## NOTICES OF PROPOSED RULES

---

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between January 03, 2024, 12:00 a.m., and January 16, 2024, 11:59 p.m. are included in this, the February 01, 2025, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least March 03, 2025. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through June 01, 2025, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

**PROPOSED RULES** are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. The oversight framework categorization is part of the USBE's effort through Rule R277-111 to categorize each rule into an oversight framework category, or to delineate for stakeholders what type of monitoring or oversight is required by the USBE resulting from this rule. This categorization does not add any requirements or resources in and of itself for the USBE or LEAs.

### General Information

#### 2. Rule or section catchline:

R277-607. Absenteeism and Truancy Prevention

#### 3. Purpose of the new rule or reason for the change:

This rule is being amended due to two bills, S.B. 177 and S.B. 56, that passed in the 2024 General Session, affecting Sections 53G-6-206 and 53G-10-205.

#### 4. Summary of the new rule or change:

The amendments specifically add a definition of "truancy", "absence", and "valid excuse". The amendments also provide the ability for Local Education Agencies (LEAs) to refer students to court, as well as the ability to connect grades to attendance.

### Fiscal Information

#### 5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

##### A) State budget:

This rule change is not expected to have fiscal impact on state government revenues or expenditures. The amendments updating definitions and allowing LEAs to connect grades to attendance and refer students to court were the result of 2024 legislation, S.B. 177 and S.B. 56, and the Utah State Board of Education (USBE) believes any fiscal impact were captured in the fiscal note to those bills. This rule does not create any additional reporting or fiscal impact for the USBE or LEAs or other persons.

##### B) Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. The amendments updating definitions and allowing LEAs to connect grades to attendance and refer students to court were the result of 2024 legislation, S.B. 177 and S.B. 56, and USBE believes any fiscal impact were captured in the fiscal note to those bills. This rule does not create any additional reporting or fiscal impact for the USBE or LEAs or other persons.

##### C) Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects the USBE and LEAs.

##### D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

##### E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. The amendments updating definitions and allowing LEAs to connect grades to attendance and refer students to court were the result of 2024 legislation, S.B. 177 and S.B. 56, and USBE believes any fiscal impact were captured in the fiscal note to those bills. This rule does not create any additional reporting or fiscal impact for the USBE or LEAs or other persons.

##### F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

<b>3. Purpose of the new rule or reason for the change:</b>

The amendments add an oversight category 2 and make changes to the survey requirements. The amendments specifically remove the language that mandated the survey and adjusted other provisions accordingly.

**Fiscal Information**

<b>5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A) State budget:</b>
This rule change is not expected to have fiscal impact on state government revenues or expenditures. This categorization does not add any requirements or resources in and of itself for the USBE or Local Education Agencies (LEAs). The changes to the survey requirements are due to the passage of HB 182 in the 2024 legislative session. **General Information****2. Rule or section catchline:**

R277-631. Student Toilet Training Requirements

**3. Purpose of the new rule or reason for the change:**

This rule is being amended to the passage of H.B. 331 in the 2024 General Session, and to provide Local Education Agencies (LEAs) with more specific guidance about students with disabilities or suspected disabilities than this rule currently provides.

**4. Summary of the new rule or change:**

The amendments specifically clarify that enrollment of students with disabilities is mandatory, notwithstanding toileting issues, clarify when background checks are needed, and clarify where assistance with toileting should occur.

**Fiscal Information****5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A) State budget:**

This rule change is not expected to have fiscal impact on state government revenues or expenditures. This is a relatively new rule due to the passage of H.B. 331 (2024). H.B. 331's (2024) fiscal note captured the fiscal impact of the original rule.

These amendments clarify LEA responsibilities. They do not add measurable costs for LEAs, as LEAs are already required to establish policies and procedures for dealing with student toilet training issues. There are no costs for the Utah State Board of Education (USB E) associated with these amendments to provide clearer guidance to LEAs.

### General Information

<b>2. Rule or section catchline:</b>
R277-725. Statewide Online Education Program Contractor Requirements
<b>3. Purpose of the new rule or reason for the change:</b>
This rule is being created due to the passage of H.B. 247 from the 2024 General Session, and to align with Section 53F-4-504 requirements that the Board contract with a private provider to administer the part of the Statewide Online Education Program (SOEP) designated for private and home school students.
<b>4. Summary of the new rule or change:</b>
The new rule specifies the procedures for enrollment in and operation of the program for private and home school students and, as well as, specifying responsibilities of the contractor.

