## NOTICES OF PROPOSED RULES

---

A state agency may file a **PROPOSED RULE** when it determines the need for a substantive change to an existing rule. With a **NOTICE OF PROPOSED RULE**, an agency may create a new rule, amend an existing rule, repeal an existing rule, or repeal an existing rule and reenact a new rule. Filings received between March 17, 2026, 12:00 a.m., and April 01, 2026, 11:59 p.m. are included in this, the April 15, 2026, issue of the *Utah State Digest*.

In this publication, each **PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

The law requires that an agency accept public comment on **PROPOSED RULES** published in this issue of the *Utah State Digest* until at least May 15, 2026. The agency may accept comment beyond this date and will indicate the last day the agency will accept comment in the **RULE ANALYSIS**. The agency may also hold public hearings. Additionally, citizens or organizations may request the agency hold a hearing on a specific **PROPOSED RULE**. Section 63G-3-302 requires that a hearing request be received by the agency proposing the rule "in writing not more than 15 days after the publication date of the proposed rule."

From the end of the public comment period through August 13, 2026, the agency may notify the Office of Administrative Rules that it wants to make the **PROPOSED RULE** effective. The agency sets the effective date. The date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date of this issue of the *Utah State Digest*. Alternatively, the agency may file a **CHANGE IN PROPOSED RULE** in response to comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** lapses.

The public, interest groups, and governmental agencies are invited to review and comment on **PROPOSED RULES**. *Comment may be directed to the contact person identified on the **RULE ANALYSIS** for each rule.*

**PROPOSED RULES** are governed by Section 63G-3-301, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5a, R15-4-9, and R15-4-10.

<b>If yes, any bill number and session:</b>	HB 597 and HB 59 (General Session 2026)
<b>4. Purpose of the new rule or reason for the change:</b>	
To better align Section R82-4-101, Age Verification, with the now-current statute after changes in the 2026 General Session.	
<b>5. Summary of the new rule or change:</b>	
This amendment revises requirements related to electronic scanning of identification for certain alcohol licensees to be consistent with statutory changes made during the 2026 General Session.	
Secondly, this amendment makes additional clarifications to current language for ease in readability.	

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>	
<b>A. State budget:</b>	
No anticipated impact on state budget. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).	
The proposed changes do not apply to state stores nor require additional audits to be conducted by the Department of Alcoholic Beverage Services.	
<b>B. Local governments:</b>	
No anticipated impact on local government. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).	
The proposed changes do not require additional action by local governments.	

**C. Small businesses** ("small business" means a business employing 1-49 persons):

No anticipated impact on small businesses. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).

The proposed changes do not require additional action by businesses that are currently in compliance.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

No anticipated impact on non-small businesses. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).

The proposed changes do not require additional action by businesses that are currently in compliance.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

No anticipated impact on persons. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).

The proposed changes do not require additional action by other persons.

**F. Compliance costs for affected persons:**

No anticipated impact on compliance cost for affected persons. The proposed revisions make changes to requirements related to electronic scanning of identification for certain alcohol licensees to align with statutory changes made in HB 59 and HB 597 (2026).

The proposed changes do not require additional action by persons that are currently in compliance.

**General Information**

<b>2. Rule or section catchline:</b>	
R305-7. Extraordinary Enforcement Expenses	
<b>3. Are any changes in this filing because of state legislative action?</b>	Changes are because of legislative action.
<b>If yes, any bill number and session:</b>	SB 172 (2025 General Session)
<b>4. Purpose of the new rule or reason for the change:</b>	
SB 172, passed in the 2025 General Session, directed the Department of Environmental Quality (department) to make rules defining, "a qualifying environmental enforcement activity" and "a qualifying extraordinary expense."	
<b>5. Summary of the new rule or change:</b>	
This rule provides definitions and other requirements that govern the department's reimbursement of extraordinary enforcement expenses incurred by the department, local health departments, and other local governments from civil penalties collected under the authority of Title 19.	

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>	
<b>A. State budget:</b>	
This rule will not generate new funds, rather it creates the conditions for the department to reimburse itself, local health departments, or a local government for the cost of enforcement under Title 19 that goes beyond the scope of ordinary enforcement expenses. The reimbursement and spending authority will come from funds deposited into the General Fund by the department as the result of qualifying civil penalties or criminal fines recovered by the department per Subsection 19-1-303(5).	

However, the fiscal impact is inestimable, as the information required to conduct a fiscal analysis does not yet exist. Qualifying extraordinary expenses were not defined prior to the drafting of this rule, and therefore, the department has not been tracking qualifying extraordinary expenditures.

**B. Local governments:**

This rule may have a beneficial fiscal impact if a local government seeks reimbursement of extraordinary expenditures through this rule. However, the exact fiscal impact is inestimable as the information required to conduct a fiscal analysis does not yet exist. Qualifying extraordinary expenses were not defined prior to the drafting of this rule, and therefore, the department has not been tracking qualifying extraordinary expenditures.

In addition, this rule will not generate new funds, rather it creates the conditions for the department to reimburse itself, local health departments, or a local government for the cost of enforcement that goes beyond the scope of ordinary enforcement expenses. The reimbursement and spending authority will come from funds deposited into the General Fund by the department as the result of qualifying civil penalties or criminal fines recovered by the department per Subsection 19-1-303(5).

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This rule is not expected to have any impact on small businesses' revenues or expenditures because businesses are not subject to this rule.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This rule is not expected to have any impact on non-small businesses' revenues or expenditures because businesses are not subject to this rule.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule is not expected to have any impact on revenues or expenditures on persons other than state and local government entities, as only state and local government entities are subject to this rule.

**F. Compliance costs for affected persons:**

There will not be a cost for an entity to adhere to this rule or changes. Requesting reimbursement under this rule is voluntary for any entity, and both ordinary and extraordinary enforcement activities are already conducted by the department, local health departments, and other local governments.

**G. Regulatory Impact Summary Table** (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

**General Information**

**2. Rule or section catchline:**  
 R307-110-11. Section IX, Control Measures for Area and Point Sources, Part B, Sulfur Dioxide

**4. Purpose of the new rule or reason for the change:**  
 The Utah Air Quality Board has proposed for public comment amendments to Utah State Implementation Plan (SIP), Section IX, Part B. The amendments to the SIP add plans that demonstrate maintenance of all three 1971 SO2 National Ambient Air Quality Standards (NAAQS) through the year 2040 for the Salt Lake County Nonattainment Area (SLC NAA) and Tooele County Nonattainment Area (TC NAA).

Section R307-110-11 incorporates Section IX, Part B into this rule, and must be amended to change the Board adoption date to the anticipated date of the amended plan.

**5. Summary of the new rule or change:**

This rule amendment incorporates a SIP revision establishing maintenance plans for the 1971 SO2 NAAQS for the SLC NAA and the TC NAA. The maintenance plans demonstrate continued attainment of the standard in the applicable area and fulfil the requirements of Section 175A of the Clean Air Act. If the EPA approves the plans, the nonattainment areas will be redesignated to attainment status.

Section R307-110-11 Section IX, Control Measures for Area and Point Sources, Part B, Sulfur Dioxide is being amended to change the Board adoption date to the anticipated date of the amended plan.

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

This amendment is not expected to have any fiscal impact on the state budget because the plan being incorporated into the rule shows how already existing regulations have led to attainment of the 1971 SO2 air quality standards.

This amendment does not alter current regulations or practices.

**B. Local governments:**

This amendment is not expected to have any fiscal impact on local governments because this amendment does not apply to local governments.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This amendment is not expected to have any fiscal impact on small businesses because this amendment does not apply to small businesses.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This amendment is not expected to have any fiscal impact on non-small businesses because this amendment does not apply to non-small businesses.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This amendment is not expected to have any fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities because this amendment does not apply to persons other than small businesses, non-small businesses, state, or local government entities.

**F. Compliance costs for affected persons:**

This amendment will not have compliance costs for affected persons because the plan being incorporated into the rule shows how already existing regulations have led to attainment of the 1971 SO2 air quality standards.

This amendment does not alter current regulations or practices.

**G. Regulatory Impact Summary Table** (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

**General Information**

<b>2. Rule or section catchline:</b>
R307-110-13. Section IX, Control Measures for Area and Point Sources, Part D, Ozone
<b>4. Purpose of the new rule or reason for the change:</b>
The State of Utah is required to submit periodic emission inventories for marginal ozone nonattainment areas to the Environmental Protection Agency as part of the Clean Air Act (CAA) requirements (Section 182(a)(3)(A)).
The first periodic emission inventory for the Uinta Basin nonattainment area (NAA) was completed and submitted for the year 2017.

This amendment incorporates the periodic inventories for the years 2020 and 2023 into Utah's State Implementation Plan (SIP) and as such the Division of Air Quality (DAQ) are proposing to amend Section R307-110-13 Section IX, Control Measures for Area and Point Sources, Part D, Ozone to change the Board adoption date to the anticipated date of the amended plan.

