NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between January 18, 2017, 12:00 a.m., and February 01, 2017, 11:59 p.m. are included in this, the February 15, 2017, issue of the *Utah State Bulletin*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the **RULE ANALYSIS**, the text of the **PROPOSED RULE** is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them (~~example~~). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (.) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a **PROPOSED RULE** is too long to print, the Office of Administrative Rules may include only the **RULE ANALYSIS**. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Bulletin* until at least March 17, 2017. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through June 15, 2017, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE OF A CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

NOTICE OF PROPOSED RULE

(Amendment)

DAR FILE NO.: 41260

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: In accordance with changes made by S.B. 136 (2016 General Session), Division of Occupational and Professional Licensing Amendments, to Section 58-1-308 of the Division of Occupational and Professional Licensing Act, the purpose of this rule filing is to provide an extended timeframe of up to five years for license reinstatement under the Barber, Cosmetologist/Barber, Esthetician, Electrologist, and Nail Technician Licensing Act (Title 58, Chapter 11a) and remove for individuals applying for such reinstatement the requirement that they pass the applicable exams within one year prior to the date of application.

SUMMARY OF THE RULE OR CHANGE: In accordance with Subsection 58-1-308(5)(a)(ii)(B) and the new Section R156-11-308, Subsection R156-11a-302(1) is modified to exclude from the exam requirement those individuals who are applying for reinstatement of their license between two and five years after the expiration of their license. In accordance with Subsection 58-1-308(5)(a)(ii)(B), this proposed new Section R156-11-308 will allow individuals whose license has been expired between two and five years to reinstate their license without being required to retake exams.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-11a-101 and Subsection 58-1-106(1) (a) and Subsection 58-1-202(1)(a)

ANTICIPATED COST OR SAVINGS TO:

◆ **THE STATE BUDGET:** The proposed rule change is made in accordance with S.B. 136 (2016) and any costs or savings associated with this implementation were addressed by the fiscal note attached to S.B. 136. The proposed rule change applies only to formerly licensed individuals who apply to reinstate their license between two and five years from the date their license expired. The aggregate impact on the state budget cannot be estimated as it is unknown how many individuals will reinstate their license beyond two years and less than five years of expiration. The Division will incur minimal costs of approximately \$75 to print and distribute the rule once the proposed amendments are made effective. Any

costs incurred will be absorbed in the Division's current budget.

◆ **LOCAL GOVERNMENTS:** The proposed amendments apply only to formerly licensed individuals who apply to reinstate their license between two and five years from the date their license expired. As a result, the proposed amendments do not apply to local governments.

◆ **SMALL BUSINESSES:** The proposed rule change may result in a cost savings to small-business salons and spas that employ licensed individuals or who lease space to licensed individuals, by reducing the time required for those individuals to reinstate an expired license, therefore reducing or eliminating income loss by the small business due to license expiration. The aggregate savings cannot be estimated as it will vary depending on circumstances.

◆ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** The savings impact described above for small business is not expected to affect large businesses because the Division is unaware of any salons or spas that employ 50 or more employees. The proposed rule change will reduce costs for formerly licensed individuals who apply to reinstate their license within two and five years from the date their license expired, as they will no longer need to pay the exam fees for the written and practical exams that may otherwise be required. Further, these individuals may receive increased income and reduce or eliminate loss of income because of the reduction in the time required for those individuals to reinstate their license and start working again. Exam vendors who will no longer receive exam fees from individuals reinstating their license between two and five years from date of expiration will experience a loss of revenue from the exams not taken. The aggregate savings and costs cannot be estimated as it will vary depending on circumstances.

COMPLIANCE COSTS FOR AFFECTED PERSONS: An exam vendor who will no longer receive exam fees from individuals reinstating their license between two and five years from date of expiration will experience a loss of revenue from the exams not taken. This individual impact cannot be estimated as it will vary depending on circumstances.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: In accordance with changes made by S.B. 136 (2016), the Division of Occupational and Professional Licensing is able to provide an extended timeframe of up to five years for license reinstatement without requiring licensees to retake qualification exams. The fiscal impact on small businesses will be reduced by this amendment. The aggregate savings cannot be estimated.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This filing is recommended by the Electricians Licensing Board and the Construction Services Commission to redefine the immediate supervision requirement for residential electrical work. Current rules impose an immediate supervision requirement for both residential electrical work and industrial and commercial electrical work, requiring the apprentice electrician and the supervising electrician to be physically present on the same project or jobsite. This filing modifies the supervision requirement for residential electrical work so that the supervising electrician need not be physically present on the same residential project or jobsite as the apprentice requiring supervision. No other changes are made to residential electrical supervision requirements; the supervising electrician on residential work will still need to maintain the ratio of one master or journeyman electrician to three apprentices. No changes are made to the supervision requirements for industrial and commercial electrical work. This filing also makes minor technical changes replacing references to the National Electrical Code with Title 15A, State Construction and Fire Codes Act, and more clearly defining the scope of residential electrical work as it pertains to supervision.

SUMMARY OF THE RULE OR CHANGE: The amendments to Subsection R156-55b-102(1) replace the code reference

with a reference to Title 15A, State Construction and Fire Codes Act. The amendments to Subsection R156-55b-102(2) modify the definition of "Immediate supervision" for residential electrical work. The amendments to Subsection R156-55b-102(4) clarify the definition of "Residential project".

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 58-1-106(1)(a) and Subsection 58-5-202(1)(a) and Subsection 58-55-308(1)

ANTICIPATED COST OR SAVINGS TO:

◆ **THE STATE BUDGET:** The Division will incur minimal costs of approximately \$75 to print and distribute the rule once the proposed amendments are made effective. Any costs incurred will be absorbed in the Division's current budget.

◆ **LOCAL GOVERNMENTS:** The proposed amendments do not apply to local governments. The amendments only apply to electrical contractors, to supervising master or journeyman electricians, and to apprentice electricians requiring supervision while engaged in residential electrical projects.

◆ **SMALL BUSINESSES:** The proposed amendments may apply to small business. It is anticipated that electrical contractors who own or operate small businesses and handle residential electrical work will be able to operate more efficiently and increase revenue as their apprentices who need supervision will not need to have the supervising electrician physically present on the same project or jobsite. It is also anticipated that allowing apprentice electricians to continue working on projects or jobsites while the supervising electrician is not physically present will not conflict with the supervising electrician's responsibility to ensure that the end result complies with applicable standards. The aggregate savings cannot be estimated as it will vary depending on circumstances, including the volume of residential work to be completed and the experience and aptitude of the apprentice electricians.

◆ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** The proposed amendments will only affect electricians engaged in electrical work specific to residential projects. The aggregate impact on these persons cannot be estimated, as it will vary depending on circumstances, including the volume of residential work to be completed, and the experience and aptitude of the apprentice electricians.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The individuals affected by these amendments will be electrical contractors engaging in residential electrical work, supervising master electricians or supervising journeyman electricians, and apprentice electricians who require supervision while engaged in electrical work on residential projects. The Division does not anticipated any compliance costs for these affected individuals.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The proposed amendments to Section R156-55b-102 replace the code references to the National Electrical Code with references to Title 15, State Construction and Fire Codes Act;

modify the definition of "immediate supervision" for residential electrical work; and clarify the definition of "residential project". The practical consequence of these changes is that it will no longer be necessary for the supervising electrician to be physically present on the same residential project or jobsite as the apprentice requiring supervision. This change will provide a cost savings to electrician businesses, permitting such businesses to work more efficiently. An exact computation of the cost savings will depend in various factors, depending on the circumstances of the business and the projects involved.

In addition to the definitions in Title 58, Chapters 1 and 55, as used in Title 58, Chapter 55 or this rule:

(1) "Electrical work" as used in Subsection 58-55-102(13)(a) and in this rule means installation, fabrication or assembly of equipment or systems included in "Premises Wiring" as defined [~~in the edition of the National Electrical Code, as adopted in the State Construction Code Adoption Act and State Construction Code~~] by Title 15A, State Construction and Fire Codes Act. Electrical work includes installation of raceway systems used for any electrical purpose, and installation of field-assembled systems such as ice and snow melting, pipe-tracing, manufactured wiring systems, and the like. standpoint as defined ~~[in the National Electrical Code]~~ by Title 15A, State Construction and Fire Codes Act. Wiring covered by the National Electrical Code that does not pose a hazard as described above includes Class 2 wiring as defined in Article 725, Power-Limited circuits as defined in Article 760 and wiring methods covered by Chapter 8. All other wiring is subject to licensing requirements.

(2) "Immediate supervision", as used in Subsection 58-55-102(23) and this rule means the following:

(a) for industrial and commercial electrical work, [that] the apprentice and the supervising electrician are physically present on the same project or jobsite but are not required to be within sight of one another; and

(b) for residential electrical work, the supervising electrician, when not physically present on the same project or jobsite as the apprentice, is available to provide reasonable direction, oversight, inspection, and evaluation of the work of an apprentice so as to ensure that the end result complies with applicable standards.

