NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between December 16, 2022, 12:00 a.m., and January 03, 2023, 11:59 p.m. are included in this, the January 15, 2023, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least February 14, 2023. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through May 15, 2023, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information

2. Rule or section catchline:
R25-21. Medical Cannabis Payment Provider Standards
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
Further examination of payment providers resulted in the industry being more nuanced than originally understood. The broad scope of payment provider types meant that the rule needed to be amended to catch the scope of ways that payments can be made. Additionally, new standards and expectations from card brands resulted in some payment providers being out of compliance with the card brands but technically in compliance with the rule's request. The amendments made bring this rule and card brands into agreement and ensure that solutions approved by the Division of Finance (Division) can operate in compliance with card brands. Lastly, the Division noted that this rule did not have any caveats for payment providers who willingly or knowingly misrepresent their company and added in a section to capture the need to honest in the communication.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the

substantive differences between the repealed rule and the reenacted rule):
The changes are clarification for new contacts, and department names, as well as clarification on the available documentation that can be provided. The amendment also tightens restrictions to ensure solutions are compliant with card brands and honest in their representation.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
There are not anticipated costs to state government because the change does not affect state government.
B) Local governments:
There are not anticipated costs to local governments because the change does not affect local governments.
C) Small businesses ("small business" means a business employing 1-49 persons):
The relevant data is unavailable because affected small businesses will be able to choose among authorized payment providers and costs are unknown and may vary. Costs are not estimable. Products affected by this rule are optional for businesses affected. Marijuana-related businesses choosing a payment provider would have similar costs with or without this rule.
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
The relevant data is unavailable because affected non-small businesses will be able to choose among authorized payment providers and costs are unknown and may vary. Costs are not estimable. Products affected by this rule are optional for businesses affected. Marijuana-related businesses choosing a payment provider would have similar costs with or without this rule.
E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):
This proposed rule applies only to participating payment providers for Utah cannabis-related businesses. There are not anticipated direct costs or savings to other persons. Costs incurred by Utah cannabis-related businesses will likely be passed on to their customers (indirect costs). However, the costs are not estimable because the relevant data necessary to determine how the costs will be allocated to customers is not available. The Division also expect customers would have similar costs passed on them with or without this rule.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

The costs to payment providers cannot reasonably be estimated because the relevant data necessary to determine how the costs will be allocated to customers is not available. The cost to the payment providers would depend on the type of establishment and service each provider offers.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information

2. Rule or section catchline:
R27-1. Definitions
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
While completing an annual rule review, the Division of Fleet Operations determined that some definitions needed a modification.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This rule clarifies the definition of employee at the request of the Department of Corrections. The changes also remove requirements that do not belong in definitions. Those statements have been moved to the appropriate rule under Title R27.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
Because definitions were only modified without changing functionality, there are no anticipated costs or savings.
B) Local governments:
Because definitions were only modified without changing functionality, there are no anticipated costs or savings.

General Information

2. Rule or section catchline:
R27-3. Vehicle Use Standards

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):

This filing largely cleans up language and organization. The change to Section R27-3-6 enables the Division of Fleet Operations to reduce administrative burden on agency customers.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
--

This filing clarifies this rule. It allows agencies applying to authorize taking home state vehicles to have an easier process for managing this information.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
--

A) State budget:

This change will have an inestimable savings to state agencies due to time and effort saved in completing training and tracking.

General Information

2. Rule or section catchline:
R27-7. Safety and Loss Prevention of State Vehicles
3. Reason for this change (Why is the agency submitting this filing?):
The Division of Fleet Operations (Division) reviews rules on an annual basis. In this review, several rules seemed to be out of place. Most the changes in this rule are simply a reorganization, having moved to or from other locations in Title R27. The Division also identified ways to reduce administrative burdens placed on its customers, in line with the rule review order made by Governor Cox.
4. Summary of this change (What does this filing do?):
The Division changed rules from an organizational standpoint. Some changes are designed simplify requirements for driver safety committees and add flexibility for how a driver safety committee applies penalties for improper driver behavior.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This rule change should result in an inestimable savings to state budgets due to the flexibility offered to agencies in how a driver safety committee operates and determines discipline to employees.
B) Local government:
This rule does not impact local governments.
C) Small businesses ("small business" means a business employing 1-49 persons):
This rule does not impact small businesses.
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):
This rule does not impact non-small businesses.

