R156-1-310. Cheating on Examinations.

1. Policy.

The passing of an examination, when required as a condition of obtaining or maintaining a license issued by the Division, is considered to be a critical indicator that an applicant or licensee meets the minimum qualifications for licensure. Failure to pass an examination is considered to be evidence that an applicant or licensee does not meet the minimum qualifications for licensure. Accordingly, the accuracy of the examination results as a measure of an applicant’s or licensee’s competency must be assured. Cheating by an applicant or licensee on any examination required as a condition of obtaining a license or maintaining a license shall be considered unprofessional conduct and shall result in imposition of an appropriate penalty against the applicant or licensee.

2. Cheating Defined.

Cheating is defined as the use of any means or instrumentality by or for the benefit of an examinee to alter the results of an examination in any way to cause the examination results to inaccurately represent the competency of an examinee with respect to the knowledge or skills about which they are examined. Cheating includes:

a. Communication between examinees inside of the examination room or facility during the course of the examination;
   b. Communication about the examination with anyone outside of the examination room or facility during the course of the examination;

3. Action Upon Detection of Cheating.

a. The person responsible for administration of an examination, upon evidence that an examinee is or has been cheating on an examination shall notify the Division of the circumstances in detail and the identity of the examinees involved with an assessment of the degree of involvement of each examinee;
   b. If cheating is detected prior to commencement of the examination, the examinee may be denied the privilege of taking the examination; or if permitted to take the examination, the examinee shall be notified of the evidence of cheating and shall be informed that the Division may consider the examination to have been failed by the applicant or licensee because of the cheating; or
   c. If cheating is detected during the examination, the examinee may be requested to leave the examination facility and in that case the examination results shall be the same as failure of the examination; however, if the person responsible for administration of the examination determines the cheating detected has not yet compromised the integrity of the examination, such steps as are necessary to prevent further cheating shall be taken and the examinee may be permitted to continue with the examination.
   d. If cheating is detected after the examination, the Division shall make appropriate inquiry to determine the facts.
concerning the cheating and shall thereafter take appropriate action.

(e) Upon determination that an applicant has cheated on an examination, the applicant may be denied the privilege of retaking the examination for a reasonable period of time, and the Division may deny the applicant a license and may establish conditions the applicant must meet to qualify for a license including the earliest date on which the Division will again consider the applicant for licensure.

(6) If the Board fails to adopt the recommendation of an expedited hearing panel, UPPAC shall open a full investigation.

R277-201-5. Complaints.

(1) If UPPAC determines that an allegation is sufficiently supported by evidence discovered in the investigation, UPPAC, through the Executive Secretary, may direct the prosecutor to serve a complaint upon the educator being investigated.

(2) At a minimum, a complaint shall include:

(g) a statement advising the respondent that if the respondent fails to respond within 30 days, a default judgment for revocation or a suspension of the educator's license may occur for a term of five years or more;
(h) a statement that, if a hearing is requested, the hearing will be scheduled no less than 25 days, nor more than 180 days, after receipt of the respondent's answer, unless a different date is agreed to by both parties in writing; and
(i) a statement that the hearing is governed by these rules, with an internet address where the rules may be accessed.

(3) On the Executive Secretary's own motion, the Executive Secretary, or the Executive Secretary's designee, with notice to the parties, may reschedule a hearing date.

(4)(a) A respondent may file an answer to a complaint by filing a written response signed by the respondent or the respondent's representative with the Executive Secretary within 30 days after the complaint is mailed.

(b) The answer may include a request for a hearing, and shall include:

(i) the file number of the complaint;
(ii) the names of the parties;
(iii) a statement of the relief that the respondent seeks; and
(iv) if not requesting a hearing, a statement of the reasons that the relief requested should be granted.

(5) As soon as reasonably practicable after receiving an answer, or no more than 30 days after receipt of an answer at the USOE, the Executive Secretary shall schedule a hearing, if requested, as provided in Rule R277-202.

(b) If the parties can reach an agreement prior to the hearing consistent with the terms of UPPAC's initial recommendation, the prosecutor may negotiate a stipulated agreement with the respondent.

(c) A stipulated agreement described in Subsection (5)(b) shall be submitted to the Board for the Board's final approval.

(6)(a) If a respondent does not respond to the complaint within 30 days, the Executive Secretary may initiate default proceedings in accordance with the procedures set forth in Section R277-201-7.

(b) Except as provided in Subsection R277-201-7(3), if the Executive Secretary enters an order of default, the Executive Secretary shall make a recommendation to the Board for a revocation or a suspension of the educator's license for five years before the educator may request a reinstatement hearing.

(c) If a default results in a suspension, a default may include conditions that an educator shall satisfy before the educator may qualify for a reinstatement hearing.

(d) An order of default shall result in a recommendation to the Board for a revocation if the alleged misconduct is conduct identified in Subsection 53A-6-501(5)(b).

R277-201-6. Stipulated Agreements.

(1) At any time after UPPAC has made an initial recommendation, a respondent may accept UPPAC's initial recommendation, rather than request a hearing, by entering into a stipulated agreement.

(2) By entering into a stipulated agreement, a respondent waives the respondent's right to a hearing to contest the recommended disposition, contingent on final approval by the Board.

(3) At a minimum, a stipulated agreement shall include:

(a) a summary of the facts, the allegations, and the evidence relied upon by UPPAC in its recommendation;
(b) a statement that the respondent admits the facts recited in the stipulated agreement as true for purposes of the Board administrative action;
(c) a statement that the respondent:
(i) waives the respondent's right to a hearing to contest the allegations that gave rise to the investigation; and

(i) may not seek or provide professional services in a public school in the state;
(ii) may not seek to obtain or use an educator license in the state; or
(iii) may not work or volunteer in a public K-12 setting in any capacity without express authorization from the UPPAC.
Executive Secretary, unless or until the respondent:

(a) obtains a valid educator license or authorization from the Board to obtain such a license; or
(b) satisfies other provisions provided in the stipulated agreement;

(i) a statement that the action and the stipulated agreement shall be reported to other states through the NASDTEC Educator Information Clearinghouse and any attempt to present to any other state a valid Utah license shall result in further licensing action in Utah;

(g) a statement that respondent waives the respondent's right to contest the facts stated in the stipulated agreement at a subsequent reinstatement hearing, if any;

(h) a statement that all records related to the stipulated agreement shall remain permanently in the UPPAC case file; and

(i) a statement reflecting the stipulated agreement's classification under Title 63G, Chapter 2, Government Records Access and Management Act.

(4) A violation of the terms of a stipulated agreement may result in additional disciplinary action and may affect the reinstatement process.

(5)(a) A stipulated agreement shall be forwarded to the Board for approval prior to execution by the respondent.

(b) Prior to consideration of a stipulated agreement, UPPAC shall:

(i) make the UPPAC case file available to the Board for confidential review; and

(ii) the terms of a stipulated agreement present an unreasonable resolution of the case consistent with:

(A) R277-207; and

(B) due process; or

(iii) exceptional circumstances exist which warrant an alternative resolution.

(e)(i) If the Board finds that a stipulated agreement is based on insufficient evidence, the Board may reject a stipulated agreement and direct UPPAC to hold a hearing if the Board provides direction, in the form of a motion, as to what issues need to be addressed by UPPAC.

(ii) The Executive Secretary shall notify the parties of the decision and the proceedings shall continue from the point under these procedures at which the stipulated agreement was negotiated, as if the stipulated agreement had not been submitted.

(f) If the Board finds that the terms of a stipulated agreement present an unreasonable resolution of a case, it may, by motion, provide alternative terms to the Executive Secretary, that would be satisfactory to the Board.

(g) If accepted by the respondent, the stipulated agreement, as modified, is a final Board administrative action without further Board consideration.

(h) If the terms approved by the Board are rejected by the respondent, the proceedings shall continue from the point under these procedures at which the agreement was negotiated, as if the stipulated agreement had not been submitted.

(i) If the Board approves a stipulated agreement, the approval is a final Board administrative action, effective upon signature by all parties, and the Executive Secretary shall:

(i) notify the parties of the decision;

(ii) update CACTUS to reflect the action;

(iii) report the action to the NASDTEC Educator Information Clearinghouse if the agreement results in:

(A) a revocation; or

(b) a suspension; and

(iv) direct the appropriate penalties to begin.

(6) If, after negotiating a stipulated agreement, a respondent fails to sign or respond to a proffered stipulated agreement within 30 days after the stipulated agreement is mailed, the Executive Secretary shall direct the prosecutor to prepare findings in default consistent with Section R277-201-7.

(1) If a respondent does not respond to a complaint or execute a negotiated stipulated agreement within 30 days from the date the complaint or stipulated agreement is served, the Executive Secretary may issue an order of default against the respondent consistent with the following:

(a) the prosecutor shall prepare and serve on the respondent an order of default including:

(i) a statement of the grounds for default; and

(b) ten days following service of the order of default, the prosecutor shall attempt to contact respondent by telephone or electronically;

(c) UPPAC shall maintain documentation of attempts toward written, telephonic, or electronic contact;

(d) the respondent has 20 days following service of the order of default to respond to UPPAC; and

(e) if UPPAC receives a response from respondent to a default order before the end of the 20 day default period, UPPAC shall allow respondent a final ten day period to respond to a complaint or stipulated agreement.

(2) Except as provided in Subsection (3), if an order of default is issued, the Executive Secretary may make a recommendation to the Board for revocation or for a suspension of the educator's license for no less than five years.

(3) If an order of default is issued, the Executive Secretary shall make a recommendation to the Board for a revocation of the educator's license if the alleged misconduct is conduct identified in Subsection 53A-6-501(5)(b).

(1) If UPPAC recommends issuance of a disciplinary letter or dismissal, the Executive Secretary shall forward the case to the Board for review.

(a) make the UPPAC case file available to the Board for confidential review; and

(b) make other evidence available for review as directed by the Board.

(3) There is a presumption that the Board shall approve a UPPAC disciplinary letter or dismissal recommendation if the Board finds that:

(a) the UPPAC recommendation is based on adequate evidence; and

(b) the UPPAC recommendation constitutes a reasonable resolution of the case.

(4) If the Board finds that the UPPAC recommendation is based on insufficient evidence or presents an unreasonable resolution of the case or exceptional circumstances exist that warrant an alternative resolution, then the Board may:

(a) remand the case to UPPAC for a hearing;

(b) remand the case to UPPAC with recommendations for
negotiation of a stipulated agreement;
(c) direct the Executive Secretary to issue a different level of disciplinary letter; or
(d) dismiss the matter.

(5) If the Board approves a disciplinary letter, the Executive Secretary shall:
(a) prepare the disciplinary letter and mail it to the educator;
(b) place a copy of the disciplinary letter in the UPPAC case file; and
(c) update CACTUS to reflect that the investigation is closed.

R414-307. Eligibility for Home and Community-Based Services Waivers.

R414-307-1. Introduction and Authority.

(1) Section 26-18-3 authorizes this rule. It establishes eligibility requirements for Medicaid coverage for home and community-based service waivers.

(2) The Department adopts 42 CFR 435.217 and 435.726, 2011 ed., which are incorporated by reference. The Department adopts Title XIX of the Social Security Act, Section 1915(c) in effect April 13, 2012, which is incorporated by reference.

The definitions found in Rules R 414-1 and R414-301 apply to this rule.

(1) The Department shall apply the provisions of Sec. 2404 of Pub. L. No. 111-148, Patient Protection and Affordable Care Act, which refers to applying the provisions of Section 1924 of the Social Security Act to married individuals who are eligible for home and community-based waiver services.

(2) To qualify for Medicaid coverage of home and community-based waiver services, an individual must meet:

(a) the medical eligibility criteria defined in the State Waiver Implementation Plan adopted in Rule R414-61, which applies to the specific waiver under which the individual is seeking services, as verified by the operating agency case manager;

(b) the financial and non-financial eligibility criteria for one of the Medicaid coverage groups selected in the specific waiver implementation plan under which the individual is seeking services; and

(c) other requirements defined in this rule that apply to all waiver applicants and recipients, or specific to the waiver for which the individual is seeking eligibility.

(3) The provisions found in Rule R414-304 and Rule R414-305 apply to eligibility determinations under a Home and Community-Based Services (HCBS) waiver, except where otherwise stated in this rule.

(4) The Department shall limit the number of individuals covered by an HCBS waiver as provided in the adopted waiver implementation plan.

(5) The Department adopts and incorporates by reference, Subsection 1917(f) of the Social Security Act, effective January 1, 2013. An individual is ineligible for nursing facility and other long-term care services when an individual has home equity that exceeds the limit set forth in Subsection 1917(f).

(a) The Department sets that limit at the minimum level allowed under Subsection 1917(f).

(b) An individual who has excess home equity and meets eligibility criteria under a community Medicaid eligibility group in the Medicaid State Plan may receive Medicaid for services other than long-term care services provided under the plan or the HCBS waiver.

(c) An individual who has excess home equity and does not qualify for a community Medicaid eligibility group, is ineligible for Medicaid under both the special income group and the medically needy waiver group.

(6) To determine initial eligibility for a Medicaid coverage group under an HCBS waiver, the eligibility agency must receive a completed waiver referral form from the operating agency or designee. Individuals who are not currently eligible for Medicaid must also complete a Medicaid application.

(a) The waiver referral form must verify the date the individual meets the level of care requirements as defined in the State Waiver Implementation Plan.

(b) If the individual's Medicaid eligibility is not approved within 60 days of the level of care date stated on the waiver referral form, the waiver referral form is no longer valid.

(i) The operating agency or designee must submit a new waiver referral form to the eligibility agency establishing a new level of care date.

(ii) Eligibility for Medicaid under an HCBS waiver cannot begin before the new level of care date on the new waiver referral form, subject to the same 60-day period to approve eligibility.

(iii) The Medicaid agency may not pay for waiver services before the start date of the individual's approved comprehensive care plan, which may not be earlier than the date the individual meets:

(iv) the eligibility criteria for a Medicaid coverage group included in the applicable waiver; and

(v) the level of care date verified on a valid waiver referral form.

(7) In the event an individual is not approved for Waiver Medicaid services due to Subsection R414-307-3(6), an individual who otherwise meets Medicaid financial and non-financial eligibility criteria for a Non-Waiver Medicaid coverage group may qualify for Medicaid services other than services under an HCBS waiver.

(8) If an individual's Medicaid eligibility ends and the individual reapplies for Waiver Medicaid, the Department shall establish a process of obtaining approval from the operating agency or designee in which the individual continues to meet medical criteria for the Waiver. The operating agency or designee approval may establish a new date in which eligibility to receive coverage of waiver services may begin.

(9) An individual denied Medicaid coverage for an HCBS waiver may request a fair hearing.

(a) The Department conducts hearings on programmatic eligibility for payment of waiver services.

(b) The Department of Workforce Services conducts hearings on financial eligibility issues for a Medicaid coverage group.

The following provisions set forth financial eligibility requirements for the special income group that apply to individuals seeking Medicaid coverage for services under an HCBS waiver as defined in 42 CFR 435.217.

(1) If the individual's spouse meets the definition of a community spouse, the eligibility agency shall apply the income and resource provisions defined in Section 1924 of the Social Security Act and Section R414-305-3.

(2) If the individual does not have a spouse, or the individual's spouse does not meet the definition of a community spouse, the eligibility agency may only count the individual's resources to determine eligibility. If both members of a married couple who live together apply for waiver services and meet the criteria for the special income group, the eligibility agency shall count one-half of jointly-held assets as available to each spouse. Each spouse must pass the medically needy resource test for one person.

(3) The eligibility agency may only count income determined under the most closely associated cash assistance program to decide if the individual passes the income eligibility test for the special income group. The eligibility agency may not count income of the individual's spouse except for actual contributions from the spouse.

(4) If the individual is a minor child, the eligibility agency may not count income and resources of the child's parents to decide if the child passes the income and resource tests for the special income group. The eligibility agency shall count actual contributions from a parent, including court-ordered support payments as income of the child.
(5) The individual's income cannot exceed three times the payment that would be made to an individual with no income under Subsection 1611(b)(1) of the Social Security Act.

(6) The eligibility agency shall apply the transfer of asset provisions of Section 1917 of the Social Security Act.

(7) The individual's cost-of-care contribution is determined by deducting from the individual's total income, the post-eligibility allowances for the specific waiver for which the individual qualifies.

(8) The eligibility agency shall determine financial eligibility for the special income group for an individual based on the level of care date on a valid waiver referral form as defined in Subsection R414-307-3(2). The eligibility agency shall determine eligibility for prior months using the community Medicaid or institutional Medicaid rules that apply to the individual's situation.

The following sets forth financial eligibility requirements for the medically needy coverage group, and applies to individuals seeking Medicaid coverage for HCBS under the New Choices Waiver or the Individuals with Physical Disabilities Waiver.

(1) If an individual's spouse meets the definition of a community spouse, the eligibility agency shall apply the resource provisions defined in Section 1924 of the Social Security Act and Section R414-305-3 and Section R414-305-4.

(2) If the individual does not have a spouse or the individual's spouse does not meet the definition of a community spouse, the eligibility agency may only count the individual's resources to determine eligibility. When both members of a married couple who live together apply for waiver services and meet the criteria for the medically needy waiver group, the eligibility agency shall count one-half of jointly-held assets available to each spouse. Each spouse must pass the medically needy resource test for one person.

(3) The eligibility agency may only count income of the individual determined under the most closely associated cash assistance program to decide eligibility for the medically needy waiver group. The eligibility agency may not count income of the individual's spouse except for actual contributions from the spouse.

(4) If the individual is a minor child, the eligibility agency may only count income and resources of the child and may not count income and resources of the child's parents to decide if the child passes the income and resource tests for the medically needy waiver group. The eligibility agency shall count actual contributions from a parent, including court-ordered support payments as income of the child.

(5) The individual's income must exceed three times the payment that would be made to an individual with no income under Subsection 1611(b)(1) of the Social Security Act.

(6) To determine eligibility for an individual, the eligibility agency shall apply the income deductions allowed by the community Medicaid category under which the individual qualifies.

(a) The eligibility agency shall compare countable income to the applicable medically needy income limit for a one-person household to determine the individual's spenddown. The individual's medical expenses, including the cost of long-term care services, must exceed the spenddown amount.

To receive Medicaid eligibility, the individual must meet the monthly spenddown as defined in Subsection R414-304-11(9).

(b) The eligibility agency deducts medical expenses incurred by the individual in accordance with Section R414-304-11.

(7) The eligibility agency shall determine an individual's financial eligibility for the medically needy waiver group based on the level of care date on a valid waiver referral form as defined in Subsection R414-307-3(2). The eligibility agency shall determine eligibility for prior months using the community Medicaid or institutional Medicaid rules that apply to the individual's situation.

(1) An individual must be 65 years of age or older, or at least 18 through 64 years of age and disabled to be eligible for the New Choices Waiver, as defined in Subsection 1614(a)(3) of the Social Security Act. In accordance with waiver provisions, the eligibility agency considers an individual to be 18 years of age after the month in which the individual turns 18 years old.

(2) A single individual or any married individual with a community spouse, who is eligible under the Special Income Group, may be required to pay a contribution toward the cost of care to receive services under an HCBS waiver. The eligibility agency determines a client's cost-of-care contribution as follows:

(iii) Medical and remedial care expenses incurred by the individual in accordance with Section R414-304-11.

(c) The income deduction to provide an allowance to a spouse or a dependent family member may not exceed the amount the individual actually gives to such spouse or dependent family member.

(3) The individual must pay the cost-of-care contribution to the eligibility agency each month to receive services under an HCBS waiver.

R414-307-7. Community Supports Home and Community-
Based Services Waiver for Individuals with Intellectual Disabilities and Other Related Conditions.

(1) Medicaid eligibility for the Community Supports Home and Community-Based Services waiver is limited to individuals with intellectual disabilities and other related conditions.

(2) An individual's resources must be equal to or less than the Medicaid resource limit applicable to an institutionalized person. The spousal impoverishment resource provisions for married, institutionalized individuals in Section R414-305-3 apply to a married individual.

(3) An eligible individual may be required to pay a contribution toward the cost-of-care to receive home and community-based services. The eligibility agency shall determine a client's cost-of-care contribution as follows:

(a) The eligibility agency shall count all of the individual's income unless such income is excluded under other federal laws that exclude certain income from being counted to determine eligibility for federally-funded, needs-based medical assistance.

(b) The eligibility agency shall deduct the following amounts from the individual's income:

(i) For an individual with earned income, earned income up to the substantial gainful activity level of earnings defined in Section 223(d)(4) of the Compilation of the Social Security Laws in effect April 4, 2012, to determine countable earned income.

(ii) A personal needs allowance for the individual equal to 100% of the federal poverty level for one person.

(iii) In the case of a married individual with a community spouse, a deduction for a community spouse and dependent family members living with the community spouse in accordance with the provisions of Section 1924 of the Social Security Act.

(iv) In the case of an individual who does not have a community spouse or whose spouse is also eligible for institutional or waiver services, an allowance for a dependent family member that is equal to one-third of the difference between the minimum monthly spousal needs allowance defined in Section 1924 of the Social Security Act and the family member's monthly income. If more than one individual who qualifies for a Medicaid home and community-based waiver or institutional Medicaid coverage contributes income to the dependent family member, the combined income deductions of such individuals cannot exceed one-third of the difference between the minimum monthly spousal needs allowance and the family member's monthly income.

(v) Health insurance premiums for the waiver-eligible recipient paid by the recipient, or medical expenses incurred by the recipient in accordance with Section R414-304-11.

(vi) The income deduction to provide an allowance to a spouse or a dependent family member cannot exceed the amount the individual actually gives to such spouse or dependent family member.

(d) The remaining amount of income after such deductions is the individual's cost-of-care contribution.

(4) The individual must pay the contribution to cost-of-care to the eligibility agency each month to receive home and community-based services.

(5) The eligibility agency shall count parental and spousal income only if the individual receives a cash contribution from a parent or spouse.

(6) The provisions of Section R414-305-9 concerning transfers of assets apply to individuals seeking eligibility or receiving benefits under this home and community-based services waiver.

R414-307-8. Home and Community-Based Services Waiver for Individuals Age 65 and Older.

(1) Medicaid eligibility for Home and Community-Based Services for individuals 65 years of age and older is limited to individuals eligible for Aged Medicaid who could qualify for skilled nursing home care.

(2) A client's resources must be equal to or less than the Medicaid resource limit applicable to an institutionalized person. The spousal impoverishment resource provisions for married, institutionalized individuals in Section R414-305-3 apply to a married individual.

(3) An eligible client may be required to pay a contribution toward the cost-of-care to receive home and community-based services. The eligibility agency shall determine a client's cost-of-care contribution as follows:

(a) The eligibility agency shall count all income unless such income is excluded under other federal laws that exclude certain income from being counted to determine eligibility for federally-funded, needs-based medical assistance.

(b) The eligibility agency shall deduct the following amounts from the individual's income:

(i) A personal needs allowance for the individual equal to 100% of the federal poverty level for one person;

(ii) For individuals with earned income, up to $125 of gross-earned income;

(iii) Actual monthly shelter costs not to exceed $300. This deduction includes mortgage, insurance, property taxes, rent, and other shelter expenses;

(iv) A deduction for monthly utility costs equal to the standard utility allowance Utah uses under Section 5(e) of the Food Stamp Act of 1977. If the waiver client shares utility expenses with others, the allowance is prorated accordingly;

(v) In the case of a married individual with a community spouse, a deduction for a community spouse and dependent family members who live with the community spouse in accordance with the provisions of Section 1924 of the Social Security Act;

(vi) In the case of an individual who does not have a community spouse or whose spouse is also eligible for institutional or waiver services, an allowance for a dependent family member that is equal to one-third of the difference between the minimum monthly spousal needs allowance defined in Section 1924 of the Social Security Act and the family member's monthly income. If more than one individual who qualifies for a Medicaid home and community-based waiver or institutional Medicaid coverage contributes income to the dependent family member, the combined income deductions of such individuals cannot exceed one-third of the difference between the minimum monthly spousal needs allowance and the family member's monthly income;

(vii) Health insurance premiums for the waiver-eligible recipient paid by the recipient, or medical expenses incurred by the recipient in accordance with Section R414-304-11.

(c) The income deduction to provide an allowance to a spouse or a dependent family member cannot exceed the amount the individual actually gives to such spouse or dependent family member.

(d) The remaining amount of income after such deductions is the individual's cost-of-care contribution.

(4) The individual must pay the contribution to cost-of-care to the eligibility agency each month to receive home and community-based services.

(5) The eligibility agency shall count parental and spousal income only if the individual receives a cash contribution from a parent or spouse.

(6) The provisions of Section R414-305-9 concerning transfers of assets apply to individuals seeking eligibility or receiving benefits under this home and community-based services waiver.

(1) To be eligible for admission to this waiver, the
individual must be under age 21 at the time of admission to the waiver. An individual is considered to be under age 21 until the month after the month in which the 21st birthday falls.

(2) Once admitted to the waiver, the individual can continue to receive waiver benefits and services as long as the individual continues to meet the medical criteria defined by the Department in the Technology Dependent waiver implementation plan, non-financial Medicaid eligibility criteria in Rule R414-302, and a Medicaid category of coverage defined in the waiver implementation plan.

(3) All other eligibility requirements follow the rules for the Community Supports Home and Community-Based Services Waiver. An individual must meet non-financial Medicaid eligibility criteria in Section R414-307-7, except for Subsection R414-307-7(1).

(2) All other eligibility requirements follow the rules for the Home and Community-Based Services Waiver for Aged Individuals found in Section R414-307-8, except for Subsection R414-307-8(1).

(1) To qualify for the waiver for individuals with physical disabilities, the individual must meet non-financial criteria for Aged, Blind, or Disabled Medicaid.

(2) A client's resources must be equal to or less than $2000. The spousal impoverishment resource provisions for married, institutionalized clients in Section R414-305-3 apply to this rule.

(3) Countable income is determined using income rules of Aged, Blind, or Disabled Institutional Medicaid. The eligibility agency counts all income unless the income is excluded under other federal laws that exclude certain income from being counted to determine eligibility for federally-funded, needs-based medical assistance. Eligibility is determined counting only the gross income of the client.

(4) The eligibility agency counts a spouse's income only if the client receives a cash contribution from a spouse.

(5) An individual whose income does not exceed 300% of the federal benefit rate may be required to pay a cost-of-care contribution. The following provisions apply to the determination of cost-of-care contribution.

(a) The eligibility agency counts all of the client's income except income that is excluded under other federal laws from being counted to determine eligibility for federally-funded, needs-based medical assistance.

(b) The eligibility agency deducts the maximum allowance available, which is a personal needs allowance equal to 300% of the federal benefit rate payable under Section 1611(b)(1) of the Social Security Act for an individual with no income. No other deductions from income are allowed.

(6) An individual whose income exceeds three times the federal benefit rate payable under Section 1611(b)(1) of the Social Security Act may pay a spenddown to become eligible. To determine the spenddown amount, the income rules and medically needy income standard for non-institutionalized aged, blind or disabled individuals in Rule R414-304 apply except that income is not deemed from the client's spouse.

(7) The provisions of Section R414-305-9 concerning transfers of assets apply to individuals seeking eligibility or receiving benefits under this home and community-based services waiver.

(b) The agency shall end waiver eligibility after the month in which the individual turns 19 years old.

(2) The agency shall determine whether an individual meets the disability criteria described in Section R414-303-3.

Abuse includes the following:

(ii) Child Endangerment: Subjecting a child to threatened harm. This also includes conduct described in:

(A) Section 76-5-112, recklessly engaging in conduct that creates a substantial risk of death or serious bodily injury to a child, or

(B) Section 76-5-112.5, knowing or intentionally causing or permitting a child to be exposed to, inhale, ingest, or have contact with a controlled substance, chemical substance, or drug paraphernalia. (iii) Dealing in Material Harmful to a Child: Distributing (providing or transferring possession), exhibiting (showing), or allowing immediate access to material harmful to a child or any other conduct constituting an offense under Sections 76-10-1201 through 76-10-1206.

This includes demeaning or derogatory remarks that affect or can reasonably be expected to affect a child’s development of self and social competence; or threatening harm, rejecting, isolating, terrorizing, ignoring, or corrupting the child.

(vi) Fetal Exposure to Alcohol or other Harmful Substances: A condition in which a child has been exposed to or is dependent upon harmful substances as a result of the mother’s use of illegal substances or abuse of prescribed medications during pregnancy, or the child has fetal alcohol spectrum disorder.

A Pediatric Condition Falsification supported finding must be supported by the child’s primary care physician or other medical professional’s opinion. (May also be referred to as Medical Child Abuse or Factitious Disorder.)

(viii) Physical Abuse: Non-accidental physical harm or threatened physical harm of a child that may or may not be visible. Unexplained physical harm to an infant, toddler, disabled, or non-verbal child. Physical abuse may also include a child who suffered physical harm during a domestic violence episode. (b) Neglect: An action or inaction that causes abandonment of a child, except a safe relinquishment of a newborn child as provided in Section 62A-4a-802; lack of proper parental care by reason of the fault or habits of the parent, guardian, or custodian; failure or refusal of a parent, guardian, or custodian to provide proper or necessary subsistence, education, or medical care, or any other care necessary for the child’s health, safety, morals, or well-being; a child at risk of being neglected or abused because another child in the same home is neglected or abused (see Section 78A-6-105 and Rule R512-80). Neglect includes abandonment, educational neglect, environmental neglect, failure to protect, failure to thrive, medical neglect, non-supervision, physical neglect, and sibling at risk.

