Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues EXECUTIVE DOCUMENTS, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor's Office staff files EXECUTIVE DOCUMENTS that have legal effect with the Office of Administrative Rules for publication and distribution.

PROCLAMATION

WHEREAS, since the close of the 2023 General Session of the 65th Legislature of the state of Utah, certain matters have arisen which require immediate legislative attention; and

WHEREAS, Article VII, Section 6 of the Constitution of the State of Utah provides that the governor may, by proclamation, convene the Senate into Extraordinary Session; and

NOW, THEREFORE, I, Spencer J. Cox, Governor of the State of Utah, by virtue of the authority vested in me by the Constitution and Laws of the state of Utah, do by this Proclamation call the Senate only of the 65th Legislature of the state of Utah into the First Extraordinary Session at the Utah State Capitol in Salt Lake City, Utah, on the 12th day of April 2023, at 8:00 A.M., for the following purpose:

For the Senate to consent to appointments made by the Governor to positions within state government of the state of Utah since the close of the 2023 General Session of the Legislature of the State of Utah.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the state of Utah. Done at the Utah State Capitol in Salt Lake City, Utah, this 11th day of April 2023.

Spencer J. Cox
Governor

ATTEST:

Deidre M. Henderson
Lieutenant Governor

2023-01E
A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between March 16, 2023, 12:00 a.m., and March 31, 2023, 11:59 p.m. are included in this, the April 15, 2023, issue of the *Utah State Bulletin.*

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the **RULE ANALYSIS**, the text of the **PROPOSED RULE** is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them ([example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (.........) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a **PROPOSED RULE** is too long to print, the Office of Administrative Rules may include only the **RULE ANALYSIS**. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Bulletin* until at least May 15, 2023. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through August 14, 2023, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Bulletin*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. **Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.**

**PROPOSED RULES** are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information

2. Rule or section catchline:
R270-1-23. Sexual Assault Forensic Examinations

3. Purpose of the new rule or reason for the change
(Why is the agency submitting this filing?):
The purpose of this change is to sustain the increased payment rate paid to forensic nurse examiners for collecting evidence and providing medical care to victims of rape and sexual assault. This standard amendment makes the emergency rule currently in effect, permanent. The Crime Victim Reparations and Assistance Board (CVRB) intended for the rule to remain in effect and the results of having the emergency rule in effect has begun to produce the positive results the CVRB intended. Maintaining this program is also essential for the state to remain eligible to receive the approximate $1,500,000 STOP Violence Against Women Act (VAWA) funding per year.

4. Summary of the new rule or change
(What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
The purpose of this change is to sustain the increased payment rate paid to forensic nurse examiners for collecting evidence and providing medical care to victims of rape and sexual assault. The rate increased from $750 per exam to $1,250 per exam under an emergency rule for the purpose of stabilizing several of the private non-profit nurse examiner organizations which provided the 1,131 of the 1,252 examinations in 2021. Prior to the filing of this change under an emergency rule, several of the private non-profit forensic nursing organizations were failing to sustain their operations and were facing closure.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
Increasing the per exam cost to the Utah Office for Victims of Crime (UOV) by $500 per exam could have resulted in $625,500 in additional costs for those services in 2021. That is the estimated increased costs, per year to the program. The funds are available in the Crime Victim Reparations Trust account, the balance of which is currently more than $9,000,000. The costs for these exams, when paid through the Reparations Program, are reimbursed from the federal Victims of Crime Act (VOCA) funds at a rate of 75%, thus reducing the cost to the state in this example, from $625,500 to $156,375.

B) Local governments:
This will not have a cost to local governments; however, if these nurse examiner programs fail, the costs of collecting the evidence in these cases would most certainly be considered the responsibility of local governments (law enforcement and prosecution entities).

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is intended to sustain the small businesses which are providing the services and upon which the state and local governments rely for the services so that they do not have to hire, train, and retain the staff, equipment, and expertise to provide those services themselves. More than 90% of the funding outlined in 5A will go directly to these small businesses.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
Non-small businesses, if impacted at all, would possibly be the hospital organizations which grant access to their facilities to the forensic nurses who conduct these forensic exams. If the forensic nurse programs were to fail, the exams would still need to be conducted and would likely still be conducted in those facilities so it would not be accurate to indicate that non-small businesses are likely to experience any significant impact. These non-small businesses would receive the remaining estimates 10% of the funding outlined in 5A.

