PROPOSED RULES

A state agency may file a PROPOSED RULE when it determines the need for a substantive change to an existing rule. With a NOTICE OF PROPOSED RULE, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between September 02, 2023, 12:00 a.m., and September 15, 2023, 11:59 p.m. are included in this, the October 01, 2023, issue of the Utah State Bulletin.

In this publication, each PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the PROPOSED RULE is usually printed. New rules or additions made to existing rules are underlined (example). Deletions made to existing rules are struck out with brackets surrounding them ([example]). Rules being repealed are completely struck out. A row of dots in the text between paragraphs (. . . . . . ) indicates that unaffected text from within a section was removed to conserve space. Unaffected sections are not usually printed. If a PROPOSED RULE is too long to print, the Office of Administrative Rules may include only the RULE ANALYSIS. A copy of each rule that is too long to print is available from the filing agency or from the Office of Administrative Rules.

The law requires that an agency accept public comment on PROPOSED RULES published in this issue of the Utah State Bulletin until at least October 31, 2023. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the RULE ANALYSIS. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific PROPOSED RULE. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through January 29, 2024, the agency may notify the Office of Administrative Rules that it wants to make the PROPOSED RULE effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the Utah State Bulletin. Alternatively, the agency may file a CHANGE IN PROPOSED RULE in response to comments received. If the Office of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or a CHANGE IN PROPOSED RULE, the PROPOSED RULE lapses.

The public, interest groups, and governmental agencies are invited to review and comment on PROPOSED RULES. Comment may be directed to the contact person identified on the RULE ANALYSIS for each rule.

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information
2. Rule or section catchline:
R277-406. Early Learning Program and Benchmark Assessments

3. Purpose of the new rule or reason for the change:
This rule is being amended due to the passage of H.B. 477 in the 2023 General Session, to facilitate the Utah State Board of Education's (USBE's) designation of a kindergarten assessment.

4. Summary of the new rule or change:
H.B. 477 (2023) granted USBE the authority, through Section 53G-7-203, to allow the USBE to designate a kindergarten assessment for the 2024-25 school year and beyond, as well as to establish timelines and requirements for administration and reporting kindergarten assessment results and enrollment.

The amendments specifically update the definition of the Acadience Reading assessment and clarify the administration requirements of the Benchmark Reading and Mathematics Assessments.

The amendments also add specific requirements for 'Kindergarten Enrollment Reporting'.

This rule designates the required kindergarten assessment for the 2024-25 school year and beyond.

Fiscal Information
5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.

The USBE currently designates Acadience as the kindergarten assessment tool.

The USBE will now conduct a request for proposals to designate the kindergarten assessment for school year 2024-2025 and beyond.

The USBE does not anticipate any added costs beyond the fiscal note to H.B. 477 (2023).

B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

H.B. 477's (2023) fiscal note established the need to report kindergarten enrollment as full day or less than full day for accurate funding and those costs were captured in the fiscal note to H.B. 477 (2023).

Local Education Agencies (LEAs) are not expected to have additional costs to administer the kindergarten assessments or report results to parents of kindergarteners.

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only affects USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures or, generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This rule change only affects USBE and LEAs.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

The USBE does not anticipate any increased compliance costs for USBE or LEAs.

Any costs were captured in the fiscal note to H.B. 477 (2023).

**G) Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

UTAH STATE BULLETIN, October 01, 2023, Vol. 2023, No. 19
B. 477's commentary and small businesses, they do not.

Any costs were captured in the fiscal note to H. for kindergarten assessments are no longer needed.

Because of H. (passed in the 2023 General Session) provisions for full day kindergarten, the 12 days for kindergarten assessments are no longer needed.

Any costs were captured in the fiscal note to H. 477 (2023).

This only affects USBE and LEAs.

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

This rule change is not expected to have fiscal impact on non-small businesses' revenues or expenditures. This only affects USBE and LEAs.

There are no compliance costs for affected persons.

There are no additional costs for USBE or LEAs associated with making this rule ongoing.

(How much will it cost an impacted entity to adhere to this rule or its changes?):

This only affects USBE and LEAs.

This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

(2)(a) Except as provided in Subsection (2)(b), (2)(c), or (2)(d), a student enrolled in two or more LEAs during a school year is eligible for no more than 180 days of regular membership per school year.

