Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues EXECUTIVE DOCUMENTS, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor’s Office staff files EXECUTIVE DOCUMENTS that have legal effect with the Division of Administrative Rules for publication and distribution.

Governor’s Executive Order EO/2015/001: Implementing the Utah Conservation Plan For Greater Sage-Grouse

EXECUTIVE ORDER

Implementing the Utah Conservation Plan For Greater Sage-Grouse

WHEREAS, the proper stewardship of Greater Sage-Grouse by wildlife managers, private landowners, ranchers, federal land management agencies and others, has caused the State of Utah to currently enjoy robust populations of Greater Sage-Grouse; and

WHEREAS, the State of Utah has management authority over Greater Sage-Grouse populations in Utah; and

WHEREAS, in 2010, the United States Fish and Wildlife Service determined that listing the Greater Sage-Grouse as a threatened or endangered species under the provisions of the Endangered Species Act was “warranted” over its entire 11 state range, including the naturally fragmented populations in Utah, but also that the listing was “precluded” by higher priorities; and

WHEREAS, the listing of the Greater Sage-Grouse would have a significant adverse effect on the economy, custom and culture of the State of Utah; and

WHEREAS, the U.S. Fish and Wildlife Service agreed, as part of the settlement of litigation, to determine whether the listing is warranted or not warranted by September 30, 2015; and

WHEREAS, in December 2011, Ken Salazar, Secretary of the Interior, invited Utah and the 10 other western states within the range of the Greater Sage-Grouse to develop state-specific programs to conserve Greater Sage-Grouse, and thereby preclude the need to list the species; and

WHEREAS, the Utah State Legislature and state agencies have dedicated significant state resources to the conservation of Greater Sage-Grouse in Utah, beginning in the mid 1990s; and

WHEREAS, the State of Utah, in 1996, through a cooperative agreement with Utah State University Extension, has facilitated an on-going community-based conservation program that has continuously engaged thousands of Utah stakeholders in sage-grouse Local Working Groups to develop, implement, and evaluate the effectiveness of local conservation actions based on knowledge generated from long-term research which have increased both the sage-grouse habitat base and populations; and
WHEREAS, the State of Utah, through researchers at Utah State University and Brigham Young University, has assembled and continues to add to a database of knowledge and research concerning the Greater Sage-Grouse that spans the last 20 years, which database is the best and only consistently reliable data set within the range of the species; and

WHEREAS, this research has led to the publication of numerous scholarly, peer-reviewed scientific papers, which have enriched and focused scientific knowledge about the bird; and

WHEREAS, based on these data sets, the State completed and implemented plans for the conservation of sage-grouse in 2005, 2009, and most recently, completed an updated Conservation Plan for Greater Sage-Grouse (Conservation Plan), as requested by Secretary Salazar, in 2013, which Plan is based upon the best scientific and commercial information available; and

WHEREAS, the U.S. Fish and Wildlife Service issued the final report of the Conservation Objectives Team (COT) in early 2013, which Report creates Priority Areas of Conservation (PAC) to focus conservation efforts, and contains recommendations to address each of the threats to the species mentioned in the Service’s 2010 listing decision; and

WHEREAS, the State’s Conservation Plan responds to the COT Report by focusing conservation efforts upon identified habitat and habitat-improvement areas within 11 specifically defined Sage-Grouse Management Areas (SGMAs), which correspond to the PAC identified in the COT Report, and which SGMAs protect about 94% of the birds in Utah; and

WHEREAS, the State’s Conservation Plan contains five specific, measurable goals relating to population numbers and habitat, all of which have been met the first year, and is designed to address and ameliorate the threats to the species that were identified in the COT Report; and

WHEREAS, the Bureau of Land Management and the U.S. Forest Service have proposed various amendments to agency land management plans designed to promote the conservation of the species in a balanced manner, and the process to finalize those amendments is expected to conclude in early 2015; and

WHEREAS, the State, Bureau of Land Management, U.S. Forest Service and U.S. Fish and Wildlife Service have cooperatively created population and habitat triggers for each of the 11 SGMA's, which triggers will advise the need to consider future adjustments to management within each SGMA; and

WHEREAS, Utah is part of both the Great Basin and the Rocky Mountain Regions identified by the Bureau of Land Management and U.S. Forest Service as part of their sage-grouse plan amendment processes; and

WHEREAS, the Bureau of Land Management and the U.S. Forest Service are working to find solutions to the principal threat within each Region, which has been identified as wildfire and the resulting invasion of noxious or undesirable plant invasive species in burned areas in the Great Basin Region, and energy development in the Rocky Mountain Region; and

WHEREAS, the State has engaged in a detailed examination of the implementation of its Conservation Plan in relation to the threats identified in the COT Report, and has identified the actual scope and extent of the identified threats within the State, including the two principal threats identified for each Region; and

WHEREAS, more than 75% of all wildfires in Utah are suppressed before they exceed 10 acres, and 99.8% are suppressed before they exceed 10,000 acres; and

WHEREAS, in December 2013 the State finalized an overall review of wildfire suppression and management, and approved a wildfire plan, entitled the "Catastrophic Wildfire Reduction Strategy," which Strategy established the protection of sage-grouse habitat as a priority; and

WHEREAS, the State has amended its Forestry Action Plan to include the SGMAs as part of the prioritization of forestry projects to reduce fuel load and the potential for large fires; and

WHEREAS, the State of Utah, through the Division of Forestry, Fire and State Lands, has executed a "Master Cooperative Wildland Fire Management and Stafford Act Response Agreement" (Agreement) in cooperation with the Bureau of Land Management, the U.S. Forest Service, and the U.S. Fish and Wildlife Service, among others; and

WHEREAS, the annual Operating Plan under the provisions of the Agreement provides for "Special Management Considerations" which allows fire suppression activities to be consistent with pre-planned objectives for an area; and
WHEREAS, under the terms of the Agreement, the State is responsible for the coordination of the counties’ initial fire-attack capabilities “for the purpose of coordinated wildland fire management services within and beyond the boundaries of the State of Utah;” and

WHEREAS, pursuant to Utah Code, uncontrolled fire on unincorporated land is a “public nuisance,” requiring the respective counties and the Division of Forestry, Fire and State Lands to abate the public nuisance on unincorporated private and state lands within the State; and

WHEREAS, fuel-treatment projects have been demonstrated to be very effective in stopping or significantly slowing the movement of fires, so that suppression activities can become effective more quickly, while also improving habitat for the benefit of the Greater Sage-Grouse and other species; and

WHEREAS, the State has identified specific pre-suppression fuel-treatment and habitat-improvement areas designed to maximize protections for the Greater Sage-Grouse habitat; and

WHEREAS, the State’s SGMAs contain minimal amounts of oil and gas development and mining activity, and all such development and activities are properly authorized by and managed under federal or state permit; and

WHEREAS, the State collects a conservation fee from the production of oil and gas to implement the State’s permitting program, and this fee collection schedule has been in place for over 10 years; and

WHEREAS, some of these fees are allocated to employ biologists within the Division of Wildlife Resources dedicated to minimize the effects of oil and gas operations upon wildlife, specifically including the Greater Sage-Grouse; and