E) Persons other than small businesses, non-small businesses, state, or local government entities
("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This group would receive positive benefit from this rule change, as well as explained in 5C, above.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

There will not be a compliance cost or impact upon any entity other than the agency. Those impacts will be minimal and only in the form of processing the payments at the increased rates.

**G) Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

**H) Department head comments on fiscal impact and approval of regulatory impact analysis:**

The Director of the UOVC, Gary Scheller, has supported this and requested the change be authorized by the Crime Victim Reparation and Assistance Board of Directors. The director has taken this action in the interest of the small business described and more importantly in the interest of those victimized by rape and sexual assault and in the best interests of the state's pursuit of public safety and justice. The added and continued receipt of federal grants funds associated with the increased payment rates secures fiscal benefits which offset the fiscal costs nearly 2 to 1.

General Information

2. Rule or section catchline:
R270-1-25. Victim Services Awards

3. Purpose of the new rule or reason for the change
(Why is the agency submitting this filing?):
Section R270-1-25 permits the Crime Victim Reparations and Assistance (CVRA) Board to award funds from the crime victims trust fund to victim service entities or programs, under certain circumstances. When Section R270-1-25 was adopted by the CVRA board, the Utah Office for Victims was not operating the statewide victim advocacy program that it now has, and it was not contemplated that the office would require a victim service award from the CVRA board. This standard proposed rule amendment makes permanent the emergency rule currently in effect (Filing ID 55215) which allows the CVRA Board to make victim services awards to the office.

4. Summary of the new rule or change
(What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This filing will add the Utah Office for Victims of Crime (UOVC) as an allowable recipient of victim service funds awarded by the CVRA under Section R270-1-25 and makes permanent the emergency rule currently in effect.
(EDITOR'S NOTE: The emergency rule filing on Section R270-1-25 is under ID 55215, published in the February 15, 2023, Bulletin, and is effective as of 02/01/2023.)

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
The change will not have any impact on the state budget because the funding is already established in the crime victims’ trust fund, which is an expendable restricted revenue account. The CVRA Board is only authorized to make awards from the trust when there is an established surplus in the fund. The CVRA Board may only award funds from the trust for costs authorized in statute and for which the funds have already been allocated by the legislature.
B) Local governments:
Any budget impact to local governments would be a savings by this program covering costs a local government might otherwise experience. The UOVC does not yet know exactly who will apply for this funding or what their exact needs will be so the UOVC cannot provide a numerical estimate.

C) Small businesses ("small business" means a business employing 1-49 persons):
Small businesses such as landlords, moving companies, grocery stores, etc. are the likely end recipient of these funds because these are the types of goods and services most frequently purchased with the funds used by the victim services program in the office. The UOVC does not yet know exactly who will apply for this funding or what their exact needs will be so the UOVC cannot provide a numerical estimate.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
Non-small businesses like those mentioned in 5C are also the likely end recipient of these funds. The UOVC does not yet know exactly who will apply for this funding or what their exact needs will be so the UOVC cannot provide a numerical estimate.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
The UOVC does not yet know exactly who will apply for this funding or what their exact needs will be so the UOVC cannot provide a numerical estimate.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
It is not anticipated that any entity will have any compliance costs. The victim services programs in the office have existing accounting and accountability processes and abilities.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

H) Department head comments on fiscal impact and approval of regulatory impact analysis:
The Director of the UOVC, Gary Scheller, has supported this and requested the change be authorized by the CVRA Board of Directors. This rule change will have positive impacts on persons, small businesses and is in the interest of state and local governments. The UOVC does not yet know exactly who will apply for this funding or what their exact needs will be so the UOVC cannot provide a numerical estimate.

R270. Crime Victim Reparations, Administration.
R270-1. Award and Reparation Standards.

(1) Pursuant to Subsection 63M-7-506(1)(i), the board may authorize the program when there is a surplus of money in the fund in addition to what is necessary to pay reparations awards and associated administrative costs for the upcoming year.

(2) When the program is authorized, the board:
   (a) shall determine the amount available for the program for that year;
   (b) shall announce the availability of program funds through a request for proposals or other similar competitive process approved by the board; and
   (c) may establish funding priorities and shall include any priorities in the announcement of funds.

(3) Requests for funding shall be submitted on a form approved by the office.

