EXECUTIVE DOCUMENTS

Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues EXECUTIVE DOCUMENTS, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor's Office staff files EXECUTIVE DOCUMENTS that have legal effect with the Office of Administrative Rules for publication and distribution.

EXECUTIVE ORDER
2021-10

Requiring Water Conservation Due to Drought Conditions

WHEREAS, the state of Utah experienced a record dry and near record hot calendar year in 2020;

WHEREAS, the statewide snowpack reached approximately 81% of normal and peaked 10 days early;

WHEREAS, soil moisture reached exceptionally low levels not previously seen since soil moisture monitoring began in 2006;

WHEREAS, low soil moisture has already adversely affected the spring runoff;

WHEREAS, the state's reservoir storage has decreased 14% over the past year;

WHEREAS, all forecasts for spring runoff for the state are below 76% of the state seasonal average;

WHEREAS, the United States Department of Agriculture currently has listed 28 primary and one contiguous county in Utah under the Secretarial Disaster Designation for drought;

WHEREAS, these extreme drought conditions have adversely and significantly impacted agribusiness and livestock production, as well as wildlife and natural habitats;

WHEREAS, increased recreation in dry vegetative conditions has contributed to an increased and prolonged threat of wildfire across the state;

WHEREAS, drought conditions that require mitigation are expected to persist;

NOW, THEREFORE, I, Spencer J. Cox, Governor of the State of Utah, hereby order the following:

1. As used in this Order:
   a. "State facility" means a building or structure that is owned or controlled by the state or a state governmental entity.
   b. "State facility" does not mean a building or structure that is owned or controlled exclusively by:
      i. the legislative branch of the state;
      ii. the judicial branch of the state;
      iii. the Attorney General's Office;
      iv. the State Auditor's Office;
      v. the State Treasurer's Office;
      vi. the State Board of Education; or
      vii. an independent entity as defined in Utah Code § 63E-1-102.
c. “State governmental entity” means any department, board, commission, institution, agency, or institution of higher education.

2. A state governmental entity may not water landscapes at a state facility between 10:00 a.m. and 6:00 p.m.

3. A state governmental entity shall do the following at all state facilities:
   a. follow the conservewater.utah.gov weekly lawn watering guide;
   b. evaluate opportunities to update irrigation technology with devices that are WaterSense certified and include rain and wind shutoff functions and soil moisture sensors;
   c. manually shut off systems during rain and wind events in areas without rain and wind sensors;
   d. audit and repair all landscape irrigation systems so they are operating at maximum acceptable efficiency;
   e. evaluate opportunities to limit turf areas surrounding facilities and replace turf with waterwise plants;
   f. evaluate opportunities to replace inefficient plumbing fixtures with WaterSense certified low-flow fixtures;
   g. evaluate opportunities to update facility-management technology to include metering for water-consuming processes related to irrigation, domestic, and mechanical systems;
   h. implement leak-detection and repair programs for both indoor and outdoor water use;
   i. conduct periodic checks of state facility restrooms, boiler rooms, etc., to ensure appliances are working at maximum efficiency;
   j. use the Utah Division of Water Resources as a resource to implement water efficient methods, technologies, and practices.

I further make the following recommendations:

1. Water suppliers and irrigation companies should:
   a. where possible, delay the start of the irrigation season or end irrigation early;
   b. encourage efficient landscape watering; and
   c. as needed, contact the Division of Water Resources for assistance with developing a drought response plan.

2. Cities and counties should consider developing and implementing water restriction plans for the upcoming irrigation season. Also, consider implementing the same practices that are recommended for state facilities at city and county buildings.

3. Residential water users should consider the following conservation practices:
   a. delay outdoor irrigation or end irrigation early;
   b. follow the weekly lawn watering guide at https://conservewater.utah.gov/guide.html;
   c. fix irrigation inefficiencies;

   f. follow the directions of local water providers;
   g. convert turf areas to waterwise landscapes;
   h. be an advocate of water efficiency by setting an example and help educate friends and neighbors on the importance of water conservation; and
   i. reduce indoor water waste.

This Order is effective immediately and shall remain in effect until otherwise modified, amended, rescinded, or superseded.

IN WITNESS, WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Utah. Done in Salt Lake City, Utah, on this, the 3rd day of May, 2021.

End of the Executive Documents Section
NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between April 16, 2021, 12:00 a.m., and April 30, 2021, 11:59 p.m., are included in this, the May 15, 2021, issue of the *Utah State Bulletin*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the **RULE ANALYSIS**, the text of the **PROPOSED RULE** is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them ([example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (........) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a **PROPOSED RULE** is too long to print, the Office of Administrative Rules may include only the **RULE ANALYSIS**. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Bulletin* until at least June 14, 2021. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through September 12, 2021, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. **Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.**

**PROPOSED RULES** are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

The Proposed Rules Begin on the Following Page

Please address questions regarding information on this notice to the agency.

General Information
2. Rule or section catchline:
R13-4. In-State Work Location Rule
3. Purpose of the new rule or reason for the change:
This rule establishes the conditions under which employees may work outside of the state, provides that employees’ tax withholdings be paid to the state, and provides for the security of state information technology systems. The following positive outcomes will accrue from the rule: 1) it will provide employment opportunities to citizens of the state; 2) it will keep state income tax paid by state employees in the state; and 3) it will minimize costs borne by the state to provide workers’ compensation and liability coverage for out-of-state workers.

4. Summary of the new rule or change:
This rule sets the fundamental condition that work performed for the state be performed in the state. It also establishes conditions under which agencies and employees may allow for work to be performed outside of the state.

Fiscal Information
5. Aggregate anticipated cost or savings to:
A) State budget:
There will be no cost to the state budget. Existing processes in the Divisions of Finance and Risk Management, and Departments of Human Resource Management and Technology Services can accommodate these requirements using existing resources. Some financial benefit will accrue to the state; estimating the benefit is predicated on knowing how many employees who would have worked outside the state do not do so. This is currently impossible to estimate.

B) Local governments:
There will be no cost or savings to local governments. The rule affects only employees of the state’s executive branch.

C) Small businesses ("small business" means a business employing 1-49 persons):
There will be no cost or savings to small businesses. The rule affects only employees of the state’s executive branch.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There will be no cost or savings to non-small businesses. The rule affects only employees of the state’s executive branch.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
There will be no cost or savings to other persons. The rule affects only employees of the state’s executive branch.

F) Compliance costs for affected persons:
Compliance costs for this rule are primarily opportunity costs. Individuals wishing to work for the state’s executive branch will need to consider the general rule that work for the state must occur in the state.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information

2. Rule or section catchline:
   R426-8. Emergency Medical Services Ground Ambulance Rates and Charges

3. Purpose of the new rule or reason for the change:
   Section 26-8a-403 mandates the Department of Health (Department) set ground ambulance rates. This is performed annually and made effective on the first day of the new fiscal year.

4. Summary of the new rule or change:
   The rule amendments increase the ground ambulance rates by 5%. This includes the mileage rate for patient transportation. Rates are determined based on analysis of fiscal data collected from all ground ambulance providers.

Fiscal Information

5. Aggregate anticipated cost or savings to:
   A) State budget:
   No anticipated costs or saving to the state budget. The amendments do not affect costs or revenues since the state does not provide ground ambulance services.

   B) Local governments:
   Eighty local governments including counties, cities, towns, and special service districts provide ground ambulance services based licensed issued by the Department.

   Anticipated revenues for local governments that provide ground ambulance services will have a net increase of 1.6% based on a gross rate increase of 5%. The net revenue increase is based on a statewide estimate of allowable billing charges compared to actual revenue collections. Factors that reduce billable charges to collected revenues include fixed payer amounts for Medicare, Medicaid, and Veterans, non-payments, negotiated payments, and private insurance payments. Mileage rates are included as part of the 5% increase to compensate increased market vehicle costs. Financial data is obtained directly from all ground ambulance providers. Local government operated ground ambulance patient transports total is estimated at 86,382 based on the previous reported calendar year.

   Increased rates will require additional costs for local governments to the State EMS Medicaid fund of an additional estimate of $2 per transport. 86,382 (total estimated transports) X $2 (EMS Medicaid assessment rate increase) = $172,764 (estimated local government costs).

   Gross revenues for local governments are estimated from past annual fiscal reports and billing data. Gross revenue estimate from patient transports for 2020 is $133,632,950. $133,632,950 X 1.6% (net effect of 5% raise in rate) = $2,138,127 increase benefits estimate.

   Net revenues for local governments are calculated as follows: $2,138,127 (gross revenue increase estimate) - $172,764 (Medicaid assessment increase) = $1,965,363 (net revenue or benefit for local governments).

   C) Small businesses ("small business" means a business employing 1-49 persons):
   One small business operates an ambulance service in Utah based on licenses issued by the Department.

   Anticipated revenues for small businesses that provide ground ambulance services will have a net increase of 1.6% based on a gross rate increase of 5%. The net revenue increase is based on a statewide estimate of allowable billing charges compared to actual revenue collections. Factors that reduce billable charges to collected revenues include fixed payer amounts for Medicare, Medicaid, and Veterans, non-payments, negotiated payments, and private insurance payments. Mileage rates are included as part of the 5% increase to compensate increased market vehicle costs. Financial data is obtained directly from all ground ambulance providers. Small business operated ground ambulance patient transports total is estimated at 373 based on the previous reported calendar year.
Increased rates will require additional costs for small businesses to the State EMS Medicaid fund of an additional estimate of $2 per transport. 373 (total estimated transports) X $2 (EMS Medicaid assessment rate increase) = $746 (estimated small business costs).

Gross revenues for small businesses are estimated from past annual fiscal reports and billing data. Gross revenue estimate from patient transports for 2020 is $652,750. $652,750 X 1.6% (net effect of 5% raise in rate) = $10,444 increase benefit estimate.

Net revenues for small businesses are calculated as follows: $10,444 (gross revenue increase estimate) - $746 (Medicaid assessment increase) = $9,698 (net revenue or benefit for small businesses).

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

Eight non-small businesses including one for profit and seven non-profit provide ground ambulance services based licensed issued by the Department.

Anticipated revenues for non-small businesses that provide ground ambulance services will have a net increase of 1.6% based on a gross rate increase of 5%. The net revenue increase is based on a statewide estimate of allowable billing charges compared to actual revenue collections. Factors that reduce billable charges to collected revenues include fixed payer amounts for Medicare, Medicaid, and Veterans, non-payments, negotiated payments, and private insurance payments. Mileage rates are included as part of the 5% increase to compensate increased market vehicle costs. Financial data is obtained directly from all ground ambulance providers. Non-small business operated ground ambulance patient transports total is estimated at 53,084 based on the previous reported calendar year.

Increased rates will require additional costs for non-small businesses to the State EMS Medicaid fund of an additional estimate of $2 per transport. 53,084 (total estimated transports) X $2 (EMS Medicaid assessment rate increase) = $106,168 (estimated non-small business costs).