WHEREAS, these coordination efforts have directly led to modifications to oil and gas projects to the benefit of Greater Sage-Grouse; and

WHEREAS, the U.S. Fish and Wildlife Service has indicated the State’s Conservation Plan will be evaluated against the Service’s Policy for the Evaluation of Conservation Efforts (PECE); and

WHEREAS, PECE requires a determination of the certainty of implementation and the certainty of effect of the conservation efforts; and

WHEREAS, a directive from the chief executive to state agencies has value in focusing the efforts and priorities of the state agencies toward coordinated conservation of the species, in order to satisfy the Service’s PECE evaluation; and

WHEREAS, to reinforce and restate the State’s longstanding commitment to the conservation of Greater Sage-Grouse;

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and laws of the State, and to the extent such actions are consistent with the statutory obligations and authority of each individual state agency, including those obligations found in Title 63L, Chapter 3 of the Utah Code, otherwise cited as the Private Property Protection Act, I, Gary R. Herbert, Governor of the State of Utah, do hereby issue this Executive Order providing as follows:

1. State agencies whose operations affect Greater Sage-Grouse (State Agencies) will coordinate implementation of the Conservation Plan, as it may be amended by its own terms, with the Public Lands Policy Coordinating Office, Office of the Governor. The Division of Wildlife Resources will assist the Public Lands Policy Coordinating Office in this effort.

2. Management and policy decisions by State Agencies will maintain, improve and enhance Greater Sage-Grouse habitat, opportunity areas and the species’ populations within the 11 SGMAs established by the Conservation Plan. It is expected that activities and facilities existing within the SGMAs prior to adoption of the Conservation Plan will be allowed to continue.

3. State Agencies will work with federal agencies, including the Bureau of Land Management, U.S. Forest Service, U.S. Fish and Wildlife Service and the Natural Resources Conservation Service, to identify the continuing conservation needs of Greater Sage-Grouse, and to seek necessary actions by the federal agencies to assure implementation of the conservation strategies, objectives and goals identified in the Conservation Plan.
4. Funding, legal assurance contracts, mapping, scientific research, habitat enhancement, improvement and reclamation efforts and other proactive efforts to assure viability of Greater Sage-Grouse in Utah will be focused and prioritized to take place within or near SGMAs, or be designed to facilitate implementation of the State’s Conservation Plan.

5. Existing rights established on private, county, city, state and federal lands should be recognized and respected.

6. On-the-ground enhancements, monitoring and ongoing planning relative to Greater Sage-Grouse populations and habitat shall be coordinated through the existing Local Working Groups, whenever possible, and through the Division of Wildlife Resources.

7. The Division of Oil, Gas and Mining shall coordinate with the Division of Wildlife Resources on all regulatory actions proposed for issuance by the Division of Oil Gas and Mining within the SGMAs to assure compliance with the requirements of the State’s Conservation Plan. The Division of Oil, Gas and Mining shall implement the recommendations of Wildlife Resources, subject to the statutory requirements to avoid waste of the mineral resource and protect correlative rights on private property during resource production. Both Divisions shall report the results of the coordination annually.

8. The Division of Parks and Recreation and the Office of Outdoor Recreation shall coordinate with the Division of Wildlife Resources to assure that recreational activities or recreational facilities sponsored or supported by each agency within the SGMAs will comply with the State’s Conservation Plan.

9. The Departments of Natural Resources and Agriculture and Food shall coordinate all projects to improve, restore or enhance lands within the SGMAs with the Division of Wildlife Resources to implement the provisions of the State’s Conservation Plan. The Departments should coordinate these efforts with the Utah Conservation Commission, and the relevant Local Working Groups. The Departments shall prioritize Greater Sage-Grouse habitat or opportunity areas within the SGMAs, to the maximum extent possible under the relevant funding authority. No state funding shall be approved for projects that materially eliminate sagebrush within SGMAs without consulting the Division of Wildlife Resources, and a finding that such a project will have a net conservation gain for the species.

10. The Department of Natural Resources shall expedite the completion and implementation of mitigation standards and conditions, including a conservation banking program, based upon such terms as the Department believes necessary. The Department should consult with interested parties as necessary.

11. The Division of Forestry, Fire, and State Lands will prioritize fuels-mitigation activities within or near SGMAs, and in consultation with federal land-management agencies, include SGMAs as a priority during pre-attack planning, second only to the protection of human life and structures. In cooperation with all other federal and local fire-suppression partners throughout the State, the Division will effectuate the pre-attack plans, subject to the need to adjust based on local tactical conditions at the time of a fire or series of fires.

12. The Department of Transportation will coordinate its plans for new or upgraded facilities and roads within SGMAs with the Division of Wildlife Resources to implement the provisions of the State’s Conservation Plan. Existing roads and facilities shall not be subject to this review.

13. The Division of Wildlife Resources shall keep a record of all its consultations related to the proposed siting of activities or projects within SGMAs.

14. State Agencies shall coordinate the collection and storage of digital Greater Sage-Grouse habitat and population information, and work toward useful digital platforms to make the information accessible to the federal partners in Greater Sage-Grouse conservation, and the public, subject to the requirements of the Utah Government Records Access and Management Act (Utah Code Title 63G, Chapter 2). The Division of Wildlife Resources shall head the effort.

15. State Agencies shall work collaboratively with local governments and private landowners to maintain, improve and enhance Greater Sage-Grouse habitats and populations in a manner consistent with the provision of the Utah Conservation Plan and this Executive Order. The Division of Wildlife Resources shall keep track of and participate, or cause the participation by Local Working Group members, in relevant local government meetings affecting the land within SGMAs, to assure that the provisions of the Conservation Plan are presented for consideration by the relevant local authority.
16. State Agencies shall strive to maintain consistency with the items outlined in this Executive Order and the Utah Conservation Plan, subject to any necessary adjustments based upon local conditions and limitations, recognizing the objective of minimizing future disturbance within SGMAs by locating proposed disturbance in areas already disturbed or naturally unsuitable.

17. The Public Lands Policy Coordinating Office and the Division of Wildlife Resources will reevaluate the protective stipulations outlined in the State’s Conservation Plan periodically as new science, information and data emerge regarding the SGMAs and the habitats and behaviors of the Greater Sage-Grouse.

18. State Agencies shall report to the Public Lands Policy Coordinating Office within 60 days after this Order is signed and annually thereafter detailing their actions to comply with this Executive Order.

19. This Executive Order shall remain in effect until June 30, 2017, at which time this order will expire and all provisions of this Executive Order shall be reevaluated.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Utah this 10th day of February, 2015.

NOTICES OF
PROPOSED RULES

A state agency may file a Proposed Rule when it determines the need for a substantive change to an existing rule. With a Notice of Proposed Rule, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between February 03, 2015, 12:00 a.m., and February 17, 2015, 11:59 p.m. are included in this, the March 01, 2015, issue of the Utah State Bulletin.

