EXECUTIVE DOCUMENTS

Under authority granted by the Utah Constitution and various federal and state statutes, the Governor periodically issues **EXECUTIVE DOCUMENTS**, which can be categorized as either Executive Orders, Proclamations, and Declarations. Executive Orders set policy for the executive branch; create boards and commissions; provide for the transfer of authority; or otherwise interpret, implement, or give administrative effect to a provision of the Constitution, state law or executive policy. Proclamations call special or extraordinary legislative sessions; designate classes of cities; publish states-of-emergency; promulgate other official formal public announcements or functions; or publicly avow or cause certain matters of state government to be made generally known. Declarations designate special days, weeks or other time periods; call attention to or recognize people, groups, organizations, functions, or similar actions having a public purpose; or invoke specific legislative purposes (such as the declaration of an agricultural disaster).

The Governor's Office staff files **EXECUTIVE DOCUMENTS** that have legal effect with the Office of Administrative Rules for publication and distribution.

PROCLAMATION

WHEREAS, since the close of the 2025 General Session of the 66th Legislature of the state of Utah, certain matters have arisen which require immediate legislative attention; and

WHEREAS, Article VII, Section 6 of the Constitution of the state of Utah provides that the governor may, by proclamation, convene the Senate into Extraordinary Session; and

NOW, THEREFORE, I, Spencer J. Cox, governor of the state of Utah, by virtue of the authority vested in me by the Constitution and Laws of the state of Utah, do by this Proclamation call the Senate only of the 66th Legislature of the state of Utah into the Fourth Extraordinary Session at the Utah State Capitol in Salt Lake City, Utah, on the 20th day of August 2025, at 4:00 p.m., for the following purpose:

For the Senate to consent to appointments made by the Governor to positions within state government of the state of Utah since the close of the 2025 General Session of the Legislature of the state of Utah.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the state of Utah. Done at the Utah State Capitol in Salt Lake City, Utah, this 19th day of June 2025.

(State Seal)

Spencer J. Cox
Governor

NOTICES OF PROPOSED RULES

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between August 02, 2025, 12:00 a.m., and August 15, 2025, 11:59 p.m. are included in this, the September 01, 2025, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least October 01, 2025. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through December 30, 2025, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

PROPOSED RULES are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

The Proposed Rules Begin on the Following Page

General Information**2. Rule or section catchline:**

R66-35. Cannabinoid Product Registration and Labeling

4. Purpose of the new rule or reason for the change:

The Department of Agriculture and Food (department) is proposing to amend this rule to remove the information that is redundant to Section 4-41-4 Cannabinoid Product Act. This filing clarifies the requirements for testing, registering, and labeling cannabinoid products, potentially making it easier or more industry members to participate in Utah's market, while simultaneously maintaining consumer and public safety.

5. Summary of the new rule or change:

The filing simplifies definitions by removing several terms already found in the statute and refines or clarifies others.

For product registration requirements, the proposed changes remove the information redundant to Section 4-41-403 and clarifies what additional information may be needed in addition to the statute requirements.

This filing also clarifies when a new registration is required, products not registered, and renewals.

Furthermore, the filing clarifies required testing and Certificate of Analysis (COA) specifics, outlining what must be tested in the final product form, and detailing the information that must be included on the COA, such as batch identification and test completion dates.

Labeling requirements are also refined, with specific information like removing net weight, and other details like advertised cannabinoid amounts and batch numbers being retained.

The changes also include modifications to inspection protocols and a significant overhaul of the "Violation" section, with a complete removal of the detailed "Violation Categories" and their associated fines because they are found in Section R65-35-7.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

The proposed changes are unlikely to have an impact on the state's budget because they primarily remove redundant information already covered in statute, rather than changing the core requirements.

B. Local governments:

The proposed changes will not impact local governments because they do not administer or participate in the program.

C. Small businesses ("small business" means a business employing 1-49 persons):

The department anticipates no impact on small businesses to the proposed changes because the changes remove redundant information and enhance clarity.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

The department anticipates no impact on non-small businesses to the proposed changes because the changes remove redundant information and enhance clarity.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The proposed changes are unlikely to impact other persons because they primarily remove redundant information already in statute, rather than changing the core requirements.

F. Compliance costs for affected persons:

The compliance costs for this program are not changing.

G. Regulatory Impact Summary Table (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

| R277-333. Registered Apprenticeship Program for Teachers |
| 4. Purpose of the new rule or reason for the change: |
| The rule amendments are necessary in order to update the registered apprenticeship program for teachers to include requirements for pre-apprentices and to conform with updated Department of Labor requirements. |
| The amendments also update definitions including "Individualized Professional Learning Plan" and add definitions for "Participant" and "Pre-apprentice". |
| 5. Summary of the new rule or change: |
| The amendments include requirements for pre-apprentices participating in the program and update terminology to eliminate the use of mentors in favor of journeyworker teachers and journeyworker paraeducators. |

Fiscal Information

| |
|--|
| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| This rule change is not expected to have fiscal impact on state government revenues or expenditures. Because these updates pertain to the federally-funded registered apprenticeship program, there are no impacts from this rule update to Utah State Board of Education (USBE) budgets or other state entities. The USBE already has a program specialist assigned to administer the grant and there are no measurable increases in staff time or other resources. |
| B. Local governments: |
| This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. |
| Local Education Agencies (LEAs) choosing to participate in the program are reimbursed up to half of the wages paid under the program. The wage updates are due to federal Department of Labor (DOL) updates and LEAs choosing to participate agree to update pre-apprentice and apprentice wages according to DOL changes. |
| These wage amounts do not exceed state averages for paraeducators; most participating LEAs receive a cost savings but the USBE is unable to quantify the savings for participating LEAs without additional data collection. Nonparticipating LEAs are unaffected by this rule change. |
| C. Small businesses ("small business" means a business employing 1-49 persons): |
| This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects the USBE and LEAs. |

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities. This only affects the USBE and LEAs.

