NOTICES OF PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a new rule, a substantive change to an existing rule, or a repeal of an existing rule. Filings received between December 16, 1999, 12:00 a.m., and December 30, 1999, 11:59 p.m., are included in this, the January 15, 2000, issue of the *Utah State Bulletin*.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (e.g., example). Deletions made to existing rules are struck out with brackets surrounding them (e.g., ~~example~~). Rules being repealed are completely struck out. A row of dots in the text (••••) indicates that unaffected text was removed to conserve space. If a PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the filing agency or from the Division of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the *Utah State Bulletin* until at least February 14, 2000. The agency may accept comment beyond this date and will list the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency to hold a hearing on a specific PROPOSED RULE. Section 63-46a-5 (1987) requires that a hearing request be received "in writing not more than 15 days after the publication date of the PROPOSED RULE."

From the end of the public comment period through May 14, 2000, the agency may notify the Division of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than 31 days nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE filing lapses and the agency must start the process over.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. *Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.*

PROPOSED RULES are governed by *Utah Code* Section 63-46a-4 (1996); and *Utah Administrative Code* Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5, R15-4-9, and R15-4-10.

(2) The Board's authority to adopt rules is provided according to Subsection 63C-9-301(3).

(3) As required by Subsection 63C-9-301(4), procurement of architectural and engineering services shall be conducted in accordance with this rule, the provisions of Title 63, Chapter 56, or of Title 63A, Chapter 5 as determined by the Board.

R131-1-2. Definitions.

(1) Terms used in this rule are defined in Section 63-56-5.

(c) "State" means the State of Utah.

R131-1-3. Maintaining a Register of Architectural/Engineering Firms.

The Board shall select registered and licensed architects and engineers that are interested in being considered for state building projects, from the DFCM register/list, prepared in accordance with Section R23-2-3, Utah Administrative Code.

R131-1-4. Notification of Need for Architectural/Engineering Services.

(1) The Board shall publish or cause to have published its needs for architectural/engineering services in the manner provided in Subsection R23-1-5(2). The public notice shall include the following:

(b) The address of the office to which Statements of Qualifications are to be delivered;

(c) The address where a more complete project description may be obtained;

(2) The architects/engineers shall respond with a Statement of Qualifications for each project.

R131-1-5. Appointment of a Selection Committee.

The Executive Director shall appoint a selection committee to review all applications of interested architectural/engineering firms. The committee shall include representatives of the Board, the Office, the State Building Board, and others as deemed appropriate.

R131-1-6. Preliminary Screening and Evaluation.

(1) The selection committee shall independently rate each interested firm. A weighted point system shall be used. A ranking of those qualified firms shall be made by using a composite scoring of all the individual rater's scores.

(2) The following criteria shall be used in the evaluation and ranking of firms for possible awards:

(a) Competence to perform the services as reflected by technical training and education, specialized experience in providing similar services, and the qualifications and competence of persons who would be assigned to assist with the performance of the services;

(b) Capacity to perform the services in the required time as reflected by present workload, availability of adequate personnel, equipment, and facilities;

(c) Past performance as reflected by the evaluation of the services of the architect/engineer; including such factors as control of costs, quality of work, and ability to meet deadlines; and

(d) Proximity of firm to the project.

R131-1-7. Interviews with Architectural/Engineering Firms.

(1) For all projects, interviews shall be held with no less than the top three ranked firms competing for the project design commission. The number of firms interviewed per project may vary according to the size and complexity of the project. Multiple interviews may be held on smaller projects at the discretion of the Executive Director.

(2) Firms selected to be interviewed shall be provided with as much pertinent information as possible of the job at least one week prior to the interview.

(3) After composite rankings or interviews are completed, the selection committee shall select the top three and rank them in order of selection.

R131-1-8. Negotiation and Appointment.

(1) The Executive Director shall negotiate with the top-ranked architectural or engineering firm to finalize the details of the project. If there are problems with reaching agreement, the Executive Director shall present a written offer of the terms which

must then be accepted or rejected in writing by the architectural/engineering firm. If the offer is rejected by the top-ranked firm, the Executive Director may negotiate with the second-ranked firm to obtain an agreement. If negotiations with the second-ranked firm are not able to be successfully concluded, the Office may negotiate with the third-ranked firm.

(2) Following completion of negotiations, the Executive Director will present the choice of the selected firm to the Board for approval, to enter into a contract with the selected firm. Upon Board approval, the Executive Director will enter into a contract with the selected firm. Other firms who were interviewed shall receive notification of award.

R131-1-9. Role of the Board.

(1) The Executive Director shall establish and monitor the selection process, may take appropriate steps to verify the acceptability of the procedure, and make changes in procedure at any time as may be determined necessary by the Board.

(2) At each meeting of the Board, the Executive Director shall submit a list of all architect/engineer contracts entered into, and a description of the method(s) of selection used to the Board as a second review of actions taken.

R131-1-10. Performance Evaluation.

(1) The Executive Director shall, throughout the course of, and at the end of the contract, evaluate the performance of the architectural/engineering firm; verbally and in writing. There shall be at least one verbal review of the architectural/engineering firm's performance on each project, prior to the project's completion. The Executive Director shall also advise the architectural/engineering firm, in writing, about their performance at the end of the project. If the firm wishes to respond to those evaluation(s), it may enter its response(s) in the file.

R131-1-11. Emergency Conditions.

The Executive Director, in consultation with the chairman of the Board, shall determine if it is necessary to respond to any emergency conditions that may occur. He shall also document his decision to take emergency action in writing. The Executive Director may use any reasonable method of awarding architect/engineer design contracts when emergency conditions occur. If the Executive Director determines that a particular specialization is needed, he may appoint any firm(s) he finds may be necessary to accomplish work on the emergency project design.

R131-1-12. Direct Awards.

(1) The Executive Director may award a contract to an architectural/engineering firm without following the procedures of this rule if:

(a) The contract is for a project which is integrally related to, or an extension of, a project which was awarded to the architectural/engineering firm;

(b) The architectural/engineering firm performed satisfactorily on any similar or related project; and

(c) The Executive Director determines that the direct award is in the best interests of the State.

(2) The Executive Director shall place written documentation of the reasons for the direct award in the project file and shall report the action to the Board at its next meeting.

R131-1-13. Small Purchases.

(1) If the Executive Director determines that the services of architects and engineers can be procured for less than \$50,000, or if the estimated construction cost of the project is less than \$500,000, the procedures contained in Subsection (2) below, may be used.

(2) Before contacting any person to perform the required services, the Executive Director may refer to or examine any current statements of qualifications on file with the Office. Following that, the Executive Director may contact a qualified firm and negotiate a contract for the required services at a fair and reasonable price. If no current statements of qualifications are on file or if the statements on file are, in the judgment of the Executive Director, inadequate to determine a qualified firm, technical proposals or statements of qualifications shall be solicited. If, after negotiations, the parties cannot agree upon a price that, in the Executive Director's judgment, is fair and reasonable, negotiations shall be terminated with that firm and negotiations begun with another qualified firm. This process shall continue until a contract is negotiated that reflects a fair and reasonable price and meets the necessary conditions of the project.

