(4) When traveling to premium cities (New York, Los Angeles, Chicago, San Francisco, Washington DC, Boston, San Diego, Orlando, Atlanta, Baltimore, and Arlington), the traveler may choose to accept the per diem rate for out-of-state travel or to be reimbursed at the actual meal cost, with original receipts, up to \$59 per day.

(a) The traveler will qualify for premium rates on the day the travel begins and/or the day the travel ends only if the trip is of sufficient duration to qualify for all meals on that day.

(b) Complimentary meals of a hotel, motel and/or association and meals included in registration costs are deducted from the \$59 premium allowance as follows:

(i) If breakfast is provided deduct \$14, leaving a premium allowance for lunch and dinner of actual up to \$45.

(ii) If lunch is provided deduct \$18, leaving a premium allowance for breakfast and dinner of actual up to \$42.

(iii) If dinner is provided deduct \$27, leaving a premium allowance for breakfast and lunch of actual up to \$33.

(b) Personal use of such transportation to restaurants is not reimbursable.

(c) Parking at the Salt Lake City airport will be reimbursed at a maximum of the airport long-term parking rate with a receipt.

(3) Registration should be paid in advance on a state warrant.

(a) A copy of the approved FI 5 form must be included with the Payment Voucher for out-of-state registrations.

(b) If a traveler must pay the registration when he arrives, the agency is expected to process a Payment Voucher and have the traveler take the state warrant with him.

(4) Telephone calls related to state business are reimbursed at the actual cost.

(a) The traveler shall list the amount of these calls separately on the Travel Reimbursement Request, form FI 51A or FI 51B.

(b) The traveler must provide an original lodging receipt or original personal phone bill showing the phone number called and the dollar amount for business telephone calls and personal telephone calls made during stays of five nights or more.

(5) Allowances for personal telephone calls made while out of town on state business overnight will be based on the number of nights away from home.

(a) Four nights or less - actual amount up to \$2.50 per night (documentation is not required for personal phone calls made during stays of four nights or less)

(b) This allowance is not available for travelers going to conferences.

R25-7-10. Reimbursement for Transportation.

State employees who travel on state business may be eligible for a transportation reimbursement.

(1) Air transportation is limited to Air Coach or Excursion class.

(a) All reservations (in-state and out-of-state) should be made through the State Travel Office for the least expensive air fare available at the time reservations are made.

(b) Only one change fee per trip will be reimbursed.

(c) The explanation for the change and any other exception to this rule must be given and approved by the Department Director or designee.

(d) In order to preserve insurance coverage, travelers must

fly on tickets in their names only.

(2) Travelers may be reimbursed for mileage to and from the airport and long-term parking or away-from-the-airport parking.

(a) The maximum reimbursement for parking, whether travelers park at the airport or away from the airport, is the airport long-term parking rate.

(b) The parking receipt must be included with the Travel Reimbursement Request, form FI 51A or FI 51B.

(c) Travelers may be reimbursed for mileage to and from the airport to allow someone to drop them off and to pick them up.

(3) Travelers may use private vehicles with approval from the Department Director or designee.

(a) Only one person in a vehicle may receive the reimbursement, regardless of the number of people in the vehicle.

(b) Reimbursement for a private vehicle will be at the rate of 36 cents per mile or 50.5 cents per mile if a state vehicle is not available to the employee.

(i) To determine which rate to use, the traveler must first determine if their department has an agency vehicle (long-term leased vehicle from Fleet Operations) that meets their needs and is reasonably available for the trip (does not apply to special purpose vehicles). If reasonably available, the employee should use an agency vehicle. If an agency vehicle that meets their needs is not reasonably available, the agency may approve the traveler to use either a daily pool fleet vehicle or a private vehicle. If a daily pool fleet vehicle is not reasonably available, the traveler may be reimbursed at 50.5 cents per mile.

(ii) If a trip is estimated to average 100 miles or more per day, the agency should approve the traveler to rent a daily pool fleet vehicle if one is reasonably available. Doing so will cost less than if the traveler takes a private vehicle. If the agency approves the traveler to take a private vehicle, the employee will be reimbursed at the lower rate of 36 cents per mile.

(c) Agencies may establish a reimbursement rate that is more restrictive than the rate established in this Section.

(d) Exceptions must be approved in writing by the Director of Finance.

(e) Mileage will be computed from the latest official state road map and will be limited to the most economical, usually traveled routes.

(f) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(g) An approved Private Vehicle Usage Report, form FI 40, should be included with the department's payroll documentation reporting miles driven on state business during the payroll period.

(h) Departments may allow mileage reimbursement on an approved Travel Reimbursement Request, form FI 51A or FI 51B, if other costs associated with the trip are to be reimbursed at the same time.

(4) A traveler may choose to drive instead of flying if approved by the Department Director.

(a) If the traveler drives a state-owned vehicle, the traveler may be reimbursed for meals and lodging for a reasonable amount of travel time; however, the total cost of the trip must not exceed the equivalent cost of the airline trip. The traveler may also be reimbursed for incidental expenses such as toll fees and parking fees.

(b) If the traveler drives a privately-owned vehicle, reimbursement will be at the rate of 36 cents per mile or the airplane fare, whichever is less, unless otherwise approved by the Department Director.

(i) The lowest fare available within 30 days prior to the departure date will be used when calculating the cost of travel for comparison to private vehicle cost.

(ii) An itinerary printout which is available through the State Travel Office is required when the traveler is taking a private vehicle.

(iii) The traveler may be reimbursed for meals and lodging for a reasonable amount of travel time; however, the total cost of the trip must not exceed the equivalent cost of an airline trip.

(iv) If the traveler uses a private vehicle on official state business and is reimbursed for mileage, parking charges may be reimbursed as an incidental expense.

(c) When submitting the reimbursement form, attach a schedule comparing the cost of driving with the cost of flying. The schedule should show that the total cost of the trip driving was less than or equal to the total cost of the trip flying.

(d) If the travel time taken for driving during the employee's normal work week is greater than that which would have occurred had the employee flown, the excess time used will be taken as annual leave and deducted on the Time and Attendance System.

(5) Use of rental vehicles must be approved in writing in advance by the Department Director.

(a) An exception to advance approval of the use of rental vehicles shall be fully explained in writing with the request for reimbursement and approved by the Department Director.

(b) Detailed explanation is required if a rental vehicle is requested for a traveler staying at a conference hotel.

(c) When making rental car arrangements through the State Travel Office, reserve the vehicle you need. Upgrades in size or model made when picking up the rental vehicle will not be reimbursed.

(i) State employees should rent vehicles to be used for state business in their own names, using the state contract so they will have full coverage under the state's liability insurance.

(ii) Rental vehicle reservations not made through the State Travel Office must be approved in advance by the Department Director.

(iii) The traveler will be reimbursed the actual rate charged by the rental agency.

(iv) The traveler must have approval for a rental car in order to be reimbursed for rental car parking.

(6) Travel by private airplane must be approved in advance by the Department Director or designee.

(a) The pilot must certify to the Department Director that he is certified to fly the plane being used for state business.

(b) If the plane is owned by the pilot/employee, he must certify the existence of at least \$500,000 of liability insurance coverage.

(c) If the plane is a rental, the pilot must provide written certification from the rental agency that his insurance covers the traveler and the state as insured. The insurance must be adequate to cover any physical damage to the plane and at least \$500,000 for liability coverage.

(d) Reimbursement will be made at 75 cents per mile.

(e) Mileage calculation is based on air mileage and is limited to the most economical, usually-traveled route.

(7) Travel by private motorcycle must be approved prior to the trip by the Department Director or designee. Travel will be reimbursed at 20 cents per mile.

(8) A car allowance may be allowed in lieu of mileage reimbursement in certain cases. Prior written approval from the Department Director, the Department of Administrative Services, and the Governor is required.

Each driver is required to keep a complete list of all call-outs for renewal of the take home privilege the following year. Agencies may use DFO's online forms to track take home mileage.

(b) Virtual office. Where an agency clearly demonstrates

If the foregoing conditions are met, price competition shall be presumed to be "adequate" unless the procurement officer determines that there is not adequate competition.

(3) Brand Name or Equal Specification means a specification which uses a brand name specification to describe the standard of quality, performance, and other characteristics being solicited, and which invites the submission of equivalent products.

(4) Brand Name Specification means a specification calling for one or more products by manufacturers' names or catalogue numbers.

(5) Chief Procurement Officer means the procurement officer for the State of Utah.

(10) Discussions as used in source selection means negotiation during which the seller or buyer may alter or otherwise change the terms, price or other provisions of the proposed contract. Discussion can be conducted under competitive sealed proposals, sole source, and emergency procurements; such discussion is not permissible under competitive sealed bidding except to the extent in the first phase of multi-step bidding.

A minimum of 10 calendar days shall be provided unless a shorter time is deemed necessary for a particular procurement as determined in writing by the Chief Procurement Officer.

3-103 Bidder Submissions.

(1) Bid Form. The Invitation for Bids shall provide a form which shall include space in which the bid price shall be inserted and which the bidder shall sign and submit along with all other necessary submissions.

(b) Bid sample means a sample to be furnished by a bidder to show the characteristics of the item offered in the bid.

(c) Bid samples or descriptive literature may be required when it is necessary to evaluate required characteristics of the items bid.

Lists of qualified prospective bidders may be compiled and maintained by purchasing agencies for the purpose of soliciting competition on various types of supplies, services, and construction. Qualifications for inclusion on the lists may include legal competence to contract and capabilities for production and distribution as considerations. However, solicitations shall not be restricted to prequalified suppliers, and unless otherwise provided inclusion or exclusion on the name of a business does not determine whether the business is responsible with respect to a particular procurement or otherwise capable of successfully performing a contract.

(2) Public Availability. Subject to procedures established by the procurement officer, names and addresses on bidder lists shall be available for public inspection.

3-106 Pre-Bid Conferences.

Pre-bid conferences may be conducted to explain the procurement requirements. They shall be announced to all prospective bidders known to have received an Invitation for Bids. The conference should be held long enough after the Invitation for Bids has been issued to allow bidders to become familiar with it, but sufficiently before bid opening to allow consideration of the conference results in preparing their bids. Nothing stated at the pre-bid conference shall change the Invitation for Bids unless a change is made by written amendment as provided in section 3-107 and the Invitation for Bids and the notice of the pre-bid conference shall so provide. If a written summary of the conference is deemed advisable by the procurement officer, a copy shall be supplied to all those prospective bidders known to have received an Invitation for Bids and shall be available as a public record.

3-107 Amendments to Invitation for Bids.

(1) Application. Amendments should be used to:

(a) make any changes in the Invitation for Bids including changes in quantity, purchase descriptions, delivery schedules, and opening dates;

(b) correct defects or ambiguities; or

(c) furnish to other bidders information given to one bidder if the information will assist the other bidders in submitting bids or if the lack of information would be inequitable to other bidders.

(2) Form. Amendments to Invitation for bids shall be identified as such and shall require that the bidder acknowledge receipt of all amendments issued.

(3) Distribution. Amendments shall be sent to all prospective bidders known to have received an Invitation for

Bids.

(2) **Treatment.** No late bid, late modification, or late withdrawal will be considered unless received before contract award, and the bid, modification, or withdrawal would have been timely but for the action or inaction of personnel directly serving the procurement activity.

(3) **Records.** Records equivalent to those required in section 3-108 (3) shall be made and kept for each late bid, late modification, or late withdrawal.

3-110 Receipt, Opening, and Recording of Bids.

Bids submitted through electronic means shall be received in such a manner that the time and date of submittal, along with the contents of such bids shall be securely stored until the time and date set for bid opening. They shall be stored in a secure place until bid opening time.

(2) **Opening and Recording.** Bids and modifications shall be opened publicly, in the presence of one or more witnesses, at the time and place designated in the Invitation for Bids. The names of the bidders, the bid price, and other information as is deemed appropriate by the procurement officer, shall be read aloud or otherwise be made available. The opened bids shall be available for public inspection except to the extent the bidder designates trade secrets or other proprietary data to be confidential as set forth in subsection (3) of this section. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the nonconfidential portion of the bid. Make and model, and model or catalogue numbers of the items offered, deliveries, and terms of payment shall be publicly available at the time of bid opening regardless of any designation to the contrary. Bids submitted through electronic means shall be received in such a manner that the requirements of this section can be readily met.

(3) **Confidential Data.** The procurement officer shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data identified in writing. If the parties do not agree as to the disclosure of data, the procurement officer shall inform the bidders in writing what portions of the bids will be disclosed.

3-111 Mistakes in Bids.

(1) If a mistake is attributable to an error in judgment, the bid may not be corrected. Bid correction or withdrawal by reason of an inadvertent, nonjudgmental mistake is permissible, but at the discretion of the procurement officer and to the extent it is not contrary to the interest of the purchasing agency or the

fair treatment of other bidders.

(2) **Mistakes Discovered Before Opening.** A bidder may correct mistakes discovered before bid opening by withdrawing or correcting the bid as provided in section 3-108.

(3) **Confirmation of Bid.** When it appears from a review of the bid that a mistake has been made, the bidder should be requested to confirm the bid. Situations in which confirmation should be requested include obvious, apparent errors on the face of the bid or a bid unreasonably lower than the other bids submitted. If the bidder alleges mistake, the bid may be corrected or withdrawn if the conditions set forth in subsection (1), (4) and (6) of this section are met.

(4) **Mistakes Discovered After Opening But Before Award.** This subsection sets forth procedures to be applied in three situations described in paragraphs (a), (b) and (c) below in which mistakes in bids are discovered after opening but before award.

(a) **Minor Informalities.** Minor informalities are matters of form rather than substance evident from the bid document, or insignificant mistakes that can be waived or corrected without prejudice to other bidders; that is, the effect on price, quantity, quality, delivery, or contractual conditions is not significant. The procurement officer may waive these informalities. Examples include the failure of a bidder to:

(i) return the number of signed bids required by the Invitation for Bids;

(ii) sign the bid, but only if the unsigned bid is accompanied by other material indicating the bidder's intent to be bound;

(iii) acknowledge receipt of an amendment to the Invitation for Bids, but only if:

(A) it is clear from the bid that the bidder received the amendment and intended to be bound by its terms; or

(B) the amendment involved had a negligible effect on price, quantity, quality, or delivery.

(C) **Mistakes Where Intended Bid is Evident.** If the mistake and the intended bid are clearly evident on the face of the bid document, the bid shall be corrected to the intended bid and may not be withdrawn. Examples of mistakes that may be clearly evident on the face of the bid document are typographical errors, errors in extending unit prices, transpositional errors, and arithmetical errors.

(D) **Mistakes Where Intended Bid is Not Evident.** A bidder may be permitted to withdraw a low bid if:

(i) a mistake is clearly evident on the face of the bid document but the intended bid is not similarly evident; or

(ii) the bidder submits proof of evidentiary value which clearly and convincingly demonstrates that a mistake was made.

(5) **Mistakes Discovered After Award.** Mistakes shall not be corrected after award of the contract.

(6) **Written Approval or Denial Required.** The procurement officer shall approve or deny, in writing, a bidder's request to correct or withdraw a bid. Approval or denial may be so indicated on the bidder's written request for correction or withdrawal.

3-112 Bid Evaluation and Award.

(1) **General.** The contract is to be awarded to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. The Invitation for Bids shall set forth the requirements and criteria which will be used to determine the lowest responsive and responsible bidder. No bid shall be evaluated for any requirements or criteria that are not disclosed in the Invitation for Bids. An Invitation for Bids, a Request for Proposals, or other solicitation may be canceled, or any or all bids or proposals may be rejected, in whole or in part, when it is the best interests of the purchasing agency as determined by the purchasing agency. In the event of cancellation of the solicitation or rejection of all bids or proposals received in

response to a solicitation, the reasons for cancellation or rejection shall be made a part of the bid file and shall be available for public inspection and the purchasing agency shall (a) re-solicit new bids using the same or revised specifications; or (b) withdraw the requisition for supplies or services.

(2) Responsibility and Responsiveness. Responsibility of prospective contractors is covered by subpart 3-7 of these rules. Responsiveness of bids is covered by Subsection 63G-6-103(24) and responsive bidder is defined in Subsection 63G-6-103(25).

(3) Product Acceptability. The Invitation for Bids shall set forth the evaluation criteria to be used in determining product acceptability. It may require the submission of bid samples, descriptive literature, technical data, or other material. It may also provide for:

(a) inspection or testing of a product prior to award for such characteristics as quality or workmanship;

(b) examination of such elements as appearance, finish, taste, or feel; or

(c) other examinations to determine whether it conforms with any other purchase description requirements. The acceptability evaluation is not conducted for the purpose of determining whether one bidder's item is superior to another but only to determine that a bidder's offering is acceptable as set forth in the Invitation for Bids. Any bidder's offering which does not meet the acceptability requirements shall be rejected.

(4) Determination of Lowest Bidder. Bids will be evaluated to determine overall economy for the intended use, in accordance with the evaluation criteria set forth in the Invitation for Bids. Examples of criteria include transportation cost, energy cost, ownership and other identifiable costs or life-cycle cost formulae. Evaluation factors need not be precise predictors of actual future costs, but to the extent possible the evaluation factors shall:

(a) be reasonable estimates based upon information the purchasing agency has available concerning future use; and

(b) treat all bids equitably.

(5) Extension of Time for Bid or Proposal Acceptance. After opening bids or proposals, the procurement officer may request bidders or offerors to extend the time during which their bids or proposals may be accepted, provided that, with regard to bids, no other change is permitted. The reasons for requesting an extension shall be documented.

(6) Only One Bid or Proposal Received. If only one responsive bid is received in response to an Invitation for Bids, including multi-step bidding, an award may be made to the single bidder if the procurement officer finds that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise, the bid may be rejected and:

(a) new bids or offers may be solicited;

(b) the proposed procurement may be canceled; or

(c) if the procurement officer determines in writing that the need for the supply of service continues but that the price of the one bid is not fair and reasonable and there is no time for resolicitation or resolicitation would likely be futile, the procurement may then be conducted under subpart 3-4 or subpart 3-5, as appropriate.

(7) Multiple or Alternate Bids or Proposals. Unless multiple or alternate bids or offers are specifically provided for, the solicitation shall state they will not be accepted. When prohibited, the multiple or alternate bids or offers shall be rejected although a clearly indicated base bid shall be considered for award as though it were the only bid or offer submitted by the bidder or offeror. The provisions of this subsection shall be set forth in the solicitation, and if multiple or alternate bids are allowed, it shall specify their treatment.

3-113 Tie Bids.

(1) Definition. Tie bids are low responsive bids from

responsible bidders that are identical in price.

(2) Award. Award shall not be made by drawing lots, except as set forth below, or by dividing business among identical bidders. In the discretion of the procurement officer, award shall be made in any permissible manner that will discourage tie bids. Procedures which may be used to discourage tie bids include:

(a) where identical low bids include the cost of delivery, award the contract to the bidder closest to the point of delivery;

(b) award the contract to the identical bidder who received the previous award and continue to award succeeding contracts to the same bidder so long as all low bids are identical;

(c) award to the identical bidder with the earliest delivery date;

(d) award to a Utah resident bidder or for a Utah produced product where other tie bids are from out of state;

(e) if price is considered excessive or for other reason the bids are unsatisfactory, reject all bids and negotiate a more favorable contract in the open market; or

(f) if no permissible method will be effective in discouraging tie bids and a written determination is made so stating, award may be made by drawing lots.

(3) Record. Records shall be made of all Invitations for Bids on which tie bids are received showing at least the following information:

(a) the Invitation for Bids;

(b) the supply, service, or construction item;

(c) all the bidders and the prices submitted; and

(d) procedure for resolving tie bids. A copy of each record shall be sent to the Attorney General if the tie bids are in excess of \$50,000.

3-114 Multi-Step Sealed Bidding.

(1) Definition. Multi-step sealed bidding is a two-phase process consisting of a technical first phase composed of one or more steps in which bidders submit unpriced technical offers to be evaluated by the purchasing agency, and a second phase in which those bidders whose technical offers are determined to be acceptable during the first phase have their price bids considered. It is designed to obtain the benefits of competitive sealed bidding by award of a contract to the lowest responsive, responsible bidder, and at the same time obtain the benefits of the competitive sealed proposals procedure through the solicitation of technical offers and the conduct of discussions to arrive at technical offers and terms acceptable to the purchasing agency and suitable for competitive pricing.

(2) Use. The multi-step sealed bidding method will be used when the procurement officer deems it to the advantage of the purchasing agency. Multi-step sealed bidding will thus be used when it is considered desirable:

(a) to invite and evaluate technical offers to determine their acceptability to fulfill the purchase description requirements;

(b) to conduct discussions for the purposes of facilitating understanding of the technical offer and purchase description requirements and, where appropriate, obtain supplemental information, permit amendments of technical offers, or amend the purchase description;

(c) to accomplish subsections (a) and (b) of this section prior to soliciting priced bids; and

(d) to award the contract to the lowest responsive and responsible bidder in accordance with the competitive sealed bidding procedures.

3-115 Pre-Bid Conferences in Multi-Step Sealed Bidding.

Prior to the submission of unpriced technical offers, a pre-bid conference as contemplated by section 3-106 may be conducted by the procurement officer. The procurement officer may also hold a conference of all bidders in accordance with section 3-106 at any time during the evaluation of the unpriced technical offers.

3-116 Procedure for Phase One of Multi-Step Sealed Bidding.

(1) Form. Multi-step sealed bidding shall be initiated by the issuance of an Invitation for Bids in the form required by section 3-101. In addition to the requirements set forth in section 3-101, the multi-step Invitation for Bids shall state:

- (a) that unpriced technical offers are requested;
- (b) whether price bids are to be submitted at the same time as unpriced technical offers; if they are, the price bids shall be submitted in a separate sealed envelope;
- (c) that it is a multi-step sealed bid procurement, and priced bids will be considered only in the second phase and only from those bidders whose unpriced technical offers are found acceptable in the first phase;
- (d) the criteria to be used in the evaluation of the unpriced technical offers;
- (e) that the purchasing agency, to the extent the procurement officer finds necessary, may conduct oral or written discussions of the unpriced technical offers;
- (f) that bidders may designate those portions of the unpriced technical offers which contain trade secrets or other proprietary data which are to remain confidential; and
- (g) that the item being procured shall be furnished generally in accordance with the bidder's technical offer as found to be finally acceptable and shall meet the requirements of the Invitation for Bids.

(2) Amendments to the Invitation for Bids. After receipt of unpriced technical offers, amendments to the Invitation for Bids shall be distributed only to bidders who submitted unpriced technical offers and they shall be allowed to submit new unpriced technical offers or to amend those submitted. If, in the opinion of the procurement officer, a contemplated amendment will significantly change the nature of the procurement, the Invitation for Bids shall be canceled in accordance with Subsection R33-3-112(1) of these rules and a new Invitation for Bids issued.

(3) Receipt and Handling of Unpriced Technical Offers. Unpriced technical offers shall be opened publicly, identifying only the names of the bidders. Technical offers and modifications shall be time stamped upon receipt and held in a secure place until the established due date. After the date established for receipt of bids, a register of bids shall be open to public inspection and shall include the name of each bidder, and a description sufficient to identify the supply, service, or construction item offered. Prior to the award of the selection of the lowest responsive and responsible bidder following phase two, technical offerors shall be shown only to purchasing agency personnel having a legitimate interest in them. Bidders may request nondisclosure of trade secrets and other proprietary data identified in writing.

(4) Evaluation of Unpriced Technical Offers. The unpriced technical offers submitted by bidders shall be evaluated solely in accordance with the criteria set forth in the Invitation for Bids. The unpriced technical offers shall be categorized as:

- (a) acceptable;
- (b) potentially acceptable, that is, reasonably susceptible of being made acceptable; or
- (c) unacceptable. The procurement officer shall record in writing the basis for finding an offer unacceptable and make it part of the procurement file.

The procurement officer may initiate phase two of the procedure if, in the procurement officer's opinion, there are sufficient acceptable unpriced technical offers to assure effective price competition in the second phase without modification or alteration of the offers. If the procurement officer finds that this is not the case, the procurement officer shall issue an amendment to the Invitation for Bids or engage in technical discussions as set forth in subsection (5) of this section.

(5) Discussion of Unpriced Technical Offers. Discussion of its technical offer may be conducted by the procurement officer with any bidder who submits an acceptable or potentially acceptable technical offer. During the course of these discussions the procurement officer shall not disclose any information derived from one unpriced technical offer to any other bidder. Once discussions are begun, any bidder who has not been notified that its offer has been finally found unacceptable may submit supplemental information modifying or otherwise amending its technical offer at any time until the closing date established by the procurement officer. This submission may be made at the request of the procurement officer or upon the bidder's own initiative.

(6) Notice of Unacceptable Unpriced Technical Offer. When the procurement officer determines a bidder's unpriced technical offer to be unacceptable, the officer shall notify the bidder. The bidders shall not be afforded an additional opportunity to supplement technical offers.

3-117 Mistakes During Multi-Step Sealed Bidding.

Mistakes may be corrected or bids may be withdrawn during phase one:

- (a) before unpriced technical offers are considered;
- (b) after any discussions have commenced under section 3-116(5) (procedure for Phase One of Multi-Step Sealed Bidding, Discussion of Unpriced Technical Offers); or
- (c) when responding to any amendment of the Invitation for Bids. Otherwise mistakes may be corrected or withdrawal permitted in accordance with section 3-111.

3-118 Carrying Out Phase Two.

(1) Initiation. Upon the completion of phase one, the procurement officer shall either:

- (a) open price bids submitted in phase one from bidders whose unpriced technical offers were found to be acceptable; provided, however, that the offers have remained unchanged, and the Invitation for Bids has not been amended; or
 - (b) invite each acceptable bidder to submit a price bid.
- (2) Conduct. Phase two is to be conducted as any other competitive sealed bid procurement except:
- (a) as specifically set forth in section 3-114 through section 3-120 of these rules; and
 - (b) no public notice need be given of this invitation to submit.

3-119 Procuring Governmental Produced Supplies or Services.

Purchasing agency requirements may be fulfilled by procuring supplies produced or services performed incident to programs such as industries of correctional or other governmental institutions. The procurement officer shall determine whether the supplies or services meet the purchasing agency's requirements and whether the price represents a fair market value for the supplies or services. If it is determined that the requirements cannot thus be met or the price is not fair and reasonable, the procurement may be made from the private sector in accordance with the Utah Procurement Code. When procurements are made from other governmental agencies, the private sector need not be solicited to compete against them.

3-120 Purchase of Items Separately from Construction Contract.

The procurement officer is authorized to determine whether a supply item or group of supply items shall be included as a part of, or procured separately from, any contract for construction.

3-121 Exceptions to Competitive Sealed Bid Process.

(1) The Chief Procurement Officer, head of a purchasing agency or designee may utilize alternative procurement methods to purchase items such as the following when determined to be more practicable or advantageous to the state.

- (a) Used vehicles
- (b) Livestock

(2) Alternative procurement methods including informal price quotations and direct negotiations may be used by the Chief Procurement Officer, head of the purchasing agency or designee for the following:

- (a) Hotel conference facilities and services
- (b) Speaker honorariums
- (3) Documentation of the alternative procurement method utilized shall be part of the contract file.

3-130 Reverse Auctions.

(1) Definition. In accordance with Utah Code Annotated Section 63G-6-402 a "reverse auction" means a process where:

- (a) contracts are awarded in a open and interactive environment, which may include the use of electronic media; and
- (b) bids are opened and made public immediately, and bidders given opportunity to submit revised, lower bids, until the bidding process is complete.

(2) Reverse auction is a two-phase process consisting of a technical first phase composed of one or more steps in which bidders submit unpriced technical offers to be evaluated against the established criteria by the purchasing agency, and a second phase in which those bidders whose technical offers are determined to be acceptable during the first phase submit their price bids through a reverse auction.

(3) Use. The reverse auction method will be used when the procurement officer deems it to the advantage of the purchasing agency.

3-131 Pre-Bid Conferences in Reverse Auctions.

Prior to the submission of unpriced technical offers, a pre-bid conference as contemplated by section 3-106 may be conducted by the procurement officer. The procurement officer may also hold a conference of all bidders in accordance with section 3-106 at any time during the evaluation of the unpriced technical offers, or to explain the reverse auction process.

3-132 Procedure for Phase One of Reverse Auctions.

(1) Form. A reverse auction shall be initiated by the issuance of an Invitation for Bids in the form required by section 3-101. In addition to the requirements set forth in section 3-101, the reverse auction Invitation for Bids shall state:

- (a) that unpriced technical offers are requested;
- (b) that it is a reverse auction procurement, and priced bids will be considered only in the second phase and only from those bidders whose unpriced technical offers are found acceptable in the first phase;
- (c) the criteria to be used in the evaluation of the unpriced technical offers;
- (d) that the purchasing agency, to the extent the procurement officer finds necessary, may conduct oral or written discussions of the unpriced technical offers;
- (e) that bidders may designate those portions of the unpriced technical offers which contain trade secrets or other proprietary data which are to remain confidential; and
- (f) the manner which the second phase reverse auction will be conducted.

(2) Amendments to the Invitation for Bids. After receipt of unpriced technical offers, amendments to the Invitation for Bids shall be distributed only to bidders who submitted unpriced technical offers and they shall be allowed to submit new unpriced technical offers or to amend those submitted. If, in the opinion of the procurement officer, a contemplated amendment will significantly change the nature of the procurement, the Invitation for Bids shall be canceled in accordance with Subsection R33-3-112(1) of these rules and a new Invitation for Bids issued.

(3) Receipt and Handling of Unpriced Technical Offers. Unpriced technical offers shall be opened publicly identifying only the names of the bidders. Technical offers and modifications shall be time stamped upon receipt and held in a secure place until the established due date. After the date

established for receipt of bids, a register of bids shall be open to public inspection and shall include the name of each bidder, and a description sufficient to identify the supply, service, or construction offered. Prior to the selection of the lowest bid of a responsive and responsible bidder following phase two, technical offers shall remain confidential and shall be available only to purchasing agency personnel and those involved in the selection process having a legitimate interest in them.

(4) Non-Disclosure of Proprietary Data. Bidders may request nondisclosure of trade secrets and other proprietary data identified in writing. If a bidder has requested in writing the non-disclosure of trade secrets and other proprietary data so identified, the procurement officer shall examine the request in the proposal to determine its validity prior to the beginning of phase two. If the parties do not agree as to the disclosure of data, the procurement officer shall inform the bidder in writing what portion of the bid will be disclosed and that, unless the bidder withdraws the bid it will be disclosed.

(5) Evaluation of Unpriced Technical Offers. The unpriced technical offers submitted by bidders shall be evaluated solely in accordance with the criteria set forth in the Invitation for Bids. The unpriced technical offers shall be categorized as:

- (a) acceptable;
- (b) potentially acceptable, that is, reasonably susceptible of being made acceptable; or
- (c) unacceptable. The procurement officer shall record in writing the basis for finding an offer unacceptable and make it part of the procurement file.

The procurement officer may initiate phase two of the procedure if, in the procurement officer's opinion, there are sufficient acceptable unpriced technical offers to assure effective price competition in the second phase without modification or alteration of the offers. If the procurement officer finds that this is not the case, the procurement officer shall issue an amendment to the Invitation for Bids or engage in technical discussions as set forth in subsection (6) of this section.

(6) Discussion of Unpriced Technical Offers. Discussion of its technical offer may be conducted by the procurement officer with any bidder who submits an acceptable or potentially acceptable technical offer. During the course of these discussions the procurement officer shall not disclose any information derived from one unpriced technical offer to any other bidder. Once discussions are begun, any bidder who has not been notified that its offer has been finally found unacceptable may submit supplemental information modifying or otherwise amending its technical offer at any time until the closing date established by the procurement officer. This submission may be made at the request of the procurement officer or upon the bidder's own initiative.

(7) Notice of Unacceptable Unpriced Technical Offer. When the procurement officer determines a bidder's unpriced technical offer is unacceptable, the officer shall notify the bidder. After this notification the bidder shall not be afforded an additional opportunity to modify their technical offer.

3-133 Carrying Out Phase Two of Reverse Auctions.

(1) Upon the completion of phase one, the procurement officer shall invite those technically qualified bidders to participate in phase two of the reverse auction which is an open and interactive process where pricing is submitted, made public immediately, and bidders are given opportunity to submit revised, lower bids, until the bidding process is closed.

- (2) The invitation for bids shall:
 - (a) establish a date and time for the beginning of phase two;
 - (b) establish a closing date and time. The closing date and time need not be a fixed point in time, but may remain dependent on a variable specified in the invitation for bids.

(3) Following receipt of the first bid after the beginning of

phase two, the lowest bid price shall be posted, either manually or electronically, and updated as other bidders submit their bids.

(a) At any time before the closing date and time a bidder may submit a lower bid, provided that the price is below the then lowest bid.

(b) Bid prices may not be increased after the beginning of phase two.

3-134 Mistakes During Reverse Auctions.

(1) Mistakes may be corrected or bids may be withdrawn during phase one:

(a) before unpriced technical offers are considered;

(b) after any discussions have commenced under section 3-132(5) (procedure for Phase One of Reverse Auctions, Discussion of Unpriced Technical Offers); or

(c) when responding to any amendment of the Invitation for Bids. Otherwise mistakes may be corrected or withdrawal permitted in accordance with section 3-111.

(2) A phase two bid may be withdrawn only in accordance with 3-111. If a bid is withdrawn, a later bid submitted by the same bidder may not be for a higher price. If the lowest responsive bid is withdrawn after the closing date and time, the procurement officer may cancel the solicitation or reopen phase two bidding to all bidders deemed technically qualified through phase one by giving notice to those bidders of the new date and time for the beginning of phase two and the new closing date and time.

R33-3-2. Competitive Sealed Proposals.

3-201 Use of Competitive Sealed Proposals.

(1) Appropriateness. Competitive sealed proposals may be a more appropriate method for a particular procurement or type of procurement than competitive sealed bidding, after consideration of factors such as:

(a) whether there may be a need for price and service negotiation;

(b) whether there may be a need for negotiation during performance of the contract;

(c) whether the relative skills or expertise of the offerors will have to be evaluated;

(d) whether cost is secondary to the characteristics of the product or service sought, as in a work of art; and

(e) whether the conditions of the service, product or delivery conditions are unable to be sufficiently described in the Invitation for Bids.

(2) Determinations.

(a) Except as provided in Section 63G-6-408 of the Utah Procurement Code, before a solicitation may be issued for competitive sealed proposals, the procurement officer shall determine in writing that competitive sealed proposals is a more appropriate method for contracting than competitive sealed bidding.

(b) The procurement officer may make determinations by category of supply, service, or construction item rather than by individual procurement. Procurement of the types of supplies, services, or construction so designated may then be made by competitive sealed proposals without making the determination competitive sealed bidding is either not practicable or not advantageous. The officer who made the determination may modify or revoke it at any time and the determination should be reviewed for current applicability from time to time.

(3) Professional Services. For procurement of professional services, whenever practicable, the competitive sealed proposal process shall be used. Examples of professional services generally best procured through the RFP process are accounting and auditing, court reporters, x-ray technicians, legal, medical, nursing, education, actuarial, veterinarians, and research. The procurement officer will make the determination. Architecture and engineering professional services are to be procured in compliance with R33-5-510.

3-202 Content of the Request for Proposals.

The Request for Proposals shall be prepared in accordance with section 3-101 provided that it shall also include:

(a) a statement that discussions may be conducted with offerors who submit proposals determined to be reasonably susceptible of being selected for award, but that proposals may be accepted without discussions; and

(b) a statement of when and how price should be submitted.

3-203 Proposal Preparation Time.

Proposal preparation time shall be set to provide offerors a reasonable time to prepare their proposals. A minimum of 10 calendar days shall be provided unless a shorter time is deemed necessary for a particular procurement as determined in writing by the procurement officer.

3-204 Form of Proposal.

The manner in which proposals are to be submitted, including any forms for that purpose, may be designated as a part of the Request for Proposals.

3-204.1 Protected Records.

The following are protected records and will be redacted subject to the procedures described below. From any public disclosure of records as allowed by the Governmental Records Access and Management act (GRAMA) Title 63, Chapter 2 of the Utah Code. The protections below apply to the various procurement records including records submitted by offerors and their subcontractors or consultants at any tier.

(a) Trade Secrets. Trade Secrets, as defined in Section 13-24-2, will be protected and not be subject to public disclosure if the procedures of R33-3-204.2 are met.

(b) Certain commercial information or nonindividual financial information. Commercial information or nonindividual financial information subject to the provisions of Section 63-2-304(2) will be a protected record and not be subject to public disclosure if the procedures of R33-3-204.2 are met.

(c) Other Protected Records under GRAMA. There will be no public disclosure of other submitted records that are subject to non-disclosure or being a protected record under a GRAMA statute provided that the requirements of R33-3-204.2 are met unless GRAMA requires such nondisclosure without any preconditions.

3-204.2 Process For Requesting Non-Disclosure. Any person (firm) who believes that a record should be protected under R33-3-204.1 shall include with their proposal or submitted document:

(a) a written indication of which provisions of the submittal(s) are claimed to be considered for business confidentiality (including trade secret or other reason for non-disclosure under GRAMA); and

(b) a concise statement of reasons supporting each claimed provision of business confidentiality.

3-204.3 Notification. The person who complies with R33-3-204.2 shall be notified by the governmental entity prior to the public release of any information for which business confidentiality has been asserted.

3.204.4 Non-Disclosure and Dispute Process. Except as provided by court order, the governmental entity to whom the request for a record is made under GRAMA, may not disclose a record claimed to be protected under R33-3-204.1 but which the governmental entity or State Records Committee determines should be disclosed until the period in which to bring an appeal expires or the end of the appeals process, including judicial appeal. This R33-3-204-4 does not apply where the claimant, after notice, has waived the claim by not appealing or intervening before the records committee. To the extent provided by law, the parties to a dispute regarding the release of a record may agree in writing to an alternative dispute resolution process.

3-204.5 Timing of Public Disclosure. Any allowed public disclosure of records submitted in the competitive sealed proposal process will only be made after the selection of the successful offeror(s) has been made public.

3-205 Public Notice.

Public notice shall be given by distributing the Request for Proposals in the same manner provided for distributing an Invitation for Bids under section 3-104.

3-206 Pre-Proposal Conferences.

Pre-proposal conferences may be conducted in accordance with section 3-106. Any conference should be held prior to submission of initial proposals.

3-207 Amendments to Request for Proposals.

Amendments to the Request for Proposals may be made in accordance with section 3-107 prior to submission of proposals. After submission of proposals, amendments to the Request for Proposals shall be distributed only to offerors who submitted proposals and they shall be allowed to submit new proposals or to amend those submitted. An amendment to the Request for Proposals may be issued through a request for submission of Best and Final Offers. If, in the opinion of the procurement officer, a contemplated amendment will significantly change the nature of the procurement, the Request for Proposals shall be canceled and a new Request for Proposals issued.

3-208 Modification or Withdrawal of Proposals.

Proposals may be modified or withdrawn prior to the established due date in accordance with section 3-108. For the purposes of this section and section 3-209, the established due date is either the date and time announced for receipt of proposals or receipt of modifications to proposals, if any; or if discussions have begun, it is the date and time by which best and final offers must be submitted, provided that only offerors who submitted proposals by the time announced for receipt of proposals may submit best and final offers.

3-209 Late Proposals, Late Withdrawals, and Late Modifications.

(1) Definition. Except for modification allowed pursuant to negotiation, any proposal, withdrawal, or modification received after the established due date and time at the place designated for receipt of proposals is late.

(2) Treatment. No late proposal, late modification, or late withdrawal will be considered unless received before contract award, and the late proposal would have been timely but for the action or inaction of personnel directly serving the procurement activity.

(3) Records. All documents shall be kept relating to the acceptance of any late proposal, modification or withdrawal.

3-210 Receipt and Registration of Proposals.

(1) Proposals shall be opened publicly, identifying only the names of the offerors. Proposals submitted through electronic means shall be received in such a manner that the time and date of submittal, along with the contents of such proposals shall be securely stored until the time and date set for opening. Proposals and modifications shall be time stamped upon receipt and held in a secure place until the established due date. After the date established for receipt of proposals, a register of proposals shall be open to public inspection and shall include for all proposals the name of each offeror, the number of modifications received, if any, and a description sufficient to identify the supply, service, or construction item offered. Prior to award proposals and modifications shall be shown only to purchasing agency personnel having a legitimate interest in them.

3-211 Evaluation of Proposals.

(1) Evaluation Factors in the Request for Proposals. The Request for Proposals shall state all of the evaluation factors and their relative importance, including price.

(2) Evaluation. The evaluation shall be based on the evaluation factors set forth in the Request for Proposals.

Numerical rating systems may be used but are not required. Factors not specified in the Request for Proposals shall not be considered in determining award of contract.

(3) Classifying Proposals. For the purpose of conducting discussions under section 3-212, proposals shall be initially classified as:

(a) acceptable;

(b) potentially acceptable, that is, reasonably susceptible of being made acceptable; or

(c) unacceptable.

3-212 Proposal Discussion with Individual Offerors.

(1) "Offerors" Defined. For the purposes of this section, the term "offerors" includes only those businesses submitting proposals that are acceptable or potentially acceptable. The term shall not include businesses which submitted unacceptable proposals.

(2) Purposes of Discussions. Discussions are held to facilitate and encourage an adequate number of potential contractors to offer their best proposals, by amending their original offers, if needed.

(3) Conduct of Discussions. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussions and revisions of proposals. The procurement officer should establish procedures and schedules for conducting discussions. If before, or during discussions there is a need for clarification or change of the Request for Proposals, it shall be amended in compliance with R33-3-2(3-207) to incorporate this clarification or change. Auction techniques and disclosure of any information derived from competing proposals are prohibited. Any oral clarification or change of a proposal shall be reduced to writing by the offeror.

(4) Best and Final Offers. The procurement officer shall establish a common time and date for submission of best and final offers. Best and final offers shall be submitted only once unless the procurement officer makes a written determination before each subsequent round of best and final offers demonstrating another round is in the purchasing agency's interest, and additional discussions will be conducted or the purchasing agency's requirements will be changed. Otherwise, no discussion of, or changes in, the best and final offers shall be allowed prior to award. Offerors shall also be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

3-213 Mistakes in Proposals.

(1) Mistakes Discovered Before the Established Due Date. An offeror may correct mistakes discovered before the time and date established for receipt of proposals by withdrawing or correcting the proposal as provided in section 3-208.

(2) Confirmation of Proposal. When it appears from a review of the proposal before award that a mistake has been made, the offeror should be asked to confirm the proposal. If the offeror alleges mistake, the proposal may be corrected or withdrawn during any discussions that are held or if the conditions set forth in subsection (3) of this section are met.

(3) Mistakes Discovered After Receipt But Before Award. This subsection sets forth procedures to be applied in four situations in which mistakes in proposals are discovered after receipt of proposals but before award.

(a) During Discussions; Prior to Best and Final Offers. Once discussions are commenced with any offeror or after best and final offers are requested, any offeror may freely correct any mistake by modifying or withdrawing the proposal until the time and date set for receipt of best and final offers.

(b) Minor Informalities. Minor informalities, unless otherwise corrected by an offeror as provided in this section, shall be treated as they are under competitive sealed bidding.

(c) Correction of Mistakes. If discussions are not held or if the best and final offers upon which award will be made have

been received, mistakes may be corrected and the correct offer considered only if:

(i) the mistake and the correct offer are clearly evident on the face of the proposal in which event the proposal may not be withdrawn; or

(ii) the mistake is not clearly evident on the face of the proposal, but the offeror submits proof of evidentiary value which clearly and convincingly demonstrates both the existence of a mistake and the correct offer and the correction would not be contrary to the fair and equal treatment of other offerors.

(d) Withdrawal of Proposals. If discussions are not held, or if the best and final offers upon which award will be made have been received, the offeror may be permitted to withdraw the proposal if:

(i) the mistake is clearly evident on the face of the proposal and the correct offer is not; or

(ii) the offeror submits proof of evidentiary value which clearly and convincingly demonstrates that a mistake was made but does not demonstrate the correct offer or, if the correct offer is also demonstrated, to allow correction on the basis that the proof would be contrary to the fair and equal treatment of other offerors.

(4) Mistakes Discovered After Award. Mistakes shall not be corrected after award of the contract.

3-214 Award.

(1) Award Documentation. A brief written justification statement shall be made showing the basis on which the award was found to be most advantageous to the state taking into consideration price and the other evaluation factors set forth in the Request for Proposals.

(2) One Proposal Received. If only one proposal is received in response to a Request for Proposals, the procurement officer may, as the officer deems appropriate, either make an award or, if time permits, resolicit for the purpose of obtaining additional competitive sealed proposals.

3-215 Publicizing Awards.

(1) After the selection of the successful offeror(s), notice of award shall be available in the purchasing agency's office and may be available on the internet.

(2) The following shall be disclosed to the public after notice of the selection of the successful offeror(s) and after receipt of a GRAMA request and payment of any lawfully enacted and applicable fees:

(a) the contract(s) entered into as a result of the selection and the successful proposal(s), except for those portions that are to be non-disclosed under R33-3-204;

(b) the unsuccessful proposals, except for those portions that are to be non-disclosed under R33-3-204;

(c) the rankings of the proposals;

(d) the names of the members of any selection committee (reviewing authority);

(e) the final scores used by the selection committee to make the selection, except that the names of the individual scorers shall not be associated with their individual scores or rankings.

(f) the written justification statement supporting the selection, except for those portions that are to be non-disclosed under R33-3-204.

(3) After due consideration and public input, the following has been determined by the Procurement Policy Board to impair governmental procurement proceedings or give an unfair advantage to any person proposing to enter into a contract or agreement with a governmental entity, and will not be disclosed by the governmental entity at any time to the public including under any GRAMA request:

(a) the names of individual scorers in relation to their individual scores or rankings;

(b) non-public financial statements; and

(c) past performance and reference information, which is

not provided by the offeror and which is obtained as a result of the efforts of the governmental entity. To the extent such past performance or reference information is included in the written justification statement, it is subject to public disclosure.

3-216 Exceptions to Competitive Sealed Proposal Process.

(1) As authorized by Section 63G-6-408(1) the Chief Procurement Officer or designee may determine that for a given request it is either not practicable or not advantageous for the state to procure a commodity or service referenced in section 3-201 above by soliciting competitive sealed proposals. When making this determination, the Chief Procurement Officer may take into consideration whether the potential cost of preparing, soliciting and evaluating competitive sealed proposals is expected to exceed the benefits normally associated with such solicitations. In the event of that it is so determined, the Chief Procurement Officer, head of a purchasing agency or designee may elect to utilize an alternative, more cost effective procurement method, which may include direct negotiations with a qualified vendor or contractor.

(2) Documentation of the alternative procurement method selected shall state the reasons for selection and shall be made a part of the contract file.

3-217 Multiple Award Contracts for Human Service Provider Services.

The Chief Procurement Officer, head of a purchasing agency or designee may elect to award multiple contracts for Human Service Provider Services through a competitive sealed proposal process by first determining the appropriate fee to be paid to providers and then contracting with all providers meeting the criteria established in the RFP. However this specialized system of contracting for human service provider services may only be used when:

(1) The agency has performed an appropriate analysis to determine appropriate rates to be paid;

(2) The agency files contain adequate documentation of the reasons the contractor was awarded the contract and the reasons for selecting a particular contractor to provide the service to each client; and

(3) The agency has a formal written complaint and appeal process, notice of which is provided to the contractors, and an internal audit function to insure that selection of the contractor from the list of awarded contractors was fair, equitable and appropriate.

R33-3-3. Small Purchases.

3-301 Authority to Make Small Purchases.

(1) Amount. The Office of the Chief Procurement Officer or purchasing agency may use these procedures if the procurement is estimated to be less than \$50,000 for supplies, services or construction. If these procedures are not used, the other methods of source selection provided in Section 63-56-410 of the Utah Procurement Code and these rules shall apply.

(2) Existing Statewide Contracts. Supplies, services, or construction items available under statewide contracts or similar agreements shall be procured under these agreements in accordance with the provisions or requirements for use and not under this subpart unless otherwise authorized by the Chief Procurement Officer.

(3) Available from One Business Only. If the supply, service, or construction item is available only from one business, the sole source procurement method set forth in subpart 3-4 of these rules shall be used.

(4) Division of Requirements. Procurement requirements shall not be artificially divided to avoid using the other source selection methods set forth in Section 63-56-410 of the Utah Procurement Code.

3-302 Small Purchases of Supplies, Services or Construction Between \$5,000 and \$50,000.

(1) Procedure. Insofar as it is practical for small purchases

of supplies, services or construction between \$5,000 and \$50,000, no less than two businesses shall be solicited to submit electronic, telephone or written quotations. Award shall be made to the business offering the lowest acceptable quotation.

(2) Records. The names of the businesses offering quotations and the date and amount of each quotation shall be recorded and maintained as a public record.

3-303 Small Purchases of \$5,000 or Less.

The Chief Procurement Officer shall delegate to state agencies the ability to make purchases up to \$5,000 without involvement of the Division of Purchasing and General Services. For purchases up to \$1,000, the agency may select the best source without seeking competitive quotes. For purchases over \$1,000 and up to \$5,000, agencies shall obtain price competition, and shall purchase the item from the vendor offering the lowest quote. Unless otherwise delegated requests for all purchases over \$5,000, and sole source purchases exceeding \$1,000 shall be submitted to the Division of Purchasing and General Services.

3-304 Small Purchases of Services of Professionals, Providers, and Consultants.

If it is expected that the services of professionals, providers, and consultants can be procured for less than \$50,000, the procedures specified in this subpart may be used.

R33-3-4. Sole Source Procurement.

3-401 Conditions For Use of Sole Source Procurement.

Sole source procurement shall be used only if a requirement is reasonably available from a single supplier. A requirement for a particular proprietary item does not justify a sole source procurement if there is more than one potential bidder or offeror for that item.

Examples of circumstances which could necessitate sole source procurement are:

- (1) where the compatibility of equipment, accessories, replacement parts, or service is the paramount consideration;
- (2) where a sole supplier's item is needed for trial use or testing;
- (3) procurement of items for resale;
- (4) procurement of public utility services.

The determination as to whether a procurement shall be made as a sole source shall be made by the procurement officer. Each request shall be submitted in writing by the using agency. The officer may specify the application of the determination and its duration. In cases of reasonable doubt, competition should be solicited. Any request by a using agency that a procurement be restricted to one potential contractor shall be accompanied by an explanation as to why no other will be suitable or acceptable to meet the need.

3-402 Negotiation in Sole Source Procurement.

The procurement officer shall conduct negotiations, as appropriate, as to price, delivery, and terms.

3-403 Unsolicited Offers.

(1) Definition. An unsolicited offer is any offer other than one submitted in response to a solicitation.

(2) Processing of Unsolicited Offers. If a purchasing agency that receives an unsolicited offer is not authorized to enter into a contract for the supplies or services offered, the head of the agency shall forward the offer to the procurement officer who has authority with respect to evaluation, acceptance, and rejection of the unsolicited offers.

(3) Conditions for Consideration. To be considered for evaluation an unsolicited offer:

- (a) must be sufficiently detailed to allow a judgment to be made concerning the potential utility of the offer to the purchasing agency; and
- (b) may be subject to testing under terms and conditions specified by the agency.

R33-3-5. Emergency Procurements.

3-501 Definition of Emergency Conditions.

An emergency condition is a situation which creates a threat to public health, welfare, or safety as may arise by reason of floods, epidemics, riots, equipment failures, or other reason as may be determined by the Chief Procurement Officer or designee. The existence of this condition creates an immediate and serious need for supplies, services, or construction that cannot be met through normal procurement methods.

3-502 Scope of Emergency Procurements.

Emergency procurement shall be limited to only those supplies, services, or construction items necessary to meet the emergency.

3-503 Authority to Make Emergency Procurements.

The Chief Procurement Officer may delegate in writing to any purchasing agency authority to make emergency procurements of up to an amount set forth in the delegation.

3-504 Source Selection Methods.

(1) General. The source selection method used shall be selected with a view to the end of assuring that the required supplies, services, or construction items are procured in time to meet the emergency. Given this constraint, competition that is practicable shall be obtained.

(2) After Unsuccessful Competitive Sealed Bidding. Competitive sealed bidding is unsuccessful when bids received pursuant to an Invitation for Bids are unreasonable, noncompetitive, or the low bid exceeds available funds as certified by the appropriate fiscal officer, and time or other circumstances will not permit the delay required to resolicit competitive sealed bids. If emergency conditions exist after or are brought about by an unsuccessful attempt to use competitive sealed bidding, an emergency procurement may be made.

3-505 Determination of Emergency Procurement.

The procurement officer or the agency official responsible for procurement shall make a written determination stating the basis for an emergency procurement and for the selection of the particular supplier. The determination shall be sent promptly to the Chief Procurement Officer.

R33-3-6. Responsibility.

3-601 Standards of Responsibility.

(1) Standards. Among factors to be considered in determining whether the standard of responsibility has been met are whether a prospective contractor has:

- (a) available the appropriate financial, material, equipment, facility, and personnel resources and expertise, or the ability to obtain them, necessary to indicate capability to meet all contractual requirements;
- (b) a satisfactory record of integrity;
- (c) qualified legally to contract with the purchasing agency; and
- (d) unreasonably failed to supply any necessary information in connection with the inquiry concerning responsibility.

Nothing shall prevent the procurement officer from establishing additional responsibility standards for a particular procurement, provided that these additional standards are set forth in the solicitation.

(2) Information Pertaining To Responsibility. A prospective contractor shall supply information requested by the procurement officer concerning the responsibility of the contractor. If the contractor fails to supply the requested information, the procurement officer shall base the determination of responsibility upon any available information or may find the prospective contractor nonresponsible if the failure is unreasonable.

3-602 Ability to Meet Standards.

The prospective contractor may demonstrate the availability of necessary financing, equipment, facilities,

expertise, and personnel by submitting upon request:

- (1) evidence that the contractor possesses the necessary items;
 - (2) acceptable plans to subcontract for the necessary items;
- or
- (3) a documented commitment from, or explicit arrangement with, a satisfactory source to provide the necessary items.

3-603 Written Determination of Nonresponsibility Required.

If a bidder or offeror who otherwise would have been awarded a contract is found nonresponsible, a written determination of nonresponsibility setting forth the basis of the finding shall be prepared by the procurement officer. The determination shall be made part of the procurement file.

R33-3-7. Types of Contracts.

3-701 Policy Regarding Selection of Contract Types.

(1) General. The selection of an appropriate contract type depends on factors such as the nature of the supplies, services, or construction to be procured, the uncertainties which may be involved in contract performance, and the extent to which the purchasing agency or the contractor is to assume the risk of the cost of performance of the contract. Contract types differ in the degree of responsibility assumed by the contractor for the costs of performance and the amount and kind of profit incentive offered the contractor to achieve or exceed specified standards or goals.

Among the factors to be considered in selecting any type of contract are:

- (a) the type and complexity of the supply, service, or construction item being procured;
- (b) the difficulty of estimating performance costs such as the inability of the purchasing agency to develop definitive specifications, to identify the risks to the contractor inherent in the nature of the work to be performed, or otherwise to establish clearly the requirements of the contract;
- (c) the administrative costs to both parties;
- (d) the degree to which the purchasing agency must provide technical coordination during the performance of the contract;
- (e) the effect of the choice of the type of contract on the amount of competition to be expected;
- (f) the stability of material or commodity market prices or wage levels;
- (g) the urgency of the requirement;
- (h) the length of contract performance; and
- (i) federal requirements.

The purchasing agency should not contract in a manner that would place an unreasonable economic risk on the contractor, since this action would tend to jeopardize satisfactory performance on the contract.

(2) Use of Unlisted Contract Types. The provisions of this subpart list and define the principal contract types. In addition, any other type of contract, except cost-plus-a-percentage-of-cost, may be used provided the procurement officer determines in writing that this use is in the purchasing agency's best interest.

3-702 Fixed-Price Contracts.

(1) General. A fixed-price contract is the preferred and generally utilized type of contract. A fixed-price contract places responsibility on the contractor for the delivery of the product or the complete performance of the services or construction in accordance with the contract terms at a price that may be firm or subject to contractually specified adjustments. The fixed-price contract is appropriate for use when there is a reasonably definitive requirement, as in the case of construction or standard commercial products. The use of a fixed-price contract when risks are unknown or not readily measurable in terms of cost can result in inflated prices and inadequate competition; poor

performance, disputes, and claims when performance proves difficult; or excessive profits when anticipated contingencies do not occur.

(2) Firm Fixed-Price Contract. A firm fixed-price contract provides a price that is not subject to adjustment.

(3) Fixed-Price Contract with Price Adjustment.

(a) A fixed-price contract with price adjustment provides for variation in the contract price under special conditions defined in the contract, other than customary provisions authorizing price adjustments due to modifications to the work. The formula or other basis by which the adjustment in contract price can be made shall be specified in the solicitation and the resulting contract. However, clauses providing for most-favored-customer prices for the purchasing agency, that is, the price to the purchasing agency will be lowered to the lowest priced sales to any other customer made during the contract period, shall not be used. Examples of conditions under which adjustments may be provided in fixed-price contracts are:

- (i) changes in the contractor's labor contract rates;
- (ii) changes due to rapid and substantial price fluctuations, which can be related to an accepted index; and
- (iii) when a general price change alters the base price.

(b) If the contract permits unilateral action by the contractor to bring about the condition under which a price increase may occur, the contract shall reserve to the purchasing agency the right to reject the price increase and terminate the contract without cost or damages. Notice of the price increase shall be given by the contractor in the manner and within the time specified in the contract.

3-703 Cost-Reimbursement Contracts.

(1) General. The cost-reimbursement contract provides for payment to the contractor of allowable costs incurred in the performance of the contract as determined in accordance with part 7 of these rules and provided in the contract. This type of contract establishes at the outset an estimated cost for the performance of the contract and a dollar ceiling which the contractor may not exceed without prior approval of subsequent ratification by the procurement officer and, in addition, may provide for payment of a fee. The contractor agrees to perform as specified in the contract until the contract is completed or until the costs reach the specified ceiling, whichever occurs first.

This contract type is appropriate when the uncertainties involved in contract performance are of a magnitude that the cost of contract performance cannot be estimated with sufficient reasonableness to permit use of any type of fixed-price contract. In addition, a cost-reimbursement contract necessitates appropriate monitoring by purchasing agency personnel during performance so as to give reasonable assurance that the objectives of the contract are being met. It is particularly suitable for research, development, and study-type contracts.

(2) Determination Prior to Use. A cost-reimbursement contract may be used only when the procurement officer determines in writing that:

(a) a contract is likely to be less costly to the purchasing agency than any other type or that it is impracticable to obtain otherwise, the supplies, services, or construction;

(b) the proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated; and

(c) the proposed contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.

(3) Cost Contract. A cost contract provides that the contractor will be reimbursed for allowable costs incurred in performing the contract.

(4) Cost-Plus-Fixed-Fee Contract. This is a cost-reimbursement type contract which provides for payment to the contractor of an agreed fixed fee in addition to reimbursement of allowable, incurred costs. The fee is established at the time

of contract award and does not vary whether the actual cost of contract performance is greater or less than the initial estimated cost established for the work. Thus, the fee is fixed but not the contract amount because the final contract amount will depend on the allowable costs reimbursed. The fee is subject to adjustment only if the contract is modified to provide for an increase or decrease in the work specified in the contract.

3-704 Cost Incentive Contracts.

(1) General. Cost incentive contracts provide for the sharing of cost risks between the purchasing agency and the contractor. This type of contract provides for the reimbursement to the contractor of allowable costs incurred up to a ceiling amount and establishes a formula in which the contractor is rewarded for performing at less than target cost or is penalized if it exceeds target cost. Profit or fee is dependent on how effectively the contractor controls cost in the performance of the contract.

(2) Fixed-Price Cost Incentive Contract.

(a) Description. In a fixed-price cost incentive contract, the parties establish at the outset a target cost, a target profit, a cost-sharing formula which provides a percentage increase or decrease of the target profit depending on whether the cost of performance is less than or exceeds the target cost, and a ceiling price. After performance of the contract, the actual cost of performance is arrived at based on the total incurred allowable cost as determined in accordance with part 7 of these rules and as provided in the contract. The final contract price is then established in accordance with the cost-sharing formula using the actual cost of performance. The final contract price may not exceed the ceiling price. The contractor is obligated to complete performance of the contract, and, if actual cost exceeds the ceiling price, the contractor suffers a loss.

(b) Objective. The fixed-price cost incentive contract serves three objectives. It permits the establishment of a firm ceiling price for performance of the contract which takes into account uncertainties and contingencies in the cost of performance. It motivates the contractor to perform the contract economically since cost is in inverse relation to profit; the lower the cost, the higher the profit. It provides a flexible pricing mechanism for establishing a cost sharing responsibility between the purchasing agency and contractor depending on the nature of the supplies, services, or construction being procured, the length of the contract performance, and the performance risks involved.

(3) Cost-Plus Contract with Cost Incentive Fee. In a cost-plus contract with cost incentive fee, the parties establish at the outset a target cost; a target fee; a cost-sharing formula for increase or decrease of fee depending on whether actual cost of performance is less than or exceeds the target cost, with maximum and minimum fee limitations; and a cost ceiling which represents the maximum amount which the purchasing agency is obligated to reimburse the contractor. The contractor continues performance until the work is complete or costs reach the ceiling specified in the contract, whichever first occurs. After performance is complete or costs reach the ceiling, the total incurred, allowable costs reimbursed in accordance with part 7 of these rules and as provided in the contract are applied in the cost-sharing formula to establish the incentive fee payable to the contractor. This type of contract gives the contractor a stronger incentive to efficiently manage the contract than a cost-plus-fixed-fee contract provides.

(4) Determinations Required. Prior to entering into any cost incentive contract, the procurement officer shall make the written determination required by subsections 3-703(2)(b) and (c) of these rules. In addition, prior to entering any cost-plus contract with cost incentive fee, the procurement officer shall include in the written determination the determination required by subsection 3-703(2)(a) of these rules.

3-705 Performance Incentive Contracts.

In a performance incentive contract, the parties establish at the outset a pricing basis for the contract, performance goals, and a formula for increasing or decreasing the compensation if the specified performance goals are exceeded or not met. For example, early completion may entitle the contractor to a bonus while late completion may entitle the purchasing agency to a price decrease.

3-706 Time and Materials Contracts; Labor Hour Contracts.

(1) Time and Materials Contracts. Time and materials contracts provide for payment for materials at cost and labor performed at an hourly rate which includes overhead and profit. These contracts provide no incentives to minimize costs or effectively manage the contract work. Consequently, all such contracts shall contain a stated cost ceiling and shall be entered into only after the procurement officer determines in writing that:

(a) personnel have been assigned to closely monitor the performance of the work; and

(b) no other type of contract will suitably serve the purchasing agency's purpose.

(2) Labor Hour Contracts. A labor hour contract is the same as a time and materials contract except the contractor supplies no material. It is subject to the same considerations, and the procurement officer shall make the same determinations before it is used.

3-707 Definite Quantity and Indefinite Quantity Contracts.

(1) Definite Quantity. A definite quantity contract is a fixed-price contract that provides for delivery of a specified quantity of supplies or services either at specified times or when ordered.

(2) Indefinite Quantity. An indefinite quantity contract is a contract for an indefinite amount of supplies or services to be furnished as ordered that establishes unit prices of a fixed-price type. Generally an approximate quantity or the best information available is stated in the solicitation. The contract may provide a minimum quantity the purchasing agency is obligated to order and may also provide for a maximum quantity provision that limits the purchasing agency's obligation to order. The time of performance of an indefinite quantity contract may be extended upon agreement of the parties provided the extension is for 90 days or less and the procurement officer determines in writing that it is not practical to award another contract at the time of the extension.

(3) Requirements Contracts. A requirements contract is an indefinite quantity contract for supplies or services that obligates the purchasing agency to order all the actual, normal requirements of designated using agencies during a specified period of time; and for the protection of the purchasing agency and the contractor. Invitations for Bids and resulting requirements contracts shall include a provision. However, the purchasing agency may reserve in the solicitation and in the resulting contract the right to take bids separately if a particular quantity requirement arises which exceeds an amount specified in the contract. Requirements contracts shall contain an exemption from ordering under the contract when the procurement officer approves a finding that the supply or service available under the contract will not meet a nonrecurring, special need of the purchasing agency.

3-708 Progressive and Multiple Awards.

(1) Progressive Award. A progressive award is an award of portions of a definite quantity requirement to more than one contractor. Each portion is for a definite quantity and the sum of the portions is the total definite quantity procured. A progressive award may be in the purchasing agency's best interest when awards to more than one bidder or offeror for different amounts of the same item are needed to obtain the total quantity or the time or times of delivery required.

(2) Multiple Award. A multiple award is an award of an

indefinite quantity contract for one or more similar supplies or services to more than one bidder or offeror, and the purchasing agency is obligated to order all of its actual, normal requirements for the specified supplies or services from those contractors. A multiple award may be in the purchasing agency's best interest when award to two or more bidders or offerors for similar products is needed for adequate delivery, service, or availability, or for product compatibility. In making a multiple award, care shall be exercised to protect and promote the principles of competitive solicitation. All eligible users of the contract shall be named in the solicitation, and it shall be mandatory that the requirements of the users that can be met under the contract be obtained in accordance with the contract, provided, that:

(a) the purchasing agency shall reserve the right to take bids separately if a particular quantity requirement arises which exceeds an amount specified in the contract; or

(b) the purchasing agency shall reserve the right to take bids separately if the procurement officer approves a finding that the supply or service available under the contract will not meet a nonrecurring special need of the agency.

(3) Intent to Use. If a progressive or multiple award is anticipated prior to issuing a solicitation, the method of award shall be stated in the solicitation.

3-709 Leases.

(1) Use. A lease may be entered into provided:

(a) it is in the best interest of the purchasing agency;

(b) all conditions for renewal and costs of termination are set forth in the lease; and

(c) the lease is not used to avoid a competitive procurement.

(2) Competition. Lease and lease-purchase contracts are subject to the requirements of competition which govern the procurement of supplies.

(3) Lease with Purchase Option. A purchase option in a lease may be exercised only if the lease containing the purchase option was awarded under competitive bidding or competitive proposals, unless the requirement can be met only by the supply or facility being leased as determined in writing by the procurement officer. Before exercising this option, the procurement officer shall:

(a) investigate alternative means of procuring comparable supplies or facilities; and

(b) compare estimated costs and benefits associated with the alternative means and the exercise of the option, for example, the benefit of buying new state of the art data processing equipment compared to the estimated, initial savings associated with exercise of a purchase option.

3-710 Multi-Year Contracts; Installment Payments.

(1) Use. A contract may be entered into which extends beyond the current fiscal period provided any obligation for payment in a succeeding fiscal period is subject to the availability of funds.

(2) Termination. A multi-year contract may be terminated without cost to the purchasing agency by reason of unavailability of funds for the purpose or for lack of performance by the contractor. Termination for other reason shall be as provided by the contract.

(3) Installment Payments. Supply contracts may provide for installment purchase payments, including interest charges, over a period of time. Installment payments, however, should be used judiciously in order to achieve economy and not to avoid budgetary restraints, and shall be justified in writing by the head of the using agency. Heads of using agencies shall be responsible for ensuring that statutory or other prohibitions are not violated by use of installment provisions and that all budgetary or other required prior approvals are obtained. No agreement shall be used unless provision for installment payments is included in the solicitation document.

3-711 Contract Option.

(1) Provision. Any contract subject to an option for renewal, extension, or purchase, shall have had a provision included in the solicitation. When a contract is awarded by competitive sealed bidding, exercise of the option shall be at the purchasing agency's discretion only, and not subject to agreement or acceptance by the contractor.

(2) Exercise of Option. Before exercising any option for renewal, extension, or purchase, the procurement officer should attempt to ascertain whether a competitive procurement is practical, in terms of pertinent competitive and cost factors, and would be more advantageous to the purchasing agency than renewal or extension of the existing contract.

R33-3-8. Cost or Pricing Data and Analysis; Audits.

3-801 Scope.

This subpart sets forth the pricing policies which are applicable to contracts of any type and any included price adjustments when cost or pricing data are required to be submitted.

3-802 Requirements for Cost or Pricing Data.

(1) Submission of Cost or Pricing Data - Required. Cost or pricing data shall be required in support of a proposal leading to:

(a) the pricing of any contract expected to exceed \$100,000 to be awarded by competitive sealed proposals or sole source procurement; or

(b) the pricing of any adjustment to any contract, including a contract, awarded by competitive sealed bidding, whether or not cost pricing data was required in connection with the initial pricing of the contract, as requested by the procurement officer. However, this requirement shall not apply when unrelated and separately priced adjustments for which cost or pricing data would not be required are consolidated for administrative convenience.

(2) Submission of Cost or Pricing Data - Permissive. After making determination that circumstances warrant action, the procurement officer may require the offeror or contractor to submit cost or pricing data in any other situation except where the contract award is made pursuant to competitive sealed bidding. Generally, cost or pricing data should not be required where the contract or modification is less than \$2,000. Moreover, when less than complete cost analysis will provide a reasonable pricing result on awards or for change orders without the submission of complete cost or pricing data, the procurement officer shall request only that data considered adequate to support the limited extent of the cost analysis needed and need not require certification.

(3) Exceptions. Cost or pricing data need not be submitted and certified:

(a) where the contract price is based on:

(i) adequate price competition;

(ii) established catalog prices or market prices, if trade discounts are reflected in the prices; or

(iii) prices set by law or rule; or

(b) when the procurement officer determines in writing that the requirements for submitting cost or pricing data may be waived and the reasons for the waiver are stated in the determination. A copy of the determination shall be kept in the contract file and made available to the public upon request. If, after cost or pricing data were initially requested and received, it is determined that adequate price competition does exist, the data need not be certified.

If, despite the existence of an established catalog price or market price, the procurement officer considers that a price appears unreasonable, cost or pricing data may be requested. Where the reasonableness of the price can be assured by limited data pertaining to the differences in the item or services, requests should be so limited.

3-803 Submission of Cost or Pricing Data and Certification.

Cost or pricing data shall be submitted to the procurement officer at the time and in the manner prescribed in these rules or as otherwise from time to time prescribed by the procurement officer. When the procurement officer requires the offeror or contractor to submit cost or pricing data in support of any proposal, the data shall either be actually submitted or specifically identified in writing. When cost or pricing data is required, the data is to be submitted prior to beginning price negotiation and the offeror or contractor is required to keep the submission current throughout the negotiations. The offeror or contractor shall certify, as soon as practicable after agreement is reached on price, that the cost or pricing data submitted is accurate, complete, and current as of a mutually determined date prior to reaching agreement. Certification shall be made using the certificate set forth in section 3-804 of this subpart. A refusal by the offeror to supply the required data shall be referred to the procurement officer whose duty shall be to determine in writing whether to disqualify the noncomplying offeror, to defer award pending further investigation, or to enter into the contract. A refusal by a contractor to submit the required data to support a price adjustment shall be referred to the procurement officer who shall determine in writing whether to further investigate the price adjustment, not to allow any price adjustment, or to set the amount of the price adjustment.

3-804 Certificate of Current Cost or Pricing Data.

(1) Form of Certificate. When cost or pricing data must be certified, the certificate set forth below shall be included in the contract file along with any award documentation required under these rules. The offeror or contractor shall be required to submit the certificate as soon as practicable after agreement is reached on the contract price or adjustment.

"CERTIFICATE OF CURRENT COST OR PRICING DATA

This is to certify that, to the best of my knowledge and belief, cost or pricing data as defined in the Utah Procurement Rules submitted, either actually or by specific identification in writing, to the procurement officer in support of . . . , are accurate, complete, and current as of date, month and year. . . The effective date shall be the date when price negotiations were concluded and the contract price was agreed to. The responsibility of the offeror or contractor is not limited by the personal knowledge of the offeror's or contractor's negotiator if the offeror or contractor had information reasonably available at the time of agreement, showing that the negotiated price is not based on accurate, complete, and current data.

This certification includes the cost or pricing data supporting any advance agreement(s) between the offeror and the purchasing agency which are part of the proposal.

(End of Certificate)

(2) Limitation of Representation. Because the certificate pertains to cost or pricing data, it is not to be construed as a representation as to the accuracy of the offeror's or contractor's judgment on the estimated portion of future costs or projections. It does, however, apply to the data upon which the offeror's or contractor's judgment is based. A certificate of current cost or pricing data is not a substitute for examination and analysis of the offeror's or contractor's proposal.

(3) Inclusion of Notice and Contract Clause. Whenever it is anticipated that a certificate of current cost or pricing data may be required, a clause giving notice of this requirement shall be included in the solicitation. If a certificate is required, the

contract shall include a clause giving the purchasing agency a contract right to a price adjustment, that is, to a reduction in the price to what it would have been if the contractor had submitted accurate, complete, and current data.

(4) Exercise of Option. The exercise of an option at the price established in the initial negotiation in which certified cost or pricing data were used does not require recertification or further submission of data.

3-805 Defective Cost or Pricing Data.

(1) Overstated Cost or Pricing Data. If certified cost or pricing data is subsequently found to have been inaccurate, incomplete, or noncurrent as of the date stated in the certificate, the purchasing agency shall be entitled to an adjustment of the contract price, including profit or fee, to exclude any significant sum by which the price, including profit or fee, was increased because of the defective data. It is assumed that overstated cost or pricing data increased the contract price in the amount of the defect plus related overhead and profit or fee. Unless there is a clear indication that the defective data were not used or relied upon, the price should be reduced in this amount. In establishing that the defective data caused an increase in the contract price, the procurement officer is not expected to reconstruct the negotiation by speculating as to what would have been the mental attitudes of the negotiating parties if the correct data had been submitted at the time of agreement on price.

(2) Understated Cost or Pricing Data. In determining the amount of an adjustment, the contractor shall be entitled to an adjustment for any understated cost or pricing data submitted in support of price negotiations for the same pricing action up to the amount of the purchasing agency's claim for over stated cost or pricing data arising out of the same pricing action.

(3) Dispute as to Amount. If the contractor and the procurement officer cannot agree as to the amount of adjustment due to defective cost or pricing data, the procurement officer shall set an amount in accordance with subsections 3-805(1) and 3-805(2) of this subpart.

3-806 Price Analysis Techniques.

Price analysis is used to determine if a price is reasonable and acceptable. It involves a comparison of the prices for the same or similar items or services. Examples of price analysis criteria include:

- (1) price submissions of other prospective bidders or offerors;
- (2) prior price quotations and contract prices charged by any bidder, offeror, or contractor;
- (3) prices published in catalogs or price lists; and
- (4) prices available on the open market.

In making an analysis, consideration must be given to any differing delivery factors and contractual provisions, terms and conditions.

3-807 Cost Analysis Techniques.

(1) General. Cost analysis includes the appropriate verification of cost or pricing data, and the use of this data to evaluate:

- (a) specific elements of costs;
- (b) the necessity for certain costs;
- (c) the reasonableness of amounts estimated for the necessary costs;
- (d) the reasonableness of allowances for contingencies;
- (e) the basis used for allocation of indirect costs;
- (f) the appropriateness of allocations of particular indirect costs to the proposed contract; and
- (g) the reasonableness of the total cost or price.

(2) Evaluations. Evaluations of cost or pricing data should include comparisons of costs and prices of an offeror's cost estimates with those of other offerors and any independent price and cost estimates. They shall also include consideration of whether the costs are reasonable and allocable under these rules.

3-808 Audit.

(1) The procurement officer may, at reasonable times and places, audit or cause to be audited, the books and records of a contractor, prospective contractor, subcontractor, or prospective subcontractor which are related to:

- (a) the cost or pricing data submitted;
- (b) a contract, including subcontracts, other than a firm fixed-price contract, awarded pursuant to these rules and the Utah Procurement Code.

(2) An audit performed by an auditor selected or approved by the procurement officer shall be submitted containing at least the following information:

(a) for cost and pricing data audits:

- (i) a description of the original proposal and all submissions of cost or pricing data;
- (ii) an explanation of the basis and the method used in preparing the proposal;
- (iii) a statement identifying any cost or pricing data not submitted but examined by the auditor which has a significant affect on the proposed cost or price;
- (iv) a description of any deficiency in the cost or pricing data submitted and an explanation of its affect on the proposal;
- (v) a statement summarizing those major points where there is a disagreement as to the cost or pricing data submitted; and
- (vi) a statement identifying any information obtained from other sources;
- (b) the number of invoices or reimbursement vouchers submitted by the contractor or subcontractor for payment;
- (c) the use of federal assistance funds; or
- (d) the fluctuation of market prices affecting the contract.

The scope of the audit may be limited by the procurement officer.

(3) For contract audits, the scope of the report will depend on the scope of the audit ordered. However, the report should contain specific reference to the terms of the contract to which the audited data relates and a statement of the degree to which the auditor believes the audited data evidence compliance with those terms.

3-809 Retention of Books and Records.

(1) Relating to Cost and Pricing Data. Any contractor who receives a contract, change order, or contract modification for which cost or pricing data is required shall maintain the books and records that relate to the cost or pricing data for three years from the date of final payment under the contract.

(2) Relating to Other than Firm Fixed-Price Contracts. Books and records that relate to a contract in excess of \$25,000, including subcontracts, other than a firm fixed-price contract, shall be maintained:

- (a) by a contractor, for three years from the date of final payment under the contract; and
- (b) by a subcontractor, for three years from the date of final payment under the subcontract.

R33-3-9. Plant or Site Inspection; Inspection of Supplies or Services.**3-901 Inspection of Plant or Site.**

Circumstances under which the purchasing agency may perform inspections include inspections of the contractor's plant or site in order to determine:

- (1) whether the standards set forth in section 3-601 have been met or are capable of being met; and
- (2) if the contract is being performed in accordance with its terms.

3-902 Access to Plant or Place of Business.

The purchasing agency may enter a contractor's or subcontractor's plant or place of business to:

- (1) inspect supplies or services for acceptance by the purchasing agency pursuant to the terms of a contract;

(2) audit cost or pricing data or audit the books and records of any contractor or subcontractor pursuant to Section 63-56-415 subsection (5) of the Utah Procurement Code; and

(3) investigate in connection with an action to debar or suspend a person from consideration for award of contracts pursuant to Section 63-56-804 of the Utah Procurement Code.

3-903 Inspection of Supplies and Services.

(1) Provisions for Inspection. Contracts may provide that the purchasing agency may inspect supplies and services at the contractor's or subcontractor's facility and perform tests to determine whether they conform to solicitation requirements or, after award, to contract requirements, and are acceptable. These inspections and tests shall be conducted in accordance with the terms of the solicitation and contract.

(2) Trial Use and Testing. The procurement officer is authorized to establish operational procedures governing the testing and trial use of various equipment, materials, and supplies by any using agency, and the relevance and use of resulting information to specifications and procurements.

3-904 Conduct of Inspections.

(1) Inspectors. Inspections or tests shall be performed so as not to unduly delay the work of the contractor or subcontractor. No inspector may change any provision of the specifications or the contract without written authorization of the procurement officer. The presence or absence of an inspector shall not relieve the contractor or subcontractor from any requirements of the contract.

(2) Location. When an inspection is made in the plant or place of business of a contractor or subcontractor, the contractor or subcontractor shall provide without charge all reasonable facilities and assistance for the safety and convenience of the person performing the inspection or testing.

(3) Time. Inspection or testing of supplies and services performed at the plant or place of business of any contractor or subcontractor shall be performed at reasonable times.

3-905 Inspection of Construction Projects.

On-site inspection of construction shall be performed in accordance with the terms of the contract.

R33. Administrative Services, Purchasing and General Services.**R33-4. Specifications.****R33-4-1. General Provisions.****4-101 General Purpose and Policies.**

(1) Purpose. Specifications shall be drafted with the objective of clearly describing the purchasing agency's requirements and of encouraging competition. The purpose of a specification is to serve as a basis for obtaining a supply, service, or construction item adequate and suitable for the purchasing agency's needs in a cost effective manner, taking into account, to the extent practicable, the costs of ownership and operation as well as initial acquisition costs.

(2) Use of Functional or Performance Descriptions. Specifications shall, to the extent practicable, emphasize functional or performance criteria while limiting design or other detailed physical descriptions to those necessary to meet the needs of the purchasing agency. To facilitate the use of the criteria, using agencies shall endeavor to include as a part of their purchase requisitions the principal functional or performance needs to be met. It is recognized, however, that the preference for use of functional or performance specifications is primarily applicable to the procurement of supplies and services. This preference is often not practicable in construction, apart from the procurement of supply-type items for a construction project.

(3) Preference for Commercially Available Products. It is the general policy that requirements be satisfied by standard commercial products whenever practicable.

4-102 Availability of Documents.

Except for testing and confidential data, specifications and any written determination or other document generated or used in the development of a specification shall be available for public inspection.

4-103 Emergency Authority.

In the event of an emergency, as determined by the procurement officer, the purchasing agency may procure by any reasonable means, with any available specifications, without regard to the provision of these rules.

4-104 Procedures for the Development of Specifications.**(1) Provisions of General Application.**

(a) Application of Section. This section applies to all persons who may prepare a specification.

(b) Specification of Alternates May Be Included. A specification may provide alternate descriptions of supplies, services, or construction items where two or more design, functional, or performance criteria will satisfactorily meet the purchasing agency's requirements.

(c) Contractual Requirements Not to Be Included. To the extent feasible, a specification shall not include any solicitation or contract term or condition as a requirement for time or place of bid opening, time of delivery, payment, liquidated damages, or qualification of bidders.

(d) Use of Existing Specifications. If a specification for a common or general use item has been developed in accordance with subsection (2) (a) of this section or a qualified products list has been developed in accordance with subsection (2) (d) of this section for a particular supply, service, or construction item, or need, it shall be used unless the procurement officer makes a written determination that its use is not in the purchasing agency's best interest and that another specification shall be used.

(e) The procurement officer should provide for the periodic review of specifications to determine whether any existing specification needs revision, or a new specification is needed to reflect changes in:

(i) the state of the art;

(ii) the characteristics of the available supplies, services, or construction items; or

(iii) needs of the using agency.

(f) The procurement officer may allow others to prepare specifications for the purchasing agency's use in making procurements when there will be no substantial conflict of interest involved and it is otherwise in the best interests of the purchasing agency as determined by the procurement officer.

(2) Special Additional Procedures.**(a) Specifications for Common or General Use Items.**

(i) Preparation and Utilization. A standard specification for common or general use shall, to the extent practicable, be prepared and utilized when a supply, service, or construction item is used in common by several using agencies or used repeatedly by one using agency, and the characteristics of the supply, service, or construction item as commercially produced or provided remain relatively stable while the frequency or volume of procurements is significant, or where the purchasing agency's recurring needs require uniquely designed or specially produced items.

(ii) Final Approval. Final approval of a proposed specification for a common or general use item shall be given only by the procurement officer.

(iii) Revisions and Cancellations. All revisions to or cancellations of specifications for common or general use items may be made upon approval of the procurement officer.

(b) Brand Name or Equal Specification.

(i) Brand name or equal specifications may be used when the procurement officer determines that a specification is in the purchasing agency's best interest.

(ii) Designation of Several Brands. Brand name or equal specification shall seek to designate as many different brands as are practicable as "or equal" references and shall state that products substantially equivalent to those designated will be considered for award.

(iii) Required Characteristics. Unless the procurement officer authorized to finally approve specifications determines that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design and functional or performance characteristics which are required.

(iv) Nonrestrictive Use of Brand Name or Equal Specifications. Where a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of designating the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

(c) Brand Name Specification.

(i) Use. Since use of a brand name specification is restrictive, a specification may be used when the procurement officer or designee makes a written determination. The determination may be in any form deemed acceptable to the chief procurement officer, as a purchase evaluation, or a statement of single source justification. The written statement must state specific reasons for use of the brand name specification.

(ii) Competition. The procurement officer shall seek to identify sources from which the designated brand name item or items can be obtained and shall solicit sources to achieve whatever degree of competition is practicable. If only one source can supply the requirement, the procurement shall be made under Section 63G-6-410 of the Utah Procurement Code.

(d) Qualified Products List.

(i) Use. A qualified products list may be developed with the approval of the Chief Procurement Officer, or the head of a purchasing or using agency authorized to develop qualified products lists, when testing or examination of the supplies or construction items prior to issuance of the solicitation is desirable or necessary in order to satisfy purchasing agency

requirements.

(ii) Solicitation. When developing a qualified products list, a representative group of potential suppliers shall be solicited to submit products for testing and examination to determine acceptability for inclusion on a qualified products list. Any potential supplier, even though not solicited, may offer products for consideration in accordance with any schedule or procedure established for this purpose.

(iii) Testing and Confidential Data. Inclusion on a qualified products list shall be based on results of tests or examinations conducted in accordance with prior established requirements. Except as otherwise provided by law, trade secrets, test data, and similar information provided by the supplier will be kept confidential when requested in writing by the supplier. However, qualified products lists' test results shall be made public, but in a manner so as to protect the confidentiality of the identity of the competitors by, for example, using numerical designations.

63G-6

Notice of Continuation November 23, 2007

R33. Administrative Services, Purchasing and General Services.**R33-5. Construction and Architect-Engineer Selection.****R33-5-101. Purpose and Authority.**

As required by Sections 63G-6-501, 63G-6-504(2), 63G-6-506 and 63G-6-601, this rule contains provisions applicable to:

- (1) selecting the appropriate method of management for construction contracts, that is, the contracting method and configuration that will most likely result in timely, economical, and otherwise successful completion of the construction project.
- (2) establishing appropriate bid, performance, and payment bond requirements including criteria allowing for waiver of these requirements.
- (3) governing appropriate contract provisions.

R33-5-102. Application.

The provisions of this chapter shall apply to all procurements of construction which are estimated to be greater than \$50,000. Procurement of construction expected to be less than \$50,000 shall be made in accordance with R33-3-3 (Small Purchases) except bid, performance and payment bonds shall be required unless waived in accordance with R33-5-355 (Waiver of Bonding Requirements on Small Projects).

R33-5-201. Methods of Construction Contract Management.

(1) Application. This section contains provisions applicable to the selection of the appropriate type of construction contract management.

(2) Flexibility. It is intended that the Procurement Officer have sufficient flexibility in formulating the construction contract management method for a particular project to fulfill the needs of the procuring agencies. In each instance consideration commensurate with the project's size and importance should be given to all the appropriate and effective means of obtaining both the design and construction of the project. The methods for achieving the purposes set forth in this rule are not to be construed as an exclusive list.

(3) Selecting the Method of Construction Contracting. In selecting the construction contracting method, the Procurement Officer should consider the results achieved on similar projects in the past and the methods used. Consideration should be given to all appropriate and effective methods and their comparative advantages and disadvantages and how they might be adapted or combined to fulfill the needs of the procuring agencies.

(4) Criteria for Selecting Construction Contracting Methods. Before choosing the construction contracting method to use, a careful assessment must be made by the Procurement Officer of requirements the project must satisfy and those other characteristics that would be desirable. Some of the factors to consider are:

- (a) when the project must be ready to be occupied;
- (b) the type of project, for example, housing, offices, labs, heavy or specialized construction;
- (c) the extent to which the requirements of the procuring agencies and the ways in which they are to be met are known;
- (d) the location of the project;
- (e) the size, scope, complexity, and economics of the project;
- (f) the amount and type of financing available for the project, including whether the budget is fixed or what the source of funding is, for example, general or special appropriation, federal assistance moneys, general obligation bonds or revenue bonds, lapsing/nonlapsing status and legislative intent language;
- (g) the availability, qualification, and experience of State personnel to be assigned to the project and how much time the State personnel can devote to the project;
- (h) the availability, experience and qualifications of the project outside consultants and contractors to complete the project

under the various methods being considered.

(5) General Descriptions.

(a) Use of Descriptions. The following descriptions are provided for the more common contracting methods. The methods described are not all mutually exclusive and may be combined on a project. These descriptions are not intended to be fixed in respect to all construction projects of the State. In each project, these descriptions may be adapted to fit the circumstances of that project. However, the Procurement Officer should endeavor to ensure that these terms are described adequately in the appropriate contracts, are not used in a misleading manner, and are understood by all relevant parties.

(b) Single Prime Contractor. The single prime contractor method is typified by one business, acting as a general contractor, contracting with the state to timely complete an entire construction project in accordance with drawings and specifications provided by the state. Generally the drawings and specifications are prepared by an architectural or engineering firm under contract with the state. Further, while the general contractor may take responsibility for successful completion of the project, much of the work may be performed by specialty contractors with whom the prime contractor has entered into subcontracts.

(c) Multiple Prime Contractors. Under the multiple prime contractor method, the State or the State's agent contracts directly with a number of specialty contractors to complete portions of the project in accordance with the State's drawings and specifications. The State or its agent may have primary responsibility for successful completion of the entire project, or the contracts may provide that one of the multiple prime contractors has this responsibility.

(d) Design-Build. In a design-build project, a business contracts directly with the State to meet the State's requirements as described in a set of performance specifications. Design responsibility and construction responsibility both rest with the design-build contractor. This method can include instances where the design-build contractor supplies the site as part of the package.

(e) Construction Manager. A construction manager is a person experienced in construction that has the ability to evaluate and to implement drawings and specifications as they affect time, cost, and quality of construction and the ability to coordinate the construction of the project, including the administration of change orders. The State may contract with the construction manager early in a project to assist in the development of a cost effective design. The construction manager may become the single prime contractor, or may guarantee that the project will be completed on time and will not exceed a specified maximum price. This method is frequently used on fast track projects with the construction manager obtaining subcontractors through the issuance of multiple bid packages as the design is developed. The procurement of a construction manager may be based, among other criteria, on proposals for a management fee which is either a lump sum or a percentage of construction costs with a guaranteed maximum cost. If the design is sufficiently developed prior to the selection of a construction manager, the procurement may be based on proposals for a lump sum or guaranteed maximum cost for the construction of the project. The contract with the construction manager may provide for a sharing of any savings which are achieved below the guaranteed maximum cost.

(f) Sequential Design and Construction. Sequential design and construction denotes a method in which design of substantially the entire structure is completed prior to beginning the construction process.

(g) Phased Design and Construction. Phased design and construction denotes a method in which construction is begun when appropriate portions have been designed but before design of the entire structure has been completed. This method is also

known as fast track construction.

R33-5-220. Selection Documentation.

The Procurement Officer shall include in the contract file a written statement, describing the construction contracting method chosen and the facts and conclusions which led to the selection of that method. The statement shall demonstrate that the State's requirements and resources, and the various groups of potential contractors were appropriately considered in making the selection.

R33-5-230. Single Prime Contractor: Use with Sequential Design and Construction.

When a single prime contractor is used with the sequential design and construction method, comprehensive plans and specifications that are precise enough shall be prepared to allow prospective prime (general) contractors to submit a competitive sealed bid. The prime contractor awarded the contract shall be responsible for the coordination of the specialty subcontractors and for the timely completion of the project at the price specified in the contract. The architect-engineer, the State project manager, and, if used, the construction manager shall monitor the progress of the project and otherwise represent the State's interest as required by contract.

R33-5-231. Single Prime Contractor: Use with Phased Design and Construction.

A single prime contractor may be used with the phased design and construction method. Under this approach, the State will let contracts for early construction phases to specialty contractors and when the plans and specifications are sufficiently complete to allow bids to be made will let the major project contract to a prime contractor. If the State finds it administratively and economically advantageous, the State may transfer or assign to the prime contractor the administration of the specialty contracts it let earlier.

R33-5-232. Single Prime Contractor: Contractual Provisions.

The rights, duties, and responsibilities of the State representatives, the architect-engineer, prime contractor(s), and, if applicable, the construction manager and any specialty contractors awarded projects with the State shall be carefully detailed in contracts. If phased design and construction is used, administration of ongoing specialty contracts let before the prime contract will have to be transferred or assigned to the prime contractor. The terms of this assignment or transfer (including the duties of the State to ensure that the specialty contractors are at a certain point of completion at the time of assignment), what liability to the specialty contractors remains with the State after assignment, if any, and what duties and responsibilities the prime contractor has with respect to the assigned specialty contractors shall all be set forth in the specialty contracts and the contract with the prime contractor.

R33-5-240. Multiple Prime Contractors: Use with Sequential Design and Construction, and with Phased Design and Construction.

(1) Multiple prime contractors may be used with sequential design and construction by splitting the plans and specifications into packages pertinent to recognized trade specialties. The State may undertake to manage and coordinate the project's work or contracts with a construction manager. The contracts may provide that responsibility for successful completion of the entire project rests with the State, the State's agent, or one of the multiple prime contractors. The contracts shall specify where this responsibility shall rest.

(2) Multiple prime contractors may be used with phased design and construction only when the architect-engineer's work

is closely coordinated with the specialty contractors' work. Under this method, the specialty contractors shall contract directly with the State or with its construction manager.

R33-5-241. Multiple Prime Contractors: Contractual Provisions.

Whenever multiple prime contractors are used, the contract between the State and each prime contractor shall:

(1) state the scope of each contractor's responsibility.
(2) identify when the portions of its work are to be complete.

(3) provide for a system of timely reports on progress of the contractor's work and problems encountered.

(4) specify that each contractor is liable for damages caused other contractors and the State whether because of delay or otherwise.

(5) clearly delineate in all the parties' contracts the duties and authority of the State representative, the architect-engineer and, if one is employed, the construction manager with respect to the specialty contractors.

These contract clauses may not relieve the State of liability if it fails to properly coordinate and manage the project.

R33-5-250. Design-Build or Turnkey: Use.

The use of design-build or turnkey method is not authorized under R33-5.

R33-5-251. Design-Build or Turnkey: Contractual Provisions.

The contract documents shall:

(1) delineate clearly the State's rights to inspect plans and specifications, and the construction work in progress.

(2) indicate precisely what constitutes completion of the project by the contractor.

R33-5-260. Construction Manager: Use.

(1) The State may contract with the construction manager early in a project to assist in the development of a cost effective design. The construction manager may become the single prime contractor, or may guarantee that the project will be completed on time and will not exceed a specified maximum price. This method is frequently used on fast track projects with the construction manager obtaining subcontractors through the issuance of multiple bid packages as the design is developed. The procurement of a construction manager may be based, among other criteria, on proposals for a management fee which is either a lump sum or a percentage of construction costs with a guaranteed maximum cost. If the design is sufficiently developed prior to the selection of a construction manager, the procurement may be based on proposals for a lump sum or guaranteed maximum cost for the construction of the project. The contract with the construction manager may provide for a sharing of any savings which are achieved below the guaranteed maximum cost.

(2) When entering into any subcontract that was not specifically included in the construction manager's cost proposal submitted at the time the contract manager was selected, the construction manager shall procure that subcontractor by using one of the source selection methods authorized by these rules in the same manner as if the subcontract work was procured directly by the state.

R33-5-262. Construction Manager: Contractual Provisions.

The construction managers contract shall clearly set forth the duties and authority of the construction manager in respect to all the participants in the project. The contract shall also define the liability of the State and the construction manager for failure to properly coordinate specialty contractors' work.

R33-5-270. Sequential Design and Construction: Use.

When the state selects the sequential design and construction method, it shall gather a team to design the project and provide a complete set of drawings and specifications to use in awarding the construction contract or contracts. When this team uses a construction manager he may, in addition to reviewing the drawings and specifications, assist in separating them into packets when multiple prime contractors are used. Except for redesign necessitated by changes in State requirements or problems encountered during construction, design is complete at the time construction has begun.

R33-5-280. Phased Design and Construction: Use.

When the phased design and construction method is used the architect-engineer, and construction manager, (if one is used) shall resolve major design decisions, and shall prepare the detail design work in the sequence necessary to construct the project. Thus construction can begin before design is complete for the entire project. Construction shall only begin after the State's requirements are set, the overall (schematic) design is complete, and the complete drawings and specifications for the first construction phase are ready. The construction manager may also assist in packaging the various specialty contracts and to managing the work under those contracts.

R33-5-281. Phased Design and Construction: Contractual Provisions.

Contracts shall clearly establish:

- (1) architect-engineer's obligation to design the project in a manner that allows for phased construction to allow phasing of project design.
- (2) specialty contractors scope of work and duties to other contractors and the State.
- (3) the management rights of the State and its construction manager when used.

R33-5-311. Bid Security: General.

Invitations for Bids on State construction contracts estimated to exceed \$50,000 shall require the submission of bid security in an amount equal to at least 5% of the bid, at the time the bid is submitted. If a contractor fails to accompany its bid with the required bid security, the bid shall be deemed nonresponsive, in accordance with Section R33-3-112 (Bid Evaluation and Award, Responsibility and Responsiveness) except as provided by Section R33-5-313 (Nonsubstantial Failure to Comply).

R33-5-312. Bid Security: Acceptable Bid Security.

Acceptable bid security shall be limited to:

- (a) a bid bond in a form satisfactory to the State underwritten by a company licensed to issue bid bonds in this State;
- (b) a cashiers, certified, or official check drawn by a federally insured financial institution; or
- (c) cash.

R33-5-313. Bid Security: Nonsubstantial Failure to Comply.

If a bid does not comply with the security requirements of this Rule, the bid shall be rejected as nonresponsive, unless the failure to comply is determined by the Chief Procurement Officer, the head of a Purchasing Agency, or the designee of such officer to be nonsubstantial where:

- (a) only one bid is received, and there is not sufficient time to rebid the contract;
- (b) the amount of the bid security submitted, though less than the amount required by the Invitation for Bids, is equal to or greater than the difference in the price stated in the next higher acceptable bid; or
- (c) the bid guarantee becomes inadequate as a result of the

correction of a mistake in the bid or bid modification in accordance with Section R33-3-111 (Mistakes in Bids), if the bidder increases the amount of guarantee to required limits within 48 hours after the bid opening.

R33-5-321. Performance Bonds: General.

A performance bond is required for all construction contracts in excess of \$50,000, in the amount of 100% of the contract price. The performance bond shall be delivered by the contractor to the State at the same time the contract is executed. If a contractor fails to deliver the required performance bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made to the next lowest bidder in accordance with Section R33-3-112 (Bid Evaluation and Award, Responsibility and Responsiveness).

R33-5-331. Payment Bonds: General.

A payment bond is required for all construction contracts in excess of \$50,000, in the amount of 100% of the contract price. The payment bond shall be delivered by the contractor to the State at the same time the contract is executed. If a contractor fails to deliver the required payment bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made to the next lowest bidder in accordance with Section R33-3-112 (Bid Evaluation and Award, Responsibility and Responsiveness).

R33-5-341. Bond Forms.

(a) Bid Bonds, Payment Bonds and Performance Bonds must be from sureties meeting the requirements of Subsection R33-5-341(b) and must be on the exact bond forms most recently adopted by the Board and on file with the chief procurement officer, except bid bonds for projects under \$1,000,000 as provided by subparagraph (c).

(b) Surety firm requirements. All surety firms must be authorized to do business in the State of Utah and be listed in the U.S. Department of the Treasury Circular 570, Companies Holding Certificates of Authority as Acceptable Securities on Federal Bonds and as Acceptable Reinsuring Companies for an amount not less than the amount of the bond to be issued. A cosurety may be utilized to satisfy this requirement.