### Fiscal Information

<b>5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A) State budget:</b>
This rule change is not expected to have fiscal impact on state government revenues or expenditures. The Utah State Board of Education (USBE) believes the fiscal impacts were captured in the fiscal note to H.B. 247 (2024), which created the requirement for the USBE to contract with a private entity to administer the SOEP for private and home school students.
This rule does not add additional fiscal impact outside the fiscal note to H.B. 247 (2024) for the USBE, Local Education Agencies (LEAs), or other entities.
<b>B) Local governments:</b>
This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. The USBE believes the fiscal impact was captured in the fiscal note to H.B. 247 (2024), which created the requirement for the USBE to contract with a private entity to administer SOEP for private and home school students.
This rule does not add additional fiscal impact outside the fiscal note to H.B. 247 (2024) for the USBE, LEAs, or other entities.
<b>C) Small businesses</b> ("small business" means a business employing 1-49 persons):
This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects the USBE and LEAs.
<b>D) Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.
<b>E) Persons other than small businesses, non-small businesses, state, or local government entities</b> ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <b>agency</b> ):
This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. The USBE believes the fiscal impact was captured in the fiscal note to H.B. 247 (2024),

which created the requirement for the USBE to contract with a private entity to administer SOEP for private and home school students.

This rule does not add additional fiscal impact outside the fiscal note to H.B. 247 (2024) for the USBE, LEAs, or other entities.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

There are no compliance costs for affected persons. The USBE believes the fiscal impact was captured in the fiscal note to H.B. 247 (2024), which created the requirement for the USBE to contract with a private entity to administer SOEP for private and home school students.

This rule does not add additional fiscal impact outside the fiscal note to H.B. 247 (2024) for the USBE, LEAs, or other entities.

Please address questions regarding information on this notice to the persons listed above.			

## General Information

<b>2. Rule or section catchline:</b>
R357-3. Economic Development Tax Increment Financing Rule
<b>3. Purpose of the new rule or reason for the change:</b>
After an internal review of this rule, the Governor's Office of Economic Opportunity (GOEO) determined that three changes were needed. First, GOEO needs to update references and names (nonsubstantive). Second, GOEO needs to create new requirements for applicant review. Finally, GOEO needs to create time limits for contracting.
<b>4. Summary of the new rule or change:</b>
This amendment updates references to re-numbered sections of the Utah Code and updates the Office's name from "Go Utah" to "GOEO".  Additionally, it adds requirements during the application process. These requirements state that applicants must submit forecasted annual water and electricity use, and that GOEO may review the company's project to determine if it is materially within the scope of published definitions of one or more targeted industries, forecasted annual use of water and consumptive use percentage, and forecasted projected annual use of electricity.  Finally, it adds time limits for contracting. This includes the time between board approval and contracting, the year(s) the tax credit may be claimed, expiration dates for tax certificates, and an end date for exclusion of the 2020 EDTIF period.

## Fiscal Information

<b>5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A) State budget:</b>
No anticipated cost or savings for the state as this only affects how GOEO employees manage the Economic Development Tax Increment Financing program and will not increase or decrease personnel or FTE requirements.
<b>B) Local governments:</b>
No anticipated cost because this rule does not affect local governments.

**C) Small businesses** ("small business" means a business employing 1-49 persons):

No anticipated cost because this is an optional program. If a small business chooses to participate in this program, any cost/savings would be unchanged because these rule changes do not create any costs or savings for small businesses.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

No anticipated cost because this is an optional program. If a non-small business chooses to participate in this program, any cost/savings would be unchanged because these rule changes do not create any costs of savings for non-small businesses.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

No anticipated cost because this is an optional program. If a person chooses to participate in this program, any cost/savings would be unchanged because these rule changes do not create any costs or savings for persons.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

No anticipated cost because this is an optional program and these rule changes do not create new costs or savings.

<b>3. Purpose of the new rule or reason for the change:</b>

**4. Summary of the new rule or change:**

The majority of the changes are being done to fix style issues to bring this rule text more in line with the Rulewriting Manual for Utah standards.

Other changes make the language of this rule more clear, remove the Penalties (old R590-286-10) section because penalties are already provided for in statute, remove the Effective Date (old R590-286-9) section because this rule is already in force, and update the Severability (new R590-286-8) section to use the Department's current language.

The changes do not add, remove, or change any regulations or requirements.