E) Persons other than small businesses, non-small businesses, or state or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

This rule does not impact other persons.

F) Compliance costs for affected persons:

There are no compliance costs associated with this rule.

General Information

2. Rule or section catchline:
R27-10. Identification Markings for State Motor Vehicles

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):

The Division of Fleet Operations (Division) annually reviews rules. In this rule review, changes were made that could reduce the administrative burden the Division places on its customers. Fleet had previously stopped enforcing this rule, due to its burden. After seeing no adverse effects from non-enforcement, this rule is being modified.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
 The Division removed a requirement that required certain authorizations.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

Because the requirement being removed had not been enforced for some time, there is no anticipated savings to state budgets.

B) Local governments:

This rule does not impact local governments.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule does not impact small businesses.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

Darin Dennis	801-520-0670	darindennis@utah.gov
Steven Hughes	801-707-2644	swhughes@utah.gov
Please address questions regarding information on this notice to the agency.		

General Information

2. Rule or section catchline:
R37-1. Risk Management General Rules
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
These amendments were made to simplify the Division of Risk Management's rules, reduce obligations of the Risk Management Fund's covered entities, and reflect recent statutory changes regarding the creation of one or more captive insurance companies.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
The amendments add clarifying definitions and descriptions; address implications for captive insurance companies that are created by the risk manager; simplify coverage and condition provisions; clarify risk control standards; and both simplify and eliminate requirements of covered entities.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
--

A) State budget:			
These amendments will result in savings to state agencies and institutions of higher education, inasmuch as they will no longer be required to complete an annual self-inspection survey. Moreover, state agencies will no longer receive a rate penalty for failure to complete the annual self-inspection survey.			
B) Local governments:			
These amendments will result in savings to school districts and charter schools, inasmuch as they will no longer be required to complete an annual self-inspection survey. Moreover, school districts and charter schools will no longer receive a rate penalty for failure to complete the annual self-inspection survey.			
C) Small businesses ("small business" means a business employing 1-49 persons):			
These amendments have no application to small businesses.			
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):			
These amendments have no application to non-small businesses.			
E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <i>agency</i>):			
These amendments have no application to persons other than small businesses, non-small businesses, state government, or local government entities.			
F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):			
There will be no compliance costs for affected persons; rather, there will be a reduction of compliance costs for the participating entities of the State Risk Management Fund (state agencies, institutions of higher education, school districts, and charter schools) because they will no longer be required to complete an annual self-inspection survey to avoid a 10% premium penalty.

General Information

2. Rule or section catchline:
R307-315. NOx Emission Controls for Natural Gas-Fired Boilers 2.0-5.0 MMBtu
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
On 10/07/2022, the EPA finalized the reclassification of the Northern Wasatch Front Nonattainment Area (NAA) from marginal to moderate status for the 2015 NAAQS 8-hour ozone concentration. The moderate classification means that the state of Utah must identify and implement reductions of ozone precursor emissions, including Volatile Organic Compounds (VOCs) and Oxides of Nitrogen (NO _x), in the designated NAA area as part of its State Implementation Plan (SIP) obligations under section 172(c)(2) of the Clean Air Act.
Rule R307-315 will reduce emissions of NO _x from industrial, commercial, and institutional natural gas-fired boilers in Salt Lake, Weber, Davis, Tooele, and Utah counties by requiring any new boiler, or burner installed on a boiler in these areas to be certified to emit no more than 9 parts per million by volume (ppmv) while operating. This

rule does not require retrofits or replacements of existing boilers. This rule will help reduce emissions from existing boilers within the nonattainment and surrounding areas over time as the existing boiler stock is replaced with compliant boilers. Future emissions will also be curbed as the areas continue to grow by requiring new boiler installations to comply.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):

Rule R307-315 will require a source operating a natural gas-fired boiler in an industrial, institutional or commercial setting in Salt Lake, Davis, Weber, Tooele, and Utah counties to install a unit certified to emit no more than 9 ppmv and retain the following records: a copy of the boilers emission rate specifications, the manufacturer's recommendations for proper operation and maintenance of the equipment, records showing proper operation and maintenance of equipment, and the manufacturer's certification for any burners replaced.