In this publication, each Proposed Rule is preceded by a Rule Analysis. This analysis provides summary information about the Proposed Rule including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the Rule Analysis, the text of the Proposed Rule is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them (example). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (........) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a Proposed Rule is too long to print, the Division of Administrative Rules may include only the Rule Analysis. A copy of each rule that is too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on Proposed Rules published in this issue of the Utah State Bulletin until at least March 31, 2015. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the Rule Analysis. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific Proposed Rule. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through June 29, 2015, the agency may notify the Division of Administrative Rules that it wants to make the Proposed Rule effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a Change in Proposed Rule in response to comments received. If the Division of Administrative Rules does not receive a Notice of Effective Date of a Change in Proposed Rule, the Proposed Rule lapses.

The public, interest groups, and governmental agencies are invited to review and comment on Proposed Rules. Comment may be directed to the contact person identified on the Rule Analysis for each rule.

Proposed Rules are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

Nurse Practice Act Rule

NOTICE OF PROPOSED RULE

(Amendment)
DAR FILE NO.: 39132

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The Board of Nursing and Division of Occupational and Professional Licensing are proposing amendments to: 1) clarify the distinction, by definition, between a licensed practical nurse (LPN) and an unlicensed practical nurse (PN); 2) standardize terminology through the rule related to the nursing licensure examinations consistent with national norms; 3) clarify the licensure process for LPN and registered nurse (RN) applicants who hold licensure in another multistate compact licensure state; 4) clarify who may supervise clinical practice hours for an APRN (advanced practice registered nurse) specializing in psychiatric mental health nursing; 5) clarify the expectations for limited-time approval of non-accredited nursing programs; and 6) clarify the expectations for communication with the Board for non-accredited nursing programs.

SUMMARY OF THE RULE OR CHANGE: In Section R156-31b-102, a definition for a practical nurse (PN) is added. PN is used to describe nurses who have not yet been licensed as practical nurses. In Section R156-31b-301a, references to pre-licensure education programs for practical nurses and references to the licensure examination for practical nurses are updated to nationally recognized terminology. The licensure process for practical nurses who hold an interstate compact license, when they establish home state residency in Utah, is clarified. In Section R156-31b-301b, references to the licensure examination for registered nurses are updated to nationally recognized terminology. The licensure process for registered nurses who hold an interstate compact license, when they establish home state residence in Utah, is clarified. In Section R156-31b-301c, proposed amendments clarify the requirements for supervision of APRNs completing their supervised clinical practice hours. In Section R156-31b-602, proposed amendments establish an expectation that nursing education programs with limited-time approval achieve accreditation within five years of receiving candidate or applicant status with their accrediting body. Processes are outlined for programs that: 1) receive notification that the accreditation status is in jeopardy; 2) fail to achieve accreditation after a site visit; or 3) lose accreditation. The proposed amendments clearly describe that a program which has exhausted all limited-time approval options must cease enrollment and close. In Section R156-31b-603, the proposed amendments clarify that programs with limited-time approval must maintain, at a minimum, annual communication with the Board. In addition, the format for the annual communication must be Board-approved.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-31b-101 and Subsection 58-1-106(1)(a) and Subsection 58-1-202(1)(a)

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: With regards to amendments to Sections R156-31b-102, R156-31b-301a, and R156-31b-301b, no new requirements or processes are added in these proposed amendments. The clarification related to the application process for Utah licensure by those holding an interstate compact license through another jurisdiction might save staff time if the number of telephone or email inquiries is decreased. These potential savings cannot be estimated. With regards to Section R156-31b-301c, the proposed amendments clarifying supervision of APRNs with a psychiatric mental health specialty are time and budget neutral as supervision is already a requirement. With regards to Sections R156-31b-602 and R156-31b-603, the proposed amendments will have minimal impact on the state budget.
and should be budget neutral. Programs are currently required to maintain annual communication with the Board. Division staff will still be required to maintain records and ensure program compliance with the rule. Any state costs associated with the rule are already included in the Division budget as a normal course of business.

♦ LOCAL GOVERNMENTS: The proposed amendments apply only to licensed nurses, applicants for licensure in those classifications and nursing education programs. As a result, the proposed amendments do not apply to local governments.

♦ SMALL BUSINESSES: With respect to Sections R156-31b-602 and R156-31b-603, most nursing education programs have more than 50 employees and would, therefore, not be affected by these proposed rule amendments. A small nursing program would incur the minimal costs of writing and submitting the annual report. The program would already be collecting the data as a part of their duties as education providers. It is estimated that annual costs related to writing and submitting the reports would be less than $100 per nursing education program.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: The proposed amendments apply only to licensed nurses, applicants for licensure in those classifications and nursing education programs. No other persons have been identified that will be affected by any of the proposed amendments.

COMPLIANCE COSTS FOR AFFECTED PERSONS: With regards to amendments to Sections R156-31b-102, R156-31b-301a, and R156-31b-301b: There are no additional costs identified for those seeking licensure in Utah. Applicants who hold an interstate compact license through another jurisdiction would be able to independently read and comply with the licensure application processes for Utah. These applicants would be more likely to complete the application for licensure without needing to contact the Division with questions. With regards to Section R156-31b-301c: There are no additional costs identified for licensees. Supervision is not a new requirement for licensure. With regards to Sections R156-31b-602 and R156-31b-603: Non-accredited nursing education programs, granted limited-time approval, will incur costs associated with the time and resources needed to comply with the reporting requirements. The program would already be collecting the data as a part of their duties as education providers. Costs related to writing and submitting the reports would be less than $100 per nursing education program.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: As explained in the rule analysis, these amendments are proposed to clarify existing provisions, some of which include reporting requirements with attendant, though minimal, operational costs for businesses that provide nursing education. No new or additional fiscal impact to these businesses is anticipated.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being enacted because of the creation of the new Child Care Center Licensing Committee.

SUMMARY OF THE RULE OR CHANGE: This rule is being enacted because of the creation of the new Child Care Center Licensing Committee.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 26-1-7(1)(f) and Subsection 26-39-102(5)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 from the 2014 General Session, which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care programs operated by state agencies. (DAR NOTE: The proposed repeal of Rule R430-60 is under DAR No. 39127 in this issue, March 1, 2015, of the Bulletin.)
♦ LOCAL GOVERNMENTS: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 (2014), which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care programs operated by state agencies.
♦ SMALL BUSINESSES: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 (2014), which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care small business.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because this rule will not change any of the requirements for child care programs, the Department does not anticipate any new costs or savings to entities or persons that are not small businesses.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because this rule will not change any of the requirements for child care programs, the Department does not anticipate any compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule will have no impact on business because it establishes and renumbers the former rule found in Title R430 and therefore does not add any existing requirements for businesses.

Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care programs operated by state agencies. (DAR NOTE: The proposed repeal of Rule R430-70 is under DAR No. 39126 in this issue, March 1, 2015, of the Bulletin.)
♦ LOCAL GOVERNMENTS: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 (2014), which created the Child Care Center Licensing Committee. RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being enacted because of the creation of the new Child Care Center Licensing Committee.

SUMMARY OF THE RULE OR CHANGE: This rule is being enacted because of the creation of the new Child Care Center Licensing Committee.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 26-1-7(1)(f) and Subsection 26-39-102(5)

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 in the 2014 General Session, which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care programs operated by state agencies. (DAR NOTE: The proposed repeal of Rule R430-100 is under DAR No. 39125 in this issue, March 1, 2015, of the Bulletin.)