F. Compliance costs for affected persons:

There are no compliance costs for affected persons. There are no measurable costs for the USBE and LEAs to update reimbursement and wage rates to meet federal DOL standards.

G. Regulatory Impact Summary Table (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

|---|--|

| | |
|---|-----------------------------|
| If yes, any bill number and session: | HB 40, 2025 General Session |
|---|-----------------------------|

4. Purpose of the new rule or reason for the change:

The rule amendments are due to the passage of HB 40 during the 2025 General Session.

5. Summary of the new rule or change:

The amendments to this rule add an oversight category 2.

The amendments also add an updated version of the incorporated by reference document, "School Construction Resource Manual" (August 2025). Changes in both incorporated document and rule specify the requirements for Automated External Defibrillators (AEDs) and universal access key boxes.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This rule change is not expected to have fiscal impact on state government revenues or expenditures.

The change to add the oversight category is part of the Utah State Board of Education's (USBE) regulatory oversight framework from Rule R277-111 and does not add costs.

The other changes to both the incorporated document and this rule are a result of HB 40 (2025) and the USBE believes all associated costs have been captured in the fiscal note to HB 40.

B. Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. The change to add the oversight category is part of the USBE's regulatory oversight framework from Rule R277-111 and does not add costs.

The other changes to both the incorporated document and this rule are a result of HB 40 (2025) and the USBE believes all associated costs have been captured in the fiscal note to HB 40.

C. Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only impacts the USBE and Local Education Agencies (LEAs).

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This rule change is not expected to have fiscal impact on state government revenues or expenditures.

The Utah State Board of Education (USBE) believes the fiscal impacts were captured in the fiscal note to HB191 (2025) and this rule does not add any fiscal impact for the USBE, LEAs, or any other persons or entities.

B. Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

The USBE believes the fiscal impacts were captured in the fiscal note to HB191 (2025) and this rule does not add any fiscal impacts for USBE, LEAs, or any other persons or entities.

C. Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. This only affects the USBE and LEAs.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impacts on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This only affects the USBE and LEAs.

F. Compliance costs for affected persons:

There are no compliance costs for affected persons. The USBE believes the fiscal impacts were captured in the fiscal note to HB191 (2025) and this rule does not add any fiscal impacts for the USBE, LEAs, or any other persons or entities.

4. Purpose of the new rule or reason for the change:

The rule amendments are due to the passage of SB 223 in the 2025 General Session.

5. Summary of the new rule or change:

The amendments include the new definitions related to student and staff bullying due to the passage of SB 223, Public Education Bullying Amendments, in the 2025 General Session.

Additional changes are being proposed to update Local Education Agency (LEA) policy requirements to include information about safe digital citizenship and to clarify general language.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This rule change is not expected to have fiscal impacts on state government revenues or expenditures.

The Utah State Board of Education (USB E) believes the fiscal impacts were captured in the fiscal note to SB 223 (2025) and this rule does not add any fiscal impacts for the USB E, LEAs, or any other persons or entities.

B. Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures.

The USB E believes the fiscal impacts were captured in the fiscal note to SB 223 (2025) and this rule does not add any fiscal impacts for the USB E, LEAs, or any other persons or entities.

C. Small businesses ("small business" means a business employing 1-49 persons):

This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures.

This only impacts the USB E and LEAs.

| The rule amendments are due to the passage of HB 191 during the 2025 General Session. | |

5. Summary of the new rule or change:

The amendments add an oversight category designation of 3.

The amendments also add several definitions including "Comparable Course", "Grade replacement, and "Original Credit".

In addition, the amendments update and add clarity to the requirements for Local Education Agency (LEA) policies that explain student credit, and also to include new requirements related to LEAs using the "packet method".

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This rule change is not expected to have fiscal impacts on state government revenues or expenditures. The oversight framework categorization is part of the Utah State Board of Education's (USBE's) effort through Rule R277-111 to categorize each rule into an oversight framework category, or to delineate for stakeholders what type of monitoring or oversight is required by the USBE resulting from this rule.

This categorization does not add any requirements or resources in and of itself for the USBE or LEAs. The fiscal note for HB191 (2025) captured the fiscal impacts associated with required rule updates and there are no other fiscal impacts from the rule update.

B. Local governments:

This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. F. Compliance costs for affected persons:

There are no compliance costs for affected persons. The oversight framework categorization is part of the USBE's effort through Rule R277-111 to categorize each rule into an oversight framework category, or to delineate for stakeholders what type of monitoring or oversight is required by the USBE resulting from this rule.

