NOTICES OF
PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a substantive change to an existing rule. With a NOTICE OF PROPOSED RULE, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between January 04, 2017, 12:00 a.m., and January 17, 2017, 11:59 p.m., are included in this, the February 01, 2017, issue of the Utah State Bulletin.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them ([example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (........) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a PROPOSED RULE is too long to print, the Office of Administrative Rules may include only the RULE ANALYSIS. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the Utah State Bulletin until at least March 3, 2017. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific PROPOSED RULE. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through June 1, 2017, the agency may notify the Office of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Office of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE lapses.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

Travel-Related Reimbursements for State Employees

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 41147
FILED: 01/11/2017

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The changes to the times for meal reimbursements is necessary to match meals that are reimbursed to state employees through the state payroll system. Also, the IRS announced a rate decrease in rate for private vehicle use from 54 cents per mile to 53.5 cents per mile. The Division has determined that the reimbursement rate for private vehicles should decrease to 53 cents per mile to avoid exceeding federal mileage reimbursements.

SUMMARY OF THE RULE OR CHANGE: The times in the rule need to change to match the times that state payroll has in its system for reimbursement for meals to state employees, and the rule decreases reimbursement rate for mileage on private vehicles. (Editor’s Note: A corresponding 120-day (emergency) rule that is effective as of 01/06/2017 is under Filing No. 41127 in this issue, February 1, 2017, of the Bulletin.)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There is a potential increase or decrease in meal reimbursements for state employees, because the times for the day of travel reimbursement for meals is changing to match the times in the state payroll systems for meal reimbursements through the payroll system. There will potentially be a decrease in cost to the state as mileage reimbursements are decreasing. However, the Division cannot determine exactly what the decrease will be because it is impossible to anticipate how much travel state employees will do.
♦ LOCAL GOVERNMENTS: There will not be costs to local governments because the rule only governs reimbursements by the state to individuals traveling on state business.
♦ SMALL BUSINESSES: Small businesses may see an increase or decrease in revenue for meal reimbursements. However, the Division cannot determine exactly what the increase or decrease will be as that depends on the time of day traveled by individuals eligible for meal reimbursement. The mileage rate change deals only with reimbursement rates for mileage for state employees. Therefore, small businesses are not affected.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Individuals eligible for reimbursements may see an increase or decrease in their meal reimbursements for travel. However, the Division cannot determine exactly what the increase or decrease will be as that depends on the time of day individuals travel. Individuals eligible for mileage reimbursement will see a slight decrease in mileage reimbursement for travel in private vehicles.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because the amendment only changes times for reimbursement for meals and mileage reimbursements for travel in private vehicles, and does not require any new action on the part of persons applying for reimbursements, there are not compliance costs.

DIRECT QUESTIONS REGARDING THIS RULE TO:
♦ Richard Beckstead by phone at 801-538-3100, by FAX at 801-538-3562, or by Internet E-mail at rbeckstead@utah.gov

INTERESTED PERSONS MAY PRESENT THEIR VIEWS ON THIS RULE BY SUBMITTING WRITTEN COMMENTS NO LATER THAN AT 5:00 PM ON 03/03/2017

THIS RULE MAY BECOME EFFECTIVE ON: 03/10/2017

AUTHORIZED BY: John Reidhead, Director

(2) Requests for reimbursement must be accompanied by original receipts for all expenses except those for which flat allowance amounts are established.

R25-7-5. Approvals.
(1) For insurance purposes, all state business travel, whether reimbursed by the state or not, must have prior approval by an appropriate authority. This also includes non-state employees where the state is paying for the travel expenses.
(2) Both in-state and out-of-state travel must be approved by the Executive Director or designee. The approval of in-state travel reimbursement forms may be considered as documentation of prior approval for in-state travel. Prior approval for out-of-state travel should be documented on form FI5 - "Request for Out-of-State Travel Authorization".
(3) Exceptions to the prior approval for out-of-state travel must be justified in the comments section of the Request for Out-of-State Travel Authorization, form FI 5, or on an attachment, and must be approved by the Department Director or the designee.
(4) The Department Director, the Executive Director, or the designee must approve all travel to out-of-state functions where more than two employees from the same department are attending the same function at the same time.

R25-7-6. Reimbursement for Meals.
(1) State employees who travel on state business may be eligible for a meal reimbursement.
(2) The reimbursement will include tax, tips, and other expenses associated with the meal.
(3) Allowances for in-state travel differ from those for out-of-state travel.

(4) When traveling to a Tier I premium location (Anchorage, Chicago, Hawaii, New York City, San Francisco, and Seattle), the traveler may choose to accept the per diem rate for out-of-state travel or to be reimbursed at the actual meal cost, with original receipts, up to $66 per day.

When traveling to a Tier II premium location (Atlanta, Baltimore, Boston, Dallas, Los Angeles, San Diego, and Washington, DC), the traveler may choose to accept the per diem rate for out-of-state travel or to be reimbursed at the actual meal cost, with original receipts, up to $57 per day.

   (a) The traveler will qualify for premium rates on the day the travel begins and/or the day the travel ends only if the trip is of sufficient duration to qualify for all meals on that day.
   (b) Complimentary meals of a hotel, motel and/or association and meals included in registration costs are deducted from the premium location allowance as follows:

   Tier I Location
   (i) If breakfast is provided deduct $15, leaving a premium allowance for lunch and dinner of actual up to $51.
   (ii) If lunch is provided deduct $20, leaving a premium allowance for breakfast and dinner of actual up to $46.
   (iii) If dinner is provided deduct $31, leaving a premium allowance for breakfast and lunch of actual up to $35.

   Tier II Location
The traveler must use the same method of reimbursement for an entire day.

(d) Actual meal cost includes tips.

(e) Alcoholic beverages are not reimbursable.

(5) When traveling in foreign countries, the traveler may choose to accept the per diem rate for out-of-state travel or to be reimbursed the actual meal cost, with original receipts, not to exceed the United States Department of State Meal and Incidental Expenses (M and IE) rate for their location.

(a) The traveler may combine the reimbursement methods during a trip; however, they must use the same method of reimbursement for an entire day.

(b) Actual meal cost includes tips.

(c) Alcoholic beverages are not reimbursable.

(6) The meal reimbursement calculation is comprised of three parts:

(a) The day the travel begins. The traveler's entitlement is determined by the time of day the traveler leaves their home base (the location the employee leaves from and/or returns to), as illustrated in the following table.

(b) The days at the location.

(i) Complimentary meals of a hotel, motel, and/or association and meals included in the registration cost are deducted from the total daily meal allowance. However, continental breakfasts will not reduce the meal allowance. Please Note: For breakfast, if a hot food item is offered, it is considered a complimentary meal, no matter how it is categorized by the hotel/conference facility. The meal is considered a "continental breakfast" if no hot food items are offered.

(ii) Meals provided on airlines will not reduce the meal allowance.

(iii) If dinner is provided deduct $13, leaving a premium reimbursement for breakfast and lunch of actual up to $30.

(c) The day the travel ends. The meal reimbursement the traveler is entitled to is determined by the time of day the traveler returns to their home base, as illustrated in the following table.

(7) An employee may be authorized by the Department Director or designee to receive a taxable meal allowance when the employee's destination is at least 100 miles from their home base and the employee does not stay overnight.

(a) Breakfast is paid when the employee leaves their home base before 6:00 a.m.

(b) Lunch is paid when the trip meets one of the following requirements:

(i) The employee is on an officially approved trip that warrants entitlement to breakfast and dinner.

(ii) The employee leaves their home base before 10 a.m. and returns after 2 p.m.

(iii) The Department Director provides prior written approval based on circumstances.

(c) Dinner is paid when the employee leaves their home base and returns at 6 p.m. or later.

(d) The allowance is not considered an absolute right of the employee and is authorized at the discretion of the Department Director or designee.

(1) When a board meets and conducts business activities during mealtime, the cost of meals may be charged as public expense.

(2) Where salaried employees of the State of Utah or other advisors or consultants must, of necessity, attend such a meeting in order to permit the board to carry on its business, the meals of such employees, advisors, or consultants may also be paid. In determining whether or not the presence of such employees, advisors, or consultants is necessary, the boards are requested to restrict the attendance of such employees, advisors, or consultants to those absolutely necessary at such mealtime meetings.

State employees who travel on state business may be eligible for a lodging reimbursement.

(1) For stays at a conference hotel, the state will reimburse the actual cost plus tax and any mandatory fees charged by the hotel for both in-state and out-of-state travel. The traveler must include the conference registration brochures with the Travel Reimbursement Request, form FI 51A or FI 51B.

(2) For in-state lodging at a non-conference hotel, the state will reimburse the actual cost up to $70 per night for single occupancy plus tax and any mandatory fees charged by the hotel except as noted in the table below:

(3) State employees traveling less than 50 miles from their home base are not entitled to lodging reimbursement. Miles are calculated from either the departure home-base or from the destination to the traveler’s home-base. The traveler may leave from one home-base and return to a different home-base. For example, if the traveler leaves from their residence, then the home-base for departure calculations is their residence. If the traveler returns to where they normally work (ie. Cannon Health Building), then the home-base for arrival calculations is the Cannon Health Building.

(a) In some cases, agencies must use judgement to determine a traveler's home-base. The following are some things to consider when determining a traveler's home-base.

(i) Is the destination less than 50 miles from the traveler's home or normal work location? If the destination is less than 50 miles from either the traveler's home or from their normal work location, then generally the employee should not be reimbursed for lodging.

(ii) Is there a valid business reason for the traveler to go to the office (or to some other location) before driving to the destination?

(iii) Is the traveler required to work at the destination the next day?

(iv) Is the traveler going directly home after the trip, or is there a valid business reason for the traveler to first go to the office (or to some other location)?

(v) Even if "it is not specifically against policy", would the lodging be considered necessary, reasonable and in the best interest of the State?

(4) When the State of Utah pays for a person from out-of-state to travel to Utah, the in-state lodging per diem rates will apply.

(5) For out-of-state travel stays at a non-conference hotel, the state will reimburse the actual cost per night plus tax and any mandatory fees charged by the hotel, not to exceed the federal lodging rate for the location. These reservations must be made through the State Travel Office.

(6) The state will reimburse the actual cost per night plus tax and any mandatory fees charged by the hotel for in-state or out-of-state travel stays where the department/traveler makes reservations through the State Travel Office.

If lodging is not available at the allowable per diem rate in the area the employee needs to stay, the State Travel Office will book a hotel with the best available rate. In this circumstance, the employee will be reimbursed at the actual rate booked.

If an employee chooses to stay at a hotel that costs more than the allowable per diem rate, the employee will only be reimbursed for the allowable per diem rate plus tax and any mandatory fees charged by the hotel. These instances will be audited 100% by the State Finance Post-Auditors.

(7) Lodging is reimbursed at the rates listed in Table 5 for single occupancy only. For double state employee occupancy, add $20, for triple state employee occupancy, add $40, for quadraple state employee occupancy, add $60.

(8) Exceptions will be allowed for unusual circumstances when approved in writing by the Department Director or designee prior to the trip.

(a) For out-of-state travel, the approval may be on the form FI 5.

(b) Attach the written approval to the Travel Reimbursement Request, form FI 51B or FI 51D.

(9) A proper receipt for lodging accommodations must accompany each request for reimbursement.

A proper receipt is a copy of the registration form generally used by motels and hotels which includes the following information: name of motel/hotel, street address, town and state, telephone number, current date, name of person/persons staying at the motel/hotel, date(s) of occupancy, amount and date paid, signature of agent, number in the party, and (single, double, triple, or quadraple occupancy).

