EXECUTIVE DOCUMENTS

Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues EXECUTIVE DOCUMENTS, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor’s Office staff files EXECUTIVE DOCUMENTS that have legal effect with the Office of Administrative Rules for publication and distribution.

EXECUTIVE ORDER
2020-75

Temporary Statewide COVID-19 Restrictions

WHEREAS, on November 8, 2020, I issued Executive Order 2020-72, declaring a state of emergency due to rising COVID-19 case counts creating a shortage of hospital beds;

WHEREAS, COVID-19 has been characterized by the World Health Organization as a worldwide pandemic caused by Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2), a virus that spreads easily from person to person and can cause serious illness or death;

WHEREAS, the number of COVID-19 cases in Utah has sharply increased, causing serious illness and death to Utah residents, threatening public health and wellness throughout the state;

WHEREAS, Utah is experiencing a significant increase in the use of medical resources;

WHEREAS, new minimum standards are needed to prevent and control the rapidly changing consequences of COVID-19 throughout the state;

WHEREAS, the Centers for Disease Control (CDC) has called on Americans to wear face coverings, with the CDC director stating that “[c]loth face coverings are one of the most powerful weapons we have to slow and stop the spread of the virus—particularly when used universally within a community setting,” and that “[a]ll Americans have a responsibility to protect themselves, their families, and their communities”;

WHEREAS, analysis by Brigham Young University researchers reviewing more than 115 studies on the effectiveness of masks in controlling COVID-19 found that “[t]here is clear evidence that face coverings reduce the spray of droplets produced during speaking, coughing, and sneezing” and that “masks could be one of the most powerful and cost-effective tools to stop COVID-19 and accelerate the economic recovery”;

WHEREAS, published scientific research has shown that the probability of transmission during exposure between a person infected with COVID-19 to an uninfected person is 17.4% if face coverings are not worn, and 3.1% if face coverings are worn;

WHEREAS, Utah Code § 53-2a-209(1) provides that orders issued by the governor under Title 53, Chapter 2a, Part 2, Disaster Response and Recovery Act, have the “full force and effect of law”;

WHEREAS, Utah Code § 53-2a-204(1)(a) authorizes the governor to utilize all available resources of state government as reasonably necessary to cope with a state of emergency; and
WHEREAS, Utah Code § 53-2a-204(1)(b) authorizes the governor to employ measures and give direction to state and local officers and agencies that are reasonable and necessary for the purpose of securing compliance with orders made pursuant to the Disaster Response and Recovery Act;

NOTICES OF
PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a substantive change to an existing rule. With a NOTICE OF PROPOSED RULE, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between November 03, 2020, 12:00 a.m., and November 16, 2020, 11:59 p.m., are included in this, the December 01, 2020, issue of the Utah State Bulletin.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them ([example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (...) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a PROPOSED RULE is too long to print, the Office of Administrative Rules may include only the RULE ANALYSIS. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the Utah State Bulletin until at least December 31, 2020. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific PROPOSED RULE. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through March 31, 2021, the agency may notify the Office of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Office of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE lapses.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information
2. Rule or section catchline:
R151-4. Department of Commerce Administrative Procedures Act Rule

3. Purpose of the new rule or reason for the change:
The purpose of the rule change is to update, streamline, and clarify procedures for administrative actions before the Department of Commerce and its Divisions.

4. Summary of the new rule or change:
1. Updated the definition of "pleading" to make it more consistent with the term as used in the Utah Rules of Civil Procedure, i.e., a document that initiates an action or a document responding to a pleading. The term "pleading" no longer includes "motions". References to "pleading" throughout the rules were updated to also include "motion" where appropriate.

2. The prior rule prohibited discovery in informal adjudicative proceedings in sections applicable only to formal adjudicative proceedings. The prohibition of discovery in informal adjudicative proceedings was moved to Section R151-4-114, the subsection addressing informal adjudicative proceedings. A reference to Subsection 63G-4-203(1)(e) was added noting that administrative subpoenas issued by agencies are permitted in informal proceedings.

3. Amended Section R151-4-202 to add page limits to motions consistent with those found in the Utah Rules of Civil Procedure.

4. Increased the time allowed to respond to motions in Section R151-4-303 consistent with the Utah Rules of Civil Procedure.

5. Amended Section R151-4-306 to change the process and procedure for motions to disqualify board or commission members. Motions to disqualify are now decided by the presiding officer rather than the board or commission member at issue. This rule update also provides time frames for when a motion to disqualify may be made.

6. Section R151-4-512 was updated to reflect changes to the Utah Rules of Civil Procedure that make certain provisions no longer applicable.

7. Amended Section R151-4-602 to clarify and amend the interview process. This rule change provides for recording interviews and circulating copies of the recordings, amends what is required by a moving party to obtain a deposition, and provides that the parties may stipulate to a deposition.

8. Removes references to "licensed" court reporters to reflect changes to Title 58, Chapter 74.

9. Adds determinations made on an application for a division determination regarding criminal record to the list of orders not subject to agency review.

10. Amends Section R151-4-902 in light of Utah Supreme Court case law, including State v. Nielsen, 2014 UT 10, governing the marshalling of evidence. A failure to marshal evidence may result in a persuasive failure but is no longer grounds for dismissal as a procedural matter. Citations to law and the record are still required in arguments on agency review.

11. The amendment makes other stylistic changes consistent with the Rulewriting Manual for Utah.

Fiscal Information
5. Aggregate anticipated cost or savings to:
A) State budget:
This rule does not amend fees or any revenue generation for the state and will not affect the state budget.

B) Local government:
Local governments are typically not involved in administrative hearings before the Department of Commerce and are not impacted by this amendment.
### C) Small businesses

"small business" means a business employing 1-49 persons:

This rule is procedural in nature and has no discernable impact on the costs required for a small business to appear in a matter before the Department of Commerce.

