NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between January 03, 2024, 12:00 a.m., and January 16, 2024, 11:59 p.m. are included in this, the February 01, 2024, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least March 04, 2024. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through May 31, 2024, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information

2. Rule or section catchline:
R277-100. Definitions for Utah State Board of Education (Board) Rules
3. Purpose of the new rule or reason for the change:
This rule is being updated to amend the definition of the term "monitoring" to align with the amendments to Rule R277-114, which creates the Utah State Board of Education (USBE) Oversight Framework. (EDITOR'S NOTE: The proposed amendment to Rule R277-114 is under ID 56286 in this issue, February 1, 2024, of the Bulletin.)
4. Summary of the new rule or change:
The amendments specifically add a definition for the "Utah Schools Information Management System" (USIMS).

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures. There are no direct or measurable costs associated with clarifying the term "monitoring" or adding a definition for USIMS as described in Section 53E-3-518.

The changes help the Utah State Board of Education (USBE) clearly explain monitoring and oversight of educational programs.

B) Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

The changes provide clarity for Local Education Agencies (LEAs) but do not add costs or savings for LEA budgets.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only impacts USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

There are no measurable costs associated with adding the definitions.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

There are no measurable costs associated with compliance to the rule changes for USBE or LEAs.

3. Purpose of the new rule or reason for the change:
This rule is being updated to incorporate by reference new General Teaching Preparation Competencies and Elementary Content competencies, and to also make updates to the requirements related to General Teacher Preparation.
4. Summary of the new rule or change:
The amendments specifically incorporate the General Teacher Preparation Competencies dated January 2024, and the Elementary Content Competencies dated January 2024.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This rule change is not expected to have fiscal impact on state government revenues or expenditures.
The updates to educator preparation competencies and the requirement to provide the Utah State Board of Education (USBE) with evidence that a teacher preparation program complies with requirements do not add specific or measurable costs for USBE or any other state entity.
B) Local governments:
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.
Local Education Agencies (LEAs) with educator preparation programs may need to submit evidence to USBE to be approved as a program; USBE does not estimate a measurable fiscal impact as they programs can

simply submit a syllabus or program outline to USBE for consideration. There are no measurable fiscal impacts for LEAs.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only affects USBE and LEAs.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects USBE and LEAs.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons.

There are no measurable compliance costs for USBE or LEAs to update the reference to educator competencies and provide evidence a preparation program can prepare educators prior to approval by USBE.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

This rule change clarifies LEA responsibilities related to language placement services in this rule. These responsibilities have already been federal requirements and do not add measurable costs for LEAs.
Also, notice requirements are clarified to be within 30 days of the beginning of school. As the notice requirements have already been in existence, this will not add costs for LEAs.

The changes for clarity in this rule do not add measurable costs for USBE or LEAs.

General Information

2. Rule or section catchline:
R392-304. Artificial Swimming Lagoons
3. Purpose of the new rule or reason for the change:
Currently, there is no rule to regulate design, construction, sanitation, and safety of recreational bodies of water intended for swimming that have more than 30,000 square feet of surface area. An artificial swimming lagoon (ASL) is an artificial body of water used for recreational purposes, including swimming, with more than 30,000 square feet of surface area that includes one or more designated swimming areas (DSA), which are areas located within an artificial swimming lagoon that are visually separated from other areas of a lagoon by a rope, float line, or another method. Section 26B-7-402 charges the Department of Health and Human Services (Department) to establish and enforce, or provide for the enforcement of, minimum rules of sanitation necessary to protect public health at public swimming pools, among other listed public facilities.
4. Summary of the new rule or change:
This is a new rule to regulate aquatic designs and technologies specific to ASLs.

This proposed rule establishes minimum standards for the sanitation, design, construction, operation, and maintenance of an ASL, as defined by this rule, and provides for the prevention and control of hazards associated with ASLs that are likely to adversely affect public health and wellness including risk factors contributing to injury, sickness, death, disability, and the spread of disease.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

No anticipated cost or savings. This rule is not expected to have any impact on state government revenues or expenditures because it does not affect existing operations at the state level.

