides the order in which their benefits are determined in relation to each other. The benefits of each secondary plan may take into consideration the benefits of the primary plan or plans and the benefits of any other plan, which, under the provisions of this rule, has its benefits determined before those of that secondary plan.

Q "Separated" means married persons who are legally separated.

A. A COB provision may not be used that permits a plan to reduce its benefits on the basis that:
   1. another plan exists and the covered person did not enroll in that plan;
   2. a person is or could have been covered under another plan; or
   3. a person has elected an option under another plan providing a lower level of benefits than another option that could have been elected.

B. Under the terms of a closed panel plan, benefits are not payable if the covered person does not use the services of a closed panel provider for either plan.

1. In most instances, COB does not occur if a covered person is enrolled in two or more closed panel plans and obtains services from a provider in one of the closed panel plans. The closed panel plan whose providers were not used, has no liability.

2. COB may occur during the plan year when the covered person receives services from a provider who is on each closed panel, or emergency services that would have been covered by both plans. The secondary plan shall use the provisions of R590-131-7 to determine the amount it should pay for the benefit.

C. No plan may use a COB provision, or any other provision that allows it to reduce its benefits with respect to any other coverage its insured may have that does not meet the definition of a plan under R590-131-3.

R590-131-5. Rules for Coordination of Benefits.

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

A. [General Rules:]
   1. The primary plan shall [must] pay or provide its benefits as if the secondary plans or plan did not exist. [A primary plan may not deny payment or a benefit on the grounds that a claim was not timely submitted if the claim was timely submitted to one or more secondary plans and was submitted to the primary plan within 30 months of the date of service. A plan that does not include a coordination of benefits provision may not take the benefits of another plan into account when it determines its benefits.
2. A secondary plan may take the benefits of another plan into account only when, under these rules, it is secondary to that other plan.

B. If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan.

C. When multiple contracts providing coordinated care are treated as a single plan under this rule, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one insurer pays or provides benefits under the plan, the insurer designated as primary within the plan shall be responsible for the plan's compliance with this rule.

D. If a person is covered by more than one secondary plan, benefits are determined using the rules in R590-131-6. Each secondary plan shall take into considerations the benefits of the primary plan or plans and the benefits of any other plan, which, under the rules of this rule, has its benefits determined before those of the secondary plan.

E.1. Except as provided in R590-131-5.E.b., a plan that does not contain order of benefit determination provisions that are consistent with this regulation is always the primary plan unless the provisions of both plans, regardless of the provisions of this subsection, state that the complying plan is primary.

2. Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

R590-131-6, Determining Order of Benefits.

Each plan determines its order of benefits using the first of the following rules that apply:

A. Non-dependent or Dependent.[4–] The benefits of the plan that, which covers the person other than as an employee, member, or subscriber, that, such as, other than [as] a dependent, such as an employee, member, policyholder retiree or subscriber, is the primary plan and [are determined before those of] the plan that covers [which covers] the person as a dependent is the secondary plan.

B. Child Covered Under More Than One Plan.[2–] If a child covered under more than one plan shall determine the order of benefits as follows:

1. For all the rules for the order of benefits for a dependent child whose [when the parents are married or living together if they have never been married or are as follows]:

   a. The benefits of the plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or are determined before those of the plan of the parent whose birthday falls later in the year.

   b. If both parents have the same birthday, the benefits of the plan that has [which] covered the parent longest is the primary plan; or are determined before those of the plan which covered the other parent for a shorter period of time.

   c. If the other plan, R590-131-3.L.2h, does not have the rule described in R590-131-4.B.1, 2 and 3, but instead has a rule based upon another order, and if, as a result, the coordinating plans do not agree on the order of benefits, the rule of the other plan will determine the order of benefits.

2. Dependent Child/Parents Married or Living Together. If two or more plans cover a person as a dependent child of divorced, separated or not living together, benefits for the child are determined in the following order:

a. first, the plan of the custodial parent of the child;

   b. then, the plan of the spouse of the custodial parent of the child;

   c. the plan of the non-custodial parent; and

   d. finally, the plan of spouse of the non-custodial parent.

