EXECUTIVE DOCUMENTS

As part of his or her constitutional duties, the Governor periodically issues Executive Documents comprised of Executive Orders, Proclamations, and Declarations. "Executive Orders" set policy for the Executive Branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. "Proclamations" call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. "Declarations" designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor's Office staff files Executive Documents that have legal effect with the Division of Administrative Rules for publication and distribution. All orders issued by the Governor not in conflict with existing laws have the full force and effect of law during a state of emergency when a copy of the order is filed with the Division of Administrative Rules. (See Section 63K-4-401).

NOTICES OF
PROPOSED RULES

A state agency may file a Proposed Rule when it determines the need for a new rule, a substantive change to an existing rule, or a repeal of an existing rule. Filings received between August 17, 2010, 12:00 a.m., and September 01, 2010, 11:59 p.m., are included in this, the September 15, 2010 issue of the Utah State Bulletin.

In this publication, each Proposed Rule is preceded by a Rule Analysis. This analysis provides summary information about the Proposed Rule including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the Rule Analysis, the text of the Proposed Rule is usually printed. New rules or additions made to existing rules are underlined (e.g., example). Deletions made to existing rules are struck out with brackets surrounding them (e.g., [example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (. . . . . .) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not printed. If a Proposed Rule is too long to print, the Division of Administrative Rules will include only the Rule Analysis. A copy of each rule that is too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on Proposed Rules published in this issue of the Utah State Bulletin until at least October 15, 2010. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the Rule Analysis. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific Proposed Rule. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through January 13, 2011, the agency may notify the Division of Administrative Rules that it wants to make the Proposed Rule effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a Change in Proposed Rule in response to comments received. If the Division of Administrative Rules does not receive a Notice of Effective Date or a Change in Proposed Rule, the Proposed Rule lapses and the agency must start the process over.

The public, interest groups, and governmental agencies are invited to review and comment on Proposed Rules. Comment may be directed to the contact person identified on the Rule Analysis for each rule.

Proposed Rules are governed by Section 63G-3-301; Rule R15-2; and Sections R15-4-3, R15-4-4, R15-4-5, R15-4-9, and R15-4-10.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this rule change to Section R23-22-7 is to eliminate language in Subsections R23-22-7(1)(a) and (iii) and in Subsection R23-22-7(1)(b)(ii) designating the Legislative Management Committee as the legal authority on historically significant real property, as well as property valued at over $500,000.

SUMMARY OF THE RULE OR CHANGE: This rule changes Section R23-22-7 by eliminating language designating the Legislative Management Committee as the legal authority to determine the disposition of historically significant real property, as well as property valued at over $500,000. The changes are made to the following subsections: R23-22-7(1)(a) and (iii); and R23-22-7(1)(b)(ii). The changes further state that any real property that is of historical significance shall not be disposed by the Division of Facilities Construction and Management without the appropriate legal authorization.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 63A-5-103 and Section 63A-5-401

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There are no anticipated costs; however, there could be some anticipated savings to the state budget as these changes streamline the process for the disposition of real property. Savings, if any, would be in the form of staff time spent on the sale and would be minimal.
♦ LOCAL GOVERNMENTS: There are no anticipated costs; however there could be some anticipated savings to the local governments as these changes streamline the process for the disposition of real property. This could result in minimal savings to other entities including local government involved in real estate transactions with the state.
♦ SMALL BUSINESSES: There are no anticipated costs; however there could be some anticipated savings to small businesses as these changes streamline the process for the disposition of real property. This could result in a minimal savings to small businesses involved in real estate transactions with the state.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This change to Section R23-22-7 is only procedural to govern the disposition of real property and does not affect persons other than small business, businesses, or local government entities unless they are involved in a real estate transaction with the state. As this change streamlines the process for disposition of real property, if persons were involved in a real property transaction with the state, it would most likely result in a minimal savings.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The procedural changes to Section R23-22-7 will not require any compliance costs for affected persons as they are only procedural changes that govern the disposition of real property.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: These changes to Section R23-22-7 are procedural and streamline the process for the disposition of historically significant real property, as well as property valued over $500,000. There are no anticipated costs; however, there may be a minimal fiscal impact on businesses resulting in minimal savings for businesses involved in real property transactions with the state.

R23. Administrative Services, Facilities Construction and Management.
R23-22. General Procedures for Acquisition and Selling of Real Property.
R23-22-7. Requirements for the Disposition of Real Property by DFCM.

(1) Determination of disposition of real property.
   (a) Notwithstanding any other provision of this Rule R23-22, any real property that is of historical significance to the State of Utah shall not be disposed of by the Division, regardless of the value amount of the property, unless approval has been obtained by the Legislative Management Committee of the Utah Legislature without appropriate authorization.
   (i) "Historical significance" for the purposes of this Rule R23-22 includes real property, including any structures, statues or other improvements on the real property, that is listed on the National Register of Historic Places or the State Register.
   (ii) The Division, after consultation with the State Historic Preservation Officer, shall make a recommendation to the Board as to whether a property proposed to be declared as surplus property, is historically significant based on the definition of "historically significant" in this Rule. The Board, after considering the recommendation of the Division as well as any other interested persons or entities, shall determine whether or not the property is historically significant.
   (iii) A copy of the determination regarding Historical Significance shall be sent to the State Historic Preservation Officer, as well as the Chair and Vice Chair of the Legislative Management Committee, any of which may within ten (10) working days of the receipt of the determination by the Board, decide that the issue should be considered by the Legislative Management Committee and that the Division shall not proceed with the disposition of the property until the Legislative Management Committee approves the disposition.
   (b) If the Board has not determined that the real property is historically significant, then the Building Board may declare the real property to be surplus under the procedures described in this Rule.

[9] Thereafter, if the appraised value of the real property is estimated by the Director to be $500,000 or below, then the Board may authorize the Division to dispose of the real property in accordance with the provisions of this Rule.

[10] If the appraised value as estimated by the Director is above $500,000, then the Board shall refer consideration of the sale of the real property to the Legislative Management Committee.

(c) Nothing in the rule shall prohibit the Director from proceeding with easements, lot line and other minor, incidental adjustments with other State entities or other public/private persons or entities, as long as the Director reasonably determines that such property is not historically significant after consultation with the State Historic Preservation Officer, that the adjustment is in the public interest, and that the value of the adjustment as determined by the Director is less than $100,000.

(2) Determination of surplus property. If the real property is determined to not be historically significant under this rule and in addition to the policy of Section R23-22-3, it is the policy of this Board to efficiently and economically dispose of real property that is determined by DFCM or the State to be surplus in accordance with State law. In accordance with State law, DFCM may recommend to the Board that certain real property be declared as surplus. The Board shall consider the following factors in the determination of declaring the property to be surplus:
   (a) the input of the Division;
   (b) the input of State agencies;
   (c) any other input received from concerned persons or entities; and
   (d) the appraised value of the property.

(3) Detailed disposition procedures. After the appropriate determination is made that the real property is surplus, and it is determined that the property is not historically significant under this rule, then DFCM shall endeavor to sell the surplus real property on the open market, unless such property is to be conveyed to another State agency or public entity in accordance with Utah law. If there is such a sale, it shall be as follows:
   (a) DFCM shall confirm that all necessary approvals have been sought for the declaration of surplus property.
   (b) Unless otherwise allowed by State law, DFCM shall obtain at least fair market value for the real property to be sold. This shall be accomplished by the following:
      (i) DFCM shall determine a fair market valuation of the property prior to the offer for sale. The fair market value determination used by DFCM in offer for sale shall be based upon an appraisal completed by an appraiser that specializes in the type of the subject real property and is a state-certified general appraiser under Section 61-2B-2, or by a Utah licensed MAI appraiser who also has such a certificate, except as follows:
         (A) When this rule is not applicable under its scope;
         (B) When State law otherwise provides that DFCM does not have to use fair market value; or
         (C) When the Director has determined by a writing filed with DFCM, that the cost of obtaining the appraisal is not justified in the economic interest of the State of Utah.
      (c) DFCM shall establish a listing price based on the appraisal obtained under this Rule or, if there is no appraisal based on the above, based upon DFCM's knowledge of prevailing market conditions and other circumstances customarily used in the industry for such sales.
         (d) DFCM shall advertise the property for sale in such a manner that is commercially reasonable in the discretion of the Director. DFCM may set a time deadline for the submission of bids for the real property based upon the economic conditions at the time of the sale.
      (e) DFCM shall endeavor to enter into a contract for sale to the highest reasonable bidder, unless the DFCM Director files a written justification statement as to why a lower bidder is more advantageous to the State or if there is a sole bidder, that such bid is unreasonable. If after a reasonable timeline set by the Director of public advertisement, no acceptable bid is submitted, then DFCM may sell the property through a private negotiated sale, provided that any sale below the fair market value initially established by DFCM for the subject property is accompanied by a written justification statement filed by the Director and a copy of which is provided to the Board prior to execution of the contract for sale.
      (f) DFCM shall, in accordance with DFCM's governing statutes, negotiate, draft and execute the applicable Real Estate Contract, with due consideration to the comments of the affected State agency. The affected State agency may be required by DFCM to be a signatory to the Contract.
(g) DFCM shall review, approve, and execute when appropriate, closing documents as prepared by the selected title company.

(h) DFCM may use boiler plate documents approved as to form by the Utah Attorney General or shall consult with the Utah Attorney General regarding provisions of the sale or significant changes to the boiler plate documents approved as to the form by the Utah Attorney General.

(i) DFCM shall endeavor to monitor the distribution of the closing documents.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this amendment is to allow flexibility for motor fuel manufacturers to meet Federal requirements for alternative fuel quotas, by expanding the location where fuel may be blended.

SUMMARY OF THE RULE OR CHANGE: The changes allow motor fuel to be blended at places such as terminals in addition to the currently allowed refineries and retail locations; and allow for temporary permits for blending locations up to 12 months. The changes also clarify that having a separate fixed tank for ethanol is one method of blending at a retail location.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 4-33-4

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There will be no impact on the state budget. Our weights and measures inspectors already test gasoline for ethanol content.
♦ LOCAL GOVERNMENTS: The rules places no responsibilities on local government. There should be no cost or savings to them.
♦ SMALL BUSINESSES: The rules provides significant savings to gasoline manufacturers and retailers by allowing them to blend at locations such as terminals. This was not able to be calculated by the industry.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Major gasoline manufacturer and retailers such as Chevron, Golden Eagle, Sinclair and others requested these changes. The rule will benefit the industry and the consumer by assuring that ethanol they purchase is blended correctly.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The energy companies will have costs of assuring the blends are correct. No costs has been identified. They are aware of this and feel it is worth it to be able to blend at more locations.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule will give flexibility to the industry regarding the blending of motor fuels. They will be able to more efficiently serve their customers and meet the Federal Energy Alternative Fuels requirements. Industry requested and supports this rule.

to be blended. The finished blend must meet the requirements of octane, vapor pressure, distillation, and other standards as outlined by ASTM.

1. The Department may issue a temporary approval for the blending of gasoline and ethanol provided that the operator has a Department-approved plan in place to assure the blended product meets the referenced requirements. The temporary approval shall not exceed 12 months.

B. At retail locations, a separate fixed tank or a method approved by the Utah State Department of Agriculture and Food shall be used for blending the "methanol or ethanol-based fuel" into the gasoline.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this rule amendment is to implement the legislative changes enacted as a result of passage of S.B. 88, Pharmacy Practice Act Amendments, sponsored by Senator Curtis Bramble. The bill exempts a physician or osteopathic physician from the practice of pharmacy as it applies to the dispensing of a cosmetic drug or injectable weight loss drug. The statute requires the Division to adopt rules to specify the drugs that can be dispensed by a physician. The proposed amendments allow physicians to dispense a cosmetic or injectable weight loss drug that requires reconstitution or compounding to follow the United States Pharmacopeia-National Formulary (USP-NF) 797 standards for sterile compounding. Subsection R156-17b-310(5) identifies the factors that must be considered by the Utah State Board of Pharmacy, Utah Physicians Licensing Board and the Utah Osteopathic Physician and Surgeon's Licensing Board when determining if a drug may be dispensed by a physician.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-17b-101 and Section 58-37-1 and Subsection 58-1-106(1)(a) and Subsection 58-1-202(1)(a) and Subsection 58-17b-601(1)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Division will incur minimal costs of approximately $50 to print and distribute the rule once the proposed amendments are made effective. Any costs incurred will be absorbed in the Division's current budget. The proposed amendments allow physicians to dispense cosmetic or injectable weight loss drugs as defined in this rule. The legislation also granted authority to the Division to inspect physician offices should a complaint be made. This exemption or expanded scope of practice for a physician may lead to an increase in the number of complaints received by the Division. Given the new authority to inspect physicians' offices, the Division's investigators may be able to investigate a greater number of cases in a more in-depth manner. However, caseloads will need to be readjusted given there was no fiscal note and no additional monies provided to enforce the legislation.

♦ LOCAL GOVERNMENTS: There should be little to no effect on local government. Local governments do not own or operate physician offices which may choose to dispense cosmetic or injectable weight loss drugs.

♦ SMALL BUSINESSES: Currently physicians are not permitted to dispense prescription drugs. This proposed rule permits the dispensing, while requiring physicians who choose to dispense to follow the same dispensing standards required for pharmacists. A physician who elects to dispense the drugs listed in Subsections R156-17b-310(1) and R156-17b-310(2) may incur costs to store and label the drug that can be dispensed by a physician. Subsection R156-17b-310(2) identifies human chorionic gonadotropin (HCG) as an injectable weight loss drug that can be dispensed under this new exemption. Subsection R156-17b-310(3) establishes the standards for a label that is affixed to a drug dispensed by a physician. Subsection R156-17b-310(4) establishes the record keeping standards, including requirements for a medication profile, which must be followed by a physician who chooses to dispense drugs under this Section. Subsection R156-17b-310(5) establishes the standard for patient counseling required if a physician dispenses a cosmetic or injectable weight loss drug in accordance with this Section. Subsection R156-17b-310(6) establishes the storage standards for the drugs listed in Subsections R156-17b-310(1) and R156-17b-310(2). Subsection R156-17b-310(7) requires a physician dispensing a cosmetic or injectable weight loss drug that requires reconstitution or compounding to follow the United States Pharmacopeia-National Formulary (USP-NF) 797 standards for sterile compounding. Subsection R156-17b-310(8) identifies the factors that must be considered by the Utah State Board of Pharmacy, Utah Physicians Licensing Board and the Utah Osteopathic Physician and Surgeon's Licensing Board when determining if a drug may be dispensed by a physician.

UTAH STATE BULLETIN, September 15, 2010, Vol. 2010, No. 18

11
drugs. There would also be a cost to implement a patient medication profile and patient counseling including the use of preprinted pharmacotherapeutic pamphlets for the drugs dispensed. Also, should a physician choose to dispense HCG, the powder must be reconstituted/compounded in accordance with the USP-NF 797 standards for sterile compounding. This could include the use of a laminar flow hood which costs approximately $10,000. Also, current studies indicate a short half-life for compounded HCG which will require more frequent visits to the physician’s office for more medication at an additional cost to the patient and revenue for the physician. Exact estimates cannot be determined. However, because the dispensing of the drugs is a new permissible activity, the costs are elective.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: It is possible, but not likely, that a pharmacy could have a negative fiscal impact if physicians begin to dispense the listed drugs. However, the drugs involved are limited and the physicians who specialize in treating the conditions which require the approved drugs are also limited. It is doubtful that a general practitioner is going to make the necessary changes required to dispense HCG, given it must be reconstituted in a sterile manner under a laminar flow hood.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There would be a cost to a physician who chooses to dispense the listed drugs from his office. The costs most likely would be absorbed in the patient fee schedule. A physician who compounds HCG must follow the standards established in USP-NF 797 for sterile compounding which includes using a laminar flow hood when preparing sterile compounds. Exact estimates of costs cannot be determined due to a wide range of circumstances relating to physicians and their office settings.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule filing implements recent statutory amendments which exempt physicians and osteopathic physicians from the Pharmacy Practice Act for dispensing cosmetic drugs or injectable weight loss drugs. No fiscal impact to businesses results from this rule filing beyond that already addressed in the passage of the statutory amendments.

(a) kept in an area that is well lighted, well ventilated, clean and sanitary;
(b) equipped to permit the orderly storage of prescription drugs in a manner to permit clear identification, separation and easy retrieval of products and an environment necessary to maintain the integrity of the drug inventory;

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: On 05/13/2010, the Environmental Protection Agency (EPA) issued a final rule that addresses greenhouse gas (GHG) emissions from stationary sources under the Clean Air Act permitting programs. This final rule sets thresholds for GHG emissions that define when permits are required for new and existing industrial facilities under the New Source Review Prevention of Significant Deterioration (PSD) and Title V Operating Permit programs. These changes must be incorporated into our rules in order to comply with the federal requirements. Additionally, these changes will allow Utah to obtain primacy for permitting sources of GHG in Utah.