**5. Summary of the new rule or change:**

This proposed rule amendment incorporates the required periodic emission inventory reports for the years 2020 and 2023 for the Uinta Basin NAA into the Utah SIP as required by the CAA. Pursuant to Section 182(a)(3) of the CAA, this inventory includes a comprehensive accounting of actual VOC and NOX emissions from the following source categories: point, area, on-road mobile, non-road mobile, and oil and gas sources.

Section R307-110-13, Section IX, Control Measures for Area and Point Sources, Part D, Ozone is being amended to change the Board adoption date to the anticipated date of the amended plan.

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

This rule change does not have any impact on the state budget as the change reflects work already completed by the DAQ as part of staff's required workload.

This rule change does not alter current regulations or practices.

**B. Local governments:**

This rule change does not have any impact on local government budgets as this rule requires no action by local governments.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This rule change does not have any impact on small businesses as this rule requires no action by small businesses.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This rule change does not have any impact on non-small businesses as this rule requires no action by non-small businesses.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This rule change does not impact persons other than small businesses, non-small businesses, state or local government entities as this rule requires no action by persons other than small businesses, non-small businesses, state or local government entities.

**F. Compliance costs for affected persons:**

There are no compliance costs associated with this rule change, the change is editorial to incorporate already prepared reports into the SIP.

This rule change does not alter current regulations or practices.

**General Information**

<b>2. Rule or section catchline:</b>
R307-110-17. Section IX, Control Measures for Area and Point Sources, Part H, Emission Limits
<b>4. Purpose of the new rule or reason for the change:</b>
The Utah Air Quality Board has proposed for public comment amendments to the Utah State Implementation Plan (SIP), amending Subsections IX.H.12 and IX.H.13 Source-Specific Emission Limitations to comply with source requests for emission limitation changes.  Section R307-110-17 incorporates SIP Section IX, Control Measures for Area and Point Sources, Part H, Emission Limits into this rule, and shall be amended to change the Board adoption date to the anticipated adoption date of the amended plan.
<b>5. Summary of the new rule or change:</b>
This rule amendment is in response to source requests to change emission limitations after US EPA approval of the Utah PM2.5 nonattainment redesignation.

The following plan amendments are being proposed: 1) increase the emission limitation for one source under Subsection IX.H.12 Source-Specific Emission Limitations; 2) increase the emission limitation for one source under Subsection IX.H.13 Source-Specific Emission Limitations; or 3) remove requirements for five minor sources under Subsection IX.H.13 Source-Specific Emission Limitations that do not need to be included in the state requirements due to minor source status.

The plan also includes a 110(l), or anti-backsliding, demonstration to show that the relaxation of requirements will not interfere with continued attainment or maintenance of National Ambient Air Quality Standards, and quantitatively or qualitatively show that it has a negligible air quality impact.

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

This rule amendment is not expected to create additional costs or savings for the state government.

These facilities are already permitted and inspected under existing rules and have existing compliance requirements in place.

**B. Local governments:**

This rule amendment is not expected to impact local governments; therefore, no costs or savings are anticipated.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This rule amendment is not expected to impact small businesses; therefore, no costs or savings are anticipated.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This rule amendment is not expected to create additional costs or savings for seven non-small businesses.

The increased emission limitations for two non-small businesses (HF Sinclair Woods Cross Refinery and McWane Ductile) will not fundamentally change how those businesses operate or are inspected because all existing requirements will stay the same for these two sources.

The removal of the five non-small businesses (Brigham Young University: Main Campus, Geneva Nitrogen Inc.: Geneva Nitrogen Plant, Payson City Corporation: Payson City Power, Provo City Power: Power Plant, and Springville City Corporation: Whitehead Power Plant) from Subsection IX.H.13 will not change existing minor source permitting requirements or compliance requirements, and therefore all existing requirements will stay the same for these five sources.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

This rule amendment does not apply to persons other than small business, non-small businesses, state, or local government entities; therefore, no additional costs are expected as a result of these changes.

**F. Compliance costs for affected persons:**

There are no additional compliance costs expected for the seven non-small businesses because all existing compliance requirements will stay the same for these sources.

<b>Please address questions regarding information on this notice to the persons listed above.</b>		

**General Information**

<b>2. Rule or section catchline:</b>
R380-350. Community Health Worker Certification
<b>4. Purpose of the new rule or reason for the change:</b>
Based on Department of Health and Human Services (department) discussions with stakeholders, it was determined that this rule amendment should be made to temporarily extend the recertification period from two years to three years for all community health worker certifications issued from 12/01/2023 through 12/31/2027.
This extension allows for the standardization of Continuing Education Unit (CEU) requirements and the implementation of administrative recertification infrastructure. Once that appropriate administrative recertification infrastructure is in place, it is anticipated that, beginning 01/01/2028, the recertification interval for all newly issued community health worker state certifications will revert to two years.

**5. Summary of the new rule or change:**

This amendment updates language to clarify that mandatory CEU requirements must be completed within each recertification cycle.

Additionally, it updates the recertification cycle for community health worker recertification to be three years from the original expiration date if the original certification is issued before 01/01/2028. Original certifications made on or after 01/01/2028, will remain on a recertification cycle of two years.

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

This proposed amendment is not expected to have a fiscal impact on the state budget because the department already supports the recertification process for community health workers.

While this change alters the timing for some certifications, it does not alter the process the department uses to recertify community health workers affected by the temporary three-year recertification cycle and is therefore not anticipated to have a fiscal impact.

**B. Local governments:**

This proposed amendment is not anticipated to have fiscal impact on local governments as it does not apply to local governments.

**C. Small businesses ("small business" means a business employing 1-49 persons):**

This proposed amendment is not anticipated to have fiscal impact on small businesses as it does not apply to small business.

**D. Non-small businesses ("non-small business" means a business employing 50 or more persons):**

This proposed amendment is not anticipated to have fiscal impact on non-small businesses as it does not apply to non-small business.

**E. Persons other than small businesses, non-small businesses, state, or local government entities ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):**

This proposed amendment is not anticipated to have a fiscal impact on other persons, identified as certified community health workers whose recertification cycle will be three years instead of two as a result of this amendment.

This amendment does not modify, introduce, or remove processes, fee rates, or requirements related to a potential cost or savings for community health workers.

This amendment does not alter the process that any community health workers would follow or use for recertification and is therefore, not anticipated to have a fiscal impact.

**F. Compliance costs for affected persons:**

This proposed amendment is not anticipated to have a compliance cost for affected persons, identified as the department and certified community health workers.

A community health worker seeking to recertify will not incur a cost to adhere to this change because there is no change to the criteria or the cost of certification or recertification.

The department is not anticipated to see a compliance cost, as this filing does not alter the process the department uses to recertify the community health workers affected by the temporary three-year recertification cycle.

**General Information**

<b>2. Rule or section catchline:</b>
R381-70. Out-of-School-Time Child Care Programs
<b>4. Purpose of the new rule or reason for the change:</b>
<p>The Office of Licensing (OL), within the Division of Licensing and Background Checks, acts as the lead regulatory authority, in partnership with the Utah Office of Child Care (OCC), to ensure oversight of health and safety requirements for any child care provider receiving a license, certification, or license-exempt status through OL.</p> <p>In October 2024, the Utah OCC received conditional approval from the federal OCC for the federal fiscal year (FFY) 2025-2027 Child Care and Development Fund (CCDF) state plan. This conditional approval requires the lead regulatory partner (OL) to update the existing immunization standard to be age-appropriate for school-age children attending any child care program receiving a license, certification, or license-exempt status through OL, including in this rule.</p> <p>Therefore, OL determined it is necessary to update this rule to comply with the CCDF requirement, as part of the Utah OCC state plan, for an immunization standard for school-age children attending any child care program regulated by OL.</p>
<b>5. Summary of the new rule or change:</b>
<p>This filing updates the immunization record language in Subsections R381-70-6(13) through R381-70-6(14) to comply with the CCDF requirement.</p> <p>This filing also removes individual definitions for terms already defined in Rule R380-600 and updates an outdated citation.</p> <p>Additionally, the filing makes style and formatting changes to align with the Rulewriting Manual for Utah and other rules under the department.</p>

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
<p>There is no anticipated cost or savings to the state budget as a result of this filing, as the provisions in this rule are part of OL's existing process of issuing a license, certification, or license-exempt status to child care providers.</p> <p>The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.</p> <p>This filing does not add to or remove any existing licensing processes.</p> <p>The Department of Health and Human Services (department) does not anticipate any fiscal impact on the state budget as a result of the style and formatting changes included in this rule amendment.</p>
<b>B. Local governments:</b>
<p>There is no anticipated fiscal impact to local governments as a result of this filing, as this filing will not add to, modify, or remove requirements for local business licensing or any other process with which local government is involved.</p>

Currently, there are two out of school time child care programs operated by a local government.

The providers affected by this rule are regulated by the department for basic health and safety requirements. This filing does not add to or remove any existing licensing processes for local government compliance, including for providers operated by a local government.

The department does not anticipate any fiscal impact on local governments as a result of the style and formatting changes included in this rule amendment.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

There is no anticipated cost or savings to small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for small business compliance.