### D) Non-small businesses

"non-small business" means a business employing 50 or more persons:

This rule is procedural in nature and has no discernable impact on the costs required for a non-small business to appear in a matter before the Department of Commerce.

### E) Persons other than small businesses, non-small businesses, or state or local government entities

"person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency:

This rule is procedural in nature and has no discernable impact on the costs required for other persons to appear in a matter before the Department of Commerce.

### F) Compliance costs for affected persons:

None—This rule only affects those appearing before the Department of Commerce in an administrative proceeding. These rule changes do not impose requirements that would increase compliance costs for affected persons.

(1) the notice of agency action is issued; or
(2) the initial decision with respect to a request for agency action is issued.

(1) When ruling on a motion or request for extension of time or continuance of a hearing, the presiding officer shall consider:
   (a) whether there is good cause for granting the extension or continuance;
   (b) the number of extensions or continuances the requesting party has already received;

   (e) whether the other party objects to the extension or continuance.
(2)(a) Except as provided in Subsection R151-4-109(2)(b), an extension of a time period or a continuance of a hearing may not result in the hearing being concluded more than 240 calendar days after the day on which:

   (ii) the initial decision with respect to a request for agency action was issued.
   (b) An extension of a time period or a continuance may exceed the time restriction in Subsection R151-4-109(2)(a) only if:

         (I) allows the parties a reasonable period of time for discovery, motion practice, or hearing preparation; and

      (ii) the presiding officer finds that injustice would result from failing to grant the extension or continuance.
      (c) If the presiding officer considers that extenuating circumstances not contemplated in Subsection R151-4-109(2)(b) justify a continuance beyond the 240-day deadline, the presiding officer shall file a written request for continuance with the Executive Director.
      (ii) A party may not directly petition the Executive Director for a continuance.
      (iii) The Executive Director's decision on the presiding officer's request for continuance shall be issued on an interlocutory basis, not subject to a request for reconsideration or judicial review until after a final order on the merits is issued.

The amendments to Subsection R156-31b-301c(2)(a)(i) clarify that 1,000 hours will be credited as a block for an applicant's completion of Advanced Practice Registered Nurses (APRN) clinical experience in an approved education program in psychiatric mental health nursing, regardless of the number of hours completed by the applicant. New Subsection R156-31b-301c(2)(a)(ii)(C)(iii) adds an additional supervisor option of a licensed psychiatrist for the completion of clinical hours. The Board of Nursing and the Nursing Advisory Peer Education Committee recommend these changes to provide needed clarification and additional flexibility for students and educational programs.

The amendments to Section R156-31b-402 organize and update the fine table, and also add fine amounts for violation of new Subsection 58-31b-502(1)(r) as enacted by 2020 H.B. 24.

In accordance with Subsection 58-31b-601(2) as amended by S.B. 127 (2020), the amendments to Section R156-31b-602 update the requirements for limited-time approval of non-accredited nursing education programs by extending the time frame for nursing education programs to achieve full accreditation to June 30, 2022, and updating the disclosure requirements.

In accordance with Section 58-1-307.1 enacted by H.B. 274 (2020), the amendments to Section R156-31b-701 (now renumbered to Section R156-31b-701a) refer to a new list that will be posted on the Division's website that will itemize the nursing tasks that an unlicensed individual may perform without delegation by a health care provider.

In accordance with Section 58-31b-308.1 enacted by H.B. 274 (2020), new Section R156-31b-701c clarifies that a responsible caregiver retains accountability for the appropriate delegation of a task, and prohibits a delegatee from further delegating to another person a delegated task or any part of a delegated task, and from expanding the scope of the delegated task.

<tr>
<td>Most of the proposed amendments are not expected to result in any measurable fiscal impact to the state budget as they merely update and conform this rule to statutory changes and will not impact state practices or procedures over and above the statutory changes. The proposed amendment to Section R156-1-402 establishing a new fine is not expected to affect the state budget over and above the impact already contemplated by H.B. 24 (2020), as the fiscal note anticipated that beginning FY 2021 the Division would receive revenue of approximately $1,000 per year annually and incur an estimated $1,300 cost per year for investigation and oversight. The amendments to Section R156-31b-701 (renumbered to Section R156-31b-701a) that implement the requirements of Section 58-1-307.1 may cause the Division to incur an additional cost of $100 per year ongoing due to the need to maintain the list of nursing tasks on the Division's (DOPL's) website if additions, clarifications, or subtractions occur during the year. This cost is expected to be absorbed within the Division's existing budget.</td>
</tr>
<tr>
<td><strong>B) Local governments:</strong></td>

<tr>
<td>The Division estimates that the proposed amendments will have no measurable impact on local governments because none of these amendments are expected to impact existing local government practices or procedures.</td>

<tr>
<td><strong>C) Small businesses</strong> (&quot;small business&quot; means a business employing 1-49 persons):</td>
</tr>
<tr>
<td>Most of the proposed amendments are not expected to result in any measurable fiscal impact to small businesses as they merely update and conform this rule to statutory changes and will not impact small businesses' practices or procedures over and above the statutory changes. The proposed amendment to Section R156-31b-402 establishing a new fine may indirectly affect the estimated 740 small businesses in Utah comprising establishments employing nurses, such as private or group practices, hospitals, or medical centers (North American Industry Classification System (NAICS) 621330). However, the amendment is not expected to result in a measurable fiscal impact for small businesses over and above that provided for in the fiscal note for H.B. 24 (2020) because it only imposes a penalty for noncompliance as contemplated by the bill. Additionally, the practices of most small businesses should already be consistent with the Utah Code requirements enacted by H.B. 24 (2020), and as described below for other persons there will be no fiscal impact on the typical licensee so that most small businesses will never be impacted.</td>
</tr>
<tr>
<td><strong>D) Non-small businesses</strong> (&quot;non-small business&quot; means a business employing 50 or more persons):</td>
</tr>
</tbody>
</table>
Most of the proposed amendments are not expected to result in any measurable fiscal impact to non-small businesses as they merely update and conform this rule to statutory changes and will not impact non-small business practices or procedures over and above the statutory changes. In particular, the proposed amendment to Section R156-31b-602 is expected to impact one non-small business (Utah NAICS 6112, 6113, 6115, 6116 and national NAICS code 611310) that currently has pre-accreditation status with its accrediting body for nursing education (the other Utah educational institutions have already achieved full accreditation status). However, this amendment also merely conforms the rule to the statutory changes made by S.B. 127 (2020) and is therefore not expected to impact this business beyond the statutory changes.

