NOTICES OF
PROPOSED RULES

A state agency may file a Proposed Rule when it determines the need for a new rule, a substantive change to an existing rule, or a repeal of an existing rule. Filings received between December 15, 2012, 12:00 a.m., and December 31, 2012, 11:59 p.m., are included in this, the January 15, 2013, issue of the Utah State Bulletin.

In this publication, each Proposed Rule is preceded by a Rule Analysis. This analysis provides summary information about the Proposed Rule including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the Rule Analysis, the text of the Proposed Rule is usually printed. New rules or additions made to existing rules are underlined (e.g., example). Deletions made to existing rules are struck out with brackets surrounding them (e.g., [example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (........) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not printed. If a Proposed Rule is too long to print, the Division of Administrative Rules will include only the Rule Analysis. A copy of each rule that is too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on Proposed Rules published in this issue of the Utah State Bulletin until at least February 14, 2013. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the Rule Analysis. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific Proposed Rule. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through May 15, 2013, the agency may notify the Division of Administrative Rules that it wants to make the Proposed Rule effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a Change in Proposed Rule in response to comments received. If the Division of Administrative Rules does not receive a Notice of Effective Date or a Change in Proposed Rule, the Proposed Rule lapses and the agency must start the process over.

The public, interest groups, and governmental agencies are invited to review and comment on Proposed Rules. Comment may be directed to the contact person identified on the Rule Analysis for each rule.

Proposed Rules are governed by Section 63G-3-301; Rule R15-2; and Sections R15-4-3, R15-4-4, R15-4-5, R15-4-9, and R15-4-10.

R277-484-7. Adjustments to Summary Statistics Based on Compliance Audits.
A. For the purpose of allocating MSP funds and projecting enrollment, LEA level aggregate membership and fall enrollment counts may be modified by the USOE on the basis of the values in the Membership and Enrollment audit reports, respectively, when an audit report review team comprising at least three members of the Finance and Statistics and Charter School sections agree that an adjustment is warranted by the evidence of an audit:
   (1) the audit report review team shall make its determination within five working days of the authorized audit report deadline;
   (2) values can only be adjusted downward when audit reports are received after the authorized deadlines.

A. If an LEA fails to submit a report by its deadline as specified in Section 3, the USOE shall stop the MSP fund transfer process on the day after the deadline, unless the LEA has obtained an extension of the deadline in accordance with the procedure described in Section 4, to the following extent:
   (1) 10% of the total monthly MSP transfer amount in the first month, 25% in the second month, and 50% in the third and subsequent months for any report other than June 15 Immunization Status report.
   (2) Loss of up to 1.0 WPU from Kindergarten or Grades 1-12 programs, depending on the grade level and aggregate membership of the student, in the current year Mid Year Update for each student whose prior year immunization status was not accounted for in accordance with Utah Code 53A-11-301 as of June 15.
B. If the USOE has stopped the MSP fund transfer process for an LEA, the USOE shall:
   (1) upon receipt of a late report from that LEA, restart the transfer process within the month (if the report is submitted by 10:00 a.m. on or before the tenth working day of the month) or in the following month (if the report is submitted after 10:00 a.m. on or after the tenth working day of the month); and
   (2) inform the appropriate Board Committee at its next regularly scheduled Committee meeting.
   (3) inform the chair of the governing board if LEA staff are not responsive in correcting ongoing problems with data.

A. The USOE may provide limited or extensive data sets for research and analysis purposes to qualified researchers or organizations.
   (1) A reasonable method shall be used to qualify researchers or organizations to receive data, such as evidence that a research proposal has been approved by a federally recognized Institutional Review Board (IRB).
(2) A standardized, de-identified research data package shall be prepared each year by the USOE for qualified researchers to systematically protect individual student data.

(3) The USOE is not obligated to fill every data request and may develop procedures to determine which requests will be filled or to assign priorities to multiple requests. The USOE/Board understands that it will respond in a timely manner to all requests submitted under Section 63G 2-101 et seq., Government Records Access and Management Act.

(a) In filling data requests, higher priority shall be given to requests that will help improve instruction in Utah's public schools.

(b) In filling data requests, higher priority shall be given to requests from universities, colleges, schools, faculty, students and government entities residing in Utah.

(4) A fee may be charged to prepare data or to deliver data, particularly if the preparation requires original work. The USOE shall comply with Section 63G 2-203 in assessing fees.

(5) The researcher or organization shall provide a copy of the report or publication produced using USOE data to USOE at least 10 business days prior to the public release.

B. Student information

(1) Requests for data that disclose student information shall be provided in accordance with the Family Educational Rights and Privacy Act (FERPA), 34 CFR 99.31(a)(6), so that:

(a) the individual data is de-identified, meaning it is not possible to trace the data to an actual student.

(b) the recipient of student data shall agree to not report or publish data in a manner that discloses a student's identity. For example, reporting test scores for a race subgroup that has a count, also known as a n-size, less than 10 could enable someone to identify the actual students and shall not be published.

C. Licensed educator information

(1) The USOE shall provide information about licensed educators maintained in the CACTUS database that is required under Section 63G 2-301(2).

(2) Additional information/data may be released by the USOE consistent with the purposes of CACTUS, the confidentiality protections accepted by requestor(s), and the benefit that the research may provide for public education in Utah, as determined by the USOE.

D. Recipients of USOE research data shall sign a USOE non-disclosure agreement if required by the USOE.

   (1) The review is necessary to ensure that nonresident applicants’ training satisfies Utah's course and curriculum standards.

SUMMARY OF THE RULE OR CHANGE: The existing Rule R612-1 will be repealed in its entirety. The substance of the existing rule will be reenacted in new Rules R612-100 and R612-200. (DAR NOTE: The proposed new Rule R612-100 is under DAR No. 37124, and the proposed new Rule R612-200 is under DAR No. 37125 in this issue, January 15, 2013, of the Bulletin.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 34A-1-104 et seq. and Section 34A-2-101 et seq. and Section 34A-3-101 et seq. and Section 63G-4-102 et seq.

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Because the substantive provisions of the existing rule will be reenacted as a new rule, repeal of the existing rule will not result in costs or savings to the state budget.
♦ LOCAL GOVERNMENTS: Because the substantive provisions of the existing rule will be reenacted as a new rule, repeal of the existing rule will not result in costs or savings to local government.
♦ SMALL BUSINESSES: Because the substantive provisions of the existing rule will be reenacted as a new rule, repeal of the existing rule will not result in costs or savings to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because the substantive provisions of the existing rule will be reenacted as a new, repeal of the existing rule will not result in costs or savings to other affected persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The repeal of existing Rule R612-1 and reenactment of its substantive provisions in Rules R612-100 and R612-200 will not change interested parties’ rights or duties and will not impose any compliance costs on affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The repeal of existing Rule R612-1, coupled with reenactment of the rule’s substantive provisions in the new Rules R612-100 and R612-200, is intended to make the rule easier to find and use by businesses and all other stakeholders in the workers’ compensation system. The Commission does not anticipate that the improved organization of these rules will result in any fiscal impact on businesses.

The employer must maintain the employee's injury report (Form 122) and health records on site for first aid treatment.

First aid, as defined in a through m, does not include any work injuries resulting in:

A. Interest must be paid on each benefit payment which comprises the award from the date that payment would have been due and payable at the rate of 5% per annum.

B. For the purpose of interest calculation, benefits shall become "due and payable" as follows:

1. Temporary total compensation shall be due and payable within 21 days of the date of the accident.
2. Permanent partial compensation shall be due and payable on the next day following the termination of a temporary total disability. However, where the condition is not fixed for rating purposes, the interest shall commence from the date the permanent partial impairment can be medically determined.
3. Permanent partial or permanent total disability compensation payable by the Employers' Reinsurance Fund or the Uninsured Employers' Fund shall be due and payable as soon as reasonably practical after an order is issued.

R612-1-6. Issuance of Checks.

A. Any entity issuing compensation checks or drafts must make those checks/drafts payable directly to the injured worker and must mail them directly to the last known mailing address of the injured worker, with the following exceptions:

1. If the employer provides full salary to the injured worker in return for the worker's compensation benefits, the check may be mailed to the worker at the place of employment.
2. If the employer coordinates other benefits with the worker's compensation benefits, the check may be mailed to the worker at the place of employment.
3. In no case may the check be made out to the employer.
4. Where attorney fees are involved, a separate check should be issued to the worker's attorney in the amount approved or ordered by the Commission, unless otherwise directed by the Commission. Payment of the worker's attorney by issuing a check payable to the worker and his attorney jointly constitutes a violation of this rule.

A. Upon receiving a claim for workers' compensation benefits, the insurance carrier or self-insured employer shall promptly investigate the claim and begin payment of compensation within 21 days from the date of notification of a valid claim or the insurance carrier or self-insured employer shall send the claimant and the division written notice on a division form or letter containing similar information, within 24 days of notification, that further investigation is needed stating the reason(s) for further investigation. Each insurance carrier or self-insured employer shall complete its investigation within 45 days of receipt of the claim and shall commence the payment of benefits or notify the claimant and division in writing that the claim is denied and the reason(s) why the claim is being denied.

B. The payment of compensation shall be considered overdue if not paid within 21 days of a valid claim or within the 45 days of investigation unless denied.

C. Failure to make payment or to deny a claim within the 45 day time period without good cause shall result in a referral of the insurance company to the Insurance Department for appropriate disciplinary action and may be cause for revocation of the self-insurance certification for a self-insured employer. Good cause is defined as:

1. Failure by an employee claiming benefits to sign requested medical releases;
2. Injury or occupational disease did not occur within the scope of employment;
3. Medical information does not support the claim;
4. Claim was not filed within the statute of limitations;
5. Claimant is not an employee of the employer he/she is making a claim against;
6. Claimant has failed to cooperate in the investigation of the claim;
7. A pre-existing condition is the sole cause of the medical problem and not the claimed work-related injury or occupational disease;
8. Tested positive for drugs or alcohol; or
9. Other—a very specific reason must be given.

D. If an insurance carrier or self-insured employer begins payment of benefits on an investigation basis so as to process the claim in a timely fashion, a later denial of benefits based on newly-discovered information may be allowed.

A. This rule governs responsibility for payment of workers' compensation benefits for industrial accidents when:

1. The worker's ultimate entitlement to benefits is not in dispute; but

2. If the employer coordinates other benefits with the worker's compensation benefits, the check may be mailed to the worker at the place of employment.
3. In no case may the check be made out to the employer.
4. Where attorney fees are involved, a separate check should be issued to the worker's attorney in the amount approved or ordered by the Commission, unless otherwise directed by the Commission. Payment of the worker's attorney by issuing a check payable to the worker and his attorney jointly constitutes a violation of this rule.
The Commission does not interpret the code section to eliminate the requirement that a finding by the Commission in permanent and total disability shall in all cases be tentative and not final until rehabilitation training and/or evaluation has been accomplished.

1. In the event that the Social Security Administration or its designee has made, or is in the process of making, a determination of disability under the foregoing process, the Commission may use this information in lieu of instituting the process on its own behalf.

2. In evaluating industrial claims in which the injured worker has qualified for Social Security disability benefits, the Commission will determine if a significant cause of the disability is the claimant's industrial accident or some other unrelated cause or causes.

3. To make a tentative finding of permanent total disability the Commission incorporates the rules of disability determination in 20 CFR 404.1520, amended April 1, 1993. The sequential decision-making process referred to requires a series of questions and evaluations to be made in sequence. In short, these are:

   a. Is the claimant engaged in a substantial gainful activity?
   b. Does the claimant have a medically severe impairment?
   c. Does the severe impairment meet or equal the durations of the listed impairments in 20 CFR Subpart P Appendix 1, amended April 1, 1993, and the listed requirements in 20 CFR Subpart P Appendix 2, amended April 1, 1993?
   d. Does the impairment prevent the claimant from doing past relevant work?
   e. Does the impairment prevent the claimant from doing any other work?

4. After the Commission has made a tentative finding of permanent total disability:

   a. In those cases arising after July 1, 1994, the Commission shall order initiation of payment of permanent total disability compensation;
   b. the Commission shall review a summary of reemployment activities undertaken pursuant to the Utah Injured Worker Reemployment Act, as well as any qualified reemployment plan submitted by the employer or its insurance carrier;
   c. unless otherwise stipulated, the Commission shall hold a hearing to consider the possibility of rehabilitation and reemployment of the claimant pending final adjudication of the claim;
   d. After a hearing, or waiver of the hearing by the parties, the Commission shall issue an order finding or denying permanent total disability;
   e. unless otherwise stipulated, the Commission shall hold a hearing to consider the possibility of rehabilitation and reemployment of the claimant pending final adjudication of the claim;
   f. If the applicant is not engaged in a substantially gainful activity, the Commission shall order initiation of payment of permanent total disability benefits.

5. A finding of a substantial severe impairment upon the evidence and with due consideration of the vocational factors in combination with the residual functional capacity which the Commission incorporates as published in 20 CFR 404 Subpart P Appendix 2, amended April 1, 1993.

C. For permanent total disability claims arising on or after May 1, 1995, Section 34A-2-413 requires a two-step adjudicative process. First, the Commission must make a preliminary determination whether the applicant is permanently and totally disabled. If so, the Commission will proceed to the second step, in which the Commission will determine whether the applicant can be reemployed or rehabilitated.

1. First Step—Preliminary Determination of Permanent Total Disability: On receipt of an application for permanent total disability compensation, the Adjudication Division will assign an Administrative Law Judge to conduct evidentiary proceedings to determine whether the applicant's circumstances meet each of the elements set forth in Subsections 34A-2-413(1)(b) and (c).
(a) If the ALJ finds the applicant meets each of the elements set forth in Subsections 34A-2-413(4)(b) and (c), the ALJ will issue a preliminary determination of permanent total disability and shall order the employer or insurance carrier to pay permanent total disability compensation to the applicant pending completion of the second step of the adjudication process. The payment of permanent total disability compensation pursuant to a preliminary determination shall commence as of the date established by the preliminary determination and shall continue until otherwise ordered.

(b) A party dissatisfied with the ALJ’s preliminary determination may obtain additional agency review by either the Labor Commissioner or Appeals Board pursuant to Subsection 34A-2-801(3). If a timely motion for review of the ALJ’s preliminary determination is filed with either the Labor Commissioner or Appeals Board, no further adjudicative or enforcement proceedings shall take place pending the decision of the Commissioner or Board.

(c) A preliminary determination of permanent total disability by the Labor Commissioner or Appeals Board is a final agency action for purposes of appellate judicial review.

(d) Unless otherwise stayed by the Labor Commissioner, the Appeals Board, or an appellate court, an appeal of the Labor Commissioner’s or Appeals Board’s preliminary determination of permanent total disability shall not delay the commencement of “second step” proceedings discussed below or payment of permanent total disability compensation as ordered by the preliminary determination.

(e) The Commissioner or Appeals Board shall grant a request for stay if the requesting party has filed a petition for judicial review and the Commissioner or Appeals Board determine that:

(i) the requesting party has a substantial possibility of prevailing on the merits;

(ii) the requesting party will suffer irreparable injury unless a stay is granted; and

(iii) the stay will not result in irreparable injury to other parties to the proceeding.

2. Second Step—Reemployment and Rehabilitation—Pursuant to Subsection 34A-2-413(6), if the first step of the adjudicative process results in a preliminary finding of permanent total disability, an additional inquiry must be made into the applicant’s ability to be reemployed or rehabilitated, unless the parties waive such additional proceeding.

(a) The ALJ will hold a hearing to consider whether the applicant can be reemployed or rehabilitated.

(i) As part of the hearing, the ALJ will review a summary of reemployment activities undertaken pursuant to the Utah Injured Worker Reemployment Act.

(ii) The employer or insurance carrier may submit a reemployment plan meeting the requirements set forth in Subsection 34A-2-413(6)(a)(ii) and Subsections 34A-2-413(6)(b)(i) through (iii).

(b) Pursuant to Subsection 34A-2-413(4)(b) the employer or insurance carrier may not be required to pay disability compensation for any combination of disabilities of any kind in excess of the amount of compensation payable over the initial 312 weeks at the applicable permanent total disability compensation rate.

(i) Any overpayment of disability compensation may be recouped by the employer or insurance carrier by reasonably offsetting the overpayment against future liability paid before or after the initial 312 weeks.

(ii) An advance of disability compensation to provide for an employee’s subsistence during the rehabilitation process is subject to the provisions of Subsection 34A-2-412(4)(b) described in subsection 2(b) above, but can be funded by reasonably offsetting the advance of disability compensation against future liability normally paid after the initial 312 weeks.

(iii) To fund an advance of disability compensation to provide for an employee’s subsistence during the rehabilitation process, a portion of the stream of weekly disability compensation payments may be discounted from the future to the present to accommodate payment. Should this be necessary, the employer or insurance carrier shall be allowed to reasonably offset the amounts paid against future liability payable after the initial 312 weeks. In this process, care should be exercised to reasonably minimize adverse financial impact on the employer.

(iv) In the event the parties cannot agree as to the reasonableness of any proposed offset, the matter may be submitted to an ALJ for determination.

(c) Subsections 34A-2-413(7) and (9) require the applicant to fully cooperate in any evaluation or reemployment plan. Failure to do so will result in dismissal of the applicant’s claim or reduction or elimination of benefit payments including disability compensation and subsistence allowance amounts, consistent with the provisions of Section 34A-2-413(7) and (9).

(d) Subsection 34A-2-412(6) requires the employer or its insurance carrier to diligently pursue any proffered reemployment plan. Failure to do so will result in a final award of permanent total disability compensation to the applicant.