(4) The board shall establish a process to review requests for funding and shall make final decisions regarding the approval, modification, or denial of requests for funding. The board may award less than the amount determined in Subsection R270-1-25(2)(a). The decisions of the board may not be appealed.

(5) An award by the board shall not constitute a commitment for funding in future years. The board may limit funding for ongoing projects.

(6) Award recipients shall submit quarterly reports to the board on forms established by the director. The office staff shall monitor victim services grants and provide regular reports to the board.

Notice of Continuation: March 16, 2021
Authorizing, and Implemented or Interpreted Law: Title 63M, Chapter 7, Part 5
C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This rule change only affects USBE.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This does not add costs for any individuals or other entities.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. The changes simply add clarification and do not add any costs for USBE or other entities.

   As part of the implementation of the Utah State Board of Education’s (USBE) new licensing system, USBE is repealing and re-numbering all licensing related rules. This new rule replaces repealed Rule R277-532 as part of that process.

   (EDITOR’S NOTE: The proposed repeal of Rule R277-532 is under ID 55290 is this issue, April 15, 2023, Bulletin.)

| **B) Local governments:** | This proposed rule is not expected to have major fiscal impact on local governments’ revenues or expenditures. This rule has been in existence as Rule R277-532. **R277. Education, Administration.**

**R277-329. Local School District Board Policies for Evaluation of Classified Employees.**

**R277-329-1. Authority and Purpose.**

(1) This rule is authorized by:

(a) Utah Constitution Article X, Section 3, which vests general control and supervision of public education in the Board;

(b) Subsection 53E-3-401(4), which allows the Board to make rules to execute the Board’s duties and responsibilities under the Utah Constitution and state law; and

(c) Section 53G-11-504, which directs the Board to develop rules requiring that school districts evaluate all employees.

(2) The purpose of this rule is to direct public school districts to adopt policies for the evaluation and dismissal of classified employees.

**R277-329-2. Definitions.**

"Classified employee" means a school district employee who is working in a position that does not require a Utah educator license.

(1) A school district shall adopt policies for classified employees, including:

(a) policies for evaluation and dismissal consistent with minimum standards of:

(i) Sections 53G-11-504 through 53G-11-505; and

(ii) Sections 53G-11-512 through 53G-11-517; and

(b) evaluation procedures with the following components:

(i) the annual evaluation of classified employees;

(ii) the use of appropriate tools for classified employee evaluations;

(iii) classified employee evaluation criteria tied to specific job descriptions or assignments;

(iv) the administration of the evaluation by the school principal, an appropriate administrator, or the principal’s or administrator’s designee; and

(v) an appeals process that allows classified employees to appeal procedural violations of the evaluation process.

(2) School district evaluation policies for classified employees may include additional components beyond those specified in Subsection (1).

(3) A school district’s policies may exclude temporary or part-time classified employees from performance evaluations, as provided in Subsection 53G-11-504(2).

KEY: policies, evaluations, non-licensed public education employees
Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

This rule change is not expected to have fiscal impact on state government revenues or expenditures. Students with disabilities are defined, and provisions made for students with disabilities to be counted for up to 30 days if the LEA is working to locate and engage students who have not attended for the prior 10 consecutive days. USBE does not currently have data on the potential frequency of this occurrence, but does not estimate a large fiscal impact for LEAs or USBE.

B) Local governments:

This rule change is not expected to have fiscal impact on local governments’ revenues or expenditures. This rule requires written verification from the student’s parent that the student intends to graduate early in order to count a student for more than 180 days of regular membership. This is not expected to have a major fiscal impact on LEAs.

This rule removes COVID-19 related impacts which were only applicable during the pandemic.

Language is added to clarify which school days LEAs participating in the National School Lunch program are to provide school meals. USBE believes this generally follows current practice and does not have a major fiscal impact.

Students with disabilities are defined, and provisions made for students with disabilities to be counted for up to 30 days if the LEA is working to locate and engage students who have not attended for the prior ten consecutive days. USBE does not currently have data on the potential frequency of this occurrence, but does not estimate a large fiscal impact for LEAs or USBE.

C) Small businesses (“small business” means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses’ revenues or expenditures. This only affects USBE and LEAs.

D) Non-small businesses (“non-small business” means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues.

outdated requirements and references to provisions that were in effect during the recent pandemic.