The department does not anticipate any fiscal impact on small businesses as a result of the style and formatting changes included in this rule amendment.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for non-small business compliance.

The department does not anticipate any fiscal impact on non-small businesses as a result of the style and formatting changes included in this rule amendment.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

There is no anticipated cost or savings to other persons as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for compliance for other persons.

The department does not anticipate any fiscal impact to persons other than small businesses, state, or local government small businesses as a result of the style and formatting changes included in this rule amendment.

**F. Compliance costs for affected persons:**

There are no anticipated compliance costs for affected persons, identified as child care providers and the department, as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing does not add to or remove any existing licensing processes for compliance for child care providers and the department.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

The department does not anticipate any compliance costs as a result of the style and formatting changes included in this filing.

<b>Please address questions regarding information on this notice to the persons listed above.</b>		

**General Information**

<b>2. Rule or section catchline:</b>
R430-50. Residential Certificate Child Care
<b>4. Purpose of the new rule or reason for the change:</b>
<p>The Office of Licensing (OL), within the Division of Licensing and Background Checks, acts as the lead regulatory authority, in partnership with the Utah Office of Child Care (OCC), to ensure oversight of health and safety requirements for any child care provider receiving a license, certification, or license-exempt status through OL.</p> <p>In October 2024, the Utah OCC received conditional approval from the federal OCC for the federal fiscal year (FFY) 2025-2027 Child Care and Development Fund (CCDF) state plan. This conditional approval requires the lead regulatory partner (OL) to update the existing immunization standard to be age-appropriate for school-age children attending any child care program receiving a license, certification, or license-exempt status through OL, including in this rule.</p> <p>Therefore, OL determined it is necessary to update this rule to comply with the CCDF requirement, as part of the Utah OCC state plan, for an immunization standard for school-age children attending any child care program regulated by OL.</p>
<b>5. Summary of the new rule or change:</b>
<p>This filing updates the immunization record language in Subsections R430-50-6(12) through R430-50-6(13) to comply with the CCDF requirement.</p> <p>This filing also removes individual definitions for terms already defined in Rule R380-600 and updates an outdated citation.</p> <p>Additionally, the filing makes style and formatting changes to align with the Rulewriting Manual for Utah and other rules under the Department of Health and Human Services (department).</p>

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
<p>There is no anticipated cost or savings to the state budget as a result of this filing, as the provisions in this rule are part of OL's existing process of issuing a license, certification, or license-exempt status to child care providers.</p> <p>The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.</p> <p>This filing does not add to or remove any existing licensing processes.</p> <p>The department does not anticipate any fiscal impact on the state budget as a result of the style and formatting changes included in this rule amendment.</p>
<b>B. Local governments:</b>
<p>There is no anticipated fiscal impact to local governments as a result of this filing, as this filing will not add to, modify, or remove requirements for local business licensing or any other process with which local government is involved.</p>

Currently, there are no residential certificate child care programs operated by a local government.

This filing does not add to or remove any existing licensing processes for local government compliance, including for providers operated by a local government.

The department does not anticipate any fiscal impact on local governments as a result of the style and formatting changes included in this rule amendment.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

There is no anticipated cost or savings to small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for small business compliance.

The department does not anticipate any fiscal impact on small businesses as a result of the style and formatting changes included in this rule amendment.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for non-small business compliance.

The department does not anticipate any fiscal impact on non-small businesses as a result of the style and formatting changes included in this rule amendment.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There is no anticipated cost or savings to other persons as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for compliance for other persons.

The department does not anticipate any fiscal impact to persons other than small businesses, state, or local government small businesses as a result of the style and formatting changes included in this rule amendment.

**F. Compliance costs for affected persons:**

There are no anticipated compliance costs for affected persons, identified as child care providers and the department, as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing does not add to or remove any existing licensing processes for compliance for child care providers and the department.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

The department does not anticipate any compliance costs as a result of the style and formatting changes included in this filing.

**General Information**

<b>2. Rule or section catchline:</b>
R430-90. Licensed Family Child Care
<b>4. Purpose of the new rule or reason for the change:</b>
<p>The Office of Licensing (OL), within the Division of Licensing and Background Checks, acts as the lead regulatory authority, in partnership with the Utah Office of Child Care (OCC), to ensure oversight of health and safety requirements for any child care provider receiving a license, certification, or license-exempt status through OL.</p> <p>In October 2024, the Utah OCC received conditional approval from the federal OCC for the federal fiscal year (FFY) 2025-2027 Child Care and Development Fund (CCDF) state plan. This conditional approval requires the lead regulatory partner (OL) to update the existing immunization standard to be age-appropriate for school-age children attending any child care program receiving a license, certification, or license-exempt status through OL, including in this rule.</p> <p>Therefore, OL determined it is necessary to update this rule to comply with the CCDF requirement, as part of the Utah OCC state plan, for an immunization standard for school-age children attending any child care program regulated by OL.</p>
<b>5. Summary of the new rule or change:</b>
<p>This filing updates the immunization record language in Subsections R430-90-6(12) through R430-90-6(13) to comply with the CCDF requirement.</p> <p>This filing also removes individual definitions for terms already defined in Rule R380-600 and updates an outdated citation.</p> <p>Additionally, the filing makes style and formatting changes to align with the Rulewriting Manual for Utah and other rules under the Department of Health and Human Services (department).</p>

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
<p>There is no anticipated cost or savings to the state budget as a result of this filing, as the provisions in this rule are part of OL's existing process of issuing a license, certification, or license-exempt status to child care providers.</p> <p>The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.</p> <p>This filing does not add to or remove any existing licensing processes.</p> <p>The department does not anticipate any fiscal impact on the state budget as a result of the style and formatting changes included in this rule amendment.</p>
<b>B. Local governments:</b>
<p>There is no anticipated fiscal impact to local governments as a result of this filing, as this filing will not add to, modify, or remove requirements for local business licensing or any other process with which local government is involved.</p>

Currently, there are no licensed family child care program providers operated by a local government.

This filing does not add to or remove any existing licensing processes for local government compliance, including for providers operated by a local government.

The department does not anticipate any fiscal impact on local governments as a result of the style and formatting changes included in this rule amendment.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

There is no anticipated cost or savings to small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for small business compliance.

The department does not anticipate any fiscal impact on small businesses as a result of the style and formatting changes included in this rule amendment.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There is no anticipated cost or savings to non-small businesses as a result of this filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for non-small business compliance.

The department does not anticipate any fiscal impact on non-small businesses as a result of the style and formatting changes included in this rule amendment.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

There is no anticipated cost or savings to other persons as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

This filing does not add to or remove any existing licensing processes for compliance for other persons.

The department does not anticipate any fiscal impact to persons other than small businesses, state, or local government small businesses as a result of the style and formatting changes included in this rule amendment.

**F. Compliance costs for affected persons:**

There are no anticipated compliance costs for affected persons, identified as child care providers and the department, as a result of this rule filing, as child care providers have already been complying with this rule's requirements as part of OL's existing process.

This filing does not add to or remove any existing licensing processes for compliance for child care providers and the department.

The filing clarifies language in this rule regarding documentation for immunization records for any child in the care of a provider to be in compliance with federal child care funding requirements for immunization record standards.

The department does not anticipate any compliance costs as a result of the style and formatting changes included in this filing.

### Fiscal Information

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
Utah Occupational Safety and Health (UOSH)'s enforcement of the proposed amendment will not result in additional costs or savings to the state budget.
Changes to the HCS include extension of compliance dates, correction of errors in the regulatory text and appendices, and a technical amendment in one appendix.
These errors are minor and primarily typographical in nature.

**B. Local governments:**

Local governments have no administration or enforcement obligations under the proposed amendment.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

The proposed amendment will have no anticipated cost or savings to small businesses.

Changes to the HCS include extension of compliance dates, correction of errors in the regulatory text and appendices, and a technical amendment in one appendix.

These errors are minor and primarily typographical in nature.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

The proposed amendment will have no anticipated cost or savings to non-small businesses.

Changes to the HCS include extension of compliance dates, correction of errors in the regulatory text and appendices, and a technical amendment in one appendix.

These errors are minor and primarily typographical in nature.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The proposed amendment will have no anticipated cost or savings to persons other than small businesses, non-small businesses, state, or local government entities.

Changes to the HCS include extension of compliance dates, correction of errors in the regulatory text and appendices, and a technical amendment in one appendix.

These errors are minor and primarily typographical in nature.

**F. Compliance costs for affected persons:**

The proposed amendment will have no anticipated compliance costs for affected persons.

Changes to the HCS include extension of compliance dates, correction of errors in the regulatory text and appendices, and a technical amendment in one appendix.

These errors are minor and primarily typographical in nature.