(c) For projects estimated to cost less than \$1,000,000 the State may accept bid bonds on forms provided by appropriately licensed sureties. For projects estimated to exceed \$1,000,000 the bid bond shall be on the exact bid bond forms adopted by the board as required by R33-5-341(a).

R33-5-350. Waiver of Bonding Requirements on Any Project.

The chief procurement officer, or head of the purchasing agency, may waive the bonding requirement if he finds, in writing, that bonds cannot reasonably be obtained for the work involved. Prior to waiver of the bonding requirement, the head of the requesting agency or designee shall agree in writing to the waiver. The agency will also be advised that the State cannot waive the liability associated with a judgment against the State, in the event of non-payment to a subcontractor or supplier. In the event of a judgment, the requesting agency would be required to make payment to the injured party.

R33-5-355. Waiver of Bonding Requirements on Small Projects.

The Chief Procurement Officer, or designated procurement official, may elect not to require a Performance or Payment Bond as required under Section 63G-6-504 Utah Code Annotated, 1953 as amended, if the estimated total procurement does not exceed \$50,000. Prior to waiver of the bonding requirement, the head of the requesting agency or designee shall agree in writing to the waiver. The agency will also be advised

that the State cannot waive the liability associated with a judgment against the State, in the event of non-payment to a subcontractor or supplier. In the event of a judgment, the requesting agency would be required to make payment to the injured party.

R33-5-401. Construction Contract Clauses: Introduction.

The contract clauses presented in this rule are promulgated for use in construction contracts in accordance with Section 63G-6-601(Contract Clauses) of the Utah Procurement Code. Alternative clauses are provided in one instance to permit accommodation of differing contract situations.

R33-5-402. Mandatory Construction Contract Clauses.

The following construction contract clauses shall be included in all construction contracts: R33-5-420 Changes Clause; R33-5-440 Suspension of Work Clause; R33-5-460 Price Adjustment Clause; R33-5-470 Claims Based on a Procurement Officer's Actions or Omissions Clause; R33-5-480 Default Delay - Time Extension Clause; R33-5-495 Termination for Convenience Clause; R33-5-497 Remedies Clause.

R33-5-403. Optional Construction Contract Clauses.

The following construction contract clauses may optionally be used in appropriate contracting situations: R33-5-430 Variations in Estimated Quantities Clause; R33-5-450 Differing Site Conditions Clause; R33-5-490 Liquidated Damages Clause.

R33-5-410. Construction Contract Clauses: Revisions to Contract Clauses.

The clauses set forth in this rule may be varied for use in a particular contract when, pursuant to the provisions of Section 63G-6-601 (Contract Clauses) of the Utah Procurement Code, the Chief Procurement Officer or the head of a Purchasing Agency makes a written determination describing the circumstances justifying the variation or variations.

Any material variation from these clauses shall be described in the solicitation documents in substantially the following form:

"Clause No., entitled, is not a part of the general terms and conditions of this contract, and has been replaced by Special Clause No., entitled, Your attention is specifically directed to this clause."

R33-5-420. Construction Contract Clauses: Changes Clause.

"CHANGES

(1) Change Order. The Procurement Officer, at any time, and without notice to the sureties, in a signed writing designated or indicated to be a change order, may order:

(a) changes in the work within the scope of the contract; and

(b) changes in the time for performance of the contract that do not alter the scope of the contract.

(2) Adjustment of Price or Time for Performance. If any such change order increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract.

Failure of the parties to agree to an adjustment shall not excuse a contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payments or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.

(3) Written Certification. The contractor shall not perform any change order which increases the contract amount unless it bears, or the contractor has separately received, a written certification, signed by the fiscal officer of the entity responsible for funding the project or the contract or other official responsible for monitoring and reporting upon the status of the costs of the total project or contract budget that funds are available therefor; and, if acting in good faith, the contractor may rely upon the validity of such certification.

(4) Time Period for Claim. Within 30 days after receipt of a written change order under Paragraph (1) (Change Order) of this clause, unless such period is extended by the Procurement Officer in writing, the contractor shall file notice of intent to assert a claim for an adjustment.

(5) Claim Barred after Final Payment. No claim by the contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

(6) Claims Not Barred. In the absence of such a change order, nothing in this clause shall restrict the contractor's right to pursue a claim arising under the contract, if pursued in accordance with the clause entitled 'Claims Based on a Procurement Officer's Actions or Omissions Clause' or for breach of contract."

R33-5-430. Construction Contract Clauses: Variations in Estimated Quantities Clause.

The following clause shall be inserted only in those construction contracts which contain estimated quantity items: "VARIATIONS IN ESTIMATED QUANTITIES

(1) Variations Requiring Adjustments. Where the quantity of a pay item in this contract is an estimated quantity and where the actual quantity of such pay item varies more than 15% above or below the estimated quantity stated in this contract, an adjustment in the contract price shall be made upon demand of either party. The adjustment shall be based upon any increase or decrease in costs due solely to the variation above 15% or below 85% of the estimated quantity. If the quantity variation is such as to cause an increase in the time necessary for completion, the Procurement Officer shall, upon receipt of a timely written request for an extension of time, prior to the date of final settlement of the contract, ascertain the facts and make such adjustment for extending the completion date as in the judgment of the Procurement Officer the findings justify.

(2) Adjustments of Price. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract."

R33-5-440. Construction Contract Clauses: Suspension of Work Clause.

"SUSPENSION OF WORK

(1) Suspension for Convenience. The Procurement Officer may order the contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

(2) Adjustment of Cost. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted by an act of the Procurement Officer in the administration of this contract, or by the failure of the Procurement Officer to act within the time specified in this contract (or if no time is specified, within reasonable time), an adjustment shall be made for any increase in the cost of performance of this contract necessarily caused by such unreasonable suspension, delay, or interruption and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent:

(a) that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or

negligence of the contractor; or

(b) for which an adjustment is provided for or excluded under any other provision of this contract.

(3) Time Restriction on Claim. No claim under this clause shall be allowed:

(a) for any costs incurred more than 20 days before the contractor shall have notified the Procurement Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

(b) unless the claim is asserted in writing as soon as practicable after the termination of such suspension, delay, or interruption, but not later than the date of final payment under the contract.

(4) Adjustments of Price. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract."

R33-5-450. Construction Contract Clauses: Differing Site Conditions Clause.

Set forth below are alternative differing site conditions clauses to be used as appropriate.

(ALTERNATIVE A)

"DIFFERING SITE CONDITIONS: PRICE ADJUSTMENTS

(1) Notice. The contractor shall promptly, and before such conditions are disturbed, notify the Procurement Officer of:

(a) subsurface or latent physical conditions at the site differing materially from those indicated in this contract; or

(b) unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.

(2) Adjustments of Price or Time for Performance. After receipt of such notice, the Procurement Officer shall promptly investigate the site, and if it is found that such conditions do materially so differ and cause an increase in the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed as a result of such conditions, an adjustment shall be made and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract.

(3) Timeliness of Claim. No claim of the contractor under this clause shall be allowed unless the contractor has given the notice required in this clause; provided, however, that the time prescribed therefor may be extended by the Procurement Officer in writing.

(4) No Claim After Final Payment. No claim by the contractor for an adjustment thereunder shall be allowed if asserted after final payment under this contract.

(5) Knowledge. Nothing contained in this clause shall be grounds for an adjustment in compensation if the contractor had actual knowledge of the existence of such conditions prior to the submission of bids."

(END OF ALTERNATIVE A)

(ALTERNATIVE B)

"SITE CONDITIONS CONTRACTOR'S RESPONSIBILITY

The contractor accepts the conditions at the construction site as they eventually may be found to exist and warrants and represents that the contract can and will be performed under such conditions, and that all materials, equipment, labor, and other facilities required because of any unforeseen conditions (physical or otherwise) shall be wholly at the contractor's own cost and expense, anything in this contract to the contrary notwithstanding."

(END OF ALTERNATIVE B)

R33-5-460. Construction Contract Clauses: Price

Adjustment Clause.

"PRICE ADJUSTMENT

(1) Price Adjustment Methods. Any adjustment in contract price pursuant to clauses in this contract shall be made in one or more of the following ways:

(a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

(b) by unit prices specified in the contract or subsequently agreed upon;

(c) by the costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as specified in the contract or subsequently agreed upon;

(d) in such other manner as the parties may mutually agree; or

(e) in the absence of agreement between the parties, by a unilateral determination by the Procurement Officer of costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as computed by the Procurement Officer in accordance with generally accepted accounting principles and applicable sections of the rules promulgated under Section 63G-6-415(Cost Principles) and subject to the provisions of Part H (Legal and Contractual Remedies) of the Utah Procurement Code.

(2) Submission of Cost or Pricing Data. The contractor shall submit cost or pricing data for any price adjustments subject to the provisions of Section 63G-6-415 (Cost Principles) of the Utah Procurement Code."

R33-5-470. Construction Contract Clauses: Claims Based on a Procurement Officer's Actions or Omissions Clause.

"CLAIMS BASED ON A PROCUREMENT OFFICER'S ACTIONS OR OMISSIONS

(1) Notice of Claim. If any action or omission on the part of a Procurement Officer or designee of such officer, requiring performance changes within the scope of the contract constitutes the basis for a claim by the contractor for additional compensation, damages, or an extension of time for completion, the contractor shall continue with performance of the contract in compliance with the directions or orders of such officials, but by so doing, the contractor shall not be deemed to have prejudiced any claim for additional compensation, damages, or an extension of time for completion; provided:

(a) the contractor shall have given written notice to the Procurement Officer or designee of such officer:

(i) prior to the commencement of the work involved, if at that time the contractor knows of the occurrence of such action or omission;

(ii) within 30 days after the contractor knows of the occurrence of such action or omission, if the contractor did not have such knowledge prior to the commencement of the work; or

(iii) within such further time as may be allowed by the Procurement Officer in writing.

This notice shall state that the contractor regards the act or omission as a reason which may entitle the contractor to additional compensation, damages, or an extension of time. The Procurement Officer or designee of such officer, upon receipt of such notice, may rescind such action, remedy such omission, or take such other steps as may be deemed advisable in the discretion of the Procurement Officer or designee of such officer;

(b) the notice required by Subparagraph (a) of this Paragraph describes as clearly as practicable at the time the reasons why the contractor believes that additional compensation, damages, or an extension of time may be remedies to which the contractor is entitled; and

(c) the contractor maintains and, upon request, makes available to the Procurement Officer within a reasonable time,

detailed records to the extent practicable, of the claimed additional costs or basis for an extension of time in connection with such changes.

(2) Limitation of Clause. Nothing herein contained, however, shall excuse the contractor from compliance with any rules of law precluding any State officers and any contractors from acting in collusion or bad faith in issuing or performing change orders which are clearly not within the scope of the contract.

(3) Adjustments of Price. Any adjustment in the contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract."

R33-5-480. Construction Contract Clauses: Default-Delay-Time Extensions Clause.

"TERMINATION FOR DEFAULT FOR NONPERFORMANCE OR DELAY DAMAGES FOR DELAY-TIME EXTENSIONS

(1) Default. If the contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will assure its completion within the time specified in this contract, or any extension thereof, fails to complete said work within such time, or commits any other substantial breach of this contract, and further fails within (14) days after receipt of written notice from the Procurement Officer to commence and continue correction of such refusal or failure with diligence and promptness, the Procurement Officer may, by written notice to the contractor, declare the contractor in breach and terminate the contractor's right to proceed with the work or such part of the work as to which there has been delay. In such event the State may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of, and utilize in completing the work, such materials, appliances, and plant as may be on the site of the work and necessary therefor. Whether or not the contractor's right to proceed with the work is terminated, the contractor and the contractor's sureties shall be liable for any damage to the State resulting from the contractor's refusal or failure to complete the work within the specified time.

(2) Liquidated Damages Upon Termination. If fixed and agreed liquidated damages are provided in the contract, and if the State so terminates the contractor's right to proceed, the resulting damage will consist of such liquidated damages for such reasonable time as may be required for final completion of the work.

(3) Liquidated Damages in Absence of Termination. If fixed and agreed liquidated damages are provided in the contract, and if the State does not terminate the contractor's right to proceed, the resulting damage will consist of such liquidated damages until the work is completed or accepted.

(4) Time Extension. The contractor's right to proceed shall not be so terminated nor the contractor charged with resulting damage if:

(a) the delay in the completion of the work arises from causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in either a sovereign or contractual capacity; acts of another contractor in the performance of a contract with the State; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; unusually severe weather; delays of subcontractors due to causes similar to those set forth above; or shortage of materials; provided, however, that no extension of time will be granted for a delay caused by a shortage of materials, unless the contractor furnishes to the Procurement Officer proof that the contractor has diligently made every effort to obtain such materials from all known sources within reasonable reach of the work, and further proof that the inability to obtain such materials when originally planned did in fact cause a delay in final completion of the entire work which could not be compensated for by revising the sequence of the

contractor's operations; and

(b) the contractor, within ten days from the beginning of any such delay (unless the Procurement Officer grants a further period of time before the date of final payment under the contract), notifies the Procurement Officer in writing of the causes of delay. The Procurement Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in the judgment of the Procurement Officer, the findings of fact justify such an extension.

(5) Erroneous Termination for Default. If, after notice of termination of the contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contractor was not in default under the provisions of this clause, or that the delay was excusable under the provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly.

(6) Additional Rights and Remedies. The rights and remedies of the (State) provided in this clause are in addition to any other rights and remedies provided by law or under this contract."

R33-5-490. Construction Contract Clauses: Liquidated Damages Clause.

The following clause may be used in construction contracts when it is difficult to determine with reasonable accuracy damage to the State due to delays caused by late contractor performance or nonperformance.

"LIQUIDATED DAMAGES

When the contractor fails to complete the work or any portion of the work within the time or times fixed in the contract or any extension thereof, the contractor shall pay to the State (\$) per calendar day of delay pursuant to the clause of this contract entitled, "Termination for Default for Nonperformance or Delay-Damages for Delay-Time Extensions."

R33-5-495. Construction Contract Clauses: Termination for Convenience Clause.

"TERMINATION FOR CONVENIENCE

(1) Termination. The Procurement Officer may, when the interests of this State so require, terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective,

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor shall still complete the work not terminated by the notice of termination and may incur obligations as necessary to do so.

(3) Right to Construction and Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer:

(a) any completed construction; and

(b) such partially completed construction, supplies,

materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "construction material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract.

The contractor shall protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such construction, supplies, and construction materials in accordance with the standards of Uniform Commercial Code Section 2-706. (U.C.C. SS2-706 is quoted in the Editorial Note at the end of this Section.) This in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation.

(a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data, submitted to the extent required by Section 63G-6-415 (Cost or Pricing Data) of the Utah Procurement Code, bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement provided the contractor has filed a termination claim supported by cost or pricing data submitted as required by Section 63G-6-601(Cost or Pricing Data) of the Utah Procurement Code and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of construction, supplies, and construction materials under Paragraph (3) of this clause, and the contract price of the work not terminated.

(c) Absent complete agreement under Subparagraph (b) of this paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments under Subparagraph (b) shall not duplicate payments under this paragraph:

(i) with respect to all contract work performed prior to the effective date of the notice of termination, the total (without duplication of any items) of:

(A) the cost of such work plus a fair and reasonable profit on such portion of the work (such profit shall not include anticipatory profit or consequential damages) less amounts paid or to be paid for completed portions of such work; provided, however, that if it appears that the contractor would have sustained a loss if the entire contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(B) costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to paragraph (2) of this clause. These costs shall not include costs paid in accordance with subparagraph (c)(i)(A) of this paragraph;

(C) the reasonable settlement costs of the contractor including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this contract.

The total sum to be paid the contractor under this paragraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of any sales of construction, supplies, and construction materials under paragraph (3) of this clause, and the contract price of work not terminated.

(d) Cost claimed, agreed to, or established under subparagraphs (b) and (c) of this paragraph shall be in accordance with R33-3-8."

R33-5-497. Construction Contract Clauses: Remedies Clause.

"REMEDIES

Any dispute arising under or out of this contract is subject to the provisions of Part H (Legal and Contractual Remedies) of the Utah Procurement Code."

R33-5-510. Application.

The provisions of this section apply to every procurement of services within the scope of the practice of architecture as defined by Section 58-3a-102, or professional engineering as defined in Section 58-22-102, except as authorized by Section R33-3-4 and Section R33-3-5.

R33-5-520. Policy.

It is the policy of this State to:

(a) give public notice of all requirements for architect-engineer services except as noted in Sections R33-5-510 and R33-5-530 and

(b) negotiate contracts for these services on the basis of demonstrated competence and qualification for the type of service required, and at fair and reasonable prices.

R33-5-525. Annual Statement of Qualifications and Performance Data.

The Chief Procurement Officer, the head of a Purchasing Agency, or a designee of either officer shall request firms engaged in providing architect-engineer services to annually submit a statement of qualifications and performance data which should include the following:

(a) the name of the firm and the location of all of its offices, specifically indicating the principal place of business,

(b) the age of the firm and its average number of employees over the past five years,

(c) the education, training, and qualifications of members of the firm and key employees,

(d) the experience of the firm reflecting technical capabilities and project experience,

(e) the names of five clients who may be contacted, including at least two for whom services were rendered in the last year,

(f) any other pertinent information regarding qualifications and performance data requested by the Procurement Officer.

A standard form or format may be developed for these statements of qualifications and performance data. Firms may amend statements of qualifications and performance data at any time by filing a new statement.

R33-5-527. Billing Rate Survey.

The Consulting Engineers Council of Utah and the local chapter of the American Institute of Architects will provide the results of an annual survey on billing rates within their respective disciplines to the chief procurement officer prior to April 1 each year. This information will then be made available to all public procurement units.

R33-5-530. Small Purchases of Architect-Engineer Services.

When the procurement of Architect-Engineer Services is estimated to be less than \$50,000, the procurement officer may select the provider directly from either the list of firms who have submitted annual statements of qualifications and performance data, or from other qualified firms if necessary. If the procurement is estimated to exceed \$50,000 then the selection method prescribed by the following sections apply.

R33-5-540. Architect-Engineer Selection Committee.

The Chief Procurement Officer, or designee, shall designate members of the Architect-Engineer Selection Committee. The selection committee must consist of at least three members, where possible at least one of which is well qualified in the professions of architecture or engineering, as appropriate.

The Chief Procurement Officer, or designee, shall designate one member of the committee as chair and to act as the Procurement Officer to coordinate the negotiations of a contract with the most qualified firm in accordance with Section 63G-6-704 of the Utah Procurement Code.

R33-5-550. Public Notice.

Public notice for architect-engineer services shall be given by the Procurement Officer as provided in R33-3-104. The notice shall be published sufficiently in advance of when responses must be received in order that firms have an adequate opportunity to respond to the solicitation, but not less than the time required by R33-3-102. The notice shall contain a brief statement of the services required which adequately describes the project, the closing date for submissions and how specific information on the project may be obtained.

R33-5-560. Request for Statements of Interest.

A request for statements of interest (SOI) shall be prepared which describes the state's requirements and sets forth the evaluation criteria. It shall be distributed upon request and payment of a fee.

The request for statements of interest (SOI) shall include notice of any conference to be held and the criteria to be used in evaluating the statements of interest, qualifications and performance data and selecting firms, including:

- (a) competence to perform the services as reflected by technical training and education, general experience, experience in providing the required services and the qualifications and competence of persons who would be assigned to perform the services.
- (b) ability to perform the services as reflected by workload and the availability of adequate personnel, equipment, and facilities to perform the services expeditiously, and
- (c) past performance as reflected by the evaluations of private persons and officials of other governmental entities that have retained the services of the firm with respect to factors such as control of costs, quality of work, and an ability to meet deadlines.

R33-5-570. Definition of Scope of Work.

Prior to initiating a request for SOI for architect-engineer services the using agency shall define the scope of the services. The scope definition shall be sufficient to define the work expected, as detailed as possible and the scope definition shall be the basis for the negotiation process. However the scope may be modified if necessary during final negotiations.

R33-5-580. Evaluation of Statements of Interest, Qualifications and Performance Data.

The selection committee shall evaluate:

- (a) annual statement of qualifications and performance data submitted under Section R33-5-525;
- (b) statements that may be submitted in response to the request for SOI for architect-engineer services, including proposals for joint ventures; and
- (c) supplemental statements of qualifications and performance data, if their submission was required.

All statements and supplemental statements of qualifications and performance data shall be evaluated in light of the criteria set forth in the request for SOI for architect-engineering services.

R33-5-590. Selection of Firms for Discussions.

The selection committee shall select for discussions no fewer than three firms evaluated as being professionally and technically qualified unless fewer than three firms responded to the request for SOI. The Procurement Officer shall notify each firm in writing of the date, time, and place of discussions, and, if necessary, shall provide each firm with additional information on the project and the services required. This discussion phase may be waived if the evaluation of the statements of interest, qualifications and performance data indicate that one firm is clearly most qualified and if the scope and nature of the services are clearly defined.

R33-5-600. Discussions.

Following evaluation of the statements of interest, qualifications and performance data, the selection committee shall hold discussions with the firms selected pursuant to section R33-45-590 regarding the proposed contract. The purposes of these discussions shall be to:

- (a) determine each firm's general capabilities and qualifications for performing the contract; and
- (b) explore the scope and nature of the required services and the relative utility of alternative methods of approach.

R33-5-610. Selection of the Most Qualified Firms.

After discussions, the selection committee shall reevaluate and select, in order of preference, the firms which it deems to be the most highly qualified to provide the required services. The selection committee shall document the selection process indicating how the evaluation criteria were applied to determine the ranking of the most highly qualified firms.

R33-5-620. Negotiation and Award of Contract.

The Procurement Officer shall negotiate a contract with the most qualified firm for the required services at compensation determined to be fair and reasonable to the State. Contract negotiations shall be directed toward:

- (a) making certain that the firm has a clear understanding of the scope of the work, specifically, the essential requirements involved in providing the required services;
- (b) determining that the firm will make available the necessary personnel and facilities to perform the services within the required time, and
- (c) agreeing upon compensation which is fair and reasonable, taking into account the estimated value, scope, complexity, and nature of the required services.

R33-5-630. Failure to Negotiate Contract with the Most Qualified Firm.

(a) If fair and reasonable compensation, contract requirements, and contract documents cannot be agreed upon with the most qualified firm, the Procurement Officer shall advise the firm in writing of the termination of negotiations.

(b) Upon failure to negotiate a contract with the most qualified firm, the Procurement Officer shall enter into negotiations with the next most qualified firm. If fair and reasonable compensation, contract requirements, and contract documents can be agreed upon, then the contract shall be awarded to that firm. If negotiations again fail, negotiations shall be terminated as provided in R33-5-630(a) of this section and commenced with the next most qualified firm.

R33-5-640. Notice of Award.

Written notice of the award shall be sent to the firm with whom the contract is successfully negotiated. Each firm with whom discussions were held shall be notified of the award. Notice of the award shall be made available to the public.

R33-5-650. Failure to Negotiate Contract with Firms

Initially Selected as Most Qualified.

Should the Procurement Officer be unable to negotiate a contract with any of the firms initially selected as the most highly qualified firms, additional firms shall be selected in preferential order based on their respective qualifications, and negotiations shall continue in accordance with section R33-5-630 until an agreement is reached and the contract awarded.

Notice of Continuation November 23, 2007

R33. Administrative Services, Purchasing and General Services.**R33-7. Cost Principles.****R33-7-101. Applicability of Cost Principles.**

(1) Application. This subpart contains cost principles and procedures to be used as guidance in:

(a) establishment of contract cost estimates and prices under contracts made by competitive sealed proposals where the award may not be based on adequate price competition, sole source procurement, contracts for certain services, or architect-engineer services;

(b) establishment of price adjustments for contract changes;

(c) pricing of termination for convenience settlements; and

(d) any other situation in which cost analysis is required.

(2) Limitation. Cost principles in this subpart are not applicable to:

(a) the establishment of prices under contracts made by competitive sealed bidding or otherwise based on adequate price competition rather than the analysis of individual, specific cost elements, except that this subpart does apply to the establishment of adjustments of price for changes made to contracts;

(b) prices which are fixed by law or rule;

(c) prices which are based on established catalog prices as defined in Section 63G-6-103(10) of the Utah Procurement Code, or established market prices; and

(d) stipulated unit prices.

R33-7-102. Allowable Costs.

(1) General. Any contract cost proposed for estimating purposes or invoiced for cost-reimbursement purposes shall be allowable as provided in the contract. The contract shall provide that the total allowable cost of a contract is the sum of the allowable direct costs actually incurred or, in the case of forward pricing, the amount estimated to be incurred in the performance of the contract in accordance with its terms, plus the properly allocable portion of the allowable indirect costs, less any applicable credits such as discounts, rebates, refunds, and property disposal income.

(2) Accounting Consistency. All costs shall be accounted for in accordance with generally accepted accounting principles and in a manner that is consistent with the contractor's usual accounting practices in charging costs to other activities. In pricing a proposal, a contractor shall estimate costs consistently with cost accounting practices used in accumulating and reporting costs.

(3) When Allowable. The contract shall provide that costs shall be allowed to the extent they are:

(a) reasonable, as defined in Section 7-103;

(b) allocable, as defined in Section 7-104;

(c) not made unlawful under any applicable law;

(d) not unallowable under Section 7-105 or Section 7-106; and

(e) actually incurred or accrued and accounted for in accordance with generally accepted accounting principles in the case of costs invoiced for reimbursement.

R33-7-103. Reasonable Costs.

Any cost is reasonable if, in its nature or amount, it does not exceed that which would be incurred by an ordinarily prudent person in the conduct of competitive business. In determining the reasonableness of a given cost, consideration shall be given to:

(1) whether the cost is of a type generally recognized as ordinary and necessary for the conduct of the contractor's business or the performance of the contract;

(2) the restraints inherent in and the requirements imposed by the factors generally accepted sound business practices, arm's

length bargaining, federal and state laws and regulations, and contract terms and specifications;

(3) the action that a prudent businessman would take under the circumstances, considering responsibilities to the owners of the business, employees, customers, the purchasing agency, and the general public;

(4) significant deviations from the contractor's established practices which may unjustifiably increase the contract costs; and

(5) any other relevant circumstances.

R33-7-104. Allocable Costs.

(1) General. A cost is allocable if it is assignable or chargeable to one or more cost objectives in accordance with relative benefits received and if it:

(a) is incurred specifically for the contract;

(b) benefits both the contract and other work, and can be distributed to both in reasonable proportion to the benefits received; or

(c) is necessary to the overall operation of the business, although a direct relationship to any particular cost objective cannot be shown.

(2) Allocation Consistency. Costs are allocable as direct or indirect costs. Similar costs shall be treated consistently either as direct costs or indirect costs except as provided by these rules. When a cost is treated as a direct cost in respect to one cost objective, it and all similar costs shall be treated as a direct cost for all cost objectives. Further, all costs similar to those included in any indirect cost pool shall be treated as indirect costs. All distributions to cost objectives from a cost pool shall be on the same basis.

(3) Direct Cost. A direct cost is any cost which can be identified specifically with a particular cost objective. A direct cost shall be allocated only to its specific cost objective. To be allowable, a direct cost must be incurred in accordance with the terms of the contract.

(4) Indirect Costs.

(a) An indirect cost is one identified with more than one cost objective. Indirect costs are those remaining to be allocated to the several cost objectives after direct costs have been determined and charged directly to the contract or other work as appropriate. Any direct costs of minor dollar amount may be treated as indirect costs, provided that the treatment produces substantially the same results as treating the cost as a direct cost.

(b) Indirect costs shall be accumulated into logical cost groups with consideration of the reasons for incurring the costs. Each group should be distributed to cost objectives benefiting from the costs in the group. Each indirect cost group shall be distributed to the cost objectives substantially in proportion to the benefits received by the cost objectives. The number and composition of the groups and the method of distribution should not unduly complicate indirect cost allocation where substantially the same results could be achieved through less precise methods.

(c) The contractor's method of distribution may require examination when:

(i) any substantial difference exists between the cost patterns of the work performed under the contract and the contractor's other work;

(ii) any significant change occurs in the nature of the business, the extent of subcontracting, fixed asset improvement programs, inventories, the volume of sales and production, manufacturing processes, the contractor's products, or other relevant circumstances; or

(iii) indirect cost groups developed for a contractor's primary location are applied to off-site locations. Separate cost groups for costs allocable to off-site locations may be necessary to distribute the contractor's costs on the basis of the benefits accruing to the appropriate cost objectives.

(d) The base period for indirect cost allocation is the one in which the costs are incurred and accumulated for distribution to work performed in that period. Normally, the base period is the contractor's fiscal year. A different base period may be appropriate under unusual circumstances. In these cases, an appropriate period should be agreed to in advance.

R33-7-105. Treatment of Specific Costs.

(1) Advertising. The only allowable advertising costs are those for:

- (a) the recruitment of personnel;
- (b) the procurement of scarce items;
- (c) the disposal of scrap or surplus materials;
- (d) the listing of a business' name and location in a classified directory; and
- (e) other forms of advertising as approved by the purchasing agency when in the best interest of the agency.

(2) Bad Debts. Bad debts include losses arising from uncollectible accounts and other claims, such as dishonored checks, employee advances, and related collection and legal costs. All bad debt costs are unallowable.

(3) Contingencies.

(a) Contingency costs are contributions to a reserve account for unforeseen costs. Contingency costs are unallowable except as provided in subsection (3) (b) of this section.

(b) For the purpose of establishing a contract cost estimate or price in advance of performance of the contract, recognition of uncertainties within a reasonably anticipated range of costs may be required and is not prohibited by this subsection. However, where contract clauses are present which serve to remove risks from the contractor, there shall not be included in the contract price a contingency factor for these risks. Further, contributions to a reserve for self-insurance in lieu of, and not in excess of, commercially available liability insurance premiums, are allowable as an indirect charge.

(4) Depreciation and Use Allowances.

(a) Depreciation and use allowances are allowable to compensate contractors for the use of buildings, capital improvements, and equipment. Depreciation is a method of allocating the acquisition cost of an asset to periods of its useful life. Useful life refers to the asset's period of economic usefulness in the particular contractor's operation as distinguished from its physical life. Use allowances provide compensation in lieu of depreciation or other equivalent costs. Consequently, these two methods may not be combined to compensate contractors for the use of any one type of property.

(b) The computation of depreciation or use allowances shall be based on acquisition costs. When the acquisition costs are unknown, reasonable estimates may be used.

(c) Depreciation shall be computed using any generally accepted method, provided that the method is consistently applied and results in equitable charges considering the use of the property. The straight-line method of depreciation is preferred unless the circumstances warrant some other method. However, the purchasing agency will accept any method which is accepted by the Internal Revenue Service.

(d) In order to compensate the contractor for use of depreciated, contractor-owned property which has been fully depreciated on the contractor's books and records and is being used in the performance of a contract, use allowances may be allowed as a cost of that contract. Use allowances are allowable, provided that they are computed in accordance with an established industry or government schedule or other method mutually agreed upon by the parties. If a schedule is not used, factors to consider in establishing the allowance are the original cost, remaining estimated useful life, the reasonable fair market value, and the affect of any increased maintenance or decreased efficiency.

(5) Entertainment.

(a) Entertainment costs include costs of amusements, social activities, and incidental costs such as meals, beverages, lodging, transportation, and gratuities. Entertainment costs are unallowable.

(b) Nothing shall make unallowable a legitimate expense for employee morale, health, welfare, food service, or lodging cost; except that, where a net profit is generated by employer related services, it shall be treated as a credit as provided in Section 7-207. This section shall not make unallowable costs incurred for meetings or conferences, including costs of food, rental facilities, and transportation where the primary purpose of incurring cost is the dissemination of technical information or the stimulation of production.

(6) Fines and Penalties. Fines and penalties include all costs incurred as the result of violations of or failure to comply with federal, state, and local laws and rules. Fines and penalties are unallowable costs unless incurred as a direct result of compliance with specific provisions of the contract or written instructions of the procurement officer. To the extent that workman's compensation is considered by state law to constitute a fine or penalty, it shall not be an allowable cost under this subsection.

(7) Gifts, Contributions, and Donations. A gift is property transferred to another person without the other person providing return consideration of equivalent value. Reasonable costs for employee morale, health, welfare, food services, or lodging are not gifts and are allowable. Contributions and donations are property transferred to a nonprofit institution which are not transferred in exchange for supplies or services of equivalent fair market value rendered by a nonprofit institution. Gifts, contributions, and donations are unallowable.

(8) Interest Costs.

(a) Interest is a cost of borrowing. Interest is not allowable except as provided in subsection (8)(b) of this section.

(b) Interest costs on contractor claims for payments due under purchasing agency contracts shall be allowable as provided in Section 63G-6-820 of the Utah Procurement Code.

(9) Losses Incurred Under Other Contracts. A loss is the excess of costs over income earned under a particular contract. Losses may include both direct and indirect costs. A loss incurred under one contract may not be charged to any other contract.

(10) Material Costs.

(a) Material costs are the costs of all supplies, including raw materials, parts, and components whether acquired by purchase from an outside source or acquired by transfer from any division, subsidiary, or affiliate under the common control of the contractor, which are acquired in order to perform the contract. Material costs are allowable, subject to subsection 10(b) and subsection 10(c) of this section. In determining material costs, consideration shall be given to reasonable spoilage, reasonable inventory losses and reasonable overages.

(b) Material costs shall include adjustments for all available discounts, refunds, rebates and allowances which the contractor reasonably should take under the circumstances, and for credits for proceeds the contractor received or reasonably should receive from salvage and material returned to suppliers.

(c) Allowance for all materials transferred from any division including the division performing the contract, subsidiary, or affiliate under the common control of the contractor shall be made on the basis of costs incurred by the transferor determined in accordance with these cost principles rules, except that double charging of indirect costs is unallowable, except the transfer may be made at the established price provided that the price of materials is not determined to be unreasonable by the procurement officer and the price is not higher than the transferor's current sales price to its most favored customer for a like quantity under similar payment and

delivery conditions and:

(i) the price is established either by the established catalog price, as defined in Section 63G-6-103(10) of the Utah Procurement Code; or

(ii) by the lowest price offer obtained as a result of competitive sealed bidding or competitive sealed proposals conducted with other businesses that normally produce the item in similar quantities.

(11) Taxes.

(a) Except as limited in subsection 11(b) of this section, all taxes which the contractor is required to pay and which are paid and accrued in accordance with generally accepted accounting principles are allowable.

(b) The following costs are unallowable:

(i) federal income taxes and federal excess profit taxes;

(ii) all taxes from which the contractor could have obtained an exemption, but failed to do so, except where the administrative cost of obtaining the exemption would have exceeded the tax savings realized from the exemption;

(iii) any interest, fines, or penalties paid on delinquent taxes unless incurred at the written direction of the procurement officer; and

(iv) income tax accruals designed to account for the tax effects of differences between taxable income and pretax income as reflected by the contractor's books of account and financial statements.

(c) Any refund of taxes which were allowed as a direct cost under the contract shall be credited to the contract. Any refund of taxes which were allowed as an indirect cost under a contract shall be credited to the indirect cost group applicable to any contracts being priced or costs being reimbursed during the period in which the refund is made.

(d) Direct government charges for services such as water, or capital improvements such as sidewalks, are not considered taxes and are allowable costs.

R33-7-106. Costs Requiring Prior Approval to be Allowable.

(1) General. The costs described in subsections (2), (3), (4), and (5) of this section are allowable as direct costs to cost-reimbursement type contracts to the extent that they have been approved in advance by the procurement officer. In other situations those costs are negotiable in accordance with general standards.

(2) Pre-Contract Costs. Pre-contract costs are those incurred prior to the effective date of the contract directly pursuant to, and in anticipation of, the award of the contract. These costs are allowable to the extent that they would have been allowable if incurred after the date of the contract; provided that, in the case of a cost-reimbursement type contract, a special provision must be inserted in the contract setting forth the period of time and maximum amount of cost which will be covered as allowable pre-contract costs.

(3) Bid and Proposal Costs. Bid and proposal costs are the costs incurred in preparing, submitting, and supporting bids and proposals. Reasonable ordinary bid and proposal costs are allowable as indirect costs. Bid and proposal costs are allowable as direct costs only to the extent that they are specifically permitted by a provision of the contract or solicitation document. Where bid and proposal costs are allowable as direct costs, to avoid double accounting, the same bid and proposal costs shall not be charged as indirect costs.

(4) Insurance.

(a) Insurance costs are the costs of obtaining insurance in connection with performance of the contract or contributions to a reserve account for the purpose of self-insurance. Ordinary and necessary insurance costs are allowable in accordance with these cost principles. Self-insurance contributions are allowable only to the extent of the cost to the contractor to obtain similar insurance.

(b) Insurance costs may be approved as a direct cost only if the insurance is specifically required for the performance of the contract.

(c) Actual losses which should reasonably have been covered by permissible insurance or were expressly covered by self insurance are unallowable unless the parties expressly agree otherwise in the terms of the contract.

(5) Litigation Costs. Litigation costs include all filing fees, legal fees, expert witness fees, and all other costs involved in litigating claims in court or before an administrative board. Litigation costs are allowable as indirect costs in accordance with these rules, except that costs incurred in litigation against the purchasing agency are unallowable.

R33-7-107. Applicable Credits.

(1) Definitions and Examples. Applicable credits are receipts or price reductions which offset or reduce expenditures allocable to contracts as direct or indirect costs. Examples include purchase discounts, rebates, allowance, recoveries or indemnification for losses, sale of scrap and surplus equipment and materials, adjustments for overpayments or erroneous charges, and income from employee recreational or incidental services and food sales.

(2) Reducing Costs. Credits shall be applied to reduce related direct or indirect costs.

(3) Refund. The purchasing agency shall be entitled to a cash refund if the related expenditures have been paid to the contractor under a cost-reimbursement type contract.

R33-7-108. Advance Agreements.

(1) Purpose. Both the purchasing agency and the contractor should seek to avoid disputes and litigation arising from potential problems by providing in the terms of the contract the treatment to be accorded special or unusual costs.

(2) Procedure Required. Advance agreements may be negotiated either before or after contract award, but shall be negotiated before a significant portion of the cost covered by the agreement has been incurred. Advance agreements shall be in writing, executed by both contracting parties, and incorporated in the contract.

(3) Limitation on Costs Covered. An advance agreement shall not provide for any treatment of costs inconsistent with these rules unless a determination has been made pursuant to Section 7-210.

R33-7-109. Use of Federal Cost Principles.

(1) Cost Negotiations. In dealing with contractors operating according to federal cost principles, such as Defense Acquisition Regulation, 48 CFR 901 (1993), or Federal Procurement Regulations, 48 CFR 901 (1993), the procurement officer, after notifying the contractor, may use the federal cost principles as guidance in contract negotiations, subject to subsection (2) of this section.

(2) Incorporation of Federal Cost Principles; Conflicts Between Federal Principles and this Part.

(a) In contracts not awarded under a program which is funded by federal assistance funds, the procurement officer may explicitly incorporate federal cost principles into a solicitation and thus into any contract awarded pursuant to that solicitation. The procurement officer and the contractor by mutual agreement may incorporate federal cost principles into a contract during negotiation or after award. In either instance, the language incorporating the federal cost principles shall clearly state that to the extent federal cost principles conflict with the rules issued pursuant to Section 63G-6-415(1), the state rules shall control.

(b) In contracts awarded under a program which is financed in whole or in part by federal assistance funds, all requirements set forth in the assistance document including specified federal cost principles, must be satisfied. To the

extent that the cost principles specified in the grant document conflict with the cost principles issued pursuant to Section 63G-6-415(1) of the Utah Procurement Code, the cost principles specified in the grant shall control.

R33-7-110. Authority to Deviate from Cost Principles.

If a procurement officer desires to deviate from the cost principles set forth in these rules, a written determination shall be made by the officer specifying the reasons for the deviation.

Notice of Continuation June 8, 2007

R37. Administrative Services, Risk Management.**R37-4. Adjusted Utah Governmental Immunity Act Limitations on Judgments.****R37-4-1. Authority and Calculation Process.**

Pursuant to UCA 63G-7-604(4)(b) (formerly 63-30d-604(4)(b)) the Risk Manager hereby establishes a new limitation of judgment.

Accordingly, the Risk Manager has calculated the consumer price index (CPI) for calendar years 2005 and 2007 using the standards provided in Sections 1(f)(4) and 1(f)(5) of the Internal Revenue Code. Section 1(f)(4) has defined the CPI for any calendar year to mean the average of the consumer price index as of the close of the 12-month period ending on August 31 of such calendar year. Section 1(f)(5) has defined "consumer price index" to mean the index used for all-urban consumers published by the Department of Labor. By applying these standards, the consumer price index for the calendar year 2005 is calculated to be 192.77 and the index for 2007 is 204.87. The percentage difference between the 2005 index and the 2007 index was then computed to be 6.3%.

R37-4-2. New Limitation of Judgment Amounts.

As a result of the above required calculations, the new limitation of judgment amounts currently required by UCA 63G-7-604(1) has been increased as follows, and is effective July 1, 2008:

1) The limit for damages for personal injury against a governmental entity, or an employee who a governmental entity has a duty to indemnify, is \$620,700 for one person in any one occurrence (instead of \$583,900), and \$2,126,000 aggregate amount of individual awards that be may awarded in relation to a single occurrence (instead of \$2,000,000); and

2) The limit for property damages (excluding damages awarded as compensation when a governmental entity has taken or damaged private property for public use without just compensation) against a governmental entity, or an employee whom a governmental entity has a duty to indemnify is \$248,300 in any one occurrence (instead of \$233,600).

R37-4-3. Limitations of Judgments by Calendar Date.

The limitation on judgments are established by the date of the occurrence. The dates and dollar amounts are as follows:

1) Incident(s) occurring before July 1, 2001 - \$250,000 for one person in an occurrence, \$500,000 aggregate for two or more persons in an occurrence; and \$100,000 for property damage for any one occurrence as explained in R37-4-2(2).

2) Incident(s) occurring on or after July 1, 2001 - \$500,000 for one person in an occurrence, \$1,000,000 aggregate for two or more persons in an occurrence; and \$200,000 for property damage for any one occurrence as explained in R37-4-2(2).

3) Incident(s) occurring on or after July 1, 2002 - \$532,500 for one person in an occurrence, \$1,065,000 aggregate for two or more persons in an occurrence; and \$213,000 for property damage for any one occurrence as explained in R37-4-2(2).

4) Incident(s) occurring on or after July 1, 2004 - \$553,500 for one person in an occurrence, \$1,107,000 aggregate for two or more persons in an occurrence, and \$221,400 for property damage for any one occurrence as explained in R37-4-2(2).

5) Incident(s) occurring on or after July 1, 2006 - \$583,900 for one person in an occurrence, \$1,167,900 aggregate for two or more persons in an occurrence, and \$233,600 for property damage for any one occurrence as explained in R37-4-2(2).

6) Incident(s) occurring on or after July 1, 2007 - \$583,900 for one person in an occurrence, \$2,000,000 aggregate for two or more persons in an occurrence, and \$233,600 for

property damage for any one occurrence as explained in R37-4-2(2).

7) Incident(s) occurring on or after July 1, 2008 - \$620,700 for one person in an occurrence, \$2,126,000 aggregate for two or more persons in an occurrence, and \$248,300 for property damage for any one occurrence as explained in R37-4-2(2).

Such seed may be recleaned under the supervision of the inspector and, if found to be free from noxious weed seeds, the same may be released for sale or distribution; otherwise, such seed shall be returned to point of origin, shipped to another state where such weed shall be returned to point of origin, shipped to another state where such weed seed is not noxious, or destroyed or processed in such a manner as to destroy viability of the weed seeds.

b. All mills and plants cleaning or processing any grains or other seeds shall be required to grind or otherwise treat all screenings containing noxious weed seeds so as to destroy such weed seeds to the extent that the above stated tolerance is not exceeded before allowing the same to be removed from the mill or plant. reduce the number of whole noxious weed seed to no more than six per pound.

6. Hay, Straw or Other Material of Similar Nature.

R68-9-5. Reports From Counties.

A. The Board of County Commissioners of each county, with the aid of their county Weed Board and their County Weed Supervisor, shall submit an "Annual Progress Report of County Noxious Weed Control Program" to the Commissioner of Agriculture and Food by January 15 of each year, covering the activities of the previous calendar year. Such public notice shall state that it is the duty of every property owner to control and prevent the spread of noxious weeds on any land in his possession, or under his control, and shall serve as a warning that if he fails to comply with this notice, enforced weed control measures may be imposed at the direction of county authorities. Such general notice shall also include a list of weeds declared noxious for the State of Utah and for said county, if any.

2. Individual Notice to Control Noxious Weeds.

Following publication of a general notice, if a County Weed Board determines that definite weed control measures are required to control noxious weeds on a particular property, the Board shall cause an individual notice to be served upon the owner or the person in possession of said property, giving specific instructions concerning when and how the noxious

weeds are to be controlled within a specified period of time. The individual notice shall also inform the property owner or operator of legal action which may be taken against him if he fails to comply with said notice.

3. Notification of Noxious Weed Lien Assessment.

If it is deemed advisable, the Board of County Commissioners may cause noxious weeds to be controlled on a particular property and any expenses incurred by the county shall be paid by the owner of record or the person in possession of the property. A notice shall be provided such person, showing an itemized cost statement of the labor and materials necessarily used in the work of said control measures. This notice shall also state that the expense constitutes a lien against the property and shall be added to the general taxes unless payment is made to the County Treasurer within 90 days.

The department is an Equal Opportunity Employer.

R81-1-5. Notice of Public Hearings and Meetings.

Notice of all department meetings and public hearings, other than disciplinary hearings, shall be done in the following manner:

(2) In the case of public meetings, notice shall be made as provided in Section 52-4-202.

(3) In the case of hearings, other than disciplinary hearings, public notice shall be made not less than ten days prior to the hearing.

(4) The procedure for posting public notice and the definition of public meeting for purposes of these rules, shall be the same as provided in Section 52-4-202.

R81-1-6. Violation Schedule.

(1) Authority. This rule is pursuant to Sections 32A-1-107(1)(c)(i), 32A-1-107(1)(e), 32A-1-107(4)(b), 32A-1-119(5), (6) and (7). These provisions authorize the commission to establish criteria and procedures for imposing sanctions against licensees and permittees and their officers, employees and agents who violate statutes and commission rules relating to alcoholic beverages. For purposes of this rule, holders of certificates of approval are also considered licensees. The commission may revoke or suspend the licenses or permits, and may impose a fine against a licensee or permittee in addition to or in lieu of a suspension. The commission also may impose a fine against an officer, employee or agent of a licensee or permittee. Violations are adjudicated under procedures contained in Section 32A-1-119 and disciplinary hearing Section R81-1-7.

(2) General Purpose. This rule establishes a schedule setting forth a range of penalties which may be imposed by the commission for violations of the alcoholic beverage laws. It shall be used by department decision officers in processing violations, and by presiding officers in charging violations, in assisting parties in settlement negotiations, and in recommending penalties for violations. The schedule shall be used by the commission in rendering its final decisions as to appropriate penalties for violations.

(3) Application of Rule.

(a) This rule governs violations committed by all commission licensees and permittees and their officers, employees and agents except single event permittees. Violations by single event permittees and their employees and agents are processed under Section 32A-7-106.

(b) This rule does not apply to situations where a licensee or permittee fails to maintain the minimum qualifications provided by law for holding a license or permit. These might include failure to maintain a bond or insurance, or a conviction for a criminal offense that disqualifies the licensee or permittee from holding the license or permit. These are fundamental licensing and permitting requirements and failure to maintain them may result in immediate suspension or forfeiture of the license or permit. Thus, they are not processed in accordance

with the Administrative Procedures Act, Title 63, Chapter 46b or Section R81-1-7. They are administered by issuance of an order to show cause requiring the licensee or permittee to provide the commission with proof of qualification to maintain their license or permit.

(c) If a licensee or permittee has not received a letter of admonishment, as defined in Sections R81-1-2 and R81-1-7(2)(b), or been found by the commission to be in violation of Utah statutes or commission rules for a period of 36 consecutive months, its violation record shall be expunged for purposes of determining future penalties sought. The expungement period shall run from the date the last offense was finally adjudicated by the commission.

(d) In addition to the penalty classifications contained in this rule, the commission may:

(i) upon revocation of a license or permit, take action to forfeit the bond of any licensee or permittee;

(ii) prohibit an officer, employee or agent of a licensee or permittee from serving, selling, distributing, manufacturing, wholesaling, warehousing, or handling alcoholic beverages in the course of employment with any commission licensee or permittee for a period determined by the commission;

(iii) order the removal of a manufacturer's, supplier's or importer's products from the department's sales list and a suspension of the department's purchase of those products for a period determined by the commission if the manufacturer, supplier, or importer directly committed the violation, or solicited, requested, commanded encouraged, or intentionally aided another to engage in the violation.

(iv) require a licensee to have a written responsible alcohol service plan as provided in R81-1-24.

(e) When the commission imposes a fine or administrative costs, it shall establish a date on which the payment is due. Failure of a licensee or permittee or its officer, employee or agent to make payment on or before that date shall result in the immediate suspension of the license or permit or the suspension of the employment of the officer, employee or agent to serve, sell, distribute, manufacture, wholesale, warehouse or handle alcoholic beverages with any licensee or permittee until payment is made. Failure of a licensee or permittee to pay a fine or administrative costs within 30 days of the initial date established by the commission shall result in the issuance of an order to show cause why the license or permit should not be revoked and the licensee's or permittee's compliance bond forfeited. The commission shall consider the order to show cause at its next regularly scheduled meeting.

(f) Violations of any local ordinance are handled by each individual local jurisdiction.

R81-1-7. Disciplinary Hearings.**(1) General Provisions.**

(a) This rule is promulgated pursuant to Section 32A-1-107(1)(c)(i) and shall govern the procedure for disciplinary actions under the jurisdiction of the commission. Package agencies are expressly excluded from the provisions of this rule, and are governed by the terms of the package agency contract.

(b) Liberal Construction. Provisions of this rule shall be liberally construed to secure just, speedy and economical determination of all issues presented in any disciplinary action.

(c) Emergency Adjudication Proceedings. The department or commission may issue an order on an emergency basis without complying with the Utah Administrative Procedures Act in accordance with the procedures outlined in Section 63-46b-20.

(d) Utah Administrative Procedures Act. Proceedings under this rule shall be in accordance with Title 63, Chapter 46b, Utah Administrative Procedures Act (UAPA), and Sections 32A-1-119 and -120.

(e) Penalties.

(i) This rule shall govern the imposition of any penalty against a commission licensee, permittee, or certificate of approval holder, an officer, employee or agent of a licensee, permittee, or certificate of approval holder, and a manufacturer, supplier or importer whose products are listed in this state.

(ii) Penalties may include a letter of admonishment, imposition of a fine, the suspension or revocation of a commission license, permit, or certificate of approval, the requirement that a licensee have a written responsible alcohol service plan as provided in R81-1-24, the assessment of costs of action, an order prohibiting an officer, employee or agent of a licensee, permittee, or certificate of approval holder, from serving, selling, distributing, manufacturing, wholesaling, warehousing, or handling alcoholic beverages in the course of employment with any commission licensee, permittee, or certificate of approval holder for a period determined by the commission, the forfeiture of bonds, an order removing a manufacturer's, supplier's or importer's products from the department's sales list and a suspension of the department's purchase of those products for a period determined by the commission, and an order removing the products of a certificate of approval holder from the state approved sales list, and a suspension of the purchase of the products in the state.

(iii) Department administrative costs are the hourly pay rate plus benefits of each department employee involved in processing and conducting the adjudicative proceedings on the violation, an hourly charge for department overhead costs, the amount billed the department by an independent contractor for services rendered in conjunction with an adjudicative proceeding, and any additional extraordinary or incidental costs incurred by the department. The commission may also assess additional costs if a respondent fails to appear before the commission at the final stage of the adjudicative process. Department overhead costs are calculated by taking the previous year's total department expenditures less staff payroll charges expended on violations, dividing it by the previous year's total staff hours spent on violations, and multiplying this by a rate derived by taking the previous year's total staff payroll spent on violations to the previous year's total payroll of all office employees. The overhead cost figure shall be recalculated at the beginning of each fiscal year.

(f) Perjured Statements. Any person who makes any false or perjured statement in the course of a disciplinary action is subject to criminal prosecution under Section 32A-12-304.

(g) Service. Service of any document shall be satisfied by service personally or by certified mail upon any respondent, or upon any officer or manager of a corporate or limited liability company respondent, or upon an attorney for a respondent, or by service personally or by certified mail to the last known

address of the respondent or any of the following:

(i) Service personally or by certified mail upon any employee working in the respondent's premises; or

(ii) Posting of the document or a notice of certified mail upon a respondent's premises; or

(iii) Actual notice. Proof of service shall be satisfied by a receipt of service signed by the person served or by a certificate of service signed by the person served, or by certificate of service signed by the server, or by verification of posting on the respondent's premises.

(h) Filing of Pleadings or Documents. Filing by a respondent of any pleading or document shall be satisfied by timely delivery to the department office, 1625 South 900 West, Salt Lake City, or by timely delivery to P. O. Box 30408, Salt Lake City, Utah 84130-0408.

(i) Representation. A respondent who is not a corporation or limited liability company may represent himself in any disciplinary action, or may be represented by an agent duly authorized by the respondent in writing, or by an attorney. A corporate or limited liability company respondent may be represented by a member of the governing board of the corporation or manager of the limited liability company, or by a person duly authorized and appointed by the respondent in writing to represent the governing board of the corporation or manager of the limited liability company, or by an attorney.

(j) Presiding Officers.

(i) The commission or the director may appoint presiding officers to receive evidence in disciplinary proceedings, and to submit to the commission orders containing written findings of fact, conclusions of law, and recommendations for commission action.

(ii) If fairness to the respondent is not compromised, the commission or director may substitute one presiding officer for another during any proceeding.

(iii) A person who acts as a presiding officer at one phase of a proceeding need not continue as presiding officer through all phases of a proceeding.

(iv) Nothing precludes the commission from acting as presiding officer over all or any portion of an adjudication proceeding.

(v) At any time during an adjudicative proceeding the presiding officer may hold a conference with the department and the respondent to:

(A) encourage settlement;

(B) clarify issues;

(C) simplify the evidence;

(D) expedite the proceedings; or

(E) facilitate discovery, if a formal proceeding.

(k) Definitions. The definitions found in Sections 32A-1-105 and Title 63, Chapter 46b apply to this rule.

(l) Computation of Time. The time within which any act shall be done shall be computed by excluding the first day and including the last day, unless the last day is a Saturday, Sunday, or state or federal holiday, in which case the next business day shall count as the last day.

(m) Default.

(i) The presiding officer may enter an order of default against a respondent if the respondent in an adjudicative proceeding fails to attend or participate in the proceeding.

(ii) The order shall include a statement of the grounds for default, and shall be mailed to the respondent and the department.

(iii) A defaulted respondent may seek to have the default order set aside according to procedures outlined in the Utah Rules of Civil Procedure.

(iv) After issuing the order of default, the commission or presiding officer shall conduct any further proceedings necessary to complete the adjudicative proceeding without the participation of the respondent in default and shall determine all

issues in the adjudicative proceeding, including those affecting the defaulting respondent.

(2) Pre-adjudication Proceedings.

(a) Staff Screening. Upon receipt of a violation report, a decision officer of the department shall review the report, and the alleged violator's violation history, and in accordance with R81-1-6, determine the range of penalties which may be assessed should the alleged violator be found guilty of the alleged violation.

(b) Letters of Admonishment. Because letters of admonishment are not "state agency actions" under Section 63-46b-1(1)(a), no adjudicative proceedings are required in processing them, and they shall be handled in accordance with the following procedures:

(i) If the decision officer of the department determines that the alleged violation does not warrant an administrative fine, or suspension or revocation of the license, permit, or certificate of approval, or action against an officer, employee or agent of a licensee, permittee, or certificate of approval holder, or against a manufacturer, supplier or importer of products listed in this state, a letter of admonishment may be sent to the respondent.

(ii) A letter of admonishment shall set forth in clear and concise terms:

(A) The case number assigned to the action;

(B) The name of the respondent;

(C) The alleged violation, together with sufficient facts to put a respondent on notice of the alleged violations and the name of the agency or staff member making the report;

(D) Notice that a letter of admonishment may be considered as a part of the respondent's violation history in assessing appropriate penalties in future disciplinary actions against the respondent; and

(E) Notice that a rebuttal is permitted under these rules within ten days of service of the letter of admonishment.

(F) Notice that the letter of admonishment is subject to the approval of the commission.

(iii) A copy of the law enforcement agency or department staff report shall accompany the letter of admonishment. The decision officer shall delete from the report any information that might compromise the identity of a confidential informant or undercover agent.

(iv) A respondent may file a written rebuttal with the department within ten days of service of the letter of admonishment. The rebuttal shall be signed by the respondent, or by the respondent's authorized agent or attorney, and shall set forth in clear and concise terms:

(A) The case number assigned to the action;

(B) The name of the respondent;

(C) Any facts in defense or mitigation of the alleged violation, and a brief summary of any attached evidence. The rebuttal may be accompanied by supporting documents, exhibits, or signed statements.

(v) If the decision officer is satisfied, upon receipt of a rebuttal, that the letter of admonishment was not well taken, it may be withdrawn and the letter and rebuttal shall be expunged from the respondent's file. Letters of admonishment so withdrawn shall not be considered as a part of the respondent's violation history. If no rebuttal is received, or if the decision officer determines after receiving a rebuttal that the letter of admonishment is justified, the matter shall be submitted to the commission for final approval. Upon commission approval, the letter of admonishment, together with any written rebuttal, shall be placed in the respondent's department file and may be considered as part of the respondent's violation history in assessing appropriate penalties in future disciplinary actions against the respondent. If the commission rejects the letter of admonishment, it may either direct the decision officer to dismiss the matter, or may direct that an adjudicative proceeding be commenced seeking a more severe penalty.

(vi) At any time prior to the commission's final approval of a letter of admonishment, a respondent may request that the matter be processed under the adjudicative proceeding process.

(c) Commencement of Adjudicative Proceedings.

(i) Alleged violations shall be referred to a presiding officer for commencement of adjudicative proceedings under the following circumstances:

(A) the decision officer determines during screening that the case does not fit the criteria for issuance of a letter of admonishment under section (2)(b)(i);

(B) a respondent has requested that a letter of admonishment be processed under the adjudicative proceeding process; or

(C) the commission has rejected a letter of admonishment and directed that an adjudicative proceeding be commenced seeking a more severe penalty.

(ii) All adjudicative proceedings shall commence as informal proceedings.

(iii) At any time after commencement of informal adjudicative proceedings, but before the commencement of a hearing, if the department determines that it will seek administrative fines exceeding \$3000, a suspension of the license, permit or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), the presiding officer shall convert the matter to a formal adjudicative proceeding.

(iv) At any time before a final order is issued, a presiding officer may convert an informal proceeding to a formal proceeding if conversion is in the public interest and does not unfairly prejudice the rights of any party.

(3) The Informal Process.

(a) Notice of agency action.

(i) Upon referral of a violation report from the decision officer for commencement of informal adjudicative proceedings, the presiding officer shall issue and sign a written "notice of agency action" which shall set forth in clear and concise terms:

(A) The names and mailing addresses of all persons to whom notice is being given by the presiding officer, and the name, title, and mailing address of any attorney or employee who has been designated to appear for the department;

(B) The department's case number;

(C) The name of the adjudicative proceeding, "DABC vs. _____";

(D) The date that the notice of agency action was mailed;

(E) A statement that the adjudicative proceeding is to be conducted informally according to the provisions of this rule and Sections 63-46b-4 and -5 unless a presiding officer converts the matter to a formal proceeding pursuant to Sections (2)(c)(iii) or (iv) of this rule, in which event the proceeding will be conducted formally according to the provisions of this rule and Sections 63-46b-6 to -11;

(F) The date, time and place of any prehearing conference with the presiding officer;

(G) A statement that a respondent may request a hearing for the purpose of determining whether the violation(s) alleged in the notice of agency action occurred, and if so, the penalties that should be imposed;

(H) A statement that a respondent who fails to attend or participate in any hearing may be held in default;

(I) A statement of the legal authority and jurisdiction under which the adjudicative proceeding is to be maintained;

(J) A statement of the purpose of the adjudicative proceeding and questions to be decided including:

(I) the alleged violation, together with sufficient facts to put the respondent on notice of the alleged violation and the name of the agency or department staff member making the violation report;

(II) the penalty sought, which may include assessment of costs under Section 32A-1-119(5)(c) and (d) if the respondent

is found guilty of the alleged violation, and forfeiture of any compliance bond on final revocation under Section 32A-1-119(5)(f) if revocation is sought by the department;

(K) Any violation history of the respondent which may be considered in assessing an appropriate penalty should the respondent be found guilty of the alleged violation; and

(L) The name, title, mailing address, and telephone number of the presiding officer.

(ii) A copy of the law enforcement agency or staff report shall accompany the notice of agency action. The presiding officer shall delete from the report any information that might compromise the identity of a confidential informant or undercover agent.

(iii) The notice of agency action and any subsequent pleading in the case shall be retained in the respondent's department file.

(iv) The notice of agency action shall be mailed to each respondent, any attorney representing the department, and, if applicable, any law enforcement agency that referred the alleged violation to the department.

(v) The presiding officer may permit or require pleadings in addition to the notice of agency action. All additional pleadings shall be filed with the presiding officer, with copies sent by mail to each respondent and to the department.

(vi) Amendment to Pleading. The presiding officer may, upon motion of the respondent or department made at or before the hearing, allow any pleading to be amended or corrected. Defects which do not substantially prejudice a respondent or the department shall be disregarded.

(vii) Signing of Pleading. Pleadings shall be signed by the department or respondent, or their authorized attorney or representative, and shall show the signer's address and telephone number. The signature shall be deemed to be a certification by the signer that he has read the pleading and that he has taken reasonable measures to assure its truth.

(b) The Prehearing Conference.

(i) The presiding officer may hold a prehearing conference with the respondent and the department to encourage settlement, clarify issues, simplify the evidence, or expedite the proceedings.

(ii) All or part of any adjudicative proceeding may be stayed at any time by a written settlement agreement signed by the department and respondent or their authorized attorney or representative, and by the presiding officer. The stay shall take effect immediately upon the signing of the settlement agreement, and shall remain in effect until the settlement agreement is approved or rejected by the commission. No further action shall be required with respect to any action or issue so stayed until the commission has acted on the settlement agreement.

(iii) A settlement agreement approved by the commission shall constitute a final resolution of all issues agreed upon in the settlement. No further proceedings shall be required for any issue settled. The approved settlement shall take effect by its own terms and shall be binding upon the respondent and the department. Any breach of a settlement agreement by a respondent may be treated as a separate violation and shall be grounds for further disciplinary action. Additional sanctions stipulated in the settlement agreement may also be imposed.

(iv) If the settlement agreement is rejected by the commission, the action shall proceed in the same posture as if the settlement agreement had not been reached, except that all time limits shall have been stayed for the period between the signing of the agreement and the commission rejection of the settlement agreement.

(v) If the matter cannot be resolved by settlement agreement, the department shall notify the respondent and the presiding officer whether it will seek administrative fines exceeding \$3000, a suspension of the license, permit or certificate of approval for more than ten days, or a revocation of

the license, permit, or certificate of approval for the alleged violation(s).

(vi) If the department does not seek administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), any hearing on the matter shall be adjudicated informally.

(vii) If the department does seek administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), the presiding officer shall convert the matter to a formal adjudicative proceeding, and any hearing on the matter shall be adjudicated formally. The department may waive the formal adjudicative proceeding requirement that the respondent file a written response to the notice of agency action.

(c) The Informal Hearing.

(i) The presiding officer shall notify the respondent and department in writing of the date, time and place of the hearing at least ten days in advance of the hearing. Continuances of scheduled hearings are not favored, but may be granted by the presiding officer for good cause shown. Failure by a respondent to appear at the hearing after notice has been given shall be grounds for default and shall waive both the right to contest the allegations, and the right to the hearing. The presiding officer shall proceed to prepare and serve on respondent an order pursuant to R81-1-7(3)(d).

(ii) All hearings shall be presided over by the presiding officer.

(iii) The respondent named in the notice of agency action and the department shall be permitted to testify, present evidence, and comment on the issues. Formal rules of evidence shall not apply, however, the presiding officer:

(A) may exclude evidence that is irrelevant, immaterial or unduly repetitious;

(B) shall exclude evidence privileged in the courts of Utah;

(C) shall recognize presumptions and inferences recognized by law;

(D) may receive documentary evidence in the form of a copy or excerpt if the copy or excerpt contains all the pertinent portions of the original document;

(E) may take official notice of any facts that could be judicially noticed under the Utah Rules of Evidence, of the record of other proceedings before the commission, and of technical or scientific facts within the commission's specialized knowledge;

(F) may not exclude evidence solely because it is hearsay; and

(G) may use his experience, technical competence, and specialized knowledge to evaluate the evidence.

(iv) All testimony shall be under oath.

(v) Discovery is prohibited.

(vi) Subpoenas and orders to secure the attendance of witnesses or the production of evidence shall be issued by the presiding officer when requested by a respondent or the department, or may be issued by the presiding officer on his own motion.

(vii) A respondent shall have access to information contained in the department's files and to material gathered in the investigation of respondent to the extent permitted by law.

(viii) Intervention is prohibited.

(ix) The hearing shall be open to the public, provided that the presiding officer may order the hearing closed upon a written finding that the public interest in an open meeting is clearly outweighed by factors enumerated in the closure order. The presiding officer may take appropriate measures necessary to preserve the integrity of the hearing.

(x) Record of Hearing. The presiding officer shall cause an official record of the hearing to be made, at the department's expense, as follows:

(A) The record of the proceedings may be made by means of an audio or video recorder or other recording device at the department's expense.

(B) The record may also be made by means of a certified shorthand reporter employed by the department or by a party desiring to employ a certified shorthand reporter at its own cost in the event that the department chooses not to employ a reporter. If a party employs a certified shorthand reporter, the original transcript of the hearing shall be filed with the department. Those desiring a copy of the certified shorthand reporter's transcript may purchase it from the reporter.

(C) Any respondent, at his own expense, may have a person approved by the department, prepare a transcript of the hearing, subject to any restrictions that the department is permitted by statute to impose to protect confidential information disclosed at the hearing. Whenever a transcript or audio or video recording of a hearing is made, it will be available at the department for use by the parties, but the original transcript or recording may not be withdrawn.

(D) The department shall retain the record of the evidentiary hearing for a minimum of one year from the date of the hearing, or until the completion of any court proceeding on the matter.

(xi) The presiding officer may grant continuances or recesses as necessary.

(xii) Order of presentation. Unless otherwise directed by the presiding officer at the hearing, the order of procedure and presentation of evidence will be as follows: (1) department; (2) respondent; (3) rebuttal by department.

(xiii) Time limits. The presiding officer may set reasonable time limits for the presentations described above.

(xiv) Continuances of the hearing. Any hearing may be continued to a time and date certain announced at the hearing, which shall not require any new notification. The continuance of the hearing may be made upon motion of a respondent or the department indicating good cause why a continuance is necessary. The continuance of the hearing may also be made upon the motion of the presiding officer when in the public interest.

(xv) Oral Argument and Briefs. Upon the conclusion of the taking of evidence, the presiding officer may, in his discretion, permit a respondent and the department to make oral arguments or submit additional briefs or memoranda upon a schedule to be designated by the presiding officer.

(d) Disposition.

(i) Presiding Officer's Order; Objections.

(A) Within a reasonable time after the close of the hearing, the presiding officer shall issue a signed order in writing that includes the following:

(I) the decision;

(II) the reasons for the decision;

(III) findings of facts;

(IV) conclusions of law;

(V) recommendations for final commission action;

(VI) notice that a respondent or the department having objections to the presiding officer's order may file written objections with the presiding officer within ten days of service of the order, setting forth the particulars in which the report is alleged to be unfair, inaccurate, incomplete, unreasonable, unlawful or not supported by the evidence.

(B) The order shall be based on the facts appearing in the department's files and on the facts presented in evidence at the informal hearing. Any finding of fact that was contested may not be based solely on hearsay evidence. The findings of fact shall be based upon a preponderance of the evidence. The order shall not recommend a penalty more severe than that sought in

the notice of agency action, and in no event may it recommend administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval.

(C) A copy of the presiding officer's order shall be promptly mailed to the respondent and the department.

(D) The presiding officer shall wait ten days from service of his order for written objections, if any. The presiding officer may then amend or supplement his findings of fact, conclusions of law, and recommendations to reflect those objections which have merit or which are not disputed.

(E) Upon expiration of the time for filing written objections, the order of the presiding officer and any written objections timely filed, shall be submitted to the commission for final consideration.

(ii) Commission Action.

(A) Upon expiration of the time for filing objections, the order shall be placed on the next available agenda of a regular commission meeting for consideration by the commission. Copies of the order, together with any objections filed shall be forwarded to the commission, and the commission shall finally decide the matter on the basis of the order and any objections submitted.

(B) The commission shall be deemed a substitute presiding officer for this final stage of the informal adjudicative proceeding pursuant to Sections 63-46b-2(1)(h)(ii) and (iii). This stage is not considered a "review of an order by an agency or a superior agency" under Sections 63-46b-12 and -13.

(C) No additional evidence shall be presented to the commission. The commission may, in its discretion, permit the respondent and department to present oral presentations.

(D) After the commission has reached a final decision, it shall issue or cause to be issued a signed, written order pursuant to Section 32A-1-119(3)(c) and (6) and 63-46b-5(1)(i), containing:

(I) the decision;

(II) the reasons for the decision;

(III) findings of fact;

(IV) conclusions of law;

(V) action ordered by the commission and effective date of the action taken;

(VI) notice of the right to seek judicial review of the order within 30 days from the date of its issuance in the district court in accordance with Sections 63-46b-14, -15, -17, and -18, and 32A-1-119 and -120.

(E) The commission may adopt in whole or in part, any portion(s) of the initial presiding officer's order.

(F) The order shall be based on the facts appearing in the department's files and on the facts presented in evidence at the informal hearing.

(G) The order shall not impose a penalty more severe than that sought in the notice of agency action, and in no event may it impose administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval.

(H) The commission, after it has rendered its final decision and order, may direct the department director to prepare, issue, and cause to be served on the parties the final written order on behalf of the commission.

(I) A copy of the commission's order shall be promptly mailed to the parties.

(e) Judicial Review.

(i) Any petition for judicial review of the commission's final order must be filed within 30 days from the date the order is issued.

(ii) Appeals from informal adjudicative proceedings shall be to the district court in accordance with Sections 63-46b-15, -17, and -18, and 32A-1-119 and -120.

(4) The Formal Process.

(a) Conversion Procedures. If a presiding officer converts an informal adjudicative proceeding to a formal adjudicative proceeding pursuant to sections (2)(c)(iii) or (iv):

(i) the presiding officer shall notify the parties that the adjudicative proceeding is to be conducted formally according to the provisions of this rule and Sections 63-46b-6 to -11;

(ii) the case shall proceed without requiring the issuance of a new or amended notice of agency action;

(iii) the respondent shall be required to file a written response to the original notice of agency action within 30 days of the notice of the conversion of the adjudicative proceeding to a formal proceeding, unless this requirement is waived by the department. Extensions of time to file a response are not favored, but may be granted by the presiding officer for good cause shown. Failure to file a timely response shall waive the respondent's right to contest the matters stated in the notice of agency action, and the presiding officer may enter an order of default and proceed to prepare and serve his final order pursuant to R81-1-7(4)(e). The response shall be signed by the respondent, or by an authorized agent or attorney of the respondent, and shall set forth in clear and concise terms:

(A) the case number assigned to the action;

(B) the name of the adjudicative proceeding, "DABC vs. ";

(C) the name of the respondent;

(D) whether the respondent admits, denies, or lacks sufficient knowledge to admit or deny each allegation stated in the notice of agency action, in which event the allegation shall be deemed denied;

(E) any facts in defense or mitigation of the alleged violation or possible penalty;

(F) a brief summary of any attached evidence. Any supporting documents, exhibits, signed statements, transcripts, etc., to be considered as evidence shall accompany the response;

(G) a statement of the relief the respondent seeks;

(H) a statement summarizing the reasons that the relief requested should be granted.

(iv) the presiding officer may permit or require pleadings in addition to the notice of agency action and the response. All additional pleadings shall be filed with the presiding officer, with copies sent by mail to each party.

(v) the presiding officer may, upon motion of the responsible party made at or before the hearing, allow any pleading to be amended or corrected. Defects which do not substantially prejudice any of the parties shall be disregarded;

(vi) Pleadings shall be signed by the party or the party's attorney and shall show the signer's address and telephone number. The signature shall be deemed to be a certification by the signer that he has read the pleading and that he has taken reasonable measures to assure its truth;

(b) Intervention.

(i) Any person not a party may file a signed, written petition to intervene in a formal adjudicative proceeding with the presiding officer. The person who wishes to intervene shall mail a copy of the petition to each party. The petition shall include:

(A) the agency's case number;

(B) a statement of facts demonstrating that the petitioner's legal rights or interests are substantially affected by the formal adjudicative proceedings or that the petitioner qualifies as an intervenor under any provision of law; and

(C) a statement of the relief that the petitioner seeks from the agency;

(ii) Response to Petition. Any party to a proceeding into which intervention is sought may make an oral or written response to the petition for intervention. The response shall state the basis for opposition to intervention and may suggest limitations to be placed upon the intervenor if intervention is

granted. The response must be presented or filed at or before the hearing.

(iii) Granting of Petition. The presiding officer shall grant a petition for intervention if the presiding officer determines that:

(A) the petitioner's legal interests may be substantially affected by the formal adjudicative proceeding; and

(B) the interests of justice and the orderly and prompt conduct of the adjudicative proceedings will not be materially impaired by allowing the intervention.

(iv) Order Requirements.

(A) Any order granting or denying a petition to intervene shall be in writing and sent by mail to the petitioner and each party.

(B) An order permitting intervention may impose conditions on the intervenor's participation in the adjudicative proceeding that are necessary for a just, orderly, and prompt conduct of the adjudicative proceeding.

(C) The presiding officer may impose conditions at any time after the intervention.

(D) If it appears during the course of the proceeding that an intervenor has no direct or substantial interest in the proceeding and that the public interest does not require the intervenor's participation, the presiding officer may dismiss the intervenor from the proceeding.

(E) In the interest of expediting a hearing, the presiding officer may limit the extent of participation of an intervenor. Where two or more intervenors have substantially like interests and positions, the presiding officer may at any time during the hearing limit the number of intervenors who will be permitted to testify, cross-examine witnesses or make and argue motions and objections.

(c) Discovery and Subpoenas.

(i) Discovery. Upon the motion of a party and for good cause shown that it is to obtain relevant information necessary to support a claim or defense, the presiding officer may authorize the manner of discovery against another party or person, including the staff, as may be allowed by the Utah Rules of Civil Procedure.

(ii) Subpoenas. Subpoenas and orders to secure the attendance of witnesses or the production of evidence in formal adjudicative proceedings shall be issued by the presiding officer when requested by any party, or may be issued by the presiding officer on his own motion.

(d) The Formal Hearing.

(i) Notice. The presiding officer shall notify the parties in writing of the date, time, and place of the hearing at least ten days in advance of the hearing. The presiding officer's name, title, mailing address, and telephone number shall be provided to the parties. Continuances of scheduled hearings are not favored, but may be granted by the presiding officer for good cause shown. Failure to appear at the hearing after notice has been given shall be grounds for default and shall waive both the respondent's right to contest the allegations, and the respondent's right to the hearing. The presiding officer shall proceed to prepare and serve on respondent his order pursuant to R81-1-7(4)(e).

(ii) Public Hearing. The hearing shall be open to all parties. It shall also be open to the public, provided that the presiding officer may order the hearing closed upon a written finding that the public interest in an open hearing is clearly outweighed by factors enumerated in the closure order. The presiding officer may take appropriate measures necessary to preserve the integrity of the hearing.

(iii) Rights of Parties. The presiding officer shall regulate the course of the hearings to obtain full disclosure of relevant facts and to afford all the parties reasonable opportunity to present their positions, present evidence, argue, respond, conduct cross-examinations, and submit rebuttal evidence.

(iv) Public Participation. The presiding officer may give persons not a party to the adjudicative proceeding the opportunity to present oral or written statements at the hearing.

(v) Rules of Evidence. Technical rules of evidence shall not apply. Any reliable evidence may be admitted subject to the following guidelines. The presiding officer:

(A) may exclude evidence that is irrelevant, immaterial or unduly repetitious;

(B) shall exclude evidence privileged in the courts of Utah;

(C) shall recognize presumptions and inferences recognized by law;

(D) may receive documentary evidence in the form of a copy or excerpt if the copy or excerpt contains all the pertinent portions of the original document.

(E) may take official notice of any facts that could be judicially noticed under the Utah Rules of Evidence, of the record of other proceedings before the agency, and of technical or scientific facts within the agency's specialized knowledge;

(F) may not exclude evidence solely because it is hearsay; and

(G) may use his experience, technical competence, and specialized knowledge to evaluate the evidence.

(vi) Oath. All testimony presented at the hearing, if offered as evidence to be considered in reaching a decision on the merits, shall be given under oath.

(vii) Order of presentation. Unless otherwise directed by the presiding officer at the hearing, the order of procedure and presentation of evidence will be as follows: (1) agency; (2) respondent; (3) intervenors (if any); (4) rebuttal by agency.

(viii) Time limits. The presiding officer may set reasonable time limits for the presentations described above.

(ix) Continuances of the hearing. Any hearing may be continued to a time and date certain announced at the hearing, which shall not require any new notification. The continuance of the hearing may be made upon motion of a party indicating good cause why a continuance is necessary. The continuance of the hearing may also be made upon the motion of the presiding officer when in the public interest.

(x) Oral Argument and Briefs. Upon the conclusion of the taking of evidence, the presiding officer may, in his discretion, permit the parties to make oral arguments or submit additional briefs or memoranda upon a schedule to be designated by the presiding officer.

(xi) Record of Hearing. The presiding officer shall cause an official record of the hearing to be made, at the agency's expense, as follows:

(A) The record may be made by means of an audio or video recorder or other recording device at the department's expense.

(B) The record may also be made by means of a certified shorthand reporter employed by the department or by a party desiring to employ a certified shorthand reporter at its own cost in the event that the department chooses not to employ a reporter. If a party employs a certified shorthand reporter, the original transcript of the hearing shall be filed with the department. Those desiring a copy of the certified shorthand reporter's transcript may purchase it from the reporter.

(C) Any respondent, at his own expense, may have a person approved by the department prepare a transcript of the hearing, subject to any restrictions that the agency is permitted by statute to impose to protect confidential information disclosed at the hearing. Whenever a transcript or audio or video recording of a hearing is made, it will be available at the department for use by the parties, but the original transcript or recording may not be withdrawn.

(D) The department shall retain the record of the evidentiary hearing for a minimum of one year from the date of the hearing, or until the completion of any court proceeding on the matter.

(xii) Failure to appear. Inexcusable failure of the respondent to appear at a scheduled evidentiary hearing after receiving proper notice constitutes an admission of the charged violation. The validity of any hearing is not affected by the failure of any person to attend or remain in attendance pursuant to Section 32A-1-119(5)(c).

(e) Disposition.

(i) Presiding Officer's Order; Objections.

(A) Within a reasonable time of the close of the hearing, or after the filing of any post-hearing papers permitted by the presiding officer, the presiding officer shall sign and issue a written order that includes the following:

(I) the findings of fact based exclusively on evidence found in the record of the adjudicative proceedings, or facts officially noted. No finding of fact that was contested may be based solely on hearsay evidence. The findings of fact shall be based upon a preponderance of the evidence, except if the respondent fails to respond as per R81-1-7(4)(a)(iii), then the findings of fact shall adopt the allegations in the notice of agency action;

(II) conclusions of law;

(III) the decision;

(IV) the reasons for the decision;

(V) recommendations for final commission action. The order shall not recommend a penalty more severe than that sought in the notice of agency action;

(VI) notice that a respondent or the department having objections to the presiding officer's order may file written objections with the presiding officer within ten days of service of the order setting forth the particulars in which the report is alleged to be unfair, inaccurate, incomplete, unreasonable, unlawful, or not supported by the evidence.

(B) A copy of the presiding officer's order shall be promptly mailed to the parties.

(C) The presiding officer shall wait ten days from service of his order for written objections, if any. The presiding officer may then amend or supplement his findings of fact, conclusions of law, and recommendations to reflect those objections which have merit and which are not disputed.

(D) Upon expiration of the time for filing written objections, the order of the presiding officer and any written objections timely filed, shall be submitted to the commission for final consideration.

(ii) Commission Action.

(A) Upon expiration of the time for filing objections, the order shall be placed on the next available agenda of a regular commission meeting for consideration by the commission. Copies of the order, together with any objections filed by the respondent, shall be forwarded to the commission, and the commission shall finally decide the matter on the basis of the order and any objections submitted.

(B) The commission shall be deemed a substitute presiding officer for this final stage of the formal adjudicative proceeding pursuant to Sections 63-46b-2(h)(ii) and (iii). This stage is not considered a "review of an order by an agency or a superior agency" under Sections 63-46b-12 and -13.

(C) No additional evidence shall be presented to the commission. The commission may, in its discretion, permit the parties to present oral presentations.

(D) After the commission has reached a final decision, it shall issue or cause to be issued a signed, written order pursuant to Section 32A-1-119(3)(c) and (6) and 63-46b-10(1) that includes:

(I) findings of fact based exclusively on evidence found in the record of the adjudicative proceedings, or facts officially noted. No finding of fact that was contested may be based solely on hearsay evidence. The findings of fact shall be based upon a preponderance of the evidence, except if the respondent fails to respond as per R81-1-7(4)(a)(iii), then the findings of

fact shall adopt the allegations in the notice of agency action and the respondent is considered in default;

(II) conclusions of law;

(III) the decision;

(IV) the reasons for the decision;

(V) action ordered by the commission and effective date of the action taken. The order shall not impose a penalty more severe than that sought in the notice of agency action;

(VI) notice of the right to file a written request for reconsideration within ten days of the service of the order;

(VII) notice of the right to seek judicial review of the order within thirty days of the date of its issuance in the court of appeals in accordance with Sections 32A-1-120 and 63-46b-16, -17, and -18.

(E) The commission may adopt in whole or in part, any portion(s) of the initial presiding officer's order.

(F) The commission may use its experience, technical competence and specialized knowledge to evaluate the evidence.

(G) The commission, after it has rendered its final decision and order, may direct the department director to prepare, issue, and cause to be served on the parties the final written order on behalf of the commission.

(H) A copy of the commission's order shall be promptly mailed to the parties.

(I) A respondent having objections to the order of the commission may file, within ten days of service of the order, a request for reconsideration with the commission, setting forth the particulars in which the order is unfair, unreasonable, unlawful, or not supported by the evidence. If the request is based upon newly discovered evidence, the petition shall be accompanied by a summary of the new evidence, with a statement of reasons why the respondent could not with reasonable diligence have discovered the evidence prior to the formal hearing, and why the evidence would affect the commission's order.

(J) The filing of a request for reconsideration is not a prerequisite for seeking judicial review of the commission's order.

(K) Within twenty days of the filing of a request for reconsideration, the commission may issue or cause to be issued a written order granting the request or denying the request in whole or in part. If the request is granted, it shall be limited to the matter specified in the order. Upon reconsideration, the commission may confirm its former order or vacate, change or modify the same in any particular, or may remand for further action. The final order shall have the same force and effect as the original order.

(L) If the commission does not issue an order within twenty days after the filing of the request, the request for reconsideration shall be considered denied.

(f) Judicial Review.

(i) Respondent may file a petition for judicial review of the commission's final order within 30 days from the date the order is issued.

(ii) Appeals from formal adjudicative proceedings shall be to the Utah Court of Appeals in accordance with Sections 63-46b-16, -17, and -18, and Section 32A-1-120.

R81-1-8. Consent Calendar Procedures.

(1) Authority. This rule is pursuant to the commission's authority to establish procedures for suspending or revoking permits, licenses, and package agencies under 32A-1-107(1)(b) and (e), and the commission's authority to adjudicate violations of Title 32A.

(2) Purpose. This rule establishes a consent calendar procedure for handling letters of admonishment issued and settlement agreements proposed pursuant to R81-1-7 that meet the following criteria:

(a) Uncontested letters of admonishment where no written

objections have been received from the respondent; and

(b) Settlement agreements except those where the respondent is allowed to present further argument to the commission under the terms of the settlement agreement.

(3) Application of the Rule.

(a) A consent calendar may be utilized by the commission at their meetings to expedite the handling of letters of admonishment and settlement agreements that meet the criteria of Section (2).

(b) Consent calendar items shall be briefly summarized by department staff or the assistant attorney general assigned to the department. The summary shall describe the nature of the violations and the penalties sought.

(c)(i) The commission shall be furnished in advance of the meeting a copy of each letter of admonishment and settlement agreement on the consent calendar and any documents essential for the commission to make an informed decision on the matter.

(ii) If the case involves anything unusual or out of the ordinary, it shall be highlighted on the letter of admonishment or settlement agreement and shall be noted by the department staff person or assistant attorney general during the summary of the case.

(iii) Settlement agreements on the consent calendar shall include specific proposed dates for the suspension of any license or permit, and for payment of any fines or administrative costs.

(d) If the case involves a serious or grave violation as defined in R81-1-6, the licensee or permittee, absent good cause, shall be in attendance at the commission meeting. The licensee or permittee shall be present not to make a presentation, but to respond to any questions from the commission. Individual employees of a licensee or permittee are not required to be in attendance at the commission meeting.

(e) Any commissioner may have an item removed from the consent calendar if the commissioner feels that further inquiry is necessary before reaching a final decision. In the event a commissioner elects to remove an item from the consent calendar, and the licensee or permittee is not in attendance, the matter may be rescheduled for the next regular commission meeting. Otherwise, the action recommended by department staff or the assistant attorney general presenting the matter shall be approved by unanimous consent of the commission.

(f) All consent calendar items shall be approved in a single motion at the conclusion of the presentation of the summary.

(g) All fines and administrative costs shall be paid on or before the day of the commission meeting unless otherwise provided by order of the commission.

R81-1-9. Liquor Dispensing Systems.

A licensee may not install or use any system for the automated mixing or dispensing of spirituous liquor unless the dispensing system has been approved by the department.

(1) Minimum requirements. The department will only approve a dispensing system which:

(a) dispenses spirituous liquor in calibrated quantities not to exceed 1.5 ounces; and

(b) has a meter which counts the number of pours dispensed.

The margin of error of the system for a one ounce pour size cannot exceed 1/16 of an ounce or two milliliters.

(2) Types of systems. Dispensing systems may be of various types including: gun, stationary head, tower, insertable spout, ring activator or similar method.

(3) Method of approval.

(a) Suppliers. Companies which manufacture, distribute, sell, or supply dispensing systems must first have their product approved by the department prior to use by any liquor licensee in the state. They shall complete the "Supplier Application for Dispensing System Approval" form provided by the department, which includes: the name, model number, manufacturer and

supplier of the product; the type and method of dispensing, calibrating, and metering; the degree or tolerance of error, and a verification of compliance with federal and state laws, rules, and regulations.

(b) Licensees. Before any dispensing system is put into use by a licensee, the licensee shall complete the "Licensee Application for Dispensing System Approval" form provided by the department. The department shall maintain a list of approved products and shall only authorize installation of a product previously approved by the department as provided in subsection (a). The licensee is thereafter responsible for verifying that the system, when initially installed, meets the specifications which have been supplied to the department by the manufacturer. Once installed, the licensee shall maintain the dispensing system to ensure that it continues to meet the manufacturer's specifications. Failure to maintain the system may be grounds for suspension or revocation of the licensee's liquor license.

(c) Removal from approved list. In the event the system does not meet the specifications as represented by the manufacturer, the licensee shall immediately notify the department. The department shall investigate the situation to determine whether the product should be deleted from the approved list.

(4) Operational restrictions.

(a) The system must be calibrated to pour a quantity of spirituous liquor not to exceed 1.5 ounces.

(b) Voluntary consent is given that representatives of the department, State Bureau of Investigation, or any law enforcement officer shall have access to any system for inspection or testing purposes. A licensee shall furnish to the representatives, upon request, samples of the alcoholic products dispensed through any system for verification and analysis.

(c) Spirituous liquor bottles in use with a dispensing system at the dispensing location must be affixed to the dispensing system by the licensee. Spirituous liquor bottles in use with a remote dispensing system must be in a locked storage area. Any other primary spirituous liquor not in service must remain unopened. There shall be no opened primary spirituous liquor bottles at a dispensing location that are not affixed to an approved dispensing device.

(d) The dispensing system and spirituous liquor bottles attached to the system must be locked or secured in such a place and manner as to preclude the dispensing of spirituous liquor at times when liquor sales are not authorized by law.

(e) All dispensing systems and devices must

(i) avoid an in-series hookup which would permit the contents of liquor bottles to flow from bottle to bottle before reaching the dispensing spigot or nozzle;

(ii) not dispense from or utilize containers other than original liquor bottles; and

(iii) prohibit the intermixing of different kinds of products or brands in the liquor bottles from which they are being dispensed.

(f) Pursuant to federal law, all liquor dispensed through a dispensing system shall be from its original container, and there shall be no re-use or refilling of liquor bottles with any substance whatsoever. The commission adopts federal regulations 27 CFR 31.261-31.262 and 26 USC Section 5301 and incorporates them by reference.

(g) Each licensee shall keep daily records for each dispensing outlet as follows:

(i) a list of brands of liquor dispensed through the dispensing system;

(ii) the number of portions of liquor dispensed through the dispensing system determined by the calculated difference between the beginning and ending meter readings and/or as electronically generated by the recording software of the dispensing system;

(iii) number of portions of liquor sold; and

(iv) a comparison of the number of portions dispensed to the number of portions sold including an explanation of any variances.

(v) These records must be made available for inspection and audit by the department or law enforcement.

(h) This rule does not prohibit the sale of pitchers of mixed drinks as long as the pitcher contains no more than 1.5 ounces of primary spirituous liquor and no more than a total of 2.5 ounces of spirituous liquor per person to which the pitcher is served.

(i) Licensees shall display in a prominent place on the premises a list of the types and brand names of spirituous liquor being served through its dispensing system. This requirement may be satisfied either by printing the list on an alcoholic beverage menu or by wall posting or both.

(j) A licensee or his employee shall not:

(i) sell or serve any brand of spirituous liquor not identical to that ordered by the patron; or

(ii) misrepresent the brand of any spirituous liquor contained in any drink sold or offered for sale.

(k) All dispensing systems and devices must conform to federal, state, and local health and sanitation requirements. Where considered necessary, the department may:

(i) require the alteration or removal of any system,

(ii) require the licensee to clean, disinfect, or otherwise improve the sanitary conditions of any system.

R81-1-11. Multiple-Licensed Facility Storage and Service.

(1) For the purposes of this rule:

Multiple licensed facilities shall be termed "qualified premises" as used in this rule.

(a) point of sale control systems must be implemented that will record the amounts of each alcoholic beverage product sold in each location;

(b) cost allocation of the alcoholic beverage product cost must be made for each location on at least a monthly or quarterly basis pursuant to the record keeping requirements of Section 32A-4-106, 32A-4-307, 32A-5-107, or 32A-10-206;

(c) dispensing of alcoholic beverages to a licensed location may not be made on prohibited days or at prohibited hours pertinent to that license type;

(d) if separate inventories of liquor are maintained in one dispensing location, the storage area of each licensee's liquor must remain locked during the prohibited hours and days of sale for each license type;

(e) dispensing of alcoholic beverages to a licensed location may not be made in any manner prohibited by the statutory or regulatory operational restrictions of that license type;

(f) alcoholic beverages dispensed under this section may be delivered by servers from one outlet to the various approved consumption areas, or dispensed to each outlet through the use of a remote storage alcoholic beverage dispensing system.

(3) On qualified premises where each licensee maintains an inventory of alcoholic beverage products, the alcoholic beverages owned by each licensee may be stored in a common location in the building subject to the following guidelines:

(a) each licensee shall identify the common storage location when applying for or renewing their license, and shall receive department approval of the location;

(b) each licensee must be able to account for its ownership of the alcoholic beverages stored in the common storage location by keeping records, balanced monthly, of expenditures for alcoholic beverages supported by items such as delivery tickets, invoices, receipted bills, canceled checks, petty cash vouchers; and

(c) the common storage area may be located on the premises of one of the licensed liquor establishments.

(b) is employed to manage or supervise the service of alcoholic beverages; or

(c) holds an ownership interest in an on-premise licensed establishment and performs the duties of a manager, supervisor, or server of alcoholic beverages.

(2) Persons described in subsection 1(a) and (b) must complete the training within 30 days of commencing employment. Persons described in subsection 1(c) must complete the training within 30 days of engaging in the duties described in subsection 1(a) and (b).

(3) Each licensee shall maintain current records on each individual indicating:

The investigation shall be conducted to the extent necessary to assure all relevant facts are determined and documented. This may include gathering all information listed in paragraph (4)(c) of this rule if it is not made available by the individual.

(b) When conducting the investigation, the ADA coordinator may seek assistance from the commission's or department's legal, human resource, and budget staff in determining what action, if any, shall be taken on the complaint. Before making any decision that would involve an expenditure of funds which is not absorbable within the commission's or department's budget and would require appropriation authority; facility modifications; or reclassification or reallocation in grade, the ADA coordinator shall consult with the ADA State Coordinating Committee.

(6) Issuance of Decision.

(a) Within 15 working days after receiving the complaint, the ADA coordinator shall issue a decision outlining in writing or in another acceptable suitable format stating what action, if any, shall be taken on the complaint.

(b) If the coordinator is unable to reach a decision within the 15 working day period, he shall notify the individual with a disability in writing or by another acceptable, suitable format why the decision is being delayed and what additional time is needed to reach a decision.

(7) Appeals.

(a) The individual may appeal the decision of the ADA coordinator by filing an appeal within five working days from the receipt of the decision.

(b) Appeals involving the commission shall be filed in writing with the commission. Appeals involving the department shall be filed in writing with the department's executive director or a designee other than the ADA coordinator.

(c) The filing of an appeal shall be considered as authorization by the individual to allow review of all information, including information classified as private or controlled, by the commission, executive director, or designee.

(d) The appeal shall describe in sufficient detail why the ADA coordinator's decision is in error, is incomplete or ambiguous, is not supported by the evidence, or is otherwise improper.

(e) The commission, executive director, or designee, shall review the factual findings of the investigation and the individual's statement regarding the inappropriateness of the ADA coordinator's decision and arrive at an independent conclusion and recommendation. Additional investigations may be conducted if necessary to clarify questions of fact before arriving at an independent conclusion. Before making any decision that would involve an expenditure of funds which is not absorbable within the commission's or department's budget and would require appropriation authority; facility modifications; or reclassification or reallocation in grade, the commission, executive director, or designee shall also consult with the State ADA Coordinating Committee.

(f) The decision shall be issued within ten working days after receiving the appeal and shall be in writing or in another accessible suitable format to the individual.

(g) If the commission, executive director, or designee is unable to reach a decision within the ten working day period, the individual shall be notified in writing or by another acceptable, suitable format why the decision is being delayed and the additional time needed to reach a decision.

(8) Classification of records. The record of each complaint and appeal, and all written records produced or received as part of the action, shall be classified as protected as defined under Section 63-2-304 until the ADA coordinator, executive director, or their designees issue the decision, at which time any portions of the record which may pertain to the individual's medical condition shall remain classified as private as defined under Section 63-2-302, or controlled as defined in Section 63-2-303. All other information gathered as part of the complaint record shall be classified as private information. Only the written decision of the ADA coordinator, executive director, or designees shall be classified as public information.

(9) Relationship to other laws. This rule does not prohibit or limit the use of remedies available to individuals under the state Anti-Discrimination Complaint Procedures Section 67-19-32; the Federal ADA Complaint Procedures, 28 CFR 35.170, et seq.; or any other Utah or federal law that provides equal or greater protection for the rights of individuals with disabilities.

R81-1-15. Commission Declaratory Orders.

(1) Authority. As required by Section 63-46b-21, and as authorized by Section 32A-1-107, this rule provides the procedures for the submission, review, and disposition of petitions for commission declaratory orders on the applicability of statutes administered by the commission and department, rules promulgated by the commission, and orders issued by the commission.

(2) Petition Procedure.

(a) Any person or government agency directly affected by a statute administered by the commission, a rule promulgated by the commission, or an order issued by the commission may petition for a declaratory order.

(b) The petitioner shall file the petition with the commission's executive secretary.

(3) Petition Form. The petition shall:

(a) be clearly designated as a request for a declaratory

order;

- (b) identify the statute, rule, or order to be reviewed;
 - (c) describe the situation or circumstances giving rise to the need for the declaratory order, or in which applicability of the statute, rule, or order is to be reviewed;
 - (d) describe the reason or need for the applicability review;
 - (e) identify the person or agency directly affected by the statute, rule, or order;
 - (f) include an address and telephone number where the petitioner can be reached during regular work days; and
 - (g) be signed by the petitioner.
- (4) Petition Review and Disposition.
- (a) The commission shall:
 - (i) review and consider the petition;
 - (ii) prepare a declaratory order stating:
 - (A) the applicability or non-applicability of the statute, rule, or order at issue;
 - (B) the reasons for the applicability or non-applicability of the statute, rule, or order; and
 - (C) any requirements imposed on the department, the petitioner, or any person as a result of the declaratory order;
 - (iii) serve the petitioner with a copy of the order.
 - (b) The commission may:
 - (i) interview the petitioner;
 - (ii) hold an informal adjudicative hearing to gather information prior to making its determination;
 - (iii) hold a public information-gathering hearing on the petition;
 - (iv) consult with department staff, the Attorney General's Office, other government agencies, or the public; and
 - (v) take any other action necessary to provide the petition adequate review and due consideration.

R81-1-16. Disqualification Based Upon Conviction of Crime.