Public hearing information:
A hearing will be held on 02/15/2023 at 1:00 PM.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

The fiscal impact of this rule on state budgets is unknown. This rule will eventually impact all boilers between 2.0 and 5.0MMBtu in impacted counties, a portion of which are owned and operated by the state. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A Division of Air Quality (DAQ) analysis identified 2,026 boilers in the 2.0- 5.0MMBtu range located in the impacted counties, but the proportion owned and operated by state government is not known. DAQ estimates a cost difference of approximately \$19,000 for replacing a 3.34MMBtu standard boiler with an Ultra-Low NO_x boiler rated at 9ppmv. However, the timing of replacements is unknown and therefore, the fiscal impact cannot be accurately estimated.

B) Local governments:

The fiscal impact of this rule on local governments is unknown. This rule will eventually impact all boilers

between 2.0 and 5.0 MMBtu in impacted counties, a portion of which are owned and operated by local governments. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 2,026 boilers in the 2.0- 5.0MMBtu range located in the impacted counties, but the proportion owned and operated by local governments is not known. DAQ estimates a cost difference of approximately \$19,000 for replacing a 3.34MMBtu standard boiler with an Ultra-Low NO_x boiler rated at 9ppmv. However, the timing of replacements is unknown and therefore, the fiscal impact cannot be accurately estimated.

C) Small businesses ("small business" means a business employing 1-49 persons):

The fiscal impact of this rule on small business is unknown. This rule will eventually impact all boilers between 2.0 and 5.0MMBtu in impacted counties, a portion of which are owned and operated by small businesses. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 2,026 boilers in the 2.0-5.0MMBtu range located in the impacted counties, but the proportion owned and operated by small businesses is not known. However, the timing of replacements is unknown and therefore, the fiscal impact cannot be accurately estimated.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

The fiscal impact of this rule on non-small business is unknown. This rule will eventually impact all boilers between 2.0 and 5.0MMBtu in impacted counties, a portion of which are owned and operated by non-small businesses. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 2,026 boilers in the 2.0-5.0MMBtu range located in the impacted counties, but the proportion owned and operated by non-small businesses is not known. DAQ estimates a cost difference of approximately \$19,000 for replacing a 3.34MMBtu standard boiler with an Ultra-Low NO_x boiler rated at 9ppmv. However, the timing of replacements is unknown and therefore, the fiscal impact cannot be accurately estimated.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The fiscal impact of this rule on other persons is unknown. This rule will eventually impact all boilers between 2.0 and 5.0MMBtu in impacted counties, a portion of which are owned and operated persons other than small businesses, non-small businesses, state, or local governments. This rule does not require retrofits to existing boilers, so the near-term impact of the rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 2,026 boilers in the 2.0-5.0MMBtu range located in the impacted counties, but the proportion owned and operated by other persons is not known. DAQ estimates a cost difference of approximately \$19,000 for replacing a 3.34MMBtu standard boiler with an Ultra-Low NO_x boiler rated at 9ppmv. However, the timing of replacements is unknown and therefore, the fiscal impact cannot be accurately estimated.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

The cost of compliance with this rule is estimated as the total cost difference between a boiler rated at 30ppmv and a boiler rated at 9ppmv for the same design value. A staff analysis of comparable models with a design value of 3.34MMBtu found this difference to be \$19,000.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information