(b) A student transferring to or from an LEA with a schedule approved under Subsection R277-419-4(1)(b) is eligible for no more than 220 days of regular membership per school year.

(c) A student transferring to or from an LEA where the student attended or will attend a year-round school is eligible for no more than 205 days of regular membership per school year.

(d) If the exceptions in Subsections (2)(b) and (2)(c) do not apply but a student transfers from one LEA to another at least one time during the school year, the student is eligible for regular membership in an amount not to exceed the sum of:

(i) 170 days; plus
(ii) 10 days multiplied by the number of LEAs the student attended during the school year.

(3) If a student is enrolled in two or more LEAs during a school year and the aggregate regular membership generated for the student between the LEAs exceeds the amount allowed under Subsection (2), the Superintendent shall apportion the days of regular membership allowed between the LEAs.

(4) If a student was enrolled for only part of the school day or only part of the school year, an LEA shall prorate the student's membership according to the number of hours, periods or credits for which the student actually was enrolled in relation to the number of hours, periods or credits for which a full-time student normally would have been enrolled, for example:

(a) if the student was enrolled for four periods each day in a seven period school day for 180 school days, the student's aggregate membership would be 4/7 of 180 days or 103 days; or

(b) if the student was enrolled for seven periods each day in a seven period school day for 103 school days, the student's membership would also be 103 days.

(5)(a) An LEA shall calculate the days in membership for all students using a method equivalent to the following: total clock hours of educational services for which the student was enrolled during the school year divided by 990 hours and then multiplied by 180 days and finally rounded up to the nearest whole day.

(b) For example, if a student was enrolled for only 900 hours during the school year, the student's aggregate membership would be (900/990)*180, and the LEA would report 164 days.

(6) The sum of regular plus self-contained special education and self-contained YIC membership days may not exceed 180 days.

(7) The sum of regular and resource special education membership days may not exceed 360 days.

(8) The sum of regular, ISI-1 and ISI-2 YIC membership days may not exceed 360 days.

(9) An LEA may also count a student in membership for the equivalent in hours of up to:

(i) a concurrent enrollment program that satisfies the Title 53E, Chapter 10, Part 3, Concurrent Enrollment;

General Information

2. Rule or section catchline:
R277-439. Block Grant Funding for Prevention Programs in Public Education

3. Purpose of the new rule or reason for the change:
This rule is being created due to the passage of H.B. 16 in the 2023 General Session.

4. Summary of the new rule or change:
This new rule provides guidance to local education agencies (LEAs) about designing and implementing a comprehensive prevention program, technical assistance to LEAs prevention needs, and outlines targeted professional learning opportunities in evidence-based prevention practices.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.

LEAs now have the option to combine several grant applications into one block grant.

The fiscal note to H.B. 16 (2023) captured any fiscal impacts, but there are no additional costs to the Utah State Board of Education (USBE) due to the rule change.

B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

There are no additional costs to LEAs, though they may have some administrative time savings upon combining grant applications.

The USBE has no data to quantify time or cost savings.

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only affects USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
There are no compliance costs for affected persons.

There are no added costs to USBE or LEAs to combine several grant applications.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information
2. Rule or section catchline:
R277-484. Data Standards

3. Purpose of the new rule or reason for the change:
This rule is being amended to update terminology and references and to add language regarding local education agency (LEA) reporting of educator data.

4. Summary of the new rule or change:
These amendments remove the references to "EdUcate", as well as the definitions for "EDEN" and "UDHHS".

The amendments also add clarification to the deadline requirements for Data Submission, specifying that an LEA is required to submit teacher assignment and salary data to the Board through the Comprehensive Administration of Credentials for Teachers in Utah Schools (CACTUS) or the Utah Schools Information Management System (USIMS).

Fiscal Information
5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.

The USIMS is currently being constructed, and when operational, will replace the CACTUS.

This rule simply allows for data to be submitted through the applicable system when operational. There are no costs to the Utah State Board of Education (USBE) associated with this rule update.

B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

There are no costs to LEAs associated with this rule change, as the data submitted to USBE through CACTUS and/or USIMS is the same data.

When operational, LEAs will now submit through USIMS.

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only affects USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
There are no compliance costs for affected persons.