Gross revenues for non-small businesses are estimated from past annual fiscal reports and billing data. Gross revenue estimate from patient transports for 2020 is $82,120,948. $82,120,948 X 1.6% (net effect of 5% raise in rate) = $1,313,935 increase benefit estimate.

Net revenues for non-small businesses are calculated as follows: $1,313,935 (gross revenue increase estimate) - $106,168 (Medicaid assessment increase) = $1,207,761 (net revenue or benefit for non-small businesses).

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

There will be costs due to increasing federal Medicaid funding for ground ambulance EMT base rates. Federal payments to ground ambulance providers totaled $19,671,072 for January 1, 2020, to December 31, 2020. A 5% increase would be an estimated cost of $983,554.

F) Compliance costs for affected persons:

Compliance costs remain unchanged.

General Information
2. Rule or section catchline:
R432-725-4. Definitions

3. Purpose of the new rule or reason for the change:
The purpose of this amendment is to modify the definition of "personal care services". The amendment is needed due to a statutory change from the 2020 General Session, H.B. 274. The Division of Occupational and Professional Licensing (DOPL) oversees the Nurse Practice Act, which resulted in amendments from the same legislation. The Nurse Practice Act now has a list of tasks that do not need to be delegated. This amendment will comply with the statute and rule changes for DOPL.

4. Summary of the new rule or change:
This amendment modifies the definition of "personal care services". The previous definition listed specific tasks which could be performed under the Personal Care Agency rule. The amended definition allows any services provided to assist an individual with activities of daily living which do not require the delegation or direct supervision of a licensed health care professional. The Health Facility Committee reviewed and approved this rule amendment on 02/10/2021.

Fiscal Information
5. Aggregate anticipated cost or savings to:
A) State budget:
State government personal care agency survey process was thoroughly reviewed. This change will not impact the
current process for licensure and re-licensure surveys. No change to the state budget is expected.

B) Local governments:

Local government city business licensing requirements were considered. This proposed rule amendment should not impact local governments' revenues or expenditures. Personal care agencies are regulated by the state health department and not local governments. There will be no change in local business licensing or any other item(s) with which local governments are involved.

C) Small businesses (*small business* means a business employing 1-49 persons):

After conducting a thorough analysis, it was determined that this rule amendment should not impact costs for small businesses Licensed Personal Care Agencies. The services provided remain the same, only the definition would be changed. There are 94 personal care agencies, as determined by the Department of Health’s licensing data system. (North American Industry Classification System (NAICS) codes used – Home Health Care Services 621610, reports 373 small businesses).

D) Non-small businesses (*non-small business* means a business employing 50 or more persons):

After conducting a thorough analysis, it was determined that this rule amendment should not impact costs for non-small business. There are no Personal Care Agencies that are non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities (*person* means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

After conducting a thorough analysis, it was determined that this rule amendment will not result in a fiscal impact to other persons because this amendment modifies the definition of "personal care services" and therefore, would not add cost for persons, businesses, or local government entities.

F) Compliance costs for affected persons:

After conducting a thorough analysis, it was determined that this rule amendment will not result in a fiscal impact to affected persons because this amendment modifies the definition of "personal care services" and therefore, would not add cost for affected persons.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

2. **Rule or section catchline:**
   - R434-40. Utah Health Care Workforce Financial Assistance Program Rules

**NOTICES OF PROPOSED RULES**
3. Purpose of the new rule or reason for the change:
During the 2020 General Session, the Utah Legislature, in H.B. 87, amended Section 26-46-102 governing the Utah Health Care Workforce Financial Assistance Program. Section 26-46-102 requires eligible professionals to submit a written commitment from the health care facility employing the eligible professional that the facility will provide education loan repayment assistance to the eligible professional in an amount equal to 20% of the total award amount provided to the eligible professional.

The existing rule is being amended to reflect both the requirement for the employing health care facilities to pay the 20% award match and the requirement for providers to submit written documentation of the commitment from their employer as part of the application process. In the 2021 General Session, the Utah Legislature made an ongoing appropriation of $300,000 for the program, of which $270,000 will be used for the benefit of participating health care professionals (after subtracting 10% of the appropriation for UDOH’s administration of the program).

Separately, the penalty clauses have been updated for simplicity and consistency with Rule R434-20, which covers the Behavioral Health Workforce Reinvestment Initiative.

4. Summary of the new rule or change:
Health care facilities employing eligible professionals must now provide education loan repayment assistance to the eligible professional in an amount equal to 20% of the total award amount provided to the eligible professional through the program. Eligible professionals must submit a written document confirming the “site match” before award approval. Participation in the program is voluntary for health care facilities; however, if the employing health care facility does not commit to providing the 20% match, the professional will not be able to participate in the loan repayment program.

Penalties for a recipient who fails to complete the service obligation shall be made in accordance with the grant agreement. Previously, this rule spelled out a range of actions that applied to recipients.

Agency Authorization Information

| Agency head or designee, and title: | John Barrand, Executive Director | Date: | 04/28/2021 |

R477-8-1. Workweek.

1. The state's standard workweek begins Saturday at 12:00 a.m. and ends the following Friday at 11:59 p.m. FLSA non-exempt employees may not deviate from this workweek.

2. State offices are typically open Monday through Friday from 8:00 a.m. to 5:00 p.m. Agencies may adopt alternative business hours under Section 67-25-201.

3. Agency management shall establish work schedules and may approve a flexible starting and ending time for an employee as long as scheduling is consistent with overtime provisions of Section R477-8-4.

4. An employee is required to work the assigned schedule and be at work on time. When an employee is late, regardless of the reason, including inclement weather, management may require the employee to use accrued leave, leave without pay, or adjust their work schedule to account for the lost time.
5. An employee's time worked is calculated in increments of 15 minutes. This rule incorporates by reference 29 CFR 785.48 (2012) for rounding practices when calculating time worked.

R477-8-2. Telecommuting Work.

Telecommuting work is an option, not a universal employee benefit. Agencies utilizing a telecommuting work program shall:

1. Establish a written policy governing telecommuting work;
2. Enter into a written agreement with each participating employee to specify conditions, such as use of state or personal equipment, protecting confidential information, and results such as identifiable benefits to the state and how customer needs are being met;
3. Require participating employees to comply with overtime rules;
4. Prohibit compensation for normal commute time; and
5. Document telecommuting work authorization.

1. Management may require each full time work day to include a minimum of 30 minutes non-compensated lunch period at the discretion of agency management. An employee's lunch period may not be at the beginning or end of their work day.
2. An employee may take a 15 minute compensated break period for every four hours worked. Break periods may not be accumulated to accommodate a shorter work day or longer lunch period.
3. Management may allow compensated exercise release time up to three days per week for 30 minutes.

(a) Participating agencies shall have a written policy regarding exercise release time.
(b) Work time exercise that is a bona fide job requirement is not subject to this section.
5. As requested and after consultation with an employee, management shall grant reasonable, daily break periods for the first year following the birth of a child to allow an employee to express breast milk for her child. Management shall provide:
   (a) A private location, other than a restroom, shall be provided; and
   (b) Appropriate temporary storage shall be provided for expressed milk.

R477-8-4. Overtime Standards.

1. Management may direct an employee to work overtime. Each agency shall develop internal rules and procedures to ensure overtime usage is efficient and economical. These policies and procedures shall include:
   (a) Prior supervisory approval for any overtime worked;
   (b) Recordkeeping guidelines for any overtime worked; and
   (c) Verification that there are sufficient funds for compensatory time.

2. Overtime compensation designations are identified for each job title in the human resource information system as either FLSA non-exempt or FLSA exempt. An employee may appeal the FLSA designation to the agency human resource field office. Further appeals may be filed directly with the United States Department of Labor, Wage and Hour Division. Sections 67-19a-3163A-17-602, 67-19a-301, and Title 63G, Chapter 4, Administrative Procedures Act may not be applied for FLSA appeals purposes.

3. An FLSA non-exempt employee may not work more than 40 hours a week without management approval. Overtime shall accrue when the employee actually works more than 40 hours a week. Leave and holiday time taken within the work period may not be hours worked when calculating overtime accrual. Hours worked over two or more weeks may not be averaged with the exception of certain types of law enforcement, fire protection, and correctional employees.

Once an employee reaches the maximum, management shall pay any additional overtime on the payday for the period in which it was earned.
   (b) Management shall pay compensatory time balances for an FLSA non-exempt employee down to zero at the rate of pay in the old position in the same pay period that the employee is:

Please address questions regarding information on this notice to the agency.

General Information

2. Rule or section catchline:

R590-254. Annual Financial Reporting Rule

3. Purpose of the new rule or reason for the change:

This rule is being amended to add an internal audit requirement for Utah insurance companies with more than $500,000,000 in annual premiums. This will help ensure that large insurance companies doing business in Utah appropriately mitigate risk by having an independent internal audit function.

4. Summary of the new rule or change:

The change adds a section requiring internal audits for large Utah insurance companies. It also makes several changes to bring this rule in alignment with current rulewriting standards and updates the severability language.

Fiscal Information

5. Aggregate anticipated cost or savings to:

A) State budget:

There is no anticipated cost or savings to the state budget. The amendment affects only insurance companies, most of which already have internal audit functions or are exempt because they do not meet the premium threshold described in this rule.

B) Local governments:

There is no anticipated cost or savings to local governments. The amendment affects only insurance companies.

C) Small businesses ("small business" means a business employing 1-49 persons):
There is no anticipated cost or savings to small businesses. The affected insurance companies are all non-small companies with more than 50 employees.

D) **Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses. For an insurance company to comply with this rule, they would only need to form an internal audit committee of existing employees, which would not result in an added cost.

E) **Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

There is no anticipated cost or savings to any other persons. The amendment affects only insurance companies.

F) **Compliance costs for affected persons:**

There are no expected compliance costs for any affected persons. The majority of insurance companies active in Utah are either exempt from this amendment because they don't meet the premium threshold, or they already have an independent internal audit function. A company that does not meet either of those exceptions would need to form an internal audit committee, which could be comprised of the existing board of directors or current employees, and would not result in an added cost.

G) **Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

R590-254-2. Purpose and Scope.  
(1) The purpose of this rule is to improve the commissioner's surveillance of the financial condition of insurers by requiring the submission of the following reports and documents:

(b) communication of internal control related matters noted in an audit; and  
(c) management's Report of Internal Control over Financial Reporting.  
(2) This rule applies to every insurer, as defined in Section R590-254-3.  
(3) An insurer shall be exempt from this rule for the calendar year if an insurer:  
(a) has direct written premium of less than $1,000,000 written in this state in any calendar year; and  
(b) less than 1,000 policyholders or certificate holders of direct written policies nationwide at the end of the calendar year.

(5) A foreign or alien insurer filing an audited financial report in another state, pursuant to that state's requirement for filing of audited financial reports, which has been found by the commissioner to be substantially similar to the requirements in this rule, is exempt from Sections R590-254-4 through R590-254-13.  
(6) The exemption under Subsections (3)(a) and (3)(b) shall apply unless:

The commissioner may require an insurer to file an audited financial report earlier than June 1 with 90 days advance notice to the insurer.