(3) "Minor electrical work incidental to a mechanical or service installation" as used in Subsection 58-55-305(1)(n) means the electrical work involved in installation, replacement or repair of appliances or machinery that utilize electrical power. Minor electrical work does not include modification or repair of "Premises Wiring" as defined in the National Electrical Code, and does not include installation of a disconnecting means or outlet. Electrical work is minor and incidental only when wiring is extended no more than ten feet in length from an outlet or disconnect provided specifically for the piece of equipment.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The proposed change references the definition of "guest" and "volunteer" as stated in Rule R430-6.

SUMMARY OF THE RULE OR CHANGE: This rule change is supported by both the Child Care Center Licensing Committee and the Residential Advisory Committee. This rule change references the definitions of "guest" and "volunteer" as stated in Rule R430-6. These definitions are more accurate and help clarify the different roles of various types of volunteers. Renumbering is also done as needed.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 63G, Chapter 3

ANTICIPATED COST OR SAVINGS TO:

♦ **THE STATE BUDGET:** No state agencies operate hourly child care centers. Therefore, the committee does not anticipate any cost or savings as a result of this change.

♦ **LOCAL GOVERNMENTS:** Some local governments operate child care centers. Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the committee can anticipate some savings to child care programs operated by state agencies. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.

♦ **SMALL BUSINESSES:** Almost all child care centers are small businesses. Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the committee can anticipate some savings to small child care businesses. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.

♦ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the committee can anticipate some savings to entities or persons that are not small businesses. The exact

savings cannot be determined since any potential savings are speculative and will vary depending on the program.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because this rule will not change any of the requirements for child care programs, the committee does not anticipate any compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This amendment may fiscally impact business with a cost savings to child care facilities due to the reduction of required background checks.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The rule has been amended to provide clarification in defining what non-confirmation and composite sampling is and how the results shall be calculated. The amended rule further explains how non-confirmation and confirmation sampling should be performed for a preliminary

assessment, adds equipment that can be used for wipe sampling, and provides additional analytical methods for detecting methamphetamine.

SUMMARY OF THE RULE OR CHANGE: The proposed amendment adds the definitions for non-confirmation and confirmation sampling and how the results shall be calculated; describes what needs to occur during a

preliminary assessment in regards to non-confirmatory and confirmation sampling; and it provides information on equipment that can be used for wipe sampling and other analytical methods for methamphetamine detection, which are based on updated procedures.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 19-6-906

ANTICIPATED COST OR SAVINGS TO:

◆ **THE STATE BUDGET:** There are no anticipated costs or savings at the state level. Any costs will come out of existing budgets.

◆ **LOCAL GOVERNMENTS:** There may be some revenue lost because fewer homes may be unnecessarily determined to be contaminated because of how composite sampling was calculated prior to this amendment. The loss is estimated to be \$400 (with a wide range among the local health departments) per home in clean up review and permit fees. Approximately 5% of homes previously requiring mitigation are thought to be erroneously determined to be contaminated.

◆ **SMALL BUSINESSES:** There may be a cost savings to small businesses that would have been required to mitigate homes that were unnecessarily determined to be contaminated by local health departments because of how composite sampling was calculated prior to this amendment. The savings are estimated by industry to be about \$10,000 (with a wide range) per home. Approximately 5% of homes previously requiring mitigation are thought to be erroneously determined to be contaminated.

◆ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** There may be a cost savings to those in this category who would have been required to mitigate homes that were unnecessarily determined to be contaminated by local health departments because of how composite sampling was calculated prior to this amendment. The savings are estimated by industry to be about \$10,000 (with a wide range) per home. Approximately 5% of homes previously requiring mitigation are thought to be erroneously determined to be contaminated.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There may be a cost to local health departments due to fewer homes being unnecessarily labeled as contaminated. The loss is estimated to be \$400 per home in clean up review and permit fees.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The proposed amendment defines "composite sample" and "non-confirmation sampling." It also sets out the process for non-confirmation and confirmation sampling, which includes a preliminary assessment and provides additional analytical methods for detecting methamphetamine. The amendment reduces the risk of erroneous determinations of contamination, resulting in a cost savings to business responsible for mitigation.

(g) Cotton gauze, 3" x 3" 12-ply or 4" x 4" 8-ply, in sterile packages, shall be used for all wipe sampling. The cotton gauze shall be wetted with analytical grade methanol for the wipe sampling. The cotton gauze shall be blotted or wiped at least five times in two perpendicular directions within each sampling area.

(h) After sampling, each wipe sample shall be placed in a new clean sample container and capped tightly. Recommended

containers are 50-mL polypropylene disposable centrifuge tubes or 40-mL VOA glass vials. Plastic bags shall not be used. The sample container shall be properly labeled with at least the site or project identification number, date, time, and actual sample location. The sample container shall be refrigerated until delivered to an analytical laboratory.

(5) Confirmation sampling from areas highly suggestive of contamination.

(a) [~~Samples collected from areas highly suggestive of contamination shall be by grab samples that are not combined with other samples.~~] Grab samples or composite samples are allowed for confirmation testing of highly suggestive contaminated areas.

(b) Three 10 cm. x 10 cm. areas (100 square centimeters) shall be wipe sampled from each room of the property where illegal drug operations occurred, hazardous materials were stored and where staining or contamination are or were present. The three samples shall be obtained from a nonporous section of the floor, one wall, and the ceiling in each room or any other location where contamination is suspected.

(c) Three 10 cm. x 10 cm. areas (100 square centimeters) shall be wipe sampled from different areas of the ventilation system, unless the system serves more than one unit or structure. If the system serves more than one unit or structure, samples shall be collected from a representative distribution of the system as well as the corresponding areas that it serves until the contamination is delineated, decontaminated, and determined to be below the decontamination standards established in this rule.

(d) If there is a kitchen, three 10 cm. x 10 cm. areas (100 square centimeters) shall be wipe sampled from the surfaces most likely to be contaminated including the counter top, sink, or stove top, and from the floor in front of the stove top or any other location where contamination is suspected.

(e) If there is a bathroom, three 10 cm. x 10 cm. areas (100 square centimeters) shall be wipe sampled from the surfaces most likely to be contaminated including the counter top, sink,

toilet, or the shower/bath tub and any other location where contamination is suspected.

(f) If there are any appliances, one 10 cm. x 10 cm. area (100 square centimeters) shall be wipe sampled from the exposed portion of each appliance. If multiple appliances are present, each wipe sample may be a composite of up to three 100 square centimeter areas on three separate appliances, provided that the surfaces most likely to be contaminated are tested.

(g) If there is any other enclosed space where illegal drug operations occurred, hazardous materials were stored, or where staining or contamination is present, three 10 cm. x 10 cm. areas (100 square centimeters) shall be wipe sampled from the surfaces most likely to be contaminated.

(h) Each wipe sample shall be placed in a new clean sample container and capped tightly. Recommended containers are 50-mL polypropylene disposable centrifuge tubes or 40-mL VOA glass vials. Plastic bags shall not be used.

(6) Confirmation sampling from areas not highly suggestive of contamination[:

~~—Samples]~~ shall be collected in a manner consistent with the confirmation sampling described in Section R392-600-6(5). The samples may be combined together to form one composite sample per room or sampling area. The composite sample result shall be the averaged or standardized result provided by the laboratory or calculated from the total recovery value.

(7) VOC sampling and testing procedures.

(a) A properly calibrated PID or FID capable of detecting VOCs shall be used for testing. The background concentration of VOCs shall be obtained by testing three exterior areas outside the areas highly suggestive of contamination and in areas with no known or suspected sources of VOCs. All VOC readings shall be recorded for each sample location.

(b) At least three locations in areas highly suggestive of contamination shall be tested for VOC readings. The testing equipment probe shall be held in the sample location for at least 30 seconds to obtain a reading.

(c) All accessible plumbing traps shall be tested for VOCs by holding the testing equipment probe in the plumbing pipe above the trap for at least 60 seconds.

(8) Testing procedures for corrosives.

(a) Surface pH measurements shall be made using deionized water and pH test strips with a visual indication for a pH between 6 and 8. The pH reading shall be recorded for each sample location.

(b) For horizontal surfaces, deionized water shall be applied to the surface and allowed to stand for at least three minutes. The pH test strip shall then be placed in the water for a minimum of 30 seconds and read.

(c) For vertical surfaces, a cotton gauze, 3" x 3" 12-ply or 4" x 4" 8-ply, in sterile packages, shall be wetted with deionized water and wiped over a 10 cm. x 10 cm. area at least five times in two perpendicular directions. The cotton gauze shall then be placed into a clean sample container and covered with clean deionized water. The cotton gauze and water shall stand in the container for at least three minutes prior to testing. The pH test strip shall then be placed in the water for a minimum of 30 seconds and read.

(d) pH testing shall be conducted on at least three locations in each room within the areas highly suggestive of contamination.

(9) Lead Sampling and Testing Procedures.