**G. Regulatory Impact Summary Table** (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

R616-3-3. Safety Codes for Elevators
<b>4. Purpose of the new rule or reason for the change:</b>
The purpose of the filing is to bring Section R616-3-3 into alignment with the adopted building code exceptions.
<b>5. Summary of the new rule or change:</b>
This filing is to reenact the exemption of section 2.27.1 of the ASME A17.1-2.27.1 code, which requires video communication be provided in passenger elevators, by exempting this code requirement from the 2022 code edition and adopting the 2016 edition communication requirements.
This exception was originally put in place with the adoption of the 2019 edition.

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
By exempting the video communication requirement each elevator could save \$3,500 of upfront costs.
It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by the state.
<b>B. Local governments:</b>
By exempting the video communication requirement each elevator could save \$3,500 of upfront costs.
It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by local governments.
<b>C. Small businesses</b> ("small business" means a business employing 1-49 persons):
By exempting the video communication requirement each elevator could save \$3,500 of upfront costs.
It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by each small business.
<b>D. Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
By exempting the video communication requirement each elevator could save \$3,500 of upfront costs.
It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by each non-small business.
<b>E. Persons other than small businesses, non-small businesses, state, or local government entities</b> ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <b>agency</b> ):

It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by persons other than small businesses, non-small businesses, state of local government entities.

**F. Compliance costs for affected persons:**

By exempting the video communication requirement each elevator could save \$3,500 of upfront costs.

It would be difficult for the agency to determine the aggregate savings, because the savings would depend on the number of elevators owned by affected persons.

<b>Please address questions regarding information on this notice to the persons listed above.</b>		

**General Information**

<b>2. Rule or section catchline:</b>
R653-11. Water Conservation Requirements and Incentives
<b>4. Purpose of the new rule or reason for the change:</b>
The Utah Legislature enacted SB 118 in the 2023 General Session, which amended Section 73-10-37. This section of code directs the Utah Division of Water Resources (Division) to provide a financial incentive to landowners that convert lawn to water efficient landscaping, consistent with statutory and regulatory requirements.
Rule R653-11 effectuates Section 73-10-37. The proposed changes amend Rule R653-11 to clarify that the end user receives water from a retail water provider at the property, clarify the maintenance of a drip irrigation system if one is installed, increase the maximum incentive to \$3 a square foot for eligible city property projects during specific application periods, add flexibility in canopy coverage requirements to include tree canopy, expand requirements for drip irrigation systems to include a filter and pressure regulator, and other technical changes.
<b>5. Summary of the new rule or change:</b>
The proposed amendments to Rule R653-11: 1) clarify that the property receives water at the property from a retail water provider (Subsection R653-11-7(3)(d)(vii)), 2) clarify that the drip system is maintained if installed (Subsection R653-11-7(3)(xi)(A)), and (Subsection R653-11-7(5)(b)(ii)(B)), 3) increase the maximum incentive to \$3 per square foot for eligible city property projects during specific application periods (Subsection R653-11-7(4)(ii)), 4) add flexibility in canopy coverage requirements to include tree canopy (Subsection R653-11-9(1)(iii)), and 5) expand requirements for drip irrigation systems to include a filter and pressure regulator (Subsection R653-11-9(1)(iv)(D)).

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
The rule amendments implement water conservation incentives imposed in Section 73-10-37.
In 2023, SB 118 appropriated \$3,000,000 in ongoing funding to the Division for administering and funding the lawn conversion incentive programs and to distribute to landowners and water conservancy districts for financial incentives to convert existing lawn to drought resistant landscaping (see Section 73-10-37).

The rule, including amendments, govern the distribution of \$3,000,000 to: 1) reimburse some costs incurred converting lawn to drought resistant landscaping; and 2) assist eligible water conservancy districts fund incentives under their respective lawn conversion incentive programs.

The incentive programs will be administered by existing staff at the Division, no new hires or overtime pay will be required.

The changes to this rule will allow for an increase from up to \$2 per square foot to \$3 per square foot for eligible city properties during a specific application window.

Anticipated costs are currently unknown as this program is still new and not many cities have participated in the program yet.

**B. Local governments:**

The lawn conversion incentive program, including rule amendments, will not fiscally impact local governments negatively.

The program makes funding available to: 1) property owners as an incentive to convert lawns into water efficient landscaping; and 2) water conservancy districts for use in funding financial incentives awarded through their respective lawn conversion incentive programs.

The rule does not require: 1) landowners to convert their lawns to drought resistant landscaping or to seek reimbursement of costs for such conversions from the Division; or 2) water conservancy districts to implement and fund lawn conversion incentive programs or to seek a grant from the Division.

Grants are not reimbursed to the Division or any other entity by recipient districts. Participation in the program is completely voluntary under this rule.

Those that choose to participate and receive funding, however, must pay that portion of the conversion's costs not covered by the incentive award.

The cost to convert lawn to drought resistant landscaping varies considerably depending on contractor, region of the state, and actual work performed, but average costs are generally between \$4 and \$12 per square foot. The state incentive provided in this rule amendment is \$3 per square foot for eligible city properties during a specific application window.

A lawn conversion, once completed, will reduce the landowner's outdoor water use and the associated costs and eliminate lawn maintenance.

It will also conserve water supplies in the community, reduce the likelihood of shortages, and delay the need for further water development by water providers.

Anticipated costs are currently unknown as this program is still new and it is not known how many cities will take advantage of program and to what extent.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

A small business landowner will be impacted similarly to that described in the local government section.

The rule amendment and the incentive program it implements will have a residual benefit to small businesses of increased demand for: 1) landscaping services by qualified contractors; and 2) organic and inorganic materials (plants, shrubs, trees, gravel, rock, etc.) used in water efficient landscaping.

In total, the incentive program over the next couple years will infuse over \$3,000,000 in state incentive money plus participants' corresponding cost share into the purchase of landscaping services and associated materials.

The increase from \$2 to \$3 per square foot for qualifying city properties during a specific application period could have a fiscal benefit to small businesses engaged in landscape work, landscape supply, plants, and similar businesses as demand for services and supplies could increase.

Impacts to small businesses are unknown and cannot be estimated as it is not known how many cities will take advantage of the increase and to what extent.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

Impacts to non-small businesses are anticipated to be similar to small businesses. See small business impact response, Box 6. D. above.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The rule amendment and the incentive program it implements will have a residual benefit to persons by increasing demand for: 1) landscaping services by qualified contractors; and 2) organic and inorganic materials (plants, shrubs, trees, gravel, rock, etc.) used in water efficient landscaping.

In total, the incentive program over the next couple years will infuse over \$3,000,000 in state incentive money plus participants' corresponding cost share into the purchase of landscaping services and associated materials.

**F. Compliance costs for affected persons:**

Participation in the program is completely voluntary under this rule.

This rule does not require landowners to convert their lawns to drought resistant landscaping or to seek reimbursement of costs for such conversions from the Division. Nor does it compel water conservancy districts to implement and fund lawn conversion incentive programs or to seek a grant from the Division.

Those that choose to participate and receive funding, however, must pay whatever portion of the conversion's costs not covered by the incentive award.

The cost to convert lawn to water efficient landscaping varies considerably depending on contractor, region of the state, and actual work performed, but average costs are generally between \$4 and \$12 a square foot. The state incentive provided in this rule amendment \$3 per square foot for eligible city properties during a specific application window.

A lawn conversion, once completed, will reduce the landowner's outdoor water use and the associated costs, and the need for lawn maintenance.

It will also conserve water supplies in the community, reduce the likelihood of shortages, and delay the need for further water development by water providers.

Again, participation in the program under this rule is voluntary.

**2. Rule or section catchline:**  
 R653-17. Regional Water Conservation Goals

**3. Are any changes in this filing because of state legislative action?** Changes are because of legislative action.  
**If yes, any bill number and session:** SB 89 (2022 General Session)

<b>4. Purpose of the new rule or reason for the change:</b>
The Utah Legislature enacted SB 89 in the 2022 General Session, which changed Section 73-10-32 and which requires the Division of Water Resources (Division) to adopt regional water conservation goals.
<b>5. Summary of the new rule or change:</b>
The Division is adopting regional water conservation goals based on a county's opportunity to conserve water.
The goals are percent reductions in water use compared to the 2015 Baseline Average, which is a five-year average of water use between 2015 and 2019.

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
This rule does not impact the state budget because it codifies into rule a metric that the State of Utah (the Division) was already using to track effectiveness of conservation efforts on water use.
<b>B. Local governments:</b>
This rule does not increase or reduce costs for local governments.
Local water providers are already required to create a water conservation plan. The newly adopted regional goals are simply another metric for local providers to use in their existing plans.
<b>C. Small businesses</b> ("small business" means a business employing 1-49 persons):
This rule does not impact small businesses because it does not apply to small businesses.
<b>D. Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
This rule does not impact non-small businesses because it does not apply to them.
<b>E. Persons other than small businesses, non-small businesses, state, or local government entities</b> ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <b>agency</b> ):
To the extent entities in this category are affected by this rule, the impact is the same as for local governments.
Private public water providers are already required to create a water conservation plan. The newly adopted regional goals are simply another metric for water providers to use in their existing plans.
<b>F. Compliance costs for affected persons:</b>
To the extent entities in this category are affected by this rule, the impact is the same as for local governments.