(10) When lodging is required, travelers should stay at the lodging facility nearest to the meeting/training/work location where state lodging per diem rates are accepted in order to minimize transportation costs.

(i) To determine which rate to use, the traveler must first determine if their department has an agency vehicle (long-term leased vehicle from Fleet Operations) that meets their needs and is reasonably available for the trip (does not apply to special purpose vehicles). If reasonably available, the employee should use an agency vehicle. If an agency vehicle that meets their needs is not reasonably available, the agency may approve the traveler to use either a daily pool fleet vehicle or a private vehicle. If a daily pool fleet vehicle is not reasonably available, the traveler may be reimbursed at [54.53] cents per mile.

(ii) If a trip is estimated to average 100 miles or more per day, the agency should approve the traveler to rent a daily pool fleet vehicle if one is reasonably available. Doing so will cost less than if the traveler takes a private vehicle. If the agency approves the traveler to take a private vehicle, the employee will be reimbursed at the lower rate of 38 cents per mile.

(c) Agencies may establish a reimbursement rate that is more restrictive than the rate established in this Section.

(d) Any exceptions to this mileage reimbursement rate guidance must be approved in writing by the employees Executive Director or designee.

(e) Mileage will be computed using Mapquest or other generally accepted map/route planning website, or from the latest official state road map and will be limited to the most economical, usually traveled routes.

(f) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(g) An approved Private Vehicle Usage Report, form FI 40, should be included with the department's payroll documentation reporting miles driven on state business during the payroll period.

The traveler may also be reimbursed for incidental expenses such as toll fees and parking fees.

(i) The lowest fare available within 30 days prior to the departure date will be used when calculating the cost of travel for comparison to private vehicle cost.

(ii) A comparison printout which is available through the State Travel Office is required when the traveler is taking a private vehicle.

(iii) The traveler may be reimbursed for meals and lodging for a reasonable amount of travel time; however, the total cost of the trip must not exceed the equivalent cost of an airline trip.

(iv) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(c) When making rental car arrangements through the State Travel Office, reserve the vehicle you need. Upgrades in size or model made when picking up the rental vehicle will not be reimbursed.

(ii) Rental vehicle reservations not made through the State Travel Office must be approved in advance by the Department Director or designee.

(iii) The traveler will be reimbursed the actual rate charged by the rental agency.

(iv) The traveler must have approval for a rental car in order to be reimbursed for rental car parking.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: H.B. 265 passed during the 2016 General Session, required the Division to make rules to allow a psychiatrist or a psychiatric mental health nurse practitioner to apply for and receive a tax credit certificate from the Division under certain circumstances. The amendments to this rule help accomplish that mandate.

SUMMARY OF THE RULE OR CHANGE: This section is amended to include in the classification of an informal adjudicative proceeding, initiated by other than a notice of agency action, the Division’s approval or denial of an application for a tax credit certificate under Section 58-1-111.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 58-1-106(1)(a) and Subsection 63G-4-102(6)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Division will incur minimal costs of approximately $75 to print and distribute the rule once the proposed amendments are made effective. The designation of these matters as informal adjudicative proceedings will reduce the time and expense incurred by the Division in processing the applications. The amount of the savings cannot be estimated as it will vary depending on circumstances.
♦ LOCAL GOVERNMENTS: The proposed amendment only applies to psychiatrists or psychiatric mental health practitioners who apply for a tax credit certificate. As a result, the proposed amendments do not apply to local governments.
♦ SMALL BUSINESSES: No cost to small business is anticipated as a result of this amendment. There may be some savings to small business owners who submit applications due to the reduced time and expense that will be required to process their applications. The amount of the savings cannot be estimated as it will vary depending on circumstances.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: No cost to licensees is anticipated as a result of this amendment. There may be some savings to licensees who submit applications due to the reduced time and expense that will be required to process their applications. The amount of the savings cannot be estimated as it will vary depending on the circumstances.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The proposed amendment only applies to psychiatrists or psychiatric mental health practitioners who apply for a tax credit certificate. The Division anticipates no compliance costs for these affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Section R156-46b-202 is amended to meet the mandate of H.B. 265 (2016). The amendment adds to the list of adjudicative proceedings that are classified as informal adjudicative proceedings the approval or denial of application for a tax credit certificate by a psychiatrist, psychiatric mental health nurse practitioner, or volunteer retired psychiatrist. No fiscal impact on businesses will result from this change.

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 41142
FILED: 01/09/2017

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The amendment establishes the percentage the agency can pay toward a victim's medical costs and may be adjusted to ensure viability of the victim's fund. The percentage will be decreased by 10% (from 70% to 60%) to address rising medical costs.

SUMMARY OF THE RULE OR CHANGE: The percentage of a victim's medical expense the agency can pay will be decreased by 10% (from 70% to 60%) to address rising medical costs.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 63M-7-521.5(3)

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The change will not affect the state budget in that the savings will be reflected only in the Crime Victims Trust account as defined in Section 51-9-404 which is an expendable special revenue fund. The "fund" may realize an estimated $250,000 savings per calendar year. The exact costs and savings cannot be determined because medical costs will vary from case to case and circumstance to circumstance.
♦ LOCAL GOVERNMENTS: Local government will not be affected because this change affects only medical service providers, crime victims, and the agency.
♦ SMALL BUSINESSES: Small independent medical providers may experience a minimal decrease from the change. The agency assists crime victims with out-of-pocket, crime-related costs. This change will affect only victims who have no health insurance, Medicaid, Medicare, or other source of payment for medical expenses. Pursuant to this change, service providers will receive 60% of the amount billed rather than 70% of the amount billed. The exact costs and savings cannot be determined because medical costs will vary from case to case and circumstance to circumstance.

ANTICIPATED COST OR SAVINGS TO:
PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Hospitals and large medical service providers may encounter a minimal, proportionate discount to the payments they receive from the agency. The agency assists crime victims with out-of-pocket, crime-related costs. This change will affect only victims who have no health insurance, Medicaid, Medicare, or other source of payment for medical expenses. Pursuant to this change, service providers will receive 60% of the amount billed rather than 70% of the amount billed. The exact costs and savings cannot be determined because medical costs will vary from case to case and circumstance to circumstance.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There will be no compliance costs that affect any group other than the agency. The agency is solely responsible for the implementation and compliance of the rule change.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Annually, the agency pays approximately $4,500,000 on medical expenses for services provided to victims of crime. Of that total, only the expenses for those persons that do not have insurance or other sources to cover medical expenses will be reduced. Medical co-payment and deductible amounts paid on behalf of a victim, will not be reduced in addition to the reductions made by the primary payer. The agency anticipates an approximate $250,000 annual savings from the rule change and that $250,000 savings would be generated from small contributions from each medical provider in the state that submits a bill for payment. The exact costs and savings cannot be determined because medical costs will vary from case to case and circumstance to circumstance.

Board of Education Conflict of Interest Avoidance

NOTICE OF PROPOSED RULE
(New Rule)
DAR FILE NO.: 41187
FILED: 01/17/2017

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this rule is to provide procedures to prevent conflict of interest issues within the Utah State Board of Education (Board) when a Board employee separates or retires from the Board.

SUMMARY OF THE RULE OR CHANGE: This new rule defines terms; provides post separation or post retirement employment restrictions; and provides procedures for contract termination for a contractor who violates the terms of this rule.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Art X, Sec 3 and Section 53A-1-401

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: This new rule provides procedures to avoid conflicts of interest, which likely will not result in a cost or savings to the state budget.
♦ LOCAL GOVERNMENTS: This new rule provides procedures to avoid conflicts of interest, which likely will not result in a cost or savings to local government.
♦ SMALL BUSINESSES: This new rule provides procedures to avoid conflicts of interest, which likely will not result in a cost or savings to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This new rule provides procedures to avoid conflicts of interest, which likely will not result in a cost or savings to persons other than small businesses, businesses, or local government entities.

COMPLIANCE COSTS FOR AFFECTED PERSONS: This new rule provides procedures to avoid conflicts of interest, which could result in contract/agreement termination if a contractor/subcontractor violates this rule and the terms of the contractor's/subcontractor's contract/agreement. It is anticipated, however, that a contractor/subcontractor will be clear about consequences, so it is likely that there will be no compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: To the best of my knowledge, there should be no fiscal impact on businesses resulting from this new rule.

ANTICIPATED COST OR SAVINGS TO:  
♦ THE STATE BUDGET: This new rule provides procedures for course grade forgiveness, which likely will not result in a cost or savings to the state budget.  
♦ LOCAL GOVERNMENTS: This new rule provides procedures for course grade forgiveness, which may result in additional staff time for an LEA or school to adjust a student's course grade and grade point average and to exclude a lower grade on the student's permanent record. It is anticipated that the additional tasks will be performed by existing staff and within existing budgets. There may also be increased costs to a school or parent to pay the cost of the student to repeat the course. Costs are speculative at this time and cannot be estimated.  
♦ SMALL BUSINESSES: This new rule provides procedures for course grade forgiveness, which likely will not result in a cost or savings to small businesses.  
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This new rule provides procedures for course grade forgiveness, which likely will not result in a cost or savings to persons other than small businesses, businesses, or local government entities.  

COMPLIANCE COSTS FOR AFFECTED PERSONS: This new rule provides procedures for course grade forgiveness, which likely will not result in any compliance costs for affected persons.

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this change is to implement coverage and reimbursement policies for covered outpatient drugs, effective 04/01/2017, in accordance with federal law.

SUMMARY OF THE RULE OR CHANGE: This amendment implements coverage and reimbursement policies for covered outpatient drugs in accordance with federal law.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: 42 CFR 447.502 through 447.520 and Section 26-1-5 and Section 26-18-3

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Department anticipates this change to be budget neutral because savings created by the Federal Upper Limit and the National Average Drug Acquisition Cost are offset by variable increases in drug dispensing fees.
♦ LOCAL GOVERNMENTS: There is no impact to local governments because they neither fund the Pharmacy program nor reimburse Medicaid providers for drug purchases.
♦ SMALL BUSINESSES: There is no impact to small businesses because potential revenue is offset by the Federal Upper Limit, the National Average Drug Acquisition Cost, and increases in drug dispensing fees.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: There is no impact to Medicaid providers because potential revenue is offset by the Federal Upper Limit, the National Average Drug Acquisition Cost, and increases in drug dispensing fees. Additionally, there is no impact to Medicaid clients because this change neither affects prescribed drug services nor creates out-of-pocket expenses.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There are no compliance costs to a single Medicaid provider because higher dispensing fees are offset by potential revenue. Additionally, there is no impact to a single Medicaid client because this change neither affects prescribed drug services nor creates out-of-pocket expenses.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There is no fiscal impact on business because any increase in dispensing fees will be offset by other revenue.

NOTICE OF PROPOSED RULE
(AMENDMENT)
DAR FILE NO.: 41173

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Due to changes at the Department of Public Safety regarding the cost and types of background screenings, this rule needs to be updated to reflect how those changes changed office procedures related to the application and screening process.