♦ LOCAL GOVERNMENTS: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 (2014), which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care programs operated by state agencies.

♦ SMALL BUSINESSES: This rule was repealed under Title R430 and is a proposed new rule to be in compliance with the change to Subsections 26-1-7(1)(f) and 26-39-102(5) from H.B. 159 (2014), which created the Child Care Center Licensing Committee. Since the rule already existed, this rule will not change any of the requirements for child care programs. Therefore, the Department does not anticipate any new costs or savings to child care small business.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Because this rule will not change any of the requirements for child care programs, the Department does not anticipate any new costs or savings to entities or persons that are not small businesses.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because this rule will not change any of the requirements for child care programs, the Department does not anticipate any compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule will have no impact on business because it establishes and renumbers the former rule found in Title R430 and therefore does not add any existing requirements for businesses.

R398-30-1. Authority and Purpose.
(1) Authority for this rule is found in Title 63G, Chapter 3.
(2) The purpose of this rule is to set forth the process and criteria to determine eligibility for and the awarding of financial assistance to children who need organ transplants.

(1) "Recipient" means a person who:
(a) is under the age of 18;
(b) is listed for an organ transplant or has received a transplant;
(c) has resided, or whose legal guardian has resided in Utah for at least six months prior to applying for financial assistance; and
(d) maintains Utah residency while using the fund.
(2) "Initial Medical Expenses" means medical expenses incurred from evaluation of transplant need, until two years post transplant or until the age of 18. This includes: assessments and evaluations of prospective listed organ transplant recipients, and potential organ donors; surgical costs, treatment, COBRA payments, and spend-downs or other related costs for Medicaid or other public assistance eligibility, but does not include travel and living expenses for recipients or families.
(3) "Responsible party" means the adult individual who signed the transplant fund contract for the transplant recipient in order to receive the financial assistance.

R398-30-3. Allowable Medical Expenses and Organ Transplants.
Recipients may apply for financial assistance for eligible medical expenses for any type and as many organ transplants as needed for the recipient up until age 18. Each recipient shall have a maximum lifetime benefit of $10,000 based on the fund availability and balance. The committee may award a lower lifetime benefit. The fund may pay eligible expenses up to age 20 for services rendered to the recipient while under the age of 18.

(1) Eligibility for awarding financial assistance shall be based on:
(a) documentation, through physician assessment and evaluation;
(b) whether the person is listed or has received an organ transplant;
(c) verification and status of prior application efforts to other funding sources such as: Medicaid, CHIP, and SSI;
(d) submission by the applicant of a current Patient Financial Responsibility form; and
(e) committee review of an approved Kurt Oscarson Fund application.
(2) If the recipient account is closed, the recipient, upon reapplication, will receive a priority review of a new application, so long as the recipient meets eligibility criteria at the time of reapplication.
(1) Prior to awarding financial assistance the committee shall review the recipient's application for assistance to determine:
(a) the needs of the recipient both physically and financially; and
(b) the existence of other financial assistance including availability of insurance or other state aid.
(2) Each listed or transplant recipient must apply for Medicaid, Children's Health Insurance Program assistance, or other public health coverage provided by the state, before the committee agrees to award any financial assistance.
(3) As part of the review process, the responsible party of the recipient shall sign a release to allow all medical records of the child to be released to the Utah Department of Health.
(4) As a part of the review process, the Committee shall consider:
(a) the success rate of the particular organ transplant procedure needed by the child; and
(b) the extent of the threat to the child's life without the organ transplant.
(5) In addition, the committee shall consider the availability of funds in the Children's Organ Transplant fund before awarding financial assistance. The committee may create a waiting list and prioritize the list by financial and medical need. A financial assistance award is not an entitlement. The Children's Organ Transplant fund should not incur a deficit.
(6) The Utah Department of Health shall create a recipient file which shall include information such as: the application, related documentation, correspondence, repayment plans, repayment amounts and the approved contract. This file and documentation will be stored securely for 10 years after the recipient reaches the age of 18.
(7) The committee may review and determine if the recipient is ineligible to receive funds when:
(a) the recipient's account has been reviewed and found to be inactive for two years;
(b) the Utah Department of Health has made three documented attempts to contact the responsible party or recipient to discuss inactivity without response;
(c) there is a violation of the terms of the executed contract;

NOTICE OF PROPOSED RULE
(Repeal)
DAR FILE NO.: 39134
FILED: 02/09/2015

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The Division of Medicaid and Health Financing (DMHF) will repeal this rule because the Kurt Oscarson Children's Organ Transplant Fund resides with the Division of Family Health and Preparedness (DFHP), thus giving DFHP rulemaking authority. DFHP, therefore, will file a new rule to keep requirements for children's organ transplants ongoing and effective.

SUMMARY OF THE RULE OR CHANGE: DMHF has no authority over this rule. It will be reenacted under DFHP. This rule is repealed in its entirety. (DAR NOTE: The proposed new Rule R398-30 is under DAR No. 39133 in this issue, March 1, 2015, of the Bulletin.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 26-1-5 and Section 26-18-3

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: This rule repeal does not affect the state budget because the new rule will continue to implement current requirements and future changes to organ transplant policy.
♦ LOCAL GOVERNMENTS: There is no impact to local governments because they neither fund nor provide Medicaid services to Medicaid recipients.
♦ SMALL BUSINESSES: This rule repeal does not affect small businesses because the new rule will continue to implement current requirements and future changes to organ transplant policy.

UTAH STATE BULLETIN, March 01, 2015, Vol. 2015, No. 5

R414-10B. Children’s Organ Transplants.

R414-10B-1. Authority and Purpose.

(1) Authority for this rule is found in Title 62G, Chapter 3.

(2) The purpose of this rule is to set forth criteria to determine eligibility for and the awarding of financial assistance to children who need organ transplants.

R414-10B-2. Definitions.

(1) “Eligible recipient” means a person who is 18 years of age or younger at the time an application for financial assistance is made and who has resided in the state for at least six months prior to applying for financial assistance.

(2) “Initial Medical Expenses” include assessments and evaluations of prospective organ transplant recipients and potential organ donors, actual surgical costs, post-operative care or treatment, COBRA payments, and spenddowns or other related costs for Medicaid or other public assistance eligibility, but does not include travel and living expenses for recipients or families.

R414-10B-3. Allowable Medical Expenses and Organ Transplants.

Eligible recipients may apply for financial assistance for eligible medical expenses for any type of organ transplant. Each recipient shall have a maximum lifetime benefit of $10,000.

R414-10B-4. Determining Eligibility.

Eligibility for awarding financial assistance shall be based on:

(1) whether the person is an eligible recipient; and

(2) documentation, through physician assessment and evaluation, of the need for the organ transplant.

R414-10B-5. Awarding Financial Assistance to Eligible Recipients.

(1) Prior to awarding financial assistance, the committee shall review the recipient’s request for assistance to determine:

(a) the need of the eligible recipient both physically and financially; and

(b) the existence of other financial assistance including availability of insurance or other state aid.

(2) Each eligible recipient must apply for applicable Medicaid, Medicaid disability, and Children’s Health Insurance Program assistance before the committee agrees to award any financial assistance. This does not preclude the committee from using funds to negotiate with transplant centers or hospitals to place the name of the eligible recipient on a waiting list for an organ transplant.