The proposed amendment to Section R156-31b-402 establishes a new fine that may indirectly affect the estimated 51 non-small businesses in Utah comprising establishments employing nurses, such as private or group practices, hospitals, or medical centers (NAICS 621399, 621330). However, the amendment is not expected to result in a measurable fiscal impact for non-small businesses over and above that provided for in the fiscal note for H.B. 24 (2020) because it only imposes a penalty for noncompliance as contemplated by the bill. Additionally, the practices of most non-small businesses should already be consistent with the Utah Code requirements enacted by H.B. 24 (2020), and as described below for other persons there will be no fiscal impact on the typical licensee so that most non-small businesses will never be impacted.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

There are approximately 4,475 licensed nurses that may be affected by the proposed amendment to Section R156-31b-402 establishing a new fine, but the Division does not anticipate any measurable fiscal impact to these persons over and above the statutory change and the impact already addressed in the fiscal note for H.B. 24 (2020). The practices of most licensees should already be consistent with the Utah Code requirements enacted by H.B. 24 (2020), and the amendment only imposes a penalty for noncompliance as contemplated by H.B. 24 (2020). Further, for the typical licensee the proposed amendment will have no fiscal impact, as the goal of the penalty is to provide a deterrent so that there is a $0 net impact on all parties involved and minimal occasions to sanction a licensee for noncompliance.

These proposed amendments will be beneficial to clarify delegation of tasks for patients, responsible caregivers and providers.

The proposed amendments to Section R156-31b-301c that provide clarification for the number of hours credited for clinical experiences and an additional choice of supervisor may create a fiscal benefit for future APRN licensees who will specialize as psychiatric nurse practitioners as well as for some of the current 121 licensed APRNs in Utah who maintain a specialty as a psychiatric nurse practitioner and who still need to complete their remaining 3,000 required hours. However, the exact impact cannot be estimated as it will vary widely depending on individual circumstances and licensee choices.

F) Compliance costs for affected persons:

As described above for other persons, the Division does not anticipate any compliance costs for any affected persons from these proposed amendments.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

**NOTICES OF PROPOSED RULES**

**H) Department head approval of regulatory impact analysis:**

The Executive Director of the Department of Commerce, Chris Parker, has reviewed and approved this fiscal analysis.

6. A) Comments by the department head on the fiscal impact this rule may have on businesses:

The Division proposes amendments to update the Nurse Practice Act Rule after consultation with the Board of Nursing and the Nursing Advisory Peer Education Committee. These proposed amendments encompass the statutory changes in S.B. 23, S.B. 127, H.B. 274 and H.B. 24 made in the 2020 General Session. The changes pertain to the details of license requirements and defining professional conduct. Further, other revisions are made to conform grammar, formatting changes for clarity, deleting unnecessary language, and updating statutory and rule section references.

Small Businesses: In Utah there are approximately 740 small business entities employing nurses, in private practices, hospitals, and medical centers (NAICS 621399, 621330) that may face a fiscal impact from the new fine table coming from changes to Section R156-1-402. Accordingly, most small businesses are already compliant with the practices in H.B. 24 (2020). Therefore, no fiscal impact is expected for small business over and above any fiscal impact described in the legislative fiscal note for H.B. 24 (2020) as these costs are either inestimable or there is no fiscal impact.

Regulatory Impact to Non-Small Businesses: There is one non-small business in Utah (Utah NAICS 6112, 6113, 6115, 6116 and national NAICS code 611310) that the proposed amendment to Section R156-31b-602 is expected to render a fiscal impact that is currently in pre-accreditation status for nursing education. Also, an indirect fiscal impact is expected to 51 non-small businesses and hospitals employing nursing staff in Utah (NAICS 621399, 621330). However, this amendment is conforming this rule to the statutory changes made by S.B. 1127 and H.B. 24 (2020) and it is not expected to impact these non-small businesses beyond expectations in the legislative fiscal notes. Similar to the above mentioned costs in small business, further costs are either inestimable, for the reasons stated, or there is no fiscal impact.

General Information
2. Rule or section catchline:
R277-445. Classifying Small Schools as Necessarily Existents

3. Purpose of the new rule or reason for the change:
In the 2020 Fifth Special Session under H.B. 5012, the Legislature authorized new funding under the Necessarily Existent Small School (NESS) program. This included new funding for schools with "isolating conditions" as defined by the Utah State Board of Education (Board), and for certain school districts.

4. Summary of the new rule or change:
This rule has been amended to define "isolating conditions" and to implement the new funding provided under Section 53F-2-304.

Fiscal Information
5. Aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have independent fiscal impact on state government revenues or expenditures. S.B. 2 (2020) directed the Board to define "isolating conditions" for new funding provided through the NESS program. This rule change defines "isolating conditions" to identify schools to receive this funding.

B) Local governments:
This rule change is not expected to have independent fiscal impact on local governments' revenues or expenditures. S.B. 2 (2020) directed the Board to define "isolating conditions" for new funding provided through the NESS program. This rule change defines "isolating conditions" to identify schools to receive this funding.