**General Information**

<b>2. Rule or section catchline:</b>	
R765-607. PRIME Program Grant	
<b>3. Are any changes in this filing because of state legislative action?</b>	Changes are because of legislative action.
<b>If yes, any bill number and session:</b>	SB 1001 (2025 Special Session)
<b>4. Purpose of the new rule or reason for the change:</b>	
<p>This filing amends Rule R765-607 based on revisions passed by the Utah Board of Higher Education. Those revisions update the award requirements for the PRIME Program Grant (the Grant) and clarify the application process for the Grant.</p> <p>While Rule R765-607 explains the method by which the amount of the Grant will be determined each year, it does not itself provide for the appropriation of funds for the Scholarship.</p> <p>The amendments to Rule R765-607 also include changes in citations, numbering, and organization based on SB 1001 (2025 Special Session).</p>	
<b>5. Summary of the new rule or change:</b>	
<p>The amendments to Rule R765-607 update statutory citations based on SB 1001 (2025 Special Session) and make changes to the language of this rule, including to the provisions related to the requirements for the PRIME Program Grant (the Grant).</p> <p>The amendments also clarify the application process for the Grant, and provide updated provisions related to the method by which the amount of the Grant will be determined annually.</p>	

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>	
<b>A. State budget:</b>	
<p>The amendments to Rule R765-607 will not have any fiscal impact on the state budget.</p> <p>There is no fiscal impact on the state budget because this rule provides procedures for the administration of the PRIME Program Grant (the Grant) and the changes made to the provisions of this rule do not have any impact on appropriations (which are not required under this rule) or any potential costs of implementing this rule.</p> <p>While this rule contains provisions related to how the amount of the Grant will be determined annually, the provisions of the new rule effect no change to the state budget as those appropriations occur separately from the processes set forth in this rule. As such, the changes do not create any cost or savings for the state budget.</p>	
<b>B. Local governments:</b>	
<p>The amendments to Rule R765-607 will not have any fiscal impact on local governments.</p> <p>There is no fiscal impact on local governments because this rule provides procedures for the administration of the PRIME Program Grant (the Grant) and the changes made to the provisions of this rule do not have any impact on appropriations (which are not required under this rule) or any potential costs of implementing this rule.</p> <p>While this rule contains provisions related to how the amount of the Grant will be determined annually, the provisions of the new rule have no financial effect on local governments as those appropriations occur separately from the processes set forth in this rule. As such, the changes do not create any cost or savings for local governments.</p>	
<b>C. Small businesses ("small business" means a business employing 1-49 persons):</b>	
<p>The amendments to Rule R765-607 will not have any fiscal impact on small businesses.</p> <p>There is no fiscal impact on small businesses because this rule provides procedures for the administration of the PRIME Program Grant (the Grant) and the changes made to the provisions of this rule do not have any impact on appropriations (which are not required under this rule) or any potential costs of implementing this rule.</p>	

While this rule contains provisions related to how the amount of the Grant will be determined annually, the provisions of the new rule have no financial effect on small businesses as those appropriations occur separately from the processes set forth in this rule. As such, the changes do not create any cost or savings for small businesses.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

The amendments to Rule R765-607 will not have any fiscal impact on non-small businesses. There is no fiscal impact on non-small businesses because this rule provides procedures for the administration of the PRIME Program Grant (the Grant) and the changes made to the provisions of this rule do not have any impact on appropriations (which are not required under this rule) or any potential costs of implementing this rule.

While this rule contains provisions related to how the amount of the Grant will be determined annually, the provisions of the new rule have no financial effect on non-small businesses as those appropriations occur separately from the processes set forth in this rule. As such, the changes do not create any cost or savings for non-small businesses.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The amendments to Rule R765-607 will not have any fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities.

There is no fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities because this rule provides procedures for the administration of the PRIME Program Grant (the Grant) and the changes made to the provisions of this rule do not have any impact on appropriations (which are not required under this rule) or any potential costs of implementing this rule.

While this rule contains provisions related to how the amount of the Grant will be determined annually, the provisions of the new rule have no financial affect on persons other than small businesses, non-small businesses, state, or local government entities as those appropriations occur separately from the processes set forth in this rule. As such, the changes do not create any cost or savings for persons other than small businesses, non-small businesses, state, or local government entities.

**F. Compliance costs for affected persons:**

The amendments to Rule R765-607 will not impose any compliance costs on affected persons. There are no compliance costs because this rule provides procedures for administering the PRIME Program Grant and the changes made to the provisions of this rule to not create any such compliance costs.

**G. Regulatory Impact Summary Table** (This table includes only fiscal impacts the agency was able to measure. If the agency could not estimate an impact, it is excluded from this table but described in boxes A through F.)

**General Information****2. Rule or section catchline:**

R765-621. Terrell H. Bell Education Scholarship Program

**3. Are any changes in this filing because of state legislative action?**

Changes are because of legislative action.

**If yes, any bill number and session:**

SB 1001 (2025 Special Session)

**4. Purpose of the new rule or reason for the change:**

This filing amends Rule R765-621 based on revisions passed by the Utah Board of Higher Education. Those revisions require updated language related to the order in which awards under the Terrel H. Bell Education Scholarship Program are distributed and related to initial and continuing eligibility for an award.

The amendments to Rule R765-621 also include minor changes to definitions, numbering, and organization, as well as nonsubstantive formatting corrections.

**5. Summary of the new rule or change:**

The amendments to Rule R765-621 update statutory citations based on SB 1001 (2025 Special Session) and make changes to the language of this rule, including to the definitions, general award conditions for the Terrel H. Bell Education Scholarship Program (the Program), and initial and continuing eligibility for an award under the Program.

Specifically, the changes update the language related to how institutions shall prioritize awards under the Program and require that applicants for an award under the Program either be admitted to or making reasonable progress to meet a participating institution's criteria for admission to an approved program to be eligible.

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

The amendments to Rule R765-621 will not have any fiscal impact on the state budget.

There is no fiscal impact on the state budget because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for the state budget.

Although appropriations are required to fund the Program, those appropriations occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on the state budget.

**B. Local governments:**

The amendments to Rule R765-621 will not have any fiscal impact on local governments.

There is no fiscal impact on local governments because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for local governments.

Although appropriations are required to fund the Program, those appropriations occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on local governments.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

The amendments to Rule R765-621 will not have any fiscal impact on small businesses.

There is no fiscal impact on small businesses because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for small businesses.

Although appropriations are required to fund the Program, those appropriations occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on small businesses.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

The amendments to Rule R765-621 will not have any fiscal impact on non-small businesses.

There is no fiscal impact on non-small businesses because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for non-small businesses.

Although appropriations are required to fund the Program, those appropriations occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on non-small businesses.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The amendments to Rule R765-621 will not have any fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities.

There is no fiscal impact on persons other than small businesses, non-small businesses, state, or local government entities because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not

create any cost to or any savings for persons other than small businesses, non-small businesses, state, or local government entities.

Although appropriations are required to fund the Program, those appropriations occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on persons other than small businesses, non-small businesses, state, or local government entities.

**F. Compliance costs for affected persons:**

The amendments to Rule R765-621 will not impose any compliance costs on affected persons.

There are no compliance costs because the rule provides procedures for administering the Program and the changes made to the provisions of this rule do not create any such compliance costs.

<b>3. Are any changes in this filing because of state legislative action?</b>	Changes are because of legislative action.
<b>If yes, any bill number and session:</b>	SB 1001 (2025 Special Session)
<b>4. Purpose of the new rule or reason for the change:</b>	
<p>This filing amends Rule R765-622 based on revisions passed by the Utah Board of Higher Education. Those revisions require updates to many provisions and procedures in this rule, including to the rule's definitions, the provisions related to the administration of the Technical Education Scholarship Program (the "Program"), requirements for continued eligibility for scholarships under the Program, and more.</p> <p>The amendments to Rule R765-622 also include changes to numbering and organization, as well as other nonsubstantive changes.</p>	
<b>5. Summary of the new rule or change:</b>	
<p>The amendments to Rule R765-622 update statutory citations based on SB 1001 (2025 Special Session) and make changes to the language of this rule.</p> <p>The changes to the language of this rule include updates to the definitions of key terms within the Program.</p> <p>The changes also introduce a requirement that individuals complete a Free Application for Federal Student Aid (FAFSA) to be eligible for an award under the Program, as well as updated language regarding transfers of individuals who have received an award from one eligible institution to another.</p> <p>Other changes to Rule R765-622 include updated provisions related to the distribution of award funds under the Program, simplified reporting requirements, and language clarifications related to the determination of which programs at an eligible institution are "high demand" such that they satisfy the requirements of the Program.</p>	

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>	
<b>A. State budget:</b>	
<p>The amendments to Rule R765-622 will not have any fiscal impact on the state budget. There is no fiscal impact on the state budget because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for the state budget.</p>	

Although this rule includes provisions related to the distribution of funds under the Program, the appropriations that fund the Program occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on the state budget.