**General Information****2. Rule or section catchline:**

R652-20. Mineral Resources

**3. Purpose of the new rule or reason for the change:**

The Division of Forestry, Fire and State Lands (Division) proposes changing the oil and gas royalty rate from 12-1/2% to 16-2/3% to both better represent market conditions and ensure the state is receiving a full and fair royalty on state minerals.

**4. Summary of the new rule or change:**

The proposed rule changes an outdated royalty rate to a royalty rate based on current market conditions.

Further, the proposed rule eliminates a previously-utilized escalation provision that is no longer acceptable to oil and gas operators, who require a royalty rate set with certainty when entering into a mineral lease.

Finally, the royalty rate increase to 16-2/3% represents a reasonable rate based on the full spectrum of oil and gas development in Utah – from established reserves in the Uinta Basin, to operators wanting to pursue wildcatting in undeveloped areas in the state.

**Fiscal Information****5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A) State budget:**

There are no aggregated anticipated costs or savings to the state budget. The rule change will represent an increase in monetary recoupment to the state of Utah.

**B) Local governments:**

There are no aggregated anticipated costs or savings to local governments. The rule change will represent an increase in monetary recoupment to the state of Utah.

**C) Small businesses** ("small business" means a business employing 1-49 persons):

Only new small business operators obtaining a lease after the effective date of the proposed change to Rule R652-20 may see an increase in operational costs/expenses due to the royalty increase. The proposed change falls within the mid-range of commercially reasonable royalty rates in the oil and gas industry.

The exact impact is inestimable due to the unknown number of operators who will seek to obtain new leases under this rule and the unknown amount of oil and gas recovered under any of the unknown, future leases.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

Only new non-small business operators obtaining a lease after the effective date of the proposed change to Rule R652-20 may see an increase in operational costs/expenses due to the royalty increase. The proposed change falls within the mid-range of commercially reasonable royalty rates in the oil and gas industry.

The exact impact is inestimable due to the unknown number of operators who will seek to obtain new leases under this rule and the unknown amount of oil and gas recovered under any of the unknown, future leases.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There are no aggregated anticipated costs or savings to persons other than small businesses, non-small businesses, state or local government entities. The rule change will represent an increase in monetary recoupment to the state of Utah.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

Only operators that will be obtaining new leases from the state after the effective date of Rule R652-20 will be required to pay the royalty rate established by this rule change.

It is well within the mid-range of acceptable royalty rates and operators will not object to the increased rate that is below premium rates (20% plus) for private leases.

These impacts are inestimable due to the unknown number of operators wanting to obtain new leases and the amount of material recovered by future leases.

**G) Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

<b>2. Rule or section catchline:</b>
R657-5. Taking Big Game
<b>3. Purpose of the new rule or reason for the change:</b>
This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) rule pursuant to taking Big Game.
<b>4. Summary of the new rule or change:</b>
The proposed amendment to this rule clarifies the definition of "Restricted Muzzleloader Equipment".

**Fiscal Information**

<b>5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A) State budget:</b>
The amendments to Rule R657-5 are administrative in nature, the DWR determines that these changes can be initiated within the current workload and resources of the DWR, therefore, the DWR does not believe that these amendments would create a cost or savings impact to the state budget or the DWR's budget since the changes will not increase workload and can be carried out with existing budget.
<b>B) Local governments:</b>
Local governments are not directly or indirectly impacted by these proposed amendments because this rule does not create a situation requiring services from local governments.
<b>C) Small businesses</b> ("small business" means a business employing 1-49 persons):
The proposed rule amendments will not directly impact small businesses because a service is not required of them.
<b>D) Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
The proposed rule amendments will not directly impact non-small businesses because a service is not required of them.
<b>E) Persons other than small businesses, non-small businesses, state, or local government entities</b> ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <b>agency</b> ):
The proposed rule amendments do not have the potential to impact other persons that hunt big game in Utah, nor is a service required of them.
<b>F) Compliance costs for affected persons</b> (How much will it cost an impacted entity to adhere to this rule or its changes?):

The DWR determines that this amendment may not create additional costs for those individuals wishing to hunt big game in Utah because it simply clarifies an existing definition for the restricted muzzleloader hunts in Utah.

**General Information**

<b>2. Rule or section catchline:</b>
R657-10. Taking Cougar
<b>3. Purpose of the new rule or reason for the change:</b>
This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) rule pursuant to taking cougar.
<b>4. Summary of the new rule or change:</b>
The proposed amendments to this rule: 1) allow for the sale of green cougar pelts; 2) allow the use of rimfire cartridges and ammunition to take cougars caught in traps; and 3) make technical corrections as needed.