(i) Abandonment: Except in the case of the safe relinquishment of a newborn child pursuant to Section 62A-4a-802, conduct by either a parent or legal guardian showing a conscious disregard for parental obligations, where that disregard leads to the destruction of the parent/child relationship. Abandonment also arises when a parent:

(A) Although having legal custody of the child, has surrendered physical custody of the child, and for a period of six months following the surrender has not manifested to the child or to the person having the physical custody of the child a firm intention to resume physical custody or to make arrangements for the care of the child;

(B) Has failed to communicate with the child by mail, telephone, or otherwise for six months;

(C) Failed to have shown the normal interest of a natural parent, without just cause; or

(iii) Environmental Neglect: An environment that poses an unreasonable risk to the physical health or safety of a child.

(iv) Failure to Protect: Failure to take reasonable action to remedy or prevent child abuse or neglect. (v) Failure to Thrive: A medically diagnosed condition in which the child fails to develop physically. This condition is typically indicated by inadequate weight gain.

(vi) Medical Neglect: Failure or refusal to provide proper
medical, dental, or mental health care or to comply with the recommendations of a medical, dental, or mental health professional necessary to the child's health, safety, or well-being. Exceptions and limitations provided in Section 78A-6-105 include:

(A) A parent or guardian legitimately practicing religious beliefs and who, for that reason, does not provide specified medical treatment for a child.

(B) A health care decision made for a child by the child's parent or guardian does not constitute neglect unless clear and convincing evidence shows that the health care decision is not reasonable and informed. Nothing may prohibit a parent or guardian from exercising the right to obtain a second health care opinion per Section 78A-6-301.5.

(vii) Non-Supervision: The child is subjected to accidental harm or an unreasonable risk of accidental harm due to failure to supervise the child's activities at a level consistent with the child's age and maturity.

(viii) Physical Neglect: Failure to provide for a child's basic needs of food, clothing, shelter, or other care necessary for the child's health, safety, morals, or well-being.

(ix) Sibling or Child at Risk: A child who is at risk of being abused or neglected because another child in the same home or with the same caregiver has been or is abused or neglected.

(c) Dependency: The condition of a child who is homeless or without proper care through no fault of the child's parent, guardian, or custodian as described in Section 62A-4a-101 and Rule R512-80. Dependency may be due to a lack of understanding by the child's parent or guardian as a result of a lack of education or due to a mental, emotional, or physical disability. Dependency may also be due to a parent or guardian's lack of economic resources, or the institutionalization of a parent or guardian.

(d) Safe Relinquishment of a Newborn Child: A parent or a parent's designee may safely relinquish a newborn child at a hospital in accordance with the requirements of Section 62A-4a-802 and retain anonymity, as long as the newborn child has not been subjected to abuse or neglect.

R590. Insurance, Administration.
R590-154-1. Authority.
This rule is adopted pursuant to Subsection 31A-2-201(3) in which the commissioner is empowered to adopt rules to implement the provisions of the Utah Insurance Code, Section 31A-23a-402, which provides that the commissioner may find certain practices to be misleading, deceptive, unfairly discriminatory, or unreasonably restrain competition, and to prohibit them by rule, and Section 31A-23a-110(2), which provides that a licensee may do business under a name other than the licensee's legal name by notifying the commissioner.

R590-154-2. Purpose and Scope.
(1) The purpose of this rule is to provide guidance to all licensees regarding unfair marketing practices.

(2) This rule applies to all insurance producers, limited lines producers, consultants and insurers licensed under Title 31A, Utah Insurance Code.

(1) "Licensee" means, as used in this rule, all individual producers, all agency producers, all individual limited line producers, all agency limited line producers, all individual consultants, all agency consultants, and all insurers.

The commissioner finds that each of the practices prohibited in this rule constitute misleading, deceptive or unfairly discriminatory practices or unreasonably restrain competition, except as specifically allowed in this rule.

R590-154-5. Licensee Name.
(1) A licensee licensed under the Utah Insurance Code shall not use any name that is:
   (a) misleading or deceptive;
   (b) likely to be mistaken for another licensee already in business; or
   (c) implies association or connection with any other organization where actual bona fide association or connection does not exist.

   (2) "Insurance consulting," "insurance consultants" or similar words shall only be used if the licensee is licensed as a consultant.

   (3) An individual shall be licensed using the individual's full legal name. The full legal name shall include first name or initial, middle name or initial, last name, and suffix.

   (4) An individual may file with the commissioner a preferred name or nickname to use with the individual's full legal name, consistent with Section 31A-23a-110(2).

   (5)(a) Section 31A-23a-110(2) permits a licensee to use an assumed name by notifying the commissioner.

   (b) In order to give notice of an assumed name as required by Section 31A-23a-110(2), the licensee shall comply with R590-244-13.

   (6) A licensee may use its legal name or an assumed name provided the commissioner is properly notified.

R590-154-6. Sale, Solicitation, or Negotiation of Insurance; Consultation.
(1) A licensee shall not, orally or in writing, fail to disclose that the licensee is an insurance licensee.

   (2) A licensee shall not use or imply license types or lines of authority not held by the licensee.

   (3) An individual licensee may only use the name of an agency licensee if the individual licensee is designated to act under the agency's license.

   (4) An individual licensee may not sell, solicit, or negotiate insurance; or consult or advise for an agency licensee unless the individual licensee is designated to act under the agency's license.

R590-154-7. Claiming or Representing Department Approval.
(1) A licensee may not represent, either directly or indirectly, that the department, the commissioner, or any employee of the department, has approved, reviewed, or endorsed any marketing program, insurance product, insurance company, practice or act.

   (2) A licensee may report the fact of the filing of any form, financial report, or other document with the department, or of licensure, examination or other action involving the department, or the commissioner but may not misrepresent their effect or import.

Any licensee bartering for the sale of insurance or an annuity contract shall fully document the receipt of goods, services or other thing of value, establishing the value of the thing received and how the value was established, from whom received, the date received, and the premium cost of the insurance or annuity contract bartered for, and shall retain said documentation for three years following the expiration of the policy period or bartering transaction, whichever is longer. Any licensee bartering for the sale of an insurance or annuity contract shall disclose at the time of application to the insurer said bartering arrangement.

Multi-level marketing programs, investment programs, memberships, or other similar programs, designed or represented to produce or provide funds to pay all or any part of the cost of insurance constitutes an illegal inducement. This does not preclude the provision of insurance through a bona fide employee benefits program.

R590-154-10. Commissions or Consulting Fees.
A licensee shall not give or offer to give a premium reduction by means of commission or consulting fee back to the insurer for any purpose, including competition, unless the reduction is for expense savings and is justified by a reasonable standard and with reasonable accuracy. The insurer's underwriting files must document the savings in order to enable the commissioner to verify compliance. This documentation must demonstrate legitimate expense savings realized by the insurer and its producer.

A licensee may not obtain or arrange for third party financing of premium without the knowledge and consent of the insured.

R590-154-12. Acting as A Licensee in Other Jurisdictions.
A resident licensee may not sell, solicit, or negotiate insurance or advise or consult about insurance in another jurisdiction unless licensed or permitted by law to do so in that jurisdiction.

(1) Every insurer marketing insurance in the State of Utah shall establish written marketing procedures to assure that any comparison of insurance contracts, annuities or insurance companies by its producers will be fair and accurate.

   (2) A licensee may not use any published rating information regarding an insurer in connection with the marketing of any insurance contract or annuity unless that person also provides at the same time an explanation of what the
rating means as defined by the rating service.

Every certificate of insurance or booklet describing coverage of a group insurance policy shall prominently state on the cover of the certificate or booklet the full legal name and address of the actual insurer.

**R590-154-15. Enforcement Date.**

The commissioner shall begin enforcing the revised provisions of this rule on the rule's effective date.

**R590-154-16. Severability.**

If any provision of this rule or the application to any person or situation is held to be invalid, that invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provision of this rule are declared to be severable.

C.  A qualified out-of-state depository institution will be treated as a qualified Utah depository subject to all the provisions of this section in determining its uninsured public funds allotment except that the uninsured public funds allotment will be reduced by multiplying by a factor of total deposits outstanding at Utah branches of the institution divided by the total deposits at the institution. Nothing in R628-11 shall prohibit an out-of-state depository institution from qualifying as a permitted out-of-state depository in accordance with R628-10.

Deposits in qualified depositories which are limited by R628-11-5(B) to the amount of federal deposit insurance must be monitored on a daily basis to assure that no public treasurer has deposit balances in excess of the federal insurance limit. | March 31 | July 1 |
| June 30 | October 1 |
| September 30 | January 1 |

B. The Money Management Council may make interim adjustments in a qualified depository's uninsured public funds allotment if material changes in a qualified depository's financial condition have occurred or if there is a formal enforcement action by the federal or state regulator. These interim adjustments may include but are not limited to:

(1) reducing a qualified depository's uninsured public funds allotment to the amount of public funds held by the institution at the time of the Council's review of either the formal enforcement action or the review of the material changes in the qualified depositories financial condition;

(2) reducing a qualified depository's uninsured public funds allotment to zero if there is not sufficient collateral to cover uninsured public funds.

C. Any qualified depository that becomes subject to a formal enforcement action by any federal regulator shall notify the Council within twenty-four hours of the publication of the action taken by a federal regulator. Failure of a qualified depository to comply with this requirement to notify the Council may result in action taken by the Council to require collateralization of uninsured public funds in accordance with Section 51-7-18.1(5) and Section R628-11-7.

D. When a formal enforcement action has been modified or terminated by a federal regulator, the qualified depository shall notify the Council within twenty-four hours of the publication of the modification or termination of any action.

(i) A participant who obtains a limited entry buck deer permit may only use that permit in the prescribed area and season listed on the permit. Dedicated Hunter privileges are not transferred to that permit.

(ii) The limited entry buck deer permit may not be obtained if the Dedicated Hunter permit has been in possession of the participant during any open portion of the general buck deer season.

(3)(a) Participants may apply for or obtain antlerless deer permits as provided in Rule R657-5 and the guidebook of the Wildlife Board for taking big game.

(a) if a participant has been issued the 1st permit, the participant must have completed a minimum of 10 service hours prior to an allowable surrender.

(i) if the participant surrendering is physically unable to complete the minimum of 10 service hours due to injury or illness, the Division may authorize another person to fulfill the requirement in the participant's behalf.

R657-41-3. Determining the Number of Conservation and Sportsman Permits.
(1) The number of conservation permits authorized by the Wildlife Board shall be based on:
(a) the species population trend, size, and distribution to protect the long-term health of the population;
(b) the hunting and viewing opportunity for the general public, both short and long term; and
(c) the potential revenue that will support protection and enhancement of the species;
(2) One statewide conservation permit may be authorized for each conservation permit species.
(3) A limited number of area conservation permits may be authorized as follows:
(a) the potential number of multi-year and single year permits available for Rocky Mountain bighorn sheep and desert bighorn sheep will be calculated based on the number permits issued the year prior to the permits being awarded using the following rule:
(i) 5-14 public permits = 1 conservation permit, 15-24 public permits = 2 conservation permits, 25-34 public permits = 3 conservation permits, 35-44 permits = 4 conservation permits, 45-54 public permits = 5 conservation permits, 55-64 permits = 6 conservation permits, 65-74 public permits = 7 conservation permits and >75 public permits = 8 conservation permits.
(b) the potential number of multi-year and single year permits available for the remaining conservation permit species will be calculated based on the number permits issued the year prior to the permits being awarded using the following rule:
(i) 11-30 public permits = 1 conservation permit, 31-50 public permits = 2 conservation permits, 51-70 public permits = 3 conservation permits, 71-90 permits = 4 conservation permits, 91-110 public permits = 5 conservation permits, 111-
The number of conservation permits may be reduced if the number of public permits declines during the time period or which multi-year permits were awarded.

(5) The actual number of conservation permits awarded shall be based on:

(a) state and area conservation permits awarded during the previous three years.

(b) revenue generated by conservation organization sales during the same period.

(c) average performance of conservation organizations in conservation permit sales during the same period.

(6) Area conservation permits shall be deducted from the number of public drawing permits.

(7) One sportsman permit shall be authorized for each statewide conservation permit authorized.

(8) All area conservation permits are eligible as multi-year permits except that the division may designate some area conservation permits as single year permits based on the applications received for single year permits.

(9) All statewide permits will be multi-year permits except for a second statewide permit issued for a special event.

R657-41-4. Eligibility for Conservation Permits.

(1) Statewide and area conservation permits may be awarded to eligible conservation organizations to market and sell, or to use as an aid in wildlife related fund raising activities.

(2) To be eligible for multi-year conservation permits, a conservation organization must have generated in conservation permit sales during the same period. Conservation organizations eligible for multi-year permits may not apply for single year permits, and conservation organizations ineligible for multi-year permits may only apply for single year permits.

(3) Conservation organizations applying for single year permits may not:

(a) bid for or obtain conservation permits if any employee, officer, or board of director member of the conservation organization is an employee, officer, or board of director member of any other conservation organization that is submitting a bid for single year conservation permits; or

(b) enter into any pre-bidding discussions, understandings or agreements with any other conservation organization submitting a bid for conservation permits regarding:

(i) which permits will be sought by a bidder;

(ii) what amounts will be bid for any permits; or

(iii) trading, exchanging, or transferring any permits after permits are awarded.

(1)(a) Conservation organizations may apply for conservation permits by sending an application to the division.

(b) Only one application per conservation organization may be submitted. Multiple chapters of the same conservation organization may not apply individually.

(c) Conservation organizations may apply for single year conservation permits or multi-year conservation permits. They may not apply for both types of conservation permits.

(2) The application must be submitted to the division by September 1 to be considered for the following year's conservation permits. Each application must include:

(a) the name, address and telephone number of the conservation organization;

(b) a copy of the conservation organization's mission statement;

(c) verification of the conservation organization's tax exempt status under Internal Revenue Code, Section 501C-3 as amended; and

(d) the name of the president or other individual responsible for the administrative operations of the conservation organization.

(3) If applying for single year conservation permits, a conservation organization must also include in its application:

(a) the proposed bid amount for each permit requested. The proposed bid amount is the revenue the organization anticipates to be raised from a permit through auction or other lawful fund raising activity.

(b) certification that there are no conflicts of interest or collusion in submitting bids as prohibited in R657-41-4(3);

(c) acknowledgement that the conservation organization recognizes that falsely certifying the absence of collusion may result in cancellation of permits, disqualification from bidding for five years or more, and the filing of criminal charges;

(d) evidence that the application and bid has been reviewed and approved by the board of directors of the bidding organization.

(e) the type of permit, and the species for which the permit is requested; and

(f) any requested variances for an extended season or legal weapon choice for area conservation permits.

(4) An application that is incomplete or completed incorrectly may be rejected.

(5) The application of a conservation organization for conservation permits may be denied for:

(a) failing to fully report on the preceding year's conservation permits;

(b) violating any provision of this rule, Title 23 of the Utah Code, Title R657 of the Utah Administrative Code, a division proclamation, or an order of the Wildlife Board; or

(c) violating any other law that bears a reasonable relationship to the applicant's ability to responsibly and lawfully handle conservation permits pursuant to this rule.

(1) The division shall recommend the conservation organization to receive each single year conservation permit based on:

(a) the bid amount pledged to the species, adjusted by:

(i) the performance of the organization over the previous two years in meeting proposed bids;

(ii) 90% of the bid amount;

(iii) the organizations maintaining a minimum two-year average performance of 70% to be eligible for consideration of permits. Performance of the organization is the proportion of the total revenue generated from permit sales, divided by 90% of the bid amount for all permits, calculated annually and averaged for the last two years.

(b) if two or more conservation organizations are tied using the criteria in Subsection (a), the closeness of the organization's purpose to the species of the permit; and

(c) if two or more conservation organizations are tied using the criteria in Subsection (a) and (b), the geographic closeness of the organization to the location of the permit.

(2)(a) Between the time the division recommends that a conservation permit be awarded to a conservation organization and the time the Wildlife Board approves that recommendation, a conservation organization may withdraw its application for any given permit or exchange its application with another conservation organization without penalty, provided the bid amount upon which the permit application was evaluated is not changed.

(b) If a conservation organization withdraws its bid and the bid is awarded to another organization at a lower amount, then the difference between the two bids will be subtracted from the organization making the higher bid for purposes of evaluating organization performance.

(3) The Wildlife Board shall make the final assignment of conservation permits at a meeting prior to December 1 annually.

(4) The Wildlife Board may authorize a conservation organization...

the selection order among the other participating organizations
for the permit program.

The total of all bids for permits awarded to any one
organization shall not exceed $20,000 the first year an organization receives permits.

The number of permits awarded to any one organization shall not increase by more than 100% from the previous year.

(7) If the Wildlife Board authorizes a second statewide conservation permit for a species, the conservation organization receiving the permit must meet the division designated bid for that permit.

(1) Distribution of multi-year conservation permits will be based on a sequential selection process where each eligible conservation organization is assigned a position or positions in the selection order among the other participating organizations and awarded credits with which to purchase multi-year permits at an assigned value. The selection process and other associated details are as follows.

(2) Multi-year permits will be awarded to eligible conservation organizations for no more than three years.

(3) The division will determine the number of permits available as multi-year permits after subtracting the proposed number of single year permits.

(a) Season types for multi-year area conservation permits for elk on any given hunt unit will be designated and assigned in the following order:

(i) first permit -- premium;
(ii) second permit -- any-weapon;
(iii) third permit -- any-weapon;
(iv) fourth permit -- archery;
(v) fifth permit -- muzzleloader;
(vi) sixth permit -- premium;
(vii) seventh permit -- any-weapon; and
(viii) eighth permit -- archery.

(b) Season types for multi-year area conservation permits for deer on any given hunt unit will be designated and assigned in the following order:

(i) first permit -- premium;
(ii) second permit -- any-weapon;
(iii) third permit -- any-weapon;
(iv) fourth permit -- archery;
(v) fifth permit -- any-weapon;
(vi) sixth permit -- any-weapon;
(vii) seventh permit -- muzzleloader; and
(viii) eighth permit -- archery.

(4) The division will assign a monetary value to each multi-year permit based on the average return for the permit during the previous three year period. If a history is not available, the value will be estimated.

(5) The division will determine the total annual value of all multi-year permits.

(6)(a) The division will calculate a market share for each eligible conservation organization applying for multi-year permits.

(b) Market share will be calculated and determined based on:

(i) the conservation organization's previous three years performance;

(vii) seventh permit -- any-weapon; and
(viii) eighth permit -- archery.

(6)(a) The division will calculate a market share for each eligible conservation organization applying for multi-year permits.

(vii) seventh permit -- any-weapon; and
(viii) eighth permit -- archery.

(6)(a) The division will calculate a market share for each eligible conservation organization applying for multi-year permits.

(b) Market share will be calculated and determined based on:

(i) the conservation organization's previous three years performance;

(vii) seventh permit -- any-weapon; and
(viii) eighth permit -- archery.

(10) Between the establishing of the selection order and the selection meeting, groups may trade or assign draw positions, but once the selection meeting begins draw order cannot be changed.

(11) At the selection meeting, conservation organizations will select permits from the available pool according to their respective positions in the selection order. For each permit selected, the value of that permit will be deducted from the conservation organization's available credits. The selection order will repeat itself until all available credits are used or all available permits are selected.

(12) Conservation organizations may continue to select a single permit each time their turn comes up in the selection order until all available credits are used or all available permits are selected.

(13) A conservation organization may not exceed its available credits except a group may select their last permit for up to 10% of the permit value above their remaining credits.

(14) Upon completion of the selection process, but prior to the Wildlife Board meeting where final assignment of permits are made, conservation organizations may trade or assign permits to other conservation organizations eligible to receive multi-year permits. The group receiving a permit retains the permit for the purposes of marketing and determination of market share for the entire multi-year period.
(15) Variances for an extended season or legal weapon choice may be obtained only on area conservation permits and must be presented to the Wildlife Board prior to the final assignment of the permit to the conservation organization.

(16) Conservation organizations may not trade or transfer multi-year permits to other organizations once assigned by the Wildlife Board.

(17) Conservation organizations failing to comply with the reporting requirements in any given year during the multi-year period shall lose the multi-year conservation permits for the balance of the multi-year award period.

(18) If a conservation organization is unable to complete the terms of marketing the assigned permits, the permits will be returned to the regular public drawing process for the duration of the multi-year allocation period.

(1) The division and conservation organization receiving permits shall enter into a contract.

(2)(a) The conservation organization receiving permits must ensure that the permits are marketed and distributed by lawful means. Conservation permits may not be distributed in a raffle except where the following conditions are met:

(i) the conservation organization obtains and provides the division with a written opinion from a licensed attorney or a written confirmation by the local district or county attorney that the raffle scheme is in compliance with state and local gambling laws;

(ii) except as otherwise provided in R657-41-8(5), the conservation organization does not repurchase, directly or indirectly, the right to any permit it distributes through the raffle;

(iii) the conservation organization prominently discloses in any advertisement for the raffle and at the location of the raffle that no purchase is necessary to participate; and

(iv) the conservation organization provides the division with a full accounting of any funds raised in the conservation permit raffle, and otherwise accounts for and handles the funds consistent with the requirement in Utah Admin. Code R657-41-9.

(3) The conservation organization must:

(i) obtain the name of the proposed permit recipient at the event where the permit recipient is selected; and

(ii) notify the division of the proposed permit recipient within 30 days of the recipient selection or the permit may be forfeited.

(4) If a person is selected by a qualified organization to receive a conservation permit and is also successful in obtaining a permit for the same species in the same year through the division drawing, that person may designate another person to receive the conservation permit, provided the conservation permit has not been issued by the division to the first designated person.

(5) If a person is selected by a qualified organization to receive a conservation permit, but is unable to use the permit, the conservation organization may designate another person to receive the permit provided:

(a) the conservation organization selects the new recipient of the permit;

(b) the amount of money received by the division for the permit is not decreased;

(c) the conservation organization relinquishes to the division and otherwise uses all proceeds generated from the re-designated permit, pursuant to the requirements provided in Section R657-41-9;

(d) the conservation organization and the initial designated recipient of the permit, sign an affidavit indicating the initial designated recipient is not profiting from transferring the right to the permit; and

(e) the permit has not been issued by the division to the first designated person.

(6) Except as otherwise provided under Subsections (4) and (5), a person designated by a conservation organization as a recipient of a conservation permit, may not sell or transfer the rights to that designation to any other person. This does not preclude a person from bidding or otherwise lawfully acquiring a permit from a conservation organization on behalf of another person who will be identified as the original designated recipient.

(7) A person cannot obtain more than one conservation permit for a single conservation permit species per year, except for:

(a) elk, provided no more than two permits are obtained where one or both are antlerless permits; and

(b) turkey.

(8) the person designated on a conservation permit voucher must possess or obtain a current Utah hunting or combination license to redeem the voucher for the corresponding conservation permit.

(1) All permits must be marketed by September 1, annually.

(2) Within 30 days of the last event, but no later than September 1 annually, the conservation organization must submit to the division:

(a) a final report on the distribution of permits;

(b) the total funds raised on each permit;

(c) the funds due to the division; and

(d) a report on the status of each project funded in whole or in part with retained conservation permit revenue.

(3)(a) Permits shall not be issued until the permit fees are paid to the division.

(b) If the conservation organization is paying the permit fees for the permit recipient, the fees must be paid from the 10% retained by the conservation organization as provided in Subsection (5)(a).

(4)(a) Conservation organizations shall remit to the division by September 1 of each year 30% of the total revenue generated by conservation permit sales in that year.

(b) The permit revenue payable to the division under Subsection (4)(a), excluding accrued interest, is the property of the division and may not be used by conservation organizations for projects or any other purpose.

(c) The permit revenue must be placed in a federally insured account promptly upon receipt and remain in the account until remitted to the division on or before September 1 of each year.

(d) The permit revenue payable to the division under this subsection shall not be used by the conservation organization as collateral or commingled in the same account with the organization's operation and administration funds, so that the separate identity of the permit revenue is not lost.

(e) Failure to remit 30% of the total permit revenue to the Division by the September 1 deadline may result in criminal prosecution under Title 76, Chapter 6, Part 4 of the Utah Code, and may further disqualify the conservation organization from obtaining any future conservation permits.

(5) A conservation organization may retain 70% of the revenue generated from the sale of conservation permits as follows:

(a) 10% of the revenue may be withheld and used by the conservation organization for administrative expenses.

(b) 60% of the revenue may be retained and used by the conservation organization only for eligible projects as provided in subsections (i) through (ix).

(i) eligible projects include habitat improvement, habitat acquisition, transplants, targeted education efforts and other
projects providing a substantial benefit to species of wildlife for which conservation permits are issued, unless the division and conservation organization mutually agree in writing that there is a higher priority use for other species of protected wildlife.

(ii) retained revenue shall not be committed to or expended on any eligible project without first obtaining the division director's written concurrence.

(iii) retained revenue shall not be used on any project that does not provide a substantial and direct benefit to conservation permit species or other protected wildlife located in Utah.

(iv) cash donations to the Wildlife Habitat Account created under Section 23-19-43, Division Species Enhancement Funds, or the Conservation Permit Fund shall be considered an eligible project and do not require the division director's approval, provided the donation is made with instructions that it be used for species of wildlife for which conservation permits are issued.

(v) funds committed to approved projects will be transferred to the division within 90 days of being committed.

(A) if the project to which funds are committed is completed under the projected budget or is canceled, funds committed to the project that are not used will be kept by the division and credited back to the conservation organization and will be made available for the group to use on other approved projects during the current or subsequent year.

(vi) retained revenue shall not be used on any project that is inconsistent with division policy, including feeding programs, predation management, or predator control.

(vii) retained revenue under this subsection must be placed in a federally insured account. All interest revenue earned thereon may be retained and used by the conservation organization for administrative expenses.

(viii) retained revenue shall not be used by the conservation organization as collateral or commingled in the same account with the organization's operation and administration funds, so that the separate identity of the retained revenue is not lost.

(ix) retained revenue must be completely expended on or committed to approved eligible projects by September 1, two years following the year in which the relevant conservation permits are awarded to the conservation organization by the Wildlife Board. Failure to commit or expend the retained revenue by the September 1 deadline will disqualify the conservation organization from obtaining any future conservation permits until the unspent retained revenue is committed to an approved eligible project.

(x) all records and receipts for projects under this subsection must be retained by the conservation organization for a period not less than five years, and shall be produced to the division for inspection upon request.

(6)(a) Conservation organizations accepting permits shall be subject to annual audits on project expenditures and conservation permit accounts.

(b) The division shall perform annual audits on project expenditures and conservation permit accounts.

(1)(a) A conservation or sportsman permit allows the recipient to take only one individual of the species for which the permit is issued, except a statewide turkey conservation or sportsman permit allows the holder to take two turkeys.

(b) The species that may be taken shall be printed on the permit.

(c) The species may be taken in the area and during the season specified on the permit.

(d) The species may be taken only with the weapon specified on the permit.

(2) The recipient of a conservation or sportsman permit is subject to all of the provisions of Title 23, Wildlife Resources Code, and the rules and proclamations of the Wildlife Board for taking and pursuing wildlife.

Conservation organizations shall remit to the division 90% of the total revenue generated by the Special Antelope Island State Park Conservation Permit sales in that year.

Special Antelope Island State Park Conservation Permits will be issued under this section and will not be limited to 90% of the total revenue generated by the Special Antelope Island State Park Conservation Permit sales in that year.

Except as otherwise provided under Subsections (3)(d) and (3)(e), a person designated by a conservation organization as a recipient of a Special Antelope Island State Park Conservation Permit, may not sell or transfer the rights to that designation to any other person. This does not preclude a person from bidding or otherwise lawfully acquiring a permit from a conservation organization on behalf of another person who will be identified as the original designated recipient.

A person cannot obtain a Special Antelope Island State Park Conservation Permit for a bighorn sheep or mule deer and any other permit for a male animal of the same species in the same year.

The person designated to receive a Special Antelope Island State Park Conservation Permit must possess or obtain a current Utah hunting or combination license before being issued the permit.

Any conservation organization administratively or criminally found in violation of this rule or the Wildlife Resources Code may be suspended from participation in the conservation permit program and required to surrender all conservation permit vouchers.

D. Subpoenas and Attendance of Witnesses -- Commissioners, the secretary to the Commission, and administrative law judges or presiding officers employed by the Commission are delegated the authority to sign and issue subpoenas. Parties desiring the issuance of subpoenas shall submit them to the Commission. E. Conduct of the Hearing --
1. Generally -- Hearings may be held before the full Commission, one or more commissioners, administrative law judges or presiding officers employed by the Commission as provided by law and as the Commission shall direct. Hearings shall be open to the public, except where the Commission closes a hearing for the presentation of proprietary, trade secret or confidential material. Failure to obey the rulings and orders of the presiding officer may be considered contempt.
2. Before commissioner or administrative law judge -- When a hearing is conducted before less than the full Commission, before an administrative law judge or presiding officer, the presiding officer shall ensure that the taking of evidence and subsequent matters proceed as expeditiously as practicable. The presiding officer shall prepare and certify a recommended decision to the Commission. Except as otherwise ordered by the Commission or provided by law, the presiding officer may schedule and otherwise regulate the course of the hearing; recess, reconvene, postpone, or adjourn the hearing; administer oaths; rule on and receive evidence; cause discovery to be conducted; issue subpoenas; hold conferences of the participants; rule on, and dispose of, procedural matters, including oral or written motions; summarily dispose of a proceeding or part of a proceeding; certify a question to the Commission; permit or deny appeal of an interlocutory ruling; and separate an issue or group of issues from other issues in a proceeding and treat the issue or group of issues as a separate phase of the proceeding. The presiding officer may maintain order as follows:
   a. ensure that disregard by a person of rulings on matters of order and procedure is noted on the record or, if appropriate, is made the subject of a special written report to the Commission;
   b. if a person engages in disrespectful, disorderly, or contumacious language or conduct in connection with the hearing, recess the hearing for the time necessary to regain order;
   c. take appropriate action, including removal from the proceeding, against a participant or counsel, if necessary to maintain order.
3. Before full Commission -- In hearings before the full Commission, the Commission shall exercise the above powers and any others available to it and convenient or necessary to an orderly, just, and expeditious hearing.