This categorization does not add any requirements or resources in and of itself for the USBE or LEAs. The fiscal note for HB 191 (2025) captured the fiscal impacts associated with required rule updates and there are no other fiscal impacts from the rule update.

| 2. Rule or section catchline: | |
| R277-733. Adult Education Programs | |
| 3. Are any changes in this filing because of state legislative action? | Changes are because of legislative action. |
| If yes, any bill number and session: | HB 497, 2025 General Legislative Session |
| 4. Purpose of the new rule or reason for the change: | |
| The rule amendments are needed as a result of the Federal Register announcing new approved assessments for adult education. This means updates for the Utah State Board of Education's (USBE) policies and procedures guide are also needed to include these new assessments and delete the expired tests. | |
| 5. Summary of the new rule or change: | |
| The amendments include an updated policies and procedures guide that is incorporated by reference into this rule. | |
| The approved tests need to be updated in the guide for the upcoming school year. The amendments specify additional requirements for Local Education Agencies (LEAs) delivering adult education services with federal funds. | |

Fiscal Information

| |
|--|
| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| This rule change is not expected to have fiscal impacts on state government revenues or expenditures. The incorporated document and rule were updated as a result of federal changes to adult education assessments. The rule is updated to comply with these federal changes and there are no fiscal impacts to the USBE budgets. |
| B. Local governments: |
| This rule change is not expected to have fiscal impact on local governments' revenues or expenditures. |
| The incorporated document and this rule were updated as a result of federal changes to adult education assessments. This rule is updated to comply with these federal changes and there are no fiscal impacts to LEA budgets. |
| C. Small businesses ("small business" means a business employing 1-49 persons): |
| This rule change is not expected to have fiscal impact on small businesses' revenues or expenditures. |
| This only impacts the USBE and LEAs. |

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no non-small businesses in the industry in question, Elementary and Secondary Schools (North American Industry Classification System (NAICS) 611110). Because there are no non-small businesses, they do not account for any service delivery for Elementary and Secondary Schools. Therefore, non-small businesses are not expected to receive increased or decreased revenues per year. This proposed rule change is not expected to have any fiscal impact on non-small businesses' revenues or expenditures because there are no applicable non-small businesses, and it does not require any expenditures of, or generate revenue for non-small businesses.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change is not expected to have fiscal impact on revenues or expenditures for persons other than small businesses, businesses, or local government entities.

This change only impacts the USBE and LEAs.

F. Compliance costs for affected persons:

There are no compliance costs for affected persons. The incorporated document and rule were updated as a result of federal changes to adult education assessments.

The rule is updated to comply with these federal changes and there are no fiscal impacts to LEA or the USBE budgets.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This rule change is not expected to have fiscal impacts on state government revenues or expenditures. The oversight framework categorization is part of the Utah State Board of Education's (USBE's) effort through Rule R277-111 to categorize each rule into an oversight framework category, or to delineate for stakeholders what type of monitoring or oversight is required by the USBE resulting from this rule.

This categorization does not add any requirements or resources in and of itself for the USBE or Local Education Agencies (LEAs). The changes to the incorporated document are to update definitions and descriptions such as changing "cultural competency" to "student experiences". These definition updates provide clarity for families and stakeholders but do not have fiscal impacts for the USBE, LEAs, or other entities.

B. Local governments:

General Information

| |
|---|
| 2. Rule or section catchline: |
| R307-205. Emission Standards: Fugitive Emissions and Fugitive Dust |
| 4. Purpose of the new rule or reason for the change: |
| <p>The proposed amendment to Rule R307-205 revises the statewide fugitive emissions and fugitive dust rule to be consistent with Rule R307-309, Nonattainment and Maintenance Areas for PM10 and PM2.5: Fugitive Emissions and Fugitive Dust.</p> <p>Currently, Rule R307-309 exempts agricultural dust from fugitive emissions requirements, while Rule R307-205 does not. As a result, the statewide rule imposes stricter controls on agricultural sources than are required within nonattainment areas. A review of the historical record, including public comments and the intent behind the original rulemaking, suggests that the statewide rule was not intended to be more stringent than the nonattainment area rule. Rather, the goal was to establish parity between the two, by recognizing the limited impact and control options associated with agricultural dust, and ensuring a balanced regulatory approach statewide.</p> <p>This regulatory inconsistency creates confusion and imposes a disproportionate burden on agricultural operations outside nonattainment areas. The amendment to Rule R307-205 will bring the agricultural fugitive dust standard in both nonattainment areas and statewide into alignment.</p> |
| 5. Summary of the new rule or change: |
| <p>The amendment to Rule R307-205 includes the addition of the following language: "agriculturally derived fugitive dust and." The addition of this language makes the statewide rule equally as stringent as the fugitive dust control rule for nonattainment areas, Rule R307-309, bringing both rules into alignment with one another and creating consistent language.</p> <p>Additionally, other revisions have been made to bring this rule into compliance with EO No. 2021-12 and the Rulewriting Manual for Utah.</p> |

Fiscal Information

| |
|---|
| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| <p>This rule amendment does not have any anticipated costs or savings associated with the state budget because this rule will not create any new associated compliance workload for staff due to agricultural entities no longer being under compliance purview for agricultural fugitive dust.</p> |

B. Local governments:

This rule amendment will not affect local governments costs or savings because it does not apply to local governments.

C. Small businesses ("small business" means a business employing 1-49 persons):

This rule amendment does not have any anticipated costs or savings for small businesses.

This rule change is to create consistent language between the statewide and nonattainment area rules, both of which will exempt agricultural sources from fugitive dust compliance fees.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

This rule amendment does not have any anticipated costs or savings for non-small businesses.

This rule change is to create consistent language between the statewide and nonattainment area rules, both of which will exempt agricultural sources from fugitive dust compliance fees.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule amendment does not have any anticipated costs or savings for persons other than small businesses, non-small businesses, state, or local government entities.

This rule change is to create consistent language between the statewide and nonattainment area rules, both of which will exempt agricultural sources from fugitive dust compliance fees.

F. Compliance costs for affected persons:

This rule amendment does not have any anticipated costs or savings for affected persons.

