INTRODUCTION	1
RULES INDEX - BY AGENCY (CODE NUMBER)	7
RULES INDEX - BY KEYWORD (SUBJECT)	87
CORRELATION TABLE	230

INTRODUCTION

The Utah Division of Administrative Rules (Division) is pleased to issue the seventh edition of the *Utah Administrative Rules Index of Changes (Index)*. By statute, the Division must "publish at least annually an index of all changes to the administrative code and the effective date of each change" (*Utah Code* Subsection 63-46a-10(1)(g) (1996)). The *Index* is designed to supplement the *Utah Administrative Code (Code)* and provides the reader with more complete knowledge of, and access to, the regulatory process of Utah state government. The *Index* lists all changes made to the *Code* between January 2, 1997, and January 1, 1998, including nonsubstantive changes. The *Index* also includes information about 120-day (emergency) rules that, because of their temporary nature, do not become part of the *Code*. This introduction clarifies the concepts of administrative rules and rulemaking in Utah and illustrates the use of the *Index* as a research tool.

The need for an index of changes is clear when one considers the volume of rulemaking activity that occurs during the year. During calendar year 1997, state agencies filed 1,996 separate rule changes with the Division, which was a 108% increase over the 958 filings received during calendar year 1996. This substantial increase in filings was largely due to the increased number of five-year reviews filed with the Division. As of April 29, 1996, the five-year review process requires each rule to be reviewed within five years of its original effective date, and then within five-year intervals. An easy to use index is necessary for state legislators, agency personnel, and the general public to keep abreast of the frequent changes in Utah's administrative law.

Administrative Rules and Rulemaking

Administrative rules either affect legal rights and privileges, or impose requirements upon either the public, or administrative agencies. Administrative rules have the effect of law (*Utah Code* Subsection 63-46a-2(16)(a)(ii) (1996)). Administrative agencies receive their authority to promulgate rules from state or federal statute or other applicable law. Although rules have the effect of law, rules are subordinate to higher forms of law (e.g., state and federal statutes).

State agencies are required by law to engage in certain activities that will either affect the public or other governmental agencies. In order to deal with the complexities of this agency-public or agency-agency relationship, state agencies exercise a particular type of lawmaking power. Within the context of their functions, which are outlined in some higher form of law, agencies may write administrative rules that describe and regulate their activities and the activities of classes of persons or entities the agency regulates. An administrative rule is a written statement that is either "implicitly or explicitly required" that "implements or interprets a state or federal legal mandate" (*Utah Code* Subsection 63-46a-2(16)(a) (1996)). If a rule contradicts or misinterprets some higher form of law, the higher law always takes precedence (for example, a rule must not conflict with a provision of the Utah State Constitution).

After writing a rule, an agency files the rule text and a rule analysis (analysis) with the Division (*Utah Code* Section 63-46a-4 (1996)). The analysis contains a reason for the proposed rule, a summary of the proposed rule, the name of a person that an interested person may contact, the anticipated cost or savings impact of the rule, the compliance costs for persons affected by the rule, and the source of the agency's legal authority for promulgating the rule. Together, the text and analysis notify the Division of the agency's intention to promulgate a new rule, or to amend or repeal an existing rule. The Division then publishes the text and the information in the analysis in the *Utah State Bulletin* (*Bulletin*) (the text is sometimes omitted due to its length, but is available for public inspection at the Division and the agency). The Division also publishes the *Utah State Digest* (*Digest*). The *Digest* contains the information found in the analysis, making it a companion summary of each *Bulletin*. The *Bulletin* and *Digest* are published twice a month, enabling the public, the legal community, state agencies, and researchers to learn of proposed rule changes.

After considering public comment, the agency sets the effective date of the proposed rule. The date may be no fewer than 31 days nor more than 120 days after the date the rule was published in the *Bulletin*. To set the effective date, the agency notifies the Division. The rule is enforceable as of the effective date. The rule is then codified (included) in the *Code*.