F. Evidence --
1. Generally -- The Commission is not bound by the technical rules of evidence and may receive any oral or documentary evidence; except that no finding may be predicated solely on hearsay or otherwise incompetent evidence. Further, the Commission may exclude non-probative, irrelevant, or unduly repetitious evidence. Testimony shall be under oath and subject to cross-examination. Public witnesses may elect to provide sworn statements.
2. Exhibits --
   a. Except as to oral testimony and items administratively noticed, material offered into evidence shall be in the form of an exhibit. Exhibits shall be premarked. Parties offering exhibits shall, before the hearing begins, provide copies of their exhibits to the presiding officer, other participants or their representatives, and the original to the reporter, if there is one, otherwise to the presiding officer. If documents contain information the offering participant does not wish to include, the offering party shall mark out, excise, or otherwise exclude the extraneous portion on the original. Additions to exhibits shall be dealt with in the same manner.
   b. Exhibits shall be premarked, by the offering party, in the upper right corner of each page by identifying the party, the witness, docket number, and a number reflecting the order in which the offering party will introduce the exhibit.

An exhibit offered by a witness shall also be presented as an electronic document, an exact copy of the paper version, using a format previously approved by the Commission.

G. Administrative notice -- The presiding officer may take administrative or official notice of a matter in conformance with Section 63G-4-206(1)(b)(iv).

H. Stipulations -- Participants in a proceeding may stipulate to relevant matters of fact or the authenticity of relevant documents. Stipulations may be received in evidence, and if received, are binding on the participants with respect to any matter stipulated. Stipulations may be written or made orally at the hearing.

I. Settlements --
   a. Cases may be resolved by a settlement of the parties if
approved by the Commission. Issues so resolved are not bindings precedent in future cases involving similar issues.

b. Before accepting an offer of settlement, the Commission may require the parties offering the settlement to show that each party has been notified of, and allowed to participate in, settlement negotiations. Parties not adhering to settlement agreements shall be entitled to oppose the agreements in a manner directed by the Commission.

c. Testimony -- If a witness's testimony has been reduced to writing and filed with the Commission before the hearing, in conformance with R746-100-3(C), at the discretion of the Commission, the testimony may be placed on the record without being read into the record; if adverse parties shall have been served with, or otherwise have had access to, the prefilled, written testimony for a reasonable time before it is presented. Except upon a finding of good cause, a reasonable amount of time shall be at least ten days. The testimony shall have line numbers inserted at the left margin and shall be authenticated by affidavit of the witness. To aid in the identification of text and the examination of witnesses, written testimony shall have each line numbered consecutively throughout the entire written testimony. Internal charts, exhibits or other similar displays included within or attached to written testimony need not be included within the document's internal line numbering. If admitted, the testimony shall be marked and incorporated into the record as an exhibit. Parties shall have full opportunity to cross-examine the witness on the testimony. Unless the Commission orders otherwise, parties shall have witnesses present summaries of prefilled testimony orally at the hearing. Witnesses may be required to reduce their summaries to writing and either file them with their prefilled testimony or deliver them to parties of record before or at the hearing. Among hearing, witnesses shall read their summaries into the record. Opposing parties may cross-examine both on the original prefilled testimony and the summaries.

H. Joint Exhibits -- Both narrative and numerical joint exhibits, detailing each party's position on each issue, shall be filed with the Commission before the hearing. These joint exhibits shall:

a. be updated throughout the hearing;

b. depict the final positions of each party on each issue at the end of the hearing; and

c. be in conformance with R746-100-3(C).

I. Recording of Hearing and Transcript -- Hearings may be recorded by a shorthand reporter licensed in Utah; except that in non-contested matters, or by agreement of the parties, hearings may be recorded electronically.

2. If a party requests that a scheduling conference or technical conference be recorded, the Commission may require that party to pay some or all of the costs associated with recording.

J. Order of Presentation of Evidence -- Unless the presiding officer orders otherwise, applicants or petitioners, including petitioners for an order to show cause, shall first present their case in chief, followed by other parties, in the order designated by the presiding officer, followed by the opposing party's rebuttal.

K. Cross-Examination -- The Commission may require written cross-examination and may limit the time given parties to present evidence and cross-examine witnesses. The presiding officer may exclude friendly cross-examination. The Commission discourages and may prohibit parties from making their cases through cross-examination.

L. Procedure at Conclusion of Hearing -- At the conclusion of proceedings, the presiding officer may direct a party to submit a written proposed order. The presiding officer may also order parties to present further matter in the form of oral argument or written memoranda.

A. Generally -- Decisions and orders may be drafted by the Commission or by parties as the Commission may direct. Draft or proposed orders shall contain a heading similar to that of pleadings and bear at the top the name, address, and telephone number of the persons preparing them. Final orders shall have a concise summary of the case containing the salient facts, the issues considered by the Commission, and the Commission's disposition of them. A short synopsis of the order, placed at the beginning of the order, shall describe the final resolutions made in the order.

B. Recommended Orders -- If a case has been heard by less than the full Commission, or by an administrative law judge, the official hearing the case shall submit to the Commission a recommended report containing proposed findings of fact, conclusions of law, and an order based thereon.

C. Final Orders of Commission -- If a case has been heard by the full Commission, it shall confer following the hearing. Upon reaching its decision, the Commission shall draft or direct the drafting of a report and order, which upon signature of at least two Commissioners shall become the order of the Commission. Dissenting and concurring opinions of individual commissioners may be filed with the order of the Commission.

D. Deliberations -- Deliberations of the Commission shall be in closed chambers.

E. Effective Date -- Copies of the Commission's final report and order shall be served upon the parties of record. Orders shall be effective the date of issuance unless otherwise stated in the order. Upon petition of a party, and for good cause shown, the Commission may extend the time for compliance fixed in an order.

F. Review or Rehearing -- Petitions for review or rehearing shall be filed within 30 days of the issuance date of the order in accordance with Section 63G-4-301 and served on other parties of record.

1. A party asking the Commission to modify a fact finding must marshal the record evidence that supports the challenged finding, as set forth in State v. Nielsen, 2014 UT 10, paragraphs 33-44, 326 P.3d 645.

2. Following the filing of a petition for review, opposing parties may file responsive memoranda or pleadings within 15 days.

3. Proceedings on review shall be in accordance with Section 54-7-15.

4. A petition for reconsideration pursuant to Section 63G-4-302 is not required in order for a party to exhaust its administrative remedies prior to appeal.

R746-100-12. Appeals.

Appeals from final orders of the Commission shall be to a court of appropriate jurisdiction.

R746-100-13. Ex Parte Communications.

A. Ex Parte Communications Prohibited -- To avoid prejudice, real or perceived, to the public interest and persons involved in proceedings pending before the Commission:

B. Persons Affected -- Except as permitted in R746-100-13(C), no person who is a party, or the party's counsel, agent, or other person acting on the party's behalf, shall engage in ex parte communications with a commissioner, administrative law judge, presiding officer, or any other employee of the Commission who is, or may reasonably be expected to be, involved in the decision-making process regarding a matter pending before the Commission. No commissioner, administrative law judge, presiding officer, or other employee of the Commission who is, or may reasonably be expected to be,
involved in the decision-making process shall request or entertain ex parte communications.

C. Exceptions. -- The prohibitions contained in R746-100-13(B) do not apply to a communication:
1. from an interceder who is a local, state, or federal agency which has no official interest in the outcome and whose official duties are not affected by the outcome of the on-the-record proceedings before the Commission to which the communication relates;
2. from a party, or the party's counsel, agent, or other person acting on the party's behalf if the communication relates to matters of procedure only;
3. from a person when otherwise authorized by law;
4. related to routine safety, construction, and operational inspections of project works by Commission employees undertaken to investigate or study a matter pending before the Commission;
5. related to routine field audits of the accounts or the books or records of a company subject to the Commission's accounting requirements not undertaken to investigate or study a matter pending in issue before the Commission in a proceeding;
6. related solely to a request for supplemental information or data necessary for an understanding of factual materials contained in documents or other evidence filed with the Commission in a proceeding covered by these rules and which is made in the presence of or after coordination with counsel.

D. Records of Ex Parte Communications -- Written communications prohibited by R746-100-13(B), sworn statements reciting the substance of oral communications, and written responses and sworn statements reciting the substance of oral responses to prohibited communications shall be delivered to the secretary of the Commission who shall place the communication in the case file, but separate from the material upon which the Commission can rely in reaching its decision. The secretary shall serve copies of the communications upon parties to the proceeding and serve copies of the sworn statement to the communicator and allow him a reasonable time to file a response.

E. Treatment of Ex Parte Communications -- A commissioner, administrative law judge, presiding officer, or an employee of the Commission who receives an oral offer of a communication prohibited by R746-100-13(B) shall decline to hear the communication and explain that the matter is pending for determination. If unsuccessful in preventing the communication, the recipient shall advise the communicator that the communication will not be considered. The recipient shall, within two days, prepare a statement setting forth the substance of the communication and the circumstances of its receipt and deliver it to the secretary of the Commission for filing. The secretary shall forward copies of the statement to the parties.

F. Rebuttal -- Requests for an opportunity to rebut on the record matters contained in an ex parte communication which the secretary has associated with the record may be filed in writing with the Commission. The Commission may grant the requests only if it determines that fairness so requires. If the communication contains assertions of fact not a part of the record and of which the Commission cannot take administrative notice, the Commission, in lieu of receiving rebuttal material, normally will direct that the alleged factual assertion on proposed rebuttal be disregarded in arriving at a decision. The Commission will not normally permit a rebuttal of ex parte endorsements or oppositions by civic or other organizations by the submission of counter endorsements or oppositions.

G. Sanctions. -- Upon receipt of a communication knowingly made in violation of R746-100-13(B), the presiding officer may require the communicator, to the extent consistent with the public interest, to show cause why the communicator's interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected because of the violation.

H. Time When Prohibitions Apply -- The prohibitions contained in this rule shall apply from the time at which a proceeding is noticed for hearing or the person responsible for the communication has knowledge that it will be noticed for hearing or when a protest or a request to intervene in opposition to requested Commission action has been filed, whichever occurs first.

A. How initiated --
1. By the Commission -- When the Commission perceives the desirability or necessity of adopting a rule, it shall draft or direct the drafting of the rule. During the drafting process, the Commission may request the opinion and assistance of any appropriate person. It may also, in its discretion, conduct public hearings in connection with the drafting. When the Commission is satisfied with the draft of the proposed rule, it may formally propose it in accordance with the Utah Rulemaking Act, 63G-3-301.
2. By others -- Persons may petition the Commission for the adoption of a rule. The petitions shall be accompanied by a draft of the rule proposed. Upon receipt the Commission shall review the petition and draft and if it finds the proposed rule desirable or necessary, it shall proceed as with proposed rules initiated by the Commission, including amending or redrafting.

B. Hearing Procedure -- Hearings conducted in connection with rulemaking shall be informal, subject to requirements of decorum and order. Absent a finding of good cause to proceed otherwise, testimony and statements shall be unsworn, and there shall be no opportunity for participants to cross-examine. The Commission shall have the right, however, to freely question witnesses. Public hearings shall be recorded by shorthand reporter or electronically, at the discretion of the Commission, and the Commission may allow or request the submission of written materials.

R746-100-15. Deviation from Rules.
The Commission may order deviation from a specified rule upon notice, opportunity to be heard and a showing that the rule imposes an undue hardship which outweighs the benefits of the rule.

R746-100-16. Use of Information Claimed to Be Confidential or Highly Confidential in Commission Proceedings.
A. Information, documents and material submitted or requested in or relating to any Commission proceeding which is claimed to be confidential will be treated as follows:

1.a. Nature of Confidential Information. A person (Providing Party) required or requested to provide documents, data, information, studies, and other materials of a sensitive, proprietary or confidential nature (Confidential Information) to the Commission or to any party in connection with a Commission proceeding may request protection of such information in accordance with the terms of this rule. Confidential treatment shall be requested only to the extent a good faith reasonable basis exists for claiming that specific information constitutes a trade secret or is otherwise of such a highly-sensitive or proprietary nature that public disclosure would be inappropriate. Confidential treatment shall be requested narrowly as to only that specific information for which protection is reasonably required.
b. Identification of Confidential Information. All documents, data, information, studies and other materials filed in conjunction with a Commission proceeding, made available to proceeding participants, whether made available pursuant to interrogatories, requests for information, subpoenas, depositions, or other modes of discovery or otherwise, that are claimed to be Confidential Information, shall be furnished pursuant to the terms of this rule or any superseding Protective Order and shall be treated by all persons accorded access thereto pursuant to this rule or Protective Order, and shall neither be used nor disclosed by any recipient thereof except for the purpose of the proceeding in which it was obtained and solely in accordance with this rule or superseding Protective Order. All material claimed to be Confidential Information shall be so marked by the person producing it by stamping or noting the same with a designation substantially as follows: "CONFIDENTIAL - SUBJECT TO UTAH PUBLIC SERVICE COMMISSION RULE 746-100-16" or "CONFIDENTIAL - SUBJECT TO PROTECTIVE ORDER" or "CONFIDENTIAL - SUBJECT TO PROTECTIVE ORDER IN DOCKET NO. XX-XXX-XX" (reflecting the appropriate docket number). All copies of documents so marked shall be made on yellow paper.

c. Line Numbering in Redacted Documents. Parties shall ensure that line numbering in any redacted version of a document shall conform to and retain the general formatting and line numbering used in the unredacted version of the document. Individuals providing electronic documents to the Commission should file both a confidential and non-confidential version each clearly marked as such. For purposes hereof, notes made pertaining to or as the result of a review of Confidential Information shall be considered Confidential Information and subject to the terms of this rule.

d. Use of Confidential Information and Persons Entitled to Review. The Commission, Division of Public Utilities, and Office of Consumer Services shall be provided with Confidential Information and may use the Confidential Information as these agencies deem necessary to perform their statutory functions, provided they shall protect the confidentiality of the information as required by Utah law. Other than these state agencies, all Confidential Information made available pursuant to this rule shall be given solely to counsel for the participants (which may include counsel's paralegals, administrative assistants and clerical staff to the extent reasonably necessary for performance of work on the matter), and shall not be used nor disclosed except for the purpose of the proceeding in which they are provided and in accordance with this rule; provided, however, that access to any specific Confidential Information may be authorized by counsel, solely for the purpose of the proceeding, to those persons indicated by the participants as being their experts in the matter (including such experts' administrative assistants and clerical staff, and persons employed by the participants, to the extent reasonably necessary for performance of work on the matter). Persons designated as experts shall not include persons employed by the participants who could use the information in their normal job functions to the competitive disadvantage of the person providing the Confidential Information. The Commission, the Division of Public Utilities, and the Office of Consumer Services, and their respective counsel and staff, pursuant to the applicable provisions of Title 54, Utah Code Ann., the Rules of Civil Procedure and the Rules of the Commission, may have access to any Confidential Information made available pursuant to this rule or Protective Order and shall be bound by the terms of this rule, except as otherwise stated herein and except for the requirement of signing a nondisclosure agreement. Further, nothing herein shall prevent disclosure as required by law pursuant to interrogatories, administrative requests for information or documents, subpoena, civil investigative demand or similar process provided, however, that the person being required to disclose Confidential Information shall promptly give prior notice by telephone and written notice of such requirement of disclosure by electronic mail facsimile and overnight mail to the person that provided such Confidential Information, addressed to the providing person and attorneys of record for such person, so that the person that provided the Confidential Information may seek appropriate disclosure or protective order. The disclosing person will not oppose action by, and will cooperate with the person that provided the Confidential Information to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information.

e. Nondisclosure Agreement. Prior to giving or obtaining access to Confidential Information, as contemplated in (1)(b) above, counsel or any experts shall agree in writing to comply with and be bound by this rule and any Protective Order. Confidential Information shall not be disclosed to any person who has not signed a Nondisclosure Agreement in the form which is provided below or referenced in the Protective Order. The Nondisclosure Agreement shall require the person to whom disclosure is to be made to read a copy of this rule and any applicable Protective Order and to certify in writing that he or she has reviewed the same and has consented to be bound by the terms. The agreement shall contain the signatory's full name, permanent address and employer, and the name of the person with whom the signatory is associated. Such agreement shall be delivered to the providing person and counsel for the providing person prior to the expert gaining access to the Confidential Information.

The Nondisclosure Agreement may be in the following form:

"Nondisclosure Agreement. I have reviewed Public Service Commission of Utah Rule 746-100-16 and/or the Protective Order entered by the Public Service Commission of Utah in Docket No. XX-XXX-XX with respect to the review and use of confidential information and agree to comply with the terms and conditions of the rule and/or Protective Order. Thereafter there shall be lines upon which shall be placed the individual's signature, the typed or printed name of the individual, identification or name of the individual's employer or firm employing the individual (if any), the business address for the individual, identification or name of the party in the proceeding with which the individual is associated, and the date the nondisclosure agreement is executed by the individual.

f. Additional protective measures. To the extent a Providing Party reasonably claims that additional protective measures, beyond those required under this rule for Confidential Information, are warranted for certain highly proprietary, highly sensitive or highly confidential material (Highly Confidential Information), the Providing Party shall promptly inform the requester (Requesting Party) of the claimed highly sensitive nature of identified material and the additional protective measures requested by the Requesting Party. If the Providing Party and Requesting Party are unable to promptly reach agreement on the treatment of Highly Confidential Information, the Providing Party shall petition the Commission for an order granting additional protective measures. The Providing Party shall set forth the particular basis for: the claim, the need for the specific, additional protective measures, and the reasonableness of the requested, additional protection. A Requesting Party and any other party may respond to the petition and oppose or propose alternative protective measures to those requested by the Providing Party. Disputes between the parties shall be resolved by the Commission.

g. Identification of Highly Confidential Information. All documents, data, information, studies and other materials filed in conjunction with a Commission proceeding, made available
to proceeding participants, whether made available pursuant to interrogatory requests for information, subpoenas, depositions, or other modes of discovery or otherwise, that are claimed to be Highly Confidential, shall be furnished pursuant to the terms of this rule or any superceding Protective Order, and shall be treated by all persons accorded access thereto pursuant to this rule or Protective Order, and shall neither be used nor disclosed by any recipient thereof except for the purpose of the proceeding in which it was obtained and solely in accordance with this rule or superceding Protective Order. All material claimed to be Highly Confidential shall be so marked by the person producing it by stamping or noting the same with a designation substantially as follows: "HIGHLY CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER," or "HIGHLY CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER IN DOCKET NO. XX-XXX-XX (reflecting the appropriate docket number)." All copies of documents so marked shall be made on pink paper.

2.a. Challenge to Confidentiality or Proposed Additional Protective Measures. This rule establishes a procedure for the expeditious handling of Confidential Information; it shall not be construed as an agreement, or ruling on the confidentiality of any document.

b. In the event that persons are unable to agree that certain documents, data, information, studies, or other matters constitute Confidential Information or Highly Confidential Information referred to in (A)(1)(e) above, or in the event that persons are unable to agree on the appropriate treatment of Highly Confidential Information, the person objecting to the classification as Confidential Information or the person claiming Highly Confidential Information and the need for additional protective measures shall forthwith submit the disputes to the Commission for resolution.

c. Any person at any time upon at least ten (10) days prior notice, when practicable, may seek by appropriate pleading, to have documents that have been designated as Confidential Information or Highly Confidential Information, or which were accepted into the sealed record in accordance with this rule or a Protective Order, removed from the protective requirements of this rule or Protective Order, or from the sealed record and placed in the public record. If the confidential, or proprietary nature of this information is challenged, resolution of the issue shall be made by the Commission after proceedings in camera which shall be conducted under circumstances such that only those persons duly authorized to have access to such confidential matter shall be present. The record of such in camera hearings shall be marked substantially as follows "CONFIDENTIAL--SUBJECT TO RULE 746-100-16," or "CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER," or "CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER IN DOCKET NO. XX-XXX-XX (reflecting the appropriate docket number)" unless the Commission determines, and so provides by order, that such marking need not occur. It shall be transcribed only upon agreement by the parties, or order of the Commission, and in that event shall be separately bound, segregated, sealed, and withheld from inspection by any person not bound by the terms of this rule or Protective Order, unless and until released from the restrictions of this rule or Protective Order, either through agreement of the parties, or after notice to the parties and hearing, pursuant to an order of the Commission. In the event the Commission should rule in response to such a pleading that any information should be removed from the protective requirements of this rule or Protective Order, or from the protection of the sealed record, such order of the Commission shall not be effective for a period of ten (10) days after entry of the order.

3.a. Receipt into Evidence. At least ten (10) days prior to the use of or substantive reference to any Confidential Information as evidence, if practicable, the person intending to use such Confidential Information shall make that intention known to the providing person. The requesting person and the providing person shall make a good faith effort to reach an agreement so that the Confidential Information can be used in a manner which will not reveal its trade secret, confidential or proprietary nature. If such efforts fail, the providing person shall separately identify, within five (5) business days, which portions, if any, of the documents to be offered or referenced on the record containing Confidential Information shall be placed in the sealed record. Only one (1) copy of documents designated by the providing person to be placed in a sealed record shall be made and only for that purpose. Otherwise, persons shall make only general references to Confidential Information in any proceedings.

b. Seal. While in the custody of the Commission, Confidential Information provided pursuant to this rule or a Protective Order shall be marked substantially as follows: "CONFIDENTIAL--SUBJECT TO PUBLIC SERVICE COMMISSION OF UTAH RULE 746-100-16," "CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER," or "CONFIDENTIAL--SUBJECT TO PROTECTIVE ORDER IN DOCKET NO. XX-XXX-XX (reflecting the appropriate docket number)."

c. In Camera Hearing. Any Confidential Information that must be orally disclosed to be placed in a sealed record of a proceeding shall be offered in an in camera hearing, attended only by persons authorized to have access to the Confidential Information under this rule or Protective Order. Similarly, cross-examination on or substantive reference to Confidential Information, as well as that portion of the record containing references thereto, shall be similarly marked and treated.

d. Appeal. Sealed portions of the record in any proceeding may be forwarded to any court of competent jurisdiction on appeal in accordance with applicable rules and regulations, but under seal as designated herein, for the information and use of the court.

e. Return. Unless otherwise ordered, Confidential Information, including transcripts of any depositions to which a claim of confidentiality is made, shall remain under seal, shall continue to be subject to the protective requirements of this rule or Protective Order, and shall be returned to the providing person or counsel for the providing person within 30 days after final order, settlement, or other conclusion of the matters in which they were used, including administrative or judicial review thereof. Alternatively, a person receiving Confidential Information pursuant to the terms of this rule or Protective Order may certify, within 30 days after final order, settlement, or other conclusion of the matter including administrative or judicial review thereof, that the Confidential Information has been destroyed. Counsel who are provided access to Confidential Information pursuant to the terms of this rule or Protective Order may retain the Confidential Information, their notes, work papers or other documents as their attorneys' work product created with respect to their use and access to Confidential Information in the matter. An expert witness, accorded access to Confidential Information pursuant to this rule or Protective Order, shall provide to counsel for the person on whose behalf the expert was retained or employed, the expert's notes, work papers or other documents pertaining or relating to any Confidential Information. Counsel shall retain these experts' documents with counsel's documents. In order to facilitate their ongoing responsibility, this provision shall not apply to the Office of Consumer Services, which may retain Confidential Information obtained under this rule or Protective Order subject to the other terms of this rule or Protective Order. Any party that intends to use or disclose Confidential Information obtained
pursuant to this rule or a Protective Order in any subsequent Commission dockets or proceedings, shall do so in accordance with the terms of this rule or any applicable protective orders issued in such other subsequent Commission dockets or proceedings and only after providing notice of such intent to the providing person along with an identification of the original source of the Confidential Information.

4. Use in Proceedings. Where reference to Confidential Information is required in pleadings, cross-examinations, briefs, arguments, or motions, it shall be by citation of title, or exhibit number, or by some other nonconfidential description. Any further use of, or substantive references to Confidential Information shall be placed in a separate section of the pleading, brief, or document and submitted under seal. This sealed section shall be served only on counsel of record (one copy each), who have signed a Nondisclosure Agreement and counsel for the Division of Public Utilities and Office of Consumer Services. All the protections afforded in this rule apply to materials prepared and distributed under this paragraph.

5. Use in Decisions and Orders. The Commission will attempt to refer to Confidential Information in only a general, or conclusionary form and will avoid reproduction in any decision of Confidential Information to the greatest possible extent. If it is necessary for a determination in a proceeding to discuss Confidential Information other than in a general, or conclusionary form, it shall be placed in a separate section of an Order, or Decision, under seal. This sealed section shall be served only on counsel of record (one copy each) who have signed a Nondisclosure Agreement and counsel for the Division of Public Utilities and Office of Consumer Services. Counsel for other parties shall receive the cover sheet to the sealed portion and may review the sealed portion on file with the Commission once they have signed a Nondisclosure Agreement.

6. Segregation of Files. Those parts of any writing, depositions reduced to writing, written examination, interrogatories and answers thereto, or other written references to Confidential Information in the course of discovery, if filed with the Commission, will be sealed by the Commission, segregated in the files of the Commission, and withheld from inspection by any person not bound by the terms of this rule or Protective Order, unless such Confidential Information is released from the restrictions of this rule or Protective Order, either through agreement of the parties, or after notice to the parties and hearing, pursuant to an order of the Commission and/or final order of a court having jurisdiction.

7. Preservation of Confidentiality. All persons who may be entitled to receive, or who are afforded access to any Confidential Information by reason of this rule or Protective Order shall neither use, nor disclose the Confidential Information for purposes of business or competition, or any other purpose other than the purposes of preparation for and conduct of Commission proceedings, and then solely as contemplated herein, and shall take reasonable precautions to keep the Confidential Information secure in accordance with the purposes and intent of this rule or a Protective Order.

8. Reservation of Rights. Persons affected by the terms of this rule or a Protective Order retain the right to question, challenge, and object to the admissibility of any and all data, information, studies and other matters furnished under the terms of this rule or a Protective Order in response to interrogatories, requests for information, other modes of discovery, or cross-examination on the grounds of relevancy or materiality. This rule or a Protective Order shall in no way constitute any waiver of the rights of any person to contest any assertion by another person or finding by the Commission that any information is a trade secret, confidential, or privileged, and to appeal any assertion or finding.

A. This rule shall apply to each gas corporation, electrical corporation, wholesale electrical cooperative, telephone corporation, telegraph corporation, water corporation, sewerage corporation, heat corporation, and independent energy producer (except independent energy producers exempt from the jurisdiction of the Commission) operating as a public utility in the state of Utah under the jurisdiction of the Commission. This rule will enable the Commission to more accurately coordinate a utility's rates with the utility's anticipated revenues and costs by recognizing that some of the conditions which arise during a test period are ongoing and must be spread over the entire period.

For purposes of this rule:
A. "Annualize" or "annualization" shall refer to adjustments made to test-year data to reflect the partial-period effects of events that occurred or were ongoing during only a portion of the test year and are either recurring or have terminated.
B. "Price-level change" shall mean a change in the utility's costs or revenues that occurs or would occur with no change in the level of the utility's operations.
C. "Volume-level change" shall mean a change in the utility's costs or revenues due to changes in the level of the utility's operations.
D. "Interdependent investment/revenue/cost relationships" shall mean relationships among investments, revenues, and costs such that a change in one produces a change in one or both of the others.

An item of test-year data may be annualized in the determination of a utility's rates if it meets the following criteria:
A. Annualization of price-level changes will normally be allowed.
B. Annualization of volume-level changes with minimal interdependent investment/revenue/cost relationships will normally be allowed.
C. Annualization of volume-level changes with significant interdependent investment/revenue/cost relationships will be considered on a case-by-case basis, and annualization of such changes will not constitute precedent.
D. The change must be known to occur at a specific moment or moments in time.
E. The effects of the change must be measurable.
F. The change must occur on or before the effective date of a final Commission order setting rates.
G. The change must be expected to be ongoing after final rates become effective.

1990 54-4-1
Notice of Continuation October 19, 2015 54-4-4
A. Carrier means every individual, firm, partnership, group, or corporation importing or transporting motor fuels into the state of Utah by means of conveyance, whether gratuitously, for hire, or otherwise. It includes both common and private carriers, as those terms are commonly used.

B. Every carrier delivering motor fuels, as defined in Utah Code Ann. Section 59-13-102, within this state must submit written reports of all deliveries from outside Utah. The Tax Commission will furnish forms and the forms must be submitted on or before the last day of each month to cover fuel imported during the previous month.

A. Sales and deliveries of motor fuel, by a Utah licensed distributor are exempt, provided one of the following requirements is met:

1. delivery is made to a point outside this state by a common or contract carrier to a Utah licensed distributor; 
2. delivery is made to a point outside this state in a vehicle owned and operated by a Utah licensed distributor; 
3. delivery is made at a point in or outside this state to a distributor or importer licensed in another state for use or sale in that state; or
4. delivery is made, in a drum or similar container, at a point in the state of Utah to a person for use in another state.

B. Each export sale must be supported by records that disclose the following information:

1. If sold to a licensed distributor, records shall show the date exported, the consignee or purchaser, and the destination of the motor fuel.
2. If the exporter is not a licensed distributor, credit must be claimed through a licensed distributor and the following requirements must be met:

   a. the exporter must furnish a licensed distributor with a completed Form TC-112 Proof of Exportation -- Motor Fuel, showing the date, the purchaser or consignee, and the destination of the motor fuel; 
   b. the licensed distributor shall make note of the date this information is furnished and make claim for credit due on the motor fuel return for the same period in which the Form TC-112 was received; 
   c. a statement that the purchaser will assume the responsibility and liability for the payment of motor fuel tax on all future purchases of motor fuel.
   d. The letter from the purchaser must be retained by the seller as part of the seller's permanent records.