SUMMARY OF THE RULE OR CHANGE: This rule change reflects changes in processes due to a consolidation of rap-back screenings done by the Department of Public Safety. In addition, this amendment includes increased flexibility on length of a valid background screening approval, and clarifies the types of misdemeanors that do not need to go to a committee for approval.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 62A-1-118 and Section 62A-2-120

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There is no change to state budget due to this rule update. The Office of Licensing simply collects and processes information and fees a bit differently due to the changes. Volume is unaffected. There may be slight savings in that fewer background screenings need to be reviewed by the Department of Human Services committee.
♦ LOCAL GOVERNMENTS: Local governments are not affected by these changes financially. Volume and who gets the background screenings remain unchanged.
♦ SMALL BUSINESSES: Small businesses are not affected by these changes financially. Volume and who gets the background screenings remain unchanged.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: No other persons are affected by these changes financially. Volume and who gets the background screenings remain unchanged if anyone in this category is affected by background screening in the first place.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There are no increased costs for licensees, their staff, or anyone else related to this. Volume and who gets the background screenings remain unchanged if anyone in this category is affected by background screening in the first place.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This rule change has no measurable fiscal impact on any business. Nothing has changed for the providers licensed.

NOTICE OF PROPOSED RULE

(Amendment)

DAR FILE NO.: 41170

FILED: 01/12/2017

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: In recent years, there has been a marked increase in Utah high school students graduating earlier than the anticipated graduation month of May with their high school graduating class. With many high schools offering and incentivizing early graduation, the Office of Recovery Services/Child Support Services (ORS/CSS) needs to provide additional direction on how the office will proceed when a child is 18 years old and graduates early from high school. The proposed changes to this rule will help clarify when ORS/CSS will cease collection of child support in these types of situations. A new citation was added to the citation block at the end of the rule text, Section 62A-11-107.
SUMMARY OF THE RULE OR CHANGE: Subsection R527-250-2(1) and (4) were updated to help clarify what other type of information may be provided to the office as proof of graduation, as well as to delete unnecessary words to help the sentence flow better. Section R527-250-3 has been deleted and rewritten to include early emancipation situations and the documentation that the parents must provide to the office verifying the child’s early completion of high school course requirements. Section R527-250-4 was updated to help provide clarification for that section. In Subsection R527-250-5(3), the last part of the sentence was deleted as it is not needed, and in Subsection R527-250-5(4), other minor changes were made to better help the flow of the sentence. A new citation was added to the citation block at the end of the rule text, Section 62A-11-107.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 62A-11-107 and Section 62A-11-303 and Section 62A-11-401 and Section 78B-12-102 and Section 78B-12-219

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: These amendments provide clarification about which month ORS will process the emancipation of the children in its caseload; it does not change the number of children who will need to be emancipated from its caseload. Therefore, there is no anticipated cost or savings to the state budget due to the amendments to this rule.
♦ LOCAL GOVERNMENTS: Administrative rules of ORS/CSS do not apply to local government. This rule only pertains to graduating high school students and their parents. Therefore, there are no anticipated costs or savings to local government.
♦ SMALL BUSINESSES: There are no anticipated costs or savings to small businesses because the changes to the rule only affect graduating high school students and their parents.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: It is possible that there may be some costs for parents with an 18-year-old child that chooses to graduate early from high school; the non-custodial parent may have costs associated with providing ORS with documentation of the child’s early graduation from high school. For example, there may be costs associated with making copies of the child’s high school transcript or a letter from the high school as proof of completion and early graduation when a copy of a high school diploma is not yet released or granted. There may be costs associated with mailing or faxing documentation to the school, etc. If the child support ends earlier, the custodial parent may have added costs during the months that he or she would have anticipated receiving child support had the child not graduated early. However, it is not possible to determine what those costs will be because there is no way of knowing how many 18-year-old students in the state of Utah will take advantage of early graduation, causing their emancipation.

COMPLIANCE COSTS FOR AFFECTED PERSONS: It is possible that there may be some costs for parents with an 18-year-old child that chooses to graduate early from high school; the non-custodial parent may have costs associated with providing ORS with documentation of the child’s early graduation from high school. For example, there may be costs associated with making copies of the child’s high school transcript or a letter from the high school as proof of completion and early graduation when a copy of a high school diploma is not yet released or granted. There may be costs associated with mailing or faxing documentation to the office, etc. If the child support ends earlier, the custodial parent may have added costs during the months that he or she would have anticipated receiving child support had the child not graduated early. However, it is not possible to determine what those costs will be because there is no way of knowing how many 18-year-old students in the state of Utah will take advantage of early graduation, causing their emancipation.

R527-250. Emancipation.
R527-250-1. Purpose and Authority.
1. Section 62A-11-107 authorizes the Office of Recovery Services/Child Support Services (ORS/CSS) to adopt, amend and enforce rules.
2. The purpose of this rule is to outline how ORS/CSS will apply Utah statute when determining the appropriate emancipation date for IV-D child support cases, particularly when determining the "child's normal and expected year of graduation" referenced in U.C.A. 78B-12-219 for Utah child support orders issued on or after July 1, 1994.

1. For a child attending school in Utah, the normal and expected year of graduation is based on kindergarten plus twelve years of school, unless an exception applies.
   a. A child who receives a high school diploma or another documented form of high school equivalency is no longer enrolled in school or expected to graduate with the normal graduating class. The emancipation date will be determined based on when the child becomes 18 years of age or that child's high school diploma or high school equivalency diploma, or documentation is provided of early completion of high school course requirements.

   a. A child who receives a high school diploma or another documented form of high school equivalency is no longer enrolled in school or expected to graduate with the normal graduating class. The emancipation date will be determined based on when the child becomes 18 years of age or that child's high school diploma or high school equivalency diploma, or documentation is provided of early completion of high school course requirements.

   A child who no longer attends school is not considered emancipated until becoming 18 years old or the graduation of the child's normal and expected graduating class has occurred, whichever occurs later.

   1. ORS/CSS will enforce child support based on the "kindergarten plus twelve years" standard until a parent or guardian has provided appropriate documentation to support an emancipation date other than that standard.
   2. A parent or guardian requesting the deviation from the standard is responsible for gathering the appropriate documentation and providing the information to ORS/CSS.
   3. Changes to the child support amount due will not be effective until the month following the determination date of emancipation.

R590-262-2. Purpose and Scope.

Date of Enactment or Last Substantive Amendment: December 12, 2016

Authorizing, and Implemented or Interpreted Law: 31A-22-614.5(3)(a)

In May of 2016, the boating law administrator from the state of Arizona inquired about Section R651-215-8 due to a boating constituent requesting the state of Arizona adopt the same rule as Utah. Upon research from the request of the state of Arizona, and the United States Coast Guard, the Division found that Section R651-215-8 is in conflict with 33 CFR 175.15, requiring carriage of boating safety equipment.

SUMMARY OF THE RULE OR CHANGE: Although the intent of the rule is solid with swift water rescue techniques, the state of Utah cannot exclude safety items required by the Code of Federal Regulations (CFR). It was recommended that this section be removed so that the rule is in compliance with 33 CFR 175.15.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 73-18-8

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: There is no anticipated revenue or cost incurred because the Division already has the equipment.

♦ LOCAL GOVERNMENTS: There is no effect to minimal effect to local government of $15 per boat that is over 16 feet in length if they do not have the device. Most government boats carried this device already.

♦ SMALL BUSINESSES: There is a minimal anticipated cost on small businesses of $15 per boat that is over 16 feet in length. Most commercial boats are 15 feet average.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: There is a minimal anticipated cost on small businesses of $15 per boat that is over 16 feet in length. Most private boats are 15 feet average.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There is an anticipated additional cost of $15 per boat for those boats that are not carrying the flotation device.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There is no fiscal impact to businesses.

DAR FILE NO.:  41153

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE:  This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the division’s waterfowl program.

SUMMARY OF THE RULE OR CHANGE:  The proposed revisions add the portion of Ogden Bay Waterfowl Management Area, known as North Bachman, to the list of rest areas.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE:  Section 23-14-18 and Section 23-14-19

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET:  This amendment only adds a rest area designation to a waterfowl management area. Therefore, the Division of Wildlife Resources (DWR) determines that this amendment does not create a cost or savings impact to the state budget or DWR’s budget since the changes will not increase workload and can be carried out with existing budget.
♦ LOCAL GOVERNMENTS:  Since this amendment has a minimal impact on individual hunters and no impact on the local governments, DWR finds that this filing does not create any direct cost or savings impact to local governments. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
♦ SMALL BUSINESSES:  This amendment only adds a rest area designation to a waterfowl management area and therefore, does not have the potential to generate a cost or savings impact to small businesses.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:  This amendment only adds a rest area designation to a waterfowl management area and therefore, does not have the potential to generate a cost or savings impact to sportsmen or the other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS:  DWR determines that this amendment will not create additional costs for those who participate in wildlife-related activities in Utah because this amendment only adds a rest area designation to a waterfowl management area.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES:  The amendments to this rule do not create an impact on businesses.

NOTICE OF PROPOSED RULE

(AMENDMENT)

DAR FILE NO.: 41150

FILED: 01/11/2017

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted for taking public input and reviewing the division's program by which live aquatic wildlife may be possessed or transported.

SUMMARY OF THE RULE OR CHANGE: The amendments to this rule: 1) expand stocking opportunities for the private aquaculture industry; 2) clarify industry reporting requirements for short-term fishing events; 3) eliminate exemptions and convert all existing exemptions into Certificates of Registration; and 4) incorporate language from Rule R657-16 which eliminates the need for Rule R657-16.

(EDITOR'S NOTE: A proposed repeal of Rule R657-16 is under Filing No. 41149 in this issue, February 1, 2017, of the Bulletin.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-15-10 and Section 23-15-19

ANTICIPATED COST OR SAVINGS TO:

♦ THE STATE BUDGET: This amendment removes requirements that were time consuming and difficult for the private pond owner and private aquaculture industry. The Division of Wildlife Resources (DWR) determines that these amendments do not create a cost or savings impact to the state budget or DWR's budget since the changes will not increase workload and can be carried out with existing budget.

♦ LOCAL GOVERNMENTS: None—This filing does not create any direct cost or savings impact to local governments because only private pond owners and the private aquaculture industry are affected by this filing.

♦ SMALL BUSINESSES: This amendment removes a requirement that was time consuming and difficult for the private pond owner and private aquaculture industry. DWR determines the amendment does not impose any additional requirements on other persons nor generate a cost or savings impact to small businesses.

Aquatic Invasive Species Interdiction

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 41151
FILED: 01/11/2017

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is purposed to define procedures and regulations designed to prevent and control the spread of aquatic invasive species within the state of Utah.

SUMMARY OF THE RULE OR CHANGE: The rule revisions: 1) require mandatory dry time, in addition to a professional decontamination, for all boats found to have attached mussels; 2) require all drain plugs and other devices that retain water to be removed during transport within the state of Utah from all watercraft coming from a waterbody infested with Dreissena mussels; 3) remove the state of Colorado from the list of infested waterbodies/regions; and 4) add quarantine language allowing UDWR Conservation Officers to restrict watercraft from launching without taking possession of the watercraft.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-14-18 and Section 23-14-19 and Section 23-27-401

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: The Division of Wildlife Resources (DWR) determines that these amendments do not create a cost impact to the state budget or DWR's budget. However, the 2014 Utah Legislative Session appropriated $245,000 to aid in the implementation costs associated with this rule.
♦ LOCAL GOVERNMENTS: This rule does not create any direct cost or savings impact to local governments because they are not directly affected by the rule. Nor are local governments indirectly impacted because the rule does not create a situation requiring services from local governments.
♦ SMALL BUSINESSES: This rule may create a cost impact to boat owners and other water enthusiasts in Utah in that if Dreissena mussels are found in Utah the cost to decontaminate boats and other conveyances will be at the expense of the owner. The exact cost to boat owners cannot be determined as the cost is only potential and will vary from circumstance to circumstance.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This rule may create a cost impact to boat owners and other water enthusiasts in Utah in that if Dreissena mussels are found in Utah the cost to decontaminate boats and other conveyances will be at the expense of the owner. The exact
cost to boat owners cannot be determined as the cost is only potential and will vary from circumstance to circumstance.