This rule change is to create consistent language between the statewide and nonattainment area rules, both of which will exempt agricultural sources from fugitive dust compliance fees.

| 2. Rule or section catchline: | |
| R307-401. Permit: New and Modified Sources | |
| 3. Are any changes in this filing because of state legislative action? | Changes are because of legislative action. |
| If yes, any bill number and session: | HB 85 (2025 General Session) |
| 4. Purpose of the new rule or reason for the change: | |
| HB 85, passed in the 2025 General Session, requires the Division of Air Quality (DAQ) to create at least five new permit-by-rule categories in its rules. | |
| The DAQ currently has several categories listed in Section R307-401-10. To assist with rule clarity and make rules easier to understand, Section R307-401-10 is being split into three separate rules. This rule will specify the rule location for the exemptions from permitting. | |
| 5. Summary of the new rule or change: | |
| This rule will point to two new rules that will list the emission units and source categories that are exempt from the requirement to obtain Approval Order under Section R307-401-8. | |
| Existing categories will be transferred to new rules to add clarity and assist with readability. | |
| (EDITOR'S NOTES: The proposed new rules are R307-431, ID 57376, and R307-432, ID 57377, in this issue, September 1, 2025, of the Bulletin.) | |

Fiscal Information

| |

| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| The state budget is not expected to experience an impact with regards to this rule. |
| The items that are being exempted usually do not require a permit under the small source exemption in Section R307-401-9; therefore, no additional revenue would be lost. |
| In addition, larger sources that may have emission units covered under this rule require permits and permit updates for other emission units that are not exempt. Therefore, the normal revenue would be received from sources because of the larger emissions units, not the exempted emission units. |

DAQ staff may save time during permit reviews because these emission units will no longer need to be reviewed as part of the permitting process. This will not reflect a change in revenue or costs because the time saved by DAQ staff will then be spent on other projects.

B. Local governments:

Local governments will not expect to see a change in costs or savings. Local governments do not receive revenue from air permitting, so any change in permitting regulations will not affect revenue streams.

This rule is an exemption from permitting, so no additional costs would be needed to acquire a permit.

C. Small businesses ("small business" means a business employing 1-49 persons):

Small businesses will not expect to see a change in costs or savings. Small businesses that currently do not need a permit will still not need a permit with the passage of this rule.

This rule will add permitting exemptions, which would allow greater flexibility for small businesses that currently do not need a permit. Small businesses that currently require a permit may no longer need a permit if these exemptions apply to the source.

However, most sources that have a current permit need a permit for other reasons than the exempted emission units listed in this rule. Businesses may save some time and money by not needing to include these exempted emission units in their permit applications; however, the exact savings are unknown because the majority of costs are for other emission units besides the proposed exempted emission units.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

Non-small businesses will not expect to see a change in costs or savings. Businesses that currently do not need a permit will still not need a permit with the passage of this rule.

This rule will add permitting exemptions, which would allow greater flexibility for non-small businesses that currently do not need a permit. Non-small businesses that currently require a permit may no longer need a permit if these exemptions apply to the source.

However, most sources that have a current permit need a permit for other reasons than the exempted emission units listed in this rule. Non-small businesses may save some time and money by not needing to include these exempted emission units in their permit applications; however, the exact savings are unknown because the majority of costs are for other emission units besides the proposed exempted emission units.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule specifically exempts emission units that would otherwise need an air quality permit. The only financial impacts would be to individuals that may require an air quality permit.

Businesses have been the only entities that have requested air quality permits. Therefore, other persons would not be financially impacted.

F. Compliance costs for affected persons:

This rule is an exemption from permitting. Affected persons not wanting to be exempted from permitting would continue to obtain a permit as currently allowed, which would not add any costs than what the individual is currently paying.

| If yes, any bill number and session: | HB 85 (2025 General Session) | |
| 4. Purpose of the new rule or reason for the change: | <p>HB 85, passed in the 2025 General Session, requires the Division of Air Quality (DAQ) to create at least five new permit-by-rule categories in its rules. The DAQ currently has several categories listed in Section R307-401-10.</p> <p>This new rule will incorporate existing categories under Section R307-401-10 and add new categories.</p> <p>Section R307-401-10 is being split into three separate rules to assist with rule clarity and make rules easier to understand.</p> <p>This rule will address emission units that qualify for a permit by rule.</p> | |

5. Summary of the new rule or change:

This rule will specify emission units that are exempt from the requirement to obtain an Approval Order under Section R307-401-8.

Existing emission units that will be transferred from Section R307-401-10 to this rule include: natural gas-fired heaters and boilers, comfort heating equipment, emergency heating equipment, exhaust systems, and vapor mitigation systems. The language in these exemptions is updated to add clarity and assist with readability.

New emission units that will be added to this rule include: fuel storage tanks, abrasive blasting operations, degreasing operations, municipal solid waste landfills, and emergency engines.

Various thresholds were added to the conditions to ensure these emission units would not negatively impact air quality.

(EDITOR'S NOTE: The proposed amendment to Rule R307-401, ID 57375, and the other proposed new Rule R307-432, ID 57377, are in this issue, September 1, 2025, of the Bulletin.)

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

The state budget is not expected to experience an impact with regards to this rule. The emission units that are being exempted usually do not require a permit under the small source exemption in Section R307-401-9; therefore, no additional revenue would be lost.

In addition, larger sources that may have emission units covered under this rule require permits and permit updates for other emission units that are not exempt. Therefore, the normal revenue would be received from sources because of the larger emissions units, not the exempted emission units.