(a) Unless there is clear evidence that lead was not used in the manufacturing of methamphetamine, or ecstasy at the illegal drug operations, lead sampling shall be conducted as follows:

(i) Cotton gauze, 3" x 3" 12-ply or 4" x 4" 8-ply, in sterile packages shall be used for wipe sampling. The cotton gauze shall be wetted with analytical grade 3 per cent nanograde nitric acid for the wipe sampling. The cotton gauze shall be blotted or wiped at least five times in two perpendicular directions within each sampling area.

(ii) Three 10 cm. x 10 cm. areas (100 square centimeters) shall be sampled in each room within the areas highly suggestive of contamination; and

(b) After sampling, each wipe sample shall be placed in a new clean sample container and capped tightly. The sample container shall be properly labeled with at least the site or project

identification number, date, time, and actual sample location. The sample container shall be delivered to an analytical laboratory that uses EPA Method 6010B or an equivalent method approved by the Utah Department of Health.

(c) The sample shall be analyzed for lead using EPA Method 6010B or equivalent.

(10) Mercury Sampling and Testing Procedures.

(a) A properly calibrated mercury vapor analyzer shall be used for evaluating the decontaminated areas for the presence of mercury. All mercury readings shall be recorded for each sample location.

(b) At least three locations in each room within the areas highly suggestive of contamination shall be tested for mercury vapor readings. The testing equipment probe shall be held in the sample location for at least 30 seconds to obtain a reading.

(c) All accessible plumbing traps shall be tested for mercury by holding the testing equipment probe in the plumbing pipe above the trap for at least 60 seconds.

(11) Septic tank sampling and testing procedures.

(a) All sampling and testing shall be performed in accordance with current EPA sampling and testing protocol.

(b) The liquid in the septic tank shall be sampled with a new clean bailer or similar equipment.

(c) The liquid shall be decanted or poured with minimal turbulence into three new VOA vials properly prepared by the analytical laboratory.

(d) The VOA vials shall be filled so that there are no air bubbles in the sealed container. If air bubbles are present, the vial must be emptied and refilled.

(i) The sample vials shall be properly labeled with at least the date, time, and sample location.

(ii) The sample vials shall be refrigerated until delivered to the analytical laboratory.

(iii) The sample shall be analyzed using EPA Method 8260 or equivalent.

(12) Confirmation sampling by Local Health Departments.

The local health department may also conduct confirmation sampling after decontamination is completed and after the final report is submitted to verify that the property has been decontaminated to the standards outlined in this rule.

R392-600-7. Final Report.

(1) A final report shall be:

(a) prepared by the decontamination specialist or owner of record upon completion of the decontamination activities;

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this change is to align the budgeting of expenses with the budgeting of income for family medically needy programs.

SUMMARY OF THE RULE OR CHANGE: Insurance premiums used as an expense for the medically needy family, pregnant woman or child medicaid programs will now be factored if the expense is paid weekly or bi-weekly. This amendment also removes duplicate language and makes other technical changes.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Pub. L. No. 111-148 and Section 26-1-5 and Section 26-18-3

ANTICIPATED COST OR SAVINGS TO:

♦ **THE STATE BUDGET:** The Department does not anticipate any impact to the state budget because individuals will pay the same amount of insurance premiums over the course of their eligibility span.

♦ **LOCAL GOVERNMENTS:** There is no impact to local governments because they neither fund Medicaid services nor make eligibility determinations for the Medicaid program.

♦ **SMALL BUSINESSES:** The Department does not anticipate any impact to small businesses because individuals will pay the same amount of insurance premiums over the course of their eligibility span.

♦ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** The Department does not anticipate any impact to Medicaid providers and to Medicaid recipients because individuals will

pay the same amount of insurance premiums over the course of their eligibility span.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The Department does not anticipate any impact to a single Medicaid provider or to a Medicaid recipient because individuals will pay the same amount of insurance premiums over the course of their eligibility span.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There is no fiscal impact to business as this change affects only individual eligibility for Medicaid.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.

R414-304. Income and Budgeting.

R414-304-2. Definitions.

(1) The definitions in Rule R414-1, Rule R414-301, and Rule R414-303 apply to this rule. In addition:

(a) "Aid to Families with Dependent Children" (AFDC) means a State Plan for aid that was in effect on June 16, 1996.

(b) "Allocation for a spouse" means an amount of income that is the difference between the Social Security Income (SSI) federal benefit rate for a couple minus the federal benefit rate for an individual.

(c) "Basic maintenance standard" or "BMS" means the income level for eligibility for Medicaid coverage of the medically needy based on the number of family members who are counted in the household size.

(d) "Benefit month" means a month or any portion of a month for which an individual is eligible for medical assistance.

(e) "Best estimate" means that income is calculated for the upcoming certification period based on current information

about income being received, expected income deductions, and household size.

(f) "Deeming" or "deemed" means a process of counting income from a spouse or a parent, or the sponsor of a qualified alien, to decide what amount of income after certain allowable deductions, if any, must be considered income to the applicant or recipient.

(g) "Eligible spouse" means the member of a married couple who is either aged, blind or disabled.

(h) "Factoring" means ~~that~~ the eligibility agency calculates the monthly income or income deductions by prorating income to account for months when an individual receives a fifth payment when paid weekly, or a third paycheck with paid every other week. Weekly income is factored by multiplying the weekly income amount by 4.3 to obtain a monthly amount. Income paid every other week is factored by multiplying the bi-weekly income by 2.15 to obtain a monthly amount.

(i) "Family Medicaid" means medical assistance for families caring for dependent children and is a general term used to refer to Medicaid coverage for medically needy parents, caretaker relatives, pregnant women, and children.

(j) "Family member" means a son, daughter, parent, or sibling of the client or the client's spouse, the spouse of the client, and the parents of a dependent child.

(k) "Full-time employment" means an average of 100 or more hours of work a month or an average of 23 hours a week.

(l) "Full-time student" means a person enrolled for the number of hours defined by the particular institution as fulfilling full-time requirements.

(m) "Income annualizing" means using total income earned during one or more past years, or a shorter applicable time period, and anticipating any future changes, to estimate the average annual income. That estimated annual income is then divided by 12 to determine the household's average monthly income.

(n) "Income averaging" means using a history of past income and expected changes, and averaging it over a determined period of time that is representative of future monthly income.

(o) "Income anticipating" means using current facts regarding rate of pay and number of working hours, and reasonably expected future income changes, to anticipate future monthly income.

(p) "In-kind support donor" means an individual who provides food or shelter without receiving full market value compensation in return.

(q) "Prospective budgeting" is the process of calculating income and determining eligibility and spenddown for future months based on the best estimate of income, deductions, and household size.

(r) "School attendance" means enrollment in a public or private elementary or secondary school, a university or college, vocational or technical school or the Job Corps, for the express purpose of gaining skills that lead to gainful employment.

(s) "Presumed maximum value" means the allowed maximum amount an individual is charged for the receipt of food and shelter. This amount will not exceed one-third of the SSI federal benefit rate plus \$20.

(t) "Temporarily absent" means a member of a household is living away from the home for a period of time but intends to return to the home when the reason for the temporary absence is

accomplished. Reasons for a temporary absence may include an absence for the purpose of education, medical care, visits, military service, temporary religious service or other volunteer service such as the Peace Corps.

R414-304-9. Aged, Blind and Disabled Non-Institutional Medicaid and Medically Needy Family, Pregnant Woman and Child Non-Institutional Medicaid Income Deductions.

(1) The Department shall determine income deductions based on~~adopts and incorporates by reference~~ the financial methodologies in~~required by~~ 42 CFR 435.601, and the deductions defined in 42 CFR 435.831~~[-October 1, 2012 ed]~~.

(2) For aged, blind and disabled individuals eligible under 42 CFR 435.301(b)(2)(iii), (iv), and (v), described more fully in 42 CFR 435.320, .322 and .324, the eligibility agency shall deduct from income an amount equal to the difference between 100% of the federal poverty guideline and the current BMS income standard for the applicable household size to determine the spenddown amount.

(3) Health insurance premiums:

~~(a) The~~To determine eligibility for and the amount of a spenddown under medically needy programs, the eligibility agency shall deduct from income health insurance premiums the client or a financially responsible family member pays, providing~~The~~ coverage must be for the client or any family members living with the client~~[-in the month of payment]~~. The eligibility agency shall also deduct from income the amount of a health insurance premium the month it is due when~~premiums~~ the Department pays the premium~~]-on behalf of the client as authorized by Section 1905(a) of Title XIX of the Compilation of the Social Security Laws, except no deduction is allowed for Medicare premiums~~ ~~that~~~~]-the Department pays for recipients.~~

~~(b)(a)~~ For Aged, Blind and Disabled programs, the eligibility agency shall deduct the entire payment in the month it is due and may not prorate the amount.

~~(c)~~ For Medically Needy Family, Pregnant Woman and Child programs, factor premiums due weekly or bi-weekly before deducting. For payments due on any other basis, deduct the actual amount in the month due.