Print and electronic versions of the *Utah Administrative Code* are available from Lexis Law Publishing, by calling 1-800-562-1197. *Bulletin* and *Digest* subscriptions are available by contacting the Office of Legislative Printing at 419 State Capitol, Salt Lake City, UT 84114, by calling (801) 538-1103, or FAX (801) 538-1728. The annual subscription rate for the *Bulletin* (24 issues) is \$150; for the *Digest* (24 issues), it is \$35. Electronic versions of all publications are also available on the Division's Internet home page - <http://www.rules.state.ut.us>.

Index Format

The *Index* contains two indexes and one table. Both indexes list the rule changes that occurred during 1997. The first index is arranged by agency (code number) and the second is arranged by keyword (subject). The correlation table lists the agency code numbers and names that were changed during 1997. To use the indexes, it is helpful to know something about the organization of rules.

Organization of Rules

Each rulemaking agency in state government is assigned an agency code number (title number). Each of these agency code numbers begins with the letter "R" and may be referred to as an R-number. Every rule section in the *Code* is assigned a three-part number, separated by hyphens, in this order: Agency code number-Rule number-Section number. For example, a complete citation to the Division of Administrative Rules' hearing procedures is *Utah Administrative Code* Section R15-1-5 (January 1, 1997), with "R15" designating the agency (or title), "1" designating the rule number, and "5" designating the section number. This numbering scheme is similar to the titles, chapters, and sections found in the *Utah Code*, which contains Utah's statutory law (*Utah Code* Section 63-46a-9.6 (1996)).

Subsection or paragraph numbering has been left to the discretion of each agency. Several different subsection numbering systems appear in the *Code*, with some agencies using a decimal system and others using outline variations.

Agency (Code Number) Index

This index includes six columns and is arranged sequentially by rule citation and effective date. The first column contains the rule citation. An entry containing two rule citations with one in parentheses indicates that the agency has changed its rule citation to the citation in the parentheses (e.g., (Changed to R994-302)). The second column has the rule catchline (descriptive title). The third column provides the Division of Administrative Rules' file number for the rule (DAR No.).

The last three columns contain information about the rulemaking action. The fourth column contains a three-letter code indicating the type of rulemaking action. The fifth column contains the effective date of the rule filing. If a change in proposed rule has been filed on an amendment, both filings are listed in the index, but the effective date, which is applicable to both filings, is only listed with the change in proposed rule (a change in proposed rule amends the previously filed rule before its effective date). The final column contains the *Utah State Bulletin* issue and page number where the rulemaking action was published. For example, 97-3/13 means that the rulemaking action was published in issue 97-3 of the *Bulletin* (February 1, 1997) on page 13. An asterisk (*) following the page number means the text was too long to print in the *Bulletin* and a copy can be obtained from the agency or the Division. Nonsubstantive rule changes (NSC) are never printed in the *Bulletin*, as indicated by the words "Not Printed."

Keyword (Subject) Index

This index is arranged alphabetically by subject. Up to four different descriptive terms or phrases associated with each rule are used as keywords to categorize the rule by subject. These keywords are assigned by the agency that files the rule and are designed to aid topical research of the *Code*. Because rules may have more than one keyword, they may be listed more than once in this index.

The keyword is printed in bold, capital letters. Under each keyword the rules are arranged in columns by agency name, DAR file number, and the rule citation (e.g., Administrative Services, Administrative Rules, 19652, R15-1-5). The remaining three columns provide the same information regarding type of action, effective date, and publication information, as the last three columns in the Agency (Code Number) Index (e.g., AMD, 02/01/97, 97-3/13).

Correlation Table

This table is arranged sequentially by the old agency code number (R-number). The table is divided into two columns. The first column contains the old agency code number and agency name and the second contains the new agency code number and agency name. This table is useful when researching previous rules enforced by an agency or the evolution of an agency's rules over time.

Abbreviations

The Agency and Keyword Indexes include several abbreviations:

AMD (Amendment): proposed changes to existing rule text (*Utah Code* Section 63-46a-4 (1996) and *Utah Administrative Code* Section R15-4-9 (June 1, 1996)).

