NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between February 16, 2023, 12:00 a.m., and March 01, 2023, 11:59 p.m. are included in this, the March 15, 2023, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least April 14, 2023. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through July 13, 2023, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

Please address questions regarding information on this notice to the agency.		

General Information

2. Rule or section catchline:
R438-15. Newborn Screening
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
The Newborn Screening Advisory Committee has recommended the addition of two disorders to the screening panel, Pompe disorder and Mucopolysacchridosis type I (MPSI). Additionally, recommended changes from the Office of Administrative Rules are incorporated.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This amends Rule R438-15 to add Pompe and MPSI to Utah's Newborn Screening Panel per recommendation of the Newborn Screening Advisory Committee under Section R438-15-4. Additionally, recommended changes from the Office of Administrative Rules have been incorporated throughout this rule.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
MPS I and Pompe has an estimated population frequency of 2 to 3 cases per 50,000 births. Infants identified with Pompe or MPS I through newborn screening are estimated to experience an average lifetime increase of 11.6 quality-adjusted life-years (QALYs) compared with individuals diagnosed clinically. The estimated Incremental cost-effectiveness ratio (ICER) is \$400,000/QALY. The estimated cost of screening of these disorders for each newborn is \$2. Based on 2020 Medicaid data indicating 25% of Utah births are Medicaid eligible assumes cost coverage requirements by Medicaid of 9,000 babies or a total impact of \$18,000. The seriousness of these disorders are demonstrated by

following disease onset of symptoms which are irreversible and ultimately can lead to death in early childhood.

References:

B) Local governments:								
Since the fee for Newborn Screening is covered directly through the kit fee, which is paid through health insurance, there is no anticipated financial impact on local governments.								
C) Small businesses ("small business" means a business employing 1-49 persons):								
The Department of Health and Human Services (Department) does not have sufficient data to estimate the cost to small businesses. Additional cost of X-Linked Adrenoleukodystroph (XALD) screening is passed on to Medicaid and third party payers.								
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):								
The additional cost to third party payers is \$76,000 based on 2020 non-Medicaid deliveries. This is calculated as \$2 times 38,000 births.								
E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <i>agency</i>):								
There is no anticipated financial impact on Persons other than small businesses, non-small businesses, state, or local government entities.								
F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):								
The compliance cost will be \$2 per newborn screened. The Department does not have sufficient data to estimate the cost to any particular third party payer who pays for the screening.

NOTICE OF PROPOSED RULE		
TYPE OF RULE: New		
Rule or Section Number:	R650-407	Filing ID: 55260

Agency Information

1. Department:	Natural Resources	
Agency:	Outdoor Recreation	
Street address:	1594 W North Temple, Suite 100	
City, state and zip:	Salt Lake City, UT 84116	
Contact persons:		
Name:	Phone:	Email:
India Nielsen Barfuss	385-268-2570	indianielsen@utah.gov
Please address questions regarding information on this notice to the agency.		

General Information

2. Rule or section catchline:
R650-407. Off-Highway Vehicle Advisory Council
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
The Division of Outdoor Recreation (Division) came into existence 07/01/2022 (H.B. 305 passed in the 2022 General Session). The Division is now officially filing rules. These rules previously existed under State Parks or the Governor's Office of Economic Opportunity.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This filing will take a rule that currently exists under the Division of State Parks (R651-407) and file it properly under the Division. There will also be slight updates (already approved by the Outdoor Adventure Commission).
In 2022, the Utah Legislature passed and the Governor signed into law H.B. 305. Lines 3518-3523 of that bill (now codified as Subsection 79-2-206(2)(b)) provide administrative rules administered by the former Division of Parks and Recreation "remain in effect until modified by the appropriate entity with the Department of Natural Resources, except that the agency administering the rule shall be transferred to the appropriate entity with the Department of Natural Resources."
One of those rules is Rule R651-407, which was formerly administered by the Division of Parks and Recreation. That rule is now administered by the Division because the rule pertains to the OHV Advisory Council and

Subsections 41-22-2(1) and 41-22-10(1) provide the Division is the agency statutorily authorized to "appoint and seek recommendations from the council."

Pursuant to its authority under Subsection 79-2-206(2)(b) to modify rules formerly administered by the Division of Parks and Recreation, the Division proposes the following changes from the original Rule R651-407 to the new Rule R650-407.

Repromulgating and renumbering the rule under R650, the Division of Outdoor Recreation's title of the Utah Administrative Code.

Replacing the word "board," which refers to the State Parks Board, with "Division of Outdoor Recreation." This change reflects the requirements of Subsection 41-22-10(1), which charges the Division with appointing the council.

The addition of language that clarifies the Division will appoint an employee of the Bureau of Land Management, the USDA Forest Service, and the Utah School and Institutional Trust Lands Administration to the OHV Advisory Council.

The addition of language that provides for the appointment of an employee of the Public Lands Policy Coordinating Office. The Division believes this change is beneficial in that it allows another state agency with expertise in OHV use on Utah's public lands to provide insight to the council and, in turn, recommendations regarding public land OHV use to the Division.

The addition of language that provides for the appointment of a member recommended by the Utah Sheriff Search and Rescue Association. The Division believes this change is beneficial in that it allows a Utah law enforcement entity with expertise in OHV search and rescue activities and programs to recommend appointment of a member to provide insight to the council and, in turn, recommendations regarding OHV search and rescue activities and programs to the Division.