B) Local governments:

No anticipated cost or savings. This rule is not expected to have any impact on local governments' revenues or expenditures because it does not affect existing operations at the local level.

For example, the proposed rule does not require the local health department to review plans, conduct inspections, or issue permits.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule is not expected to have any impact on small businesses because there is only one business currently operating, and it is considered a non-small business.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

The single ASL facility currently operating in Utah meets the definition of a non-small business.

This rule is not expected to have a fiscal impact on this non-small business due to coming into compliance because the provisions of this rule are a compilation of current industry standards. The non-small business is currently operating in compliance with the provisions of this proposed rule.

Though the proposed rule does not require a permit, a regulating agency may opt to require a permit at a future date. There may be costs associated with operating permit fees, though the exact cost is inestimable due to a lack of data, but it is unlikely to be higher than \$2,500 annually.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation,

association, governmental entity, or public or private organization of any character other than an **agency**):

No anticipated cost or savings because the changes do not affect existing operations.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

No anticipated cost or savings because the changes do not affect existing operations.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

3. Purpose of the new rule or reason for the change:
This new rule sets out the process and procedure for initiating and conducting adjudicatory proceedings before the Division of Outdoor Recreation (Division).
4. Summary of the new rule or change:
This new rule provides the process for initiating adjudicatory proceedings and sets out procedures for conducting adjudicatory proceedings.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This proposed rule is not expected to have a fiscal impact on state government revenues or expenditures. This is

because this rule pertains only to initiating and conducting adjudicatory proceedings before the Division and does not directly require the commitment or expenditure of revenues.

Accordingly, it is not anticipated that this rule would impact state government revenues, or require state government expenditures, that are not otherwise required by the Utah Administrative Procedures Act.

B) Local governments:

This proposed rule is not expected to have a fiscal impact on local governments' revenues or expenditures. This is because this rule pertains only to initiating and conducting adjudicatory proceedings before the Division and does not directly require the commitment or expenditure of revenues.

Accordingly, is not anticipated that this rule would impact local government revenues, or require local government expenditures, that are not otherwise required by the Utah Administrative Procedures Act.

C) Small businesses ("small business" means a business employing 1-49 persons):

This proposed rule is not expected to have a fiscal impact on small businesses' revenues or expenditures, nor will a service be required of them for the implementation of this rule.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

This proposed rule is not expected to have a fiscal impact on non-small businesses' revenues or expenditures, nor will a service be required of them for the implementation of this rule.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The proposed rule is not expected to have a fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities revenues or expenditures, nor will a service be required of them for the implementation of this rule.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. This is because this rule pertains only to initiating and conducting adjudicatory proceedings before the Division and does not directly require the expenditure of any costs.

To the extent this rule does require the expenditure of costs, it is anticipated such costs would otherwise be

required to comply with the Utah Administrative Procedures Act and thus would be imposed by that statute as opposed to this rule.

General Information

2. Rule or section catchline:
 R657-13. Taking Fish and Crayfish

3. Purpose of the new rule or reason for the change:
 This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually

for taking public input and reviewing the Division of Wildlife Resources' (DWR) fishing management program.

4. Summary of the new rule or change:

This rule is being amended to add species to the list of prohibited fish.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

This amendment adds protections to fish species from harvest, therefore the DWR has determined that these amendments do not create a cost or savings impact to the state budget or the DWR's budget, since the changes will not increase workload and can be carried out with existing budget.

B) Local governments:

Since this amendment only adds additional fish to the prohibited list, this should have little to no effect on local governments.

This filing does not create any direct cost or savings impact on local governments because they are not directly affected by this rule. Nor are local governments indirectly impacted because this rule does not create a situation requiring services from local governments.