~~(d)(b)~~ The eligibility agency may not deduct health insurance premiums to determine eligibility for the poverty-related medical assistance programs or coverage groups subject to the use of MAGI-based methodologies.

~~(e)(4) [To determine the spenddown under medically needy programs, the eligibility agency shall deduct from income health insurance premiums that the client or a financially responsible family member pays in the application month or during the three-month retroactive period. The eligibility agency shall allow the deduction either in the month paid or in any month after the month paid to the extent the full amount was not deducted in the month paid, but only through the month of application.] For medically needy programs, the actual amount of insurance premiums paid in a retroactive month will be deducted as follows:~~

~~(i) Deducted in the month paid; or~~

~~(ii) Deducted in a month after it was paid, but only through the month of application and only to the extent it was not already used as a deduction.~~

(5) To determine eligibility for medically needy coverage groups, the eligibility agency shall deduct from income medically

necessary expenses that the client verifies only if the expenses meet all of the following conditions:

(a) The medical service was received by the client, a client's spouse, a parent of a dependent client, a dependent sibling of a dependent client, a deceased spouse, or a deceased dependent child;

(b) Medicaid does not cover the medical bill and it is not payable by a third party;

(c) The medical bill remains unpaid or the client receives and pays for the medical service during the month of application or during the three months immediately preceding the date of application. The date that the medical service is provided on an unpaid expense is irrelevant if the client still owes the provider for the service. Bills for services that the client receives and pays for during the application month or the three months preceding the date of application can be used as deductions only through the month of application.

(6) The eligibility agency may not allow a medical expense as a deduction more than once.

(7) The eligibility agency may only allow as an income deduction a medical expense for a medically necessary service. The eligibility agency shall determine whether the service is medically necessary.

(8) The eligibility agency shall deduct medical expenses in the order required by 42 CFR 435.831(h)(1). When expenses have the same priority, the eligibility agency shall deduct paid expenses before unpaid expenses.

(9) A client who pays a cash spenddown may present proof of medical expenses paid during the coverage month and request a refund of spenddown paid up to the amount of bills paid by the client. The following criteria apply:

(a) Expenses for which a refund can be made include medically necessary expenses not covered by Medicaid or any third party, co-payments required for prescription drugs covered under a Medicare Part D plan, and co-payments or co-insurance amounts for Medicaid-covered services as required under the Utah Medicaid State Plan;

(b) The expense must be for a service that the client receives during the benefit month;

(c) The Department may not refund any portion of any medical expense that the client uses to meet a Medicaid spenddown when the client assumes responsibility to pay that expense;

(d) A refund cannot exceed the actual cash spenddown amount paid by the client;

(e) The Department may not refund spenddown amounts that a client pays based on unpaid medical expenses for services that the client receives during the benefit month. The client may present to the eligibility agency any unpaid bills for non-Medicaid-covered services that the client receives during the coverage month. The client may use the unpaid bills to meet or reduce the spenddown that the client owes for a future month of Medicaid coverage to the extent that the bills remain unpaid at the beginning of the future month;

(f) The Department shall reduce the refund amount by the amount of any unpaid obligation that the client owes the Department.

(10) For poverty-related coverage groups and coverage groups subject to the MAGI-based methodologies, an individual or household is ineligible if countable income exceeds the applicable

income limit. The eligibility agency may not deduct medical costs from income to determine eligibility for poverty-related or MAGI-based medical assistance programs. An individual may not pay the difference between countable income and the applicable income limit to become eligible for poverty-related or MAGI-based medical assistance programs.

(11) When a client must meet a spenddown to become eligible for a medically needy program, the client must sign a statement that says:

(a) the eligibility agency told the client how spenddown can be met;

(b) the client expects his or her medical expenses to exceed the spenddown amount;

(c) whether the client intends to pay cash or use medical expenses to meet the spenddown; and

(c) Expenses may not be payable by Medicaid or a third party.

(d) For each benefit month, the client may choose to change the method of meeting the spenddown [~~by either presenting proof of allowable medical expenses to the eligibility agency or by presenting a cash or check payment to the eligibility agency equal to the spenddown amount~~].

(13) The eligibility agency may not accept spenddown payments from a Medicaid provider if the source of the funds is the Medicaid provider's own funds. In addition, the eligibility agency may not accept spenddown payments from a client if a Medicaid provider loans funds to the client to make a spenddown payment.

(14) The eligibility agency may only deduct the amount of prepaid medical expenses [~~that~~]equal[s] to the cost of services received [~~in a given month~~]during the month in which the client pays the expenses. The eligibility agency may not deduct from income any payments [~~that~~]a client makes for medical services in a month before the client receives the service[s].

(15) [~~For non-institutional Medicaid programs, the eligibility agency may only deduct medically necessary expenses. The Department determines whether services for institutional care are medically necessary.~~

~~(16)]~~The eligibility agency may not require a client to pay a spenddown of less than \$1.

(16[7]) Medical costs that a client incurs in a benefit month may not be used to meet a spenddown when the client is enrolled in a Medicaid health plan.

(17) Bills for mental health services that a client incurs in a benefit month may not be used to meet spenddown if Medicaid contracts with a single mental health provider to provide mental health services to all recipients in the client's county of residence.

~~(18) Bills for mental health services a client pays[that a client receives] in a retroactive or application month [that a client pays] may be used to meet a spenddown [only] if the services were not provided by a Medicaid-contracted mental health provider[does not provide the services].~~

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The proposed change provides a more accurate definition of "guest" and "volunteer".

SUMMARY OF THE RULE OR CHANGE: This rule change is supported by both the Child Care Center Licensing Committee and the Residential Advisory Committee. This rule change provides a better definition of "guest" and "volunteer". These definitions are more accurate and help clarify the different roles of various types of volunteers. Renumbering is also done as needed.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 63G, Chapter 3

ANTICIPATED COST OR SAVINGS TO:

- ◆ THE STATE BUDGET: The agency does not anticipate any cost or savings to the state budget as a result of this change.
- ◆ LOCAL GOVERNMENTS: Some local governments operate child care centers. Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the agency can anticipate some savings to child care programs operated by state agencies. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.
- ◆ SMALL BUSINESSES: Almost all child care centers and homes are small businesses. Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the agency can anticipate some savings to small child care businesses. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.
- ◆ PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES: Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the agency can anticipate some savings to entities or persons that are not small businesses. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because this rule will not change any of the requirements for child care programs, the agency does not anticipate any compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This amendment may fiscally impact business with a cost savings to child care facilities due to the reduction of required background checks.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The proposed change references the definition of "guest" and "volunteer" as stated in Rule R430-6.

SUMMARY OF THE RULE OR CHANGE: This rule change is supported by the Residential Advisory Committee. This rule change references the definitions of "guest" and "volunteer" as stated in Rule R430-6. These definitions are more accurate and help clarify the different roles of various types of volunteers. Renumbering is also done as needed.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Title 63G, Chapter 3

ANTICIPATED COST OR SAVINGS TO:

- ◆ **THE STATE BUDGET:** No state agencies operate child care homes. Therefore, the agency does not anticipate any cost or savings as a result of this change.
- ◆ **LOCAL GOVERNMENTS:** No local governments operate child care homes. Therefore, the agency does not anticipate any cost or savings as a result of this change.
- ◆ **SMALL BUSINESSES:** Almost all child care homes are small businesses. Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the agency can anticipate some savings to small child care businesses. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.
- ◆ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** Since the proposed change provides a better definition of who will be required to have a background screening, guests as defined in the rule will not have to be background checked. Therefore, the agency can anticipate some savings to entities or persons that are not small businesses. The exact savings cannot be determined since any potential savings are speculative and will vary depending on the program.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Because this rule will not change any of the requirements for child care programs, the agency does not anticipate any compliance costs for affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This amendment may fiscally impact business with a cost savings to child care facilities due to the reduction of required background checks.

NOTICE OF PROPOSED RULE (Amendment)

DAR FILE NO.: 41259

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The rule change incorporates a number of new fees that were disclosed and discussed during a public fee hearing that was held on 01/27/2017.

SUMMARY OF THE RULE OR CHANGE: The changes codify a number of changes that have been approved by the legislature. New fees were added to cover the costs of setting up and licensing captive cells, individual navigators, navigator agencies, continuing care providers, and guaranteed asset protection providers in Utah, as well as other miscellaneous fees. The changes also include a number of clerical fixes and updates.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 31A-3-103(3)

ANTICIPATED COST OR SAVINGS TO:

♦ **THE STATE BUDGET:** There is no anticipated cost or savings to the state budget. The changes add fees that may be paid by certain individuals and businesses, which will result in a small amount of new money coming into state coffers.

♦ **LOCAL GOVERNMENTS:** There is no anticipated cost or savings to local government. The changes do not affect the functioning of local government in any way.