DAQ staff may save time during permit reviews because these emission units will no longer need to be reviewed as part of the permitting process. This will not reflect a change in revenue or costs because the time saved by DAQ staff will then be spent on other projects.

B. Local governments:

Local governments will not expect to see a change in costs or savings. Local governments do not receive revenue from air permitting, so any change in permitting regulations will not affect revenue streams.

This rule is an exemption from permitting, so no additional costs would be needed to acquire a permit.

Small businesses that currently do not need a permit will still not need a permit with the passage of this rule. This rule will add permitting exemptions, which would allow greater flexibility for small businesses that currently do not need a permit.

However, most sources that have a current permit need a permit for other reasons than the exempted emission units listed in this rule. Small businesses may save some time and money by not needing to include these exempted emission units in their permit applications; however, the exact savings are unknown because the majority of costs are for other emission units besides the proposed exempted emission units.

General Information**2. Rule or section catchline:**

R307-432. Source Category Exemptions From Obtaining an Approval Order Under Section R307-401-8: Permit by Rule for Source Categories

3. Are any changes in this filing because of state legislative action?

Changes are because of legislative action.

If yes, any bill number and session: HB 85 (2025 General Session)

4. Purpose of the new rule or reason for the change:

HB 85, passed in the 2025 General Session, requires the Division of Air Quality (DAQ) to create at least five new permit-by-rule categories in its rules. The DAQ currently has several categories listed in Section R307-401-10.

This rule will incorporate existing categories under Section R307-401-10 and add new categories.

Section R307-401-10 is being split into three separate rules to assist with rule clarity and make rules easier to understand.

This rule will address source categories that qualify for a permit by rule.

5. Summary of the new rule or change:

This rule will specify source categories that are exempt from the requirement to obtain an Approval Order under Section R307-401-8.

Existing source categories that will be transferred from Section R307-401-10 to this rule include: well sites, gasoline dispensing facilities, and portable aggregate processing plants. The language in these exemptions is updated to add clarity, assist with readability, and conform to existing federal rules.

New source categories that will be added to this rule include: dry cleaners and automotive refinishing sources.

This rule reflects existing federal and state requirements.

(EDITOR'S NOTE: The proposed amendment to Rule R307-401, ID 57375, and the other proposed new Rule R307-431, ID 57376, are in this issue, September 1, 2025, of the Bulletin.)

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

The state budget is not expected to experience an impact with regards to this rule.

The source categories that are being exempted do not require a permit under the small source exemption in Section R307-401-9; therefore, no additional revenue would be lost.

DAQ is unaware of any existing permit that covers the proposed source categories.

B. Local governments:

Local governments will not expect to see a change in costs or savings.

Local governments do not receive revenue from air permitting, so any change in permitting regulations will not affect revenue streams.

This rule is an exemption from permitting, so no additional costs would be needed to acquire a permit.

C. Small businesses ("small business" means a business employing 1-49 persons):

Small businesses will not expect to see a change in costs or savings.

Small businesses that currently do not need a permit will still not need a permit with the passage of this rule.

This rule will add permitting exemptions, which would allow greater flexibility for small businesses that currently do not need a permit.

DAQ is unaware of any permitted sources that would be affected by the proposed changes.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

Non-small businesses will not expect to see a change in costs or savings.

Non-small businesses that currently do not need a permit will still not need a permit with the passage of this rule.

This rule will add permitting exemptions, which would allow greater flexibility for non-small businesses that currently do not need a permit.

DAQ is unaware of any permitted sources that would be affected by the proposed changes.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule specifically exempts emission units that would otherwise need an air quality permit. The only financial impacts would be to individuals that may require an air quality permit.

Businesses have been the only entities that have requested air quality permits. Therefore, other persons would not be financially impacted.

F. Compliance costs for affected persons:

This rule is an exemption from permitting. Affected persons not wanting to be exempted from permitting would continue to obtain a permit as currently allowed, which would not add any costs than what the individual is currently paying.

General Information

| |
|---|
| 2. Rule or section catchline: |
| R616-3-3. Safety Codes for Elevator |
| 4. Purpose of the new rule or reason for the change: |
| The purpose of this rule change is to adopt the newest edition of the American Society of Mechanical engineers (ASME) Sections 17.1 Safety Codes for Elevators and Escalators-2022 edition, delete amendment #2 concerning section 2.27.1. Also update 18.1 – Safety standard for Platform Lifts and stairway Chair Lifts -2020 edition. |
| 5. Summary of the new rule or change: |
| This rule change adopts the newest editions of the American Society of Mechanical Engineers (ASME) Elevator and Escalator codes and standards. The current editions make no significant changes, and what changes are being made primarily apply to the manufacturing and installation of elevators. The adoption of section 2.27.1 to the 2022 edition will require both verbal and nonverbal (visual) communication in elevator cars. Exempting paragraphs 8.6.4.24 and 8.6.5.19, these two paragraphs require existing units to be updated. This would be too great of a cost and burden on owners. |

Fiscal Information

| |
|---|
| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| There should be no cost or savings to the state budget because new code books are provided to the state. This will only affect newly installed or modified elevators owned by the State for communication systems. This is for hearing impaired to communicate to the outside should they become entrapped. The cost given to the Labor Commission is roughly \$3,500 per installation. The total cost to the State for newly installed or modified elevators would depend on the number of new installations or modifications the State would do. |

B. Local governments:

There should be no cost or savings to local governments because the local jurisdictions do not require code books.

This will only affect newly installed or modified elevators owned by local governments for communication systems. This is for hearing impaired to communicate to the outside should they become entrapped.