(e) If, after the conclusion of the foregoing “second step” proceeding, the ALJ concludes that successful rehabilitation is not possible, the ALJ shall enter a final order for continuing payment of permanent total disability compensation. The period for payment of such compensation shall commence on the date the employee became permanently and totally disabled, as determined by the ALJ.

(f) Alternatively, if after the conclusion of the “second step” proceeding, the ALJ concludes that successful rehabilitation and/or reemployment is possible, the ALJ shall enter a final order to that effect, which order shall contain such direction to the parties as the ALJ shall deem appropriate for successful implementation and continuation of rehabilitation and/or reemployment. As necessary under the particular circumstances of each case, the ALJ’s final order shall provide for reasonable offset of payments of any disability compensation that constitute an overpayment under Subsection 34A-2-413(4)(b).

(g) The ALJ’s decision is subject to all administrative and judicial review provided by law.

D. For purposes of this rule, the following standards and definitions apply:

1. Other work reasonably available—Subject to medical restrictions and other provisions of the Act and rules, other work is reasonably available to a claimant if such work meets the following criteria:

a. The work is either within the distance that a resident of the claimant’s community would consider to be a typical or acceptable commuting distance, or is within the distance the claimant was traveling to work prior to his or her accident.

b. The work is regular, steady, and readily available, and

c. The work provides a gross income at least equivalent to:

A. Within one week following the initial examination of an industrial patient, nurse practitioners, physicians, and chiropractors shall file “Form 123—Physicians’ Initial Report” with the carrier/self-insured employer, employee, and the division. This form is to be completed in as much detail as feasible. Special care should be used to make sure that the employee’s account of how the accident occurred is completely and accurately reported. All questions are to be answered or marked “N/A” if not applicable in each particular instance. All addresses must include city, state, and zip code. If modified employment in #29 is marked “yes,” the remarks in #29 must reflect the particular restrictions or limitations that apply, whether as to activity or time per day or both. Estimated time loss must also be given in #29. If “Findings of Examination” (#17) do not correctly reflect the coding used in billing, a reduction of payment may be made to reflect the proper coding. A physician, chiropractor, or nurse practitioner is to report every initial visit for which a bill is generated, including first aid, when a worker reports that an injury or illness is work related. All initial treatment, beyond first aid, that is provided by any health care provider other than a physician, chiropractor, or nurse practitioner must be countersigned by the supervising physician and reported on Form 123 to the Industrial Accidents Division and the insurance carrier or self-insured employer.

B. 1. Any medical provider billing under the restorative services section of the Labor Commission’s adopted Resource-Based Relative Value Scale (RBRVS) or the Medical Fee Guidelines shall file the Restorative Services Authorization (RSA) form with the insurance carrier or self-insured employer (payer) and the division within ten days of the initial evaluation.

2. Upon receipt of the provider’s RSA form, the payer has ten days to respond, either authorizing a specified number of visits or denying the request. No more than eight visits may be incurred during the authorization process.

3. After the initial RSA form is filed with the payer and the division, an updated RSA form must be filed for approval or denial at least every six visits until a fixed state of recovery has been achieved as evidenced by either subjective or objective findings. If the medical provider has filed the RSA form per this rule, the payer is responsible for payment, unless compensability is denied by the payer. In the event the payer denies the entire compensability of a claim, the payer shall so notify the claimant, provider, and the division, after which the provider may then bill the claimant.

4. Any denial of payment for treatment must be based on a written medical opinion or medical information. The denial notification shall include a copy of the written medical opinion or information from which the denial was based. The payer is not liable for payment of treatment after the provider, claimant, and division have been notified in writing of the denial for authorization to pay for treatment. The claimant may then become responsible for payment.

5. Any dispute regarding authorization or denial for treatment will be determined from the date the division received the RSA form or notification of denial for payment of treatment.

6. The claimant may request a hearing before the Division of Adjudication to resolve compensability or treatment issues.

7. Subjective objective assessment plan/procedure (SOAP notes) or progress notes are to be sent to the payer in addition to the RSA form.

8. Any medical provider billing under the Restorative Services Section of the RBRVS or the Commissioner’s Medical Fee Guidelines who fails to submit the required RSA form shall be limited to payment of up to eight visits for a compensable claim. The medical
R612-2-4. Hospital or Surgery Pre-Authorization.

Any ambulatory surgery or inpatient hospitalization other than a life or limb threatening admission, allegedly related to an industrial injury or occupational disease, shall require pre-authorization by the employer's insurance carrier. Within two working days of a telephone request for pre-authorization, the employer/insurance carrier shall notify the physician and employee of approval or denial of the surgery or hospitalization, or that a medical examination or review is going to be obtained. The medical examination review must be conducted without undue delay, which in most circumstances would be considered less than thirty days. If the request for pre-authorization is made in writing, the employer/insurance carrier shall have four days from receipt of the request to notify the physician and employee. If the employee chooses to be hospitalized and/or to have the surgery prior to such preauthorization or medical examination/review, the employee may be personally responsible for the bills incurred and may not be reimbursed for the time lost unless a determination is made in his/her favor.

R612-2-5. Regulation of Medical-Practitioner Fees.

Pursuant to Section 34A-2-407(9):

A. The Labor Commission of Utah:

1. Establishes and regulates fees and other charges for medical provider services as required for the treatment of a work-related injury or illness.

a. The non-facility total unit value will apply in calculating the reimbursement, except that procedures provided in a facility setting shall be reimbursed at the facility total unit value and the facility may bill a separate facility charge.

b. The CPT coding guidelines and 2011 First Quarter RBRVS, 1761 Edition, are subject to the Utah Labor Commission’s Medical Fee Guidelines and the following Labor Commission conversion factors for medical care rendered for a work-related injury or illness, effective December 1, 2011. (Conversion Rates below:

- Anesthesiology $40.00 (1 unit per 15 minutes of anesthesia);
- Medicine, E and M $44.00;
A. The employer has first choice of physicians; but if the employer fails or refuses to provide medical attention, the employee has the choice of physicians.
B. An employee of an employer with an approved medical program may procure the services of any qualified practitioner for emergency treatment if a physician employed in the program is not available for any reason.

A. It shall be the responsibility of the insurance carrier or self-insured employer to notify each claimant of the change of rules. These rules are as follows:
1. If a company doctor, designated facility or PPO is named, the employee must treat with that designated provider. The insurance carrier or self-insured employer shall be responsible for payment of the initial visit, less any health insurance copays and subject to any health insurance reimbursement. If the employee was directed to and treated by the employee’s or insurance carrier’s designated provider, and liability for the claim is denied and if the treating physician provided treatment in good faith and provided the insurance carrier or self-insured employer a report necessary to make a determination of liability. Diagnostic studies beyond plain x-rays would need prior approval unless the claimed industrial injury or occupational illness required emergency diagnosis and treatment.
2. The employee may make one change of doctor without requesting the permission of the carrier, so long as the carrier is promptly notified of the change by the employee.
   a. Physician referrals for treatment or consultation shall not be considered a change of doctor.
   b. Changes from emergency room facilities to private physicians, unless the emergency room is named as the “company doctor, shall not be considered a change of doctor. However, once private physician care has begun, emergency room visits are prohibited except in cases of:
      i. Private physician referral, or
      ii. Threat to life.
3. Regardless of prior changes, a change of doctor shall be automatically approved if the treating physician fails or refuses to rate permanent partial impairment.

B. Any changes beyond those listed above made without the permission of the carrier/self-insurer may be at the employee’s own expense if:
1. The employee has received notification of rules, or
2. A denial of request is made.
C. An injured employee who knowingly continues care after denial of liability by the carrier may be individually responsible for payment. It shall be the burden of the carrier to prove that the employee was aware of the denial.
D. It shall be the responsibility of the employee to make the proper filings with the Division when changing locale and doctor. Those forms can be obtained from the Division.
E. Except in special cases where simultaneous attendance by two or more medical care practitioners has been approved by the carrier/employer or the Division, or specialized services are being provided by another physician under the supervision, and/or by the direct referral of the treating physician, the injured employee may be attended by only one practitioner and fees will not be paid to two practitioners for similar care during the same period of time.
F. The Director of the Division of Industrial Accidents may authorize an injured worker to be examined by another physician for the purpose of obtaining a further medical examination or evaluation pertaining to the medical issues involved, and to obtain a report addressing these medical issues. In all cases where:
   1. The treating physician has failed or refused to give an impairment rating, and/or
   2. A substantial injustice may occur without such further evaluation.
G. The Commission has jurisdiction to decide liability for medical care allegedly related to an industrial accident.

R612-2-10. One Fee Only to be Paid in Global Fee Cases.
In a global fee case which is transferred from one doctor to another doctor, one fee only will be paid, apportioned at the discretion of the Division. Adequate remuneration shall also be paid to the medical practitioner who renders first-aid treatment where the circumstances of the case require such treatment.

A. Fees, in accordance with the Commission’s adopted Resource-Based Relative Value Scale (RBRVS), in addition to the global fee for surgical services, will be paid surgical assistants only when specifically authorized by the employer or insurance carrier involved, or in hospitals where interns and residents are not available and the complexity of the surgery makes a surgical assistant necessary.

Separate bills must be presented by each surgeon, assistant, anesthetist, consultant, hospital, special nurse, or other medical practitioner within 30 days of treatment on a HCFA 1500 billing form so that payment can be made to the medical practitioner who rendered the service. All bills must contain the federal ID number of the person submitting the bill.

A. All hospital and medical bills must be paid promptly on an accepted liability claim. All bills which have been submitted properly on an accepted liability claim are due and payable within 45 days of being billed unless the bill or a portion of the bill is in dispute. Any portion of the bill not in dispute is payable within 45 days of the billing.
B. Per Section 34A-2-120, any award for medical treatment made by the Commission shall include interest at 8% per annum from the date of billing for the medical service.

R612-2-14. Hospital Fees Separate.
Fees covering hospital care shall be separate from those for professional services and shall not extend beyond the actual necessary hospital care. When it becomes evident that the patient needs no further hospital treatment, he/she must be discharged. All bills must be submitted on a UB02 form and be properly itemized and coded and shall include all appropriate documentation to support the billing. There shall not be a separate fee charged for the necessary documentation in billing for payment of hospital services. The documentation of hospital services shall include a minimum the
**R612-2-15. Charges for Ordinary Supplies, Materials, or Drugs.**

A. Charges for ordinary dressing materials or drugs used in treatment shall not be charged separately but shall be included in the amount allowed for office dressing or treatment.

B. This rule applies to all travel to and from medical care.

---

**R612-2-16. Charges for Special or Unusual Supplies, Materials, or Drugs.**

1. If additional treatment is necessary, the dentist who provided initial treatment may submit to the insurer a request for authorization within 10 working days of the request's transmission. This 10-day period can be extended only with written approval of the Industrial Commission.

2. If the insurer does not respond to the dentist's request for authorization within 10 working days, the insurer shall pay the cost of treatment as contained in the request for authorization.

---

**R612-2-17. Fees for Unscheduled Procedures.**

2. The insurer shall respond to the request for authorization within 10 working days of the request's transmission. If the insurer does not respond to the dentist's request for authorization within 10 working days, the insurer shall pay the cost of treatment as contained in the request for authorization.

---

**R612-2-18. Dental Injuries.**

A. This rule establishes procedures to obtain dental care for work-related dental injuries and sets fees for such dental care.

B. Initial Treatment.

1. If an employer maintains a medical staff or designates a company doctor, an injured worker seeking dental treatment for work-related injuries shall report to such medical staff or doctor and follow their instructions.

2. If an employer does not maintain a medical staff or designate a company doctor, or if such staff or doctor are not available, an injured worker may consult a dentist to obtain immediate care for injuries caused by a work-related accident. The insurer shall pay the dentist providing this initial treatment at 70% of UCR for the services rendered.

C. Subsequent care by initial treatment provider.

1. If additional treatment is necessary, the dentist who provided initial treatment may submit to the insurer a request for authorization to continue treatment. The transmission date of the request must be verifiable. The request itself must include a description of the injury, the additional treatment required, and the cost of the additional treatment. If the dentist proceeds with treatment without authorization, the dentist must accept 70% of UCR as payment in full and may not charge any additional sum to the injured worker.

2. The insurer shall respond to the request for authorization within 10 working days of the request's transmission. This 10-day period can be extended only with written approval of the Industrial Accidents Division. If the insurer does not respond to the dentist's request for authorization within 10 working days, the insurer shall pay the cost of treatment as contained in the request for authorization.

---

**R612-2-19. Ambulance Charges.**

Ambulance charges must not exceed the rates adopted by the State Emergency Medical Service Commission for similar services.

---

**R612-2-20. Travel Allowance and Per Diem.**

A. An employee who, based upon his/her physician's advice, requires hospital, medical, surgical, or consultant services for injuries arising out of and in the course of employment and who is authorized by the self-insurer, the carrier, or the Commission to obtain such services from a physician and/or hospital shall be entitled to:

1. Subsistence expenses of $6 per day for breakfast, $9 per day for lunch, $15 per day for dinner, and actual lodging expenses as per the state of Utah's in-state travel policy provided:

   a. The employee travels to a community other than his/her own place of residence and the distance from said community and the employee's home prohibits return by 10:00 p.m., and

   b. The absence from home is necessary at the normal hour for the meal billed.

2. Reasonable travel expenses regardless of distance that are consistent with the state of Utah's travel reimbursement rates, or actual reasonable costs of practical transportation modes above the state's travel reimbursement rates as may be required due to the nature of the disability.

B. This rule applies to all travel to and from medical care with the following restrictions:

Any notice from a carrier denying further liability must be mailed to the Commission and the patient on the same day as it is mailed to the health care provider. Where it can be shown, in fact, that a medical provider and the injured employee have received a denial of further care by the insurance carrier or self-insured employer, further treatment may be performed at the expense of the employee. Any future ratification of the denial by the Commission will not be considered a retroactive denial but will serve to uphold the force and effect of the previous denial notice.

A. Workers’ compensation insurers, employers and the Utah Labor Commission need access to health information of individuals who are injured on the job or who have a work-related illness in order to process or adjudicate claims, or to coordinate care under Utah’s workers’ compensation system. Generally, this health information is obtained from health care providers who treat these individuals and who may be covered by federal “HIPAA” privacy rules.

The HIPAA Privacy Rule specifically recognizes the legitimate need of the workers’ compensation system to have access to individuals’ health information to the extent authorized by State law. Sec 45 CFR 164.512(1). The Privacy Rule also recognizes the importance of permitting disclosures required by other laws. See 45 CFR 164.512(a). Therefore, disclosures permitted by this rule for workers’ compensation purposes or otherwise required by this rule do not conflict with and are not prohibited by the HIPAA Privacy Rule.

B. A medical provider, without authorization from the injured worker, shall:

1. For purposes of substantiating a bill submitted for payment of or filing required Labor Commission forms, such as the “Physician’s Initial Report of Injury/Illness” or the “Restorative Services Authorization,” disclose medical records necessary to substantiate the billing, including drug and alcohol testing, to:

   a. An employer’s workers’ compensation insurance carrier or third party administrator;
   b. A self-insured employer who administers its own workers’ compensation claims;
   c. The Uninsured Employers’ Fund;
   d. The Employers’ Reinsurance Fund; or
   e. The Labor Commission as required by Labor Commission rules.

2. Disclose medical records pertaining to treatment of an injured worker, who makes a claim for workers’ compensation benefits, to another physician for specialized treatment, to a new-treating physician chosen by the claimant, or for a consultation regarding the claimed work related injury or illness:

   a. An employer’s insurance carrier or third party administrator;
   b. A self-insured employer who administers its own workers’ compensation claims;
   c. An agent of an entity listed in B(1)(a through e), which includes, but is not limited to a case manager or reviewing physician;
   d. The Uninsured Employers’ Fund;
   e. The Employers’ Reinsurance Fund;
   f. The Labor Commission;
   g. The injured worker;
   h. The injured worker’s personal representative;
   i. An attorney representing any of the entities listed above in an industrial injury or occupational disease claim.

3. Medical records related to care provided by a psychiatrist, psychologist, obstetrician, or care related to the reproductive organs may not be disclosed by a medical provider unless a claim has been made for a mental condition, a condition related to the reproductive organs, or the claimant has signed a separate, specific release for these records.

D. A medical provider, who has treated an injured worker for a work related injury or illness, shall disclose information to an injured workers’ employer as to when and what restrictions an injured worker may return to work.

E. Requests for medical records beyond what sections B, C, and D permit require a signed approval by the director, the medical director, a designated person(s) within the Industrial Accidents Division or an administrative law judge if the claim is being adjudicated.

F. A party affected by the decision made by a person in section E may appeal that decision to the Adjudication Division of the Labor Commission.

G. Upon receipt and within the scope of this rule, an injured worker shall provide these entities or person listed in C(1) the names, address, and dates of medical treatment (if known) of the medical providers who have provided medical care within the past 10 years (15 years for permanent total disability claim) except for those medical

NOTICES OF PROPOSED RULES

DAR File No. 37130

UTAH STATE BULLETIN, January 15, 2013, Vol. 2013, No. 2
A. Health care providers and payors are primarily responsible to resolve disputes over fees for medical services between themselves. However, in some cases it is necessary to submit such disputes to the Division for resolution. The Commission therefore establishes the following procedure for submission and review of fees for medical services:

A. When adjusting any medical provider's bill who has billed per the Commission's adopted RBRVS the adjusting entity shall provide one or more of the following explanations as applies to the down coding when payment is made to the medical provider;

1. Code 99202, 99203, 99204 or 99205 — the submitted documentation for a new patient did not meet the three key components lacking in the level of history for the code billed.
2. Code 99202, 99203, 99204 or 99205 — the submitted documentation for a new patient did not meet the three key components lacking in the level of examination for the code billed.
3. Code 99202, 99203, 99204 or 99205 — the submitted documentation for a new patient did not meet the three key components lacking in the level of medical decision making for the code billed.
4. Code 99202, 99203, 99204 or 99205 — the submitted documentation for a new patient did not meet the three key components lacking in the level of history and exam for the code billed.
5. Code 99213, 99214 or 99215 — the submitted documentation for an established patient did not meet the two key components lacking in the level of history and exam that the code billed.
6. Code 99213, 99214 or 99215 — the submitted documentation for an established patient did not meet the two key components lacking in the level of history and medical decision making for the code billed.
7. Code 99213, 99214 or 99215 — the submitted documentation for the established patient did not meet the two key components lacking in the level of exam and medical decision making for the code billed.