R131-1-14. Alternative Procedures.

(1) The Board may revise or enhance the procurement process whenever the Executive Director determines that it would be in the best interest of the State. Examples of enhancements or changes which may be made include design competitions and outside representation on selection committees.

(2) Any exceptions to this rule shall be justified to and approved by the Board.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The division needed to make some changes with respect to advisory peer committees.

SUMMARY OF THE RULE OR CHANGE: Changes are being made to change the person who makes appointments to peer or advisory committees from the director of the division to the executive director of the department. Deletes the requirement that boards accept or reject nominations. This provision was contrary to statute which provides that boards are advisory to the division rather than final decision making bodies. Additional wording changes were made to clarify and simplify the process of appointments.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 58-1-106(1)

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: Minimal costs will be incurred by the division to reprint the rules once the proposed changes are made effective. Any costs incurred will be absorbed in the division's current budget.

❖LOCAL GOVERNMENTS: Proposed rules do not apply to local governments; therefore, no cost or savings.

❖OTHER PERSONS: The division does not anticipate any costs or savings to other persons, or to persons who may be appointed to a peer or advisory committee as the proposed changes are only amending who appoints the committee members. Peer or advisory committee members do not receive a per diem or any mileage reimbursement for their service.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The Division does not anticipate any costs or savings to other persons, or to persons who may be appointed to a peer or advisory committee as the proposed changes are only amending who appoints the committee members. Peer or advisory committee members do not receive a per diem or any mileage reimbursement for their service.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule amendment is to bring the rules into compliance with the law. The statute provides that the members of the advisory boards are appointed by the executive director of the Department of Commerce. The current rule incorrectly purports to provide for the appointment of peer or advisory committee members by the division director, which this amendment corrects and conforms the rules to the governing law. Implementation of this amendment will have no impact upon the state budget, local governments, regulated professionals, or the general public--Klare Bachman (Acting Executive Director)

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The division wants to amend the rules to eliminate the requirement for a quality review provider and allow an individual to perform the quality review.

SUMMARY OF THE RULE OR CHANGE: Changed the term "provider" to "reviewer" throughout the section, thus eliminating the need for an additional layer of regulation. Also make some minor wording modifications to the section.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-31b-101, and Subsections 58-1-106(1) and 58-1-202(1)

ANTICIPATED COST OR SAVINGS TO:

❖ **THE STATE BUDGET:** Minimal costs will be incurred by the division to reprint the rules once they are made effective. Any costs incurred will be absorbed in the division's current budget.

❖ **LOCAL GOVERNMENTS:** Potential savings to local government agencies in that any local government agency that hires advanced practice registered nurses (APRNs) will not incur the additional costs of hiring a quality review provider as a result of the changes being proposed.

❖ **OTHER PERSONS:** Overall cost savings are anticipated to anyone who is or employs APRNs because the need to pay

for a quality review provider is eliminated and individuals can now provide the service.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The Nurse Practice Act (Title 58, Chapter 31b) requires APRNs to participate in quality review. The cost will vary from free service to hundreds of dollars. By eliminating the provider requirement, the cost should decrease for the licensee.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule change is to eliminate an additional layer of expense and bureaucracy by allowing quality reviews to be performed by licensed practitioners knowledgeable in advanced practice registered nursing. The only additional expense to the state budget will be the nominal fee of printing the new rules and there will be no impact on local governments. Although there is the possibility that savings could be passed on to the patients, it is expected that the impact on the public will be neutral. Those in the profession and employers of such professionals will have the potential of saving the current cost of hiring a quality review provider since the service can be rendered by an individual already on staff under the proposed rule amendment. The amount of savings will vary greatly depending upon circumstances and preferences, and is not readily capable of being estimate--

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The Compact Administrators Group met and discussed the proposed Compact Rules. Some state attorneys believed the proposed language eliminated the required due process rights of individuals. The proposed amendment brings the Utah rules into compliance with the rules adopted by Texas and Maryland.

SUMMARY OF THE RULE OR CHANGE: Eliminates the automatic cease and desist order when an individual is denied licensure in a new home state.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-31c-103 and Subsection 58-1-106(1)

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: Minimal costs will be incurred by the division to reprint the rules once they are made effective. Any costs incurred will be absorbed in the current division budget. Also, the elimination of a mandatory cease and desist order may decrease compliance costs because the state may not choose to issue such an order.

❖LOCAL GOVERNMENTS: The division does not anticipate any costs or savings to local governments. However, if a local government agency hires someone who is working on a licensure privilege, that person could continue to work while the denial of licensure is pursued.

❖OTHER PERSONS: The division does not anticipate any direct costs to individuals as a result of this amendment. The individual who has been denied licensure may choose to appeal the decision or the state may choose to issue a petition for failure to meet licensure criteria. Either situation could entail legal costs.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The division does not anticipate any direct costs to individuals as a result of this amendment. The individual who has been denied licensure may choose to appeal the decision or the state may choose to issue a petition for failure to meet licensure criteria. Either situation could entail legal costs.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT

THE RULE MAY HAVE ON BUSINESSES: This proposed rule change is a result of the need to harmonize and make uniform the rules in effect in Utah with those in the sister compact states by eliminating the mandatory cessation of practice under a multistate license when licensure in Utah, as a new home state for the multistate license, is denied. Other than the nominal expense of reprinting the rules, there will be no negative impact upon the state budget unless the division determines to seek a cease and desist order to prevent the Utah rejected applicant from practicing in Utah under his multistate license issued in a sister compact state. There will be no impact upon local governments and the costs, if any, to the regulated profession will depend upon whether he or she appeals the division's licensing decision--Klare Bachman (Acting Executive Director)

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The division is making the review process for applications more efficient and timely by allowing division staff to review the

majority of applications. Also, the proposed rule recognizes the national pass score in preparation of the EPPP examination becoming computerized. Our current passing score of 70% will not equate with the implementation of the new computerized examination.

SUMMARY OF THE RULE OR CHANGE: In Section R156-61-302a, added that the division will recognize education programs which are accredited by the American Psychological Association (APA) as meeting the educational course work requirements. This proposed change will eliminate the need for board members to review applications from applicants who have graduated from an APA accredited program. In Section R156-61-302c, changes are made to establish the national passing score as the recognized passing score on the Examination for the Professional Practice of Psychology (EPPP).

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-61-101, and Subsections 58-1-106(1) and 58-1-202(1)

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: Minimal costs will be imposed by the division to reprint the rules once these proposed changes are made effective. Any costs involved in the printing of rules will be absorbed in the current division budget. Eliminating the board review of the majority of cases will decrease the need for board meetings. The division anticipates three board meetings can be eliminated for a savings of approximately \$1,000 to the division's budget.

❖LOCAL GOVERNMENTS: If a local government agency hires someone who graduated from an accredited program, the time to license the individual will be approximately one to two months less, thus the agency will be able to hire the person more quickly.