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have independent fiscal impact on small businesses' revenues or expenditures. S.B. 2 (2020) directed the Board to define "isolating conditions" for new funding provided through the NESS program. This rule change defines "isolating conditions" to identify schools to receive this funding.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This rule change is not expected to have independent fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. S.B. 2 (2020) directed the Board to define "isolating conditions" for new funding provided through the NESS program. This rule change defines "isolating conditions" to identify schools to receive this funding.

F) Compliance costs for affected persons:
There are no independent compliance costs for affected persons. S.B. 2 (2020) directed the Board to define "isolating conditions" for new funding provided through the NESS program. This rule change defines "isolating conditions" to identify schools to receive this funding.

R277. Education, Administration.
R277-445-1. Authority and Purpose.
(1) This rule is authorized by:
(a) Article X, Section 3 of the Utah Constitution, which vests general control and supervision over public education in the Board,
(b) Subsection 53F-2-304(3), which requires the Board to adopt rules that:
(i) govern the approval of necessarily existent small schools consistent with state law; and
(ii) ensure that districts are not building secondary schools in close proximity to one another where economy and efficiency would be better served by one school meeting the needs of secondary students in a designated geographical area;
(c) Subsection 53F-2-304(7), which requires the Board to define isolating conditions, which may qualify a non-NESS school for additional funding; and
(d) Subsection 53E-3-401(4), which allows the Board to make rules to execute the Board's duties and responsibilities under the Utah Constitution and state law.

(2)(a) The purpose of this rule is to specify the standards by which the Board classifies schools as necessarily existent, which qualifies the schools for additional funding for schools and districts to received funding under the NESS program.

(1) "ADM" means average daily membership derived from end-of-year data.
(2) "Isolating conditions" means that a school:
(a) is part of a school district that has a student population density of less than one student enrolled per square mile;
(b) is located more than 25 miles by road from a city or town with a population of at least 2,000 people; and
(c) does not qualify for NESS funding due to NESS formula limitations.
(3) "NESS" means Necessarily Existent Small School.
(4) "Small district base funding" means the allocation provided to school districts with NESS schools under Subsection 53F-2-304(8).
(5) "Weighted Pupil Unit" or "WPU" means the basic unit used to calculate the amount of state funds a school district may receive.

(1) A school may be classified as necessarily existent if the school's ADM does not exceed:
(a) 160 for elementary schools, including kindergarten at a weighting of .55 per average daily membership;
(b) 300 for one or two-year secondary schools;
(c) 450 for three-year secondary schools;
(d) 500 for four-year secondary schools; or
(e) 600 for six-year secondary schools.
(2) In addition to the requirements of Subsection (1), one-way bus travel for any student from the assigned school to the nearest school of the same type within the same district shall require:
(a) students in kindergarten through grade six to travel more than 45 minutes; or
(b) students in grades seven through twelve to travel more than one hour and 15 minutes.
(3) Notwithstanding Subsection (2), the Superintendent may classify a school that meets the criteria of Subsection (1), as necessarily existent if:
(a) the school is in a district which has been consolidated to the maximum extent possible;
(b) there is evidence acceptable to the Superintendent of increased growth in the school sufficient to take it out of the small school classification within a period of three years, provided that:
(i) the Superintendent may only classify the school as necessarily existent until its ADM surpasses the size standard for small schools of the same type;
(ii) the Superintendent shall annually compare the school's ADM to the school's projected ADM to determine increases or decreases in enrollment; and
(iii) if the assessment for the first or second year shows the increase in the school's ADM is less than 80 percent of the projected annual increase, the school shall no longer be classified as necessarily existent;
(c) the Superintendent determines that consolidation may result in undesirable social, cultural, and economic changes in the community, and:
(i) the school has a safe and educationally adequate school facility with a life expectancy of at least ten years, as judged, at least every five years, by the Superintendent after consultation with the district; or
(ii)(A) the district would incur construction costs by combining a school seeking necessarily existent small school status with an existing school and such construction and land costs would exceed the insurance replacement value of the exiting school by 30 percent;
(B) the existing school has a life expectancy of at least ten years; but
(C) in the event that the ADM from the school seeking necessarily existent small school status under Subsection (3)(c)(ii), when combined with the ADM at the existing school exceed criteria in Subsection (1), the Superintendent may not classify the existing school as necessarily existent; or
(d) the school does not qualify under Subsections (3)(a) through (c), and removal of the necessarily existent status would result in capital costs that the school district cannot meet within three years when utilizing all funds available from local, state, or federal sources.
(4) The Superintendent may not recognize a school with less than six grades as a necessarily existent small school if it is feasible in terms of school plant to consolidate the school into a larger school, which, if consolidated, would meet the criteria of Subsections (1) and (2).
(5) If the Superintendent determines that a secondary complex or attendance area meets the criteria of necessarily existent when analyzed on a 7-12 grade basis, the Superintendent shall not invalidate the qualifying status as a result of a reorganization pattern by a district.
(6)(a) In accordance with Subsection 53G-6-305(3)(b)(ii), the Superintendent shall use NESS Program funds to cover out-of-state tuition reimbursements under Rule R277-421.
(b) The Superintendent shall distribute any funding balance in the NESS Program in the current year with:
(i) a minimum of 95% of the distribution based on the number of WPU funds generated for eligible necessarily existent small schools; and
(ii) the remaining funds distributed using a formula that considers the tax effort of a local board of education.
(7)(a) A school district shall utilize additional WPU funds allocated for necessarily existent small schools for programs at the school for which the units were allocated.
(b) Funds allocated under this rule shall supplement and not supplant other funds allocated to schools by the local board of education.
3. Purpose of the new rule or reason for the change:
Utah State Board of Education (Board) Rule R277-311 has been adopted by the Board, which incorporates provisions of Rule R277-507 which means this rule will be obsolete. (EDITOR'S NOTE: The proposed new Rule R277-311 is under Filing No. 53207 in this issue, December 1, 2020, of the Bulletin.)