(2) Extensions of the June 1 filing date may be granted by the commissioner for 30 day periods upon a showing by the insurer and its independent certified public accountant of the reasons for requesting an extension and determination by the commissioner of good cause for an extension. The request for extension must be submitted in writing not less than 10 days prior to the due date in sufficient detail to permit the commissioner to make an informed decision with respect to the requested extension.

(3) If an extension is granted in accordance with the provisions in R590-254-4Subsection (2), a similar extension of 30 days is granted to the filing of Management's Report of Internal Control over Financial Reporting.

department of the state of domicile that relate to accounting and financial matters and affirming that the accountant will express [his or her]lan opinion on the financial statements in terms of their conformity to the statutory accounting practices prescribed or otherwise permitted by that insurance department, specifying such exceptions as [his or her] the accountant may believe appropriate.

(4) If an accountant who was the accountant for the immediately preceding filed audited financial report is dismissed or resigns, the insurer shall:

(a) within five business days notify the commissioner of this event;

(b) furnish the commissioner with a separate letter within 10 business days of the above notification stating whether in the 24 months preceding such event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure; which disagreements, if not resolved to the satisfaction of the former accountant, would have caused [him or her] the accountant to make reference to the subject matter of the disagreement in connection with [his or her]lan opinion:

(i) the disagreements required to be reported in response to this section include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction[;] and

(ii) disagreements contemplated by this section are those that occur at the decision-making level, i.e., between personnel of the insurer responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report[;] and

(c) in writing, request the former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for which [his or her] the accountant does not agree; and the insurer shall furnish the response letter from the former accountant to the commissioner together with its own.

(1) The commissioner [shall] may not recognize a person or firm as a qualified independent certified public accountant if the person or firm:

(a) is not in good standing with the AICPA and in all states in which the accountant is licensed to practice, or, for a Canadian or British company, that is not a chartered accountant; or

(b) has either directly or indirectly entered into an agreement of indemnity or release from liability, collectively referred to as indemnification, with respect to the audit of the insurer.

(2) Except as otherwise provided in this rule, the commissioner shall recognize an independent certified public accountant as qualified as long as [he or she] the accountant conforms to the standards of [his or her] the profession, as contained in the Code of Professional Ethics of the AICPA and Rules and Regulations and Code of Ethics and Rules of Professional Conduct of the Utah Division of Occupational and Professional Licensing for Accountancy, or similar code.

(3) A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under Chapter 31A-27a, the mediation or arbitration provisions shall operate at the option of the statutory successor.

(4)(a) The lead, or coordinating, audit partner, having primary responsibility for the audit, may not act in that capacity for more than five consecutive years.

(i) The person shall be disqualified from acting in that or a similar capacity for the same company or its insurance subsidiaries or affiliates for a period of five consecutive years.

(ii) An insurer may [make application] apply to the commissioner for relief from the above rotation requirement on the basis of unusual circumstances.

(iii) This application should be made at least 30 days before the end of the calendar year. The commissioner may consider the following factors in determining if the relief should be granted:

(A) number of partners, expertise of the partners or the number of insurance clients in the currently registered firm;

(B) premium volume of the insurer; or

(C) number of jurisdictions in which the insurer transacts business.

(b)(i) The insurer shall file, with its annual statement filing, the approval for relief from R590-254-7Subsection (4)(a) with the states that it is licensed in or doing business in and with the NAIC.

(ii) If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

(5) The commissioner [shall] may neither recognize as a qualified independent certified public accountant, nor accept an annual audited financial report, prepared in whole or in part by, a natural person who:

(a) has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. Sections 1961 to 1968, or any dishonest conduct or practices under federal or state law;

(b) has been found to have violated the insurance laws of this state with respect to any previous reports submitted under this rule; or

(c) has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this rule.

(6) The commissioner, as provided in Subsection 31A-2-201(4), may, as provided in Subsection 31A-2-201(5), hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing [his or her]lan opinion on the financial statements in the annual audited financial report made pursuant to this rule and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this rule.

(7)(a) The commissioner [shall] may not recognize as a qualified independent certified public accountant, nor accept an annual audited financial report, prepared in whole or in part by an accountant who provides to an insurer, contemporaneously with the audit, the following non-audit services:

(i) bookkeeping or other services related to the accounting records or financial statements of the insurer;

(ii) financial information systems design and implementation;

(iii) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;

(iv) actuarially-oriented advisory services involving the determination of amounts recorded in the financial statements[;] except that:

(A) The accountant may assist an insurer in understanding the methods, assumptions, and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer's financial statements[.] and
(B) An accountant's actuary may also issue an actuarial opinion or certification "opinion" on an insurer's reserves if the following conditions have been met:
   (I) neither the accountant nor the accountant's actuary has performed any management functions or made any management decisions;
   (II) the insurer has competent personnel, or engages a third[-party actuary, to estimate the reserves for which management takes responsibility; and
   (III) the accountant's actuary tests the reasonableness of the reserves after the insurer's management has determined the amount of the reserves;
   (v) internal audit outsourcing services;
   (vi) management functions or human resources;
   (vii) broker or dealer, investment adviser, or investment banking services;
   (viii) legal services or expert services unrelated to the audit; or
   (ix) any other services that the commissioner determines, by rule, are impermissible.
(b) In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three basic principles, violations of which would impair the accountant's independence. The accountant:
   (i) cannot function in the role of management[;]
   (ii) cannot audit [i.e., review] the accountant's own work; and
   (iii) cannot serve in an advocacy role for the insurer.
(8) Insurers having direct, or 100% reinsurance agreement that affects the solvency and integrity of the insurer is part of a group of insurance companies that utilizes a pooling method. In such cases, a columnar consolidating or combining worksheet shall be filed with the report, as follows:
   (1) the aggregate amount of all such non-audit services provided to the insurer constitutes not more than 5% of the total amount of fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the non-audit services are provided;
   (ii) the services were not recognized by the insurer at the time of the engagement to be non-audit services; and
   (iii) the services are promptly brought to the attention of the audit committee and approved prior to the completion of the audit by the audit committee or by one or more members of the audit committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the audit committee.
(11)(a) The audit committee may delegate to one or more designated members of the audit committee the authority to grant the preapprovals required by [R590-254-7]Subsection (10).
   (b) The decisions of any member to whom this authority is delegated shall be presented to the full audit committee at each of its scheduled meetings.
(12)(a)(i) The commissioner shall may not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer, was employed by the independent certified public accountant and participated in the audit of that insurer during the one-year period preceding the date that the most current statutory opinion is due.
   (ii) This section shall only apply to partners and senior managers involved in the audit.
   (iii) An insurer may apply to the commissioner for relief from the above requirement on the basis of unusual circumstances.
   (b)(i) The insurer shall file, with its annual statement filing, the approval for relief from [R590-254-7]Subsection (12)(a) with the states that it is licensed in or doing business in and the NAIC.
   (ii) If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

NOTICES OF PROPOSED RULES
R590-254-8. Consolidated or Combined Audits.
   An insurer may make written application to the commissioner for approval to file audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies that utilizes a pooling or 100% reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer cedes all of its direct and assumed business to the pool. In such cases, a columnar consolidating or combining worksheet shall be filed with the report, as follows:
   (1) amounts shown on the consolidated or combined audited financial report shall be shown on the worksheet;
   (2) amounts for each insurer subject to this section shall be stated separately;
   (3) noninsurance operations may be shown on the worksheet on a combined or individual basis;
   (4) explanations of consolidating and eliminating entries shall be included; and
   (5) a reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual statements of the insurers.
   (1) Financial statements furnished pursuant to Section R590-254-5 shall be examined by the independent certified public accountant.
   (2) The audit of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards.
   (3) In accordance with AU Section 319 of the Professional Standards of the AICPA, Consideration of Internal Control in a Financial Statement Audit, the independent certified public accountant should obtain an understanding of internal control sufficient to plan the audit.
NOTICES OF PROPOSED RULES

(4) To the extent required by AU 319, for those insurers required to file a Management's Report of Internal Control over Financial Reporting pursuant to Section R590-254-16, the independent certified public accountant should consider, as that term is defined in Statement on Auditing Standards (SAS) No. 102, Defining Professional Requirements in Statements on Auditing Standards or its replacement, the most recently available report in planning and performing the audit of the statutory financial statements.

(5) Consideration shall be given to the procedures illustrated in the Financial Condition Examiners Handbook promulgated by the National Association of Insurance Commissioners as the independent certified public accountant deems necessary.

(1) The insurer required to furnish the annual audited financial report shall require the independent certified public accountant to report, in writing, within five business days to the board of directors or its audit committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the commissioner as of the balance sheet date currently under audit or that the insurer does not meet the minimum capital and surplus requirement of Title 31A, Insurance Code, as of that date.

(a) An insurer that has received a report pursuant to this paragraph shall forward a copy of the report to the commissioner within five business days of receipt of the report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the commissioner.

(b) If the independent certified public accountant fails to receive the evidence within the required five business day period, the independent certified public accountant shall furnish to the commissioner a copy of its report within the next five business days.

(2) No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with the above paragraph if the statement is made in good faith in compliance with Section R590-254-10 if the statement is made in good faith in compliance with Volume 1, Section AU 561 of the Professional Standards of the AICPA.

(1) In addition to the annual audited financial report, each insurer shall furnish the commissioner with a written communication as to any unremediated material weaknesses in its internal control over financial reporting noted during the audit.

(a) Such communication shall be prepared by the accountant within 60 days after the filing of the annual audited financial report, and shall contain a description of any unremediated material weakness, as the term material weakness is defined by Statement on Auditing Standard 60, Communication of Internal Control Related Matters Noted in an Audit, or its replacement, as of December 31 immediately preceding, so as to coincide with the audited financial report discussed in Subsection R590-254-1(1), in the insurer's internal control over financial reporting noted by the accountant during the course of their audit of the financial statements.

(b) If no unremediated material weaknesses were noted, the communication should so state.

(2) The insurer is required to provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if the actions are not described in the accountant's communication.

(1) The accountant shall furnish the insurer in connection with, and for inclusion in, the filing of the annual audited financial report, a letter stating:

[(a)] that the accountant is independent with respect to the insurer and conforms to the standards of the profession as contained in the Code of Professional Ethics and pronouncements of the AICPA and the Rules of Professional Conduct of the Utah Division of Occupational and Professional Licensing for Accountancy, or similar code;

[(b)] that the accountant understands the annual audited financial report and that the accountant's opinion thereon will be filed in compliance with this rule and that the commissioner will be relying on this information in the monitoring and regulation of the financial position of insurers;

[(c)] that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA; and

[(d)] that the accountant consents to the requirements of Section R590-254-13 of this rule and that the accountant and the commissioner agree to make available for review by the commissioner, or the commissioner's designee or appointed agent, the workpapers, as defined in Section R590-254-13;

[(e)] a representation that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA; and

[(f)] a representation that the accountant is in compliance with the requirements of Section R590-254-17 of this rule.