❖OTHER PERSONS: Individuals applying for licensure as a psychologist who have graduated from an accredited program will be able to complete the licensure process within two to three weeks, rather than months. This will allow them to be licensed and collecting a salary much sooner. It should be noted that once the EPPP examination becomes computerized, the testing fee will increase approximately \$100 per candidate.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The proposed changes impose no additional costs. An individual will still need to apply for licensure, but may be approved for a license much sooner than before. It should be noted that once the EPPP examination becomes computerized, the testing fee will increase approximately \$100 per candidate.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule is to recognize psychology degrees from institutions with programs accredited by the American Psychological Association and eliminate the need for the board to do a course-by-course analysis of the education of applicants from such an institution. Adoption will permit the division personnel to review the applications. The proposed rule also recognizes the national pass score on the required exam to meet the examination qualifications for licensure.

The impact on the state budget will be a minor expense for printing the rules, which will be more than offset by an elimination of approximately three board meetings a year, with annual savings estimated at \$1,000. Adoption of the amendment will positively impact local governments hiring practitioners of the regulated profession since the period from application to licensure will be reduced by up to two months. Applicants from accredited programs seeking licensure in the regulated profession will benefit from a shrinkage of the time required for application consideration from as much as two months currently to as little as two weeks upon implementation of this amended rule. There will be an additional expense to applicants of approximately \$100 per candidate as a result of the implementation of computerized testing, but this is attributable to the testing organization rather than this amendment--Klare Bachman (Acting Executive Director)

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The division needed to define and clarify the provisions of Subsection 58-66-604(1), with respect to the conducting of tough man contests.

SUMMARY OF THE RULE OR CHANGE: A new Section R156-66-604gg, regarding tough man contests, was added. A new Section R156-66-604hh, regarding limitations on tough man contests, was also added. This new section defines the limitations of a tough man contest and requires that contestants supply evidence that they are in good physical condition and test negative for the HIV virus. A new Section R156-66-606 was added which makes participation by a licensee in an ultimate fighting match unprofessional conduct and grounds for revocation of licensure.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 58-66-101 and 58-66-604, and Subsections 58-1-106(1) and 58-1-202(1)

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: Minimal costs to the division will be incurred by the need to reprint the rules once they are made effective. Any costs incurred will be absorbed in the current division budget. No additional costs or savings are anticipated.

❖LOCAL GOVERNMENTS: No costs or savings are anticipated to local governments. The proposed amendments only further clarify how tough man contests are to be held and do not create any costs or savings to local government agencies.

❖OTHER PERSONS: No costs or savings are anticipated to the general public. The proposed amendments clarify how a tough man contest will be conducted and prohibits ultimate fighting by any licensee. Minimal costs will be incurred by tough man contestants to obtain a physical examination and a HIV test. The costs incurred by a tough man contestant could vary depending on where the contestant obtains the physical examination and HIV test.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Minimal costs will be incurred by tough man contestants to obtain a physical examination and a HIV test. The costs incurred by a tough man contestant could vary depending on where the contestant obtains the physical examination and HIV test.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule amendment is to address a provision in the licensing act requiring the division to write rules regarding the holding of tough man contests. The proposed rules establish certain minimal standards governing such an event and require that the contestants supply evidence that they are in good physical condition and test negative for the HIV virus. The proposed rule further makes participation by a licensee in an ultimate fighting match unprofessional conduct and therefore grounds for revocation of licensure. The proposed amendments will have no impact upon the state budget, local governments, or the general public. The costs of compliance by licensees should be minimal and consist of obtaining a physical examination and HIV test, which steps any person participating in such an event should already have taken--

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a PROPOSED RULE in the *Utah State Bulletin*, it may receive public comment that requires the PROPOSED RULE to be altered before it goes into effect. A CHANGE IN PROPOSED RULE allows an agency to respond to comments it receives.

As with a PROPOSED RULE, a CHANGE IN PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the CHANGE IN PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the CHANGE IN PROPOSED RULE is usually printed. The text shows only those changes made since the PROPOSED RULE was published in an earlier edition of the *Utah State Bulletin*. Additions made to the rule appear underlined (e.g., example). Deletions made to the rule appear struck out with brackets surrounding them (e.g., [example]). A row of dots in the text (•••••) indicates that unaffected text was removed to conserve space. If a CHANGE IN PROPOSED RULE is too long to print, the Division of Administrative Rules will include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the agency or from the Division of Administrative Rules.

While a CHANGE IN PROPOSED RULE does not have a formal comment period, there is a 30-day waiting period during which interested parties may submit comments. The 30-day waiting period for CHANGES IN PROPOSED RULES published in this issue of the *Utah State Bulletin* ends February 14, 2000. At its option, the agency may hold public hearings.

From the end of the waiting period through May 14, 2000, the agency may notify the Division of Administrative Rules that it wants to make the CHANGE IN PROPOSED RULE effective. When an agency submits a NOTICE OF EFFECTIVE DATE for a CHANGE IN PROPOSED RULE, the PROPOSED RULE as amended by the CHANGE IN PROPOSED RULE becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file another CHANGE IN PROPOSED RULE in response to additional comments received. If the Division of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or another CHANGE IN PROPOSED RULE, the CHANGE IN PROPOSED RULE filing, along with its associated PROPOSED RULE, lapses and the agency must start the process over.

CHANGES IN PROPOSED RULES are governed by *Utah Code* Section 63-46a-6 (1996); and *Utah Administrative Code* Rule R15-2, and Sections R15-4-3, R15-4-5, R15-4-7, and R15-4-9.

NOTICE OF CHANGE IN PROPOSED RULE

DAR FILE NO.: 22318

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: A rule hearing was held on September 28, 1999, addressing many changes to the rules. Based on the public comment, additional changes are being proposed. Also, during the public comment period, several individuals and groups expressed concern with the implementation of the administration of medications section and the requirement of Administrative Guidelines Agreement.

SUMMARY OF THE RULE OR CHANGE: Throughout the rule, the title of the Utah Society of Health-System Pharmacists has been corrected. Corrects the name of the Pharmacy Technician Certification Board. Deleted the requirement for an Administrative Guideline Agreement. Updated the United States Pharmacopeia/National Formulary (USP/NF) to the January 1, 2000, edition. Revised the section regarding pharmacist administration training.

(DAR Note: The original proposed amendment upon which this change in proposed rule is based was published in the September 1, 1999, issue of the *Utah State Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 58-17a-101 and 58-37-1, and Subsections 58-1-106(1) and 58-1-202(1)

THIS RULE OR CHANGE INCORPORATES BY REFERENCE THE FOLLOWING MATERIAL: United States Pharmacopeia/National Formulary (USP/NF), through Supplement 1 (January 1, 2000)

ANTICIPATED COST OR SAVINGS TO:

❖**THE STATE BUDGET:** Minimal cost to the division to reprint the rules once they are made effective. Any cost associated with the reprinting will be absorbed in the division's current budget. By eliminating the Administrative Guidelines Agreement, protocols will be required to be reviewed by the medical and pharmacy boards. These boards generally meet monthly and such a review can be completed during the regularly scheduled meetings.

❖**LOCAL GOVERNMENTS:** There may be potential savings to local health departments due to a shifting of the administration of immunizations/medications to pharmacies.