2. Rule or section catchline:
R307-316. NOx Emission Controls for Natural Gas-Fired Boilers Greater Than 5.0 MMBtu
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
On 10/07/2022, EPA finalized the reclassification of the Northern Wasatch Front Nonattainment Area (NAA) from marginal to moderate status for the 2015 NAAQS 8-hour ozone concentration. The moderate classification means that the state of Utah must identify and implement reductions of ozone precursor emissions, including Volatile Organic Compounds (VOCs) and Oxides of Nitrogen (NO _x), in the designated NAA area as part of its State Implementation Plan (SIP) obligations under section 172(c)(2) of the Clean Air Act.
Rule R307-316 will reduce emissions of NO _x from industrial, commercial, and institutional natural gas-fired boilers in Salt Lake, Weber, Davis, Tooele, and Utah counties by requiring any new boiler, or burner installed on a boiler in these areas to be certified to emit no more than 9 parts per million by volume (ppmv) while operating. This rule does not require retrofits or replacements of existing boilers. This rule will help reduce emissions from existing boilers within the nonattainment and surrounding areas over time as the existing boiler stock is replaced with compliant boilers. Future emissions will also be curbed as the areas continue to grow by requiring new boiler installations to comply.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
Rule R307-316 will require a source operating a natural gas-fired boiler in an industrial, institutional, or commercial setting in Salt Lake, Davis, Weber, Tooele, and Utah counties to install a unit certified to emit no more than 9 ppmv and retain the following records: a copy of the boilers

emission rate specifications, the manufacturer's recommendations for proper operation and maintenance of the equipment, records showing proper operation and maintenance of equipment, the manufacturer's certification for any burners replaced, records of any testing as required on boilers greater than 40 MMBtu, and a record of approval for any approved alternative method of control.
Public hearing information: A hearing will be held on 02/15/2023 at 1:00 PM.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
The fiscal impact of this rule on state budgets is unknown. This rule will eventually impact all boilers above 5 MMBtu in impacted counties, a portion of which are owned and operated by the state. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A Division of Air Quality (DAQ) analysis identified 620 boilers greater than 5 MMBtu located in the impacted counties, but the proportion owned and operated by state government is not known. DAQ estimates a cost difference between \$13,000 and \$26,000 for a 6.7MMBtu standard boiler that is replaced with an Ultra-Low NO _x boiler rated at 9 ppmv. However, since the timing of replacement is unknown, the fiscal impact cannot be accurately estimated. For boilers over 40 MMBtu, verification of the required testing will occur as part of the regular compliance inspection process and will have no fiscal impact for DAQ or other state agency.
B) Local governments:
The fiscal impact of this rule on local governments is unknown. This rule will eventually impact all boilers above 5 MMBtu in impacted counties, a portion of which are owned and operated by local governments. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 620 boilers over 5 MMBtu located in the impacted counties, but the proportion owned and operated by local governments is not known. DAQ estimates a cost difference between \$13,000 and \$26,000 for a 6.7MMBtu standard boiler that is replaced with an Ultra-Low NO _x boiler rated at 9 ppmv.

However, since the timing of replacement is unknown, the fiscal impact cannot be accurately estimated.

C) Small businesses ("small business" means a business employing 1-49 persons):

The fiscal impact of this rule on small business is unknown. This rule will eventually impact all boilers above 5 MMBtu in impacted counties, a portion of which are owned and operated by small businesses. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 620 boilers over 5 MMBtu located in the impacted counties, but the proportion owned and operated by small businesses is not known. DAQ estimates a cost difference between \$13,000 and \$26,000 for a 6.7MMBtu standard boiler that is replaced with an Ultra-Low NO_x boiler rated at 9 ppmv. However, since the timing of replacement is unknown, the fiscal impact cannot be accurately estimated.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