- (1) The Alcoholic Beverage Control Act generally disqualifies persons from being employees of the department, operating a package agency, holding a license or permit, or being employed in a managerial or supervisory capacity with a package agency, licensee or permittee if they have been convicted of:
- (a) a felony under any federal or state law;
 - (b) any violation of any federal or state law or local ordinance concerning the sale, manufacture, distribution, warehousing, adulteration, or transportation of alcoholic beverages;
 - (c) any crime involving moral turpitude; or
 - (d) driving under the influence of alcohol or drugs on two or more occasions within the last five years.
- (2) In the case of a partnership, corporation, or limited liability company the proscription under Subsection (1) applies if any of the following has been convicted of any offense described in Subsection (1):
- (a) a partner;
 - (b) a managing agent;
 - (c) a manager;
 - (d) an officer;
 - (e) a director;
 - (f) a stockholder who holds at least 20% of the total issued and outstanding stock of the corporation; or
 - (g) a member who owns at least 20% of the limited liability company.
- (3) As used in the Act and these rules:
- (a) "convicted" or "conviction" means a determination of guilt by a judge or a jury, upon either a trial or entry of a plea, in any court, including a court not of record, that has not been reversed on appeal;
 - (b) "felony" means any crime punishable by a term of imprisonment in excess of one year; and
 - (c) a "crime involving moral turpitude" means a crime that

involves actions done knowingly contrary to justice, honesty, or good morals. It is also described as a crime that is "malum in se" as opposed to "malum prohibitum" - actions that are immoral in themselves regardless of being punishable by law as opposed to actions that are wrong only since they are prohibited by statute. A crime of moral turpitude ordinarily involves an element of falsification or fraud or of harm or injury directed to another person or another's property. For purposes of this rule, crimes of moral turpitude may include crimes involving controlled substances, illegal drugs, and narcotics.

R81-1-17. Advertising.

(1) Authority and General Purpose. This rule is pursuant to Section 32A-12-401(4) which authorizes the commission to establish guidelines for the advertising of alcoholic beverages in this state except to the extent prohibited by Title 32A.

(2) Definitions.

(a) For purposes of this rule, "advertisement" or "advertising" includes any written or verbal statement, illustration, or depiction which is calculated to induce alcoholic beverage sales, whether it appears in a newspaper, magazine, trade booklet, menu, wine card, leaflet, circular, mailer, book insert, catalog, promotional material, sales pamphlet, or any written, printed, graphic, or other matter accompanying the container, representations made on cases, billboard, sign, or other public display, public transit card, other periodical literature, publication or in a radio or television broadcast, or in any other media; except that such term shall not include:

- (i) labels on products; or
- (ii) any editorial or other reading material (i.e., news release) in any periodical or publication or newspaper for the publication of which no money or valuable consideration is paid or promised, directly or indirectly, by any alcoholic beverage industry member or retailer, and which is not written by or at the direction of the industry member or retailer.

(b) For purposes of this rule, "minor" or "minors" shall mean persons under the age of 21 years.

(3) Application.

(a) This rule shall govern the regulation of advertising of alcoholic beverages sold within the state, except where the regulation of interstate electronic media advertising is preempted by federal law. This rule incorporates by reference the Federal Alcohol Administration Act, 27 U.S.C. 205(f), and Subchapter A, Parts 4, 5, 6 and 7 of the regulations of the Bureau of Alcohol, Tobacco and Firearms, United States Department of the Treasury in 27 CFR 4, 5, 6 and 7 (1993 Edition). These provisions shall regulate the labeling and advertising of alcoholic beverages sold within this state, except where federal statutes and regulations are found to be contrary to or inconsistent with the provisions of the statutes and rules of this state.

(b) 27 CFR Section 7.50 provides that federal laws apply only to the extent that the laws of a state impose similar requirements with respect to advertisements of malt beverages manufactured and sold or otherwise disposed of in the state. This rule, therefore, adopts and incorporates by reference federal laws, previously referenced in subparagraph (a), relating to the advertising of malt beverage products.

(4) Current statutes and rules restricting the advertising, display, or display of price lists of liquor products, as defined in 32A-1-105(25), by the department, state stores, or type 1, 2 or 3 package agencies as defined in R81-3-1, are applicable.

(5) All advertising of liquor and beer by manufacturers, suppliers, importers, local industry representatives, wholesalers, permittees, and licensed retailers of such products, and type 4 and 5 package agencies as defined in R81-3-1 shall comply with the advertising requirements listed in Section (6) of this rule.

(6) Advertising Requirements. Any advertising or advertisement authorized by this rule:

(a) May not violate any federal laws referenced in Subparagraph (3);

(b) May not contain any statement, design, device, or representation that is false or misleading;

(c) May not contain any statement, design, device, or representation that is obscene or indecent;

(d) May not refer to, portray or imply illegal conduct, illegal activity, abusive or violent relationships or situations, or anti-social behavior, except in the context of public service advertisements or announcements to educate and inform people of the dangers, hazards and risks associated with irresponsible drinking or drinking by persons under the age of 21 years;

(e) May not encourage over-consumption or intoxication, promote the intoxicating effects of alcohol consumption, or overtly promote increased consumption of alcoholic products;

(f) May not advertise any unlawful discounting practice such as "happy hour", "two drinks for the price of one", "free alcohol", or "all you can drink for \$...".

(g) May not encourage or condone drunk driving;

(h) May not depict the act of drinking;

(i) May not promote or encourage the sale to or use of alcohol by minors;

(j) May not be directed or appeal primarily to minors by:

(i) using any symbol, language, music, gesture, cartoon character, or childhood figure such as Santa Claus that primarily appeals to minors;

(ii) employing any entertainment figure or group that appeals primarily to minors;

(iii) placing advertising in magazines, newspapers, television programs, radio programs, or other media where most of the audience is reasonably expected to be minors, or placing advertising on the comic pages of magazines, newspapers, or other publications;

(iv) placing advertising in any school, college or university magazine, newspaper, program, television program, radio program, or other media, or sponsoring any school, college or university activity;

(v) using models or actors in the advertising that are or reasonably appear to be minors;

(vi) advertising at an event where most of the audience is reasonably expected to be minors; or

(vii) using alcoholic beverage identification, including logos, trademarks, or names on clothing, toys, games or game equipment, or other materials intended for use primarily by minors.

(k) May not portray use of alcohol by a person while that person is engaged in, or is immediately about to engage in, any activity that requires a high degree of alertness or physical coordination;

(l) May not contain claims or representations that individuals can obtain social, professional, educational, athletic, or financial success or status as a result of alcoholic beverage consumption, or claim or represent that individuals can solve social, personal, or physical problems as a result of such consumption;

(m) May not offer alcoholic beverages without charge;

(n) May not require the purchase, sale, or consumption of an alcoholic beverage in order to participate in any promotion, program, or other activity; and

(o) May provide information regarding product availability and price, and factual information regarding product qualities, but may not imply by use of appealing characters or life-enhancing images that consumption of the product will benefit the consumer's health, physical prowess, sexual prowess, athletic ability, social welfare, or capacity to enjoy life's activities.

(7) Violations. Any violation of this rule may result in the imposition of any administrative penalties authorized by 32A-1-119(5), (6) and (7), and may result in the imposition of the criminal penalty of a class B misdemeanor pursuant to 32A-12-

104 and -401.

R81-1-19. Emergency Meetings.

(1) Purpose. The commission recognizes that there may be times when, due to the necessity of considering matters of an emergency or urgent nature, the public notice provisions of Utah Code Sections 52-4-6(1), (2) and (3) cannot be met. Pursuant to Utah Code Section 52-4-6(5), under such circumstances those notice requirements need not be followed but rather the "best notice practicable" shall be given.

(2) Authority. This rule is enacted under the authority of Sections 63-46a-3 and 32A-1-107.

(3) Procedure. The following procedure shall govern any emergency meeting:

(a) No emergency meeting shall be held unless an attempt has been made to notify all of the members of the commission of the proposed meeting and a majority of the convened commission votes in the affirmative to hold such an emergency meeting.

(b) Public notice of the emergency meeting shall be provided as soon as practicable and shall include at a minimum the following:

(i) Written posting of the agenda and notice at the offices of the department;

(ii) If members of the commission may appear electronically or telephonically, all such notices shall specify the anchor location for the meeting at which interested persons and members of the public may attend, monitor, and participate in the open portions of the meeting;

(iii) Notice to the commissioners shall advise how they may participate telephonically or electronically and be counted as present for all purposes, including the determination of a quorum.

(iv) Written, electronic or telephonic notice shall be provided to at least one newspaper of general circulation within the state and at least one local media correspondent.

(c) If one or more members of the commission appear electronically or telephonically, the procedures governing electronic meetings shall be followed, except for the notice requirements which shall be governed by these provisions.

(d) In convening the meeting and voting in the affirmative to hold such an emergency meeting, the commission shall affirmatively state and find what unforeseen circumstances have rendered it necessary for the commission to hold an emergency meeting to consider matters of an emergency or urgent nature such that the ordinary public notice of meetings provisions of Utah Code Section 52-4-6 could not be followed.

R81-1-20. Electronic Meetings.

(1) Purpose. Utah Code Section 52-4-207 requires any public body that convenes or conducts an electronic meeting to establish written procedures for such meetings. This rule establishes procedures for conducting commission meetings by electronic means.

(2) Authority. This rule is enacted under the authority of Sections 52-4-207, 63-46a-3 and 32A-1-107.

(3) Procedure. The following provisions govern any meeting at which one or more commissioners appear telephonically or electronically pursuant to Utah Code Section 52-4-207:

(a) If one or more members of the commission may participate electronically or telephonically, public notices of the meeting shall so indicate. In addition, the notice shall specify the anchor location where the members of the commission not participating electronically or telephonically will be meeting and where interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

(b) Notice of the meeting and the agenda shall be posted at the anchor location. Written or electronic notice shall also be

provided to at least one newspaper of general circulation within the state and to a local media correspondent. These notices shall be provided at least 24 hours before the meetings.

(c) Notice of the possibility of an electronic meeting shall be given to the commissioners at least 24 hours before the meeting. In addition, the notice shall describe how a commissioner may participate in the meeting electronically or telephonically.

(d) When notice is given of the possibility of a commissioner appearing electronically or telephonically, any commissioner may do so and shall be counted as present for purposes of a quorum and may fully participate and vote on any matter coming before the commission. At the commencement of the meeting, or at such time as any commissioner initially appears electronically or telephonically, the chair shall identify for the record all those who are appearing telephonically or electronically. Votes by members of the commission who are not at the physical location of the meeting shall be confirmed by the chair.

(e) The anchor location, unless otherwise designated in the notice, shall be at the offices of the Department of Alcoholic Beverage Control, 1625 South 900 West, Salt Lake City, Utah. The anchor location is the physical location from which the electronic meeting originates or from which the participants are connected. In addition, the anchor location shall have space and facilities so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

R81-1-21. Beer Advertising in Event Venues.

(1) Authority. This rule is pursuant to the commission's powers and duties as the plenary policymaking body on the subject of alcoholic beverage control under 32A-1-107, and its authority to establish guidelines for the advertising of alcoholic beverages under 32A-12-401(4).

(2) Purpose.

(a) This rule establishes a "safe harbor" from administrative action being taken against beer manufacturers and retailers under the circumstances and conditions below. This rule is necessary to allow certain advertising relations to occur even though they have the appearance of violating the "tied-house" provisions of 32A-12-603, but where the reasons and purposes for the "tied-house" provisions do not apply.

(b) "Tied-house" provisions have been enacted at both the federal and state level in response to historical forces and concerns. The thrust of the laws is to prevent two particular dangers: the ability and potential ability of large firms to dominate local markets through vertical and horizontal integration, and excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The principle method used to avoid these developments was the establishment of a triple-tiered distribution system and licensing scheme where separate and distinct business enterprises engaged in the production, handling, and final sale of alcoholic beverages. The laws also prohibited certain economic arrangements and agreements between each of the three tiers of the distribution system.

(c) Utah's "tied-house" and trade practice laws prohibit a beer industry member, directly or indirectly or through an affiliate, from inducing any beer retailer to purchase alcoholic beverages from the industry member to the exclusion in whole or in part of any of those products sold or offered for sale by other persons by furnishing the retailer signs, money or other things of value except to the extent allowed under 32A-12-603. The laws prohibit a beer industry member, directly or indirectly or through an affiliate, from paying or crediting a beer retailer for any advertising, display, or distribution service. 32A-12-603(5). This includes the purchase, by an industry member, of advertising on signs, scoreboards, programs, scorecards, and the like at ballparks, racetracks or stadiums, from the retail

concessionaire. See 27 C.F.R. Sec. 6.53 as referenced in 32A-12-603(5)(a). The laws also prohibit an industry member from making payments for advertising to a retailer association or a display company where the resulting benefits flow to the individual retailers. 32A-12-603(3)(b)(i)(B).

(d) Throughout the state, there are a number of large facilities which put on or allow events to occur on their premises. This includes sports arenas, ballparks, raceways, fairgrounds, equestrian facilities and the like. These facilities have a recognized area of advertising for sale in connection with the events and which is standard for their events, e.g., fence signage at ballparks. Many of these facilities are or have associated with their on-premise beer retailer, either on an annual basis, or as a temporary event permit holder. The issue is thus raised as to the legality of the advertising of beer products as part of the general advertising where other items are advertised and the facility is or has within it an on-premise beer retailer.

(3) Application of the Rule. If the conditions listed below are met, the reasons and purposes behind the "tied-house" provisions restricting relations between manufacturers and retailers do not apply or are not significantly impacted. In addition, an event facility may be unduly restricted in its ability to sell advertising and be competitive. This is based upon the facility's primary purpose being other than the sale of food and beverages, that advertising is a normal and accepted part of the business of the facility and the events that occur at the facility, that beer advertisers would be on equal footing with other advertisers, and that there is little, if any, likelihood of the purchasing of advertising space or time either having an impact on the beer retailing decisions of the retailer or of allowing the manufacturer to obtain or assert control over the retailer. Therefore, if the following conditions are met, the sale of advertising space or time to a beer manufacturer for display at the facility does not constitute the payment to a retailer for advertising, display or distribution service, and does not otherwise constitute the furnishing of any signs, money, or other things of value to a retailer in violation of the "tied-house" provisions of 32A-12-603:

(a) The primary purpose of the facility is the hosting or putting on events, and not the sale or service of food and beverages, including alcoholic beverages;

(b) The retail licensee operates with a fixed seating capacity of more than 2,000 persons;

(c) The advertising space or time is purchased only in connection with events to be held on the premises, and not as point-of-sale advertising. The advertising space or time is not located near the beer concession area and does not reference the on-premise retailer or the availability of beer;

(d) Sales of event advertising space or time and retail beer sales are handled by different entities or divisions, that are separate and do not influence each other, and no preference in terms of beer sales or facilities are extended to a beer advertiser;

(e) The retail licensee serves other brands of malt beverages or beer than the brand manufactured or sold by the manufacturer purchasing advertising space or time. Unless demonstrated for sound business reasons unrelated to "tied-house" laws, the percentage of taps in a facility may not exceed by 10% the actual percentage of sales, by brand, in that facility or the community in the previous year;

(f) The advertising space or time is available to all types of advertisers, is not limited to any type of product, such as beer, is pursuant to an established rate card that sets forth the advertising rates equally available to any other industry member or (and at rates substantially similar for any) non-industry advertiser, and the advertising agreement does not provide for an exclusive right to an advertiser or a right to exclude other advertisers;

(g) The industry member may not share in the costs or

contribute to the costs of the advertising or promotion of the beer retailer or the facility, or obtain or have any interest in the retailer or the facility; and

(h) The purchase of advertising space or time is by written agreement, a copy of which shall be provided to the department as a confidential business document, non-public, and only to be used for enforcement purposes, and the term of the agreement may not be for a period in excess of three years, including any right of renewal.

(4) This "safe harbor" is limited to its express terms, does not undermine or infringe upon general "tied-house" prohibitions, and shall be strictly construed against its applicability. This "safe harbor" also does not limit or abrogate any exception to "tied-house" prohibitions.

R81-1-22. Diplomatic Embassy Shipments and Purchases.

(1) Purpose. The Vienna Conventions on Diplomatic and Consular Relations grant foreign diplomatic missions certain exemptions from federal, state and local taxes. The United States, by treaty, is a party to the Vienna Conventions, and is obligated under international law to grant these exemptions under these agreements to accredited diplomatic missions of those countries that grant the United States reciprocal privileges. These privileges include the purchase of alcoholic beverages duty and tax free subject to certain exceptions such as indirect taxes normally incorporated in the price of goods or services, and charges levied for specific services rendered to benefit the mission.

This rule establishes department guidelines for shipments and purchases of alcohol by a foreign diplomatic mission with an accredited embassy having full diplomatic privileges under the Vienna Conventions that establishes an embassy presence in the state of Utah (hereafter "accredited foreign diplomatic mission").

(2) Application of Rule.

(a) Shipments. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may have or possess, for official diplomatic use, and not for sale or resale, alcoholic beverages that have not been purchased in the state of Utah. Such products may be shipped or transported into the state of Utah under the following conditions:

(i) The embassy must first obtain the approval of this department prior to shipping or transporting its alcoholic beverages into the state.

(ii) Alcoholic beverages shipped or transported into the state must clear U.S. Customs duty free.

(iii) The department shall affix the official state label to the alcoholic beverages.

(iv) The embassy shall pay the department an administrative handling fee of \$1.00 per smallest unit (bottle, can, or keg). Payment of handling fees shall be made by the embassy using an official embassy check or embassy credit card.

(v) The alcoholic beverages may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

(b) Purchases.

(i) Special Orders. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may special order from the department alcoholic beverage products not presently sold in the state of Utah under the following procedures:

(A) The company or importer supplying the product must submit a price quotation to the department indicating the case price (in US dollars) for which it will sell the product to the state.

(B) The quoted case price must be reasonable (a minimum of \$10.00 per case).

(C) The product will be marked up using the department's standard pricing formula (less the state sales tax).

(D) Special orders must be placed by the embassy at least two months in advance to allow the department sufficient time to purchase and receive the product for the embassy.

(E) The product must be paid for by the embassy using an official embassy check or embassy credit card.

(F) The product may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

(ii) Presently Available Merchandise. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may purchase alcoholic beverages that are presently sold in the state of Utah under the following procedures:

(A) Alcoholic beverage product purchases, other than large quantity purchases, may be made by the embassy at any state store. The store shall deduct state sales tax from the purchase price.

(B) Large quantity purchase orders must be placed by the embassy at the department's licensee warehouse. The warehouse shall deduct state sales tax from the purchase price.

(C) The products must be paid for by the embassy using an official embassy check or embassy credit card.

(D) The product may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

R81-1-23. Sales Restrictions on Products of Limited Availability.

(1) Purpose. Some alcoholic beverage products, especially wines, are of very limited availability from their manufacturers and suppliers to retailers including the department. When the department perceives that customer demand for these limited products may exceed the department's current and future stock levels, the department, as a public agency, may place restrictions on their sales to ensure their fair distribution to all consumers. This also encourages manufacturers and suppliers to continue to provide their products to the department. This rule establishes the procedure for allocating products of limited availability.

(2) Application of Rule.

(a) The purchasing and wine divisions of the department shall identify those products that are of limited availability and designate them as "Limited /Allocated Status" ("L Status") items. The products shall be given a special "L Status" product code designation.

(b) "L Status" products on the department's price list, in stock, or on order, do not have to be sold on demand. Their sales to the general public and to licensees and permittees may be restricted. The purchasing and wine divisions of the department may issue system-wide restrictions directing the allocation of such products which may include placing limits on the number of bottles sold per customer.

(c) Signs noting this rule shall be posted in state stores and package agencies that carry "L Status" products.

R81-1-24. Responsible Alcohol Service Plan.

(1) Authority. This rule is pursuant to the commission's powers and duties under 32A-1-107 to act as a general policymaking body on the subject of alcoholic beverage control; set policy by written rules that establish criteria and procedures for suspending or revoking licenses; and prescribe the conduct and management of any premises upon which alcoholic beverages may be sold, consumed, served, or stored.

(2) Purpose. This rule allows the commission to require a business licensed by the commission to sell, serve or store alcoholic beverages for consumption on the licensed premises that has been found by the commission to have violated any provision of the Alcoholic Beverage Control Act relating to the sale, service, or furnishing of alcoholic beverages to an intoxicated person, or to a person under the age of 21, to have a written Responsible Alcohol Service Plan.

(3) Definitions.

(a) "Commission" means the Alcoholic Beverage Control

Commission.

(b) "Department" means the Department of Alcoholic Beverage Control.

(c) "Intoxication" and "intoxicated" means a person who is actually, apparently, or obviously under the influence of an alcoholic beverage, a controlled substance, a substance having the property of releasing toxic vapors, or a combination of alcoholic beverages or said substances, to a degree that the person may endanger himself or another.

(d) "Licensed Business" is a person or business entity licensed by the commission to sell, serve, and store alcoholic beverages for consumption on the premises of the business.

(e) "Manager" means a person chosen or appointed to manage, direct, or administer the operations at a licensed business. A manager may also be a supervisor.

(f) "Responsible Alcohol Service Plan" or "Plan" means a written set of policies and procedures of a licensed business that outline measures that will be taken by the business to prevent employees of the licensed business from:

(i) over-serving alcoholic beverages to customers;

(ii) serving alcoholic beverages to customers who are actually, apparently, or obviously intoxicated; and

(iii) serving alcoholic beverages to persons under the age of 21.

(h) "Server" means an employee who actually makes available, serves to, or provides an alcoholic beverage to a customer for consumption on the business premises.

(i) "Supervisor" means an employee who, under the direction of a manager or owner, directs or has the responsibility to direct, transfer, or assign duties to employees who actually provide alcoholic beverages to customers on the premises of the business.

(4) Application of Rule.

(a)(i) The commission may direct that a licensed business that has been found by the commission to have violated any provision of the Alcoholic Beverage Control Act relating to the sale, service, or furnishing of alcoholic beverages to an intoxicated person, or to a person under the age of 21, submit to the department a Responsible Alcohol Service Plan.

(ii) The licensee thereafter shall maintain a Plan as a condition of continued licensing and relicensing by the commission.

(b) Any Plan at a minimum shall:

(i) outline the policies and procedures of the licensed business to:

(A) prevent over-service of alcohol;

(B) prevent service of alcohol to persons who are intoxicated;

(C) prevent service of alcohol to persons under the age of 21;

(D) provide alternate transportation options for problem customers; and

(E) deal with hostile customers;

(ii) require that all managers, supervisors, servers, security personnel, and others who are involved in the sale, service or furnishing of alcohol, agree to follow the policies and procedures of the Plan;

(iii) require adherence to the Plan as a condition of employment;

(iv) require a commitment by management to monitor employee compliance with the Plan;

(v) require periodic training sessions on the house policies and procedures in the Plan, and on the techniques of responsible service of alcohol taught in the Alcohol Training and Education Seminar required by 62A-15-401, such as:

R81. Alcoholic Beverage Control, Administration.**R81-3. Package Agencies.****R81-3-1. Definition.**

Package agencies are retail liquor outlets operated by private persons under contract with the department for the purpose of selling packaged liquor from facilities other than state liquor stores for off premise consumption. Package agencies are classified into five types:

Type 1 - A package agency under contract with the department which is operated in conjunction with a resort environment (e.g., hotel, ski lodge, summer recreation area).

Type 2 - A package agency under contract with the department which is in conjunction with another business where the primary source of income to the operator is not from the sale of liquor.

Type 3 - A package agency under contract with the department which is not in conjunction with another business, but is in existence for the sole purpose of selling liquor.

Type 4 - A package agency under contract with the department which is located within a facility approved by the commission for the purpose of selling and delivering liquor to tenants or occupants of specific rooms which have been leased, rented, or licensed within the same facility. A type 4 package agency shall not be open to the general public.

Type 5 - A package agency under contract with the department which is located within a winery, distillery, or brewery that has been granted a manufacturing license by the commission.

The commission may grant type 4 package agency privileges to a type 1 package agency.

R81-3-2. Change of Location.

Any change of package agency location must be requested in writing and approved in advance by the commission.

R81-3-3. Bonds.

No part of any surety bond required in Section 32A-3-105, may be withdrawn during the time the package agency contract is in effect. If the package agent fails to maintain a valid surety bond, the package agency contract shall be immediately suspended until a valid bond is obtained. Failure to obtain a bond within 30 days of notification by the department of the delinquency shall result in an automatic rescission of the package agency contract.

R81-3-4. Change of Package Agent.

Pursuant to Section 32A-3-106(17), any change of the package agent designated in the department's package agency agreement is a violation of these rules and shall result in the immediate termination of the package agency contract.

R81-3-5. Special Orders of Liquor by Public.

(1) Purpose. A special order product is any product not listed on the department's product/price list. This rule outlines the procedures for accepting, processing, ordering and disbursing special orders.

(2) Application of Rule.

(a) Only type 2 and 3 package agencies may process special order requests.

(b) Any individual may place a special order at any type 2 or 3 package agency. Special orders may be placed by groups of individuals, organizations, or retail licensees either at a type 2 or 3 package agency or with the purchasing division of the department. A special order shall be processed as follows:

(i) A special order form must be filled out and signed by the customer for each special order product purchased. The package agency shall forward the form to the department's purchasing division.

(ii) Special orders may be ordered only by the case, not by

the bottle. There is no handling fee on special orders.

(iii) Customers should be advised to allow at least two months between processing and delivery of a special order.

(iv) Special orders for beer will be subject to availability and according to the distributor's shipping criteria.

(v) If a group, organization, or retail licensee places a special order, they may designate a particular package agency or state store to which they want the special order items to be sent. They shall include the name and telephone number of the individual who will pick up and pay for the special order product at that location.

(vi) A special order must include the product name and distributor or shipper.

(vii) The department's special order buyer shall obtain a retail bottle price and call the customer and/or package agent for clearance to proceed with the order.

(viii) When the special order arrives, the package agency or state store to which the special order has been sent shall immediately notify the customer, and the customer shall pick up the order as soon as possible after notification. The customer shall pay for and pick up the entire special order. The package agency or state store is not allowed to warehouse special ordered products. All merchandise must be cleared from the system before a reorder on that special order item is allowed.

(ix) Special orders may only be placed by customers. Package agencies may not place a special order unrelated to a particular customer as a means to sell unlisted products to the general public.

(x) Special orders of beer, wine or spirits with lower prices than quoted to the department on products handled by or similar to products handled by the department will be allowed only on two conditions:

(A) the department has the opportunity to purchase the same product at the same price; or

(B) the individual, group of individuals, organization, or retail licensee name is part of the design of the front label found on the product.

(1) Purpose. This rule establishes guidelines for accepting liquor returns, refunds and exchanges.

(2) Application of Rule.

(i) Returns of unsaleable merchandise are subject to approval by the package agent to verify that the product is indeed defective.

(ii) The product must be returned within a reasonable time of the date of purchase. Discontinued products may not be returned. Vintages of wine that are not currently being retailed by the department may not be returned.

(iii) All returned product must have the state stamp attached to each bottle.

(iv) No refunds shall be given for wines returned due to spoilage such as corkiness, oxidation, and secondary fermentation, or due to the customer's unfamiliarity with the characteristics of the product. Such wines may only be exchanged for another bottle of the same product. Wine will not be accepted for refund or exchange if the return is a result of improper extraction of the cork.

(v) Unsaleable product shall be held at the package agency and accounted for in the same manner as breakage.

(b) Saleable Product. Package agents are authorized to accept saleable returned merchandise from licensees, single event permit holders, convention groups, and individual customers, subject to the following conditions and restrictions:

(i) Returns of saleable merchandise are subject to approval by the package agent. The customer may receive a refund or exchange of product for the return. Large returns will be accepted from licensees, single event permittees, convention groups and other organizations only if prior arrangements have been made with the package agent.

(ii) Returns should be made within a reasonable amount of time from the date of purchase, and all returned merchandise must be in good condition with a state stamp attached to every bottle. Returns of \$50.00 or more shall not be accepted without a receipt. Therefore, it is necessary for cashiers to print a receipt for all purchases of \$50.00 or more. Signs should be posted at each cash register informing customers of this requirement. Merchandise shall be refunded at the price paid by the customer, or the current price, whichever is lower.

(iii) Wine and beer, due to their perishable nature and susceptibility to temperature changes, should be accepted back with caution. These products can only be returned if the package agent has personal knowledge of how they have been handled and stored.

(iv) If the total amount of the return is more than \$500 the package agent shall fill out a "Returned Merchandise Acknowledgment Receipt" (LQ-45), and submit a copy to the office. A refund check will be processed at the office and mailed to the customer. Customers need to be informed that it generally takes three to six weeks to process payment.

(v) If the total value of the returned merchandise is more than \$1,000, a 10% restocking fee shall be charged on the total amount.

(c) Unreturnable Products. The following items may not be returned:

(i) All limited item wines - wines that are available in very limited quantities.

(ii) Any products that have been chilled, over-heated, or label-damaged.

(iii) Outdated (not listed on the department's product/price list) and discontinued products.

(iv) Merchandise purchased by catering services.

(v) Unsaleable product shall be held at the package agency and accounted for in the same manner as breakage.

(d) A cash register return receipt shall be completed for each product return. The following information must be on the receipt: the customer's name, address, telephone number, driver's license number, and signature. The cashier must attach the receipt to the cash register closing report.

R81-3-7. Warning Sign.

All package agencies shall display in a prominent place a "warning sign" as defined in R81-1-2.

R81-3-8. Identification Guidelines to Purchase Liquor.

All package agencies shall accept only four forms of identification to establish proof of age for the purchase of liquor by customers:

shall be filed alphabetically by the close of business day, and shall be maintained on file for a period of three years.

R81-3-9. Promotion and Listing of Products.

(1) An operator or employee of a Type 1, 2, or 3 package agency, as defined in R81-3-1, may not promote a particular brand or type of liquor product while on duty at the package agency. An operator or employee may inform a customer as to the characteristics of a particular brand or type of liquor, provided the information is linked to a comparison with other brands or types.

(c) a Type 5 package agency, as defined in R81-3-1, may advertise the location of the winery, distillery, or brewery and the Type 5 package agency, and may advertise the alcoholic beverage products produced by the winery, distillery, or brewery and sold at the Type 5 package agency under the guidelines of R81-1-17 for advertising alcoholic beverages.

(3) A package agency may not display price lists in windows or showcases visible to passersby except:

(a) a Type 1 package agency, as defined in R81-3-1, may provide a price list in each guest room of the hotel or resort containing the code, number, brand, size and price of each item it carries for sale at the Type 1 package agency;

R81-3-10. Non-Consignment Inventory.

Type 1, 4 and 5 package agencies shall be on a non-consignment inventory status where the agency owns the inventory.

R81-3-11. Application.

An application for a package agency shall be included in the agenda of the monthly commission meeting for consideration for issuance of a package agency contract when the requirements of Sections 32A-3-102, -103, and -105 have been met, a completed application has been received by the department, and when the package agency premises have been inspected by the department. No application fee is required for type 2 and 3 package agency applicants.

R81-3-12. Evaluation Guidelines of Package Agencies.

Type 2 and 3 package agencies shall:

(1) serve a population of at least 6,000 people comprised of both permanent residents and tourists;

(2) not be established or maintained within a one mile radius of another type 2 or 3 package agency unless it can be clearly demonstrated that it is in the best interest of the state to establish and maintain the outlet at that location; and

(3) maintain a gross profit to the state of \$12,000 annually to assure adequate service to the public.

R81-3-13. Operational Restrictions.

(1) Hours of Operation.

(a) Type 1, 2, and 5 package agencies may operate from 10:00 a.m. until 12:00 midnight, Monday through Saturday. Type 2 agencies shall be open for business at least seven hours a day, five days a week, except where closure is otherwise required by law.

(b) Type 3 package agencies may operate from 10:00 a.m. until 10:00 p.m., Monday through Saturday, but may remain closed on Mondays in the discretion of the package agent. However, the actual operating hours may be less in the discretion of the package agent with the approval of the department, provided the agency operates at least seven hours a day.

(c) Type 4 package agencies may operate from 10:00 a.m. until 1:00 a.m., Monday through Friday, and 10:00 a.m. until 12:00 midnight on Saturday. However, the actual operating hours may be less in the discretion of the package agent with the approval of the department.

(e) A package agency, regardless of type, shall not operate on Sundays or legal holidays except to the extent authorized by 32A-3-106(10) for package agencies located in certain wineries. If a legal holiday falls on a Sunday, the following Monday will be observed as the holiday by Type 2 and 3 package agencies.

Type 1, 4, and 5 package agencies do not operate in a manner similar to a state store and may remain open to sell liquor on elections days.

(2) Size of Outlet. The retail selling space devoted to liquor sales in a type 2 or 3 package agency must be at least one hundred square feet.

This rule establishes guidelines and procedures for type 5 package agencies.

(2) Application of Rule.

(a) The package agency must be located on the winery, distillery, or brewery premises at a location approved by the commission.

(b) The package agency may only sell products produced at the winery, distillery, or brewery, and may not carry the products of other alcoholic beverage manufacturers.

(c) The product produced by the winery, distillery, or brewery and sold in the type 5 package agency need not be shipped from the winery, distillery, or brewery to the department warehouse and then back to the package agency. The bottles for sale may be moved directly from the manufacturer's storage area to the package agency provided that proper record-keeping is

maintained on forms provided by the department. Records required by the department shall be kept current and available to the department for auditing purposes. Records must be maintained for at least three years. The package agency shall submit to the department a completed monthly sales report form which specifies the variety and number of bottles sold from the package agency. This report must be submitted to the department within the first five working days of the month. A club or restaurant purchases form must be filled out for every licensee purchase.

(d) Direct deliveries to licensees are prohibited. Products must be purchased and picked up by the licensees or their designated agents at the Type 5 package agency.

(e) The type 5 package agency shall follow the same laws, rules, policies, and procedures applicable to other package agencies as to the retail price of products.

(f) The days and hours of sale of the type 5 package agency shall be in accordance with 32A-3-106(10).

R81-3-15. Refusal of Service.

The employee may also detain the person and hold the person's form of identification in a reasonable manner and for a reasonable length of time for the purpose of informing a peace officer of a suspected violation.

R81-3-16. Minors on Premises.

No person under the age of 21 years may enter a package agency unless accompanied by a parent, legal guardian, or spouse that is 21 years of age or older. Signs notifying the public of this rule shall be posted in a prominent place on the doors or windows of the package agency.

R81-3-17. Consignment Inventory Package Agencies.

(1) Purpose. At the discretion of the department, liquor may be provided by the department to a Type 2 and Type 3 package agency for sale on consignment pursuant to 32A-3-106(2)(b). This rule provides the procedures for such consignment sales.

(2) Application of the Rule.

(a) Consignment Inventory.

(i) The initial amount of consignment inventory furnished to the package agency shall be established by the department's regional manager assigned to the package agency.

(ii) The consignment inventory amount shall be posted to the department's accounting system as "Consignment Inventory Account."

(iii) The consignment inventory amount shall be stated in the department's contract with the package agency.

(iv) Any adjustment to the consignment inventory amount shall be done through the use of a transfer, authorization, or payment of money. A copy of the transfer, adjusting authorization, or evidence of payment shall be included in the package agency's file.

(v) The consignment inventory amount may be adjusted from time to time based on the package agency's monthly average sales. Any adjustment shall be made by a properly executed amendment to the department's contract with the package agency.

(b) Payments.

(i) After receipt of a shipment of merchandise, the package agent shall submit a check to the department within 30 days of the authorization/transfer date.

(ii) The check shall be annotated with the authorization, transfer and credit memo numbers to which it applies as follows: Authorization(s) + or - transfers - credit memos = check.

(iii) All delivery discrepancies shall be resolved

immediately by contacting the department's warehouse shipping manager. Payment shall be made on all authorizations/transfers by their due date whether or not any discrepancies have been resolved.

(iv) Any returned checks to the department from a package agent is grounds to require the package agent to provide a certified check to pay for future shipments.

(v) If a check for an authorization is not received by the department within 30 days of its due date, the department may assess the legal rate of interest on the amount owed, or may terminate the contract with the package agent and close the package agency.

(c) Transfers.

(i) Transfers (+ or -) shall be adjusted to the package agency's next payment due the department.

(ii) Transfer in will add to the amount owed to the department on the next check due to the department.

R81-3-18. Type 4 Package Agency Room Service - Mini-Bottle/187 ml Wine Sales.

(1) Purpose. Pursuant to 32A-1-116, the department may not purchase or stock alcoholic beverages in containers smaller than 200 milliliters, except as otherwise allowed by the commission. The commission hereby allows the limited use of 50 milliliter "mini-bottles" of distilled spirits and 187 milliliter bottles of wine for room service sales by Type 4 package agencies located in hotels and resorts. The following conditions are imposed to ensure that these smaller bottle sales are limited to patrons of sleeping rooms, and are not offered to the general public.

(2) Application of Rule.

(a) The department will not maintain a regular inventory of distilled spirits and wine in the smaller bottle sizes, but will accept special orders for these products from a Type 4 package agency. Special orders may be placed with the department's purchasing division, any state store, or any Type 2 or 3 package agency.

(b) The Type 4 package agency must order in full case lots, and all sales are final.

(c) If the hotel/resort has a Type 1 package agency with Type 4 privileges, the smaller bottle sized products must be stored in a secure area separate from the Type 1 agency inventory.

(d) Sale and use of alcohol in the smaller bottle sizes is restricted to providing room service to guests in sleeping rooms in the hotel/resort, and may not be used for other purposes, or be sold to the general public.

(e) Failure of the Type 4 package agency to strictly adhere to the provisions of this rule is grounds for the department to terminate its contract with the Type 4 package agency.

R81-3-19. Credit Cards.

(1) Purpose. This rule explains the procedures to be followed by consignment package agents in accepting credit cards for the purchase of alcoholic beverages.

(2) Application of Rule.

(a) Licensee purchases may not be paid by credit card. The department will accept only checks and cash from licensees.

(b) Refunds, or exchanges of products of unequal value, will be handled by crediting the customer's credit card account.

The cash register must be balanced by doing a return at the register.

(c) The cashier shall examine the security features of the card such as signatures, account numbers, expiration date, hologram, etc., before accepting any card.

(d) No sale may be made without the credit card. Merely having the credit card number available is not acceptable.

(e) All credit cards must be signed by the card holder.

(f) Customers may not use another person's credit card, including their spouse's card.

(g) Credit card receipts contain confidential information that needs to be safeguarded. Cashiers should not throw them in the trash. Consignment package agents and their employees should consult their regional manager concerning proper storage and disposal of such receipts.

(h) If for any reason the credit card cannot be scanned, the credit card number should be hand keyed into the credit card machine keyboard. An imprinted copy of the credit card must then be made. The imprinted copy must be signed by the card holder.

If the commission grants the order to show cause, the reclassification shall remain in effect until the licensee files a request for and receives approval from the commission to be classified as a class C private club. R81. Alcoholic Beverage Control, Administration.**R81-7. Single Event Permits.****R81-7-1. Application Guidelines.**

(1) A single event permit application for the purpose of conducting a convention, civic or community enterprise, shall be included in the agenda of the monthly commission meeting for consideration for issuance of a single event permit, when the requirements of Section 32A-7 have been met, and a completed application has been received by the department. "Conducting" as used herein means the conduct, management, control or direction of an event. The organization directly benefiting from the event, monetarily or otherwise, shall be deemed to be conducting the event.

(2) Pursuant to Section 32A-7-101, the commission may grant single event permits to a bona fide partnership, corporation, limited liability company, church, political organization, or incorporated association, and to each bona fide and recognized subordinate lodge, chapter or local unit of any qualifying parent entity. To be a "bona fide" and "recognized" subordinate or local entity, the applicant must have been in existence for at least one year prior to the date of the application and must furnish proof thereof.

(3) If the applicant is a bona fide incorporated association, corporation, or a separately incorporated subordinate lodge, chapter or local unit thereof, the applicant shall submit a copy of its certificate and articles of incorporation from the state, which reflect that the applicant has been in existence for at least one year prior to date of application.

(4) If the applicant is a bona fide limited liability company, the applicant shall submit a copy of its limited liability company certificate of existence from the state, which reflects that the applicant has been in existence for at least one year prior to date of application.

(5) If the applicant is a bona fide church, political organization, or recognized subordinate chapter or local unit thereof, the applicant shall submit proof of its tax exempt status as provided by the Internal Revenue Service.

(6) Any subordinate or local entity of a parent entity must also establish that it is duly "recognized" by the parent entity by providing written verification of its "recognized" status such as a letter from, or bylaws of the parent entity. The subordinate or local unit shall also furnish proof that the parent entity qualifies under sections (1), (2), (3), (4), and (5) of this rule. These requirements shall not apply in situations where the subordinate or local unit is separately incorporated.

(7) Calendar year is defined as January 1 through December 31.

(8) The single event permit bond, as required by Section 32A-7-105, shall not be released back to the single event permittee until the permittee provides to the department the required data regarding liquor purchases, sales, prices charged, and net profit generated at the event for which the single event permit was issued.

(9) If an organization or individual other than the one applying for the single event permit posts the \$1,000 bond required by Section 32A-7-105, an affidavit must be submitted attesting that the \$1,000 bond is for the permittee's compliance with the provisions of the Act and the commission rules, and that if a violation occurs at the single event, the bond may be forfeited.

(10) The commission may authorize multiple sales outlets on different properties under one single event permit, provided that each site conforms to location requirements of Section 32A-7. The commission may authorize simultaneous sale and consumption hours at multiple sales outlets.

R81-7-2. Guidelines for Issuing Permits for Outdoor or Large-Scale Public Events.

(1) Purpose. The sale of alcohol at outdoor public events

such as street festivals, fairs, concerts, and rodeos poses special control issues for event organizers and law enforcement officials. Furthermore, the sale of alcohol at public events attended by large numbers of people, many of whom may be under the age of 21, also poses special control issues. In deciding whether to issue a single event permit for such events, the commission must be satisfied that sufficient controls will be in place to minimize the possibility of minors being sold or furnished alcohol or adults being over-served alcohol at the event. This rule identifies control measures that must be in place before the commission will issue a single event permit for an outdoor or a large-scale public event. However, this rule gives the commission discretion not to require specific control measures under certain circumstances after considering the facts and circumstances of a particular event.

(2) Definitions.

(a) For purposes of this rule, "large-scale public event" includes any event that is open to the general public and the estimated attendance at the event is in excess of 1000 people.

(3) Authority. This rule is enacted under the authority of Sections 63-46A-3, 32A-1-107 and 32A-7-101 and -104.

(4) Policy.

(a) Before a single event permit will be issued by the commission to allow the sale of alcoholic beverages at an outdoor or a large-scale public event, the following control measures must be present at the event:

(i) There must be at least one location at the event where those wanting to purchase alcoholic beverages must show proof of age and either have their hand stamped or be issued a non-transferable wristband.

(A) The proof of age location(s) shall be separate from the alcoholic beverage sales and dispensing location(s).

(B) Proof of age may be established by:

(I) a current valid driver's license that includes date of birth and has a picture affixed and is issued in this state under Title 53, Chapter 3, Uniform Driver License Act, or in accordance with the laws of another state;

(II) a current valid identification card that includes date of birth and has a picture affixed issued by this state under Title 53, Chapter 3, Part 8, identification Card Act, or issued by another state that is substantially similar to this state's identification card;

(III) a current valid military identification that includes date of birth and has a picture affixed; or

(IV) a current valid passport.

(C) Any person assigned to check proof of age shall have completed the alcohol server-training seminar outlined in 62A-15-401.

(D) The use of hand stamps or issuance of wristbands does not relieve those selling and dispensing alcoholic beverages from asking for proof of age if they suspect a person attempting to purchase an alcoholic beverage is under the age of 21 years.

(ii) Alcoholic sales and dispensing location(s) shall be separate from food and non-alcoholic beverage concession locations. However, if the consumption of alcohol at the event is limited to a confined, restricted area such as a "beer garden", then alcoholic beverages, food and non-alcoholic beverages may be sold at the same sales locations within the confined, restricted area.

(iii) Alcoholic beverages shall be served in readily identifiable cups or containers distinct from those used for non-alcoholic beverages.

(iv) No more than two alcoholic beverages shall be sold to a customer at a time.

(v) At least one person who has completed the alcohol server training seminar outlined in 62A-15-401 shall be at each location where alcoholic beverages are sold and dispensed to supervise the sale and dispensing of alcoholic beverages.

(vi) If minors may attend the event, all dispensing and

consumption of alcoholic beverages shall be in a designated, confined, and restricted area where minors are not allowed without being accompanied by a parent or guardian, and where alcohol consumption may be closely monitored.

(b) Notwithstanding Subsection (a), the commission, after reviewing the facts and circumstances of a particular outdoor or large-scale public event, may in its discretion relax any of the control measures outlined in Subsection (a) above.

(c) After reviewing the facts and circumstances of the outdoor or large-scale public event, the commission may in its discretion require additional control measures as a condition of issuing a single event permit. These can include but are not limited to the following:

(i) Placing limits on the variety of alcoholic beverages served at the event.

(ii) Requiring that alcoholic beverages be distinguishable in appearance from non-alcoholic beverages.

(iii) Requiring a certain minimum number of law enforcement and/or security personnel at the event.

(5) Procedure. The following procedure shall govern applications for single event permits for outdoor or large-scale public events:

(a) In addition to providing a description of the times, dates, location, nature and purpose of the event, the applicant shall include in the single event permit application a summary of all control measures that will be taken at the event to reduce the possibility of minors being furnished alcohol and adults being over-served alcohol at the event.

(b) Department staff shall provide this information to the commissioners prior to the commission's consideration of the single event permit application.

(c) The commission shall review the application to determine if all statutory requirements are in place, to determine if all controls listed in Subsections (4)(a)(i) through (vi) are in place, to consider any request to waive any of the controls listed in Subsections (4)(a)(i) through (vi), and to assess whether any additional control measures such as those listed in Subsection (4)(c) should be required prior to issuing the single event permit.

R81-7-3. Price Lists.

(1) A single event permittee shall have a printed alcoholic beverage price list available for inspection containing prices of mixed drinks, wine, beer, and heavy beer. The list shall include any charges for the service of packaged wines or heavy beer, and any service charges for the supply of glasses, chilling, or wine service.

(2) The permittee or an employee of the licensee may not misrepresent the price of any alcoholic beverage that is sold or offered for sale on the event premises.

(1) Authority and General Purpose. This rule is pursuant to 32A-10-102(5) that requires:

(a) an off-premise beer retailer to display beer sold by the retailer in an area that is visibly separate and distinct from the area where a nonalcoholic beverage is displayed, and requires the commission to define by rule what constitutes an "area that is visibly separate and distinct from the area where a nonalcoholic beverage is displayed"; and

(b) an off-premise beer retailer to prominently post in the separate and distinct area where beer is sold, an easily readable sign that reads in print that is no smaller than .5 inches, bold type, "These beverages contain alcohol. Please read the label carefully," and requires the commission to define by rule the format of the sign.

(2) Application of the Rule.

(a) Display requirements.

(i) Pursuant to 32A-10-102(5), an off-premise beer retailer must display beer products in an "area that is visibly separate and distinct from the area where a non-alcoholic beverage is displayed."

(ii) This requires that under no circumstances may there be a co-mingling or interspersing of beer products with non-alcoholic beverages, except that non-alcoholic beers may be displayed with beer products.

(iii) The separation must clearly and unambiguously convey to a consumer those beverage products that contain alcohol and those that do not. This may be satisfied by any of the following means:

(A) An entire display cabinet, cooler, shelf, aisle, end-cap, side-stack, or stand alone floor display, or room where the only beverages displayed are beer products, accompanied by the prominent and unambiguous posting of the sign required by 32A-10-102(5); or

(B) A shared display cabinet, cooler, shelf, aisle, or room where beer products are displayed separately from non-alcoholic beverages by way of a physical barrier or visible divider of sufficient prominence to create a clear divide between the beer products and the non-alcoholic beverages. The area where beer products are displayed must have a prominent and unambiguous posting of the sign required by 32A-10-102(5). End-cap, side-stack, or stand-alone floor displays may not contain both beer products and non-alcoholic beverages other than non-alcoholic beers.

(b) Sign requirements.

(i) The sign required by 32A-10-102(5) must be:

(A) prominently posted in the area where beer is sold;

(B) easily readable;

(C) in print that is no smaller than .5 inches, bold type.

(ii) The print on the sign must be clearly readable and on a solid, contrasting background.

(iii) The size of the sign, and the size of the print must be sufficiently large so as to be readable, and clearly and unambiguously convey to a consumer that the beverage products displayed in that area contain alcohol. In no instance may the sign be smaller than 8.5 inches x 3.5 inches.

(iv) Additional signs may be necessary depending on the size and type of display area. For example, an entire aisle devoted to beer products may require more than one sign to adequately inform the consumer.

(1)(a) In accordance with Subsection 58-1-203(1)(g), a licensee may request a waiver of any continuing education requirement established under this title or an extension of time to complete any requirement on the basis that the licensee was unable to complete the requirement due to a medical or related condition, humanitarian or ecclesiastical services, extended presence in a geographical area where continuing education is not available, etc.

R156-1-310. Cheating on Examinations.

(1) Policy.

The passing of an examination, when required as a condition of obtaining or maintaining a license issued by the division, is considered to be a critical indicator that an applicant or licensee meets the minimum qualifications for licensure. Failure to pass an examination is considered to be evidence that an applicant or licensee does not meet the minimum qualifications for licensure. Accordingly, the accuracy of the examination result as a measure of an applicant's or licensee's competency must be assured. Cheating by an applicant or licensee on any examination required as a condition of obtaining a license or maintaining a license shall be considered unprofessional conduct and shall result in imposition of an appropriate penalty against the applicant or licensee.

(2) Cheating Defined.

Cheating is defined as the use of any means or instrumentality by or for the benefit of an examinee to alter the results of an examination in any way to cause the examination results to inaccurately represent the competency of an examinee with respect to the knowledge or skills about which they are

examined. Cheating includes:

(a) communication between examinees inside of the examination room or facility during the course of the examination;

(b) communication about the examination with anyone outside of the examination room or facility during the course of the examination;

(c) copying another examinee's answers or looking at another examinee's answers while an examination is in progress;

(d) permitting anyone to copy answers to the examination;

(e) substitution by an applicant or licensee or by others for the benefit of an applicant or licensee of another person as the examinee in place of the applicant or licensee;

(f) use by an applicant or licensee of any written material, audio material, video material or any other mechanism not specifically authorized during the examination for the purpose of assisting an examinee in the examination;

(g) obtaining, using, buying, selling, possession of or having access to a copy of the examination prior to administration of the examination.

(3) Action Upon Detection of Cheating.

(a) The person responsible for administration of an examination, upon evidence that an examinee is or has been cheating on an examination shall notify the division of the circumstances in detail and the identity of the examinees involved with an assessment of the degree of involvement of each examinee;

(b) If cheating is detected prior to commencement of the examination, the examinee may be denied the privilege of taking the examination; or if permitted to take the examination, the examinee shall be notified of the evidence of cheating and shall be informed that the division may consider the examination to have been failed by the applicant or licensee because of the cheating; or

(c) If cheating is detected during the examination, the examinee may be requested to leave the examination facility and in that case the examination results shall be the same as failure of the examination; however, if the person responsible for administration of the examination determines the cheating detected has not yet compromised the integrity of the examination, such steps as are necessary to prevent further cheating shall be taken and the examinee may be permitted to continue with the examination.

(d) If cheating is detected after the examination, the division shall make appropriate inquiry to determine the facts concerning the cheating and shall thereafter take appropriate action.

(e) Upon determination that an applicant has cheated on an examination, the applicant may be denied the privilege of retaking the examination for a reasonable period of time, and the division may deny the applicant a license and may establish conditions the applicant must meet to qualify for a license including the earliest date on which the division will again consider the applicant for licensure.

(4) Notification.

The division shall notify all proctors, test administrators and examinees of the rules concerning cheating.

Where flat roof snow loads exceed 30 pounds per square foot (1.44 kNm²), the snow loads may be reduced in accordance with the following in load combinations including both snow and seismic loads. W_s as calculated below, shall be combined with seismic loads.

W_s = (0.20 + 0.025(A-5))P_f is greater than or equal to 0.20 P_f

Where

W_s = Weight of snow to be included in seismic calculations;

A = Elevation above sea level at the location of the structure (ft/1000)

P_f = Design roof snow load, psf

For the purpose of this section, snow load shall be assumed uniform on the roof footprint without including the effects of drift or sliding. The Importance Factor, I, used in calculating P_f may be considered 1.0 for use in the formula for W_s.

(41) In Table 1607.1 number 9 is deleted and replaced with the following:

Occupancy or Use	TABLE 1607.1 NUMBER 9

No other loads except dead loads shall be present on the roof when this uniformly distributed load is applied. All building exits under down-slope eaves shall be protected from sliding snow and ice.

(44) Section 1608.1.2 is added as follows:

1608.1.2 Utah Snow Loads. The ground snow load, P_g, to be used in the determination of design snow loads for buildings and other structures shall be determined by using the following formula: P_g = (P_o² + S²(A-A_o)²)^{0.5} for A greater than A_o, and P_g = P_o for A less than or equal to A_o.

WHERE

P_g = Ground snow load at a given elevation (psf)

P_o = Base ground snow load (psf) from Table No. 1608.1.2(a)

S = Change in ground snow load with elevation (psf/100

ft.) From Table No. 1608.1.2(a)

A = Elevation above sea level at the site (ft./1000)

A₀ = Base ground snow elevation from Table 1608.1.2(a) (ft./1000)

The building official may round the roof snow load to the nearest 5 psf. The ground snow load, P_g, may be adjusted by the building official when a licensed engineer or architect submits data substantiating the adjustments. A record of such action together with the substantiating data shall be provided to the division for a permanent record.

The building official may also directly adopt roof snow loads in accordance with Table 1608.1.2(b), provided the site is no more than 100 ft. higher than the listed elevation.

Where the minimum roof live load in accordance with section 1607.11 is greater than the design roof snow load, such roof live load shall be used for design, however, it shall not be reduced to a load lower than the design roof snow load. Drifting need not be considered for roof snow loads less than 20 psf.

NOTES

(1) The IRC requires a minimum live load - See R301.6.
(2) This table is informational only in that actual site elevations may vary. Table is only valid if site elevation is within 100 feet of the listed elevation.

(13) Section R301.6 is deleted and replaced with the following:

R301.6 Utah Snow Loads. The ground snow load, P_g, to be used in the determination of design snow loads for buildings and other structures shall be determined by using the following formula: P_g = (P_o² + S²(A-A_o)²)^{0.5} for A greater than A_o, and P_g = P_o for A less than or equal to A_o.

WHERE

P_g = Ground snow load at a given elevation (psf)

P_o = Base ground snow load (psf) from Table No. R301.2(5a)

S = Change in ground snow load with elevation (psf/100 ft.) From Table No. R301.2(5a)

A = Elevation above sea level at the site (ft./1000)

A_o = Base ground snow elevation from Table R301.2(5a) (ft./1000)

The building official may round the roof snow load to the nearest 5 psf. The ground snow load, P_g, may be adjusted by the building official when a licensed engineer or architect submits data substantiating the adjustments. A record of such action together with the substantiating data shall be provided to the division for a permanent record.

The building official may also directly adopt roof snow

loads in accordance with Table R301.2(5b), provided the site is no more than 100 ft. higher than the listed elevation.

Where the minimum roof live load in accordance with Table R301.6 is greater than the design roof snow load, such roof live load shall be used for design, however, it shall not be reduced to a load lower than the design roof snow load. Drifting need not be considered for roof snow loads less than 20 psf.

(14) Section R304.3 is deleted and replaced with the following:

R304.3 Minimum dimensions. Habitable rooms shall not be less than 7 feet (2134 mm) in any horizontal dimension.

(15) Section R311.5.3 is deleted and replaced with the following:

R311.5.3 Stair treads and risers.

R311.5.3.1 Riser height. The maximum riser height shall be 8 inches (203 mm). The riser shall be measured vertically between leading edges of the adjacent treads. The greatest riser height within any flight of stairs shall not exceed the smallest by more than 3/8 inch (9.5 mm).

R311.5.3.2 Tread depth. The minimum tread depth shall be 9 inches (228 mm). The tread depth shall be measured horizontally between the vertical planes of the foremost projection of adjacent treads and at a right angle to the tread's leading edge. The greatest tread depth within any flight of stairs shall not exceed the smallest by more than 3/8 inch (9.5 mm). Winder treads shall have a minimum tread depth of 10 inches (254 mm) measured as above at a point 12 inches (305 mm) from the side where the treads are narrower. Winder treads shall have a minimum tread depth of 6 inches (152 mm) at any point. Within any flight of stairs, the greatest winder tread depth at the 12 inch (305 mm) walk line shall not exceed the smallest by more than 3/8 inch (9.5 mm).

R311.5.3.3 Profile. The radius of curvature at the leading edge of the tread shall be no greater than 9/16 inch (14.3 mm). A nosing not less than 3/4 inch (19 mm) but not more than 1 1/4 inches (32 mm) shall be provided on stairways with solid risers. The greatest nosing projection shall not exceed the smallest nosing projection by more than 3/8 inches (9.5 mm) between two stories, including the nosing at the level of floors and landings. Beveling of nosing shall not exceed 1/2 inch (12.7 mm). Risers shall be vertical or sloped from the underside of the leading edge of the tread above at an angle not more than 30 degrees (0.51 rad) from the vertical. Open risers are permitted, provided that the opening between treads does not permit the passage of a 4-inch diameter (102 mm) sphere.

Exceptions:

1. A nosing is not required where the tread depth is a minimum of 10 inches (254 mm).

2. The opening between adjacent treads is not limited on stairs with a total rise of 30 inches (762 mm) or less.

(16) Section R313 is deleted and replaced with the following:

Section R313 SMOKE AND CARBON MONOXIDE ALARMS

R313.1 Single- and multiple-station smoke alarms. Single- and multiple-station smoke alarms shall be installed in the following locations:

1. In each sleeping room.

2. Outside of each separate sleeping area in the immediate vicinity of the bedrooms.

3. On each additional story of the dwelling, including basements and cellars but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less

than one full story below the upper level.

All smoke alarms shall be listed and installed in accordance with the provisions of this code and the household fire warning equipment provision of NFPA 72.

R313.2 Carbon monoxide alarms. In new residential structures regulated by this code that are equipped with fuel burning appliances, carbon monoxide alarms shall be installed on each habitable level. All carbon monoxide detectors shall be listed and comply with U.L. 2034 and shall be installed in accordance with provisions of this code and NFPA 720.

R313.3 Interconnection of alarms. When multiple alarms are required to be installed within an individual dwelling unit, the alarm devices shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms in the individual unit. The alarm shall be clearly audible in all bedrooms over background noise levels with all intervening doors closed. Approved combination smoke- and carbon-monoxide detectors shall be permitted.

R313.4 Power source. In new construction, the required alarms shall receive their primary power from the building wiring when such wiring is served from a commercial source, and when primary power is interrupted, shall receive power from a battery. Wiring shall be permanent and without a disconnecting switch other than those required for overcurrent protection. Alarms shall be permitted to be battery operated when installed in buildings without commercial power or in buildings that undergo alterations, repairs, or additions regulated by Section R313.5

R313.5 Alterations, repairs and additions. When interior alterations, repairs or additions requiring a permit occur, or when one or more sleeping rooms are added or created in existing dwellings, the individual dwelling unit shall be provided with alarms located as required for new dwellings; the alarms shall be interconnected and hard wired.

Exceptions:

1. Alarms in existing areas shall not be required to be interconnected and hard wired where the alterations or repairs do not result in the removal of interior wall or ceiling finishes exposing the structure, unless there is an attic, crawl space, or basement available which could provide access for hard wiring and interconnection without the removal of interior finishes.

2. Repairs to the exterior surfaces of dwellings are exempt from the requirements of this section.

(17) In Section R403.1.6 exception 4 is added as follows:
4. When anchor bolt spacing does not exceed 32 inches (813 mm) apart, anchor bolts may be placed with a minimum of two bolts per plate section located not less than 4 inches (102 mm) from each end of each plate section at interior bearing walls, interior braced wall lines and at all exterior walls.

3. Gray water recycling systems shall only receive non hazardous waste discharge of bathtubs, showers, lavatories, clothes washers and laundry sinks such as chemicals having a pH of 6.0 to 9.0, or non flammable or non combustible liquids, liquids without objectionable odors, non-highly pigmented liquids, or other liquids that will not interfere with the operation of the sewer treatment facilities.

C101.2 Permit required. A permit for any gray water

recycling system shall not be issued until complete plans prepared by a licensed engineer, with appropriate data satisfactory to the Code Official, have been submitted and approved. No changes or connections shall be made to either the gray water recycling system or the potable water system within any site containing a gray water recycling system, without prior approved by the Code Official. A permit may also be required by the local health department to monitor compliance with this appendix for system operator standards and record keeping.

C101.3 Definition. The following term shall have the meaning shown herein.

GRAY WATER. Waste water discharged from lavatories, bathtubs, showers, clothes washers and laundry sinks.

C101.4 Installation. All drain, waste and vent piping associated with gray water recycling systems shall be installed in full compliance with this code.

C101.5 Gray Water Reservoir. Gray water shall be collected in an approved reservoir construction of durable, nonabsorbent and corrosion-resistant materials. The reservoir shall be a closed and gas-tight vessel. Gas tight access openings shall be provided to allow inspection and cleaning of the reservoir interior. The holding capacity of the reservoir shall be a minimum of twice the volume of water required to meet the daily flushing requirements of the fixtures supplied by the gray water, but not less than 50 gallons (189 L). This standard requires that single-section homes have the doors no less than 12 feet, center-to-center, from each other, and multisection home doors no less than 20 feet center-to-center from each other when measured in a straight line, regardless of the length of the path of travel between the doors. One of the required exit doors must be accessible from the doorway of each bedroom and no more than 35 feet away from any bedroom doorway. An exterior swing door shall have a 28-inch-wide by 74-inch-high clear opening and sliding glass doors shall have a 28-inch-wide by 72-inch-high clear opening. Each exterior door other than screen/storm doors shall have a key-operated lock that has a passage latch; locks shall not require the use of a key or special tool for operation from the inside of the home.

(b) Flame spread

(i) Walls, ceilings and doors. Walls and ceilings adjacent to or enclosing a furnace or water heater shall have an interior finish with a flame-spread rating not exceeding 25. Sealants and other trim materials two inches or less in width used to finish adjacent surfaces within these spaces are exempt from this provision, provided all joints are supported by framing members or materials with a flame spread rating of 25 or less. Combustible doors providing interior or exterior access to furnace and water heater spaces shall be covered with materials of limited combustibility (i.e. 5/16-inch gypsum board, etc.), with the surface allowed to be interrupted for louvers ventilating the space. However, the louvers shall not be of materials of greater combustibility than the door itself (i.e., plastic louvers on a wooden door). Reference MHCSS 3280.203.

(ii) Exposed interior finishes. Exposed interior finishes adjacent to the cooking range (surfaces include vertical surfaces between the range top and overhead cabinets, the ceiling, or both) shall have a flame-spread rating not exceeding 50, as required by MHCSS 3280.203. (c) Smoke detectors

(i) Location. A smoke detector shall be installed on any ceiling or wall in the hallway or space communicating with each bedroom area between the living area and the first bedroom door, unless a door separates the living area from that bedroom area, in which case the detector shall be installed on the living-area side, as close to the door as practicable, as required by MHCSS 3280.208. Homes with bedroom areas separated by anyone or combination of common-use areas such as a kitchen, dining room, living room, or family room (but not a bathroom or utility room) shall be required to have one detector for each bedroom area. When located in the hallways, the detector shall be between the return air intake and the living areas.

(ii) Switches and electrical connections. Smoke detectors shall have no switches in the circuit to the detector between the over-current protection device protecting the branch circuit and the detector. The detector shall be attached to an electrical outlet box and connected by a permanent wiring method to a general electrical circuit. The detector shall not be placed on the same branch circuit or any circuit protected by a ground-fault circuit interrupter.

(d) Solid-fuel-burning stoves/fireplaces

(i) Solid-fuel-burning fireplaces and fireplace stoves.

Solid-fuel-burning, factory-built fireplaces and fireplace stoves may be used in manufactured homes, provided that they are listed for use in manufactured homes and installed according to their listing/manufacture's instructions and the minimum requirements of MHCSS 3280.709(g).

(ii) Equipment. A solid-fuel-burning fireplace or fireplace stove shall be equipped with an integral door or shutters designed to close the fire chamber opening and shall include complete means for venting through the roof, a combustion air inlet, a hearth extension, and means to securely attach the unit to the manufactured home structure.

(A) Chimney. A listed, factory-built chimney designed to be attached directly to the fireplace/fireplace stove and equipped with, in accordance with the listing, a termination device and spark arrester, shall be required. The chimney shall extend at least three feet above the part of the roof through which it passes and at least two feet above the highest elevation of any part of the manufactured home that is within 10 feet of the chimney.

(B) Air-intake assembly and combustion-air inlet. An air-intake assembly shall be installed in accordance with the terms of listings and the manufacturer's instruction. A combustion air inlet shall conduct the air directly into the fire chamber and shall be designed to prevent material from the hearth from dropping on the area beneath the manufactured home.

(C) Hearth. The hearth extension shall be of noncombustible material that is a minimum of 3/8-inch thick and shall extend a minimum of 16 inches in front and eight inches beyond each side of the fireplace/fireplace stove opening. The hearth shall also extend over the entire surface beneath a fireplace stove and beneath an elevated and overhanging fireplace.

(e) Electrical wiring systems

(i) Testing. All electrical systems shall be tested for continuity in accordance with MHCSS 3280.810, to ensure that metallic parts are properly bonded; tested for operation, to demonstrate that all equipment is connected and in working order; and given a polarity check, to determine that connections are proper.

(ii) 5.2 Protection. The electrical system shall be properly protected for the required amperage load. If the unit wiring employs aluminum conductors, all receptacles and switches rated at 20 amperes or less that are directly connected to the aluminum conductors shall be marked CO/ALA. Exterior receptacles, other than heat tape receptacles, shall be of the ground-fault circuit interrupter (GFI) type. Conductors of dissimilar metals (copper/aluminum or copper-clad aluminum) must be connected in accordance with National Electrical Code (NEC) Section 110-14.

(iii) Installation. Furnaces and water heaters shall be installed to provide complete separation of the combustion system from the interior atmosphere of the manufactured home, as required by MHCSS.

(A) Separation. The required separation may be achieved by the installation of a direct-vent system (sealed combustion system) furnace or water heater or the installation of a furnace and water heater venting and combustion systems from the interior atmosphere of the home. There shall be no doors, grills, removable access panels, or other openings into the enclosure from the inside of the manufactured home. All openings for ducts, piping, wiring, etc., shall be sealed.

(B) Water heater. The floor area in the area of the water heater shall be free from damage from moisture to ensure that the floor will support the weight of the water heater.

Human remains that are discovered in conjunction with a project or undertaking subject to Chapter 8, part 4 Historic Sites, or Section 106 of the National Historic Preservation Act, are the responsibility of the project proponents, not the Antiquities Section. The Antiquities Section may however advise, assist and cooperate with responsible agencies in meeting their obligations regarding ancient human remains. For ancient human remains recovered as part of a compliance project from lands covered by 9-8-309, the Antiquities Section will, following appropriate analyses, and if asked, assume the role of the landowner for purposes of determination of ownership as per 9-9-403(8).

Upon notification that ancient human remains have been discovered, the Antiquities Section will gather information and consult as necessary with affected agencies and individuals and within two business days determine a course of action with approval of the landowner (leave remains in place or excavate and remove remains) and notify the affected agencies and

individuals of the decision.

R212-4-5. Excavation and Removal of Ancient Human Remains.

If the landowner grants permission for excavation and removal, the Antiquities Section or its agent will conduct respectful and scientifically-sound investigations of the remains and will remove from the site the remains within five days of receiving permission to excavate. If agreed to by the landowner, an alternative agreement may be reached (as provided for in 9-8-309(3)). If extraordinary circumstances (as defined in 9-8-309(1)(c)(i)) exist or arise requiring a time extension, the Antiquities Section will notify the landowner immediately.

If the landowner does not grant permission to excavate and remove the ancient human remains, the Antiquities Section will inform the landowner of the legal restrictions regarding human remains as specified in UCA 76-9-704.

Excavated human remains will be examined. Those determined to be Native American will be subject to Chapter 9, Part 4, Native American Grave Protection and Repatriation Act. For the purposes of determining ownership under the act, for all remains excavated under the provisions of this part by the Antiquities Section, the Section will serve in the capacity of the landowner and will make lineal descent and cultural affiliation ownership determinations in consultation with the Division of Indian Affairs and allowing interested individuals and tribes to assert claims of ownership.

(b) to permit operation of an air pollution source where there is no practicable means known or available for adequate prevention, abatement or control of the air pollutants involved. Such a variance shall be only until the necessary means for prevention, abatement or control becomes known and available, subject to the use of substitute or alternate measures the Board may prescribe.

(c) to permit operation of an air pollution source where the control measures, because of their extent or cost, must be spread over a considerable period of time.

(2) Variance requests, as set forth in Section 19-2-113, may be submitted by the owner or operator who is in control of any plant, building, structure, establishment, process or equipment.

R307-103-5. Notice of and Response to Request for Agency Action.

(1) The presiding officer shall promptly review a request for agency action and shall issue a Notice of Request for Agency Action in accordance with 63G-4-201(3)(d) and (e). If further proceedings are required and the matter is not set for hearing at the time the Notice is issued, notice of the time and place for a hearing shall be provided promptly after the hearing is scheduled.

(2) The Notice shall include a designation of parties under R307-103-6(4), and shall notify respondents that any response to the Request for Agency Action shall be due within 30 days of the day the Notice is mailed, in accordance with 63G-4-204.

R307-103-6. Parties and Intervention.

(1) Determination of a Party. The following persons are parties to an adjudicative proceeding:

(b) The executive secretary of the board;

(c) All persons to whom the board has granted intervention under R307-103-6(2); and

(d) Any other person with standing who brings a Request for Agency Action as authorized by the Utah Administrative Procedures Act and these rules.

(2) Intervention.

(c) A person seeking to intervene in a proceeding for which agency action has not been initiated under 63G-4-201 may file a Request for Agency Action at the same time he files a Petition for Intervention. Any such Request for Agency Action and Petition to Intervene must be received by the board for filing within 30 days of the issuance of the initial order or notice of violation being challenged. The time for filing a

Request for Agency Action and Petition to Intervene may be extended by stipulation of the executive secretary, the person subject to an initial order or notice of violation, and the potential intervenor.

(d) Any response to a Petition to Intervene that is filed at the same time as a Request for Agency Action shall be filed on or before the day the response to the Request for Agency Action is due.

(1) Role of Board.

(a) The board is the "agency head" as that term is used in Title 63G, Chapter 4. The board is also the "presiding officer," as that term is used in Title 63G, Chapter 4, except:

(i) The chair of the board shall be considered the presiding officer to the extent that these rules allow; and

(ii) The board may appoint one or more presiding officers to preside over all or a portion of the proceedings.

(b) The chair of the board may delegate the chair's authority as specified in this rule to another board member.

(2) Appointed Presiding Officers. Unless otherwise explicitly provided by written order, any appointment of a presiding officer shall be for the purpose of conducting all aspects of an adjudicative proceeding, except rulings on intervention, stays of orders, dispositive motions, and issuance of the final order. As used in this rule, the term "presiding officer" shall mean "presiding officers" if more than one presiding officer is appointed by the board.

(3) Board Counsel. The Presiding Officer may request that Board Counsel provide legal advice regarding legal procedures, pending motions, evidentiary matters and other legal issues.

(4) Pre-hearing Conferences. The presiding officer may direct the parties to appear at a specified time and place for pre-hearing conferences for the purposes of establishing schedules, clarifying the issues, simplifying the evidence, facilitating discovery, expediting proceedings, encouraging settlement, or giving the parties notice of the presiding officer's availability to parties.

(5) Pre-hearing Documents.

(a) At least 15 business days before a scheduled hearing, the executive secretary shall compile a draft list of prehearing documents as described in (b), and shall provide the list to all other parties. Each party may propose to add documents to or delete document from the list. At least seven business days before a scheduled hearing, the executive secretary shall issue a final prehearing document list, which shall include only those documents upon which all parties agree unless otherwise ordered by the presiding officer. All documents on the final prehearing document list shall be made available to the presiding officer prior to the hearing, and shall be deemed to be authenticated.

(b) The prehearing document list shall ordinarily include any pertinent permit application, any pertinent inspection report, any pertinent draft document that was released for public comment, any pertinent public comments received, any pertinent initial order or notice of violation, the request for or notice of agency action, and any responsive pleading. The list is not intended to be an exhaustive list of every document relevant to

the proceeding, however any document may be included upon the agreement of all parties.

(6) Briefs.

(a) Unless otherwise directed by the presiding officer, parties to the proceeding shall submit a pre-hearing brief, which shall include a proposed order meeting the requirements of 63G-4-208, at least seven business days before the hearing. The prehearing brief shall be limited to 20 pages exclusive of the proposed order.

(b) Post-hearing briefs and responsive briefs will be allowed only as authorized by the presiding officer.

(7) Schedules.

(a) The parties are encouraged to prepare a joint proposed schedule for discovery, for other pre-hearing proceedings, for the hearing, and for any post-hearing proceedings. If the parties cannot agree on a joint proposed schedule, any party may submit a proposed schedule to the presiding officer for consideration.

(b) The presiding officer shall establish a schedule for the matters described in (a) above.

(8) Motions. All motions shall be filed a minimum of 12 days before a scheduled hearing, unless otherwise directed by the presiding officer. A memorandum in opposition to a motion may be filed within 10 days of the filing of the motion, or at least one day before any scheduled hearing, whichever is earlier. Memoranda in support of or in opposition to motions may not exceed 15 pages unless otherwise provided by the presiding officer.

(9) Filing and Copies of Submissions. The original of any motion, brief, petition for intervention, or other submission shall be filed with the executive secretary. In addition, the submitter shall provide a copy to each presiding officer, to each party of record, and to all persons who have petitioned for intervention, but for whom intervention has been neither granted nor denied.

R307-103-8. Hearings.

The presiding officer shall govern the conduct of a hearing, and may establish reasonable limits on the length of witness testimony, cross-examination, oral arguments or opening and closing statements.

R307-103-9. Orders.

(1) Recommended Orders of Appointed Presiding Officers.

(a) Unless an appointed presiding officer is required by the terms of his appointment to issue a final order, he shall prepare a recommended order for the board, and shall provide copies of the recommended order to the board and to all parties.

(b) Any party may, within 10 days of the date the recommended order is mailed, delivered, or published, comment on the recommended order. Such comments shall be limited to 15 pages and shall cite to the specific parts of the record which support the comments.

(c) The board shall review the recommended order, comments on the recommended order, and those specific parts of the record cited by the parties in any comments. The board shall then determine whether to accept, reject, or modify the recommended order. The board may remand part or all of the matter to the presiding officer or may itself act as presiding officers for further proceedings.

(d) The board may modify this procedure with notice to all parties.

(1) Stay of Orders Pending Administrative Adjudication.

(a) A party seeking a stay of a challenged order during an

adjudicative proceeding shall file a motion with the board. If granted, a stay would suspend the challenged order for the period as directed by the board.

(b) The board may order a stay of the order if the party seeking the stay demonstrates the following:

(i) The party seeking the stay will suffer irreparable harm unless the stay is issued;

(ii) The threatened injury to the party seeking the stay outweighs whatever damage the proposed stay is likely to cause the party restrained or enjoined;

(iii) The stay, if issued, would not be adverse to the public interest; and

(iv) There is substantial likelihood that the party seeking the stay will prevail on the merits of the underlying claim, or the case presents serious issues on the merits which should be the subject of further adjudication.

(2) Stay of the Order Pending Judicial Review.

(a) A party seeking a stay of the board's final order during the pendency of judicial review shall file a motion with the board.

(b) The board as presiding officer may grant a stay of its order during the pendency of judicial review if the standards of R307-103-10(1)(b) are met.

(iv) Knows that he has any other interest that could be substantially affected by the outcome of the proceeding; or

(v) Is likely to be a material witness in the proceeding.

(b) A member of the board or other presiding officer is also subject to disqualification under principles of due process and administrative law.

(c) These requirements are in addition to any requirements under the Utah Public Officers' and Employees' Ethics Act, Utah Code Ann. Section 67-16-1 et seq.

(2) Motions for Disqualification. A motion for disqualification shall be made first to the presiding officer. If the presiding officer is appointed, any determination of the presiding officer upon a motion for disqualification may be appealed to the board.

R307-103-13. Declaratory Orders.

(1) A request for a declaratory order may be filed in accordance with the provisions of 63G-4-503. The request shall be titled a petition for declaratory order and shall meet the requirements of 63G-4-201(3). The request shall also set out a proposed order.

converted to an informal proceeding under R307-103-4(2) above.

(1) Modifying Requirements of Rules. For good cause, the requirements of these rules may be modified by order of the presiding officer.

(2) Extensions of Time. Except as otherwise provided by statute, the presiding officer may approve extensions of any time limits established by this rule, and may extend time limits adopted in schedules established under R307-103-7(6). The presiding officer may also postpone hearings. The chair of the board may act as presiding officer for purposes of this paragraph.

(3) Computation of Time. Time shall be computed as provided in Rule 6(a) of the Utah Rules of Civil Procedure except that no additional time shall be allowed for service by mail.

(4) Appearances and Representation.

(a) An individual who is a participant to a proceeding, or an officer designated by a partnership, corporation, association, or governmental entity which is a participant to a proceeding, may represent his, her, or its interest in the proceeding.

(b) Any participant may be represented by legal counsel.

(5) Other Forms of Address. Nothing in these rules shall prevent any person from requesting an opportunity to address the board as a member of the public, rather than as a party. An opportunity to address the board shall be granted at the discretion of the board. Addressing the board in this manner does not constitute a request for agency action under R307-103-3.

(6) Settlement. A settlement may be through an administrative order or through a proposed judicial consent decree, subject to the agreement of the settlers.

(7) Requests for Records. Requests for records and related assessments of fees for records under the Title 63G, Chapter 2, Utah Government Record Access and Management Act, and Title 63A, Chapter 12, Archives and Records Service, are not governed by Title 63G, Chapter 4, Utah Administrative Procedures Act, or by this rule.

Parties that request agency review of an action which determined responsible parties or apportioned liability shall pay the costs of further proceedings at a rate set by the state legislature. However, when a final determination of liability is made and the requesting party is less than one hundred per cent liable, the costs of the proceedings shall be included in the apportionment decision and the requesting party may recover its costs from the other parties according to each party's apportioned liability. (c) In a proceeding requested by the person requesting intervention, the intervenor shall be the petitioner (provided that intervention is granted), and the Executive Secretary and any persons to whom the challenged order or notice of violation is

directed shall be the respondents.

(d) Intervention: A person who is not a party to a proceeding may request intervention under Section 63G-4-207 of the UAPA for the purpose of filing a request for agency action, and may simultaneously file that request.

(e) Any request for intervention and agency action must be received as provided in R311-210-4 within 30 days of the date of the pertinent order or notice of violation. The person seeking intervention shall provide copies of the request and any accompanying motions, notices, and requests to all parties.

If no presiding officer with a general appointment exists, the Chair of the Board may act as presiding officer for purposes of this paragraph.

(g) Persons may be permitted by the presiding officer to enter an appearance as Amicus Curiae, subject to conditions established by the presiding officer.

R311-210-7. Presiding Officer.

(a) In proceedings to review UAPA-exempt orders and notices of violations, the Board is the "agency head" as the term is used in the UAPA.

(b) When acting as agency head, the Board is the "presiding officer" as that term is used in the UAPA, except:

1. the Chair of the Board shall be considered the presiding officer to the extent that these rules allow; and

(d) A presiding officer when appointed by the appointing authority shall be empowered with such authority as granted by the appointing authority and the UAPA, except making final substantive decisions and as may be limited by Section R311-210 or the appointing authority.

R311-210-8. Designation of Formal Proceedings.

(a) Proceedings pursuant to a request for agency action are designated as formal, including: enforcement, violations, non-compliance, civil penalties, assessments, revocations, lapsed or terminated certificates, abatements, corrective plans, releases, tank tightness, claims, and other matters determining a person's legal interest.

(b) If multiple issues are part of one proceeding, the presiding officer may separate the proceedings to convert one or more of the matters from formal to informal or informal to formal while allowing the other matters to proceed at the ongoing designation.

R311-210-10. Preliminary Matters to Apportionment and Other Proceedings.

(a) The Executive Secretary may request owners or operators of a facility that had a release of a regulated substance or any persons identified as potential responsible parties to provide information and documentation pertinent to the identification of other responsible parties. However, this does not prevent the Executive Secretary from determining responsible parties and apportioning liability. If information identifying or otherwise concerning other potentially responsible parties is provided, the forwarding of such information to the Executive Secretary is not to be construed as a request to determine responsible parties or apportion liability.

(b) The Executive Secretary may make a preliminary identification of as many responsible parties as reasonably possible that are to be a part of an initial proceeding. The preliminary identification of responsible parties does not constitute an order. The preliminary identification may be made solely from information provided in the manner described in subsection R311-210-10(a). In making such a determination, the Executive Secretary may assess whether any identification of a responsible party by other parties is without merit, or may find that no grounds exist to identify such person as a responsible party.

(c) Before any proceeding is commenced, the Executive Secretary, or a representative of the Executive Secretary may seek to resolve the impending proceeding by encouraging or facilitating settlement.

R311-210-11. Multiple Issues or Parties.

(a) Multiple issues may be determined in one proceeding, or in one resulting order or notice of violation.

(b) Multiple issues having been determined in a single proceeding may, if contested, proceed separately.

(c) The naming or identifying of responsible parties as part of an investigation whether or not it results in an order or notice of violation, or as part of an adjudication does not preclude the naming or identifying of different or additional responsible parties in the same investigation or adjudication for different issues, or separate investigations or adjudications concerning different issues.

R311-210-12. Motions.

(a) In an informal proceeding, a motion or response to a motion may be submitted orally or in writing as directed by the presiding officer.

(b) In a formal proceeding, any motion or response to a motion shall be submitted in writing to the presiding officer, unless otherwise directed by the presiding officer. The motion or response may be accompanied by a short supporting memorandum of fact and law. Supporting or contravening affidavits may be submitted with the motion or response.

(c) Responses to motions must be received by the presiding officer ten days after the motion is submitted, unless otherwise directed by the presiding officer.

(d) Although the agency or parties may file responses as provided in R311-210-12(c), such responses are not required and the agency or parties will not be subject to default for declining to file responses.

(e) Dispositive motions that concern facts or matters beyond those contained solely within the request for agency action shall be completed 30 days before the scheduled hearing, unless otherwise directed by the presiding officer.

R311-210-13. Record Submission and Review.

In accordance with Section 63G-4-203(e), in informal proceedings the presiding officer may require parties to submit pertinent information within a designated response period. Parties' access to information shall be as provided in the UAPA. The presiding officer may sanction a party that does not submit information that is requested by the presiding officer. Such

sanctions include exclusion of evidence at the hearing, being held in default, or other applicable sanctions found in Rule 37(b) of the Utah Rules of Civil Procedure. If a hearing is scheduled, a party shall submit to the presiding officer any information that was not requested that the party intends to use at the hearing 30 days before the hearing. Failure to timely submit such information may result in the presiding officer excluding the information at the hearing.

R311-210-14. Discovery.

(a) In formal proceedings, all parties shall submit to the presiding officer all relevant information they possess or are aware of necessary for parties to support their claims or defenses within 30 days after proceedings are commenced, and with newly acquired information within 30 days after the party discovers such information, but not less than 30 days before a formal hearing. The Executive Secretary satisfies this obligation by making the public agency file available for inspection. If a party fails to timely provide the required information, the presiding officer may enter an order of default, exclude evidence, or enter other applicable sanctions found in Rule 37(b) of the Utah Rules of Civil Procedure. Parties submitting the information shall provide notice to all other parties with a list or brief summary of all information being submitted. Parties shall have access to the information submitted to the presiding officer, and to information acquired through agency investigations and other information contained in its files.

(b) In formal proceedings the presiding officer may vary the manner of discovery if it appears appropriate, or upon the motion of a party and for good cause shown. If discovery is varied to be more in accordance with the Utah Rules of Civil Procedure, copies of all discovery conducted between parties shall be provided to the presiding officer at the cost to the party seeking discovery.

(c) In formal proceedings, upon approval by the presiding officer, any party may serve on any other party a request to permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property or any designated object or operation thereon if the information sought is reasonably calculated to lead to the discovery of admissible evidence.

1. The request shall set forth the items to be inspected either by individual item or by category, and describe each item and category with reasonable particularity. The request shall specify a reasonable time, place, and manner of making the inspection and performing the related acts.

2. The party upon whom the request is served shall serve a written response within 20 days after the service of the request. The presiding officer may allow a shorter or longer time. The response shall state with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event the reasons for objection shall be stated. The party submitting the request may move for an order compelling inspection and seek any sanction referred to above in subsection (a) with respect to any objection to or failure to respond to the request or any part thereof, or any failure to permit inspection as requested.

R311-210-15. Pre-Hearing Matters.

(a) In proceedings in which a hearing may be held, the presiding officer may, upon written notice to all parties of record, hold a pre-hearing conference. Matters that may be discussed at the pre-hearing conference include: setting a hearing date; formulating or simplifying the issues; obtaining stipulations, admissions of fact and of documents which will avoid unnecessary proof; arranging for the exchange of proposed exhibits or prepared expert testimony; identifying all

other proposed exhibits or witnesses; outlining or reviewing procedures to be followed; encouraging joint pleadings, exhibits, testimony and cross-examination where parties have common interests; and facilitating settlement and other agreements. Any other matters that may expedite the orderly conduct of the proceedings may be discussed.

(b) Parties to a proceeding are encouraged to prepare a joint-proposed schedule addressing matters such as a hearing date, and motion and discovery cut off dates. If the parties cannot agree on a joint-proposed schedule, the presiding officer may consider proposals by any party.

(c) The presiding officer shall establish schedules for discovery and other pre-hearing proceedings, for the hearing, and for any post-hearing proceedings.

R311-210-16. Conduct of Formal Hearings.

(a) All formal hearings shall be open to the public, unless otherwise ordered by the presiding officer for good cause shown.

(b) The presiding officer shall maintain order and may, recess the hearing for the time necessary to regain order if a person engages in disrespectful, disorderly, or contemptuous conduct. The presiding officer may take measures to remove a person, including participants from the hearing, if necessary, to maintain order. If a participant shows persistent disregard on matters of order and procedure, the presiding officer may enter a sanction on the person including: restricting the person's participation, putting on evidence, or issuing an order of default.

(c) If a party desires to employ a court reporter to make a record of the hearing, the original transcript of the hearing shall be filed with the presiding officer at no cost to the agency.

(d) In apportionment proceedings, the order of presentation of evidence will be as follows, unless otherwise directed by the presiding officer: the responsible party most recently involved in the facility, with operators having priority over owners; then underground storage tank installation companies, then subsequent responsible parties in the order of recency of involvement in the facility; intervenor(s); the agency; and other interested parties. Argument normally will follow the same order. For other proceedings, the presiding officer may order the presentation of evidence in a manner deemed appropriate.

(e) Parties may question opposing witnesses on any matter relevant to the issue even though the matter was not covered in direct examination. The presiding officer may limit or exclude friendly cross-examination. The presiding officer shall discourage and may prohibit parties from making their case through cross-examination.

(f) The presiding officer may question any party or witness and may admit any evidence believed relevant or material.

(g) The presiding officer may continue a hearing to another time or place if additional evidence is available or reasonably expected to be available and the presiding officer determines such evidence is necessary for the proper determination of the case.

R311-210-17. Rules of Evidence.

(a) The presiding officer is not bound by the rules of evidence and need not adhere to the rules as required in civil actions in the courts of this State. Nevertheless, in UAPA proceedings, the Utah Rules of Evidence shall be used as an appropriate guide insofar as they are not inconsistent with the UAPA and these Rules.

(b) In contested proceedings providing a hearing, if a witness' testimony has been reduced to writing and filed with the presiding officer at least 30 days prior to the hearing, the testimony may be placed into the record as an exhibit. Parties shall have an opportunity to cross-examine the witness on the testimony.

R311-210-18. Recommended Orders.

(a) If the presiding officer in a proceeding is an appointed presiding officer, at the conclusion of the hearing or taking evidence, the presiding officer cannot make any final substantive decisions, but, shall take the matter under advisement and shall submit to the appointing authority recommended orders. The recommended orders shall follow the form in the UAPA for signed and issued orders in informal or formal proceedings. All recommended orders will be public record and copies shall be distributed to all parties.

(d) The appointing authority may remand the matter to the presiding officer to take additional evidence. The presiding officer thereafter shall submit to the appointing authority new recommended orders.

(e) The Board adopting and signing recommended orders as final orders or making independent determinations and signing them as final orders pursuant to a request for agency action to contest an initial order does not constitute agency review, but is open to a request for reconsideration in accordance with Section 63G-4-302 of the UAPA.

(f) The appointing authority may modify this procedure with notice to all parties.

R311-210-19. Stays of Orders.

(b) A party seeking a stay of the order of the Executive Secretary shall file a motion with the presiding officer.

(c) The presiding officer may order a stay of the order of the Executive Secretary if the party seeking the stay demonstrates that:

1. The party seeking the stay will suffer irreparable harm unless the stay issues;

2. The threatened injury to the party seeking the stay outweighs whatever damage the proposed stay is likely to cause the party restrained or enjoined;

3. The stay, if issued, would not be adverse to the public interest; and

4. There is a substantial likelihood that the party seeking the stay will prevail on the merits of the underlying claim, or the case presents serious issues on the merits which should be the subject of further evaluation by the presiding officer.

(d) No bond shall be required from the party requesting the stay.

(e) The Board may grant a stay of its order (or of the order of its appointed presiding officer) during the pendency of judicial review if the standards of R311-210-19(c) are met.

All gross income, earned and unearned, received by the parents and stepparents of any child who is included in the household size, is counted toward household income, unless this section specifically describes a different treatment of the income.

(2) Any income in a trust that is available to, or is received by a household member, is countable income.

(3) Payments received from the Family Employment Program, General Assistance, or refugee cash assistance or adoption support services as authorized under Title 35A, Chapter 3 is countable income.

(b) upkeep and repair costs necessary to maintain the current value of the property;

(c) utility costs only if they are paid by the owner; and

(d) interest only on a loan or mortgage secured by the rental property.

(5) Deposits to joint checking or savings accounts are countable income, even if the deposits are made by a non-household member. An applicant or enrollee who disputes household ownership of deposits to joint checking or savings accounts shall be given an opportunity to prove that the deposits do not represent income to the household. Funds that are successfully disputed are not countable income.

(6) Cash contributions made by non-household members are counted as income unless the parties have a signed written agreement for repayment of the funds.

(7) The interest earned from payments made under a sales contract or a loan agreement is countable income to the extent that these payments will continue to be received during the eligibility period.

(8) In-kind income, which is goods or services provided to the individual from a non-household member and which is not in the form of cash, for which the individual performed a service or is provided as part of the individual's wages is counted as income. In-kind income for which the individual did not perform a service or did not work to receive is not counted as income.

(9) SSI and State Supplemental Payments are countable income.

(10) Death benefits are not countable income to the extent that the funds are spent on the deceased person's burial or last illness.

(11) A bona fide loan that an individual must repay and that the individual has contracted in good faith without fraud or deceit, and genuinely endorsed in writing for repayment is not countable income.

(12) Child Care Assistance under Title XX is not countable income.

(13) Reimbursements of Medicare premiums received by an individual from Social Security Administration or the Department are not countable income.

(14) Needs-based Veteran's pensions are not counted as income. If the income is not needs-based, only the portion of a Veteran's Administration check to which the individual is legally entitled is countable income.

(15) Income of a child is excluded if the child is not the head of a household.

(21) Income of an alien's sponsor or the sponsor's spouse, is not countable income.

(22) If the household expects to receive less than \$500 per year in taxable interest and dividend income, then they are not countable income.

R382-10-14. Budgeting.

The following section describes methods that the Department will use to determine the household's countable monthly or annual income.

(1) The gross income for parents and stepparents of any child included in the household size is counted to determine a child's eligibility, unless the income is excluded under this rule. Only expenses that are required to make an income available to the individual are deducted from the gross income. No other deductions are allowed.

(2) The Department shall determine monthly income by taking into account the months of pay where an individual receives a fifth paycheck when paid weekly, or a third paycheck when paid every other week. The Department shall multiply the weekly amount by 4.3 to obtain a monthly amount. The Department shall multiply income paid bi-weekly by 2.15 to obtain a monthly amount.

(3) The Department shall determine a child's eligibility and cost-sharing requirements prospectively for the upcoming eligibility period at the time of application and at each renewal for continuing eligibility. The Department shall determine prospective eligibility by using the best estimate of the household's average monthly income that is expected to be received or made available to the household during the upcoming eligibility period. The Department shall prorate income that is received less often than monthly over the

eligibility period to determine an average monthly income. The Department may request prior years' tax returns as well as current income information to determine a household's income.

(4) Methods of determining the best estimate are income averaging, income anticipating, and income annualizing. The Department may use a combination of methods to obtain the most accurate best estimate. The best estimate may be a monthly amount that is expected to be received each month of the eligibility period, or an annual amount that is prorated over the eligibility period. Different methods may be used for different types of income received in the same household.

(5) The Department shall determine farm and self-employment income by using the individual's recent tax return forms. If tax returns are not available, or are not reflective of the individual's current farm or self-employment income, the Department may request income information from a recent time period during which the individual had farm or self-employment income. The Department deducts 40% of the gross income as a deduction for business expenses to determine the countable income of the individual. For individuals who have business expenses greater than 40%, the Department may exclude more than 40% if the individual can demonstrate that the actual expenses are greater than 40%. The Department deducts the same expenses from gross income that the Internal Revenue Service allows as self-employment expenses.

(6) The Department may annualize income for any household and in particular for households that have self-employment income, receive income sporadically under contract or commission agreements, or receive income at irregular intervals throughout the year.

R382-10-15. Assets.

An asset test is not required for CHIP eligibility.

R382-10-16. Application and Renewal.

The application is the initial request from an applicant for CHIP enrollment for a child. The application process includes gathering information and verifications to determine the child's eligibility for enrollment in the program. Renewal is the process of gathering information and verifications on a periodic basis to determine continued eligibility of an enrollee.

(1) The applicant must complete and sign a written application to become enrolled in the program.

(2) The Department accepts any Department-approved application form for medical assistance programs offered by the state as an application for CHIP enrollment.

(3) Individuals may apply for enrollment during open enrollment periods in person, through the mail, by fax, or online.

(4) The Department may interview applicants, the applicant's parents, and any adult who has assumed responsibility for the care or supervision of the child to assist in determining eligibility.

(5) If eligibility for CHIP enrollment ends, the Department shall review the case for eligibility under any other medical assistance program without requiring a new application. The Department may request additional verification from the household if there is insufficient information to make a determination.

R382-10-17. Eligibility Decisions.

(1) The Department must determine eligibility for CHIP within 30 days of the date of application. If a decision can not be made in 30 days because the applicant fails to take a required action and requests additional time to complete the application process, or if circumstances beyond the Department's control delay the eligibility decision, the Department shall document the reason for the delay in the case record. The Department must inform the applicant of the status of the application and the time

frame for completing the application process.

(2) The Department may not use the time standard as a waiting period before determining eligibility, or as a reason for denying eligibility because the Department has not determined eligibility within that time.

(3) The Department shall complete a determination of eligibility or ineligibility for each application unless:

(a) the applicant voluntarily withdrew the application and the Department sent a notice to the applicant to confirm the withdrawal;

(b) the applicant died; or

(c) the applicant can not be located or has not responded to requests for information within the 30 day application period.

(4) The Department must redetermine eligibility at least every 12 months.

(5) At application and renewal, the Department must determine if any child applying for CHIP enrollment is eligible for coverage under Medicaid. A child who is eligible for Medicaid coverage is not eligible for CHIP. A child who must meet a spend-down to receive Medicaid and chooses not to meet the spenddown can be enrolled in CHIP.

R382-10-18. Effective Date of Enrollment and Renewal.

(1) The effective date of CHIP enrollment is the date a completed and signed application is received at a local office by 5:00 p.m. on a business day. This applies to paper applications delivered in person or by mail, paper applications sent via facsimile transmission, and electronic applications sent via the internet. If a local office receives an application after 5:00 p.m. of a business day, the effective date of CHIP enrollment is the next business day.

(2) The effective date of CHIP enrollment for applications delivered to an outreach location is as follows:

(a) If the application is delivered at a time when the outreach staff is working at that location, the effective date of enrollment is the date the outreach staff receives the application.

(b) If the application is delivered at a time when the outreach office is closed, including being closed for weekends or holidays, the effective date of enrollment is the last business day that a staff person from the state agency was available to receive or pick up applications from the location.

(3) The Department may allow a grace enrollment period beginning no earlier than four days before the date a completed and signed application is received by the Department. The Department shall not pay for any services received before the effective enrollment date.

(4) For a family who has a child enrolled in CHIP and who adds a newborn or adopted child, the effective date of enrollment is the date of birth or adoption if the family requests the coverage within 30 days of the birth or adoption. If the request is made more than 30 days after the birth or adoption, enrollment in CHIP will be effective beginning the date of report, except as otherwise provided in R382-10-18(1).

(5) The effective date of enrollment for a renewal is the first day of the month after the renewal month, if the renewal process is completed by the end of the renewal month, or by the last day of the month immediately following the renewal month, and the child continues to be eligible.

(6) If the renewal process is not completed by the end of the renewal month, the case will be closed unless the enrollee has good cause for not completing the renewal process on time. Good cause includes a medical emergency, death of an immediate family member, or natural disaster, or other similar occurrence.

(7) The Department may require an interview with the parent, child, or adult who has assumed responsibility for the care or supervision of a child, or other authorized representative as part of the renewal process.

R382-10-19. Enrollment Period.

(1) The enrollment period begins with either the date of application, or an earlier date as defined in R382-10-18, if the applicant is determined eligible for CHIP enrollment. Covered services the child received on or after the effective date of enrollment are payable by CHIP for a child who was eligible upon application.

(2) A child eligible for CHIP enrollment receives 12 months of coverage unless the child turns 19 years of age before the end of the 12-month enrollment period, moves out of the state, becomes eligible for Medicaid, begins to be covered under a group health plan or other health insurance coverage, enters a public institution, or does not pay his or her quarterly premium. The month a child turns 19 years of age is the last month the child is eligible for CHIP.

R382-10-20. Quarterly Premiums.

(1) Each family with children enrolled in the CHIP program must pay a quarterly premium based on the countable income of the family during the first month of the quarter.

(a) A family whose countable income is equal to or less than 100% of the federal poverty level or who are American Indian pays no premium.

(b) A family with countable income greater than 100% and up to 150% of the federal poverty level must pay a quarterly premium of \$30.

(c) A family with countable income greater than 150% and up to 200% of the federal poverty level must pay a quarterly premium of \$60.

(2) A family who does not pay its quarterly premium by the premium due date will be terminated from CHIP. Coverage may be reinstated when any of the following events occur:

(a) The family pays the premium by the last day of the month immediately following the termination;

(b) The family's countable income decreased to below 100% of the federal poverty level prior to the first month of the quarter.

(c) The family's countable income decreases prior to the first month of the quarter and the family owes a lower premium amount. The new premium must be paid within 30 days.

(3) A family who was terminated from CHIP who reapplies within one year of the termination date, must pay any outstanding premiums before the children can be re-enrolled.

R382-10-21. Termination and Notice.

(1) The Department shall notify an applicant or enrollee in writing of the eligibility decision made on the application or at renewal.