❖**OTHER PERSONS:** If a pharmacist chooses to administer medications, there will be a cost to the pharmacist to complete the training required. Training costs range from zero to \$400 per person, depending on where the classes are taken. The costs of training will be offset by future revenue

generated from administering medications. The division is unable to determine how many pharmacists will choose to administer medications. There are no costs to a pharmacist who chooses not to administer.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Those pharmacists who choose to administer medications will be required to pay for the training. The cost of training ranges from zero to \$400, depending on where the classes are taken.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule amendment is to bring the rules into compliance with changes to the licensing act enacted by the legislature and to remove, pending further review, a provision of the amendment to the rules previously proposed setting out a guideline of medications which can be administered by specially trained pharmacists without medical oversight. The protocols for administration of medications by specially trained pharmacists will have to be reviewed by both the medical board and the pharmacy, but such reviews can be conducted during normal board meetings, which will result in no negative impact upon the state budget with the exception of the nominal cost of reprinting the rules. There is a potential savings to local government health departments with the possible shift of the administration of certain immunizations/medications to pharmacies, but it is impossible to estimate the potential positive impact on local governments. There will be no costs to practitioners of the regulated profession unless they choose to become specially trained, in which case the expenses of such training is estimated to range from zero to \$400, with the total costs being impossible to estimate with any degree of certainty without knowledge of how many pharmacists might choose to obtain the training. There will be the potential of savings to the public from possibly lower costs of having certain immunizations/medications currently requiring a visit to a physician being performed by a pharmacist at a pharmacy--Klare Bachman (Acting Executive Director)

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This amendment is to incorporate changes made as a result of comments received on the original proposed rule.

SUMMARY OF THE RULE OR CHANGE: Deleted definitions that related to the supervision of trainees as this classification of licensure is being eliminated. Eliminates inspector trainee as a classification of licensure except for the ones already granted. The proposed changes allow continued licensure of residential inspectors as limited inspectors rather than as inspector trainees as anticipated under the original rule. Proposed changes further delay the date in which these inspectors would need to obtain a national certification.

(DAR Note: The original proposed amendment upon which this change in proposed rule is based was published in the October 15, 1999, issue of the *Utah State Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-56-1, and Subsections 58-56-4(2), 58-56-6(2)(a), 58-1-106(1), and 58-1-202(1)

ANTICIPATED COST OR SAVINGS TO:

❖**THE STATE BUDGET:** The division anticipates only a very limited savings of division employee time in processing simpler applications for building inspectors.

❖**LOCAL GOVERNMENTS:** These proposed changes may indirectly affect local government entities which hire licensed building inspectors if the local governments absorb the costs of licensure that building inspectors incur (see explanation given under other persons). The proposed changes further delay the national certification requirement so, if anything, they could have a minor positive effect on local governments.

❖**OTHER PERSONS:** Some building inspector licensees will be affected by the proposed changes. The costs as outlined in the original rule filing will still apply; however, the time period that is allowed to complete the national certification process is extended under the proposed changes.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Some building inspector licensees will be affected by the proposed changes. The costs as outlined in the original rule filing will still apply; however, the time period that is allowed to complete the national certification process is extended under the proposed changes.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: The purpose of this proposed rule amendment is to address issues raised in comments to the proposed new rules governing residential building inspectors. This proposed amendment eliminates the classification of inspector trainee and permits currently licensed inspectors to practice under their existing limited license until it expires or they pass the national certification examination. The state budget may nominally benefit from decreased processing time for the simpler applications required as a result of this rule change. There may be minimal initial savings to local governments who both hire and absorb the licensing costs of inspectors due to the extension of new licensure until the national certification examination is in effect. There should be no discernable impact upon the general public and the impact upon the

regulated profession will be a potential initial benefit through the extension of the licensure period but will be offset by the attendant costs of the national certification examination-- Klare Bachman (Acting Executive Director)

 Factory Built Housing Dealer Bonds

NOTICE OF CHANGE IN PROPOSED RULE
 DAR FILE NO.: 22478
 FILED: 12/16/1999, 14:23
 RECEIVED BY: NL

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: After recent comments with respect to the proposed rules and after a public hearing, the division is proposing two minor changes. The division needs to implement a change made in Title 58, Chapter 56, during the 1999 legislative session which requires bonds for factory built housing dealers. (**DAR Note:** H.B. 71 is found at 1999 Utah Laws 42, and was effective May 3, 1999.)

SUMMARY OF THE RULE OR CHANGE: In Subsection R156-56-602(1), deleted the words "or one of equivalent status" with respect to the required bond. It was pointed out there is no criteria for what the equivalent status is and it appears that there is no equivalent status to the primary requirement in the proposed rule. In Subsection R156-56-602(2), changed the word "suffered" to "which may occur" to be more

grammatically correct. Section R156-56-602 is being added with respect to factory built housing dealer bonds. The proposed rule sets the bond amount required for licensure as \$50,000 and defines coverage of the bond as losses suffered as a result of unlawful and unprofessional conduct of a licensee.

(DAR Note: The original proposed amendment upon which this change in proposed rule is based was published in the November 15, 1999, issue of the *Utah State Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 58-56-1, and Subsections 58-1-106(1), 58-1-202(1), 58-56-4(2), and 58-56-6(2)(a)

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: The division does not anticipate any costs or savings associated with this rule filing. This modification does not change the cost impact that was addressed in the original rule filing.

❖LOCAL GOVERNMENTS: The proposed rule does not affect local governments; therefore, no cost or savings.

❖OTHER PERSONS: The division does not anticipate any costs or savings associated with this rule filing. This modification does not change the cost impact which was addressed in the original rule filing.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The division does not anticipate any costs or savings associated with this rule filing. This modification does not change the cost impact which was addressed in the original rule filing.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: This proposed rule amendment is in response to comments made upon the filing of the previous proposed amendment to eliminate a potentially confusing provision and to make a single grammatical change to the pending proposed rule amendments. The prior proposed amendment provided for the posting of an "equivalent status" bond when in fact no equivalent to the named form of surety exists. This amendment, therefore, eliminates that provision and the confusion it might have caused. The grammatical change is from use of the phrase "losses suffered" to "losses which may occur." The adoption of this proposed amendment will have no impact upon the state budget, local governments, the regulated profession or the general public--Klare Bachman (Acting Executive Director)

NOTICE OF CHANGE IN PROPOSED RULE

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: This rule is proposing further changes as a result of comments made during the hearing and comment period.

SUMMARY OF THE RULE OR CHANGE: a) Two additional references are added to the Section R590-170-1 (Authority): Section 31A-23-307, "Title insurance agents' business," and Section 31A-23-310, "Trust obligation for funds collected"; b) Section R590-170-3 changes "premium, fee, or tax" from singular to plural; c) clarification is added to Subsection R590-170-4(4), noting that the nonlicensee signatory must have "specific responsibility for the licensee's trust account";

d) In Subsections R590-170-5(1) and R590-170-5(2), "only include" has been changed to "be limited to"; e) Section R590-170-6 has been significantly changed, replacing most of Subsection R590-170-6(2), and all of Subsections R590-170-6(3) and R590-170-6(4). The changes permit a licensee to either, via a contract between them and the insurer, allow the insurer into their trust accounts to withdraw funds electronically, or, set up a separate fund for each insurer to withdraw funds from electronically. It also requires the insurer to report to the commissioner on January 15 of each year the licensees that they have such a contract with and the line of business involved.