USIMS is already funded through legislative action and there are no additional costs for USBE or LEAs associated with these rule updates.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

Fiscal Information
5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.

The removed definitions allow this rule to more closely align with the recently updated Rule R277-550.

There are no added costs for the Utah State Board of Education (USBE).

Administrative time may be slightly reduced for USBE and the State Charter School Board, however, no data is available to quantify the savings.

B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

The definitions removed apply to charter local education agencies (LEAs) only, and do not add costs for any LEA.

The removed definitions allow this rule to more closely align with the recently updated Rule R277-550 (Charter Schools – Definitions).

C) Small businesses ("small business" means a business employing 1-49 persons):
This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only affects USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-
small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

There are no costs for USBE, LEAs, or any other entities with the removal of these definitions.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information

2. Rule or section catchline:
R277-620. Suicide Prevention Programs

3. Purpose of the new rule or reason for the change:
This rule is being amended to expand the program to all grade levels rather than exclusively to secondary schools.

4. Summary of the new rule or change:
These amendments specifically remove the definitions for "Adverse Childhood Experiences Study", "Program for secondary grades", and "State suicide prevention coordinator". The amendments also add clarification to the local education agency (LEA) reporting requirements concerning Youth Suicide Prevention Grants, and require LEAs to implement the appropriate youth suicide prevention programs for elementary and secondary grades.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.

Costs associated with youth suicide prevention programs were considered in 2023's H.B.16 fiscal note.

There are no added costs to the Utah State Board of Education (USBE) associated with the rule changes as USBE already has materials for all age levels.

B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.
Costs for LEAs were considered in the fiscal note for H.B. 16 (2023), and this rule does not add any additional quantifiable costs for LEAs.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only applies to USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only applies to USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

There are no costs for LEAs or USBE to comply with this rule.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
  This rule change is not expected to have fiscal impact on state government revenues or expenditures.

H.B.189’s (2023) fiscal note captured the fiscal impacts, and there are none for the Utah State Board of Education (USBE) staff or budgets.

B) Local governments:
  This rule change is not expected to have fiscal impact on local governments’ revenues or expenditures.

It does impact funding distributions for AP and IB programs. 40% of the allocation is still to be used for Advanced Placement (AP) and IB, but language requiring up to $100,000 for IB programs is removed, and IB funds are distributed based on number of programs and exam costs for students experiencing socioeconomic disadvantage.

These impacts were captured in the fiscal note for H.B.189 (2023).

C) Small businesses ("small business" means a business employing 1-49 persons):
  This rule change is not expected to have fiscal impact on small businesses’ revenues or expenditures.

This only affects USBE and local education agencies (LEAs).

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
  There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses’ revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
  This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
  There are no compliance costs for affected persons.

There are no costs to change the distribution method in accordance with H.B.189’s (2023).

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a PROPOSED RULE in the Utah State Bulletin, it may receive comment that requires the PROPOSED RULE to be altered before it goes into effect. A CHANGE IN PROPOSED RULE allows an agency to respond to comments it receives.

As with a PROPOSED RULE, a CHANGE IN PROPOSED RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the CHANGE IN PROPOSED RULE including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a CHANGE IN PROPOSED RULE, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for CHANGES IN PROPOSED RULES published in this issue of the Utah State Bulletin ends October 31, 2023.

Following the RULE ANALYSIS, the text of the CHANGE IN PROPOSED RULE is usually printed. The text shows only those changes made since the PROPOSED RULE was published in an earlier edition of the Utah State Bulletin. Additions made to the rule appear underlined (example). Deletions made to the rule appear struck out with brackets surrounding them ([example]). A row of dots in the text between paragraphs (........) indicates that unaffected text, either whole sections or subsections, was removed to conserve space. If a CHANGE IN PROPOSED RULE is too long to print, the Office of Administrative Rules may include only the RULE ANALYSIS. A copy of rules that are too long to print is available from the agency or from the Office of Administrative Rules.