COMPLIANCE COSTS FOR AFFECTED PERSONS: DWR determines that this rule may create a cost impact to individuals who own water vessels and boat in infested waters because they would be required to decontaminate the conveyance. The exact cost to boat owners cannot be determined as the cost is only potential and will vary from circumstance to circumstance.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The amendments to this rule do not create an impact on businesses.

R657-60-5. Transportation of Equipment and Conveyances That Have Been in Waters Containing Dreissena Mussels.

(1) The owner, operator, or possessor of any equipment or conveyance that has been in an infested water or in any other water subject to a closure order under R657-60-8 or control plan under R657-60-9 that requires decontamination of conveyances and equipment upon leaving the water shall:

(a) immediately remove the drain plug or similar mechanical feature and drain all water from the equipment or conveyance at the take out site, including water held in ballast tanks, bilges, livewells, motors, and other areas of containment; and
(b) immediately inspect the interior and exterior of the equipment or conveyance at the take out site for the presence of Dreissena mussels.

(2)(a) If all water in the equipment or conveyance is drained and the inspection undertaken pursuant to Subsection (1)(b) reveals the equipment and conveyance are free from mussels or shelled organisms, fish, plants and mud, the equipment and conveyance may be transported in or through the state directly from the take out site to the location where it will be:

(i) decontaminated; or

(ii) temporarily stored and subsequently returned to the same water body and take out site as provided in Subsection (5).

(b) To the extent feasible, any drain plug or similar mechanical feature that may retain water or conceal aquatic invasive species shall remain open during the transport and storage of a conveyance.

(3) If all the water in the equipment or conveyance is not drained or the inspection undertaken pursuant to Subsection (1)(b) reveals the equipment or conveyance has attached mussels or shelled organisms, fish, plants, or mud, the equipment and conveyance shall not be moved from the take out site until the division is contacted and provides the conveyance operator written or electronic authorization to move the equipment or conveyance to a designated location for professional decontamination.

(4) Except as provided in Subsection (5), a person shall not place any equipment or conveyance into a water body or water supply system in the state without first decontaminating the equipment and conveyance when the equipment or conveyance in the previous 30 days has been in:

(a) an infested water; or

(b) other water body or water supply system subject to a closure order under R657-60-8 or control plan under R657-60-9 that requires decontamination of conveyances and equipment upon leaving the water.

(5) Decontamination is not required when a conveyance or equipment is removed from an infested water or other water body subject to decontamination requirements, provided the conveyance and equipment is:

(a) inspected and drained at the take out site, and is free from attached mussels, shelled organisms, fish, plants, and mud as required in Subsections (1) and (2);

NOTICES OF PROPOSED RULES

R657-60-6. Certification of Inspection; Certification of Decontamination; Certificate of Registration to Perform Decontamination.

(1) The owner, operator or possessor of a vessel desiring to launch on a water body in Utah must:

(a) present an inspection certificate to division personnel if required; and

(b) verify the vessel and any launching device, in the previous 30 days, have not been in an infested water or in any other water subject to closure order under R657-60-8 or control plan under R657-60-9 that requires decontamination of conveyances and equipment upon leaving the water; or

(b) certify the vessel and launching device have been decontaminated.

(2) Certification of decontamination is satisfied by:

(a) previously completing self-decontamination since the vessel and launching device were last in a water described in Subsection (1)(b) and completely filling out and dating a decontamination certification form which can be obtained from the division; or

(b) providing a signed and dated certificate by a division approved professional decontamination service verifying the vessel and launching device were professionally decontaminated since the vessel and launching device were last in a water described in Subsection (1)(b); or

(c) complying with the terms identified in a certificate of registration issued for alternative decontamination measures.

(3) A certificate of registration to complete alternate forms of decontamination may be issued to an individual who:

(a) operates conveyances as a part of their business;

(b) whose conveyances cannot be decontaminated using self decontamination or professional decontamination as defined in R657-60-2(b)(i) and (ii).

(4) Both the decontamination certification form and the professional decontamination certificate, where applicable, must be signed and placed in open view in the window of the launching vehicle prior to launching or placing the vessel in a body of water.

(5)(a) It is unlawful under Section 76-8-504 to knowingly falsify a decontamination certification form.

(b) It is unlawful under Section 23-13-11(2) to alter or destroy a certificate of inspection prior to completing a decontamination certification form.

R657-60-7. Wildlife Board Designations of Infested Waters.

(1) The Wildlife Board may designate a geographic area, water body, facility, or water supply system as Infested with Dreissena mussels pursuant to Section 23-27-102 and 23-27-401 without taking the proposal to or receiving recommendations from the regional advisory councils.

(2) The Wildlife Board may designate a particular water body, facility, or water supply system within the state as Infested with Dreissena mussels when sampling indicates the water body, facility, or water supply system meets the minimum criteria for an Infested Water as defined in this rule.

(3) The Wildlife Board may designate a particular water body, facility, or water supply system outside the state as Infested with Dreissena mussels when it has credible evidence suggesting the presence of a Dreissena mussel in that water body, facility, or water supply system.

(4) Where the number of Infested Waters in a particular area is numerous or growing, or where surveillance activities or infestation containment actions are deficient, the Wildlife Board may designate geographic areas as Infested with Dreissena mussels.

(5) The following water bodies and geographic areas are classified as infested:

(a) all coastal and inland waters in:

   (i) [Colorado];
   (ii) California;

       (iv) San Juan River between Lake Powell and Clay Hills Crossing; and
   (c) other waters established by the Wildlife Board and published on the DWR website.

(6) The Wildlife Board may remove an infested classification if:

(a) the division samples the affected water body for seven (7) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or

(b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies in writing that Dreissena mussels are no longer present.

(1)(a) The division may classify a water body, facility, or water supply system as suspected or detected if it meets the minimum criteria for suspected or detected, as defined in this rule.

(b) If the division classifies a water body, facility, or water supply system as either suspected or detected, the division director or designee may, with the concurrence of the executive director, issue an order closing the water body, facility, or water supply system to the introduction or removal of conveyances or equipment.

(c) The director shall consult with the controlling entity of the water body, facility, or water supply system when determining the scope, duration, level and type of closure that will
be imposed in order to avoid or minimize disruption of economic and recreational activities.

(d) A closure order may;
   (i) close the water entirely to conveyances and equipment;
   (ii) authorize the introduction and removal of conveyances and equipment subject to the decontamination requirements in R657-60-2(2)(b) and R657-60-5; or
   (iii) impose any other condition or restriction necessary to prevent the movement of Dreissena mussels into or out of the subject water.
   (iv) a closure order may not restrict the flow of water without the approval of the controlling entity.

(2)(a) A closure order issued pursuant to Subsection (1) shall be in writing and identify the:
   (i) water body, facility, or water supply system subject to the closure order;
   (ii) nature and scope of the closure or restrictions;
   (iii) reasons for the closure or restrictions;
   (iv) conditions upon which the order may be terminated or modified; and
   (v) sources for receiving updated information on the presence of Dreissena mussels and closure order.
   (b) The closure order shall be mailed, electronically transmitted, or hand delivered to:
   (i) the controlling entity of the water body, facility, or water supply system;
   and
   (ii) any governmental agency or private entity known to have economic, political, or recreational interests significantly impacted by the closure order; and
   (iii) any person or entity requesting a copy of the order.
   (c) The closure order or its substance shall further be:
   (i) posted on the division's web page; and
   (ii) published in a newspaper of general circulation in the state of Utah or the affected area.

(3)(a) If a closure order lasts longer than seven days, the division shall provide the controlling entity and post on its web page a written update every 10 days on its efforts to address the Dreissena mussel infestation.
   (b) The 10 day update notice cycle will continue for the duration of the closure order.

(4)(a) Notwithstanding the closure authority in Subsection (1), the division may not unilaterally close or restrict a suspected or detected water supply system where the controlling entity has prepared and implemented a control plan in cooperation with the division that effectively controls the spread of Dreissena mussels from the water supply system.
   (b) The control plan shall comply with the requirements in R657-60-9.

(5) Except as authorized by the Division in writing, a person may not violate any provision of a closure order.

(6) A closure order or control plan shall remain effective so long as the water body, water supply system, or facility remains classified as suspected or detected.

(7) The director or his designee may remove a Suspected classification if:
   (a) the division samples the affected water body for three (3) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or
   (b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies that Dreissena mussels are no longer present.

(8) The director or his designee may remove a detected classification if:
   (a) the division samples the affected water body for five (5) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or
   (b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies that Dreissena mussels are no longer present.

(1) The controlling entity of a water body, facility, or water supply system may develop and implement a control plan in cooperation with the division prior to infestation designed to:
   (a) avoid the infestation of Dreissena mussels; and
   (b) control or eradicate an infestation of Dreissena mussels that might occur in the future.

(2) A pre-infestation control plan developed consistent with the requirements in Subsection (3) and approved by the division will eliminate or minimize the duration and impact of a closure order issued pursuant to Section 23-27-303 and R657-60-8.

(3) If a water body, facility, or water supply system within the state is classified as infested, detected, or suspected, and it does not have an approved control plan, the controlling entity shall cooperate with the division in developing and implementing a control plan to address the:
   (a) scope and extent of the presence of Dreissena mussels;
   (b) actions proposed to control the pathways of spread of Dreissena mussels;
   (c) actions proposed to control the spread or eradicate the presence of Dreissena mussels;
   (d) methods to decontaminate the water body, facility, or water supply system, if possible;
   (e) actions required to systematically monitor the presence of Dreissena mussels; and
   (f) requirements and methods to update and revise the plan with scientific advances.

(4) All control plans prepared pursuant to Subsection (3) shall be approved by the Division before implementation.

(5) A control plan prepared pursuant to this Section may require that all conveyances and equipment entering or leaving the subject water to comply with the decontamination requirements in R657-60-2(2)(b) and R657-60-5.

(6) Except as authorized by the Division and the controlling entity in writing, a person may not violate any provision of a control plan.

R657-60-10. Procedure for Establishing a Memorandum of Understanding with the Utah Department of Transportation.

(1) The division director or designee shall negotiate an agreement with the Utah Department of Transportation for use of
ports of entry for detection and interdiction of Dreissena Mussels illegally transported into and within the state. Both the Division of Wildlife Resources and the Department of Transportation must agree upon all aspects of Dreissena Mussel interdiction at ports of entry.

(2) The Memorandum shall include the following:
   (a) methods and protocols for reimbursing the department for costs associated with Dreissena Mussel interdiction;
   (b) identification of ports of entry suitable for interdiction operations;

   (d) methods and protocols for disposing of wastewater associated with decontamination of equipment and conveyances;
   (e) dates and time periods suitable for interdiction efforts at specific ports of entry;
   (f) signage notifying motorists of the vehicles that must stop at the port of entry for inspection;
   (g) priorities of use during congested periods between the department's port responsibilities and the division's interdiction activities;
   (h) methods for determining the length, location and dates of interdiction;
   (i) training responsibilities for personnel involved in interdiction activities; and
   (j) methods for division regional personnel to establish interdiction efforts at ports within each region.