(2) The Department shall notify an enrollee in writing ten days before taking a proposed action adversely affecting the enrollee's eligibility.

(3) Notices under this section shall provide the following information:

- (a) the action to be taken;
- (b) the reason for the action;
- (c) the regulations or policy that support the action;
- (d) the applicant's or enrollee's right to a hearing;
- (e) how an applicant or enrollee may request a hearing;

and

(f) the applicant's or enrollee's right to represent himself, or use legal counsel, a friend, relative, or other spokesperson.

(4) The Department need not give ten-day notice of termination if:

- (a) the child is deceased;
- (b) the child has moved out of state and is not expected to return;
- (c) the child has entered a public institution; or
- (d) the child has enrolled in other health insurance coverage, in which case eligibility ends the day before the new

coverage begins.

R382-10-22. Case Closure or Withdrawal.

The Department shall terminate a child's enrollment upon enrollee request or upon discovery that the child is no longer eligible. An applicant may withdraw an application for CHIP benefits any time prior to approval of the application.

R386. Health, Community Health Services, Epidemiology.

R386-702. Communicable Disease Rule.

R386-702-1. Purpose Statement.

(1) The Communicable Disease Rule is adopted under authority of Sections 26-1-30, 26-6-3, and 26-23b.

(2) This rule outlines a multidisciplinary approach to communicable and infectious disease control and emphasizes reporting, surveillance, isolation, treatment and epidemiological investigation to identify and control preventable causes of infectious diseases. Reporting requirements and authorizations are specified for communicable and infectious diseases, outbreaks, and unusual occurrence of any disease. Each section has been adopted with the intent of reducing disease morbidity and mortality through the rapid implementation of established practices and procedures.

(3) The successes of medicine and public health dramatically reduced the risk of epidemics and early loss of life due to infectious agents during the twentieth century. However, the recent emergence of new diseases, such as Human Immunodeficiency Virus, Hantavirus, and Severe Acute Respiratory Syndrome, and the rapid spread of diseases to the United States from other parts of the world, such as West Nile virus, made possible by advances in transportation, trade, food production, and other factors highlight the continuing threat to health from infectious diseases. Continual attention to these threats and cooperation among all health care providers, government agencies and other entities that are partners in protecting the public's health are crucial to maintain and improve the health of the citizens of Utah.

R386-702-2. Definitions.

(c) "Suspect" case means a person who a reporting entity, local health department, or Department believes might be a case, but for whom it has not been established that the criteria necessary to become a case have been met.

(4) Immediately Reportable Conditions: Cases and suspect cases of anthrax, botulism, cholera, diphtheria, Haemophilus influenzae (invasive disease), hepatitis A, measles, meningococcal disease, plague, poliomyelitis, rabies, rubella, Severe Acute Respiratory Syndrome (SARS), smallpox, Staphylococcus aureus with resistance (VRSA) or intermediate resistance (VISA) to vancomycin isolated from any site, syphilis (primary or secondary stage), tuberculosis, tularemia, typhoid, viral hemorrhagic fever, yellow fever, and any condition described in R386-702-3(1)(vvv) or (www) are to be made immediately as provided in R386-702-4(2).

(5) Full reporting of all relevant patient information related to methicillin-resistant Staphylococcus aureus (MRSA) infections, vancomycin-resistant enterococcal (VRE) infections, and laboratory-confirmed influenza are authorized and may be required by local or state health department personnel for purposes of public health investigation of a documented threat to public health.

(6) Reports of emergency illnesses or health conditions under R386-702-3(2) shall be made as soon as practicable using a process and schedule approved by the Department. Full reporting of all relevant patient information is authorized. The report shall include at least, if known:

(a) name of the facility;

(b) a patient identifier;

(c) date of visit;

(d) time of visit;

(e) patient's age;

(f) patient's sex;

(g) zip code of patient's residence;

(h) the reportable condition suspected; and

(i) whether the patient was admitted to the hospital.

(7) An entity reporting emergency illnesses or health conditions under R386-702-3(2) is authorized to report on other encounters during the same time period that do not meet definition for a reportable emergency illness or health condition. Submission of an isolate does not replace the requirement to report the case also to the local health department or Bureau of Epidemiology, Utah Department of Health. The report shall include the following information for each such encounter:

(a) facility name;

(b) date of visit;

(c) time of visit;

(d) patient's age;

(e) patient's sex; and

(f) patient's zip code for patient's residence.

(r) *Staphylococcus aureus* with resistance or intermediate resistance to vancomycin isolated from any site;

(s) *Vibrio* species;

(t) *Yersinia* species; and

(u) any organism implicated in an outbreak when instructed by authorized local or state health department personnel.

(9) **Epidemiological Review:** The Department or local health department may conduct an investigation, including review of the hospital and health care facility medical records and contacting the individual patient to protect the public's health.

(10) **Confidentiality of Reports:** All reports required by this rule are confidential and are not open to public inspection. Nothing in this rule, however, precludes the discussion of case information with the attending physician or public health workers. All information collected pursuant to this rule may not be released or made public, except as provided by Section 26-6-27. Penalties for violation of confidentiality are prescribed in Section 26-6-29.

R386-702-5. General Measures for the Control of Communicable Diseases.

(1) The local health department shall maintain all reportable disease records as needed to enforce Chapter 6 of the Health Code and this rule, or as requested by the Utah Department of Health.

(2) **General Control Measures for Reportable Diseases.**

(a) The local health department shall, when an unusual or rare disease occurs in any part of the state or when any disease becomes so prevalent as to endanger the state as a whole, contact the Bureau of Epidemiology, Utah Department of Health for assistance, and shall cooperate with the representatives of the Utah Department of Health.

(b) The local health department shall investigate and control the causes of epidemic, infectious, communicable, and other disease affecting the public health. The local health department shall also provide for the detection, reporting, prevention, and control of communicable, infectious, and acute diseases that are dangerous or important or that may affect the public health. The local health department may require physical examination and measures to be performed as necessary to protect the health of others.

(c) If, in the opinion of the local health officer it is necessary or advisable to protect the public's health that any person shall be kept from contact with the public, the local health officer shall establish, maintain and enforce involuntary treatment, isolation and quarantine as provided by Section 26-6-4. Control measures shall be specific to the known or suspected disease agent. Guidance is available from the Bureau of Epidemiology, Utah Department of Health or official reference listed in R386-702-11.

(3) **Prevention of the Spread of Disease From a Case.**

The local health department shall take action and measures as may be necessary within the provisions of Section 26-6-4; Title 26, Chapter 6b; and this rule, to prevent the spread of any

communicable disease, infectious agent, or any other condition which poses a public health hazard. Action shall be initiated upon discovery of a case or upon receipt of notification or report of any disease.

(4) **Public Food Handlers.**

A person known to be infected with a communicable disease that can be transmitted by food, water, or milk, or who is suspected of being infected with such a disease may not engage in the commercial handling of food, water, or other drink or be employed in a dairy or on any premises handling milk or milk products, until he is determined by the local health department to be free of communicable disease, or incapable of transmitting the infection.

(5) **Communicable Diseases in Places Where Milk or Food Products are Handled or Processed.**

If a case, carrier, or suspected case of a disease that can be conveyed by milk or food products is found at any place where milk or food products are handled or offered for sale, or if a disease is found or suspected to have been transmitted by these milk or food products, the local health department may immediately prohibit the sale, or removal of milk and all other food products from the premises. Sale or distribution of milk or food products from the premise may be resumed when measures have been taken to eliminate the threat to health from the food and its processing as prescribed by R392-100.

(6) **Request for State Assistance.**

If a local health department finds it is not able to completely comply with this rule, the local health officer or his representative shall request the assistance of the Utah Department of Health. In such circumstances, the local health department shall provide all required information to the Bureau of Epidemiology. If the local health officer fails to comply with the provisions of this rule, the Utah Department of Health shall take action necessary to enforce this rule.

(7) **Approved Laboratories.**

Laboratory analyses which are necessary to identify the causative agents of reportable diseases or to determine adequacy of treatment of patients with a disease shall be ordered by the physician or other health care provider to be performed in or referred to a laboratory holding a valid certificate under the Clinical Laboratory Improvement Amendments of 1988.

R386-702-6. Special Measures for Control of Rabies.

(1) **Rationale of Treatment.**

A physician must evaluate individually each exposure to possible rabies infection. The physician shall also consult with local or state public health officials if questions arise about the need for rabies prophylaxis.

(2) **Management of Biting Animals.**

(a) A healthy dog, cat, or ferret that bites a person shall be confined and observed at least daily for ten days from the date of bite as specified by local animal control ordinances. It is recommended that rabies vaccine not be administered during the observation period. Such animals shall be evaluated by a veterinarian at the first sign of illness during confinement. A veterinarian or animal control officer shall immediately report any illness in the animal to the local health department. If signs suggestive of rabies develop, a veterinarian or animal control officer shall direct that the animal be euthanized, its head removed, and the head shipped under refrigeration, not frozen, for examination of the brain by a laboratory approved by the Utah Department of Health.

(b) If the dog, cat, or ferret shows no signs of rabies or illness during the ten day period, the veterinarian or animal control officer shall direct that the unvaccinated animal be vaccinated against rabies at the owner's expense before release to the owner. If a veterinarian is not available, the animal may be released, but the owner shall have the animal vaccinated within 72 hours of release. If the dog, cat, or ferret was

appropriately vaccinated against rabies before the incident, the animal may be released from confinement after the 10-day observation period with no further restrictions.

(c) Any stray or unwanted dog, cat, or ferret that bites a person may be euthanized immediately by a veterinarian or animal control officer, if permitted by local ordinance, and the head submitted, as described in R386-702-6(2)(a), for rabies examination. If the brain is negative by fluorescent-antibody examination for rabies, one can assume that the saliva contained no virus, and the person bitten need not be treated.

(d) Wild animals include raccoons, skunks, coyotes, foxes, bats, the offspring of wild animals crossbred to domestic dogs and cats, and any carnivorous animal other than a domestic dog, cat, or ferret.

(e) Signs of rabies in wild animals cannot be interpreted reliably. If a wild animal bites or scratches a person, the person or attending medical personnel shall notify an animal control or law enforcement officer. A veterinarian, animal control officer or representative of the Division of Wildlife Resources shall kill the animal at once, without unnecessary damage to the head, and submit the brain, as described in R386-702-6(2)(a), for examination for evidence of rabies. If the brain is negative by fluorescent-antibody examination for rabies, one can assume that the saliva contained no virus, and the person bitten need not be treated.

(f) Rabbits, opossums, squirrels, chipmunks, rats, and mice are rarely infected and their bites rarely, if ever, call for rabies prophylaxis or testing. Unusual exposures to any animal should be reported to the local health department or the Bureau of Epidemiology, Utah Department of Health.

(g) When rare, valuable, captive wild animals maintained in zoological parks approved by the United States Department of Agriculture or research institutions, as defined by Section 26-26-1, bite or scratch a human, the Bureau of Epidemiology, Utah Department of Health shall be notified. The provisions of subsection R386-702-6(2)(e) may be waived by the Bureau of Epidemiology, Utah Department of Health if zoological park operators or research institution managers can demonstrate that the following rabies control measures are established:

(i) Employees who work with the animal have received preexposure rabies immunization.

(ii) The person bitten by the animal voluntarily agrees to accept postexposure rabies immunization provided by the zoological park or research facility.

(iii) The director of the zoological park or research facility shall direct that the biting animal be held in complete quarantine for a minimum of 180 days. Quarantine requires that the animal be prohibited from direct contact with other animals or humans.

(h) Any animal bitten or scratched by a wild, carnivorous animal or a bat that is not available for testing shall be regarded as having been exposed to rabies.

(i) For maximum protection of the public health, unvaccinated dogs, cats, and ferrets bitten or scratched by a confirmed or suspected rabid animal shall be euthanized immediately by a veterinarian or animal control officer. If the owner is unwilling to have the animal euthanized, the local health officer shall order that the animal be held in strict isolation in a municipal or county animal shelter or a veterinary medical facility approved by the local health department, at the owner's expense, for at least six months and vaccinated one month before being released. If any illness suggestive of rabies develops in the animal, the veterinarian or animal control officer shall immediately report the illness to the local health department and the veterinarian or animal control officer shall direct that the animal be euthanized and the head shall be handled as described in subsection R386-702-6(2)(a).

(j) Dogs, cats, and ferrets that are currently vaccinated and are bitten by rabid animals, shall be revaccinated immediately by a veterinarian and confined and observed by the animal's owner

for 45 days. If any illness suggestive of rabies develops in the animal, the owner shall report immediately to the local health department and the animal shall be euthanized by a veterinarian or animal control officer and the head shall be handled as described in subsection R386-702-6(2)(a).

(k) Livestock exposed to a rabid animal and currently vaccinated with a vaccine approved by the United States Department of Agriculture for that species shall be revaccinated immediately by a veterinarian and observed by the owner for 45 days. Unvaccinated livestock shall be slaughtered immediately. If the owner is unwilling to have the animal slaughtered, the animal shall be kept under close observation by the owner for six months.

(l) Unvaccinated animals other than dogs, cats, ferrets, and livestock bitten by a confirmed or suspected rabid animal shall be euthanized immediately by a veterinarian or animal control officer.

(3) Measures for Standardized Rabies Control Practices.

(a) Humans requiring either pre- or post-exposure rabies prophylaxis shall be treated in accordance with the recommendations of the U.S. Public Health Service Immunization Practices Advisory Committee, as adopted and incorporated by reference in R386-702-11(2). A copy of the recommendations shall be made available to licensed medical personnel, upon request to the Bureau of Epidemiology, Utah Department of Health.

(b) A physician or other health care provider that administers rabies vaccine shall immediately report all serious systemic neuroparalytic or anaphylactic reactions to rabies vaccine to the Bureau of Epidemiology, Utah Department of Health, using the process described in R386-702-4.

(c) The Compendium of Animal Rabies Prevention and Control, as adopted and incorporated by reference in R386-702-11(3), is the reference document for animal vaccine use.

(d) A county, city, town, or other political subdivision that requires licensure of animals shall also require rabies vaccination as a prerequisite to obtaining a license.

(e) Animal rabies vaccinations are valid only if performed by or under the direction of a licensed veterinarian in accordance with the Compendium of Animal Rabies Prevention and Control.

(f) All agencies and veterinarians administering vaccine shall document each vaccination on the National Association of State Public Health Veterinarians (NASPHV) form number 51, Rabies Vaccination Certificate, which can be obtained from vaccine manufacturers. The agency or veterinarian shall provide a copy of the report to the animal's owner. Computer-generated forms containing the same information are also acceptable.

(g) Animal rabies vaccines may be sold or otherwise provided only to licensed veterinarians or veterinary biologic supply firms. Animal rabies vaccine may be purchased by the Utah Department of Health and the Utah Department of Agriculture.

(4) Measures to Prevent or Control Rabies Outbreaks.

(a) The most important single factor in preventing human rabies is the maintenance of high levels of immunity in the pet dog, cat, and ferret populations through vaccination.

(i) All dogs, cats, and ferrets in Utah should be immunized against rabies by a licensed veterinarian; and

(ii) Local governments should establish effective programs to ensure vaccination of all dogs, cats, and ferrets and to remove strays and unwanted animals.

(b) If the Utah Department of Health determines that a rabies outbreak is present in an area of the state, the Utah Department of Health may require that:

(i) all dogs, cats, and ferrets in that area and adjacent areas be vaccinated or revaccinated against rabies as appropriate for each animal's age;

(ii) any such animal be kept under the control of its owner

at all times until the Utah Department of Health declares the outbreak to be resolved;

(iii) an owner who does not have an animal vaccinated or revaccinated surrender the animal for confinement and possible destruction; and

(iv) such animals found at-large be confined and possibly destroyed.

R386-702-7. Special Measures for Control of Typhoid.

(1) Because typhoid control measures depend largely on sanitary precautions and other health measures designed to protect the public, the local health department shall investigate each case of typhoid and strictly manage the infected individual according to the following outline:

(2) Cases: Standard precautions are required during hospitalization. Use contact precautions for diapered or incontinent children under 6 years of age for the duration of illness. Hospital care is desirable during acute illness. Release of the patient from supervision by the local health department shall be based on three or more negative cultures of feces, and of urine in patients with schistosomiasis, taken at least 24 hours apart. Cultures must have been taken at least 48 hours after antibiotic therapy has ended and not earlier than one month after onset of illness as specified in R386-702-7(6). If any of these cultures is positive, repeat cultures at intervals of one month during the 12-month period following onset until at least three consecutive negative cultures are obtained as specified in R386-702-7(6). The patient shall be restricted from food handling and from providing patient care during the period of supervision by the local health department.

(3) Contacts: Administration of typhoid vaccine is required for all household members of known typhoid carriers. Household and close contacts shall not be employed in occupations likely to facilitate transmission of the disease, such as food handling, during the period of contact with the infected person until at least two negative feces and urine cultures, taken at least 24 hours apart, are obtained from each contact.

(4) Carriers: If a laboratory or physician identifies a carrier of typhoid, the attending physician shall immediately report the details of the case by telephone to the local health department or the Bureau of Epidemiology, Utah Department of Health using the process described in R386-702-4. Each infected individual shall submit to the supervision of the local health department. Carriers are prohibited from food handling and patient care until released in accordance with R386-702-7(4)(a) or R386-702-7(4)(b). All reports and orders of supervision shall be kept confidential and may be released only as allowed by Subsection 26-6-27(2)(c).

(a) Convalescent Carriers: Any person who harbors typhoid bacilli for three but less than 12 months after onset is defined as a convalescent carrier. Release from occupational and food handling restrictions may be granted at any time from three to 12 months after onset, as specified in R386-702-7(6).

(b) Chronic Carriers: Any person who continues to excrete typhoid bacilli for more than 12 months after onset of typhoid is a chronic carrier. Any person who gives no history of having had typhoid or who had the disease more than one year previously, and whose feces or urine are found to contain typhoid bacilli is also a chronic carrier.

(c) Other Carriers: If typhoid bacilli are isolated from surgically removed tissues, organs, including the gallbladder or kidney, or from draining lesions such as osteomyelitis, the attending physician shall report the case to the local health department or the Bureau of Epidemiology, Utah Department of Health. If the person continues to excrete typhoid bacilli for more than 12 months, he is a chronic carrier and may be released after satisfying the criteria for chronic carriers in R386-702-7(6).

(5) Carrier Restrictions and Supervision: The local health

department shall report all typhoid carriers to the Bureau of Epidemiology, and shall:

(a) Require the necessary laboratory tests for release;

(b) Issue written instructions to the carrier;

(c) Supervise the carrier.

(6) Requirements for Release of Convalescent and Chronic Carriers: The local health officer or his representative may release a convalescent or chronic carrier from occupational and food handling restrictions only if at least one of the following conditions is satisfied:

(a) For carriers without schistosomiasis, three consecutive negative cultures obtained from fecal specimens authenticated by the attending physician, hospital personnel, laboratory personnel, or local health department staff taken at least one month apart and at least 48 hours after antibiotic therapy has stopped;

(b) for carriers with schistosomiasis, three consecutive negative cultures obtained from both fecal and urine specimens authenticated by the attending physician, hospital personnel, laboratory personnel, or local health department staff taken at least one month apart and at least 48 hours after antibiotic therapy has stopped; or

(c) the local health officer or his representative determine that additional treatment such as cholecystectomy or nephrectomy has terminated the carrier state.

R386-702-8. Special Measures for the Control of Ophthalmia Neonatorum.

Every physician or midwife practicing obstetrics or midwifery shall, within three hours of the birth of a child, instill or cause to be instilled in each eye of such newborn one percent silver nitrate solution contained in wax ampules, or tetracycline ophthalmic preparations or erythromycin ophthalmic preparations, as these are the only antibiotics of currently proven efficacy in preventing development of ophthalmia neonatorum. The value of irrigation of the eyes with normal saline or distilled water is unknown and not recommended.

R386-702-9. Special Measures to Prevent Perinatal and Person-to-Person Transmission of Hepatitis B Infection.

(1) A licensed healthcare provider who provides prenatal care shall routinely test each pregnant woman for hepatitis B surface antigen (HBsAg) at an early prenatal care visit. The provisions of this section do not apply if the pregnant woman, after being informed of the possible consequences, objects to the test on the basis of religious or personal beliefs.

(2) The licensed healthcare provider who provides prenatal care should repeat the HBsAg test during late pregnancy for those women who tested negative for HBsAg during early pregnancy, but who are at high risk based on:

(a) evidence of clinical hepatitis during pregnancy;

(b) injection drug use;

(c) occurrence during pregnancy or a history of a sexually transmitted disease;

(d) occurrence of hepatitis B in a household or close family contact; or

(e) the judgement of the healthcare provider.

(3) In addition to other reporting required by this rule, each positive HBsAg result detected in a pregnant woman shall be reported to the local health department or the Utah Department of Health, as specified in Section 26-6-6. That report shall indicate that the woman was pregnant at time of testing if that information is available to the reporting entity.

(4) A licensed healthcare provider who provides prenatal care shall document a woman's HBsAg test results, or the basis of the objection to the test, in the medical record for that patient.

(5) Every hospital and birthing facility shall develop a policy to assure that:

(a) when a pregnant woman is admitted for delivery, or for

monitoring of pregnancy status, the result from a test for HBsAg performed on that woman during that pregnancy is available for review and documented in the hospital record ;

(b) when a pregnant woman is admitted for delivery if the woman's test result is not available to the hospital or birthing facility, the mother is tested for HBsAg as soon as possible, but before discharge from the hospital or birthing facility;

(c) if a pregnant woman who has not had prenatal care during that pregnancy is admitted for monitoring of pregnancy status only, if the woman's test result is not available to the hospital or birthing facility, the mother is tested for HBsAg status before discharge from the hospital or birthing facility;

(d) positive HBsAg results identified by testing performed or documented during the hospital stay are reported as specified in this rule;

(e) infants born to HBsAg positive mothers receive hepatitis B immune globulin (HBIG) and hepatitis B vaccine, administered at separate injection sites, within 12 hours of birth;

(f) infants born to mothers whose HBsAg status is unknown receive hepatitis B vaccine within 12 hours of birth, and if the infant is born preterm with birth weight less than 2,000 grams, that infant also receives HBIG within 12 hours; and

(g) if at the time of birth the mother's HbsAg status is unknown and the HBsAg test result is later determined to be positive, that infant receives HBIG as soon as possible but within 7 days of birth.

(6) Local health departments shall perform the following activities or assure that they are performed:

(a) Infants born to HBsAg positive mothers complete the hepatitis B vaccine series as specified in Table 3.18, page 328 and Table 3.21, page 333 of the reference listed in subsection (9).

(b) Children born to HBsAg positive mothers are tested for HBsAg and antibody against hepatitis B surface antigen (anti-HBs) at 9 to 15 months of age (3-9 months after the third dose of hepatitis B vaccine) to monitor the success of therapy and identify cases of perinatal hepatitis B infection.

(i) Children who test negative for HBsAg and do not demonstrate serological evidence of immunity against hepatitis B when tested as described in (b) receive additional vaccine doses and are retested as specified on page 332 of the reference listed in subsection (9).

(c) HBsAg positive mothers are advised regarding how to reduce their risk of transmitting hepatitis B to others.

(d) Household members and sex partners of HBsAg positive mothers are evaluated to determine susceptibility to hepatitis B infection and if determined to be susceptible, are offered or advised to obtain vaccination against hepatitis B.

(7) The provisions of subsections (5) and (6) do not apply if the pregnant woman or the child's guardian, after being informed of the possible consequences, objects to any of the required procedures on the basis of religious or moral beliefs. The hospital or birthing facility shall document the basis of the objection.

(8) Prevention of transmission by individuals with chronic hepatitis B infection.

(a) An individual with chronic hepatitis B infection is defined as an individual who is:

(i) HBsAg positive, and total antibody against hepatitis B core antigen (anti-HBc) positive (if done) and IgM anti-HBc negative; or

(ii) HBsAg positive on two tests performed on serum samples obtained at least 6 months apart.

(b) An individual with chronic hepatitis B infection should be advised regarding how to reduce the risk that the individual will transmit hepatitis B to others.

(c) Household members and sex partners of individuals with chronic hepatitis B infection should be evaluated to

determine susceptibility to hepatitis B infection and if determined to be susceptible, should be offered or advised to obtain vaccination against Hepatitis B.

(9) The Red Book, 2003 Report of the Committee on Infectious Diseases, as referenced in R386-702-12(4) is the reference source for details regarding implementation of the requirements of this section.

R386-702-10. Public Health Emergency.

(1) Declaration of Emergency: With the Governor's and Executive Director's or in the absence of the Executive Director, his designee's, concurrence, the Department or a local health department may declare a public health emergency by issuing an order mandating reporting emergency illnesses or health conditions specified in sections R386-702-3 for a reasonable time.

(2) For purposes of an order issued under this section and for the duration of the public health emergency, the following definitions apply.

(a) "emergency center" means:

(i) a health care facility licensed under the provisions of Title 26, Chapter 21, Utah Code, that operates an emergency department; or

(ii) a clinic that provides emergency or urgent health care to an average of 20 or more persons daily.

(b) "encounter" means an instance of an individual presenting at the emergency center who satisfies the criteria in section R386-702-3(2); and

(c) "diagnostic information" means an emergency center's records of individuals who present for emergency or urgent treatment, including the reason for the visit, chief complaint, results of diagnostic tests, presenting diagnosis, and final diagnosis, including diagnostic codes.

(3) Reporting Encounters: The Department shall designate the fewest number of emergency centers as is practicable to obtain the necessary data to respond to the emergency.

(a) Designated emergency centers shall report using the process described in R386-702-4.

(b) An emergency center designated by the Department shall report the encounters to the Department by:

(i) allowing Department representatives or agents, including local health department representatives, to review its diagnostic information to identify encounters during the previous day; or

(ii) reviewing its diagnostic information on encounters during the previous day and reporting all encounters by 9:00 a.m. the following day, or

(iii) identifying encounters and submitting that information electronically to the Department, using a computerized analysis method, and reporting mechanism and schedule approved by the Department; or

(iv) by other arrangement approved by the Department.

(4) For purposes of epidemiological and statistical analysis, the emergency center shall report on encounters during the public health emergency that do not meet the definition for a reportable emergency illness or health condition. The report shall be made using the process described in 702-9(3)(b) and shall include the following information for each such encounter:

(a) facility name;

(b) date of visit;

(c) time of visit;

(d) patient's age;

(e) patient's sex;

(f) patient's zip code for patient's residence.

(5) If either the Department or a local health department collects identifying health information on an individual who is the subject of a report made mandatory under this section, it shall destroy that identifying information upon the earlier of its determination that the information is no longer necessary to

carry out an investigation under this section or 180 days after the information was collected. However, the Department and local health departments shall retain identifiable information gathered under other sections of this rule or other legal authority.

(6) Reporting on encounters during the public health emergency does not relieve a reporting entity of its responsibility to report under other sections of this rule or other legal authority.

R386-702-11. Penalties.

Any person who violates any provision of R386-702 may be assessed a penalty not to exceed the sum of \$5,000 or be punished for violation of a class B misdemeanor for the first violation and for any subsequent similar violation within two years for violation of a class A misdemeanor as provided in Section 26-23-6.

The private duty nurse initially supervises the caregiver who provides this care to ensure that training has been assimilated to ensure safe, quality patient care.

R414-40-4. Service Coverage for Private Duty Nursing.

(1) Private duty nursing service is a limited benefit that is provided with the expectation that the patient's need for private duty nursing service will decrease over time.

(2) Medicaid covers private duty nursing service for a limited time to provide skilled nursing care in the home. Medicaid provides private duty nursing service while the private duty nursing service provider trains the recipient's caregivers to provide the necessary care. Once the caregivers have been given sufficient training for the recipient's needs, the private duty nursing service ends. However, a client who still requires more than four hours of ongoing skilled nursing service may receive private duty nursing service as provided in this rule. Ventilator dependent recipients who require frequent ventilator checks may receive up to eight hours per day of continued private duty nursing. Ventilator dependency means the recipient requires at least eight continuous hours on the ventilator per day to compensate for decreased lung function.

(3) Medicaid covers medically necessary and appropriate private duty nursing for the following. To receive these services, a patient must be in transition from the hospital, be ventilator dependent, or be a patient with a tracheostomy who is unable to manage secretions:

- (a) tracheostomy care;
- (b) total parenteral nutrition;
- (c) intravenous therapy where a single intravenous therapy infusion takes at least four continuous hours and requires monitoring and treatment by a skilled nurse;
- (d) decubitus ulcer care for stage three or four ulcers;
- (e) colostomy or ileostomy care;
- (f) suprapubic catheter care;
- (g) continuous nasogastric or gastrostomy tube feeding;
- (h) mechanical ventilator support;
- (i) monitoring a patient on oxygen who experiences frequent oxygen desaturation.

(4) After informing the recipient's family or similar representatives who live with the recipient and in coordination and consultation with the physician, the private duty nurse shall attempt to wean the patient from a device or service and identify new problems.

(5) Private duty nursing is not covered to provide services solely for the following:

- (a) custodial or sitter care to ensure the patient is compliant with treatment;
- (b) respite care;
- (c) monitoring behavioral or eating disorders; and
- (d) observation or monitoring medical conditions that do not require skilled nursing care.

(6) Private duty nursing service is not covered if the service is available from another funding source, agency, or program.

R414-40-5. Reimbursement of Services.

(1) Medicaid reimburses nursing service in accordance with the Utah Medicaid State Plan, Attachment 4.19-B.

(2) A private duty nurse caring for two patients in the home shall bill with the UN modifier.

(3) A provider shall not charge the Department a fee that exceeds the provider's usual and customary charges for the provider's private pay patients.

R414-53-4. Service Coverage.

(1) Corrective lenses and frames may be provided based on medical need. Medical need includes a change in prescription or replacement as a result of normal lens or frame wear. Frames must be those in which lenses can be replaced readily without having to provide a new frame. Corrective lenses must be suitable for indoor and outdoor use and for day and night use.

(2) Single vision, bifocal, or trifocal lenses, with or without slab-off prism, in clear glass or plastic, may be provided.

(3) Only the least expensive frame practicable for use, either plastic or metal, may be provided.

(4) Replacements for existing lenses or frames may be provided if the prescribing physician or optometrist documents that they are medically necessary. Eyeglasses may not be replaced more often than every two years unless the prescribing physician or optometrist documents that an earlier replacement is medically necessary. Circumstances that warrant providing new eyeglasses or contact lenses are a diopter change of .75 or more, or disease or damage to the eye. Eyeglasses or contact lenses may not be replaced if they are damaged through client negligence or abuse.

(5) The audiologist or hearing aid provider may provide frames that have hearing aids placed in the earpieces. The prescribing physician or optometrist must dispense the lenses for these frames.

(2) The Department pays the lower of the amount billed or the rate on the schedule. A provider shall not charge the Department a fee that exceeds the provider's usual and

customary charges for the provider's private-pay patients.

(3) Fee schedules were initially established after consultation with provider representatives. Adjustments to the schedule are made in accordance with appropriations and to produce efficient and effective services.

Eligibility for the Primary Care Network program ends once the individual becomes enrolled in the VA Health Care System.

(6) Individuals who are full-time students and who can enroll in student health insurance coverage are not eligible to enroll in the Primary Care Network program.

(7) The Department shall deny eligibility if the applicant or spouse has voluntarily terminated health insurance coverage within the six months immediately prior to the application date for enrollment under the Primary Care Network program. (1) To be eligible to enroll in the Primary Care Network program, a household's countable gross income must be equal to or less than 150% of the federal non-farm poverty guideline for a household of the same size. An individual with income above 150% of the federal poverty guideline is not allowed to spend down income to be eligible under the Primary Care Network program. All gross income, earned and unearned, received by the individual and the individual's spouse is counted toward household income, unless this section specifically describes a different treatment of the income.

(2) Any income in a trust that is available to, or is received by a household member, is countable income.

(3) Payments received from the Family Employment Program, Working Toward Employment program, refugee cash assistance or adoption support services as authorized under Title 35A, Chapter 3 are countable income.

(4) Rental income is countable income. The following expenses can be deducted:

(a) taxes and attorney fees needed to make the income available;

(b) upkeep and repair costs necessary to maintain the current value of the property;

(c) utility costs only if they are paid by the owner; and

(d) interest only on a loan or mortgage secured by the rental property.

(5) Cash contributions made by non-household members are counted as income unless the parties have a signed written agreement for repayment of the funds.

(6) The interest earned from payments made under a sales contract or a loan agreement is countable income to the extent that these payments will continue to be received during the certification period.

(7) Needs-based Veteran's pensions are counted as income. Only the portion of a Veteran's Administration check to which the individual is legally entitled is countable income.

(8) Child support payments received for a dependent child living in the home are counted as that child's income.

(9) In-kind income, which is goods or services provided to the individual from a non-household member and which is not in the form of cash, for which the individual performed a service or which is provided as part of the individual's wages is counted as income. In-kind income for which the individual did not perform a service, or did not work to receive, is not counted as income.

(10) Supplemental Security Income and State

Supplemental payments are countable income.

(11) Income, unearned and earned, shall be deemed from an alien's sponsor, and the sponsor's spouse, if any, when the sponsor has signed an Affidavit of Support pursuant to Section 213A of the Immigration and Nationality Act on or after December 19, 1997. Sponsor deeming will end when the alien becomes a naturalized U.S. citizen, or has worked 40 qualifying quarters as defined under Title II of the Social Security Act or can be credited with 40 qualifying work quarters. Beginning after December 31, 1996, a creditable qualifying work quarter is one during which the alien did not receive any federal means-tested public assistance.

(12) Income that is defined in 20 CFR 416 Subpart K, Appendix, 2004 edition, which is incorporated by reference, is not countable.

(13) Payments that are prohibited under other federal laws from being counted as income to determine eligibility for federally-funded medical assistance programs are not countable.

(14) Death benefits are not countable income to the extent that the funds are spent on the deceased person's burial or last illness.

(15) A bona fide loan that an individual must repay and that the individual has contracted in good faith without fraud or deceit, and genuinely endorsed in writing for repayment is not countable income.

(16) Child Care Assistance under Title XX is not countable income.

(17) Reimbursements of Medicare premiums received by an individual from Social Security Administration or the State Department of Health are not countable income.

(18) Earned and unearned income of a child who is under age 19 is not counted if the child is not the head of a household.

(19) Educational income, such as educational loans, grants, scholarships, and work-study programs are not countable income. The individual must verify enrollment in an educational program.

(20) Reimbursements for employee work expenses incurred by an individual are not countable income.

(21) The value of food stamp assistance is not countable income.

R414-310-11. Budgeting.

This section describes methods that the Department uses to determine the household's countable monthly or annual income.

(1) The gross income of all household members is counted in determining the eligibility of the applicant or enrollee, unless the income is excluded under this rule. Only expenses that are required to make an income available to the individual are deducted from the gross income. No other deductions are allowed.

(2) The Department determines monthly income by taking into account the months of pay where an individual receives a fifth paycheck when paid weekly, or a third paycheck when paid every other week. The Department multiplies the weekly amount by 4.3 to obtain a monthly amount. The Department multiplies income paid biweekly by 2.15 to obtain a monthly amount.

(3) The Department shall determine an individual's eligibility prospectively for the upcoming certification period at the time of application and at each recertification for continuing eligibility. The Department determines prospective eligibility by using the best estimate of the household's average monthly income that is expected to be received or made available to the household during the upcoming certification period. The Department prorates income that is received less often than monthly over the certification period to determine an average monthly income. The Department may request prior years' tax returns as well as current income information to determine a household's income.

(4) Methods of determining the best estimate are income averaging, income anticipating, and income annualizing. The Department may use a combination of methods to obtain the most accurate best estimate. The best estimate may be a monthly amount that is expected to be received each month of the certification period, or an annual amount that is prorated over the certification period. The Department may use different methods for different types of income received in the same household.

(5) The Department determines farm and self-employment income by using the individual's most recent tax return forms. If tax returns are not available, or are not reflective of the individual's current farm or self-employment income, the Department may request income information from the most recent time period during which the individual had farm or self-employment income. The Department deducts 40% of the gross income as a deduction for business expenses to determine the countable income of the individual. For individuals who have business expenses greater than 40%, the Department may exclude more than 40% if the individual can demonstrate that the actual expenses were greater than 40%. The Department deducts the same expenses from gross income that the Internal Revenue Service allows as self-employment expenses.

(6) The Department may annualize income for any household and specifically for households that have self-employment income, receive income sporadically under contract or commission agreements, or receive income at irregular intervals throughout the year.

(7) The Department may request additional information and verification about how a household is meeting expenses if the average household income appears to be insufficient to meet the household's living expenses.

R414-310-12. Assets.

There is no asset test for eligibility in the Primary Care Network program.

R414-310-13. Application Procedure.

(1) The Department adopts 42 CFR 435.907 and 435.908, 2004 ed., which are incorporated by reference. The Department shall maintain case records as defined in R414-308-8.

(2) The applicant must complete and sign a written application or complete an application on-line via the Internet to enroll in the Primary Care Network program.

(a) The Department accepts any Department-approved application form for medical assistance programs offered by the state as an application for the Primary Care Network program. The local office eligibility worker may require the applicant to provide additional information that was not asked for on the form the applicant completed, and may require the applicant to sign a signature page from a hardcopy medical application form.

(b) If an applicant cannot write, he must make his mark on the application form and have at least one witness to the signature. A legal guardian or a person with power of attorney may sign the application form for the applicant.

(c) An authorized representative may apply for the applicant if unusual circumstances prevent the individual from completing the application process himself. The applicant must sign the application form if possible.

(3) The application date is the date the agency receives a signed application form at a local office by 5:00 p.m. on a business day. This applies to paper applications delivered in person or by mail, paper applications sent via facsimile transmission, and electronic applications sent via the internet. If a local office receives an application after 5:00 p.m. on a business day, the date of application is the next business day.

(4) The application date for applications delivered to an outreach location is as follows:

(a) If the application is delivered at a time when the

outreach staff is working at that location, the date of application is the date the outreach staff receives the application.

(b) If the application is delivered at a time when the outreach office is closed, including being closed for weekends or holidays, the date of application is the last business day that a staff person from the state agency was available to receive or pick up applications from the location.

(5) The due date for verifications needed to complete an application and determine eligibility is 5:00 p.m. on the last day of the application period.

(6) If an applicant has a legal guardian, a person with a power of attorney, or an authorized representative, the local office shall send decision notices, requests for information, and forms that must be completed to both the individual and the individual's representative, or to just the representative if requested or if determined appropriate.

(7) The Department shall reinstate a medical case without requiring a new application if the case was closed in error.

(8) The Department shall continue enrollment without requiring a new application if the case was closed for failure to complete a recertification or comply with a request for information or verification:

(a) if the enrollee complies before the effective date of the case closure or by the end of the month immediately following the month the case was closed; and

(b) the individual continues to meet all eligibility requirements.

(9) An applicant may withdraw an application for the Primary Care Network program any time before the Department completes an eligibility decision on the application.

(10) The applicant shall pay an annual enrollment fee to enroll in the Primary Care Network Program once the local office has determined that the individual meets the eligibility criteria for enrollment.

(a) Coverage does not begin until the Department receives the enrollment fee.

(b) The enrollment fee covers both the individual and the individual's spouse if the spouse is also eligible for enrollment in the Primary Care Network Program.

(c) The enrollment fee is required at application and at each recertification.

(d) The enrollment fee must be paid to the local office in cash, or by check or money order made out to the Department of Health or to the Department of Workforce Services.

(e) The enrollment fee for an individual or married couple receiving General Assistance from the Department of Workforce Services is \$15. The enrollment fee for an individual or couple who does not receive General Assistance but whose countable income is less than 50 percent of the federal poverty guideline applicable their household size is \$25. The enrollment fee for any other individual or married couple is \$50.

(f) The Department may refund the enrollment fee if it decides the person was ineligible for the program; however, the Department may retain the enrollment fee to the extent that the individual owes any overpayment of benefits that were paid in error on behalf of the individual by the Department.

(11) If an eligible household requests enrollment for a spouse, the application date for the spouse is the date of the request. A new application form is not required; however, the household shall provide the information necessary to determine eligibility for the spouse, including information about access to creditable health insurance, including Medicare Part A or B, student health insurance, and the VA Health Care System.

(a) Coverage or benefits for the spouse will be allowed from the date of request or the date an application is received through the end of the current certification period.

(b) A new enrollment fee is not required to add a spouse during the current certification period.

(c) A new income test is not required to add the spouse for

the months remaining in the current certification period.

(d) A spouse may be added only if the Department has not stopped enrollment under section R414-310-16.

(e) Income of the spouse will be considered and payment of the enrollment fee will be required at the next scheduled recertification.

R414-310-14. Eligibility Decisions and Recertification.

(1) The Department adopts 42 CFR 435.911 and 435.912, 2004 ed., which are incorporated by reference.

(2) When an individual applies for PCN, the local office shall determine if the individual is eligible for Medicaid. An individual who qualifies for Medicaid without paying a spenddown or a premium cannot enroll in the Primary Care Network program. If the individual appears to qualify for Medicaid, but additional information is required to determine eligibility for Medicaid, the applicant must provide additional information requested by the eligibility worker. Failure to provide the requested information shall result in the application being denied.

(a) If the individual must pay a spenddown or premium to qualify for Medicaid, the individual may choose to enroll in the PCN program if it is an open enrollment period, and the individual meets all the applicable criteria for eligibility. If the PCN program is not in an enrollment period, the individual must wait for an open enrollment period.

(b) At recertification for PCN, the local office shall first review eligibility for Medicaid. If the individual qualifies for Medicaid without a spenddown or premium, the individual cannot be reenrolled in the PCN program. If the individual appears to qualify for Medicaid, the applicant must provide additional information requested by the eligibility worker. Failure to provide the requested information shall result in the application being denied.

(3) To enroll, the individual must meet the eligibility criteria for enrollment in the Primary Care Network program, pay the enrollment fee, and it must be a time when the Department has not stopped enrollment under section R414-310-16.

(4) The local office shall complete a determination of eligibility or ineligibility for each application unless:

(a) the applicant voluntarily withdraws the application and the local office sends a notice to the applicant to confirm the withdrawal;

(b) the applicant died; or

(c) the applicant cannot be located; or

(d) the applicant has not responded to requests for information within the 30 day application period or by the date the eligibility worker asked the information or verifications to be returned, if that date is later.

(5) The enrollee must recertify eligibility at least every 12 months.

(6) The local office eligibility worker may require the applicant, the applicant's spouse, or the applicant's authorized representative to attend an interview as part of the application and recertification process. Interviews may be conducted in person or over the telephone, at the local office eligibility worker's discretion.

(7) The enrollee must complete the recertification process and provide the required verifications by the end of the recertification month.

(a) If the enrollee completes the recertification, continues to meet all eligibility criteria and pays the enrollment fee, coverage will be continued without interruption.

(b) The case will be closed at the end of the recertification month if the enrollee does not complete the recertification process and provide required verifications by the end of the recertification month.

(c) If an enrollee does not complete the recertification by

the end of the recertification month, but completes the process and provides required verifications by the end of the month immediately following the recertification month, coverage will be reinstated as of the first of that month if the individual continues to be eligible and pays the enrollment fee.

(8) The eligibility worker may extend the recertification due date if the enrollee demonstrates that a medical emergency, death of an immediate family member, natural disaster or other similar cause prevented the enrollee from completing the recertification process on time.

R414-310-15. Effective Date of Enrollment and Enrollment Period.

(1) The effective date of enrollment in the Primary Care Network program is the day that a completed and signed application is received by the local office as defined in R414-310-13(3) and R414-310-13(4)(a) and (b) and the applicant meets all eligibility criteria, including payment of the enrollment fee. The Department shall not provide any benefits or pay for any services received before the effective enrollment date.

(2) The effective date of re-enrollment for a recertification in the Primary Care Network program is the first day of the month after the recertification month, if the recertification is completed as described in R414-310-14(7).

(3) If the enrollee does not complete the recertification as described in R414-310-14(7), and the enrollee does not have good cause for missing the deadline, the case will remain closed and the individual may reapply during another open enrollment period.

(4) An individual found eligible for the Primary Care Network program shall be eligible from the effective date through the end of the first month of eligibility and for the following 12 months. If the enrollee completes the recertification process in accordance with R414-310-14(7) and continues to be eligible, the recertification period will be for an additional 12 months beginning the month following the recertification month. Eligibility could end before the end of a 12-month certification period for any of the following reasons:

(a) the individual turns age 65;

(b) the individual becomes entitled to receive student health insurance, Medicare, or becomes covered by Veterans Administration Health Insurance;

(c) the individual dies;

(d) the individual moves out of state or cannot be located;

(e) the individual enters a public institution or an Institute for Mental Disease.

(5) An individual enrolled in the Primary Care Network program loses eligibility when the individual enrolls in any type of group health plan or other creditable health insurance coverage including an employer-sponsored health plan, except under the following circumstances:

(a) An individual who gains access to or enrolls in an employer-sponsored health plan may switch to the UPP program if the individual notifies the local office before the coverage in the employer-sponsored health plan begins, and if the requirements defined in R414-310-7(3)(b) are met.

(b) An individual who enrolls in the Utah Health Insurance Pool (H.I.P.) does not lose eligibility in the Primary Care Network.

(6) If a Primary Care Network case closes for any reason, other than to become covered by another Medicaid program, and remains closed for one or more calendar months, the individual must submit a new application to the local office during an enrollment period to reapply. The individual must meet all the requirements of a new applicant including paying a new enrollment fee.

(7) If a Primary Care Network case closes because the enrollee is eligible for another Medicaid program, the individual may reenroll in the Primary Care Network program if there is no

break in coverage between the programs, even if the State has stopped enrollment under R414-310-16(2).

(a) If the individual's 12-month certification period has not ended, the individual may reenroll for the remainder of that certification period. The individual is not required to complete a new application or have a new income eligibility determination. The individual must continue to meet the criteria defined in R414-310-7. The individual is not required to pay a new enrollment fee for the months remaining in the current certification period.

(b) If the 12-month certification period from the prior enrollment has ended, the individual may still reenroll in the Primary Care Network program. However, the individual must complete a new application, meet eligibility and income guidelines, and pay a new enrollment fee for the new certification period.

(c) If there is a break in coverage of one or more calendar months between programs, the individual must reapply during an open enrollment period for the Primary Care Network program.

R414-320-11. Budgeting.

This section describes methods that the Department uses to determine the household's countable monthly or annual income.

(1) The gross income of all household members is counted in determining the eligibility of the applicant or enrollee, unless the income is excluded under this rule. Only expenses that are required to make an income available to the individual are deducted from the gross income. No other deductions are allowed.

(2) The Department determines monthly income by taking into account the months of pay where an individual receives a fifth paycheck when paid weekly, or a third paycheck when paid every other week. The Department multiplies the weekly amount by 4.3 to obtain a monthly amount. The Department multiplies income paid biweekly by 2.15 to obtain a monthly amount.

(3) The Department shall determine an individual's eligibility prospectively for the upcoming certification period at the time of application and at each recertification for continuing eligibility. The Department determines prospective eligibility by using the best estimate of the household's average monthly income that is expected to be received or made available to the household during the upcoming certification period. The Department prorates income that is received less often than monthly over the certification period to determine an average monthly income. The Department may request prior years' tax returns as well as current income information to determine a household's income.

(4) Methods of determining the best estimate are income averaging, income anticipating, and income annualizing. The Department may use a combination of methods to obtain the most accurate best estimate. The best estimate may be a monthly amount that is expected to be received each month of the certification period, or an annual amount that is prorated over the certification period. The Department may use different methods for different types of income received in the same household.

(5) The Department determines farm and self-employment income by using the individual's most recent tax return forms. If tax returns are not available, or are not reflective of the individual's current farm or self-employment income, the Department may request income information from the most recent time period during which the individual had farm or self-employment income. The Department deducts 40% of the gross income as a deduction for business expenses to determine the countable income of the individual. For individuals who have business expenses greater than 40%, the Department may exclude more than 40% if the individual can demonstrate that the actual expenses were greater than 40%. The Department deducts the same expenses from gross income that the Internal Revenue Service allows as self-employment expenses.

(6) The Department may annualize income for any household and specifically for households that have self-employment income, receive income sporadically under contract

or commission agreements, or receive income at irregular intervals throughout the year.

(7) The Department may request additional information and verification about how a household is meeting expenses if the average household income appears to be insufficient to meet the household's living expenses.

R414-320-12. Assets.

There is no asset test for eligibility in the UPP program.

R414-320-13. Application Procedure.

(1) The application is the initial request from an applicant for UPP enrollment. The application process includes gathering information and verifications to determine the individual's eligibility for enrollment.

(2) The applicant must complete and sign a written application or complete an application on-line via the Internet to enroll in the UPP program.

(a) The Department accepts any Department-approved application form for medical assistance programs offered by the state as an application for the UPP program. The local office eligibility worker may require the applicant to provide additional information that was not asked for on the form the applicant completed, and may require the applicant to sign a signature page from a hardcopy medical application form.

(b) If an applicant cannot write, he must make his mark on the application form and have at least one witness to the signature. A legal guardian or a person with power of attorney may sign the application form for the applicant.

(c) An authorized representative may apply for the applicant if unusual circumstances prevent the individual from completing the application process himself. The applicant must sign the application form if possible.

(3) The date of application will be decided as follows:

(a) The date the Department receives a completed, signed application is the application date when the application is delivered to a local office.

(b) The date postmarked on the envelope is the application date when a completed, signed application is mailed to the agency.

(c) The date the Department receives a completed, signed application via facsimile transfer is the application day. The agency accepts the signed application sent via facsimile as a valid application and does not require it to be signed again.

(d) The transaction date is the application date when the application is submitted online.

(4) If an applicant has a legal guardian, a person with a power of attorney, or an authorized representative, the local office shall send decision notices, requests for information, and forms that must be completed to both the individual and the individual's representative, or to just the representative if requested or if determined appropriate.

(5) The Department shall reinstate a UPP case without requiring a new application if the case was closed in error.

(6) The Department shall continue enrollment without requiring a new application if the case was closed for failure to complete a recertification or comply with a request for information or verification:

(a) If the enrollee complies before the effective date of the case closure or by the end of the month immediately following the month the case was closed; and

(b) The individual continues to meet all eligibility requirements.

(7) An applicant may withdraw an application any time before the Department completes an eligibility decision on the application.

(8) If an eligible household requests enrollment for a new household member, the application date for the new household member is the date of the request. A new application form is not

required. However, the household shall provide the information necessary to determine eligibility for the new member, including information about access to creditable health insurance.

(a) Benefits for the new household member will be allowed from the date of request or the date an application is received through the end of the current certification period.

(b) A new income test is not required to add the new household member for the months remaining in the current certification period.

(c) A new household member may be added only if the Department has not stopped enrollment under Section R414-320-15.

(d) Income of the new member will be considered at the next scheduled recertification.

(9) A child who loses Medicaid coverage because he or she has reached the maximum age limit and does not qualify for any other Medicaid program without paying a spenddown, may enroll in UPP without waiting for the next open enrollment period.

(10) A child who loses Medicaid coverage because he or she is no longer deprived of parental support and does not qualify for any other Medicaid program without paying a spenddown, may enroll in UPP without waiting for the next open enrollment period.

(11) A new child born to or adopted by an enrollee may be enrolled in UPP without waiting for the next open enrollment period.

R414-320-14. Eligibility Decisions and Recertification.

(1) The Department adopts 42 CFR 435.911 and 435.912, 2007 ed., which are incorporated by reference.

(2) When an individual applies for UPP, the local office shall determine if the individual is eligible for Medicaid. An individual who qualifies for Medicaid without paying a spenddown or a premium cannot enroll in the UPP program. If the individual appears to qualify for Medicaid, but additional information is required to determine eligibility for Medicaid, the applicant must provide additional information requested by the eligibility worker. Failure to provide the requested information shall result in the application being denied.

(a) If the individual must pay a spenddown or premium to qualify for Medicaid, the individual may choose to enroll in the UPP program if it is an open enrollment period and the individual meets all the applicable criteria for eligibility. If the UPP program is not in an enrollment period, the individual must wait for an open enrollment period.

(b) At recertification, the local office shall first review eligibility for Medicaid. If the individual qualifies for Medicaid without a spenddown or premium, the individual cannot be reenrolled in the UPP program. If the individual appears to qualify for Medicaid, the applicant must provide additional information requested by the eligibility worker. Failure to provide the requested information shall result in the application being denied.

(3) To enroll, the individual must meet enrollment eligibility criteria at a time when the Department has not already stopped enrollment under provisions of Section R414-320-16.

(4) The local office shall complete a determination of eligibility or ineligibility for each application unless:

(a) The applicant voluntarily withdraws the application and the local office sends a notice to the applicant to confirm the withdrawal;

(b) The applicant died; or

(c) The applicant cannot be located; or

(d) The applicant has not responded to requests for information within the 30 day application period or by the date the eligibility worker asked the information or verifications to be returned, if that date is later.

(5) The enrollee must recertify eligibility at least every 12

months.

(6) The local office eligibility worker may require the applicant, the applicant's spouse, or the applicant's authorized representative to attend an interview as part of the application and recertification process. Interviews may be conducted in person or over the telephone, at the local office eligibility worker's discretion.

(7) The enrollee must complete the recertification process and provide the required verifications by the end of the recertification month.

(a) If the enrollee completes the recertification and continues to meet all eligibility criteria, coverage will be continued without interruption.

(b) The case will be closed at the end of the recertification month if the enrollee does not complete the recertification process and provide required verifications by the end of the recertification month.

(c) If an enrollee does not complete the recertification by the end of the recertification month, but completes the process and provides required verifications by the end of the month immediately following the recertification month, coverage will be reinstated as of the first of that month if the individual continues to be eligible.

(8) The eligibility worker may extend the recertification due date if the enrollee demonstrates that a medical emergency, death of an immediate family member, natural disaster or other similar cause prevented the enrollee from completing the recertification process on time.

R414-320-15. Effective Date of Enrollment and Enrollment Period.

(1) The effective date of enrollment is the day that a completed and signed application or an on-line application is received by the local office and the applicant meets all eligibility criteria. The effective date for applications submitted by fax and online is the date of the electronic transmission. The Department shall not provide any benefits before the effective enrollment date.

(2) The effective date of enrollment cannot be before the month in which the applicant pays a premium for the employer-sponsored health insurance and is determined as follows:

(a) The effective date of enrollment is the date an application is received and the person is found eligible, if the applicant enrolls in and pays the first premium for the employer-sponsored health insurance in the application month.

(b) If the applicant will not pay a premium for the employer-sponsored health insurance in the application month, the effective date of enrollment is the first day of the month in which the applicant pays a premium for the employer-sponsored health insurance. The applicant must enroll in the employer-sponsored health insurance no later than 30 days from the day on which the Department of Workforce Services sends the applicant written notice that he meets the qualifications for UPP.

(c) If the applicant does not enroll in the employer-sponsored health insurance within 30 days from the day on which the Department of Workforce Services sends the applicant written notice that he meets the qualifications for UPP, the application shall be denied and the individual will have to reapply during another open enrollment period.

(3) The effective date of enrollment for a newborn or newly adopted child is the date the newborn or newly adopted child is enrolled in the employer-sponsored health insurance if the family requests the coverage within 30 days of the birth or adoption. If the request is more than 30 days after the birth or adoption, enrollment is effective the date of report.

(4) The effective date of re-enrollment for a recertification is the first day of the month after the recertification month, if the recertification is completed as described in R414-320-13.

(5) If the enrollee does not complete the recertification as

described in R414-320-13, and the enrollee does not have good cause for missing the deadline, the case will remain closed and the individual may reapply during another open enrollment period.

(6) An individual found eligible shall be eligible from the effective date through the end of the first month of eligibility and for the following 12 months. If the enrollee completes the redetermination process in accordance with R414-320-13 and continues to be eligible, the recertification period will be for an additional 12 months beginning the month following the recertification month. Eligibility could end before the end of a 12-month certification period for any of the following reasons:

(a) The individual turns age 65;

(b) The individual becomes entitled to receive Medicare, or becomes covered by Veterans Administration Health Insurance;

(c) The individual dies;

(d) The individual moves out of state or cannot be located;

(e) The individual enters a public institution or an Institute for Mental Disease.

(7) If an adult enrollee discontinues enrollment in employer-sponsored insurance coverage, eligibility ends. If the enrollment in employer-sponsored insurance is discontinued involuntarily and the individual notifies the local office within 10 calendar days of when the insurance ends, the individual may switch to the PCN program for the remainder of the certification period.

(8) A child enrollee may discontinue employer-sponsored health insurance and move to direct coverage under the Children's Health Insurance Program at any time during the certification period without any waiting period.

(9) An individual enrolled in the Primary Care Network or the Children's Health Insurance Program who enrolls in an employer-sponsored plan may switch to the UPP program if the individual reports to the local office within 10 calendar days of enrolling in an employer-sponsored plan and before coverage on the employer-sponsored plan begins.

(10) If a UPP case closes for any reason, other than to become covered by another Medicaid program or the Children's Health Insurance Program, and remains closed for one or more calendar months, the individual must submit a new application to the local office during an open enrollment period to reapply. The individual must meet all the requirements of a new applicant.

(11) If a UPP case closes because the enrollee is eligible for another Medicaid program or the Children's Health Insurance Program, the individual may reenroll if there is no break in coverage between the programs, even if the State has stopped enrollment under R414-320-15.

(a) If the individual's 12-month certification period has not ended, the individual may reenroll for the remainder of that certification period. The individual is not required to complete a new application or have a new income eligibility determination.

(b) If the 12-month certification period from the prior enrollment has ended, the individual may still reenroll. However, the individual must complete a new application and meet eligibility and income guidelines for the new certification period.

(c) If there is a break in coverage of one or more calendar months between programs, the individual must reapply during an open enrollment period.

R414-320-16. Open Enrollment Period.

(1) The Department accepts applications for enrollment at times when sufficient funding is available to justify enrolling more individuals. The Department limits the number it enrolls according to the funds available for the program.

(2) The Department may stop enrollment of new

individuals at any time based on availability of funds.

(3) The Department and local offices shall not accept applications nor maintain waiting lists during a time period that enrollment of new individuals is stopped.

R414-320-17. Notice and Termination.

(1) The Department shall notify an applicant or enrollee in writing of the eligibility decision made on the application or the recertification.

(2) The Department shall terminate an individual's enrollment upon enrollee request or upon discovery that the individual is no longer eligible.

(3) The Department shall terminate an individual's enrollment if the individual fails to complete the recertification process on time.

(4) The Department shall notify an enrollee in writing at least ten days before taking a proposed action adversely affecting the enrollee's eligibility. Notices shall provide the following information:

- (a) The action to be taken;
- (b) The reason for the action;
- (c) The regulations or policy that support the action;
- (d) The applicant's or enrollee's right to a hearing;
- (e) How an applicant or enrollee may request a hearing;
- (f) The applicant or enrollee's right to represent himself, or use legal counsel, a friend, relative, or other spokesperson.

(5) The Department need not give ten-day notice of termination if:

- (a) The enrollee is deceased;
- (b) The enrollee has moved out of state and is not expected to return;
- (c) The enrollee has entered a public institution or institution for mental disease;
- (d) The enrollee has enrolled in other health insurance coverage, in which case eligibility may cease immediately and without prior notice.

R414-320-18. Improper Medical Coverage.

(1) An individual who receives benefits under the UPP program for which he is not eligible is responsible to repay the Department for the cost of the benefits received.

(2) An overpayment of benefits includes all amounts paid by the Department for medical services or other benefits on behalf of an enrollee or for the benefit of the enrollee during a time period that the enrollee was not actually eligible to receive such benefits.

R414-320-19. Benefits.

(1) The UPP program provides cash reimbursement to enrollees as described in this section.

(2) The reimbursement shall not exceed the amount the employee pays toward the cost of the employer-sponsored coverage.

(3) The amount of reimbursement for an adult will be up to \$150 per month per individual.

(4) The amount of reimbursement for children will be up to \$100 per month per child for medical and an additional \$20 if they choose to enroll in employer-sponsored dental coverage.

(a) When the employer-sponsored insurance does not include dental benefits, the children may receive cash reimbursement up to \$100 for the medical insurance cost and enroll in direct dental coverage under the CHIP Program.

(b) When the employer-sponsored insurance includes dental, the applicant will be given the choice of enrolling the children in the employer-sponsored dental and receiving an additional reimbursement up to \$20, or enrolling in direct dental coverage through the CHIP Program.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-504. Nursing Facility Payments.****R414-504-1. Introduction.**

(1) This rule adopts a case mix or severity based payment system, commonly referred to as RUGS (Resource Utilization Group System) for nursing facilities that are not ICF/MRs. This system reimburses facilities based on the case mix index of the facility. It also establishes rates for ICF/MR facilities.

(2) This rule is authorized by Utah Code sections 26-1-5, 26-18-3, and 26-35a.

R414-504-2. Definitions.

The definitions in R414-1-2 and R414-501-2 apply to this rule. In addition:

(1) "Behaviorally complex resident" means a long-term care resident with a severe, medically based behavior disorder, including traumatic brain injury, dementia, Alzheimer's, Huntington's Chorea, which causes diminished capacity for judgment, retention of information or decision-making skills, or a resident, who meets the Medicaid criteria for nursing facility level of care and who has a medically-based mental health disorder or diagnosis and has a high level resource use in the nursing facility not currently recognized in the case mix.

(2) "Case Mix Index" means a score assigned to each facility based on the average of the Medicaid patients' RUGS scores for that facility.

(3) "Facility Case Mix Rate" means the rate the Department issues to a facility for a specified period of time. This rate utilizes the case mix index for a provider, labor wage index application and other case mix related costs.

(4) "FCP" means the Facility Cost Profile report filed by the provider on an annual basis.

(5) "Minimum Data Set" (MDS) means a set of screening, clinical and functional status elements, including common definitions and coding categories, that form the foundation of the comprehensive assessment for all residents of long term care facilities certified to participate in Medicaid.

(6) "Nursing Costs" means the most current costs from the annual FCP report reported on lines 070-012 Nursing Admin Salaries and Wages; 070-013 Nursing Admin Tax and Benefits; 070-040 Nursing Direct Care Salaries and Wages; 070-041 Nursing Direct Care Tax and Benefits, and 070-050 Purchased Nursing Services.

(7) "Nursing facility" or "facility" means a Medicaid-participating NF, SNF, or a combination thereof, as defined in 42 USC 1396r (a) (1988), 42 CFR 440.150 and 442.12 (1993), and UCA 26-21-2(15).

(8) "Patient day" means the care of one patient during a day of service, excluding the day of discharge.

(9) "Property costs" means the fair rental value (FRV) established by this rule.

(10) "RUGS" means the 34 RUG identification system based on the Resource Utilization Group System established by Medicare to measure and ultimately pay for the labor, fixed costs and other resources necessary to provide care to Medicaid patients. Each "RUG" is assigned a weight based on an assessment of its relative value as measured by resource utilization.

(11) "RUGS score" means a total number based on the individual RUGS derived from a resident's physical, mental and clinical condition, which projects the amount of relative resources needed to provide care to the resident. RUGS is calculated from the information obtained through the submission of the MDS data.

(12) "Sole community provider" means a facility that is not an urban provider and is not within 30 paved road miles of another existing facility and is the only facility:

(a) within a city, if the facility is located within the

incorporated boundaries of a city; or

(b) within the unincorporated area of the county if it is located in an unincorporated area.

(13)(a) "Urban provider" means a facility located in a county which has a population greater than 90,000 persons.

(b) "Rural provider" means a facility that is not an urban provider.

(14) "FRV Data Report" means a report that provides the Department with information relating to capital improvements to be included in the FRV calculation.

(15) "Banked beds" means beds that have been taken off-line by the provider, through the process defined by Utah Department of Health, Bureau of Facility Licensing, Certification, and Resident Assessment, to reduce the operational capacity of the facility, but does not reduce the licensed bed capacity.

(16) "Bed Addition" means, as used in the fair rental value calculation, a capitalized project that adds additional beds to the facility. This must be new and complete construction. An increase in total licensed beds and new construction costs support a claim of additional beds.

(17) "Bed Replacement" means, as used in the fair rental value calculation, a capitalized project that furnishes a bed in the place of another, previously existing, bed. Room remodeling is not a replacement of beds. This must be new and complete construction.

(18) "Major Renovation" means, as used in the fair rental value calculation, a capitalized project with a cost equal to or greater than \$500 per licensed bed. A renovation extends the life, increases the productivity, or significantly improves the safety (such as by asbestos removal) of a facility as opposed to repairs and maintenance which either restore the facility to, or maintain it at, its normal or expected service life. Vehicle costs are not a major renovation capital expenditure.

R414-504-3. Principles of Facility Case Mix Rates and Other Payments.

The following principles apply to the payment of freestanding and provider based nursing facilities for services rendered to nursing care level I, II, and III Medicaid patients, as defined in R414-502. This rule does not affect the system for reimbursement for intensive skilled Medicaid patient add-on amounts.

(1) Approximately 59% of total payments in aggregate to nursing facilities for nursing care level I, II and III Medicaid patients are based on a prospective facility case mix rate. In addition, these facilities shall be paid a flat basic operating expense payment equal to approximately 29% of the total payments. The balance of the total payments will be paid in aggregate to facilities as required by R414-504-3 based on other authorized factors, including property and behaviorally complex residents, in the proportion that the facility qualifies for the factor.

(2) Each quarter, the Department shall calculate a new case mix index for each nursing facility. The case mix index is based on three months of MDS assessment data. The newly calculated case mix index is applied to a new rate at the beginning of a quarter according to the following schedule:

(a) January, February and March MDS assessments are used for July 1 rates.

(b) April, May and June MDS assessments are used for October 1 rates.

(c) July, August and September MDS assessments are used for January 1 rates.

(d) October, November and December MDS assessments are used for April 1 rates.

(3) MDS data is used in calculating each facility's case mix index. This information is submitted by each facility and, as such, each facility is responsible for the accuracy of its data.

The Department may exclude inaccurate or incomplete MDS data from the calculation.

(4) MDS assessments for recipients who are eligible for the "Intensive Skilled" add-on are excluded from the case mix calculation. A facility with less than 20 percent of its total census days as Medicaid days, as reported on its FCP or FRV data report, is excluded from the state case mix average. The state average case mix index is used to set the rate for that facility.

(5) A facility may apply for a special add-on rate for behaviorally complex residents by filing a written request with the Division of Health Care Financing. The Department may approve an add-on rate if an assessment of the acuity and needs of the patient demonstrates that the facility is not adequately reimbursed by the RUGS score for that patient. The rate is added on for the specific resident's payment and is not subsumed as part of the facility case mix rate. Utah's Bureau of Health Facility Licensure, Certification and Resident Assessment will make the determination as to qualification for any additional payment. The Division of Health Care Financing shall determine the amount of any add-on.

(6) Property costs are paid separately from the RUGS rate.

(7) Property costs shall be calculated once per year, each July 1, and reimbursed as a component of the facility rate based on an FRV System.

(a) Under this FRV system, the Department reimburses a facility based on the estimated value of its capital assets in lieu of direct reimbursement for depreciation, amortization, interest, and rent or lease expenses. The FRV system establishes a nursing facility's bed value based on the age of the facility and total square footage.

(i) The initial age of each nursing facility used in the FRV calculation is determined as of September 15, 2004, using each facility's initial year of construction.

(ii) The age of each facility is adjusted each July 1 to make the facility one year older.

(iii) The age is reduced for replacements, major renovations, or additions placed into service since the facility was built, as reported on the FRV Data Report, provided there is sufficient documentation to support the historical changes.

(A) If a facility adds new beds or replaces existing beds, these beds are averaged into the age of the original beds to arrive at the facility's age. Bed additions and bed replacements must be completed within a 24-month period and be reported on an FRV Data Report for the reporting period used for the July 1 rate year.

(B) If a facility completed a major renovation, the cost of the project is represented by an equivalent number of new beds.

(I) The renovation must have been completed during a 24-month period and reported on an FRV Data Report for the reporting period used for the July 1 rate year and be related to the reasonable functioning of the nursing facility. Renovations unrelated to either the direct or indirect functioning of the nursing facility shall not be used to adjust the facility's age.

(II) The equivalent number of new beds is determined by dividing the cost of the project by the accumulated depreciation per bed of the facility's existing beds immediately before the project.

(III) The equivalent number of new beds is then subtracted from the total actual beds. The result is multiplied by the difference in the year of the completion of the project and the age of the facility, which age is based on the initial construction year or the last reconstruction or renovation project. The product is then divided by the actual number of beds to arrive at the number of years to reduce the age of the facility.

(b) A nursing facility's fair rental value per diem is calculated as follows:

As used in this subsection (b), "capital index" is the percent change in the nursing home "Per bed or person, total cost" row

and "3/4" column as found in the two most recent annual R.S. Means Building Construction Cost Data as adjusted by the weighted average total city cost index for Salt Lake City, Utah.

(i) The buildings and fixtures value per licensed bed is \$50,000, which is based upon a standard facility size of at least 450 square feet determined using the R.S. Means Building Construction Cost Data adjusted by the weighted average total city cost index for Salt Lake City, Utah. To this \$50,000 is added 10% (\$5,000) for land and 10% (\$5,000) for movable equipment. Each nursing facility's total licensed beds are multiplied by this amount to arrive at the "total bed value." The total bed value is trended forward by multiplying it by the capital index and adding it to the total bed value to arrive at the "newly calculated total bed value." The newly calculated total bed value is depreciated, except for the portion related to land, at 1.50 percent per year according to the weighted age of the facility. The maximum age of a nursing facility shall be 35 years. There shall be no recapture of depreciation. The base value per licensed bed is updated annually using the R.S. Means Building Construction Cost Data as noted above. Beginning July 1, 2008, the 2007 base value per licensed bed is used for all facilities, except facilities having completed a qualifying addition, replacement or major renovation. These qualifying facilities have that year's base value per licensed bed used in their FRV calculation until an additional qualifying addition, replacement or major renovation project is completed and reported, at which time the base value is updated again.

(ii) A nursing facility's annual FRV is calculated by multiplying the facility's newly calculated bed value times a rental factor. The rental factor is the sum of the 20-year Treasury Bond Rate as published in the Federal Reserve Bulletin using the average for the calendar year preceding the rate year and a risk value of three percent. Regardless of the result produced in this subsection (ii), the rental factor shall not be less than nine percent or more than 12 percent.

(iii) The facility's annual FRV is divided by the greater of:

(A) the facility's annualized actual resident days during the cost reporting period; and

(B) for rural providers, 65 percent of the annualized licensed bed capacity of the facility and, for urban providers, 85 percent of the annualized licensed bed capacity of the facility.

(iv) The FRV per diem determined under this fair rental value system shall be no lower than \$8.

(c) A pass-through component of the rate is applied and is calculated as follows:

(i) The nursing facility's per diem real property tax and real property insurance cost is determined by dividing the sum of the facility's allowable real property tax and real property insurance costs, as reported in the most recent FCP or FRV Data Report, as applicable, by the facility's actual total patient days.

(ii) For a newly constructed or newly certified facility that has not submitted an FCP or FRV Data Report that would be used in the rate period, the per diem real property tax and real property insurance is the state average daily real property tax and real property insurance cost of all facilities.

(8) Newly constructed or newly certified facilities' case mix component of the rate shall be paid using the average case mix index. This average case mix index remains in place until sufficient MDS data exist for the facility to calculate the case mix as described in R414-504-3(2). At the following quarter's rate setting, the Department shall issue a new case mix adjusted rate. The property payment to the facility is controlled by R414-504-3(7).

(9) An existing facility acquired by a new owner will continue at the same case mix index and property cost payment established for the facility under the previous ownership for the remainder of the quarter.

(a) The subsequent quarter's case mix index is established using the prior ownership facility MDS data until sufficient

MDS data exist for the facility to calculate the case mix as described in R414-504-3(2).

(b) The property component is calculated for the facility at the beginning of the next state fiscal year, as noted in R414-504-3(7).

(10) A sole community provider that is financially distressed may apply for a payment adjustment above the case mix index established rate. The maximum increase will be 7.5% above the average of the most recent Medicaid daily rate for all Medicaid residents in all freestanding nursing facilities in the state. The maximum duration of this adjustment is for no more than a total of 12 months per facility in any five-year period.

(a) The application shall propose what the adjustment should be and include a financial review prepared by the facility documenting:

(i) the facility's income and expenses for the past 12 months; and

(ii) specific steps taken by the facility to reduce costs and increase occupancy.

(b) Financial support from the local municipality and county governing bodies for the continued operation of the facility in the community is a necessary prerequisite to an acceptable application. The Department, the facility and the local governing bodies may negotiate the amount of the financial commitment from the governing bodies, but in no case may the local commitment be less than 50% of the state share required to fund the proposed adjustment. Any continuation of the adjustment beyond 6 months requires a local commitment of 100% of the state share for the rate increase above the base rate. The applicant shall submit letters of commitment from the applicable municipality or county, or both, committing to make an intergovernmental transfer for the amount of the local commitment.

(i) If the governmental agency receives donations in order to provide the financial contribution, it must document that the donations are "bona fide" as set forth in 42 CFR 433.54.

(c) The Department may conduct its own independent financial review of the facility prior to making a decision whether to approve a different payment rate.

(d) If the Department determines that the facility is in imminent peril of closing, it may make an interim rate adjustment for up to 90 days.

(e) The Department's determination shall be based on maintaining access to services and maintaining economy and efficiency in the Medicaid program.

(f) If the facility desires an adjustment for more than 90 days, it must demonstrate that:

(i) the facility has taken all reasonable steps to reduce costs, increase revenue and increase occupancy;

(ii) despite those reasonable steps the facility is currently losing money and forecast to continue losing money; and

(iii) the amount of the approved adjustment will allow the facility to meet expenses and continue to support the needs of the community it serves, without unduly enriching any party.

(g) If the Department approves an interim or other adjustment, it shall notify the facility when the adjustment is scheduled to take effect and how much contribution is required from the local governing bodies. Payment of the adjustment is contingent on the facility obtaining a fully executed binding agreement with local governing bodies to pay the contribution to the Department.

(h) The Department may withhold or deny payment of the interim or other adjustment if the facility fails to obtain the required agreement prior to the scheduled effective date of the adjustment.

(11) A provider may challenge the rate set pursuant to this rule using the appeal in R410-14. This applies to which rate methodology is used as well as to the specifics of implementation of the methodology. A provider must exhaust

administrative remedies before challenging rates in any other forum.

(12) In developing payment rates, the Department may adjust urban and non-urban rates to reflect differences in urban and non-urban labor costs. The urban labor costs reimbursement cannot exceed 106% of the non-urban labor costs. Labor costs are as reported on the most recent FCP but do not include FCP-reported management, consulting, director, and home office fees.

(13) The Department reimburses swing beds, transitional care unit beds, and small health care facility beds that are used as nursing facility beds, using the prior calendar year state-wide average of the daily nursing facility rate.

(14) Withholding of Title XIX payments

(a) The Department may withhold Title XIX payments from providers if:

(i) there is a shortage in a resident trust account managed by the facility;

(ii) the facility fails to submit a complete and accurate FCP as required by Utah State Plan Attachment 4.19-D, Section 332;

(iii) the facility fails to submit timely, accurate Minimum Data Set (MDS) data;

(iv) the facility owes money to the Division of Health Care Financing because of an overpayment, nursing care facility assessment, civil money penalty, or other offset; or

(v) the facility fails to respond within ten business days to requests for information relating to desk review or audit findings relating to the facility's submitted FCP or FRV Data Report.

(b) For ongoing operations, the Department will provide notice before withholding payments. The Department and provider may negotiate a repayment schedule acceptable to the Department for monies owed to the Department listed in subsection (a)(iv). The repayment schedule may not exceed 180 days.

(c) When the Department rescinds withholding of payments to a facility, it will resume payments according to the regular claims payment cycle.

R414-504-4. Quality Improvement Incentive.

(1)(a) Upon federal approval of the Nursing Care Facilities State Plan Amendment for the quality program outlined in this subsection (1), funds in the amount of \$1,000,000 shall be set aside from the base rate budget annually to reimburse non-ICF/MR facilities that have:

(i) a quality improvement plan which includes the involvement of residents and family;

(ii) a process of assessing and measuring that plan;

(iii) quarterly customer satisfaction surveys conducted by an independent third-party;

(iv) a plan for culture change along with an example of how the facility has implemented culture change;

(v) an employee satisfaction program; and

(vi) no violations that are at an "immediate jeopardy" level, as determined by the Department, at the most recent recertification survey and during the incentive period.

(b) The Department shall distribute incentive payments to qualifying facilities based on the proportionate share of the total Medicaid patient days in qualifying facilities. If a facility seeks administrative review of the determination of a survey violation, the incentive payment will be withheld pending the final administrative adjudication. If violations are found not to have occurred at a severity level of "immediate jeopardy" or higher, the incentive payment will be paid to the facility. If the survey findings are upheld, the remaining incentive payments will be distributed to all qualifying facilities.

(c) A facility that receives a substandard quality of care level F, H, I, J, K, or L during the July 1 through June 30 incentive period is eligible for only 50% of the possible payout. A facility receiving substandard quality of care level F, H, I, J,

K, or L in more than one survey during the July 1 through June 30 incentive period is ineligible for payout under this incentive.

(2) Upon federal approval of the Nursing Care Facilities State Plan Amendment for the quality program outlined in this subsection (2) and in addition to the above incentive, funds in the amount of \$4,275,900 shall be set aside from the base rate budget in state fiscal year 2009 for use in state fiscal year 2009 for the following quality improvement initiatives:

(a) Incentive for facilities to purchase or enhance nurse call systems. Qualifying Medicaid providers may receive up to \$390.51 for each Medicaid certified bed. The Medicaid certified bed count used for each facility for this incentive is the count in the facility as of July 1, 2008.

(i) Qualifying criteria include the following:

(A) The nurse call system that is compliant with approved "Guidelines for Design and Construction of Health Care Facilities."

(B) The nurse call system does not primarily use overhead paging; rather a different type of paging system is used. The paging system could include pagers, cell phones, Personal Digital Assistant devices, hand-held radio, etc. If radio frequency systems are used, consideration should be given to electromagnetic compatibility between internal and external sources.

(C) The nurse call system shall be designed so that a call activated by a resident will initiate a signal distinct from the regular staff call system and that can be turned off only at the resident's location.

(D) The signal shall activate an annunciator panel or screen at the staff work area or other appropriate location, and either a visual signal in the corridor at the resident's door or other appropriate location, or staff pager indicating the calling resident's name and/or room location, and at other areas as defined by the functional program.

(E) The nurse call system must be capable of tracking and reporting response times, such as the length of time from the initiation of the call to the time a nurse enters the room and answers the call.

(ii) A facility must purchase and implement the nurse call system on or after July 1, 2006, and no later than June 8, 2009.

R414-504-5. Reimbursement for Intermediate Care Facilities for the Mentally Retarded.

The following principles apply to the payment of community-based intermediate care facilities for the mentally retarded (ICF/MRs) that are licensed under Utah Code 26-21-13.5:

(1) The Department pays approximately 93% of the aggregate payments to ICF/MRs based on a prospective flat rate established in Utah State Plan Attachment 4.19-D. The Department pays the balance as a property cost component calculated by the Fair Rental Value system pursuant to R414-504-3.

(2)(a) The Department shall set aside \$200,000 annually from the base rate budget for incentives to facilities that have:

(i) a meaningful quality improvement plan;

(ii) a demonstrated means to measure that plan; and

(iii) quarterly customer satisfaction surveys conducted by an independent third-party.

(b) In addition to meeting the requirements under (a), the facility must have had no violations, as determined by the Department, that are at an "immediate jeopardy" level at the most recent re-certification survey and during the incentive period.

(c) The Department shall distribute incentive payments to qualifying facilities based on the proportionate share of the total Medicaid patient days in qualifying facilities.

(d) If a facility seeks administrative review of a survey violation, the incentive payment will be withheld pending the final administrative determination. If violations are found not to have occurred at a severity level of "immediate jeopardy" or higher, the incentive payment will be paid to the facility. If the survey findings are upheld, the Department shall distribute the remaining incentive payments to all qualifying facilities.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-508. Requirements for Transfer of Bed Licenses.****R414-508-1. Introduction and Authority.**

(1) This rule implements requirements that a Medicaid certified nursing care facility program must meet to transfer licensed bed capacity for Medicaid certified beds to another entity.

(2) Sections 26-18-3 and 26-18-505 authorize this rule.

R414-508-2. Definitions.

As used in this rule:

(1) "Bureau of Health Facility Licensing, Certification and Resident Assessment" (BHFLCRA) within the Department of Health is the entity that evaluates nursing care facilities to comply with state and federal regulations.

(2) "Bed License" is the state authorization given by BHFLCRA to provide nursing care facility services to an individual resident. BHFLCRA only issues licenses to a nursing care facility program to provide services for several individuals. The number of individuals for which a nursing care facility program can provide service equals the total licensed beds held by the licensee.

(3) "Current Owner" is any one of or combination of the following: owner of a building from which a nursing care facility program operates, owner of land on which a nursing care facility program operates, owner of a nursing care facility program licensed by the BHFLCRA, owner of Medicaid certification, lessor of the building, lessor of the land, mortgagor of the building, mortgagor of the land, the management team responsible for executing the operations of a nursing care facility program, a holder of a lien security interest in the land, a holder of a lien security interest in the building, and a holder of a lien security interest in the business operation.

(4) "Medicaid Certification" is the authorization to provide services outlined in the Medicaid State Plan in accordance with Section R414-27-1;

(5) "Transfer" is a change of ownership due to sale, lease, or mortgage.

(6) "Transfer Agreement" is a contract for a transfer of bed licenses.

R414-508-3. Bed License Transfer Requirements.

(1) A nursing care facility program must meet the requirements of Section R414-27 to fulfill the transfer requirements found in Subsection 26-18-505(2).

(2) Pursuant to Subsection 26-18-505(2), a nursing care facility program must demonstrate its intent to transfer bed licenses by providing written notice to the Division of Health Care Financing 30 calendar days before the effective date of the transfer under the agreement. The notice must include the following:

(a) the number of bed licenses that the nursing care facility program intends to transfer;

(b) the effective date of the transfer;

(c) the identity and physical location of the entity receiving the transferred bed licenses;

(d) a notarized statement from all current owners acknowledging and consenting to the transfer of the bed licenses; and

(e) a request to de-license and de-certify the number of transferred licensed beds from the transferring nursing care facility as of the effective transfer date in the transfer agreement.

R414-508-4. Bed License Receiving Requirements.

Pursuant to Subsection 26-18-505(3), an entity that receives bed licenses from a nursing care facility program must provide written notice to the Division of Health Care Financing within 14 calendar days of seeking Medicaid certification. The

notice must include the following:

(1) the total number of bed licenses for which it will seek Medicaid certification, which may not exceed the total number of bed licenses received multiplied by a conversion factor of 0.7 and rounded down to the lowest integer as provided in Subsection 26-18-505(3)(c); and

(2) the identity of the nursing care facility program from which the bed licenses were transferred.

R414-508-5. Expiration and Forfeiture of Bed Licenses.

Pursuant to Subsection 26-18-505(2), if the receiving entity does not obtain Medicaid certification within three years of the effective date of the transfer, the transferred bed licenses expire and the receiving entity forfeits the bed licenses available through the transfer. The transferring nursing care facility program does not regain any right to the transferred beds that have expired.

(3) It is intended that the categorization process be dynamic and updated periodically to reflect changes in national standards, medical facility capabilities, and treatment processes. Also, as suggested by the Utah Medical Association, the standards are in no way to be construed as mandating the transfer of any patient contrary to the wishes of his attending physician, rather the standards serve as an expression of the type of facilities and care available in the respective hospitals for the use of physicians requesting transfer of patients requiring skills and facilities not available in their own hospitals.

R426-5-2. Trauma System Advisory Committee.

(1) The trauma system advisory committee, created pursuant to 26-8a-251, shall:

(4) The Department shall disseminate a list of designated trauma centers to all Utah hospitals, and state EMS agencies, and as appropriate, to hospitals in nearby states which refer patients to Utah hospitals.

R426-5-7. Trauma Center Verification Process.

(1) All designated Trauma Centers desiring to remain designated, shall apply for verification by submitting the following information to the Department at least six months prior to the anniversary date of initial designation:

- (2) The purpose of this rule provides guidelines for the equitable distribution of per capita grant funds specified under the Emergency Medical Services Grants Program.

R426-8-2. Eligibility.

(1) Per capita grants are available only to licensed EMS ambulance and paramedic services, and designated first response unit and dispatch providers that are:

- (a) agencies or political subdivisions of local or state government or incorporated non-profit entities; or
- (b) for-profit emergency medical service providers that are the primary emergency medical service provider for a service area.

(2)(a) A for-profit emergency medical service provider is a primary emergency medical service provider in a geographical service area if it is licensed for and provides service at a higher level than the public or non-profit provider;

(b) The levels of emergency medical service providers are in this rank order:

- (A) Paramedic rescue;
- (B) Paramedic ambulance;
- (C) EMT-Intermediate;
- (D) EMT-IV; and
- (E) EMT-Basic.

(c) Paramedic interfacility transfer ambulance, EMT-Interfacility ambulance transport, or paramedic tactical rescue units are not eligible for per capita funding because they cannot be the primary emergency medical services provider for a geographical service area.

(3) Grantees must be in compliance with the EMS Systems Act and all EMS rules during the grant period. If a potential grantee owes the Department money, and the grantee's account is more than six months old, the Department may withhold payment of grant funds until such account is paid in full.

R426-8-3. Grant Implementation.

(1) Per Capita grants are available for use specifically related to the provision of emergency medical services.

(2) Grant awards are effective on July 1 and must be used by June 30 of the following year. No extensions will be given.

(3) Grant funding is on a reimbursable basis after presentation of documentation of expenditures which are in accordance with the approved grant awards budget.

(4) No matching funds are required for per capita grants.

(5) Per capita funds may be used as matching funds for competitive grants.

R426-8-4. Application and Award Formula.

(1) Grants are available to eligible providers that complete a grant application by the deadline established annually by the Department.

(2) Agency applicants shall certify agency personnel rosters as part of the grant application process.

(a) A certified individual who works for both a public and a for-profit agency may be credited only to the public or non-profit licensee or designee.

(b) Certified individuals may be credited for only one agency per county. However, if a dispatcher is also an EMT, EMT-I, EMT-IA, or paramedic, the dispatcher may be credited to one agency as a dispatcher and one agency as an EMT, EMT-I, EMT-IA, or paramedic.

(c) Certified individuals who work for providers that cover multiple counties may be credited only for the county where the

certified person lives.

(d) The Department shall determine the amounts of the per capita grants by prorating available funds on a per capita basis by county.

(3) The Department shall allocate funds to licensed and designated ambulance and paramedic providers, designated dispatch agencies and designated first response units by using the following point totals for their personnel: certified Dispatchers = 1; certified Basic EMTs and EMT-IVs = 2; certified Intermediate EMTs = 3; and certified Paramedics = 4. The number of certified personnel is based upon the personnel rosters of each licensed EMS provider, designated dispatch agency and designated first response unit as of January 1 immediately prior to the grant year, which begins July 1.

(1) Agency management may accept an employee's notice of resignation or retirement without prejudice when received at least ten working days before its effective date.

(2) After submitting a notice of resignation or retirement, an employee may withdraw it on the next working day by notifying the immediate supervisor or an appropriate representative of management in the work unit.

(a) If the withdrawal notice is verbal, the employee shall submit a written notification within 24 hours of the verbal notice.

(b) After the close of the next working day following submission, withdrawal of a resignation or retirement may occur only with the consent of agency management.

R477-12-2. Abandonment of Position.

An employee who is absent from work for three consecutive working days without approval shall be considered to have abandoned his position and to have resigned from the employing agency.

(1) An employee who has abandoned his position may be separated from state employment. Management shall inform the employee of the action in writing.

Reductions in force shall be required when there are inadequate funds, a change of workload, or lack of work. Reductions in force shall be governed by DHRM business practices, standards and the following rules:

(1) When staff will be reduced in one or more categories of work, agency management shall develop a work force adjustment plan (WFAP). A career service employee shall only be given formal written notification of separation after a WFAP has been reviewed and approved by the Executive Director, DHRM, or designee. The following items shall be considered in developing the work force adjustment plan:

(a) the categories of work to be eliminated, including positions impacted through bumping, as determined by management;

(b) a decision by agency management allowing or disallowing bumping;

(c) specifications of measures taken to facilitate the placement of affected employees through normal attrition, retirement, reassignment, relocation, and movement to vacant positions for which the employee qualifies;

(d) a list of all affected employees showing the retention points for each employee.

(2) Eligibility for RIF.

(a) Only career service employees who have been identified in an approved WFAP and given an opportunity for a hearing with the agency head may be RIF'd.

(b) An employee covered by USERRA and in a leave without pay status must be identified, assigned retention points, and notified of the RIF of the previous position in the same manner as a career service employee.

(3) Retention points shall be calculated for all affected employees within a category of work as follows:

(a) Seniority shall be determined by the length of total state career service, which commenced in a competitive career

service position for which the probationary period was successfully completed.

(i) For part-time work, length of service shall be determined in proportion to hours actually worked.

(ii) Exempt service time subsequent to attaining career service tenure with no break in service shall also be counted for purposes of seniority.

(iii) In the event of ties in retention points, the amount of time employed in the affected agency or department serves as the tie breaker.

(b) Length of state service shall be measured in years and additional days shown as a fraction of a year.

(c) Time spent in a leave without pay status for service in the uniformed services covered under USERRA shall be counted for purposes of seniority.

(d) Any time spent in leave without pay status, to include worker's compensation leave, may not be counted for purposes of seniority.

(e) An employee within a category of work, including employees covered under USERRA in a leave without pay status, shall be assigned a job proficiency rating. The job proficiency rating shall be an average of the last three annual performance evaluation ratings under Subsection R477-10-1(1)(e). If employees have had fewer than three annual performance evaluations, the proficiency ratings shall be an average of all ratings received as of that time.

(f) The numeric values of each employee's job proficiency rating and that employee's actual length of service shall be added together to produce the retention points.

(g) Retention points shall be calculated for an employee covered under USERRA and in a leave without pay status in the same manner as for current employees in the affected class. If there are no performance evaluation ratings for an employee covered under USERRA, no proficiency rating shall be included in the retention points.

(4) The order of separation shall be:

(a) temporary employees;

(b) probationary employees;

(c) career service employees with the lowest retention points are released first. In the event of ties in retention points, the amount of seniority in the affected agency serves as the tie breaker.

(5) An employee, including one covered under USERRA in a leave without pay status, who is separated due to a reduction in force shall be given formal written notification of separation, allowing for a minimum of 20 working days prior to the effective date of the RIF.

(6) Appeals.

(a) An employee notified of separation due to a reduction in force may appeal to the agency head for an administrative review by submitting a written notice of appeal within 20 working days after the receipt of written notification of separation.

(b) The employee may appeal the decision of the agency head according to the appeals procedure of the Career Service Review Board.

(7) Reappointment of RIF'd individual.

(a) A RIF'd individual is eligible for reappointment into a half time or greater career service position for which he qualifies in a salary range comparable to or less than the last career service position held, for a period of one year following the date of separation. Section R477-4-4 applies for selection of individuals from the reappointment register.

(i) The Executive Director, DHRM, shall maintain a reappointment register and shall make the final determination on whether an eligible RIF'd individual meets the job requirements for position vacancies.

(ii) A RIF'd individual shall remain on the state reappointment register for one year from the date of separation,

unless reappointed sooner.

(b) During a statewide mandated freeze on hiring wherein the Governor disallows increases in each agency's budgeted FTEs, eligibility for the reappointment register shall be extended for the entire length of time covered by a freeze.

(c) When determining comparable salary ranges in cases of RIF eligibility, a comparison of the previous career service salary range to the current career service salary range maximum step is required. (i) be appointed to any half time or greater career service position for which the individual qualifies in a salary range comparable to the individual's last position in the career service, provided an opening exists; or

(ii) be appointed to any lesser career service position for which the individual qualifies, pending the opening of a position at the last career service salary range held.

(b) The Executive Director, DHRM, shall make the final determination on whether an eligible individual meets the job requirements for position vacancies.

(c) The individual shall declare a desire to remain on the reappointment register upon inquiry by DHRM.

R495. Human Services, Administration.**R495-879. Parental Support for Children in Care.****R495-879-1. Child Support Liability.**

The Office of Recovery Services will establish and enforce child support obligations against parents whose children are in out-of-home placement programs, administered by the Department of Human Services or Department of Health. The department shall consider fees for outpatient and day services separate from child support payments. Establishment and enforcement of child support shall be pursuant to the Uniform Civil Liability for Support Act, Title 78B, Chapter 12; Child Support Services Act, 62A-11-301 et seq.; Support and expenses of child in custody of an individual or institution, 78A-6-1106;

R495-879-2. Support Guidelines.

Child support obligations shall be calculated in accordance with Child Support Guidelines, Sections 78B-12-201, 78B-12-203 through 78B-12-218, 78B-12-301, 78B-12-302, and 78B-12-401 through 78B-12-403.

R495-879-3. Criteria For Deviating From Guidelines.

The following criteria may be used to deviate from the guidelines when a prior order does not exist.

1. Deduction For a Disabled Child.

A deduction from gross income shall be allowed each year, equal to the federal tax exemption for dependents, for each year a child was cared for at home if that child's disability would ordinarily have qualified him for residential care.

2. Medical Payments.

A deduction from gross income shall be allowed for medical expenses equal to the IRS deduction allowed the previous year on the parents' 1040 tax return.

3. Children Over 18 Years Old.

Children up to 23 years of age shall be included on the Child Support Worksheet if the parents are claiming the child as an exemption on their income tax return. Parents must provide prior year's tax return and a statement that they will be claiming child on current year tax return.

4. Loss of child's Social Security Survivor Payments.

If the parent's income is below 133% of the poverty level, allow a direct credit against the child support amount from the child's social security survivor's benefit paid to the state.

5. Adoption Assistance.

The child is adopted, the parents continue to receive adoption assistance or have received adoption assistance, and the child is placed in the care or custody of the state for reasons other than neglect or abuse of the child by the parents.

6. Best Interest of the Child.

It is in the best interest of the child to deviate from the child support guidelines pursuant to Section 78B-12-301 through 78B-12-302.

R495-879-4. Establishing an Order.

ORS may modify and establish child support orders through the Child Support Services Act, 62A-11-301 et seq.; Administrative Procedures Act, Section 63G-4-102 et seq.; Jurisdiction - Determination of Custody questions by Juvenile Court, Subsection 78A-6-104; and in accordance with R527-200.

R495-879-5. Good Cause Deferral and Waiver Request.

If collections interfere with family re-unification, a division may, using the Good Cause-Deferral/Waiver (form 602), request a deferral or waiver of arrears payments. The request may be applied to current support when an undue hardship is created by an unpreventable loss of income to the present family. A loss of income may include non payment of child support from the other parent for the children at home, loss of employment, or

loss of monthly pension or annuity payments. The request shall be initiated by the responsible case worker and forwarded to his or her supervisor, regional director, division director/superintendent, or designee for approval. The Good Cause Deferral and Waiver request may be denied or approved at any stage in the process. Once the waiver has been approved at all levels in the referring agency, the division director (or designee) shall send the waiver to the ORS director (or designee) for review and decision. If the requesting agency disagrees with the ORS director's (or designee's) decision, the request may be referred to the Executive Director of the Department of Human Services for a final decision. The requesting agency will notify the family of the final decision. The request shall not be approved when it proposes actions that are contrary to state or federal law.

R495-879-6. In-Kind Support.

ORS may accept in-kind support after the support amount has been established, based on the parent's service to the program in which the child is placed. The service provided by a parent must be approved by the director of the division or the superintendent of the institution responsible for the child's care. The approval should be based on a monetary savings or an enhancement to a program. If geographical distances prohibit direct service, then the division director or superintendent may approve support services for in-kind support that do not directly offset costs to the agency, but support the overall mission of the agency. For example, a parent with a child receiving services at the Utah State Hospital (USH) may provide services to a local mental health center with the approval of the USH superintendent.

A memorandum of understanding shall be signed by the division/institution and the parent specifying the type, length, and dollar value of service. Verification of the service hours worked must be provided by the division/institution to ORS (using Form 603) within 10 days after the end of the month in which the service was performed. The verification shall include the dates the service was performed, the number of hours worked, and the total credit amount earned. The in-kind service allowed shall be applied prospectively up to the current support ordered amount. Unless approved by the director of the Department, in-kind support approved by one division/institution shall not be used to reduce child support owed to another division/institution. In-kind support shall not be approved when it proposes actions that are contrary to state or federal law.

R495-879-7. Extended Visitation During The Year.

A rebate shall be granted to a parent for support paid when a child's overnight visits equal 25% or more of the service period. The rebate will only be provided when the service period lasts six months or more. The rebate will be proportionate to the number of days at home compared to the number of days in care. One continuous 24-hour period equals one day.

R495-879-8. Child Support and Adoption Assistance.

ORS will establish and enforce child support obligations for parents who are currently receiving adoption assistance or who have received adoption assistance from this state or any other state or jurisdiction, for children who are in the custody of the state, in accordance with Sections 78A-6-1106, 78B-12-106, R495-879-1 and R527-550-1. If an order for support does not currently exist, the department will establish a monthly child support obligation prospectively on existing cases. When establishing a child support obligation, ORS will not include the adoption assistance amount paid to the family in determining the family's income, pursuant to Section 78B-12-207.

Such a review shall not be subject to the provisions of the Utah Administrative Procedures Act (UAPA), or be considered an adjudicative proceeding under Section 63G-4-203 and Rule R527-200. The applicant/recipient may choose instead to request an adjudicative proceeding under UAPA, or petition the district court to review the noncooperation determination and issue a judicial order based on its findings. If an administrative review is requested, the senior agent designated to conduct the review shall examine the case record, talk to the agent assigned to the case, consult with the team manager, and consider any new information the applicant/recipient provides to determine whether she/he has or has not met the cooperation requirements

listed in Section 62A-11-307.2 or is not able to meet the requirements and is cooperating in good faith.

2. If a IV-A or Non-IV-A Medicaid applicant/recipient disagrees with the results of an administrative review conducted by an ORS/CSS senior agent, she/he may request that an ORS/CSS Presiding Officer conduct an adjudicative proceeding, or the applicant/recipient may petition the district court to review the initial noncooperation determination and the results of the administrative review, and issue a judicial order based on its findings.

3. If a IV-A or Non-IV-A Medicaid applicant/recipient disagrees with the Decision and Order issued by an ORS/CSS Presiding Officer after the close of an adjudicative proceeding, she/he may request reconsideration within 20 days after the date the Decision and Order is issued as provided in Sections 63G-4-302 and R527-200-14, or petition the district court to review the Decision and Order and issue a judicial order based on its findings.