SUMMARY OF THE RULE OR CHANGE: This rule amendment excludes sources from the requirement to obtain an Approval Order if their GHG emissions are below the thresholds established by EPA.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 19-2-108 and Subsection 19-2-104(3)(q)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: No costs or savings are expected for state government because these revisions do not create new requirements for state government.
♦ LOCAL GOVERNMENTS: No costs or savings are expected for local governments because these revisions do not create new requirements for local governments.
♦ SMALL BUSINESSES: No costs or savings are expected for small business because these revisions do not create new requirements for small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: No costs or savings are expected for persons other than small businesses, businesses, or local government entities because these revisions do not create new requirements for persons other than small businesses, businesses, or local government.

COMPLIANCE COSTS FOR AFFECTED PERSONS: No costs are expected for affected persons because these revisions do not create new requirements for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This amendment does not create new requirements. Therefore, no additional costs are expected. Without this change, the EPA plans to issue a SIP call directing us to make these changes followed by the implementation of a Federal Implementation Plan (FIP). This would make the EPA the permitting authority for Utah sources of GHG.

(1) A small stationary source is exempted from the requirement to obtain an approval order in R307-401-5 through 8 if the following conditions are met.
(a) its actual emissions are less than 5 tons per year per air contaminant of any of the following air contaminants: sulfur dioxide, carbon monoxide, nitrogen oxides, PM10, ozone, or volatile organic compounds;
(b) its actual emissions are less than 500 pounds per year of any hazardous air pollutant and less than 2000 pounds per year of any combination of hazardous air pollutants;
(c) its actual emissions are less than 500 pounds per year of any air contaminant not listed in (a) or (b) above and less than 2000 pounds per year of any combination of air contaminants not listed in (a) or (b) above.
(d) Air contaminants that are drawn from the environment through equipment in intake air and then are released back to the environment without chemical change, as well as carbon dioxide, nitrogen, oxygen, argon, neon, helium, krypton, xenon should not be included in emission calculations when determining applicability under (a) through (c) above.
(2) The owner or operator of a source that is exempted from the requirement to obtain an approval order under (1) above shall no longer be exempt if actual emissions in any subsequent year exceed the emission thresholds in (1) above. The owner or operator shall submit a notice of intent under R307-401-5 no later
than 180 days after the end of the calendar year in which the source exceeded the emission threshold.

(3) Small Source Exemption - Registration. The executive secretary will maintain a registry of sources that are claiming an exemption under R307-401-9. The owner or operator of a stationary source that is claiming an exemption under R307-401-9 may submit a written registration notice to the executive secretary. The notice shall include the following minimum information:

(a) identifying information, including company name and address, location of source, telephone number, and name of plant site manager or point of contact;

(b) a description of the nature of the processes involved, equipment, anticipated quantities of materials used, the type and quantity of fuel employed and nature and quantity of the finished product;

(c) identification of expected emissions;

(d) estimated annual emission rates;

(e) any control apparatus used; and

(f) typical operating schedule.

(4) An exemption under R307-401-9 does not affect the requirement to obtain a permit under R307-405 for greenhouse gases, as defined in R307-405-3(9)(a), is not required to obtain an approval order for greenhouse gases under R307-401. This exemption does not affect the requirement to obtain an approval order for any other air contaminant emitted by the stationary source.

(5) A stationary source that is not required to obtain a permit under R307-405 for greenhouse gases, as defined in R307-405-3(9)(a), is not required to obtain an approval order for greenhouse gases under R307-401. This exemption does not affect the requirement to obtain an approval order for any other air contaminant emitted by the stationary source.

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: On 05/13/2010, the Environmental Protection Agency (EPA) issued a final rule that addresses greenhouse gas (GHG) emissions from stationary sources under the Clean Air Act permitting programs. This final rule sets thresholds for GHG emissions that define when permits are required for new and existing industrial facilities under the New Source Review Prevention of Significant Deterioration (PSD) and Title V Operating Permit programs. SUMMARY OF THE RULE OR CHANGE: This rule amendment incorporates changes for the New Source Review PSD program required by the 05/13/2010, EPA final rule. These changes include the addition of the definition of "subject to regulation".

MATERIALS INCORPORATED BY REFERENCES:
♦ Adds 75 FR 25686, published by Government Printing Office, 05/07/2010

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: While additional direct costs are not anticipated at this time, this rulemaking will add workload to permitting staff, resulting in longer permit issuance times as they address this new pollutant. Hence, fewer permits will be issued per unit of time than previously.
♦ LOCAL GOVERNMENTS: No costs or savings are expected for local government because these revisions do not create new requirements for local government.
♦ SMALL BUSINESSES: No costs or savings are expected for small businesses because these revisions do not create new requirements for small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: No costs or savings are expected for persons other than small businesses, businesses, or local government entities because these revisions do not create new requirements for persons other than small businesses, businesses, or local government.

COMPLIANCE COSTS FOR Affected PERSONS: Costs will increase for those sources (businesses) that are subject to this rulemaking as they will have to address this new pollutant in air permit applications and comply with any applicable requirements. These costs are unknown as they are costs incurred by the companies that they pay those who prepare their application (either in-house staff or contractors).

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Costs will increase for those sources (businesses) that are subject to this rulemaking as they will have to address this new pollutant in air permit applications and comply with any applicable requirements. Without this change, the EPA plans to issue a SIP call directing us to make these changes followed by the implementation of a Federal Implementation
Plan (FIP). This would make the EPA the permitting authority for Utah sources of GHG.

(I) for Salt Lake County, the date that EPA approves the sulfur dioxide maintenance plan that was adopted by the Board on January 5, 2005;
(II) for all other areas of the State, January 6, 1975; and
(C) in the case of nitrogen dioxide, February 8, 1988.

(ii) "Minor Source Baseline Date" means the earliest date after the trigger date on which a major stationary source or a major modification subject to 40 CFR 52.21 or R307-405 submits a complete application under the relevant regulations. The trigger date is:
(A) in the case of particulate matter and sulfur dioxide, August 7, 1977, and
(B) in the case of nitrogen dioxide, February 8, 1988.

(iii) The baseline date is established for each pollutant for which increments or other equivalent measures have been established if:

(A) the area in which the proposed source or modification would construct is designated as attainment or unclassifiable under section 107(d)(i)(D) or (E) of the Act for the pollutant on the date of its complete application under 40 CFR 52.21 or R307-405; and

(B) in the case of a major stationary source, the pollutant would be emitted in significant amounts, or, in the case of a major modification, there would be a significant net emissions increase of the pollutant.

(iv) Any minor source baseline date established originally for the TSP increments shall remain in effect and shall apply for purposes of determining the amount of available PM10 increments, except that the executive secretary shall rescind a minor source baseline date where it can be shown, to the satisfaction of the executive secretary, that the emissions increase from the major stationary source, or net emissions increase from the major modification, responsible for triggering that date did not result in a significant amount of PM10 emissions.

(b) In the definition of "baseline area" in 40 CFR 52.21(b)(15)(ii)(b) insert the words "or R307-405" after "Is subject to 40 CFR 52.21".

(c) "Reviewing Authority" means the executive secretary.

(d)(i) The term "Administrator" shall be changed to "executive secretary" throughout R307-405, except as provided in (ii).

(ii) The term "Administrator" shall be changed to "EPA Administrator" in the following incorporated sections:
(A) 40 CFR 52.21(b)(17),
(B) 40 CFR 52.21(b)(37)(i),
(C) 40 CFR 52.21(b)(43),
(D) 40 CFR 52.21(b)(48)(ii)(c),
(E) 40 CFR 52.21(b)(50)(i),
(F) 40 CFR 52.21(b)(51)(2),
(G) 40 CFR 52.21(b)(52), and
(H) 40 CFR 51.166(q)(2)(iv).

(e) The following definitions or portions of definitions that apply to the equipment repair and replacement provisions are not incorporated because these provisions were vacated by the DC Circuit Court of Appeals on March 17, 2006:

(i) in the definition major modification in 40 CFR 52.21(b)(2), the second sentence in subparagraph (iii)(a),
(ii) the definition of "process unit" in 40 CFR 52.21(b)(55),
(iii) the definition of "functionally equivalent component" in 40 CFR 52.21(b)(56),
(iv) the definition of "fixed capital cost" in 40 CFR 52.21(b)(57), and
(v) the definition of "total capital investment" in 40 CFR 52.21(b)(58).

(f) In the definition of "Regulated NSR pollutant" in 40 CFR 52.21(b)(50), subparagraph (iv) shall be changed to read, "Any pollutant that otherwise is subject to regulation under the Act.

A new subparagraph (v) shall be added that reads, "The term regulated NSR pollutant shall not include any or all hazardous air pollutants either listed in section 112 of the federal Clean Air Act, or added to the list pursuant to section 112(b)(2) of the federal Clean Air Act, and which have not been delisted pursuant to section 112(b)(3) of the federal Clean Air Act, unless the listed hazardous air pollutant is also regulated as a constituent or precursor of a general pollutant listed under section 108 of the federal Clean Air Act."

16
(3) "Air Quality Related Values," as used in analyses under 40 CFR 52.21 (p) that is incorporated by reference in R307-405-17, means those special attributes of a Class I area, assigned by a federal land manager, that are adversely affected by air quality.

(4) "Heat input" means heat input as defined in 40 CFR 52.01(g), that is hereby incorporated by reference.

(5) "Title V permit" means any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to R307-415.

(6) "Title V Operating Permit Program" means R307-415.

(7) The definition of "Good Engineering Practice (GEP) Stack Height" as defined in R307-410 shall apply in this rule.

(8) The definition of "Dispersion Technique" as defined in R307-410 shall apply in this rule.

(9) "Subject to regulation" means, for any air pollutant, that the pollutant is subject to either a provision in the federal Clean Air Act, or a nationally-applicable regulation codified by the Administrator in subchapter C of 40 CFR Chapter I, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit or restrict the quantity of emissions of that pollutant released from the regulated activity. Except that:

(a) "Greenhouse gases (GHGs)," the air pollutant defined in 40 CFR 86.1818-12(a) (Federal Register, Vol. 75, Page 25686) as the aggregate group of six greenhouse gases: carbon dioxide, nitrous oxide, methane, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride, shall not be subject to regulation except as provided in paragraphs (d) through (e) of this section.

(b) For purposes of paragraphs (c) through (e) of this section, the term "tons per year (tpy) CO2 equivalent emissions (CO2e)" shall represent an amount of GHGs emitted, and shall be computed as follows:

(i) Multiplying the mass amount of emissions (tpy), for each of the six greenhouse gases in the pollutant GHGs, by the gas's associated global warming potential published at Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, that is hereby incorporated by reference (Federal Register, Vol. 74, Pages 56395-96).

(ii) Sum the resultant value from paragraph (b)(i) of this section for each gas to compute a tpy CO2e.

(c) The term "emissions increase" as used in paragraphs (d) through (e) of this section shall mean that both a significant emissions increase (as calculated using the procedures in 40 CFR 52.21(a)(2)(iv) that is incorporated by reference in R307-405-2) and a significant net emissions increase (as defined in paragraphs 40 CFR 52.21(b)(3) and (b)(23) that is incorporated by reference in R307-405-3) occur. For the pollutant GHGs, an emissions increase shall be based on tpy CO2e, and shall be calculated assuming the pollutant GHGs is a regulated NSR pollutant, and "significant" is defined as 75,000 tpy CO2e instead of applying the value in paragraph 40 CFR 52.21(b)(23)(ii).

(d) Beginning January 2, 2011, the pollutant GHGs is subject to regulation if:

(i) The stationary source is a new major stationary source for a regulated NSR pollutant that is not GHGs, and also will emit or will have the potential to emit 75,000 tpy CO2e or more; or

(ii) The stationary source is an existing major stationary source for a regulated NSR pollutant that is not GHGs, and also will have an emissions increase of a regulated NSR pollutant, and an emissions increase of 75,000 tpy CO2e or more; and

(e) Beginning July 1, 2011, in addition to the provisions in paragraph (d) of this section, the pollutant GHGs shall also be subject to regulation:

(i) At a new stationary source that will emit or have the potential to emit 100,000 tpy CO2e; or

(ii) At an existing stationary source that emits or has the potential to emit 100,000 tpy CO2e, when such stationary source undertakes a physical change or change in the method of operation that will result in an emissions increase of 75,000 tpy CO2e or more.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: On 05/13/2010, the Environmental Protection Agency (EPA) issued a final rule that addresses greenhouse gas (GHG) emissions from stationary sources under the Clean Air Act permitting programs. This final rule sets thresholds for GHG emissions that define when permits are required for new and existing industrial facilities under the New Source Review Prevention of Significant Deterioration (PSD) and Title V Operating Permit programs. These changes must be incorporated into our rules in order to comply with the federal requirements. Additionally, these changes will allow Utah to obtain primacy for permitting sources of GHG in Utah.

SUMMARY OF THE RULE OR CHANGE: This rule amendment incorporates changes for the Title V Operating Permit program required by the 05/13/2010, EPA final rule. These changes include the addition of the definitions of "regulated NSR pollutant" and "subject to regulation".

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 19-2-10 and Section 19-2-109.1
COMPLIANCE COSTS FOR AFFECTED PERSONS: Costs will increase for those sources (businesses) that are subject to this rulemaking as they will have to address this new pollutant in air permit applications and comply with any applicable requirements. These costs are unknown as they are costs incurred by the companies that pay those who prepare their application (either in-house staff or contractors).

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Costs will increase for those sources (businesses) that are subject to this rulemaking as they will have to address this new pollutant in air permit applications and comply with any applicable requirements. Without this change, the EPA plans to issue a SIP call directing us to make these changes followed by the implementation of a Federal Implementation Plan (FIP). This would make the EPA the permitting authority for Utah sources of GHG.

Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well, with its associated equipment, and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources.

R414-10-1. Introduction and Authority.
(1) The Physician Services Program provides a scope of physician services to meet the basic medical needs of eligible Medicaid recipients. It encompasses the art and science of caring for those who are ill through the practice of medicine or osteopathy defined in Title 58, Chapter 12- [UCA].
(2) Physician services are a mandatory Medicaid, Title XIX, program authorized by Sections 1901 and 1905(a)(1) of the Social Security Act, 42 CFR 440.50[ October 1996 edition, and Sections 26-1-5 and 26-18-3.[UCA].

R414-10-5. Service Coverage.
(1) Physician services involve direct patient care and securing and supervising appropriate diagnostic ancillary tests or services in order to diagnose the existence, nature, or extent of illness, injury, or disability. In addition, physician services involve establishing a course of medically necessary treatment designed to prevent or minimize the adverse effects of human disease, pain, illness, injury, infirmity, deformity, or other impairments to a client's physical or mental health.
(2) Physician services may be provided only within the parameters of accepted medical practice and are subject to limitations and exclusions established by the Department on the basis of medical necessity, appropriateness, and utilization control considerations.
(3) Program limitations and noncovered services are established by specific program policy maintained in the Physician Provider Manual and updated by notification through Medicaid Information Bulletins. Following is a general list of medical and health care services excluded from coverage:
(a) Services rendered during a period the recipient was ineligible for Medicaid;
(b) Services medically unnecessary or unreasonable;
(c) Services which fail to meet existing standards of professional practice, or which are currently professionally unacceptable;
(d) Services requiring prior authorization, but for which such authorization was not received;
(e) Services, elective in nature, based on patient request or individual preference rather than medical necessity;
(f) Services fraudulently claimed;
(g) Services which represent abuse or overuse;
(h) Services rejected or disallowed by Medicare when the rejection was based upon any of the reasons listed above.
(i) Services for which third party payors are primarily responsible, e.g., Medicare, private health insurance, liability insurance. Medicaid may make a partial payment up to the Medicaid maximum if the limit has not been reached by a third party.
(j) If a procedure or service is not covered for any of the above reasons or because of specific policy exclusion, all related services and supplies, including institutional costs, are excluded for the standard post operative recovery period.

(4) Experimental or medically unproven physician services or procedures are excluded from coverage. Criteria established and approved by the Department staff and physician consultants are used to identify noncovered services and procedures. Policy statements developed by the Department of Health and Human Services, Health Care Financing Administration, Coverage Issues Bureau, are also used to determine Department policy for noncovered services.