**B. Local governments:**

The amendments to Rule R765-622 will not have any fiscal impact on local governments.

There is no fiscal impact on local governments because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for local governments.

Although this rule includes provisions related to the distribution of funds under the Program, the appropriations that fund the Program occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on local governments.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

The amendments to Rule R765-622 will not have any fiscal impact on small businesses.

There is no fiscal impact on small businesses because this rule provides procedures for administering the Program, and the changes made to the provisions of this rule do not create any cost to or any savings for small businesses.

Although this rule includes provisions related to the distribution of funds under the Program, the appropriations that fund the Program occur separately from the processes set forth in this rule and, as such, the changes made to this rule have no impact on small businesses.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

**General Information**

<b>2. Rule or section catchline:</b>
R907-66. Procurement of Consultant Services, Procedures and Contract Administration
<b>4. Purpose of the new rule or reason for the change:</b>
In performing a five-year review of this rule, the Department of Transportation (department) determined that this rule is still needed but should be updated.  In making proposed amendments to this rule, the department decided to overhaul the organization of this rule and its provisions enough to repeal this rule in its current state and reenact it in a newly organized, updated form.
<b>5. Summary of the new rule or change:</b>
While the department made substantial adjustments to the organization of this rule and some of the language within this rule, these changes are not substantive in that they do not create any material obligations, responsibilities, or processes for the department that were not already present in the repealed version of this rule.  This repeal and reenactment updates and rewrites this rule for clarity, readability, and conformity with the Rulewriting Manual for Utah.

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
Because this repeal and reenactment is a mere clerical overhaul of the existing rule, the department does not anticipate any aggregate anticipated savings or costs to the state budget.
<b>B. Local governments:</b>
Because this repeal and reenactment is a mere clerical overhaul of the existing rule, the department does not anticipate any aggregate anticipated savings or costs to local governments.
<b>C. Small businesses</b> ("small business" means a business employing 1-49 persons):
Because this repeal and reenactment is a mere clerical overhaul of the existing rule, the department does not anticipate any aggregate anticipated savings or costs to small businesses.
<b>D. Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
Because this repeal and reenactment is a mere clerical overhaul of the existing rule, the department does not anticipate any aggregate anticipated savings or costs to non-small businesses
<b>E. Persons other than small businesses, non-small businesses, state, or local government entities</b> ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an <b>agency</b> ):

Because this repeal and reenactment is a mere clerical overhaul of the existing rule, the department does not anticipate any aggregate anticipated savings or costs to other persons.

**F. Compliance costs for affected persons:**

There are no compliance costs for affected persons.

<b>4. Purpose of the new rule or reason for the change:</b>
The Department of Transportation (department) performed a five-year review on this rule and decided this rule needed a new provision addressing conversion of an existing highway to a tollway.
<b>5. Summary of the new rule or change:</b>
This amendment adds a provision addressing conversion of an existing highway to a tollway, and makes some clerical changes including technical corrections, deletions of redundant language, and changes made to conform with the Rulewriting Manual for Utah.

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
This amendment adds a provision that gives the department discretion to convert an existing highway to a tollway, and the department has yet to exercise that discretion and thus there are no aggregate anticipated cost or savings to the state budget.
<b>B. Local governments:</b>
This amendment adds a provision that gives the department discretion to convert an existing highway to a tollway, and the department has yet to exercise that discretion and thus there are no aggregate anticipated cost or savings to local governments.
<b>C. Small businesses</b> ("small business" means a business employing 1-49 persons):
This amendment adds a provision that gives the department discretion to convert an existing highway to a tollway, and the department has yet to exercise that discretion and thus there are no aggregate anticipated cost or savings to small businesses.
<b>D. Non-small businesses</b> ("non-small business" means a business employing 50 or more persons):
This amendment adds a provision that gives the department discretion to convert an existing highway to a tollway, and the department has yet to exercise that discretion and thus there are no aggregate anticipated cost or savings to non-small businesses.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an *agency*):

This amendment adds a provision that gives the department discretion to convert an existing highway to a tollway, and the department has yet to exercise that discretion and thus there are no aggregate anticipated cost or savings to other persons.

**F. Compliance costs for affected persons:**

It will not cost affected persons anything to adhere to this change.

## NOTICES OF CHANGES IN PROPOSED RULES

---

After an agency has published a **PROPOSED RULE** in the *Utah State Bulletin*, it may receive comment that requires the **PROPOSED RULE** to be altered before it goes into effect. A **CHANGE IN PROPOSED RULE** allows an agency to respond to comments it receives.

As with a **PROPOSED RULE**, a **CHANGE IN PROPOSED RULE** is preceded by a **RULE ANALYSIS**. This analysis provides summary information about the **CHANGE IN PROPOSED RULE** including the name of a contact person, anticipated cost impact of the rule, and legal cross-references.

While the law does not designate a comment period for a **CHANGE IN PROPOSED RULE**, it does provide for a 30-day waiting period. An agency may accept additional comments during this period and, at its option, may designate a comment period or may hold a public hearing. The 30-day waiting period for **CHANGES IN PROPOSED RULES** published in this issue of the *Utah State Digest* ends May 15, 2026.

From the end of the 30-day waiting period through August 13, 2026, an agency may notify the Office of Administrative Rules that it wants to make the **CHANGE IN PROPOSED RULE** effective. When an agency submits a **NOTICE OF EFFECTIVE DATE** for a **CHANGE IN PROPOSED RULE**, the **PROPOSED RULE** as amended by the **CHANGE IN PROPOSED RULE** becomes the effective rule. The agency sets the effective date. The date may be no fewer than 30 days nor more than 120 days after the publication date of the **CHANGE IN PROPOSED RULE**. If the agency designates a public comment period, the effective date may be no fewer than seven calendar days after the close of the public comment period nor more than 120 days after the publication date. Alternatively, the agency may file another **CHANGE IN PROPOSED RULE** in response to additional comments received. If the Office of Administrative Rules does not receive a **NOTICE OF EFFECTIVE DATE** or another **CHANGE IN PROPOSED RULE** by the end of the 120-day period after publication, the **CHANGE IN PROPOSED RULE** filing, along with its associated **PROPOSED RULE**, lapses.

**CHANGES IN PROPOSED RULES** are governed by Section 63G-3-303, Rule R15-2, and Sections R15-4-3, R15-4-4, R15-4-5b, R15-4-7, R15-4-9, and R15-4-10.

**General Information**

<b>2. Rule or section catchline:</b>
R156-60e. Mental Health Professional Practice Act Rule
<b>4. Purpose of the new rule or reason for the change:</b>
The Division of Professional Licensing (Division) in collaboration with the Behavioral Health Board (Board) is filing this Change in Proposed Rule (CPR) to clarify new requirements in the original filing in response to public comments.
The proposed changes adjust the requirements for Supervision to align them with the statute, the recommendations made by Office of Professional Licensure Review (OPLR) and SB 26 from the 2024 General Session, and address the concerns brought forth by public comments.
This CPR also changes the proposed minimum hour requirement for the supervision course from 20 hours to 8 hours to better align with statutory requirements.
<b>5. Summary of the new rule or change:</b>
The proposed changes for this change in proposed rule (CPR) are as follows:
Subsections R156-60e-305.1(3)(c)(i) and (ii): adds clarifying language for a compromised relationship where the supervised individual has ownership in their employing agency.
Subsection R156-60e-306.1(1): the proposed section outlining the graduate level coursework pathway for supervisor training from the original filing was removed since the statutory language in Subsection 58-60-102(4)(a)(iii)(B) already adds this pathway.
Subsections R156-60e-306.1(1)(a) through (f): changes the proposed supervisor court from a 20-hour course to an 8-hour course and changes the specific topic hour requirements to align with the minimum eight-hour training course as outlined in the statute.
The proposed change also adjusts the soonest date that the training may be completed from 18 months to 24 months after the individual obtains licensure to align with Section R156-60e-305.1. Clinical Supervisor Eligibility. This change better comports with the statutory requirements in Subsection 58-60-102(4)(a)(iii)(A).
Subsection R156-60e-307.1(2)(a)(ii)(A): adjusts the rate of supervision meetings from "proportional" to at least twice each month.
Subsection R156-60e-307.1(2)(a)(iv)(v): clarifies the general progress goals for the supervised individual as part of the contract.

Subsection R156-60e-307.1(2)(e)(ii)(C): removes the requirements to disclose remote supervision to the client.

Subsection R156-60e-308.1(2)(a)(ii): clarifies that a supervisor may not supervise an individual if that individual has ownership in the supervisor's employing agency.

Subsection R156-60e-308.1(2)(b)(ii): clarifies the general progress goals and learning objectives for the supervised individual.

Subsection R156-60e-308.1(2)(c)(iv): clarifies the clinical supervisor's duties and expectations in the event of a supervised individual's violation or practice outside the scope of their practice.

Subsection R156-60e-308.1(2)(e)(ii): adjusts the rate of supervision meetings from weekly to at least twice each month.