R527. Human Services, Recovery Services.**R527-56. In-Kind Support.****R527-56-1. Authority and Purpose.**

1. Section 62A-11-107 authorizes the Office of Recovery Services to adopt, amend and enforce rules.

2. The purpose of this rule is to specify the responsibility and procedures for the Office of Recovery Services, Child Support Services teams (ORS/CSS) to grant or deny credit for support paid in-kind when a court or administrative authority has previously ordered cash support payments. This rule also specifies the right of ORS/CSS to recover the amount of in-kind support from the obligee when they continue to accept payments after signing an assignment or similar document.

R527-56-2. Requirements and Procedures.

1. "In-kind" support is support provided by the obligor to the obligee in lieu of payment of a cash support amount.

2. In cases where the obligee is receiving financial public assistance, ORS/CSS shall give credit to obligors for in-kind support payments when cash support is court-ordered and there is an in-kind support agreement between the obligee and obligor meeting the following criteria:

a. Both the obligor and the obligee shall have agreed to the in-kind support.

b. The agreement shall be in writing.

c. The agreement pre-dates the obligee receiving financial public assistance.

d. The agreement shall have been filed with the court.

e. The value of the in-kind support is undisputed.

f. The in-kind support is easily valued.

g. The value of the in-kind support provided in a month equals or exceeds the monthly amount of cash support ordered by the court.

h. ORS/CSS shall have received written notice of the agreement and registered no objection to the agreement when the obligee applied for public assistance.

3. If the criteria listed above are met, ORS/CSS shall give the obligor credit for the monthly court-ordered amount for each month that the agreement was in effect and the in-kind support was provided.

4. ORS/CSS may take whatever action is necessary to require prospective payment of the court-ordered cash support during the time period that the obligee receives financial public assistance.

5. If the obligee signed an assignment or other document from the Department of Workforce Services or ORS/CSS which specified that upon receipt of financial public assistance by the obligee ORS/CSS requires prospective payment of cash support as ordered by the court, and the obligor and obligee continue to act in accordance with the in-kind support agreement, the obligee is considered to be retaining support in violation of the assignment of support rights, and the office may recover the amount of in-kind support from the obligee.

6. If the obligee did not sign an assignment or other document as described in (5.), but otherwise received written notice from ORS/CSS that upon receipt of financial public assistance by the obligee ORS/CSS requires prospective payment of cash support as ordered by the court, and the obligor and obligee continue to act in accordance with the in-kind support agreement, the obligee is considered to be retaining support in violation of the assignment of support rights, and ORS/CSS may recover the amount of in-kind support from the obligee.

7. Once an obligor receives written notice that an assignment of support rights is in effect and that ORS/CSS requires payment of cash support as ordered by the court, the obligor may be held responsible to pay directly to ORS/CSS any prospective support payments which are due under a support order, in the manner provided in the support order.

R527. Human Services, Recovery Services.

R527-260. Driver License Suspension for Failure to Pay Support.

R527-260-1. Authority.

(1) Section 62A-11-107 authorizes the Office of Recovery Services/Child Support Services (ORS/CSS) to adopt, amend and enforce rules.

(2) Sections 53-3-102, 53-3-221, 53-3-221.5, 62A-11-601, 62A-11-602, 62A-11-603, and 62A-11-604 provide for suspension of an individual's driver license for failure to pay child support.

R527-260-2. Purpose.

The purpose of this rule is to provide procedures and criteria for ORS/CSS to suspend an obligor parent's driver license for failure to pay child support.

R527-260-3. Driver License Suspension Criteria.

ORS/CSS may begin procedures for driver license suspension on an obligor if all other administrative enforcement actions have been exhausted and the obligor:

- (1) has a valid Utah driver license;
- (2) is delinquent in child support payment pursuant to Section 62A-11-602(2);
- (3) is working, but ORS/CSS is unable to send a Notice to Withhold Income for Child Support; and,
- (4) has the ability to pay child support.

R527-260-4. Notice of Agency Action.

(1) ORS/CSS will notify the obligor of the possibility of suspending his/her driver license for failure to pay child support by sending a Notice of Agency Action (NAA) pursuant to Sections 62A-11-304.2 and 63G-4-102 et seq. The NAA will be personally served upon the obligor.

(2) Once the obligor has been personally served, s/he has thirty days to respond to the NAA and request an informal adjudicative hearing with ORS/CSS. If the obligor fails to respond to the NAA, the obligor's case(s) will be sent to the ORS/CSS Supervisory Review Panel for approval to proceed with the driver license suspension.

R527-260-5. Repayment Agreement to Stop Driver License Suspension.

(1) Upon receipt of the NAA, the obligor may enter into a repayment agreement with ORS/CSS to temporarily stop the suspension process. The repayment agreement must include both current support, if appropriate, and an arrears payment for six consecutive months. ORS/CSS will determine the obligor's monthly arrears payment by reviewing his/her actual income and necessary debts to arrive at a reasonable monthly amount.

(2) If the obligor makes the full required payment each month for six consecutive months, ORS/CSS will dismiss the NAA.

(3) If the obligor fails to comply with the terms of the repayment agreement at any time during the six consecutive months, his/her case will immediately be sent to the ORS/CSS Supervisory Review Panel to determine the next appropriate action on the case; for example, to proceed with suspension of the obligor's driver license.

R527-260-6. ORS/CSS Supervisory Review Panel.

(1) The ORS/CSS Supervisory Review Panel consists of the ORS Director, the CSS Director and other members as designated by the ORS and CSS Directors.

(2) The panel is responsible to review the case and determine if it is appropriate to proceed with suspension of the obligor's driver license.

(3) If the ORS/CSS Supervisory Review Panel determines it is appropriate to proceed with the driver license suspension,

the ORS or CSS Director will sign the Order to Suspend, which will be sent to the Driver License Division for enforcement.

(4) If the ORS/CSS Supervisory Review Panel determines it is not appropriate to suspend the obligor's license, the case will be sent back to the team to take the next appropriate action and/or dismiss the NAA.

R527-260-7. Repayment Agreement to Rescind Driver License Suspension.

(1) Once the Driver License Division has been notified to suspend the obligor's driver license, the obligor may contact ORS/CSS to make arrangements to rescind the Order to Suspend and reinstate his/her driver license. The obligor may enter into a repayment agreement, which includes both current support, if appropriate, and an arrears payment to be paid for six consecutive months. ORS/CSS will determine the obligor's monthly arrears payment by reviewing his/her actual income and necessary debts to arrive at a reasonable monthly amount.

(2) The obligor's license will remain suspended until s/he has successfully complied with the terms of the repayment agreement. Once the terms of the repayment agreement have been met, ORS/CSS will rescind the Order to Suspend and notify the Driver License Division.

1. The Office of Recovery Services is authorized to create rules necessary for the provision of social services by Section 62A-1-107.

2. This rule establishes procedures for a payor of income to withhold a one-time fee to offset administrative costs incurred when processing a withholding order pursuant to Rule 64D, Subsection(d)(ii), Utah Rules of Civil Procedure, and Section 78A-2-216(1)(b).

R527-302-2. Income Withholding Fees.

1. R527. Human Services, Recovery Services.**R527-475. State Tax Refund Intercept.****R527-475-1. Purpose and Authority.**

1. The Office of Recovery Services is authorized to create rules necessary for the provision of social services by Section 62A-1-107.

2. This rule establishes procedures for the Office of Recovery Services/Child Support Services (ORS/CSS) to intercept a state tax refund to recover delinquent child support pursuant to Section 59-10-529(1).

R527-475-2. State Tax Refund Intercept.

1. For a state tax refund to be intercepted, there must be an administrative or judicial judgment with a balance owing. An installment of child support is considered a judgment for purposes of Section 59-10-529 on and after the date it becomes due as provided in Section 78B-12-112.

2. State tax refunds intercepted will first be applied to current support, second to Non-IV-A arrearages, and third to satisfy obligations owed to the state and collected by ORS/CSS.

3. ORS/CSS shall mail prior written notice to the obligor who owes past-due support and the unobligated spouse that the state tax refund may be intercepted. The notice shall advise the unobligated spouse of his/her right to receive a portion of the tax refund if the unobligated spouse has earnings and files jointly with the obligor. If the unobligated spouse does not want his/her share of the tax refund to be applied to the obligated spouse's child support debt, the unobligated spouse shall make a written request and submit a copy of the tax return and W-2's to ORS/CSS at any time after prior notice, but in no case later than 25 days after the date ORS/CSS intercepts the tax refund. If W-2s are unavailable, ORS/CSS may use amounts of incomes as reported on the joint tax return. The unobligated spouse's portion of the joint tax refund will be prorated according to the percentage of income reported on the W-2 forms or the joint tax return for the tax year. If the unobligated spouse does not make a written request to ORS/CSS to obtain his share of the tax refund within the specified time limit, ORS/CSS shall not be required to pay any portion of the tax refund to the unobligated spouse.

R527. Human Services, Recovery Services.**R527-920. Mandatory Disbursement to Oblige Through Electronic Funds Transfer.****R527-920-1. Authority and Purpose.**

(1) Section 62A-11-107 authorizes the Office of Recovery Services/Child Support Services (ORS/CSS) to adopt, amend and enforce rules. Section 62A-11-704 authorizes ORS/CSS to make rules to allow exceptions to mandatory disbursements by electronic funds transfer.

(2) The purpose of this rule is to outline the procedures for establishing electronic funds transfers to obligees and to specify appropriate exceptions to the requirement for ORS/CSS to make disbursements by electronic funds transfer as allowed in Section 62A-11-704.

R527-920-2. Procedures.

(1) ORS/CSS will notify obligees that have enforceable support orders of the available options for receiving electronic funds transfers. Written information about electronic funds transfer options will be sent to the best available addresses for eligible obligees.

(2) Written information about electronic funds transfer options will be sent at the following points in time if an obligee has not already arranged for electronic funds transfers:

(a) When Section 62A-11-704, mandating disbursement through electronic funds transfers, is implemented by ORS/CSS;

(b) When a new case is opened with ORS/CSS that is accompanied by an enforceable support order;

(c) When a first-time support order is established for an open case with ORS/CSS;

(d) When an established account for receiving electronic funds transfers is no longer appropriate for future transfers; or,

(e) When a previously-selected method for receiving electronic funds transfers will no longer be offered by ORS/CSS.

(3) Written information about electronic funds transfer options will be sent to obligees that have previously enrolled in this service in the following situations:

(a) When a previously-established account for receiving electronic funds transfers is no longer available to the obligee for future transfers; or,

(b) When a previously-selected method for receiving electronic funds transfers will no longer be offered by ORS/CSS.

(4) Upon receiving the written information about electronic funds transfer options, each obligee will be allowed to select from the available options and return the form to ORS/CSS to indicate his or her preferred method for receiving electronic payments. If an obligee fails to indicate a preference or fails to provide the necessary information to establish the preferred method of electronic funds transfer within sixty days of the date on the written notice, ORS/CSS has the option of enrolling that obligee in a plan to receive payments in an account that may be accessed through the use of an electronic access card.

(5) Payments will be disbursed by paper checks while the method of electronic funds transfer is established.

R527-920-3. Exceptions.

(1) Exceptions to mandatory disbursements through electronic funds transfer are allowed as follows:

(a) For a period of no more than 60 days after a case is opened with an enforceable support order;

(b) For a period of no more than 60 days after a first-time support order is established;

(c) For a period of no more than 60 days while an obligee changes the account to be used for receiving future electronic funds transfers; or,

(d) For an indefinite time period if an obligee resides in a

foreign country and an electronic funds transfer cannot be facilitated;

(2) The ORS or ORS/CSS Director may approve additional exceptions to mandatory disbursements through electronic funds transfers on a case-by-case basis if the obligee presents a request in writing and can demonstrate that electronic funds transfers would result in an undue hardship to that obligee. The ORS or ORS/CSS Director will determine the duration of the exception based on the individual circumstances.

(3) Disbursements through electronic funds transfer will not be mandatory for ORS/CSS if technical problems prevent successful electronic disbursement within the federally-mandated disbursement time frames found in 45 CFR 302.32.

R590. Insurance, Administration.**R590-219. Credit Scoring.****R590-219-1. Authority.**

This rule is promulgated pursuant to Subsection 31A-2-201(3)(a) in which the commissioner may make rules to implement the provisions of this title. Also, specific authority is provided in Subsection 31A-22-320(3) to enforce the provisions of Section 31A-22-320.

R590-219-2. Scope and Purpose.

This rule sets forth minimum standards for all property and casualty insurers doing private passenger automobile business in Utah that use credit history or an insurance score as part of their underwriting criteria or rating plans.

R590-219-3. Definitions.

In addition to the definitions in Section 31A-1-301 and 31A-22-320, the following definition shall apply for the purposes of this rule:

- (1)(a) "Initial underwriting" shall include:
- (i) deciding whether or not to issue a policy to the consumer;
 - (ii) the amount and terms of the coverage;
 - (iii) the duration of the policy;
 - (iv) the rates or fees charged; and
 - (v) those additional drivers related to the named insured or spouse by blood, marriage, adoption, or guardianship who were emancipated prior to becoming an additional driver in the named insured's household.
- (b) "Initial underwriting" shall not include additional vehicles or drivers added to the household of a current auto insurance policyholder of the insurer, provided:
- (i) the additional vehicle is owned by the named insured, spouse or persons related to the named insured by blood, marriage, adoption, or guardianship that are residents of the named insured's household;
 - (ii) the additional driver is related to the named insured or spouse by blood, marriage, adoption, or guardianship and is a resident of the named insured's household, including those who usually make their home in the same household but temporarily live elsewhere.
 - (iii) a divorced spouse or child where an insurer has a record of the driving history from an existing policy.
- (2) "Adverse action" shall have the same meaning as defined in the Fair Credit Reporting Act, 15 U.S.C. sec.1681 et seq. An adverse action includes the following:
- (a) cancellation, denial or non-renewal of insurance coverage;
 - (b) charging a higher premium than would have been offered if the credit history or credit score had been more favorable, whether the charge is by:
 - (i) application of a rating rule;
 - (ii) assignment to a rating category within a single insurer, into which insureds with substantially like risk or exposure factors and expense elements are placed for purposes of determining rate or premium, that does not have the lowest available rates;
 - (iii) placement with an affiliate insurer that does not offer the lowest rates available to the consumer within the affiliate group of insurers; or
 - (iv) a reduction or an adverse or unfavorable change in the terms of coverage or amount of insurance owing to a consumer's credit history or insurance score.
 - (c) A reduction or an adverse or unfavorable change in the terms of coverage occurs when:
 - (i) coverage provided to the consumer is not as broad in scope as coverage requested by the consumer but available to other insureds of the insurer or any affiliate; or
 - (ii) the consumer is not eligible for benefits such as

dividends that are available through affiliate insurers.

R590-219-4. Insurer's Obligation If Credit Information Is Used.

(1) An insurer must comply with all notification requirements of the federal Fair Credit Reporting Act, 15 U.S.C. 1681 et seq. If any adverse action is taken, the insurance company must provide to the applicant or insured:

- (a) the identity, telephone number, and address of any consumer-reporting agency from which a credit report was obtained;
- (b) notification of the applicant's or insured's right to receive a free copy of their credit report from the consumer reporting agency for a period of 60 days from the date of application; and
- (c) notification of the applicant's or insured's right to lodge a dispute with the consumer-reporting agency and have erroneous information corrected in accordance with the Fair Credit Reporting Act.

(2) After an adverse action is taken, if it is later determined that the initial information in the credit report was incorrect, the insurance company, at the request of the applicant or insured, shall underwrite or rate the policy again using the correct information. If the insurer determines that the insured has overpaid premium, the insurer shall refund to the insured the amount of overpayment calculated back to the shorter of either the last 12 months of coverage or the actual policy period.

(3) An insurer shall establish procedures that allow consumers or their insurance producers to request that a person's credit history or score be re-examined if a correction has been made to the consumer's credit report.

(4) An insurer shall refrain from penalizing consumers on new and renewal policies issued on or after the effective date of this rule based on identity theft; credit inquiries not initiated by the consumer; insurance-related inquiries; medical related collection accounts, if the information can be identified on a credit report; and multiple lender inquiries, if captured on a credit report as being from the home mortgage industry and made within a 30 day period, unless only one inquiry is considered.

R590-219-5. Prohibited Uses of Credit Information.

Insurers may not use credit information:

- (1) to cancel or non-renew any private passenger auto insurance policy that has been in effect for 60 days or more;
- (2) for initial underwriting, unless risk related factors, other than credit information, are considered;
- (3) to determine rates as part of a filed rating plan for private passenger auto insurance, except to provide a premium discount or similar reduction in rates and, when an insurer issues a new or renewal policy on or after the effective date of this rule with a discount based on credit, that discount shall not be removed or reduced based on credit information only;
- (4) to cancel or non-renew an existing private passenger auto insurance policy which has been in effect for 60 days or more, nor decline or refuse to issue a new policy or coverage for an additional vehicle owned by the named insured or persons related to the named insured by blood, marriage, adoption, or guardianship who are residents of the named insured's household; or
- (5) to cancel or non-renew an existing private passenger auto insurance policy which has been in effect for 60 days or more when adding a newly licensed driver who is related to the named insured by blood marriage, adoption, or guardianship, and continues to be a resident of the named insured's household.

R590-219-6. Offer of Placement.

An offer of placement with an affiliated insurance company is not considered a cancellation, non-renewal, declination, or

refusal to issue a policy.

R590-219-7. Enforcement Date.

The commissioner will begin enforcing the provisions of this rule 45 days from the rule's effective date.

R590-219-8. Severability.

If any provision or clause of this rule or its application to any person or situation is held invalid, such invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

(2) Payment of the proceeds to the viator pursuant to a viatical settlement shall be made in a lump sum except where the provider of viatical settlements has purchased an annuity or similar financial instrument issued by a licensed insurance insurer or bank, or an affiliate of either. R590-222-8. Disclosures.

(1) As required by Subsection 31A-36-108(1), the disclosure, which is to be provided no later than the time the application for the viatical settlement, shall be provided in a separate document that is signed by the viator and the provider of viatical settlements or producer of viatical settlements, and shall contain the following information:

(a) There are possible alternatives to a viatical settlement, including any accelerated death benefits or policy loans offered under the viator's life insurance policy.

(b) Some or all of the proceeds of the viatical settlement may be taxable under federal income tax and state franchise and income taxes, and assistance should be sought from a professional tax advisor.

(c) Proceeds of the viatical settlement could be subject to the claims of creditors.

(d) Receipt of the proceeds of a viatical settlement may adversely affect the viator's eligibility for Medicaid or other government benefits or entitlements, and advice should be obtained from the appropriate government agencies.

(e) The viator has the right to terminate a viatical settlement within 15 calendar days after the receipt of the viatical settlement proceeds by the viator as provided by Subsection 31A-36-109(7). If the insured dies during the 15 day period, the settlement is terminated, subject to repayment of all viatical settlement proceeds and any premiums, loans and loan interest to the viatical settlement provider or purchaser.

(f) Funds will be sent to the viator within three business days after the provider of viatical settlements has received the insurer or group administrator's acknowledgment that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated.

(g) Entering into a viatical settlement may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy or certificate, to be forfeited by the viator. Assistance should be sought from a financial adviser.

(h) Disclosure to a viator shall include distribution of a copy of the National Association of Insurance Commissioners (NAIC) Viatical Settlement brochure, dated 2002, that describes the process of viatical settlements, see Appendix C.

(i) The disclosure document shall contain the following language: "All medical, financial or personal information solicited or obtained by a provider of viatical settlements or producer of viatical settlements about an insured, including the insured's identity or the identity of family members, a spouse or a significant other may be disclosed as necessary to effect the viatical settlement between the viator and the provider of viatical settlements. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years."

(j) The insured may be contacted by either the provider or producer of viatical settlements or its authorized representative for the purpose of determining the insured's health status. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less.

(2) A provider of viatical settlements shall provide the viator with at least the following disclosures no later than the date the viatical settlement is signed by all parties. The disclosures shall be conspicuously displayed in the viatical settlement or in a separate document signed by the viator and the provider of viatical settlements or producer of viatical settlements, and provide the following information:

(a) State the affiliation, if any, between the provider of viatical settlements and the issuer of the insurance policy to be viaticated.

(b) The document shall include the name, address and telephone number of the provider of viatical settlements.

(c) A producer of viatical settlements shall disclose to a prospective viator the existence and source of the producer's compensation. The term "compensation" includes anything of value paid or given to a producer of viatical settlements for the placement of a policy.

(d) If an insurance policy to be viaticated has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be viaticated, the viator shall be informed of the possible loss of coverage on the other lives under the policy and shall be advised to consult with his or her insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement.

(e) State the dollar amount of the current death benefit payable to the provider of viatical settlements under the policy or certificate. If known, the provider of viatical settlements shall also disclose the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and dismemberment benefits under the policy or certificate and the provider of viatical settlements interest in those benefits.

(f) State the name, business address, and telephone number of the independent third party escrow agent, and the fact that the viator or owner may inspect or receive copies of the relevant escrow or trust agreements or documents.

(3) If the provider transfers ownership or changes the beneficiary of the insurance policy, the provider shall communicate the change in ownership or beneficiary to the insured within 20 days after the change.

R590-222-9. Standards for Evaluation of Reasonable

Payments.

The provider of viatical settlements is responsible for assuring that the net proceeds from the viatical settlement exceed the benefits that are available at the time of the viatical settlement under the terms of the policy including cash surrender, long-term care, and accelerated death benefits.

R590-222-10. Requests for Verification of Coverage.

(1) Insurers, authorized to do business in this state, whose policies are being viaticated, shall respond to a request for verification of coverage from a provider of viatical settlements or a producer of viatical settlements within 30 calendar days of the date a request is received, subject to the following conditions:

(a) a current authorization consistent with applicable law, signed by the policyholder or certificate holder, accompanies the request;

(b) in the case of an individual policy, submission of a form substantially similar to the NAIC Verification of Coverage for Individual Policies, dated 2003, which has been completed by the provider of viatical settlements or the producer of viatical settlements in accordance with the instructions on the form, see Appendix D;

(c) in the case of group insurance coverage:

(i) submission of a form substantially similar to the NAIC Verification of Group Life Insurance Benefits dated 2003, which has been completed by the provider of viatical settlements or producer of viatical settlements in accordance with the instructions on the form, see Appendix E; and

(ii) which has previously been referred to the group policyholder and completed to the extent the information is available to the group policyholder.

(2) An insurer whose policy is being viaticated may not charge a fee for responding to a request for information from a provider of viatical settlements or producer of viatical settlements in compliance with this rule in excess of any usual and customary charges to policyholders, certificateholders or insureds for similar services.

(3) The insurer whose policy is being viaticated shall send an acknowledgment of receipt of the request for verification of coverage to the policyholder or certificateholder and, where the policyholder or certificateholder is other than the insured, to the insured. The acknowledgment may contain a general description of any accelerated death benefit or similar benefit that is available under a provision of or rider to the life insurance contract.

R590-222-11. Advertising.

(1) This section shall apply to advertising of viatical settlements, related products, or services intended for dissemination in this state. Failure to comply with any provision of this section is determined to be a violation of Section 31A-36-112.

(2) The form and content of an advertisement of a viatical settlement shall be sufficiently complete and clear so as to avoid misleading or deceiving the reader, viewer, or listener. It shall not contain false or misleading information, including information that is false or misleading because it is incomplete.

(3) Information required to be disclosed shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.

(4) An advertisement shall not omit material information or use words, phrases, statements, references or illustrations if the omission or use has the capacity, tendency or effect of misleading or deceiving viators, as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence.

(5) An advertisement shall not use the name or title of an

insurer or an insurance policy unless the affected insurer has approved the advertisement.

(6) An advertisement shall not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable or in any manner an incorrect or improper practice.

(7) The words "free," "no cost," "without cost," "no additional cost", "at no extra cost," or words of similar import shall not be used with respect to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service or may state that a charge is included in the payment or use other appropriate language.

(8) Testimonials, appraisals or analysis used in advertisements must be genuine; represent the current opinion of the author; be applicable to the viatical settlement product or service advertised, if any; and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators as to the nature or scope of the testimonials, appraisal, analysis or endorsement. In using testimonials, appraisals or analysis, the viatical settlement licensee makes, as its own, all the statements contained therein, and the statements are subject to all the provisions of this section.

(a) If the individual making a testimonial, appraisal, analysis or an endorsement has a financial interest in the provider of viatical settlements or related entity as a stockholder, director, officer, employee or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

(b) An advertisement shall not state or imply that a viatical settlement benefit or service has been approved or endorsed by a group of individuals, society, association or other organization unless that is the fact and unless any relationship between an organization and the viatical settlement licensee is disclosed. If the entity making the endorsement or testimonial is owned, controlled or managed by the viatical settlement licensee, or receives any payment or other consideration from the viatical settlement licensee for making an endorsement or testimonial, that fact shall be disclosed in the advertisement.

(c) When an endorsement refers to benefits received under a viatical settlement, all pertinent information shall be retained for a period of five years after its use.

(9) An advertisement shall not contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.

(10) An advertisement shall not disparage insurers, providers of viatical settlements, producers of viatical settlements, viatical settlement investment agents, anyone who may recommend a viatical settlement, insurance producers, policies, services or methods of marketing.

(11) The name of the viatical settlement licensee shall be clearly identified in all advertisements about the licensee or its viatical settlement, products or services, and if any specific viatical settlement is advertised, the viatical settlement shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name and administrative office address of the provider of viatical settlements shall be shown on the application.

(12) An advertisement shall not use a trade name, group designation, name of the parent company of a viatical settlement licensee, name of a particular division of the viatical settlement licensee, service mark, slogan, symbol or other device or reference without disclosing the name of the viatical settlement licensee, if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the viatical settlement licensee, or to create the impression that a company other than the viatical settlement licensee would have any responsibility for the financial obligation under a viatical

settlement.

(13) An advertisement shall not use any combination of words, symbols or physical materials that by their content, phraseology, shape, color or other characteristics are so similar to a combination of words, symbols or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators into believing that the solicitation is in some manner connected with a government program or agency.

(14) An advertisement may state that a viatical settlement licensee is licensed in the state where the advertisement appears, provided it does not exaggerate that fact or suggest or imply that a competing viatical settlement licensee may not be so licensed. The advertisement may ask the audience to consult the licensee's web site or contact the department of insurance to find out if the state requires licensing and, if so, whether the provider of viatical settlements or producer of viatical settlements is licensed.

(15) An advertisement shall not create the impression that the provider of viatical settlements, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its viatical settlements are recommended or endorsed by any government entity.

(16) The name of the actual licensee shall be stated in all of its advertisements. An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the licensee, service mark, slogan, symbol or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.

(17) An advertisement shall not directly or indirectly create the impression that any division or agency of the state or of the U.S. government endorses, approves or favors:

- (a) any viatical settlement license or its business practices or methods of operations;
- (b) the merits, desirability or advisability of any viatical settlement;
- (c) any viatical settlement; or
- (d) any life insurance policy or life insurance insurer.

(18) If the advertisement emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

(19) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six months.

R590-222-12. Reporting of Fraud.

(1) A person engaged in the business of viatical settlements under Title 31A, Chapter 36, that knows or has reasonable cause to believe that any person has violated or will violate any provision of Section 31A-36-113, shall, upon acquiring the knowledge, promptly notify the commissioner and provide the commissioner with a complete and accurate statement of all of the relevant facts and circumstances. Any other person acquiring such knowledge may furnish the information to the commissioner in the same manner. The report is a protected communication and when made without actual malice does not subject the person making the report to any liability whatsoever. The commissioner may suspend, revoke, or refuse to renew the license of any person who fails to comply with this section.

R590-222-13. Prohibited Practices.

(1) A provider of viatical settlements or producer of

viatical settlements shall obtain from a person that is provided with patient identifying information a signed affirmation that the person or entity will not further divulge the information without procuring the express, written consent of the insured for the disclosure. Notwithstanding the foregoing, if a provider of viatical settlements or producer of viatical settlements is served with a subpoena and, therefore, compelled to produce records containing patient identifying information, it shall notify the viator and the insured in writing at their last known addresses within five business days after receiving notice of the subpoena.

(2) A provider of viatical settlements shall not also act as a producer of viatical settlements in the same viatical settlement, whether entitled to collect a fee directly or indirectly.

(3) A producer of viatical settlements shall not seek or obtain any compensation from the viator without the written agreement of the viator obtained prior to performing any services in connection with a viatical settlement.

(4) A provider of viatical settlements or producer of viatical settlements shall not unfairly discriminate in the making or soliciting of viatical settlements, or discriminate between viators with dependents and without dependents.

(5) A provider of viatical settlements or producer of viatical settlements shall not pay or offer to pay any finder's fee, commission or other compensation to any insured's physician, or to an attorney, accountant or other person providing medical, legal or financial planning services to the viator, or to any other person acting as an agent of the viator, other than a producer of viatical settlements, with respect to the viatical settlement.

R590-222-14. Filing of Forms.

(1) All forms to be used for a viatical settlement shall be filed with the commissioner prior to use. The department is not required to review each form and does not provide approval for a filing. The forms will be identified as "filed for use" when submitted to the department with all requirements. The forms to be filed include the viatical settlement, disclosure to the viator, notice of intent to viaticate, verification of coverage, and application.

(2) A form filing consists of:

(a) the uniform transmittal form that is available at the department's website at www.insurance.utah.gov/L&AH_Transmittal.pdf. Because the targeted user of the universal transmittal form is an insurer, all information requested on the form may not be applicable to a filing for a viatical settlement; therefore, complete only the areas of the form that will identify and describe your filing. The transmittal form is to be the top document of your filing;

(b) a cover letter on company letterhead that is to properly identify the viatical settlement provider. The cover letter must provide the following:

(i) a list of the forms being filed by title and any number given the document; and

(ii) a description of the reason for the filing. Indicate whether the form is new or replacing a form. If the form is replacing a previously filed form, provide the replaced form number, the date filed in Utah, and the changes being made;

(c) a copy of each form to be filed; and

(d) return materials, if you wish to receive notification that the filing has been filed with the commissioner. Return materials consist of one copy of the cover letter and a self-addressed stamped envelope. The department will not send notice that the filing has been received unless you provide the means to do so.

(3) If a filing has been rejected as incomplete, the response to the rejection must include all items required for the filing and a copy of the rejection form.

(4) If an Order to Prohibit Use has been issued, the response to the Order must include:

(a) a resubmission letter identifying the changes made;

(b) one copy of the revised document; and

(c) return materials which include a copy of the resubmission letter and a self addressed stamped envelope.

(5) Companies may request the status of their filing by telephone, email or mail after 30 days from the date of submission.

R590-222-15. Enforcement Date.

The commissioner will begin enforcing the provisions of this rule 45 days from the rule's effective date.

R590-222-16. Severability.

If any provision or clause of this rule or its application to any person or situation is held to be invalid, such invalidity may not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

R590. Insurance, Administration.**R590-223. Rule to Recognize the 2001 CSO Mortality Table for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits.****R590-223-1. Authority.**

This rule is promulgated by the insurance commissioner pursuant to Subsections 31A-2-201(3), 31A-17-402(1) and 31A-22-408(11).

R590-223-2. Purpose.

The purpose of this rule is to recognize, permit and prescribe the use of the 2001 Commissioners Standard Ordinary (CSO) Mortality Table in accordance with Sections 31A-17-504, 31A-22-408 and R590-198-5.

R590-223-3. Definitions.

A. "2001 CSO Mortality Table" means mortality table, consisting of separate rates of mortality for male and female lives, developed by the American Academy of Actuaries CSO Task Force from the Valuation Basic Mortality Table developed by the Society of Actuaries Individual Life Insurance Valuation Mortality Task Force, and adopted by the NAIC in December 2002. The 2001 CSO Mortality Table is included in the Proceedings of the NAIC, 2nd Quarter 2002. Unless the context indicates otherwise, the "2001 CSO Mortality Table" includes both the ultimate form of that table and the select and ultimate form of that table and includes both the smoker and nonsmoker mortality tables and the composite mortality tables. It also includes both the age-nearest-birthday and age-last-birthday bases of the mortality tables.

B. "2001 CSO Mortality Table (F)" means mortality table consisting of the rates of mortality for female lives from the 2001 CSO Mortality Table.

C. "2001 CSO Mortality Table (M)" means mortality table consisting of the rates of mortality for male lives from the 2001 CSO Mortality Table.

D. "Composite mortality tables" means mortality tables with rates of mortality that do not distinguish between smokers and nonsmokers.

E. "Smoker and nonsmoker mortality tables" means mortality tables with separate rates of mortality for smokers and nonsmokers.

F. The tables identified in Subsections R590-223-3.A through E are hereby incorporated by reference within this rule and are available for public inspection at the Insurance Department during normal business hours.

R590-223-4. 2001 CSO Mortality Table.

A. At the election of the company for any one or more specified plans of insurance and subject to the conditions stated in this rule, the 2001 CSO Mortality Table may be used as the minimum standard for policies issued on or after July 1, 2003 and before the date specified in Subsection R590-223-4.B to which Subsections 31A-17-504(1)(c), 31A-22-408(6)(d)(viii)(VI), R590-198-5.A and R590-198-5.B are applicable. If the company elects to use the 2001 CSO Mortality Table, it shall do so for both valuation and nonforfeiture purposes.

B. Subject to the conditions stated in this rule, the 2001 CSO Mortality Table shall be used in determining minimum standards for policies issued on and after January 1, 2009, to which Subsections 31A-17-504(1)(c), 31A-22-408(6)(d)(viii)(VI), R590-198-5.A and R590-198-5.B are applicable.

R590-223-5. Conditions.

A. For each plan of insurance with separate rates for smokers and nonsmokers an insurer may use:

- (1) composite mortality tables to determine minimum

reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits;

(2) smoker and nonsmoker mortality tables to determine the valuation net premiums and additional minimum reserves, if any, required by Section 31A-17-511 and use composite mortality tables to determine the basic minimum reserves, minimum cash surrender values and amounts of paid-up nonforfeiture benefits; or

(3) smoker and nonsmoker mortality to determine minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits.

B. For plans of insurance without separate rates for smokers and nonsmokers, the composite mortality tables shall be used.

C. For the purpose of determining minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits, the 2001 CSO Mortality Table may, at the option of the company for each plan of insurance, be used in its ultimate or select and ultimate form, subject to the restrictions of Section R590-223-6 and Valuation of Life Insurance Policies Rule R590-198 relative to use of the select and ultimate form.

D. When the 2001 CSO Mortality Table is the minimum reserve standard for any plan for a company, the actuarial opinion in the annual statement filed with the commissioner shall be based on an asset adequacy analysis in conformance with the requirements of Section R590-162-8. The commissioner may exempt a company from this requirement if it only does business in this state and in no other state.

R590-223-6. Applicability of the 2001 CSO Mortality Table to Rule R590-198.

A. The 2001 CSO Mortality Table may be used in applying R590-198 in the following manner, subject to the transition dates for use of the 2001 CSO Mortality Table in Section R590-223-4:

(1) Subsection R590-198-3.A.(2)(b): The net level reserve premium is based on the ultimate mortality rates in the 2001 CSO Mortality Table.

(2) Subsection R590-198-4.B: All calculations are made using the 2001 CSO Mortality Table, and, if elected, the optional minimum mortality standard for deficiency reserves stipulated in Subsection R590-223-6.A.(4). The value of " q_{x+k+t} " is the valuation mortality rate for deficiency reserves in policy year $k+t$, but using the unmodified select mortality rates if modified select mortality rates are used in the computation of deficiency reserves.

(3) Subsection R590-198-5.A: The 2001 CSO Mortality Table is the minimum standard for basic reserves.

(4) Subsection R590-198-5.B: The 2001 CSO Mortality Table is the minimum standard for deficiency reserves. If select mortality rates are used, they may be multiplied by X percent for durations in the first segment, subject to the conditions specified in Subsections R590-198-5.B.(3)(a) through (i). In demonstrating compliance with those conditions, the demonstrations may not combine the results of tests that utilize the 1980 CSO Mortality Table with those tests that utilize the 2001 CSO Mortality Table, unless the combination is explicitly required by rule or necessary to be in compliance with relevant Actuarial Standards of Practice.

(5) Subsection R590-198-6.C: The valuation mortality table used in determining the tabular cost of insurance shall be the ultimate mortality rates in the 2001 CSO Mortality Table.

(6) Subsection R590-198-6.E.(4): The calculations specified in Subsection R590-198-6.E shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

(7) Subsection R590-198-6.F.(4): The calculations specified in Subsection R590-198-6.F shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

(8) Subsection R590-198-6.G.(2): The calculations specified in Subsection R590-198-6.G shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

(9) Subsection R590-198-7.A.(1)(b): The one-year valuation premium shall be calculated using the ultimate mortality rates in the 2001 CSO Mortality Table.

B. Nothing in this section shall be construed to expand the applicability of R590-198 to include life insurance policies exempted under Subsection R590-198-3.A.

R590-223-7. Gender-Blended Tables.

A. For any ordinary life insurance policy delivered or issued for delivery in this state on and after July 1, 2003, that utilizes the same premium rates and charges for male and female lives or is issued in circumstances where applicable law does not permit distinctions on the basis of gender, a mortality table that is a blend of the 2001 CSO Mortality Table (M) and the 2001 CSO Mortality Table (F) may, at the option of the company for each plan of insurance, be substituted for the 2001 CSO Mortality Table for use in determining minimum cash surrender values and amounts of paid-up nonforfeiture benefits. No change in minimum valuation standards is implied by this Section of the rule.

B. The company may choose from among the blended tables developed by the American Academy of Actuaries CSO Task Force and adopted by the NAIC in December 2002

C. It shall not, in and of itself, be a violation of Subsection 31A-23-302(3) for an insurer to issue the same kind of policy of life insurance on both a sex-distinct and sex-neutral basis.

R590-223-8. Separability.

If any provision of this rule or its application to any person or circumstance is for any reason held to be invalid, the remainder of the rule and the application of the provision to other persons or circumstances shall not be affected.

A. All employers employing workers in the state of Utah, except those exempted by Section 34-40-104, shall pay the established minimum hourly wages of \$5.85 an hour for all hours employed effective September 8, 2007; \$6.55 an hour for all hours employed effective July 24, 2008; and \$7.25 an hour for all hours employed effective July 24, 2009.

B. As per Sections 34-23-301 and 34-40-103, effective July 23, 2007, a minor employee shall be paid at least \$4.25 per hour for the first 90 days of employment with an employer; and thereafter, minimum wage established in subsection A of this rule.

C. Any employer claiming exemption under Subsection 34-40-104(1)(k), shall provide to the Division a statistical report of the average wage paid within 60 days of the end of the regular operating season. The Division may, upon notice, perform an on-site inspection to verify the report in accordance with Sections 34-40-201 and 34-40-203.

R610-1-4. Tips and Commissions.

A. An employer may credit the tips, sometimes referred to as gratuities, received by tipped employees (an example would be waiters and waitresses) against the employer's minimum wage obligation. The tips must be received by the employee, reported to the employer, and must reach a threshold of at least \$30.00 per month before credit can be allowed.

B. An employer has a cash wage obligation of at least \$2.13 per hour in meeting the required minimum wage. If an employee's tips combined with the employer's cash wage obligation of \$2.13 per hour do not equal the minimum hourly wage requirement, the employer must increase its cash wage obligation to make up the difference.

C. A compulsory charge for service imposed on a customer by an employer's establishment, is not a tip. Such charges are part of the employer's gross receipts and within its discretion to allocate. Where service charges are imposed and the employee receives no tips, the employer must pay the entire minimum wage and overtime required by law.

D. All tips shall be retained by the employee receiving the tips. However, this requirement does not preclude tip pooling or sharing arrangements where an employer mandates that tips be pooled and divided or shared among those employees who customarily and regularly receive tips.

1. A bona fide tip pooling or sharing arrangement may include employees who customarily and regularly receive tips from customers directly or via a tip pooling or sharing arrangement.

2. Dishwashers, chefs, cooks, and janitors are not tipped

employees and do not qualify for a tip credit nor are they eligible to participate in an employer mandated tip pooling or sharing arrangement.

E. Every employer using the tip credit must so inform the affected employee at the time of hire. Any tip pooling or sharing arrangement must be made in writing and provided to each affected employee at the time of hire or prior to implementation.

F. Where tips are charged on a credit card, and the employer must pay the credit card company a percentage of the bill for its use, the employer may reduce the amount of the credit card tips paid over to the employee by a percentage no greater than that charged by the credit card company.

G. In computing the minimum wage, tips and commissions must be counted in the payroll period in which the tip or commission is earned.

H. This section does not apply to tips or commissions as delineated in Section 34-40-104(1).

R610-1-5. Enforcement of Minimum Wage.

A. The Division may enforce compliance with the state minimum wage in the same manner as outlined in R610-3.

B. When more than one employee is affected by noncompliance of minimum wage requirements, the Division shall treat this alleged infraction of noncompliance as a class action.

C. The Division may commence agency action in accordance with Section 63G-4-201 to investigate and determine compliance or noncompliance.

D. If an employer is found in noncompliance with the state minimum wage requirements, that employer shall be subject to penalties under Section 34-40-204.

E. If the employees determine that a civil action to enforce compliance with state minimum wage is necessary, they may bring an action under Section 34-40-205.

R610-1-6. Filing Procedure and Commencement of Agency Action.

For purposes of Section 63G-4-201, commencement of an adjudicative proceeding at the Division to resolve a complaint under minimum wage requirements is accomplished by the complainant filing a complaint form. The complaint form shall act as a request for agency action and the form and accompanying agency cover letter shall together include all information specified in Subsection 63G-4-201 (2).

R610-1-7. Investigation and Enforcement.

If, upon investigation, the Division concludes that a violation of Sections 34-40-103, 34-40-104, 34-40-201, or 34-40-203 has occurred it may impose a penalty pursuant to Sections 34-40-202 and 34-40-204.

R610-1-8. Time.

A. An Order is deemed issued on the date on the face of the Order which is the date the presiding officer signs the Order.

B. In computing any period of time prescribed or allowed by these rules or by applicable statute:

1. The day of the act, event, finding, or default, or the date an Order is issued, shall not be included;

2. The last day of the period so computed shall be included, unless it is a Saturday, a Sunday, or a state legal holiday, in which event the period runs until the end of the next working day;

This form is to be completed in as much detail as feasible. Special care should be used to make sure that the employee's account of how the accident occurred is completely and accurately reported. All questions are to be answered or marked "N/A" if not applicable in each particular instance. All addresses must include city, state, and zip code. If modified employment in #29 is marked "yes," the remarks in #29 must reflect the particular restrictions or limitations that apply, whether as to activity or time per day or both. Estimated time loss must also be given in #29. If "Findings of Examination" (#17) do not correctly reflect the coding used in billing, a reduction of payment may be made to reflect the proper coding. If the medical provider has filed the RSA form per this rule, the payor is responsible for payment, unless compensability is denied by the payor. In the event the payor denies the entire compensability of a claim, the payor shall so notify the claimant, provider, and the division, after which the provider may then bill the claimant.

4. Any denial of payment for treatment must be based on a written medical opinion or medical information. The denial notification shall include a copy of the written medical opinion

or information from which the denial was based. The payor is not liable for payment of treatment after the provider, claimant, and division have been notified in writing of the denial for authorization to pay for treatment. The claimant may then become responsible for payment.

5. Any dispute regarding authorization or denial for treatment will be determined from the date the division received the RSA form or notification of denial for payment of treatment.

6. The claimant may request a hearing before the Division of Adjudication to resolve compensability or treatment issues.

7. Subjective objective assessment plan/procedure (SOAP notes) or progress notes are to be sent to the payor in addition to the RSA form.

8. Any medical provider billing under the Restorative Services Section of the RBRVS or the Commission's Medical Fee Guidelines who fails to submit the required RSA form shall be limited to payment of up to eight visits for a compensable claim. The medical provider may not bill the patient or employer for any remaining balances.

C. S.O.A.P. notes or progress reports of each visit are to be sent to the payor by all medical practitioners substantiating the care given, the need for further treatment, the date of the next treatment, the progress of the patient, and the expected return-to-work date. These reports must be sent with each bill for the examination and treatment given to receive payment. S.O.A.P. notes are not to be sent to the division unless specifically requested.

D. "Form 110 - Release to Return to Work" must be mailed by either the medical practitioner or carrier/employer to the employee and the division within five calendar days of release.

E. The carrier/employer may request medical reports in addition to regular progress reports. A charge may be made for such additional reports, which charge should accurately reflect the time and effort expended by the physician.

R612-2-4. Hospital or Surgery Pre-Authorization.

Any ambulatory surgery or inpatient hospitalization other than a life or limb threatening admission, allegedly related to an industrial injury or occupational disease, shall require pre-authorization by the employer/insurance carrier. Within two working days of a telephone request for pre-authorization, the employer/carrier shall notify the physician and employee of approval or denial of the surgery or hospitalization, or that a medical examination or review is going to be obtained. The medical examination/review must be conducted without undue delay which in most circumstances would be considered less than thirty days. If the request for pre-authorization is made in writing, the employer/carrier shall have four days from receipt of the request to notify the physician and employee. If the employee chooses to be hospitalized and/or to have the surgery prior to such pre-authorization or medical examination/review, the employee may be personally responsible for the bills incurred and may not be reimbursed for the time lost unless a determination is made in his/her favor.

R612-2-5. Regulation of Medical Practitioner Fees.

Pursuant to Section 34A-2-407:

A. The Labor Commission of Utah:

1. Establishes and regulates fees and other charges for medical, surgical, nursing, physical and occupational therapy, mental health, chiropractic, naturopathic, and osteopathic services, or any other area of the healing arts as required for the treatment of a work-related injury or illness.

2. Adopts and by this reference incorporates the National Centers for Medicare and Medicaid Services (CMS) for the Medicare Physician Fee Schedule (MPFS) "Resource-Based Relative Value Scale" (RBRVS), 2008 edition, as the method for calculating reimbursement and the American Medical

Association's CPT-4, 2008 edition, coding guidelines. The non-facility total unit value will apply in calculating the reimbursement, except that procedures provided in a facility setting shall be reimbursed at the facility total unit value and the facility may bill a separate facility charge. The CPT-4 coding guidelines and RBRVS are subject to the Utah Labor Commission's Medical Fee Guidelines and Codes and the following Labor Commission conversion factors for medical care rendered for a work-related injury or illness, effective July 1, 2008: (Conversion Rates below EFFECTIVE July 1, 2008, to be used with the RBRVS procedural Unit value as per specialty.)

Anesthesiology \$41.00 (1 unit per 15 minutes of anesthesia);

Evaluation and Management \$46.00

Pathology and Laboratory The current RBRVS identifies values for specific codes that require Pathologist services. All other reimbursement rates for laboratory and pathology codes will be determined by the Ingenix ga-filled methodology. \$52.00;

Radiology \$53.00;

Restorative Services \$46.00, with Utah code 97001 and 97003 at a 1.5 relative value unit and Utah code 97002 and 97004 at a 1.0 of relative value unit.

Surgery \$37.00;

All 20000 codes, codes 49505 thru 49525 and all 60000 codes of the CPT-4 coding guidelines \$58.00.

3. Adopts and incorporates by this reference the Utah Labor Commission's Medical Fee Guidelines and Codes, as of July 1, 2008. The Utah Medical Fee Guidelines and Codes can be obtained from the division for a fee sufficient to recover costs of development, printing, and mailing or can be downloaded at the Labor Commission's website at <http://laborcommission.utah.gov/IndustrialAccidents/pdfs/Me%20Fee%20Guidelines%20%202007%2008-07.pdf>.

4. Decides appropriate billing procedure codes when disputes arise between the medical practitioner and the employer or its insurance carrier. In no instance will the medical practitioner bill both the employer and the insurance carrier.

B. Employees cannot be billed for treatment of their work-related injuries or illnesses.

C. Discounting from the fees established by the Labor Commission is allowed only through specific contracts between a medical provider and a payor for treatment of work-related injury or illness.

D. Restocking fee 15%. Rule R612-2-16 covers the restocking fee.

E. Dental fees are not published. Rule R612-2-18 covers dental injuries.

F. Ambulance fees are not published. Rule R612-2-19 covers ambulance charges.

R612-2-6. Fees in Cases Requiring Unusual Treatment.

The RBRVS scheduled fees are maximum fees except that fees higher than RBRVS scheduled may be authorized by the Commission when extraordinary difficulties encountered by the physician justify increased charges and are documented by written reports.

R612-2-7. Insurance Carrier's Privilege to Examine.

The employer or the employer's insurance carrier or a self-insured employer shall have the privilege of medical examination of an injured employee at any reasonable time. A copy of the medical examination report shall be made available to the Commission at any time upon request of the Commission.

R612-2-8. Who May Attend Industrial Patients.

A. The employer has first choice of physicians; but if the employer fails or refuses to provide medical attention, the

employee has the choice of physicians.

B. An employee of an employer with an approved medical program may procure the services of any qualified practitioner for emergency treatment if a physician employed in the program is not available for any reason.

R612-2-9. Changes of Doctors and Hospitals.

A. It shall be the responsibility of the insurance carrier or self-insured employer to notify each claimant of the change of doctor rules. Those rules are as follows:

1. If a company doctor, designated facility or PPO is named, the employee must first treat with that designated provider. The insurance carrier or self-insured employer shall be responsible for payment for the initial visit, less any health insurance copays and subject to any health insurance reimbursement, if the employee was directed to and treated by the employer's or insurance carrier's designated provider, and liability for the claim is denied and if the treating physician provided treatment in good faith and provided the insurance carrier or self-insured employer a report necessary to make a determination of liability. Diagnostic studies beyond plain x-rays would need prior approval unless the claimed industrial injury or occupational illness required emergency diagnosis and treatment.

2. The employee may make one change of doctor without requesting the permission of the carrier, so long as the carrier is promptly notified of the change by the employee.

(a) Physician referrals for treatment or consultation shall not be considered a change of doctor.

(b) Changes from emergency room facilities to private physicians, unless the emergency room is named as the "company doctor", shall not be considered a change of doctor. However, once private physician care has begun, emergency room visits are prohibited except in cases of:

(i) Private physician referral, or

(ii) Threat to life.

3. Regardless of prior changes, a change of doctor shall be automatically approved if the treating physician fails or refuses to rate permanent partial impairment.

B. Any changes beyond those listed above made without the permission of the carrier/self-insurer may be at the employee's own expense if:

1. The employee has received notification of rules, or

2. A denial of request is made.

C. An injured employee who knowingly continues care after denial of liability by the carrier may be individually responsible for payment. It shall be the burden of the carrier to prove that the patient was aware of the denial.

D. It shall be the responsibility of the employee to make the proper filings with the division when changing locale and doctor. Those forms can be obtained from the division.

E. Except in special cases where simultaneous attendance by two or more medical care practitioners has been approved by the carrier/employer or the division, or specialized services are being provided the employee by another physician under the supervision and/or by the direct referral of the treating physician, the injured employee may be attended by only one practitioner and fees will not be paid to two practitioners for similar care during the same period of time.

F. The Commission has jurisdiction to decide liability for medical care allegedly related to an industrial accident.

R612-2-10. One Fee Only to be Paid in Global Fee Cases.

In a global fee case which is transferred from one doctor to another doctor, one fee only will be paid, apportioned at the discretion of the Commission. Adequate remuneration shall also be paid to the medical practitioner who renders first aid treatment where the circumstances of the case require such treatment.

R612-2-11. Surgical Assistants' Fees.

Fees, in accordance with the Commission's adopted Resource-Based Relative Value Scale (RBRVS), in addition to the global fee for surgical services, will be paid surgical assistants only when specifically authorized by the employer or insurance carrier involved, or in hospitals where interns and residents are not available and the complexity of the surgery makes a surgical assistant necessary.

R612-2-12. Separate Bills.

Separate bills must be presented by each surgeon, assistant, anesthetist, consultant, hospital, special nurse, or other medical practitioner within 30 days of treatment on a HCFA 1500 billing form so that payment can be made to the medical practitioner who rendered the service. All bills must contain the federal ID number of the person submitting the bill.

R612-2-13. Interest for Medical Services.

A. All hospital and medical bills must be paid promptly on an accepted liability claim. All bills which have been submitted properly on an accepted liability claim are due and payable within 45 days of being billed unless the bill or a portion of the bill is in dispute. Any portion of the bill not in dispute is payable within 45 days of the billing.

B. Per Section 34A-2-420, any award for medical treatment made by the Commission shall include interest at 8% per annum from the date of billing for the medical service.

R612-2-14. Hospital Fees Separate.

Fees covering hospital care shall be separate from those for professional services and shall not extend beyond the actual necessary hospital care. When it becomes evident that the patient needs no further hospital treatment, he/she must be discharged. All billings must be submitted on a UB92 form and be properly itemized and coded and shall include all appropriate documentation to support the billing. There shall not be a separate fee charged for the necessary documentation in billing for payment of hospital services. The documentation of hospital services shall include at a minimum the discharge summary. The insurance carrier may request further documentation if needed in order to determine liability for the bill.

R612-2-15. Charges for Ordinary Supplies, Materials, or Drugs.

Fees covering ordinary dressing materials or drugs used in treatment shall not be charged separately but shall be included in the amount allowed for office dressings or treatment.

R612-2-16. Charges for Special or Unusual Supplies, Materials, or Drugs.

A. Charges for special or unusual supplies, materials, or drugs not included as a normal and usual part of the service or procedure shall, upon receipt of an itemized and coded billing, be paid at cost plus 15% restocking fees.

B. For purposes of part A above, the amount to be paid shall be calculated as follows:

1. Applicable shipping charges shall be added to the purchase price of the product;
2. The 15% restocking fee shall then be added to the amount determined in sub part 1;
3. The amount of taxes paid on the purchase of the supplies, materials, or drugs shall then be added to the amount determined in sub part 2, which sum shall constitute the total amount to be paid.

R612-2-17. Fees for Unscheduled Procedures.

Fees for medical or surgical procedures not appearing in the Commission's adopted RBRVS current fee schedule are subject to the Commission's approval and should be submitted

to the Commission when the physician and employer or insurance carrier do not agree on the value of the service. Such fees shall be in proportion as nearly as practicable to fees for similar services appearing in the RBRVS.

R612-2-18. Dental Injuries.

A. This rule establishes procedures to obtain dental care for work-related dental injuries and sets fees for such dental care.

B. Initial Treatment.

1. If an employer maintains a medical staff or designates a company doctor, an injured worker seeking dental treatment for work-related injuries shall report to such medical staff or doctor and follow their instructions.

2. If an employer does not maintain a medical staff or designate a company doctor, or if such staff or doctor are not available, an injured worker may consult a dentist to obtain immediate care dental for injuries caused by a work-related accident. The insurer shall pay the dentist providing this initial treatment at 70% of UCR for the services rendered.

C. Subsequent care by initial treatment provider.

1. If additional treatment is necessary, the dentist who provided initial treatment may submit to the insurer a request for authorization to continue treatment. The transmission date of the request must be verifiable. The request itself must include a description of the injury, the additional treatment required, and the cost of the additional treatment. If the dentist proceeds with treatment without authorization, the dentist must accept 70% of UCR as payment in full and may not charge any additional sum to the injured worker.

2. The insurer shall respond to the request for authorization within 10 working days of the request's transmission. This 10-day period can be extended only with written approval of the Industrial Accidents Division. If the insurer does not respond to the dentist's request for authorization within 10 working days, the insurer shall pay the cost of treatment as contained in the request for authorization.

3. If the insurer approves the proposed treatment, the insurer shall send written authorization to the dentist and injured worker. This authorization shall include the anticipated payment amount.

4. On receipt of the insurer's written authorization, and if the dentist accepts the payment provisions therein, the dentist may proceed to provide the approved services. The dentist must accept the amount to be paid by the insurer as full payment for those services and may not bill the injured worker for any additional amount.

D. Subsequent care by other providers.

1. If the dentist who provided initial treatment does not agree to the payment offered by the insurer, the insurer shall within 20 calendar days direct the injured worker to a dentist located within a reasonable travel distance who will accept the insurer's payment offer.

2. If the insurer cannot locate another dentist to provide the necessary services, the insurer shall attempt to negotiate a satisfactory reimbursement with the dentist who provided initial treatment. The negotiated reimbursement may not include any balance billing to the claimant.

3. If the insurer is successful in arranging treatment with another dentist, the insurer shall notify the injured worker.

4. If, after having received notice that the insurer has arranged the services of another dentist, the injured worker chooses to obtain treatment from a different dentist, the insurer shall only be responsible for payment at 70% of UCR. Under the circumstances of this subsection (4), the treating dentist may bill the injured worker for the difference between the dentist's charges and the amount paid by the insurer.

E. Payment or treatment disputes that cannot be resolved by the parties may be submitted to the Labor Commission's

Adjudication Division for decision, pursuant to the Adjudication Division's established forms and procedures.

R612-2-19. Ambulance Charges.

Ambulance charges must not exceed the rates adopted by the State Emergency Medical Service Commission for similar services.

R612-2-20. Travel Allowance and Per Diem.

A. An employee who, based upon his/her physician's advice, requires hospital, medical, surgical, or consultant services for injuries arising out of and in the course of employment and who is authorized by the self-insurer, the carrier, or the Commission to obtain such services from a physician and/or hospital shall be entitled to:

1. Subsistence expenses of \$6 per day for breakfast, \$9 per day for lunch, \$15 per day for dinner, and actual lodging expenses as per the state of Utah's in-state travel policy provided:

(a) The employee travels to a community other than his/her own place of residence and the distance from said community and the employee's home prohibits return by 10:00 p.m., and

(b) The absence from home is necessary at the normal hour for the meal billed.

2. Reasonable travel expenses regardless of distance that are consistent with the state of Utah's travel reimbursement rates, or actual reasonable costs of practical transportation modes above the state's travel reimbursement rates as may be required due to the nature of the disability.

B. This rule applies to all travel to and from medical care with the following restrictions:

1. The carrier is not required to reimburse the injured employee more often than every three months, unless:

(a) More than \$100 is involved, or

(b) The case is about to be closed.

2. All travel must be by the most direct route and to the nearest location where adequate treatment is reasonably available.

3. Travel may not be required between the hours of 10:00 p.m. and 6:00 a.m., unless approved by the Commission.

4. Requests for travel reimbursement must be submitted to the carrier for payment within one year of the authorized medical care.

5. Travel allowance shall not include picking up prescriptions unless documentation is provided substantiating a claim that prescriptions cannot be obtained locally within the injured worker's community.

6. The Commission has jurisdiction to resolve all disputes.

R612-2-21. Notice to Health Care Providers.

Any notice from a carrier denying further liability must be mailed to the Commission and the patient on the same day as it is mailed to the health care provider. Where it can be shown, in fact, that a medical care provider and the injured employee have received a denial of further care by the insurance carrier or self-insured employer, further treatment may be performed at the expense of the employee. Any future ratification of the denial by the Commission will not be considered a retroactive denial but will serve to uphold the force and effect of the previous denial notice.

R612-2-22. Medical Records.

A. Workers' compensation insurers, employers and the Utah Labor Commission need access to health information of individuals who are injured on the job or who have a work-related illness in order to process or adjudicate claims, or to coordinate care under Utah's workers' compensation system. Generally, this health information is obtained from health care providers who treat these individuals and who may be covered

by federal "HIPAA" privacy rules.

The HIPAA Privacy Rule specifically recognizes the legitimate need of the workers' compensation system to have access to individuals' health information to the extent authorized by State law. See 45 CFR 164.512(1). The Privacy Rule also recognizes the importance of permitting disclosures required by other laws. See 45 CFR 164.512(a). Therefore, disclosures permitted by this rule for workers' compensation purposes or otherwise required by this rule do not conflict with and are not prohibited by the HIPAA Privacy Rule.

B. A medical provider, without authorization from the injured workers, shall:

1. For purposes of substantiating a bill submitted for payment or filing required Labor Commission forms, such as the "Physician's Initial Report of Injury/Illness" or the "Restorative Services Authorization," disclose medical records necessary to substantiate the billing, including drug and alcohol testing, to:

a. An employer's workers' compensation insurance carrier or third party administrator;

b. A self-insured employer who administers its own workers' compensation claims;

c. The Uninsured Employers' Fund;

d. The Employers' Reinsurance Fund; or

e. The Labor Commission as required by Labor Commission rules.

2. Disclose medical records pertaining to treatment of an injured worker, who makes a claim for workers' compensation benefits, to another physician for specialized treatment, to a new treating physician chosen by the claimant, or for a consultation regarding the claimed work related injury or illness.

C. 1. Except as limited in C(3), a medical provider, whose medical records are relevant to a workers' compensation claim shall, upon receipt of a Labor Commission medical records release form, or an authorization form that conforms to HIPAA requirements, disclose his/her medical records to:

a. An employer's insurance carrier or third party administrator;

b. A self-insured employer who administers its own workers' compensation claims;

c. An agent of an entity listed in B(1)(a through e), which includes, but is not limited to a case manager or reviewing physician;

d. The Uninsured Employers Fund;

e. The Employers' Reinsurance Fund;

f. The Labor Commission;

g. The injured worker;

h. An injured workers' personal representative;

i. An attorney representing any of the entities listed above in an industrial injury or occupational disease claim.

2. Medical records are relevant to a workers' compensation claim if:

a. The records were created after the reported date of the accident or onset of the illness for which workers' compensation benefits have been claimed; or

b. The records were created in the past ten years (15 years if permanent total disability is claimed) and;

i. There is a specific reason to suspect that the medical condition existed prior to the reported date of the claimed work related injury or illness or

ii. The claim is being adjudicated by the Labor Commission.

3. Medical records related to care provided by a psychiatrist, psychologist, obstetrician, or care related to the reproductive organs may not be disclosed by a medical provider unless a claim has been made for a mental condition, a condition related to the reproductive organs, or the claimant has signed a separate, specific release for these records.

D. A medical provider, who has treated an injured worker for a work related injury or illness, shall disclose information to

an injured workers' employer as to when and what restrictions an injured worker may return to work.

E. Requests for medical records beyond what sections B, C, and D permit require a signed approval by the director, the medical director, a designated person(s) within the Industrial Accidents Division or an administrative law judge if the claim is being adjudicated.

F. A party affected by the decision made by a person in section E may appeal that decision to the Adjudication Division of the Labor Commission.

G. Upon receipt and within the scope of this rule, an injured worker shall provide those entities or person listed in C(1) the names, address, and dates of medical treatment (if known) of the medical providers who have provided medical care within the past 10 years (15 years for permanent total disability claim) except for those medical providers names in C(3). Labor Commission form number 307 "Medical Treatment Provider List" must be used for this purpose. Parties listed in C(1) of this rule must provide each medical provider identified on form 307 with a signed authorization for access to medical records. A copy of the signed authorization may be sent to the medical providers listed on form 307.

H. An injured worker may contest, for good reason, a request for medical records created prior to the reported date of the accident or illness for which the injured worker has made a claim for benefits by filing a complaint with the Labor Commission. Good reason is defined as the request has gone beyond the scope of this rule or sensitive medical information is contained in a particular medical record.

I. 1. Any party obtaining medical records under authority of this rule may not disclose those medical records, without a valid authorization, except as required by law.

2. An employer may only use medical records obtained under the authority of this rule to:

a. Pay or adjudicate workers' compensation claims if the employer is self-insured;

b. To assess and facilitate an injured workers' return to work;

c. As otherwise authorized by the injured worker.

3. An employer obtaining medical records under authority of this rule must maintain the medical records separately from the employee's personnel file.

J. Any medical records obtained under the authority of this rule to make a determination regarding the acceptance of liability or for treatment of a condition related to a workers' compensation claim shall only be used for workers' compensation purposes and shall not be released, without a signed release by the injured worker or his/her personal representative, to any other party. An employer shall make decisions related only to the workers' compensation claim based on any medical information received under this rule.

K. When any medical provider provides copies of medical records, other than the records required when submitting a bill for payment or as required by the Labor commission rules, the following charges are presumed reasonable:

1. A search fee of \$15 payable in advance of the search;

2. Copies at \$.50 per page, including copies of microfilm, payable after the records have been prepared and

3. Actual costs of postage payable after the records have been prepared and sent. Actual cost of postage are deemed to be the cost of regular mail unless the requesting party has requested the delivery of the records by special mail or method.

4. The Labor Commission will release its records per the above charges to parties/entities with a signed and notarized release from the injured worker unless the information is classified and controlled under the Government Records Access and Management Act (GRAMA).

L. No fee shall be charged when the RBRVS or the Commission's Medical Fee Guidelines require specific

documentation for a procedure or when medical providers are required to report by statute or rule.

M. An injured worker or his/her personal representative may obtain one copy of each of the following records related to the industrial injury or occupational disease claim, at no cost, when the injured worker or his/her personal representative have signed a form by the Industrial Accidents Division to substantiate his/her industrial injury/illness claim;

1. History and physical;

2. Operative reports of surgery;

3. Hospital discharge summary;

4. Emergency room records;

5. Radiological reports;

6. Specialized test results; and

7. Physician SOAP notes, progress notes, or specialized reports.

(a) Alternatively, a summary of the patients records may be made available to the injured worker or his/her personal representative at the discretion of the physician.

R612-2-23. Adjusting Resource-Based Relative Value Scale (RBRVS) Codes.

A. When adjusting any medical provider's bill who has billed per the Commission's adopted RBRVS the adjusting entity shall provide one or more of the following explanations as applies to the down coding when payment is made to the medical provider:

1. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of history for the code billed.

2. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of examination for the code billed.

3. Code 99202, 99203, 99204 or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of medical decision making for the code billed.

4. Code 99202, 99203, 99204, or 99205 - the submitted documentation for a new patient did not meet the three key components lacking in the level of history and exam for the code billed.

5. Code 99213, 99214 or 99215 - the submitted documentation for an established patient did not meet the two key components lacking in the level of history and exam that the code billed.

6. Code 99213, 99214 or 99215 - the submitted documentation for an established patient did not meet the two key components lacking in the level of history and medical decision making for the code billed.

7. Code 99213, 99214 or 99215 - the submitted documentation for the established patient did not meet the two key components lacking in the level of exam and medical decision making for the code billed.

B. The above explanations may be abbreviated, with a legend provided, to accommodate the space of computerized messages.

R612-2-24. Review of Medical Payments.

A. Health care providers and payors are primarily responsible to resolve disputes over fees for medical services between themselves. However, in some cases it is necessary to submit such disputes to the Division for resolution. The Commission therefore establishes the following procedure for submission and review of fees for medical services.

1. The provider shall submit a bill for services rendered, with supporting documentation, to the payor within one year of the date of service;

2. The payor shall evaluate the bill according to the

guidelines contained in the Commission's Medical Fee Guidelines and RBRVS and shall pay the provider the appropriate fee within 45 days as required by Rule R612-2-13.

3. If the provider believes that the payor has improperly computed the fee under the RBRVS, the provider or designee shall request the payor to re-evaluate the fee. The provider's request for re-evaluation shall be in writing, shall describe the specific areas of disagreement and shall include all appropriate documentation. The provider shall submit all requests for re-evaluation to the payor within one year of the date of the original payment.

4. Within 30 days of receipt of the written request for re-evaluation, the payor shall either pay the additional fee due the provider or respond with a specific written explanation of the basis for its denial of additional fees. The payor shall maintain proof of transmittal of its response.

B. If the provider continues to disagree with the payor's determination of the appropriate fee, the provider shall submit the matter to the Division by filing with the Division a written explanation of the disagreement. The provider's explanation shall include copies of:

1. The provider's original bill and supporting documentation;
2. The payor's initial payment of that bill;
3. The provider's request for re-evaluation and supporting documentation; and
4. The payor's written explanation or its denial of additional fees.

C. The Division will evaluate the dispute according to the requirements of the Medical Fee Guidelines and RBRVS and, if necessary, by consulting with the provider, payor, or medical specialists. Within 45 days from the date the Division receives the provider's request, the Division will mail its determination to both parties.

D. Any party aggrieved by the Division's determination may file an application for hearing with the Division of Adjudication to obtain formal adjudication of the dispute.

E. A payor seeking reimbursement from a provider for overpayment of a bill shall submit a written request to the provider detailing the circumstances of the payment requested within one year of submission of the bill.

1. Providers should make appropriate reimbursements, or respond in writing detailing the reasons why repayment will not be made, within 90 days of receipt of a written request from a payor.

2. If a dispute as to reimbursement occurs, an aggrieved party may request resolution of the dispute by the Labor Commission.

R612-2-25. Injured Worker's Right to Privacy.

A. No agent of the employer or the employer's insurance carrier shall be present during an injured worker's visit with a medical provider, unless agreed upon by the claimant.

B. If an agent of the employer or the employer's insurance carrier is excluded from the medical visit, the medical provider and the injured worker shall meet with the agent at the conclusion of the visit so as to communicate regarding medical care and return to work issues.

R612-2-26. Utilization Review Standards.

A. As used in this subsection:

1. "Payor" means a workers' compensation insurance carrier, a self-insured employer, third-party administrator, uninsured employer or the Uninsured Employers' Fund, which is responsible for payment of the workers' compensation claim.

2. "Health Care Provider" means a provider of medical services, including an individual provider, a health-service plan, a health-care organization, or a preferred-provider organization.

3. "Request for Authorization" means any request by a

physician for assurance that appropriate payment will be made for a course of proposed medical treatment, including surgery or hospitalization, or any diagnostic studies beyond plain X-rays.

4. "Utilization Review," as authorized in Section 34A-2-111, is a process used to manage medical costs, improve patient care, and enhance decision-making. Utilization review includes, but is not limited to, the review of requests for authorization to treat, and the review of bills, for the purpose of determining whether the medical services provided were or would be necessary, to treat the effects of the injury/illness. Utilization review does not include bill review for the purpose of determining whether the medical services rendered were accurately billed. Nor does it include any system, program, or activity in connection with making decisions concerning whether a person has sustained an injury or illness which is compensable under Section 34A-2 or 34A-3.

5. "Reasonable Attempt" is defined as at least two phone calls and a fax, or three phone calls, within five business days from date of the payor's receipt of the physician's request for review.

B. Any utilization review system shall establish an appeals process which utilizes a physician(s) for a final decision by the insurer, should an initial review decision be contested. The payor may establish levels of review that meet the following criteria:

1. Level I--Initial Request and Review. A payor may use medical or non-medical personnel to initially apply medically-based criteria to a request for authorization for payment of a specific treatment. The treating physician must send all the necessary documentation for the payor to make a decision regarding the treatment recommended. The payor must then notify the physician within five business days of the request for authorization of payment for the treatment, by a method which provides certification of transmission of the document, of either an acceptance or a denial of the request. A denial for authorization of payment for a recommended treatment utilizing the Commission's form, Form 223, must be sent to the provider with the criteria used in making the determination to deny payment for the treatment. A copy of the denial must also be mailed to the claimant. Level I--Request and Review does not include authorization requests for services billed from the Restorative section of the Resource-Based Relative Value Scale (RBRVS). Requests for authorization for restorative services are governed by rule R612-2-3(B).

2. Level II--Review. A physician, who has been denied authorization of payment for treatment, or has received no response within five business days from the request for authorization for payment at Level I review, may request a physician's review by sending the completed portion of the Commission form 223 to the payor. Such a request for review may be filed by any physician who has been denied authorization for payment for restorative services beyond the initial eight visits as authorized by Rule R612-2-3(B). The requesting physician must include the times and days that he/she is available to discuss the case with the reviewing physician, and must be reasonably available during normal business hours. The payor's physician representative must complete the review within five business days of the treating physician's request for review. Before the insurer's physician representative may issue a denial of an authorization for payment to treat, a reasonable effort must have made to contact the requesting treating physician to discuss the differing aspects of the case. Failure by the payor to respond within five business days, by a method which provides certification of transmission, to a denial for authorization for payment for treatment, shall constitute an authorization for payment of the treatment. The payor's denial to pay for the recommended treatment must be issued on Commission's form 223, and the denial must be accompanied by the criteria that was used in making the decision to deny

authorization, along with the name and speciality of the reviewing physician. The denial to authorize payment for treatment must then be sent to the physician, the claimant, and the Commission. The payor shall notify the Commission if an additional five days is needed in order to contact the treating physician or to review the case. An additional extension of time may be requested from the Commission to accommodate highly unusual circumstances or particularly difficult cases.

C. Upon receipt of denial of authorization for payment for medical treatment at Level II, the Commission will facilitate, upon the request of the claimant, the final disposition of the case. If the parties agree, the medical dispute may be resolved by the Commission through binding mediation or medical review. If there is not agreement among the parties, the Commission will resolve the dispute through formal adjudication. The payor shall be responsible for sending the claimant the Commission appeals information when the denial for authorization for payment for medical treatment is sent to the claimant.

D. If the medical treatment requested is not an emergency, and treatment is rendered by the physician after, receiving notice of the utilization standards encompassed in this rule, the following shall apply:

1. The Commission shall, if the disputed medical treatment is ultimately determined to be compensable as an expense necessary to treat the industrial injury or occupational disease, order that the physician be reimbursed at only 75% of the of the amount otherwise payable had appropriate authorization been timely obtained. The injured worker shall not be liable for any additional payment to the physician above the 75%.

2. Neither the worker's employer or its workers' compensation insurer shall be liable for any portion of the cost of disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat an industrial injury or occupational disease.

3. A worker may become liable for the cost of the disputed medical treatment, if that treatment is ultimately determined not to be compensable as an expense necessary to treat the industrial injury or occupational disease.

4. Except for any co-pays or deductibles under the worker's health insurance plan, the penalty provision in D(1) and D(3) shall not apply if the physician performs the medical treatment in question, having been preauthorized in writing to do the same by a health insurer or other non-worker's compensation insurance payor.

5. The penalty provisions in D(1) shall not apply to medical treatment rendered in emergency situations, which are defined as a threat to life or limb.

6. The Commission shall notify a physician, in writing, of reported violations of this rule. Repeated violations of this rule by a physician may result in a report from the Commission to the Department of Commerce, Division of Occupational/Professional Licensing.

R612-2-27. Commission Approval of Health Care Treatment Protocol.

A. Authority. Pursuant to authority granted by Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, the Utah Labor Commission establishes the following standards and procedures for Commission approval of medical treatment and quality care guidelines.

B. Standards:

1. Scientifically based: Section 34A-2-111(2)(c)(i)(B)(VII)(Aa) of the Act requires that guidelines be scientifically based. The Commission will consider a guideline to be "scientifically based" when it is supported by medical studies and/or research.

2. Peer reviewed: Section 34A-2-111(2)(c)(i)(B)(VII)(Bb) of the Act requires that guidelines be peer reviewed. The

Commission will consider a guideline to be "peer reviewed" when the medical study's content, methodology, and results have been reviewed and approved prior to publication by an editorial board of qualified experts".

3. Other standards: Pursuant to its rulemaking authority under Section 34A-2-111(2)(c)(i)(B)(VII), the Utah Labor Commission establishes the following additional standards for medical treatment and quality care guidelines.

a. The guidelines must be periodically updated and, subject to Commission discretion, may not be approved for use unless updated in whole or in part at least biannually;

b. Guideline sources must be identified;

c. The guidelines must be reasonably priced;

d. The guidelines must be easily accessible in print and electronic versions.

C. Procedure: Pursuant to Section 34A-2-111(2)(c)(i)(B)(VII) of the Utah Workers' Compensation Act, a party seeking Commission action to approve or disapprove a guideline shall file a petition for such action with the Labor Commission.

R647. Natural Resources; Oil, Gas and Mining; Non-Coal.
R647-1. Minerals Regulatory Program.
R647-1-101. Preamble.

These Rules and all subsequent revisions as approved and promulgated by the Board of Oil, Gas, and Mining (Board) of the State of Utah, are developed pursuant to the requirements of the Utah Mined Land Reclamation Act of 1975, Title 40, Chapter 8 of the Utah Code Annotated as amended (the Act). Section 40-8-2 of the Act states the findings of the Legislature.

In accordance with this legislative direction, these Rules recognize the necessity to balance the reclamation objectives of the Act with the physical, biological and economical constraints which may exist on successful reclamation. The Act and its revisions are hereby expressly incorporated herein by reference and made a part of these Rules.

There is intentional duplication in these rules. For example, the rule on hole plugging requirements is repeated in the section on Exploration, Small Mining Operations, and Large Mining Operations. This repetition is intended to benefit the Operator by putting all the rules relevant to a type of operation in the introductory section and in the section on that type of operation.

R647-1-102. Introduction.

1. Effective Dates, Applicability, Type of Operations Affected:

1.11. Effective November 1, 1988, the following rules apply to all previously exempted mining operations and to mining operations planning to commence, or resume operations within the state of Utah. These rules will not apply to existing mining operations approved prior to the effective date of these rules, or to notices of intention or amendments filed prior to these rules. However, these rules will apply to any revisions to an approved notice of intention filed subsequent to the effective date of these rules.

1.12. Operators should refer to the section of these rules which applies to the type of mining operation (e.g., exploration, small mining operation, or large mining operation) being conducted or proposed.

1.13. These rules apply to all lands within the state of Utah lawfully subject to its police power, regardless of surface or mineral ownership, and regardless of the type of mining operation conducted.

2. Cooperative Agreements/Memoranda of Understanding:

The Division of Oil, Gas and Mining (Division) will cooperate with other state agencies, local governmental bodies, agencies of the federal government, and private interests in the furtherance of the purposes of the Utah Mined Land Reclamation Act. The Division is authorized to enter into cooperative agreements and develop memoranda of understanding with agencies in furtherance of the purposes of the Act. The objective is to minimize the need for operators to undertake duplicative, overlapping, excessive, or conflicting procedures.

3. Operator Responsibilities, Compliance with other Local, State and Federal Laws:

The approval or acceptance of a complete notice of intention shall not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations, including, but not limited to: Utah State Division of Water Rights, the Utah Department of Business Regulation, the Utah State Industrial Commission, the Utah Department of Environmental Quality, the Utah Division of State History, the Division of Forestry, Fire and State Lands, The School and Institutional Trust Lands Administration, the Utah Division of Wildlife Resources, the U. S. Fish and Wildlife Service, the United States Bureau of Land Management, the United States

Forest Service, the United States Environmental Protection Agency, and local county or municipal governments.

4. Division Guidelines, Operator Assistance in Application Preparation:

Each operator who conducts mining operations on any lands within the state of Utah is responsible for compliance with the following rules. The Division shall provide guidelines to aid the operator in complying with the rules.

R647-1-103. General Rules.

The following are general rules for statewide application.

R647-1-104. Violations and Enforcement.

If after notice and hearing, the Board finds that a violation of the Act, these rules, a notice of intention, or a Board or Division order has occurred, the Board may take any enforcement action authorized by law including requiring: compliance, abatement, mitigation, cessation of operations, a civil suit, forfeiture of surety, reclamation, or any other lawful action.

R647-1-105. Forms.

The attached forms are intended for the convenience of the operator and the Division, and may be changed from time to time. The forms are not part of these rules and use of a particular form, though encouraged, is not required, as long as all of the necessary information is provided in a reasonable manner.

R647-1-106. Definitions.

"Act" means the Utah Mined Land Reclamation Act, enacted in 1975, as amended. (Section 40-8-1, et seq., UCA).

A notice of intention for exploration having a disturbed area of five acres or less, or a small mining operation must be determined complete in writing by the Division, but does not require a mining and reclamation plan.

"Board" means the Utah Board of Oil, Gas and Mining. The Board shall hear all appeals of adjudicative proceedings which commenced before the Division as well as all adjudicative proceedings and other proceedings which commence before the Board. The Board may appoint a Hearing Examiner for its hearings in accordance with the Rules of

Practice and Procedure before the Board of Oil, Gas and Mining.

"Deleterious Materials" means earth, waste or introduced materials exposed by mining operations to air, water, weather or microbiological processes, which would likely produce chemical or physical conditions in the soils or water that are detrimental to the biota or hydrologic systems.

"Deposit" or "mineral deposit" means an accumulation of mineral matter in the form of consolidated rock, unconsolidated materials, solutions, or otherwise occurring on the surface, beneath the surface, or in the waters of the land from which any useful product may be produced, extracted or obtained, or which is extracted by underground mining methods for underground storage. "Deposit" or "mineral deposit" excludes sand, gravel, rock aggregate, water, geothermal steam, and oil and gas, but includes oil shale and bituminous sands extracted by mining operations.

"Development" means the work performed in relation to a deposit following its discovery, but prior to and in contemplation of production mining operations. Development includes, but is not limited to, preparing the site for mining operations; further defining the ore deposit by drilling or other means; conducting pilot plant operations; and constructing roads or ancillary facilities.

"Disturbed Area" means the surface land disturbed by mining operations. The disturbed area for small mining operations shall not exceed five acres. The disturbed area for large mining operations shall not exceed the acreage described in the approved notice of intention.

"Division" means the Utah Division of Oil, Gas and Mining. The Division Director or designee is the Presiding Officer for all informal adjudicative proceedings which commence before the Division in accordance with Rule R647-5.

"Exempt Mining Operations" means those mining operations which were previously exempt from the Act because less than 500 tons of material was mined in a period of twelve consecutive months or less than two acres of land was excavated or used as a disposal site in a period of twelve consecutive months. These exemptions were eliminated by statutory amendments in 1986 and are no longer available.

"Exploration" means surface disturbing activities conducted for the purpose of discovering a deposit or mineral deposit, delineating the boundaries of a deposit or mineral deposit, and identifying regions or specific areas in which deposits or mineral deposits are most likely to exist. "Exploration" includes, but is not limited to: sinking shafts; tunneling; drilling holes; digging pits or cuts; building roads and other access ways.

"Gravel" means a naturally occurring unconsolidated to moderately consolidated accumulation of rock and mineral particles, the dominant size range being between 2mm and 10mm, which has been deposited by sedimentary processes.

"Land affected" means the surface and subsurface of an area within the state where mining operations are being or will be conducted, including, but not limited to: (a) on-site private ways, roads, and railroads; (b) land excavations; (c) exploration sites; (d) drill sites or workings; (e) refuse banks or spoil piles; (f) evaporation or settling ponds; (g) stockpiles; (h) leaching dumps; (i) placer areas; (j) tailings ponds or dumps; (k) work, parking, storage, or waste discharge areas, structures, and facilities. Land affected does not include: (x) lands which have been reclaimed in accordance with an approved plan or as otherwise approved by the Board, (y) lands on which mining operations ceased prior to July 1, 1977, or (z) lands on which previously exempt mining operations ceased prior to April 29, 1989.

"Large Mining Operations" means mining operations which have a disturbed area of more than five surface acres at any time.

"License" means a franchise, permit, certification, approval,

registration, charter, or similar form of authorization required by statute.

"Mining operations" means those activities conducted on the surface of the land for the exploration for, development of, or extraction of a mineral deposit, including, but not limited to, surface mining and the surface effects of underground and in situ mining; on-site transportation, concentrating, milling, evaporation, and other primary processing. "Mining operation" does not include: the extraction of sand, gravel, and rock aggregate; the extraction of oil and gas; the extraction of geothermal steam; smelting or refining operations; off-site operations and transportation; reconnaissance activities; or activities which will not cause significant surface resource disturbance and do not involve the use of mechanized earth-moving equipment, such as bulldozers or backhoes.

"Notice of Intention" means a notice of intention to commence mining operations, that provide the complete information required for authorization to conduct mining operations, and includes any amendments or revisions thereto.

"Off-site" means the land areas that are outside of or beyond the on-site land.

"On-site" means the surface lands on or under which surface or underground mining operations are conducted. A series of related properties under the control of a single operator but separated by small parcels of land controlled by others will be considered a single site unless excepted by the Division.

"Operator" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, agent, or other organization or representative of any kind, either public or private, owning, controlling, conducting, or managing a mining operation or proposed mining operation.

"Owner" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, agent, or other organization or representative of any kind, either public or private, owning, controlling, conducting, or managing a mineral deposit or the surface of lands employed in mining operations.

"Party" means the Board, Division or other person commencing an adjudicative proceeding, all respondents, all persons permitted by the Board to intervene in the proceeding, and all persons authorized by statute or agency rule to participate as parties in an adjudicative proceeding.

"Permit" means a notice to conduct mining operations issued by the Division. A notice to conduct mining operations is issued by the Division when either a notice of intention for a small mining operation or exploration is determined to be complete and includes a surety approved by the Division, or a notice of intention for a large mining operation or exploration with a plan of operations and surety approved by the Division.

"Person" means an individual, group of individuals, partnership, corporation, association, political subdivision or its units, governmental subdivision or its units, public or private organization or entity of any character, or another agency.

"Presiding Officer" means an agency head, or an individual or body of individuals designated by the agency head, by the agency's rules, or by statute to conduct an adjudicative proceeding. For the purpose of these rules, the Board, or its appointed Hearing Examiner, shall be considered the Presiding Officer of all appeals of informal adjudicative proceedings which commenced before the Division as well as all adjudicative proceedings which commence before the Board. The Division Director or his/her designee shall be considered a Presiding Officer for all informal adjudicative proceedings which commence before the Division in accordance with this Rule R647-5. If fairness to the parties is not compromised, an agency may substitute one Presiding Officer for another during any proceeding.

"Reclamation" means actions performed during or after

mining operations to shape, stabilize, revegetate, or otherwise treat the land affected in order to achieve a safe and ecologically stable condition and use which will be consistent with local environmental conditions and land management practices.

"Regrade or Grade" means to physically alter the topography of any land surface.

"Respondent" means any person against whom an adjudicative proceeding is initiated, whether by an agency or any other person.

"Revision" means a change to an approved Notice of Intention to Conduct Mining Operations, which will increase or decrease the amount of land affected, or alter the location and type of on-site surface facilities, such that the nature of the reclamation plan will differ substantially from that in the approved Notice of Intention.

"Rock Aggregate" means those consolidated rock materials associated with a sand deposit, a gravel deposit, or a sand and gravel deposit, that were created by alluvial sedimentary processes. The definition of rock aggregate specifically excludes any solid rock in the form of bedrock which is exposed at the surface of the earth or overlain by unconsolidated material.

"Sand" means a naturally occurring unconsolidated to moderately consolidated accumulation of rock and mineral particles, the dominant size range being between 1/16mm to 2mm, which has been deposited by sedimentary processes.

"Small Mining Operations" means mining operations which have a disturbed area of five or less surface acres at any time.

"Surface Mining" means mining conducted on the surface of the land including open pit, strip, or auger mining; dredging; quarrying; leaching; surface evaporation operations; reworking abandoned dumps and tailings and activities related thereto.

R647-2-101. Filing Requirements and Review Procedures.

1. Prior to the commencement of exploration, a Notice of Intention to Conduct Exploration (FORM MR-EXP) containing all the required information must be filed with and determined complete by the Division and the Division shall have approved the form and amount of reclamation surety. It is recommended that the notice of intention be filed with the Division at least 30 days prior to the planned commencement of exploration.

2. Within 15 days after receipt of a Notice of Intention to Conduct Exploration (FORM MR-EXP), the Division will review the proposal and notify the operator in writing that the notice of intention is:

2.11. Complete and all required information has been submitted; or

2.12. Incomplete, and additional information as identified by the Division will be required.

The Division will review and respond to any subsequent filings of information within 10 working days of receipt.

3. If more than five acres of disturbance are planned, a detailed exploration development and reclamation plan must be included in the notice of intention and approved by the Division.

4. The Division will review and approve or disapprove:

4.11. The form and amount of reclamation surety, and;

4.12. Any variances requested under R647-2-107, 108, or 109, regardless of the number of surface acres of disturbance planned.

5. Developmental drilling conducted within an already approved disturbed area with approved surety does not require submittal of a Notice of Intention to Conduct Exploration (FORM MR-EXP).

6. A permittee's retention of a notice of intention shall require the paying of permit fees as authorized by the Utah Legislature. The procedures for paying the permit fees are as follows:

6.11. The Division shall notify the operators of record annually of the amount of permit fees authorized by the Utah Legislature for Exploration.

6.12. Fees are due beginning July 31, 1998 and thereafter annually, by the last Friday of July as authorized by the Utah Legislature.

6.13. A permittee may avoid payment of the fee by complying with the following requirements:

6.13.11. A permittee will notify the Division of a desire to close out a notice of intention by checking the appropriate box of the permit fees billing form.

6.13.12. The permittee will then arrange with the Division for an onsite inspection of the site to assure that all required reclamation has been performed. If an inspection reveals that an area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the onsite inspection to pay the fee.

R647-2-102. Duration of the Notice of Intention.

1. A Notice of Intention to Conduct Exploration that has been determined complete or, for operations of more than 5 acres has been approved, shall be valid until November 30th of the year following the year of submittal. All exploration and reclamation activities should be completed within this time frame. An operator desiring to extend the duration of a notice of intention, must notify the Division in writing, prior to expiration of the notice of intention, specifying the reasons an extension is required, and the anticipated length of time required to complete exploration and reclamation.

2. The Division will review and approve the extension and adjust if necessary, the amount of reclamation surety.

3. Authorization to operate under a Notice of Intention to Conduct Exploration may be withdrawn in the event of failure

by the operator to pay permit fees required by R647-2-101.6, or to maintain and update reclamation surety as required, after notice and opportunity for Board hearing.

R647-2-103. Notice of Intention to Conduct Exploration.

R647-2-107. Operation Practices.

The operator shall conform to the following practices while conducting exploration unless the Division grants a variance in

writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare during operations. Methods to minimize hazards shall include but not be limited to:

1.11. The closing or guarding of shafts and tunnels to prevent unauthorized or accidental entry in accordance with MSHA regulations;

1.12. The disposal of trash, scrap metal and wood, and extraneous debris;

1.13. The plugging or capping of drill, core, or other exploratory holes as set forth in Rule R647-2-108;

1.14. The posting of appropriate warning signs in locations where public access to operations is readily available;

1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.

2. Drainages - If natural channels are to be affected by exploration, then the operator shall take appropriate measures to avoid or minimize environmental damage.

3. Erosion Control - Operations shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.

4. Deleterious Materials - All deleterious or potentially deleterious material, shall be safely removed from the site or kept in an isolated condition such that adverse environmental effects are eliminated or controlled.

5. Soils - Suitable soil material shall be removed and stored in a stable condition where practical so as to be available for reclamation.

6. Concurrent Reclamation - During operations, disturbed areas shall be reclaimed when no longer needed, except to the extent necessary to preserve evidence of mineralization for proof of discovery. Areas which have been disturbed but are not routinely or currently utilized shall be kept in a safe, environmentally stable condition.

R647-2-108. Hole Plugging Requirements.

Drill holes shall be properly plugged as soon as practical and not be left unplugged for more than 30 days without approval of the Division. The procedures outlined below are required for the surface and subsurface plugging of drill holes. The Division may approve an alternate plan, if the operator can prove to the satisfaction of the Division that another method will provide adequate protection to the groundwater resources and long term stability of the land. Dry holes and nonartesian holes which do not produce significant amounts of water may be temporarily plugged with a surface cap to permit the operator to re-enter the hole for the duration of operations.

1. Surface plugging of drill holes shall be accomplished by:

1.11. Setting a nonmetallic permaplug at a minimum of five (5) feet below the surface, or returning the cuttings to the hole and tamping the returned cuttings to within five (5) feet of ground level. The hole above the permaplug or tamped cuttings will be filled with a cement plug. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing.

1.12. If the area is tilled farmland, a five (5) foot cement plug must be placed above a permaplug or tamped cuttings so that the top of the cement plug is a minimum of three (3) feet below the ground surface. The hole above the cement plug is to be filled with soil. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing. The top of the casing and cap must be a minimum of three (3) feet below the ground surface.

2. Drill holes that encounter water, oil, gas or other

potential migratory substances and are 2-1/2 inches or greater in surface diameter shall be plugged in the subsurface to prevent the migration of fluid from one strata to another. If water is encountered, plugging shall be accomplished as outlined below:

2.11. If artesian flow (i.e., water flowing to the surface from the hole) is encountered during or upon cessation of drilling, a cement plug shall be placed to prevent water from flowing between geologic formations and at the surface. The cement mix should consist of API Class A or H cement with additives as needed. It should weigh at least 13.5 lbs./gal., and be placed under the supervision of a person qualified in proper drill hole cementing of artesian flow. Artesian bore holes must be plugged in the described manner, prior to removal of the drilling equipment from the well site. If the surface owner of the land affected desires to convert an artesian drill hole to a water well, the owner must notify the Division in writing accepting responsibility for the ultimate plugging of the drill hole.

2.12. Holes that encounter significant amounts of nonartesian water shall be plugged by:

2.12.111 Placing a 50 foot cement plug immediately above and below the aquifer(s); or

2.12.112 Filling from the bottom up (through the drill stem) with a high grade bentonite/water slurry mixture. The slurry shall have a Marsh funnel viscosity of at least 50 seconds per quart prior to the adding of any cuttings.

R647-2-109. Reclamation Practices.

The operator shall conform to the following practices while conducting reclamation unless the Division grants a variance in writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare following completion of operations. Methods to minimize hazards shall include but not be limited to:

1.11. The permanent sealing of shafts and tunnels;

1.12. Appropriate disposal of trash, scrap metal and wood, buildings, extraneous debris, and other materials incident to mining;

1.13. The plugging of drill, core, or other exploratory holes as set forth in Rule R647-2-108;

1.14. The posting of appropriate warning signs in locations where public access to operations is readily available;

1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.

2. Drainages - If natural channels have been affected by exploration, then reclamation must be performed such that the channels will be left in a stable condition with respect to actual and reasonably expected water flow so as to avoid or minimize future damage to the hydrologic system.

3. Erosion Control - Reclamation shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.

4. Deleterious Materials - All deleterious or potentially deleterious material shall be safely removed from the site or left in an isolated or neutralized condition such that adverse environmental effects are eliminated or controlled.

5. Land Use - The operator shall leave the on-site area in a condition which is capable of supporting the postmining land use.

6. Slopes - Waste piles, spoil piles and fills shall be regraded to a stable configuration and shall be sloped to minimize safety hazards and erosion while providing for successful revegetation.

7. Highwalls - In surface mining and in open cuts for pads or roadways, highwalls shall be reclaimed and stabilized by

backfilling against them or by cutting the wall back to achieve a slope angle of 45 degrees or less.

8. Roads and Pads - On-site roads and pads shall be reclaimed when they are no longer needed for operations. When a road or pad is to be turned over to the property owner or managing agency for continuing use, the operator shall turn over the property with adequate surface drainage structures and in a condition suitable for continued use.

9. Dams and Impoundments - Water impounding structures shall be reclaimed so as to be self-draining and mechanically stable unless shown to have sound hydrologic design and to be beneficial to the postmining land use.

10. Trenches and Pits - Trenches and small pits shall be reclaimed.

11. Structures and Equipment - Structures, rail lines, utility connections, equipment, and debris shall be buried or removed.

12. Topsoil Redistribution - After final grading, soil materials shall be redistributed on a stable surface so as to minimize erosion, prevent undue compaction and promote revegetation.

13. Revegetation - The species seeded shall include adaptable perennial species that will grow on the site, provide basic soil and watershed protection, and support the postmining land use.

Revegetation shall be considered accomplished when:

13.11. The revegetation has achieved 70 percent of the premining vegetative ground cover. If the premining vegetative ground cover is unknown, the ground cover of an adjacent undisturbed area that is representative of the premining ground cover will be used as a standard. Also, the vegetation has survived three growing seasons following the last seeding, fertilization or irrigation, unless such practices are to continue as part of the postmining land use; or

13.12. The Division determines that the revegetation work has been satisfactorily completed within practical limits; where reseeding has occurred and the vegetation has survived one growing season, the reseeded area shall not be included for purposes of determining whether future exploration or mining operations involve a disturbed area of five acres or less.

R647-2-110. Variance.

1. The operator may request a variance from Rule R647-2-107, 108, or 109, by submitting the following information, which shall be considered by the Division on a site-specific basis:

- 1.11. The rule(s) as to which a variance is requested;
 - 1.12. The variance requested and description of the area that would be affected by the variance;
 - 1.13. Justification for the variance;
 - 1.14. Alternate methods or measures to be utilized.
2. A variance shall be granted if the alternative method or measure proposed will be consistent with the Act.
3. Any variance must be specifically approved by the Division in writing.

R647-2-111. Surety.

1. After receiving notification that the notice of intention is approved or complete, but prior to commencement of operations, the operator must post a reclamation surety with the Division.

1.11. Failure to furnish and maintain reclamation surety may, after notice and opportunity for a Board hearing, result in a withdrawal of the notice of intention as provided for in Section 40-8-16.

2. The Division will not require a separate surety where a reclamation surety in a form and amount acceptable to the Division is held by other governmental entities, provided that the cost estimate is accurate and the Division is named as co-beneficiary. Cooperative Agreements may be developed and

entered into according to Section 40-8-22.

3. As part of the review of the notice of intention, the Division shall determine the required surety amount based on:

3.11. Site-specific calculations or estimates by the Division reflecting the cost the Division or a third party would incur to reclaim the site;

3.12. Site-specific calculations or estimates by the operator reflecting the cost the Division or a third party would incur to reclaim the site, if accurate and verifiable by the Division; or

3.13. The average dollars per acre costs for reclamation for similar operations, as determined by the Division, based upon approved surety amounts for current large mining operations.

3.14. In determining or verifying the amount of surety under Sections 3.11 or 3.12, the Division shall use cost data from current sureties for large mining operations, adjusted as necessary to reflect the nature and scope of operations and reclamation under the notice of intention.

4. The operator shall submit a completed Reclamation Contract (FORM MR-RC) with the required surety. The form and amount of the reclamation surety must be approved by the Division. Acceptable forms may include:

4.11. A corporate surety bond from a surety company that is licensed to do business in Utah, that is listed in "A.M. Best's Key Rating Guide" at a rating of A- or better or a Financial Performance Rating (FPR) of 8 or better, according to the "A.M. Best's Guide". All surety companies also will be continuously listed in the current issue of the U.S. Department of the Treasury Circular 570. Operators who do not have a surety bond with a company that meets the standards of subsection 4.11 will have 120 days from the date of Division notification after enactment of the changes to subsection 4.11 to achieve compliance or face enforcement action. When the Division in the course of examining surety bonds, notifies an operator that a surety company guaranteeing its performance does not meet the standards of subsection 4.11., the operator has 120 days after notice from the Division by mail to correct the deficiency, or face enforcement action;

4.12. Federally-insured certificate of deposit payable to the State of Utah, Division of Oil, Gas and Mining;

4.13. Cash;

4.14. An irrevocable letter of credit issued by a bank organized to do business in the United States;

4.15. Escrow accounts; and

4.16. The Board may accept a written self-bonding agreement in the case of operators showing sufficient financial strength.

5. Surety shall be required until such time as reclamation is deemed complete by the Division. The Division shall promptly conduct an inspection when notified by the operator that reclamation is complete. The full release of surety shall be evidence that the operator has reclaimed as required by the Act.

5.11. A partial release of surety can be made by the Division if it determines that a substantial phase or segment of reclamation such as demolition, backfilling or regrading has been successfully performed and the residual amount of retained surety is determined to be adequate to insure completion of reclamation.

R647-2-112. Failure to Reclaim.