(5) Certain services are excluded from coverage because medical necessity, appropriate utilization, and cost effectiveness of the services cannot be assured. A variety of lifestyle factors contribute to the "syndromes" associated with such services, and there is no specific therapy or treatment identified except for those that border on behavior modification, experimental, or unproven practices. Services include:

(a) [Sleep apnea or] sleep studies[or both] in sleep centers or clinics that are not Department-approved;
(b) services in pain clinics;[and]
(c) services in [eating disorder[s] clinics[and]
(d) services in wound clinics.

(6) When a service or procedure does not qualify for coverage under the Medicaid program because it is an elective cosmetic, reconstructive, or plastic surgery, all related services, supplies, and institutional costs are excluded from coverage.

(7) Medications for appetite suppression, surgical procedures, unproven or experimental treatments, or educational, nutritional support programs for the treatment of obesity or weight control, are excluded from coverage.

(8) Cognitive or Office Services:
(a) Cognitive services by a provider are limited to one service per client per day. These services are defined as office visits, hospital visits except for those following a package surgical procedure, therapy visits, and other types of nonsurgical visits. When a second office visit for the same problem or a hospital admission occurs on the same date as another service, the physician shall combine the services as one service and select a procedure code that indicates the overall care given.
(b) Routine physical examinations, not part of an otherwise medically necessary service, are excluded from coverage, except in the following circumstances:
(i) Preschool and school age children, including those who are EPSDT (CHEC) eligible, participating in the ongoing CHEC program of scheduled services and follow-up care.
(ii) New patients seeing a physician for the first time with an initial complaint where a comprehensive physical examination, including a medical and social history, is necessary.

(iii) Medically necessary examinations associated with birth control medication, devices, and instructions.

(c) Family planning services may be provided only by or under the supervision of a physician and only to individuals of childbearing age, including sexually active minors. The following services are excluded from coverage as family planning services:

(i) Experimental or unproven medical procedures, practices, or medication.
(ii) Surgical procedures for the reversal of previous elective sterilization, both male and female.

(3) Infertility studies.
(iv) In vitro fertilization.
(v) Artificial insemination.
(vi) Surrogate motherhood, including all services, tests, and related charges.
(vii) Abortion, except where the life of the mother would be endangered if the fetus were carried to term, or where pregnancy is the result of rape or incest.

(d) After-hours service codes may be used only by a private physician, primary care provider, who responds to treat a patient in the physician's private office for a medical emergency, accident, or injury after regular office hours. Only one of the after hours CPT codes may be used per visit.

(e) Laboratory services provided by a physician in his office are limited to the waived tests or those types of laboratory tests identified by the federal Health Care Financing Administration for which each individual physician is CLIA certified to provide, bill, and receive Medicaid payment.

(f) A specimen collection fee is covered for service in a physician's office only when a specimen is to be sent to an outside laboratory, and the physician or one of his office staff under his personal supervision actually extracts the specimen from a patient, and only by one of the following tasks:

(i) Drawing a blood sample through venipuncture, i.e., inserting into a vein a needle with syringe or vacutainer to draw the specimen;
(ii) Collecting a urine sample by catheterization.
(iii) A drawing fee for finger, heel, or ear sticks is limited to only infants under the age of two years.

(g) Eye examinations are covered, but only once each calendar year.

(h) Contact lenses are covered only for aphakia, nystagmus, keratoconus, severe corneal distortion, cataract surgery, and in those cases where visual acuity cannot be corrected to at least 20/70 in the better eye.

(9) Psychiatric Services:
(a) Psychiatric services or psychosocial diagnosis and counseling are specialty medical services. Psychiatric services, whether in a private office, a group practice, or private clinic setting, may only be provided directly and documented and billed to the Department by the private physician. Charting and documentation must clearly reflect the private physician's direct provision of care.

(b) Nonphysician psychosocial counseling services are excluded from coverage as a Medicaid benefit. The personal supervision policy, Rule R414-45, may not be applied to psychiatric services.

(c) Admission to a general hospital for psychiatric care by a physician requires prior authorization and is limited to those cases
determined by established criteria and utilization review standards to be of a severity that appropriate intensity of service cannot be provided in any alternate setting.

(d) Coverage for treatment of organic brain disease is limited to that provided by the primary care provider.

(10) Laboratory and Radiology Services:

(a) Physicians prepared in a highly specialized field of practice, e.g., neurology or neurosurgery, who provide consultation and diagnostic radiology services in an independent setting at the request of a private physician may bill for both the technical and professional component of the radiology service.

(b) Dermatologists with specialized preparation in pathology services specifically for the skin may provide and bill for those services.

(11) Hospital Services:

(a) A patient hospitalized for nonsurgical services may require more than one visit per day because of the patient's condition and treatment needs. Since physician visits are limited to one per day, the physician shall select one procedure code to define the overall care given. If intensive care services are provided, or critical care service codes are used to define service provided, the Department requires additional documentation from the physician. The medical record must show documentation of medical necessity and result of the additional service.

(b) If, for the convenience of the physician and not for medical necessity, a patient is transferred between physicians within the same hospital or from one hospital to another hospital, both physicians may only use subsequent hospital care service codes to define and bill for services provided. Under this policy limitation, services associated with the following codes are excluded from coverage as a Medicaid benefit:

(i) Consultation; and

(ii) Initial hospital care services.

(c) Treatment of alcoholism or drug dependency in an inpatient setting is limited to acute care for detoxification only.

(d) Services for pregnant women who do not meet United States residency requirements (undocumented aliens) are limited to only hospital admission for labor and delivery. Medicaid does not cover prenatal services.

(12) Abortion, Sterilization and Hysterectomy:

(a) Abortion procedures are limited to:

(i) those where the pregnancy is the result of rape or incest; or

(ii) a case with medical certification of necessity where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself that would, as certified by a physician, place the woman in danger of death unless an abortion is performed.

(b) Sterilization and hysterectomy procedures are limited to those which meet the requirements of 42 CFR 441, Subpart F, October 1996, 2009 edition, which is adopted and incorporated by reference.

(13) Cosmetic, Plastic, or Reconstructive Services:

(a) Cosmetic, plastic, or reconstructive surgery procedures may only be covered when medically necessary to:

(i) correct a congenital anomaly;

(ii) restore body form or function following an accidental injury; or

(iii) revise severe disfiguring and extensive scarring resulting from neoplastic surgery.

(14) Surgical Services:

(a) Surgical procedures defined and coded in the CPT Manual are limited by Utah Medicaid policy to prior authorization, or are excluded from coverage. Limitations are documented on the Medical and Surgical Procedures Prior Authorization List, reviewed and revised yearly and maintained in the Physician Provider Manual through notification by Provider Bulletins.

(b) Surgical procedures are "package" services. The package service includes:

(i) the preoperative examination, initiation of the hospital record, and development of a treatment program either in the physician's office on the day before admission, or in the hospital or the physician's office on the same day as admission to the hospital;

(ii) the operation;

(iii) any topical, local, or regional anesthesia; and

(iv) the normal, uncomplicated follow-up care covering the period of hospitalization and office follow-up for progress checks or any service directly related to the surgical procedure for up to six weeks post surgery.

(c) Interpretation of "package" services:

(i) A physician may not bill for an office visit the day prior to surgery, for preadmission or admission workup, or for subsequent hospital care while the patient is being prepared, hospitalized, or under care for a "package" surgical service.

(ii) Consultation services may be billed by the consulting physician only when consultation and no other service is provided. When a consulting physician admits and follows a patient, independently or concurrently with the primary physician, only admission codes and subsequent care codes may be used.

(iii) Office visits for up to six weeks following the hospitalization which relate to the same diagnosis are part of the "package" service. The only exception to either inpatient or office service is for service related to complications, exacerbations, or recurrence of other diseases or problems requiring additional or separate service.

(d) Procedures exempt from the "package" definition are identified in the CPT Manual by an asterisk. The CPT Manual outlines the surgical guidelines which apply to documentation and billing of procedures marked by an asterisk.

(e) Complications, exacerbations, recurrence, or the presence of other diseases or injuries requiring services concurrent with the initial surgical procedure during the listed period of normal follow-up care, may warrant additional charges only when the record shows extensive documentation and justification of additional services.

(f) When an additional surgical procedure is carried out within the listed period of follow-up care for a previous surgery, the follow-up periods continue concurrently to their normal terminations.

(g) Preoperative examination and planning are covered as separate services only in the following circumstances:

(i) When the preoperative visit is the initial visit for the physician and prolonged detention or evaluation is required to establish a diagnosis, determine the need for a specific surgical procedure, or prepare the patient;

(ii) When the preoperative visit is a consultation and the consulting physician does not assume care of the patient; or
(iii) When diagnostic procedures, not part of the basic surgical procedure, e.g., bronchoscopy prior to chest surgery, are provided during the immediate preoperative period.

(h) Exploratory laparotomy procedures confirm a diagnosis and determine the extent of necessary treatment. A physician may request payment only if the exploratory procedure is the only procedure done during an operative session.

(i) The services of an assistant surgeon are specialty services to be provided only by a licensed physician, and are covered only on very complex surgical procedures. Procedures not authorized for assistant surgeon coverage are listed in the Physician Provider Manual and updated by Medicaid Provider Bulletins as necessary. Medicare guidelines for limitation of assistant surgeon coverage are used, since those decisions are made at the national level with physician consultation.

(j) Medicaid does not cover surgical procedures, experimental therapies, or educational, nutritional, support programs for treatment of obesity or weight control.

(15) Diagnostic and Therapeutic Procedures:

(a) Diagnostic needle procedures, e.g., lumbar puncture, thoracentesis, and jugular, femoral vein, or subdural taps, when performed as part of a necessary workup for a serious medical illness or injury, are covered in addition to other medical care on the same day.

(b) Diagnostic "oscopy" procedures, e.g., endoscopy, bronchoscopy, and laparoscopy, are covered separately from any major surgical procedure. However, when an "oscopy" procedure is done the same day or at the same operative session as another procedure, the "oscopy" procedure may only be covered as a multiple procedure.

(c) Magnetic resonance imaging (MRI) is covered only for service to the brain, spinal cord, hip, thigh and abdomen.

(d) Therapeutic needle procedures, e.g., scalp vein insertion, injections into cavities, nerve blocks, are covered in addition to other medical care on the same day.

(e) Puncture of a cavity or joint for aspiration followed by injection of a medication is covered as one procedure and identified by specific CPT code.

(16) Anesthesia Services:

Anesthesia services are covered only when administered by a licensed anesthesiologist or nurse anesthetist who remains in attendance for the sole purpose of rendering general anesthesia services. Standby or monitoring by the anesthesiologist or anesthetist during local anesthesia is not a covered Medicaid anesthesia service.

(17) Transplant Services:

Except for kidney and cornea transplants, Medicaid limits organ transplant services to those procedures for which selection criteria have been approved and documented in Rule R414-10A.

(18) Modifiers:

Modifiers may be used only, as defined in the CPT Manual, to show that a service or procedure has been altered to some degree but not changed in definition or code. The following limitations apply:

(a) The professional component, modifier 26, may be used only with laboratory and radiology service codes and only when direct analysis, interpretation, and written report of findings are provided by a physician on a laboratory or radiology procedure.

(b) Unusual services are identified by use of modifier 22, along with the appropriate CPT code. A prepayment review of unusual services shall be completed by Medicaid professional staff or physician consultants. A report of the service and any important supporting documentation must be submitted with the claim for review.

(c) Anesthesia by surgeon is identified by use of modifier 47. The operating surgeon may not use modifier 47 in addition to the basic procedure code. Anesthesia provided by the surgeon is part of the basic procedure being provided.

(d) Mandated services as defined by CPT and identified by modifier 32 are noncovered services.

(e) Reference laboratory services identified by modifier 90 are noncovered services.

(19) Medications:

(a) Drugs and biologicals are limited to those approved by the Food and Drug Administration (FDA), or those approved by the Drug Utilization Review Board (DUR) for off-label use, which is use for a condition different from that initially intended for the drug or biological. Medicaid coverage of drugs and biologicals is based on individual need and orders written by a physician when the drug is given in accordance with accepted standards of medical practice and within the protocol of accepted use for the drug.

(i) Generic drugs shall be used whenever a generic product approved by the FDA is available. If the physician determines that a brand name drug is medically necessary, the physician may override the generic requirement by writing on the prescription in his own hand writing "name brand medically necessary". Preprinted messages, abbreviations, or notations by a second party, do not meet the override requirement. The pharmacist shall fill the prescription with the generic equivalent product if the override procedure is not followed.

(ii) Injectable medications approved in HCPCS are identified in the "J" code list published by the Health Care Financing Administration or the Department, or both. The list is reviewed and revised yearly and maintained in the Physician Provider Manual by notification and update through Medicaid Provider Bulletins.

(iii) The "J" code covers only the cost of an approved product.

(iv) Office visits only for administration of medication are excluded from coverage. However, an injection code which covers the cost of the syringe, needle and administration of the medication may be used with the "J" code when medication administration is the only reason for an office call.

(v) When an office service is provided for other purposes, in addition to medication administration, only the office visit and a "J" code may be used to bill for the service provided.

(vi) The office visit code and injection code may never be used together. Only one of the codes may be used to define the service provided.

(vii) Vitamin B-12 is limited to use only in treating conditions where physiological mechanisms produce pernicious anemia. Use of Vitamin B-12 in treating any unrelated condition is excluded from coverage.

(b) Vitamins may be provided only for:

(i) Pregnant women: Prenatal vitamins with 1 mg folic acid.
(ii) Children through age five: Children's vitamins with fluoride.
(iii) Children through age one: multiple vitamin (A, C, and D) without fluoride.
(iv) Children through age 15: Fluoride supplement.
(c) Human growth stimulating hormones are limited to CHEC eligible children under the age of 15 who meet the established internal criteria for coverage that has been published and is available in the Provider Manual.
(d) Methylphenidates, amphetamines, and other central nervous system stimulants require prior authorization and may be provided only for treatment of Attention Deficit Disorder (ADD).
(e) Medications for appetite suppression are not a covered service.
(f) Non-prescription, over-the-counter items are limited, and notification of changes consistent with this rule is made by Provider Bulletin and Provider Manual updates.
(g) Nutrients may be provided only as established in R414-71-6.

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 34033

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this amendment is to incorporate by reference changes to the Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions, effective 07/01/2010, and to incorporate by reference changes to the Waiver for Individuals Age 65 or Older, effective 07/01/2010.

SUMMARY OF THE RULE OR CHANGE: This amendment incorporates by reference changes to the Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions, effective 07/01/2010, and also incorporates by reference changes to the Waiver for Individuals Age 65 or Older, effective 07/01/2010. The Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions clarifies that any appeal decision that the Department of Human Services (DHS) makes through the fair hearing process is the final decision. This waiver also amends the professional medication monitoring service to permit limited medication administration. In addition, this waiver allows the Department to explain quality improvement strategies in further detail. The Waiver for Individuals Age 65 or Older adds three services that include community transition, personal budget assistance, and financial management (previously offered only as an administrative service). It also modifies seven existing services to improve their functionality. In addition, changes for home and community-based services allow the Department to explain quality improvement strategies in greater detail that relate to participant direction of services, participant rights, participant safeguards, and systems improvements.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 26-1-5 and Section 26-18-3

MATERIALS INCORPORATED BY REFERENCES:
♦ Updates Waiver for Individuals Age 65 or Older, published by Division of Medicaid and Health Financing, 07/01/2010
♦ Updates Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions, published by Division of Medicaid and Health Financing, 07/01/2010

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Department estimates an increased cost of $1,500,000 (state funds) in the first year of the waiver renewal for the Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions. The state funds for this program are seeded by DHS. On the other hand, the Department estimates no cost or savings in the first year of the waiver renewal for the Waiver for Individuals Age 65 or Older. The state funds for this program are also seeded by DHS.
♦ LOCAL GOVERNMENTS: There is no impact to local governments because they do not fund or provide waiver services for Medicaid clients.
♦ SMALL BUSINESSES: The Department estimates that Medicaid providers will receive $5,000,000 in increased annual revenue under the Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions. On the other hand, the Department estimates no cost or savings in the first year of the waiver renewal for the Waiver for Individuals Age 65 or Older.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: The Department estimates that Medicaid providers will receive $5,000,000 in increased annual revenue under the Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions. On the other hand, the Department estimates no cost or savings in the first year of the waiver renewal for the Waiver for Individuals Age 65 or Older.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There are no compliance costs because there are only increases in revenue for all Medicaid providers. In addition, these changes only result in savings to Medicaid clients.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This update to the rule will generate additional revenue to providers and have a positive fiscal impact.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this amendment is to incorporate by reference changes to the Waiver for Technology Dependent/Medically Fragile Individuals, and changes to the Waiver for Individuals with Acquired Brain Injuries.