From the end of the 30-day waiting period through January 29, 2024, an agency may notify the Office of Administrative Rules that it wants to make the CHANGE IN PROPOSED RULE effective. When an agency submits a NOTICE OF EFFECTIVE DATE for a CHANGE IN PROPOSED RULE, the PROPOSED RULE as amended by the CHANGE IN PROPOSED RULE becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the CHANGE IN PROPOSED RULE. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another CHANGE IN PROPOSED RULE in response to additional comments received. If the Office of Administrative Rules does not receive a NOTICE OF EFFECTIVE DATE or another CHANGE IN PROPOSED RULE by the end of the 120-day period after publication, the CHANGE IN PROPOSED RULE filing, along with its associated PROPOSED RULE, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

Agency Authorization Information

Agency head or designee and title: Bryce C. Bird, Director  Date: 09/13/2023

The Utah State Implementation Plan, Section IX, Control Measures for Area and Point Sources, Part H, Emission Limits and Operating Practices, as most recently amended by the Utah Air Quality Board on September [6]12, 2023, pursuant to Section 19-2-104, is incorporated by reference and made a part of Rule R307-110.

KEY: air pollution, PM10, PM2.5, ozone

NOTICES OF 
120-DAY (EMERGENCY) RULES

An agency may file a 120-DAY (EMERGENCY) RULE when it finds that regular rulemaking procedures would:

(a) cause an imminent peril to the public health, safety, or welfare;
(b) cause an imminent budget reduction because of budget restraints or federal requirements; or
(c) place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a PROPOSED RULE, a 120-DAY RULE is preceded by a RULE ANALYSIS. This analysis provides summary information about the 120-DAY RULE including the name of a contact person, justification for filing a 120-DAY RULE, anticipated cost impact of the rule, and legal cross-references.

Following the RULE ANALYSIS, the text of the 120-DAY RULE is printed. New text is underlined (example) and text to be deleted is struck out with brackets surrounding the deleted text ((example)). An emergency rule that is new is entirely underlined. Likewise, an emergency rule that repeals an existing rule shows the text completely struck out. A row of dots in the text (...........) indicates that unaffected text was removed to conserve space.

A 120-DAY RULE is effective when filed with the Office of Administrative Rules, or on a later date designated by the agency. A 120-DAY RULE is effective for 120 days or until it is superseded by a permanent rule. Because of its temporary nature, a 120-DAY RULE is not codified as part of the Utah Administrative Code.

The law does not require a public comment period for 120-DAY RULES. However, when an agency files a 120-DAY RULE, it may file a PROPOSED RULE at the same time, to make the requirements permanent.

Emergency or 120-DAY RULES are governed by Section 63G-3-304, and Section R15-4-8.

General Information

2. Rule or section catchline:

R251-716. Undercover Roles of Offenders

3. Purpose of the new rule or reason for the change:

The Department of Corrections (Department) did not file a five-year review on Rule R251-103 before the rule expired on 09/12/2023. The Department is filing this emergency rule until a permanent rule can be made effective.

4. Summary of the new rule or change:

This rule regulates the capacities in which a justice involved individual (offender) can be used in undercover roles.

It outlines who receives and authorizes requests to use offenders in undercover roles.

The text is similar to the previous Rule R251-103.

(EDITOR’S NOTE: The expiration notice for Rule R251-103 is under ID 50343 in this issue, October 1, 2023, of the Bulletin.)

5A) The agency finds that regular rulemaking would:

☒ cause an imminent peril to the public health, safety, or welfare;
☐ cause an imminent budget reduction because of budget restraints or federal requirements; or
☐ place the agency in violation of federal or state law.
B) Specific reasons and justifications for this finding:
Rule R251-301 expired after a five-year review was not completed.

The Department needs this rule to remain in effect to prevent an imminent peril to public health, safety, or welfare. If this rule does not define who reviews and approves the undercover roles of offenders, offenders could be extorted into aiding agencies without personal protection.

Fiscal Information
6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
There is no anticipated cost or savings change to the state budget, as this rule provides guidelines to the individual responsible for receiving and authorizing applications for offenders to be used in undercover roles. This rule will not have a fiscal impact.

B) Local governments:
There is no anticipated cost or savings change to the local governments, as this rule does not apply to this group.

C) Small businesses ("small business" means a business employing 1-49 persons):
There is no anticipated cost or savings change to small businesses, as this rule does not apply to this group.

D) Persons other than small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
There is no anticipated cost or savings change to other persons, as this rule does not apply to this group.

E) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
There are no compliance costs for affected persons, as this does not apply to this group and this rule has no fiscal impact regardless.