General Information
2. Rule or section catchline: R277-726. Statewide Online Education Program

3. Purpose of the new rule or reason for the change:
Utah State Board of Education Assessment staff and Statewide Online Education Program (SOEP) program staff have identified issues related to assessments SOEP providers are required to administer and questions related to student access to facility space, and for certain students who qualify for fee waivers, access to technology and WiFi when participating in the program.

4. Summary of the new rule or change:
This rule has been amended to update definitions and update the superintendent, local education agency (LEA), and provider requirements and responsibilities. This rule has also been amended to require LEAs to provide students access to facility space during the regular school day for students to participate in an SOEP course. This rule also clarifies that a student's primary school of enrollment is responsible to ensure students who qualify for fee waivers have the ability to access SOEP courses.

Fiscal Information
5. Aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have independent fiscal impact on state government revenues or expenditures. The SOEP is funded through the Minimum School Program for public school students and a state appropriation for home and private school students. The changes do not affect this state funding for the program.

B) Local governments:
This rule change is not expected to have independent fiscal impact on local governments' revenues or expenditures. This rule change clarifies that for participating students who qualify for a fee waiver, the student's primary LEA or school of enrollment shall provide the student with access to necessary technology during a school period or during the regular school day for the student to participate in an online course or provide the student with technology and WiFi for the student to participate outside of the school building. This clarification could require additional costs and/or resources from LEAs to the degree they are not already providing these resources to students who qualify. The impact of this change varies by LEA and the degree to which the LEA already complies with the changes and the number of participating students in the LEA eligible for a fee waiver.

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have independent fiscal impact on small businesses' revenues or expenditures. The SOEP is funded through the Minimum School Program for public school students and a state appropriation for home and private school students. The changes do not affect this state funding for the program.
The SOEP program providers are either school district or charter LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have independent fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This rule has been amended to require LEAs to provide students access to facility space during the regular school day for students to participate in an SOEP course. This rule also clarifies that a student's primary school of enrollment is responsible to ensure students who qualify for fee waivers have the ability to access SOEP courses.

F) Compliance costs for affected persons:

There are no independent compliance costs for affected persons. This rule has been amended to require LEAs to provide students access to facility space during the regular school day for students to participate in an SOEP course. This rule also clarifies that a student's primary school of enrollment is responsible to ensure students who qualify for fee waivers have the ability to access SOEP courses.

General Information

2. Rule or section catchline:
R277-920. School Improvement - Implementation of the School Turnaround and Leadership Development Act

3. Purpose of the new rule or reason for the change:
Rule R277-920 is being amended due to the passage of H.B. 420 in the 2020 General Session, which allows the Utah State Board of Education (Board) more flexibility to establish criteria for schools to exit turnaround.

4. Summary of the new rule or change:
This rule is being amended to address exit criteria for turnaround schools impacted by the Spring 2020 waiver in Section 53E-4-205.1 from the requirement to administer statewide assessments, as well as to amend exit criteria for schools in future years. This rule was reorganized structurally, which include an extensive amount of nonsubstantive changes. This amended rule also includes clarification on how qualifying school leaders will be compensated for an incentive to participate in a school leadership program and maintain employment in low performing schools.

Fiscal Information

5. Aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have a material fiscal impact on state government revenues or expenditures. This rule alters exit criteria for turnaround schools, and addresses identification criteria for schools in a year with statewide assessment system irregularities and an exit criteria process for schools in a year with statewide assessment system irregularities. This program is funded through a state appropriation and none of these changes affect that appropriation.

B) Local governments:
This rule change is not expected to have a material fiscal impact on local governments’ revenues or expenditures. This rule alters exit criteria for turnaround schools, and addresses identification criteria for schools in a year with statewide assessment system irregularities and an exit criteria process for schools in a year with statewide assessment system irregularities. This program is funded through a state appropriation and none of these changes affect that appropriation. The program funding available for schools also remains unchanged.
**C) Small businesses** ("small business" means a business employing 1-49 persons):

This rule change is not expected to have a material fiscal impact on small businesses' revenues or expenditures. This rule alters exit criteria for turnaround schools, and addresses identification criteria for schools in a year with statewide assessment system irregularities and an exit criteria process for schools in a year with statewide assessment system irregularities. This program is funded through a state appropriation and none of these changes affect that appropriation. The program funding available for schools also remains unchanged. Local education boards will continue to use the funding to contract with an independent school turnaround expert as detailed in rule.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses and it does not require any expenditures of, or generate revenue for non-small businesses.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have a material fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This rule alters exit criteria for turnaround schools, and addresses identification criteria for schools in a year with statewide assessment system irregularities and an exit criteria process for schools in a year with statewide assessment system irregularities.

**F) Compliance costs for affected persons**:

There are no independent compliance costs for affected persons. This rule alters exit criteria for turnaround schools, and addresses identification criteria for schools in a year with statewide assessment system irregularities and an exit criteria process for schools in a year with statewide assessment system irregularities.

**G) Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

**H) Department head approval of regulatory impact analysis**:

The State Superintendent of the Utah State Board of Education, Sydnee Dickson, has reviewed and approved this fiscal analysis.

6. A) Comments by the department head on the fiscal impact this rule may have on businesses:

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (NAICS 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses. This rule change has no fiscal impact on local education agencies and will not have a fiscal impact on small businesses either.
B) Name and title of department head commenting on the fiscal impacts:

Sydnee Dickson, State Superintendent

General Information

2. Rule or section catchline:
R313-36. Special Requirements for Industrial Radiographic Operations

3. Purpose of the new rule or reason for the change:
Rule R313-36 incorporates selected sections of 10 CFR Part 34, Licenses for Industrial Radiography and Radiation Safety Requirements for Industrial Radiographic Operations. The proposed changes add the additional statutory reference to Subsection 19-3-103.1(1)(a) due to changes made to Radiation Control Act by S.B. 88 passed in the 2020 General Session. These proposed changes also correct references to the appropriate Nuclear Regulatory Commission (NRC) office and federal regulation references.