B. The above explanations may be abbreviated, with a legend provided, to accommodate the space of computerized messages.

A. Health care providers and payors are primarily responsible to resolve disputes over fees for medical services between themselves. However, in some cases it is necessary to submit such disputes to the Division for resolution. The Commission therefore establishes the following procedure for submission and review of fees for medical services:

1. History and physical;
2. Operative reports of surgery;
3. Hospital discharge summary;
4. Emergency room records;
5. Radiological reports;
6. Specialized test results; and
7. Physician SOAP notes, progress notes, or specialized reports.

(a) Alternatively, a summary of the patients records may be made available to the injured worker or his/her personal representative at the discretion of the physician.
The provider shall submit a bill for services rendered, with supporting documentation, to the payor within one year of the date of service.

2. The payor shall evaluate the bill according to the guidelines contained in the Commission's Medical Fee Guidelines and RBRVS and shall pay the provider the appropriate fee within 45 days as required by Rule R612-2-13.

3. If the provider believes that the payor has improperly computed the fee under the RBRVS, the provider or designee shall request the payor to re-evaluate the fee. The provider's request for re-evaluation shall be in writing, shall describe the specific areas of disagreement and shall include all appropriate documentation. The provider shall submit all requests for re-evaluation to the payor within one year of the date of the original payment.

4. Within 30 days of receipt of the written request for re-evaluation, the payor shall either pay the additional fee due the provider or respond with a specific written explanation of the basis for its denial of additional fees. The payor shall maintain proof of transmittal of its response.

5. If the provider continues to disagree with the payor's determination of the appropriate fee, the provider shall submit the matter to the Division by filing with the Division a written explanation of the disagreement. The provider's explanation shall include copies of:
   1. The provider's original bill and supporting documentation;
   2. The payor's initial payment of that bill;
   3. The provider's request for re-evaluation and supporting documentation; and
   4. The payor's denial of additional fees.

6. The Division will evaluate the dispute according to the requirements of the Medical Fee Guidelines and RBRVS and, if necessary, by consulting with the provider, payor, or medical specialists. Within 15 days from the date the Division receives the provider's request, the Division will mail its determination to both parties.

D. Any party aggrieved by the Division's determination may file an application for hearing with the Division of Adjudication to obtain formal adjudication of the dispute.

E. A payor seeking reimbursement from a provider for overpayment of a bill shall submit a written request to the provider detailing the circumstances of the payment requested within one year of submission of the bill:
   1. Providers should make appropriate reimbursements, or respond in writing detailing the reasons why repayment will not be made, within 30 days of receipt of a written request from a payor.
   2. If a dispute as to reimbursement occurs, an aggrieved party may request resolution of the dispute by the Labor Commission.

R612-2-25. Injured Worker's Right to Privacy.  
A. No agent of the employer or the employer's insurance carrier shall be present during an injured worker's visit with a medical provider, unless agreed upon by the claimant.

B. If an agent of the employer or the employer's insurance carrier is excluded from the medical visit, the medical provider and the injured worker shall meet with the agent at the conclusion of the visit so as to communicate regarding medical care and return to work issues.

A. As used in this subsection:
   1. "Payor" means a workers' compensation insurance carrier, a self insured employer, third party administrator, uninsured employer or the Uninsured Employers' Fund, which is responsible for payment of the workers' compensation claim.
   2. "Health Care Provider" means a provider of medical services, including an individual provider, a health service plan, a health care organization, or a preferred provider organization.
   3. "Request for Authorization" means any request by a physician for assurance that appropriate payment will be made for a course of proposed medical treatment, including surgery, hospitalization, or any diagnostic studies beyond plain X-rays.
   4. "Utilization Review," as authorized in Section 34A-2-411, is a process used to manage medical costs, improve patient care, and enhance decision making. Utilization review includes, but is not limited to, the review of requests for authorization to treat, and the review of bills, for the purpose of determining whether the medical services provided were or would be necessary, to treat the effects of the injury/illness. Utilization review does not include bill review for the purpose of determining whether the medical services rendered were accurately billed. Nor does it include any system, program, or activity in connection with making decisions concerning whether a person has sustained an injury or illness which is compensable under Section 34A-2 or 34A-3.  
   5. "Reasonable Attempt" is defined as at least two phone calls and a fax, or three phone calls, within five business days from date of the payor's receipt of the physician's request for review.

B. Any utilization review system shall establish an appeals process which utilizes a physician(s) for a final decision by the insurer, should an initial review decision be contested. The payor may establish levels of review that meet the following criteria:
   1. Level I—Initial Request and Review. A payor may use medical or non-medical personnel to initially apply medically-based criteria to a request for authorization for payment of a specific treatment. The treating physician must send all the necessary documentation for the payor to make a decision regarding the treatment recommended. The payor may then notify the physician within five business days of the request for authorization for payment for the treatment, by a method which provides certification of transmission of the document, of either an acceptance or a denial of the request. A denial for authorization of payment for a recommended treatment utilizing the Commission's form, Form 223, must be sent to the provider with the criteria used in making the determination to deny payment for the treatment. A copy of the denial must also be mailed to the claimant. Level I—Request and Review does not include authorization requests for services billed from the Restorative section of the Resource-Based Relative Value Scale (RBRVS). Requests for authorization for restorative services are governed by rule R612-2-3(B).
   2. Level II—Review. A physician, who has been denied authorization of payment for treatment, or has received no response within five business days from the request for authorization for payment at Level I review, may request a physician's review by sending the completed portion of the Commission form 223 to the payor. Such a request for review may be filed by any physician who has been denied authorization for payment for restorative services beyond the initial eight visits as authorized by Rule R612 2-3(B). The requesting physician must include the time and days that he/she is
available to discuss the case with the treating physician, and must be reasonably available during normal business hours. The payor's physician representative must complete the review within five business days of the treating physician's request for review. Before the insurer's physician representative may issue a denial of an authorization for payment to treat, a reasonable effort must have been made to contact the requesting treating physician to discuss the differing aspects of the case. Failure by the payor to respond within five business days, by a method which provides certification of transmission, to a denial for authorization for payment for treatment, shall constitute an authorization for payment of the treatment. The payor's denial to pay for the recommended treatment must be issued on Commission's form 323, and the denial must be accompanied by the criteria that was used in making the decision to deny authorization, along with the name and specialty of the reviewing physician. The denial to authorize payment for treatment must then be sent to the physician, the claimant, and the Commission. The payor shall notify the Commission if an additional five days is needed in order to contact the treating physician or to review the case. An additional extension of time may be requested from the Commission to accommodate highly unusual circumstances or particularly difficult cases.

C. Upon receipt of denial of authorization for payment for medical treatment at Level II, the Commission will facilitate upon the request of the claimant, the final disposition of the case. If the parties agree, the medical dispute may be resolved by the Commission through binding mediation or medical review. If there is no agreement among the parties, the Commission will resolve the dispute through formal adjudication. The payor shall be responsible for sending the claimant the Commission appeals information when the denial for authorization for payment for medical treatment is sent to the claimant.

D. If the medical treatment requested is not an emergency, and treatment is rendered by the physician after receiving notice of the utilization standards encompassed in this rule, the following shall apply:

1. The Commission shall, if the disputed medical treatment is ultimately determined to be compensable as an expense necessary to treat the industrial injury or occupational disease, order that the physician be reimbursed at only 75% of the amount otherwise payable. The injured worker shall not be liable for any additional payment to the physician above the 75%.

2. Neither the worker's employer nor its workers' compensation insurer shall be liable for any portion of the cost of disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat an industrial injury or occupational disease.

3. A worker may become liable for the cost of the disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat the industrial injury or occupational disease.

4. Except for any co-pays or deductibles under the worker's health insurance plan, the penalty provision in D(1) and D(3) shall not apply if the physician performs the medical treatment in question, having been preauthorized in writing to do the same by a health insurer or other non-workers' compensation insurance payor.

5. The penalty provisions in D(1) shall not apply to medical treatment rendered in emergency situations, which are defined as a threat to life or limb.

6. The Commission shall notify a physician, in writing, of reported violations of this rule. Repeated violations of this rule by a physician may result in a report from the Commission to the Department of Commerce, Division of Occupational/Professional Licensing.

A. Authority. Pursuant to authority granted by Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, the Utah Labor Commission establishes the following standards and procedures for Commission approval of medical treatment and quality care guidelines.

B. Standards:

1. Scientifically based. Section 34A-2-111(2)(c)(i)(B)(VII)(Aa) of the Act requires that guidelines be scientifically based. The Commission will consider a guideline to be "scientifically based" when it is supported by medical studies and/or research.

2. Peer reviewed. Section 34A-2-111(2)(c)(i)(B)(VII)(Bb) of the Act requires that guidelines be peer reviewed. The Commission will consider a guideline to be "peer reviewed" when the medical study's content, methodology, and results have been reviewed and approved prior to publication by an editorial board of qualified experts.

3. Other standards. Pursuant to its rulemaking authority under Section 34A-2-111(2)(c)(i)(B)(VII), the Utah Labor Commission establishes the following additional standards for medical treatment and quality care guidelines:

a. The guidelines must be periodically updated and, subject to Commission discretion, may not be approved for use unless updated in whole or in part at least biannually.

b. Guideline sources must be identified.

c. The guidelines must be reasonably priced;

d. The guidelines must be easily accessible in print and electronic versions.

C. Procedure. Pursuant to Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, a party seeking Commission action to approve or disapprove a guideline shall file a petition for such action with the Labor Commission.

R612-3-1. Definitions.
A. "Reserve" is defined as the amount necessary to satisfy all debts, past, present, and future, incurred by reason of industrial accidents or occupational diseases, the origins of which commenced prior to the date of reserve determination.
B. "Aggregate Excess Insurance" is defined as the amount of insurance required to cover the total accumulated workers' compensation benefits for all claims payable for a given period of time with the employer retaining an obligation for a designated amount as a deductible and the insurance company paying all amounts due thereafter up to a maximum total obligation.
C. "Specific Excess Insurance" is defined as the amount of insurance required to cover the workers' compensation benefits arising out of a specific occurrence (accident) or occupational disease under the Workers' Compensation Law with the employer retaining an obligation for a designated amount as a deductible and the insurance company assuming the obligation for all amounts due thereafter up to a maximum total obligation.
D. In addition to the foregoing definitions, all definitions in Rule R612-1 apply to this section.

R612-3-2. Authority.
This rule is enacted under the authority of Section 34A-1-104.

R612-3-3. Application.
A. An employer seeking authorization to become self-insured under the provision of Section 34A-2-201 of the Utah Workers' Compensation Act must apply to the division through the use of a form entitled "Application for Self Insurance."
B. The division will require annual renewals for continuing self insurance. Renewal, through the use of a form entitled "Renewal Application for Self Insurance," will require an update of the initial information. Renewal information must be submitted at least 60 days...
before the self-insurance anniversary date. Failure to file a renewal application on time may result in an interruption or cancellation of self-insurance privileges.

C. The initial and all renewal applications must be completed and signed by the employer's duly authorized representative.

R612-3-4. Qualifying Requirements.
A. To qualify, an employer must be in business for a period of not less than five years and shall demonstrate sufficient financial strength and liquidity of the business to assure that all obligations will be promptly met. An employer in business less than five years will be considered only if a pre-existing parent corporation (in business more than five years) guarantees the liability. In cases of merger or name identification change, the history of the pre-existing entity will be considered for the five year requirement. Upon applying for self-insurance privileges, the applicant must forward a current, certified financial statement or other proof of financial ability to pay direct compensation and other expenses as provided by Section 34A-2-301.

B. Specific or aggregate excess insurance with policy limits and retention amounts acceptable are required as a condition of approval and continuation of self-insurance privileges.

C. Excess insurance policies shall include a bankruptcy and insolvency endorsement (Form 303) for each self-insured entity. The endorsement adds the Uninsured Employer’s Fund to the excess insurance policy and specifies the conditions of the Utah bankruptcy and insolvency endorsement for individual self-insureds.

D. A minimum $100,000 surety bond.

E. No corporate surety shall be eligible to write self-insurers' surety bonds or excess insurance unless authorized to transact such business in this state.

F. Surety bonds must be issued on a prescribed form entitled “Self Insurance Aggregate Surety Bond” and shall be exchanged or replaced with another surety bond only if a 60 day notice of termination of liability is given by the bonding company. The replacement bond must be issued on a form as prescribed by the Commission. No replacements will be authorized by the Commission unless the new surety accepts the liability of the previous surety(ies) or a guarantee is filed by both (all) sureties acknowledging their respective liabilities and periods of time covering such liabilities.

G. All subsidiary companies must have the parent company guarantee liability for payment of benefits (unless such requirement is waived by the division). The form and substance of such guarantees are to be approved by the division.

H. The division may utilize services such as Dunn and Bradstreet credit ratings for the purpose of evaluating a company’s financial ability to pay.

I. Entities that fall within the top two composite credit appraisal ratings of Dunn and Bradstreet may qualify for self-insurance in Utah with the minimum requirements as set forth in Rule R612-3-4C. Companies with a 5A or 4A estimated financial strength rating and falling within the fair composite credit appraisal of Dunn and Bradstreet may qualify for self-insurance with higher security requirements as determined by the division. The provisions herein are to be construed as optional, with the discretion of the division having the option.

J. Self-insured entities, or their parent companies if such is a guarantor, that fall below either the 5A or 4A estimated financial strength rating or the top three composite credit appraisal ratings of Dunn and Bradstreet will not be allowed to self-insure. A company already self-insured that falls in the aforementioned disqualifying categories will not be allowed to continue self-insurance privileges. However, at the discretion of the division continuation of self-insurance will be considered if the following steps are taken:

1. An independent actuarial study satisfactory to the division and the employer is made of the reserve requirements of the self-insured entity, said study to be at the employer's expense. Selection of the actuary will be mutually agreed upon by the division and the employer. However, the party(s) fail to agree, the division will make the final selection.

2. Satisfactory security is obtained for the reserves plus the aggregate excess retention amount.

3. Any company whose self-insurance privileges are revoked under the provisions of these rules will be required to obtain security for their reserve requirements under the foregoing two-step process regardless of whether or not self-insurance privileges are continued.

4. Companies whose privileges are to be revoked will be allowed 60 days from notice to comply with steps 1 through 3 above.

5. Quarterly financial reviews will be taken of entities which retain their self-insurance privileges by following 1, 2, and 3 above.

6. Security requirements for all entities requiring security will be determined by a review of past incurred losses and application of exposure, loss, and contingency factors. The minimum acceptable bond amount is $100,000.

7. Public and eleemosynary entities are classified as special categories requiring separate consideration for self-insurance privileges and security requirements.

R612-3-5. Administration of the Self-Insurance Program.
A. A self-insurer must procure the services of an insurance carrier or adjusting company to administer the self-insurance program with regard to claims, setting up of reserves, and other services.

B. The self-insurer must show proof of sufficient and competent staff to administer the self-insurance program and provide safety engineering. The division reserves the right to train and test adjusters and administrators of self-insurance programs.

C. Whether a self-insurer hires their own adjustor or contracts with an insurance carrier or service organization, the following conditions must be met.

1. A knowledgeable contact concerning claims will be located in the state of Utah.

2. The self-insurer will maintain a toll free number or accept during office hours a reasonable number of collect calls from injured employees if either employees of the company or the division offices are in a different city than that of the adjustor.
D. The self-insurer will comply with all rules of the Commission and with the Workers' Compensation Act.

R612-3-6. Notice of Certification for Self-Insurance or Denial and Renewal.

Upon meeting the requirements set forth in these rules, an employer shall receive a formal certificate approving self-insured status. The privilege may be renewed from year to year with renewal procedure as required by these rules. An employer whose original or renewal application for self-insurance has been denied or revoked, or who takes exception to insurance or reserve requirements, may request a review or reconsideration by the Commission. The request must be made within 20 days of the notice of Commission action issued to the employer. A request for review will not automatically extend the authorization to self-insure. However, the Commission may extend the privilege pending review. Without such an extension, the privilege is revoked on the anniversary date.

R612-3-7. Revocation of Right to Self-Insure.

The right to self-insure may be revoked by the division for failure to comply with the rules contained herein.

A. Authority. The HIV, Hepatitis B and C Testing and Reporting for Emergency Medical Services Providers rule is established under the authority of U.C.A. Section 78B-8-404.

B. Purpose. To establish procedures pursuant to U.C.A. Section 78B-8-401 for source patient testing and reporting following a significant exposure of an emergency medical services provider.