The cost given to the Labor Commission is roughly \$3,500 per installation. The total cost to local governments for newly installed or modified elevators would depend on the number of new installations or modifications the local governments would do.

C. Small businesses ("small business" means a business employing 1-49 persons):

This will only effect new installed or modified elevators for communication systems. This is for hearing impaired to communicate to the outside should they become entrapped.

The cost given to the Labor Commission is roughly \$3,500 per installation. The total cost to small businesses would depend on the number of new installations or modifications the small businesses would do.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

This will only effect new installed or modified elevators for communication systems. This is for the hearing impaired to communicate to the outside should they become entrapped.

The cost given to the Labor Commission is roughly \$3,500 per installation. The total cost to non-small businesses would depend on the number on new installations or modifications the non-small businesses would do.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This will only affect elevator owners. The total cost to elevator owners would depend on the number of new installations or modifications each elevator owner would do. It is roughly \$3500 per installation or modification.

F. Compliance costs for affected persons:

The Labor Commission has been told these systems add about \$3,500 per unit.

G. Regulatory Impact Summary Table (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

General Information**2. Rule or section catchline:**

R649-1-1. Definitions

4. Purpose of the new rule or reason for the change:

This is an administrative change to remove unused definitions and amend two definitions that included phrasing that is no longer applicable to the program.

5. Summary of the new rule or change:

This rule change removes "Central Disposal Facility", "Commercial Disposal Facility", and "Disposal Pit".

This change also amends the definitions for "Disposal Facility" and "Produced Water" to remove references to facilities that are now under the jurisdiction of another agency.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

There is a total of one state agency, the Division of Oil, Gas and Mining, that will be associated with this rule change.

There is no estimated fiscal impact as these changes are purely administrative.

B. Local governments:

This rule does not impact local governments, so there will be no fiscal impact.

C. Small businesses ("small business" means a business employing 1-49 persons):

There are 303 small business oil and gas operators (for a complete listing of NAICS codes used in this analysis, please contact the agency) in the state of Utah.

There is no estimated fiscal impact to operators as these changes are purely administrative.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are a total of four non-small business oil and gas operators (for a complete listing of NAICS codes used in this analysis, please contact the agency) in the state of Utah.

There is no estimated fiscal impact to operators as these changes are purely administrative.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change will not affect other persons as this rule change is purely administrative.

F. Compliance costs for affected persons:

This rule change itself will not result in compliance costs, as it is purely administrative.

General Information**2. Rule or section catchline:**

R650-103. Fiscal Emergency Contingent Management of Federal Lands

3. Are any changes in this filing because of state legislative action?

Changes are because of legislative action.

If yes, any bill number and session: HB 200 (2025 General Session)

4. Purpose of the new rule or reason for the change:

The Division of Outdoor Recreation (DOR) is submitting an update to this rule due to legislative action (HB 200); the bill added "lands managed by the U.S. Fish & Wildlife Service" as areas that DOR can prioritize to keep open during a federal shutdown. DOR is adding the Bear River Migratory Bird Refuge as one of the areas.

5. Summary of the new rule or change:

This rule adds Bear River Migratory Bird Refuge as one of the areas the State may prioritize to keep open during a federal government shutdown. It will be considered a Tier II location, meaning it would "remain open during the specified seasonal period once each Tier I location has been funded for opening during a fiscal emergency (significant seasonal value for local community). The time period proposed in the rule will be October 1 - May 31 (to account for waterfowl hunting season, swan migration in the winter/early spring, citizen science collection in spring, and peak birding in spring).

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

There may be costs or savings to the State budget due to a federal government shutdown; however, this rule change is unlikely to impact costs or savings because it only adds one more potential Tier II area.

Additionally, according to statute authorizing this rule, the governor only works with the federal government to keep lands open during a federal government shutdown "if financially practicable" for the State.

Furthermore, according to a Deseret News article, "a report released in 2014 after the 2013 six-day shutdown shows that Utah actually reaped financial benefits. Nearly \$10,000,000 was spent at the parks and in local gateway communities in contrast to Utah's \$1,000,000 tab." (<https://www.deseret.com/2014/3/3/20536589/report-utah-made-big-money-by-keeping-national-parks-open-during-government-shutdown/>). It would be difficult to anticipate new costs or savings due to one additional area within a time-limited Tier II designation.

B. Local governments:

There may be costs or savings to local governments due to a federal government shutdown; however, this rule change is unlikely to impact costs or savings because it only adds one more potential Tier II area.

Additionally, according to statute authorizing this rule, the governor only works with the federal government to keep lands open during a federal government shutdown "if financially practicable" for the State.

Furthermore, according to a Deseret News article, "a report released in 2014 after the 2013 six-day shutdown shows that Utah actually reaped financial benefits. D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

F. Compliance costs for affected persons:

There are unlikely to be compliance costs for affected persons due to this rule change because it only adds one more potential Tier II area to lands that may be opened during a federal government shutdown.

4. Purpose of the new rule or reason for the change:

Changes are needed to this rule to more closely align with current procedure.

5. Summary of the new rule or change:

Updated verbiage to make this rule applicable to all state-owned software vs. state-developed software, as the Division of Technology Services (DTS) often have contractors developing software for the state that DTS still owns.

Updated verbiage from "transfer" to "license" as transfer implies that DTS is giving the ownership of the code to someone else when DTS is just licensing it to them for use. This also makes the rule broad enough to include open source licensing.

Simplified verbiage to make it more clear on what is being required and to remove requirements that are no longer needed.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

There is no anticipated cost or savings to the state budget as this is the current procedure for state agencies.