4. Summary of the new rule or change:
In Section R313-36-1, the reference to Subsection 19-3-103.1(1)(a) in the Radiation Control Act is added to the list to be consistent with changes made to this act by S.B. 88 (2020). Subsection 19-3-103.1(1)(a) states that "the Board may make rules ... that are necessary to implement this part [the Radiation Control Act]." Consequently, it is appropriate to include that reference with the other statutory references in Section R313-36-1 for added clarity and consistency. In Section R313-36-3, the proposed changes correct the referenced NRC office to the current office, "Office of Nuclear Material Safety and Safeguards", correct the reference from "30.6(a)(2)" to "30.6(b)(2)", and delete the phrase "such as Section 21.21" to be accurate with corresponding text in the appropriate places in 10 CFR Part 34 of the federal regulations. Corresponding references in Part 34 do not include the phrase "such as Section 21.21".

(g) "Section R313-12-110" for references to "Section 30.6(a) of this chapter" except as used in 10 CFR 34.43(a)(1);
3. Purpose of the new rule or reason for the change:

Rule R313-37 incorporates selected sections of 10 CFR Part 37, Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material. The proposed changes update the date of the incorporation by reference from 2017 to 2020 to incorporate minor corrections made by the Nuclear Regulatory Commission (NRC) and published in the June 28, 2018 (83 FR 30285), November 21, 2018 (83 FR 58721), and November 18, 2019 (84 FR 63565), issues of the Federal Register. By updating this date, the minor corrections made by the NRC in the referenced Federal Registers are incorporated into the state radiation control rules. As an Agreement State with the NRC for the radioactive materials program, Utah is required to maintain regulatory compatibility with the corresponding NRC radioactive materials regulations. While the proposed changes are minor in nature, the NRC designated the changes as necessary for an Agreement State to adopt in order to maintain regulatory compatibility with the NRC. Also, the other proposed changes add the additional statutory reference to Subsection19-3-103.1(1)(a) due to changes made to Radiation Control Act by S.B. 88 passed in the 2020 General Session, and correct references to the appropriate NRC office and federal regulation references.

4. Summary of the new rule or change:

In Section R313-37-1, the reference to Subsection 19-3-103.1(1)(a) in the Radiation Control Act is added to the list to be consistent with changes made to this act by S.B. 88 (2020). Subsection 19-3-103.1(1)(a) states that "the Board may make rules ... that are necessary to implement this part [the Radiation Control Act]." Consequently, it is appropriate to include that reference with the other statutory references in Section R313-37-1 for added clarity and consistency. In Section R313-37-3, the date of the incorporation by reference to selected sections of 10 CFR Part 37 is updated from 2017 to 2020. This results in incorporating the minor changes made by the NRC in the above referenced Federal Registers to: update references to the appropriate NRC office and related websites; add the phrase "list of individuals that have been approved for unescorted access" to designated paragraphs in Section R313-37.43; and correct the reference of "30.6(a)(2)" to "30.6(b)(2)" in Subsection R313-37.45(b). Also in Section R313-37-3, the other proposed changes: delete references to designated offices in the NRC so that applicable radioactive material licensees in Utah are to also submit the information already required to be submitted to the director of the Division of Waste Management and Radiation Control (DWMRC); correct referenced text from 10 CFR Part 37; and delete "second instance" since there is only one instance in the referenced subsection (10 CFR 37.77(c)(1)).

Fiscal Information

5. Aggregate anticipated cost or savings to:

### Notice of Continuation: June 30, 2017

### Authorizing, and Implemented or Interpreted Law: 62A-3-201 to 208; 62A-3-104
The Insurance Department’s insurance analysts will comply with Rules R590-167, R590-277, and limited long-term care policies subject to Title 31A, Chapters 30 and 45 that supplement rates. It clarifies that this rule does not apply to policies subject to Title 31A, Chapters 30 and 45 that comply with Rules R590-167, R590-277, and limited long-term care policies subject to Rule R590-285. The change to Subsection R590-85-5(1) sets the medical expense coverage minimum loss ratio for a non-renewable form at 65% and a short-term limited duration health insurance form at 75%. The enforcement date is removed because the rule is already in effect.

**Fiscal Information**

5. **Aggregate anticipated cost or savings to:**

   **A) State budget:**

   There is no anticipated cost or savings to the state budget. The Insurance Department’s insurance analysts will assume these standards into their daily reviews.

   **B) Local governments:**

   There is no anticipated cost or savings to local governments. This rule sets the minimum loss ratio for insurers that want to offer a short-term limited duration health insurance.

   **C) Small businesses** ("small business" means a business employing 1-49 persons):

   There is no anticipated cost or savings to small businesses. This rule sets the minimum loss ratio for insurers that want to offer a short-term limited duration health insurance.

   **D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

   There is no anticipated cost or savings to non-small businesses. If an insurer elects to offer short-term limited duration health insurance, it will need to comply with the minimum loss ratio as stated in this rule. However, this does not constitute money the insurer would pay to the state or another entity; rather, it is money that is set aside by the insurer to ensure it has sufficient funds to cover losses.

   **E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

   There is no anticipated cost or savings to any other persons. This rule sets the minimum loss ratio for insurers that want to offer short-term limited duration health insurance.

   **F) Compliance costs for affected persons:**

   There are no compliance costs for any affected persons. If an insurer elects to offer short-term limited duration health insurance, it will need to comply with the minimum loss ratio as stated in this rule. However, this does not constitute money the insurer would pay to the state or another entity; rather, it is money that is set aside by the insurer to ensure it has sufficient funds to cover losses.