♦ **SMALL BUSINESSES:** Currently, there are 44 individual navigators whose initial application fee is \$35 a year for an annual budget of \$1,540. Currently, there are 7 agency navigators whose initial application fee is \$40 a year for an annual budget of \$280.

♦ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** Individuals could see a small increase in their insurance premium cost. The actual amount is unknown because any such increase would be a business decision made by affected insurers.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The captive cell initial and renewal fees are \$1,000. Utah currently licenses 74 captive cells for an annual budget of

\$74,000. Currently, there are 44 individual navigators whose initial application fee is \$35 a year for an annual budget of \$1,540. Currently, there are 7 agency navigators whose initial application fee is \$40 a year for an annual budget of \$280. Currently, there is 1 continuing care provider whose initial and renewal fees are \$6,900 a year for an annual budget of \$6,900. There are currently 62 guaranteed asset protection providers whose initial and renewal fees are \$1,000 for an annual budget of \$62,000. The annual health insurance assessment funds the department health actuary, and is capped at a total assessment of \$150,000 a year.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The changes to this rule may have a small fiscal impact on a small population of businesses. Businesses that require licenses to operate captive cells, navigator agencies, continuing care providers, and guaranteed asset protection providers will pay new licensing fees. These fees are necessary for the department to effectively license and regulate such entities.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The repeal of this rule is the result of our five-year review of the rule. The requirements outlined in this rule with regards to fitness certifications have been incorporated into the Utah State Code due to the passage of S.B. 20 during the 2015 General Session. As a result, the rule is no longer necessary. The requirements are now outlined in Section 53-3-410.1, and terms are defined in Subsection 53-3-402(12).

SUMMARY OF THE RULE OR CHANGE: The rule outlines the requirement for a Commercial Driver License applicant to certify compliance with federal fitness standards contained in 49 CFR 391.41, 43, and 45, which has been included in Subsection 53-3-410.1. The rule also includes language that references an exemption provided in 49 CFR 390.3 and 391.2, which has been included in Subsection 53-3-102(12) (b) and language that references a provision for an intrastate exemption, which has been included in Subsection 53-3-402(12)(c). As a result of the inclusion of the provisions of the rule in the Utah Code with the passage of S.B. 20 (2015), this rule is no longer needed. Therefore, this rule is repealed in its entirety.

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 53-3-410.1 and Subsection 53-3-402(12)

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Bulletin* ends March 17, 2017.

Following the **RULE ANALYSIS**, the text of the **CHANGE IN PROPOSED RULE** is usually printed. The text shows only those changes made since the **PROPOSED RULE** was published in an earlier edition of the *Utah State Bulletin*. Additions made to the rule appear underlined (example). Deletions made to the rule appear struck out with brackets surrounding them (~~example~~). A row of dots in the text between paragraphs (.) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a **CHANGE IN PROPOSED RULE** is too long to print, the Office of Administrative Rules may include only the **RULE ANALYSIS**. A copy of rules that are too long to print is available from the agency or from the Office of Administrative Rules.

From the end of the 30-day waiting period through June 15, 2017, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

- A. change water quality standards;
- B. develop or modify total maximum daily load requirements;
- C. modify wasteloads or other regulatory requirements for permits; or

D. change rules or other regulatory guidance. A Proposal is not an individual permit issued to a Person, nor is it a technology based limit applied in accordance with Effluent limitations, 33 U.S.C. Sec. 1311, National pollutant discharge elimination system, 33 U.S.C. Sec. 1342, and Information and guidelines, 33 U.S.C. Sec. 1314.

"Water Quality Based Effluent Limit (WQBEL)" means an effluent limitation that has been determined necessary to ensure that water quality standards in a receiving body of water will not be violated.

R317-1-10. Independent Scientific Review.

10.1 Applicability.

A. Independent Scientific Review may be used to solicit formal evaluations from outside Experts on the strengths and weaknesses of the scientific basis used to support any new Division Proposal or Highly Influential Scientific Assessment (HISA).

B. Independent Peer Reviews for permits shall be limited to modifications to wasteloads used in UPDES discharge permits, or the scientific basis of any other modification to a regulatory requirement used in developing permit limits. Review of individual permits shall follow existing adjudicative processes that govern their issuance or renewal in accordance with Subsection 19-5-105.3(1)(c)(iii).

C. The Director shall initiate an Independent Scientific Review when one of the following conditions is met:

1. A Challenging Party requests an Independent Peer Review on the scientific basis of a Division Proposal under Section

19-5-105.3 and provides the information described in Subsection R317-1-10.3.C.

2. The Director makes a determination that a new Scientific Assessment is a Highly Influential Scientific Assessment (HISA) and that sufficient resources are available to support an Independent Scientific Review.

D. Implementing an Independent Scientific Review or an Independent Peer Review does not affect any applicable public comment or public hearing requirements for any Proposal or other action considered during such a review. If a proposal or other action that is subject to a public comment or public hearing requirement is changed after a comment period has begun or hearing has been held, DEQ shall provide a new opportunity for comment or a new hearing, as appropriate. See also Subsection R317-1-10.4.D.

10.2 Independent Scientific Review process.

A. Independent Scientific Reviews shall be conducted in general accordance with the guidance contained in the United States Environmental Protection Agency's Science and Technology Policy Council Peer Review Handbook 4th Edition.

B. Independent Scientific Reviews shall entail development of a scope of work for review; selection of independent Experts; management of the Independent Scientific Reviews; submission by Experts of findings and recommendations; development of a Division response to review findings; finalization of the Proposal or HISA; and publication for public comment.

1. The Director shall prepare a scope of work that defines the objectives of an Independent Scientific Review and provide instructions for the Experts. The Director shall also prepare a schedule for the review. In the case of an Independent Peer Review the Director will seek and incorporate input from the Challenging Party into the development of the scope of work.

a. The scope of work shall include several components:

i. A summary of the Proposal or HISA under consideration and reasons for the review.

ii. The specific charge questions that articulate the issues, areas of concern, or advice sought through the Independent Scientific Review process. Charge questions shall generally focus on the degree of confidence, certainty, and major data gaps with respect to the interpretation or application of the scientific basis of a proposed rule, regulatory guidance, or regulatory tool.

iii. A compilation of data, reports or other scientific information that has a material influence on the scientific basis of the Proposal or HISA under review.

iv. A statement of qualifications and expertise required for Experts that will be considered in conducting the Independent Scientific Review.

v. Other important instructions to Experts such as reporting expectations or communication protocols.

vi. A schedule for accomplishing the review.

b. The scope of work shall be made available for public comment for a minimum of 30 days and no more than 60 days to help identify missing data or missing elements of the charge questions. In the event of a condition which poses hazard to human health or the environment that may increase significantly during a review period, a shorter period may be specified. The Director shall prepare a response to any comments that are received and shall refine the scope of work, as appropriate, before sending the scope of work to the Experts.

2. The Director shall select Experts to conduct Independent Scientific Reviews using the following criteria:

a. Experts shall be selected who have demonstrated expertise in scientific disciplines that are relevant to the scientific basis of the Proposal or HISA.

b. Experts shall not have a conflict of interest that could jeopardize their objectivity or impartiality.

c. An Independent Scientific Review shall be conducted by at least three independent Experts. Additional Experts may be asked to conduct reviews, as needed, to fairly reflect the breadth of scientific perspectives or fields of knowledge related to the scientific basis under review. If the Independent Scientific Review is an Independent Peer Review, the conditions in Section 19-5-105.3 shall apply.

3. Management of Independent Scientific Reviews.

a. Management of Independent Scientific Reviews may be conducted by any of the following:

i. the Division;

ii. the United States Environmental Protection Agency;

iii. an independent contractor; or,

iv. an independent organization such as an editorial board of a relevant scientific journal, appropriate trade organization, or other research institute.

b. From the time they accept the invitation to participate in an Independent Scientific Review, Experts should avoid interaction with the Division, a challenging party, the general public or others that might create a real or perceived Conflict of Interest regarding the Proposal under review to ensure that Expert findings are independent and objective.

4. Compilation of Expert Findings.

a. Each Expert shall submit written comments that include responses to the charge questions and an evaluation of the scientific basis of the Proposal or HISA.

b. The Director shall charge Experts to identify in their written comments any areas of scientific uncertainty or major data gaps that have a reasonable likelihood of altering material provisions of a Proposal or HISA, including descriptions of the nature of the uncertainty, estimates of the relative extent of this uncertainty, and any recommendations for resolving areas of uncertainty.

10.3 Special provisions for Independent Peer Reviews conducted in accordance with Section 19-5-105.3.

A. On request from a Challenging Party, the Director shall conduct an Independent Peer Review of the scientific basis of a Proposal made by the Division on or after January 1, 2016, provided that the following conditions are met: [-]

1. A Challenging Party requests the review, in writing, during the public comment period on a Proposal.

2. The Challenging Party agrees to fund the Independent Peer Review.

3. The Challenging Party provides the information described in Subsection R317-1-10.3.C.

4. The Challenging Party would be substantially impacted by the adoption of the Proposal.

honorariums provided to Experts to conduct the reviews, and expenses incurred by the Experts.