(3) As part of the review process, a legal guardian of the eligible recipient must sign a release to allow all medical records of the child to be released to the Department of Health. The Department of Health shall provide assistance to the committee by determining:

(a) that the proposed organ transplant is not experimental; and

(b) the extent of the threat to the child’s life without the organ transplant.

(4) In addition, the committee must consider the availability of funds in the Children’s Organ Transplant trust account before awarding financial assistance.

Financial assistance shall be given in the form of an interest free loan. Terms, including amount and time frame for repayment of loans, shall be set forth in a contract as agreed to by both parties.

R414-10B-7. Waiver of Loan Repayment.

Applicants may request that all or part of the repayment due under the contract for financial assistance be waived by the committee. As a condition of granting a waiver, the committee shall make a finding that repayment of the financial assistance would impose undue financial burden on the child.

R414-10B-8. Organ Donor Awareness Activities.

The committee shall adopt policies for the award of funds from the Children’s Organ Transplant trust account for Organ Donor Awareness Activities.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this change is to implement recommendations made by the Office of Inspector General (OIG) following an audit of the Medicaid Hospice Care program in 2014.

SUMMARY OF THE RULE OR CHANGE: This amendment requires an independent physician review when a hospice patient reaches 12 or more months of consecutive hospice care. It also specifies criteria for prior authorization as it relates to hospice election periods, and prohibits "debility" and "adult failure to thrive" as sole primary terminal diagnoses.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: 42 U.S.C. 1396d(o) and Section 26-1-5 and Section 26-18-3

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: Savings to the state budget may coincide with these new eligibility requirements. Nevertheless, there is not enough data to estimate the fiscal impact at this time.
♦ LOCAL GOVERNMENTS: There is no impact to local governments because they do not fund or provide Medicaid services to Medicaid recipients.
♦ SMALL BUSINESSES: Some costs to small businesses may coincide with these new eligibility requirements. Nevertheless, there is not enough data to estimate the fiscal impact at this time.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Some costs to hospice care providers and to hospice care recipients may coincide with these new eligibility requirements. Nevertheless, there is not enough data to estimate the fiscal impact at this time.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Some costs to a hospice care provider or to a hospice care recipient may coincide with these new eligibility requirements. Nevertheless, there is not enough data to estimate the fiscal impact at this time.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This amendment may have some effect on businesses related to hospice care in that it changes eligibility requirements for hospice care recipients, but current data is insufficient to estimate the fiscal impact at this time.

R414-14A. Hospice Care.
   (1) A client who is terminally ill may obtain hospice care pursuant to this rule.
   (2) A client's certification of a terminal condition required for hospice eligibility must be based on a face-to-face assessment by a physician conducted no more than 90 days prior to the date of enrollment.
   (3) A client dually enrolled in Medicare and Medicaid must elect the hospice benefit for both Medicare and Medicaid. The client must receive hospice coverage under Medicare. Election for the Medicaid hospice benefit provides the client coverage for Medicare co-insurance and coverage for room and board expenses while a resident of a Medicare-certified nursing facility, intermediate care facility for people with an intellectual disability (ICF/ID), or freestanding hospice facility. (4) Primary diagnoses of "debility" and "adult failure to thrive" do not meet eligibility criteria for Medicaid hospice care if the

(1) A client who meets the eligibility requirement for Medicaid hospice must file an election statement with a particular hospice. If the client cannot cognitively make informed health care decisions or is under 18 years of age, the client's legally authorized representative may file the election statement.

(2) Each hospice provider designs and prints his own election statement. The election statement must include the following:

(a) identification of the particular hospice that will provide care to the client;

(b) the client's or representative's acknowledgment that he or she has been given a full understanding of the palliative rather than curative nature of hospice care, as it relates to the client's terminal illness;

(c) for adult clients, acknowledgment that the client waives certain Medicaid services as set forth in Section R414-14A-9;

(d) acknowledgment that the client or representative may revoke the election of the hospice benefit at any time in the future and therefore become eligible for Medicaid services waived at the time of hospice election as set forth in Section R414-14A-8; and

(e) the signature of the client or representative.

(3) The effective date of the election may be the first day of hospice care or a later date, but may be no earlier than the date of the election statement.

(4) An election to receive hospice care remains effective through the initial election period and through the subsequent election periods without a break in care as long as the client:

(a) remains in the care of a hospice;

(b) does not revoke the election; and

(c) is not discharged from the hospice.

(5) The hospice provider must notify the Department at the time a Medicaid client selects the hospice benefit, including selecting the hospice provider under a change of designated hospice. The notification must include a copy of the hospice election statement and the physician's certification of terminal illness for hospice care. Authorization for reimbursement of hospice care begins no earlier than the date notification is received by the Department for an eligible Medicaid client, except as provided in Section R414-14A-20.

(6) Subject to the conditions set forth in this rule, a client may elect to receive hospice care during one or more of the following election periods:

(a) an initial 90-day period;

(b) a subsequent 90-day period; or

(c) an unlimited number of subsequent 60-day periods.

(7) The Department may only grant prior authorization for hospice care in alignment with the election periods defined in subsection R414-14A-6(6).

(1) [Clinic] Adult patients who accumulate 12 or more consecutive months of hospice benefits are subject to an independent utilization review by a physician with expertise in end of life and hospice care selected by the Department who is not affiliated with the hospice agency. Independent reviews are subsequently required every 12 months thereafter if the patient continues to receive extended hospice care. 12 consecutive months means 12 months in a row wherein a hospice provides Medicaid hospice care during any portion of each month.

(2) If Medicare determines that a patient is no longer eligible for Medicare reimbursement for hospice services, the patient will no longer be eligible for Medicaid reimbursement for hospice services. Providers must immediately notify Medicaid upon learning of Medicare's determination. Medicaid reimbursement for hospice services will cease the day after Medicare notifies the hospice provider that the client is no longer eligible for hospice care.

(1) If a new patient is already Medicaid eligible upon admission to hospice care, the hospice provider must submit a prior authorization request form to the Department in order to receive reimbursement for hospice services it renders, except in the following circumstances:

(a) During weekend, holidays, and after regular Department business hours, a hospice provider may begin service to a new Medicaid hospice enrollee, including covering room and board, or initiate a different hospice care requiring prior authorization for a grace period up to ten calendar days before notifying the Department;

(b) Before the end of the ten calendar day grace period, the hospice provider must complete and submit the prior authorization request form to the Department in order to receive reimbursement for hospice services it renders;

(c) If the hospice provider does not submit the prior authorization request form timely, the Department will not reimburse the provider for the care that it renders before the date that the form is received.

(d) The hospice provider must complete and submit with the prior authorization request, the form for independent physician review when an adult patient reaches 12 consecutive months in hospice care. The Department shall deny the prior authorization request if the provider does not include this form with the other required documents, or if this form does not indicate the patient meets ongoing eligibility criteria for Medicaid hospice care.

R671-305-1. Information Received, Maintained or Used by the Board.