(2) Nothing within this rule shall be construed as prohibiting the accountant from utilizing such staff as he or she deems appropriate where use is consistent with the standards prescribed by generally accepted auditing standards.

(1)(a) Workpapers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant's audit of the financial statements of an insurer.

(b) Workpapers may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of company documents, and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of the audit of an insurer and which support the accountant's opinion.

(2)(a) Each insurer required to file an audited financial report pursuant to this rule, shall require the accountant to make available for review by insurance department examiners, all workpapers prepared in the conduct of the accountant's audit and any communications related to the audit between the accountant and the insurer, at the offices of the insurer, at the insurance department or at any other reasonable place designated by the commissioner.
(b) The insurer shall require that the accountant retain the audit workpapers and communications until the insurance department has filed a report on examination covering the period of the audit but no longer than seven years from the date of the audit report.

(3)(a) In the conduct of the aforementioned periodic review by the insurance department examiners, it shall be agreed that photocopies of pertinent audit workpapers may be made and retained by the department.

(b) Such reviews by the department examiners shall be considered investigations and all working papers and communications obtained during the course of such investigations shall be afforded the same confidentiality as other examination workpapers generated by the department.

R590-254-14. Requirements for Audit Committees.

(1) This section shall not apply to foreign or alien insurers licensed in this state or an insurer that is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity.

(2) The audit committee shall be directly responsible for the appointment, compensation, and oversight of the work of any accountant, including resolution of disagreements between management and the accountant regarding financial reporting, for the purpose of preparing or issuing the audited financial report or related work pursuant to this rule. Each accountant shall report directly to the audit committee.

(3) Each member of the audit committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to R590-254-14, Subsection (6) and Subsection R590-254-3(3).

(4) In order to be considered independent for purposes of this section, a member of the audit committee:

(a) may not, other than in [his or her,] the capacity as a member of the audit committee, the board of directors, or any other board committee, accept any consulting, advisory or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary of the entity; or

(b) if law requires board participation by otherwise non-independent members, that law shall prevail and such members may participate in the audit committee and be designated as independent for audit committee purposes, unless they are an officer or employee of the insurer or one of its affiliates.

(5) If a member of the audit committee ceases to be independent for reasons outside the member's reasonable control, that person, with notice by the responsible entity to the state, may remain an audit committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one year from the occurrence of the event that caused the member to be no longer independent.

(6) To exercise the election of the controlling person to designate the audit committee for purposes of this rule, the ultimate controlling person shall provide written notice to the commissioners of the affected insurers.

(a) Notification shall be made timely prior to the issuance of the statutory audit report and include a description of the basis for the election.

(b) The election can be changed through notice to the commissioner by the insurer, which shall include a description of the basis for the change.

(c) The election shall remain in effect for perpetuity, until rescinded.

(7)(a) The audit committee shall require the accountant that performs for an insurer any audit required by this rule to timely report to the audit committee in accordance with the requirements of SAS 61, Communication with Audit Committees, or its replacement, including:

(i) all significant accounting policies and material permitted practices;

(ii) all material alternative treatments of financial information within statutory accounting principles that have been discussed with management officials of the insurer, ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the accountant; and

(iii) other material written communications between the accountant and the management of the insurer, such as any management letter or schedule of unadjusted differences.

(b) If an insurer is a member of an insurance holding company system, the reports required by R590-254-14, Subsection (7)(a) may be provided to the audit committee on an aggregate basis for insurers in the holding company system, provided that any substantial differences among insurers in the system are identified to the audit committee.

(8) The proportion of independent audit committee members shall meet or exceed the following criteria:

Note A: The commissioner has authority afforded by state law to require the entity's board to enact improvements to the independence of the audit committee membership if the insurer is in an RBC action level event, meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or otherwise exhibits qualities of a troubled insurer. Note B: All insurers with less than $500,000,000 in prior year direct written and assumed premiums are encouraged to structure their audit committees with at least a supermajority of independent audit committee members. Note C: Prior calendar year direct written and assumed premiums shall be the combined total of direct premiums and assumed premiums from non-affiliates for the reporting entities.

(9)(a) An insurer with direct written and assumed premium, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than $500,000,000 may make application to the commissioner for a waiver from the requirements of Section R590-254-14 based upon hardship.

(b) The insurer shall file, with its annual statement filing, the approval for relief from Section R590-254-14 with the states that it is licensed in or doing business in and the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

(1) An insurer is exempt from the requirements of this section if:

(b) if the insurer is a member of a group of insurers, the group has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than $1,000,000,000.

(b) The assurance required by Subsection (2)(a) shall be provided by:

(i) performing general and specific audits, reviews, and tests; and

   (A) protect assets;
   (B) evaluate control, effectiveness, and efficiency; and
   (C) evaluate compliance with policies and regulations.

(3) The internal audit function must be organizationally independent.

(4) The internal audit function may not defer ultimate judgment on audit matters to others.

(c) material findings from completed audits; and

(a) the ultimate controlling parent level;
(b) an intermediate holding company level; or
(c) the individual legal entity level.

(2) No officer or director of an insurer, or any other person acting under the direction thereof, shall directly or indirectly take any action to coerce, manipulate, mislead, or fraudulently influence any accountant engaged in the performance of an audit pursuant to this rule if that person knew or should have known that the action, if successful, could result in rendering the insurer's financial statements materially misleading.

General Information

2. Rule or section catchline:

R746-8-301. Calculation and Application of UUSF Surcharge

3. Purpose of the new rule or reason for the change:

The purpose of this rule amendment is to decrease the monthly Utah Universal Public Telecommunications Service Support Fund (UUSF) remittal amount from $0.54 to $0.36 per access line to ensure the UUSF remains at a manageable level to meet the fund's statutory obligations and does not accrue unreasonable balances beyond those obligations. The Public Service Commission (PSC) expresses appreciation to the Division of Public Utilities in the Department of Commerce for providing the analysis necessary to consider and implement this rule amendment.

4. Summary of the new rule or change:

This amendment decreases the monthly UUSF surcharge from $0.54 to $0.36 per access line. The amendment makes three textual edits, revising the rule's three references to the $0.54 surcharge to reflect the new $0.36 surcharge. As explained in the purpose box above, the decrease in the surcharge is necessary to ensure the UUSF can meet statutory obligations while remaining within policy norms. The amendment also makes two nonsubstantive corrections to a subheading and to an internal cross-reference. Unless public comment convinces the PSC to alter its plans, the PSC anticipates making this rule amendment effective on July 1, 2021.

Fiscal Information

5. Aggregate anticipated cost or savings to:

A) State budget:

This surcharge change will reduce the balance accruing in the UUSF, helping maintain the performance objective set by the Utah Legislature to maintain at least three months' worth of fund distributions without accruing an unreasonable balance above that amount. The only other impact on the state budget is the impact on state offices that are telecommunications customers. Because the surcharge is passed on by providers to customers, every telecommunications customer will experience a reduction of $0.18 in their monthly bill.

B) Local governments:

The only impact on local governments will be in their capacity as telecommunications customers. Because the surcharge is passed on by providers to customers, every telecommunications customer will experience a reduction of $0.18 in their monthly bill.
C) Small businesses ("small business" means a business employing 1-49 persons):

The only impact on small businesses will be in their capacity as telecommunications customers. Because the surcharge is passed on by providers to customers, every telecommunications customer will experience a reduction of $0.18 in their monthly bill.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

The only impact on non-small businesses will be in their capacity as telecommunications customers. Because the surcharge is passed on by providers to customers, every telecommunications customer will experience a reduction of $0.18 in their monthly bill.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

Affected—All customers who are billed for an access line presently pay $0.54 per month per access line for the UUSF surcharge. Under the new $0.36 rate, all such customers will pay $0.18 less per month per access line. Presently, an average of 3,404,736.67 access lines are assessed the surcharge every month. At the current rate, this results in approximately $1,838,557.80 being assessed the surcharge every month. At the current rate, this results in approximately $1,838,557.80 being collected from such customers to fund the UUSF on a monthly basis. Under the new rate, these customers will cumulatively pay approximately $1,225,705.20 per month, generating approximately $14,708,462.40 per year and $1,225,705.20 per month as compared to the current rate to fund the UUSF. While the proposed reduction in the rate will result in a reduction of $612,852.60 per month, or $7,354,231.21 per year, in the balance of the UUSF, as compared to the current rate to fund the UUSF, this has no fiscal impact on any group. No group will experience a fiscal "benefit" or "savings" because the funds collected, or funds saved, are specifically earmarked for UUSF spending. The PSC presently does not have access to the commercially sensitive information that would be necessary to determine what portion of the access lines paying the surcharge are small businesses, larger businesses, or individuals. However, this decrease should affect all customers and customer classes equally on a per access line basis.

F) Compliance costs for affected persons:

All telecommunications customers currently paying this surcharge will experience a reduction of $0.18 in their monthly bill.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

H) Department head approval of regulatory impact analysis:

PSC Chair Thad LeVar has reviewed and approved this fiscal analysis.

6. A) Comments by the department head on the fiscal impact this rule may have on businesses:

All telecommunications customers in Utah will experience a reduction of $0.18 in their monthly telecommunications bill. This will better align the Utah Universal Service Fund with the performance goal of maintaining a sufficient balance in the fund to pay three months' worth of disbursements, without accruing an unnecessary balance above that threshold. I appreciate the detailed analysis done by the Division of Public Utilities in the Department of Commerce that provided the PSC the necessary information to consider and implement this surcharge reduction.

B) Name and title of department head commenting on the fiscal impacts:

Thad LeVar, Chair
shall consider the customer's place of primary use to be:
residential street address or primary business street address.

in accordance with the Mobile Telecommunications Sourcing Act, 4
U.S.C. Sec. 116 et seq.

representative of where the customer's use of the telecommunications

service primarily occurs.

(i)  generates revenue that is subject to a universal service

fund surcharge in a state other than Utah for the relevant month for

which the provider omits the UUSF surcharge;

(ii)  for the relevant month for which the provider omits

the UUSF surcharge, was not used to access Utah intrastate

telecommunications services; or

(iii) subject to Subsection 746-8-301(3)(a) shall:

(i) maintain documentation for at least 36 months that the

omission complied with Subsection 746-8-301(3)(a); and

(ii) consent to any audit of the documentation requested by

the:

(A) Commission; or

(B) Division of Public Utilities.

(c) A provider who omits any USSF surcharge pursuant to
Subsection 746-8-301(3)(a) shall report monthly to the Division of
Public Utilities, using a method approved by the Division, the number

General Information

2. Rule or section catchline:
   R986-700. Child Care Assistance

3. Purpose of the new rule or reason for the change:
   The purpose of this rule change is to implement changes to Child Care assistance eligibility in accordance with H.B. 277 passed in the 2021 General Session and other Department of Workforce Services (DWS) policy changes made to the Child Care assistance program.