**Fiscal Information**

<b>5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A) State budget:</b>
The amendments to Rule R657-10 are administrative in nature, the DWR determines that these changes can be initiated within the current workload and resources of the DWR, therefore, the DWR does not believe that these amendments would create a cost or savings impact to the state budget or the DWR's budget since the changes will not increase workload and can be carried out with existing budget.

**B) Local governments:**

Local governments are not directly or indirectly impacted by these proposed amendments because this rule does not create a situation requiring services from local governments.

**C) Small businesses** ("small business" means a business employing 1-49 persons):

The proposed rule amendments will not directly impact small businesses because a service is not required of them.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

The proposed rule amendments will not directly impact non-small businesses because a service is not required of them.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The proposed rule amendments do have the potential to impact other persons that hunt cougar in Utah as it allows for the sale of a green pelt. Historically green pelts were disposed of because it wasn't legal for the sale of them, now trappers who have a green pelt will have the option of selling it. The exact impact is unknown as the sale of pelts fluctuates based on the market and the condition of the pelt.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

The DWR determines that this amendment may not create additional costs for those individuals wishing to hunt cougar in Utah because it simply allows for a rimfire weapon to take a cougar in a trap and allows for the sale of green pelts in addition to tanned hides, which has previously been illegal.

The exact impact is unknown as the sale of pelts fluctuates based on the market and the condition of the pelt.

R657-15. Closure of Gunnison, Cub and Hat Islands

**3. Purpose of the new rule or reason for the change:**

During the 2023 General Session, H.B. 30 recodified Title 23 and created Title 23A – rules governed by Title 23 now need to be updated to reflect the current code references.

**4. Summary of the new rule or change:**

Amendments to this rule update the state code references to reflect the recent recodification of Title 23, since Section 23-21a-3 was repealed. This rule is repealed in its entirety.

**Fiscal Information****5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A) State budget:**

The amendments to Rule R657-15 are the results of the underpinning statute being repealed. The Division of Wildlife Resources (DWR) determines that these changes can be initiated within the current workload and resources of the DWR, therefore, the DWR does not believe that these amendments would create a cost or savings impact to the state budget or the DWR's budget since the changes will not increase workload and can be carried out with existing budget.

**B) Local governments:**

Local governments are not directly or indirectly impacted by the removal of this rule because this rule did not create a situation requiring services from local governments.

**C) Small businesses** ("small business" means a business employing 1-49 persons):

The proposed repeal of this rule will not directly impact small businesses because a service was not required of them.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

The DWR determines that the repeal of this rule may not create additional costs for those individuals wishing to travel to Gunnison, Cub or Hat Islands in Utah because it simply removes the authority for the DWR to close the island to public traffic.

**4. Summary of the new rule or change:**

The proposed amendments to this rule:

- 1) simplify the process by removing the requirement for falconers to submit 3-186 forms to both the DWR and to the federal database separately, falconers would now submit 3-186 forms only to the federal database;

R657-64. Predator Control Incentives

**3. Purpose of the new rule or reason for the change:**

This rule is being amended pursuant to Regional Advisory Council and Wildlife Board meetings conducted annually for taking public input and reviewing the Division of Wildlife Resources' (DWR) rule pursuant to predator incentives.

**4. Summary of the new rule or change:**

The proposed amendments to this rule:

- 1) amend language to allow increased payments for coyote removal in crucial mule deer habitat;
- 2) remove the ear and pelt check-in requirement and provides alternate ways to prevent duplicate submissions;
- 3) add language to reflect the Utah Department of Agriculture and Food taking predator control of coyotes that was previously performed by the United States Department of Agriculture Wildlife Services;
- 4) update language to reflect changes in Certificate of Registration and compensation form requirements due to electronic certification and mobile app implementation; and
- 5) make technical corrections as needed.

**Fiscal Information****5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A) State budget:**

The amendments to Rule R657-64 are administrative in nature, the DWR determines that these changes can be initiated within the current workload and resources of the DWR, therefore, the DWR does not believe that these amendments would create a cost or savings impact to the state budget or the DWR's budget since the changes will not increase workload and can be carried out with existing budget. Funds currently allocated through the State Legislature completely fund the payment of coyote bounty and will not be exceeded with the proposed increased rates.

**B) Local governments:**

Local governments are not directly or indirectly impacted by these proposed amendments because this rule does not create a situation requiring services from local governments.