SUMMARY OF THE RULE OR CHANGE: This amendment incorporates by reference changes to the Waiver for Technology Dependent/Medically Fragile Individuals, effective 07/01/2008. One of these changes clarifies that the Division of Medicaid and Health Financing is responsible for the administration and operation of the waiver program. The waiver also clarifies that the Maternal and Child Health Title V Agency provides essential day-to-day administrative support for the waiver under an interagency memorandum of agreement. The waiver also adds an existing interagency memorandum of agreement between the Long Term Care Bureau and the Bureau of Health Facility Licensing, Certification and Residence Assessment. It further prioritizes admission criteria for applicants dependent on Bi-level Positive Airway Pressure (Bi-PAP), increases the number of recipients who may receive waiver services, adds reserved capacity slots for terminally ill children, and adds new family directed services that include financial management services, family directed support services, and family directed skilled nursing respite care services. In addition, the waiver adds home health certified nursing assistant services to allow these services to be provided on the same day and during the same time as home health agency nursing services. It also adds extended private duty nursing services for recipients when they reach the age of 21. Further, the waiver replaces the service of nutritional evaluation and in-home based treatment with in-home feeding therapy, and amends the current provider qualifications to add individual licensed speech therapists and occupational therapists. It also limits qualified Medicaid and Medicare certified home health agency employees to the same licensed professionals and eliminates the service of in-home respiratory care. This amendment also incorporates by reference changes to the Waiver for Individuals with Acquired Brain Injuries, effective 07/01/2009. These changes include several additional services such as occupational therapy, speech therapy,
cognitive retraining, physical therapy, environmental adaptations, specialized medical equipment and supplies, and living start up costs. Previously unbundled services that remain available and are unbundled at this time include behavior consultation, professional medication monitoring, personal budget assistance, residential habilitation services, extended living supports, and supported living. In addition, changes in the waiver application for home and community-based services allow the Department to explain quality improvement strategies in greater detail in relation to participant direction of services, participant rights, participant safeguards, and systems improvements.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 26-1-5 and Section 26-18-3

MATERIALS INCORPORATED BY REFERENCES:
♦ Updates Waiver for Individuals with Acquired Brain Injuries, published by Division of Medicaid and Health Financing, 07/01/2009
♦ Updates Waiver for Technology Dependent/Medically Fragile Individuals, published by Division of Medicaid and Health Financing, 07/01/2008

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Department estimates that annual service expenditures under the Waiver for Technology Dependent/Medically Fragile Individuals increased $38,000 (state funds) in the first year as a result of the service changes in the waiver changes. In addition, the Department estimates a cost increase of $90,000 (state funds) in the first year of the waiver renewal for the Waiver for Individuals with Acquired Brain Injuries. The state funds for this program are seeded by the Department of Human Services.
♦ LOCAL GOVERNMENTS: There is no impact to local governments because they do not fund or provide waiver services for Medicaid clients.
♦ SMALL BUSINESSES: The Department estimates that Medicaid providers will receive $126,667 (state and federal funds) in increased revenue annually under the Waiver for Technology Dependent/Medically Fragile Individuals. In addition, the Department estimates Medicaid providers will receive $300,000 (state and federal funds) in increased revenue annually under the Waiver for Individuals with Acquired Brain Injuries.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: The Department estimates that Medicaid providers will receive $126,667 (state and federal funds) in increased revenue annually under the Waiver for Technology Dependent/Medically Fragile Individuals. In addition, the Department estimates Medicaid providers will receive $300,000 (state and federal funds) in increased revenue annually under the Waiver for Individuals with Acquired Brain Injuries.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There are no compliance costs because there are only increases in revenue for all Medicaid providers. In addition, these changes only result in savings to Medicaid clients.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This update to the rule will generate additional revenue to providers as waiver services are marginally increased.

no earlier than the first day of the month that is three months before the application month.

(c) The applicant must receive medical services during the retroactive period and be determined eligible for the month he receives services.

(3) To determine the date eligibility for medical assistance may begin for any month, the following requirements apply:

(a) Eligibility of an individual cannot begin any earlier than the date the individual meets the state residency requirement defined in Section R414-302-2;

(b) Eligibility of a qualified alien subject to the five-year bar on receiving regular Medicaid services cannot begin earlier than the date that is five years after the date the person became a qualified alien, or the date the five-year bar ends due to other events defined in statute;

(c) Eligibility of a qualified alien not subject to the five-year bar on receiving regular Medicaid services can begin no earlier than the date the individual meets qualified alien status.

(d) An individual who is ineligible for Medicaid while residing in a public institution or an Institution for Mental Disease (IMD) may become eligible on the date the individual is no longer a resident of either one of these institutions. If an individual is under the age of 22 and is a resident of an IMD, the individual remains a resident of the IMD until he is unconditionally released.

(4) If an applicant is not eligible for the application month, but requests retroactive coverage, the agency will determine eligibility for the retroactive period based on the date of that application.

(5) The agency may use the same application to determine eligibility for the month following the month of application if the applicant is determined ineligible for both the retroactive period and the application month. In this case, the application date changes to the date eligibility begins. The retroactive period associated with the application changes to the three months preceding the new application date.

(6) Medicaid eligibility for certain services begins when the individual meets the following criteria:

(a) Eligibility for coverage of institutional services cannot begin before the date that the individual has been admitted to a medical institution and meets the level of care criteria for admission. The medical institution must provide the required admission verification to the Department within the time limits set by the Department in Rule R414-501. Medicaid eligibility for institutional services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of institutional services.

(b) Eligibility for coverage of home and community-based services under a Medicaid waiver cannot begin before the first day of the month the client is determined by the case management agency to meet the level of care criteria and home and community-based services are scheduled to begin within the month. The case management agency must verify that the individual meets the level of care criteria for waiver services. Medicaid eligibility for waiver services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of waiver services.

(7) An individual determined eligible for QI benefits in a calendar year is eligible to receive those benefits throughout the remainder of the calendar year, if the individual continues to meet the eligibility criteria and the program still exists. Receipt of QI benefits in one calendar year does not entitle the individual to QI benefits in any succeeding year.

(8) After being approved for Medicaid, a client may later request coverage for the retroactive period associated with the approved application if the following criteria are met:

(a) The client did not request retroactive coverage at the time of application; and

(b) The agency did not make a decision about eligibility for medical assistance for that retroactive period; and

(c) The client states that he received medical services and provides verification of his eligibility for the retroactive period.

(9) A client cannot request coverage for the retroactive period associated with a denied application. The client, however, may reapply and a new retroactive coverage period is considered based on the new application date.

(e) If a client has not provided required verification[s] by the due date, and has not contacted the eligibility agency to ask for more time to provide verification[s], the eligibility agency shall deny the application, re-certification review, or end[s] eligibility.

(f) If the eligibility agency receives all necessary verification[s] during the 30 days after denying an application for lack of verification[s], the date the eligibility agency receives all the verification[s] is the new application date. If the eligibility agency receives verification[s] more than 30 days after the application has been denied, the client will need to reapply for medical assistance.

(2) The eligibility agency must receive verification of an individual's income, both unearned and earned. (3) If an applicant's citizenship and identity do not match through the Social Security electronic match process and the eligibility agency cannot resolve this inconsistency, the agency shall request the applicant to provide verification of his citizenship and identity in accordance with 42 U.S.C. 1396a(ee)(1)(B).

(a) The applicant must provide verification to resolve the inconsistency or provide original documentation to verify his citizenship and identity within 90 days of the request.

(c) If the applicant fails to provide verification, eligibility ends within 30 days after the 90-day period. The eligibility agency cannot extend or repeat the verification period.

(d) An individual who provides false information to receive medical assistance is subject to investigation of Medicaid fraud and penalties as outlined in 42 CFR 455.13 through 455.23.

Residential Certificate Child Care

NOTICE OF PROPOSED RULE
( Amendment)
DAR FILE NO.: 34031
FILED: 09/01/2010

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: New rules for Residential Certificate Care Providers went into effect in September of 2008. Since that time all providers have now had at least one inspection under the new rules. The purpose of this amendment is to address questions and issues that have arisen since the new rules have been implemented.

SUMMARY OF THE RULE OR CHANGE: This rule change: 1) clarifies that "over-the-counter" medication include vitamins and herbal supplements; 2) moves the requirements for swimming pools, wading pools, hot tubs, and trampolines from the Outdoor Environment section of the rule to the Injury Prevention section of the rule to better clarify that the requirements apply whether the pool, trampoline, etc. is indoors or outdoors; 3) clarifies that the requirement that there be no strangulation, crush, shearing, and sharp edge hazards within the use zone of outdoor play equipment includes the equipment itself; 4) clarifies that the required annual training hours must be in child care related training; 5) clarifies that CPR certification must include a hands-on testing component; 6) clarifies the requirement for indoor and outdoor supervision of children; 7) clarifies the requirements related to tripping hazards, locking of firearms, and strangulation hazards; 8) makes the rules related to smoking more closely parallel the Utah Indoor Clean Air Act; 9) clarifies that children cannot be served foods they are allergic to, or foods brought in for another child; 10) removes the requirement for handwashing after touching a pet; 11) clarifies the medication training requirement and requires the child's name to be on the medication authorization form if a child is to be given medication; and 12) clarifies the requirement for washing toys that have been placed in a child's mouth.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 26, Chapter 39

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Training on these rules and implementation on the standards can be handled in the normal course of business. Therefore, the Division does not anticipate any cost or savings to the state budget.
♦ LOCAL GOVERNMENTS: No local governments operate in-home child care programs, therefore the Division does not anticipate either a cost or a savings to local governments.
♦ SMALL BUSINESSES: All child care programs are small businesses. The proposed rule changes have been reviewed with our Advisory Committee. There may be an anticipated savings to some providers who would no longer have to have ASTM-approved cushioning material underneath their outdoor play equipment. The Division does not anticipate any other significant costs or savings.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Since all child care programs regulated by this rule are small businesses, this rule is inapplicable for this category and there is no anticipated cost or savings to any of these entities.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The proposed rule changes have been reviewed with our Advisory Committee, and no anticipated costs or savings were identified.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This update to the rule will generate potential small savings for regulated business as requirements are simplified.

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 34030
FILED: 09/01/2010
RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: New rules for Licensed Family Child Care Providers went into effect in September of 2008. Since that time all providers have now had at least one inspection under the new rules. The purpose of this amendment is to address questions and issues that have arisen as the new rules have been implemented.

SUMMARY OF THE RULE OR CHANGE: This rule change: 1) clarifies that "over-the-counter" medication include vitamins and herbal supplements; 2) removes the requirement that there be ASTM approved cushioning material under outdoor play equipment; 3) moves the requirements for swimming pools, wading pools, hot tubs, and trampolines from the Outdoor Environment section of the rule to the Injury Prevention section of the rule to better clarify that the requirements apply whether the pool, trampoline, etc. is indoors or outdoors; 4) clarifies that the requirement that there be no strangulation, crush, shearing, and sharp edge hazards within the use zone of outdoor play equipment includes the equipment itself; 5) clarifies that the required annual training hours must be in child care related training; 6) clarifies that CPR certification must include a hands-on testing component; 7) allows a second caregiver, if the Licensee has one, to document fire and disaster drills; 8) clarifies the requirement for indoor and outdoor supervision of children; 9) clarifies the requirements related to tripping hazards, locking of firearms, and strangulation hazards; 10) replaces the requirement for child sign-in and sign-out records with a more simple daily attendance record; 11) makes the rules related to smoking more closely parallel the Utah Indoor Clean Air Act; 12) clarifies that children cannot be served foods they are allergic to, or foods brought in for another child; 13) removes the requirement for handwashing after touching a pet; 14) clarifies the medication training requirement and requires the child's name to be on the medication authorization form if a child is to be given medication; 15) allows a second qualified caregiver, if the Licensee has one, to take children on field trips; and 16) clarifies the requirement for washing toys that have been placed in a child's mouth.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 26, Chapter 39

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Training on these rules and implementation on the standards can be handled in the normal course of business. Therefore, the Division does not anticipate any cost or savings to the state budget.
♦ LOCAL GOVERNMENTS: No local governments operate in-home child care programs, therefore neither a cost or a savings is anticipated to local governments.
♦ SMALL BUSINESSES: All child care programs are small businesses. The proposed rule changes have been reviewed with our Advisory Committee. There may be an anticipated savings to some providers who would no longer have to have ASTM-approved cushioning material underneath their outdoor play equipment. The Division does not anticipate any other significant costs or savings.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Since all child care programs regulated by this rule are small businesses, this rule is inapplicable for this category and there is no anticipated cost or savings to any of these entities.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There may be an anticipated savings to some providers who would no longer have to have ASTM-approved cushioning material underneath their outdoor play equipment. The Division does not anticipate any other significant costs or savings.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This update to the rule will generate potential small savings for regulated business as requirements are simplified.

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 34019
FILED: 08/26/2010

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose for the amendment to this rule is to eliminate obsolete practices and add clarifying language to define more clearly the scope and administration of Utah Housing Corporation’s (UHC) current program offerings. The amendment reflects changes in the mortgage loan and low-income housing tax credit industries as well as efforts made to streamline and increase efficiencies in administering UHC’s various programs.

SUMMARY OF THE RULE OR CHANGE: Section R460-3-1 changes include: 1) the term “servicer” has been removed when referring to any lender with whom Utah Housing Corporation (UHC) conducts business. This reflects the fact that UHC services 100% of its own loans; 2) the rule is updated to reflect the use of current technology and to eliminate obsolete practices; 3) the rule contains deletions, clarifications, and updates to terminology and procedures utilized in conjunction with the reservation, commitment, and mortgage review process; and 4) clarification of what constitutes “Program Documents”, as well as the procedures to be followed by UHC and the lenders with whom it conducts business in the sale and purchase of eligible mortgage loans. Section R460-3-2 changes include: 1) clarification that UHC does not have a standard multifamily mortgage program. Rather, UHC relies on developer’s to engage qualified professionals to properly structure a multifamily housing project. UHC retains the right to approve or disapprove the terms of any proposed project; 2) elimination of obsolete practices regarding multifamily mortgage lenders; 3) clarify that publicly offered bonds for multifamily projects must be rated by a national rating service. The bonds may also be privately placed if approved by UHC; and 4) eliminates the section on multifamily mortgage lending as UHC no longer provides mortgage loans for multifamily projects. Section R460-3-3 verbiage has been completely deleted because UHC does not currently a home improvement loan program. The section is now “reserved”. Section R460-3-4 changes include: 1) minor wording clarifications; 2) clarification that UHC may forward-allocate federal and state low income housing tax credits to complete a credit reservation, bringing in-line with the qualified allocation plan which provides administrative procedures for the tax credit program; and 3) added clarifying language regarding the establishment and collection of tax credit program fees as well as defining the consequences of a developer being considered “not in good standing”. Section R460-3-5 changes include: 1) clarification that UHC may, when conducting its due diligence, interview individuals who have been involved with a project sponsor on a previous housing development; 2) added language to allow for UHC to obtain security for repayment of a loan in any form and amount as is reasonably necessary; 3) added language to clarify that any UHC loan funded by or subject to any state or federal program will be consistent with the rules of such program; and 4) clarification that UHC may require income limits for certain projects that may be lower than the maximum income limits. In Section R460-3-6, added language to clarify that state low-income housing tax credits may be allocated to a project in conjunction with an application for federal low-income housing tax credits or at a later date, as necessary.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 9-4-910(1) and Subsection 9-4-910(5) and Subsection 9-4-911(4)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There is no anticipated cost or savings to the state budget because the rule does not apply to the state budget because Subsection 9-4-902(11)(b) states that UHC is a “financially independent body” and therefore, receives no state appropriation. Furthermore, the changes made to this rule are merely clarifying in nature and do not entail any additional program requirements.
♦ LOCAL GOVERNMENTS: There is no cost or savings to any local government because the changes made to this rule are merely clarifying in nature. While there is clarifying language regarding fees that may be charged to developers who participate in the Low-Income Housing Tax Credit program (including local government entities such as housing authorities), no fees have been added or deleted beyond the program documents already in place and in use for the past few years.
♦ SMALL BUSINESSES: There is no cost or savings to any small businesses because the changes made to this rule are merely clarifying in nature. While there is clarifying language regarding fees that may be charged to developers who participate in the Multifamily Loan Program and/or the Low-Income Housing Tax Credit program, no fees have been added or deleted beyond those specified in the program documents already in place and in use for the past few years.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: There is no cost or savings to any other persons because the changes made to this rule are merely clarifying in nature. While there is clarifying language regarding fees that may be charged to developers who participate in the Multifamily Loan Program and/or the Low-Income Housing Tax Credit program, no fees have been added or deleted beyond the program documents already in place and in use for the past few years in those programs.
COMPLIANCE COSTS FOR AFFECTED PERSONS: There are no anticipated additional compliance costs (in addition to existing compliance costs) for persons affected by this rule.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: While there may be no demonstrable savings to be realized from the implementation of these changes, the efficiencies gained by UHC business partners through the elimination of obsolete practices and the increased use of technology may bring some incremental savings to those entities. At the least, the changes will make it easier for UHC and its business partners to more effectively fulfill UHC’s mission of providing Utahn’s with financing for affordable housing.