3. Dependent Child/Parents Separated, Divorced or Not Living Together. If two or more plans cover a person as a dependent child of divorced, separated or not living together, benefits for the child are determined in the following order:

   a. first, the plan of the custodial parent of the child;

   b. then, the plan of the spouse of the custodial parent of the child;

   c. the plan of the non-custodial parent; and

   d. finally, the plan of spouse of the non-custodial parent.

4. For a child whose parents are divorced or separated or are not living together if they have never been married:

   a. If [the specific terms of a] court decree states [that] one of the parents is responsible for the child's health care expenses or health care [insurance] coverage, the responsible parent's and the plan of that parent has actual knowledge of those terms, that plan is primary.

   b. If the parent with responsibility has no health care coverage for the child's health care services or expenses, but the [that parent’s] spouse of the responsible parent does have health care coverage for the child's health care expenses, the responsible parent’s spouse's plan is the [spouse's plan is] primary plan. [This subparagraph shall not apply with respect to any claim determination period or plan year during which benefits are paid or provided before the entity has actual knowledge.]

   c. If [the specific terms of a] court decree states [that] both the parents have joint custody, without stating that one of the parents are [is] responsible for the child's health care expenses or health care [insurance] coverage [of the child and the child's residency is split between the parents], the provisions of R590-131-6.B.1 shall determine the order of benefits [benefit determination rules outlined in Subsection R590-131-4.B.2. Depending Child/Parents Married or Living Together shall apply.]

   d. If there is no court decree allocating responsibility for the child's health care services or expenses or health care coverage, the order of benefits for the child are as follows: [benefit determination among the plans of the parents and the parents' spouses, if any, is]:

      i. [A.] the plan covering [of] the custodial parent;

      ii. [B.] the plan covering [of] the custodial parent's spouse [of the custodial parent];

      iii. [C.] the plan covering [of] the non-custodial parent; and then

   e. For a child covered under more than one plan, and one or more of the plans provides coverage for individuals who are not the parents of the child, such as a guardian, the order of benefits shall be determined under R590-131-6.B.1 or 2, as if those individuals were parents of the child.
C. [4.] Active, Retired, or Laid-Off Employee/Inactive Employee, Member or Subscriber.
   1. The benefits of a plan that [which] covers a person as an active employee who is neither laid off, nor retired, nor a dependent of an active employee, is the primary plan [member, and subscriber, are determined before those of a plan, which cover that person as an active employee, member, or subscriber]. The plan covering that same person as a retired or laid-off employee is the secondary plan.

2. If the other plan does not have this rule, and [as a result], the plans do not agree on the order of benefits, this rule [provision] is ignored.

3. This Subsection does not apply if the rule in Subsection 6.A. can determine the order of benefits.

D. COBRA or State Continuation Coverage.
   1. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

2. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

3. This rule does not apply if the rule in R590-131-6.A. can determine the order of benefits.

   1. If the preceding [none of the above] rules do not determine the order of benefits, the [benefits of the] plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan [which covered an employee, member, or subscriber]; longer are determined before those of the plan which covered that person for the shorter term].

2.a. To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the claimant was eligible under the second within 24 hours after coverage under the first plan ended.

   b. The start of a new plan does not include:
      i. a change in the amount or scope of a plan's benefits;
      ii. a change in the entity that [which] pays, provides or administers the plan's benefits; or
      iii. a change from one type of plan to another, such as, from a single employer plan to [that of] a multiple employer plan.

   c. The person's [claimant's] length of time covered under a plan is measured from the person's [claimant's] first date of coverage under that plan. If that date is not readily available, the date the person [claimant] first became a member of the group shall be used as the date from which to determine the length of time the person's [claimant's] coverage under the present plan has been in force.

   F. If none of the above rules determine the primary plan, the allowable expenses shall be shared equally between the plans.

G. If the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been the primary plan.

R590-131-7[5]. Procedure to be Followed by Secondary Plan to Calculate Benefits and Pay a Claim.

A. In determining the amount to be paid by the secondary plan on a claim, the secondary plan shall calculate the benefits, should the secondary plan wish to coordinate benefits, it would have paid on the claim in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. [When it is determined, pursuant to Section R590-131.4, that the plan is a secondary plan, benefits may be reduced as follows.]