The fiscal impact of this rule on non-small business is unknown. This rule will eventually impact all boilers above 5 MMBtu in impacted counties, a portion of which are owned and operated by non-small businesses. This rule does not require retrofits to existing boilers, so the near-term impact of this rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 620 boilers over 5 MMBtu located in the impacted counties, but the proportion owned and operated by non-small businesses is not known. DAQ estimates a cost difference between \$13,000 and \$26,000 for a 6.7MMBtu standard boiler that is replaced with an Ultra-Low NO_x boiler rated at 9 ppmv. However, since the timing of replacement is unknown, the fiscal impact cannot be accurately estimated.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

The fiscal impact of this rule on other persons is unknown. This rule will eventually impact all boilers above 5 MMBtu in impacted counties, a portion of which are owned and operated persons other than small businesses, non-small businesses, state, or local governments. This rule does not require retrofits to existing boilers, so the near-term impact of the rule will be limited to new installations, burner replacements, and boilers reaching the end of their useful life. A DAQ analysis identified 620 boilers over 5 MMBtu located in the impacted counties, but the proportion owned and operated by other persons is not known. DAQ estimates a cost difference between \$13,000 and \$26,000 for a 6.7MMBtu standard boiler that is replaced with an Ultra-Low NO_x boiler rated at 9 ppmv. However, since the

timing of replacement is unknown, the fiscal impact cannot be accurately estimated.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

The cost of compliance with this rule is estimated as the total cost difference between a boiler rated at 30 ppmv and a boiler rated at 9 ppmv for the same design value. A staff analysis of comparable models with a design value of 6.7MMBtu found this difference to be \$12,759.50. Larger boiler installations are expected to be greater, but proportionately similar to this estimate.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

General Information

2. Rule or section catchline:

R590-102. Insurance Department Fee Payment Rule

3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):

This rule is being amended to clarify certain fees charged by the Department of Insurance (Department).

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):

The amendments clarify the total fee for a late assessment paid by a guaranteed asset protection provider, clarify that the annual health insurance actuarial review assessment is appropriated by the legislature, and remove a fee for accessing the Department's rate and form filing database because the database is freely available on the Department's website.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

There is no anticipated cost or savings to the state budget. The late assessment fee is already being collected, the rate and form database fee is not being collected because the information is freely available on the Department's website, and the actuarial review change merely provides clarification.

B) Local governments:

There is no anticipated cost or savings to local governments. Local governments are not subject to these fees.

C) Small businesses ("small business" means a business employing 1-49 persons):

There is no anticipated cost or savings to small businesses. The late assessment fee is already being collected, the rate and form database fee is not being collected because the information is freely available on the

Department's website, and the actuarial review change merely provides clarification.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses. The late assessment fee is already being collected, the rate and form database fee is not being collected because the information is freely available on the Department's website, and the actuarial review change merely provides clarification.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There is no anticipated cost or savings to any other persons. The late assessment fee is already being collected, the rate and form database fee is not being collected because the information is freely available on the Department's website, and the actuarial review change merely provides clarification.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

General Information

2. Rule or section catchline:
R920-60. Amusement Ride Safety
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
The Department of Transportation proposes these changes to Rule R920-60 to incorporate further regulations for zip lines and add Association for Challenge Course Technology (ACCT) specifications specifically involved with requirements for zip line inspections and operation. It is also being modified to address the process for inspecting attractions that have received a major modification. ASTM references are being updated to the most current versions F770, F2959, and F3054. Additionally, various unneeded definitions are being removed, and technical and grammar changes are made to comply with the Utah Rulewriting Manual.

4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):

These proposed changes clarify definitions and delete unneeded definitions, clarify required information for amusement ride operators, establish the ACCT requirements for use with zip lines, updates ASTM specification references, and makes technical and grammar changes to comply with the Utah Rulewriting Manual.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

These proposed changes may cause a measurable fiscal impact on the state's budget because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the amusement ride safety committee is not able to project what this impact may be before the changes are in place and being followed by the inspectors.

B) Local governments:

These proposed changes may cause a measurable fiscal impact on local governments that operate amusement rides because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the safety committee is not able to project what this impact may be before the changes are in place and being followed by the inspectors.