(DAR Note: The original proposed amendment upon which this change in proposed rule is based was published in the December 1, 1999, issue of the *Utah State Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 31A-2-201, 31A-23-307, 31A-23-310, 31A-23-312, 31A-25-302, and 31A-25-305

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: This rule will not increase or decrease the fees coming into the department because the change in the rule does not require a rate or form filing. The rule change allows for changes in the agencies financial accounting system that would affect their relationship with the insurer for whom they hold money. They do not affect the relationship of the agency or insurer with the Insurance Department. Therefore, no increase or reduction of department personnel would be required.

❖LOCAL GOVERNMENTS: This rule will not affect local government. The rule is regulated by a state government agency to which all fees are paid by its licensees.

❖OTHER PERSONS: The new changes will give the licensee (agency) an option to either have a separate trust account for each insurer they do electronic transfer business with, or have one trust account that all of their insurers can withdraw from. The latter option will simplify the process of setting up an account for each insurer to setting up just one account for all of the insurers a licensee does business with. This will also eliminate the cost of opening multiple trust accounts. Licensees should already have a trust account with a bank. The reporting requirement of the name, address, and line of authority of each insurer using electronic transfer should only require a minimal amount of time and no special training to complete.

COMPLIANCE COSTS FOR AFFECTED PERSONS: The new changes will give the licensee (agency) an option to either have a separate trust account for each insurer they do electronic transfer business with, or have one trust account that all of their insurers can withdraw from. The latter option will simplify the process of setting up an account for each insurer to setting up just one account for all of the insurers a licensee does business with. This will also eliminate the cost of opening multiple trust accounts. Licensees should already have a trust account with a bank. The reporting requirement of the name, address, and line of authority of each insurer using electronic transfer should only require a minimal amount of time and no special training to complete.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: With the new changes made to this rule, the fiscal impact is reduced almost completely. The only expense would be to the insurer in completing a simple report annually to the commissioner and to change or set up contracts with a licensee regarding the standards for the electronic transfer of accounts from a trust account.

End of the Changes in Proposed Rules Section

NOTICES OF 120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that the regular rulemaking procedures would:

- (a) cause an imminent peril to the public health, safety, or welfare;
- (b) cause an imminent budget reduction because of budget restraints or federal requirements; or
- (c) place the agency in violation of federal or state law (*Utah Code* Subsection 63-46a-7(1) (1996)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references. A row of dots in the text (••••) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective at the moment the Division of Administrative Rules receives the filing, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule.

Because 120-DAY RULES are effective immediately, the law does not require a public comment period. However, when an agency files a 120-DAY RULE, it usually files a PROPOSED RULE at the same time, to make the requirements permanent. Comment may be made on the proposed rule. Emergency or 120-DAY RULES are governed by *Utah Code* Section 63-46a-7 (1996); and *Utah Administrative Code* Section R15-4-8.

NOTICE OF 120-DAY (EMERGENCY) RULE

DAR FILE NO.: 22571

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Rule R131-1 establishes procedures for the procurement of architectural and engineering services by the State Capitol Preservation Board as required by H.B. 300 (1998).

SUMMARY OF THE RULE OR CHANGE: To provide for the procurement of architectural and engineering services for the State Capitol.

(DAR Note: A corresponding proposed new rule is under DAR No. 22572 in this *Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 63C-9-301

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: This rule implements requirements for the procurement of architectural and engineering services

which are substantially similar to the rules previously promulgated and enforced by the Division of Facilities Construction and Management (DFCM). Therefore, there is no change in cost or savings to the state budget.

❖LOCAL GOVERNMENTS: This rule implements requirements for the procurement of architectural and engineering services which are substantially similar to the rules previously promulgated and enforced by DFCM. Therefore, there is no change in cost or savings to the local government.

❖OTHER PERSONS: This rule implements requirements for the procurement of architectural and engineering services which are substantially similar to the rules previously promulgated and enforced by DFCM. Therefore, there is no change in cost or savings to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There will be no change to DFCM. In Subsection 63C-9-301(4) it states that the board shall adopt procurement rules substantially similar to the requirements of Title 63, Chapter 56, Utah Procurement Code.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There will be no additional fiscal impact by this rule. The Capitol Preservation Board will be essentially adopting DFCM rules.

EMERGENCY RULE REASON AND JUSTIFICATION: REGULAR RULEMAKING PROCEDURES WOULD place the agency in violation of federal or state law.

H.B. 330 established the State Capitol Preservation Board. The statute requires the Board to establish rules. This is in response to that requirement.

(DAR Note: H.B. 330 is found at 1998 Utah Laws 285, and was effective July 1, 1998.)

R131. Capitol Preservation Board (State), Administration.

R131-1. Procurement of Architectural and Engineering Services.

R131-1-1. Purpose and Authority.

(1) As provided by Subsection 63-56-14(1), this rule establishes procedures for the procurement of architectural and engineering services by the State Capitol Preservation Board.

(2) The Board's authority to adopt rules is provided according to Subsection 63C-9-301(3).

(3) As required by Subsection 63C-9-301(4), procurement of architectural and engineering services shall be conducted in accordance with this rule, the provisions of Title 63, Chapter 56, or of Title 63A, Chapter 5 as determined by the Board.

R131-1-2. Definitions.

(1) Terms used in this rule are defined in Section 63-56-5.

(2) In addition:

(a) "Executive Director" means the Executive Director of the Capitol Preservation Board or authorized designee.

(b) "Office" means the staff and facilities of the executive-director to the Board pursuant to Sections 63C-9-401, and 402.

(c) "State" means the State of Utah.

R131-1-3. Maintaining a Register of Architectural/Engineering Firms.

The Board shall select registered and licensed architects and engineers that are interested in being considered for state building projects, from the DFCM register/list, prepared in accordance with Section R23-2-3, Utah Administrative Code.

R131-1-4. Notification of Need for Architectural/Engineering Services.

(1) The Board shall publish or cause to have published its needs for architectural/engineering services in the manner provided in Subsection R23-1-5(2). The public notice shall include the following:

(a) The closing time and date for the submission of Statement of Qualifications:

(b) The address of the office to which Statements of Qualifications are to be delivered;

(c) The address where a more complete project description may be obtained;

(d) A brief description of the project; and

(e) A notice of any mandatory pre-submittal meetings.

(2) The architects/engineers shall respond with a Statement of Qualifications for each project.

R131-1-5. Appointment of a Selection Committee.

The Executive Director shall appoint a selection committee to review all applications of interested architectural/engineering firms. The committee shall include representatives of the Board, the Office, the State Building Board, and others as deemed appropriate.

R131-1-6. Preliminary Screening and Evaluation.