(1) To eradicate and prevent the infestation of a Dreissena mussel, the division may:
   (a) temporarily stop, detain, inspect, quarantine, and impound a conveyance or equipment that the division reasonably believes is in violation of Section 23-27-201 or R657-60-5;
   (b) order a person to decontaminate a conveyance or equipment that the division reasonably believes is in violation of Section 23-227-207 or R657-60-5.

(2) The division, a port-of-entry agent or a peace officer may detain, quarantine, or impound a conveyance or equipment if:
   (a) the division, agent, or peace officer reasonably believes that the person transporting the conveyance or equipment is in violation of Section 23-27-201 or R657-60-5.

(3) The detention, quarantine, or impoundment authorized by Subsection (2) may continue for:
   (a) up to five days;
   (b) the period of time necessary to:
       (i) decontaminate the conveyance or equipment; and
       (ii) ensure that a Dreissena mussel is not living on or in the conveyance or equipment.

(1) A violation of any provision of this rule is punishable as provided in Section 23-13-11.

(2) A violation of any provision of a closure order issued under R657-60-8 or a control plan created under R657-60-9 is punishable as a criminal infraction as provided in Section 23-13-11.

(1) Inspection stations may be established for administrative purposes to interdict the spread of Dreissena mussels consistent with Utah Code Title 23, Chapter 27 "Aquatic Invasive Species Act," and this rule.

(2) The Division may establish inspection stations at locations authorized under Section 23-27-301 where:
   (a) there is a high probability of intercepting conveyances or equipment transporting Dreissena mussels;
   (b) there is typically a high level of boat and trailer traffic; or
   (c) inspection of conveyances or equipment will provide increased protection against the introduction of Dreissena mussels into a water body that is not classified as infested, suspected, or detected under R657-60-2.

(3) Inspection stations shall have adequate space for conveyances or equipment to be stopped, inspected, and if necessary, decontaminated, without interfering with the public's use of highways or presenting a safety risk to the public.

(4) Inspection stations shall have adequate signage providing the public:
   (a) notice that the inspection station is open and operational;
   (b) notice that all persons transporting conveyances or equipment must stop at the inspection station and submit their conveyance and equipment for inspection; and
   (c) an adequate opportunity to safely stop at the inspection station.

(5) Any person transporting a conveyance or equipment is required to stop at an inspection station during its hours of operation and submit that conveyance or equipment to the Division for inspection.

(6) The Division shall conduct an inspection of a conveyance or equipment that is stopped at an inspection station as follows:
   (a) Division personnel will determine whether the conveyance or equipment has been in an infested, suspected, or detected water body within the past 30 days.
   (b) If the conveyance or equipment has not been in an infested, suspected, or detected water body within the past 30 days, the Division will:
       (i) conduct a brief visual inspection of the conveyance or equipment to ensure that there are no visible Dreissena mussels;
       (ii) provide educational materials regarding aquatic invasive species risks and regulations in Utah; and
       (iii) provide a certificate of inspection to the person in possession of the conveyance or equipment.
   (c) If the conveyance or equipment has been in an infested, suspected, or detected water body within the past 30 days, the Division will:
       (i) verify all water is drained from the conveyance or equipment, including water held in ballast tanks, bilges, livewells, motors, and other areas of containment;
       (ii) verify that the surface of the conveyance or equipment is free of Dreissena mussels, shelled organisms, fish, plants, and mud; and
(iii) verify that the conveyance or equipment has been or will be decontaminated as defined in R657-60-2(b) before launching in a Utah water body.

(d) The Division may require professional decontamination of conveyances or equipment that have been in an infested, suspected, or detected water within the past 30 days and failed to comply with the draining and cleaning requirements established in R657-60-5(3).

(7) The Division may issue a certification of inspection and decontamination to persons who complete inspections and any applicable decontamination at an inspection station.

(8) Inspection stations shall be operated in a manner that minimizes the length of time of an inspection while ensuring that conveyances are free from the presence of Dreissena mussels.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is being amended pursuant to Wildlife Board meetings conducted for taking public input and reviewing the division's drawing application process.

SUMMARY OF THE RULE OR CHANGE: This rule is being amended to: 1) add Sandhill Crane to the list of permits a youth may obtain; 2) remove the authorization to withhold 1% of the swan permits from the drawing to address division errors with; 3) amend the youth definition when pertaining to the taking of waterfowl, Wilson's snipe, and coot; and 4) authorize up to four youth to apply as a group.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 23-14-18 and Section 23-14-19

ANTICIPATED COST OR SAVINGS TO:

♦ LOCAL GOVERNMENTS: Since this amendment alters an existing process, this filing does not create any direct cost or savings impact to local governments. Local governments are neither directly nor indirectly impacted by this rule because the rule does not create a situation requiring services from local governments.

♦ SMALL BUSINESSES: This amended rule will alter the structure for using preference points in a DWR drawing which DWR has determined would not generate a cost or saving impact to small businesses.

♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: This amended rule will alter the structure for using preference points in a DWR drawing which DWR has determined would not generate a cost or saving impact to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: DWR determined that this amendment will not create a cost or savings impact to individuals who participate in hunting in Utah because this amendment simply alters the structure for using preference points in a DWR drawing.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The amendments to this rule do not create an impact on businesses.

Provider Rights and Responsibilities

NOTICE OF PROPOSED RULE
(Amendment)
DAR FILE NO.: 41171
FILED: 01/12/2017

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this amendment is to clarify the timeline for submitting necessary documentation.

SUMMARY OF THE RULE OR CHANGE: Because the Department pays child care providers directly, the Department must report the income on a 1099. To do that, the Department needs the provider’s tax identification number. Some providers fail to provide the number in a timely fashion. This would end subsidies if the tax number is not provided. The proposed amendment also allows the Department to contract out audits of providers.
Neither the Department nor the state of Utah assumes responsibility for payment to providers.

(2) A provider may not charge clients receiving a CC subsidy a higher rate than their customers who do not receive a CC subsidy.

(3) Providers may retain the full monthly subsidy payment so long as at least eight hours of care were provided by the 15th of the month. The subsidy payment is to support an eligible client's monthly employment and training activities and allows for temporary absences and unforeseen circumstances. Having a child only attend one day per month or sporadically to receive a child care payment is a misuse of funds and will result in an overpayment and possible child care disqualification. Additionally, the subsidy payment is intended to be used to cover the provider's business expenses during the month for reserving the slot(s) and shall not be used to cover the client's out of pocket expenses, copayments, or carried forward for future months of service. Providers who choose not to apply the funds as required will be subject to an overpayment and possible child care disqualification.

(4) Providers must keep accurate records of subsidized child care payments, and time and attendance. The Department has the right to investigate child care providers and audit their records. Audits and investigations may be performed by a person or entity under contract with the Department. Time and attendance records for all subsidized clients must be kept for at least three years.

(5) Providers must provide initial verification information to determine eligibility. Providers must also cooperate with an investigation or audit to determine ongoing eligibility or if eligibility was correctly determined. Cooperation includes providing information and verification and returning telephone calls or responding to emails from Department employees or other persons authorized by the Department to obtain information such as an employee of ORS in a timely manner. "A timely manner" is usually considered to be ten business days for written documentation and two business days to return a phone call or email request. Providing incomplete or incorrect information will be treated the same as a failure to provide information if the incorrect or insufficient information results in an improper decision with regard to the eligibility. Failure to disclose a material fact that might affect the eligibility determination can also lead to criminal prosecution. If a provider fails to cooperate with an investigation or audit, provide any and all information or verification requested, or fails to keep records for one year without good cause, the provider will no longer be an approved provider. Good cause is limited to circumstances where the provider can show that the reasons for the delay in filing were due to circumstances beyond the provider's control or were compelling and reasonable. The period the provider will not be an approved provider will be from the date the information or verification was due until when it is received by the Department.

(6) If a provider accepts payment from funds provided by the Department for services which were not provided, the provider is responsible for repayment of the resulting overpayment and there may be a disqualification period and/or criminal prosecution.

(7) CCL will keep a list of all providers that have been disqualified as a provider or against whom a referral or complaint is received.

(8) All providers, except FFN providers as defined in R986-700-705(1)(b)(ii), are required to report their monthly, full-
Providers must also report the rate for each individual child to the Department if the amount is less than the rate reported to Care About Child Care. Failure to report reduced rates may result in an overpayment.

(9) Providers are required to access the Provider Portal at jobs.utah.gov/childcare and:

- submit and manage bank account information;
- read and agree to the terms and conditions contained in the Provider Guide and in the Portal;
- view child care payment information;
- manage Provider Portal user access to ensure only those users with authority to make changes can do so. The provider is liable for all changes made and information provided through the Provider Portal;
- report the following changes within 10 days, or by the 25th of the month, whichever is sooner:
  - a reduced or part-time rate for an individual child in care, as applicable. This includes reporting any rate changes or updates that occur for each child once a rate has been submitted in the portal;
  - a child is no longer in child care;
  - a child was not in child care during that month;
  - that the provider received a greater subsidy payment amount than what was charged to the client for the month of service. Excess subsidy funds cannot be used to cover outstanding balances, copayments, or future services. The provider should notify the Department and the difference will either be deducted from the next month's subsidy payment or the funds must be returned to the Department;
  - a child attended for less than eight hours by the 15th of the month, payment for the month was received and the child is not expected to return; or
  - a change in financial institution account information for direct deposit.

(10) Providers must submit a W-9 Form, Federal Employment Identification Number (EIN) or Social Security Number via the DWS Provider Portal, if required by the Department, and a 1099 will be issued annually. The Federal EIN or Social Security Number must be provided within 30 days of receipt of the first subsidy payment from the Department.

(11) A provider who provides services for any part of a month and then terminates services with the client/child during the month, must reimburse the Department for the days when care was not provided. However, if it was necessary to remove the child from care because the child or others were endangered, and the incident was reported to CCL or local authorities, the Department may waive repayment.

NOTICES OF
120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that regular rulemaking procedures would:

(a) cause an imminent peril to the public health, safety, or welfare;
(b) cause an imminent budget reduction because of budget restraints or federal requirements; or
(c) place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the 120-DAY RULE is printed. New text is underlined (example) and text to be deleted is struck out with brackets surrounding the deleted text ([example]). An emergency rule that is new is entirely underlined. Likewise, an emergency rule that repeals an existing rule shows the text completely struck out. A row of dots in the text (........) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective when filed with the Office of Administrative Rules, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule. Because of its temporary nature, a 120-DAY RULE is not codified as part of the Utah Administrative Code.

The law does not require a public comment period for 120-DAY RULES. However, when an agency files a 120-DAY RULE, it may file a PROPOSED RULE at the same time, to make the requirements permanent.

Emergency or 120-DAY RULES are governed by Section 63G-3-304, and Section R15-4-8.

Travel-Related Reimbursements for State Employees

NOTICE OF 120-DAY (EMERGENCY) RULE
DAR FILE NO.: 41127
FILED: 01/06/2017

RULE ANALYSIS
PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The IRS announced a decrease in the rate for private vehicle use from 54 cents per mile to 53.5 cents per mile. The Division has determined that the reimbursement rate for private vehicles should decrease to 53 cents per mile to avoid exceeding federal mileage reimbursements.

SUMMARY OF THE RULE OR CHANGE: The rule decreases reimbursement rate for mileage on private vehicles. (Editor's Note: A corresponding proposed amendment is under Filing No. 41147 in this issue, February 1, 2017, of the Bulletin.)