General Information

2. Rule or section catchline:

R277-419. Pupil Accounting

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):

This rule is being amended due to requests from Local Education Agencies (LEAs) seeking clarity and guidance from the Utah State Board of Education (USBE) about requirements needed to establish their 2023-24 school year calendars.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):

This rule was amended to: 1) include a requirement for LEAs to provide meals on each of the LEA’s 180 days, with exceptions; 2) defines the term "student with a disability"; 3) clarifies an LEAs duty to maintain the enrollment of a student with a disability under certain circumstances; and 4) allows an LEA to continue to count a student with a disability in membership for state funding purposes for up to 30 additional days if the LEA documents that the LEA is working to locate and engage with the student with a disability. This rule has also been updated to eliminate
per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses’ revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities (*person* means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. Mechanisms are already in place at USBE and LEAs to count students for longer than 10 days. It is simply an operational change. Otherwise, the removal of COVID-19 related impacts is simply a return to prior practice and does not carry additional costs for USBE or LEAs.

[538-322. Local Board Policies for Evaluation of Non-Licensed Public Education Employees (Classified Employees).

R277-322-1. Authority and Purpose.
(1) This rule is authorized by:
(a) Utah Constitution Article X, Section 3, which vests general control and supervision of public education in the Board;
(b) Subsection 53E-3-401(4), which allows the Board to make rules to execute the Board’s duties and responsibilities under the Utah Constitution and state law; and
(c) Section 53G-11-504, which directs the Board to develop rules requiring that school districts evaluate non-licensed public education employees.
(2) The purpose of this rule is to direct public school districts to adopt policies for the evaluation, dismissal and compensation of non-licensed public education employees.

“Non-licensed public education employee” or “classified employee” means a school district employee who is working in a position that does not require a Utah educator license.

(1) A school district shall adopt policies for non-licensed public education employees, including:
(a) policies for evaluation and dismissal consistent with minimum standards of:
(i) Sections 53G-11-501 through 53G-11-505; and
(ii) Sections 53G-11-512 through 53G-11-517; and

(b) policies for due process and the termination of non-licensed public education employees consistent with Sections 53G-11-512 through 53G-11-515;
(c) evaluation procedures with the following components:
(i) the annual evaluation of non-licensed public education employees;
(ii) the use of appropriate tools for non-licensed public education employee evaluations;
(iii) non-licensed public education employee evaluation criteria tied to specific non-licensed job descriptions or assignments;
(iv) the administration of the evaluation by the school principal, an appropriate administrator or the principal’s or administrator’s designee; and
(v) an appeals process that allows non-licensed public education employees to appeal procedural violations of the evaluation process.
(2) School district evaluation policies for non-licensed public education employees may include additional components beyond those specified in Subsection (1).
(3) A school district’s policies may exclude temporary or part-time non-licensed public education employees from performance evaluations, as provided in Subsection 53G-11-504(2).

General Information

2. Rule or section catchline:

R277-751. Special Education Extended School Year (ESY)

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):

This rule is being amended to incorporate technical updates and new provisions based on recent case law developments.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):

These amendments add clarification to the definition of "ESY services", make an additional requirement for ESY Program Standards, and specifically add the inclusion of "adult students" in reference to the Division of Responsibilities.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

This rule change is not expected to have fiscal impact on state government's revenues or expenditures. Language is added for ESY services provided to adult students by local education agencies (LEAs). LEAs may already provide these extended year services but the rule change adds clarification for LEAs. There are no measurable impacts to the Utah State Board of Education (USBE) budgets as these are services provided by LEAs.

B) Local governments:

This rule change is not expected to have major fiscal impact on local governments' revenues or expenditures. The inclusion of adults in ESY services may potentially add costs for LEAs providing the services. However, USBE does not have data to estimate the need for increased services. USBE estimates that any impacts will be small and infrequent.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This only affects LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. There are no direct compliance costs for LEAs. LEAs can comply with existing staff and resources.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

   (b) A student's IEP team shall determine the appropriate ESY services for an eligible student, based on the student's individual needs.

(3) ESY eligibility decisions and prior written notice of ESY services shall be provided to a student's parents or an adult student in sufficient time to permit accessing dispute resolution options outlined in the procedural safeguards, in the event of a dispute.

R277-751-4. ESY Program Standards.