If the operator fails or refuses to conduct reclamation as outlined in the complete notice of intention, and comply with the requirements of R647-2-107, R647-2-108, or R647-2-109 the Board may, after notice and hearing, order that:

1. Reclamation be conducted by the Division,
2. The costs and expenses of reclamation, together with costs of collection including attorney's fees, be recovered in a civil action brought by the attorney general against the operator in any appropriate court; and
3. Any surety filed for this purpose be forfeited. With

respect to the surety filed with the Division, the Board shall request the Attorney General to take the necessary legal action to enforce and collect the amount of liability. Where a reclamation surety has been filed with other governmental agencies, the Board shall notify such agency of the hearing findings and seek forfeiture concurrence as necessary.

3.11. The forfeited surety shall be used only for the reclamation of land to which it relates, and any residual amount returned.

R647-2-113. Confidential Information.

Information provided in the notice of intention and in the Mineral Exploration Progress Report (FORM MR-EPR) that relates to the location, size, and nature of the mineral deposit, shall be protected as confidential information by the Board and the Division. The information will not be a matter of public record until a written release is received from the operator.

R647-2-114. Revised Notice.

1. Minor additions or changes in the location of exploration operations do not require the submittal of a revised notice of intention. A new or revised Notice of Intention to Conduct Exploration (FORM MR-EXP) letter must be submitted when:

1.1. The proposed additions or changes will occur outside the originally designated legal subdivision; or

1.2. For exploration operations under 5 acres the proposed additions will cause the total unreclaimed surface disturbance to increase by more than 1 acre or exceed 5 acres; or

1.3. For exploration operations over 5 acres, the proposed additions or changes will cause an increase in the area of disturbance previously approved.

2. In the event the Division or the operator determine at the time a revision is submitted that the amount of the current surety does not accurately reflect the potential cost to complete reclamation at any particular point in time during the revised exploration operations, the Division may undertake a recalculation of the surety amount as provided in R647-2-111.3. If the recalculated amount is greater than the amount of the existing surety, the revised operations may not be implemented until a revised surety is filed with the Division.

R647-2-115. Reports.

On or before December 31st of the year of filing of a Notice of Intention to Conduct Exploration (FORM MR-EXP) the operator must submit a Mineral Exploration Progress Report (FORM MR-EPR), which describes any unusual drilling conditions, water encountered, hole plugging measures, and reclamation activities conducted.

R647-2-116. Practices and Procedures; Appeals.

The Administrative Procedures, as outlined in R647-5, shall be applicable to minerals regulatory proceedings.

KEY: minerals reclamation

February 23, 2006

Notice of Continuation June 2, 2008

40-8-1 et seq.

R647. Natural Resources; Oil, Gas and Mining; Non-Coal.

R647-3. Small Mining Operations.

R647-3-101. Filing Requirements and Review Procedures.

1. Prior to commencement of operations, a Notice of Intention to Commence Small Mining Operations (FORM MR-SMO) containing all the required information must be filed with and determined complete by the Division and the Division shall have approved the form and amount of reclamation surety. It is recommended that the notice of intention be filed with the Division at least thirty (30) days prior to the planned commencement of operations.

2. Within 15 days after receipt of a Notice of Intention, the Division will review the proposal and notify the operator in writing;

2.11. That the notice of intention is complete and all required information has been submitted; or,

2.12. That the notice of intention is incomplete, and additional information as identified by the Division will be required.

2.12.111. The Division will review and respond to any subsequent filings of information within 10 working days of receipt.

3. The Division will review and approve or disapprove:

3.11. The form and amount of reclamation surety (R647-3-111), and

3.12. All variances requested from Rules R647-3-107, 108, and 109, regardless of the number of surface acres of disturbance planned.

4. The operator must notify the Division no later than 30 days after beginning small mining operations.

5. A permittee's authorization under a notice of intention to conduct small mining operations shall require the paying of permit fees as authorized by the Utah Legislature. The procedures for paying the permit fees are as follows:

5.11. The Division shall notify the operators of record annually of the amount of permit fees authorized by the Utah Legislature for

5.11.11. Small Mining Operations (less than 5 disturbed acres)

5.12. Fees are due beginning July 31, 1998 and thereafter annually, by the last Friday of July as authorized by the Utah Legislature.

6. A permittee may avoid payment of the fee by complying with the following requirements:

6.11. A permittee will notify the Division of a desire to close out a notice of intention by checking the appropriate box of the permit fees billing form.

6.12. The permittee will then arrange with the Division for an onsite inspection of the site to assure that all required reclamation has been performed. If an inspection reveals that an area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the onsite inspection to pay the fee.

R647-3-102. Duration of the Notice of Intention.

The notice of intention, including any subsequent amendments or revisions, shall remain in effect for the life of the small mining operation. However, the notice of intention may be withdrawn, after notice and opportunity for Board hearing, in the event of failure by the operator to pay permit fees required by R647-3-101 or to maintain and update adequate reclamation surety as required in R647-3-111.

R647-3-103. Notice of Intention to Commence Small Mining Operations.

R647-3-105. Project Location and Map.

The notice of intention shall include a location map and an operations map. Each map shall be plotted at a scale to accurately identify locational landmarks and operations details.

1. The general location map shall be the scale of a USGS 7.5 minute series map or equivalent (1"=2000') and identify new or existing access roads.

2. The operations map (1"=200' or other scale as determined necessary by the Division) shall identify:

2.11. The area to be disturbed;

2.12. The location of any existing or proposed operations including access roads, drill holes, trenches, pits, shafts, cuts, or other planned exploration activities; and

2.13. Any adjacent previous disturbance for which the operator is not responsible.

R647-3-106. Operation Plan.

4. The amount of material (including mineral deposit, topsoil, subsoil, overburden, waste rock, or core hole material) to be extracted, moved, or proposed to be moved, relating to the mining operation.

R647-3-107. Operation Practices.

During operations, the operator shall conform to the following practices unless the Division grants a variance in writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare during operations. Methods to minimize hazards shall include but not be limited to:

1.11. The closing or guarding of shafts and tunnels to prevent unauthorized or accidental entry in accordance with MSHA regulations;

1.13. The plugging or capping of drill, core, or other exploratory holes as set forth in Rule R647-3-108.;

1.14. The posting of appropriate warning signs in

locations where public access to operations is readily available;

1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.

2. Drainages - If natural channels are to be affected by the mining operation, then the operator shall take appropriate measures to avoid or minimize environmental damage.

3. Erosion Control - Operations shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.

4. Deleterious Materials - All deleterious or potentially deleterious material shall be safely removed from the site or left in an isolated or neutralized condition such that adverse environmental effects are eliminated or controlled.

5. Soils - Suitable soil material shall be removed and stored in a stable condition where practical so as to be available for reclamation.

6. Concurrent Reclamation - During operations, disturbed areas shall be reclaimed when no longer needed, except to the extent necessary to preserve evidence of mineralization for proof of discovery. Areas which have been disturbed but are not routinely or currently utilized shall be kept in a safe, environmentally stable condition.

R647-3-108. Hole Plugging Requirements.

Drill holes shall be properly plugged as soon as practical and shall not be left unplugged for more than 30 days without approval of the Division. The procedures outlined below are required for the surface and subsurface plugging of drill holes. The Division may approve an alternate plan, if the operator can prove to the satisfaction of the Division that another method will provide adequate protection to the groundwater resources and long term stability of the land. Dry holes and nonartesian holes which do not produce significant amounts of water may be temporarily plugged with a surface cap to permit the operator to re-enter the hole for the duration of the operations.

1. Surface plugging of drill holes shall be accomplished by:

1.11. Setting a nonmetallic permaplug at a minimum of five (5) feet below the surface, or returning the cuttings to the hole and tamping the returned cuttings to within five (5) feet of ground level. The hole above the permaplug or tamped cuttings will be filled with a cement plug. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing.

1.12. If the area is tilled farmland, a five (5) foot cement plug must be placed above a permaplug or tamped cuttings so that the top of the cement plug is a minimum of three (3) feet below the ground surface. The hole above the cement plug is to be filled with soil. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing. The top of the casing and cap must be a minimum of three (3) feet below the ground surface.

2. Drill holes that encounter water, oil, gas or other potential migratory substances and are 2-1/2 inches or greater in surface diameter shall be plugged in the subsurface to prevent the migration of fluid from one strata to another. If water is encountered, plugging shall be accomplished as outlined below:

2.11. If artesian flow (i.e., water flowing to the surface from the hole) is encountered during or upon cessation of drilling, a cement plug shall be placed to prevent water from flowing between geologic formations and at the surface. The cement mix should consist of API Class A or H cement with additives as needed. It should weigh at least 13.5 lbs./gal., and be placed under the supervision of a person qualified in proper drill hole cementing of artesian flow. Artesian bore holes must

be plugged in the described manner, prior to removal of the drilling equipment from the well site. If the surface owner of the land affected desires to convert an artesian drill hole to a water well, he must notify the Division in writing that he accepts responsibility for the ultimate plugging of the drill hole.

2.12. Holes that encounter significant amounts of nonartesian water shall be plugged by:

2.12.111. Placing a 50 foot cement plug immediately above and below the aquifer(s); or

2.12.112. Filling from the bottom up (through the drill stem) with a high grade bentonite/water slurry mixture. The slurry shall have a Marsh funnel viscosity of at least 50 seconds per quart prior to the adding of any cuttings.

R647-3-109. Reclamation Practices.

During reclamation, the operator shall conform to the following practices unless the Division grants a variance in writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare following completion of operations. Methods to minimize hazards shall include but not be limited to:

1.11. The permanent sealing of shafts and tunnels;

1.12. The disposal of trash, scrap metal and wood, buildings, extraneous debris, and other materials incident to mining;

1.13. The plugging of drill, core, or other exploratory holes as set forth in Rule R647-3-108;

1.14. The posting of appropriate warning signs in locations where public access to operations is readily available;

1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.

2. Drainages - If natural channels have been affected by mining operations, then reclamation must be performed such that the channels will be left in a stable condition with respect to actual and reasonably expected water flow so as to avoid or minimize future damage to the hydrologic system.

3. Erosion Control - Reclamation shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.

4. Deleterious Materials - All deleterious or potentially deleterious material shall be safely removed from the site or left in an isolated or neutralized condition such that adverse environmental effects are eliminated or controlled.

5. Land Use - The operator shall leave the on-site area in a condition which is capable of supporting the postmining land use.

6. Slopes - Waste piles, spoil piles and fills shall be regraded to a stable configuration and shall be sloped to minimize safety hazards and erosion while providing for successful revegetation.

7. Highwalls - In surface mining and in open cuts for pads or roadways, highwalls shall be reclaimed and stabilized by backfilling against them or by cutting the wall back to achieve a slope angle of 45 degrees or less.

8. Roads and Pads - On-site roads and pads shall be reclaimed when they are no longer needed for operations. When a road or pad is to be turned over to the property owner or managing agency for continuing use, the operator shall turn over the property with adequate surface drainage structures and in a condition suitable for continued use.

9. Dams and Impoundments - Water impounding structures shall be reclaimed so as to be self-draining and mechanically stable unless shown to have sound hydrologic design and to be beneficial to the postmining land use.

10. Trenches and Pits - Trenches and small pits shall be

reclaimed.

11. Structures and Equipment - Structures, rail lines, utility connections, equipment, and debris shall be buried or removed.

12. Topsoil Redistribution - After final grading, soil materials shall be redistributed on a stable surface, so as to minimize erosion, prevent undue compaction and promote revegetation.

13. Revegetation - The species seeded shall include adaptable perennial species that will grow on the site, provide basic soil and watershed protection, and support the postmining land use.

Revegetation shall be considered accomplished when:

13.11. The revegetation has achieved 70 percent of the premining vegetative ground cover. If the premining vegetative ground cover of the disturbed area is unknown, then the ground cover of an adjacent undisturbed area that is representative of the premining conditions will be used as a standard. Also, the vegetation has survived three growing seasons following the last seeding, fertilization or irrigation, unless such practices are to continue as part of the postmining land use; or

13.12. The Division determines that the revegetation work has been satisfactorily completed within practical limits.

14. Where reseeding has occurred and the vegetation has survived one growing season, the reseeded area shall not be included for purposes of determining whether a mining operation is a small mining operation.

R647-3-110. Variance.

1. The operator may request a variance from Rule R647-3-107, 108, or 109 by submitting the following information which shall be considered by the Division on a site-specific basis:

1.11. The rule(s) as to where a variance is requested;

1.12. The variance requested and a description of the area that would be affected by the variance;

1.13. Justification for the variance;

1.14. Alternate methods or measures to be utilized.

2. A variance shall be granted if the alternative method or measure proposed will be consistent with the Act.

3. Any variance must be specifically approved by the Division in writing.

R647-3-111. Surety.

1. After receiving notification that the notice of intention is complete, but prior to commencement of operations, the operator must post a reclamation surety with the Division.

1.11. Failure to furnish and maintain reclamation surety may, after notice and opportunity for Board hearing, result in a withdrawal of the notice of intention as provided for in Section 40-8-16.

2. The Division will not require a separate surety where a reclamation surety in a form and amount acceptable to the Division is held by other governmental entities, provided that the cost estimate is accurate and the Division is named as co-beneficiary. Cooperative Agreements may be developed and entered into according to Section 40-8-22.

3. As part of the review of the notice of intention, the Division shall determine the required surety amount based on:

3.11. Site-specific calculations or estimates by the Division reflecting the cost the Division or a third party would incur to reclaim the site;

3.12. Site-specific calculations or estimates by the operator reflecting the cost the Division or a third party would incur to reclaim the site, if accurate and verifiable by the Division; or

3.13. The average dollars per acre costs for reclamation of similar operations, as determined by the Division, based upon approved surety amounts for current large mining operations.

3.14. In determining or verifying the amount of surety under Section 3.11 or 3.12, the Division shall use cost data from current sureties for large mining operations, adjusted as

necessary to reflect the nature and scope of operations and reclamation under the notice of intention.

4. The operator shall submit a completed Reclamation Contract (FORM MR-RC) with the required surety. The form and amount of the surety must be approved by the Division, except as provided in subpart 4.16. Acceptable forms may include:

4.11. A corporate surety bond from a surety company that is licensed to do business in Utah, that is listed in "A.M. Best's Key Rating Guide" at a rating of A- or better or a Financial Performance Rating (FPR) of 8 or better, according to the "A.M. Best's Guide". All surety companies also will be continuously listed in the current issue of the U.S. Department of the Treasury Circular 570. Operators who do not have a surety bond with a company that meets the standards of subsection 4.11 will have 120 days from the date of Division notification after enactment of the changes to subsection 4.11 to achieve compliance or face enforcement action. When the Division in the course of examining surety bonds, notifies an operator that a surety company guaranteeing its performance does not meet the standards of subsection 4.11, the operator has 120 days after notice from the Division by mail to correct the deficiency, or face enforcement action;

4.12. Federally-insured certificate of deposit payable to the State of Utah, Division of Oil, Gas and Mining;

4.13. Cash;

4.14. An irrevocable letter of credit issued by a bank organized to do business in the United States;

4.15. Escrow accounts; and

4.16. The Board may approve a written self-bonding agreement in the case of operators showing sufficient financial strength.

5. Surety shall be required until such time as the Division deems reclamation complete. The Division will promptly conduct an inspection when notified by the operator that reclamation is complete. The full release of surety shall be evidence that the operator has reclaimed as required by the Act.

5.11. A partial release of surety can be made by the Division if it determines that a substantial phase or segment of reclamation such as demolition, backfilling, regrading, or vegetation establishment has been successfully performed and the residual amount of retained surety is determined adequate to insure completion.

6. The amount of reclamation surety may be adjusted:

6.11. As required by a revision in the Notice of Intention under R647-3-115;

6.12. As a result of a periodic review by the Division conducted no more frequently than at 3 year intervals unless agreed to by the operator, which shall take into account inflation/deflation based upon an acceptable Costs Index; or

6.13. At the request of the operator.

7. Notwithstanding any other provision of these rules, for operations where the surety is in the form of a Board-approved agreement under Section 40-8-14(3), the Board shall retain the sole authority over the release, partial release, revision or adjustment of the surety amount, if any, which shall be in accordance with the agreement and the Act.

R647-3-112. Failure to Reclaim.

If the operator of a small mining operation fails or refuses to conduct reclamation as required by the complete notice of intention, and fails or refuses to comply with R647-3-107, R647-3-108, or R647-3-109, the Board may, after notice and hearing, order that:

1. Reclamation be conducted by the Division; and

2. The costs and expenses of reclamation, together with costs of collection including attorney's fees, be recovered in a civil action brought by the attorney general against the operator in any appropriate court; and

3. Any surety filed for this purpose be forfeited. With respect to the surety filed with the Division, the Board shall request the Attorney General to take the necessary legal action to enforce and collect the amount of liability. Where reclamation surety has been filed with another governmental agency, the Board shall notify such agency of the hearing findings, and seek forfeiture concurrence as necessary.

3.11. The forfeited surety shall be used only for the reclamation of the land to which it relates, and any residual amount returned.

R647-3-113. Suspension or Termination of Operations.

1. All mine operations are required to be maintained in a safe, clean, and environmentally stable condition. Active and inactive operations must continue to submit annual reports unless waived in writing by the Division.

2. The operator need not notify the Division of the temporary suspension of small mining operations.

3. In the case of a termination or a suspension of mining operations that has exceeded, or is expected to exceed two (2) years, the operator shall, upon request, furnish the Division with such data as it may require to evaluate the status of the small mining operation, the status of compliance with these rules, and the probable future status of the land affected. Upon review of such data, the Division will take such action as may be appropriate. The Division may grant an extended suspension period if warranted.

4. The operator shall give the Division prompt written notice of a termination or suspension of small mining operations expected to exceed five (5) years. Upon receipt of notification the Division shall, within 30 days, make an inspection of the property.

5. Small mining operations that have been approved for an extended suspension period will be reevaluated on a regular basis. Additional interim reclamation or stabilization measures may be required in order for a small mining operation to remain in a continued state of suspension. Reclamation of a small mining operation may be required after five (5) years of continued suspension. The Division will require complete reclamation of the mine site when the suspension period exceeds 10 years, unless the operator appeals to the Board prior to the expiration of the 10-year period and shows good cause for a longer suspension period.

R647-3-114. Mine Enlargement.

Before enlarging a small mining operation beyond five (5) acres of surface disturbance, the operator must file a Notice of Intention to Commence Large Mining Operations (FORM MR-LMO) and receive Division approval.

R647-3-115. Revisions.

1. Small mining operators are required to submit a revision to the complete notice of intention when a significant change(s) in the small mining operation occurs. A revision can be made by submitting a revised FORM MR-SMO (or similar form) and indicating the portion(s) of the operation which is being revised.

2. Division approval of a revision of small mining operations is not required but the operational change may not be implemented until the Division determines that the revised NOI is complete.

3. In the event the Division or the operator determine at the time a revision is submitted that the amount of the current surety does not accurately reflect the potential cost to complete reclamation at any point in time during the revised small mining operations, the Division may undertake a recalculation of the surety amount as provided in R647-3-111.3. If the recalculated amount is greater than the amount of the existing surety, the revised operations may not be implemented until a revised surety is approved by the Division.

R647-3-116. Transfer of a Notice of Intention.

If an operator wishes to transfer a small mining operation to another party, an application form entitled, Transfer of Notice of Intention - Small Mining Operations (FORM MR-TRS) must be completed and filed with the Division. The new mine operator must post adequate reclamation surety and assume full responsibility for all disturbances of the permitted operation. The form and amount of surety must be approved by the Division for the transfer to be complete.

R647-3-117. Reports.

1. On or before January 31 of each year, unless waived in writing by the Division, each operator conducting small mining operations must file an operations and progress report (FORM MR-AR) describing its operations during the preceding calendar year, including:

1.11. The location of the operation and the number and date of the applicable Notice of Intention;

1.12. The gross amounts of ore and waste materials moved during the year, as well as the disposition of such materials;

1.13. New surface disturbances created during the year;

1.14. The reclamation work performed during the year.

2. The operator shall keep and maintain timely records relating to his performance under the Act and still make these records available to the Division upon request.

R647-3-118. Practices and Procedures; Appeals.

The Administrative Procedures, as outlined in the R647-5 Rules, shall be applicable to minerals regulatory proceedings.

R647-3-119. Confidential Information.

Information provided in the notice of intention relating to the location, size, and nature of the mineral deposit, and marked confidential by the operator, shall be protected as confidential information by the Board and the Division. The information will not be a matter of public record until a written release is received from the operator, or until the notice of intention is terminated.

R647-4. Large Mining Operations.**

R647-4-101. Filing Requirements and Review Procedures.

Prior to commencement of operations, a Notice of Intention to Commence Large Mining Operations (FORM MR-LMO) containing all the required information must be filed with and approved by the Division and the Division shall have approved the form and amount of reclamation surety.

1. Within 30 days after receipt of a Notice of Intention, or within 30 days after receipt of any subsequent submittal, the Division will complete its review and notify the operator in writing:

1.11. That the notice of intention is complete; or

1.12. That the notice of intention is incomplete, and that additional information as identified by the Division will be required.

2. Within 30 days after receipt of the notice of intention or within 30 days following the last action of the operator or Division on the notice of intention, the Division shall reach a tentative decision with respect to the approval or denial of the notice of intention.

Notice of the tentative decision will then be published in accordance with Rule R647-4-116.

3. Division approval of the notice of intention and execution of the Reclamation Contract (FORM MR-RC) by the operator shall bind the Division and the operator in accordance with the Act and implementing regulations; and, shall enable the operator to conduct mining and reclamation activities in accordance therewith.

4. The operator must notify the Division within 30 days of beginning mining operations.

5. A permittee's retention of an approved notice of intention shall require the paying of permit fees as authorized by the Utah Legislature. The procedures for paying the permit fees are as follows:

5.11. The Division shall notify the operators of record annually of the amount of permit fees authorized by the Utah Legislature for the following notices of intention.

5.11.11. Large Mining Operations (less than 50 acres) (fees calculated on the disturbed acreage permitted/bonded).

5.11.12. Large Mining Operations (greater than 50 acres) (fees calculated on the disturbed acreage permitted/bonded).

5.12. Fees are due beginning July 31, 1998 and thereafter annually, by the last Friday of July as authorized by the Utah Legislature.

5.13. A permittee may avoid payment of the fee by complying with the following requirements:

5.13.11. A permittee will notify the Division of a desire to close out a notice of intention by checking the appropriate box of the permit fees billing form.

5.13.12. The permittee will then arrange with the Division for an onsite inspection of the site to assure that all required reclamation has been performed. If an inspection reveals that an area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the onsite inspection to pay the fee.

R647-4-102. Duration of the Notice of Intention.

The approved notice of intention, including any subsequently approved amendments or revisions, shall remain in effect for the life of the mine. However, the Division may review the permit and require updated information and modifications when warranted. Additionally, failure by the operator to pay permit fees required by R647-4-101(5) or maintain and update reclamation surety as required may, after notice and opportunity for Board hearing result in a withdrawal of the approved notice of intention.

R647-4-107. Operation Practices.

During operations, the operator shall conform to the following practices unless the Division grants a variance in writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare during operations. Methods to minimize hazards shall include but not be limited to:
 - 1.11. The closing or guarding of shafts and tunnels to prevent unauthorized or accidental entry in accordance with MSHA regulations;
 - 1.12. The disposal of trash, scrap metal and wood, and extraneous debris;

1.13. The plugging or capping of drill, core, or other exploratory holes as set forth in Rule R647-4-108;

1.14. The posting of appropriate warning signs in locations where public access to operations is readily available;

1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.

2. Drainages - If natural channels are to be affected by the mining operation, then the operator shall take appropriate measures to avoid or minimize environmental damage.

3. Erosion Control - Operations shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.

4. Deleterious Materials - All deleterious or potentially deleterious material shall be safely removed from the site or kept in an isolated condition such that adverse environmental effects are eliminated or controlled.

5. Soils - Suitable soil material shall be removed and stored in a stable condition where practical so as to be available for reclamation.

6. Concurrent Reclamation - During operations, disturbed areas shall be reclaimed when no longer needed, except to the extent necessary to preserve evidence of mineralization for proof of discovery. Areas which have been disturbed but are not routinely or currently utilized shall be kept in a safe, environmentally stable condition.

R647-4-108. Hole Plugging Requirements.

Drill holes shall be properly plugged as soon as practical and shall not be left unplugged for more than 30 days without approval of the Division. The procedures outlined below are required for the surface and subsurface plugging of drill holes. The Division may approve an alternate plan, if the operator can prove to the satisfaction of the Division that another method will provide adequate protection to the groundwater resources and long term stability of the land. Dry holes and nonartesian holes which do not produce significant amounts of water may be temporarily plugged with a surface cap to permit the operator to re-enter the hole for the duration of operations.

1. Surface plugging of drill holes shall be accomplished by:

1.11. Setting a nonmetallic permaplug at a minimum of five (5) feet below the surface, or returning the cuttings to the hole and tamping the returned cuttings to within five (5) feet of ground level. The hole above the permaplug or tamped cuttings will be filled with a cement plug. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing.

1.12. If the area is tilled farmland, a five (5) foot cement plug must be placed above a permaplug or tamped cuttings so that the top of the cement plug is a minimum of three (3) feet below the ground surface. The hole above the cement plug is to be filled with soil. If cemented casing is to be left in place, a concrete surface plug is not required provided that a permanent cap is secured on top of the casing. The top of the casing and cap must be a minimum of three (3) feet below the ground surface.

2. Drill holes that encounter water, oil, gas or other potential migratory substances and are 2-1/2 inches or greater in surface diameter shall be plugged in the subsurface to prevent the migration of fluid from one strata to another. If water is encountered, plugging shall be accomplished as outlined below:

2.11. If artesian flow (i.e., water flowing to the surface from the hole) is encountered during or upon cessation of drilling, a cement plug shall be placed to prevent water from flowing between geologic formations and at the surface. The cement mix should consist of API Class A or H cement with

additives as needed. It should weigh at least 13.5 lbs./gal., and be placed under the supervision of a person qualified in proper drill hole cementing of artesian flow. Artesian bore holes must be plugged in the described manner, prior to removal of the drilling equipment from the well site. If the surface owner of the land affected desires to convert an artesian drill hole to a water well, he must notify the Division in writing that he accepts responsibility for the ultimate plugging of the drill hole.

2.12. Holes that encounter significant amounts of nonartesian water shall be plugged by:

2.12.111 Placing a 50 foot cement plug immediately above and below the aquifer(s); or

2.12.112 Filling from the bottom up (through the drill stem) with a high grade bentonite/water slurry mixture. The slurry shall have a Marsh funnel viscosity of at least 50 seconds per quart prior to the adding of any cuttings.

R647-4-109. Impact Assessment.

The operator shall provide a general narrative description identifying potential surface and/or subsurface impacts. This description will include, at a minimum:

1. Projected impacts to surface and groundwater systems;
2. Potential impacts to state and federal threatened and endangered species or their critical habitats;
3. Projected impacts of the mining operation on existing soil resources;
4. Projected impacts of mining operations on slope stability, erosion control, air quality, and public health and safety;
5. Actions which are proposed to mitigate any of the above referenced impacts.

R647-4-110. Reclamation Plan.

Each notice of intention shall include a reclamation plan, including maps or drawings as necessary, consisting of a narrative description of the proposed reclamation including, but not limited to:

1. A statement of the current land use and the proposed postmining land use for the disturbed area;
2. A description of the manner and the extent to which roads, highwalls, slopes, impoundments, drainages, pits and ponds, piles, shafts and adits, drill holes, and similar structures will be reclaimed;
3. A detailed description of any surface facilities to be left as part of the postmining land use, including but not limited to buildings, utilities, roads, pads, ponds, pits and surface equipment;
4. A description of the treatment, location and disposition of any deleterious or acid-forming materials generated and left on-site, including a map showing the location of such materials upon the completion of reclamation;
5. A planting program as best calculated to revegetate the disturbed area.
 - 5.11. Plans shall include, at a minimum, grading and/or stabilization procedures, topsoil replacement, seed bed preparation, seed mixture(s) and rate(s), and timing of seeding (fall seeding is preferred timing);
 - 5.12. Where there is no original protective cover, an alternate practical procedure must be proposed to minimize or control erosion or siltation.
6. A statement that the operator will conduct reclamation as required by these rules.

R647-4-111. Reclamation Practices.

During reclamation, the operator shall conform to the following practices unless the Division grants a variance in writing:

1. Public Safety and Welfare - The operator shall minimize hazards to the public safety and welfare following completion of

operations. Methods to minimize hazards shall include but not be limited to:

- 1.11. The permanent sealing of shafts and tunnels;
- 1.12. The disposal of trash, scrap metal and wood, buildings, extraneous debris, and other materials incident to mining;
- 1.13. The plugging of drill, core, or other exploratory holes as set forth in Rule R647-4-108;
- 1.14. The posting of appropriate warning signs in locations where public access to operations is readily available;
- 1.15. The construction of berms, fences and/or barriers above highwalls or other excavations when required by the Division.
 2. Drainages - If natural channels have been affected by mining operations, then reclamation must be performed such that the channels will be left in a stable condition with respect to actual and reasonably expected water flow so as to avoid or minimize future damage to the hydrologic system.
 3. Erosion Control - Reclamation shall be conducted in a manner such that sediment from disturbed areas is adequately controlled. The degree of erosion control shall be appropriate for the site-specific and regional conditions of topography, soil, drainage, water quality or other characteristics.
 4. Deleterious Materials - All deleterious or potentially deleterious material shall be safely removed from the site or left in an isolated or neutralized condition such that adverse environmental effects are eliminated or controlled.
 5. Land Use - The operator shall leave the on-site area in a condition which is capable of supporting the postmining land use.
 6. Slopes - Waste piles, spoil piles and fills shall be regraded to a stable configuration and shall be sloped to minimize safety hazards and erosion while providing for successful revegetation.
 7. Highwalls - In surface mining and in open cuts for pads or roadways, highwalls shall be reclaimed and stabilized by backfilling against them or by cutting the wall back to achieve a slope angle of 45 degrees or less.
 8. Roads and Pads - On-site roads and pads shall be reclaimed when they are no longer needed for operations. When a road or pad is to be turned over to the property owner or managing agency for continuing use, the operator shall turn over the property with adequate surface drainage structures and in a condition suitable for continued use.
 9. Dams and Impoundments - Water impounding structures shall be reclaimed so as to be self-draining and mechanically stable unless shown to have sound hydrologic design and to be beneficial to the postmining land use.
 10. Trenches and Pits - Trenches and small pits shall be reclaimed.
 11. Structures and Equipment - Structures, rail lines, utility connections, equipment, and debris shall be buried or removed.
 12. Topsoil Redistribution - After final grading, soil materials shall be redistributed on a stable surface, so as to minimize erosion, prevent undue compaction and promote revegetation.
 13. Revegetation - The species seeded shall include adaptable perennial species that will grow on the site, provide basic soil and watershed protection, and support the postmining land use.
 - Vegetation shall be considered accomplished when:
 - 13.11. The revegetation has achieved 70 percent of the premining vegetative ground cover. If the premining vegetative ground cover is unknown, the ground cover of an adjacent undisturbed area that is representative of the premining ground cover will be used as a standard. Also, the vegetation has survived three growing seasons following the last seeding, fertilization or irrigation, unless such practices are to continue

as part of the postmining land use; or

13.12. The Division determines that the revegetation work has been satisfactorily completed within practical limits.

R647-4-112. Variance.

1. The operator may request a variance from Rule R647-4-107, 108, or 111, by submitting the following information which will be considered by the Division on a site-specific basis:

1.11. The rule(s) as to which a variance is requested;

1.12. The variance requested and a description of the area that would be affected by the variance;

1.13. Justification for the variance;

1.14. Alternate methods or measures to be utilized.

2. A variance shall be granted if the alternative method or measure proposed will be consistent with the Act.

3. Any variance must be specifically approved by the Division in writing.

R647-4-113. Surety.

1. After receiving notification that the notice of intention has been approved, but prior to commencement of operations, the operator shall provide the reclamation surety to the Division. Failure to furnish and maintain reclamation surety may, after notice and opportunity for Board hearing, result in a withdrawal of the approved notice of intention as provided for in Section 40-8-16.

2. The Division will not require a separate surety when a reclamation surety in a form and amount acceptable to the Division is held by other governmental entities, provided that the cost estimate is accurate and the Division is named as co-beneficiary. Cooperative Agreements will be developed and entered into according to Section 40-8-22.

3. As part of the review of the notice of intention, the Division shall determine the final amount of surety required to reclaim the mine site. The surety amount will be based upon (a) the technical details of the approved mining and reclamation plan, (b) the proposed post mining land use, and (c) projected third party engineering and administrative costs to cover Division expenses incurred under a bond forfeiture circumstance. An operator's surety estimate will be accepted if it is accurate and verifiable. The Division may accept surety estimates based upon the Minerals Reclamation Program's average dollars per acre reclamation costs, if comparable to site specific cost estimates for similar operations.

4. The operator shall submit a completed Reclamation Contract (FORM MR-RC) with the required surety. The form and amount of the surety must be approved by the Division, except as provided in subpart 4.16. Acceptable forms may include:

4.11. A corporate surety bond from a surety company that is licensed to do business in Utah, that is listed in "A.M. Best's Key Rating Guide" at a rating of A- or better or a Financial Performance Rating (FPR) of 8 or better, according to the "A.M. Best's Guide". All surety companies also will be continuously listed in the current issue of the U.S. Department of the Treasury Circular 570. Operators who do not have a surety bond with a company that meets the standards of subsection 4.11 will have 120 days from the date of Division notification after enactment of the changes to subsection 4.11 to achieve compliance or face enforcement action. When the Division in the course of examining surety bonds, notifies an operator that a surety company guaranteeing its performance does not meet the standards of subsection 4.11., the operator has 120 days after notice from the Division by mail to correct the deficiency, or face enforcement action;

4.12. Federally-insured certificate of deposit payable to the State of Utah, Division of Oil, Gas and Mining;

4.13. Cash;

4.14. An irrevocable letter of credit issued by a bank

organized to do business in the United States;

4.15. Escrow accounts.

4.16. The Board may approve a written self-bonding agreement in the case of operators showing sufficient financial strength.

5. Surety shall be required until such time as reclamation is deemed complete by the Division. The Division shall promptly conduct an inspection when notified by the operator that reclamation is complete. The full release of surety shall be evidence that the operator has reclaimed as required by the Act.

5.11. A partial release of surety can be made by the Division if it determines that a substantial phase or segment of reclamation such as demolition, backfilling, regrading or vegetation establishment has been successfully performed and the residual amount of retained surety is determined adequate to insure completion of reclamation.

6. The amount of reclamation surety may be adjusted:

6.11. If required to address changes in the reclamation plan due to an amendment or revision to the Notice of Intention under R647-4-118 and R647-4-119;

6.12. As the result of a periodic review by the Division conducted no more frequently than at 5 year intervals unless agreed to by the operator; which shall take into account inflation/deflation based upon an acceptable Costs Index; or

6.13. At the request of the operator.

7. Notwithstanding any other provision of these rules, for operations where the surety is in the form of a Board-approved agreement under Section 40-8-14(3), the Board shall retain the sole authority over the release, partial release, revision or adjustment of the surety amount, if any, which shall be in accordance with the agreement and the Act.

R647-4-114. Failure to Reclaim.

If the operator fails or refuses to conduct reclamation as outlined in the approved notice of intention, the Board may, after notice and hearing, order that reclamation be conducted by the Division and that:

1. The costs and expenses of reclamation, together with costs of collection including attorney's fees, be recovered in a civil action brought by the attorney general against the operator in any appropriate court; or

2. Any surety filed for this purpose be forfeited. With respect to the surety filed with the Division, the Board shall request the Attorney General to take the necessary legal action to enforce and collect the amount of liability. Where surety or a bond has been filed with other governmental agencies, the Board shall notify such agency of the hearing findings, and seek forfeiture concurrence as necessary.

R647-4-115. Confidential Information.

Information provided in the notice of intention relating to the location, size, and nature of the mineral deposit, and marked confidential by the operator, shall be protected as confidential information by the Board and the Division. The information will not be a matter of public record until a written release is received from the operator, or until the notice of intention is terminated.

R647-4-116. Public Notice and Appeals.

1. Public notice will be deemed complete when the following actions have been taken:

(1.) A description of the disturbed area and the tentative decision to approve or disapprove the notice of intention shall be published by the Division in abbreviated form, one time only, in all newspapers of general circulation published in the county or counties where the land affected is situated, and in a daily newspaper of general circulation in Salt Lake City, Utah.

(2.) A copy of the abbreviated information and tentative decision shall also be mailed by the Division to the zoning

authority of the county or counties in which the land affected is situated and to the owner or owners of record of the land affected, as described in the notice of intention.

2. Any person or agency aggrieved by the tentative decision may file a written protest with the Division, during the public comment period identified in the notice, setting forth factual reasons for the complaint.

3. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division on the notice of intention shall be final and the operator will be so notified.

4. If written objections of substance are received by the Division during the public comment period, a hearing shall be held before the Division in accordance with UCA 40-8-13, following which hearing the Division shall issue its decision.

R647-4-117. Notification of Suspension or Termination of Operations.

1. The operator need not notify the Division of the temporary suspension of mining operations.

2. In the case of a termination or a suspension of mining operations that has exceeded, or is expected to exceed two (2) years, the operator shall, upon request, furnish the Division with such data as it may require to evaluate the status of the mining operation, the status of compliance with these rules, and the probable future status of the land affected. Upon review of such data, the Division will take such action as may be appropriate. The Division may grant an extended suspension period if warranted by a showing of good cause by the operator.

3. The operator shall give the Division prompt written notice of a termination or suspension of large mining operations expected to exceed five (5) years. Upon receipt of notification, the Division shall, within 30 days, make an inspection of the property.

4. Large mining operations that have been approved for an extended suspension period will be reevaluated on a regular basis. Additional interim reclamation or stabilization measures may be required in order for a large mining operation to remain in a continued state of suspension. Reclamation of a large mining operation may be required after five (5) years of continued suspension. The Division will require complete reclamation of the mine site when the suspension period exceeds 10 years, unless the operator appeals to the Board prior to the expiration of the 10-year period and shows good cause for a longer suspension period.

R647-4-118. Revisions.

1. In order to revise a notice of intention, an operator shall file a Notice of Intention to Revise Large Mining Operations (FORM MR-REV). This notice of intention will include all information concerning the revision that would have been required in the original notice of intention.

2. A Notice of Intention to Revise Large Mining Operations (FORM MR-REV) will be processed and considered for approval by the Division in the same manner as an original notice of intention. The operator will be authorized and bound by the requirements of the existing approved notice until the revision is acted upon and any revised surety requirements are satisfied. Those portions of the approved notice of intention not subject to the revision will not be subject to review under this provision.

3. Large mining operations which have a disturbed area of five (5) acres or less may refile as a small mining operation. Reclaimed areas must meet full bond release requirements before they can be excluded from the disturbed acreage.

R647-4-119. Amendments.

1. An amendment is an insignificant change to the approved notice of intention. The Division will review the

change and make the determination of significance on a case-by-case basis.

2. A request for an amendment should be filed on the Notice of Intention to Revise Large Mining Operations (FORM MR-REV). An amendment of a large mining operation requires Division approval but does not require public notice.

R647-4-120. Transfer of Notice of Intention.

If an operator wishes to transfer a mining operation to another party, an application for Transfer of Notice of Intention - Large Mining Operations (FORM MR-TRL), must be completed and filed with the Division. The new mine operator will be required to post a new reclamation surety and must assume full responsibility for continued mining operations and reclamation.

R647-4-121. Reports.

1. On or before January 31 of each year, unless waived in writing by the Division, each operator conducting large mining operations must file an Annual Report of Mining Operations (FORM MR-AR) describing its operations during the preceding calendar year. Form MR-AR, includes:

1.11. The location of the operation and file number of the approved notice of intention;

1.12. The gross amounts of ore and waste materials moved during the year, as well as the disposition of such materials;

1.13. The reclamation work performed during the year and new surface disturbances created during the year.

2. The operator shall include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.

3. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.

R647-4-122. Practices and Procedures; Appeals.

The Administrative Procedures, as outlined in the R647-5 Rules, shall be applicable to minerals regulatory proceedings.

R647-5-105. Conversion of Informal to Formal Phase.

1. Any time before a final order is issued in any adjudicative proceeding before the Division, the Division Director may convert an informal adjudicative proceeding to a formal adjudicative proceeding if:

1.11. Conversion of the proceeding is in the public interest; and

1.12. Conversion of the proceeding does not unfairly prejudice the rights of any party.

2. An adjudicative proceeding which commences informally shall also be processed formally if an appeal to the Board is filed under the rules hereinbelow. Such an appeal changes the character of the adjudicative process to a contested case which requires a formal hearing process before the Board or its designated Hearing Examiner to best protect the interests of the public as well as the parties involved.

R647-5-106. Procedures for Informal Phase.

1. A Request for Agency Action or Notice of Agency Action shall be the method of commencement of an adjudicative process as previously discussed in these rules.

6. Hearings will be held only after timely notice to all parties.

7. Discovery is prohibited, but the Division Director may issue subpoenas or other orders to compel production of necessary evidence.

the Division's files and to all materials and information gathered in by investigation, or to the extent permitted by law.

9. Intervention is prohibited, except where required by federal statute or rule.

11. Within a reasonable time after the close of the hearing, or after the parties' failure to request a hearing within said ten (10) day period, the Division Director shall issue a written, signed order that states the following:

11.11 The decision;

11.12 The reasons for the decision;

11.13 A notice of the right to appeal to the Board;

11.14 The time limits for filing an appeal.

12. The Division Director's order shall be based on the facts appearing in the Division's files and on the facts presented in evidence at any hearings.

13. Unless waived by the intended recipient of the order, a copy of the Division Director's order shall be promptly mailed to each of the parties.

14. The Division may record any hearing. Any party, at his or her own expense, may have a reporter approved by the Division prepare a transcript from the Division's record of the hearing.

15. Nothing in this section restricts or precludes any investigative right or power given to the Division by another statute.

16. Default. The Division Director may enter an order of default against a party if the party fails to participate in the adjudicative proceeding. The order of default shall include a statement of the grounds for default and shall be mailed to all parties. A defaulted party may seek to have the Division Director set aside the default order and any order in the adjudicative proceeding issued subsequent to the default order, by following the procedures outlined in the Utah Rules of Civil Procedure. After issuing the order of default, the Division shall conduct any further proceedings necessary to complete the adjudicative proceeding without the participation of the party in default and shall determine all issues in the adjudicative proceeding, including those affecting the defaulting party. Notwithstanding this, in an adjudicative proceeding that has no parties other than the Division and the party in default, the Division Director shall, after issuing the order of default, dismiss the proceeding.

17. Appeal of Division Order. Any aggrieved party that participated at a hearing before the Division or an applicant who is aggrieved by a denial or approval with conditions, may file a written appeal to the Board within ten (10) days of the issuance of the order. The written appeal shall be in the form of a Request for Agency Action for a formal hearing before the Board or its designated Hearing Examiner in conformance with the Rules of Practice and Procedure before the Board of Oil, Gas and Mining, and shall also state the grounds for the appeal and the relief requested.

18. Emergency Orders. Notwithstanding the other provisions of these rules, the Division Director or any member of the Board is authorized to issue an emergency order without notice and hearing in accordance with Section 40-8-6. The emergency order shall remain in effect no longer than until the next regular meeting of the Board, or such shorter period of time as shall be prescribed by statute.

18.11. Prerequisites for Emergency Order. The following must exist to allow an emergency order:

18.11.111 The facts known to the Division Director or Board member or presented to the Division Director or Board member show that an immediate and significant danger of waste or other danger to the public health, safety, or welfare exists; and

18.11.112 The threat requires immediate action by the Division Director or Board member.

18.12. Limitations. In issuing its Emergency Order, the Division Director or Board member shall:

18.12.111 Limit its order to require only the action necessary to prevent or avoid the danger to the public health, safety, or welfare;

18.12.112 Issue promptly a written order, effective immediately, that includes a brief statement of findings of fact, conclusions of law, and reasons for the Division Director's or Board member's utilization of emergency adjudicative proceedings;

18.12.113 Give immediate notice to the persons who are required to comply with the order;

18.12.114 If the emergency order issued under this section will result in the continued infringement or impairment of any legal right or interest of any party, the Division shall commence a formal adjudicative proceeding before the Board of Oil, Gas and Mining.

R647-5-107. Exhaustion of Administrative Remedies.

1. Persons must exhaust their administrative remedies in accordance with Section 63G-4-401, Utah Code Annotated (1953, as amended), prior to seeking judicial review.

2. In any informal proceeding before the Division, there is an opportunity given to request an informal hearing before the Division. If a timely request is made, the Division will conduct an informal hearing and issue a decision thereafter. Only those aggrieved parties that participated in any hearing or an applicant who is aggrieved by a denial or an approval with conditions will then be entitled to appeal such Division decision to the Board within ten (10) days of issuance of the Division order. Such appeal shall be treated as a contested case which is processed as a formal proceeding under the Rules of Practice and Procedure before the Board of Oil, Gas and Mining. Such rights to request an informal hearing before the Division or to appeal the Division order and have the matter be contested and processed formally are available and adequate administrative remedies and should be exercised prior to seeking judicial review.

R647-5-108. Waivers.

Notwithstanding any other provision of these rules, any procedural matter, including any right to notice or hearing, may be waived by the affected person(s) by a signed, written waiver in a form acceptable to the Division.

R647-5-109. Severability.

In the event that any provision, section, subsection or phrase of these rules is determined by a court or body of competent jurisdiction to be invalid, unconstitutional, or unenforceable, other remaining provisions, sections, subsections or phrases shall remain in full force and effect.

R647-5-110. Construction.

The Utah Administrative Procedures Act described in Title 63G, Chapter 4 of the Utah Code Annotated (1953, as amended) shall supersede any conflicting provision of these rules. These rules should be construed to be in compliance with said Act.

R647-5-111. Time Periods.

Nothing in these rules may be interpreted to restrict the Division Director, for good cause shown, from lengthening or shortening any time period prescribed herein.

R728. Public Safety, Peace Officer Standards and Training.**R728-501. Career Development Courses.****R728-501-1. Authority.**

This rule is authorized by Section 53-6-105.

R728-501-2. Basic Training.

The first step on the career development ladder is the successful completion of a POST approved basic training course. The required course may be the Utah Peace Officer Standards and Training Basic course or an equivalent course completed in another state. If the course was completed in another state, the officer will be required to successfully complete the POST waiver process and receive Utah peace officer certification.

R728-501-3. Advanced Officer.

A. The advanced officer certificate is the second step in the POST career development program. In order to obtain an advanced officer certificate, an application must be submitted to POST showing accomplishment of the following requirements:

1. The candidate must be employed as full-time peace officer with a minimum of three continuous years of peace officer experience.

2. All candidates must have attained a minimum firearms qualification score of 80 percent on a POST accepted firearms course during the preceding year.

3. Each candidate must show evidence of having a current intoxilyzer certificate and a radar operators certificate.

4. The candidate may waive requirement three by showing evidence of completion of at least forty-hours of specialized training directly related to his present assignment.

5. The candidate must show evidence of having a current CPR card.

6. The candidate must be nominated for advance officer status by a letter from the candidates chief/sheriff.

B. Each candidate, upon approval of his application, will be invited to attend a thirty hour advance officer course. These courses will be conducted periodically at POST and at various regional locations.

C. Each candidate must pass a written examination on the subjects covered in the advanced officer course. Successful candidates will be awarded a POST advanced officer certificate and advanced officer insignia.

D. To receive advanced officer certification, the officer is required to achieve a score of 50 percent on each of the POST physical tests: Vertical jump, sit-ups, push-ups, 300 meter sprint, and 1.5 mile run.

E. The physical assessment test will be administered by POST staff during the advanced officer course.

F. Officers who achieve a score of 85 percent in each of the four fitness tests will earn the advanced officer superior fitness award.

R728-501-4. First-Line Supervisor.

A. The first-line supervisor course is intended to fill the supervisory training needs of sergeants and other law enforcement personnel. The goal of the program is to offer a course that is job related, consistent with current supervisory needs, and one that will develop self confidence, and a positive attitude toward supervision.

B. The advanced officer course is not a prerequisite for this course.

C. Officers can register for this course by submitting a POST course request signed by their chief administrative officer or training officer.

R728-501-5. Mid-Management Certificate.

A. The mid-management development program is intended to fulfill the management training needs of lieutenants, captains

and department heads. A law enforcement administrator can earn the mid-management certificate by successfully completing three prescribed courses offered by POST. The three courses are:

1. First-Line Supervisor
2. Instructor Development
3. Employee Discipline and Administrative procedure course

In addition to the three courses offered by POST the candidate is required to attend two management level courses, which are approved by their chief administrating officer.

B. A mid-management certificate will be awarded when a candidate can document that he has successfully completed the five prescribed courses.

R728-501-6. Executive Development Institute.

The Executive Development Institute is intended for department heads and their executive staff positions. EDI is co-sponsored by the Utah Chiefs of Police Association, the Utah Sheriff's Association, and POST. The EDI training format is a two-day seminar addressing issues germane to Utah law enforcement management. The Executive Development Institute is conducted two times each year.

R746. Public Service Commission, Administration.**R746-110. Uncontested Matters to be Adjudicated Informally.****R746-110-1. Requests.**

When a request for agency action is filed with the Commission and the party filing the request anticipates and represents in the request that the matter will be unopposed and uncontested, or when the Commission determines that the matter can reasonably be expected to be unopposed and uncontested the request may be adjudicated informally in accord with Section 63G-4-203 and the following:

R746-110-2. Procedure.

The applicant shall file in support of the request sworn statements and documents as may be necessary to establish the pertinent facts of the matter. Thereupon, the Commission may, without hearing, enter its Report and Order in tentative form not to be effective for a minimum of 20 days after its issuance. Provided, however, that in cases where the applicant shall establish good cause, the Commission may waive the 20-day tentative period and issue a final order. Section 63G-4-301 provides for review of final agency orders. The order shall provide that any person may file a protest prior to its effective date and that if the Commission finds the protest to be meritorious, the effective date shall be suspended pending further proceedings. The order shall be served by the applicant upon all persons deemed by the Commission to have an interest or potential interest in the subject matter, and the Commission may require public notice in the form designated by the Commission.

Absent meritorious protest, the order shall automatically become effective without further action.

R746-110-3. Rate Increases.

In cases where a public utility seeks an increase in rates, fees, or charges, informal summary procedure may be invoked if the applicant files in addition to supporting documentation a sworn statement from each person impacted by the increase that such person has no objection to the increase. This provision does not apply to energy-cost pass-through cases, which are provided for in Section 54-7-12(3)(d), nor does it apply to cases brought under Section 54-7-12(6).

R746. Public Service Commission, Administration.**R746-210. Utility Service Rules Applicable Only to Electric Utilities.****R746-210-1. Public Utility Regulatory Policy Act (PURPA) Standards for Master-Metered Multiple Tenancy Dwellings.**

A. The Public Utility Regulatory Policy Act (PURPA) standards for Master Metered Multiple Tenancy Dwellings as set forth below are hereby adopted by the Commission.

1. Section 113 of PURPA 16 USCA states:

"To the extent determined appropriate under Section 115(d), master metering of electric service in the case of new buildings shall be prohibited or restricted to the extent necessary to carry out the purpose of this Title.

Section 115(d) states:

"Separate metering shall be determined appropriate for any new building for purposes of section 113(b)(1) if --

- (1) there is more than one unit in such building,
- (2) the occupant of each such unit has electric energy used in such unit, and
- (3) with respect to such portion of electric energy used in such unit, the long-run benefits to the electric consumers in such building exceed the costs of purchasing and installing separate meters in such building.

R746-210-2. Exemptions.

A. Automatic Exemptions -- Separate individual metering is not required for:

1. Those portions of transient multiple occupancy buildings and transient mobile home parks normally used as temporary domiciles in such buildings as hotels, motels, dormitories, rooming houses, hospitals, nursing homes and those mobile home park sections designated for travel trailers;

2. Residential unit space in multiple occupancy buildings where all space heating, water heating, ventilation and cooling are provided through central systems and where the electric load within each unit that is controlled by the tenant is projected to be 250 kWh or less per month and where the utility has been provided reasonable substantiation of the load projection;

3. Common building areas such as hallways, elevators, reception and/or washroom, security lighting areas.

4. Commercial unit space which is:

- a. Subject to alternation with change in tenants as evidenced by temporary as distinguished from permanent type of load bearing wall and floor construction separating the commercial unit spaces, and
- b. Non-energy intensive as evidenced by connected loads other than space heating, water heating, and air-conditioning of five watts or less per square foot of occupied space.

R746-210-3. Exemptions Requiring a Cost-Effectiveness Test.

Cases not covered under "automatic exemptions" will be granted an exemption if the benefit-to-cost ratio is less than one (1) with respect to separate metering using the cost effectiveness test guidelines described below. The burden of proof rests with the person requesting exemption and the evidence required to sustain that burden must demonstrate that the long-run benefits of individual metering to the electric consumer are less than the costs of purchasing and installing separate meters. Written requests to the utility for an exemption will be given consideration based upon the following criteria and conditions:

A. "New buildings" shall be defined as those structures or mobile home parks for which a building permit is obtained on or after August 1, 1984, or, if no permit is required, for which construction is commenced on or after August 1, 1984. Construction is defined to begin when footings are poured.

B. The benefits shall be quantified in dollars of savings and shall reflect the difference in electricity use which results when separate metering is utilized rather than master-metering.

The lump sum savings shall reflect a present worth analysis using as a discount rate the percentage interest rate of long-term debt such as the utility's latest long-term bond issue, or a mortgage rate, and a period equal to the estimated life of the building. Such analysis, including its preparation and expense, shall be the sole responsibility of the customer.

C. The customer's determination of benefit shall be based on electric service supplied by the utility at electric service rates and regulations approved by the Commission, including but not limited to, regulations that prohibit resale of electric service to any other person or entity unless taking service under rate schedules that specifically provide for reselling.

D. The cost shall be quantified in dollars and shall reflect the current difference in installed cost between master and individual metering. The lump sum differential cost reflecting the purchase and installation of separate meters versus a single meter shall be prepared by the utility. The preparation of the differential costs of meter bases and building wiring shall be the sole responsibility of the customer; and

E. The benefit-to-cost ratio shall equal the present worth of benefits described in paragraph (b) divided by the current (present worth) costs described in paragraph (d).

R746-210-4. Exemption by Appeal.

In the event the customer disagrees with the utility's determination of the exemption, such dispute shall be resolved by the Commission. The Commission, upon its own motion or upon the petition of any person, may initiate formal or investigative proceedings upon any matter arising out of an informal complaint. Further, a formal investigation requires not only the benefit-to-cost determination, but also a showing by the customer that a granted exemption status will be consistent with the stated purposes of Title I of PURPA; i.e., conservation, efficiency, and equity. It is appropriate that equity, conservation and efficiency not be negatively impacted as required under the promulgated PURPA regulations.

R746-210-5. Submetering as an Alternative to Individual Metering.

There are no circumstances, other than exemptions, where submetering is an acceptable alternative to individual metering under the constraints of PURPA. Submetering, while giving consumers control over their energy consumption, still retains a primary objection to master metering; namely, that since customers of a master metered utility customer are not customers of a regulated public utility, the Commission is without authority to provide redress where appropriate, such as in cases of service or billing problems.

R746-240-4. Account Billing.**A. Billing Procedures--**

1. Bills to account holders for telecommunications services shall be issued on a monthly basis and shall be typed or machine printed.

B. Periodic Billing Statement--

1. Except in the case of telecommunications service which is deemed to be uncollectible or with respect to which collection or termination procedures have been instituted, a telecommunications corporation shall mail or deliver to the account holder, for each billing cycle at the end of which there is an outstanding balance for current service, a statement which the account holder may retain, setting forth each of the following disclosures to the extent applicable:

a. the outstanding balance in the account at the beginning of the current billing cycle using a term such as "previous balance";

b. the amount of the charges debited to the account during the current billing cycle using a term such as "current service";

c. the amount of the payments made to the account from the previous billing cycle using a term, such as "payments";

d. the amount of the late payment charges debited to the account during the current billing cycle using a term, such as "late charge";

i. a statement such as: "If you have questions about this bill, please call the company at--phone #".

C. Late Charge--

1. A late payment charge of a periodic rate as established by the Commission may be assessed against an unpaid balance pursuant to specific tariffs approved by the Commission for telecommunications corporations not subject to pricing flexibility pursuant to 54-8b-2.3. Late payment charges shall not apply if payment is made before the next bill is rendered by the telecommunications corporation. A late payment charge may be assessed against an unpaid balance pursuant to terms and conditions in price lists of telecommunications corporations subject to pricing flexibility.

2. No other charge, whether described as a finance charge, service charge, discount, net or gross charge may be applied to an account for failure to pay an outstanding bill by the statement due date. This subsection does not apply to reconnection charges or return check service charges.

D. Statement Due Date--An account holder shall have not less than 20 days from the bill date to pay the new balance, which date shall be the statement due date.

E. Disputed Bill--

1. In the event of a dispute between the account holder and the telecommunications corporation respecting a bill, the telecommunications corporation may require the account holder to pay the undisputed portion of the bill to avoid discontinuance of service for nonpayment. The telecommunications corporation shall make an investigation as may be appropriate to the particular case, and report the result thereof to the account holder. In the event the dispute is not reconciled, the telecommunications corporation shall advise the account holder that he may make application to the Division of Public Utilities for review and disposition of the matter per Section R746-240-7, Review and Resolution of Disputes.

2. Inaccurately billed service--When the billings for telecommunications services have not been accurately determined because of the telecommunications corporation's omission or negligence, the telecommunications corporation shall offer and enter into reasonable payment arrangements when the amount owed by the customer exceeds \$25 and when the period over which the underbilling accumulated exceeds one month. When a telecommunications corporation overbills a customer for telecommunications service, the telecommunications corporation shall offer the account holder a credit on future bills or a refund if requested by the account holder.

3. Interruption of service--In the event the account holder's service is interrupted, other than by the negligence or the willful act of the account holder, and it remains out of service for a specified number of hours, after being reported or found by the telecommunications corporation to be out of order, credit adjustments shall be made to the account holder's billing. The specified number of hours, which can be either 24 or 48, and the adjustment methods will be as shown in the tariffs of each telecommunications corporation and approved by the Commission for telecommunications corporations that are not subject to pricing flexibility pursuant to 54-8b-2.3 or in the price lists of each telecommunications corporation that is subject to pricing flexibility.

R746-240-5. Deferred Payment Agreement.**A. Delinquent Account--**

1. An account holder who is unable to pay a delinquent account balance on demand may be able to receive telecommunications services under a deferred payment agreement, if such an agreement is offered by the LEC.

2. When a telecommunications corporation offers a form of a deferred payment agreement, the account holder can prevent disconnection, or be reconnected, by negotiating and executing a deferred payment agreement and paying the first installment at the telecommunications corporation's business office. Within

two working days after the account holder makes the first installment payment, telecommunications service will be reconnected.

3. After negotiating a deferred payment agreement, the account holder shall pay the current bills for service plus the monthly installment necessary to liquidate the delinquent bill.

4. A deferred payment agreement may include a late payment charge as authorized for the telecommunications corporation by the Commission.

B. Breach--If an account holder breaches a condition or term of a deferred payment agreement, the telecommunications corporation may treat that breach as a delinquent account and shall have the right to terminate service without further notice.

R746-240-6. Termination.**A. Delinquent Account--**

1. A service bill which has remained unpaid beyond the statement due date is a delinquent account. A telecommunications corporation shall not consider an account holder's bill past due unless it remains unpaid for a period of 20 calendar days after the billing date printed on the bill.

2. When an account is delinquent, the telecommunications corporation, before termination, shall issue a written late notice to inform the account holder of the delinquent status. A late notice or reminder notice must include the following information:

a. a statement that the account is a delinquent account and should be paid promptly;

b. a statement that the account holder should communicate with the telecommunications corporation's collection department, by calling the company, if the account holder has questions concerning the account;

c. a statement of the delinquent account balance, using a term such as "delinquent account balance."

3. When the account holder responds to a late notice or reminder notice, the telecommunications corporation's collections personnel shall investigate any disputed issue and shall attempt to resolve that issue by negotiation. If the dispute is not resolved, the telecommunications corporation's collection personnel shall inform the account holder that he may make application to the Division of Public Utilities for a review and disposition pursuant to Section R746-240-7, Review and Resolution of Disputes. During this investigation and negotiation and a subsequent review by the Division of Public Utilities no other action shall be taken to terminate the local access service if the account holder pays the undisputed portion of the account, subject to the telecommunications corporation's right to terminate service pursuant to R746-240-6(D), Termination Without Notice.

B. Reasons for Termination--

1. Service may be terminated by a telecommunications corporation for the following reasons:

a. nonpayment of billed and delinquent charges, deposits, deferred payments owed to the telecommunications corporation;

c. intentionally using the service in a manner that causes wrongful billing charges to another person;

d. intentionally using the service to transmit messages or to locate a person to give or obtain information, without payment of appropriate message charges;

e. using the service with fraudulent intent by impersonating someone else;

f. using the service for unlawful purposes;

g. tampering with or destroying company lines, equipment or other properties;

h. subterfuge or deliberately furnishing false information when applying for and obtaining telephone services;

i. abandonment of the service.

2. The following shall be insufficient grounds for termination of service:

The Division itself may petition the Commission for review of a dispute in any case which the Division determines appropriate. While a complainant is proceeding with an informal review or mediation by the Division or a Commission review of a dispute, no termination of telecommunications service shall be permitted, if amounts not disputed are paid when due, subject to the telecommunications corporation's right to terminate service pursuant to R746-240-6(D), Termination Without Notice.

(1) When an injury or cut is produced by a fair blow and because of the severity of the blow the contest cannot continue, the injured boxing contestant shall be declared the loser by technical knockout.

(2) If a contestant intentionally fouls his opponent and an injury or cut is produced, and due to the severity of the injury the contestant cannot continue, the contestant who commits the foul shall be declared the loser by disqualification.

(3) If a contestant receives an intentional butt or foul and the contest can continue, the referee shall penalize the contestant who commits the foul by deducting two points. The referee shall notify the judges that the injury or cut has been produced by an intentional unfair blow so that if in the subsequent rounds the same injury or cut becomes so severe that the contest has to be suspended, the decision will be awarded as follows:

(a) a technical draw if the injured contestant is behind on points or even on a majority of scorecards; and

(b) a technical decision to the injured contestant if the injured contestant is ahead on points on a majority of the scorecards.

(4) If a contestant injures himself trying to foul his opponent, the referee shall not take any action in his favor, and the injury shall be considered as produced by a fair blow from his opponent.

(5) If a contestant is fouled accidentally during a contest and can continue, the referee shall stop the action to inform the judges and acknowledge the accidental foul. If in subsequent rounds, as a result of legal blows, the accidental foul injury worsens and the contestant cannot continue, the referee shall stop the contest and declare a technical decision with the winner being the contestant who is ahead on points on a majority of the scorecards. The judges shall score partial rounds. If a contestant is accidentally fouled in a contest and due to the severity of the injury the contestant cannot continue, the referee shall rule as follows:

(a) if the injury occurs before the completion of four rounds, declare the contest a technical draw; or

(b) if the injury occurs after the completion of four rounds, declare that the winner is the contestant who has a lead in points on a majority of the scorecards before the round of injury. The judges shall score partial rounds.

(6) If in the opinion of the referee, a contestant has suffered a dangerous cut or injury, or other physical or mental condition, the referee may stop the bout temporarily to summon the physician. If the physician recommends that the contest should not continue, the referee shall order the contest to be terminated.

(7) A fight shall not be terminated because of a low blow. The referee may give a contestant not more than five minutes if the referee believes a foul has been committed. Each contestant shall be instructed to return to his or her respective corner by the referee. The contestants may sit in their respective corners with their mouthpiece removed. After removing their contestant's mouthpiece, the seconds must return to their seats. The seconds may not coach, administer water, or in any other way attend to their contestant, except to replace the mouthpiece when the round is ready to resume.

(8) If a contestant is knocked down or given a standing mandatory count of eight or a combination of either occurs three times in one round, the contest shall be stopped and a technical knockout shall be awarded to the opponent. The physician shall immediately enter the ring and examine the losing contestant.

(9) A physician shall immediately examine and administer aid to a contestant who is knocked out or injured.

(10) When a contestant is knocked out or rendered incapacitated, the referee or second shall not handle the contestant, except for the removal of a mouthpiece, unless directed by the physician to do so.

(11) A contestant shall not refuse to be examined by a physician.

(12) A contestant who has been knocked out shall not leave the site of the contest until one hour has elapsed from the time of the examination or until released by the physician.

R859-1-612. Boxing - Knockouts.

(1) A boxing contestant who is knocked down shall take a minimum mandatory count of eight.

(2) If a boxing contestant is dazed by a blow and, in the referee's opinion, is unable to defend himself, the referee shall give a standing mandatory count of eight or stop the contest. If on the count of eight the boxing contestant, in the referee's opinion, is unable to continue, the referee may count him out on his feet or stop the contest on the count of eight.

(3) In the event of a knockdown, the timekeeper shall immediately start the count loud enough to be heard by the referee, who, after waving the opponent to the farthest neutral corner, shall pick up the count from the timekeeper and proceed from there. The referee shall stop the count if the opponent fails to remain in the corner. The count shall be resumed when the opponent has returned to the corner.

(4) The timekeeper shall signal the count to the referee.

(5) If the boxing contestant taking the count is still down when the referee calls the count of ten, the referee shall wave both arms to indicate that the boxing contestant has been knocked out. The referee shall summon the physician and shall then raise the opponent's hand as the winner. The referee's count is the official count.

(6) If at the end of a round a boxing contestant is down and the referee is in the process of counting, the gong indicating the end of the round shall not be sounded. The gong shall only be sounded when the referee gives the command to box indicating the continuation of the bout.

(7) In the final round, the timekeeper's gong shall terminate the fight.

(8) A technical knockout decision shall be awarded to the opponent if a boxing contestant is unable or refuses to continue when the gong sounds to begin the next round. The decision shall be awarded in the round started by the gong.

(9) The referee and timekeeper shall resume their count at the point it was suspended if a boxing contestant arises before the count of ten is reached and falls down again immediately without being struck.

(10) If both boxing contestants go down at the same time,

counting will be continued as long as one of them is still down or until the referee or the ringside physician determines that one or both of the boxing contestants needs immediate medical attention. If both boxing contestants remain down until the count of ten, the bout will be stopped and the decision will be scored as a double knockout.

R859-1-613. Boxing - Procedure After Knockout or Contestant Sustaining Damaging Head Blows.

(1) A boxing contestant who has lost by a technical knockout shall not fight again for a period of 30 calendar days or until the contestant has submitted to a medical examination. The Commission may require such physical exams as necessary.

(2) A ringside physician shall examine a boxing contestant who has been knocked out in a contest or a contestant whose fight has been stopped by the referee because the contestant received hard blows to the head that made him defenseless or incapable of continuing immediately after the knockout or stoppage. The ringside physician may order post-fight neurological examinations, which may include computerized axial tomography (CAT) scans or magnetic resonance imaging (MRI) to be performed on the contestant immediately after the contestant leaves the location of the contest. Post-fight neurological examination results shall be forwarded to the Commission by the ringside physician as soon as possible.

(3) A report that records the amount of punishment a fighter absorbed shall be submitted to the Commission by the ringside physician within 24 hours of the end of the fight.

(4) A ringside physician may require any boxing contestant who has sustained a severe injury or knockout in a bout to be thoroughly examined by a physician within 24 hours of the bout. The physician shall submit his findings to the Commission. Upon the physician's recommendation, the Commission may prohibit the contestant from boxing until the contestant is fully recovered and may extend any such suspension imposed.

(5) All medical reports that are submitted to the Commission relative to a physical examination or the condition of a boxing contestant shall be confidential and shall be open for examination only by the Commission and the licensed contestant upon the contestant's request to examine the records or upon the order of a court of competent jurisdiction.

(6) A boxing contestant who has been knocked out or who received excessive hard blows to the head that made him defenseless or incapable of continuing shall not be permitted to take part in competitive or noncompetitive boxing for a period of not less than 60 days. Noncompetitive boxing shall include any contact training in the gymnasium. It shall be the responsibility of the boxing contestant's manager and seconds to assure that the contestant complies with the provisions of this Rule. Violation of this Rule could result in the indefinite suspension of the contestant and the contestant's manager or second.

(7) A contestant may not resume boxing after any period of rest prescribed in Subsections R859-1-613(1) and (6), unless following a neurological examination, a physician certifies the contestant as fit to take part in competitive boxing. A boxing contestant who fails to secure an examination prior to resuming boxing shall be automatically suspended until the results of the examination have been received by the Commission and the contestant is certified by a physician as fit to compete.

(8) A boxing contestant who has lost six consecutive fights shall be prohibited from boxing again until the Commission has reviewed the results of the six fights or the contestant has submitted to a medical examination by a physician.

(9) A boxing contestant who has suffered a detached retina shall be automatically suspended and shall not be reinstated until the contestant has submitted to a medical examination by an ophthalmologist and the Commission has reviewed the

results of the examination.

(10) A boxing contestant who is prohibited from boxing in other states or jurisdictions due to medical reasons shall be prohibited from boxing in accordance with this Rule. The Commission shall consider the boxing contestant's entire professional record regardless of the state or country in which the contestant's fights occurred.

(11) A boxing contestant or the contestant's manager shall report any change in the contestant's medical condition which may affect the contestant's ability to fight safely. The Commission may, at any time, require current medical information on any contestant.

(2) When one boxing contestant has fallen through the ropes, the other contestant shall retire to the farthest neutral corner and stay there until ordered to continue the contest by the referee.

(3) The referee shall determine if the boxing contestant has fallen through the ropes as a result of a legal blow or otherwise. If the referee determines that the boxing contestant fell through the ropes as a result of a legal blow, he shall warn the contestant that the contestant must immediately return to the ring. If the contestant fails to immediately return to the ring following the warning by the referee, the referee shall begin the count that shall be loud enough to be heard by the contestant.

(6) Referees and judges shall be discreet at all times and shall not discuss their decisions with anyone during a contest.

(7) A decision that is rendered at the termination of a boxing contest shall not be changed without a hearing, unless it is determined that the computation of the scorecards of the referee and judges shows a clerical or mathematical error giving the decision to the wrong contestant. If such an error is found, the Commission may change the decision.

(8) After a contest, the scorecards collected by the designated Commission member shall be maintained by the Commission.

(9) If a referee becomes incapacitated, a time-out shall be called and the other referee who is assigned to the contest shall assume the duties of the referee.

(8) A second may indicate to the referee that the second's boxing contestant cannot continue and that the contest should be stopped. Only verbal notification or hand signals may be used; the throwing of a towel into the ring does not indicate the defeat of the second's boxing contestant.

A. "Total sales" means the total amount of all cash, credit, installment, and conditional sales made during the period covered by the return.

B. Amounts shown on returns must include the total sales

made during the period of the returns, and the tax must be reported and paid upon that basis.

C. Adjustments may be made and credit allowed for cash discounts, returned goods, and bad debts that result from sales upon which the tax has been reported and paid in full by a seller to the Tax Commission.

1. Adjustments and credits will be allowed only if the seller has not been reimbursed in the full amount of the tax except as noted in C.6.a) and can establish that fact by records, receipts or other means.

2. In no case shall the credit be greater than the sales tax on that portion of the purchase price remaining unpaid at the time the goods are returned, the account is charged off.

3. Any refund or credit given to the purchaser must include the related sales tax.

D. Tax is based upon the original price unless adjustments were made prior to the close of the reporting period in which the tax upon the sale is due. If the price upon which the tax is computed and paid is subsequently adjusted, credit may be taken against the tax due on a subsequent return.

E. If a sales tax rate change takes place prior to the reporting period when the seller claims the credit, the seller must adjust the taxable amount so that the amount of tax credited corresponds proportionally to the amount of tax originally collected.

F. Commissions to agents are not deductible under any conditions for purposes of tax computation.

R865-19S-22. Sales and Use Tax Records Pursuant to Utah Code Ann. Section 59-12-111.

A. Every retailer, lessor, lessee, and person doing business in this state or storing, using, or otherwise consuming in this state tangible personal property purchased from a retailer, shall keep and preserve complete and adequate records as may be necessary to determine the amount of sales and use tax for which such person or entity is liable. Unless the Tax Commission authorizes in writing an alternative method of record keeping, these records shall:

1. show gross receipts from sales, or rental payments from leases, of tangible personal property or services performed in connection with tangible personal property made in this state, irrespective of whether the retailer regards the receipts to be taxable or nontaxable;

2. show all deductions allowed by law and claimed in filing returns;

3. show bills, invoices or similar evidence of all tangible personal property purchased for sale, consumption, or lease in this state; and

4. include the normal books of account maintained by an ordinarily prudent business person engaged in such business, together with supporting documents of original entry such as: bills, receipts, invoices, and cash register tapes. All schedules or working papers used in connection with the preparation of tax returns must also be maintained.

B. Records may be microfilmed or microfiched. However, microfilm reproductions of general books of account--such as cash books, journals, voucher registers, ledgers, and like documents--are not acceptable as original records. Where microfilm or microfiche reproductions of supporting records are maintained--such as sales invoices, purchase invoices, credit memoranda and like documents--the following conditions must be met:

1. appropriate facilities must be provided for preservation of the films or fiche for the periods required and open to examination,

2. microfilm rolls and microfiche must be systematically filed, indexed, cross referenced, and labeled to show beginning and ending numbers and to show beginning and ending alphabetical listing of documents included,

3. upon request of the Tax Commission, the taxpayer shall provide transcriptions of any information contained on microfilm or microfiche which may be required for verification of tax liability,

4. proper facilities must be provided for the ready inspection and location of the particular records, including machines for viewing and copying the records,

5. a posting reference must appear on each invoice. Credit memoranda must carry a reference to the document evidencing the original transaction. Documents necessary to support exemptions from tax liability, such as bills of lading and purchase orders, must be maintained in such order so as to relate to exempt transactions claimed.

C. Any automated data processing (ADP) tax accounting system must be capable of producing visible and legible records for verification of taxpayer's tax liability.

1. ADP records shall provide an opportunity to trace any transaction back to the original source or forward to a final total. If detailed printouts are not made of transactions at the time they are processed, the systems must have the ability to reconstruct these transactions.

2. A general ledger with source references should be prepared to coincide with financial reports for tax reporting periods. In cases where subsidiary ledgers are used to support the general ledger accounts, the subsidiary ledgers should also be prepared periodically.

3. The audit trail should be designed so that the details underlying the summary accounting data may be identified and made available to the Tax Commission upon request. The system should be so designed that supporting documents--such as sales invoices, purchase invoices, credit memoranda, and like documents--are readily available.

4. A description of the ADP portion of the accounting system shall be made available. The statements and illustrations as to the scope of operations shall be sufficiently detailed to indicate:

(a) the application being performed;

(b) the procedures employed in each application (which, for example, might be supported by flow charts, block diagrams or other satisfactory description of the input or output procedures); and

(c) the controls used to insure accurate and reliable processing and important changes, together with their effective dates, in order to preserve an accurate chronological record.

D. All records pertaining to transactions involving sales or use tax liability shall be preserved for a period of not less than three years.

E. All of the foregoing records shall be made available for examination on request by the Tax Commission or its authorized representatives.

F. Upon failure of the taxpayer, without reasonable cause, to substantially comply with the requirements of this rule, the Tax Commission may:

1. Prohibit the taxpayer from introducing in any protest or refund claim proceeding those microfilm, microfiche, ADP, or any records which have not been prepared and maintained in substantial compliance with the requirements of this rule.

2. Dismiss any protest or refund claim proceeding in which the taxpayer bases its claim upon any microfilm, microfiche, ADP, or any records which have not been prepared and maintained in substantial compliance with the requirements of this rule.

3. Enter such other order necessary to obtain compliance with this rule in the future.

4. Revoke taxpayer's license upon evidence of continued failure to comply with the requirements of this rule.

R865-19S-23. Exemption Certificates Pursuant to Utah Code Ann. Sections 59-12-106 and 59-12-104.

A. Taxpayers selling tangible personal property or services to customers exempt from sales tax are required to keep records verifying the nontaxable status of those sales.

B. The Tax Commission will furnish samples of acceptable exemption certificate forms on request. Stock quantities are not furnished, but taxpayers may reproduce samples as needed in whole or in part.

C. A seller may retain a copy of a purchase order, check, or voucher in place of the exemption certificate as evidence of exemption for a federal, state, or local government entity, including public schools.

D. If a purchaser is unable to segregate tangible personal property or services purchased for resale from tangible personal property or services purchased for the purchaser's own consumption, everything should be purchased tax-free. The purchaser must then report and pay the tax on the cost of goods or services purchased tax-free for resale that the purchaser uses or consumes.

E. A seller may provide evidence of a sales and use tax exemption electronically if the seller uses the standard sales and use tax exemption form adopted by the governing board of the agreement.

F. A seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurs.

R865-19S-25. Sale of Business Pursuant to Utah Code Ann. Section 59-12-112.

A. Every sales tax license holder who discontinues business, is required to notify the Tax Commission immediately and return the sales tax license for cancellation.

B. Every person discontinuing business shall retain records for a period of three years unless a release from such provision is obtained from the Tax Commission.

R865-19S-27. Retail Sales Defined Pursuant to Utah Code Ann. Sections 59-12-102 and 59-12-103(1)(g).

A. The term retail sale has a broader meaning than the sale of tangible personal property. It includes any transfers, exchanges, or barter whether conditional or for a consideration by a person doing business in such commodity or service, either as a regularly organized principal endeavor or as an adjunct thereto. The price of the service or tangible personal property, the quantity sold, or the extent of the clientele are not factors which determine whether or not it is a retail sale.

B. Retail sale also includes certain leases and rentals of tangible personal property as defined in Rule R865-19S-32, accommodations as defined in Rule R865-19S-79, services performed on tangible personal property as defined in Rules R865-19S-51 and R865-19S-78, services that are part of a sale or repair, admissions as defined in Rules R865-19S-33 and R865-19S-34, sales of meals as defined in Rules R865-19S-61 and R865-19S-62, and sales of certain public utility services.

C. A particular retail sale or portion of the selling price may not be subject to a sales or use tax. The status of the exemption is governed by the circumstances in each case. See other rules for specific and general exemption definitions, Rule R865-19S-30 for definition of sales price and Rule R865-19S-72 covering trade-ins.

R865-19S-29. Wholesale Sale Defined Pursuant to Utah Code Ann. Section 59-12-102.

A. "Wholesale sale" means any sale by a wholesaler, retailer, or any other person, of tangible personal property or services to a retailer, jobber, dealer, or another wholesaler for resale.

1. All sales of tangible personal property or services which enter into and become an integral or component part of tangible personal property or product which is further manufactured or

compounded for sale, or the container or the shipping case thereof, are wholesale sales.

2. All sales of poultry, dairy, or other livestock feed and the components thereof and all seeds and seedlings are deemed to be wholesale sales where the eggs, milk, meat, or other livestock products, plants, or plant products are produced for resale.

3. Sprays and insecticides used in the control of insect pests, diseases, and weeds for the commercial production of fruit, vegetables, feeds, seeds, and animal products shall be wholesale sales. Also baling ties and twine for baling hay and straw and fuel sold to farmers and agriculture producers for use in heating orchards and providing power in off-highway type farm machinery shall be wholesale sales.

B. Tangible personal property or services which are purchased by a manufacturer or compounder which do not become and remain an integral part of the article being manufactured or compounded are subject to sales or use tax.

1. For example, sales to a knitting factory of machinery, lubricating oil, pattern paper, office supplies and equipment, laundry service, and repair labor are for consumption and are taxable. These services and tangible personal property do not become component parts of the manufactured products. On the other hand, sales of wool, thread, buttons, linings, and yarns, to such a manufacturer that do become component parts of the products manufactured are not taxable.

C. The price of tangible personal property or services sold or the quantity sold are not factors which determine whether or not the sale is a wholesale sale.

D. All vendors who make wholesale sales are required to obtain an exemption certificate from the purchaser as evidence of the nature of the sale, as required by Rule R865-19S-23.

R865-19S-30. Sale of a Vehicle or Vessel by a Person Not Regularly Engaged in Business Pursuant to Utah Code Ann. Section 59-12-104.

A. This rule provides guidance on the sale of a vehicle or vessel by a person not regularly engaged in business for purposes of Subsections 59-12-104(13) and (18).

B. For purposes of calculating sales and use tax on the sale of a vehicle where no trade in was involved, the bill of sale or other written evidence of value shall contain the names and addresses of the purchaser and the seller, and the sales price and vehicle identification number of the vehicle.

C. For purposes of calculating sales and use tax on the sale of a vehicle when the seller has received a trade-in vehicle as payment or partial payment, the bill of sale or other written evidence of value shall contain all of the following:

1. the names and addresses of the buyer and the seller;
2. the purchase price of the vehicle;
3. the value allowed for the trade-in vehicle;
4. the net difference between the vehicle traded and the vehicle purchased;

5. the signature of the seller; and
6. the vehicle identification numbers of the vehicle traded in and the vehicle purchased.

D. In the absence of a bill of sale or other written evidence of value, the fair market value of the vehicle or vessel shall be determined by industry accepted vehicle pricing guides.

R865-19S-31. Time and Place of Sale Pursuant to Utah Code Ann. Section 59-12-102.

A. Ordinarily, the time and place of a sale are determined by the contract of sale between the seller and buyer. The intent of the parties is the governing factor in determining both time and place of sale subject to the general law of contracts. If the contract of sale requires the seller to deliver or ship goods to a buyer, title to the property passes upon delivery to the place agreed upon unless the contract of sale provides otherwise.

R865-19S-32. Leases and Rentals Pursuant to Utah Code Ann. Section 59-12-103.

(1) The lessor shall compute sales or use tax on all amounts received or charged in connection with a lease or rental of tangible personal property.

(2) When a lessee has the right to possession, operation, or use of tangible personal property, the tax applies to the amount paid pursuant to the lease agreement, regardless of the duration of the agreement.

(3) Lessors of tangible personal property shall furnish an exemption certificate when purchasing tangible personal property subject to the sales or use tax on rental receipts. Costs of repairs and renovations to tangible personal property are exempt if paid for by the lessor since it is assumed that those costs are recovered by the lessor in his rental receipts.

(4) A person that furnishes tangible personal property along with an operator, as described in the definition of lease or rental in Section 59-12-102, provides a service and shall:

(a) pay sales and use tax at the time that person purchases the tangible personal property that is furnished under this Subsection (4); and

(b) collect sales and use tax at the time that person provides the service if the service is subject to sales and use tax.

R865-19S-33. Admissions and User Fees Pursuant to Utah Code Ann. Sections 59-12-102 and 59-12-103.

A. "Admission" means the right or privilege to enter into a place. Admission includes the amount paid for the right to use a reserved seat or any seat in an auditorium, theater, circus, stadium, schoolhouse, meeting house, or gymnasium to view any type of entertainment. Admission also includes the right to use a table at a night club, hotel, or roof garden whether such charge is designated as a cover charge, minimum charge, or any such similar charge.

1. This applies whether the charge made for the use of the seat, table, or similar accommodation is combined with an admission charge to form a single charge, or is separate and distinct from an admission charge, or is the sole charge.

B. "Annual membership dues paid to a private organization" includes only those dues paid by members who, directly or indirectly, establish the level of the dues.

C. "Season passes" include amounts paid to participate in specific activities, once annual membership dues have been paid.

D. If the original admission charge carries the right to remain in a place, or to use a seat or table, or other similar accommodation for a limited time only, and an additional charge is made for an extension of such time, the extra charge is paid for admission within the meaning of the law. Where a person or organization acquires the sole right to use any place or the right to dispose of all of the admissions to any place for one or more occasions, the amount paid is not subject to the tax on admissions. Such a transaction constitutes a rental of the entire place and if the person or organization in turn sells admissions, sales tax applies to amounts paid for such admissions.

E. Annual membership dues may be paid in installments during the year.

F. Amounts paid for the following activities are not admissions or user fees:

1. lessons, public or private;

2. sign up for amateur athletics if the activity is sponsored by a state governmental entity, or a nonprofit corporation or organization, the primary purpose of which, as stated in the corporation's or organization's articles or bylaws, is the sponsoring, promoting, and encouraging of amateur athletics;

3. sign up for participation in school activities. Sign up for participation in school activities excludes attendance as a spectator at school activities.

G. If amounts charged for activities listed in F. are billed

along with admissions or user fees, the amounts not subject to the sales tax must be listed separately on the invoice in order to remain untaxed.

R865-19S-34. Admission to Places of Amusement Pursuant to Utah Code Ann. Section 59-12-103.

(1)(a) The amount paid for admission is subject to sales and use tax, even though that amount includes the right of the purchaser to participate in some activity.

(b) For example, the sale of a ticket for a ride upon a mechanical device is an admission to a place of amusement.

(2)(a) Additional charges for the rental of tangible personal property are subject to sales and use tax as the sale of tangible personal property.

(b) For example:

(i) towel rentals and swimming suit rentals at a swimming pool are subject to sales and use tax;

(ii) locker rental fees at a swimming pool are subject to sales tax if the lockers are tangible personal property.

R865-19S-35. Residential or Commercial Use of Gas, Electricity, Heat, Coal, Fuel Oils or Other Fuels Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

A. "Residential use" is as defined in Section 59-12-102, and includes use in nursing homes or other similar establishments that serve as the permanent residence for a majority of the patients because they are unable to live independently.

B. Explosives or material used as active ingredients in explosive devices are not fuels.

C. If a firm has activities that are commercial and industrial and all fuels are furnished at given locations through single meters, the predominant use of the fuels shall determine taxable status of the fuels.

D. Fuel oil and other fuels must be used in a combustion process in order to qualify for the exemption from sales tax for industrial use of fuels pursuant to Section 59-12-104.

R865-19S-37. Exempt Sales of Commercials, Audio Tapes, and Video Tapes by or to Motion Pictures Exhibitors and Distributors Pursuant to Utah Code Ann. Section 59-12-104.

A. The purpose of this rule is to clarify the sales tax exemption for sales of commercials, motion picture films, prerecorded audio program tapes or records, and prerecorded video tapes by a producer, distributor, or studio to a motion picture exhibitor, distributor, or commercial television or radio broadcaster.

B. Definitions.

1. "Commercials," "audio tapes," and "video tapes" mean tapes, films, or discs used by television or radio stations in regular broadcasting activities but do not include blank tapes purchased for newscasts or other similar uses by radio and television stations.

2. "Motion picture exhibitor" means any person engaged in the business of operating a theater or establishment in which motion pictures are regularly exhibited to the public for a charge.

3. "Distributor" means any person who purchases or sells motion picture films and video tapes that are used by a commercial television broadcaster or a motion picture exhibitor.

C. The sales tax exemption will be administered according to the provisions of Section 59-12-104 and this rule.

R865-19S-38. Isolated or Occasional Sales and Use Tax Exemption Pursuant to Utah Code Ann. Section 59-12-104.

(1) "Isolated or occasional sales and use tax exemption" means a sale that qualifies for the sales and use tax exemption for the sale of tangible personal property by a person:

(a) regardless of the number of sales of that tangible

personal property by that person; and

(b) not regularly engaged in the business of selling that type of property.

(2)(a) Except as provided in Subsection (2)(b), sales made by officers of a court, pursuant to court orders, qualify for the isolated or occasional sales and use tax exemption.

(b) Sales made by trustees, receivers, or assignees in connection with the liquidation or conduct of a regularly established place of business do not qualify for the isolated or occasional sales and use tax exemption.

(c) Examples of sales made by officers of a court pursuant to court order, that qualify for the isolated or occasional sales and use tax exemption are sales made by sheriffs in foreclosing proceedings and sales of confiscated property.

(3) If a business regularly sells a type of property, sales of that type of property do not qualify for the isolated or occasional sales and use tax exemption, even if the primary purpose of the business is not the sale of that type of property. For example, the sale of repossessed radios or refrigerators by a finance company do not qualify for the isolated or occasional sales and use tax exemption.

(4)(a) Except as provided in Subsection (4)(b), sales of vehicles required to be titled or registered under the laws of this state do not qualify for the isolated or occasional sales and use tax exemption.

(b) The transfer of a vehicle where the ownership of the vehicle before and after the transfer is at least 80 percent the same qualifies for the isolated or occasional sales and use tax exemption.

(5) Sales that qualify for the isolated or occasional sales and use tax exemption include sales that occur as part of:

(a) the reorganization, sale, or liquidation of a business so long as those sales do not include items purchased exempt from sales tax as a sale for resale;

(b) a garage sale if:

(i) the person selling the items at the garage sale is not regularly engaged in selling that type of property; and

(ii) the items sold at the garage sale were not purchased exempt from sales tax as a sale for resale; and

(c) the sale of business assets that are:

(i) not purchased sales tax exempt by the business as a sale for resale; and

(ii) a type of property not regularly sold by the business.

(6) An example of a sale that qualifies for the sales and use tax exemption under Subsection (5)(a) is a sale, even if it is one of a series of sales, to liquidate the fixtures and equipment of a manufacturing company.

(7) Examples of sales that qualify for the sales and use tax exemption under Subsection (5)(c) include the sale by a:

(a) grocery store of its cash registers, shelves, and fixtures;

(b) law firm of its furniture; and

(c) manufacturer of its used manufacturing equipment.

(8) Sales of items at public auctions generally do not qualify for the isolated or occasional sales and use tax exemption.

R865-19S-40. Exchange of Agricultural Produce For Processed Agricultural Products Pursuant to Utah Code Ann. Section 59-12-102.

A. When a raiser or grower of agricultural products exchanges his produce for a more finished product capable of being made from the produce exchanged with the processor, the more finished product is not subject to the tax within limitations of the value of the raised produce exchanged.

R865-19S-41. Sales to The United States Government and Its Instrumentalities Pursuant to Utah Code Ann. Sections 59-12-104 and 59-12-106.

A. Sales to the United States government are exempt if

federal law or the United States Constitution prohibits the collection of sales or use tax.

B. If the United States government pays for merchandise or services with funds held in trust for nonexempt individuals or organizations, sales tax must be charged.

C. Sales made directly to the United States government or any authorized instrumentality thereof are not taxable, provided the sale is paid for directly by the federal government. If an employee of the federal government pays for the purchase with his own funds and is reimbursed by the federal government, that sale is not made to the federal government and does not qualify for the exemption.

D. Vendors making exempt sales to the federal government are subject to the recordkeeping requirements of Tax Commission rule R865-19S-23.

R865-19S-42. Sales to The State of Utah and Its Subdivisions Pursuant to Utah Code Ann. Section 59-12-104.

A. Sales made to the state of Utah, its departments and institutions, or to its political subdivisions such as counties, municipalities, school districts, drainage districts, irrigation districts, and metropolitan water districts are exempt from tax if the purchase is for use in the exercise of an essential governmental function.

B. A sale is considered made to the state, its departments and institutions, or to its political subdivisions if the purchase is paid for directly by the purchasing state or local entity. If an employee of a state or local entity pays for a purchase with his own funds and is reimbursed by the state or local entity, that sale is not made to the state or local entity and does not qualify for the exemption.

C. Vendors making exempt sales to the state, its departments and institutions, or to its political subdivisions are subject to the recordkeeping requirements of Tax Commission rule R865-19S-23.

R865-19S-43. Sales to or by Religious and Charitable Institutions Pursuant to Utah Code Ann. Section 59-12-104.

A. In order to qualify for an exemption from sales tax as a religious or charitable institution, an organization must be recognized by the Internal Revenue Service as exempt from tax under Section 501(c)(3) of the Internal Revenue Code.

B. Religious and charitable institutions must collect sales tax on any sales income arising from unrelated trades or businesses and report that sales tax to the Tax Commission unless the sales are otherwise exempted by law.

1. The definition of the phrase "unrelated trades or businesses" shall be the definition of that phrase in 26 U.S.C.A. Section 513 (West Supp. 1993), which is adopted and incorporated by reference.

C. Every institution claiming exemption from sales tax under this rule must submit form TC-160, Application for Sales Tax Exemption Number for Religious or Charitable Institutions, along with any other information that form requires, to the Tax Commission for its determination. Vendors making sales to institutions exempt from sales tax are subject to the requirements of Rule R865-19S-23.

R865-19S-44. Sales In Interstate Commerce Pursuant to Utah Code Ann. Section 59-12-104.

A. Sales made in interstate commerce are not subject to the sales tax imposed. However, the mere fact that commodities purchased in Utah are transported beyond its boundaries is not enough to constitute the transaction of a sale in interstate commerce. When the commodity is delivered to the buyer in this state, even though the buyer is not a resident of the state and intends to transport the property to a point outside the state, the sale is not in interstate commerce and is subject to tax.

B. Before a sale qualifies as a sale made in interstate

commerce, the following must be complied with:

1. the transaction must involve actual and physical movement of the property sold across the state line;

2. such movement must be an essential and not an incidental part of the sale;

3. the seller must be obligated by the express or unavoidable implied terms of the sale, or contract to sell, to make physical delivery of the property across a state boundary line to the buyer;

C. Where delivery is made by the seller to a common carrier for transportation to the buyer outside the state of Utah, the common carrier is deemed to be the agent of the vendor for the purposes of this section regardless of who is responsible for the payment of the freight charges.

D. If property is ordered for delivery in Utah from a person or corporation doing business in Utah, the sale is taxable even though the merchandise is shipped from outside the state to the seller or directly to the buyer.

R865-19S-48. Sales Tax Exemption For Coverings and Containers Pursuant to Utah Code Ann. Section 59-12-104.

A. Sales of containers, labels, bags, shipping cases, and casings are taxable when:

1. sold to the final user or consumer;

2. sold to a manufacturer, processor, wholesaler, or retailer for use as a returnable container that is ordinarily returned to and reused by the manufacturer, processor, wholesaler, or retailer for storing or transporting their product; or

3. sold for internal transportation or accounting control purposes.

B. Returnable containers may include water bottles, carboys, drums, beer kegs for draft beer, dairy product containers, and gas cylinders.

1. Labels used for accounting, pricing, or other control purposes are also subject to tax.

C. For the purpose of this rule, soft drink bottles and similar containers that are ultimately destroyed or retained by the final user or consumer are not considered returnable and are exempt from the tax when purchased by the processor.

D. When tangible personal property sold in containers, for example soft drinks, is assessed a deposit or other container charge, that charge is subject to the tax. Upon refund of this charge, the retailer may take credit on a sales tax return if the tax is refunded to the customer.

R865-19S-49. Sales to and by Farmers and Other Agricultural Producers Pursuant to Utah Code Ann. Section 59-12-104.

(1)(a) For purposes of the sales and use tax exemption for tangible personal property used or consumed primarily and directly in farming operations, a person is engaged in "farming operations" if that person may deduct farm related expenses under Sections 162 or 212, Internal Revenue Code.

(b) To determine whether a person may deduct farm related expenses under Sections 162 or 212 of the Internal Revenue Code, the commission shall consider Treas. Reg. Sections 1.183-1 and 1.183-2.

(2) The purchase of feed, medicine, and veterinary supplies by a farmer or other agricultural producer qualify for the sales and use tax exemption for tangible personal property used or consumed primarily and directly in farming operations if the feed, medicine, or veterinary supplies are used:

(a) to produce or care for agricultural products that are for sale;

(b) to feed or care for working dogs and working horses in agricultural use;

(c) to feed or care for animals that are marketed.

(3) Fur-bearing animals that are kept for breeding or for their products are agricultural products.

(4) A vendor making sales to a farmer or other agricultural producer is liable for the tax unless that vendor obtains from the purchaser a certificate as set forth in Rule R865-19S-23.

(5) Poultry, eggs, and dairy products are not seasonal products for purposes of the sales and use tax exemption for the exclusive sale of seasonal crops, seedling plants, or garden, farm, or other agricultural produce sold during the harvest season.

R865-19S-50. Florists Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

A. Flowers, trees, bouquets, plants, and other similar items of tangible personal property are agricultural products and are, therefore, subject to the rules concerning the sale of those products as set forth in Rule R865-19S-49.

B. Where florists conduct transactions through a florist telegraphic delivery association, the following rules apply in computation of tax liability:

1. the florist must collect tax from the customer if the flower order is telegraphed to a second florist in Utah;

2. if a Utah florist receives an order pursuant to which he gives telegraphic instructions outside Utah, the Utah florist must collect tax from his customer upon the total charges;

3. if a Utah florist receives telegraphic instructions from a florist either within or outside of Utah for the delivery of flowers, the receiving vendor is not liable for the tax. In this instance, if the order originated in Utah, the tax is due from and payable by the Utah florist who first received the order.

R865-19S-51. Fabrication Labor in Connection With Retail Sales of Tangible Personal Property Pursuant to Utah Code Ann. Section 59-12-103.

A. The amount charged for fabrication that is part of the process of creating a finished article of tangible personal property must be included in the amount upon which tax is collected. This type of labor and service charge may not be deducted from the selling price used for taxation purposes even though billed separately to the consumer and regardless of whether the articles are commonly carried in stock or made up on special order.

B. Casting, forging, cutting, drilling, heat treating, surfacing, machining, constructing, and assembling are examples of steps in the process resulting in the creation or production of a finished article.

C. Sale of tangible personal property that is attached to real property, but remains personal property, is subject to sales tax on the retail selling price of the personal property, unless the tangible personal property attached to the real property is exempt from sales and use tax under Section 59-12-104.

D. This rule primarily covers manufacturing and assembling labor. Other rules deal with other types of labor and should be referred to whenever necessary.

R865-19S-53. Sale by Finance Companies Pursuant to Utah Code Ann. Section 59-12-102.

A. Sales of tangible personal property acquired by repossession or foreclosure are subject to tax. Persons making such sales must secure a license and collect and remit tax on the sales made.

R865-19S-54. Governmental Exemption Pursuant to Utah Code Ann. Section 59-12-104.

A. Tax does not apply to sales to the state of Utah, or to any political subdivision of the state, where such property is for use in the exercise of an essential governmental function. Also, certain sales are not taxed because of federal law or the United States Constitution.

B. Sales to the following state and federal agencies, institutions, and instrumentalities are exempt:

1. federal agencies and instrumentalities
 2. state institutions and departments
 3. counties
 4. municipalities
 5. school districts, public schools
 6. special taxing districts
 7. federal land banks

 5. state building and loan associations
 6. private irrigation companies
 7. rural electrification projects

R865-19S-56. Sales by Employers to Employees Pursuant to Utah Code Ann. Section 59-12-102.

A. Sales to employees are subject to tax on the amount charged for goods and taxable services. If tangible personal property is given to employees with no charge, the employer is deemed to be the consumer and must pay tax on his cost of the merchandise. Examples of this type of transaction are meals furnished to waitresses and other employees, contest prizes given to salesmen, merchandise bonuses given to clerks, and similar items given away.

R865-19S-57. Ice Pursuant to Utah Code Ann. Sections 59-12-102 and 59-12-103.