EMERGENCY RULE REASON AND JUSTIFICATION: REGULAR RULEMAKING PROCEDURES WOULD place the agency in violation of federal or state law.
JUSTIFICATION: Effective 01/01/2017, the IRS decreased the mileage reimbursement rate for private vehicles from 54 cents per mile to 53.5 cents per mile. If the state were to reimburse employees at a rate higher than the IRS rate, the amount over the IRS rate would be taxable to the employee. To avoid that complication, the Division has decreased the state reimbursement rate for private vehicles to 53 cents per mile.

ANTICIPATED COST OR SAVINGS TO:
♦ THE STATE BUDGET: There will potentially be a decrease in cost to the state as mileage reimbursements are decreasing. However, the Division cannot determine exactly what the decrease will be because it is impossible to anticipate how much travel state employees will do.
♦ LOCAL GOVERNMENTS: There will not be costs to local governments because the rule only governs reimbursements by the state to individuals traveling on state business.
♦ SMALL BUSINESSES: Because the change deals only with reimbursement rates for mileage for state employees, small businesses are not affected.
♦ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Individuals eligible for reimbursement will see a slight
decrease in their mileage reimbursement amounts for travel in private vehicles.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because the amendment only changes mileage reimbursement rates and does not require any new action on the part of persons applying for reimbursements, there are not compliance costs.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: I have reviewed these changes with the Division of Finance Director and believe these changes are warranted. Individuals may see a slight decrease in reimbursements amounts. However, the Division cannot determine exactly what the decrease will be as that depends on the amount of travel by individuals eligible for mileage reimbursement. This rule will have no impact on business.

R25-7. Travel-Related Reimbursements for State Employees.
R25-7-1. Purpose.
The purpose of this rule is to establish procedures to be followed by departments to pay travel-related reimbursements to state employees.

R25-7-2. Authority and Exemptions.
This rule is established pursuant to:
(1) Section 63A-3-107, which authorizes the Division of Finance to make rules governing in-state and out-of-state travel expenses; and
(2) Section 63A-3-106, which authorizes the Division of Finance to make rules governing meeting per diem and travel expenses for board members attending official meetings.

R25-7-3. Definitions.
(1) "Agency" means any department, division, commission, council, board, bureau, committee, office, or other administrative subunit of state government.
(2) "Board" means a board, commission, council, committee, task force, or similar body established to perform a governmental function.
(3) "Department" means all executive departments of state government.
(4) "Finance" means the Division of Finance.
(5) "Home-Base" means the location the employee leaves from and/or returns to.
(6) "Per diem" means an allowance paid daily.
(7) "Policy" means the policies and procedures of the Division of Finance, as published in the "Accounting Policies and Procedures."
(8) "Rate" means an amount of money.
(9) "Reimbursement" means money paid to compensate an employee for money spent.
(10) "State employee" means any person who is paid on the state payroll system.

R25-7-4. Eligible Expenses.
(1) Reimbursements are intended to cover all normal areas of expense.
(2) Requests for reimbursement must be accompanied by original receipts for all expenses except those for which flat allowance amounts are established.

R25-7-5. Approvals.
(1) For insurance purposes, all state business travel, whether reimbursed by the state or not, must have prior approval by an appropriate authority. This also includes non-state employees where the state is paying for the travel expenses.
(2) Both in-state and out-of-state travel must be approved by the Executive Director or designee. The approval of in-state travel reimbursement forms may be considered as documentation of prior approval for in-state travel. Prior approval for out-of-state travel should be documented on form FI5 - "Request for Out-of-State Travel Authorization."
(3) Exceptions to the prior approval for out-of-state travel must be justified in the comments section of the Request for Out-of-State Travel Authorization, form FI5, or on an attachment, and must be approved by the Department Director or the designee.
(4) The Department Director, the Executive Director, or the designee must approve all travel to out-of-state functions where more than two employees from the same department are attending the same function at the same time.

R25-7-6. Reimbursement for Meals.
(1) State employees who travel on state business may be eligible for a meal reimbursement.
(2) The reimbursement will include tax, tips, and other expenses associated with the meal.
(3) Allowances for in-state travel differ from those for out-of-state travel.
(a) The daily travel meal allowance for in-state travel is $41.00 and is computed according to the rates listed in the following table.
choose to accept the per diem rate for out-of-state travel or to be reimbursed the actual meal cost, with original receipts, not to exceed the United States Department of State Meal and Incidental Expenses (M and IE) rate for their location.

(a) The traveler may combine the reimbursement methods during a trip; however, they must use the same method of reimbursement for an entire day.

(b) Actual meal cost includes tips.

(c) Alcoholic beverages are not reimbursable.

(6) The meal reimbursement calculation is comprised of three parts:

(a) The day the travel begins. The traveler's entitlement is determined by the time of day the traveler leaves their home base (the location the employee leaves from and/or returns to), as illustrated in the following table.

(b) The days at the location.

(ii) Complimentary meals of a hotel, motel and/or association and meals included in registration costs are deducted from the total daily meal allowance. However, continental breakfasts will not reduce the meal allowance. Please Note: For breakfast, if a hot food item is offered, it is considered a complimentary meal, no matter how it is categorized by the hotel/conference facility. The meal is considered a "continental breakfast" if no hot food items are offered.

(ii) Meals provided on airlines will not reduce the meal allowance.

(c) The day the travel ends. The meal reimbursement the traveler is entitled to is determined by the time of day the traveler returns to their home base, as illustrated in the following table.

(7) An employee may be authorized by the Department Director or designee to receive a taxable meal allowance when the employee's destination is at least 100 miles from their home base and the employee does not stay overnight.

(a) Breakfast is paid when the employee leaves their home base before 6:00 a.m.
(b) Lunch is paid when the trip meets one of the following requirements:
   (i) The employee is on an officially approved trip that warrants entitlement to breakfast and dinner.
   (ii) The employee leaves their home base before 10 a.m. and returns after 2 p.m.
   (iii) The Department Director provides prior written approval based on circumstances.
   (c) Dinner is paid when the employee leaves their home base and returns at 6 p.m. or later.
   (d) The allowance is not considered an absolute right of the employee and is authorized at the discretion of the Department Director or designee.

(1) When a board meets and conducts business activities during mealtime, the cost of meals may be charged as public expense.
(2) Where salaried employees of the State of Utah or other advisors or consultants must, of necessity, attend such a meeting in order to permit the board to carry on its business, the meals of such employees, advisors, or consultants may also be paid. In determining whether or not the presence of such employees, advisors, or consultants is necessary, the boards are requested to restrict the attendance of such employees, advisors, or consultants to those absolutely necessary at such mealtime meetings.

State employees who travel on state business may be eligible for a lodging reimbursement.
(1) For stays at a conference hotel, the state will reimburse the actual cost plus tax and any mandatory fees charged by the hotel for both in-state and out-of-state travel. The traveler must include the conference registration brochure with the Travel Reimbursement Request, form FI 51A or FI 51B.
(2) For in-state lodging at a non-conference hotel, the state will reimburse the actual cost up to $70 per night for single occupancy plus tax and any mandatory fees charged by the hotel except as noted in the table below:

(3) State employees traveling less than 50 miles from their home base are not entitled to lodging reimbursement. Miles are calculated from either the departure home-base or from the destination to the traveler's home-base. The traveler may leave from one home-base and return to a different home-base. For example, if the traveler leaves from their residence, then the home-base for departure calculations is their residence. If the traveler returns to where they normally work (ie. Cannon Health Building), then the home-base for arrival calculations is the Cannon Health Building.
(a) In some cases, agencies must use judgement to determine a traveler's home-base. The following are some things to consider when determining a traveler's home-base.
   (i) Is the destination less than 50 miles from the traveler's home or normal work location? If the destination is less than 50 miles from either the traveler's home or from their normal work location, then generally the employee should not be reimbursed for lodging.
   (ii) Is there a valid business reason for the traveler to go to the office (or to some other location) before driving to the destination?
   (iii) Is the traveler required to work at the destination the next day?
   (iv) Is the traveler going directly home after the trip, or is there a valid business reason for the traveler to first go to the office (or to some other location)?
(v) Even if "it is not specifically against policy", would the lodging be considered necessary, reasonable and in the best interest of the State?

(4) When the State of Utah pays for a person from out-of-state to travel to Utah, the in-state lodging per diem rates will apply.

(5) For out-of-state travel stays at a non-conference hotel, the state will reimburse the actual cost per night plus tax and any mandatory fees charged by the hotel, not to exceed the federal lodging rate for the location. These reservations must be made through the State Travel Office.

(6) The state will reimburse the actual cost per night plus tax and any mandatory fees charged by the hotel for in-state or out-of-state travel stays where the department/traveler makes reservations through the State Travel Office.

If lodging is not available at the allowable per diem rate in the area the employee needs to stay, the State Travel Office will book a hotel with the best available rate. In this circumstance, the employee will be reimbursed at the actual rate booked.

If an employee chooses to stay at a hotel that costs more than the allowable per diem rate, the employee will only be reimbursed for the allowable per diem rate plus tax and any mandatory fees charged by the hotel. These instances will be audited 100% by the State Finance Post-Auditors.

(7) Lodging is reimbursed at the rates listed in Table 5 for single occupancy only. For double state employee occupancy, add $20, for triple state employee occupancy, add $40, for quadruple state employee occupancy, add $60.

(8) Exceptions will be allowed for unusual circumstances when approved in writing by the Department Director or designee prior to the trip.

(a) For out-of-state travel, the approval may be on the form FI 5.5.

(b) Attach the written approval to the Travel Reimbursement Request, form FI 51B or FI 51D.

(9) A proper receipt for lodging accommodations must accompany each request for reimbursement.

A proper receipt is a copy of the registration form generally used by motels and hotels which includes the following information: name of motel/hotel, street address, town and state, telephone number, current date, name of person/persons staying at the motel/hotel, date(s) of occupancy, amount and date paid, signature of agent, number in the party, and (single, double, triple, or quadruple occupancy).

(10) When lodging is required, travelers should stay at the lodging facility nearest to the meeting/training/work location where state lodging per diem rates are accepted in order to minimize transportation costs.

(11) Travelers may also elect to stay with friends or relatives or use their personal campers or trailer homes instead of staying in a hotel.

(a) With proof of staying overnight away from home on approved state business, the traveler will be reimbursed the following:

(i) $25 per night with no receipts required or

(ii) Actual cost up to $40 per night with a signed receipt from a facility such as a campground or trailer park, not from a private residence.

(12) Travelers who are on assignment away from their home base for longer than 90 days will be reimbursed as follows:

(a) First 30 days - follow regular rules for lodging and meals. Lodging receipt is required.

(b) After 30 days - $46 per day for lodging and meals. No receipt is required.

State employees who travel on state business may be eligible for a reimbursement for incidental expenses.

(1) Travelers will be reimbursed for actual out-of-pocket costs for incidental items such as baggage tips, transportation costs, maid service, and bellman. Gratuities/tips for various services such as assistance with baggage, maid service, and bellman, may be reimbursed up to a combined maximum of $5.00 per day.

(a) Tips for doormen and meals are not reimbursable.

(b) No other gratuities will be reimbursed.

(c) Include an original receipt for each individual incidental item above $19.99.

(2) The state will reimburse incidental ground transportation and parking expenses.

(a) Travelers shall document all official business use of taxi, bus, parking, and other ground transportation including dates, destinations, parking locations, receipts, and amounts.

(b) Personal use of such transportation to restaurants is not reimbursable.

(c) The maximum that airport parking will be reimbursed is the economy lot parking rate at the airport they are flying out of. A receipt is required for amounts of $20 or more.

(3) Registration should be paid in advance on a state warrant, with a state purchase card, or with a state travel card.

(a) A copy of the approved FI 5 form must be included with the Payment Voucher for out-of-state registrations.