      (b) Mortgage lenders may submit one or more mortgage purchase agreement requests to UHC via electronic, digital or written means as specified by UHC, in which an amount of funds is requested for a specific mortgage loan that the mortgage lender is processing.[Accompanying each invitation shall be an application agreement, or other similar document, to be completed by mortgage lenders and returned to UHC within the time limit specified.]

(h) The reservation procedures may require that each mortgage lender, within a period of time to be designated by UHC, provide to UHC documentation with respect to a mortgage loan accompanied by a commitment fee in an amount specified by UHC to preserve the reservation of funds. Upon receipt of such documentation, UHC may deliver to the mortgage lender a mortgage purchase agreement for each commitment reservation made.

(3) Single-family mortgage loans.

(a) [For each] From time to time, UHC may develop individualized single-family mortgage programs designed to meet the needs of certain populations. R460-3-2. Multifamily Mortgage Programs.

(1) [Eligible mortgage lender and servicer] No Standard Program.

(a) UHC does not have a standard financing program for bond financed multifamily rental housing. It is the developer's responsibility to engage professionals to assist in obtaining adequate bond credit enhancement and in structuring a sale or placement of the bonds. UHC, as issuer, reserves the right to approve or disapprove the terms of any proposed project or the bond financing enhancement or structure. To be eligible to participate in the multifamily programs, a mortgage lender or servicer must have as one of its principal purposes the origination of mortgage loans in its usual and regular course of business and must be, or must be affiliated with, an eligible servicer under criteria established by UHC in its program documents.

(b) The sole source of repayment of the bonds, including all interest and any premiums, for a multifamily rental housing project shall be the revenue sources related to the project financed by the bonds. Neither the bonds nor any interest or premium shall constitute a general indebtedness of UHC. UHC may establish criteria that mortgage lenders and servicers must meet, relating to approved mortgagee status by the Federal Housing Administration, Rural Housing Service, Department of Veterans Affairs, the financial condition of the mortgage lender or servicer, the number of mortgage loan originations during a period specified by UHC, the length of time a mortgage loan origination office has been maintained in the state, seller/servicer approval by the Federal National Mortgage Association, or the Federal Home Loan Mortgage Corporation, the servicing history of the mortgage lender or servicer, and other criteria as UHC deems necessary to maintain a safe and sound program, and to establish that mortgage loans are a part of the mortgage lender's or servicer's usual and regular business activities and that the mortgage lender or servicer possesses the capability to make and service mortgage loans on multifamily developments.

(c) One or more national rating services must rate publicly offered bonds issued by UHC. A minimum rating as determined by UHC is required, unless specifically waived for good cause. A type of credit enhancement backing the bonds must be in place to increase the probability that the bond holders will be repaid even if the project and its underlying mortgage loan defaults. UHC reserves the right to approve all forms of credit enhancement for the bonds. With certain restrictions, UHC may permit bonds privately placed with institutional investors to be unrated. UHC may require that mortgage lenders and servicers furnish to UHC a certificate of qualification and other evidence so that UHC may request to confirm a mortgage lender's or servicer's eligibility to participate in the multifamily mortgage program.

(d) Publicly offered bonds issued by UHC shall be sold to underwriter(s) with the financial backing and capability to generate cash at closing equal to the amount of the bonds, regardless of whether the bonds have been resold to investors. UHC may appoint underwriters requested by the developer, however, UHC reserves the right to approve any underwriter, and may appoint co-underwriters, as it deems appropriate. An eligible mortgage lender and servicer shall employ and maintain qualified personnel to carry out the obligations arising under contracts with UHC.

(2) Invitation to participate or notice of availability of funds; contracts.

(a) UHC appoints bond counsel to render any opinion with respect to the tax exemption of the interest on the bonds. UHC may distribute to eligible mortgage lenders invitations to participate, notices of availability of funds or other similar documents relating to the multifamily programs in anticipation of the availability of funds. Each invitation may indicate any limitations on the aggregate principal amount of mortgage loans that may be financed under UHC's program and the approximate date that UHC expects to have funds available to finance mortgage loans.

(b) Accompanying each invitation shall be an application agreement to be completed by eligible mortgage lenders and returned to UHC within the time limit specified. Any other opinions regarding UHC that may be required by other parties to a bond transaction will be rendered by counsel appointed by UHC but paid for by the developer.

(c) UHC may require that each application agreement submitted by an eligible mortgage lender be accompanied by an application fee in an amount specified by UHC in the application agreement. The fee shall not be refunded or accrue interest payable by UHC unless otherwise specified in the invitation to participate.

(d) The application agreement and the obligations arising thereunder may not be revoked or withdrawn by the mortgage lender without the consent of UHC, but shall terminate automatically if a notice of acceptance or similar document is not marked, as evidenced by postmark, or delivered to the mortgage lender by UHC on or prior to the date as specified in the application agreement.

(e) UHC shall specify in its notice of acceptance the aggregate principal amount of mortgage loans that it agrees to finance, which amount shall constitute the commitment. All commitments are subject to the sale of bonds by UHC.

(a) UHC shall prepare a compliance monitoring plan which satisfies the requirements of section 42 of the code.

(b) Recipients of low-income housing tax credits shall provide to UHC documentation, certifications and other evidences of compliance with the provisions of section 42 of the code as required in the compliance monitoring plan or other guidance issued by the IRS.

(c) UHC may establish and collect fees payable by recipients of low income housing tax credits to cover administrative and legal expenses of UHC incurred in on-site and/or office-based physical and file compliance reviews, associated documentation, review and data input, internal and external reporting of compliance results, maintenance and updating of IT systems which support the program, or other requirements required under section 42 of the code.

(d) If an applicant for low income housing tax credits is considered not in good standing, as detailed in the allocation plan, UHC may disallow any application in which a disqualified individual or entity is participating in any way. UHC may bar individuals or entities considered not in good standing from submitting low income housing tax credit applications for a period of time not to exceed two continuous tax-credit cycles.

R460-3.5. Housing Development Program.

(1) Financial assistance to housing sponsors.

UHC may provide financial assistance to a housing sponsor for the purpose of financing the construction, development, rehabilitation, purchase or operations of residential housing.

(a) UHC shall determine that the project proposed by the housing sponsor increases or maintains the supply of affordable, well-planned, well-designed, permanent, temporary transitional or emergency housing for low and moderate income persons.

(b) The housing sponsor shall agree to provide a specified number of units of residential housing for persons whose income do not exceed the maximum income limits established by UHC. The limits shall not exceed 120% of area median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC may require that the income limits for a project be lower than the maximum income limits.

(c) The amount of the financial assistance shall not exceed the amount required to achieve financial feasibility in which UHC determines will provide affordable housing for the intended occupants of the residential housing development.

(d) In determining the amount of financial assistance, UHC shall determine that the costs, including developer fees and reserves, incurred by the housing sponsor with respect to a residential housing development, are not excessively greater than similar housing developments.

(e) The housing sponsor shall agree to the controls and procedures required by UHC to ensure that the financial assistance is used only for the approved purposes.

(f) The housing sponsor shall agree to the continued availability and affordability of the residential housing to low and moderate income persons, pursuant to an enforceable covenant running with the land which is prepared by UHC and recorded with the real estate records of the county in which the residential housing is located.

(g) UHC shall determine that the housing sponsor has the necessary competence, experience and financial capability to complete or operate the residential housing development through an internal review of a sponsor's previous projects and/or through interviews of individuals involved with the sponsor in previous projects.

(h) UHC shall require security for any loan in a form and amount as UHC determines is reasonably necessary to secure repayment. The security shall include a lien on the project property and may also include an irrevocable letter of credit, personal guarantees, security interests in unrelated real or personal property of the developer, assignments of contract rights and interests related to proposed development of the project, and/or power of attorney to replace manager, general partner or other principals of the developer. The lien on the property project may be subordinate to other financing of the project. Loans to non-profit or governmental entities are not required to be secured by personal guarantees.

(i) In the event that UHC makes a loan that is funded by or subject to any federal or state program, the terms of the loan shall be consistent with the requirements of the applicable program, notwithstanding any inconsistency with this Rule.

(j) As used herein, the "amount of financial assistance" means the principal amount of the loan together with the benefit of loan terms that are not typically available in the market, such as low (or no) interest rate, a long maturity date and/or a deferred (or no) amortization period.

(2) Financial assistance to low and moderate income persons.

UHC may provide financial assistance to low and moderate income persons for the purpose of construction, rehabilitation, [or] purchase, and/or financing of residential housing.

(a) UHC shall determine that, in order to make homeownership feasible for certain specified categories of low and moderate income persons, financial assistance is necessary to reduce the cost of constructing, rehabilitating, purchasing and/or financing the residential housing.

(b) UHC shall establish and may amend maximum income limits for low and moderate income persons eligible to
receive the financial assistance. The limits shall not exceed 120% of median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC may require that the income limits for a project be lower than the maximum income limits.

(c) The financial assistance will be provided only to assist with the construction, rehabilitation, purchase, and/or financing of residential housing which does not exceed the maximum acquisition cost and appraised value limits established by UHC. The acquisition cost of residential housing is the cost of acquiring a completed residential housing unit and shall include all amounts paid in such or in kind for all structures, fixtures, and land. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall have given public notice as required by state law.

(d) UHC may condition the financial assistance provided to the home-buyer upon its repayment, with or without interest, to UHC.

(3) UHC may agree to provide any financial assistance pursuant to such additional conditions, terms and restrictions to ensure that the financial assistance is used as specified by UHC.

(4) UHC may establish application procedures and forms of applications and may collect fees payable by housing sponsors and/or low and moderate income persons to cover administrative and legal expenses of UHC incurred in processing and reviewing applications.

(5) UHC may provide financial assistance only if sufficient funds exist for that purpose and the financial assistance can be provided without jeopardizing the financial self-sufficiency of UHC.

(6) UHC may provide financial assistance to any subsidiary of UHC for any of the purposes set forth in this rule provided the applicable conditions for such financial assistance are satisfied.

(7) For financial assistance provided under a program established by the Trustees of UHC, the general terms of the financial assistance shall be consistent with the requirements of the program and the specific terms shall be determined by the President or another officer designated by the President. For all other financial assistance, the general terms shall be determined by the Trustees and the specific terms shall be determined by the President consistent with the terms determined by the Trustees.

R460-3-6. State Low-Income Housing Tax Credit Program.

(1) Application procedures.

(a) UHC shall incorporate in the low-income housing tax credit allocation plan prepared by UHC pursuant to R460-3-4 criteria and allocation procedures that UHC will follow in administering [the State low-income housing tax credit program for the state].

(b) UHC shall designate the form of application which shall be used to request an allocation of [the State low-income housing tax credits for a proposed residential development].

(2) Reservation of credits.

(a) UHC shall evaluate all applications according to the procedures set forth in the allocation plan, however, the applications will not be scored and ranked for purposes of [allocating reserving [the State low-income housing tax credits]. A reservation of state low-income housing tax credits allocated to an applicant shall be in an amount determined by UHC and shall be based upon the facts, and circumstances, and representations contained in [the application]. UHC may reserve state low-income housing tax credits to projects either in conjunction with the reservation of federal low-income housing tax credits or at a later date to a project not yet placed-in-service that previously received a reservation of federal low-income housing tax credits.

(b) UHC may condition a reservation of state low-income housing tax credits to an applicant upon any restrictions and conditions UHC believes are consistent with the purpose and intent of the program, and those which will ensure the completion of the residential housing development.

(c) No reservation of state low-income housing tax credits may be transferred by an applicant unless the specific written approval of UHC is obtained before the proposed transfer. Any transfer shall be made in writing, with copies of all written documents provided to UHC.

(d) Applicants shall provide UHC with any information that may be requested by UHC in performing its duties and responsibilities required under the [state] low-income housing tax credit program and the allocation plan.

(3) Allocation.

(a) UHC shall enter into an agreement for the carry-over allocation of state low-income housing tax credits, or make a final allocation of state low-income housing tax credits, to applicants who have received a reservation of state low-income housing tax credits upon satisfaction to UHC of all of the conditions to the reservation of the state and federal low-income housing tax credits.

(b) As a condition to making any allocation of state low-income housing tax credits, UHC may require an applicant to make a deposit, or provide other guarantees of performance, in an amount and manner as determined by UHC to ensure the completion of the residential housing development. Circumstances under which deposits or performance guarantees will be returned or forfeited, in whole or in part, shall be made known to applicants before the collection of the deposit or performance guarantee.

(c) UHC may reserve or allocate state low-income housing tax credits in amounts that are less than amounts requested by applicants.

Replacement of Life Insurance and Annuities
NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 34026
FILED: 08/30/2010

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Members of the life insurance industry have requested there be a change in the trigger to complete the replacement notice.

SUMMARY OF THE RULE OR CHANGE: The following changes are being proposed. In Section R590-93-3, clarifies that a financed purchase is a replacement. In Sections R590-93-4 and R590-93-5, require that a replacement question be asked on the application and if the answer is "Yes" then the replacement notice is to be completed. Currently the trigger to completing the replacement notice is if there is existing insurance. In Section R590-93-9, an additional example of a violation has been added.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 31A-2-201 and Section 31A-23a-402

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Most life insurance applications include the new question. Insurers that have not included this question in their application will need to add it and then file the application form with the Insurance Department. This will create a very small increase in the department's workload.
♦ LOCAL GOVERNMENTS: This rule and its changes will have no effect on local governments since they deal solely with the relationship between the department and their life insurance licensees and their insureds and producers.
♦ SMALL BUSINESSES: The changes to this rule will have an impact on the insurance agencies in Utah that sell life insurance. It is likely to reduce time and paperwork involved in completing a replacement form.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Fewer replacement forms will need to be completed because in the past a replacement form was to be completed every time the insured applied for insurance when they already had existing coverage. Now the insured will only need to complete the replacement form when their existing coverage is being replaced. This would be a savings in time and materials for the applicant, the producer and the insurer.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Applicants, producers, and insurers will not need to complete the replacement form as often as is necessary now, which will be a small savings in time and materials.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The changes to this rule will have minimal impact on those affected by it. What impact is felt will be a small savings in time and paperwork.

This prima facie standard is not intended to increase or decrease the monitoring obligations contained in Subsection R590-93-5(1)(c). A financed purchase is a replacement.
5. "Illustration" means a presentation or depiction that includes non-guaranteed elements of a policy of life insurance over a period of years as defined in R590-177, Life Insurance Illustrations Rule.

(ii) the policy value at the end of the previous report period and at the end of the current report period;
(iii) the total amounts that have been credited or debited to the policy value during the current report period, identifying each by type, e.g., interest, mortality, expense and riders;
(iv) the current death benefit at the end of the current report period on each life covered by the policy;
(v) the net cash surrender value of the policy as of the end of the current report period; and
(vi) the amount of outstanding loans, if any, as of the end of the current report period.

8) "Replacing insurer" means the insurance company that issues or proposes to issue a new policy or contract that replaces an existing policy or contract or is a financed purchase.

9) "Registered contract" means a variable annuity contract or variable life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

10) "Replacement" means a transaction in which a new policy or contract is to be purchased, and it is known or should be known to the proposing producer, or to the proposing insurer if there is no producer, that by reason of the transaction, an existing policy or contract has been or is to be:

(a) lapsed, forfeited, surrendered or partially surrendered, assigned to the replacing insurer or otherwise terminated;
(b) converted to reduced paid-up insurance, continued as extended term insurance, or otherwise reduced in value by the use of nonforfeiture benefits or other policy values;
(c) amended so as to effect either a reduction in benefits or in the term for which coverage would otherwise remain in force or for which benefits would be paid;
(d) reissued with any reduction in cash value; or
(e) used in a financed purchase.

11) "Sales material" means a sales illustration and any other written, printed or electronically presented information created, or completed or provided by the company or producer and used in the presentation to the policy or contract holder related to the policy or contract purchased.

R590-93-4. Duties of Producers.

1) A producer who initiates an application shall submit to the insurer, or as part of the application, a statement signed by the applicant as to whether the applicant has existing policies or contracts. If the answer is "no," the producer's duties with respect to replacement are complete. In connection with or as part of each application for insurance, the applicant shall complete and the producer shall submit to the insurer the statements required in Subsection R590-93-5(3) as to:

(a) whether the applicant has existing policies or contracts; and
(b) whether the proposed insurance will replace, discontinue, or change an existing policy or contract.