      (i) the number, disabilities, and levels of students served;

A) State budget:

No anticipated cost or savings because the substantive changes do not result in a change in current practice or procedures at the Department.
B) Local governments:

No anticipated cost or savings because the substantive changes do not result in a change in current practice or procedures at the local health departments. The proposed rule amendment does not include requirements for permit or inspection fees. Inspection frequency is not specified in this rule.

C) Small businesses ("small business" means a business employing 1-49 persons):

In addition, Section R392-200-4 contains a "grandfather clause" which states that, except in the case of an imminent health hazard, this rule does not require a construction change in any portion of a school if the facility was constructed in compliance with law in effect when the facility was constructed.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

Amending Rule R392-200 as proposed will not result in a cost or savings to non-small businesses because the substantive changes reflect current industry practice. The construction, sanitation, operation, and maintenance standards established by this rule are consistent with industry standard practices, processes, and procedures as currently implemented in schools throughout Utah.

In addition, Section R392-200-4 contains a "grandfather clause" which states that, except in the case of an imminent health hazard, this rule does not require a construction change in any portion of a school if the facility was constructed in compliance with law in effect when the facility was constructed.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

TYPE OF RULE: Amendment

Rule or Section Number: R501-12  Filing ID: 55307

Agency Information

1. Department: Health and Human Services

   Agency: Administrative Services, Licensing

   Building: MASOB

   Street address: 195 N 1950 W

   City, state and zip: Salt Lake City, UT 84116

   Please address questions regarding information on this notice to the agency.
General Information

2. Rule or section catchline:
R501-12. Foster Care Services

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
The purpose of this amendment is to reduce burden on licensees regarding who can conduct their home studies.

In addition, terms were clarified and substantive changes added in support of DCFS to facilitate maintaining overall familial relationships for children in foster care.

Lastly, the amendment removes extensive requirements for content of home study and application documents and requires the use of an office approved template with the required information already built-in to assist child placing agencies in more easily meeting rule requirements without having to reference this rule.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
The revisions include more specific language and formatting consistent with the Utah Rulewriting Manual, defines and addresses a new category called “kinship connections” and updates respite care practices. Key stakeholders had input into this rule and the Division of Child and Family Services is working closely with the Office of Licensing to ensure our agencies are aligned in understanding and enforcing the new rule content.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
State government process was thoroughly reviewed. This change will not impact the current process for licensure and re-licensure. No change to the state budget is expected because this amendment still requires the same amount of work to regulate foster and kinship care licensees.

B) Local governments:
Local government city business licensing requirements were considered. This proposed rule amendment should not impact local governments’ revenues or expenditures because there is no local government involvement in foster care licensing.

There are no fiscal impact to local governments resulting from the substantive or nonsubstantive changes in this rule content.

C) Small businesses ("small business" means a business employing 1-49 persons):
Small businesses will not incur additional cost as a result of this filing. Child placing foster agencies licensed by the office may now elect to utilize non-licensed staff to conduct their home studies as a result of this rule change.

Additionally, home studies will be conducted on an office template to assist with standardization and compliance with content requirements. Although inestimable, it is anticipated that the agency licensees will realize efficiencies and cost benefits as a result.

There are no fiscal impact to small businesses resulting from the substantive or nonsubstantive changes in this rule content.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
Non-small businesses will not incur additional cost as a result of this filing. At this time, there are no child placing foster agencies with over 50 employees. Child placing foster agencies licensed by the office may now elect to utilize non-licensed staff to conduct their home studies as a result of this rule change.

Additionally, home studies will be conducted on an office template to assist with standardization and compliance with content requirements. Although inestimable, it is anticipated that the agency licensees will realize efficiencies and cost benefits as a result.

There are no fiscal impact to small businesses resulting from the substantive or nonsubstantive changes in this rule content.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
It is not anticipated that there are any additional entities who will be impacted by this amendment.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
There are no fees charged to foster care licensees, so there will be no fiscal cost or savings to affected persons.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

NOTICES OF PROPOSED RULES
Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

The Division of Highway Patrol (Division) does not anticipate a cost to the state budget as a result of this rule amendment. The Utah Legislature appropriated additional funding for FY24 in the amount of $5,000,000 to provide grant funding for first responder agencies to either establish a new program, or enhance existing programs, to provide mental health resources to first responders employed by the agencies.

This rule establishes how the grant funding will be distributed.

B) Local governments:

The Division anticipates a cost savings of $5,000,000 to local governments. Local first responder agencies will continue to have the ability to apply for grant funding from the $5,000,000 appropriation for FY24 in order to establish a new program, or enhance and existing program, to provide mental health resources to first responders employed by the agencies.