C) Small businesses ("small business" means a business employing 1-49 persons):

These proposed changes may cause a measurable fiscal impact on small businesses that operate amusement rides because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the amusement ride safety committee is not able to project what this impact may be before the changes are in place and being followed by the inspectors.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

These proposed changes may cause a measurable fiscal impact on non-small businesses that operate amusement rides because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the amusement ride safety committee is not able to project what this impact may be before the changes are in place and being followed by the inspectors.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

These proposed changes may cause a measurable fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities that run amusement rides because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the amusement ride safety committee is not able to project what this impact may be before the changes are in place and being followed by the inspectors.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

These proposed changes may result in compliance costs for affected persons because they adopt new standards by which inspectors will conduct amusement rides safety inspections. However, the director of the amusement ride safety committee is not able to project what these costs may be before the changes are in place and being followed by the inspectors.

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends February 14, 2023.

From the end of the 30-day waiting period through May 15, 2023, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

Shelly Jackson	801-538-1041	elections@utah.gov
Please address questions regarding information on this notice to the agency.		

General Information

2. Rule or section catchline:
R623-8. Ballot Chain of Custody
3. Reason for this change (Why is the agency submitting this filing?):
The statement requiring identification for election officials should only apply to those officials engaged in ballot collection. Under Section R623-8-4, General Duties, the sentence requiring an election official to be identifiable through the use of a badge, uniform, or other marking was moved to Section R623-8-5, Ballot Collection. This clarifies the original intent.
4. Summary of this change (What does this filing do?):
This filing limits the requirement of identification to election officials doing ballot collection only. (EDITOR'S NOTE: The original proposed new rule upon which this change in proposed rule (CPR) was based was published in the December 15, 2022, issue of the Utah State Bulletin, on page 44. Underlining in the rule below indicates text that has been added since the publication of the proposed new rule mentioned above; strike-out indicates text that has been deleted. You must view the

CPR and the proposed new rule together to understand all of the changes that will be enforceable should the agency make this rule effective.)

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

This change clarifies the original intention. There is no fiscal impact.

B) Local government:

This change clarifies the original intention. There is no fiscal impact.

C) Small businesses ("small business" means a business employing 1-49 persons):

This change clarifies the original intention. There is no fiscal impact.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

This change clarifies the original intention. There is no fiscal impact.

E) Persons other than small businesses, non-small businesses, or state or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This change clarifies the original intention. There is no fiscal impact.

F) Compliance costs for affected persons:

This change clarifies the original intention. There is no fiscal impact.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

Regulatory Impact Table

Fiscal Cost	FY2023	FY2024	FY2025
State Government	\$0	\$0	\$0
Local Governments	\$0	\$0	\$0
Small Businesses	\$0	\$0	\$0

Non-Small Businesses	\$0	\$0	\$0
Other Persons	\$0	\$0	\$0
Total Fiscal Cost	\$0	\$0	\$0
Fiscal Benefits	FY2023	FY2024	FY2025
State Government	\$0	\$0	\$0
Local Governments	\$0	\$0	\$0
Small Businesses	\$0	\$0	\$0
Non-Small Businesses	\$0	\$0	\$0
Other Persons	\$0	\$0	\$0
Total Fiscal Benefits	\$0	\$0	\$0
Net Fiscal Benefits	\$0	\$0	\$0
H) Department head comments on fiscal impact and approval of regulatory impact analysis:			
The Lieutenant Governor of the Governor's Office, Deidre M. Henderson, has reviewed and approved this regulatory impact analysis.

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

Rule Number:	R356-4	Filing ID: 50839
Effective Date:	01/03/2023	

Agency Information

1. Department:	Governor	
Agency:	Criminal and Juvenile Justice (State Commission on)	
Room number:	E330	
Building:	Senate Building (at State Capitol)	
Street address:	350 N State Street	
City, state and zip:	Salt Lake City, UT 84114	
Contact persons:		
Name:	Phone:	Email:
Kayley Richards	801-538-1050	ktrichards@utah.gov
Ken Matthews	801-538-1058	kmatthews@utah.gov
Please address questions regarding information on this notice to the agency.		

