EXECUTIVE DOCUMENTS

Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues **EXECUTIVE DOCUMENTS**, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor's Office staff files **EXECUTIVE DOCUMENTS** that have legal effect with the Office of Administrative Rules for publication and distribution.

NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between November 17, 2020, 12:00 a.m., and December 01, 2020, 11:59 p.m. are included in this, the December 15, 2020, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least January 14, 2021. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through April 14, 2021, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

Please address questions regarding information on this notice to the agency.

General Information

2. Rule or section catchline:
R277-622. School-based Mental Health Qualified Grant Program
3. Purpose of the new rule or reason for the change:
This rule is being amended to reflect the changes made to its authorizing law by H.B. 323, which passed in the 2020 General Session and the regional service center code in S.B. 79 of the 2020 General Session. S.B. 79 renamed regional service centers, regional education service agencies (RESA) and authorizes a RESA to apply for grant programs under certain circumstances. This rule is being amended to specify how a RESA may receive funding for this particular school based mental health grant program.
4. Summary of the new rule or change:
This rule is being updated to remove a match requirement for funds awarded to a local education agency (LEA) for a plan submitted after April 1, 2020. This rule also is modified to allow an LEA to use the LEA's Teacher and Student Success Account as a source of matching funds. The amendments to the funding distribution allow RESAs to receive \$50,000 per LEA member of the RESA as the funding formula for the grant governed by this rule. This rule also clarifies that any grant recipient will receive 25% of their allocation upfront and 75% on a reimbursement basis in a post-performance manner.

Fiscal Information

5. Aggregate anticipated cost or savings to:

A) State budget:

This rule change is not expected to have independent fiscal impact on state government revenues or expenditures. The amendments reflect changes made in law by H.B. 323 (2020). The amendments align this rule with statutory changes found in S.B. 79 (2020) and the change affects distributions of an existing grant program to LEAs, but this does not change overall amounts funded or expended by Utah State Board of Education (USBE).

B) Local governments:

This rule change is not expected to have independent fiscal impact on local governments' revenues or expenditures. The amendments reflect changes made in law by H.B. 323 (2020). The amendments align this rule with statutory changes found in S.B. 79 (2020) and the change affects distributions of an existing grant program to LEAs, but this does not change overall amounts funded or expended by USBE.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have independent fiscal impact on small businesses' revenues or expenditures. The amendments reflect changes made in law by H.B. 323 (2020). The amendments align this rule with statutory changes found in S.B. 79 (2020) and the change affects distributions of an existing grant program to LEAs, but this does not change overall amounts funded or expended by USBE.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have independent fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. The amendments reflect changes made in law by H.B. 323 (2020). The amendments align

this rule with statutory changes found in S.B. 79 (2020) and the change affects distributions of an existing grant program to LEAs, but this does not change overall amounts funded or expended by USBE.

F) Compliance costs for affected persons:

There are no independent compliance costs for affected persons. The amendments reflect changes made in law by H.B. 323 (2020) and align this rule with statutory changes found in S.B. 79 (2020). H) Department head approval of regulatory impact analysis:

The State Superintendent of the Utah Board of Education, Sydnee Dickson, has reviewed and approved this fiscal analysis.

General Information

2. Rule or section catchline:
R920-60. Amusement Ride Safety

3. Purpose of the new rule or reason for the change:
This rule establishes the amusement ride standard of operation in the general public's interest and safety and satisfies the requirements of H.B. 381 adopted in the 2019 General Session and H.B. 154 adopted in the 2020 General Session.

4. Summary of the new rule or change:
This rule provides the permit process for amusement ride safety and sets the standard for a qualified safety inspector to be certified. This rule also implements additional powers and duties of the Utah Amusement Ride Safety Committee, sets the general requirements for amusement ride operation, establishes a process to apply for operating permits, establishes a process for reporting injuries, and establishes penalties for violating this rule.

Fiscal Information

5. Aggregate anticipated cost or savings to:

A) State budget:
The Utah Amusement Ride Safety Committee (Committee) expects this rule will have an impact on the state's budget relative to the fees imposed under this rule. As required in the enabling statute, the Department of Transportation's executive director must hire a Committee director. Additionally, the Department of Transportation is responsible to pay incidental staffing support and per diem for Committee members. Administrative costs associated with responsibilities of the Committee will be partially paid by revenue generated from fees to issue statutorily required amusement ride permits and certification of ride inspectors. The Committee estimates it will need to annually permit approximately 250 rides throughout the . This rule establishes a fee of \$100 per ride for the permit. In addition, the Committee anticipates it will annually permit approximately 20 qualified safety inspectors at a cost of \$25 annually (\$50 every other year). The anticipated cost to support the Amusement Ride Safety Committee and its oversight functions is approximately \$200,000 per year. Because fees will not cover the full cost to operate the new amusement ride safety oversight program, it is anticipated that the state budget will be impacted by \$174,500 annually.