A. Volatile or inflammable liquids which qualify as motor fuels under Utah laws but which in their present state are not usable in internal combustion engines and in fact are not used as motor fuels in internal combustion engines are exempt if sold in bulk quantities of not less than 1,000 gallons at each delivery.

B. The licensed motor fuel importer, refiner, or licensed distributor shall submit specifications and other related data to the Tax Commission. If the Tax Commission agrees that the product is not a taxable motor fuel in its current state, it may be sold exempt provided it is determined that all of the product sold will be used for other than use in an internal combustion engine:

C. The Tax Commission may set reporting and verification requirements for nontaxable products if additional sales are made to the same purchaser for identical use. Failure to submit reports, verification, or specifications upon request by the Tax Commission will result in the product losing its exempt status.

D. Sellers and purchasers of the exempt product must maintain records to show the use of the product together with laboratory specifications to indicate its quality. These records must be available for audit by the Tax Commission.

E. Any exempt products subsequently sold in their original state for use as a motor fuel, or to be blended with other products to be used as a motor fuel, will be subject to the motor fuel tax at the time of sale.

A. Every person who purchases motor fuel within this state for the operation of farm engines, including self-propelled farm machinery, used solely for nonhighway agricultural purposes, is entitled to a refund of the Utah Motor Fuel Tax paid thereon.

1. Agricultural purposes relate to the cultivation of the soil for the production of crops, including: vegetables, sod crops, grains, feed crops, trees, fruits, nursery floral and ornamental stock, and other such products of the soil. The term also includes raising livestock and animals useful to man.

2. Refunds are limited to the person raising agricultural products for resale or performing custom agricultural work using nonhighway farm equipment. It is further limited to persons engaged in commercial farming activities rather than those engaged in a hobby or farming for personal use.

3. Fuel used in the spraying of crops by airplanes does not ordinarily qualify for refund since aviation fuel tax rather than motor fuel tax normally applies to the sale of this fuel.

A. Motor fuels refined in Utah from solid hydrocarbons located in Utah are exempt from the motor fuel tax. If any exempt product is blended into gasoline refined from oil or into gasohol produced by blending gasoline and alcohol, the resulting product will be exempt only to the extent of the exempt hydrocarbon fuel included in the final blended product.

1. For example, if the motor fuel produced from solid hydrocarbons is blended with product containing 90 percent motor fuel produced from oil, 10 percent of the total product will be exempt from the motor fuel tax. To the extent possible, the solid hydrocarbon exemption should be claimed by the
person refining or distilling the exempt product.

If the resulting blended motor fuel is exported from Utah or sold to a tax-exempt government agency, the exemption claimed as a result of the export or government sales must be reduced by the amount of exemption claimed for the motor fuel produced from solid hydrocarbons in Utah.

C. In order for this adjustment to be made in cases where the export or exempt sale is made by someone other than the refiner or blender, the invoice covering the sale of the fuel must designate the amount of exempt product included in the motor fuel sold. This must be shown whether sold to a licensed distributor or to an unlicensed distributor.

1. If the exempt, or partially exempt product is sold to a licensed distributor, the distributor must make the adjustment on the form used to claim credit for the government sale or the export.

2. If sold to an unlicensed distributor, the export form or government sale form submitted to a licensed distributor for a claim must contain a statement disclosing the amount of exempt motor fuel included.

If the records are insufficient to disclose the identity of the exempt purchaser on a direct basis, an adjustment shall be made multiplying the exempt product by a percentage factor representing the government and export sales portion of total motor fuel sales for the same period.

(1) Sales to an Indian tribe for its exclusive use, acting in its tribal capacity, are exempt from taxation. Sales to individual tribal members, to Indian businesses operating on or off tribal territory, or to other nontribal organizations for personal use, sales purposes, or distribution to third parties do not qualify for the exemption for sales to Indian tribes.

(2) Licensed distributors may claim the exemption on sales to government agencies by taking the deduction on their motor fuel tax return for the month in which the sales occurred.

(a) Nonlicensed distributors making qualifying sales to government agencies must obtain credit for the exemption through the return of the licensed distributor supplying them with the fuel for the sales.

(b) A licensed distributor shall support each sale claimed as a deduction by retaining a copy of the sales invoice. The sales invoice must be in proper form and must contain sufficient information to substantiate the exemption status of the sale according to this rule.

(3) The fuel tax exemption for motor fuel sold to the United States, this state, or a political subdivision of this state shall be administered in the form of a refund if the government entity purchases the motor fuel after the tax imposed by Title 59, Chapter 13, Part 2 was paid. For refund procedures, see rule R865-13G-13.

A. Definitions:

1. "Gross gallon" means the United States volumetric gallon with a liquid capacity of 231 cubic inches.

2. "Net gallon" means the gross metered gallon with temperature correction in volume to 60 degrees Fahrenheit.

B. All Utah licensed distributors shall elect to calculate the tax liability on the Utah Motor Fuel Tax Returns on a consistent and strict gross gallon or net gallon basis. The election must be declared in writing and must be sent to the Tax Commission. The declared basis must be the exclusive basis used for 12 consecutive months. Any licensed distributor failing to make an election will default to the gross gallon basis and must then report and pay the excise tax on that basis. Requests for changes in the reporting basis must be submitted in writing and approved by the Tax Commission prior to any change in the reporting basis. Changes in basis may occur only on January 1 and must remain in effect 12 consecutive months.

C. If the election is made to purchase under the net gallon basis, all invoices, bills of lading, and motor fuel tax returns must include both the gross and net gallon amounts. Conversion from gross to net must conform to the ASTM-API Petroleum Measurement Tables.

D. All transactions such as purchases, sales, or deductions, reported on the Motor Fuel Tax Return must be reported on a consistent and exclusive basis. The taxpayer shall not alternate the two methods on any return or during any 12-month period.

E. This rule shall take effect January 1, 1992.

(1) Governmental entities entitled to a refund for motor fuel taxes paid shall submit a completed Utah Application for Fuel Tax Refund, form TC-116, to the commission.

(2) A government entity shall retain the following records for each purchase of motor fuel for which a refund of taxes paid is claimed:

(a) name of the government entity making the purchase;
(b) license plate number of vehicle for which the motor fuel is purchased;
(c) invoice date;
(d) invoice number;
(e) supplier;
(f) vendor location;
(g) fuel type purchased;
(h) number of gallons purchased; and
(i) amount of state motor fuel tax paid.

(3) Original records supporting the refund claim must be maintained by the governmental entity for three years following the year of refund.

(1) The purpose of this rule is to provide procedures for administering the reduction of motor fuel tax authorized under Section 59-13-201.

(2) The reduction shall be in the form of a refund.

(3) The refund shall be available only for motor fuel:

(a) delivered to a retailer or consumer on the Utah portion of the Navajo Nation; and
(b) for which Utah motor fuel tax has been paid.

(4) The refund shall be available to a motor fuel distributor that is licensed as a distributor with the Office of the Navajo Tax Commission.

(5) The refund application may be filed on a monthly basis on the Utah Application for Fuel Tax Refund, form TC-116.

(6) Original records supporting the refund claim must be maintained by the distributor for three years following the year of refund. These records include:

(a) proof of payment of Utah motor fuel tax;
(b) proof of payment of Navajo Nation fuel tax;
(c) documentation that the motor fuel was delivered to a retailer or consumer on the Utah portion of the Navajo Nation; and
(d) a completed copy of the Navajo Tax Commission Monthly Fuel Distributor Tax Return, form 900, along with the required schedules and manifests.

(1) The holder of a license issued under Section 59-13-203.1 shall notify the commission:

...
(a) of any change of address of the business;
(b) of a change of character of the business; or
(c) if the license holder ceases to do business.

(2) The commission may determine that a person has ceased to do business or has changed that person's business address if:
(a) mail is returned as undeliverable as addressed and unable to forward;
(b) the person fails to file four consecutive motor fuel tax returns;
(c) the person fails to renew its annual business license with the Department of Commerce; or
(d) the person fails to renew its local business license.

(3) If the requirements of Subsection (2) are met, the commission shall notify the license holder that the license will be considered invalid unless the license holder provides evidence within 15 days that the license should remain valid.

(4) A person may request the commission to reopen a motor fuel tax license that has been determined invalid under Subsection (3).

(5) The holder of a license issued under Section 59-13-203.1 shall be responsible for any motor fuel tax, interest, and penalties incurred under that license whether those taxes and fees are incurred during the time the license is valid or invalid.

(1) For purposes of the fuel tax imposed under Section 59-13-201, "statewide average rack price of a gallon of motor fuel" shall be determined by calculating the average of the Salt Lake City and Cedar City terminal prices of the average daily average net closing price of a gallon of branded regular, 10% ethanol, 9.0 Reid Vapor Pressure unleaded motor fuel for each terminal.

(2) Pursuant to Section 59-13-301, the tax rate calculated using the statewide average rack price of a gallon of motor fuel shall be the tax rate for special fuel.

A. The holder of a dealer's license may not hold an additional license to engage in the activities of a salesperson for another dealer.

B. The requirement that a salesperson may be licensed with only one dealer at a time does not preclude dealership owners from being no-fee salespersons for their own dealerships.

If the privilege is extended, the dealer will receive a series of permits, consecutively numbered. The numbers shall be recorded by the division and charged to the dealer.

(c) A dealer shall resolve any outstanding permit billings by payment of fees and penalties or by reconciling the permits before any additional permits will be issued to the dealer. This action will not be construed to be a cancellation of a dealer's privilege of issuing temporary permits, but merely a function of the division's routine audit and billing procedure.

(8) The dealer shall keep a written record in numerical sequence of every temporary registration permit issued. This record shall include all of the following information:

(a) the name and address of the person or firm to whom the permit is issued;

(c) date of issue;

(9) In exceptional circumstances a dealer as agent for the division may issue an additional temporary permit for a vehicle by following the procedures outlined below.

(a) The dealer must contact the division and request an extension permit for a particular vehicle. If the request is denied, no extension permit will be issued.

(b) If the extension permit is approved, the division shall issue the dealer an approval number. This number must be recorded by the dealer in its temporary permit record and on the permit and stub in the space provided for the license number. The space provided on the permit and stub for the dealer name must be completed with the words "State Tax Commission" and the dealer's license number. The remainder of the permit and stub will be completed as usual.

(c) The dealer must return the permit stub to the division within 45 days from the date it is issued.

(d) A dealer may not issue an extension permit if it is determined that the dealer has been granted extensions for more than 2% of the permits issued to the dealership during the past three months. This percentage is calculated by dividing the number of extensions granted the dealer during the past three months by the permits issued by the dealer during the past three months.

(10) All extension permits issued by dealers under this rule are considered issued by the division.

(11) When a motor vehicle is sold for registration in another state, the stub portion of the temporary permit shall be filed with the division within ten days from the date of issue, accompanied by the required fee. The sale must be reported in the dealer's monthly report of sale required by Section 41-3-301(2)(b). If the permit stub and the required fee are not postmarked or received by the division within 45 days, a penalty equal to the required fee shall be collected pursuant to Section 41-3-302.

(12) The temporary registration card, attached to the temporary permit, must be detached and given to the customer at the time the temporary permit is issued. This temporary registration card must be kept in the vehicle while the temporary permit is displayed.

R877-23V-6. Issuance of In-Transit Permits Pursuant to Utah Code Ann. Section 41-3-305.

(1)(a) Transported semitractors are piggy-backed when all of the semitractors being transported are touching the ground.

(b) Each piggy-backed vehicle must have a separate in-transit permit or be properly registered for operation in Utah.

(2) In-transit permits may not be issued for loaded motor vehicles over 12,000 pounds gross laden weight.

(3) A semitractor hauling unlicensed trailers must obtain an in-transit permit for any trailer in contact with the ground.

(4) Subject to Subsections (5) and (6), the following entities may issue in-transit permits:

(a) a licensed dealer that is primarily engaged in the business of auctioning consigned motor vehicles to other dealers or the public; and

(b) a state or local government agency that is engaged in the business of auctioning motor vehicles to dealers or the public.

(5) An entity issuing an in-transit permit under Subsection (4) shall maintain records of all in-transit permits obtained from the division. These records shall include:

(a) vehicle purchaser information;

(b) vehicle identification number; and

(c) evidence that the purchaser has met the requirements
for issuance of the in-transit permit.

(6) An entity described in Subsection (4) that fails to maintain the records required under Subsection (5) may be prohibited from issuing in-transit permits.

(1)(a) "Advertisement" means any oral, written, graphic, or pictorial statement made that concerns the offering of a motor vehicle for sale or lease.

(b) "Advertisement" includes any statement or representation:

(i) made in a newspaper, magazine, electronic medium, or other publication;

(ii) made on radio or television;

(iii) appearing in any notice, handbill, sign, billboard, banner, poster, display, circular, pamphlet, letter, or other printed material;

(iv) contained in any window sticker or price tag; and

(v) in any oral statement.

(c) "Advertisement" includes the terms "advertise" and "advertising"

(d) "Advertisement" does not include:

(i) a statement made solely for the purpose of obtaining motor vehicle financing or a motor vehicle title; or

(ii) hand written negotiation sheets between a dealer and a customer of the dealer.

(2) Violation of any of the following standards of practice for the advertising and selling of motor vehicles is a violation of Section 41-3-210.

(a) Accuracy. Any advertised statements and offers about a motor vehicle as to year, make, model, type, condition, equipment, price, trade-in-allowance, terms, and so forth, shall be clearly set forth and based upon facts.

(b) Bait. Bait advertising and selling practices may not be used. A motor vehicle advertised at a specific price shall be in the possession of the advertiser at the address given. It shall be willingly shown, demonstrated and sold. If sold, the advertiser shall, upon request of any prospective purchaser, peace officer, or employee of the division, show sales records of the advertised motor vehicle.

(c)(i)(A) Price. When the price or payment of a motor vehicle is quoted, the motor vehicle shall be clearly identified as to make, year, model and if new or used. Except as provided in Subsection (c)(i)(B), the advertised price must include charges that the customer must pay for the motor vehicle, including freight or destination charges, dealer preparation, and dealer handling.

(B) The following fees are not required to be included in the advertised price that the customer must pay for the motor vehicle:

(I) dealer document fees;

(II) if optional, undercoating or rustproofing fees; and

(III) taxes or fees required by the state or a county, including sales tax, titling and registration fees, safety and emission fees, and waste tire recycling fees.

(ii) In addition to other advertisements, this pertains to price statements such as "$..... Buys".

(iii) When "list", "sticker", or words of similar import are used in an advertisement, they may refer only to the manufacturer's suggested retail price. If a supplementary price sticker is used, the advertised price must include all items listed on the supplementary sticker.

(iv) If the customer requests and receives a temporary permit, the temporary permit fee must not be included in the advertised price.

(d) Savings and Discount Claims. Because the intrinsic value of a used motor vehicle is difficult to establish, specific claims of savings may not be used in an advertisement. This includes statements such as, "Was priced at $....., now priced at $....."

(ii) The word "wholesale" may not be used in retail motor vehicle advertising.

(iii) When a motor vehicle advertisement contains an offer of a discount on a new motor vehicle, the amount of the discount must be stated by reference to the manufacturer's suggested retail price of the motor vehicle.

(c) Down Payments. The amount of the down payment may not be stated in a manner that suggests that it is the selling price of the motor vehicle. If an advertisement states "You can buy with no money down", or terms of similar import, the customer must be able to leave the dealership with the motor vehicle without making any outlay of money.

(f) Trade-in Allowance. Statements representing that no other dealer grants greater allowances for trade-ins may not be used. A specific trade-in amount or range of trade-in amounts may not be used in advertising.

(g)(i)(A) Finance. The phrases, "no finance charge", "no carrying charge", or similar expressions may not be used when there is a charge for placing the transaction on a time payment basis. Statements representing or implying that no prospective credit purchaser will be rejected because of inability to qualify for credit, such as "we accept all credit applications", may not be used.

(B) If the amount of the advertised payment changes during the term of the loan, both the payments and the terms of the loan must be disclosed together.

(i) The phrase "we will pay off your trade no matter what you owe" may not be used.

(h) Unpaid Balance and Repossessions. The term "repossessed" may be used only to describe motor vehicles that have actually been repossessed from a purchaser. Advertisers offering repossessed motor vehicles for sale may be required to offer proof of those repossessions. The unpaid balance shall be the full selling price unless otherwise stated.

(i) Current Used. When a used motor vehicle, as defined by Section 41-3-102, of a current series is advertised, the first line of the advertisement must contain the word "used", "pre-owned", "certified used", "certified pre-owned", or other similar term used to designate a used motor vehicle, or the text must clearly indicate that the motor vehicle offered is used.

(j) Demonstrators, Executives' and Officials' Motor Vehicles.

(i) "Demonstrator" means a motor vehicle that has never been sold or leased to a member of the public.

(ii) Demonstrator motor vehicles include motor vehicles used by new motor vehicle dealers or their personnel for demonstrating performance ability but not motor vehicles purchased or leased by dealers or their personnel and used as their personal motor vehicles.

(iii) A demonstrator motor vehicle may be advertised for sale only by a dealer franchised for the sale of that make of new motor vehicle.

(iv) An executive's or official's motor vehicle shall have been used exclusively by an executive of the dealer's franchising manufacturer or distributor, or by an executive of the franchised dealership. These motor vehicles may not have been sold or leased to a member of the public prior to the appearance of the advertisement.

(v) Demonstrator's, executive's and official's motor vehicles shall be clearly and prominently advertised as such. Advertisements shall include the year, make, and model of the motor vehicle offered for sale.

(k) Taxi-cabs, Police, Sheriff, and Highway Patrol Motor Vehicles. Taxi-cabs, police, sheriff, and highway patrol motor vehicles shall be so identified. These motor vehicles may not be described by an ambiguous term such as "commercial".

(l) Mileage Statements. When an advertisement quotes the
number of miles or a range of miles a motor vehicle has been driven, the dealer must have written evidence that the motor vehicle has not been operated in excess of the advertised mileage.

(i) The evidence required by this section shall be the properly completed odometer statement required by Section 41-1a-902.

(ii) If a dealer chooses to advertise specific mileage or a range of miles a motor vehicle has been driven, the dealer shall upon request of any prospective purchaser, peace officer, or employee of the division produce all documents in its possession pertaining to that motor vehicle so that the mileage can be readily verified.

(m) Underselling Claims. Unsupported underselling claims may not be used. Underselling claims include the following: "our prices are guaranteed lower than elsewhere", "money refunded if you can duplicate our values", "we guarantee to sell for less", "we sell for less", "we purchase motor vehicles for less so we can sell them for less", "highest trade-in allowance", "we give $300 more in trade than any other dealer", and "we purchase vehicles at a price and inventory a dealer or substantial price below the dealer invoice to the prospective buyer". Statements that are contained in advertisements and shall be produced upon request of a prospective purchaser, peace officer, or employee of the division.

(n) Free. "Free" may be used in advertising only when the advertiser is offering a gift that is not conditional on the purchase of any property or service.

(o) Driving Trial. A free driving trial means that the purchaser may drive the motor vehicle during the trial period and return it to the dealer within the specified period and obtain a refund of all monies, signed agreements, or other considerations deposited and a return of any motor vehicle traded in. The exact terms and conditions of the free driving trial shall be set forth in writing and a copy given to the purchaser at the time of the sale.

(p) Guaranteed. When words such as "guarantee", "warranty", or other terms implying protection are used in advertising, an explanation of the time and coverage of the guarantee or warranty shall be given in clear and concise language. The purchaser shall be provided with a written document stating the specific terms and coverage.

(q) Name Your Own Deal. Statements such as "write your own deal", "name your own price", "name your own monthly payments", "appraise your own motor vehicle", and phrases of similar import may not be used.

(r) Disclosure of Material Facts. Disclosures of material facts that are contained in advertisements and that involve types of motor vehicles and transactions shall be made in a clear and conspicuous manner.

(i) Fine print, and mouse print are not acceptable methods of disclosing material facts.

(ii) The disclosure must be made in a typeface and point size comparable to the smallest typeface and point size of the text used throughout the body of the advertisement.

(iii) An asterisk may be used to give additional information about a word or term, however, asterisks or other reference symbols may not be used as a means of contradicting or substantially changing the meaning of any advertising statements.

(iv) The speed of the words spoken in any verbal advertisement must be constant throughout the advertisement.

(s) Lease. When an advertisement relates to a lease, the advertisement must make it readily apparent that the transaction advertised is a lease.

(i) The word "lease" must appear in a prominent position in the advertisement in a typeface and point size comparable to the largest text used to directly advertise the motor vehicle.

(ii) Statements that do not use the term "lease" do not constitute adequate disclosure of a lease.

(iii) Lease advertisements may not contain the phrase "no down payment" or words of similar import if an outlay of money is required to lease the motor vehicle.

(iv) Lease terms that are not available to the general public may not be included in advertisements directed at the general public.

(v) Limitations and qualifications applicable to the lease terms advertised shall be clearly and conspicuously disclosed.

(vi) Electronic Medium Disclosures. A disclosure appearing in any electronic advertising medium must clearly and conspicuously feature all necessary information in a manner that can be read and understood if type is used, or that can be heard and understood if audio is used.

(u) Invoice or Cost. The terms "invoice" or "factory invoice" may be used as long as the dealer is willing to show the factory invoice to the prospective buyer. The term "cost" may not be used.

(v) Rebate Offers. "Rebate", "cash rebate", or similar terms may be used only when it is clearly and conspicuously stated who is offering the rebate.

(w) Buy-down Interest Rates. No buy-down interest rate may be advertised unless the dealer discloses the amount of dealer contribution and states that the contribution by the dealership may increase the negotiated price of the motor vehicle.

(x) Special Status of Dealership. A motor vehicle advertisement may not falsely imply that the dealer has a special sponsorship, approval status, affiliation, or connection with the manufacturer that is greater or more direct than any other like dealer.

(y) Price Equaling. An advertisement that expresses a policy of matching or bettering competitor's prices shall fully disclose any conditions that apply and specify the evidence a consumer must present to take advantage of the offer. The evidence requirement may not place an unreasonable burden on the consumer; however, for example requiring the consumer to bring a written offer made to that consumer by an authorized representative of a dealership on a substantially similar motor vehicle would be considered reasonable.

(z) Auction. "Auction" or "auction special" and other terms of similar import may be used only in connection with motor vehicles offered or sold at a bona fide auction.

(aa) Layout and Type Size. The layout, headlines, illustrations, or type size of a printed advertisement and the broadcast words or pictures of radio, television, or electronic medium advertisements may not convey or permit an erroneous or misleading impression as to which motor vehicle or motor vehicles are offered at featured prices.

(i) When an advertisement contains a picture of a motor vehicle along with a quoted price, the motor vehicle pictured must be a similar model with similar options and accessories as the motor vehicle advertised.

(ii) No advertised offer, expression, or display of price, terms, down payment, trade-in allowances, cash difference, savings, or other material terms may be misleading and any necessary qualifications shall be clearly, conspicuously, and accurately set forth to prevent misunderstanding.

(iii) Qualifying terms and phrases shall be clearly, conspicuously, and accurately set forth as follows:

(A) in bold print and in type of a size that is capable of being read without unreasonable extra effort;

(B) in terms that are understandable to the buying public; and

(C) in close proximity to the qualified representation and not separated or buried by asterisk in some other part of the advertisement.

(bb) An advertisement must disclose that a vehicle is a salvage vehicle with a branded title or salvage certificate. The disclosure shall be made by inserting the terms "salvage
certificate" or "branded title," as appropriate:

(i) immediately following the year, make, and model of the advertised salvage vehicle; and

(ii) in the same typeface and point size as the typeface and font size used to advertise the year, make, and model of the salvage vehicle.

(1) Every dealer, dismantler, manufacturer, remanufacturer, transporter, crusher, body shop, and distributor must post a sign at its principal place of business.

(2) The sign required under Subsection (1) shall:

(a) plainly display in a permanent manner the name under which the business is licensed;

(b) be at least 24 square feet in size, unless required otherwise, in writing, by a government entity; and

(c) be painted on the building, attached to the building with nails or bolts, or affixed to posts that have been securely anchored in the ground.

(3) A similar sign must be conspicuously posted at each additional place of business and must show, in addition, the address of the principal place of business. All signs must remain posted at each place of business and on the office. If the office is not located at the site on which the motor vehicles are displayed or offered for sale or exchange, the bonded dealer number, dismantler number, or manufacturer number must also be conspicuously displayed either on the sign or on the building.

(4) If the additional place of business is an auto show or similar business that will conduct business for ten days or less, the sign need only show the licensee's name as licensed by the division and be of a size that reasonably identifies the licensee.

(5) No place of business may be operated under a name other than that by which the licensee is licensed by the division. No sign may be posted at a place of business that shows a business name other than the one licensed by the division or gives the impression that the business is other than the one licensed by the division. However, a sign containing a variation of the licensee's name, if a variation of the licensee's name is required by a manufacturer in writing, may be posted as long as the sign containing the licensed name is more prominent.

(6) Documents submitted by a licensee to a government entity shall be identified only by the name under which the licensee is licensed by the division. All documents used by the licensee to promote or transact a sale or lease of a vehicle shall identify that licensee only by the name under which the licensee is licensed by the division.

A. Except as provided in subsection (B), all manufacturers of motor vehicles licensed under Section 41-3-202 shall comply with the National Highway Traffic and Safety Administration's Standard No. 115, 49 C.F.R. Section 571.115 (1992), regarding 17-character vehicle identification number (VIN) requirements.

B. Manufacturers involved only in the second stage of a multi-stage vehicle are not required to comply with subsection (A) if the manufacturer of the first stage has complied with subsection (A).

A. Every person licensed under Section 41-3-202 shall notify the Motor Vehicle Enforcement Division (division) immediately of any change in ownership, address, or circumstance relating to its fitness to be licensed.

A. "Household income" includes net rents, interest, retirement income, welfare, social security, and all other sources of cash income.
B. Absence from the residence due to vacation, confinement to hospital, or other similar temporary situation shall not be deducted from the ten-month residency requirement of Section 59-2-1109(3)(a)(ii).
C. Written notification shall be given to any applicant whose application for abatement or deferral is denied.