General Information

2. Rule catchline:
R356-4. Juvenile Detention or Confinement in Adult Jails and Lockups

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

The purpose of this rule is to establish standards and certification procedures for the detention or confinement of juveniles in adult jails and lockups consistent with the requirements of Sections 62A-7-201 and 63M-7-204.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

There are no written comments received about this rule.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

Failure to enact this rule would place the Criminal and Juvenile Justice (State Commission on) in violation of Sections 62A-7-201 and 63M-7-204. Therefore, this rule should be continued.

Please address questions regarding information on this notice to the agency.		

General Information

2. Rule catchline:
R414-27. Medicaid Enrollment Process for Nursing Care Facilities
3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:
Section 26-18-3 requires the Department of Health and Human Services (Department) to implement the Medicaid program through administrative rules, and Section 26-18-503 authorizes the Department to grant Medicaid certification to new nursing care facility programs when there is a transfer of ownership.
4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:
The Department did not receive any written comments regarding this rule.
5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

The Department has determined that this rule is necessary because it governs the enrollment of nursing care facilities to receive Medicaid payments after a change of ownership, and outlines the duties of the transferor and transferee following the change. Therefore, this rule should be continued.

General Information

2. Rule catchline:
R414-516. Nursing Facility Non-State Government-Owned Upper Payment Limit Quality Improvement Program
3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:
Section 26B-1-213 grants the Department of Health and Human Services (Department) the power to adopt, amend, or rescind rules, while Section 26-18-3 requires the Department to implement the Medicaid program through administrative rules.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Department did not receive any written comments regarding this rule.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

The Department has determined that this rule is necessary because it sets forth provisions for non-state government-owned nursing facilities to improve the quality of life for their residents. Therefore, this rule should be continued.

FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION

Rule Number:	R590-157	Filing ID:	54320
Effective Date:	12/23/2022		

Agency Information

1. Department:	Insurance		
Agency:	Administration		
Room number:	Suite 2300		
Building:	Taylorsville State Office Building

Contact persons:			
Name:	Phone:	Email:	
Steve Gooch	801-957-9322	sgooch@utah.gov	
Please address questions regarding information on this notice to the agency.			

General Information

2. Rule catchline:
R590-157. Surplus Lines Insurance Premium Tax and Stamping Fee
3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

Section 31A-3-303 requires the insurance commissioner to write rules to prescribe accounting and reporting forms and procedures to be used in calculating and paying the surplus lines premium tax. Section 31A-15-103 requires the insurance commissioner to write rules to specify the stamping fee amount and how it is to be collected.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Department of Insurance has received no written comments regarding this rule during the past five years.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule provides procedures and reporting forms to be used by insurers, brokers, and policyholders in calculating tax due. As a result of the regulation, all who charge the tax use the same calculation to determine the amount of the fee. It makes the payment uniform and fair. Therefore, this rule should be continued.

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

General Information

2. Rule catchline:
R590-243. Commercial Motor Vehicle Insurance Coverage
3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:
Section 31A-2-201 authorizes the insurance commissioner to write rules to implement Title 31A, Insurance Code. Section 31A-22-315 requires the Department of Insurance (Department) to write rules defining commercial motor vehicle insurance coverage.
4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Department has received no written comments regarding this rule during the past five years.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule is necessary because it defines commercial motor vehicle insurance coverage as it applies to motor vehicle insurance reporting. Therefore, this rule should be continued.

NOTICES OF RULE EFFECTIVE DATES

State law provides for agencies to make their administrative rules effective and enforceable after publication in the *Utah State Bulletin*. In the case of **PROPOSED RULES** or **CHANGES IN PROPOSED RULES** with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of **CHANGES IN PROPOSED RULES** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **NOTICE OF EFFECTIVE DATE** within 120 days from the publication of a **PROPOSED RULE** or a related **CHANGE IN PROPOSED RULE** the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective.