C. Definitions.
1. Department means the Utah Labor Commission.
2. Contact means designated person(s) within the emergency medical services agency or the employer of the emergency medical services provider.
3. Disease means Human Immunodeficiency Virus, acute or chronic Hepatitis B or Hepatitis C infections.
4. Emergency medical services provider means Emergency Medical Personnel as defined in Section 26-8a-102, a public safety officer, local fire department personnel, or personnel employed by the Department of Corrections or by a county jail, who provide prehospital Emergency medical care for an emergency medical services agency, either as an employee or a volunteer.
5. Emergency medical services (EMS) agency means an agency, entity, or organization that employs or utilizes emergency medical services providers as defined in (4) as employees or volunteers.
6. Source Patient means any individual cared for by a prehospital emergency medical services provider, including but not limited to victims of accidents or injury, deceased persons, and prisoners or persons in the custody of the Department of Corrections.
7. Receiving facility means a hospital, health care or other facility, where the patient is delivered by the emergency medical services provider or care.
8. Significant Exposure and Significantly Exposed mean:
   a. Exposure of the body of one person to the blood or body fluids visibly contaminated by blood of another person by:
      1. percutaneous injury, including a needle stick or cut with a sharp object or instrument; or
      2. contact with an open wound, mucous membrane, or nonintact skin because of a cut, abrasion, dermatitis, or other damage; or
   b. Exposure that occurs by any other method of transmission defined by the Department of Health as a significant exposure.
   a. The EMS provider shall document and report all significant exposures to the receiving facility and contact as defined in (C)(2).
   b. The reporting process is as follows:
      1. The exposed EMS provider shall complete the Exposure Report Form (ERF) at the time the patient is delivered to the receiving facility and provide a copy to the person at the receiving facility authorized by the facility to receive the form. In the event the exposed EMS provider does not accompany the source patient to the receiving facility, he/she may report the exposure incident, with information requested on the ERF, by telephone to a person authorized by the facility to receive the form. In this event, the exposed EMS provider shall nevertheless submit a written copy of the ERF within three days to an authorized person of the receiving facility.
      2. The exposed EMS provider shall, within three days of the incident, submit a copy of the ERF to the contact as defined in (C)(2).
   c. Receiving Facility Responsibility:
      1. The receiving facility shall establish a system to receive ERFs as well as telephoned reports from exposed EMS providers on a 24-hour per day basis. The facility shall also have available on call, trained pretest counselors for the purpose of obtaining consent and counseling of source patients when HIV testing has been requested by EMS providers. The receiving facility shall contact the source patient prior to release from the facility to provide the individual with counseling or, if unable to provide counseling, provide the source patient with phone numbers for a trained counselor to provide counseling within 24 hours.
      2. Upon notification of exposure, the receiving facility shall request permission from the source patient to draw a blood sample for disease testing as defined in (C)(3). In conjunction with this request, the source patient must be advised of his/her right to refuse testing and be advised that if he/she refuses to be tested that fact will be forwarded to the EMS agency or employer of EMS provider. The source patient shall also be advised that if he/she refuses to be tested, the EMS agency or provider may seek a court order to compel the source patient to submit to a blood draw for the disease testing.
   d. Testing is authorized only when the source patient, his/her next of kin or legal guardian consents to testing, with the exception that consent is not required from an individual who has been convicted of a crime and is in the custody or under the jurisdiction of the Department of Corrections, or if the source patient is dead. If consent is denied, the receiving facility shall complete the ERF and send it to the EMS agency or employer of the EMS provider. If consent is received, the receiving facility shall draw a sample of the source patient's blood and send it, along with the ERF, to a qualified laboratory for testing.
      3. The laboratory that the receiving facility has sent source patient's blood draw to shall send the disease test results, by Case ID number, to the EMS agency or employer of the EMS provider.
   e. EMS Agency/Employer Responsibility:
      1. The EMS agency/employer, upon receipt of the disease tests, from the receiving facility laboratory, shall immediately report the result, by case number, not name, to the exposed EMS provider.

SUMMARY OF THE RULE OR CHANGE: The proposed Rule R612-200 contains the substance of existing Rule R612-1, which is being repealed. (DAR NOTE: The proposed repeal of Rule R612-1 is under DAR No. 37129 in this issue, January 15, 2013, of the Bulletin.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 34A-1-104 et seq. and Section 34A-2-101 et seq. and Section 34A-3-101 et seq. and Section 63G-4-102 et seq.

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Because the substantive provisions of the new rule are the same as an existing rule that is being repealed, enactment of the new rule will not result in costs or savings to the state budget.
♦ LOCAL GOVERNMENTS: Because the substantive provisions of the new rule are the same as an existing rule that is being repealed, enactment of the new rule will not result in costs or savings to local government.
♦ SMALL BUSINESSES: Because the substantive provisions of the new rule are the same as an existing rule that is being repealed, enactment of the new rule will not result in costs or savings to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because the substantive provisions of the new rule are the same as an existing rule that is being repealed, enactment of the new rule will not result in costs or savings to other affected persons.

D. If an insurance carrier or self-insured employer begins payment of benefits on an investigation basis so as to process the claim in a timely fashion, a later denial of benefits based on newly discovered information may be allowed.

**R612-200-2. Issuance of Checks.**

A. Any entity issuing compensation checks or drafts must make those checks/drafts payable directly to the injured worker and must mail them directly to the last known mailing address of the injured worker, with the following exceptions:

1. If the employer provides full salary to the injured worker in return for the worker's compensation benefits, the check may be mailed to the worker at the place of employment;

2. If the employer coordinates other benefits with the worker's compensation benefits, the check may be mailed to the worker at the place of employment.

B. In no case may the check be made out to the employer.

C. Where attorney fees are involved, a separate check should be issued to the worker's attorney in the amount approved or ordered by the Commission, unless otherwise directed by the Commission. Payment of the worker's attorney by issuing a check payable to the worker and his attorney jointly constitutes a violation of this rule.

**R612-200-3. Interest.**

A. Interest must be paid on each benefit payment which comprises the award from the date that payment would have been due and payable at the rate of 8% per annum.

B. For the purpose of interest calculation, benefits shall become "due and payable" as follows:

1. Temporary total compensation shall be due and payable within 21 days of the date of the accident.

2. Permanent partial compensation shall be due and payable on the next day following the termination of a temporary total disability. However, where the condition is not fixed for rating purposes, the interest shall commence from the date the permanent partial impairment can be medically determined.

3. Permanent partial or permanent total disability compensation payable by the Employers' Reinsurance Fund or the Uninsured Employers' Fund shall be due and payable as soon as reasonably practical after an order is issued.

**R612-200-4. Discount.**

Eight percent shall be used for any discounting or present value calculations. Lump sums ordered by the Commission or for any attorney fees paid in a single up-front amount, or of any other sum being paid earlier than normally paid under a weekly benefit method shall be subject to the 8% discounting. The Commission shall create and maintain a precise discount or present value table based on a 365 day year. For those instances where discount calculations are not routinely utilized or where the Commission's precise table is not available, the following table, which is a shortened version of the precise table, may be utilized by interpolating between the stated weeks and the related discount.

**R612-200-5. Compensation Agreements.**

A. An applicant, insurance company, and/or employer may enter into a compensation agreement for the purpose of resolving a worker's compensation claim. Compensation agreements must be approved by the Commission. The compensation agreement must be contained on Form 019 of the Commission forms and shall include the following information:

1. Signatures of the parties involved;

2. Form 122 - Employer's First Report of Injury;

3. Doctor's report of impairment rating;

4. Form 141 - Payment of Benefits Statement.

B. Failure to provide any of the above documentation and forms may result in the return of the compensation agreement to the carrier or self-insured employer without approval.

**R612-200-6. Insurance Carrier/Employer Liability.**

A. This rule governs responsibility for payment of workers' compensation benefits for industrial accidents when:

1. The worker's ultimate entitlement to benefits is not in dispute; but

2. There is a dispute between self-insured employers and/or insurers regarding their respective liability for the injured worker's benefits arising out of separate industrial accidents which are compensable under Utah law.
B. In cases meeting the criteria of subsection A, the self-insured employer or insurer providing workers’ compensation coverage for the most recent compensable injury shall advance workers’ compensation benefits to the injured worker. The benefits advanced shall be limited to medical benefits and temporary total disability compensation. The benefits advanced shall be paid according to the entitlement in effect on the date of the earliest related injury.

1. The self-insured employer or insurance carrier advancing benefits shall notify the non-advancing party(s) within the time periods as specified in rule R612-1-7, that benefits are to be advanced pursuant to this rule.

2. The self-insured employers or insurers not advancing benefits, upon notification from the advancing party, shall notify the advancing party within 10 working days of any potential defenses or limitations of the non-advancing party(s) liability.

C. The parties are encouraged to settle liabilities pursuant to this rule, however, any party may file a request for agency action with the Commission for determination of liability for the workers’ compensation benefits at issue.

D. The medical utilization decisions of the self-insured employer or insurer advancing benefits pursuant to this rule shall be presumed reasonable with respect to the issue of reimbursement.

R612-200-7. Permanent Total Disability.

A. This rule applies to claims for permanent total disability compensation under the Utah Workers’ Compensation Act.

1. Subsection B applies to permanent total disability claims arising from accident or disease prior to May 1, 1995.

2. Subsection C applies to permanent total disability claims arising from accident or disease on or after May 1, 1995.

B. For claims arising from accident or disease on or after July 1, 1988 and prior to May 1, 1995, the Commission is required under Section 34A-2-413, to make a finding of total disability as measured by the substance of the sequential decision-making process of the Social Security Administration under Title 20 of the Code of Federal Regulations, amended April 1, 1993. The use of the term "substance of the sequential decision-making process" is deemed to confer some latitude on the Commission in exercising a degree of discretion in making its findings relative to permanent total disability. The Commission does not interpret the code section to eliminate the requirement that a finding by the Commission in permanent total disability shall advance shall be limited to medical benefits and temporary total disability compensation. The benefits advanced shall be paid according to the entitlement in effect on the date of the earliest related injury.

1. In the event that the Social Security Administration or its designee has made, or is in the process of making, a determination of disability under the foregoing process, the Commission may use this information in lieu of instituting the process on its own behalf.

2. In evaluating industrial claims in which the injured worker has qualified for Social Security disability benefits, the Commission will determine if a significant cause of the disability is the claimant's industrial accident or some other unrelated cause or causes.

3. To make a tentative finding of permanent total disability, the Commission incorporates the rules of disability determination in 20 CFR 404.1520, amended April 1, 1993. The sequential decision making process referred to requires a series of questions and evaluations to be made in sequence. In short, these are:

   a. Is the claimant engaged in a substantial gainful activity?
   b. Does the claimant have a medically severe impairment?
   c. Does the severe impairment meet or equal the duration requirement in 20 CFR 404.1520, amended April 1, 1993, and the listed impairments in 20 CFR Subpart P Appendix 1, amended April 1, 1993?
   d. Does the impairment prevent the claimant from doing past relevant work?
   e. Does the impairment prevent the claimant from doing any other work?
   f. After the Commission has made a tentative finding of permanent total disability:
      a. In those cases arising after July 1, 1994, the Commission shall order initiation of payment of permanent total disability compensation;
      b. the Commission shall review a summary of reemployment activities undertaken pursuant to the Utah Injured Worker Reemployment Act, as well as any qualified reemployment plan submitted by the employer or its insurance carrier; and
      c. unless otherwise stipulated, the Commission shall hold a hearing to consider the possibility of rehabilitation and reemployment of the claimant pending final adjudication of the claim.
5. After a hearing, or waiver of the hearing by the parties, the Commission shall issue an order finding or denying permanent total disability based upon the preponderance of the evidence and with due consideration of the vocational factors in combination with the residual functional capacity which the commission incorporates as published in 20 CFR 404 Subpart P Appendix 2, amended April 1, 1993.

C. For permanent total disability claims arising on or after May 1, 1995, Section 34A-2-413 requires a two-step adjudicative process. First, the Commission must make a preliminary determination whether the applicant is permanently and totally disabled. If so, the Commission will proceed to the second step, in which the Commission will determine whether the applicant can be reemployed or rehabilitated.

1. First Step - Preliminary Determination of Permanent Total Disability: On receipt of an application for permanent total disability compensation, the Adjudication Division will assign an Administrative Law Judge to conduct evidentiary proceedings to determine whether the applicant's circumstances meet each of the elements set forth in Subsections 34A-2-413(1)(b) and (c).

   (a) If the ALJ finds the applicant meets each of the elements set forth in Subsections 34A-2-413(1)(b) and (c), the ALJ will issue a preliminary determination of permanent total disability and shall order the employer or insurance carrier to pay permanent total disability compensation to the applicant pending completion of the second step of the adjudication process. The payment of permanent total disability compensation pursuant to a preliminary determination shall commence as of the date established by the preliminary determination and shall continue until otherwise ordered.

   (b) A party dissatisfied with the ALJ's preliminary determination may obtain additional agency review by either the Labor Commissioner or Appeals Board pursuant to Subsection 34A-2-801(3). If a timely motion for review of the ALJ's preliminary determination is filed with either the Labor Commissioner or Appeals Board, no further adjudicative or enforcement proceedings shall take place pending the decision of the Commissioner or Board.

   (c) A preliminary determination of permanent total disability by the Labor Commissioner or Appeals Board is a final agency action for purposes of appellate judicial review.
(d) Unless otherwise stayed by the Labor Commissioner, the Appeals Board, or an appellate court, an appeal of the Labor Commissioner or Appeals Board’s preliminary determination of permanent total disability shall not delay the commencement of "second step" proceedings discussed below or payment of permanent total disability compensation as ordered by the preliminary determination.

(e) The Commissioner or Appeals Board shall grant a request for stay if the requesting party has filed a petition for judicial review and the Commissioner or Appeals Board determine that:

(i) the requesting party has a substantial possibility of prevailing on the merits;

(ii) the requesting party will suffer irreparable injury unless a stay is granted; and

(iii) the stay will not result in irreparable injury to other parties to the proceeding.

2. Second Step - Reemployment and Rehabilitation:

Pursuant to Subsection 34A-2-413(6), if the first step of the adjudicatory process results in a preliminary finding of permanent total disability, an additional inquiry must be made into the applicant's ability to be reemployed or rehabilitated, unless the parties waive such additional proceedings.

(a) The ALJ will hold a hearing to consider whether the applicant can be reemployed or rehabilitated.

(i) As part of the hearing, the ALJ will review a summary of reemployment activities undertaken pursuant to the Utah Injured Worker Reemployment Act;

(ii) The employer or insurance carrier may submit a reemployment plan meeting the requirements set forth in Subsection 34A-2-413(6)(a)(ii) and Subsections 34A-2-413(6)(d)(i) through (iii);

(b) Pursuant to Subsection 34A-2-413(4)(b) the employer or insurance carrier may not be required to pay disability compensation for any combination of disabilities of any kind in excess of the amount of compensation payable over the initial 312 weeks at the applicable permanent total disability compensation rate.

(i) Any overpayment of disability compensation may be recouped by the employer or insurance carrier by reasonably offsetting the overpayment against future liability paid before or after the initial 312 weeks.

(ii) An advance of disability compensation to provide for the employee's subsistence during the rehabilitation process is subject to the provisions of Subsection 34A-2-413(4)(b), described in subsection 2.(b) above, but can be funded by reasonably offsetting the advance of disability compensation against future liability normally paid after the initial 312 weeks.

(iii) To fund an advance of disability compensation to provide for an employee's subsistence during the rehabilitation process, a portion of the stream of future weekly disability compensation payments may be discounted from the future to the present to accommodate payment. Should this be necessary, the employer or insurance carrier shall be allowed to reasonably offset the amounts paid against future liability payable after the initial 312 weeks.

(iv) In the event the parties cannot agree as to the reasonableness of any proposed offset, the matter may be submitted to an ALJ for determination.

(c) Subsections 34A-2-413(7) and (9) require the applicant to fully cooperate in any evaluation or reemployment plan. Failure to do so shall result in dismissal of the applicant's claim or reduction or elimination of benefit payments including disability compensation and subsistence allowance amounts, consistent with the provisions of Section 34A-2-413(7) and (9).

(d) Subsection 34A-2-413(6) requires the employer or its insurance carrier to diligently pursue any proffered reemployment plan. Failure to do so shall result in a final award of permanent total disability compensation to the applicant.

(e) If, after the conclusion of the foregoing "second step" proceeding, the ALJ concludes that successful rehabilitation is not possible, the ALJ shall enter a final order for continuing payment of permanent total disability compensation. The period for payment of such compensation shall commence on the date the employee became permanently and totally disabled, as determined by the ALJ.

(f) Alternatively, if after the conclusion of the "second step" proceeding, the ALJ concludes that successful rehabilitation and/or reemployment is possible, the ALJ shall enter a final order to that effect, which order shall contain such direction to the parties as the ALJ shall deem appropriate for successful implementation and continuation of rehabilitation and/or reemployment. As necessary under the particular circumstances of each case, the ALJ's final order shall provide for reasonable offset of payments of any disability compensation that constitute an overpayment under Subsection 34A-2-413(4)(b).

(g) The ALJ's decision is subject to all administrative and judicial review provided by law.

D. For purposes of this rule, the following standards and definitions apply:

1. Other work reasonably available: Subject to medical restrictions and other provisions of the Act and rules, other work is reasonably available to a claimant if such work meets the following criteria:

a. The work is either within the distance that a resident of the claimant's community would consider to be a typical or acceptable commuting distance, or is within the distance the claimant was traveling to work prior to his or her accident;

b. The work is regular, steady, and readily available; and

c. The work provides a gross income at least equivalent to:

   (1) The current state average weekly wage, if at the time of the accident the claimant was earning more than the state average weekly wage then in effect; or

   (2) The wage the claimant was earning at the time of the accident, if the employee was earning less than the state average weekly wage then in effect.

2. Cooperation: As determined by an administrative law judge, an employee is not entitled to permanent total disability compensation or subsistence benefits unless the employee fully cooperates with any evaluation or reemployment plan. The ALJ will evaluate the cooperation of the employee using, but not limited to, the following factors: attendance, active participation, effort, communication with the plan coordinator, and compliance with the requirements of the vocational plan. In determining if these factors were met, the ALJ shall consider relevant changes in the employee's documented medical condition.

