NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between January 16, 2025, 12:00 a.m., and January 31, 2025, 11:59 p.m. are included in this, the February 15, 2025, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least March 17, 2025. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through June 15, 2025, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

General Information

2. Rule or section catchline:
R68-15. Quarantine Pertaining to Japanese Beetle, <i>Popillia japonica</i>
3. Purpose of the new rule or reason for the change:
The Department of Agriculture and Food (Department) is proposing changes to Rule R68-15 primarily to align it with the Rulewriting Manual for Utah guidelines, as the rule was last updated in 2022.
Additionally, the text needs the changes because there have been updates to quarantine information regarding the Japanese beetle and its potential impact on nursery stock in Utah. The Department also found that more than 50% of this rule would be changed, so it was filed as a repeal and reenact to ensure clarity.
4. Summary of the new rule or change:
The proposed changes to Rule R68-15 update the Japanese beetle quarantine, adding states to the list of quarantined areas and modifying definitions to include terms like "Phytosanitary certificate" and "Regulated Article".
The revised rule specifies that the Department may consider any life stage of the beetle and related transport items as potential carriers and includes exemptions for treated or soil-free articles.
The updated restrictions mandate a phytosanitary certificate or compliance agreement before entry, require notification before shipment, and outline specific certification requirements for treatments such as drenching and media incorporation.
Additionally, the new rule establishes compliance agreements, procedures for shipping from non-infested counties with specific requirements and details the Department's response to violations.

General Information

2. Rule or section catchline:
R414-49. Dental, Oral, and Maxillofacial Surgeons and Orthodontia
3. Purpose of the new rule or reason for the change:
The purpose of this change is to implement, by rule, the availability of dental services to adult Medicaid members who are 21 years of age and older in accordance with Section 26B-3-208, and federal approval of a Medicaid waiver for the delivery of adult dental services.
4. Summary of the new rule or change:
This amendment provides dental services to adult Medicaid members who are 21 years of age and older through the University of Utah School of Dentistry statewide network and removes previous restrictions of available services. It also clarifies the scope of coverage for specific programs and makes other technical updates.

Fiscal Information

5. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:

A) State budget:

The Department of Health and Human Services (Department) does not anticipate a fiscal impact to the state budget for services implemented through this filing, as these are federally-funded dental services for about 91,400 Medicaid members.

The University of Utah School of Dentistry statewide network is expected to pay between \$10 and \$500 per person for about 91,400 Medicaid members to receive dental services, with estimated payments of about \$4,371,400 in fiscal year 2025.

The allocation causing this rule change is only applicable to fiscal year 2025, so there is no estimate available for fiscal years 2026 or 2027, as reflected in the regulatory impact table. These costs include procedures for both alveoloplasty and vestibuloplasty.

There is no anticipated savings for this network as a result of this filing.

B) Local governments:

The Department does not anticipate any direct, measurable cost or savings to local governments as they neither fund nor provide dental services under the Medicaid program.

C) Small businesses ("small business" means a business employing 1-49 persons):

Small businesses may see revenue with the expansion of these services but are not anticipated to see a cost. There is, however, no current data to estimate how many dental visits a small business may receive or what types of services a small business may provide currently or in the future. The number of impacted small businesses may also change depending on the year and service applicability.

D) Non-small businesses ("non-small business" means a business employing 50 or more persons):

Non-small businesses may see revenue with the expansion of these services but are not anticipated to see a cost. There is, however, no current data to estimate how many dental visits a non-small business may receive or what types of services a non-small business may provide currently or in the future. The number of impacted non-small businesses may also change depending on the year and service applicability.

E) Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency):

There is no anticipated cost to Medicaid providers or members, but there is a potential for increased revenue for providers and out-of-pocket savings.

However, this amount of savings is inestimable, as available services vary between each provider and needs for services vary between each member. These costs include procedures for both alveoloplasty and vestibuloplasty.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

The University of Utah School of Dentistry statewide network is expected to pay between \$10 and \$500 per person for about 91,400 Medicaid members to receive dental services in fiscal year 2025. These costs include procedures for both alveoloplasty and vestibuloplasty.

There are no anticipated compliance costs for a Medicaid provider or member.

This impact is a result of the legislation and not the rule amendments.

F) Compliance costs for affected persons (How much will it cost an impacted entity to adhere to this rule or its changes?):

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.