C) Small businesses ("small business" means a business employing 1-49 persons):

This rule does not impose any additional financial requirements on small businesses, nor generate a cost or saving impact to small businesses because this rule does not create a situation requiring services from them.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

This rule does not impose any additional financial requirements on non-small businesses, nor generate a cost or saving impact to non-small businesses because this rule does not create a situation requiring services from them.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule does not impose any additional financial requirements on other persons, nor generate a cost or saving impact to other persons because this rule does not create a situation requiring services from them.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

DWR has determined that this amendment will not create additional costs for those individuals wishing to participate in fishing in Utah because there is no cost associated with adding fish to the prohibited list.

R657-33. Taking Bear

3. Purpose of the new rule or reason for the change:

This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) rule regulating the taking of bear in Utah.

4. Summary of the new rule or change:

The proposed amendments to this rule amend the mandatory orientation course to be taken prior to hunting instead of prior to applying for or obtaining the bear permits.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

The amendments to Rule R657-33 are administrative in nature and the DWR has determined that these changes can be initiated within the current workload and resources of the DWR, therefore, the DWR believes that these amendments can be enacted without a cost or savings impact to the state budget or the DWR's budget.

B) Local governments:

Since the proposed amendments do not require a service from local governments this filing does not create any direct or indirect cost or savings impact to local governments.

C) Small businesses ("small business" means a business employing 1-49 persons):

The proposed rule amendments will not directly impact small businesses because a service is not required of them.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

The proposed rule amendments will not directly impact non-small businesses because a service is not required of them.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

These amendments do not have the potential to create a cost impact to those individuals wishing to participate in the hunting of bear in Utah because the mandatory orientation course has zero cost associated to take it and is available for free on DWR's website.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

DWR has determined that this amendment will not create additional costs for those participating in the take of bear, because the mandatory orientation course has zero cost associated to take it and is available for free on DWR's website.

This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) commercial harvesting of protected aquatic wildlife management program.
4. Summary of the new rule or change:
This rule is being amended for the following: 1) to add allowances for tags to be issued outside the standardized guidance and to protect the identity of reporting parties, when deemed appropriate and necessary; 2) to add additional permit options for reporting parties who report multiple poaching reported reward eligible violations in a single year; 3) to add the definition of "Immediate Family"; 4) to add the definition for "Poaching Reported Reward Permit"; 5) to modify violations that are eligible for Poaching Reported Reward Permits to include the unlawful taking of a trophy animal under Section 23A-5-309; and 6) to remove the ability to receive/issue a Poaching Reported Reward Permit for cougar.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This amendment adds additional flexibility to Law Enforcement Officers when issuing Poaching Reported Reward Permits and can be performed within the normal business operations. F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):								
DWR has determined that this amendment will not create additional costs for those individuals who report hunting or fishing violators that would qualify them for a Poaching Reward Permit.

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends March 04, 2024.

From the end of the 30-day waiting period through May 31, 2024, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

The Changes in Proposed Rules Begin on the Following Page

General Information

2. Rule or section catchline:
R708-31. Ignition Interlock Systems
3. Reason for this change:
The Driver License Division (Division) has made changes to the proposed rule as a result of several public comments made during the 30-day public comment period.
4. Summary of this change:
This filing adds clarifying language throughout.
In addition, the filing:
1) changes the date of compliance for systems from December 31, 2023, to October 31, 2024;
2) updates recertification time frame from three years to five years;
3) amends the definition section; and

4) removes the requirement for a certification of test results to be signed by corporate officers of the lab and instead can be signed by an employee of the lab.

The filing also removes the requirement for manufacturers to notify the Division of changes to software or firmware. The rule filing allows existing systems installed prior to October 31, 2024, to remain installed until the first monitor appointment that occurs after October 31, 2024, and removes the requirement to provide the serial number of the camera.

(EDITOR'S NOTE: The original proposed repeal and reenact upon which this change in proposed rule (CPR) was based was published in the October 15, 2023, issue of the Utah State Bulletin, on page 167. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed repeal and reenact together to understand all of the changes that will be enforceable should the agency make this rule effective.)