3. Diligent Pursuit: The employer or its insurance carrier shall diligently pursue the reemployment plan. The ALJ will evaluate the employer or insurance carrier's diligent pursuit of the plan using, but not limited to, the following factors: timely payment of expenses and benefits outlined in the vocational plan, and as required by the

R612-300. Workers' Compensation Rules - Medical Care.
R612-300-1. Whom May Attend Industrial Patients.
A. The employer has first choice of physicians; but if the employer fails or refuses to provide medical attention, the employee has the choice of physicians.
B. An employee of an employer with an approved medical program may procure the services of any qualified practitioner for emergency treatment if a physician employed in the program is not available for any reason.

R612-300-2. Injured Workers' Right to Privacy.
A. No agent of the employer or the employer's insurance carrier shall be present during an injured worker's visit with a medical provider, unless agreed upon by the claimant.
B. If an agent of the employer or the employer's insurance carrier is excluded from the medical visit, the medical provider and the injured worker shall meet with the agent at the conclusion of the visit so as to communicate regarding medical care and return to work issues.

A. It shall be the responsibility of the insurance carrier or self-insured employer to notify each claimant of the change of doctor. Those rules are as follows:
1. If a company doctor, designated facility or PPO is named, the employee must first treat with that designated provider. The insurance carrier or self-insured employer shall be responsible for payment for the initial visit, less any health insurance copays and subject to any health insurance reimbursement. If the employee was directed to and treated by the employer's or insurance carrier's designated provider and liability for the claim is denied and if the treating physician provided treatment in good faith and provided the insurance carrier or self-insured employer a report necessary to make a determination of liability. Diagnostic studies beyond plain x-rays would need prior approval unless the claimed industrial injury or occupational illness required emergency diagnosis and treatment.
2. The employee may make one change of doctor without requesting the permission of the carrier, so long as the carrier is promptly notified of the change by the employee.
   (a) Physician referrals for treatment or consultation shall not be considered a change of doctor.
   (b) Changes from emergency room facilities to private physicians, unless the emergency room is named as the "company doctor", shall not be considered a change of doctor. However, once private physician care has begun, emergency room visits are prohibited except in cases of:
      (i) Private physician referral, or
      (ii) Threat to life.
3. Regardless of prior changes, a change of doctor shall be automatically approved if the treating physician fails or refuses to rate permanent partial impairment.
B. Any changes beyond those listed above made without the permission of the carrier/self-insurer may be at the employee's own expense if:
1. The employee has received notification of rules, or
2. A denial of request is made.
C. An injured employee who knowingly continues care after denial of liability by the carrier may be individually responsible for payment. It shall be the burden of the carrier to prove that the patient was aware of the denial.
D. It shall be the responsibility of the employee to make the proper filings with the division when changing locale and doctor. Those forms can be obtained from the division.
E. Except in special cases where simultaneous attendance by two or more medical care practitioners has been approved by the carrier/employer or the division, or specialized services are being provided the employee by another physician under the supervision and/or by the direct referral of the treating physician, the injured employee may be attended by only one practitioner and fees will not be paid to two practitioners for similar care during the same period of time.
F. The Director of the Division of Industrial Accidents may authorize an injured worker to be examined by another physician for the purpose of obtaining a further medical examination or evaluation pertaining to the medical issues involved, and to obtain a report addressing these medical issues in all cases where:
   1. The treating physician has failed or refused to give an impairment rating, and/or
   2. A substantial injustice may occur without such further evaluation.
G. The Commission has jurisdiction to decide liability for medical care allegedly related to an industrial accident.

R612-300-4. Filings.
A. Within one week following the initial examination of an industrial patient, nurse practitioners, physicians and chiropractors shall file "Form 123 - Physicians' Initial Report" with the carrier/self-insured employer, employee and the division. This form is to be completed in as much detail as feasible. Special care should be used to make sure that the employee's account of how the accident occurred is completely and accurately reported. All questions are to be answered or marked "N/A" if not applicable in each particular instance. All addresses must include city, state, and zip code. If modified employment in #29 is marked "yes," the remarks in #29 must reflect the particular restrictions or limitations that apply, whether as to
activity or time per day or both. Estimated time loss must also be given in #29. If "Findings of Examination" (#17) do not correctly reflect the coding used in billing, a reduction of payment may be made to reflect the proper coding. A physician, chiropractor, or nurse practitioner is to report every initial visit for which a bill is generated, including first aid, when a worker reports that an injury or illness is work related. All initial treatment, beyond first aid, that is provided by any health care provider other than a physician, chiropractor, or nurse practitioner must be countersigned by the supervising physician and reported on Form 123 to the Industrial Accidents Division and the insurance carrier or self-insured employer.

B.1. Any medical provider billing under the restorative services section of the Labor Commission's adopted Resource-Based Relative Value Scale (RBRVS) or the Medical Fee Guidelines shall file the Restorative Services Authorization (RSA) form with the insurance carrier or self-insured employer (payer) and the division within ten days of the initial evaluation.

2. Upon receipt of the provider's RSA form, the payer has ten days to respond, either authorizing a specified number of visits or denying the request. No more than eight visits may be incurred during the authorization process.

3. After the initial RSA form is filed with the payer and the division, an updated RSA form must be filed for approval or denial at least every six visits until a fixed state of recovery has been achieved as evidenced by either subjective or objective findings. If the medical provider has filed the RSA form per this rule, the payer is responsible for payment, unless compensability is denied by the payer. In the event the payer denies the entire compensability of a claim, the payer shall so notify the claimant, provider, and the division, after which the provider may then bill the claimant.

4. Any denial of payment for treatment must be based on a written medical opinion or medical information. The denial notification shall include a copy of the written medical opinion or information from which the denial was based. The payer is not liable for payment of treatment after the provider, claimant, and division have been notified in writing of the denial for authorization to pay for treatment. The claimant may then become responsible for payment.

5. Any dispute regarding authorization or denial for treatment will be determined from the date the division received the RSA form or notification of denial for payment of treatment.

6. The claimant may request a hearing before the Division of Adjudication to resolve compensability or treatment issues.

7. Subjective objective assessment plan/procedure (SOAP notes) or progress notes are to be sent to the payer in addition to the RSA form.

8. Any medical provider billing under the Restorative Services Section of the RBRVS or the Commission's Medical Fee Guidelines who fails to submit the required RSA form shall be limited to payment of up to eight visits for a compensable claim. The medical provider may not bill the patient or employer for any remaining balances.

C. S.O.A.P. notes or progress reports of each visit are to be sent to the payer by all medical practitioners substantiating the care given, the need for further treatment, the date of the next treatment, the progress of the patient, and the expected return-to-work date. These reports must be sent with each bill for the examination and treatment given to receive payment. S.O.A.P. notes are not to be sent to the division unless specifically requested.

D. "Form 110 - Release to Return to Work" must be mailed by either the medical practitioner or carrier/employer to the employee and the division within five calendar days of release.

E. The carrier/employer may request medical reports in addition to regular progress reports. A charge may be made for such additional reports, which charge should accurately reflect the time and effort expended by the physician.

R612-300-5. Regulation of Medical Practitioner Fees.

Pursuant to Section 34A-2-407(9):

A. The Labor Commission of Utah:

1. Establishes and regulates fees and other charges for medical provider services as required for the treatment of a work-related injury or illness.

a. The non-facility total unit value will apply in calculating the reimbursement, except that procedures provided in a facility setting shall be reimbursed at the facility total unit value and the facility may bill a separate facility charge.

b. The CPT and RBRVS, are subject to the Utah Labor Commission's Medical Fee Guidelines and the following Labor Commission conversion factors for medical care rendered for a work-related injury or illness, effective December 1, 2012:

   (Conversion Rates below EFFECTIVE December 1, 2012, to be used with the RBRVS procedural Unit value as per specialty.)

   Anesthesiology $41.00 (1 unit per 15 minutes of anesthesia);

   Medicine, E and M $46.00;

   Evaluation and Management codes 99201 - 99204 and 99211 - 99214 $46.00;

   Pathology and Laboratory $52.00;

   Radiology $53.00;

   Restorative Services $46.00;

   Surgery $37.00;

   All 20000 codes, codes 49505 thru 49525 and all 60000 codes of the CPT-4 coding guidelines $58.00.

3. Adopts and incorporates by this reference the Utah Labor Commission's 2013 Medical Fee Guidelines, effective December 1, 2012. The Utah Medical Fee Guidelines can be obtained from the division for a fee sufficient to cover costs of development, printing, mailing or can be downloaded at the Labor Commission's website.

4. Decides appropriate billing procedure codes when disputes arise between the medical practitioner and the employer or its insurance carrier. In no instance will the medical practitioner bill both the employer and the insurance carrier.

B. Employees cannot be billed for treatment of their work-related injuries or illnesses.

C. Discounting from the fees established by the Labor Commission is allowed only through specific contracts between a medical provider and a payer for treatment of work-related injury or illness.

D. Restocking fee 15%. Rule R612-2-16 covers the restocking fee.

E. Dental fees are not published. Rule R612-2-18 covers dental injuries.
F. Ambulance fees are not published. Rule R612-2-19 covers ambulance charges.

G. For procedures not covered by other provisions of this rule, medical providers have three options:

1. Medical providers may request preauthorization for a procedure from the insurance carrier.
2. Medical providers may present evidence to Medical Fee Committee for incorporating a procedure into the Commission's fee schedule. However, such incorporation will have prospective effect only.
3. Medical providers may apply for hearing before the Commission's Adjudication Division pursuant to Subsection 34A-2-801(1)(c) to establish a reasonable fee for the procedure.

A. For rating all impairments, which are not expressly listed in Section 34A-2-412, the Commission incorporates by reference "Utah's 2006 Impairment Guides" as published by the Commission for all injuries rated on or after July 11, 2006. For those conditions not found in "Utah's 2006 Impairment Guides," the American Medical Association's "Guides to the Evaluation of Permanent Impairment, Fifth Edition" are to be used.

R612-300-7. Adjusting Resource-Based Relative Value Scale (RBRVS) Codes.

A. When adjusting any medical provider's bill who has billed per the Commission's adopted RBRVS the adjusting entity shall provide one or more of the following explanations as applies to the down coding when payment is made to the medical provider:

1. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of history for the code billed.
2. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of history for the code billed.
3. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of medical decision making for the code billed.
4. Code 99202, 99203, 99204, or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of history and exam for the code billed.
5. Code 99213, 99214 or 99215 - the submitted documentation for an established patient did not meet the two key components lacking in the level of history and exam that the code billed.
6. Code 99213, 99214 or 99215 - the submitted documentation for an established patient did not meet the two key components lacking in the level of history and exam that the code billed.
7. Code 99213, 99214 or 99215 - the submitted documentation for the established patient did not meet the two key components lacking in the level of exam and medical decision making for the code billed.

B. The above explanations may be abbreviated, with a legend provided, to accommodate the space of computerized messages.

R612-300-8. Fees in Cases Requiring Unusual Treatment.

The RBRVS scheduled fees are maximum fees except that fees higher than RBRVS scheduled may be authorized by the Commission when extraordinary difficulties encountered by the physician justify increased charges and are documented by written reports.

Any ambulatory surgery or impatient hospitalization other than a life or limb threatening admission, allegedly related to an industrial injury or occupational disease, shall require pre-authorization by the employer/insurance carrier. Within two working days of a telephone request for pre-authorization, the employer/carrier shall notify the physician and employee of approval or denial of the surgery or hospitalization, or that a medical examination or review is going to be obtained. The medical examination/review must be conducted without undue delay which in most circumstances would be considered less than thirty days. If the request for pre-authorization is made in writing, the employer/carrier shall have four days from receipt of the request to notify the physician and employee. If the employee chooses to be hospitalized and/or to have the surgery prior to such pre-authorization or medical examination/review, the employee may be personally responsible for the bills incurred and may not be reimbursed for the time lost unless a determination is made in his/her favor.

R612-300-10. One Fee Only to be Paid in global Fee Cases.

In a global fee case which is transferred from one doctor to another doctor, one fee only will be paid, apportioned at the discretion of the Commission. Adequate remuneration shall also be paid to the medical practitioner who renders first aid treatment where the circumstances of the case require such treatment.

R612-300-11. Surgical Assistants' Fees.

Fees, in accordance with the Commission's adopted Resource-Based Relative Value Scale (RBRVS), in addition to the global fee for surgical services, will be paid surgical assistants only when specifically authorized by the employer or insurance carrier involved, or in hospitals where interns and residents are not available and the complexity of the surgery makes a surgical assistant necessary.

Separate bills must be presented by each surgeon, assistant, anesthetist, consultant, hospital, special nurse, or other medical practitioner within 30 days of treatment on a HCFA 1500 billing form so that payment can be made to the medical practitioner who rendered the service. All bills must contain the federal ID number of the person submitting the bill.

R612-300-13. Hospital Fees Separate.

Fees covering hospital care shall be separate from those for professional services and shall not extend beyond the actual necessary hospital care. When it becomes evident that the patient needs no further hospital treatment, he/she must be discharged. All billings must be submitted on a UB92 form and be properly itemized and coded and shall include all appropriate documentation to support the billing. There shall not be a separate fee charged for the necessary documentation in billing for payment of hospital services. The documentation of hospital services shall include at a minimum the
discharge summary. The insurance carrier may request further documentation if needed in order to determine liability for the bill.

**R612-300-14. Charges for Ordinary Supplies, Materials, or Drugs.**

Fees covering ordinary dressing materials or drugs used in treatment shall not be charged separately but shall be included in the amount allowed for office dressings or treatment.

**R612-300-15. Charges for Special or Unusual Supplies, Materials, or Drugs.**

A. Charges for special or unusual supplies, materials, or drugs not included as a normal and usual part of the service or procedure shall, upon receipt of an itemized and coded billing, be paid at cost plus 15% restocking fees.

B. For purposes of part A above, the amount to be paid shall be calculated as follows:

1. Applicable shipping charges shall be added to the purchase price of the product.

2. The 15% restocking fee shall then be added to the amount determined in sub part 1.

3. The amount of taxes paid on the purchase of the supplies, materials, or drugs shall then be added to the amount determined in sub part 2, which sum shall constitute the total amount to be paid.

**R612-300-16. Fees for Unscheduled Procedures.**

Fees for medical or surgical procedures not appearing in the Commission's adopted RBRVS current fee schedule are subject to the Commission's approval and should be submitted to the Commission when the physician and employer or insurance carrier do not agree on the value of the service. Such fees shall be in proportion as nearly as practicable to fees for similar services appearing in the RBRVS.

**R612-300-17. Ambulance Charges.**

Ambulance charges must not exceed the rates adopted by the State Emergency Medical Service Commission for similar services.

**R612-300-18. Dental Injuries.**

A. This rule establishes procedures to obtain dental care for work-related dental injuries and sets fees for such dental care.

B. Initial Treatment.

1. If an employer maintains a medical staff or designates a company doctor, an injured worker seeking dental treatment for work-related injuries shall report to such medical staff or doctor and follow their instructions.

2. If an employer does not maintain a medical staff or designate a company doctor, or if such staff or doctor are not available, an injured worker may consult a dentist to obtain immediate care dental for injuries caused by a work-related accident. The insurer shall pay the dentist providing this initial treatment at 70% of UCR for the services rendered.

C. Subsequent care by initial treatment provider.

1. If additional treatment is necessary, the dentist who provided initial treatment may submit to the insurer a request for authorization to continue treatment. The transmission date of the request must be verifiable. The request itself must include a description of the injury, the additional treatment required, and the cost of the additional treatment. If the dentist proceeds with treatment without authorization, the dentist must accept 70% of UCR as payment in full and may not charge any additional sum to the injured worker.

2. The insurer shall respond to the request for authorization within 10 working days of the request's transmission. This 10-day period can be extended only with written approval of the Industrial Accidents Division. If the insurer does not respond to the dentist's request for authorization within 10 working days, the insurer shall pay the cost of treatment as contained in the request for authorization.

3. If the insurer approves the proposed treatment, the insurer shall send written authorization to the dentist and injured worker. This authorization shall include the anticipated payment amount.

4. On receipt of the insurer's written authorization, and if the dentist accepts the payment provisions therein, the dentist may proceed to provide the approved services. The dentist must accept the amount to be paid by the insurer as full payment for those services and may not bill the injured worker for any additional amount.

D. Subsequent care by other providers.

1. If the dentist who provided initial treatment does not agree to the payment offered by the insurer, the insurer shall within 20 calendar days direct the injured worker to a dentist located within a reasonable travel distance who will accept the insurer's payment offer.

2. If the insurer cannot locate another dentist to provide the necessary services, the insurer shall attempt to negotiate a satisfactory reimbursement with the dentist who provided initial treatment. The negotiated reimbursement may not include any balance billing to the claimant.

3. If the insurer is successful in arranging treatment with another dentist, the insurer shall notify the injured worker.

4. If, after having received notice that the insurer has arranged the services of another dentist, the injured worker chooses to obtain treatment from a different dentist, the insurer shall only be responsible for payment at 70% of UCR. Under the circumstances of this subsection (4), the treating dentist may bill the injured worker for the difference between the dentist's charges and the amount paid by the insurer.

E. Payment or treatment disputes that cannot be resolved by the parties may be submitted to the Labor Commission's Adjudication Division for decision, pursuant to the Adjudication Division's established forms and procedures.

**R612-300-19. HIV, Hepatitis B and C Testing and Reporting for Emergency Medical Service Providers.**

A. Authority - The HIV, Hepatitis B and C Testing and Reporting for Emergency Medical Services Providers rule is established under the authority of U.C.A. Section 78B-8-404.