(1) The selection committee shall independently rate each interested firm. A weighted point system shall be used. A ranking of those qualified firms shall be made by using a composite scoring of all the individual rater's scores.

(2) The following criteria shall be used in the evaluation and ranking of firms for possible awards:

(a) Competence to perform the services as reflected by technical training and education, specialized experience in providing similar services, and the qualifications and competence of persons who would be assigned to assist with the performance of the services;

(b) Capacity to perform the services in the required time as reflected by present workload, availability of adequate personnel, equipment, and facilities;

(c) Past performance as reflected by the evaluation of the services of the architect/engineer; including such factors as control of costs, quality of work, and ability to meet deadlines; and

(d) Proximity of firm to the project.

R131-1-7. Interviews with Architectural/Engineering Firms.

(1) For all projects, interviews shall be held with no less than the top three ranked firms competing for the project design commission. The number of firms interviewed per project may vary according to the size and complexity of the project. Multiple interviews may be held on smaller projects at the discretion of the Executive Director.

(2) Firms selected to be interviewed shall be provided with as much pertinent information as possible of the job at least one week prior to the interview.

(3) After composite rankings or interviews are completed, the selection committee shall select the top three and rank them in order of selection.

R131-1-8. Negotiation and Appointment.

(1) The Executive Director shall negotiate with the top-ranked architectural or engineering firm to finalize the details of the project. If there are problems with reaching agreement, the Executive Director shall present a written offer of the terms which must then be accepted or rejected in writing by the architectural/engineering firm. If the offer is rejected by the top-ranked firm, the Executive Director may negotiate with the second-

ranked firm to obtain an agreement. If negotiations with the second-ranked firm are not able to be successfully concluded, the Office may negotiate with the third-ranked firm.

(2) Following completion of negotiations, the Executive Director will present the choice of the selected firm to the Board for approval, to enter into a contract with the selected firm. Upon Board approval, the Executive Director will enter into a contract with the selected firm. Other firms who were interviewed shall receive notification of award.

R131-1-9. Role of the Board.

(1) The Executive Director shall establish and monitor the selection process, may take appropriate steps to verify the acceptability of the procedure, and make changes in procedure at any time as may be determined necessary by the Board.

(2) At each meeting of the Board, the Executive Director shall submit a list of all architect/engineer contracts entered into, and a description of the method(s) of selection used to the Board as a second review of actions taken.

R131-1-10. Performance Evaluation.

(1) The Executive Director shall, throughout the course of, and at the end of the contract, evaluate the performance of the architectural/engineering firm; verbally and in writing. There shall be at least one verbal review of the architectural/ engineering firm's performance on each project, prior to the project's completion. The Executive Director shall also advise the architectural/engineering firm, in writing, about their performance at the end of the project. If the firm wishes to respond to those evaluation(s), it may enter its response(s) in the file.

R131-1-11. Emergency Conditions.

The Executive Director, in consultation with the chairman of the Board, shall determine if it is necessary to respond to any emergency conditions that may occur. He shall also document his decision to take emergency action in writing. The Executive Director may use any reasonable method of awarding architect/engineer design contracts when emergency conditions occur. If the Executive Director determines that a particular specialization is needed, he may appoint any firm(s) he finds may be necessary to accomplish work on the emergency project design.

R131-1-12. Direct Awards.

(1) The Executive Director may award a contract to an architectural/engineering firm without following the procedures of this rule if:

(a) The contract is for a project which is integrally related to, or an extension of, a project which was awarded to the architectural/engineering firm;

(b) The architectural/engineering firm performed satisfactorily on any similar or related project; and

(c) The Executive Director determines that the direct award is in the best interests of the State.

(2) The Executive Director shall place written documentation of the reasons for the direct award in the project file and shall report the action to the Board at its next meeting.

R131-1-13. Small Purchases.

(1) If the Executive Director determines that the services of architects and engineers can be procured for less than \$50,000, or if the estimated construction cost of the project is less than \$500,000, the procedures contained in Subsection (2) below, may be used.

(2) Before contacting any person to perform the required services, the Executive Director may refer to or examine any current statements of qualifications on file with the Office. Following that, the Executive Director may contact a qualified firm and negotiate a contract for the required services at a fair and reasonable price. If no current statements of qualifications are on file or if the statements on file are, in the judgment of the Executive Director, inadequate to determine a qualified firm, technical proposals or statements of qualifications shall be solicited. If, after negotiations, the parties cannot agree upon a price that, in the Executive Director's judgment, is fair and reasonable, negotiations shall be terminated with that firm and negotiations begun with another qualified firm. This process shall continue until a contract is negotiated that reflects a fair and reasonable price and meets the necessary conditions of the project.

R131-1-14. Alternative Procedures.

(1) The Board may revise or enhance the procurement process whenever the Executive Director determines that it would be in the best interest of the State. Examples of enhancements or changes which may be made include design competitions and outside representation on selection committees.

(2) Any exceptions to this rule shall be justified to and approved by the Board.

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Rule R131-7 establishes this rule to provide a procedure for the Executive Director to devise and develop a master planning process for Capitol Hill Facilities, for future capital facilities expansion of the State Capitol grounds, and for projected Capitol Hill facility growth needs as required by H.B. 330 (1998).

SUMMARY OF THE RULE OR CHANGE: To provide a procedure for the Executive Director to devise and develop a master planning process for Capitol Hill facilities and future Capitol Hill facilities needs.

(DAR Note: A corresponding proposed new rule is under DAR No. 22574 in this *Bulletin*.)

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 63C-9-301

ANTICIPATED COST OR SAVINGS TO:

❖THE STATE BUDGET: This rule implements requirements for the executive director to devise and develop a long-range master plan for the Capitol Hill facilities and grounds which are substantially similar to the rules previously promulgated and enforced by the Division of Facilities Construction and Management (DFCM). Therefore, there is no change in cost or savings to the state budget.

❖LOCAL GOVERNMENTS: This rule implements requirements for the executive director to devise and develop a long-range master plan for the Capitol Hill facilities and grounds which are substantially similar to the rules previously promulgated and enforced by DFCM. Therefore, there is no change in cost or savings to the local government.

❖OTHER PERSONS: This rule implements requirements for the executive director to devise and develop a long-range master plan for the Capitol Hill facilities and grounds which are substantially similar to the rules previously promulgated and enforced by DFCM. Therefore, there is no change in cost or savings to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: There will be no change to DFCM. In Subsection 63C-9-301(1)(d)(ii) it states that the board shall review and approve the executive director's long-range master plan for the Capitol Hill facilities and Capitol Hill grounds.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: There will be no additional fiscal impact by this rule. The Capitol Preservation Board will be essentially adopting DFCM rules.

EMERGENCY RULE REASON AND JUSTIFICATION: REGULAR RULEMAKING PROCEDURES WOULD place the agency in violation of federal or state law.

H.B. 330 established the State Capitol Preservation Board. The statute requires the Board to establish rules. This is in response to that requirement.

(DAR Note: H.B. 330 is found at 1998 Utah Laws 285, and was effective July 1, 1998.)

R131-7-1. Purpose.