   1. when one of the plans has contracted for discounted provider fees, the secondary plan may limit payment to any copayments and deductibles owed by the insured after payment by the primary plan; or

   2. if none of the plans have contracted for discounted provider fees, the secondary plan may reduce its benefits so that total benefits paid or provided by all plans for a covered service are not more than the highest allowable expense of any of the plans for that service.]

B. The secondary plan may reduce its payment amount so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total allowable expense for that claim [must calculate the amount of benefits it would normally pay in the absence of coordination, including the application of credits to any policy maximums, and apply the payable amount to unpaid covered charges owed by the insured after benefits have been paid by the primary plan. This amount must include deductibles, coinsurance and copays left owing by the insured member. The secondary plan can use its own deductibles, coinsurance and copays to figure the amount it would have paid in the absence of coordination, and a secondary plan is not required to pay a higher amount than what they would have paid in the absence of coordination. A secondary plan shall only apply its own deductibles, coinsurance and copays to the total allowable expenses, not to the amount left owing after payment by any primary plans.]

   — Insurers must coordinate with plans listed under Subsection R590-131.2.1.2.b. with the same provisions under Subsection R590-131.5.B.

C. The secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage. [Nothing in this rule is intended to require a secondary plan to make payment for any service that is not covered as a benefit by the secondary plan.]

A. Reasonable Cash Value of Services.

   1. A secondary plan which provides benefits in the form of services may recover the reasonable cash value of providing the services from the primary plan, to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

   2. Nothing in this provision may be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by a plan, which provides benefits in the form of services.

   1. No policy [or plan] as defined by this rule, subject to this rule may contain a provision that its benefits are "excess" or "always secondary" to any other plan or policy.

   2. A plan with COB [or order of benefit determination] rules which comply with these rules [this rule], which is called a
conforming plan, may coordinate benefits with a plan which is "excess" or "always secondary" or which uses COB order of benefit determination rules which are inconsistent with those contained in this rule, which is called a non-conforming plan, on the following basis:

a. if the conforming plan is the primary plan, it shall pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the conforming plan were the secondary plan. In such a situation, the claim shall be limited to the conforming plan's liability, and

b. if the conforming plan is the secondary plan, it shall pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the conforming plan were the secondary plan. In such a situation, the claim shall be limited to the conforming plan's liability; and

c. if the non-conforming plan does not provide the information needed by the conforming plan to determine its benefits within a reasonable time after it is requested to do so, the conforming plan shall assume that the benefits of the non-conforming plan are identical to its own and shall pay its benefits accordingly. If within three years of payment, the conforming plan receives information as to the actual benefits of the non-conforming plan, it shall adjust any payments accordingly. It makes no difference whether the information becomes available as to the actual benefits of the non-conforming plan.

d. If the non-conforming plan reduces its benefits so that the covered person is entitled to less than the benefit to which he or she would have been entitled had the conforming plan paid or provided its benefits as the secondary plan, and the non-conforming plan paid or provided its benefits as the primary plan, the conforming plan shall advance to the covered person, or on behalf of the covered person, an amount equal to such difference.

e. If the claimant has previously been paid an amount equal to such difference, the conforming plan shall be subrogated to all rights of the covered person against the non-conforming plan in the absence of subrogation.

C. Allowable Expense. A term such as "usual and customary," "usual and prevailing," or "reasonable and customary," may be substituted for the term "necessary, reasonable, and customary." Terms such as "medical care" or "dental care" may be substituted for "health care" to describe the coverages to which the COB provisions apply. If the plans cannot agree on the order of benefits within thirty calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been the primary plan.

D. Subrogation.

The COB concept differs from that of subrogation. Provisions for one may be included in health care benefit contracts without compelling the inclusion or exclusion of the other.

E. Right To Receive and Release Needed Information. Certain facts are needed to apply these COB rules. An insurer has the right to decide which facts it needs. It may obtain needed facts or give them to any other organization or person. An insurer need not tell or obtain the consent from anyone to do this. To facilitate cooperation with insurers, guidelines for medical privacy issues are provided under U.A.R R590-206, and Title V of Gramm-Leach-Bliley Act of 1999. Each person claiming benefits under a plan shall give the insurer any facts it needs to pay the claim.