(ii) an optionally renewable form is 60%;

(iii) a conditionally renewable form is 55%;

(iv) a guaranteed renewable form is 55%; and

(2) Rate Changes. With respect to the filing of a rate change for a previously filed form, the standards of this subsection shall be met.

General Information

2. Rule or section catchline:

R590-244. Individual and Agency Licensing Requirements

3. Purpose of the new rule or reason for the change:

The rule is being amended to eliminate a requirement that has been removed from statute, add a requirement that insurers and agencies report terminations to the Insurance Department (Department), and allow nonresident licensees to report information changes online.

The changes to Section R590-244-12 require an insurance agency to provide particular information to the Department when the agency reports that it has terminated its relationship with an agent based on a violation the Insurance Code. The Department will be better equipped to investigate the violation if that information is provided when the notice of termination is given.

The changes to Section R590-244-13 are needed to address the fact that the Department's vendors, SIRCON and NIPR, now accept online reports of changes to a Department licensee's information from one nonresident state to another.

The changes also remove the enforcement date, update the severability language, and make a number of clerical fixes.

4. Summary of the new rule or change:

The change to Section R590-244-8 eliminates a requirement to obtain a navigator license that is no longer required by Utah statute.

The changes to Section R590-244-11 require an insurance company to provide particular information to the Department when the company reports that it has terminated its relationship with an agency based on a violation the Insurance Code. The Department will be better equipped to investigate the violation if that information is provided when the notice of termination is given.

The changes to Section R590-244-12 require an insurance agency to provide particular information to the Department when the agency reports that it has terminated its relationship with an agent based on a violation the Insurance Code. The Department will be better equipped to investigate the violation if that information is provided when the notice of termination is given.

The changes to Section R590-244-13 are needed to address the fact that the Department's vendors, SIRCON and NIPR, now accept online reports of changes to a Department licensee's information from one nonresident state to another.

The changes also remove the enforcement date, update the severability language, and make a number of clerical fixes.

B) Local governments:

There is no anticipated cost or savings to local governments. The changes apply to insurers and insurance agencies, and do not affect local governments.

C) Small businesses ("small business" means a business employing 1-49 persons):

There is no anticipated cost or savings to small businesses. Insurance agencies already collect the information they are being required to provide, and so should not incur extra costs to report such information. The other changes do not require any action.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses. Insurers already collect the information they are being required to provide, and so should not incur extra costs to report such information. The other changes do not require any action.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

There is no anticipated cost or savings for any other persons. The changes apply to insurers and insurance agencies, and do not affect other entities.

F) Compliance costs for affected persons:

There are no compliance costs for any affected persons. Insurers and agencies already collect the information they are being required to provide, and so should not incur extra costs to report such information. The other changes do not require any action.

insurance policy. Small businesses have the option to purchase this new type of product but are not mandated to purchase it.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

If an insurer elects to offer a short-term limited duration health insurance policy, there will be associated business costs to initiate this type of product. The Department does not have information to quantify those implementation and ongoing costs because the Department cannot know each insurer's business costs.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There is no anticipated cost or savings to any other persons. This rule sets standards for those insurers that want to offer a short-term limited duration health insurance policy. An entity may incur costs if they elect to purchase this optional coverage.

**F) Compliance costs for affected persons:**

A short-term limited duration health insurance policy is an optional product that is being made available to insurers to offer to individuals and businesses. If an insurer elects to offer a short-term limited duration health insurance policy, there will be associated business costs to initiate this type of product. The Department does not have information to quantify those implementation and ongoing costs because the Department cannot know each insurer's business costs.

Each institution shall establish policies and processes governing small purchases.  
6.1. Each institution shall establish the maximum expenditure that may qualify as a small purchase.  
6.2. Each institution may establish expenditure thresholds and procurement requirements related to those thresholds in relation to small purchases, including:  
6.2.1. Purchasing Cards or P-Card: Purchasing card programs establish a more efficient method of paying for low-dollar transactions.  Institutions shall establish procedures that govern card issuance, card-holder training, and auditing of purchasing card transactions.  
6.2.2. Requests for Quotation or RFQ: Institutions shall seek competition whenever practicable.  RFQs involve soliciting quotes from two or more known vendors.  Each institution should establish procedures regarding the acceptance of phone, fax, and email quotes.  
6.2.3. Small-dollar Purchase Orders.  
6.2.4. Reimbursements.  
6.2.5. Petty Cash.  

R765-571a-7. Solicitations.

7.1.5. Institutions shall evaluate bids based on the criteria included in the IFB. Criteria not included in the IFB may not be used to evaluate bids.

7.1.6. Contracts shall be awarded with reasonable promptness by notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the IFB.

7.1.7. Unless otherwise established by policy, institutions shall resolve tie bids by having the president or designee toss a coin in the presence of a minimum of two witnesses with the firm first in alphabetical order being heads.

7.1.8. Institutions may handle bids as otherwise permitted by Title 63G, Chapter 6a, Utah Procurement Code, including, but not limited to, rejecting bids, cancelling the IFB, and using a reverse auction process.

7.2. Request for Proposal or RFP: An RFP process may be used instead of the IFB process if the unsuccessful bidder determines, in writing, that the RFP process will provide the best value to the institution.

7.2.1. An RFP shall comply with Section 63G-6a-703.

7.2.2. RFPs must be publicly advertised as outlined in Title 63G, Chapter 6a, Utah Procurement Code.

7.3.2. Negotiate fees;

7.3.3. Make a purchase; or

7.3.4. Enter into a contract.

7.4. Request for Statement of Qualifications or RFSQ: An institution may use a RFSQ process to prequalify potential bidders or offerors to provide any type of procurement item and limit participation in an IFB or RFP to the prequalified potential bidders or offerors. An institution may also use a RFSQ process to create an approved vendor list. A RFSQ process is a supplemental procurement process described in Section 63G-6a-410.