2. An estimate of projected costs for conducting an Independent Peer Review, including expenses identified in Subsection R317-1-10.3.B.1, shall be estimated by the Director and provided to the Challenging Party prior to finalization of contracts or other financial agreements with Experts.

3. If there is more than one Challenging Party to the scientific basis of a Proposal, the challenges will be consolidated for the Independent Peer Review. Those requesting the review will be responsible for the costs of the review and allocation of costs between parties.

C. The written request for an Independent Peer Review from a Challenging Party shall be included in the final scope of work and shall include the following as best determined by the Challenging Party:

1. An explanation of the specific scientific elements of the Proposal that the Challenging Party questions and an explanation of why these elements may not be scientifically defensible.

2. If the challenge involves review of whether a Technology Based Nutrient Effluent Limit is scientifically necessary, the Challenging Party should include an explanation of why the limits are or are not necessary, including consideration of:

a. all designated beneficial uses of the receiving water and the uses of downstream, hydrologically connected water bodies;

b. current conditions and projected future conditions with respect to wastewater effluent and receiving water quantity and quality; and

c. any other nutrient sources under current and projected future conditions that it is reasonable to believe may affect the same receiving water and downstream hydrologically connected water bodies.

3. Access to sources of data, reports or other information that can be used to establish a scientific basis to the challenge that the Challenging Party would like to be included as supporting materials in the scope of work.

4. Recommendations for qualified independent Experts, who do not have a conflict of interest and whom the Challenging Party would support as Experts based on their documented expertise in areas of relevance to the technical basis of the Proposal being challenged.

D. The Independent Scientific Review process specified in Subsection R317-1-10.2 shall be followed for Independent Peer Reviews conducted at the behest of a Challenging Party with the exception of several limitations outlined in this subsection that are needed to maintain consistency with Section 19-5-105.3.

1. An Independent Peer Review panel shall consist of at least three Experts who do not have direct association with the Division or Challenging Party in accordance with Subsection 19-5-105.3(1)(b)(iii) and shall be selected by both the Division and Challenging Party as described in Subsection 19-5-105.3(5).

2. The Director shall designate one member of the Independent Peer Review Panel to serve as a chair to develop and oversee the preparation of a final synthesis report. In the event that Experts are selected through Subsection 19-5-105.3(5)(c), then the mutually agreed upon member shall serve as the Independent Peer Review Panel chair.

3. Management of the Independent Peer Review process shall be conducted by an independent contractor, who does not have a conflict of interest with the Division or the Challenging Party.

4. Management responsibilities of Independent Peer Reviews include the following:

a. Estimation of appropriate honorariums for the Experts to complete their individual written reviews with consideration for the breadth of the review identified in the scope of work and volume of supporting materials including additional compensation for the Independent Peer Review Panel chair for overseeing and writing a final written report as described in Subsection R317-1-10.3.D.5.

b. Development of a work timeline and interim progress tracking to ensure timely completion of the Independent Peer Review process.

c. Development and oversight of contracts or other financial agreements with Experts or others identified as integral to the review process.

d. Facilitation of necessary communication among the Division, Challenging Party and Experts throughout the review process, in a way that ensures all parties have access to any additional information, such as clarification to charge questions or charge questions that were not considered in development of the scope of work.

e. Regular progress updates to the Division and Challenging Party.

5. The Director shall charge the Independent Peer Review panel chair with development of a final written report, which:

a. is written by the chair after written independent reviews have been submitted by each Expert;

b. is reviewed by all members of the Independent Peer Review panel;

c. documents areas of consensus and dissention among Experts on elements of the scientific basis of the Proposal that Experts believe to have material influence of the Proposal under review;

d. provides a final recommendation from the Independent Peer Review panel on the scientific defensibility of the Division's Proposal, as specified in Subsection 19-5-105.3(7);

e. includes a determination of scientific necessity for any review that involves an evaluation of the application of a Technology Based Nutrient Effluent Limit; and

f. includes the Experts' written findings of the underlying rationale for making a determination that any element of the scientific basis of a Proposal is not scientifically defensible or is scientifically defensible with conditions, and any applicable and reasonable conditions to remedy their concerns.

E. To avoid inordinate delays in rulemaking or other regulatory decisions, Independent Peer Reviews must be completed within one year following appointment of the Independent Peer Review panel.

10.4 Use of Independent Scientific Review results.

A. The Director shall incorporate as needed recommendations and findings from the Experts in the finalization of the Proposal or HISA under review.

B. The Director shall document how the findings of the Experts were applied to the Proposal or HISA.

C. All materials associated with any review process shall be made available during the public comment period applicable to the HISA or Proposal under review, including:

1. the scope of work used to conduct the peer review;
2. the written independent findings from individual Experts;
3. summary reports that were developed after individual Expert reviews were submitted, if appropriate; and
4. the final decision of the Director and rationale for any modifications to the original agency Proposal or HISA in response to Independent Scientific Review findings and recommendations.

D. In the event that the Proposal or HISA under review does not have an established public comment process that occurs after the Independent Scientific Review Process, the Director shall make peer review material available for public comment for a minimum of 30-days and shall consider all substantive public comments prior to finalization of the Proposal or HISA.

E. The Director shall prepare a responsiveness summary that includes:

1. all substantive public comments related to the Independent Scientific Review,
2. the Director's response to public comments, and
3. any changes to the Proposal or HISA that were made in response to public comments.

F. Incorporation of the Director's decisions into existing Division processes.

1. If the Expert findings result in a decision by the Director to modify any element of any UPDES permit, this decision will be summarized in the Statement of Basis on the next issuance of the permit and all Independent Peer Review materials shall be made available as supporting documentation when the permit is published for public comment. If the Proposal is a wasteload or other regulatory requirements for a permit the results shall be incorporated into the proposed permit on which the wasteload is based.

2. If the Proposal under review is regarding the application of a Technology Based Nutrient Effluent Limit and the Independent Peer Review panel determines that the limit is not scientifically necessary, then this finding shall be included in the Statement of Basis in the new or renewed permit as a justification for not including Technology Based Nutrient Effluent Limits that would otherwise have been required. All materials associated with the Independent Peer Review shall be made available during the public comment period for this permit as support for this determination.

3. The decision to modify any permit element, based upon the results of an Independent Scientific Review, is not final until the permit is actually issued.

4. The decision to modify a rule, based upon the results of an Independent Scientific Review, is not final until the rule is actually modified.

NOTICE OF CHANGE IN PROPOSED RULE

DAR FILE NO.: 40930

FILED: 01/18/2017

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose for this change in proposed rule is to make changes to the definition of Outpatient Treatment Program and other technical edits determined to be necessary since the rule was originally filed in November 2016.

SUMMARY OF THE RULE OR CHANGE: The filing makes changes to the definition of Outpatient Treatment Program and other technical edits determined to be necessary since the rule was originally filed in November 2016. (EDITOR'S NOTE: The original proposed repeal and reenactment upon which this change in proposed rule (CPR) was based was published in the November 15, 2016, issue of the Utah State Bulletin, on page 83. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed repeal and reenactment together to understand all of the changes that will be enforceable should the agency make this rule effective.)

STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 62A-2-106

ANTICIPATED COST OR SAVINGS TO:

◆ **THE STATE BUDGET:** The proposed changes maintain the same impact on state budget as the originally filed bill. None of the text changes impacts this.

◆ **LOCAL GOVERNMENTS:** The proposed changes maintain the same impact on local government as the originally filed bill. None of the text changes impacts this.

◆ **SMALL BUSINESSES:** The proposed changes could slightly increase the number of small businesses required to license with Office of Licensing from the originally filed rule. However, this was anticipated due to H.B. 259 from the 2016 General Session. Part of the intent of requiring Office of Licensing to create the Outpatient Treatment Program definition was to ensure the right entities were being captured under the scope of licensing to help avoid fraud and exploitation in treatment settings. So, some small business could be paying license fees and for any requirements to come into compliance with licensure. The bulk of this was already captured in the original filing, this modification increases that only slightly, maybe 5%, of what the original rule would have captured. The Division has no way to count

the number of affected entities but thinks it is a relatively small number.

◆ **PERSONS OTHER THAN SMALL BUSINESSES, BUSINESSES, OR LOCAL GOVERNMENTAL ENTITIES:** The proposed changes maintain the same fiscal impact on persons as the originally filed bill. None of the text changes impacts this.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The proposed changes maintain the same compliance costs to persons and organizations as the originally filed repeal and reenactment, with only a slightly increased number affected as described in small businesses impact above. The costs themselves are not changed by this update, only by the potential for more entities to be affected.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Fiscal impact remains similar to the previously filed rule, with the potentially for a minimal amount of additional businesses to be affected.

R746. Public Service Commission, Administration.

R746-341. Lifeline Rule.

R746-341-3. Eligibility Requirements.