4. Summary of the new rule or change:
   During the 2021 General Session, the Legislature passed H.B. 277, Child Care Eligibility Amendments, which directed DWS, Office of Child Care (OCC) to make rule changes to temporarily pay Child Care assistance based on enrollment and waive copayment fees. Additionally, income in-kind is no longer counted as income to the household.

   The following OCC policy changes are also being implemented:
   1) Allow foster care families to be eligible for Child Care assistance based on income and work requirements.
   2) Exempt the work requirements for parents enrolled in a formal course of study to obtain a High School diploma or GED.
   3) Extend the Homeless Child Care assistance program to 12 months to align with federal Child Care and Development Fund (CCDF) regulations regarding the minimum length of time an approved household is eligible for subsidy payments.

   This rule change also makes technical, conforming, and stylistic changes in accordance with the Rulewriting Manual for Utah.

5. Aggregate anticipated cost or savings to:

   A) State budget:
   This proposed rule change is not expected to have any fiscal impact on state government revenues or expenditures because any costs will be paid with funds granted to the state through the federal CCDF. This rule change is not expected to have any fiscal impact on state budget revenues or expenditures that were not already accounted for by H.B. 277 (2021).

   B) Local governments:
   This proposed rule change is not expected to have any fiscal impact on local governments' revenues or expenditures because the program is federally-funded and does not rely on local governments for funding, administration, or enforcement.

   C) Small businesses ("small business" means a business employing 1-49 persons):
   There are potentially 1,646 small businesses providing child care services (North American Industry Classification System (NAICS) 624410) that could accept subsidy payments in Utah. Subsidy benefits are paid directly to providers for the cost of child care. It is expected that this rule change will result in additional families being eligible for subsidy, which could result in an increase in the enrollment of families in child care. The changes related to H.B. 277 (2021) will stabilize the subsidy payments issued to child care providers without regard to attendance changes on a month-to-month basis, as well as a larger issuance amount that includes CCDF covering the cost of the copayment. The changes related to H.B. 277 (2021) will allow providers to receive up to $12,000,000 annually in copayments without collecting from households directly. It is estimated that subsidy recipients will receive an additional $5,450,000 annually for the policy changes made in addition to those required by H.B. 277 (2021).

   Providers include both small businesses and non-small businesses. These businesses will receive a portion of the additional annual subsidy payments, which will result in increased revenues each year. There are too many variables to precisely separate the benefits between small and non-small businesses. In the chart below, the benefits...
D) Non-small businesses (*non-small business* means a business employing 50 or more persons):

There are four non-small businesses providing child care services (NAICS 624410) that could accept subsidy payments in Utah. Subsidy benefits are paid directly to providers for the cost of child care. It is expected that the policy changes will result in additional families being eligible for subsidy, which could result in an increase in the enrollment of families in child care. The changes related to H.B. 277 (2021) will stabilize the subsidy payments issued to child care providers without regard to attendance changes on a month-to-month basis, as well as a larger issuance amount that includes CCDF covering the cost of the copayment. The changes related to H.B. 277 (2021) will allow providers to receive up to $12,000,000 annually in copayments without collecting from households directly. It is estimated that subsidy recipients will receive an additional $5,450,000 annually for the policy changes made in addition to those required by H.B. 277 (2021).

Providers include both small businesses and non-small businesses. These businesses will receive a portion of the additional annual subsidy payments, which will result in increased revenues each year. There are too many variables to precisely separate the benefits between small and non-small businesses. In the chart below, the benefits have been listed as benefits to small businesses, since the majority of subsidy payments are made to small-business providers. However, some benefit will go to non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities (*person* means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

It is expected that the rule change will result in additional families being eligible for child care subsidy benefits. In the chart below, the benefits have been listed as benefits to small businesses, since payments are made directly to providers, rather than directly to households. However, households will receive the benefit of the child care services paid for by the subsidy payments.

F) Compliance costs for affected persons:

The proposed rule change is not expected to cause any compliance costs for affected persons including those on or those newly eligible for subsidy payments.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable fiscal impacts will be included in narratives above.)

R986. Workforce Services, Employment Development.
R986-700. Child Care Assistance.

(1) The terms used in this rule are defined in Sections 35A-3-102, and 35A-3-201.

(2) In addition:

(a) "ALJ" means Administrative Law Judge.

(b) "Applicant" means any person requesting CC.

(c) "Approved Provider" means a provider who meets the requirements in Section R986-700-726.

(d) "CC" means Child Care assistance or subsidy.

(e) "CCDF" means Child Care and Development Fund.

(f) "Certification period" as it relates to a recipient of CC is the period of time for which CC is presumptively approved.

(g) "Client" means an applicant for, or recipient of, CC.

(h) "Child" includes children and vice versa.

[i] "Child Care Provider" or "Provider" means any person, individual or corporation, institution or organization that provides child care services.

[j] (1) "Approved Provider" means a provider who meets the requirements in R986-700-726.

[k] (2) Child Care assistance is available, as funding permits, to the following clients who are employed or are participating in activities that lead to employment:

(l) a parent[s], including a foster care parent who receives foster care reimbursement from the Utah Department of Human Services, Division of Family and Child Care Services (DCFS), or its successor;

(m) specified relatives; or

(n) clients who have been awarded custody or appointed guardian of the child by court order and both parents are absent from the home. If there is no court order, an exception can be made on a case by case basis in unusual circumstances by the Department program specialist.

(o) Child care is provided only for children living in the home and only during hours when neither parent is available to provide care for the children. To be eligible, the child must have a need for at least eight hours of child care per month as determined by the Department.

(p) If a client is eligible to receive CC, the following children, living in the household unit, are eligible:

(q) children under the age of 13 years; and
NOTICES OF PROPOSED RULES

(b) children up to the age of 18 years if the child[a] (i) meets the requirements of [rule]Section R986-700-717[; and], or

(ii) is under court supervision.

(5) Clients who qualify for CC[care about child care services] will be paid if and as funding is available. When the child care needs of eligible applicants exceed available funding, applicants will be placed on a waiting list. Eligible applicants on the list will be served as funding becomes available. Special needs children, homeless children, and FEP or FEPTP eligible children will be prioritized at the top of the list and will be served first. "Special needs child" is defined in [rule]Section R986-700-717.

(6) Payments are issued monthly based on a client's eligibility for services in that month. The amount of CC might not cover the entire cost of care.

(7) A client is only eligible for CC if the client has no other options available for child care. The client is encouraged to obtain child care at no cost from a parent, sibling, relative, or other suitable provider. If suitable child care is available to the client at no cost from another source, CC cannot be provided.

(8) Child Care assistance can only be provided by an eligible provider approved by the Department and will not be provided for illegal or unsafe child care. Illegal child care is care provided by any person or facility required to be licensed or certified but where the provider has not fulfilled the requirements necessary to obtain the license or certification.

(9) Child Care assistance will not be paid for the care of a client's own child[ren] during the time the client is working as a caregiver in the same residential setting where care is being provided. Child Care assistance will not be approved where the client is working for an approved child care center and regularly watches the client's own children at the center or has an ownership interest in the child care center. Child Care assistance will not be paid for the care of a client's own child[ren] if the client is also the licensee or is a stockholder, officer, director, partner, manager, or member of a corporation, partnership, limited liability partnership or company, or similar legal entity providing the CC.

(10) Neither the Department nor the state[ of Utah] is liable for injuries that may occur when a child is placed in child care even if the parent receives CC from the Department.

(11) [Foster care parents receiving payment from the Department of Human Services are not eligible to receive CC for the foster children.

(12) ]Once eligibility for CC has been established, eligibility must be reviewed once every twelve months. The review is not complete until the client has completed, signed, and returned each[all] necessary review form[ s] to the local office. Each[All] requested verification[s] must be provided at the time of the review. If the Department determines the household's gross monthly income exceeds the percentage of the state median income as determined by the Department in Subsection R986-700-710(3), the Department may terminate CC even if the certification period has not expired.

In addition to the client rights and responsibilities found in Rule R986-100, the following client rights and responsibilities apply:

(1) A client has the right to select the type of child care which best meets the family's needs.

(2) If a client requests help in selecting a provider, the Department will refer the client to the local Care About Child Care agency.

(3) A client must verify the client's identity. Benefits will not be denied or withheld if a client chooses not to provide a Social Security Number if the client is otherwise eligible. A client is not required to provide a Social Security Number. Social Security Numbers that are supplied will be verified. If a Social Security Number is provided but is not valid, the Department will request further verification to confirm the individual's identity.

(4) A client is responsible for monitoring the child care provider. The Department will not monitor the provider.

(5) A client is responsible to pay all costs of care charged by the provider. If the CC[care assistance] payment provided by the Department is less than the amount charged by the provider, the client is responsible for paying the provider the difference.

(6) The only changes a client must report to the Department within ten days of the change occurring are:

(a) that the household's gross monthly income exceeds the percentage of the state median income as determined by the Department in Subsection R986-700-710(3);

(b) when the client no longer needs child care;

(c) a change of address;

(d) a child receiving child care moves out of the home;

(e) a change in the child care provider, including when care is provided at no cost;

(f) when the child has stopped attending child care; and

(g) when the child is no longer enrolled in child care.

(7) Allowable temporary changes.

(a) The following are allowable temporary changes:

(i) time-limited absences from work due to medical or other emergency, such as maternity leave, bed rest, or temporary medical issues of the client or an immediate family member living in the client's home if the client is responsible for the immediate family member's care;

(ii) temporary fluctuations in earnings or hours, such as summer break for teachers or seasonal hours changes for IRS employees, that would otherwise have the effect of causing the client to fail to meet the minimum work requirements for eligibility;

(iii) scheduled holidays or breaks in a client's educational training schedule;

(iv) an eligible child turning 13 years old during an eligibility review period, unless the child no longer has a need for child care;

(v) a client who has been approved for ongoing [care assistance] Care assistance at application or recertification and has a permanent loss of employment may remain eligible through the remainder of that certification period; and

(vi) a client who has been approved for ongoing [care assistance] Care assistance but has not attended child care for at least eight hours during the month for which CC was authorized.

(b) A client who experiences an allowable temporary change after having been approved for ongoing [care assistance] Care assistance may continue to receive CC[care payments] at the same level for the remainder of the certification period.

(8) Once an eligibility determination is made and a full month's payment and copayment is assessed, benefits will be paid at the same level during the remainder of the certification period so long as the client remains eligible, except that:

(a) The Department may act on reported changes that result in a participation increase or copayment decrease[es] and
(b) Benefits may be reduced if a child care provider reports a lower monthly charge or the client changes to a different child care provider.

[819] If an overpayment is established and it is determined that the client was at fault in the creation of the overpayment, the client must repay the overpayment to the Department. [in some situations.] The Department may find that the client and provider [may be] jointly liable, or responsible, for the overpayment. In the case of joint liability, both parties can be held liable for the entire overpayment.