**C) Small businesses** ("small business" means a business employing 1-49 persons):

The proposed rule amendments will not directly impact small businesses because a service is not required of them.

**D) Non-small businesses** ("non-small business" means a business employing 50 or more persons):

The proposed rule amendments will not directly impact non-small businesses because a service is not required of them.

**E) Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The proposed rule amendments do have the potential to impact other persons that remove coyotes in Utah, the price per pelt has increased in certain areas of the state and may result in an increase in payments to the individual.

**F) Compliance costs for affected persons** (How much will it cost an impacted entity to adhere to this rule or its changes?):

The DWR determines that this amendment may not create additional costs for those individuals wishing to remove coyotes in Utah because it increases the payout per coyote but does not require a fee or permit to participate in the program. Funds currently allocated through the State Legislature completely fund the payment of coyote bounty and will not be exceeded with the proposed increased rates, thus there is no cost impact to the DWR or to trappers wishing to collect coyote bounties in the state.

**G) Regulatory Impact Summary Table** (This table only includes fiscal impacts that could be measured. If there are inestimable fiscal impacts, they will not be included in this table. Inestimable impacts will be included in narratives above.)

## NOTICES OF CHANGES IN PROPOSED RULES

---

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends March 03, 2025.

From the end of the 30-day waiting period through June 01, 2025, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

**CHANGES IN PROPOSED RULES** are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

R23-34. Modular Buildings
<b>3. Purpose of the new rule or reason for the change:</b>
<p>Subsequent to publication of proposed new Rule R23-34 in the Utah State Bulletin on November 15, 2024, the agency received and reviewed comments from four commentators. Changes have been made to proposed Rule R23-34 in part to address those comments.</p> <p>Moreover, in reviewing proposed new Rule R23-34 in connection with the comments received, it was determined by the agency that much of proposed Rule R23-34 was repetitive of material already set forth in the 2024 amendments to the Factory Built Housing and Modular Units Administration Act (FBHMUAA), Title 15A, Chapter 1, Part 3, and that it was redundant and unnecessary to restate such material in proposed Rule R23-34.</p> <p>Finally, in reviewing proposed new Rule R23-34 in connection with the comments received, it was determined by the agency that changes to proposed Rule R23-34 setting forth requirements for modular building unit manufacturer quality control personnel were necessary to comply with the legislative directive for agency rulemaking in the FBHMUAA.</p>
<b>4. Summary of the new rule or change:</b>
<p>The changes:</p> <ol style="list-style-type: none"> <li>1) address comments received from industry participants;</li> <li>2) remove material already set forth in the FBHMUAA; and</li> <li>3) set forth requirements for modular building unit manufacturer quality control personnel.</li> </ol> <p>(EDITOR'S NOTE: The original proposed new rule upon which this change in proposed rule (CPR) was based was published in the November 15, 2024, issue of the Utah State Bulletin, on page 2. ## NOTICES OF 120-DAY (EMERGENCY) RULES

---

An agency may file a **120-DAY (EMERGENCY) RULE** when it finds that regular rulemaking procedures would:

- (a) cause an imminent peril to the public health, safety, or welfare;
- (b) cause an imminent budget reduction because of budget restraints or federal requirements; or
- (c) place the agency in violation of federal or state law (Subsection 63G-3-304(1)).

As with a **PROPOSED RULE**, a **120-DAY RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **120-DAY RULE** including the name of a contact person, justification for filing a **120-DAY RULE**, anticipated cost impact of the rule, and legal cross-references.

A **120-DAY RULE** is effective when filed with the Office of Administrative Rules, or on a later date designated by the agency. A **120-DAY RULE** is effective for 120 days or until it is superseded by a permanent rule. Because of its temporary nature, a **120-DAY RULE** is not codified as part of the *Utah Administrative Code*.

The law does not require a public comment period for **120-DAY RULES**. However, when an agency files a **120-DAY RULE**, it may file a **PROPOSED RULE** at the same time, to make the requirements permanent.

Emergency or **120-DAY RULES** are governed by Section 63G-3-304, and Section R15-4-8.

The amounts are updated biannually by the Office of Legislative Fiscal Analyst and issued by bulletin. This rule change is intended to reflect the amounts beginning 2024.

**4. Summary of the new rule or change:**

This filing edits the listed amounts under Section R37-4-2 to reflect the figures issued by the Legislative Fiscal Analyst.