A. Initial Program-Based Criteria -- An ETC shall provide Lifeline telephone service to an applicant's household which, using an approved application form, is verified by either the program administrator (for State ETCs), or by a federal ETC, in compliance with the procedures set forth in 47 CFR 54.410(c), to be eligible for public assistance under one of the following or its successor programs:

1. Medicaid;
2. Supplemental Nutrition Assistance Program (SNAP or Food Stamps);
3. Supplemental Security Income (SSI);
4. Federal Public Housing Assistance (Section 8); or
5. Veterans Pension and Survivors Pension Benefit.

B. Tribal Residents -- A consumer who lives on Tribal lands is eligible for Lifeline service as a "qualifying low-income

consumer" as defined by Section 54.400(a) and as an "eligible resident of Tribal lands" as defined by Section 54.400(e) if that consumer meets the qualifications for Lifeline specified Section A. or if the consumer, one or more of the consumer's dependents, or the consumer's household participates in one of the following Tribal-specific federal assistance programs:

1. Bureau of Indian Affairs General Assistance;
2. Tribally-Administered Temporary Assistance for Needy Families (TTANF);
3. Head Start (if income eligibility criteria are met); or
4. Food Distribution Program on Indian Reservations (FDPIR).

C. Initial Income-Based Criteria -- An ETC shall provide Lifeline telephone service to an applicant who certifies via supporting documentation (to either the ETC for federal ETC customers, or the program administrator for state ETC customers), under penalty of perjury, that the applicant's household income is at or below 135 percent of the then applicable Federal Poverty Guidelines.

1. Income-based eligibility is based on family size and actual income; therefore, an applicant shall certify, under penalty of perjury, the number of individuals residing in the household.

2. An applicant shall certify, under penalty of perjury, that the documentation presented accurately represents the applicant's annual household income. The following documents, or any combination of these documents, are acceptable for Lifeline certification;

- a. Prior year's state, federal, or tribal tax return;
- b. Current year-to-date earnings statement from an employer or three consecutive months of paycheck stubs within the previous twelve months;
- c. Social Security statement of benefits;
- d. Veterans Administration statement of benefits;
- e. Retirement/pension statement of benefits;
- f. Unemployment/Workers Compensation statement of benefits;
- g. Federal or tribal notice letter of participation in Bureau of Indian Affairs General Assistance; or
- h. Divorce decree or child support wage assignment statement.

D. In order to be approved as a qualifying low-income consumer, an applicant must not already be receiving a Lifeline service, and there must not be anyone else in the applicant's household subscribed to a Lifeline service.

E. Eligibility Certification -- The application form for participation shall be supplied by the ETC or the program administrator and shall be consistent with both the federal requirements, then in effect, and any additional information requirements of the program administrator, and shall include:

1. a statement, under penalty of perjury, as to whether the person is participating in one of the programs listed in Subsection R746-341-3(A) or qualifies under other federal eligibility criteria; or a statement, under penalty of perjury, as to whether the person's household income is at or below 135 percent of the current Federal Poverty Guidelines;

2. if qualified by income-based criteria, a statement, under penalty of perjury, that identifies the number of individuals residing in the household and affirms that the documentation

presented to support eligibility accurately represents the applicant's household income;

3. a statement that if the applicant is later shown to have submitted false information in an attempt to qualify for the Lifeline program, the applicant shall be responsible to re-pay the benefits received; and

4. the signature of the applicant, either physical or electronic.

F. False Certification Penalties -- A participant who does not qualify, but who has submitted false documentation or statements to qualify for the Lifeline program, is responsible to re-pay the value of the benefits received to the state Lifeline program, and is subject to whatever penalties are then current for the federal Lifeline program.

G. Tribal Land Lifeline Discounts - This rule does not govern or otherwise affect the Tribal Land Lifeline Discount program.

R746-341-4. Duties of the Program Administrator.

A. Initial Eligibility

1. The program administrator shall process all applications submitted for participation in the state Lifeline telephone service program. The program administrator shall check the NLAD for pre-existing participation if possible. The program administrator shall inform the applicant and the state ETC of the results of the application process.

B. Annual Eligibility Verification

1. The program administrator shall verify on an annual basis the continuing eligibility status of state ETC Lifeline telephone service participants. The annual eligibility verification shall be performed on the participant list as defined by the FCC in its May 22, 2013 Public Notice in Docket No. 11-42 and any subsequent FCC guidance.

2. The annual eligibility verification shall be performed by the program administrator using the same process as outlined in the de-enrollment process in R746-341-4.C. and in accordance with 47 CFR Section 54.410(f)(3).

3. The program administrator shall provide results of the annual recertification efforts to the ETCs pursuant to 47 CFR Section 54.410(f)(4) and will provide all necessary FCC Form 555 information to ETCs no later than five days prior to the first business day of the anniversary enrollment month of the participant~~[in which the verification was last performed]~~.

C. De-Enrollment Process

1. The program administrator shall manage the de-enrollment process for state ETC Lifeline participants who are no longer eligible for the program. Upon an initial finding that a Lifeline recipient is no longer eligible to participate in the state the Lifeline program, the program administrator shall send a notice to the participant explaining the participant's Lifeline telephone service benefit will be discontinued after 60 days unless the participant verifies continuing eligibility before that date. The notice shall include the reason(s) for the recipient being ineligible and a description of the options available to the recipient to demonstrate eligibility.

2. At the end of 60 days, if the participant has not demonstrated continuing eligibility, the program administrator shall notify the relevant state ETC to discontinue the ineligible

participant's Lifeline telephone service benefit. The benefit must be discontinued in the month following notification; thus the next month's benefit cannot be provided.

3. Ineligible past participants may reapply for the Lifeline program, but must do so by submitting a completed application to the program administrator for state program participation, or to a federal ETC for federal only participation, in accordance with the application process in R746-341-3.

D. Participants Switching Between ETCs -- When a current Lifeline telephone service participant desires to change to a different ETC's Lifeline telephone service, the participant and ETCs shall follow the established NLAD procedures. A participant who is not able to complete the switch due to unresolved problems may seek the assistance of the Division of Public Utilities requesting help in resolving the issue.

E. Documentation Retention -- The program administrator shall retain income and program eligibility certification documentation, in electronic format, for as long as required by then current federal Lifeline policies. Copies of the relevant documentation shall be made available on request to auditors from either the federal Lifeline telephone service program or the state Lifeline telephone service program.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-110 is authorized by Section 19-2-104. Section 19-2-104 gives the Utah Air Quality Board the power to promulgate rules "regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air pollutants that may be emitted by an air pollutant source." Rule R307-110 is the rule that incorporates Utah's State Implementation Plans, which are required by the Federal Clean Air Act, into state law. State Implementation Plans contain provisions that help abate air pollution, set emission limits, and prevent air pollution for the purpose of attaining federal air quality standards. Therefore, Rule R307-110 has been properly enacted under Section 19-2-104.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR

OPPOSING THE RULE: Rule R307-110 has been amended 14 times since the last five-year review in 2012. There have been hundreds of comments on how to improve the State Implementation Plans that the rule incorporates by reference. However, there have been no comments opposing the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-110 is required by the Federal Clean Air Act. Section 110 of the Clean Air Act requires states to develop State Implementation Plans that demonstrate how the state will meet federal air quality standards. Rule R307-110 is necessary because it incorporates Utah's State Implementation Plans into state law so that the plans can be enforced and Utah can attain federal air quality standards.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Rule R307-120 was enacted by the Utah Air Quality Board under Section 19-2-127. Section 19-12-127 is no longer in the Utah Code, but the Air Quality Board still has the authority to amend Rule R307-120 under the Pollution Control Act found in Section 19-12-305. Rule R307-120 provides the process for evaluating and applying

for certification for tax exempt status for pollution control equipment.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The rule was amended once since the last five-year review, and there were no comments supporting or opposing the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: The rule should be continued because it implements the procedures related to the statutory right to receive a tax exemption for certain pollution control equipment.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule was enacted under Section 19-2-104. Under Section 19-2-104, the Utah Air Quality Board is given the power to promulgate rules to prevent air pollution. Rule R307-130 prevents air pollution by providing penalties for people who are not in compliance with air quality rules, orders, or permits.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: This rule has had no comments or substantive amendments since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule is necessary to implement the penalty structure that is set out in Section 19-2-115. CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule was enacted by the Utah Air Quality Board under the authority of Subsection 19-2-104(1)(d). Subsection 19-2-104(1)(d) allows the Utah Air Quality Board to promulgate rules implementing the federal Asbestos Hazard Emergency Response Act in Utah. Subsections 19-2-115(2)(b) and (c) authorize penalties for

violations of rules adopted under Section 19-2-104 for implementation of the Toxic Substances Control Act, Subchapter II, Asbestos Hazard Emergency Response. Rule R307-135 sets forth the conditions for issuance of a notice of violation and the penalties to be assessed for non-compliance with the rule.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No written comments have been received on this rule since its last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule should be continued because it sets forth the conditions for issuance of a notice of violation and the penalties to be assessed for violating the Asbestos Hazard Emergency Response Act. Without Rule R307-135, a person may be able to violate the Asbestos Hazard Emergency without penalty from the state. Clean Air Act Section 175A(d) requires that maintenance plans assure prompt action to correct any violation of the standard that occurs after an area is re-designated to attainment, and mandatory Clean Air Act requirements such as an oxygenated fuels program must be included as contingency measures. Rule R307-301 remains in place in case the carbon monoxide health standard is violated in Provo or Ogden, in which case an oxygenated gasoline program could be reinstated based on the trigger measures in State Implementation Plan (SIP) Subparts IX.C.6.e(5)(a) and IX.C.8.f. The Utah Air Quality Board enacted this rule to comply with the Clean Air Act under the authority of Section 19-2-104.