A. In general, sales of ice to be used by the purchaser for refrigeration or cooling purposes are taxable. Sales to restaurants, taverns, or the like to be placed in drinks consumed by customers at the place of business are sales for resale and are not taxable.

B. Where ice is sold in fulfillment of a contract for icing or reicing property in transit by railroads or other freight lines, the entire amount of the sale is taxable, and no deduction for services is allowed.

R865-19S-58. Materials and Supplies Sold to Owners, Contractors and Repairmen of Real Property Pursuant to Utah Code Ann. Sections 59-12-102 and 59-12-103.

(1) Sales of construction materials and other items of tangible personal property to real property contractors and repairmen of real property are generally subject to tax if the contractor or repairman converts the materials or items to real property.

(a) "Construction materials" include items of tangible personal property such as lumber, bricks, nails and cement that are used to construct buildings, structures or improvements on the land and typically lose their separate identity as personal property once incorporated into the real property.

(b) Fixtures or other items of tangible personal property such as furnaces, built-in air conditioning systems, built-in appliances, or other items that are appurtenant to or incorporated into real property and that become an integral part of a real property improvement are treated as construction materials for purposes of this rule.

(2) The sale of real property is not subject to sales tax, nor is the labor performed on real property. For example, the sale of a completed home or building is not subject to the tax, but sales of materials and supplies to contractors for use in building the home or building are taxable transactions as sales to final consumers.

(a) The contractor or repairman who converts the personal property to real property is the consumer of tangible personal property regardless of the type of contract entered into--whether it is a lump sum, time and material, or a cost-plus contract.

(b) Except as otherwise provided in Subsection (2)(d), the contractor or repairman who converts the construction materials, fixtures or other items to real property is the consumer of the personal property whether the contract is performed for an individual, a religious or charitable institution, or a government entity.

(c) Sales of construction materials or fixtures made to religious or charitable institutions are exempt only if the items are sold as tangible personal property.

(d) Sales of materials are considered made to religious or charitable institutions and, therefore, exempt from sales tax, if:

(i) the religious or charitable institution makes payment for the materials directly to the vendor; or

(ii)(A) the materials are purchased on behalf of the religious or charitable institution.

(B) Materials are purchased on behalf of the religious or charitable institution if the materials are clearly identified and segregated and installed or converted to real property owned by the religious or charitable institution.

(e) Purchases not made pursuant to Subsection (2)(d) are assumed to have been made by the contractor and are subject to sales tax.

(3) If the contractor or repairman purchases all materials and supplies from vendors who collect the Utah tax, no sales tax license is required unless the contractor makes direct sales of tangible personal property in addition to the work on real property.

(a) If direct sales are made, the contractor shall obtain a sales tax license and collect tax on all sales of tangible personal property to final consumers.

(b) The contractor must accrue and remit tax on all merchandise bought tax-free and converted to real property. Books and records must be kept to account for both material sold and material consumed.

(4) This rule does not apply to contracts where the retailer sells and installs personal property that does not become part of the real property. Examples of items that remain tangible personal property even when attached to real property are:

(a) moveable items that are attached to real property merely for stability or for an obvious temporary purpose;

(b) manufacturing equipment and machinery and essential accessories appurtenant to the manufacturing equipment and machinery;

(c) items installed for the benefit of the trade or business conducted on the property that are affixed in a manner that facilitates removal without substantial damage to the real property or to the item itself and

(d) telephone or communications equipment and associated wire and lines if the equipment, wire, and lines:

(i) are provided as part of a single transaction;

(ii) that are part of real property are an incidental portion of the transaction;

(iii) are primarily used for the operation of a telephone system or a communications system;

(iv) are installed for the benefit of the trade or business conducted on the property; and

(v) are attached to real property in a manner such that their removal from the real property does not cause substantial damage to the equipment, wire, or lines or to the real property

to which they are attached.

R865-19S-59. Sales of Materials and Services to Repairmen Pursuant to Utah Code Ann. Section 59-12-103.

A. Sales of tangible personal property and services to persons engaged in repairing or renovating tangible personal property are for resale, provided the tangible personal property or service becomes a component part of the repair or renovation sold. For example, paint sold to a body and fender shop and used to paint an automobile is exempt from sales tax since it becomes a component part of the repair work.

1. Sandpaper, masking tape, and similar supplies are subject to sales tax when sold to a repairman since these items are consumed by the repairman rather than being sold to his customer as an ingredient part of the repair job. These items shall be taxed at the time of sale if it is known that they are to be consumed. However, if this is not determinable at the time of sale, these items should be purchased tax free, as set forth in Rule R865-19S-23 and sales tax reported on the repairman's sales tax return covering the period during which consumption takes place.

R865-19S-60. Sales of Machinery, Fixtures and Supplies to Manufacturers, Businessmen and Others Pursuant to Utah Code Ann. Section 59-12-103.

A. Unless specifically exempted by statute, sales of machinery, tools, equipment, and supplies to a manufacturer or producer are taxable.

B. Sales of furniture, supplies, stationery, equipment, appliances, tools, and instruments to stores, shops, businesses, establishments, offices, and professional people for use in carrying on their business and professional activities are taxable.

C. Sales of trade fixtures to a business owner are taxable as sales of tangible personal property even if the fixtures are temporarily attached to real property.

1. Trade fixtures are items of tangible personal property used for the benefit of the business conducted on the property.

2. Trade fixtures tend to be transient in nature in that the fixtures installed in a commercial building may vary from one tenant to the next without substantial alteration of the building, and the building itself is readily adaptable to multiple uses.

3. Examples of trade fixtures include cases, shelves and racks used to store or display merchandise.

D. Sales described in A. through C. of this rule are sales to final buyers or ultimate consumers and therefore not sales for resale.

R865-19S-61. Meals Furnished Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

A. The following definitions apply to the sales and use tax exemption authorized under Section 59-12-104 for inpatient meals provided at a medical facility or nursing facility.

1. "Medical facility" means a facility:

a) described in SIC codes 8062 through 8069 of the 1987 Standard Industrial Classification Manual of the federal Executive Office of the President, Office of Management and Budget; and

b) licensed under Section 26-21-8.

2. "Nursing facility" means a facility:

a) described in SIC codes 8051 through 8059 of the 1987 Standard Industrial Classification Manual of the federal Executive Office of the President, Office of Management and Budget; and

b) licensed under Section 26-21-8.

B. The following definition applies to the sales and use tax exemption authorized under Section 59-12-104 for sales of meals served by an institution of higher education.

1. "Student meal plan" means an arrangement:

a) between an institution of higher education and a

student;

b) available only to a student;

c) whose duration is the entire term, semester, or similar unit of study;

d) paid in advance of the term, semester, or similar unit of study; and

e) providing for specified meals at eating facilities of the institution of higher education.

C. Except as provided in Section 59-12-104, sales and use tax is imposed upon the amount paid for meals furnished by any restaurant, cafeteria, eating house, hotel, drug store, diner, private club, boarding house, or other place, regardless of whether meals are regularly served to the public.

D. Ingredients that become a component part of meals subject to tax are construed to be purchased for resale, and as such the purchase of those ingredients is exempt from sales and use tax.

E. Where a meal is given away on a complementary basis, the provider of the meal is considered to be the consumer of the items used in preparing the meal.

F. Meals served by religious or charitable institutions and institutions of higher education are not available to the general public if:

1. access to the restaurant, cafeteria, or other facility is restricted to:

a) in the case of a religious or charitable institution:

(1) employees of the institution;

(2) volunteers of the institution;

(3) guests of the institution; and

(4) other individuals that constitute a limited class of people; or

b) in the case of an institution of higher education:

(1) students of the institution;

(2) employees of the institution;

(3) guests of the institution; and

(4) other individuals that constitute a limited class of people; and

2. the restricted access is enforced.

G. Sales of meals at occasional church or charity bazaars or fund raisers, and other similar functions are considered isolated and occasional sales and therefore exempt from sales and use tax.

R865-19S-62. Meal Tickets, Coupon Books, and Merchandise Cards Pursuant to Utah Code Ann. Section 59-12-103.

A. Meal tickets, coupon books, or merchandise cards sold by persons engaged in selling taxable commodities or services are taxable, and the tax shall be billed or collected on the selling price at the time the tickets, books, or cards are sold. Tax is to be added at the subsequent selection and delivery of the merchandise or services if an additional charge is made.

R865-19S-63. Sales of Memorial Markers Pursuant to Utah Code Ann. Section 59-12-103.

A. Sales of tombstones and grave markers, which are embedded in sod or a concrete foundation, are considered to be improvements to real property. If the seller furnishes and installs the marker, tax applies to his cost of the marker and to his cost of installation material. If the seller does not install the marker, the transaction is a sale of tangible personal property and the seller must collect tax on the full selling price, including cutting, shaping, lettering, and polishing.

R865-19S-64. Morticians, Undertakers and Funeral Directors Pursuant to Utah Code Ann. Section 59-12-103.

A. Morticians, undertakers, and funeral directors make taxable sales of caskets, vaults, clothing, etc. They also render nontaxable services to their patrons. Their purchase of

antiseptics, cosmetics, embalming fluids, and other chemicals used in rendering professional services is taxable.

B. If the books are kept in such a manner as to reflect the sales of tangible personal property separate from the services rendered, the tax attaches only to the sale of tangible personal property. If no separation is made of the tangible personal property and the services rendered, the sales tax is collected upon one-half of the total price of a standard funeral service. This includes the casket, professional services, care of remains, funeral coach, floral car, use of funeral car, use of funeral chapel, and the securing of permits.

1. Clothing, an outside grave vault, and other tangible personal property furnished in addition to the casket must be billed separately and the sales tax collected thereon.

R865-19S-65. Newspapers Pursuant to Utah Code Ann. Section 59-12-103.

A. "Newspaper" means a publication that appears to be a newspaper in the general or common sense. In addition, the publication:

1. must be published at short intervals, daily, or weekly;
2. must not, when its successive issues are put together, constitute a book;
3. must be intended for circulation among the general public; and
4. must contain matters of general interest and report on current events.

B. Purchases of tangible personal property by a newspaper publisher are subject to sales and use tax if the property will be used or consumed in the printing or distribution of the newspaper.

C. A newspaper publisher may purchase tax free for resale any tangible personal property that becomes a component part of the newspaper.

1. Examples of tangible personal property that becomes a component part of the newspaper include newsprint, ink, staples, plastic or paper protective coverings, and rubber bands distributed with the newspaper.

D. Purchases of advertising inserts that will be distributed with a newspaper are exempt from sales and use tax if the inserts are identified with the name and date of distribution of the newspaper. The identification may include a multiple listing of all newspapers that will carry the insert and the corresponding distribution dates.

1. Advertising inserts that are not identified as provided in D. are exempt from sales and use tax if the newspaper maintains a log at its place of business that lists by date and name the inserts included in each publication. The log may reflect all inserts or only the inserts not otherwise identified with the newspaper in accordance with D.

R865-19S-66. Optometrists, Opticians, and Ophthalmologists Pursuant to Utah Code Ann. Section 59-12-103.

A. Optometrists and ophthalmologists are deemed to be persons engaged primarily in rendering personal services. These services consist of the examination and treatment of eyes. Glasses, contact lenses, or other tangible personal property such as sunglasses, or cleaning solutions sold by optometrists and ophthalmologists are taxable and tax must be collected from the patient or buyer. Invoices or receipts must show the charges for personal services separate from the charges for tangible personal property and the sales tax thereon. If an optometrist or ophthalmologist does not provide separate charges for personal services and sales of tangible personal property, sales tax shall be charged on the entire amount.

B. All sales of tangible personal property to optometrists or ophthalmologists for use or consumption in connection with their services are subject to sales or use tax.

C. Opticians are makers of or dealers in optical items and instruments and fill prescriptions written by optometrists and ophthalmologists. Opticians are engaged in the business of selling tangible personal property and personal services rendered by them are considered as merely incidental thereto. Opticians are required to collect the sales tax on all their sales of tangible personal property.

R865-19S-68. Premiums, Gifts, Rebates, and Coupons Pursuant to Utah Code Ann. Sections 59-12-102 and 59-12-103.

A. Donors that give away items of tangible personal property as premiums or otherwise are regarded as the users or consumers of those items and the sale to the donor is a taxable sale. Exceptions to this treatment are items of tangible personal property donated to or provided for use by exempt organizations that would qualify for exemption under R865-19S-43 or R865-19S-54 if a sale of such items were made to them. An item given away as a sales incentive is exempt to the donor if the sale of that item would have been exempt. An example is prescribed medicine given away by a drug manufacturer.

B. When a retailer making a retail sale of tangible personal property that is subject to tax gives a premium together with the tangible personal property sold, the transaction is regarded as a sale of both articles to the purchaser, provided the delivery of the premium is certain and does not depend upon chance.

C. Where a retailer is engaged in selling tangible personal property that is not subject to tax and furnishes a premium with the property sold, the retailer is the consumer of the premium furnished.

D. If a retailer accepts a coupon for part or total payment for a taxable product and is reimbursed by a manufacturer or another party, the total sales value, including the coupon amount, is subject to sales tax.

E. A coupon for which no reimbursement is received is considered to be a discount and the taxable amount is the net amount paid by the customer after deducting the value of the coupon.

F. If a retailer agrees to furnish a free item in conjunction with the sale of an item, the sales tax applies only to the net amount due. If sales tax is computed on both items and only the sales value of the free item is deducted from the bill, excess collection of sales tax results. The vendor is then required to follow the procedure outlined in R865-19S-16 and remit any excess sales tax collected.

G. Any coupon with a fixed price limit must be deducted from the total bill and sales tax computed on the difference. For example, if a coupon is redeemed for two \$6 meals, but the value of the free meal is limited to \$5, the \$12 is rung up and the \$5 deducted, resulting in a taxable sale of \$7.

R865-19S-70. Sales Incidental To The Rendition of Services Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

A. Persons engaged in occupations and professions that primarily involve the rendition of services upon the client's person and incidentally dispense items of tangible personal property are regarded as the consumers of the tangible personal property dispensed with the services.

B. Physicians, dentists, beauticians, and barbers are examples of persons described in A.

R865-19S-72. Trade-ins and Exchanges Pursuant to Utah Code Ann. Section 59-12-102.

A. An even exchange of tangible personal property for tangible personal property is exempt from tax. When a person takes tangible personal property as part payment on a sale of tangible personal property, sales or use tax applies only to any consideration valued in money which changes hands.

B. For example, if a car is sold for \$8,500 and a credit of \$6,500 is allowed for a used car taken in trade, the sales or use tax applies to the difference, or \$2,000 in this example. Subsequently, when the used car is sold, tax applies to the selling price less any trade-in at that time.

C. An actual exchange of tangible personal properties between two persons must be made before the exemption applies. For example, there is no exchange if a person sells his car to a dealer and the dealer holds the credit to apply on a purchase at a later date; there are two separate transactions, and tax applies to the full amount of the subsequent purchase if and when it takes place.

R865-19S-73. Trustees, Receivers, Executors, Administrators, Etc. Pursuant to Utah Code Ann. Section 59-12-103.

A. Trustees, receivers, assignees, executors, and administrators, who -- by virtue of their appointment -- operate, manage, or control a business making taxable sales or leases of tangible personal property, or performing taxable services, must collect and remit sales tax on the total taxable sales even though such sales are made in liquidation.

R865-19S-74. Vending Machines Pursuant to Utah Code Ann. Section 59-12-104.

A. Persons operating vending machines are deemed to be retailers and selling articles of tangible personal property. The total sales from vending machine operations are considered the total selling price of the tangible personal property distributed in connection with their operations and must be reported as the amount of sales subject to tax.

B. Persons operating vending machines selling food, beverages, and dairy products in which the proceeds of each sale do not exceed \$1, and who do not report an amount equal to 150% of the cost of items as goods consumed, are subject to the requirements of A.

C. For purposes of the 150% of cost formula in Section 59-12-104(3), "cost" is defined as follows.

1. In the case of retailers, cost is the total purchase price paid for products, including any packaging and incoming freight.

2. In the case of a manufacturer, cost includes the following items:

- a) acquisition costs of materials and packaging, including freight;
- b) direct manufacturing labor; and
- c) utility expenses, if a sales tax exemption has been granted on utility purchases.

D. Operators of vending machines, if they so desire, may divide the tax out and sell items at fractional parts of a cent, providing their records so indicate.

E. Where machines vending taxable items are owned by persons other than the proprietor of a place of business in which the machine is placed and the person owning the machine has control over the sales made by the machine, evidenced by collection of the money, the owner is required to secure a sales tax license. One license is sufficient for all such machines. A statement in substantially the following form must be conspicuously affixed upon each vending machine:

"This machine is operated under Utah Sales Tax License No. "

R865-19S-75. Sales by Photographers, Photo Finishers, and Photostat Producers and Engravers Pursuant to Utah Code Ann. Section 59-12-103.

A. Photographers, photofinishers, and photostat producers are engaged in selling tangible personal property and rendering services such as developing, retouching, tinting, or coloring photographs belonging to others.

1. Persons described in this rule must collect tax on all of the above services and on all sales of tangible personal property, such as films, frames, cameras, prints, etc.

B. Sales of tangible personal property by photoengravers, electrotypers, and wood engravers to printers, advertisers, or other persons who do not resell such property but use or consume it in the process of producing printed matter are taxable sales. The value or worth of the services or processing which go into their production is of no moment, and it is immaterial that each sale is upon a special order for a particular customer.

1. Electrotypes and engravings are manufactured articles of merchandise and are sold as such and not as a service. No deduction is allowed on account of the cost of the property sold, labor, service, or any other expense.

R865-19S-76. Painters, Polishers, and Car Washers Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

(1) Sales of paint, wax, or other material to persons engaged in the business of painting and polishing of tangible personal property are exempt as sales for resale if the paint, wax, or other material becomes a part of the customer's tangible personal property. However, the vendor of these items must be given a resale certificate as provided for in Rule R865-19S-23.

(2) Sales of soap, washing mitts, polishing cloths, spray equipment, sand paper, and similar items to painters, polishers, and car washes are sales to the final consumer and are subject to tax.

R865-19S-78. Charges for Labor and Repair Under an Extended Warranty Agreement Pursuant to Utah Code Ann. Sections 59-12-103 and 59-12-104.

(1) Sales of extended warranty agreements or service plans are taxable, and tax must be collected at the time of the sale of the agreement. The payment is considered to be for future repair, which would be taxable. If the extended warranty agreement covers parts as well as labor, any parts that are exempt from sales tax pursuant to Section 59-12-104 must be separately stated on the invoice or the entire charge under the extended warranty agreement is taxable. Repairs made under an extended warranty plan are exempt from tax, even if the plan was sold in another state.

(a) Repair parts provided and services rendered under the warranty agreements or service plans are not taxable because the tax is considered prepaid as a result of taxing the sale of the warranty or service plan when it was sold.

(b) If the customer is required to pay for any parts or labor at the time of warranty service, sales tax must be collected on the amount charged to the customer. Sales tax must also be collected on any deductibles charged to customers for their share of the repair work done under the warranty agreement. Parts or materials that are exempt from sales tax pursuant to Section 59-12-104 must be separately stated on the invoice or the entire charge for labor and parts is taxable.

(2) Extended warranties on items of tangible personal property that are converted to real property are not taxable. However, the taxable nature of parts and other items of tangible personal property provided in conjunction with labor under an extended warranty service shall be determined in accordance with R865-19S-58.

R865-19S-79. Tourist Home, Hotel, Motel, or Trailer Court Accommodations and Services Defined Pursuant to Utah Code Ann. Sections 59-12-103, 59-12-301, 59-12-352, and 59-12-353.

A. The following definitions shall be used for purposes of administering the sales tax on accommodations and transient room taxes provided for in Sections 59-12-103, 59-12-301, 59-

12-352, and 59-12-353.

1. "Tourist home," "hotel," or "motel" means any place having rooms, apartments, or units to rent by the day, week, or month.

2. "Trailer court" means any place having trailers or space to park a trailer for rent by the day, week, or month.

3. "Trailer" means house trailer, travel trailer, and tent trailer.

4. "Accommodations and services charges" means any charge made for the room, apartment, unit, trailer, or space to park a trailer, and includes charges made for local telephone, electricity, propane gas, or similar services.

(1) Definitions.

(a)(i) "Pre-press materials" means materials that:

(B) are reusable;

(C) are used in the production of printed matter;

(D) do not become part of the final printed matter; and

(E) are sold to the customer.

(ii) Pre-press materials include film, magnetic media, compact disks, typesetting paper, and printing plates.

(b)(i) "Printer" means a person that reproduces multiple copies of images, regardless of the process employed or the name by which that person is designated.

(ii) A printer includes a person that employs the processes of letterpress, offset, lithography, gravure, engraving, duplicating, silk screen, bindery, or lettership.

(2) Purchases by a printer.

(a)(i) Purchases of tangible personal property by a printer are subject to sales and use tax if the property will be used or consumed by the printer.

(ii) Examples of tangible personal property used or consumed by the printer include conditioners, solvents, developers, and cleaning agents.

(b)(i) A printer may purchase tax free for resale any tangible personal property that becomes a component part of the finished goods for resale.

(ii) Examples of tangible personal property that becomes a component part of the finished goods for resale include glue, stitcher wire, paper, and ink.

(c) A printer may purchase pre-press materials tax free if the printer's invoice, or other written material provided to the purchaser, states that reusable pre-press materials are included with the purchase. A description and the quantity of the actual items used in the order is not necessary. The statement must not restrict the customer from taking physical possession of the pre-press materials.

(d) The tax treatment of a printer's purchase of graphic design services shall be determined in accordance with rule R865-19S-111.

(3) Sales by a printer.

(a) Except as provided in this Subsection (3), a printer shall collect sales and use tax on the following:

(i) charges for printed material, even though the paper may be furnished by the customer;

(ii) charges for envelopes;

(iii) charges for services performed in connection with the printing or the sale of printed matter, such as cutting, folding, and binding;

(iv) charges for pre-press materials purchased tax exempt by the printer; and

(v) charges for reprints and proofs.

(b) Charges for postage are not subject to sales and use tax.

(c) Sales by a printer are exempt from sales and use tax if:

(ii) the printer obtains from the purchaser a certificate as set forth in rule R865-19S-23.

(d) If the printer's customer is purchasing printed material for resale, but will not resell the pre-press materials, the printer must collect sales and use tax on the pre-press materials.

(e) If printed material is shipped outside of the state, charges for pre-press materials are exempt from sales tax as a sale of goods sold in interstate commerce only if the pre-press materials are physically shipped out of state with the printed material. If pre-press materials are retained in the state by the printer for any reason, the pre-press materials do not qualify for the sales tax exemption for goods sold in interstate commerce, and as such, the printer must collect sales tax on the part of the transaction relating to the pre-press materials.

(4) If a sale by a printer consists of items that are subject to sales and use tax as well as items or services that are not taxable, the nontaxable items or services must be separately stated on the invoice or the entire sale is subject to sales and use tax.

R865-19S-81. Sale of Art Pursuant to Utah Code Ann. Section 59-12-103.

A. Art dealers and artists selling paintings, drawings, etchings, statues, figurines, etc., to final consumers must collect tax, whether an object is sold from an inventory or is created upon special order. The value or worth of the services to produce the art object are an integral part of the value of the tangible personal property upon completion and no deduction for such services may be made in determining the amount which is subject to tax.

B. Paints, canvases, frames, sculpture ingredients, and items becoming part of the finished product may be purchased tax-free if used in a painting or other work of art for resale.

1. Brushes, easels, tools, and similar items are consumed by the artist, and tax must be paid on the purchase of these items.

R865-19S-82. Demonstration, Display, and Trial Pursuant to Utah Code Ann. Section 59-12-104.

A. Tangible personal property purchased by a wholesaler or a retailer and held for display, demonstration or trial in the regular course of business is not subject to tax.

Examples of this are a desk bought by an office supply firm and placed in a window display, or an automobile purchased by an auto dealer and assigned to a salesman as a demonstrator. Sales tax applies to any rental charges made to the salesman for use of a demonstrator.

B. Sales tax applies to these charges even though all or part of the charge may be waived if such waiver is dependent upon the salesman performing certain services or reaching a certain sales quota or some similar contingency.

C. Sales tax applies to items purchased primarily for company or personal use and only casually used for demonstration purposes.

1. For example, wreckers or service trucks used by a parts department, are subject to tax even though they are demonstrated occasionally. Also, automobiles assigned to nonsales personnel such as a service manager, an office manager, an accountant, an officer's spouse, or a lawyer are subject to tax.

a. For motor vehicle dealers using certain vehicles withdrawn from inventory for periods not exceeding one year, the tax liability is deemed satisfied if the dealer remits sales or use tax on each such vehicle based on its lease value while so used.

(1) Only motor vehicles provided or assigned to company personnel or to exempt entities qualify for this treatment. For vehicles donated to religious, charitable, or government institutions, see Rule R865-19S-68.

(2) The monthly lease value is the manufacturer's invoice price to the dealer, divided by 60.

(3) Records must be maintained to show when each vehicle is placed in use, to whom assigned or provided, lease value computation, tax remitted, when removed from service and when returned to inventory for resale.

(4) Vehicles used for periods exceeding one year are subject to tax on the dealer's acquisition cost.

2. An exception is an item held for resale in the regular course of business and used for demonstration a substantial amount of time. Records must be maintained to show the manner of demonstration involved if exemption is claimed.

D. Normally, vehicles will not be allowed as demonstrators if they are used beyond the new model year by a new-car dealer or if used for more than six months by a used-car dealer.

1. Tax will apply if these conditions are not met, unless it is shown that these guidelines are not applicable in a given instance. In this case consideration will be given to the circumstances surrounding the need for a demonstrator for a longer period of time.

R865-19S-83. Pollution Control Facilities Pursuant to Utah Code Ann. Section 59-12-104.

A. Since certification of a pollution control facility may not occur until a firm contract has been entered into or construction has begun, tax should be paid on all purchases of tangible personal property or taxable services that become part of a pollution control facility until the facility is certified, and invoices and records should be retained to show the amount of tax paid. Upon verification of the amount of tax paid for pollution control facilities and verification that a certificate has been obtained, the Tax Commission will refund the taxes paid on these purchases.

1. Claims for refund of tax paid prior to certification must be filed within 180 days after certification of a facility. Refund claims filed within this time period will have interest added at the rate prescribed in Section 59-1-402 from the date of the overpayment.

2. If claims for refund are not filed within 180 days after certification of a facility, it is assumed the delay was for investment purposes, and interest shall be added at the rate prescribed in Section 59-1-402 however, interest will not begin to accrue until 30 days after receipt of the refund request.

B. After the facility is certified, qualifying purchases should be made without paying tax by providing an exemption certificate to the vendor.

1. If sales tax is paid on qualifying purchases for certified pollution control facilities, it will be deemed that the overpayment was made for the purpose of investment. Accordingly, interest, at the rate prescribed in Section 59-1-402, will not begin to accrue until 30 days after receipt of the refund request.

C. In the event part of the pollution control facility is constructed under a real property contract by someone other than the owner, the owner should obtain a statement from the contractor certifying the amount of Utah sales and use tax paid by the contractor and the location of the vendors to whom tax was paid, and the owner will then be entitled to a refund of the tax paid and included in the contract.

D. The owner shall apply to the Tax Commission for a refund using forms furnished by the Tax Commission. The claim for refund must contain sufficient information to support the amount claimed for credit and show that the tax has in fact been paid.

E. The owner shall retain records to support the claim that the project is qualified for the exemption.

R865-19S-85. Sales and Use Tax Exemptions for Certain

Purchases by a Manufacturing Facility Pursuant to Utah Code Ann. Section 59-12-104.

(1) Definitions:

(a) "Establishment" means an economic unit of operations, that is generally at a single physical location in Utah, where qualifying manufacturing processes are performed. If a business operates in more than one location (e.g., branch or satellite offices), each physical location is considered separately from any other locations operated by the same business.

(b) "Machinery and equipment" means:

(i) electronic or mechanical devices incorporated into a manufacturing process from the initial stage where actual processing begins, through the completion of the finished end product, and including final processing, finishing, or packaging of articles sold as tangible personal property. This definition includes automated material handling and storage devices when those devices are part of the integrated continuous production cycle; and

(ii) any accessory that is essential to a continuous manufacturing process. Accessories essential to a continuous manufacturing process include:

(A) bits, jigs, molds, or devices that control the operation of machinery and equipment; and

(B) gas, water, electricity, or other similar supply lines installed for the operation of the manufacturing equipment, but only if the primary use of the supply line is for the operation of the manufacturing equipment.

(c) "Manufacturer" means a person who functions within a manufacturing facility.

(2) The sales and use tax exemption for the purchase or lease of machinery and equipment by a manufacturing facility applies only to purchases or leases of tangible personal property used in the actual manufacturing process.

(a) The exemptions do not apply to purchases of real property or items of tangible personal property that become part of the real property in which the manufacturing operation is conducted.

(b) Purchases of qualifying machinery and equipment are treated as purchases of tangible personal property under R865-19S-58, even if the item is affixed to real property upon installation.

(3) Machinery and equipment used for a nonmanufacturing activity qualify for the exemption if the machinery and equipment are primarily used in manufacturing activities. Examples of nonmanufacturing activities include:

(a) research and development;

(b) refrigerated or other storage of raw materials, component parts, or finished product; or

(c) shipment of the finished product.

(4) Where manufacturing activities and nonmanufacturing activities are performed at a single physical location, machinery and equipment purchased for use in the manufacturing operation are eligible for the sales and use tax exemption if the manufacturing operation constitutes a separate and distinct manufacturing establishment.

(a) Each activity is treated as a separate and distinct establishment if:

(i) no single SIC code includes those activities combined; or

(ii) each activity comprises a separate legal entity.

(b) Machinery and equipment used in both manufacturing activities and nonmanufacturing activities qualify for the exemption only if the machinery and equipment are primarily used in manufacturing activities.

(5) The manufacturer shall retain records to support the claim that the machinery and equipment are qualified for exemption from sales and use tax under the provisions of this rule and Section 59-12-104.

(6) If a purchase consists of items that are exempt from

sales and use tax under this rule and Section 59-12-104, and items that are subject to tax, the tax exempt items must be separately stated on the invoice or the entire purchase will be subject to tax.

R865-19S-86. Monthly Payment of Sales Taxes Pursuant to Utah Code Ann. Section 59-12-108.

c) cashier's check drawn on the bank in which the Tax Commission deposits sales tax receipts.

2. "Fiscal year" means the year commencing on July 1 and ending the following June 30.

3. "Mandatory filer" means a seller that meets the threshold requirements for monthly filing and remittance of sales taxes or for electronic funds transfer (EFT) remittance of sales taxes.

4. For purposes of the monthly filing and the electronic remittance of sales taxes, the term "tax liability for the previous year" means the tax liability for the previous calendar year.

B. The determination that a seller is a mandatory filer shall be made by the Tax Commission at the end of each calendar year and shall be effective for the fiscal year.

C. A seller that meets the qualifications for a mandatory filer but does not receive notification from the Tax Commission to that effect, is not excused from the requirements of monthly filing and remittance or EFT remittance.

D. Mandatory filers shall also file and remit any waste tire fees and transient room, resort communities, and tourism, recreation, cultural, and convention facilities taxes to the commission on a monthly basis or by EFT, respectively.

E. Sellers that are not mandatory filers may elect to file and remit their sales taxes to the commission on a monthly basis, or remit sales taxes by EFT, or both.

1. The election to file and remit sales taxes on a monthly basis or to remit sales taxes by EFT is effective for the immediate fiscal year and every fiscal year thereafter unless the Tax Commission receives written notification prior to the commencement of a fiscal year that the seller no longer elects to file and remit sales taxes on a monthly basis, or to remit sales taxes by EFT, respectively.

2. Sellers that elect to file and remit sales taxes on a monthly basis, or to remit sales taxes by EFT, are subject to the same requirements and penalties as mandatory filers.

F. Sellers that are mandatory filers may request deletion of their mandatory filer designation if they do not expect to accumulate a \$50,000 sales tax liability for the current calendar year.

1. The request must be accompanied by documentation clearly evidencing that the business that led to the \$50,000 tax liability for the previous year will not recur.

2. The request must be made prior to the commencement of a fiscal year.

3. If a seller's request is approved and the seller does accumulate a \$50,000 sales tax liability, a similar request by that seller the following year shall be denied.

G. Sellers that are required to remit sales tax by EFT may, following approval by the Tax Commission, remit a cash equivalent in lieu of the EFT.

1. Approval for remittance by cash equivalent shall be limited to those sellers that are able to establish that remittance by EFT would cause a hardship to their organization.

2. Requests for approval shall be directed to the Deputy Executive Director of the Tax Commission.

3. Sellers that receive approval to remit their sales taxes by cash equivalent shall ensure that the cash equivalent is received at the Tax Commission's main office no later than three working

days prior to the due date of the sales tax.

H. Sellers that are required to remit sales taxes by EFT, but remit these taxes by some means other than EFT or a Tax Commission approved cash equivalent, are not entitled to reimbursement for the cost of collecting and remitting sales taxes and are subject to penalties.

I. Prior to remittance of sales taxes by EFT, a vendor shall complete an EFT agreement with the Tax Commission. The EFT Agreement shall indicate that all EFT payments shall be made in one of the following manners.

1. Except as provided in I.2., sellers shall remit their EFT payment by an ACH-debit transaction through the National Automated Clearing House Association (NACHA) system CCD application.

2. If an organization's bylaws prohibit third party access to its bank account or extenuating circumstances exist, a seller may remit its EFT payment by an ACH-credit with tax payment addendum transaction through the NACHA system CCD Plus application.

J. In unusual circumstances, a particular EFT payment may be accomplished in a manner other than that specified in I. Use of any manner of remittance other than that specified in I. must be approved by the Tax Commission prior to its use.

K. If a seller that is required to remit sales taxes by EFT is unable to remit a payment of sales taxes by EFT because the system for remitting payments by EFT fails, the seller may remit its sales taxes by cash equivalent. A seller shall notify the Waivers Unit of the Tax Commission if this condition arises.

R877. Tax Commission, Motor Vehicle Enforcement.**R877-23V. Motor Vehicle Enforcement.****R877-23V-3. Salesperson Licensed For One Dealer Only Pursuant to Utah Code Ann. Section 41-3-202.**

A. The holder of a dealer's license may not hold an additional license to engage in the activities of a salesperson for another dealer.

B. The requirement that a salesperson may be licensed with only one dealer at a time does not preclude dealership owners from being no-fee salespersons for their own dealerships.

R877-23V-5. Temporary Motor Vehicle Registration Permits and Extension Permits Issued by Dealers Pursuant to Utah Code Ann. Section 41-3-302.

(1) Every dealer desiring to issue temporary permits for the operation of motor vehicles shall make application to the Motor Vehicle Enforcement Division. If the privilege is extended, the dealer will receive a series of permits, consecutively numbered. The numbers shall be recorded by the division and charged to the dealer.

(2) If a vehicle purchaser requests a temporary permit, the dealer shall issue no more than one temporary registration permit, in numerical sequence, for each motor vehicle sold.

(3) The expiration date on the original permit shall be legible from a distance of 30 feet.

(4) The permit shall be displayed at the rear of the motor vehicle, in a place where the printed information on the permit and the expiration date may be easily seen.

(5) Temporary permits must not be placed in rear windows or permit holders with less than seventy percent light transparency.

(a) If a permit holder is used, it must not cover any of the printed information on the permit, including the expiration date.

(b) If a license plate frame is used in conjunction with a permit holder, it must not cover any printed information or expiration date on the permit.

(c) Temporary permits must be protected from exposure to the weather and conditions that would render them illegible.

(6) If a temporary permit is filled out incorrectly, the sale of the vehicle is rescinded, or for some other reason the permit is unusable, the dealer must return the permit to the Motor Vehicle Enforcement Division, together with the stub, and it will not be considered issued. If the permit is placed on a vehicle and the sale has not been rescinded, the permit will be considered issued and the dealer is liable for the registration fee for the vehicle together with any applicable penalties.

(7) A dealer's temporary permits may be audited at any time and the dealer required to pay for all outstanding permits. The registration fee charged will be for a passenger car unless the dealer is licensed to sell only motorcycles or small trailers.

(a) If the dealer's records indicate that the permit was issued for a vehicle other than that for which the dealer was billed, the dealer must submit the proper fee and penalty.

(b) If the records disclose that the permit was cleared properly, the dealer must furnish the license number of the vehicle for which the permit was issued and the date of issue.

(c) A dealer shall resolve any outstanding permit billings by payment of fees and penalties or by reconciling the permits before any additional permits will be issued to the dealer. This action will not be construed to be a cancellation of a dealer's privilege of issuing temporary permits, but merely a function of the division's routine audit and billing procedure.

(8) The dealer shall keep a written record in numerical sequence of every temporary registration permit issued. This record shall include all of the following information:

(a) the name and address of the person or firm to whom the permit is issued;

(b) a description of the motor vehicle for which it was

issued, including year, make, model, and identification number;

(c) date of issue;

(d) license number;

(e) in the case of a commercial vehicle, the gross laden weight for which it was issued.

(9) In exceptional circumstances a dealer as agent for the division may issue an additional temporary permit for a vehicle by following the procedures outlined below:

(a) The dealer must contact the division and request an extension permit for a particular vehicle. If the request is denied, no extension permit will be issued.

(b) If the extension permit is approved, the division shall issue the dealer an approval number. This number must be recorded by the dealer in its temporary permit record and on the permit and stub in the space provided for the license number. The space provided on the permit and stub for the dealer name must be completed with the words "State Tax Commission" and the dealer's license number. The remainder of the permit and stub will be completed as usual.

(c) The dealer must return the permit stub to the division within 45 days from the date it is issued.

(d) A dealer may not issue an extension permit if it is determined that the dealer has been granted extensions for more than 2% of the permits issued to the dealership during the past three months. This percentage is calculated by dividing the number of extensions granted the dealer during the past three months by the permits issued by the dealer during the past three months.

(10) All extension permits issued by dealers under this rule are considered issued by the division.

(11) When a motor vehicle is sold for registration in another state, the stub portion of the temporary permit shall be filed with the division within ten days from the date of issue, accompanied by the required fee. The sale must be reported in the dealer's monthly report of sale required by Section 41-3-301(2)(b). If the permit stub and the required fee are not postmarked or received by the division within 45 days, a penalty equal to the required fee shall be collected pursuant to Section 41-3-302.

(12) The temporary registration card, attached to the temporary permit, must be detached and given to the customer at the time the temporary permit is issued. This temporary registration card must be kept in the vehicle while the temporary permit is displayed.

B. In-transit permits may not be issued for loaded motor vehicles over 12,000 pounds gross laden weight.

C. Each piggy-backed vehicle must have a separate in-transit permit or be properly registered for operation in Utah.

D. A semitractor hauling unlicensed trailers must obtain an in-transit permit for any trailer in contact with the ground.

R877-23V-7. Misleading Advertising Pursuant to Utah Code Ann. Section 41-3-210.

Violation of any of the following standards of practice for the advertising and selling of motor vehicles is a violation of Section 41-3-210.

(1) Accuracy. Any advertised statements and offers about a vehicle as to year, make, model, type, condition, equipment, price, trade-in-allowance, terms, and so forth, shall be clearly set forth and based upon facts.

(2) Bait. Bait advertising and selling practices may not be used. A vehicle advertised at a specific price shall be in the possession of the advertiser at the address given. It shall be willingly shown, demonstrated and sold, or, in the case of a new

vehicle floor model, orders shall be taken for future delivery of the identical model at the advertised price and terms. If sold, the advertiser shall, upon request of any prospective purchaser, peace officer, or employee of the division, show sales records of the advertised vehicle.

(3)(a)(i) Price. When the price of a vehicle is quoted, the vehicle shall be clearly identified as to make, year, model and if new or used. Except as provided in Subsection (3)(a)(ii), the advertised price must include all charges that the customer must pay for the vehicle, including freight or destination charges, dealer preparation, dealer handling, and additional dealer profit.

(ii) The following fees are not required to be included in the advertised price that the customer must pay for the vehicle:

- (A) dealer document service fees;
- (B) if optional, undercoating or rustproofing fees; and
- (C) sales tax, or titling and registration fees required by the state or a county.

(b) In addition to other advertisements, this pertains to price statements such as "\$..... Buys".

(c) When "list", "sticker", or words of similar import are used in an advertisement, they may refer only to the manufacturer's suggested retail price. If a supplementary price sticker is used, the advertised price must include all items listed on the supplementary sticker.

(d) If the customer requests and receives a temporary permit, the temporary permit fee need not be included in the advertised price. Documentation fees are not required by the state or counties.

(4) Savings and Discount Claims. Because the intrinsic value of a used vehicle is difficult to establish, specific claims of savings may not be used in an advertisement. This includes statements such as, "Was priced at \$....., now priced at \$....."

(a) The word "wholesale" may not be used in retail automobile advertising.

(b) When an automotive advertisement contains an offer of a discount on a new vehicle, the amount of the discount must be stated by reference to the manufacturer's suggested retail price of the vehicle.

(5) Down Payments. The amount of the down payment may not be stated in a manner that suggests that it is the selling price of the vehicle. If an advertisement states "You can buy with no money down", or terms of similar import, the customer must be able to leave the dealership with the vehicle without making any outlay of money.

(6) Trade-in Allowance. Statements representing that no other dealer grants greater allowances for trade-ins may not be used. A specific trade-in amount or range of trade-in amounts may not be used in advertising.

(7) Finance. The phrases, "no finance charge", "no carrying charge", or similar expressions may not be used when there is a charge for placing the transaction on a time payment basis. Statements representing or implying that no prospective credit purchaser will be rejected because of inability to qualify for credit may not be used.

(8) Unpaid Balance and Repossessions. The term "repossessed" may be used only to describe vehicles that have actually been repossessed from a purchaser. Advertisers offering repossessed vehicles for sale may be required to offer proof of those repossessions. The unpaid balance shall be the full selling price unless otherwise stated.

(9) Current Used. When a used motor vehicle, as defined by Section 41-3-102, of a current series is advertised, the first line of the advertisement must contain the word "used" or the text must clearly indicate that the vehicle offered is used.

(10) Demonstrators, Executives' and Officials' Cars.

(a) "Demonstrator" means a vehicle that has never been sold or leased to a member of the public.

(b) Demonstrator vehicles include vehicles used by new vehicle dealers or their personnel for demonstrating performance

ability but not vehicles purchased or leased by dealers or their personnel and used as their personal vehicles.

(c) A demonstrator vehicle may be advertised for sale only by a dealer franchised for the sale of that make of new vehicle.

(d) An executive's or official's vehicle shall have been used exclusively by an executive of the dealer's franchising manufacturer or distributor, or by an executive of the franchised dealership. These vehicles may not have been sold or leased to a member of the public prior to the appearance of the advertisement.

(e) Demonstrator's, executive's and official's vehicles shall be clearly and prominently advertised as such. Advertisements shall include the year, make, and model of the vehicle offered for sale.

(11) Taxi-cabs, Police, Sheriff, and Highway Patrol Vehicles. Taxi-cabs, police, sheriff, and highway patrol vehicles shall be so identified. These vehicles may not be described by an ambiguous term such as "commercial".

(12) Mileage Statements. When an advertisement quotes the number of miles or a range of miles a vehicle has been driven, the licensee must have written evidence that the vehicle has not been operated in excess of the advertised mileage.

(a) The evidence required by this section shall be the properly completed odometer statement required by Section 41-1a-902.

(b) If a licensee chooses to advertise specific mileage or a range of miles a vehicle has been driven, the licensee shall upon request of any prospective purchaser, peace officer, or employee of the division produce all documents in its possession pertaining to that vehicle so that the mileage can be readily verified.

(13) Underselling Claims. Unsupported underselling claims may not be used. Underselling claims include the following: "our prices are guaranteed lower than elsewhere", "money refunded if you can duplicate our values", "we guarantee to sell for less", "we sell for less", "we purchase vehicles for less so we can sell them for less", "highest trade-in allowance", "we give \$300 more in trade than any other dealers". Evidence of supported underselling claims must be contained in the advertisement.

(14) Would You Take \$..... Use of cards, circulars, or other advertising containing such offers as "would you take \$....., if I could get you \$..... for your car", may not be used.

(15) Free. "Free" may be used in advertising only when the advertiser is offering an unconditional gift. If receipt of the merchandise or service is conditional on a purchase the following conditions must be satisfied:

(a) The normal price of the merchandise or service to be purchased may not have been increased nor its quantity reduced;

(b) The advertiser must disclose this condition clearly and conspicuously together with the offer and not by placing an asterisk or symbol next to the word "free" and then referring to the condition in a footnote; and

(c) The offer must be temporary. For purposes of this subsection, "temporary" means that the offer is made for no more than 30 days during any 12-month period.

(16) Driving Trial. A free driving trial means that the purchaser may drive the vehicle during the trial period and return it to the dealer within the specified period and obtain a refund of all moneys, signed agreements, or other considerations deposited and a return of any vehicle traded in. The exact terms and conditions of the free driving trial shall be set forth in writing and a copy given to the purchaser at the time of the sale.

(17) Guaranteed. When words such as "guarantee", "warranty", or other terms implying protection are used in advertising, an explanation of the time and coverage of the guarantee or warranty shall be given in clear and concise language. The purchaser shall be provided with a written document stating the specific terms and coverage.

(18) Name Your Own Deal. Statements such as "write your own deal", "name your own price", "name your own monthly payments", "appraise your own vehicle", and phrases of similar import may not be used.

(19) Disclosure of Material Facts. Disclosures of material facts that are contained in advertisements and that involve types of vehicles and transactions shall be made in a clear and conspicuous manner.

(a) Factors to be taken into consideration include advertisement layout, headlines, illustrations, type size, contrast, crawl speed and editing.

(b) Fine print, and mouse print are not acceptable methods of disclosing material facts.

(c) The disclosure must be made in a typeface and point size comparable to the typeface and point size of the text used throughout the body of the advertisement.

(d) An asterisk may be used to give additional information about a word or term, however, asterisks or other reference symbols may not be used as a means of contradicting or substantially changing the meaning of any advertising statements.

(20) Lease. When an advertisement relates to a lease, the advertisement must make it readily apparent that the transaction advertised is a lease.

(a) The word "lease" must appear in a prominent position in the advertisement in a typeface and point size comparable to the largest text used to directly advertise the vehicle.

(b) Statements that do not use the term "lease" do not constitute adequate disclosure of a lease.

(c) Lease advertisements may not contain the phrase "no down payment" or words of similar import if an outlay of money is required to lease the vehicle.

(d) Lease terms that are not available to the general public may not be included in advertisements directed at the general public.

(e) Limitations and qualifications applicable to the lease terms advertised shall be clearly and conspicuously disclosed.

(21) Television Disclosures. A disclosure appearing in television advertisements must clearly and conspicuously feature all necessary information in a manner that can be read and understood if type is used, or that can be heard and understood if audio is used. Fine print and mouse print do not constitute clear and conspicuous disclosure.

(22) Invoice or Cost. The terms "invoice" or "factory invoice" may be used as long as the dealer is willing to show the factory invoice to the prospective buyer. The term "cost" may not be used.

(23) Rebate Offers. "Rebate", "cash rebate", or similar terms may be used only when it is clearly and conspicuously stated who is offering the rebate.

(24) Buy-down Interest Rates. No buy-down interest rate may be advertised unless the dealer discloses the amount of dealer contribution and states that the contribution by the dealership may increase the negotiated price of the vehicle.

(25) Special Status of Dealership. An automotive advertisement may not falsely imply that the dealer has a special sponsorship, approval status, affiliation, or connection with the manufacturer that is greater or more direct than any other like dealer.

(26) Price Equaling. An advertisement that expresses a policy of matching or bettering competitor's prices shall fully disclose any conditions that apply and specify the evidence a consumer must present to take advantage of the offer. The evidence requirement may not place an unreasonable burden on the consumer by, for example requiring the consumer to produce a signed contract from another dealer or to find a vehicle with the identical features.

(27) Van Conversion Advertisements. A dealer may advertise a modified vehicle using the conversion firm's name

and may refer to the chassis manufacturer in a less prominent manner, but may not advertise a modified vehicle solely by a chassis manufacturer's name unless enfranchised to sell that make of vehicle.

(28) Auction. "Auction" or "auction special" and other terms of similar import may be used only in connection with vehicles offered or sold at a bona fide auction.

(29) Layout and Type Size. The layout, headlines, illustrations, or type size of a printed advertisement and the broadcast words or pictures of radio or television advertisements may not convey or permit an erroneous or misleading impression as to which vehicle or vehicles are offered at featured prices.

(a) When an advertisement contains a picture of a vehicle along with a quoted price, the vehicle pictured must be the exact model with identical options and accessories as the vehicle advertised.

(b) No advertised offer, expression, or display of price, terms, down payment, trade-in allowances, cash difference, savings, or other material terms may be misleading and any necessary qualifications shall be clearly, conspicuously, and accurately set forth to prevent misunderstanding.

(c) Qualifying terms and phrases shall be clearly, conspicuously, and accurately set forth as follows:

(i) in bold print and in type of a size that is capable of being read without unreasonable extra effort;

(ii) in terms that are understandable to the buying public; and

(iii) in close proximity to the qualified representation and not separated or buried by asterisk in some other part of the advertisement.

R877-23V-8. Signs and Identification Pursuant to Utah Code Ann. Section 41-3-105.

(2) The sign required under Subsection (1) shall:

(a) plainly display in a permanent manner the name under which the business is licensed;

(b) be at least 24 square feet in size, unless required otherwise, in writing, by a government entity; and

(c) be painted on the building, attached to the building with nails or bolts, or affixed to posts that have been securely anchored in the ground.

(3) A similar sign must be conspicuously posted at each additional place of business and must show, in addition, the address of the principal place of business. All signs must remain posted at each place of business and on the office. If the office is not located at the site on which the motor vehicles are displayed or offered for sale or exchange, the bonded dealer number, dismantler number, or manufacturer number must also be conspicuously displayed either on the sign or on the building.

(4) If the additional place of business is an auto show or similar business that will conduct business for ten days or less, the sign need only show the licensee's name as licensed by the division and be of a size that reasonably identifies the licensee.

(5) No place of business may be operated under a name other than that by which the licensee is licensed by the division. No sign may be posted at a place of business that shows a business name other than the one licensed by the division or gives the impression that the business is other than the one licensed by the division. However, a sign containing a variation of the licensee's name, if a variation of the licensee's name is required by a manufacturer in writing, may be posted as long as the sign containing the licensed name is more prominent.

(6) Documents submitted by a licensee to a government entity shall be identified only by the name under which the licensee is licensed by the division. All documents used by the

licensee to promote or transact a sale or lease of a vehicle shall identify that licensee only by the name under which the licensee is licensed with the division.

A. "Household income" includes net rents, interest, retirement income, welfare, social security, and all other sources of cash income.

B. Absence from the residence due to vacation, confinement to hospital, or other similar temporary situation shall not be deducted from the ten-month residency requirement of Section 59-2-1109(3)(a)(ii).

C. Written notification shall be given to any applicant whose application for abatement or deferral is denied.

R884-24P-7. Assessment of Mining Properties Pursuant to Utah Code Ann. Section 59-2-201.**A. Definitions.**

1. "Allowable costs" means those costs reasonably and necessarily incurred to own and operate a productive mining property and bring the minerals or finished product to the customary or implied point of sale.

a) Allowable costs include: salaries and wages, payroll taxes, employee benefits, workers compensation insurance, parts and supplies, maintenance and repairs, equipment rental, tools, power, fuels, utilities, water, freight, engineering, drilling, sampling and assaying, accounting and legal, management, insurance, taxes (including severance, property, sales/use, and federal and state income taxes), exempt royalties, waste disposal, actual or accrued environmental cleanup, reclamation and remediation, changes in working capital (other than those caused by increases or decreases in product inventory or other nontaxable items), and other miscellaneous costs.

b) For purposes of the discounted cash flow method, allowable costs shall include expected future capital expenditures in addition to those items outlined in A.1.a).

c) For purposes of the capitalized net revenue method, allowable costs shall include straight-line depreciation of capital expenditures in addition to those items outlined in A.1.a).

d) Allowable costs does not include interest, depletion, depreciation other than allowed in A.1.c), amortization, corporate overhead other than allowed in A.1.a), or any expenses not related to the ownership or operation of the mining property being valued.

e) To determine applicable federal and state income taxes, straight line depreciation, cost depletion, and amortization shall be used.

2. "Asset value" means the value arrived at using generally accepted cost approaches to value.

3. "Capital expenditure" means the cost of acquiring property, plant, and equipment used in the productive mining property operation and includes:

- a) purchase price of an asset and its components;
- b) transportation costs;
- c) installation charges and construction costs; and
- d) sales tax.

4. "Constant or real dollar basis" means cash flows or net revenues used in the discounted cash flow or capitalized net revenue methods, respectively, prepared on a basis where inflation or deflation are adjusted back to the lien date. For this purpose, inflation or deflation shall be determined using the gross domestic product deflator produced by the Congressional Budget Office, or long-term inflation forecasts produced by reputable analysts, other similar sources, or any combination thereof.

5. "Discount rate" means the rate that reflects the current yield requirements of investors purchasing comparable properties in the mining industry, taking into account the

industry's current and projected market, financial, and economic conditions.

6. "Economic production" means the ability of the mining property to profitably produce and sell product, even if that ability is not being utilized.

7. "Exempt royalties" means royalties paid to this state or its political subdivisions, an agency of the federal government, or an Indian tribe.

8. "Expected annual production" means the economic production from a mine for each future year as estimated by an analysis of the life-of-mine mining plan for the property.

9. "Fair market value" is as defined in Section 59-2-102.

10. "Federal and state income taxes" mean regular taxes based on income computed using the marginal federal and state income tax rates for each applicable year.

11. "Implied point of sale" means the point where the minerals or finished product change hands in the normal course of business.

12. "Net cash flow" for the discounted cash flow method means, for each future year, the expected product price multiplied by the expected annual production that is anticipated to be sold or self-consumed, plus related revenue cash flows, minus allowable costs.

13. "Net revenue" for the capitalized net revenue method means, for any of the immediately preceding five years, the actual receipts from the sale of minerals (or if self-consumed, the value of the self-consumed minerals), plus actual related revenue cash flows, minus allowable costs.

14. "Non-operating mining property" means a mine that has not produced in the previous calendar year and is not currently capable of economic production, or land held under a mineral lease not reasonably necessary in the actual mining and extraction process in the current mine plan.

15. "Productive mining property" means the property of a mine that is either actively producing or currently capable of having economic production. Productive mining property includes all taxable interests in real property, improvements and tangible personal property upon or appurtenant to a mine that are used for that mine in exploration, development, engineering, mining, crushing or concentrating, processing, smelting, refining, reducing, leaching, roasting, other processes used in the separation or extraction of the product from the ore or minerals and the processing thereof, loading for shipment, marketing and sales, environmental clean-up, reclamation and remediation, general and administrative operations, or transporting the finished product or minerals to the customary point of sale or to the implied point of sale in the case of self-consumed minerals.

16. "Product price" for each mineral means the price that is most representative of the price expected to be received for the mineral in future periods.

a) Product price is determined using one or more of the following approaches:

(1) an analysis of average actual sales prices per unit of production for the minerals sold by the taxpayer for up to five years preceding the lien date; or,

(2) an analysis of the average posted prices for the minerals, if valid posted prices exist, for up to five calendar years preceding the lien date; or,

(3) the average annual forecast prices for each of up to five years succeeding the lien date for the minerals sold by the taxpayer and one average forecast price for all years thereafter for those same minerals, obtained from reputable forecasters, mutually agreed upon between the Property Tax Division and the taxpayer.

b) If self-consumed, the product price will be determined by one of the following two methods:

(1) Representative unit sales price of like minerals. The representative unit sales price is determined from:

- (a) actual sales of like mineral by the taxpayer;
- (b) actual sales of like mineral by other taxpayers; or
- (c) posted prices of like mineral; or

(2) If a representative unit sales price of like minerals is unavailable, an imputed product price for the self-consumed minerals may be developed by dividing the total allowable costs by one minus the taxpayer's discount rate to adjust to a cost that includes profit, and dividing the resulting figure by the number of units mined.

17. "Related revenue cash flows" mean non-product related cash flows related to the ownership or operation of the mining property being valued. Examples of related revenue cash flows include royalties and proceeds from the sale of mining equipment.

18. "Self consumed minerals" means the minerals produced from the mining property that the mining entity consumes or utilizes for the manufacture or construction of other goods and services.

19. "Straight line depreciation" means depreciation computed using the straight line method applicable in calculating the regular federal tax. For this purpose, the applicable recovery period shall be seven years for depreciable tangible personal mining property and depreciable tangible personal property appurtenant to a mine, and 39 years for depreciable real mining property and depreciable real property appurtenant to a mine.

B. Valuation.

1. The discounted cash flow method is the preferred method of valuing productive mining properties. Under this method the taxable value of the mine shall be determined by:

- a) discounting the future net cash flows for the remaining life of the mine to their present value as of the lien date; and
- b) subtracting from that present value the fair market value, as of the lien date, of licensed vehicles and nontaxable items.

2. The mining company shall provide to the Property Tax Division an estimate of future cash flows for the remaining life of the mine. These future cash flows shall be prepared on a constant or real dollar basis and shall be based on factors including the life-of-mine mining plan for proven and probable reserves, existing plant in place, capital projects underway, capital projects approved by the mining company board of directors, and capital necessary for sustaining operations. All factors included in the future cash flows, or which should be included in the future cash flows, shall be subject to verification and review for reasonableness by the Property Tax Division.

3. If the taxpayer does not furnish the information necessary to determine a value using the discounted cash flow method, the Property Tax Division may use the capitalized net revenue method. This method is outlined as follows:

- a) Determine annual net revenue, both net losses and net gains, from the productive mining property for each of the immediate past five years, or years in operation, if less than five years. Each year's net revenue shall be adjusted to a constant or real dollar basis.

- b) Determine the average annual net revenue by summing the values obtained in B.3.a) and dividing by the number of operative years, five or less.

- c) Divide the average annual net revenue by the discount rate to determine the fair market value of the entire productive mining property.

- d) Subtract from the fair market value of the entire productive mining property the fair market value, as of the lien date, of licensed vehicles and nontaxable items, to determine the taxable value of the productive mining property.

4. The discount rate shall be determined by the Property Tax Division.

- a) The discount rate shall be determined using the weighted average cost of capital method, a survey of reputable mining industry analysts, any other accepted methodology, or

any combination thereof.

- b) If using the weighted average cost of capital method, the Property Tax Division shall include an after-tax cost of debt and of equity. The cost of debt will consider market yields. The cost of equity shall be determined by the capital asset pricing model, arbitrage pricing model, risk premium model, discounted cash flow model, a survey of reputable mining industry analysts, any other accepted methodology, or a combination thereof.

5. Where the discount rate is derived through the use of publicly available information of other companies, the Property Tax Division shall select companies that are comparable to the productive mining property. In making this selection and in determining the discount rate, the Property Tax Division shall consider criteria that includes size, profitability, risk, diversification, or growth opportunities.

6. A non-operating mine will be valued at fair market value consistent with other taxable property.

7. If, in the opinion of the Property Tax Division, these methods are not reasonable to determine the fair market value, the Property Tax Division may use other valuation methods to estimate the fair market value of a mining property.

8. The fair market value of a productive mining property may not be less than the fair market value of the land, improvements, and tangible personal property upon or appurtenant to the mining property. The mine value shall include all equipment, improvements and real estate upon or appurtenant to the mine. All other tangible property not appurtenant to the mining property will be separately valued at fair market value.

9. Where the fair market value of assets upon or appurtenant to the mining property is determined under the cost method, the Property Tax Division shall use the replacement cost new less depreciation approach. This approach shall consider the cost to acquire or build an asset with like utility at current prices using modern design and materials, adjusted for loss in value due to physical deterioration or obsolescence for technical, functional and economic factors.

C. When the fair market value of a productive mining property in more than one tax area exceeds the asset value, the fair market value will be divided into two components and apportioned as follows:

- 1. Asset value that includes machinery and equipment, improvements, and land surface values will be apportioned to the tax areas where the assets are located.

- 2. The fair market value less the asset value will give an income increment of value. The income increment will be apportioned as follows:

- a) Divide the asset value by the fair market value to determine a quotient. Multiply the quotient by the income increment of value. This value will be apportioned to each tax area based on the percentage of the total asset value in that tax area.

- b) The remainder of the income increment will be apportioned to the tax areas based on the percentage of the known mineral reserves according to the mine plan.

D. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 1998.

R884-24P-8. Security for Property Tax on Uranium and Vanadium Mines Pursuant to Utah Code Ann. Section 59-2-211.

A. The security deposit allowed by Section 59-2-211 shall be requested from the mine owners or operators by giving notice in the manner required by Section 59-2-211. A list of mine owners and operators who have made lump sum security deposits with the Tax Commission will be furnished annually by the Tax Commission to any person, mill, buying station, or other legal entity receiving uranium or vanadium ore mined, produced, or received from within Utah.

B. At the option of the mine owner or operator, within 30 days after receiving proper notice from the Tax Commission, or if the mine owner or operator has not complied with the request within the 30 day period, the Tax Commission may implement the following procedure:

1. Any person, mill, buying station, or other legal entity receiving uranium or vanadium ore mined, produced, or received from within Utah shall withhold 4 percent, or any higher amount set by the Tax Commission, of the gross proceeds due to the mine operator or owner.

2. All amounts withheld shall be remitted to the Tax Commission by the last day of April, July, October, and January for the immediately preceding calendar quarter, in the manner set forth by the Tax Commission.

3. Not later than the last day of February, owners or operators of uranium and vanadium mines who have not made lump sum security deposits with the Tax Commission shall be provided with a statement from the Tax Commission showing all security deposit amounts withheld from their gross proceeds during the previous calendar year.

4. The Tax Commission shall provide the county treasurers with a list of all uranium and vanadium mine owners and operators who have had security deposit amounts withheld. The county treasurers shall then advise the Tax Commission in writing of the amount of taxes due from each mine owner or operator on the Tax Commission's list.

5. Once all county treasurers have responded, the Tax Commission shall forward to each county treasurer the taxes due, or the pro rata portion thereof, to the extent taxes have been withheld and remitted to the Tax Commission.

a. Any amount withheld in excess of the total taxes due to all counties shall be refunded to the appropriate mine owner or operator by the Tax Commission.

b. If the amount withheld is not sufficient to pay the full amount of taxes due, the county treasurers shall collect the balance of taxes directly from the mine owner or operator.

R884-24P-10. Taxation of Underground Rights in Land That Contains Deposits of Oil or Gas Pursuant to Utah Code Ann. Sections 59-2-201 and 59-2-210.

A. Definitions.

1. "Person" is as defined in Section 68-3-12.

2. "Working interest owner" means the owner of an interest in oil, gas, or other hydrocarbon substances burdened with a share of the expenses of developing and operating the property.

3. "Unit operator" means a person who operates all producing wells in a unit.

4. "Independent operator" means a person operating an oil or gas producing property not in a unit.

5. One person can, at the same time, be a unit operator, a working interest owner, and an independent operator and must comply with all requirements of this rule based upon the person's status in the respective situations.

6. "Expected annual production" means the future economic production of an oil and gas property as estimated by the Property Tax Division using decline curve analysis. Expected annual production does not include production used on the same well, lease, or unit for the purpose of repressuring or pressure maintenance.

7. "Product price" means:

a) Oil: The weighted average posted price for the calendar year preceding January 1, specific for the field in which the well is operating as designated by the Division of Oil, Gas, and Mining. The weighted average posted price is determined by weighing each individual posted price based on the number of days it was posted during the year, adjusting for gravity, transportation, escalation, or deescalation.

b) Gas:

(1) If sold under contract, the price shall be the stated price as of January 1, adjusted for escalation and deescalation.

(2) If sold on the spot market or to a direct end-user, the price shall be the average price received for the 12-month period immediately preceding January 1, adjusted for escalation and deescalation.

8. "Future net revenue" means annual revenues less costs of the working interests and royalty interest.

9. "Revenue" means expected annual gross revenue, calculated by multiplying the product price by expected annual production for the remaining economic life of the property.

10. "Costs" means expected annual allowable costs applied against revenue of cost-bearing interests:

a) Examples of allowable costs include management salaries; labor; payroll taxes and benefits; workers' compensation insurance; general insurance; taxes (excluding income and property taxes); supplies and tools; power; maintenance and repairs; office; accounting; engineering; treatment; legal fees; transportation; miscellaneous; capital expenditures; and the imputed cost of self consumed product.

b) Interest, depreciation, or any expense not directly related to the unit shall not be included as allowable costs.

11. "Production asset" means any asset located at the well site that is used to bring oil or gas products to a point of sale or transfer of ownership.

B. The discount rate shall be determined by the Property Tax Division using methods such as the weighted cost of capital method.

1. The cost of debt shall consider market yields. The cost of equity shall be determined by the capital asset pricing model, risk premium model, discounted cash flow model, a combination thereof, or any other accepted methodology.

2. The discount rate shall reflect the current yield requirements of investors purchasing similar properties, taking into consideration income, income taxes, risk, expenses, inflation, and physical and locational characteristics.

3. The discount rate shall contain the same elements as the expected income stream.

C. Assessment Procedures.

1. Underground rights in lands containing deposits of oil or gas and the related tangible property shall be assessed by the Property Tax Division in the name of the unit operator, the independent operator, or other person as the facts may warrant.

2. The taxable value of underground oil and gas rights shall be determined by discounting future net revenues to their present value as of the lien date of the assessment year and then subtracting the value of applicable exempt federal, state, and Indian royalty interests.

3. The reasonable taxable value of productive underground oil and gas rights shall be determined by the methods described in C.2. of this rule or such other valuation method that the Tax Commission believes to be reasonably determinative of the property's fair market value.

4. The value of the production assets shall be considered in the value of the oil and gas reserves as determined in C.2. above. Any other tangible property shall be separately valued at fair market value by the Property Tax Division.

5. The minimum value of the property shall be the value of the production assets.

D. Collection by Operator.

1. The unit operator may request the Property Tax Division to separately list the value of the working interest, and the value of the royalty interest on the Assessment Record. When such a request is made, the unit operator is responsible to provide the Property Tax Division with the necessary information needed to compile this list. The unit operator may make a reasonable estimate of the ad valorem tax liability for a given period and may withhold funds from amounts due to royalty. Withheld funds shall be sufficient to ensure payment of

the ad valorem tax on each fractional interest according to the estimate made.

a) If a unit operating agreement exists between the unit operator and the fractional working interest owners, the unit operator may withhold or collect the tax according to the terms of that agreement.

b) In any case, the unit operator and the fractional interest owner may make agreements or arrangements for withholding or otherwise collecting this tax. This may be done whether or not that practice is consistent with the preceding paragraphs so long as all requirements of the law are met. When a fractional interest owner has had funds withheld to cover the estimated ad valorem tax liability and the operator fails to remit such taxes to the county when due, the fractional interest owner shall be indemnified from any further ad valorem tax liability to the extent of the withholding.

c) The unit operator shall compare the amount withheld to the taxes actually due, and return any excess amount to the fractional interest owner within 60 days after the delinquent date of the tax. At the request of the fractional interest owner the excess may be retained by the unit operator and applied toward the fractional interest owner's tax liability for the subsequent year.

2. The penalty provided for in Section 59-2-210 is intended to ensure collection by the county of the entire tax due. Any unit operator who has paid this county imposed penalty, and thereafter collects from the fractional interest holders any part of their tax due, may retain those funds as reimbursement against the penalty paid.

3. Interest on delinquent taxes shall be assessed as set forth in Section 59-2-1331.

4. Each unit operator may be required to submit to the Property Tax Division a listing of all fractional interest owners and their interests upon specific request of the Property Tax Division. Working interest owners, upon request, shall be required to submit similar information to unit operators.

R884-24P-14. Valuation of Real Property Encumbered by Preservation Easements Pursuant to Utah Code Ann. Section 59-2-303.

A. The assessor shall take into consideration any preservation easements attached to historically significant real property and structures when determining the property's value.

B. After the preservation easement has been recorded with the county recorder, the property owner of record shall submit to the county assessor and the Tax Commission a notice of the preservation easement containing the following information:

1. the property owner's name;
2. the address of the property; and
3. the serial number of the property.

C. The county assessor shall review the property and incorporate any value change due to the preservation easement in the following year's assessment roll.

R884-24P-16. Assessment of Interlocal Cooperation Act Project Entity Properties Pursuant to Utah Code Ann. Section 11-13-302.

(1) Definitions:

(a) "Utah fair market value" means the fair market value of that portion of the property of a project entity located within Utah upon which the fee in lieu of ad valorem property tax may be calculated.

(b) "Fee" means the annual fee in lieu of ad valorem property tax payable by a project entity pursuant to Section 11-13-302.

(c) "Energy supplier" means an entity that purchases any capacity, service or other benefit of a project to provide electrical service.

(d) "Exempt energy supplier" means an energy supplier

whose tangible property is exempted by Article XIII, Sec. 3 of the Constitution of Utah from the payment of ad valorem property tax.

(e) "Optimum operating capacity" means the capacity at which a project is capable of operating on a sustained basis taking into account its design, actual operating history, maintenance requirements, and similar information from comparable projects, if any. The determination of the projected and actual optimum operating capacities of a project shall recognize that projects are not normally operated on a sustained basis at 100 percent of their designed or actual capacities and that the optimum level for operating a project on a sustained basis may vary from project to project.

(f) "Property" means any electric generating facilities, transmission facilities, distribution facilities, fuel facilities, fuel transportation facilities, water facilities, land, water or other existing facilities or tangible property owned by a project entity and required for the project which, if owned by an entity required to pay ad valorem property taxes, would be subject to assessment for ad valorem tax purposes.

(g) "Sold," for the purpose of interpreting Subsection (4), means the first sale of the capacity, service, or other benefit produced by the project without regard to any subsequent sale, resale, or lay-off of that capacity, service, or other benefit.

(h) "Taxing jurisdiction" means a political subdivision of this state in which any portion of the project is located.

(i) All definitions contained in Section 11-13-103 apply to this rule.

(2) The Tax Commission shall determine the fair market value of the property of each project entity. Fair market value shall be based upon standard appraisal theory and shall be determined by correlating estimates derived from the income and cost approaches to value described below.

(a) The income approach to value requires the imputation of an income stream and a capitalization rate. The income stream may be based on recognized indicators such as average income, weighted income, trended income, present value of future income streams, performance ratios, and discounted cash flows. The imputation of income stream and capitalization rate shall be derived from the data of other similarly situated companies. Similarity shall be based on factors such as location, fuel mix, customer mix, size and bond ratings. Estimates may also be imputed from industry data generally. Income data from similarly situated companies will be adjusted to reflect differences in governmental regulatory and tax policies.

(b) The cost approach to value shall consist of the total of the property's net book value of the project's property. This total shall then be adjusted for obsolescence if any.

(c) In addition to, and not in lieu of, any adjustments for obsolescence made pursuant to Subsection (2)(b), a phase-in adjustment shall be made to the assessed valuation of any new project or expansion of an existing project on which construction commenced by a project entity after January 1, 1989 as follows:

(i) During the period the new project or expansion is valued as construction work in process, its assessed valuation shall be multiplied by the percentage calculated by dividing its projected production as of the projected date of completion of construction by its projected optimum operating capacity as of that date.

(ii) Once the new project or expansion ceases to be valued as construction work in progress, its assessed valuation shall be multiplied by the percentage calculated by dividing its actual production by its actual optimum operating capacity. After the new project or expansion has sustained actual production at its optimum operating capacity during any tax year, this percentage shall be deemed to be 100 percent for the remainder of its useful life.

(3) If portions of the property of the project entity are located in states in addition to Utah and those states do not apply a unit valuation approach to that property, the fair market value of the property allocable to Utah shall be determined by computing the cost approach to value on the basis of the net book value of the property located in Utah and imputing an estimated income stream based solely on the value of the Utah property as computed under the cost approach. The correlated value so determined shall be the Utah fair market value of the property.

(4) Before fixing and apportioning the Utah fair market value of the property to the respective taxing jurisdictions in which the property, or a portion thereof is located, the Utah fair market value of the property shall be reduced by the percentage of the capacity, service, or other benefit sold by the project entity to exempt energy suppliers.

(5) For purposes of calculating the amount of the fee payable under Section 11-13-302(3), the percentage of the project that is used to produce the capacity, service or other benefit sold shall be deemed to be 100 percent, subject to adjustments provided by this rule, from the date the project is determined to be commercially operational.

(6) In computing its tax rate pursuant to the formula specified in Section 59-2-924(2), each taxing jurisdiction in which the project property is located shall add to the amount of its budgeted property tax revenues the amount of any credit due to the project entity that year under Section 11-13-302(3), and shall divide the result by the sum of the taxable value of all property taxed, including the value of the project property apportioned to the jurisdiction, and further adjusted pursuant to the requirements of Section 59-2-924.

(7) Subsections (2)(a) and (2)(b) are retroactive to the lien date of January 1, 1984. Subsection (2)(c) is effective as of the lien date of January 1, 1989. The remainder of this rule is retroactive to the lien date of January 1, 1988.

R884-24P-20. Construction Work in Progress Pursuant to Utah Constitution Art. XIII, Section 2 and Utah Code Ann. Sections 59-2-201 and 59-2-301.

A. For purposes of this rule:

1. Construction work in progress means improvements as defined in Section 59-2-102, and personal property as defined in Section 59-2-102, not functionally complete as defined in A.6.

2. Project means any undertaking involving construction, expansion or modernization.

3. "Construction" means:

a) creation of a new facility;

b) acquisition of personal property; or

c) any alteration to the real property of an existing facility other than normal repairs or maintenance.

4. Expansion means an increase in production or capacity as a result of the project.

5. Modernization means a change or contrast in character or quality resulting from the introduction of improved techniques, methods or products.

6. Functionally complete means capable of providing economic benefit to the owner through fulfillment of the purpose for which it was constructed. In the case of a cost-regulated utility, a project shall be deemed to be functionally complete when the operating property associated with the project has been capitalized on the books and is part of the rate base of that utility.

7. Allocable preconstruction costs means expenditures associated with the planning and preparation for the construction of a project. To be classified as an allocable preconstruction cost, an expenditure must be capitalized.

8. Cost regulated utility means a power company, oil and gas pipeline company, gas distribution company or telecommunication company whose earnings are determined by a rate of return applied to rate base. Rate of return and rate base are set and approved by a state or federal regulatory commission.

9. Residential means single-family residences and duplex apartments.

10. Unit method of appraisal means valuation of the various physical components of an integrated enterprise as a single going concern. The unit method may employ one or more of the following approaches to value: the income approach, the cost approach, and the stock and debt approach.

B. All construction work in progress shall be valued at "full cash value" as described in this rule.

C. Discount Rates

For purposes of this rule, discount rates used in valuing all projects shall be determined by the Tax Commission, and shall be consistent with market, financial and economic conditions.

D. Appraisal of Allocable Preconstruction Costs.

1. If requested by the taxpayer, preconstruction costs associated with properties, other than residential properties, may be allocated to the value of the project in relation to the relative amount of total expenditures made on the project by the lien date. Allocation will be allowed only if the following conditions are satisfied by January 30 of the tax year for which the request is sought:

- a) a detailed list of preconstruction cost data is supplied to the responsible agency;
- b) the percent of completion of the project and the preconstruction cost data are certified by the taxpayer as to their accuracy.

2. The preconstruction costs allocated pursuant to D.1. of this rule shall be discounted using the appropriate rate determined in C. The discounted allocated value shall either be added to the values of properties other than residential properties determined under E.1. or shall be added to the values determined under the various approaches used in the unit method of valuation determined under F.

3. The preconstruction costs allocated under D. are subject to audit for four years. If adjustments are necessary after examination of the records, those adjustments will be classified as property escaping assessment.

E. Appraisal of Properties not Valued under the Unit Method.

1. The full cash value, projected upon completion, of all properties valued under this section, with the exception of residential properties, shall be reduced by the value of the allocable preconstruction costs determined D. This reduced full cash value shall be referred to as the "adjusted full cash value."

2. On or before January 1 of each tax year, each county assessor and the Tax Commission shall determine, for projects not valued by the unit method and which fall under their

respective areas of appraisal responsibility, the following:

a) The full cash value of the project expected upon completion.

b) The expected date of functional completion of the project currently under construction.

(1) The expected date of functional completion shall be determined by the county assessor for locally assessed properties and by the Tax Commission for centrally-assessed properties.

c) The percent of the project completed as of the lien date.

(1) Determination of percent of completion for residential properties shall be based on the following percentage of completion:

- (a) 10 - Excavation-foundation
- (b) 30 - Rough lumber, rough labor
- (c) 50 - Roofing, rough plumbing, rough electrical, heating
- (d) 65 - Insulation, drywall, exterior finish
- (e) 75 - Finish lumber, finish labor, painting
- (f) 90 - Cabinets, cabinet tops, tile, finish plumbing, finish electrical

(g) 100 - Floor covering, appliances, exterior concrete, misc.

(2) In the case of all other projects under construction and valued under this section the percent of completion shall be determined by the county assessor for locally assessed properties and by the Tax Commission for centrally-assessed properties.

3. Upon determination of the adjusted full cash value for nonresidential projects under construction or the full cash value expected upon completion of residential projects under construction, the expected date of completion, and the percent of the project completed, the assessor shall do the following:

a) multiply the percent of the residential project completed by the total full cash value of the residential project expected upon completion; or in the case of nonresidential projects,

b) multiply the percent of the nonresidential project completed by the adjusted full cash value of the nonresidential project;

c) adjust the resulting product of E.3.a) or E.3.b) for the expected time of completion using the discount rate determined under C.

F. Appraisal of Properties Valued Under the Unit Method of Appraisal.

1. No adjustments under this rule shall be made to the income indicator of value for a project under construction that is owned by a cost-regulated utility when the project is allowed in rate base.

2. The full cash value of a project under construction as of January 1 of the tax year, shall be determined by adjusting the cost and income approaches as follows:

a) Adjustments to reflect the time value of money in appraising construction work in progress valued under the cost and income approaches shall be made for each approach as follows:

(1) Each company shall report the expected completion dates and costs of the projects. A project expected to be completed during the tax year for which the valuation is being determined shall be considered completed on January 1 or July 1, whichever is closest to the expected completion date. The Tax Commission shall determine the expected completion date for any project whose completion is scheduled during a tax year subsequent to the tax year for which the valuation is being made.

(2) If requested by the company, the value of allocable preconstruction costs determined in D. shall then be subtracted from the total cost of each project. The resulting sum shall be referred to as the adjusted cost value of the project.

(3) The adjusted cost value for each of the future years prior to functional completion shall be discounted to reflect the

present value of the project under construction. The discount rate shall be determined under C.

(4) The discounted adjusted cost value shall then be added to the values determined under the income approach and cost approach.

b) No adjustment will be made to reflect the time value of money for a project valued under the stock and debt approach to value.

G. This rule shall take effect for the tax year 1985.

R884-24P-24. Form for Notice of Property Valuation and Tax Changes Pursuant to Utah Code Ann. Sections 59-2-918 through 59-2-924.

(1) The county auditor must notify all real property owners of property valuation and tax changes on the Notice of Property Valuation and Tax Changes form.

(a) If a county desires to use a modified version of the Notice of Property Valuation and Tax Changes, a copy of the proposed modification must be submitted for approval to the Property Tax Division of the Tax Commission no later than March 1.

(i) Within 15 days of receipt, the Property Tax Division will issue a written decision, including justifications, on the use of the modified Notice of Property Valuation and Tax changes.

(ii) If a county is not satisfied with the decision, it may petition for a hearing before the Tax Commission as provided in R861-1A-22.

(b) The Notice of Property Valuation and Tax Changes, however modified, must contain the same information as the unmodified version. A property description may be included at the option of the county.

(2) The Notice of Property Valuation and Tax Changes must be completed by the county auditor in its entirety, except in the following circumstances:

(a) New property is created by a new legal description; or

(b) The status of the improvements on the property has changed.

(c) In instances where partial completion is allowed, the term nonapplicable will be entered in the appropriate sections of the Notice of Property Valuation and Tax Changes.

(d) If the county auditor determines that conditions other than those outlined in this section merit deletion, the auditor may enter the term "nonapplicable" in appropriate sections of the Notice of Property Valuation and Tax Changes only after receiving approval from the Property Tax Division in the manner described in Subsection (1).

(3) Real estate assessed under the Farmland Assessment Act of 1969 must be reported at full market value, with the value based upon Farmland Assessment Act rates shown parenthetically.

(4)(a) All completion dates specified for the disclosure of property tax information must be strictly observed.

(b) Requests for deviation from the statutory completion dates must be submitted in writing on or before June 1, and receive the approval of the Property Tax Division in the manner described in Subsection (1).

(5) If the proposed rate exceeds the certified rate, jurisdictions in which the fiscal year is the calendar year are required to hold public hearings even if budget hearings have already been held for that fiscal year.

(6) If the cost of public notice required under Sections 59-2-918 and 59-2-919 is greater than one percent of the property tax revenues to be received, an entity may combine its advertisement with other entities, or use direct mail notification.

(7) Calculation of the amount and percentage increase in property tax revenues required by Sections 59-2-918 and 59-2-919, shall be computed by comparing property taxes levied for the current year with property taxes collected the prior year, without adjusting for revenues attributable to new growth.

(8) If a taxing district has not completed the tax rate setting process as prescribed in Sections 59-2-919 and 59-2-920 by August 17, the county auditor must seek approval from the Tax Commission to use the certified rate in calculating taxes levied.

(9) The value of property subject to the uniform fee under Section 59-2-405 is excluded from taxable value for purposes of calculating new growth, the certified tax rate, and the proposed tax rate.

(10) The value and taxes of property subject to the uniform fee under Section 59-2-405, as well as tax increment distributions and related taxable values of redevelopment agencies, are excluded when calculating the percentage of property taxes collected as provided in Section 59-2-913.

(11) The following formulas and definitions shall be used in determining new growth:

(a) Actual new growth shall be computed as follows:

(i) the taxable value for the current year adjusted for redevelopment minus year-end taxable value for the previous year adjusted for redevelopment; then

(ii) plus or minus changes in value as a result of factoring; then

(iii) plus or minus changes in value as a result of reappraisal; then

(iv) plus or minus any change in value resulting from a legislative mandate or court order.

(b) Net annexation value is the taxable value for the current year adjusted for redevelopment of all properties annexed into an entity during the previous calendar year minus the taxable value for the previous year adjusted for redevelopment for all properties annexed out of the entity during the previous calendar year.

(c) New growth is equal to zero for an entity with:

(i) an actual new growth value less than zero; and

(ii) a net annexation value greater than or equal to zero.

(d) New growth is equal to actual new growth for:

(i) an entity with an actual new growth value greater than or equal to zero; or

(ii) an entity with:

(A) an actual new growth value less than zero; and

(B) the actual new growth value is greater than or equal to the net annexation value.

(e) New growth is equal to the net annexation value for an entity with:

(i) a net annexation value less than zero; and

(ii) the actual new growth value is less than the net annexation value.

(f) Adjusted new growth equals new growth multiplied by the mean collection rate for the previous five years.

(12)(a) For purposes of determining the certified tax rate, ad valorem property tax revenues budgeted by a taxing entity for the prior year are calculated by:

(i) increasing or decreasing the adjustable taxable value from the prior year Report 697 by the average of the percentage net change in the value of taxable property for the equalization period for the three calendar years immediately preceding the current calendar year; and

(ii) multiplying the result obtained in Subsection (12)(a)(i) by:

(A) the percentage of property taxes collected for the five calendar years immediately preceding the current calendar year; and

(B) the prior year approved tax rate.

(b) If a taxing entity levied the prior year approved tax rate, the budgeted revenues determined under Subsection (12)(a) are reflected in the budgeted revenue column of the prior year Report 693.

(13) Entities required to set levies for more than one fund must compute an aggregate certified rate. The aggregate

certified rate is the sum of the certified rates for individual funds for which separate levies are required by law. The aggregate certified rate computation applies where:

(a) the valuation bases for the funds are contained within identical geographic boundaries; and

(b) the funds are under the levy and budget setting authority of the same governmental entity.

(14) For purposes of determining the certified tax rate of a municipality incorporated on or after July 1, 1996, the levy imposed for municipal-type services or general county purposes shall be the certified tax rate for municipal-type services or general county purposes, as applicable.

(15) No new entity, including a new city, may have a certified tax rate or levy a tax for any particular year unless that entity existed on the first day of that calendar year.

R884-24P-27. Standards for Assessment Level and Uniformity of Performance Pursuant to Utah Code Ann. Sections 59-2-704 and 59-2-704.5.

A. Definitions.

1. "Coefficient of dispersion (COD)" means the average deviation of a group of assessment ratios taken around the median and expressed as a percent of that measure.

2. "Coefficient of variation (COV)" means the standard deviation expressed as a percentage of the mean.

3. "Division" means the Property Tax Division of the State Tax Commission.

4. "Nonparametric" means data samples that are not normally distributed.

5. "Parametric" means data samples that are normally distributed.

6. "Urban counties" means counties classified as first or second class counties pursuant to Section 17-50-501.

B. The Tax Commission adopts the following standards of assessment performance.

1. For assessment level in each property class, subclass, and geographical area in each county, the measure of central tendency shall meet one of the following measures.

a) The measure of central tendency shall be within 10 percent of the legal level of assessment.

b) The 95 percent confidence interval of the measure of central tendency shall contain the legal level of assessment.

2. For uniformity of the property being appraised under the cyclical appraisal plan for the current year, the measure of dispersion shall be within the following limits.

a) In urban counties:

(1) a COD of 15 percent or less for primary residential and commercial property, and 20 percent or less for vacant land and secondary residential property; and

(2) a COV of 19 percent or less for primary residential and commercial property, and 25 percent or less for vacant land and secondary residential property.

b) In rural counties:

(1) a COD of 20 percent or less for primary residential and commercial property, and 25 percent or less for vacant land and secondary residential property; and

(2) a COV of 25 percent or less for primary residential and commercial property, and 31 percent or less for vacant land and secondary residential property.

3. Statistical measures.

a) The measure of central tendency shall be the mean for parametric samples and the median for nonparametric samples.

b) The measure of dispersion shall be the COV for parametric samples and the COD for nonparametric samples.

c) To achieve statistical accuracy in determining assessment level under B.1. and uniformity under B.2. for any property class, subclass, or geographical area, the minimum sample size shall consist of 10 or more ratios.

C. Each year the Division shall conduct and publish an

assessment-to-sale ratio study to determine if each county complies with the standards in B.

1. To meet the minimum sample size, the study period may be extended.

2. A smaller sample size may be used if:

a) that sample size is at least 10 percent of the class or subclass population; or

b) both the Division and the county agree that the sample may produce statistics that imply corrective action appropriate to the class or subclass of property.

3. If the Division, after consultation with the counties, determines that the sample size does not produce reliable statistical data, an alternate performance evaluation may be conducted, which may result in corrective action. The alternate performance evaluation shall include review and analysis of the following:

a) the county's procedures for collection and use of market data, including sales, income, rental, expense, vacancy rates, and capitalization rates;

b) the county-wide land, residential, and commercial valuation guidelines and their associated procedures for maintaining current market values;

c) the accuracy and uniformity of the county's individual property data through a field audit of randomly selected properties; and

d) the county's level of personnel training, ratio of appraisers to parcels, level of funding, and other workload and resource considerations.

4. All input to the sample used to measure performance shall be completed by March 31 of each study year.

5. The Division shall conduct a preliminary annual assessment-to-sale ratio study by April 30 of the study year, allowing counties to apply adjustments to their tax roll prior to the May 22 deadline.

6. The Division shall complete the final study immediately following the closing of the tax roll on May 22.

D. The Division shall order corrective action if the results of the final study do not meet the standards set forth in B.

1. Assessment level adjustments, or factor orders, shall be calculated by dividing the legal level of assessment by one of the following:

a) the measure of central tendency, if the uniformity of the ratios meets the standards outlined in B.2.; or

b) the 95 percent confidence interval limit nearest the legal level of assessment, if the uniformity of the ratios does not meet the standards outlined in B.2.

2. Uniformity adjustments, or reappraisal orders, shall only apply to the property being appraised under the cyclical appraisal plan for the current year. A reappraisal order shall be issued if the property fails to meet the standards outlined in B.2. Prior to implementation of reappraisal orders, counties shall submit a preliminary report to the Division that includes the following:

a) an evaluation of why the standards of uniformity outlined in B.2. were not met; and

b) a plan for completion of the reappraisal that is approved by the Division.

3. A corrective action order may contain language requiring a county to create, modify, or follow its cyclical appraisal plan.

4. All corrective action orders shall be issued by June 10 of the study year.

E. The Tax Commission adopts the following procedures to insure compliance and facilitate implementation of ordered corrective action.

1. Prior to the filing of an appeal, the Division shall retain authority to correct errors and, with agreement of the affected county, issue amended orders or stipulate with the affected county to any appropriate alternative action without Tax

Commission approval. Any stipulation by the Division subsequent to an appeal is subject to Tax Commission approval.

2. A county receiving a corrective action order resulting from this rule may file and appeal with the Tax Commission pursuant to Tax Commission rule R861-1A-11.

3. A corrective action order will become the final Tax Commission order if the county does not appeal in a timely manner, or does not prevail in the appeals process.

4. The Division may assist local jurisdictions to ensure implementation of any corrective action orders by the following deadlines.

a) Factor orders shall be implemented in the current study year prior to the mailing of valuation notices.

b) Other corrective action, including reappraisal orders, shall be implemented prior to May 22 of the year following the study year. The preliminary report referred to in D.2. shall be completed by November 30 of the current study year.

5. The Division shall complete audits to determine compliance with corrective action orders as soon after the deadlines set forth in E.4. as practical. The Division shall review the results of the compliance audit with the county and make any necessary adjustments to the compliance audit within 15 days of initiating the audit. These adjustments shall be limited to the analysis performed during the compliance audit and may not include review of the data used to arrive at the underlying factor order. After any adjustments, the compliance audit will then be given to the Tax Commission for any necessary action.

6. The county shall be informed of any adjustment required as a result of the compliance audit.

R884-24P-28. Reporting Requirements For Leased or Rented Personal Property, Pursuant to Utah Code Ann. Section 59-2-306.

A. The procedure set forth herein is required in reporting heavy equipment leased or rented during the tax year.

1. On forms or diskette provided by the Tax Commission, the owner of leased or rented heavy equipment shall file semi-annual reports with the Tax Commission for the periods January 1 through June 30, and July 1 through December 31 of each year. The reports shall contain the following information:

- a) a description of the leased or rented equipment;
- b) the year of manufacture and acquisition cost;
- c) a listing, by month, of the counties where the equipment has situs; and
- d) any other information required.

2. For purposes of this rule, situs is established when leased or rented equipment is kept in an area for thirty days. Once situs is established, any portion of thirty days during which that equipment stays in that area shall be counted as a full month of situs. In no case may situs exceed twelve months for any year.

3. The completed report shall be submitted to the Property Tax Division of the Tax Commission within thirty days after each reporting period.

- a) Noncompliance will require accelerated reporting.

R884-24P-29. Taxable Household Furnishings Pursuant to Utah Code Ann. Section 59-2-1113.

A. Household furnishings, furniture, and equipment are subject to property taxation if:

1. the owner of the abode commonly receives legal consideration for its use, whether in the form of rent, exchange, or lease payments; or

2. the abode is held out as available for the rent, lease, or use by others.

R884-24P-32. Leasehold Improvements Pursuant to Utah Code Ann. Section 59-2-303.

A. The value of leasehold improvements shall be included in the value of the underlying real property and assessed to the owner of the underlying real property.

B. The combined valuation of leasehold improvements and underlying real property required in A. shall satisfy the requirements of Section 59-2-103(1).

C. The provisions of this rule shall not apply if the underlying real property is owned by an entity exempt from tax under Section 59-2-1101.

D. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 2000.

R884-24P-33. 2008 Personal Property Valuation Guides and Schedules Pursuant to Utah Code Ann. Section 59-2-301.

(1) Definitions.

(a) "Acquisition cost" means all costs required to put an item into service, including purchase price, freight and shipping costs; installation, engineering, erection or assembly costs; and excise and sales taxes.

(i) Indirect costs such as debugging, licensing fees and permits, insurance or security are not included in the acquisition cost.

(ii) Acquisition cost may correspond to the cost new for new property, or cost used for used property.

(b)(i) "Actual cost" includes the value of components necessary to complete the vehicle, such as tanks, mixers, special containers, passenger compartments, special axles, installation, engineering, erection, or assembly costs.

(ii) Actual cost does not include sales or excise taxes, maintenance contracts, registration and license fees, dealer charges, tire tax, freight, or shipping costs.

(c) "Cost new" means the actual cost of the property when purchased new.

(i) Except as otherwise provided in this rule, the Tax Commission and assessors shall rely on the following sources to determine cost new:

- (A) documented actual cost of the new or used vehicle; or
- (B) recognized publications that provide a method for approximating cost new for new or used vehicles.

(ii) For the following property purchased used, the taxing authority may determine cost new by dividing the property's actual cost by the percent good factor for that class:

- (A) class 6 heavy and medium duty trucks;
- (B) class 13 heavy equipment;
- (C) class 14 motor homes;
- (D) class 17 vessels equal to or greater than 31 feet in length;

(E) class 21 commercial trailers; and

(F) class 23 aircraft subject to the aircraft uniform fee and not listed in the aircraft bluebook price digest.

(d) "Percent good" means an estimate of value, expressed as a percentage, based on a property's acquisition cost or cost new, adjusted for depreciation and appreciation of all kinds.

(i) The percent good factor is applied against the acquisition cost or the cost new to derive taxable value for the property.

(ii) Percent good schedules are derived from an analysis of the Internal Revenue Service Class Life, the Marshall and Swift Cost index, other data sources or research, and vehicle valuation guides such as Penton Price Digests.

(2) Each year the Property Tax Division shall update and publish percent good schedules for use in computing personal property valuation.

(a) Proposed schedules shall be transmitted to county assessors and interested parties for comment before adoption.

(b) A public comment period will be scheduled each year and a public hearing will be scheduled if requested by ten or more interested parties or at the discretion of the Commission.

(c) County assessors may deviate from the schedules when

warranted by specific conditions affecting an item of personal property. When a deviation will affect an entire class or type of personal property, a written report, substantiating the changes with verifiable data, must be presented to the Commission. Alternative schedules may not be used without prior written approval of the Commission.

(d) A party may request a deviation from the value established by the schedule for a specific item of property if the use of the schedule does not result in the fair market value for the property at the retail level of trade on the lien date, including any relevant installation and assemblage value.

(3) The provisions of this rule do not apply to:

(a) a vehicle subject to the age-based uniform fee under Section 59-2-405.1;

(b) the following personal property subject to the age-based uniform fee under Section 59-2-405.2:

- (i) an all-terrain vehicle;
- (ii) a camper;
- (iii) an other motorcycle;
- (iv) an other trailer;
- (v) a personal watercraft;
- (vi) a small motor vehicle;
- (vii) a snowmobile;
- (viii) a street motorcycle;
- (ix) a tent trailer;
- (x) a travel trailer; and
- (xi) a vessel, including an outboard motor of the vessel, that is less than 31 feet in length.

(4) Other taxable personal property that is not included in the listed classes includes:

(a) Supplies on hand as of January 1 at 12:00 noon, including office supplies, shipping supplies, maintenance supplies, replacement parts, lubricating oils, fuel and consumable items not held for sale in the ordinary course of business. Supplies are assessed at total cost, including freight-in.

(b) Equipment leased or rented from inventory is subject to ad valorem tax. Refer to the appropriate property class schedule to determine taxable value.

(c) Property held for rent or lease is taxable, and is not exempt as inventory. For entities primarily engaged in rent-to-own, inventory on hand at January 1 is exempt and property out on rent-to-own contracts is taxable.

(5) Personal property valuation schedules may not be appealed to, or amended by, county boards of equalization.

(6) All taxable personal property, other than personal property subject to an age-based uniform fee under Section 59-2-405.1 or 59-2-405.2, is classified by expected economic life as follows:

(a) Class 1 - Short Life Property. Property in this class has a typical life of more than one year and less than four years. It is fungible in that it is difficult to determine the age of an item retired from service.

(i) Examples of property in the class include:

- (A) barricades/warning signs;
- (B) library materials;
- (C) patterns, jigs and dies;
- (D) pots, pans, and utensils;

- (F) hotel linen;
- (G) wood and pallets;
- (H) video tapes, compact discs, and DVDs; and
- (I) uniforms.

(ii) With the exception of video tapes, compact discs, and DVDs, taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

(iii) A licensee of canned computer software shall use one of the following substitutes for acquisition cost of canned computer software if no acquisition cost for the canned

computer software is stated:

(A) retail price of the canned computer software;

(B) if a retail price is unavailable, and the license is a nonrenewable single year license agreement, the total sum of expected payments during that 12-month period; or

(C) if the licensing agreement is a renewable agreement or is a multiple year agreement, the present value of all expected licensing fees paid pursuant to the agreement.

(iv) Video tapes, compact discs, and DVDs are valued at \$15.00 per tape or disc for the first year and \$3.00 per tape or disc thereafter.

(B) The machine cannot operate without the computer and the computer cannot perform functions outside the machine.

(C) The machine can perform multiple functions and is controlled by a programmable central processing unit.

(h) Class 9 - Off-Highway Vehicles.

(i) Because Section 59-2-405.2 subjects off-highway vehicles to an age-based uniform fee, a percent good schedule is not necessary.

(i) Class 10 - Railroad Cars. The Class 10 schedule was developed to value the property of railroad car companies. Functional and economic obsolescence is recognized in the developing technology of the shipping industry. Heavy wear and tear is also a factor in valuing this class of property.

(i) Taxable value is calculated by applying the percent good factor against the acquisition cost of the property.

Gathered in Conjunction With Assessment/Sales Ratio Studies Pursuant to Utah Code Ann. Section 59-2-704.

- A. Market data gathered for purposes of an assessment/sales ratio study may be used for valuation purposes only as part of a systematic reappraisal program whereby all similar properties are given equitable and uniform treatment.
- B. Sales or appraisal data gathered in conjunction with a ratio study shall not be used for an isolated reappraisal of the sold or appraised properties.
- C. Information derived from ratio studies regarding the values assigned to real property and personal property shall not be used to establish the apportionment between real and personal property in future assessments.

R884-24P-35. Annual Statement for Certain Exempt Uses of Property Pursuant to Utah Code Ann. Section 59-2-1102.

- B. The annual statement filed pursuant to Section 59-2-1102 shall contain the following information for the specific property for which an exemption is sought:
 1. the owner of record of the property;
 2. the property parcel, account, or serial number;
 3. the location of the property;
 4. the tax year in which the exemption was originally granted;
 5. a description of any change in the use of the real or personal property since January 1 of the prior year;
 6. the name and address of any person or organization conducting a business for profit on the property;
 7. the name and address of any organization that uses the real or personal property and pays a fee for that use that is greater than the cost of maintenance and utilities associated with the property;
 8. a description of any personal property leased by the owner of record for which an exemption is claimed;
 9. the name and address of the lessor of property described in B.8.;
 10. the signature of the owner of record or the owner's authorized representative; and
 11. any other information the county may require.
- C. The annual statement shall be filed:
 1. with the county legislative body in the county in which the property is located;
 2. on or before March 1; and
 3. using:
 - a) Tax Commission form PT-21, Annual Statement for Continued Property Tax Exemption; or
 - b) a form that contains the information required under B.