(1) Offender Access to Information

(a) Absent a security or safety concern, as determined by the Board, an offender will be provided access to the information being considered by the Board and given an opportunity to respond to such information, whenever the Board sets or extends the offender's parole or release date. If the Board determines offender access to information presents a security or safety concern, the offender will be provided a written summary of the material information being considered.

(b) The Board, upon request or upon its own motion, may continue a hearing to allow submission of additional documentation or information. The Board will consider any relevant facts obtained at the hearing or later submitted by the offender, provided such later submitted information is received within fourteen (14) days following the hearing.

(c) The Board will provide an offender with a copy of the records not provided for previous hearings and contained in the offender's file at least three days prior to any personal appearance hearing in which a parole or release date may be fixed or extended by the Board. Any additional information obtained by the Board after this initial disclosure will be provided to the offender at the beginning of the hearing. In such event, the offender will be given an opportunity to review the supplemental information before proceeding. If no additional time is requested by the offender, the hearing will proceed as scheduled.

(d) For administrative routings to fix an original hearing date, the Board will only consider information available to the court at the time of sentencing. This information will be disclosed to the offender at the time of an original hearing. This information will not be disclosed to the offender until the time of his/her original hearing, as it has already been disclosed in court.

(2) Submission of Information

(a) Other than concise and brief letters, or statements by the offender, all other materials, briefs or written memoranda or argument submitted by or on behalf of any person, in preparation for a hearing (excluding commutation hearings governed by Rule R671-312), shall be limited to no more than five (5) pages in length.

(b) Photographs may be submitted but should be relevant to the offense. The Department of Corrections limits the number of photographs that an inmate may possess and photographs of victims are contraband. Therefore the Board will disclose photographs at the beginning of a hearing. The offender may view the photographs but not retain them. As noted in section (1) the offender may request additional time to respond or submit supplemental information.

(c) Submissions by legal counsel for or on behalf of an offender must be received by the Board no later than seven (7) days prior to any scheduled hearing.

(d) The Board reserves the right to strike from the offender's file, and to refuse to accept or consider any material or submissions which are irrelevant, defamatory, or which do not otherwise conform to this rule.

Appeal Rule

NOTICE OF PROPOSED RULE
(New Rule)
DAR FILE NO.: 39143
FILED: 02/17/2015

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE
CHANGE: The purpose of this new rule is to implement an
administrative hearing procedure as required by H.B. 168
(2014 General Session).

SUMMARY OF THE RULE OR CHANGE: The rule
establishes an administrative hearing procedure for a person
aggrieved by a decision or action of the director or office.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR
THIS RULE: Section 53D-1-702
R849-1. Appeal Rule.

R849-1-1. Introduction and Authority.

(1) This rule sets forth the administrative hearing procedures for the Office.

(2) This rule is authorized by Sections 53D-1-701 and 702.

(1) "Action" means an action by the Office that affects the legal rights of a person or group of persons, but not including rules made under the Utah Administrative Rulemaking Act, Title 63G, Chapter 3.

(2) "Administrative Law Judge" or ALJ means the person appointed to conduct an adjudicatory proceeding.

(3) "Ex Parte Communication" means direct or indirect communication in connection with an issue of fact or law between the ALJ and one party only.

(4) "Order" means a ruling by an ALJ that determines the legal rights, duties, privileges, immunities, or other legal interests of one or more specific persons.

(5) "Respondent" means any group or individual who is adversely affected by any action or inaction of the Office.

(6) "Office" means the School and Institutional Trust Fund Office established under Section 53D-1-101 et seq.

Unless otherwise provided in a specific section of these rules, time shall be computed in accordance with the Utah Rules of Civil Procedure.

R849-1-4. Request for Hearing.

(1) An aggrieved person may file a written request for agency action pursuant to Section 63G-4-201, and in accordance with this rule.

(2) Hearings must be requested within 30 calendar days from the date that the Office sends written notice of its intended action.

(3) Failure to submit a timely request for a hearing constitutes a waiver of a respondent's due process rights. The request must explain why the party is seeking agency relief, and the party must demonstrate through competent evidence that it was mailed before the date of receipt.

(1) All proceedings shall be considered informal hearings.

(2) Informal hearings will be conducted in accordance with the Utah Administrative Procedure Act, Sections 63G-4-202, 203, 209, 302, 401, 402, 405, 501, 502, 503, and 601.

(1) The individual or party that files a document with the Office shall also serve the document upon all other named parties to the proceeding and file a proof of service with the Office that consists of a certificate, affidavit or acknowledgment of service.

(2) If the Office must provide notice of a hearing, the notice shall be sent via mail to be filed on the date of the postmark. If the postmark date is illegible, erroneous, or omitted, the Office considers the request to be filed on the date that the Office receives it, unless the sender can demonstrate through competent evidence that it was mailed before the date of receipt.

(1) All requests for Hearings/Agency Action shall be set for an initial hearing in accordance with Section R849-1-1.

(2) The ALJ will conduct an evidentiary hearing in connection with the agency action if the aggrieved person requests a hearing and there is a disputed issue of fact. If there is no disputed issue of fact, the ALJ may deny a request for an evidentiary hearing.
and issue a recommended decision without a hearing. There is no disputed issue of fact if the aggrieved person submits facts that do not conflict with the facts that the agency relies upon in taking action or seeking relief.

(3) The Office may deny or dismiss a request for a hearing if the aggrieved person:
   (a) withdraws the request in writing;
   (b) verbally withdraws the hearing request at a prehearing conference;
   (c) fails to appear or participate in a scheduled proceeding without good cause;
   (d) prolongs the hearing process without good cause;
   (e) cannot be located or agency mail is returned without a forwarding address; or
   (f) does not respond to any correspondence from the ALJ.

(4) If the aggrieved person objects to the hearing denial, the person may raise that objection as grounds for relief in a request for reconsideration with the Agency board in accordance with Section 63G-4-302.

(1) The Board shall appoint an impartial ALJ to conduct any hearing provided under these rules. Previous involvement in the initial determination of the action precludes an ALJ from appointment.

(2) The ALJ shall maintain order and may recess the hearing to regain order if a person engages in disrespectful, disorderly or disruptive conduct. The ALJ may remove any person, including a participant, from the hearing to maintain order. If a person shows persistent disregard for order and procedure, the ALJ may:
   (a) restrict the person's participation in the hearing;
   (b) strike pleadings or evidence; or
   (c) issue an order of default.

(1) Except as provided in this paragraph, the requirements of these rules may be modified by order of the ALJ for good cause.

(2) The requirements for timely filing a Request for Hearing under Section R849-1-4 may not be modified.

R849-1-10. Ex Parte Communications.
(1) Ex parte communications are prohibited.

(2) The ALJ may not listen to or accept any ex parte communication. If a party attempts ex parte communication, the ALJ shall inform the offeror that any communication that the ALJ receives off the record will become part of the record and furnished to all parties.

(3) Ex parte communications do not apply to communications on the status of the hearing and uncontested procedural matters.

R849-1-11. The Informal Hearing.
(1) Unless otherwise provided in this section, informal hearings shall be conducted in accordance with Section 63G-4-202 and 203.

(2) As set forth in R849-1-7, all request for hearings/agency action shall be set for initial hearing within 30 days, only after at least 10-day notice of all parties.