Local law enforcement entities will apply for grant funding, and once approved, will be awarded grant funding. Those agencies awarded grant funding will see an inestimable fiscal benefit.

C) Small businesses ("small business" means a business employing 1-49 persons):

In Utah, it is estimated that there are 162 small business out-patient mental health centers (NAICS 621420), 138 small business offices of mental health physicians (NAICS 621112), 455 small business offices of mental health practitioners (NAICS 621330), and 1647 small business offices of physicians, ex. mental health (NAICS 621111). It is not clear which of these businesses might be qualified to provide mental health services to first responders in compliance with the requirements under Section 53-21-103.

First responder agencies applying for grant funding will be required to submit a request for proposal, request for qualifications or program description that meets the statutory criteria under Subsection 53-21-103(2) for consideration prior to grant funding being awarded. Through this process it will be determined which of these small businesses would meet the statutory criteria to provide required services. Those small businesses that meet statutory criteria and enter into a contract with a first responder agency to provide the required services could potentially see an inestimable fiscal benefit.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

In Utah, it is estimated that there are 7 non-small business out-patient mental health centers (NAICS 621420), 1 non-small business offices of mental health physicians (NAICS 621112), 2 non-small business offices of mental health practitioners (NAICS 621330), and 104 non-small business offices of physicians, ex. mental health (NAICS 621111).

First responder agencies applying for grant funding will be required to submit a request for proposal, request for qualifications or program description that meets the statutory criteria under Subsection 53-21-103(2) for consideration prior to grant funding being awarded. Through this process it will be determined which of these small businesses would meet the statutory criteria to provide required services.

Those small businesses that meet statutory criteria and enter into a contract with a first responder agency to provide the required services could potentially see an inestimable fiscal benefit.
E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

Spouses of first responders who retire from a first responder agency or separate employment as a result of a critical incident will now be entitled to mental health resources provided by the first responder agency as a result of the passage of H.B. 49 (2023). This could result in a fiscal benefit to a person who is the spouse of a first responder who retires or separates employment and seeks mental health resources from the first responder agency with whom their spouse was previously employed.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons because this rule identifies the process for a first responder agency to seek grant funding to provide mental health resources to first responders employed by the agencies and their families, and first responders that retire or separate from the agencies and their spouses.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

NOTICES OF
CHANGES IN PROPOSED RULES

After an agency has published a PROPOSED RULE in the Utah State Bulletin, it may receive comment that requires the PROPOSED RULE to be altered before it goes into effect. A CHANGE IN PROPOSED RULE allows an agency to respond to comments it receives.

As with a PROPOSED RULE, a CHANGE IN PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the CHANGE IN PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a CHANGE IN PROPOSED RULE, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for CHANGES IN PROPOSED RULES published in this issue of the Utah State Bulletin ends May 15, 2023.

Following the RULE ANALYSIS, the text of the CHANGE IN PROPOSED RULE is usually printed. The text shows only those changes made since the PROPOSED RULE was published in an earlier edition of the Utah State Bulletin. Additions made to the rule appear underlined (example). Deletions made to the rule appear struck out with brackets surrounding them ([example]). A row of dots in the text between paragraphs (........) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a CHANGE IN PROPOSED RULE is too long to print, the Office of Administrative Rules may include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the agency or from the Office of Administrative Rules.

From the end of the 30-day waiting period through August 14, 2023, an agency may notify the Office of Administrative Rules that it wants to make the CHANGE IN PROPOSED RULE effective. When an agency submits a NOTICE OF EFFECTIVE DATE for a CHANGE IN PROPOSED RULE, the PROPOSED RULE as amended by the CHANGE IN PROPOSED RULE becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the CHANGE IN PROPOSED RULE. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another CHANGE IN PROPOSED RULE in response to additional comments received. If the Office of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or another CHANGE IN PROPOSED RULE by the end of the 120-day period after publication, the CHANGE IN PROPOSED RULE filing, along with its associated PROPOSED RULE, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

The Changes in Proposed Rules Begin on the Following Page
### Fiscal Information

5. **Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

A) **State budget:**

This rule change is not expected to have fiscal impact on state government's revenues or expenditures. The change affects how charter school authorizers address charter school expansions. This will not directly impact Utah State Board of Education (USBE) budgets.