Subsection 19-2-101(2) states, "It is the policy of this state and the purpose of this chapter to achieve and maintain levels of air quality which will protect human health and safety." The Air Quality Board promulgated Rule R307-325 under the authority found in Subsection 19-2-104 in order to fulfill the purpose found in Subsection 19-2-101 and to satisfy the requirements found in Section 110 and Part D of the Clean Air Act.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule should be continued because it is required by the Clean Air Act. Section 110 and Part D of the Clean Air Act require the state of Utah to develop a State Implementation Plan that will allow the state to attain certain federal air quality standards. Without the state plan, EPA would be required to impose a federal implementation plan, and the state could lose some of its ability to make its own policy decisions on how it will comply with federal air quality standards.

Subsection 19-2-104(1)(a) authorizes the Air Quality Board to make rules "regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminants that may be emitted by any air contaminants source." Rule R307-326 does this by establishing reasonably available control technology for controlling hydrocarbon emissions from petroleum refineries that are located in ozone nonattainment and maintenance areas.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 19-2-104(1)(a) authorizes the Air Quality Board to make rules "regarding the control, abatement, and prevention of air pollution from all sources and the establishment of the maximum quantity of air contaminants that may be emitted by any air contaminants source." Rule R307-343 does this by requiring that certain wood furniture manufactures use coatings that are compliant with the Volatile Organic Compound content limits found in Section R307-343-4.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The Division has not received any comments on this rule since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: Rule R307-343 limits the emissions of volatile organic compounds, a precursor to ozone, from wood furniture manufacturers in ozone nonattainment and maintenance areas. This rule is needed to ensure that emissions of air pollution do not harm public health. This rule outlines emissions standards for wood furniture manufacturing operations and should be continued. This rule is part of a proactive strategy to ensure that Salt Lake and Davis counties continue to meet the ozone standard.

FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

DAR FILE NO.: 41207

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS

ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: The Office of Recovery Services (ORS) is authorized to adopt rules as necessary by Section 62A-11-107. Utah guidelines apply to situations where there has been a substantial change of circumstances or an adjustment is made upon petition of a parent, legal guardian, or ORS when the support order has not been issued or modified within the previous three years. Under either situation, the law specifies the minimum percentage of change required between the ordered amount and amount that would be required under the guidelines and that the changes cannot be temporary in nature. Sections 62A-11-320.5 and 62A-11-320.6 deal specifically with review and adjustment of child support orders in and outside of the three-year cycle and also state that the change cannot be of a temporary nature. This rule provides the information about when a parent can request a review of the child support amount when a support order is less than three years old, as well as to identify what information must be included for a request for review to be completed by the office. The rule also provides the definition of what "temporary" means and makes it clear that the current support order may not be modified if the change in circumstances is temporary. Finally, the rule specifies that changes over 12 months are to be considered long term or permanent and therefore warrant adjustment under the guidelines statutes.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: There have been no comments received during or since the last five-year review of the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: The rule should be continued so that it remains clear what is meant by a temporary change in circumstances and a permanent change in circumstances, as well as when the proceedings for an adjustment of a support award must be initiated. Therefore, this rule should be continued.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: The Office of Recovery Services (ORS) is authorized to adopt rules as necessary by Section 62A-11-107. The IV-D program operated by ORS is mandated pursuant to Title 62A, Chapter 11, Part 4, to issue income withholding as a means of collecting child support. This rule clarifies Section 62A-11-405 by explaining how an obligee can request income withholding in cases where the obligor is not delinquent on a pre-October 13, 1990, order. If the order is issued after October 13, 1990, Section 62A-11-404 allows for income withholding regardless of whether or not a delinquency occurs unless there is a finding of good cause by the court or administrative body that issued the order or a written agreement that income withholding is not required has been entered in the order. The rule explains the verified statement of affidavit referred to in that section. The opportunity for a review and the requirements that ORS notify the obligor of the results of the review which are addressed in that section are given needed detail. Section 62A-11-406 refers to a limitation on the amount of income that may be withheld under the Consumer Credit Protection Act. Pursuant to Section 62A-11-406, ORS is required to notify the payor of income and the obligor of the amount of child support to be withheld. This rule provides instruction on how this notification is to be done when the payor of income has not changed and when there is a new payor of income. In accordance with Section 62A-11-413, the office is required to keep records to document and monitor all child support payments. Termination of income withholding is addressed in Section 62A-11-408. The rule addresses specific circumstances under which income withholding should be terminated. The rule allows for the obligor to contest income withholding when it is issued by another state and registered in this state pursuant to Section 78B-14-506.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: There have been no comments received during or since the last five-year review of the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: All of the statutes under which this rule is enacted are still in effect. The rule continues to provide necessary clarification and detail for carrying out income withholding in IV-D cases. Therefore, this rule should be continued.

**NOTICE OF REVIEW AND STATEMENT OF
CONTINUATION**

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is enacted under Section 62A-11-107, which authorizes the Office of Recovery Services (ORS) to adopt, amend, and enforce rules necessary to appropriately carry out its duties. This rule enables ORS to establish a system for posting payments received when the non-custodial parent has not given instructions or made arrangements for the posting of payments when more than one case is involved. It also clarifies that ORS must first apply support payments to current support obligations before applying them to past-due support debts.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE

FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: There have been no comments received during and since the last five-year review of the rule.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule requires an organized approach to dealing with support payments paid to ORS and makes distribution to current support the first priority so that when payments are made, families not receiving IV-A cash assistance from the state can expect to receive financial support for their current family needs. The rule also allows an obligor with more than one case to indicate an intention to credit a payment to a particular case. Finally, the rule allows the state to recover money that has been expended in IV-A cash assistance to families and specifies that arrears owed to the family will be paid before arrears owed to the state. Therefore, this rule should be continued.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 62A-11-107 gives the Office of Recovery Services (ORS) the authority to adopt,

amend, and enforce rules necessary to carry out its responsibilities under state law. This rule is enacted under Subsection 35A-4-103(5), which authorizes the Department of Workforce Services (DWS) to deduct and withhold money from an individual's unemployment compensation benefits when that individual owes child support obligations. This rule outlines the criteria used to determine if unemployment compensation is subject to income withholding and clarifies that such withholding is subject to Section 303(b) of the Consumer Credit Protection Act (15 U.S.C. Section 1643), which provides the exceptions to withholding 25% of the obligor's income and specifies the maximum percentage of income that may be withheld.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: There have been no comments for this rule since the last five-year review.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule should be continued because the laws authorizing income withholding to collect child support from unemployment compensation benefits are still in effect, as are the laws defining the limits of what can be withheld from such benefits.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 31A-2-201 authorizes the commissioner to write rules to implement the provisions of the Insurance Code, Title 31A. Subsection 31A-17-401(3)(a)(ii) authorizes the commissioner to write rules to determine the present value of future income derived from securities owned by an insurer. Subsection 31A-17-401(4) requires the commissioner to adopt rules to implement the provisions of Section 31A-17-401. Section R590-116-4 of the rule sets standards for the valuation of an insurer's assets and securities.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department has received no written comments regarding this rule during the past five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule sets a standard for all insurers doing business in Utah to use in determining the value of their assets. The rule helps the department assess the financial health of each licensed insurer in an effort to protect the financial security of their insureds. Therefore, this rule should be continued.

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Subsection 31A-2-201(3) authorizes the commissioner to write rules to implement the Insurance Code, Title 31A. Section 31A-17-402 requires the commissioner to adopt a rule specifying which liabilities shall be reported by insurers and the methods for evaluating these assets. Section R590-117-4 of the rule states the liabilities that are to be listed on the insurer's financial statement and also the methods by which these liabilities are to be valued.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: The department has received no written comments regarding this rule during the past five years.

REASONED JUSTIFICATION FOR THE CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule standardizes those liabilities that should be listed on an insurer's annual statement, as well as how they are to be valued. It is important that the liabilities of all licensed insurers in Utah be evaluated by the same standard for fairness. Knowing the true value of an insurer's liabilities is one way the department has of determining the insurer's financial health. Therefore, this rule should be continued.