A. Definitions.
1. "Allowable costs" means those costs reasonably and necessarily incurred to own and operate a productive mining property and bring the minerals or finished product to the customary or implied point of sale.
   a) Allowable costs include: salaries and wages, payroll taxes, employee benefits, workers compensation insurance, parts and supplies, maintenance and repairs, equipment rental, tools, power, fuels, utilities, water, freight, engineering, drilling, sampling and assaying, accounting and legal, management, insurance, taxes (including severance, property, sales/use, and federal and state income taxes), exempt royalties, waste disposal, actual or accrued environmental cleanup, reclamation and remediation, changes in working capital (other than those caused by increases or decreases in product inventory or other nontaxable items), and other miscellaneous costs.
   b) For purposes of the discounted cash flow method, allowable costs shall include expected future capital expenditures in addition to those items outlined in A.1.a).
   c) For purposes of the capitalized net revenue method, allowable costs shall include straight-line depreciation of capital expenditures in addition to those items outlined in A.1.a).
   d) Allowable costs does not include interest, depletion, depreciation other than allowed in A.1.c), amortization, corporate overhead other than allowed in A.1.a), or any expenses not related to the ownership or operation of the mining property being valued.
   e) To determine applicable federal and state income taxes, straight-line depreciation, cost depletion, and amortization shall be used.
2. "Asset value" means the value arrived at using generally accepted cost approaches to value.
3. "Capital expenditure" means the cost of acquiring property, plant, and equipment used in the productive mining property operation and includes:
   a) purchase price of an asset and its components;
   b) transportation costs;
   c) installation charges and construction costs; and
   d) sales tax.
4. "Constant or real dollar basis" means cash flows or net revenues used in the discounted cash flow or capitalized net revenue methods, respectively, prepared on a basis where inflation or deflation are adjusted back to the lien date. For this purpose, inflation or deflation shall be determined using the gross domestic product deflator produced by the Congressional Budget Office, or long-term inflation forecasts produced by reputable analysts, other similar sources, or any combination thereof.
5. "Discount rate" means the rate that reflects the current yield requirements of investors purchasing comparable properties in the mining industry, taking into account the industry's current and projected market, financial, and economic conditions.
6. "Economic production" means the ability of the mining property to profitably produce and sell product, even if that ability is not being utilized.
7. "Exempt royalties" means royalties paid to this state or its political subdivisions, an agency of the federal government, or an Indian tribe.
8. "Expected annual production" means the economic production from a mine for each future year as estimated by an analysis of the life-of-mine mining plan for the property.
9. "Fair market value" is as defined in Section 59-2-102.
10. "Federal and state income taxes" mean regular taxes based on income computed using the marginal federal and state income tax rates for each applicable year.
11. "Implied point of sale" means the point where the minerals or finished product change hands in the normal course of business.
12. "Net cash flow" for the discounted cash flow method means, for each future year, the expected product price multiplied by the expected annual production that is anticipated to be sold or self-consumed, plus related revenue cash flows, minus allowable costs.
13. "Net revenue" for the capitalized net revenue method means, for any of the immediately preceding five years, the actual receipts from the sale of minerals (or if self-consumed, the value of the self-consumed minerals), plus actual related revenue cash flows, minus allowable costs.
14. "Non-operating mining property" means a mine that has not produced in the previous calendar year and is not currently capable of economic production, or land held under a mineral lease not reasonably necessary in the actual mining and extraction process in the current mine plan.
15. "Productive mining property" means the property of a mine that is either actively producing or currently capable of having economic production. Productive mining property includes all taxable interests in real property, improvements and tangible personal property upon or appurtenant to a mine that are used for that mine in exploration, development, engineering, mining, crushing or concentrating, processing, smelting, refining, reducing, leaching, roasting, other processes used in the separation or extraction of the product from the ore or minerals and the processing thereof, loading for shipment, marketing and sales, environmental clean-up, reclamation and remediation, general and administrative operations, or transporting the finished product or minerals to the customary point of sale or to the implied point of sale in the case of self-consumed minerals.
16. "Product price" for each mineral means the price that is most representative of the price expected to be received for the mineral in future periods.
   a) Product price is determined using one or more of the following approaches:
      (1) an analysis of average actual sales prices per unit of production for the minerals sold by the taxpayer for up to five years preceding the lien date; or,
      (2) an analysis of the average posted prices for the minerals, if valid posted prices exist, for up to five calendar years preceding the lien date; or,
      (3) the average annual forecast prices for each of up to five years succeeding the lien date for the minerals sold by the taxpayer and one average forecast price for all years thereafter for those same minerals, obtained from reputable forecasters, mutually agreed upon between the Property Tax Division and the taxpayer.
   b) If self-consumed, the product price will be determined by one of the following two methods:
      (1) Representative unit sales price of like minerals. The representative unit sales price is determined from:
(a) actual sales of like mineral by the taxpayer;
(b) actual sales of like mineral by other taxpayers; or
(c) posted prices of like mineral;
(2) If a representative unit sales price of like minerals is unavailable, an imputed product price for the self-consumed minerals may be developed by dividing the total allowable costs by one minus the taxpayer's discount rate to adjust to a cost that includes profit, and dividing the resulting figure by the number of units a mine.
17. "Related revenue cash flows" mean non-product related cash flows related to the ownership or operation of the mining property being valued. Examples of related revenue cash flows include royalties and proceeds from the sale of mining equipment.
18. "Self consumed minerals" means the minerals produced from the mining property that the mining entity consumes or utilizes for the manufacture or construction of other goods and services.
19. "Straight line depreciation" means depreciation computed using the straight line method applicable in calculating the regular federal tax. For this purpose, the applicable recovery period shall be seven years for depreciable tangible personal mining property and depreciable tangible personal property appurtenant to a mine, and 39 years for depreciable real mining property and depreciable real property appurtenant to a mine.
1. The discounted cash flow method is the preferred method of valuing productive mining properties. Under this method the taxable value of the mine shall be determined by:
   a) discounting the future net cash flows for the remaining life of the mine to their present value as of the lien date; and
   b) subtracting from that present value the fair market value, as of the lien date, of licensed vehicles and nontaxable items.
2. The mining company shall provide to the Property Tax Division an estimate of future cash flows for the remaining life of the mine. These future cash flows shall be prepared on a constant or real dollar basis and shall be based on factors including the life-of-mine mining plan for proven and probable reserves, existing plant in place, capital projects underway, capital projects approved by the mining company board of directors, and capital necessary for sustaining operations. All factors included in the future cash flows, or which should be included in the future cash flows, shall be subject to verification and review for reasonableness by the Property Tax Division.
3. If the taxpayer does not furnish the information necessary to determine a value using the discounted cash flow method, the Property Tax Division may use the capitalized net revenue method. This method is outlined as follows:
   a) Determine annual net revenue, both net losses and net gains, from the productive mining property for each of the immediate past five years, or years in operation, if less than five years. Each year's net revenue shall be adjusted to a constant or real dollar basis.
   b) Determine the average annual net revenue by summing the values obtained in B.3.a) and dividing by the number of operative years, five or less.
   c) Divide the average annual net revenue by the discount rate to determine the fair market value of the entire productive mining property.
   d) Subtract from the fair market value of the entire productive mining property the fair market value, as of the lien date, of licensed vehicles and nontaxable items, to determine the taxable value of the productive mining property.
4. The discount rate shall be determined by the Property Tax Division.
   a) The discount rate shall be determined using the weighted average cost of capital method, a survey of reputable mining industry analysts, any other accepted methodology, or any combination thereof.
   b) If using the weighted average cost of capital method, the Property Tax Division shall include an after-tax cost of debt and of equity. The cost of debt will consider market yields. The cost of equity shall be determined by the capital asset pricing model, arbitrage pricing model, risk premium model, discounted cash flow model, a survey of reputable mining industry analysts, any other accepted methodology, or a combination thereof.
5. Where the discount rate is derived through the use of publicly available information of other companies, the Property Tax Division shall select companies that are comparable to the productive mining property. In making this selection and in determining the discount rate, the Property Tax Division shall consider criteria that includes size, profitability, risk, diversification, or growth opportunities.
6. A non-operating mine will be valued at fair market value consistent with other taxable property.
7. If, in the opinion of the Property Tax Division, these methods are not reasonable to determine the fair market value, the Property Tax Division may use other valuation methods to estimate the fair market value of a mining property.
8. The fair market value of a productive mining property may not be less than the fair market value of the land, improvements, and tangible personal property upon or appurtenant to the mining property. The mine value shall include all equipment, improvements and real estate upon or appurtenant to the mine. All other tangible property not appurtenant to the mining property will be separately valued at fair market value.
9. Where the fair market value of assets upon or appurtenant to the mining property is determined under the cost method, the Property Tax Division shall use the replacement cost new less depreciation approach. This approach shall consider the cost to acquire or build an asset with like utility at current prices using modern design and materials, adjusted for loss in value due to physical deterioration or obsolescence for technical, functional and economic factors.
C. When the fair market value of a productive mining property in more than one tax area exceeds the asset value, the fair market value will be divided into two components and apportioned as follows:
1. Asset value that includes machinery and equipment, improvements, and land surface values will be apportioned to the tax areas where the assets are located.
2. The fair market value less the asset value will give an income increment of value. The income increment will be apportioned as follows:
   a) Divide the asset value by the fair market value to determine a quotient. Multiply the quotient by the income increment of value. This value will be apportioned to each tax area based on the percentage of the total asset value in that tax area.
   b) The remainder of the income increment will be apportioned to the tax areas based on the percentage of the known mineral reserves according to the mine plan.
D. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 1998.
4. "Independent operator" means a person operating an oil or gas producing property not in a unit.

5. One person can, at the same time, be a unit operator, a working interest owner, and an independent operator and must comply with all requirements of this rule based upon the person's status in the respective situations.

6. "Expected annual production" means the future economic production of an oil and gas property as estimated by the Property Tax Division using a decline curve analysis. Expected annual production does not include production used on the same well, lease, or unit for the purpose of repressuring or pressure maintenance.

7. "Product price" means:
   a) Oil: The weighted average posted price for the calendar year preceding January 1, specific for the field in which the well is operating as designated by the Division of Oil, Gas, and Mining. The weighted average posted price is determined by weighing each individual posted price based on the number of days it was posted during the year, adjusting for gravity, transportation, escalation, or deescalation.
   b) Gas:
      (1) If sold under contract, the price shall be the stated price as of January 1, adjusted for escalation and deescalation.
      (2) If sold on the spot market or to a direct end-user, the price shall be the average price received for the 12-month period immediately preceding January 1, adjusted for escalation and deescalation.

8. "Future net revenue" means annual revenues less costs of the working interests and royalty interest.

9. "Revenue" means expected annual gross revenue, calculated by multiplying the product price by expected annual production for the remaining economic life of the property.

10. "Costs" means expected annual allowable costs applied against revenue of cost-bearing interests:
   a) Examples of allowable costs include management salaries; labor; payroll taxes and benefits; workers' compensation insurance; general insurance; taxes (excluding income and property taxes); supplies and tools; power; maintenance and repairs; office; accounting; engineering; treatment; legal fees; transportation; miscellaneous; capital expenditures; and the imputed cost of self consumed product.
   b) Interest, depreciation, or any expense not directly related to the unit will not be included as allowable costs.

11. "Production asset" means any asset located at the well site that is used to bring oil or gas products to a point of sale or transfer of ownership.

B. The discount rate shall be determined by the Property Tax Division using methods such as the weighted cost of capital method.

1. The cost of debt shall consider market yields. The cost of equity shall be determined by the capital asset pricing model, risk premium model, discounted cash flow model, a combination thereof, or any other accepted methodology.

2. The discount rate shall reflect the current yield requirements of investors purchasing similar properties, taking into consideration income, income taxes, risk, expenses, inflation, and physical and locational characteristics.

3. The discount rate shall contain the same elements as the expected income stream.

C. Assessment Procedures.

1. Underground rights in lands containing deposits of oil or gas and the related tangible property shall be assessed by the Property Tax Division in the name of the unit operator, the independent operator, or other person as the facts may warrant.

2. The taxable value of underground oil and gas rights shall be determined by discounting future net revenues to their present value as of the lien date of the assessment year and then subtracting the value of applicable exempt federal, state, and Indian royalty interests.

3. The reasonable taxable value of productive underground oil and gas rights shall be determined by the methods described in C.2. of this rule or such other valuation method that the Tax Commission believes to be reasonably determinative of the property's fair market value.

4. The value of the production assets shall be considered in the value of the oil and gas reserves as determined in C.2. above. Any other tangible property shall be separately valued at fair market value by the Property Tax Division.

5. The minimum value of the property shall be the value of the production assets.

D. Collection by Operator.

1. The unit operator may request the Property Tax Division to separately list the value of the working interest, and the value of the royalty interest on the Assessment Record. When such a request is made, the unit operator is responsible to provide the Property Tax Division with the necessary information needed to compile this list. The unit operator may make a reasonable estimate of the ad valorem tax liability for a given period and may withhold funds from amounts due to royalty. Withheld funds shall be sufficient to ensure payment of the ad valorem tax on each fractional interest according to the estimate made.

a) If a unit operating agreement exists between the unit operator and the fractional working interest owners, the unit operator may withhold or collect the tax according to the terms of that agreement.

b) In any case, the unit operator and the fractional interest owner may make agreements or arrangements for withholding or otherwise collecting this tax. This may be done whether or not that practice is consistent with the preceding paragraphs so long as all requirements of the law are met. When a fractional interest owner has had funds withheld to cover the estimated ad valorem tax liability and the operator fails to remit such taxes to the county when due, the fractional interest owner shall be indemnified from any further ad valorem tax liability to the extent of the withholding.

c) The unit operator shall compare the amount withheld to the taxes actually due, and return any excess amount to the fractional interest owner within 60 days after the delinquent date of the tax. At the request of the fractional interest owner the excess may be retained by the unit operator and applied toward the fractional interest owner's tax liability for the subsequent year.

2. The penalty provided for in Section 59-2-210 is intended to ensure collection by the county of the entire tax due. Any unit operator who has paid this county imposed penalty, and thereafter collects from the fractional interest holders any part of their tax due, may retain those funds as reimbursement against the penalty paid.

3. Interest on delinquent taxes shall be assessed as set forth in Section 59-2-1331.

4. Each unit operator may be required to submit to the Property Tax Division a listing of all fractional interest owners and their interests upon specific request of the Property Tax Division. Working interest owners, upon request, shall be required to submit similar information to unit operators.

(1) The assessor shall take into consideration any preservation easements attached to historically significant real property and structures when determining the property's value.

(2) After the preservation easement has been recorded with the county recorder, the property owner of record shall submit to the county assessor a notice of the preservation easement containing the following information:

   (a) the property owner's name;
(b) the address of the property; and
(c) the serial number of the property.
(3) The county assessor shall review the property and incorporate any value change due to the preservation easement in the following year's assessment roll.

(1) Definitions:
(a) "Utah fair market value" means the fair market value of that portion of the property of a project entity located within Utah upon which the fee in lieu of ad valorem property tax may be calculated.
(b) "Fee" means the annual fee in lieu of ad valorem property tax payable by a project entity pursuant to Section 11-13-302.
(c) "Energy supplier" means an entity that purchases any capacity, service or other benefit of a project to provide electrical service.
(d) "Exempt energy supplier" means an energy supplier whose tangible property is exempted by Article XIII, Sec. 3 of the Constitution of Utah from the payment of ad valorem property tax.
(e) "Optimum operating capacity" means the capacity at which a project is capable of operating on a sustained basis taking into account its design, actual operating history, maintenance requirements, and similar information from comparable projects, if any. The determination of the projected and actual optimum operating capacities of a project shall recognize that projects are not normally operated on a sustained basis at 100 percent of their designed or actual capacities and that the optimum level for operating a project on a sustained basis may vary from project to project.
(f) "Property" means any electric generating facilities, transmission facilities, distribution facilities, fuel facilities, fuel transportation facilities, water facilities, land, water or other existing facilities or tangible property owned by a project entity and required for the project which, if owned by an entity required to pay ad valorem property taxes, would be subject to assessment for ad valorem tax purposes.
(g) "Sold," for the purpose of interpreting Subsection (4), means the first sale of the capacity, service, or other benefit produced by the project without regard to any subsequent resale, resale, or lay-off of that capacity, service, or other benefit.
(h) "Taxing jurisdiction" means a political subdivision of this state in which any portion of the project is located.
(i) All definitions contained in Section 11-13-103 apply to this rule.
(2) The Tax Commission shall determine the fair market value of the property of each project entity. Fair market value shall be based upon standard appraisal theory and shall be determined by correlating estimates derived from the income and cost approaches to value described below.
(a) The income approach to value requires the imputation of an income stream and a capitalization rate. The income stream may be based on recognized indicators such as average income, weighted income, trended income, present value of future income streams, performance ratios, and discounted cash flows. The imputation of income stream and capitalization rate shall be derived from the data of other similarly situated companies. Similarity shall be based on factors such as location, fuel mix, customer mix, size and bond ratings. Estimates may also be imputed from industry data generally. Income data from similarly situated companies will be adjusted to reflect differences in governmental regulatory and tax policies.
(b) The cost approach to value shall consist of the total of the property's net book value of the project's property. This total shall then be adjusted for obsolescence if any.
(c) In addition to, and in lieu of, any adjustments for obsolescence made pursuant to Subsection (2)(b), a phase-in adjustment shall be made to the assessed valuation of any new project or expansion of an existing project on which construction commenced by a project entity after January 1, 1989 as follows:
(i) During the period the new project or expansion is valued as construction work in progress, its assessed valuation shall be multiplied by the percentage calculated by dividing its projected production as of the projected date of completion of construction by its projected optimum operating capacity as of that date.
(ii) Once the new project or expansion ceases to be valued as construction work in progress, its assessed valuation shall be multiplied by the percentage calculated by dividing its actual production by its actual optimum operating capacity. After the new project or expansion has sustained actual production at its optimum operating capacity during any tax year, this percentage shall be deemed to be 100 percent for the remainder of its useful life.
(3) If portions of the property of the project entity are located in states in addition to Utah and those states do not apply a unit valuation approach to that property, the fair market value of the property allocable to Utah shall be determined by computing the cost approach to value on the basis of the net book value of the property located in Utah and imputing an estimated income stream based solely on the value of the Utah property as computed under the cost approach. The correlated value so determined shall be the Utah fair market value of the property.
(4) Before fixing and apportioning the Utah fair market value of the property to the respective taxing jurisdictions in which the property, or a portion thereof is located, the Utah fair market value of the property shall be reduced by the percentage of the capacity, service, or other benefit sold by the project entity to exempt energy suppliers.
(5) For purposes of calculating the amount of the fee payable under Section 11-13-302(3), the percentage of the property that is used to produce the capacity, service or other benefit sold shall be deemed to be 100 percent, subject to adjustments provided by this rule, from the date the project is determined to be commercially operational.
(6) In computing its tax rate pursuant to the formula specified in Section 59-2-924(2), each taxing jurisdiction in which the project property is located shall add to the amount of its budgeted property tax revenues the amount of any credit due to the project entity that year under Section 11-13-302(3), and shall divide the result by the sum of the taxable value of all property taxed, including the value of the project property apportioned to the jurisdiction, and further adjusted pursuant to the requirements of Section 59-2-924.
(7) Subsections (2)(a) and (2)(b) are retroactive to the lien date of January 1, 1984. Subsection (2)(c) is effective as of the lien date of January 1, 1989. The remainder of this rule is retroactive to the lien date of January 1, 1988.

R884-24P-20. Construction Work in Progress Pursuant to Utah Constitution Art. XIII, Section 2 and Utah Code Ann. Sections 59-2-201 and 59-2-301. A. For purposes of this rule:
1. Construction work in progress means improvements as defined in Section 59-2-102, and personal property as defined in Section 59-2-102, not functionally complete as defined in A.6.
2. Project means any undertaking involving construction, expansion or modernization.
3. "Construction" means:
   a) creation of a new facility;
   b) acquisition of personal property; or
   c) any alteration to the real property of an existing facility other than normal repairs or maintenance.
4. Expansion means an increase in production or capacity as a result of the project.
5. Modernization means a change or contrast in character or quality resulting from the introduction of improved techniques, methods or products.
6. Functionally complete means capable of providing economic benefit to the owner through fulfillment of the purpose for which it was constructed. In the case of a cost-regulated utility, a project shall be deemed to be functionally complete when the operating property associated with the project has been capitalized on the books and is part of the rate base of that utility.
7. Allocable preconstruction costs means expenditures associated with the planning and preparation for the construction of a project. To be classified as an allocable preconstruction cost, an expenditure must be capitalized.
8. Cost regulated utility means a power company, oil and gas pipeline company, gas distribution company or telecommunication company whose earnings are determined by a rate of return applied to rate base. Rate of return and rate base are set and approved by a state or federal regulatory commission.
10. Unit method of appraisal means valuation of the various physical components of an integrated enterprise as a single going concern. The unit method may employ one or more of the following approaches to value: the income approach, the cost approach, and the stock and debt approach.
B. All construction work in progress shall be valued at "full cash value" as described in this rule.
C. Discount Rates
For purposes of this rule, discount rates used in valuing all projects shall be determined by the Tax Commission, and shall be consistent with market, financial and economic conditions.
D. Appraisal of Allocable Preconstruction Costs.
1. If requested by the taxpayer, preconstruction costs associated with properties, other than residential properties, may be allocated to the value of the project in relation to the relative amount of total expenditures made on the project by the lien date. Allocation will be allowed only if the following conditions are satisfied by January 30 of the tax year for which the request is sought:
   a) a detailed list of preconstruction cost data is supplied to the responsible agency;
   b) the percent of completion of the project and the preconstruction cost data are certified by the taxpayer as to their accuracy.
2. The preconstruction costs allocated pursuant to D.1. of this rule shall be discounted using the appropriate rate determined in C. The discounted allocated value shall either be added to the values of properties other than residential properties determined under E.1. or shall be added to the values determined under the various approaches used in the unit method of valuation determined under F.
3. The preconstruction costs allocated under D. are subject to audit for four years. If adjustments are necessary after examination of the records, those adjustments will be classified as property escaping assessment.
E. Appraisal of Properties not Valued under the Unit Method.
1. The full cash value, projected upon completion, of all properties valued under this section, with the exception of residential properties, shall be reduced by the value of the allocable preconstruction costs determined D. This reduced full cash value shall be referred to as the "adjusted full cash value."
2. On or before January 1 of each tax year, each county assessor and the Tax Commission shall determine, for projects not valued by the unit method and which fall under their respective areas of appraisal responsibility, the following:
   a) The full cash value of the project expected upon completion.
   b) The expected date of functional completion of the project currently under construction.
(1) The expected date of functional completion shall be determined by the county assessor for locally assessed properties and by the Tax Commission for centrally-assessed properties.
   c) The percent of the project completed as of the lien date.
(1) Determination of percent of completion for residential properties shall be based on the following percentage of completion:
   (a) 10 - Excavation-foundation
   (b) 30 - Rough lumber, rough labor
   (c) 50 - Roofing, rough plumbing, rough electrical, heating
   (d) 65 - Insulation, drywall, exterior finish
   (e) 75 - Finish lumber, finish labor, painting
   (f) 90 - Cabinets, cabinet tops, tile, finish plumbing, finish electrical
   (g) 100 - Floor covering, appliances, exterior concrete, misc.
(2) In the case of all other projects under construction and valued under this section the percent of completion shall be determined by the county assessor for locally assessed properties and by the Tax Commission for centrally-assessed properties.
3. Upon determination of the adjusted full cash value for nonresidential projects under construction or the full cash value expected upon completion of residential projects under construction, the expected date of completion, and the percent of the project completed, the assessor shall do the following:
   a) multiply the percent of the residential project completed by the total full cash value of the residential project expected upon completion; or in the case of nonresidential projects,
   b) multiply the percent of the nonresidential project completed by the adjusted full cash value of the nonresidential project; and
   c) adjust the resulting product of E.3.a) or E.3.b) for the expected time of completion using the discount rate determined under C.
F. Appraisal of Properties Valued Under the Unit Method of Appraisal.
1. No adjustments under this rule shall be made to the income indicator of value for a project under construction that is owned by a cost-regulated utility when the project is allowed in rate base.
2. The full cash value of a project under construction as of January 1 of the tax year, shall be determined by adjusting the
cost and income approaches as follows:

Adjustments to reflect the time value of money in appraising construction work in progress valued under the cost and income approaches shall be made for each approach as follows:

1. Each company shall report the expected completion dates and costs of the projects. A project expected to be completed during the tax year for which the valuation is being determined shall be considered completed on January 1 or July 1, whichever is closest to the expected completion date. The Tax Commission shall determine the expected completion date for any project whose completion is scheduled during a tax year subsequent to the tax year for which the valuation is being made.

2. If requested by the company, the value of allocable preconstruction costs determined in D shall then be subtracted from the total cost of each project. The resulting sum shall be referred to as the adjusted cost value of the project.

3. The adjusted cost value for each of the future years prior to functional completion shall be discounted to reflect the present value of the project under construction. The discount rate shall be determined under C.

4. The discounted adjusted cost value shall then be added to the values determined under the income approach and cost approach.

b) No adjustment will be made to reflect the time value of money for a project valued under the stock and debt approach to value.

G. This rule shall take effect for the tax year 1985.

The county auditor must notify all real property owners of property valuation and tax changes on the Notice of Property Valuation and Tax Changes form.

(a) If a county desires to use a modified version of the Notice of Property Valuation and Tax Changes, a copy of the proposed modification must be submitted for approval to the Property Tax Division of the Tax Commission no later than March 1.

(i) Within 15 days of receipt, the Property Tax Division will issue a written decision, including justifications, on the use of the modified Notice of Property Valuation and Tax Changes.

(ii) If a county is not satisfied with the decision, it may petition for a hearing before the Tax Commission as provided in R861-1A-22.

(b) The Notice of Property Valuation and Tax Changes, however modified, must contain the same information as the unmodified version. A property description may be included at the option of the county.

2. The Notice of Property Valuation and Tax Changes must be completed by the county auditor in its entirety, except in the following circumstances:

(a) New property is created by a new legal description; or

(b) The status of the improvements on the property has changed.

(c) In instances where partial completion is allowed, the term "nonapplicable" will be entered in the appropriate sections of the Notice of Property Valuation and Tax Changes.

(d) If the county auditor determines that conditions other than those outlined in this section merit deletion, the auditor may enter the term "nonapplicable" in appropriate sections of the Notice of Property Valuation and Tax Changes only after receiving approval from the Property Tax Division in the manner described in Subsection (1).

3. Real estate assessed under the Farmland Assessment Act of 1969 must be reported at full market value, with the value based upon Farmland Assessment Act rates shown parenthetically.

4. (a) All completion dates specified for the disclosure of property tax information must be strictly observed.

(b) Requests for deviation from the statutory completion dates must be submitted in writing on or before June 1, and receive the approval of the Property Tax Division in the manner described in Subsection (1).

5. If the cost of public notice required under Section 59-2-919 is greater than one percent of the property tax revenues to be received, an entity may combine its advertisement with other entities, or use direct mail notification.

6. Calculation of the amount and percentage increase in property tax revenues required by Section 59-2-919 shall be computed by comparing property taxes levied for the current year with property taxes budgeted the prior year, without adjusting for revenues attributable to new growth.

7. If a taxing district has not completed the tax rate setting process as prescribed in Sections 59-2-919 and 59-2-920 by August 17, the county auditor must seek approval from the Tax Commission to use the certified rate in calculating taxes levied for January 1.

8. The value of property subject to the uniform fee under Sections 59-2-405 through 59-2-405.3 is excluded from taxable value for purposes of calculating new growth, the certified tax rate, and the proposed tax rate.

9. The value and taxes of property subject to the uniform fee under Sections 59-2-405 through 59-2-405.3 are excluded when calculating the percentage of property taxes collected as provided in Section 59-2-924.

10. The following formulas and definitions shall be used in determining new growth:

(a) Actual new growth shall be computed as follows:

  (i) the taxable value of property assessed by the commission and locally assessed real property for the current year adjusted for redevelopment minus year-end taxable value of property assessed by the commission and locally assessed real property for the previous year adjusted for redevelopment; then

  (ii) plus or minus the difference between the taxable value of locally assessed personal property for the prior year adjusted for redevelopment and the year-end taxable value of locally assessed personal property for the current year adjusted for redevelopment; then

  (iii) plus or minus changes in value as a result of factoring; then

  (iv) plus or minus changes in value as a result of reappraisal; then

  (v) plus or minus any change in value resulting from a legislative mandate or court order.

(b) Net annexation value is the taxable value for the current year adjusted for redevelopment of all properties annexed into an entity during the prior calendar year minus the taxable value for the previous year adjusted for redevelopment for all properties annexed out of the entity during the prior calendar year.

(c) New growth is equal to zero for an entity with:

  (i) an actual new growth value less than zero; and

  (ii) a net annexation value greater than or equal to zero.

(d) New growth is equal to actual new growth for:

  (i) an entity with an actual new growth value greater than or equal to zero; or

  (ii) an entity with:

  (A) an actual new growth value less than zero; and

  (B) the actual new growth value is greater than or equal to the net annexation value.

(e) New growth is equal to the net annexation value for an entity with:

  (i) a net annexation value less than zero; and

  (ii) the actual new growth value is less than the net annexation value.
(f) Adjusted new growth equals new growth multiplied by the mean collection rate for the previous five years.

(11)(a) For purposes of determining the certified tax rate, ad valorem property tax revenues budgeted by a taxing entity for the prior year are calculated by:
(i) increasing or decreasing the adjustable taxable value from the prior year Report 697 by the average of the percentage net change in the value of taxable property for the equalization period for the three calendar years immediately preceding the current calendar year; and
(ii) multiplying the result obtained in Subsection (11)(a)(i)
by:
(A) the percentage of property taxes collected for the five calendar years immediately preceding the current calendar year; and
(B) the prior year approved tax rate.

(b) If a taxing entity levied the prior year approved tax rate, the budgeted revenues determined under Subsection (11)(a) are reflected in the budgeted revenue column of the prior year Report 697.

(12) Entities required to set levies for more than one fund must compute an aggregate certified rate. The aggregate certified rate is the sum of the certified rates for individual funds for which separate levies are required by law. The aggregate certified rate computation applies where:
(a) the valuation bases for the funds are contained within identical geographic boundaries; and
(b) the funds are under the levy and budget setting authority of the same governmental entity.

(13) For purposes of determining the certified tax rate of a municipality incorporated on or after July 1, 1996, the levy imposed for municipal-type services or general county purposes shall be the certified tax rate for municipal-type services or general county purposes, as applicable.

(14) No new entity, including a new city, may have a certified tax rate or levy a tax for any particular year unless that entity existed on the first day of that calendar year.

(1) Definitions.

(a) "Coefficient of dispersion (COD)" means the average deviation of a group of assessment ratios taken around the median and expressed as a percent of that measure.

(b) "Coefficient of variation (COV)" means the standard deviation expressed as a percentage of the mean.

(c) "Division" means the Property Tax Division of the commission.

(d) "Nonparametric" means data samples that are not normally distributed.

(e) "Parametric" means data samples that are normally distributed.

(f) "Urban counties" means counties classified as first or second class counties pursuant to Section 17-50-501.

(2) The commission adopts the following standards of assessment performance.

(a) For assessment level in each property class, subclass, and geographical area in each county, the measure of central tendency shall meet one of the following measures.

(i) The measure of central tendency shall be within 10 percent of the legal level of assessment.

(ii) The 95 percent confidence interval of the measure of central tendency shall contain the legal level of assessment.

(b) For uniformity of the property assessments in each class of property for which a detailed review is conducted during the current year, the measure of dispersion shall be within the following limits.

(i) In urban counties:

(A) a COD of 15 percent or less for primary residential property, and 20 percent or less for commercial property, vacant land, and secondary residential property; and

(B) a COV of 19 percent or less for primary residential property, and 25 percent or less for commercial property, vacant land, and secondary residential property.

(ii) In rural counties:

(A) a COD of 20 percent or less for primary residential property, and 25 percent or less for commercial property, vacant land, and secondary residential property.

(B) a COV of 25 percent or less for primary residential property, and 31 percent or less for commercial property, vacant land, and secondary residential property.

(iii) For a rural or small jurisdiction with limited development, or for a jurisdiction with a depressed market, the county assessor may petition the division for a five percentage point increase in the COD or COV for one year only. After sufficient examination, the division may determine that a one-year expansion of the COD or COV is appropriate.

(c) Statistical measures.

(i) The measure of central tendency shall be the mean for parametric samples and the median for nonparametric samples.

(ii) The measure of dispersion shall be the COV for parametric samples and the COD for nonparametric samples.

(iii) To achieve statistical accuracy in determining assessment level under Subsection (2)(a) and uniformity under Subsection (2)(b) for any property class, subclass, or geographical area, the minimum sample size shall consist of 10 or more ratios.

(3) Each year the division shall conduct and publish an assessment-to-sale ratio study to determine if each county complies with the standards in Subsection (2).

(a) To meet the minimum sample size, the study period may be extended.

