SUMMARY OF RULES MADE EFFECTIVE 139

INTRODUCTION

The Utah Division of Administrative Rules (Division) is pleased to present the sixteenth edition of the *Utah Administrative Rules Index of Changes (Index)*. State law requires the Division to "publish at least annually an index of all changes to the administrative code and the effective date of each change" (Subsection 63-46a-10(1)(g)).

Scope

The *Index* provides citizens with a valuable tool for following the regulatory process in Utah. All rule changes made effective between January 2, 2006, and January 1, 2007, appear in this *Index*. It also includes nonsubstantive changes and 120-Day (Emergency) Rules. When used in conjunction with the *Utah Administrative Code (Code)*, which is an annual compilation of administrative rules in effect on January 1, the *Index* reflects all rule changes made effective since the last edition of the *Code* was printed.

Purpose

The need for an index of changes is clear given the volume of rulemaking activity that occurs during the year. From January 2, 2006, through January 1, 2007, state agencies made 873 separate rulemaking actions effective. An easy-to-use index is necessary for agency personnel, administrators, elected officials, and the general public to keep abreast of the frequent changes in Utah's administrative rules.

Background Information

Statute requires state agencies to engage in certain activities that will either affect the public or other governmental agencies. Yet, for many different reasons, the statute may not spell out the details necessary to implement the statute. In circumstances such as these, a state agency exercises a particular type of delegated lawmaking power called rulemaking. Within the scope of its statutory or constitutional functions, an agency may write administrative rules that describe and limit its own activities and the activities of classes of persons or entities the agency regulates (e.g., the Department of Public Safety, Division of Driver License promulgates rules regulating commercial driver licenses).

An Administrative Rule

The law defines an administrative rule as an agency's written statement that "is explicitly or implicitly required by state or federal statute or other applicable law; implements or interprets a state or federal legal mandate; and applies to a class of persons or another agency" (Subsection 63-46a-2(16)(a)). The law further provides that an agency must issue an administrative rule:

. . . when agency action: (a) authorizes, requires, or prohibits an action; (b) provides or prohibits a material benefit; (c) applies to a class of persons or another agency; and (d) is explicitly or implicitly authorized by statute. (Subsection 63-46a-3(2)).

An agency creates a rule by following the procedures outlined in the Utah Administrative Rulemaking Act (Act) (Title 63, Chapter 46a). An appropriately made administrative rule has the effect of law (Subsection 63-46a-3.5(2)). Although rules have the effect of law, rules are subordinate to, and may not conflict with, higher forms of law (e.g., state and federal constitutions and statutes).

The Rulemaking Process

Generally, the procedures outlined in the Act require that an agency file its rule, along with summary information (called a rule analysis), with the Division (Section 63-46a-4). For most types of rules, the rule analysis information includes: a reason for the rule; a summary of the rule; the name of a person that an interested person may contact; the anticipated cost or savings impact of the rule; the compliance costs for persons affected by the rule; comments by the department head regarding the fiscal impact the rule may have on businesses; titles of any new or updated incorporated references within the rule; and the source of the agency's legal authority for rulemaking.

By filing this information with the Division, an agency signals its intention to make a new rule, or to amend or repeal an existing rule. The Division then publishes the rule analysis and rule text in the *Utah State Bulletin (Bulletin)* (on occasion, the text is omitted due to its length; in this case it is always available for public inspection at the Division, the agency, and on the Internet). The Division also publishes the *Utah State Digest (Digest)*. The *Digest* is an E-mail publication that contains a portion of the rule analysis information provided by the agency. The *Bulletin* and *Digest* are published twice a month, on the 1st and 15th, enabling the public, the legal community, state agencies, and researchers to learn of proposed rule changes. After the publication date, the statute requires that an agency accept public comment on proposed rules for a minimum of 30 days.

After considering public comment, the agency sets the effective date of the proposed rule. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the date the rule was published in the *Bulletin*. The agency notifies the Division of the effective date. The rule is enforceable as of the effective date. The rule is then codified (included) in the *Code*.