R884-24P-36. Contents of Real Property Tax Notice Pursuant to Utah Code Ann. Section 59-2-1317.

- A. In addition to the information required by Section 59-2-1317, the tax notice for real property shall specify the following:
 1. the property identification number;
 2. the appraised value of the property and, if applicable, any adjustment for residential exemptions expressed in terms of taxable value;
 3. if applicable, tax relief for taxpayers eligible for blind, veteran, or poor abatement or the circuit breaker, which shall be shown as credits to total taxes levied; and

- A. The county assessor shall maintain an appraisal record

of all real property subject to assessment by the county. The record shall include the following information:

1. owner of the property;
 2. property identification number;
 3. description and location of the property; and
 4. full market value of the property.
- B. Real property appraisal records shall show separately the value of the land and the value of any improvements.

R884-24P-38. Nonoperating Railroad Properties Pursuant to Utah Code Ann. Section 59-2-201(4).

A. Definitions.

1. "Railroad right of way" (RR-ROW) means a strip of land upon which a railroad company constructs the road bed.

a. RR-ROW within incorporated towns and cities shall consist of 50 feet on each side of the main line main track, branch line main track or main spur track. Variations to the 50-foot standard shall be approved on an individual basis.

b. RR-ROW outside incorporated towns and cities shall consist of the actual right-of-way owned if not in excess of 100 feet on each side of the center line of the main line main track, branch line main track, or main spur track. In cases where unusual conditions exist, such as mountain cuts, fills, etc., and more than 100 feet on either side of the main track is required for ROW and where small parcels of land are otherwise required for ROW purposes, the necessary additional area shall be reported as RR-ROW.

B. Assessment of nonoperating railroad properties. Railroad property formerly assessed by the unitary method which has been determined to be nonoperating, and which is not necessary to the conduct of the business, shall be assessed separately by the local county assessor. For purposes of this rule:

C. Assessment procedures.

1. Properties charged to nonoperating accounts are reviewed by the Property Tax Division, and if taxable, are assessed and placed on the local county assessment rolls separately from the operating properties.

2. RR-ROW is considered as operating and as necessary to the conduct and contributing to the income of the business. Any revenue derived from leasing of property within the RR-ROW is considered as railroad operating revenues.

3. Real property outside of the RR-ROW which is necessary to the conduct of the railroad operation is considered as part of the unitary value. Some examples are: company homes occupied by superintendents and other employees on 24-hour call, storage facilities for railroad operations, communication facilities, and spur tracks outside of RR-ROW.

4. Abandoned RR-ROW is considered as nonoperating and shall be reported as such by the railroad companies.

5. Real property outside of the RR-ROW which is not necessary to the conduct of the railroad operations is classified as nonoperating and therefore assessed by the local county assessor. Some examples are: land leased to service station operations, grocery stores, apartments, residences, and agricultural uses.

6. RR-ROW obtained by government grant or act of Congress is deemed operating property.

D. Notice of Determination. It is the responsibility of the Property Tax Division to provide a notice of determination to the owner of the railroad property and the assessor of the county where the railroad property is located immediately after such determination of operating or nonoperating status has been made. If there is no appeal to the notice of determination, the Property Tax Division shall notify the assessor of the county where the property is located so the property may be placed on the roll for local assessment.

E. Appeals. Any interested party who wishes to contest the determination of operating or nonoperating property may do

so by filing a request for agency action within ten days of the notice of determination of operating or nonoperating properties. Request for agency action may be made pursuant to Utah Code Ann. Title 63, Chapter 46b.

R884-24P-40. Exemption of Parsonages, Rectories, Monasteries, Homes and Residences Pursuant to Utah Code Annotated 59-2-1101(d) and Article XIII, Section 2 of the Utah Constitution.

A. Parsonages, rectories, monasteries, homes and residences if used exclusively for religious purposes, are exempt from property taxes if they meet all of the following requirements:

1. The land and building are owned by a religious organization which has qualified with the Internal Revenue Service as a Section 501(c)(3) organization and which organization continues to meet the requirements of that section.

2. The building is occupied only by persons whose full time efforts are devoted to the religious organization and the immediate families of such persons.

3. The religious organization, and not the individuals who occupy the premises, pay all payments, utilities, insurance, repairs, and all other costs and expenses related to the care and maintenance of the premises and facilities.

B. The exemption for one person and the family of such person is limited to the real estate that is reasonable for the residence of the family and which remains actively devoted exclusively to the religious purposes. The exemption for more than one person, such as a monastery, is limited to that amount of real estate actually devoted exclusively to religious purposes.

C. Vacant land which is not actively used by the religious organization, is not deemed to be devoted exclusively to religious purposes, and is therefore not exempt from property taxes.

1. Vacant land which is held for future development or utilization by the religious organization is not deemed to be devoted exclusively to religious purposes and therefore not tax exempt.

2. Vacant land is tax exempt after construction commences or a building permit is issued for construction of a structure or other improvements used exclusively for religious purposes.

R884-24P-41. Adjustment or Deferral of Property Taxes Pursuant to Utah Code Ann. Section 59-2-1347.

A. Requested adjustments to taxes for past years may not be made under Utah Code Ann. Section 59-2-1347 if the requested adjustment is based only on property valuation.

B. Utah Code Ann. Section 59-2-1347 applies only to taxes levied but unpaid and may not serve as the basis for refunding taxes already paid.

C. Utah Code Ann. Section 59-2-1347 may only be applied to taxes levied for the five most recent tax years except where taxes levied remain unpaid as a result of administrative action or litigation.

R884-24P-42. Farmland Assessment Audits and Personal Property Audits Pursuant to Utah Code Ann. Subsection 59-2-508(2), and Section 59-2-705.

A. The Tax Commission is responsible for auditing the administration of the Farmland Assessment Act to verify proper listing and classification of all properties assessed under the act. The Tax Commission also conducts routine audits of personal property accounts.

1. If an audit reveals an incorrect assignment of property, or an increase or decrease in value, the county assessor shall correct the assessment on the assessment roll and the tax roll.

2. A revised assessment notice or tax notice or both shall be mailed to the taxpayer for the current year and any previous years affected.

3. The appropriate tax rate for each year shall be applied when computing taxes due for previous years.

B. Assessors shall not alter results of an audit without first submitting the changes to the Tax commission for review and approval.

C. The Tax Commission shall review assessor compliance with this rule. Noncompliance may result in an order for corrective action.

R884-24P-44. Farm Machinery and Equipment Exemption Pursuant to Utah Code Ann. Sections 59-2-102 and 59-2-1101.

A. The use of the machinery and equipment, whether by the claimant or a lessee, shall determine the exemption.

1. For purposes of this rule, the term owner includes a purchaser under an installment purchase contract or capitalized lease where ownership passes to the purchaser at the end of the contract without the exercise of an option on behalf of the purchaser or seller.

B. Farm machinery and equipment is used primarily for agricultural purposes if it is used primarily for the production or harvesting of agricultural products.

C. The following machinery and equipment is used primarily for the production or harvesting of agricultural products:

1. Machinery and equipment used on the farm for storage, cooling, or freezing of fruits or vegetables;

2. Except as provided in C.3., machinery and equipment used in fruit or vegetable growing operations if the machinery and equipment does not physically alter the fruit or vegetables; and

3. Machinery and equipment that physically alters the form of fruits or vegetables if the operations performed by the machinery or equipment are reasonable and necessary in the preparation of the fruit or vegetables for wholesale marketing.

D. Machinery and equipment used for processing of agricultural products are not exempt.

R884-24P-47. Uniform Tax on Aircraft Pursuant to Utah Code Ann. Sections 59-2-404, 59-2-1005, 59-2-1302, and 59-2-1303.

A. Registration of aircraft requires payment of a uniform tax in lieu of ad valorem personal property tax. This tax shall be collected by the county assessor at the time of registration at the rate prescribed in Section 59-2-404.

B. The average wholesale market value of the aircraft is the arithmetic mean of the average low wholesale book value and the average high wholesale book value. This average price will be used as the basis for the initial assessment. These amounts are obtained from the fall edition of the Aircraft Bluebook Price Digest in the year preceding the year of registration for all aircraft listed in that publication.

1. The average wholesale market value of aircraft subject to registration but not shown in the Aircraft Bluebook Price Digest will be assessed according to the annual depreciation schedule for aircraft valuation set forth in Tax Commission rule R884-24P-33, "Personal Property Valuation Guides and Schedules."

2. Instructions for interpretation of codes are found inside the Aircraft Bluebook Price Digest.

a) Average low wholesale values are found under the heading "Average equipped per base avg change/invtry."

b) Average high wholesale values are found under the heading "change mktbl."

c) Aircraft values not in accordance with "average" may be adjusted by the assessor following the instructions in the Bluebook. Factors that have the greatest impact on value include: high engine time, air worthiness directives not complied with, status of annual inspection, crash damage, paint

condition, and interior condition.

C. The uniform tax is due each year the aircraft is registered in Utah. If the aircraft is sold within the same registration period, no additional uniform tax shall be due. However, the purchaser shall pay any delinquent tax as a condition precedent to registration.

D. If an aircraft is purchased or moved to Utah during the year and newly registered in Utah, the uniform tax shall be prorated based on the number of months remaining in the registration period.

1. Any portion of a month shall be counted as a full month. For example, if registration is required during July, 50 percent of the uniform tax shall be paid as a condition of registration.

2. If the aircraft is moved to Utah during the year, and property tax was paid to another state prior to moving the aircraft into Utah, any property tax paid shall be allowed as a credit against the prorated uniform tax due in Utah.

a) This credit may not be refunded if the other state property tax exceeds the uniform tax due in Utah for the comparable year.

b) Proof of payment shall be submitted before credit is allowed.

E. The uniform tax collected by county assessors shall be distributed to the taxing districts of the county in which the aircraft is located as shown on the registration application. A. Definitions.

1. "Average market value per rail car" means the fleet rail car market value divided by the number of rail cars in the fleet.

2. "Fleet rail car market value" means the sum of:

a)(1) the yearly acquisition costs of the fleet's rail cars;

(2) multiplied by the appropriate percent good factors contained in Class 10 of R884-24P- 33, Personal Property Valuation Guides and Schedules; and

b) the sum of betterments by year.

(1) Except as provided in A.2.b)(2), the sum of betterments by year shall be depreciated on a 14-year straight line method.

(2) Notwithstanding the provisions of A.2.b)(1), betterments shall have a residual value of two percent.

3. "In-service rail cars" means the number of rail cars in the fleet, adjusted for out-of- service rail cars.

4. a) "Out-of-service rail cars" means rail cars:
 (1) out-of-service for a period of more than ten consecutive hours; or
 (2) in storage.
 b) Rail cars cease to be out-of-service once repaired or removed from storage.
 c) Out-of-service rail cars do not include rail cars idled for less than ten consecutive hours due to light repairs or routine maintenance.

5. "System car miles" means both loaded and empty miles accumulated in the U.S., Canada, and Mexico during the prior calendar year by all rail cars in the fleet.

6. "Utah car miles" mean both loaded and empty miles accumulated within Utah during the prior calendar year by all rail cars in the fleet.

7. "Utah percent of system factor" means the Utah car miles divided by the system car miles.

B. The provisions of this rule apply only to private rail car companies.

C. To receive an adjustment for out-of-service rail cars, the rail car company must report the number of out-of-service days to the commission for each of the company's rail car fleets.

D. The out-of-service adjustment is calculated as follows.

1. Divide the out-of-service days by 365 to obtain the out-of-service rail car equivalent.

2. Subtract the out-of-service rail car equivalent calculated in D.1. from the number of rail cars in the fleet.

E. The taxable value for each rail car fleet apportioned to Utah, for which the Utah percent of system factor is more than 50 percent, shall be determined by multiplying the Utah percent of system factor by the fleet rail car market value.

F. The taxable value for each rail car company apportioned to Utah, for which the Utah percent of system factor is less than or equal to 50 percent, shall be determined in the following manner.

1. Calculate the number of fleet rail cars allocated to Utah under the Utah percent of system factor. The steps for this calculation are as follows.

a) Multiply the Utah percent of system factor by the in-service rail cars in the fleet.

b) Multiply the product obtained in F.1.a) by 50 percent.

2. Calculate the number of fleet rail cars allocated to Utah under the time speed factor. The steps for this calculation are as follows.

a) Divide the fleet's Utah car miles by the average rail car miles traveled in Utah per year. The Commission has determined that the average rail car miles traveled in Utah per year shall equal 200,000 miles.

b) Multiply the quotient obtained in F.2.a) by the percent of in-service rail cars in the fleet.

c) Multiply the product obtained in F.2.b) by 50 percent.

3. Add the number of fleet rail cars allocated to Utah under the Utah percent of system factor, calculated in F.1.b), and the number of fleet rail cars allocated to Utah under the time speed factor, calculated in F.2.c), and multiply that sum by the average market value per rail car.

2. "Ground time" means the time period beginning at the time an aircraft lands and ending at the time an aircraft takes off.

B. The commission shall apportion to a tax area the assessment of the mobile flight equipment owned by a commercial air carrier in the proportion that the ground time in the tax area bears to the total ground time in the state.

C. The provisions of this rule shall be implemented and become binding on taxpayers beginning with the 1999 calendar year.

A. The estimated additional resort communities sales tax revenue to be distributed to a municipality under Section 59-12-402 shall be determined based on the following formula:

1. time series model, econometric model, or simple average, based upon the availability of and variation in the data, weighted 75 percent; and

2. growth rate of actual taxable sales occurring from January 1 through March 31 of the year a tax is initially imposed under Section 59-12-402, weighted 25 percent.

B. The uniform fee established in Section 59-2-405.1 is levied against motor vehicles and state-assessed commercial vehicles classified under Class 22 - Passenger Cars, Light Trucks/Utility Vehicles, and Vans, in Tax Commission rule R884-24P- 33.

C. Personal property subject to the uniform fee imposed in Section 59-2-405 is not subject to the Section 59-2-405.1 uniform fee.

D. The following classes of personal property are not subject to the Section 59-2-405.1 uniform fee, but remain subject to the ad valorem property tax:

1. vintage vehicles;

2. state-assessed commercial vehicles not classified under Class 22 - Passenger Cars, Light Trucks/Utility Vehicles, and Vans;

3. any personal property that is neither required to be registered nor exempt from the ad valorem property tax;

4. mobile and manufactured homes;

5. machinery or equipment that can function only when attached to or used in conjunction with motor vehicles or state-

assessed commercial vehicles.

E. The age of a motor vehicle or state-assessed commercial vehicle, for purposes of Section 59-2-405.1, shall be determined by subtracting the vehicle model year from the current calendar year.

F. The only Section 59-2-405.1 uniform fee due upon registration or renewal of registration is the uniform fee calculated based on the age of the vehicle under E. on the first day of the registration period for which the registrant:

1. in the case of an original registration, registers the vehicle; or

2. in the case of a renewal of registration, renews the registration of the vehicle in accordance with Section 41-1a-216.

G. Centrally assessed taxpayers shall use the following formula to determine the value of locally assessed motor vehicles that may be deducted from the allocated unit valuation:

1. Divide the system value by the book value to determine the market to book ratio.

2. Multiply the market to book ratio by the book value of motor vehicles registered in Utah and subject to Section 59-2-405.1 to determine the value of motor vehicles that may be subtracted from the allocated unit value.

H. The motor vehicle of a nonresident member of the armed forces stationed in Utah may be registered in Utah without payment of the Section 59-2-405.1 uniform fee.

I. A motor vehicle belonging to a Utah resident member of the armed forces stationed in another state is not subject to the Section 59-2-405.1 uniform fee at the time of registration or renewal of registration as long as the motor vehicle is kept in the other state.

J. The situs of a motor vehicle or state-assessed commercial vehicle subject to the Section 59-2-405.1 uniform fee is determined in accordance with Section 59-2-104. Situs of purchased motor vehicles or state-assessed commercial vehicles shall be the tax area of the purchaser's domicile, unless the motor vehicle or state-assessed commercial vehicle will be kept in a tax area other than the tax area of the purchaser's domicile for more than six months of the year.

1. If an assessor discovers a motor vehicle or state-assessed commercial vehicle that is kept in the assessor's county but registered in another, the assessor may submit an affidavit along with evidence that the vehicle is kept in that county to the assessor of the county in which the vehicle is registered. Upon agreement, the assessor of the county of registration shall forward the fee collected to the county of situs within 30 working days.

2. If the owner of a motor vehicle or state-assessed commercial vehicle registered in Utah is domiciled outside of Utah, the taxable situs of the vehicle is presumed to be the county in which the uniform fee was paid, unless an assessor's affidavit establishes otherwise.

3. The Tax Commission shall, on an annual basis, provide each county assessor information indicating all motor vehicles and state-assessed commercial vehicles subject to state registration and their corresponding taxable situs.

4. Section 59-2-405.1 uniform fees received by a county that require distribution to a purchaser's domicile outside of that county shall be deposited into an account established by the Commission, pursuant to procedures prescribed by the Commission.

5. Section 59-2-405.1 uniform fees received by the Commission pursuant to J.4. shall be distributed to the appropriate county at least monthly.

K. The blind exemption provided in Section 59-2-1106 is applicable to the Section 59-2-405.1 uniform fee.

L. The veteran's exemption provided in Section 59-2-1104 is applicable to the Section 59-2-405.1 uniform fee.

M. The value of motor vehicles and state-assessed commercial vehicles to be considered part of the tax base for

purposes of determining debt limitations pursuant to Article XIII, Section 14 of the Utah Constitution, shall be determined by dividing the Section 59-2-405.1 uniform fee collected by .015.

N. The provisions of this rule shall be implemented and become binding on taxpayers beginning January 1, 1999.

R884-24P-61. 1.5 Percent Uniform Fee on Tangible Personal Property Required to be Registered with the State Pursuant to Utah Code Ann. Section 59-2-405.

A. Definitions.

1. For purposes of Section 59-2-405, "motor vehicle" is as defined in Section 41-1a-102, except that motor vehicle does not include motorcycles as defined in Section 41-1a-102.

2. "Recreational vehicle" means a vehicular unit other than a mobile home, primarily designed as a temporary dwelling for travel, recreational, or vacation use, which is either self-propelled or pulled by another vehicle.

a) Recreational vehicle includes a travel trailer, a camping trailer, a motor home, and a fifth wheel trailer.

b) Recreational vehicle does not include a van unless specifically designed or modified for use as a temporary dwelling.

B. The uniform fee established in Section 59-2-405 is levied against the following types of personal property, unless specifically excluded by Section 59-2-405:

1. motor vehicles that are not classified under Class 22 - Passenger Cars, Light Trucks/Utility Vehicles, and Vans, in Tax Commission rule R884-24P-33;

2. watercraft required to be registered with the state;

3. recreational vehicles required to be registered with the state; and

4. all other tangible personal property required to be registered with the state before it is used on a public highway, on a public waterway, on public land, or in the air.

C. The following classes of personal property are not subject to the Section 59-2-405 uniform fee, but remain subject to the ad valorem property tax:

1. vintage vehicles;

2. state-assessed commercial vehicles not classified under Class 22 - Passenger Cars, Light Trucks/Utility Vehicles, and Vans;

3. any personal property that is neither required to be registered nor exempt from the ad valorem property tax;

4. machinery or equipment that can function only when attached to or used in conjunction with motor vehicles.

D. The fair market value of tangible personal property subject to the Section 59-2-405 uniform fee is based on depreciated cost new as established in Tax Commission rule R884-24P-33, "Personal Property Valuation Guides and Schedules," published annually by the Tax Commission.

E. Centrally assessed taxpayers shall use the following formula to determine the value of locally assessed personal property that may be deducted from the allocated unit valuation:

1. Divide the system value by the book value to determine the market to book ratio.

2. Multiply the market to book ratio by the book value of personal property registered in Utah and subject to Section 59-2-405 to determine the value of personal property that may be subtracted from the allocated unit value.

F. If a property's valuation is appealed to the county board of equalization under Section 59-2-1005, the property shall become subject to a total revaluation. All adjustments are made on the basis of their effect on the property's average retail value as of the January 1 lien date and according to Tax Commission rule R884-24P-33.

G. The county assessor may change the fair market value of any individual item of personal property in his jurisdiction for any of the following reasons:

1. The manufacturer's suggested retail price ("MSRP") or the cost new was not included on the state printout, computer tape, or registration card;

2. The MSRP or cost new listed on the state records was inaccurate; or

3. In the assessor's judgment, an MSRP or cost new adjustment made as a result of a property owner's informal request will continue year to year on a percentage basis.

H. If the personal property is of a type subject to annual registration, the Section 59-2-405 uniform fee is due at the time the registration is due. If the personal property is not registered during the year, the owner remains liable for payment of the Section 59-2-405 uniform fee to the county assessor.

1. No additional uniform fee may be levied upon personal property transferred during a calendar year if the Section 59-2-405 uniform fee has been paid for that calendar year.

2. If the personal property is of a type registered for periods in excess of one year, the Section 59-2-405 uniform fee shall be due annually.

3. The personal property of a nonresident member of the armed forces stationed in Utah may be registered in Utah without payment of the Section 59-2-405 uniform fee.

4. Personal property belonging to a Utah resident member of the armed forces stationed in another state is not subject to the Section 59-2-405 uniform fee as long as the personal property is kept in another state.

5. Noncommercial trailers weighing 750 pounds or less are not subject to the Section 59-2-405 uniform fee or ad valorem property tax but may be registered at the request of the owner.

I. If the personal property is of a type subject to annual registration, registration of that personal property may not be completed unless the Section 59-2-405 uniform fee has been paid, even if the taxpayer is appealing the uniform fee valuation. Delinquent fees may be assessed in accordance with Sections 59-2-217 and 59-2-309 as a condition precedent to registration.

J. The situs of personal property subject to the Section 59-2-405 uniform fee is determined in accordance with Section 59-2-104. Situs of purchased personal property shall be the tax area of the purchaser's domicile, unless the personal property will be kept in a tax area other than the tax area of the purchaser's domicile for more than six months of the year.

1. If an assessor discovers personal property that is kept in the assessor's county but registered in another, the assessor may submit an affidavit along with evidence that the property is kept in that county to the assessor of the county in which the personal property is registered. Upon agreement, the assessor of the county of registration shall forward the fee collected to the county of situs within 30 working days.

2. If the owner of personal property registered in Utah is domiciled outside of Utah, the taxable situs of the property is presumed to be the county in which the uniform fee was paid, unless an assessor's affidavit establishes otherwise.

3. The Tax Commission shall, on an annual basis, provide each county assessor information indicating all personal property subject to state registration and its corresponding taxable situs.

4. Section 59-2-405 uniform fees received by a county that require distribution to a purchaser's domicile outside of that county shall be deposited into an account established by the Commission, pursuant to procedures prescribed by the Commission.

5. Section 59-2-405 uniform fees received by the Commission pursuant to J.4. shall be distributed to the appropriate county at least monthly.

K. The blind exemption provided in Section 59-2-1106 is applicable to the Section 59-2-405 uniform fee.

L. The veteran's exemption provided in Section 59-2-1104 is applicable to the Section 59-2-405 uniform fee.

M. The provisions of this rule shall be implemented and

become binding on taxpayers beginning January 1, 1999.

R884-24P-62. Valuation of State Assessed Unitary Properties Pursuant to Utah Code Ann. Section 59-2-201.

(1) Purpose. The purpose of this rule is to:

(a) specify consistent mass appraisal methodologies to be used by the Property Tax Division (Division) in the valuation of tangible property assessable by the Commission; and

(b) identify preferred valuation methodologies to be considered by any party making an appraisal of an individual unitary property.

(2) Definitions:

(a) "Cost regulated utility" means any public utility assessable by the Commission whose allowed revenues are determined by a rate of return applied to a rate base set by a state or federal regulatory commission.

(b) "Fair market value" means the amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. Fair market value reflects the value of property at its highest and best use, subject to regulatory constraints.

(c) "Rate base" means the aggregate account balances reported as such by the cost regulated utility to the applicable state or federal regulatory commission.

(d) "Unitary property" means operating property that is assessed by the Commission pursuant to Section 59-2-201(1)(a) through (c).

(i) Unitary properties include:

(A) all property that operates as a unit across county lines, if the values must be apportioned among more than one county or state; and

(B) all property of public utilities as defined in Section 59-2-102.

(ii) These properties, some of which may be cost regulated utilities, are defined under one of the following categories.

(A) "Telecommunication properties" include the operating property of local exchange carriers, local access providers, long distance carriers, cellular telephone or personal communication service (PCS) providers and pagers, and other similar properties.

(B) "Energy properties" include the operating property of natural gas pipelines, natural gas distribution companies, liquid petroleum products pipelines, and electric corporations, including electric generation, transmission, and distribution companies, and other similar entities.

(C) "Transportation properties" include the operating property of all airlines, air charter services, air contract services, including major and small passenger carriers and major and small air freighters, long haul and short line railroads, and other similar properties.

(3) All tangible operating property owned, leased, or used by unitary companies is subject to assessment and taxation according to its fair market value as of January 1, and as provided in Utah Constitution Article XIII, Section 2. Intangible property as defined under Section 59-2-102 is not subject to assessment and taxation.

(4) General Valuation Principles. Unitary properties shall be assessed at fair market value based on generally accepted appraisal theory as provided under this rule.

(a) The assemblage or enhanced value attributable to the tangible property should be included in the assessed value. See *Beaver County v. WilTel, Inc.*, 995 P.2d 602 (Utah 2000). The value attributable to intangible property must, when possible, be identified and removed from value when using any valuation method and before that value is used in the reconciliation process.

(b) The preferred methods to determine fair market value are the cost approach and a yield capitalization income indicator

as set forth in Subsection (5).

(i) Other generally accepted appraisal methods may also be used when it can be demonstrated that such methods are necessary to more accurately estimate fair market value.

(ii) Direct capitalization and the stock and debt method typically capture the value of intangible property at higher levels than other methods. To the extent intangible property cannot be identified and removed, relatively less weight shall be given to such methods in the reconciliation process, as set forth in Subsection (5)(d).

(iii) Preferred valuation methods as set forth in this rule are, unless otherwise stated, rebuttable presumptions, established for purposes of consistency in mass appraisal. Any party challenging a preferred valuation method must demonstrate, by a preponderance of evidence, that the proposed alternative establishes a more accurate estimate of fair market value.

(c) Non-operating Property. Property that is not necessary to the operation of unitary properties and is assessed by a local county assessor, and property separately assessed by the Division, such as registered motor vehicles, shall be removed from the correlated unit value or from the state allocated value.

(5) Appraisal Methodologies.

(a) Cost Approach. Cost is relevant to value under the principle of substitution, which states that no prudent investor would pay more for a property than the cost to construct a substitute property of equal desirability and utility without undue delay. A cost indicator may be developed under one or more of the following methods: replacement cost new less depreciation (RCNLD), reproduction cost less depreciation (reproduction cost), and historic cost less depreciation (HCLD).

(i) "Depreciation" is the loss in value from any cause. Different professions recognize two distinct definitions or types of depreciation.

(A) Accounting. Depreciation, often called "book" or "accumulated" depreciation, is calculated according to generally accepted accounting principles or regulatory guidelines. It is the amount of capital investment written off on a firm's accounting records in order to allocate the original or historic cost of an asset over its life. Book depreciation is typically applied to historic cost to derive HCLD.

(B) Appraisal. Depreciation, sometimes referred to as "accrued" depreciation, is the difference between the market value of an improvement and its cost new. Depreciation is typically applied to replacement or reproduction cost, but should be applied to historic cost if market conditions so indicate. There are three types of depreciation:

(I) Physical deterioration results from regular use and normal aging, which includes wear and tear, decay, and the impact of the elements.

(II) Functional obsolescence is caused by internal property characteristics or flaws in the structure, design, or materials that diminish the utility of an improvement.

(III) External, or economic, obsolescence is an impairment of an improvement due to negative influences from outside the boundaries of the property, and is generally incurable. These influences usually cannot be controlled by the property owner or user.

(ii) Replacement cost is the estimated cost to construct, at current prices, a property with utility equivalent to that being appraised, using modern materials, current technology and current standards, design, and layout. The use of replacement cost instead of reproduction cost eliminates the need to estimate some forms of functional obsolescence.

(iii) Reproduction cost is the estimated cost to construct, at current prices, an exact duplicate or replica of the property being assessed, using the same materials, construction standards, design, layout and quality of workmanship, and embodying any functional obsolescence.

(iv) Historic cost is the original construction or acquisition cost as recorded on a firm's accounting records. Depending upon the industry, it may be appropriate to trend HCLD to current costs. Only trending indexes commonly recognized by the specific industry may be used to adjust HCLD.

(v) RCNLD may be impractical to implement; therefore the preferred cost indicator of value in a mass appraisal environment for unitary property is HCLD. A party may challenge the use of HCLD by proposing a different cost indicator that establishes a more accurate cost estimate of value.

(b) Income Capitalization Approach. Under the principle of anticipation, benefits from income in the future may be capitalized into an estimate of present value.

(i) Yield Capitalization. The yield capitalization formula is $CF/(k-g)$, where "CF" is a single year's normalized cash flow, "k" is the nominal, risk adjusted discount or yield rate, and "g" is the expected growth rate of the cash flow.

(A) Cash flow is restricted to the operating property in existence on the lien date, together with any replacements intended to maintain, but not expand or modify, existing capacity or function. Cash flow is calculated as net operating income (NOI) plus non-cash charges (e.g., depreciation and deferred income taxes), less capital expenditures and additions to working capital necessary to achieve the expected growth "g". Information necessary for the Division to calculate the cash flow shall be summarized and submitted to the Division by March 1 on a form provided by the Division.

(I) NOI is defined as net income plus interest.

(II) Capital expenditures should include only those necessary to replace or maintain existing plant and should not include any expenditure intended primarily for expansion or productivity and capacity enhancements.

(III) Cash flow is to be projected for the year immediately following the lien date, and may be estimated by reviewing historic cash flows, forecasting future cash flows, or a combination of both.

(Aa) If cash flows for a subsidiary company are not available or are not allocated on the parent company's cash flow statements, a method of allocating total cash flows must be developed based on sales, fixed assets, or other reasonable criteria. The subsidiary's total is divided by the parent's total to derive the allocation percentage to estimate the subsidiary's cash flow.

(Bb) If the subject company does not provide the Commission with its most recent cash flow statements by March 1 of the assessment year, the Division may estimate cash flow using the best information available.

(B) The discount rate (k) shall be based upon a weighted average cost of capital (WACC) considering current market debt rates and equity yields. WACC should reflect a typical capital structure for comparable companies within the industry.

(I) The cost of debt should reflect the current market rate (yield to maturity) of debt with the same credit rating as the subject company.

(II) The cost of equity is estimated using standard methods such as the capital asset pricing model (CAPM), the Risk Premium and Dividend Growth models, or other recognized models.

(Aa) The CAPM is the preferred method to estimate the cost of equity. More than one method may be used to correlate a cost of equity, but only if the CAPM method is weighted at least 50% in the correlation.

(Bb) The CAPM formula is $k(e) = R(f) + (\text{Beta} \times \text{Risk Premium})$, where $k(e)$ is the cost of equity and $R(f)$ is the risk free rate.

(Cc) The risk free rate shall be the current market rate on 20-year Treasury bonds.

(Dd) The beta should reflect an average or value-weighted average of comparable companies and should be drawn

consistently from Value Line or an equivalent source. The beta of the specific assessed property should also be considered.

(Ee) The risk premium shall be the arithmetic average of the spread between the return on stocks and the income return on long term bonds for the entire historical period contained in the Ibbotson Yearbook published immediately following the lien date.

(C) The growth rate "g" is the expected future growth of the cash flow attributable to assets in place on the lien date, and any future replacement assets.

(I) If insufficient information is available to the Division, either from public sources or from the taxpayer, to determine a rate, "g" will be the expected inflationary rate in the Gross Domestic Product Price Deflator obtained in Value Line. The growth rate and the methodology used to produce it shall be disclosed in a capitalization rate study published by the Commission by February 15 of the assessment year.

(ii) A discounted cash flow (DCF) method may be impractical to implement in a mass appraisal environment, but may be used when reliable cash flow estimates can be established.

(A) A DCF model should incorporate for the terminal year, and to the extent possible for the holding period, growth and discount rate assumptions that would be used in the yield capitalization method defined under Subsection (5)(b)(i).

(B) Forecasted growth may be used where unusual income patterns are attributed to

- (I) unused capacity;
- (II) economic conditions; or
- (III) similar circumstances.

(C) Growth may not be attributed to assets not in place as of the lien date.

(iii) Direct Capitalization is an income technique that converts an estimate of a single year's income expectancy into an indication of value in one direct step, either by dividing the normalized income estimate by a capitalization rate or by multiplying the normalized income estimate by an income factor.

(c) Market or Sales Comparison Approach. The market value of property is directly related to the prices of comparable, competitive properties. The market approach is estimated by comparing the subject property to similar properties that have recently sold.

(I) Sales of comparable property must, to the extent possible, be adjusted for elements of comparison, including market conditions, financing, location, physical characteristics, and economic characteristics. When considering the sales of stock, business enterprises, or other properties that include intangible assets, adjustments must be made for those intangibles.

(II) Because sales of unitary properties are infrequent, a stock and debt indicator may be viewed as a surrogate for the market approach. The stock and debt method is based on the accounting principle which holds that the market value of assets equal the market value of liabilities plus shareholder's equity.

(d) Reconciliation. When reconciling value indicators into a final estimate of value, the appraiser shall take into consideration the availability, quantity, and quality of data, as well as the strength and weaknesses of each value indicator. Weighting percentages used to correlate the value approaches will generally vary by industry, and may vary by company if evidence exists to support a different weighting. The Division must disclose in writing the weighting percentages used in the reconciliation for the final assessment. Any departure from the prior year's weighting must be explained in writing.

(6) Property Specific Considerations. Because of unique characteristics of properties and industries, modifications or alternatives to the general value indicators may be required for specific industries.

(a) Cost Regulated Utilities.

(i) HCLD is the preferred cost indicator of value for cost regulated utilities because it represents an approximation of the basis upon which the investor can earn a return. HCLD is calculated by taking the historic cost less depreciation as reflected in the utility's net plant accounts, and then:

- (A) subtracting intangible property;
- (B) subtracting any items not included in the utility's rate base (e.g., deferred income taxes and, if appropriate, acquisition adjustments); and
- (C) adding any taxable items not included in the utility's net plant account or rate base.

(ii) Deferred Income Taxes, also referred to as DFIT, is an accounting entry that reflects the difference between the use of accelerated depreciation for income tax purposes and the use of straight-line depreciation for financial statements. For traditional rate base regulated companies, regulators generally exclude deferred income taxes from rate base, recognizing it as ratepayer contributed capital. Where rate base is reduced by deferred income taxes for rate base regulated companies, they shall be removed from HCLD.

(iii) Items excluded from rate base under Subsections (6)(a)(i)(A) or (B) should not be subtracted from HCLD to the extent it can be shown that regulators would likely permit the rate base of a potential purchaser to include a premium over existing rate base.

(b)(i) Railroads.

(ii) The cost indicator should generally be given little or no weight because there is no observable relationship between cost and fair market value.

(c)(i) Wind Power Generating Plants.

(ii) Due to the unique financial nature of operating wind power generating plants, the following tax credits provided to entities operating wind power generating plants shall be identified and removed as intangible property from the indicators of value considered under this rule:

(A) renewable electricity production credits for wind power generation pursuant to Section 45, Internal Revenue Code; and

(B) refundable wind energy tax credits pursuant to Section 59-7-614(2)(c).

R884-24P-63. Performance Standards and Training Requirements Pursuant to Utah Code Ann. Section 59-2-406.

A. The party contracting to perform services shall develop a written customer service performance plan within 60 days after the contract for performance of services is signed.

1. The customer service performance plan shall address:

- a) procedures the contracting party will follow to minimize the time a customer waits in line; and
- b) the manner in which the contracting party will promote alternative methods of registration.

2. The party contracting to perform services shall provide a copy of its customer service performance plan to the party for whom it provides services.

3. The party for whom the services are provided may, no more often than semiannually, audit the contracting party's performance based on its customer service performance plan, and may report the results of the audit to the county commission or the state tax commissioners, as applicable.

B. Each county office contracting to perform services shall conduct initial training of its new employees.

C. The Tax Commission shall provide regularly scheduled training for all county offices contracting to perform motor vehicle functions.

R884-24P-64. Determination and Application of Taxable Value for Purposes of the Property Tax Exemptions for Disabled Veterans and the Blind Pursuant to Utah Code

Ann. Sections 59-2-1104 and 59-2-1106.

For purposes of Sections 59-2-1104 and 59-2-1106, the taxable value of tangible personal property subject to a uniform fee under Sections 59-2-405.1 or 59-2-405.2 shall be calculated by dividing the uniform fee the tangible personal property is subject to by .015.

R884-24P-65. Assessment of Transitory Personal Property Pursuant to Utah Code Ann. Section 59-2-402.

A. "Transitory personal property" means tangible personal property that is used or operated primarily at a location other than a fixed place of business of the property owner or lessee.

B. Transitory personal property in the state on January 1 shall be assessed at 100 percent of fair market value.

C. Transitory personal property that is not in the state on January 1 is subject to a proportional assessment when it has been in the state for 90 consecutive days in a calendar year.

1. The determination of whether transitory personal property has been in the state for 90 consecutive days shall include the days the property is outside the state if, within 10 days of its removal from the state, the property is:

- a) brought back into the state; or
- b) substituted with transitory personal property that performs the same function.

D. Once transitory personal property satisfies the conditions under C., tax shall be proportionally assessed for the period:

1. beginning on the first day of the month in which the property was brought into Utah; and
2. for the number of months remaining in the calendar year.

E. An owner of taxable transitory personal property who removes the property from the state prior to December and who qualifies for a refund of taxes assessed and paid, shall receive a refund based on the number of months remaining in the calendar year at the time the property is removed from the state and for which the tax has been paid.

1. The refund provisions of this subsection apply to transitory personal property taxes assessed under B. and C.

2. For purposes of determining the refund under this subsection, any portion of a month remaining shall be counted as a full month.

F. If tax has been paid for transitory personal property and that property is subsequently moved to another county in Utah:

1. No additional assessment may be imposed by any county to which the property is subsequently moved; and
2. No portion of the assessed tax may be transferred to the subsequent county.

R884-24P-66. Appeal to County Board of Equalization Pursuant to Utah Code Ann. Section 59-2-1004.

A.1. "Factual error" means an error that is:

a) objectively verifiable without the exercise of discretion, opinion, or judgment, and

b) demonstrated by clear and convincing evidence.

2. Factual error includes:

a) a mistake in the description of the size, use, or ownership of a property;

b) a clerical or typographical error in reporting or entering the data used to establish valuation or equalization;

c) an error in the classification of a property that is eligible for a property tax exemption under:

- (1) Section 59-2-103; or
- (2) Title 59, Chapter 2, Part 11;

d) valuation of a property that is not in existence on the lien date; and

e) a valuation of a property assessed more than once, or by the wrong assessing authority.

B. Except as provided in D., a county board of

equalization shall accept an application to appeal the valuation or equalization of a property owner's real property that is filed after the time period prescribed by Section 59-2-1004(2)(a) if any of the following conditions apply:

1. During the period prescribed by Section 59-2-1004(2)(a), the property owner was incapable of filing an appeal as a result of a medical emergency to the property owner or an immediate family member of the property owner, and no co-owner of the property was capable of filing an appeal.

2. During the period prescribed by Section 59-2-1004(2)(a), the property owner or an immediate family member of the property owner died, and no co-owner of the property was capable of filing an appeal.

3. The county did not comply with the notification requirements of Section 59-2-919(4).

4. A factual error is discovered in the county records pertaining to the subject property.

5. R930-5-7. Diagnostic/Surveillance Review Team.

(1) The Department shall have a program for the identification of highway/railway crossings for improvement. Crossings may be identified for improvement upon

recommendation from the diagnostic/surveillance review team, or by formal finding of the Department. The role of the Diagnostic/Surveillance Review Team is to make recommendations to the Department for changes needed at railroad crossings. The team serves as a venue where different agencies and railroads may come together and discuss options and alternatives for safety improvement. The Department shall consider all recommendations made by the team members, and input received from the public at large (in accordance with section R930-5-14) before issuing final orders for the improvement of grade crossings. Suggested improvements at all highway/railway intersection crossings are evaluated by a Diagnostic/Surveillance Review Team. The team reviews railroad crossings when requested by local agencies, when significant changes in highway traffic patterns are proposed, or when railroad traffic is proposed to significantly increase. The Department may also make formal findings and rulings as part of its routine inspection of railroad crossings, independent of the Diagnostic/Surveillance Review Team.

(2) The Diagnostic/Surveillance Team is composed of the following team members:

- (a) Chief Railroad Engineer for the , Department;
- (b) Representatives from the railroad company;
- (c) Representatives from the local government agency (preferably from engineering or public works), and when available the local law enforcement groups where the highway/railway crossing is located and
- (d) Representatives from the local school district, if the crossing is located on an approved school walking route.

(3) The Diagnostic/Surveillance Team shall, when appropriate:

- (a) Recommend the elimination of at-grade highway/railway crossings;
- (b) Recommend that passive railroad warning devices be installed at crossings in accordance with the MUTCD;
- (c) Recommend installation of active railroad warning devices at highway/railway crossings. Active warning devices include flashing lights, flashing lights with gates, flashing lights with gates and overhead cantilever lights, three- or four-quadrant gates with gate management system, or other active warning device as defined in the MUTCD;
- (d) Recommend the type of railroad crossing materials to be installed at highway/railway crossings;
- (e) Recommend the improvement of the highway approach grades to the tracks to improve sight distance;
- (f) Recommend removal of trees, brush and foliage from the highway and railroad rights-of-way and private properties to provide better sight distance for motor vehicles;
- (g) Recommend changes needed to improve pedestrian safety, and to comply to the extent possible with the Americans with Disabilities Act;
- (h) Review all requests for new at-grade crossings of existing railroads. The highway agency making the request for a new crossing shall provide a master street plan showing the agency's plan to eliminate or combine existing railroad crossings before new crossings will be approved;
- (i) Review change of use of highway/railway crossings. The local agency shall verify the permitted use, public or private, of any highway/railway crossing in writing from the authorized owner of the track prior to approval of new development or change in land use or ownership;
- (j) Recommend new overpass or other grade separation structures;
- (k) Recommend the installation of street lighting to improve visibility;
- (l) Recommend any other safety mitigation requirements in order to improve vehicle and pedestrian safety.

(4) Duties of individual Diagnostic/Surveillance Team members include:

- (a) The Chief Railroad Engineer shall:
 - (i) notify team members who are to attend the review;
 - (ii) conduct the reviews and issue team reports within two weeks after the review and send copies to all those attending the review;
 - (iii) establish requirements for horizontal and vertical alignments of the roadway;
 - (iv) determine passive and active railroad warning device locations on the roadway;
 - (v) determine funding apportionments on federal railroad safety projects;
 - (vi) initiate all Notices of Intended Action for railroad projects;
 - (vii) review the plans and contractual agreement requirements on projects demanding federal funds from local agencies;
 - (viii) obtain all necessary field data for plan site maps and take photographs of the existing conditions of all quadrants of the intersection.;
- (b) The Railroad Company Representative shall provide train volumes, accident data, and any other pertinent data regarding the railroad crossing;
- (c) The Local Agency Representative shall provide highway traffic volumes, proposed road construction activities on the highway, or an approved master plan for the highway, in addition to any other pertinent data regarding the crossing;
- (d) The Local School District Representative shall provide school-age pedestrian traffic counts and school routing plan information.
- (5) Where a new railroad crosses an existing highway, the Department will consider the new crossing in conformance with Section 54-4-15. Public notice will be made in conformance with R930-5-14, Notice of Intended Action. If approved, the required separation or railroad warning devices, and any pavement work at the crossing shall not be considered to be of benefit to the road user and 100 percent railroad participation shall be required. The determination as to separation of type of warning devices shall be according to classification and traffic volume of the highway crossed and the predicted traffic hazard and as recommended by the Surveillance Team.

R930-5-8. Design of At-Grade Highway/Railway Crossings.

(1) The Department shall oversee and approves the design of all highway/railway at-grade crossings. Facilities that are the responsibility of the railroad for maintenance and operation shall conform to the specifications and design standards used by the railroad in its normal practice. At-Grade crossings that are the responsibility of the local agency for maintenance and operation shall conform to the specifications and design standards and guides used by the highway agency in its normal practice subject to approval by the Department. Where a local agency does not have an approved standard, Department standard drawings for the design of railroad crossings apply. Traffic control devices at all grade crossing improvements shall comply with the MUTCD. Required clearances for all devices shall conform to the MUTCD, or as approved by the Department. All design plans shall include USDOT identification numbers, street addresses, railroad subdivision and railroad milepost for at-grade crossings.

(2) Railroad crossing surface materials shall be designed as follows:

- (a) When it is determined that the railroad crossing material needs to be extended or replaced, the agency doing the design of the crossing shall determine the minimum length of the crossing material. The length shall be determined based on the proposed width of the new roadway or from the approved master plan roadway width. The crossing material length shall extend at least two feet from the outer edge of the roadway, beyond the roadway clear zone area, or to the back of the

concrete curb and gutter or out past the sidewalks;

(b) The approach grades of the roadway to the railroad crossing material shall conform to standard drawings published by the Department, to the extent practical;

(c) When the existing railroad crossing material is to be extended but the existing material is too old and cannot be connected to the new material, complete replacement of the railroad crossing material is required;

(d) New railroad crossing materials shall use insulated concrete panels. Other materials may be used, if approved by the Department.

(3) Active railroad warning devices shall be designed as follows:

(a) The railroad company is responsible for the design of the railroad activation circuitry, hardware, and software necessary to comply with requirements of the Department. Clearances for active warning devices shall comply with requirements of the MUTCD, unless otherwise specifically authorized by the Department;

(b) Three- and four-quadrant gate systems: Designs for these systems shall be in conformance with the MUTCD. Exit gates for these systems shall be designed to fail in the upright position. Time-delayed exit gates shall not be used in these systems, except for locations with a single track that is nearly perpendicular to the highway. In these cases, where practical, the exit gate shall be placed at a distance from the track to allow for a single design vehicle to exit the crossing area safely. The Diagnostic/Surveillance Review Team shall recommend delay times to be used in these applications. For all other installations (single track skewed crossings, multi-track crossings, etc.) a dynamic exit gate system shall be used. The exit gate system shall employ a method (as approved by the Department) of detecting vehicles stalled on the tracks and shall raise exit gates to allow for vehicles to exit the crossing area. When the active warning devices are placed within the roadway clear zone, appropriate attenuation devices shall be installed;

(c) When an existing roadway is to be widened, the new location of the active railroad warning devices shall be determined by the railroad and highway agency. The railroad company shall relocate the devices;

(d) When active warning devices are within 200 feet of a traffic signal, the local authority shall provide the type and amount of preemption time needed to the Diagnostic Review Team. The railroad company shall design the crossing per the specification of the local authority. The local authority shall provide an interconnect to the traffic signal controller. The local authority is responsible for programming traffic signal controller;

(e) Design plans shall show the location of active devices by both highway station and railroad milepost.

(4) The following passive warning devices shall be designed, installed, and maintained by the railroad company in accordance with the MUTCD:\

- (a) Sign R15-1 (crossbuck);
- (b) Sign R15-2 (number of tracks);
- (c) Sign R1-1 (STOP);
- (d) Sign R1-2 (Yield);
- (e) Sign R15-3 (Exempt);
- (f) Sign R8-9 (Tracks out of Service)

(5) Design, installation, and maintenance of all other passive railroad warning devices, signs, and pavement markings is the responsibility of the highway agency that crosses the railroad tracks. Design and location of the devices shall be in accordance with the MUTCD and as engineering studies indicate necessary, or as required by the Diagnostic Review Team.

R930-5-9. Responsibility to Arrange for the Installation of Railroad Materials and Devices.

(1) Responsibility for installation of railroad crossing material is as follows:

(a) When a roadway is widened by a local agency, the local agency shall be responsible to arrange by agreement with the railroad company to install the railroad crossing extension.

(b) When local agencies reconstruct a roadway and new railroad crossing material is required, the local agency shall arrange by agreement with the railroad company for the complete replacement of the railroad crossing material when material cannot be extended.

(2) Responsibility for installation of active warning devices is as follows:

(a) When a local agency widens a roadway which changes the existing conditions of the highway/railway crossing and it requires active warning devices, the local agency shall be responsible to arrange by agreement with the railroad company for the installation of the active railroad warning devices after their plans are approved by the Department.

(b) When a local agency widens a roadway that has existing active railroad warning devices, the local agency shall have their plans approved by the Department and arrange by agreement with the railroad company for the relocation of the devices.

(c) Prior to approving new residential, commercial or industrial development within 1000 feet of a railroad crossing, the local agency shall request a Diagnostic/Surveillance Review of the proposed development to assess the potential traffic impacts at the railroad crossing. When a local agency approves increased development that changes the conditions of a highway/railway at-grade crossing by increasing traffic volumes and/or by adding new access openings onto a highway within 250 feet, the agency plans shall be approved by the Department. The local agency shall arrange by agreement with the railroad company for any required railroad changes.

(d) When a highway/railway at-grade crossing is listed in the Department's Annual High Accident Prediction List and active warning devices are required, the Department shall arrange by agreement with the railroad company for the installation of the active railroad warning devices.

(e) When a local agency requests a surveillance review of a highway/railway intersection or a corridor of intersections and the Diagnostic/Surveillance Team recommends that a crossing or crossings can be eliminated and other crossings can be upgraded, the Department shall determine if Federal Railroad Safety Funds (also know as "Section 130 funds") may be used for any or all of the improvements. If Federal funding is available, the Department shall also arrange by agreement with the railroad company for the installation of the active railroad warning devices.

(3) The Local Agency is responsible for the installation of all passive railroad warning devices.

R930-5-10. Maintenance.

(1) Responsibility for maintenance is as described in this section unless a separate agreement has been executed between the railroad and the owner of the road.

(2) The maintenance of automatic signal devices and the pavement area from end of tie to end of tie, including space between multiple tracks if the railroad company owns the easement rights between the multiple tracks, and two feet beyond each outside rails is the responsibility of the railroad company.

(3) Signals and pavement between end of ties on temporary highway detours shall in all cases become the responsibility of the railroad company at the expense of the highway agency owning the roadway.

(4) Maintenance of the crossing approaches up to end of tie is the responsibility of the agency owning the roadway. When the railway is raised due to track and ballast maintenance,

the railroad company shall coordinate their work with the agency owning the roadway so the pavement on the approaches can be adjusted to provide a smooth ride for motorists. When the agency owning the roadway changes the road profile (through construction or maintenance activities) the approaches to the tracks must be adjusted to provide a smooth and level crossing surface.

(5) Responsibility for maintenance of a grade separation structure is as follows:

(a) Where a separation facility overpasses a railroad, maintenance responsibility for the entire structure and approaches is assumed by the agency owning the structure and roadway.

(b) When a grade separation structure underpasses a railroad and the railroad owns the right of way fee title, maintenance of the roadway and the entire structure below and including the deck plate, girders, handrail, and parapets, is the responsibility of the owner of the roadway. Maintenance of the waterproofing, ballast, ties, rails and any portion of the supporting structure above the top of the ballast deck plate between parapets is the responsibility of the railroad company. If the owner of the roadway owns the right of way fee title, the railroad is responsible for the maintenance of the entire structure.

(c) Cost of repairing damages to a highway or a highway structure, occasioned by collision, equipment failure or derailment of the railroad's equipment shall be borne by the railroad company.

(6) Responsibility for maintenance of private industrial trackage not owned by a railroad company that crosses public highways shall be as follows:

(a) When a facility, plant or property owner receives goods and services from a railroad company train over private industrial trackage that crosses a public highway, maintenance of the crossing shall be the responsibility of those companies receiving the goods and services.

(b) When the highway/railway crossing becomes a safety hazard to vehicles and is not maintained, the Department and the railroad company shipping the goods and services shall notify the facility, plant or property owners in writing to maintain or replace the railroad crossing material.

(c) If the owner of the private trackage does not maintain or replace the crossing material by a specified date, the Department shall order the railroad company to cease and desist operations across the highway/railway crossing.

(d) If the owner still does not respond to the order to maintain or replace the railroad crossing material the following action shall be taken by the highway agency owning the roadway. The highway agency shall arrange to have the crossing replaced, and bill the facility owner of the trackage for the expenses to repair the trackage.

R930-5-11. FHWA Authorizations.

(1) The costs of preliminary engineering, right-of-way acquisition, and construction incurred after the date each phase of the work is included in an approved program and authorized by FHWA are eligible for federal participation. Preliminary engineering and right-of-way acquisition costs which are otherwise eligible, but incurred by the railroad prior to authorization by FHWA, although not reimbursable, may be included as part of the railroad share of the project cost where such share is required.

(2) Prior to issuance of authorization by FHWA either to advertise the physical construction for bids, to proceed with force account construction for railroad work or for other construction affected by railroad work the following must be accomplished:

(a) Plans and specifications and estimates must be approved by FHWA.

(b) A proposed agreement between the state and the railroad company must be found satisfactory by FHWA. Before Federal funds may be used to reimburse the state for railroad costs the executed agreement must be approved by FHWA.

R930-5-12. Railroad Agreements.

(1) Where construction of a federal aid project requires use of railroad properties or adjustments to railroad facilities, the Department shall prepare an agreement between it and the railroad company.

(2) Master agreements between the Department and a railroad company on an area wide or statewide basis may be used. These agreements shall contain the specifications, regulations and provisions required in conjunction with work performed on all projects.

(3) On a project-by-project basis, the written agreement between the Department and the railroad company shall, as a minimum, include the following, where applicable:

(a) Reference to appropriate federal regulations;

(b) detailed statement of the work to be performed by each party;

(c) Method of payment shall be actual cost;

(d) For projects which are not for elimination of hazards of highway/railway crossings, the extent to which the railroad is obligated to move or adjust facilities at the expense of the agency owning the roadway;

(e) The railroad's share of the project cost;

(f) An itemized estimate of the cost of the work to be performed by the railroad;

(g) Method to be used for performing the work, either by railroad forces or by contract;

(h) Maintenance responsibility;

(i) Form, duration, and amounts of any needed insurance;

(j) Appropriate reference to or identification of plans and specifications.

(4) On matching fund agreements between the Department and the Local Agency, on a project-by-project basis the written agreement shall include the following:

(a) Description of work and location, city, county, state;

(b) Reference to federal regulations that matching funds will be provided by the agency having jurisdiction over the street or highway right-of-way where improvements are desired;

(c) Detailed statement of work to be performed by each party regarding design engineering, agreements, inspection and maintenance;

(d) Statement of finances of project and matching funds to be provided by local agency, deposits, invoices and cost overruns or underruns.

(5) Agreements prepared for local government and industrial trackage crossing are prepared between the agency owning the street or highway right-of-way and the industry on forms furnished by the railroad companies.

(6) In order that a highway/railway project shall not become unduly delayed, the Department shall consider a six-month period of time from issuance of the railroad agreement to be adequate for completion of execution by the railroad company involved. Should more than the specified period of time elapse, the Department shall require the railroad to proceed with the work covered by the agreement under the authority contained in Section 54-4-15 and approval from the FHWA will be solicited in conformance with 23 CFR 646.

R930-5-13. Apportionment of Costs.

(1) Paragraphs 2-7 of this section apply when highway projects are constructed in whole or in part with Federal funds.

(2) Apportionment of costs for installation, maintenance, and reconstruction of active and passive railroad warning devices at highway/railway intersections shall be in accordance with 23 CFR 646.

(3) When a roadway is widened by the state or local governmental agency, that agency shall fund all passive and active warning devices as recommended by the Diagnostic/Surveillance Team and as determined necessary by the Department.

(4) When a roadway is widened by a local agency, and the existing railroad crossing material is old and cannot be attached to the new material, the local agency shall fund the replacement of all new existing crossing material.

(5) When a highway/railway at-grade crossing is listed on the Department's Annual High Accident Prediction List, and it is determined by the Department that the crossing shall be upgraded, it shall be funded by federal railroad safety funds and local highway agency matching funds.

(6) If approved construction of a separation structure or the installation of a signal device at such crossing is not considered a benefit to the railroad, railroad participation shall not be required.

(7) A project to reconstruct an existing overpass or underpass shall include the entire structure and railway and the highest approaches thereto. Since there is no railway liability for such projects, it is considered that there shall be no benefit to the railroad and railroad participation shall not be required.

(8) This paragraph applies when no federal funds are used on a project to reconstruct an existing overpass or underpass. The project shall include the entire structure and railway and the highest approaches thereto. If the railroad owns the fee title right of way, no railroad participation is required. If the railroad does not own the fee title right of way, all costs will be the responsibility of the railroad.

R930-5-14. Notice of Intended Action Process.

(1) Public notification is required when the Department is considering proposals to close public streets at crossings, removal of tracks from crossings, addition of tracks at crossings, or construction of new public at-grade crossings. The Department shall advertise a notice of its intended action in a newspaper of general circulation, and if available, a newspaper of local circulation in the area affected, at least twice with a provision that written protests may be filed with the Department 15 days from the date of the last publication of the notice. The local public authority shall provide written notice to all property owners within one-half mile of the crossing area. The notice shall identify the project, briefly describe the changes proposed, who to contact for information, where to file complaints or comments, and contain general information relating to the proposed action.

(2) Construction of a new highway crossing of a railroad track where a new street or highway is proposed which is not essentially a relocation of an existing street, the the Department will consider the new crossing in conformance with Section 54-4-15. Public notice will be made in conformance with this rule.

(3) All requests for a public meeting shall be in writing and shall detail how a proposed action will adversely affect a group of people, firm or corporation, and if it appears that the adverse affect cannot be alleviated by the Department. Such a hearing will be conducted informally by the Department. Any party aggravated by any determination made by the Department shall have their statutory right under Section 54-4-15, as amended, to petition the PSC for a hearing to be governed by the procedures of the PSC.

(4) In instances where the action proposed by the Department does not substantially affect the general public, The Department may waive the requirement to public notice, provided all parties affected concur in writing with the action proposed. For the purposes of this section, parties affected shall mean railroads or other common parties, state, county, city or other environmental agencies, boards or commissions, having jurisdiction over any property rights of facilities, and private

persons or directly affected.

R930-5-15. Clearances.

(1) Unless otherwise noted, all clearances apply to tracks carrying freight or passengers.

(a) Overhead clearances. Overhead clearance is measured as the minimum clearance from the top of rail to the lowest point on a structure.

(i) For tracks carrying freight cars, 23'6";

(ii) For tracks carrying only passenger cars, 14';

(b) Side Clearances. Side clearance is measured from the centerline of tangent standard gauge tracks. Increase clearances on all structures adjacent to curved track by 12 inches.

(i) Posts, pipes, warning signs, other small obstructions, 10';

(ii) Freight platforms, 8 inches or less above top of rail, 4'8";

(iii) Freight platforms, between 8 inches and 21 inches above top of rail, 5'8";

(iv) Freight platforms, between 21 inches and 48 inches above top of rail, 7'3";

(v) Refrigerated freight platforms, between 48 inches and 54 inches above top of rail, 8'0";

(vi) All other structures, near freight tracks, 8'6";

(vii) Poles supporting electrical conductors for use in supplying motive power to tracks, 7'6";

(viii) All other poles supporting cables or wires, 8'6";

(ix) Through bridges and tunnels supporting track affected, 8'0";

(x) Switch boxes, operating mechanisms, and appurtenances necessary for the operation of switches, turnouts, or interlocking devices, less than 4 inches above top of rail, 3'0";

(xi) Block signals and switch stands, three feet or less above top of rail and located between tracks, 6'0";

(xii) Block signals and switch stands, used in operation of Light Rail Transit, 7'6";

(xiii) All other block signals and switch stands, 8'6";

(xvi) Fences of cattle guards, 6'9";

(xvii) Doors and entrances to repair shops or maintenance buildings, 7'6";

(xix) All other objects and articles, 8'6". (c) Overhead and side clearances. Minimum overhead and side clearances may be decreased to the extent defined by the radius of a circle with the appropriate side clearance, with the center-point of the circle set at the appropriate minimum clearance height. Overhead and side clearances do not apply to shops and buildings in which rail equipment is moved for repairs

(d) Clearances for parallel tracks. Clearance is measured from centerline of tracks.

(i) Tracks used for freight transportation, mainline or siding tracks, 15';

(ii) Tracks used for passenger transportation, mainline or siding tracks, 15';

(iii) Tracks used as team or freight house tracks may be reduced to 11'6" provided that all other side clearances are maintained;

(iv) Between adjacent ladder or yard tracks, 20'. Between ladder or yard tracks and other (mainline or siding) tracks, 17'.

(e) Minimum clearances for public roads, highways, and streets.

(i) Where railroads cross overhead, 17';

(ii) Where railroads cross overhead, side clearances are based on the width of the road and the number of lanes crossing under the structure. Minimum widths are determined by the Department of Transportation on a case-by-case basis;

(iii) Where roads cross overhead, use the minimum clearances as provided in this rule.

R930-5-16. Accident Reporting.

Railroad companies are required to report all accidents occurring at highway-rail grade crossings to the Department's Chief Railroad Engineer within 2 hours of the incident. Initial notification must include the USDOT crossing number, street address, municipality, time of incident, train identifier, and contact phone number for further information. Written accident reports shall be submitted to the Department within 30 days of the incident. Current Federal Railroad Administration (FRA) form F 6180.57 shall be used to report accidents.

R930-5-17. Exemption of Railroad Crossings.

Under Section 41-6a-1205, Utah Code, certain vehicles are required to stop at all railroad crossings, unless a crossing is signed as exempt from this requirement. Recommendation to exempt a crossing is made by the Diagnostic/Surveillance team to the Department. Certain crossings are not eligible for exemption from Section 41-6a-1205:

- (1) Mainline crossings with passive protective devices only;
- (2) Crossings within approved quiet zones;
- (3) Crossings where insufficient sight distance exists;
- (4) Notification under section R930-5-14 shall be performed prior to authorization of exempting crossings.

R994. Workforce Services, Unemployment Insurance.**R994-306. Charging Benefit Costs to Employers.****R994-306-101. Reduction in Force Separations.**

When a worker is separated due to a reduction of the workforce, regardless of business conditions requiring the separation, the worker is eligible for benefits and the employer is liable for charges. This is true even if the separation is the end of a temporary assignment or seasonal employment and both parties agreed to the arrangement at the time of hire.

R994-306-201. Notice to Employers and Time Limitation for Protests.

All base period employers and all employers for which a claimant worked after the base period but prior to when the claim is filed, shall be notified prior to the payment of benefits that a claim has been filed.

(a) All employers who receive this notice may protest payment of benefits to former employees and all contributing employers may request relief of charges.

(i) All protests and requests must be made in writing to the Department within ten days after the notice is issued and must state in detail the circumstances which are alleged by the employer to justify a denial of benefits to the claimant, or relief of charges to the employer.

(ii) If the employer's request for relief of charges would justify the relief requested but the employer fails to provide separation information within the time limits of the request or to make a timely protest against the payment of benefits, the employer's request to be relieved of those charges will be adjudicated pursuant to R994-306-202.

R994-306-202. Relief of Charges Decisions.

When an employer makes a written request for relief of charges, a decision is made as to the employer's liability for benefit costs.

(a) The employer is notified of the decision and if an appeal is not filed, the decision becomes final and binding on both the employer and the Department.

(b)(i) A request for relief of charges or appeal that is filed after the expiration of the applicable time limit may be considered by the Department if:

(A) the employer has good cause for the late request or appeal as provided in R994-508-104;

(B) relief of charges was denied due to a mistake as to the facts and the Department did not rely on the requesting or appealing employer's failure to submit correct information in determining a claimant's eligibility for benefits. However, the Department will not consider such a request after September 30 with respect to benefits paid in the fiscal year that ended the prior June 30, even if there was a mistake as to facts.

(c) If the Department fails to give the relief of charges granted by a previous decision, the employer must request a correction of this error in accordance with Section R994-303-103.

R994-306-301. Benefit Cost Calculation Errors.

(1) Employers will be notified of benefit costs as they accrue at the end of each quarter. The notice used is called the "Statement of Unemployment Benefit Costs" (Form 66). This statement notifies the employer of the amount of benefits paid during the preceding quarter and gives the employer an opportunity to advise the Department of any errors. Upon written request from the employer, corrections will be made for all quarters not yet used to determine the employer's contribution rate. The following are examples which may occur:

(a) The employer is charged for costs for which the Department should have granted relief in accordance with Section R994-307-101.

(b) The employer did not receive prior notice that a claim

had been filed or the determination of the claimant's eligibility and therefore did not have an opportunity to request relief of charges.

R994-306-401. Annual Notice of Contribution Rate.

(1) When the "Contribution Rate Notice" (Form 45) is issued at the end of the year, as per Subsection R994-303-103, the employer will have 30 days to protest the rate. When this decision, which establishes the contribution rate for the next year, becomes final it will not be changed even upon a showing of a mistake as to facts.

R994. Workforce Services, Unemployment Insurance.**R994-307. Social Costs -- Relief of Charges.****R994-307-101. Relief of Charges to Contributing Employers.**

(1) Under the following circumstances a written request is required for relief of charges:

(a) Separation Issues.

(i) Relief may be granted based only on the circumstance which caused the claim to be filed or a separation which occurred prior to the initial filing of the claim. If there is more than one separation from the same employer, charges or relief of charges will be based on the reason for the last separation occurring prior to the effective date of the claim. Separations occurring after the initial filing of a claim do not result in relief of charges on that claim, but may be the basis for relief of charges on a subsequent claim.

(A) The claimant voluntarily left work for that employer due to circumstances which would have resulted in a denial of benefits under Subsection 35A-4-405(1) of the Act.

(B) The separation from that employer would have resulted in an allowance of benefits made under the provisions of "equity and good conscience" under circumstances not caused or aggravated by the employer. For example: If the claimant quit because of a personal circumstance which was not the result of this employment the employer would be relieved of charges. However, if the quit was precipitated by a reduction in the claimant's hours of work, even though the change in working conditions was necessitated by economic conditions, the employer would NOT be relieved of charges.

(C) The claimant quit that employer for health reasons which were beyond reasonable control of the employer. Although the job may have caused or aggravated the health problems, the employer is eligible for relief if it was in compliance with industry safety standards.

(D) The claimant quit work for that employer not because of adverse working conditions, but solely due to a personal decision to accept work with another employer.

(E) The claimant quit work from that employer for personally compelling circumstances not within the employer's power to control or prevent.

(F) The claimant quit new work from that employer after a short trial period, and through no fault of the employer the new work was unsuitable as defined in Subsections 35-4-405(3)(c), (d), and (e).

(G) The claimant was discharged from that employer for circumstances which would have resulted in a denial of benefits under Section 35A-4-405(2) of the Act.

(H) The claimant was discharged for nonperformance due to medical reasons. The employer is eligible for relief:

(I) only if the employer complied with industry health and safety standards, and

(II) the non-performance was due to a chronic medical condition, and

(III) the medical circumstances are expected to continue. The medical problems may be attributed to the worker or to a dependent. A series of unrelated absences attributed to medical problems do not qualify as chronic without medical verification that the conditions will probably continue to cause absences.

(b) Non-Separation Issues.

(i) When the claimant worked for two or more employers during the base period and is separated from one or more of these employers, but continues in regular part-time work for one of those employers, the nonseparating, part-time employer will not be liable for benefit costs provided;

(A) the claimant earned wages from a nonseparating employer within seven days prior to the date when the claim was filed,

(B) the claimant is not working on an "on call" basis,

(C) the number of hours of work has not been reduced, and

(D) the nonseparating employer makes a request that it not be held liable for benefit costs within ten days of the first notification of the employer's potential liability.

(ii) The employer was previously charged for the same wages which are being used a second time to establish a new claim. For example, as the result of a change in the method of computing the base period, or overlapping base periods due to the effective date of the claim.

(iii) The claimant did not work for the employer during the base period.

(iv) The Department incorrectly used wages which were or should have been correctly reported by the employer in determining the claimant's weekly benefit amount or maximum benefit amount.

(c) The Department may, on its own motion, grant relief of charges without a written request if in the Department representative's discretion there is sufficient information in the record to justify relief.

(2) Under the following circumstances a written request is NOT required for relief of charges:

(a) All employers shall be relieved of benefit costs:

(i) resulting from the state's share of extended benefit payments;

(ii) which, during the same fiscal year, have been designated by the Department as benefit overpayments;

(iii) resulting from combined wage claims that are charged to Utah employers, which are insufficient when separately considered for a monetary claim under Utah law but have been transferred to a paying state;

(iv) resulting from payments made after December 31, 1985 to claimants who have been given Department approval to attend school. Relief is granted only for those benefit costs during the period of Department approval.

(b) An employer shall be relieved of benefit costs if the employer has terminated coverage.

R994-315-102. Definitions.

In addition to definitions included in 35A-7-102, this rule makes the following definition:

(1) Multi-state Employer: A multi-state employer is defined as an employer who has employees in two or more States and who transmits new hire reports magnetically or electronically.

R994-315-103. Reporting Formats.

Employers may submit information by paper, magnetic tape, cartridge, or diskette or electronically. Submittals should not be duplicated.

(1) Paper

Employers may mail or fax copies of any one of the following:

(a) the Utah New Hire Registry Reporting Form (form 6)

(b) the employee's W-4 (Employee's Withholding Allowance Certificate), the worksheet portions are not necessary.

(c) computer printouts or other printed information that provides all six of the mandatory data elements required by 35A-7-104 (1).

(2) Magnetic Media

Employers may submit their new hire information on magnetic tape, cartridge, or diskette. Magnetic media must be submitted according to specifications approved by the Department.

(3) Electronic Media

Employers may submit information by Internet on-line data entry or Internet electronic file transfer. Electronic Media must be submitted according to specifications approved by the Department.

R994-315-104. Multi-state Employers.

(1) Multi-state employers have the option to report all new hires to a single state, chosen by the employer, in which the employer has employees. To exercise this option, the employer must designate one state for reporting new hires, transmit the report magnetically or electronically, and notify the Secretary of Health and Human Services in writing.

The letter of request should include the following information:

(a) Employer Federal ID Number (FEIN).

(b) Any other FEIN's under which the employer does business.

(c) Employer Company name, address and telephone number.

(d) The state to which the employer will report all workers.

(e) A list of states in which the employer employs workers.

(f) Name and phone number of person responsible for providing data.

R994-315-105. Waiver of Penalty for Failure to Report.

(1) An employer that fails to report the hiring or re-hiring of an employee in a timely manner is subject to a civil penalty of \$25 for each such failure in accordance with Section 35A-7-106. The \$25 penalty will be waived if the employer can show good cause for failure to provide the required new hire report(s). Good cause may be established if the employer was prevented from filing a new hire report due to circumstances which were compelling and reasonable or beyond its immediate control. Payment of the \$25 penalty does not relieve the employer from the responsibility of filing the required new hire report(s).

R994. Workforce Services, Unemployment Insurance.**R994-508. Appeal Procedures.****R994-508-101. Right to Appeal an Initial Department Determination.**

(1) An interested party has the right to appeal an initial Department determination on unemployment benefits or unemployment tax liability (contributions) by filing an appeal with the Appeals Unit or at any DWS Employment Center.

(2) The appeal must be in writing and either sent through the U.S. Mail, faxed, or delivered to the Appeals Unit, or submitted electronically through the Department's website.

(3) The appeal must be signed by an interested party unless it can be shown that the interested party has conveyed, in writing, the authority to another person or is physically or mentally incapable of acting on his or her own behalf. Providing the correct Personal Identification Number (PIN) when filing an appeal through the Department's website will be considered a signed appeal.

(4) The appeal should give the date of the determination being appealed, the social security number of any claimant involved, the employer number, a statement of the reason for the appeal, and any and all information which supports the appeal. The failure of an appellant to provide the information in this subsection will not preclude the acceptance of an appeal.

(5) The scope of the appeal is not limited to the issues stated in the appeal.

(6) If the claimant is receiving benefits at the time the appeal is filed, payments will continue pending the written decision of the ALJ even if the claimant is willing to waive payment. If benefits are denied as a result of the appeal, an overpayment will be established.

R994-508-102. Time Limits for Filing an Appeal from an Initial Department Determination.

(1) If the initial Department determination was delivered to the party, the time permitted for an appeal is ten calendar days. "Delivered to the party" means personally handed, faxed, or sent electronically to the party. If the determination was sent through the U.S. Mail, an additional five calendar days will be added to the time allowed for an appeal from the initial Department determination. Therefore, the amount of time permitted for filing an appeal from any initial Department determination sent through the U.S. Mail is fifteen calendar days unless otherwise specified on the decision.

(2) In computing the period of time allowed for filing an appeal, the date as it appears in the determination is not included. The last day of the appeal period is included in the computation unless it is a Saturday, Sunday, or legal holiday when Department offices are closed. If the last day permitted for filing an appeal falls on a Saturday, Sunday, or legal holiday, the time permitted for filing a timely appeal will be extended to the next day when Department offices are open.

(3) An appeal sent through the U.S. Mail is considered filed on the date shown by the postmark. If the postmark date cannot be established because it is illegible, erroneous, or omitted, the appeal will be considered filed on the date it was mailed if the sender can establish that date by competent evidence and can show that it was mailed prior to the date of actual receipt. If the date of mailing cannot be established by competent evidence, the appeal will be considered filed on the date it is actually received by the Appeals Unit as shown by the Appeals Unit's date stamp on the document or other credible evidence such as a written notation of the date of receipt. "Mailed" in this subsection means taken to the post office or placed in a receptacle which is designated for pick up by an employee who has the responsibility of delivering it to the post office.

R994-508-103. Untimely Appeal.

If it appears that an appeal was not filed in a timely manner, the appellant will be notified and given an opportunity to show that the appeal was timely or that it was delayed for good cause. If it is found that the appeal was not timely and the delay was without good cause, the ALJ or the Board will not have jurisdiction to consider the merits unless jurisdiction is established in accordance with provisions of Subsection 35A-4-406(2). Any decision with regard to jurisdictional issues will be issued in writing and delivered or mailed to all interested parties with a clear statement of the right of further appeal or judicial review.

R994-508-104. Good Cause for Not Filing Within Time Limitations.

A late appeal may be considered on its merits if it is determined that the appeal was delayed for good cause. Good cause is limited to circumstances where it is shown that:

(1) the appellant received the decision after the expiration of the time limit for filing the appeal, the appeal was filed within ten days of actual receipt of the decision and the delay was not the result of willful neglect;

(2) the delay in filing the appeal was due to circumstances beyond the appellant's control; or

(3) the appellant delayed filing the appeal for circumstances which were compelling and reasonable.

R994-508-105. Response to an Appeal.

A respondent is not required to file a written response to an appeal. A respondent may file a response if it does not delay the proceedings.

R994-508-106. Notice of the Hearing.

(1) All interested parties will be notified by mail, at least seven days prior to the hearing, of:

- (a) the time and place of the hearing;
- (b) the right to be represented at the hearing;
- (c) the right to request an in-person hearing;
- (d) the legal issues to be considered at the hearing;
- (e) the procedure for submitting written documents;
- (f) the consequences of not participating;
- (g) the procedures and limitations for requesting a continuance or rescheduling; and
- (h) the procedure for requesting an interpreter for the hearing, if necessary.

(2) When a new issue arises during the hearing, advance written notice may be waived by the parties after a full explanation by the ALJ of the issues and potential consequences.

(3) It is the responsibility of a party to notify and make arrangements for the participation of the party's representative and/or witnesses, if any.

(4) If a party has designated a person or professional organization as its agent, notice will be sent to the agent which will satisfy the requirement to give notice to the party.

R994-508-107. Department to Provide Documents.

The Appeals Unit will obtain the information which the Department used to make its initial determination and the reasoning upon which that decision was based and will send all of the Department's relevant documentary information to the parties with the notice of hearing.

R994-508-108. Discovery.

(1) Discovery is a legal process to obtain information which is necessary to prepare for a hearing. In most unemployment insurance hearings, informal methods of discovery are sufficient. Informal discovery is the voluntary exchange of information regarding evidence to be presented at the hearing, and witnesses who will testify at the hearing.

Usually a telephone call to the other party requesting the needed information is adequate. Parties are encouraged to cooperate in providing information. If this information is not provided voluntarily, the party requesting the information may request that the ALJ compel a party to produce the information through a verbal or written order or issuance of a subpoena. In considering the requests, the ALJ will balance the need for the information with the burden the requests place upon the opposing party and the need to promptly decide the appeal.

(2) The use of formal discovery procedures in unemployment insurance appeals proceedings are rarely necessary and tend to increase costs while delaying decisions. Formal discovery may be allowed for unemployment insurance hearings only if so directed by the ALJ and when each of the following elements is present:

(a) informal discovery is inadequate to obtain the information required;

(b) there is no other available alternative that would be less costly or less intimidating;

(c) it is not unduly burdensome;

(d) it is necessary for the parties to properly prepare for the hearing; and

(e) it does not cause unreasonable delays.

(3) Formal discovery includes requests for admissions, interrogatories, and other methods of discovery as provided by the Utah Rules of Civil Procedure.

R994-508-109. Hearing Procedure.

(1) All hearings will be conducted before an ALJ in such manner as to provide due process and protect the rights of the parties.

(2) The hearing will be recorded.

(3) The ALJ will regulate the course of the hearing to obtain full disclosure of relevant facts and to afford the parties a reasonable opportunity to present their positions.

(4) The decision of the ALJ will be based solely on the testimony and evidence presented at the hearing.

(5) All testimony of the parties and witnesses will be given under oath or affirmation.

(6) All parties will be given the opportunity to provide testimony, present relevant evidence which has probative value, cross-examine any other party and/or other party's witnesses, examine or be provided with a copy of all exhibits, respond, argue, submit rebuttal evidence and/or provide statements orally or in writing, and/or comment on the issues.

(7) The evidentiary standard for ALJ decisions, except in cases of fraud, is a preponderance of the evidence. Preponderance means evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not. The evidentiary standard for determining claimant fraud is clear and convincing evidence. Clear and convincing is a higher standard than preponderance of the evidence and means that the allegations of fraud are highly probable.

(8) The ALJ will direct the order of testimony and rule on the admissibility of evidence. The ALJ may, on the ALJ's own motion or the motion of a party, exclude evidence that is irrelevant, immaterial, or unduly repetitious.

(9) Oral or written evidence of any nature, whether or not conforming to the rules of evidence, may be accepted and will be given its proper weight. A party has the responsibility to present all relevant evidence in its possession. When a party is in possession of evidence but fails to introduce the evidence, an inference may be drawn that the evidence does not support the party's position.

(10) Official Department records, including reports submitted in connection with the administration of the Employment Security Act, may be considered at any time in the

appeals process including after the hearing.

(11) Parties may introduce relevant documents into evidence. Parties must mail, fax, or deliver copies of those documents to the ALJ assigned to hear the case and all other interested parties so that the documents are received three days prior to the hearing. Failure to prefile documents may result in a delay of the proceedings. If a party has good cause for not submitting the documents three days prior to the hearing or if a party does not receive the documents sent by the Appeals Unit or another party prior to the hearing, the documents will be admitted after provisions are made to insure due process is satisfied. At his or her discretion, the ALJ can either:

(a) reschedule the hearing to another time;

(b) allow the parties time to review the documents at an in-person hearing;

(c) request that the documents be faxed during the hearing, if possible, or read the material into the record in case of telephone hearing; or

(d) leave the record of the hearing open, send the documents to the party or parties who did not receive them, and give the party or parties an opportunity to submit additional evidence after they are received and reviewed.

(12) The ALJ may, on his or her own motion, take additional evidence as is deemed necessary.

(13) With the consent of the ALJ, the parties to an appeal may stipulate to the facts involved. The ALJ may decide the appeal on the basis of those facts, or may set the matter for hearing and take further evidence as deemed necessary to decide the appeal.

(14) The ALJ may require portions of the testimony be transcribed as necessary for rendering a decision.

(15) All initial determinations made by the Department are exempt from the provisions of the Utah Administrative Procedures Act (UAPA). Appeals from initial determinations will be conducted as formal adjudicative proceedings under UAPA.

R994-508-110. Telephone Hearings.

(1) Hearings are usually scheduled as telephonic hearings. Every party wishing to participate in the telephone hearing must call the Appeals Unit before the hearing and provide a telephone number where the party can be reached at the time of the hearing.

(2) If a party prefers an in-person hearing, the party must contact the ALJ assigned to hear the case and request that the hearing be scheduled as an in-person hearing. The request should be made sufficiently in advance of the hearing so that all other parties may be given notice of the change in hearing type and the opportunity to appear in person also. If the ALJ grants the request, all parties will be informed that the hearing will be conducted in person. Even if the hearing is scheduled as an in-person hearing, a party may elect to participate by telephone. In-person hearings are held in the office of the Appeals Unit unless the ALJ determines that another location is more appropriate. The Department is not responsible for any travel costs incurred by attending an in-person hearing.

(3) The Appeals Unit will permit collect calls from parties and their witnesses participating in telephone hearings; however, professional representatives not at the physical location of their client must pay their own telephone charges.

R994-508-111. Evidence, Including Hearsay Evidence.

(1) The failure of one party to provide information either to the Department initially or at the appeals hearing severely limits the facts available upon which to base a good decision. Therefore, it is necessary for all parties to actively participate in the hearing by providing accurate and complete information in a timely manner to assure the protection of the interests of each party and preserve the integrity of the unemployment insurance

system.

(2) Hearsay, which is information provided by a source whose credibility cannot be tested through cross-examination, has inherent infirmities which make it unreliable.

(3) Evidence will not be excluded solely because it is hearsay. Hearsay, including information provided to the Department through telephone conversations and written statements will be considered, but greater weight will be given to credible sworn testimony from a party or a witness with personal knowledge of the facts.

(4) Findings of fact cannot be based exclusively on hearsay evidence unless that evidence is admissible under the Utah Rules of Evidence. All findings must be supported by a residuum of legal evidence competent in a court of law.

R994-508-112. Procedure For Use of an Interpreter at the Hearing.

(1) If a party notifies the Appeals Unit that an interpreter is needed, the Unit will arrange for an interpreter at no cost to the party.

(2) The ALJ must be assured that the interpreter understands the English language and understands the language of the person for whom the interpreter will interpret.

(3) The ALJ will instruct the interpreter to interpret, word for word, and not summarize, add, change, or delete any of the testimony or questions.

(4) The interpreter will be sworn to truthfully and accurately translate all statements made, all questions asked, and all answers given.

R994-508-113. Department a Party to Proceedings.

As a party to the hearing, the Department or its representatives have the same rights and responsibilities as other interested parties to present evidence, bring witnesses, cross-examine witnesses, give rebuttal evidence, and appeal decisions. The ALJ cannot act as the agent for the Department and therefore is limited to including in the record only that relevant evidence which is in the Department files, including electronically kept records or records submitted by Department representatives. The ALJ will, on his or her own motion, call witnesses for the Department when the testimony is necessary and the need for such witnesses or evidence could not have been reasonably anticipated by the Department prior to the hearing. If the witness is not available, the ALJ will, on his or her own motion, continue the hearing until the witness is available.

R994-508-114. Ex Parte Communications.

Parties are not permitted to discuss the merits or facts of any pending case with the ALJ assigned to that case or with a member of the Board prior to the issuance of the decision, unless all other parties to the case have been given notice and opportunity to be present. Any ex parte discussions between a party and the ALJ or a Board member will be reported to the parties at the time of the hearing and made a part of the record. Discussions with Department employees who are not designated to represent the Department on the issue and are not expected to participate in the hearing of the case are not ex parte communications and do not need to be made a part of the record.

R994-508-115. Requests for Removal of an ALJ from a Case.

A party may request that an ALJ be removed from a case on the basis of partiality, interest, or prejudice. The request for removal must be made to the ALJ assigned to hear the case. The request must be made prior to the hearing unless the reason for the request was not, or could not have been known prior to the hearing. The request must state specific facts which are alleged to establish cause for removal. If the ALJ agrees to the removal,

the case will be assigned to a different ALJ. If the ALJ finds no legitimate grounds for the removal, the request will be denied and the ALJ will explain the reasons for the denial during the hearing. Appeals pertaining to the partiality, interest, or prejudice of the ALJ may be filed consistent with the time limitations for appealing any other decision.

R994-508-116. Rescheduling or Continuance of Hearing.

(1) The ALJ may adjourn, reschedule, continue, or reopen a hearing on the ALJ's own motion or on the motion of a party.

(2) If a party knows in advance of the hearing that they will be unable to proceed with or participate in the hearing on the date or time scheduled, the party must request that the hearing be rescheduled or continued to another day or time.

(a) The request must be received prior to the hearing.

(b) The request must be made orally or in writing to the ALJ who is scheduled to hear the case. If the request is not received prior to the hearing, the party must show cause for failing to make a timely request.

(c) The party making the request must provide evidence of cause for the request.

(3) Unless compelling reasons exist, a party will not normally be granted more than one request for a continuance.

R994-508-117. Failure to Participate in the Hearing and Reopening the Hearing After the Hearing Has Been Concluded.

(1) If a party fails to appear for or participate in the hearing, either personally or through a representative, the ALJ may take evidence from participating parties and will issue a decision based on the best available evidence.

(2) Any party failing to participate, personally or through a representative, may request that the hearing be reopened.

(3) The request must be in writing, must set forth the reason for the request, and must be mailed, faxed, or delivered to the Appeals Unit within ten days of the issuance of the decision issued under Subsection (1). Intermediate Saturdays, Sundays and legal holidays are excluded from the computation of the ten days in accordance with Rule 6 of the Utah Rules of Civil Procedure. If the request is made after the expiration of the ten-day time limit, but within 30 days, the party requesting reopening must show cause for not making the request within ten days. If no decision has yet been issued, the request should be made without unnecessary delay. If the request is received more than 30 days after the decision is issued, the Department will have lost jurisdiction and the party requesting reopening must show good cause for not making a timely request.

(4) If a request to reopen is not granted, the ALJ will issue a decision denying the request. A party may appeal a denial of the request to reopen to the Board within 30 days of the date of issuance of the decision. The appeal must be in writing and set forth the reason or reasons for the appeal. The appeal can only contest the denial of the request to set aside the default and not the underlying merits of the case except as provided in R994-508-118(2)(f).

(5) The ALJ may reopen a hearing on his or her own motion if it appears necessary to take continuing jurisdiction or if the failure to reopen would be an affront to fairness.

(6) If the request to reopen is made more than 30 days after the issuance of the ALJ's decision, the ALJ may consider the request or refer it to the Board to be treated as an appeal to the Board.

R994-508-118. What Constitutes Grounds to Reopen a Hearing.

(1) The request to reopen will be granted if the party was prevented from appearing at the hearing due to circumstances beyond the party's control.

(2) The request may be granted upon such terms as are just

for any of the following reasons: mistake, inadvertence, surprise, excusable neglect, or any other reason justifying relief from the operation of the decision. The determination of what sorts of neglect will be considered excusable is an equitable one, taking into account all of the relevant circumstances including:

- (a) the danger that the party not requesting reopening will be harmed by reopening;
 - (b) the length of the delay caused by the party's failure to participate including the length of time to request reopening;
 - (c) the reason for the request including whether it was within the reasonable control of the party requesting reopening;
 - (d) whether the party requesting reopening acted in good faith;
 - (e) whether the party was represented at the time of the hearing. Attorneys and professional representatives are expected to have greater knowledge of Department procedures and rules and are therefore held to a higher standard; and
 - (f) whether based on the evidence of record and the parties' arguments or statements, taking additional evidence might affect the outcome of the case.
- (3) Requests to reopen are remedial in nature and thus must be liberally construed in favor of providing parties with an opportunity to be heard and present their case. Any doubt must be resolved in favor of granting reopening.
- (4) Excusable neglect is not limited to cases where the failure to act was due to circumstances beyond the party's control.
- (5) The ALJ has the discretion to schedule a hearing to determine if a party requesting reopening satisfied the requirements of this rule or may, after giving the other parties an opportunity to respond to the request, grant or deny the request on the basis of the record in the case.

R994-508-119. Withdrawal of Appeal.

A party who has filed an appeal with the Appeals Unit may request that the appeal be withdrawn. The request must explain the reasons for the withdrawal and be made to the ALJ assigned to hear the case, or the supervising ALJ if no ALJ has yet been assigned. The ALJ may deny the request if the withdrawal of the appeal would jeopardize the due process rights of any party. If the ALJ grants the request, the ALJ will issue a decision dismissing the appeal and the initial Department determination will remain in effect. The decision will inform the parties of the right to reinstate the appeal and the procedure for reinstating the appeal. A request to reinstate an appeal must be made within ten calendar days of the decision dismissing the appeal, must be in writing, and must show cause for the request. A request to reinstate made more than ten days after the dismissal will be treated as a late appeal.

R994-508-120. Prompt Notification of Decision.

Any decision by an ALJ or the Board which affects the rights of any party with regard to benefits, tax liability, or jurisdictional issues will be mailed to the last known address of the parties or delivered in person. Each decision issued will be in writing with a complete statement of the findings of fact, reasoning and conclusions of law, and will include or be accompanied by a notice specifying the further appeal rights of the parties. The notice of appeal rights shall state clearly the place and manner for filing an appeal from the decision and the period within which a timely appeal may be filed.

R994-508-121. Correction of Error and Augmentation of the Record.

A party may request correction of an ALJ decision if the request is made in writing and filed within 30 calendar days of the date of the decision. The ALJ retains jurisdiction to reopen the hearing, amend or correct any decision which is not final, or exercise continuing jurisdiction as provided by the rules

pertaining to Utah Code Subsections 35A-4-406(2) and 35A-4-406(3) unless the Board has accepted an appeal. If the ALJ agrees to grant the request for correction, a new decision will be issued and new appeal rights to the Board will be established. If the ALJ denies the request, the request will be treated as an appeal to the Board.

R994-508-122. Finality of Decision.

The ALJ's decision is binding on all parties and is the final decision of the Department unless appealed within 30 days of date the decision was issued.

R994-508-201. Attorney Fees.

(1) An attorney or other authorized representative may not charge or receive a fee for representing a claimant in an action before the Department without prior approval by an ALJ or the Board. The Department is not responsible for the payment of the fee, only the regulation and approval of the fee. The Department does not regulate fees charged to employers.

(2) Fees will not be approved in excess of 25 percent of the claimant's maximum potential regular benefit entitlement unless such a limitation would preclude the claimant from pursuing an appeal to the Court of Appeals and/or the Supreme Court or would deprive the client of the right to representation.

R994-508-202. Petition for Approval of Fee.

(1) If a fee is to be charged, a written petition for approval must be submitted by the claimant's representative to the ALJ before whom the representative appeared, or to the supervising ALJ if no hearing was scheduled. An approval form can be obtained through the Appeals Unit. Prior to approving the fee, a copy of the petition will be sent to the claimant and the claimant will be allowed ten days from the date of mailing to object to the fee. At the discretion of the ALJ, the fee may be approved as requested, adjusted to a lower amount, or disallowed in its entirety.

(2) If the case is appealed to the Board level, the claimant's representative must file a new petition with the Board if additional fees are requested.

R994-508-203. Criteria for Evaluation of Fee Petition.

The appropriateness of the fee will be determined using the following criteria:

- (1) the complexity of the issues involved;
- (2) the amount of time actually spent in;
 - (a) preparation of the case;
 - (b) attending the hearing;
 - (c) preparation of a brief, if required. Unless an appeal is taken to the Court of Appeals, fees charged for preparation of briefs or memoranda will not ordinarily be approved unless the ALJ requested or preapproved the filing of the brief or memoranda; and
 - (d) further appeal to the Board, the Court of Appeals, and/or the Supreme Court.
- (3) The quality of service rendered including:
 - (a) preparedness of the representative;
 - (b) organization and presentation of the case;
 - (c) avoidance of undue delays. An attorney or representative should make every effort to go forward with the hearing when it is originally scheduled to avoid leaving the claimant without income or an unnecessary overpayment; and,
 - (d) the necessity of representation. If the ALJ or the Board determines that the claimant was not in need of representation because of the simplicity of the case or the lack of preparation on the part of the representative, only a minimal fee may be approved or, in unusual circumstances, a fee may be disallowed.
- (4) The prevailing fee in the community. The prevailing fee is the rate charged by peers for the same type of service. In determining the prevailing fee for the service rendered, the

Department may consider information obtained from the Utah State Bar Association, Lawyer's Referral Service, or other similar organizations as well as similar cases before the Appeals Unit.

R994-508-204. Appeal of Attorney's Fee.

The claimant or the authorized representative may appeal the fee award to the Board within 30 days of the date of issuance of the ALJ's decision. The appeal must be in writing and set forth the reason or reasons for the appeal.

R994-508-301. Appeal From a Decision of an ALJ.

If the ALJ's decision did not affirm the initial Department determination, the Board will accept a timely appeal from that decision if filed by an interested party. If the decision of the ALJ affirmed the initial Department determination, the Board has the discretion to refuse to accept the appeal or request a review of the record by an individual designated by the Board. If the Board refuses to accept the appeal or requests a review of the record as provided in statute, the Board will issue a written decision declining the appeal and containing appeal rights.

R994-508-302. Time Limit for Filing an Appeal to the Board.

(1) The appeal from a decision of an ALJ must be filed within 30 calendar days from the date the decision was issued by the ALJ. This time limit applies regardless of whether the decision of the ALJ was sent through the U.S. Mail or personally delivered to the party. "Delivered to the party" means personally handed, faxed, or sent electronically to the party. No additional time for mailing is allowed.

(2) In computing the period of time allowed for filing a timely appeal, the date as it appears in the ALJ's decision is not included. The last day of the appeal period is included in the computation unless it is a Saturday, Sunday, or legal holiday when the offices of the Department are closed. If the last day permitted for filing an appeal falls on a Saturday, Sunday, or legal holiday, the time permitted for filing a timely appeal will be extended to the next day when the Department offices are open.

(3) The date of receipt of an appeal to the Board is the date the appeal is actually received by the Board, as shown by the Department's date stamp on the document or other credible evidence such as a written or electronic notation of the date of receipt, and not the post mark date from the post office. If the appeal is faxed to the Board, the date of receipt is the date recorded on the fax.

(4) Appeals to the Board which appear to be untimely will be handled in the same way as untimely appeals to the ALJ in rules R994-508-103 and R994-508-104.

R994-508-303. Procedure for Filing an Appeal to the Board.

(1) An appeal to the Board from a decision of an ALJ must be in writing and include:

(a) the name and signature of the party filing the appeal. Accessing the Department's website for the purpose of filing an appeal and providing a correct PIN will be considered a signed appeal;

(b) the name and social security number of the claimant in cases involving claims for unemployment benefits;

(c) the grounds for appeal; and

(d) the date when the appeal was mailed or sent to the Board.

(2) The appeal must be mailed, faxed, delivered to, or filed electronically with the Board.

(3) An appeal which does not state adequate grounds, or specify alleged errors in the decision of the ALJ, may be summarily dismissed.

R994-508-304. Response to an Appeal to the Board.

Interested parties will receive notice that an appeal has been filed and a copy of the appeal and will be given 15 days from the date the appeal was mailed to the party to file a response. Parties are not required to file a response. A party filing a response should mail a copy to all other parties and the Board.

R994-508-305. Decisions of the Board.

(1) The Board has the discretion to consider and render a decision on any issue in the case even if it was not presented at the hearing or raised by the parties on appeal.

(2) Absent a showing of unusual or extraordinary circumstances, the Board will not consider new evidence on appeal if the evidence was reasonably available and accessible at the time of the hearing before the ALJ.

(3) The Board has the authority to request additional information or evidence, if necessary.

(4) The Board may remand the case to the Department or the ALJ when appropriate. (5) A copy of the decision of the Board, including an explanation of the right to judicial review, will be delivered or mailed to the interested parties.

R994-508-306. Reconsideration of a Decision of the Board.

A party may request reconsideration of a decision of the Board in accordance with Utah Code Subsection 63-46b-13.

R994-508-307. Withdrawal of Appeal to the Board.

A party who has filed an appeal from a decision of an ALJ may request that the appeal be withdrawn. The request must explain the reasons for the withdrawal by making a written statement to the Board explaining the reasons for the withdrawal. The Board may deny such a request if the withdrawal of the appeal jeopardizes the due process rights of any party. If the Board grants the request, a decision dismissing the appeal will be issued and the underlying decision will remain in effect. The decision will inform the party of the right to reinstate the appeal and the procedure for reinstating the appeal. A request to reinstate an appeal under this subsection must be made within 30 days of the decision dismissing the appeal, must be in writing, and must show cause for the request. A request to reinstate made more than ten days after the dismissal will be treated as a late appeal.

R994-508-401. Jurisdiction and Reconsideration of Decisions.

(1) An initial Department determination or a decision of an ALJ or the Board is not final until the time permitted for the filing of an appeal has elapsed. There are no limitations on the review of decisions until the appeal time has elapsed.

(2) After a determination or decision has become final, the Department may, on its own initiative or upon the request of any interested party, review a determination or decision and issue a new decision or determination, if appropriate, if there has been a change of conditions or a mistake as to facts. The reconsideration must be made at, or with the approval of, the level where the last decision on the case was made or is currently pending.

(a) A change in conditions may include a change in the law which would make reconsideration necessary in fairness to the parties who were adversely affected by the law change. A change in conditions may also include an unforeseeable change in the personal circumstances of the claimant or employer which would have made it reasonable not to file a timely appeal.

(b) A mistake as to facts is limited to material information which was the basis for the decision. A mistake as to facts may include information which is misunderstood or misinterpreted, but does not include an error in the application of the act or the rules provided the decision is made under the correct section of

the act. A mistake as to facts can only be found if it was inadvertent. If the party alleging the mistake intentionally provided the wrong information or intentionally withheld information, the Department will not exercise jurisdiction under this paragraph.

(3) The Department is not required to take jurisdiction in all cases where there is a change in conditions or a mistake as to facts. The Department will weigh the administrative burden of making a redetermination against the requirements of fairness and the opportunities of the parties affected to file an appeal. The Department may decline to take jurisdiction if the redetermination would have little or no effect.

(4) Any time a decision or determination is reconsidered, all interested parties will be notified of the new information and provided with an opportunity to participate in the hearing, if any, held in conjunction with the review. All interested parties will receive notification of the redetermination and be given the right to appeal.

(5) A review cannot be made after one year from the date of the original determination except in cases of fraud or claimant fault. In cases of fault or fraud, the Department has continuing jurisdiction as to overpayments. In cases of fraud, the Department only has jurisdiction to assess the penalty provided in Utah Code Subsection 35A-4-405(5) for a period of one year after the discovery of the fraud.