(3) The Office shall notify the respondent and Office representative of the date, time and place of the hearing at least ten days in advance of the hearing. Continuances of scheduled hearings are not favored, but may be granted by the president officer for good cause shown. Failure by a respondent to appear at the hearing after notice has been given shall be grounds for default and shall waive both the right to contest the allegations and the right to the hearing.

(4) The respondent named in the notice of agency action and the Office shall be permitted to testify, present evidence, and comment on the issues. Formal rules of evidence shall not apply.

(5) Testimony may be taken under oath at the ALJ's discretion.

(6) All hearings are open to all parties.

(7) Discovery is prohibited; informal disclosures will be ruled on at the pre-hearing conference.

(8) Subpoenas and orders to secure the attendance of witnesses or the production of evidence shall be issued by the ALJ when requested by a respondent or the Office, or may be issued by the ALJ on his/her own motion.

(9) A respondent shall have access to relevant information contained in the Office's files and to material gathered in the investigation of respondent to the extent permitted by law.

(10) The ALJ may cause an official record of the hearing to be made, at the Office's expense.

(11) Disposition of the ALJ's Order:

NOTICES OF
CHANGES IN PROPOSED RULES

After an agency has published a Proposed Rule in the Utah State Bulletin, it may receive comment that requires the Proposed Rule to be altered before it goes into effect. A Change in Proposed Rule allows an agency to respond to comments it receives.

As with a Proposed Rule, a Change in Proposed Rule is preceded by a Rule Analysis. This analysis provides summary information about the Change in Proposed Rule including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a Change in Proposed Rule, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for Changes in Proposed Rules published in this issue of the Utah State Bulletin ends March 31, 2015.

Following the Rule Analysis, the text of the Change in Proposed Rule is usually printed. The text shows only those changes made since the Proposed Rule was published in an earlier edition of the Utah State Bulletin. Additions made to the rule appear underlined (example). Deletions made to the rule appear struck out with brackets surrounding them ([example]). A row of dots in the text between paragraphs (........) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a Change in Proposed Rule is too long to print, the Division of Administrative Rules may include only the Rule Analysis. A copy of rules that are too long to print is available from the agency or from the Division of Administrative Rules.

From the end of the 30-day waiting period through June 29, 2015, an agency may notify the Division of Administrative Rules that it wants to make the Change in Proposed Rule effective. When an agency submits a Notice of Effective Date for a Change in Proposed Rule, the Proposed Rule as amended by the Change in Proposed Rule becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the Change in Proposed Rule. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another Change in Proposed Rule in response to additional comments received. If the Division of Administrative Rules does not receive a Notice of Effective Date or another Change in Proposed Rule by the end of the 120-day period after publication, the Change in Proposed Rule filing, along with its associated Proposed Rule, lapses.

Changes in Proposed Rules are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

SUMMARY OF THE RULE OR CHANGE: In Subsection R313-37-3(2)(b)(ii), the rule reference of "37.43(c)(1)(i)" should read "37.43(c)(1)(ii)." In Subsection R313-37-3(3)(b) and (c), the rule reference of "10 CFR 37.97" should read "10 CFR 71.97." (DAR NOTE: This change in proposed rule has been filed to make additional changes to a proposed new rule that was published in the November 1, 2104, issue of the Utah State Bulletin, on page 21. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the change in proposed rule and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: 10 CFR 37 and Subsection 19-3-104(4) and Subsection 19-3-104(8)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The proposed changes are to correct typographical errors in rule references in the proposed rules. There will be no costs associated with these changes.
♦ LOCAL GOVERNMENTS: The proposed changes are to correct typographical errors in rule references in the proposed rules. There will be no costs associated with these changes.
♦ SMALL BUSINESSES: The proposed changes are to correct typographical errors in rule references in the proposed rules. There will be no costs associated with these changes.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: The proposed changes are to correct typographical errors in rule references in the proposed rules. There will be no costs associated with these changes.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The proposed changes are to correct typographical errors in rule references in the proposed rules. There will be no costs associated with these changes.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The corrections to the rule references is important to ensure that the Division of Radiation Control adopts rules that are compatible with those of the NRC, as requested by the NRC. Since these changes address typographical errors in referenced rules, there will be no fiscal impact on business from the proposed rules changes.

End of the Notices of Changes in Proposed Rules Section
Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a Proposed Rule; continue the rule as it is by filing a Five-Year Notice of Review and Statement of Continuation (Review); or amend the rule by filing a Proposed Rule and by filing a Review. By filing a Review, the agency indicates that the rule is still necessary.

A Review is not followed by the rule text. The rule text that is being continued may be found in the online edition of the Utah Administrative Code available at http://www.rules.utah.gov/publicat/code.htm. The rule text may also be inspected at the agency or the Division of Administrative Rules. Reviews are effective upon filing.

Reviews are governed by Section 63G-3-305.
NOTICE OF REVIEW AND STATEMENT OF CONTINUATION
CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: The Utah Administrative Procedures Act (UAPA), Subsection 63G-4-102(6), allows state administrative agencies to enact rules "affecting or governing adjudicative proceedings," so long as the rules are adopted according to the Utah Administrative Rulemaking Act and conform to the requirements of UAPA. Rule R307-103 establishes administrative procedures that are tailored to DAQ's administrative needs and the needs of those affected by the agency's actions. The procedures in Rule R307-103 ensure consistency in the Division's administrative actions and give constitutional due process and fair notice to the regulated community and the public of their and DAQ's roles and responsibilities in the agency's actions.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: Rule R307-103 has been amended three times since the last five-year review (DAR No. 34682, 34689, and 38252). Only one comment was received; however, the comment did not directly address the proposed amendment to Rule R307-103, but rather addressed it to the Department Rule R305-6 (now numbered Rule R305-7).

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-103 sets forth administrative processes for the Division of Air Quality and the regulated community to ensure constitutional due process for the regulated community and the public, and should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION
CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 19-2-104(1)(a) allows the Air Quality Board to make rules "...regarding the control, abatement, and prevention of air pollution from all sources...." One component of preventing air pollution is testing to ensure that control equipment is working properly.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No comments have been submitted on this rule since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-165 establishes the frequency of emission testing requirements for all areas in the state. Without periodic testing, there is no guarantee that pollution control equipment is working properly. Therefore, this rule should be continued.

Rule R307-202 sets forth the conditions under which burning of yard clippings is allowed, forbids burning at community waste disposal sites, and the burning of trash or garbage. Rule R307-202 does not regulate fireplaces or outdoor grills.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: Rule R307-202 has been amended two times since the last five-year review (DAR No. 35923 and 38672). Comments received since the last five-year review were to make suggestions to improve proposed amendments to the rule and to support adding an exemption for ceremonial burning when conducted by a Native American spiritual advisor.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-202 is necessary to specify time windows when local officials may allow burning for yard cleanup, and to set forth the kinds of burning for which permits are not needed; and should be continued. NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-203 establishes the maximum amount of sulfur that may be contained in coal and oil burned in industrial processes and residential heating, thus holding down the emissions of sulfur dioxide from these processes. Subsection 19-2-104(1)(a) authorizes the Air Quality Board to make rules "...regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminants that may be emitted by any air contaminant source."