(b) If a traveler must pay the registration when they arrive, the agency is expected to process a Payment Voucher and have the traveler take the state warrant with them.

(4) Telephone calls related to state business are reimbursed at the actual cost.

(a) The traveler shall list the amount of these calls separately on the Travel Reimbursement Request, form FI 51A or FI 51B.

(b) The traveler must provide an original lodging receipt or original personal phone bill showing the phone number called and the dollar amount for business telephone calls and personal telephone calls.

(5) Allowances for personal telephone calls made while out of town on state business overnight may be based on the number of nights away from home. The traveler must provide an original lodging receipt or original personal phone bill showing the phone number called and the dollar amount for personal telephone calls.

(a) Four nights or less - actual amount up to $2.50 per night.

(b) Five to eleven nights - actual amount up to $20.00

(c) Twelve nights to thirty nights - actual amount up to $30.00

(d) More than thirty days - start over

(6) Actual laundry expenses up to $18.00 per week will be allowed for trips in excess of six consecutive nights, beginning after the sixth night out.

(a) The traveler must provide receipts for the laundry expense.
(b) For use of coin-operated laundry facilities, the traveler must provide a list of dates, locations, and amounts.

(7) An amount of $5 per day will be allowed for travelers away in excess of six consecutive nights beginning after the sixth night out.

(a) This amount covers miscellaneous incidentals not covered in this rule.

(b) This allowance is not available for travelers going to conferences.

(8) Travel on a Weekend during Trips of More Than 10 Nights' Duration - A department may provide for employees to return home on a weekend when a trip extends longer than ten nights. Reimbursements may be given for costs allowed by these policies.

R25-7-10. Reimbursement for Transportation.

State employees who travel on state business may be eligible for a transportation reimbursement.

(1) Air transportation is limited to Air Coach or Excursion class. Priority seating charges will not be reimbursed unless preapproved by the department director or designee.

(a) All reservations (in-state and out-of-state) should be made through the State Travel Office for the least expensive air fare available at the time reservations are made.

(b) Only one change fee per trip will be reimbursed.

(c) The explanation for the change and any other exception to this rule must be given and approved by the Department Director or designee.

(2) Travelers may be reimbursed for mileage to and from the airport and long-term parking or away-from-the-airport parking.

(a) The maximum reimbursement for parking, whether travelers park at the airport or away from the airport, is the long term parking rate at the airport they are flying out of.

(b) The parking receipt must be included with the Travel Reimbursement Request, form FI 51A or FI 51B for amounts of $20 or more.

(c) Travelers may be reimbursed for mileage to and from the airport to allow someone to drop them off and to pick them up.

(3) Travelers may use private vehicles with approval from the Department Director or designee.

(a) Only one person in a vehicle may receive the reimbursement, regardless of the number of people in the vehicle.

(b) Reimbursement for a private vehicle will be at the rate of 38 cents per mile or $4.53 cents per mile if a state vehicle is not available to the employee.

(i) To determine which rate to use, the traveler must first determine if their department has an agency vehicle (long-term leased vehicle from Fleet Operations) that meets their needs and is reasonably available for the trip (does not apply to special purpose vehicles). If reasonably available, the employee should use an agency vehicle. If an agency vehicle that meets their needs is not reasonably available, the agency may approve the traveler to use either a daily pool fleet vehicle or a private vehicle. If a daily pool fleet vehicle is not reasonably available, the traveler may be reimbursed at $4.53 cents per mile.

(ii) If a trip is estimated to average 100 miles or more per day, the agency should approve the traveler to rent a daily pool fleet vehicle if one is reasonably available. Doing so will cost less than if the traveler takes a private vehicle. If the agency approves the traveler to take a private vehicle, the employee will be reimbursed at the lower rate of 38 cents per mile.

(c) Agencies may establish a reimbursement rate that is more restrictive than the rate established in this Section.

(d) Any exceptions to this mileage reimbursement rate guidance must be approved in writing by the employees Executive Director or designee.

(e) Mileage will be computed using Mapquest or other generally accepted map/route planning website, or from the latest official state road map and will be limited to the most economical, usually traveled routes.

(f) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(g) An approved Private Vehicle Usage Report, form FI 40, should be included with the department's payroll documentation reporting miles driven on state business during the pay period.

(h) Departments may allow mileage reimbursement on an approved Travel Reimbursement Request, form FI 51A or FI 51B, if other costs associated with the trip are to be reimbursed at the same time.

(4) A traveler may choose to drive instead of flying if preapproved by the Department Director or designee.

(a) If the traveler drives a state-owned vehicle, the traveler may be reimbursed for meals and lodging for a reasonable amount of travel time; however, the total cost of the trip must not exceed the equivalent cost of the airline trip. The traveler may also be reimbursed for incidental expenses such as toll fees and parking fees.

(b) If the traveler drives a privately-owned vehicle, reimbursement will be at the rate of 38 cents per mile or the airplane fare, whichever is less, unless otherwise approved by the Department Director or designee.

(i) The lowest fare available within 30 days prior to the departure date will be used when calculating the cost of travel for comparison to private vehicle cost.

(ii) A comparison printout which is available through the State Travel Office is required when the traveler is taking a private vehicle.

(iii) The traveler may be reimbursed for meals and lodging for a reasonable amount of travel time; however, the total cost of the trip must not exceed the equivalent cost of an airline trip.

(iv) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(c) When submitting the reimbursement form, attach a schedule comparing the cost of driving with the cost of flying. The schedule should show that the total cost of the trip driving was less than or equal to the total cost of the trip flying.

(d) If the travel time taken for driving during the employee's normal work week is greater than that which would have occurred had the employee flown, the excess time used will be taken as annual leave and deducted on the Time and Attendance System.

(5) Use of rental vehicles must be approved in writing in advance by the Department Director or designee.
(a) An exception to advance approval of the use of rental vehicles shall be fully explained in writing with the request for reimbursement and approved by the Department Director or designee.

(b) Detailed explanation is required if a rental vehicle is requested for a traveler staying at a conference hotel.

(c) When making rental car arrangements through the State Travel Office, reserve the vehicle you need. Upgrades in size or model made when picking up the rental vehicle will not be reimbursed.

(i) State employees should rent vehicles to be used for state business in their own names, using the state contract so they will have full coverage under the state’s liability insurance.

(ii) Rental vehicle reservations not made through the State Travel Office must be approved in advance by the Department Director or designee.

(iii) The traveler will be reimbursed the actual rate charged by the rental agency.

(iv) The traveler must have approval for a rental car in order to be reimbursed for rental car parking.

(6) Travel by private airplane must be approved in advance by the Department Director or designee.

(a) The pilot must certify to the Department Director or designee that the pilot is certified to fly the plane used for state business.

(b) If the plane is owned by the pilot/employee, the pilot must certify the existence of at least $500,000 of liability insurance coverage.

(c) If the plane is a rental, the pilot must provide written certification from the rental agency that the insurance covers the traveler and the state as insured. The insurance must be adequate to cover any physical damage to the plane and at least $500,000 for liability coverage.

(d) Reimbursement will be made at [54][53] cents per mile.

(e) Mileage calculation is based on air mileage and is limited to the most economical, usually-traveled route.

(7) Travel by private motorcycle must be approved prior to the trip by the Department Director or designee. Travel will be reimbursed at 20 cents per mile.

(8) A car allowance may be allowed in lieu of mileage reimbursement in certain cases. Prior written approval from the Department Director, the Executive Director of the Department of Administrative Services, and the Governor is required.

A REVIEW is not followed by the rule text. The rule text that is being continued may be found in the online edition of the Utah Administrative Code available at http://www.rules.utah.gov/publicat/code.htm. The rule text may also be inspected at the agency or the Office of Administrative Rules. REVIEWS are effective upon filing. REVIEWS are governed by Section 63G-3-305.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is enacted pursuant to Subsections 19-3-104(4) and 19-3-104(7). Subsection 19-3-104(4) allows the Board to make rules necessary for controlling exposure to sources of radiation that constitute a significant health hazard. Subsection 19-3-104(7) restricts the Board's rulemaking to be no more stringent than federal regulations.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: During the period from the previous five-year review, three modifications to the rule were made. Comments received for each modification were related to the modification only, and no comments were received either expressing support or opposition to the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule needs to be continued to ensure that the state's rules are adequate to protect public health and safety. The requirements are necessary to control the receipt, possession, use, transfer, and disposal of sources of radiation by a licensee or registrant so that the total dose to an individual, including the doses resulting from all sources of radiation other than background radiation, do not exceed established safety standards. The rule is also needed to meet Utah's commitment, as an Agreement State with the U.S. Nuclear Regulatory Commission (NRC), in order to maintain regulatory compatibility with the NRC.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 19-1-106(1) creates the Waste Management and Radiation Control Board within the Department of Environmental Quality. Subsection 19-3-104(4) provides that the Board may make rules necessary for controlling exposures to sources of radiation that constitute a significant health hazard and to meet the requirements of federal law relating to radiation control.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: During the period from the previous five-year review, one modification to the rule was made. Comments received for the modification were related to the modification only and no comments were received either expressing support or opposition to the rule during the comment period on the modification or at any other time during the period from the previous five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule must be continued because it establishes the requirements for the possession and use of sealed sources containing radioactive materials in irradiators. These devices use high levels of gamma radiation to sterilize various products, primarily medical devices and pharmaceutical chemicals. The rule provides for protection of public health and safety by controlling the use of panoramic irradiators that have either dry or wet storage of the radioactive sealed sources; underwater irradiators in which...
both the source and object being irradiated are under water; and irradiators whose dose rate exceeds 55 rad per hour at one meter from the radioactive source in air or in water. As an Agreement State, this rule is needed to maintain regulatory compatibility with the U.S. Nuclear Regulatory Commission (NRC).

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule needs to continue to ensure that requirements and standards are in place for the adequate protection of public health and safety associated with the use of x-ray machines used for non-medical applications. The rule is consistent with national standards established by radiation control program experts.

Comments received for each modification were related to the modification only, and no comments were received either expressing support or opposition to the rule during the comment periods on the modifications or at any other time during the period from the previous five-year review.

DAR FILE NO.: 41123
FILED: 01/06/2017

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

Concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require the rule: Section 26-18-3 requires the Department to implement Medicaid policy through administrative rules, which allow the Department to administer the Medicaid program. Additionally, Section 26-1-5 allows the Department to adopt rules that provide access to Medicaid services, and 42 CFR 482.68 sets forth special requirements for transplant service centers.

Summary of written comments received during and since the last five year review of the rule from interested persons supporting or opposing the rule: The Department received written comments from Molina Health Care, National Marrow Donor Program, Intermountain Health Care, and University of Utah Health Care, after filing a notice of repeal and reenactment for this rule to clarify Medicaid policy in June 2016. The comments reflected concerns over coverage for stem cell transplant services that include research, searches for donors, and requests to expand coverage for various childhood illnesses that may be responsive to stem cell treatment.

Reasoned justification for the continuation of the rule, including reasons why the agency disagrees with comments in opposition to the rule, if any: The Department will continue this rule because it defines important terms and provisions, sets forth eligibility and access requirements, specifies service coverage and prior authorization, clarifies covered and non-covered services for stem cell transplantation, and lists criteria for requests of non-covered services. There is no opposition to the rule itself and the Department filed a change in proposed rule that addresses the written comments and makes other clarifications.