B) **Local government:**

This rule change is not expected to have major fiscal impact on local governments’ revenues or expenditures. Charter authorizers can now review and grant small expansion requests, and authorizers can establish standards for academic good standing. These changes may allow for more flexibility for charter schools attempting to expand. There is not a measurable impact for charter schools or school districts.

C) **Small businesses** (*small business* means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects charter school expansions.

D) **Non-small businesses** (*non-small business* means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) **Persons other than small businesses, non-small businesses, or state or local government entities** (*"person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency*):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This only affects charter school expansions.
F) Compliance costs for affected persons:

There are no compliance costs for affected persons. The changes allow flexibility for charter school expansions but do not add compliance costs for charter schools or USBE.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

### FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing. **REVIEWS** are governed by Section 63G-3-305.

   R156-5a. Podiatric Physician Licensing Act Rule

3. **A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:**

Title 58, Chapter 5a, provides for the licensure and regulation of podiatric physicians.

Subsection 58-1-106(1) provides that the Division of Professional Licensing may adopt and enforce rules to administer Title 58.

Subsection 58-1-202(1)(a) provides that the Podiatric Physician Licensing Board's duties, functions and responsibilities includes recommending to the director appropriate rules.

Since this rule was last reviewed in May 2018, the Division has received no written comments with respect to this rule.

5. **A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**

This rule is necessary because it provides a mechanism to inform potential licensees of the requirements for licensure as allowed under statutory authority provided in Title 58, Chapter 5a. This rule is also necessary as it provides information to ensure applicants for licensure are adequately trained and meet minimum licensure requirements, and provides licensees with information concerning unprofessional conduct, definitions, and ethical standards relating to the profession. Therefore, this rule should be continued.

General Information

2. Rule catchline:
R527-920. Mandatory Disbursement to Obligee Through Electronic Funds Transfer

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

This rule is authorized by Section 62A-11-704 which requires the Office of Recovery Services (ORS) to distribute child support payments by electronic funds transfer. This statute allows ORS to make exceptions to the requirement to distribute payments via electronic funds transfer in the case where such distribution would result in undue hardship to ORS or to a person or where it is not likely the distribution would be made on a recurring basis.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

No comments have been received.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule is necessary because the statute under which this rule is enacted is still in effect. This rule provides direction as to when written information regarding electronic funds transfer options will be sent to an obligee on an ORS case. This rule provides an obligee with a timeframe in which to respond regarding preferred methods for receiving electronic payments and allows ORS to enroll an obligee in a plan to receive payments in an account accessible by an electronic access card if no response is received. This rule also provides exceptions to ORS’ requirement to distribute child support payments via electronic funds transfer. Therefore, this rule should be continued.
The PSC has received no written comments from any interested person supporting or opposing this rule since the last five-year review.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule is necessary for the PSC to adjudicate proceedings informally and provides parties an efficient and less costly alternative to formal adjudication of matters before the PSC. Therefore, this rule should be continued.

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

The Public Service Commission (PSC) is statutorily vested with jurisdiction to supervise and regulate every public utility in Utah. Among the PSC’s responsibilities is the adjudication of administrative complaints and requests for agency action consistent with and pursuant to the Administrative Procedures Act (APA). The APA authorizes the PSC, like most agencies, to enact rules designating certain categories of adjudicative proceedings as “informal.” This rule facilitates informal adjudication of proceedings before the PSC as expressly authorized under Section 63G-4-203.

3. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:
The Public Service Commission (PSC) is "vested with power and jurisdiction to supervise and regulate every public utility in this state" and "to do all things … which are necessary or convenient in the exercise of such power and jurisdiction." under Section 54-4-1. This rule contains provisions that are integral to appropriate regulation of, specifically, electric utilities. This rule adopts federal standards for master metered multiple tenancy dwellings, certain necessary exemptions with respect to individual metering, and a process for customers to appeal an electric utility's determination as to whether an exemption applies.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:
The PSC has received no written comments from any interested person supporting or opposing this rule since the last five-year review.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:
This rule provides a necessary framework and process for electric utilities and their customers to determine whether and when individual metering is necessary for multitenancy dwellings. This rule provides significant value to stakeholders and is necessary to the PSC's ordinary exercise of its regulatory jurisdiction with respect to electric utilities. Therefore, this rule should be continued.