(b) A smaller sample size may be used if:

(i) that sample size is at least 10 percent of the class or subclass population; or

(ii) both the division and the county agree that the sample may produce statistics that imply corrective action appropriate to the class or subclass of property.

(c) If the division, after consultation with the counties, determines that the sample size does not produce reliable statistical data, an alternate performance evaluation may be conducted, which may result in corrective action. The alternate performance evaluation shall include review and analysis of the following:

(i) the county's procedures for collection and use of market data, including sales, income, rental, expense, vacancy rates, and capitalization rates;

(ii) the county-wide land, residential, and commercial valuation guidelines and their associated procedures for maintaining current market values;

(iii) the accuracy and uniformity of the county's individual property data through a field audit of randomly selected properties; and

(iv) the county's level of personnel training, ratio of appraisers to parcels, level of funding, and other workload and resource considerations.

(d) All input to the sample used to measure performance shall be completed by March 31 of each study year.

(e) The division shall conduct a preliminary annual assessment-to-sale ratio study by April 30 of the study year, allowing counties to apply adjustments to their tax roll prior to the May 22 deadline.

(f) The division shall complete the final study immediately following the closing of the tax roll on May 22.

(4) The division shall order corrective action if the results of the final study do not meet the standards set forth in Subsection (2).

(1) The procedure set forth herein is required in reporting heavy equipment leased or rented during the tax year.  

(2) The owner of leased or rented heavy equipment shall file annual reports with the commission, either on forms provided by the commission or electronically, for the periods January 1 through June 30, and July 1 through December 31 of each year. The reports shall contain the following information:  

(a) a description of the leased or rented equipment;  

(b) the year of manufacture and acquisition cost;  

(c) a listing, by month, of the counties where the equipment has situs; and  

(d) any other information required.  

(3) For purposes of this rule, situs is established when leased or rented equipment is kept in an area for thirty days. Once situs is established, any portion of thirty days during which that equipment stays in that area shall be counted as a full month of situs. In no case may situs exceed twelve months for any year.  

(4)(a) The completed report shall be submitted to the Property Tax Division of the commission within thirty days after each reporting period.  

(b) Noncompliance will require accelerated reporting.

(1) Except as provided in Section 59-2-1115, household furnishings, furniture, and equipment are subject to property taxation if:  

(a) the owner of the dwelling unit commonly receives legal consideration for its use, whether in the form of rent, exchange, or lease payments; or  

(b) the dwelling unit is held out as available for the rent, lease, or use by others.  

(2) Household furnishings, furniture, and equipment that meet the definition of qualifying exempt primary residential rental personal property in Section 59-2-102;  

(a) qualify for the primary residential exemption under Section 59-2-103; and  

(b) are valued for tax under this chapter by:  

(i) calculating the value of the personal property using the tables in Tax Commission rule R884-24P-33; and  

(ii) multiplying the value calculated under Subsection (2)(b)(i) by 0.55.

A. The value of leasehold improvements shall be included in the value of the underlying real property and assessed to the owner of the underlying real property.  

B. The combined valuation of leasehold improvements and underlying real property required in A. shall satisfy the requirements of Section 59-2-103(1).  

C. The provisions of this rule shall not apply if the underlying real property is owned by an entity exempt from tax under Section 59-2-1101.  

D. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 2000.

(1) Definitions.  

(a)(i) "Acquisition cost" does not include indirect costs such as debugging, licensing fees and permits, insurance, or security.  

(ii) Acquisition cost may correspond to the cost new for new property, or cost used for used property.  

(b)(i) "Actual cost" includes the value of components necessary to complete the vehicle, such as tanks, mixers, special containers, passenger compartments, special axles, installation, engineering, erection, or assembly costs.  

(ii) Actual cost does not include sales or excise taxes, maintenance contracts, registration and license fees, dealer charges, tire tax, freight, or shipping costs.  

(c) "Cost new" means the actual cost of the property when purchased new.  

(i) Except as otherwise provided in this rule, the Tax Commission and assessors shall rely on the following sources to determine cost new:  

(A) documented actual cost of the new or used vehicle; or  

(B) recognized publications that provide a method for approximating cost new for new or used vehicles.  

(ii) For the following property purchased used, the taxing authority may determine cost new by dividing the property's
actual cost by the percent good factor for that class:
(A) class 6 - heavy and medium duty trucks;
(B) class 13 - heavy equipment;
(C) class 14 - motor homes;
(D) class 17 - vessels equal to or greater than 31 feet in length; and
(E) class 21 - commercial trailers.
(d) For purposes of Sections 59-2-108 and 59-2-1115, "item of taxable tangible personal property" means a piece of equipment, machinery, furniture, or other piece of tangible personal property that is functioning at its highest and best use for the purpose it was designed and constructed and is generally capable of performing that function without being combined with other items of personal property. An item of taxable tangible personal property is not an individual component part of a piece of machinery or equipment, but the piece of machinery or equipment. For example, a fully functioning computer is an item of taxable tangible personal property, but the motherboard, hard drive, tower, or sound card are not.
(e) "Percent good" means an estimate of value, expressed as a percentage, based on a property's acquisition cost or cost new, adjusted for depreciation and appreciation of all kinds.
(i) The percent good factor is applied against the acquisition cost or the cost new to derive taxable value for the property.
(ii) Percent good schedules are derived from an analysis of the Internal Revenue Service Class Life, the Marshall and Swift Cost index, other data sources or research, and vehicle valuation guides such as Penton Price Digests.
(2) Each year the Property Tax Division shall update and publish percent good schedules for use in computing personal property valuation.
(a) Proposed schedules shall be transmitted to county assessors and interested parties for comment before adoption.
(b) A public comment period will be scheduled each year and a public hearing will be scheduled if requested by ten or more interested parties or at the discretion of the Commission.
(c) County assessors may deviate from the schedules when warranted by specific conditions affecting an item of personal property. When a deviation will affect an entire class or type of personal property, a written report, substantiating the changes warranted by specific conditions affecting an item of personal property, is required to be presented to the Commission. Alternative schedules may not be used without prior written approval of the Commission.
(d) A party may request a deviation from the value established by the schedule for a specific item of property if the use of the schedule does not result in the fair market value for the property at the retail level of trade on the lien date, including any relevant installment and assessor value.
(3) The provisions of this rule do not apply to:
(a) a vehicle subject to the age-based uniform fee under Section 59-2-405.1;
(b) the following personal property subject to the age-based uniform fee under Section 59-2-405.2:
(i) an all-terrain vehicle;
(ii) a camper;
(iii) an other motorcycle;
(iv) an other trailer;
(v) a personal watercraft;
(vi) a small motor vehicle;
(vii) a snowmobile;
(viii) a street motorcycle;
(ix) a tent trailer;
(x) a travel trailer; and
(xi) a vessel, including an outboard motor of the vessel, that is less than 31 feet in length and
(c) an aircraft subject to the uniform statewide fee under Section 59-2-404.
(4) Other taxable personal property that is not included in the listed classes includes:
(a) Supplies on hand as of January 1 at 12:00 noon, including office supplies, shipping supplies, maintenance supplies, replacement parts, lubricating oils, fuel and consumable items not held for sale in the ordinary course of business. Supplies are assessed at total cost, including freight-in.
(b) Equipment leased or rented from inventory is subject to ad valorem tax. Refer to the appropriate property class schedule to determine taxable value.
(c) Property held for rent or lease is taxable, and is not exempt as inventory. For entities primarily engaged in rent-to-own, inventory on hand at January 1 is exempt and property out on rent-to-own contracts is taxable.
(5) Personal property valuation schedules may not be appealed to, or amended by, county boards of equalization.
(6) All taxable personal property, other than personal property subject to an age-based uniform fee under Section 59-2-405.1 or 59-2-405.2, or a uniform statewide fee under Section 59-2-404, is classified by expected economic life as follows:
(a) Class 1 - Short Life Property. Property in this class has a typical life of more than one year and less than four years. It is fungible in that it is difficult to determine the age of an item retired from service.
(i) Examples of property in the class include:
(A) barricades/warning signs;
(B) library materials;
(C) patterns, jigs and dies;
(D) pots, pans, and utensils;
(E) canned computer software;
(F) hotel linen;
(G) wood and pallets;
(H) video tapes, compact discs, and DVDs; and
(I) uniforms.
(ii) With the exception of video tapes, compact discs, and DVDs, taxable value is calculated by applying the percent good factor against the acquisition cost of the property.
(iii) A licensee of canned computer software shall use one of the following substitutes for acquisition cost of canned computer software if no acquisition cost for the canned computer software is stated:
(A) retail price of the canned computer software;
(B) if a retail price is unavailable, and the license is a nonrenewable single year license agreement, the total sum of expected payments during that 12-month period; or
(C) if the licensing agreement is a renewable agreement or is a multiple year agreement, the present value of all expected licensing fees paid pursuant to the agreement.
(iv) Video tapes, compact discs, and DVDs are valued at $15.00 per tape or disc for the first year and $3.00 per tape or disc thereafter.

(b) Class 2 - Computer Integrated Machinery.
(i) Machinery shall be classified as computer integrated machinery if all of the following conditions are met:
(A) The equipment is sold as a single unit. If the invoice breaks out the computer separately from the machine, the computer must be valued as Class 12 property and the machine as Class 8 property.
(B) The machine cannot operate without the computer and the computer cannot perform functions outside the machine.
(C) The machine can perform multiple functions and is
controlled by a programmable central processing unit.

(D) The total cost of the machine and computer combined is depreciated as a unit for income tax purposes.

(E) The capabilities of the machine cannot be expanded by substituting a more complex computer for the original.

(ii) Examples of property in this class include:
(A) CNC mills;
(B) CNC lathes;
(C) high-tech medical and dental equipment such as MRI equipment, CAT scanners, and mammography units.

(g) Class 8 - Machinery and Equipment. Property in this class is subject to considerable functional and economic obsolescence created by competition as technologically advanced and more efficient equipment becomes available.

(i) Examples of property in this class include:

(A) manufacturing machinery;
(B) amusement rides;
(C) bakery equipment;
(D) distillery equipment;
(E) refrigeration equipment;
(F) laundry and dry cleaning equipment;
(G) machine shop equipment;
(H) processing equipment;
(I) auto service and repair equipment;
(J) mining equipment;
(K) ski lift machinery;
(L) printing equipment;
(M) bottling or cannery equipment;
(N) packaging equipment; and
(O) pollution control equipment.

(ii) Except as provided in Subsection (6)(g)(iii), taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

(iii)(A) Notwithstanding Subsection (6)(g)(ii), the taxable value of the following oil refinery pollution control equipment required by the federal Clean Air Act shall be calculated pursuant to Subsection (6)(g)(iii)(B):

(I) VGO (Vacuum Gas Oil) reactor;
(II) HDS (Diesel Hydrotreater) reactor;
(III) VGO compressor;
(IV) VGO furnace;
(V) VGO and HDS high pressure exchangers;
(VI) VGO, SRU (Sulfur Recovery Unit), SWS (Sour Water Stripper), and TGU (Tail Gas Unit) low pressure exchangers;
(VII) VGO, amine, SWS, and HDS separators and drums;
(VIII) VGO and tank pumps;
(IX) TGU modules; and
(X) VGO tank and air coolers.

(B) The taxable value of the oil refinery pollution control equipment described in Subsection (6)(g)(iii)(A) shall be calculated by:

(I) applying the percent good factor in Table 8 against the acquisition cost of the property; and

(II) multiplying the product described in Subsection (6)(g)(iii)(B)(I) by 50%.

(h) Class 9 - Off-Highway Vehicles.

(i) Because Section 59-2-405.2 subjects off-highway vehicles to an age-based uniform fee, a percent good schedule is not necessary.

(ii) Taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

(A) crystal growing equipment;
(B) die assembly equipment;
(C) wire bonding equipment;
(D) encapsulation equipment;
(E) semiconductor test equipment;

(q) Class 17a - Vessels Less Than 31 Feet in Length
   (i) Because Section 59-2-405.2 subjects vessels less than
       31 feet in length to an age-based uniform fee, a percent good
       schedule is not necessary.
   (r) Class 18 - Travel Trailers and Class 18a - Tent
       Trailers/Truck Campers.
   (i) Because Section 59-2-405.2 subjects travel trailers and
       tent trailers/truck campers to an age-based uniform fee, a percent
       good schedule is not necessary.
   (s) Class 20 - Petroleum and Natural Gas Exploration and
       Production Equipment. Class 20 property is subject to
       significant functional and economic obsolescence due to the
       volatile nature of the petroleum industry.
   (i) Examples of property in this class include:
       (A) oil and gas exploration equipment;
       (B) distillation equipment;
       (C) wellhead assemblies;
       (D) holding and storage facilities;
       (E) drill rigs;

       (G) metering devices;
       (H) cracking equipment;
       (I) well-site generators, transformers, and power lines;
       (J) equipment sheds;
       (K) pumps;
       (L) radio telemetry units; and
       (M) support and control equipment.
   (ii) Taxable value is calculated by applying the percent
good factor against the acquisition cost of the property.

   (t) Class 21 - Commercial Trailers.
   (i) Examples of property in this class include:
       (A) dry freight van trailers;
       (B) refrigerated van trailers;
       (C) flat bed trailers;
       (D) dump trailers;
       (E) livestock trailers; and
       (F) tank trailers.
   (ii) Taxable value is calculated by applying the percent
good factor against the cost new of the property. For state
       assessed vehicles, cost new shall include the value of attached
       equipment.
   (iii) The 2016 percent good applies to 2016 models
       purchased in 2015.
   (iv) Commercial trailers have a residual taxable value of
       $1,000.

   (u) Class 21a - Other Trailers (Non-Commercial).
   (i) Because Section 59-2-405.2 subjects this class of
       trailers to an age-based uniform fee, a percent good schedule
       is not necessary.
   (v) Class 22 - Passenger Cars, Light Trucks/Utility
       Vehicles, and Vans.
   (i) Class 22 vehicles fall within four subcategories:
       domestic passenger cars, foreign passenger cars, light trucks,
       including utility vehicles, and vans.
   (ii) Because Section 59-2-405.1 subjects Class 22 property
       to an age-based uniform fee, a percent good schedule is not
       necessary.
   (w) Class 22a - Small Motor Vehicles.
   (i) Because Section 59-2-405.2 subjects small motor
       vehicles to an age-based uniform fee, a percent good schedule
       is not necessary.
   (x) Class 23 - Aircraft Required to be Registered With the
       State.
   (i) Because Section 59-2-404 subjects aircraft required to
       be registered with the state to a statewide uniform fee, a percent
       good schedule is not necessary.
   (y) Class 24 - Leasehold Improvements on Exempt Real
       Property.
   (i) The Class 24 schedule is to be used only for those
       leasehold improvements where the underlying real property is
       owned by an entity exempt from property tax under Section 59-
       2-1101. See Tax Commission rule R884-24P-32. Leasehold
       improvements include:
       (A) walls and partitions;
       (B) plumbing and roughed-in fixtures;
       (C) floor coverings other than carpet;
       (D) store fronts;
       (E) decoration;
       (F) wiring;
       (G) suspended or acoustical ceilings;
       (H) heating and cooling systems; and
       (I) iron or millwork trim.
   (ii) Taxable value is calculated by applying the percent
good factor against the cost of acquisition, including
       installation.
   (iii) The Class 3 schedule is used to value short life
       leasehold improvements.
(z) Class 25 - Aircraft Parts Manufacturing Tools and Dies. Property in this class is generally subject to rapid physical, functional, and economic obsolescence due to rapid technological and economic shifts in the airline parts manufacturing industry. Heavy wear and tear is also a factor in valuing this class of property.

(i) Examples of property in this class include:
(A) aircraft parts manufacturing jigs and dies;
(B) aircraft parts manufacturing molds;
(C) aircraft parts manufacturing patterns;
(D) aircraft parts manufacturing taps and gauges; and
(E) aircraft parts manufacturing test equipment.

(ii) Taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 2016.

(1) The purpose of this rule is to provide guidance to property owners required to file an annual statement under Section 59-2-1102 in order to claim a property tax exemption under Subsection 59-2-1101(3)(a)(iv) or (v).

(2) The annual statement filed pursuant to Section 59-2-1102 shall contain the following information for the specific property for which an exemption is sought:

(a) the owner of record of the property;
(b) the property parcel, account, or serial number;
(c) the location of the property;
(d) the tax year in which the exemption was originally granted;
(e) a description of any change in the use of the real or personal property since January 1 of the prior year;
(f) the name and address of any person or organization conducting a business for profit on the property;
(g) the name and address of any organization that uses the real or personal property and pays a fee for that use that is greater than the cost of maintenance and utilities associated with the property;
(h) a description of any personal property leased by the owner of record for which an exemption is claimed;
(i) the name and address of the lessor of property described in Subsection (2)(h);
(j) the signature of the owner of record or the owner's authorized representative; and
(k) any other information the county may require.

(3) The annual statement shall be filed:

(a) with the county legislative body in the county in which the property is located;
(b) on or before March 1; and
(c) using:

(i) Tax Commission form PT-21, Annual Statement for Continued Property Tax Exemption; or
(ii) a form that contains the information required under Subsection (2).

A. In addition to the information required by Section 59-2-1317, the tax notice for real property shall specify the following:
1. the property identification number;
2. the appraised value of the property and, if applicable, any adjustment for residential exemptions expressed in terms of taxable value;
3. if applicable, tax relief for taxpayers eligible for blind, veteran, or poor abatement or the circuit breaker, which shall be shown as credits to total taxes levied; and
4. itemized tax rate information for each taxing entity and total tax rate.

A. The county assessor shall maintain an appraisal record of all real property subject to assessment by the county. The record shall include the following information:
1. owner of the property;
2. property identification number;
3. description and location of the property; and
4. full market value of the property.
B. Real property appraisal records shall show separately the value of the land and the value of any improvements.

(1)(a) "Railroad right of way" (RR-ROW) means a strip of land upon which a railroad company constructs the road bed.
(b) RR-ROW within incorporated towns and cities shall consist of 50 feet on each side of the main line main track, branch line main track or main spur track. Variations to the 50-foot standard shall be approved on an individual basis.
(c) RR-ROW outside incorporated towns and cities shall consist of the actual right-of-way owned if not in excess of 100 feet on each side of the center line of the main line main track, branch line main track, or main spur track. In cases where unusual conditions exist, such as mountain cuts, fills, etc., and more than 100 feet on either side of the main track is required for ROW and where small parcels of land are otherwise required for ROW purposes, the necessary additional area shall be reported as RR-ROW.
(2) Assessment of nonoperating railroad properties.
Railroad property formerly assessed by the unitary method that has been determined to be nonoperating, and that is not necessary to the conduct of the business, shall be assessed separately by the local county assessor.
(3) Assessment procedures.
(a) Properties charged to nonoperating accounts are reviewed by the Property Tax Division, and if taxable, are assessed and placed on the local county assessment rolls separately from the operating properties.
(b) RR-ROW is considered operating and necessary to the conduct and contributing to the income of the business. Any revenue derived from leasing of property within the RR-ROW is considered railroad operating revenues.
(c) Real property outside of the RR-ROW that is necessary to the conduct of the railroad operation is considered part of the unitary value. Some examples are:
(i) company homes occupied by superintendents and other employees on 24-hour call;
(ii) storage facilities for railroad operations;
(iii) communication facilities; and
(iv) spur tracks outside of RR-ROW.
(d) Abandoned RR-ROW is considered nonoperating and shall be reported as such by the railroad companies.
(e) Real property outside of the RR-ROW that is not necessary to the conduct of the railroad operations is classified as nonoperating and therefore assessed by the local county assessor. Some examples are:
(i) land leased to service station operations;
(ii) grocery stores;
(iii) apartments;
(iv) residences; and
(v) agricultural uses.
(f) RR-ROW obtained by government grant or act of Congress is deemed operating property.
(4) Notice of Determination. It is the responsibility of the Property Tax Division to provide a notice of determination to the owner of the railroad property and the assessor of the county where the railroad property is located immediately after such determination of operating or nonoperating status has been made. If there is no appeal to the notice of determination, the Property Tax Division shall notify the assessor of the county where the property is located so that the property may be placed on the roll for local assessment.
(5) Appeals. Any interested party who wishes to contest the determination of operating or nonoperating property may do so by filing a request for agency action within ten days of the notice of determination of operating or nonoperating properties. Request for agency action may be made pursuant to Title 63G, Chapter 4.

R884-24P-40. Exemption of Parsonages, Rectories, Monasteries, Homes and Residences Pursuant to Utah Code Annotated 59-2-1101(d) and Article XIII, Section 2 of the Utah Constitution.
A. Parsonages, rectories, monasteries, homes and residences if used exclusively for religious purposes, are exempt from property taxes if they meet all of the following requirements:
1. The land and building are owned by a religious organization which has qualified with the Internal Revenue Service as a Section 501(c)(3) organization and which organization continues to meet the requirements of that section.
2. The building is occupied only by persons whose full time efforts are devoted to the religious organization and the immediate families of such persons.
3. The religious organization, and not the individuals who occupy the premises, pay all payments, utilities, insurance, repairs, and all other costs and expenses related to the care and maintenance of the premises and facilities.
B. The exemption for one person and the family of such person is limited to the real estate that is reasonable for the residence of the family and which remains actively devoted exclusively to the religious purposes. The exemption for more than one person, such as a monastery, is limited to that amount of real estate actually devoted exclusively to religious purposes.
C. Vacant land which is not actively used by the religious organization, is not deemed to be devoted exclusively to religious purposes, and is therefore not exempt from property taxes.
1. Vacant land which is held for future development or utilization by the religious organization is not deemed to be devoted exclusively to religious purposes and therefore not tax exempt.
2. Vacant land is tax exempt after construction commences or a building permit is issued for construction of a structure or other improvements used exclusively for religious purposes.

(1) Upon completion of commission audits of personal property accounts or land subject to the Farmland Assessment Act, the following procedures shall be implemented:
(a) If an audit reveals an incorrect assignment of property, or an increase or decrease in value, the county assessor shall correct the assessment on the assessment roll and the tax roll.
(b) A revised Notice of Property Valuation and Tax Changes or tax notice or both shall be mailed to the taxpayer for the current year and any previous years affected. 
(c) The appropriate tax rate for each year shall be applied when computing taxes due for previous years.
(2) Assessors shall not alter results of an audit without first submitting the changes to the commission for review and approval.
(3) The commission shall review assessor compliance with this rule. Noncompliance may result in an order for corrective action.

A. The use of the machinery and equipment, whether by the claimant or a lessee, shall determine the exemption.
1. For purposes of this rule, the term owner includes a purchaser under an installment purchase contract or capitalized lease where ownership passes to the purchaser at the end of the contract without the exercise of an option on behalf of the purchaser or seller.
B. Farm machinery and equipment is used primarily for agricultural purposes if it is used primarily for the production or harvesting of agricultural products.
C. The following machinery and equipment is used primarily for the production or harvesting of agricultural products:
1. Machinery and equipment used on the farm for storage, cooling, or freezing of fruits or vegetables;
2. Except as provided in C.3., machinery and equipment used in fruit or vegetable growing operations if the machinery and equipment does not physically alter the fruit or vegetables; and
3. Machinery and equipment that physically alters the form of fruits or vegetables if the operations performed by the machinery or equipment are reasonable and necessary in the preparation of the fruit or vegetables for wholesale marketing.
D. Machinery and equipment used for processing of agricultural products are not exempt.

A. Definitions.
1. "Average market value per rail car" means the fleet rail car market value divided by the number of rail cars in the fleet.
2. "Fleet rail car market value" means the sum of:
   a)(1) the yearly acquisition costs of the fleet's rail cars;
   (2) multiplied by the appropriate percent good factors contained in Class 10 of R884-24P-33, Personal Property Valuation Guides and Schedules; and
   b) the sum of betterments by year.
3. "In-service rail cars" means the number of rail cars in the fleet.
4. a) "Out-of-service rail cars" means rail cars:
   (1) out-of-service for a period of more than ten consecutive hours or
   (2) in storage.
   b) "Rail cars cease to be out-of-service once repaired or removed from storage.
   c) Out-of-service rail cars do not include rail cars idled for less than ten consecutive hours due to light repairs or routine maintenance.
5. "System car miles" means both loaded and empty miles accumulated in the U.S., Canada, and Mexico during the prior calendar year by all rail cars in the fleet.
6. "Utah car miles" mean both loaded and empty miles accumulated within Utah during the prior calendar year by all rail cars in the fleet.
7. "Utah percent of system factor" means the Utah car miles divided by the system car miles.
B. The provisions of this rule apply only to private rail car companies.
C. To receive an adjustment for out-of-service rail cars, the rail car company must report the number of out-of-service days to the commission for each of the company's rail car fleets.
D. The out-of-service adjustment is calculated as follows.
1. Divide the out-of-service days by 365 to obtain the out-of-service rail car equivalent.
2. Subtract the out-of-service rail car equivalent calculated in D.1. from the number of rail cars in the fleet.
E. The taxable value for each rail car fleet apportioned to Utah, for which the Utah percent of system factor is more than 50 percent, shall be determined by multiplying the Utah percent of system factor by the fleet rail car market value.
F. The taxable value for each rail car company apportioned to Utah, for which the Utah percent of system factor is less than or equal to 50 percent, shall be determined in the following manner.
1. Calculate the number of fleet rail cars allocated to Utah under the Utah percent of system factor. The steps for this calculation are as follows:
   a) Multiply the Utah percent of system factor by the in-service rail cars in the fleet.
   b) Multiply the product obtained in F.1.a) by 50 percent.
   2. Calculate the number of fleet rail cars allocated to Utah under the time speed factor. The steps for this calculation are as follows:
   a) Divide the fleet's Utah car miles by the average rail car miles traveled in Utah per year. The Commission has determined that the average rail car miles traveled in Utah per year shall equal 200,000 miles.
   b) Multiply the quotient obtained in F.2.a) by the percent of in-service rail cars in the fleet.
   c) Multiply the product obtained in F.2.b) by 50 percent.
   3. Add the number of fleet rail cars allocated to Utah under the Utah percent of system factor, calculated in F.1.b), and the number of fleet rail cars allocated to Utah under the time speed factor, calculated in F.2.c), and multiply that sum by the average market value per rail car.

   1. Each county's overall tax rate is multiplied by the county's percent of total lane miles of principal routes.
   2. The values obtained in A.1. for each county are summed to arrive at the statewide rate.
   3. The assessment of vehicles apportioned under Section 41-1a-301 shall be apportioned at the same percentage ratio that has been filed with the Motor Vehicle Division of the State Tax Commission for determining the proration of registration fees.

C. For purposes of Section 59-2-801(2), principal routes means lane miles of interstate highways and clover leafs, U.S. highways, and state highways extending through each county as determined by the Commission from current state Geographic Information System databases.

   a) Recreational vehicle includes a travel trailer, a camping trailer, a motor home, and a fifth wheel trailer.
   b) Recreational vehicle does not include a van unless specifically designed or modified for use as a temporary dwelling.

B. The uniform fee established in Section 59-2-405 is levied against the following types of personal property, unless specifically excluded by Section 59-2-405:

1. motor vehicles that are not classified under Class 22 - Passenger Cars, Light Trucks/Utility Vehicles, and Vans, in Tax Commission rule R884-24P-33;
2. watercraft required to be registered with the state;
3. recreational vehicles required to be registered with the state;
4. all other tangible personal property required to be registered with the state before it is used on a public highway, on a public waterway, on public land, or in the air.

E. Centrally assessed taxpayers shall use the following formula to determine the value of locally assessed personal property that may be deducted from the allocated unit valuation:

   1. Divide the system value by the book value to determine the market to book ratio.

   2. Multiply the market to book ratio by the book value of personal property registered in Utah and subject to Section 59-2-405 to determine the value of personal property that may be subtracted from the allocated unit value.

F. If a property's valuation is appealed to the county board of equalization under Section 59-2-1005, the property shall become subject to a total revaluation. If the personal property is not registered during the year, the owner remains liable for payment of the Section 59-2-405 uniform fee to the county assessor.

1. No additional uniform fee may be levied upon personal property transferred during a calendar year if the Section 59-2-405 uniform fee has been paid for that calendar year.
2. If the personal property is of a type registered for periods in excess of one year, the Section 59-2-405 uniform fee shall be due annually.
3. The personal property of a nonresident member of the armed forces stationed in Utah may be registered in Utah without payment of the Section 59-2-405 uniform fee.

I. If the personal property is of a type subject to annual registration, registration of that personal property may not be completed unless the Section 59-2-405 uniform fee has been paid, even if the taxpayer is appealing the uniform fee valuation. Delinquent fees may be assessed in accordance with Sections 59-2-217 and 59-2-309 as a condition precedent to registration.

J. The situs of personal property subject to the Section 59-2-405 uniform fee is determined in accordance with Section 59-2-104. Situs of purchased personal property shall be the tax area of the purchaser's domicile, unless the personal property will be kept in a tax area other than the tax area of the purchaser's domicile for more than six months of the year.

1. If an assessor discovers personal property that is kept in the assessor's county but registered in another, the assessor may submit an affidavit along with evidence that the property is kept in that county to the assessor of the county in which the personal property is registered. Upon agreement, the assessor of the county of registration shall forward the fee collected to the county of situs within 30 working days.

2. If the owner of personal property registered in Utah is domiciled outside of Utah, the taxable situs of the property is presumed to be the county in which the uniform fee was paid, unless an assessor's affidavit establishes otherwise.

3. The Tax Commission shall, on an annual basis, provide each county assessor information indicating all personal property subject to state registration and its corresponding taxable situs.

4. Section 59-2-405 uniform fees received by a county that require distribution to a purchaser's domicile outside of that county shall be deposited into an account established by the Commission, pursuant to procedures prescribed by the Commission.

5. Section 59-2-405 uniform fees received by the Commission pursuant to J.4. shall be distributed to the appropriate county at least monthly.

M. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 1999.
(2) Definitions:
(a) "Cost regulated utility" means any public utility assessable by the Commission whose allowed revenues are determined by a rate of return applied to a rate base set by a state or federal regulatory commission.
(b) "Fair market value" means the amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. Fair market value reflects the value of property at its highest and best use, subject to regulatory constraints.
(c) "Rate base" means the aggregate account balances reported as such by the cost regulated utility to the applicable state or federal regulatory commission.
(d) "Unitary property" means operating property that is assessed by the Commission pursuant to Section 59-2-201(1)(a) through (c).
   (i) Unitary properties include:
      (A) all property that operates as a unit across county lines, if the values must be apportioned among more than one county or state; and
      (B) all property of public utilities as defined in Section 59-2-102.
   (ii) These properties, some of which may be cost regulated utilities, are defined under one of the following categories.
      (A) "Telecommunication properties" include the operating property of local exchange carriers, local access providers, long distance carriers, cellular telephone or personal communication service (PCS) providers and pagers, and other similar properties.
      (B) "Energy properties" include the operating property of natural gas pipelines, natural gas distribution companies, liquid petroleum products pipelines, and electric corporations, including electric generation, transmission, and distribution companies, and other similar entities.
      (C) "Transportation properties" include the operating property of all airlines, air charter services, air contract services, including major and small passenger carriers and major and small air freighters, long haul and short line railroads, and other similar properties.
   (3) All tangible operating property owned, leased, or used by unitary companies is subject to assessment and taxation according to its fair market value as of January 1, and as provided in Utah Constitution Article XIII, Section 2. Intangible property as defined under Section 59-2-102 is not subject to assessment and taxation.

(3) General Valuation Principles. Unitary properties shall be assessed at fair market value based on generally accepted appraisal theory as provided under this rule.
   (a) The assemblage or enhanced value attributable to the tangible property should be included in the assessed value. See Beaver County v. WilTel, Inc., 995 P.2d 602 (Utah 2000). The value attributable to intangible property must, when possible, be identified and removed from value when using any valuation method and before that value is used in the reconciliation process.
   (b) The preferred methods to determine fair market value are the cost approach and a yield capitalization income indicator that establishes a more accurate estimate of fair market value.
   (c) Non-operating Property. Property that is not necessary to the operation of unitary properties and is assessed by a local county assessor, and property separately assessed by the Division, such as registered motor vehicles, shall be removed from the correlated unit value or from the state allocated value.

(5) Appraisal Methodologies.
   (a) Cost Approach. Cost is relevant to value under the principle of substitution, which states that no prudent investor would pay more for a property than the cost to construct a substitute property of equal desirability and utility without undue delay. A cost indicator may be developed under one or more of the following methods: replacement cost less depreciation (RCNL), reproduction cost less depreciation (reproduction cost), and historic cost less depreciation (HCCL). (i) "Depreciation" is the loss in value from any cause. Different professions recognize two distinct definitions or types of depreciation.
      (A) Accounting. Depreciation, often called "book" or "accumulated" depreciation, is calculated according to generally accepted accounting principles or regulatory guidelines. It is the amount of capital investment written off on a firm's accounting records in order to allocate the original or historic cost of an asset over its life. Book depreciation is typically applied to historic cost to derive HCCL.
      (B) Appraisal. Depreciation, sometimes referred to as "accumulated" depreciation, is the difference between the market value of an improvement and its cost new. Depreciation is typically applied to replacement or reproduction cost, but should be applied to historic cost if market conditions so indicate. There are three types of depreciation:
         (I) Physical deterioration results from regular use and normal aging, which includes wear and tear, decay, and the impact of the elements.
         (II) Functional obsolescence is caused by internal property characteristics or flaws in the structure, design, or materials that diminish the utility of an improvement.
         (III) External, or economic, obsolescence is an impairment of an improvement due to negative influences from outside the boundaries of the property, and is generally incurable. These influences usually cannot be controlled by the property owner or user.
      (ii) Replacement cost is the estimated cost to construct, at current prices, a property with utility equivalent to that being appraised, using modern materials, current technology and current standards, design, and layout. The use of replacement cost instead of reproduction cost eliminates the need to estimate some forms of functional obsolescence.
   (iii) Reproduction cost is the estimated cost to construct, at current prices, an exact duplicate or replica of the property being assessed, using the same materials, construction standards, design, layout and quality of workmanship, and embodying any functional obsolescence.
   (iv) Historic cost is the original construction or acquisition cost as recorded on a firm's accounting records. Depending upon the industry, it may be appropriate to trend HCCL to current costs. Only trending indexes commonly recognized by the specific industry may be used to adjust HCCL.
   (v) RCNL may be impractical to implement; therefore the preferred cost indicator of value in a mass appraisal environment for unitary property is HCCL. A party may challenge the use of HCCL by proposing a different cost indicator that establishes a more accurate cost estimate of value.
   (b) Income Capitalization Approach. Under the principle of anticipation, benefits from income in the future may be
capitalized into an estimate of present value.

(i) Yield Capitalization. The yield capitalization formula is \( CF/(k-g) \), where "\( CF \)" is a single year's normalized cash flow, "\( k \)" is the nominal, risk adjusted discount or yield rate, and "\( g \)" is the expected growth rate of the cash flow.

(A) Cash flow is restricted to the operating property in existence on the lien date, together with any replacements intended to maintain, but not expand or modify, existing capacity or function. Cash flow is calculated as net operating income (NOI) plus non-cash charges (e.g., depreciation and deferred income taxes), less capital expenditures and additions to working capital necessary to achieve the expected growth "\( g \)".

Information necessary for the Division to calculate the cash flow shall be summarized and submitted to the Division by March 1 on a form provided by the Division.

(I) NOI is defined as net income plus interest.

(II) Capital expenditures should include only those necessary to replace or maintain existing plant and should not include any expenditure intended primarily for expansion or productivity and capacity enhancements.

(III) Cash flow is to be projected for the year immediately following the lien date, and may be estimated by reviewing historic cash flows, forecasting future cash flows, or a combination of both.

(Aa) If cash flows for a subsidiary company are not available or are not allocated on the parent company's cash flow statements, a method of allocating total cash flows must be developed based on sales, fixed assets, or other reasonable criteria. The subsidiary's total is divided by the parent's total to derive the allocation percentage to estimate the subsidiary's cash flow.

(Bb) If the subject company does not provide the Commission with its most recent cash flow statements by March 1 of the assessment year, the Division may estimate cash flow using the best information available.

(B) The discount rate (k) shall be based upon a weighted average cost of capital (WACC) considering current market debt rates and equity yields. WACC should reflect a typical capital structure for comparable companies within the industry.

(I) The cost of debt should reflect the current market rate (yield to maturity) of debt with the same credit rating as the subject company.

(II) The cost of equity is estimated using standard methods such as the capital asset pricing model (CAPM), the Risk Premium and Dividend Growth models, or other recognized models.

(Aa) The CAPM is the preferred method to estimate the cost of equity. More than one method may be used to correlate a cost of equity, but only if the CAPM method is weighted at least 50% in the correlation.

(Bb) The CAPM formula is \( k(e) = R(f) + (Beta \times Risk \ Premium) \), where \( k(e) \) is the cost of equity and \( R(f) \) is the risk free rate.

(Cc) The risk free rate shall be the current market rate on 20-year Treasury bonds.

(Dd) The beta should reflect an average or value-weighted average of comparable companies and should be drawn consistently from Value Line or an equivalent source. The beta of the specific assessed property should also be considered.

(Ee) The risk premium shall be the arithmetic average of the risk free rate and the actual risk premium factor.

The risk premium factor shall be the average premium of comparable companies and should be drawn from Value Line or an equivalent source.

The beta should reflect an average or value-weighted average of comparable companies and should be drawn consistently from Value Line or an equivalent source.

The risk premium shall be the arithmetic average of the risk free rate and the actual risk premium factor.

The risk premium factor shall be the average premium of comparable companies and should be drawn from Value Line or an equivalent source.

The beta should reflect an average or value-weighted average of comparable companies and should be drawn consistently from Value Line or an equivalent source.

The risk premium shall be the arithmetic average of the risk free rate and the actual risk premium factor.

The risk premium factor shall be the average premium of comparable companies and should be drawn from Value Line or an equivalent source.
(ii) Deferred Income Taxes, also referred to as DIFT, is an accounting entry that reflects the difference between the use of accelerated depreciation for income tax purposes and the use of straight-line depreciation for financial statements. For traditional rate base regulated companies, regulators generally exclude deferred income taxes from rate base, recognizing it as ratepayer contributed capital. Where rate base is reduced by deferred income taxes for rate base regulated companies, they shall be removed from HCLD.

(iii) Items excluded from rate base under Subsections (6)(a)(i)(A) or (B) should not be subtracted from HCLD to the extent it can be shown that regulators would likely permit the rate base of a potential purchaser to include a premium over existing rate base.

(b)(i) Railroads.

(ii) The cost indicator should generally be given little or no weight because there is no observable relationship between cost and fair market value.

(c) Airlines, air charter services, and air contract services.

(i) For purposes of this Subsection (6)(c):

(A) "aircraft pricing guide" means a nationally recognized publication that assigns value estimates for individual commercial aircraft that are in average condition typical for their type and vintage, and identified by year, make and model;

(B) "airline" means an:

(I) airline under Section 59-2-102;

(II) air charter service under Section 59-2-102; and

(III) air contract service under Section 59-2-102.

(C) "airline market indicator" means an estimate of value based on an aircraft pricing guide; and

(D) "non-mobile flight equipment" means all operating property of an airline, air charter service, or air contract service that is not within the definition of mobile flight equipment under Section 59-2-102.

(ii) In situations where the use of preferred methods for determining fair market value under Subsection (5) does not produce a reasonable estimate of the fair market value of the property of an airline operating as a unit, an airline market indicator published in an aircraft pricing guide, and adjusted as provided in Subsections (6)(c)(ii)(A) and (6)(c)(ii)(B), may be used to estimate the fair market value of the airline property.

(A)(I) In order to reflect the value of a fleet of aircraft as part of an operating unit, an aircraft market indicator shall include a fleet adjustment or equivalent valuation for a fleet.

(I) If a fleet adjustment is provided in an aircraft pricing guide, the adjustment under Subsection (6)(c)(ii)(A)(I) shall follow the directions in that guide. If no fleet adjustment is provided in an aircraft pricing guide, the standard adjustment under Subsection (6)(c)(ii)(A)(I) shall be 20 percent from a wholesale value or equivalent level of value as published in the guide.

(B) Non-mobile flight equipment shall be valued using the cost approach under Subsection (5)(a) or the market or sales comparison approach under Subsection (5)(c), and added to the value of the fleet.

(iii) An income capitalization approach under Subsection (5)(b) shall incorporate the information available to make an estimate of future cash flows.

(iv)(A) When an aircraft market indicator under Subsection (6)(c)(ii) is used to estimate the fair market value of an airline, the Division shall:

(I) calculate the fair market value of the airline using the preferred methods under Subsection (5);

(II) retain the calculations under Subsection (6)(c)(ii)(A)(I) in the work files maintained by the Division; and

(III) include the amounts calculated under Subsection (6)(c)(ii)(A)(I) in any appraisal report that is produced in association with an assessment issued by the Division.

(B) When an aircraft market indicator under Subsection (6)(c)(ii) is used, the Division shall justify in any appraisal report issued with an assessment why the preferred methods under Subsection (5) were not used.

(v)(A) When the preferred methods under Subsection (5) are used to estimate the fair market value of an airline, the Division shall:

(I) calculate an aircraft market indicator under Subsection (6)(c)(v)(A)(I);

(II) retain the calculations under Subsection (6)(c)(v)(A)(I) in the work files maintained by the Division; and

(III) include the amounts calculated under Subsection (6)(c)(v)(A)(I) in any appraisal report that is produced in association with an assessment issued by the Division.

(b) Value estimates from an aircraft pricing guide under Subsection (6)(c)(v)(A) along with the valuation of non-mobile flight equipment under Subsection (6)(c)(v)(B) shall, when possible, also be included in an assessment or appraisal report for purposes of comparison.

(C) Reasons for not including a value estimate required under Subsection (6)(c)(v)(B) include:

(I) failure to file a return; or

(II) failure to identify specific aircraft.

A. The party contracting to perform services shall develop a written customer service performance plan within 60 days after the contract for performance of services is signed.

1. The customer service performance plan shall address:

a) procedures the contracting party will follow to minimize the time a customer waits in line; and

b) the manner in which the contracting party will promote alternative methods of registration.

2. The party contracting to perform services shall provide a copy of its customer service performance plan to the party for whom it provides services.

3. The party for whom the services are provided may, no more often than semiannually, audit the contracting party's performance based on its customer service performance plan, and may report the results of the audit to the county commission or the state tax commissioners, as applicable.

B. Each county office contracting to perform services shall conduct initial training of its new employees.

C. The Tax Commission shall provide regularly scheduled training for all county offices contracting to perform motor vehicle functions.

R933.  Transportation, Preconstruction, Right-of-Way Acquisition.
R933-2.  Control of Outdoor Advertising Signs.
R933-2-1. Purpose.

The purpose of this rule is to implement the Utah Outdoor Advertising Act Sections 72-7-501 through 72-7-516. Nothing in this rule shall be construed to permit outdoor advertising that would disqualify the state for federal participation of funds under the applicable federal standards or conflict with the Utah Outdoor Advertising Act. The Transportation Commission and the Utah Department of Transportation shall, through designated personnel, control outdoor advertising on controlled routes throughout the State of Utah.

All references in this rule to Title 72, Chapter 7, Part 5, are to those sections of the Utah Code known as the Utah Outdoor Advertising Act. In addition to the definitions in that part, the following definitions are supplied:

1. "Abandoned sign" means any controlled sign of which the sign face has been partially obliterated, dilapidated, has unsafe conditions or has remained blank or been removed for a continuous period of 12 months or more, and the sign owner does not have a pending and active application with the department or a local governmental authority to repair or rectify the condition.

2. "Acceleration and deceleration lanes" means speed change lanes created for the purpose of enabling a vehicle to increase or decrease its speed to merge into, or out of, traffic on the main-traveled way. As used in the Act, an acceleration or deceleration lane begins and ends at a point no closer than 500 feet from the nearest point of the beginning or ending of pavement widening at the exit from or entrance to the main-traveled way. On-ramps and off-ramps are part of the interchange and shall not be considered an acceleration or deceleration lane under the Act or this rule.

4. "Advertising" means any message, whether in words, symbols, pictures or any combination thereof; painted or otherwise applied to the face of an outdoor advertising structure, and the message is designed, intended, or used to advertise or inform, and the message is visible from any place on the main traveled-way of a controlled route.

5. "Areas zoned for the primary purpose of outdoor advertising" as used in the Act is defined to include areas in which the primary activity is outdoor advertising.

6. "Changeable Electronic Variable Message Signs" or "CEVMS" means a self-luminous advertising sign which emits or projects any kind of light, color, or message. Such a sign has the capability of being changed or altered by electronic means on a fixed display screen composed of a series of lights including light emitting diodes (LEDs), fiber optics, plasma displays, light bulbs, or other illumination devices within the display area.

7. "Conforming sign" means an off-premises sign maintained in a location that conforms to the size, lighting, spacing, zoning, and other requirements as provided by law and this rule.

8. "Contiguous" means a property that shares a common property line with another property.

9. "Controlled route" means any route where outdoor advertising control is mandated by the Act, the Utah-Federal Agreement R933-5, or other state or federal law.

10. "Controlled sign" means any off-premises sign that is designed, intended, or used to advertise or inform and which is located and the advertising thereon is visible within a controlled outdoor advertising corridor as specified by state or federal law.

11. "Customary Maintenance" means any change, replacement, manipulation, or other repair to the sign structure that does not:

(a) alter or change the overall height, location, material, sign face orientation or sign face size (except for temporary embellishments);

(b) add lighting relative to what is currently listed on the valid permit or change the sign face to a CEVMS, or

(c) require structural engineering review.

12. "Feeder systems" are secondary city or county roads that bring traffic to the state highway.

13. "Freeway" means a divided highway for through traffic with full control access.

14. "Good standing" means the controlled sign is properly maintained, all program and permit-related fees are paid as specified in this rule, and current sign owner contact information is up to date with the department.

15. "Grandfather status" refers to any off-premises controlled sign erected in zoned or unzoned commercial or industrial areas, prior to May 9, 1967, even if the sign does not comply with the size, lighting, or spacing of the Act and this rule. Signs only, and not sign sites, may qualify for Grandfather Status.

16. "H-1" means highway service zone as defined in the Act.

17. "Lease or consent" means any written agreement by which possession of land, or permission to use land for the purpose of erecting or maintaining a sign, or both, is granted by the owner to another person for a specified period of time.

18. "Nonconforming sign" means a sign that was lawfully erected, but that does not conform to state law or rules enacted at a later date or that later fails to comply with state legislation or rules because of changed conditions. The term "illegally erected" or "illegally maintained" is not synonymous with the term, "nonconforming sign"; nor is a sign with "grandfather status" synonymous with the term, "nonconforming sign".

19. "Off-Premises Sign" means an outdoor advertising sign that advertises an activity, service or product and that is located on premises other than the premises at which activity or service occurs or product is sold or manufactured.

20. "On-Premises Sign" does not include a sign that advertises a product or service that is only incidental to the principal activity or that brings rental income to the property owner or occupant.

21. "Point of the gore" means the point of the area delineated by two solid white lines that is between a permanently constructed continuing lane of a through- roadway and a permanently constructed lane used to enter or exit the continuing lane, including similar areas between merging or splitting highways.

22. "Property" as used in the definition of "On-Premises Sign" includes those areas from which the general public is serviced and which are directly connected with and are involved in assembling, manufacturing, servicing, or repairing of products used in the business activity. This property does not include the site of any auxiliary facilities that are not essential to and customarily used in the conduct of business, nor does it include property not contiguous to the property on which the sign is situated.

23. "Public park" means any publicly owned land that is designed or used as a recreation area, wildlife or waterfowl refuge, or historical site.

24. "Sale or lease sign" means any sign situated on the subject property that advertises that the property is for "sale" or "lease". This sign may not advertise any product or service unrelated to the business of selling or leasing the land upon which it is located, nor may it advertise a projected use of the land or a financing service available or being utilized in its development.

The Department shall serve notices of deficiencies on the applicants simultaneously.
(5) If multiple complete New Outdoor Advertising Permit Applications are submitted to the Department at the same time for the same general location, the first application received will have priority over any other.
(6) Where the local authority has issued a building permit for construction of a sign, but construction is contrary to the Act, the action of the local authority does not require the state to issue a permit.

(e) The appropriate non-refundable application review fee shall be submitted with the completed application.
(3) All approved alteration(s) shall commence within 180 days from the date of the department approval and shall complete all work within 365 days from the date of the department approval.
(4) A retroactive permit fee penalty shall be charged in addition to the non-refundable application review fee to cover additional administrative and inspection costs where an applicant is seeking an alteration permit for a sign that has been altered without prior written approval.
(a) If the sign alterations are not approved the permit holder will return the sign to the original recorded approved permitted state for size and structure.
(5) A conforming or nonconforming sign that is damaged by vandalism or an act of God may only be repaired to the original recorded approved permitted state for size and structure.
(a) Nonconforming sign located on a scenic-by-way that is damaged by vandalism or an act of God may only be repaired to the original recorded approved permitted state for size and structure.

(1) Permits shall be renewed by the filing of a renewal application and submission of the appropriate non-refundable renewal fee before the first day of July during the designated billing cycle year.
(a) Permits not renewed by the first day of July during the designated billing cycle year are considered suspended.
(b) The department shall issue a Notice of Agency Action for suspended permits not renewed by September 30 of the current billing cycle year.
(ii) The department shall issue a Notice of Agency Action for suspended permits not renewed by September 30 of the current billing cycle year providing the sign owner a voluntary correction time frame prior to revoking the permit. The department shall provide this notice via certified mail to the sign owner as identified within the official sign inventory records maintained by the department.
(2) A renewal time extension may be provided to the sign owner upon the sign owner submitting a written request to the department before the first day of July during the designated billing cycle year. The department may approve such a time extension at the department's sole discretion. Any such extension shall not exceed 30 days in length. Additional time extensions beyond 30 days may only be considered where the department determines extraordinary circumstances exist. The time extensions are not subject to Section (1)(a) unless the sign owners do not submit payment within the 30 day extension period.
(3) The department may make renewal applications available to the sign owner 90 days prior to the first day of July during the designated billing cycle year. The department will make the renewal applications available to the sign owner no less than 30 days prior to the first day of July of the designated billing cycle year.
(4) Completion of the renewal application prior to the expiration of the existing permit shall be the sole responsibility of the sign owner.
(5) Ensuring the department has the latest billing contact information including a valid email address shall be the sole responsibility of the sign owner.
(6) By signing the renewal application the sign owner certifies the sign site is still under valid lease, easement, or consent to the sign owner, or under the ownership of the sign owner including legal access to the sign location from private property, for purposes of maintaining the controlled sign.

(1) Signs shall be properly maintained.
(a) Improper maintenance includes:
(i) paint faded or peeling extensively;
(ii) message not visible or illegible;
(iii) sheets or panels loose or sagging;
(iv) structural damage, or leaning; or
(v) abandonment.
(b) A sign with any of the deficiencies listed in Subsection R933-2-10(1)(a) is not in a reasonable state of repair, is in violation of the law, and is subject to permit revocation and removal. The department shall issue a Notice of Agency Action providing the sign owner a voluntary correction time frame prior to revocation and removal. The department shall provide this notice via certified mail to the sign owner as identified within the official sign inventory records maintained by the
   (1) All applicable outdoor advertising control and permit-related fees shall be determined in accordance with Utah Code 63J-1-504 and be contained within the department's approved fee schedule.
   (2) Permit applications shall not be processed or reviewed until all applicable outdoor advertising control and permit-related fees have been paid in full.
   (3) The fee for permits shall not be prorated.

R933-2-12. Termination of Nonconforming Use Status.
   (1) The nonconforming use status of a controlled sign shall terminate and the status will become illegal under the following conditions:
      (a) failure of the sign owner to respond to a Notice of Agency Action issued to renew a suspended permit;
      (b) abandonment;
      (c) failure to correct an identified outdoor advertising violation or failure to ask for a hearing after receiving proper notice pursuant to Section 72-7-508, failure to file a written response as required by law, or failure to appeal from an adverse decision of the department;
      (d) purchase by the department under Section 72-7-510; or
      (e) acquisition at any time by the department for highway construction.

   An on-premises sign loses its on-premises status when the business or activity it advertises has ceased to exist for a period of 12 months at the site of the sign, and the message thereon is visible to the traveling public from a controlled route. The advertising copy on signs meeting this criterion may be removed at the expense of the sign owner or land owner or both without compensation to the sign or site owner as provided in Section 72-7-508 of the Act.

   (1) Illegal or abandoned sign(s) removal from private property. The department shall provide the responsible party with a Notice of Agency Action prior to removing any illegal or abandoned sign(s) from private property.
   (2) Signs placed within the state right-of-way may be removed without prior written notice.
   (3) Permitted sign(s) affixed to private property that encroach on the state right-of-way may be given written notice to remove the installation from the right-of-way.
   (4) The cost for the removal by department of an illegal or abandoned sign shall be assessed jointly and severally against the sign owner, landowner, occupant of the land or other responsible person, or any combination thereof, in accordance with Section 72-7-508.
   (5) Storage Charges. Illegal or abandoned signs that have been removed by the department shall be stored at the nearest department shed. An appropriate fee shall be charged for storage. The storage charges shall be in addition to the costs of the removal of the illegal or abandoned sign.
   (6) Redemption and Disposal. If the illegal or abandoned sign has not been claimed and redeemed within 60 calendar days from the date of removal a designated department official shall proceed to dispose of the stored illegal or abandoned sign by either utilizing the material contained therein for department purposes or destroying the sign. A statement of the sign disposal shall be made and filed with a designated person at the department.

   (1) Directional signs allowed under Section 72-7-504 shall conform to federal standards under 23 CFR Section 750.154.

   (1) Prerequisites for erection and maintenance.
      (a) Prior to erection of an official sign the public agency shall submit to the Outdoor Advertising Control Program, a completed permit application on an approved departmental form (Outdoor Advertising Permit Application). The form shall be completed in accordance with the instructions on the application.
      (b) The sign shall be erected off the highway right-of-way, owned and maintained by the political subdivision, and located within the zoning jurisdiction of the political subdivision.
   (2) Standards, Criteria and Restrictions.
      (a) Only information of general interest to the traveling public may be placed on an official sign. Commercial advertising of a particular service, product or facility is prohibited.
      (b) The sign shall be within the zoning jurisdiction of the city, town, or other public agency designated by the sign.
      (c) No city, town or other political subdivision of the state may erect or maintain more than one sign at each approach to the off-ramp, facing oncoming traffic at the nearest point of turn off to a city, town or other political subdivision and in no event may more than two official signs, one for each direction of travel upon the controlled highway, be erected and maintained by or for the purpose of designating a city or town or other subdivision.
      (d) No official sign may be located within 2,000 feet of an interchange or intersection at grade along the interstate highway system, measured from the nearest point of pavement widening at the exit from the main traveled way.
      (e) No official sign may be so illuminated as to interfere with the effectiveness of, or obscure, an official traffic sign, device, or signal.
      (f) Signs that are not effectively shielded so as to prevent light from being directed at any portion of the traveled way of a controlled route, or that cause glare or impair the vision of the driver of any motor vehicle, or that otherwise interfere with any driver's operation of a motor vehicle, are prohibited.
      (g) Any official sign erected or maintained under the Act and this rule may at any time be removed for cause and without compensation after a Notice of Agency Action is issued, if required. The owner of any official sign shall remove the sign at its own cost and expense.
      (h) Official signs shall remain static and not be permitted or converted to digital display formats such as CEVMS signs.
      (i) An Outdoor Advertising Permit for an Official Sign may not be transferred and may not display off-premises advertising.

R933-2-17. Department Hearings.
   Any hearing regarding an application or conformance to the rule or statute for a sign shall be held in accordance with the Act, and in accordance with the Utah Administrative Procedures Act and Rule R907-1.

R994-403. Claim for Benefits.

R994-403-104a. Using Unused Wages for a Subsequent Claim.

1) A claimant may have sufficient wage credits to monetarily qualify for a subsequent claim without intervening employment.
2) With the exception of subsection (3), benefits will not be paid under Subsection 35A-4-403(1)(g) from the effective date of the claim and continuing until the week the claimant provides proof of covered employment equal to at least six times the WBA. Each of the following elements must be satisfied:
   a) the claimant must have performed work in covered employment after the effective date of the original claim, but not necessarily during the benefit year of the original claim;
   b) actual services must have been performed. Vacation, severance pay, or a bonus cannot be used to requalify; and
   c) the claimant must have earnings from covered employment, as defined in R994-201-101(9), equal to at least six times the WBA of the original or subsequent claim, whichever is lower.
3) Intervening covered employment is not required if the claimant did not receive benefits during the preceding benefit year.

1) Claims must be filed on a weekly basis. For unemployment benefit purposes, the week begins at 12:01 a.m. on Sunday and ends at midnight on Saturday. The claimant is the only person who is authorized to file weekly claims. The responsibility for filing weekly claims cannot be delegated to another person.
2) Each weekly claim should be filed as soon as possible after the Saturday week ending date. If the claim has not been closed, the Department will allow 20 days after the week ending date to file a timely claim. A weekly claim filed 21 or more calendar days after the week ending date will be denied unless good cause for late filing is established in accordance with R994-403-106a.

R994-403-106a. Good Cause for Late Filing.

1) Claims must be filed timely to insure prompt, accurate payment of benefits. Untimely claims are susceptible to errors and deprive the Department of its responsibility to monitor eligibility. Benefits may be paid if it is determined that the claimant had good cause for not filing in a timely manner.
2) The claimant has the burden to establish good cause by competent evidence. Good cause is limited to circumstances where it is shown that the reasons for the delay in filing were due to circumstances beyond the claimant's control or were compelling and reasonable. Some reasons for good cause for late filing may raise other eligibility issues. Some examples that may establish good cause for late filing are:
   a) a crisis of several days duration that interrupts the normal routine during the time the claim should be filed;
   b) hospitalization or incarceration; or
   c) coercion or intimidation exercised by the employer to prevent the prompt filing of a claim.
3) The Department is the only acceptable source of information about unemployment benefits. Relying on inaccurate advice from friends, relatives, other claimants or similar sources does not constitute good cause.
4) Good cause for late filing cannot extend beyond 65 weeks from the filing date of the initial claim.

R994-403-107b. Registration, Workshops, Deferrals - General Definition.

1) A claimant must register for work with the Department,
unless, at the discretion of the Department, registration is waived or deferred.

(2) The Department may require attendance at workshops designed to assist claimants in obtaining employment.

(3) Failure, without good cause, to comply with the requirements of Subsections (1) and (2) of this section may result in a denial of benefits. The claimant has the burden to establish good cause through competent evidence. Good cause is limited to circumstances where it is shown that the failure to comply was due to circumstances beyond the control of the claimant or which were compelling and reasonable. The proof of inability to register or report may raise an able or available issue.

(4) The denial of benefits begins with the Sunday of the week the claimant failed to comply and will continue through the Saturday prior to the week the claimant contacts the Department and complies by either registering for work, reporting as required, or scheduling an appointment to attend the next available workshop or conference. The denial can be waived if the Department determines the claimant complied within 7 calendar days of the decision date.

R994-403-108b. Deferral of Work Registration and Work Search.

(1) The Department may elect to defer the work registration and work search requirements. A claimant placed in a deferred status is not required to actively seek work but must meet all other availability requirements of the act. Deferrals are generally limited to the following circumstances:

(a) Labor Disputes.