Subsection R156-60e-309.1(1)(b)(ii)(B): clarifies that a supervisor may not supervise an individual if that individual has ownership in the supervisor's employing agency.

Subsection R156-60e-309.1(2): clarifies hours that a supervised individual cannot count towards licensure.

Subsection R156-60e-501.4(1): updates the Code of Ethics for ACMHCA.

(EDITOR'S NOTE: The original proposed amendment upon which this change in proposed rule (CPR) was based was published in the December 1, 2025, issue of the Utah State Bulletin, on page 22. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed amendment together to understand all of the changes that will be enforceable should the agency make this rule effective.)

**Fiscal Information**

<p><b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b></p>
<p><b>A. State budget:</b></p> <p>The changes in this CPR reduce the supervisor course hour requirement from 20 hours to 8 hours to more closely align with statutory requirements.</p> <p>The changes further clarify and update language from the previous draft filing.</p> <p>These proposed changes are expected to have zero net impact on state revenues or expenditures because these changes should not result in any additional complaints, investigations, or disciplinary actions or any additional licensing issues.</p>
<p><b>B. Local governments:</b></p> <p>The changes in this CPR reduce the supervisor course hour requirement from 20 hours to 8 hours to more closely align with statutory requirements. The changes further clarify and update language from the previous draft filing.</p> <p>For local government entities that employ supervisors who need to complete the supervision course, the proposed change to reduce the supervision course from 20 hours to 8 hours may reduce the original estimated fiscal impact on these local government entities that pay for the supervisors' training as provided in the previously published proposed changes.</p> <p>Any reduction in costs from these proposed changes is not measurable currently as several courses are in the process of development by local associations and the cost of those training courses is not currently known.</p> <p>Additionally, whether the supervisor or the supervisor's employer will cover the cost of the eight-hour training course will vary.</p>
<p><b>C. Small businesses ("small business" means a business employing 1-49 persons):</b></p> <p>There are approximately 1,532 small businesses in Utah with licensees engaged in the practice of mental health therapy and who may employ those engaged in the practice of mental health therapy, such as private or group practices, hospitals, or medical centers (NAICS 621112, 621420, 621330, 622210, 623220, 623210).</p>

The changes in this CPR reduce the supervisor course hour requirement from 20 hours to 8 hours to more closely align with statutory requirements. The changes further clarify and update language from the previous draft filing.

For small businesses that employ supervisors who need to complete the supervision course, the proposed change to reduce the supervision course from 20 hours to 8 hours may reduce the original estimated fiscal impact on small businesses that pay for the supervisors' training as provided in the previously published proposed changes.

Any reduction in costs from these proposed changes is not measurable currently as several courses are in the process of development by local associations and the cost of those training courses is not currently known.

Additionally, whether the supervisor or the supervisor's employer will cover the cost of the eight-hour training course will vary.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

There are approximately 96 non-small businesses in Utah comprising of licensees engaged in the practice of mental health therapy who may employ those engaged in the practice of mental health therapy, such as private or group practices, hospitals, or medical centers (NAICS 621112, 621420, 621330, 622210, 623220, 623210).

The changes in this CPR reduce the supervisor course hour requirement from 20 hours to 8 hours to more closely align with statutory requirements. The changes further clarify and update language from the previous draft filing.

For non-small businesses that employ supervisors who need to complete the supervision course, the proposed change to reduce the supervision course from 20 hours to 8 hours may reduce the original estimated fiscal impact on non-small businesses as provided in the previously published proposed changes.

Any reduction in costs from these proposed changes is not measurable currently as several courses are in the process of development by local associations and the cost of those training courses is not currently known.

Additionally, whether the supervisor or the supervisor's employer will cover the cost of the eight-hour training course will vary.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

The changes in the change in proposed rules reducing the hours for the supervision course from 20 hours to eight hours may reduce the original estimated fiscal impact on government entities such as the Utah Department of Health and Human Services (DHHS), The Division of Correctional Health Services, Local Mental Health Authorities (LMHAs), and the Utah State Board of Education (USBE) and Local School Districts as provided in the previously published proposed changes. Mental health supervisors employed by these agencies will need to complete the required training as outlined in the rule and incur the cost to pay for the training.

There are an estimated 300 to 500 therapists directly employed by the state and likely 1,500 to 2,000 therapists employed by LMHAs and Utah's 41 school districts. Any reduction in costs from these proposed changes are not measurable currently as several courses are in the process of development by local associations and the cost of those training courses is not currently known.

Additionally, whether the supervisor or the supervisor's employer will cover the cost of the eight-hour training course will vary.

**F. Compliance costs for affected persons:**

The changes in this change in proposed rule reduce the supervisor course hour requirement from 20 hours to 8 hours to more closely align with statutory requirements. The changes further clarify and update language from the previous draft filing.

As of early 2026, there are approximately 17,400 licensed independent mental health providers in the state of Utah. For affected persons who need to complete the supervision course, the proposed change to reduce the supervision course from 20 hours to 8 hours may reduce the original estimated fiscal impact as provided in the previously published proposed changes for this rule.

However, the costs are not measurable currently as several courses are in the process of development by local associations and the cost of those training courses is not currently known.

NOTICES OF CHANGES IN PROPOSED RULES

Additionally, whether the supervisor or the supervisor's employer will cover the cost of the eight-hour training course will vary.

<b>3. Are any changes in this filing because of state legislative action?</b>	Changes are because of legislative action.
<b>If yes, any bill number and session:</b>	HB 152 (2025 General Session)

**4. Purpose of the new rule or reason for the change:**

Based on a review of statutory requirement updated through HB 152 of the 2025 General Session, Division of Licensing and Background Checks leadership determined it necessary to add language to this rule through a change in proposed rule (CPR) to clarify the required clinical laboratory test and analyses for any satellite emergency department located in any county of first or second class, including Cache, Davis, Salt Lake, Utah, Washington, and Weber counties, and operating under a general hospital license.

**5. Summary of the new rule or change:**

This CPR adds the on-site clinical laboratory tests and analyses required for any satellite emergency department in a county of first or second class under Subsection R432-100-17(1)(e) and specifies related requirements in Subsections R432-100-17(1)(f) and (1)(g).

(EDITOR'S NOTE: The original proposed amendment upon which this change in proposed rule (CPR) was based was published in the December 1, 2025, issue of the Utah State Bulletin, on page 116. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed amendment together to understand all of the changes that will be enforceable should the agency make this rule effective.)

**Fiscal Information**

**6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:**

**A. State budget:**

This CPR is not anticipated to result in any measurable cost or saving to the state budget, as the Office of Licensing (OL), under the Department of Health and Human Services, already regulates satellite emergency departments located in any county of first or second class and operating under a general hospital license.

The CPR does not add any new procedure for any licensing review by OL and adds details about the clinical laboratory tests and analyses required for any satellite emergency department, which will provide OL staff, licensees, and the public with clarity about these requirements.

Fiscal impacts associated with HB 152 of the 2025 General Session are captured in that bill's fiscal note, which can be viewed at <https://pf.utleg.gov/public-web/sessions/2025GS/fiscal-notes/HB0152S01.fn.pdf>.

**B. Local governments:**

This CPR is not anticipated to impact local governments' revenues or expenditures because satellite emergency departments located in any county of first or second class and operating under a general hospital license are regulated by OL for basic health and safety requirements and not local governments.

There will be no change in local business licensing or any other item with which local government is involved.

This CPR does not add any new procedure for any licensing review by OL and adds details about the required clinical laboratory tests and analyses for any satellite emergency department, which will provide licensees and the public with clarity about these requirements.

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This CPR is not anticipated to result in a cost or savings for small businesses because satellite emergency departments located in any county of first or second class and operating under a general hospital license are already regulated by OL for basic health and safety requirements.

The CPR does not add any new procedure for any licensing review by OL and adds details about the clinical laboratory tests and analyses required for any satellite emergency department, which will provide licensees and the public with clarity about these requirements.

Fiscal impacts associated with HB 152 of the 2025 General Session are captured in that bill's fiscal note, which can be viewed at <https://pf.utleg.gov/public-web/sessions/2025GS/fiscal-notes/HB0152S01.fn.pdf>.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This CPR is not anticipated to result in a cost or savings for non-small businesses because satellite emergency departments located in any county of first or second class and operating under a general hospital license are already regulated by OL for basic health and safety requirements.

The CPR does not add any new procedure for any licensing review by OL and adds details about the clinical laboratory tests and analyses required for any satellite emergency department, which will provide licensees and the public with clarity about these requirements.

Fiscal impacts associated with HB 152 of the 2025 General Session are captured in that bill's fiscal note, which can be viewed at <https://pf.utleg.gov/public-web/sessions/2025GS/fiscal-notes/HB0152S01.fn.pdf>.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This CPR is not anticipated to result in a cost or savings for persons other than small businesses, non-small businesses, state, or local government entities, including nonprofit entities, because satellite emergency departments located in any county of first or second class and operating under a general hospital license are already regulated by OL for basic health and safety requirements.