The addition of language that clarifies one member of the council should have an interest in snowmobiling, one member should have an interest in motorcycles, one member should have an interest in all-terrain vehicle use, one member should have an interest in four-wheel drive use, and one member should have an interest in OHV safety.

The removal of language that provides for appointment of a youth member and a change that provides the number of at large members of the council is one instead of two. The Division believes the addition of members from the Public Lands Policy Coordinating Office and the Utah Sheriff Search and Rescue Association will provide the council with better OHV expertise than the youth member and at large member currently provide and, in turn, better position the council to provide recommendations to the Division of Outdoor Recreation.

(EDITOR'S NOTE: The proposed repeal of Rule R651-407 is under ID 55253 in this issue, March 15, 2023, of the Bulletin.)

R651-635. Commercial, Privileged, and Special Uses of Division Manage Park Areas
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
There are very specific business activities that park visitors may request that are not necessarily recreation activities but under current administrative rules require the Division of State Parks (Division) provide written authorization for the activity, normally in the form of a Special Use Permit. This rule amendment allows the Division to move forward authorizing these specific non-recreational activities without being required to issue a Special Use Permit, saving some administrative time and providing better customer service to park visitors requesting these services.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
The amendment enacts a new section of this rule that allows for certain limited commercial activities on State Parks without a need to obtain a Special Use Permit.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
--

A) State budget:			
The proposed rule amendment will have no budgetary impact to the state. It will save some administrative time, but the actual impact is negligible.			
B) Local governments:			
The proposed rule amendment will have no budgetary impact to the local governments because this rule does not regulate local governments.			
C) Small businesses ("small business" means a business employing 1-49 persons):			
The proposed rule amendment will have no appreciable budgetary impact to small businesses other than a small amount of time it will save them from having to obtain a Special Use Permit.			
D) Non-small businesses ("non-small business" means a business employing 50 or more persons):			
The proposed rule amendment will have no appreciable budgetary impact to non-small businesses other than a small amount of time it will save them from having to obtain a Special Use Permit.			
E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):			
The proposed rule amendment will help provide better customer service to park visitors but is not anticipated to generate any significant savings.			
F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):			
There are no associated costs for affected persons as outlined in this proposed rule amendment.			
G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

R765-605. Higher Education Success Stipend Program
3. Purpose of the new rule or reason for the change (Why is the agency submitting this filing?):
The Higher Education Success Stipend Program has been discontinued and the Utah Board of Higher Education has decided that this rule is no longer necessary.
4. Summary of the new rule or change (What does this filing do? If this is a repeal and reenact, explain the substantive differences between the repealed rule and the reenacted rule):
This rule is repealed in its entirety.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:
Because the Higher Education Success Stipend Program has been replaced by another program, the repeal of this rule will not affect the state budget.

B) Local governments:

C) Small businesses ("small business" means a business employing 1-49 persons):
Because this rule doesn't affect small businesses, its repeal will not affect local businesses.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):
This rule relates to the Higher Education Success Stipend Program, which was a scholarship program that persons could voluntarily apply for. The program has been replaced by another program and this rule is no longer useful. Since the program is a voluntary program, the repeal of this rule will not cause any person to incur compliance costs.

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends April 14, 2023.

From the end of the 30-day waiting period through July 13, 2023, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

General Information

2. Rule catchline:	R746-8. Utah Universal Public Telecommunications Service Support Fund (UUSF)
---------------------------	--

3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

The Public Service Commission (PSC) is granted jurisdiction to supervise and regulate every public utility in

the state and to ensure rates are reasonable and service is adequate, see Sections 54-3-1 and 54-4-1.

Section 54-8b-15 of the Utah Code establishes the Universal Public Telecommunications Service Support Fund (USF) and requires the PSC to establish rules to govern administration of the USF, which exists to allow qualifying carriers of last resort to obtain specific, predictable, and sufficient funds to deploy and manage networks capable of providing access lines, connections, or wholesale broadband internet access service.

Section 54-8b-10 requires the PSC to establish a program, Relay Utah, whereby deaf and speech impaired customers may obtain a telecommunication device capable of serving the customer at no charge beyond the rate for basic service.

Pursuant to these provisions, the PSC is statutorily required to continue this rule to facilitate administration of the USF and Relay Utah programs.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The PSC has received no written comments from any interested person supporting or opposing this rule since the last five-year review.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

As referenced in Box 3 above, the Utah Code requires the PSC to establish and maintain rules to administer the USF and Relay Utah programs. This rule is the mechanism by which the PSC fulfills these statutory obligations. Therefore, this rule should be continued.

The **EXTENSION** permits the agency to file the review up to 120 days beyond the anniversary date.

Agencies have filed **EXTENSIONS** for the rules listed below. The "Extended Due Date" is 120 days after the anniversary date.

NOTICES OF RULE EFFECTIVE DATES

State law provides for agencies to make their administrative rules effective and enforceable after publication in the *Utah State Bulletin*. In the case of **PROPOSED RULES** or **CHANGES IN PROPOSED RULES** with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of **CHANGES IN PROPOSED RULES** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **NOTICE OF EFFECTIVE DATE** within 120 days from the publication of a **PROPOSED RULE** or a related **CHANGE IN PROPOSED RULE** the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective.

NOTICES OF EFFECTIVE DATE are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.