A claimant who is unemployed due to a labor dispute may be deferred while an eligibility determination under Subsection 35A-4-409(4) is pending. If benefits are allowed, the claimant must register for work immediately.

(b) Union Attachment.

(i) A claimant who is a union member in good standing, is on the out-of-work list, or is otherwise eligible for a job referral by the union, and has earned at least half of his or her base period earnings through the union, may be eligible for a deferral. If a deferral is granted to a union member, it shall not be extended beyond the mid-point of the claim unless the claimant can demonstrate a reasonable expectation of obtaining employment through the union.

(ii) If the claimant is not in deferred status because the claimant did not earn at least 50 percent of his or her base period wage credits in employment as a union member, or the deferral has expired, the claimant must meet the requirements of an active, good faith work search by contacting employers in addition to contacts with the union. This work search is required even though unions may have regulations and rules which penalize members for making independent contacts to try to find work or for accepting nonunion employment.

(c) Employer Attachment.

A claimant who has an attachment to a prior employer and reasonable assurance of returning to full-time employment within ten weeks of filing or reopening a claim may have the work registration requirement deferred to the expected date of recall. A claimant is presumed to have reasonable assurance of employment if he or she previously worked for the employer and there has been no change in the conditions of his or her employment which would indicate severance of the employment relationship. The deferral should generally not extend longer than ten weeks. To extend beyond ten weeks, the claimant must have earned at least half of his or her base period earnings with the employer in question and the employer must submit a request to the department.

(d) Three Week Deferral.

A claimant who accepts a definite offer of full-time work to begin within three weeks, shall be deferred for that period.

(e) Seasonal.

A claimant may be deferred when, due to seasonal factors, work is not available in the claimant's primary base period occupation and other suitable work is not available in the area.

(f) Department approval.

If Department approval is granted under the elements of R994-403-202, the claimant will be placed in deferred status once the training begins and will not be required to register for work or to seek and accept work. The deferral also applies to break periods between successive terms as long as the break period is four weeks or less. A claimant must make a work search prior to the onset of training, even if the claimant has been advised that the training has been approved.

(2) Deferrals cannot be granted if prohibited by state or federal law for certain benefit programs.

(1) The Department will identify individuals who are likely to exhaust unemployment benefits through a profiling system and require that they participate in reemployment services. These services may include job search workshops, job placement services, counseling, testing, and assessment.

(2) In order to avoid disqualification for failure to participate in reemployment services, the claimant must show good cause for nonparticipation. Good cause is limited to circumstances where the claimant can show that the reasons for the delay in filing were due to circumstances beyond the claimant's control or were compelling and reasonable.

(3) Failure to participate in reemployment services without good cause will result in a denial of benefits beginning with the week the claimant refuses or fails to attend scheduled services and continuing until the week the claimant contacts the Employment Center to arrange participation in the required reemployment service.

(4) Some reasons for good cause for nonparticipation may raise other eligibility issues.

R994-403-110c. Able and Available - General Definition.

(1) The primary obligation of the claimant is to become reemployed. A claimant may meet all of the other eligibility criteria but, if the claimant cannot demonstrate ability, availability, and an active good faith effort to obtain work, benefits cannot be allowed.

(2) A claimant must be attached to the labor force, which means the claimant can have no encumbrances to the immediate acceptance of full-time work. The claimant must:

(a) be actively engaged in a good faith effort to obtain employment; and

(b) have the necessary means to become employed including tools, transportation, licenses, and childcare if necessary.

(3) The continued unemployment must be due to the lack of suitable job opportunities.

(4) The only exception to the requirement that a claimant actively seek work is if the Department has approved schooling under Section 35A-4-403(2) and the claimant meets the requirements of R994-403-107b.

(5) The only exception to the requirements that the claimant be able to work and actively seeking full-time work are that the claimant meets the requirements of R994-403-111c(6).

R994-403-111c. Able.

(1) The claimant must have no physical or mental health limitation which would preclude immediate acceptance of full-time work. A recent history of employment is one indication of a claimant's ability to work. If there has been a change in the claimant's physical or mental capacity since his or her last employment, there is a presumption of inability to work which the claimant must overcome by competent evidence. The
claimant must show that there is a reasonable likelihood that
just exist when the claimant is capable of performing before
unemployment insurance benefits can be allowed. Pregnancy
is treated the same as other physical limitations.

(2) For purposes of determining weekly eligibility for
benefits, it is presumed a claimant who is not able to work more
than one-half the normal workweek will be considered not able
to perform full-time work. The normal workweek means the
normal workweek in the claimant's occupation. A claimant will
be denied under this section for any week in which the claimant
refuses suitable work due to an inability to work, regardless of
the length of time the claimant is unable to work.

(a) Past Work History.

Benefits will not be denied solely on the basis of a physical
or mental health limitation if the claimant earned base period
wages while working with the limitation and is:
(i) willing to accept any work within his or her ability;
(ii) actively seeking work consistent with the limitation;
and
(iii) otherwise eligible.

Under these circumstances, the unemployment is
considered to be due to a lack of employment opportunities and
not due to an inability to work.

(b) Medical Verification.

When an individual has a physical or mental health
limitation, medical information from a competent health care
provider is one form of evidence used to determine the
claimant's ability to work. The provider's opinion is presumed
to be an accurate reflection of the claimant's ability to work,
however, the provider's opinion may be overcome by other
competent evidence. The Department will determine if medical
verification is required.

(3) Temporary Disability.

(a) Employer Attached.

A claimant is not eligible for benefits if the claimant is not
able to work at his or her regular job due to a temporary
disability and the employer has agreed to allow the claimant to
return to the job when he or she is able to work. In this case, the
claimant's unemployment is due to an inability to work rather
than lack of available work. The claimant is not eligible for
benefits even if there is other work the claimant is capable of
performing with the disability. If a claimant is precluded from
working due to Federal Aviation Administration regulations
because of pregnancy, and the employer has agreed to allow the
claimant to return to the job, the claimant is considered to be on
a medical leave of absence and is not eligible for benefits.

(b) No Employer Attachment.

If the claimant has been separated from employment with
no expectation of being allowed to return when he or she is
again able to work, or the temporary disability occurred after
becoming unemployed, benefits may be allowed even though the
claimant cannot work in his or her regular occupation if the
claimant can show there is work the claimant is capable of
performing and for which the claimant reasonably could be
hired. The claimant must also meet other eligibility
requirements including making an active work search.

(4) Hospitalization.

A claimant is unable to work if hospitalized unless the
hospitalization is on an outpatient basis or the claimant is in a
rehabilitation center or care facility and there is independent
verification that the claimant is not restricted from immediately
working full-time. Immediately following hospitalization, a
rebuttable presumption of physical inability continues to exist for
the period of time needed for recuperation.

(5) Workers' Compensation.

(a) Compensation for Lost Wages.

A claimant is not eligible for unemployment benefits while
receiving temporary total disability workers' compensation
benefits.

(b) Subsequent Awards.

The Department may require that a claimant who is
receiving permanent partial disability benefits from workers'
compensation show that he or she is able and available for full-
time work and can reasonably expect to obtain full-time work
even with the disability.

(c) Workers' Compensation Disability Payments are not
reportable as wages.

(6) Physical or Mental Health Limitation.

(a) A claimant who is not able to work full-time due to a
physical or mental health limitation, may be considered eligible
under this section if:
(i) the claimant's base period employment was limited to
part-time because of the claimant's physical or mental health
limitations;
(ii) the claimant's prior part-time work was substantial.
Substantial is defined as at least 50 percent of the hours
customarily worked in the claimant's occupation;
(iii) the claimant is able to work at least as many hours as
he or she worked prior to becoming unemployed;
(iv) there is work available which the claimant is capable of
performing; and
(v) the claimant is making an active work search.

(b) The Department may require that the claimant establish
ability by competent evidence.

(1) General Requirement.

The claimant must be available for full-time work. Any
restrictions on availability, such as lack of transportation,
domestic problems, school attendance, military obligations,
church or civic activities, whether self-imposed or beyond the
control of the claimant, lessen the claimant's opportunities to
obtain suitable full-time work.

(2) Activities Which Affect Availability.

It is not the intent of the act to subsidize activities which
interfere with immediate reemployment. A claimant is not
considered available for work if the claimant is involved in any
activity which cannot be immediately abandoned or interrupted
so that the claimant can seek and accept full-time work.

(a) Activities Which May Result in a Denial of Benefits.

For purposes of establishing weekly eligibility for benefits,
a claimant who is engaged in an activity for more than half the
normal workweek that would prevent the claimant from
working, is presumed to be unavailable and therefore ineligible
for benefits. The normal workweek means the normal
workweek in the claimant's occupation. This presumption can
be overcome by a showing that the activity did not preclude the
immediate acceptance of full-time work, referrals to work,
contacts from the Department, or an active search for work.
When a claimant is away from his or her residence but has made
arrangements to be contacted and can return quickly enough to
respond to any opportunity for work, the presumption of
unavailability may be overcome. The conclusion of
unavailability can also be overcome in the following
circumstances:

(i) Definite Offer of Work or Recall.

If the claimant has accepted a definite offer of full-time
employment or has a date of recall to begin within three weeks,
the claimant does not have to demonstrate further availability
except as provided in subparagraphs (B) and (C) of this section
and is not required to seek other work. Because the statute
requires that a claimant be able to work, if a claimant is unable
to work for more than one-half of any week due to illness or
hospitalization, benefits will be denied.

(ii) Jury Duty or Court Attendance.

Jury duty or court attendance is a public duty required by
law and a claimant will not be denied benefits if he or she is
unavailable because of a rightfully issued summons to appear as
a witness or to serve on a jury unless the claimant:

(A) is active in the action;
(B) had employment which he or she was unable to continue or accept because of the court service; or
(C) refused or delayed an offer of suitable employment because of the court service.

The time spent in court service is not a personal service performed under a contract of hire and therefore is not considered employment.

(b) Activities Which Will Result in a Denial of Benefits.

(i) Refusal of Work.

When a claimant refuses any suitable work, the claimant is considered unavailable. Even though the claimant had valid reasons for not accepting the work, benefits will not be allowed for the week or weeks in which the work was available. Benefits are also denied when a claimant fails to be available for job referrals or a call to return to work under reasonable conditions consistent with a previously established work schedule. This includes referral attempts from a temporary employment service, a school district for substitute teaching, or any other employer for which work is "on-call."

(ii) Failure to Perform All Work During the Week of Separation.

(A) Benefits will be denied for the week in which separation from employment occurs if the claimant's unemployment was caused because the claimant was not able or available to do his or her work. In this circumstance, there is a presumption of continued inability or unavailability and an indefinite disqualification will be assessed until there is proof of a change in the conditions or circumstances.

(B) If the claimant was absent from work during the last week of employment and the claimant was not paid for the day or days of absence, benefits will be denied for that week. The claimant will be denied benefits under this section regardless of the length of the absence.

(3) Hours of Availability.

(a) Full-Time.

Except as provided in R994-403-111c(5), in order to meet the availability requirement, a claimant must be ready and willing to immediately accept full-time work. Full-time work generally means 40 hours a week but may vary due to customary practices in an occupation. If the claimant was last employed less than full-time, there is a rebuttable presumption that the claimant continues to be available for only part-time work.

(b) Other Than Normal Work Hours.

If the claimant worked other than normal work hours and the work schedule was adjusted to accommodate the claimant, the claimant cannot continue to limit his or her hours of availability even if the claimant was working 40 hours or more. The claimant must be available for full-time work during normal work hours as is customary for the industry.

(4) Type of Work and Wage Restrictions.

(a) The claimant must be available for work that is considered suitable based on the length of time he or she has been unemployed as provided in R994-405-306.

(b) Contract Obligation.

If a claimant is restricted due to a contractual obligation from competing with a former employer or accepting employment in the claimant's regular occupation, the claimant is not eligible for benefits unless the claimant can show that he or she:

(i) is actively seeking work outside the restrictions of the noncompete contract;
(ii) has the skills and or training necessary to obtain that work; and
(iii) can reasonably expect to obtain that employment.

(5) Employer/Occupational Requirements.

If the claimant does not have the license or special equipment required for the type of work the claimant wants to obtain, the claimant cannot be considered available for work unless the claimant is actively seeking other types of work and has a reasonable expectation of obtaining that work.

(6) Temporary Availability.

When an individual is limited to temporary work because of anticipated military service, school attendance, travel, church service, relocation, a reasonable expectation of recall to a former employer for which the claimant is not in deferred status, or any other anticipated restriction on the claimant's future availability, availability is only established if the claimant is willing to accept and is actively seeking temporary work. The claimant must also show there is a realistic expectation that there is temporary work in the claimant's occupation, otherwise the claimant may be required to accept temporary work in another occupation. Evidence of a genuine desire to obtain temporary work may be shown by registration with and willingness to accept work with temporary employment services.

(7) Distance to Work.

(a) Customary Commuting Patterns.

A claimant must show reasonable access to public or private transportation, and a willingness to commute within customary commuting patterns for the occupation and community.

(b) Removal to a Locality of Limited Work Opportunities.

A claimant who moves from an area where there are substantial work opportunities to an area of limited work opportunities must demonstrate that the new locale has work for which the claimant is qualified and which the claimant is willing to perform. If the work is so limited in the new locale that there is little expectation the claimant will become reemployed, the continued unemployment is the result of the move and there is no failure of the labor market to provide employment opportunities in the new area which the claimant is qualified and which the claimant is willing to perform.

(8) School.

(a) A claimant attending school who has not been granted Department approval for a deferral must still meet all requirements of being able and available for work and be actively seeking work. Areas that need to be examined when making an eligibility determination with respect to a student include reviewing a claimant's work history while attending school, coupled with his or her efforts to secure full-time work. If the hours of school attendance conflict with the claimant's established work schedule, the claimant is not available for full-time work and benefits will generally be denied. An announced willingness on the part of a claimant to discontinue school attendance or change his or her school schedule, if necessary, to accept work must be weighed against the time already spent in school as well as the financial loss that the claimant may incur if he or she were to withdraw.

(b) A presumption of unavailability may also be raised if a claimant moves, for the purpose of attending school, from an area with substantial labor market to a labor market with more limited opportunities. In order to overcome this presumption, the claimant must demonstrate there is full-time work available in the new area which the claimant could reasonably expect to obtain.

(9) Employment of Youth.

Title 34, Chapter 23 of the Utah Code imposes limitations on the number of hours youth under the age of 16 may work. The following limitations do not apply if the individual has received a high school diploma or is married. Claimants under the age of 16 who do not provide proof of meeting one of these exceptions are subject to the following limitations whether or not in student status because they have a legal obligation to attend school. Youth under the age of 16 may not work:
(a) during school hours except as authorized by the proper school authorities;
(b) before or after school in excess of 4 hours a day;
(c) before 5:00 a.m. or after 9:30 p.m. on days preceding school days;
(d) in excess of 8 hours in any 24-hour period; or
(e) more than 40 hours in any week.

10) Domestic Obligations.

When a claimant has an obligation to care for children or other dependents, the claimant must show that arrangements for the care of those individuals have been made for all hours that are normally worked in the claimant's occupation and must show a good faith, active work search effort.

R994-403-113c. Work Search.

(1) General Requirements.

Unless the claimant qualifies for a work search deferral pursuant to R994-403-108b, a claimant must make an active, good faith effort to secure employment each and every week for which benefits are claimed. Efforts to find work must be judged by the standards of the occupation and the community.

(2) Active.

An active effort to look for work means that the claimant must make a minimum of four new job contacts each week unless the claimant is otherwise directed by the unemployment division. Those contacts should be made with employers that hire people in the claimant's occupation or occupations for which the claimant has work experience or would otherwise be qualified and willing to accept employment. If the claimant fails to make four new job contacts during the first week filed, involvement in job development activities that are likely to result in employment will be accepted as reasonable, active job search efforts.

(3) Good Faith.

Good faith efforts are defined as those methods which a reasonable person, anxious to return to work, would make if desirous of obtaining employment. A good faith effort extends beyond simply making a specific number of contacts to satisfy the Department requirement.

R994-403-114c. Claimant's Obligation to Prove Weekly Eligibility.

The claimant:

(1) has the burden of proving that he or she is able, available, and actively seeking full-time work;
(2) must report any information that might affect eligibility;
(3) must provide any information requested by the Department which is required to establish eligibility;
(4) must immediately notify the Department if the claimant is incarcerated; and
(5) must keep a detailed record of his or her weekly job contacts so that the Department can verify the contact at any time for an audit or eligibility review. A detailed record includes the following information:
   (a) the date of the contact,
   (b) the name of the employer or other identifying information such as a job reference number,
   (c) employer contact information such as the employer's mailing address, phone number, email address, or website address, and name of the person contacted if available,
   (d) details of the position for which the claimant applied,
   (e) method of contact, and
   (f) results of the contact.

R994-403-115c. Period of Ineligibility.

(1) Eligibility for benefits is established on a weekly basis.
If the Department has determined that the claimant is not able or available for work, and it appears the circumstances will likely continue, an indefinite disqualification will be assessed, and the claimant must requalify by showing that he or she is able and available for work.
(2) If the Department has reason to believe a claimant has not made a good faith effort to seek work, or the Department is performing a routine audit of a claim, the Department can only require that the claimant provide proof of work search activities for the four weeks immediately preceding the Department's request. However, if the claimant admits he or she did not complete the work search activities required under this rule, the Department can disqualify a claimant for more than four weeks. The claimant will be disqualified for any week during which he or she fails to provide the information required under R994-403-114c(5).
(3) If the Department seeks verification of a job contact from an employer, the claimant will only be disqualified if the employer provides clear and convincing evidence that there was no contact.
(4) The claimant will be disqualified for all weeks in which it is discovered that the claimant was not able or available to accept work without regard to the four-week limitation.

R994-403-116c. Eligibility Determinations: Obligation to Provide Information.

(1) The Department cannot make proper determinations regarding eligibility unless the claimant and the employer provide correct information in a timely manner. Claimants and employers therefore have a continuing obligation to provide any and all information and verification which may affect eligibility.
(2) Providing incomplete or incorrect information will be treated the same as a failure to provide information if the incorrect or insufficient information results in an improper decision with regard to the claimant's eligibility.

(1) The claimant must provide all of the following:
   (a) his or her correct name, social security number, citizenship or alien status, address and date of birth;
   (b) the correct business name and address for each base period employer and for each employer subsequent to the base period;
   (c) information necessary to determine eligibility or continuing eligibility as requested on the initial claim form, or on any other Department form including work search information. This includes information requested through the use of an interactive voice response system or the Internet;
   (d) the reasons for the job separation from base period and subsequent employers when filing a new claim, requalifying for a claim, or any time the claimant is separated from employment during the benefit year. The Department may require a complete statement of the circumstances precipitating the separation; and
   (e) any other information requested by the Department.
This includes requests for documentary evidence, written statements, or oral requests. Claimants are required to return telephone calls when requested to do so by Department employees.
(2) Claimants are also required to report, at the time and place designated, for an in-person interview with a Department representative if so requested.
(3) By filing a claim for benefits, the claimant has given consent to the employer to release to the Department all information necessary to determine eligibility even if the information is confidential.

R994-403-118c. Disqualification Periods if a Claimant Fails to Provide Information.

(1) A claimant is not eligible for benefits if the Department does not have sufficient information to determine eligibility.
Except as provided in subsection (5) of this section, a claimant who fails to provide necessary information without good cause is disqualified from the receipt of unemployment benefits until the information is received by the Department. Good cause is limited to circumstances where the claimant can show that the reasons for the delay in filing were due to circumstances beyond the claimant's control or were compelling and reasonable.

(2) If insufficient or incorrect information is provided when the initial claim is filed, the disqualification will begin with the Sunday of the week for which eligibility could not be determined.

(3) If a potentially disqualifying issue is identified as part of the weekly certification process and the claimant fails to provide the information requested by the Department, the disqualification will begin with the Sunday of the week for which eligibility could not be determined.

(4) If insufficient or incorrect information is provided as part of a review of payments already made, the disqualification will begin with the week in which the response to the Department's request for information is due.

(5) The disqualification will continue through the Saturday prior to the week in which the claimant provides the information. The denial can be waived if the Department determines the claimant complied within 7 calendar days of the date the decision was issued.

R994-403-119e. Overpayments Resulting from a Failure to Provide Information.

(1) Any overpayment resulting from the claimant's failure to provide information, or based on incorrect information provided by the claimant, will be assessed as a fault overpayment in accordance with Subsection 35A-4-406(4) or as a fraud overpayment in accordance with Subsection 35A-4-405(3).

(2) Any overpayment resulting from the employer's failure to provide information will be assessed as a nonfault overpayment in accordance with Subsection 35A-4-406(5).

(3) If more than one party was at fault in the creation of an overpayment, the overpayment will be assessed as:

   (a) a fraud or fault overpayment if the claimant was more at fault than the other parties; or
   (b) a nonfault overpayment if the employer and/or the Department was more at fault, or if the parties were equally at fault.

R994-403-120e. Employer's Responsibility.

Employers must provide wage, employment, and separation information and complete all forms and reports as requested by the Department. The employer also must return telephone calls from Department employees in a timely manner and answer all questions regarding wages, employment, and separations.

R994-403-121e. Penalty for the Employer's Failure to Comply.

(1) A claimant has the right to have a claim for benefits resolved quickly and accurately. An employer's failure to provide information in a timely manner results in additional expense and unnecessary delay.

(2) If an employer or agent fails to provide adequate information in a timely manner without good cause, the ALJ will determine on appeal that the employer has relinquished its rights with regard to the affected claim and is no longer a party in interest. The employer's appeal will be dismissed and the employer is liable for benefits paid.

(3) The ALJ may, in his or her discretion, choose to exercise continuing jurisdiction with respect to the case and subpoena or call the employer and claimant as witnesses to determine the claimant's eligibility. If, after reaching the merits, the ALJ determines to reverse the initial decision and deny benefits, the employer is not eligible for relief of charges resulting from benefits overpaid to the claimant prior to the date of the ALJ's decision.

(4) In determining whether to exercise discretion and reach the merits, the ALJ may take into consideration:

   (a) the flagrancy of the refusal or failure to provide complete and accurate information. An employer's or agent's refusal to provide information at the time of the initial Department determination on the grounds that it wants to wait and present its case before an ALJ, for instance, will be subject to the most severe penalty;
   (b) whether or not the employer or agent has failed to provide complete and accurate information in the past or on more than one case; and
   (c) whether the employer is represented by counsel or a professional representative. Counsel and professional representatives are responsible for knowing Department rules and are therefore held to a higher standard.

R994-403-122e. Good Cause for Failure to Comply.

If the employer or claimant has good cause for failing to provide the information in the time frame requested, no disqualification or penalty will be assessed. Good cause is limited to circumstances where the claimant or employer can show that the reasons for the delay in filing were due to circumstances that were compelling and reasonable or beyond the party's control.

R994-403-123. Obligation of Department Employees.

Employees of the Department are obligated, regardless of when the information is discovered, to bring to the attention of the proper Department representatives any information that may affect a claimant's eligibility for unemployment insurance benefits or information affecting the employer's contributions.

R994-403-201. Department Approval for School Attendance - General Definition.

(1) Unemployment insurance is not intended to subsidize schooling. However, it is recognized that training may be a practical way to reduce chronic and persistent unemployment due to a lack of work skills, job obsolescence or foreign competition. Even though the claimant is granted Department approval, the claimant must still be able to work. With Department approval, a claimant meets the availability requirement based on his or her school attendance and successful performance. With the exception of very short-term training, Department approval is intended for classroom training as opposed to on-the-job training. Department approval is to be used selectively and judiciously. It is not to be used as a substitute for selective placement, job development, on-the-job training, or other available programs.

(2) If a claimant is ineligible under 35A-4-403(1)(c) due to school attendance, Department approval will be considered.

(3) Department approval will be granted when required by state or federal law for specific training programs.

All of the following nine elements must be satisfied for a claimant to qualify for Department approval of training. Some of these elements will be waived or modified when required by state or federal law for specific training programs.

(1) The claimant's unemployment is chronic or persistent, or likely to be chronic or persistent, due to any one of the following three circumstances:

   (a) A lack of basic work skills. A lack of basic work skills may not be established unless a claimant:

      (i) (A) has a history of repeated unemployment attributable to lack of skills and has no recent history of employment earning a wage substantially above the federal minimum wage.
or

(B) qualifies for Department sponsored training because the claimant meets the eligibility requirements for public assistance;

(ii) has had no formal training in occupational skills;

(iii) does not have skills developed over an extended period of time by training or experience; and

(iv) does not have a marketable degree from an institution of higher learning; or

(b) a change in the marketability of the claimant's skills has resulted due to new technology, or major reductions within an industry; or

(c) inability to continue working in occupations using the claimant's skills due to a verifiable, permanent physical or emotional disability,

(2) a claimant must have a reasonable expectation for success as demonstrated by:

(a) an aptitude for and interest in the work the claimant is being trained to perform, or course of study the claimant is pursuing; and

(b) sufficient time and financial resources to complete the training;

(3) The training is provided by an institution approved by the Department.

(4) The training is not available except in school. For example, on-the-job training is not available to the claimant.

(5) The length of time required to complete the training should generally not extend beyond 18 months.

(6) The training should generally be vocationally oriented unless the claimant has no more than two terms, quarters, semesters, or similar periods of academic training necessary to obtain a degree.

(7) There is a reasonable expectation of employment following completion of the training. Reasonable expectation means the claimant will find a job using the skills and education acquired while in training pursuant to a fair and objective projection of job market conditions expected to exist at the time of completion of the training.

(8) A claimant did not leave work to attend school even if the employer required the training for advancement or as a condition of continuing employment.

(9) The schooling is full-time, as defined by the training facility.

R994-403-203. Extensions of Department Approval.

Initial approval shall be granted, for the school term beginning with the week in which the attendance began, or the effective date of the claim, whichever is later. The Department may extend the approval if the claimant establishes proof of:

(1) satisfactory attendance;

(2) passing grades;

(3) attainment of marketable skills originally approved; and

(4) compliance with all other qualifying elements.

R994-403-204. Availability Requirements When Approval is Granted.

(1) The work search and registration requirements for a claimant who is granted Department approval are found in R994-403-108(b)(1)(f). Once the claimant is actually in training, benefits will not be denied when work is refused as satisfactory attendance and progress in school serves as a substitute for the availability requirements of the act.

(2) Absences from school will not necessarily result in a denial of benefits during those weeks the claimant can demonstrate he or she is making up any missed school work and is still making satisfactory progress in school. Satisfactory progress is defined as passing all classes with a grade level sufficient to qualify for graduation, licensing, or certification, as appropriate.

(3) A disqualification will be effective with the week the claimant knew or should have known he or she was not going to receive a passing grade in any of his or her classes or was otherwise not making satisfactory progress in school. It is the claimant's responsibility to immediately report any information that may indicate a failure to maintain satisfactory progress.

(4) The claimant must attend school full-time as defined by the educational institution. If a claimant discontinues school attendance, drops or changes any classes before the end of the term, Department approval may be terminated immediately. However, discontinuing a class that does not reduce the school credits below full-time status will not result in the termination of Department approval. Department approval may be reinstated during any week a claimant demonstrates, through appropriate verification, the claimant is again attending class regularly and making satisfactory progress.

(5) Notwithstanding any other provisions of this section, if the claimant was absent from school for more than one-half of the workweek due to illness or hospitalization, the claimant is considered to be unable to work and unemployment benefits will be denied for that week. A claimant has the responsibility to report any sickness, injury, or other circumstances that prevented him or her from attending school.

(6) A claimant is ineligible for Department approval if the claimant is retaking a class that was originally taken while receiving benefits under Department approval. However, if Department approval was denied during the time the course was originally in progress, approval may be reinstated to cover that portion of the course not previously subsidized if the claimant can demonstrate satisfactory progress.

R994-403-205. Short-Term Training.

Department approval may be granted even though a claimant has marketable skills and does not meet the requirements for Department approval as defined in R994-403-202 if the entire course of training is no longer than eight weeks and will enhance the claimant's employment prospects. A claimant will not be granted a waiver for training that is longer than eight weeks even if the claimant needs only eight weeks or less to complete the training. This is intended as a one-time approval per benefit year and may not be extended beyond eight weeks.

R994-403-301. Requirements for Special Benefits.

Some benefit programs, including Extended Benefits, have different availability and work search requirements. The rule governing work search for Extended Benefits is R994-402. Other special programs are governed by the act or federal law.

R994-403-302. Foreign Travel.

(1) Benefits will not be denied if the claimant is required to travel to seek, apply for, or accept work within the United States or in a foreign country where the claimant has authorization to work and where there is a reciprocal agreement. The trip itself must be for the purpose of obtaining work. There is a rebuttable presumption that the claimant is not available for work when the trip is extended to accommodate the claimant's personal needs or interests, and the extension is for more than one-half of the workweek.

(2) Unemployment benefits cannot be paid to a claimant located in a foreign country unless the claimant has authorization to work there and there is a reciprocal agreement concerning the payment of unemployment benefits with that foreign country.

(3) Unemployment benefits are intended, in part, to stimulate the economy of Utah and the United States and thus are expected to be spent in this country. A claimant who travels to a foreign country must report to the Department that he or she
is out of the country, even if it is for a temporary purpose and regardless of whether the claimant intends to return to the United States if work becomes available. Failure to inform the Department will result in a fraud overpayment for the weeks benefits were paid while the claimant was in a foreign country. The claimant may be eligible if the travel is to Canada but must notify the Department of that travel. Canada is the only country with which Utah has a reciprocal agreement. If the claimant travels to, but is not eligible to work in, Canada and fails to notify the Department of the travel, it will result in a fraud overpayment for the weeks benefits were paid while the claimant was in Canada.