B. Purpose - To establish procedures pursuant to U.C.A. Section 78B-8-401 for source patient testing and reporting following a significant exposure of an emergency medical services provider.

C. Definitions

1. Department means the Utah Labor Commission.

2. Disease means Human Immunodeficiency Virus, acute or chronic Hepatitis B or Hepatitis C infections.

3. Emergency medical services provider means Emergency Medical personnel as defined in Section 26-8a-102, a public safety officer, local fire department personnel, or personnel employed by the
5. Emergency medical services (EMS) agency means an agency, entity, or organization that employs or utilizes emergency medical services providers as defined in (4) as employees or volunteers.

8. "Significant Exposure" and "Significantly Exposed" mean:
   a. exposure of the body of one person to the blood or body fluids visibly contaminated by blood of another person by:
      1. percutaneous injury, including a needle stick or cut with a sharp object or instrument;
      2. contact with an open wound, mucous membrane, or nonintact skin because of a cut, abrasion, dermatitis, or other damage; or
   b. exposure that occurs by any other method of transmission defined by the Department of Health as a significant exposure.

D. Emergency Medical Services Provider Responsibility.

1. The EMS provider shall document and report all significant exposures to the receiving facility and contact as defined in (C)(2).

2. The reporting process is as follows:
   a. The exposed EMS provider shall complete the Exposure Report Form (ERF) at the time the patient is delivered to the receiving facility and provide a copy to the person at the receiving facility authorized by the facility to receive the form. In the event the exposed EMS provider does not accompany the source patient to the receiving facility, he/she may report the exposure incident, with information requested on the ERF, by telephone to a person authorized by the facility to receive the form. In this event, the exposed EMS provider shall nevertheless submit a written copy of the ERF within three days to an authorized person of the receiving facility.

2. Upon notification of exposure, the receiving facility shall request permission from the source patient to draw a blood sample for disease testing, as defined in (C)(3). In conjunction with this request, the source patient must be advised of his/her right to refuse testing and be advised that if he/she refuses to be tested that fact will be forwarded to the EMS agency or employer of EMS provider. The source patient shall also be advised that if he/she refuses to be tested, the EMS agency or employer may seek a court order to compel the source patient to submit to a blood draw for the disease testing.

3. The laboratory that the receiving facility has sent source patient's blood draw to shall send the disease test results, by Case ID number, to the EMS agency or employer of the EMS provider.

4. The EMS agency/employer shall maintain the records of any disease exposures contained in this rule per the OSHA Blood Borne Pathogen standards.

R612-300-20. Travel Allowance and Per Diem.

A. An employee who, based upon his/her physician's advice, requires hospital, medical, surgical, or consultant services for injuries arising out of and in the course of employment and who is authorized by the self-insurer, the carrier, or the Commission to obtain such services from a physician and/or hospital shall be entitled to:

1. Subsistence expenses of $6 per day for breakfast, $9 per day for lunch, $15 per day for dinner, and actual lodging expenses as per the state of Utah's in-state travel policy provided:
   a. The employee travels to a community other than his/her own place of residence and the distance from said community and the employee's home prohibits return by 10:00 p.m., and
   b. The absence from home is necessary at the normal hour for the meal billed.

2. Reasonable travel expenses regardless of distance that are consistent with the state of Utah's travel reimbursement rates, or actual reasonable costs of practical transportation modes above the state's travel reimbursement rates as may be required due to the nature of the disability.

B. This rule applies to all travel to and from medical care with the following restrictions:

1. The carrier is not required to reimburse the injured employee more than every three months, unless:
   a. More than $100 is involved, or
   b. The case is about to be closed.

2. All travel must be by the most direct route and to the nearest location where adequate treatment is reasonably available.

3. Travel may not be required between the hours of 10:00 p.m. and 6:00 a.m., unless approved by the Commission.
4. Requests for travel reimbursement must be submitted to the carrier for payment within one year of the authorized medical care.

5. Travel allowance shall not include picking up prescriptions unless documentation is provided substantiating a claim that prescriptions cannot be obtained locally within the injured worker's community.

6. The Commission has jurisdiction to resolve all disputes.

R612-300-21. Interest for Medical Services.

A. All hospital and medical bills must be paid promptly on an accepted liability claim. All bills which have been submitted properly on an accepted liability claim are due and payable within 45 days of being billed unless the bill or a portion of the bill is in dispute. Any portion of the bill not in dispute is payable within 45 days of the billing.

B. Per Section 34A-2-420, any award for medical treatment made by the Commission shall include interest at 8% per annum from the date of billing for the medical service.

A. Workers' compensation insurers, employers and the Utah Labor Commission need access to health information of individuals, who are injured on the job or who have a work-related illness in order to process or adjudicate claims, or to coordinate care under Utah's workers' compensation system. Generally, this health information is obtained from health care providers who treat these individuals and who may be covered by federal "HIPAA" privacy rules.

The HIPAA Privacy Rule specifically recognizes the legitimate need of the workers' compensation system to have access to individuals' health information to the extend authorized by State law. See 45 CFR 164.512(1). The Privacy Rule also recognizes the importance of permitting disclosures required by other laws. See 45 CFR 164.512(a). Therefore, disclosures permitted by this rule for workers' compensation purposes or otherwise required by this rule do not conflict with and are not prohibited by the HIPAA Privacy Rule.

B. A medical provider, without authorization from the injured workers, shall:

1. For purposes of substantiating a bill submitted for payment or filing required Labor Commission forms, such as the "Physician's Initial Report of Injury/Illness" or the "Restorative Services Authorization," disclose medical records necessary to substantiate the billing, including drug and alcohol testing to:
   a. An employer's workers' compensation insurance carrier or third party administrator;
   b. A self-insured employer who administers its own workers' compensation claims;
   c. The Uninsured Employers' Fund;
   d. The Employers' Reinsurance Fund;

2. Disclose medical records pertaining to treatment of an injured worker, who makes a claim for workers' compensation benefits, to another physician for specialized treatment, to a new treating physician chosen by the claimant, or for a consultation regarding the claimed work related injury or illness.

C.1. Except as limited in C(3), a medical provider, whose medical records are relevant to a workers' compensation claim shall, upon receipt of a Labor Commission medical records release form, or an authorization form that conforms to HIPAA requirements, disclose his/her medical records to:
   a. An employer's insurance carrier or third party administrator;
   b. A self-insured employer who administers its own workers' compensation claims;
   c. An agent of an entity listed in B(1)(a through e), which includes, but is not limited to a case manager or reviewing physician;
   d. The Uninsured Employers' Fund;
   e. The Employers' Reinsurance Fund;
   f. The Labor Commission;
   g. The injured worker;
   h. An injured workers' personal representative;
   i. An attorney representing any of the entities listed above in an industrial injury or occupational disease claim.

2. Medical records are relevant to a workers' compensation claim if:
   a. The records were created after the reported date of the accident or onset of the illness for which workers' compensation benefits have been claimed; or
   b. The records were created in the past ten years (15 years if permanent total disability is claimed) and:
      i. There is a specific reason to suspect that the medical condition existed prior to the reported date of the claimed work related injury or illness or
      ii. The claim is being adjudicated by the Labor Commission.

3. Medical records related to care provided by a psychiatrist, psychologist, obstetrician, or care related to the reproductive organs may not be disclosed by a medical provider unless a claim has been made for a mental condition, a condition related to the reproductive organs, or the claimant has signed a separate, specific release for these records.

D. A medical provider, who has treated an injured worker for a work related injury or illness, shall disclose information to an injured workers' employer as to when and what restrictions an injured worker may return to work.

E. Requests for medical records beyond what sections B, C, and D permit require a signed approval by the director, the medical director, a designated person(s) within the Industrial Accidents Division or an administrative law judge if the claim is being adjudicated.

F. A party affected by the decision made by a person in section E may appeal that decision to the Adjudication Division of the Labor Commission.

G. Upon receipt and within the scope of this rule, an injured worker shall provide those entities or person listed in C(1) the names, address, and dates of medical treatment (if known) of the medical providers who have provided medical care within the past 10 years (15 years for permanent total disability claim) except for those medical providers names in C(3). Labor Commission form number 307, "Medical Treatment Provider List" must be used for this purpose. Parties listed in C(1) of this rule must provide each medical provider identified on form 307 with a signed authorization for access to medical records. A copy of the signed authorization may be sent to the medical providers listed on form 307.

H. An injured worker may contest, for good reason, a request for medical records created prior to the reported date of the
accident or illness for which the injured worker has made a claim for benefits by filing a complaint with the Labor Commission. Good reason is defined as the request has gone beyond the scope of this rule or sensitive medical information is contained in a particular medical record.

B. If the provider continues to disagree with the payor's determination of the appropriate fee, the provider shall submit the matter to the Division by filing with the Division a written explanation of the disagreement. The provider's explanation shall include copies of:

1. The provider's original bill and supporting documentation;
2. The payor's initial payment of that bill;

7. Physician SOAP notes, progress notes, or specialized reports.
(a) Alternatively, a summary of the patient's records may be made available to the injured worker or his/her personal representative at the discretion of the physician.

R612-300-23. Insurance Carrier's Privilege to Examine.

The employer or the employer's insurance carrier or a self-insured employer shall have the privilege of medical examination of an injured employee at any reasonable time. A copy of the medical examination report shall be made available to the Commission at any time up on request of the Commission.

Any notice from a carrier denying further liability must be mailed to the Commission and the patient on the same day as it is mailed to the health care provider. Where it can be shown, in fact, that a medical care provider and the injured employee have received a denial of further care by the insurance carrier or self-insured employer, further treatment may be performed at the expense of the employee. Any future ratification of the denial by the Commission will not be considered a retroactive denial but will serve to uphold the force and effect of the previous denial notice.

A. Health care providers and payors are primarily responsible to resolve disputes over fees for medical services between themselves. However, in some cases it is necessary to submit such disputes to the Division for resolution. The Commission therefore establishes the following procedure for submission and review of fees for medical services.

1. The provider shall submit a bill for services rendered, with supporting documentation, to the payor within one year of the date of service;
2. The payor shall evaluate the bill according to the guidelines contained in the Commission's Medical Fee Guidelines and RBRVS and shall pay the provider the appropriate fee within 45 days as required by Rule R612-2-13.
3. If the provider believes that the payor has improperly computed the fee under the RBRVS, the provider or designee shall request the payor to re-evaluate the fee. The provider's request for re-evaluation shall be in writing, shall describe the specific areas of disagreement and shall include all appropriate documentation. The provider shall submit all requests for re-evaluation to the payor within one year of the date of the original payment.
4. Within 30 days of receipt of the written request for re-evaluation, the payor shall either pay the additional fee due the provider or respond with a specific written explanation of the basis for its denial of additional fees. The payor shall maintain proof of transmittal of its response.

B. If the provider continues to disagree with the payor's determination of the appropriate fee, the provider shall submit the matter to the Division by filing with the Division a written explanation of the disagreement. The provider's explanation shall include copies of:

1. The provider's original bill and supporting documentation;
2. The payor's initial payment of that bill;
3. The provider's request for re-evaluation and supporting documentation; and
4. The payor's written explanation or its denial of additional fees.

C. The Division will evaluate the dispute according to the requirements of the Medical Fee Guidelines and RBRVS and, if necessary, by consulting with the provider, payor, or medical specialists. Within 45 days from the date the Division receives the provider's request, the Division will mail its determination to both parties.

D. Any party aggrieved by the Division's determination may file an application for hearing with the Division of Adjudication to obtain formal adjudication of the dispute.

E. A payor seeking reimbursement from a provider for overpayment of a bill shall submit a written request to the provider detailing the circumstances of the payment requested within one year of submission of the bill.

1. Providers should make appropriate reimbursements, or respond in writing detailing the reasons why repayment will not be made; within 90 days of receipt of a written request from a payor.

2. If a dispute as to reimbursement occurs, an aggrieved party may request resolution of the dispute by the Labor Commission.

A. As used in this subsection:

1. "Payor" means a workers' compensation insurance carrier, a self-insured employer, third-party administrator, uninsured employer or the Uninsured Employers' Fund, which is responsible for payment of the workers' compensation claim.

2. "Health Care Provider" means a provider of medical services, including an individual provider, a health-service plan, a health-care organization, or a preferred-provider organization.

3. "Request for Authorization" means any request by a physician for assurance that appropriate payment will be made for a course of proposed medical treatment, including surgery or hospitalization, or any diagnostic studies beyond plain X-rays.

4. "Utilization Review," as authorized in Section 34A-2-111, is a process used to manage medical costs, improve patient care, and enhance decision-making. Utilization review includes, but is not limited to, the review of requests for authorization to treat, and the review of bills, for the purpose of determining whether the medical services provided were or would be necessary, to treat the effects of the injury/illness. Utilization review does not include bill review for the purpose of determining whether the medical services rendered were accurately billed. Nor does it include any system, program, or activity in connection with making decisions concerning whether a person has sustained an injury or illness which is compensable under Section 34A-2 or 34A-3.

5. "Reasonable Attempt" is defined as at least two phone calls and a fax, or three phone calls, within five business days from the date of the payor's receipt of the physician's request for review.

B. Any utilization review system shall establish an appeals process which utilizes a physician(s) for a final decision by the insurer, should an initial review decision be contested. The payor may establish levels of review that meet the following criteria:

1. Level I--Initial Request and Review. A payor may use medical or non-medical personnel to initially apply medically-based criteria to a request for authorization for payment of a specific treatment. The treating physician must send all the necessary documentation for the payor to make a decision regarding the treatment recommended. The payor must then notify the physician within five business days of the request for authorization of payment for the treatment, by a method which provides certification of transmission of the document, of either an acceptance or a denial of the request. A denial for authorization of payment for a recommended treatment utilizing the Commission's form, Form 223, must be sent to the provider with the criteria used in making the determination to deny payment for the treatment. A copy of the denial must also be mailed to the claimant. Level I--Request and Review does not include authorization requests for services billed from the Restorative section of the Resource-Based Relative Value Scale (RBRVS). Requests for authorization for restorative services are governed by rule R612-2-3(B).

2. Level II--Review. A physician, who has been denied authorization of payment for treatment, or has received no response within five business days from the request for authorization for payment at Level I review, may request a physician's review by sending the completed portion of the Commission form 223 to the provider. Such a request for review may be filed by any physician who has been denied authorization for payment for restorative services beyond the initial eight visits as authorized by Rule R612-2-3(D). The requesting physician must include the times and days that he/she is available to discuss the case with the reviewing physician, and must be reasonably available during normal business hours. The payor's physician representative must complete the review within five business days of the treating physician's request for review. Before the insurer's physician representative may issue a denial of an authorization for payment to treat, a reasonable effort must have made to contact the requesting treating physician to discuss the differing aspects of the case. Failure by the payor to respond within five business days, by a method which provides certification of transmission, to a denial for authorization for payment for treatment, shall constitute an authorization for payment of the treatment. The payor's denial to pay for the recommended treatment must be issued on Commission's form 223, and the denial must be accompanied by the criteria that was used in making the decision to deny authorization, along with the name and specialty of the reviewing physician. The denial to authorize payment for treatment must then be sent to the physician, the claimant, and the Commission. The payor shall notify the Commission if an additional five days is needed in order to contact the treating physician or to review the case. An additional extension of time may be requested from the Commission to accommodate highly unusual circumstances or particularly difficult cases.

C. Upon receipt of denial of authorization for payment for medical treatment at Level II, the Commission will facilitate, upon the request of the claimant, the final disposition of the case. If the parties agree, the medical dispute may be resolved by the Commission through binding mediation or medical review. If there is not agreement among the parties, the Commission will resolve the dispute through formal adjudication. The payor shall be responsible for sending the claimant the Commission appeals information when the denial for authorization for payment for medical treatment is sent to the claimant.

D. If the medical treatment requested is not an emergency, and treatment is rendered by the physician after receiving notice of the utilization standards encompassed in this rule, the following shall apply:
1. The Commission shall, if the disputed medical treatment is ultimately determined to be compensable as an expense necessary to treat the industrial injury or occupational disease, order that the physician be reimbursed at only 75% of the of the amount otherwise payable had appropriate authorization been timely obtained. The injured worker shall not be liable for any additional payment to the physician above the 75%.

2. Neither the worker's employer or its workers' compensation insurer shall be liable for any portion of the cost of disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat an industrial injury or occupational disease.

3. A worker may become liable for the cost of the disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat the industrial injury or occupational disease.

4. Except for any co-pays or deductibles under the worker's health insurance plan, the penalty provision in D(1) and D(3) shall not apply if the physician performs the medical treatment in question, having been preauthorized in writing to do the same by a health insurer or other non-worker's compensation insurance payer.

5. The penalty provisions in D(1) shall not apply to medical treatment rendered in emergency situations, which are defined as a threat to life or limb.

6. The Commission shall notify a physician, in writing, of reported violations of this rule. Repeated violations of this rule by a physician may result in a report from the Commission to the Department of Commerce, Division of Occupational/Professional Licensing.

R612-300.27. Commission Approval of Health Care Treatment Protocols.
A. Authority. Pursuant to authority granted by Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, the Utah Labor Commission establishes the following standards and procedures for Commission approval of medical treatment and quality care guidelines.

B. Standards:
1. Scientifically based: Section 34A-2-111(2)(c)(i)(B)(VII) (Aa) of the Act requires that guidelines be scientifically based. The Commission will consider a guideline to be "scientifically based" when it is supported by medical studies and/or research.