F. Facility of Payment. A payment made under another plan may include an amount which should have been paid under the plan. If the insurer may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a payment under the plan. The insurer will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

G. Right of Recovery.

The insurer may recover from:

a. The insured if it has paid. However, reversals of payments made due to issues related to coordination of benefits are limited to a time period of 18 months from the date a payment is made unless the reversal is due to fraudulent acts, fraudulent statements, or material misrepresentation by the insured. It is the insurer's responsibility to see that the proper adjustments between insurers and providers are made.

b. The non-contracting provider if it has paid. It is the insurer's responsibility to see that the proper adjustments between insurers and providers are made. However, reversals of payments made due to issues related to coordination of benefits are limited to a time period of 36 months from the date a payment is made unless the reversal is due to fraudulent acts, fraudulent statements, or material misrepresentation by the insured.

c. The non-conforming plan if it has paid. Subject to 31A-26-301.6, the insurer's responsibility to see that the proper adjustments between insurers and providers are made.

d. The other insurer if the insurer may recover from insurance companies if the other insurer may recover from other organizations.

2. Reversals of payments made due to issues related to this rule are limited to the time period stated in Section 31A-26-301.6, except as provided in Section 31A-21-313.

3. It is the insurer's responsibility to see that the proper adjustments between insurers and providers are made.

H. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

I. A plan, whether primary or secondary, may not be required to pay a greater total benefit than it would have paid had there been no other plan.

J. The insurer's responsibility to see that the proper adjustments between insurers and providers are made.
2. for only as long as a submitted claim is without an explanation of benefits from the primary plan.

G. Notice to Covered Persons. A plan shall, in its explanation of benefits provided to covered persons, include the following language: "If you are covered by more than one health benefit plan, you should file all your claims with each plan."

H. If otherwise covered benefits are due to a loss subject to Section 31A-2-306, then an accident and health insurer may exclude benefits covered by personal injury protection described in Subsection 31A-2-307(1)(a), up to the:

1. personal injury protection benefit provided by motor vehicle insurance; or
2. minimum amount required by Section 31A-2-307, if motor vehicle insurance is not in effect.

I. Facility of Payment. A payment made under another plan may include an amount, which should have been paid under the plan. If it does, the insurer may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under the plan. The insurer will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

The following scenarios are provided to assist in demonstrating the use of the COB rule:

A. Parents Not Married, Living Together, No Court Decree.

The order of benefits pursuant to R590-131-6.B.1. shall be:

1. the parent whose birthday falls earlier in the calendar year; then
2. the parent whose birthday falls later in the calendar year; or
3. if the parents have the same birthday, the plan that has covered the parent longest; then
4. the plan that has covered the parent the shortest.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources’ (DWR) fish and crayfish management program.

SUMMARY OF THE RULE OR CHANGE: The proposed revisions: 1) remove the requirement to hold Free Fishing day on the second Saturday in June; and 2) allow the Wildlife Board to set the date annually.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 23-14-18 and 23-14-19

ANTICIPATED COST OR SAVINGS TO:
- THE STATE BUDGET: This amendment clarifies stipulations currently in place. DWR determines that these amendments do not create a cost or savings impact to the state budget or DWR's budget, since the changes will not increase workload and can be carried out with existing budget.
- LOCAL GOVERNMENTS: Since this amendment only clarifies restrictions already in place this should have little to no effect on local government. This filing does not create any direct cost or savings impact to local governments because they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: This amendment only clarifies the time restraint for setting Free Fishing Day annually. Therefore, this rule does not
impose any additional financial requirements on persons, nor generate a cost or saving impact to other persons.

**COMPLIANCE COSTS FOR AFFECTED PERSONS:** DWR determines that because these amendments only clarify restrictions currently set in rule, they do not create a cost or savings impact to individuals who participate in fishing.

**COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES:** The amendments to this rule do not create an impact on businesses. Michael R. Styler, Executive Director

**RULE ANALYSIS**

**PURPOSE OF THE RULE OR REASON FOR THE CHANGE:** This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources’ (DWR) rule pursuant to fees, exchanges, surrenders, refunds, and reallocation of permits and other documents.

**SUMMARY OF THE RULE OR CHANGE:** The proposed revisions create an amendment fee to be paid by hunters who wish to amend their permit applications. Like other fees, it must be paid by debit or credit card.

**STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE:** Sections 23-19-1 and 23-19-38

**ANTICIPATED COST OR SAVINGS TO:**
- **THE STATE BUDGET:** This rule amendment requires applicants to pay an amendment fee by credit or debit card only. This is consistent with the payment of all application fees. Therefore, DWR determines that these amendments will not create any cost or savings impact to the state budget or DWR’s budget, since the changes will not increase workload and can be carried out with existing budget.
- **LOCAL GOVERNMENTS:** Since the amendment sets a standard for payment of application amendment fees and this is consistent with the current application payment criteria, this filing does not create any direct cost or savings impact to local governments because they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
- **SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES:** This amendment sets criteria for payment of application amendment fees for hunters who wish to amend their permit applications, this may impose an additional financial requirement on persons who wish to change information previously submitted, and generate a cost or saving impact to other persons. The dollar amount of the amendment fee is set annually with the Division’s fee schedule, currently the fee is set at $25.

**COMPLIANCE COSTS FOR AFFECTED PERSONS:** DWR determines that these amendments will create additional costs for residents and nonresidents who wish to amend a submitted
application. Currently the fee is set at $25. DWR has no way of anticipating how many hunters will wish to amend their applications.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) rule pursuant to wildlife license, permit, and Certificate of Registration forms.
SUMMARY OF THE RULE OR CHANGE: Provisions of this rule are being amended to delete the use of Social Security numbers on licenses and permits, and replace them with a customer identification number.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 23-14-19 and 23-19-2

ANTICIPATED COST OR SAVINGS TO:
- THE STATE BUDGET: This rule is being amended to remove the requirement for Social Security numbers to be placed on licenses and permits and replaces them with customer identification numbers. DWR determines that because it only requires a small programming change to change from Social Security numbers to customer identification numbers and can be carried out with the existing budget, there is not a cost or savings impact to the state budget or DWR's budget associated with this amendment.
- LOCAL GOVERNMENTS: None--This filing does not create any direct cost or savings impact to local governments because they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: The change from Social Security number to customer identification number requires no effort from small businesses or other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: This rule is being amended to remove Social Security numbers on licenses and permits, and replace them with customer identification numbers. DWR determines that this requires no effort from affected persons and there would be no compliance costs associated with this amendment.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The amendments to this rule do not create an impact on businesses. Michael R. Styler, Executive Director

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a PROPOSED RULE in the Utah State Bulletin, it may receive public comment that requires the PROPOSED RULE to be altered before it goes into effect. A CHANGE IN PROPOSED RULE allows an agency to respond to comments it receives.

As with a PROPOSED RULE, a CHANGE IN PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the CHANGE IN PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the CHANGE IN PROPOSED RULE is usually printed. The text shows only those changes made since the PROPOSED RULE was published in an earlier edition of the Utah State Bulletin. Additions made to the rule appear underlined (e.g., example). Deletions made to the rule appear struck out with brackets surrounding them (e.g., [example]). A row of dots in the text between paragraphs (· · · · · ·) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a CHANGE IN PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the agency or from the Division of Administrative Rules.

While a CHANGE IN PROPOSED RULE does not have a formal comment period, there is a 30-day waiting period during which interested parties may submit comments. The 30-day waiting period for CHANGES IN PROPOSED RULES published in this issue of the Utah State Bulletin ends May 1, 2008. At its option, the agency may hold public hearings.

From the end of the waiting period through July 30, 2008, the agency may notify the Division of Administrative Rules that it wants to make the CHANGE IN PROPOSED RULE effective. When an agency submits a NOTICE OF EFFECTIVE DATE for a CHANGE IN PROPOSED RULE, the PROPOSED RULE as amended by the CHANGE IN PROPOSED RULE becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file another CHANGE IN PROPOSED RULE in response to additional comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or another CHANGE IN PROPOSED RULE, the CHANGE IN PROPOSED RULE filing, along with its associated PROPOSED RULE, lapses and the agency must start the process over.

CHANGES IN PROPOSED RULES are governed by Section 63-46a-6; and Rule R15-2, and Sections R15-4-3, R15-4-5, R15-4-7, and R15-4-9.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Following a public rule hearing and written comments received by the division, additional amendments are being proposed to the rule.