Reasoned justification for the continuation of the rule, including reasons why the agency disagrees with comments in opposition to the rule, if any: The Department will continue this rule because it defines important terms and provisions, sets forth eligibility and access requirements, specifies service coverage and prior authorization, clarifies covered and non-covered services for stem cell transplantation, and lists criteria for requests of non-covered services. There is no opposition to the rule itself and the Department filed a change in proposed rule that addresses the written comments and makes other clarifications.

Reasoned justification for the continuation of the rule, including reasons why the agency disagrees with comments in opposition to the rule:

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 31A-2-201 authorizes the department to write rules to implement the provisions of the Utah Insurance Code, Title 31A. The rule provides guidance regarding the registration of an insurance holding company, forms to be used, and filings to be made with the department as noted in Section 31A-16-105.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department has received no written comments regarding this rule during the past five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R590-70 contains detailed instructions for the registration and filings of Utah domestic insurers in a holding company corporate structure. Without this rule, the statute itself is not adequate to prescribe uniformity, completeness, and accuracy in compliance with the same. Without the rule, there would be little or no guidance for insurers and no linkage to the department's policies, procedures, and forms. Therefore, this rule should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 31A-2-201 authorizes the department to write rules to implement the provisions of the Utah Insurance Code, Title 31A. Section 31A-22-408 authorizes the writing of a rule to set the cash surrender values and paid-up nonforfeiture benefits provided by a plan and computed by a method consistent with the principles of the Standard Nonforfeiture Law for Life Insurance. The rule provides the same cash surrender values and paid-up nonforfeiture benefits to both men and women.
SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department has received no written comments regarding this rule during the past five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule was adopted as a result of the 1983 U.S. Supreme Court Case of Arizona Governing Committee v. Norris. The court ruled that the use of gender-based actuarial tables in an annuity for an employer's pension plan violates the federal Civil Rights Act of 1964. As a result, the National Association of Insurance Commissioners (NAIC) created regulations that recognize mortality tables utilizing gender-blended nonforfeiture standards for men and women. Most states, including Utah, adopted the rule. It allows insurance companies that issue annuity contracts to employer-clients to comply with the Norris decision. Therefore, this rule should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION
CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 31A-2-201(3) provides broad rulemaking authority to implement the provisions of the Utah Insurance Code, Title 31A. Subsection 31A-17-404(3) provides for a rule to determine the form that letters of credit must take to be used as security to protect a ceding insurer in a transaction of reinsurance. This rule sets the standards and form for letters of credit.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department has received no written comments regarding this rule during the past five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Without Rule R590-114, letters of credit may not be of adequate quality to ensure the effectiveness of certain reinsurance agreements. The rule protects the ceding insurer's security interest in reinsurance ceded by means of the letter of credit. The rule may also affect other areas of statutory accounting, such as credit for reinsurance ceded. Therefore, this rule should be continued.

authorizes the commissioner to implement the provisions of the Utah Insurance Code, Title 31A. Subsection 31A-23a-202(5) authorizes the commissioner to prescribe the processes and procedures for continuing education provider registration and course approval. Subsection 31A-26-206(1) authorizes the commissioner to prescribe the continuing education requirements for an adjuster. Section 31A-30-209 authorizes the commissioner to adopt a rule to implement the continuing education requirements for a defined contribution market. Section 31A-35-401.5 authorizes the commissioner to implement the continuing education requirement for renewal of a bail bond producer license.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department received only one written comment regarding this rule during the past five years. The comment included two questions that were submitted during the comment period for a proposed amendment regarding the usage of the name "Utah Health Exchange" and certification requirements for producers selling on Avenue H. The comment did not result in any changes to the proposed rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule is important because it specifies how continuing education (CE) courses are approved by the department. The rule also sets standards for the issuance and filing of the certificate for CE credit. This rule makes clear the standards that all licensees must meet in order to receive the CE hours required by law. It also helps build the professionalism of those who work in the insurance industry and improves the accuracy of insurance information delivered to consumers. Therefore, this rule should be continued.

Concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require the rule: Subsection 31A-2-201(3) authorizes the commissioner to establish by rule specific requirements for filing forms, rates, or reports required by the Utah Insurance Code, Title 31A. Section 31A-2-202 authorizes the commissioner to require statements, reports, and information to be delivered to the department or the National Association of Insurance Commissioners (NAIC) in a form specified by the commissioner. Section 31A-4-113 authorizes the commissioner to prescribe by rule the information to be submitted with, and the form of, the annual statement. The rule provides instructions for the filing of annual and quarterly statements with supplementary schedules, exhibits, and documents by insurers.

Summary of written comments received during and since the last five year review of the rule from interested persons supporting or opposing the rule: The department has received no written comments regarding this rule during the past five years.

Reasoned justification for the continuation of the rule, including reasons why the agency disagrees with comments in opposition to the rule, if any: If this rule is not continued in force, it may create confusion for insurers regarding their quarterly and annual reporting requirements for the NAIC and the Utah Insurance Department. Annual and quarterly statements may be filed incorrectly more frequently, resulting in costly and unnecessary follow-ups both by insurers and the department. Therefore, this rule should be continued.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE:  Subsection 31A-2-404(2) authorizes the Title and Escrow Commission to write rules related to rating standards and methods, licensing requirements, continuing education requirements, examination procedures, and standards for conduct for a title licensee.  This rule relates to standards of conduct in the recording of documents and insuring of properties.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY:  Continuation of this rule was approved by the Title and Escrow Commission at its 01/09/2017 meeting.  This rule is important to prohibit intentional delay, neglect, or refusal by insurers to record or deliver for recording documentation that is necessary to support policy insuring provisions, resulting in the false appearance of unmarketability, in the record only, of property that would otherwise be marketable.  This practice is deemed to be an unfair or deceptive act or practice detrimental to free competition in the business of insurance and is injurious to the public. This rule interprets Section 53-3-303, which directs the Driver License Division to create a Medical Advisory Board to make recommendations for medical standards and guidelines to address conditions that may impact an individual's ability to safely operate a motor vehicle. The Board is also directed to function in an advisory capacity to review decisions made by the Division in reference to an individual's privilege to drive. This rule interprets Section 53-3-304, which directs the Driver License Division to review physical, mental, and emotional ability of drivers based on information submitted by a health care professional and to issue restricted driving privileges when appropriate. 49 CFR 391.43 is a federal mandate which outlines medical requirements for commercial driver license applicants and the process for issuance of a DOT medical card.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 53-3-104(13) authorizes the Division to make rules to support the Driver License Medical Advisory Board created in Section 53-3-303. Pursuant to Subsections 53-3-303(10) and (11), this rule outlines the steps for Division employees and the public that will be used when determining a driver's medical competence to drive. It outlines the driver's responsibilities and the process of review by the medical advisory board. This information is also provided to the driver in letters. Section 53-3-224 outlines the process for filing a petition for hearing or judicial review of a decision made by the Division.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written public comment was received in reference to this rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISCLAIMS WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule is set in place to accomplish the legislative intent set forth in Section 53-3-303 as it pertains to a driver's right to have a review of any action taken by the Division as it pertains to a suspension, revocation, denial, disqualification, cancellation, or restriction placed upon the applicant's driving privilege as a result of a physical, mental, or emotional condition which may impair the applicant's ability to safely operate a motor vehicle. This rule sets forth clear guidelines and establishes a process that organizes this Division to help ensure due process of law as it pertains to any actions imposed on the driver. Each step creates an obligation for the Division, Medical Board, and the driver in ensuring that a proper review is conducted when an aggrieved applicant or licensee wishes to petition the state as is the applicant's right established in Section 53-3-224. NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is authorized by Subsection 63G-3-201(2), which requires an agency to make rules when agency action authorizes, requires, or prohibits an action; provides or prohibits a material benefit; applies to a class of persons or another agency; or is explicitly or implicitly authorized by statute. This rule interprets Section 53-3-303.5, as it outlines the process for commercial drivers to apply for an intrastate exception when they do not qualify for Federal DOT fitness standards. This process allows the driver to meet certain Utah qualifications and drive a commercial motor vehicle within the state of Utah.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written public comment was received either supporting or opposing this rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: When an applicant does not meet the minimum medical fitness qualifications as stated in 49 CFR 391.41, the applicant may still qualify for an intrastate waiver that would allow the applicant to operate a commercial motor vehicle within the boundaries of the state. This rule outlines the process that a driver must go through in order to qualify and apply for an intrastate medical waiver. As part, this rule creates a set of qualifications, responsibilities, and guidelines for both the driver and the Division to follow in order to qualify and issue a Utah Intrastate Waiver. In accordance with Subsection 63G-4-202(1), this rule designates all adjudicative proceedings with regards to a medical waiver as informal. Therefore, this rule should be continued.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written comments have been received by the agency concerning this rule since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: There continues to be a need for the agency to consider exchanging trust lands for other lands and/or resources. Land exchanges are typically very complicated transactions that require a lot of preliminary review and evaluation. This rule provides the application procedures and review criteria required for the exchange of trust lands in order that the agency may fulfill its fiduciary responsibility to the various trust beneficiaries by optimizing and maximizing the return on the exchanged lands and/or resources. Therefore, this rule should be continued.

Land Exchanges

**FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION**

DAR FILE NO.: 41155
FILED: 01/12/2017

**NOTICE OF REVIEW AND STATEMENT OF CONTINUATION**

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsections 53C-1-302(1)(a)(ii) and 53C-4-101(1) authorize the Director of the School and Institutional Trust Lands Administration to make rules for the day-to-day administration of the agency and to specify the application and review criteria used for the exchange of trust lands.
ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsections 53C-1-302(1)(a)(ii) and 53C-4-101(1) authorize the Director of the School and Institutional Trust Lands Administration to make rules governing the use of lands granted under Sections 7, 8, and 12 of the Utah Enabling Act by their respective beneficiary. This rule provides the guidelines whereby beneficiary institutions may request non-compensated, in-kind use of their own granted lands as a direct economic benefit to that institution.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written comments have been received by the agency since the previous five-year review was filed.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule allows for in-kind use by the trust beneficiaries of their respective institutional trust lands administered by the agency for a direct economic benefit. The procedures and criteria outlined in this rule allow for the agency to respond to beneficiary requests for non-compensated use of their respective lands without having to use the same standards that apply to members of the general public or other governmental entities. Therefore, this rule should be continued.

End of the Five-Year Notices of Review and Statements of Continuation Section
State law provides for agencies to make their administrative rules effective and enforceable after publication in the *Utah State Bulletin*. In the case of **Proposed Rules** or **Changes in Proposed Rules** with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of **Changes in Proposed Rules** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **Notice of Effective Date** within 120 days from the publication of a **Proposed Rule** or a related **Change in Proposed Rule** the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective.

**NOTICES OF EFFECTIVE DATE** are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.

End of the Notices of Rule Effective Dates Section
The Rules Index is a cumulative index that reflects all effective changes to Utah's administrative rules. The current Index lists changes made effective from January 2, 2017 through January 17, 2017. The Rules Index is published in the Utah State Bulletin and in the annual Utah Administrative Rules Index of Changes. Nonsubstantive changes, while not published in the Bulletin, do become part of the Utah Administrative Code (Code) and are included in this Index, as well as 120-Day (Emergency) rules that do not become part of the Code. The rules are indexed by Agency (Code Number) and Keyword (Subject).

Questions regarding the index and the information it contains should be addressed to the Office of Administrative Rules (801-538-3003).

A copy of the Rules Index is available for public inspection at the Office of Administrative Rules (5110 State Office Building, Salt Lake City, UT), or may be viewed online at the Office’s web site (http://www.rules.utah.gov/).