2. Peer reviewed: Section 34A-2-111(2)(c)(i)(B)(VII)(Bb) of the Act requires that guidelines be peer reviewed. The Commission will consider a guideline to be "peer reviewed" when the medical study's content, methodology, and results have been reviewed and approved prior to publication by an editorial board of qualified experts.

3. Other standards: Pursuant to its rulemaking authority under Section 34A-2-111(2)(c)(i)(B)(VII), the Utah Labor Commission establishes the following additional standards for medical treatment and quality care guidelines.
   a. The guidelines must be periodically updated and, subject to Commission discretion, may not be approved for use unless updated in whole or in part at least biannually;
   b. Guideline sources must be identified;
   c. The guidelines must be reasonably priced;
   d. The guidelines must be easily accessible in print and electronic versions.

C. Procedure: Pursuant to Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, a party seeking Commission action to approve or disapprove a guideline shall file a petition for such action with the Labor Commission.

Alternatively, the insurance carrier may use an agent to file the required information electronically with the Industrial Accidents Division in accordance with IAIABC standards and format, provided that the agent has been authorized by the Labor Commission as meeting its electronic filing standards.

R612-400-2. Employee Leasing Company Workers' Compensation Policy Endorsements.

2.1. Workers' Compensation Coverage for Client Companies Under an Endorsement Arrangement.

An insurance company licensed to write workers' compensation coverage in the state of Utah underwriting an employee leasing company as the named insured shall insure all of the primary insured's client companies under an umbrella policy and shall provide a separate endorsement for each client company unless the client company provides workers' compensation coverage under a separate policy.

2.2. Notification of a New Policy and Endorsements.

A. Any insurance carrier underwriting a new policy naming an employee leasing company as the primary insured shall notify the division in writing or by electronic means within ten working days of the new policy including all client companies covered under the policy. The notification shall include all the information as specified in this rule.
B. The insurance carrier shall subsequently notify the division in writing or by electronic means within ten working days of any new client company endorsements covered under a leasing company's umbrella policy after the initial policy is written giving all information as specified in this rule.
C. Each client company's DBA's (doing business as) names(s) and mailing and physical location(s).
D. The Standard Industrial Classification (SIC) for each client company.
E. The effective dates of coverage on the endorsement for each client company.
F. Reporting Injuries.

The reporting of injuries as required in Section 34A-2-407 shall be in the name of the client company.

2.5. Cancellations.

Any insurance carrier underwriting a policy designated as meeting its electronic filing standards.

A. Give the division a 30 day advance notice in writing or by electronic means of a proposed cancellation of an employee leasing company or any client company written as an endorsement under an employee leasing company's policy.
B. Give the division notice in writing or through electronic means within ten working days after cancellation of a policy underwritten naming the employee leasing company as the primary insured and any cancellation of an endorsement of a client company covered under the primary insured.

C. Failure by an insurance carrier to notify the division of the cancellation of the primary insurance company or an endorsement will result in the continuation of coverage by the insurance carrier to the extent of the aggregate retention amount unless the policy of insurance is replaced by another surety bond only if a 60 day notice of termination of liability is given by the bonding company. The replacement bond must be issued on a form as prescribed by the Commission. No replacements will be authorized by the Commission unless the new surety accepts the liability of the previous surety(ies) or a guarantee is filed by both (all) sureties acknowledging their respective liabilities and periods of time covering such liabilities.

G. All subsidiary companies must have the parent company guarantee liability for payment of benefits (unless such requirement is waived by the division). The form and substance of such guarantees are to be approved by the division.

H. The division may utilize services such as Dunn and Bradstreet credit ratings for the purpose of evaluating a company's financial ability to pay.

I. Entities that fall within the top two composite credit appraisal ratings by Dunn and Bradstreet (or information from an equivalent service) and their top two ratings on estimated financial strength may qualify for self-insurance in Utah with the minimum requirements as set forth in Rule R612-3-4C. Companies with a 5A or 4A estimated financial strength rating and falling within the fair composite credit appraisal ratings of Dunn and Bradstreet may qualify for self-insurance with higher security requirements as determined by the division. The provisions herein are to be construed as optional, with the division having the option.

J. Self-insured entities, or their parent company if such is a guarantor, that fall below either the 5A or 4A estimated financial strength rating or the top three composite credit appraisal ratings of Dunn and Bradstreet will not be allowed to self-insure. A company already self-insured that falls in the aforementioned disqualifying categories will not be allowed to continue self-insurance privileges. However, at the discretion of the division continuation of self-insurance will be considered if the following steps are taken:

1. An independent actuarial study satisfactory to the division and the employer is made of the reserve requirements of the self-insured entity, said study to be at the employer's expense. Selection of the actuary will be mutually agreed upon by the division and the employer. However, should the parties fail to agree, the division will make the final selection.

2. Satisfactory security is obtained for the reserves plus the aggregate excess retention amount.

3. Any company whose self-insurance privileges are revoked under the provisions of these rules will be required to obtain security for their reserve requirements under the foregoing two step process regardless of whether or not self-insurance privileges are continued.

4. Companies whose privileges are to be revoked will be allowed 60 days from notice to comply with steps 1 through 3 above.

5. Quarterly financial reviews will be taken of entities which retain their self-insurance privileges by following 1, 2, and 3 above.

K. Security requirements for all entities requiring security will be determined by a review of past incurred losses and application of exposure, loss, and contingency factors. The minimum acceptable bond amount is $100,000.

L. Public and eleemosynary entities are classified as special categories requiring separate consideration for self-insurance privileges and security requirements.

3.3. Administration of the Self-Insurance Program.
A. A self-insurer must procure the services of an insurance carrier or adjusting company to administer the self-insurance program with regard to claims, setting up of reserves, and safety programs; or

B. The self-insurer must show proof of sufficient and competent staff to administer the self-insurance program and provide safety engineering. The division reserves the right to train and test adjusters and administrators of self-insurance programs.

C. Whether a self-insurer hires their own adjustor or contracts with an insurance carrier or service organization, the following conditions must be met:

1. A knowledgeable contact concerning claims will be located in the state of Utah.

2. The self-insurer will maintain a toll free number or accept during office hours a reasonable number of collect calls from injured employees if either employees of the company or the division offices are in a different city than that of the adjustor.

D. The self-insurer will comply with all rules of the Commission and with the Workers' Compensation Act.

3.4. Notice of Certification for Self-Insurance or Denial and Renewal.

Upon meeting the requirements set forth in these rules, an employer shall receive a formal certificate approving self-insured status. The privilege may be renewed from year to year with renewal procedure as required by these rules. An employer whose original or renewal application for self-insurance has been denied or revoked, or who takes exception to insurance or reserve requirements, may request a review or reconsideration by the Commission. The request must be made within 20 days of the notice of Commission action issued to the employer. A request for review will not automatically extend the authorization to self-insure. However, the Commission may extend the privilege pending review. Without such an extension, the privilege is revoked on the anniversary date.

3.5. Revocation of Right to Self-Insure.

The right to self-insure may be revoked by the division for failure to comply with the rules contained herein.

R612-400-4. Waivers.

4.1. Authority and Purpose.

This rule is enacted under authority of 34A-1-104 of the Utah Labor Commission Act and Title 34A, Chapter Two, Part One, the Workers' Compensation Coverage Waivers Act ("the Act"). The purpose of this rule is to establish procedures for workers' compensation coverage waivers ("coverage waivers"). The rule also addresses the effect of coverage waivers and the adjudicative procedures to be followed by the Division in granting, denying, or revoking coverage waivers.

4.2. Administration by Industrial Accidents Division.

Except as otherwise provided, the Utah Labor Commission's Division of Industrial Accidents ("Division") shall administer the provisions of the Act and this rule.

4.3. Procedure for Application and Issuance of Certificate.

A. A business entity may apply for a coverage waiver by completing a form provided by the Commission, submitting required supporting documents, and paying a fee of $50. The Division's determination of whether to grant or deny a request for coverage waiver shall be conducted as informal proceedings under the Utah Administrative Procedures Act.

B. Supporting documents. 34A-2-1004 of the Workers' Compensation Coverage Waivers Act requires a business entity to submit the following documentation to support its request for a coverage waiver:

- 1. A copy of two or more of the following:
  - a. the business entity's federal or state income tax return that shows business income for the complete taxable year that immediately precedes the day on which the business entity submits the information;
  - b. a valid business license;
  - c. a license to engage in an occupation or profession, including a license under Title 58, Occupations and Professions; or
  - d. documentation of an active liability insurance policy that covers the business entity's activities;
  - 2. A copy of one item listed in Subsection (1) and a copy of two or more of the following:
    - a. proof of a bank account for the business entity;
    - b. proof that for the business entity there is:
      - i. a telephone number; and
      - ii. a physical location; or
    - c. an advertisement of services in a newspaper of general circulation or telephone directory showing the business entity's:
      - i. name; and
      - ii. contact information.

C. Fee. A business entity applying for a workers' compensation coverage waiver certificate shall submit payment of a fee of $50.00. Such fees are used to defray the costs of processing and evaluating the application and are nonrefundable. If payment of the fee is made by check, the Division may delay issuance of a coverage waiver until it has verified that the check will be honored.

D. Issuance or Denial of Certificate. If the Division determines that a business entity has satisfied each requirement for a coverage waiver, the Division will issue the coverage waiver. If the Division determines that a business entity has not satisfied each requirement for a workers' compensation insurance waiver, the Division will issue a written denial to the business entity, stating the basis for denial and setting forth the business entity's appeal rights.

4.4. Duration, Renewal and Revocation.

A. Duration. Subject to revocation of a coverage waiver as provided by subparagraph C. of this section, a coverage waiver remains in effect for the following time periods:

1. A coverage waiver issued by a licensed workers' compensation insurance company prior to July 1, 2011, the effective date of the Workers' Compensation Coverage Waivers Act, shall remain effective for the period shown on the coverage waiver.

2. A coverage waiver issued by the Division after July 1, 2011, shall be effective for one year from the date the coverage waiver is issued.

B. Renewal. The Division will renew a business entity's coverage waiver if:

1. The business entity requests renewal; and

2. The business entity satisfies all requirements in effect at the time of the renewal request.

C. Revocation. If the Division has reason to believe that a business entity no longer qualifies for a coverage waiver, the Division shall institute proceedings to determine whether the business entity's coverage waiver should be revoked. Such proceedings shall be conducted as informal proceedings under the Utah Administrative Procedures Act. If the Division concludes that the business entity does not satisfy each requirement for a workers' compensation insurance waiver, the Division will issue a written order revoking the waiver.

   2. the injured worker's physical capacity has not been determined;
   or

R704-2-8. Mobilization of Resources

(1) Deployed personnel and resources from a responding jurisdiction will notify the local point of contact for both the requesting jurisdiction, and the responding jurisdiction, of their arrival. The notification will occur at the point of assignment or staging area, and the deployed personnel will then obtain a mission briefing. The division shall use Form 104 for each deployment of resources.

NOTICE OF PROPOSED RULE  
(Amendment)  
DAR FILE NO.: 37116  
FILED: 12/20/2012  

RULE ANALYSIS  
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this rule amendment, as recommended by Rocky Mountain Power, is to replace the requirement for an electric corporation to report Momentary Average Interruption Frequency Index (MAIFI) data with the requirement to report Momentary Average Interruption Frequency Index Event (MAIFIe) data, to clarify reporting requirements for MAIFIe data, and to make other minor changes. As proposed by Rocky Mountain Power, the impact of a momentary electric service interruption experienced by a customer is related to the entire momentary event (as represented by MAIFIe) rather than the electric system's attempts to automatically restore power after a fault event (as represented by MAIFI). Therefore the electric service reliability rules addressing momentary outages should reference MAIFIe, not MAIFI.  

SUMMARY OF THE RULE OR CHANGE: The term MAIFI is replaced with MAIFIe in Sections R746-313-2, R746-313-4, R746-313-7. The requirements to report MAIFIe data are clarified in Section R746-313-7 and removed from Section R746-313-8. In addition, the word “reliability” is added in Section R746-313-7 to clarify the requirements to provide specific information for reliability reporting areas.  

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 54-3-1 and Section 54-4-2 and Section 54-4-7  

ANTICIPATED COST OR SAVINGS TO:  
• THE STATE BUDGET: This rule amendment will have no cost effect on the state budget because it only pertains to the reporting of electrical system momentary interruption data by electric corporations.  
• LOCAL GOVERNMENTS: This rule amendment will have no cost effect on local governments in general or local governments who operate their own municipal electric utility systems because it only pertains to the reporting of electrical system momentary interruption data by electric corporations.  
• SMALL BUSINESSES: This rule amendment will have no direct cost effect on small businesses because it only pertains to the reporting of electrical system momentary interruption data by electric corporations.  
• PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This rule amendment will have no cost effect on persons other than small businesses, businesses, or local government entities because it only pertains to the reporting of electrical system momentary interruption data by electric corporations.  

COMPLIANCE COSTS FOR AFFECTED PERSONS: This rule amendment reduces reporting requirements for electric corporations but does not materially effect compliance costs of the entire rule.  

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule amendment will have no fiscal impact on businesses as the amendment provides only for minor changes and clarifications for reporting of electric system outage data applicable only to electric corporations.

accordance with R746-100-15, Deviation from Rules.
R746-313-4. Electric Service Reliability.
(1) An electric company must have a written reliability
program.
(2) Within 3 months after the effective date of these rules an
electric company whose governing authority is the commission must
file for commission approval of reliability performance baselines for
SAIDI and SAIFI reliability indices.
(3) The filing required by 746-313-4(2) must include, but is
not limited to:
(a) the basis for the proposed SAIDI and SAIFI values; and
(b) identification of systems and description of internal
processes to collect, monitor and analyze interruption data and events
including:

proposed standards and major event days, and the time-period upon
which the proposed standards are based (e.g., 12-month rolling
average, 365-day rolling average, annual average);
(ii) identification of all proposed deviations from IEEE
1366 used in the calculation of reliability indices and determination of
major event days; and
(iii) a description of all data estimation methods used for the
collection and calculation of SAIDI, SAIFI, CAIDI, and MAIFI.
R746-313-5. Electric Service Interruption Records.
(1) Except as provided in subsection (4) of this Section:
(a) An electric company using predominantly non-
automated methods for identifying outages and tracking reliability
shall keep an accurate record of each sustained interruption of service
that affects one or more customers.
(b) An electric company using an electronic outage
management system for identifying electric service interruptions
and/or tracking outages shall keep an accurate record of each
interruption of service that affects one or more customers.
(2) Each record shall contain at least the following
information:
(a) the operating area where the interruption occurred;
(b) the reference identification of the substations involved;
(c) the reference identification of the circuit involved;
(d) the date and time the interruption started or was
reported. If the exact time is unknown, the beginning of an
interruption is recorded as the earlier of an automatic alarm or the
reported initiation time;
(e) the date and time service was restored;
(f) the duration of the interruption;
(g) the number of metering points affected by the
interruption;
(h) the cause of the interruption;
(i) whether the interruption was planned or unplanned;
(j) the interrupting device that made the interruption, if
known; and
(k) the component involved (e.g., transmission line,
substation, overhead primary main, underground primary main,
transformer, etc.).
(3) For interruptions where customers are not
simultaneously restored, an electric company shall keep records that
document the step-restoration operations.
(4) For major events where an electric company is unable to
obtain accurate data, the electric company shall make reasonable
estimates and explain these estimates in any report filed with its
governing authority.
(5) An electric company shall retain the records associated
with this rule in accordance with R746-310-10 Preservation of
Records.
R746-313-6. Inquiries about Electric Service Reliability.
(1) A customer may request a report from its electric
company about the reliability of the electric service provided to the
customer's own meter which the electric company must provide at no
cost within 20 business days of the request. If a customer requests one
or more additional reliability reports for the same meter within one
year of the date of the first request, the electric company may charge
the customer the cost of preparing the report(s).

R746-313-5(2) covering at least the 12 months preceding the date of the
request. If 12 months of data are not available, the chronological
listing must include all available data.
(4) Other than those inquiries specified in R746-313-6(1),
each electric company must have a written policy for consistent
treatment of all other inquiries pertaining to electric reliability. At a
minimum, the electric company must provide to the inquiring party, by
electronic means, the electric company's most-recently filed report on
electric service reliability required by R764-313-7.
(1) An electric company must report deviations from the
reliability performance baselines established in accordance with R746-
313-4 within 60 days after the end of the month when the deviation(s)
occurred.
(2) Beginning May 1, 2013, and by May 1 of each
succeeding year, an electric company shall file with the commission a
report on electric service reliability for the previous calendar year. The electric company must make electronic copies of the report available to the public upon request and may charge a reasonable cost for requested paper copies.

(3) For an electric company whose governing authority is the commission, the report on electric service reliability must contain at a minimum:

NOTICES OF
CHANGES IN PROPOSED RULES

After an agency has published a Proposed Rule in the Utah State Bulletin, it may receive public comment that requires the Proposed Rule to be altered before it goes into effect. A Change in Proposed Rule allows an agency to respond to comments it receives.

As with a Proposed Rule, a Change in Proposed Rule is preceded by a Rule Analysis. This analysis provides summary information about the Change in Proposed Rule including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a Change in Proposed Rule, it does provide for a 30-day waiting period. An agency may accept additional comments during this period, and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for Changes in Proposed Rules published in this issue of the Utah State Bulletin ends February 14, 2013.

Following the Rule Analysis, the text of the Change in Proposed Rule is usually printed. The text shows only those changes made since the Proposed Rule was published in an earlier edition of the Utah State Bulletin. Additions made to the rule appear underlined (e.g., example). Deletions made to the rule appear struck out with brackets surrounding them (e.g., [example]). A row of dots in the text between paragraphs (........) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a Change in Proposed Rule is too long to print, the Division of Administrative Rules will include only the Rule Analysis. A copy of rules that are too long to print is available from the agency or from the Division of Administrative Rules.