Pursuant to Section 63C-9-402, this rule provides a procedure for the Executive Director to devise and develop a master-planning process for Capitol Hill Facilities; for future capital facilities expansion of the state Capitol grounds, and for projected Capitol Hill facility growth needs.

R131-7-2. Authority.

This rule is authorized under Subsection 63C-9-402(1), which directs the Executive Director to develop, for board approval, a master plan for the state capitol facilities and grounds.

The Executive Director shall prepare annually, and maintain in current form, a 20-year Master Plan and a corresponding annual budget for all existing and planned capital facilities for the Capitol Hill facilities and grounds, which shall reflect maintenance, preservation, restoration, and modification considerations.

R131-7-4. Review of Plan.

The Board will review the State Capitol Preservation Master Plan and associated budgetary requirements at least once yearly, or whenever it considers requests for project funding. The Board, when requested, may also review any design or project, to assist the Executive Director in long-term planning efforts. The Master Plan shall be expected to reflect realistic budgetary perspectives, usage, deterioration, and expectation of future growth that affects projected needs of state Capitol Hill facilities and grounds.

R131-7-5. Coordination with State Budget Policy.

Following approval by the Board, the Executive Director will submit a summary of the Master Plan and annual budget to the Governor's Office of Planning and Budget, for inclusion into the Executive Branch budget, pursuant to Section 63-38-1, et seq., for submission to the Legislature.

NOTICE OF 120-DAY (EMERGENCY) RULE

DAR FILE NO.: 22569

 RECEIVED BY: NL

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: Section 59-2-301 requires the county assessor to assess all property located within the county. Subsection 59-1-210(3) authorizes the State Tax Commission to promulgate rules that aid county officials in the performance of any duties relating to the assessment and equalization of property within the county. This is a technical appraisal amendment to provide direction to assessors in determining the market value of aircraft manufacturing tools and dies. This type of equipment is subject to economic, functional, and physical obsolescence, and a percent good schedule was not in place which would produce reasonable market value approximations.

SUMMARY OF THE RULE OR CHANGE: The proposed amendment to Section R884-24P-33 creates a new percent good schedule specifically related to aircraft manufacturing tools and dies. This amendment is necessary to properly estimate market value in the assessment process for tools and dies in the aircraft manufacturing industry.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Section 59-2-301

ANTICIPATED COST OR SAVINGS TO:

❖ **THE STATE BUDGET:** The amount of savings or cost to state government is undetermined. The state receives tax revenue for assessing and collecting and for the uniform school fund based on increased or decreased property valuation, including aircraft manufacturing tools and dies assessed under the Property Tax Act. The impetus for this rule amendment is that there is a significant amount of this equipment currently moving into the state. The actual increase in the state budget cannot be determined until all the equipment arrives in Utah. The state performs audits of personal property accounts at the request of counties; however, there should be no additional cost to the audit program. Therefore, it is estimated that the overall cost is minimal due to this amendment. There will be an undetermined positive impact to the state budget from the movement of this equipment into Utah. It will be dependant on the amount, type, and age of the aircraft manufacturing equipment moved to Utah.

❖ **LOCAL GOVERNMENTS:** The amount of savings or cost to local government is undetermined. Local governments currently receive tax revenue from the personal property of

aircraft manufacturers. Local governmental entities receive tax revenue based on increased or decreased property valuation from the disposal or acquisition of personal property. No total cost or savings could be calculated without a complete inventory of personal property tax rolls in each county, a listing of newly-acquired aircraft tools and dies during 1999, a listing of property that has been removed from personal property rolls during 1999, and a complete list of the equipment which is being moved into Utah. However, it is estimated that the overall cost or savings is minimal due to this amendment. County Assessor's offices statewide will be required to determine if property in their county should be correctly classified as aircraft manufacturing tools and dies. The determination of classification will not require extra resources since all county offices use self-assessing personal property affidavits and it will be listed on the affidavit by the taxpayer. This would only represent a change in the instructions sent with the affidavit to individual business. There should be no significant cost to the assessor's offices.

❖ **OTHER PERSONS:** Each personal property owner is required to file an annual affidavit listing personal property with the county assessor's office. The personal property owners may see a change in value, depending on ownership of the aircraft manufacturing tools and dies. Businesses that currently have this type of equipment in Utah will see a slight decrease in personal property tax liability. In addition, the compliance cost should be minimal due to the fact that this amendment is simply a line-item classification change on the personal property affidavit already filed by the taxpayers. Therefore, it is estimated that the overall compliance cost due to this amendment is minimal.

COMPLIANCE COSTS FOR AFFECTED PERSONS: Each personal property owner is required to file an annual affidavit listing personal property with the county assessor's office. The personal property owners may see a change in value, depending on ownership of the aircraft manufacturing tools and dies. Businesses that currently have this type of equipment in Utah will see a slight decrease in personal property tax liability. In addition, the compliance cost should be minimal due to the fact that this amendment is simply a line-item classification change on the personal property affidavit already filed by the taxpayers. Therefore, it is estimated that the overall compliance cost due to this amendment is minimal.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: As indicated above, the fiscal impact to aircraft manufacturing businesses will be a slight decrease in personal property taxes, but local and state governments may experience a slight increase in personal property tax collections due to the volume of equipment moving into the state. In the aggregate, the fiscal impact is estimated to be minimal.

EMERGENCY RULE REASON AND JUSTIFICATION: REGULAR RULEMAKING PROCEDURES would place the agency in violation of federal or state law.

The Tax Commission cannot comply with the rulemaking procedures of Section 63-46a-4 because it would place the agency in violation of state law. Subsection 59-2-103(1) requires all tangible taxable property to be assessed at fair

market value as of January 1. A significant amount of aircraft manufacturing tools and dies have recently started moving into Utah and will be here on January 1, 2000. Based on discussions with the industry, it was determined that no percent good schedule existed which would accurately value this type of equipment. This emergency rule is to satisfy the fair market value requirement of 59-2-103.

AUTHORIZED BY: Pam Hendrickson, Commissioner

R884. Tax Commission, Property Tax.

R884-24P. Property Tax.

R884-24P-33. 2000 Personal Property Valuation Guides and Schedules Pursuant to Utah Code Ann. Section 59-2-301.

A. Definitions.

1. "Acquisition cost" means all costs required to put an item into service, including purchase price, freight and shipping costs; installation, engineering, erection or assembly costs; and excise and sales taxes.

a) Indirect costs such as debugging, licensing fees and permits, insurance or security are not included in the acquisition cost.

b) Acquisition cost may correspond to the cost new for new property, or cost used for used property.

2. "Actual cost" includes the value of components necessary to complete the vehicle, such as tanks, mixers, special containers, passenger compartments, special axles, installation, engineering, erection, or assembly costs.

a) Actual cost does not include sales or excise taxes, maintenance contracts, registration and license fees, dealer charges, tire tax, freight, or shipping costs.

3. "Cost new" means the manufacturer's suggested retail price or the actual cost of the property when purchased new. For property purchased used the cost new may be estimated by the taxing authority.