7.4.1. A RFSQ in a multiple-stage procurement process shall comply with Subsection 63G-6a-410(4).

7.4.2. A RFSQ in an approved vendor list process shall comply with Subsection 63G-6a-410(5).

7.5. Approved Vendor List Procurement Process: Each institution may establish policies and processes governing approved vendor lists and award contracts using methods that comply with Title 63G, Chapter 6a, Utah Procurement Code and this rule.

7.5.2. Selection of Vendors: Institutions choosing to use a vendor list shall select vendors based on a rotation system, the assignment of vendors to a specified geographic area, classifying vendors by particular expertise, qualifications or field, or some other method in accordance with a written, public, and fair process.

7.5.3. Removal of Vendors from the Approved Vendor List: Institutions choosing to use an approved vendor list shall include a statement indicating that vendors whose performance does not meet the minimum performance rating threshold may be disqualified and removed from the approved vendor list.

R765-571a-8. Exceptions to Procurement Requirements.

Each institution shall establish policies, rules, and processes governing exceptions to procurement requirements that comply with Title 63G, Chapter 6a, Utah Procurement Code and this rule. Institutions may award a contract for a procurement item without using a standard procurement process under the following circumstances and in compliance with Section 63G-6a-802:

8.1. Sole Source Procurement - A standard procurement process is not required where there is only one source for a procurement item.

8.1.1. Notice of a sole source procurement must be published in accordance with Subsection 63G-6a-802(3) if the cost of the procurement item exceeds the amount established by Title 63G, Chapter 6a, Utah Procurement Code except where excluded under Section R765-571a-8.6.

8.2. Transitional Cost - A standard procurement process is not required where transitional costs are a significant consideration in selecting a procurement item and the results of a cost benefit analysis demonstrate that transitional costs are unreasonable or cost-prohibitive and that the awarding of a contract without engaging in a standard procurement process is in the best interest of the institution.

8.2.1. Notice of a procurement based on transitional cost must be published in accordance with Subsection 63G-6a-802(3) if the cost of the procurement item exceeds the amount established by Title 63G, Chapter 6a, Utah Procurement Code except where excluded under Section R765-571a-8.6.

8.3. Circumstances in which the Standard Procurement Process is Impractical and Not in Institution’s Best Interests: Institutions may establish policies and procedures that designate circumstances under which the standard procurement process is impractical and not in the best interest of the institution. Although the president or designee may add additional criteria, the following are procurements that are deemed to make the awarding of a contract through a standard procurement process impractical or contrary to the institution's best interests.
8.5.3. protecting the legal interests of the institution.

8.5.2. avoiding harm, or a risk of harm, to the public health, safety, welfare, or property; or

8.5.1. avoiding a lapse in a critical government service;

These procurements shall be made with as much competition as reasonably practical while:

8.3.2. a procurement item where the most important consideration in obtaining the item is the compatibility of equipment, technology, software, accessories, replacement parts, or service;

8.3.3. unique research materials;

8.3.4. instructional materials or other needed items for curriculum purposes based on pedagogical need and academic freedom of instructors;

8.3.5. membership fees, conference registrations, seminars, subscriptions to intellectual content;

8.3.6. conference venues and associated meals and entertainment at said venues;

8.3.7. used equipment when determined to be more practical or advantageous to the institution;

8.3.9. library journals, periodicals, and rare books;

8.3.10. athletic game guarantees;

8.3.12. broadcasting rights, television programming, and associated fees;

8.3.13. original works of art;

8.3.14. study abroad travel expenses;

8.3.15. travel, including commercial airfare and hotels;

8.3.16. sub-recipients of sponsored projects contributing to the scope of work for the project;

8.3.17. supplies or services required by the National Collegiate Athletic Association or the institution's athletic conference;

8.3.18. institutional sponsorship of third parties;

8.3.19. a procurement item from a specific supplier, service provider, or contractor that is a condition of a grant that will fund the cost of the supply, service, or construction item;

8.3.20. publications of an article, manuscript, research paper in a professional journal, periodical, or other source;

8.3.21. original equipment manufacturer parts, supplies, maintenance, and service when determined to be in the best interest of the institution; and

8.3.22. a procurement item from a specific supplier, service provider, or contractor that is a condition of a donation or sponsorship that will fund the cost of the supply, service, or construction item. Neither state funds nor institutional funds may be added to the donation or sponsorship in order to make an award under the provisions of this section;

8.4. Trial Use - The institution may award a contract for a procurement item without competition if the requirements of Section 63G-6a-802.3 are met and the president or designee determine in writing that the procurement item is needed for trial use or testing to determine whether the procurement item will benefit the institution.

8.5. Emergency Procurement - Emergency procurement is appropriate when an emergency condition exists that limits the capability of the institution to obtain competition. An emergency condition is a situation described in Subsection 63G-6a-803(1). These procurements shall be made with as much competition as reasonably practical while:

8.5.1. avoiding a lapse in a critical government service;

8.5.2. avoiding harm, or a risk of harm, to the public health, safety, welfare, or property; or

NOTICES OF
120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that regular rulemaking procedures would:

- cause an imminent peril to the public health, safety, or welfare;
- cause an imminent budget reduction because of budget restraints or federal requirements; or
- place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the 120-DAY RULE is printed. New text is underlined (example) and text to be deleted is struck out with brackets surrounding the deleted text ([example]). An emergency rule that is new is entirely underlined. Likewise, an emergency rule that repeals an existing rule shows the text completely struck out. A row of dots in the text (. . . . . . .) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective when filed with the Office of Administrative Rules, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule. Because of its temporary nature, a 120-DAY RULE is not codified as part of the Utah Administrative Code.

The law does not require a public comment period for 120-DAY RULES. However, when an agency files a 120-DAY RULE, it may file a PROPOSED RULE at the same time, to make the requirements permanent.

Emergency or 120-DAY RULES are governed by Section 63G-3-304, and Section R15-4-8.