2) If the applicant answered "yes" to the question regarding [existing coverage, replacement, discontinuance, or change of an existing policy or contract referred to in Subsection (1), the producer shall present [and read] to the applicant, not later than at the time of taking the application, the Notice regarding replacements in the form as described in Appendix A or other substantially similar document filed with the commissioner. However, a filing shall not be required when amendments to the Notice are limited to the omission of references not applicable to the product being sold or replaced. The Notice shall be signed by both the applicant and the producer attesting that the Notice has been read aloud by the producer or that the applicant did not wish the Notice to be read aloud, in which case the producer need not have read the Notice aloud, and left with the applicant. With respect to an electronically completed application and Notice, the producer is not required to leave a copy of the electronically completed Notice with the applicant.

3) The Notice shall list each existing policy or contract contemplated to be replaced, properly identified by name of insurer, the insured or annuitant, and policy or contract number if available; and shall include a statement as to whether each policy or contract will be replaced or whether a policy will be used as a source of financing for the new policy or contract. If a policy or contract number has not been issued by the existing insurer, alternative identification, such as an application or receipt number, shall be listed.

4) In connection with a replacement transaction the producer shall leave with the applicant at the time an application for a new policy or contract is completed the original or a copy of all sales material. With respect to electronically presented sales material, it shall be provided to the policy or contract holder in printed form no later than at the time of policy or contract delivery.

5) Except as provided in Subsection R590-93-6(3), in connection with a replacement transaction the producer shall submit to the insurer to which an application for a policy or contract is presented, a copy of each document required by this section, a statement identifying any preprinted or electronically presented company approved sales materials used, and copies of any individualized sales materials, including any illustrations related to the specific policy or contract purchased.

R590-93-5. Duties of Insurers that Use Producers.

Each insurer shall:
required by Subsection R590-93-4(5) of this rule meet the five years after the termination or expiration of the proposed policy or contract;

(b) provide to each producer a written statement of the company's position with respect to the acceptability of replacements providing guidance to its producer as to the appropriateness of these transactions;

(c) a system to review the appropriateness of each replacement transaction that the producer does not indicate is in accord with Subsection (b) above;

(d) procedures to confirm that the requirements of this rule have been met;

(e) procedures to detect transactions that are replacements of existing policies or contracts by the existing insurer, but that have not been reported as such by the applicant or producer. Compliance with this rule may include, but shall not be limited to, systematic customer surveys, interviews, confirmation letters, or programs of internal monitoring;

(2) have the capacity to monitor each producer's life insurance policy and annuity contract replacements for that insurer, and shall produce, upon request, and make such records available to the department. The capacity to monitor shall include the ability to produce records for each producer's:

(a) life replacements, including financed purchases, as a percentage of the producer's total annual sales for life insurance;

(b) number of lapses of policies by the producer as a percentage of the producer's total annual sales for life insurance;

(c) annuity contract replacements as a percentage of the producer's total annual annuity contract sales;

(d) number of transactions that are unreported replacements of existing policies or contracts by the existing insurer detected by the company's monitoring system as required by Subsection R590-93-5(1)(e); and

(e) replacements, indexed by replacing producer and existing insurer;

(3) require with or as a part of each application for life insurance or an annuity a signed statement by the applicant as to:

(a) whether the applicant has existing policies or contracts; and

(b) whether the proposed insurance will replace, discontinue, or change an existing policy or contract;

(4) require with each application for life insurance or annuity that indicates the replacement, discontinuance, or change of an existing policy or contract, a completed Notice regarding replacements as contained in Appendix A;

(5) when the applicant has existing policies or contracts, each insurer shall be able to produce copies of any sales material required by Subsection R590-93-4(5), the basic illustration and any supplemental illustrations related to the specific policy or contract that is purchased, and the producer's and applicant's signed statements with respect to financing and replacement for at least five years after the termination or expiration of the proposed policy or contract;

(6) ascertain that the sales material and illustrations required by Subsection R590-93-4(5) of this rule meet the requirements of this rule and are complete and accurate for the proposed policy or contract;

(7) if an application does not meet the requirements of this rule, notify the producer and applicant and fulfill the outstanding requirements; and

(8) maintain records in any media or by any process that accurately reproduces the actual document.

(1) Any failure to comply with this rule shall be considered a violation of 31A-23a-402. Examples of violations include:

(a) any deceptive or misleading information set forth in a sales material;

(b) failing to ask the applicant in completing the application the pertinent questions regarding existing policies or contracts and whether the proposed insurance will replace, discontinue, or change an existing policy or contract;

(c) the intentional incorrect recording of an answer;

(d) advising an applicant to respond negatively to any question regarding replacement in order to prevent notice to the existing insurer; or

(e) advising a policy or contract holder to write directly to the company in such a way as to attempt to obscure the identity of the replacing producer or company; or

(f) advising a policy or contract holder to obtain policy values from an existing policy or contract with the intent to replace the policy or contract.

(2) Policy and contract holders have the right to replace existing life insurance policies or annuity contracts after indicating in or as a part of applications for new coverage that replacement is not their intention; however, patterns of such action by policy or contract holders of the same producer shall be deemed prima facie evidence of the producer's knowledge that replacement was intended in connection with the identified transactions, and these patterns of action shall be deemed prima facie evidence of the producer's intent to violate this rule.

(3) Where it is determined that the requirements of this rule have not been met, the replacing insurer shall provide to the policy holder an in force illustration if available or a policy summary for the replacement policy or disclosure document for the replacement contract and the appropriate Notice regarding replacements in Appendix A or C.

(4) Violations of this rule shall subject the violators to penalties that may include the revocation or suspension of a producer's or company's license, monetary fines and the forfeiture of any commissions or compensation paid to a producer as a result of the transaction in connection with which the violations occurred. In addition, where the commissioner has determined that the violations were material to the sale, the insurer may be required to make restitution, restore policy or contract values and pay interest at the legal rate as provided in Title 15 of the Utah Code on the amount refunded in cash.

R590-93-12. Enforcement Date.

The commissioner will begin enforcing the revised provisions of this rule 45 calendar days after the effective date.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Because the Commission was only established in 2008, it is promulgating this rule to articulate the guidelines that will govern the Commission's operations.

SUMMARY OF THE RULE OR CHANGE: The rule provides for promulgating internal operating procedures. It also defines the conditions under which commissioners should disclose, recuse, or disqualify themselves from a judicial evaluation based on a conflict of interest. ♦ SMALL BUSINESSES: Because the Commission has no authority with respect to small businesses, there is no anticipated cost or savings to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because the Commission has no authority with respect to persons other than small businesses, businesses, or local government entities, there is no anticipated cost or savings to such entities.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The Commission assumes all statutory compliance costs. Affected persons do not assume any compliance costs.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Because the Commission does not regulate businesses, there is no fiscal impact on businesses.

R597-2-1. Internal Operating Procedures.
(1) The commission may adopt procedures governing internal operations relating to judicial performance evaluation and meeting protocol, consistent with state statute and these rules.
(2) Proposed amendments to internal operating procedures shall be submitted in writing to all members of the commission in advance of the next regular meeting, at which time a majority of the commission is required for the adoption of the amendment. Amendments become effective immediately upon ratification.

(1) Disclosure.
(a) Commissioners shall make disclosures at the monthly commission meeting prior to the first scheduled meeting at which the retention evaluation reports for a given class of judges will be discussed or, in any event, no later than the beginning of the meeting at which a particular judge's evaluation is considered.
(b) Each commissioner shall disclose to the commission any professional or personal relationship with a judge that may affect an unbiased evaluation of the judge.

(c) Relationships that may affect an unbiased evaluation of the judge include any contact or association that might influence a commissioner's ability to fairly and reasonably evaluate the performance of any judge or to assess that judge without bias or prejudice, including but not limited to:

(i) family relationships to a state, municipal, or county judge within the third degree (grandparents, parents or parents-in-law, aunts or uncles, children, nieces and nephews and their spouses);

(ii) any business relationship between the commissioner and the judge;

(iii) any personal litigation directly or indirectly involving the judge and the commissioner, the commissioner's family or the commissioner's business;

(d) A commissioner exhibits bias or prejudice when the commissioner is predisposed to decide a cause or an issue in a way that does not leave the commissioner's mind open to exercising the commissioner's duties impartially in a particular case.

(2) Recusal.

(a) As used in this rule, recusal is a voluntary act of self-disqualification by a commissioner.

(b) Recusal encompasses exclusion both from participating in the commission's evaluation of judge and from voting on whether to recommend the judge for retention.

(c) After making a disclosure, a commissioner may voluntarily recuse if the commissioner believes the relationship with the judge will affect an unbiased evaluation of the judge.

(3) Disqualification.

(a) A commissioner may move to vote on the disqualification of another commissioner if:

(i) the other commissioner makes a disclosure and does not voluntarily recuse, and that commissioner's impartiality might reasonably be questioned; or

(ii) the other commissioner does not make a disclosure, but known circumstances suggest that the commissioner's impartiality might reasonably be questioned.

(b) A motion to disqualify must be seconded in order to proceed.

(c) During the discussion concerning possible disqualification, any commissioner may raise any facts concerning another commissioner's ability to fairly and reasonably evaluate the performance of any judge without bias or prejudice.

(d) A two-thirds vote of those present is required to disqualify any commissioner.

(e) Disqualification encompasses exclusion both from participating in the commission's evaluation of a judge and from voting on whether to recommend the judge for retention.

(1) The commission enacts this rule to avoid the risk of inconsistent statements by commissioners and to maintain the credibility of the commission and the integrity of its work product.

(2) Only the commission's designated spokesperson may publicly discuss the evaluation of any particular judge or justice.

(3) No commissioner may publicly advocate for or against the retention of any particular judge or justice.

(4) Notwithstanding other provisions of this subsection, commissioners may publicly discuss the evaluation process, including but not limited to discussion of respondent groups, survey instruments, and the operation of the commission.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The rule is being changed to incorporate what the Commission has learned from the administration of pilot evaluation surveys and a pilot courtroom observation program.

SUMMARY OF THE RULE OR CHANGE: The rule explains in detail the sampling methodology for attorney survey respondents; articulates a new procedure for surveying jurors; refines the definition of litigant respondents, eliminates provisions concerning witnesses, who have been statutorily eliminated as a survey respondent group; and articulates standards to govern a courtroom observation program.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 78A-12-101 through 78A-12-206

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: Because the rule only refines and articulates elements of a program that is already established
by statute, there are no anticipated costs or savings to the state budget. While witnesses have been eliminated as a survey respondent group, there is no cost savings because the rule previously established an additional respondent group. The cost of the witness survey will pay for the additional group, resulting in no change to the budget.

♦ LOCAL GOVERNMENTS: Because the commission has no authority with respect to local government, there is no anticipated cost or savings to local government.

♦ SMALL BUSINESSES: Because the commission has no authority with respect to small businesses, there is no anticipated cost or savings to small businesses.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because the commission has no authority with respect to persons other than small businesses, businesses, or other local government entities, there is no anticipated cost or savings to these entities.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The commission assumes all compliance costs. Any affected persons do not assume compliance costs of the statute.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Because the commission does not regulate business, there is no fiscal impact on business.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of the proposed rule change is to incorporate the most recent amendments to the Federal OSHA standards.

SUMMARY OF THE RULE OR CHANGE: On 02/28/2006, OSHA published a final rule for Occupational Exposure to Hexavalent Chromium (Cr(VI)). Public Citizen Health Research Group and other parties petitioned for review of the final rule in the Third Circuit Court of Appeals. The court remanded the employee notification requirements in the rule's exposure determination provisions for further consideration. Specifically, the court directed OSHA to explain its decision to limit employee notification requirements to instances where Cr(VI) exceeds the permissible exposure limit (PEL), or else take other appropriate action with respect to that portion of the rule. After reviewing the record and reconsidering the provision in question, OSHA decided to revise the notification requirements to require employers to notify employees of all exposure test results even if there is no exposure found. OSHA then promulgated a direct final rule (DFR) requiring employee notification of any Cr(VI) exposure. OSHA also confirmed the effective date of the DFR. OSHA stated that the DFR would become effective on 06/15/2010 unless one or more significant adverse comments were submitted by a certain date. OSHA did not receive significant adverse comments on the DFR, therefore it became effective on 06/15/2010.

b. If the Division determines that an individual previously appointed as a deputy inspector is no longer employed by a company authorized to insure boilers and pressure vessels in Utah, the Division will immediately revoke that individual's appointment.

c. If the Division determines that a deputy inspector has changed employment to another company that insures boilers and pressure vessels in Utah, the Division will require the new employer or deputy inspector to submit the following:

i. A letter from the new employer:

AA. certifying that the individual is employed by that sponsoring employer; and

BB. requesting that the individual's appointment as a deputy inspector be continued;

ii. A current, valid certification as a boiler/pressure vessel inspector from the National Board; and

iii. Payment to the Division of the required fee of $20.

a. Every deputy inspector shall at all times hold a current valid certification as a boiler/pressure vessel inspector from the National Board.

b. Each deputy inspector shall immediately notify the Division if his or her National Board certification has been revoked or suspended.

c. If the Division has reason to believe that a deputy inspector's National Board certification has been revoked or suspended, the Division will obtain written verification from the National Board. IF the National Board has in fact revoked or suspended the deputy inspector's certification, the Division will revoke the inspector's appointment as a deputy inspector.

E. Scope of authority. Appointment as a deputy inspector has the limited effect of authorizing the deputy inspector to inspect boilers and pressure vessels insured by his or her sponsoring employer for compliance with engineering codes and other standards adopted by the Division in Utah Administrative Code Rule R616-2. The Division expressly does not confer any other authority to deputy inspectors. Deputy inspectors remain employees of their respective sponsoring employers and are not employees of the Division or agents of the Division for any other purpose. A deputy inspector's right to inspect any particular boiler or pressure vessel, including the deputy inspector's right of entry on the premises where the boiler or pressure vessel is located, is subject to the agreement between the sponsoring employers and the owner or operator of the boiler or pressure vessel. Appointment as a deputy inspector by the Division does not confer any right of entry independent from the terms of such agreement.

F. Inspection Standards
1. In inspecting any boiler or pressure vessel, a deputy inspector shall apply the standards and engineering codes adopted in Utah Administrative Code R616-2 - Boiler and Pressure Vessel Rules.

2. Each deputy inspector must use the Division's web-based applications to accurately record and submit all information regarding boilers and pressure vessels, including:
   a. inspection reports;
   b. scrapped and inactive items;
   c. information changes other than those requiring submission of a Change of Insurance Status Form (NB4); and
   d. a Web Issue Form (Form WIF-01) to identify any error or other issue resulting from the deputy inspector's use of the Division's web-based applications.

G. Quality Control. The Division will evaluate the performance of each deputy inspector to assure compliance with the Division's standards for boiler and pressure vessel inspections.

   1. The Division's Business Analyst will review each inspection report submitted by a deputy inspector and will report any serious errors to the Chief Boiler and Pressure Vessel Inspector ("Chief Inspector") for appropriate action.

   2. Each year, the Chief Inspector will evaluate a sample of each deputy inspector's inspections performed during that year for compliance with Division standards.

   3. In addition to the reviews undertaken pursuant to paragraph G.2. of this rule, the Chief Inspector will also investigate any observation or report of an inspection deficiency to determine whether the deputy inspector complied with Division standards and rules in performing and reporting the inspection.

H. Corrective Action, Revocation and Right to Hearing

   1. If the Chief Inspector concludes that a deputy inspector does not satisfy requirements of this rule for continued appointment as a deputy inspector or has performed an inspection in a manner that is inconsistent with Division standards, the Chief Inspector will submit a written report and a recommendation for corrective action to the Division Director.

   2. Depending on the circumstances and the seriousness of the situation, the Chief Inspector may recommend corrective action that includes;

      a. warning letter;
      b. requirements for additional training;
      c. requirements for retesting;
      d. request review by the National Board;
      e. additional supervision; and
      f. revocation of appointment as a deputy inspector.

   3. The Division Director shall forward a copy of the Chief Inspector's written report and recommendation to the deputy inspector and the sponsoring employer. The Division Director shall also schedule time and place to conduct a hearing on the matter, such hearing to be conducted as an informal adjudicative proceeding under the Utah Administrative Procedures Act. After conducting such hearing, the Division Director will issue a written decision setting forth the material facts and ordering appropriate corrective action. The Division Director shall forward a copy of the decision to the deputy inspector, sponsoring employer, and the National Board.

   4. If the deputy inspector or sponsoring employer is dissatisfied with the Division Director's decision, the inspector or sponsoring employer may seek judicial review as provided by the Utah Administrative Procedures Act.