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:
A) State budget:
This rule filing is not expected to have any impact on any state government budget.
These changes are extending the date of compliance for manufacturers to a longer time frame and to recertify less frequently.
These changes also clarify terms used in the previous filing for who signs the certification of the test results and removes the need to notify the Division about software or firmware changes which did not have a fiscal cost or savings associated in the initial filing.
B) Local government:
This rule filing is not expected to have any impact on local governments.
This rule does not regulate local governments.
C) Small businesses ("small business" means a business employing 1-49 persons):
This rule filing is not expected to have any impact on small businesses.
This rule does not regulate small businesses.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

These changes may have a direct inestimable fiscal benefit to eight certified ignition interlock system manufacturers.

The date for compliance has been extended and the extension of the time period to recertify a system has changed from every three years to every five years which would result in a manufacturer going through the certification process less. This means they would not have to pay the certification costs as often.

E) Persons other than small businesses, non-small businesses, or state or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule filing is not expected to have any impact on persons other than small businesses, non-small businesses, or state or local government entities.

This rule does not regulate other persons.

F) Compliance costs for affected persons:

There may be some inestimable compliance costs associated with this rule filing. The costs are inestimable because the Division is not able to determine how much it would cost a manufacturer to obtain accreditation for compliance.

G) Regulatory Impact Summary Table (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

4. Summary of this change:
This filing adds clarifying language throughout.
In addition, the filing removes the requirement for providers and installers to have a designated waiting area and a visual barrier to be present for ignition interlock activities that are done outside of a garage and instead adds that ignition interlock activities shall not be in view of the public.
This rule filing updates the definition section, adds clarification that inspections and records are specific to the ignition interlock business, and that any ignition interlock system activity report will be given to the client only upon request.
This filing removes the requirement to always have a licensed installer on the premises during business hours and removes the requirement to list the serial number of the cameras.
(EDITOR'S NOTE: The original proposed repeal and reenact upon which this change in proposed rule (CPR) was based was published in the October 15, 2023, issue of the Utah State Bulletin, on page 183. FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

2. Rule catchline:
R657-67. Utah Hunter Mentoring Program
3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:

Under the authority of Sections 23A-2-201, 23A-2-102, 23A-2-305, 23A-2-304, 23A-4-201, and 23A-4-710, this rule creates a Hunting Mentor program that will increase hunting opportunities for Utah families and provides the procedures under which a minor child may share the permit of another to take protected wildlife.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

The Division of Wildlife Resources (Division) has not received any written comments regarding this rule.

Any comments received in opposition to this rule are resolved using existing policies and procedures or the issue is placed on the Regional Advisory Council's and Wildlife Board's agenda for review and discussion during the process for taking public input.

The public is welcome to view the Regional Advisory Council minutes, Wildlife Board minutes, and the administrative record for this rule at the Division.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

NOTICES OF FIVE-YEAR EXPIRATIONS

Rulewriting agencies are required by law to review each of their administrative rules within five years of the date of the rule's original enactment or the date of last review (Section 63G-3-305). The Office of Administrative Rules (Office) is required to notify agencies of rules due for review at least 180 days prior to the anniversary date. If the agency finds that it will not meet the deadline for review of the rule (the five-year anniversary date), it may file a **NOTICE OF FIVE-YEAR EXTENSION (EXTENSION)** with the Office. However, if the agency fails to file either the **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION** or the **EXTENSION** by the date provide by the Office, the rule expires.

Upon expiration of the rule, the Office files a **NOTICE OF FIVE-YEAR EXPIRATION (EXPIRATION)** to document the action. The Office is required to remove the rule from the *Utah Administrative Code*. The agency may no longer enforce the rule and it must follow regular rulemaking procedures to replace the rule if it is still needed.

The Office has filed **EXPIRATIONS** for each of the rules listed below which were not reviewed in accordance with Section 63G-3-305. These rules have expired and have been removed from the *Utah Administrative Code*.

The expiration of administrative rules for failure to comply with the five-year review requirement is governed by Subsection 63G-3-305(8).

In the case of **CHANGES IN PROPOSED RULES** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **NOTICE OF EFFECTIVE DATE** within 120 days from the publication of a **PROPOSED RULE** or a related **CHANGE IN PROPOSED RULE** the rule lapses.