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: There have been no written comments received since the last five-year review of Rule R307-203.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Sulfur dioxide is harmful to human health, which is the basis for EPA's listing of sulfur dioxide as a principal pollutant. Without this rule, users could burn coal or oil with higher sulfur content, thus emitting more sulfur dioxide into the atmosphere. In addition, Rule R307-203 is a component of Utah's State Implementation Plan, and cannot be deleted without EPA approval. Therefore, this rule should be continued.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-204 protects the public health by controlling the release and impact of particulate pollution associated with prescribed and controlled fires in the State of Utah. Under Rule R307-204, prescribed fires requiring a burn plan cannot be ignited and wildland fire use events cannot be managed before the director approves or conditionally approves the burn request. Smoke has also become the dominant public complaint, further supporting the need for this regulation. Therefore, this rule should be continued. CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: The Air Quality Board is required by Subsection 19-2-101(2) to "...achieve and maintain levels of air quality which will protect human health and safety...." In addition, Subsection 19-2-104(1)(a) allows the Board to make rules "regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminants that may be emitted by any air contaminant source...." Also, Subsection 19-2-109(2)(a) allows the Board to "establish emission control requirements by rule that in its judgment may be necessary to prevent, abate, or control air pollution that may be statewide or may vary from area to area, taking into account varying local conditions." Finally, Subsection 19-2-104(3)(e) allows the Board to "...prepare and develop a comprehensive plan or plans for the prevention, abatement, and control of air pollution in this state." Rule R307-205 protects the public health by reducing emissions from industries, gravel pits, constructions sites, haul trucks, mines, and tailings ponds, as authorized by the above statutes.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No comments were received since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-205 reduces emissions from industries, gravel pits, constructions sites, haul trucks, mines, and tailings ponds. NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-307 sets limits on the sodium chloride, magnesium chloride, calcium chloride, and potassium chloride that may be included in salt used on roads. The limits are needed to reduce the particulate matter that is harmful to human health, and are one of the measures included in Utah's state implementation plan for PM10 and PM2.5. Subsection 19-2-104(1)(a) allows the Air Quality Board to make rules "...regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminants that may be emitted by any air contaminant source."

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: Rule R307-307 has been amended three times since the last five-year review with nonsubstantive changes in 2012 (DAR No. 36628), substantive changes in 2013 (DAR No. 36741), and nonsubstantive changes later in 2013 (DAR No. 37234). Comments were submitted in 2013 regarding the substantive changes being proposed. Those comments were from the Utah Department of Transportation and the Environmental Protection Agency. All comments were suggestions to improve the proposed amendments. No comments were submitted opposing the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: The limits in this rule are needed to reduce particulate matter, and are one of the measures included in Utah's State Implementation Plan for PM10 and PM2.5 and cannot be deleted without EPA's approval. Therefore, the rule should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-309 regulates the amount of dust and fugitive emissions that are allowed to leave the site of any source of air pollution. These regulations are part of the state implementation plan to control particulate matter in geographic areas where levels of pollution have exceeded federal health standards in the past; the plan is incorporated by reference under Section R307-110-10. The plan is required under the Clean Air Act, 42 USC 7410. Subsection 19-2-104(1) authorizes the Air Quality Board to make rules "(a) regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminant that may be emitted by any air contaminant source"; and "(b) establishing air quality standards." Subsection 19-2-104(3)(q) authorizes the Board to make rules to "meet the requirements of federal air pollution laws."
SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The rule was amended once since the last five-year review (DAR No. 36483). During that public comment period several comments were submitted by the Environmental Protection Agency (EPA) and other interested stakeholders. Comments submitted were suggestions to improve the proposed amendments and to make the rule approvable by EPA. No comments opposing the rule have been submitted.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-309 protects the public health by reducing emissions from industries, gravel pits, constructions sites, haul trucks, mines, and tailings ponds. In addition, Rule R307-309 is required under the State Implementation Plan (SIP) incorporated by reference under Section R307-110-10. Because the rule is part of the SIP, it cannot be deleted without EPA approval. Therefore, the rule should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-841 is one of three Air Quality rules that implements Subsection 19-2-104(1)(i) which authorizes the Air Quality Board to make rules to implement the lead-based paint requirements for training, certification, and performance of 15 USC 2601 et seq., Toxic Substances Control Act, Subchapter IV–Lead Exposure Reduction, Sections 402 and 406.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: Rule R307-841 was newly promulgated on 04/04/2010. Since then, it has undergone two nonsubstantive change filings. Since the rule was promulgated in 2010, there have been no comments submitted that either support or oppose the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-841 contains necessary requirements for Utah to have lead-based paint program regulatory oversight in Utah for renovation projects conducted in target housing and child-occupied facilities. Without Rule R307-841, Utah would not have authority to implement the federal requirements and implementation would be carried out by the Environmental Protection Agency. CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is authorized under Title 19, Chapter 5. The statute authorizes protection of human health and the environment. This rule achieves that through regulation of the potential adverse effects from the disposal of onsite wastewater.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: A general revision of the rule, involving all outside stakeholders, was concluded with the adoption of a major revision on 09/01/2013. The revision considered comments to generally update the rule by adding new treatment technologies, refining the requirements for technologies existing in the rule, and generally improving the format of the rule. The Division, along with outside stakeholders, is presently in the process of fine tuning the 09/01/2013 version of the rule with a minor revision scheduled to be adopted in 2015. This revision is intended to correct any errors in the 2013 revision and install some minor technical upgrades.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule provides vital minimum standards and guidance to the local health departments for regulating the design, approval, construction, and maintenance of individual, onsite wastewater treatment and disposal systems. The rule is essential for regulation of all wastewater treatment and disposal for individual homes that do not have access to a public sewer system. Therefore, this rule should be continued.

NOTICES OF RULE EFFECTIVE DATES

State law provides for agencies to make their administrative rules effective and enforceable after publication in the Utah State Bulletin. In the case of Proposed Rules or Changes in Proposed Rules with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of Changes in Proposed Rules with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule’s publication date, but not more than 120 days after the publication date. If an agency fails to file a Notice of Effective Date within 120 days from the publication of a Proposed Rule or a related Change in Proposed Rule the rule lapses.

Agencies have notified the Division of Administrative Rules that the rules listed below have been made effective.

NOTICES OF EFFECTIVE DATE are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.

End of the Notices of Rule Effective Dates Section
The Rules Index is a cumulative index that reflects all effective changes to Utah's administrative rules. The current Index lists changes made effective from January 2, 2015 through February 17, 2015. The Rules Index is published in the Utah State Bulletin and in the annual Utah Administrative Rules Index of Changes. Nonsubstantive changes, while not published in the Bulletin, do become part of the Utah Administrative Code (Code) and are included in this Index, as well as 120-Day (Emergency) rules that do not become part of the Code. The rules are indexed by Agency (Code Number) and Keyword (Subject).

Questions regarding the index and the information it contains should be addressed to the Division of Administrative Rules (801-538-3764).

A copy of the Rules Index is available for public inspection at the Division of Administrative Rules (5110 State Office Building, Salt Lake City, UT), or may be viewed online at the Division's web site (http://www.rules.utah.gov/).