Rule Analysis

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The Board and Division of Oil, Gas and Mining seek to repeal this rule since no further applications for natural gas well category determinations are allowed under the Natural Gas Policy Act of 1978. The Federal Energy Regulatory Commission has discontinued accepting docketed matters from states on this topic, thus the rule can be repealed.

SUMMARY OF THE RULE OR CHANGE: This rule established the procedures for natural gas well operators to seek classification of certain wells under the 1978 Natural Gas Policy Act from Oil, Gas and Mining. This rule is repealed in its entirety, since it is no longer necessary.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 40-6-5(3)

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: There are no costs or savings to the state budget since over seven years have passed since the last application under this rule was processed, and no further applications will occur.

♦ LOCAL GOVERNMENTS: There is no impact to local government by repeal of this rule, since this rule applied to certain natural gas well operators and the Division.

R649-4-2.  Applications.

1.  Following notice and hearing, the Board shall:
   1.1.  Notify the applicant of the receipt of the application;
   1.2.  Determine the completeness of the application.  If the application is incomplete in any respect, the Board shall indicate to the applicant the items to be filed which would make the application complete;
   1.3.  Assign a cause number to each application, determine a hearing date for each complete application, and notify the applicant of the cause number and hearing date;
   1.4.  Cause notice of hearing to be given.

2.  If the same applicant has filed for multiple well determinations or for multiple determinations as to any well, the published notice of hearing may include more than one well or reservoir in one notice.

R649-4-4.  Determination and Orders.

1.  Following notice and hearing, the Board shall issue a determination and order for each complete application.

2.  If no response or protest to the application is filed with the Board, an application may be considered and a determination may be made by the Director or a designated hearing examiner on the basis of sworn testimony, depositions, or affidavits, together with all exhibits, forms, and other matters properly filed with the Board.

Board. Such matters shall comprise the transcript of the hearing on which the determination is based.

3. An applicant may also request consideration and a determination by the Director or a designated hearing examiner by filing a letter with the Board agreeing that the determination can be made by the Director without the necessity of an appearance by the applicant. The Board may, however, upon its own motion, require an evidentiary hearing with sworn testimony to be held upon any application following proper notice. 2011 Antelope Island State Park
Special Mule Deer and Bighorn Sheep Hunt

NOTICE OF PROPOSED RULE
(New Rule)
DAR FILE NO.: 34024
FILED: 08/30/2010

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: During the 2010 General Session of the Utah Legislature, the following intent language was incorporated into H.B. 3: "The Legislature intends that the proceeds of the hunts for bison, deer and bighorn sheep on Antelope Island, up to the amount of $200,000, be used on Antelope Island State Park. Both conservation and regular hunts will be coordinated through a cooperative agreement between the Division of State Parks and the Division of Wildlife Resources." This language directs the Division of State Parks and Recreation to begin efforts resulting in a hunt for both mule deer and bighorn sheep during the fall of 2011.

(DAR NOTE: H.B. 3 (2010) is found at Chapter 414, Laws of Utah 2010, and was effective 07/01/2010.)

SUMMARY OF THE RULE OR CHANGE: Hunting on Antelope Island is currently authorized only for bison in accordance with Rule R651-614. Hunting of other species of wildlife which reside on Antelope Island is prohibited. Consequently, no rule exists which would authorize a hunt for mule deer and bighorn sheep, nor adequately define access limitations and hunter behavior with regards to the 2011 hunt. This is a one-time hunt for mule deer and bighorn sheep on Antelope Island during the fall of 2011.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the division's waterfowl program.

SUMMARY OF THE RULE OR CHANGE: The proposed revisions to the above listed rule adds definitions for "Baiting", "Daily Bag Limit", "Possession limit", and "Migratory bird preservation facility". The amendment also clarifies the age requirement for purchasing a federal duck stamp.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-14-18 and Section 23-14-19

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: This amendment only adds definitions and clarifies age restrictions, it does not make any changes to the process; therefore the Division of Wildlife Resources (DWR) determines that these amendments do not create a cost or savings impact to the state budget or DWR's budget, since the changes will not increase workload and can be carried out with existing budget.
♦ LOCAL GOVERNMENTS: Since this amendment has no impact on individual hunters or the local governments, the division finds that this filing does not create any direct cost or savings impact to local governments. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
♦ SMALL BUSINESSES: This amendment clarifies terms and age restrictions and therefore does not have the potential to generate a cost or savings impact to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This amendment clarifies terms and age restrictions and therefore does not have the potential to generate a cost or savings impact to sportsmen or the other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: DWR determines that this amendment will not create additional costs for those who participate in wildlife-related activities in Utah.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the division's cougar program.

SUMMARY OF THE RULE OR CHANGE: The proposed revisions to the above listed rules: 1) add definitions for "Compensation", "Dog handler", "Private lands", "Public lands", "Restricted pursuit unit", and "Written permission"; 2)
set regulations for Guides and Outfitters concerning compensation and dog use; and 3) clarify the process of removing a depredating cougar.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-14-19 and Section 23-14-18

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: This amendment adds definitions and sets the regulations for Licensed Guides and Outfitters concerning compensation and dog use; therefore, the Division of Wildlife Resources (DWR) determines that these amendments do not create a cost or savings impact to the state budget, since the changes will not increase workload and can be carried out with existing budget.
♦ LOCAL GOVERNMENTS: Since this amendment only adds definitions and regulations for Guide and Outfitter compensation, it should have little to no effect on the local government. This filing does not create any direct cost or savings impact to local governments because they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
♦ SMALL BUSINESSES: None—The amendments do not impose any additional requirements on other small businesses, nor generate a cost or savings impact to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: None—The amendments do not impose any additional requirements on other persons, nor generate a cost or savings impact to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: DWR determines that these amendments will not create additional costs for sportsmen wishing to hunt cougar in Utah. Therefore, the rule amendments do not create a cost or savings impact to individuals who participate in hunting cougar.

Currently the rule states a furbearer license permit must be purchased to use the temporary bobcat tags; therefore the amendments do not impose any additional requirements on other persons, nor generate a cost or savings impact to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: This amendment adds a requirement to purchase a furbearer license before acquiring temporary bobcat tags. Currently the rule states a furbearer license permit must be purchased to use the temporary bobcat tags. NOTICE OF PROPOSED RULE

DAR FILE NO.: 34015

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources’ (DWR) rule pursuant to fees, exchanges, surrenders, refunds, and reallocation of permits and other documents.

SUMMARY OF THE RULE OR CHANGE: The proposed revisions to this rule clarify criteria for refunding permits under certain situations and established protocol for reissuing surrendered, unissued, or unpaid for permits.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-19-1 and Section 23-19-38

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: This rule amendment clarifies certain conditions to be met in order for a permit holder to surrender his permit and receive a refund. It requires small programming changes and can be implemented with the Division’s current budget. Therefore, DWR determines that these amendments will not create any cost or savings impact to the state budget or DWR’s budget, since the changes will not increase workload and can be carried out with existing budget.

♦ LOCAL GOVERNMENTS: Since the amendment clarifies the criteria for surrendering a hunting permit and would impact only individual permit holders, this filing does not create any direct cost or savings impact to local governments since they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.

♦ SMALL BUSINESSES: This amendment clarifies criteria for hunters wishing to surrender a permit and receive a refund. It does not have an additional financial requirement on persons who wish to surrender a permit, and would not generate a cost or saving impact to small businesses.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This amendment clarifies criteria for hunters wishing to surrender a permit and receive a refund. It does not have an
additional financial requirement on persons who wish to surrender a permit, and would not generate a cost or saving impact to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: DWR determines that these amendments will not create additional costs for hunters who wish to surrender a permit under the criteria to receive a refund. Participation is voluntary and the rule amendments do not create a cost or savings impact to individuals who participate in hunting in Utah.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The amendments to this rule do not create an impact on businesses.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: The PSC has determined the current definition of "total embedded costs" used by individual Incumbents is not known by the Division of Public Utilities (the USF Administrator). Consequently, the PSC has no basis on which to calculate a change in demand on the USF or the likelihood of any resultant change in cost or savings.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The rule change only affects small, independent telecom companies (Incumbents). The new rule does not change their compliance costs. It simply clarifies the definition of a term used in determining their fund distribution.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The new definition could increase or decrease the USF support amount claimed by an Incumbent, depending on the Incumbent's present calculation method. The methods vary and are not known by the Division of Public Utilities. This change could potentially increase the level of demand upon the USF, perhaps significantly.

R746. Public Service Commission, Administration.
{A[1]} Determination of Support Amounts -- Monies from the fund will equal the numerical difference between the Incumbent telephone corporation's total embedded costs of providing public telecommunications services, for a designated support area, less the product of the Incumbent telephone corporation's Average Revenue Per Line, for the designated support area, times the Incumbent telephone corporation's active access lines in the designated support area. "Total embedded costs" shall include a weighted average rate of return on capital of the intrastate and interstate jurisdictions. For example, in the case of an Incumbent telephone corporation whose costs are allocated fifty percent to each jurisdiction and whose interstate return is 11.25 percent and whose intrastate return authorized by the Commission is 9 percent, the weighted average return on capital would be 10.125 percent.
(a) In order to determine the interstate return on capital to calculate the weighted average rate of return on capital for Incumbent telephone corporations, the Commission shall:
(i) use the prior year return reported by the National Exchange Carriers Association (NECA) to the Federal Communications Commission (FCC) on FCC Form 492 for Incumbent telephone corporations that do separations between intrastate and interstate jurisdictions under 47 CFR Part 36. In the event that the Incumbent local telephone corporation uses a future test period as provided in Utah Code Ann. Subsection 54-4-4(3)(b) (i), the interstate return for these Incumbent telephone corporations shall be the average of the actual return for the prior three years as reported on FCC Form 492.
(ii) use NECA's most recent interstate allocation computation filed at the FCC under 47 CFR Part 69.606 and the actual interstate return on capital reported by NECA as described in R746-360-8 A.1.a.i. for average schedule Incumbent telephone corporations.
(iii) use the actual interstate return of an Incumbent telephone corporation's relevant tariff group reported to the FCC in its most recent September FCC Form 492A for Incumbent telephone corporations that are regulated on a price-cap basis in the interstate jurisdiction.
{2[2]} Telecommunications corporations other than Incumbent telephone corporations - Monies from the fund will equal the respective Incumbent telephone corporation's average access line support amount for the designated support area, determined by dividing the Incumbent telephone corporation's USF monies for the designated support area by the Incumbent telephone corporation's active access lines in the designated support area, times the eligible telecommunications corporation's number of active access lines in the designated support area.
{B[2]} Lifeline Support -- Eligible telecommunications corporations shall receive additional USF funds to recover any discount granted to lifeline customers, participating in a Commission-approved Lifeline program, that is not recovered from federal lifeline support mechanisms.
{C[2]} Exemptions -- Telecommunications corporations may petition to receive an exemption for any provision of this rule or to receive additional USF support, for use in designated support areas, to support additional services which the Commission determines to be consistent with universal service purposes and permitted by law.

Off-Highway Vehicle Designations

NOTICE OF PROPOSED RULE (Amendment)
DAR FILE NO.: 33988
FILED: 08/24/2010

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The last update of this rule language occurred in 1988, several years prior to the formation of the Trust Lands Administration. Since that time, motorized recreation, and off-highway vehicle (OHV) use in particular, has increased dramatically. The growth in motorized recreation, coupled with increased restrictions on adjacent federal lands, has led to significant impacts on trust lands. Consistent with state law, this comprehensive rewrite of this rule will clarify and define the management tools available to the Agency to create a disciplined approach to motorized recreation on trust lands.

SUMMARY OF THE RULE OR CHANGE: Changes to the existing rule include: 1) all routes upon which exist a temporary public easement or a permanent public access easement are designated open to motor vehicle use where such use is permitted by state law and local ordinances and not in conflict with current leases or permits; 2) all trust lands will be closed to cross-country travel unless specifically designated as open; 3) allows director's authority to establish "Designated Use Only" areas; 4) route width designations broken down into classes; being 26" or less, 52" or less, and 52" or less, and open to all vehicle widths; 5) open routes may have date and time restrictions placed on them; 6) method of route designation set forth in rule; 7) Director's authority to close routes and areas for justified reasons; 8) off-trail game retrieval is prohibited; 9) commercial recreational use and long-term non-commercial use of trust lands exceeding 15 consecutive days require a right-of-entry permit; and 10) exemptions as listed.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 53C-1-302(1)(a)(ii) and Subsection 53C-2-301(1)(g)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: It is anticipated that there could be considerable savings to the state budget as a result of minimizing reclamation costs attributed to undisciplined OHV use.
♦ LOCAL GOVERNMENTS: The agency does not anticipate there will be much of a savings to local government as a result of minimizing the need for law enforcement, nor will they be impacted with any additional costs as a result of these rule changes.
♦ SMALL BUSINESSES: There shouldn't be any impact to small businesses, either in costs or savings, as a result of these rule changes as small businesses are already required to obtain a permit or lease for any use they might have of trust lands.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: There shouldn't be any additional costs or savings to persons other than small businesses, businesses, or local government entities beyond those already existing in rule.

COMPLIANCE COSTS FOR AFFECTED PERSONS: It is not anticipated that there would be any compliance costs associated with these rule changes beyond what already exists in rule. These changes simply better define acceptable and unacceptable OHV use of trust lands.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: It is not anticipated that this rule will have any fiscal impact on businesses. The rule regulates individual users of trust lands, and their ability to access existing roadways for recreational purposes. As such, there is no substantive interface with business interests.

AUTHORIZED BY: Kevin Carter, Director

prescribed by the board of trustees, and regulate the unauthorized use or occupation of trust land, and Subsection 41-22-10.1(2) which authorizes the agency to designate trails, streets, or highways as open to off-highway vehicle use.

[In accordance with Section 41-22-10.1 lands administered by the School and Institutional Trust Lands Administration may be designated for Off-Highway Vehicle (OHV) use by designating certain roads, trails, and areas as "open" for various classes of OHVs. Pending completion of coordination efforts and detailed designations, all lands are open to over-snow vehicle use unless the use is in conflict with the Trust Lands Administration and a second party. Existing roads and trails unless signed closed or previously designated closed, are open to OHV use so long as the use is otherwise consistent with state law and not in conflict with current leases or permits. All lands are closed to other than over-snow vehicles, until formally evaluated, at which time certain lands may be designated open.] 1. Pending detailed route designations, all routes upon which exist a temporary legal easement or right-of-way, or a permanent public access easement granted pursuant to agency rules are designated as open to motor vehicle use to the extent that such use is permitted by state law and local ordinances.

2. The agency may establish "Designated Use Only" areas.

(a) All routes within a "Designated Use Only" area are closed to motor vehicle use unless specifically designated open by the agency or authorized for a specific use through the issuance of a permit, easement, or lease.

(b) "Designated Use Only" areas may be established by the director through a written finding that such action is consistent with trust management objectives, current and projected land uses, and resource protection considerations.

3. All lands administered by the agency are closed to cross-country travel by all motor vehicles other than over-snow vehicles unless otherwise designated open or authorized for a specific use through the issuance of a permit, easement, or lease.

4. Except as authorized under Subsections (1) through (3), all trust lands are closed to motor vehicle use.

R850-110-300. Route Designations on Roads Maintained by Local Government Entities.

The agency may coordinate route designations with local government entities on routes maintained by them.

R850-110-400. Over-snow Vehicles.

All lands are open to cross-country travel by over-snow vehicles provided that:

1. the use is consistent with state law and not in conflict with current leases or permits; and

The determination of whether there is adequate snow depth to prevent resource degradation shall be at the sole discretion of the agency.

R850-110-500. Route Width Designations.

[For open routes, the agency may further be designated to allow for certain width classes of OHVs.]

1. Twenty-six inches or less. Only OHVs under 26 inches wide may utilize routes designated in this class.

2. Fifty-two inches or less. Only OHVs under 52 inches wide may utilize routes designated in this class.

3. Routes which do not have a designated width class are open to all motor vehicles, provided that the vehicle width does not exceed the existing disturbed travel surface of the route.

R850-110-600. Date and Time Restrictions.

Routes which have been designated as open to motor vehicle use or areas which have been designated by the agency as open to cross-country travel, may be restricted to allow for use only within certain times of year or times of day.

R850-110-700. Other Route or Area Restrictions.

Additional restrictions or designations other than those specifically identified by rule may be placed upon routes or areas, which have been designated as open to motor-vehicle use by the director. Such actions shall be authorized through a written finding by the director that the action is consistent with trust-management objectives, resource protection considerations, or other justified reasons.