(910) The Department is authorized to release the following information to the designated provider:
(a) limited information regarding the status of a CC payment including that no payment was issued or services were denied;
(b) the date the CC payment [child care subsidy] was issued;
(c) the CC payment [subsidy] amount for that provider;
(d) the copayment amount;
(e) information available in the Department Provider Portal. The Provider Portal provides a provider with computer access to limited, secure information;
(f) the month the client is scheduled for review;
(g) the date the client's application was received; and
(h) general information about what additional information [and/or verification is needed to approve CC such as the client's work schedule and income.] (1) "Copayment" means a dollar amount which is deducted from the standard CC subsidy for Employment Support CC. The copayment is determined on a sliding scale and the amount of the copayment is based on the parent(s) countable earned and unearned income and household size.

[10] The following clients are not subject to the copayment:
(a) clients at or below 100% of the poverty level;
(b) clients receiving transitional CC [child care] and FEP CC as provided in [rule Section R986-700-708]; or
(c) other households in accordance with CCDF guidance.

R986-700-709. Employment Support (ES) CC.
(1) Parents who are not eligible for FEP CC may be eligible for Employment Support (ES) CC. [To be eligible, a parent must be employed or be employed while participating in educational or training activities. Work Study is not considered employment. A parent who attends school but is not employed at least 15 hours per week, is not eligible for ES CC. ES CC will only be provided to cover the hours a client needs child care for work or work and approved educational or training activities.]
(2) Employment Support CC is available in the following circumstances:
(a) In a single-parent household, the single parent must be the custodial parent of the eligible child and must:
(i) employed an average of at least 15 hours per week;
(ii) employed to the single parent's full capacity if the single parent has a disability that has been verified and confirmed by the Department;
(iii) enrolled and participating in either an in-person, formal course of study or online courses with a set class schedule to obtain a high school diploma or equivalent General Education Diploma (GED); or
(iv) employed an average of at least 15 hours per week and participating in education and training activities as defined in Section R986-700-711.
(b) Two-parent households,
(i) In a two-parent household, the parents must be:
(A) employed, with one parent employed an average of at least 30 hours per week and the second parent employed an average of at least 15 hours per week;
(B) employed to both parents' full capacities if one or both parents has a disability that has been verified and confirmed by the Department;
(C) employed, with one parent employed an average of at least 30 hours per week and the second parent employed an average of at least 15 hours per week and participating in education and training activities as defined in Section R986-700-711; or
(D) enrolled and participating in an in-person, formal course of study or online courses with a set class schedule to obtain a high school diploma or GED.
(I) Employment Support CC may be provided when both parents are employed and participating in a formal course of study to obtain a high school diploma or GED.
(II) Employment Support CC may be provided when one parent is working and the second parent is participating in the formal course of study to obtain a high school diploma or GED.
(iii) Employment Support CC shall be provided to two-parent households only when neither the parents' work schedules nor course schedules can be changed to provide care for the parents' child.
(c) Self-employed parents.
(i) Self-employed parents may receive ES CC if they meet the minimum work requirements and earn wages or profit from self-employment at a rate equal to at least minimum wage, calculated by dividing the wage or profit earned through self-employment by the number of hours worked in the timeframe used to determine eligibility.

(ii) A self-employed parent shall submit business records for the most recent three-month period of self-employment to establish that the self-employed parent is earning at least minimum wage.

(iii) An exception to the requirement that a self-employed parent earn at least minimum wage may apply if the self-employed parent has a barrier to other types of employment.

(3) Employment Support CC shall be provided to cover the hours the parent needs child care for employment or approved educational or training activities.

(4) Disability:
(a) A household may verify a disability under this section by establishing:
   (i) the disabled parent has an inability to earn a minimum of $500 per month;
   (ii) the disabled parent has a temporary physical, emotional, or mental incapacity expected to last 30 days or longer that has been verified by the household by submitting the following, and the incapacity is confirmed by the Department:
      (A) evidence that the disabled parent receives disability benefits from SSA if it proves the incapacity prevents the parent from providing care for the parent's child;
      (B) a determination by VA that the parent is 100% disabled if it proves the incapacity prevents the parent from providing care for the parent's child; or
      (C) a written statement from a licensed:
         (I) medical doctor;
         (II) doctor of osteopathy;
         (III) Mental Health Therapist as defined in Section 58-60-102;
         (IV) Advanced Practice Registered Nurse; or
         (V) Physician's Assistant; and
      (iii) in a two-parent household, the disabled parent is unable to provide care for the child while the other parent is employed.
   (b) A parent who is employed and earning more than $500 per month or participating in educational or training activities will not be considered disabled under this section unless the Department confirms the disability.

(5) As used in this section the term "employment" does not include:
(a) Americorps* Vista, Job Corps and other similar training activities; or
(b) Work Study activities.

[1] (2) If the household has only one parent, the parent must be employed at least an average of 15 hours per week. An exception may be made to the minimum work requirements with Department approval when a parent with a disability is employed at his or her full capacity and provides requested documentation and verification.

(3) If the family has two parents, CC can be provided if:
(a) one parent is employed at least an average of 30 hours per week and the other parent is employed at least an average of 15 hours per week and their work schedules cannot be changed to provide care for the child(ren). An exception may be made to the minimum work requirements with Department approval when both parents are employed at their full capacity and provide requested documentation and verification. CC will only be provided during the time both parents are in approved activities and neither is available to care for the children; or
(b) one parent is employed and the other parent cannot work, or is not capable of earning $500 per month and cannot provide care for their own children because of a physical, emotional or mental incapacity. Any employment or educational or training activities invalidate a claim of incapacity except if approved by the Department. The incapacity must be expected to last 30 days or longer. The individual claiming incapacity must verify the incapacity and why the incapacity prohibits them from providing care for their children in the following ways:
   (i) receipt of disability benefits from SSA if it proves the incapacity prohibits the client from providing care for their children;
   (ii) 100% disabled by VA if it proves the incapacity prohibits the client from providing care for their children;
   (iii) by submitting a written statement from:
      (A) a licensed medical doctor;
      (B) a doctor of osteopathy;
      (C) a licensed Mental Health Therapist as defined in UCA 58-60-102;
      (D) a licensed Advanced Practice Registered Nurse; or
      (E) a licensed Physician's Assistant.

(4) Employed or self-employed parent client(s) must make, either through wages or profit from self-employment, a rate of pay equal to or greater than minimum wage multiplied by the number of hours the parent is working. To be eligible for ES CC, a self-employed parent must provide business records for the most recent three month period to establish that the parent is likely to make at least minimum wage. If a parent has a barrier to other types of employment, exceptions can be made in extraordinary cases with the approval of a program specialist.

(5) Americorps*Vista is not supported. Job Corps activities are considered to be training and a client in the Job Corps would also have to meet the work requirements to be eligible for ES CC.

(6) Applicants must verify identity, but are not required to provide a Social Security Number (SSN) for household members.

R986-700-710. Income and Asset Limits for ES CC.

(1) Rule R986-200 is used to determine the following:
(a) [w]Who must be included in the household assistance unit for determining whose income must be counted to establish eligibility.

(b) one parent is employed and the other parent cannot work, or is not capable of earning $500 per month and cannot provide care for their own children because of a physical, emotional or mental incapacity. Any employment or educational or training activities invalidate a claim of incapacity except if approved by the Department. The incapacity must be expected to last 30 days or longer. The individual claiming incapacity must verify the incapacity and why the incapacity prohibits them from providing care for their children in the following ways:
   (i) receipt of disability benefits from SSA if it proves the incapacity prohibits the client from providing care for their children;
   (ii) 100% disabled by VA if it proves the incapacity prohibits the client from providing care for their children;
   (iii) by submitting a written statement from:
      (A) a licensed medical doctor;
      (B) a doctor of osteopathy;
      (C) a licensed Mental Health Therapist as defined in UCA 58-60-102;
      (D) a licensed Advanced Practice Registered Nurse; or
      (E) a licensed Physician's Assistant.

(4) Employed or self-employed parent client(s) must make, either through wages or profit from self-employment, a rate of pay equal to or greater than minimum wage multiplied by the number of hours the parent is working. To be eligible for ES CC, a self-employed parent must provide business records for the most recent three month period to establish that the parent is likely to make at least minimum wage. If a parent has a barrier to other types of employment, exceptions can be made in extraordinary cases with the approval of a program specialist.

(5) Americorps*Vista is not supported. Job Corps activities are considered to be training and a client in the Job Corps would also have to meet the work requirements to be eligible for ES CC.

(6) Applicants must verify identity, but are not required to provide a Social Security Number (SSN) for household members. Benefits will not be denied or withheld if a customer chooses not to provide an SSN if all factors of eligibility are met. SSN's that are supplied will be verified. If an SSN is provided but is not valid, further verification will be requested to confirm identity.]
(b) What is counted as income except:
   (i) the earned income of a [minor] child who is not a parent is not counted;
   (ii) child support, [including in-kind child support payments,] is counted as unearned income of the child, even if it exceeds the court or ORS ordered amount of child support, if the payments are made directly to the client. If the child support payments are paid to a third party, only the amount up to the court or ORS ordered child support amount is counted;
   (iii) earned and unearned income of SSI recipients is counted with the exception of the SSI benefit;
   (iv) if both parents are living in the household, the income of both parents is counted;
   (v) the income of each specified relative in the household must be counted; and
   (vi) the income of each foster parent in the household must be counted.
(c) [How to estimate income.]
   (2) The following income deductions are the only deductions allowed on a monthly basis:
   (a) the first $50 of child support received by the family;
   (b) court ordered and verified child support and alimony paid out by the household;
   (c) $100 for each person with countable earned income; and
   (d) a $100 medical deduction. The medical deduction is automatic and does not require proof of expenditure.
(3) The household's countable income, less applicable deductions in Subsection R986-700-710(2)(a)-(d) above, must be at, or below, a percentage of the state median income as determined by the Department. The Department will [adjust] the percentage of the state median income as funding permits. The percentage currently in use is available at the Department's administrative office.
(4) Charts establishing income limits and the copayment amounts are available at each local Department office.
(5) An independent living grant paid by DHS to a minor parent is not counted as income.
(6) If a non-applicant parent pays a portion of the child care costs directly to the applicant parent, that amount is counted as income. If the non-applicant parent pays the child care provider directly, that amount will be deducted from the amount the provider reports to the Department as the charge for the child. For example: The provider's monthly charge is $800 per month. The non-applicant parent pays $300 directly to the provider. The provider should report the charge of $500, as that is the portion the applicant parent is responsible to pay. The provider charge of $500 will be used in the benefit calculation when determining the amount of subsidy. If the court orders the non-applicant to pay one-half of the child care costs, the non-applicant parent must pay one-half of the total cost of child care.
(7) Clients must meet the CCDF asset limit.

   (1) Child Care assistance may be provided when the client[ ] is engaged in education or training and employment, provided the client[ ] meets the work requirements under Section R986-700-709(4).
   (2) The work requirement may be waived in accordance with Subsection R986-700-709(2)(a)(ii) or Subsection R986-700-709(2)(b)(i)(C) for a client who is unemployed and is enrolled in a formal course of study to obtain a high school diploma or equivalent (GED).