F) Comments by the department head on the fiscal impact this rule may have on businesses (Include the name and title of the department head):
The Executive Director of the Department of Corrections, Brian Redd, has stated there to be no fiscal impacts to businesses as a result of this rule.

# FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a PROPOSED RULE; continue the rule as it is by filing a FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW); or amend the rule by filing a PROPOSED RULE and by filing a REVIEW. By filing a REVIEW, the agency indicates that the rule is still necessary.

A REVIEW is not followed by the rule text. The rule text that is being continued may be found in the online edition of the Utah Administrative Code available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. REVIEWS are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

## General Information

2. **Rule catchline:** R156-61. Psychologist Licensing Act Rule  
3. **A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:**

Title 58, Chapter 61, provides for the licensure and regulation of psychologists and certified psychology residents.  

Subsection 58-1-106(1) provides that the Division of Professional Licensing (Division) may adopt and enforce rules to administer Title 58.  

Subsection 58-1-202(1)(a) provides that the Psychologist Licensing Board's duties, functions and responsibilities includes recommending to the director appropriate rules.  

This rule was enacted to clarify the provisions of Title 58, Chapter 61, with respect to psychologists and certified psychology residents.  

4. **A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:**

Since this rule was last reviewed in September 2018, this rule has had controversial proposed rule amendment filings relating to conversion therapy in 2019 and 2020.  

The Division ultimately filed three different rule amendment filings, two in 2019 and one in 2020 regarding proposed conversion therapy amendments. Between those three proposed rule filings in 2019 and 2020, the Division received over 2,500 written comments relating to the proposed rule amendments.  

Some of the written comments supported the proposed amendments and some of the comments opposed the proposed amendments. The Division also notes that a large number of persons attended a September 2019 rule hearing and provided comments in person.
As a result of all of the written and verbal comments, the Division ultimately filed a third proposed rule filing (OAR File No. 52388) as was directed by Governor Herbert at the time and which filing was ultimately made effective on 01/21/2020. It is also noted that this rule was also amended on 05/01/2023 as a result of a legislative non-reauthorization filing due to legislative changes (see H.B. 127) made to the governing statute, Title 58, Chapter 61, in which provisions relating to conversion therapy were deleted from this rule.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This is necessary as it provides a mechanism to inform potential licensees of the requirements for licensure as allowed under statutory authority provided in Title 58, Chapter 61.

This rule also provides information to ensure applicants for licensure are adequately trained and meet minimum licensure requirements, and provides licensees with information concerning unprofessional conduct, definitions, and ethical standards relating to the profession. Therefore, this rule should be continued.

End of the Notices of Five-Year Review Extensions Section
Rulewriting agencies are required by law to review each of their administrative rules within five years of the date of the rule’s original enactment or the date of last review (Section 63G-3-305). The Office of Administrative Rules (Office) is required to notify agencies of rules due for review at least 180 days prior to the anniversary date. If the agency finds that it will not meet the deadline for review of the rule (the five-year anniversary date), it may file a NOTICE OF FIVE-YEAR EXTENSION (EXTENSION) with the Office. However, if the agency fails to file either the FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION or the EXTENSION by the date provide by the Office, the rule expires.

Upon expiration of the rule, the Office files a NOTICE OF FIVE-YEAR EXPIRATION (EXPIRATION) to document the action. The Office is required to remove the rule from the Utah Administrative Code. The agency may no longer enforce the rule and it must follow regular rulemaking procedures to replace the rule if it is still needed.

The Office has filed EXPIRATIONS for each of the rules listed below which were not reviewed in accordance with Section 63G-3-305. These rules have expired and have been removed from the Utah Administrative Code.

The expiration of administrative rules for failure to comply with the five-year review requirement is governed by Subsection 63G-3-305(8).

NOTICES OF RULE EFFECTIVE DATES

State law provides for agencies to make their administrative rules effective and enforceable after publication in the Utah State Bulletin. In the case of PROPOSED RULES or CHANGES IN PROPOSED RULES with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of CHANGES IN PROPOSED RULES with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a NOTICE OF EFFECTIVE DATE within 120 days from the publication of a PROPOSED RULE or a related CHANGE IN PROPOSED RULE the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective. 

NOTICES OF EFFECTIVE DATE are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.