SUMMARY OF THE RULE OR CHANGE: Statute citation references are corrected in Sections R156-61-102 and R156-61-302a. In Subsection R156-61-102(6), the definition for "qualified faculty" is amended to delete the phrase "not including an adjunct faculty member". In Subsections R156-61-302b(1)(a) and (b), a change is made to the sentence structure so that it was more clear what is actually required. In Subsection R156-61-302(e)(3), added the term "full-time equivalent" to supervising not more than three supervisees which would allow for additional supervisees if considered part-time. In Subsection R156-61-302h(5)(f), amendments are made to clarify peer consultation which is used for continuing education credit. (DAR NOTE: This change in proposed rule has been filed to make additional changes to a proposed amendment that was published in the February 1, 2008, issue of the Utah State Bulletin, on page 6. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike out indicates text that has been deleted. You must view the change in proposed rule and the proposed amendment together to understand all of the changes that will be enforceable should the agency make this rule effective.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-61-101 and Subsections 58-1-106(1)(a) and 58-1-202(1)(a)

ANTICIPATED COST OR SAVINGS TO:

- THE STATE BUDGET: The division anticipates no further costs or savings beyond those previously identified in the original proposed rule amendment filing.
- LOCAL GOVERNMENTS: These additional proposed amendments do not apply to local governments; therefore, no costs or savings are anticipated. The additional proposed amendments only apply to licensed psychologists, certified psychology residents, and applicants for licensure in either of those classifications.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: These additional proposed amendments will only apply to licensed psychologists, certified psychology residents, and applicants for licensure in either of those classifications. The division does not anticipate any further costs or savings beyond those previously identified in the original proposed rule amendment filing.

COMPLIANCE COSTS FOR AFFECTED PERSONS: These additional proposed amendments will only apply to licensed psychologists, certified psychology residents, and applicants for licensure in either of those classifications. The division does not anticipate any further costs or savings beyond those previously identified in the original proposed rule amendment filing.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This change to proposed rule clarifies the prior rule filing based upon comments received during the comment period. No fiscal impact to businesses is anticipated from such clarification. Francine A. Giani, Executive Director

R392-700 Indoor Tanning Bed Sanitation

NOTICE OF CHANGE IN PROPOSED RULE

DAR File No.: 30612

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The amendments in this change in proposed rule address public comment received regarding the warning sign, sign placement, and age restriction of operators.

SUMMARY OF THE RULE OR CHANGE: In response to public comment, language has been deleted regarding age requirements of operators and placement of signs in tanning booths. The warning sign has been modified. The order of Sections R392-700-9 and R392-700-10 have been switched for added clarity. (DAR NOTE: This change in proposed rule has been filed to make additional changes to a proposed new rule that was published in the November 15, 2007, issue of the Utah State Bulletin, on page 65. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike out indicates text
that has been deleted. You must view the change in proposed rule and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

ANTICIPATED COST OR SAVINGS TO:
- THE STATE BUDGET: There will be costs to write and implement the proposed change in the new rule, but these costs will be covered by existing budgets.
- LOCAL GOVERNMENTS: There will be no cost increase or savings for local health departments due to changes made in the proposed rule because the changes do not substantially add or reduce workload requirements in enforcing the rule.
- SMALL BUSINESSES AND PERSONS OTHER THAN BUSINESSES: All tanning facilities are small businesses with fewer than 50 employees. It is estimated that 500 persons under the age of 18 in the 334 tanning salons would have had their positions compromised due to this requirement. There will be some anticipated savings to operators due to lower wages paid to those under 18, versus wages which would have been required to pay employees 18 and older, and anticipated savings in training costs to replace employees under 18. These costs were not estimated in the original Notice of Proposed New rule. These cost savings have been estimated by surveying a small sample size of tanning salons and using this as a basis to estimate the costs to the 334 tanning salons in the state. The aggregate savings in wages to continue to allow 16-year-old persons to operate tanning equipment would be $1,000/per hours worked (number of estimated employees under 18 (500) multiplied by the average wage difference per hour ($2). The aggregate savings in training costs which now would not be required would be $50,000 (estimated number of employees under 18 (500) multiplied by training costs, $100). There will be additional savings related to purchase the required signs as one sign per facility is now required. The cost savings will depend on the method and materials used to print the sign. The rule does not specify the materials from which the sign must be constructed. A single, professionally produced plastic sign may cost as much as $40 with considerable discount for multiple signs produced at the same time. The rule allows a facility operator to post paper signs, which may be produced from a Department of Health-provided Adobe Portable Document Format (PDF) file, which would reduce the cost substantially. Assuming all facilities needed 11 signs (one in the lobby and 10 beds) at $40 per sign, the maximum cost would be $146,960. Requiring one sign would now cost $13,360, resulting in an aggregate savings of $133,600. If all operators use the provided PDF file, have it printed and laminated at a copy shop at approximately $3 per sign, the aggregate cost for the signs would be $11,022. Requiring one sign would now cost of $1,002, resulting in an aggregate savings of $10,020.