The CPR does not add any new procedure for any licensing review by OL and adds details about the clinical laboratory tests and analyses for any satellite emergency department, which will provide licensees and the public with clarity about these requirements.

Fiscal impacts associated with HB 152 of the 2025 General Session are captured in that bill's fiscal note, which can be viewed at <https://pf.utleg.gov/public-web/sessions/2025GS/fiscal-notes/HB0152S01.fn.pdf>.

**F. Compliance costs for affected persons:**

Affected persons would be the small businesses, non-small businesses, and persons other than small businesses, non-small businesses, state, or local government entities, including nonprofit entities, operating satellite emergency departments located in any county of first or second class, under a general hospital license.

Additionally, OL, as the regulatory body for health and safety standards for general hospital licensees operating satellite emergency departments, is affected by the CPR.

Satellite emergency departments under a general hospital license are already regulated by OL for basic health and safety standards and there is no anticipated compliance cost associated with this CPR to affected persons.

The CPR does not add any new procedure for any license review by OL and adds details about the clinical laboratory tests and analyses required for any satellite emergency department, which will provide OL staff, licensees, and the public with clarity about these requirements.

**General Information**

<b>2. Rule or section catchline:</b>
R432-950. Mammography Quality Assurance
<b>4. Purpose of the new rule or reason for the change:</b>
<p>The purpose of this change in proposed rule (CPR) is to add clarifying language about medical professional supervision for any screening mammography completed at a mobile unit, regulated by this rule and the Office of Licensing (OL), under the Department of Health and Human Services (department). The original rule amendment included multiple updates from HB 146 from the 2025 General Session.</p> <p>Based on a review by department leadership, it was determined that clarifying language was needed to ensure flexibility for any screening mammography completed at a mobile until, particularly in rural areas of Utah.</p>
<b>5. Summary of the new rule or change:</b>
<p>This CPR changes the section title of Section R432-950-3 to "Scope" to prevent a duplicative section title with Section R432-950-5 and adds clarifying language about medical professional supervisory requirements for any screening mammography completed at a mobile unit under Subsection R432-950-7(1)(d).</p> <p>This CPR also makes style and formatting changes to align with phrasing in other department rules.</p> <p>(EDITOR'S NOTE: The original proposed amendment upon which this change in proposed rule (CPR) was based was published in the December 1, 2025, issue of the Utah State Bulletin, on page 140. Underlining in the rule below indicates text that has been added since the publication of the proposed rule mentioned above; strike-out indicates text that has been deleted. You must view the CPR and the proposed amendment together to understand all of the changes that will be enforceable should the agency make this rule effective.)</p>

**Fiscal Information**

<b>6. Provide an estimate and written explanation of the aggregate anticipated cost or savings to:</b>
<b>A. State budget:</b>
<p>This change in proposed rule (CPR) is not anticipated to result in any measurable cost or saving to the state budget, as the OL already regulates any facility providing mammography services under this rule.</p> <p>The CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.</p>
<b>B. Local governments:</b>
<p>This CPR is not anticipated to impact local governments' revenues or expenditures as OL already regulates any facility providing mammography services under this rule for basic health and safety requirements and not local governments. There will be no change in local business licensing or any other item with which local government is involved.</p> <p>The CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.</p>

**C. Small businesses** ("small business" means a business employing 1-49 persons):

This CPR is not anticipated to result in a cost or savings for small businesses as OL already regulates any facility providing mammography services under this rule for basic health and safety requirements, including small businesses.

The CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.

**D. Non-small businesses** ("non-small business" means a business employing 50 or more persons):

This CPR is not anticipated to result in a cost or savings for non-small businesses as OL already regulates any facility providing mammography services under this rule for basic health and safety requirements, including non-small businesses.

The CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.

**E. Persons other than small businesses, non-small businesses, state, or local government entities** ("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an **agency**):

This CPR is not anticipated to result in a cost or savings for persons other than small businesses, non-small businesses, state, or local government, including nonprofit entities, as OL already regulates any facility providing mammography services under this rule for basic health and safety requirements, which may include any health facility operated by persons other than small businesses, non-small businesses, state, or local government entities, including any non-profit entity.

The CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.

**F. Compliance costs for affected persons:**

Affected persons would be the small businesses, non-small businesses, and persons other than small businesses, non-small businesses, state, or local government entities, including nonprofit entities, providing mammography services under this rule.

Additionally, OL, as the regulatory body for health and safety standards for any facility providing mammography services under this rule for basic health and safety requirements, is affected by this CPR.

Health facilities providing mammography services under this rule are already regulated by OL for basic health and safety standards, and there is no anticipated compliance cost associated with this CPR for affected persons.

This CPR does not add any new procedure for any licensing review by OL and updates a duplicative section title and adds clarifying language to medical supervision requirements for any screening mammography completed at a mobile unit, which will provide OL staff, facilities, and the public with clarity about the required medical professional supervision for any screening mammography completed at a mobile unit.

# FIVE-YEAR NOTICES OF REVIEW AND STATEMENTS OF CONTINUATION

Within five years of an administrative rule's original enactment or last five-year review, the agency is required to review the rule. This review is intended to help the agency determine, and to notify the public, that the administrative rule in force is still authorized by statute and necessary. Upon reviewing a rule, an agency may: repeal the rule by filing a **PROPOSED RULE**; continue the rule as it is by filing a **FIVE-YEAR NOTICE OF REVIEW AND STATEMENT OF CONTINUATION (REVIEW)**; or amend the rule by filing a **PROPOSED RULE** and by filing a **REVIEW**. By filing a **REVIEW**, the agency indicates that the rule is still necessary.

A **REVIEW** is not followed by the rule text. The rule text that is being continued may be found in the online edition of the *Utah Administrative Code* available at [adminrules.utah.gov](http://adminrules.utah.gov). The rule text may also be inspected at the agency or the Office of Administrative Rules. **REVIEWS** are effective upon filing.

**REVIEWS** are governed by Section 63G-3-305.

### General Information

<b>2. Rule catchline:</b>	
R525-8. Forensic Mental Health Facility	
<b>3. Statutory provisions that authorize or require this rule and an explanation of those particular statutory provisions:</b>	
Subsection 26B-1-202(2)(a)	Subsection 26B-1-202(2)(a) allows the Department of Health and Human Services (department) to adopt rules as the department may consider necessary or desirable for providing health and social services to the people of Utah.
Subsection 26B-5-371(2)	Subsection 26B-5-371(2)(c) requires the department to make rules providing for the allocation of beds to the categories of populations accommodated in the Utah State Hospital forensic mental health facility for treatment, described in Subsection 26B-5-371(2)(a).
<b>4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:</b>	
No comments have been received since the last five-year review of this rule.	

**5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:**

This rule is necessary to meet statutory requirements and ensure the proper allocation of beds to individuals with mental illness or disabilities who are committed to the State Hospital forensic mental health facility until they are deemed appropriate for placement with the Utah Department of Corrections. Therefore, this rule should be continued.

As there were no comments in opposition to this rule, the department has not responded to any such comment.

R850-12. Prohibited and Restricted Uses of Trust Lands	
<b>3. Statutory provisions that authorize or require this rule and an explanation of those particular statutory provisions:</b>	
Subsection 53C-1-302(1)	The statute states the management of Trust Lands is through procedures and rules. Rule R850-12 gives the School and Institutional Trust Lands Administration (agency) the authority to manage the lands for the beneficiaries and prohibits certain activities on the lands.
Subsection 53C-2-301(1)	The statute gives a general explanation of the illegal activities on trust lands.  This rule explains in detail activities that are prohibited on Trust Lands.
<b>4. A summary of written comments received during and since the last five-year review of this rule from interested persons supporting or opposing this rule:</b>	
No written comments have been received by the agency about this rule since the new rule was enacted.	
<b>5. A reasoned justification for continuation of this rule, including reasons why the agency disagrees with comments in opposition to this rule, if any:</b>	
The purpose of this rule is to provide parameters as to what activities are prohibited or restricted on trust lands. It helps both the public and agency staff to know how trust lands may be used. Therefore, this rule should be continued.

## NOTICES OF RULE EFFECTIVE DATES

---

State law provides for agencies to make their administrative rules effective and enforceable after publication in the *Utah State Bulletin*. In the case of **PROPOSED RULES** or **CHANGES IN PROPOSED RULES** with a designated comment period, the law permits an agency to make a rule effective no fewer than seven calendar days after the close of the public comment period, nor more than 120 days after the publication date. In the case of **CHANGES IN PROPOSED RULES** with no designated comment period, the law permits an agency to make a rule effective on any date including or after the thirtieth day after the rule's publication date, but not more than 120 days after the publication date. If an agency fails to file a **NOTICE OF EFFECTIVE DATE** within 120 days from the publication of a **PROPOSED RULE** or a related **CHANGE IN PROPOSED RULE** the rule lapses.

Agencies have notified the Office of Administrative Rules that the rules listed below have been made effective.

**NOTICES OF EFFECTIVE DATE** are governed by Subsection 63G-3-301(12), Section 63G-3-303, and Sections R15-4-5a and R15-4-5b.