R986-700-727. Approved Provider Responsibilities.

(1) The provider shall assume the responsibility to collect any copayment and any other fee for child care services rendered. Neither the Department nor the state assumes responsibility for private payment to a provider.

   (a) A complete time and attendance record for each CC client must be kept for at least three years.
   (b) If a provider is not able to produce an accurate time and attendance record for a specific CC client for a specific month, there is a rebuttable presumption that the provider did not provide child care for that CC client during that month.

   (a) a reduced or part-time rate for an individual child in care, as applicable;
   (b) any rate change or other update that occurs for each child once a rate has been submitted in the Provider Portal;
   (c) a child is no longer enrolled in child care;
   (d) a child is not expected to be enrolled in child care the following month;
   (e) that the provider received a greater CC payment amount than what was charged to the client for the month of service;
   (f) that a child has never attended or attended less than eight hours in the first benefit month a CC payment was issued; or
   (g) the child is enrolled but has not attended within the last 90 days; or
   (h) a change in financial institution account information for direct deposit.

(5) Certification.
   (a) A licensed provider shall certify between the 25th of each month and the last day of the month, in a manner specified by the Department, the following:
      (i) the provider has reviewed each child's enrollment and attendance; and
(ii) the provider has reported any reportable change in each child's enrollment or attendance, including any future change known or expected by the provider.

(b) The provider shall certify that the provider agrees to the terms and conditions specified in the current Provider Guide.

(c) If a provider fails to certify by the last day of the month, CC payment may be withheld until certification is completed pursuant to Section R986-700-729. The Department may also increase monitoring or take other remedial action pursuant to OCC policy to ensure future compliance.

(6) A provider who is assessed an overpayment or IPV pursuant to Sections R986-700-731 or R986-700-732 may be subject to increased monitoring or other remedial action pursuant to OCC policy to ensure future compliance with program rules.

R986-700-728. Appropriate use of CC.

(1) Child Care assistance is to support an eligible client's monthly employment and any allowed training activity and allows for temporary absences and unforeseen circumstances.

(2) A provider must provide at least eight hours of care during the initial benefit month for which a CC payment was issued to be eligible for CC payment.

(a) A provider has the burden of proof to demonstrate the provider provided care to any CC client for which it receives CC payment.

(b) Pursuant to Subsection R986-700-727(2), if a provider is not able to produce a time and attendance record for a specific CC client for a specific month, there is a rebuttable presumption that the provider did not provide child care for that CC client during that month.

(3) Inappropriate use of a CC payment includes:

(a) applying the CC payment to a:

(i) copayment;
(ii) registration fee;
(iii) late fee;
(iv) field trip;

(b) carrying forward the CC payment for future months of service.

(4) An excess CC payment cannot be used to cover an outstanding balance, a copayment, a registration fee, a late fee, a field trip, or future services. If excess funds are issued for a month of service, the excess funds must be returned to the Department. The CC payment for the following month may be reduced to offset the over-issuance.

(5) A provider who receives a CC payment when the child was not enrolled is responsible for repayment of the resulting overpayment under Title 35A, Chapter 3, Part 6, Administrative Determination of Overpayment Act, and Sections R986-700-731 and R986-700-731.1, and there may be a disqualification period pursuant to Sections R986-700-733 and R986-700-734, and potential criminal prosecution under Title 76, Chapter 8, Public Assistance Fraud.

(6) A provider who provides services for any part of a month and then terminates services with the client or for a child during the month shall reimburse the Department for the days when care was not provided.

(a) If it was necessary to remove the child from care because the child or others were endangered, and the incident was reported to CCL or local authorities, the Department may waive repayment.

(7) The Department will issue a IRS Form 1099 annually where applicable to each eligible provider who received a CC payment during the year.

(8) A provider who applies CC funds inappropriately may be subject to an overpayment and possible disqualification pursuant to Sections R986-700-731, R986-700-733, and R986-700-734.

R986-700-731. Overpayments.

(1) An overpayment occurs when:

(a) a client or provider receives CC for which the client was not eligible;
(b) a provider receives a CC payment but does not provide care for at least eight hours during the initial benefit month of CC;
(c) a provider receives a CC payment when a child is no longer enrolled;
(d) a provider fails to report or does not report timely that an enrolled child has not attended in 90 days, which may result in subsequent month CC payments being issued that may be subject to an overpayment if there is no longer a need for CC;
(e) a provider receives a greater CC payment amount than the client is charged for the month of service; or
(f) a provider applies CC to nonallowable costs pursuant to Section R986-700-728.

(2) Pursuant to Section 35A-3-603 of the Administrative Determination of Overpayment Act, any provider, client, or other person who receives an overpayment shall return the overpaid funds to the Department, regardless of fault. The client and provider shall be jointly and severally responsible for repayment of any overpayment except when:

(a) an overpayment is caused by an [Intentional Program Violation (IPV)] on the part of solely the client or solely the provider; or
(b) a provider receives a CC payment, provides at least eight hours of child care during the month, and provides an attendance record to verify the provision of care, unless the provider terminated services during the month as described in Subsection R986-700-728(6).

(3) A provider who is assessed an overpayment pursuant to this section may be subject to increased monitoring or other remedial action pursuant to Subsection R986-700-727(6).

R986-700-734. Approved Provider Disqualification.

(1) When determining whether to disqualify a provider from approved provider status the Department may consider:

(a) the seriousness of offense or offenses;
(b) the extent of offense or offenses;
(c) a history of adjudicated overpayments or IPVs;
(d) previous imposition of increased monitoring or remedial action by the Department;
(e) failure to comply with monitoring or remedial action by the Department;
(f) the extent of notice, education, or warning given to the provider by the Department pertaining to the offense or offenses for which the provider is being considered for disqualification;
(g) the adequacy of assurances by the provider that the provider will comply prospectively with each Department and OCC requirement related to the offense; and
(h) whether a lesser sanction will be sufficient to remedy the problem.

(2) Disqualification period.

(a) The first disqualification assessed against a provider shall be 12 months.
(b) The second disqualification assessed against a provider shall be 24 months.
NOTICES OF PROPOSED RULES

(c) The third disqualification assessed against a provider shall be a lifetime disqualification.

(3) A provider that has been disqualified pursuant to Sections R986-700-733 and R986-700-734:
(a) may not receive an enhanced subsidy grant (ESG), a state-funded grant, or other [Child Care Development Fund (CCDF)] funding during the disqualification period; and
(b) will remain ineligible for any CC payment, ESG, state-funded grant, or other CCDF funding until any overpayment and penalty established in conjunction with the disqualification has been satisfied in full.

(4) A disqualification is effective two benefit months from the date of the ALJ order.

(5) A disqualification will take effect even if the provider files an appeal pursuant to Section 63G-4-402 of the Administrative Procedures Act, Section R986-100-135, and Subsection R986-100-735(3).

(6) Disqualifications run concurrently.

(b) "Acquired” means to come into possession of, obtain control of, or obtain the right to use the assets of a business by any legal means including a gift, lease, repossession, or purchase. For purposes of succession, a purchase through bankruptcy court proceedings where assets are being liquidated is not considered an acquisition, if the court places restrictions on the transfer of liability to the purchaser. It is not necessary to purchase the assets to have acquired the right to their use, nor is it necessary for the predecessor to have actually owned the assets for the successor to have acquired them. The right to the use of the asset is the determining factor.

(c) "Assets” include any property, tangible or intangible, which has value. Assets may include the acquisition of the name of the business, customers, accounts receivable, patent rights, goodwill, employees, or an agreement by the predecessor not to compete.

(d) "Substantially all” means acquisition of 90 percent or more of the predecessor's assets.

(e) A “principal” is an individual who is responsible for the day to day business of a child care center, if that individual has an ownership interest in the center. An ownership interest includes a shareholder, director, or officer of a corporation, and a partner, member, or manager of a limited liability partnership or company.

(b) is compliant with CCL licensing requirements;
(c) has followed the CCL process to indicate the program will accept funding from OCC, including funding for children covered by CC subsidy; and
(d) can potentially receive CC subsidy and OCC grants, including ESG, if approved.

(10) "Enhanced Subsidy Grant” or "ESG” refers to monthly payments issued to an eligible program serving children covered by CC subsidies and achieving a rating of High Quality or High Quality Plus.

(11) "License in good standing” means a program is licensed by CCL, but not with a conditional license.

(14) "Program” refers to an individual location of a child care business.

R986-700-743. CCQS Rating Administrative Review.

(1) A [child care] program may request a review of a certified quality rating following the process established by OCC policy.

(2) A request shall be submitted within 30 calendar days of the date of the certified rating award notice except where there is good cause for failing to request a review within this timeframe.

(a) Good cause for failing to timely request review is limited to circumstances that are:
(i) beyond the party’s control, or;
(ii) compelling and reasonable.

(b) Good cause excludes ordinary illness, lack of transportation and temporary absences.

(3) Quality Rating Pending Review. The certified quality rating issued in the quality rating award notice shall be published by OCC and remain published until the review is complete. Issuance of an ESG shall be temporarily suspended until the review is complete.

   (iii) include witnesses or legal representatives, as applicable; and
   (iv) a request for any additional documentation relevant to the review, from either OCC or the program.
(d) Failure by the program to respond to any request by the Review Committee shall result in a dismissal of the review request.
(e) The Review Committee will issue a recommendation to the Department of Workforce Services Director of Adjudication once the review process is complete.
(6) The Director of Adjudication will make a final certified quality rating decision based upon the recommendation of the Review Committee. The Director of Adjudication decision is the final agency action pursuant to the Utah Administrative Procedures Act.

NOTICES OF
120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that regular rulemaking procedures would:

(a) cause an imminent peril to the public health, safety, or welfare;
(b) cause an imminent budget reduction because of budget restraints or federal requirements; or
(c) place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the 120-DAY RULE is printed. New text is underlined (example) and text to be deleted is struck out with brackets surrounding the deleted text ([example]). An emergency rule that is new is entirely underlined. Likewise, an emergency rule that repeals an existing rule shows the text completely struck out. A row of dots in the text (........) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective when filed with the Office of Administrative Rules, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule. Because of its temporary nature, a 120-DAY RULE is not codified as part of the Utah Administrative Code.

The law does not require a public comment period for 120-DAY RULES. However, when an agency files a 120-DAY RULE, it may file a PROPOSED RULE at the same time, to make the requirements permanent.

Emergency or 120-DAY RULES are governed by Section 63G-3-304, and Section R15-4-8.

General Information

2. Rule or section catchline:
R68-29. Quality Assurance Testing on Cannabis

3. Effective Date:
04/29/2021

4. Purpose of the new rule or reason for the change:
A clarification is needed in this rule to ensure that a cannabis testing laboratory is not required to test for all of the microbial contaminants listed in Table 2. Due to laboratory equipment shortages testing for some of the specific microbials listed in Table 2 is not currently possible.