- ☐ cause an imminent budget reduction because of budget restraints or federal requirements; or
- ☒ place the agency in violation of federal or state law.

**B) Specific reasons and justifications for this finding:**

Risk is statutorily required to publish updated numbers by July 1, and this rule is amended to bring Risk into compliance with statute.

**Fiscal Information****6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A) State budget:**

The exact amount of impact is incalculable because the number of future qualifying claims and settlements is presently unknown.

**B) Local governments:**

The increased amounts required by statute will result in greater sums paid by local governments to resolve qualifying claims under the Governmental Immunity Act as limited by the statutory caps.

The exact amount of impact is incalculable because the number of future qualifying claims and settlements is presently unknown.

## FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at [adminrules.utah.gov](http://adminrules.utah.gov). The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

**REVIEWS** are governed by Section 63G-3-305.

<b>3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:</b>
This rule is authorized under Title 19, Chapter 5. The statute authorizes protection of human health and the environment. This rule achieves this objective through regulation of the potential adverse effects of the improper disposal of onsite wastewater.
<b>4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:</b>
Comments were received from: Joe Rebori, of BioMicrobics, Inc. on May 31, 2023 Mike Stidham, of EZ-Treat on June 06, 2023, and Colin Bishop, of ANUA on June 15, 2023. The 30-day public comment period following a proposed rule revision to this rule ended June 15, 2023.  Each of these individuals represent companies which manufacture and sell onsite wastewater treatment equipment. Comments included recommendations for rule changes regarding alternative onsite wastewater system classification, requirements for membrane bioreactor (MBR) wastewater treatment equipment, recommendation for requirements for safety equipment on septic

tank lids, and recommendations for requirements for independent testing and certification of onsite wastewater treatment equipment.

**5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**

This rule provides vital minimum standards and guidance to the local health departments for regulating the design, approval, construction, and maintenance of individual onsite wastewater treatment and disposal systems. This rule is essential for regulation of wastewater treatment and disposal for individual residences and businesses that do not have access to a public sewer system. Therefore, this rule should be continued.

**General Information**

<b>2. Rule catchline:</b>
R386-800. Immunization Coordination
<b>3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:</b>
Sections 26B-1-202 and 26B-8-404 authorize the Department of Health and Human Services (Department) to make rules and coordinate health data activities within the state to eliminate unnecessary duplication of data collection and maximize the usefulness of data collected.
This rule establishes the Utah Statewide Immunization Information System (USIIS) within the Immunization Program to collect, coordinate, and share immunization information among health care providers, health insurers, schools, child care programs, personal health records, and publicly funded programs. These entities may participate by adding and reviewing immunizations given within their organizations.
This rule also establishes the requirement to withdraw from USIIS, establishes confidentiality requirements, and lists penalties for violations. The USIIS helps determine adequate immunizations of a patient, helps patients avoid unnecessary immunizations, helps control disease outbreaks, and confirms compliance for required immunizations. This rule also defines participation in USIIS as voluntary.

**4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:**

The Department has not received any written comments since last five-year review in support of or opposition to this rule.

**5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**

The USIIS provides records to members of the public who request their child's immunizations for either school entry or at the time of immunizations given by a provider. It allows and ensures adequate immunization records for a patient or the patient's parent. USIIS records help Utahns avoid unnecessary immunizations by providing a report to either the patient or health care provider and confirm whether a patient has met school entry vaccine requirements. USIIS provides the immunization status of school students and staff during an outbreak to protect and exclude those students who have a vaccine exemption during an outbreak. Therefore, this rule should be continued.

As there were no comments in opposition to this rule, the Department has not responded to any such comments.

R414-309. Medicare Drug Benefit Low-Income Subsidy Determination
<b>3. A concise explanation of the particular statutory provisions under which the rule is enacted and how these provisions authorize or require this rule:</b>
Section 26B-3-108 requires the Department of Health and Human Services (Department) to implement Medicaid through administrative rules, and Section 26B-1-213 grants the Department the authority to adopt, amend, or rescind these rules.
Pub. Law No. 108-173, Medicare Prescription Drug, Improvement, and Modernization Act (MMA), requires the state to have the ability, upon request, to determine eligibility for the Medicare Part D drug benefit low-income subsidies as set forth in 42 CFR 423.904.
This rule sets forth the requirements for completing eligibility determinations for the Medicare Part D low-income subsidies.

**4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:**

The Department has not received any written comments in support of or opposition to this rule since its last five-year review.

**5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**