4. "Percent good" means an estimate of value, expressed as a percentage, based on a property's acquisition cost or cost new, adjusted for depreciation and appreciation of all kinds.

a) The percent good factor is applied against the acquisition cost or the cost new to derive taxable value for the property.

b) Percent good schedules are derived from an analysis of the Internal Revenue Service Class Life, the Marshall and Swift Cost index, and vehicle valuation guides such as NADA.

B. Each year the Property Tax Division shall update and publish percent good schedules for use in computing personal property valuation.

1. Proposed schedules shall be transmitted to county assessors and interested parties for comment before adoption.

2. A public comment period will be scheduled each year and a public hearing will be scheduled if requested by ten or more interested parties or at the discretion of the Commission.

3. County assessors may deviate from the schedules when warranted by specific conditions affecting an item of personal property. When a deviation will affect an entire class or type of personal property, a written report, substantiating the changes with verifiable data, must be presented to the Commission. Alternative schedules may not be used without prior written approval of the Commission.

4. The assessor and the Commission may rely on other publications listing costs new or market values when valuing motor vehicles not found in the source guide recommended by the Commission.

C. Other taxable personal property that is not included in the listed classes includes:

1. Supplies on hand as of January 1 at 12:00 noon, including office supplies, shipping supplies, maintenance supplies, replacement parts, lubricating oils, fuel and consumable items not held for sale in the ordinary course of business. Supplies are assessed at total cost, including freight-in.

2. Equipment leased or rented from inventory is subject to ad valorem tax. Refer to the appropriate property class schedule to determine taxable value.

3. Property held for rent or lease is taxable, and is not exempt as inventory. For entities primarily engaged in rent-to-own, inventory on hand at January 1 is exempt and property out on rent-to-own contracts is taxable.

D. Personal property valuation schedules may not be appealed to, or amended by, county boards of equalization.

E. All taxable personal property is classified by expected economic life as follows:

1. Class 1 - Short Life Property. Property in this class has a typical life of more than one year and less than four years. It is fungible in that it is difficult to determine the age of an item retired from service.

a) Examples of property in the class include:

- (1) barricades/warning signs;
- (2) library materials;
- (3) patterns, jigs and dies;
- (4) pots, pans, and utensils;
- (5) canned computer software;
- (6) hotel linen;
- (7) wood and pallets; and
- (8) video tapes.

b) With the exception of video tapes, taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

c) Video tapes are valued at \$15.00 per tape for the first year and \$3.00 per tape thereafter.

2. Class 2 - Computer Dependent Machinery.

a) Machinery shall be classified as computer dependent machinery if all of the following conditions are met:

(1) The equipment is sold as a single unit. If the invoice(s) break out the computer separately from the machine, the computer must be valued as Class 12 property and the machine as Class 8 property.

(2) The machine cannot operate without the computer and the computer cannot perform functions outside the machine.

(3) The machine can perform multiple functions and is controlled by a programmable central processing unit.

(4) The total cost of the machine and computer combined is depreciated as a unit for income tax purposes.

(5) The capabilities of the machine cannot be expanded by substituting a more complex computer for the original.

b) Taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the responsible agency is required to review the rule. This review is designed to remove obsolete rules from the *Utah Administrative Code*.

Upon reviewing a rule, an agency may: repeal the rule by filing a PROPOSED RULE; continue the rule as it is by filing a NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (NOTICE); or amend the rule by filing a PROPOSED RULE and by filing a NOTICE. By filing a NOTICE, the agency indicates that the rule is still necessary.

NOTICES are not followed by the rule text. The rule text that is being continued may be found in the most recent edition of the *Utah Administrative Code*. The rule text may also be inspected at the agency or the Division of Administrative Rules. NOTICES are effective when filed. NOTICES are governed by *Utah Code* Section 63-46a-9 (1996).

FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

DAR FILE NO.: 22578
FILED: 12/20/1999, 11:51
RECEIVED BY: NL

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: Section 26-18-2.1 creates the division, which shall be responsible for implementing, organizing, and maintaining the Medicaid Program and the Utah Medical Assistance Program established in Section 26-18-10, in accordance with the provisions of this chapter and applicable federal law. Section 26-18-2.3 notes that the division shall establish, on a statewide basis, a program to safeguard against: unnecessary or inappropriate use of Medicaid services; excessive payments; or unnecessary or inappropriate hospital admissions or lengths of stay. Section 26-1-5 notes that the department shall have the power to adopt, amend, or rescind rules necessary to carry out the provisions of this title.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE-YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No opposing oral or written comments were received. On February 20, 1989, by Senate Joint Resolution No. 8, the legislature of the state of Utah supported this rule. Further, the July 1990 Report of the Governor's Task Force on Long Term Care supported continuation of this rule.

REASONED JUSTIFICATION FOR CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: The purpose of this rule is to control the supply of Medicaid nursing facility programs. The oversupply of nursing facility programs in the state has adversely affected the Utah Medicaid program and the health of the people within the state. The July 1990 Report of the Governor's Task Force on Long Term Care recommended the continuation of this moratorium. The Task Force concluded: "Market entry into the nursing home industry should be regulated to allow supply to come more in line with demand." Most areas of the state still have an oversupply of nursing home programs. The report further concluded: "The existing moratorium on the Medicaid certification of new nursing home beds should not be lifted until another mechanism to control the supply of Medicaid nursing home beds is in place." No other mechanism has been found or is in place.

NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

CONCISE EXPLANATION OF THE PARTICULAR STATUTORY PROVISIONS UNDER WHICH THE RULE IS ENACTED AND HOW THESE PROVISIONS AUTHORIZE OR REQUIRE THE RULE: This rule is enacted under Section 35A-4-305 of the Employment Security Act. This section addresses the rules for the issuance of warrants for the collection of amounts due the department, the rules and conditions for writing off amounts due to the department, and the rules surrounding wage lists, i.e., the information required on wage lists, due dates, acceptable formats, and penalties for noncompliance.

SUMMARY OF WRITTEN COMMENTS RECEIVED DURING AND SINCE THE LAST FIVE-YEAR REVIEW OF THE RULE FROM INTERESTED PERSONS SUPPORTING OR OPPOSING THE RULE: No comments have been received since the last five-year review.

REASONED JUSTIFICATION FOR CONTINUATION OF THE RULE, INCLUDING REASONS WHY THE AGENCY DISAGREES WITH COMMENTS IN OPPOSITION TO THE RULE, IF ANY: This rule outlines how the department collects overpayments of Unemployment Insurance benefits from claimants and contribution amounts due from employers; it further outlines rules governing accounting principles used to "write off" amounts that are considered uncollectible. For the orderly payment of Unemployment Insurance benefits, employers are required to provide wage lists containing information pertinent to the establishment of Unemployment Insurance benefits. This rule defines the information that is required, the format in which it is to be submitted, the due dates for reporting, acceptable formats for the data, and the penalties that will be imposed for noncompliance.

The rules are indexed by Agency (Code Number) and Keyword (Subject).

A copy of the *Rules Index* is available for public inspection at the Division of Administrative Rules (4120 State Office Building, Salt Lake City, UT), or may be viewed online at the Division's web site (<http://www.rules.state.ut.us/>).