5. Summary of the new rule or change:
Language has been added to Section R68-29-8, Microbial Standards, to clarify that specific microbial testing requirements will be at the discretion of the Department of Agriculture and Food (Department). The requirement for microbial testing generally and the limitations in Table 2 will remain in place.

6. Regular rulemaking would:
X cause an imminent peril to the public health, safety, or welfare;

7. **Aggregate anticipated cost or savings to:**

<table>
<thead>
<tr>
<th>A) State budget:</th>
<th>Compliance costs for affected persons would be reduced due to the reduced cost of testing a cannabis sample. Cost would go from $120 per sample to $70 sample for a reduction of $50 per sample.</th>
</tr>
</thead>
<tbody>
<tr>
<td>There would be an anticipated savings to the state budget due to less required testing. The Department estimates that this would amount to a savings of $50 per sample and a reduction in the cost of testing 900 samples per year, for a total of $45,000. There would also be a reduction in fee revenue collected at an estimated $50 per sample and 900 samples per year, or $45,000. This reduced fee revenue would be due to the department charging $70 per sample rather than $120 due to reduced testing requirements given this change.</td>
<td></td>
</tr>
<tr>
<td><strong>B) Local governments:</strong></td>
<td><strong>C) Small businesses</strong> (&quot;small business&quot; means a business employing 1-49 persons):</td>
</tr>
<tr>
<td>There is no anticipated cost or savings to local governments because they do not operate as cannabis licensees or laboratories.</td>
<td>There would be a savings to small businesses due to the reduced cost of testing in the Department cannabis laboratory, from $120 per sample to $70 per sample. The Department estimates that 75% of the samples tested per year are tested for small businesses, for a total savings of $33,750 (675 samples at a savings of $50 per sample).</td>
</tr>
<tr>
<td><strong>D) Persons other than small businesses, non-small businesses, state, or local government entities</strong> (&quot;person&quot; means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):</td>
<td>There would be a savings to non-small businesses due to the reduced cost of testing in the Department cannabis laboratory, from $120 per sample to $70 per sample. The Department estimates that 25% of the samples tested per year are tested for non-small businesses, for a total savings of $11,250 (225 samples at a savings of $50 per sample).</td>

General Information

2. Rule or section catchline:

R357-38. Impacted Small Business Catalyst Grant Program Rule
3. Effective Date:
04/19/2021

4. Purpose of the new rule or reason for the change:
The purpose of this rule filing is to create the Impacted Small Business Catalyst Grant Program to support small businesses and nonprofits that were highly impacted by the COVID-19 pandemic.

5. Summary of the new rule or change:
This rule will codify the administration of the Small Business Catalyst Grant Program by establishing definitions, authority, program, and documentation requirements. The program will provide assistance to small businesses and nonprofits that have been highly impacted by the COVID-19 pandemic.

6. Regular rulemaking would:
X cause an imminent peril to the public health, safety, or welfare;
cause an imminent budget reduction because of budget restraints or federal requirements;
place the agency in violation of federal or state law.

Specific reason and justification:
The Governor's Office of Economic Development (Office) is responsible for economic development in the state and is tasked with, among other things, administering grant programs to enhance the economic health and vitality of the state and its business community. During the 2021 General, the office was provided a supplemental appropriation with the intent to provide assistance to small businesses that experienced a high level of revenue loss. This emergency rule is required so that the funds can be expeditiously awarded to businesses that were highly impacted by the COVID-19 pandemic and are still in need.

Fiscal Information
7. Aggregate anticipated cost or savings to:
A) State budget:
There is no aggregate anticipated cost or savings to the state budget. This rule establishes the requirements for participation in the Impacted Small Business Catalyst Grant Program.

B) Local governments:
There is no aggregate anticipated cost or savings to local governments because local governments are not required to comply with or enforce this rule.

C) Small businesses ("small business" means a business employing 1-49 persons):
Fifteen million dollars in funds were allocated towards the program. The Office anticipates a large portion will be awarded to small businesses in the state. The Office has administered multiple COVID-19 programs similar to the Impacted Small Business Catalyst Grant Program Rule. Historically, 94% of the awards have been to entities with fewer than 50 employees.

D) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
There is no aggregate anticipated cost or savings to persons other than small businesses, businesses, or local government entities because this proposed rule does not create new obligations for persons other than small businesses, businesses, or local government entities, nor does it increase the costs associated with any existing obligation.

8. Compliance costs for affected persons:
There are no compliance costs for affected persons because participation in the program is optional.

9. A) Comments by the department head on the fiscal impact this rule may have on businesses:
I have reviewed this fiscal analysis and agree with the described fiscal impacts associated with this rule. The Office hopes this program will help make an impact on small businesses, nonprofits, and organizations who are in need during this time.

B) Name and title of department head commenting on the fiscal impacts:
Dan Hemmert, Executive Director

FIVE-YEAR NOTICES OF REVIEW
AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a PROPOSED RULE; continue the rule as it is by filing a FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW); or amend the rule by filing a PROPOSED RULE and by filing a REVIEW. By filing a REVIEW, the agency indicates that the rule is still necessary.

A REVIEW is not followed by the rule text. The rule text that is being continued may be found in the online edition of the Utah Administrative Code available at https://rules.utah.gov/. The rule text may also be inspected at the agency or the Office of Administrative Rules. REVIEWS are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

General Information

2. Rule catchline:
R162-2g. Real Estate Appraiser Licensing and Certification Rules

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:
This rule was adopted under the statutory provisions of Title 21, Chapter 2g, the Real Estate Appraiser Licensing and Certification Act (Act). Section 61-2g-201 provides that the Utah Real Estate Division (Division) shall adopt, with the concurrence of the Utah Real Estate Licensing and Certification Board (Board), rules for the administration of Title 21, Chapter 2g, that are not inconsistent with the chapter or the constitution and laws of the or of the United States. Other sections of Title 21, Chapter 2g, which authorize the rulemaking process are Sections 102, 205, 302, 304.5, 306, 311, 313, 403, and 502. Changes and updates to this rule have been made since its adoption. This rule provides direction to Division staff regarding the administration and enforcement of the Act and helps guide registered, licensed, and certified appraisers such that they may comply with the statutory requirements of the Act.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:
This rule has been amended several times since the last five-year review of this rule. Prior to adopting the amendments to this rule, proposed amendments were discussed during public meetings of the Board. Generally, these amendments were completed with no public comment in favor of, or against, the amendments.

The amendment which was effective June 30, 2019 received public comment prior to the amendment being made effective. The comment was received as a request from an appraisal management company (AMC) representative organization that the Board take time for further consideration of the possible consequences of the rule amendment, in particular the restrictions resulting from adding Subsection R162-2g-502a(8) to this rule relative to property inspections in conjunction with the appraisal of real property. The rule amendment was adopted.
However, after additional comment from the AMC industry, the banking industry, and from appraisers, the Board reconsidered the matter and the rule was again amended, deleting Subsection R162-2g-502a(8) from this rule. Generally, appraisers and organizations representing appraisers favored leaving the property inspection restrictions in place, while the AMCs, organizations representing AMCs, and the banking industry warned of serious consequences if the restrictions in Subsection R162-2g-502a(8) were not removed.

The statutory requirement for this rule as presently constituted, remains in effect. A careful inspection of this rule determined that specific statutory authority for rulemaking does not at this time extend to regulating property inspections and this rule needed to be amended by deleting Subsection R162-2g-502a(8). After considering the various points of view expressed by all those who made public comment, this rule was amended, deleting Subsection R162-2g-502a(8).

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

The statutory requirement for this rule remains in effect. The Board and Division have carefully considered all public comments regarding this rule. The Board and Division have not determined the specific merits of the comments for and against Subsection R162-2g-502a(8) as they determined that there is no specific statutory authority at this time to regulate property inspections. All other sections and subsections are authorized by the Act. This rule, as amended, should be continued.

### General Information

2. **Rule catchline:**  

R277-604. Private School, Home School, and Bureau of Indian Education (BIE) Student Participation in Public School Achievement Tests

3. **A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:**

This rule is authorized by the Utah Constitution, Article X, Section 3, which vests general control and supervision over public education in the Utah State Board of Education (Board); Section 53E-3-401 which allows the Board to make rules to execute the Board's duties and responsibilities under the Utah Constitution and state law; and Section 53E-4-302 which directs the Board to require local education agencies (LEAs) to administer statewide assessments to uniformly measure student performance.

4. **A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:**

There were no written comments received.

5. **A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**

This rule continues to be necessary because it provides opportunities for Utah private school students and home school students who are Utah residents, and Utah students attending Bureau of Indian Education or "BIE" schools to participate in statewide assessments; to maintain the integrity and security of statewide assessments and Utah's accountability system; to provide an orderly and manageable administrative process for public schools to include Utah private school students and home school students who are Utah residents, and Utah students attending BIE schools to participate in statewide assessments if they so desire; and to protect the public investment in statewide assessments and Utah's accountability system by making assessments available to students who are not funded by the public education system through fair, reasonable, and consistent practices. Therefore, this rule should be continued.
4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule: There were no written comments received.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule continues to be necessary because it defines outcome-based measures for each type of grant awarded to LEA's; establishes a grant application process; establishes a review committee; and adopts metrics to analyze the quality of a grant application. Therefore, this rule should be continued.

General Information

2. Rule catchline:

R590-208. Uniform Application for Certificates of Authority

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

Section 31A-2-201 authorizes the Insurance Commissioner to write rules to implement Title 31A, Insurance Code. Subsection 31A-2-202(2)(c) authorizes the Insurance Commissioner to require financial reporting on forms provided by the National Association of Insurance Commissioners (NAIC). The purpose of this rule is to ensure that the Insurance Commissioner’s requirement that insurers obtain a certificate of authority in Utah is consistent with requirements of other states by using forms provided by the NAIC.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Department of Insurance (Department) has received no written comments regarding this rule during the past five years.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

It is important that the Department specify that insurers use the NAIC certificate of authority application to ensure uniform information from all insurers that apply. Using a uniform application makes it easier and less time consuming for insurers to apply for a certificate of authority from more than one state at a time. Therefore, this rule should be continued.

General Information

2. Rule catchline:

R590-235. Medicare Prescription Drug Plan

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

Subsection 31A-2-201(3) authorizes the Insurance Commissioner to make rules to implement the provisions of Title 31A, Insurance Code. The purpose of this rule is to establish licensing and regulatory requirements for a stand-alone prescription drug plan (PDP). These PDPs provide Medicare Part D benefit plans.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Department of Insurance (Department) has received no written comments regarding this rule during the past five years.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule establishes standards and requirements that a PDP must meet before selling insurance. These standards are much the same for PDPs as they are for other insurers: they require the submission of quarterly and annual statements, compliance with capital and surplus limits that are set within the rule, and compliance with risk-based capital requirements that are set within the code. Linking these standards and requirements with the PDP allows the Department to assess their financial stability, giving greater assurance to consumers about the PDP’s ability to provide benefits within a policy. Therefore, this rule should be continued.