COMPLIANCE COSTS FOR AFFECTED PERSONS: It is estimated through sample survey that the average number of employees under 18 hired in tanning salons is 1.5 persons per facility. The individual cost savings to continue to allow employees under 18 to operate tanning equipment is estimated at $2/hr per employee. The training cost savings by allowing employees under 18 to continue to operate tanning equipment would be estimated at $100 per new employee hired. There will be an additional savings to purchase the required signs as one sign is now required per facility. The costs depend on the method and materials used to print the sign. Assuming a facility previously needed 11 signs and chose to obtain signs at $40 per sign, the cost would be $440. The cost with the requirement of one sign per facility would be $40, with a cost savings of $400 per facility. Assuming facility needed 11 signs and chose to use the provided PDF file, have it printed and laminated at a copy shop at approximately $3 per sign, the cost for the signs would have been $33. The cost with the requirement of one sign per facility would be $3, with a cost savings of $30/facility.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This proposed rule change is in response to public comment and should reduce any fiscal impact on regulated business. A. Richard Melton, Acting Executive Director

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 54-3-1 requires service offered by a public utility to be "adequate, efficient, just and reasonable". Section 54-3-4 allows utilities to offer joint services. Section 54-8b-11 requires the Public Service Commission to endeavor to make available high-quality telecommunications services at just and reasonable rates for customers throughout the State. Section 54-4-1 authorizes the commission to supervise and regulate public utilities. Section 54-4-12 requires telephone utilities to interconnect networks in order to provide a continuous line of communication. This rule uses these provision to enable joint localities of common interest to have local calling areas in which customers may place telephone calls without incurring toll charges for each call made.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: In 2003, comments were received by the Committee of Consumer Services to lower the percentage, from 75% to 67%, of approving residential customers surveyed in petitioning exchanges to support the creation of an extended area service (EAS) territory. A rule amendment was made in response to the comment. No comments opposing the rule were received.

REASONED JUSTIFICATION FOR CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule continues to be necessary to establish or restructure EAS under just and reasonable rates offered by Utah telephone corporations. Therefore, this rule should be continued.

The Rules Index is a cumulative index that reflects all effective changes to Utah's administrative rules. The current Index lists changes made effective from January 2, 2008, including notices of effective date received through March 14, 2008, the effective dates of which are no later than April 1, 2008. The Rules Index is published in the Utah State Bulletin and in the annual Index of Changes. Nonsubstantive changes, while not published in the Bulletin, do become part of the Utah Administrative Code (Code) and are included in this Index, as well as 120-Day (Emergency) rules that do not become part of the Code. The rules are indexed by Agency (Code Number) and Keyword (Subject).

DAR NOTE: The index may contain inaccurate page number references. Also the index is incomplete in the sense that index entries for Changes in Proposed Rules (CPRs) are not preceded by entries for their parent Proposed Rules. Bulletin issue information and effective date information presented in the index are, to the best of our knowledge, complete and accurate. If you have any questions regarding the index and the information it contains, please contact Nancy Lancaster (801 538-3218), Mike Broschinsky (801 538-3003), or Kenneth A. Hansen (801 538-3777).

A copy of the Rules Index is available for public inspection at the Division of Administrative Rules (4120 State Office Building, Salt Lake City, UT), or may be viewed online at the Division’s web site (http://www.rules.utah.gov/).