General Information**2. Rule or section catchline:**

R909-2. Utah Size and Weight Rule

4. Purpose of the new rule or reason for the change:

The Department of Transportation performed a five-year review of this rule and realized that this rule needed to be updated in several ways.

5. Summary of the new rule or change:

Several provisions within this rule needed clarification, including definitions, references to the bridge formula, tables, and requirements for pilot and police escorts.

The proposed changes also bring this rule into conformity with the Rulewriting Manual for Utah.

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

There are no aggregate anticipated cost or savings to the state budget because the purpose of this amendment is to "clean up" the language and the citations within, including ensuring that definitions and references are up to date.

None of the processes or requirements set forth in this rule have changed in any meaningful way that would have an impact on the state budget.

B. Local governments:

There are no aggregate anticipated cost or savings to local governments because the purpose of this amendment is to "clean up" the language and the citations within, including ensuring that definitions and references are up to date.

None of the processes or requirements set forth in this rule have changed in any meaningful way that would have an impact on the local governments.

C. Small businesses ("small business" means a business employing 1-49 persons):

There are no aggregate anticipated cost or savings to small businesses because the purpose of this amendment is to "clean up" the language and the citations within, including ensuring that definitions and references are up to date.

None of the processes or requirements set forth in this rule have changed in any meaningful way that would have an impact on small businesses.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no aggregate anticipated cost or savings to non-small businesses because the purpose of this amendment is to "clean up" the language and the citations within, including ensuring that definitions and references are up to date.

None of the processes or requirements set forth in this rule have changed in any meaningful way that would have an impact on non-small businesses.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There are no aggregate anticipated cost or savings to persons because the purpose of this amendment is to "clean up" the language and the citations within, including ensuring that definitions and references are up to date.

None of the processes or requirements set forth in this rule have changed in any meaningful way that would have an impact on persons.

F. Compliance costs for affected persons:

There are no compliance costs for affected persons.

G. Regulatory Impact Summary Table (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

NOTICES OF CHANGES IN PROPOSED RULES

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends October 01, 2025.

From the end of the 30-day waiting period through December 30, 2025, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

CHANGES IN PROPOSED RULES are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

The Changes in Proposed Rules Begin on the Following Page

| 2. Rule or section catchline: |
| R23-3. Planning, Programming, Request for Capital Development Projects and Operation and Maintenance Reporting for State Owned Facilities |
| 4. Purpose of the new rule or reason for the change: |
| This rule has not been substantively updated in over 10 years and needs to be updated to account for advances in building operation and maintenance technology and practices. The reason for the Change in Proposed Rule is that the Notice of Substantive Change published in the Utah State Bulletin on August 1, 2025, inadvertently deleted Sections R23-3-3 through R23-3-10 and those sections need to be restored. |
| 5. Summary of the new rule or change: |
| The repeal and reenactment of this rule deletes references to obsolete building operation and maintenance building technology and practices and adopts current building operation and maintenance practices. |
| (EDITOR'S NOTE: The original proposed repeal and reenact upon which this change in proposed rule (CPR) was based was published in the August 1, 2025, issue of the Utah State Bulletin, on page 2. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed repeal and reenact together to understand all of the changes that will be enforceable should the agency make this rule effective.) |

Fiscal Information

| |
|--|
| 6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to: |
| A. State budget: |
| The Division of Facilities Construction and Management (DFCM) is currently de facto requiring state buildings to utilize current building and operation technologies and to effectuate current building operation and maintenance practices to the extent possible. |
| Repeal and reenactment of this rule will only conform this rule to existing practice, so no anticipated cost impact on the state budget is anticipated from repeal and reenactment of this rule. At most, a small, unquantifiable savings from increased efficiency may result from repeal and reenactment of this rule. |

B. Local governments:

There are no costs because this rule applies only to State of Utah buildings, not to local governments.

C. Small businesses ("small business" means a business employing 1-49 persons):

There are no costs because this rule applies only to State of Utah buildings, not to small businesses.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are no costs because this rule applies only to State of Utah buildings, not to non-small businesses.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There are no costs because this rule applies only to State of Utah buildings, not to persons other than small businesses, state or local government entities.

F. Compliance costs for affected persons:

DFCM's statutory mandate includes assuring the efficient use of all building space under the DFCM's supervision and control.

Section 63A-5b-303 including approving requests for capital development projects.

Section 63A-5b-402 administering programming.

Section 63A-5b-502 and the operation and maintenance of state facilities.

Any compliance costs for affected persons are not the result of this rule, but of DFCM's performance of the functions given by the Legislature to DFCM under state law.

General Information**2. Rule or section catchline:**

R152-78. Earned Wage Access Services Act Rule

4. Purpose of the new rule or reason for the change:

This change in proposed rule (CPR) is being made in response to questions from regulated entities about the application process.

5. Summary of the new rule or change:

This CPR defines the term "principal" to provide clarity regarding who is required to submit a fingerprint card and consent to a criminal background check in accordance with Subsection 13-78-102(5)(a).

(EDITOR'S NOTE: The original proposed amendment upon which this change in proposed rule (CPR) was based was published in the June 1, 2025, issue of the Utah State Bulletin, on page 23. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed amendment together to understand all of the changes that will be enforceable should the agency make this rule effective.)

Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

This CPR is not anticipated to create costs or savings to the state budget beyond what was contemplated by the fiscal note to HB 279, passed in the 2025 General Session. The cost of the fingerprint card and background check were considered in the fiscal note, and the definition in the CPR should have been included in the initial proposed rule.