From the end of the 30-day waiting period through May 15, 2013, an agency may notify the Division of Administrative Rules that it wants to make the Change in Proposed Rule effective. When an agency submits a Notice of Effective Date for a Change in Proposed Rule, the Proposed Rule as amended by the Change in Proposed Rule becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the Change in Proposed Rule. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another Change in Proposed Rule in response to additional comments received. If the Division of Administrative Rules does not receive a Notice of Effective Date or another Change in Proposed Rule by the end of the 120-day period after publication, the Change in Proposed Rule filing, along with its associated Proposed Rule, lapses and the agency must start the process over.

Changes in Proposed Rules are governed by Section 63G-3-303; Rule R15-2; and Sections R15-4-3, R15-4-5, R15-4-7, and R15-4-9.

FILED: 12/18/2012

As proposed, the rule required board members to bring only matters that were prohibited under the act. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the change in proposed rule and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

NOTICES OF
120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that the regular rulemaking procedures would:

(a) cause an imminent peril to the public health, safety, or welfare;
(b) cause an imminent budget reduction because of budget restraints or federal requirements; or
(c) place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references. A row of dots in the text (........) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective at the moment the Division of Administrative Rules receives the filing, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule.

Because 120-DAY RULES are effective immediately, the law does not require a public comment period. However, when an agency files a 120-DAY RULE, it usually files a PROPOSED RULE at the same time, to make the requirements permanent. Comments may be made on the PROPOSED RULE. Emergency or 120-DAY RULES are governed by Section 63G-3-304; and Section R15-4-8.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This new section establishes criteria and procedures for determining the location of a state store.

SUMMARY OF THE RULE OR CHANGE: It is necessary for the commission to write emergency rules to comply with Subsection 32B-2-202(1)(c)(ii), which requires a rule for state store selection.

JUSTIFICATION: An emergency rule is necessary for the agency to comply with state statute that administrative rules be in place within six months of enactment. Here it has been six months since enactment and no rule has been put in place regarding store site selection as required by Subsection 32B-2-202(1)(c)(ii).

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this change is to end coverage for the Qualifying Individuals (QI) program and for the 12-month Transitional Medicaid program.

SUMMARY OF THE RULE OR CHANGE: This change removes coverage for the QI program and for the 12-month Transitional Medicaid program, both of which are due to sunset under federal statute after 12/31/2012. (DAR NOTE: With the passage of Sections 621 and 622 of H.R. 8, American Taxpayer Relief Act of 2012, signed on 01/02/2013, another emergency rule was filed under DAR No. 37173 that restores these programs as of 01/07/2013, and supersedes this emergency rule. The emergency rule under DAR No. 37173 will be published in the February 1, 2013, issue of the Bulletin.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 26-1-5 and Section 26-18-3

EMERGENCY RULE REASON AND JUSTIFICATION: REGULAR RULEMAKING PROCEDURES WOULD cause an imminent budget reduction because of budget restraints or federal requirements; and place the agency in violation of federal or state law.

JUSTIFICATION: Federal authority to provide medical assistance under both of these coverage groups ends after 12/31/2012. There will be no federal funds to provide medical assistance to anyone under these two coverage groups. The Qualifying Individuals program is 100% federal match dollars, while the 12-month Transitional Medicaid program is at the regular federal match rate of about 70% federal funds, and 30% state funds. (See DAR NOTE under the summary above.)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The state cost for the number of enrolled persons in these two programs would be about $1,286,013 per month if the Department were to continue coverage after the federal sunset date.
♦ LOCAL GOVERNMENTS: This change does not create costs for local governments because they do not provide Medicaid services.
♦ SMALL BUSINESSES: This change could create a cost for some medical providers who could lose some revenue because they would not be able to provide services to individuals who previously had Medicaid coverage.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This change creates a cost of about $1,286,013 for individuals who will lose their medical benefits as a result of this change.

COMPLIANCE COSTS FOR AFFECTED PERSONS: An individual who loses eligibility for the Qualifying Individuals program will incur a cost of $104.90 a month to pay the Medicare Part B premium. An individual losing eligibility for the 12-month Transitional Medicaid program could incur medical costs of any amount because the individual will not have Medicaid coverage. Some individuals losing coverage under the 12-month Transitional Medicaid program may qualify for a different Medicaid program, such as Child Medicaid or the Children's Health Insurance Program, and still have medical assistance.

R414, Health, Health Care Financing, Coverage and Reimbursement Policy.

(2) Proof of disability includes a certification of disability from the State Medicaid Disability Office, Supplemental Security Income (SSI) status, or proof that a disabled client is recognized as disabled by the Social Security Administration (SSA).

(3) An individual can request a disability determination from the State Medicaid Disability Office. The Department adopts the disability determination requirements described in 42 CFR 435.541, 2011 ed., and Social Security's disability requirements for the Supplemental Security Income program as described in 20 CFR 416.901 through 416.998, 2011 ed., which are incorporated by reference, to decide if an individual is disabled. The Department notifies the eligibility agency of its disability decision, who then sends a disability decision notice to the client.

(a) If an individual has earned income, the State Medicaid Disability Office shall review medical information to determine if the client is disabled without regard to whether the earned income exceeds the Substantial Gainful Activity level defined by the Social Security Administration.

(b) If, within the prior 12 months, SSA has determined that the individual is not disabled, the eligibility agency must follow SSA's decision. If the individual is appealing SSA's denial of disability, the State Medicaid Disability Office must follow SSA's decision throughout the appeal process, including the final SSA decision.

(c) If, within the prior 12 months, SSA has determined an individual is not disabled but the individual claims to have become disabled since the SSA decision, the State Medicaid Disability Office shall review current medical information to determine if the client is disabled.

(d) Clients must provide the required medical evidence and cooperate in obtaining any necessary evaluations to establish disability.

(e) Recipients must cooperate in completing continuing disability reviews as required by the State Medicaid Disability Office unless they have a current approval of disability from SSA. Medicaid eligibility as a disabled individual will end if the individual fails to cooperate in a continuing disability review.

(4) If an individual denied disability status by the Medicaid Disability Review Office requests a fair hearing, the Disability Review Office may reconsider its determination as part of fair hearing process. The individual must request the hearing within the time limit defined in Section R414-301-6.

(a) The individual may provide the eligibility agency additional medical evidence for the reconsideration.

(b) The reconsideration may take place before the date the fair hearing is scheduled to take place.

(c) The eligibility agency notifies the individual of the reconsideration decision. Thereafter, the individual may choose to pursue or abandon the fair hearing.

(5) If the eligibility agency denies an individual's Medicaid application because the Medicaid Disability Review Office or SSA has determined that the individual is not disabled and that determination is later reversed on appeal, the eligibility agency determines the individual's eligibility back to the application that gave rise to the appeal. The individual must meet all other eligibility criteria for such past months.

(a) Eligibility cannot begin any earlier than the month of disability onset or three months before the month of application subject to the requirements defined in Section R414-306-4, whichever is later.

(b) If the individual is not receiving medical assistance at the time a successful appeal decision is made, the individual must contact the eligibility agency to request the Disability Medicaid coverage.

(c) The individual must provide any verifications the eligibility agency needs to determine eligibility for past and current months for which the individual is requesting medical assistance.

(d) If an individual is determined eligible for past or current months, but must pay a spenddown or Medicaid Work Incentive (MWI) premium for one or more months to receive coverage, the spenddown or MWI premium must be met before Medicaid coverage may be provided for those months.

(6) The age requirement for Aged Medicaid is 65 years of age.
(7) For children described in Section 1902(a)(10)(A)(ii)(II) of the Social Security Act in effect April 4, 2012, the [Department] agency shall conduct periodic redeterminations to assure that the child continues to meet the SSI eligibility criteria as required by such section.

(8) Coverage for qualifying individuals described in Section 1902(a)(10)(A)(ii)(XIII) of the Social Security Act in effect April 4, 2012, is limited to the amount of funds allocated under Section 1933 of Title XIX of the Social Security Act in effect April 4, 2012, for a given year, or as subsequently authorized by Congress. The eligibility agency will deny coverage to applicants when the uncommitted allocated funds are insufficient to provide such coverage.

(9) To determine eligibility under Section 1902(a)(10) (A)(ii)(XIII), if the countable income of the individual and the individual's family does not exceed 250% of the federal poverty guideline for the applicable family size, the [Department] agency shall disregard an amount of earned and unearned income of the individual, the individual's spouse, and a minor individual's parents that equals the difference between the total income and the Supplemental Security Income maximum benefit rate payable.

(10) The [Department] agency shall require individuals eligible under Section 1902(a)(10)(A)(ii)(XIII) to apply for cost-effective health insurance that is available to them.

R414-303-5. [Reserved.]

R414-303-6. [Reserved.] 4 Month Transitional Family Medicaid.

(1) The Department adopts 42 CFR 435.112 and 435.115(f), (g) and (h), [2001] 2011 ed., and Title XIX of the Social Security Act, Section 1931(c)(1) and Section 1931(c)(2) in effect [January 1, 2001] November 19, 2012 which are incorporated by reference.

(2) Changes in household composition do not affect eligibility for the four month extension period. New household members may be added to the case only if they meet the AFDC or AFDC two-parent criteria for being included in the household if they were applying in the current month. Newborn babies are considered household members even if they were born the month the household became ineligible for Family Medicaid under Section 1931 of the Social Security Act. New members added to the case will lose eligibility when the household loses eligibility. Assistance shall be terminated for household members who leave the household.

DAR FILE NO.: 37121
FILED: 12/28/2012

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this emergency rule is to make technical changes to the rule to end medical assistance coverage for the Qualifying Individuals program.

SUMMARY OF THE RULE OR CHANGE: This change removes language about the benefits and coverage period for individuals eligible for the Qualifying Individuals program, which is due to sunset under federal statute after 12/31/2012. (DAR NOTE: With the passage of Section 621 of H.R. 8, American Taxpayer Relief Act of 2012, signed on 01/02/2013, another emergency rule was filed under DAR No. 37174 that restores this program as of 01/07/2013, and supersedes this emergency rule. The emergency rule under DAR No. 37174 will be published in the February 1, 2013, issue of the Bulletin.)

Statutory or Constitutional Authorization for this Rule: Section 26-1-5 and Section 26-18-3

Emergency Rule Reason and Justification: Regular Rulemaking Procedures Would cause an imminent budget reduction because of budget restraints or federal requirements; and place the agency in violation of federal or state law.

JUSTIFICATION: Federal authority to provide medical assistance for Qualifying Individuals ends after 12/31/2012. There will be no federal funds to provide medical assistance to anyone under this coverage group. The Qualifying Individuals program is 100% federal match dollars. (See DAR NOTE under the summary above.)

Anticipated Cost or Savings to:
♦ the state budget: The state cost for the number of enrolled persons in the Qualifying Individuals group is about $201,513 per month if the Department were to continue coverage after the federal sunset date. This cost, however, is considered in the companion filing for Rule R414-303, which actually removes coverage for this group.
♦ Local Governments: This change does not create costs for local governments because they do not determine Medicaid eligibility.

---
SMALL BUSINESSES: This change will not cost small businesses anything because the Qualifying Individuals program only pays the Medicare Part B premium. It does not provide any other benefits.

PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This change creates a cost of about $201,513 for individuals who will lose medical benefits as a result of this change.

COMPLIANCE COSTS FOR AFFECTED PERSONS: An individual who loses eligibility for the Qualifying Individuals program will incur a cost of $104.90 a month to pay the Medicare Part B premium.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Lack of federal funding as of 01/01/2013 necessitates termination of this Medicaid eligibility group. Fiscal impact on businesses that serve Medicaid clients that qualify through this program is unavoidable.

(d) An individual who is ineligible for Medicaid while residing in a public institution or an Institution for Mental Disease (IMD) may become eligible on the date the individual is no longer a resident of either one of these institutions. If an individual is under the age of 22 and is a resident of an IMD, the individual remains a resident of the IMD until he is unconditionally released.

(4) If an applicant is not eligible for the application month, but requests retroactive coverage, the agency will determine eligibility for the retroactive period based on the date of that application.

(5) The agency may use the same application to determine eligibility for the month following the month of application if the applicant is determined ineligible for both the retroactive period and the application month. In this case, the application date changes to the date eligibility begins. The retroactive period associated with the application changes to the three months preceding the new application date.

(6) Medicaid eligibility for certain services begins when the individual meets the following criteria:

(a) Eligibility for coverage of institutional services cannot begin before the date that the individual has been admitted to a medical institution and meets the level of care criteria for admission. The medical institution must provide the required admission verification to the Department within the time limits set by the Department in Rule R414-501. Medicaid eligibility for institutional services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of institutional services.

(b) Eligibility for coverage of home and community-based services under a Medicaid waiver cannot begin before the first day of the month the client is determined by the case management agency to meet the level of care criteria and home and community-based services are scheduled to begin within the month. The case management
agency must verify that the individual meets the level of care criteria for waiver services. Medicaid eligibility for waiver services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of waiver services.

(7) An individual determined eligible for QI benefits in a calendar year is eligible to receive those benefits throughout the remainder of the calendar year, if the individual continues to meet the eligibility criteria and the program still exists. Receipt of QI benefits in one calendar year does not entitle the individual to QI benefits in any succeeding year.

(8) After being approved for Medicaid, a client may later request coverage for the retroactive period associated with the approved application if the following criteria are met:

(a) The client did not request retroactive coverage at the time of application; and

(b) The agency did not make a decision about eligibility for medical assistance for that retroactive period; and

(c) The client states that he received medical services and provides verification of his eligibility for the retroactive period.

(9) A client cannot request coverage for the retroactive period associated with a denied application. The client, however, may reapply and a new retroactive coverage period is considered based on the new application date.

End of the Notices of 120-Day (Emergency) Rules Section
Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to remove obsolete rules from the Utah Administrative Code. Upon reviewing a rule, an agency may: repeal the rule by filing a Proposed Rule; continue the rule as it is by filing a Notice of Review and Statement of Continuation (Notice); or amend the rule by filing a Proposed Rule and by filing a Notice. By filing a Notice, the agency indicates that the rule is still necessary.

Notices are not followed by the rule text. The rule text that is being continued may be found in the most recent edition of the Utah Administrative Code. The rule text may also be inspected at the agency or the Division of Administrative Rules. Notices are effective upon filing. Notices are governed by Section 63G-3-305.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION
CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is authorized pursuant to Section 54-8b-13 which requires the commission to make rules to implement requirements for operator-assisted services.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No comments have been received in the last five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Section 54-8b-13 continues to require this rule. This rule ensures that customers of operator-assisted services are informed of rates, surcharges, terms, or conditions of using operator-assisted services. The rule contains requirements for information: to be provided at the telephone set; to inform customers as to which provider is providing the service, or that a call is being transferred to another provider; and requirements for providers of operator-assisted services before a call is completed and when a call is "uncompleted". Requirements for 911 calls, "0" calls, and end-user choice are also provided in this rule. Availability of customer complaint toll-free number requirements are contained in this rule, along with caller access when a call aggregator is involved. This rule also contains enforcement provisions. Therefore, the rule should be continued.

NOTICES OF
FIVE-YEAR REVIEW EXTENSIONS

Rulewriting agencies are required by law to review each of their administrative rules within five years of the date of the rule’s original enactment or the date of last review (Section 63G-3-305). If the agency finds that it will not meet the deadline for review of the rule (the five-year anniversary date), it may file an extension with the Division of Administrative Rules. The extension permits the agency to file the review up to 120 days beyond the anniversary date.

Agencies have filed extensions for the rules listed below. The "Extended Due Date" is 120 days after the anniversary date.

The five-year review extension is governed by Subsections 63G-3-305(4) and (5).

NOTICES OF
RULE EFFECTIVE DATES

State law provides for agencies to make their rules effective and enforceable after publication in the Utah State Bulletin. In the case of Proposed Rules or Changes in Proposed Rules with a designated comment period, the law permits an agency to file a notice of effective date any time after the close of comment plus seven days. In the case of Changes in Proposed Rules with no designated comment period, the law permits an agency to file a notice of effective date on any date including or after the thirtieth day after the rule’s publication date. If an agency fails to file a Notice of Effective Date within 120 days from the publication of a Proposed Rule or a related Change in Proposed Rule the rule lapses and the agency must start the rulemaking process over.

Notices of Effective Date are governed by Subsection 63G-3-301(12), 63G-3-303, and Sections R15-4-5a and 5b.

**End of the Notices of Rule Effective Dates Section**
This Rules Index is a complete index that reflects all effective changes to Utah's administrative rules for 2012. The Index lists changes made effective from January 2, 2012 through January 1, 2013. The Rules Index is published in the Utah State Bulletin and in the annual Utah Administrative Rules Index of Changes. Nonsubstantive changes, while not published in the Bulletin, do become part of the Utah Administrative Code (Code) and are included in this Index, as well as 120-Day (Emergency) rules that do not become part of the Code. The rules are indexed by Agency (Code Number) and Keyword (Subject).

FIRST DAR NOTE: Because of space constraints, the Keyword Index is not included in this Bulletin.

SECOND DAR NOTE: The index may contain inaccurate page number references. Bulletin issue information and effective date information presented in the index are, to the best of our knowledge, complete and accurate. If you have any questions regarding the index and the information it contains, please contact Nancy Lancaster (801-538-3218), Mike Broschinsky (801-538-3003), or Kenneth A. Hansen (801-538-3777).

A copy of the Rules Index is available for public inspection at the Division of Administrative Rules (5110 State Office Building, Salt Lake City, UT), or may be viewed online at the Division’s web site (http://www.rules.utah.gov/).