[Tract Lands Administration lands] Travel routes may be designated as open to motor vehicle use and areas may be designated as open to cross-country travel by the director through a written finding that such action is consistent with trust-management objectives, current and projected land uses, and resource-protection considerations. Routes or areas that have been designated "Closed for OHV" to motor vehicle use by the director shall [will] be identified as specified in [Section] Subsection 41-22-10.1 [with] by posting signs or [upon] designating by map(s) or description, which will be available for public distribution. Additional designations with respect to route widths, date and time restrictions, or other restrictions shall also be identified through posted signs, map, or description. Posted signs shall conform to accepted interagency statewide OHV trail signing standards, and maps may [Maps will be used to the extent possible and will be published in cooperation with other land[[-]],management agencies [when]where practicable. Such action shall be documented in a written finding by the director. All other [roads/routes] contained within land blocks[ ] shall be designated in accordance with trust-management objectives, current and projected land use, and resource protection considerations [resource-protection requirements, multiple use concepts, trust requirements, and current and projected land use]. Coordination with counties will be made for all roads maintained by the county and with local government, to insure compliance with zoning and ordinances, unless otherwise justified.[ ]

Use of a motor vehicle for the retrieval of downed game off of a designated route is prohibited, unless located within an area which has been designated open for cross-country travel.

[Organized OHV events and long-term use, primarily OHV connected, will be allowed only upon issuance of a temporary Right of Entry or Special Use Lease in accordance with current rules. Use of OHV vehicles is authorized in connection with administration and operation of valid leases and permits as appropriate. OHV use is not authorized beyond that required for administration and operation of valid leases and permits, except as otherwise designated.] Commercial recreational use of trust lands, including competitive events or use of trust lands by commercial outfitters or tour operators, will be allowed only upon issuance of a Right-of-Entry Permit or Special Use Lease in accordance with current rules.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The proposed amendment will treat all transactions in the same manner as bundled transactions are treated under statute, and clarifies statutory definitions.

SUMMARY OF THE RULE OR CHANGE: This amendment removes language indicating that in a purchase consisting of taxable and nontaxable items, the nontaxable items must be separately stated on the invoice or the entire purchase is subject to sales tax. The standard for recording these transactions will be in the amended Section R865-19S-4. This amended section will allow the seller to separately state the nontaxable items on the invoice or be able to reasonably identify them from the books and records it keeps in its regular course of business. In addition, the proposed amendment clarifies the definitions of "installation charges" and "repair or renovation of tangible personal property". The amendment also makes technical changes.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 59-12-102 and Section 59-12-103 and Section 59-12-104

ANTICIPATED COST OR SAVINGS TO:

R986. Workforce Services, Employment Development.  
R986-200. Family Employment Program.  
R986-200-204. Eligibility Requirements.  
(1) To be eligible for financial assistance under the FEP or FEPTP a household assistance unit must include:  
   (a) a pregnant woman when it has been medically verified that she is in the third calendar month prior to the expected month of delivery, or later, and who, if the child were born and living with her in the month of payment, would be eligible. The unborn child is not included in the financial assistance payment; or  
   (b) at least one minor dependent child who is a citizen or meets the alienage criteria. All minor children age 6 to 16 must attend school, or be exempt under 53A-11-102, to be included in the household assistance unit for a financial assistance payment for that child.  
   (i) A minor child is defined as being under the age of 18 years and not emancipated by marriage or by court order; or  
   (ii) an unemancipated child, at least 18 years old but under 19 years old, with no high school diploma or its equivalent, who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and the school has verified a reasonable expectation the 18 year old will complete the program before reaching age 19.  
   (2) Households must meet other eligibility requirements of income, assets, and participation in addition to the eligibility requirements found in R986-100.  
(3) Persons who are fleeing to avoid prosecution of a felony are ineligible for financial assistance.  
(4) All clients who are required to complete a negotiated employment plan as provided in R986-200-206 must attend a FEP orientation meeting, [and] sign a FEP Agreement, and negotiate and sign an employment plan within 30 days of submitting his or her application for assistance. Attendance at the orientation meeting can only be excused for reasonable cause as defined in R986-200-212(8). The application for assistance will not be complete until the client has attended the meeting.  

If a client who is required to participate in an employment plan consistently fails, without reasonable cause, to show good faith in complying with the employment plan, the Department will terminate all or part of the financial assistance. This will apply if the Department is notified that the client has failed to cooperate with ORS as provided in R986-200-207. A termination for the reasons mentioned in this paragraph will occur only after the Department attempts reconciliation through the following process:  
(1) When an employment counselor discovers that a client is not complying with his or her employment plan, the employment counselor will attempt to discuss compliance with the client and explore solutions. The employment counselor will also send written notice of the failure to comply to the client. The notice will specify a date certain by which the client must comply and the consequences of not complying by that date. The employment counselor will attempt to discuss compliance with the client and explore solutions. If compliance is not resolved the counselor will move to the second phase.  
(2) In the second phase, the employment counselor will request a meeting with the client, the employment counselor, the counselor’s supervisor and any other Department or allied entity representatives, if appropriate, who might assist in encouraging participation. If the client does not attend the meeting, the meeting will be held in the client’s absence. A formal meeting with the client is not required for a third or subsequent occurrence. If a resolution cannot be reached, one of the following will occur: [If] compliance is not resolved by the date specified in the notice sent under subsection (1) of this section, the employment counselor will send a second written notice and initiate termination of the household financial assistance. This second notice will advise the client that the financial assistance will terminate at the end of that month unless the client resolves the problem, as provided in paragraph (2) (a) of this section. This second notice will also provide a date certain by which the compliance problems must be resolved for benefits to continue.  
   (a) [for the first occurrence, the client’s financial assistance payment will be reduced by $100 for one month. The reduction will occur in the month following the month the determination was made. If the client does not participate during the $100 reduction month, financial assistance will be terminated beginning the month following the $100 reduction month.] If the client establishes reasonable cause for not complying with the employment plan or provides required documentation by the date specified in the first or second notice, financial assistance will continue or be restored.  
   (b) [for the second occurrence, the client’s financial assistance payment will be terminated and the client will be ineligible for financial assistance for one month. If the client re-applies during the one-month termination period, the new application will be denied for non-participation. If the client re-applies after the one-month termination period, the client must successfully complete a two-week trial participation period before financial assistance will be approved.] If the compliance problem is not resolved as provided in subparagraph (a) of this subsection, the household will be ineligible for financial assistance for one full...
month. The client must then reapply for financial benefits and successfully complete a two week trial participation period before financial assistance will be approved.

(c) for the third and subsequent occurrences the client's financial assistance will be terminated beginning with the month following the determination by the employment counselor that the client is not participating. The client will be ineligible for financial assistance for two months and if the client re-applies during the two month period, the new application will be denied for non-participation. If the client re-applies after the two month termination period, the client must successfully complete a two week trial participation period before financial assistance will be approved.

(3) A client must demonstrate a genuine willingness to participate by complying with the employment plan during the two week trial period.

(4) The occurrences are life time occurrences and it does not matter how much time elapses between occurrences. If a client's assistance was reduced as provided in (2)(a) of this section three years ago, for example, the next occurrence will be treated as a second occurrence.

(5) The two week trial period may be waived only if the client has cured all previous participation compliance issues prior to re-application.

(6) The provisions of this section apply to clients who are eligible for and receiving financial assistance during an extension period as provided in R986-200-218.

(7) A child age 16-18 who is not a parent and who is not participating will be removed from the financial assistance grant on the first and all subsequent occurrences. The financial assistance will continue for other household members provided they are participating. If the child successfully completes a two week trial period, the child will be added back on to the financial assistance grant.

(8) If a client is also receiving food stamps and the client is disqualified for non-participation under this section, the client will also be subject to the food stamp sanctions found in 7CFR 273.7(f)(2) unless the client meets an exemption under food stamp regulations.

R986-200-231. Assets That Are Not Counted (Exempt) for Eligibility Purposes.

The following are not counted as an asset when determining eligibility for financial assistance:

1. The home in which the family lives, and its contents, unless any single item of personal property has a value over $1,000, then only that item is counted toward the $2,000 limit. If the family owns more than one home, only the primary residence is exempt and the equity value of the other home is counted;

2. The value of the lot on which the home stands is exempt if it does not exceed the average size of residential lots for the community in which it is located. The value of the property in excess of an average size lot is counted if marketable;

3. Water rights attached to the home property are exempt;

4. Motorized vehicles;

5. With the exception of real property, the value of income producing property necessary for employment;

6. The value of any reasonable assistance received for post-secondary education;

7. Bona fide loans, including reverse equity loans;

8. Per capita payments or any asset purchased with per capita payments made to tribal members by the Secretary of the Interior or the tribe. Any asset purchased with profit distributions or income to tribal members derived from tribal owned casinos and privately owned land is countable;

9. Maintenance items essential to day-to-day living;

10. Life estates;

11. An irrevocable trust where neither the corpus nor income can be used for basic living expenses;

12. For refugees, as defined under R986-300-303(1), assets that remain in the refugee's country of origin are not counted;

13. One burial plot per member of the household. A burial plot is a burial space and any item related to repositories used for the remains of the deceased. This includes caskets, concrete vaults, urns, crypts, grave markers, etc. If the individual owns a grave site, the value of which includes opening and closing, the opening and closing is also exempt;

14. A burial/funeral fund up to a maximum of $1,500 per member of the household;

(a) The value of any irrevocable burial trust is subtracted from the $1,500 burial/funeral fund exemption. If the irrevocable burial trust is valued at $1,500 or more, it reduces the burial/funeral fund exemption to zero.

(b) After deducting any irrevocable burial trust, if there is still a balance in the burial/funeral fund exemption amount, the remaining exemption is reduced by the cash value of any burial contract, funeral plan, or funds set aside for burial up to a maximum of $1,500. Any amount over $1,500 is considered an asset;

15. Any interest which is accrued on an exempt burial contract, funeral plan, or funds set aside for burial is exempt as income or assets. If an individual removes the principal or interest and uses the money for a purpose other than the individual's burial expenses, the amount withdrawn is countable income; and

16. Any other property exempt under federal law.

(1) Unearned income is income received by an individual for which the individual performs no service.

2. Countable unearned income includes:

(a) Pensions and annuities such as Railroad Retirement, Social Security, VA, Civil Service;

(b) Disability benefits such as sick pay and workers' compensation payments unless considered as earned income;

(c) Unemployment insurance, except, starting March 1, 2009 and continuing as long as it is authorized by Congress and not counted for food stamps, the $25 supplemental weekly Unemployment Compensation payment authorized by the American
Recovery and Reinvestment Act of 2009 (ARRA) will not be countable unearned income; (d) strike or union benefits; (e) VA allotment; (f) income from the GI Bill; (g) assigned support retained in violation of statute is counted when a request to do so has been generated by ORS; (h) payments received from trusts made for basic living expenses; (i) payments of interest from stocks, bonds, savings, loans, insurance, a sales contract, or mortgage. This applies even if the payments are from the sale of an exempt home. Payments made for the down payment or principal are counted as assets; (j) inheritances; (k) life insurance benefits; (l) payments from an insurance company or other source for personal injury, interest, or destroyed, lost or stolen property unless the money is used to replace that property; (m) cash contributions from any source including family, a church or other charitable organization; (n) rental income if the rental property is managed by another individual or company for the owner. Income from rental property managed by someone in the household assistance unit is considered earned income; (o) financial assistance payments received from another state or the Department from another type of financial assistance program including a diversion payment; and (p) payments from Job Corps and Americorps living allowances.

3 Unearned income which is not counted (exempt);
(a) cash gifts for special occasions which do not exceed $30 per quarter for each person in the household assistance unit. The gift can be divided equally among all members of the household assistance unit;
(b) bona fide loans, including reverse equity loans on an exempt property. A bona fide loan means a loan which has been contracted in good faith without fraud or deceit and genuinely endorsed in writing for repayment;
(c) the value of food stamps, food donated from any source, and the value of vouchers issued under the Women Infants and Children program;
(d) any per capita payments made to individual tribal members by either the secretary of interior or the tribe are excluded. Profit distributions or income to tribal members derived from tribal owned casinos and privately owned land are countable income; (e) any payments made to household members that are declared exempt under federal law; (f) the value of governmental rent and housing subsidies, federal relocation assistance, or EA issued by the Department; (g) money from a trust fund to provide for or reimburse the household for a specific item NOT related to basic living expenses. This includes medical expenses and educational expenses. Money from a trust fund to provide for or reimburse a household member for basic living expenses is counted; (h) travel and training allowances and reimbursements if they are directly related to training, education, work, or volunteer activities; (i) all unearned income in-kind. In-kind means something, such as goods or commodities, other than money; (j) thirty dollars of the income received from rental income unless greater expenses can be proven. Expenses in excess of $30 can be allowed for: (i) taxes; (ii) attorney fees expended to make the rental income available; (iii) upkeep and repair costs necessary to maintain the current value of the property; and (iv) interest paid on a loan or mortgage made for upkeep or repair. Payment on the principal of the loan or mortgage cannot be excluded; (k) if meals are provided to a roomer/boarder, the value of a one-person food stamp allotment for each roomer/boarder; (l) payments for energy assistance including H.E.A.T payments, assistance given by a supplier of home energy, and in-kind assistance given by a private non-profit agency; (m) federal and state income tax refunds and earned income tax credit payments; (n) payments made by the Department to reimburse the client for education or work expenses, or a CC subsidy;
(o) income of an SSI recipient. Neither the payment from SSI nor any other income, including earned income, of an SSI recipient is included;
(p) payments from a person living in the household who is not included in the household assistance unit, as defined in R986-200-205, when the payment is intended and used for that person's share of the living expenses;
(q) educational assistance and college work study except Veterans Education Assistance intended for family members of the student, living stipends and money earned from an assistantship program is counted as income; and (r) for a refugee, as defined in R986-300-303(1), any grant or assistance, whether cash or in-kind, received directly or indirectly under the Reception and Placement Programs of Department of State or Department of Justice.

(1) FEP SE is a voluntary program providing short term subsidized employment for a maximum of three months to an eligible FEP recipient. FEP SE is a pilot program for Wasatch Front North Service Area but may be expanded to other service areas if funding permits. To be eligible, a FEP recipient must:

(b) have a current employment plan. If the client is working less than 30 hours per week, the employment plan must provide additional activities;
(c) be legally eligible to work in the U.S. and be a U.S. citizen or meet the alienage requirements of R986-200-203;
(d) have not worked for the employer where the client is to be hired under this program more than 40 hours in the 60 days immediately preceding the date of hire under the FEP SE program; and
(e) have not previously participated in the FEP SE program.
(2) An employer eligible for a subsidy under this section is an employer that:

A public institution of higher education is considered a "qualified employer" for purposes of this section. FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION
CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule was enacted under the provisions of Title 79 (Natural Resources), Chapter 4 (Parks and Recreation), Section 204 (Division authorized to enter into contracts and agreements): 79-4-204. Division authorized to enter into contracts and agreements. (1) The division, with the approval of the executive director and the governor, may enter into contracts and agreements with the United States, a United States agency, any other department or agency of the state, semipublic organizations, and with private individuals to: (a) improve and maintain state parks and recreational grounds and the areas administered by the division; and (b) secure labor, quarters, materials, services, or facilities according to procedures established by the Division of Finance. (2) All departments, agencies, officers, and employees of the state shall give to the division the consultation and assistance that the division may reasonable request. Rule R651-635 was enacted to address the issue of providing visitor recreation services, event, and other approved commercial activities in the managed park areas through the process of concession contracts, service agreements, and special use permits with private commercial businesses. This rule further provides that commercial activity shall not take place in managed park areas without "specific written authorization". The rule stipulates there are to be written forms of authorization (contracts, agreements permits, leases, right-of-way, etc.) and that these documents are not valid unless signed by authorized Division of State Parks and Recreation personnel.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No comments have been received.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: It is critical for this rule to be continued so that the mechanisms for conducting commercial activities in the park managed areas may continue to be used. In addition, this rule restricts commercial activities to only those that receive "specific written authorization" and thereby provides for protection from commercial competition for those authorized to conduct commercial activities and business in managed park areas. No comments received in opposition to the rule.

State law provides for agencies to make their rules effective and enforceable after publication in the Utah State Bulletin. In the case of Proposed Rules or Changes in Proposed Rules with a designated comment period, the law permits an agency to file a notice of effective date any time after the close of comment plus seven days. In the case of Changes in Proposed Rules with no designated comment period, the law permits an agency to file a notice of effective date on any date including or after the thirtieth day after the rule's publication date. If an agency fails to file a Notice of Effective Date within 120 days from the publication of a Proposed Rule or a related Change in Proposed Rule the rule lapses and the agency must start the rulemaking process over.

The rules are indexed by Agency (Code Number) and Keyword (Subject).

Questions regarding the index and the information it contains should be addressed to Nancy Lancaster (801-538-3218), Mike Broschinsky (801-538-3003), or Kenneth A. Hansen (801-538-3777).