B. Local governments:

This CPR is not anticipated to create costs or savings to local governments because it does not impose requirements or other obligations upon local governments.

C. Small businesses ("small business" means a business employing 1-49 persons):

This CPR is not anticipated to create costs or savings to small businesses beyond what was contemplated by the fiscal note to HB 279 (2025). The cost of the fingerprint card and background check were considered in the fiscal note, and the definition in the CPR should have been included in the initial proposed rule.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

This CPR is not anticipated to create costs or savings to non-small businesses beyond what was contemplated by the fiscal note to HB 279 (2025). The cost of the fingerprint card and background check were considered in the fiscal note, and the definition in the CPR should have been included in the initial proposed rule.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This CPR is not anticipated to create costs or savings to persons other than small businesses, non-small businesses, state, or local government entities beyond what was contemplated by the fiscal note to HB 279 (2025). The cost of the fingerprint card and background check were considered in the fiscal note, and the definition in the CPR should have been included in the initial proposed rule.

F. Compliance costs for affected persons:

This CPR does not impose compliance costs for affected persons beyond those contemplated by the fiscal note to HB 279 (2025). The cost of the fingerprint card and background check were considered in the fiscal note, and the definition in the CPR should have been included in the initial proposed rule.

General Information**2. Rule or section catchline:**

R649-11-3. Administrative Penalty Assessment

4. Purpose of the new rule or reason for the change:

The Division of Oil, Gas and Mining (division) noticed a mistake in a reference in the original filing and is using this CFR filing to correct it and correct other outdated violation references and descriptions.

5. Summary of the new rule or change:

This CPR updates the description of a violation in Subsection (6.1) and removes three outdated violations and includes two violations that were incorrectly removed in the previous filing.

(EDITOR'S NOTE: The original proposed amendment upon which this change in proposed rule (CPR) was based was published in the June 15, 2025, issue of the Utah State Bulletin, on page 147. Fiscal Information**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:****A. State budget:**

There is a total of one state agency, the Division of Oil, Gas and Mining, that will be associated with this rule change. There is no estimated fiscal impact as these changes are purely administrative.

B. Local governments:

This rule does not impact local governments, so there will be no fiscal impact.

C. Small businesses ("small business" means a business employing 1-49 persons):

There are 303 small business oil and gas operators (for a complete listing of NAICS codes used in this analysis, please contact the agency) in the state of Utah. There is no estimated fiscal impact to operators as these changes are purely administrative.

D. Non-small businesses ("non-small business" means a business employing 50 or more persons):

There are a total of four non-small business oil and gas operators (for a complete listing of NAICS codes used in this analysis, please contact the agency) in the state of Utah. There is no estimated fiscal impact to operators as these changes are purely administrative.

E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This CPR will not affect other persons as this change is purely administrative.

NOTICES OF CHANGES IN PROPOSED RULES

F. Compliance costs for affected persons:

This CPR itself will not result in compliance costs, although the rule language deals with classes of violations.

FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at adminrules.utah.gov. The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

REVIEWS are governed by Section 63G-3-305.

4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:

No comments have been received since the last five-year review of this rule.

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule is necessary to fulfill statutory requirements, outline the responsibilities of ACT teams, and create minimum standards for ACT team certification, care, and practice. Therefore, this rule should be continued.

As there were no comments in opposition to this rule, the Department of Health and Human Services has not responded to any such comment.

| 3. Statutory provisions that authorize or require this rule and an explanation of those particular statutory provisions: | |
| Subsection 51-7-15(1) | This subsection states that every public treasurer shall be bonded or may procure crime or theft insurance in an amount that is established by Council Rule. This rule establishes these amounts based on the amount of public funds held by or in control of the public treasurer. |
| 4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule: | |
| No written comments have been received since the last five-year review. | |
| 5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any: | |
| Council reviewed this rule in their June 2025 meeting and noted that this rule is necessary to provide the amounts that the bonds or insurance are based on. In the discussion, it was noted that in the 2025 General Session, the requirement for surety bonds has been removed from statute. Council approved continuation of this rule and also requested that the language be changed to remove bonds and leave crime and theft insurance. Therefore, this rule should be continued. | |

| Section 79-4-207 | This statute authorizes the division to make rules establishing use or access within a state park. |
| Title 23a | This title establishes requirements for hunting big game, establishes the Utah Wildlife Board, and confers authority on the Board as referenced in this rule, and permits the Division of Wildlife Resources to coordinate with state agencies to accomplish the purposes of the title. |
| 4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule: | |
| No comments have been received since the last five-year review. | |

5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:

This rule is necessary to further the public interest in hunting mule deer and bighorn sheep on Antelope Island, to further the division's interest and statutory mandate to allow multiple uses on state parks, and to further big game management objectives in line with the Utah Wildlife Board and Division of Wildlife Resources' authority to regulate big game hunting. Therefore, this rule should be continued.

The division did not receive any comments in opposition to this rule.

End of the Five-Year Notices of Review and Statements of Continuation Section

NOTICES OF RULE EFFECTIVE DATES

State law provides for agencies to make their administrative rules effective and enforceable after publication in the *Utah State Bulletin*. In the case of **PROPOSED RULES** or **CHANGES IN PROPOSED RULES** with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of **CHANGES IN PROPOSED RULES** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **NOTICE OF EFFECTIVE DATE** within 120 days from the publication of a **PROPOSED RULE** or a related **CHANGE IN PROPOSED RULE** the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective.

NOTICES OF EFFECTIVE DATE are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.
