SUMMARY OF RULES MADE EFFECTIVE 117

INDEX OF EDITOR'S NOTES 119

INTRODUCTION

The Utah Division of Administrative Rules (Division) is pleased to present the nineteenth edition of the Utah Administrative Rules Index of Changes (Index). State law requires the Division to "publish at least annually an index of all changes to the administrative code and the effective date of each change" (Subsection 63G-3-402(1)(g)).

Scope

The Index provides citizens with a valuable tool for researching the regulatory process in Utah. All rule changes made effective between January 2, 2009, and January 1, 2010, appear in this Index. It also includes nonsubstantive changes and 120-Day (Emergency) Rules.

Purpose

The need for an index of changes is clear given the volume of rulemaking activity that occurs during the year. From January 2, 2009, through January 1, 2010, state agencies made 979 separate rulemaking actions effective. An easy-to-use index is necessary for agency personnel, administrators, elected officials, and the general public to keep abreast of the frequent changes in Utah's administrative rules.

Background Information

Statute requires state agencies to engage in certain activities that either affect the public or other governmental agencies. Yet, for many different reasons, the statute may not spell out the details necessary to implement these activities. In these circumstances, a state agency exercises a particular type of delegated lawmaking power called rulemaking. Within the scope of its statutory or constitutional functions, an agency may write administrative rules that describe and limit its own activities and the activities of classes of persons or entities the agency regulates (e.g., the Department of Public Safety, Division of Driver License promulgates rules regulating commercial driver licenses).

An Administrative Rule

The law defines an administrative rule as an agency's written statement that "is explicitly or implicitly required by state or federal statute or other applicable law; implements or interprets a state or federal legal mandate; and applies to a class of persons or another agency" (Subsection 63G-3-102(16)(a)). The law further provides that an agency must issue an administrative rule:

. . . when agency action: (a) authorizes, requires, or prohibits an action; (b) provides or prohibits a material benefit; (c) applies to a class of persons or another agency; and (d) is explicitly or implicitly authorized by statute. (Subsection 63G-3-201(2)).

An agency creates a rule by following the procedures outlined in the Utah Administrative Rulemaking Act (Act) (Title 63G, Chapter 3). An appropriately made administrative rule has the effect of law (Subsection 63G-3-202(2)). Although rules have the effect of law, rules are

subordinate to, and may not conflict with, higher forms of law (e.g., state and federal constitutions and statutes).

The Rulemaking Process

Generally, the procedures outlined in the Act require that an agency file its rule, along with summary information (called a rule analysis), with the Division (Section 63G-3-301). For most types of rulemaking actions, the rule analysis information includes: a reason for the rule; a summary of the rule; the name of a person that an interested person may contact; the anticipated cost or savings impact of the rule; the compliance costs for persons affected by the rule; comments by the department head regarding the fiscal impact the rule may have on businesses; titles of any new or updated incorporated references within the rule; and the source of the agency's legal authority for rulemaking.

By filing this information with the Division, an agency signals its intention to make a new rule, or to amend or repeal an existing rule. The Division then publishes the rule analysis and rule text in the Utah State Bulletin (Bulletin) (on occasion, the text is omitted due to its length; in this case it is always available for public inspection at the Division, the agency, and on the Internet). The Division also publishes the Utah State Digest (Digest). The Digest is an E-mail publication that contains a portion of the rule analysis information provided by the agency. The Bulletin and Digest are published twice a month, on the 1st and 15th, enabling the public, the legal community, state agencies, and researchers to learn of proposed rule changes. After the publication date, the statute requires that an agency accept public comment on proposed rules for a minimum of 30 days.

After considering public comment, the agency sets the effective date of the proposed rule. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the date the rule was published in the Bulletin. The agency notifies the Division of the effective date (Subsections 63G-3-301(11) and (12)). The rule is enforceable as of its effective date. The rule is then codified (included) in the Utah Administrative Code (Code).

The Code is available on the Internet at <http://www.rules.utah.gov/publicat/code.htm>. The Bulletin is available on the Internet at <http://www.rules.utah.gov/publicat/bulletin.htm>. Anyone with an Internet E-mail address may subscribe to, or join, the Digest listserv by completing the subscription form available at <http://www.rules.utah.gov/publicat/digest.htm>.

Index Format

This Index contains two indexes and two tables. Both indexes list the rule changes made effective from January 2, 2009, through January 1, 2010. The first index is arranged by agency and the second is arranged by keyword (subject). The correlation table lists the agency code numbers and names that were changed. Finally, a summary table of rules made effective identifies how many of which type of rulemaking actions were filed by each department. To use the indexes, it is helpful to know something about the organization of administrative rules.

Organization of Rules

Each rulemaking agency in state government is assigned an agency code number (title number). Each of these title numbers begins with the letter "R" and may be referred to as an R-number. Each rule in the Code is assigned a two part number, separated by a hyphen, in this order: title number-rule number. Each rule section in the Code is assigned a three-part number, separated by hyphens, in this order: title number-rule number-section number. For example, a complete citation to the Division of Administrative Rules' hearing procedures section is Section R15-1-5, with "R15" designating the title, "1" designating the rule number, and "5" designating the section number. This numbering scheme is similar to the titles, chapters, and sections found in the Utah Code, which contains Utah's statutory law (Section 63G-3-702).

Subsection or paragraph numbering has been left to the discretion of each agency. Several different subsection numbering systems appear in the Code, with some agencies using a decimal system and others using outline variations.

Agency Index

The Agency Index (see Figure 1) includes six columns and is arranged sequentially first by department and agency, then by code citation and effective date. The column labeled "Code Reference" contains the administrative code citation. An entry containing two code citations with one in parentheses indicates that the agency has changed its code citation to the citation in the parentheses (e.g., (Changed to R52-7)). The column labeled "Title" contains the catchline (descriptive title). The next column provides the Division of Administrative Rules' file number for the rule (File Number).

The last three columns contain information about the rulemaking action. The "Action" column contains a three-letter code indicating the type of rulemaking action. These abbreviations are defined on page 5. The next column contains the effective date of the rulemaking action. The final column contains the issue and page number of the Bulletin where the rulemaking action was published. For example, 2009-1/3 means that the rulemaking action was published in issue 2009-1 of the Bulletin (January 1, 2009) on page 3. Nonsubstantive changes, changes that do not affect the application or results of agency actions, are not printed and are so annotated in the last column.

DEPARTMENT		FILE	ACTION	EFFECTIVE	BULLETIN
AGENCY		NUMBER		DATE	ISSUE/PAGE
CODE	TITLE				
REFERENCE					
ADMINISTRATIVE SERVICES					
<u>Administration</u>					
R13-3	Americans with Disabilities Act Grievance Procedures	32204	AMD	02/26/2009	2009-1/3
R13-3-8	Relationship to Other Laws	32431	NSC	03/26/2009	Not Printed
<u>Child Welfare Parental Defense (Office of)</u>					
R19-1	Parental Defense Counsel Training	33081	5YR	10/21/2009	2009-22/105

Figure 1 Agency Index example

Keyword (Subject) Index

The Keyword Index (see Figure 2) is arranged alphabetically by subject. Up to four different descriptive terms or phrases associated with each rulemaking action are used as keywords to categorize it by subject. These keywords are assigned by the agency that files the rulemaking action and are designed to aid topical research of the Code. Because a rulemaking action may have more than one keyword, the action may be listed more than once in this index.

KEY WORD AGENCY	CODE REFERENCE	FILE NUMBER	ACTION	EFFECTIVE DATE	BULLETIN ISSUE/PAGE
A					
<u>abortion</u>					
Health; Health Care Financing, Coverage and Reimbursement Policy	R414-1B	32996	5YR	09/23/2009	2009-20/49
	R414-1B	33008	AMD	11/25/2009	2009-20/25
<u>accelerated learning</u>					
Education; Administration	R277-712	32376	5YR	02/13/2009	2009-5/27
<u>acceptable documents</u>					
Public Safety; Driver License	R708-41	33056	R&R	12/31/2009	2009-21/70

Figure 2. Keyword Index example

The keyword appears underlined. Under each keyword the rulemaking actions are arranged in columns by agency name, code reference, and file number (e.g., Education, Administration, R277-712, 32376). The remaining three columns provide the same information regarding type of action, effective date, and publication information, as the last three columns in the Agency Index (e.g., 5YR, 02/13/2009, 2009-5/27).

Correlation Table

The Correlation Table is arranged sequentially by the old agency title number (R-number). The table is divided into two columns. The first column contains the old agency code number and agency name and the second contains the new agency code number and agency name. This table is useful when researching previous rules enforced by an agency or the evolution of an agency's rules over time.

Summary Table

To permit citizens to see the scope of rulemaking activity, a Summary Table is included in the Index. The Summary Table provides information about the number of and type of rules filed by the different departments of state government.

Index of Editor's Notes

On occasion, the Division identifies errors in the publication of an administrative rule or its effective date. When this occurs, the Division publishes notice of the error as an Editor's Note in a subsequent issue of the Utah State Bulletin. The Index of Editor's Notes is useful when researching rules for which corrections were published in the Utah State Bulletin. The

Index of Editor's Notes lists each note published related to bulletin publication errors, the rule affected, the file number, and other relevant information.

Abbreviations

The Agency and Keyword Indexes include several abbreviations:

5YR (Five-Year Review): a five-year review must be filed by an agency for each of its rules at least once every five years. If an agency intends to retain a rule on the books for more than five years, the agency must file a "Five-Year Notice of Review and Statement of Continuation," which includes a statement justifying the rule's continuation. A Five-Year Review may be submitted more frequently at the option of the agency (Section 63G-3-305).

AMD (Amendment): means a type of proposed rule the text of which proposes substantive changes to text that already exists in the Utah Administrative Code. See Subsection 63G-3-301(3) and Section R15-4-9.

CPR (Change in Proposed Rule): means a type of rulemaking action that substantively amends a proposed rule that has been published in the bulletin but has not been made effective by the agency. See Section 63G-3-303 and Section R15-4-7.

EMR (120-Day (Emergency) Rule): means a type of rulemaking action that creates a temporary rule, effective for a maximum of 120 days, which becomes effective when filed with the division or on a later date designated by the agency. This procedure may only be used by the agency when regular rulemaking procedures would "cause imminent peril to public health, safety, or welfare; cause an imminent budget reduction because of budget restraints or federal requirements; or place the agency in violation of federal or state law." See Subsection 63G-3-304(1) and Section R15-4-8.

EXD (Expired Rule): means a type of rulemaking action filed by the division on a rule for which an agency has failed to file either a "Five-Year Notice of Review and Statement of Continuation" (5YR), or an Extension (EXT) on or before the date specified in a notice provided by the division. Upon expiration of the rule, the division is required to remove the rule from the Code. The agency may no longer enforce the rule, and it must follow regular rulemaking procedures to replace the rule if necessary. The expiration of an administrative rule for failure to comply with the five-year review is a penalty for noncompliance with the statute. See Subsection 63G-3-305(8).

EXP (Expedited Rule): means a special type of rulemaking action that may only be taken by the School and Institutional Trust Lands Administration (SITLA) under the authority of Subsection 53C-1-201(3)(c). An expedited rule may go into effect immediately upon filing, or on a future designated date. See Subsection 53C-1-201(3)(c) and Rule R850-10.

GEX (Governor's Extension): means a type of rulemaking action that documents a Declaration of the Governor extending a rule, based on procedures specified in statute, after the Legislature has taken action not to reauthorize it. See Section 63G-3-502.

EXT (Five-Year Review Extension): means a type of rulemaking action filed by an agency claiming a 120-day extension in which to comply with the five-year review procedures. See Section 63G-3-305.

LNR (Legislative Nonreauthorization): means a rulemaking action that documents the action of the Legislature (a bill) not to reauthorize a rule or a part of a rule (down to the complete paragraph level). If a rule that is not reauthorized by the Legislature is not extended by the Governor (see Governor's Extension), the division removes that portion not reauthorized from the Code. See Section 63G-3-502.

NEW (New Rule): means a type of proposed rule the text of which does not already exist in the Utah Administrative Code. See Subsection 63G-3-301(3) and Section R15-4-9.

NSC (Nonsubstantive Change): means a type of rulemaking action that makes changes to existing rule text that does not substantively affect the application or results of agency actions under that rule. Examples include corrections of spelling, grammar, or rule numbering. A nonsubstantive change filed by an agency is not printed in the bulletin. See Subsections 63G-3-201(4)(d), and 63G-3-303(2); and Section R15-4-6.

REP (Repeal): means a type of proposed rule where the entire rule text is deleted from the code. See Subsection 63G-3-301(3) and Section R15-4-9.

R&R (Repeal and Reenact): means a type of proposed rule where the entire rule text is deleted from the code and replaced with alternative text. See Subsection 63G-3-301(9)(a) and Section R15-4-9.

Grand Total	465	55	10	13	13	29	200	14	1	176	3	979
As a percentage of total filings	47%	6%	1%	1%	1%	3%	20%	1%	0%	18%	0%	100%

Information presented in the table above is useful to the extent that it shows one measure of the rulemaking activity that occurred during 2009. This information, however, must be placed in context. An agency's issuance of an administrative rule is a reflection of a number of factors.

For example, during the 2009 General Session, the Legislature passed 451 bills. At least 60 of those bills added or modified explicit rulemaking authorizations. Therefore, at least a portion of the 979 rulemaking actions made effective during 2009 were the direct result of legislation requiring an agency to regulate.

In addition, Section 63G-3-305 requires agencies to review rules every five years. During 2009, agencies filed 200 Five-Year Reviews. These constituted 20% of the total rule actions made effective during 2009.

It is important to remember that rulemaking is the tool the Legislature has created to keep citizens informed of the actions state agencies take.