The *Code* is available on the Internet at <http://www.rules.utah.gov/publicat/code.htm>. The *Bulletin* is available on the Internet at <http://www.rules.utah.gov/publicat/bulletin.htm>. Anyone with an Internet E-mail address may subscribe to, or join, the *Digest* listserv by completing the subscription form available at <http://www.rules.utah.gov/publicat/digest.htm>.

Index Format

The *Index* contains two indexes and two tables. Both indexes list the rule changes made effective from January 2, 2006, through January 1, 2007. The first index is arranged by agency (code number) and the second is arranged by keyword (subject). The correlation table lists the agency code numbers and names that were changed. Finally, a summary table of rules made effective identifies how many of which type of rules were filed by each department. To use the indexes, it is helpful to know something about the organization of rules.

Organization of Rules

Each rulemaking agency in state government is assigned an agency code number (title number). Each of these title numbers begins with the letter "R" and may be referred to as an R-number. Each rule in the *Code* is assigned a two part number, separated by a hyphen, in this order: title number-rule number. Each rule section in the *Code* is assigned a three-part number, separated by hyphens, in this order: title number-rule number-section number. For example, a complete citation to the Division of Administrative Rules' hearing procedures section is Section R15-1-5, with "R15" designating the title, "1" designating the rule number, and "5" designating the section number. This numbering scheme is similar to the titles, chapters, and sections found in the *Utah Code*, which contains Utah's statutory law (Section 63-46a-9.6).

Subsection or paragraph numbering has been left to the discretion of each agency. Several different subsection numbering systems appear in the *Code*, with some agencies using a decimal system and others using outline variations.

Agency (Code Number) Index

The Agency Index (see Figure 1) includes six columns and is arranged sequentially by agency, code citation, and effective date. The first column contains the code citation. An entry containing two code citations with one in parentheses indicates that the agency has changed its code citation to the citation in the parentheses (e.g., (Changed to R307-205)). The second column contains the catchline (descriptive title). The third column provides the Division of Administrative Rules' file number for the rule (DAR No.).

The last three columns contain information about the rulemaking action. The fourth column contains a three-letter code indicating the type of rulemaking action. These abbreviations are defined on page 5. The fifth column contains the effective date of the rulemaking action. The final column contains the issue and page number of the *Bulletin* where the rulemaking action was published. For example, 2006-10/7 means that the rulemaking action was published in issue 2006-10 of the *Bulletin* (May 15, 2006) on page 7. Nonsubstantive rule changes (NSC) typically are not printed in the *Bulletin*, as indicated by the words "Not Printed."

Keyword (Subject) Index

The Keyword Index (see Figure 2) is arranged alphabetically by subject. Up to four different descriptive terms or phrases associated with each rulemaking action are used as keywords to categorize it by subject. These keywords are assigned by the agency that files the rulemaking action and are designed to aid topical research of the *Code*. Because a rulemaking action may have more than one keyword, the action may be listed more than once in this index.

The keyword appears underlined and in capital letters. Under each keyword the rulemaking actions are arranged in columns by agency name, file number, and the code reference (e.g., Environmental Quality; Drinking Water, 28421, R309-545-7). The remaining three columns provide the same information regarding type of action, effective date, and publication information, as the last three columns in the Agency Index (e.g., AMD, 03/08/2006, 2006-1/19).

Correlation Table

The Correlation Table is arranged sequentially by the old agency code number (R-number). The table is divided into two columns. The first column contains the old agency code number and agency name and the second contains the new agency code number and agency name. This table is useful when researching previous rules enforced by an agency or the evolution of an agency's rules over time.

Summary Table

To permit citizens to see the scope of rulemaking activity, a Summary Table is included in the *Index*. The Summary Table provides information about the number of and type of rules filed by the different departments of state government.

Abbreviations

The Agency and Keyword Indexes include several abbreviations:

5YR (Five-Year Review): a five-year review must be filed by an agency for each of its rules at least once every five years. If an agency intends to retain a rule on the books for more than five years, the agency must file a "Five-Year Notice of Review and Statement of Continuation," which includes a statement justifying the rule's continuation. A Five-Year Review may be submitted more frequently at the option of the agency (Section 63-46a-9).

AMD (Amendment): an amendment proposes changes to existing rule text (Subsection 63-46a-4(3) and Section R15-4-9).

CPR (Change in Proposed Rule): a change in proposed rule is an amendment to a proposed rule that has been published in the *Bulletin*, and has not been made effective by the agency (Section 63-46a-6 and Section R15-4-7).

EMR (120-Day (Emergency) Rule): a 120-day rule is a temporary rule, effective for a maximum of 120 days, which becomes effective when filed with the Division or on a later date designated by the agency. This procedure may only be used by the agency when regular rulemaking procedures would "cause imminent peril to public health, safety, or welfare; cause an imminent budget reduction because of budget restraints or federal requirements; or place the agency in violation of federal or state law" (Subsection 63-46a-7(1) and Section R15-4-8).

EXD (Expired Rule): an expired rule is a rule for which an agency has failed to file either a "Five-Year Notice of Review and Statement of Continuation" (5YR), or an extension (EXT) on or before the date specified in a notice provided by the Division. Upon expiration of the rule, the Division is required to remove the rule from the *Code*. The agency may no longer enforce the rule, and it must follow regular rulemaking procedures to replace the rule if necessary. The expiration of an administrative rule for failure to comply with the five-year review is a penalty for noncompliance with the statute (Subsection 63-46a-9(8)). "Expired rule" may also refer to a rule, or a portion of a rule, that the Legislature specifically designated as not reauthorized in its annual "Reauthorization of Administrative Rules" bill (Section 63-46a-11.5). Once a rule expires, the agency may no longer enforce the rule, and the rule is removed from the *Code*.

EXP (Expedited Rule): an expedited rule is a rule promulgated by the School and Institutional Trust Lands Administration (SITLA) under the authority of Subsection 53C-1-201(3)(c) that may go into effect immediately upon filing, or on a future designated date. The statute permits SITLA to establish a procedure for the expedited approval of an administrative rule. Use of this procedure, found at Rule R850-10, is based on written findings by the agency director showing:

- (i) the changes in business opportunities affecting the assets of the trust;
- (ii) the specific business opportunity arising out of those changes which may be lost without the rule or changes to the rule;

- (iii) the reasons the normal procedures under Section 63-46a-4 cannot be met without causing the loss of the specific opportunity;
- (iv) approval by at least five board members; and
- (v) that the director has filed a copy of the rule and a rule analysis, stating the specific reasons and justifications for its findings, with the Division of Administrative Rules and notified interested parties as provided in Subsection 63-46a-4(7). (Subsection 53C-1-201(3)(c))

EXR (Extended Rule): an extended rule is a rule the Governor has extended, based on procedures specified in statute, after the Legislature has taken action not to reauthorize it (Section 63-46a-11.5).

EXT (Extension): a rule due for Five-Year Review for which the agency has requested a 120-day extension in which to comply with the review procedures (Section 63-46a-9).

NEW (New Rule): a new rule is a proposed rule the text of which does not already exist in the *Code* (Subsection 63-46a-4(3) and Section R15-4-9).

NSC (Nonsubstantive Change): a nonsubstantive change is a change to existing rule text that does not substantively affect the application or results of agency actions under that rule. Examples include corrections of spelling, grammar, or rule numbering (Subsections 63-46a-3(4)(d), and 63-46a-6(2) ; and Section R15-4-6).

REP (Repeal): a repeal is a proposed rule where the entire rule text is deleted from the *Code* (Subsection 63-46a-4(3) and Section R15-4-9).

R&R (Repeal and Reenact): a repeal and reenact is a proposed rule used to make significant changes to rule text, which require such substantial rewriting that the result is a new rule (the old text is struck out and followed by the new, underlined text) (Subsection 63-46a-4(6)(a) and Section R15-4-9).

The information presented in the table above is useful to the extent that it shows one measure of the rulemaking activity that occurred during 2006. This information, however, must be placed in context. An agency's issuance of an administrative rule is a reflection of a number of factors.

For example, during the 2006 General Session, the Legislature passed 371 bills. Of those, at least 79 bills (affecting 139 separate statutory sections) modified explicit rulemaking authorizations. Therefore, at least a portion of the 873 administrative rules made effective during 2006 were the direct result of legislation requiring an agency to regulate.