<p>This rule also establishes the rate of fines for noncompliance. It is impossible to determine the amount of revenue that could be generated annually from payment of fines since it is unknown how frequently persons will fail to comply with amusement ride safety requirements established in statute and this rule.</p> <p>When setting fee rates, the Committee considered the rate of fees imposed in other states with program features for third-party ride inspectors similar to the Utah program, taking into consideration the comparatively small number of rides that would be permitted to operate in Utah each year and the size of the state's amusement ride safety program. The Committee established a fee rate that the Committee members considered reasonable compared to other state programs and that wouldn't impose an undue financial hardship on affected amusement ride businesses, particularly for small business owners and operators. The Committee members understand that the fee revenue generated under this rule will be unable to self-sustain the amusement ride safety program and it will require on-going funding from the state or other sources.</p>
<p>B) Local governments:</p>
<p>Generally, this rule will not impact local governments unless the local government owns or operates amusement rides. Local governments that own or operate amusement rides will bear the cost of fees required to obtain an operating permit. It is unknown how many amusement rides may be owned by a local government now or in the future and, therefore, costs are impossible to determine at this time.</p>
<p>C) Small businesses ("small business" means a business employing 1-49 persons):</p>
<p>These proposed administrative rules will impact small businesses that own or operate amusement rides.</p> <p>State law requires a person to obtain an annual permit in order to operate an amusement ride in the state. This rule establishes a fee of \$100 to obtain the required annual permit. The Committee estimates a total of 185 amusement rides owned by small businesses that would need to obtain the required permit and pay the fee.</p> <p>Ride inspectors are also considered a small business. The Committee estimates that there will be approximately 20 inspectors permitted to inspect rides in the . The cost per year that will be incurred by each small business ride inspector is \$25 for the permit (\$50 every other year).</p> <p>It should be noted that while this rule outlines the minimum inspector required insurance and minimum amusement ride insurance, this is simply a repeat of insurance requirements mandated by statute and, therefore, does not impose any new requirements or costs under this rule to small businesses.</p>

<p>D) Non-small businesses ("non-small business" means a business employing 50 or more persons):</p>
<p>The proposed administrative rule will impact non-small businesses that own or operate amusement rides.</p> <p>State law requires a person to obtain an annual permit in order to operate an amusement ride in the state. This rule establishes a fee of \$100 to obtain the required annual permit. The Committee estimates a total of 65 amusement rides owned by non-small businesses that would need to obtain the required permit and pay the fee.</p> <p>It should be noted that while this rule outlines minimum amusement ride insurance, this is simply a repeat of insurance requirements mandated by statute and, therefore, does not impose any new requirements or costs under this rule to non-small businesses.</p>
<p>E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <i>agency</i>):</p>
<p>Persons other than small businesses, non-small businesses, state, or local government entities that own or operate amusement rides will pay fees to obtain the statutorily required ride operation permits or certification fees for a ride inspector. It is unknown how many persons that are not a small business, non-small business, state or local government may seek to operate an amusement ride in the or secure ride inspector certification. Therefore, these costs are impossible to determine at this time.</p> <p>The public may benefit from the increased safety of amusement rides associated with establishment of the amusement ride safety program; however it is impossible to quantify the potential benefit that may be realized by the public.</p>
<p>F) Compliance costs for affected persons:</p>
<p>Compliance costs to a small business, non-small business or person will be dependent on the number of amusement rides operated by a person. A small business that owns and operates a single ride will incur an annual cost of \$100 to secure the statutorily required permit to operate a ride in the . A person that operates multiple rides in the will incur \$100 annually for each ride that must be permitted.</p> <p>Ride safety inspectors will incur \$25 each year (\$50 every other year) to be certified to inspect amusement rides in the state of Utah.</p>
<p>G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)</p>

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends January 14, 2021.

From the end of the 30-day waiting period through April 14, 2021, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

General Information

2. Rule or section catchline:

3. Change in Proposed Rule:		
Changes FILING Name, Publication date of prior filing:	R70-580. Kratom Product Registration and Labeling, Second CPR Filing No. 52663, Published 10/15/2020	
4. Reason for this change:		
This change is needed to increase the limit for microbial contamination set in the original filing and adopt the standards of the American Herbal Products Association. These changes will make it easier for kratom processors to comply with the rule while maintaining product safety for consumers. Changes are also needed to expand acceptable kratom product forms.		
5. Summary of this change:		
This change updates the microbial limit standards in this rule and allows for a gummy as an acceptable kratom product form. (EDITOR'S NOTE: This is the third change in proposed rule (CPR) for Rule R70-580. The original proposed new rule upon which the first CPR was based was published in		

the May 1, 2020, issue of the Utah State Bulletin, on page 16. The first CPR upon which the second CPR is based was published in the June 15, 2020, issue of the Utah State Bulletin, on page 105. The second CPR upon which this third CPR is based was published in the October 15, 2020, issue of the Utah State Bulletin, on page 68. Underlining in the rule below indicates text that has been added since the publication of the proposed new rule mentioned above; strike out indicates text that has been deleted. You must view the first CPR, the second CPR, this third CPR, and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

Fiscal Information

6. Aggregate anticipated cost or savings to:
A) State budget:
There are no anticipated cost or savings to the state budget because this change just clarifies the microbial standards and allowed product forms set forth in this rule and does not change compliance costs or fees charged by the Department of Agriculture and Food (Department).
B) Local government:
There are not anticipated costs or savings to local governments because they do not produce kratom products or regulate kratom production.
C) Small businesses ("small business" means a business employing 1-49 persons):
There are no anticipated cost or savings to small businesses because this change just clarifies the microbial standards and allowed product forms set forth in this rule and does not change compliance costs or fees charged by the Department.
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no anticipated costs or savings non-small businesses because this change just clarifies the microbial standards and allowed product forms set forth in this rule and does not change compliance costs or fees charged by the Department.
E) Persons other than small businesses, non-small businesses, or state or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
There are no anticipated cost or savings to other persons because this change just clarifies the microbial standards and allowed product forms set forth in this rule and does not change compliance costs or fees charged by the Department.

F) Compliance costs for affected persons:			
The compliance costs for affected persons remains the same because the changes just change the microbial limits in this rule to make them slightly less stringent and changed this rule to allow for additional product forms.			
G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at <https://rules.utah.gov/>. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.