CPR (Change in Proposed Rule): filed as an amendment to a proposed rule that has been published in the *Bulletin*, and has not been made effective by the agency (*Utah Code* Section 63-46a-6 (1996) and *Utah Administrative Code* Section R15-4-7 (June 1, 1996)).

EMR (120-Day (Emergency) Rule): a temporary rule, effective for a maximum of 120 days, that becomes effective when filed with the Division or on a later date designated by the agency. Pursuant to statute, this procedure can only be used by the agency when regular rulemaking procedures would "cause imminent peril to public health, safety, or welfare; cause an imminent budget reduction because of budget restraints or federal requirements; or place the agency in violation of federal or state law" (*Utah Code* Section 63-46a-7(1) (1996) and *Utah Administrative Code* Section R15-4-8 (June 1, 1996)).

EXD (Expired Rule): Rulewriting agencies are required by law to review each of their administrative rules within five years of the date of the rule's original enactment or the date of last review (*Utah Code* Section 63-46a-9 (1996)). If the agency finds that it will not meet the deadline for review of the rule (the five-year anniversary date), it may file an extension with the Division of Administrative Rules (Division). However, if the agency fails to file either the review or the extension by the five-year anniversary date of the rule, the rule expires. Upon expiration of the rule, the Division is required to remove the rule from the *Utah Administrative Code*. The agency may no longer enforce the rule, and it must follow regular rulemaking procedures to replace the rule if necessary. The expiration of administrative rules for failure to comply with the five-year review requirement is governed by *Utah Code* Subsection 63-46a-9(8) (1996).

EXP (Expedited Rule): Under the provisions of *Utah Code* Subsection 53C-1-201(3)(a)(ii) (1997), the School and Institutional Trust Lands Administration is permitted to establish a procedure for the expedited approval of administrative rules. Use of this procedure, found at *Utah Administrative Code* Rule R850-10 (April 3, 1995), is based on written findings by the agency director showing: (A) the changes in business opportunities affecting the assets of the trust; (B) the specific business opportunity arising out of those changes which may be lost without the rule or changes to the rule; (C) the reasons the normal procedures under *Utah Code* Section 63-46a-4 (1996) cannot be met without causing the loss of the specific opportunity; (D) approval by at least five board members; and (E) that the director has filed a copy of the rule and a rule analysis, stating the specific reasons and justifications for the agency's findings, with the Division of Administrative Rules and notified interested parties as provided in *Utah Code* Subsection 63-46a-4(4) (1996). An expedited rule is effective upon filing or on a later date designated by the agency.

NEW (New Rule): proposed rule text (a complete rule) that does not already exist (*Utah Code* Section 63-46a-4 (1996) and *Utah Administrative Code* Section R15-4-9 (June 1, 1996)).

NSC (Nonsubstantive Change): a change to existing rule text that does not substantively affect the application or results of agency actions under that rule. Examples include corrections of spelling, grammar, or rule numbering (*Utah Code* Subsection 63-46a-3(4)(d) (1996); *Utah Code* Subsection 63-46a-6(2) (1996); and *Utah Administrative Code* Section R15-4-6 (June 1, 1996)).

REP (Repeal): rule text is entirely deleted from the *Code* (*Utah Code* Section 63-46a-4 (1996) and *Utah Administrative Code* Section R15-4-9 (June 1, 1996)).

R&R (Repeal and Reenact): a significant change to rule text which requires such substantial rewriting, that the result is a new rule (the old text is struck out and followed by the new, underlined text). (*Utah Code* Section 63-46a-4 (1996) and *Utah Administrative Code* Section R15-4-10 (June 1, 1996)).

5YR (Five-Year Review): a notice of continuation that is required for all rules. If an agency wants to keep the rule in its existing form, the agency must file this notice, which includes a statement justifying the rule's continuation (*Utah Code* Section 63-46a-9 (1996)).

Questions?

Questions regarding the *Index of Changes* may be directed to:
