

R15. Administrative Services, Administrative Rules.

Notice of Continuation September 21, 2010

R15-2. Public Petitioning for Rulemaking.**R15-2-1. Authority.**

As required by Subsection 63G-3-601(3), this rule prescribes the form and procedures for submission, consideration, and disposition of petitions requesting the making, amendment, or repeal of an administrative rule.

R15-2-2. Definitions.

(1) Terms used in this rule are defined in Section 63G-3-102.

(2) Other terms are defined as follows:

(a) "rule change" means:

(i) making a new rule;

(ii) amending, repealing, or repealing and reenacting an existing rule;

(iii) amending a proposed rule further by filing a change in proposed rule under the provisions of Section 63G-3-303;

(iv) allowing a proposed (new, amended, repealed, or repealed and reenacted) rule or change in proposed rule to lapse; or

(v) any combination of the above.

(b) "petitioner" means an interested person who submits a petition to an agency pursuant to Section 63G-3-601 and this rule.

R15-2-3. Petition Procedure.

(1) The petitioner shall send the petition to the head of the agency authorized by law to make the rule change requested.

(2) The agency receiving the petition shall record the date it received the petition.

R15-2-4. Petition Form.

The petition shall:

(a) be clearly designated "petition for a rule change";

(b) state the petitioner's name;

(c) state the petitioner's interest in the rule, including relevant affiliation, if any;

(d) include a statement as required by Subsection 63G-3-601(4) regarding the requested rule change;

(e) state the approximate wording of the requested rule change;

(f) describe the reason for the rule change;

(g) include an address, an E-mail address when available, and telephone where the petitioner can be reached during regular business hours; and

(h) be signed by the petitioner.

R15-2-5. Petition Consideration And Disposition.

(1) The agency head or designee shall:

(a) review and consider the petition;

(b) write a response to the petition stating:

(i) that the petition is denied and reasons for denial, or

(ii) the date when the agency is initiating a rule change consistent with the intent of the petition; and

(c) send the response to the petitioner within the time frame provided by Section 63G-3-601.

(2) The petitioned agency may, within the time frame provided by Section 63G-3-601, interview the petitioner, hold a public hearing on the petition, or take any action the agency, in its judgment, deems necessary to provide the petition due consideration.

(3) The agency shall retain the petition and a copy of the agency's response as part of the administrative record.

(4) The agency shall mail copies of its decision to all persons who petitioned for a rule change.

R37. Administrative Services, Risk Management.**R37-3. Risk Management Adjudicative Proceedings.****R37-3-1. Definitions.**

The terms used in this rule are defined in Section 63G-4-103.

R37-3-2. Authority.

This rule is enacted in compliance with the Utah Administrative Procedures Act, Section 63G-4-102 et seq., and Section 63A-1-110.

R37-3-3. Purpose.

(1) The Risk Manager designates all agency action subject to the scope and applicability of the Utah Administrative Procedures Act, Title 63G, Chapter 4, as informal proceedings.

(2) Pursuant to Section 63G-4-102, all agency action with respect to questions of coverage of the risk management Fund, premiums to be charged by the Fund and the interpretation of policies issued by the Fund are actions relating to contracts for the purchase or sale of goods or services by and for the State or by and for an agency of the State and are excluded from the coverage of the Administrative Procedures Act, Section 63G-4-102 et seq., and these rules.

R37-3-4. Procedure.

In compliance with Section 63G-4-203, the procedure for the informal adjudicative proceedings is as follows:

(1) The agency shall not be required to respond in writing to a request for agency action.

(2) The respondent to a notice of agency action pursuant to Section 63G-4-301 shall file an answer or responsive pleading to the allegations contained in the notice of agency action within 20 days following receipt of the notice of agency action.

(3) No hearing shall be held in any agency informal adjudication unless required by statute.

(4) If the agency does not respond in writing to a request for agency action, or does not issue a written decision or order pursuant to Section 63G-4-203 within 90 days of the filing of the request for agency action, such request shall be deemed denied by the agency.

R37-3-5. Agency Review.

Pursuant to Section 63G-4-301, the risk manager does not recommend and the executive director does not enact a rule permitting agency review.

R58. Agriculture and Food, Animal Industry.**R58-7. Livestock Markets, Satellite Video Livestock Auction Market, Livestock Sales, Dealers, and Livestock Market Weighpersons.****R58-7-1. Authority.**

A. Promulgated under authority of Section 4-30-3 and Section 4-2-2.

B. It is the intent of these rules to provide uniformity and fairness in the marketing of livestock within the state, whether sold through regularly established livestock markets or other types of sales.

R58-7-2. Definitions.

A. "Commissioner" means the commissioner of Agriculture and Food.

B. "Livestock" means cattle, domestic elk, swine, equines, sheep, goats, camelids, ratites, and bison.

C. "Representative" means a dealer licensed in Utah under Section 4-7-7 who is a resident of this state, or who is a representative of, or who in any capacity conducts business with a livestock auction market licensed under Section 4-30-4, which does business with an in state or out of state satellite video livestock auction market.

D. "Satellite video livestock auction market" means a place or establishment or business conducted or operated for compensation or profit as a public market where livestock or other agricultural related products located in this state are sold or offered for sale at a facility within or outside the state through the use of an electronically televised or recorded media presentation, which is, or can be exhibited at a public auction.

E. "Livestock market" means a public market place consisting of pens or other enclosures where all classes of livestock or poultry are received on consignment and kept for subsequent sale, either through public auction or private sale.

F. "Livestock dealer" means a person engaged in the business of purchasing livestock for immediate resale or interstate shipment for immediate resale.

R58-7-3. Livestock Markets.

A. Standards for Approved and Non-approved Markets. The operator of a livestock market shall maintain the following standards in order to obtain, retain or renew a livestock market license:

1. Follow procedures outlined in Section 4-30-4, and all state and federal laws and regulations pertaining to livestock health and movement.

2. Conduct all sales in compliance with the provisions of Utah laws and rules pertaining to livestock health and movement.

3. Furnish the Department with a schedule of sale days, which have been previously approved by the Commissioner of Agriculture and Food, giving the beginning hour.

4. Maintain records of animals in the market in accordance with United States Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services, Brucellosis Eradication Uniform Methods and Rules, Part II, U, 2 to 4. Records must be retained for 2 years.

5. Maintain the identity of ownership of all animals as set forth in Section 4-24-20, and these rules. All test eligible females and breeding bulls two years of age and over shall be backtagged for individual identification as outlined in 9 CFR 71.18 71.19 and 9 CFR 79, January 1, 2001, edition. The tags are not to be removed in trading channels.

6. Permit authorized state or federal inspectors to review all phases of the livestock market operations including, but not limited, to records of origin and destination of livestock handled by the livestock market.

7. Provide adequate space for pens, alleyways, chutes, and sales ring; cover sales ring with a leak-proof roof.

8. Have floors in all pens, alleyways, chutes, and sales ring constructed in such a manner as to be safe, easily cleaned and properly drained in all types of weather and to be easily maintained in a clean and sanitary condition.

9. Maintain all alleyways, pens, chutes, and sales rings in a clean, safe, and sanitary manner.

10. Furnish and maintain one or more chutes (in addition to the loading chute) at a convenient and usable place in a covered area, suitable for restraining, inspecting, examining, testing, tagging, branding and other treatments and procedures ordinarily required in providing livestock sanitary or health service at markets in a safe manner. Furnish personnel as required to assist Department or federal inspectors.

11. Provide specially designated pens or a provision for yarding for diseased animals infected with or exposed to brucellosis, tuberculosis, scabies, anaplasmosis, vesicular disease, pseudorabies, hog cholera, sheep foot rot, or other contagious or infectious disease.

12. Provide adequate facilities and service at a reasonable cost for cleaning and disinfecting cars, trucks and other vehicles which have been used to transport diseased animals as directed by the Department of Agriculture and Food or its authorized representative.

13. Do not release any diseased animal or animal exposed to any contagious, infectious or communicable disease from a livestock market until it has been approved for movement by the Department or its authorized representative.

14. Do not release any livestock from the market which have not complied with Utah laws and rules.

B. Additional Standards for Approved Markets.

1. Weigh each reactor individually and record reactor tag number, tattoo or other identifying marks on a separate weigh ticket, and record sales price per pound and net return after deducting expenses for required handling of such reactor. Restrict sale of all reactors to a slaughtering establishment where federal or state inspection is maintained.

2. Reimburse the Department monthly an amount equal to expenses incurred in providing a veterinarian at the livestock market.

3. Provide specially designated pens or a provision for yarding for animals classified as reactors, exposed, suspects or "S" branded.

4. Provide suitable laboratory space at the market as agreed between the market and the livestock market veterinarian for the conducting of brucellosis and other necessary tests.

C. Veterinary Medical Services. These services, fees, and collection procedures will be outlined and negotiated between the Department of Agriculture and Food, Livestock Auctions, and Veterinarians in contract agreements signed by each party. Any procedures, payments fees and collection methods done outside the contract terms will be worked out between the livestock market and the veterinarian.

D. Denial, Suspension or Cancellation of Registration. The Department may, after due notice and opportunity for a hearing to the livestock market involved, deny an application for registration, or suspend or cancel the registration when the Department is satisfied that the market has:

1. Violated state statutes or rules governing the interstate or intrastate movement, shipment or transportation of livestock, or

2. Made false or misleading statements in their application for licensing, or false or misleading statements as to the health or physical conditions of livestock regarding official test results or status of the herd of origin, or

3. Knowingly sold for dairy or breeding purposes cattle which were affected with a communicable disease, or

4. Demonstrated their inability or unwillingness to carry out the record keeping requirements contained in this rule, or

5. Failed to comply with any law or rule pertaining to

livestock health or movement, or

6. Failed to maintain market facilities in a safe, clean and sanitary manner, or

7. Operated as a livestock market without proper licensing.

E. Relating to temporary livestock market:

Temporary Livestock Market Licensees shall not be required to abide by the provisions in R58-7-3A (1,4,5,7-14), R58-7-3B (1-4), and R58-7-3C.

R58-7-4. Temporary Livestock Sale License.

A. A temporary livestock sales license shall be required for each sale where:

1. Livestock is offered for public bidding and sold on a yardage, commission or percentage basis.

2. Sales are conducted by or for a person at which livestock owned by such person are sold on his own premises, see R58-7-3 and 4.

3. Sales are conducted for the purpose of liquidation of livestock by a farmer, dairyman, livestock breeder or feeder.

4. Sales conducted by non-profit breed or livestock associations or clubs:

a. It is not the intent of this rule to require a bond from non-profit breed or livestock associations or clubs, or from liquidation sales if they conduct sales themselves and do not assume any financial responsibility between the seller and the buyer. However, if such sales are conducted by outside or professional management a license and either a bond, trust fund agreement or letter of credit will be required.

5. Other sales may be approved by the Department of Agriculture and Food.

B. A temporary license shall not be required for:

1. Sales conducted by Future Farmers of America or 4H Club groups.

2. Sales conducted in conjunction with state, county, or private fairs.

C. The Department shall be notified 10 days prior to all such sales.

D. A temporary livestock sales license shall be issued when the Department finds:

1. That an application as approved by the Department has been received, along with the payment of a \$10.00 license fee.

2. That the applicant has filed with the Department where applicable a bond as required by the Department or in accordance with the Packers and Stockyards Act (7 U.S.C. 181 et seq.), except that a letter of credit or a trust fund agreement, as approved by the Department, may replace the bonding requirements.

R58-7-5. Dealers.

A. Dealer Licensing and Bonding:

No person shall operate as a livestock dealer in the state without a license and bond in accordance with Title 4, Chapter 7.

1. Upon receipt of a proper application and payment of a license fee in the amount of \$25.00 and meeting current bonding requirements the Department will issue a license allowing the applicant to operate as a livestock dealer through December 31 of each year.

2. The Department, after due notice and opportunity for hearing to the dealer involved, may deny an application for license, suspend or cancel the license when the Department is satisfied that the applicant or dealer has:

a. Violated state statutes or rules governing the interstate or intrastate movement, shipment, or transportation of livestock, or

b. Made false or misleading statements in their application for licensing, or false or misleading statements as to the health or physical conditions of livestock regarding official test results or status of the herd of origin, or

c. Knowingly sold for dairy or breeding purposes cattle which were affected with a communicable disease, or

d. Demonstrated their inability or unwillingness to carry out the record keeping requirements contained in this rule, or

e. Failed to comply with any law or rule pertaining to livestock health or movement, or

f. Operated as a dealer without meeting proper licensing and bonding requirements.

B. Record Keeping.

1. All livestock dealers must keep adequate records to allow accurate trace back of all livestock to the prior owner Section 4-7-9.

2. Dealers shall permit the Department or its authorized representative to review all phases of the livestock dealer operations including, but not limited to, records of origin and destination of livestock handled by the livestock dealer.

3. Dealers shall retain above records for a period of two years.

R58-7-6. Responsibilities of a Bonded and Licensed Weighperson.

A. Weighperson operator to be competent, licensed and bonded.

1. Stockyard owner, market agencies, and dealers shall employ only competent, licensed and bonded persons of good character and known integrity to operate scales for weighing livestock for the purpose of purchase or sale. Any person found to be operating scales incorrectly, carelessly, in violation of instructions, or in such manner as to favor or injure any party or agency through incorrect weighing or incorrect weight recording shall be removed from his weighing duties.

2. The primary responsibility of a weigher is to determine and accurately record the weight of a livestock draft without prejudice or favor to any person or agency and without regard for livestock ownership, price condition, fill, shrink, or other considerations. A weigher shall not permit the representations or attitudes of any persons or agencies to influence his judgment or action in performing his duties.

3. Unused scale tickets, or those which are partially executed but without a printed weight value, shall not be left exposed or accessible to unauthorized personnel. All such tickets shall be kept under lock when the weigher is not at his duty station.

4. Accurate weighing and correct weight recording require that a weigher shall not permit the operations to be hurried to the extent that inaccurate weights or incorrect weight records may result. Each draft of livestock must be weighed accurately to the nearest minimum weight value that can be indicated or recorded. Manual operations connected with balancing, weighing, and recording shall be performed with the care necessary to prevent damage to the accurately machined and adjusted part of weigh-beams, poses, and printing devices.

5. Livestock owners, buyers, or others having legitimate interest in a livestock draft must be permitted to observe the balancing, weighing, and recording procedures, and a weigher shall not deny them that right or withhold from them any information pertaining to the weight of that draft. He shall check the zero balance of the scale or reweigh a draft of livestock when requested by such parties.

B. Balancing the empty scale.

1. The empty scale shall be balanced each day before weighing begins, and maintained in correct balance while weighing operations continue. The zero balance shall be verified at intervals of not more than 15 drafts or 15 minutes, whichever is completed first. In addition, the zero balance of the scale shall be verified whenever a weigher resumes weighing duties after an absence from the scale and also whenever a load exceeding half the scale capacity or 10,000 pounds (whichever is less) has been weighed and is followed by

a load of less than 1,000 pounds, verification to occur before the weighing of the load of less than 1,000 pounds.

2. The time at which the empty scale is balanced or its zero balance verified shall be recorded on scale tickets or other permanent records. Balance tickets must be filed with other scale tickets issued on that date.

3. Before balancing the empty scale, the weigher shall assure himself that the scale gates are closed and that no persons or animals are on the scale platform or in contact with the stock rack, gates, or platform. If the scale is balanced with persons on the scale platform, the zero balance shall be verified whenever there is a change in such persons. When the scale is properly balanced and ready for weighing, the weigher shall so indicate by an appropriate signal.

C. Weighing the load.

1. Before weighing a draft of livestock, the weigher shall assure himself that the entire draft is on the scale platform with the gates closed and that no persons or animals off the scale are in contact with the platform, gates or stock rack.

D. Sale of livestock by weight.

All livestock sold by weight through a satellite video auction market must be sold based on the weight of the livestock on the day of delivery. All livestock sold by weight must be weighed on scales that have been tested and inspected by the Department of Weights and Measures in the manner prescribed by law.

R58-7-7. Satellite Video Livestock Auction Market.

1. Before entering into business as or with a satellite video livestock auction market and annually, on or before January 1, each market or representative shall file an application for a license to transact business as or with a satellite video livestock auction market with the commissioner on a form prescribed by the commissioner. The application must show:

- a. the nature of the business for which a license is desired;
- b. the name of the representative applying for the license;
- c. the name and address of the proposed satellite video auction or the name and address of the satellite video auction the representative proposes to transact business with; and
- d. other information the commissioner may require as listed in Subsection 4-7-6.

2. The application for a license or for a renewal for a license must be accompanied by:

- a. a license fee in accordance with Section 4-30-4, determined by the department pursuant to Subsection 4-2-2(2).
- b. evidence of proper security bonding as required in Subsection 4-30-4(3) for the satellite video auction and Section 4-7-7 for the representative.
- c. a schedule of fees and commissions that will be charged to owners, sellers, or their agents; and
- d. other information the commissioner may require as listed in Section 4-7-6.

3. Each satellite video auction will be considered as a temporary livestock sale unless licensed under this chapter as a satellite video auction market. Sales operated by a representative will be required to make application as designated in R58-7-4.

4. A copy of each and any contract between the representative and the satellite video auction market with which the representative proposes to transact business or a contract with the proposed satellite video auction market must be supplied to the department.

The contract must include a provision authorizing the commissioner or the commissioner's designee to have access to the books, papers, accounts, financial records held by financial institutions, accountants or other sources; and other documents relating to the activities of the satellite video livestock market and requiring the satellite video auction market to make such documents reasonably available upon the request of the

commissioner or the commissioner's designee. If the contract between a representative and the satellite video auction market is terminated, rescinded, breached, or materially altered, the representative and the satellite video auction market shall immediately notify the commissioner. Failure to notify will be deemed failure to keep and maintain suitable records and be deemed to be a false entry or statement of fact in application filed with the department. (Section 4-7-11.)

R58-7-8. Livestock Market Committee.

A. Hearing on License Application; Notice of Hearing.

1. Upon filing of an application as a satellite video auction livestock market, the chairman of the Department of Agriculture and Food's Livestock Market Committee shall set a time and place for a hearing to review the application and determine whether a license will be issued.

2. Upon filing of an application as a representative of a satellite video auction market, the chairman of the Department of Agriculture and Food's Livestock Market Committee may elect to hold a hearing to review the application and determine whether a license will be issued.

B. Guidelines delineated for decision on application shall be in accordance with 4-30-6 and shall apply to the livestock auction market and the satellite video livestock auction market.

KEY: livestock

October 12, 2010

Notice of Continuation January 14, 2010

4-2-2

4-30-3

R58. Agriculture and Food, Animal Industry.**R58-21. Trichomoniasis.****R58-21-1. Authority.**

Promulgated under authority of Section 4-31-21.

R58-21-2. Definitions.

A. Acceptable media - Any Department approved media in which samples may be transferred, transported, and cultured.

B. Approved slaughter facility - A slaughter establishment that is either under state or federal inspection.

C. Brand - A 2 X 3 hot iron single character lazy V applied to the left of the tailhead of a bull, signifying that the bull is infected with the venereal disease, Trichomoniasis.

D. Certified veterinarian - A veterinarian who has been certified by the Utah Department of Agriculture and Food to collect samples for trichomoniasis testing.

E. Commuter bulls - Bulls traveling across state lines for grazing purposes while utilizing a Commuter Permit Agreement approved by both the respective State Veterinarians or bulls traveling on a Certificate of Veterinary Inspection where there is no change of ownership.

F. Confinement - Bulls held in such manner that escape is improbable. Typical barbed wire or net pasture fencing does not constitute confinement.

G. Department - The Utah Department of Agriculture and Food.

H. Exposed to female cattle - Freedom from restraint such that breeding is a possible activity.

I. Feeder Bulls - Bulls not exposed to female cattle and kept in confinement for the purpose of feeding and only go to slaughter.

J. Negative bull - A bull that has been tested with official test procedures and found free from infection by *Tritrichomonas foetus*.

K. Official tag - A tag authorized by the Department that is placed in the right ear of a bull by a certified veterinarian after being tested for trichomoniasis. The color of the official tag shall be changed yearly.

M. Official test - A test currently approved by the Department for detection of *Tritrichomonas foetus*. The culture test and the Polymerase Chain Reaction (PCR) test are the currently approved test methods.

N. Positive bull - A bull that has been tested with official test procedures and found to be infected by *Tritrichomonas foetus*.

O. Positive herd - Any herd or group of cattle owned by one or more persons which shares common grazing or feeding operations and in which one or more animals has been diagnosed with trichomoniasis within the last 12 months.

P. Qualified feedlot - A feedlot approved by the Utah Department of Agriculture and Food to handle heifers, cows, or bulls. These animals shall be confined to a dry lot area which is used to upgrade or finish feeding animals going only to slaughter.

Q. Test chart - A document which certifies that a bull has been subjected to an official test for trichomoniasis and indicates the results of the test.

R. Trichomoniasis - A venereal disease of bovidea caused by the organism *Tritrichomonas foetus*.

R58-21-3. Trichomoniasis - Sampling and Testing Procedures.

A. Sample collection - Samples are obtained from a vigorous scraping of the bull's prepuce using a sterile syringe and new pipette on each bull.

B. Sample handling - Samples shall be transferred and transported in approved media. Media should be maintained at 65 to 90 degrees Fahrenheit (18 to 32 degrees Celsius). Samples shall be set up for culture testing within 24 hours of sampling.

Samples shall also be protected from direct sunlight.

C. Culture testing - The inoculated media shall be incubated at 98 degrees Fahrenheit (37 degrees Celsius) and monitored for growth at 24 hour intervals for 96 hours.

D. Polymerase Chain Reaction (PCR) testing - The inoculated media shall be incubated at 98 degrees Fahrenheit (37 degrees Celsius) for 24 hours and then frozen. The frozen sample shall be sent overnight on postal approved frozen packs to the Utah Veterinary Diagnostic Laboratory (950 East 1400 North, Logan, Utah 84341) for PCR testing.

E. Test interpretation - A sample is considered test negative if one (1) PCR test or one (1) culture test is negative for the presence of *Tritrichomonas foetus*.

R58-21-4. Trichomoniasis - Rules - Prevention and Control.

A. All bulls nine months of age and older, entering Utah, must be tested with one (1) Polymerase Chain Reaction (PCR) test or three (3) culture tests, collected no less than seven days apart, for Trichomoniasis by an accredited veterinarian prior to entry into Utah. Bulls that have had contact with female cattle subsequent to testing must be retested prior to entry.

B. The following bulls are exempted from (A) above:

1. Bulls going directly to slaughter or to a qualified feedlot,
2. Bulls kept in confinement operations,
3. Rodeo bulls for the purpose of exhibition, and
4. Bulls attending livestock shows for the purpose of exhibition, only to be returned to the state of origin immediately after the event.

C. Rodeo and exhibition bulls with access to grazing, or exposed to female cattle, or being offered for sale are required to be tested prior to entry.

D. All bulls nine months of age and older residing in Utah, and all commuter bulls must be tested with an official test for trichomoniasis annually, between October 1 and April 30 of the following year, or prior to exposure to female cattle according to approved sampling and testing procedures. All bulls must be classified as a negative bull prior to exposure to female cattle.

E. Testing shall be performed by a certified veterinarian.

1. All test results shall be recorded on test charts provided by the Department or electronic forms created by the certified veterinarian.

- a. Electronic forms shall have the following information:
 - i. Veterinarian's name and contact information
 - ii. Owner's name and contact information
 - iii. Bull's Trichomoniasis tag number, age, breed
 - iv. Date of collection
 - v. Test results

2. A copy of all test charts shall be submitted to the Department within ten (10) days of collecting the sample.

F. All bulls from positive herds are required to have three negative culture tests, no less than one week apart, or one negative Polymerase Chain Reaction (PCR) test prior to exposure to female cattle. Exceptions include bulls going to slaughter or to a qualified feedlot, bulls in confinement operations, and feeder bulls.

G. All bulls nine months of age and older being offered for sale for reproductive purposes in the state of Utah must be tested for Trichomoniasis with an official test prior to sale. Bulls that have had contact with female cattle subsequent to testing must be re-tested prior to sale or transfer of ownership.

H. It shall be the responsibility of the owner or his agent to declare, on the auction drive-in slip, the Trichomoniasis status of a bull being offered for sale at a livestock auction.

1. Untested bulls (i.e. bulls without a current Trichomoniasis test tag), including dairy bulls, must be sold for slaughter only, for direct movement to a Qualified Feedlot, or Confinement Operation.

I. Any bull over nine months of age which has strayed and

commingles with female cattle may be required to be tested (or re-tested) for trichomoniasis. The owner of the offending bull shall bear all costs for the official test.

J. All Utah bulls, which are tested, shall be tagged in the right ear with an official tag by the certified veterinarian performing the test.

K. Bulls entering the State of Utah under the provisions of this rule may be tagged upon arrival by a certified veterinarian upon receipt of the Trichomoniasis test charts from the testing veterinarian.

L. Bulls which bear a current Trichomoniasis test tag from another state which has an official Trichomoniasis testing program will be acceptable to the State of Utah providing that they meet all Trichomoniasis testing requirements as described above.

October 12, 2010

Notice of Continuation January 27, 2010

4-31-21

R58-21-5. Trichomoniasis - Rules - Positive Bull.

A. A bull is considered positive if:

1. Trichomonas organisms are identified when cultured by the examining veterinarian or a laboratory, or

2. A laboratory identifies Tritrichomonas foetus using a Polymerase Chain Reaction (PCR) test.

B. An owner may have the option to request submission of the positive culture sample to an approved reference laboratory for confirmation by Polymerase Chain Reaction (PCR) test.

1. The sample from said bull must be shipped to the laboratory using the protocol described in R58-21-3.

2. A sample determined by Polymerase Chain Reaction (PCR) not to be Tritrichomonas foetus will be considered negative and the bull can be used for breeding purposes.

3. A sample found to be inconclusive will result in the need for the bull to be sampled and tested a second time.

C. All bulls testing positive for Trichomoniasis must be reported immediately to: 1) the owner, and 2) the State Veterinarian, by the certified veterinarian performing the test.

D. The owner shall be required to notify the administrators of the common grazing allotment and any neighboring (contiguous) cattleman within ten days following such notification by the certified veterinarian.

E. All bulls which test positive for Trichomoniasis must be sent by direct movement within 14 days, to:

1. Slaughter at an approved slaughter facility, or

2. To a Qualified Feedlot for finish feeding and slaughter,

or

3. To an approved auction market for sale to one of the above facilities.

F. Such bulls must move only when accompanied by a VS 1-27 Form issued by the testing veterinarian or other regulatory official.

G. Positive bulls entering a Qualified Feedlot, or Approved Auction Market shall be identified with a lazy V brand on the left side of the tailhead by either the livestock inspector or the contract veterinarian, indicating that the bull is infected with Trichomoniasis.

R58-21-6. Trichomoniasis - Rules - Non-compliance.

A. Any person who fails to satisfy the requirements of this rule or who knowingly sells animals infected with Trichomoniasis, other than to slaughter, without declaring their disease status shall be subject to citation and fines as prescribed by the department or may be called to appear before an administrative proceeding by the department.

B. After April 30, owners of untested bulls may be fined \$200.00 per head.

C. Owners of untested bulls that have been exposed to female cattle may be fined up to \$1,000.00 per head regardless of the time of year.

KEY: disease control

R68. Agriculture and Food, Plant Industry.**R68-21. Standard of Identity for Honey.****R68-21-1. Purpose.**

The purpose of this rule is to establish a standard of identity for honey that is produced, packed, repacked, distributed and sold in Utah. Codification of this standard is meant to reduce economic fraud by controlling the pervasive, illegal practice of blending or diluting pure honey with low-cost syrups such as sugar, cane and corn.

R68-21-2. Authority.

This rule is promulgated under the authority of Titles 4-2-2-1(g), 4-5-8-5, 4-5-6-1b, and 4-5-16 of the UCU.

R68-21-3. Definitions.

(1) "Honey" means the natural sweet substance produced by honeybees from nectar of plants or from secretions of living parts of plants which the bees collect, transform by combining with specific substances of their own, then deposit, dehydrate, store, and leave in the honeycomb to ripen and mature.

(2) "Blossom Honey" or "Nectar Honey" means honey that comes from the nectar of plants.

(3) "Comb" or "Comb honey" means honey stored by bees in the cells of freshly built broodless combs and sold in sealed whole combs or sections of such combs.

R68-21-4. Standard of Identification for Honey.

(1) Honey shall meet the following standards:

(a) honey may not be heated or processed to such an extent that its essential composition is changed or its quality is impaired;

(b) chemical or biochemical treatments may not be used to influence honey crystallizations;

(c) honey may not contain more than 20 percent moisture content and for heather honey not more than 23 percent;

(d) honey may be not less than 60 percent fructose and glucose, combined; the ratio of fructose to glucose shall not be greater than 0.9;

(e) honey may not contain oligosaccharides indicative of invert syrup;

(f) honey, except for honeycomb and cut comb style honey, may not contain more than 0.5g/1000g water insoluble solids.

R68-21-5. Standard of Identification for Blossom Honey.

(1) Blossom honey shall meet the standards for honey in R68-21-4;

(2) Blossom honey shall not contain more than 5 percent sucrose, except for the following:

(a) alfalfa (*Medicago sativa*), citrus spp, false acacia (*Robinia pseudoacacia*), French Honeysuckle (*Hedysarum*), Menzies banksias (*Banksia menziesii*), red gum (*Eucalyptus camaldulensis*), leatherwood (*Eucalyptus lucida*), and *Eucryphia milligani* may contain up to 10 percent sucrose.

(b) lavender (*Lavandula* spp) and borage (*Borago officinalis*) may contain up to 15 percent sucrose.

R68-21-6. Food Labeled as Honey.

(1) Food meeting the standards set forth in R68-21-4 and R68-21-5 shall be designated "honey".

(2) Food containing honey plus flavoring, spice or food additive shall be distinguished in the food name from honey by declaration of all of the added ingredients.

(3) Food containing honey which is processed in such a way that materially changes the flavor, color, viscosity or other material characteristics of the honey shall be distinguished in the food name from honey by declaration of the modification.

(4) Food containing honey may be designated according to floral or plant source if the honey comes predominately from

that particular source and has the organoleptic, physicochemical and microscopic properties corresponding with that origin.

(a) Food designated according to the honey's floral source plant shall have the common name or the botanical name of the floral source in close proximity on the label to the word "honey".

(5) Honey may be designated according to the following styles:

(a) honey in liquid or crystalline state or a mixture of the two may be designated as "liquid" or "crystalline";

(b) honey meeting the definition of "comb" or "comb honey"; or

(c) honey containing one or more pieces of comb honey may be designated as "honey with comb" or "chunk honey".

R68-21-7. Misbranded Food.

Food labeled as a honey, but not meeting the standard of identification or a labeling requirement in Sections four through six of this rule shall be deemed to be misbranded.

R68-21-8. False Food Advertisement.

Food advertised as honey shall be considered falsely advertised if it does not meet the standard of identification or a labeling requirement in Sections four through six of this rule.

R68-21-9. Embargo and Destruction of Misbranded Food.

When an authorized agent of the department finds or has cause to believe a honey product is misbranded, the agent may follow the tagging, embargo and destruction procedures found in Title 4-5-5 UCA.

4-2-2-1(g)
4-5-8-5
4-5-6-1b
4-5-16

R81. Alcoholic Beverage Control, Administration.**R81-4C. Limited Restaurant Licenses.****R81-4C-1. Licensing.**

(1) Limited restaurant licenses are issued to persons as defined in Section 32A-1-105(44). Any contemplated action or transaction that may alter the organizational structure or ownership interest of the person to whom the license is issued must be submitted to the department for approval prior to consummation of any such action to ensure there is no violation of Sections 32A-4-303(3), 32A-4-304, and 32A-4-307(25).

(2) A limited restaurant license that wishes to operate the same licensed premises under the operational restrictions of an on-premise beer retailer during certain designated periods of the day or night, must apply for and be issued a separate on-premise beer retailer license subject to the following:

(a) The same limited restaurant licensee must separately apply for a state on-premise beer retailer license pursuant to the requirements of Sections 32A-10-202, -203, and -205.

(b) Licensees applying for dually licensed premises must notify the department of the time periods under which each license will be operational at the time application is made. Changes must be requested in writing and approved in advance by the department. Licensees may operate sequentially under either license, but not concurrently.

(c) Limited restaurant licensees holding a separate on-premise beer retailer license must operate in accordance with 32A-10-206 and R81-10A during the hours the on-premise beer retailer license is active.

(d) Liquor storage areas on the limited restaurant premises shall be deemed to remain on the floor plan of the limited restaurant premises and shall be kept locked during the hours the on-premise beer retailer license is active.

R81-4C-2. Application.

(1) Except as provided in Subsection (2), a license application shall be included in the agenda of the monthly commission meeting for consideration for issuance of a limited restaurant license when the requirements of Sections 32A-4-303, -304, and -306 have been met, a completed application has been received by the department, and the limited restaurant premises have been inspected by the department.

(2) Subsection (1) does not preclude the commission from considering an application for a conditional limited restaurant license under the terms and conditions of 32A-1-107(5).

R81-4C-3. Bonds.

No part of any corporate or cash bond required by Section 32A-4-306, may be withdrawn during the time the license is in effect. If the licensee fails to maintain a valid corporate or cash bond, the license shall be immediately suspended until a valid bond is obtained. Failure to obtain a bond within 30 days of notification by the department of the delinquency shall result in the automatic revocation of the license.

R81-4C-4. Insurance.

Public liability and dram shop insurance coverage required in Section 32A-4-303(1)(h) and (i) must remain in force during the time the license is in effect. Failure of the licensee to maintain the required insurance coverage may result in a suspension or revocation of the license by the commission.

R81-4C-5. Limited Restaurant Licensee Wine and Heavy Beer Order and Return Procedures.

The following procedures shall be followed when a limited restaurant licensee orders wine or heavy beer from or returns wine or heavy beer to any state liquor store, package agency, or department satellite warehouse:

(1) The licensee must place the order in advance to allow department personnel sufficient time to assemble the order. The

licensee or employees of the licensee may not pick merchandise directly off the shelves of a state store or package agency to fill the licensee's order. The order shall include the business name of the licensee, department licensee number, and list the products ordered specifying each product by code number and quantity.

(2) The licensee shall allow at least four hours for department personnel to assemble the order for pick-up. When the order is complete, the licensee will be notified by phone and given the total cost of the order. The licensee may pay for the product in cash, company check or cashier's check.

(3) The licensee or the licensee's designee shall examine and sign for the order before it leaves the store, agency or satellite warehouse to verify that the product has been received.

(4) Merchandise shall be supplied to the licensee on request when it is available on a first come first serve basis. Discounted items and limited items may, at the discretion of the department, be provided to a licensee on an allocated basis.

(5) Wine and beer may not be returned by the licensee for the original purchase price except upon a showing that the product was spoiled or non-consumable.

R81-4C-6. Limited Restaurant Licensee Operating Hours.

Allowable hours of wine and heavy beer sales shall be in accordance with Section 32A-4-307(9)(a). However, the licensee may open the wine and heavy beer storage area during hours otherwise prohibited for the limited purpose of inventory, restocking, repair, and cleaning.

R81-4C-7. Sale and Purchase of Alcoholic Beverages.

(1) Alcoholic beverages (including beer) must be sold in connection with an order for food placed and paid for by a patron. An order for food may not include food items gratuitously provided by the limited restaurant to patrons. A patron may pay for an alcoholic beverage at the time of purchase, or, at the discretion of both the licensee and the patron, the price charged may be added to the patron's tab, provided that a written beverage tab, as provided in Section 32A-4-307(26), shall be commenced upon the patron's first purchase and shall be maintained by the limited restaurant during the course of the patron's stay at the limited restaurant regardless of where the patron orders and consumes an alcoholic beverage.

(2) The limited restaurant shall maintain at least 70% of its total business from the sale of food pursuant to Section 32A-4-307(23).

(a) The limited restaurant shall maintain records separately showing quarterly expenditures and sales for beer, heavy beer, wine, and food. These shall be available for inspection and audit by representatives of the department, and maintained for a period of three years.

(b) If any inspection or audit discloses that the sales of food are less than 70% for any quarterly period, an order to show cause shall be issued by the department to determine why the license should not be immediately suspended by the commission. Any suspension shall remain in effect until the licensee is able to prove to the satisfaction of the commission that in the future, the sales of food will meet or exceed 70%. Failure of the licensee to provide satisfactory proof of the required food percentage within three months of the date the license was suspended, shall result in the revocation of the license.

(3) Wine dispensing shall be in accordance with Section 32A-4-307; and R81-1-11 (Multiple-Licensed Facility Storage and Service) of these rules.

R81-4C-8. Alcoholic Product Flavoring.

(1) Limited restaurant licensees may use alcoholic product flavorings including spirituous liquor products in the

preparation of food items and desserts at any time if plainly and conspicuously labeled "cooking flavoring".

(2) No limited restaurant employee under the age of 21 years may handle alcoholic product flavorings.

R81-4C-9. Table, Counter, and "Grandfathered Bar Structure" Service.

(1) A wine service may be performed by the server at the patron's table, counter, or "grandfathered bar structure" for wine either purchased at the limited restaurant or carried in by a patron. The wine may be opened and poured by the server.

(2) Beer and heavy beer, if in sealed containers, may be opened and poured by the server at the patron's table, counter, or "grandfathered bar structure".

R81-4C-10. Consumption at Patron's Table, Counter, and Grandfathered Bar Structure".

(1) A patron's table, counter, or "grandfathered bar structure" may be located in waiting, patio, garden and dining areas previously approved by the department.

(2) Consumption of any alcoholic beverage must be within a reasonable proximity of a patron's table, counter, or "grandfathered bar structure" so as to ensure that the server can maintain a written beverage tab on the amount of alcoholic beverages consumed.

R81-4C-11. Menus; Price Lists.

(1) Contents of Alcoholic Beverage Menu.

(a) Each limited restaurant licensee shall have readily available for its patrons a printed alcoholic beverage price list, or menu containing current prices of all wine, heavy beer, and beer. This list shall include any charges for the service of packaged wines or heavy beer.

(b) Any printed menu, master beverage price list or other printed list is sufficient as long as the prices are current and it meets the requirements of this rule.

(c) Customers shall be notified of the price charged for any packaged wine or heavy beer and any service charges for the supply of glasses, chilling, or wine service.

(d) A licensee or his employee may not misrepresent the price of any alcoholic beverage that is sold or offered for sale on the licensed premises.

R81-4C-12. Identification Badge.

Each employee of the licensee who sells, dispenses or provides alcoholic beverages shall wear a unique identification badge visible above the waist, bearing the employee's first name, initials, or a unique number in letters or numbers not less than 3/8 inch high. The identification badge must be worn on the front portion of the employee's body. The licensee shall maintain a record of all employee badges assigned, which shall be available for inspection by any peace officer, or representative of the department. The record shall include the employee's full name and address and a driver's license or similar identification number.

R81-4C-13. Grandfathered Bar Structures.

(1) Authority and Purpose.

(a) This rule is pursuant to 32A-4-307(7)(a)(i) which provides that:

(i) a bar structure, as defined in 32A-1-105(4), located in a currently licensed limited restaurant as of May 11, 2009, may be "grandfathered" to allow alcoholic beverages to continue to be stored or dispensed at the bar structure, and in some instances to be served to an adult patron seated at the bar structure;

(ii) a bar structure in a limited restaurant that is not operational as of May 12, 2009, may be similarly "grandfathered" if, as of May 12, 2009:

(A) a person has applied for a limited restaurant license

from the commission;

(B) the person is "actively engaged in the construction of the restaurant" as defined by commission rule; and

(C) the person is granted a limited restaurant liquor license by the commission no later than December 31, 2009.

(b) This rule is also pursuant to 32A-4-307(7)(a)(ii) which provides that:

(i) a "grandfathered bar structure" is no longer "grandfathered" once the limited restaurant "remodels the grandfathered bar structure"; and

(ii) the commission shall define by rule what is meant by "remodels the grandfathered bar structure".

(2) Application of Rule.

(a) "Actively engaged in the construction of the restaurant" for purposes of 32A-4-307(7)(a)(i)(B)(I)(Bb) and 32A-4-307(7)(a)(ii) means that:

(i) a building permit has been obtained to build the restaurant; and

(ii) a construction contract has been executed and the contract includes an estimated date that the restaurant will be completed; or

(iii) work has commenced by the applicant on the construction of the restaurant and a good faith effort is made to complete the construction in a timely manner.

(b) "remodels the grandfathered bar structure" for purposes of 32A-4-307(7)(a)(ii) means that:

(i) the grandfathered bar structure has been altered or reconfigured to:

(A) extend the length of the existing structure to increase its seating capacity; or

(B) increase the visibility of the storage or dispensing area to restaurant patrons.

(c) "remodels the grandfathered bar structure" does not:

(i) preclude making cosmetic changes or enhancements to the existing structure such as painting, staining, tiling, or otherwise refinishing the bar structure;

(ii) preclude locating coolers, sinks, plumbing, cooling or electrical equipment to an existing structure; or

(iii) preclude utilizing existing space at the existing bar structure to add additional seating.

(d) Pursuant to 32A-4-307(6), the licensee must first apply for and receive approval from the department for a change of location where alcohol is stored, served, and sold other than what was originally designated in the licensee's application for the license. Thus, any modification of the alcoholic beverage storage and dispensing area at a "grandfathered bar structure" must first be reviewed and approved by the department to determine whether it is:

(i) an acceptable use of an existing bar structure; or

(ii) a remodel of a "grandfathered bar structure".

32A-1-107

32A-4-307(7)(a)(i)(B)(I)(Bb)

32A-4-407(7)(a)(ii)

R131. Capitol Preservation Board (State), Administration.
R131-15. State Construction Contracts and Drug and Alcohol Testing.

R131-15-1. Purpose.

The purpose of this rule is to comply with the provisions of Section 63G-6-604.

R131-15-2. Authority.

This rule is authorized under Subsection 63C-9-301(3)(a) as well as Subsection 63G-6-604(4).

R131-15-3. Definitions.

(1) The following definitions of Section 63G-6-604 shall apply to any term used in this Rule R131-15:

(a) "Contractor" means a person who is or may be awarded a state construction contract.

(b) "Covered individual" means an individual who:

(i) on behalf of a contractor or subcontractor provides services directly related to design or construction under a state construction contract; and

(ii) is in a safety sensitive position, including a design position that has responsibilities that directly affect the safety of an improvement to real property that is the subject of a state construction contract.

(c) "Drug and alcohol testing policy" means a policy under which a contractor or subcontractor tests a covered individual to establish, maintain, or enforce the prohibition of:

(i) the manufacture, distribution, dispensing, possession, or use of drugs or alcohol, except the medically prescribed possession and use of a drug; or

(ii) the impairment of judgment or physical abilities due to the use of drugs or alcohol.

(d) "Random testing" means that a covered individual is subject to periodic testing for drugs and alcohol:

(i) in accordance with a drug and alcohol testing policy; and

(ii) on the basis of a random selection process.

(e) For purposes of Subsection R131-15-4(5), "state" includes any of the following of the state:

(i) a department;

(ii) a division;

(iii) an agency;

(iv) a board including the Capitol Preservation Board;

(v) a commission;

(vi) a council;

(vii) a committee; and

(viii) an institution, including a state institution of higher education, as defined under Section 53B-3-102.

(f) "State construction contract" means a contract for design or construction entered into by the Capitol Preservation Board.

(g)(i) "Subcontractor" means a person under contract with a contractor or another subcontractor to provide services or labor for design or construction.

(ii) "Subcontractor" includes a trade contractor or specialty contractor.

(iii) "Subcontractor" does not include a supplier who provides only materials, equipment, or supplies to a contractor or subcontractor.

(2) In addition:

(a) "Board" means the Capitol Preservation Board established pursuant to Section 63C-9-201.

(b) "Executive Director" means the Executive Director of the Capitol Preservation Board.

(c) "State" as used throughout Rule R131-15 means the State of Utah except that it also includes those entities described in Subsection R131-15-3(1)(e) as the term "state" is used in Subsection R131-15-5.

R131-15-4. Applicability.

(1) Except as provided in Section R131-15-5, on and after July 1, 2010, the Board may not enter into a state construction contract (includes a contract for design or construction) unless the state construction contract requires the following:

(a) A contractor shall demonstrate to the Capitol Preservation Board that the contractor:

(i) has and will maintain a drug and alcohol testing policy during the period of the state construction contract that applies to the covered individuals hired by the contractor;

(ii) posts in one or more conspicuous places notice to covered individuals hired by the contractor that the contractor has the drug and alcohol testing policy described in Subsection R131-15-4(1)(a)(i); and

(iii) subjects the covered individuals to random testing under the drug and alcohol testing policy described in Subsection R131-15-4(1)(a)(i) if at any time during the period of the state construction contract there are ten or more individuals who are covered individuals hired by the contractor.

(b) A contractor shall demonstrate to the Board, which shall be demonstrated by a provision in the contract where the contractor acknowledges this Rule R131-15 and agrees to comply with all aspects of this Rule R131-15, that the contractor requires that as a condition of contracting with the contractor, a subcontractor, which includes consultants under contract with the designer:

(i) has and will maintain a drug and alcohol testing policy during the period of the state construction contract that applies to the covered individuals hired by the subcontractor;

(ii) posts in one or more conspicuous places notice to covered individuals hired by the subcontractor that the subcontractor has the drug and alcohol testing policy described in Subsection R131-15-4(1)(b)(i); and

(iii) subjects the covered individuals hired by the subcontractor to random testing under the drug and alcohol testing policy described in Subsection R131-15-4(1)(b)(i) if at any time during the period of the state construction contract there are ten or more individuals who are covered individuals hired by the subcontractor.

(2)(a) Except as otherwise provided in this Subsection R131-15-4(2), if a contractor or subcontractor fails to comply with Subsection R131-15-4(1), the contractor or subcontractor may be suspended or debarred in accordance with this Rule R131-15.

(b) On and after July 1, 2010, the Board shall include in a state construction contract a reference to this Rule R131-15.

(c)(i) A contractor is not subject to penalties for the failure of a subcontractor to comply with Subsection R131-15-4(1).

(ii) A subcontractor is not subject to penalties for the failure of a contractor to comply with Subsection R131-15-4(1).

(3)(a) The requirements and procedures a contractor shall follow to comply with Subsection R131-15-4(1) is that the contractor, by executing the construction contract with the Board, is deemed to certify to the Board that the contractor, and all subcontractors under the contractor that are subject to Subsection R131-15-4(1), shall comply with all provisions of this Rule R131-15 as well as Section 63G-6-604; and that the contractor shall on a semi-annual basis throughout the term of the contract, report to the Executive Director in writing information that indicates compliance with the provisions of Rule R131-15 and Section 63G-6-604.

(b) A contractor or subcontractor may be suspended or debarred in accordance with the applicable Utah statutes and rules, if the contractor or subcontractor violates a provision of Section 63G-6-604. The contractor or subcontractor shall be provided reasonable notice and opportunity to cure a violation of Section 63G-6-604 before suspension or debarment of the contractor or subcontractor in light of the circumstances of the state construction contract or the violation. The greater the risk

to person(s) or property as a result of noncompliance, the shorter this notice and opportunity to cure shall be, including the possibility that the notice may provide for immediate compliance if necessary to protect person(s) or property.

(4) The failure of a contractor or subcontractor to meet the requirements of Subsection R131-15-4(1):

(a) may not be the basis for a protest or other action from a prospective bidder, offeror, or contractor under Part 8, Legal and Contractual Remedies or the similar rules of the Board; and

(b) may not be used by the Board, a prospective bidder, an offeror, a contractor, or a subcontractor as a basis for an action that would suspend, disrupt, or terminate the design or construction under a state construction contract.

(5)(a) After the Board enters into a state construction contract in compliance with Section 63G-6-604, the state is not required to audit, monitor, or take any other action to ensure compliance with Section 63G-6-604.

(b) The state is not liable in any action related to Section 63G-6-604 and this Rule R131-15, including not being liable in relation to:

(i) a contractor or subcontractor having or not having a drug and alcohol testing policy;

(ii) failure to test for a drug or alcohol under a contractor's or subcontractor's drug and alcohol testing policy;

(iii) the requirements of a contractor's or subcontractor's drug and alcohol testing policy;

(iv) a contractor's or subcontractor's implementation of a drug and alcohol testing policy, including procedures for:

(A) collection of a sample;

(B) testing of a sample;

(C) evaluation of a test; or

(D) disciplinary or rehabilitative action on the basis of a test result;

(v) an individual being under the influence of drugs or alcohol; or

(vi) an individual under the influence of drugs or alcohol harming another person or causing property damage.

R131-15-5. Non-applicability.

(1) This Rule R131-15 and Section 63G-6-604 does not apply if the Board determines that the application of this Rule R131-15 or Section 63G-6-604 would severely disrupt the operation of a state agency to the detriment of the state agency or the general public, including:

(a) jeopardizing the receipt of federal funds;

(b) the state construction contract being a sole source contract; or

(c) the state construction contract being an emergency procurement.

R131-15-6. Not Limit Other Lawful Policies.

(1) If a contractor or subcontractor meets the requirements of Section 63-6-604 and this Rule R131-15, this Rule R131-15 may not be construed to restrict the contractor's or subcontractor's ability to impose or implement an otherwise lawful provision as part of a drug and alcohol testing policy.

September 22, 2010

63G-6

R156. Commerce, Occupational and Professional Licensing.**R156-17b. Pharmacy Practice Act Rule.****R156-17b-101. Title.**

This rule is known as the "Pharmacy Practice Act Rule".

R156-17b-102. Definitions.

In addition to the definitions in Title 58, Chapters 1 and 17b, as used in Title 58, Chapters 1 and 17b or this rule:

(1) "ACPE" means the American Council on Pharmaceutical Education or Accreditation Council for Pharmacy Education.

(2) "Analytical laboratory":

(a) means a facility in possession of prescription drugs for the purpose of analysis; and

(b) does not include a laboratory possessing prescription drugs used as standards and controls in performing drug monitoring or drug screening analysis if the prescription drugs are pre-diluted in a human or animal body fluid, human or animal body fluid components, organic solvents, or inorganic buffers at a concentration not exceeding one milligram per milliliter when labeled or otherwise designated as being for in-vitro diagnostic use.

(3) "Authorized distributor of record" means a pharmaceutical wholesaler with whom a manufacturer has established an ongoing relationship to distribute the manufacturer's prescription drugs. An ongoing relationship is deemed to exist between such pharmaceutical wholesaler and a manufacturer, as defined in Section 1504 of the Internal Revenue Code, when the pharmaceutical wholesaler has a written agreement currently in effect with the manufacturer evidencing such ongoing relationship, and the pharmaceutical wholesaler is listed on the manufacturer's current list of authorized distributors of record.

(4) "Authorized personnel" means any person who is a part of the pharmacy staff who participates in the operational processes of the pharmacy and contributes to the natural flow of pharmaceutical care.

(5) "Central Order Entry" means a pharmacy where functions are performed at the request of another pharmacy to perform processing functions such as dispensing, drug review, refill authorizations, and therapeutic interventions.

(6) "Chain pharmacy warehouse" means a physical location for prescription drugs that acts as a central warehouse and performs intracompany sales or transfers of the prescription drugs to a group of chain pharmacies that have the same common ownership and control.

(7) "Co-licensed partner or product" means an instance where two or more parties have the right to engage in the manufacturing and/or marketing of a prescription drug, consistent with FDA's implementation of the Prescription Drug Marketing Act.

(8) "Cooperative pharmacy warehouse" means a physical location for drugs that acts as a central warehouse and is owned, operated or affiliated with a group purchasing organization (GPO) or pharmacy buying cooperative and distributes those drugs exclusively to its members.

(9) "Counterfeit prescription drug" has the meaning given that term in 21 USC 321(g)(2), including any amendments thereto.

(10) "Counterfeiting" means engaging in activities that create a counterfeit prescription drug.

(11) "Dispense", as defined in Subsection 58-17b-102(23), does not include transferring medications for a patient from a legally dispensed prescription for that particular patient into a daily or weekly drug container to facilitate the patient taking the correct medication.

(12) "Drop shipment" means the sale of a prescription drug to a pharmaceutical wholesaler by the manufacturer of the drug; by the manufacturer's co-licensed product partner, third party

logistics provider, or exclusive distributor; or by an authorized distributor of record that purchased the product directly from the manufacturer or from one of these entities; whereby:

(a) the pharmaceutical wholesale distributor takes title to but not physical possession of such prescription drug;

(b) the pharmaceutical wholesale distributor invoices the pharmacy, pharmacy warehouse, or other person authorized by law to dispense to administer such drug; and

(c) the pharmacy, pharmacy warehouse, or other person authorized by law to dispense or administer such drug receives delivery of the prescription drug directly from the manufacturer; from the co-licensed product partner, third party logistics provider, or exclusive distributor; or from an authorized distributor of record that purchases the product directly from the manufacturer or from one of these entities.

(13) "Drug therapy management" means the review of a drug therapy regimen of a patient by one or more pharmacists for the purpose of evaluating and rendering advice to one or more practitioners regarding adjustment of the regimen.

(14) "Drugs", as used in this rule, means drugs or devices.

(15) "ExCPT", as used in this rule, means the Exam for the Certification of Pharmacy Technicians.

(16) "FDA" means the United States Food and Drug Administration and any successor agency.

(17) "High-risk, medium-risk, and low-risk drugs" refers to the risk to a patient's health from compounding sterile preparations, as referred to in USP-NF Chapter 797, for details of determining risk level.

(18) "Hospice facility pharmacy" means a pharmacy that supplies drugs to patients in a licensed healthcare facility for terminal patients.

(19) "Hospital clinic pharmacy" means a pharmacy that is located in an outpatient treatment area where a pharmacist or pharmacy intern is compounding, admixing, or dispensing prescription drugs, and where:

(a) prescription drugs or devices are under the control of the pharmacist, or the facility for administration to patients of that facility;

(b) prescription drugs or devices are dispensed by the pharmacist or pharmacy intern; or

(c) prescription drugs are administered in accordance with the order of a practitioner by an employee or agent of the facility.

(20) "Legend drug" or "prescription drug" means any drug or device that has been determined to be unsafe for self-medication or any drug or device that bears or is required to bear the legend:

(a) "Caution: federal law prohibits dispensing without prescription";

(b) "Caution: federal law restricts this drug to use by or on the order of a licensed veterinarian"; or

(c) "Rx only".

(21) "Maintenance medications" means medications the patient takes on an ongoing basis.

(22) "Manufacturer's exclusive distributor" means an entity that contracts with a manufacturer to provide or coordinate warehousing, distribution, or other services on behalf of a manufacturer and who takes title to that manufacturer's prescription drug, but who does not have general responsibility to direct the drug's sale or disposition. Such manufacturer's exclusive distributor must be licensed as a pharmaceutical wholesaler under this chapter and be an "authorized distributor of record" to be considered part of the "normal distribution channel".

(23) "MPJE" means the Multistate Jurisprudence Examination.

(24) "NABP" means the National Association of Boards of Pharmacy.

(25) "NAPLEX" means North American Pharmacy

Licensing Examination.

(26) "Normal distribution channel" means a chain of custody for a prescription drug that goes directly, by drop shipment as defined in Subsection (12), or via intracompany transfer from a manufacturer; or from the manufacturer's co-licensed partner, third-party logistics provider, or the exclusive distributor to:

(a) a pharmacy or other designated persons authorized under this chapter to dispense or administer prescription drugs to a patient;

(b) a chain pharmacy warehouse that performs intracompany sales or transfers of such drugs to a group of pharmacies under common ownership and control;

(c) a cooperative pharmacy warehouse to a pharmacy that is a member of the pharmacy buying cooperative or GPO to a patient;

(d) an authorized distributor of record, and then to either a pharmacy or other designated persons authorized under this chapter to dispense or administer such drug for use by a patient;

(e) an authorized distributor of record, and then to a chain pharmacy warehouse that performs intracompany sales or transfers of such drugs to a group of pharmacies under common ownership and control; or

(f) an authorized distributor of record to another authorized distributor of record to a licensed pharmaceutical facility or a licensed healthcare practitioner authorized under this chapter to dispense or administer such drug for use by a patient.

(27) "Parenteral" means a method of drug delivery injected into body tissues but not via the gastrointestinal tract.

(28) "Pedigree" means a document or electronic file containing information that records each distribution of any given prescription drug.

(29) "PIC", as used in this rule, means the pharmacist-in-charge.

(30) "Prescription files" means all hard-copy and electronic prescriptions that includes pharmacist notes or technician notes, clarifications or information written or attached that is pertinent to the prescription.

(31) "PTCB" means the Pharmacy Technician Certification Board.

(32) "Qualified continuing education", as used in this rule, means continuing education that meets the standards set forth in Section R156-17b-309.

(33) "Refill" means to fill again.

(34) "Repackage" means repackaging or otherwise changing the container, wrapper, or labeling to further the distribution of a prescription drug, excluding that completed by the pharmacist responsible for dispensing the product to a patient.

(35) "Reverse distributor" means a person or company that retrieves unusable or outdated drugs from a pharmacy or pharmacist for the purpose of removing those drugs from stock and destroying them.

(36) "Sterile products preparation facility" means any facility, or portion of the facility, that compounds sterile products using aseptic technique.

(37) "Third party logistics provider" means anyone who contracts with a prescription drug manufacturer to provide or coordinate warehousing, distribution, or other similar services on behalf of a manufacturer, but does not take title to the prescription drug or have any authoritative control over the prescription drug's sale. Such third party logistics provider must be licensed as a pharmaceutical wholesaler under this chapter and be an "authorized distributor of record" to be considered part of the "normal distribution channel".

(38) "Unauthorized personnel" means any person who is not participating in the operational processes of the pharmacy who in some way would interrupt the natural flow of

pharmaceutical care.

(39) "Unit dose" means the ordered amount of a drug in a dosage form prepared for a one-time administration to an individual and indicates the name, strength, lot number and expiration date for the drug.

(40) "Unprofessional conduct", as defined in Title 58, Chapters 1 and 17b, is further defined, in accordance with Subsection 58-1-203(1)(e), in Section R156-17b-502.

(41) "USP-NF" means the United States Pharmacopeia-National Formulary (USP 32-NF 27), 2009 edition, which is official from May 1, 2009 through Supplement 2, dated December 1, 2009, which is hereby adopted and incorporated by reference.

(42) "Wholesaler" means a wholesale distributor who supplies or distributes drugs or medical devices that are restricted by federal law to sales based on the order of a physician to a person other than the consumer or patient.

(43) "Wholesale distribution" means the distribution of drugs to persons other than consumers or patients, but does not include:

(a) intracompany sales or transfers;

(b) the sale, purchase, distribution, trade, or other transfer of a prescription drug for emergency medical reasons, as defined under 21 CFR 203.3(m), including any amendments thereto;

(c) the sale, purchase, or trade of a drug pursuant to a prescription;

(d) the distribution of drug samples;

(e) the return or transfer of prescription drugs to the original manufacturer, original wholesale distributor, reverse distributor, or a third party returns processor;

(f) the sale, purchase, distribution, trade, or transfer of a prescription drug from one authorized distributor of record to one additional authorized distributor of record during a time period for which there is documentation from the manufacturer that the manufacturer is able to supply a prescription drug and the supplying authorized distributor of record states in writing that the prescription drug being supplied had until that time been exclusively in the normal distribution channel;

(g) the sale, purchase or exchange of blood or blood components for transfusions;

(h) the sale, transfer, merger or consolidation of all or part of the business of a pharmacy;

(i) delivery of a prescription drug by a common carrier; or

(j) other transactions excluded from the definition of "wholesale distribution" under 21 CFR 203.3 (cc), including any amendments thereto.

R156-17b-103. Authority - Purpose.

This rule is adopted by the Division under the authority of Subsection 58-1-106(1)(a) to enable the Division to administer Title 58, Chapter 17b.

R156-17b-104. Organization - Relationship to Rule R156-1.

The organization of this rule and its relationship to Rule R156-1 is as described in Section R156-1-107.

R156-17b-105. Licensure - Administrative Inspection.

In accordance with Subsection 58-17b-103(3)(e), the procedure for disposing of any drugs or devices seized by the Division during an administrative inspection will be handled as follows:

(1) Any legal drugs or devices found and temporarily seized by the Division that are found to be in compliance with this chapter will be returned to the PIC of the pharmacy involved at the conclusion of any investigative or adjudicative proceedings and appeals.

(2) Any drugs or devices that are temporarily seized by the Division that are found to be unlawfully possessed, adulterated,

misbranded, outdated, or otherwise in violation of this rule shall be destroyed by Division personnel at the conclusion of any investigative or adjudicative proceedings and appeals. The destruction of any seized controlled substance drugs will be witnessed by two Division individuals. A controlled substance destruction form will be completed and retained by the Division.

(3) An investigator may, upon determination that the violations observed are of a nature that pose an imminent peril to the public health, safety and welfare, recommend to the Division Director to issue an emergency licensure action, such as cease and desist.

R156-17b-301. Pharmacy Licensure Classifications - Pharmacist-in-Charge Requirements.

In accordance with Subsection 58-17b-302(4), the classification of pharmacies holding licenses are clarified as:

(1) Class A pharmacy includes all retail operations located in Utah and requires a PIC.

(2) Class B pharmacy includes an institutional pharmacy that provides services to a target population unique to the needs of the healthcare services required by the patient. All Class B pharmacies require a PIC except for pharmaceutical administration facilities and methadone clinics. Examples of Class B pharmacies include:

- (a) closed door;
- (b) hospital clinic pharmacy;
- (c) methadone clinics;
- (d) nuclear;
- (e) branch;
- (f) hospice facility pharmacy;
- (g) veterinarian pharmaceutical facility;
- (h) pharmaceutical administration facility; and
- (i) sterile product preparation facility.

(j) A retail pharmacy that prepares sterile products does not require a separate license as a Class B pharmacy.

(3) Class C pharmacy includes pharmacies located in Utah that are involved in:

- (a) manufacturing;
- (b) producing;
- (c) wholesaling;
- (d) distributing; and
- (e) reverse distributing.

(4) Class D pharmacy includes pharmacies located outside the state of Utah. Class D pharmacies require a PIC licensed in the state where the pharmacy is located and include Out-of-state mail order pharmacies. Facilities that have multiple locations must have licenses for each facility and every component part of a facility.

(5) Class E pharmacy includes those pharmacies that do not require a PIC and include:

- (a) medical gases providers;
- (b) analytical laboratories
- (c) durable medical equipment providers; and
- (d) central order entry pharmacies.

(6) All pharmacy licenses will be converted to the appropriate classification by the Division as identified in Section 58-17b-302.

(7) Each Class A and each Class B pharmacy required to have a PIC shall have one PIC who is employed on a full-time basis as defined by the employer, who acts as a PIC for one pharmacy. However, the PIC may be the PIC of more than one Class A pharmacy, if the additional Class A pharmacies are not open to provide pharmacy services simultaneously.

(8) The PIC shall comply with the provisions of Section R156-17b-603.

R156-17b-302. Licensure - Examinations.

(1) In accordance with Subsection 58-17b-303(1)(h), the examinations that must be successfully passed by an applicant

for licensure as a pharmacist are:

(a) the NAPLEX with a passing score as established by NABP; and

(b) the Multistate Pharmacy Jurisprudence Examination (MPJE) with a minimum passing score as established by NABP.

(2) In accordance with Subsection 58-17b-303(3)(j), an applicant applying by endorsement is required to pass the MPJE.

(3) In accordance with Subsection 58-17b-305(1)(g), the examinations which must be passed by an applicant applying for licensure as a pharmacy technician are:

(a) the Utah Pharmacy Technician Law and Rule Examination with a passing score of at least 75 and taken at the time of making application for licensure; and

(b) the PTCB or ExCPT with a passing score as established by the certifying body. The certificate must exhibit a valid date and that the certification is active.

(4) A graduate of a foreign pharmacy school shall obtain a passing score on the Foreign Pharmacy Graduate Examination Committee (FPGEC) examination.

R156-17b-303. Licensure - Pharmacist by Endorsement.

(1) In accordance with Subsections 58-17b-303(3) and 58-1-301(3), an applicant for licensure as a pharmacist by endorsement shall apply through the "Licensure Transfer Program" administered by NABP.

(2) An applicant for licensure as a pharmacist by endorsement does not need to provide evidence of intern hours if that applicant has:

(a) lawfully practiced as a licensed pharmacist a minimum of 2000 hours in the four years immediately preceding application in Utah;

(b) obtained sufficient continuing education credits required to maintain a license to practice pharmacy in the state of practice; and

(c) not had a pharmacist license suspended, revoked, canceled, surrendered, or otherwise restricted for any reason in any state for ten years prior to application in Utah, unless otherwise approved by the Division in collaboration with the Board.

R156-17b-304. Licensure - Education Requirements.

(1) In accordance with Subsections 58-17b-303(2) and 58-17b-304(7)(c), the credentialing agency recognized to provide certification and evaluate equivalency of a foreign educated pharmacy graduate is the Foreign Pharmacy Graduate Examination Committee (FPGEC) of the National Association of Boards of Pharmacy Foundation.

(2) In accordance with Subsection 58-17b-304(6), an applicant for a pharmacy intern license shall demonstrate that he meets one of the following education criteria:

(a) current admission in a College of Pharmacy accredited by the ACPE by written verification from the Dean of the College;

(b) a graduate degree from a school or college of pharmacy which is accredited by the ACPE; or

(c) a graduate degree from a foreign pharmacy school as established by a certificate of equivalency from an approved credentialing agency defined in Subsection (1).

(3) In accordance with Subsection 58-17b-305(1)(f), a pharmacy technician must complete an approved program of education and training that meets the following standards:

(a) The didactic training program must be approved by the Division in collaboration with the Board and must address, at a minimum, the following topics:

- (i) legal aspects of pharmacy practice including federal and state laws and rules governing practice;
- (ii) hygiene and aseptic techniques;
- (iii) terminology, abbreviations and symbols;

(iv) pharmaceutical calculations;
 (v) identification of drugs by trade and generic names, and therapeutic classifications;

(vi) filling of orders and prescriptions including packaging and labeling;

(vii) ordering, restocking, and maintaining drug inventory;

(viii) computer applications in the pharmacy; and

(ix) non-prescription products including cough and cold, nutritional, analgesics, allergy, diabetic testing supplies, first aid, ophthalmic, family planning, foot, feminine hygiene, gastrointestinal preparations, and pharmacy care over-the-counter drugs, except those over-the-counter drugs that are prescribed by a practitioner.

(b) This training program's curriculum and a copy of the final examination shall be submitted to the Division for approval by the Board prior to starting any training session with a pharmacy technician in training. The final examination must include questions covering each of the topics listed in Subsection (3)(a) above.

(c) Approval must be granted by the Division in collaboration with the Board before a student may start a program of study. An individual who completes a non-approved program is not eligible for licensure.

(d) The training program must require at least 180 hours of practical training supervised by a licensed pharmacist in good standing with the Division and must include written protocols and guidelines for the teaching pharmacist outlining the utilization and supervision of pharmacy technicians in training that includes:

(i) the specific manner in which supervision will be completed; and

(ii) an evaluative procedure to verify the accuracy and completeness of all acts, tasks and functions performed by the pharmacy technician in training.

(e) An individual must complete an approved training program and successfully pass the required examinations as listed in Subsection R156-17b-302(3) within one year from the date of the first day of the training program, unless otherwise approved by the Division in collaboration with the Board.

(i) An individual who has completed an approved program, but did not seek licensure within the one year time frame must complete a minimum of 180 hours of refresher practice in a pharmacy approved by the Board if it has been more than six months since having exposure to pharmacy practice.

(ii) An individual who has been licensed as a pharmacy technician but allowed that license to expire for more than two years and wishes to renew that license must complete a minimum of 180 hours of refresher hours in an approved pharmacy under the direct supervision of a pharmacist.

(iii) An individual who has completed an approved program, but is awaiting the results of the required examinations may practice as a technician-in-training under the direct supervision of the pharmacist for a period not to exceed three months. If the individual fails the examinations, that individual can no longer work as a technician-in-training while waiting to retake the examinations. The individual shall work in the pharmacy only as supportive personnel.

(4) An applicant for licensure as a pharmacy technician is deemed to have met the qualification for licensure in Subsection 58-17b-305(f) if the applicant:

(a) is currently licensed and in good standing in another state and has not had any adverse action taken on that license;

(b) has engaged in the practice as a pharmacy technician for a minimum of 1,000 hours in that state within the past two years or equivalent experience as approved by the Division in collaboration with the Board; and

(c) has passed and maintained current PTCB or ExCPT certification and passed the Utah law exam.

R156-17b-305. Temporary Licensure.

(1) In accordance with Subsection 58-1-303(1), the Division may issue a temporary pharmacist license to a person who meets all qualifications for licensure as a pharmacist except for the passing of the required examination, if the applicant:

(a) is a graduate of an ACPE accredited pharmacy school within two months immediately preceding application for licensure;

(b) submit a complete application for licensure as a pharmacist except the passing of the NABP and MJPE examinations;

(c) submits evidence of having secured employment conditioned upon issuance of the temporary license, and the employment is under the direct, on-site supervision of a pharmacist with an active, non-temporary license that may or may not include a controlled substance license; and

(d) has registered to take the required licensure examinations.

(2) A temporary pharmacist license issued under Subsection (1) expires the earlier of:

(a) six months from the date of issuance;

(b) the date upon which the Division receives notice from the examination agency that the individual has failed either examination twice; or

(c) the date upon which the Division issues the individual full licensure.

(3) A pharmacist temporary license issued in accordance with this section cannot be renewed or extended.

R156-17b-306. Licensure - Pharmacist - Pharmacy Internship Standards.

(1) In accordance with Subsection 58-17b-303(1)(g), the standards for the pharmacy internship required for licensure as a pharmacist include the following:

(a) At least 1500 hours of practice supervised by a pharmacy preceptor shall be obtained in Utah or another state or territory of the United States, or a combination of both.

(i) Internship hours completed in Utah shall include at least 360 hours but not more than 900 hours in a college coordinated practical experience program as an integral part of the curriculum which shall include a minimum of 120 hours in each of the following practices:

(A) community pharmacy;

(B) institutional pharmacy; and

(C) any clinical setting.

(ii) Internship hours completed in another state or territory of the United States shall be accepted based on the approval of the hours by the pharmacy board in the jurisdiction where the hours were obtained.

(b) Evidence of completed internship hours shall be documented to the Division by the pharmacy intern at the time application is made for a Utah pharmacist license.

(c) Pharmacy interns participating in internships may be credited no more than 50 hours per week of internship experience.

(d) No credit will be awarded for didactic experience.

(2) If a pharmacy intern is suspended or dismissed from an approved College of Pharmacy, the intern must notify the Division within 15 days of the suspension or dismissal.

(3) If a pharmacy intern ceases to meet all requirements for intern licensure, the pharmacy intern shall surrender the pharmacy intern license to the Division within 60 days unless an extension is requested and granted by the Division in collaboration with the Board.

R156-17b-307. Licensure - Meet with the Board.

In accordance with Subsections 58-1-202(1)(d) and 58-1-301(3), an applicant for licensure under Title 58, Chapter 17b may be required to meet with the State Board of Pharmacy for

the purpose of evaluating the applicant's qualifications for licensure.

R156-17b-308. Renewal Cycle - Procedures.

(1) In accordance with Subsection 58-1-308(1), the renewal date for the two-year renewal cycle applicable to licensees under Title 58, Chapter 17b is established by rule in Section R156-1-308a.

(2) Renewal procedures shall be in accordance with Section R156-1-308c.

(3) An intern license may be extended upon the request of the licensee and approval by the Division under the following conditions:

(a) the intern applied to the Division for a pharmacist license and to sit for the NAPLEX and MJPE examinations within three calendar months after obtaining full certification from the Foreign Pharmacy Graduate Equivalency Commission; or

(b) the intern lacks the required number of internship hours for licensure.

R156-17b-309. Continuing Education.

(1) In accordance with Section 58-17b-310 and Subsections 58-1-203(1)(g) and 58-1-308(3)(b), there is created a requirement for continuing education as a condition for renewal or reinstatement of a pharmacist or pharmacy technician license issued under Title 58, Chapter 17b.

(2) Requirements shall consist of the following number of qualified continuing education hours in each preceding renewal period:

(a) 30 hours for a pharmacist; and

(b) 20 hours for a pharmacy technician.

(3) The required number of hours of qualified continuing professional education for an individual who first becomes licensed during the two year renewal cycle shall be decreased in a pro-rata amount equal to any part of that two year period preceding the date on which that individual first became licensed.

(4) Qualified continuing professional education hours shall consist of the following:

(a) for pharmacists:

(i) institutes, seminars, lectures, conferences, workshops, various forms of mediated instruction, and programmed learning courses, presented by an institution, individual, organization, association, corporation or agency that has been approved by ACPE;

(ii) programs approved by health-related continuing education approval organizations provided the continuing education is nationally recognized by a healthcare accrediting agency and the education is related to the practice of pharmacy;

(iii) programs of certification by qualified individuals, such as certified diabetes educator credentials, board certification in advanced therapeutic disease management or other certification as approved by the Division in consultation with the Board; and

(iv) training or educational presentations offered by the Division.

(b) for pharmacy technicians:

(i) institutes, seminars, lectures, conferences, workshops, various forms of mediated instruction, and programmed learning courses, presented by an institution, individual, organization, association, corporation or agency that has been approved by ACPE;

(ii) programs approved by health-related continuing education approval organizations provided the continuing education is nationally recognized by a healthcare accrediting agency and the education is related to the practice of pharmacy; and

(iii) educational meetings that meet ACPE continuing

education criteria sponsored by the Utah Pharmacist Association, the Utah Society of Health-System Pharmacists or other professional organization or association; and

(iv) training or educational presentations offered by the Division.

(5) Credit for qualified continuing professional education shall be recognized in accordance with the following:

(a) Pharmacists:

(i) a minimum of 12 hours shall be obtained through attendance at live or technology enabled participation lectures, seminars or workshops;

(ii) a minimum of 15 hours shall be in drug therapy or patient management; and

(iii) a minimum of one hour shall be in pharmacy law or ethics.

(b) Pharmacy Technicians:

(i) a minimum of eight hours shall be obtained through attendance at live or technology enabled participation at lectures, seminars or workshops; and

(ii) a minimum of one hour shall be in pharmacy law or ethics.

(iii) documentation of current PTCB or ExCPT certification will count as meeting the requirement for continuing education.

(6) A licensee shall be responsible for maintaining competent records of completed qualified continuing professional education for a period of four years after the close of the two year period to which the records pertain. It is the responsibility of the licensee to maintain such information with respect to qualified continuing professional education to demonstrate it meets the requirements under this section.

R156-17b-310. Exemption from Licensure - Physicians Dispensing Cosmetic Drug or Injectable Weight Loss Drug.

(1) A cosmetic drug that can be dispensed by a physician licensed under either Title 58, Chapter 67, Utah Medical Practice Act, or Title 58, Chapter 68, Utah Osteopathic Medical Practice Act, and in accordance with Subsection 58-17b-309(1)(a) includes:

(a) Latisse.

(2) An injectable weight loss drug that can be dispensed by a physician licensed under either Title 58, Chapter 67, Utah Medical Practice Act, or Title 58, Chapter 68, Utah Osteopathic Medical Practice Act, and in accordance with Subsection 58-17b-309(1)(b) includes:

(a) human chorionic gonadotropin.

(3) In accordance with Subsection 58-17b-309(4)(c), a physician who chooses to dispense a cosmetic drug or injectable weight loss drug as listed in Subsections (1) and (2) to the physician's patients shall have a label securely affixed to the container indicating the following minimum information:

(a) the name, address and telephone number of the physician prescribing and dispensing the drug;

(b) the serial number of the prescription as assigned by the dispensing physician;

(c) the filling date of the prescription or its last dispensing date;

(d) the name of the patient;

(e) the directions for use and cautionary statements, if any, which are contained in the prescription order or are needed;

(f) the trade, generic or chemical name, amount dispensed and the strength of dosage form; and

(g) the beyond use date.

(4) A physician who chooses to dispense a cosmetic drug or an injectable weight loss drug as listed in Subsections (1) and (2) shall keep inventory records for each drug dispensed and a prescription dispensing medication profile for each patient receiving a drug dispensed by the physician. Those records shall be made available to the Division upon request by the

Division.

(a) The general requirements for an inventory of drugs dispensed by a physician include:

(i) the physician shall be responsible for taking all required inventories, but may delegate the performance of taking the inventory to another person;

(ii) the inventory records must be maintained for a period of five years and be readily available for inspection;

(iii) the inventory records shall be filed separately from all other records;

(iv) the person taking the inventory and the physician shall indicate the time the inventory was taken and shall sign and date the inventory with the date the inventory was taken. The signature of the physician and the date of the inventory shall be documented within 72 hours or three working days of the completed initial, annual, change of ownership and closing inventory;

(v) the initial inventory shall be completed within three working days of the date on which the physician begins to dispense a drug under Section 58-17b-309; and

(vi) the annual inventory shall be within 12 months following the inventory date of each year and may be taken within four days of the specified inventory date and shall include all stocks including out-of-date drugs.

(b) A prescription dispensing medication profile shall be maintained for every patient receiving a drug that is dispensed by a physician in accordance with Section 58-17b-309 for a period of at least one year from the date of the most recent prescription fill or refill. The medication profile shall be kept as part of the patient's medical record and include, as a minimum, the following information:

(i) full name of the patient, address, telephone number, date of birth or age, and gender;

(ii) patient history where significant, including known allergies and drug reactions; and

(iii) a list of drugs being dispensed including:

(A) name of prescription drug;

(B) strength of prescription drug;

(C) quantity dispensed;

(D) prescription drug lot number and name of manufacturer;

(E) date of filling or refilling;

(F) charge for the prescription drug as dispensed to the patient;

(G) any additional comments relevant to the patient's drug use; and

(H) documentation that patient counseling was provided in accordance with Subsection (5).

(5) A physician who is dispensing a cosmetic drug or injectable weight loss drug listed in Subsections (1) and (2) in accordance with Subsection 58-17b-309(4)(c), shall include the following elements when providing patient counseling:

(a) the name and description of the prescription drug;

(b) the dosage form, dose, route of administration and duration of drug therapy;

(c) intended use of the drug and expected action;

(d) special directions and precautions for preparation, administration and use by the patient;

(e) common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur;

(f) techniques for self-monitoring drug therapy;

(g) proper storage;

(h) prescription refill information;

(i) action to be taken in the event of a missed dose;

(j) physician comments relevant to the individual's drug therapy, including any other information specific to the patient or drug; and

(k) the date after which the prescription should not be

taken or used, or the beyond use date.

(6) In accordance with Subsection 58-17b(309)(4)(c), the medication storage standards that must be maintained by a physician who dispenses a drug under Subsection (1) and (2) provides that the storage space shall be:

(a) kept in an area that is well lighted, well ventilated, clean and sanitary;

(b) equipped to permit the orderly storage of prescription drugs in a manner to permit clear identification, separation and easy retrieval of products and an environment necessary to maintain the integrity of the drug inventory;

(c) equipped with a security system to permit detection of entry at all times when the physician's office or clinic is closed;

(d) at a temperature which is maintained within a range compatible with the proper storage of drugs; and

(e) securely locked with only the physician having access when the physician's office or clinic is closed.

(7) In accordance with Subsection 58-17b-309(5), if a cosmetic drug or a weight loss drug listed in Subsections (1) and (2) requires reconstitution or compounding to prepare the drug for administration, the physician shall follow the USP-NF 797 standards for sterile compounding.

(8) In accordance with Subsection 58-17b-309(5), factors that shall be considered by the Utah State Board of Pharmacy, the Utah Physicians Licensing Board, and the Utah Osteopathic Physician and Surgeon's Licensing Board when determining if a drug may be dispensed by a physician, include whether:

(a)(i) the drug has FDA approval;

(ii)(A) is prescribed and dispensed for the conditions or indication for which the drug was approved to treat; or

(B) the physician takes full responsibility for prescribing and dispensing a drug for off-label use;

(b) the drug has been approved for self administration by the FDA;

(c) the stability of the drug is adequate for the supply being dispensed; and

(d) the drug can be safely dispensed by a practitioner.

R156-17b-401. Disciplinary Proceedings.

(1) An individual licensed as a pharmacy intern who is currently under disciplinary action and qualifies for licensure as a pharmacist may be issued a pharmacist license under the same restrictions as the pharmacy intern license.

(2) A pharmacist, pharmacy intern or pharmacy technician whose license or registration is suspended under Subsection 58-17b-701(6) may petition the Division at any time that he can demonstrate the ability to resume competent practice.

R156-17b-402. Administrative Penalties.

In accordance with Subsection 58-17b-401(6) and Sections 58-17b-501 and 58-17b-502, unless otherwise ordered by the presiding officer, the following fine and citation schedule shall apply.

(1) Preventing or refusing to permit any authorized agent of the Division to conduct an inspection:

initial offense: \$500 - \$2,000

subsequent offense(s): \$5,000

(2) Failing to deliver the license or permit or certificate to the Division upon demand:

initial offense: \$100 - \$1,000

subsequent offense(s): \$500 - \$2,000

(3) Using the title pharmacist, druggist, pharmacy intern, pharmacy technician or any other term having a similar meaning or any term having similar meaning when not licensed to do so:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(4) Conducting or transacting business under a name which contains as part of that name the words drugstore,

pharmacy, drugs, medicine store, medicines, drug shop, apothecary, prescriptions or any other term having a similar meaning or in any manner advertising otherwise describing or referring to the place of the conducted business or profession when not licensed to do so:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(5) Buying, selling, causing to be sold, or offering for sale any drug or device which bears the inscription sample, not for resale, investigational purposes, or experimental use only or other similar words:

initial offense: \$1,000 - \$5,000
subsequent offense(s): \$10,000

(6) Using to the licensee's own advantage or revealing to anyone other than the Division, Board or its authorized representatives, any information acquired under the authority of this chapter concerning any method or process which is a trade secret:

initial offense: \$100 - \$500
subsequent offense(s): \$200 - \$1,000

(7) Illegally procuring or attempting to procure any drug for the licensee or to have someone else procure or attempt to procure a drug:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(8) Filling, refilling or advertising the filling or refilling of prescription drugs when not licensed to do so:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(9) Requiring any employed pharmacist, pharmacy intern, pharmacy technician or authorized supportive personnel to engage in any conduct in violation of this chapter:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,500 - \$10,000

(10) Being in possession of a drug for an unlawful purpose:

initial offense: \$500 - \$1,000
subsequent offense(s): \$1,500 - \$5,000

(11) Dispensing a prescription drug to anyone who does not have a prescription from a practitioner or to anyone who is known or should be known as attempting to obtain drugs by fraud or misrepresentation:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,500 - \$10,000

(12) Selling, dispensing or otherwise trafficking in prescription drugs when not licensed to do so or when not exempted from licensure:

initial offense: \$1,000 - \$5,000
subsequent offense(s): \$10,000

(13) Using a prescription drug or controlled substance for the licensee that was not lawfully prescribed for the licensee by a practitioner:

initial offense: \$100 - \$500
subsequent offense(s): \$1,000 - \$2,500

(14) Willfully deceiving or attempting to deceive the Division, the Board or its authorized agents as to any relevant matter regarding compliance under this chapter:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,500 - \$10,000

(15) Paying rebates to practitioners or any other health care provider, or entering into any agreement with a medical practitioner or any other person for the payment or acceptance of compensation for recommending the professional services of either party:

initial offense: \$2,500 - \$5,000
subsequent offense(s): \$5,500 - \$10,000

(16) Misbranding or adulteration of any drug or device or the sale, distribution or dispensing of any outdated, misbranded, or adulterated drugs or devices:

initial offense: \$1,000 - \$5,000
subsequent offense(s): \$10,000

(17) Accepting back and redistributing any unused drugs, with the exception as provided in Section 58-17b-503:

initial offense: \$1,000 - \$5,000
subsequent offense(s): \$10,000

(18) Violating Federal Title II, PL 91, Controlled Substances Act or Title 58, Chapter 37, Utah Controlled Substances Act, or rules and regulations adopted under either act:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,500 - \$10,000

(19) Failure to follow USP-NF Chapter 797 guidelines:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,500 - \$10,000

(20) Failure to follow USP-NF Chapter 795 guidelines:

initial offense: \$250 - \$500
subsequent offense(s): \$500 - \$750

(21) Administering without appropriate guidelines or lawful order:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(22) Disclosing confidential patient information in violation of the provision of the Health Insurance Portability and Accountability Act of 1996 or other applicable law:

initial offense: \$100 - \$500
subsequent offense(s): \$500 - \$1,000

(23) Engaging in the practice of pharmacy without a licensed pharmacist designated as the PIC:

initial offense: \$100 - \$500
subsequent offense(s): \$2,000 - \$10,000

(24) Failing to report to the Division any adverse action taken by another licensing jurisdiction, government agency, law enforcement agency or court:

initial offense: \$100 - \$500
subsequent offense(s): \$500 - \$1,000

(25) Compounding a prescription drug for sale to another pharmaceutical facility:

initial offense: \$100 - \$500
subsequent offense(s): \$500 - \$1,000

(26) Preparing a prescription drug in a dosage form which is regularly and commonly available from a manufacturer in quantities and strengths prescribed by a practitioner:

initial offense: \$500 - \$1,000
subsequent offense(s): \$2,500 - \$5,000

(27) Violating any ethical code provision of the American Pharmaceutical Association Code of Ethics for Pharmacists, October 27, 1994:

initial offense: \$250 - \$500
subsequent offense(s): \$2,000 - \$10,000

(28) Failing to comply with the continuing education requirements set forth in this rule:

initial offense: \$100 - \$500
subsequent offense(s): \$500 - \$1,000

(29) Failing to provide the Division with a current mailing address within 10 days following any change of address:

initial offense: \$50 - \$100
subsequent offense(s): \$200 - \$300

(30) Defaulting on a student loan:

initial offense: \$100 - \$200
subsequent offense(s): \$200 - \$500

(31) Failing to abide by all applicable federal and state law regarding the practice of pharmacy:

initial offense: \$500 - \$1,000
subsequent offense(s): \$2,000 - \$10,000

(32) Failing to comply with administrative inspections:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(33) Abandoning a pharmacy and/or leaving drugs

accessible to the public:

initial offense: \$500 - \$2,000
subsequent offense(s): \$2,000 - \$10,000

(34) Failure to return or providing false information on a self-inspection report:

initial offense: \$100 - \$250
subsequent offense(s): \$300 - \$500

(35) Failure to pay an administrative fine:
Double the original penalty amount up to \$10,000

(36) Any other conduct which constitutes unprofessional or unlawful conduct:

initial offense: \$100 - \$500
subsequent offense(s): \$200 - \$1,000

(37) Failure to maintain an appropriate ratio of personnel:
Pharmacist initial offense: \$100 - \$250

Pharmacist subsequent offense(s): \$500 - \$2,500

Pharmacy initial offense: \$250 - \$1,000

Pharmacy subsequent offense(s): \$500 - \$5,000

(38) Unauthorized people in the pharmacy:

Pharmacist initial offense: \$50 - \$100

Pharmacist subsequent offense(s): \$250 - \$500

Pharmacy initial offense: \$250 - \$500

Pharmacy subsequent offense(s): \$1,000 - \$2,000

(39) Failure to offer to counsel:

Pharmacy personnel initial offense: \$500 - \$2,500

Pharmacy personnel subsequent offense(s): \$5,000 - \$10,000

Pharmacy: \$2,000 per occurrence

(40) Violations of the laws and rules regulating operating standards in a pharmacy discovered upon inspection by the Division:

initial violation: \$50 - \$100

failure to comply within determined time: \$250 - \$500

subsequent violations: \$250 - \$500

failure to comply within established time: \$750 - \$1,000

(41) Practicing or attempting to practice as a pharmacist, pharmacist intern, or pharmacy technician or operating a pharmacy without a license:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(42) Impersonating a licensee or practicing under a false name:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(43) Knowingly employing an unlicensed person:

initial offense: \$500 - \$1,000

subsequent offense(s): \$1,000 - \$5,000

(44) Knowingly permitting the use of a license by another person:

initial offense: \$500 - \$1,000

subsequent offense(s): \$1,000 - \$5,000

(45) Obtaining a passing score, applying for or obtaining a license or otherwise dealing with the Division or Board through the use of fraud, forgery, intentional deception, misrepresentation, misstatement, or omission:

initial offense: \$100 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(46) Violating or aiding or abetting any other person to violate any statute, rule or order regulating pharmacy:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(47) Violating or aiding or abetting any other person to violate any generally accepted professional or ethical standard:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(48) Engaging in conduct that results in conviction of, or a plea of nolo contendere, or a plea of guilty or nolo contendere held in abeyance to a crime:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(49) Engaging in conduct that results in disciplinary action by any other jurisdiction or regulatory authority:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(50) Engaging in conduct, including the use of intoxicants or drugs, to the extent that the conduct does or may impair the ability to safely engage in practice as a pharmacist, pharmacy intern or pharmacy technician:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(51) Practicing or attempting to practice as a pharmacist, pharmacy intern or pharmacy technician when physically or mentally unfit to do so:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(52) Practicing or attempting to practice as a pharmacist, pharmacy intern, or pharmacy technician through gross incompetence, gross negligence or a pattern of incompetency or negligence:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(53) Practicing or attempting to practice as a pharmacist, pharmacy intern or pharmacy technician by any form of action or communication which is false, misleading, deceptive or fraudulent:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(54) Practicing or attempting to practice as a pharmacist, pharmacy intern or pharmacy technician beyond the individual's scope of competency, abilities or education:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(55) Practicing or attempting to practice as a pharmacist, pharmacy intern or pharmacy technician beyond the scope of licensure:

initial offense: \$100 - \$500

subsequent offense(s): \$200 - \$1,000

(56) Verbally, physically or mentally abusing or exploiting any person through conduct connected with the licensee's practice:

initial offense: \$100 - \$1,000

subsequent offense(s): \$500 - \$2,000

(57) Failure to comply with the PIC standards:

initial offense: \$500 - \$2,000

subsequent offense(s): \$2,000 - \$10,000

(58) Failure to resolve identified drug therapy management problems:

initial offense: \$500 - \$2,500

subsequent offense: \$5,000 - \$10,000

(59) Dispensing a medication that has been discontinued by the FDA:

initial offense: \$500 - \$1,000

subsequent offense: \$2,500 - \$5,000

(60) Failing to keep or report accurate records of training hours:

initial offense: \$100 - \$500

subsequent offense: \$200 - \$1,000

(61) Failing to provide PIC information to the Division:

initial offense: \$100 - \$500

subsequent offense: \$200 - \$1,000

(62) Requiring a pharmacist to operate a pharmacy with unsafe personnel ratio:

initial offense: \$500 - \$2,000

subsequent offense: \$2,000 - \$10,000

R156-17b-502. Unprofessional Conduct.

"Unprofessional conduct" includes:

(1) violating any provision of the American

Pharmaceutical Association (APhA) Code of Ethics for Pharmacists, October 27, 1994, which is hereby incorporated by reference;

(2) failing to comply with the USP-NF Chapters 795 and 797;

(3) failing to comply with the continuing education requirements set forth in these rules;

(4) failing to provide the Division with a current mailing address within a 10 business day period of time following any change of address;

(5) defaulting on a student loan;

(6) failing to abide by all applicable federal and state law regarding the practice of pharmacy;

(7) failing to comply with administrative inspections;

(8) abandoning a pharmacy or leaving prescription drugs accessible to the public;

(9) failing to identify licensure classification when communicating by any means;

(10) the practice of pharmacy with an inappropriate pharmacist to pharmacy intern ratio established by Subsection R156-17b-306(4)(d) or pharmacist to pharmacy technician ratio as established by Subsection R156-17b-601(3);

(11) allowing any unauthorized persons in the pharmacy;

(12) failing to offer to counsel any person receiving a prescription medication;

(13) failing to pay an administrative fine that has been assessed in the time designated by the Division;

(14) failing to comply with the PIC standards as established in Section R156-17b-603;

(15) failing to take appropriate steps to avoid or resolve identified drug therapy management problems as referenced in Subsection R156-17b-611(3);

(16) dispensing medication that has been discontinued by the FDA;

(17) failing to keep or report accurate records of training hours;

(18) failing to provide PIC information to the Division within 30 days of a change in PIC; and

(19) requiring a pharmacy, PIC, or any other pharmacist to operate the pharmacy or allow operation of the pharmacy with a ratio of supervising pharmacist to pharmacy technician/pharmacy intern/support personnel which, under the circumstances of the particular practice setting, results in, or reasonably would be expected to result in, an unreasonable risk of harm to public health, safety, and welfare.

R156-17b-601. Operating Standards - Pharmacy Technician.

In accordance with Subsection 58-17b-102(55), practice as a licensed pharmacy technician is defined as follows:

(1) The pharmacy technician may perform any task associated with the physical preparation and processing of prescription and medication orders including:

(a) receiving written prescriptions;

(b) taking refill orders;

(c) entering and retrieving information into and from a database or patient profile;

(d) preparing labels;

(e) retrieving medications from inventory;

(f) counting and pouring into containers;

(g) placing medications into patient storage containers;

(h) affixing labels;

(i) compounding;

(j) counseling for over-the-counter drugs and dietary supplements under the direction of the supervising pharmacist as referenced in Subsection R156-17b-304(3)(ix);

(k) accepting new prescription drug orders telephonically or electronically submitted for a pharmacist to review; and

(l) additional tasks not requiring the judgment of a

pharmacist.

(2) The pharmacy technician shall not receive new verbal prescriptions or medication orders, clarify prescriptions or medication orders nor perform drug utilization reviews.

(3) Pharmacy technicians, including no more than one pharmacy technician-in-training, shall be supervised on-site by a pharmacist in accordance with Subsection R156-17b-603(19).

R156-17b-602. Operating Standards - Pharmacy Intern.

A pharmacy intern may provide services including the practice of pharmacy under the supervision of an approved preceptor, as defined in Subsection 58-17b-102(50), provided the pharmacy intern met the criteria as established in Subsection R156-17b-306.

R156-17b-603. Operating Standards - Pharmacist-in-charge.

The PIC shall have the responsibility to oversee the implementation and adherence to pharmacy policies that address the following:

(1) assuring that pharmacists and pharmacy interns dispense drugs or devices, including:

(a) packaging, preparation, compounding and labeling; and

(b) ensuring that drugs are dispensed safely and accurately as prescribed;

(2) assuring that pharmacy personnel deliver drugs to the patient or the patient's agent, including ensuring that drugs are delivered safely and accurately as prescribed;

(3) assuring that a pharmacist, pharmacy intern or pharmacy technician communicates to the patient or the patient's agent information about the prescription drug or device or non-prescription products;

(4) assuring that a pharmacist or pharmacy intern communicates to the patient or the patient's agent, at their request, information concerning any prescription drugs dispensed to the patient by the pharmacist or pharmacy intern;

(5) assuring that a reasonable effort is made to obtain, record and maintain patient medication records;

(6) education and training of pharmacy technicians;

(7) establishment of policies for procurement of prescription drugs and devices and other products dispensed from the pharmacy;

(8) disposal and distribution of drugs from the pharmacy;

(9) bulk compounding of drugs;

(10) storage of all materials, including drugs, chemicals and biologicals;

(11) maintenance of records of all transactions of the pharmacy necessary to maintain accurate control over and accountability for all pharmaceutical materials required by applicable state and federal laws and regulations;

(12) establishment and maintenance of effective controls against theft or diversion of prescription drugs and records for such drugs;

(13) if records are kept on a data processing system, the maintenance of records stored in that system shall be in compliance with pharmacy requirements;

(14) legal operation of the pharmacy including meeting all inspection and other requirements of all state and federal laws, rules and regulations governing the practice of pharmacy;

(15) assuring that any automated pharmacy system is in good working order and accurately dispenses the correct strength, dosage form and quantity of the drug prescribed while maintaining appropriate record keeping and security safeguards;

(16) implementation of an ongoing quality assurance program that monitors performance of the automated pharmacy system, which is evidenced by written policies and procedures developed for pharmaceutical care;

(17) assuring that all relevant information is submitted to

the Controlled Substance Database in the appropriate format and in a timely manner;

(18) assuring that all personnel working in the pharmacy have the appropriate licensure; and

(19) assuring that no pharmacy or pharmacist operates the pharmacy or allows operation of the pharmacy with a ratio of pharmacist to pharmacy technician/pharmacy intern/support personnel which, under the circumstances of the particular practice setting, results in, or reasonably would be expected to result in, an unreasonable risk of harm to public health, safety, and welfare; and

(20) assuring that the PIC assigned to the pharmacy is recorded with the Division.

R156-17b-604. Operating Standards - Closing a Pharmacy.

At least 14 days prior to the closing of a pharmacy, the PIC shall comply with the following:

(1) If the pharmacy is registered to possess controlled substances, send a written notification to the appropriate regional office of the Drug Enforcement Administration (DEA) containing the following information:

(a) the name, address and DEA registration number of the pharmacy;

(b) the anticipated date of closing;

(c) the name, address and DEA registration number of the pharmacy acquiring the controlled substances; and

(d) the date on which the transfer of controlled substances will occur.

(2) If the pharmacy dispenses prescription drug orders, post a closing notice sign in a conspicuous place in the front of the prescription department and at all public entrance doors to the pharmacy. Such closing notice shall contain the following information:

(a) the date of closing; and

(b) the name, address and telephone number of the pharmacy acquiring the prescription drug orders, including refill information and patient medication records of the pharmacy.

(3) On the date of closing, the PIC shall remove all prescription drugs from the pharmacy by one or a combination of the following methods:

(a) return prescription drugs to manufacturer or supplier for credit or disposal; or

(b) transfer, sell or give away prescription drugs to a person who is legally entitled to possess drugs, such as a hospital or another pharmacy.

(4) If the pharmacy dispenses prescription drug orders:

(a) transfer the prescription drug order files, including refill information and patient medication records, to a licensed pharmacy within a reasonable distance of the closing pharmacy; and

(b) move all signs or notify the landlord or owner of the property that it is unlawful to use the word "pharmacy", or any other word or combination of words of the same or similar meaning, or any graphic representation that would mislead or tend to mislead the public that a pharmacy is located at this address.

(5) Within 10 days of the closing of the pharmacy, the PIC shall forward to the Division a written notice of the closing that includes the following information:

(a) the actual date of closing;

(b) the license issued to the pharmacy;

(c) a statement attesting:

(i) that an inventory as specified in Subsection R156-17b-605(6) has been conducted; and

(ii) the manner in which the legend drugs and controlled substances possessed by the pharmacy were transferred or disposed;

(d) if the pharmacy dispenses prescription drug orders, the name and address of the pharmacy to which the prescription

drug orders, including refill information and patient medication records, were transferred.

(6) If the pharmacy is registered to possess controlled substances, a letter must be sent to the appropriate DEA regional office explaining that the pharmacy has closed. The letter shall include the following items:

(a) DEA registration certificate;

(b) all unused DEA order forms (Form 222) with the word "VOID" written on the face of each order form; and

(c) copy #2 of any DEA order forms (Form 222) used to transfer Schedule II controlled substances from the closed pharmacy.

(7) If the pharmacy is closed suddenly due to fire, destruction, natural disaster, death, property seizure, eviction, bankruptcy or other emergency circumstances and the PIC cannot provide notification 14 days prior to the closing, the PIC shall comply with the provisions of Subsection (1) as far in advance of the closing as allowed by the circumstances.

(8) If the PIC is not available to comply with the requirements of this section, the owner or legal representative shall be responsible for compliance with the provisions of this section.

R156-17b-605. Operating Standards - Inventory Requirements.

(1) General requirements for inventory of a pharmacy shall include the following:

(a) the PIC shall be responsible for taking all required inventories, but may delegate the performance of the inventory to another person or persons;

(b) the inventory records must be maintained for a period of five years and be readily available for inspection;

(c) the inventory records shall be filed separately from all other records;

(d) the inventory records shall be in a typewritten or printed form and include all stocks of controlled substances on hand on the date of the inventory including any that are out of date drugs and drugs in automated pharmacy systems. An inventory taken by use of a verbal recording device must be promptly transcribed;

(e) the inventory may be taken either as of the opening of the business or the close of business on the inventory date;

(f) the person taking the inventory and the PIC shall indicate the time the inventory was taken and shall sign and date the inventory with the date the inventory was taken. The signature of the PIC and the date of the inventory shall be documented within 72 hours or three working days of the completed initial, annual, change of ownership and closing inventory;

(g) the person taking the inventory shall make an exact count or measure all controlled substances listed in Schedule I or II;

(h) the person taking the inventory shall make an estimated count or measure all Schedule III, IV or V controlled substances, unless the container holds more than 1,000 tablets or capsules in which case an exact count of the contents must be made;

(i) the inventory of Schedule I and II controlled substances shall be listed separately from the inventory of Schedule III, IV and V controlled substances; and

(j) if the pharmacy maintains a perpetual inventory of any of the drugs required to be inventoried, the perpetual inventory shall be reconciled on the date of the inventory.

(2) Requirement for taking the initial inventory shall include the following:

(a) all pharmacies having any stock of controlled substances shall take an inventory on the opening day of business. Such inventory shall include all controlled substances including any out-of-date drugs and drugs in automated

pharmacy systems;

(b) in the event a pharmacy commences business with none of the drugs specified in paragraph (2)(a) of this section on hand, the pharmacy shall record this fact as the initial inventory; and

(c) the initial inventory shall serve as the pharmacy's inventory until the next completed inventory as specified in Subsection (3) of this section.

(3) Requirement for annual inventory shall be within 12 months following the inventory date of each year and may be taken within four days of the specified inventory date and shall include all stocks including out-of-date drugs and drugs in automated pharmacy systems.

(4) Requirements for change of ownership shall include the following:

(a) a pharmacy that changes ownership shall take an inventory of all legend drugs and controlled substances including out-of-date drugs and drugs in automated pharmacy systems on the date of the change of ownership;

(b) such inventory shall constitute, for the purpose of this section, the closing inventory for the seller and the initial inventory for the buyer; and

(c) transfer of Schedule I and II controlled substances shall require the use of official DEA order forms (Form 222).

(5) Requirement for taking inventory when closing a pharmacy includes the PIC, owner, or the legal representative of a pharmacy that ceases to operate as a pharmacy shall forward to the Division, within ten days of cessation of operation, a statement attesting that an inventory has been conducted, the date of closing and a statement attesting the manner by which legend drugs and controlled substances possessed by the pharmacy were transferred or disposed.

(6) Requirements specific to taking inventory in a Class B pharmacy shall include the following:

(a) all Class B pharmacies shall maintain a perpetual inventory of all Schedule II controlled substances which shall be reconciled according to facility policy; and

(b) the inventory of the institution shall be maintained in the pharmacy; if an inventory is conducted in other departments within the institution, the inventory shall be listed separately as follows:

(i) the inventory of drugs on hand in the pharmacy shall be listed separately from the inventory of drugs on hand in the other areas of the institution; and

(ii) the inventory of the drugs on hand in all other departments shall be identified by department.

(7) All out of date legend drugs and controlled substances shall be removed from the inventory at regular intervals and in correlation to the date of expiration imprinted on the label.

R156-17b-606. Operating Standards - Approved Preceptor.

In accordance with Subsection 58-17b-601(1), the operating standards for a pharmacist acting as a preceptor include:

(1) meeting the following criteria:

(a) hold a Utah pharmacist license that is active and in good standing;

(b) document engaging in active practice as a licensed pharmacist for not less than two years in any jurisdiction;

(c) not be under any sanction which, when considered by the Division and Board, would be of such a nature that the best interests of the intern and the public would not be served;

(d) provide direct, on-site supervision to no more than two pharmacy interns during a working shift; and

(e) refer to the intern training guidelines as outlined in the Pharmacy Coordinating Council of Utah Internship Competencies, October 12, 2004, as information about a range of best practices for training interns;

(2) maintaining adequate records to document the number

of internship hours completed by the intern and evaluating the quality of the intern's performance during the internship;

(3) completing the preceptor section of a Utah Pharmacy Intern Experience Affidavit found in the application packet at the conclusion of the preceptor/intern relationship regardless of the time or circumstances under which that relationship is concluded; and

(4) being responsible for the intern's actions related to the practice of pharmacy while practicing as a pharmacy intern under supervision.

R156-17b-607. Operating Standards - Supportive Personnel.

(1) In accordance with Subsection 58-17b-102(66)(a), supportive personnel may assist in any tasks not related to drug preparation or processing including:

(a) stock ordering and restocking;

(b) cashiering;

(c) billing;

(d) filing;

(e) receiving a written prescription and delivering it to the pharmacist, pharmacy intern or pharmacy technician;

(f) housekeeping; and

(g) delivering a pre-filled prescription to a patient.

(2) Supportive personnel shall not enter information into a patient profile or accept verbal refill information.

(3) In accordance with Subsection 58-17b-102(66)(b), the supervision of supportive personnel is defined as follows:

(a) all supportive personnel shall be under the supervision of a licensed pharmacist; and

(b) the licensed pharmacist shall be present in the area where the person being supervised is performing services and shall be immediately available to assist the person being supervised in the services being performed except for the delivery of prefilled prescriptions as provided in Subsection (1)(g) above.

(4) In accordance with Subsection 58-17b-601(1), a pharmacist, pharmacy intern or pharmacy technician whose license has been revoked or is suspended shall not be allowed to provide any support services in a pharmacy.

R156-17b-608. Reserved.

Reserved.

R156-17b-609. Operating Standards - Medication Profile System.

In accordance with Subsections 58-17b-601(1) and 58-17b-604(1), the following operating standards shall apply with respect to medication profile systems:

(1) Patient profiles, once established, shall be maintained by a pharmacist in a pharmacy dispensing to patients on a recurring basis for a minimum of one year from the date of the most recent prescription filled or refilled; except that a hospital pharmacy may delete the patient profile for an inpatient upon discharge if a record of prescriptions is maintained as a part of the hospital record.

(2) Information to be included in the profile shall be determined by a responsible pharmacist at the pharmaceutical facility but shall include as a minimum:

(a) full name of the patient, address, telephone number, date of birth or age and gender;

(b) patient history where significant, including known allergies and drug reactions, and a list of prescription drugs obtained by the patient at the pharmacy including:

(i) name of prescription drug;

(ii) strength of prescription drug;

(iii) quantity dispensed;

(iv) date of filling or refilling;

(v) charge for the prescription drug as dispensed to the

patient; and

(c) any additional comments relevant to the patient's drug use.

(3) Patient medication profile information shall be recorded by a pharmacist, pharmacy intern or pharmacy technician.

R156-17b-610. Operating Standards - Patient Counseling.

In accordance with Subsection 58-17b-601(1), guidelines for providing patient counseling established in Section 58-17b-613 include the following:

(1) Based upon the pharmacist's or pharmacy intern's professional judgment, patient counseling may be discussed to include the following elements:

- (a) the name and description of the prescription drug;
- (b) the dosage form, dose, route of administration and duration of drug therapy;
- (c) intended use of the drug, when known, and expected action;
- (d) special directions and precautions for preparation, administration and use by the patient;
- (e) common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur;
- (f) techniques for self-monitoring drug therapy;
- (g) proper storage;
- (h) prescription refill information;
- (i) action to be taken in the event of a missed dose;
- (j) pharmacist comments relevant to the individual's drug therapy, including any other information specific to the patient or drug; and
- (k) the date after which the prescription should not be taken or used, or the beyond use date.

(2) Patient counseling shall not be required for inpatients of a hospital or institution where other licensed health care professionals are authorized to administer the drugs.

(3) A pharmacist shall not be required to counsel a patient or patient's agent when the patient or patient's agent refuses such consultation.

(4) The offer to counsel shall be documented and said documentation shall be available to the Division. These records must be maintained for a period of five years and be available for inspection within 7-10 business days.

(5) Counseling shall be:

(a) provided with each new prescription drug order, once yearly on maintenance medications, and if the pharmacist deems appropriate with prescription drug refills;

(b) provided for any prescription drug order dispensed by the pharmacy on the request of the patient or patient's agent; and

(c) communicated verbally in person unless the patient or the patient's agent is not at the pharmacy or a specific communication barrier prohibits such verbal communication.

(6) Only a pharmacist or pharmacy intern may verbally provide drug information to a patient or patient's agent and answer questions concerning prescription drugs.

(7) In addition to the requirements of Subsections (1) through (6) of this section, if a prescription drug order is delivered to the patient at the pharmacy, a filled prescription may not be delivered to a patient unless a pharmacist is in the pharmacy. However, an agent of the pharmacist may deliver a prescription drug order to the patient or the patient's agent if the pharmacist is absent for ten minutes or less and provided a record of the delivery is maintained and contains the following information:

- (a) date of the delivery;
- (b) unique identification number of the prescription drug order;
- (c) patient's name;
- (d) patient's phone number or the phone number of the

person picking up the prescription; and

(e) signature of the person picking up the prescription.

(8) If a prescription drug order is delivered to the patient or the patient's agent at the patient's or other designated location, the following is applicable:

(a) the information specified in Subsection (1) of this section shall be delivered with the dispensed prescription in writing;

(b) if prescriptions are routinely delivered outside the area covered by the pharmacy's local telephone service, the pharmacist shall place on the prescription container or on a separate sheet delivered with the prescription container, the telephone number of the pharmacy and the statement "Written information about this prescription has been provided for you. Please read this information before you take this medication. If you have questions concerning this prescription, a pharmacist is available during normal business hours to answer these questions."; and

(c) written information provided in Subsection (8)(b) of this section shall be in the form of patient information leaflets similar to USP-NF patient information monographs or equivalent information.

R156-17b-611. Operating Standards - Drug Therapy Management.

(1) In accordance with Subsections 58-17b-102(17) and 58-17b-601(1), decisions involving drug therapy management shall be made in the best interest of the patient. Drug therapy management may include:

(a) implementing, modifying and managing drug therapy according to the terms of the Collaborative Pharmacy Practice Agreement;

(b) collecting and reviewing patient histories;

(c) obtaining and checking vital signs, including pulse, temperature, blood pressure and respiration;

(d) ordering and evaluating the results of laboratory tests directly applicable to the drug therapy, when performed in accordance with approved protocols applicable to the practice setting; and

(e) such other patient care services as may be allowed by rule.

(2) For the purpose of promoting therapeutic appropriateness, a pharmacist shall at the time of dispensing a prescription, or a prescription drug order, review the patient's medication record. Such review shall at a minimum identify clinically significant conditions, situations or items, such as:

(a) inappropriate drug utilization;

(b) therapeutic duplication;

(c) drug-disease contraindications;

(d) drug-drug interactions;

(e) incorrect drug dosage or duration of drug treatment;

(f) drug-allergy interactions; and

(g) clinical abuse or misuse.

(3) Upon identifying any clinically significant conditions, situations or items listed in Subsection (2) above, the pharmacist shall take appropriate steps to avoid or resolve the problem including consultation with the prescribing practitioner.

R156-17b-612. Operating Standards - Prescriptions.

In accordance with Subsection 58-17b-601(1), the following shall apply to prescriptions:

(1) Prescription orders for controlled substances (including prescription transfers) shall be handled according to the rules of the Federal Drug Enforcement Administration.

(2) A prescription issued by an authorized licensed practitioner, if verbally communicated by an agent of that practitioner upon that practitioner's specific instruction and authorization, may be accepted by a pharmacist or pharmacy intern.

(3) A prescription issued by a licensed prescribing practitioner, if electronically communicated by an agent of that practitioner, upon that practitioner's specific instruction and authorization, may be accepted by a pharmacist, pharmacy intern and pharmacy technician.

(4) In accordance with Section 58-17b-609, prescription files, including refill information, shall be maintained for a minimum of five years and shall be immediately retrievable in written or electronic format.

(5) Prescriptions for legend drugs having a remaining authorization for refill may be transferred by the pharmacist or pharmacy intern at the pharmacy holding the prescription to a pharmacist or pharmacy intern at another pharmacy upon the authorization of the patient to whom the prescription was issued or electronically as authorized under Subsection R156-17b-613(9). The transferring pharmacist or pharmacy intern and receiving pharmacist or pharmacy intern shall act diligently to ensure that the total number of authorized refills is not exceeded. The following additional terms apply to such a transfer:

(a) the transfer shall be communicated directly between pharmacists or pharmacy interns or as authorized under Subsection R156-17b-613(9);

(b) both the original and the transferred prescription drug orders shall be maintained for a period of five years from the date of the last refill;

(c) the pharmacist or pharmacy intern transferring the prescription drug order shall void the prescription electronically or write void/transfer on the face of the invalidated prescription manually;

(d) the pharmacist or pharmacy intern receiving the transferred prescription drug order shall:

(i) indicate on the prescription record that the prescription was transferred electronically or manually; and

(ii) record on the transferred prescription drug order the following information:

(A) original date of issuance and date of dispensing or receipt, if different from date of issuance;

(B) original prescription number and the number of refills authorized on the original prescription drug order;

(C) number of valid refills remaining and the date of last refill, if applicable;

(D) the name and address of the pharmacy and the name of the pharmacist or pharmacy intern to which such prescription is transferred; and

(E) the name of the pharmacist or pharmacy intern transferring the prescription drug order information;

(e) the data processing system shall have a mechanism to prohibit the transfer or refilling of legend drugs or controlled substance prescription drug orders which have been previously transferred; and

(f) a pharmacist or pharmacy intern may not refuse to transfer original prescription information to another pharmacist or pharmacy intern who is acting on behalf of a patient and who is making a request for this information as specified in Subsection (12) of this section.

(6) Prescriptions for terminal patients in licensed hospices, home health agencies or nursing homes may be partially filled if the patient has a medical diagnosis documenting a terminal illness and may not need the full prescription amount.

(7) Refills may be dispensed only in accordance with the prescriber's authorization as indicated on the original prescription drug order;

(8) If there are no refill instructions on the original prescription drug order, or if all refills authorized on the original prescription drug order have been dispensed, authorization from the prescribing practitioner must be obtained prior to dispensing any refills.

(9) Refills of prescription drug orders for legend drugs

may not be refilled after one year from the date of issuance of the original prescription drug order without obtaining authorization from the prescribing practitioner prior to dispensing any additional quantities of the drug.

(10) Refills of prescription drug orders for controlled substances shall be done in accordance with Subsection 58-37-6(7)(f).

(11) A pharmacist may exercise his professional judgment in refilling a prescription drug order for a drug, other than a controlled substance listed in Schedule II, without the authorization of the prescribing practitioner, provided:

(a) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;

(b) either:

(i) a natural or manmade disaster has occurred which prohibits the pharmacist from being able to contact the practitioner; or

(ii) the pharmacist is unable to contact the practitioner after a reasonable effort, the effort should be documented and said documentation should be available to the Division;

(c) the quantity of prescription drug dispensed does not exceed a 72-hour supply, unless the packaging is in a greater quantity;

(d) the pharmacist informs the patient or the patient's agent at the time of dispensing that the refill is being provided without such authorization and that authorization of the practitioner is required for future refills;

(e) the pharmacist informs the practitioner of the emergency refill at the earliest reasonable time;

(f) the pharmacist maintains a record of the emergency refill containing the information required to be maintained on a prescription as specified in this subsection; and

(g) the pharmacist affixes a label to the dispensing container as specified in Section 58-17b-602.

(12) If the prescription was originally filled at another pharmacy, the pharmacist may exercise his professional judgment in refilling the prescription provided:

(a) the patient has the prescription container label, receipt or other documentation from the other pharmacy which contains the essential information;

(b) after a reasonable effort, the pharmacist is unable to contact the other pharmacy to transfer the remaining prescription refills or there are no refills remaining on the prescription;

(c) the pharmacist, in his professional judgment, determines that such a request for an emergency refill is appropriate and meets the requirements of (a) and (b) of this subsection; and

(d) the pharmacist complies with the requirements of Subsections (11)(c) through (g) of this section.

R156-17b-613. Operating Standards - Issuing Prescription Orders by Electronic Means.

In accordance with Subsections 58-17b-102(3) and 58-17b-601(1), prescription orders may be issued by electronic means of communication according to the following standards:

(1) Prescription orders for Schedule II - V controlled substances received by electronic means of communication shall be handled according to Part 1304.04 of Section 21 of the CFR.

(2) Prescription orders for non-controlled substances received by electronic means of communication may be dispensed by a pharmacist or pharmacy intern only if all of the following conditions are satisfied:

(a) all electronically transmitted prescription orders shall include the following:

(i) all information that is required to be contained in a prescription order pursuant to Section 58-17b-602;

(ii) the time and date of the transmission, and if a facsimile transmission, the electronically encoded date, time and fax

number of the sender; and

(iii) the name of the pharmacy intended to receive the transmission;

(b) the prescription order shall be transmitted under the direct supervision of the prescribing practitioner or his designated agent;

(c) the pharmacist shall exercise professional judgment regarding the accuracy and authenticity of the transmitted prescription. Practitioners or their agents transmitting medication orders using electronic equipment are to provide voice verification when requested by the pharmacist receiving the medication order. The pharmacist is responsible for assuring that each electronically transferred prescription order is valid and shall authenticate a prescription order issued by a prescribing practitioner which has been transmitted to the dispensing pharmacy before filling it, whenever there is a question;

(d) a practitioner may authorize an agent to electronically transmit a prescription provided that the identifying information of the transmitting agent is included on the transmission. The practitioner's electronic signature, or other secure method of validation, shall be provided with the electronic prescription; and

(e) an electronically transmitted prescription order that meets the requirements above shall be deemed to be the original prescription.

(3) This section does not apply to the use of electronic equipment to transmit prescription orders within inpatient medical facilities.

(4) No agreement between a prescribing practitioner and a pharmacy shall require that prescription orders be transmitted by electronic means from the prescribing practitioner to that pharmacy only.

(5) The pharmacist shall retain a printed copy of an electronic prescription, or a record of an electronic prescription that is readily retrievable and printable, for a minimum of five years. The printed copy shall be of non-fading legibility.

(6) Wholesalers, distributors, manufacturers, pharmacists and pharmacies shall not supply electronic equipment to any prescriber for transmitting prescription orders.

(7) An electronically transmitted prescription order shall be transmitted to the pharmacy of the patient's choice.

(8) Prescription orders electronically transmitted to the pharmacy by the patient shall not be filled or dispensed.

(9) A prescription order for a legend drug or controlled substance in Schedule III through V may be transferred up to the maximum refills permitted by law or by the prescriber by electronic transmission providing the pharmacies share a real-time, on-line database provided that:

(a) the information required to be on the transferred prescription has the same information as described in Subsection R156-17b-612(5)(a) through (f); and

(b) pharmacists, pharmacy interns or pharmacy technicians electronically accessing the same prescription drug order records may electronically transfer prescription information if the data processing system has a mechanism to send a message to the transferring pharmacy containing the following information:

(i) the fact that the prescription drug order was transferred;

(ii) the unique identification number of the prescription drug order transferred;

(iii) the name of the pharmacy to which it was transferred; and

(iv) the date and time of the transfer.

R156-17b-614a. Operating Standards - Operating Standards, Class A and B Pharmacy.

(1) In accordance with Subsection 58-17b-601(1), standards for the operations for a Class A and Class B pharmacy

include:

(a) shall be well lighted, well ventilated, clean and sanitary;

(b) the dispensing area, if any, shall have a sink with hot and cold culinary water separate and apart from any restroom facilities. This does not apply to clean rooms where sterile products are prepared. Clean rooms should not have sinks or floor drains that expose the area to an open sewer. All required equipment shall be clean and in good operating condition;

(c) be equipped to permit the orderly storage of prescription drugs and devices in a manner to permit clear identification, separation and easy retrieval of products and an environment necessary to maintain the integrity of the product inventory;

(d) be equipped to permit practice within the standards and ethics of the profession as dictated by the usual and ordinary scope of practice to be conducted within that facility;

(e) be stocked with the quality and quantity of product necessary for the facility to meet its scope of practice in a manner consistent with the public health, safety and welfare; and

(f) be equipped with a security system to permit detection of entry at all times when the facility is closed.

(2) The temperature of the pharmacy shall be maintained within a range compatible with the proper storage of drugs. The temperature of the refrigerator and freezer shall be maintained within a range compatible with the proper storage of drugs requiring refrigeration or freezing.

(3) Facilities engaged in extensive compounding activities shall be required to maintain proper records and procedure manuals and establish quality control measures to ensure stability, equivalency where applicable and sterility. The following requirements shall be met:

(a) must follow USP-NF Chapter 795, compounding of non-sterile preparations, and USP-NF Chapter 797 if compounding sterile preparations;

(b) may compound in anticipation of receiving prescriptions in limited amounts;

(c) bulk active ingredients must be component of FDA approved drugs listed in the approved drug products prepared by the Center for Drug Evaluation and Research of the FDA;

(d) compounding using drugs that are not part of a FDA approved drug listed in the approved drug products prepared by the Center for Drug Evaluation and Research of the FDA requires an investigational new drug application (IND). The IND approval shall be kept in the pharmacy for five years for inspection;

(e) a master worksheet shall be developed and approved by a pharmacist for each batch of sterile or non-sterile pharmaceuticals to be prepared. Once approved, a duplicate of the master worksheet shall be used as the preparation worksheet sheet from which each batch is prepared and on which all documentation for that batch occurs. The master worksheet sheet shall contain at a minimum:

(i) the formula;

(ii) the components;

(iii) the compounding directions;

(iv) a sample label;

(v) evaluation and testing requirements;

(vi) sterilization methods, if applicable;

(vii) specific equipment used during preparation such as specific compounding device; and

(viii) storage requirements;

(f) a preparation worksheet sheet for each batch of sterile or non-sterile pharmaceuticals shall document the following:

(i) identity of all solutions and ingredients and their corresponding amounts, concentrations, or volumes;

(ii) manufacturer lot number for each component;

(iii) component manufacturer or suitable identifying

number;

- (iv) container specifications (e.g. syringe, pump cassette);
- (v) unique lot or control number assigned to batch;
- (vi) expiration date of batch prepared products;
- (vii) date of preparation;
- (viii) name, initials or electronic signature of the person or persons involved in the preparation;
- (ix) names, initials or electronic signature of the responsible pharmacist;
- (x) end-product evaluation and testing specifications, if applicable; and
- (xi) comparison of actual yield to anticipated yield, when appropriate;
- (g) the label of each batch prepared of sterile or non-sterile pharmaceuticals shall bear at a minimum:
 - (i) the unique lot number assigned to the batch;
 - (ii) all solution and ingredient names, amounts, strengths and concentrations, when applicable;
 - (iii) quantity;
 - (iv) expiration date and time, when applicable;
 - (v) appropriate ancillary instructions, such as storage instructions or cautionary statements, including cytotoxic warning labels where appropriate; and
 - (vi) device-specific instructions, where appropriate;
 - (h) the expiration date assigned shall be based on currently available drug stability information and sterility considerations or appropriate in-house or contract service stability testing;
 - (i) sources of drug stability information shall include the following:
 - (A) references can be found in Trissel's "Handbook on Injectable Drugs", 13th Edition, 2004;
 - (B) manufacturer recommendations; and
 - (C) reliable, published research;
 - (ii) when interpreting published drug stability information, the pharmacist shall consider all aspects of the final sterile product being prepared such as drug reservoir, drug concentration and storage conditions; and
 - (iii) methods for establishing expiration dates shall be documented; and
 - (i) there shall be a documented, ongoing quality control program that monitors and evaluates personnel performance, equipment and facilities that follows the USP-NF Chapters 795 and 797 standards.
- (4) The facility shall have current and retrievable editions of the following reference publications in print or electronic format and readily available and retrievable to facility personnel:
 - (a) Title 58, Chapter 1, Division of Occupational and Professional Licensing Act'
 - (b) R156-1, General Rules of the Division of Occupational and Professional Licensing;
 - (c) Title 58, Chapter 17b, Pharmacy Practice Act;
 - (d) R156-17b, Utah Pharmacy Practice Act Rule;
 - (e) Title 58, Chapter 37, Utah Controlled Substances Act;
 - (f) R156-37, Utah Controlled Substances Act Rules;
 - (g) Code of Federal Regulations (CFR) 21, Food and Drugs, Part 1300 to end or equivalent such as the USP DI Drug Reference Guides;
 - (h) current FDA Approved Drug Products (orange book); and
 - (i) any other general drug references necessary to permit practice dictated by the usual and ordinary scope of practice to be conducted within that facility.
- (5) The facility shall post the license of the facility and the license or a copy of the license of each pharmacist, pharmacy intern and pharmacy technician who is employed in the facility, but may not post the license of any pharmacist, pharmacy intern or pharmacy technician not actually employed in the facility.
- (6) Facilities shall have a counseling area to allow for

confidential patient counseling, where applicable.

(7) If the pharmacy is located within a larger facility such as a grocery or department store, and a licensed Utah pharmacist is not immediately available in the facility, the pharmacy shall not remain open to pharmacy patients and shall be locked in such a way as to bar entry to the public or any non-pharmacy personnel. All pharmacies located within a larger facility shall be locked and enclosed in such a way as to bar entry by the public or any non-pharmacy personnel when the pharmacy is closed.

(8) Only a licensed Utah pharmacist or authorized pharmacy personnel shall have access to the pharmacy when the pharmacy is closed.

(9) The facility shall maintain a permanent log of the initials or identification codes which identify each dispensing pharmacist by name. The initials or identification code shall be unique to ensure that each pharmacist can be identified; therefore identical initials or identification codes shall not be used.

(10) The pharmacy facility must maintain copy 3 of DEA order form (Form 222) which has been properly dated, initialed and filed and all copies of each unaccepted or defective order form and any attached statements or other documents.

(11) If applicable, a hard copy of the power of attorney authorizing a pharmacist to sign DEA order forms (Form 222) must be available to the Division whenever necessary.

(12) Pharmacists or other responsible individuals shall verify that the suppliers' invoices of legend drugs, including controlled substances, are listed on the invoices and were actually received by clearly recording their initials and the actual date of receipt of the controlled substances.

(13) The pharmacy facility must maintain a record of suppliers' credit memos for controlled substances and legend drugs.

(14) A copy of inventories required under Section R156-17b-605 must be made available to the Division when requested.

(15) The pharmacy facility must maintain hard copy reports of surrender or destruction of controlled substances and legend drugs submitted to appropriate state or federal agencies.

R156-17b-614b. Operating Standards - Class B pharmacy designated as a Branch Pharmacy.

In accordance with Subsections 58-17b-102(7) and 58-1-301(3), the qualifications for designation as a branch pharmacy include the following:

(1) The Division, in collaboration with the Board, shall approve the location of each branch pharmacy. The following shall be considered in granting such designation:

(a) the distance between or from nearby alternative pharmacies and all other factors affecting access of persons in the area to alternative pharmacy resources;

(b) the availability at the location of qualified persons to staff the pharmacy, including the physician, physician assistant or advanced practice registered nurse;

(c) the availability and willingness of a parent pharmacy and supervising pharmacist to assume responsibility for the branch pharmacy;

(d) the availability of satisfactory physical facilities in which the branch pharmacy may operate; and

(e) the totality of conditions and circumstances which surround the request for designation.

(2) A branch pharmacy shall be licensed as a pharmacy branch of an existing Class A or B pharmacy licensed by the Division.

(3) The application for designation of a branch pharmacy shall be submitted by the licensed parent pharmacy seeking such designation. In the event that more than one licensed pharmacy makes application for designation of a branch

pharmacy location at a previously undesignated location, the Division in collaboration with the Board shall review all applications for designation of the branch pharmacy and, if the location is approved, shall approve for licensure the applicant determined best able to serve the public interest as identified in Subsection (1).

(4) The application shall include the following:

(a) complete identifying information concerning the applying parent pharmacy;

(b) complete identifying information concerning the designated supervising pharmacist employed at the parent pharmacy;

(c) address and description of the facility in which the branch pharmacy is to be located;

(d) specific formulary to be stocked indicating with respect to each prescription drug, the name, the dosage strength and dosage units in which the drug will be prepackaged;

(e) complete identifying information concerning each person located at the branch pharmacy who will dispense prescription drugs in accordance with the approved protocol; and

(f) protocols under which the branch pharmacy will operate and its relationship with the parent pharmacy to include the following:

(i) the conditions under which prescription drugs will be stored, used and accounted for;

(ii) the method by which the drugs will be transported from parent pharmacy to the branch pharmacy and accounted for by the branch pharmacy; and

(iii) a description of how records will be kept with respect to:

(A) formulary;

(B) changes in formulary;

(C) record of drugs sent by the parent pharmacy;

(D) record of drugs received by the branch pharmacy;

(E) record of drugs dispensed;

(F) periodic inventories; and

(G) any other record contributing to an effective audit trail with respect to prescription drugs provided to the branch pharmacy.

R156-17b-614c. Operating Standards - Class B - Pharmaceutical Administration Facility.

In accordance with Subsections 58-17b-102(44) and 58-17b-601(1), the following applies with respect to prescription drugs which are held, stored or otherwise under the control of a pharmaceutical administration facility for administration to patients:

(1) The licensed pharmacist shall provide consultation on all aspects of pharmacy services in the facility; establish a system of records of receipt and disposition of all controlled substances in sufficient detail to enable an accurate reconciliation; and determine that drug records are in order and that an account of all controlled substances is maintained and periodically reconciled.

(2) Authorized destruction of all prescription drugs shall be witnessed by the medical or nursing director or a designated physician, registered nurse or other licensed person employed in the facility and the consulting pharmacist or licensed pharmacy technician and must be in compliance with DEA regulations.

(3) Prescriptions for patients in the facility can be verbally requested by a licensed prescribing practitioner and may be entered as the prescribing practitioner's order; but the practitioner must personally sign the order in the facility record within 72 hours if a Schedule II controlled substance and within 30 days if any other prescription drug. The prescribing practitioner's verbal order may be copied and forwarded to a pharmacy for dispensing and may serve as the pharmacy's

record of the prescription order.

(4) Prescriptions for controlled substances for patients in Class B pharmaceutical administration facilities shall be dispensed according to Title 58, Chapter 37, Utah Controlled Substances Act, and R156-37, Utah Controlled Substances Act Rules.

(5) Requirements for emergency drug kits shall include:

(a) an emergency drug kit may be used by pharmaceutical administration facilities. The emergency drug kit shall be considered to be a physical extension of the pharmacy supplying the emergency drug kit and shall at all times remain under the ownership of that pharmacy;

(b) the contents and quantity of drugs and supplies in the emergency drug kit shall be determined by the Medical Director or Director of Nursing of the pharmaceutical administration facility and the consulting pharmacist of the supplying pharmacy;

(c) a copy of the approved list of contents shall be conspicuously posted on or near the kit;

(d) the emergency kit shall be used only for bona fide emergencies and only when medications cannot be obtained from a pharmacy in a timely manner;

(e) records documenting the receipt and removal of drugs in the emergency kit shall be maintained by the facility and the pharmacy;

(f) the pharmacy shall be responsible for ensuring proper storage, security and accountability of the emergency kit and shall ensure that:

(i) the emergency kit is stored in a locked area and is locked itself; and

(ii) emergency kit drugs are accessible only to licensed physicians, physician assistants and nurses employed by the facility;

(g) the contents of the emergency kit, the approved list of contents and all related records shall be made freely available and open for inspection to appropriate representatives of the Division and the Utah Department of Health.

R156-17b-614d. Operating Standards - Class B - Nuclear Pharmacy.

In accordance with Subsection 58-17b-601(1), the operating standards for a Class B pharmacy designated as a nuclear pharmacy shall have the following:

(1) A nuclear pharmacy shall have the following:

(a) have applied for or possess a current Utah Radioactive Materials License; and

(b) adequate space and equipment commensurate with the scope of services required and provided.

(2) Nuclear pharmacies shall only dispense radiopharmaceuticals that comply with acceptable standards of quality assurance.

(3) Nuclear pharmacies shall maintain a library commensurate with the level of radiopharmaceutical service to be provided.

(4) A licensed Utah pharmacist shall be immediately available on the premises at all times when the facility is open or available to engage in the practice of pharmacy.

(5) In addition to Utah licensure, the pharmacist shall have classroom and laboratory training and experience as required by the Utah Radiation Control Rules.

(6) This rule does not prohibit:

(a) a licensed pharmacy intern or technician from acting under the direct supervision of an approved preceptor who meets the requirements to supervise a nuclear pharmacy; or

(b) a Utah Radioactive Materials license from possessing and using radiopharmaceuticals for medical use.

(7) A hospital nuclear medicine department or an office of a physician/surgeon, osteopathic physician/surgeon, veterinarian, pediatric physician or dentist that has a current

Utah Radioactive Materials License does not require licensure as a Class B pharmacy.

(8) A nuclear pharmacy preparing sterile compounds must follow the USP-NF Chapter 797 Compound for sterile preparations.

(9) A nuclear pharmacy preparing medications for a specific person shall be licensed as a Class B - nuclear pharmacy if located in Utah, and as a Class D pharmacy if located outside of Utah.

R156-17b-615. Operating Standards - Class C Pharmacy - Pharmaceutical Wholesaler/Distributor and Pharmaceutical Manufacturer in Utah.

In accordance with Subsections 58-17b-102(48) and 58-17b-601(1), the operating standards for Class C pharmacies designated as pharmaceutical wholesaler/distributor and pharmaceutical manufacturer licensees includes the following:

(1) Every pharmaceutical wholesaler or manufacturer that engages in the wholesale distribution and manufacturing of drugs or medical devices located in this state shall be licensed by the Division. A separate license shall be obtained for each separate location engaged in the distribution or manufacturing of prescription drugs. Business names cannot be identical to the name used by another unrelated wholesaler licensed to purchase drugs and devices in Utah.

(2) Manufacturers distributing only their own FDA-approved prescription drugs or co-licensed product shall satisfy this requirement by registering their establishment with the Federal Food and Drug Administration pursuant to 21 CFR Part 207 and submitting the information required by 21 CFR Part 205, including any amendments thereto, to the Division.

(3) An applicant for licensure as a pharmaceutical wholesale distributor must provide the following minimum information:

(a) All trade or business names used by the licensee (including "doing business as" and "formerly known as");

(b) Name of the owner and operator of the license as follows:

(i) if a person, the name, business address, social security number and date of birth;

(ii) if a partnership, the name, business address, and social security number and date of birth of each partner, and the partnership's federal employer identification number;

(iii) if a corporation, the name, business address, social security number and date of birth, and title of each corporate officer and director, the corporate names, the name of the state of incorporation, federal employer identification number, and the name of the parent company, if any, but if a publically traded corporation, the social security number and date of birth for each corporate officer shall not be required;

(iv) if a sole proprietorship, the full name, business address, social security number and date of birth of the sole proprietor and the name and federal employer identification number of the business entity;

(v) if a limited liability company, the name of each member, social security number of each member, the name of each manager, the name of the limited liability company and federal employer identification number, and the name of the state in which the limited liability company was organized; and

(c) any other relevant information required by the Division.

(4) The licensed facility need not be under the supervision of a licensed pharmacist, but shall be under the supervision of a designated representative who meets the following criteria:

(a) is at least 21 years of age;

(b) has been employed full time for at least three years in a pharmacy or with a pharmaceutical wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to prescription drugs;

(c) is employed by the applicant full time in a managerial level position;

(d) is actively involved in and aware of the actual daily operation of the pharmaceutical wholesale distribution;

(e) is physically present at the facility during regular business hours, except when the absence of the designated representative is authorized, including but not limited to, sick leave and vacation leave; and

(f) is serving in the capacity of a designated representative for only one licensee at a time.

(5) The licensee shall provide the name, business address, and telephone number of a person to serve as the designated representative for each facility of the pharmaceutical wholesaler that engages in the distribution of drugs or devices.

(6) Each facility that engages in pharmaceutical wholesale distribution and manufacturing facilities must undergo an inspection by the Division for the purposes of inspecting the pharmaceutical wholesale distribution or manufacturing operation prior to initial licensure and periodically thereafter with a schedule to be determined by the Division.

(7) All pharmaceutical wholesalers and manufacturer must publicly display or have readily available all licenses and the most recent inspection report administered by the Division.

(8) In accordance with Section 58-17b-307, the Division shall require a criminal background check of the applicant, including but not limited to all key personnel involved in the operation of the pharmaceutical wholesaler or manufacturer, including the most senior person responsible for facility operation, purchasing, and inventory control and the person they report to in order to determine if an applicant or others associated with the ownership, management, or operations of the pharmaceutical wholesaler or manufacturer have committed criminal acts that would constitute grounds for denial of licensure.

(9) All Class C pharmacies shall:

(a) be of suitable size and construction to facilitate cleaning, maintenance and proper operations;

(b) have storage areas designed to provide adequate lighting, ventilation, sanitation, space, equipment and security conditions;

(c) have the ability to control temperature and humidity within tolerances required by all prescription drugs and prescription drug precursors handled or used in the distribution or manufacturing activities of the applicant or licensee;

(d) provide for a quarantine area for storage of prescription drugs and prescription drug precursors that are outdated, damaged, deteriorated, misbranded, adulterated, opened or unsealed containers that have once been appropriately sealed or closed or in any other way unsuitable for use or entry into distribution or manufacturing;

(e) be maintained in a clean and orderly condition; and

(f) be free from infestation by insects, rodents, birds or vermin of any kind.

(10) Each facility used for wholesale drug distribution or manufacturing of prescription drugs shall:

(a) be secure from unauthorized entry;

(b) limit access from the outside to a minimum in conformance with local building codes, life and safety codes and control access to persons to ensure unauthorized entry is not made;

(c) limit entry into areas where prescription drugs, prescription drug precursors, or prescription drug devices are held to authorized persons who have a need to be in those areas;

(d) be well lighted on the outside perimeter;

(e) be equipped with an alarm system to permit detection of entry and notification of appropriate authorities at all times when the facility is not occupied for the purpose of engaging in distribution or manufacturing of prescription drugs; and

(f) be equipped with security measures, systems and

procedures necessary to provide reasonable security against theft and diversion of prescription drugs or alteration or tampering with computers and records pertaining to prescription drugs or prescription drug precursors.

(11) Each facility shall provide the storage of prescription drugs, prescription drug precursors, and prescription drug devices in accordance with the following:

(a) all prescription drugs and prescription drug precursors shall be stored at appropriate temperature, humidity and other conditions in accordance with labeling of such prescription drugs or prescription drug precursors or with requirements in the USP-NF;

(b) if no storage requirements are established for a specific prescription drug, prescription drug precursor, or prescription drug devices, the products shall be held in a condition of controlled temperature and humidity as defined in the USP-NF to ensure that its identity, strength, quality and purity are not adversely affected; and

(c) there shall be established a system of manual, electromechanical or electronic recording of temperature and humidity in the areas in which prescription drugs, prescription drug precursors, and prescription drug devices are held to permit review of the record and ensure that the products have not been subjected to conditions which are outside of established limits.

(12) Each person who is engaged in pharmaceutical wholesale distribution of prescription drugs for human use that leave, or have ever left, the normal distribution channel shall, before each pharmaceutical wholesale distribution of such drug, provide a pedigree to the person who receives such drug. A retail pharmacy or pharmacy warehouse shall comply with the requirements of this section only if the pharmacy engages in pharmaceutical wholesale distribution of prescription drugs. The pedigree shall:

(a) include all necessary identifying information concerning each sale in the chain of distribution of the product from the manufacturer, through acquisition and sale by any pharmaceutical wholesaler, until sale to a pharmacy or other person dispensing or administering the prescription drug. At a minimum, the necessary chain of distribution information shall include:

(i) name, address, telephone number, and if available, the email address of each owner of the prescription drug, and each pharmaceutical wholesaler of the prescription drug;

(ii) name and address of each location from which the product was shipped, if different from the owner's;

(iii) transaction dates;

(iv) name of the prescription drug;

(v) dosage form and strength of the prescription drug;

(vi) size of the container;

(vii) number of containers;

(viii) lot number of the prescription drug;

(ix) name of the manufacturer of the finished dose form; and

(x) National Drug Code (NDC) number.

(b) be maintained by the purchaser and the pharmaceutical wholesaler for five years from the date of sale or transfer and be available for inspection or use upon a request of an authorized officer of the law.

(13) Each facility shall comply with the following requirements:

(a) in general, each person who is engaged in pharmaceutical wholesale distribution of prescription drugs shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of the prescription drugs. These records shall include pedigrees for all prescription drugs that leave the normal distribution channel;

(b) upon receipt, each outside shipping container containing prescription drugs, prescription drug precursors, or prescription drug devices shall be visibly examined for identity

and to prevent the acceptance of prescription drugs, prescription drug precursors, or prescription drug devices that are contaminated, reveal damage to the containers or are otherwise unfit for distribution:

(i) prescription drugs, prescription drug precursors, or prescription drug devices that are outdated, damaged, deteriorated, misbranded, adulterated or in any other way unfit for distribution or use in manufacturing shall be quarantined and physically separated from other prescription drugs, prescription drug precursors or prescription drug devices until they are appropriately destroyed or returned to their supplier; and

(ii) any prescription drug or prescription drug precursor whose immediate sealed or outer secondary sealed container has been opened or in any other way breached shall be identified as such and shall be quarantined and physically separated from other prescription drugs and prescription drug precursors until they are appropriately destroyed or returned to their supplier;

(c) each outgoing shipment shall be carefully inspected for identity of the prescription drug products or devices and to ensure that there is no delivery of prescription drugs or devices that have been damaged in storage or held under improper conditions:

(i) if the conditions or circumstances surrounding the return of any prescription drug or prescription drug precursor cast any doubt on the product's safety, identity, strength, quality or purity, then the drug shall be appropriately destroyed or returned to the supplier, unless examination, testing or other investigation proves that the product meets appropriate and applicable standards related to the product's safety, identity, strength, quality and purity;

(ii) returns of expired, damaged, recalled, or otherwise non-saleable prescription drugs shall be distributed by the receiving pharmaceutical wholesaler only to the original manufacturer or a third party returns processor that is licensed as a pharmaceutical wholesaler distributor under this chapter;

(iii) returns or exchanges of prescription drugs (saleable or otherwise), including any redistribution by a receiving pharmaceutical wholesaler, shall not be subject to the pedigree requirements, so long as they are exempt from the pedigree requirement under the FDA's Prescription Drug Marketing Act guidance or regulations; and

(d) licensee under this Act and pharmacies or other persons authorized by law to dispense or administer prescription drugs for use by a patient shall be accountable for administering their returns process and ensuring that all aspects of their operation are secure and do not permit the entry of adulterated and counterfeit prescription drugs.

(14) A manufacturer or pharmaceutical wholesaler shall furnish prescription drugs only to a person licensed by the Division or to another appropriate state licensing authority to possess, dispense or administer such drugs for use by a patient.

(15) Prescription drugs furnished by a manufacturer or pharmaceutical wholesaler shall be delivered only to the business address of a person described in Subsection R156-17b-615(14), or to the premises listed on the license, or to an authorized person or agent of the licensee at the premises of the manufacturer or pharmaceutical wholesaler if the identity and authority of the authorized agent is properly established.

(16) Each facility shall establish and maintain records of all transactions regarding the receipt and distribution or other disposition of prescription drugs and prescription drug precursors and shall make inventories of prescription drugs and prescription drug precursors and required records available for inspection by authorized representatives of the federal, state and local law enforcement agencies in accordance with the following:

(a) there shall be a record of the source of the prescription drugs or prescription drug precursors to include the name and

principal address of the seller or transferor and the address of the location from which the drugs were shipped;

(b) there shall be a record of the identity and quantity of the prescription drug or prescription drug precursor received, manufactured, distributed or shipped or otherwise disposed of by specific product and strength;

(c) there shall be a record of the dates of receipt and distribution or other disposal of any product;

(d) there shall be a record of the identity of persons to whom distribution is made to include name and principal address of the receiver and the address of the location to which the products were shipped;

(e) inventories of prescription drugs and prescription drug precursors shall be made available during regular business hours to authorized representatives of federal, state and local law enforcement authorities;

(f) required records shall be made available for inspection during regular business hours to authorized representatives of federal, state and local law enforcement authorities and such records shall be maintained for a period of two years following disposition of the products; and

(g) records that are maintained on site or immediately retrievable from computer or other electronic means shall be made readily available for authorized inspection during the retention period; or if records are stored at another location, they shall be made available within two working days after request by an authorized law enforcement authority during the two year period of retention.

(17) Each facility shall establish, maintain and adhere to written policies and procedures which shall be followed for the receipt, security, storage, inventory, manufacturing, distribution or other disposal of prescription drugs or prescription drug precursors, including policies and procedures for identifying, recording and reporting losses or thefts, and for correcting all errors and inaccuracies in inventories. In addition, the policies shall include the following:

(a) a procedure whereby the oldest approved stock of a prescription drug or precursor product is distributed or used first with a provision for deviation from the requirement if such deviation is temporary and appropriate;

(b) a procedure to be followed for handling recalls and withdrawals of prescription drugs adequate to deal with recalls and withdrawals due to:

(i) any action initiated at the request of the FDA or other federal, state or local law enforcement or other authorized administrative or regulatory agency;

(ii) any voluntary action to remove defective or potentially defective drugs from the market; or

(iii) any action undertaken to promote public health, safety or welfare by replacement of existing product with an improved product or new package design;

(c) a procedure to prepare for, protect against or handle any crisis that affects security or operation of any facility in the event of strike, fire, flood or other natural disaster or other situations of local, state or national emergency;

(d) a procedure to ensure that any outdated prescription drugs or prescription drug precursors shall be segregated from other drugs or precursors and either returned to the manufacturer, other appropriate party or appropriately destroyed;

(e) a procedure for providing for documentation of the disposition of outdated, adulterated or otherwise unsafe prescription drugs or prescription drug precursors and the maintenance of that documentation available for inspection by authorized federal, state or local authorities for a period of five years after disposition of the product;

(f) a procedure for identifying, investigating and reporting significant drug inventory discrepancies (involving counterfeit drugs suspected of being counterfeit, contraband, or suspect of

being contraband) and reporting of such discrepancies within three (3) business days to the Division and/or appropriate federal or state agency upon discovery of such discrepancies; and

(g) a procedure for reporting criminal or suspected criminal activities involving the inventory of drugs and devices to the Division, FDA and if applicable, Drug Enforcement Administration (DEA), within three (3) business days.

(18) Each facility shall establish, maintain and make available for inspection by authorized federal, state and local law enforcement authorities, lists of all officers, directors, managers and other persons in charge which lists shall include a description of their duties and a summary of their background and qualifications.

(19) Each facility shall comply with laws including:

(a) operating within applicable federal, state and local laws and regulations;

(b) permitting the state licensing authority and authorized federal, state and local law enforcement officials, upon presentation of proper credentials, to enter and inspect their premises and delivery vehicles and to audit their records and written operating policies and procedures, at reasonable times and in a reasonable manner, to the extent authorized by law; and

(c) obtaining a controlled substance license from the Division and registering with the Drug Enforcement Administration (DEA) if they engage in distribution or manufacturing of controlled substances and shall comply with all federal, state and local regulations applicable to the distribution or manufacturing of controlled substances.

(20) Each facility shall be subject to and shall abide by applicable federal, state and local laws that relate to the salvaging or reprocessing of prescription drug products.

(21) A person who is engaged in the wholesale distribution or manufacturing of prescription drugs but does not have a facility located within Utah in which prescription drugs are located, stored, distributed or manufactured is exempt from Utah licensure as a Class C pharmacy, if said person is currently licensed and in good standing in each state of the United States in which that person has a facility engaged in distribution or manufacturing of prescription drugs entered into interstate commerce.

R156-17b-616. Operating Standards - Class D Pharmacy - Out of State Mail Order Pharmacies.

(1) In accordance with Subsections 58-1-301(3) and 58-17b-306(2), an application for licensure as a Class D pharmacy shall include:

(a) a pharmacy care protocol that includes the operating standards established in Subsections R156-17b-610(1) and (8) and R156-17b-614(1) through (4);

(b) a copy of the pharmacist's license for the PIC; and

(c) a copy of the most recent state inspection showing the status of compliance with the laws and regulations for physical facility, records and operations.

(2) An out of state mail order pharmacy that compounds must follow the USP-NF Chapter 795 Compounding of non-sterile preparations and Chapter 797 Compounding of sterile preparations.

R156-17b-617. Operating Standards - Class E pharmacy.

(1) In accordance with Section 58-17b-302 and Subsection 58-17b-601(1), the operating standards for a Class E pharmacy shall include a written pharmacy care protocol which includes:

(a) the identity of the supervisor or director;

(b) a detailed plan of care;

(c) identity of the drugs that will be purchased, stored, used and accounted for; and

(d) identity of any licensed healthcare provider associated with operation.

(2) A Class E pharmacy preparing sterile compounds must follow the USP-NF Chapter 797 Compounding for sterile preparations.

R156-17b-618. Change in Ownership or Location.

(1)(a) In accordance with Section 58-17b-614, except for changes in ownership caused by a change in the stockholders in corporations which are publicly listed and whose stock is publicly traded, a licensed pharmaceutical facility that proposes to change its location or ownership shall make application for a new license and receive approval from the Division prior to the proposed change.

(b) Upon approval of the change in ownership or location, the original licenses shall be surrendered to the Division.

(2)(a) In accordance with Section 58-17b-614, a licensed pharmaceutical facility that proposes to change its names without a change in ownership shall submit the request in writing upon a form provided by the Division, no later than ten business days before the proposed name change. The request for a name change must be approved by the Division prior to implementing the change.

(b) Upon approval of the name change, the original licenses shall be surrendered to the Division.

R156-17b-619. Operating Standards - Third Party Payors.
Reserved.

R156-17b-620. Operating Standards - Automated Pharmacy System.

In accordance with Section 58-17b-621, automated pharmacy systems can be utilized in licensed pharmacies, remote locations under the jurisdiction of the Division and licensed health care facilities where legally permissible and shall comply with the following provisions:

(1) Documentation as to type of equipment, serial numbers, content, policies and procedures and location shall be maintained on site in the pharmacy for review upon request of the Division. Such documentation shall include:

(a) name and address of the pharmacy or licensed health care facility where the automated pharmacy system is being used;

(b) manufacturer's name and model;

(c) description of how the device is used;

(d) quality assurance procedures to determine continued appropriate use of the automated device; and

(e) policies and procedures for system operation, safety, security, accuracy, patient confidentiality, access and malfunction.

(2) Automated pharmacy systems should be used only in settings where there is an established program of pharmaceutical care that ensures that before dispensing, or removal from an automated storage and distribution device, a pharmacist reviews all prescription or medication orders unless a licensed independent practitioner controls the ordering, preparation and administration of the medication; or in urgent situations when the resulting delay would harm the patient including situations in which the patient experiences a sudden change in clinical status.

(3) All policies and procedures must be maintained in the pharmacy responsible for the system and, if the system is not located within the facility where the pharmacy is located, at the location where the system is being used.

(4) Automated pharmacy systems shall have:

(a) adequate security systems and procedures to:

(i) prevent unauthorized access;

(ii) comply with federal and state regulations; and

(iii) prevent the illegal use or disclosure of protected health information;

(b) written policies and procedures in place prior to

installation to ensure safety, accuracy, security, training of personnel, and patient confidentiality and to define access and limits to access to equipment and medications.

(5) Records and electronic data kept by automated pharmacy systems shall meet the following requirements:

(a) all events involving the contents of the automated pharmacy system must be recorded electronically;

(b) records must be maintained by the pharmacy for a period of five years and must be readily available to the Division. Such records shall include:

(i) identity of system accessed;

(ii) identify of the individual accessing the system;

(iii) type of transaction;

(iv) name, strength, dosage form and quantity of the drug accessed;

(v) name of the patient for whom the drug was ordered; and

(vi) such additional information as the PIC may deem necessary.

(6) Access to and limits on access to the automated pharmacy system must be defined by policy and procedures and must comply with state and federal regulations.

(7) The PIC or pharmacist designee shall have the sole responsibility to:

(a) assign, discontinue or change access to the system;

(b) ensure that access to the medications comply with state and federal regulations; and

(c) ensure that the automated pharmacy system is filled and stocked accurately and in accordance with established written policies and procedures.

(8) The filling and stocking of all medications in the automated pharmacy system shall be accomplished by qualified licensed healthcare personnel under the supervision of a licensed pharmacist.

(9) A record of medications filled and stocked into an automated pharmacy system shall be maintained for a period of five years and shall include the identification of the persons filling, stocking and checking for accuracy.

(10) All containers of medications stored in the automated pharmacy system shall be packaged and labeled in accordance with federal and state laws and regulations.

(11) All aspects of handling controlled substances shall meet the requirements of all state and federal laws and regulations.

(12) The automated pharmacy system shall provide a mechanism for securing and accounting for medications removed from and subsequently returned to the automated pharmacy system, all in accordance with existing state and federal law. Written policies and procedures shall address situations in which medications removed from the system remain unused and must be secured and accounted for.

(13) The automated pharmacy system shall provide a mechanism for securing and accounting for wasted medications or discarded medications in accordance with existing state and federal law. Written policies and procedures shall address situations in which medications removed from the system are wasted or discarded and must be secured.

R156-17b-621. Operating Standards - Pharmacist Administration - Training.

(1) In accordance with Subsection 58-17b-502(9), appropriate training for the administration of a prescription drug includes:

(a) current Basic Life Support (BLS) certification; and

(b) successful completion of a training program which includes at a minimum:

(i) didactic and practical training for administering injectable drugs;

(ii) the current Advisory Committee on Immunization

Practices (ACIP) of the United States Center for Disease Control and Prevention guidelines for the administration of immunizations; and

(iii) the management of an anaphylactic reaction.

(2) Sources for the appropriate training include:

(a) ACPE approved programs; and

(b) curriculum-based programs from an ACPE accredited college of pharmacy, state or local health department programs and other Board recognized providers.

(3) Training is to be supplemented by documentation of two hours of continuing education related to the area of practice in each preceding renewal period.

58-1-106(1)(a)

58-1-202(1)(a)

R156. Commerce, Occupational and Professional Licensing.
R156-41. Speech-Language Pathology and Audiology Licensing Act Rule.

R156-41-101. Title.

This rule is known as the "Speech-Language Pathology and Audiology Licensing Act Rule".

R156-41-102. Definitions.

In addition to the definitions in Title 58, Chapters 1 and 41, as used in Title 58, Chapters 1 and 41, or this rule:

(1) "Audio electronic equipment" as used in Subsection 58-41-2(3) means equipment proven in use, accepted and standard to the profession, of known quality and function, well maintained, in current calibration and presenting no hazard to the operator or client.

(2) "Clinical externship", as used in Section R156-41-302b, means the same as a clinical fellowship as used in Subsection 58-41-5.5(1)(a)(ii).

(3) "Direct supervision" as used in Subsections 58-41-2(5)(c), 58-41-2(20)(c), and this rule, means supervision as defined in Subsection R156-1-102a(4)(a).

(4) "Evoked potentials evaluation", as used in Subsection 58-41-2(4), includes neurophysiological intraoperative monitoring.

(5) "Legal holder of an AuD in audiology", as used in Subsection 58-41-5(1)(c), means an applicant for temporary licensure as an audiologist who holds a letter from an accredited university or college, verifying the applicant is currently enrolled and has completed all the course work in a program of studies necessary to complete a doctors degree in audiology except for the completion of a clinical externship.

(6) "Professional training" as set forth in Subsection 58-41-12(2) means continuing professional education that meets the standards set forth in Section R156-41-304.

(7) "Substitute supervisor", as used in this rule, means a licensee who is designated by the supervisor to provide limited supervision to an aide. The substitute supervisor shall be licensed in the same discipline in which the aide is functioning.

(8) "Supervision", as used in this rule, means a supervisor-supervisee relationship requiring the supervisor to be responsible for the professional performance by the supervisee. This includes a substitute supervisor-supervisee relationship.

(9) "Unprofessional conduct", as defined in Title 58, Chapters 1 and 41, is further defined, in accordance with Subsection 58-1-203(1)(e), in Section R156-41-502.

R156-41-103. Authority - Purpose.

This rule is adopted by the Division under the authority of Subsection 58-1-106(1)(a) to enable the Division to administer Title 58, Chapter 41.

R156-41-104. Organization - Relationship to Rule R156-1.

The organization of this rule and its relationship to Rule R156-1 is as described in Section R156-1-107.

R156-41-302a. Qualifications for Licensure - Application Requirements.

In accordance with Section 58-41-5, ASHA certification as a speech-language pathologist or audiologist is one acceptable method to document that an individual has completed the requirements of Subsections 58-41-5(1)(f) and (4)(e).

R156-41-302b. Qualifications for Licensure - Temporary Licensure - Audiology.

In accordance with Section 58-41-5.5, the Division may issue a temporary license to an applicant for an audiology license for not more than 12 months to complete a clinical externship required for an AuD under the following conditions:

(1) The licensee shall work under general supervision, as

defined in Subsection R156-1-102a(4)(c), of an audiologist licensed in Utah and approved by the Division.

(2) The supervising audiologist shall:

(a) have been licensed for not less than two years;

(b) not have been disciplined for any unprofessional or unlawful conduct within two years of the start of any supervision of a clinical externship program;

(c) assume responsibility for all audiology activities and services performed by the temporary licensee;

(d) not begin the supervision until the applicant holds a temporary license; and

(e) supervise no more than two temporary licensees at any given time.

(3) Any change in the supervising audiologist shall be preapproved by the Division.

R156-41-302c. Qualifications for Licensure - Temporary Licensure - Speech-Language Pathology.

In accordance with Section 58-41-5.5, the Division may issue a temporary license to an applicant for a speech-language pathology license for a period of not more than 12 months to complete a clinical fellowship as required by ASHA under the following conditions:

(1) The licensee shall work under the general supervision, as defined in Subsection R156-1-102a(4)(c), of a speech-language pathologist licensed in Utah and approved by the Division.

(2) The supervision speech-language pathologist shall:

(a) have been licensed for not less than two years;

(b) not have been disciplined for any unprofessional or unlawful conduct within two years of the start of any supervision of a clinical externship program;

(c) assume responsibility for all speech-language pathology activities and services performed by the temporary licensee;

(d) not begin the supervision until the applicant holds a temporary license; and

(e) supervise no more than two temporary licensees at any given time.

(3) Any change in the supervising speech-language pathologist shall be preapproved by the Division.

R156-41-303. Renewal Cycle - Procedures.

(1) In accordance with Subsection 58-1-308(1), the renewal date for the two-year renewal cycle applicable to licensees under Title 58, Chapter 41, is established by rule in Section R156-1-308a.

(2) Renewal procedures shall be in accordance with Section R156-1-308a.

R156-41-304. Continuing Professional Education.

In accordance with Subsection 58-41-12(2), continuing professional education requirements are established as follows:

(1) During each two year period an individual licensed as a speech-language pathologist, speech-language pathologist/audiologist or audiologist shall be required to complete not less than 20 hours of continuing professional education directly related the licensee's professional practice.

(2) The required number of hours of continuing professional education for an individual who first becomes licensed during the two year period shall be decreased in a pro-rata amount equal to any part of that two year period preceding the date on which that individual first became licensed.

(3) Continuing professional education under this section shall:

(a) have an identifiable clear statement of purpose and defined objective for the educational program directly related to the practice of speech-language pathology, audiology or both;

(b) be relevant to the licensee's professional practice;

(c) be presented in a competent, well organized, and sequential manner consistent with the stated purpose and objective of the program;

(d) be prepared and presented by individuals who are qualified by education, training, and experience; and

(e) have associated with it a competent method of registration of individuals who actually completed the professional education program and records of that registration and completion are available for review.

(4) Credit for continuing professional education shall be recognized in accordance with the following:

(a) unlimited hours shall be recognized for continuing professional education completed in blocks of time of not less than one hour in formally established classroom courses, seminars, or conferences.

(5) A licensee shall be responsible for maintaining competent records of completed continuing professional education for a period of four years after close of the two year period to which the records pertain. It is the responsibility of the licensee to maintain information with respect to continuing professional education to demonstrate it meets the requirements under this section.

(6) A licensee who documents he is engaged in full time activities or is subjected to circumstances which prevent that licensee from meeting the continuing professional education requirements established under this section may be excused from the requirement for a period of up to three years. However, it is the responsibility of the licensee to document the reasons and justify why the requirement could not be met.

R156-41-502. Unprofessional Conduct.

"Unprofessional conduct" includes:

(1) using an educational title conferred by an organization or institution that is not a regionally accredited college or university;

(2) engaging in sexual intercourse or other sexual contact with a client or patient;

(3) exercising undue influence in a manner as to exploit the client, patient, or supervisee for financial or other personal advantage to the practitioner or a third party;

(4) using or training audiology or speech-language pathology aides as defined in Subsections 58-41-2(5) and (20) and inappropriately failing to follow the standards set forth in Section R156-41-601;

(5) failing to comply with the American Speech-Language Hearing Association's (ASHA) Code of Ethics, March 1, 2010 edition, which is hereby incorporated by reference;

(6) supervising more than two audiology or speech-language pathology temporary licensees at one time;

(7) failing as an audiologist supervisor to comply with any of the requirements of Subsection R156-41-302b(2); and

(8) failing as a speech-language pathologist supervisor to comply with any of the requirements of Subsection R156-41-302c(2).

R156-41-601. Speech-Language Pathology and Audiology Aides.

(1) In accordance with Subsections 58-41-2(5) and (20), an individual licensed to engage in practice as a speech-language pathologist or audiologist may employ as an aide an individual who has graduated from an accredited high school or obtained a certificate of equivalency approved by the Division.

(2) A licensee supervising an aide shall be responsible for the direct supervision of an aide.

(3) A licensee supervising an aide must have a current written utilization plan outlining the specific manner in which the aide will be employed and the manner in which the aide will be supervised.

(4) A licensee shall be permitted to supervise not more

than three aides at any one time.

(5) An aide shall not engage in the following:

(a) preparing diagnostic statements or clinical management plans, strategies or procedures;

(b) communicating obtained observations or results to anyone other than the aide's supervising speech-language pathologist or audiologist;

(c) determining case selection;

(d) independently composing or signing clinical reports; except an aide may enter progress notes into the patient's file reflecting the results of the aide's assigned duties;

(e) independently diagnosing, treating, discharging of patient, or advising of patient disposition; and

(f) referral of a patient to other professionals or agencies.

(6) Upon the request of the Division, a licensee who employs an aide must provide documentation that the aide has met the qualifications as listed in Subsection (1), and that the aide is functioning under a utilization plan.

Notice of Continuation February 1, 2007

58-1-202(1)(a)

58-41-1

R156. Commerce, Occupational and Professional Licensing.**R156-70a. Physician Assistant Practice Act Rule.****R156-70a-101. Title.**

This rule is known as the "Physician Assistant Practice Act Rule".

R156-70a-102. Definitions.

In addition to the definitions in Title 58, Chapters 1 and 70a, as used in this rule:

(1) "Full time equivalent" or "FTE" means the equivalent of 2,080 hours of staff time for a one-year period.

(2) "Locum tenens" means a medical practice situation in which one physician assistant acts as a temporary substitute for the physician assistant who regularly will or does practice in that particular setting.

(3) "On-site supervision", as used in Section R156-70a-501, means the physician assistant will be working in the same location as the supervising physician.

R156-70a-103. Authority - Purpose.

This rule is adopted by the division under the authority of Subsection 58-1-106(1)(a) to enable the division to administer Title 58, Chapter 70a.

R156-70a-104. Organization - Relationship to Rule R156-1.

The organization of this rule and its relationship to Rule R156-1 is as described in Section R156-1-107.

R156-70a-302. Qualification for Licensure - Examination Requirements.

In accordance with Subsection 58-70a-302(5), the examinations which must be successfully passed by applicants for licensure as a physician assistant are:

(1) the National Commission on Certification of Physician Assistants (NCCPA); and

(2) the Utah Physicians Assistant Law and Rules Examination.

R156-70a-303. Renewal Cycle - Procedures.

(1) In accordance with Subsection 58-1-308(1), the renewal date for the two-year renewal cycle applicable to licensees under Title 58, Chapter 70a is established by rule in Section R156-1-308a.

(2) Renewal procedures shall be in accordance with Section R156-1-308c.

R156-70a-304. Continuing Education.

In accordance with Subsection 58-70a-304(1)(a), the requirements for qualified continuing professional education (CPE) are as follows:

(1) CPE shall consist of 40 hours in each preceding two year licensure cycle.

(2) A minimum of 34 hours shall be in category 1 offerings as established by the Accreditation Council for Continuing Medical Education (ACCME).

(3) Approved providers for ACCME offerings include the following:

(a) approved programs sponsored by the American Academy of Physician Assistants (AAPA); or

(b) programs approved by other health-related continuing education approval organizations, provided the continuing education is nationally recognized by a healthcare accredited agency and the education is related to the practice as a physician assistant.

(4) A maximum of six hours may be recognized for non-ACCME offerings of continuing education provided by the Division of Occupational and Professional Licensing.

(5) Where a licensee submits documentation to the Division of current national certification by NCCPA, such

certification shall be deemed to meet the requirements in Subsection (1).

(6) Continuing education under this section shall:

(a) be relevant to the licensee's professional practice;

(b) be prepared and presented by individuals who are qualified by education, training and experience to provide medical continuing education; and

(c) have a method of verification of attendance and completion.

(7) Credit for continuing education shall be recognized in 50 minute hour blocks of time for education completed in formally established classroom courses, seminars, lectures, conferences or training sessions which meet the criteria listed in Subsection (6) above.

(8) A licensee shall be responsible for maintaining competent records of completed continuing professional education for a period of four years after close of the two year period to which the records pertain. It is the responsibility of the licensee to maintain such information with respect to continuing professional education and to demonstrate it meets the requirements under this section. If requested, the licensee shall provide documentation of completed continuing education.

(9) Continuing professional education for licensees who have not been licensed for the entire two year period will be prorated from the date of licensure.

R156-70a-305. Exemptions from Licensure.

"Temporary basis", as used in Subsection 58-70a-305(1)(b)(ii), shall be limited as defined by the Delegation of Service Agreement and shall include the following:

(1) the circumstances and purpose under which any temporary supervision is permitted;

(2) the temporary supervision duties to be performed by the physician assistant;

(3) the amount of temporary supervision that is allowed; and

(4) how the physician will review the activities of students while under temporary supervision.

R156-70a-501. Working Relationship and Delegation of Duties.

In accordance with Section 58-70a-501, the working relationship and delegation of duties between the supervising physician and the physician assistant are specified as follows:

(1) The supervising physician shall provide supervision to the physician assistant to adequately serve the health care needs of the practice population and ensure that the patient's health, safety and welfare will not be adversely compromised. The degree of on-site supervision shall be outlined in the Delegation of Services Agreement maintained at the site of practice. Physician assistants may authenticate with their signature any form that may be authenticated by a physician's signature.

(2) There shall be a method of immediate consultation by electronic means whenever the physician assistant is not under the direct supervision of the supervising physician.

(3) The supervising physician shall review and co-sign sufficient numbers of patient charts and medical records to ensure that the patient's health, safety, and welfare will not be adversely compromised. The Delegation of Services Agreement, maintained at the site of practice, shall outline specific parameters for review that are appropriate for the working relationship.

(4) A supervising physician may not supervise more than four full time equivalent (FTE) physician assistants without the prior approval of the division in collaboration with the board, and only for extenuating circumstances with a written request with justification. The supervising physician shall ensure that patient health, safety, and welfare is not adversely compromised by supervising more physician assistants than the physician can

competently supervise.

R162. Commerce, Real Estate.**R162-2c. Utah Residential Mortgage Practices and Licensing Rules.****R162-2c-101. Title.**

This chapter is known as the "Utah Residential Mortgage Practices and Licensing Rules."

R162-2c-102. Definitions.

(1) The acronym "ALM" stands for associate lending manager.

(2) "Branch lending manager" means the person assigned to oversee a branch office. As of November 1, 2010:

(a) a branch office registering in the nationwide database or renewing its registration shall identify an ALM to serve as the branch lending manager; and

(b) the individual identified by the branch office must be qualified for licensure as a PLM.

(3) The acronym "BLM" stands for branch lending manager.

(4) "Certification" means authorization from the division to:

(a) establish and operate a school that provides courses for Utah-specific prelicensing education or continuing education; or

(b) function as an instructor for courses approved for Utah-specific prelicensing education or continuing education.

(5) "Credit hour" means 50 minutes of instruction within a 60-minute time period, allowing for a ten-minute break.

(6) "Control person" means any individual identified by an entity within the nationwide database as being primarily responsible for directing the management or policies of a company and may be:

(a) a manager;

(b) a managing partner;

(c) a director;

(d) an executive officer; or

(e) an individual who performs a function similar to an individual listed in this Subsection (6).

(7) "Individual applicant" means any individual who applies to obtain or renew a license to practice as a mortgage loan originator, principal lending manager, branch lending manager, or associate lending manager.

(8) "Instruction method" means the forum through which the instructor and student interact and may be:

(a) classroom: traditional instruction where instructors and students are located in the same physical location;

(b) classroom equivalent: an instructor-led course where the instructor and students may be in two or more physical locations; or

(c) online: instructor and student interact through an online classroom.

(9) "Instructor applicant" means any individual who applies to obtain or renew certification as an instructor of Utah-specific pre-licensing or continuing education courses.

(10) "Mortgage entity" means any entity that:

(a) engages in the business of residential mortgage lending;

(b) is required to be licensed under Section 61-2c-201; and

(c) operates under a business name or other trade name that is registered with the Division of Corporations and Commercial Code.

(11) "Nationwide database" means the Nationwide Mortgage Licensing System and Registry.

(12) "Other trade name" means any assumed business name under which an entity does business.

(13) The acronym "PLM" stands for principal lending manager.

(14) "Qualifying individual" means the PLM, managing principal, or qualified person who is identified on the MU1 form in the nationwide database as the person in charge of an entity.

(15) As used in Subsection R162-2c-201, "relevant information" includes:

(a) court dockets;

(b) charging documents;

(c) orders;

(d) consent agreements; and

(e) any other information the division may require.

(16) "Restricted license" means any license that is issued subject to a definite period of suspension or terms of probation.

(17) "School" means

(a) any college or university accredited by a regional accrediting agency that is recognized by the United States Department of Education;

(b) any community college;

(c) any vocational-technical school;

(d) any state or federal agency or commission;

(e) any nationally recognized mortgage organization that has been approved by the commission;

(f) any Utah mortgage organization that has been approved by the commission;

(g) any local mortgage organization that has been approved by the commission; or

(h) any proprietary mortgage education school that has been approved by the commission.

(18) "School applicant" means a director or owner of a school who applies to obtain or renew a school's certification.

R162-2c-201. Licensing and Registration Procedures.

(1) Mortgage loan originator.

(a) To obtain a Utah license to practice as a mortgage loan originator, an individual who is not currently and validly licensed in any state shall:

(i) evidence good moral character pursuant to R162-2c-202(1);

(ii) evidence competency to transact the business of residential mortgage loans pursuant to R162-2c-202(2);

(iii) obtain a unique identifier through the nationwide database;

(iv) successfully complete, within the 12-month period prior to the date of application, 60 hours of pre-licensing education as follows:

(A) 40 hours of Utah-specific education; and

(B) 20 hours as approved by the nationwide database according to the nationwide database outline for national course curriculum;

(v) take and pass the examinations that meet the requirements of Section 61-2c-204.1(4) and that:

(A) are approved and administered through the nationwide database; and

(B) consist of a national component and a Utah-specific state component;

(vi) request licensure as a mortgage loan originator through the nationwide database;

(vii) authorize a criminal background check and submit fingerprints through the nationwide database;

(viii) provide to the division all relevant information regarding "yes" answers to disclosure questions found within the application submitted on the MU4 form; and

(ix) pay all fees through the nationwide database as required by the division and by the nationwide database.

(b) To obtain a Utah license to practice as a mortgage loan originator, an individual who is currently and validly licensed in another state shall:

(i) evidence good moral character pursuant to R162-2c-202(1);

(ii) evidence competency to transact the business of residential mortgage loans pursuant to R162-2c-202(2);

(iii)(A) successfully complete, within the 12-month period prior to the date of application, 40 hours of Utah-specific

mortgage loan originator prelicensing education; and

(B) take and pass the Utah-specific state examination component;

(iv) provide to the division all relevant information regarding "yes" answers to disclosure questions found within the application submitted on the MU4 form;

(v) request licensure as a mortgage loan originator through the nationwide database;

(vi) authorize a criminal background check through the nationwide database; and

(vii) pay all fees through the nationwide database as required by the division and by the nationwide database.

(2) Principal lending manager. To obtain a Utah license to practice as a PLM, an individual shall:

(a) qualify as a mortgage loan originator through the nationwide database;

(b) evidence good moral character pursuant to R162-2c-202(1);

(c) evidence competency to transact the business of residential mortgage loans pursuant to R162-2c-202(2);

(d) obtain approval from the division to take the Utah-specific PLM prelicensing education by evidencing that the applicant has, within the five years preceding the date of application, had three years of full-time active experience as a mortgage loan originator;

(e) within the 12-month period preceding the date of application, successfully complete 40 hours of Utah-specific PLM prelicensing education as certified by the division;

(f)(i) if currently licensed in Utah as a mortgage loan originator, take and pass a principal lending manager examination as approved by the commission; or

(ii) if not currently licensed in Utah as a mortgage loan originator, take and pass:

(A) the Utah-specific state examination component; and

(B) a principal lending manager examination as approved by the commission;

(g) provide to the division all relevant information regarding "yes" answers to disclosure questions found within the application submitted on the MU4 form;

(h) register in the nationwide database by selecting the "principal lending manager" license type and completing the associated MU4 form; and

(i) pay all fees through the nationwide database as required by the division and by the nationwide database.

(3) Associate lending manager. To obtain a Utah license to practice as an ALM, an individual shall:

(a) comply with this Subsection (2)(a) through (g);

(b) register in the nationwide database by selecting the "associate lending manager" license type and completing the associated MU4 form; and

(c) pay all fees through the nationwide database as required by the division and by the nationwide database.

(4) Mortgage entity. To obtain a Utah license to operate as a mortgage entity, a person shall:

(a) establish that all control persons meet the requirements for moral character pursuant to R162-2c-202(1);

(b) establish that all control persons meet the requirements for competency pursuant to R162-2c-202(2);

(c) register any other trade name with the Division of Corporations and Commercial Code;

(d) register the entity in the nationwide database by:

(i) submitting an MU1 form that includes:

(A) all required identifying information;

(B) the name of the PLM who will serve as the entity's qualifying individual;

(C) the name of any individuals who may serve as control persons;

(D) the entity's registered agent; and

(E) any other trade name under which the entity will

operate; and

(ii) creating a sponsorship through the nationwide database that identifies the mortgage loan originator(s) sponsored by the entity;

(e) register any branch office operating from a different location than the entity;

(f) pay all fees through the nationwide database as required by the division and by the nationwide database;

(g) provide to the division proof that any assumed business name or other trade name is registered with the Division of Corporations and Commercial Code;

(h) provide to the division all court documents related to any criminal proceeding not disclosed through a previous application or renewal and involving any control person;

(i) provide to the division complete documentation of any action taken by a regulatory agency against:

(i) the entity itself; or

(ii) any control person; and

(iii) not disclosed through a previous application or renewal; and

(j) provide to the division a notarized letter on company letterhead, signed by the owner or president of the entity, authorizing the PLM to use the entity's name.

(5) Branch office.

(a) To register a branch office with the division, a person shall:

(i) obtain a Utah entity license for the entity under which the branch office will be registered;

(ii) submit to the nationwide database an MU3 form that includes:

(A) all required identifying information; and

(B) if registering on or after November 1, 2010, the name of the ALM who will serve as the branch lending manager;

(iii) create a sponsorship through the nationwide database that identifies the mortgage loan originator(s) who will work from the branch office; and

(iv) pay all fees through the nationwide database as required by the division and by the nationwide database.

(b) A person who registers another trade name and operates under that trade name from an address that is different from the address of the entity shall register the other trade name as a branch office pursuant to this Subsection (5).

(6) Licenses not transferable.

(a) A licensee shall not transfer the licensee's license to any other person.

(b) A licensee shall not allow any other person to work under the licensee's license.

(c) If a change in corporate structure of a licensed entity creates a separate and unique legal entity, that entity shall obtain a unique license, and shall not operate under any existing license.

(7) Expiration of test results.

(a) Scores for the mortgage loan originator licensing examination shall be valid for five years.

(b) Scores for the PLM exam shall be valid for 90 days.

(8) Incomplete PLM or ALM application.

(a) The division may grant a 30-day extension of the 90-day application window upon a finding that:

(i) an applicant has made a good faith attempt to submit a completed application; but

(ii) requires more time to provide missing documents or to obtain additional information.

(b) If the applicant does not supply the required documents or information within the 30-day extension, the division may deny the application as incomplete.

(9) Nonrefundable fees. All fees are nonrefundable, regardless of whether an application is granted or denied.

(10) Other trade names.

(a) The division shall not approve a license for any person

operating under an assumed business name that poses a reasonable likelihood of misleading the public into thinking that the person is:

- (i) endorsed by the division, the state government, or the federal government;
- (ii) an agency of the state or federal government; or
- (iii) not engaged in the business of residential mortgage loans.

(b) A mortgage entity that operates under another trade name shall register the other trade name by including it on the MU1 form and obtaining the required registration.

R162-2c-202. Qualifications for Licensure.

(1) Character. Individual applicants and control persons shall evidence good moral character, honesty, integrity, and truthfulness.

- (a) An applicant shall be denied a license for:
 - (i) criminal history as outlined in Section 61-2c-203(1)(a)-(f);
 - (ii) any misdemeanor involving fraud, misrepresentation, theft, or dishonesty that resulted in:
 - (A) a conviction occurring within three years of the date of application;
 - (B) a plea agreement occurring within three years of the date of application; or
 - (C) a jail or prison release date falling within three years of the date of application.

(b) An applicant may be denied a license or issued a restricted license for incidents in the applicant's past that reflect negatively on the applicant's moral character, honesty, integrity, and truthfulness. In evaluating an applicant for these qualities, the division and commission may consider any evidence, including the following:

- (i) criminal convictions or plea agreements entered more than three years prior to the date of application, with particular consideration given to convictions or plea agreements relative to charges that involve moral turpitude;
- (ii) the circumstances that led to any criminal conviction or plea agreement under consideration;
- (iii) past acts related to honesty or moral character, with particular consideration given to any such acts involving the business of residential mortgage loans;
- (iv) dishonest conduct that would be grounds under Utah law for sanctioning an existing licensee;
- (v) civil judgments in lawsuits brought on grounds of fraud, misrepresentation, or deceit;
- (vi) court findings of fraudulent or deceitful activity;
- (vii) evidence of non-compliance with court orders or conditions of sentencing;
- (viii) evidence of non-compliance with:
 - (A) terms of a diversion agreement still subject to prosecution;
 - (B) a probation agreement; or
 - (C) a plea in abeyance; or
 - (ix) failure to pay taxes or child support obligations.

(2) Competency. Individual applicants and control persons shall evidence competency to transact the business of residential mortgage loans. In evaluating an applicant for competency, the division and commission may consider any evidence that reflects negatively on an applicant's competency, including:

- (a) civil judgments, with particular consideration given to any such judgments involving the business of residential mortgage loans;
- (b) failure to satisfy a civil judgment that has not been discharged in bankruptcy;
- (c) failure of any previous mortgage loan business in which the individual was engaged, as well as the circumstances surrounding that failure;
- (d) evidence as to the applicant's business management

and employment practices, including the payment of employees, independent contractors, and third parties;

- (e) the extent and quality of the applicant's training and education in mortgage lending;
 - (f) the extent and quality of the applicant's training and education in business management;
 - (g) the extent of the applicant's knowledge of the Utah Residential Mortgage Practices Act;
 - (h) evidence of disregard for licensing laws;
 - (i) evidence of drug or alcohol dependency;
 - (j) sanctions placed on professional licenses; and
 - (k) investigations conducted by regulatory agencies relative to professional licenses.
- (3) Age. An applicant shall be at least 18 years of age.
- (4) Minimum education. An applicant shall have a high school diploma, GED, or equivalent education as approved by the commission.

R162-2c-203. Utah-Specific Education Certification.

- (1) School certification.
 - (a) A school offering Utah-specific education shall certify with the division before providing any instruction.
 - (b) To certify, a school applicant shall prepare and supply the following information to the division:
 - (i) contact information, including:
 - (A) name, phone number, and address of the physical facility;
 - (B) name, phone number, and address of any school director;
 - (C) name, phone number, and address of any school owner; and
 - (D) an e-mail address where correspondence will be received by the school;
 - (ii) evidence that all school directors and owners meet the moral character requirements outlined in R162-2c-202(1) and the competency requirements outlined in R162-2c-202(2);
 - (iii) school description, including:
 - (A) type of school; and
 - (B) description of the school's physical facilities;
 - (iv) list of courses offered;
 - (v) proof that each course has been certified by the division;
 - (vi) list of the instructor(s), including any guest lecturer(s), who will be teaching each course;
 - (vii) proof that each instructor:
 - (A) has been certified by the division;
 - (B) is qualified as a guest lecturer; or
 - (C) is exempt from certification under Subsection 203(5)(f);
 - (viii) schedule of courses offered, including the days, times, and locations of classes;
 - (ix) statement of attendance requirements as provided to students;
 - (x) refund policy as provided to students;
 - (xi) disclaimer as provided to students; and
 - (xii) criminal history disclosure statement as provided to students.
- (c) Minimum standards.
 - (i) The course schedule may not provide or allow for more than eight credit hours per student per day.
 - (ii) The attendance statement shall require that each student attend at least 90% of the scheduled class time.
 - (iii) The disclaimer shall adhere to the following requirements:
 - (A) be typed in all capital letters at least 1/4 inch high; and
 - (B) state the following language: "Any student attending (school name) is under no obligation to affiliate with any of the mortgage entities that may be soliciting for licensees at this school."

- (iv) The criminal history disclosure statement shall:
- (A) be provided to students while they are still eligible for a full refund; and
 - (B) clearly inform the student that upon application with the nationwide database, the student will be required to:
 - (I) accurately disclose the student's criminal history according to the licensing questionnaire provided by the nationwide database and authorized by the division; and
 - (II) provide to the division complete court documentation relative to any criminal proceeding that the applicant is required to disclose;
 - (C) clearly inform the student that the division will consider the applicant's criminal history pursuant to R162-2c-202(1) in making a decision on the application; and
 - (D) include a section for the student's attestation that the student has read and understood the disclosure.
 - (d) Within 15 calendar days after the occurrence of any material change in the information outlined in Subsection (1), the school shall provide to the division written notice of that change.
 - (e) A school certification expires 24 months from the date of issuance and must be renewed before the expiration date in order for the school to remain in operation. To renew, a school applicant shall:
 - (i) complete a renewal application as provided by the division; and
 - (ii) pay a nonrefundable renewal fee.
 - (2) Utah-specific course certification.
 - (a) A school providing a Utah-specific course shall certify the course with the division before offering the course to students.
 - (b) Application shall be made at least 30 days prior to the date on which a course requiring certification is proposed to begin.
 - (c) To certify a course, a school applicant shall prepare and supply the following information:
 - (i) instruction method;
 - (ii) outline of the course, including:
 - (A) a list of subjects covered in the course;
 - (B) reference to the approved course outline for each subject covered;
 - (C) length of the course in terms of hours spent in classroom instruction;
 - (D) number of course hours allocated for each subject;
 - (E) at least three learning objectives for every hour of classroom time;
 - (F) instruction format for each subject; i.e. lecture or media presentation;
 - (G) name and credentials of any guest lecturer; and
 - (H) list of topic(s) and session(s) taught by any guest lecturer;
 - (iii) a list of the titles, authors, and publishers of all required textbooks;
 - (iv) copies of any workbook used in conjunction with a non-lecture method of instruction;
 - (v) the number of quizzes and examinations; and
 - (vi) the grading system, including methods of testing and standards of grading.
 - (d) Minimum standards.
 - (i) All texts, workbooks, supplement pamphlets and other materials shall be appropriate, current, accurate, and applicable to the required course outline.
 - (ii) The course shall cover all of the topics set forth in the associated outline.
 - (iii) The lecture method shall be used for at least 50% of course instruction unless the division gives special approval otherwise.
 - (iv) A school applicant that uses a non-lecture method for any portion of course instruction shall provide to the student:
 - (A) an accompanying workbook as approved by the division for the student to complete during the instruction; and
 - (B) a certified instructor available within 48 hours of the non-lecture instruction to answer student questions.
 - (v) The division shall not approve an online education course unless:
 - (A) there is a method to ensure that the enrolled student is the person who actually completes the course;
 - (B) the time spent in actual instruction is equivalent to the credit hours awarded for the course; and
 - (C) there is a method to ensure that the student comprehends the material.
 - (3) Course expiration and renewal.
 - (a) A certification for a 40-hour Utah-specific prelicensing course expires two years from the date of certification.
 - (b) As of January 1, 2010, a 20-hour Utah-specific prelicensing course certified by the division shall be deemed expired, regardless of any expiration date printed on the certification.
 - (c)(i) A division-approved continuing education course shall expire on whichever of the following occurs first:
 - (A) the expiration date printed on the certificate; or
 - (B) December 31, 2010.
 - (ii) To renew a division-approved continuing education course, a school applicant shall, within six months following the expiration date:
 - (A) complete a renewal form as provided by the division; and
 - (B) pay a nonrefundable renewal fee.
 - (iii) To certify a continuing education course that has been expired for more than six months, a school applicant shall resubmit it as if it were a new course.
 - (iv) After a continuing education course has been renewed three times, a school applicant shall submit it for certification as if it were a new course.
 - (d) The division shall cease reviewing and certifying courses for continuing education on December 30, 2010.
 - (e) As of January 1, 2011, any course offered for continuing education shall be approved through the nationwide database.
 - (4) Education committee.
 - (a) The commission may appoint an education committee to:
 - (i) assist the division and the commission in approving course topics; and
 - (ii) make recommendations to the division and the commission about:
 - (A) whether a particular course topic is relevant to residential mortgage principles and practices; and
 - (B) whether a particular course topic would tend to enhance the competency and professionalism of licensees.
 - (b) The division and the commission may accept or reject the education committee's recommendation on any course topic.
 - (5) Instructor certification.
 - (a) Except as provided in Subsection (f), an instructor shall certify with the division before teaching a Utah-specific course.
 - (b) Application shall be made at least 30 days prior to the date on which the instructor proposes to begin teaching.
 - (c) To certify as an instructor of mortgage loan originator prelicensing courses, an individual shall provide evidence of:
 - (i) a high school diploma or its equivalent;
 - (ii)(A) at least five years of experience in the residential mortgage industry within the past ten years; or
 - (B) successful completion of appropriate college-level courses specific to the topic proposed to be taught;
 - (iii)(A) a minimum of twelve months of full-time teaching experience;
 - (B) part-time teaching experience that equates to twelve months of full-time teaching experience; or

(C) participation in instructor development workshops totaling at least two days in length; and

(iv) having passed, within the six-month period preceding the date of application, the principal lending manager licensing examination.

(d) To certify as an instructor of PLM prelicensing courses, an individual shall:

(i) meet the general requirements of this Subsection 5(c); and

(ii) meet the specific requirements for any of the following courses the individual proposes to teach.

(A) Management of a Residential Mortgage Loan Office: at least two years practical experience in managing an office engaged in the business of residential mortgage loans.

(B) Mortgage Lending Law: two years practical experience in the field of real estate law; and either:

(I) current active membership in the Utah Bar Association; or
(II) degree from an American Bar Association accredited law school.

(C) Advanced Appraisal:

(I) at least two years practical experience in appraising; and

(II) current state-certified appraiser license.

(D) Advanced Finance:

(I) at least two years practical experience in real estate finance; and

(II) association with a lending institution as a loan originator.

(e) To certify as an instructor of continuing education courses, an individual shall demonstrate:

(i) knowledge of the subject matter of the course proposed to be taught, as evidenced by:

(A) at least three years of experience in a profession, trade, or technical occupation in a field directly related to the course;

(B) a bachelor or higher degree in the field of real estate, business, law, finance, or other academic area directly related to the course; or

(C) a combination of experience and education acceptable to the division; and

(ii) ability to effectively communicate the subject matter, as evidenced by:

(A) a state teaching certificate;

(B) successful completion of college courses acceptable to the division in the field of education;

(C) a professional teaching designation from the National Association of Mortgage Brokers, the Real Estate Educators Association, the Mortgage Bankers Association of America, or a similar association; or

(D) other evidence acceptable to the division that the applicant has the ability to teach in schools, seminars, or equivalent settings.

(f) The following instructors are not required to be certified by the division:

(i) a guest lecturer who:

(A) is an expert in the field on which instruction is given;

(B) provides to the division a resume or similar documentation evidencing satisfactory knowledge, background, qualifications, and expertise; and

(C) teaches no more than 20% of the course hours;

(ii) a college or university faculty member who evidences academic training, industry experience, or other qualifications acceptable to the division;

(iii) an individual who:

(A) evidences academic training, industry experience, or other qualifications satisfactory to the division; and

(B) receives approval from the commission; and

(iv) a division employee.

(g) Renewal.

(i) An instructor certification for prelicensing education expires 24 months from the date of issuance and shall be renewed before the expiration date. To renew, an applicant shall submit to the division:

(A) evidence of having taught at least 20 hours of classroom instruction in a certified mortgage education course during the preceding two years;

(B) evidence of having attended an instructor development workshop sponsored by the division during the preceding two years; and

(C) a renewal fee as required by the division.

(ii) An instructor certification for division-approved continuing education expires 24 months from the date of issuance and shall be renewed before the expiration date. To renew, an applicant shall submit to the division:

(A) evidence of having taught at least one class in the subject area for which renewal is sought within the year preceding the date of application; or

(B)(I) written explanation for why the instructor has not taught a class in the subject area within the past year; and

(II) documentation to evidence that the applicant maintains the required expertise in the subject matter; and

(C) a renewal fee as required by the division.

(iii) An instructor certification issued by the division on or before December 31, 2010 for continuing education shall expire December 31, 2010.

(iv) The division shall cease certifying instructors for continuing education on December 30, 2010.

(v) As of January 1, 2011, any instructor proposing to teach a continuing education course shall certify through the nationwide database.

(h) Reinstatement.

(i) An instructor may reinstate an expired certification within 30 days of expiration by:

(A) complying with Subsection (g) as applicable to the type of course taught; and

(B) paying an additional non-refundable late fee.

(ii) Until six months following the date of expiration, an instructor may reinstate a certification that has been expired more than 30 days by:

(A) complying with Subsection (g) as applicable to the type of course taught;

(B) paying an additional non-refundable late fee; and

(C) completing six classroom hours of education related to residential mortgages or teaching techniques.

(6)(a) The division may monitor schools and instructors for:

(i) adherence to course content;

(ii) quality of instruction and instructional materials; and

(iii) fulfillment of affirmative duties as outlined in R162-2c-301(6)(a) and R162-2c-301(7)(a).

(b) To monitor schools and instructors, the division may:

(i) collect and review evaluation forms; or

(ii) assign an evaluator to attend a course and make a report to the division.

R162-2c-204. License Renewal.

(1) Renewal period.

(a) Any person who holds an active license as of October 31 shall renew by December 31 of the same calendar year.

(b) Any person who obtains a license on or after November 1 shall renew by December 31 of the following calendar year.

(2) Qualification for renewal.

(a) Character.

(i) Individuals and control persons applying for a renewed license shall evidence that they maintain good moral character, honesty, integrity, and truthfulness as required for initial licensure.

(ii) An individual applying for a renewed license may not have:

(A) a felony that resulted in a conviction or plea agreement during the renewal period; or

(B) a finding of fraud, misrepresentation, or deceit entered against the applicant by a court of competent jurisdiction or a government agency and occurring within the renewal period.

(iii) The division may deny an individual applicant a renewed license upon evidence, as outlined in R162-2c-202(1)(b), of circumstances that reflect negatively on the applicant's character, honesty, integrity, or truthfulness and that:

(A) occurred during the renewal period; or

(B) were not disclosed and considered in a previous application or renewal.

(iv) The division may deny an entity applicant a renewed license upon evidence that a control person fails to meet the standards for character, honesty, integrity, and truthfulness required of individual applicants.

(b) Competency.

(i) Individual applicants and control persons shall evidence that they maintain the competency required for initial licensure.

(ii) The division may deny an individual applicant a renewed license upon evidence, as outlined in R162-2c-202(2), of circumstances that reflect negatively on the applicant's competency and that:

(A) occurred during the renewal period; or

(B) were not disclosed and considered in a previous application or renewal.

(iii) The division may deny an entity applicant a renewed license upon evidence that a control person fails to meet the standard for competency required of individual applicants.

(c) Continuing education.

(i) Beginning January 1, 2011, an individual who holds an active license as of October 31 of the calendar year shall complete, within the renewal period ending December 31 of the same calendar year, eight hours of non-duplicative continuing education:

(A) approved through the nationwide database; and

(B) consisting of:

(I) three hours federal laws and regulations;

(II) two hours ethics (fraud, consumer protection, fair lending);

(III) two hours non-traditional; and

(IV) one hour elective.

(ii) An individual who obtains a license on or after November 1 of the calendar year is exempt from continuing education for the renewal period ending December 31 of the same calendar year.

(iii) Continuing education courses shall be completed within the renewal period.

(iv) Continuing education courses shall be non-duplicative of courses taken in the preceding renewal period.

(3) Renewal procedures for the renewal period ending December 31, 2010. In order to renew by December 31, 2010:

(a) an individual licensee shall:

(i) evidence having completed a minimum of:

(A) 20 hours of prelicensing education as approved by:

(I) the division; or

(II) the nationwide database; or

(B) 28 hours of division-approved continuing education in the two previous renewal cycles;

(ii) evidence having taken and passed a Utah licensing examination as approved by the commission;

(iii) register in the nationwide database by May 31, 2010;

(iv)(A) evidence having completed, since the date of last renewal, continuing education approved by either the division or the nationwide database, non-duplicative of any hours required to satisfy the registration education requirement under this Subsection (3)(a)(i), and:

(I) totaling 14 hours if licensed as of October 1, 2009; or
(II) totaling eight hours if licensed on or after October 1, 2009; or

(B) if licensed as a mortgage loan originator, evidence having completed, since January 1, 2010, all requirements to obtain an ALM or a PLM license, pursuant to Subsection R162-2c-201;

(v) take and pass the national component of the licensing examination as approved by the nationwide database;

(vi) submit to the division the jurisdiction-specific documents and information required by the nationwide database; and

(vii) submit through the nationwide database:

(A) a request for renewal; and

(B) all fees as required by the division and by the nationwide database.

(b) an entity licensee shall:

(i) register in the nationwide database by May 31, 2010;

(ii) submit to the division the jurisdiction-specific documents and information required by the nationwide database;

(iii) submit through the nationwide database a request for renewal;

(iv) renew the registration of any branch office or other trade name registered under the license of the entity; and

(v) pay through the nationwide database all renewal fees required by the division and by the nationwide database.

(4) Renewal procedures for the renewal period ending December 31, 2011. In order to renew by December 31, 2011,

(a) an individual licensee shall:

(i) evidence having completed, since the date of last renewal, continuing education:

(A) as required by Subsection (2)(c);

(B) non-duplicative of any continuing education hours taken in the previous renewal cycle; and

(C) approved by the nationwide database;

(ii) submit to the division the jurisdiction-specific documents and information required by the nationwide database; and

(iii) submit through the nationwide database:

(A) a request for renewal; and

(B) all fees as required by the division and by the nationwide database.

(b) an entity licensee shall:

(i) submit through the nationwide database a request for renewal;

(ii) submit to the division the jurisdiction-specific documents and information required by the nationwide database;

(iii) renew the registration of any branch office or other trade name registered under the entity license; and

(iv) pay through the nationwide database all renewal fees required by the division and by the nationwide database.

(5) Reinstatement.

(a) To reinstate an expired license, a person shall, by February 28 of the calendar year following the date on which the license expired:

(i) comply with all requirements for an on-time renewal; and

(ii) pay through the nationwide database all late fees and other fees as required by the division and the nationwide database.

(b) A person may not reinstate a license after February 28. To obtain a license after the reinstatement period described in Subsection (5)(a) expires, a person shall reapply as a new applicant.

R162-2c-205. Notification of Changes.

(1) An individual licensee who is registered with the

nationwide database shall:

(a) enter into the national database any change in the following:

- (i) name of licensee;
- (ii) contact information for licensee, including:
 - (A) mailing address;
 - (B) telephone number(s); and
 - (C) e-mail address(es);
- (iii) sponsoring entity; and
- (iv) license status (sponsored or non-sponsored); and
- (b) pay all change fees charged by the national database and the division.

(2) An entity licensee shall:

(a) enter into the national database any change in the following:

- (i) name of licensee;
- (ii) contact information for licensee, including:
 - (A) mailing address;
 - (B) telephone number(s);
 - (C) fax number(s); and
 - (D) e-mail address(es);
- (iii) sponsorship information;
- (iv) control person(s);
- (v) qualifying individual;
- (vi) license status (sponsored or non-sponsored); and
- (vii) branch offices or other trade names registered under the entity license; and
- (b) pay any change fees charged by the national database and the division.

R162-2c-209. Sponsorship.

(1) A mortgage loan originator who is sponsored by an entity may operate and advertise under the name of:

- (a) the entity;
- (b) a branch office registered under the license of the entity; or
- (c) another trade name registered under the license of the entity.

(2) A mortgage loan originator who operates or advertises under a name other than that of the entity by which the mortgage loan originator is sponsored:

- (a) shall exercise due diligence to verify that the name being used is properly registered under the entity license; and
- (b) shall not be immune from discipline if the individual conducts the business of residential mortgage loans on behalf of more than one entity, in violation of Section 61-2c-209(4)(b)(iii).

R162-2c-301. Unprofessional Conduct.

(1) Mortgage loan originator.

(a) Affirmative duties. A mortgage loan originator who fails to fulfill any affirmative duty shall be subject to discipline under Sections 61-2c-401 through 405. A mortgage loan originator shall:

- (i) solicit business and market products solely in the name of the mortgage loan originator's sponsoring entity;
- (ii) conduct the business of residential mortgage loans solely in the name of the mortgage loan originator's sponsoring entity;
- (iii) remit to any third party service provider the fee(s) that have been collected from a borrower on behalf of the third party service provider, including:
 - (A) appraisal fees;
 - (B) inspection fees;
 - (C) credit reporting fees; and
 - (D) insurance premiums;
- (iv) turn all records over to the sponsoring entity for proper retention and disposal;
- (v) comply with a division request for information within

10 business days of the date of the request; and

(vi) retain certificates to prove completion of continuing education requirements for at least two years from the date of renewal.

(b) Prohibited conduct. A mortgage loan originator who engages in any prohibited activity shall be subject to discipline under Sections 61-2c-401 through 405. A mortgage loan originator may not:

- (i) charge for services not actually performed;
- (ii) require a borrower to pay more for third party services than the actual cost of those services;
- (iii) withhold, without reasonable justification, payment owed to a third party service provider in connection with the business of residential mortgage loans;
- (iv) alter an appraisal of real property; or
- (v) unless acting under a valid real estate license and not under a mortgage license, perform any act that requires a real estate license under Title 61, Chapter 2f, including:
 - (A) providing a buyer or seller of real estate with a comparative market analysis;
 - (B) assisting a buyer or seller to determine the offering price or sales price of real estate;
 - (C) representing or assisting a buyer or seller of real estate in negotiations concerning a possible sale of real estate;
 - (D) advertising the sale of real estate by use of any advertising medium;
 - (E) preparing, on behalf of a buyer or seller, a Real Estate Purchase Contract, addendum, or other contract for the sale of real property; or
 - (F) altering, on behalf of a buyer or seller, a Real Estate Purchase Contract, addendum, or other contract for the sale of real property.

(c) A mortgage loan originator does not engage in an activity requiring a real estate license where the mortgage loan originator:

- (i) offers advice about the consequences that the terms of a purchase agreement might have on the terms and availability of various mortgage products;
- (ii) owns real property that the mortgage loan originator offers "for sale by owner"; or
- (iii) advertises mortgage loan services in cooperation with a "for sale by owner" seller where the advertising clearly identifies:
 - (A) the owner's contact information;
 - (B) the owner's role;
 - (C) the mortgage loan originator's contact information;

and

- (D) the specific mortgage-related services that the mortgage loan originator may provide to a buyer; or
- (iv) advertises in conjunction with a real estate brokerage where the advertising clearly identifies the:
 - (A) contact information for the brokerage;
 - (B) role of the brokerage;
 - (C) mortgage loan originator's contact information; and
 - (D) specific mortgage-related services that the mortgage loan originator may provide to a buyer.

(2) PLM.

(a) Affirmative duties. A PLM who fails to fulfill any affirmative duty shall be subject to discipline under Sections 61-2c-401 through 405. A PLM shall:

- (i) be accountable for the affirmative duties outlined in Subsection (1)(a);
- (ii) provide to all sponsored mortgage loan originators and unlicensed staff specific written policies as to their affirmative duties and prohibited activities, as established by:
 - (A) federal law governing residential mortgage lending;
 - (B) state law governing residential mortgage lending and including the Utah Residential Mortgage Practices Act; and
 - (C) administrative rules promulgated by the division under

authority of the Utah Residential Mortgage Practices Act;

(iii) exercise reasonable supervision over all sponsored mortgage loan originators and over all unlicensed staff by:

(A) directing the details and means of their work activities;

(B) requiring that they read and agree to comply with the Utah Residential Mortgage Practices Act and the rules promulgated thereunder;

(C) requiring that they conduct all residential mortgage loan business in the name of the sponsoring entity; and

(D) prohibiting unlicensed staff from engaging in any activity that requires licensure;

(iv) establish and enforce written policies and procedures for ensuring the independent judgment of any underwriter employed by the PLM's sponsoring entity;

(v) establish and follow procedures for responding to all consumer complaints;

(vi) personally review any complaint relating to conduct by a sponsored mortgage loan originator or unlicensed staff member that might constitute a violation of federal law, state law, or division administrative rules;

(vii) establish and maintain a quality control plan that:

(A) complies with HUD/FHA requirements;

(B) complies with Freddie Mac and Fannie Mae requirements; or

(C) includes, at a minimum, procedures for:

(I) performing pre-closing and post-closing audits of at least ten percent of all loan files; and

(II) taking corrective action for problems identified through the audit process; and

(viii) review for compliance with applicable federal and state laws all advertising and marketing materials and methods used by:

(A) the PLM's sponsoring entity; and

(B) the entity's sponsored mortgage loan originators.

(b) A PLM who hires ALM(s) as needed to assist in accomplishing the required affirmative duties shall:

(i) actively supervise any such ALM; and

(ii) remain personally responsible and accountable for adequate supervision of all sponsored mortgage loan originators and unlicensed staff.

(c) A PLM who manages an entity that operates a branch office shall:

(i) actively supervise the BLM who manages the branch office; and

(ii) remain personally responsible and accountable for adequate supervision of:

(A) mortgage loan originators sponsored by the branch office;

(B) unlicensed staff working at the branch office; and

(C) operations and transactions conducted by the branch office.

(d) Prohibited conduct. A PLM who engages in any prohibited activity shall be subject to discipline under Sections 61-2c-401 through 405. A PLM may not engage in any activity that is prohibited for a mortgage loan originator or a mortgage entity.

(e) A BLM:

(i) shall be subject to the same affirmative duties as a PLM; and

(ii) may not engage in any activity that is prohibited for a mortgage loan originator or a mortgage entity.

(3) Mortgage entity.

(a) Affirmative duties. A mortgage entity that fails to fulfill any affirmative duty shall be subject to discipline under Sections 61-2c-401 through 405. A mortgage entity shall:

(i) remit to any third party service provider the fee(s) that have been collected from a borrower on behalf of the third party service provider, including:

(A) appraisal fees;

(B) inspection fees;

(C) credit reporting fees; and

(D) insurance premiums;

(ii) retain and dispose of records according to R162-2c-302; and

(iii) comply with a division request for information within 10 business days of the date of the request.

(b) Prohibited conduct. A mortgage entity shall be subject to discipline under Sections 61-2c-401 through 405 if:

(i) any sponsored mortgage loan originator or PLM engages in any prohibited conduct; or

(ii) any unlicensed employee performs an activity for which licensure is required.

(4) Reporting unprofessional conduct.

(a) The division shall report in the nationwide database any disciplinary action taken against a licensee for unprofessional conduct.

(b) The division may report in the nationwide database a complaint that the division has assigned for investigation.

(c) A licensee may challenge the information entered by the division into the nationwide database pursuant to Section 63G-2-603.

(5) School.

(a) Affirmative duties. A school that fails to fulfill any affirmative duty shall be subject to discipline under Sections 61-2c-401 through 405. A school shall:

(i) within 15 calendar days of any material change in the information outlined in R162-2c-203(1)(b), provide to the division written notice of the change;

(ii) with regard to the criminal history disclosure required under R162-2c-203(1)(b)(xii),

(A) obtain each student's signature before allowing the student to participate in course instruction;

(B) retain each signed criminal history disclosure for a minimum of two years; and

(C) make any signed criminal history disclosure available to the division upon request;

(iii) maintain a record of each student's attendance for a minimum of five years after enrollment;

(iv) upon request of the division, substantiate any claim made in advertising materials;

(v) maintain a high quality of instruction;

(vi) adhere to all state laws and regulations regarding school and instructor certification;

(vii) provide the instructor(s) for each course with the required course content outline;

(viii) require instructors to adhere to the approved course content;

(ix)(A) at the conclusion of each class, require each student to complete a standard evaluation form as provided by the division; and

(B) return the completed evaluation forms to the division in a sealed envelope within 10 days of the last class session; and

(x) comply with a division request for information within 10 business days of the date of the request.

(b) Prohibited conduct. A school that engages in any prohibited activity shall be subject to discipline under Sections 61-2c-401 through 405. A school may not:

(i) accept payment from a student without first providing to that student the information outlined in R162-2c-203(1)(b)(ix) through (xii);

(ii) continue to operate after the expiration date of the school certification and without renewing;

(iii) continue to offer a course after its expiration date and without renewing;

(iv) allow an instructor whose instructor certification has expired to continue teaching;

(v) allow an individual student to earn more than eight credit hours of education in a single day;

(vi) award credit to a student who has not complied with the minimum attendance requirements;

(vii) allow a student to obtain credit for all or part of a course by taking an examination in lieu of attending the course;

(viii) give valuable consideration to a person licensed with the division under Section 61-2c for referring students to the school;

(ix) accept valuable consideration from a person licensed with the division under Section 61-2c for referring students to a licensed mortgage entity;

(x) allow licensed mortgage entities to solicit prospective mortgage loan originators at the school during class time or during the 10-minute break that is permitted during each hour of instruction;

(xi) require a student to attend any program organized for the purpose of solicitation;

(xii) make a misrepresentation in its advertising;

(xiii) advertise in any manner that denigrates the mortgage profession;

(xiv) advertise in any manner that disparages a competitor's services or methods of operation;

(xv) advertise or teach any course that has not been certified by the division;

(xvi) advertise a course with language that indicates division approval is pending or otherwise forthcoming; or

(xvii) attempt by any means to obtain or to use in its educational offerings the questions from any mortgage examination unless the questions have been dropped from the current bank of exam questions.

(6) Instructor.

(a) Affirmative duties. An instructor who fails to fulfill any affirmative duty shall be subject to discipline under Sections 61-2c-401 through 405. An instructor shall:

(i) adhere to the approved outline for any course taught;

(ii)(A) at the conclusion of each class, require each student to complete a standard evaluation form as provided by the division; and

(B) return the completed evaluation forms to the division in a sealed envelope within 10 days of the last class session; and

(iii) comply with a division request for information within 10 business days of the date of the request.

(b) Prohibited conduct. An instructor who engages in any prohibited activity shall be subject to discipline under Sections 61-2c-401 through 405. An instructor may not:

(i) continue to teach any course after the instructor's certification has expired and without renewing the instructor's certification; or

(ii) continue to teach any course after the course has expired and without renewing the course certification.

R162-2c-302. Requirements for Record Retention and Disposal.

(1) Record Retention.

(a) An entity licensed under the Utah Residential Mortgage Practices Act shall maintain for the period set forth in Section 61-2c-302 the following records:

(i) application forms;

(ii) disclosure forms;

(iii) truth-in-lending forms;

(iv) credit reports and the explanations therefor;

(v) conversation logs;

(vi) verifications of employment, paycheck stubs, and tax returns;

(vii) proof of legal residency, if applicable;

(viii) appraisals, appraisal addenda, and records of communications between the appraiser and the registrant, licensee, and lender;

(ix) underwriter denials;

(x) notices of adverse action;

(xi) loan approval; and

(xii) all other records required by underwriters involved with the transaction or provided to a lender.

(b) Records may be maintained electronically if the storage system complies with Title 46 Chapter 04, Utah Uniform Electronic Transactions Act.

(c) A licensed entity shall make all records available to the division pursuant to Section 61-2c-302(3).

(d) An individual who terminates sponsorship with an entity shall turn over to the entity any records in the individual's possession at the time of termination.

(2) Record Disposal. A person who disposes of records at the end of the retention period shall take reasonable measures to safeguard personal information as that term is defined in Section 13-44-102.

(3) Responsible Party.

(a) If a licensed entity is actively engaged in the business of residential mortgage loans, the PLM is responsible for proper retention and disposal of records.

(b) If a licensed entity ceases doing business in Utah, the control person(s) as of its last day of operation are responsible for proper retention and disposal of records.

R162-2c-401. Administrative Proceedings.

(1) Request for agency action.

(a) If completed in full and submitted in compliance with the rules promulgated by the division, the following shall be deemed a request for agency action under Utah Administrative Procedures Act, Section 63G-4-102, et seq.:

(i) an original or renewal application for a license;

(ii) an original or renewal application for a school certification;

(iii) an original or renewal application for a course certification; and

(iv) an original or renewal application for an instructor certification.

(b) Any other request for agency action shall:

(i) be in writing;

(ii) be signed by the requestor; and

(iii) comply with Utah Administrative Procedures Act, Section 63G-4-201(3).

(c) The following shall not be deemed a request for agency action under Utah Administrative Procedures Act, Section 63G-4-102, et seq., even if submitted in compliance with this Subsection (1)(b):

(i) a complaint against a licensee; and

(ii) a request that the division commence an investigation or a disciplinary action against a licensee.

(2) Formal adjudicative proceedings. An adjudicative proceeding conducted subsequent to the issuance of a cease and desist order shall be conducted as a formal adjudicative proceeding.

(3) Informal adjudicative proceedings.

(a) All adjudicative proceedings as to any matter not specifically designated as requiring a formal adjudicative proceeding shall be conducted as informal adjudicative proceedings. These informal proceedings shall include:

(i) a proceeding on an original or renewal application for a license;

(ii) a proceeding on an original or renewal application for a school, instructor, or course certification; and

(iii) except as provided in Section 63G-4-502, a proceeding for disciplinary action commenced by the division pursuant to Section 63G-4-201(2) following investigation of a complaint.

(b) A hearing shall be held in an informal adjudicative proceeding only if required or permitted by the Utah Residential Mortgage Practices and Licensing Act or by these rules.

(4) Hearings not allowed. A hearing may not be held in

the following informal adjudicative proceedings:

(a) the issuance of an original or renewed license when the application has been approved by the division;

(b) the issuance of an original or renewed school certification, instructor certification, or course certification when the application has been approved by the division;

(c) the issuance of any interpretation of statute, rule, or order, or the issuance of any written opinion or declaratory order determining the applicability of a statute, rule or order, when enforcement or implementation of the statute, rule or order lies within the jurisdiction of the division;

(d) the denial of an application for an original or renewed license on the ground that it is incomplete;

(e) the denial of an application for an original or renewed school, instructor, or course certification on the ground that it does not comply with the requirements stated in these rules; or

(f) a proceeding on an application for an exemption from a continuing education requirement.

(5) Hearings required. A hearing before the commission shall be held in the following circumstances:

(a) a proceeding commenced by the division for disciplinary action pursuant to Section 61-2c-402 and Section 63G-4-201(2);

(b) an appeal of a division order denying or restricting a license; and

(c) an application that presents unusual circumstances such that the division determines that the application should be heard by the commission.

(6) Procedures for hearings in informal adjudicative proceedings.

(a) The division director shall be the presiding officer for any informal adjudicative proceeding unless the matter has been delegated to the chairperson of the commission or an administrative law judge.

(b) All informal adjudicative proceedings shall adhere to procedures as outlined in:

(i) Utah Administrative Procedures Act Title 63G, Chapter 4;

(ii) Utah Administrative Code Section R151-46b; and

(iii) the rules promulgated by the division.

(c) Except as provided in Subsection 7(b), a party is not required to file a written answer to a notice of agency action from the division in an informal adjudicative proceeding.

(d) In any proceeding under this Subsection, the commission and the division may at their discretion delegate a hearing to an administrative law judge or request that an administrative law judge assist the commission and the division in conducting the hearing. Any delegation of a hearing to an administrative law judge shall be in writing.

(e) Upon the scheduling of a hearing by the division and at least ten days prior to the hearing, the division shall, by first class postage pre-paid delivery, mail to the address last provided to the division pursuant to Section 61-2c-106 written notice of the date, time, and place scheduled for the hearing.

(f) Formal discovery is prohibited.

(g) The division may issue subpoenas or other orders to compel production of necessary and relevant evidence:

(i) on its own behalf; or

(ii) on behalf of a party where:

(A) the party makes a written request;

(B) assumes responsibility for effecting service of the subpoena; and

(C) bears the costs of the service, any witness fee, and any mileage to be paid to the witness.

(h) Upon ordering a licensee to appear for a hearing, the division shall provide to the licensee the information that the division will introduce at the hearing.

(i) The division shall adhere to Title 63G, Chapter 2, Government Records Access and Management Act in

addressing a request for information obtained by the division through an investigation.

(j) The division may decline to provide a party with information that it has previously provided to that party.

(k) Intervention is prohibited.

(l) Hearings shall be open to all parties unless the presiding officer closes the hearing pursuant to:

(i) Title 63G, Chapter 4, the Utah Administrative Procedures Act; or

(ii) Title 52, Chapter 4, the Open and Public Meetings Act.

(m) Upon filing a proper entry of appearance with the division pursuant to R151-46b-6, an attorney may represent a respondent.

(7) Additional procedures for disciplinary proceedings.

(a) The division shall commence a disciplinary proceeding by filing and serving on the respondent:

(i) a notice of agency action;

(ii) a petition setting forth the allegations made by the division;

(iii) a witness list, if applicable; and

(iv) an exhibit list, if applicable.

(b) Answer.

(i) At the time the petition is filed, the presiding officer, upon a determination of good cause, may require the respondent to file an answer to the petition by so ordering in the notice of agency action.

(ii) The respondent may file an answer, even if not ordered to do so in the notice of agency action.

(iii) Any answer shall be filed with the division within thirty days after the mailing date of the notice of agency action and petition.

(c) Witness and exhibit lists.

(i) The division shall provide its witness and exhibit list to the respondent at the time it mails its notice of hearing.

(ii) The respondent shall provide its witness and exhibit list to the division no later than thirty days after the mailing date of the division's notice of agency action and petition.

(iii) Any witness list shall contain:

(A) the name, address, and telephone number of each witness; and

(B) a summary of the testimony expected from each witness.

(iv) Any exhibit list:

(A) shall contain an identification of each document or other exhibit that the party intends to use at the hearing; and

(B) shall be accompanied by copies of the exhibits.

(d) Pre-hearing motions.

(i) Any pre-hearing motion permitted under the Administrative Procedures Act or the rules promulgated by the Department of Commerce shall be made in accordance with those rules.

(ii) The division director shall receive and rule upon any pre-hearing motions.

R162-2c-402. Disciplinary Action.

In reviewing a request to convert a revocation to a suspension pursuant to Section 61-2c-402(4)(a):

(1) The commission may not convert a revocation that was based on a felony conviction involving fraud, misrepresentation, deceit or dishonesty, breach of trust, or money laundering.

(2) The commission may consider converting a revocation that was based on other criminal history, including:

(a) a plea in abeyance, diversion agreement, or similar disposition of a felony charge; and

(b) a misdemeanor offense, regardless of the nature of the charge or the disposition of the case.

(a) between:

(i) two individuals registered, licensed, or certified under Section 61-2b; or

(ii) an individual registered, licensed, or certified under Section 61-2b and:

(A) an appraisal entity; or

(B) a government agency;

(b) for the purpose of providing an appraisal service; and

(c) regardless of whether an employment relationship exists between the parties.

101.2.2 The acronym "AQB" stands for the Appraiser Qualifications Board of The Appraisal Foundation.

101.2.3 "Board" means the Utah Real Estate Appraiser Licensing and Certification Board.

101.2.4 "Business day" means a day other than:

(a) a Saturday;

(b) a Sunday; or

(c) a federal or state holiday.

101.2.5 "Classification" means the type of license or certification held by an appraiser.

101.2.6 "Day" means calendar day unless specified as "business day."

101.2.7 "Division" means the Division of Real Estate of the Department of Commerce.

101.2.8 "Entity" means:

(a) a corporation;

(b) a partnership;

(c) a sole proprietorship;

(d) a limited liability company;

(e) another business entity; or

(f) a subsidiary or unit of an entity described in Subsections (a) through (e).

101.2.9 "Person" means an individual or an entity.

101.2.10 "Reinstatement" means renewing a license or certification for an additional period after its expiration date has passed but prior to 12 months after the expiration date.

101.2.11 "Renewal" means extending a license or certification for an additional period upon its expiration.

101.2.12 "Trainee" means a person who is working under the direct supervision of a State-certified residential appraiser or a State-certified general appraiser to earn hours for licensure, and who meets the requirements of R162-110.

101.2.13 The acronym "USPAP" stands for The Uniform Standards of Professional Appraisal Practice published by The Appraisal Foundation.

KEY: real estate appraisals, definitions**October 9, 2010****61-2b-20 to 61-2b-31****Notice of Continuation April 18, 2007**

R162. Commerce, Real Estate.**R162-102. Application Procedures.****R162-102-1. Application.**

102.1.1.1 Initial Review - An applicant for licensure or certification as an appraiser will be required to submit, on forms provided by the Division, documentation indicating successful completion of the education and experience required by the State of Utah. Until January 1, 2008, an applicant may submit education documentation and experience documentation to the Division for approval separately. Effective January 1, 2008, an applicant shall submit education documentation and experience documentation to the Division at the same time.

102.1.1.1.1 Education documentation may be reviewed by an Appraiser Education Review Committee appointed by the Real Estate Appraiser Licensing and Certification Board to determine if the education requirement has been met.

102.1.1.1.1.1 As a prerequisite to sitting for either the licensing examination or the certification examination, the applicant shall submit proof of successful completion of the 15-hour National USPAP Course or its equivalent from an instructor or instructors, at least one of whom is a State-Certified Residential or State-Certified General Appraiser and has been certified by the Appraiser Qualifications Board (AQB) of the Appraisal Foundation. Equivalency to the 15-hour National USPAP Course will be determined through the Course Approval Program of the Appraiser Qualifications Board (AQB) of the Appraisal Foundation.

102.1.1.1.2 The applicant shall provide evidence of meeting the experience requirement by completing the form required by the Division. The Division and the Board shall not award experience credit toward qualification as a state-licensed appraiser for any work performed at a time when the applicant was not registered with the Division as a trainee.

102.1.1.1.3 The candidate shall submit the appropriate license or certification fee at the time of application.

102.1.1.1.4 If an applicant has submitted education or experience documentation to the Division prior to January 1, 2008 and has obtained approval of only the education component or only the experience component required for licensure or certification, the applicant must submit proper documentation of the remaining component to the Division prior to January 1, 2011 or any approval of a component shall lapse.

102.1.2 Exam Application

102.1.2.1 Upon determining the candidate has completed the education and experience requirements, the Division will issue to the candidate a form permitting the candidate to register to sit for the examination. The permission to register to sit for the examination shall be valid for twenty-four months after issuance.

102.1.2.2 The candidate shall make application to take the examination by returning the application form and the appropriate testing fee to the testing service designated by the Division. If the applicant fails to take the examination, the fee will be forfeited. **102.1.3 Final Application**

102.1.3.1 Within 90 days after successful completion of the exam, the appraiser applicant shall return to the Division each of the following:

102.1.3.1.1 A report from the testing service indicating successful completion of the exam.

102.1.3.1.2 The application form required by the Division shall include:

- (a) the applicant's business and home addresses;
- (b) the name and business address of any appraisal entity or government agency with which the applicant is affiliated; and
- (c) the fee for the federal registry if the applicant is applying for certification.

102.1.3.2 A post office box without a street address is unacceptable as a business or home address. The applicant may designate either address to be used as a mailing address.

R162-102-2. Status Change.**102.2.1**

(a) A licensed appraiser, certified appraiser, or trainee shall notify the Division within ten business days of any status change, including a change in affiliation. Status changes are effective on the date the properly executed forms and appropriate fees are received by the Division. Notice shall be made in writing on the forms required by the Division.

(b) A licensed appraiser, certified appraiser, or trainee is not required to report an affiliation that:

- (i) is created to facilitate a single transaction; and
- (ii) is not part of an ongoing business association.

(c) If a deadline for notification falls on a day when the Division is closed, the deadline shall be extended to the next business day.

102.2.1.1 Change of name requires submission of official documentation such as a marriage or divorce certificate, or driver's license.

102.2.1.2 Change of business, home address or mailing address requires written notification. A post office box without a street address is unacceptable as a business or home address. Any address may be designated as a mailing address.

102.2.2 State-licensed Appraisers, upon meeting the appropriate requirements for certification and upon filing a completed application within six months from their last renewal, will be allowed to transfer to the categories of either Certified Residential or Certified General by paying only a transfer fee.

102.2.2.1 Transfer to a certified category will not change the individual's expiration date.

R162-102-3. Renewal.

102.3.1 At least 30 days before expiration, a renewal notice shall be sent by the Division to the licensed appraiser, certified appraiser, or trainee at the mailing address shown on the Division records. The applicant for renewal shall return the completed renewal notice and the applicable renewal fee to the Division on or before the expiration shown on the notice.

102.3.1.1 The licensed appraiser, certified appraiser, or trainee shall return proof of completion of the following continuing education taken during the preceding two years:

- (a) the 7-hour National USPAP Update Course; and
- (b) 21 additional hours of Division-approved continuing education.

102.3.1.1.4 All appraisers and trainees must take the 7-hour National USPAP Update Course or its equivalent once for each renewal in order to maintain a license, certification, or registration. In order to qualify as continuing education for renewal, the course must have been taken from an instructor or instructors, at least one of whom is a State-Certified Residential or State-Certified General Appraiser and has been certified by the Appraiser Qualifications Board (AQB) of the Appraisal Foundation. Equivalency to the 7-hour National USPAP Update Course will be determined through the Course Approval Program of the Appraiser Qualifications Board (AQB) of the Appraisal Foundation.

102.3.2 If the renewal fee and documentation are not received within the prescribed time period, the license, certification, or registration shall expire.

102.3.2.1 A license, certification, or registration may be renewed for a period of 30 days after the expiration date upon payment of a late fee in addition to the requirements of Section 102.3.1.

102.3.2.2 Reinstatement.

(a) After the 30-day period described in Subsection 102.3.2.1 and until six months after the expiration date, an individual may reinstate an expired license, certification, or registration by

- (i) complying with Subsection 102.3.1;
- (ii) paying a late fee; and

(iii) paying a reinstatement fee.
 (b) After the six-month period described in Subsection (a) and until one year after the expiration date, an individual may reinstate an expired license, certification, or registration by

- (i) complying with Subsection 102.3.1;
- (ii) paying a late fee;
- (iii) paying a reinstatement fee; and
- (iv) completing 24 hours of additional continuing education.

(c)(i) An individual who does not reinstate an expired license, certification, or registration within 12 months of the expiration date must:

- (A) reapply with the Division as a new applicant;
- (B) retake and pass the 15-hour USPAP course; and
- (C) retake and pass any applicable licensing or certification examination.

(ii) An individual reapplying under Subsection (i) shall receive credit for previously credited prelicensing education if:

- (A) it was completed within the five-year period prior to the date of reapplication; and it was either
- (B) completed after January 1, 2008; or
- (C) certified by the Division and the AQB prior to January 1, 2008, as approved, qualified prelicensing education.

102.3.3 If the Division has received renewal documents in a timely manner but the information is incomplete, the appraiser or trainee may be extended a 15-day grace period to complete the application.

102.3.4 Renewal while on active military service. An appraiser or trainee who is unable to renew a license or certification because active military service has prevented the completion of the appraiser's or trainee's required continuing education may submit a timely application for renewal that is complete, except for proof of continuing education, and may request that the application for renewal be held in suspense pending the completion of the continuing education requirement.

102.3.4.1 The appraiser or trainee shall have 120 days after completion of active military service to complete the continuing education required for the renewal and submit proof of the continuing education to the Division.

102.3.4.2 An appraiser may not act as an appraiser in Utah after the expiration of the appraiser's current license while the appraiser's application for renewal is held in suspense by the Division pending the completion of military service and the completion of the continuing education required for renewal. The appraiser may not act as an appraiser in Utah until the appraiser submits proof of completion of the required continuing education and the appraiser's application for renewal is processed by the Division.

R162-102-4. Six-Month Temporary Permits.

102.4.1 A non-resident of this state may obtain a six-month temporary permit to perform one or more specific appraisal assignments in Utah. In order to qualify for a temporary permit, the specific appraisal assignments must be covered by a contract to provide appraisals. In order to obtain a temporary permit, an applicant must:

102.4.1.1 Submit an application in writing requesting temporary licensure or certification. The application shall include the name of the client, the specific property address(es) to be appraised, the type of property being appraised, and the estimated time to complete the assignment;

102.4.1.2 Answer and submit a "Utah Appraiser Qualifying Questionnaire" in the form designated by the Division;

102.4.1.3 Sign an irrevocable consent to service authorizing the Division to receive service of any lawful process on his behalf in any noncriminal proceeding arising out of his practice as an appraiser in this state;

102.4.1.4 Pay an application fee in the amount established by the Division; and

102.4.1.5 Provide the starting date of the appraisal assignment for which the temporary permit is being obtained.

102.4.2 A non-resident is limited to two temporary permits per calendar year, each of which may be extended one time for an additional six month period if the assignments have not been completed within the original six-month term of the temporary permit. A temporary permit may be extended by submitting any forms required by the Division.

R162-102-5. Reciprocity.

102.5.1 An individual who is licensed or certified as an appraiser by another state may be licensed or certified in Utah by reciprocity on the following conditions:

102.5.1.1 The other state must have required the applicant to satisfactorily complete classroom hours of appraisal education approved by that state which are substantially equivalent in number to the hours required for the class of licensure or certification for which he is applying in Utah;

102.5.1.2 The education must have included a course in the Uniform Standards of Professional Appraisal Practice. The course must either be the 15-hour National USPAP Course or its equivalent. Equivalency to the 15-hour National USPAP Course will be determined through the Course Approval Program of the Appraiser Qualifications Board (AQB) of the Appraisal Foundation;

102.5.1.3 The applicant shall obtain and study the Utah Real Estate Appraiser Licensing and Certification Act and the rules promulgated thereunder and shall sign an attestation that he understands and will abide by them;

102.5.1.4 The applicant shall provide evidence of having passed an examination that has been approved by the AQB for the class of licensure or certification for which he is applying;

102.5.1.5 If the applicant resides outside of the state of Utah, the applicant shall sign an irrevocable consent to service authorizing the Division to receive service of any lawful process on his behalf in any noncriminal proceeding arising out of his practice as an appraiser in this state;

102.5.1.6 The applicant shall provide a complete licensing history sent directly to the Division by his home state and any other state in which he has been licensed, which shall include the applicant's full name, home and business addresses and telephone numbers, the date first licensed, the type or types of licenses or certifications held, the date the current license or certification expires, and a statement concerning whether disciplinary action has ever been taken, or is pending, against the individual;

102.5.1.7 The applicant shall not have been convicted of a criminal offense involving moral turpitude relating to his ability to provide services as an appraiser; and

102.5.1.8 The applicant shall agree, as a condition of licensure or certification, to furnish to the Division upon demand all records requested by the Division relating to the applicant's appraisal practice in Utah. Failure to do so will be considered grounds for revocation of license or certification.

KEY: real estate appraisals, licensing

October 9, 2010

Notice of Continuation February 15, 2007

61-2b-6(1)

R162. Commerce, Real Estate.**R162-106. Professional Conduct.****R162-106-1. Uniform Standards.**

(1) Unless exempted in Subsection 2, all appraisers and appraiser trainees must comply with the current edition of the Uniform Standards of Professional Appraisal Practice (USPAP). All persons licensed or certified under this chapter must also observe the Advisory Opinions of USPAP.

(2) An individual is exempt from complying with all provisions of USPAP when acting in an official capacity as:

- (a) a Division staff member or employee;
- (b) a member of the experience review committee as appointed and approved by the Board;
- (c) a member of the technical review panel as appointed and approved by the Board;
- (d) a hearing officer;
- (e) a member of a county board of equalization;
- (f) an administrative law judge;
- (g) a member of the Utah State Tax Commission; or
- (h) a member of the Board.

R162-106-2. Use of Terms.

106.2. The terms "State-Certified Residential Appraiser," "State-Certified General Appraiser," and State-Licensed Appraiser shall not be abbreviated or reduced to a letter or group of letters. If these terms are used on letterhead or in advertising, the appraiser's certificate number or license number must follow his name.

R162-106-3. Signatures and Use of Seal.

106.3.1. State-Licensed Appraisers. State-Licensed appraisers may not place a seal on an appraisal report or use a seal in any other manner likely to create the impression that the appraiser is a state-certified appraiser.

106.3.2. Signatures.

106.3.2.1. Signature stamps. Appraisers may not affix their signatures to appraisal reports by means of a signature stamp.

106.3.2.2. Appraisers may not affix their signatures to blank or partially completed appraisal reports which will be filled in later by anyone other than the appraiser who has signed the reports.

106.3.2.3. If it is necessary for an appraiser to delegate authority to another individual to sign the appraiser's signature on an appraisal report, the other individual may sign the report for the appraiser only if: a) the report explicitly discloses that the other individual has been authorized to sign the report for the appraiser; b) the permission must have been granted in writing and limited to a specific property address; c) a copy of the written permission to sign must be attached to the report; and d) the appraiser who signs the other's signature must write the word "by" followed by his own name after the other's signature.

106.3.2.4. Digital signatures. A digital signature may be used in place of a handwritten signature only if: a) the software program which generates the digital signature has a security feature; and b) the appraiser ensures that his signature is protected and that no one other than the appraiser has control of that signature.

R162-106-4. Testimony by an Appraiser.

106.4. Testimony. An appraiser who testifies as to an appraisal opinion in a deposition or an affidavit, or before any court, public body, or hearing officer, shall prepare a written appraisal report or a file memorandum prior to giving such testimony.

106.4.1. File memoranda. For the purpose of this rule, a file memorandum shall include work sheets, data sheets, the reasoning and conclusions upon which the testimony is based, and other sufficient information to demonstrate substantial

compliance with USPAP Standards Rule 2-2, or in the case of mass appraisal, Standards Rule 6-7.

R162-106-5. Failure to Respond to Notice.**106.5.**

(a) When the Division notifies an appraiser or registered expert witness of a complaint, or when the Division notifies an appraiser or registered expert witness that information is needed from the individual, the notified individual must respond to the notice in the manner specified in the notice within ten business days of receipt of the notice from the Division. Failure to respond within the required time period to a notice or any written request for information from the Division shall be considered a violation of these rules and separate grounds for disciplinary action against the appraiser or registered expert witness.

(b) If a deadline for response under Subsection (a) falls on a day when the Division is closed, the deadline shall be extended to the next business day.

R162-106-6. Recordkeeping Requirements.

106.6. The true copy of an appraisal report which an appraiser is required by Section 61-2b-34(1) to retain shall be a photocopy or other exact copy of the report as it was provided to the client, including the appraiser's signature.

R162-106-7. Sales and Listing History.

In order to comply with Standard 1 of the Uniform Standards of Professional Appraisal Practice (USPAP), appraisers who are licensed or certified under this chapter shall analyze and report the sales and listing history of the subject property for the three years preceding the appraisal if such information is available to the appraiser from a multiple listing service, listing agent(s), or the property owner.

R162-106-8. Draft Reports.

For the purpose of this rule, a "draft report" is defined as an appraisal report that is a work in progress and that has not yet been finished by the Appraiser.

106.8.1. One to Four Unit Residential Real Property. An appraiser may not release a draft report to a client in the appraisal of one to four unit residential real property.

106.8.2. An appraiser may release a draft report to a client in the appraisal of other than one to four unit residential real property if: a) the first page of the report prominently identifies the report as a draft; b) the draft report has been signed by the appraiser; and c) the appraiser complies with USPAP in the preparation of the draft report.

R162-106-9. Inspections.

All appraisal reports shall include a statement indicating whether or not the subject property was inspected as part of the appraisal process, and if any inspections were done, the following information concerning the inspections shall also be included:

- (a) the names of all appraisers and appraisal trainees who participated in each property inspection;
- (b) whether each inspection was an exterior inspection only or both an exterior and an interior inspection; and
- (c) the date that each inspection was performed.

KEY: real estate appraisals, conduct**October 9, 2010****Notice of Continuation February 15, 2007****61-2b-29****61-2b-8(5)©**

R162. Commerce, Real Estate.**R162-110. Trainee Registration.****R162-110-1. Trainee Registration.**

(1) Registration Required.

(a) An individual who intends to obtain a license to practice as a state-licensed appraiser must first register with the Division as a trainee.

(b) The Division and the Board shall not award or recognize experience hours toward licensure for any appraisal work that is performed by an individual during a period of time when the individual is not validly and currently registered as a trainee.

(2) Character. An individual registering with the Division as a trainee shall evidence honesty, integrity, and truthfulness.

(a) A trainee applicant shall be denied registration for

(i) Any felony that resulted in

(A) a conviction occurring within five years of the date of application; or

(B) a jail or prison release date falling within five years of the date of application.

(ii) Any misdemeanor involving fraud, misrepresentation, theft, or dishonesty that resulted in

(A) a conviction occurring within three years of the date of application; or

(B) a jail or prison release date falling within three years of the date of application.

(b) A trainee applicant may be denied registration upon consideration of the following:

(i) criminal convictions and pleas entered at any time prior to the date of application;

(ii) the circumstances that led to any criminal convictions or pleas under consideration;

(iii) past acts related to honesty or moral character, with particular consideration given to any such acts involving the business of appraising;

(iv) dishonest conduct that would be grounds under Utah law for sanctioning an existing licensee;

(v) civil judgments in lawsuits brought on grounds of fraud, misrepresentation, or deceit;

(vi) court findings of fraudulent or deceitful activity in civil lawsuits;

(vii) evidence of non-compliance with court orders or conditions of sentencing;

(viii) evidence of non-compliance with terms of a probation agreement, plea in abeyance, or diversion agreement; and

(ix) failure to pay taxes or child support obligations.

(3) Competency. An individual registering with the Division as a trainee shall evidence competency. In evaluating an applicant for competency, the Division and Commission may consider any evidence, including the following:

(a) civil judgments, with particular consideration given to any such judgments involving the appraisal business;

(b) failure to satisfy a civil judgment that has not been discharged in bankruptcy;

(c) the extent and quality of the applicant's training and education in appraising;

(d) the extent of the applicant's knowledge of the Utah Real Estate Appraiser Licensing and Certification Act;

(e) evidence of disregard for licensing laws;

(f) evidence of drug or alcohol dependency; and

(g) the amount of time that has passed since any incident under consideration.

(4) Pre-registration Education. Within the five-year period preceding the date of application, an applicant must successfully complete 75 classroom hours of AQB-approved education as follows:

(a) 30 hours of appraisal principles;

(b) 30 hours of appraisal procedures; and

(c) the 15-hour Uniform Standards of Professional Appraisal Practice (USPAP) course.

(5) Examination. An applicant must pass the final examination in all pre-registration courses.

(6) Application to the Division. An applicant shall submit the following to the Division:

(a) a completed application as provided by the Division;

(b) course completion certificates for the 75 hours of pre-registration education;

(c)(i) two fingerprint cards in a form acceptable to the Division; or

(ii) evidence that the applicant's fingerprints have been scanned at a testing center;

(d) all court documents related to any past criminal proceeding;

(e) complete documentation of any sanction taken against any license in any jurisdiction;

(f) a signed letter of waiver authorizing the Division to obtain the fingerprints of the applicant, review past and present employment records, review education records, and conduct a criminal background check;

(g) the fee for the criminal background check;

(h) the name of the state-certified appraiser(s) with whom the trainee is affiliated;

(i) the name and business address of any appraisal entity or government agency with which the trainee is affiliated; and

(j) the application fee.

(7) Affiliation with a Certified Appraiser. Applicants shall affiliate with at least one supervising certified appraiser and evidence that affiliation by:

(a) identifying each supervising certified appraiser on a form supplied by the Division; and

(b) obtaining each supervising certified appraiser's signature on the application.

(8) Notification Requirements. A registered trainee must complete a change card and submit it to the Division within 10 business days whenever the trainee:

(a) affiliates with a new supervising certified appraiser;

(b) terminates an affiliation with a supervising certified appraiser; or

(c) changes affiliation with an appraisal entity or government agency.

(9) Re-registration of Existing Trainees.

(a) Any trainee who registered with the Division without undergoing a background check shall re-register with the Division according to the following schedule:

(i) a trainee who registered prior to January 1, 2008 must re-register by January 1, 2011;

(ii) a trainee who registered during the 2008 calendar year must re-register in 2011 by the anniversary of the trainee's registration date;

(iii) a trainee who registered on or after January 1, 2009 must re-register on the two-year anniversary of the registration date.

(b) To re-register, a trainee shall submit the following to the Division:

(i) a completed application as provided by the Division;

(ii)(A) two fingerprint cards in a form acceptable to the Division; or

(B) evidence that the applicant's fingerprints have been scanned at a testing center;

(iii) all court documents related to any past criminal proceeding;

(iv) complete documentation of any sanction taken against any license in any jurisdiction;

(v) a signed letter of waiver authorizing the Division to obtain the fingerprints of the applicant, review past and present employment records, review education records, and conduct a criminal background check;

- (vi) the fee for the criminal background check;
 - (vii) evidence of having completed the 28 hours of continuing education or AQB qualifying education required for renewal under Subsection 162-102-3;
 - (viii) the name of the state-certified appraiser(s) with whom the trainee is affiliated;
 - (ix) the name and address of any appraisal entity or government agency with which the trainee is affiliated; and
 - (x) the application fee.
- (d) A Division hearing officer shall review the application of any trainee re-registering under Subsection (9) who fails to meet the character and competency requirements of Subsections (2) and (3). The hearing officer may:
- (i) approve the application with the concurrence of the Board;
 - (ii) approve the application subject to probation or restriction; or
 - (iii) refer the application to the Board for decision.
- (10) Registration Renewal.
- (a) A trainee registration is valid for two years and must be renewed according to Subsection R162-102-3 before the expiration date printed on the registration certificate.
- (b) If the renewal fee and required documentation are not received by the expiration date, the registration shall expire. It shall be grounds for disciplinary sanction if, after the registration has expired, the trainee continues to perform work for which the trainee is required to be registered.
- (c) An expired registration may be renewed or reinstated according to the same rules that govern the renewal and reinstatement of appraiser licenses and certifications, as outlined in Subsections R162-102.3.2 through R162-102.3.4.

61-2b-6(4)

61-2b-8(2)(d)

R199. Community and Culture, Housing and Community Development.**R199-10. Procedures in Case of Inability to Formulate Contract for Alleviation of Impact.****R199-10-1. Purpose.**

A. The following procedures are promulgated and adopted by the Permanent Community Impact Fund Board ("Board") of the Department of Community and Culture of the State of Utah pursuant to Section 9-4-306(4), UCA 1953 as amended.

B. In the event a project entity or a candidate ("Complainant") submits a request for determination to the Board under Section 11-13-306, UCA 1953 as amended, the Board shall hold a hearing on the questions presented. These proceedings shall be conducted informally, in accordance with the requirements of the Utah Administrative Procedure Act ("Act"), Section 63G-4-202(1), UCA 1953 as amended, unless the Board at its discretion converts the proceeding to a formal proceeding, in accordance with Section 63G-4-202(3) UCA 1953 as amended, if such action is deemed to be in the public interest and does not unfairly prejudice the rights of any party.

C. The only grounds available for relief are those set forth in Section 11-13-306, UCA 1953 as amended, or those reasonably inferred therefrom.

R199-10-2. Commencement of the Procedure Requesting a Determination.

A. Commencement of the procedure to request a determination from the Board shall be conducted in conformity with Section 63G-4-201(3).

1. A complainant requesting a determination from the Board must submit such a request:

- a. In writing;
- b. Signed by the person invoking the jurisdiction of the Board or by that person's representative; and
- c. Including the following information:
 1. The names and addresses of all parties to whom a copy of the request for a hearing is being sent;
 2. The Board's file number or other reference number;
 3. The name of the adjudicative proceeding, if known;
 4. The date the request for the hearing was mailed;
 5. A statement of the legal authority and jurisdiction under which action by the Board is requested;
 6. A statement of relief sought from the Board; and
 7. A statement of facts and reasons forming the basis for relief.

B. The Complainant shall file the request for a determination with the Board and at the same time, shall serve a copy of the request upon the party complained against (the "Respondent"). The Complainant shall also mail a copy of the request to each person known to have a direct interest in the request for a determination by the Board.

C. The Respondent shall serve a response within fifteen (15) days after the request is served upon the Respondent. The Respondent may admit, deny or explain the point of view of Respondent as to each allegation in the request. Not to respond to any allegation is to admit that allegation. The Respondent may pose a counteroffer to Complainant's request for relief. Any counteroffer must be supported by reasons. Requests and responses may be directed at multiple parties.

R199-10-3. Notification of Parties.

A. The Board shall promptly give notice by mail to all parties that the hearing will be held, stating the following:

1. The Board's file number or other reference number;
2. The name of the proceedings;
3. Designate that the proceeding is to be conducted informally according to the provisions or rules enacted under Section 63G-4-202 and Section 63G-4-202, UCA 1953 as amended, with citation to Section 63G-4-202 authorizing the

designation;

4. State the time and place of the scheduled hearing, the purpose for which the hearing is to be held, and that a party who fails to attend or participate may be held in default; and

5. Give the name, title, mailing address and telephone number of the presiding officer for the hearing.

B. At any time twenty (20) or more days before the hearing begins, either party may serve upon the adverse party an offer to agree to specific terms and payments. If, within ten (10) days after the service of the offer, the adverse party serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance, together with proof of service thereof, and the Board shall enter a corresponding order. An offer not accepted shall be deemed withdrawn and evidence concerning it is not admissible except in a proceeding to determine costs. If the order finally obtained from the offeree is not more favorable than the offer, the offeree shall pay the costs incurred after the making of the offer, including a reasonable attorney's fee. The fact that an offer is made but not accepted does not preclude a subsequent offer.

R199-10-4. Informal Hearing Procedures.

A. Within forty (40) days after receiving a request for determination, the Board shall hold a public hearing on the questions at issue.

B. The Board may appoint an administrative law judge to preside in its stead at the hearing and to hear such preliminary motions and manage such ancillary matters as the Board deems necessary and appropriate.

C. In the hearing, the parties named in the request for determination shall be permitted to testify, present evidence, comment on the issues and bring forth witnesses who may be examined and cross-examined. The hearing may be adjourned from time to time in the interest of a full and fair investigation of the facts and the law.

D. Discovery is prohibited, and the Board may not issue subpoenas or other discovery orders.

E. All parties shall have access to information contained in the Board's files and to all materials and information gathered by any investigation to the extent permitted by the law.

F. Any intervention is prohibited.

G. All hearings shall be open to all parties.

H. Within twenty (20) days after the close of the hearing, the Board or the administrative law judge shall issue a signed order in writing that states:

1. The decision;
2. The reasons for the decision;
3. A notice of any right for administrative or judicial review available to the parties; and
4. The time limits for filing a request for reconsideration or judicial review.

I. The order issued by the Board or by the administrative law judge shall be based on the facts appearing in the Board's files and on the facts presented in evidence at the hearing.

J. Any determination order issued by the Board or by the administrative law judge shall specify:

1. The direct impacts, if any, or methods determining the direct impacts to be covered; and
2. The amounts, or methods of computing the amounts, of the alleviation payments, if any, or the means to provide for impact alleviation, provisions assuring the timely completion of the facilities and the furnishing of the service, if any; and
3. Other pertinent matters.

K. A copy of the Board's or the administrative law judge's order shall be promptly sent to all parties.

L. All hearings shall be recorded at the Board's expense. Any party, at his own expense, may have a reporter approved by the Board prepare a transcript from the Board's record of the hearing.

R199-10-5. Formal Hearing Procedures.

A. At any time prior to issuance of the final order, the Board at its discretion may convert the informal adjudicative hearing into a formal adjudicative hearing, as allowed in Section 63G-4-202(3). The procedures to be followed in such a formal adjudicative hearing are given below.

B. The Board may appoint an administrative law judge to preside in its stead at the hearing and to hear such preliminary motions and manage such ancillary matters as the Board deems necessary and appropriate.

C. A party may be represented by an officer or the party or by legal counsel.

D. In the hearing, the parties named in the request for determination shall be permitted to testify, present evidence, comment on the issues and bring forth witnesses who may be examined and cross-examined. The hearing may be adjourned from time to time in the interest of a full and fair investigation of the facts and the law.

E. Utah Rules of Evidence shall be in effect; however,

1. Copies of original documents may be introduced into evidence unless objected to for reasons of illegibility or tampering.

2. Hearsay will be considered for its weight but will not be conclusive in and of itself as to any matter subject to proof.

F. Discovery in formal proceedings shall be limited. Because negotiation between the parties shall have been proceeding prior to a request for determination being submitted, the Board or the administrative law judge shall assume that discovery is complete when a request is submitted. However, upon motion and sufficient cause shown, the Board or the administrative law judge may extend the period of discovery.

G. All parties shall have access to information contained in the Board's files and to all materials and information gathered by any investigation to the extent permitted by the law.

H. The Board or the administrative law judge may give a person not a party to the proceeding the opportunity to present oral or written statements at the hearing.

I. All testimony presented at the hearing, if offered as evidence to be considered in reaching a decision on the merits, shall be given under oath.

J. All hearings shall be open to all parties.

K. Intervention into the formal hearing will be allowed on the following basis:

1. Any person not a party may file a signed, written petition to intervene in a formal adjudicative hearing with the Board. The person who wishes to intervene shall mail a copy of the petition to each party. The petition shall include:

a. The Board's file number or other reference number;

b. The name of the proceeding;

c. A statement of facts demonstrating that the petitioner's legal rights or interests are substantially affected by the formal adjudicative hearing, or that the petitioner qualifies as an intervenor under any provision of law; and

d. A statement of the relief the petitioner seeks from the Board.

2. The Board or the administrative law judge shall grant a petition for intervention if it determines that:

a. The petitioner's legal interests may be substantially affected by the formal adjudicative hearing; and

b. The interests of justice and the orderly and prompt conduct of the adjudicative hearing will not be materially impaired by allowing the intervention.

3. Any order granting or denying a petition to intervene shall be in writing and sent by mail to the petitioner and each party.

4. An order permitting intervention may impose conditions on the intervenor's participation in the adjudicative hearing that are necessary for a just, orderly, and prompt conduct of that hearing. Such conditions may be imposed by the Board or the

administrative law judge at any time after the intervention.

L. Within twenty (20) days after the close of the hearing, the Board or the administrative law judge shall issue a signed order in writing that states:

1. The decision based upon findings of fact and conclusions of law;

2. The reasons for the decision;

3. A notice of any right for administrative or judicial review available to the parties; and

4. The time limits for filing a request for reconsideration or judicial review.

M. The order issued by the Board or by the administrative law judge shall be based on the facts appearing in the Board's files and on the facts presented in evidence at the hearing.

N. Any determination order issued by the Board or by the administrative law judge shall specify:

1. The direct impacts, if any, or methods determining the direct impacts to be covered; and

2. The amounts, or methods of computing the amounts, of the alleviation payments, if any, or the means to provide for impact alleviation, provisions assuring the timely completion of the facilities and the furnishing of the service, if any; and

3. Other pertinent matters.

O. A copy of the Board's or the administrative law judge's order shall be promptly sent to all parties.

P. All hearings shall be recorded at the Board's expense. Any party, at his own expense, may have a reporter approved by the Board prepare a transcript from the Board's record of the hearing.

R199-10-6. Default.

A. The Board or the administrative law judge may enter an order of default against a party if that party fails to participate in the adjudicative proceedings.

B. The order shall include a statement of the grounds for default and shall be mailed to all parties.

C. A defaulted party may seek to have the Board set aside the default order according to procedures outlined in the Utah Rules of Civil Procedure.

D. After issuing the order of default, the Board or the administrative law judge shall conduct any further proceedings necessary to complete the adjudicative proceeding without the participation of the party in default and shall determine all issues in the adjudicative proceeding, including those affecting the defaulted party.

R199-10-7. Reconsideration by the Board.

Within ten (10) days after the date that a final order is issued by the Board or the administrative law judge, any party may file a written request for reconsideration in accordance with the provisions of Section 63G-4-302, UCA 1953 as amended. Upon receipt of the request, the disposition by the Board of that written request shall be in accordance with Section 63G-4-302(3), UCA 1953 as amended. With the exception of reconsideration, all orders issued by the Board or the administrative law judge shall be final. There shall be no other review except for judicial review as provided below.

R199-10-8. Judicial Review.

An aggrieved party may also obtain judicial review of final orders issued by the Board or by the administrative law judge by filing a petition for judicial review of that order in compliance with the provisions and requirements of Section 63G-4-401 and Section 63G-4-402, UCA 1953 as amended.

R223. Community and Culture, Library.**R223-2. Public Library Online Access for Eligibility to Receive Public Funds.****R223-2-1. Authority and Policy.**

(1) The Utah State Library Division, Department of Community and Culture, State of Utah, hereby adopts this rule in accordance with Sections 63G-3-101 et seq., and 9-7-213, 9-7-215, 9-7-216, and 9-7-217, UCA, for the purpose of determining public library eligibility to receive state funds.

(2) For a public library that offers public access to the Internet to qualify and retain eligibility to receive state funds, the Library Board shall adopt and enforce a Policy that meets the process and content standards defined in Section 9-7-216, UCA.

R223-2-2. Definitions.

In addition to the terms defined in Section 9-7-101, and 9-7-215:

(1) "Minor" means any individual younger than 18 years of age.

R223-2-3. Reporting.

(1) Each Library Board shall submit a copy of its Policy to the Director of the State Library Division no later than July 1, beginning 2001, and every three years thereafter, accompanied by a letter signed by the Library Director and Library Board Chair affirming that the Policy is intended to meet the provisions of Section 9-7-215, UCA.

(2) All documents submitted shall be classified as public records in accordance with the Government Records Access and Management Act (Title 63G, Chapter 2).

R223-2-4. State Library Administrative Procedures.

(1) The State Library Division shall review all public library policies received by July 1, beginning 2001, for compliance with this rule.

(2) The Director of the State Library Division shall issue notices of compliance or non-compliance within 30 days following the receipt of the policy and accompanying letter affirming its compliance with Section 9-7-215, UCA. Any library not submitting a policy and accompanying letter shall receive a notice of non-compliance.

(3) Appeals to a notice of non-compliance shall be submitted in writing, within 30 days of the date of the notice, to the Executive Director of the Department of Community and Culture, who shall respond within 30 days.

(4) A public library receiving a notice of non-compliance shall not be eligible to receive state funds until the condition(s) upon which the notice of non-compliance is based are corrected and a notice of compliance is received.

(5) A public library in compliance shall be eligible to receive state funds in state fiscal year beginning 2002 and subsequent years, as long as a current Policy and accompanying letter is resubmitted to the State Library Division no later than July 1, 2004, and every three years thereafter.

(6) A public library otherwise in compliance with the provisions of this rule shall not lose eligibility to receive state funds unless a complaint under its Policy results in a ruling from a court of law that a violation of applicable State Statute occurred expressly due to insufficient enforcement of, or deficient language in the Policy.

R277. Education, Administration.**R277-403. Student Reading Proficiency and Notice to Parents.****R277-403-1. Definitions.**

- A. "Board" means the Utah State Board of Education.
- B. "LEA" means a Utah school district or charter school.
- C. "Midpoint of the school year" means January 15 of each school year unless an LEA identifies an alternative date as the midpoint in a public board meeting no later than September 30 of each year.
- D. "Notification to parents" for purposes of this rule means notice by any reasonable means including electronic notice, notice by telephone, written notice, or personal notice.
- E. "Reading below grade level" for purposes of this rule means that a student requires additional instruction beyond that provided to typically developing peers in order to close the gap between the student's current level of reading achievement and that expected of all students in that grade as determined by valid and reliable assessment.
- F. "Reading remediation interventions" means instruction or activities or both in reading given to students in addition to their regular reading instruction, during another time in the school day, outside school hours, or in the summer, which is focused on specific needs as identified by reliable and valid assessments.
- G. "USOE" means the Utah State Office of Education.

R277-403-2. Authority and Purpose.

- A. This rule is authorized under Utah Constitutional Article X, Section 3 which vests general control and supervision over public education in the Board, by Section 53A-1-606.6(2) which directs the Board to make rules defining reading levels for specific grades, and by Section 53A-1-401(3) which allows the Board to make rules in accordance with its responsibilities.
- B. The purpose of this rule is to provide notice, reporting standards and timelines for LEAs and to provide for a report by the Board to the Education Interim Committee as required under Section 53A-1-606.6.

R277-403-3. LEA Responsibilities.

- A. Before the midpoint of the school year, each LEA or school within an LEA, shall identify every student currently enrolled in the school who is in the first, second or third grade who is not reading at grade level.
- B. Each LEA shall notify the parent/legal guardian of each student identified under R277-403-3A as determined by the LEA by the midpoint of the school year.
- C. An LEA shall use at least two different assessments to identify students who are not reading at grade level.
- D. One assessment shall be determined by the USOE.
- E. Each LEA shall select and submit the name or type of the additional assessment to the USOE that it shall use to identify students who are not reading at grade level by September 30, 2010. LEAs need not submit additional assessment information annually unless they change the identified assessment.
- F. LEAs shall determine the grade level designation for each selected assessment; the USOE shall provide guidance to LEAs to assist in their designation of grade level for various assessments.
- G. LEAs shall provide, upon request, information to parents notified under R277-403-3B of the interventions available for their students from the LEA.
- H. LEAs shall provide, as part of the S3 Report, the following information:
 - (1) the number of students in each of grades 1, 2 and 3 that are reading below grade level; and
 - (2) the number of students in each grade level that were reading below grade level who received reading remediation

interventions.

R277-403-4. USOE Responsibilities.

- A. The USOE shall provide guidance to LEAs about available and valid assessments to use in evaluating the reading grade level of students.
- B. The USOE shall assist LEAs in determining expected reading levels of first, second and third grade students.
- C. The USOE shall report and provide data to the Education Interim Committee consistent with Section 53A-1-606.6(3).

R277. Education, Administration.**R277-410. Accreditation of Schools.****R277-410-1. Definitions.**

A. "Accreditation" means the formal process for evaluation and approval under the Standards for Accreditation of the Northwest Accreditation Commission or the accreditation standards of the Board, available from the Utah State Office of Education Accreditation Specialist.

B. "Board" means the Utah State Board of Education.

C. "Elementary school" for the purpose of this rule means grades K-6 in whatever kind of school the grade levels exists.

D. "Middle school" for the purpose of this rule means grades 7-8 in whatever kind of school the grade levels exist.

E. "Northwest" means the Northwest Accreditation Commission, the regional accrediting association of which Utah is a member.

F. "Secondary school" for the purpose of this rule means a school that includes grades 9-12 that offers credits toward high school graduation or diplomas or both in whatever kind of school the grade levels exist.

G. "USOE" means the Utah State Office of Education.

R277-410-2. Authority and Purpose.

A. This rule is authorized under Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, by Section 53A-1-402(1)(c)(i) which directs the Board to adopt rules for school accreditation, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify accreditation procedures and responsibility for public schools for which accreditation is required and for nonpublic schools which voluntarily request Northwest accreditation.

R277-410-3. Accreditation of Public Schools.

A. The USOE has responsibility to facilitate accreditation by the Board for Utah public schools. The Board is not responsible for the accreditation of nonpublic schools, including private, parochial, or other independent schools.

B. Utah public secondary schools, as defined in R277-410-1F, including charter schools, shall be members of Northwest and be accredited by Northwest, except as exempted by R277-412-3C and R277-413-3K.

C. Utah public elementary and middle schools, as defined in R277-410-1C and D, including charter schools, that desire accreditation shall be members of Northwest and meet the requirements of R277-413. Northwest accreditation is optional for Utah elementary and middle schools.

D. All Northwest accredited schools shall complete the annual accreditation report and file the report in accordance with USOE procedures.

E. If a school includes grade levels for which accreditation is both mandatory and optional, the school shall be accredited in its entirety.

R277-410-4. Transfer or Acceptance of Credit.

A. Utah public schools shall accept transfer credits from accredited secondary schools consistent with R277-705-3.

B. Utah public schools may accept transfer credits from other credit sources consistent with R277-705-3.

R277. Education, Administration.**R277-411. Elementary School Accreditation.****R277-411-1. Definitions.**

A. "Accreditation" means formal Northwest and Board approval of a school that has met standards considered by the Board to be essential for the operation of a quality school program.

B. "Board" means the Utah State Board of Education.

C. "Elementary school" for the purpose of this rule means grades K-6 in whatever kind of school the grade levels exists.

D. "Northwest" means the Northwest Accreditation Commission, the regional accrediting association of which Utah is a member.

E. "USOE" means the Utah State Office of Education.

R277-411-2. Authority and Purpose.

A. This rule is authorized under Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, by Section 53A-1-402(1)(c) which directs the Board to adopt rules for school accreditation, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to:

(1) specify the standards and procedures by which elementary schools may become accredited by Northwest, the USOE, and the Board; and

(2) establish an accreditation program of appropriate and high standards of attainment to assist schools in maintaining and improving education programs.

R277-411-3. Elementary School Accreditation.

A. Elementary schools desiring accreditation shall be members of Northwest and meet the standards required for such accreditation as outlined in R277-413.

B. The accreditation of Utah elementary schools is optional; interested elementary schools may apply to Northwest for accreditation.

C. Accreditation shall take place under the direction of the USOE acting as an agent for Northwest.

D. The accreditation status and date of most recent accreditation of the school shall be available from the USOE upon request.

R277. Education, Administration.**R277-412. Junior High and Middle School Accreditation.****R277-412-1. Definitions.**

A. "Accreditation" means formal Northwest and Board approval of a school that has met standards considered by the Board to be essential for the operation of a quality school program.

B. "Board" means the Utah State Board of Education.

C. "Junior high school" for the purpose of this rule means any combination of grades 7-9.

D. "Middle school" for the purpose of this rule means grades 7-8 in whatever kind of school the grade levels exist.

E. "Northwest" means the Northwest Accreditation Commission, the regional accrediting association of which Utah is a member.

F. "USOE" means the Utah State Office of Education.

R277-412-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-1-402(1)(c) which directs the Board to adopt rules for school accreditation, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify the standards and procedures by which junior high and middle schools may choose to become accredited by Northwest with facilitation by the Board.

R277-412-3. Middle School Accreditation.

A. The accreditation process for junior high and middle schools shall take place under the direction of the USOE acting as an agent for Northwest.

B. Middle schools, which desire accreditation, shall be members of Northwest and meet all the requirements and standards outlined in R277-413. They may apply for accreditation through Northwest.

C. Public junior high and middle schools that include 9th grade shall be visited and assigned status by the USOE using the Northwest accreditation standards. The schools are not required, however, to be members of Northwest or file annual reports.

D. The Northwest accreditation standards provided in R277-413 are applicable to junior high and middle schools in their entirety if the schools include 9th grade consistent with R277-412-3C.

E. The accreditation status and date of most recent accreditation of the school shall be available from the USOE upon request.

KEY: accreditation**April 1, 2005****Notice of Continuation September 6, 2007 53A-1-402(1)(c)

R277. Education, Administration.**R277-413. Accreditation of Secondary Schools.****R277-413-1. Definitions.**

A. "Accreditation" means formal Northwest and Board approval of a school that has met standards considered by the Board to be essential for the operation of a quality school program.

B. "Annual Report" means a document that explains a school's compliance with educational standards and progress provided by the school in its school improvement plan. The school improvement plan is a dynamic document that reflects changes and progress made by the school community. The Annual Report also provides definitions and criteria required by the Northwest Accreditation Commission for accreditation.

C. "Board" means the Utah State Board of Education.

D. "Northwest" means the Northwest Accreditation Commission, the regional accrediting association of which Utah is a member.

E. "Secondary school" for the purpose of this rule means a school that includes grades 9-12 including public, private, parochial, alternative, and special purpose schools offering credits toward high school graduation or diplomas or both.

F. "State Committee" means the State Accreditation Committee, which is composed of public school administrators, school district personnel, private and special purpose school representatives, and USOE personnel.

G. "USOE" means the Utah State Office of Education.

H. "Visiting team" means a team composed of three to eight active educators, as determined by the size of the school, trained by the USOE in accreditation procedures and standards.

R277-413-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-1-402(1)(c) which directs the Board to adopt rules for school accreditation, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to:

- (1) specify the standards and procedures by which secondary schools shall become accredited by the Board; and
- (2) provide for additional requirements, which are unique to the state of Utah to be added to the Northwest Annual Report.

R277-413-3. Accreditation Classifications; Reports.

A. The Board accepts the Northwest standards as the basis for its accreditation standards for school accreditation.

B. The Board requires the satisfaction of additional specific Utah standards in addition to required Northwest standards, to satisfy Utah accreditation for Utah public schools.

C. A school shall complete the Annual Report provided by Northwest and submit the report to the USOE.

D. A school shall have a complete school evaluation and site visit at least once every six years to maintain its accreditation.

E. The USOE may require on-site visits as often as necessary when it receives notice of accreditation problems, as determined by Northwest, the USOE, or the State Committee.

F. The school's accreditation rating is recommended by the State Committee following a review of a school's Annual Report. Final approval of the rating is determined by the Board.

G. The classification ratings for accredited schools as designated by Northwest shall be:

(1) Approved: a school is classified as approved when it equals or exceeds the standards approved by Northwest and the Board.

(2) Approved with comment: a school is classified as Northwest/Board approved with comment when it has only minor deviations from specific standards.

(3) Advised: a school is classified as advised when there are deviations from one or more standard(s). Schools shall also be classified as advised when no observable effort has been made, by the second year, to correct deviations from a standard upon which comment was made in the previous year.

(4) Warned: a school is classified as warned when there are substantial deviations from one or more standard(s). A warned classification is usually given after a school has been advised and the deviation persists in the next Annual Report. A school may be dropped after two consecutive warned classifications, as recommended by the State Committee to the Board.

H. An accredited school may not be dropped to a non-accredited status without first receiving a warned classification. Exceptions to this procedure may be made due to discrepancies between information provided on the Annual Report and data received or by observations of the State Committee.

I. If a school disagrees with the recommendation of the State Committee, it may appeal as outlined in the USOE accreditation policies and procedures, maintained at the USOE.

J. All Northwest schools shall submit their Annual Report to the USOE by October 15 of each year.

K. Public junior high and middle schools that include 9th grade shall be visited and assigned status at least every six years by the USOE using Northwest accreditation standards. The schools are not required, however, to be members of Northwest or file annual reports.

R277-413-4. Accreditation Procedures.

A. The evaluation of secondary schools for the purpose of accreditation is a cooperative activity in which the school, the school district, the USOE, and Northwest share responsibilities. A school's self-evaluation, development, and implementation of a school improvement plan are the crucial primary steps toward accreditation.

B. A school seeking Northwest accreditation for the first time shall submit a membership application to Northwest. The accepted application shall be forwarded to the USOE.

(1) Upon a visit by USOE staff verifying a school's compliance with accreditation standards, the school shall then receive provisional accreditation.

(2) Within three years of receiving provisional accreditation, a candidate school shall complete a self-evaluation utilizing materials and protocols recommended and/or provided by the USOE.

(3) Provisional schools shall be visited annually until they have completed their first self-evaluation and full-team visit.

C. Northwest accredited schools shall be subject to:

(1) compliance with Northwest membership requirements;

(2) receipt and review of annual reports by the State Committee;

(3) satisfactory review by the State Committee, Northwest, and final Board approval;

(4) a new self-evaluation and site visit at least every six years by a visiting team assigned by the USOE to review the self-evaluation materials, visit classes, and talk with staff and students as follows:

(a) The visiting team shall present its finding in the form of a written report in a timely manner. The report shall be provided to the school, school district superintendent or local charter board chair, USOE staff, and the Board.

(b) USOE staff shall review the visiting team report, consult with the State Committee and Northwest and recommend appropriate accreditation status to the Board.

D. Following review and acceptance, accreditation visiting team reports are public information and are available online.

E. The Board is the final accrediting authority.

R277-413-5. Board Accreditation Standards.

A. Board accreditation standards include Northwest standards and Utah-specific requirements. Each standard requires the school to respond to a series of indicator statements and provide evidence of compliance as directed.

B. Northwest Core Standards for Accreditation.

(1) Teaching and Learning Standards

(a) Mission, Beliefs and Desired Results for Student Learning.

(b) Curriculum

(c) Instruction

(d) Assessment

(2) Support Standards

(a) Leadership and Organization

(b) School Services

(i) Student Support Service

(ii) Guidance Services

(iii) Health Services

(iv) Library Information Services

(v) Special Education Services

(vi) Family and Community Services

(c) Facilities and Finance

(3) School Improvement Standard

(a) Culture of Continual Improvement

C. Utah-specific indicators have been added to the Northwest standard indicators which include essential information sought from schools to demonstrate alignment with Utah law and Board rules. Utah-specific indicators are available from the USOE Curriculum Section.

B. "Board" means the Utah State Board of Education.

C. "Charter school" means a school acknowledged as a charter school by a local board of education under Section 53A-1a-515 and by R277-470, or by the Board under Section 53A-1a-505.

D. "Dual enrollment student" means a student who is enrolled simultaneously in public school and in a home school, a Utah charter school, a Utah online school, or a regularly established private school.

E. "Eligibility" means a student's fitness and availability to participate in school activities governed by this rule. Eligibility is determined by a number of factors including residency (of student and legal guardian), scholarship, age, and number of semesters of participation in a particular activity.

F. "Full-time student" means a student earning the school district designated number(s) and type(s) of credits required for participation in extracurricular or interscholastic activities in the school district in which the student's parent or legal guardian resides.

G. "Home school" means a school comprised of one or more students officially excused from compulsory public school attendance under Section 53A-11-102.

H. "Online school" means a school:

- (1) that provides the same number of classes consistent with the requirement of similar resident schools;
- (2) that delivers course work via the internet;
- (3) that has designated a readily accessible contact person; and
- (4) that provides the range of services to public education students required by state and federal law.

I. "Previous academic grading period" means the most recent period as defined by the school district for which a student received a recorded grade.

J. "Private school" means a school satisfying the following criteria:

- (1) maintained by private individuals or corporations;
- (2) maintained and operated not at public expense;
- (3) generally supported, in part at least, by tuition fees or charges;
- (4) operated as a substitute for, and giving the equivalent of, instruction required in public schools;
- (5) employing teachers able to provide the same quality of education as public school teachers;
- (6) established to operate indefinitely and independently, not dependent upon age of the students available or upon individual family situations; and
- (7) licensed as a business by the Utah Department of Business Regulations.

K. "School participation fee" means the fee paid by the charter/online school to the traditional school consistent with the fee schedule of R277-494-4 for student participation in extracurricular or co-curricular school activities.

L. "Student participation fee" means the fee charged to all participating charter/online and traditional school students by the resident school for designated extracurricular or co-curricular school activities consistent with R277-407.

M. "USOE" means the Utah State Office of Education.

R277-438-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of the public school system under the board, by 53A-1-402(1)(b)

which directs the Board to establish rules and minimum standards for access to programs and by Section 53A-11-102.5 directing the Board to make rules to permit home school, charter and online students and private school students to participate in public school extracurricular or co-curricular school activities.

B. The purpose of this rule is to provide consistent statewide procedures and criteria for home school and private school students' participation in public school activities. A further purpose is to provide procedures and criteria for charter school and online school students to participate in traditional public school activities consistent with R277-494.

R277-438-3. Private and Home School Student Participation in Public School Extracurricular or Co-curricular School Activities.

A. Students exempted from compulsory public school education by the local board for instruction in private or home schools may be eligible for participation in extracurricular or co-curricular public school activities provided they are taking courses comparable to traditional school courses or earning credit under options outlined in R277-700-6 in at least as many of the designated courses as required by the local board of students for participation in that activity.

B. The private or home school student may only participate in extracurricular or co-curricular school day activities at the school within whose boundaries the student's custodial parent(s) or legal guardian resides.

C. Dual enrollment students shall be eligible for extracurricular or co-curricular school activities consistent with eligibility standards for fully enrolled traditional public school students, including providing report cards and citizenship information to activity sponsors and coaches upon request.

R277-438-4. Fees for Private and Home School Students.

A. Private and home school students are responsible for student participation fees in the same manner as full-time public school students.

B. Student participation fees for private, charter, online or home school students shall be waived by the school or school district if students are eligible and parents provide required documentation under Section 53A-12-103 and R277-407, School Fees. The charter or online schools shall be responsible for payment of waived fees to the resident school district.

R277-438-5. Utah Charter and Utah Online School Student Participation in Extracurricular or Co-curricular School Activities.

A. Utah charter school and Utah online school students shall be eligible to participate in extracurricular and co-curricular school activities at their public schools of residence consistent with Section 53A-1a-519, Section 53A-2-214, and R277-494.

B. Charter schools and online schools may determine if the schools shall allow students to participate in extracurricular or co-curricular school activities at the students' resident schools understanding:

(1) That the charter/online school is responsible for the school participation fees associated with the designated activity consistent with Section R277-494-4;

(2) If the charter/online school allows one student to participate in a given activity, the charter/online school shall allow all interested students to participate;

(3) That the charter/online school is responsible for the school participation fee;

(4) That the student shall be allowed to participate only upon payment of the school participation fee by the school;

(5) That the charter/online school shall cooperate fully with all resident schools regarding students' participation in try-outs, practices, pep rallies, team fund raising efforts, scheduled

games and required travel and provision of complete and prompt reports of student academic and citizenship progress or grades, upon request; and

(6) That charter/online students' parents are responsible for the students' transportation to the school with which the student participates; and

(7) That the charter/online school is responsible for any student participation fees required of all student participants in the activity if the participating student is eligible for fee waivers under R277-407.

R277-438-6. Miscellaneous Issues.

A. A student attending activities or a portion of the school day under the provisions of Section 53A-11-102.5 shall be subject to the same behavior and discipline rights and requirements of a full-time resident school student.

B. A student who attends an activity or a portion of the school day shall be subject to administrative scheduling and teacher discretion of the traditional school.

C. A student with disabilities may participate as a dual enrollment student consistent with Utah law, this rule and Code of Federal Regulations (CFR) Vol. 64, No. 48, Section 300.450 through 300.455.

(1) If a student with disabilities who attends a charter or online school desires to participate in dual enrollment, the charter/online school is responsible for accommodations or extra costs to the student's resident school for the student's participation.

(2) The student shall have a services plan in place prior to participation in dual enrollment using comparable procedures to those required for identifying and evaluating public school students;

(3) Students with disabilities seeking dual enrollment shall be entitled to services only in the same proportional amount that the number of private school students residing in the district is to the total number of students with disabilities in the district.

(4) Decisions about the scheduling and manner of services provided shall be the responsibility of school and district personnel.

(5) Schools and districts are not prohibited from providing services to students who are not enrolled full time in excess of those required by R277-438-6.

R277. Education, Administration.**R277-484. Data Standards.****R277-484-1. Definitions.**

A. "Annual Financial Report" means an account of LEA revenue and expenditures by source and fund sufficient to meet the reporting requirements specified in Section 53A-1-301(3)(d) and (e).

B. "Annual Program Report" means an account of LEA revenue and expenditures by source and program sufficient to meet the reporting requirements specified in Section 53A-1-301(3)(d) and (e).

C. "Board" means the Utah State Board of Education.

D. "Comprehensive Administration of Credentials for Teachers in Utah Schools (CACTUS)" means the database maintained on all licensed Utah educators. The database includes information such as:

- (1) personal directory information;
- (2) educational background;
- (3) endorsements;
- (4) employment history;
- (5) professional development information;
- (6) completion of employee background checks; and
- (7) a record of disciplinary action taken against the educator.

E. "Data Clearinghouse File" means the electronic file of student level data submitted by LEAs to the USOE in the layout specified by the USOE. This definition is effective until July 1, 2011.

F. "Data Warehouse" means the database of demographic information, course taking, and test results maintained by the USOE on all students enrolled in Utah schools.

G. "EDEN" means the Education Data Exchange Network, the mechanism by which state education agencies are mandated as of the 2008-09 school year to submit data to the U.S. Department of Education.

H. "ESEA" means the federal Elementary and Secondary Education Act, also known as the No Child Left Behind Act.

I. "LEA" means local education agency, which may be either a public school district or a charter school.

J. "MSP" means Minimum School Program, the set of state support K-12 public school funding programs.

K. "MST" means Mountain Standard Time.

L. "USOE" means Utah State Office of Education.

M. "Utah eTranscript and Record Exchange (UTREx)" means a system that allows individual detailed student records to be exchanged electronically among Utah public schools and LEAs and the USOE, and allows electronic transcripts to be sent to any participating post-secondary institution. This definition becomes effective on July 1, 2011.

N. "Year" means both the school year and the fiscal year for LEAs in Utah, which runs from July 1 through June 30.

O. "YICSIS" means the Youth In Custody Student Information System.

R277-484-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, and by Section 53A-1-401(3) which permits the Board to adopt rules in accordance with its responsibilities and specifically allows the Board to interrupt disbursements of state aid to any LEA which fails to comply with rules.

B. The Board, through its chief executive officer, the State Superintendent of Public Instruction, is required to perform certain data collection related duties essential to the operation of statewide educational accountability and financial systems as mandated in state and federal law.

C. The purpose of this rule is to support the operation of required educational accountability and financial systems by

ensuring timely submission of data by LEAs.

R277-484-3. Deadlines for Data Submission.

For the purpose of submission of student level data, each LEA shall participate in UTREx as of July 1, 2011. LEAs shall submit data to the USOE through the following reports by 5:00 p.m. MST on the date and in the format specified by the USOE:

A. February 28 - Community Development and Renewal Agency and/or Redevelopment Agency Taxing Entity Committee Representative List - Business Services.

B. June 15

(1) Immunization Status Report (to Utah Department of Health) - final;

(2) Safe School Incidents Report - for current year.

C. June 29 - CACTUS - final update for current year.

D. July 7

(1) Data Clearinghouse File - final comprehensive update for prior year - Data Assessment, and Accountability - effective until July 1, 2011;

(2) UTREx - final comprehensive update for prior year - Data Assessment, and Accountability - effective on July 1, 2011.

E. July 15

(1) Adult Education - final report for prior year;

(2) Bus Driver Credentials Report - for current year - Business Services;

(3) Classified Personnel Report - for prior year - Business Services;

(4) Driver Education Report - for prior year - Educator Quality;

(5) ESEA Choice and Supplemental Services Report - for prior year;

(6) Fee Waivers Report - for prior year;

(7) Fire Drill Compliance Statement - for prior year;

(8) Home Schooled Students Report - for prior year;

(9) Teacher Benefits Report - for prior year;

(10) Pupil Transportation Statistics - for prior year:

(a) Bus Inventory Report;

(b) Year End Pupil Transportation Statistics Reports.

F. September 15

(1) Membership Audit Report - for prior year;

(2) Adult Education - Financial Audit for prior year.

G. October 1

(1) Annual Financial Report (AFR) - for prior year;

(2) Annual Program Report (APR) - for prior year.

H. October 15

(1) Data Clearinghouse File - update as of October 1 for current year - effective until July 1, 2011;

(2) UTREx - update as of October 1 for current year - effective on July 1, 2011;

(3) YICSIS - update as of October 1 for current year.

I. November 1

(1) Enrollment and Transfer Student Documentation Audit Report - for current year;

(2) Immunization Status Report - for current year;

(3) Pupil Transportation Statistics for state funding:

(a) Schedule A1 (Miles, Minutes, Students Report) - projected for current year;

(b) Schedule B (Miscellaneous Expenditure Report) - for prior year;

(4) Negotiations report - for current year.

J. November 15

(1) CACTUS - update for current year; and

(2) Free and Reduced Price Lunch Enrollment Survey - as of October 31 for current year.

K. November 30 - Financial Audit Report - for prior year.

L. December 15 - Data Clearinghouse File - update as of December 1 for current year - effective until July 1, 2011.

M. December 15 - UTREx - update as of December 1 for

current year - effective on July 1, 2011.

R277-484-4. Adjustments to Deadlines.

A. Deadlines that fall on a weekend or state holiday in a given year shall be moved to the date of the first workday after the date specified in Section 3 for that year.

B. An LEA may seek an extension of a deadline to ensure continuation of funding and provide more accurate input to allocation formulas by submitting a written request to the USOE. The request shall be received by the USOE State Director of School Finance and Statistics at least 24 hours before the specified deadline in Section 3 and include:

- (1) The reason(s) why the extension is needed;
- (2) The signatures of the LEA business administrator and the district superintendent or charter school director; and
- (3) The date by which the LEA shall submit the report.

C. In processing the request for the extension, the USOE State Director of School Finance and Statistics shall:

(1) Take into consideration the pattern of LEA compliance with reporting deadlines and the urgency of the use which depends on the data to be submitted, consult with other USOE staff who have knowledge relevant to the situation of the LEA; and either

(2) Approve the request and allow the MSP fund transfer process to continue; or

(3) Recommend denial of the request and forward it the USOE Associate Superintendent for Business Services for a final decision on whether to stop the MSP fund transfer process.

D. If, after receiving an extension, the LEA fails to submit the report by the agreed date, the MSP fund transfer process shall be stopped and the procedure described in Section 8 shall apply.

E. Extensions shall apply only to the report(s) and date(s) specified in the request.

F. Exceptions - Deadlines for the following reports may not be extended:

- (1) June 29 CACTUS Update;
- (2) July 7 Final Data Clearinghouse File - final comprehensive update for prior year- Data Assessment, and Accountability - effective until July 1, 2011;
- (3) July 7 UTREx - final comprehensive update for prior year - Data Assessment, and Accountability - effective on July 1, 2011;
- (4) November 15 CACTUS - update for current year.

R277-484-5. Official Data Source and Required LEA Compatibility.

A. The USOE shall load operational data collections into the Data Warehouse as of the submission deadlines specified.

B. The Data Warehouse shall be the sole official source of data for annual:

- (1) school performance reports required under Section 53A-3a-602.5;
- (2) determination of adequate yearly progress as required under the ESEA; and
- (3) submission of data files to the U.S. Department of Education via EDEN.

C. Prior to an LEA acquiring a student information system, replacing an existing student information system, or modifying data elements in an existing student information system, an LEA shall have USOE approval to ensure that the LEA's new or modified student information system maintains compatibility with UTREx.

R277-484-6. Use of Data for Allocation of Funds.

The USOE School Finance and Statistics Section shall publish after each general legislative session by June 30 on its website an explicit description of how data shall be used to allocate funds to LEAs in each MSP program in the following

fiscal year.

R277-484-7. Adjustments to Summary Statistics Based on Compliance Audits.

A. For the purpose of allocating MSP funds and projecting enrollment, LEA level aggregate membership and fall enrollment counts may be modified by the USOE on the basis of the values in the Membership and Enrollment audit reports, respectively, when an audit report review team comprising at least three members of the Finance and Statistics and Charter School sections agree that an adjustment is warranted by the evidence of an audit:

(1) the audit report review team shall make its determination within five working days of the authorized audit report deadline;

(2) values can only be adjusted downward when audit reports are received after the authorized deadlines.

R277-484-8. Financial Consequences of Failure to Submit Reports on Time.

A. If an LEA fails to submit a report by its deadline as specified in Section 3, the USOE shall stop the MSP fund transfer process on the day after the deadline, unless the LEA has obtained an extension of the deadline in accordance with the procedure described in Section 7, to the following extent:

(1) 10% of the total monthly MSP transfer amount in the first month, 25% in the second month, and 50% in the third and subsequent months for any report other than June 15 Immunization Status report.

(2) Loss of up to 1.0 WPU from Kindergarten or Grades 1-12 programs, depending on the grade level and aggregate membership of the student, in the current year Mid Year Update for each student whose prior year immunization status was not accounted for in accordance with Utah Code 53A-11-301 as of June 15.

B. If the USOE has stopped the MSP fund transfer process for an LEA, the USOE shall:

(1) upon receipt of a late report from that LEA, restart the transfer process within the month (if the report is submitted by 10:00 a.m. on or before the tenth working day of the month) or in the following month (if the report is submitted after 10:00 a.m. on or after the tenth working day of the month); and

(2) inform the appropriate Board Committee at its next regularly scheduled Committee meeting.

(3) inform the chair of the governing board if LEA staff are not responsive in correcting ongoing problems with data.

R277-484-9. Disclosure of Data for Research.

A. The USOE may provide limited or extensive data sets for research and analysis purposes to qualified researchers or organizations.

(1) A reasonable method shall be used to qualify researchers or organizations to receive data, such as evidence that a research proposal has been approved by a federally recognized Institutional Review Board (IRB).

(2) A standardized, de-identified research data package shall be prepared each year by the USOE for qualified researchers to systematically protect individual student data.

(3) The USOE is not obligated to fill every data request and may develop procedures to determine which requests will be filled or to assign priorities to multiple requests. The USOE/Board understands that it will respond in a timely manner to all requests submitted under Section 63G-2-101 et seq., Government Records Access and Management Act.

(a) In filling data requests, higher priority shall be given to requests that will help improve instruction in Utah's public schools.

(b) In filling data requests, higher priority shall be given to requests from universities, colleges, schools, faculty, students

and government entities residing in Utah.

(4) A fee may be charged to prepare data or to deliver data, particularly if the preparation requires original work. The USOE shall comply with Section 63G-2-203 in assessing fees.

(5) The researcher or organization shall provide a copy of the report or publication produced using USOE data to USOE at least 10 business days prior to the public release.

B. Student information

(1) Requests for data that disclose student information shall be provided in accordance with the Family Educational Rights and Privacy Act (FERPA), 34 CFR 99-31(a)(6), so that:

(a) the individual data is de-identified, meaning it is not possible to trace the data to an actual student.

(b) the recipient of student data shall agree to not report or publish data in a manner that discloses a student's identity. For example, reporting test scores for a race subgroup that has a count, also known as n-size, less than 10 could enable someone to identify the actual students and shall not be published.

C. Licensed educator information

(1) The USOE shall provide information about licensed educators maintained in the CACTUS database that is required under Section 63G-2-301(2).

(2) Additional information/data may be released by the USOE consistent with the purposes of CACTUS, the confidentiality protections accepted by requester(s), and the benefit that the research may provide for public education in Utah, as determined by the USOE.

D. Recipients of USOE research data shall sign a USOE non-disclosure agreement if required by the USOE.

E. The Board or the USOE may commission research or may approve research requests.

F. The USOE may provide personally identifiable data about students or licensed educators consistent with state and federal law. Some data may be provided only if the researcher or contractor agrees to preserve the confidentiality of private and protected data.

Art X Sec 3

53A-1-401(3)

53A-1-301(3)(d) and (e)

R277. Education, Administration.**R277-501. Educator Licensing Renewal, Timelines, and Required Fingerprint Background Checks.****R277-501-1. Definitions.**

A. "Acceptable alternative professional development activities" means activities that do not fall within a specific category under R277-501-3 but are consistent with this rule.

B. "Accredited" means a teacher preparation program accredited by the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC) or one of the major regional accrediting associations as defined under R277-503-1N.

C. "Accredited school" for purposes of this rule means a public or private school that has met standards considered to be essential for the operation of a quality school program and has had formal approval by the Northwest Accreditation Commission.

D. "Active educator" for purposes of this rule means an individual holding a valid license issued by the Board who is employed by a Utah public or accredited private school in a role covered by the license or an individual who has taught successfully for three of the five years in the educator's renewal cycle in a Utah public or accredited private school.

E. "Active educator license" means a license that is currently valid for service in a position requiring a license.

F. "Approved professional development" means training or courses, approved by the USOE under R277-519-3, in which current educators or individuals who have previously received a license may participate to renew a license, teach in another subject area or teach at another grade level.

G. "Board" means the Utah State Board of Education.

H. "College/university course" means a course taken through an institution approved under Section 53A-6-108. "University level course" means a course having the same academic rigor and requirements similar to a university/college course and taught by appropriately trained individuals.

I. "Course work successfully completed" for purposes of this rule means the student earns a grade C or better.

J. "Documentation of professional development activities" means:

(1) an original report card or student transcript for university/college courses;

(2) certificate of completion for an approved professional development, conference, workshop, institute, symposium, educational travel experience and staff development;

(3) summary, explanation, or copy of the product and supervisor's signature, if available, or complete documentation of professional development activities that support district and school policies and further academic pursuit or educational innovations of professional development activities. All agendas, work products, and certificates shall be maintained by the educator;

(4) an agenda or conference program demonstrating sessions and duration of professional development activities.

K. "Educational research" means conducting educational research or investigating education innovations.

L. "Inactive educator" means an individual holding a valid license issued by the Board who was employed by a Utah public or accredited private school in a role covered by the license for less than three years in the individual's renewal period.

M. "Inactive educator license" means a license, other than a surrendered, suspended or revoked license, that is currently not valid due to the holder's failure to complete requirements for license renewal.

N. "Level 1 license" means a Utah professional educator license issued upon completion of an approved preparation program or an alternative preparation program, or pursuant to an agreement under the NASDTEC Interstate Contract, to applicants who have also met all ancillary requirements

established by law or rule.

O. "Level 2 license" means a Utah professional educator license issued after satisfaction of all requirements for a Level 1 license and:

(1) requirements established by law or rule;

(2) three years of successful education experience within a five-year period in a Utah public or accredited private school; and

(3) satisfaction of requirements under R277-522 for teachers whose employment as a Level 1 licensed educator began after January 1, 2003 in a Utah public or accredited private school.

P. "Level 3 license" means a Utah professional educator license issued to an educator who holds a current Utah Level 2 license and has also received National Board Certification or a doctorate in education or in a field related to a content area in a unit of the public education system.

Q. "License" means an authorization issued by the Board which permits the holder to serve in a professional capacity in a Utah school.

R. "NASDTEC" means the National Association of State Directors of Teacher Education and Certification. NASDTEC maintains an Educator Information Clearinghouse for its members regarding persons whose licenses have been suspended or revoked.

S. "National Board Certification" means the successful completion of the National Board for Professional Teaching Standards (NBPTS) process, a three-year process, that may include national content-area assessment, an extensive portfolio, and assessment of video-taped classroom teaching experience.

T. "No Child Left Behind (NCLB) standards for highly qualified teachers" means that all teachers of Core academic subjects as defined under R277-510-1B, demonstrate adequate content knowledge of their teaching assignments as of July 1, 2006.

U. "Professional colleague" for purposes of this rule means a Utah Level 2 or 3 licensed educator who has adequate familiarity with the inactive educator's license area of concentration and endorsement(s).

V. "Professional development plan" means a document prepared by the educator consistent with this rule.

W. "Professional development points" means the points accumulated by a Utah license holder through activities approved under this rule for the purpose of satisfying requirements of Section 53A-6-104.

X. "USOE" means the Utah State Office of Education.

Y. "Verification of employment" means official documentation of employment as an educator.

R277-501-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-6-104 which requires the Board to make rules requiring participation in professional development activities in order for educators to retain Utah licensure, and Section 53A-1-401(3) which permits the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to provide definitions and requirements for an educator to renew a Utah educator license. This rule requires verification of employment, development of a professional development plan and documentation of activities consistent with Section Title 53A, Chapter 6.

R277-501-3. Categories of Acceptable Activities for a Licensed Educator.

A. A college/university course:

(1) shall be successfully completed with a "C" or better, or a "pass."

(2) Each semester hour equals 18 license points; or

- (3) Each quarter hour equals 12 license points.
- B. Professional development:
- (1) shall be state-approved under R277-519-3.
- (2) may be requested from the USOE by:
- (a) written request from a private provider on a form supplied by the USOE and received by the appropriate USOE subject specialist at least two weeks prior to the beginning date of the scheduled professional development, or
- (b) a request submitted through the computerized professional development program connected to the USOE licensure system.
- (i) The computerized process is available in most Utah school districts and area technology centers.
- (ii) Such requests shall be made at least two weeks prior to the beginning of the scheduled professional development.
- (3) Each clock hour of authorized professional development time equals one professional development point.
- (4) The professional development shall be successfully completed through attendance and required project(s).
- C. Conferences, workshops, institutes, symposia, educational travel experience or staff-development programs:
- (1) Acceptable workshops and programs include those with prior written approval by the USOE, recognized professional associations, district supervisors, or school supervisors regardless of the source of sponsorship or funding.
- (2) One license point is awarded for each clock hour of educational participation; license points may be limited to specific educational activities under R277-501-3C.
- D. Content and pedagogy testing:
- (1) Acceptable tests include those approved by the Board.
- (2) 25 license points shall be awarded for each Board-approved test score report submitted.
- (3) No more than two test score reports may be submitted in a license cycle for a maximum of 50 points.
- (4) Each score report submitted shall have a different test number and title.
- (5) The license renewal applicant is responsible for reporting of score test results. This information should be used by renewal applicants to design ongoing professional development.
- E. Service in professional activities in an educational institution:
- (1) Acceptable service includes that in which the license holder contributes to improving achievement in a school, district, or other educational institution, including planning and implementation of an improvement plan.
- (2) One license point is awarded for each clock hour of participation.
- (3) An inactive educator may earn professional development points by service in professional activities under the supervision of an active administrator.
- F. Service in a leadership role in a national, state-wide or district recognized professional education organization:
- (1) Acceptable service includes that in which the license holder assumes a leadership role in a professional education organization.
- (2) One license point is awarded for each clock hour of participation with a maximum of 10 license points per year.
- G. Educational research and innovation that results in a final, demonstrable product:
- (1) Acceptable activities include conducting educational research or investigating educational innovations.
- (2) This research activity shall follow school and district policy.
- (3) An inactive educator may conduct research and receive professional development points on programs or issues approved by a practicing administrator.
- (4) One license point is awarded for each clock hour of participation.

H. Acceptable alternative professional development activities:

- (1) Acceptable activities are those that enhance or improve education yet may not fall into a specific category.
- (2) These activities shall be approved by an educator's principal/supervisor or in the case of the inactive educator, a professional colleague, or a USOE or Utah school district specialist.
- (3) One license point is awarded for each clock hour of participation.
- I. Substituting in a Utah public or accredited private school may be an acceptable alternative professional development activity toward license renewal if the license holder is not an active educator as defined under R277-501-1D and is paid and authorized as a substitute. A substitute shall earn one point for every two hours of documented substitute time. Verification of hours shall be obtained from the employer or from the supervising principal. A license holder may earn up to 25 professional development points per year not to exceed a total of 50 points in a license cycle as a substitute.
- J. A license-holder who instructs students in a professional or volunteer capacity in a Utah public or accredited private school may earn up to 25 professional development points per year not to exceed a total of 50 points in a license cycle. Paraprofessionals/volunteers may accrue one professional development point for every three hours of paraprofessional/volunteer service, as determined and verified by the building principal or supervisor.
- K. Up to 50 license points may be earned in any one or any combination of categories E, F and G above.

R277-501-4. Required Renewal License Points for Designated License Holders.

- A. Level 1, 2 and 3 license holders may accrue relicensure points beginning with the date of each new license renewal.
- B. Level 1 license holder with no licensed educator experience.
- (1) An educator desiring to retain active status shall earn at least 100 license points in each three year period.
- C. Level 1 license holder with one year licensed educator experience in a Utah public or accredited private school within a three year period.
- (1) An active educator shall earn at least 75 license points in each three year period; and
- (2) any years taught shall have satisfactory evaluation(s).
- D. Level 1 license holder with two years licensed educator experience in a Utah public or accredited private school within a three year period.
- (1) An active educator shall earn at least 50 license points in each three year period; and
- (2) Any years taught shall have satisfactory evaluation(s).
- E. Level 1 license holder with three years licensed educator experience in a Utah public or accredited private school within a three year period.
- (1) An active educator shall earn at least 25 professional development points in each three year period; and
- (2) Any years taught shall have satisfactory evaluation(s).
- F. An educator seeking a Level 2 license shall notify the USOE of completion of Level 2 license prerequisites consistent with R277-522, Entry Years Enhancements (EYE) for Quality Teaching - Level 1 Utah Teachers and R277-502, Educator Licensing and Data Retention.
- G. Level 2 license holder:
- (1) An active educator shall earn at least 95 license points within each five year period. License points shall be earned in activities defined under this rule that contribute to competence, performance, and effectiveness in the education profession.
- (2) An inactive educator shall earn at least 200 license points within a five year period to maintain an active educator

license.

(3) An inactive educator who works one year in a Utah public or accredited private school within a five year period shall earn 165 license points within a five year period to maintain an active educator license.

(4) An inactive educator who works two years in a Utah public or accredited private school within a five year period shall earn 130 license points within a five year period to maintain an active educator license.

(5) Credit for any year(s) taught requires satisfactory evaluation(s).

H. Level 3 license holder:

(1) A Level 3 license holder with National Board Certification shall meet the National Board for Professional Teaching Standards (NBPTS) requirements consistent with the NBPTS schedule available from the USOE Educator Licensure Section. A Level 3 license holder shall be responsible to provide verification of NBPTS status prior to the license holder's designated renewal date.

(2) A Level 3 license holder with a doctorate degree from a regionally accredited college or university in education or in a field related to a content area in a unit of the public education system and shall meet the active or inactive educator Level 2 license holder requirements within a seven year period.

(3) An educator seeking a Level 3 license shall notify the USOE of completion of Level 3 license requirements. Level 3 license criteria apply to the license holder as of the license holder's renewal date following the notification to the USOE.

I. Teachers seeking license renewal who do not meet NCLB standards for highly qualified teachers under R277-510 shall focus 95 of the 200 required professional development points in teaching assignments in which the teacher does not hold an appropriate major, major equivalent, or other NCLB highly qualified criteria.

R277-501-5. Renewal Timeline with Point Requirements for Educator Level 2 License Holders.

A. A Level 2 active educator whose license expires June 30 shall earn 95 license points during the educator's five year renewal period and shall provide verification of employment.

B. A Level 2 inactive educator whose license expires June 30 shall earn 200 license points during the educator's five year renewal period.

R277-501-6. Background Checks Required for Renewal.

A. A background check shall be required for the renewal of any Utah educator license beginning July 1, 2009 consistent with Section 53A-6-401. No license may be renewed until the completion of the background check and receipt and review of the report by the USOE.

B. Beginning no later than July 1, 2009, applicants for Utah educator license renewal shall submit fingerprints to the Utah Department of Public Safety consistent with procedures and scheduling developed and disseminated by the USOE in consultation with the Utah Department of Public Safety.

C. No later than July 1, 2009, the USOE shall provide to the Utah Department of Public Safety a list of licensed Utah educators including dates of birth, social security numbers, and other necessary demographic information to be determined between the USOE and the Utah Department of Public Safety.

D. If an educator license holder's criminal background check is incomplete or under review by the Utah Professional Practices Advisory Commission (UPPAC), the educator license holder's license shall be in a pending status until the process is concluded. The educator license holder's CACTUS file will show a dialog box directing the reviewer of the file to the USOE for further information. An educator license in a pending status cannot be renewed until the background check process is complete.

R277-501-7. Board Directive to Educator License Holders for Fingerprint Background Check.

A. The USOE may direct a Utah educator license holder to have a criminal fingerprint background check under Section 53A-6-104 for good cause shown.

B. If an educator license holder fails to comply with the directive in a reasonable time, following reasonable notice and adequate due process, the educator license holder's license may be put into a pending status subject to the educator license holder's compliance with the Board's directive.

C. The Board or its designee may review an educator license holder's compliance with the directive prior to the final decision about the educator license holder's license status.

R277-501-8. Miscellaneous Renewal Information.

A. A licensed educator shall develop and maintain a professional development plan. The plan:

(1) shall be based on the educator's professional goals and current or anticipated assignment,

(2) shall take into account the goals and priorities of the school/district,

(3) shall be consistent with federal and state laws and district policies, and

(4) may be adjusted as circumstances change.

(5) shall be reviewed and signed by the educator's supervisor or a professional colleague designated by the building administrator.

B. If an educator is not employed in a Utah public or accredited private school at the renewal date, the educator shall review the plan and documentation with a professional colleague who may sign the professional development plan and USOE verification form. The verification form signed by the professional colleague shall be provided to the USOE between January 1 and June 30 of the renewal year.

C. Each Utah license holder shall be responsible for maintaining a professional development plan.

(1) It is the educator's responsibility to retain copies of complete documentation of professional development activities with appropriate signatures.

(2) The professional development documentation shall be retained by the educator for a minimum of two renewal cycles.

D. The "Verification for License Renewal" form shall be submitted to the USOE Licensing Section, 250 East 500 South, P.O. Box 144200, Salt Lake City, Utah 84114-4200 between January 1 and June 30 of the educator's assigned renewal year.

(1) Forms submitted by mail that are not complete or do not bear original signatures shall not be processed.

(2) Failure to submit the verification form consistent with deadlines shall result in beginning anew the administrative licensure process, including all attendant fees and criminal background checks.

(3) The USOE may, at its own discretion, review or audit verification for license renewal forms or educator license renewal folders or records.

E. License holders may begin to acquire professional development points under this rule on the date identified on the license as the date of licensure.

F. This rule does not explain criteria or provide credit standards for state approved professional development programs. That information is provided in R277-519.

G. Credit for district lane changes or other purposes is determined by a school district and is awarded at a school district's discretion. Professional development points should not be assumed to be credit for school district purposes, such as salary or lane change credit.

H. A renewal fee set by the USOE shall be charged to educators who seek renewal from an inactive status or to make level changes. Educators with active licenses shall be charged a renewal fee consistent with R277-502.

I. The USOE may make exceptions to the provisions of this rule for unique and compelling circumstances.

(1) Exceptions may only be made consistent with the purposes of this rule and the authorizing statutes.

(2) Requests for exceptions shall be made in writing at least 30 days prior to the license holder's renewal date to the Coordinator of Educator Licensing, USOE.

(3) Approval or disapproval shall be made in a timely manner.

J. Licenses awarded under R277-521, Professional Specialist Licensing, are subject to renewal requirements under this rule.

(1) Specialists shall be considered licensed as of September 15, 1999 or at their official employment date, whichever is later.

(2) All specialists shall be considered Level 1, 2 or 3 license holders consistent with R277-521-3, 4 and 5.

(3) Years of work experience beginning September 15, 1999 count toward levels of licensure.

K. Consistent with Section 53A-6-104(2) and (4), an educator may comply with the professional development requirements of this rule by:

(1) satisfactory completion of the educator's employing school district's district-specific professional development plan; and

(2) submission by the employing school district of the names of educators who completed district-specific professional development plans; and

(3) submission of professional development information in a timely manner consistent with the educator's license renewal cycle; failure of timely notification by districts to the USOE may result in expiration of licenses and additional time and costs for relicensure.

L. Completion of relicensure requirements by an educator under R277-501-4 or R277-501-6K, may not satisfy HOUSSE requirements for highly qualified status under No Child Left Behind, as defined in R277-520.

M. Educators are individually responsible for tracking their renewal cycles and completing professional development in a timely manner.

Notice of Continuation February 18, 2010

Art X Sec 3

53A-6-104

53A-1-401(3)

R277. Education, Administration.**R277-516. Education Employee Required Reports of Arrests and Required Background Check Policies for Non-licensed Employees.****R277-516-1. Definitions.**

A. "Board" means the Utah State Board of Education.

B. "Comprehensive Administration of Credentials for Teachers in Utah Schools (CACTUS)" means the database maintained on all licensed Utah educators. The database includes information such as:

- (1) personal directory information;
- (2) educational background;
- (3) endorsements;
- (4) employment history;
- (5) professional development information;
- (6) completion of employee background checks; and
- (7) a record of disciplinary action taken against the educator.

C. "DPS" means the Department of Public Safety.

D. "Licensed educator" means an individual who holds a valid Utah educator license and has satisfied all requirements to be a licensed educator in the Utah public school system (examples are traditional public school teachers, charter school teachers, school administrators, USOE and school district specialists). A licensed educator may or may not be employed in a position that requires an educator license. Licensed educators include individuals who are student teaching, who are in alternative routes to licensing programs or positions and individuals who hold district- or charter school-specific licenses.

E. "Public education employer" means the education entity that hires and employs an individual, including public school districts, the Utah State Office of Education, Regional Service Centers, and charter schools.

F. "USOE" means the Utah State Office of Education.

R277-516-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests the general control and supervision of the public schools in the Board, by Sections 53A-1-301(3)(a) and 53A-1-301(3)(d)(x) which instructs the State Superintendent of Public Instruction (Superintendent) to perform duties assigned by the Board that include presenting to the Governor and the Legislature each December a report of the public school system for the preceding year that includes investigation of all matters pertaining to the public schools, and statistical and financial information about the school system which the Superintendent considers pertinent; and by Sections 53A-1-402(1)(a)(i) and (iii) which direct the Board to establish rules and minimum standards for the public schools regarding the qualification and certification of educators and ancillary personnel who provide direct student services, and the evaluation of instructional personnel.

B. The purpose of this rule is ensure that all students who are compelled by law to attend public schools, subject to release from school attendance consistent with Section 53A-11-102, are instructed and served by public school teachers and employees who have not violated laws that would endanger students in any way.

R277-516-3. Licensed Public Education Employee Personal Reporting of Arrests.

A. A licensed educator who is arrested for the following alleged offenses shall report the arrest within 48 hours or as soon as possible to the licensed educator's district superintendent, charter school director or designee:

- (1) any matters involving arrests for alleged sex offenses;
- (2) any matters involving arrests for alleged drug-related offenses;
- (3) any matters involving arrests for alleged alcohol-

related offenses; and

(4) any matters involving arrests for alleged offenses against the person under Title 76, Chapter 5, Offenses Against the Person.

B. A licensed educator shall report convictions, including pleas in abeyance and diversion agreements within 48 hours or as soon as possible upon receipt of notice of the conviction, plea in abeyance or diversion agreement.

C. The district superintendent, charter school director or designee shall report conviction, arrest or offense information received from licensed educators to the USOE within 48 hours of receipt of information from licensed educators. The USOE shall develop an electronic reporting process on the USOE website.

D. The licensed educator shall report for work following the arrest and notice to the employer unless directed not to report for work by the employer, consistent with school district or charter school policy.

R277-516-4. Non-licensed Public Education Employee Background Check Policies.

A. School districts and charter schools shall adopt policies for non-licensed public education employee background checks that include at least the following components:

- (1) periodic background checks of non-licensed employees;
- (2) non-licensed employees shall submit to criminal background checks at least every six years;

B. School district and charter school policies shall determine the background check process necessary based on the non-licensed employee's assignment.

C. School districts and charter schools shall submit to the Utah Department of Public Safety a complete list of non-licensed employees including names, dates of birth, and social security numbers.

R277-516-5. Non-licensed Public Education Employee Arrest Reporting Policy Required from School Districts and Charter Schools.

A. School districts/charter schools shall have a policy requiring reporting of designated offenses by non-licensed public employees and all employees who drive motor vehicles as an employment responsibility.

B. School districts/charter schools shall have an employee reporting policy for non-licensed employees adopted in an open board meeting no later than September 15, 2009. The policy shall be available on the school district/charter school website or provided to the USOE or both.

C. The policy shall include the following minimum components:

- (1) reporting of the following:
 - (a) convictions, including pleas in abeyance and diversion agreements;
 - (b) any matters involving arrests for alleged sex offenses;
 - (c) any matters involving arrests for alleged drug-related offenses;
 - (d) any matters involving arrests for alleged alcohol-related offenses; and
 - (e) any matters involving arrests for alleged offenses against the person under Title 76, Chapter 5, Offenses Against the Person.

(2) a timeline for receiving reports from non-licensed public education employees;

(3) immediate suspension from student supervision responsibilities for alleged sex offenses and other alleged offenses which may endanger students during the period of investigation;

(4) immediate suspension from transporting students or public education vehicle operation or maintenance for alleged

offenses involving alcohol or drugs during the period of investigation;

(5) adequate due process for the accused employee consistent with Section 53A-3-410(10);

(6) a process to review arrest information and make employment decisions that protect both the safety of students and the confidentiality and due process rights of employees;

(7) timelines and procedures for maintaining records of arrests and convictions of non-licensed public education employees. Records shall:

(a) include final administrative determinations and actions following investigation; and

(b) be maintained only as necessary to protect the safety of students and with strict requirements for the protection of confidential employment information.

R277-516-6. Public Education Employer Responsibilities Upon Receipt of Arrest Information from Employees.

A. A public education employer that receives arrest information about a licensed public education employee shall review arrest information and assess the employment status consistent with Section 53A-6-501, R277-515, and the school district/charter school's policy.

B. A public education employer that receives arrest information about a non-licensed public education employee shall review arrest information and assess the employee's employment status considering the non-licensed public education employee's assignment and consistent with a local board-approved policy for ethical behavior of non-licensed employees.

C. A local board shall provide appropriate training to non-licensed public education employees about the provisions of the local board's policy for self-reporting and ethical behavior of non-licensed public education employees.

D. A public education employer shall cooperate with the USOE in investigations of licensed educators.

R277-516-7. USOE Responsibility for Review of Arrest/Conviction Information Regarding Current or Prospective Licensees.

A. The USOE shall review self-disclosure reports received from public education employers who received the information from licensed educators pursuant to this rule, or reports from DPS regarding arrests/convictions of current or prospective licensees in a timely manner.

B. The USOE shall:

(1) require the current or prospective licensee to immediately submit his fingerprints to DPS for a background check;

(2) place a flag on the licensee's CACTUS file indicating a background check issue;

(3) evaluate, after consultation with the public education employer and consistent with procedures under Section 53A-6-401 and R686-100, for potential licensing action.

R277. Education, Administration.**R277-518. Career and Technical Education Licenses.****R277-518-1. Definitions.**

A. "Adult education" means organized and structured programs or competencies which directly or indirectly prepare students for post-secondary or training opportunities, and/or entering and retaining employment opportunities. Adult education programs provide qualifying out-of-school youth and adult students with literacy skills below the collegiate/post-secondary level with a continuous education system, driven by a student education occupational plan (SEOP), through competency-based instruction, with opportunities to improve their basic literacy levels, English as a second language skills, or high school level of education consistent with R277-733.

B. "Board" means the Utah State Board of Education.

C. "Career and technical education (CTE)" means organized educational programs or competencies which directly or indirectly prepare students for employment, or for additional preparation leading to employment, in occupations where entry requirements do not generally require a baccalaureate or advanced degree. CTE programs provide all students a continuous education system, driven by a student education occupational plan (SEOP), through competency-based instruction, culminating in essential life skills, certified occupational skills, and meaningful employment. Categories include agriculture; business; family and consumer sciences; health science; information technology; marketing; skilled and technical sciences; technology and engineering education; and work-based learning, consistent with R277-916.

D. "CTE Alternative Preparation Program (APP) license area of concentration (license area)" means the provisional license area of concentration issued by the Board for a three year period which enables the holder to teach only in a specific CTE or technical field, or adult education in the public school system and may require educational coursework.

E. "Level 1 license" means the initial provisional license issued by the Board to an individual who is recommended by a Board-approved educator preparation program or approved alternative preparation program. A complete Utah educator license requires both a level and a specified license area.

F. "Level 2 license" means a license issued by the Board to a Level 1 license holder upon completion of the Entry Years Enhancement (EYE) Program consistent with R277-522. A complete Utah educator license requires both a level and a specified license area.

G. "Level 3 license" means a license issued by the Board to a Level 2 license holder who has achieved National Board Professional Teaching Standards Certification or who holds a doctorate in the educator's field of practice. A complete Utah educator license requires both a level and a specified license area.

H. "A license area of concentration (license area)" is obtained by completing an approved preparation program or an alternative preparation program in a specific area of educational studies such as Early Childhood (K-3), Elementary 1-8, Middle (5-9), Secondary (6-12), Administrative/Supervisory, CTE, School Counselor, School Psychologist, School Social Worker, Special Education (K-12), Preschool Special Education (Birth-Age 5), Communication Disorders.

I. "USOE" means the Utah State Office of Education.

R277-518-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution, Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-6-104 which permits the Board to issue licenses for educators, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify standards for a

CTE license area and endorsements. An appropriate CTE or secondary license area and appropriate endorsement(s) are required for all persons teaching CTE programs at the secondary and adult level where high school credit is earned. Specific to adult education, an appropriate CTE, elementary or secondary license is required for all persons awarding adult education high school completion credits in multiple subjects consistent with R277-733-4L.

R277-518-3. CTE License Required.

A CTE or secondary license area with appropriate endorsements is required for all persons teaching CTE programs at the secondary and adult level where high school credit is earned.

R277-518-4. Level 1 CTE (APP) License.

A. A Level 1 CTE (APP) license area may be issued to an applicant who:

(1) has six years of related occupational experience or documented evidence of a bachelor's degree in a related area and two years of full-time related work experience or documented evidence of an associate's degree in a related area and four years of full-time related work experience with an appropriate endorsement in any of the following program areas:

- (a) agriculture;
- (b) business;
- (c) marketing;
- (d) skilled and technical sciences;
- (e) technology and engineering;
- (f) family and consumer sciences;
- (g) health sciences;
- (h) information technology;
- (i) work-based learning; or
- (j) adult education.

(2) has been offered a teaching assignment directly related to the applicant's occupational experience and which is in an approved area of endorsement.

B. A Level 1 CTE (APP) license area for the Disabled, which is restricted to teaching in workshop centers for the handicapped, may be issued to an applicant who has 18 months of related occupational experience in business or industry related to the teaching assignment offered the applicant.

C. Verification of related occupational experience shall accompany an application for a Level 1 CTE (APP) license area.

(1) Periods of employment lasting less than one month and periods of employment prior to 18 years of age are not accepted for purposes of calculating the occupational experience requirement.

(2) All related work experience shall be within 10 years of application for this license.

D. State-approved testing:

The occupational experience requirement may be waived by the appropriate USOE Program Specialist or Coordinator if the applicant has passed a state-approved competency examination in the respective field at or above the USOE established cut-off scores. Individual applicant scores may be used for licensing purposes up to five years after completion of the respective examination(s).

E. In addition to meeting the requirements of Subsection 4(A)(1), an applicant for a Level 1 CTE (APP) license area to instruct in the following areas shall satisfy identified standards:

(1) an applicant for barbering, cosmetology, or building trades/courses shall also hold a valid license in the respective area issued by the Utah State Department of Commerce, Division of Occupational and Professional Licensing;

(2) an applicant for nurse assistant course(s) shall also be a licensed practical nurse or a registered nurse;

(3) an applicant for licensed practical nurse course(s) shall

also be a registered nurse;

(4) an applicant for health science medical anatomy and physiology course(s) shall also have a minimum of an associate's degree in a health care related area.

F. A CTE (APP) license area applicant shall complete pedagogical coursework or satisfy pedagogical standards consistent with R277-503-4. A Level 1 CTE (APP) license area applicant shall provide evidence of mastery of the following areas:

- (1) concepts, principles, and methods of teaching;
- (2) human relations or educational psychology;
- (3) curriculum development related to the program area;
- (4) development and use of instructional materials and aids;

(5) facility management and safety;

(6) measurement and evaluation;

(7) Career and Technical Student Organizations (CTSO), equity education, work-based learning, and comprehensive guidance.

G. A Level 1 CTE licensee with an adult education endorsement is restricted to employment in an accredited adult education program.

H. In addition to satisfaction of the pedagogical areas of R277-518-4F, a CTE (APP) license area applicant is strongly encouraged to and may be required by an employing school district to complete a USOE-approved program or assessment that demonstrates mastery of beginning teaching skills and competency.

I. A person may be employed under a CTE (APP) license area for one three year period. It is expected that a CTE (APP) license area holder shall complete requirements for a Level 1 CTE license area within three years or satisfy the employing district's/charter school's requirement for a district-specific license under Section 53A-6-104.5 in subsequent years.

J. A person teaching in a CTE or adult education program less than one-half day in relation to the respective school schedule, whose regular employment is or has been in any CTE or adult education program area, may, in lieu of the requirements of R277-518-4(F), have the Level 1 CTE (APP) license area renewed for subsequent three-year periods upon the recommendation of the employing agency and with the approval of the appropriate USOE Program Specialist or Coordinator.

K. Secondary License: A Level 1 CTE (APP) license area holder with a bachelor's degree may obtain a Level 2 CTE license area and secondary license area by successfully completing the following requirements within a three-year period:

- (1) if the applicant's bachelor's degree is not related to the subject area he would like to teach, he shall document at least six years of work experience in the desired teaching area;
- (2) has satisfied the requirements of R277-518-4F;
- (3) may be required by an employing school district and is strongly encouraged to complete a USOE-approved program or assessment that demonstrates mastery of beginning teaching skills and competency;
- (4) provide documentation of any additional content area coursework as advised by the appropriate USOE Program Specialist or Coordinator; and
- (5) has completed the Entry Years Enhancement (EYE) Program consistent with R277-522.

R277-518-5. Level 1 CTE License.

An applicant for a Level 1 CTE license area with endorsement(s) shall have:

A. a baccalaureate degree in an approved teacher educational program, including 16 semester hours of course work in the endorsement area in which the applicant desires to teach, and at least two years of successful related occupational experience; or,

B. a baccalaureate degree with a major in the related occupational field in which the applicant desires to teach, including satisfaction of 15 semester hours or competency in USOE-approved education course work and two years of related occupational experience.

C. An applicant without public school teaching experience may be required by an employing school district and is strongly encouraged to complete a USOE-approved program or assessment that enhances or demonstrates mastery of beginning teaching skills and competencies.

R277-518-6. Level 2 CTE License.

An applicant for the Level 2 CTE license area with endorsements shall have:

A. completed at least three years of successful teaching experience under a Level 1 CTE (APP) license area or Level 1 CTE license area; and

B. completed the Entry Years Enhancement (EYE) Program consistent with R277-522.

R277-518-7. Level 3 CTE License.

A. An applicant for the Level 3 CTE license area with endorsements shall have a Level 2 CTE license area and have achieved National Board Professional Teaching Standards Certification or hold a doctorate in the educator's field of practice.

B. The Level 3 CTE license area may be renewed for successive seven year periods consistent with R277-501, Educator Licensing Renewal.

53A-6-104

53A-1-401(3)

R277. Education, Administration.**R277-601. Standards for Utah School Buses and Operations.****R277-601-1. Definitions.**

- A. "Board" means the Utah State Board of Education.
- B. "Local board" means the local school board of education.

R277-601-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of the public education in the Board, Section 53A-1-402(1)(d) which directs the Board to adopt rules for state reimbursed bus routes, bus safety and operational requirements, and other transportation needs and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify standards for state student transportation funds, school buses, and school bus drivers utilized by school districts.

R277-601-3. Standards.

A. The local board and school district personnel shall act consistent with the manual entitled STANDARDS FOR UTAH SCHOOL BUSES AND OPERATIONS, 2010, which includes information received from Utah school districts, the Utah Transportation Commission, and the Utah Department of Public Safety and is available at each department or agency.

B. STANDARDS FOR UTAH SCHOOL BUSES AND OPERATIONS, 2010, shall include:

- (1) Electronic and telecommunications devices
 - (a) A school bus operator's primary responsibility, consistent with training and policy, is the safety of passengers and the safety of the public at all times.
 - (b) A school bus operator shall not use a cell phone, wireless electronic device, or any headset, earpiece, earphones or other equipment that might distract a driver from his responsibilities, whether hand held or not, while the school bus is in motion and not appropriately parked or secured. This prohibition does not apply to the safe and appropriate use of two-way radios or to mounted, voice GPS systems. All school districts and public schools that regularly transport students shall maintain documentation of training for bus drivers and employees in the safe and appropriate use of two-way radios.
 - (c) Once the bus is stopped and safely parked, a school bus operator may use an electronic device for emergencies, to assist special needs students, for behavior management, for appropriate assistance for field/activity trips or for other business-related issues.
 - (d) A school bus operator may use an electronic device for personal use once a school bus is safely parked, appropriately secured and all passengers are safely off and at a safe distance from the bus, consistent with school district policy.
 - (e) Any violation of these provisions for emergency or compelling reasons may require documentation and will be addressed by the employing education entity.
 - (f) Violations of these provisions may result in personnel action(s) against the school bus operator consistent with school district/employer policies.
 - (g) Private contractors employed by school districts for student transportation shall also adhere strictly to these provisions in addition to the policies of the employer.
- (2) End of bus route inspection
 - (a) At the end of a student delivery, both during the day and after the final route of the day, a school bus operator shall complete the delivery, stop and park the bus, and insure that all students are off the bus.
 - (b) Where possible, this inspection shall be completed at each school site when delivering students to school.
 - (c) Following each from-school route of the day, the bus

operator shall complete the same type of inspection at a safe location a short distance from where the final student(s) left the bus. If children are found on the bus, they shall be immediately returned to their assigned bus stop location or to an alternate location, consistent with district policy, with express permission from the parents(s).

KEY: school, buses, school transportation**October 11, 2010****53A-1-402(1)(d)****Notice of Continuation February 13, 2009****53A-1-401(3)**

R277. Education, Administration.**R277-604. Private School, Home School, Electronic High School (EHS), and Bureau of Indian Affairs (BIA) Student Participation in Public School Achievement Tests.****R277-604-1. Definitions.**

A. Utah Basic Skills Competency Test (UBSCT) means the test required under Section 53A-1-611 for Utah students seeking a high school diploma (suspended through at least the 2011-2012 school year).

B. "Private school" means a school that is not a public school but:

- (1) has a location or space in Utah where teachers have regularly scheduled face-to-face classes with students;
- (2) has a current business license through the Utah Department of Commerce;
- (3) is accredited through the Northwest Accreditation Commission or another regional accrediting agency;
- (4) has and makes available a written policy for maintaining and securing student records;
- (5) charges tuition generally consistent with other private schools in Utah; and
- (6) employs teachers with licenses, credentials or demonstrable skills and expertise for instructing students in Core Curriculum courses or areas.

C. "Home school student" means a student who has been excused from compulsory education and for whom documentation has been completed under 53A-11-102.

D. "Public school achievement test" means a standardized test which measures or attempts to measure the level of performance which a student has attained in one or more courses of study. Achievement tests shall mean criterion-referenced tests consistent with 53A-1-602(3)(b)(c) and (d).

R277-604-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities, and Section 53A-1-603(1)(a) which directs the Board to require school districts to implement the Utah Performance Assessment System for Students.

B. The purpose of this rule is:

- (1) to provide opportunities for Utah private school students and home school students who are Utah residents, and Utah students attending BIA schools to participate in U-PASS;
- (2) to maintain the integrity and security of U-PASS;
- (3) to provide an orderly and manageable administrative process for public schools to include Utah private school students and home school students who are Utah residents, and Utah students attending BIA schools to participate in U-PASS if they so desire; and
- (4) to protect the public investment in U-PASS by making assessments available to students who are not funded by the public education system through fair, reasonable, and consistent practices.

R277-604-3. Private Schools.

A. Private school students who are Utah residents, as defined under 53A-2-201, may be allowed to participate in U-PASS.

B. Private school students who are not Utah residents may participate in U-PASS only by payment in advance of the full cost of individual assessments as determined by local board policy.

C. Private schools that are interested in participating in U-PASS may, at the public school district's discretion, do so only in the public school district in which the private school is located.

- (1) School districts shall determine at which public schools

within the district private school students may take achievement tests.

(2) A private school may request from the school district in which the private school is located an annual schedule of U-PASS dates, the locations at which private schools may be tested and written policies for private school student participation. An annual U-PASS schedule may be available online on school district websites.

D. School district policies shall include:

(1) reasonable costs for the participation of Utah private school students in U-PASS to be paid in advance by either the student or the school;

(2) an explanation of reasonable costs including costs for materials, scoring, reporting, and any state-related costs as determined by the state, to be passed on to the state. School district administration costs, determined by local boards, shall remain in the district.

(3) notice to private school administrators of any required private school administrator participation in monitoring or proctoring of tests;

(4) reasonable time lines for private school requests for participation and school district/school response;

(5) limits, if any, of numbers of non-public students that can be accommodated by the public school for all tests; and

(6) written notice to private schools of testing rules, including required identification for staff and students of implements or materials that private schools or private school students may or may not bring or use for each test.

R277-604-4. Home School Students.

A. Home school students who are Utah residents, as defined under 53A-2-201, shall be allowed to participate in U-PASS as provided in this rule.

B. Home school students shall be allowed to participate in U-PASS only if they have satisfied the home schooling requirements of 53A-11-102.

C. Home school student participation:

(1) Elementary-age home school students who desire to participate in U-PASS may do so only in the public school district in which the home school student's parent/legal guardian resides.

(2) Secondary home school students who desire to participate in U-PASS may do so only in the public school district in which the home school student's parent/legal guardian resides only if the student is enrolled in one or more Core program(s) or course(s) at the resident public school.

(3) School districts shall determine at which public school(s) within the district qualifying home school students may take achievement tests.

(4) A home school student/parent may request from the school district in which the home school student/parent resides an annual schedule of U-PASS dates, the locations at which home school students may be tested and written policies for home school student participation.

D. School district policies shall include:

(1) any costs required from traditional students.

(2) notice to home school students/parents of any required parent/adult participation in monitoring or proctoring of tests;

(3) reasonable time lines for home school requests for participation and school district/school response;

(4) limits, if any, of numbers of non-public students that can be accommodated by the public school for all tests; and

(5) written notice to home school students/parents of testing rules, including required identification and proof of residency for adults and students and implements or materials that home school students may or may not bring or use for each test.

E. The USOE shall absorb the costs for testing qualifying (enrolled in one or more Core program(s) or course(s) at the

public school) home school students unless or until the number of home school students requesting testing in all districts exceeds two percent of the public education students enrolled in the state.

R277-604-5. Utah Electronic High School (EHS) Students.

A. EHS students may participate in testing in the school district and school of residence, consistent with Section 53A-2-201, if:

(1) the student has been enrolled in EHS by the school counselor consistent with the student's SEOP; and

(2) the student has met all requirements and standards for Utah home school students.

B. The USOE shall absorb the costs for testing of Utah EHS students until and unless the number of EHS students exceeds two percent of the number of traditionally enrolled Utah public school students.

R277-604-6. Bureau of Indian Affairs (BIA) Students.

A. BIA school administrators shall be responsible to meet all U-PASS requirements for all Utah students.

B. Materials and training shall be provided to BIA schools from the public school district in which the school is located on the schedule that applies to Utah school districts.

C. BIA school administrators shall be notified of all information and training by the public school district in which the school is located.

53A-1-603(1)(a)**

R277. Education, Administration.**R277-703. Centennial Scholarship for Early Graduation.****R277-703-1. Definitions.**

- A. "ATC" means Applied Technology Center.
- B. "Board" means the Utah State Board of Education.
- C. "SEOP" means student education/occupational plan.
- D. "Centennial Scholarship" means the amount awarded to an early graduating student designated in Section 53A-15-102.

R277-703-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which places general control and supervision of the public school system under the Board, Section 53A-1-402(1) which authorizes the Board to make rules regarding competency levels, graduation requirements, curriculum, and instruction requirements, Section 53A-15-101(5) and (6) which direct the Board to provide an early graduation option to students and to develop, implement and evaluate the early graduation program, and Section 53A-1-401(3) which authorizes the Board to adopt rules in accordance with its responsibilities.

B. This rule designates the Early Graduation Centennial Scholarship Certificate for use by public schools, allows for graduation to be flexible and appropriate to meet individual students' needs, and outlines the early graduation procedure. If a student graduates any time following the eleventh grade year and enters a Utah post-secondary institution, the school district shall receive a reimbursement designated for the public high school from which the student graduated early. The post-secondary institution shall receive an Early Graduation Centennial Scholarship Certificate signed by the high school principal entitling the early graduate to a partial tuition scholarship following the date of graduation according to the schedule established by this rule.

R277-703-3. Curriculum Options for Accelerating a Secondary School Student's Education Program.

A. A student shall complete the courses of study and credit mandated by the Board and by the local board of education.

B. Options for earning additional credit may include but are not limited to:

- (1) Courses:
 - (a) High school summer school;
 - (b) High school or ATC early morning or after school classes;
 - (c) Courses completed at the student's own rate based on performance (the local board of education is responsible for assessment of mastery, R277-700-6);
 - (d) College courses numbered 101 and above from fully accredited institutions (concurrent enrollment, extension division, or continuing education classes);
 - (e) Local school district approved high school or college level correspondence courses;
 - (f) Equivalency ratio of higher education hours to high school credits: five (5) quarter or three (3) semester hours equal one (1) unit of high school credit.
- (2) Demonstrated proficiency by assessment (amount of credit to be determined by the local board of education, R277-700-6):
 - (a) Advanced Placement Examination as approved by the local board of education;
 - (b) ACT or SAT scores that meet or exceed a level set by the local board of education;
 - (c) Utah state or district secondary end-of-course tests;
 - (d) Demonstrated proficiency in a subject, as assessed by the local board of education;
 - (e) College Level Examination Program (CLEP) tests.
- (3) Approved work experience, as assessed by the local board of education.

(4) Demonstrated mastery in an experimental program that has received prior approval from the Board (local board of education seeks approval from the Board);

(5) Increased credit for courses that are combined into a time frame that ordinarily accommodates a lesser number of classes, as approved by the local board of education;

(6) Independent study: a student may be allowed credit for an independent research project or independent reading relevant to a course of study;

(7) Credit for experience gained during travel relevant to a specific course. Prior approval shall be obtained from and credit awarded by the local board of education.

R277-703-4. Early Graduation Student Education Plan.

A. In consultation with the student's parent or guardian and school advisor, each student shall indicate to the secondary principal the intent to complete early graduation at the beginning of the ninth grade year or as soon thereafter as the intent is known.

B. To be eligible for early graduation, a student shall have a current SEOP on file at the student's high school under provisions of R277-700-8.

R277-703-5. Local Education Requirements.

A. Requirements relating to semesters in membership are inapplicable to students who have been approved under Section R277-703-4 for graduation following the eleventh grade year.

B. Local academic and citizenship credit requirements for graduation which exceed Board requirements shall include provisions that permit students to graduate early.

R277-703-6. Funding Provisions.

A. A school district shall receive a payment designated for each high school from which students graduated before the end of the twelfth grade year.

B. Payment provisions:

(1) Districts shall receive payment for one-half of the designated Centennial Scholarship amount for each student reported as having graduated at the conclusion of the eleventh grade year on the S-3 report in the fiscal year following the student's graduation.

(2) Districts shall receive payment based on a percentage of the Centennial Scholarship amount for each student reported as graduating during the twelfth grade year. These students shall also be listed on the S-3 report and payment shall be made to the district designated for the schools in the fiscal year following the students' graduation. Districts shall receive payment for schools operating on the quarter or trimester system for each early graduating student according to the following schedule:

(a) End of first quarter of 12th grade year: 75 percent of one-half of the Centennial Scholarship amount;

(b) End of second quarter of 12th grade year: 50 percent of one-half of the Centennial Scholarship amount;

(c) End of third quarter of 12th grade year: 25 percent of one-half of the Centennial Scholarship amount;

(d) End of first trimester of 12th grade year: 67 percent of one-half of the Centennial Scholarship amount;

(e) End of second trimester of 12th grade year: 33 percent of one-half of the Centennial Scholarship amount.

C. A student who graduates from high school at the conclusion of the eleventh grade year or during the twelfth grade year shall be entitled to a partial tuition scholarship in the form of the Early Graduation Centennial Scholarship Certificate to be used at a Utah public college, university, community college, applied technology center, or any other institution in Utah accredited by the Northwest Accreditation Commission that offers post-secondary courses. The post-secondary institution shall complete the Early Graduation Centennial

Scholarship Certificate and submit it to the Utah State Office of Education. Upon receipt of the Early Graduation Centennial Scholarship Certificate, the Utah State Office of Education shall verify the information, and reimburse the institution an amount set forth in the following schedule in the fiscal year during which the student enrolls in a post-secondary institution. To be eligible for the scholarship, the student must enroll in an eligible post-secondary institution within one calendar year of graduation.

(1) The student who graduates at the end of the eleventh grade year shall receive a full Centennial Scholarship.

(2) The student who graduates at the end of the first quarter of the twelfth grade year shall receive 75 percent of the Centennial Scholarship amount.

(3) The student who graduates at the end of the second quarter of the twelfth grade year shall receive 50 percent of the Centennial Scholarship amount.

(4) The student who graduates at the end of the third quarter of the twelfth grade year shall receive 25 percent of the Centennial Scholarship amount.

(5) The student who graduates at the end of the first trimester of the twelfth grade year shall receive 67 percent of the Centennial Scholarship amount.

(6) The student who graduates at the end of the second trimester of the twelfth grade year shall receive 33 percent of the Centennial Scholarship amount.

53A-1-401(3)
53A-15-101(5) and (6)**

R277. Education, Administration.**R277-705. Secondary School Completion and Diplomas.****R277-705-1. Definitions.**

In addition to terms defined in Section 53A-1-602:

A. "Accredited" means evaluated and approved under the Standards for Accreditation of the Northwest Accreditation Commission or the accreditation standards of the Board, available from the Utah State Office of Education Accreditation Specialist.

B. "Board" means the Utah State Board of Education.

C. "Criterion-referenced test (CRT)" means a test to measure performance against a specific standard. The meaning of the scores is not tied to the performance of other students.

D. "Cut score" means the minimum score a student must attain for each subtest to pass the UBSCT.

E. "Demonstrated competence" means subject mastery as determined by LEA standards and review. LEA review may include such methods and documentation as: tests, interviews, peer evaluations, writing samples, reports or portfolios.

F. "Diploma" means an official document awarded by an LEA consistent with state and LEA graduation requirements and the provisions of this rule.

G. "Individualized Education Program (IEP)" means a written statement for a student with a disability that is developed, reviewed, and revised in accordance with the Utah Special Education Rules and Part B of the Individuals with Disabilities Education Act (IDEA).

H. "LEA" means a local education agency, including local school boards/public school districts and schools, and charter schools.

I. "Military child or children" means a K-12 public education student whose parent(s) or legal guardian(s) satisfies the definition of Section 53A-11-1401.

J. "Secondary school" means grades 7-12 in whatever kind of school the grade levels exist.

K. "Section 504 Plan" means a written statement of reasonable accommodations for a student with a qualifying disability that is developed, reviewed, and revised in accordance with Section 504 of the Rehabilitation Act of 1973.

L. "Special purpose schools" means schools designated by regional accrediting agencies, such as the Northwest Accreditation Commission. These schools typically serve a specific population such as students with disabilities, youth in custody, or schools with specific curricular emphasis. Their courses and curricula are designed to serve their specific populations and may be modified from traditional programs.

M. "Supplemental education provider" means a private school or educational service provider which may or may not be accredited, that provides courses or services similar to public school courses/classes.

N. "Transcript" means an official document or record(s) generated by one or several schools which includes, at a minimum: the courses in which a secondary student was enrolled, grades and units of credit earned, UBSCT scores and dates of testing, if applicable, citizenship and attendance records. The transcript is usually one part of the student's permanent or cumulative file which also may include birth certificate, immunization records and other information as determined by the school in possession of the record.

O. "Utah Performance Assessment System for Students (U-PASS)" means:

(1) criterion-referenced achievement testing of students in all grade levels in:

(a) language arts (grades 3-11);

(b) mathematics (grades 3-7) and pre-algebra, elementary Algebra 1, Algebra 2 and geometry;

(c) science (grades 4-8) and earth systems, biology, chemistry, and physics; and

(2) an online direct writing assessment in grades 5 and 8;

(3) a tenth grade basic skills competency test as detailed in Section 53A-1-611 (suspended through at least the 2011-2012 school year); and

(4) the use of student behavior indicators in assessing student performance.

(5) The U-PASS Performance Report is suspended through at least the 2011-2012 school year.

P. "Unit of credit" means credit awarded for courses taken consistent with this rule or upon LEA authorization or for mastery demonstrated by approved methods.

Q. "Utah Alternative Assessment (UAA)" means an assessment instrument for students in special education with disabilities so severe they are not able to participate in the components of U-PASS even with testing accommodations or modifications. The UAA measures progress on instructional goals and objectives in the student's individual education program (IEP).

R. "Utah Basic Skills Competency Test (UBSCT)" means a test to be administered to Utah students beginning in the tenth grade (suspended through at least the 2011-2012 school year) to include at a minimum components on English, language arts, reading and mathematics. Utah students shall satisfy the requirements of the UBSCT in addition to state and LEA graduation requirements prior to receiving a high school diploma indicating a passing score on all UBSCT subtests, for applicable school years.

S. "UBSCT Advisory Committee" means a committee that is advisory to the Board with membership appointed by the Board, including appropriate representation of special populations from the following:

- (1) parents;
- (2) high school principal(s);
- (3) high school teacher(s);
- (4) school district superintendent(s);
- (5) Coalition of Minorities Advisory Committee;
- (6) Utah State Office of Education staff;
- (7) local school board(s);
- (8) higher education.

R277-705-2. Authority and Purpose.

A. This rule is authorized by Article X, Section 3 of the Utah Constitution, which places general control and supervision of the public schools under the Board; Section 53A-1-402(1)(b) and (c) which direct the Board to make rules regarding competency levels, graduation requirements, curriculum, and instruction requirements; Sections 53A-1-603 through 53A-1-611 which direct the Board to adopt rules for the conduct and administration of U-PASS; and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to provide consistent definitions, provide alternative methods for students to earn and schools to award credit, and to provide rules and procedures for the assessment of all students as required by law.

R277-705-3. Required LEA Policy Explaining Student Credit.

A. All Utah LEAs shall have a policy, approved in an open meeting by the governing board, explaining the process and standards for acceptance and reciprocity of credits earned by students in accordance with Utah state law. Policies shall provide for specific and adequate notice to students and parents of all policy requirements and limitations.

B. LEAs shall adhere to the following standards for credits or coursework from schools, supplemental education providers accredited by the Northwest Accreditation Commission, and accredited distance learning schools:

(1) Public schools shall accept credits and grades awarded to students from schools or providers accredited by the

Northwest Accreditation Commission or approved by the Board without alteration.

(2) LEA policies may establish reasonable timelines and may require adequate and timely documentation of authenticity for credits and grades submitted.

C. LEA policies shall provide various methods for students to earn credit from non-accredited sources, course work or education providers. Methods, as designated by the LEA may include:

(1) Satisfaction of coursework by demonstrated competency, as evaluated at the LEA level;

(2) Assessment as proctored and determined at the school or school level;

(3) Review of student work or projects by LEA administrators; and

(4) Satisfaction of electronic or correspondence coursework, as approved at the LEA level.

D. LEAs may require documentation of compliance with Section 53A-11-102 prior to reviewing student home school or competency work, assessment or materials.

E. LEA policies for participation in extracurricular activities, awards, recognitions, and enhanced diplomas may be determined locally consistent with the law and this rule.

F. An LEA has the final decision-making authority for the awarding of credit and grades from non-accredited sources consistent with state law, due process, and this rule.

R277-705-4. Diplomas and Certificates of Completion.

A. LEAs shall award diplomas and certificates of completion.

B. Differentiated diplomas that reference the UBSCT before the 2010-2011 school year and after the 2012-2013 school year shall include:

(1) a high school diploma indicating on the diploma that a student successfully completed all state and LEA course requirements for graduation and passed all subtests of the UBSCT.

(2) a high school diploma indicating on the diploma that a student did not receive a passing score on all UBSCT subtests; the student shall have:

(a) met all state and LEA course requirements for graduation; and

(b) beginning with the graduating class of 2007, participated in UBSCT remediation consistent with LEA policies and opportunities; and

(c) provided documentation of at least three attempts to take and pass all subtests of the UBSCT unless:

(i) the student took all subtests of the UBSCT offered while the student was enrolled in Utah schools; or

(ii) a student's IEP team has determined that the student's participation in statewide assessment is through the UAA.

C. LEAs shall establish criteria for students to earn a certificate of completion that may be awarded to students who have completed their senior year, are exiting the school system, and have not met all state or LEA requirements for a diploma.

R277-705-5. Students with Disabilities.

A. A student with disabilities served by special education programs shall satisfy high school completion or graduation criteria, consistent with state and federal law and the student's IEP.

B. A student may be awarded a certificate of completion or a differentiated diploma, consistent with state and federal law and the student's IEP or Section 504 Plan.

R277-705-6. Adult Education Students.

A. Students who are officially enrolled in a school district as adult education students shall not be required to have attempted or passed the UBSCT in order to qualify for an adult

education diploma.

B. Adult education students are eligible only for an adult education secondary diploma.

C. An adult education diplomas cannot be upgraded or changed to traditional, high school-specific diplomas.

D. School districts shall establish policies:

(1) allowing or disallowing adult education student participation in graduation activities or ceremonies.

(2) establishing timelines and criteria for satisfying adult education graduation/diploma requirements.

R277-705-7. Utah Basic Skills Competency Testing Requirements and Procedures (Suspended Through at Least the 2011-2012 School Year Consistent with Section 53A-1-611(6)(b)).

A. All Utah public school students shall participate in Utah Basic Skills Competency testing, unless exempted consistent with R277-705-11, and unless alternate assessment is designated in accordance with federal law or regulations or state law.

B. Timeline:

(1) Beginning with students in the graduating class of 2006, UBSCT requirements shall apply.

(2) No student may take any subtest of the UBSCT before the tenth grade year.

(3) Tenth graders should first take the test in the second half of their tenth grade year.

(4) Exceptions may be made to this timeline with documentation of compelling circumstances and upon review by the school principal and Utah State Office of Education assessment staff.

C. UBSCT components, scoring and consequences:

(1) UBSCT consists of subtests in reading, writing and mathematics.

(2) Students who reach the established cut score for any subtest in any administration of the assessment have passed that subtest.

(3) Students shall pass all subtests to qualify for a high school diploma indicating a passing score on all UBSCT subtests unless they qualify under one of the exceptions of state law or this rule such as R277-705-7D.

(4) Students who do not reach the established cut score for any subtest shall have multiple additional opportunities to retake the subtest.

(5) Students who have not passed all subtests of the UBSCT by the end of their senior year may receive a diploma indicating that a student did not receive a passing score on all UBSCT subtests or a certificate of completion.

(6) Specific testing dates shall be calendared and published at least two years in advance by the Board.

D. Reciprocity and new seniors:

(1) Students who transfer from out of state to a Utah high school after the tenth grade year may be granted reciprocity for high school graduation exams taken and passed in other states or countries based on criteria set by the Board and applied by the local board.

(2) Students for whom reciprocity is not granted and students from other states or countries that do not have high school graduation exams shall be required to pass the UBSCT before receiving a high school diploma indicating a passing score on all UBSCT subtests if they enter the system before the final administration of the test in the student's senior year.

(3) The UBSCT Advisory Committee following review of applicable documentation shall recommend to the Board the type of diploma that a student entering a Utah high school in the student's senior year after the final administration of the UBSCT may receive.

E. Testing eligibility:

(1) Building principals shall certify that all students taking

the test in any administration are qualified to be tested.

(2) Students are qualified if they:

(a) are enrolled in tenth grade, eleventh, or twelfth grade (or equivalent designation in adult education) in a Utah public school program; or

(b) are enrolled in a Utah private/parochial school (with documentation) and are least 15 years old or enrolled at the appropriate grade level; or

(c) are home schooled (with documentation required under Section 53A-11-102) and are at least 15 years old; and

(3) Students eligible for accommodations, assistive devices, or other special conditions during testing shall submit appropriate documentation at the test site.

F. Testing procedures:

(1) Three subtests make up the UBSCT: reading, writing, and mathematics. Each subtest may be given on a separate day.

(2) The same subtest shall be given to all students on the same day, as established by the Board.

(3) All sections of a subtest shall be completed in a single day.

(4) Subtests are not timed. Students shall be given the time necessary within the designated test day to attempt to answer every question on each section of the subtest.

(5) Makeup opportunities shall be provided to students for the UBSCT according to the following:

(a) Students shall be allowed to participate in makeup tests if they were not present for the entire UBSCT or subtest(s) of the UBSCT.

(b) LEAs shall determine acceptable reasons for student makeup eligibility which may include absence due to illness, absence due to family emergency, or absence due to death of family member or close friend.

(c) LEAs shall provide a makeup window not to exceed five school days immediately following the last day of each administration of the UBSCT.

(d) LEAs shall determine and notify parents in an appropriate and timely manner of dates, times, and sites of makeup opportunities for the UBSCT.

(6) Arrangements for extraordinary circumstances or exceptions to R277-705-5 shall be reviewed and decided by the UBSCT Advisory Committee on a case-by-case basis consistent with the purposes of this rule and enabling legislation.

(7) LEAs shall allow appropriate exams to substitute for UBSCT attempts or successful completion of UBSCT for military children consistent with Section 53A-11-1404(2).

(8) The graduating classes of 2011, 2012, 2013, and 2014 shall be exempt from the UBSCT requirement of Sections 53A-1-603(1)(b) and 53A-11-1404.

R277-705-8. Security and Accountability.

A. Building principals shall be responsible to secure and return completed tests consistent with Utah State Office of Education timelines.

B. LEAs testing directors shall account for all materials used, unused and returned.

C. Results shall be returned to students and parents/guardians no later than eight weeks following the administration of each test.

D. Appeals for failure to pass the UBSCT due to extraordinary circumstances:

(1) If a student or parent has good reason to believe, including documentation, that a testing irregularity or inaccuracy in scoring prevented a student from passing the UBSCT, the student or parent may appeal to the local board within 60 days of receipt of the test results.

(2) The local board shall consider the appeal and render a decision in a timely manner.

(3) The parent or student may appeal the local board's decision through the UBSCT Advisory Committee, under rules

adopted by the Board.

(4) Appeals under this section are limited to the criteria of R277-705-8D(1).

R277-705-9. Differentiated Diplomas and Certificates of Completion.

A. Local boards of education and local charter boards may issue differentiated diplomas.

B. The requirement for differentiated diplomas under the UBSCT shall be suspended through at least the 2011-2012 school year.

C. As provided under Section 53A-1-611(2)(d), LEAs shall designate in express language at least the following types of diplomas or certificates:

(1) High School Diploma indicating a passing score on all UBSCT subtests.

(2) High School Diploma indicating that a student did not receive a passing score on all UBSCT subtests.

(3) Certificate of Completion.

(4) High school diploma indicating student achievement on assessments for LEAs exempted from UBSCT consistent with R277-705-11.

D. The designation of a differentiated diploma may be made on the face of the diploma or certificate of completion provided to students.

R277-705-10. Student Rights and Responsibilities Related to Graduation, Transcripts and Receipt of Diplomas.

A. LEAs shall supervise the granting of credit and awarding of diplomas, but may delegate the responsibility to schools within the LEA.

B. An LEA may determine criteria for a student's participation in graduation activities, honors, and exercises, independent of a student's receipt of a diploma or certificate of completion.

C. Diplomas or certificates, credit or unofficial transcripts may not be withheld from students for nonpayment of school fees.

D. LEAs shall establish consistent timelines for all students for completion of graduation requirements. Timelines shall be consistent with state law and this rule.

E. LEAs shall work with enrolled military children to evaluate the students' coursework or to assist students in completing coursework to allow military children to graduate with the students' age-appropriate graduating class consistent with Section 53A-11-1404.

F. Consistent with Section 53A-11-1404(3), if a Utah school is unable to facilitate a military child's receipt of diploma by evaluating coursework in Utah schools and previous schools attended, the Utah school shall contact the military child's previous local education agency and aid, to the extent possible, the receipt of a diploma.

G. Graduation or U-PASS requirements are not retroactive.

R277-705-11. Student Achievement Testing Exceptions.

A. The Board may exempt an LEA from U-PASS testing requirements if an LEA pilots an assessment system that incorporates:

(1) online classroom-based assessment that utilizes adaptive testing in all grades;

(2) online writing assessment in grades 4 through 12;

(3) assessments administered in grades 8, 10, and 11;

(4) college placement assessments in grades 11 to provide information for 12th grade high school course selections; and

(5) is subject to an accountability plan and high school graduation standards that are based on the assessment system described in R277-705-11A(1), (2), (3), and (4) above and developed and adopted by the Board.

B. Exemptions may not exceed three rural school districts,

two urban school districts, and five charter schools.

C. Exemptions may not continue beyond July 1, 2010.

D. Students moving from an exempted LEA to a nonexempted LEA, or students moving from a nonexempted LEA to an exempted LEA during their 11th or 12th grade year may receive a diploma based on the requirements of their previous or new LEA as determined by the parents and school administrators of the LEA they attend at the time of graduation.

R277-705-12. High School Assessment Pilot Program.

A. The Board shall implement the High School Assessment Pilot Program (Program) consistent with Section 53A-1-603(7) to allow LEAs to:

(1) administer the ACT exam to secondary students for the 2010-11 and 2011-12 schools years; or

(2) administer a computer adaptive testing of basic skills, or both the ACT and computer adaptive testing.

B. The pilot Program shall extend until July 1, 2015.

C. The Board shall develop an application for LEAs choosing to participate in the Program.

D. The Board shall re-direct the money saved by not administering the UBSCCT to fund implementation of the Program.

E. LEAs participating in the Program shall assure:

(1) the LEA will continue required CRT testing;

(2) full participation and cooperation with evaluators and Board staff in implementing the Program;

(3) the local board or governing board has fully endorsed the LEA's participation in a public meeting; and

(4) the LEA agrees to provide participation data and results to the Board or the Utah State Legislature, or both, as a requirement of the Program.

53A-1-401(3)**

R277. Education, Administration.**R277-800. Utah Schools for the Deaf and the Blind.****R277-800-1. Definitions.**

A. "Accessible media producer" means companies or agencies that create fully-accessible specialized, student-ready formats for curriculum materials, such as Braille, large print, audio, or digital books.

B. "Advisory Council" means the Advisory Council for the Utah Schools for the Deaf and the Blind with members, responsibilities, and other provisions under Section 53A-25b-203 and R277-800-4.

C. "Assessment" means the process of documenting, usually in measurable terms, knowledge, skills, attitudes and abilities pertaining to the fields of vision and hearing. These assessments may include the following areas of focus:

(1) valid, reliable and appropriate assessments given to determine eligibility for placement and services by a team of qualified professionals and the student's parent(s);

(2) functional assessments accomplished by observation and measurement of daily living skills and functional use of vision or hearing;

(3) academic evaluations as part of the Utah Performance Assessment System for Student (U-PASS), criterion reference tests (CRTs), or the Utah Alternative Assessment with appropriate accommodations as indicated on the individual education program (IEP).

D. "Board" means the Utah State Board of Education.

E. "The Chafee Amendment to the Copyright Act, 17 U.S.C. Section 121" (Chafee Amendment) is a federal law that allows an authorized entity to reproduce or distribute copyrighted materials in specialized formats for students who are blind or have other print disabilities without the need to obtain permission of the copyright owner. Authorized entities are governmental or nonprofit organizations that have a primary mission to provide copyrighted works in specialized formats for students who are blind or have other print disabilities.

F. "Child Find" means activities and strategies designed to locate, evaluate and identify individuals eligible for services under the IDEA.

G. "Consultation" means a meeting for discussion or the seeking of advice.

H. "Designated LEA" means the local education agency assigned by a student's IEP or Section 504 team to have primary responsibility for ensuring that all rights and requirements regarding individual student assessment, eligibility services and procedural safeguards are satisfied consistent with the Individuals with Disabilities Education Act (IDEA) 20 U.S.C. 1400, Part B, or Section 504 of the Rehabilitation Act of 1973.

I. "Deafblindness" or "deafblind" means written verification provided by a medical professional stating that an individual has concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for students with deafness or students with blindness. The definition of deafblindness also includes the provisions of 53A-25b-102 and 301.

J. "Educational Resource Center" (ERC) is a center under the direction of the USDB that provides information, technology, and instructional materials to assist Utah children with sensory impairments in progressing in the curriculum. It is also the mission of the ERC to facilitate access to materials, information and training for teachers and parents of children with sensory impairments.

K. "Hearing impairment/deafness" ('hard of hearing' for purposes of this rule) is defined as follows:

(1) Hearing impairment is an impairment in hearing, whether permanent or fluctuating, that adversely affects a student's educational performance but that is not included under

the definition of deafness.

(2) Deafness is a hearing impairment that is so severe that the student is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a student's educational performance.

L. "Local education agency" (LEA) means an agency that has administrative control and direction for public education. School districts, charter schools, and the USDB are LEAs.

M. "National Instructional Materials Access Center (NIMAC) is a central national repository that receives file sets in the NIMAS from publishers to maintain, catalogue and house for future reference file sets for states to use with students who have print disabilities and require accessible alternate formats.

N. "National Instructional Materials Accessibility Standard" (NIMAS) means the electronic standard that enables all producers of alternate formats for students with print disabilities to work from one standard format available from publishers for this purpose.

O. "Outreach program" is a program provided by the USDB that offers an alternative to a campus-based program for students who are blind or visually impaired, deaf or hard of hearing, or deafblind (ages three to 22). Services are provided at a student's resident school or at a designated school by a qualified teacher of the blind or visually impaired, deaf or hard of hearing, or deafblind.

P. "Related services" means those supportive services that are necessary for the appropriate implementation of the IEP. These may include but are not limited to speech pathology, audiology, low vision services, orientation and mobility, school counselor, transportation, school nurse, occupational therapy, or physical therapy.

Q. "Section 504 accommodation plan" required by Section 504 of the Rehabilitation Act of 1973 means a plan designed to accommodate an individual who has been determined, as a result of an evaluation, to have a physical or mental impairment that substantially limits one or more major life activities.

R. "Technical assistance" means assistance to public education employees or licensed educators, and parents and families in significant areas of need by someone who has the expertise necessary to give council and training in designated areas.

S. "USDB" means the Utah Schools for the Deaf and the Blind.

T. "USOE" means the Utah State Office of Education.

U. "Utah State Instructional Materials Access Center (USIMAC) is a center that receives NIMAS electronic file sets and produces them in the accessible alternate format required by students with print disabilities.

V. Visual impairment (including blindness) is an impairment in vision that, even with correction, adversely affects a student's educational performance. The term includes both partial sight and blindness that adversely affects a student's educational performance.

W. "WPU" means weighted pupil unit, the basic unit used to calculate the amount of state funds for which a school district or charter school is eligible.

R277-800-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-25b-203 which directs the Board to appoint Advisory Council members and assign a USOE staff member as a liaison between the Board and the Advisory Council, Section 53A-25b-302 which directs the Board to establish entrance policies and procedures to be considered, consistent with IDEA, for student placement recommendations at the USDB, Section 53A-25b-501 to establish USIMAC and outline collaboration and operating procedures for USIMAC and USDB resources, and Section

53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to provide standards and procedures for the operation of the USDB and the USDB outreach programs and services.

R277-800-3. Board Authority Over and Support for USDB.

A. Consistent with Section 53A-25b-201, The Board is the governing board of the USDB.

B. The USDB superintendent, appointed consistent with Section 53A-25b-201(2), is subject to the direction of the Board and its executive officer, the State Superintendent of Public Instruction.

C. The Board shall appoint the USDB superintendent on the basis of outstanding qualifications.

(1) The USDB superintendent's term of office is for two years and until a successor is appointed and qualified.

(2) The Board shall set the USDB superintendent's compensation for services.

(3) The USDB superintendent shall have, at a minimum, an annual evaluation, as directed by the Board.

D. The Board shall direct the USOE to support, provide assistance and work cooperatively with the USDB in providing services to designated Utah students.

E. The Board shall assign a liaison as provided in Section 53A-25b-203(8) to provide appropriate supervision to the USDB to ensure compliance with the law.

F. The Board and USOE staff, as assigned, shall assist the USDB and its superintendent and associate superintendents in adopting policies and preparing an annual budget that are consistent with the law.

(1) The USDB superintendent and associates may hire staff and teachers as needed for the USDB. Teachers and staff shall be appropriately licensed, credentialed or trained for their specific assignments.

(2) In employment practices and decisions, the USDB and the USDB superintendent shall maintain the accreditation of the USDB school and programs.

(3) The USDB superintendent and associates shall communicate regularly and effectively with the USOE and provide a report to the Board at least annually or as requested by the Board.

R277-800-4. USDB Advisory Council.

A. The Board shall appoint and support Advisory Council members as directed in Section 53A-25b-203.

B. Advisory Council members shall be appointed for two year terms and may serve no more than three consecutive terms. Advisory Council members serve at the pleasure of the Board.

C. If an Advisory Council member resigns or is asked to resign, the Board shall appoint another member in a timely manner by seeking nominations from the representative group of the resigning member.

D. The Board shall assist the Advisory Council in developing and passing by-laws establishing procedures for nominating and recommending dismissal of Advisory Council members, and setting ethical standards for Advisory Council members.

(1) The bylaws shall include operating procedures for the Advisory Council; and

(2) the bylaws may allow for representation on the Advisory Council of constituencies within the USDB community.

E. Advisory Council membership and school community council membership:

(1) Members of the Advisory Council may serve as school community council members under Section 53A-1a-108(4) and R277-491.

(2) The USDB school community council and election

process shall be consistent with Section 53A-1a-108 and R277-491.

(3) The USDB may implement electronic voting and consider encouraging school community council participation through electronic meetings and technology that facilitate participation of parents of USDB students in voting and school community council meetings.

R277-800-5. USDB or Student's District of Residence/Charter School as Designated LEA.

A. To be eligible to receive services from the USDB, a student must be a resident of Utah and meet requirements of Section 53A-25b-301.

B. A student's placement at USDB, in a school/school district or charter school shall be determined by the student's IEP under IDEA or Section 504 accommodation plan.

C. Consistent with Section 53A-25b-301(3)(c), an IEP team or Section 504 team shall determine the appropriate placement for each blind, deaf or deafblind student consistent with IDEA using the Blind/Visually Impaired Outline, Deaf/Hard of Hearing Outline, or Deafblind Outline as guidance. The outlines are hereby incorporated by reference and included with this rule.

D. It is the responsibility of the student's district of residence or charter school to conduct Child Find under R277-800-1F, and to convene the initial IEP or Section 504 team meeting in order to determine a student's placement.

(1) A representative from the student's district of residence or charter school and a representative from the USDB shall be invited to the student's initial IEP or Section 504 accommodation plan meeting.

(2) The parental preference shall be considered in the IEP or Section 504 accommodation plan process consistent with Section 53A-25b-301(3)(c).

E. When USDB is the designated LEA, USDB has full responsibility for all services defined in the IEP/Section 504 accommodation plan. A representative from the district of residence or charter school remains a required member of the IEP or Section 504 accommodation team.

F. When the district of residence or charter school is the LEA designated to provide services to a student with an IEP or Section 504 accommodation plan, the district of residence or charter school has the responsibility for providing instruction and services for the student except that the USDB may be designated by the team as a related service provider. The USDB remains a required member of the student's IEP or 504 accommodation plan team.

G. The IEP or Section 504 accommodation plan shall clearly define what services are to be provided by the related service provider(s).

H. The IEP or Section 504 team shall determine the designated LEA for student placement.

I. Parent complaints regarding student placement at district of residence or USDB:

(1) If a parent is dissatisfied with a student's placement at USDB or district of residence or charter school, the parent may access dispute resolution procedures, consistent with Utah State Board of Education Special Education Rules, August 2007.

(2) If a student's IEP or Section 504 accommodation plan provides for services to be provided by both the USDB and district of residence, or for the USDB and district of residence to share responsibility for serving a student, the parent may access dispute resolution procedures consistent with Utah State Board of Education Special Education Rules, August 2007.

R277-800-6. LEA and Board Interagency Agreement.

A. The Board, USOE and LEAs, with assistance from the USDB shall develop an Interagency Agreement that further explains roles, services, and financial obligations to students

and participating entities and a basic process for resolving disagreements among the parties to the Agreement.

B. The Board shall also designate a USOE arbitrator or a panel of arbitrators to resolve disagreements among the USOE, the USDB, and LEAs regarding services to blind, visually impaired, deaf, hard of hearing, and deafblind students in order to provide services.

R277-800-7. USDB Programs and Services-Student Eligibility.

A. The USDB shall provide services and resources only for students who are deaf, blind or deafblind.

(1) A student with multiple disabilities whose disabilities include blindness, deafness or deafblindness may receive USDB services consistent with the student's IEP.

(2) Non-disabled preschool-age children may participate in USDB funded preschool programs consistent with the requirements of IDEA that students with disabilities must be served in the least restrictive environment and that groups or classes of students with disabilities must include non-disabled peers. Non-disabled children participating in these programs shall pay fees or tuition or both in order to participate.

B. When the USDB is the designated LEA, the USDB shall provide all appropriate services to the student consistent with the student's IEP or Section 504 accommodation plan. Services may include:

- (1) USDB instructional supports:
 - (a) assessments for eligibility, placement, and educational programming and evaluation;
 - (b) Utah Augmentative Communication Team (UAAACT) assessments to determine assistive technology needs;
 - (c) augmentative communication devices;
 - (d) assistive technology as needed;
 - (e) educational technology as needed;
 - (f) access to ERC;
 - (g) extended school year as determined by the IEP team;
- (2) USDB related services to support student needs:
 - (a) audiology services as needed;
 - (b) behavior intervention;
 - (c) low vision services;
 - (d) nursing;
 - (e) occupational therapy;
 - (f) orientation and mobility;
 - (g) psychology;
 - (h) physical therapy;
 - (i) speech and language therapy;
 - (j) social work as needed;
 - (k) transportation, consistent with the USDB transportation policy.
- (3) Services for students who are deaf/hard of hearing:
 - (a) American Sign Language/English bilingual instruction;
 - (b) auditory/oral instruction;
 - (c) auditory therapy;
 - (d) cued speech transliteration;
 - (e) American Sign Language interpretation;
 - (f) oral transliteration.
- (4) Services for students who are blind/visually impaired:
 - (a) Braille instruction;
 - (b) instruction in the expanded core curriculum;
 - (c) environmental awareness;
 - (d) orientation and mobility support.
- (5) Services for students who are deafblind:
 - (a) deafblind consultant;
 - (b) communication intervener.

C. When the USDB is determined by the IEP or Section 504 accommodation plan team to act as the outreach program provider, the USDB shall provide technical assistance, consultation, and professional development on issues related to sensory disabilities available to LEAs from the USDB at no

charge. Services consistent with the student's IEP or Section 504 accommodation plan may include:

- (1) assessments for eligibility, placement, and educational programming and evaluation;
- (2) assistive and educational technology;
- (3) technology demonstration labs;
- (4) transition planning;
- (5) audiology services as needed;
- (6) instructional strategies;
- (7) instructional materials;
- (8) Braille or large print or both;
- (9) communication methodologies;
- (10) accommodations as necessary for educational gain;
- (11) modifications as necessary for educational gain;
- (12) educational interventions;
- (13) low vision services;
- (14) occupational therapy;
- (15) physical therapy;
- (16) psychology;
- (17) speech/language pathology;
- (18) vision and hearing screening;
- (19) interpreter training.

D. The following services shall be provided by the USDB to the LEA of a student with sensory disabilities at no cost to the LEA:

- (1) deafblind services (as determined through the IEP):
 - (a) consultation with the student's teacher, parent and the student;
 - (b) communication intervener.
- (2) orientation and mobility;
- (3) diagnostic services:
 - (a) Utah Augmentative Communication Team (UAAACT) assessments to determine assistive technology needs;
 - (b) deafblind state assessment and coaching team.

E. The following designated services shall be available from USDB at no charge for LEAs with less than three percent of the total Utah student population:

- (1) outreach teacher:
 - (a) sensory-specific services to students:
 - (i) instruction;
 - (ii) assessments for eligibility, placement, and educational programming and evaluation;
 - (iii) monitoring of student progress.
 - (b) supports to classroom teacher:
 - (i) consultation;
 - (ii) technical assistance.
- (2) Related services to support the student:
 - (a) audiology;
 - (b) low vision services.
- (3) The USOE shall designate annually the LEAs that meet the three percent eligibility standards for specific identified services.

F. LEAs may contract with USDB to provide the following services, if qualified personnel are available:

- (1) outreach teacher;
- (2) related services;
- (3) ASL interpretation;
- (4) assessment;
- (5) assistive and educational technology instruction.

G. The following materials are available to LEAs on loan from the USDB. The duration of the loan and immediate availability of resources may vary:

- (1) ERC:
 - (a) textbooks (Braille, large print);
 - (b) teaching aids;
 - (c) library materials;
 - (d) professional library;
 - (e) described and captioned media.
- (2) technology loan programs (limited to 30 days):

- (a) assistive and adaptive technology loan program;
- (b) related services technology loan program.
- (3) The USDB shall develop a policy and process for publishing annually a list of materials available for loan, LEAs to whom materials may be loaned, and loan periods.
- (a) The policy shall emphasize communication among LEAs and the USDB about availability of resources. Resources shall be determined by a student's IEP or Section 504 accommodation plan; the origin of the resources may be determined between an LEA and the USDB.
- (b) The USDB shall develop a protocol for use in reviewing and ordering materials not immediately available when requested, as part of a student's education program.
- (c) Students/parents/guardians are on notice that materials are loaned for the use of the student for a designated period for educational purposes. If loaned materials are lost, stolen, or damaged intentionally or due to student negligence, the student/parent/guardian shall be responsible to reimburse the LEA or USDB for the costs of the materials.

R277-800-8. Payment by LEAs for USDB Services Beyond USDB Obligation.

- A. Certain services provided by USDB personnel, employees or contract employees are identified in R277-800-7 and shall be provided to LEAs at no cost consistent with the student's IEP or Section 504 accommodation plan.
- B. Other services and resources may be available to LEAs from the USDB for a reasonable charge or fee paid by the LEA, to the extent of resources or personnel available. These services include:
 - (1) outreach teachers;
 - (2) related services;
 - (3) American Sign Language;
 - (4) student assessment; and
 - (5) assistive and educational technology instruction.
- C. The USOE, USDB and LEAs shall determine appropriate fees, consistent statewide, for services subject to review by the Board, and notice to LEAs and parents of children currently receiving services from the USDB. The USDB shall review and publish its fee schedule for services to LEAs annually.

R277-800-9. Assessment of USDB Students with Visual and Hearing Impairments Served in LEAs of Residence.

- A. Students shall be assessed consistent with Section 53A-1-601 et seq., R277-402, R277-700, R277-705, IDEA, Section 504 of the Rehabilitations Act, and Section 53A-25B-304.
- B. The USDB shall establish an assessment policy and guidelines to implement required assessments and address:
 - (1) appropriate, complete and timely evaluations of students;
 - (2) procedures for administration of assessments in addition to those required by the law, as determined by IEPs, Section 504 accommodation plans and individual teachers;
 - (3) complete and accurate required assessments available to eligible students consistent with state and school district assessment timelines and availability of materials for non-disabled students;
 - (4) staff training and preparation on appropriate administration of assessments and reporting of assessment results; and
 - (5) procedures to ensure appropriate interpretation of assessments and results for parents and use of assessment results by USDB personnel.

R277-800-10. Outreach Programs.

- A. The USDB and school districts or charter schools may negotiate to share the costs for providing more efficient, cost-effective, and convenient services to students who are deaf,

blind, or deafblind in public school classrooms in locations other than the USDB campus.

- B. School districts or charter schools shall provide:
 - (1) classroom(s);
 - (2) basic instructional materials;
 - (3) physical education, music, media, school lunch, and other programs and services, consistent with those programs and services provided to other students within the school district or charter school;
 - (4) administrative support;
 - (5) basic secretarial services;
 - (6) special education related services.
- C. The USDB shall provide:
 - (1) classroom instructors, including aides;
 - (2) instructional materials specific to the disability of the students.
- D. The responsibilities of the USDB and a school district or charter school may be reassigned as negotiated between the school district or charter school and the USDB.
- E. A school district or charter school shall claim the state WPU if the school district or charter school provides all items or services identified in R277-800-10B.

R277-800-11. USDB Fiscal Procedures.

- A. The USDB shall keep fiscal, program and accounting records as required by the Board and shall submit reports required by the Board.
- B. The USDB shall follow state standards for fiscal procedures, auditing and accounting, consistent with Section 53A-25b-105.
- C. The USDB is a public state entity under the direction of the Board and as such is subject to state laws identified in Section 53A-25b-105 including State Money Management Act, Open and Public Meetings Act, Risk Management, State Building Board and Division of Facilities Construction and Management, Information Technology Services, Archives and Records Services, Utah Procurement Code, Budgetary Procedures Act, and Utah State Personnel Management Act.
- D. The USDB shall prepare and present an annual budget to the Board that includes no more than a five percent carryover of any one fund, including reimbursement funds from federal programs.
- E. Federal reimbursement funds (IDEA and Medicaid) shall be recovered quarterly during the year. Reimbursement amounts shall be identified in the current year's or no later than the subsequent year's budget.
- F. The revenue from the federal land grant designated for the maintenance of the School for the Blind and for the School for the Deaf shall be used solely for the benefit of USDB students and the recommended or designated use of the fund is subject to review by the Board.

R277-800-12. Utah State Instructional Materials Access Center (USIMAC).

- A. The Board authorizes the establishment of the USIMAC to produce core instructional materials in alternative formats to ensure that all students with print disabilities qualified under the Chafee Amendment receive their materials in a timely manner.
- B. The USIMAC shall provide materials for all students with print disabilities who are qualified under the Chafee Amendment or otherwise eligible through an IEP or Section 504 accommodation plan.
- C. The USOE shall oversee the operations of the USIMAC.
- D. The USDB is the fiscal agent and operates the USIMAC to the extent of funds received annually from the Utah Legislature.
- E. LEAs may purchase accessible instructional materials

using their own funding or request the production of accessible instructional materials in alternate formats from the USIMAC in accordance with established procedures to ensure timely access for students with print disabilities.

F. For LEA textbook requests submitted by April 1 of the preceding school year, the USIMAC shall provide the textbook in the requested alternate format by the beginning of the following school year.

G. The USDB ERC shall serve as the repository and distribution center for the USIMAC.

H. Operation of the USIMAC

(1) Qualifying students: A student qualifies for accessible instructional materials from USIMAC (Braille, audio, large print, digital formats) following LEA determination that the student has a print disability in accordance with the Chafee Amendment, IDEA, or Section 504 of the Rehabilitation Act.

(2) Costs for developing core instructional materials:

(a) Textbooks for blind, vision impaired or deafblind students served by the USDB or LEAs shall be requested by the LEA consistent with the student's IEP or Section 504 accommodation plan.

(b) When an LEA requests a core instructional textbook that was published before August 2006, the USIMAC shall conduct a search for the textbook within existing resources and, if available, the textbook shall be sent to the ERC for distribution to the LEA.

(i) If the textbook is not available within existing resources, the USIMAC will conduct a search to determine if the textbook is available for purchase through another source.

(ii) If the textbook is available through the American Printing House for the Blind (APH) the textbook shall be ordered and sent to the ERC for distribution to the LEA.

(iii) If the textbook is not available from APH, but is available from another accessible media producer, the textbook shall be purchased and sent to the ERC for distribution to the LEA.

(iv) If the textbook is not available for purchase, the USIMAC will produce the textbook and send it to the ERC for distribution.

(A) The USIMAC shall purchase the LEA-requested textbook in accordance with copyright law. The cost of the student edition textbook shall be charged to the requesting LEA.

(B) The USIMAC shall produce the textbook in the LEA requested alternate format in accordance with the cost sharing outlined in the Interagency Agreement described in R277-800-6.

(c) The sharing of costs for purchases described in R277-800-12 shall be outlined in the Interagency Agreement described in R277-800-6. The presumption is that the LEA shall pay 75 percent of the cost and USIMAC shall pay 25 percent of the cost.

(d) For textbooks published since August 2006, the USIMAC shall follow the same procedures outlined in R277-800-12H(2)(b). If the USIMAC is unable to obtain the NIMAS file set in a timely manner as a result of publisher negligence, the Board shall authorize USIMAC to seek damages from publisher(s) as a result of the failure to meet contract provisions.

(3) Textbook publishers required to meet NIMAS requirements:

(a) All approved textbook contracts for the state of Utah for instructional materials published since August 2006 shall include a provision for making NIMAS file sets available through the NIMAC in accordance with IDEA and USOE Instructional Materials Contract timelines.

(b) If the USIMAC is unable to obtain the NIMAS file set from the NIMAC because the publisher fails to provide the NIMAS file set to the NIMAC in accordance with IDEA and USOE Instructional Materials Contract timelines, the USIMAC shall bill the textbook publisher the difference in the cost of producing the alternate format textbook without benefit of the

NIMAS file set.

(c) The publisher shall be advised of the rule; the Utah Instructional Materials Commission under R277-469 shall not approve textbooks and materials from publishers that have a pattern of not providing materials and textbooks for students with disabilities in a timely manner, consistent with the law and Board rules.

(d) Requests for audio books shall be accessed through the USIMAC as appropriate or through the Recording for the Blind and Dyslexic (RFB and D) and Bookshare. Membership is required for RFB and D and Bookshare and the request is the responsibility of the LEA designated as the responsible entity for serving the student in the IEP or Section 504 accommodation plan.

R309. Environmental Quality, Drinking Water.**R309-105. Administration: General Responsibilities of Public Water Systems.****R309-105-1. Purpose.**

The purpose of this rule is to set forth the general responsibilities of public water systems, water system owners and operators.

R309-105-2 Authority.

R309-105-3 Definitions.

R309-105-4 General.

R309-105-5 Exemptions from Monitoring Requirements.

R309-105-6 Construction of Public Drinking Water Facilities.

R309-105-7 Source Protection Plans.

R309-105-8 Existing Water System Facilities.

R309-105-9 Minimum Pressure.

R309-105-10 Operation and Maintenance Procedures.

R309-105-11 Operator Certification.

R309-105-12 Cross Connection Control.

R309-105-13 Finished Water Quality.

R309-105-14 Operational Reports.

R309-105-15 Annual Reports.

R309-105-16 Reporting Test Results.

R309-105-17 Record Maintenance.

R309-105-18 Emergencies.

R309-105-2. Authority.

This rule is promulgated by the Drinking Water Board as authorized by Title 19, Environmental Quality Code, Chapter 4, Safe Drinking Water Act, Subsection 104 of the Utah Code and in accordance with 63G-3 of the same, known as the Administrative Rulemaking Act.

R309-105-3. Definitions.

Definitions for certain terms used in this rule are given in R309-110 but may be further clarified herein.

R309-105-4. General.

Water suppliers are responsible for the quality of water delivered to their customers. In order to give the public reasonable assurance that the water which they are consuming is satisfactory, the Board has established rules for the design, construction, water quality, water treatment, contaminant monitoring, source protection, operation and maintenance of public water supplies.

R309-105-5. Exemptions from Monitoring Requirements.

(1) The applicable requirements specified in R309-205, R309-210 and R309-215 for monitoring shall apply to each public water system, unless the public water system meets all of the following conditions:

(a) Consists only of distribution and storage facilities (and does not have any collection and treatment facilities);

(b) Obtains all of its water from, but is not owned or operated by, a public water system to which such regulations apply;

(c) Does not sell water to any person; and

(d) Is not a carrier which conveys passengers in interstate commerce.

(2) When a public water system supplies water to one or more other public water systems, the Executive Secretary may modify the monitoring requirements imposed by R309-205, R309-210 and R309-215 to the extent that the interconnection of the systems justifies treating them as a single system for monitoring purposes.

(3) In no event shall the Executive Secretary authorize modifications in the monitoring requirements which are less stringent than requirements established by the Federal Safe Drinking Water Act.

R309-105-6. Construction of Public Drinking Water Facilities.

The following requirements pertain to the construction of public water systems.

(1) Approval of Engineering Plans and Specifications

(a) Complete plans and specifications for all public drinking water projects, as described in R309-500-5, shall be approved in writing by the Executive Secretary prior to the commencement of construction. A 30-day review time should be assumed.

(b) Appropriate engineering reports, supporting information and master plans may also be required by the Executive Secretary as needed to evaluate the proposed project. A certificate of convenience and necessity or an exemption therefrom, issued by the Public Service Commission, shall be filed with the Executive Secretary prior to approval of any plans or specifications for projects described in R309-500-4(1) as new or previously un-reviewed water system.

(2) Acceptable Design and Construction Methods

(a) The design and construction methods of all public drinking water facilities shall conform to the applicable standards contained in R309-500 through R309-550 of these rules. The Executive Secretary may require modifications to plans and specifications before approval is granted.

(b) There may be times in which the requirements of the applicable standards contained in R309-500 through R309-550 are not appropriate. Thus, the Executive Secretary may grant an "exception" to portions of these standards if it can be shown that the granting of such an exception will not jeopardize the public health. In order for the Executive Secretary to consider such a request, the Division asks that it receive a written request directly from the management of the public drinking water system, preferably on system letterhead, that includes the following:

(i) citation of the specific rule for which the "exception" is being requested;

(ii) a detailed explanation, drawings may be included, of why the conditions of rule cannot be met;

(iii) what the system proposes, drawings may be included, in lieu of rule;

(iv) justification the proposed alternative will protect the public health to a similar or better degree than required by rule.

Physical conditions as well as cost may be justification for requesting an "exception-to-rule."

(c) Alternative or new treatment techniques may be developed which are not specifically addressed by the applicable standards contained in R309-500 through R309-550. These treatment techniques may be accepted by the Executive Secretary if it can be shown that:

(i) They will result in a finished water meeting the requirements of R309-200 of these regulations.

(ii) The technique will produce finished water which will protect public health to the same extent provided by comparable treatment processes outlined in the applicable standards contained in R309-204 and R309-500 through R309-550.

(iii) The technique is as reliable as any comparable treatment process governed by the applicable standards contained in R309-204 and R309-500 through R309-550.

(3) Description of "Public Drinking Water Project"

Refer to R309-500-5 for the description of a public drinking water project and R309-500-6 for required items to be submitted for plan approval.

(4) Specifications for the drilling of a public water supply well may be prepared and submitted by a licensed well driller holding a current Utah Well Driller's Permit if authorized by the Executive Secretary.

(5) Drawing Quality and Size

Drawings which are submitted shall be compatible with Division of Drinking Water Document storage. Drawings

which are illegible or of unusual size will not be accepted for review. Drawing size shall not exceed 30" x 42" nor be less than 8-1/2" x 11".

(6) Requirements After Approval of Plans for Construction

After the approval of plans for construction, and prior to operation of any facilities dealing with drinking water, the items required by R309-500-9 shall be submitted and an operating permit received.

R309-105-7. Source Protection.

(1) Public Water Systems are responsible for protecting their sources of drinking water from contamination. R309-600 and R309-605 sets forth minimum requirements to establish a uniform, statewide program for implementation by PWSs to protect their sources of drinking water. PWSs are encouraged to enact more stringent programs to protect their sources of drinking water if they decide they are necessary.

(2) R309-600 applies to ground-water sources and to ground-water sources which are under the direct influence of surface water which are used by PWSs to supply their systems with drinking water.

(3) R309-605 applies to PWSs which obtain surface water prior to treatment and distribution and to PWSs obtaining water from ground-water sources which are under the direct influence of surface water. However, compliance with this rule is voluntary for public transient non-community water systems to the extent that they are using existing surface water sources of drinking water.

R309-105-8. Existing Water System Facilities.

(1) All public water systems shall deliver water meeting the applicable requirements of R309-200 of these rules.

(2) Existing facilities shall be brought into compliance with R309-500 through R309-550 or shall be reliably capable of delivering water meeting the requirements of R309-200.

(3) In situations where a water system is providing water of unsatisfactory quality, or when the quality of the water or the public health is threatened by poor physical facilities, the water system management shall solve the problem(s).

R309-105-9. Minimum Water Pressure.

(1) Unless otherwise specifically approved by the Executive Secretary, no water supplier shall allow any connection to the water system where the dynamic water pressure at the point of connection will fall below 20 psi during the normal operation of the water system. Water systems approved prior to January 1, 2007, are required to maintain the above minimum dynamic water pressure at all locations within their distribution system. Existing public drinking water systems, approved prior to January 1, 2007, which expand their service into new areas or supply new subdivisions shall meet the minimum dynamic water pressure requirements in R309-105-9(2) at any point of connection in the new service areas or new subdivisions.

(2) Unless otherwise specifically approved by the Executive Secretary, new public drinking water systems constructed after January 1, 2007 shall be designed and shall meet the following minimum water pressures at points of connection:

(a) 20 psi during conditions of fire flow and fire demand experienced during peak day demand;

(b) 30 psi during peak instantaneous demand; and

(c) 40 psi during peak day demand.

(3) Individual home booster pumps are not allowed as indicated in R309-540-5(4)(c).

R309-105-10. Operation and Maintenance Procedures.

All routine operation and maintenance of public water supplies shall be carried out with due regard for public health

and safety. The following sections describe procedures which shall be used in carrying out some common operation and maintenance procedures.

(1) Chemical Addition

(a) Water system operators shall determine that all chemicals added to water intended for human consumption are suitable for potable water use and comply with ANSI/NSF Standard 60.

(b) No chemicals or other substances shall be added to public water supplies unless the chemical addition facilities and chemical type have been reviewed and approved by the Division of Drinking Water.

(c) Chlorine, when used in the distribution system, shall be added in sufficient quantity to achieve either "breakpoint" and yield a detectable free chlorine residual or a detectable combined chlorine residual in the distribution system at points to be determined by the Executive Secretary. Residual checks shall be taken a minimum of three times each week by the operator of any system using disinfectants. The Executive Secretary may, however, reduce the frequency of residual checks if he determines that this would be an unwarranted hardship on the water system operator and, furthermore, the disinfection equipment has a verified record of reliable operation. Suppliers, when checking for residuals, shall use test kits and methods which meet the requirements of the U.S. EPA. The "DPD" test method is recommended for free chlorine residuals. Information on the suppliers of this equipment is available from the Division of Drinking Water.

(2) New and Repaired Mains

(a) All new water mains shall meet the requirements of R309-550-6 with regard to materials of construction. All products in contact with culinary water shall comply with ANSI/NSF Standard 61.

(b) All new and repaired water mains or appurtenances shall be disinfected in accordance with AWWA Standard C651-92. The chlorine solution shall be flushed from the water main with potable water prior to the main being placed in use.

(c) All products used to recoat the interiors of storage structures and which may come in contact with culinary water shall comply with ANSI/NSF Standard 61.

(3) Reservoir Maintenance and Disinfection

After a reservoir has been entered for maintenance or re-coating, it shall be disinfected prior to being placed into service. Procedures given in AWWA Standard C651-92 shall be followed in this regard.

(4) Spring Collection Area Maintenance

(a) Spring collection areas shall be periodically cleared of deep rooted vegetation to prevent root growth from clogging collection lines. Frequent hand or mechanical clearing of spring collection areas is strongly recommended. It is advantageous to encourage the growth of grasses and other shallow rooted vegetation for erosion control and to inhibit the growth of more detrimental flora.

(b) No pesticide (e.g., herbicide) may be applied on a spring collection area without the prior written approval of the Executive Secretary. Such approval shall be given 1) only when acceptable pesticides are proposed; 2) when the pesticide product manufacturer certifies that no harmful substance will be imparted to the water; and 3) only when spring development meets the requirements of these rules (see R309-515-7).

(5) Security

All water system facilities such as spring junction boxes, well houses, reservoirs, and treatment facilities shall be secure.

(6) Seasonal Operation

Water systems operated seasonally shall be disinfected and flushed according to the techniques given in AWWA Standard C651-92 and C652-92 prior to each season's use. A satisfactory bacteriologic sample shall be achieved prior to use. During the non-use period, care shall be taken to close all openings into the

system.

(7) Pump Lubricants

All oil lubricated pumps for culinary wells shall utilize mineral oils suitable for human consumption as determined by the Executive Secretary. To assure proper performance, and to prevent the voiding of any warranties which may be in force, the water supplier should confirm with individual pump manufacturers that the oil which is selected will have the necessary properties to perform satisfactorily.

R309-105-11. Operator Certification.

All community and non-transient non-community water systems or any public system that employs treatment techniques for surface water or ground water under the direct influence of surface water shall have an appropriately certified operator in accordance with the requirements of these rules. Refer to R309-300, Certification Rules for Water Supply Operators, for specific requirements.

R309-105-12. Cross Connection Control.

(1) The water supplier shall not allow a connection to his system which may jeopardize its quality and integrity. Cross connections are not allowed unless controlled by an approved and properly operating backflow prevention assembly. The requirements of Chapter 6 of the 2009 International Plumbing Code and its amendments as adopted by the Department of Commerce under R156-56 shall be met with respect to cross connection control and backflow prevention.

(2) Each water system shall have a functioning cross connection control program. The program shall consist of five designated elements documented on an annual basis. The elements are:

(a) a legally adopted and functional local authority to enforce a cross connection control program (i.e., ordinance, bylaw or policy);

(b) providing public education or awareness material or presentations;

(c) an operator with adequate training in the area of cross connection control or backflow prevention;

(d) written records of cross connection control activities, such as, backflow assembly inventory; and

(e) test history and documentation of on-going enforcement (hazard assessments and enforcement actions) activities.

(3) Suppliers shall maintain, as proper documentation, an inventory of each pressure atmospheric vacuum breaker, double check valve, reduced pressure zone principle assembly, and high hazard air gap used by their customers, and a service record for each such assembly.

(4) Backflow prevention assemblies shall be inspected and tested at least once a year, by an individual certified for such work as specified in R309-305. Suppliers shall maintain, as proper documentation, records of these inspections. This testing responsibility may be borne by the water system or the water system management may require that the customer having the backflow prevention assembly be responsible for having the device tested.

(5) Suppliers serving areas also served by a pressurized irrigation system shall prevent cross connections between the two. Requirements for pressurized irrigation systems are outlined in Section 19-4-112 of the Utah Code.

R309-105-13. Finished Water Quality.

All public water systems are required to monitor their water according to the requirements of R309-205, R309-210 and R309-215 to determine if the water quality standards of R309-200 have been met. Water systems are also required to keep records and, under certain circumstances, give public notice as required in R309-220.

R309-105-14. Operational Reports.

(1) Treatment techniques for acrylamide and epichlorohydrin.

(a) Each public water system shall certify annually in writing to the Executive Secretary (using third party or manufacturer's certification) that when acrylamide and epichlorohydrin are used in drinking water systems, the combination (or product) of dose and monomer level does not exceed the levels specified in R309-215-8(2)(c).

(b) Certifications may rely on manufacturers data.

(2)(a) All water systems using chemical addition or specialized equipment for the treatment of drinking water shall regularly complete operational reports. This information shall be evaluated to confirm that the treatment process is being done properly, resulting in successful treatment.

(b) The information to be provided, and the frequency at which it is to be gathered and reported, will be determined by the Executive Secretary.

R309-105-15. Annual Reports.

All community water systems shall be required to complete annual report forms furnished by the Division of Drinking Water. The information to be provided should include: the status of all water system projects started during the previous year; water demands met by the system; problems experienced; and anticipated projects.

R309-105-16. Reporting Test Results.

(1) If analyses are made by certified laboratories other than the state laboratory, these results shall be forwarded to the Division as follows:

(a) The supplier shall report to the Division the analysis of water samples which fail to comply with the Primary Drinking Water Standards of R309-200. Except where a different reporting period is specified in R309-205, R309-210 or R309-215, this report shall be submitted within 48 hours after the supplier receives the report from his lab. The Division may be reached at (801)536-4200.

(b) Monthly summaries of bacteriologic results shall be submitted within ten days following the end of each month.

(c) All results of TTHM samples shall be reported to the Division within 10 days of receipt of analysis for systems monitoring pursuant to R309-210-9.

(d) For all samples other than samples showing unacceptable results, bacteriologic samples or TTHM samples, the time between the receipt of the analysis and the reporting of the results to the Division shall not exceed 40 days.

(e) Arsenic sampling results shall be reported to the nearest 0.001 mg/L.

(f) There are additional reporting requirements in other sections of the rules, see R309-215-16(5).

(2) Disinfection byproducts, maximum residual disinfectant levels and disinfection byproduct precursors and enhanced coagulation or enhanced softening. This section applies to the reporting requirements of R309-210-8, R309-215-12 and R309-215-13. For the reporting requirements of R309-210-9, R309-210-10 and R309-215-15 are contained within R309-210-9, R309-210-10 and R309-215-15, respectively.

(a) Systems required to sample quarterly or more frequently shall report to the State within 10 days after the end of each quarter in which samples were collected. Systems required to sample less frequently than quarterly shall report to the State within 10 days after the end of each monitoring period in which samples were collected. The Executive Secretary may choose to perform calculations and determine whether the MCL was exceeded, in lieu of having the system report that information.

(b) Disinfection byproducts. Systems shall report the information specified.

(i) Systems monitoring for TTHMs and HAA5 under the requirements of R309-210-8(2) on a quarterly or more frequent basis shall report:

(A) The number of samples taken during the last quarter.

(B) The location, date, and result of each sample taken during the last quarter.

(C) The arithmetic average of all samples taken in the last quarter.

(D) The annual arithmetic average of the quarterly arithmetic averages of this section for the last four quarters.

(E) Whether, based on R309-210-8(6)(b)(i), the MCL was violated.

(ii) Systems monitoring for TTHMs and HAA5 under the requirements of R309-210-8(2) less frequently than quarterly (but at least annually) shall report:

(A) The number of samples taken during the last year.

(B) The location, date, and result of each sample taken during the last monitoring period.

(C) The arithmetic average of all samples taken over the last year.

(D) Whether, based on R309-210-8(6)(b)(i), the MCL was violated.

(iii) Systems monitoring for TTHMs and HAA5 under the requirements of R309-210-8(2) less frequently than annually shall report:

(A) The location, date, and result of the last sample taken.

(B) Whether, based on R309-210-8(6)(b)(i), the MCL was violated.

(iv) Systems monitoring for chlorite under the requirements of R309-210-8(2) shall report:

(A) The number of entry point samples taken each month for the last 3 months.

(B) The location, date, and result of each sample (both entry point and distribution system) taken during the last quarter.

(C) For each month in the reporting period, the arithmetic average of all samples taken in each three sample set taken in the distribution system.

(D) Whether, based on R309-210-8(6)(b)(ii), the MCL was violated.

(v) System monitoring for bromate under the requirements of R309-210-8(2) shall report:

(A) The number of samples taken during the last quarter.

(B) The location, date, and result of each sample taken during the last quarter.

(C) The arithmetic average of the monthly arithmetic averages of all samples taken in the last year.

(D) Whether, based on R309-210-8(6)(b)(iii), the MCL was violated.

(c) Disinfectants. Systems shall report the information specified to the Executive Secretary within ten days after the end of each month the system serves water to the public, except as otherwise noted:

(i) Systems monitoring for chlorine or chloramines under the requirements of R309-210-8(3)(a) shall report and certify, by signing the report form provided by the Executive Secretary, that all the information provided is accurate and correct and that any chemical introduced into the drinking water complies with ANSI/NSF Standard 60:

(A) The number of samples taken during each month of the last quarter.

(B) The monthly arithmetic average of all samples taken in each month for the last 12 months.

(C) The arithmetic average of all monthly averages for the last 12 months.

(D) The additional data required in R309-210-8(3)(a)(ii).

(E) Whether, based on R309-210-8(6)(c)(i), the MRDL was violated.

(ii) Systems monitoring for chlorine dioxide under the

requirements of R309-210-8(3) shall report:

(A) The dates, results, and locations of samples taken during the last quarter.

(B) Whether, based on R309-210-8(6)(c)(ii), the MRDL was violated.

(C) Whether the MRDL was exceeded in any two consecutive daily samples and whether the resulting violation was acute or nonacute.

(d) Disinfection byproduct precursors and enhanced coagulation or enhanced softening. Systems shall report the information specified.

(i) Systems monitoring monthly or quarterly for TOC under the requirements of R309-215-12 and required to meet the enhanced coagulation or enhanced softening requirements in R309-215-13(2)(b) or (c) shall report:

(A) The number of paired (source water and treated water) samples taken during the last quarter.

(B) The location, date, and results of each paired sample and associated alkalinity taken during the last quarter.

(C) For each month in the reporting period that paired samples were taken, the arithmetic average of the percent reduction of TOC for each paired sample and the required TOC percent removal.

(D) Calculations for determining compliance with the TOC percent removal requirements, as provided in R309-215-13(3)(a).

(E) Whether the system is in compliance with the enhanced coagulation or enhanced softening percent removal requirements in R309-215-13(2) for the last four quarters.

(ii) Systems monitoring monthly or quarterly for TOC under the requirements of R309-215-12 and meeting one or more of the alternative compliance criteria in R309-215-13(1)(b) or (c) shall report:

(A) The alternative compliance criterion that the system is using.

(B) The number of paired samples taken during the last quarter.

(C) The location, date, and result of each paired sample and associated alkalinity taken during the last quarter.

(D) The running annual arithmetic average based on monthly averages (or quarterly samples) of source water TOC for systems meeting a criterion in R309-215-13(1)(b)(i) or (iii) or of treated water TOC for systems meeting the criterion in R309-215-13(1)(b)(ii).

(E) The running annual arithmetic average based on monthly averages (or quarterly samples) of source water SUVA for systems meeting the criterion in R309-215-13(1)(b)(v) or of treated water SUVA for systems meeting the criterion in R309-215-13(1)(b)(vi).

(F) The running annual average of source water alkalinity for systems meeting the criterion in R309-215-13(1)(b)(iii) and of treated water alkalinity for systems meeting the criterion in R309-215-13(1)(c)(i).

(G) The running annual average for both TTHM and HAA5 for systems meeting the criterion in R309-215-13(1)(b)(iii) or (iv).

(H) The running annual average of the amount of magnesium hardness removal (as CaCO₃, in mg/L) for systems meeting the criterion in R309-215-13(1)(c)(ii).

(I) Whether the system is in compliance with the particular alternative compliance criterion in R309-215-13(1)(b) or (c).

(3) The public water system, within 10 days of completing the public notification requirements under R309-220 for the initial public notice and any repeat notices, shall submit to the Division a certification that it has fully complied with the public notification regulations. The public water system shall include with this certification a representative copy of each type of notice distributed, published, posted, and made available to the persons served by the system and to the media.

(4) All samples taken in accordance with R309-215-6 shall be submitted within 10 days following the end of the operational period specified for that particular treatment. Finished water samples results for the contaminant of concern that exceed the Primary Drinking Water Standards of R309-200, shall be reported to the Division within 48 hours after the supplier receives the report. The Division may be reached at (801) 536-4000.

(5) Documentation of operation and maintenance for point-of-use or point-of-entry treatment units shall be provided to the Division annually. The Division shall receive the documentation by January 31 annually.

R309-105-17. Record Maintenance.

All public water systems shall retain on their premises or at convenient location near their premises the following records:

(1) Records of microbiological analyses and turbidity analyses made pursuant to this Section shall be kept for not less than five years. Records of chemical analyses made pursuant to this Section shall be kept for not less than ten years. Actual laboratory reports may be kept, or data may be transferred to tabular summaries, provided that the following information is included:

(a) The date, place and time of sampling, and the name of the person who collected the sample;

(b) Identification of the sample as to whether it was a routine distribution system sample, check sample, raw or process water sample or other special purpose sample.

(c) Date of analysis;

(d) Laboratory and person responsible for performing analysis;

(e) The analytical technique/method used; and

(f) The results of the analysis.

(2) Lead and copper recordkeeping requirements.

(a) Any water system subject to the requirements of R309-210-6 shall retain on its premises original records of all sampling data and analyses, reports, surveys, letters, evaluations, schedules, Executive Secretary determinations, and any other information required by R309-210-6.

(b) Each water system shall retain the records required by this section for no fewer than 12 years.

(3) Records of action taken by the system to correct violations of primary drinking water regulations shall be kept for a period not less than three years after the last action taken with respect to the particular violation involved.

(4) Copies of any written reports, summaries or communications relating to sanitary surveys of the system conducted by the system itself, by a private consultant, or by any local, State or Federal agency, shall be kept for a period not less than ten years after completion of the sanitary survey involved.

(5) Records concerning a variance or exemption granted to the system shall be kept for a period ending not less than five years following the expiration of such variance or exemption.

(6) Records that concern the tests of a backflow prevention assembly and location shall be kept by the system for a minimum of not less than five years from the date of the test.

(7) Copies of public notices issued pursuant to R309-220 and certifications made to the Executive Secretary agency pursuant to R309-105-16 shall be kept for three years after issuance.

(8) Copies of monitoring plans developed pursuant to these rules shall be kept for the same period of time as the records of analyses taken under the plan are required to be kept under R309-105-17(1), except as otherwise specified. In all cases the monitoring plans shall be kept as long as the any associated report.

(9) A water system must retain a complete copy of your IDSE report submitted under this section for 10 years after the

date that you submitted your IDSE report. If the Executive Secretary modifies the R309-210-10 monitoring requirements that you recommended in your IDSE report or if the Executive Secretary approves alternative monitoring locations, you must keep a copy of the Executive Secretary's notification on file for 10 years after the date of the Executive Secretary's notification. You must make the IDSE report and any Executive Secretary notification available for review by the Executive Secretary or the public.

(10) A water system must retain a complete copy of its 40/30 certification submitted under this R309-210-9 for 10 years after the date that you submitted your certification. You must make the certification, all data upon which the certification is based, and any Executive Secretary notification available for review by the Executive Secretary or the public.

(11) A water subject to the disinfection profiling requirements of R309-215-14 shall keep must keep results of profile (raw data and analysis) indefinitely.

(12) A water system subject to the disinfection benchmarking requirements of R309-215-14 shall keep must keep results of profile (raw data and analysis) indefinitely.

R309-105-18. Emergencies.

(1) The Executive Secretary or the local health department shall be informed by telephone by a water supplier of any "emergency situation". The term "emergency situation" includes the following:

(a) The malfunction of any disinfection facility such that a detectable residual cannot be maintained at all points in the distribution system.

(b) The malfunction of any "complete" treatment plant such that a clearwell effluent turbidity greater than 5 NTU is maintained longer than fifteen minutes.

(c) Muddy or discolored water (which cannot be explained by air entrainment or re-suspension of sediments normally deposited within the distribution system) is experienced by a significant number of individuals on a system.

(d) An accident has occurred which has, or could have, permitted the entry of untreated surface water and/or other contamination into the system (e.g. break in an unpressurized transmission line, flooded spring area, chemical spill, etc.)

(e) A threat of sabotage has been received by the water supplier or there is evidence of vandalism or sabotage to any public drinking water supply facility which may affect the quality of the delivered water.

(f) Any instance where a consumer reports becoming sick by drinking from a public water supply and the illness is substantiated by a doctor's diagnosis (unsubstantiated claims should also be reported to the Division of Drinking Water, but this is not required).

(2) If an emergency situation exists, the water supplier shall then contact the Division in Salt Lake City within eight hours. Division personnel may be reached at all times through 801-536-4123.

(3) All suppliers are advised to develop contingency plans to cope with possible emergency situations. In many areas of the state the possibility of earthquake damage shall be realistically considered.

R309. Environmental Quality, Drinking Water.**R309-400. Water System Rating Criteria.****R309-400-1. Authority.**

Under authority of Utah Code Annotated, Section 19-4-104, the Drinking Water Board adopts this rule in order to evaluate a public water system's standard of operation and service delivered in compliance with R309-100 through R309-705 hereinafter referred to as Rules.

R309-400-2. Extent of Coverage.

These rules shall apply to all public water systems as defined in R309-100.

R309-400-3. Definitions.

Approved - means that the public water system is operating in substantial compliance with all the Rules as measured by this rule.

Board - means the Drinking Water Board.

Community Water System - means a public water system which serves at least fifteen service connections used by year-round residents or regularly serves at least twenty-five year-round residents.

Contaminant - means any physical, chemical, biological, or radiological substance or matter in water.

Corrective Action - means a provisional rating for a public water system not in compliance with the Rules, but making all the necessary changes outlined by the Executive Secretary to bring them into compliance.

Executive Secretary - means the Executive Secretary of the Drinking Water Board.

Major Bacteriological Routine Monitoring Violation - means that no routine bacteriological sample was taken as required by R309-210-5(1).

Major Bacteriological Repeat Monitoring Violation - means that no repeat bacteriological sample was taken as required by R309-210-5(2)(a).

Major Chemical Monitoring Violation - means that no initial background chemical sample was taken as required in R309-515-4(5).

Maximum Contaminant Level (MCL) - The maximum permissible level of a contaminant in water which is delivered to any user of a public water system. Individual maximum contaminant levels (MCLs) are listed in R309-200.

Minor Bacteriological Routine Monitoring Violation - means that not all of the routine bacteriological samples were taken as required by R309-210-5(1).

Minor Bacteriological Repeat Monitoring Violation - means that not all of the repeat bacteriological samples were taken as required by R309-210-5(2)(a).

Minor Chemical Monitoring Violation - means that the required chemical sample(s) was not taken in accordance with R309-205, 210 or 215.

Non-Community Water System - means a public water system that is not a community water system or a non-transient non-community water system.

Non-Transient, Non-Community Water System - means a public water system that is not a community water system and that regularly serves at least 25 of the same persons for more than six months per year. Examples are separate systems serving workers and schools.

Not Approved - means the water system does not fully comply with the Rules as measured by this rule.

Public Water System - means a system, either publicly or privately owned, providing water for human consumption and other domestic uses which has at least fifteen service connections, or regularly serves an average of at least twenty-five individuals for at least sixty days out of the year. Such term includes collection, treatment, storage and distribution facilities under control of the operator and used primarily in

connection with the system. Additionally, the term includes collection, pretreatment or storage facilities used primarily in connection with system but not under such control.

Routine Chemical Monitoring Violation - means no routine chemical sample(s) was taken as required in R309-205, 210 or 215.

Sanitary Seal - A cap that prevents contaminants from entering a well through the top of the casing.

Shall - means that a particular action is obliged and has to be accomplished.

R309-400-4. Water System Ratings.

(1) The Executive Secretary shall assign a rating to each public water system in order to provide a concise indication of its condition and performance. This rating shall be assigned based on the evaluation of the operation and performance of the water system in accordance with the requirements of the Rules. Points shall be assessed to Not Approved and Corrective Action rated water systems for each violation of these requirements (R309-100 through R309-705) as the requirements apply to each individual water system. The number of points that shall be assessed are outlined in the following sections of this rule. The number of points represent the threat to the quality of the water and thereby public health.

(2) Points are assessed in the following categories: Quality, Monitoring and Public Notification; Physical Deficiencies; Operator Certification; Cross Connection Control; Drinking Water Source Protection; Administrative Issues; and Reporting and Record Maintenance.

(3) Based upon the accumulation of points, the public water system shall be assigned one of the following ratings.

(a) Approved - In order to qualify for an Approved rating, the public water system must maintain a point total less than the following:

- (i) Community water system - 150 points;
- (ii) Non-Transient Non-Community water system - 120 points; and
- (iii) Non-Community water system - 100 points.

(b) Not Approved - In order for a public water system to receive a Not Approved rating the accumulation of points for the water system must exceed the totals listed above.

(c) Corrective Action - In order to qualify for a Corrective Action rating the public water system must submit the following:

(i) A written agreement to the Executive Secretary stating a willingness to comply with the requirements set forth in the Rules; and

(ii) A compliance schedule and time table agreed upon by the Executive Secretary outlining the necessary construction or changes to correct any physical deficiencies or monitoring failures; and

(iii) Proof of the financial ability of the water system or that the financial arrangements are in place to correct the water system deficiencies.

(iv) The Corrective Action rating shall continue until the total project is completed or until a suitable construction inspection or sanitary survey is conducted to determine the effectiveness of the improvements or the accumulation of points drops below the threshold for a not approved rating whichever is later.

(4) The water system point accumulation shall be adjusted on a quarterly basis or as current information is available to the Executive Secretary. The appropriate water system rating shall then be adjusted to reflect the current point total.

(5) The Executive Secretary may at any time rate a water system not approved if an immediate threat to public health exists. This rating shall remain in place until such time as the threat is alleviated and the cause is corrected.

(6) Any water system may appeal its assigned rating or

assessed points to the Drinking Water Board by filing a request for a hearing with the Executive Secretary. The Executive Secretary shall place this matter on the agenda of the next regular meeting and so inform the appellant. The request for a hearing must be received by the Executive Secretary at least 14 calendar days prior to a scheduled Board meeting in order to be placed on the Board's agenda.

R309-400-5. Quality, Monitoring and Public Notification Violations.

(1) Bacteriologic: All points assessed to public water systems via this subsection are based on violations of the quality standards in R309-200-5(6); or the monitoring requirements in R309-210-5; and the associated public notification requirements in R309-220. The bacteriological assessments shall be updated on a monthly basis with the total number of points reflecting the most recent twelve month period or the most recent 4 quarters for those water systems that collect bacteriological samples quarterly.

(a) For each major bacteriological routine monitoring violation 35 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(b) For each minor bacteriological routine monitoring violation 10 points shall be assessed. For each failure to perform the associated public notification 2 points shall be assessed.

(c) For each major bacteriological repeat monitoring violation 40 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(d) For each minor bacteriological repeat monitoring violation 10 points shall be assessed. For each failure to perform the associated public notification 2 points shall be assessed.

(e) For each additional monitoring violation (R309-210-5(2)(e)) 10 points shall be assessed. For each failure to perform the associated public notification 2 points shall be assessed.

(f) For each non-acute bacteriological MCL violation (R309-200-5(6)(a)) 40 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(g) For each acute bacteriological MCL violation (R309-200-5(6)(b)) 50 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(2) Chemical: All points assessed to public water systems via this subsection are based on violations of the quality standards in R309-200-5; or the monitoring requirements in R309-205, 210 and 215; and the associated public notification requirements in R309-220. The chemical assessments shall be updated on a quarterly basis with the total number of points reflecting the most recent compliance period unless otherwise specified. Points for any chemical MCL violation shall remain on record until the quality issue is resolved. Points for any monitoring violation shall be deleted as the required chemical samples are taken and the analytical results are reported to the Executive Secretary.

(a) Inorganic and Metal Contaminants:

(i) For each major chemical monitoring violation for inorganic and metal contaminants 20 points shall be assessed. For each failure to perform the associated public notification 3 points shall be assessed.

(ii) For each minor chemical monitoring violation for inorganic and metal contaminants 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for inorganic and metal contaminants 30 points shall be assessed. For each failure to

perform the associated public notification 5 points shall be assessed.

(b) Sulfate (for non-community water systems only):

(i) For each major chemical monitoring violation for sulfate 20 points shall be assessed. For each failure to perform the associated public notification 3 points shall be assessed.

(ii) For each minor chemical monitoring violation for sulfate 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for sulfate 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(c) Radiologic Contaminants:

(i) For each major chemical monitoring violation for radiological contaminants 20 points shall be assessed. For each failure to perform the associated public notification 3 points shall be assessed.

(ii) For each minor chemical monitoring violation for radiological contaminants 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for radiological contaminants 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(d) Asbestos Contaminants:

(i) For each major chemical monitoring violation for source water or distribution system asbestos 20 points shall be assessed. For each failure to perform the associated public notification 3 points shall be assessed.

(ii) For each minor chemical monitoring violation for source water or distribution system asbestos 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for source water or distribution system asbestos 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(e) Nitrate:

(i) For each routine chemical monitoring violation for nitrate 35 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(ii) For each MCL exceedance of nitrate 50 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(f) Nitrite:

(i) For each routine chemical monitoring violation for nitrite 35 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(ii) For each MCL exceedance of nitrite 50 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(g) Volatile Organic Chemicals:

(i) For each major chemical monitoring violation for volatile organic chemical contaminants 20 points shall be assessed. For each failure to perform the associated public notification 3 points shall be assessed.

(ii) For each minor chemical monitoring violation for volatile organic chemical contaminants 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for volatile organic chemical contaminants 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(h) Pesticides/PCBs/SOCs

(i) For each major chemical monitoring violation for pesticide/PCB/SOC contaminants 20 points shall be assessed. For each failure to perform the associated public notification 3

points shall be assessed.

(ii) For each minor chemical monitoring violation for pesticide/PCB/SOC contaminants 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) For each MCL exceedance for pesticide/PCB/SOC contaminants 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(i) Disinfection Byproducts:

(i) Total Trihalomethanes:

(A) For each routine chemical monitoring violation for total trihalomethanes 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for total trihalomethanes 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(ii) Haloacetic Acids (HAA5):

(A) For each routine chemical monitoring violation for HAA5 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for HAA5 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(iii) Bromate:

(A) For each routine chemical monitoring violation for bromate 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for bromate 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(iv) Chlorite:

(A) For each routine chemical monitoring violation for chlorite 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for chlorite 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(j) Disinfectant Residuals:

(i) Chlorine:

(A) For each routine chemical monitoring violation for chlorine 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for chlorine 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(ii) Chloramines:

(A) For each routine chemical monitoring violation for chloramines 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each MCL exceedance for chloramines 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(iii) Chlorine Dioxide:

(A) For each routine monitoring violation for chlorine dioxide 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(B) For each non-acute chlorine dioxide MCL violation 30 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(C) For each acute chlorine dioxide MCL violation 50 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(k) Lead and Copper:

(i) For each major chemical monitoring violation for lead and copper contaminants 20 points shall be assessed. For each failure to perform the associated public notification 3 points

shall be assessed.

(ii) For each minor chemical monitoring violation for lead and copper contaminants 10 points shall be assessed. For each failure to perform the associated public notification 1 point shall be assessed.

(iii) A system which fails to install, by the designated deadline, optimal corrosion control if the lead or copper action level has been exceeded shall be assessed 35 points. For each failure to perform the associated public notification 10 points shall be assessed.

(iv) A system which fails to install source water treatment if the source waters exceed the lead or copper action level shall be assessed 35 points. For each failure to perform the associated public notification 10 points shall be assessed.

(v) A system which fails to complete public notification/education if the lead/copper action levels have been exceeded shall be assessed 10 points for each calendar quarter that the system fails to provide public notification/education.

(vi) A system which still exceeds the lead action level and is not on schedule for lead line replacement shall be assessed 5 points annually. For each failure to perform the associated public notification 2 point shall be assessed.

(l) Groundwater Turbidity:

(i) For each monitoring violation for turbidity 35 points shall be assessed. For each failure to perform the associated public notification 5 points shall be assessed.

(ii) For each confirmed MCL exceedance of turbidity 50 points shall be assessed. For each failure to perform the associated public notification 10 points shall be assessed.

(m) Surface Water Treatment:

(i) For water systems having sources which are classified as under direct influence from surface water and which fail to abandon, retrofit or provide conventional complete treatment or it's equivalent within 18 months of notification shall be assessed 150 points. For the associated failure to perform public notification 10 points shall be assessed. The points shall be assessed as the failure occurs and shall remain on record until adequate treatment is provided or the source is physically disconnected.

(ii) Quality and Monitoring: The surface water treatment assessments shall be updated on a monthly basis with the total number of points reflecting the most recent twelve month period.

(A) Turbidity:

(I) For each turbidity exceedance which requires tier 1 notification under R309-220-5(1)(e) or (f) 50 points shall be assessed. For the associated failure to perform public notification 10 points shall be assessed.

(II) For each turbidity exceedance which requires tier 2 notification under R309-220-5(1)(e) or (f) 35 points shall be assessed. For the associated failure to perform public notification 10 points shall be assessed.

(III) For each month where the percentage of turbidity interpretations meeting the treatment plant limit is less than 95 percent 25 points shall be assessed. For the associated failure to perform public notification 10 points shall be assessed.

(IV) For any period of time which exceeds 4 hours where the system fails to continuously measure (or perform grab samples) the combined filter effluent turbidity 50 points shall be assessed. For the associated failure to perform public notification 10 points shall be assessed.

(V) For a water system which failure to repair continuous turbidity monitoring equipment within 5 working days 50 points shall be assessed.

(B) Disinfection:

(I) For each instance where the disinfectant level in water entering the distribution system is less than 0.2 milligrams per liter for more than 4 hours 25 points shall be assessed. For the associated failure to perform public notification 5 points shall

be assessed.

(II) For each instance where there is insufficient disinfectant contact time 35 points shall be assessed. For the associated failure to perform public notification 5 points shall be assessed.

(iii) Treatment Process Control:

(A) For each instance a treatment facility exceeds the assigned filter rates 30 points shall be assessed.

(B) For each month a water system fails to verify calibration of the plant turbidimeters 5 points shall be assessed.

(C) For each month a water system fails to submit a water treatment plant report 50 points shall be assessed.

R309-400-6. Physical Facilities.

All points assessed to public water systems via this subsection are based upon violation of R309-500 through R309-705 unless otherwise noted. These points shall be assessed and updated upon notification of the Executive Secretary and shall remain until the violation or deficiency no longer exists.

(1) New Source Approval:

(a) Use of an unapproved source shall be assessed 150 points.

(2) Surface Water Diversion Structures and Impoundments:

(a) For each surface water intake structure that does not allow for withdrawal of water from more than one level if quality significantly varies with depth 2 points shall be assessed.

(b) Where no facilities exist for release (wasting) of less desirable water held in storage 2 points shall be assessed.

(c) Where the diversion facilities do not minimize frazil ice formation by holding intake velocities to less than 0.5 feet per second 2 points shall be assessed.

(d) Where diversion facilities are not adequately protected from damage by ice buildup 2 points shall be assessed.

(e) Where diversion facilities are not capable of keeping large quantities of fish or debris from entering the intake 2 points shall be assessed.

(f) Where reservoirs have not had brush and trees removed to the high water level 2 points shall be assessed.

(g) Where reservoir watershed management has not provided adequate precautions to limit nutrient loading 10 points shall be assessed.

(3) Well Sources

(a) For each well which is not equipped with a sanitary seal, or has any unsealed opening into the well casing 50 points shall be assessed.

(b) For each well which does not utilize food grade mineral oil for pump lubrication 25 points shall be assessed.

(c) For each well casing which does not terminate at least 12 inches above the pumphouse floor, 18 inches above ground, and/or five feet above the highest flood elevation and is subject to flooding 20 points shall be assessed.

(d) For each well fitted with a pitless adaptor that does not maintain a water tight seal throughout shall be assessed 50 points.

(e) For each wellhead that is not properly secured 20 points shall be assessed.

(f) For each well that is equipped with a pump to waste line that does not discharge through an approved air gap shall be assessed 20 points.

(g) For each well that is equipped with a pump to waste line that is not properly screened shall be assessed 5 points.

(h) For each well that is equipped with a pump to waste line that discharges to a receptacle without local authorization shall be assessed 2 points.

(i) For each well that does not have a means to measure drawdown 1 point shall be assessed.

(j) For each well casing vent which is not properly covered with a No. 14 mesh screen 2 points shall be assessed.

(k) For each well casing vent which is not properly turned down 2 points shall be assessed.

(l) For each well casing vent which does not discharge through a proper air gap 2 points shall be assessed.

(m) For each well which has discharge piping that is not properly equipped with 1) a smooth nosed sampling tap 2) check valve 3) pressure gauge 4) means of measuring flow and 5) shutoff valve 1 point shall be assessed for each component not present.

(n) For each well where there is no means to release trapped air from the discharge piping 6 points shall be assessed.

(o) For each well house which does not have a drain-to-daylight installed 5 points shall be assessed.

(p) For each well which has a cross connection present in the discharge piping 5 points shall be assessed.

(q) For each well which has discharge piping equipped with an air vacuum relief valve which is not screened 2 points shall be assessed.

(r) For each well which has discharge piping equipped with an air vacuum relief valve which is not properly turned down 2 points shall be assessed.

(s) For each well which has discharge piping equipped with an air vacuum relief valve which does not discharge through an approved air gap 2 points shall be assessed.

(t) For each well which has rotating and electrical equipment that is not provided with protective guards 2 points shall be assessed.

(4) Spring Sources:

(a) For each spring source which allows surface water to stand or pond upon the spring collection area (within 50 feet from collection devices) 10 or 20 points shall be assessed. The number of points shall be based upon the size and extent of the ponding; the possible source (rainfall or incomplete collection); or the presence of moss or other indicators of long term presence of standing water.

(b) For each spring area which does not have a minimum of ten feet of relative impervious soil or an acceptable liner 10 points shall be assessed.

(c) For each spring area that has deep rooted vegetation within the fenced collection area 10 points shall be assessed.

(d) For each spring area that has deep rooted vegetation interfering with the spring collection 10 points shall be assessed.

(e) For each spring with a spring collection/junction box which does not have a proper shoebox lid shall be assessed 5 points.

(f) For each spring with a spring collection/junction box which does not have a proper gasket on the lid shall be assessed 5 points.

(g) For each spring with a spring collection/junction box which lacks an adequate air vent 5 points shall be assessed.

(h) For each spring with a spring collection/junction box with a vent that is not properly screened shall be assessed 2 points.

(i) For each spring with a spring collection/junction box with a vent that is not properly down turned shall be assessed 2 points.

(j) For each spring with a spring collection/junction box with a vent that is not properly air gapped shall be assessed 2 points.

(k) For each spring with a spring collection/junction box that lacks a raised access entry shall be assessed 5 points.

(l) For each spring with a spring collection/junction box which is not secured against unauthorized access shall be assessed 20 points.

(m) For each spring collection area without a proper fence (unless the spring is located in a remote area where no grazing or public access is possible as specified in R309-515-7(7)(e)) 10 points shall be assessed.

(n) For each spring collection area that does not have a

diversion channel capable of diverting surface water away from the collection area 5 points shall be assessed.

(o) For each spring system which does not have a permanent flow measuring device 5 points shall be assessed.

(p) For each spring area with an overflow/drain that is not properly screened with a No. 4 mesh screen 5 points shall be assessed.

(q) For each spring collection/junction box that does not have adequate freefall (12 to 24 inches) between the drain invert and the surrounding ground 5 points shall be assessed.

(r) For each spring collection/junction box that has any unsealed opening(s) 50 points shall be assessed.

(5) Pump Stations.

(a) For a pumping facility which does not have a positive-acting check valve between the pump and the isolation valve 1 point shall be assessed. R309-540-5(6)(a).

(b) For a pumping facility which does not have a standard pressure gauge on the discharge line 1 point shall be assessed. R309-540-5(6)(c)(i).

(c) For a pumping facility which does not have a flow measuring device on the discharge piping 1 point shall be assessed. R309-540-5(6)(c)(iii).

(d) For a pumping facility which does not have isolation valve(s) on the discharge piping 1 point shall be assessed. R309-540-5(6)(a).

(e) For a pumping facility which does not have isolation valve(s) on the suction side of each pump 1 point shall be assessed. R309-540-5(6)(a).

(f) For a pumping facility without adequate drainage 5 points shall be assessed. R309-540-5(2)(a)(v) and (vi).

(g) For a pumping facility where the discharge line from the air release valve is not properly screened with number 14 non-corrodible mesh screen 2 points shall be assessed. R309-550-6(6)(a).

(h) For a pumping facility where the discharge line from the air release valve is not properly air gapped 2 points shall be assessed. R309-550-6(6)(a).

(i) For a pumping facility where the discharge line from the air release valve is not properly down-turned 2 points shall be assessed. R309-550-6(6)(a).

(j) For a pumping facility where the building and equipment is not protected from flooding 5 points shall be assessed. R309-540-5(2)(a)(ii), (iii) and (iv).

(k) For a pumping facility where there is inadequate heating, lighting or ventilation 5 points shall be assessed. R309-540-5(2)(e), (f) and (g).

(l) For a pumping facility where there are cross connections present 5 points shall be assessed. R309-540-5(2)(h).

(m) For a pumping facility which does not have at least two equal and functioning pumping units 20 points shall be assessed. R309-540-5(4)(b).

(n) For a pumping facility which cannot meet the demand when the largest pumping unit is out of service 20 points shall be assessed. R309-540-5(4)(b).

(o) For a pumping facility which utilizes oil lubrication not suitable for human consumption 25 points shall be assessed. R309-105-10(7).

(p) For a pumping facility which does not have protective guards on rotating and electrical equipment 2 points shall be assessed. R309-545-19(1).

(q) For a pumping facility which does not have an air release valve or other means to release trapped air located on the pump discharge piping 6 points shall be assessed. R309-515-6(12)(e)(v).

(r) For a pumping facility which is not secured against unauthorized access shall be assessed 20 points.

(6) Hydropneumatic pressure tanks.

(a) For a pressure tank without at least two pumping units

20 points shall be assessed. R309-540-6(5).

(b) For a pressure tank without a bypass piping to permit operation of the system while it is being repaired or painted 2 points shall be assessed. R309-540-6(4).

(c) For a pressure tank which lacks a 24 inch access manhole where applicable 1 point shall be assessed. R309-540-6(6).

(d) For a pressure tank which lacks a drain 1 point shall be assessed. R309-540-6(6).

(e) For a pressure tank which lacks a pressure gauge 1 point shall be assessed. R309-540-6(6).

(f) For a pressure tank which lacks a water sight glass where applicable 1 point shall be assessed. R309-540-6(6).

(g) For a pressure tank which lacks automatic or manual air blow-off 1 point shall be assessed. R309-540-6(6).

(h) For a pressure tank which lacks a means to add air 1 point shall be assessed. R309-540-6(6).

(i) For a pressure tank which lacks pressure operated start-stop controls for the pump(s) 1 point shall be assessed. R309-540-6(6).

(j) For a pressure tank with a pump cycle that cycles more frequently than once every 4 minutes 5 points shall be assessed. R309-540-6(5).

(k) For a pressure tank and controls that are not secured against unauthorized access 20 points shall be assessed. R309-545-14(3).

(7) Storage:

(a) A water system with an uncovered finished water storage reservoir shall immediately be assessed a rating of not approved.

(b) For each storage reservoir cover that is not sloped so water will drain 10 points shall be assessed.

(c) For each storage reservoir that does not have an access opening 9 points shall be assessed.

(d) For each storage reservoir access that does not have a shoebox type lid with a minimum of a 2 inch overlap 3 points shall be assessed.

(e) For each storage reservoir access that lacks a proper gasket 3 points shall be assessed.

(f) For each storage reservoir access that lacks a minimum rise of 4 inches above the tank roof (18 inches above an earthen cover) 3 points shall be assessed.

(g) For each storage reservoir that is not vented 6 points shall be assessed.

(h) For each storage reservoir vent that is not turned down or covered from rain and dust 2 points shall be assessed.

(i) For each storage reservoir vent that does not terminate a minimum of 24 to 36 inches above the surface of the storage tank roof 2 points shall be assessed.

(j) For each storage reservoir vent that is not screened with number 14 non-corrodible mesh screen with a larger gauge protection screen 2 points shall be assessed.

(k) For each storage reservoir that lacks an overflow 15 points shall be assessed.

(l) For each storage reservoir overflow that does not terminate 12 to 24 inches above the ground 5 points shall be assessed.

(m) For each storage reservoir overflow that is not screened with number 4 non-corrodible mesh screen 5 points shall be assessed.

(n) For each storage reservoir overflow that is connected to a sewer without an appropriate air gap 5 points shall be assessed.

(o) For each storage reservoir with a drain that is not properly screened 5 points shall be assessed.

(p) For each storage reservoir with a drain that does not discharge through a physical airgap of at least 2 pipe diameters 5 points shall be assessed.

(q) For each storage reservoir with inadequate or improper

means of site drainage 5 points shall be assessed.

(r) For each storage reservoir with any unsealed roof penetrations 50 points shall be assessed.

(s) For each storage reservoir where the roof and sidewalls are not water tight shall be assessed 10 to 50 points based upon the size and number of cracks, the loss of structural integrity and the access of contamination to the drinking water.

(t) For each storage reservoir without an access ladder, ladder guards, balcony railings or safely located entrance hatches 2 points shall be assessed.

(u) For each storage reservoir with internal coatings not in compliance with ANSI/NSF standard 61 30 points shall be assessed.

(v) For a storage facility which is not secured against unauthorized access shall be assessed 20 points.

(8) Distribution System:

(a) A water system which fails to provide at least the water pressure as required in R309-105-9 at all times and at all locations within the distribution system shall be assessed 50 points.

(b) A water system using unapproved pipe and materials shall be assessed 30 points.

(c) A water system with pipelines installed improperly without adequate clearance or separation from sewer lines shall be assessed 30 points.

(d) A new water system constructed after January 1, 2007 or an existing water system modification without adequate pressure as defined in R309-105-9(2) shall be assessed 50 points.

(e) A water system which has a distribution line that crosses under a surface water body without adequate protection as outlined in R309-550-8(8)(b) shall be assessed 50 points.

(f) A water system which has distribution system flushing devices which are directly connected to a sewer or do not have a proper air gap shall be assessed 20 points.

(g) A water system that does not properly follow the AWWA disinfection standards as adopted in R309-105-10(2) and (3) shall be assessed 10 points.

(h) A water system that is required to provide fire protection or supplies fire hydrants with water mains that are less than 8 inches in diameter shall be assessed 5 points. These points will only be assessed for water mains installed after 1995.

(i) For each air vacuum release valve which is not properly screened and turned down 10 points shall be assessed.

(j) For each air vacuum release valve where the discharge piping does not extend a proper distance above the ground and flood level 10 points shall be assessed.

(k) For each air vacuum release valve chamber without a drain or adequate sump 30 points shall be assessed.

(l) For each air vacuum release valve chamber which shows evidence of flooding 30 points shall be assessed.

(m) For each air vacuum release valve chamber which is flooded at the time of inspection 50 points shall be assessed.

(9) Quantity requirements

(a) A water system which does not have sufficient source capacity to meet peak daily and average yearly flow requirements shall be assessed from 10 to 50 points. The number of points shall be based upon the severity of the shortage including the number of times and duration of water outages or low pressure.

(b) A water system which does not have sufficient storage capacity to meet average daily flow requirements shall be assessed from 10 to 50 points. The number of points shall be based upon the severity of the shortage including the number of times and duration of water outages.

R309-400-7. Treatment Processes.

(1) General Treatment.

(a) For a treatment facility with chemical feeders and

pumps that operate at lower than 20 percent of the feed range 2 points shall be assessed. R309-525-11(7)(a)(viii).

(b) For a treatment facility without anti-siphon control to assure that liquid chemical solutions cannot be siphoned through solution feeders into the process units as required in R309-525-11(9)(c) 2 points shall be assessed. R309-525-11(9)(b)(ii).

(c) For a treatment facility with a process tank that is not properly labeled to designate the chemical contained 2 points shall be assessed. R309-525-11(8)(c)(vii).

(d) For a treatment facility with chemicals not stored in covered or unopened shipping containers, unless the chemical is transferred into a covered storage unit, 2 points shall be assessed. R309-525-11(6)(a)(iii).

(e) For a treatment facility with no cross connection control provided to assure that no direct connections exist between any sewer and the drain or overflow from the feeder, solution chamber or tank by providing that all pipes terminate at least six inches or two pipe diameters, whichever is greater, above the overflow rim of a receiving sump, conduit or waste receptacle, 2 points shall be assessed. R309-525-11(9)(b)(iii).

(f) For a treatment facility with no spare parts available for all feeders to replace parts which are subject to wear and damage 2 points shall be assessed. R309-525-11(7)(b)(v).

(g) For a treatment facility with chemical feed rates not proportional to flows 10 points shall be assessed. R309-525-11(7)(d)(ii).

(h) For a treatment facility with liquid chemical feeders without anti-siphon protection in each feed pump 2 points shall be assessed. R309-525-11(9)(c). Tg12

(i) For a treatment facility with feed lines not protected against freezing 2 points shall be assessed. R309-525-11(8)(d)(i)(C).

(j) For a treatment facility with feed lines not made of durable, corrosion resistant material 2 points shall be assessed. R309-525-11(8)(d)(i)(A).

(k) For a treatment facility with any chemical not conducted from the feeder to the point of application in a separate conduit 2 points shall be assessed. R309-525-11(7)(a)(v).

(l) For a treatment facility where incompatible chemicals are fed, stored or handled together 2 points shall be assessed. R309-525-11(7)(a)(iv).

(m) For a treatment facility where daily operating records do not reflect chemical dosages and total quantities used 2 points shall be assessed. R309-105-14(2)(a).

(n) For a water system that fails to maintain and properly calibrate all instrumentation needed to verify the treatment process 2 points shall be assessed. R309-525-25(4).

(o) For a treatment facility without the means to accurately measure the quantities of chemicals used 2 points shall be assessed. R309-525-11(7)(a)(i).

(p) A water system that does not keep acids and caustics in closed corrosion-resistant shipping containers or storage units 2 points shall be assessed. R309-525-11(11)(a)(i).

(q) For a treatment facility that does not have the vent hose from the feeder to discharge to the outside atmosphere above grade or have the end covered with #14 non-corrodible mesh screen 2 points shall be assessed. R309-520-10(2)(f).

(r) For a treatment facility that uses any chemical that is added to water being treated for use in a public water system for human consumption that does not comply with ANSI/NSF Standard 60 25 points shall be assessed. R309-525-11(5).

(s) For a treatment facility that does not have a finished water sampling tap(s) 2 points shall be assessed. R309-525-18.

(t) For a treatment facility that is not performing adequate process control testing consistent with the specific treatment process 30 points shall be assessed. R309-525-19.

(u) For a surface water treatment facility that does not

have continuous residual disinfection equipment to measure continuously measure the residual in mg/L entering the distribution system 20 points shall be assessed. R309-215-10(1).

(v) For a treatment facility without provisions for measuring quantities of chemical used to prepare feed solutions 50 points shall be assessed. R309-525-11(6)(b)(iii).

(w) For a treatment facility without provisions for disposing of empty bags, drums or barrels by an acceptable procedure which will minimize operator exposure to dusts 2 points shall be assessed. R309-525-11(6)(b)(ii).

(x) For a treatment facility which does not provide cross connection control on the make-up waterlines discharging to solution tanks 5 points shall be assessed. R309-525-11(9)(c)(i).

(y) For a treatment facility with overflow pipes that do not have a free fall discharge or are not located where noticeable, 2 points shall be assessed. R309-525-11(8)(b)(v)(A).

(z) For a treatment facility with subsurface locations for solution tanks that are not free from sources of possible contamination 2 points shall be assessed. R309-525-11(8)(b)(iv)(A).

(z1) For a treatment facility with subsurface locations for solution tanks that do not assure positive drainage for ground waters, accumulated water, chemical spills and overflows 2 points shall be assessed. R309-525-11(8)(b)(iv)(B).

(z2) For a treatment facility with a motor driven transfer pump that is not provided a liquid level limit switch and an overflow from the day tank, which will drain by gravity back into the bulk storage tank 10 points shall be assessed. R309-525-11(8)(c)(v).

(z3) For a treatment facility without adequate spill containment provisions 2 points shall be assessed. R309-525-11(6)(a)(iv)(B)(v).

(z4) For a treatment facility with acid storage tanks that are not vented to the outside atmosphere with separate screened vents 2 points shall be assessed. R309-525-11(8)(b)(vi).

(z5) For a treatment facility without a means to measure the solution level in the tank 2 points shall be assessed. R309-525-11(8)(b)(ii).

(z6) For a treatment facility without provisions for the proper disposal of water treatment plant waste (such as sanitary, laboratory, sludge, and filter backwash water) 5 points shall be assessed. R309-525-23.

(z7) For a treatment facility that does not use of either a volumetric or gravimetric chemical feeder for dry chemicals 2 points shall be assessed. R309-525-11(7)(c)(i).

(z8) For a disinfection facility where cross connection control is not provided on the feed lines to the solution tanks 10 points shall be assessed. R309-520-10(1)(h).

(z9) For a treatment facility that does not have a means to measure water flow rate 10 points shall be assessed.

(z10) For a treatment facility where feed lines are not labeled and color coded for identification 2 points shall be assessed. R309-525-8.

(z11) For a treatment facility which is not secured against unauthorized access shall be assessed 20 points.

(2) Disinfection.

(a) For a disinfection facility without an automatic switch over of chlorine cylinders to assure continuous disinfection 2 points shall be assessed. R309-520-10(2)(a).

(b) For a disinfection facility without scales for weighing cylinders 2 points shall be assessed. R309-520-10(2)(k).

(c) For a disinfection facility without a leak repair kit for 1 ton cylinders 15 points shall be assessed. R309-520-10(2)(p).

(d) For a disinfection facility without respiratory equipment available and stored at a convenient location 5 points shall be assessed. R309-520-10(2)(o).

(e) For a disinfection facility where the chlorine gas feed and storage area is not enclosed and separated from other

operating areas 2 points shall be assessed. R309-520-10(2)(i).

(f) For a disinfection facility which is not heated, lighted or ventilated as necessary to assure proper operation or the equipment and serviceability 2 points shall be assessed. R309-520-10(1)(l).

(g) For a disinfection facility where the chlorination equipment rooms are not vented such that the ventilating fan(s) take suction near the floor, as far as practical from the door and air inlet, with the point of discharge so located as not to contaminate air inlets of any rooms or structures 5 points shall be assessed. R309-520-10(2)(e)(ii).

(h) For a disinfection facility where the chlorination equipment rooms are not vented such that air inlets are through louvers near the ceiling 2 points shall be assessed. R309-520-10(2)(e)(iii).

(i) For a disinfection facility where the chlorination equipment rooms are not vented such that louvers for chlorine room air intake and exhaust facilitate airtight closure 2 points shall be assessed. R309-520-10(2)(e)(iv).

(j) For a disinfection facility where the chlorination equipment rooms are not vented such that separate switches for the fans and lights are outside of the room, at the entrance to the chlorination equipment room and protected from vandalism 2 points shall be assessed. R309-520-10(2)(e)(iv).

(k) For a disinfection facility where the vent hose from the feeder to discharge to the outside atmosphere is not above grade or does not have the end covered with #14 non-corrodible mesh screen 2 points shall be assessed. R309-520-10(2)(f).

(l) For a disinfection facility without a bottle of ammonium hydroxide (56%) shall be available for leak detection 2 points shall be assessed. R309-520-10(2)(p).

(m) For a disinfection facility without full and empty cylinders of chlorine gas restrained in position to prevent upset 2 points shall be assessed. R309-520-10(2)(i).

(n) For a disinfection facility with full and empty cylinders of chlorine gas stored in rooms not separated from ammonia storage 2 points shall be assessed. R309-520-10(2)(i).

(o) For a disinfection facility with full and empty cylinders of chlorine gas stored in areas in direct sunlight or exposed to excessive heat 2 points shall be assessed. R309-520-10(2)(i).

(p) For a disinfection facility where the chlorine room is constructed in a manner that any openings between the chlorine room and the remainder of the plant are not sealed 2 points shall be assessed. R309-520-10(2)(h)(ii).

(q) For a disinfection facility utilizing 1 ton cylinders without a means of leak detection available 15 points shall be assessed. R309-520-10(2)(p).

(r) For a disinfection facility without pressure gauges on the inlet and outlets of each chlorine injector 2 points shall be assessed. R309-520-10(2)(b).

(s) For a disinfection facility without cross connection control on the solution feeders into the process units as required in R309-525-11(9)(c) 5 points shall be assessed. R309-525-11(9)(b)(ii).

(t) For a disinfection facility where there is no standby disinfection equipment of sufficient capacity available to replace the largest unit 10 points shall be assessed. R309-520-10(1)(k).

(u) For a disinfection facility where a leak detector is provided and not equipped with both an audible alarm and a warning light 5 points shall be assessed. R309-520-10(2)(p).

(v) For a disinfection facility where the correct reagent is not used for testing free disinfectant residual 2 points shall be assessed. R309-520-15(3).

(w) For a disinfection facility where hypochlorite liquid feeders are not a positive displacement type 10 points shall be assessed. R309-520-10(1)(b).

(x) For a treatment facility where the pre- and post-

chlorination systems are not independent to prevent possible siphoning of partially treated water into the clear well 50 points shall be assessed. R309-525-11(9)(b)(iv).

(y) For a disinfection facility where each tank is not provided with a valved drain or protected against backflow in accordance with R309-11(10)(b) and (c) 2 points shall be assessed. R309-525-11(8)(b)(vii).

(z) For a disinfection facility where overflow pipes are not located where they can be readily monitored 2 points shall be assessed. R309-520-10(1)(g).

(z1) For a disinfection facility where storage and day tanks are not provided with separate vents that terminate to the outside atmosphere 2 points shall be assessed. R309-525-11(8)(b)(vi).

(z2) For a disinfection facility where a means consistent with the nature of the chemical solution is not provided in a day tank to maintain a uniform strength of solution 2 points shall be assessed. R309-525-11(d)(8)(c)(iv).

(z3) For a disinfection facility where any chemical is not conducted from the feeder to the point of application in separate conduit 2 points shall be assessed. R309-525-11(7)(a)(v).

(z4) For a disinfection facility where chemical solution tanks are not kept covered 2 points shall be assessed. R309-525-11(8)(b)(iii).

(z5) For a disinfection facility without disinfectant residual test equipment 2 points shall be assessed. R309-520-10(1)(j).

(z6) For a disinfection facility where there is no means to measure the volume of water treated 2 points shall be assessed. R309-520-10(1)(i).

(z7) For a disinfection facility where provisions are not made for proper storage of sodium chlorite to eliminate any danger of explosion 2 points shall be assessed. R309-525-11(11) (b)(i).

(z8) For a disinfection facility where sodium chlorite is not stored by itself in a separate room and away from organic materials which would react violently with sodium chlorite 2 points shall be assessed. R309-525-11(11) (b)(i)(A).

(z9) For a disinfection facility where sodium chlorite storage structures are not constructed of noncombustible materials 2 points shall be assessed. R309-525-11(11)(a)(b)(i)(B).

(z10) For a disinfection facility where sodium chlorite storage structure is not located in an area where a fire may occur, water should be available to keep the sodium chlorite area sufficiently cool to prevent decomposition from heat and resultant potential explosive conditions 2 points shall be assessed. R309-525-11(11) (b)(i)(C).

(3) Fluoridation.

(a) For a fluoridation facility that does not calculate fluoride concentrations, including chemical dosages and total water quantities, daily 2 points shall be assessed. R309-105-14(2)(a).

(b) For a fluoridation facility where there is not a fail-safe device incorporated in the fluoride feed control system to prevent overfeeding fluoride 30 points shall be assessed. R309-535-5(3).

(c) For a fluoridation facility that uses sodium fluoride, sodium silicofluoride and fluorosilicic acid that does not conform to the applicable AWWA standards or with ANSI/NSF Standard 60 25 points shall be assessed. R309-535-5.

(d) For a fluoridation facility where liquid chemical storage tanks are not equipped with an inverted "J" air vent 2 points shall be assessed. R309-525-11(6)(a)(iv)(c).

(e) For a fluoridation facility where the make-up water is not properly treated for hardness 2 points shall be assessed. R309-535-5(2)(i).

(f) For a fluoridation facility with no provisions for the proper disposal of water treatment plant waste (such as sanitary, laboratory, sludge, and filter backwash water) 5 points shall be assessed. R309-525-23.

(g) For a fluoridation facility without a spring opposed diaphragm type anti-siphon device shall be provided for all fluoride feed lines and dilution water lines 10 points shall be assessed. R309-535-5(2)(f).

(h) For a fluoridation facility with saturators that do not have a flowmeter on the inlet or outlet line 2 points shall be assessed. R309-535-5(2)(l).

(i) For a fluoridation facility without an adequate level of fluoride crystals in the saturator 2 points shall be assessed. R309-525-11(d)(8)(b)(i).

(j) For a fluoridation facility without NIOSH/MSHA certified dust respirator approved for fluoride dust removal as required in R309-525-11(10) for operators handling fluoride compounds 2 points shall be assessed. R309-535-5(4).

(k) For a fluoridation facility without scales, loss-of-weight recorders or liquid level indicators, as appropriate, 2 points shall be assessed. R309-535-5(2)(a).

(l) For a fluoridation facility without deluge showers and eye wash devices 2 points shall be assessed. R309-535-5(4).

(m) For a fluoridation facility without proper personal protective equipment as required in R309-525-11(10) for operators handling fluoride compounds 2 points shall be assessed. R309-535-5(4).

(n) For a fluoridation facility where an overflow from the day tank will not drain by gravity back into the bulk storage tank or a containment system 10 points shall be assessed. R309-525-11(8)(c)(v).

(o) For a fluoridation facility where the saturators are not of the up-flow type 2 points shall be assessed. R309-535-5(2)(l).

(4) Activated Carbon.

(a) For a treatment facility that does not periodically check media depth against design standards 10 points shall be assessed. R309-525-19.

(b) For a treatment facility that does not have a standard operating practice for the backwash procedure 10 points shall be assessed. R309-525-19.

(c) For a treatment facility that does not provide cross connection control for the in-plant water supply 2 points shall be assessed. R309-525-11(9)(b).

(d) For a treatment facility where the output of any chemical pump is inadequate to supply the required dose rate 2 points shall be assessed. R309-525-11(7)(a)(i).

(e) For a treatment facility where the in plant water supply is inadequate in pressure and quantity 2 points shall be assessed. R309-525-11(9)(a).

(f) For a treatment facility where the vents from feeders, storage facilities and equipment exhaust does not discharge to the outside atmosphere above grade and does not have the end covered with #14 non-corrodible mesh screen 2 points shall be assessed. R309-520-10(2)(f).

(5) Filtration Treatment.

(a) For a filtration facility that does not have equipment for each individual filter to continuously monitor the effluent turbidity 30 points shall be assessed.

(b) For a filtration facility that does not provide a minimum backwash rate of 15 gpm/sf for conventional filters 50 points shall be assessed.

(c) For a filtration facility that does not have the ability to filter to waste (to allow a filter to ripen before introduction finished water into the clearwell) 50 points shall be assessed.

R309-400-8. Operator Certification.

(1) A water system that is required to have a certified operator and does not shall be assessed 30 points.

(2) A water system where the operator is not certified at the appropriate level shall be assessed 10 points.

(3) A grade 3 or 4 water system that does not have all direct responsible charge operators (as specified in R309-300-

5(5)) certified at the level of the system shall be assessed 5 to 15 points. The number of points shall be based on the percentage of time that the water system is operated by operators not certified at the required level.

(4) A water system where the certified operator does not live within a one hour response time shall be assessed 20 points.

(5) A water system may be credited up to a maximum of 20 points which shall remain on record for as long as the conditions apply. The following items are eligible for credit:

(a) A water system that is not required to have a certified operator and does shall be credited 10 points.

(b) A water system that has operators that are certified at a higher level than required shall be credited 10 points.

(c) A water system that has operators certified in other areas that are not required by that water system, such as treatment or backflow prevention certification, shall be credited 10 points.

R309-400-9. Cross Connection Control Program.

(1) A water system which does not have any of the below listed components of a cross connection control program in place shall be assessed 50 points.

(2) A water system which only has some of the components of a cross connection control program in place shall be assessed the following number of points:

(a) A water system which does not have local authority to enforce a cross connection control program (i.e., ordinance, bylaw or policy) shall be assessed 10 points.

(b) A water system that does not provided public education or awareness material or presentations on an annual basis shall be assessed 10 points.

(c) A water system that does not have an operator with training in the area of cross connection control or backflow prevention shall be assessed 10 points.

(d) A water system with no written records of cross connection control activities, such as, backflow assembly inventory and test history, shall be assessed 10 points.

(e) A water system that does not have on-going enforcement activities (hazard assessments and enforcement actions) shall be assessed 10 points.

R309-400-10. Drinking Water Source Protection.

Drinking water source protection (for ground water and surface water sources): Points shall be assessed for each source after a system fails to complete source protection plans as specified in R309-600 and R309-605. The points shall remain until such time as the violation or deficiency no longer exists.

(1) For a water system which has not appointed a designated person for source protection and notified the Division 5 points shall be assessed.

(2) For a water system which does not maintain a current copy of their source protection plan(s) or source assessment(s) on the water system premises 30 points shall be assessed.

(3) For a water system which does not maintain a current inventory of potential contamination sources or susceptibility analysis and determination 10 points shall be assessed.

(4) For a water system which does not maintain current records of land management strategies (such as, ordinances, codes, permits, public education programs, meeting minutes) 10 points shall be assessed.

(5) For a water system with any new sources for which a Preliminary Evaluation Report has not been submitted 150 points shall be assessed. These points shall be included with the points for an unapproved source, not in addition to.

(6) For a water system which has any old sources that have come into use for which a source protection plan has not been submitted 30 points shall be assessed.

(7) For a water system which has reconstructed or redeveloped a water source and has not submitted a revised

source protection plan 20 points shall be assessed.

R309-400-11. Administrative Issues.

Points in this area shall be assessed at the time that the failure occurs or upon notification of the Executive Secretary and shall remain until the issue is resolved unless otherwise specified.

(1) Administrative Data -

(a) A water system which has not designated a person or organizational official responsible for the system including a current address and phone number shall be assessed 10 points.

(b) A water system project constructed without proper plan approval shall be assessed 1 to 50 points based on an evaluation of the project which shall include the structural or engineering integrity of the project; whether the plans and specifications were prepared and stamped by a licensed professional engineer; the adequacy of the materials used and the impact on the operation of the water system (good or bad). The points assessed shall remain on record for a period of one year.

(2) A water system with a current written Emergency Response Program shall be credited 10 points that shall remain on record as long as the Program remains current.

(3) A water system with a written Financial Management Plan including an appropriate rate structure, infra-structure replacement fund, and master plan shall be credited 10 points that shall remain on record as long as the Plan is current.

(4) Sampling Site Plans:

(a) A water system which does not have an adequate bacteriological sampling site plan shall be assessed 5 points.

(b) A water system which does not have a lead/copper sampling site plan shall be assessed 10 points.

(5) Customer Complaint:

(a) 1 to 100 points may be assessed for valid and documented customer complaints. The customer complaints include but are not limited to the following:

(i) Turbidity;

(ii) Pressure;

(iii) Taste and Odor;

(iv) Sickness (water suspected); and

(v) Waterborne Disease Outbreak (R309-104-9).

(vi) Periods of Water Outage

(b) The number of points shall be based upon the extent and documentation of the problem and the potential impact to public health. The documentation shall consist of an investigation by Department of Environmental Quality, Department of Health or Local Health Department personnel and may include an epidemiological study linking the drinking water to reported outbreaks of illness where appropriate.

(c) In the case of a documented waterborne disease outbreak the water system shall automatically be rated Not Approved for at least the duration of the threat to the quality of the drinking water and as long as it takes the water system to correct any deficiency that caused the outbreak.

(d) Points shall only be assessed once per issue and shall not be additive based on the number of calls per issue. These points shall be assessed and updated upon verification of the complaint by the Executive Secretary and shall remain on record until the issue or deficiency no longer exists. Points may have already been assessed in other areas as appropriate.

(6) Agency Directives - When a directive consistent with the authority of the Drinking Water Board is not complied with 1 to 100 points may be assessed to a water system. Agency directives include but are not limited to the following:

(a) Administrative Orders;

(b) Rule defined action;

(c) Rule defined compliance schedule;

(d) Variance/Exemption requirements; and

(e) Bilateral Compliance Agreement.

Points shall be assessed based upon the severity of the non-compliance, the threat to public health and the underlying basis for the original directive.

(7) Data Falsification - The Executive Secretary may assess a water system points for data falsification. The water system may be assessed 1 to 50 points for each occurrence based upon:

- (a) the severity of the falsification;
 - (b) the threat to public health;
 - (c) the intent of the water system personnel; and
 - (d) the type of falsification.
- (i) Reports only good data
 - (ii) Doctored results from the laboratory
 - (iii) Non-valid sample

Data reported to the Executive Secretary includes but is not limited to Water Treatment Plant Reports, Disinfection Reports, bacteriological and chemical analyses, and Annual Reports.

(8) Water Hauling:

(a) For a community water system that is hauling water as a permanent method of culinary water distribution 150 points shall be assessed.

(b) For a non-community system that is hauling water as a permanent method of culinary water distribution when there is alternate means of supplying quality drinking water 150 points shall be assessed.

(c) For a water system which has been granted an exception to haul water, if any part of the water hauling guidelines are not followed 50 points shall be assessed.

R309-400-12. Reporting and Record Maintenance Issues.

Points may be assessed for failure to provide required reports to the Executive Secretary by the reporting deadline. The points shall be assigned as the failure occurs and shall remain on record for a period of one year.

(1) Monthly Reports:

(a) For each failure to report the monthly water treatment plant report 10 points shall be assessed.

(2) Quarterly Repots:

(a) For each failure to report the quarterly disinfection report 10 points shall be assessed.

(3) Annual Reports:

(a) For failure to provide the annual report 2 points shall be assessed.

(b) For a community water system that fails to prepare or distribute a consumer confidence report as required in R309-225 2 points shall be assessed.

63G-4-202

R309. Environmental Quality, Drinking Water.**R309-405. Compliance and Enforcement: Administrative Penalty.****R309-405-1. Authority.**

Utah Code Annotated, Sections 19-4-104 and 19-4-109

R309-405-2. Purpose, Scope, and Applicability.

(1) This rule sets the criteria and procedures the Board will use in assessing penalties to public drinking water systems for violation of its rules.

(2) This guidance and ensuing criteria is intended to be flexible and liberally construed to achieve a fair, just, and equitable result with the intent of returning a public water system to compliance.

(3) This rule is applicable to all public drinking water systems.

R309-405-3. Limits on Authority and Liability.

Nothing in this rule should be construed to limit the Board's ability to take enforcement actions under Utah Code Annotated, Section 19-4-109.

R309-405-4. Assessment of a Penalty and Calculation of Settlement Amounts.

(1) Where the Executive Secretary determines that a penalty may be appropriate, the Executive Secretary shall propose a penalty amount by sending a notice of agency action, under Title 63, chapter 46b of the Administrative Procedures Act, to the public water system. The notice of agency action shall provide that the public water system may submit comments and/or information on the proposed penalty to the Executive Secretary within 30 days. The criteria the Executive Secretary will use in establishing a proposed penalty amount shall be as follows:

(a) Major Violations: \$600 to \$1000 per day for each day of violation. This category includes violations with high potential for impact on drinking water users, major deviations from the requirements of the rules or Safe Drinking Water Act, intentional fraud, falsification of data, violations which result in a public water system being considered by the Environmental Protection Agency to be: "Significant Non-Compliers" (SNC), or violations that may have a substantial adverse effect on the regulatory program. Specific violations that are subject to a major violation category can include the following:

(i) Violations subject to \$1000 per day penalty:

(A) Any violation defined by R309-220-5 which would trigger a Tier 1 public notification.

(B) Not having any elements of a source protection plan as required in R309-600 for ground water sources and R309-605 for surface water sources.

(C) Failure to respond to an Administrative Order issued by the Drinking Water Board.

(D) Introduction by the water system of a source water that has not been evaluated and approved for use as a public drinking water source under R309-515.

(E) Construction or use of an interconnection to another public water system which has not been reviewed and approved in accordance with R309-550-9.

(F) Having over 20 IPS points (Improvement Priority System points based on R309-400, the Water System Rating Criteria) specifically for operating pressures below that required by R309-105-9.

(G) Having 50 IPS points specifically for an inadequate well seal as required in R309-515.

(H) Having over 50 IPS points (not including the deficiencies in (F) and (G) above) specifically assessed in the physical facility section of an IPS report.

(I) Use of a surface water source without proper filtration treatment in accordance with R309-525 or 530.

(J) Exceeding the rated water treatment plant capacity as determined by review under R309-525 or 530.

(K) Insufficient disinfection contact time as evaluated under R309-215-7.

(ii) Violations subject to \$800 per day penalty:

(A) Not having any of the required components of a cross connection control program in place as required by R309-105-12.

(B) Any violation of the turbidity requirements outlined in R309-215-9(4)(b)(iii -iv) for individual filter turbidities using consecutive readings taken 15 minutes apart.

(b) Moderate Violations: \$400 to \$600 per day for each day of violation. This category includes violations with a moderate potential for impact on drinking water users, moderate deviations from the requirements of the rules or Safe Drinking Water Act with some requirements implemented as intended, or violations that may have a significant notable adverse effect on the regulatory program. Specific violations that are subject to a moderate violation category can include the following:

(i) Violations subject to \$600 penalty:

(A) Any violation defined by R309-220-6 which would trigger a Tier 2 public notification.

(B) Having a disapproved status on a source protection plan (R309-600 and 605) for a period longer than 90 days.

(C) Installation or use of disinfection equipment that has not been evaluated and approved for use under R309-520.

(D) Having measured turbidity spikes of greater than 0.5 or 1.0 NTU in two consecutive fifteen minute readings as defined in R309-215-9(4)(b)(i) or (ii) respectively.

(E) Insufficient source capacity, storage capacity, or delivery capacity as established by review of the system design under R309-500 through 550.

(F) Not complying with plan approval requirements as set forth in R309-500. The term infrastructure can include the disinfection process, surface water treatment process, and physical facilities such as water treatment plants, storage reservoirs, sources and distribution piping.

(c) Minor Violations: Up to \$400 per day for each day of violation. This category includes violations with a minor potential for impact on drinking water users, slight deviations from the rules or Act with most of the requirements implemented, or violations that may have a minor adverse effect on the regulatory program. Specific violations that are subject to a minor violation category can include the following:

(i) Violations subject to \$400 per day penalty:

(A) Any violation defined by R309-220-7 which would trigger a Tier 3 public notification or a violation of the monitoring requirements of R309-515-4(5), except for turbidity monitoring for surface water treatment facilities and violations termed as minor monitoring as outlined in R309-400-3 (minor bacteriological routine monitoring violation, minor bacteriological repeat monitoring violation and minor chemical monitoring violation).

(B) Failure to upgrade a Preliminary Evaluation Report for a source protection plan as required in R309-600 and 605.

(C) Failure to update a source protection plan as required in R309-600 and 605.

(D) Construction or use of a storage reservoir that has not been evaluated for use under R309-545.

(ii) Violations subject to \$200 per day penalty:

(A) Lacking individual components of a cross connection control program as required by R309-105-12.

(B) Not having a certified operator on staff as required in R309-300-5(10) after 1 year or 4 operator certification exam cycles.

(C) Any minor monitoring violation as defined by R309-400-3 (minor bacteriological routine monitoring violation, minor bacteriological repeat monitoring violation and minor chemical monitoring violation).

(D) Any violation of the turbidity requirements outlined in R309-215-9(4)(b)(i-ii) for individual filter turbidities using consecutive readings taken 15 minutes apart.

(2) The Executive Secretary will assess the penalty, if any, after reviewing information submitted by the public water system. The public water system may appeal the assessment of the penalty to the Board by requesting a formal hearing under R309-115 and the Utah Administrative Procedures Act within 30 days of the date of assessment of the penalty.

R309-405-5. Factors for Seeking or Negotiating Amount of Penalties.

The Executive Secretary, in assessing the penalty, may take into account the following factors:

(1) Economic benefit. The costs a person or organization may save by delaying or avoiding compliance with applicable laws or rules.

(2) Gravity of the violation. This component of the calculation shall be based on:

(a) The extent of deviation from the rules;

(b) The potential for harm to drinking water users, regardless of the extent of harm that actually occurred;

(c) The degree of cooperation or noncooperation and good faith efforts to comply. Good faith takes into account the openness in dealing with the violations, promptness in correction of problems, and the degree of cooperation with the State;

(d) History of compliance or noncompliance. The penalty amount may be adjusted upward in consideration of previous violations and the degree of recidivism. Likewise, the penalty amount may be adjusted downward when it is shown that the violator has a good compliance record; and,

(e) Degree of willfulness or negligence. Factors to be considered include how much control the violator had over the violation and the foreseeability of the events constituting the violation, whether the violator made or could have made reasonable efforts to prevent the violation, whether the violator knew, or should have known, of the legal requirements which were violated, and degree of recalcitrance.

(3) The number of days of non compliance

(4) Public sensitivity. The actual impact of the violation(s) that occurred.

(5) Response and investigation costs incurred by the State and others.

(6) The possible deterrent effect of a penalty to prevent future violations.

R309-405-6. Satisfaction of Penalty Under Stipulated Penalty Agreement.

The Executive Secretary may accept the following methods of payment or satisfaction of a penalty to promote compliance and to achieve the purposes set forth in Utah Code Annotated Section 19-4-109:

(1) Payment of the penalty may be extended based on a person or organization's inability to pay. This should be distinguished from an unwillingness to pay. In cases of financial hardship, the Executive Secretary may accept payment of the penalty under an installment plan or delayed payment schedule with interest.

(2) In circumstances where there is a demonstrated financial hardship, the Executive Secretary may allow a portion of the penalty to be deferred and eventually waived if no further violations are committed within a period designated by the Executive Secretary.

(3) In some cases, the Executive Secretary may allow the violator to satisfy the penalty by completing a Supplemental Environmental Project (SEP) approved by the Executive Secretary. The following criteria shall be used in determining the eligibility of such projects:

(a) The project must be in addition to all regulatory compliance obligations;

(b) The project must relate to some or all of the issues of the violation;

(c) The project must primarily benefit the drinking water users;

(d) The project must be defined, measurable and have a beginning and ending date;

(e) The project must be agreed to in writing between the public water system and the Executive Secretary;

(f) The project must not generate the public perception favoring violations of the laws and rules.

R309-405-7. Penalty Policy for Civil Proceedings.

Pursuant to Utah Code Annotated Section 19-4-109(2)(b), any person who willfully violates any rule or order made or issued pursuant to the Utah Safe Drinking Water Act, Utah Code Annotated Section 19-4-101 et seq, is subject to a civil penalty of not more than \$5000 per day for each day of violation. The Board and Executive Secretary shall apply the provisions of R309-405-4, 5, and 6 in pursuing or resolving willful violations except that the penalty range per day for each day of violation for major violations shall be \$3000 to \$5,000, for moderate violations shall be \$2000 to \$3000, and for minor violations shall be up to \$2000.

Notice of Continuation March 22, 2010

19-4-104

63G-4-202

R313. Environmental Quality, Radiation Control.**R313-12. General Provisions.****R313-12-1. Authority.**

The rules set forth herein are adopted pursuant to the provisions of Subsections 19-3-104(4) and 19-3-104(8) and Section 63J-1-504.

R313-12-2. Purpose and Scope.

It is the purpose of these rules to state such requirements as shall be applied in the use of radiation, radiation machines, and radioactive materials to ensure the maximum protection of the public health and safety to all persons at, or in the vicinity of, the place of use, storage, or disposal. These rules are intended to be consistent with the proper use of radiation machines and radioactive materials. Except as otherwise specifically provided, these rules apply to all persons who receive, possess, use, transfer, own or acquire any source of radiation, provided, however, that nothing in these rules shall apply to any person to the extent such person is subject to regulation by the U.S. Nuclear Regulatory Commission. See also Section R313-12-55.

R313-12-3. Definitions.

As used in these rules, these terms shall have the definitions set forth below. Additional definitions used only in a certain rule will be found in that rule.

"A1" means the maximum activity of special form radioactive material permitted in a Type A package.

"A2" means the maximum activity of radioactive material, other than special form radioactive material, low specific activity, and surface contaminated object material permitted in a Type A package. These values are either listed in 10 CFR 71, Appendix A, which is incorporated by reference in Section R313-19-100 or may be derived in accordance with the procedures prescribed in 10 CFR 71, Appendix A, which is incorporated by reference in Section R313-19-100.

"Absorbed dose" means the energy imparted by ionizing radiation per unit mass of irradiated material. The units of absorbed dose are the gray (Gy) and the rad.

"Accelerator produced radioactive material" means material made radioactive by a particle accelerator.

"Act" means Utah Radiation Control Act, Title 19, Chapter 3.

"Activity" means the rate of disintegration or transformation or decay of radioactive material. The units of activity are the becquerel (Bq) and the curie (Ci).

"Adult" means an individual 18 or more years of age.

"Address of use" means the building or buildings that are identified on the license and where radioactive material may be received, used or stored.

"Advanced practice registered nurse" means an individual licensed by this state to engage in the practice of advanced practice registered nursing. See Sections 58-31b-101 through 58-31b-801, Nurse Practice Act.

"Agreement State" means a state with which the United States Nuclear Regulatory Commission or the Atomic Energy Commission has entered into an effective agreement under Section 274 b. of the Atomic Energy Act of 1954, as amended (73 Stat. 689).

"Airborne radioactive material" means a radioactive material dispersed in the air in the form of dusts, fumes, particulates, mists, vapors, or gases.

"Airborne radioactivity area" means: a room, enclosure, or area in which airborne radioactive material exists in concentrations:

(a) In excess of the derived air concentrations (DACs), specified in Rule R313-15, or

(b) To such a degree that an individual present in the area without respiratory protective equipment could exceed, during the hours an individual is present in a week, an intake of 0.6

percent of the annual limit on intake (ALI), or 12 DAC hours.

"As low as reasonably achievable" (ALARA) means making every reasonable effort to maintain exposures to radiation as far below the dose limits as is practical, consistent with the purpose for which the licensed or registered activity is undertaken, taking into account the state of technology, the economics of improvements in relation to state of technology, the economics of improvements in relation to benefits to the public health and safety, and other societal and socioeconomic considerations, and in relation to utilization of nuclear energy and licensed or registered sources of radiation in the public interest.

"Area of use" means a portion of an address of use that has been set aside for the purpose of receiving, using, or storing radioactive material.

"Background radiation" means radiation from cosmic sources; naturally occurring radioactive materials, including radon, except as a decay product of source or special nuclear material, and including global fallout as it exists in the environment from the testing of nuclear explosive devices or from past nuclear accidents such as Chernobyl that contribute to background radiation and are not under the control of the licensee. "Background radiation" does not include sources of radiation from radioactive materials regulated by the Department under the Radiation Control Act or Rules.

"Becquerel" (Bq) means the SI unit of activity. One becquerel is equal to one disintegration or transformation per second.

"Bioassay" means the determination of kinds, quantities or concentrations, and in some cases, the locations of radioactive material in the human body, whether by direct measurement (in vivo counting) or by analysis and evaluation of materials excreted or removed from the human body. For purposes of these rules, "radioassay" is an equivalent term.

"Board" means the Radiation Control Board created under Section 19-1-106.

"Byproduct material" means:

(a) a radioactive material, with the exception of special nuclear material, yielded in or made radioactive by exposure to the radiation incident to the process of producing or utilizing special nuclear material;

(b) the tailings or wastes produced by the extraction or concentration of uranium or thorium from any ore processed primarily for its source material content, including discrete surface wastes resulting from uranium solution extraction processes. Underground ore bodies depleted by these solution extraction operations do not constitute "byproduct material" within this definition;

(c) (i) a discrete source of radium-226 that is produced, extracted, or converted after extraction, before, on, or after August 8, 2005, for use for a commercial, medical, or research activity; or

(ii) material that

(A) has been made radioactive by use of a particle accelerator; and

(B) is produced, extracted, or converted after extraction, before, on, or after August 8, 2005, for use for a commercial, medical, or research activity; and

(d) a discrete source of naturally occurring radioactive material, other than source material, that

(i) The Commission, in consultation with the Administrator of the Environmental Protection Agency, the Secretary of Energy, the Secretary of Homeland Security, and the head of any other appropriate Federal agency, has determined would pose a threat similar to the threat posed by a discrete source of radium-226 to the public health and safety or the common defense and security; and

(ii) Before, on, or after August 8, 2005, is extracted or converted after extraction for use in a commercial, medical, or

research activity.

"Calibration" means the determination of:

(a) the response or reading of an instrument relative to a series of known radiation values over the range of the instrument; or

(b) the strength of a source of radiation relative to a standard.

"CFR" means Code of Federal Regulations.

"Chelating agent" means a chemical ligand that can form coordination compounds in which the ligand occupies more than one coordination position. The agents include beta diketones, certain proteins, amine polycarboxylic acids, hydroxycarboxylic acids, gluconic acid, and polycarboxylic acids.

"Chiropractor" means an individual licensed by this state to engage in the practice of chiropractic. See Sections 58-73-101 through 58-73-701, Chiropractic Physician Practice Act.

"Collective dose" means the sum of the individual doses received in a given period of time by a specified population from exposure to a specified source of radiation.

"Commission" means the U.S. Nuclear Regulatory Commission.

"Committed dose equivalent" (HT,50), means the dose equivalent to organs or tissues of reference (T), that will be received from an intake of radioactive material by an individual during the 50-year period following the intake.

"Committed effective dose equivalent" (HE,50), is the sum of the products of the weighting factors applicable to each of the body organs or tissues that are irradiated and the committed dose equivalent to each of these organs or tissues.

"Consortium" means an association of medical use licensees and a PET radionuclide production facility in the same geographical area that jointly own or share in the operation and maintenance cost of the PET radionuclide production facility that produces PET radionuclides for use in producing radioactive drugs within the consortium for noncommercial distributions among its associated members for medical use. The PET radionuclide production facility within the consortium must be located at an educational institution, a Federal facility, or a medical facility.

"Controlled area" means an area, outside of a restricted area but inside the site boundary, access to which can be limited by the licensee or registrant for any reason.

"Critical group" means the group of individuals reasonably expected to receive the greatest exposure to residual radioactivity for any applicable set of circumstances.

"Curie" means a unit of measurement of activity. One curie (Ci) is that quantity of radioactive material which decays at the rate of 3.7×10^{10} disintegrations or transformations per second (dps or tps).

"Cyclotron" means a particle accelerator in which the charged particles travel in an outward spiral or circular path. A cyclotron accelerates charged particles at energies usually in excess of 10 megaelectron volts and is commonly used for production of short half-life radionuclides for medical use.

"Decommission" means to remove a facility or site safely from service and reduce residual radioactivity to a level that permits:

(a) release of property for unrestricted use and termination of the license; or

(b) release of the property under restricted conditions and termination of the license.

"Deep dose equivalent" (H_d), which applies to external whole body exposure, means the dose equivalent at a tissue depth of one centimeter (1000 mg/cm^2).

"Dentist" means an individual licensed by this state to engage in the practice of dentistry. See sections 58-69-101 through 58-69-805, Dentist and Dental Hygienist Practice Act.

"Department" means the Utah State Department of Environmental Quality.

"Depleted uranium" means the source material uranium in which the isotope uranium-235 is less than 0.711 weight percent of the total uranium present. Depleted uranium does not include special nuclear material.

"Diffuse source" means a radionuclide that has been unintentionally produced or concentrated during the processing of materials for use for commercial, medical, or research activities.

"Discrete source" means a radionuclide that has been processed so that its concentration within a material has been purposely increased for use for commercial, medical, or research activities.

"Distinguishable from background" means that the detectable concentration of a radionuclide is statistically different from the background concentration of that radionuclide in the vicinity of the site or, in the case of structures, in similar materials using adequate measurement technology, survey, and statistical techniques.

"Dose" is a generic term that means absorbed dose, dose equivalent, effective dose equivalent, committed dose equivalent, committed effective dose equivalent, or total effective dose equivalent. For purposes of these rules, "radiation dose" is an equivalent term.

"Dose equivalent" (H_T), means the product of the absorbed dose in tissue, quality factor, and other necessary modifying factors at the location of interest. The units of dose equivalent are the sievert (Sv) and rem.

"Dose limits" means the permissible upper bounds of radiation doses established in accordance with these rules. For purpose of these rules, "limits" is an equivalent term.

"Effective dose equivalent" (H_E), means the sum of the products of the dose equivalent to each organ or tissue (H_T), and the weighting factor (w_T) applicable to each of the body organs or tissues that are irradiated.

"Embryo/fetus" means the developing human organism from conception until the time of birth.

"Entrance or access point" means an opening through which an individual or extremity of an individual could gain access to radiation areas or to licensed or registered radioactive materials. This includes entry or exit portals of sufficient size to permit human entry, irrespective of their intended use.

"Executive Secretary" means the executive secretary of the board.

"Explosive material" means a chemical compound, mixture, or device which produces a substantial instantaneous release of gas and heat spontaneously or by contact with sparks or flame.

"EXPOSURE" when capitalized, means the quotient of dQ by dm where " dQ " is the absolute value of the total charge of the ions of one sign produced in air when all the electrons, both negatrons and positrons, liberated by photons in a volume element of air having a mass of " dm " are completely stopped in air. The special unit of EXPOSURE is the roentgen (R). See Section R313-12-20 Units of exposure and dose for the SI equivalent. For purposes of these rules, this term is used as a noun.

"Exposure" when not capitalized as the above term, means being exposed to ionizing radiation or to radioactive material. For purposes of these rules, this term is used as a verb.

"EXPOSURE rate" means the EXPOSURE per unit of time, such as roentgen per minute and milliroentgen per hour.

"External dose" means that portion of the dose equivalent received from a source of radiation outside the body.

"Extremity" means hand, elbow, arm below the elbow, foot, knee, and leg below the knee.

"Facility" means the location within one building, vehicle, or under one roof and under the same administrative control

(a) at which the use, processing or storage of radioactive material is or was authorized; or

(b) at which one or more radiation-producing machines or radioactivity-inducing machines are installed or located.

"Former United States Atomic Energy Commission (AEC) or United States Nuclear Regulatory Commission (NRC) licensed facilities" means nuclear reactors, nuclear fuel reprocessing plants, uranium enrichment plants, or critical mass experimental facilities where AEC or NRC licenses have been terminated.

"Generally applicable environmental radiation standards" means standards issued by the U.S. Environmental Protection Agency under the authority of the Atomic Energy Act of 1954, as amended, that impose limits on radiation exposures or levels, or concentrations or quantities of radioactive material, in the general environment outside the boundaries of locations under the control of persons possessing or using radioactive material.

"Gray" (Gy) means the SI unit of absorbed dose. One gray is equal to an absorbed dose of one joule per kilogram.

"Hazardous waste" means those wastes designated as hazardous by the U.S. Environmental Protection Agency rules in 40 CFR Part 261.

"Healing arts" means the disciplines of medicine, dentistry, osteopathy, chiropractic, and podiatry.

"High radiation area" means an area, accessible to individuals, in which radiation levels from radiation sources external to the body could result in an individual receiving a dose equivalent in excess of one mSv (0.1 rem), in one hour at 30 centimeters from the source of radiation or from a surface that the radiation penetrates. For purposes of these rules, rooms or areas in which diagnostic x-ray systems are used for healing arts purposes are not considered high radiation areas.

"Human use" means the intentional internal or external administration of radiation or radioactive material to human beings.

"Individual" means a human being.

"Individual monitoring" means the assessment of:

(a) dose equivalent, by the use of individual monitoring devices or, by the use of survey data; or

(b) committed effective dose equivalent by bioassay or by determination of the time weighted air concentrations to which an individual has been exposed, that is, DAC-hours.

"Individual monitoring devices" means devices designed to be worn by a single individual for the assessment of dose equivalent. For purposes of these rules, individual monitoring equipment and personnel monitoring equipment are equivalent terms. Examples of individual monitoring devices are film badges, thermoluminescence dosimeters (TLD's), pocket ionization chambers, and personal air sampling devices.

"Inspection" means an official examination or observation including, but not limited to, tests, surveys, and monitoring to determine compliance with rules, orders, requirements and conditions applicable to radiation sources.

"Interlock" means a device arranged or connected requiring the occurrence of an event or condition before a second condition can occur or continue to occur.

"Internal dose" means that portion of the dose equivalent received from radioactive material taken into the body.

"Lens dose equivalent" (LDE) applies to the external exposure of the lens of the eye and is taken as the dose equivalent at a tissue depth of 0.3 centimeter (300 mg/cm²).

"License" means a license issued by the Executive Secretary in accordance with the rules adopted by the Board.

"Licensee" means a person who is licensed by the Department in accordance with these rules and the Act.

"Licensed or registered material" means radioactive material, received, possessed, used or transferred or disposed of under a general or specific license issued by the Executive Secretary.

"Licensing state" means a state which, prior to November 30, 2007, was provisionally or finally designated as such by the

Conference of Radiation Control Program Directors, Inc., which reviewed state regulations to establish equivalency with the Suggested State Regulations and ascertained whether a State has an effective program for control of natural occurring or accelerator produced radioactive material.

"Limits". See "Dose limits".

"Lost or missing source of radiation" means licensed or registered sources of radiation whose location is unknown. This definition includes, but is not limited to, radioactive material that has been shipped but has not reached its planned destination and whose location cannot be readily traced in the transportation system.

"Major processor" means a user processing, handling, or manufacturing radioactive material exceeding Type A quantities as unsealed sources or material, or exceeding four times Type B quantities as sealed sources, but does not include nuclear medicine programs, universities, industrial radiographers, or small industrial programs. Type A and B quantities are defined in 10 CFR 71.4.

"Member of the public" means an individual except when that individual is receiving an occupational dose.

"Minor" means an individual less than 18 years of age.

"Monitoring" means the measurement of radiation, radioactive material concentrations, surface area activities or quantities of radioactive material, and the use of the results of these measurements to evaluate potential exposures and doses. For purposes of these rules, radiation monitoring and radiation protection monitoring are equivalent terms.

"Natural radioactivity" means radioactivity of naturally occurring nuclides.

"Nuclear Regulatory Commission" (NRC) means the U.S. Nuclear Regulatory Commission or its duly authorized representatives.

"Occupational dose" means the dose received by an individual in the course of employment in which the individual's assigned duties for the licensee or registrant involve exposure to sources of radiation, whether or not the sources of radiation are in the possession of the licensee, registrant, or other person. Occupational dose does not include doses received from background radiation, from any medical administration the individual has received, from exposure to individuals administered radioactive material and released in accordance with Rule R313-32, from voluntary participation in medical research programs, or as a member of the public.

"Package" means the packaging together with its radioactive contents as presented for transport.

"Particle accelerator" means a machine capable of accelerating electrons, protons, deuterons, or other charged particles in a vacuum and of discharging the resultant particulate or other radiation into a medium at energies usually in excess of one megaelectron volt. For purposes of these rules, "accelerator" is an equivalent term.

"Permit" means a permit issued by the Executive Secretary in accordance with the rules adopted by the Board.

"Permitee" means a person who is permitted by the Department in accordance with these rules and the Act.

"Person" means an individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, agency, political subdivision of this state, or another state or political subdivision or agency thereof, and a legal successor, representative, agent or agency of the foregoing.

"Personnel monitoring equipment," see individual monitoring devices.

"Pharmacist" means an individual licensed by this state to engage in the practice of pharmacy. See Sections 58-17a-101 through 58-17a-801, Pharmacy Practice Act.

"Physician" means both physicians and surgeons licensed under Section 58-67-301, Utah Medical Practice Act, and osteopathic physicians and surgeons licensed under Section 58-

68-301, Utah Osteopathic Medical Practice Act.

"Physician assistant" means an individual licensed by this state to engage in practice as a physician assistant. See Sections 58-70a-101 through 58-70a-504, Physician Assistant Act.

"Podiatrist" means an individual licensed by this state to engage in the practice of podiatry. See Sections 58-5a-101 through 58-5a-501, Podiatric Physician Licensing Act.

"Practitioner" means an individual licensed by this state in the practice of a healing art. For these rules, only the following are considered to be a practitioner: physician, dentist, podiatrist, chiropractor, physician assistant, and advanced practice registered nurse.

"Protective apron" means an apron made of radiation-attenuating materials used to reduce exposure to radiation.

"Public dose" means the dose received by a member of the public from exposure to radiation or to radioactive materials released by a licensee, or to any other source of radiation under the control of a licensee or registrant. Public dose does not include occupational dose or doses received from background radiation, from any medical administration the individual has received, from exposure to individuals administered radioactive material and released in accordance with Rule R313-32, or from voluntary participation in medical research programs.

"Pyrophoric material" means any liquid that ignites spontaneously in dry or moist air at or below 130 degrees Fahrenheit (54.4 degrees Celsius) or any solid material, other than one classed as an explosive, which under normal conditions is liable to cause fires through friction, retained heat from manufacturing or processing, or which can be ignited and, when ignited, burns so vigorously and persistently as to create a serious transportation, handling, or disposal hazard. Included are spontaneously combustible and water-reactive materials.

"Quality factor" (Q) means the modifying factor, listed in Tables 1 and 2 of Section R313-12-20 that is used to derive dose equivalent from absorbed dose.

"Rad" means the special unit of absorbed dose. One rad is equal to an absorbed dose of 100 erg per gram or 0.01 joule per kilogram

"Radiation" means alpha particles, beta particles, gamma rays, x-rays, neutrons, high speed electrons, high speed protons, and other particles capable of producing ions. For purposes of these rules, ionizing radiation is an equivalent term. Radiation, as used in these rules, does not include non-ionizing radiation, like radiowaves or microwaves, visible, infrared, or ultraviolet light.

"Radiation area" means an area, accessible to individuals, in which radiation levels could result in an individual receiving a dose equivalent in excess of 0.05 mSv (0.005 rem), in one hour at 30 centimeters from the source of radiation or from a surface that the radiation penetrates.

"Radiation machine" means a device capable of producing radiation except those devices with radioactive material as the only source of radiation.

"Radiation safety officer" means an individual who has the knowledge and responsibility to apply appropriate radiation protection rules and has been assigned such responsibility by the licensee or registrant. For a licensee authorized to use radioactive materials in accordance with the requirements of Rule R313-32,

(1) the individual named as the "Radiation Safety Officer" must meet the training requirements for a Radiation Safety Officer as stated in Rule R313-32; or

(2) the individual must be identified as a "Radiation Safety Officer" on

(a) a specific license issued by the Executive Secretary, the U.S. Nuclear Regulatory Commission, or an Agreement State that authorizes the medical use of radioactive materials; or

(b) a medical use permit issued by a U.S. Nuclear Regulatory Commission master material licensee.

"Radiation source". See "Source of radiation."

"Radioactive material" means a solid, liquid, or gas which emits radiation spontaneously.

"Radioactivity" means the transformation of unstable atomic nuclei by the emission of radiation.

"Radiobioassay". See "Bioassay".

"Registrant" means any person who is registered with respect to radioactive materials or radiation machines with the Executive Secretary or is legally obligated to register with the Executive Secretary pursuant to these rules and the Act.

"Registration" means registration with the Department in accordance with the rules adopted by the Board.

"Regulations of the U.S. Department of Transportation" means 49 CFR 100 through 189.

"Rem" means the special unit of any of the quantities expressed as dose equivalent. The dose equivalent in rem is equal to the absorbed dose in rad multiplied by the quality factor. One rem equals 0.01 sievert (Sv).

"Research and development" means:

(a) theoretical analysis, exploration, or experimentation; or

(b) the extension of investigative findings and theories of a scientific or technical nature into practical application for experimental and demonstration purposes, including the experimental production and testing of models, devices, equipment, materials, and processes. Research and development does not include the internal or external administration of radiation or radioactive material to human beings.

"Residual radioactivity" means radioactivity in structures, materials, soils, groundwater, and other media at a site resulting from activities under the licensee's control. This includes radioactivity from all licensed and unlicensed sources used by the licensee, but excludes background radiation. It also includes radioactive materials remaining at the site as a result of routine or accidental releases of radioactive material at the site and previous burials at the site, even if those burials were made in accordance with the provisions of Rule R313-15.

"Restricted area" means an area, access to which is limited by the licensee or registrant for the purpose of protecting individuals against undue risks from exposure to sources of radiation. A "Restricted area" does not include areas used as residential quarters, but separate rooms in a residential building may be set apart as a restricted area.

"Roentgen" (R) means the special unit of EXPOSURE. One roentgen equals 2.58×10^{-4} coulombs per kilogram of air. See EXPOSURE.

"Sealed source" means radioactive material that is permanently bonded or fixed in a capsule or matrix designed to prevent release and dispersal of the radioactive material under the most severe conditions which are likely to be encountered in normal use and handling.

"Shallow dose equivalent" (Hs) which applies to the external exposure of the skin of the whole body or the skin of an extremity, is taken as the dose equivalent at a tissue depth of 0.007 centimeter (seven mg per cm²).

"SI" means an abbreviation of the International System of Units.

"Sievert" (Sv) means the SI unit of any of the quantities expressed as dose equivalent. The dose equivalent in sievert is equal to the absorbed dose in gray multiplied by the quality factor. One Sv equals 100 rem.

"Site boundary" means that line beyond which the land or property is not owned, leased, or otherwise controlled by the licensee or registrant.

"Source container" means a device in which sealed sources are transported or stored.

"Source material" means:

(a) uranium or thorium, or any combination thereof, in any physical or chemical form, or

(b) ores that contain by weight one-twentieth of one percent (0.05 percent), or more of, uranium, thorium, or any combination of uranium and thorium. Source material does not include special nuclear material.

"Source material milling" means any activity that results in the production of byproduct material as defined by (b) of "byproduct material".

"Source of radiation" means any radioactive material, or a device or equipment emitting or capable of producing ionizing radiation.

"Special form radioactive material" means radioactive material which satisfies the following conditions:

(a) it is either a single solid piece or is contained in a sealed capsule that can be opened only by destroying the capsule;

(b) the piece or capsule has at least one dimension not less than five millimeters (0.197 inch); and

(c) it satisfies the test requirements specified by the U.S. Nuclear Regulatory Commission in 10 CFR 71.75. A special form encapsulation designed in accordance with the U.S. Nuclear Regulatory Commission requirements in effect on June 30, 1983, and constructed prior to July 1, 1985, may continue to be used. A special form encapsulation designed in accordance with the requirements of Section 71.4 in effect on March 31, 1996, (see 10 CFR 71 revised January 1, 1983), and constructed before April 1, 1998, may continue to be used. Any other special form encapsulation must meet the specifications of this definition.

"Special nuclear material" means:

(a) plutonium, uranium-233, uranium enriched in the isotope 233 or in the isotope 235, and other material that the U.S. Nuclear Regulatory Commission, pursuant to the provisions of section 51 of the Atomic Energy Act of 1954, as amended, determines to be special nuclear material, but does not include source material; or

(b) any material artificially enriched by any of the foregoing but does not include source material.

"Special nuclear material in quantities not sufficient to form a critical mass" means uranium enriched in the isotope U-235 in quantities not exceeding 350 grams of contained U-235; uranium-233 in quantities not exceeding 200 grams; plutonium in quantities not exceeding 200 grams or a combination of them in accordance with the following formula: For each kind of special nuclear material, determine the ratio between the quantity of that special nuclear material and the quantity specified above for the same kind of special nuclear material. The sum of such ratios for all of the kinds of special nuclear material in combination shall not exceed one. For example, the following quantities in combination would not exceed the limitation and are within the formula:

$((175(\text{Grams contained U-235})/350) + (50(\text{Grams U-233}/200) + (50(\text{Grams Pu})/200))$ is equal to one.

"Survey" means an evaluation of the radiological conditions and potential hazards incident to the production, use, transfer, release, disposal, or presence of sources of radiation. When appropriate, such evaluation includes, but is not limited to, tests, physical examinations and measurements of levels of radiation or concentrations of radioactive material present.

"Test" means the process of verifying compliance with an applicable rule.

"These rules" means "Utah Radiation Control Rules".

"Total effective dose equivalent" (TEDE) means the sum of the effective dose equivalent for external exposures and the committed effective dose equivalent for internal exposures.

"Total organ dose equivalent" (TODE) means the sum of the deep dose equivalent and the committed dose equivalent to the organ receiving the highest dose as described in Subsection R313-15-1107(1)(f).

"U.S. Department of Energy" means the Department of

Energy established by Public Law 95-91, August 4, 1977, 91 Stat. 565, 42 U.S.C. 7101 et seq., to the extent that the Department exercises functions formerly vested in the U.S. Atomic Energy Commission, its Chairman, members, officers and components and transferred to the U.S. Energy Research and Development Administration and to the Administrator thereof pursuant to sections 104(b), (c), and (d) of Public Law 93-438, October 11, 1974, 88 Stat. 1233 at 1237, effective January 19, 1975 known as the Energy Reorganization Act of 1974, and retransferred to the Secretary of Energy pursuant to section 301(a) of Public Law 95-91, August 14, 1977, 91 Stat. 565 at 577-578, 42 U.S.C. 7151, effective October 1, 1977 known as the Department of Energy Organization Act.

"Unrefined and unprocessed ore" means ore in its natural form prior to processing, like grinding, roasting, beneficiating or refining.

"Unrestricted area" means an area, to which access is neither limited nor controlled by the licensee or registrant. For purposes of these rules, "uncontrolled area" is an equivalent term.

"Waste" means those low-level radioactive wastes containing radioactive material that are acceptable for disposal in a land disposal facility. For the purposes of this definition, low-level radioactive waste means radioactive waste not classified as high-level radioactive waste, transuranic waste, spent nuclear fuel, or byproduct material as defined in paragraphs (b), (c), and (d) of the definition of byproduct material found in Section R313-12-3.

"Week" means seven consecutive days starting on Sunday.

"Whole body" means, for purposes of external exposure, head, trunk including male gonads, arms above the elbow, or legs above the knees.

"Worker" means an individual engaged in work under a license or registration issued by the Executive Secretary and controlled by a licensee or registrant, but does not include the licensee or registrant.

"Working level" (WL), means any combination of short-lived radon daughters in one liter of air that will result in the ultimate emission of 1.3×10^5 MeV of potential alpha particle energy. The short-lived radon daughters are, for radon-222: polonium-218, lead-214, bismuth-214, and polonium-214; and for radon 220: polonium-216, lead-212, bismuth-212, and polonium-212.

"Working level month" (WLM), means an exposure to one working level for 170 hours. 2,000 working hours per year divided by 12 months per year is approximately equal to 170 hours per month.

"Year" means the period of time beginning in January used to determine compliance with the provisions of these rules. The licensee or registrant may change the starting date of the year used to determine compliance by the licensee or registrant provided that the decision to make the change is made not later than December 31 of the previous year. If a licensee or registrant changes in a year, the licensee or registrant shall assure that no day is omitted or duplicated in consecutive years.

R313-12-20. Units of Exposure and Dose.

(1) As used in these rules, the unit of EXPOSURE is the coulomb per kilogram (C per kg). One roentgen is equal to 2.58×10^{-4} coulomb per kilogram of air.

(2) As used in these rules, the units of dose are:

(a) Gray (Gy) is the SI unit of absorbed dose. One gray is equal to an absorbed dose of one joule per kilogram. One gray equals 100 rad.

(b) Rad is the special unit of absorbed dose. One rad is equal to an absorbed dose of 100 erg per gram or 0.01 joule per kilogram. One rad equals 0.01 Gy.

(c) Rem is the special unit of any of the quantities expressed as dose equivalent. The dose equivalent in rem is

equal to the absorbed dose in rad multiplied by the quality factor. One rem equals 0.01 Sv.

(d) Sievert (Sv) is the SI unit of any of the quantities expressed as dose equivalent. The dose equivalent in sievert is equal to the absorbed dose in gray multiplied by the quality factor. One Sv equals 100 rem.

(3) As used in these rules, the quality factors for converting absorbed dose to dose equivalent are shown in Table 1.

TABLE 1

Quality Factors and Absorbed Dose Equivalencies

Type of Radiation	Quality Factor (Q)	Absorbed Dose Equal to a Unit Dose Equivalent
X, gamma, or beta radiation and high-speed electrons	1	1
Alpha particles, multiple-charged particles, fission fragments and heavy particles of unknown charge	20	0.05
Neutrons of unknown energy	10	0.1
High energy protons	10	0.1

For the column in Table 1 labeled "Absorbed Dose Equal to a Unit Dose Equivalent", the absorbed dose in rad is equal to one rem or the absorbed dose in gray is equal to one Sv.

(4) If it is more convenient to measure the neutron fluence rate than to determine the neutron dose equivalent rate in sievert per hour or rem per hour, as provided in Subsection R313-12-20(3), 0.01 Sv of neutron radiation of unknown energies may, for purposes of these rules, be assumed to result from a total fluence of 25 million neutrons per square centimeter incident upon the body. If sufficient information exists to estimate the approximate energy distribution of the neutrons, the licensee or registrant may use the fluence rate per unit dose equivalent or the appropriate Q value from Table 2 to convert a measured tissue dose in gray or rad to dose equivalent in sievert or rem.

TABLE 2

Mean Quality Factors, Q, and Fluence Per Unit Dose Equivalent for Monoenergetic Neutrons

Neutron Energy Mev	Quality Factor Q	Fluence per Unit Dose Equivalent neutrons cm ⁻² rem ⁻¹	Fluence per Unit Dose Equivalent neutrons cm ⁻² Sv ⁻¹
thermal			
2.5 x 10 ⁻⁸	2	980 x 10 ⁶	980 x 10 ⁸
1 x 10 ⁻⁷	2	980 x 10 ⁶	980 x 10 ⁸
1 x 10 ⁻⁶	2	810 x 10 ⁶	810 x 10 ⁸
1 x 10 ⁻⁵	2	810 x 10 ⁶	810 x 10 ⁸
1 x 10 ⁻⁴	2	840 x 10 ⁶	840 x 10 ⁸
1 x 10 ⁻³	2	980 x 10 ⁶	980 x 10 ⁸
1 x 10 ⁻²	2.5	1010 x 10 ⁶	1010 x 10 ⁸
1 x 10 ⁻¹	7.5	170 x 10 ⁶	170 x 10 ⁸
5 x 10 ⁻¹	11	39 x 10 ⁶	39 x 10 ⁸
1	11	27 x 10 ⁶	27 x 10 ⁸
2.5	9	29 x 10 ⁶	29 x 10 ⁸
5	8	23 x 10 ⁶	23 x 10 ⁸
7	7	24 x 10 ⁶	24 x 10 ⁸
10	6.5	24 x 10 ⁶	24 x 10 ⁸
14	7.5	17 x 10 ⁶	17 x 10 ⁸
20	8	16 x 10 ⁶	16 x 10 ⁸
40	7	14 x 10 ⁶	14 x 10 ⁸
60	5.5	16 x 10 ⁶	16 x 10 ⁸
1 x 10 ²	4	20 x 10 ⁶	20 x 10 ⁸
2 x 10 ²	3.5	19 x 10 ⁶	19 x 10 ⁸
3 x 10 ²	3.5	16 x 10 ⁶	16 x 10 ⁸
4 x 10 ²	3.5	14 x 10 ⁶	14 x 10 ⁸

For the column in Table 2 labeled "Quality Factor", the values of Q are at the point where the dose equivalent is maximum in a 30 cm diameter cylinder tissue-equivalent phantom.

For the columns in Table 2 labeled "Fluence per Unit Dose Equivalent", the values are for monoenergetic neutrons incident normally on a 30 cm diameter cylinder tissue equivalent phantom.

R313-12-40. Units of Radioactivity.

For purposes of these rules, activity is expressed in the SI unit of becquerel (Bq), or in the special unit of curie (Ci), or their multiples, or disintegrations or transformations per unit of time.

(1) One becquerel (Bq) equals one disintegration or transformation per second.

(2) One curie (Ci) equals 3.7 x 10¹⁰ disintegrations or transformations per second, which equals 3.7 x 10¹⁰ becquerel, which equals 2.22 x 10¹² disintegrations or transformations per minute.

R313-12-51. Records.

(1) A licensee or registrant shall maintain records showing the receipt, transfer, and disposal of all sources of radiation.

(2) Prior to license termination, each licensee authorized to possess radioactive material with a half-life greater than 120 days, in an unsealed form, may forward the following records to the Executive Secretary:

(a) records of disposal of licensed material made under Sections R313-15-1002 (including burials authorized before January 28, 1981), R313-15-1003, R313-15-1004, and R313-15-1005; and

(b) records required by Subsection R313-15-1103(2)(d).

NOTE: 10 CFR 20.304 permitted burial of small quantities of licensed materials in soil before January 28, 1981, without specific U.S. Nuclear Regulatory Commission authorization. See 20.304 contained in the 10 CFR, parts 0 to 199, edition revised as of January 1, 1981.

(3) If licensed activities are transferred or assigned in accordance with Subsection R313-19-34(2), each licensee authorized to possess radioactive material, with a half-life greater than 120 days, in an unsealed form, shall transfer the following records to the new licensee and the new licensee will be responsible for maintaining these records until the license is terminated:

(a) records of disposal of licensed material made under Sections R313-15-1002 (including burials authorized before January 28, 1981), R313-15-1003, R313-15-1004, R313-15-1005, and R313-15-1008; and

(b) records required by Subsection R313-15-1103(2)(d).

(4) Prior to license termination, each licensee may forward the records required by Subsection R313-22-35(7) to the Executive Secretary.

(5) Additional records requirements are specified elsewhere in these rules.

R313-12-52. Inspections.

(1) A licensee or registrant shall afford representatives of the Executive Secretary, at reasonable times, opportunity to inspect sources of radiation and the premises and facilities wherein those sources of radiation are used or stored.

(2) A licensee or registrant shall make available to representatives of the Executive Secretary for inspection, at any reasonable time, records maintained pursuant to these rules.

R313-12-53. Tests.

(1) A licensee or registrant shall perform upon instructions from a representative of the Board or the Executive Secretary or shall permit the representative to perform reasonable tests as the representative deems appropriate or necessary including, but not limited to, tests of:

(a) sources of radiation;

(b) facilities wherein sources of radiation are used or stored;

(c) radiation detection and monitoring instruments; and

(d) other equipment and devices used in connection with utilization or storage of licensed or registered sources of

radiation.

R313-12-54. Additional Requirements.

The Board may, by rule, or order, impose upon a licensee or registrant requirements in addition to those established in these rules that it deems appropriate or necessary to minimize any danger to public health and safety or the environment.

R313-12-55. Exemptions.

(1) The Board may, upon application or upon its own initiative, grant exemptions or exceptions from the requirements of these rules as it determines are authorized by law and will not result in undue hazard to public health and safety or the environment.

(2) U.S. Department of Energy contractors or subcontractors and U.S. Nuclear Regulatory Commission contractors or subcontractors operating within this state are exempt from these rules to the extent that the contractor or subcontractor under his contract receives, possesses, uses, transfers, or acquires sources of radiation. The following contractor categories are included:

(a) prime contractors performing work for the U.S. Department of Energy at U.S. Government-owned or controlled sites, including the transportation of sources of radiation to or from the sites and the performance of contract services during temporary interruptions of the transportation;

(b) prime contractors of the U.S. Department of Energy performing research in, or development, manufacture, storage, testing or transportation of, atomic weapons or components thereof;

(c) prime contractors of the U.S. Department of Energy using or operating nuclear reactors or other nuclear devices in a United States Government-owned vehicle or vessel; and

(d) any other prime contractor or subcontractor of the U.S. Department of Energy or of the U.S. Nuclear Regulatory Commission when the state and the U.S. Nuclear Regulatory Commission jointly determine (i) that the exemption of the prime contractor or subcontractor is authorized by law; and (ii) that under the terms of the contract or subcontract, there is adequate assurance that the work thereunder can be accomplished without undue risk to the public health and safety.

R313-12-70. Impounding.

Sources of radiation shall be subject to impounding pursuant to Section 19-3-111. Persons who have a source of radiation impounded are subject to fees established in accordance with the Legislative Appropriations Act for the actual cost of the management and oversight activities performed by representatives of the Executive Secretary.

R313-12-100. Prohibited Uses.

(1) A hand-held fluoroscopic screen using x-ray equipment shall not be used unless it has been listed in the Registry of Sealed Source and Devices or accepted for certification by the U.S. Food and Drug Administration, Center for Devices and Radiological Health.

(2) A shoe-fitting fluoroscopic device shall not be used.

R313-12-110. Communications.

All communications and reports concerning these rules, and applications filed thereunder, should be addressed to the Division of Radiation Control, P.O. Box 144850, 195 North 1950 West, Salt Lake City, Utah 84114-4850.

R313-12-111. Submission of Electronic Copies.

(1) All submissions to the Executive Secretary not exempt in paragraph R313-12-111(5) shall also be submitted to the Executive Secretary in electronic format. This requirement extends to all attachments to these documents.

(2) The electronic copy shall be a true, accurate, searchable and reproducible copy of the official submission, except that it need not include signatures or professional stamps.

(3) All electronic copies shall be submitted on a CD or DVD nonrewritable disc, except that documents smaller than 25 megabytes may be submitted by email.

(4) All documents shall be submitted in one of the following electronic formats, at the choice of the submitter:

(a) A searchable PDF document (a document that may be read and searched using Adobe Reader); or

(b) A Microsoft Word document.

(5) The requirements of this rule do not apply to:

(a) X-ray registration applications;

(b) Submissions shorter than 25 pages unless otherwise ordered by the Executive Secretary;

(c) Public comments received during a formal public comment period;

(d) Correspondence received from individuals or organizations that are not currently regulated by the agency, unless that correspondence is about proposing an activity or facility that would be subject to agency regulation; and

(e) Documents used to make payments to the agency.

(6) If an official submission includes information for which business confidentiality is claimed or that is security-sensitive, this requirement applies only to that portion of the submission for which no confidentiality is claimed.

(7) The Executive Secretary may waive the requirements of R313-12-111(1) for good cause.

KEY: definitions, units, inspections, exemptions

October 13, 2010

19-3-104

Notice of Continuation July 10, 2006

19-3-108

R313. Environmental Quality, Radiation Control.
R313-15. Standards for Protection Against Radiation.
R313-15-1. Purpose, Authority and Scope.

(1) Rule R313-15 establishes standards for protection against ionizing radiation resulting from activities conducted pursuant to licenses issued by the Executive Secretary. These rules are issued pursuant to Subsections 19-3-104(4) and 19-3-104(8).

(2) The requirements of Rule R313-15 are designed to control the receipt, possession, use, transfer, and disposal of sources of radiation by any licensee or registrant so the total dose to an individual, including doses resulting from all sources of radiation other than background radiation, does not exceed the standards for protection against radiation prescribed in Rule R313-15. However, nothing in Rule R313-15 shall be construed as limiting actions that may be necessary to protect health and safety.

(3) Except as specifically provided in other sections of these rules, Rule R313-15 applies to persons licensed or registered by the Executive Secretary to receive, possess, use, transfer, or dispose of sources of radiation. The limits in Rule R313-15 do not apply to doses due to background radiation, to exposure of patients to radiation for the purpose of medical diagnosis or therapy, to exposure from individuals administered radioactive material and released in accordance with Rule R313-32 (incorporating 10 CFR 35.75 by reference), or to exposure from voluntary participation in medical research programs.

R313-15-2. Definitions.

"Annual limit on intake" (ALI) means the derived limit for the amount of radioactive material taken into the body of an adult worker by inhalation or ingestion in a year. ALI is the smaller value of intake of a given radionuclide in a year by the reference man that would result in a committed effective dose equivalent of 0.05 Sv (5 rem) or a committed dose equivalent of 0.5 Sv (50 rem) to any individual organ or tissue. ALI values for intake by ingestion and by inhalation of selected radionuclides are given in Table I, Columns 1 and 2, of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

"Air-purifying respirator" means a respirator with an air-purifying filter, cartridge, or canister that removes specific air contaminants by passing ambient air through the air-purifying element.

"Assigned protection factor" (APF) means the expected workplace level of respiratory protection that would be provided by a properly functioning respirator or a class of respirators to properly fitted and trained users. Operationally, the inhaled concentration can be estimated by dividing the ambient airborne concentration by the APF.

"Atmosphere-supplying respirator" means a respirator that supplies the respirator user with breathing air from a source independent of the ambient atmosphere, and includes supplied-air respirators (SARs) and self-contained breathing apparatus (SCBA) units.

"Class" means a classification scheme for inhaled material according to its rate of clearance from the pulmonary region of the lung. Materials are classified as D, W, or Y, which applies to a range of clearance half-times: for Class D, Days, of less than ten days, for Class W, Weeks, from ten to 100 days, and for Class Y, Years, of greater than 100 days. For purposes of these rules, "lung class" and "inhalation class" are equivalent terms.

"Constraint (dose constraint)" in accordance with 10 CFR 20.1003, (2010), means a value above which specified licensee actions are required.

"Declared pregnant woman" means a woman who has voluntarily informed her employer, in writing, of her pregnancy and the estimated date of conception. The declaration remains

in effect until the declared pregnant woman withdraws the declaration in writing or is no longer pregnant.

"Demand respirator" means an atmosphere-supplying respirator that admits breathing air to the facepiece only when a negative pressure is created inside the facepiece by inhalation.

"Derived air concentration" (DAC) means the concentration of a given radionuclide in air which, if breathed by the reference man for a working year of 2,000 hours under conditions of light work, results in an intake of one ALI. For purposes of these rules, the condition of light work is an inhalation rate of 1.2 cubic meters of air per hour for 2,000 hours in a year. DAC values are given in Table I, Column 3, of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

"Derived air concentration-hour" (DAC-hour) means the product of the concentration of radioactive material in air, expressed as a fraction or multiple of the derived air concentration for each radionuclide, and the time of exposure to that radionuclide, in hours. A licensee or registrant may take 2,000 DAC-hours to represent one ALI, equivalent to a committed effective dose equivalent of 0.05 Sv (5 rem).

"Disposable respirator" means a respirator for which maintenance is not intended and that is designed to be discarded after excessive breathing resistance, sorbent exhaustion, physical damage, or end-of-service-life renders it unsuitable for use. Examples of this type of respirator are a disposable half-mask respirator or a disposable escape-only self-contained breathing apparatus (SCBA).

"Dosimetry processor" means an individual or an organization that processes and evaluates individual monitoring devices in order to determine the radiation dose delivered to the monitoring devices.

"Filtering facepiece" (dust mask) means a negative pressure particulate respirator with a filter as an integral part of the facepiece or with the entire facepiece composed of the filtering medium, not equipped with elastomeric sealing surfaces and adjustable straps.

"Fit factor" means a quantitative estimate of the fit of a particular respirator to a specific individual, and typically estimates the ratio of the concentration of a substance in ambient air to its concentration inside the respirator when worn.

"Fit test" means the use of a protocol to qualitatively or quantitatively evaluate the fit of a respirator on an individual.

"Helmet" means a rigid respiratory inlet covering that also provides head protection against impact and penetration.

"Hood" means a respiratory inlet covering that completely covers the head and neck and may also cover portions of the shoulders and torso.

"Inhalation class", refer to "Class".

"Labeled package" means a package labeled with a Radioactive White I, Yellow II, or Yellow III label as specified in U.S. Department of Transportation regulations 49 CFR 172.403 and 49 CFR 172.436 through 440, (2009). Labeling of packages containing radioactive materials is required by the U.S. Department of Transportation if the amount and type of radioactive material exceeds the limits for an excepted quantity or article as defined and limited by U.S. Department of Transportation regulations 49 CFR 173.403 and 49 CFR 173.421 through 424, (2009).

"Loose-fitting facepiece" means a respiratory inlet covering that is designed to form a partial seal with the face.

"Lung class", refer to "Class".

"Nationally tracked source" is a sealed source containing a quantity equal to or greater than Category 1 or Category 2 levels of any radioactive material listed in Appendix E of 10 CFR 20.1001 to 20.2402 (2010), which is incorporated by reference. In this context a sealed source is defined as radioactive material that is sealed in a capsule or closely bonded, in a solid form and which is not exempt from

regulatory control. It does not mean material encapsulated solely for disposal, or nuclear material contained in any fuel assembly, subassembly, fuel rod, or fuel pellet. Category 1 nationally tracked sources are those containing radioactive material at a quantity equal to or greater than the Category 1 threshold. Category 2 nationally tracked sources are those containing radioactive material at a quantity equal to or greater than the Category 2 threshold but less than the Category 1 threshold.

"Negative pressure respirator" (tight fitting) means a respirator in which the air pressure inside the facepiece is negative during inhalation with respect to the ambient air pressure outside the respirator.

"Nonstochastic effect" means a health effect, the severity of which varies with the dose and for which a threshold is believed to exist. Radiation-induced cataract formation is an example of a nonstochastic effect. For purposes of these rules, "deterministic effect" is an equivalent term.

"Planned special exposure" means an infrequent exposure to radiation, separate from and in addition to the annual occupational dose limits.

"Positive pressure respirator" means a respirator in which the pressure inside the respiratory inlet covering exceeds the ambient air pressure outside the respirator.

"Powered air-purifying respirator" (PAPR) means an air-purifying respirator that uses a blower to force the ambient air through air-purifying elements to the inlet covering.

"Pressure demand respirator" means a positive pressure atmosphere-supplying respirator that admits breathing air to the facepiece when the positive pressure is reduced inside the facepiece by inhalation.

"Qualitative fit test" (QLFT) means a pass/fail fit test to assess the adequacy of respirator fit that relies on the individual's response to the test agent.

"Quantitative fit test" (QNFT) means an assessment of the adequacy of respirator fit by numerically measuring the amount of leakage into the respirator.

"Quarter" means a period of time equal to one-fourth of the year observed by the licensee, approximately 13 consecutive weeks, providing that the beginning of the first quarter in a year coincides with the starting date of the year and that no day is omitted or duplicated in consecutive quarters.

"Reference Man" means a hypothetical aggregation of human physical and physiological characteristics determined by international consensus. These characteristics may be used by researchers and public health employees to standardize results of experiments and to relate biological insult to a common base. A description of the Reference Man is contained in the International Commission on Radiological Protection report, ICRP Publication 23, "Report of the Task Group on Reference Man."

"Respiratory protective equipment" means an apparatus, such as a respirator, used to reduce an individual's intake of airborne radioactive materials.

"Sanitary sewerage" means a system of public sewers for carrying off waste water and refuse, but excluding sewage treatment facilities, septic tanks, and leach fields owned or operated by the licensee or registrant.

"Self-contained breathing apparatus" (SCBA) means an atmosphere-supplying respirator for which the breathing air source is designed to be carried by the user.

"Stochastic effect" means a health effect that occurs randomly and for which the probability of the effect occurring, rather than its severity, is assumed to be a linear function of dose without threshold. Hereditary effects and cancer incidence are examples of stochastic effects. For purposes of these rules, "probabilistic effect" is an equivalent term.

"Supplied-air respirator" (SAR) or airline respirator means an atmosphere-supplying respirator for which the source of

breathing air is not designed to be carried by the user.

"Tight-fitting facepiece" means a respiratory inlet covering that forms a complete seal with the face.

"User seal check" (fit check) means an action conducted by the respirator user to determine if the respirator is properly seated to the face. Examples include negative pressure check, positive pressure check, irritant smoke check, or isoamyl acetate check.

"Very high radiation area" means an area, accessible to individuals, in which radiation levels from radiation sources external to the body could result in an individual receiving an absorbed dose in excess of five Gy (500 rad) in one hour at one meter from a radiation source or one meter from any surface that the radiation penetrates.

"Weighting factor" w_T for an organ or tissue (T) means the proportion of the risk of stochastic effects resulting from irradiation of that organ or tissue to the total risk of stochastic effects when the whole body is irradiated uniformly. For calculating the effective dose equivalent, the values of w_T are:

TABLE

ORGAN DOSE WEIGHTING FACTORS

Organ or Tissue	w_T
Gonads	0.25
Breast	0.15
Red bone marrow	0.12
Lung	0.12
Thyroid	0.03
Bone surfaces	0.03
Remainder	0.30(1)
Whole Body	1.00(2)

(1) 0.30 results from 0.06 for each of five "remainder" organs, excluding the skin and the lens of the eye, that receive the highest doses.

(2) For the purpose of weighting the external whole body dose, for adding it to the internal dose, a single weighting factor, $w_T = 1.0$, has been specified. The use of other weighting factors for external exposure will be approved on a case-by-case basis until such time as specific guidance is issued.

R313-15.3. Implementation.

(1) Any existing license or registration condition that is more restrictive than Rule R313-15 remains in force until there is an amendment or renewal of the license or registration.

(2) If a license or registration condition exempts a licensee or registrant from a provision of Rule R313-15 in effect on or before January 1, 1994, it also exempts the licensee or registrant from the corresponding provision of Rule R313-15.

(3) If a license or registration condition cites provisions of Rule R313-15 in effect prior to January 1, 1994, which do not correspond to any provisions of Rule R313-15, the license or registration condition remains in force until there is an amendment or renewal of the license or registration that modifies or removes this condition.

R313-15-101. Radiation Protection Programs.

(1) Each licensee or registrant shall develop, document, and implement a radiation protection program sufficient to ensure compliance with the provisions of Rule R313-15. See Section R313-15-1102 for recordkeeping requirements relating to these programs.

(2) The licensee or registrant shall use, to the extent practical, procedures and engineering controls based upon sound radiation protection principles to achieve occupational doses and doses to members of the public that are as low as is reasonably achievable (ALARA).

(3) The licensee or registrant shall, at intervals not to exceed 12 months, review the radiation protection program content and implementation.

(4) To implement the ALARA requirements of Subsection R313-15-101(2), and notwithstanding the requirements in

Section R313-15-301, a constraint on air emissions of radioactive material to the environment, excluding radon-222 and its decay products, shall be established by licensees or registrants such that the individual member of the public likely to receive the highest dose will not be expected to receive a total effective dose equivalent in excess of 0.1 mSv (0.01 rem) per year from these emissions. If a licensee or registrant subject to this requirement exceeds this dose constraint, the licensee or registrant shall report the exceedance as provided in Section R313-15-1203 and promptly take appropriate corrective action to ensure against recurrence.

R313-15-201. Occupational Dose Limits for Adults.

(1) The licensee or registrant shall control the occupational dose to individual adults, except for planned special exposures pursuant to Section R313-15-206, to the following dose limits:

- (a) An annual limit, which is the more limiting of:
 - (i) The total effective dose equivalent being equal to 0.05 Sv (5 rem); or
 - (ii) The sum of the deep dose equivalent and the committed dose equivalent to any individual organ or tissue other than the lens of the eye being equal to 0.50 Sv (50 rem).
- (b) The annual limits to the lens of the eye, to the skin of the whole body, and to the skin of the extremities which are:
 - (i) A lens dose equivalent of 0.15 Sv (15 rem), and
 - (ii) A shallow dose equivalent of 0.50 Sv (50 rem) to the skin of the whole body or to the skin of any extremity.

(2) Doses received in excess of the annual limits, including doses received during accidents, emergencies, and planned special exposures, shall be subtracted from the limits for planned special exposures that the individual may receive during the current year and during the individual's lifetime. See Subsections R313-15-206(5)(a) and R313-15-206(5)(b).

(3) When the external exposure is determined by measurement with an external personal monitoring device, the deep dose equivalent must be used in place of the effective dose equivalent, unless the effective dose equivalent is determined by a dosimetry method approved by the Executive Secretary, U.S. Nuclear Regulatory Commission, or an Agreement State. The assigned deep dose equivalent must be for the part of the body receiving the highest exposure. The assigned shallow dose equivalent must be the dose averaged over the contiguous ten square centimeters of skin receiving the highest exposure.

(a) The deep dose equivalent, lens dose equivalent and shallow dose equivalent may be assessed from surveys or other radiation measurements for the purpose of demonstrating compliance with the occupational dose limits, if the individual monitoring device was not in the region of highest potential exposure, or the results of individual monitoring are unavailable; or

(b) When a protective apron is worn while working with medical fluoroscopic equipment and monitoring is conducted as specified in Subsection R313-15-502(1)(d), the effective dose equivalent for external radiation shall be determined as follows:

(i) When only one individual monitoring device is used and it is located at the neck outside the protective apron, and the reported dose exceeds 25 percent of the limit specified in Subsection R313-15-201(1), the reported deep dose equivalent value multiplied by 0.3 shall be the effective dose equivalent for external radiation; or

(ii) When individual monitoring devices are worn, both under the protective apron at the waist and outside the protective apron at the neck, the effective dose equivalent for external radiation shall be assigned the value of the sum of the deep dose equivalent reported for the individual monitoring device located at the waist under the protective apron multiplied by 1.5 and the deep dose equivalent reported for the individual monitoring device located at the neck outside the protective apron multiplied by 0.04.

(4) Derived air concentration (DAC) and annual limit on intake (ALI) values are specified in Table I of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, and may be used to determine the individual's dose and to demonstrate compliance with the occupational dose limits. See Section R313-15-1107.

(5) Notwithstanding the annual dose limits, the licensee shall limit the soluble uranium intake by an individual to ten milligrams in a week in consideration of chemical toxicity. See footnote 3, of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

(6) The licensee or registrant shall reduce the dose that an individual may be allowed to receive in the current year by the amount of occupational dose received while employed by any other person. See Subsection R313-15-205(5).

R313-15-202. Compliance with Requirements for Summation of External and Internal Doses.

(1) If the licensee or registrant is required to monitor pursuant to both Subsections R313-15-502(1) and R313-15-502(2), the licensee or registrant shall demonstrate compliance with the dose limits by summing external and internal doses. If the licensee or registrant is required to monitor only pursuant to Subsection R313-15-502(1) or only pursuant to Subsection R313-15-502(2), then summation is not required to demonstrate compliance with the dose limits. The licensee or registrant may demonstrate compliance with the requirements for summation of external and internal doses pursuant to Subsections R313-15-202(2), R313-15-202(3) and R313-15-202(4). The dose equivalents for the lens of the eye, the skin, and the extremities are not included in the summation, but are subject to separate limits.

(2) Intake by Inhalation. If the only intake of radionuclides is by inhalation, the total effective dose equivalent limit is not exceeded if the sum of the deep dose equivalent divided by the total effective dose equivalent limit, and one of the following, does not exceed unity:

(a) The sum of the fractions of the inhalation ALI for each radionuclide, or

(b) The total number of derived air concentration-hours (DAC-hours) for all radionuclides divided by 2,000, or

(c) The sum of the calculated committed effective dose equivalents to all significantly irradiated organs or tissues (T) calculated from bioassay data using appropriate biological models and expressed as a fraction of the annual limit. For purposes of this requirement, an organ or tissue is deemed to be significantly irradiated if, for that organ or tissue, the product of the weighting factors, w_T , and the committed dose equivalent, $H_{T,50}$, per unit intake is greater than ten percent of the maximum weighted value of $H_{T,50}$, that is, $w_T H_{T,50}$, per unit intake for any organ or tissue.

(3) Intake by Oral Ingestion. If the occupationally exposed individual receives an intake of radionuclides by oral ingestion greater than ten percent of the applicable oral ALI, the licensee or registrant shall account for this intake and include it in demonstrating compliance with the limits.

(4) Intake through Wounds or Absorption through Skin. The licensee or registrant shall evaluate and, to the extent practical, account for intakes through wounds or skin absorption. The intake through intact skin has been included in the calculation of DAC for hydrogen-3 and does not need to be evaluated or accounted for pursuant to Subsection R313-15-202(4).

R313-15-203. Determination of External Dose from Airborne Radioactive Material.

(1) Licensees or registrants shall, when determining the dose from airborne radioactive material, include the contribution to the deep dose equivalent, lens dose equivalent,

and shallow dose equivalent from external exposure to the radioactive cloud. See footnotes 1 and 2 of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

(2) Airborne radioactivity measurements and DAC values shall not be used as the primary means to assess the deep dose equivalent when the airborne radioactive material includes radionuclides other than noble gases or if the cloud of airborne radioactive material is not relatively uniform. The determination of the deep dose equivalent to an individual shall be based upon measurements using instruments or individual monitoring devices.

R313-15-204. Determination of Internal Exposure.

(1) For purposes of assessing dose used to determine compliance with occupational dose equivalent limits, the licensee or registrant shall, when required pursuant to Section R313-15-502, take suitable and timely measurements of:

- (a) Concentrations of radioactive materials in air in work areas; or
- (b) Quantities of radionuclides in the body; or
- (c) Quantities of radionuclides excreted from the body; or
- (d) Combinations of these measurements.

(2) Unless respiratory protective equipment is used, as provided in Section R313-15-703, or the assessment of intake is based on bioassays, the licensee or registrant shall assume that an individual inhales radioactive material at the airborne concentration in which the individual is present.

(3) When specific information on the physical and biochemical properties of the radionuclides taken into the body or the behavior of the material in an individual is known, the licensee or registrant may:

- (a) Use that information to calculate the committed effective dose equivalent, and, if used, the licensee or registrant shall document that information in the individual's record; and
- (b) Upon prior approval of the Executive Secretary, adjust the DAC or ALI values to reflect the actual physical and chemical characteristics of airborne radioactive material, for example, aerosol size distribution or density; and
- (c) Separately assess the contribution of fractional intakes of Class D, W, or Y compounds of a given radionuclide to the committed effective dose equivalent. See Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

(4) If the licensee or registrant chooses to assess intakes of Class Y material using the measurements given in Subsections R313-15-204(1)(b) or R313-15-204(1)(c), the licensee or registrant may delay the recording and reporting of the assessments for periods up to seven months, unless otherwise required by Section R313-15-1202 or Section R313-15-1203. This delay permits the licensee or registrant to make additional measurements basic to the assessments.

(5) If the identity and concentration of each radionuclide in a mixture are known, the fraction of the DAC applicable to the mixture for use in calculating DAC-hours shall be either:

- (a) The sum of the ratios of the concentration to the appropriate DAC value, that is, D, W, or Y, from Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, for each radionuclide in the mixture; or
- (b) The ratio of the total concentration for all radionuclides in the mixture to the most restrictive DAC value for any radionuclide in the mixture.

(6) If the identity of each radionuclide in a mixture is known, but the concentration of one or more of the radionuclides in the mixture is not known, the DAC for the mixture shall be the most restrictive DAC of any radionuclide in the mixture.

(7) When a mixture of radionuclides in air exists, a licensee or registrant may disregard certain radionuclides in the

mixture if:

(a) The licensee or registrant uses the total activity of the mixture in demonstrating compliance with the dose limits in Section R313-15-201 and in complying with the monitoring requirements in Subsection R313-15-502(2), and

(b) The concentration of any radionuclide disregarded is less than ten percent of its DAC, and

(c) The sum of these percentages for all of the radionuclides disregarded in the mixture does not exceed 30 percent.

(8) When determining the committed effective dose equivalent, the following information may be considered:

(a) In order to calculate the committed effective dose equivalent, the licensee or registrant may assume that the inhalation of one ALI, or an exposure of 2,000 DAC-hours, results in a committed effective dose equivalent of 0.05 Sv (5 rem) for radionuclides that have their ALIs or DACs based on the committed effective dose equivalent.

(b) For an ALI and the associated DAC determined by the nonstochastic organ dose limit of 0.50 Sv (50 rem), the intake of radionuclides that would result in a committed effective dose equivalent of 0.05 Sv (5 rem), that is, the stochastic ALI, is listed in parentheses in Table 1 of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference. The licensee or registrant may, as a simplifying assumption, use the stochastic ALI to determine committed effective dose equivalent. However, if the licensee or registrant uses the stochastic ALI, the licensee or registrant shall also demonstrate that the limit in Subsection R313-15-201(1)(a)(ii) is met.

R313-15-205. Determination of Prior Occupational Dose.

(1) For each individual likely to receive, in a year, an occupational dose requiring monitoring pursuant to Section R313-15-502, the licensee or registrant shall Determine the occupational radiation dose received during the current year; and

(2) Prior to permitting an individual to participate in a planned special exposure, the licensee or registrant shall determine:

(a) The internal and external doses from all previous planned special exposures; and

(b) All doses in excess of the limits, including doses received during accidents and emergencies, received during the lifetime of the individual.

(3) In complying with the requirements of Subsections R313-15-205(1) or (2), a licensee or registrant may:

(a) Accept, as a record of the occupational dose that the individual received during the current year, a written signed statement from the individual, or from the individual's most recent employer for work involving radiation exposure, that discloses the nature and the amount of any occupational dose that the individual received during the current year;

(b) Attempt to obtain the records of cumulative occupational radiation dose. A licensee or registrant may accept, as the record of cumulative radiation dose, an up-to-date form DRC-05 or equivalent, signed by the individual and countersigned by an appropriate official of the most recent employer for work involving radiation exposure, or the individual's current employer, if the individual is not employed by the licensee or registrant; and

(c) Obtain reports of the individual's dose equivalents from the most recent employer for work involving radiation exposure, or the individual's current employer, if the individual is not employed by the licensee or registrant, by telephone, telegram, facsimile, other electronic media or letter. The licensee or registrant shall request a written verification of the dose data if the authenticity of the transmitted report cannot be established.

(4) The licensee or registrant shall record the exposure history, as required by Subsection R313-15-205(1) or (2), on

form DRC-05, or other clear and legible record, of all the information required on form DRC-05. The form or record shall show each period in which the individual received occupational exposure to radiation or radioactive material and shall be signed by the individual who received the exposure. For each period for which the licensee or registrant obtains reports, the licensee or registrant shall use the dose shown in the report in preparing form DRC-05 or equivalent. For any period in which the licensee or registrant does not obtain a report, the licensee or registrant shall place a notation on form DRC-05 or equivalent indicating the periods of time for which data are not available.

(5) For the purpose of complying with this requirement, licensees or registrants are not required to reevaluate the separate external dose equivalents and internal committed dose equivalents or intakes of radionuclides assessed pursuant to the rules in Rule R313-15 in effect before January 1, 1994. Further, occupational exposure histories obtained and recorded on form DRC-05 or equivalent before January 1, 1994, would not have included effective dose equivalent, but may be used in the absence of specific information on the intake of radionuclides by the individual.

(6) If the licensee or registrant is unable to obtain a complete record of an individual's current and previously accumulated occupational dose, the licensee or registrant shall assume:

(a) In establishing administrative controls under Subsection R313-15-201(6) for the current year, that the allowable dose limit for the individual is reduced by 12.5 mSv (1.25 rem) for each quarter for which records were unavailable and the individual was engaged in activities that could have resulted in occupational radiation exposure; and

(b) That the individual is not available for planned special exposures.

(7) The licensee or registrant shall retain the records on form DRC-05 or equivalent until the Executive Secretary terminates each pertinent license or registration requiring this record. The licensee or registrant shall retain records used in preparing form DRC-05 or equivalent for three years after the record is made. This includes records required under the standards for protection against radiation in effect prior to January 1, 1994.

R313-15-206. Planned Special Exposures.

A licensee or registrant may authorize an adult worker to receive doses in addition to and accounted for separately from the doses received under the limits specified in Section R313-15-201 provided that each of the following conditions is satisfied:

(1) The licensee or registrant authorizes a planned special exposure only in an exceptional situation when alternatives that might avoid the dose estimated to result from the planned special exposure are unavailable or impractical.

(2) The licensee or registrant, and employer if the employer is not the licensee or registrant, specifically authorizes the planned special exposure, in writing, before the exposure occurs.

(3) Before a planned special exposure, the licensee or registrant ensures that each individual involved is:

(a) Informed of the purpose of the planned operation; and

(b) Informed of the estimated doses and associated potential risks and specific radiation levels or other conditions that might be involved in performing the task; and

(c) Instructed in the measures to be taken to keep the dose ALARA considering other risks that may be present.

(4) Prior to permitting an individual to participate in a planned special exposure, the licensee or registrant ascertains prior doses as required by Subsection R313-15-205(2) during the lifetime of the individual for each individual involved.

(5) Subject to Subsection R313-15-201(2), the licensee or

registrant shall not authorize a planned special exposure that would cause an individual to receive a dose from all planned special exposures and all doses in excess of the limits to exceed:

(a) The numerical values of any of the dose limits in Subsection R313-15-201(1) in any year; and

(b) Five times the annual dose limits in Subsection R313-15-201(1) during the individual's lifetime.

(6) The licensee or registrant maintains records of the conduct of a planned special exposure in accordance with Section R313-15-1106 and submits a written report in accordance with Section R313-15-1204.

(7) The licensee or registrant records the best estimate of the dose resulting from the planned special exposure in the individual's record and informs the individual, in writing, of the dose within 30 days from the date of the planned special exposure. The dose from planned special exposures shall not be considered in controlling future occupational dose of the individual pursuant to Subsection R313-15-201(1) but shall be included in evaluations required by Subsections R313-15-206(4) and R313-15-206(5).

R313-15-207. Occupational Dose Limits for Minors.

The annual occupational dose limits for minors are ten percent of the annual occupational dose limits specified for adult workers in Section R313-15-201.

R313-15-208. Dose to an Embryo/Fetus.

(1) The licensee or registrant shall ensure that the dose equivalent to the embryo/fetus during the entire pregnancy, due to occupational exposure of a declared pregnant woman, does not exceed five mSv (0.5 rem). See Section R313-15-1107 for recordkeeping requirements.

(2) The licensee or registrant shall make efforts to avoid substantial variation above a uniform monthly exposure rate to a declared pregnant woman so as to satisfy the limit in Subsection R313-15-208(1).

(3) The dose equivalent to an embryo/fetus is the sum of:

(a) The deep dose equivalent to the declared pregnant woman; and

(b) The dose equivalent resulting from radionuclides in the embryo/fetus and radionuclides in the declared pregnant woman.

(4) If the dose equivalent to the embryo/fetus is found to have exceeded five mSv (0.5 rem) or is within 0.5 mSv (0.05 rem) of this dose by the time the woman declares the pregnancy to the licensee or registrant, the licensee or registrant shall be deemed to be in compliance with Subsection R313-15-208(1) if the additional dose equivalent to the embryo/fetus does not exceed 0.50 mSv (0.05 rem) during the remainder of the pregnancy.

R313-15-301. Dose Limits for Individual Members of the Public.

(1) Each licensee or registrant shall conduct operations so that:

(a) The total effective dose equivalent to individual members of the public from the licensed or registered operation does not exceed one mSv (0.1 rem) in a year, exclusive of the dose contributions from background radiation, from any medical administration the individual has received, from exposure to individuals administered radioactive material and released, under Rule R313-32 (incorporating 10 CFR 35.75 by reference), from voluntary participation in medical research programs, and from the licensee's or registrant's disposal of radioactive material into sanitary sewerage in accordance with Section R313-15-1003; and

(b) The dose in any unrestricted area from external sources, exclusive of the dose contributions from patients administered radioactive material and released in accordance

with Rule R313-32 (incorporating 10 CFR 35.75 by reference), does not exceed 0.02 mSv (0.002 rem) in any one hour; and

(c) Notwithstanding Subsection R313-15-301(1)(a), a licensee may permit visitors to an individual who cannot be released, under R313-32 (incorporating 10 CFR 35.75 by reference), to receive a radiation dose greater than one mSv (0.1 rem) if:

(i) The radiation dose received does not exceed five mSv (0.5 rem); and

(ii) The authorized user, as defined in R313-32, has determined before the visit that it is appropriate.; and

(d) The total effective dose equivalent to individual members of the public from infrequent exposure to radiation from radiation machines does not exceed 5 mSv (0.5 rem) in a year.

(2) If the licensee or registrant permits members of the public to have access to controlled areas, the limits for members of the public continue to apply to those individuals.

(3) A licensee, registrant, or an applicant for a license or registration may apply for prior Executive Secretary authorization to operate up to an annual dose limit for an individual member of the public of five mSv (0.5 rem). This application shall include the following information:

(a) Demonstration of the need for and the expected duration of operations in excess of the limit in Subsection R313-15-301(1); and

(b) The licensee's or registrant's program to assess and control dose within the five mSv (0.5 rem) annual limit; and

(c) The procedures to be followed to maintain the dose ALARA.

(4) In addition to the requirements of R313-15, a licensee subject to the provisions of the United States Environmental Protection Agency's generally applicable environmental radiation standards in 40 CFR 190 shall comply with those standards.

(5) The Executive Secretary may impose additional restrictions on radiation levels in unrestricted areas and on the total quantity of radionuclides that a licensee or registrant may release in effluents in order to restrict the collective dose.

R313-15-302. Compliance with Dose Limits for Individual Members of the Public.

(1) The licensee or registrant shall make or cause to be made surveys of radiation levels in unrestricted and controlled areas and radioactive materials in effluents released to unrestricted and controlled areas to demonstrate compliance with the dose limits for individual members of the public in Section R313-15-301.

(2) A licensee or registrant shall show compliance with the annual dose limit in Section R313-15-301 by:

(a) Demonstrating by measurement or calculation that the total effective dose equivalent to the individual likely to receive the highest dose from the licensed or registered operation does not exceed the annual dose limit; or

(b) Demonstrating that:

(i) The annual average concentrations of radioactive material released in gaseous and liquid effluents at the boundary of the unrestricted area do not exceed the values specified in Table II of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; and

(ii) If an individual were continuously present in an unrestricted area, the dose from external sources would not exceed 0.02 mSv (0.002 rem) in an hour and 0.50 mSv (0.05 rem) in a year.

(3) Upon approval from the Executive Secretary, the licensee or registrant may adjust the effluent concentration values in Appendix B, Table II of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, for members of the public, to take into account the actual physical and chemical

characteristics of the effluents, such as, aerosol size distribution, solubility, density, radioactive decay equilibrium, and chemical form.

R313-15-401. Radiological Criteria for License Termination - General Provisions.

(1) The criteria in Sections R313-15-401 through R313-15-406 apply to the decommissioning of facilities licensed under Rules R313-22 and R313-25, as well as other facilities subject to the Board's jurisdiction under the Act. For low-level waste disposal facilities (Rule R313-25), the criteria apply only to ancillary surface facilities that support radioactive waste disposal activities.

(2) The criteria in Sections R313-15-401 through R313-15-406 do not apply to sites which:

(a) Have been decommissioned prior to the effective date of the rule in accordance with criteria approved by the Executive Secretary;

(b) Have previously submitted and received Executive Secretary approval on a license termination plan or decommissioning plan; or

(c) Submit a sufficient license termination plan or decommissioning plan before the effective date of the rule with criteria approved by the Executive Secretary.

(3) After a site has been decommissioned and the license terminated in accordance with the criteria in Sections R313-15-401 through R313-15-406, the Executive Secretary will require additional cleanup only if, based on new information, the Executive Secretary determines that the criteria in Sections R313-15-401 through R313-15-406 was not met and residual radioactivity remaining at the site could result in significant threat to public health and safety.

(4) When calculating the total effective dose equivalent to the average member of the critical group, the licensee shall determine the peak annual total effective dose equivalent dose expected within the first 1000 years after decommissioning.

R313-15-402. Radiological Criteria for Unrestricted Use.

A site will be considered acceptable for unrestricted use if the residual radioactivity that is distinguishable from background radiation results in a total effective dose equivalent to an average member of the critical group that does not exceed 0.25 mSv (0.025 rem) per year, including no greater than 0.04 mSv (0.004 rem) committed effective dose equivalent or total effective dose equivalent to an average member of the critical group from groundwater sources, and the residual radioactivity has been reduced to levels that are as low as reasonably achievable (ALARA). Determination of the levels which are ALARA must take into account consideration of any detriments, such as deaths from transportation accidents, expected to potentially result from decontamination and waste disposal.

R313-15-403. Criteria for License Termination Under Restricted Conditions.

A site will be considered acceptable for license termination under restricted conditions if:

(1) The licensee can demonstrate that further reductions in residual radioactivity necessary to comply with the provisions of Section R313-15-402 would result in net public or environmental harm or were not being made because the residual levels associated with restricted conditions are ALARA. Determination of the levels which are ALARA must take into account consideration of any detriments, such as traffic accidents, expected to potentially result from decontamination and waste disposal; and

(2) The licensee has made provisions for legally enforceable institutional controls that provide reasonable assurance that the total effective dose equivalent from residual radioactivity distinguishable from background to the average

member of the critical group will not exceed 0.25 mSv (0.025 rem) per year; and

(3) The licensee has provided sufficient financial assurance to enable an independent third party, including a governmental custodian of a site, to assume and carry out responsibilities for any necessary control and maintenance of the site. Acceptable financial assurance mechanisms are:

(a) Funds placed into an account segregated from the licensee's assets outside the licensee's administrative control as described in Subsection R313-22-35(6)(a);

(b) Surety method, insurance, or other guarantee method as described in Subsection R313-22-35(6)(b);

(c) A statement of intent in the case of Federal, State, or local Government licensees, as described in Subsection R313-22-35(6)(d); or

(d) When a governmental entity is assuming custody and ownership of a site, an arrangement that is deemed acceptable by such governmental entity; and

(4) The licensee has submitted a decommissioning plan or license termination plan to the Executive Secretary indicating the licensee's intent to decommission in accordance with Subsection R313-22-36(4) and specifying that the licensee intends to decommission by restricting use of the site. The licensee shall document in the license termination plan or decommissioning plan how the advice of individuals and institutions in the community who may be affected by the decommissioning has been sought and incorporated, as appropriate, following analysis of that advice;

(a) Licensees proposing to decommission by restricting use of the site shall seek advice from such affected parties regarding the following matters concerning the proposed decommissioning:

(i) Whether provisions for institutional controls proposed by the licensee;

(A) Will provide reasonable assurance that the total effective dose equivalent from residual radioactivity distinguishable from background to the average member of the critical group will not exceed 0.25 mSv (0.025 rem) total effective dose equivalent per year;

(B) Will be enforceable; and

(C) Will not impose undue burdens on the local community or other affected parties; and

(ii) Whether the licensee has provided sufficient financial assurance to enable an independent third party, including a governmental custodian of a site, to assume and carry out responsibilities for any necessary control and maintenance of the site; and

(b) In seeking advice on the issues identified in Subsection R313-15-403(4)(a), the licensee shall provide for:

(i) Participation by representatives of a broad cross section of community interests who may be affected by the decommissioning;

(ii) An opportunity for a comprehensive, collective discussion on the issues by the participants represented; and

(iii) A publicly available summary of the results of all such discussions, including a description of the individual viewpoints of the participants on the issues and the extent of agreement and disagreement among the participants on the issues; and

(5) Residual radioactivity at the site has been reduced so that if the institutional controls were no longer in effect, there is reasonable assurance that the total effective dose equivalent from residual radioactivity distinguishable from background to the average member of the critical group is as low as reasonably achievable and would not exceed either:

(a) one mSv (0.1 rem) per year; or

(b) five mSv (0.5 rem) per year provided the licensee:

(i) Demonstrates that further reductions in residual radioactivity necessary to comply with the one mSv (0.1 rem)

per year value of Subsection R313-15-403(5)(a) are not technically achievable, would be prohibitively expensive, or would result in net public or environmental harm;

(ii) Makes provisions for durable institutional controls; and

(iii) Provides sufficient financial assurance to enable a responsible government entity or independent third party, including a governmental custodian of a site, both to carry out periodic rechecks of the site no less frequently than every five years to assure that the institutional controls remain in place as necessary to meet the criteria of Subsection R313-15-403(2) and to assume and carry out responsibilities for any necessary control and maintenance of those controls. Acceptable financial assurance mechanisms are those in Subsection R313-15-403(3).

R313-15-404. Alternate Criteria for License Termination.

(1) The Executive Secretary may terminate a license using alternative criteria greater than the dose criterion of Section R313-15-402, and Subsections R313-15-403(2) and R313-15-403(4)(a)(i)(A), if the licensee:

(a) Provides assurance that public health and safety would continue to be protected, and that it is unlikely that the dose from all man-made sources combined, other than medical, would be more than the one mSv (0.1 rem) per year limit of Subsection R313-15-301(1)(a), by submitting an analysis of possible sources of exposure; and

(b) Has employed, to the extent practical, restrictions on site use according to the provisions of Section R313-15-403 in minimizing exposures at the site; and

(c) Reduces doses to ALARA levels, taking into consideration any detriments such as traffic accidents expected to potentially result from decontamination and waste disposal; and

(d) Has submitted a decommissioning plan or license termination plan to the Executive Secretary indicating the licensee's intent to decommission in accordance with Subsection R313-22-36(4), and specifying that the licensee proposes to decommission by use of alternate criteria. The licensee shall document in the decommissioning plan or license termination plan how the advice of individuals and institutions in the community who may be affected by the decommissioning has been sought and addressed, as appropriate, following analysis of that advice. In seeking such advice, the licensee shall provide for:

(i) Participation by representatives of a broad cross section of community interests who may be affected by the decommissioning; and

(ii) An opportunity for a comprehensive, collective discussion on the issues by the participants represented; and

(iii) A publicly available summary of the results of all such discussions, including a description of the individual viewpoints of the participants on the issues and the extent of agreement and disagreement among the participants on the issues.

(2) The use of alternate criteria to terminate a license requires the approval of the Executive Secretary after consideration of recommendations from the Division's staff, comments provided by federal, state and local governments, and any public comments submitted pursuant to Section R313-15-405.

R313-15-405. Public Notification and Public Participation.

Upon the receipt of a license termination plan or decommissioning plan from the licensee, or a proposal by the licensee for release of a site pursuant to Sections R313-15-403 or R313-15-404, or whenever the Executive Secretary deems such notice to be in the public interest, the Executive Secretary shall:

(1) Notify and solicit comments from:

(a) Local and State governments in the vicinity of the site and any Indian Nation or other indigenous people that have treaty or statutory rights that could be affected by the decommissioning; and

(b) Federal, state and local governments for cases where the licensee proposes to release a site pursuant to Section R313-15-404.

(2) Publish a notice in a forum, such as local newspapers, letters to State or local organizations, or other appropriate forum, that is readily accessible to individuals in the vicinity of the site, and solicit comments from affected parties.

R313-15-406. Minimization of Contamination.

Applicants for licenses, other than renewals, shall describe in the application how facility design and procedures for operation will minimize, to the extent practicable, contamination of the facility and the environment, facilitate eventual decommissioning, and minimize, to the extent practicable, the generation of waste.

R313-15-501. Surveys and Monitoring - General.

(1) Each licensee or registrant shall make, or cause to be made, surveys that:

(a) Are necessary for the licensee or registrant to comply with Rule R313-15; and

(b) Are necessary under the circumstances to evaluate:

(i) The magnitude and the extent of radiation levels; and

(ii) Concentrations or quantities of radioactive material; and

and

(iii) The potential radiological hazards.

(2) The licensee or registrant shall ensure that instruments and equipment used for quantitative radiation measurements, for example, dose rate and effluent monitoring, are calibrated at intervals not to exceed 12 months for the radiation measured, except when a more frequent interval is specified in another applicable part of these rules or a license condition.

(3) All personnel dosimeters, except for direct and indirect reading pocket ionization chambers and those dosimeters used to measure the dose to any extremity, that require processing to determine the radiation dose and that are used by licensees and registrants to comply with Section R313-15-201, with other applicable provisions of these rules, or with conditions specified in a license or registration shall be processed and evaluated by a dosimetry processor:

(a) Holding current personnel dosimetry accreditation from the National Voluntary Laboratory Accreditation Program (NVLAP) of the National Institute of Standards and Technology; and

(b) Approved in this accreditation process for the type of radiation or radiations included in the NVLAP program that most closely approximates the type of radiation or radiations for which the individual wearing the dosimeter is monitored.

(4) The licensee or registrant shall ensure that adequate precautions are taken to prevent a deceptive exposure of an individual monitoring device.

R313-15-502. Conditions Requiring Individual Monitoring of External and Internal Occupational Dose.

Each licensee or registrant shall monitor exposures from sources of radiation at levels sufficient to demonstrate compliance with the occupational dose limits of Rule R313-15. As a minimum:

(1) Each licensee or registrant shall monitor occupational exposure to radiation from licensed, unlicensed, and registered radiation sources under the control of the licensee and shall supply and require the use of individual monitoring devices by:

(a) Adults likely to receive, in one year from sources external to the body, a dose in excess of ten percent of the limits in Subsection R313-15-201(1); and

(b) Minors likely to receive, in one year, from radiation sources external to the body, a deep dose equivalent in excess of one mSv (0.1 rem), a lens dose equivalent in excess of 1.5 mSv (0.15 rem), or a shallow dose equivalent to the skin or to the extremities in excess of five mSv (0.5 rem); and

(c) Declared pregnant women likely to receive during the entire pregnancy, from radiation sources external to the body, a deep dose equivalent in excess of one mSv (0.1 rem); and

(d) Individuals entering a high or very high radiation area; and

(e) Individuals working with medical fluoroscopic equipment.

(i) An individual monitoring device used for the dose to an embryo/fetus of a declared pregnant woman, pursuant to Subsection R313-15-208(1), shall be located under the protective apron at the waist.

(A) If an individual monitoring device worn by a declared pregnant woman has a monthly reported dose equivalent value in excess of 0.5 mSv (50 mrem), the value to be used for determining the dose to the embryo/fetus, pursuant to Subsection R313-15-208(3)(a) for radiation from medical fluoroscopy, may be the value reported by the individual monitoring device worn at the waist underneath the protective apron which has been corrected for the potential overestimation of dose recorded by the monitoring device because of the overlying tissue of the pregnant individual. This correction shall be performed by a radiation safety officer of an institutional radiation safety committee, a qualified expert approved by the Board, or a representative of the Executive Secretary.

(ii) An individual monitoring device used for lens dose equivalent shall be located at the neck, or an unshielded location closer to the eye, outside the protective apron.

(iii) When only one individual monitoring device is used to determine the effective dose equivalent for external radiation pursuant to Subsection R313-15-201(3)(b), it shall be located at the neck outside the protective apron. When a second individual monitoring device is used, for the same purpose, it shall be located under the protective apron at the waist. Note: The second individual monitoring device is required for a declared pregnant woman.

(iv) A registrant is not required to supply and require the use of individual monitoring devices provided the registrant has conducted a survey, pursuant to Section R313-15-501, that demonstrates that the working environment the individual encounters will not likely result in a dose in excess of ten percent of the limits in Subsection R313-15-201(1), and that the individual is neither a minor nor a declared pregnant woman.

(2) Each licensee or registrant shall monitor, to determine compliance with Section R313-15-204, the occupational intake of radioactive material by and assess the committed effective dose equivalent to:

(a) Adults likely to receive, in one year, an intake in excess of ten percent of the applicable ALI(s) in Table I, Columns 1 and 2, of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; and

(b) Minors likely to receive, in one year, a committed effective dose equivalent in excess of one mSv (0.1 rem); and

(c) Declared pregnant women likely to receive, during the entire pregnancy, a committed effective dose equivalent in excess of one mSv (0.1 rem).

Note: All of the occupational doses in Section R313-15-201 continue to be applicable to the declared pregnant worker as long as the embryo/fetus dose limit is not exceeded.

R313-15-503. Location of Individual Monitoring Devices.

Each licensee or registrant shall ensure that individuals who are required to monitor occupational doses in accordance with Subsection R313-15-502(1) wear individual monitoring

devices as follows:

(1) An individual monitoring device used for monitoring the dose to the whole body shall be worn at the unshielded location of the whole body likely to receive the highest exposure. When a protective apron is worn, the location of the individual monitoring device is typically at the neck (collar).

(2) An individual monitoring device used for monitoring the dose to an embryo/fetus of a declared pregnant woman, pursuant to Subsection R313-15-208(1), shall be located at the waist under any protective apron being worn by the woman.

(3) An individual monitoring device used for monitoring the lens dose equivalent, to demonstrate compliance with Subsection R313-15-201(1)(b)(i), shall be located at the neck (collar), outside any protective apron being worn by the monitored individual, or at an unshielded location closer to the eye.

(4) An individual monitoring device used for monitoring the dose to the extremities, to demonstrate compliance with Subsection R313-15-201(1)(b)(ii), shall be worn on the extremity likely to receive the highest exposure. Each individual monitoring device shall be oriented to measure the highest dose to the extremity being monitored.

R313-15-601. Control of Access to High Radiation Areas.

(1) The licensee or registrant shall ensure that each entrance or access point to a high radiation area has one or more of the following features:

(a) A control device that, upon entry into the area, causes the level of radiation to be reduced below that level at which an individual might receive a deep dose equivalent of one mSv (0.1 rem) in one hour at 30 centimeters from the source of radiation or from any surface that the radiation penetrates; or

(b) A control device that energizes a conspicuous visible or audible alarm signal so that the individual entering the high radiation area and the supervisor of the activity are made aware of the entry; or

(c) Entryways that are locked, except during periods when access to the areas is required, with positive control over each individual entry.

(2) In place of the controls required by Subsection R313-15-601(1) for a high radiation area, the licensee or registrant may substitute continuous direct or electronic surveillance that is capable of preventing unauthorized entry.

(3) The licensee or registrant may apply to the Executive Secretary for approval of alternative methods for controlling access to high radiation areas.

(4) The licensee or registrant shall establish the controls required by Subsections R313-15-601(1) and R313-15-601(3) in a way that does not prevent individuals from leaving a high radiation area.

(5) The licensee or registrant is not required to control each entrance or access point to a room or other area that is a high radiation area solely because of the presence of radioactive materials prepared for transport and packaged and labeled in accordance with the rules of the U.S. Department of Transportation provided that:

(a) The packages do not remain in the area longer than three days; and

(b) The dose rate at one meter from the external surface of any package does not exceed 0.1 mSv (0.01 rem) per hour.

(6) The licensee or registrant is not required to control entrance or access to rooms or other areas in hospitals solely because of the presence of patients containing radioactive material, provided that there are personnel in attendance who are taking the necessary precautions to prevent the exposure of individuals to radiation or radioactive material in excess of the established limits in Rule R313-15 and to operate within the ALARA provisions of the licensee's or registrant's radiation protection program.

(7) The registrant is not required to control entrance or access to rooms or other areas containing sources of radiation capable of producing a high radiation area as described in Section R313-15-601 if the registrant has met all the specific requirements for access and control specified in other applicable sections of these rules, such as, Rule R313-36 for industrial radiography, Rule R313-28 for x rays in the healing arts, Rule R313-30 for therapeutic radiation machines, and Rule R313-35 for industrial use of x-ray systems.

R313-15-602. Control of Access to Very High Radiation Areas.

(1) In addition to the requirements in Section R313-15-601, the licensee or registrant shall institute measures to ensure that an individual is not able to gain unauthorized or inadvertent access to areas in which radiation levels could be encountered at five Gy (500 rad) or more in one hour at one meter from a source of radiation or any surface through which the radiation penetrates. This requirement does not apply to rooms or areas in which diagnostic x-ray systems are the only source of radiation, or to non-self-shielded irradiators.

(2) The registrant is not required to control entrance or access to rooms or other areas containing sources of radiation capable of producing a very high radiation area as described in Subsection R313-15-602(1) if the registrant has met all the specific requirements for access and control specified in other applicable sections of these rules, such as, Rule R313-36 for industrial radiography, Rule R313-28 for x rays in the healing arts, Rule R313-30 for therapeutic radiation machines, and Rule R313-35 for industrial use of x-ray systems.

R313-15-603. Control of Access to Very High Radiation Areas -- Irradiators.

(1) Section R313-15-603 applies to licensees or registrants with sources of radiation in non-self-shielded irradiators. Section R313-15-603 does not apply to sources of radiation that are used in teletherapy, in industrial radiography, or in completely self-shielded irradiators in which the source of radiation is both stored and operated within the same shielding radiation barrier and, in the designed configuration of the irradiator, is always physically inaccessible to any individual and cannot create a high level of radiation in an area that is accessible to any individual.

(2) Each area in which there may exist radiation levels in excess of five Gy (500 rad) in one hour at one meter from a source of radiation that is used to irradiate materials shall meet the following requirements:

(a) Each entrance or access point shall be equipped with entry control devices which:

(i) Function automatically to prevent any individual from inadvertently entering a very high radiation area; and

(ii) Permit deliberate entry into the area only after a control device is actuated that causes the radiation level within the area, from the source of radiation, to be reduced below that at which it would be possible for an individual to receive a deep dose equivalent in excess of one mSv (0.1 rem) in one hour; and

(iii) Prevent operation of the source of radiation if it would produce radiation levels in the area that could result in a deep dose equivalent to an individual in excess of one mSv (0.1 rem) in one hour.

(b) Additional control devices shall be provided so that, upon failure of the entry control devices to function as required by Subsection R313-15-603(2)(a):

(i) The radiation level within the area, from the source of radiation, is reduced below that at which it would be possible for an individual to receive a deep dose equivalent in excess of one mSv (0.1 rem) in one hour; and

(ii) Conspicuous visible and audible alarm signals are generated to make an individual attempting to enter the area

aware of the hazard and at least one other authorized individual, who is physically present, familiar with the activity, and prepared to render or summon assistance, aware of the failure of the entry control devices.

(c) The licensee or registrant shall provide control devices so that, upon failure or removal of physical radiation barriers other than the sealed source's shielded storage container:

(i) The radiation level from the source of radiation is reduced below that at which it would be possible for an individual to receive a deep dose equivalent in excess of one mSv (0.1 rem) in one hour; and

(ii) Conspicuous visible and audible alarm signals are generated to make potentially affected individuals aware of the hazard and the licensee or registrant or at least one other individual, who is familiar with the activity and prepared to render or summon assistance, aware of the failure or removal of the physical barrier.

(d) When the shield for stored sealed sources is a liquid, the licensee or registrant shall provide means to monitor the integrity of the shield and to signal, automatically, loss of adequate shielding.

(e) Physical radiation barriers that comprise permanent structural components, such as walls, that have no credible probability of failure or removal in ordinary circumstances need not meet the requirements of Subsections R313-15-603(2)(c) and R313-15-603(2)(d).

(f) Each area shall be equipped with devices that will automatically generate conspicuous visible and audible alarm signals to alert personnel in the area before the source of radiation can be put into operation and in time for any individual in the area to operate a clearly identified control device, which shall be installed in the area and which can prevent the source of radiation from being put into operation.

(g) Each area shall be controlled by use of such administrative procedures and such devices as are necessary to ensure that the area is cleared of personnel prior to each use of the source of radiation.

(h) Each area shall be checked by a radiation measurement to ensure that, prior to the first individual's entry into the area after any use of the source of radiation, the radiation level from the source of radiation in the area is below that at which it would be possible for an individual to receive a deep dose equivalent in excess of one mSv (0.1 rem) in one hour.

(i) The entry control devices required in Subsection R313-15-603(2)(a) shall be tested for proper functioning. See Section R313-15-1110 for recordkeeping requirements.

(i) Testing shall be conducted prior to initial operation with the source of radiation on any day, unless operations were continued uninterrupted from the previous day; and

(ii) Testing shall be conducted prior to resumption of operation of the source of radiation after any unintentional interruption; and

(iii) The licensee or registrant shall submit and adhere to a schedule for periodic tests of the entry control and warning systems.

(j) The licensee or registrant shall not conduct operations, other than those necessary to place the source of radiation in safe condition or to effect repairs on controls, unless control devices are functioning properly.

(k) Entry and exit portals that are used in transporting materials to and from the irradiation area, and that are not intended for use by individuals, shall be controlled by such devices and administrative procedures as are necessary to physically protect and warn against inadvertent entry by any individual through these portals. Exit portals for irradiated materials shall be equipped to detect and signal the presence of any loose radioactive material that is carried toward such an exit and automatically to prevent loose radioactive material from being carried out of the area.

(3) Licensees, registrants, or applicants for licenses or registrations for sources of radiation within the purview of Subsection R313-15-603(2) which will be used in a variety of positions or in locations, such as open fields or forests, that make it impractical to comply with certain requirements of Subsection R313-15-603(2), such as those for the automatic control of radiation levels, may apply to the Executive Secretary for approval of alternative safety measures. Alternative safety measures shall provide personnel protection at least equivalent to those specified in Subsection R313-15-603(2). At least one of the alternative measures shall include an entry-preventing interlock control based on a measurement of the radiation that ensures the absence of high radiation levels before an individual can gain access to the area where such sources of radiation are used.

(4) The entry control devices required by Subsections R313-15-603(2) and R313-15-603(3) shall be established in such a way that no individual will be prevented from leaving the area.

R313-15-701. Use of Process or Other Engineering Controls.

The licensee or registrant shall use, to the extent practical, process or other engineering controls, such as, containment, decontamination, or ventilation, to control the concentration of radioactive material in air.

R313-15-702. Use of Other Controls.

(1) When it is not practical to apply process or other engineering controls to control the concentration of radioactive material in the air to values below those that define an airborne radioactivity area, the licensee or registrant shall, consistent with maintaining the total effective dose equivalent ALARA, increase monitoring and limit intakes by one or more of the following means:

- (a) Control of access; or
- (b) Limitation of exposure times; or
- (c) Use of respiratory protection equipment; or
- (d) Other controls.

(2) If the licensee or registrant performs an ALARA analysis to determine whether or not respirators should be used, the licensee may consider safety factors other than radiological factors. The licensee or registrant should also consider the impact of respirator use on workers' industrial health and safety.

R313-15-703. Use of Individual Respiratory Protection Equipment.

If the licensee or registrant uses respiratory protection equipment to limit the intake of radioactive material:

(1) Except as provided in Subsection R313-15-703(2), the licensee or registrant shall use only respiratory protection equipment that is tested and certified by the National Institute for Occupational Safety and Health.

(2) The licensee or registrant may use equipment that has not been tested or certified by the National Institute for Occupational Safety and Health or for which there is no schedule for testing or certification, provided the licensee or registrant has submitted to the Executive Secretary and the Executive Secretary has approved an application for authorized use of that equipment. The application must include a demonstration by testing, or a demonstration on the basis of reliable test information, that the material and performance characteristics of the equipment are capable of providing the proposed degree of protection under anticipated conditions of use.

(3) The licensee or registrant shall implement and maintain a respiratory protection program that includes:

- (a) Air sampling sufficient to identify the potential hazard, permit proper equipment selection, and estimate doses; and

(b) Surveys and bioassays, as necessary, to evaluate actual intakes; and

(c) Testing of respirators for operability, user seal check for face sealing devices and functional check for others, immediately prior to each use; and

(d) Written procedures regarding

(i) Monitoring, including air sampling and bioassays;

(ii) Supervision and training of respirator users;

(iii) Fit testing;

(iv) Respirator selection;

(v) Breathing air quality;

(vi) Inventory and control;

(vii) Storage, issuance, maintenance, repair, testing, and quality assurance of respiratory protection equipment;

(viii) Recordkeeping; and

(ix) Limitations on periods of respirator use and relief from respirator use; and

(e) Determination by a physician prior to initial fitting of respirators, before the first field use of non-face sealing respirators, and either every 12 months thereafter or periodically at a frequency determined by a physician, that the individual user is medically fit to use the respiratory protection equipment; and

(f) Fit testing, with fit factor greater than or equal to ten times the APF for negative pressure devices, and a fit factor greater than or equal to 500 for positive pressure, continuous flow, and pressure-demand devices, before the first field use of tight fitting, face-sealing respirators and periodically thereafter at a frequency not to exceed one year. Fit testing must be performed with the facepiece operating in the negative pressure mode.

(4) The licensee or registrant shall advise each respirator user that the user may leave the area at any time for relief from respirator use in the event of equipment malfunction, physical or psychological distress, procedural or communication failure, significant deterioration of operating conditions, or any other conditions that might require such relief.

(5) The licensee or registrant shall also consider limitations appropriate to the type and mode of use. When selecting respiratory devices the licensee shall provide for vision correction, adequate communication, low temperature work environments, and the concurrent use of other safety or radiological protection equipment. The licensee or registrant shall use equipment in such a way as not to interfere with the proper operation of the respirator.

(6) Standby rescue persons are required whenever one-piece atmosphere-supplying suits, or any combination of supplied air respiratory protection device and personnel protective equipment are used from which an unaided individual would have difficulty extricating himself or herself. The standby persons must be equipped with respiratory protection devices or other apparatus appropriate for the potential hazards. The standby rescue persons shall observe or otherwise maintain continuous communication with the workers (visual, voice, signal line, telephone, radio, or other suitable means), and be immediately available to assist them in case of a failure of the air supply or for any other reason that requires relief from distress. A sufficient number of standby rescue persons must be immediately available to assist all users of this type of equipment and to provide effective emergency rescue if needed.

(7) Atmosphere-supplying respirators must be supplied with respirable air of grade D quality or better as defined by the Compressed Gas Association in publication G-7.1, "Commodity Specification for Air," 1997 ed. and included in 29 CFR 1910.134(i)(1)(ii)(A) through (E), (2010). Grade D quality air criteria include:

(a) Oxygen content (v/v) of 19.5 to 23.5%;

(b) Hydrocarbon (condensed) content of five milligrams per cubic meter of air or less;

(c) Carbon monoxide (CO) content of ten ppm or less;

(d) Carbon dioxide content of 1,000 ppm or less; and

(e) Lack of noticeable odor.

(8) The licensee shall ensure that no objects, materials or substances, such as facial hair, or any conditions that interfere with the face and facepiece seal or valve function, and that are under the control of the respirator wearer, are present between the skin of the wearer's face and the sealing surface of a tight-fitting respirator facepiece.

(9) In estimating the dose to individuals from intake of airborne radioactive materials, the concentration of radioactive material in the air that is inhaled when respirators are worn is initially assumed to be the ambient concentration in air without respiratory protection, divided by the assigned protection factor. If the dose is later found to be greater than the estimated dose, the corrected value must be used. If the dose is later found to be less than the estimated dose, the corrected value may be used.

R313-15-704. Further Restrictions on the Use of Respiratory Protection Equipment.

The Executive Secretary may impose restrictions in addition to the provisions of Section R313-15-702, Section R313-15-703, and Appendix A of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference to:

(1) Ensure that the respiratory protection program of the licensee or registrant is adequate to limit doses to individuals from intakes of airborne radioactive materials consistent with maintaining total effective dose equivalent ALARA; and

(2) Limit the extent to which a licensee or registrant may use respiratory protection equipment instead of process or other engineering controls.

R313-15-705. Application for Use of Higher Assigned Protection Factors.

The licensee or registrant shall obtain authorization from the Executive Secretary before using assigned protection factors in excess of those specified in Appendix A of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference. The Executive Secretary may authorize a licensee or registrant to use higher assigned protection factors on receipt of an application that:

(1) Describes the situation for which a need exists for higher protection factors; and

(2) Demonstrates that the respiratory protection equipment provides these higher protection factors under the proposed conditions of use.

R313-15-801. Security and Control of Licensed or Registered Sources of Radiation.

(1) The licensee or registrant shall secure licensed or registered radioactive material from unauthorized removal or access.

(2) The licensee or registrant shall maintain constant surveillance, and use devices or administrative procedures to prevent unauthorized use of licensed or registered radioactive material that is in an unrestricted area and that is not in storage.

(3) The registrant shall secure registered radiation machines from unauthorized removal.

(4) The registrant shall use devices or administrative procedures to prevent unauthorized use of registered radiation machines.

R313-15-901. Caution Signs.

(1) Standard Radiation Symbol. Unless otherwise authorized by the Executive Secretary, the symbol prescribed by 10 CFR 20.1901, (2010), which is incorporated by reference, shall use the colors magenta, or purple, or black on yellow background. The symbol prescribed is the three-bladed design as follows:

(a) Cross-hatched area is to be magenta, or purple, or black, and

(b) The background is to be yellow.

(2) Exception to Color Requirements for Standard Radiation Symbol. Notwithstanding the requirements of 10 CFR 20.1901(a), (2010), which is incorporated by reference, licensees or registrants are authorized to label sources, source holders, or device components containing sources of radiation that are subjected to high temperatures, with conspicuously etched or stamped radiation caution symbols and without a color requirement.

(3) Additional Information on Signs and Labels. In addition to the contents of signs and labels prescribed in Rule R313-15, the licensee or registrant shall provide, on or near the required signs and labels, additional information, as appropriate, to make individuals aware of potential radiation exposures and to minimize the exposures.

R313-15-902. Posting Requirements.

(1) Posting of Radiation Areas. The licensee or registrant shall post each radiation area with a conspicuous sign or signs bearing the radiation symbol and the words "CAUTION, RADIATION AREA."

(2) Posting of High Radiation Areas. The licensee or registrant shall post each high radiation area with a conspicuous sign or signs bearing the radiation symbol and the words "CAUTION, HIGH RADIATION AREA" or "DANGER, HIGH RADIATION AREA."

(3) Posting of Very High Radiation Areas. The licensee or registrant shall post each very high radiation area with a conspicuous sign or signs bearing the radiation symbol and words "GRAVE DANGER, VERY HIGH RADIATION AREA."

(4) Posting of Airborne Radioactivity Areas. The licensee or registrant shall post each airborne radioactivity area with a conspicuous sign or signs bearing the radiation symbol and the words "CAUTION, AIRBORNE RADIOACTIVITY AREA" or "DANGER, AIRBORNE RADIOACTIVITY AREA."

(5) Posting of Areas or Rooms in which Licensed or Registered Material is Used or Stored. The licensee or registrant shall post each area or room in which there is used or stored an amount of licensed or registered material exceeding ten times the quantity of such material specified in Appendix C of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, with a conspicuous sign or signs bearing the radiation symbol and the words "CAUTION, RADIOACTIVE MATERIAL" or "DANGER, RADIOACTIVE MATERIAL."

R313-15-903. Exceptions to Posting Requirements.

(1) A licensee or registrant is not required to post caution signs in areas or rooms containing sources of radiation for periods of less than eight hours, if each of the following conditions is met:

(a) The sources of radiation are constantly attended during these periods by an individual who takes the precautions necessary to prevent the exposure of individuals to sources of radiation in excess of the limits established in Rule R313-15; and

(b) The area or room is subject to the licensee's or registrant's control.

(2) Rooms or other areas in hospitals that are occupied by patients are not required to be posted with caution signs pursuant to Section R313-15-902 provided that the patient could be released from licensee control pursuant to Rule R313-32.

(3) A room or area is not required to be posted with a caution sign because of the presence of a sealed source provided the radiation level at 30 centimeters from the surface of the sealed source container or housing does not exceed 0.05 mSv (0.005 rem) per hour.

(4) A room or area is not required to be posted with a caution sign because of the presence of radiation machines used solely for diagnosis in the healing arts.

(5) Rooms in hospitals or clinics that are used for teletherapy are exempt from the requirement to post caution signs under Section R313-15-902 if:

(a) Access to the room is controlled pursuant to Section R313-32; and

(b) Personnel in attendance take necessary precautions to prevent the inadvertent exposure of workers, other patients, and members of the public to radiation in excess of the limits established in Rule R313-15.

R313-15-904. Labeling Containers and Radiation Machines.

(1) The licensee or registrant shall ensure that each container of licensed or registered material bears a durable, clearly visible label bearing the radiation symbol and the words "CAUTION, RADIOACTIVE MATERIAL" or "DANGER, RADIOACTIVE MATERIAL." The label shall also provide information, such as the radionuclides present, an estimate of the quantity of radioactivity, the date for which the activity is estimated, radiation levels, kinds of materials, and mass enrichment, to permit individuals handling or using the containers, or working in the vicinity of the containers, to take precautions to avoid or minimize exposures.

(2) Each licensee or registrant shall, prior to removal or disposal of empty uncontaminated containers to unrestricted areas, remove or deface the radioactive material label or otherwise clearly indicate that the container no longer contains radioactive materials.

(3) Each registrant shall ensure that each radiation machine is labeled in a conspicuous manner which cautions individuals that radiation is produced when it is energized.

R313-15-905. Exemptions to Labeling Requirements.

A licensee or registrant is not required to label:

(1) Containers holding licensed or registered material in quantities less than the quantities listed in Appendix C of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; or

(2) Containers holding licensed or registered material in concentrations less than those specified in Table III of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; or

(3) Containers attended by an individual who takes the precautions necessary to prevent the exposure of individuals in excess of the limits established by Rule R313-15; or

(4) Containers when they are in transport and packaged and labeled in accordance with the rules of the U.S. Department of Transportation; or

(5) Containers that are accessible only to individuals authorized to handle or use them, or to work in the vicinity of the containers, if the contents are identified to these individuals by a readily available written record. Examples of containers of this type are containers in locations such as water-filled canals, storage vaults, or hot cells. The record shall be retained as long as the containers are in use for the purpose indicated on the record; or

(6) Installed manufacturing or process equipment, such as piping and tanks.

R313-15-906. Procedures for Receiving and Opening Packages.

(1) Each licensee or registrant who expects to receive a package containing quantities of radioactive material in excess of a Type A quantity, as used in Section R313-19-100, which incorporates 10 CFR 71.4 by reference, shall make arrangements to receive:

(a) The package when the carrier offers it for delivery; or

(b) The notification of the arrival of the package at the carrier's terminal and to take possession of the package expeditiously.

(2) Each licensee or registrant shall:

(a) Monitor the external surfaces of a labeled package for radioactive contamination unless the package contains only radioactive material in the form of gas or in special form as defined in Section R313-12-3; and

(b) Monitor the external surfaces of a labeled package for radiation levels unless the package contains quantities of radioactive material that are less than or equal to the Type A quantity, as used in Section R313-19-100, which incorporates 10 CFR 71.4 by reference; and

(c) Monitor all packages known to contain radioactive material for radioactive contamination and radiation levels if there is evidence of degradation of package integrity, such as packages that are crushed, wet, or damaged.

(3) The licensee or registrant shall perform the monitoring required by Subsection R313-15-906(2) as soon as practical after receipt of the package, but not later than three hours after the package is received at the licensee's or registrant's facility if it is received during the licensee's or registrant's normal working hours or if there is evidence of degradation of package integrity, such as a package that is crushed, wet, or damaged. If a package is received after working hours, and has no evidence of degradation of package integrity, the package shall be monitored no later than three hours from the beginning of the next working day.

(4) The licensee or registrant shall immediately notify the final delivery carrier and, by telephone and telegram, mailgram, or facsimile, the Executive Secretary when:

(a) Removable radioactive surface contamination exceeds the limits of Section R313-19-100 which incorporates 10 CFR 71.87(i) by reference; or

(b) External radiation levels exceed the limits of Section R313-19-100 which incorporates 10 CFR 71.47 by reference.

(5) Each licensee or registrant shall:

(a) Establish, maintain, and retain written procedures for safely opening packages in which radioactive material is received; and

(b) Ensure that the procedures are followed and that due consideration is given to special instructions for the type of package being opened.

(6) Licensees or registrants transferring special form sources in vehicles owned or operated by the licensee or registrant to and from a work site are exempt from the contamination monitoring requirements of Subsection R313-15-906(2), but are not exempt from the monitoring requirement in Subsection R313-15-906(2) for measuring radiation levels that ensures that the source is still properly lodged in its shield.

R313-15-1001. Waste Disposal - General Requirements.

(1) A licensee or registrant shall dispose of licensed or registered material only:

(a) By transfer to an authorized recipient as provided in Section R313-15-1006 or in Rules R313-21, R313-22, R313-24, or R313-25, or to the U.S. Department of Energy; or

(b) By decay in storage; or

(c) By release in effluents within the limits in Section R313-15-301; or

(d) As authorized pursuant to Sections R313-15-1002, R313-15-1003, R313-15-1004, R313-15-1005, or R313-15-1008.

(2) A person shall be specifically licensed or registered to receive waste containing licensed or registered material from other persons for:

(a) Treatment prior to disposal; or

(b) Treatment or disposal by incineration; or

(c) Decay in storage; or

(d) Disposal at a land disposal facility licensed pursuant to Rule R313-25; or

(e) Storage until transferred to a storage or disposal facility authorized to receive the waste.

R313-15-1002. Method for Obtaining Approval of Proposed Disposal Procedures.

A licensee or registrant or applicant for a license or registration may apply to the Executive Secretary for approval of proposed procedures, not otherwise authorized in these rules, to dispose of licensed or registered material generated in the licensee's or registrant's operations. Each application shall include:

(1) A description of the waste containing licensed or registered material to be disposed of, including the physical and chemical properties that have an impact on risk evaluation, and the proposed manner and conditions of waste disposal; and

(2) An analysis and evaluation of pertinent information on the nature of the environment; and

(3) The nature and location of other potentially affected facilities; and

(4) Analyses and procedures to ensure that doses are maintained ALARA and within the dose limits in Rule R313-15.

R313-15-1003. Disposal by Release into Sanitary Sewerage.

(1) A licensee or registrant may discharge licensed or registered material into sanitary sewerage if each of the following conditions is satisfied:

(a) The material is readily soluble, or is readily dispersible biological material, in water; and

(b) The quantity of licensed or registered radioactive material that the licensee or registrant releases into the sewer in one month divided by the average monthly volume of water released into the sewer by the licensee or registrant does not exceed the concentration listed in Table III of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; and

(c) If more than one radionuclide is released, the following conditions shall also be satisfied:

(i) The licensee or registrant shall determine the fraction of the limit in Table III of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, represented by discharges into sanitary sewerage by dividing the actual monthly average concentration of each radionuclide released by the licensee or registrant into the sewer by the concentration of that radionuclide listed in Table III of Appendix B of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference; and

(ii) The sum of the fractions for each radionuclide required by Subsection R313-15-1003(1)(c)(i) does not exceed unity; and

(d) The total quantity of licensed or registered radioactive material that the licensee or registrant releases into the sanitary sewerage system in a year does not exceed 185 GBq (five Ci) of hydrogen-3, 37 GBq (one Ci) of carbon-14, and 37 GBq (one Ci) of all other radioactive materials combined.

(2) Excreta from individuals undergoing medical diagnosis or therapy with radioactive material are not subject to the limitations contained in Subsection R313-15-1003(1).

R313-15-1004. Treatment or Disposal by Incineration.

A licensee or registrant may treat or dispose of licensed or registered material by incineration only in the form and concentration specified in Section R313-15-1005 or as specifically approved by the Executive Secretary pursuant to Section R313-15-1002.

R313-15-1005. Disposal of Specific Wastes.

(1) A licensee or registrant may dispose of the following

licensed or registered material as if it were not radioactive:

(a) 1.85 kBq (0.05 uCi), or less, of hydrogen-3 or carbon-14 per gram of medium used for liquid scintillation counting; and

(b) 1.85 kBq (0.05 uCi) or less, of hydrogen-3 or carbon-14 per gram of animal tissue, averaged over the weight of the entire animal.

(2) A licensee or registrant shall not dispose of tissue pursuant to Subsection R313-15-1005(1)(b) in a manner that would permit its use either as food for humans or as animal feed.

(3) The licensee or registrant shall maintain records in accordance with Section R313-15-1109.

R313-15-1006. Transfer for Disposal and Manifests.

(1) The requirements of Section R313-15-1006 and Appendix G of 10 CFR 20.1001 to 20.2402, (2010), which are incorporated into these rules by reference, are designed to:

(a) control transfers of low-level radioactive waste by any waste generator, waste collector, or waste processor licensee, as defined in Appendix G in 10 CFR 20.1001 to 20.2402, (2010), who ships low-level waste either directly, or indirectly through a waste collector or waste processor, to a licensed low-level waste land disposal facility as defined in Section R313-25-2;

(b) establish a manifest tracking system; and

(c) supplement existing requirements concerning transfers and recordkeeping for those wastes.

(2) Any licensee shipping radioactive waste intended for ultimate disposal at a licensed land disposal facility must document the information required on the U.S. Nuclear Regulatory Commission's Uniform Low-Level Radioactive Waste Manifest and transfer this recorded manifest information to the intended consignee in accordance with Appendix G to 10 CFR 20.1001 to 20.2402, (2010), which is incorporated into these rules by reference.

(3) Each shipment manifest shall include a certification by the waste generator as specified in Section II of Appendix G to 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

(4) Each person involved in the transfer of waste for disposal or in the disposal of waste, including the waste generator, waste collector, waste processor, and disposal facility operator, shall comply with the requirements specified in Section III of Appendix G to 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference.

(5) A licensee shipping byproduct material as defined in paragraphs (c) and (d) of the Section R313-12-3 definition of byproduct material intended for ultimate disposal at a land disposal facility licensed under Rule R313-25 must document the information required on the NRC's Uniform Low-Level Radioactive Waste Manifest and transfer the recorded manifest information to the intended consignee in accordance with Appendix G to 10 CFR Part 20 (2010 edition).

R313-15-1007. Compliance with Environmental and Health Protection Rules.

Nothing in Sections R313-15-1001, R313-15-1002, R313-15-1003, R313-15-1004, R313-15-1005, or R313-15-1006 relieves the licensee or registrant from complying with other applicable Federal, State and local rules governing any other toxic or hazardous properties of materials that may be disposed of pursuant to Sections R313-15-1001, R313-15-1002, R313-15-1003, R313-15-1004, R313-15-1005, or R313-15-1006.

R313-15-1008. Disposal of Section R313-12-3 Byproduct Material Definition Paragraphs (c) and (d).

(1) Licensed material defined in Section R313-12-3, byproduct material definition, paragraphs (c) and (d), may be disposed in accordance with Rule R313-25, even though it is not

defined as low-level radioactive waste. Therefore, licensed byproduct material being disposed of at a facility, or transferred for ultimate disposal at a facility licensed under Rule R313-25, must meet the requirements of Section R313-15-1006.

(2) A licensee may dispose of licensed material defined in Section R313-12-3, byproduct material definition, paragraphs (c) and (d), at a disposal facility authorized to dispose of such material in accordance with Federal or State solid or hazardous waste law, including the Solid Waste Disposal Act, as authorized under the Energy Policy Act of 2005.

R313-15-1009. Classification and Characteristics of Low-Level Radioactive Waste.

(1) Classification of Radioactive Waste for Land Disposal

(a) Considerations. Determination of the classification of radioactive waste involves two considerations. First, consideration shall be given to the concentration of long-lived radionuclides (and their shorter-lived precursors) whose potential hazard will persist long after such precautions as institutional controls, improved waste form, and deeper disposal have ceased to be effective. These precautions delay the time when long-lived radionuclides could cause exposures. In addition, the magnitude of the potential dose is limited by the concentration and availability of the radionuclide at the time of exposure. Second, consideration shall be given to the concentration of shorter-lived radionuclides for which requirements on institutional controls, waste form, and disposal methods are effective.

(b) Classes of waste.

(i) Class A waste is waste that is usually segregated from other waste classes at the disposal site. The physical form and characteristics of Class A waste shall meet the minimum requirements set forth in Subsection R313-15-1009(2)(a). If Class A waste also meets the stability requirements set forth in Subsection R313-15-1009(2)(b), it is not necessary to segregate the waste for disposal.

(ii) Class B waste is waste that shall meet more rigorous requirements on waste form to ensure stability after disposal. The physical form and characteristics of Class B waste shall meet both the minimum and stability requirements set forth in Subsection R313-15-1009(2).

(iii) Class C waste is waste that not only shall meet more rigorous requirements on waste form to ensure stability but also requires additional measures at the disposal facility to protect against inadvertent intrusion. The physical form and characteristics of Class C waste shall meet both the minimum and stability requirements set forth in Subsection R313-15-1009(2).

(c) Classification determined by long-lived radionuclides. If the radioactive waste contains only radionuclides listed in Table I, classification shall be determined as follows:

(i) If the concentration does not exceed 0.1 times the value in Table I, the waste is Class A.

(ii) If the concentration exceeds 0.1 times the value in Table I, but does not exceed the value in Table I, the waste is Class C.

(iii) If the concentration exceeds the value in Table I, the waste is not generally acceptable for land disposal.

(iv) For wastes containing mixtures of radionuclides listed in Table I, the total concentration shall be determined by the sum of fractions rule described in Subsection R313-15-1009(1)(g).

TABLE I

Radionuclide	Concentration	
	curie/cubic meter(1)	nanocurie/gram(2)
C-14	8	
C-14 in activated metal	80	

Ni-59 in activated metal	220	
Nb-94 in activated metal	0.2	
Tc-99	3	
I-129	0.08	
Alpha emitting transuranic radionuclides with half-life greater than five years		100
Pu-241		3,500
Cm-242		20,000
Ra-226		100

NOTE: (1) To convert the Ci/m³ values to gigabecquerel (GBq)/cubic meter, multiply the Ci/m³ value by 37.
 (2) To convert the nCi/g values to becquerel (Bq)/gram, multiply the nCi/g value by 37.

(d) Classification determined by short-lived radionuclides. If the waste does not contain any of the radionuclides listed in Table I, classification shall be determined based on the concentrations shown in Table II. However, as specified in Subsection R313-15-1009(1)(f), if radioactive waste does not contain any nuclides listed in either Table I or II, it is Class A.

- (i) If the concentration does not exceed the value in Column 1, the waste is Class A.
- (ii) If the concentration exceeds the value in Column 1 but does not exceed the value in Column 2, the waste is Class B.
- (iii) If the concentration exceeds the value in Column 2 but does not exceed the value in Column 3, the waste is Class C.
- (iv) If the concentration exceeds the value in Column 3, the waste is not generally acceptable for near-surface disposal.
- (v) For wastes containing mixtures of the radionuclides listed in Table II, the total concentration shall be determined by the sum of fractions rule described in Subsection R313-15-1009(1)(g).

TABLE II

Radionuclide	Concentration, curie/cubic meter(1)		
	Column 1	Column 2	Column 3
Total of all radionuclides with less than 5-year half-life	700	(2)	(2)
H-3	40	(2)	(2)
Co-60	700	(2)	(2)
Ni-63	3.5	70	700
Ni-63 in activated metal	35	700	7000
Sr-90	0.04	150	7000
Cs-137	1	44	4600

NOTE: (1) To convert the Ci/m³ value to gigabecquerel (GBq)/cubic meter, multiply the Ci/m³ value by 37.
 (2) There are no limits established for these radionuclides in Class B or C wastes. Practical considerations such as the effects of external radiation and internal heat generation on transportation, handling, and disposal will limit the concentrations for these wastes. These wastes shall be Class B unless the concentrations of other radionuclides in Table II determine the waste to be Class C independent of these radionuclides.

(e) Classification determined by both long- and short-lived radionuclides. If the radioactive waste contains a mixture of radionuclides, some of which are listed in Table I and some of which are listed in Table II, classification shall be determined as follows:

- (i) If the concentration of a radionuclide listed in Table I is less than 0.1 times the value listed in Table I, the class shall be that determined by the concentration of radionuclides listed in Table II.
- (ii) If the concentration of a radionuclide listed in Table I exceeds 0.1 times the value listed in Table I, but does not exceed the value in Table I, the waste shall be Class C, provided the concentration of radionuclides listed in Table II does not exceed the value shown in Column 3 of Table II.

(f) Classification of wastes with radionuclides other than those listed in Tables I and II. If the waste does not contain any

radionuclides listed in either Table I or II, it is Class A.

(g) The sum of the fractions rule for mixtures of radionuclides. For determining classification for waste that contains a mixture of radionuclides, it is necessary to determine the sum of fractions by dividing each radionuclide's concentration by the appropriate limit and adding the resulting values. The appropriate limits shall all be taken from the same column of the same table. The sum of the fractions for the column shall be less than 1.0 if the waste class is to be determined by that column. Example: A waste contains Sr-90 in a concentration of 1.85 TBq/m³ (50 Ci/m³) and Cs-137 in a concentration of 814 GBq/m³ (22 Ci/m³). Since the concentrations both exceed the values in Column 1, Table II, they shall be compared to Column 2 values. For Sr-90 fraction, 50/150 = 0.33., for Cs-137 fraction, 22/44 = 0.5; the sum of the fractions = 0.83. Since the sum is less than 1.0, the waste is Class B.

(h) Determination of concentrations in wastes. The concentration of a radionuclide may be determined by indirect methods such as use of scaling factors which relate the inferred concentration of one radionuclide to another that is measured, or radionuclide material accountability, if there is reasonable assurance that the indirect methods can be correlated with actual measurements. The concentration of a radionuclide may be averaged over the volume of the waste, or weight of the waste if the units are expressed as becquerel (nanocurie) per gram.

(2) Radioactive Waste Characteristics

(a) The following are minimum requirements for all classes of waste and are intended to facilitate handling and provide protection of health and safety of personnel at the disposal site.

(i) Wastes shall be packaged in conformance with the conditions of the license issued to the site operator to which the waste will be shipped. Where the conditions of the site license are more restrictive than the provisions of Rule R313-15, the site license conditions shall govern.

(ii) Wastes shall not be packaged for disposal in cardboard or fiberboard boxes.

(iii) Liquid waste shall be packaged in sufficient absorbent material to absorb twice the volume of the liquid.

(iv) Solid waste containing liquid shall contain as little free-standing and non-corrosive liquid as is reasonably achievable, but in no case shall the liquid exceed one percent of the volume.

(v) Waste shall not be readily capable of detonation or of explosive decomposition or reaction at normal pressures and temperatures, or of explosive reaction with water.

(vi) Waste shall not contain, or be capable of generating, quantities of toxic gases, vapors, or fumes harmful to persons transporting, handling, or disposing of the waste. This does not apply to radioactive gaseous waste packaged in accordance with Subsection R313-15-1009(2)(a)(viii).

(vii) Waste shall not be pyrophoric. Pyrophoric materials contained in wastes shall be treated, prepared, and packaged to be nonflammable.

(viii) Wastes in a gaseous form shall be packaged at an absolute pressure that does not exceed 1.5 atmospheres at 20 degrees celsius. Total activity shall not exceed 3.7 TBq (100 Ci) per container.

(ix) Wastes containing hazardous, biological, pathogenic, or infectious material shall be treated to reduce to the maximum extent practical the potential hazard from the non-radiological materials.

(b) The following requirements are intended to provide stability of the waste. Stability is intended to ensure that the waste does not degrade and affect overall stability of the site through slumping, collapse, or other failure of the disposal unit and thereby lead to water infiltration. Stability is also a factor in limiting exposure to an inadvertent intruder, since it provides

a recognizable and nondispersible waste.

(i) Waste shall have structural stability. A structurally stable waste form will generally maintain its physical dimensions and its form, under the expected disposal conditions such as weight of overburden and compaction equipment, the presence of moisture, and microbial activity, and internal factors such as radiation effects and chemical changes. Structural stability can be provided by the waste form itself, processing the waste to a stable form, or placing the waste in a disposal container or structure that provides stability after disposal.

(ii) Notwithstanding the provisions in Subsections R313-15-1009(2)(a)(iii) and R313-15-1009(2)(a)(iv), liquid wastes, or wastes containing liquid, shall be converted into a form that contains as little free-standing and non-corrosive liquid as is reasonably achievable, but in no case shall the liquid exceed one percent of the volume of the waste when the waste is in a disposal container designed to ensure stability, or 0.5 percent of the volume of the waste for waste processed to a stable form.

(iii) Void spaces within the waste and between the waste and its package shall be reduced to the extent practical.

(3) Labeling. Each package of waste shall be clearly labeled to identify whether it is Class A, Class B, or Class C waste, in accordance with Subsection R313-15-1009(1).

R313-15-1101. Records - General Provisions.

(1) Each licensee or registrant shall use the SI units becquerel, gray, sievert and coulomb per kilogram, or the special units, curie, rad, rem, and roentgen, including multiples and subdivisions, and shall clearly indicate the units of all quantities on records required by Rule R313-15.

(2) Notwithstanding the requirements of Subsection R313-15-1101(1), when recording information on shipment manifests, as required in Subsection R313-15-1006(2), information must be recorded in SI units or in SI units and the special units specified in Subsection R313-15-1101(1).

(3) The licensee or registrant shall make a clear distinction among the quantities entered on the records required by Rule R313-15, such as, total effective dose equivalent, total organ dose equivalent, shallow dose equivalent, lens dose equivalent, deep dose equivalent, or committed effective dose equivalent.

R313-15-1102. Records of Radiation Protection Programs.

(1) Each licensee or registrant shall maintain records of the radiation protection program, including:

(a) The provisions of the program; and

(b) Audits and other reviews of program content and implementation.

(2) The licensee or registrant shall retain the records required by Subsection R313-15-1102(1)(a) until the Executive Secretary terminates each pertinent license or registration requiring the record. The licensee or registrant shall retain the records required by Subsection R313-15-1102(1)(b) for three years after the record is made.

R313-15-1103. Records of Surveys.

(1) Each licensee or registrant shall maintain records showing the results of surveys and calibrations required by Section R313-15-501 and Subsection R313-15-906(2). The licensee or registrant shall retain these records for three years after the record is made.

(2) The licensee or registrant shall retain each of the following records until the Executive Secretary terminates each pertinent license or registration requiring the record:

(a) Records of the results of surveys to determine the dose from external sources of radiation used, in the absence of or in combination with individual monitoring data, in the assessment of individual dose equivalents; and

(b) Records of the results of measurements and calculations used to determine individual intakes of radioactive

material and used in the assessment of internal dose; and

(c) Records showing the results of air sampling, surveys, and bioassays required pursuant to Subsections R313-15-703(3)(a) and R313-15-703(3)(b); and

(d) Records of the results of measurements and calculations used to evaluate the release of radioactive effluents to the environment.

R313-15-1104. Records of Tests for Leakage or Contamination of Sealed Sources.

Records of tests for leakage or contamination of sealed sources required by Section R313-15-1401 shall be kept in units of becquerel or microcurie and maintained for inspection by the Executive Secretary for five years after the records are made.

R313-15-1105. Records of Prior Occupational Dose.

For each individual who is likely to receive in a year an occupational dose requiring monitoring pursuant to Section R313-15-502, the licensee or registrant shall retain the records of prior occupational dose and exposure history as specified in Section R313-15-205 on form DRC-05 or equivalent until the Executive Secretary terminates each pertinent license requiring this record. The licensee or registrant shall retain records used in preparing form DRC-05 or equivalent for three years after the record is made.

R313-15-1106. Records of Planned Special Exposures.

(1) For each use of the provisions of Section R313-15-206 for planned special exposures, the licensee or registrant shall maintain records that describe:

(a) The exceptional circumstances requiring the use of a planned special exposure; and

(b) The name of the management official who authorized the planned special exposure and a copy of the signed authorization; and

(c) What actions were necessary; and

(d) Why the actions were necessary; and

(e) What precautions were taken to assure that doses were maintained ALARA; and

(f) What individual and collective doses were expected to result; and

(g) The doses actually received in the planned special exposure.

(2) The licensee or registrant shall retain the records until the Executive Secretary terminates each pertinent license or registration requiring these records.

R313-15-1107. Records of Individual Monitoring Results.

(1) Recordkeeping Requirement. Each licensee or registrant shall maintain records of doses received by all individuals for whom monitoring was required pursuant to Section R313-15-502, and records of doses received during planned special exposures, accidents, and emergency conditions. Assessments of dose equivalent and records made using units in effect before January 1, 1994, need not be changed. These records shall include, when applicable:

(a) The deep dose equivalent to the whole body, lens dose equivalent, shallow dose equivalent to the skin, and shallow dose equivalent to the extremities; and

(b) The estimated intake of radionuclides, see Section R313-15-202; and

(c) The committed effective dose equivalent assigned to the intake of radionuclides; and

(d) The specific information used to calculate the committed effective dose equivalent pursuant to Subsections R313-15-204(1) and R313-15-204(3) and when required by Section R313-15-502; and

(e) The total effective dose equivalent when required by Section R313-15-202; and

(f) The total of the deep dose equivalent and the committed dose to the organ receiving the highest total dose.

(2) Recordkeeping Frequency. The licensee or registrant shall make entries of the records specified in Subsection R313-15-1107(1) at intervals not to exceed one year.

(3) Recordkeeping Format. The licensee or registrant shall maintain the records specified in Subsection R313-15-1107(1) on form DRC-06, in accordance with the instructions for form DRC-06, or in clear and legible records containing all the information required by form DRC-06.

(4) The licensee or registrant shall maintain the records of dose to an embryo/fetus with the records of dose to the declared pregnant woman. The declaration of pregnancy, including the estimated date of conception, shall also be kept on file, but may be maintained separately from the dose records.

(5) The licensee or registrant shall retain each required form or record until the Executive Secretary terminates each pertinent license or registration requiring the record.

R313-15-1108. Records of Dose to Individual Members of the Public.

(1) Each licensee or registrant shall maintain records sufficient to demonstrate compliance with the dose limit for individual members of the public. See Section R313-15-301.

(2) The licensee or registrant shall retain the records required by Subsection R313-15-1108(1) until the Executive Secretary terminates each pertinent license or registration requiring the record. Requirements for disposition of these records, prior to license termination, are located in Section R313-12-51 for activities licensed under these rules.

R313-15-1109. Records of Waste Disposal.

(1) Each licensee or registrant shall maintain records of the disposal of licensed or registered materials made pursuant to Sections R313-15-1002, R313-15-1003, R313-15-1004, R313-15-1005, Rule R313-25, and disposal by burial in soil, including burials authorized before January 28, 1981.

(2) The licensee or registrant shall retain the records required by Subsection R313-15-1109(1) until the Executive Secretary terminates each pertinent license or registration requiring the record.

R313-15-1110. Records of Testing Entry Control Devices for Very High Radiation Areas.

(1) Each licensee or registrant shall maintain records of tests made pursuant to Subsection R313-15-603(2)(i) on entry control devices for very high radiation areas. These records shall include the date, time, and results of each such test of function.

(2) The licensee or registrant shall retain the records required by Subsection R313-15-1110(1) for three years after the record is made.

R313-15-1111. Form of Records.

Each record required by Rule R313-15 shall be legible throughout the specified retention period. The record shall be the original or a reproduced copy or a microform, provided that the copy or microform is authenticated by authorized personnel and that the microform is capable of producing a clear copy throughout the required retention period or the record may also be stored in electronic media with the capability for producing legible, accurate, and complete records during the required retention period. Records, such as letters, drawings, and specifications, shall include all pertinent information, such as stamps, initials, and signatures. The licensee shall maintain adequate safeguards against tampering with and loss of records.

R313-15-1201. Reports of Stolen, Lost, or Missing Licensed or Registered Sources of Radiation.

(1) Telephone Reports. Each licensee or registrant shall report to the Executive Secretary by telephone as follows:

(a) Immediately after its occurrence becomes known to the licensee or registrant, stolen, lost, or missing licensed or registered radioactive material in an aggregate quantity equal to or greater than 1,000 times the quantity specified in Appendix C of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, under such circumstances that it appears to the licensee or registrant that an exposure could result to individuals in unrestricted areas;

(b) Within 30 days after its occurrence becomes known to the licensee or registrant, lost, stolen, or missing licensed or registered radioactive material in an aggregate quantity greater than ten times the quantity specified in Appendix C of 10 CFR 20.1001 to 20.2402, (2010), which is incorporated by reference, that is still missing.

(c) Immediately after its occurrence becomes known to the registrant, a stolen, lost, or missing radiation machine.

(2) Written Reports. Each licensee or registrant required to make a report pursuant to Subsection R313-15-1201(1) shall, within 30 days after making the telephone report, make a written report to the Executive Secretary setting forth the following information:

(a) A description of the licensed or registered source of radiation involved, including, for radioactive material, the kind, quantity, and chemical and physical form; and, for radiation machines, the manufacturer, model and serial number, type and maximum energy of radiation emitted;

(b) A description of the circumstances under which the loss or theft occurred; and

(c) A statement of disposition, or probable disposition, of the licensed or registered source of radiation involved; and

(d) Exposures of individuals to radiation, circumstances under which the exposures occurred, and the possible total effective dose equivalent to persons in unrestricted areas; and

(e) Actions that have been taken, or will be taken, to recover the source of radiation; and

(f) Procedures or measures that have been, or will be, adopted to ensure against a recurrence of the loss or theft of licensed or registered sources of radiation.

(3) Subsequent to filing the written report, the licensee or registrant shall also report additional substantive information on the loss or theft within 30 days after the licensee or registrant learns of such information.

(4) The licensee or registrant shall prepare any report filed with the Executive Secretary pursuant to Section R313-15-1201 so that names of individuals who may have received exposure to radiation are stated in a separate and detachable portion of the report.

R313-15-1202. Notification of Incidents.

(1) Immediate Notification. Notwithstanding other requirements for notification, each licensee or registrant shall immediately report each event involving a source of radiation possessed by the licensee or registrant that may have caused or threatens to cause any of the following conditions:

(a) An individual to receive;

(i) A total effective dose equivalent of 0.25 Sv (25 rem) or more; or

(ii) A lens dose equivalent of 0.75 Sv (75 rem) or more; or

(iii) A shallow dose equivalent to the skin or extremities or a total organ dose equivalent of 2.5 Gy (250 rad) or more; or

(b) The release of radioactive material, inside or outside of a restricted area, so that, had an individual been present for 24 hours, the individual could have received an intake five times the occupational ALI. This provision does not apply to locations where personnel are not normally stationed during routine operations, such as hot-cells or process enclosures.

(2) Twenty-Four Hour Notification. Each licensee or

registrant shall, within 24 hours of discovery of the event, report to the Executive Secretary each event involving loss of control of a licensed or registered source of radiation possessed by the licensee or registrant that may have caused, or threatens to cause, any of the following conditions:

- (a) An individual to receive, in a period of 24 hours:
 - (i) A total effective dose equivalent exceeding 0.05 Sv (five rem); or
 - (ii) A lens dose equivalent exceeding 0.15 Sv (15 rem); or
 - (iii) A shallow dose equivalent to the skin or extremities or a total organ dose equivalent exceeding 0.5 Sv (50 rem); or
- (b) The release of radioactive material, inside or outside of a restricted area, so that, had an individual been present for 24 hours, the individual could have received an intake in excess of one occupational ALI. This provision does not apply to locations where personnel are not normally stationed during routine operations, such as hot-cells or process enclosures.
- (3) The licensee or registrant shall prepare each report filed with the Executive Secretary pursuant to Section R313-15-1202 so that names of individuals who have received exposure to sources of radiation are stated in a separate and detachable portion of the report.
- (4) Licensees or registrants shall make the reports required by Subsections R313-15-1202(1) and R313-15-1202(2) to the Executive Secretary by telephone, telegram, mailgram, or facsimile.
- (5) The provisions of Section R313-15-1202 do not apply to doses that result from planned special exposures, provided such doses are within the limits for planned special exposures and are reported pursuant to Section R313-15-1204.

R313-15-1203. Reports of Exposures, Radiation Levels, and Concentrations of Radioactive Material Exceeding the Constraints or Limits.

- (1) Reportable Events. In addition to the notification required by Section R313-15-1202, each licensee or registrant shall submit a written report within 30 days after learning of any of the following occurrences:
 - (a) Incidents for which notification is required by Section R313-15-1202; or
 - (b) Doses in excess of any of the following:
 - (i) The occupational dose limits for adults in Section R313-15-201; or
 - (ii) The occupational dose limits for a minor in Section R313-15-207; or
 - (iii) The limits for an embryo/fetus of a declared pregnant woman in Section R313-15-208; or
 - (iv) The limits for an individual member of the public in Section R313-15-301; or
 - (v) Any applicable limit in the license or registration; or
 - (vi) The ALARA constraints for air emissions established under Subsection R313-15-101(4); or
 - (c) Levels of radiation or concentrations of radioactive material in:
 - (i) A restricted area in excess of applicable limits in the license or registration; or
 - (ii) An unrestricted area in excess of ten times the applicable limit set forth in Rule R313-15 or in the license or registration, whether or not involving exposure of any individual in excess of the limits in Section R313-15-301; or
 - (d) For licensees subject to the provisions of U.S. Environmental Protection Agency's generally applicable environmental radiation standards in 40 CFR 190, levels of radiation or releases of radioactive material in excess of those standards, or of license conditions related to those standards.
- (2) Contents of Reports.
 - (a) Each report required by Subsection R313-15-1203(1) shall describe the extent of exposure of individuals to radiation and radioactive material, including, as appropriate:

- (i) Estimates of each individual's dose; and
 - (ii) The levels of radiation and concentrations of radioactive material involved; and
 - (iii) The cause of the elevated exposures, dose rates, or concentrations; and
 - (iv) Corrective steps taken or planned to ensure against a recurrence, including the schedule for achieving conformance with applicable limits, ALARA constraints, generally applicable environmental standards, and associated license or registration conditions.
- (b) Each report filed pursuant to Subsection R313-15-1203(1) shall include for each occupationally overexposed individual: the name, Social Security account number, and date of birth. With respect to the limit for the embryo/fetus in Section R313-15-208, the identifiers should be those of the declared pregnant woman. The report shall be prepared so that this information is stated in a separate and detachable portion of the report.
- (3) All licensees or registrants who make reports pursuant to Subsection R313-15-1203(1) shall submit the report in writing to the Executive Secretary.

R313-15-1204. Reports of Planned Special Exposures.

The licensee or registrant shall submit a written report to the Executive Secretary within 30 days following any planned special exposure conducted in accordance with Section R313-15-206, informing the Executive Secretary that a planned special exposure was conducted and indicating the date the planned special exposure occurred and the information required by Section R313-15-1106.

R313-15-1205. Reports to Individuals of Exceeding Dose Limits.

When a licensee or registrant is required, pursuant to the provisions of Sections R313-15-1203 or R313-15-1204, to report to the Executive Secretary any exposure of an identified occupationally exposed individual, or an identified member of the public, to sources of radiation, the licensee or registrant shall also provide the individual a written report on the exposure data included in the report to the Executive Secretary. This report shall be transmitted at a time no later than the transmittal to the Executive Secretary.

R313-15-1206. Reports of Transactions Involving Nationally Tracked Sources.

Each licensee who manufactures, transfers, receives, disassembles, or disposes of a nationally tracked source shall complete and submit a National Source Tracking Transaction Report as specified in paragraphs (1) through (5) of this section for each type of transaction.

- (1) Each licensee who manufactures a nationally tracked source shall complete and submit a National Source Tracking Transaction Report. The report must include the following information:
 - (a) The name, address, and license number of the reporting licensee;
 - (b) The name of the individual preparing the report;
 - (c) The manufacturer, model, and serial number of the source;
 - (d) The radioactive material in the source;
 - (e) The initial source strength in becquerels (curies) at the time of manufacture; and
 - (f) The manufacture date of the source.
- (2) Each licensee that transfers a nationally tracked source to another person shall complete and submit a National Source Tracking Transaction Report. The report must include the following information:
 - (a) The name, address, and license number of the reporting licensee;

(b) The name of the individual preparing the report;
 (c) The name and license number of the recipient facility and the shipping address;

(d) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;

(e) The radioactive material in the source;

(f) The initial or current source strength in becquerels (curies);

(g) The date for which the source strength is reported;

(h) The shipping date;

(i) The estimated arrival date; and

(j) For nationally tracked sources transferred as waste under a Uniform Low-Level Radioactive Waste Manifest, the waste manifest number and the container identification of the container with the nationally tracked source.

(3) Each licensee that receives a nationally tracked source shall complete and submit a National Source Tracking Transaction Report. The report must include the following information:

(a) The name, address, and license number of the reporting licensee;

(b) The name of the individual preparing the report;

(c) The name, address, and license number of the person that provided the source;

(d) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;

(e) The radioactive material in the source;

(f) The initial or current source strength in becquerels (curies);

(g) The date for which the source strength is reported;

(h) The date of receipt; and

(i) For material received under a Uniform Low-Level Radioactive Waste Manifest, the waste manifest number and the container identification with the nationally tracked source.

(4) Each licensee that disassembles a nationally tracked source shall complete and submit a National Source Tracking Transaction Report. The report must include the following information:

(a) The name, address, and license number of the reporting licensee;

(b) The name of the individual preparing the report;

(c) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;

(d) The radioactive material in the source;

(e) The initial or current source strength in becquerels (curies);

(f) The date for which the source strength is reported; and

(g) The disassemble date of the source.

(5) Each licensee who disposes of a nationally tracked source shall complete and submit a National Source Tracking Transaction Report. The report must include the following information:

(a) The name, address, and license number of the reporting licensee;

(b) The name of the individual preparing the report;

(c) The waste manifest number;

(d) The container identification with the nationally tracked source.

(e) The date of disposal; and

(f) The method of disposal.

(6) The reports discussed in paragraphs (1) through (5) of this section must be submitted by the close of the next business day after the transaction. A single report may be submitted for multiple sources and transactions. The reports must be submitted to the National Source Tracking System by using:

(a) The on-line National Source Tracking System;

(b) Electronically using a computer-readable format;

(c) By facsimile;

(d) By mail to the address on the National Source Tracking Transaction Report Form (NRC Form 748); or

(e) By telephone with followup by facsimile or mail.

(7) Each licensee shall correct any error in previously filed reports or file a new report for any missed transaction within 5 business days of the discovery of the error or missed transaction. Such errors may be detected by a variety of methods such as administrative reviews or by physical inventories required by regulation. In addition, each licensee shall reconcile the inventory of nationally tracked sources possessed by the licensee against that licensee's data in the National Source Tracking System. The reconciliation must be conducted during the month of January in each year. The reconciliation process must include resolving any discrepancies between the National Source Tracking System and the actual inventory by filing the reports identified by paragraphs (1) through (5) of this section. By January 31 of each year, each licensee must submit to the National Source Tracking System confirmation that the data in the National Source Tracking System is correct.

(8) Each licensee that possesses Category 1 nationally tracked sources shall report its initial inventory of Category 1 nationally tracked sources to the National Source Tracking System by November 15, 2007. Each licensee that possesses Category 2 nationally tracked sources shall report its initial inventory of Category 2 nationally tracked sources to the National Source Tracking System by November 30, 2007. The information may be submitted by using any of the methods identified by paragraph (6)(a) through (6)(d) of this section. The initial inventory report must include the following information:

(a) The name, address, and license number of the reporting licensee;

(b) The name of the individual preparing the report;

(c) The manufacturer, model, and serial number of each nationally tracked source or, if not available, other information to uniquely identify the source;

(d) The radioactive material in the sealed source;

(e) The initial or current source strength in becquerels (curies); and

(f) The date for which the source strength is reported.

R313-15-1207. Notifications and Reports to Individuals.

(1) Requirements for notification and reports to individuals of exposure to radiation or radioactive material are specified in Rule R313-18.

(2) When a licensee or registrant is required pursuant to Section R313-15-1203 to report to the Executive Secretary any exposure of an individual to radiation or radioactive material, the licensee or registrant shall also notify the individual. Such notice shall be transmitted at a time not later than the transmittal to the Executive Secretary, and shall comply with the provisions of Rule R313-18.

R313-15-1208. Reports of Leaking or Contaminated Sealed Sources.

If the test for leakage or contamination required pursuant to Section R313-15-1401 indicates a sealed source is leaking or contaminated, a report of the test shall be filed within five days with the Executive Secretary describing the equipment involved, the test results and the corrective action taken.

R313-15-1301. Vacating Premises.

Each specific licensee or registrant shall, no less than 30 days before vacating or relinquishing possession or control of premises which may have been contaminated with radioactive material as a result of his activities, notify the Executive

Secretary in writing of intent to vacate. When deemed necessary by the Executive Secretary, the licensee shall decontaminate the premises in such a manner that the annual total effective dose equivalent to any individual after the site is released for unrestricted use should not exceed 0.1 mSv (0.01 rem) above background and that the annual total effective dose equivalent from any specific environmental source during decommissioning activities should not exceed 0.1 mSv (0.01 rem) above background.

R313-15-1401. Testing for Leakage or Contamination of Sealed Sources.

(1) The licensee or registrant in possession of any sealed source shall assure that:

(a) Each sealed source, except as specified in Subsection R313-15-1401(2), is tested for leakage or contamination and the test results are received before the sealed source is put into use unless the licensee or registrant has a certificate from the transferor indicating that the sealed source was tested within six months before transfer to the licensee or registrant.

(b) Each sealed source that is not designed to emit alpha particles is tested for leakage or contamination at intervals not to exceed six months or at alternative intervals approved by the Executive Secretary, an Agreement State, a Licensing State, or the U.S. Nuclear Regulatory Commission.

(c) Each sealed source that is designed to emit alpha particles is tested for leakage or contamination at intervals not to exceed three months or at alternative intervals approved by the Executive Secretary, an Agreement State, a Licensing State, or the Nuclear Regulatory Commission.

(d) For each sealed source that is required to be tested for leakage or contamination, at any other time there is reason to suspect that the sealed source might have been damaged or might be leaking, the licensee or registrant shall assure that the sealed source is tested for leakage or contamination before further use.

(e) Tests for leakage for all sealed sources, except brachytherapy sources manufactured to contain radium, shall be capable of detecting the presence of 185 Bq (0.005 uCi) of radioactive material on a test sample. Test samples shall be taken from the sealed source or from the surfaces of the container in which the sealed source is stored or mounted on which one might expect contamination to accumulate. For a sealed source contained in a device, test samples are obtained when the source is in the "off" position.

(f) The test for leakage for brachytherapy sources manufactured to contain radium shall be capable of detecting an absolute leakage rate of 37 Bq (0.001 uCi) of radon-222 in a 24 hour period when the collection efficiency for radon-222 and its daughters has been determined with respect to collection method, volume and time.

(g) Tests for contamination from radium daughters shall be taken on the interior surface of brachytherapy source storage containers and shall be capable of detecting the presence of 185 Bq (0.005 uCi) of a radium daughter which has a half-life greater than four days.

(2) A licensee or registrant need not perform tests for leakage or contamination on the following sealed sources:

(a) Sealed sources containing only radioactive material with a half-life of less than 30 days;

(b) Sealed sources containing only radioactive material as a gas;

(c) Sealed sources containing 3.7 MBq (100 uCi) or less of beta or photon-emitting material or 370 kBq (ten uCi) or less of alpha-emitting material;

(d) Sealed sources containing only hydrogen-3;

(e) Seeds of iridium-192 encased in nylon ribbon; and

(f) Sealed sources, except teletherapy and brachytherapy sources, which are stored, not being used and identified as in

storage. The licensee or registrant shall, however, test each such sealed source for leakage or contamination and receive the test results before any use or transfer unless it has been tested for leakage or contamination within six months before the date of use or transfer.

(3) Tests for leakage or contamination from sealed sources shall be performed by persons specifically authorized by the Executive Secretary, an Agreement State, a Licensing State, or the U.S. Nuclear Regulatory Commission to perform such services.

(4) Test results shall be kept in units of becquerel or microcurie and maintained for inspection by representatives of the Executive Secretary. Records of test results for sealed sources shall be made pursuant to Section R313-15-1104.

(5) The following shall be considered evidence that a sealed source is leaking:

(a) The presence of 185 Bq (0.005 uCi) or more of removable contamination on any test sample.

(b) Leakage of 37 Bq (0.001 uCi) of radon-222 per 24 hours for brachytherapy sources manufactured to contain radium.

(c) The presence of removable contamination resulting from the decay of 185 Bq (0.005 uCi) or more of radium.

(6) The licensee or registrant shall immediately withdraw a leaking sealed source from use and shall take action to prevent the spread of contamination. The leaking sealed source shall be repaired or disposed of in accordance with Rule R313-15.

(7) Reports of test results for leaking or contaminated sealed sources shall be made pursuant to Section R313-15-1208.

October 13, 2010

19-3-104

Notice of Continuation December 10, 2007

19-3-108

R313. Environmental Quality, Radiation Control.**R313-18. Notices, Instructions and Reports to Workers by Licensees or Registrants--Inspections.****R313-18-1. Purpose and Authority.**

(1) The purpose of this rule is to establish requirements for notices, instructions and reports by licensees or registrants to individuals engaged in work under a license or registration and options available to such individuals in connection with inspections of licensees or registrants.

(2) The rules set forth herein are adopted pursuant to the provisions of Sections 19-3-104(4) and 19-3-104(8).

R313-18-2. General.

The rules of R313-18 shall apply to all persons who receive, possess, use, own or transfer a source of radiation licensed by or registered with the Department pursuant to the rules in R313-16, R313-19 or R313-22.

R313-18-11. Posting of Notices to Workers.

(1) Licensees or registrants shall post current copies of the following documents:

(a) the rules in R313-15 and R313-18;

(b) the license, certificate of registration, conditions or documents incorporated into the license by reference and amendments thereto;

(c) the operating procedures applicable to work under the license or registration; and

(d) a notice of violation involving radiological working conditions, proposed imposition of civil penalty, order issued pursuant to R313-14, or any response from the licensee or registrant.

(2) If posting of a document specified in R313-18-11(1)(a), (b), or (c) is not practicable, the licensee or registrant may post a notice which describes the document and states where it may be examined.

(3) DRC-04 "Notice to Employees," shall be posted by licensees or registrants wherever individuals work in or frequent a portion of a restricted area.

(4) Documents from the Executive Secretary which are posted pursuant to R313-18-11(1)(d) shall be posted within five working days after receipt of the documents from the Executive Secretary; the licensee's or registrant's response, if there is one, shall be posted for a minimum of five working days after dispatch from the licensee or registrant. The documents shall remain posted for a minimum of five working days or until action correcting the violation has been completed, whichever is later.

(5) Documents, notices or forms posted pursuant to R313-18-11 shall appear in a sufficient number of places to permit individuals engaged in work under the license or registration to observe them on the way to or from any particular work location to which the document applies, shall be conspicuous, and shall be replaced if defaced or altered.

R313-18-12. Instructions to Workers.

(1) All individuals who in the course of employment are likely to receive in a year an occupational dose in excess of 1.0 mSv (100 mrem):

(a) shall be kept informed of the storage, transfer, or use of sources of radiation in the licensee's or registrant's workplace;

(b) shall be instructed in the health protection considerations associated with exposure to radiation or radioactive material to the individual and potential offspring, in precautions or procedures to minimize exposure, and in the purposes and functions of protective devices employed;

(c) shall be instructed in, and instructed to observe, to the extent within the worker's control, the applicable provisions of these rules and licenses for the protection of personnel from exposure to radiation or radioactive material;

(d) shall be instructed as to their responsibility to report promptly to the licensee or registrant a condition which may constitute, lead to, or cause a violation of the Act, these rules, or a condition of the licensee's license or unnecessary exposure to radiation or radioactive material;

(e) shall be instructed in the appropriate response to warnings made in the event of an unusual occurrence or malfunction that may involve exposure to radiation or radioactive material; and

(f) shall be advised as to the radiation exposure reports which workers shall be furnished pursuant to R313-18-13.

(2) In determining those individuals subject to the requirements of R313-18-12(1), licensees must take into consideration assigned activities during normal and abnormal situations involving exposure to radiation or radioactive material which can reasonably be expected to occur during the life of a licensed facility. The extent of these instructions shall be commensurate with potential radiological health protection considerations for the workplace.

R313-18-13. Notifications and Reports to Individuals.

(1) Radiation exposure data for an individual and the results of measurements, analyses, and calculations of radioactive material deposited or retained in the body of an individual shall be reported to the individual as specified in R313-18-13. The information reported shall include data and results obtained pursuant to these rules, orders, or license conditions, as shown in records maintained by the licensee or registrant pursuant to R313-15-1107. Notifications and reports shall:

(a) be in writing;

(b) include appropriate identifying data such as the name of the licensee or registrant, the name of the individual, and the individual's identification number, preferably social security number;

(c) include the individual's exposure information; and

(d) contain the following statement:

"This report is furnished to you under the provisions of the Utah Administrative Code Section R313-18-13. You should preserve this report for further reference."

(2) Licensees or registrants shall make dose information available to workers as shown in records maintained by the licensee or registrant pursuant to R313-15-1107. The licensee shall provide an annual report to each individual monitored under R313-15-502 of the dose received in that monitoring year if:

(a) The individual's occupational dose exceeds 1 mSv (100 mrem) TEDE or 1 mSv (100 mrem) to any individual organ or tissue; or

(b) The individual requests his or her annual dose report.

(3) Licensees or registrants shall furnish a written report of the worker's exposure to sources of radiation at the request of a worker formerly engaged in activities controlled by the licensee or registrant. The report shall include the dose record for each year the worker was required to be monitored pursuant to R313-15-502. The report shall be furnished within 30 days from the date of the request, or within 30 days after the dose of the individual has been determined by the licensee or registrant, whichever is later. The report shall cover the period of time that the worker's activities involved exposure to sources of radiation and shall include the dates and locations of work under the license or registration in which the worker participated during this period.

(4) When a licensee or registrant is required pursuant to R313-15-1202, R313-15-1203, or R313-15-1204 to report to the Executive Secretary an exposure of an individual to sources of radiation, the licensee or registrant shall also provide the individual a written report on the exposure data included in the report to the Executive Secretary. This report shall be

transmitted at a time no later than the transmittal to the Executive Secretary.

(5) At the request of a worker who is terminating employment with the licensee or registrant in work involving exposure to radiation or radioactive material, during the current year, the licensee or registrant shall provide at termination to the worker, or to the worker's designee, a written report regarding the radiation dose received by that worker from operations of the licensee or registrant during the current year or fraction thereof. If the most recent individual monitoring results are not available at that time, a written estimate of the dose shall be provided together with a clear indication that this is an estimate.

R313-18-14. Presence of Representatives of Licensees or Registrants and Workers During Inspection.

(1) Licensees or registrants shall afford representatives of the Board or the Executive Secretary, at reasonable times, the opportunity to inspect materials, machines, activities, facilities, premises, and records pursuant to these rules.

(2) During an inspection, representatives of the Board or the Executive Secretary may consult privately with workers as specified in R313-18-15. The licensee or registrant may accompany representatives during other phases of an inspection.

(3) If, at the time of inspection, an individual has been authorized by the workers to represent them during Department inspections, the licensee or registrant shall notify the representatives of the Board or the Executive Secretary of the authorization and shall give the workers' representative an opportunity to accompany the representatives during the inspection of physical working conditions.

(4) The workers' representative shall be routinely engaged in work under control of the licensee or registrant and shall have received instructions as specified in R313-18-12.

(5) Different representatives of licensees or registrants and workers may accompany the representatives of the Board or the Executive Secretary during different phases of an inspection if there is no resulting interference with the conduct of the inspection. However, only one workers' representative at a time may accompany the representatives of the Board or the Executive Secretary.

(6) With the approval of the licensee or registrant and the workers' representative, an individual who is not routinely engaged in work under control of the licensee or registrant, for example, a consultant to the licensee or registrant or to the workers' representative, shall be afforded the opportunity to accompany representatives of the Board or the Executive Secretary during the inspection of physical working conditions.

(7) Notwithstanding the other provisions of R313-18-14, representatives of the Board or the Executive Secretary are authorized to refuse to permit accompaniment by an individual who deliberately interferes with a fair and orderly inspection. With regard to areas containing information classified by an Agency of the U.S. Government in the interest of national security, an individual who accompanies an inspector may have access to such information only if authorized to do so. With regard to areas containing proprietary information, the workers' representative for that area shall be an individual previously authorized by the licensee or registrant to enter that area.

R313-18-15. Consultation with Workers During Inspections.

(1) Representatives of the Board or the Executive Secretary may consult privately with workers concerning matters of occupational radiation protection and other matters related to applicable provisions of these rules and licenses to the extent the representatives deem necessary for the conduct of an effective and thorough inspection.

(2) During the course of an inspection, workers may bring privately to the attention of the representatives of the Board or the Executive Secretary, either orally or in writing, a past or

present condition which the worker has reason to believe may have contributed to or caused a violation of the Act, these rules, or license condition, or an unnecessary exposure of an individual to sources of radiation under the licensee's or registrant's control. A notice in writing shall comply with the requirements of R313-18-16(1).

(3) The provisions of R313-18-15(2) shall not be interpreted as authorization to disregard instructions pursuant to R313-18-12.

R313-18-16. Request by Workers for Inspections.

(1) A worker or representative of workers believing that a violation of the Act, these rules, or license conditions exists or has occurred in work under a license or registration with regard to radiological working conditions in which the worker is engaged, may request an inspection by giving notice of the alleged violation to the Executive Secretary. The notice shall be in writing, shall set forth the specific grounds for the notice, and shall be signed by the worker or representative of the workers. A copy shall be provided to the licensee or registrant by representatives of the Board or the Executive Secretary no later than at the time of inspection except that, upon the request of the worker giving the notice, his name and the name of individuals referred to therein shall not appear in a copy or on a record published, released, or made available by the Department except for good cause shown.

(2) If, upon receipt of the notice, representatives of the Board or the Executive Secretary, determine that the complaint meets the requirements set forth in R313-18-16(1), and that there are reasonable grounds to believe that the alleged violation exists or has occurred, an inspection shall be made as soon as practicable to determine if the alleged violation exists or has occurred. Inspections pursuant to R313-18-16 need not be limited to matters referred to in the complaint.

(3) A licensee, registrant or contractor or subcontractor of a licensee or registrant shall not discharge or discriminate against a worker because that worker has filed a complaint or instituted or caused to be instituted a proceeding under these rules or has testified or is about to testify in a proceeding or because of the exercise by the worker on behalf of the worker or others of an option afforded by R313-18.

R313-18-17. Inspections Not Warranted -- Informal Review.

(1)(a) If the representatives of the Board or the Executive Secretary determine, with respect to a complaint under Section R313-18-16, that an inspection is not warranted because there are no reasonable grounds to believe that a violation exists or has occurred, the Executive Secretary shall notify the complainant in writing of that determination. The complainant may obtain review of the determination by submitting a written statement of position with the Executive Secretary. The Executive Secretary will provide the licensee or registrant with a copy of the statement by certified mail, excluding, at the request of the complainant, the name of the complainant. The licensee or registrant may submit an opposing written statement of position with the Executive Secretary. The Executive Secretary will provide the complainant with a copy of the statement by certified mail.

(b) Upon the request of the complainant, the Board may hold an informal conference in which the complainant and the licensee or registrant may orally present their views. An informal conference may also be held at the request of the licensee or registrant, but disclosure of the identity of the complainant will be made only following receipt of written authorization from the complainant. After considering written and oral views presented, the Board shall affirm, modify, or reverse the determination of the representatives of the Board or the Executive Secretary and furnish the complainant and the

licensee or registrant a written notification of the decision and the reason therefor.

(2) If the Executive Secretary determines that an inspection is not warranted because the requirements of R313-18-16(1) have not been met, the complainant shall be notified in writing of the determination. The determination shall be without prejudice to the filing of a new complaint meeting the requirements of R313-18-16(1).

KEY: radioactive materials, inspections, radiation safety, licensing

October 13, 2010

19-3-104

Notice of Continuation July 10, 2006

19-3-108

R313. Environmental Quality, Radiation Control.**R313-19. Requirements of General Applicability to Licensing of Radioactive Material.****R313-19-1. Purpose and Authority.**

(1) The purpose of this rule is to prescribe requirements governing the licensing of radioactive material. This rule also gives notice to all persons who knowingly provide to any licensee, applicant, certificate of registration holder, contractor, or subcontractor, components, equipment, materials, or other goods or services, that relate to a licensee's, applicant's or certificate of registration holder's activities subject to these rules, that they may be individually subject to Executive Secretary enforcement action for violation of Section R313-19-5.

(2) The rules set forth herein are adopted pursuant to the provisions of Subsections 19-3-104(4) and 19-3-104(8).

R313-19-2. General.

(1) A person shall not manufacture, produce, receive, possess, use, transfer, own or acquire radioactive material except as authorized in a specific or general license issued pursuant to Rules R313-21 or R313-22 or as otherwise provided in Rule R313-19.

(2) In addition to the requirements of Rules R313-19, R313-21 or R313-22, all licensees are subject to the requirements of Rules R313-12, R313-15, and R313-18. Licensees authorized to use sealed sources containing radioactive materials in panoramic irradiators with dry or wet storage of radioactive sealed sources, underwater irradiators, or irradiators with high dose rates from radioactive sealed sources are subject to the requirements of Rule R313-34, licensees engaged in industrial radiographic operations are subject to the requirements of Rule R313-36, licensees using radionuclides in the healing arts are subject to the requirements of Rule R313-32, licensees engaged in land disposal of radioactive material are subject to the requirements of Rule R313-25, and licensees engaged in wireline and subsurface tracer studies are subject to the requirements of Rule R313-38. Licensees engaged in source material milling operations, authorized to possess byproduct material, as defined in Section R313-12-3 (see definition (b)) from source material milling operations, authorized to possess and maintain a source material milling facility in standby mode, authorized to receive byproduct material from other persons for disposal, or authorized to possess and dispose of byproduct material generated by source material milling operations are subject to the requirements of Rule R313-24.

R313-19-5. Deliberate Misconduct.

(1) Any licensee, certificate of registration holder, applicant for a license or certificate of registration, employee of a licensee, certificate of registration holder or applicant; or any contractor, including a supplier or consultant, subcontractor, employee of a contractor or subcontractor of any licensee or certificate of registration holder or applicant for a license or certificate of registration, who knowingly provides to any licensee, applicant, certificate holder, contractor, or subcontractor, any components, equipment, materials, or other goods or services that relate to a licensee's, certificate holder's or applicant's activities in these rules, may not:

(a) Engage in deliberate misconduct that causes or would have caused, if not detected, a licensee, certificate of registration holder, or applicant to be in violation of any rule or order; or any term, condition, or limitation of any license issued by the Executive Secretary; or

(b) Deliberately submit to the Executive Secretary, a licensee, certificate of registration holder, an applicant, or a licensee's, certificate holder's or applicant's, contractor or subcontractor, information that the person submitting the information knows to be incomplete or inaccurate in some

respect material to the Executive Secretary.

(2) A person who violates Subsections R313-19-5(1)(a) or (b) may be subject to enforcement action in accordance with Rule R313-14.

(3) For the purposes of Subsection R313-19-5(1)(a), deliberate misconduct by a person means an intentional act or omission that the person knows:

(a) Would cause a licensee, certificate of registration holder or applicant to be in violation of any rule or order; or any term, condition, or limitation, of any license issued by the Executive Secretary; or

(b) Constitutes a violation of a requirement, procedure, instruction, contract, purchase order, or policy of a licensee, certificate of registration holder, applicant, contractor, or subcontractor.

R313-19-13. Exemptions.

(1) Source material.

(a) A person is exempt from Rules R313-19, R313-21, and R313-22 to the extent that the person receives, possesses, uses, owns, or transfers source material in a chemical mixture, compound, solution or alloy in which the source material is by weight less than 1/20 of one percent (0.05 percent) of the mixture, compound, solution, or alloy.

(b) A person is exempt from Rules R313-19, R313-21, and R313-22 to the extent that the person receives, possesses, uses or transfers unrefined and unprocessed ore containing source material; provided, that, except as authorized in a specific license, such person shall not refine or process the ore.

(c) A person is exempt from Rules R313-19, R313-21, and R313-22 to the extent that the person receives, possesses, uses or transfers:

(i) any quantities of thorium contained in:

(A) incandescent gas mantles,

(B) vacuum tubes,

(C) welding rods,

(D) electric lamps for illuminating purposes: provided that, each lamp does not contain more than 50 milligrams of thorium,

(E) germicidal lamps, sunlamps, and lamps for outdoor or industrial lighting provided that each lamp does not contain more than two grams of thorium,

(F) rare earth metals and compounds, mixtures, and products containing not more than 0.25 percent by weight thorium, uranium, or any combination of these, or

(G) personnel neutron dosimeters provided that each dosimeter does not contain more than 50 milligrams of thorium;

(ii) source material contained in the following products:

(A) glazed ceramic tableware, provided that the glaze contains not more than 20 percent by weight source material,

(B) piezoelectric ceramic containing not more than two percent by weight source material, or

(C) glassware containing not more than ten percent by weight source material, but not including commercially manufactured glass brick, pane glass, ceramic tile, or other glass or ceramic used in construction;

(iii) photographic film, negatives and prints containing uranium or thorium;

(iv) a finished product or part fabricated of, or containing, tungsten-thorium or magnesium-thorium alloys, provided that the thorium content of the alloy does not exceed four percent by weight and that this exemption shall not be deemed to authorize the chemical, physical, or metallurgical treatment or processing of the product or part;

(v) uranium contained in counterweights installed in aircraft, rockets, projectiles, and missiles, or stored or handled in connection with installation or removal of the counterweights, provided that:

(A) the counterweights are manufactured in accordance

with a specific license issued by the U.S. Nuclear Regulatory Commission authorizing distribution by the licensee pursuant to 10 CFR Part 40,

(B) each counterweight has been impressed with the following legend clearly legible through any plating or other covering: "DEPLETED URANIUM",

(C) each counterweight is durably and legibly labeled or marked with the identification of the manufacturer and the statement: "UNAUTHORIZED ALTERATIONS PROHIBITED",

(D) The requirements specified in Subsections R313-19-13(1)(c)(v)(B) and (C) need not be met by counterweights manufactured prior to December 31, 1969, provided that such counterweights are impressed with the legend, "CAUTION - RADIOACTIVE MATERIAL - URANIUM", as previously required by the rules, and

(E) the exemption contained in Subsection R313-19-13(1)(c)(v) shall not be deemed to authorize the chemical, physical, or metallurgical treatment or processing of counterweights other than repair or restoration of any plating or other covering;

(vi) natural or depleted uranium metal used as shielding constituting part of a shipping container which is conspicuously and legibly impressed with the legend "CAUTION - RADIOACTIVE SHIELDING - URANIUM" and the uranium metal is encased in mild steel or equally fire resistant metal of minimum wall thickness of one eighth inch (3.2 mm);

(vii) thorium contained in finished optical lenses, provided that each lens does not contain more than 30 percent by weight of thorium, and that this exemption shall not be deemed to authorize either:

(A) the shaping, grinding, or polishing of a lens or manufacturing processes other than the assembly of such lens into optical systems and devices without alteration of the lens, or

(B) the receipt, possession, use, or transfer of thorium contained in contact lenses, or in spectacles, or in eyepieces in binoculars or other optical instruments;

(viii) uranium contained in detector heads for use in fire detection units, provided that each detector head contains not more than 0.005 microcurie (185.0 Bq) of uranium; or

(ix) thorium contained in a finished aircraft engine part containing nickel-thoria alloy, provided that:

(A) the thorium is dispersed in the nickel-thoria alloy in the form of finely divided thoria (thorium dioxide), and

(B) the thorium content in the nickel-thoria alloy does not exceed four percent by weight.

(d) The exemptions in Subsection R313-19-13(1)(c) do not authorize the manufacture of any of the products described.

(2) Radioactive material other than source material.

(a) Exempt concentrations.

(i) Except as provided in Subsection R313-19-13(2)(a)(iii) a person is exempt from Rules R313-19, R313-21 and R313-22 to the extent that the person receives, possesses, uses, transfers, owns or acquires products or materials containing:

(A) radioactive material introduced in concentrations not in excess of those listed in Section R313-19-70, or

(B) diffuse sources of natural occurring radioactive materials containing less than 15 picocuries per gram radium-226.

(ii) A manufacturer, processor, or producer of a product or material is exempt from the requirements for a license set forth in Rules R313-19, R313-21 and R313-22 and Rules R313-32, R313-34, R313-36, and R313-38 to the extent that the person transfers:

(A) radioactive material contained in a product or material in concentrations not in excess of those specified in R313-19-70; and

(B) introduced into the product or material by a licensee

holding a specific license issued by the U.S. Nuclear Regulatory Commission authorizing the introduction.

(C) The exemption in R313-19-13-2(a)(ii)(A) and R313-19-13-2(a)(ii)(B) does not apply to the transfer of radioactive material contained in any food, beverage, cosmetic, drug, or other commodity or product designed for ingestion or inhalation by, or application to, a human being.

(iii) A person may not introduce radioactive material into a product or material knowing or having reason to believe that it will be transferred to persons exempt under Subsection R313-19-13(2)(a)(i) or equivalent regulations of a Licensing State, the U.S. Nuclear Regulatory Commission or an Agreement State, except in accordance with a specific license issued pursuant to Subsection R313-22-75(1).

(b) Exempt quantities.

(i) Except as provided in Subsections R313-19-13(2)(b)(ii) through (iv) a person is exempt from these rules to the extent that the person receives, possesses, uses, transfers, owns, or acquires radioactive material in individual quantities which do not exceed the applicable quantity set forth in Section R313-19-71.

(ii) Subsection R313-19-13(2)(b) does not authorize the production, packaging or repackaging of radioactive material for purposes of commercial distribution, or the incorporation of radioactive material into products intended for commercial distribution.

(iii) A person may not, for purposes of commercial distribution, transfer radioactive material in the individual quantities set forth in Section R313-19-71, knowing or having reason to believe that the quantities of radioactive material will be transferred to persons exempt under Subsection R313-19-13(2)(b) or equivalent regulations of a Licensing State, the U.S. Nuclear Regulatory Commission or an Agreement State, except in accordance with a specific license issued by the U.S. Nuclear Regulatory Commission, pursuant to 10 CFR Part 32 or by the Executive Secretary pursuant to Subsection R313-22-75(2), which license states that the radioactive material may be transferred by the licensee to persons exempt under Subsection R313-19-13(2)(b) or the equivalent regulations of a Licensing State, the U.S. Nuclear Regulatory Commission or an Agreement State.

(iv) A person who possesses radioactive material received or acquired prior to September 25, 1971, under the general license formerly provided in 10 CFR Part 31.4 or equivalent regulations of a State is exempt from the requirements for a license set forth in Rule R313-19 to the extent that the person possesses, uses, transfers or owns radioactive material. This exemption does not apply for diffuse sources of radium-226.

(v) No person may, for purposes of producing an increased radiation level, combine quantities of radioactive material covered by this exemption so that the aggregate quantity exceeds the limits set forth in R313-19-71, except for radioactive material combined within a device placed in use before May 3, 1999, or as otherwise provided by these rules.

(c) Exempt items.

(i) Certain items containing radioactive material. Except for persons who apply radioactive material to, or persons who incorporate radioactive material into the following products, a person is exempt from these rules to the extent that person receives, possesses, uses, transfers, owns or acquires the following products:

(A) Timepieces or hands or dials containing not more than the following specified quantities of radioactive material and not exceeding the following specified levels of radiation:

(I) 25 millicuries (925.0 MBq) of tritium per timepiece;

(II) five millicuries (185.0 MBq) of tritium per hand;

(III) 15 millicuries (555.0 MBq) of tritium per dial.

Bezels when used shall be considered as part of the dial;

(IV) 100 microcuries (3.7 MBq) of promethium-147 per

watch or 200 microcuries (7.4 MBq) of promethium-147 per any other timepiece;

(V) 20 microcuries (0.74 MBq) of promethium-147 per watch hand or 40 microcuries (1.48 MBq) of promethium-147 per other timepiece hand;

(VI) 60 microcuries (2.22 MBq) of promethium-147 per watch dial or 120 microcuries (4.44 MBq) of promethium-147 per other timepiece dial. Bezels when used shall be considered as part of the dial;

(VII) the radiation dose rate from hands and dials containing promethium-147 will not exceed, when measured through 50 milligrams per square centimeter of absorber:

for wrist watches, 0.1 millirad (1.0 uGy) per hour at ten centimeters from any surface;

for pocket watches, 0.1 millirad (1.0 uGy) per hour at one centimeter from any surface;

for other timepieces, 0.2 millirad (2.0 uGy) per hour at ten centimeters from any surface;

(VIII) one microcurie (37.0 kBq) of radium-226 per timepiece in timepieces manufactured prior to November 30, 2007.

(B) Precision balances containing not more than one millicurie (37.0 MBq) of tritium per balance or not more than 0.5 millicurie (18.5 MBq) of tritium per balance part manufactured before June 9, 2010.

(C) Marine compasses containing not more than 750 millicuries (27.8 GBq) of tritium gas and other marine navigational instruments containing not more than 250 millicuries (9.25 GBq) of tritium gas manufactured before June 9, 2010.

(D) Ionization chamber smoke detectors containing not more than 1 microcurie (37 kBq) of americium-241 per detector in the form of a foil and designed to protect life and property from fires.

(E) Electron tubes, including spark gap tubes, power tubes, gas tubes including glow lamps, receiving tubes, microwave tubes, indicator tubes, pick-up tubes, radiation detection tubes, and other completely sealed tubes that are designed to conduct or control electrical currents; provided that each tube does not contain more than one of the following specified quantities of radioactive material:

(I) 150 millicuries (5.55 GBq) of tritium per microwave receiver protector tube or ten millicuries (370.0 MBq) of tritium per any other electron tube;

(II) one microcurie (37.0 kBq) of cobalt-60;

(III) five microcuries (185.0 kBq) of nickel-63;

(IV) 30 microcuries (1.11 MBq) of krypton-85;

(V) five microcuries (185.0 kBq) of cesium-137;

(VI) 30 microcuries (1.11 MBq) of promethium-147;

(VII) one microcurie (37.0 kBq) of radium-226;

and provided further, that the radiation dose rate from each electron tube containing radioactive material will not exceed one millirad (10.0 uGy) per hour at one centimeter from any surface when measured through seven milligrams per square centimeter of absorber.

(F) Ionizing radiation measuring instruments containing, for purposes of internal calibration or standardization, one or more sources of radioactive material, provided that:

(I) each source contains no more than one exempt quantity set forth in Section R313-19-71; and

(II) each instrument contains no more than ten exempt quantities. For purposes of this requirement, an instrument's source(s) may contain either one type or different types of radionuclides and an individual exempt quantity may be composed of fractional parts of one or more of exempt quantities in Section R313-19-71, provided that the sum of the fractions shall not exceed unity;

(III) for purposes of Subsection R313-19-13(2)(c)(i)(F), 0.05 microcurie (1.85 kBq) of americium-241 is considered an

exempt quantity under Section R313-19-71.

(ii) Self-luminous products containing radioactive material.

(A) Tritium, krypton-85 or promethium-147. Except for persons who manufacture, process or produce self-luminous products containing tritium, krypton-85 or promethium-147, a person is exempt from these rules to the extent that the person receives, possesses, uses, transfers, owns, or acquires tritium, krypton-85 or promethium-147 in self-luminous products manufactured, processed, produced, imported or transferred in accordance with a specific license issued by the U.S. Nuclear Regulatory Commission pursuant to 10 CFR Part 32.22, which license authorizes the transfer of the product to persons who are exempt from regulatory requirements. The exemption in Subsection R313-19-13(2)(c)(ii) does not apply to tritium, krypton-85, or promethium-147 used in products for frivolous purposes or in toys or adornments.

(B) Radium-226. A person is exempt from these rules, to the extent that such person receives, possesses, uses, transfers, or owns articles containing less than 0.1 microcurie (3.7 kBq) of radium-226 which were acquired prior to the effective date of these rules.

(iii) Gas and aerosol detectors containing radioactive material.

(A) Except for persons who manufacture, process, produce, or initially transfer for sale or distribution gas and aerosol detectors containing radioactive material, a person is exempt from these rules to the extent that the person receives, possesses, uses, transfers, owns, or acquires radioactive material in gas and aerosol detectors designed to protect life or property from fires and airborne hazards, provided that detectors containing radioactive material shall have been manufactured, processed, produced, or initially transferred in accordance with a specific license issued by the U.S. Nuclear Regulatory Commission pursuant to 10 CFR Part 32.26, or manufactured or distributed before November 30, 2007 in accordance with a specific license issued by an Agreement State or Licensing State under comparable provisions to 10 CFR 32.26 (2010) authorizing distribution to persons who are exempt from regulatory requirements.

(iv) Capsules containing carbon-14 urea for "in vivo" diagnostic use for humans.

(A) Except as provided in Subsection R313-19-13(2)(c)(iv)(B), any person is exempt from the requirements in Rules R313-19 and R313-32 provided that the person receives, possesses, uses, transfers, owns, or acquires capsules containing 37 kBq (1 uCi) carbon-14 urea (allowing for nominal variation that may occur during the manufacturing process) each, for "in vivo" diagnostic use for humans.

(B) Any person who desires to use the capsules for research involving human subjects shall apply for and receive a specific license pursuant to Rule R313-32.

(C) Nothing in Subsection R313-19-13(2)(c)(iv) relieves persons from complying with applicable United States Food and Drug Administration, other Federal, and State requirements governing receipt, administration, and use of drugs.

(v) With respect to Subsections R313-19-13(2)(b)(iii), R313-19-13(2)(c)(i), (iii) and (iv), the authority to transfer possession or control by the manufacturer, processor, or producer of equipment, devices, commodities, or other products containing byproduct material whose subsequent possession, use, transfer, and disposal by other persons is exempted from regulatory requirements may be obtained only from the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.

R313-19-20. Types of Licenses.

Licenses for radioactive materials are of two types: general and specific.

(1) General licenses provided in Rule R313-21 are

effective without the filing of applications with the Executive Secretary or the issuance of licensing documents to the particular persons, although the filing of a registration certificate with the Executive Secretary may be required by the particular general licensee. The general licensee is subject to the other applicable portions of these rules and limitations of the general license.

(2) Specific licenses require the submission of an application to the Executive Secretary and the issuance of a licensing document by the Executive Secretary. The licensee is subject to applicable portions of these rules as well as limitations specified in the licensing document.

R313-19-25. Prelicensing Inspection.

The Executive Secretary may verify information contained in applications and secure additional information deemed necessary to make a reasonable determination as to whether to issue a license and whether special conditions should be attached thereto by visiting the facility or location where radioactive materials would be possessed or used, and by discussing details of the proposed possession or use of the radioactive materials with the applicant or representatives designated by the applicant. Such visits may be made by representatives of the Board or the Executive Secretary.

R313-19-30. Reciprocal Recognition of Licenses.

(1) Subject to these rules, a person who holds a specific license from the U.S. Nuclear Regulatory Commission, an Agreement State, or Licensing State, and issued by the agency having jurisdiction where the licensee maintains an office for directing the licensed activity and at which radiation safety records are normally maintained, is hereby granted a general license to conduct the activities authorized in the licensing document within this state, except in areas of exclusive federal jurisdiction, for a period not in excess of 180 days in a calendar year provided that:

(a) the licensing document does not limit the activity authorized by the document to specified installations or locations;

(b) the out-of-state licensee notifies the Executive Secretary in writing at least three days prior to engaging in such activity. Notifications shall indicate the location, period, and type of proposed possession and use within the state, and shall be accompanied by a copy of the pertinent licensing document. If, for a specific case, the three-day period would impose an undue hardship on the out-of-state licensee, the licensee may, upon application to the Executive Secretary, obtain permission to proceed sooner. The Executive Secretary may waive the requirement for filing additional written notifications during the remainder of the calendar year following the receipt of the initial notification from a person engaging in activities under the general license provided in Subsection R313-19-30(1);

(c) the out-of-state licensee complies with all applicable rules of the Board and with the terms and conditions of the licensing document, except those terms and conditions which may be inconsistent with applicable rules of the Board;

(d) the out-of-state licensee supplies other information as the Executive Secretary may request; and

(e) the out-of-state licensee shall not transfer or dispose of radioactive material possessed or used under the general license provided in Subsection R313-19-30(1) except by transfer to a person specifically licensed by the Executive Secretary or by the U.S. Nuclear Regulatory Commission, a Licensing State, or an Agreement State to receive the material.

(2) Notwithstanding the provisions of Subsection R313-19-30(1), a person who holds a specific license issued by the U.S. Nuclear Regulatory Commission, a Licensing State, or an Agreement State authorizing the holder to manufacture, transfer, install, or service a device described in Subsection R313-21-

22(4) within the areas subject to the jurisdiction of the licensing body is hereby granted a general license to install, transfer, demonstrate, or service a device in this state provided that:

(a) the person shall file a report with the Executive Secretary within thirty days after the end of a calendar quarter in which a device is transferred to or installed in this state. Reports shall identify each general licensee to whom a device is transferred by name and address, the type of device transferred, and the quantity and type of radioactive material contained in the device;

(b) the device has been manufactured, labeled, installed, and serviced in accordance with applicable provisions of the specific license issued to the person by the Nuclear Regulatory Commission, a Licensing State, or an Agreement State;

(c) the person shall assure that any labels required to be affixed to the device under rules of the authority which licensed manufacture of the device bear a statement that "Removal of this label is prohibited"; and

(d) the holder of the specific license shall furnish to the general licensee to whom the device is transferred or on whose premises a device is installed a copy of the general license contained in Subsection R313-21-22(4) or in equivalent rules of the agency having jurisdiction over the manufacture and distribution of the device.

(3) The Executive Secretary may withdraw, limit, or qualify his acceptance of a specific license or equivalent licensing document issued by the U.S. Nuclear Regulatory Commission, a Licensing State or an Agreement State, or a product distributed pursuant to the licensing document, upon determining that the action is necessary in order to prevent undue hazard to public health and safety or the environment.

R313-19-34. Terms and Conditions of Licenses.

(1) Licenses issued pursuant to Rule R313-19 shall be subject to provisions of the Act, now or hereafter in effect, and to all rules, and orders of the Executive Secretary.

(2) Licenses issued or granted under Rules R313-21 and R313-22 and rights to possess or utilize radioactive material granted by a license issued pursuant to Rules R313-21 and R313-22 shall not be transferred, assigned, or in any manner disposed of, either voluntarily or involuntarily, directly or indirectly, through transfer of control of a license to a person unless the Executive Secretary shall, after securing full information find that the transfer is in accordance with the provisions of the Act now or hereafter in effect, and to all rules, and orders of the Executive Secretary, and shall give his consent in writing.

(3) Persons licensed by the Executive Secretary pursuant to Rules R313-21 and R313-22 shall confine use and possession of the material licensed to the locations and purposes authorized in the license.

(4) Licensees shall notify the Executive Secretary in writing and request termination of the license when the licensee decides to terminate activities involving materials authorized under the license.

(5) Licensees shall notify the Executive Secretary in writing immediately following the filing of a voluntary or involuntary petition for bankruptcy under any Chapter of Title 11, Bankruptcy, of the United States Code by or against:

(a) the licensee;

(b) an entity, as that term is defined in 11 USC 101(14), controlling the licensee or listing the license or licensee as property of the estate; or

(c) an affiliate, as that term is defined in 11 USC 101(2), of the licensee.

(6) The notification specified in Subsection R313-19-34(5) shall indicate:

(a) the bankruptcy court in which the petition for bankruptcy was filed; and

(b) the date of the filing of the petition.

(7) Licensees required to submit emergency plans pursuant to Subsection R313-22-32(8) shall follow the emergency plan approved by the Executive Secretary. The licensee may change the approved plan without the Executive Secretary's approval only if the changes do not decrease the effectiveness of the plan. The licensee shall furnish the change to the Executive Secretary and to affected off-site response organizations within six months after the change is made. Proposed changes that decrease, or potentially decrease, the effectiveness of the approved emergency plan may not be implemented without prior application to and prior approval by the Executive Secretary.

(8) Each licensee preparing technetium-99m radiopharmaceuticals from molybdenum-99/technetium-99m generators or rubidium-82 from strontium-82/rubidium-82 generators shall test the generator eluates for molybdenum-99 breakthrough or strontium-82 and strontium-85 contamination, respectively, in accordance with Rule R313-32 (incorporating 10 CFR 35.204 by reference). The licensee shall record the results of each test and retain each record for three years after the record is made.

(9) Each portable gauge licensee shall use a minimum of two independent physical controls that form tangible barriers to secure portable gauges from unauthorized removal, whenever portable gauges are not under the control and constant surveillance of the licensee.

(10) (a) Authorization under Subsection R313-22-32(9) to produce Positron Emission Tomography (PET) radioactive drugs for noncommercial transfer to medical use licensees in its consortium does not relieve the licensee from complying with applicable FDA, other Federal, and State requirements governing radioactive drugs.

(b) A licensee authorized under Subsection R313-22-32(9) to produce PET radioactive drugs for noncommercial transfer to medical use licensees in its consortium shall:

(i) Satisfy the labeling requirements in Subsection R313-22-75(9)(a)(iv) for each PET radioactive drug transport radiation shield and each syringe, vial, or other container used to hold a PET radioactive drug intended for noncommercial distribution to members of its consortium.

(ii) Possess and use instrumentation to measure the radioactivity of the PET radioactive drugs intended for noncommercial distribution to members of its consortium and meet the procedural, radioactivity measurement, instrument test, instrument check, and instrument adjustment requirements in Subsection R313-22-75(9)(c).

(c) A licensee that is a pharmacy authorized under Subsection R313-22-32(9) to produce PET radioactive drugs for noncommercial transfer to medical use licensees in its consortium shall require that any individual that prepares PET radioactive drugs shall be:

(i) an authorized nuclear pharmacist that meets the requirements in Subsection R313-22-75(9)(b)(ii); or

(ii) an individual under the supervision of an authorized nuclear pharmacist as specified in Rule R313-32 (incorporating 10 CFR 35.27 by reference).

(d) A pharmacy authorized under Subsection R313-22-32(9) to produce PET radioactive drugs for noncommercial transfer to medical use licensees in its consortium that allows an individual to work as an authorized nuclear pharmacist, shall meet the requirements of Subsection R313-22-75(9)(b)(v).

R313-19-41. Transfer of Material.

(1) Licensees shall not transfer radioactive material except as authorized pursuant to Section R313-19-41.

(2) Except as otherwise provided in the license and subject to the provisions of Subsections R313-19-41(3) and (4), licensees may transfer radioactive material:

(a) to the Executive Secretary, if prior approval from the

Executive Secretary has been received;

(b) to the U.S. Department of Energy;

(c) to persons exempt from the rules in Rule R313-19 to the extent permitted under the exemption;

(d) to persons authorized to receive the material under terms of a general license or its equivalent, or a specific license or equivalent licensing document, issued by the Executive Secretary, the U.S. Nuclear Regulatory Commission, an Agreement State or a Licensing State, or to a person otherwise authorized to receive the material by the federal government or an agency thereof, the Executive Secretary, an Agreement State or a Licensing State; or

(e) as otherwise authorized by the Executive Secretary in writing.

(3) Before transferring radioactive material to a specific licensee of the Executive Secretary, the U.S. Nuclear Regulatory Commission, an Agreement State or a Licensing State, or to a general licensee who is required to register with the Executive Secretary, the U.S. Nuclear Regulatory Commission, an Agreement State or a Licensing State prior to receipt of the radioactive material, the licensee transferring the material shall verify that the transferee's license authorizes the receipt of the type, form, and quantity of radioactive material to be transferred.

(4) The following methods for the verification required by Subsection R313-19-41(3) are acceptable:

(a) the transferor may possess, and read a current copy of the transferee's specific license or registration certificate;

(b) the transferor may possess a written certification by the transferee that the transferee is authorized by license or registration certificate to receive the type, form, and quantity of radioactive material to be transferred, specifying the license or registration certificate number, issuing agency, and expiration date;

(c) for emergency shipments, the transferor may accept oral certification by the transferee that the transferee is authorized by license or registration certificate to receive the type, form, and quantity of radioactive material to be transferred, specifying the license or registration certificate number, issuing agency, and expiration date, provided that the oral certification is confirmed in writing within ten days;

(d) the transferor may obtain other information compiled by a reporting service from official records of the Executive Secretary, the U.S. Nuclear Regulatory Commission, an Agreement State, or a Licensing State regarding the identity of licensees and the scope and expiration dates of licenses and registration; or

(e) when none of the methods of verification described in Subsection R313-19-41(4) are readily available or when a transferor desires to verify that information received by one of the methods is correct or up-to-date, the transferor may obtain and record confirmation from the Executive Secretary, the U.S. Nuclear Regulatory Commission, an Agreement State, or a Licensing State that the transferee is licensed to receive the radioactive material.

(5) Shipment and transport of radioactive material shall be in accordance with the provisions of Section R313-19-100.

R313-19-50. Reporting Requirements.

(1) Licensees shall notify the Executive Secretary as soon as possible but not later than four hours after the discovery of an event that prevents immediate protective actions necessary to avoid exposures to radiation or radioactive materials that could exceed regulatory limits or releases of licensed material that could exceed regulatory limits. Events may include fires, explosions, toxic gas releases, etc.

(2) The following events involving licensed material require notification of the Executive Secretary by the licensee within 24 hours:

- (a) an unplanned contamination event that:
- (i) requires access to the contamination area, by workers or the public, to be restricted for more than 24 hours by imposing additional radiological controls or by prohibiting entry into the area;
 - (ii) involves a quantity of material greater than five times the lowest annual limit on intake specified in Appendix B of 10 CFR 20.1001 through 20.2402 (2010), which is incorporated by reference, for the material; and
 - (iii) has access to the area restricted for a reason other than to allow radionuclides with a half-life of less than 24 hours to decay prior to decontamination; or
- (b) an event in which equipment is disabled or fails to function as designed when:
- (i) the equipment is required by rule or license condition to prevent releases exceeding regulatory limits, to prevent exposures to radiation and radioactive materials exceeding regulatory limits, or to mitigate the consequences of an accident;
 - (ii) the equipment is required by rule or license condition to be available and operable; and
 - (iii) no redundant equipment is available and operable to perform the required safety function; or
- (c) an event that requires unplanned medical treatment at a medical facility of an individual with spreadable radioactive contamination on the individual's clothing or body; or
- (d) an unplanned fire or explosion damaging licensed material or a device, container, or equipment containing licensed material when:
- (i) the quantity of material involved is greater than five times the lowest annual limit on intake specified in Appendix B of 10 CFR 20.1001 through 20.2402 (2010), which is incorporated by reference, for the material; and
 - (ii) the damage affects the integrity of the licensed material or its container.
- (3) Preparation and submission of reports. Reports made by licensees in response to the requirements of Section R313-19-50 must be made as follows:
- (a) For radioactive materials, other than special nuclear material, licensees shall make reports required by Subsections R313-19-50(1) and (2) by telephone to the Executive Secretary. To the extent that the information is available at the time of notification, the information provided in these reports must include:
- (i) the caller's name and call back telephone number;
 - (ii) a description of the event, including date and time;
 - (iii) the exact location of the event;
 - (iv) the radionuclides, quantities, and chemical and physical form of the licensed material involved; and
 - (v) available personnel radiation exposure data.
- (b) For special nuclear materials, licensees shall make reports required by Subsections R313-19-50(1) and (2) by telephone to the Executive Secretary. To the extent that the information is available at the time of notification, the information provided in these reports must include:
- (i) the caller's name, position title, and call-back telephone number;
 - (ii) the date, time, and exact location of the event; and
 - (iii) a description of the event, including:
 - (A) radiological or chemical hazards involved, including isotopes, quantities, and chemical and physical form of any material released; and
 - (B) actual or potential health and safety consequences to the workers, the public, and the environment, including relevant chemical and radiation data for actual personnel exposures to radiation or radioactive materials or hazardous chemicals produced from radioactive materials (e.g., level of radiation exposure, concentration of chemicals, and duration of exposure).
- (c) Written report for materials other than special nuclear

materials. A licensee who makes a report required by Subsections R313-19-50(1) or (2) shall submit a written follow-up report within 30 days of the initial report. Written reports prepared pursuant to other rules may be submitted to fulfill this requirement if the reports contain all of the necessary information and the appropriate distribution is made. These written reports shall be sent to the Executive Secretary. The report shall include the following:

- (i) A description of the event, including the probable cause and the manufacturer and model number, if applicable, of equipment that failed or malfunctioned;
 - (ii) the exact location of the event;
 - (iii) the radionuclides, quantities, and chemical and physical form of the licensed material involved;
 - (iv) date and time of the event;
 - (v) corrective actions taken or planned and results of evaluations or assessments; and
 - (vi) the extent of exposure of individuals to radiation or radioactive materials without identification of individuals by name.
- (d) Written report for special nuclear material. A licensee who makes a report required by Subsections R313-19-50(1) or (2) shall submit a written follow-up report within 30 days of the initial report. Written reports prepared pursuant to other rules may be submitted to fulfill this requirement if the reports contain all of the necessary information and the appropriate distribution is made. These written reports shall be sent to the Executive Secretary. The report shall include the following:
- (i) the complete applicable information required by Subsection R313-19-50(3)(b);
 - (ii) the probable cause of the event, including all factors that contributed to the event and the manufacturer and model number (if applicable) of any equipment that failed or malfunctioned; and
 - (iii) corrective actions taken or planned to prevent occurrence of similar or identical events in the future and the results of any evaluations or assessments.

R313-19-61. Modification, Revocation, and Termination of Licenses.

- (1) The terms and conditions of all licenses shall be subject to amendment, revision, or modification or the license may be suspended or revoked by reason of amendments to the Act, or by reason of rules, and orders issued by the Executive Secretary.
- (2) Licenses may be revoked, suspended, or modified, in whole or in part, for any material false statement in the application or any statement of fact required under provisions of the Act, or because of conditions revealed by the application or statement of fact or any report, record, or inspection or other means which would warrant the Executive Secretary to refuse to grant a license on an original application, or for violation of, or failure to observe any of the terms and conditions of the Act, or of the license, or of any rule, or order of the Executive Secretary.
- (3) Administrative reviews, modifications, revocations or terminations of licenses will be in accordance with Title 19, Chapter 3.
- (4) The Executive Secretary may terminate a specific license upon written request submitted by the licensee to the Executive Secretary.

R313-19-70. Exempt Concentrations of Radioactive Materials.

Refer to Subsection R313-19-13(2)(a)

TABLE

Column I Concentration	Column II
---------------------------	-----------

Element (Atomic Number)	Radionuclide	Material Normally Used As Gas (uCi/ml)	Concentration Liquid (uCi/ml) Solid (uCi/g)			
Antimony (51)	Sb-122		3 E-4	Potassium (19)	Pt-193m	1 E-2
	Sb-124		2 E-4	Praseodymium (59)	Pt-197m	1 E-2
	Sb-125		1 E-3		Pt-197	1 E-3
Argon (18)	Ar-37	1 E-3			K-42	3 E-3
	Ar-41	4 E-7			Pr-142	3 E-4
Arsenic (33)	As-73		5 E-3	Promethium (61)	Pr-143	5 E-4
	As-74		5 E-4		Pm-147	2 E-3
	As-76		2 E-4		Pm-149	4 E-3
	As-77		8 E-4	Rhenium (75)	Re-183	6 E-4
Barium (56)	Ba-131		2 E-3		Re-186	9 E-3
	Ba-140		3 E-4	Rhodium (45)	Re-188	6 E-4
Beryllium (4)	Be-7		2 E-2		Rh-103m	1 E-1
Bismuth (83)	Bi-206		4 E-4	Rubidium (37)	Rh-105	1 E-3
Bromine (35)	Br-82	4 E-7	3 E-3	Ruthenium (44)	Rb-86	7 E-4
Cadmium (48)	Cd-109		2 E-3		Ru-97	4 E-4
	Cd-115m		3 E-4		Ru-103	8 E-4
	Cd-115		3 E-4		Ru-105	1 E-3
Calcium (20)	Ca-45		9 E-5		Ru-106	1 E-4
	Ca-47		5 E-4	Samarium (62)	Sm-153	8 E-4
Carbon (6)	C-14	1 E-6	8 E-3	Scandium (21)	Sc-46	4 E-4
Cerium (58)	Ce-141		9 E-4		Sc-47	9 E-4
	Ce-143		4 E-4		Sc-48	3 E-4
	Ce-144		1 E-4	Selenium (34)	Se-75	3 E-3
Cesium (55)	Cs-131		2 E-2		Si-31	9 E-3
	Cs-134m		6 E-2	Silver (47)	Ag-105	1 E-3
	Cs-134		9 E-5		Ag-110m	3 E-4
Chlorine (17)	Cl-38	9 E-7	4 E-3		Ag-111	4 E-4
Chromium (24)	Cr-51		2 E-2	Sodium (11)	Na-24	2 E-3
Cobalt (27)	Co-57		5 E-3	Strontium (38)	Sr-85	1 E-4
	Co-58		1 E-3		Sr-89	1 E-4
	Co-60		5 E-4		Sr-91	7 E-4
Copper (29)	Cu-64		3 E-3	Sulfur (16)	Sr-92	7 E-4
Dysprosium (66)	Dy-165		4 E-3		S-35	9 E-8
	Dy-166		4 E-4	Tantalum (73)	Ta-182	6 E-4
Erbium (68)	Er-169		9 E-4	Technetium (43)	Tc-96m	4 E-4
	Er-171		1 E-3		Tc-96	1 E-1
Europium (63)	Eu-152		6 E-4	Tellurium (52)	Te-125m	1 E-3
	(T = 9.2 h)				Te-127m	2 E-3
	Eu-155		2 E-3		Te-127	6 E-4
Fluorine (9)	F-18	2 E-6	8 E-3		Te-129m	3 E-3
Gadolinium (64)	Gd-153		2 E-3		Te-129m	3 E-4
	Gd-159		8 E-4		Te-131m	6 E-4
Gallium (31)	Ga-72		4 E-4		Te-132	3 E-4
Germanium (32)	Ge-71		2 E-2	Terbium (65)	Tb-160	4 E-4
Gold (79)	Au-196		2 E-3	Thallium (81)	Tl-200	4 E-3
	Au-198		5 E-4		Tl-201	3 E-3
	Au-199		2 E-3		Tl-202	1 E-3
Hafnium (72)	Hf-181		7 E-4		Tl-204	1 E-3
Hydrogen (1)	H-3	5 E-6	3 E-2	Thulium (69)	Tm-170	5 E-4
Indium (49)	In-113m		1 E-2		Tm-171	5 E-3
	In-114m		2 E-4	Tin (50)	Sn-113	9 E-4
Iodine (53)	I-126	3 E-9	2 E-5		Sn-125	2 E-4
	I-131	3 E-9	2 E-5	Tungsten	W-181	4 E-3
	I-132	8 E-8	6 E-4	(Wolfram)(74)	W-187	7 E-4
	I-133	1 E-8	7 E-5	Vanadium (23)	V-48	3 E-4
	I-134	2 E-7	1 E-3	Xenon (54)	Xe-131m	4 E-6
Iridium (77)	Ir-190		2 E-3		Xe-133	3 E-6
	Ir-192		4 E-4	Ytterbium (70)	Xe-135	1 E-6
	Ir-194		3 E-4	Yttrium (39)	Yb-175	1 E-3
Iron (26)	Fe-55		8 E-3		Y-90	2 E-4
	Fe-59		6 E-4		Y-91m	3 E-2
Krypton (36)	Kr-85m	1 E-6			Y-91	3 E-4
	Kr-85	3 E-6			Y-92	6 E-4
Lanthanum (57)	La-140		2 E-4	Zinc (30)	Y-93	3 E-4
Lead (82)	Pb-203		4 E-3		Zn-65	1 E-3
Lutetium (71)	Lu-177		1 E-3	Zirconium (40)	Zn-69m	7 E-4
Manganese (25)	Mn-52		3 E-4		Zn-69	2 E-2
	Mn-54		1 E-3	Beta or gamma emitting radioactive material not listed above with half-life less than 3 years	Zr-95	6 E-4
Mercury (80)	Hg-197m		2 E-3		Zr-97	2 E-4
	Hg-197		3 E-3			
	Hg-203		2 E-4			
Molybdenum (42)	Mo-99		2 E-3			
Neodymium (60)	Nd-147		6 E-4			
	Nd-149		3 E-3			
Nickel (28)	Ni-65		1 E-3			
Niobium	Nb-95		1 E-3			
(Columbium)(41)	Nb-97		9 E-3			
Osmium (76)	Os-185		7 E-4			
	Os-191m		3 E-2			
	Os-191		2 E-3			
	Os-193		6 E-4			
Palladium (46)	Pd-103		3 E-3			
	Pd-109		9 E-4			
Phosphorus (15)	P-32		2 E-4			
Platinum (78)	Pt-191		1 E-3			

(1) In expressing the concentrations in Section R313-19-70, the activity stated is that of the parent radionuclide and takes into account the radioactive decay products, because many radionuclides disintegrate into radionuclides which are also radioactive.

(2) For purposes of Subsection R313-19-13(2)(a) where there is involved a combination of radionuclides, the limit for the combination should be derived as follows: Determine for each radionuclide in the product the ratio between the radioactivity concentration present in the product and the exempt radioactivity concentration established in Section R313-19-70 for the specific radionuclide when not in combination. The sum of the ratios may not exceed one or unity.

(3) To convert microcuries (uCi) to SI units of kilobecquerels (kBq), multiply the above values by 37.

R313-19-71. Exempt Quantities of Radioactive Materials.
Refer to Subsection R313-19-13(2)(b)

TABLE			
RADIOACTIVE MATERIAL	MICROCURIES		
Antimony-122 (Sb-122)	100	Lutetium-177 (Lu-177)	100
Antimony-124 (Sb-124)	10	Manganese-52 (Mn-52)	10
Antimony-125 (Sb-125)	10	Manganese-54 (Mn-54)	10
Arsenic-73 (As-73)	100	Manganese-56 (Mn-56)	10
Arsenic-74 (As-74)	10	Mercury-197m (Hg-197m)	100
Arsenic-76 (As-76)	10	Mercury-197 (Hg-197)	100
Arsenic-77 (As-77)	100	Mercury-203 (Hg-203)	10
Barium-131 (Ba-131)	10	Molybdenum-99 (Mo-99)	100

R313-19-100. Transportation.

For purposes of Section R313-19-100, 10 CFR 71.0(c), 71.1(a), 71.3, 71.4, 71.13, 71.14(a), 71.15, 71.17, 71.19(a), 71.19(b), 71.19(c), 71.20 through 71.23, 71.47, 71.83 through 71.89, 71.97, 71.101(a), 71.101(b), 71.101(c)(1), 71.101(g), 71.105, 71.127 through 71.137, and Appendix A to Part 71 (2010) are incorporated by reference with the following clarifications or exceptions:

- (1) The exclusion of the following:
 - (a) In 10 CFR 71.4 the following definitions:
 - (i) "close reflection by water";
 - (ii) "licensed material";
 - (iii) "optimum interspersed hydrogenous moderation";
 - (iv) "spent nuclear fuel or spent fuel"; and
 - (v) "state."
 - (2) The substitution of the following date reference:
 - (a) "October 1, 2011" for "October 1, 2008".
 - (3) The substitution of the following rule references:
 - (a) "R313-36 (incorporating 10 CFR 34.31(b) by reference)" for "Sec. 34.31(b) of this chapter" as found in 10 CFR 71.101(g);
 - (b) "R313-15-502" for reference to "10 CFR 20.1502";
 - (c) "R313-14" for reference to "10 CFR Part 2 Subpart B";
 - (d) "Rule R313-32, 10 CFR Part 35," for reference to "10 CFR part 35";
 - (e) "R313-15-906(5)" for reference to "10 CFR 20.1906(e)";
 - (f) "R313-19-100(5)" for "Sec.71.5";
 - (g) "10 CFR 71.101(a), 71.101(b), 71.101(c)(1), 71.101(g), 71.105, and 71.127 through 71.137" for "subpart H of this part" or for "subpart H" except in 10 CFR 71.17(b), 71.20(b), 71.21(b), 71.22(b), 71.23(b);
 - (h) "10 CFR 71.0(c), 71.1(a), 71.3, 71.4, 71.17(c)(2), 71.20(c)(2), 71.21(d)(2), 71.83 through 71.89, 71.97, 71.101(a), 71.101(b), 71.101(c)(1), 71.101(g), 71.105, and 71.127 through 71.137" for "subparts A, G, and H of this part";
 - (i) "10 CFR 71.47" for "subparts E and F of this part"; and
 - (j) "10 CFR 71.101(a), 71.101(b), 71.101(c)(1), 71.101(g), 71.105, and 71.127 through 71.137" for "Sec. Sec. 71.101 through 71.137."
 - (4) The substitution of the following terms:
 - (a) "Executive Secretary" for:
 - (i) "Commission" in 10 CFR 71.0(c), 71.17(a), 71.20(a), 71.21(a), 71.22(a), 71.23(a), and 71.101(c)(1);
 - (ii) "Director, Division of Nuclear Safety, Office of Nuclear Security and Incident Response" in 10 CFR 71.97(c)(1), and 71.97(f)(1);
 - (iii) "Director, Office of State Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001" in 10

CFR 71.97(c)(3)(iii);

- (iv) "NRC" in 10 CFR 71.101(f);
- (b) "Executive Secretary, the U.S. Nuclear Regulatory Commission, or an Agreement State" for "Commission" in 10 CFR 71.3;
- (c) "The Governor of Utah" for:
 - (i) "the governor of a State" in 71.97(a);
 - (ii) "each appropriate governor" in 10 CFR 71.97(c)(1);
 - (iii) "the governor" in 10 CFR 71.97(c)(3);
 - (iv) "the governor of the state" in 10 CFR 71.97(e);
 - (v) "the governor of each state" in 10 CFR 71.97(f)(1);
 - (vi) "a governor" in 10 CFR 71.97(e);
 - (d) "State of Utah" for "State" in 71.97(a), 71.97(b)(2), and 71.97(d)(4);
 - (e) "the Governor of Utah's" for:
 - (i) "the governor's" in 10 CFR 71.97(a), 71.97(c)(3), 71.97(c)(3)(iii), 71.97(e), and 71.97(f)(1);
 - (ii) "governor's" in 10 CFR 71.97(c)(1), and 71.97(e);
 - (f) "Specific or general" for "NRC" in 10 CFR 71.0(c);
 - (g) "The Executive Secretary at the address specified in R313-12-110" for reference to "ATTN: Document Control Desk, Director, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards" in 10 CFR 71.101(c)(1);
 - (h) "Each" for "Using an appropriate method listed in Sec. 71.1(a), each" in 10 CFR 71.101(c)(1);
 - (i) "The material must be contained in a Type A package meeting the requirements of 49 CFR 173.417(a)." for "The fissile material need not be contained in a package which meets the standards of subparts E and F of this part; however, the material must be contained in a Type A package. The Type A package must also meet the DOT requirements of 49 CFR 173.417(a)," as found in 10 CFR 71.22(a) and 71.23(a);
 - (j) "Licensee" for "licensee, certificate holder, and applicant for a COC"; and
 - (k) "Licensee is" for reference to "licensee, certificate holder, and applicant for a COC are."
 - (5) Transportation of licensed material
 - (a) Each licensee who transports licensed material outside the site of usage, as specified in the license issued by the Executive Secretary, the U.S. Nuclear Regulatory Commission or an Agreement State, or where transport is on public highways, or who delivers licensed material to a carrier for transport, shall comply with the applicable requirements of the U.S. Department of Transportation regulations in 49 CFR parts 107, 171 through 180, and 390 through 397 (2009), appropriate to the mode of transport.
 - (i) The licensee shall particularly note DOT regulations in the following areas:
 - (A) Packaging--49 CFR part 173: subparts A (49 CFR 173.1 through 49 CFR 173.13), B (49 CFR 173.21 through 49 CFR 173.40), and I (49 CFR 173.401 through 49 CFR 173.477).
 - (B) Marking and labeling--49 CFR part 172: subpart D (49 CFR 172.300 through 49 CFR 172.338); and 49 CFR 172.400 through 49 CFR 172.407 and 49 CFR 172.436 through 49 CFR 172.441 of subpart E.
 - (C) Placarding--49 CFR part 172: subpart F (49 CFR 172.500 through 49 CFR 172.560), especially 49 CFR 172.500 through 49 CFR 172.519 and 49 CFR 172.556; and appendices B and C.
 - (D) Accident reporting--49 CFR part 171: 49 CFR 171.15 and 171.16.
 - (E) Shipping papers and emergency information--49 CFR part 172: subparts C (49 CFR 172.200 through 49 CFR 172.205) and G (49 CFR 172.600 through 49 CFR 172.606).
 - (F) Hazardous material employee training--49 CFR part 172: subpart H (49 CFR 172.700 through 49 CFR 172.704).
 - (G) Security plans--49 CFR part 172: subpart I (49 CFR 172.800 through 49 CFR 172.804).
 - (H) Hazardous material shipper/carrier registration--49

CFR part 107: subpart G (49 CFR 107.600 through 49 CFR 107.606).

(ii) The licensee shall also note DOT regulations pertaining to the following modes of transportation:

(A) Rail--49 CFR part 174: subparts A through D (49 CFR 174.1 through 49 CFR 174.86) and K (49 CFR 174.700 through 49 CFR 174.750).

(B) Air--49 CFR part 175.

(C) Vessel--49 CFR part 176: subparts A through F (49 CFR 176.1 through 49 CFR 176.99) and M (49 CFR 176.700 through 49 CFR 107.720).

(D) Public Highway--49 CFR part 177 and parts 390 through 397.

(b) If DOT regulations are not applicable to a shipment of licensed material, the licensee shall conform to the standards and requirements of the DOT specified in paragraph (a) of this section to the same extent as if the shipment or transportation were subject to DOT regulations. A request for modification, waiver, or exemption from those requirements, and any notification referred to in those requirements, must be filed with, or made to, the Executive Secretary, P.O. Box 144850, Salt Lake City, Utah 84114-4850.

Notice of Continuation October 5, 2006 **19-3-108**

R313. Environmental Quality, Radiation Control.**R313-21. General Licenses.****R313-21-1. Purpose and Scope.**

(1) R313-21 establishes general licenses for the possession and use of radioactive material contained in certain items and a general license for ownership of radioactive material.

(2) The rules set forth herein are adopted pursuant to the provisions of Sections 19-3-104(3) and 19-3-104(6).

R313-21-21. General Licenses--Source Material.

(1) A general license is hereby issued authorizing commercial and industrial firms, research, educational and medical institutions, and state and local government agencies to use and transfer not more than 6.82 kilogram (15 lb) of source material at any one time for research, development, educational, commercial, or operational purposes. A person authorized to use or transfer source material, pursuant to this general license, may not receive more than a total of 68.2 kilogram (150 lb) of source material in any one calendar year.

(2) Persons who receive, possess, use, or transfer source material pursuant to the general license issued in R313-21-21(1) are exempt from the provisions of R313-15 and R313-18, to the extent that such receipt, possession, use or transfer is within the terms of the general license; provided, however, that this exemption shall not be deemed to apply to a person who is also in possession of source material under a specific license issued pursuant to R313-22.

(3) Persons who receive, possess, use, or transfer source material pursuant to the general license in R313-21-21(1) are prohibited from administering source material, or the radiation therefrom, either externally or internally, to human beings except as may be authorized by the Executive Secretary in a specific license.

(4) A general license is hereby issued authorizing the receipt of title to source material without regard to quantity. This general license does not authorize a person to receive, possess, use, or transfer source material.

(5) Depleted uranium in industrial products and devices.

(a) A general license is hereby issued to receive, acquire, possess, use, or transfer, in accordance with the provisions of R313-21-21(5)(b), (c), (d), and (e), depleted uranium contained in industrial products or devices for the purpose of providing a concentrated mass in a small volume of the product or device.

(b) The general license in R313-21-21(5)(a) applies only to industrial products or devices which have been manufactured or initially transferred, either in accordance with a specific license issued to the manufacturer of the products or devices pursuant to R313-22-75(11) or in accordance with a specific license issued to the manufacturer by the Nuclear Regulatory Commission, an Agreement State, or a Licensing State which authorizes manufacture of the products or devices for distribution to persons generally licensed by the Nuclear Regulatory Commission, an Agreement State, or a Licensing State.

(c)(i) Persons who receive, acquire, possess, or use depleted uranium pursuant to the general license established by R313-21-21(5)(a) shall file form DRC-12 "Registration Form-Use of Depleted Uranium Under General License," with the Executive Secretary. The form shall be submitted within 30 days after the first receipt or acquisition of depleted uranium. The registrant shall furnish on form DRC-12 the following information and other information as may be required by that form:

(A) name and address of the registrant;

(B) a statement that the registrant has developed and will maintain procedures designed to establish physical control over the depleted uranium described in R313-21-21(5)(a) and designed to prevent transfer of such depleted uranium in any form, including metal scrap, to persons not authorized to receive

the depleted uranium; and

(C) name and title, address, and telephone number of the individual duly authorized to act for and on behalf of the registrant in supervising the procedures identified in R313-21-21(5)(c)(i)(B).

(ii) The registrant possessing or using depleted uranium under the general license established by R313-21-21(5)(a) shall report in writing to the Executive Secretary any changes in information previously furnished on form DRC-12 "Registration Form - Use of Depleted Uranium Under General License." The report shall be submitted within 30 days after the effective date of the change.

(d) A person who receives, acquires, possesses, or uses depleted uranium pursuant to the general license established by R313-21-21(5)(a):

(i) shall not introduce depleted uranium, in any form, into a chemical, physical, or metallurgical treatment or process, except a treatment or process for repair or restoration of any plating or other covering of the depleted uranium;

(ii) shall not abandon depleted uranium;

(iii) shall transfer or dispose of depleted uranium only by transfer in accordance with the provisions of R313-19-41. In the case where the transferee receives the depleted uranium pursuant to the general license established by R313-21-21(5)(a), the transferor shall furnish the transferee a copy of R313-21 and a copy of form DRC-12. In the case where the transferee receives the depleted uranium pursuant to a general license contained in the Nuclear Regulatory Commission's or Agreement State's regulation equivalent to R313-21-21(5)(a), the transferor shall furnish the transferee a copy of this rule and a copy of form DRC-12 accompanied by a note explaining that use of the product or device is regulated by the Nuclear Regulatory Commission or Agreement State under requirements substantially the same as those in R313-21;

(iv) within 30 days of any transfer, shall report in writing to the Executive Secretary the name and address of the person receiving the depleted uranium pursuant to the transfer;

(v) shall not export depleted uranium except in accordance with a license issued by the Nuclear Regulatory Commission pursuant to 10 CFR Part 110; and

(vi) shall pay annual fees pursuant to R313-70.

(e) Any person receiving, acquiring, possessing, using, or transferring depleted uranium pursuant to the general license established by R313-21-21(5)(a) is exempt from the requirements of R313-15 and R313-18 of these rules with respect to the depleted uranium covered by that general license.

R313-21-22. General Licenses*--Radioactive Material Other Than Source Material.

NOTE: *Different general licenses are issued in this section, each of which has its own specific conditions and requirements.

(1) Certain devices and equipment. A general license is hereby issued to transfer, receive, acquire, own, possess, and use radioactive material incorporated in the following devices or equipment which have been manufactured, tested and labeled by the manufacturer in accordance with a specific license issued to the manufacturer by the Executive Secretary, the Nuclear Regulatory Commission, an Agreement State, or a Licensing State for use pursuant to 10 CFR 31.3. This general license is subject to the provisions of R313-12-51 through R313-12-70, R313-14, R313-15, R313-18 and R313-19 as applicable.

(a) Static Elimination Devices. Devices designed for use as static eliminators which contain, as a sealed source or sources, radioactive material consisting of a total of not more than 18.5 megabecquerel (500 uCi) of polonium-210 per device.

(b) Ion Generating Tube. Devices designed for ionization of air which contain, as a sealed source or sources, radioactive material consisting of a total of not more than 18.5

megabecquerel (500 uCi) of polonium-210 per device or a total of not more than 1.85 gigabecquerel (50 mCi) of hydrogen-3 (tritium) per device.

(2) Certain items and self-luminous products containing radium-226.

(a) A general license is hereby issued to a person to acquire, receive, possess, use, or transfer, in accordance with the provisions of Subsections R313-21-22(2)(b), R313-21-22(2)(c), and R313-21-22(2)(d), radium-226 contained in the following products manufactured prior to November 30, 2007.

(i) Antiquities originally intended for use by the general public. For the purposes of Subsection R313-21-22(2)(a), antiquities mean products originally intended for use by the general public and distributed in the late 19th and early 20th centuries, such as radium emanator jars, revigators, radium water jars, radon generators, refrigerator cards, radium bath salts, and healing pads.

(ii) Intact timepieces containing greater than 37 kilobecquerels (1 uCi), nonintact timepieces, and timepiece hands and dials no longer installed in timepieces.

(iii) Luminous items installed in air, marine, or land vehicles.

(iv) All other luminous products provided that no more than 100 items are used or stored at the same location at one time.

(v) Small radium sources containing no more than 37 kilobecquerels (1 uCi) of radium-226. For the purposes of Subsection R313-21-22(2)(a), "small radium sources" means discrete survey instrument check sources, sources contained in radiation measuring instruments, sources used in educational demonstrations such as cloud chambers and spinthariscopes, electron tubes, static eliminators, or as designated by the Executive Secretary.

(b) Persons who acquire, receive, possess, use, or transfer radioactive material under the general license issued in Subsection R313-21-22(2)(a) are exempt from the provisions of Rules R313-15, R313-18, and Sections R313-12-51 and R313-19-50, to the extent that the receipt, possession, use, or transfers of radioactive material is within the terms of the general license; provided, however, that this exemption shall not be deemed to apply to a person specifically licensed under Rule R313-22.

(c) A person who acquires, receives, possesses, uses, or transfers radioactive material in accordance with the general license in Subsection R313-21-22(2)(a):

(i) Shall notify the Executive Secretary should there be an indication of possible damage to the product so that it appears it could result in a loss of the radioactive material. A report containing a brief description of the event, and the remedial action taken, must be furnished to the Executive Secretary within 30 days.

(ii) Shall not abandon products containing radium-226. The product, and radioactive material from the product, may only be disposed of according to Section R313-15-1008 or by transfer to a person authorized by a specific license to receive the radium-226 in the product or as otherwise approved by the Executive Secretary.

(iii) Shall not export products containing radium-226 except in accordance with 10 CFR Part 110.

(iv) Shall dispose of products containing radium-226 at a disposal facility authorized to dispose of radioactive material in accordance with Federal or State solid or hazardous waste laws, including the Solid Waste Disposal Act, as authorized under the Energy Policy Act of 2005, by transfer to a person authorized to receive radium-226 under Rule R313-22 or equivalent regulations of the U.S. Nuclear Regulatory Commission or an Agreement State or as otherwise approved by the Executive Secretary.

(v) Shall respond to written requests from the Executive Secretary to provide information relating to the general license

within 30 calendar days of the date of the request, or other time specified in the request. If the general licensee cannot provide the requested information within the allotted time, it shall, within that same time period, request a longer period to supply the information by providing the Executive Secretary a written justification using the method stated in Section R313-12-110.

(d) The general license in R313-21-22(2)(a) does not authorize the manufacture, assembly, disassembly, repair, or import of products containing radium-226, except that timepieces may be disassembled and repaired.

(3) RESERVED.

(4) Certain detecting, measuring, gauging or controlling devices and certain devices for producing light or an ionized atmosphere.*

NOTE: *Persons possessing radioactive material in devices under a general license in R313-21-22(4) before January 15, 1975, may continue to possess, use, or transfer that material in accordance with the labeling requirements of R313-21-22(4) in effect on January 14, 1975.

(a) A general license is hereby issued to commercial and industrial firms and research, educational and medical institutions, individuals in the conduct of their business, and state or local government agencies to own, acquire, receive, possess, use or transfer, in accordance with the provisions of R313-21-22(4)(b), (c) and (d), radioactive material, excluding special nuclear material, contained in devices designed and manufactured for the purpose of detecting, measuring, gauging or controlling thickness, density, level, interface location, radiation, leakage, or qualitative or quantitative chemical composition, or for producing light or an ionized atmosphere.

(b)(i) The general license in R313-21-22(4)(a) applies only to radioactive material contained in devices which have been manufactured or initially transferred and labeled in accordance with the specifications contained in:

(A) a specific license issued by the Executive Secretary pursuant to R313-22-75(4); or

(B) an equivalent specific license issued by the Nuclear Regulatory Commission or an Agreement State; or

(C) An equivalent specific license issued by a State with provisions comparable to R313-22-75.*

NOTE: *Regulations under the Federal Food, Drug, and Cosmetic Act authorizing the use of radioactive control devices in food production require certain additional labeling thereon which is found in 21 CFR 179.21.

(ii) The devices must have been received from one of the specific licenses described in R313-21-22(4)(b)(i) or through a transfer made under R313-21-22(4)(c)(ix).

(c) Any person who owns, acquires, receives, possesses, uses or transfers radioactive material in a device pursuant to the general license in R313-21-22(4)(a):

(i) shall assure that all labels affixed to the device at the time of receipt and bearing a statement that removal of the label is prohibited are maintained thereon and shall comply with all instructions and precautions provided by the labels;

(ii) shall assure that the device is tested for leakage of radioactive material and proper operation of the on-off mechanism and indicator, if any, at no longer than six-month intervals or at other intervals as are specified in the label; however:

(A) Devices containing only krypton need not be tested for leakage of radioactive material, and

(B) Devices containing only tritium or not more than 3.7 megabecquerel (100 uCi) of other beta, gamma, or both, emitting material or 0.37 megabecquerel (10 uCi) of alpha emitting material and devices held in storage in the original shipping container prior to initial installation need not be tested for any purpose;

(iii) shall assure that other testing, installation, servicing, and removal from installation involving the radioactive

materials, its shielding or containment, are performed:

(A) in accordance with the instructions provided by the labels; or

(B) by a person holding a specific license pursuant to R313-22 or from the Nuclear Regulatory Commission, an Agreement State, or a Licensing State to perform such activities;

(iv) shall maintain records showing compliance with the requirements of R313-21-22(4)(c)(ii) and (iii). The records shall show the results of tests. The records also shall show the dates of performance of, and the names of persons performing, testing, installation, servicing, and removal from the installation the radioactive material and its shielding or containment. The licensee shall retain these records as follows:

(A) Each record of a test for leakage of radioactive material required by R313-21-22(4)(c)(ii) shall be retained for three years after the next required leak test is performed or until the sealed source is transferred or disposed of;

(B) Each record of a test of the on-off mechanism and indicator required by R313-21-22(4)(c)(ii) shall be retained for three years after the next required test of the on-off mechanism and indicator is performed or until the sealed source is transferred or disposed of;

(C) Each record that is required by R313-21-22(4)(c)(iii) shall be retained for three years from the date of the recorded event or until the device is transferred or disposed of;

(v) shall immediately suspend operation of the device if there is a failure of, or damage to, or any indication of a possible failure of or damage to, the shielding of the radioactive material or the on-off mechanism or indicator, or upon the detection of 185 becquerel (0.005 uCi) or more removable radioactive material. The device may not be operated until it has been repaired by the manufacturer or other person holding a specific license to repair the device that was issued by the Executive Secretary, the Nuclear Regulatory Commission, an Agreement State, or a Licensing State. The device and any radioactive material from the device may only be disposed of by transfer to a person authorized by a specific license to receive the radioactive material in the device or as otherwise approved by the Executive Secretary, the Nuclear Regulatory Commission, an Agreement State, or a Licensing State. A report containing a brief description of the event and the remedial action taken; and, in the case of detection of 185 becquerel (0.005 uCi) or more removable radioactive material or failure of or damage to a source likely to result in contamination of the premises or the environs, a plan for ensuring that the premises and environs are acceptable for unrestricted use, must be furnished to the Executive Secretary within 30 days. Under these circumstances, the criteria set out in R313-15-402 may be applicable, as determined by the Executive Secretary on a case-by-case basis;

(vi) shall not abandon the device containing radioactive material;

(vii) shall not export the device containing radioactive materials except in accordance with 10 CFR 110;

(viii)(A) shall transfer or dispose of the device containing radioactive material only by export as provided by R313-21-22(4)(c)(vii), by transfer to another general licensee as authorized in R313-21-22(4)(c)(ix), to a person authorized to receive the device by a specific license issued under R313-22, to an authorized waste collector under R313-25, or equivalent regulations of the Nuclear Regulatory Commission, an Agreement State, or a Licensing State, or as otherwise approved under R313-21-22(4)(c)(viii)(C);

(B) shall furnish a report to the Executive Secretary within 30 days after transfer of a device to a specific licensee or export. The report must contain:

(I) the identification of the device by manufacturer's or initial transferor's name, model number, and serial number;

(II) the name, address, and license number of the person receiving the device, the license number is not applicable if

exported; and

(III) the date of the transfer;

(C) shall obtain written approval from the Executive Secretary before transferring the device to any other specific licensee not specifically identified in R313-21-22(4)(c)(viii)(A); however, a holder of a specific license may transfer a device for possession and use under its own specific license without prior approval, if the holder:

(I) verifies that the specific license authorizes the possession and use, or applies for and obtains an amendment to the license authorizing the possession and use;

(II) removes, alters, covers, or clearly and unambiguously augments the existing label (otherwise required by R313-21-22(4)(c)(i)) so that the device is labeled in compliance with R313-15-904; however, the manufacturer, model number, and serial number must be retained;

(III) obtains the manufacturer's or initial transferor's information concerning maintenance that would be applicable under the specific license (such as leak testing procedures); and

(IV) reports the transfer under R313-21-22(4)(c)(viii)(B);

(ix) shall transfer the device to another general licensee only if:

(A) the device remains in use at a particular location. In this case, the transferor shall give the transferee a copy of R313-21-22(4), R313-12-51, R313-15-1201, and R313-15-1202, and any safety documents identified in the label of the device. Within 30 days of the transfer, the transferor shall report to the Executive Secretary:

(I) the manufacturer's or initial transferor's name;

(II) the model number and serial number of the device transferred;

(III) the transferee's name and mailing address for the location of use; and

(IV) the name, title, and phone number of the responsible individual identified by the transferee in accordance with R313-21-22(4)(c)(xii) to have knowledge of and authority to take actions to ensure compliance with the appropriate regulations and requirements; or

(B) the device is held in storage by an intermediate person in the original shipping container at its intended location of use prior to initial use by a general licensee;

(x) shall comply with the provisions of R313-15-1201 and R313-15-1202 for reporting radiation incidents, theft or loss of licensed material, but shall be exempt from the other requirements of R313-15 and R313-18;

(xi) shall respond to written requests from the Executive Secretary to provide information relating to the general license within 30 calendar days of the date of the request, or other time specified in the request. If the general licensee cannot provide the requested information within the allotted time, it shall, within that same time period, request a longer period to supply the information by submitting a letter to the Executive Secretary and provide written justification as to why it cannot comply;

(xii) shall appoint an individual responsible for having knowledge of the appropriate regulations and requirements and the authority for taking required actions to comply with appropriate regulations and requirements. The general licensee, through this individual, shall ensure the day-to-day compliance with appropriate regulations and requirements. This appointment does not relieve the general licensee of any of its responsibility in this regard;

(xiii)(A) shall register, in accordance with R313-21-22(4)(c)(xiii)(B) and (C), devices containing at least 370 megabecquerel (ten mCi) of cesium-137, 3.7 megabecquerel (0.1 mCi) of strontium-90, 37 megabecquerel (one mCi) of cobalt-60, 3.7 megabecquerel (0.1 mCi) of radium-226, or 37 megabecquerel (one mCi) of americium-241 or any other transuranic, (elements with atomic number greater than uranium-92), based on the activity indicated on the label. Each

address for a location of use, as described under R313-21-22(4)(c)(xiii)(C)(IV) represents a separate general licensee and requires a separate registration and fee;

(B) if in possession of a device meeting the criteria of R313-21-22(4)(c)(xiii)(A), shall register these devices annually with the Executive Secretary and shall pay the fee required by R313-70. Registration shall include verifying, correcting, or adding, as appropriate, to the information provided in a request for registration received from the Executive Secretary. The registration information must be submitted to the Executive Secretary within 30 days of the date of the request for registration or as otherwise indicated in the request. In addition, a general licensee holding devices meeting the criteria of R313-21-22(4)(c)(xiii)(A) is subject to the bankruptcy notification requirement in R313-19-34(5) and (6);

(C) in registering devices, the general licensee shall furnish the following information and any other information specifically requested by the Executive Secretary:

(I) name and mailing address of the general licensee;

(II) information about each device: the manufacturer or initial transferor, model number, serial number, the radioisotope and activity as indicated on the label;

(III) name, title, and telephone number of the responsible person designated as a representative of the general licensee under R313-21-22(4)(c)(xii);

(IV) address or location at which the device(s) are used, stored, or both. For portable devices, the address of the primary place of storage;

(V) certification by the responsible representative of the general licensee that the information concerning the device(s) has been verified through a physical inventory and checking of label information; and

(VI) certification by the responsible representative of the general licensee that they are aware of the requirements of the general license; and

(D) persons generally licensed by the Nuclear Regulatory Commission, an Agreement State, or Licensing State with respect to devices meeting the criteria in R313-21-22(4)(c)(xiii)(A) are not subject to registration requirements if the devices are used in areas subject to Division jurisdiction for a period less than 180 days in any calendar year. The Executive Secretary will not request registration information from such licensees;

(xiv) shall report changes to the mailing address for the location of use, including changes in the name of a general licensee, to the Executive Secretary within 30 days of the effective date of the change. For a portable device, a report of address change is only required for a change in the device's primary place of storage; and

(xv) may not hold devices that are not in use for longer than 2 years. If devices with shutters are not being used, the shutter must be locked in the closed position. The testing required by R313-21-22(4)(c)(ii) need not be performed during the period of storage only. However, when devices are put back into service or transferred to another person, and have not been tested within the required test interval, they must be tested for leakage before use or transfer and the shutter tested before use. Devices kept in standby for future use are excluded from the two-year time limit if the general licensee performs quarterly physical inventories of these devices while they are in standby.

(d) The general license in R313-21-22(4)(a) does not authorize the manufacture or import of devices containing radioactive material.

(e) The general license provided in R313-21-22(4)(a) is subject to the provisions of R313-12-51 through R313-12-53, R313-12-70, R313-14, R313-19-34, R313-19-41, R313-19-61, and R313-19-100.

(5) Luminous safety devices for aircraft.

(a) A general license is hereby issued to own, receive,

acquire, possess and use tritium or promethium-147 contained in luminous safety devices for use in aircraft, provided:

(i) each device contains not more than 370.0 gigabecquerel (10 Ci) of tritium or 11.1 gigabecquerel (300 mCi) of promethium-147; and

(ii) each device has been manufactured, assembled or initially transferred in accordance with a specific license issued by the Nuclear Regulatory Commission or an Agreement State, or each device has been manufactured or assembled in accordance with the specifications contained in a specific license issued by the Executive Secretary or an Agreement State to the manufacturer or assembler of the device pursuant to licensing requirements equivalent to those in R313-22-75(5).

(b) Persons who own, receive, acquire, possess or use luminous safety devices pursuant to the general license in R313-21-22(5) are exempt from the requirements of R313-15 and R313-18, except that they shall comply with the provisions of R313-15-1201 and R313-15-1202.

(c) This general license does not authorize the manufacture, assembly, repair, or import of luminous safety devices containing tritium or promethium-147.

(d) This general license does not authorize the export of luminous safety devices containing tritium or promethium-147.

(e) This general license does not authorize the ownership, receipt, acquisition, possession or use of promethium-147 contained in instrument dials.

(f) This general license is subject to the provisions of R313-12-51 through R313-12-70, R313-14, R313-19-34, R313-19-41, R313-19-61, and R313-19-100.

(6) Ownership of radioactive material. A general license is hereby issued to own radioactive material without regard to quantity. Notwithstanding any other provisions of R313-21, this general license does not authorize the manufacture, production, transfer, receipt, possession, use, import, or export of radioactive material except as authorized in a specific license.

(7) Calibration and reference sources.

(a) A general license is hereby issued to own, receive, acquire, possess, use and transfer, in the form of calibration or reference sources, americium-241, plutonium or radium-226 in accordance with the provisions of Subsections R313-21-22(7)(b) and (c), to a person who holds a specific license issued by the Executive Secretary which authorizes that person to receive, possess, use and transfer radioactive material.

(b) The general license in Subsection R313-21-22(7)(a) applies only to calibration or reference sources which have been manufactured or initially transferred in accordance with the specifications contained in a specific license issued by the Nuclear Regulatory Commission pursuant to 10 CFR 32.57 or 10 CFR 70.39 or which have been manufactured in accordance with the specifications contained in a specific license issued to the manufacturer by the Executive Secretary, or an Agreement State which authorizes manufacture of the sources for distribution to persons generally licensed, or in accordance with a specific license issued by a State with requirements equivalent to 10 CFR 32.57 or 10 CFR 70.39.

(c) The general license provided in Subsection R313-21-22(7)(a) is subject to the provisions of Sections R313-12-51 through R313-12-53, R313-12-70, and Rules R313-14, R313-19-34, R313-19-41, R313-19-61, R313-19-100, R313-15 and R313-18. In addition, persons who own, receive, acquire, possess, use or transfer one or more calibration or reference sources pursuant to the general license in Subsection R313-21-22(7)(a):

(i) shall not possess at any one time, at any one location of storage or use, more than 185.0 kilobecquerel (5 uCi) of americium-241, 185.0 kilobecquerel (5 uCi) of plutonium, or 185.0 kilobecquerel (5 uCi) of radium-226 in such sources;

(ii) shall not receive, possess, use or transfer a source unless the source, or the storage container, bears a label which

includes one of the following statements or a substantially similar statement which contains the information called for in the following statement:

The receipt, possession, use and transfer of this source, Model No., Serial No., are subject to a general license and the regulations of the United States Nuclear Regulatory Commission or of a state with which the Commission has entered into an agreement for the exercise of regulatory authority. Do not remove this label.

CAUTION - RADIOACTIVE MATERIAL
THIS SOURCE CONTAINS (AMERICIUM-241)(PLUTONIUM)(RADIUM-226)*
DO NOT TOUCH RADIOACTIVE PORTION OF THIS SOURCE.

.....
Typed or printed name of the manufacturer or initial transferor

NOTE: *Show the name of the appropriate material.

(iii) shall not transfer, abandon, or dispose of a source except by transfer to a person authorized by a license issued by the Executive Secretary, the Nuclear Regulatory Commission, or an Agreement State to receive the source;

(iv) shall store a source, except when the source is being used, in a closed container adequately designed and constructed to contain americium-241, plutonium, or radium-226 which might otherwise escape during storage; and

(v) shall not use a source for any purpose other than the calibration of radiation detectors or the standardization of other sources.

(d) A general license issued pursuant to Subsection R313-21-22(7)(a) does not authorize the manufacture, import, or export of calibration or reference sources containing americium-241, plutonium, or radium-226.

(8) RESERVED.

(9) General license for use of radioactive material for certain in vitro clinical or laboratory testing.*

NOTE: *The New Drug provisions of the Federal Food, Drug and Cosmetic Act also govern the availability and use of any specific diagnostic drug in interstate commerce.

(a) A general license is hereby issued to any physician, veterinarian in the practice of veterinary medicine, clinical laboratory or hospital to receive, acquire, possess, transfer or use, for the following stated tests, in accordance with the provisions of R313-21-22(9) (b), (c), (d), (e), and (f) the following radioactive materials in prepackaged units for use in in-vitro clinical or laboratory tests not involving internal or external administration of radioactive material, or the radiation therefrom, to human beings or animals:

(i) iodine-125, in units not exceeding 370.0 kilobecquerel (10 uCi) each;

(ii) iodine-131, in units not exceeding 370.0 kilobecquerel (10 uCi) each;

(iii) carbon-14, in units not exceeding 370.0 kilobecquerel (10 uCi) each;

(iv) hydrogen-3 (tritium), in units not exceeding 1.85 megabecquerel (50 uCi) each;

(v) iron-59, in units not exceeding 740.0 kilobecquerel (20 uCi) each;

(vi) cobalt-57, in units not exceeding 370.0 kilobecquerel (10 uCi) each;

(vii) selenium-75, in units not to exceed 370.0 kilobecquerel (10 uCi) each; or

(viii) mock iodine-125, reference or calibration sources, in units not exceeding 1.85 kilobecquerel (0.05 uCi) of iodine-129 and 185.0 becquerel (0.005 uCi) of americium-241 each.

(b) A person shall not receive, acquire, possess, use or transfer radioactive material pursuant to the general license established by R313-21-22(9)(a) until that person has filed form DRC-07, "Registration Form-In Vitro Testing with Radioactive

Material Under General License," with the Executive Secretary and received a Certificate of Registration signed by the Executive Secretary, or until that person has been authorized pursuant to R313-32 to use radioactive material under the general license in R313-21-22(9). The physician, veterinarian, clinical laboratory or hospital shall furnish on form DRC-07 the following information and other information as may be required by that form:

(i) name and address of the physician, veterinarian, clinical laboratory or hospital;

(ii) the location of use; and

(iii) a statement that the physician, veterinarian, clinical laboratory or hospital has appropriate radiation measuring instruments to carry out in vitro clinical or laboratory tests with radioactive material as authorized under the general license in Subsection R313-21-22(9)(a) and that the tests will be performed only by personnel competent in the use of radiation measuring instruments and in the handling of the radioactive material.

(c) A person who receives, acquires, possesses or uses radioactive material pursuant to the general license established by Subsection R313-21-22(9)(a) shall comply with the following:

(i) The general licensee shall not possess at any one time, pursuant to the general license in Subsection R313-21-22(9)(a) at any one location of storage or use, a total amount of iodine-125, iodine-131, selenium-75, iron-59, cobalt-57, or any combination, in excess of 7.4 megabecquerel (200 uCi).

(ii) The general licensee shall store the radioactive material, until used, in the original shipping container or in a container providing equivalent radiation protection.

(iii) The general licensee shall use the radioactive material only for the uses authorized by Subsection R313-21-22(9)(a).

(iv) The general licensee shall not transfer the radioactive material except to a person authorized to receive it pursuant to a license issued by the Executive Secretary, the Nuclear Regulatory Commission, an Agreement State or Licensing State, nor transfer the radioactive material in a manner other than in the unopened, labeled shipping container as received from the supplier.

(v) The general licensee shall dispose of the Mock Iodine-125 reference or calibration sources described in Subsection R313-21-22(9)(a)(viii) as required by Section R313-15-1001.

(vi) The general licensee shall pay annual fees pursuant to Rule R313-70.

(d) The general licensee shall not receive, acquire, possess, or use radioactive material pursuant to Subsection R313-21-22(9)(a):

(i) Except as prepackaged units which are labeled in accordance with the provision of a specific license issued pursuant to R313-22-75(7) or in accordance with the provisions of a specific license issued by the Nuclear Regulatory Commission, or an Agreement State, or before November 30, 2007, in accordance with the provisions of a specific license issued by a State with comparable provisions to 10 CFR 32.71 (2010) which authorizes the manufacture and distribution of iodine-125, iodine-131, carbon-14, hydrogen-3(tritium), iron-59, selenium-75, cobalt-57, or Mock Iodine-125 to persons generally licensed under Subsection R313-21-22(9) or its equivalent, and

(ii) Unless the following statement, or a substantially similar statement which contains the information called for in the following statement, appears on a label affixed to each prepackaged unit or appears in a leaflet or brochure which accompanies the package:

"This radioactive material shall be received, acquired, possessed and used only by physicians, veterinarians in the practice of veterinary medicine, clinical laboratories or hospitals and only for in vitro clinical or laboratory tests not involving

internal or external administration of the material, or the radiation therefrom, to human beings or animals. Its receipt, acquisition, possession, use and transfer are subject to the regulations and a general license of the United States Nuclear Regulatory Commission or of a state with which the Commission has entered into an agreement for the exercise of regulatory authority.

.....
Name of Manufacturer"

(e) The physician, veterinarian, clinical laboratory or hospital possessing or using radioactive material under the general license in Subsection R313-21-22(9)(a) shall report in writing to the Executive Secretary, changes in the information previously furnished in the "Registration Form-In Vitro Testing with Radioactive Material Under General License", form DRC -07. The report shall be furnished within 30 days after the effective date of the change.

(f) Any person using radioactive material pursuant to the general license of Subsection R313-21-22(9)(a) is exempt from the requirements of Rules R313-15 and R313-18 with respect to radioactive material covered by that general license, except that persons using the Mock Iodine-125 described in Subsection R313-21-22(9)(a)(viii) shall comply with the provisions of Sections R313-15-1001, R313-15-1201 and R313-15-1202.

(10) Ice Detection Devices.

(a) A general license is hereby issued to own, receive, acquire, possess, use and transfer strontium-90 contained in ice detection devices, provided each device contains not more than 1.85 megabecquerel (50 uCi) of strontium-90 and each device has been manufactured or initially transferred in accordance with a specific license issued by the Nuclear Regulatory Commission, or each device has been manufactured in accordance with the specifications contained in a specific license issued by the Executive Secretary, an Agreement State, or a Licensing State to the manufacturer of the device pursuant to licensing requirements equivalent to those in 10 CFR 32.61.

(b) Persons who own, receive, acquire, possess, use or transfer strontium-90 contained in ice detection devices pursuant to the general license in Subsection R313-21-22(10)(a):

(i) shall, upon occurrence of visually observable damage, such as a bend or crack or discoloration from over-heating to the device, discontinue use of the device until it has been inspected, tested for leakage and repaired by a person holding a specific license from the Executive Secretary, the Nuclear Regulatory Commission, an Agreement State, or a Licensing State to manufacture or service the device; or shall dispose of the device pursuant to the provisions of Section R313-15-1001;

(ii) shall assure that all labels affixed to the device at the time of receipt, and which bear a statement which prohibits removal of the labels, are maintained thereon; and

(iii) are exempt from the requirements of Rules R313-15 and R313-18 except that the persons shall comply with the provisions of Sections R313-15-1001, R313-15-1201 and R313-15-1202.

(c) This general license does not authorize the manufacture, assembly, disassembly, repair, or import of strontium-90 in ice detection devices.

(d) This general license is subject to the provision of Sections R313-12-51 through R313-12-53, R313-12-70, R313-14, R313-19-34, R313-19-41, R313-19-61, and R313-19-100 of these rules.

KEY: radioactive materials, general licenses, source materials

October 13, 2010

19-3-104

Notice of Continuation October 14, 2008

R313. Environmental Quality, Radiation Control.**R313-25. License Requirements for Land Disposal of Radioactive Waste - General Provisions.****R313-25-1. Purpose and Authority.**

(1) The purpose of this rule is to prescribe the requirements for the issuance of licenses for the land disposal of wastes received from other persons.

(2) The rules set forth herein are adopted pursuant to the provisions of Subsections 19-3-104(4), 19-3-104(8), 19-3-104(11), and 19-3-104(12).

(3) The requirements of R313-25 are in addition to, and not in substitution for, other applicable requirements of these rules.

R313-25-2. Definitions.

As used in R313-25, the following definitions apply:

"Active maintenance" means significant activity needed during the period of institutional control to maintain a reasonable assurance that the performance objectives in R313-25-19 and R313-25-20 are met. Active maintenance may include the pumping and treatment of water from a disposal unit, the replacement of a disposal unit cover, or other episodic or continuous measures. Active maintenance does not include custodial activities like repair of fencing, repair or replacement of monitoring equipment, revegetation, minor additions to soil cover, minor repair of disposal unit covers, and general disposal site upkeep.

"Buffer zone" means a portion of the disposal site that is controlled by the licensee and that lies under the disposal units and between the disposal units and the boundary of the site.

"Commencement of construction" means clearing of land, excavation, or other substantial action that could adversely affect the environment of a land disposal facility. The term does not mean disposal site exploration, necessary roads for disposal site exploration, borings to determine foundation conditions, or other preconstruction monitoring or testing to establish background information related to the suitability of the disposal site or the protection of environmental values.

"Custodial agency" means an agency of the government designated to act on behalf of the government owner of the disposal site.

"Disposal" means the isolation of wastes from the biosphere by placing them in a land disposal facility.

"Disposal site" means that portion of a land disposal facility which is used for disposal of waste. It consists of disposal units and a buffer zone.

"Disposal unit" means a discrete portion of the disposal site into which waste is placed for disposal. For near-surface disposal, the disposal unit may be a trench.

"Engineered barrier" means a man-made structure or device intended to improve the land disposal facility's performance under R313-25.

"Hydrogeologic unit" means a soil or rock unit or zone that has a distinct influence on the storage or movement of ground water.

"Inadvertent intruder" means a person who may enter the disposal site after closure and engage in activities unrelated to post closure management, such as agriculture, dwelling construction, or other pursuits which could, by disturbing the site, expose individuals to radiation.

"Intruder barrier" means a sufficient depth of cover over the waste that inhibits contact with waste and helps to ensure that radiation exposures to an inadvertent intruder will meet the performance objectives set forth in R313-25, or engineered structures that provide equivalent protection to the inadvertent intruder.

"Land disposal facility" means the land, buildings and structures, and equipment which are intended to be used for the disposal of radioactive waste.

"Monitoring" means observing and making measurements to provide data to evaluate the performance and characteristics of the disposal site.

"Near-surface disposal facility" means a land disposal facility in which waste is disposed of within approximately the upper 30 meters of the earth's surface.

"Site closure and stabilization" means those actions that are taken upon completion of operations that prepare the disposal site for custodial care, and that assure that the disposal site will remain stable and will not need ongoing active maintenance.

"Stability" means structural stability.

"Surveillance" means monitoring and observation of the disposal site to detect needs for maintenance or custodial care, to observe evidence of intrusion, and to ascertain compliance with other license and regulatory requirements.

"Treatment" means the stabilization or the reduction in volume of waste by a chemical or a physical process.

"Waste" means those low-level radioactive wastes containing radioactive material that are acceptable for disposal in a land disposal facility. For the purposes of this definition, low-level radioactive waste means radioactive waste not classified as high-level radioactive waste, transuranic waste, spent nuclear fuel, or byproduct material as defined in (b), (c), and (d) of the definition for byproduct material found in Subsection R313-12-3.

R313-25-3. Pre-licensing Plan Approval Criteria for Siting of Commercial Radioactive Waste Disposal Facilities.

(1) Persons proposing to construct or operate commercial radioactive waste disposal facilities, including waste incinerators, shall obtain a plan approval from the Executive Secretary before applying for a license. Plans shall meet the siting criteria and plan approval requirements of Section R313-25-3.

(2) The siting criteria and plan approval requirements in R313-25-3 apply to prelicensing plan approval applications.

(3) Treatment and disposal facilities, including commercial radioactive waste incinerators, shall not be located:

(a) within or underlain by:

(i) national, state, and county parks, monuments, and recreation areas; designated wilderness and wilderness study areas; wild and scenic river areas;

(ii) ecologically and scientifically significant natural areas, including wildlife management areas and habitats for listed or proposed endangered species as designated by federal law;

(iii) 100 year floodplains;

(iv) areas 200 feet distant from Holocene faults;

(v) underground mines, salt domes and salt beds;

(vi) dam failure flood areas;

(vii) areas subject to landslide, mud flow, or other earth movement, unless adverse impacts can be mitigated;

(viii) farmlands classified or evaluated as "prime", "unique", or of "statewide importance" by the U.S. Department of Agricultural Soil Conservation Service under the Prime Farmland Protection Act;

(ix) areas five miles distant from existing permanent dwellings, residential areas, and other habitable structures, including schools, churches, and historic structures;

(x) areas five miles distant from surface waters including intermittent streams, perennial streams, rivers, lakes, reservoirs, and wetlands;

(xi) areas 1000 feet distant from archeological sites to which adverse impacts cannot reasonably be mitigated;

(xii) recharge zones of aquifers containing ground water which has a total dissolved solids content of less than 10,000 mg/l; or

(xiii) drinking water source protection areas designated by the Utah Drinking Water Board;

(b) in areas:

(i) above or underlain by aquifers containing ground water which has a total dissolved solids content of less than 500 mg/l and which aquifers do not exceed state ground water standards for pollutants;

(ii) above or underlain by aquifers containing ground water which has a total dissolved solids content between 3000 and 10,000 mg/l when the distance from the surface to the ground water is less than 100 ft.;

(iii) areas of extensive withdrawal of water, mineral or energy resources.

(iv) above or underlain by weak and unstable soils, including soils that lose their ability to support foundations as a result of hydrocompaction, expansion, or shrinkage;

(v) above or underlain by karst terrains.

(4) Commercial radioactive waste disposal facilities may not be located within a distance to existing drinking water wells and watersheds for public water supplies of five years ground water travel time plus 1000 feet.

(5) The plan approval siting application shall include hydraulic conductivity and other information necessary to estimate adequately the ground water travel distance.

(6) The plan approval siting application shall include the results of studies adequate to identify the presence of ground water aquifers in the area of the proposed site and to assess the quality of the ground water of all aquifers identified in the area of the proposed site.

(7) Emergency response and safety.

(a) The plan approval siting application shall demonstrate the availability and adequacy of services for on-site emergencies, including medical and fire response. The application shall provide written evidence that the applicant has coordinated on-site emergency response plans with the local emergency planning committee (LEPC).

(b) The plan approval siting application shall include a comprehensive plan for responding to emergencies at the site.

(c) The plan approval siting application shall show proposed routes for transportation of radioactive wastes within the state. The plan approval siting application shall address the transportation means and routes available to evacuate the population at risk in the event of on-site accidents, including spills and fires.

(8) The plan approval siting application shall provide evidence that if the proposed disposal site is on land not owned by state or federal government, that arrangements have been made for assumption of ownership in fee by a state or federal agency.

(9) Siting Authority. The Executive Secretary recognizes that Titles 10 and 17 of the Utah Code give cities and counties authority for local use planning and zoning. Nothing in R313-25-3 precludes cities and counties from establishing additional requirements as provided by applicable state and federal law.

R313-25-4. License Required.

(1) Persons shall not receive, possess, or dispose of waste at a land disposal facility unless authorized by a license issued by the Executive Secretary pursuant to R313-25 and R313-22.

(2) Persons shall file an application with the Executive Secretary pursuant to R313-22-32 and obtain a license as provided in R313-25 before commencement of construction of a land disposal facility. Failure to comply with this requirement may be grounds for denial of a license and other penalties established by law and rules.

R313-25-5. Content of Application.

In addition to the requirements set forth in R313-22-33, an application to receive from others, possess, and dispose of wastes shall consist of general information, specific technical information, institutional information, and financial information as set forth in R313-25-6 through R313-25-10.

R313-25-6. General Information.

The general information shall include the following:

(1) identity of the applicant including:

(a) the full name, address, telephone number, and description of the business or occupation of the applicant;

(b) if the applicant is a partnership, the names and addresses of the partners and the principal location where the partnership does business;

(c) if the applicant is a corporation or an unincorporated association;

(i) the state where it is incorporated or organized and the principal location where it does business; and

(ii) the names and addresses of its directors and principal officers; and

(d) if the applicant is acting as an agent or representative of another person in filing the application, the applicant shall provide, with respect to the other person, information required under R313-25-6(1).

(2) Qualifications of the applicant shall include the following:

(a) the organizational structure of the applicant, both offsite and onsite, including a description of lines of authority and assignments of responsibilities, whether in the form of administrative directives, contract provisions, or otherwise;

(b) the technical qualifications, including training and experience of the applicant and members of the applicant's staff, to engage in the proposed activities. Minimum training and experience requirements for personnel filling key positions described in R313-25-6(2)(a) shall be provided;

(c) a description of the applicant's personnel training program; and

(d) the plan to maintain an adequate complement of trained personnel to carry out waste receipt, handling, and disposal operations in a safe manner.

(3) A description of:

(a) the location of the proposed disposal site;

(b) the general character of the proposed activities;

(c) the types and quantities of waste to be received, possessed, and disposed of;

(d) plans for use of the land disposal facility for purposes other than disposal of wastes; and

(e) the proposed facilities and equipment; and

(4) proposed schedules for construction, receipt of waste, and first emplacement of waste at the proposed land disposal facility.

R313-25-7. Specific Technical Information.

The application shall include certain technical information. The following information is needed to determine whether or not the applicant can meet the performance objectives and the applicable technical requirements of R313-25:

(1) A description of the natural and demographic disposal site characteristics shall be based on and determined by disposal site selection and characterization activities. The description shall include geologic, geochemical, geotechnical, hydrologic, ecologic, archaeological, meteorologic, climatologic, and biotic features of the disposal site and vicinity.

(2) Descriptions of the design features of the land disposal facility and of the disposal units for near-surface disposal shall include those design features related to infiltration of water; integrity of covers for disposal units; structural stability of backfill, wastes, and covers; contact of wastes with standing water; disposal site drainage; disposal site closure and stabilization; elimination to the extent practicable of long-term disposal site maintenance; inadvertent intrusion; occupational exposures; disposal site monitoring; and adequacy of the size of the buffer zone for monitoring and potential mitigative measures.

(3) Descriptions of the principal design criteria and their

relationship to the performance objectives.

(4) Descriptions of the natural events or phenomena on which the design is based and their relationship to the principal design criteria.

(5) Descriptions of codes and standards which the applicant has applied to the design, and will apply to construction of the land disposal facilities.

(6) Descriptions of the construction and operation of the land disposal facility. The description shall include as a minimum the methods of construction of disposal units; waste emplacement; the procedures for and areas of waste segregation; types of intruder barriers; onsite traffic and drainage systems; survey control program; methods and areas of waste storage; and methods to control surface water and ground water access to the wastes. The description shall also include a description of the methods to be employed in the handling and disposal of wastes containing chelating agents or other non-radiological substances which might affect meeting the performance objectives of R313-25

(7) A description of the disposal site closure plan, including those design features which are intended to facilitate disposal site closures and to eliminate the need for active maintenance after closure.

(8) Identification of the known natural resources at the disposal site whose exploitation could result in inadvertent intrusion into the wastes after removal of active institutional control.

(9) Descriptions of the kind, amount, classification and specifications of the radioactive material proposed to be received, possessed, and disposed of at the land disposal facility.

(10) Descriptions of quality assurance programs, tailored to low-level waste disposal, including audit and managerial controls, for the determination of natural disposal site characteristics and for quality control during the design, construction, operation, and closure of the land disposal facility and the receipt, handling, and emplacement of waste.

(11) A description of the radiation safety program for control and monitoring of radioactive effluents to ensure compliance with the performance objective in R313-25-19 and monitoring of occupational radiation exposure to ensure compliance with the requirements of R313-15 and to control contamination of personnel, vehicles, equipment, buildings, and the disposal site. The applicant shall describe procedures, instrumentation, facilities, and equipment appropriate to both routine and emergency operations.

(12) A description of the environmental monitoring program to provide data and to evaluate potential health and environmental impacts and the plan for taking corrective measures if migration is indicated.

(13) Descriptions of the administrative procedures that the applicant will apply to control activities at the land disposal facility.

(14) A description of the facility electronic recordkeeping system as required in R313-25-33.

R313-25-8. Technical Analyses.

(1) The specific technical information shall also include the following analyses needed to demonstrate that the performance objectives of R313-25 will be met:

(a) Analyses demonstrating that the general population will be protected from releases of radioactivity shall consider the pathways of air, soil, ground water, surface water, plant uptake, and exhumation by burrowing animals. The analyses shall clearly identify and differentiate between the roles performed by the natural disposal site characteristics and design features in isolating and segregating the wastes. The analyses shall clearly demonstrate a reasonable assurance that the exposures to humans from the release of radioactivity will not exceed the limits set forth in R313-25-19.

(b) Analyses of the protection of inadvertent intruders shall demonstrate a reasonable assurance that the waste classification and segregation requirements will be met and that adequate barriers to inadvertent intrusion will be provided.

(c) Analysis of the protection of individuals during operations shall include assessments of expected exposures due to routine operations and likely accidents during handling, storage, and disposal of waste. The analysis shall provide reasonable assurance that exposures will be controlled to meet the requirements of R313-15.

(d) Analyses of the long-term stability of the disposal site shall be based upon analyses of active natural processes including erosion, mass wasting, slope failure, settlement of wastes and backfill, infiltration through covers over disposal areas and adjacent soils, and surface drainage of the disposal site. The analyses shall provide reasonable assurance that there will not be a need for ongoing active maintenance of the disposal site following closure.

(2)(a) Any facility that proposes to land dispose of significant quantities of concentrated depleted uranium (more than one metric ton in total accumulation) after June 1, 2010, shall submit for the Executive Secretary's review and approval a performance assessment that demonstrates that the performance standards specified in 10 CFR Part 61 and corresponding provisions of Utah rules will be met for the total quantities of concentrated depleted uranium and other wastes, including wastes already disposed of and the quantities of concentrated depleted uranium the facility now proposes to dispose. Any such performance assessment shall be revised as needed to reflect ongoing guidance and rulemaking from NRC. For purposes of this performance assessment, the compliance period shall be a minimum of 10,000 years. Additional simulations shall be performed for the period where peak dose occurs and the results shall be analyzed qualitatively.

(b) No facility may dispose of significant quantities of concentrated depleted uranium prior to the approval by the Executive Secretary of the performance assessment required in R313-25-8(2)(a).

(c) For purposes of this R313-25-8(2) only, "concentrated depleted uranium" means waste with depleted uranium concentrations greater than 5 percent by weight.

R313-25-9. Institutional Information.

The institutional information submitted by the applicant shall include:

(1) A certification by the federal or state agency which owns the disposal site that the agency is prepared to accept transfer of the license when the provisions of R313-25-16 are met and will assume responsibility for institutional control after site closure and for post-closure observation and maintenance.

(2) Evidence, if the proposed disposal site is on land not owned by the federal or a state government, that arrangements have been made for assumption of ownership in fee by the federal or a state agency.

R313-25-10. Financial Information.

This information shall demonstrate that the applicant is financially qualified to carry out the activities for which the license is sought. The information shall meet other financial assurance requirements of R313-25.

R313-25-11. Requirements for Issuance of a License.

A license for the receipt, possession, and disposal of waste containing radioactive material will be issued by the Executive Secretary upon finding that:

(1) the issuance of the license will not constitute an unreasonable risk to the health and safety of the public;

(2) the applicant is qualified by reason of training and experience to carry out the described disposal operations in a

manner that protects health and minimizes danger to life or property;

(3) the applicant's proposed disposal site, disposal design, land disposal facility operations, including equipment, facilities, and procedures, disposal site closure, and post-closure institutional control, are adequate to protect the public health and safety as specified in the performance objectives of R313-25-19;

(4) the applicant's proposed disposal site, disposal site design, land disposal facility operations, including equipment, facilities, and procedures, disposal site closure, and post-closure institutional control are adequate to protect the public health and safety in accordance with the performance objectives of R313-25-20;

(5) the applicant's proposed land disposal facility operations, including equipment, facilities, and procedures, are adequate to protect the public health and safety in accordance with R313-15;

(6) the applicant's proposed disposal site, disposal site design, land disposal facility operations, disposal site closure, and post-closure institutional control plans are adequate to protect the public health and safety in that they will provide reasonable assurance of the long-term stability of the disposed waste and the disposal site and will eliminate to the extent practicable the need for continued maintenance of the disposal site following closure;

(7) the applicant's demonstration provides reasonable assurance that the requirements of R313-25 will be met;

(8) the applicant's proposal for institutional control provides reasonable assurance that control will be provided for the length of time found necessary to ensure the findings in R313-25-11(3) through (6) and that the institutional control meets the requirements of R313-25-28.

(9) the financial or surety arrangements meet the requirements of R313-25.

R313-25-12. Conditions of Licenses.

(1) A license issued under R313-25, or a right thereunder, may not be transferred, assigned, or disposed of, either voluntarily or involuntarily, directly or indirectly, through transfer of control of the license to a person, unless the Executive Secretary finds, after securing full information, that the transfer is in accordance with the provisions of the Radiation Control Act and Rules and gives his consent in writing in the form of a license amendment.

(2) The Executive Secretary may require the licensee to submit written statements under oath.

(3) The license will be terminated only on the full implementation of the final closure plan, including post-closure observation and maintenance, as approved by the Executive Secretary.

(4) The licensee shall submit to the provisions of the Act now or hereafter in effect, and to all findings and orders of the Executive Secretary. The terms and conditions of the license are subject to amendment, revision, or modification, by reason of amendments to, or by reason of rules, and orders issued in accordance with the terms of the Act and these rules.

(5) Persons licensed by the Executive Secretary pursuant to R313-25 shall confine possession and use of the materials to the locations and purposes authorized in the license.

(6) The licensee shall not dispose of waste until the Executive Secretary has inspected the land disposal facility and has found it to conform with the description, design, and construction described in the application for a license.

(7) The Executive Secretary may incorporate, by rule or order, into licenses at the time of issuance or thereafter, additional requirements and conditions with respect to the licensee's receipt, possession, and disposal of waste as the Executive Secretary deems appropriate or necessary in order to:

(a) protect health or to minimize danger to life or property;

(b) require reports and the keeping of records, and to provide for inspections of licensed activities as the Executive Secretary deems necessary or appropriate to effectuate the purposes of the Radiation Control Act and Rules.

(8) The authority to dispose of wastes expires on the expiration date stated in the license. An expiration date on a license applies only to the above ground activities and to the authority to dispose of waste. Failure to renew the license shall not relieve the licensee of responsibility for implementing site closure, post-closure observation, and transfer of the license to the site owner.

R313-25-13. Application for Renewal or Closure.

(1) An application for renewal or an application for closure under R313-25-14 shall be filed at least 90 days prior to license expiration.

(2) Applications for renewal of a license shall be filed in accordance with R313-25-5 through 25-10. Applications for closure shall be filed in accordance with R313-25-14. Information contained in previous applications, statements, or reports filed with the Executive Secretary under the license may be incorporated by reference if the references are clear and specific.

(3) If a licensee has filed an application in proper form for renewal of a license, the license shall not expire unless and until the Executive Secretary has taken final action to deny application for renewal.

(4) In evaluating an application for license renewal, the Executive Secretary will apply the criteria set forth in R313-25-11.

R313-25-14. Contents of Application for Site Closure and Stabilization.

(1) Prior to final closure of the disposal site, or as otherwise directed by the Executive Secretary, the licensee shall submit an application to amend the license for closure. This closure application shall include a final revision and specific details of the disposal site closure plan included in the original license application submitted and approved under R313-25-7(7). The plan shall include the following:

(a) additional geologic, hydrologic, or other data pertinent to the long-term containment of emplaced wastes obtained during the operational period;

(b) the results of tests, experiments, or other analyses relating to backfill of excavated areas, closure and sealing, waste migration and interaction with emplacement media, or other tests, experiments, or analyses pertinent to the long-term containment of emplaced waste within the disposal site;

(c) proposed revision of plans for:

(i) decontamination or dismantlement of surface facilities;

(ii) backfilling of excavated areas; or

(iii) stabilization of the disposal site for post-closure care.

(d) Significant new information regarding the environmental impact of closure activities and long-term performance of the disposal site.

(2) Upon review and consideration of an application to amend the license for closure submitted in accordance with R313-25-14(1), the Executive Secretary shall issue an amendment authorizing closure if there is reasonable assurance that the long-term performance objectives of R313-25 will be met.

R313-25-15. Post-Closure Observation and Maintenance.

The licensee shall observe, monitor, and carry out necessary maintenance and repairs at the disposal site until the site closure is complete and the license is transferred by the Executive Secretary in accordance with R313-25-16. The licensee shall remain responsible for the disposal site for an

additional five years. The Executive Secretary may approve closure plans that provide for shorter or longer time periods of post-closure observation and maintenance, if sufficient rationale is developed for the variance.

R313-25-16. Transfer of License.

Following closure and the period of post-closure observation and maintenance, the licensee may apply for an amendment to transfer the license to the disposal site owner. The license shall be transferred when the Executive Secretary finds:

- (1) that the disposal site was closed according to the licensee's approved disposal site closure plan;
- (2) that the licensee has provided reasonable assurance that the performance objectives of R313-25 have been met;
- (3) that funds for care and records required by R313-25-33(4) and (5) have been transferred to the disposal site owner;
- (4) that the post-closure monitoring program is operational and can be implemented by the disposal site owner; and
- (5) that the Federal or State agency which will assume responsibility for institutional control of the disposal site is prepared to assume responsibility and ensure that the institutional requirements found necessary under R313-25-11(8) will be met.

R313-25-17. Termination of License.

(1) Following the period of institutional control needed to meet the requirements of R313-25-11, the licensee may apply for an amendment to terminate the license.

(2) This application will be reviewed in accordance with the provisions of R313-22-32.

(3) A license shall be terminated only when the Executive Secretary finds:

- (a) that the institutional control requirements of R313-25-11(8) have been met;
- (b) that additional requirements resulting from new information developed during the institutional control period have been met;
- (c) that permanent monuments or markers warning against intrusion have been installed; and
- (d) that records required by R313-25-33(4) and (5) have been sent to the party responsible for institutional control of the disposal site and a copy has been sent to the Executive Secretary immediately prior to license termination.

R313-25-18. General Requirement.

Land disposal facilities shall be sited, designed, operated, closed, and controlled after closure so that reasonable assurance exists that exposures to individuals do not exceed the limits stated in R313-25-19 and 25-22.

R313-25-19. Protection of the General Population from Releases of Radioactivity.

Concentrations of radioactive material which may be released to the general environment in ground water, surface water, air, soil, plants or animals shall not result in an annual dose exceeding an equivalent of 0.25 mSv (0.025 rem) to the whole body, 0.75 mSv (0.075 rem) to the thyroid, and 0.25 mSv (0.025 rem) to any other organ of any member of the public. No greater than 0.04 mSv (0.004 rem) committed effective dose equivalent or total effective dose equivalent to any member of the public shall come from groundwater. Reasonable efforts should be made to maintain releases of radioactivity in effluents to the general environment as low as is reasonably achievable.

R313-25-20. Protection of Individuals from Inadvertent Intrusion.

Design, operation, and closure of the land disposal facility shall ensure protection of any individuals inadvertently

intruding into the disposal site and occupying the site or contacting the waste after active institutional controls over the disposal site are removed.

R313-25-21. Protection of Individuals During Operations.

Operations at the land disposal facility shall be conducted in compliance with the standards for radiation protection set out in R313-15 of these rules, except for release of radioactivity in effluents from the land disposal facility, which shall be governed by R313-25-19. Every reasonable effort should be made to maintain radiation exposures as low as is reasonably achievable, ALARA.

R313-25-22. Stability of the Disposal Site After Closure.

The disposal facility shall be sited, designed, used, operated, and closed to achieve long-term stability of the disposal site and to eliminate, to the extent practicable, the need for ongoing active maintenance of the disposal site following closure so that only surveillance, monitoring, or minor custodial care are required.

R313-25-23. Disposal Site Suitability Requirements for Land Disposal - Near-Surface Disposal.

(1) The primary emphasis in disposal site suitability is given to isolation of wastes and to disposal site features that ensure that the long-term performance objectives are met.

(2) The disposal site shall be capable of being characterized, modeled, analyzed and monitored.

(3) Within the region where the facility is to be located, a disposal site should be selected so that projected population growth and future developments are not likely to affect the ability of the disposal facility to meet the performance objectives of R313-25.

(4) Areas shall be avoided having known natural resources which, if exploited, would result in failure to meet the performance objectives of R313-25.

(5) The disposal site shall be generally well drained and free of areas of flooding or frequent ponding. Waste disposal shall not take place in a 100-year flood plain, coastal high-hazard area or wetland, as defined in Executive Order 11988, "Floodplain Management Guidelines."

(6) Upstream drainage areas shall be minimized to decrease the amount of runoff which could erode or inundate waste disposal units.

(7) The disposal site shall provide sufficient depth to the water table that ground water intrusion, perennial or otherwise, into the waste will not occur. The Executive Secretary will consider an exception to this requirement to allow disposal below the water table if it can be conclusively shown that disposal site characteristics will result in molecular diffusion being the predominant means of radionuclide movement and the rate of movement will result in the performance objectives being met. In no case will waste disposal be permitted in the zone of fluctuation of the water table.

(8) The hydrogeologic unit used for disposal shall not discharge ground water to the surface within the disposal site.

(9) Areas shall be avoided where tectonic processes such as faulting, folding, seismic activity, vulcanism, or similar phenomena may occur with such frequency and extent to significantly affect the ability of the disposal site to meet the performance objectives of R313-25 or may preclude defensible modeling and prediction of long-term impacts.

(10) Areas shall be avoided where surface geologic processes such as mass wasting, erosion, slumping, landsliding, or weathering occur with sufficient such frequency and extent to significantly affect the ability of the disposal site to meet the performance objectives of R313-25, or may preclude defensible modeling and prediction of long-term impacts.

(11) The disposal site shall not be located where nearby

facilities or activities could adversely impact the ability of the site to meet the performance objectives of R313-25 or significantly mask the environmental monitoring program.

R313-25-24. Disposal Site Design for Near-Surface Land Disposal.

(1) Site design features shall be directed toward long-term isolation and avoidance of the need for continuing active maintenance after site closure.

(2) The disposal site design and operation shall be compatible with the disposal site closure and stabilization plan and lead to disposal site closure that provides reasonable assurance that the performance objectives will be met.

(3) The disposal site shall be designed to complement and improve, where appropriate, the ability of the disposal site's natural characteristics to assure that the performance objectives will be met.

(4) Covers shall be designed to minimize, to the extent practicable, water infiltration, to direct percolating or surface water away from the disposed waste, and to resist degradation by surface geologic processes and biotic activity.

(5) Surface features shall direct surface water drainage away from disposal units at velocities and gradients which will not result in erosion that will require ongoing active maintenance in the future.

(6) The disposal site shall be designed to minimize to the extent practicable the contact of water with waste during storage, the contact of standing water with waste during disposal, and the contact of percolating or standing water with wastes after disposal.

R313-25-25. Near Surface Land Disposal Facility Operation and Disposal Site Closure.

(1) Wastes designated as Class A pursuant to R313-15-1009 of these rules shall be segregated from other wastes by placing them in disposal units which are sufficiently separated from disposal units for the other waste classes so that any interaction between Class A wastes and other wastes will not result in the failure to meet the performance objectives of R313-25. This segregation is not necessary for Class A wastes if they meet the stability requirements of R313-15-1009(2)(b).

(2) Wastes designated as Class C pursuant to R313-15-1009 shall be disposed of so that the top of the waste is a minimum of five meters below the top surface of the cover or shall be disposed of with intruder barriers that are designed to protect against an inadvertent intrusion for at least 500 years.

(3) Except as provided in R313-25-1(1), only waste classified as Class A, B, or C shall be acceptable for near-surface disposal. Wastes shall be disposed of in accordance with the requirements of R313-25-25(4) through 11.

(4) Wastes shall be emplaced in a manner that maintains the package integrity during emplacement, minimizes the void spaces between packages, and permits the void spaces to be filled.

(5) Void spaces between waste packages shall be filled with earth or other material to reduce future subsidence within the fill.

(6) Waste shall be placed and covered in a manner that limits the radiation dose rate at the surface of the cover to levels that at a minimum will permit the licensee to comply with all provisions of R313-15-105 at the time the license is transferred pursuant to R313-25-16.

(7) The boundaries and locations of disposal units shall be accurately located and mapped by means of a land survey. Near-surface disposal units shall be marked in such a way that the boundaries of the units can be easily defined. Three permanent survey marker control points, referenced to United States Geological Survey or National Geodetic Survey control stations, shall be established on the site to facilitate surveys. The United

States Geological Survey or National Geodetic Survey control stations shall provide horizontal and vertical controls as checked against United States Geological Survey or National Geodetic Survey record files.

(8) A buffer zone of land shall be maintained between any buried waste and the disposal site boundary and beneath the disposed waste. The buffer zone shall be of adequate dimensions to carry out environmental monitoring activities specified in R313-25-26(4) and take mitigative measures if needed.

(9) Closure and stabilization measures as set forth in the approved site closure plan shall be carried out as the disposal units are filled and covered.

(10) Active waste disposal operations shall not have an adverse effect on completed closure and stabilization measures.

(11) Only wastes containing or contaminated with radioactive material shall be disposed of at the disposal site.

(12) Proposals for disposal of waste that are not generally acceptable for near-surface disposal because the wastes form and disposal methods shall be different and, in general, more stringent than those specified for Class C waste, may be submitted to the Executive Secretary for approval.

R313-25-26. Environmental Monitoring.

(1) At the time a license application is submitted, the applicant shall have conducted a preoperational monitoring program to provide basic environmental data on the disposal site characteristics. The applicant shall obtain information about the ecology, meteorology, climate, hydrology, geology, geochemistry, and seismology of the disposal site. For those characteristics that are subject to seasonal variation, data shall cover at least a 12-month period.

(2) During the land disposal facility site construction and operation, the licensee shall maintain an environmental monitoring program. Measurements and observations shall be made and recorded to provide data to evaluate the potential health and environmental impacts during both the construction and the operation of the facility and to enable the evaluation of long-term effects and need for mitigative measures. The monitoring system shall be capable of providing early warning of releases of waste from the disposal site before they leave the site boundary.

(3) After the disposal site is closed, the licensee responsible for post-operational surveillance of the disposal site shall maintain a monitoring system based on the operating history and the closure and stabilization of the disposal site. The monitoring system shall be capable of providing early warning of releases of waste from the disposal site before they leave the site boundary.

(4) The licensee shall have plans for taking corrective measures if the environmental monitoring program detects migration of waste which would indicate that the performance objectives may not be met.

R313-25-27. Alternative Requirements for Design and Operations.

The Executive Secretary may, upon request or on his own initiative, authorize provisions other than those set forth in R313-25-24 and 25-26 for the segregation and disposal of waste and for the design and operation of a land disposal facility on a specific basis, if it finds reasonable assurance of compliance with the performance objectives of R313-25.

R313-25-28. Institutional Requirements.

(1) Land Ownership. Disposal of waste received from other persons may be permitted only on land owned in fee by the Federal or a State government.

(2) Institutional Control. The land owner or custodial agency shall conduct an institutional control program to

physically control access to the disposal site following transfer of control of the disposal site from the disposal site operator. The institutional control program shall also include, but not be limited to, conducting an environmental monitoring program at the disposal site, periodic surveillance, minor custodial care, and other equivalents as determined by the Executive Secretary, and administration of funds to cover the costs for these activities. The period of institutional controls will be determined by the Executive Secretary, but institutional controls may not be relied upon for more than 100 years following transfer of control of the disposal site to the owner.

R313-25-30. Applicant Qualifications and Assurances.

The applicant shall show that it either possesses the necessary funds, or has reasonable assurance of obtaining the necessary funds, or by a combination of the two, to cover the estimated costs of conducting all licensed activities over the planned operating life of the project, including costs of construction and disposal.

R313-25-31. Funding for Disposal Site Closure and Stabilization.

(1) The applicant shall provide assurances prior to the commencement of operations that sufficient funds will be available to carry out disposal site closure and stabilization, including:

(a) decontamination or dismantlement of land disposal facility structures, and

(b) closure and stabilization of the disposal site so that following transfer of the disposal site to the site owner, the need for ongoing active maintenance is eliminated to the extent practicable and only minor custodial care, surveillance, and monitoring are required. These assurances shall be based on Executive Secretary approved cost estimates reflecting the Executive Secretary approved plan for disposal site closure and stabilization. The applicant's cost estimates shall take into account total costs that would be incurred if an independent contractor were hired to perform the closure and stabilization work.

(2) In order to avoid unnecessary duplication and expense, the Executive Secretary will accept financial sureties that have been consolidated with earmarked financial or surety arrangements established to meet requirements of Federal or other State agencies or local governmental bodies for decontamination, closure, and stabilization. The Executive Secretary will accept these arrangements only if they are considered adequate to satisfy the requirements of R313-25-31 and if they clearly identify that the portion of the surety which covers the closure of the disposal site is clearly identified and committed for use in accomplishing these activities.

(3) The licensee's financial or surety arrangement shall be submitted annually for review by the Executive Secretary to assure that sufficient funds will be available for completion of the closure plan.

(4) The amount of the licensee's financial or surety arrangement shall change in accordance with changes in the predicted costs of closure and stabilization. Factors affecting closure and stabilization cost estimates include inflation, increases in the amount of disturbed land, changes in engineering plans, closure and stabilization that have already been accomplished, and other conditions affecting costs. The financial or surety arrangement shall be sufficient at all times to cover the costs of closure and stabilization of the disposal units that are expected to be used before the next license renewal.

(5) The financial or surety arrangement shall be written for a specified period of time and shall be automatically renewed unless the person who issues the surety notifies the Executive Secretary; the beneficiary, the site owner; and the principal, the licensee, not less than 90 days prior to the renewal date of its

intention not to renew. In such a situation, the licensee shall submit a replacement surety within 30 days after notification of cancellation. If the licensee fails to provide a replacement surety acceptable to the Executive Secretary, the beneficiary may collect on the original surety.

(6) Proof of forfeiture shall not be necessary to collect the surety so that, in the event that the licensee could not provide an acceptable replacement surety within the required time, the surety shall be automatically collected prior to its expiration. The conditions described above shall be clearly stated on surety instruments.

(7) Financial or surety arrangements generally acceptable to the Executive Secretary include surety bonds, cash deposits, certificates of deposit, deposits of government securities, escrow accounts, irrevocable letters or lines of credit, trust funds, and combinations of the above or other types of arrangements as may be approved by the Executive Secretary. Self-insurance, or an arrangement which essentially constitutes self-insurance, will not satisfy the surety requirement for private sector applicants.

(8) The licensee's financial or surety arrangement shall remain in effect until the closure and stabilization program has been completed and approved by the Executive Secretary, and the license has been transferred to the site owner.

R313-25-32. Financial Assurances for Institutional Controls.

(1) Prior to the issuance of the license, the applicant shall provide for Executive Secretary approval, a binding arrangement, between the applicant and the disposal site owner that ensures that sufficient funds will be available to cover the costs of monitoring and required maintenance during the institutional control period. The binding arrangement shall be reviewed annually by the Executive Secretary to ensure that changes in inflation, technology, and disposal facility operations are reflected in the arrangements.

(2) Subsequent changes to the binding arrangement specified in R313-25-32(1) relevant to institutional control shall be submitted to the Executive Secretary for prior approval.

R313-25-33. Maintenance of Records, Reports, and Transfers.

(1) Licensees shall maintain records and make reports in connection with the licensed activities as may be required by the conditions of the license or by the rules and orders of the Executive Secretary.

(2) Records which are required by these rules or by license conditions shall be maintained for a period specified by the appropriate rules or by license condition. If a retention period is not otherwise specified, these records shall be maintained and transferred to the officials specified in R313-25-33(4) as a condition of license termination unless the Executive Secretary otherwise authorizes their disposition.

(3) Records which shall be maintained pursuant to R313-25 may be the original or a reproduced copy or microfilm if this reproduced copy or microfilm is capable of producing copy that is clear and legible at the end of the required retention period.

(4) Notwithstanding R313-25-33(1) through (3), copies of records of the location and the quantity of wastes contained in the disposal site shall be transferred upon license termination to the chief executive of the nearest municipality, the chief executive of the county in which the facility is located, the county zoning board or land development and planning agency, the State Governor, and other state, local, and federal governmental agencies as designated by the Executive Secretary at the time of license termination.

(5) Following receipt and acceptance of a shipment of waste, the licensee shall record the date that the shipment is received at the disposal facility, the date of disposal of the

waste, a traceable shipment manifest number, a description of any engineered barrier or structural overpack provided for disposal of the waste, the location of disposal at the disposal site, the condition of the waste packages as received, discrepancies between the materials listed on the manifest and those received, the volume of any pallets, bracing, or other shipping or onsite generated materials that are contaminated, and are disposed of as contaminated or suspect materials, and evidence of leakage or damaged packages or radiation or contamination levels in excess of limits specified in U.S. Department of Transportation and Executive Secretary regulations or rules. The licensee shall briefly describe repackaging operations of the waste packages included in the shipment, plus other information required by the Executive Secretary as a license condition.

(6) Licensees authorized to dispose of waste received from other persons shall file a copy of their financial report or a certified financial statement annually with the Executive Secretary in order to update the information base for determining financial qualifications.

(7)(a) Licensees authorized to dispose of waste received from other persons, pursuant to R313-25, shall submit annual reports to the Executive Secretary. Reports shall be submitted by the end of the first calendar quarter of each year for the preceding year.

(b) The reports shall include:

(i) specification of the quantity of each of the principal contaminants released to unrestricted areas in liquid and in airborne effluents during the preceding year;

(ii) the results of the environmental monitoring program;

(iii) a summary of licensee disposal unit survey and maintenance activities;

(iv) a summary, by waste class, of activities and quantities of radionuclides disposed of;

(v) instances in which observed site characteristics were significantly different from those described in the application for a license; and

(vi) other information the Executive Secretary may require.

(c) If the quantities of waste released during the reporting period, monitoring results, or maintenance performed are significantly different from those predicted, the report shall cover this specifically.

(8) In addition to the other requirements in R313-25-33, the licensee shall store, or have stored, manifest and other information pertaining to receipt and disposal of radioactive waste in an electronic recordkeeping system.

(a) The manifest information that must be electronically stored is:

(i) that required in Appendix G of 10 CFR 20.1001 to 20.2402, (2006), which is incorporated into these rules by reference, with the exception of shipper and carrier telephone numbers and shipper and consignee certifications; and

(ii) that information required in R313-25-33(5).

(b) As specified in facility license conditions, the licensee shall report the stored information, or subsets of this information, on a computer-readable medium.

R313-25-34. Tests on Land Disposal Facilities.

Licensees shall perform, or permit the Executive Secretary to perform, any tests the Executive Secretary deems appropriate or necessary for the administration of the rules in R313-25, including, but not limited to, tests of;

(1) wastes;

(2) facilities used for the receipt, storage, treatment, handling or disposal of wastes;

(3) radiation detection and monitoring instruments; or

(4) other equipment and devices used in connection with the receipt, possession, handling, treatment, storage, or disposal

of waste.

R313-25-35. Executive Secretary Inspections of Land Disposal Facilities.

(1) Licensees shall afford to the Executive Secretary, at reasonable times, opportunity to inspect waste not yet disposed of, and the premises, equipment, operations, and facilities in which wastes are received, possessed, handled, treated, stored, or disposed of.

(2) Licensees shall make available to the Executive Secretary for inspection, upon reasonable notice, records kept by it pursuant to these rules. Authorized representatives of the Executive Secretary may copy and take away copies of, for the Executive Secretary's use, any records required to be kept pursuant to R313-25.

R313. Environmental Quality, Radiation Control.**R313-32. Medical Use of Radioactive Material.****R313-32-1. Purpose and Authority.**

(1) The purpose of this rule is to prescribe requirements and provisions for the medical use of radioactive material and for issuance of specific licenses authorizing the medical use of this material. These requirements and provisions provide for the protection of the public health and safety. The requirements and provisions of Rule R313-32 are in addition to, and not in substitution for, other sections of Title R313.

(2) The rules set forth herein are adopted pursuant to the provisions of Subsections 19-3-104(4) and 19-3-104(8).

R313-32-2. Clarifications or Exceptions.

For the purposes of Rule R313-32, 10 CFR 35.2 through 35.7; 35.10(d) through 35.10(f); 35.11(a) through 35.11(b); 35.12; and 35.13(b) through 35.3067 (2010) are incorporated by reference with the following clarifications or exceptions:

- (1) The exclusion of the following:
 - (a) In 10 CFR 35.2, exclude definitions for "Address of Use," "Agreement State," "Area of Use," "Dentist," "Pharmacist," "Physician," "Podiatrist," and "Sealed Source"; and
 - (b) In 10 CFR 35.3067, exclude "with a copy to the Director, Office of Nuclear Material Safety and Safeguards."
- (2) The substitution of the following date references:
 - (a) "May 13, 2005" for "October 24, 2002"; and
 - (b) "May 10, 2006" for "April 29, 2005."
- (3) The substitution of the following rule references:
 - (a) "Rule R313-15" for reference to "10 CFR Part 20" or for reference to "Part 20 of this chapter";
 - (b) "Rule R313-19" for reference to "Part 30 of this chapter" or for reference to "10 CFR Part 30" except for the reference to "Part 30 of this chapter" found in 10 CFR 35.65(d);
 - (c) "10 CFR 30" for reference to "Part 30 of this chapter" found in 10 CFR 35.65(d);
 - (d) "Rules R313-15 and R313-19" for reference to "parts 20 and 30 of this chapter";
 - (e) "Section R313-12-110" for reference to "Sec. 30.6 of this chapter" or for reference to "Sec. 30.6(a)" or for reference to "Sec. 30.6(a) of this chapter";
 - (f) "Section R313-15-101" for reference to "Sec. 20.1101 of this chapter";
 - (g) "Subsection R313-15-301(1)(a)" for reference to "Sec. 20.1301(a)(1) of this chapter";
 - (h) "Subsection R313-15-301(1)(c)" for reference to "Sec. 20.1301(c) of this chapter";
 - (i) "Section R313-15-501" for reference to "Sec. 20.1501 of this chapter";
 - (j) "Section R313-18-12" for reference to "Sec. 19.12 of this chapter";
 - (k) "Subsection R313-22-75(10) or equivalent U.S. Nuclear Regulatory Commission or Agreement State regulations" for reference to "Sec. 32.74 of this chapter," found in 10 CFR 35.65(b);
 - (l) "Subsection R313-22-75(10)" for reference to "10 CFR 32.74 of this chapter," or for reference to "Sec. 32.74 of this chapter" except for the reference to "Sec. 32.74 of this chapter" found in 10 CFR 35.65(b);
 - (m) "Rule R313-70" for reference to "Part 170 of this chapter";
 - (n) "Section R313-19-34(2)" for reference to "Sec. 30.34(b) of this chapter";
 - (o) "Rule R313-22" for reference to "Part 33 of this chapter";
 - (p) "Subsection R313-22-50(2)" for reference to "Sec. 33.13 of this chapter";
 - (q) "Subsection R313-22-75(9)(b)(iv)" for reference to "Sec. 32.72(b)(4)";

(r) "Subsection R313-22-75(9), 10 CFR 32.72, " for reference to "Sec. 32.72 of this chapter";

(s) "Subsection R313-22-75(9)(b)(v)" for reference to "Sec. 32.72(b)(5)"

(t) "(c)(1) or (c)(2)" for reference to "(c)(1)" in 10 CFR 35.50(d);

(u) "35.600 or 35.1000" for reference to "35.600" in 10 CFR 35.41(b)(1); and

(v) "Subsection R313-22-32(9), 10 CFR 30.32(j)," for reference to "30.32(j) of this chapter".

(4) The substitution of the following terms:

(a) "radioactive material" for reference to "byproduct material";

(b) "original" for "original and one copy";

(c) "(801) 536-4250 or after hours, (801) 536-4123" for "(301) 951-0550";

(d) "Form DRC-01, 'Radioactive Material License Application'" for reference to "NRC Form 313, 'Application for Material License'";

(e) "State of Utah radioactive materials" for reference to "NRC" in 10 CFR 35.6(c);

(f) "the Executive Secretary, the U.S. Nuclear Regulatory Commission, or an Agreement State" for reference to "the Commission or Agreement State" or for reference to "the Commission or an Agreement State";

(g) "an Executive Secretary, the U.S. Nuclear Regulatory Commission, or an Agreement State" for reference to "a Commission or Agreement State";

(h) "Equivalent U.S. Nuclear Regulatory Commission or Agreement State" for reference to "equivalent Agreement State" as found in 10 CFR 35.63(b)(2)(i), 10 CFR 35.63(c)(3), 10 CFR 35.65(a), 10 CFR 35.100(a), 10 CFR 35.200(a), and 10 CFR 35.300(a);

(i) "Executive Secretary" for reference to "NRC Operations Center" in 10 CFR 35.3045(c) and 10 CFR 35.3047(c);

(j) "Utah Division of Radiation Control" for reference to "NRC Operations Center" in Footnote 3 to 10 CFR 35.3045;

(k) "Executive Secretary" for reference to "appropriate NRC Regional Office listed in Sec. 30.6 of this chapter";

(l) "Utah Radiation Control Board" for reference to "Commission" in 10 CFR 35.18(a)(3)(second instance) and 10 CFR 35.19;

(m) "Executive Secretary" for reference to "Commission" in 10 CFR 35.10(b), 10 CFR 35.12(d)(2), 10 CFR 35.14(a)(first instance), 10 CFR 35.14(b), 10 CFR 35.18(a), 10 CFR 35.18(a)(3)(first instance), 10 CFR 35.18(b), 10 CFR 35.24(a)(1), 10 CFR 35.24(c), 10 CFR 35.26(a), and 10 CFR 35.1000(b);

(n) "the Executive Secretary" for reference to "NRC" in 10 CFR 35.13(b)(4)(i), 10 CFR 35.3045(g)(1), and 10 CFR 35.3047(f)(1);

(o) "the U.S. Nuclear Regulatory Commission or an Agreement State" for reference to "an Agreement State" in 10 CFR 35.49(a) and 10 CFR 35.49(c);

(p) "Executive Secretary, a U.S. Nuclear Regulatory Commission, or Agreement State" for reference to "NRC or Agreement State" in 10 CFR 35.63(b)(2)(ii), 10 CFR 35.100(c), 10 CFR 35.200(c), and 10 CFR 35.300(c); and

(q) In 10 CFR 35.75(a) "Footnote 1", substitute "The current version of NUREG-1556, Vol. 9" for "NUREG-1556 Vol. 9,";

Notice of Continuation October 5, 2006

19-3-104

19-3-108

R357. Governor, Economic Development.**R357-1. Rural Fast Track Program.****R357-1-1. Authority.**

(1) Subsection 63M-1-904 permits the administrator to make rules governing the following aspects of the Rural Fast Track Program:

- (a) the content of the application form;
- (b) who qualifies as an employee; and
- (c) the verification procedure.

R357-1-2. Application Form.

(1) An application shall:

(a) be required that details company information including company name, federal tax ID, mailing and street address, telephone number, company capabilities, project description, submission requirements, and other information that is deemed necessary by the Governor's Office of Economic Development.

(b) include financial statements demonstrating profitability and must accompany the application.

R357-1-3. Employees.

(1) The company must have at least 2 employees who are paid a salary. Each new incremental job added must be paid a salary. GOED will verify and use the county average annual wage based on the most recently published data from the United States Census Bureau.

(a) GOED will verify and use the county population of 30,000 or less based on the most recently published data from the United States Census Bureau.

(2) An application can be made based on job (FTE) creation in a rural community.

(a) Definition of FTE: "FTE" means an individual full time employee of Applicant's Utah Business that is a Utah Resident and employed at least 30 hours per week (excluding lunch) during each week.

(b) When counting FTEs, if an FTE has its employment with Applicant terminated for any reason before completion of the applicable RFT Disbursement Period, another person otherwise meeting the requirements described above may be promptly hired full time to fill the terminated FTE's position and complete the year of qualifying full-time employment. In such case, Applicant and the Administrator would count the combined contribution of these two (2) full time employees as one (1) FTE. A replacement will need to be hired within 60 days for the position to remain qualifying for FTE purposes during a given RFT disbursement period.

R357-1-4. Economic Opportunity.

(1) An application can be made based upon a unique Economic Opportunity in a rural community.

(a) Definition of Rural Fast Track Economic Opportunity: "Economic opportunity" means a unique business situation or community circumstance which lends itself to the furtherance of the economic interests of the state and the local community by providing a catalyst or stimulus to the growth or retention, or both, of commerce and industry in the state.

R357-1-5. Verification.

(1) Procedure for verifying FTE and disbursing funds on post performance basis:

(a) Request Letter

(i) Claim for credits earned and request for disbursement of funds on company letterhead.

(ii) The request should summarize the number of jobs claimed multiplied against the incentive dollars per employee and the total dollar amount requested.

(iii) Company tax ID number

(iv) Address and addressee for where the check is to be sent

(b) Support Document

(i) Summarizes the claim for credits earned by outlining the types of jobs and number of jobs that meet the minimum earnings threshold and is usually produced in spreadsheet form.

(ii) A base year document is created at the time of incentive approval and is used as a template for this summary document and will be sent to the company by the Administrator. Document will include requested information about the new jobs listed and compared against the base number of employees in the company at the time of the application.

(iii) Department of Workforce Services filing of quarterly unemployment insurance forms covering the disbursement period.

(c) Letter of Compliance

(i) A letter verifying the accuracy of the information supplied to claim the incentive. Completed and signed by company officer.

December 28, 2007**

63M-1-904

R357. Governor, Economic Development.**R357-2. Rural Broadband Service Fund.****R357-2-1. Purpose.**

- (1) The purpose of these rules is to provide:
- (a) the procedures for and content of applications to the Governor's Office of Economic Development for grants from the Rural Broadband Service Fund;
- (b) the method for providing public notice of applications and receipt of public comment on applications or competing applications;
- (c) the criteria upon which the Governor's Office of Economic Development will determine whether to award a grant from the Rural Broadband Service Fund; and
- (d) the procedures for receiving payments from the Rural Broadband Service Fund.

R357-2-2. Authority.

- (1) Subsection 63M-1-2304 requires the office to make rules governing the following aspects of the Rural Broadband Service Fund:
- (a) the method of providing public notice;
- (b) the time period for public comment; and
- (c) the manner of filing a competing application.
- (2) Subsection 63M-1-2306 permits the office to make additional rules governing the Rural Broadband Service Fund as it deems necessary to administer the Rural Broadband Service Fund, with the advice of the board, and in accordance with 63G-3-101, Utah Administrative Rulemaking Act.

R357-2-3. Definitions.

- (1) As used in these rules the following terms are used as defined in section 63M-1-2302:
- (a) "Broadband service" means any wire line technology identified by the director as having the capacity to transmit data from and to a subscriber's computer to the Internet or Internet-related services at a minimum rate of data transmission of 256 kilobits per second.
- (b) "Fund" means the restricted account known as the Rural Broadband Service Fund created in Section 63M-1-2303.
- (c) "Provider" means an entity that will install or have installed under its supervision, and will own facilities and use them to provide retail broadband service to subscribers in a rural area.
- (d) "Rural area" means any territory in the state:
- (i) within a city, town, or unincorporated area with a population of 10,000 or less based on the most recently published data of the United States Census Bureau; and
- (ii) in which broadband service is not available.
- (2) As used in these rules:
- (a) "Act" means the Rural Broadband Service Fund Act as provided in Section 63M-1-2301, et seq.
- (b) "Board" means the Board of Business and Economic Development as provided in Section 63M-1-301.
- (i) Any member of the board that represents or has a financial interest in any provider competing for grants under the act shall be disqualified from participation in review of or deliberations regarding applications or other activities of the board under the act or these rules.
- (c) "Cost of deployment of broadband service" means all costs associated with the installation of broadband service, including the cost of materials and supplies, the cost of professional services, labor, equipment and permit fees incurred in installation, cost of right-of-way and real property required for the installation, normal overheads, costs of supervision, costs for any interconnection facilities necessary to provide broadband service, and any other deployment costs identified by the provider as one-time network installation costs.
- (i) "Cost of deployment of broadband service" does not include any recurring operational costs.

(d) "Director" means the executive director of the Governor's Office of Economic Development as provided in Section 63M-1-202.

(e) "Office" means the Governor's Office of Economic Development as provided in Section 63M-1-201.

(f) "Project" means the installation of broadband service in a rural area by a provider.

(g) "Wire line technology" means a technology under which the broadband signal is carried between the provider and the subscriber over a wire, coaxial cable, or fiber optic cable. The office may not discriminate against any accepted technology for provision of broadband service other than for reasons stated in subsection 63M-1-2304.

R357-2-4. Method of Providing Public Notice and Time Period for Public Comment and Notice for Competitive Applications.

- (1) Upon acceptance of an application for deployment of broadband service in a rural area that complies with R357-2-6 and which is without deficiencies and complete, the office will open a 30-day competing application period following the issuance of public notice. During this time period the office will accept competing applications that comply with R357-2-6 to provide broadband service in exactly the same rural area as proposed in the first application received as specified in R357-2-6 (3).
- (2) Public notice of acceptance of an application for deployment of broadband service in a rural area shall be provided within 15 days of acceptance by the office as follows:
- (a) notice of the application shall be posted by the office on its official website;
- (b) notice shall be provided by the office through email to any person that has previously requested a copy of such notices; and
- (c) notice by the office may be facilitated through associations, providers or applicants as directed by the office.
- (3) Notice of the application shall be delivered by the provider through registered mail or personal delivery to the chief executive officer or executive body of:
- (a) any town or city included in whole or in part within the proposed service area of the project; and
- (b) any county in which an unincorporated area is included in whole or in part within the proposed service area of the project.
- (4) The notice from the provider shall:
- (a) identify the provider and the project generally, including its proposed service area and wire line technology, but need not disclose the proposed installation budget and timeline, business plan, or any other information designated by the provider as competitively sensitive and accepted by the office as sensitive; and
- (b) inform interested persons that they have 15 days within which to provide written comments on the application.

R357-2-5. Manner of Filing a Competing Application, Public Notice and Public Comment on a Competing Application.

- (1) Any competing application submitted to the office shall comply with the requirements of R357-2-6, and the office shall review a competing application for acceptance in the same manner as an initial application; and
- (a) if a competing application is rejected by the office, the provider submitting the competing application may have the opportunity to complete, correct and resubmit the application as provided in R357-2-6 (4)(a) provided it is completed, corrected and resubmitted within the 30-day competing application period.
- (2) Both the initial application and the competing application will be publicly noticed as provided by R357-2-4;

and

(a) written comments on the applications will be received for 15 days following the close of the competing application period; and

(b) no additional competing applications may be submitted after the close of the 30-day competing application period.

R357-2-6. Procedures for Applications for Grants from Fund.

(1) A provider that wishes to deploy broadband service in a rural area may file an application for a grant from the fund with the office.

(2) An application shall:

(a) be accompanied by an affidavit executed by an officer, general partner, member, principal, or other authorized representative of the provider under oath verifying that the information in the application is true and correct to the best of the knowledge, information and belief of the individual signing the affidavit and that the individual signing the affidavit has the authority to submit the application on behalf of the provider;

(b) include the following information regarding the provider:

(i) the company name, street and mailing address, telephone number, fax number, and email address and federal tax ID number of the provider;

(ii) the name, title, address, telephone number, fax number, and email address of the individual or individuals with whom contacts regarding the application should be made;

(iii) evidence that the provider is properly organized and authorized to do business in the state;

(iv) information, including financial statements, demonstrating the provider's technical, managerial, and financial qualifications to deploy the broadband service and to continue to provide broadband service to customers subscribing to the broadband service;

(c) provide Incumbent Local Exchange Carrier (ILEC) or Competitive Local Exchange Carrier (CLEC) certification as granted by the Utah Public Service Commission and information regarding prior deployments of broadband service by the provider.

(3) An application shall provide the following information regarding the proposed project:

(a) a description of the proposed project, including:

(i) the location of the proposed project; and

(ii) a map showing the proposed service area;

(b) Information demonstrating that the proposed service area is a rural area, including:

(i) information on the population of the proposed service area or any municipality in which it is located from the most recently published data of the United States Census Bureau; and

(c) a description of the facilities that the provider plans to install, including:

(i) the wire line technology that will be used in providing broadband service;

(d) the number of potential subscribers;

(e) the budget for the project;

(f) the timeline for deployment of broadband service;

(g) the proposed initial set up charge, if any, to subscribers, including any equipment charge;

(i) the terms and conditions upon which broadband service will be established and will continue to be provided to subscribers;

(h) include a form of public notice of the application consistent with R357-2-4 (4); and

(i) such other information as the provider wishes to provide.

(4) Within 60 days after an initial application is received by the office, the office shall review the application to determine if it is complete and if it proposes a project that

appears to be eligible for a grant from the fund. If the application is complete and proposes a project that appears eligible, the office shall notify the provider that it is accepted for consideration. If the application is deficient, the office shall promptly return it to the provider, identifying the areas of deficiency.

(a) A provider shall have 15 business days to correct, complete and resubmit any application found deficient by the office. Any application resubmitted after 15 business days shall be deemed to be a new application.

(5) Once an initial application is accepted by the office as complete, the office shall within 15 days open a competing application period and provide public notice per R357-2-4 (2).

(6) The office shall treat all competitively sensitive information submitted in an application as confidential and protected business records under the Government Records Access and Management Act.

R357-2-7. Ranking and Approval of Applications.

(1) The office shall review and rank for approval accepted applications, based upon the following criteria:

(a) the financial, managerial, and technical qualification of the provider;

(b) the number of potential subscribers to be served;

(c) the reasonableness of the cost of deployment;

(d) the timeline of deployment;

(e) the initial set up charge, if any, to subscribers, including any equipment charge; and

(f) the terms and conditions on which broadband service will be provided.

(2) In ranking applications, the office may:

(a) obtain information from the provider or others;

(b) conduct its own analysis of any issue relevant to the application, including economic development impacts of the proposed project;

(c) consider economic benefits to potential subscribers or to the state likely to accrue as a result of completion of the project;

(d) require the submission of a business plan and consider the viability of the provider's business plan to continue providing broadband service to all or some subscribers in the rural area;

(e) require the provider to make one or more presentations to the office, director or the board;

(f) require the provider to agree to make reasonable adjustments to the application or agree to reasonable conditions if necessary to make the application consistent with the act in order for the application to continue to receive consideration;

(g) consult with the Division of Public Utilities created in Section 13-1-2; and

(h) not discriminate against any accepted technology for provision of broadband service other than for reasons of cost or the terms and conditions upon which a provider proposes to provide broadband service to potential subscribers.

(3) If after the process of ranking the applications the office is unable to substantially differentiate between competing applications it may give preference to the application which was filed first.

(4) Based on the ranking of the applications in subsections R357-2-7(1), (2), and (3), the office shall inform the highest ranked provider that its application, including any modification to the application accepted by the provider pursuant to subsection R357-2-7 (2)(f) is approved, subject to entry into an agreement with the office and successful performance of the agreement.

(5) Once an application for a given rural area is approved and the office has entered into an agreement with the selected provider for deployment of broadband service to that rural area, other applications for deployment of broadband service to the

same rural area will be held in abeyance by the office until successful completion of the project as confirmed by the office at which time the competing applications will be removed from the ranking and shall be deemed denied.

(6) If a project is determined by the office as unable to be completed by the selected provider, the office may consider competing applications if in the judgment of the director the project cannot be completed by the provider originally selected.

(7) The office or director may continue approving applications in the order of ranking from highest to lowest until the office has entered into agreements with providers that provide for total grants equal to the lesser of:

- (a) the total amount available for grants from the fund; or
- (b) the total amount of grants sought by all approved applications.

(8) No grant will be approved for an amount greater than the lesser of one-half of:

(a) the actual cost of deployment of broadband service in the rural area as established by verified accounts filed with the office by the provider after completion of the project; or

(b) the budgeted amount for deployment of broadband service in the rural area as established by the application as modified prior to approval pursuant to subsection R357-2-3(c).

R357-2-8. Procedures Verification of Completion and for Payment of Grants from the Fund.

(1) Upon completion of an approved project in accordance with the terms of the agreement between the provider and the office, the provider shall provide a report to the office. The report shall:

(a) be accompanied by an affidavit executed by an officer, general partner, member, principal, or other authorized representative of the provider under oath verifying that the information in the report is true and correct to the best of the knowledge, information and belief of the individual signing the affidavit and that the individual signing the affidavit has the authority to submit the report on behalf of the provider;

(b) state that the project has been completed in accordance with the agreement; and

(c) provide accounts establishing the actual cost of deployment.

(2) The office shall examine the report of the provider submitted pursuant to subsection R357-2-8(1) and may reasonably investigate any matter related to the report. If the office determines that there is any material deficiency in the provider's performance of its obligations under the agreement, it shall notify the provider of each deficiency and the provider shall have reasonable opportunity to correct the deficiency or to dispute that any deficiency exists.

(3) The director shall disburse the grant as provided in the agreement to the provider following:

(a) the provider's submission of the report;

(b) the office's determination that the project has been completed in accordance with the agreement; and

(c) the office's review and acceptance of the accounts establishing the actual cost of deployment as submitted by the provider pursuant to R357-2-8 (1);or

(d) if the office identifies deficiencies, following the provider's certification that it has corrected the deficiencies and the director has verified that the deficiencies are corrected.

(4) If the provider contests the specification of deficiencies by the office, the board and director shall review the report and the office claim and determine whether material deficiencies exist. If after consultation with the board, the director determines that no material deficiency exists, the director shall disburse the grant. If the director determines that material deficiencies continue to exist, the director shall notify the provider of each material deficiency and the provider shall have reasonable opportunity to correct the material deficiency or to

dispute that any material deficiency exists.

R392. Health, Epidemiology and Laboratory Services, Environmental Services.**R392-302. Design, Construction and Operation of Public Pools.****R392-302-1. Authority and Purpose of Rule.**

This rule is authorized under Section 26-15-2. It establishes minimum standards for the design, construction, operation and maintenance of public pools.

R392-302-2. Definitions.

The following definitions apply in this rule.

(1) "Bather Load" means the number of persons using a pool at any one time or specified period of time.

(2) "Cleansing shower" means the cleaning of the entire body surfaces with soap and water to remove any matter, including fecal matter, that may wash off into the pool while swimming.

(3) "Department" means the Utah Department of Health.

(4) "Executive Director" means the Executive Director of the Utah Department of Health, or his designated representative.

(5) "Facility" means any premises, building, pool, equipment, system, and appurtenance which appertains to the operation of a public pool.

(6) "Float Tank" means a tank containing skin-temperature salt water that is designed to provide for solitary body floatation upon or within the water.

(7) "Gravity Drain System" means a pool drain system wherein the drains are connected to a surge or collector tank and rather than drawing directly from the drain, the circulation pump draws from the surge or collector tank and the surface of the water contained in the tank is maintained at atmospheric pressure.

(8) "High Bather Load" means 90% or greater of the designed maximum bather load."

(9) "Hydrotherapy Pool" means a pool designed primarily for medically prescribed therapeutic use.

(10) "Illuminance Uniformity" means the ratio between the brightest illuminance falling on a surface compared to the lowest illuminance falling on a surface within an area. The value of illuminance falling on a surface is measured in foot candles.

(11) "Interactive Water Feature" means a recirculating water feature designed, installed or used for recreational use, in which there is direct water contact from the feature with the public, and when not in operation, all water drains freely so there is no ponding.

(12) "Lamp Lumens" means the quantity of light, illuminance, produced by a lamp.

(13) "Lifeguard" means an attendant who supervises the safety of bathers.

(14) "Living Unit" means one or more rooms or spaces that are, or can be, occupied by an individual, group of individuals, or a family, temporarily or permanently for residential or overnight lodging purposes. Living units include motel and hotel rooms, condominium units, travel trailers, recreational vehicles, mobile homes, single family homes, and individual units in a multiple unit housing complex.

(15) "Local Health Officer" means the health officer of the local health department having jurisdiction, or his designated representative.

(16) "Pool" means a man-made basin, chamber, receptacle, tank, or tub which, when filled with water, creates an artificial body of water used for swimming, bathing, diving, recreational and therapeutic uses.

(17) "Pool Deck" means the area contiguous to the outside of the pool curb, diving boards, diving towers and slides.

(18) "Pool Shell" means the rigid encasing structure of a pool that confines the pool water by resisting the hydrostatic pressure of the pool water, resisting the pressure of any exterior soil, and transferring the weight of the pool water (sometimes through other supporting structures) to the soil or the building that surrounds it.

(19) "Private Residential Pool" means a swimming pool, spa pool or wading pool used only by an individual, family, or living unit members and guests, but not serving any type of multiple unit housing complex of four or more living units.

(20) "Public Pool" means a swimming pool, spa pool, wading pool, or special purpose pool facility which is not a private residential pool.

(21) "Saturation Index" means a value determined by application of the formula for calculating the saturation index in Table 5, which is based on interrelation of temperature, calcium hardness, total alkalinity and pH which indicates if the pool water is corrosive, scale forming or neutral.

(22) "Spa Pool" means a pool which uses therapy jet circulation, hot water, cold water, bubbles produced by air induction, or any combination of these, to impart a massaging effect upon a bather. Spa pools include, spas, whirlpools, hot tubs, or hot spas.

(23) "Special Purpose Pool" means a pool with design and operational features that provide patrons recreational, instructional, or therapeutic activities which are different from that associated with a pool used primarily for swimming, diving, or spa bathing.

(24) "Splash Pool" means the area of water located at the terminus of a water slide or vehicle slide.

(25) "Swimming Pool" means a pool used primarily for recreational, sporting, or instructional purposes in bathing, swimming, or diving activities.

(26) "Surge Tank" means a tank receiving the gravity flow from an overflow gutter and main drain or drains from which the circulation pump takes water which is returned to the system.

(27) "Turnover" means the circulation of a quantity of water equal to the pool volume through the filter and treatment facilities.

(28) "Vehicle Slide" means a recreational pool where bathers ride vehicles, toboggans, sleds, etc., down a slide to descend into a splash pool.

(29) "Unblockable Drain" means a drain of any size or shape such that a representation of the torso of a 99 percentile adult male cannot sufficiently block it to the extent that it creates a body suction entrapment hazard.

(30) "Wading Pool" means any pool or pool area used or designed to be used by children five years of age or younger for wading or water play activities.

(31) "Water Slide" means a recreational facility consisting of flumes upon which bathers descend into a splash pool.

R392-302-3. General Requirements.

(1) This rule does not require a construction change in any portion of a public pool facility if the facility was installed and in compliance with law in effect at the time the facility was installed, except as specifically provided otherwise in this rule. However if the Executive Director or the Local Health Officer determines that any facility is dangerous, unsafe, unsanitary, or a nuisance or menace to life, health or property, the Executive Director or the Local Health Officer may order construction changes consistent with the requirements of this rule to existing facilities.

(2) This rule does not regulate any private residential pool. A private residential pool that is used for swimming instruction purposes shall not be regulated as a public pool.

R392-302-4. Water Supply.

(1) The water supply serving a public pool and all plumbing fixtures, including drinking fountains, lavatories and showers, must meet the requirements for drinking water established by the Department of Environmental Quality.

(2) All portions of water supply, re-circulation, and distribution systems serving the facility must be protected against backflow. Water introduced into the pool, either directly or through the circulation system, must be supplied through an air gap.

R392-302-5. Sewer System.

(1) Each public pool must discharge waste water to a public sanitary sewer system if the sewer system is within 300 feet of the property line. Where no public sanitary sewer system is available within 300 feet of the property line, the local health department may approve connections made to a disposal system designed, constructed, and operated in accordance with the minimum requirements of the Department of Environmental Quality.

(2) Each public pool must connect to a sewer or wastewater disposal system through an air break to preclude the possibility of sewage or waste backup into the piping system. Pools constructed and approved after December 31, 2010 shall connect to a sewer or wastewater disposal system through an air gap.

R392-302-6. Construction Materials.

(1) Each public pool and the appurtenances necessary for its proper function and operation must be constructed of materials that are inert, non-toxic to humans, impervious, enduring over time, and resist the effects of wear and deterioration from chemical, physical, radiological, and mechanical actions.

(2) All public pools shall be constructed with a pool shell that meets the requirements of this section R392-302-6. Vinyl liners that are not bonded to a pool shell are prohibited. A vinyl liner that is bonded to a pool shell shall have at least a 60 mil thickness. Sand, clay or earth walls or bottoms are prohibited.

(3) The pool shell of a public pool must withstand the stresses associated with the normal uses of the pool and regular maintenance. The pool shell shall by itself withstand, without any damage to the structure, the stresses of complete emptying of the pool without shoring or additional support.

(4) In addition to the requirements of R392-302-6(3), the interior surface of each pool must be designed and constructed in a manner that provides a smooth, easily cleanable, non-abrasive, and slip resistant surface. The pool shell surfaces must be free of cracks or open joints with the exception of structural expansion joints. The owner of a non-cementitious pool shall submit documentation with the plans required in R392-302-8(5) that the surface material has been tested and passed by an American National Standards Institute (ANSI) accredited testing facility using one of the following standards that is appropriate to the material used:

(a) for a fiberglass reinforced plastic spa pool, the International Association of Plumbing and Mechanical Officials (IAPMO) standard IAPMO/ANSI Z 124.7-1997;

(b) for a fiberglass reinforced plastic swimming pool, the IAPMO IGC 158-2000 standard;

(c) for pools built with prefabricated pool sections or pool members, the International Cast Products Association (ICPA) standard ANSI/ICPA SS-1-2001; or

(d) a standard that has been approved by the Department based on whether the standard is applicable to the surface and whether it determines compliance with the requirements of this section R392-302-6.

(5) The pool shell surface must be of a white or light

pastel color.

R392-302-7. Bather Load.

(1) The bather load capacity of a public pool is determined as follows:

(a) Ten square feet, 0.929 square meters, of pool water surface area must be provided for each bather in a spa pool during maximum load.

(b) Twenty-four square feet, 2.23 square meters, of pool water surface area must be provided for each bather in an indoor swimming pool during maximum load.

(c) Twenty square feet, 1.86 square meters, of pool water surface area must be provided for each bather in an outdoor swimming pool during maximum load.

(d) Fifty square feet, 4.65 square meters, of pool water surface must be provided for each bather in a slide plunge pool during maximum load.

(2) The department may make additional allowance for bathers when the facility operator can demonstrate that lounging and sunbathing patrons will not adversely affect water quality due to over-loading of the pool.

R392-302-8. Design Detail and Structural Stability.

(1) The designing architect or engineer is responsible to certify the design for structural stability and safety of the public pool.

(2) The shape of a pool and design and location of appurtenances must be such that the circulation of pool water and control of swimmer's safety are not impaired. The designing architect or engineer shall designate sidewalls and endwalls on pool plans.

(3) A pool must have a circulation system with necessary treatment and filtration equipment as required in R392-302-16, unless turnover rate requirements as specified in sub-section R392-302-16(1) can be met by continuous introduction of fresh water and wasting of pool water under conditions satisfying all other requirements of this rule.

(4) Where a facility is subject to freezing temperatures, all parts of the facility subject to freezing damage must be adequately and properly protected from damage due to freezing, including the pool, piping, filter system, pump, motor, and other components and systems.

(5) The pool operator or the designing architect or engineer shall submit plans for a new pool, pool renovation or pool remodeling project to the local health department for approval. This includes the replacement of equipment which is different from that originally approved by a health authority having jurisdiction. The local health department may require a pool renovation or pool remodeling project to meet the current requirements of R392-302.

R392-302-9. Depths and Floor Slopes.

(1) In determining the horizontal slope ratio of a pool floor, the first number shall indicate the vertical change in value or rise and the second number shall indicate the horizontal change in value or run of the slope.

(a) The horizontal slope of the floor of any portion of a pool having a water depth of less than 5 feet, 1.52 meters, may not be steeper than a ratio of 1 to 10 except for a pool used exclusively for scuba diving training.

(b) The horizontal slope of the floor of any portion of a pool having a water depth greater than 5 feet, 1.52 meters, must be uniform, must allow complete drainage and may not exceed a ratio of 1 to 3 except for a pool used exclusively for scuba diving training. The horizontal slope of the pool bottom in diving areas must be consistent with the requirements for minimum water depths as specified in Section R392-302-11 for diving areas.

R392-302-10. Walls.

(1) Pool walls must be vertical or within 11 degrees of vertical for a minimum distance of 2 feet 9 inches, 83.82 centimeters, below the water line in areas with a depth of 5 feet, 1.52 meters, or greater. Pool walls must be vertical or within 11 degrees of vertical for a minimum distance equal to or greater than one half the pool depth as measured from the water line.

(2) Where walls form an arc to join the floors, the transitional arc from wall to floor must:

(a) have its center no less than 2 feet 9 inches, 83.82 centimeters, below the normal water level in areas with a depth greater than 5 feet, 1.52 meters;

(b) have its center no less than 75% of the pool depth beneath the normal water level, in areas of the pool with a depth of 5 feet, 1.52 meters, or less;

(c) be tangent to the wall;

(d) have a radius at least equal to or greater than the depth of the pool minus the vertical wall depth measured from the water line, as described in Subsection R392-302-9(1), minus 3 inches, 7.62 centimeters, to allow draining to the main drain. Radius minimum = Pool Depth - Vertical wall depth - 3 inches, 7.62 centimeters, where the water depth is greater than 5 feet, 1.52 meters; and

(e) have a radius which may not exceed a length greater than 25% of the water depth, in areas with a water depth of 5 feet, 1.52 meters, or less.

(3) Underwater ledges are prohibited except when approved by the local health officer for a special purpose pool. Underwater ledges are prohibited in areas of a pool designed for diving. Where underwater ledges are allowed, a line must mark the extent of the ledge within 2 inches, 5.08 centimeters, of its leading edge. The line must be at least 2 inches, 5.08 centimeters, in width and in a contrasting dark color for maximum visual distinction.

(4) Underwater seats and benches are allowed in pools so long as they conform to the following:

(a) Seats and benches shall be located completely inside of the perimeter shape of the pool;

(b) The horizontal surface shall be a maximum of 20 inches, 51 centimeter, below the water line;

(c) An unobstructed surface shall be provided that is a minimum of 10 inches, 25 centimeters, and a maximum of 20 inches front to back, and a minimum of 24 inches, 61 centimeters, wide;

(d) The pool wall under the seat or bench shall be flush with the leading edge of the seat or bench and meet the requirements of R392-302-10(1) and (2);

(e) Seats and benches may not replace the stairs or ladders required in R392-302-12, but are allowed in conjunction with pool stairs;

(f) Underwater seats may be located in the deep area of the pool where diving equipment (manufactured or constructed) is installed, provided they are located outside of the minimum water envelope for diving equipment; and

(g) A line must mark the extent of the seat or bench within 2 inches, 5.08 centimeters, of its leading edge. The line must be at least 2 inches, 5.08 centimeters, in width and in a contrasting dark color for maximum visual distinction.

R392-302-11. Diving Areas.

(1) Where diving is permitted, the diving area design, equipment placement, and clearances must meet the minimum standards established by the USA Diving Rules and Regulations 2004, Appendix B, which are incorporated by reference.

(2) Where diving from a height of less than 3.28 feet, 1 meter, from normal water level is permitted, the diving bowl shall meet the minimum depths outlined in Section 6, Figure 1

and Table 2 of ANSI/NSPI-1, 2003, which is adopted by reference, for type VI, VII and VIII pools according to the height of the diving board above the normal water level. ANSI/NSPI pool type VI is a maximum of 26 inches, 2/3 meter, above the normal water level; type VII is a maximum of 30 inches, 3/4 meter, above the normal water level; and type VIII is a maximum of 39.37 inches, 1 meter, above the normal water level.

(3) The use of a starting platform is restricted to competitive swimming events or supervised training for competitive swimming events.

(a) If starting platforms are used for competitive swimming or training, the water depth shall be at least four feet.

(b) The operator shall either remove the starting platforms or secure them with a lockable cone-type platform safety cover when not in competitive use.

(4) Areas of a pool where diving is not permitted must have "NO DIVING" or the international no diving icon, or both provided in block letters at least four inches in height in a contrasting color on the deck, located on the horizontal surface of the deck or coping as close to the water's edge as practical.

(a) Where the "NO DIVING" warnings are used, the spacing between each warning may be no greater than 25 feet.

(b) Where the icon alone is used on the deck as required, the operator shall also post at least one "NO DIVING" sign in plain view within the enclosure. Letters shall be at least four inches in height with a stroke width of at least one-half inch.

R392-302-12. Ladders, Recessed Steps, and Stairs.

(1) Location.

(a) In areas of a pool where the water depth is greater than 2 feet, 60.96 centimeters, and less than 5 feet, 1.52 meters, as measured vertically from the bottom of the pool to the mean operating level of the pool water, steps or ladders must be provided, and be located in the area of shallowest depth.

(b) In areas of the pool where the water depth is greater than 5 feet, 1.52 meters, as measured vertically from the bottom of the pool to the mean operating level of the pool water, ladders or recessed steps must be provided.

(c) A pool over 30 feet, 9.14 meters, wide must be equipped with steps, recessed steps, or ladders as applicable, installed on each end of both side walls.

(d) A pool over 30 feet, 9.14 meters, wide and 75 feet, 22.8 meters, or greater in length, must have ladders or recessed steps midway on both side walls of the pool, or must have ladders or recessed steps spaced at equal distances from each other along both sides of the pool at distances not to exceed 30 feet, 9.14 meters, in swimming and diving areas, and 50 feet, 15.23 meters, in non-swimming areas.

(e) Ladders or recessed steps must be located within 15 feet, 4.56 meters, of the diving area end wall.

(f) No pool shall be equipped with fewer than two means of entry or exit as outlined above.

(2) Handrails.

(a) Handrails must be rigidly installed and constructed in such a way that they can only be removed with tools.

(b) Handrails must be constructed of corrosion resistant materials.

(c) The outside diameter of handrails may not exceed 2 inches, 5.08 centimeters.

(3) Steps.

(a) Steps must have at least one handrail. The handrail shall be mounted on the deck and extend to the bottom step either attached at or cantilever to the bottom step. Handrails

may also be mounted in the pool bottom of a wading area at the top of submerged stairs that lead into a swimming pool; such handrails must also extend to the bottom step either attached at or cantilever to the bottom step.

(b) Steps must be constructed of corrosion-resistant material, be easily cleanable, and be of a safe design.

(c) Steps leading into pools must be of non-slip design, have a minimum run of 10 inches, 25.4 centimeters, and a maximum rise of 12 inches, 30.48 centimeters.

(d) Steps must have a minimum width of 18 inches, 45.72 centimeters, as measured at the leading edge of the step.

(e) Steps must have a line at least 1 inch, 2.54 centimeters, in width and be of a contrasting dark color for a maximum visual distinction within 2 inches, 5.08 centimeters, of the leading edge of each step.

(4) Ladders.

(a) Pool ladders must be corrosion-resistant and must be equipped with non-slip rungs.

(b) Pool ladders must be designed to provide a handhold, must be rigidly installed, and must be maintained in safe working condition.

(c) Pool ladders shall have a clearance of not more than 5 inches, 12.7 centimeters, nor less than 3 inches, 7.62 centimeters, between any ladder rung and the pool wall.

(d) Pool ladders shall have rungs with a maximum rise of 12 inches, 30.5 centimeters, and a minimum width of 14 inches, 35.6 centimeters.

(5) Recessed Steps.

(a) Recessed steps shall have a set of grab rails located at the top of the course with a rail on each side which extend over the coping or edge of the deck.

(b) Recessed steps shall be readily cleanable and provide drainage into the pool to prevent the accumulation of dirt on the step.

(c) Full or partial recessed steps must have a minimum run of 5 inches, 12.7 centimeters, and a minimum width of 14 inches, 35.56 centimeters.

R392-302-13. Decks and Walkways.

(1) A continuous, unobstructed deck at least 5 feet, 1.52 meters, wide must extend completely around the pool. The deck is measured from the pool side edge of the coping if the coping is flush with the pool deck, or from the back of the pool curb if the coping is elevated from the pool deck. Pool curbs shall be a minimum of 12 inches wide. The pool deck may include the pool coping if the coping is installed flush with the surrounding pool deck. If the coping is elevated from the pool deck, the maximum allowed elevation difference between the top of the coping surface and the surrounding deck is 19 inches, 38.1 centimeters. The minimum allowed elevation is 4 inches.

(2) Deck obstructions are allowed to accommodate diving boards, platforms, slides, steps, or ladders so long as at least 5 feet, 1.52 meters, of deck area is provided behind the deck end of any diving board, platform, slide, step, or ladder. Other types of deck obstructions may also be allowed by the local health officer so long as the obstructions meet all of the following criteria:

(a) the total pool perimeter that is obstructed equals less than 10 percent of the total pool perimeter; likewise, no more than 15 feet, 4.56 meters, of pool perimeter can be obstructed in any one location;

(b) multiple obstructions must be separated by at least five feet, 1.52 meters;

(c) an unobstructed area of deck not less than five feet, 1.52 meters, is provided around or through the obstruction and located not more than fifteen feet, 4.55 meters, from the edge of the pool.

(d) the design of the obstruction does not endanger the health or safety of persons using the pool; and

(e) written approval for the obstruction is obtained from the local health official prior to, or as part of, the plan review process.

(3) The deck must slope away from the pool to floor drains at a grade of 1/4 inch, 6.35 millimeters, to 3/8 inch, 9.53 millimeters, per linear foot.

(4) Decks and walkways must be constructed to drain away any standing water and must have non-slip surfaces.

(5) Wooden decks, walks or steps are prohibited.

(6) Deck drains may not return water to the pool or the circulation system.

(7) The operator shall maintain decks in a sanitary condition and free from litter.

(8) Carpeting may not be installed within 5 feet, 1.52 meters, of the water side edge of the coping. The operator shall wet vacuum any carpeting as often as necessary to keep it clean and free of accumulated water.

(9) Steps serving decks must meet the following requirements:

(a) Risers of steps for the deck must be uniform and have a minimum height of 4 inches, 10.2 centimeters, and a maximum height of 7 inches, 17.8 centimeters.

(b) The minimum run of steps shall be 10 inches, 25.4 centimeters.

(c) Steps must have a minimum width of 18 inches, 45.72 centimeters.

R392-302-14. Fencing.

(1) A fence or other barrier is required and must provide complete perimeter security of the facility, and be at least 6 feet, 1.83 meters, in height. Openings through the fence or barrier, other than entry or exit access when the access is open, may not permit a sphere greater than 4 inches, 10.16 centimeters, to pass through it at any location. Horizontal members shall be equal to or more than 45 inches, 114.3 centimeters, apart.

(a) If the local health department determines that the safety of children is not compromised, it may exempt indoor pools from the fencing requirements.

(b) The local health department may grant exceptions to the height requirements in consideration of architectural and landscaping features for pools designed for hotels, motels and apartment houses.

(2) A fence or barrier that has an entrance to the facility must be equipped with a self-closing and self-latching gate or door. Except for self-locking mechanisms, self-latching mechanisms must be installed 54 inches, 1.37 meters, above the ground and must be provided with hardware for locking the gate when the facility is not in use. A lock that is separate from the latch and a self locking latch shall be installed with the lock's operable mechanism (key hole, electronic sensor, or combination dial) between 34 inches, 86.4 centimeters, and 48 inches, 1.219 meters, above the ground. All gates for the pool enclosure shall open outward from the pool.

(3) The gate or door shall have no opening greater than 0.5 inches, 1.27 centimeters, within 18 inches, 45.7 centimeters, of the latch release mechanism.

(4) Bathing areas must be separated from non-bathing areas by barriers with a minimum height of 4 feet, 1.22 meters, or by a minimum of 5 feet, 1.53 meters, distance separation.

R392-302-15. Depth Markings and Safety Ropes.

(1) The depth of the water must be plainly marked at locations of maximum and minimum pool depth, and at the points of separation between the swimming and non-swimming areas of a pool. Pools must also be marked at

intermediate 1 foot, 30.48 centimeters, increments of depth, spaced at distances which do not exceed 25 feet, 7.62 meters. Markings must be located above the water line or within 2 inches, 5.8 centimeters, from the coping on the vertical wall of the pool and on the edge of the deck or walk next to the pool with numerals at least 4 inches, 10.16 centimeters, high.

(2) A pool with both swimming and diving areas must have a floating safety rope separating the swimming and diving areas. An exception to this requirement is made for special activities, such as swimming contests or training exercises when the full unobstructed length of the pool is used.

(a) The safety rope must be securely fastened to wall anchors. Wall anchors must be of corrosion-resistant materials and must be recessed or have no projections that may be a safety hazard if the safety rope is removed.

(b) The safety rope must be marked with visible floats spaced at intervals of 7 feet, 2.13 meters or less.

(c) The rope must be at least 0.5 inches, 1.27 centimeters, in diameter, and of sufficient strength to support the loads imposed on it during normal bathing activities.

(3) A pool constructed with a change in the slope of the pool floor must have the change in slope designated by a floating safety rope and a line of demarcation on the pool floor.

(a) The floating safety rope designating a change in slope of the pool floor must be attached at the locations on the pool wall that place it directly above and parallel to the line on the bottom of the pool. The floating safety rope must meet the requirements of Subsections R392-302-15(2)(a),(b),(c).

(b) A line of demarcation on the pool floor must be marked with a contrasting dark color.

(c) The line must be at least 2 inches, 5.08 centimeters, in width.

(d) The line must be located 12 inches, 30.48 centimeters, toward the shallow end from the point of change in slope.

(4) The department may exempt a spa pool from the depth marking requirement if the spa pool owner can successfully demonstrate to the department that bather safety is not compromised by the elimination of the markings.

R392-302-16. Circulation Systems.

(1) A circulation system, consisting of pumps, piping, filters, water conditioning and disinfection equipment and other related equipment must be provided. The operator shall maintain the normal water line of the pool at the overflow rim of the gutter, if an overflow gutter is used, or at the midpoint of the skimmer opening if skimmers are used whenever the pool is open for bathing. An exemption to this requirement may be granted by the department if the pool operator can demonstrate that the safety of the bathers is not compromised.

(a) The circulation system shall meet the minimum turnover time listed in Table 1.

(b) If a single pool incorporates more than one the pool types listed in Table 1, either:

(i) the entire pool shall be designed with the shortest turnover time required in Table 1 of all the turnover times for the pool types incorporated into the pool or

(ii) the pool shall be designed with pool-type zones where each zone is provided with the recirculation flow rate that meets the requirements of Table 1.

(c) The Health Officer may require the pool operator to demonstrate that a pool is performing in accordance with the approved design.

(d) The operator shall run circulation equipment continuously except for periods of routine or other necessary maintenance. Pumps with the ability to decrease flow when the pool has little or no use are allowed as long as the same

number of turnovers are achieved in 24 hours that would be required using the turnover time listed in Table 1 and the water quality standards of R392-302-27 can be maintained. The circulation system must be designed to permit complete drainage of the system.

(e) Piping must be of non-toxic material, resistant to corrosion and be able to withstand operating pressures.

(f) Plumbing must be identified by a color code or labels.

(2) The water velocity in discharge piping may not exceed 10 feet, 3.05 meters, per second, except for copper pipe where the velocity for piping may not exceed 8 feet, 2.44 meters, per second.

(3) Suction velocity for all piping may not exceed 6 feet, 1.83 meters, per second.

(4) The circulation system must include a strainer to prevent hair, lint, etc., from reaching the pump.

(a) Strainers must be corrosion-resistant with openings not more than 1/8 inch, 3.18 millimeters, in size.

(b) Strainers must provide a free flow capacity of at least four times the area of the pump suction line.

(c) Strainers must be readily accessible for frequent cleaning.

(d) Strainers must be maintained in a clean and sanitary condition.

(e) Each pump strainer must be provided with necessary valves to facilitate cleaning of the system without excessive flooding.

(5) A vacuum-cleaning system must be provided.

(a) If this system is an integral part of the circulation system, connections must be located in the walls of the pool, at least 8 inches, 20.32 centimeters, below the water line. This requirement does not apply to vacuums operated from skimmers.

(b) The number of connections provided must facilitate access to all areas of the pool through hoses less than 50 feet, 15.24 meters, in length.

(6) A rate-of-flow indicator, reading in gallons per minute, must be properly installed and located according to manufacturer recommendations. The indicator must be located in a place and position where it can be easily read.

(7) Pumps must be of adequate capacity to provide the required number of turnovers of pool water as specified in Subsection R392-302-16, Table 1. The pump or pumps must be capable of providing flow adequate for the backwashing of filters. Under normal conditions, the pump or pumps must supply the circulation rate of flow at a dynamic head which includes, in addition to the usual equipment, fitting and friction losses, an additional loss of 15 feet, 4.57 meters, for rapid sand filters, vacuum precoat media filters or vacuum cartridge filters and 40 feet, 12.19 meters, for pressure precoat media filters, high rate sand filters or cartridge filters, as well as pool inlet orifice loss of 15 feet, 4.57 meters.

(8) A pool equipped with heaters must meet the requirements for boilers and pressure vessels as required by the State of Utah Boiler and Pressure Vessel Rules, R576-201, and must have a fixed thermometer mounted in the pool circulation line downstream from the heater outlet. The heater must be provided with a heatsink as required by manufacturer's instructions.

(9) The area housing the circulation equipment must be designed with adequate working space so that all equipment may be easily disassembled, removed, and replaced for proper maintenance.

(10) All circulation lines to and from the pool must be regulated with valves in order to control the circulation flow.

(a) All valves must be located where they will be readily and easily accessible for maintenance and removal.

(b) Multiport valves must comply with National

Sanitation Foundation NSF/ANSI 50-2007, which is incorporated and adopted by reference.

(11) Written operational instructions must be immediately available at the facility at all times.

TABLE 1
Circulation

Pool Type	Min. Number of Wall Inlets	Min. Number of Skimmers per 3,500 square ft. or less	Min. Turnover Time
1. Swim	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	8 hrs.
2. Swim, high bather load	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	6 hrs.
3. Wading pool	1 per 20 ft., 6.10 m. min. of 2 equally spaced	1 per 500 sq. ft., 46.45 sq. m.	1 hr.
4. Spa	1 per 20 ft., 6.10 m.	1 per 100 sq. ft., 9.29 sq. m.	0.5 hr.
5. Wave	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	6 hrs.
6. Slide	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	1 hr.
7. Vehicle slide	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	1 hr.
8. Float tank	1	1	15 min. with 2 turnovers between patrons
9. Special Purpose Pool	1 per 10 ft., 3.05 m.	1 per 500 sq. ft., 46.45 sq. m.	1 hr.

(12) Each air induction system installed must comply with the following requirements:

(a) An air induction system must be designed and maintained to prevent any possibility of water back-up that could cause electrical shock hazards.

(b) An air intake may not introduce contaminants such as noxious chemicals, fumes, deck water, dirt, etc. into the pool.

(13) The circulation lines of jet systems and other forms of water agitation must be independent and separate from the circulation-filtration and heating systems.

R392-302-17. Inlets.

(1) Inlets for fresh or treated water must be located to produce uniform circulation of water and to facilitate the maintenance of a uniform disinfectant residual throughout the entire pool.

(2) If wall inlets from the circulation system are used, they must be flush with the pool wall and submerged at least 5 feet, 1.52 meters, below the normal water level or at the bottom of the vertical wall surface tangent to the arc forming the transition between the vertical wall and the floor of the pool. Except as provided in Subsections R392-302-31(2)(l) and (3)(e), wall inlets must be placed every 10 feet, 3.05 meters, around the pool perimeter.

(a) The department or the local health officer may require floor inlets to be installed in addition to wall inlets if a pool has a width greater than 50 feet, 4.57 meters, to assure thorough chemical distribution. If floor inlets are installed in addition to wall inlets, there must be a minimum of one row of floor inlets centered on the pool width. Individual inlets and rows of inlets shall be spaced a maximum of 15 feet, 4.57 meters, from each other. Floor inlets must be at least 15 feet, 4.57 meters, from a pool wall with wall inlets.

(b) Each wall inlet must be designed as a non-adjustable orifice with sufficient head loss to insure balancing of flow through all inlets. The return loop piping must be sized to provide less than 2.5 feet, 76.20 centimeters, of head loss to the most distant orifice to insure approximately equal flow through all orifices.

(3) If floor inlets from the circulation system are used, they must be flush with the floor. Floor inlets shall be placed at maximum 15 foot, 4.46 meter, intervals. The distance from floor inlets to a pool wall shall not exceed 7.5 feet, 2.29 meters if there are no wall inlets on that wall. Each floor inlet must be designed such that the flow can be adjusted to provide sufficient head loss to insure balancing of flow through all inlets. All floor inlets must be designed such that the flow cannot be adjusted without the use of a special tool to protect against swimmers being able to adjust the flow. The return supply piping must be sized to provide less than 2.5 feet, 76.20 centimeters, of head loss to the most distant orifice to insure approximately equal flow through all orifices.

(4) The department may grant an exemption to the inlet placement requirements on a case by case basis for inlet designs that can be demonstrated to produce uniform mixing of pool water.

R392-302-18. Outlets.

(1) No feature or circulation pump shall be connected to less than two outlets unless the pump is connected to a gravity drain system or the pump is connected to an unblockable drain. All pool outlets shall meet the following design criteria:

(a) The grates or covers of all submerged outlets in pools shall conform to the standards of ASME A112.19.8a-2008.

(b) The outlets must be constructed so that if one of the outlets is completely obstructed, the remaining outlets and related piping will be capable of handling 100 percent of the maximum design circulation flow.

(c) All pool outlets that are connected to a pump through a single common suction line must connect to the common suction line through pipes of equal diameter. The tee feeding to the common suction line from the outlets must be located approximately midway between outlets.

(d) An outlet system with more than one outlet connected to a pump suction line must not have any valve or other means to cut any individual outlet out of the system.

(e) At least one of the circulation outlets shall be located at the deepest point of the pool and must be piped to permit the pool to be completely and easily emptied.

(f) The center of the outlet covers or grates of multiple main drain outlets shall not be spaced more than 30 feet, 9.14 meters, apart nor spaced closer than 3 feet, 0.914 meters, apart.

(g) Multiple pumps may utilize the same outlets only if the outlets are sized to accommodate 100 percent of the total combined design flow from all pumps and only if the flow characteristics of the system meet the requirements of subsection R392-302-18(2) and (3).

(h) There must be one main drain outlet for each 30 feet, 9.14 meters, of pool width. The centers of the outlet

covers or grates of any outermost main drain outlets must be located within 15 feet, 4.57 meters, of a side wall.

(i) Devices or methods used for draining pools shall prevent overcharging the sanitary sewer.

(j) No operator shall allow the use of a pool with outlet grates or covers that are broken, damaged, missing, or not securely fastened.

(2) Notwithstanding Section R392-302-3, all public pools must comply with Subsections R392-302-18(2) and (3). The pool operator shall not install, allow the installation of, or operate a pool with a drain, drain cover, or drain grate in a position or an application that conflicts with any of the following mandatory markings on the drain cover or grate under the standard required in R392-302-18(1)(a):

(a) whether the drain is for single or multiple drain use;

(b) the maximum flow through the drain cover; and

(c) whether the drain may be installed on a wall or a floor.

(3) The pool operator shall not install, allow the installation of, or operate a pool with a drain cover or drain grate unless it is over or in front of:

(a) the sump that is recommended by the drain cover or grate manufacturer;

(b) a sump specifically designed for that drain by a Registered Design Professional as defined in ASME A112.19.8a-2008; or

(c) a sump that meets the ASME A112.19.8a-2008 standard.

(4) Notwithstanding Section R392-302-3, all public pools must comply with this subsection R392-302-18(4). The pool owner or certified pool operator shall retrofit by December 19, 2009 each pool circulation system on existing pools that do not meet the requirements of subsections R392-302-18(1) through R392-302-18(1)(g) and R392-302-18(2) through (3)(c). The owner or operator shall meet the retrofit requirements of this subsection by any of the following means:

(a) Meet the requirements of R392-302-18(1)(a) and R392-302-18(2) through (3)(c) and install a safety vacuum release system which ceases operation of the pump, reverses the circulation flow, or otherwise provides a vacuum release at a suction outlet when it detects a blockage; that has been tested by an independent third party; and that conforms to ASME standard A112.19.17-2002 or ASTM standard F2387;

(i) To ensure proper operation, the certified pool operator shall inspect and test the vacuum release system at least once a week but no less often than established by the manufacturer. The certified pool operator shall test the vacuum release system in a manner specified by the manufacturer. The certified pool operator shall log all inspections, tests and maintenance and retain the records for a minimum of two years for review by the Department and local health department upon request.

(ii) The vacuum release system shall include a notification system that alerts patrons and the pool operator when the system has inactivated the circulation system. The pool operator shall submit to the local health department for approval the design of the notification systems prior to installation. The system shall activate a continuous clearly audible alarm that can be heard in all areas of the pool or a continuous visible alarm that can be seen in all areas of the pool. An easily readable sign shall be posted next to the sound or visible alarm source. The sign shall state, "DO NOT USE THE POOL IF THIS ALARM IS ACTIVATED." and provide the phone number of the pool operator.

(iii) No operator shall allow the use of a pool that has a single drain with a safety vacuum release system if the safety vacuum release system is not functioning properly.

(b) Install an outlet system that includes no fewer than

two suction outlets separated by no less than 3 feet, 0.914 meters, on the horizontal plane as measured from the centers of the drain covers or grates or located on two different planes and connected to pipes of equal diameter. The outlet system shall meet the requirements of R392-302-18(1)(a) through R392-302-18(1)(g) and 18(2) through (3)(c);

(c) Meet the requirements of R392-302-18(1)(a) and R392-302-18(2) through (3)(c) and installing (or having an existing) gravity drain system;

(d) Install an unblockable drain that meets the requirements of R392-302-18(1)(a) and R392-302-18(2) through (3)(c); or

(e) Any other system determined by the federal Consumer Products Safety Commission to be equally effective as, or better than, the systems described in 15 USC 8003 (c)(1)(A)(ii)(I), (III), or (IV) at preventing or eliminating the risk of injury or death associated with pool drainage systems.

R392-302-19. Overflow Gutters and Skimming Devices.

(1) A pool having a surface area of over 3,500 square feet, 325.15 square meters, must have overflow gutters. A pool having a surface area equal to or less than 3,500 square feet, 325.15 square meters, must have either overflow gutters or skimmers provided.

(2) Overflow gutters must extend completely around the pool, except at steps, ramps, or recessed ladders. The gutter system must be capable of continuously removing pool water at 100 percent of the maximum flow rate. This system must be connected to the circulation system by means of a surge tank.

(3) Overflow gutters must be designed and constructed in compliance with the following requirements:

(a) The opening into the gutter beneath the coping or grating must be at least 3 inches, 7.62 centimeters, in height with a depth of at least 3 inches, 7.62 centimeters.

(b) Gutters must be designed to prevent entrapment of any part of a bather's body.

(c) The edge must be rounded so it can be used as a handhold and must be no thicker than 2.5 inches, 6.35 centimeters, for the top 2 inches, 5.08 centimeters.

(d) Gutter outlet pipes must be at least 2 inches, 5.08 centimeters, in diameter. The outlet grates must have clear openings and be equal to at least one and one-half times the cross sectional area of the outlet pipe.

(4) Skimmers complying with National Sanitation Foundation NSF/ANSI 50-2007 standards or equivalent are permitted on any pool with a surface area equal to or less than 3,500 square feet, 325.15 square meters. At least one skimming device must be provided for each 500 square feet, 46.45 square meters, of water surface area or fraction thereof. Where two or more skimmers are required, they must be spaced to provide an effective skimming action over the entire surface of the pool.

(5) Skimming devices must be built into the pool wall and must meet the following general specifications:

(a) The piping and other components of a skimmer system must be designed for a total capacity of at least 80 percent of the maximum flow rate of the circulation system.

(b) Skimmers must be designed with a minimum flow rate of 25 gallons, 94.64 liters, per minute and a maximum flow rate of 55 gallons, 208.12 liters, per minute. The local health department may allow a higher maximum flow through a skimmer up to the skimmer's NSF rating if the piping system is designed to accommodate the higher flow rates. Alternatively, skimmers may also be designed with a minimum of 3.125 gallons, 11.83 liters, to 6.875 gallons, 26.02 liters, per lineal inch, 2.54 centimeters, of weir.

(6) Each skimmer weir must be automatically adjustable

and must operate freely with continuous action to variations in water level over a range of at least 4 inches, 10.16 centimeters. The weir must operate at all flow variations. Skimmers shall be installed with the normal operating level of the pool water at the midpoint of the skimmer opening or in accordance with the manufacturer's instructions.

(7) An easily removable and cleanable basket or screen through which all overflow water passes, must be provided to trap large solids.

(8) The skimmer must be provided with a system to prevent air-lock in the suction line. The anti-air-lock may be accomplished through the use of an equalizer pipe or a surge tank or through any other arrangement approved by the Department that will assure a sufficient amount of water for pump suction in the event the pool water drops below the weir level. If an equalizer pipe is used, the following requirements must be met:

(a) An equalizer pipe must be sized to meet the capacity requirements for the filter and pump;

(b) An equalizer pipe may not be less than 2 inches, 5.08 centimeters, in diameter and must be designed to control velocity through the pipe in accordance with section R392-302-16(3);

(c) This pipe must be located at least 1 foot, 30.48 centimeters, below a valve or equivalent device that will remain tightly closed under normal operating conditions. In a shallow pool, such as a wading pool, where an equalizer outlet can not be submerged at least one foot below the skimmer valve, the equalizer pipe shall be connected to a separate dedicated outlet with an anti-entrapment outlet cover in the floor of the pool that meets the requirements of ASME A112.19.8a-2008; and

(d) The equalizer pipe must be protected with a cover or grate that meets the requirements of ASME A112.19.8a-2008 and is sized to accommodate the design flow requirement of R392-302-19(5).

(9) The operator shall maintain proper operation of all skimmer weirs, float valves, check valves, and baskets. Skimmer baskets shall be maintained in a clean and sanitary condition.

(10) Where skimmers are used, a continuous handhold is required around the entire perimeter of the pool except in areas of the pool that are zero depth and shall be installed not more than 9 inches, 2.86 centimeters, above the normal operating level of the pool. The decking, coping, or other material may be used as the handhold so long as it has rounded edges, is slip-resistant, and does not exceed 3.5 inches, 8.89 centimeters, in thickness. The overhang of the coping, decking, or other material must not exceed 2 inches, 5.08 centimeters, nor be less than 1 inch, 2.54 centimeters beyond the pool wall. An overhang may be up to a maximum of 3 inches to accommodate an automatic pool cover track system.

R392-302-20. Filtration.

(1) The filter system must provide for isolation of individual filters for backwashing or other service.

(2) The filtration system must be designed to allow the pool operator to easily observe the discharge backwash water from the filter in order to determine if the filter cells are clean.

(3) A public pool must use either a rapid sand filter, hi-rate sand filter, precoat media filter, a cartridge filter or other filter types deemed equivalent by the Department. All filters must comply with the standard NSF/ANSI 50-2007.

(4) Gravity and pressure rapid sand filter requirements.

(a) Rapid sand filters must be designed for a filter rate of 3 gallons, 11.36 liters, or less, per minute per square foot, 929 square centimeters, of bed area at time of maximum head

loss. The filter bed surface area must be sufficient to meet the design rate of flow required by Section R392-302-16, Table 1, for required turnover.

(b) The filter system must be provided with influent pressure, vacuum, or compound gauges to indicate the condition of the filters. Air-relief valves must be provided at or near the high point of the filter or piping system.

(c) The filter system must be designed with necessary valves and piping to permit:

(i) filtering of all pool water;

(ii) individual backwashing of filters to a sanitary sewer at a minimum rate of 15 gallons, 56.78 liters, per minute per square foot, 929 square centimeters, of filter area;

(iii) isolation of individual filters;

(iv) complete drainage of all parts of the system;

(v) necessary maintenance, operation and inspection in a convenient manner.

(d) Each pressure type filter tank must be provided with an access opening of at least a standard size 11 inch, 27.94 centimeters, by 15 inch, 38.10 centimeters, manhole with a cover.

(5) Hi-rate sand filter requirements.

(a) Hi-rate sand filters must be designed for a filter rate of less than 18 gallons, 68.14 liters, per minute per square foot, 929 square centimeters, of bed area. The filter bed area must be sufficient to meet the design rate of flow required by Section R392-302-16, Table 1, for required turnover. Minimum flow rates must be at least 13 gallons, 49.21 liters, per minute per square foot, 929 square centimeters, of bed area. The minimum flow rate requirement may be reduced to a rate of no less than 10 gallons per minute per square foot of bed area where a multiple filter system is provided, and where the system includes a valve or other means after the filters which is designed to regulate the backwash flow rate and to assure that adequate backwash flow can be achieved through each filter per the filter manufacturer's requirements.

(b) The filter tank and all components must be installed in compliance with the manufacturer's recommendations.

(c) An air-relief valve must be provided at or near the high point of the filter.

(d) The filter system must be provided with an influent pressure gauge to indicate the condition of the filter.

(6) Vacuum or pressure type precoat media filter requirements.

(a) The filtering area must be compatible with the design pump capacity as required by R392-302-16(7). The design rate of filtration may not exceed 2.0 gallons per minute per square foot, 7.57 liters per 929 square centimeters, of effective filtering surface without continuous body feed, nor greater than 2.5 gallons per minute per square foot, 9.46 liters per 929 square centimeters, with continuous body feed.

(b) Where body feed is provided, the feeder device must be accurate to within 10 percent, must be capable of continual feeding within a calibrated range, and must be adjustable from two to six parts per million. The device must feed at the design capacity of the circulation pump.

(c) Where fabric is used, filtering area must be determined on the basis of effective filtering surfaces.

(d) The filter and all component parts must be designed and constructed of materials which will withstand normal continuous use without significant deformation, deterioration, corrosion or wear which could adversely affect filter operations.

(e) If a precoat media filter is supplied with a potable water supply, then the water must be delivered through an air gap.

(f) The filter plant must be provided with influent pressure, vacuum, or compound gauges to indicate the condition of the filter. In vacuum-type filter installations

where the circulating pump is rated at two horsepower or higher, an adjustable high vacuum automatic shut-off device must be provided to prevent damage to the pump. Air-relief valves must be provided at or near the high point of the filter system.

(g) A filter must be designed to facilitate cleaning by one or more of the following methods: backwashing, air-bump-assist backwashing, automatic or manual water spray, or agitation.

(h) The filter system must provide for complete and rapid draining of the filter.

(i) Diatomaceous earth filter backwash water must discharge to the sanitary sewer system through a separation tank. The separation tank must have a visible precautionary statement warning the user not to start up the filter pump without first opening the air relief valve.

(j) Personal protection equipment suitable for preventing inhalation of diatomaceous earth or other filter aids must be provided.

(7) The department may waive National Sanitation Foundation, NSF/ANSI 50-2007, standards for precoat media filters and approve site-built or custom-built vacuum precoat media filters, if the precoat media filter elements are easily accessible for cleaning by hand hosing after each filtering cycle. Site-built or custom-built vacuum precoat media filters must comply with all design requirements as specified in Subsection R392-302-20(6). Any design which provides the equivalent washing effectiveness as determined by the department may be acceptable. Where the department or the local health department determines that a potential cross-connection exists, a hose bib in the vicinity of the filter to facilitate the washing operation must be equipped with a vacuum breaker listed by the International Association of Plumbing and Mechanical Officials, IAPMO, the American Society of Sanitary Engineering, A.S.S.E., or other nationally recognized standard.

(8) Vacuum or pressure type cartridge filter requirements.

(a) Sufficient filter area must be provided to meet the design pump capacity as required by Subsection R392-302-16, Table 1.

(b) The designed rate of filtration may not exceed 0.375 gallons, 1.42 liters, per minute per square foot, 929 square centimeters, of effective filter area.

(c) The filter and all component parts must be designed and constructed of materials which will withstand normal continuous use without significant deformation, deterioration, corrosion or wear which could adversely affect filter operations. The filter element must be constructed of polyester fiber only.

(d) The filter must be fitted with influent and effluent pressure gauges, vacuum, or compound gauges to indicate the condition of the filter. In vacuum type filter installations where the circulating pump is rated at two horsepower or higher, an adjustable high vacuum automatic shut-off must be provided to prevent damage to the pump. Air-relief valves must be provided at or near the high point of the filter system.

(e) Cleaning of cartridge type filters must be accomplished in accordance with the manufacturer's recommendations.

R392-302-21. Disinfectant and Chemical Feeders.

(1) A pool must be equipped with a disinfectant feeder or feeders which conform to the National Sanitation Foundation, NSF/ANSI 50-2007, standards relating to adjusted output rate chemical-feeding equipment and flow through chemical feeding equipment for swimming pools, or be deemed equivalent by the department.

(2) Where oxidation-reduction potential controllers are

used, the operator shall perform supervisory water testing, calibration checks, inspection and cleaning of sensor probes and chemical injectors in accordance with the manufacturer's recommendations. If specific manufacturer's recommendations are not made, the operator shall perform inspections, calibration checks, and cleaning of sensor probes at least weekly.

(3) Where compressed chlorine gas is used, the following additional features must be provided:

(a) Chlorine and chlorinating equipment must be located in a secure, well-ventilated enclosure separate from other equipment systems or equipment rooms. Such enclosures may not be below ground level. If an enclosure is a room within a building, it must be provided with vents near the floor which terminate at a location out-of-doors. Enclosures must be located to prevent contamination of air inlets to any buildings and areas used by people. Forced air ventilation capable of providing at least one complete air change per minute, must be provided for enclosures.

(b) The operator shall not keep substances which are incompatible with chlorine in the chlorine enclosure.

(c) The operator shall secure chlorine cylinders to prevent them from falling over. The operator shall maintain an approved valve stem wrench on the chlorine cylinder so the supply can be shut off quickly in case of emergency. The operator shall keep valve protection hoods and cap nuts in place except when the cylinder is connected.

(d) Doors to chlorine gas and equipment rooms must be labeled DANGER CHLORINE GAS in letters at least 4 inches, 10.16 centimeters, in height and display the United States Department of Transportation placard and I.D. number for chlorine gas.

(e) The chlorinator must be designed so that leaking chlorine gas will be vented to the out-of-doors.

(f) The chlorinator must be a solution feed type, capable of delivering chlorine at its maximum rate without releasing chlorine gas to the atmosphere. Injector water must be furnished from the pool circulation system with necessary water pressure increases supplied by a booster pump. The booster must be interlocked with both the pool circulation pump and with a flow switch on the return line.

(g) Chlorine feed lines may not carry pressurized chlorine gas.

(h) The operator shall keep an unbreakable bottle of ammonium hydroxide, of approximately 28 percent solution in water, readily available for chlorine leak detection.

(i) A self-contained breathing apparatus approved by NIOSH for entering environments that are immediately dangerous to life or health must be available and must have a minimum capacity of fifteen minutes.

(j) The breathing apparatus must be kept in a closed cabinet located outside of the room in which the chlorinator is maintained, and must be accessible without use of a key or lock combination.

(k) The facility operator shall demonstrate to the local health department through training documentation, that all persons who operate, or handle gas chlorine equipment, including the equipment specified in Subsections R392-203-21(3)(h) and (i) are knowledgeable about safety and proper equipment handling practices to protect themselves, staff members, and the public from accidental exposure to chlorine gas.

(l) The facility operator or his designee shall immediately notify the local health department of any inadvertent escape of chlorine gas.

(4) Bactericidal agents, other than chlorine and bromine, and their feeding apparatus may be acceptable if approved by the department. Each bactericidal agent must be registered by the U.S. Environmental Protection Agency for use in

swimming pools.

(5) Equipment of the positive displacement type and piping used to apply chemicals to the water must be sized, designed, and constructed of materials which can be cleaned and maintained free from clogging at all times. Materials used for such equipment and piping must be resistant to the effects of the chemicals in use.

(6) All auxiliary chemical feed pumps must be wired electrically to the main circulation pump so that the operation of these pumps is dependent upon the operation of the main circulation pump. If a chemical feed pump has an independent timer, the main circulation pump and chemical feed pump timer must be interlocked.

R392-302-22. Safety Requirements and Lifesaving Equipment.

(1) Areas of a public pool with water depth greater than six feet or a width greater than forty feet and a depth greater than four feet where a lifeguard is required under Subsection R392-302-30(2) shall provide for a minimum number of elevated lifeguard stations in accordance with Table 2. Elevated lifeguard stations shall be located to provide a clear unobstructed view of the pool bottom by lifeguards on duty.

(2) A public pool must have at least one unit of lifesaving equipment. One unit of lifesaving equipment must consist of the following: a Coast Guard-approved ring buoy with an attached rope equal in length to the maximum width of the pool plus 10 feet and a life pole or shepherd's crook type pole with blunted ends and a minimum length of 12 feet, 3.66 meters. The facility operator may substitute a rescue tube for a ring buoy where lifeguard service is provided. Additional units must be provided at the rate of one for each 2,000 square feet, 185.8 square meters, of surface area or fraction thereof. The operator of a pool that has lifeguard services shall provide at least one backboard designed with straps and head stabilization capability.

(3) A public pool must be equipped with a first aid kit which includes a minimum of the following items:

- 2 Units eye dressing packet;
- 2 Units triangular bandages;
- 1 CPR shield;
- 1 scissors;
- 1 tweezers;
- 6 pairs disposable medical exam gloves; and

Assorted types and sizes of the following: self adhesive bandages, compresses, roller type bandages and bandage tape.

(a) The operator shall keep the first-aid kit filled, available, and ready for use.

(4) Lifesaving equipment must be mounted in readily accessible, conspicuous places around the pool deck. The operator shall maintain it in good repair and operable condition. The operator and lifeguards shall prevent the removal of lifesaving equipment or use of it for any reason other than its intended purpose.

(5) Where no lifeguard service is provided in accordance with Subsection R392-302-30(2), a warning sign must be placed in plain view and shall state: WARNING - NO LIFEGUARD ON DUTY and BATHERS SHOULD NOT SWIM ALONE, with clearly legible letters, at least 4 inches high, 10.16 centimeters. In addition, the sign must also state CHILDREN 14 AND UNDER SHOULD NOT USE POOL WITHOUT RESPONSIBLE ADULT SUPERVISION.

(6) Where lifeguard service is required, the facility must have a readily accessible area designated and equipped for emergency first aid care.

	POOLS WITH LIFEGUARD	POOLS WITH NO LIFEGUARD
Elevated Station	1 per 2,000 sq. ft., 185 sq. meters, of pool area or fraction	None
Backboard	1 per facility	None
Room for Emergency Care	1 per facility	None
Ring Buoy with an attached rope equal in length to the maximum width of the pool plus 10 feet, 3.05 meters	1 per 2,000 sq. ft., 185 sq. meters, of pool area or fraction	1 per 2,000 sq. ft., 185 sq. meters, of pool area or fraction
Rescue Tube (used as a substitute for ring buoys when lifeguards are present)	1 per 2,000	None sq. ft., 185 sq. meters, of pool area or fraction
Life Pole or Shepherds Crook	1 per 2,000 sq. ft. 185, sq. meters, of pool area or fraction	1 per 2,000 sq. ft. 185, sq. meters, of pool area or fraction
First Aid Kit	1 per facility	1 per facility

R392-302-23. Lighting, Ventilation and Electrical Requirements.

(1) A pool constructed after September 16, 1996 may not be used for night swimming in the absence of underwater lighting. The local health officer may grant an exemption to this if the pool operator demonstrates that a 6 inch, 15.24 centimeters, diameter black disk on a white background placed in the deepest part of the pool can be clearly observed from the pool deck during night time hours. The local health department shall keep a record of this exemption on file. The pool operator shall keep a record of this exemption on file at the facility.

(2) Where night swimming is permitted and underwater lighting is used, artificial lighting shall be provided so that all areas of the pool, including the deepest portion of the pool shall be visible. Underwater lights shall provide illumination equivalent to 0.5 watt of incandescent lamp light per square foot, 0.093 square meter, of pool water surface area. The Local Health Officer may waive underwater lighting requirements if overhead lighting provides a minimum of 15 foot candles, 161 lux, illumination over the entire pool surface.

(3) Where night swimming is permitted and underwater luminaires are used, area lighting must be provided for the deck areas and directed away from the pool surface as practical to reduce glare. The luminance must be at least 5 horizontal foot candles of light per square foot, 929 square centimeters, of deck area, but less than the luminance level for the pool shell.

(4) Electrical wiring must conform with Article 680 of the National Fire Protection Association 70: National Electrical Code 2005 edition which is adopted and incorporated by reference.

(a) Wiring may not be routed under a pool or within the area extending 5 feet, 1.52 meters, horizontally from the inside wall of the pool as provided in Article 680 of the National Electric Code, without the written approval of the department. The department may deny the installation and use of any electrical appliance, device, or fixture, if its power service is routed under a pool or within the area extending 5 feet, 1.52 meters, horizontally from the inside wall of the pool, except in the following circumstances;

- (i) For underwater lighting,

TABLE 2

Safety Equipment and Signs

- (ii) electrically powered automatic pool shell covers, and
- (iii) competitive judging, timing, and recording apparatus.

(5) Buildings containing indoor pools, pool equipment rooms, access spaces, bathhouses, dressing rooms, shower rooms, and toilet spaces must be ventilated in accordance with American Society of Heating, Refrigerating and Air-Conditioning Engineers Standard 62.1-2004, which is incorporated and adopted by reference.

R392-302-24. Dressing Rooms.

(1) The operator shall maintain all areas and fixtures within dressing rooms in an operable, clean and sanitary condition. Dressing rooms must be equipped with minimum fixtures as required in Subsection R392-302-25(1). The local health department may exempt any bathers from the total number of bathers used to calculate the fixtures required in Subsection R392-302-25(1) who have private use fixtures available within 150 feet, 45.7 meters of the pool.

(2) A separate dressing room with required shower areas must be provided for each sex. The entrances and exits must be designed to break the line of sight into the dressing areas from other locations.

(3) Dressing rooms must be constructed of materials that have smooth, non-slip surfaces, and are impervious to moisture.

(4) Floors must slope to a drain and be constructed to prevent accumulation of water.

(5) Carpeting may not be installed on dressing room floors.

(6) Junctions between walls and floors must be covered.

(7) Partitions between dressing cubicles must be raised at least 10 inches, 25.4 centimeters, above the floor or must be placed on continuous raised masonry or concrete bases at least 4 inches, 10.16 centimeters, high.

(8) Lockers must be set either on solid masonry bases 4 inches, 10.16 centimeters, high or on legs elevating the bottom locker at least 10 inches, 25.4 centimeters, above the floor.

(a) Lockers must have louvers for ventilation.

(9) A dressing room must exit to the shallowest area of the pool. The dressing room exit door and the pool deck must be separated by at least 10 feet, 3.05 meters, and be connected by an easily cleanable walkway.

R392-302-25. Toilets and Showers.

(1) The minimum number of toilets and showers for dressing room fixtures must be based upon the designed maximum bather load. Required numbers of fixtures must be based upon 50 percent of the total number of bathers being male and 50 percent being female, except where the facility is used exclusively by one sex. The minimum number of sanitary fixtures must be in accordance with Table 4.

TABLE 4
Sanitary Fixture Minimum Requirements
Water Closets

Male	Female
1:1 to 25	1:1 to 25
2:26 to 75	2:26 to 75
3:76 to 125	3:76 to 125
4:126 to 200	4:126 to 200
5:201 to 300	5:201 to 300
6:301 to 400	6:301 to 400

Over 400, add one fixture for each additional 200 males or 150 females.

Where urinals are provided, one water closet less than

the number specified may be provided for each urinal installed, except the number of water closets in such cases may not be reduced to less than one half of the minimum specified.

(2) Lavatories must be provided on the basis of one for each water closet up to four, then one for each two additional water closets.

(3) One shower head for each sex must be provided for each 50 bathers or fraction thereof.

(4) Potable water must be provided at all shower heads. Water heaters and thermostatically controlled mixing valves must be inaccessible to bathers and must be capable of providing 2 gallons per minute, 7.57 liters per minute, of 90 degree F. water to each shower head for each bather.

(5) Soap must be dispensed at all lavatories and showers. Soap dispensers must be constructed of metal or plastic. Use of bar soap is prohibited.

(6) Fixtures must be designed so that they may be readily cleaned. Fixtures must withstand frequent cleaning and disinfecting.

(7) At least one covered waste can must be provided in each restroom.

R392-302-26. Visitor and Spectator Areas.

(1) Visitors, spectators, or animals may not be allowed within 10 feet, 3.05 meters, of the pool. Service animals are exempt from this requirement.

(2) Food or drink is prohibited within ten feet, 3.05 meters, of the pool. Beverages must be served in non-breakable containers.

(3) Trash containers must be provided in visitor and spectator areas. The entire area must be kept free of litter and maintained in a clean, sanitary condition.

R392-302-27. Disinfection and Quality of Water.

(1) Disinfection Process.

(a) A pool must be continuously disinfected by a process which:

(i) Is registered with the United States Environmental Protection Agency as a disinfecting process or disinfectant product for water;

(ii) Imparts a disinfectant residual which may be easily and accurately measured by a field test procedure appropriate to the disinfectant in use;

(iii) Is compatible for use with other chemicals normally used in pool water treatment;

(iv) Does not create harmful or deleterious effects on bathers if used according to manufacturer's specifications; and

(v) Does not create an undue safety hazard if handled, stored and used according to manufacturer's specifications.

(b) The active disinfecting agent used must meet the concentration levels listed in Table 6 for all circumstances, bather loads, and the pH level of the water.

(2) Testing Kits.

(a) An easy to operate pool-side disinfectant testing kit, compatible with the disinfectant in use and accurate to within 0.5 milligrams per liter, must be provided at each pool.

(b) If chlorine is the disinfectant used, it must be tested by the diethyl-p-phenylene diamine method, the leuco crystal violet method, or another test method approved by the Department.

(c) If cyanuric acid or stabilized chlorine is used, a testing kit for cyanuric acid, accurate to within 10.0 milligrams per liter must be provided.

(d) Expired test kit reagents may not be used.

(3) Chemical Quality of Water.

(a) If cyanuric acid is used to stabilize the free residual chlorine, or if one of the chlorinated isocyanurate compounds

is used as the disinfecting chemical, the concentration of cyanuric acid in the water must be at least ten milligrams per liter, but may not exceed 100 milligrams per liter.

(b) The difference between the total chlorine and the free chlorine in a pool shall not be greater than 0.5 milligrams per liter. If the concentration of combined residual chlorine is greater than 0.5 milligrams per liter the operator shall breakpoint chlorinate the pool water to reduce the concentration of combined chlorine.

(c) Total dissolved solids shall not exceed 1,500 milligrams per liter over the startup total dissolved solids of the pool water.

(d) Total alkalinity must be within the range from 100 to 125 milligrams per liter for a plaster lined pool, 80 to 150 milligrams per liter for a spa pool lined with plaster, and 125 to 150 milligrams per liter for a pool lined with other approved construction materials.

(e) A calcium hardness of at least 200 milligrams per liter must be maintained.

(f) The saturation index value of the pool water must be within the range of positive 0.3 and minus 0.3. The saturation index shall be calculated in accordance with Table 5.

(4) Water Clarity and Temperature.

(a) The water must have sufficient clarity at all times that the drain grates or covers in the deepest part of the pool are readily visible. As an alternative test for clarity, a black disk, six inches in diameter, must be readily visible if placed on a white field in the deepest part of the pool.

(b) Pool water temperatures for general use should be within the range of 82 degrees Fahrenheit, 28 degrees Celsius, to 86 degrees Fahrenheit, 30 degrees Celsius.

(c) The minimum water temperature for a pool is 78 degrees Fahrenheit, 26 degrees Celsius.

(d) The local health departments may grant exemption to the pool water temperature requirements for a special purpose pool including a cold plunge pool, but may not exempt maximum hot water temperatures for a spa pool.

TABLE 5

CHEMICAL VALUES AND FORMULA FOR CALCULATING SATURATION INDEX

The formula for calculating the saturation index is:

$$SI = pH + TF + CF + AF - TDSF$$

SI means saturation index

TF means temperature factor

CF means calcium factor

mg/l means milligrams per liter

deg F means degrees Fahrenheit

AF means alkalinity factor

TDSF means total dissolved solids factor.

Temperature		Calcium Hardness		Total Alkalinity	
deg. F	TF	mg/l	CF	mg/l	AF
32	0.0	25	1.0	25	1.4
37	0.1	50	1.3	50	1.7
46	0.2	75	1.5	75	1.9
53	0.3	100	1.6	100	2.0
60	0.4	125	1.7	125	2.1
66	0.5	150	1.8	150	2.2
76	0.6	200	1.9	200	2.3
84	0.7	250	2.0	250	2.4
94	0.8	300	2.1	300	2.5
105	0.9	400	2.2	400	2.6
128	1.0	800	2.5	800	2.9

Total Dissolved Solids

mg/l	TDSF
0 to 999	12.1
1000 to 1999	12.2
2000 to 2999	12.3
3000 to 3999	12.4
4000 to 4999	12.5

5000 to 5999	12.55
6000 to 6999	12.6
7000 to 7999	12.65
each additional 1000, add	.05

If the SATURATION INDEX is 0, the water is chemically in balance.

If the INDEX is a minus value, corrosive tendencies are indicated.

If the INDEX is a positive value, scale-forming tendencies are indicated.

EXAMPLE: Assume the following factors:

pH 7.5; temperature 80 degrees F, 19 degrees C;

calcium hardness 235; total alkalinity 100; and total dissolved solids 999.

pH = 7.5

TF = 0.7

CF = 1.9

AF = 2.0

TDSF = 12.1

TOTAL: 7.5 + 0.7 + 1.9 + 2.0 - 12.1 = 0.0

This water is balanced.

TABLE 6

DISINFECTANT LEVELS AND CHEMICAL PARAMETERS

	POOLS	SPAS	SPECIAL PURPOSE
Stabilized Chlorine (milligrams per liter)			
pH 7.2 to 7.6	2.0(1)	3.0(1)	2.0(1)
pH 7.7 to 8.0	3.0(1)	5.0(1)	3.0(1)
Non-Stabilized Chlorine (milligrams per liter)			
pH 7.2 to 7.6	1.0(1)	2.0(1)	2.0(1)
pH 7.7 to 8.0	2.0(1)	3.0(1)	3.0(1)
Bromine (milligrams per liter)	4.0(1)	4.0(1)	4.0(1)
Iodine (milligrams per liter)	1.0(1)	1.0(1)	1.0(1)
Ultraviolet and Hydrogen Peroxide (milligrams per liter hydrogen peroxide)	40.0(1)	40.0(1)	40.0(1)
pH	7.2 to 7.8	7.2 to 7.8	7.2 to 7.8
Total Dissolved Solids (TDS) over start-up TDS (milligrams per liter)	1,500	1,500	1,500
Cyanuric Acid (milligrams per liter)	10 to 100	10 to 100	10 to 100
Maximum Temperature (degrees Fahrenheit)	104	104	104
Calcium Hardness (milligrams per liter as calcium carbonate)	200(1)	200(1)	200(1)
Total Alkalinity (milligrams per liter as calcium carbonate)			
Plaster Pools	100 to 125	80 to 150	100 to 125
Painted or Fiberglass Pools	125 to 150	80 to 150	125 to 150
Saturation Index (see Table 5)	Plus or Minus 0.3	Plus or Minus 0.3	Plus or Minus 0.3
Chloramines (combined chlorine residual, milligrams per liter)	0.5	0.5	0.5

Note (1): Minimum Value

(5) Pool Water Sampling and Testing.

(a) At the direction of the Local Health Officer, the pool operator or a representative of the local health department shall collect a pool water sample from each public pool at least once per month or at a more frequent interval as determined by the Local health Officer. A seasonal public pool during the off season and any public pool while it is temporarily closed, if the pool is closed for an interval exceeding half of that particular month, are exempt from the requirement for monthly sampling. The operator or local health department representative shall submit the pool water sample to a laboratory approved under R444-14 to perform

total coliform and heterotrophic plate count testing.

(b) The operator or local health department shall have the laboratory analyze the sample for total coliform and heterotrophic plate count using methods allowed under R444-14-4.

(c) If the operator submits the sample as required by local health department, the operator shall require the laboratory to report sample results within five working days to the local health department and operator.

(d) A pool water sample fails bacteriological quality standards if it:

(i) Contains more than 200 bacteria per milliliter, as determined by the heterotrophic plate count or

(ii) Shows a positive test for presence of coliform or contains more than 1.0 coliform organisms per 100 milliliters.

(e) Not more than 1 of 5 samples may fail bacteriological quality standards. Failure of any bacteriological water quality sample shall require submission of a second sample within one lab receiving day after the sample report has been received.

R392-302-28. Cleaning Pools.

(1) The operator shall clean the bottom of the pool as often as needed to keep the pool free of visible dirt.

(2) The operator shall clean the surface of the pool as often as needed to keep the pool free of visible scum or floating matter.

(3) The operator shall keep all pool shell surfaces, handrails, floors, walls, and ceilings of rooms enclosing pools, dressing rooms and equipment rooms clean, sanitary, and in good repair.

(4) The operator shall respond to all discovered releases of fecal matter into a public pool in accordance with the following protocol: Centers for Disease Control and Prevention. Fecal Accident Response Recommendations for Pool Staff and Notice to Readers--Revised Guidance for Responding to Fecal Accidents in Disinfected Swimming Venues. Morbidity Mortality Weekly Report February 15, 2008 Volume 57, pages 151-152 and May 25, 2001 Volume 50, pages 416-417, which are incorporated by reference. The operator shall include in the records required in R392-302-29(2) information about all fecal matter releases into a public pool. The records shall include date, time, and where the fecal matter was discovered; whether the fecal matter was loose or solid; and the responses taken. The Local Health Officer may approve the alteration of the required Centers for Disease Control protocol for the hyperchlorination step for a loose fecal release if an operator is able to achieve a 99.9 percent kill or removal of cryptosporidium oocysts in the entire pool system by another method such as ultraviolet light, ozone, or enhanced filtration prior to allowing bathers to reenter the pool.

R392-302-29. Supervision of Pools.

(1) Public pools must be supervised by an operator that is certified or recertified by a program of training and testing that is approved by the Utah Department of Health. The local health department may determine the appropriate numbers of pools any one certified operator may supervise using criteria based on pool compliance history, local considerations of time and distance, and the individual operator's abilities.

(2) The pool operator must keep written records of all information pertinent to the operation, maintenance and sanitation of each pool facility. Records must be available at the facility and be readily accessible. The pool operator must make records available to the department or the local health department having jurisdiction upon their request. These records must include disinfectant residual in the pool water, pH and temperature of the pool water, pool circulation rate,

quantities of chemicals and filter aid used, filter head loss, filter washing schedule, cleaning and disinfecting schedule for pool decks and dressing rooms, occurrences of fecal release into the pool water or onto the pool deck, bather load, and other information required by the local health department. The pool operator must keep the records at the facility, for at least two operating seasons.

(3) The public pool owner, in consultation with the qualified operator designated in accordance with 392-302-29(1), shall develop an operation, maintenance and sanitation plan for the pool that will assure that the pool water meets the sanitation and quality standards set forth in this rule. The plan shall be in writing and available for inspection by the local health department. At a minimum the plan shall include the frequency of measurements of pool disinfectant residuals, pH and pool water temperature that will be taken. The plan shall also specify who is responsible to take and record the measurements.

(4) If the public pool water samples required in Section R392-302-27(9) fail bacteriological quality standards as defined in Section R392-302-27(10), the local health department shall require the public pool owner and qualified operator to develop an acceptable plan to correct the problem. The local health department may require more frequent water samples, additional training for the qualified operator and also may require that:

(a) the pool operator measure and record the level of disinfectant residuals, pH, and pool water temperature four times a day (if oxidation reduction potential technology is used in accordance with this rule, the local health department may reduce the water testing frequency requirement) or

(b) the pool operator read flow rate gauges and record the pool circulation rate four times a day.

(5) Bather load must be limited if necessary to insure the safety of bathers and pool water quality as required in Section R392-302-27.

(6) A sign must be posted in the immediate vicinity of the pool stating the location of the nearest telephone and emergency telephone numbers which shall include:

(a) Name and phone number of nearest police, fire and rescue unit;

(b) Name and phone number of nearest ambulance service;

(c) Name and phone number of nearest hospital.

(7) If a telephone is not available at poolside, emergency telephone numbers must be provided in a form that can be taken to a telephone.

R392-302-30. Supervision of Bathers.

(1) Access to the pool must be prohibited when the facility is not open for use.

(2) Lifeguard service must be provided at a public pool if direct fees are charged or public funds support the operation of the pool. If a public pool is normally exempt from the requirement to provide lifeguard services, but is used for some purpose that would require lifeguard services, then lifeguard services are required during the period of that use. For other pools, lifeguard service must be provided, or signs must be clearly posted indicating that lifeguard service is not provided.

(3) A lifeguard must meet each of the following:

(a) Be trained and certified by the American Red Cross, Ellis and Associates, or an equivalent program as approved by the department in Standard Level First Aid, C.P.R. for professional rescuers, and Life Guarding.

(b) Be on duty at all times when the pool is open to use by bathers, except as provided in Subsection R392-302-30(2).

(c) Have full authority to enforce all rules of safety and sanitation.

(4) A lifeguard may not have any other duties to perform other than the supervision and safety of bathers while he or she is assigned lifeguarding duties.

(5) Where lifeguard service is required, the number of lifeguards must be sufficient to allow for continuous supervision of all bathers, and surveillance over total pool floor areas.

(6) Lifeguards must be relieved in the rotation of lifeguarding responsibilities at least every 30 minutes with a work break of at least 10 minutes every hour.

(7) The facility operator and staff are responsible for the enforcement of the following personal hygiene and behavior rules:

(a) A bather using the facility must take a cleansing shower before entering the pool enclosure. A bather leaving the pool to use the toilet must take a second cleansing shower before returning to the pool enclosure.

(b) The operator and lifeguards shall exclude any person having a communicable disease transmissible by water from using the pool. A person having any exposed sub-epidermal tissue, including open blisters, cuts, or other lesions may not use a public pool. A person who has or has had diarrhea within the last two weeks caused by an unknown source or from any communicable or fecal-borne disease may not enter any public pool.

(c) Any child under three years old, any child not toilet trained, and anyone who lacks control of defecation shall wear a water resistant swim diaper and waterproof swimwear. Swim diapers and waterproof swimwear shall have waist and leg openings fitted such that they are in contact with the waist or leg around the entire circumference.

(d) Running, boisterous play, or rough play, except supervised water sports, are prohibited.

(e) Easily readable placards embodying the above rules of personal hygiene and behavior must be conspicuously posted in the pool enclosure and in the dressing rooms and offices.

(f) The lifeguards and operator shall only allow diaper changing in restrooms or changing stations not at poolside. The person or persons who change the diaper must wash their hands thoroughly with soap before returning to the pool. The diapered person must undergo a cleansing shower before returning to the pool.

R392-302-31. Special Purpose Pools.

(1) Special purpose pools must meet all applicable requirements of all Sections of R392-302 in addition to those of this Section as they apply to special design features and uses of special purpose pools.

(a) Special purpose pool projects require consultation with the local health department having jurisdiction in order that consideration can be given to areas where potential problems may exist and before deviations from some of the requirements are approved.

(b) The local health officer shall require such measures as deemed necessary to assure the health and safety of special purpose pool patrons.

(2) Spa Pools.

(a) This subsection supercedes R392-302-6(5). A spa pool shell may be a color other than white or light pastel.

(b) Spa pools shall meet the bather load requirement of R392-302-7(1)(a).

(c) A spa pool may not exceed a maximum water depth of 4 feet, 1.22 meters. The department may grant exceptions to the maximum depth requirement for a spa pool designed for special purposes, such as instruction, treatment, or therapy.

(d) This subsection supercedes R392-302-12(1)(f). A spa pool may be equipped with a single entry/exit. A spa

pool must be equipped with at least one handrail for each 50 feet, 15.24 meters, of perimeter, or portion thereof, to designate the point of entry and exit. Points of entry and exit must be evenly spaced around the perimeter of the spa pool and afford unobstructed entry and egress.

(e) This subsection supercedes R392-302-12(3)(c). In a spa pool where the bottom step serves as a bench or seat, the bottom riser may be a maximum of 14 inches, 35.56 centimeters.

(f) This subsection supercedes R392-302-13(1). A spa pool must have a continuous, unobstructed deck at least 3 feet, 91.44 centimeters, wide around 25 percent or more of the spa.

(g) This subsection supercedes R392-302-13(5). The department may allow spa decks or steps made of sealed, clear-heart redwood.

(h) A pool deck may be included as part of the spa deck if the pools are separated by a minimum of 5 feet, 1.52 meters. The department may grant an exception to deck and pool separation requirements if a spa pool and another pool are constructed adjacent to each other and share a common pool sidewall which separates the two pools. The common pool side wall may not exceed 12 inches, 30.48 centimeters, in width.

(i) This subsection supersedes R392-302-15. The local health officer may exempt a spa pool from depth marking requirements if the spa pool owner can successfully demonstrate to the local health officer that bather safety is not compromised by the elimination of the markings.

(j) A spa pool must have a minimum of one turnover every 30 minutes.

(k) Spa pool air induction systems shall meet the requirements of R392-302-16(12)(a) through (b). Jet or water agitation systems shall meet the requirements of R392-302-16(13).

(l) Spa pool filtration system inlets shall be wall-type inlets and the number of inlets shall be based on a minimum of one for each 20 feet, 6.10 meters, or fraction thereof, of pool perimeter.

(m) Spa pool outlets shall meet all of the requirements of subsections R392-302-18(1) through R392-302-18(4)(e); however, the following exceptions apply:

(i) Multiple spa outlets shall be spaced at least three feet apart from each other as measured from the centers of the drain covers or grates or a third drain shall be provided and the separation distance between individual outlets shall be at the maximum possible spacing.

(ii) The department may exempt an acrylic or fiberglass spa from the requirement to locate outlets at the deepest point in the pool if the outlets are located on side walls within three inches of the pool floor and a wet-vacuum is available on site to remove any water left in the pool after draining.

(n) A spa pool must have a minimum number of surface skimmers based on one skimmer for each 100 square feet, 9.29 square meters of surface area.

(o) A spa pool must be equipped with an oxidation reduction potential controller which monitors chemical demands, including pH and disinfectant demands, and regulates the amount of chemicals fed into the pool circulation system. A spa pool constructed and approved prior to September 16, 1996 is exempt from this requirement if it is able to meet bacteriological quality as required in Subsection R392-302-27(5)(e).

(p) A spa pool is exempt from the Section R392-302-22, except for Section R392-302-22(3).

(q) The maximum water temperature for a spa pool is 104 degrees Fahrenheit, 40 degrees Celsius.

(r) A spa pool shall meet the total alkalinity requirements of R392-302-27(3)(d).

(s) A spa pool must have an easily readable caution sign mounted adjacent to the entrance to the spa or hot tub which contains the following information:

(i) The word "caution" centered at the top of the sign in large, bold letters at least two inches in height.

(ii) Elderly persons and those suffering from heart disease, diabetes or high blood pressure should consult a physician before using the spa pool.

(iii) Persons suffering from a communicable disease transmissible via water may not use the spa pool. Persons using prescription medications should consult a physician before using the spa.

(iv) Individuals under the influence of alcohol or other impairing chemical substances should not use the spa pool.

(v) Bathers should not use the spa pool alone.

(vi) Pregnant women should not use the spa pool without consulting their physicians.

(vii) Persons should not spend more than 15 minutes in the spa in any one session.

(viii) Children under the age of 14 must be accompanied and supervised by at least one responsible adult over the age of 18 years, when lifeguards are not on duty.

(ix) Children under the age of five years are prohibited from bathing in a spa or hot tub.

(x) Running or engaging in unsafe activities or horseplay in or around the spa pool is prohibited.

(t) Water jets and air induction ports on spa pools must be controlled by an automatic timer which limits the duration of their use to 15 minutes per each cycle of operation. The operator shall mount the timer switch in a location which requires the bather to exit the spa before the timer can be reset for another 15 minute cycle or part thereof.

(3) Wading Pools.

(a) Wading pools shall be separated from other pools. Wading pools may not share common circulation, filtration, or chemical treatment systems, or walls.

(b) A wading pool may not exceed a maximum water depth of 2 feet, 60.96 centimeters.

(c) The deck of a wading pool may be included as part of adjacent pool decks.

(d) A wading pool must have a minimum of one turnover per hour and have a separate circulation system.

(e) A wading pool that utilizes wall inlets shall have a minimum of two equally spaced inlets around its perimeter at a minimum of one in each 20 feet, 6.10 meters, or fraction thereof.

(f) A wading pool shall have drainage to waste through a quick opening valve to facilitate emptying the wading pool should accidental bowel discharge or other contamination occur.

(4) Hydrotherapy Pools.

(a) A hydrotherapy pool shall at all times comply with R392-302-27 Disinfection and Quality of Water, R392-302-28 Cleaning of Pools and R392-302-29 Supervision of Pools unless it is drained cleaned, and sanitized after each individual use.

(b) A hydrotherapy pool is exempt from all other requirements of R392-302, only if use of the hydrotherapy pool is restricted to therapeutic uses and is under the continuous and direct supervision of licensed medical or physiotherapy personnel.

(c) Local health departments may enter and examine the use of hydrotherapy pools to respond to complaints, to assure that use of the pool is being properly supervised, to examine records of testing and sampling, and to take samples to assure that water quality and cleanliness are maintained.

(d) A local health officer may grant an exception to section R392-302-31(4)(a) if the operator of the hydrotherapy pool can demonstrate that the exception will not compromise

pool sanitation or the health or safety of users.

(5) Float Tanks.

(a) Float tank circulation systems, consisting of pumps, piping, filters, and disinfection equipment must be provided which will clarify and disinfect the tank's volume of water in 15 minutes or less.

(b) The total volume of water within a float tank must be turned over at least twice between uses by patrons.

(6) Water Slides.

(a) Slide Flumes.

(i) The flumes within enclosed slides must be designed to prevent accumulation of hazardous concentrations of toxic chemical fumes.

(ii) All curves, turns, and tunnels within the path of a slide flume must be designed so that body contact with the flume or tunnel does not present an injury hazard. The slide flume must be banked to keep the slider's body safely inside the flume.

(iii) The flume must be free of hazards including joints and mechanical attachments separations, splinters, holes, cracks, or abrasive characteristics.

(iv) Wall thickness of flumes must be thick enough so that the continuous and combined action of hydrostatic, dynamic, and static loads and normal environmental deterioration will not cause structural failures which could result in injury. The facility operator or owner shall insure that repairs or patchwork maintains original designed levels of safety and structural integrity. The facility operator or owner shall insure that repairs or patchwork is performed in accordance with manufacturer's guidelines.

(v) Multiple-flume slides must have parallel exits or be constructed, so that the projected path of their centerlines do not intersect within a distance of less than 8 feet, 2.44 meters, beyond the point of forward momentum of the heaviest bather permitted by the engineered design.

(vi) A slide flume exit must provide safe entry into the splash pool. Design features for safe entry include a water backup, and a deceleration distance adequate to reduce the slider's exit velocity to a safe speed. Other methods may be acceptable if safe exiting from the slide flume is demonstrated to the department.

(b) Flume Clearance Distances.

(i) A distance of at least 4 feet, 1.22 meters, must be provided between the side of a slide flume exit and a splash pool side wall.

(ii) The distance between nearest sides of adjacent slide flume exits must be at least 6 feet, 1.83 meters.

(iii) A distance between a slide flume exit and the opposite end of the splash pool, excluding steps, must be at least 20 feet, 6.10 meters.

(iv) The distance between the side of the vehicle flume exit and the pool side wall must be at least 6 feet, 1.83 meters.

(v) The distance between nearest sides of adjacent vehicle slide flume exits must be at least 8 feet, 2.44 meters.

(vi) The distance between a vehicle slide flume exit and the opposite end of the splash pool, excluding steps, must be long enough to provide clear, unobstructed travel for at least 8 feet, 2.44 meters, beyond the point of forward momentum of the heaviest bather permitted by the engineered design.

(c) Splash Pool Dimensions.

(i) The depth of a water slide splash pool at the end of a horizontally oriented slide flume exit must be at least 3 feet, 9.14 centimeters, but may be required to be deeper if the pool design incorporates special features that may increase risks to bathers as determined by the department.

(ii) The depth must be maintained in front of the flume for a distance of at least 20 feet, 6.10 meters, from which point the splash pool floor may have a constant slope upward.

Slopes may not be designed or constructed steeper than a 1 to 10 ratio.

(iii) The operating water depth of a vehicle slide splash pool, at the flume exit, must be a minimum of 3 feet 6 inches, 1.07 meters. This depth must be maintained to the point at which forward travel of the vehicle ends. From the point at which forward travel ends, the floor may have a constant upward slope to the pool exit at a ratio not to exceed 1 to 10.

(iv) The department may waive minimum depth and distance requirements for a splash pool and approve a special exit system if the designer can demonstrate to the department that safe exit from the flume into the splash pool can be assured.

(v) A travel path with a minimum width of 4 feet, 1.22 meters, must be provided between the splash pool deck and the top of the flume.

(d) General Water Slide Requirements.

(i) Stairways serving a slide may not retain standing water. Stairways must have non-slip surfaces and shall conform to the requirements of applicable building codes.

(ii) Vehicles, including toboggans, sleds, inflatable tubes, and mats must be designed and manufactured of materials which will safeguard the safety of riders.

(iii) Water slides shall meet the bather load requirements of R392-302-7(1)(d).

(e) Water Slide Circulation Systems.

(i) Splash pool overflow reservoirs must have sufficient volume to contain at least two minutes of flow from the splash pool overflow. Splash pool overflow reservoirs must have enough water to insure that the splash pool will maintain a constant water depth.

(ii) The circulation and filtration equipment of a special purpose pool must be sized to turn over the entire system's water at least once every hour.

(iii) Splash pool overflow reservoirs must circulate water through the water treatment system and return when flume supply service pumps are turned off.

(iv) Flume pumps and motors must be sized, as specified by the flume manufacturer, and must meet all National Sanitation Foundation, NSF/ANSI 50-2007, Section 6. Centrifugal Pumps, standards for pool pumps.

(v) Flume supply service pumps must have check valves on all suction lines.

(vi) The splash pool and the splash pool overflow reservoir must be designed to prohibit bather entrapment as water flows from the splash pool to the overflow reservoir.

(vii) Perimeter overflow gutter systems must meet the requirements of Section R392-302-19, except that gutters are not required directly under slide flumes or along the weirs which separate splash pools and splash pool overflow reservoirs.

(viii) Pump reservoir areas must be accessible for cleaning and maintenance.

(f) Caution Signs.

(i) A caution sign must be mounted adjacent to the entrance to a water slide that states at least the following warnings:

(A) The word caution centered at the top of the sign in large bold letters at least two inches in height.

(B) No running, standing, kneeling, tumbling, or stopping on flumes or in tunnels.

(C) No head first sliding at any time.

(D) The use of a slide while under the influence of alcohol or impairing drugs is prohibited.

(E) Only one person at a time may travel the slide.

(F) Obey instructions of lifeguards and other staff at all times.

(G) Keep all parts of the body within the flume.

(H) Leave the splash pool promptly after exiting from

the slide.

(7) Interactive Water Feature Requirements.

(a) All parts of the interactive water feature shall be designed, constructed, maintained, and operated so there are no slip, fall, or other safety hazards, and shall meet the standards of the construction code adopted by the Utah Legislature under Section 58-56-4. A copy of the construction code is available at the office of the local building inspector.

(b) Interactive water feature nozzles that spray from the ground level shall be flush with the ground, with openings no greater than one-half inch in diameter. Spray devices that extend above ground level shall be clearly visible.

(c) Areas adjacent to the water feature collection zones shall be sloped away at a minimum of two percent from the interactive water feature to deck drains or other approved surface water disposal systems. A continuous deck at least 3 feet, 0.91 meters, wide as measured from the edge of the collection zones must extend completely around the interactive water feature.

(d) Water discharged from all interactive water feature fountain or spray features shall freely drain by gravity flow through a main drain fitting to a below grade sump or collection system which discharges to a collector tank.

(e) All interactive water feature foggers and misters that produce finely atomized mists shall be supplied directly from a potable water source and not from the underground reservoir.

(f) The interactive water feature shall have an automated oxidation reduction potential (ORP) and pH controller installed and in operation whenever the feature is open for use. The controller shall be capable of maintaining disinfection and pH levels within the requirements for special purpose pools listed in Table 6. In addition, an approved secondary disinfection system that meets the requirements of in R392-302-34 (4)(c) through (4)(f)(iii) shall be installed and in operation whenever the feature is open for use.

(g) A sign shall be posted in the immediate vicinity of interactive water feature stating that pets are prohibited.

(h) If the interactive water feature is operated at night, five foot-candles of light shall be provided in the all areas of the water feature. Lighting shall be installed in accordance with manufacturer's specifications and approved for such use by UL or NSF.

(i) Hydraulics.

(i) The interactive water feature filter system shall be capable of filtering and treating the entire water volume of the water feature within 30 minutes.

(ii) The interactive water feature filter system shall draft from the collector tank and return filtered and treated water to the tank via a minimum of 4 equally spaced inlet fittings. Inlet spacing shall also meet the requirements of section R392-302-17.

(iii) The interactive water feature circulation system shall be on a separate loop and not directly interconnected with the interactive water feature pump.

(iv) The suction intake of the interactive water feature pump in the underground reservoir shall be located adjacent to the circulation return line and shall be located to maximize uniform circulation of the tank.

(v) An automated water level controller shall be provided for the interactive water feature, and the drinking water line that supplies the feature shall be protected from any back flow by an air gap.

(vi) The water velocity through the feature nozzles of the interactive water features shall meet manufacturer's specifications and shall not exceed 20 feet per second.

(vii) The minimum size of the interactive water feature sump or collector tank shall be equal to the volume of 3

minutes of the combined flow of all feature pumps and the filter pump. Access lids or doors shall be provided to the sump and collector tank. The lids or doors shall be sized to allow easy maintenance and shall provide security from unauthorized access. Stairs or a ladder shall be provided as needed to ensure safe entry into the tank for cleaning and inspection.

(viii) The suction intake from the interactive water feature circulation pump shall be located in the lowest portion of the underground reservoir.

(ix) A means of vacuuming and completely draining the interactive water feature tank shall be provided.

(j) An interactive water feature is exempt from:

(i) The wall requirement of section R392-302-10;

(ii) The ladder, recessed step, stair, and handrail requirements of section R392-302-12;

(iii) The fencing and access barrier requirements of section R392-302-14;

(iv) The outlet requirements of section R392-302-18;

(v) The overflow gutter and skimming device requirements of section R392-302-19;

(vi) The safety and lifesaving requirements of section R392-302-22, except that an interactive water feature shall be equipped with a first aid kit as required by subsection R392-302-22(3);

(vii) The dressing room requirements of section R392-302-24 as long toilets, lavatories and changing tables are available within 150 feet; and

(viii) The pool water clarity and temperature requirements of subsection R392-302-27(4).

R392-302-32. Advisory Committee.

(1) An advisory committee to the Department regarding regulation of public pools is hereby authorized.

(2) The advisory committee shall be appointed by the Executive Director. Representatives from local health departments, pool engineering, construction or maintenance companies and pool owners may be represented on the committee.

(3) Consistent with R380-1, the Executive Director may seek the advice of the advisory committee regarding interpretation of this rule, the granting of exemptions and related matters.

R392-302-33. Cryptosporidiosis Watches and Warnings.

(1) The Executive Director or local health officer may issue cryptosporidiosis watches or cryptosporidiosis warnings as methods of intervention for likely or indicated outbreaks of cryptosporidiosis. The Executive Director or local health officer may issue a cryptosporidiosis watch if there is a heightened likelihood of a cryptosporidiosis outbreak. The Executive Director or local health officer may issue a cryptosporidiosis warning if there have been reports of cryptosporidiosis above the background level reported for the disease. The Executive Director or local health officer shall include the geographic area and pool type covered in the warning and may restrict certain persons from using public pools.

(2) If a cryptosporidiosis watch or a cryptosporidiosis warning has been issued, the operator of any public pool shall post a notice sign that meets the requirements of this section, the standard for "notice" signs established in ANSI Z353.2-2002, which is adopted by reference, and the approval of the local health officer to assure compliance with this section and the ANSI standard. An Adobe Acrobat .pdf version of the sign that meets the requirements of this section and the ANSI standard for 10-foot viewing is available from the Department or the local health department. The notice sign shall be placed so that all patrons are alerted to the cryptosporidium-

targeted requirements prior to deciding whether to use the swimming pool. The sign shall be at least 17 inches, 43 centimeters, wide by 11 inches, 28 centimeters, high. The sign may need to be larger, depending on the placement of the sign, to meet the ANSI standard.

(a) Centered immediately below the blue panel shall appear the words "CRYPTO DISEASE PREVENTION" in capital letters.

(b) The body of the notice sign shall be in upper case letters at least 1.0 centimeters high and include the following four bulleted statements in black letters:

-All with diarrhea in the past 2 weeks shall not use the pool.

-All users must shower with soap to remove all fecal material prior to pool entry and after using the toilet or a diaper change.

-All less than 3 yrs or who wear diapers must wear a swim diaper and waterproof swimwear. Diapers may only be changed in restrooms or changing stations.

-Keep pool water out of your mouth.

(3) If a cryptosporidium warning has been issued, each operator of a public pool subject to the warning shall, at a minimum, implement the following cryptosporidium counter measures:

(a) maintain the disinfectant concentration within the range between two mg/l (four mg/l for bromine) and the concentration listed on the product's Environmental Protection Agency mandated label as the maximum reentry concentration, but in no case more than five mg/l (10 mg/l for bromine);

(b) maintain the pH between 7.2 and 7.5; and

(c) maintain the cyanuric acid level that meets the requirement of R392-302-27(3), except the maximum level shall be reduced to 30 mg/l.

(4)(a) If a cryptosporidium warning has been issued, in addition to the requirements listed in R392-302-34(3), the owner or operator of a public pool shall implement any additional cryptosporidium countermeasures listed in subsection below sufficient to achieve at least a 99.9 percent destruction or removal of cryptosporidium oocysts twice weekly, except as provided in R392-302-34(4)(b).

(b) Hyperchlorination using sodium hypochlorite or calcium hypochlorite to achieve a concentration multiplied by time (CT) value of 15,300 mg/l minutes. Table 7 lists examples of chlorine concentrations and time periods that may be used to achieve the required CT value. The operator shall not allow anyone to use the pool if the chlorine concentration exceeds the Environmental Protection Agency maximum reentry concentration listed on the product's label, but in no case if the concentration exceeds five mg/l. The operator of any public pool not required to have a lifeguard by R392-302-30(2) shall hyperchlorinate at least once weekly.

(c) A full flow ultraviolet treatment system that meets the requirements of National Sanitation Foundation standard NSF/ANSI 50-2007, which is incorporated by reference. The owner or operator shall ensure that the system is installed and operated according to the manufacturer's recommendations. The owner or operator shall obtain from the manufacturer of the system documentation of third-party challenge testing that the system can achieve a single pass 99.9 percent inactivation of cryptosporidium or the bacteriophage MS2 at the pool design flow rate and during normal operating conditions. The owner or operator shall maintain and make available for inspection the manufacturer's documentation.

(d) An ozone treatment system that achieves a CT value of 7.4 and a flow-through rate at least four times the volume of the pool every three and a half days. The system shall meet the requirements of National Sanitation Foundation

standard NSF/ANSI 50-2007, which is incorporated by reference. The owner or operator shall ensure that the system is installed and operated according to the manufacturer's recommendations.

(e) A cryptosporidium oocyst-targeted filter system installed and operated according to the manufacturer's recommendations. The filter shall meet the requirements of R392-302-20. The owner or operator shall obtain from the manufacturer of the system documentation of third-party challenge testing that the system can achieve a single pass 99 percent reduction of particles in the range of 4 to 6 microns or cryptosporidium oocysts at the pool design flow rate and normal operating conditions. The owner or operator shall maintain and make available for inspection the manufacturer's documentation.

(f) A system approved by the local health officer. The health officer's approval of a system for use as an alternative shall be based on the system's documented ability to:

(i) achieve cryptosporidium removal or inactivation to a level at least equivalent to the requirements in R392-302-34(4)(a);

(ii) assure safety for swimmers and pool operators; and

(iii) comply with all other applicable rules and federal regulations.

TABLE 7

Chlorine Concentration and Contact Time to Achieve CT = 15,300

Chlorine Concentration	Contact Time
1.0 mg/l	15,300 minutes (255 hours)
10 mg/l	1,530 minutes (25.5 hours)
20 mg/l	765 minutes (12.75 hours)

(5) If the Executive Director or local health officer issues a restriction on the use of public pools by certain persons as part of the cryptosporidium warning the operator shall restrict persons within that segment of the population from using the facility.

(6) If the Executive Director or local health officer determines that a pool is a cryptosporidiosis threat to public health, he may order the pool to close. The owner or operator of the pool may not reopen until the person issuing the order has rescinded it.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-1. Utah Medicaid Program.****R414-1-1. Introduction and Authority.**

(1) This rule generally characterizes the scope of the Medicaid Program in Utah, and defines all of the provisions necessary to administer the program.

(2) The rule is authorized by Title XIX of the Social Security Act, and Sections 26-1-5, 26-18-2.1, 26-18-2.3, UCA.

R414-1-2. Definitions.

The following definitions are used throughout the rules of the Division:

- (1) "Act" means the federal Social Security Act.
- (2) "Applicant" means any person who requests assistance under the medical programs available through the Division.
- (3) "Categorically needy" means aged, blind or disabled individuals or families and children:
 - (a) who are otherwise eligible for Medicaid; and
 - (i) who meet the financial eligibility requirements for AFDC as in effect in the Utah State Plan on July 16, 1996; or
 - (ii) who meet the financial eligibility requirements for SSI or an optional State supplement, or are considered under section 1619(b) of the federal Social Security Act to be SSI recipients; or
 - (iii) who is a pregnant woman whose household income does not exceed 133% of the federal poverty guideline; or
 - (iv) is under age six and whose household income does not exceed 133% of the federal poverty guideline; or
 - (v) who is a child under age one born to a woman who was receiving Medicaid on the date of the child's birth and the child remains with the mother; or
 - (vi) who is least age six but not yet age 18, or is at least age six but not yet age 19 and was born after September 30, 1983, and whose household income does not exceed 100% of the federal poverty guideline; or
 - (vii) who is aged or disabled and whose household income does not exceed 100% of the federal poverty guideline; or
 - (viii) who is a child for whom an adoption assistance agreement with the state is in effect.
- (b) whose categorical eligibility is protected by statute.
- (4) "Code of Federal Regulations" (CFR) means the publication by the Office of the Federal Register, specifically Title 42, used to govern the administration of the Medicaid Program.
- (5) "Client" means a person the Division or its duly constituted agent has determined to be eligible for assistance under the Medicaid program.
- (6) "CMS" means The Centers for Medicare and Medicaid Services, a Federal agency within the U.S. Department of Health and Human Services. Programs for which CMS is responsible include Medicare, Medicaid, and the State Children's Health Insurance Program.
- (7) "Department" means the Department of Health.
- (8) "Director" means the director of the Division.
- (9) "Division" means the Division of Health Care Financing within the Department.
- (10) "Emergency medical condition" means a medical condition showing acute symptoms of sufficient severity that the absence of immediate medical attention could reasonably be expected to result in:
 - (a) placing the patient's health in serious jeopardy;
 - (b) serious impairment to bodily functions;
 - (c) serious dysfunction of any bodily organ or part; or
 - (d) death.
- (11) "Emergency service" means immediate medical

attention and service performed to treat an emergency medical condition. Immediate medical attention is treatment rendered within 24 hours of the onset of symptoms or within 24 hours of diagnosis.

(12) "Emergency Services Only Program" means a health program designed to cover a specific range of emergency services.

(13) "Executive Director" means the executive director of the Department.

(14) "InterQual" means the McKesson InterQual Criteria, a comprehensive, clinically based, patient focused medical review criteria and system developed by McKesson Corporation.

(15) "Medicaid agency" means the Department of Health.

(16) "Medical assistance program" or "Medicaid program" means the state program for medical assistance for persons who are eligible under the state plan adopted pursuant to Title XIX of the federal Social Security Act; as implemented by Title 26, Chapter 18, UCA.

(17) "Medical or hospital assistance" means services furnished or payments made to or on behalf of recipients under medical programs available through the Division.

(18) "Medically necessary service" means that:

(a) it is reasonably calculated to prevent, diagnose, or cure conditions in the recipient that endanger life, cause suffering or pain, cause physical deformity or malfunction, or threaten to cause a handicap; and

(b) there is no other equally effective course of treatment available or suitable for the recipient requesting the service that is more conservative or substantially less costly.

(19) "Medically needy" means aged, blind, or disabled individuals or families and children who are otherwise eligible for Medicaid, who are not categorically needy, and whose income and resources are within limits set under the Medicaid State Plan.

(20) "Medical standards," as applied in this rule, means that an individual may receive reasonable and necessary medical services up until the time a physician makes an official determination of death.

(21) "Prior authorization" means the required approval for provision of a service that the provider must obtain from the Department before providing the service. Details for obtaining prior authorization are found in Section I of the Utah Medicaid Provider Manual.

(22) "Provider" means any person, individual or corporation, institution or organization, qualified to perform services available under the Medicaid program and who has entered into a written contract with the Medicaid program.

(23) "Recipient" means a person who has received medical or hospital assistance under the Medicaid program, or has had a premium paid to a managed care entity.

(24) "Undocumented alien" means an alien who is not recognized by Immigration and Naturalization Services as being lawfully present in the United States.

R414-1-3. Single State Agency.

The Utah Department of Health is the Single State Agency designated to administer or supervise the administration of the Medicaid program under Title XIX of the federal Social Security Act.

R414-1-4. Medical Assistance Unit.

Within the Utah Department of Health, the Division of Health Care Financing has been designated as the medical assistance unit.

R414-1-5. Incorporations by Reference.

- (1) The Department incorporates by reference the Utah

State Plan Under Title XIX of the Social Security Act Medical Assistance Program effective July 1, 2010. It also incorporates by reference State Plan Amendments that become effective no later than July 1, 2010.

(2) The Department incorporates by reference the Medical Supplies Manual and List described in the Utah Medicaid Provider Manual, Section 2, Medical Supplies, with its referenced attachment, Medical Supplies List, July 1, 2010, as applied in Rule R414-70.

(3) The Department incorporates by reference the Hospital Services Provider Manual, with its attachments, effective July 1, 2010.

R414-1-6. Services Available.

(1) Medical or hospital services available under the Medical Assistance Program are generally limited by federal guidelines as set forth under Title XIX of the federal Social Security Act and Title 42 of the Code of Federal Regulations (CFR).

(2) The following services provided in the State Plan are available to both the categorically needy and medically needy:

(a) inpatient hospital services, with the exception of those services provided in an institution for mental diseases;

(b) outpatient hospital services and rural health clinic services;

(c) other laboratory and x-ray services;

(d) skilled nursing facility services, other than services in an institution for mental diseases, for individuals 21 years of age or older;

(e) early and periodic screening and diagnoses of individuals under 21 years of age, and treatment of conditions found, are provided in accordance with federal requirements;

(f) family planning services and supplies for individuals of child-bearing age;

(g) physician's services, whether furnished in the office, the patient's home, a hospital, a skilled nursing facility, or elsewhere;

(h) podiatrist's services;

(i) optometrist's services;

(j) psychologist's services;

(k) interpreter's services;

(l) home health services;

(i) intermittent or part-time nursing services provided by a home health agency;

(ii) home health aide services by a home health agency; and

(iii) medical supplies, equipment, and appliances suitable for use in the home;

(m) private duty nursing services for children under age 21;

(n) clinic services;

(o) dental services;

(p) physical therapy and related services;

(q) services for individuals with speech, hearing, and language disorders furnished by or under the supervision of a speech pathologist or audiologist;

(r) prescribed drugs, dentures, and prosthetic devices and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist;

(s) other diagnostic, screening, preventive, and rehabilitative services other than those provided elsewhere in the State Plan;

(t) services for individuals age 65 or older in institutions for mental diseases:

(i) inpatient hospital services for individuals age 65 or older in institutions for mental diseases;

(ii) skilled nursing services for individuals age 65 or older in institutions for mental diseases; and

(iii) intermediate care facility services for individuals age 65 or older in institutions for mental diseases;

(u) intermediate care facility services, other than services in an institution for mental diseases. These services are for individuals determined, in accordance with section 1902(a)(31)(A) of the Social Security Act, to be in need of this care, including those services furnished in a public institution for the mentally retarded or for individuals with related conditions;

(v) inpatient psychiatric facility services for individuals under 22 years of age;

(w) nurse-midwife services;

(x) family or pediatric nurse practitioner services;

(y) hospice care in accordance with section 1905(o) of the Social Security Act;

(z) case management services in accordance with section 1905(a)(19) or section 1915(g) of the Social Security Act;

(aa) extended services to pregnant women, pregnancy-related services, postpartum services for 60 days, and additional services for any other medical conditions that may complicate pregnancy;

(bb) ambulatory prenatal care for pregnant women furnished during a presumptive eligibility period by a qualified provider in accordance with section 1920 of the Social Security Act; and

(cc) other medical care and other types of remedial care recognized under state law, specified by the Secretary of the United States Department of Health and Human Services, pursuant to 42 CFR 440.60 and 440.170, including:

(i) medical or remedial services provided by licensed practitioners, other than physician's services, within the scope of practice as defined by state law;

(ii) transportation services;

(iii) skilled nursing facility services for patients under 21 years of age;

(iv) emergency hospital services; and

(v) personal care services in the recipient's home, prescribed in a plan of treatment and provided by a qualified person, under the supervision of a registered nurse.

(dd) other medical care, medical supplies, and medical equipment not otherwise a Medicaid service if the Division determines that it meets both of the following criteria:

(i) it is medically necessary and more appropriate than any Medicaid covered service; and

(ii) it is more cost effective than any Medicaid covered service.

R414-1-7. Aliens.

(1) Certain qualified aliens described in Title IV of Pub. L. No. 104 193, 110 Stat. 2105, may be eligible for the Medicaid program. All other aliens are prohibited from receiving non-emergency services as described in Section 1903(v) of the Social Security Act.

(2) An alien who is prohibited from receiving non-emergency services will have "Emergency Services Only Program" printed on his Medical Identification Card, as noted in Rule R414-3A.

R414-1-8. Statewide Basis.

The medical assistance program is state-administered and operates on a statewide basis in accordance with 42 CFR 431.50.

R414-1-9. Medical Care Advisory Committee.

There is a Medical Care Advisory Committee that advises the Medicaid agency director on health and medical care services. The committee is established in accordance with 42 CFR 431.12.

R414-1-10. Discrimination Prohibited.

In accordance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 70b), and the regulations at 45 CFR Parts 80 and 84, the Medicaid agency assures that no individual shall be subjected to discrimination under the plan on the grounds of race, color, gender, national origin, or handicap.

R414-1-11. Administrative Hearings.

The Medicaid agency has a system of administrative hearings for medical providers and dissatisfied applicants, clients, and recipients that meets all the requirements of 42 CFR Part 431, Subpart E.

R414-1-12. Utilization Review.

(1) Utilization review provides for review and evaluation of the utilization of Medicaid services provided in acute care general hospitals, and by members of the medical staff to patients entitled to benefits under the Medicaid plan.

(2) The Department shall conduct hospital utilization review as outlined in the Superior Utilization Waiver state implementation plan, November 1997 edition, which is incorporated by reference in this rule.

(3) The Department shall determine medical necessity and appropriateness of inpatient admissions during utilization review by use of InterQual Criteria, published by McKesson Corporation, 2004 edition, McKesson Health Solutions LLC, 275 Grove Street, Suite 1-110, Newton, MA 02466-2273, which is incorporated by reference in this rule, or by following other criteria and protocols outlined in ATTACHMENT 4.19-A, Section 180, of the Medicaid State Implementation Plan. Level of Care and Care Planning Criteria in effect at the time the service was rendered. This criteria is incorporated by reference in this rule. Other criteria and protocols outlined in ATTACHMENT 4.19-A, Section 180 of the State Plan, are also used to determine medical necessity and appropriateness of inpatient admissions.

(4) The standards in the InterQual Criteria shall not apply to services that are:

(a) excluded as a Medicaid benefit by rule or contract;

(b) provided in an intensive physical rehabilitation center as described in R414-2B; or

(c) organ transplant services as described in R414-10A.

In these three exceptions, or where InterQual is silent, the Medicaid agency shall approve or deny claims based upon appropriate administrative rules or its own criteria as incorporated in provider contracts that incorporate the Medicaid Provider Manuals.

(5) The Department may take remedial action as outlined in ATTACHMENT 4.19-A, Section 180, of the Medicaid State Implementation Plan for inappropriate services identified through utilization review.

(6) In accordance with 42 CFR 431, Subpart E, the Utilization Review Committee shall send written notification of remedial action to the provider.

R414-1-13. Provider and Client Agreements.

(1) To meet the requirements of 42 CFR 431.107, the Department contracts with each provider who furnishes services under the Utah Medicaid Program.

(2) By signing a provider agreement with the Department, the provider agrees to follow the terms incorporated into the provider agreements, including policies and procedures, provider manuals, Medicaid Information Bulletins, and provider letters.

(3) By signing an application for Medicaid coverage, the client agrees that the Department's obligation to reimburse for services is governed by contract between the Department and

the provider.

R414-1-14. Utilization Control.

(1) The Medicaid agency has implemented a statewide program of surveillance and utilization control that safeguards against unnecessary or inappropriate use of Medicaid services available under the plan. The plan also safeguards against excess payments, assesses the quality of services, and provides for control and utilization of inpatient services as outlined in the Superior Utilization Waiver state implementation plan. The program meets the requirements of 42 CFR Part 456.

(2) In order to control utilization, and in accordance with 42 CFR 440.230(d), services, equipment, or supplies not specifically identified by the Department as covered services under the Medicaid program, are not a covered benefit.

(3) Prior authorization is a utilization control process to verify that the client is eligible to receive the service and that the service is medically necessary. Prior authorization requirements are identified in Section I sub-section 9 of the Utah Medicaid Provider Manual. Additional prior authorization instructions for specific types of providers is found in Section II of the Medicaid Provider Manual. All necessary medical record documentation for prior approval must be submitted with the request. If the provider has not followed the prior authorization instructions and obtained prior authorization for a service identified in the Medicaid Provider Manual as requiring prior authorization, the Department shall not reimburse for the service.

(4) The Medicaid agency may request records that support provider claims for payment under programs funded through the agency. Such requests must be in writing and identify the records to be reviewed. Responses to requests must be returned within 30 days of the date of the request. Responses must include the complete record of all services for which reimbursement is claimed and all supporting services. If there is no response within the 30 day period, the agency will close the record and will evaluate the payment based on the records available.

(5) If Medicaid pays for a service which is later determined not to be a benefit of the Utah Medicaid program or is not in compliance with state or federal policies and regulations, Medicaid will make a written request for a refund of the payment. Unless appealed, the refund must be made to Medicaid within 30 days of written notification. An appeal of this determination must be filed within 30 days of written notification as specified in R410-14-6.

(6) Reimbursement for services provided through the Medicaid program must be verified by adequate records. If these services cannot be properly verified, or when a provider refuses to provide or grant access to records, either the provider must promptly refund to the state any payments received for the undocumented services, or the state may elect to deduct an equal amount from future reimbursements. If the Department suspects fraud, it may refer cases for which records are not provided to the Medicaid Fraud Control Unit for additional investigation and possible action.

R414-1-15. Medicaid Fraud.

The Medicaid agency has established and will maintain methods, criteria, and procedures that meet all requirements of 42 CFR 455.13 through 455.21 for prevention and control of program fraud and abuse.

R414-1-16. Confidentiality.

State statute, Title 63G, Chapter 2, and Section 26-1-17.5, impose legal sanctions and provide safeguards that restrict the use or disclosure of information concerning applicants, clients, and recipients to purposes directly

connected with the administration of the plan.

All other requirements of 42 CFR Part 431, Subpart F are met.

R414-1-17. Eligibility Determinations.

Determinations of eligibility for Medicaid under the plan are made by the Division of Health Care Financing, the Utah Department of Workforce Services, and the Utah Department of Human Services. There is a written agreement among the Utah Department of Health, the Utah Department of Workforce Services, and the Utah Department of Human Services. The agreement defines the relationships and respective responsibilities of the agencies.

R414-1-18. Professional Standards Review Organization.

All other provisions of the State Plan shall be administered by the Medicaid agency or its agents according to written contract, except for those functions for which final authority has been granted to a Professional Standards Review Organization under Title XI of the Act.

R414-1-19. Timeliness in Eligibility Determinations.

The Medicaid agency shall adhere to all timeliness requirements of 42 CFR 435.911, for processing applications, determining eligibility, and approving Medicaid requests. If these requirements are not completed within the defined time limits, clients may notify the Division of Health Care Financing at 288 North, 1460 West, Salt Lake City, UT 84114-2906.

R414-1-20. Residency.

Medicaid is furnished to eligible individuals who are residents of the State under 42 CFR 435.403.

R414-1-21. Out-of-state Services.

Medicaid services shall be made available to eligible residents of the state who are temporarily in another state. Reimbursement for out-of-state services shall be provided in accordance with 42 CFR 431.52.

R414-1-22. Retroactive Coverage.

Individuals are entitled to Medicaid services under the plan during the 90 days preceding the month of application if they were, or would have been, eligible at that time.

R414-1-23. Freedom of Choice of Provider.

Unless an exception under 42 CFR 431.55 applies, any individual eligible under the plan may obtain Medicaid services from any institution, pharmacy, person, or organization that is qualified to perform the services and has entered into a Medicaid provider contract, including an organization that provides these services or arranges for their availability on a prepayment basis.

R414-1-24. Availability of Program Manuals and Policy Issuances.

In accordance with 42 CFR 431.18, the state office, local offices, and all district offices of the Department maintain program manuals and other policy issuances that affect recipients, providers, and the public. These offices also maintain the Medicaid agency's rules governing eligibility, need, amount of assistance, recipient rights and responsibilities, and services. These manuals, policy issuances, and rules are available for examination and, upon request, are available to individuals for review, study, or reproduction.

R414-1-25. Billing Codes.

In submitting claims to the Department, every provider

shall use billing codes compliant with Health Insurance Portability and Accountability Act of 1996 (HIPAA) requirements as found in 45 CFR Part 162.

R414-1-26. General Rule Format.

The following format is used generally throughout the rules of the Division. Section headings as indicated and the following general definitions are for guidance only. The section headings are not part of the rule content itself. In certain instances, this format may not be appropriate and will not be implemented due to the nature of the subject matter of a specific rule.

(1) Introduction and Authority. A concise statement as to what Medicaid service is covered by the rule, and a listing of specific federal statutes and regulations and state statutes that authorize or require the rule.

(2) Definitions. Definitions that have special meaning to the particular rule.

(3) Client Eligibility. Categories of Medicaid clients eligible for the service covered by the rule: Categorically Needy or Medically Needy or both. Conditions precedent to the client's obtaining coverage such as age limitations or otherwise.

(4) Program Access Requirements. Conditions precedent external to the client's obtaining service, such as type of certification needed from attending physician, whether available only in an inpatient setting or otherwise.

(5) Service Coverage. Detail of specific services available under the rule, including limitations, such as number of procedures in a given period of time or otherwise.

(6) Prior Authorization. As necessary, a description of the procedures for obtaining prior authorization for services available under the particular rule. However, prior authorization must not be used as a substitute for regulatory practice that should be in rule.

(7) Other Sections. As necessary under the particular rule, additional sections may be indicated. Other sections include regulatory language that does not fit into sections (1) through (5).

R414-1-27. Determination of Death.

(1) In accordance with the provisions of Section 26-34-2, the fiduciary responsibility for medically necessary care on behalf of the client ceases upon the determination of death.

(2) Reimbursement for the determination of death by acceptable medical standards must be in accordance with Medicaid coverage and billing policies that are in place on the date the physician renders services.

R414-1-28. Cost Sharing.

(1) An enrollee is responsible to pay the:

- (a) hospital a \$220 coinsurance per year;
- (b) hospital a \$6 copayment for each non-emergency use of hospital emergency services;

(c) provider a \$3 copayment for outpatient office visits for physician and physician-related mental health services except that no copayment is due for preventive services, immunizations, health education, family planning, and related pharmacy costs; and

(d) pharmacy a \$3 copayment per prescription up to a maximum of \$15 per month;

(2) The out-of-pocket maximum payment for copayments for physician and outpatient services is \$100 per year.

(3) The provider shall collect the copayment amount from the Medicaid client. Medicaid shall deduct that amount from the reimbursement it pays to the provider.

(4) Medicaid clients in the following categories are exempt from copayment and coinsurance requirements;

(a) children;
(b) pregnant women;
(c) institutionalized individuals;
(d) American Indians; and
(e) individuals whose total gross income, before exclusions and deductions, is below the temporary assistance to needy families (TANF) standard payment allowance. These individuals must indicate their income status to their eligibility caseworker on a monthly basis to maintain their exemption from the copayment requirements.

KEY: Medicaid**November 1, 2010****Notice of Continuation April 16, 2007****26-1-5****26-18-3****26-34-2**

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-40. Private Duty Nursing Service.****R414-40-1. Introduction and Authority.**

(1) This rule outlines eligibility, access requirements, coverage, limitations, and reimbursement for private duty nursing. This rule is authorized by Sections 26-1-5 and 26-18-3.

(2) Private duty nursing service is an optional Title XIX program authorized by 42 U.S.C. Sec. 1396 et seq., 42 U.S.C. Sec. 1396d(a)(8) and 42 CFR 440.80.

R414-40-2. Recipient Eligibility Requirements.

ESPDY eligible children who are under age 21 and who are either in transition from the hospital to the home or who are ventilator dependent are eligible for private duty nursing service. The recipient must require greater than four hours of continuous skilled nursing care per day.

R414-40-3. Program Access Requirements.

(1) Only a licensed home health agency enrolled as a Medicaid provider may be reimbursed for private duty nursing service.

(2) A recipient must have a written physician order establishing the need for private duty nursing service. The private duty nursing provider must develop a plan of care consistent with the recipient diagnosis, severity of illness, and intensity of service. The patient must require more than four hours of skilled nursing service. If medically necessary nursing service requires four hours or less of skilled nursing, the service is covered under the home health program.

(3) Medicaid providers shall submit an initial prior authorization request with medical documentation that demonstrates the need for nursing service. The home health agency shall submit an initial certification and a recertification at least every 60 days as required by 42 CFR 440.70.

(4) Private duty nursing is only available if a parent, guardian, or primary caregiver is committed to and capable of performing the medical skills necessary to ensure quality care.

(5) The home health agency shall verify that the hospital has provided specialized training for the caregiver before patient discharge to enable the caregiver to provide hands-on care in the home. The private duty nurse initially supervises the caregiver who provides this care to ensure that training has been assimilated to ensure safe, quality patient care.

R414-40-4. Service Coverage for Private Duty Nursing.

(1) Private duty nursing service is a limited benefit that is provided with the expectation that the patient's need for private duty nursing service will decrease over time.

(2) Medicaid covers private duty nursing service for a limited time to provide skilled nursing care in the home. Medicaid provides private duty nursing service while the private duty nursing service provider trains the recipient's caregivers to provide the necessary care. Once the caregivers have been given sufficient training for the recipient's needs, the private duty nursing service ends. However, a client who still requires more than four hours of ongoing skilled nursing service may receive private duty nursing service as provided in this rule. Ventilator dependent recipients who require frequent ventilator checks may receive up to eight hours per day of continued private duty nursing. Ventilator dependency means the recipient requires at least eight continuous hours on the ventilator per day to compensate for decreased lung function.

(3) Medicaid covers medically necessary and appropriate private duty nursing for the following. To receive

these services, a patient must be in transition from the hospital, be ventilator dependent, or be a patient with a tracheostomy who is unable to manage secretions:

- (a) tracheostomy care;
- (b) total parenteral nutrition;
- (c) intravenous therapy where a single intravenous therapy infusion takes at least four continuous hours and requires monitoring and treatment by a skilled nurse;
- (d) decubitus ulcer care for stage three or four ulcers;
- (e) colostomy or ileostomy care;
- (f) suprapubic catheter care;
- (g) continuous nasogastric or gastrostomy tube feeding;
- (h) mechanical ventilator support;
- (i) monitoring a patient on oxygen who experiences frequent oxygen desaturation.

(4) After informing the recipient's family or similar representatives who live with the recipient and in coordination and consultation with the physician, the private duty nurse shall attempt to wean the patient from a device or service and identify new problems.

(5) Private duty nursing is not covered to provide services solely for the following:

- (a) custodial or sitter care to ensure the patient is compliant with treatment;
- (b) respite care;
- (c) monitoring behavioral or eating disorders; and
- (d) observation or monitoring medical conditions that do not require skilled nursing care.

(6) Private duty nursing service is not covered if the service is available from another funding source, agency, or program.

R414-40-5. Reimbursement of Services.

(1) Medicaid reimburses nursing service in accordance with the Utah Medicaid State Plan, Attachment 4.19-B.

(2) A private duty nurse caring for two patients in the home shall bill with the UN modifier.

(3) A provider shall not charge the Department a fee that exceeds the provider's usual and customary charges for the provider's private pay patients.

KEY: Medicaid**June 23, 2008****Notice of Continuation October 14, 2010****26-1-5****26-18-3**

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-50. Dental, Oral and Maxillofacial Surgeons.****R414-50-1. Introduction and Authority.**

(1) The Medicaid Oral and Maxillofacial Surgery Program provides a scope of oral and maxillofacial surgery services to meet the basic needs of Medicaid clients. This includes services by both oral and maxillofacial surgeons and general dentists if surgery is performed by a general dentist in an emergency situation and an oral and maxillofacial surgeon is not available.

(2) Oral and maxillofacial surgery services are authorized by 42 USC 1396d(a)(5).

R414-50-2. Definitions.

Definitions for this rule are found in R414-1-1. In addition:

(1) "Oral and Maxillofacial Surgeons" means those individuals who have completed a post-graduate curriculum from an accredited institution of higher learning and are board-certified or board-eligible in oral and maxillofacial surgery.

(2) "Oral and maxillofacial surgery" means that part of dental practice which deals with the diagnosis and surgical and adjunctive treatment of diseases, injuries, and defects of the oral and maxillofacial regions.

R414-50-3. Client Eligibility Requirements.

Oral and maxillofacial surgery services are available only to clients who are pregnant women or who are individuals eligible under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program. Nevertheless, physician, medical and surgical services performed by an oral surgeon are available to all categorically and medically needy clients.

R414-50-4. Program Access Requirements.

Oral and maxillofacial surgery services are available only from an oral and maxillofacial surgeon who is a Medicaid provider. These services are available from a dentist provider if an oral and maxillofacial surgeon is unavailable.

R414-50-5. Service Coverage.

(1) Emergency services are covered services. Emergency services provided by a dentist in areas where an oral and maxillofacial surgeon is unavailable are covered services.

(2) Appropriate general anesthesia necessary for optimal management of the emergency is a covered service.

(3) Hospitalization of patients for dental surgery may be a covered service if a patient's physician, at the time of the proposed hospitalization, verifies that the patient's general health status dictates that hospitalization is necessary for the health and welfare of the patient.

(4) Treatment of temporomandibular joint fractures is a covered service. All other temporomandibular joint treatments are not covered services.

(5) For procedures requiring prior approval, Medicaid shall deny payment if the services are rendered before prior approval is obtained. Exceptions may be made for emergency services, or for recipients who obtain retroactive eligibility. The provider must apply for approval as soon as is practicable after the service is provided.

(6) Extraction of primary teeth at or near the time of exfoliation, as evidenced by mobility or loosening of the teeth, is not a covered service.

R414-50-6. Reimbursement.

(1) Fees for services for which the Department will pay dentists are established from the physician's fees for CPT codes as described in the State Plan, Attachment 4.19-B, Section D Physicians. Fee schedules were initially established after consultation with provider representatives. Adjustments to the schedule are made in accordance with appropriations and to produce efficient and effective services.

(2) The Department pays the lower of the amount billed and the rate on the schedule. A provider shall not charge the Department a fee that exceeds the provider's usual and customary charges for the provider's private-pay patients.

KEY: Medicaid**November 1, 2010****Notice of Continuation October 21, 2009****26-1-4.1****26-1-5****26-18-3**

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-59. Audiology-Hearing Services.****R414-59-1. Introduction and Authority.**

(1) This rule governs the provision of audiology-hearing services.

(2) This rule is authorized by Sections 26-18-3 and 26-1-5.

(3) As required by Section 26-18-3, the Department provides these services in an efficient, economical manner, safeguarding against unnecessary, unreasonable, or inappropriate use of these services.

R414-59-2. Definitions.

(1) The definitions in the Speech-Language Pathology and Audiology Licensing Act, Title 58, Chapter 41, apply to this rule.

R414-59-3. Services.

(1) Audiology-hearing services are optional services.

(2) Audiology-hearing services are limited to services described in the Audiology Services Provider Manual.

(3) The Audiology Services Provider Manual specifies the reasonable and appropriate amount, duration, and scope of the service sufficient to reasonably achieve its purpose.

(4) Audiology-hearing services may be provided to an individual only after being referred by a physician. All audiology-hearing services must be provided by a licensed audiologist.

R414-59-4. Client Eligibility Requirements.

(1) Audiology-hearing services are available only to clients who are pregnant women or who are individuals eligible under the Early and Periodic Screening, Diagnosis and Treatment Program.

(2) An individual receiving audiology-hearing services may receive audiology services as described in the Audiology Services Provider Manual, effective July 1, 2010, which is incorporated by reference.

(3) An individual receiving audiology-hearing services must meet the criteria established in the Audiology Services Provider Manual and obtain prior approval if required.

R414-59-5. Reimbursement.

Audiology services are reimbursed using the fee schedule in the Utah Medicaid State Plan and incorporated by reference in R414-1-5.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-61. Home and Community-Based Services Waivers.****R414-61-1. Introduction and Authority.**

(1) This rule establishes authority for the Department of Health to administer all Section 1915(c) waivers.

(2) The rule is authorized by Section 26-18-3 and Section 1915(c) of the Social Security Act.

R414-61-2. Incorporation by Reference.

The Department incorporates by reference the following home and community-based services waivers:

(1) Waiver for Technology Dependent/Medically Fragile Individuals, effective July 1, 2008;

(2) Waiver for Individuals Age 65 or Older, effective July 1, 2010;

(3) Waiver for Individuals with Acquired Brain Injuries, effective July 1, 2009;

(4) Waiver for Individuals with Physical Disabilities, effective July 1, 2006;

(5) Community Supports Waiver for Individuals with Intellectual Disabilities and Other Related Conditions, effective July 1, 2010;

(6) New Choices Waiver, effective April 1, 2007.

These documents are available for public inspection during business hours at the Utah Department of Health, Division of Medicaid and Health Financing, located at 288 North 1460 West, Salt Lake City, UT, 84114-3102.

Notice of Continuation February 24, 2010

26-18-3

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-306. Program Benefits and Date of Eligibility.****R414-306-1. Medicaid Benefits and Coordination with Other Programs.**

(1) The Department provides medical benefits to Medicaid recipients as outlined in Section R414-1-6.

(2) The Department elects to coordinate Medicaid with Medicare Part B for all Medicaid recipients.

(3) The Department must inform applicants about the Child Health Evaluation and Care (CHEC) program. By signing the application form the client acknowledges receipt of CHEC program information.

(4) The Department must coordinate with the Children's Health Insurance Program to assure the enrollment of eligible children.

(5) The Department must coordinate with the Women, Infants and Children Program to provide information to applicants and recipients about the availability of services.

R414-306-2. QMB, SLMB, and QI Benefits.

(1) The Department must provide the services outlined under 42 U.S.C. 1396d(p) and 42 U.S.C. 1396u-3 for Qualified Medicare Beneficiaries.

(2) The Department provides the benefits outlined under 42 U.S.C. 1396d(p)(3)(ii) for Specified Low-Income Medicare Beneficiaries and Qualifying Individuals. Benefits for Qualifying Individuals are subject to the provisions of 42 U.S.C. 1396u-3.

(3) The Department does not cover premiums for enrollment with any health insurance plans except for Medicare.

R414-306-3. Qualified Medicare Beneficiary Date of Entitlement.

(1) Eligibility for the Qualified Medicare Beneficiary (QMB) program begins the first day of the month after the month the Medicaid eligibility agency determines that the individual is eligible, in accordance with the requirements of 42 U.S.C. 1396a(e)(8).

(2) There is no provision for retroactive QMB assistance.

R414-306-4. Effective Date of Eligibility.

(1) Subject to the exceptions in Subsection R414-306-4(3), eligibility for any Medicaid program, and for the Specified Low-income Medicare Beneficiary (SLMB) or Qualified Individual (QI) programs begins the first day of the application month if the individual is determined to meet the eligibility criteria for that month.

(2) An applicant for Medicaid, SLMB or QI benefits may request medical coverage for the retroactive period. The retroactive period is the three months immediately preceding the month of application.

(a) An applicant may request coverage for one or more months of the retroactive period.

(b) Subject to the exceptions in Subsection R414-306-4(3), eligibility for retroactive medical coverage begins no earlier than the first day of the month that is three months before the application month.

(c) The applicant must receive medical services during the retroactive period and be determined eligible for the month he receives services.

(3) To determine the date eligibility for medical assistance may begin for any month, the following requirements apply:

(a) Eligibility of an individual cannot begin any earlier than the date the individual meets the state residency requirement defined in Section R414-302-2;

(b) Eligibility of a qualified alien subject to the five-year bar on receiving regular Medicaid services cannot begin earlier than the date that is five years after the date the person became a

qualified alien, or the date the five-year bar ends due to other events defined in statute;

(c) Eligibility of a qualified alien not subject to the five-year bar on receiving regular Medicaid services can begin no earlier than the date the individual meets qualified alien status.

(d) An individual who is ineligible for Medicaid while residing in a public institution or an Institution for Mental Disease (IMD) may become eligible on the date the individual is no longer a resident of either one of these institutions. If an individual is under the age of 22 and is a resident of an IMD, the individual remains a resident of the IMD until he is unconditionally released.

(4) If an applicant is not eligible for the application month, but requests retroactive coverage, the agency will determine eligibility for the retroactive period based on the date of that application.

(5) The agency may use the same application to determine eligibility for the month following the month of application if the applicant is determined ineligible for both the retroactive period and the application month. In this case, the application date changes to the date eligibility begins. The retroactive period associated with the application changes to the three months preceding the new application date.

(6) Medicaid eligibility for certain services begins when the individual meets the following criteria:

(a) Eligibility for coverage of institutional services cannot begin before the date that the individual has been admitted to a medical institution and meets the level of care criteria for admission. The medical institution must provide the required admission verification to the Department within the time limits set by the Department in Rule R414-501. Medicaid eligibility for institutional services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of institutional services.

(b) Eligibility for coverage of home and community-based services under a Medicaid waiver cannot begin before the first day of the month the client is determined by the case management agency to meet the level of care criteria and home and community-based services are scheduled to begin within the month. The case management agency must verify that the individual meets the level of care criteria for waiver services. Medicaid eligibility for waiver services does not begin earlier than the first day of the month that is three months before the month of application for Medicaid coverage of waiver services.

(7) An individual determined eligible for QI benefits in a calendar year is eligible to receive those benefits throughout the remainder of the calendar year, if the individual continues to meet the eligibility criteria and the program still exists. Receipt of QI benefits in one calendar year does not entitle the individual to QI benefits in any succeeding year.

(8) After being approved for Medicaid, a client may later request coverage for the retroactive period associated with the approved application if the following criteria are met:

(a) The client did not request retroactive coverage at the time of application; and

(b) The agency did not make a decision about eligibility for medical assistance for that retroactive period; and

(c) The client states that he received medical services and provides verification of his eligibility for the retroactive period.

(9) A client cannot request coverage for the retroactive period associated with a denied application. The client, however, may reapply and a new retroactive coverage period is considered based on the new application date.

R414-306-5. Medical Transportation.

(1) The Department provides non-emergency medical transportation as required by 42 CFR 431.53.

(2) The following applies to all forms of non-emergency medical transportation including services provided by a

contracted medical transportation provider and reimbursement for use of personal transportation.

(a) Non-emergency medical transportation is limited to transportation expenses to go to and from the nearest appropriate Medicaid provider to obtain a Medicaid covered service that is medically necessary. If the recipient chooses to travel to a Medicaid provider that is not the nearest appropriate provider, reimbursement of mileage is limited to the distance to go to the nearest appropriate provider. The Department will not cover transportation expenses to go to non-Medicaid providers, or to obtain services not covered by the Medicaid plan.

(b) Non-emergency medical transportation is limited to individuals who are covered under the Traditional Medicaid benefit plan. Individuals covered by the Non-Traditional Medicaid plan, the Primary Care Network, the Covered-At-Work program, and Medicare Cost-Sharing programs are not eligible for non-emergency medical transportation.

(c) If transportation is available to a Traditional Medicaid recipient without cost to the recipient, the recipient shall use this transportation. A Traditional Medicaid recipient who needs specialized transportation and who meets the criteria for the Medicaid transportation contractor services found in Subsection R414-306-5(14) may receive transportation from the Medicaid transportation contractor.

(d) A Traditional Medicaid recipient who has access to and is able to use public transportation to get to medical appointments may receive a bus pass upon request. The bus pass may be used to pay the fare for an attendant who accompanies a recipient under age 18 or a recipient who has a medical need for an attendant. A recipient who has access to and is capable of using public paratransit services can request authorization to use such transportation. The recipient must follow procedures and meet criteria required by the paratransit provider.

(e) Transportation for picking up prescriptions is not covered unless en route to or from a medical appointment.

(f) The Department will not provide non-emergency medical transportation to nursing home residents because the nursing home must provide the transportation as part of its contracted rate.

(g) The Department will not provide non-emergency medical transportation to and from mental health appointments for recipients covered by a prepaid Mental Health Plan because the prepaid Mental Health Plan must provide transportation, as part of its contracted rate, to recipients to obtain covered mental health services.

(h) If medical services are not available in-state, a Traditional Medicaid recipient must receive prior authorization from the Department for the services and the transportation. If the services and the transportation are approved, the Department shall determine, at its discretion, the most cost effective and appropriate transportation, and method of payment for the transportation.

(3) If personal transportation is used and it is the most reasonable and economical mode of transportation available, the local office shall reimburse actual mileage at the rate of \$0.18 per mile. The Department may deny reimbursement for multiple trips in a day unless the client can demonstrate why multiple trips were necessary. Total reimbursement for mileage must not exceed \$150.00 a month per household, unless:

(a) an eligibility worker determines that higher reimbursement is necessary because a recipient's medical condition requires frequent travel to a Medicaid provider to obtain Medicaid covered services that are medically necessary; or

(b) an eligibility worker or supervisor determines that higher reimbursement is necessary because a recipient had an unusual medical need in a given month that required frequent or long-distance travel to a Medicaid provider to obtain Medicaid covered services that were medically necessary.

(4) The local office supervisor can authorize advance payment for use of personal transportation, overnight stay costs, or both, if the provider verifies the medical appointment, and the client would be unable to obtain the necessary medical services without an advance. The recipient is responsible to repay an advance if the recipient does not provide verification of travel expenses equal to or greater than the amount of funds advanced within 10 days after returning from the scheduled appointment.

(5) Transportation reimbursement for use of a personal vehicle may be made to the recipient, to a second party, or to the recipient and second party jointly.

(6) If two or more Traditional Medicaid recipients travel together in a personal vehicle, reimbursement shall be made to only one recipient, or to the driver, and only for the actual miles traveled.

(7) If medical services are not available locally, a Traditional Medicaid recipient may be reimbursed for transportation to obtain medical services outside of the recipient's local area. If the closest medical provider is out-of-state, a recipient may be reimbursed for transportation to the out-of-state provider if this travel is more cost effective than traveling to an in-state provider. The medical provider's office must verify that the recipient needs to travel outside the local area for medical services, unless:

(a) there are no Medicaid providers in the local area who can provide the services; or

(b) it is the custom in the local area to obtain medical services outside the local area or in neighboring states.

(8) A Traditional Medicaid recipient who receives medical treatment outside of the recipient's local area may receive reimbursement for lodging costs when staying overnight, if:

(a) the recipient is obtaining a Medicaid covered service that is medically necessary from the nearest Medicaid provider that can treat the recipient's medical condition; and

(b) the recipient must travel over 100 miles to obtain the medical treatment and would not arrive home before 8:00 p.m. due to the drive time;

(c) the recipient must travel over 100 miles to obtain the medical treatment and would have to leave home before 6:30 a.m. due to drive time to arrive at the scheduled appointment; or

(d) the medical treatment requires an overnight stay.

(9) The Department shall reimburse actual lodging and food costs or \$50 per night, whichever is less. Reimbursement for food costs shall be no more than \$25 of the \$50 overnight reimbursement rate.

(10) If a recipient has a medical need to stay more than two nights to receive medical services, the recipient must obtain approval from the Department before expenses for additional nights can be reimbursed.

(11) If a recipient has a medical need for a companion or attendant when traveling outside of the recipient's local area, and the recipient is not staying in a medical facility, lodging costs for the companion or attendant may be reimbursed according to the rate specified in Subsection R414-306-5(9). The reimbursement may also include salary if the attendant is not a member of the recipient's family, but not for standby time. One parent or guardian may qualify as an attendant if the parent or guardian must receive medical instructions to meet the recipient's needs, or the recipient is a minor child.

(12) Reimbursements for personal transportation shall not be made for trips made more than 12 months before the month the client requests reimbursement, with one exception. If a client is granted coverage for months more than one year prior to the eligibility decision, the client may request reimbursement and provide verification for personal transportation costs incurred during those months. In this case, the client must make the request and provide verification within three months after receiving the eligibility decision.

(13) Reimbursement for fee-for-service providers:

(a) Payments for Medical transportation are based on the established fee schedule unless a lower amount is billed. The amount billed cannot exceed usual and customary charges to private pay patients.

(b) Fees are established using the methodology described in the Utah Medicaid State Plan, Attachment 4.19-B Section R, Transportation.

(14) Medical Transportation under a Section 1915(b) waiver using a transportation contractor:

(a) Non-emergency medical transportation will be provided by a contracted transportation provider. The contractor provides non-emergency medical transportation services statewide, either as the primary provider or through a subcontractor. Transportation service under the waiver do not include bus passes and paratransit services by a public carrier, such as Flextrans.

(b) Prior authorization is required for all transportation services provided through the contractor.

(c) If the medical service is not available within the state, or the nearest Medicaid provider is outside the state, medical transportation to services outside of Utah is covered up to 120 ground travel miles one-way outside of the Utah border. The ride must originate or end within Utah borders. Non-emergency transportation originating and ending outside of Utah is not covered.

(d) A recipient is not eligible for non-emergency medical transportation services if the recipient owns a licensed vehicle or lives in a residence with a family member who owns a licensed vehicle, unless a physician verifies that the nature of the recipient's medical condition or disability makes driving inadvisable and there is no family member physically able to drive the recipient to and from medical appointments.

(e) A recipient is not eligible for non-emergency medical transportation services if public transportation is available in the recipient's area, unless the public transportation is inappropriate for the recipient's medical or mental condition as certified by a physician.

(f) A recipient is not eligible for non-emergency medical transportation services if paratransit services such as Flextrans are available in the recipient's area, unless the recipient's medical condition requires door to door services due to physical inability to get from the curb or parking lot to the medical provider's facility. This inability must be certified by a physician. To be eligible for transportation under the waiver, the recipient must receive a denial of services letter from Flextrans or other paratransit services.

(g) Transportation for urgent care services is provided under the provisions of items (d), (e) and (f) above and will be provided within 24 hours of request. Urgent care is defined as non-emergency medical care which is considered by the prudent lay person as medically safe to wait for medical attention within the next 24 hours.

R414-306-6. State Supplemental Payments for Institutionalized SSI Recipients.

(1) The Department incorporates by reference Section 1616(a) through (d) of the Compilation of the Social Security Laws, January 1, 2009 ed.

(2) A State Supplemental payment equal to \$15 shall be paid to a resident of a medical institution who receives a Supplemental Security Income (SSI) payment.

(3) Recipients must be eligible for Medicaid benefits to receive the State Supplemental payment.

(4) Recipients are eligible to receive the \$15 State Supplemental payment beginning with the first month that their SSI assistance is reduced to \$30 a month because they stay in an institution and they are eligible for Medicaid.

(5) The State Supplemental payment terminates effective the month the recipient no longer meets the eligibility criteria for

receiving such supplemental payment.

KEY: effective date, program benefits, medical transportation
November 1, 2010
Notice of Continuation January 25, 2008

26-18

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-308. Application, Eligibility Determinations and Improper Medical Assistance.****R414-308-1. Authority and Purpose.**

(1) This rule is authorized by 26-18-3.

(2) This rule establishes requirements for medical assistance applications, eligibility decisions, eligibility period, verifications, change reporting, notification and improper medical assistance for the following programs:

- (a) Medicaid;
- (b) Qualified Medicare Beneficiaries;
- (c) Specified Low-Income Medicare Beneficiaries; and
- (d) Qualified Individuals.

R414-308-2. Definitions.

(1) The definitions in R414-1 and R414-301 apply to this rule. In addition, the following definitions apply.

(a) "Cost-of-care" means the amount of income an institutionalized individual must pay to the medical facility for long-term care services based on the individual's income and allowed deductions.

(b) "Re-certification" means the process of periodically determining that an individual or household continues to be eligible for medical assistance.

R414-308-3. Application and Signature.

(1) An individual may apply for medical assistance by completing and signing any Department-approved application form for Medicaid, Qualified Medicare Beneficiaries, Specified Low-Income Medicare Beneficiaries, or Qualified Individuals assistance and delivering it to the Medicaid eligibility agency. If available, an individual may complete an on-line application for medical assistance and send it electronically to the Medicaid eligibility agency.

(a) If an applicant cannot write, the applicant must make his mark on the application form and have at least one witness to the signature.

(b) For on-line applications, the individual must either send the Medicaid eligibility agency an original signature on a printed signature page, or if available on-line, submit an electronic signature that conforms with state law for electronic signatures.

(c) A representative may apply on behalf of an individual. A representative may be a legal guardian, a person holding a power of attorney, a representative payee or other responsible person acting on behalf of the individual. In this case, the Medicaid eligibility agency may send notices, requests and forms to both the individual and the individual's representative, or to just the individual's representative.

(d) If the Division of Child and Family Services (DCFS) has custody of a child and the child is placed in foster care, DCFS completes the application. DCFS determines eligibility for the child pursuant to a written agreement with the Department. DCFS also determines eligibility for children placed under a subsidized adoption agreement.

(e) An authorized representative may apply for the individual if unusual circumstances or death prevent an individual from applying on his own. The individual must sign the application form if possible. If the individual cannot sign the application, the representative must sign the application. The Medicaid eligibility agency may assign someone to act as the authorized representative when the individual requires help to apply and is unable to appoint a representative.

(2) The Medicaid eligibility agency will process low-income subsidy application data transmitted from the Social Security Administration in accordance with 42 U.S.C. Sec. 1935(a)(4) as an application for Medicare cost sharing programs. The agency will take appropriate steps to gather the required information and verifications from the applicant to determine the

applicant's eligibility.

(a) Data transmitted from social security is not an application for Medicaid.

(b) Individuals who want to apply for Medicaid when contacted for information to process the application for Medicare cost-sharing programs must complete and sign a Medicaid application form. The date of application for Medicaid is the date the Medicaid eligibility agency receives the application.

(3) The Medicaid eligibility agency determines the date of application as follows:

(a) The date of application is the date that the Medicaid eligibility agency receives a completed application by the close of normal business hours on a week day that is not a Saturday, Sunday or state holiday. If an application is received after the normal close of business hours on a weekday that is not a Saturday, Sunday or state holiday, the date of application is the next weekday that is not a Saturday, Sunday or state holiday.

(b) The Medicaid eligibility agency determines the application date for applications delivered to an outreach location as follows:

(i) If the application is delivered at a time when the outreach staff is working at that location, the date of application is the date the outreach staff receives the application.

(ii) If the application is delivered on a non-business day or at a time when the outreach office is closed, the date of application is the last business day that a staff person from the state Medicaid eligibility agency was available to receive or pick up applications from that location.

(c) When the state receives application data transmitted from social security pursuant to the requirements of 42 U.S.C. Sec. 1396u-5(a)(4), the Medicaid eligibility agency uses the date the individual submitted the low-income subsidy application to the Social Security Administration as the application date for Medicare cost sharing programs. The application processing period for the transmitted data begins on the date the Medicaid eligibility agency receives the transmitted data from social security. The transmitted data meets the signature requirements for applications for Medicare cost sharing programs.

(d) An applicant must provide the verifications needed to process an application and determine eligibility no later than the close of business on the last day of the application period. If the last day of the application processing period falls on a day of the week when the Medicaid eligibility office is closed, then the applicant has until the close of business on the next day that the Medicaid eligibility agency is open immediately following the last day of the application processing period. An applicant may request more time to provide verifications. The request must be made by the last day of the application processing period.

(4) The Medicaid eligibility agency accepts a signed application sent via facsimile as a valid application and does not require it to be signed again.

(5) If an applicant submits an unsigned, or incomplete application form to the Medicaid eligibility agency, the Medicaid eligibility agency will notify the applicant that he or she must sign and complete the application no later than the last day of the application processing period. The Medicaid eligibility agency will send a signature page to the applicant and give the applicant at least 10 days to sign and return the signature page. When the application is incomplete, the Medicaid eligibility agency will notify the applicant of the need to complete the application through an interview process, by mail, or by coming to an office to complete the form.

(a) If the Medicaid eligibility agency receives a signature page signed by the applicant, and the applicant completes the application within the application processing period, the date of application will be the date the Medicaid eligibility agency received the application form that was not complete or signed.

(b) If the Medicaid eligibility agency does not receive a signed signature page, and the applicant does not complete the

application form within the application processing period, the application is void and the Medicaid eligibility agency will send a denial notice to the applicant. The previous application date will not be protected.

(c) If the Medicaid eligibility agency receives a signed signature page and the completed application after the application processing period but during the 30 calendar days immediately after the denial notice is mailed, the Medicaid eligibility agency will contact the applicant to ask if the applicant wants to reapply for medical assistance. If the applicant wants to reapply, the Medicaid eligibility agency may use the previous application form it received, but the application date will be the date the Medicaid eligibility agency receives both the signed signature page and completed application form according to the same provisions in Subsection R414-308-3(2).

(d) If the Medicaid eligibility agency receives a signed signature page and the completed application more than 30 calendar days after the denial notice is sent, the applicant will need to reapply by completing and submitting a new application form. The original application date is not retained. The new application date will be the date the Medicaid eligibility agency receives a new application.

R414-308-4. Verification of Eligibility and Information Exchange.

(1) Medical assistance applicants and recipients must verify all eligibility factors requested by the eligibility agency to establish or to redetermine eligibility. Medical assistance applicants and recipients must provide identifying information that the eligibility agency needs to meet the requirements of 42 CFR 435.945, 435.948, 435.952, 435.955, and 435.960.

(a) The eligibility agency will provide the client a written request of the needed verification.

(b) The client has at least 10 calendar days from the date the eligibility agency gives or mails the verification request to the client to provide verification.

(c) The due date for returning verification, forms or information requested by the eligibility agency is the close of business on the date the eligibility agency sets as the due date in a written request to the client, but not less than 10 calendar days from the date such request is given to or mailed to the client.

(d) The eligibility agency shall allow the client additional time to provide verification if the client requests additional time by the due date. The eligibility agency shall set a new due date based on what the client needs to do to obtain the verification and whether the client shows a good faith effort to obtain the verification.

(e) If a client has not provided required verification by the due date, and has not contacted the eligibility agency to ask for more time to provide verification, the eligibility agency shall deny the application, review, or end eligibility.

(f) If the eligibility agency receives all necessary verification during the 30 days after denying an application for lack of verification, the date the eligibility agency receives all the verification is the new application date. If the eligibility agency receives verification more than 30 days after the application has been denied, the client will need to reapply for medical assistance.

(2) The eligibility agency must receive verification of an individual's income, both unearned and earned. To be eligible under the Medicaid Work Incentive program, the eligibility agency may require proof such as paycheck stubs showing deductions of FICA tax, self-employment tax filing documents, or for newly self-employed individuals who have not filed tax forms yet, a written business plan and verification of gross receipts and business expenses, to verify that the income is earned income.

(3) If an applicant's citizenship and identity do not match through the Social Security electronic match process and the

eligibility agency cannot resolve this consistency, the agency shall request the applicant to provide verification of his citizenship and identity in accordance with 42 U.S.C. 1396a(ee)(1)(B).

(a) The applicant must provide verification to resolve the inconsistency or provide original documentation to verify his citizenship and identity within 90 days of the request.

(b) The eligibility agency shall continue to provide medical assistance during the 90-day period if the individual meets all other eligibility criteria.

(c) If the applicant fails to provide verification, eligibility ends within 30 days after the 90-day period. The eligibility agency cannot extend or repeat the verification period.

(d) An individual who provides false information to receive medical assistance is subject to investigation of Medicaid fraud and penalties as outlined in 42 CFR 455.13 through 455.23.

R414-308-5. Eligibility Decisions or Withdrawal of an Application.

(1) The agency decides the applicant's eligibility within the time limits established in 42 CFR 435.911 and 435.912, 2006 ed., which are incorporated by reference.

(2) The agency extends the time limit if the applicant asks for more time to provide requested information before the due date. The agency gives the applicant at least 10 more days after the original due date to provide verifications upon request of the applicant. The agency can allow a longer period of time for the client to provide verifications if the delay is due to circumstances beyond the client's control, an emergency, a client illness or a similar cause.

(3) An applicant may withdraw an application for medical assistance any time before the agency makes an eligibility decision on the application. An individual requesting an assessment of assets for a married couple under Section 1924 of the Social Security Act, 42 U.S.C. 1396r-5, may withdraw the request any time before the agency has completed the assessment.

R414-308-6. Eligibility Period and Re-Certification.

(1) The eligibility period begins on the effective date of eligibility as defined in R414-306-4, which may be after the first day of a month, subject to the following requirements.

(a) If a client must pay a spenddown, the agency completes the eligibility process and grants eligibility when the agency receives the required payment or proof of incurred medical expenses equal to the required payment for the month or months, including partial months, for which the client wants medical assistance.

(b) If a client must pay a Medicaid Work Incentive premium, the agency completes the eligibility process and grants eligibility when the agency receives the required payment for the month or months, including partial months, for which the client wants medical assistance.

(c) If a client must pay an asset co-payment for prenatal coverage, the agency completes the eligibility process and grants eligibility when the agency receives the required payment for the period of prenatal coverage.

(d) The client must make the payment or provide proof of medical expenses, if applicable, within 30 calendar days from the mailing date of the notice that tells the client the amount owed.

(e) For ongoing months of eligibility, the client has until the close of business of the 10th day of the month after the benefit month to meet the spenddown or pay the Medicaid Work incentive premium. If the 10th day of the month is a non-business day, the client has until the close of business on the first business day after the 10th to meet the spenddown or pay the premium.

(f) Residents who reside in a long-term care facility and who owe a cost-of-care contribution to the medical facility must pay the medical facility directly. The resident may use unpaid past medical bills, or current incurred medical bills other than the charges from the medical facility, to meet some or all of the cost-of-care contribution subject to the limitations in R414-304-9. The resident must pay any cost-of-care contribution not met with allowable medical bills to the medical facility. An unpaid cost-of-care contribution is not allowed as a medical bill to reduce the amount the client owes the facility.

(g) No eligibility exists in a month for which the client fails to meet a required spenddown or fails to pay a required Medicaid Work Incentive premium. Eligibility for the Prenatal program does not exist when the client fails to pay a required asset co-payment for the Prenatal program.

(2) The eligibility period ends on:

(a) the last day of the re-certification month;

(b) the last day of the month in which the recipient asks the agency to discontinue eligibility;

(c) the last day of the month the agency determines the individual is no longer eligible;

(d) for the Prenatal program, the last day of the month that is at least 60 days after the date the pregnancy ends, except that for Prenatal coverage for emergency services only, eligibility ends the last day of the month in which the pregnancy ends; or

(e) the date the individual dies.

(3) Recipients must re-certify eligibility for medical assistance at least once every 12 months. The agency may require recipients to re-certify eligibility more frequently when the agency:

(a) receives information about changes in a recipient's circumstances that may affect the recipient's eligibility;

(b) has information about anticipated changes in a recipient's circumstances that may affect eligibility; or

(c) knows the recipient has fluctuating income.

(4) To receive medical assistance without interruption, a recipient must complete the re-certification process by the close of business on the date printed on the re-certification form. The client must also provide verifications by the due date specified by the agency and must continue to meet all eligibility criteria, including meeting a spenddown or paying a Medicaid Work Incentive premium if one is owed.

(a) If the recipient does not complete the re-certification process on time, eligibility ends on the last day of the re-certification month.

(b) If the recipient does not complete the re-certification process on time, but completes the recertification including providing verifications by the close of business on the last business day of the month after the review month, the agency will determine whether the recipient continues to meet all eligibility criteria.

(i) The agency will reinstate benefits effective the beginning of the month after the re-certification month if the recipient continues to meet all eligibility criteria and meets any spenddown or pays the Medicaid Work Incentive premium, if applicable. The client must meet the spenddown or pay the premium no later than the close of business on the 30th day after the date printed on the notice. Otherwise, the recipient remains ineligible for medical assistance.

(ii) If the recipient does not complete the re-certification process before the close of business of the last business day of the month following the re-certification month, eligibility will not be reinstated. The recipient will have to reapply for medical assistance.

(c) If the recipient does not meet the spenddown or pay the Medicaid Work Incentive premium on time, then eligibility ends effective the last day of the re-certification month and the recipient will have to reapply.

(5) For individuals selected for coverage under the

Qualified Individuals Program, eligibility extends through the end of the calendar year if the individual continues to meet eligibility criteria and the program still exists.

R414-308-7. Change Reporting and Benefit Changes.

(1) A client must report to the agency reportable changes in the client's circumstances. Reportable changes are defined in R414-301-2.

(a) The due date for reporting changes is the close of business on the 10th calendar day after the client learns of the change.

(b) When the change is receipt of income from a new source, or an increase in income the client receives, the due date for reporting the income change is the close of business on the day that is ten calendar days after the date the client receives such income.

(c) The due date for providing verifications of changes is the close of business on the date the agency sets as the due date in a written notice to the client.

(2) The agency may receive information from credible sources other than the client such as computer income matches, and from anonymous citizen reports. If the agency receives information from sources other than the client that may affect the client's eligibility, the agency will verify the information as needed depending on the source of information before using the information to change the client's eligibility for medical assistance. Information from citizen reports must always be verified by other reliable proofs.

(3) The date of report is the date the client reports the change to the agency by the close of business on a business day by phone, by mail, by fax transmission or in person, or the date the agency receives the information from another source.

(4) If the agency needs verification of the reported change from the client, the agency requests it in writing and provides at least ten calendar days for the client to respond.

(5) A client who provides change reports, forms or verifications by the close of business on the due date has provided the information on time.

(6)(a) If the reported information causes an increase in a client's benefits and the agency requests verification, the increase in benefits is effective the first day of the month following:

(i) the date of the report if the agency receives verifications within ten days of the request; or

(ii) the date the verifications are received if verifications are received more than ten days after the date of the request.

(b) The agency cannot increase benefits if the agency does not receive requested verifications.

(7) If the reported information causes a decrease in the client's benefits, the agency makes changes as follows:

(a) If the agency has sufficient information to adjust benefits, the change is effective the first day of the month after the month in which the agency sends proper notice of the decrease, regardless of whether verifications have been received.

(b) If the agency does not have sufficient information to adjust benefits, the agency requests verifications from the client. The due date is at least 10 days from the date of the request.

(i) Upon receiving the verifications, the agency adjusts benefits effective the first day of the month following the month in which the agency can send proper notice.

(ii) If the verifications are not returned on time, the agency discontinues benefits for the affected individuals effective the end of the month in which the agency can send proper notice.

(8) Any time the agency requests verifications to determine or redetermine eligibility for an individual or a household, the agency may discontinue benefits if all required factors of eligibility are not verified by the due date. If a change does not affect all household members and verifications are not provided, the agency discontinues benefits only for the individual or individuals affected by the change.

(9) If a client fails to timely report a change or return verifications or forms by the due date, the client must repay all services and benefits paid by the Department for which the client was ineligible.

(10) If a due date falls on a non-business day, the due date will be the close of business on the first business day immediately after the due date.

R414-308-8. Case Closure and Redetermination.

(1) The agency terminates medical assistance upon recipient request or if the agency determines the recipient is no longer eligible.

(2) To maintain ongoing eligibility, a recipient must complete the re-certification process as provided in R414-308-6. Failure to complete the re-certification process makes the recipient ineligible.

(3) Before terminating a recipient's medical assistance, the agency will decide if the client is eligible for any other available medical assistance provided under Medicaid, the Medicare Cost-Sharing programs, the Children's Health Insurance Program, the Primary Care Network and the UPP program.

(a) The agency does not require a recipient to complete a new application, but may request more information from the recipient to complete the redetermination for other medical assistance programs. If the recipient does not provide the necessary information by the close of business on the due date, the recipient's medical assistance ends.

(b) When redetermining eligibility for other programs, the agency cannot enroll an individual in a medical assistance program that is not in an open enrollment period, unless that program allows a person who becomes ineligible for Medicaid to enroll during a period when enrollments are stopped. An open enrollment period is a time when the agency accepts applications. Open enrollment applies only to the Primary Care Network, the UPP Program and the Children's Health Insurance Program.

R414-308-9. Improper Medical Coverage.

(1) As used in this section, services and benefits include all amounts the Department pays on behalf of the client during the period in question and includes premiums paid to any Medicaid health plans or managed care plans, Medicare, and private insurance plans; payments for prepaid mental health services; and payments made directly to service providers or to the client.

(2) A client must repay the cost of services and benefits the client receives for which the client is not eligible.

(a) If the agency determines a client was ineligible for the services or benefits received, the client must repay the Department the amount the Department paid for the services or benefits. The amount the client must repay will be reduced by the amount the client paid the agency for a Medicaid spenddown or a Medicaid Work Incentive premium for the month. If a woman who has paid an asset co-payment for coverage under Prenatal Medicaid is found to have been ineligible for the entire period of coverage under Prenatal Medicaid, the amount she must repay will be reduced by the amount she paid the agency in the form of the Prenatal asset co-payment, if applicable.

(b) If the client is eligible but the overpayment was because the spenddown, the Medicaid Work Incentive premium, the asset co-payment for prenatal services, or the cost-of-care contribution was incorrect, the client must repay the difference between the correct amount the client should have paid and what the client actually paid.

(3) A client may request a refund from the Department for any month in which the client believes that

(a) the spenddown, asset co-payment for prenatal services, or cost-of-care contribution the client paid to receive medical assistance is less than what the Department paid for medical services and benefits for the client, or

(b) the amount the client paid in the form of a spenddown, a Medicaid Work Incentive premium, a cost-of-care contribution for long-term care services, or an asset co-payment for prenatal services was more than it should have been.

(4) Upon receiving the request for a refund, the Department will determine if the client is owed a refund.

(a) In the case of an incorrect calculation of a spenddown, Medicare Work Incentive premium, cost-of-care contribution or asset co-payment for prenatal services, the refundable amount is the difference between the incorrect amount the client paid the Department for medical assistance and the correct amount that the client should have paid, less the amount the client owes the Department for any other past due, unpaid claims.

(b) In the case when the spenddown, asset co-payment for prenatal services or a cost-of-care contribution for long-term care exceeds medical expenditures, the refundable amount is the difference between the correct spenddown, asset co-payment or cost-of-care contribution the client paid for medical assistance and the actual amount the Department paid on behalf of the client for services and benefits, less the amount the client owes the Department for any other past due, unpaid claims. The Department issues the refund only after the 12-month time-period that medical providers have to submit claims for payment.

(c) The agency does not issue a cash refund for any portion of a spenddown or cost-of-care contribution that was met with medical bills.

(5) A client who pays a premium for the Medicaid Work Incentive program cannot receive a refund even if the services paid by the Department are less than the premium the client pays.

(6) If the cost-of-care contribution a client pays a medical facility is more than the Medicaid daily rate for the number of days the client was in the medical facility, the client can request a refund from the medical facility. The Department will refund the amount owed the client only if the medical facility has sent the excess cost-of-care contribution to the Department.

(7) If the sponsor of an alien does not provide correct information, the alien and the alien's sponsor are jointly liable for any overpayment of benefits. The Department recovers the overpayment from both the alien and the sponsor.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-506. Hospital Provider Assessments.****R414-506-1. Introduction and Authority.**

This rule defines the scope of hospital provider assessment. This rule is authorized under Title 26, Chapter 36a and governs the services allowed under 42 CFR 447.272.

R414-504-2. Definitions.

The definitions in Section 26-36a-103 apply to this rule.

R414-506-3. Audit of Hospitals.

(1) For hospitals that do not file a Medicare cost report for the time frames outlined in Subsection 26-36a-203(3) and (4), the Department of Health shall audit the hospital's records to determine the correct discharges for the assessment.

(2) Hospitals subject to the assessment shall make their records available for reasonable inspection upon written request from the Department. Failure to make the records available shall be considered non-compliance and subject the hospital to penalties set forth in Section R414-506-5.

R414-506-4. Change in Hospital Status.

(1) If a hospital's status changes during any given year and it no longer falls under the definition of a hospital that is subject to the assessment outlined in Section 26-36a-204 or is no longer entitled to Medicaid hospital access payments under Section 26-36a-205, the hospital must submit in writing to the Division of Medicaid and Health Financing (DMHF) a notice of the status change and the effective date of that change. The notice must be mailed to the correct address, as follows, and is only effective upon receipt by the Reimbursement Unit:

Via United States Postal Service:
Utah Department of Health
DMHF, BCRP
Attn: Reimbursement Unit
P.O. Box 143102
Salt Lake City, UT 84114-3102
Via United Parcel Service, Federal Express, and similar:
Utah Department of Health
DMHF, BCRP
Attn: Reimbursement Unit
288 North 1460 West
Salt Lake City, UT 84116-3231

(2) For any period where a hospital is no longer subject to the assessment and notice has been given under Subsection R414-506-4 (1):

(a) the Department shall require payment of the assessment from that hospital for the full quarter in which the status change occurred and the hospital will receive full payment for the applicable quarter; and

(b) the hospital is exempt from future assessment and not eligible for payment under this rule.

(3) Facilities not subject to the assessment or payments outlined in this rule as of January 1, 2010, are not eligible to receive Medicaid hospital inpatient access payments.

R414-506-5. Penalties and Interest.

(1) If DMHF audits a hospital's records to determine the correct discharges for the assessment for a hospital that is required to file a Medicare cost report but failed to provide its Medicare cost report within the timeline required, DMHF shall fine the hospital five percent of its annual calculated assessment. The fine is payable within 30 days of invoice.

(2) If DMHF audits a hospital's records to determine the correct discharges for the assessment because the hospital does not file a Medicare cost report and did not submit its discharges and supporting documentation within the timeline required, DMHF shall fine the hospital five percent of its annual

calculated assessment. The fine is payable within 30 days of invoice.

(3) If a hospital fails to fully pay its assessment on or before the due date, DMHF shall fine the hospital five percent of its quarterly calculated assessment. The fine is payable within 30 days of invoice.

(4) On the last day of each quarter, if a hospital has any unpaid assessment or penalty, DMHF shall fine the hospital five percent of the unpaid amount. The fine is payable within 30 days of invoice.

R414-506-6. State Plan Amendment -- Hospital Policy Review Board.

(1) The Hospital Policy Review Board is established under Subsection 26-36a-209(3). It shall serve as an advisory board to DMHF.

(2) The Division Director shall act on behalf of the Executive Director of the Utah Department of Health regarding all Hospital Policy Review Board issues.

(3) DMHF shall appoint a non-voting board member who will manage the Hospital Policy Review Board.

(4) Other individuals of DMHF, as appointed by the Division Director, are non-voting ex-officio advisory members of the Hospital Policy Review Board.

(5) The board shall:

(a) review State Plan Amendments or waivers affecting hospital reimbursement between the date of enactment of this chapter and the end of State Fiscal Year 2013; and

(b) review adjustments to the payment rates for State Fiscal Years 2012 and 2013.

(6) If a board member is unable to serve, DMHF shall fill the vacancy using the same method that it originally used to appoint the board position.

R414-506-7. Rule Repeal.

The Department shall repeal this rule in conjunction with the repeal of the Hospital Provider Assessment Act outlined in Section 26-36a-208.

R414-506-8. Retrospective Operation.

This rule has retrospective operation for taxable years beginning on or after January 1, 2010, as authorized under Section 14 of the 2010 Hospital Provider Assessment Act.

26-36a**

R434. Health, Health Systems Improvement, Primary Care and Rural Health.**R434-40. Utah Health Care Workforce Financial Assistance Program Rules.****R434-40-1. Purpose.**

This rule implements the Utah Health Care Workforce Financial Assistance Program Act, Utah Code, Title 26, Chapter 46; which governs the award of grant funds to geriatric professionals and health care professionals to repay loans taken for educational expenses; and the award of scholarship funds to individuals seeking to become nurse educators in exchange for serving for a specified period of time in a underserved area of the state.

R434-40-2. Authority.

This rule is required by Subsections 26-46-102(3) and 26-46-103(6)(a), and is promulgated under the authority of Section 26-1-5.

R434-40-3. Definitions.

The definitions as they appear in Section 26-46-101 apply. In addition:

(1) "Applicant" means an individual who submits a completed application and meets the application requirements established by the Department for a loan repayment or scholarship grant under the act.

(2) "Approved site" means a site approved by the Department that meets the eligibility criteria established in this rule and that is:

(a) within an underserved area where health care is provided and the majority of patients served are medically underserved due to lack of health care insurance, unwillingness of existing geriatric professional and health care professionals to accept patients covered by government health programs, or other economic, cultural, or language barriers to health care access; or

(b) that is a Utah nursing school or training institution that provides a nursing education course of study to prepare persons for the practice of nursing under Title 58, Chapter 31b, Nurse Practice Act, or under Title 58, Chapter 44a, Nurse Midwife Practice Act; has a shortage of nurse educator faculty; and meets the criteria established by the Department.

(3) "Committee" means the Utah Health Care Workforce Advisory Committee created by Section 26-1-7.

(4) "Dentist" means an individual licensed under Title 58, Chapter 69, Dentist and Dental Hygienist Practice Act, to practice dentistry.

(5) "Department" means the Utah Department of Health.

(6) "Educational expenses" means the cost of education in a health care profession, including books, education equipment, fees, materials, reasonable living expenses, supplies, and tuition.

(7) "Educational loan" means a commercial, government, or government-guaranteed loan taken to pay educational expenses.

(8) "Geriatric" means individuals 65 years old and older.

(9) "Geriatric professional" is further defined to mean an individual who has successfully completed one or more of the following:

a. graduate level certification in gerontology from a nationally accredited certifying organization or transcribed program of an accredited academic institution;

b. graduate degree in gerontology;

c. additional training focused on the geriatric or gerontological aspects of the professional's discipline. Additional training may include, but is not limited to, internship, practicum, preceptorship, residency, or fellowship.

(10) "Grant" means a grant of funds under a grant agreement.

(11) "Loan repayment" means a grant of funds under a grant to defray educational loans in exchange for service for a

specified period of time at an approved site.

(12) "Mental health therapist" means an individual licensed under:

(a) Title 58, Chapter 60, Mental Health Professional Practice Act, or Title 58, Chapter 61, Psychologist Licensing Act; or

(b) Title 58, Chapter 67, Utah Medical Practice Act, as a physician and surgeon, or Title 58, Chapter 68, Utah Osteopathic Medical Practice Act, as an osteopathic physician and surgeon who is engaged in the practice of mental health therapy.

(13) "Nurse" means an individual licensed to practice nursing in the state under Title 58, Chapter 31b, Nurse Practice Act, or under Title 58, Chapter 44a, Nurse Midwife Practice Act.

(14) "Nurse educator" means a nurse employed by a Utah school of nursing providing nursing education to individuals leading to licensure or certification as a nurse.

(15) "Occupational Therapist" means an individual licensed to practice in the state under Title 58, Chapter 42a, Occupational Therapy Practice Act.

(16) "Pharmacist" means an individual licensed to practice in the state under Title 58, Chapter 17b, Pharmacy Practice Act.

(17) "Physical Therapist" means an individual licensed to practice in the state under Title 58, Chapter 24b, Physical Therapy Practice Act.

(18) "Physician" means an individual licensed to practice in the state under Title 58, Chapter 67, Utah Medical Practice Act, or Title 58, Chapter 68, Utah Osteopathic Medical Practice Act.

(19) "Physician assistant" means an individual licensed to practice in the state under Title 58, Chapter 70a, Physician Assistant Practice Act.

(20) "Postgraduate training" means internship, practicum, preceptorship, or residency training required for geriatric professional and health care professionals licensure and as required by this rule.

(21) "Recipient" means an applicant selected to receive a loan repayment or scholarship grant under the act.

(22) "Scholarship" means a grant of funds for educational expenses given to an individual under a grant agreement where the individual agrees to become a nurse educator in exchange for service for a specified period of time at an approved site that is a Utah nursing school or training institution.

(23) "Service obligation" means professional service rendered at an approved site for a minimum of two years in exchange for a scholarship or loan repayment grant.

R434-40-4. Geriatric Professionals and Health Care Professionals Loan Repayment Grants -- Terms and Service.

(1) To increase the number of geriatric professionals and health care professionals in underserved areas of the state, the Department may provide loan repayment grants to geriatric professional and health care professionals to repay loans taken for educational expenses in exchange for their agreement to serve for a specified period of time at an approved site in the state.

(2) Loan repayment grants may be given only to repay bona fide loans taken by a geriatric professional and health care professional for educational expenses incurred while pursuing an education at an institution that awards a degree that qualifies a geriatric professional and health care professional to practice in his field.

(3) Loan repayment grants under this section may not:

(a) be used to satisfy other obligations owed by the geriatric professional and health care professional under any similar program and may not be used to repay a loan that is in default at the time of application; or

(b) be in an amount greater than the total outstanding balance on the loans taken for educational expenses, including accrued interest.

(4) The Department may not disburse any grant monies under the act until the recipient has performed at least six months of service at the approved site.

R434-40-5. Health Care Professionals Scholarship Grants -- Terms and Service.

(1) To increase the number of nurse educators in underserved areas in the state, the Department may provide scholarship grants to individuals seeking to become nurse educators in exchange for their agreement to serve for a specified period of time at an approved site in the state.

(2) Scholarship grants may be given to pay educational expenses while pursuing an education at an institution accredited by the National League of Nursing that provides training leading to the award of a final degree that qualifies the applicant to become a nurse educator in the state.

(3) Scholarship grants given under this section may not be used to satisfy other obligations owed under any similar program and may not be in an amount more than is reasonably necessary to meet educational expenses.

(4) Scholarship grant recipients shall seek a course of education following a schedule of at least a minimum number of course hours per year as set by the Department which leads to receipt of a degree or completion of specified additional course work in a number of years as established by the Department.

R434-40-6. Loan Repayment Grant Administration.

(1) The Department may award loan repayment grants to repay loans taken for geriatric professionals' and health care professionals' educational expenses. The Department may consider committee recommendations in awarding loan repayment grants.

(2) As requested by the Department, a loan repayment grant recipient shall provide information reasonably necessary for administration of the program.

(3) The Department shall determine the total amount of the loan repayment grant.

(4) The loan repayment grant recipient may not enter into any other similar contract until the recipient satisfies the service obligation described in the grant agreement.

(5) The Department may approve payment to a loan repayment grant recipient for increased federal, state, and local taxes caused by receipt of the loan repayment grant.

(6) The Department shall not pay for an educational loan of a loan repayment grant applicant who is in default at the time of an application.

(7) Before receiving a loan repayment grant, the applicant must enter into a grant agreement with the Department that binds him to the terms of the program.

(8) A loan repayment grant recipient must have a permanent, unrestricted license to practice in his health care specialty in Utah before his first day of service under the grant agreement.

(9) Prior to beginning to fulfill his service obligation, a loan repayment grant recipient must obtain approval from the Department, of the site where he may complete his service obligation.

(10) A loan repayment grant recipient must obtain approval from the Department prior to changing the approved site where he fulfills his service obligation.

R434-40-7. Scholarship Grant Administration.

(1) The Department may award scholarship grant funds to an applicant for a maximum of four years or until earning the nursing postgraduate degree. The Department may consider committee recommendations in awarding scholarship grants.

(2) The Department may pay tuition and fees directly to the school and determine the amount and frequency of direct payments to the student.

(3) The scholarship grant recipient may not enter into a scholarship agreement other than with the program established in Section 26-46-1 until the service obligation agreed upon in the grant agreement with the Department is satisfied.

(4) A scholarship grant recipient must work full-time, as defined by the scholarship grant recipient's employer and as specified in his grant agreement with the Department.

(5) A scholarship grant recipient must serve one year of service obligation for each year he received a scholarship grant under this program, with a minimum of two years required.

(6) The Department may cancel a scholarship grant at any time if it finds that the scholarship grant recipient has voluntarily or involuntarily terminated his schooling, postgraduate training, or if it appears to be a reasonable certainty that the scholarship grant recipient does not intend to practice as required by statute, rules, and grant agreement in an underserved area in the state.

(7) Upon completion of schooling and required postgraduate training, the scholarship grant recipient is responsible for finding employment at an approved site.

(8) A scholarship grant recipient must obtain approval from the Department prior to beginning service obligation at an approved site.

(9) A scholarship grant recipient must obtain approval from the Department prior to changing the approved site where he fulfills his service obligation.

(10) A scholarship grant recipient must obtain an unrestricted license to practice in the state and begin practicing for the agreed upon period of time at an approved site within three months of completion of postgraduate training.

(11) If there is no available approved site upon a scholarship grant recipient's graduation, the recipient shall repay the scholarship grant amount as negotiated in the scholarship grant agreement.

R434-40-8. Eligible Bona Fide Loans.

(1) An eligible bona fide loan is a loan used to pay for educational expenses leading to a qualifying geriatric professional or health care professional degree approved by the Department.

(2) A bona fide loan includes the following:

(a) a commercial loan made by a bank, credit union, savings and loan association, insurance company, school, or credit institution;

(b) a governmental loan made by a federal, state, county, or city agency;

(c) a loan made by another person that is documented by a contract notarized at the time of the making of the loan, indicative of an arm's length transaction, and with competitive term and rate as other loans available to students; or

(d) a loan that the applicant conclusively demonstrates to the Department is a bona fide loan.

R434-40-9. Full-Time Equivalency Provisions for Recipients.

(1) The loan repayment grant amount is based on the level of full-time equivalency that the loan repayment grant recipient agrees to work.

(2) A loan repayment grant recipient who provides services for at least 40 hours per week may be awarded a loan repayment grant based on the percentages as determined by the Department.

(3) A loan repayment grant recipient who provides services for less than 40 hours per week may be awarded a proportionately lower loan repayment grant based on a full-time equivalency of 40 hours per week.

(4) A scholarship grant recipient must work full-time, as defined by the scholarship grant recipient's employer and as specified in the scholarship grant with the Department.

(5) A scholarship grant recipient must serve one year of

service obligation for each year he received a scholarship grant under this program, with a minimum of two years required.

(6) The Department may approve a full-time equivalency of less than 40 hours per week if the applicant's employer can demonstrate that performing less than 40 hours per week at the work site combined with other activities, such as on-call service, is equivalent to a 40 hour work week.

R434-40-10. Approved Site Determination.

(1) The Department shall approve sites based on comprehensive applications submitted by sites.

(2) The criteria the Department may use to determine an approved site for sites that are not nursing schools include:

(a) the percentage of the population with incomes under 200% of the federal poverty level;

(b) the percentage of the population 65 years of age and over;

(c) the percentage of the population under 18 years of age;

(d) the distance to the nearest geriatric professionals or health care professionals and barriers to reaching the geriatric professionals or health care professionals;

(e) ability of the site to provide support facilities and services for the requested geriatric professional or health care professional;

(f) financial stability of the site; and

(g) percent of patients served who are without insurance or whose care is paid for by government programs, such as Medicaid, Medicare, and CHIP;

(h) the applicant's policy and practice to provide care regardless of a patient's ability to pay.

(3) The criteria the Department may use to determine an approved site for sites that are nursing schools include:

(a) a demonstrated shortage of nursing educator faculty;

(b) number of and degrees sought by students;

(c) number of students denied for each degree sought;

(d) residency of students;

(e) ability of the nursing school to provide support facilities and services for the requested position to be trained;

(f) faculty to student ratio, including ratios of clinical and classroom instructors;

(g) average class sizes for each of the degrees offered by the school;

(h) school plans to expand enrollment;

(i) diversity of students;

(j) current and projected staffing for the type of instructor requested;

(k) sources and stability of funding to hire and support the prospective instructor; and

(l) distance to the next closest nursing school.

(4) The Department may give preference to sites that provide letters of support from the area served by the prospective employer, such as from:

(a) a majority of practicing health care professionals;

(b) county and civic leaders;

(c) hospital administrators;

(d) business leaders, local chamber of commerce, citizens; and

(e) local health departments.

(5) The Department may give preference to sites located in a service area designated by the Secretary of Health and Human Services as having a shortage of health care professional(s) and that are requesting one of the following medical specialties:

(a) family practice;

(b) internal medicine;

(c) obstetrics/gynecology; and

(d) pediatrics.

(6) To become approved, a site must offer a salary and benefit package competitive with salaries and benefits of other geriatric professionals and health care professionals in the

service area.

(7) Other criteria that the site applicant can demonstrate as furthering the purposes of the act.

R434-40-11. Loan Repayment Grant Eligibility and Selection.

(1) In selecting a loan repayment grant recipient for a loan repayment grant award, the Department may evaluate the applicant based on the following selection criteria:

(a) the extent to which an applicant's training in a health care specialty is needed at an approved site;

(b) the applicant's commitment to serve in an underserved area, which can be demonstrated in any of the following ways:

(i) has worked or volunteered at a community or migrant health center, homeless shelter, public health department clinic, worked with geriatric populations, or other service commitment to the medically underserved;

(ii) has work or educational experience with the medically underserved through the Peace Corps, VISTA, has worked with geriatric populations, or a similar volunteer agency;

(iii) has cultural or language skills that may be essential for provision of health care services to the medically underserved;

(iv) other facts or experience that the applicant can demonstrate to the Department that establishes his commitment to serve in an underserved area;

(v) the availability of the applicant to begin service, with greater consideration being given to applicants available for service at earlier dates;

(c) the applicant's:

(i) academic standing;

(ii) prior professional or personal experience serving in an underserved area;

(iii) board certification or eligibility;

(iv) postgraduate training achievements;

(v) peer recommendations;

(vi) other facts that the applicant can demonstrate to the Department that establishes his professional competence or conduct;

(d) the applicant's financial need;

(e) the applicant's willingness to serve patients who are without insurance or whose care is paid for by government programs, such as Medicaid, Medicare, and CHIP;

(f) the applicant's willingness to provide care regardless of a patient's ability to pay;

(g) the applicant's ability and willingness to provide care; and

(h) the applicant's achieving an early match with an approved site.

(3) To be eligible for a loan repayment grant, an applicant must be a United States citizen or permanent resident.

(4) The Department may consider only grant applicants who apply within one year of the applicant's beginning employment at an approved eligible site.

R434-40-12. Scholarship Grant Eligibility and Selection.

(1) In selecting a recipient for a nurse scholarship grant, the Department may evaluate the applicant based on the following selection criteria:

(a) the applicant's commitment to serve in an underserved area, which may be demonstrated in any of the following ways:

(i) has worked or volunteered to serve in an underserved area or service commitment to the medically underserved;

(ii) has work or educational experience with the medically underserved through the Peace Corps, VISTA, or a similar volunteer agency;

(iii) has cultural or language skills that may be essential for services in an underserved area; and

(iv) other facts or experience that the applicant can demonstrate to the Department that establishes his commitment

to the medically underserved.

(b) evidence that the applicant has a license in good standing to practice in the state under Title 58, Chapter 31, Nurse Practice Act, or under Title 58, Chapter 44a, Nurse Midwife Practice Act;

(c) the applicant's academic ability as demonstrated by official transcripts and official school admission test scores;

(d) the applicant's evidence that he has been accepted by or currently attends an accredited school;

(e) the applicant's projected educational expenses;

(f) the applicant's educational, personal, and professional references that demonstrate the applicant's good character and potential to successfully complete school; and

(g) the applicant's essay which is required as part of the scholarship application;

(2) In selecting a scholarship grant recipient, the Department may give preference to applicants who agree to serve for a greater length of time in return for scholarship assistance.

(3) To be eligible to receive a scholarship grant, an applicant must be a United States citizen or permanent resident.

R434-40-13. Loan Repayment and Scholarship Grant Service Obligation.

(1) Before receiving an award under the act, the recipient shall enter into a grant agreement with the state agreeing to the conditions upon which the award is to be made.

(2) The grant agreement shall include necessary conditions to carry out the purposes of the act.

(3) In exchange for financial assistance under the act, the recipient shall serve for a period established at the time of the award, but which may not be for less than 24 months, in an underserved area at a site approved by the Department.

(4) The recipient's service in an underserved area at a site approved by the Department retires the amount owed for the award according to the schedule established by the Department at the time of the award.

(5) Periods of internship, preceptorship, or other clinical training do not satisfy the service obligation under the act.

(6) A scholarship grant recipient must:

(a) be a full-time matriculated student and meet the school's requirements to continue in the program and receive an advanced degree within the time specified in the scholarship grant agreement, unless extended pursuant to R434-40-16;

(b) within three months before and not exceeding one month following graduation or completion of postgraduate training, a scholarship grant recipient shall provide to the Department documented evidence of an approved site's intent to hire him.

(c) upon completion of schooling or postgraduate training, the scholarship grant recipient must find employment at an approved site.

(d) obtain an unrestricted license to practice in Utah prior to beginning to fulfill the service obligation at the approved site.

(e) obtain approval from the Department prior to beginning to fulfill his service obligation at an approved site.

(f) begin employment at the approved site within three months of graduation or completion of postgraduate training.

(g) obtain Department approval prior to changing the approved site where he fulfills his service obligation.

R434-40-14. Loan Repayment Grant Breach, Repayment, and Penalties.

(1) A loan repayment grant recipient under the act who fails to complete the service obligation shall:

(a) pay as a penalty twice the total amount of the loan repayment grant on a prorated basis according to a schedule established by grant agreement with the Department and 12% per annum interest on the unpaid penalty amount; and

(b) costs and expenses incurred in collection, including attorney fees.

(2) A loan repayment grant recipient who breaches his grant agreement with the Department shall begin to repay within 30 days of the breach. The Department may submit for immediate collection all amounts due from a breaching loan repayment grant recipient who does not begin to repay within 30 days.

(3) The breaching loan repayment grant recipient shall pay the total amount due within one year of breaching the grant agreement. The scheduled payback may not be less than four equal quarterly payments.

(4) The amount to be paid back shall be determined from the end of the month in which the loan repayment grant recipient breached the grant as if the recipient had breached at the end of the month.

(5) The breaching loan repayment grant recipient shall pay the total amount due according to a schedule agreed upon with the Department which may not be longer than within four years of breaching the grant agreement.

(6) Amounts recovered and damages collected under this section shall be deposited as dedicated credits to be used to carry out the provisions of the act.

R434-40-15. Scholarship Grant Breach, Repayment, and Penalties.

(1) A scholarship grant recipient who :

(a) fails to finish his professional schooling within the period of time agreed upon with the Department shall within 90 days after the deadline for completing his schooling or within 90 days of his failure to continue his schooling, whichever occurs earlier, shall repay:

(i) all scholarship money received according to a schedule established at the time of the award with the Department;

(ii) if not repaid within one year of default, 12% per annum interest on unrepaid scholarship money calculated from the date each installment was received under the scholarship grant agreement; and

(iii) costs and expenses incurred in collection, including attorney fees;

(b) finishes his schooling and fails to pass the necessary professional certifications or examinations within the time period agreed upon with the Department shall repay:

(i) all scholarship money received according to a schedule established by grant agreement with the Department;

(ii) if not repaid within one year of default, 12% per annum interest on unrepaid scholarship money calculated from the date each installment was received under the scholarship grant; and

(iii) costs and expenses incurred in collection, including attorney fees;

(c) finishes his schooling and fails to take the necessary professional certifications or examinations within the time period agreed upon with the Department shall:

(i) pay as a penalty twice the total amount of the scholarship money on a prorated basis according to a schedule established by grant agreement with the Department and 12% per annum interest on the unpaid penalty amount; and

(ii) costs and expenses incurred in collection, including attorney fees;

(d) finishes his schooling and becomes a health care professional but who fails to fulfill his service obligation shall repay:

(i) twice the total scholarship grant amount received that is not yet retired by his service on a prorated basis according to a schedule established by grant agreement with the Department;

(ii) 12% per annum interest on the unretired scholarship money calculated from the date each installment was received under the scholarship grant agreement; and

(iii) costs and expenses incurred in collection, including attorney fees.

(2) Amounts recovered and damages collected under this section shall be deposited as dedicated credits to be used to carry out the provisions of the act.

(3) The amount to be paid back shall be determined from the end of the month in which the scholarship grant recipient breached the scholarship grant as if the scholarship grant recipient had breached at the end of the month

(4) The breaching scholarship grant recipient shall pay the total amount due according to a schedule agreed upon with the Department which may not be longer than within four years of breaching the scholarship grant agreement.

R434-40-16. Extension of Loan Repayment and Scholarship Grants.

(1) The Department may extend the period within which the loan repayment grant recipient must complete the service obligation:

(a) if the loan repayment grant recipient has signed a grant agreement for two years the loan repayment grant recipient may apply on or after his first day of service under a loan repayment grant to extend his grant agreement by one year;

(b) a loan repayment grant may be extended only at an approved site;

(c) a loan repayment grant recipient who desires to extend his loan repayment grant must inform the Department in writing of his interest in extending his grant agreement at least six months prior to the end of the current service obligation.

(2) The Department may extend the period within which the scholarship grant recipient must complete his education:

(a) if the scholarship grant recipient has a serious illness;

(b) if the scholarship grant recipient is activated by the military;

(c) for other good cause shown, as determined by the Department.

(3) The service obligation may be extended only at an approved site.

R434-40-17. Release of Recipient from Service Obligation.

(1) The Department may cancel or release, in full or in part, a recipient from his service obligation under the grant agreement without penalty:

(a) if the service obligation has been fulfilled;

(b) if the recipient fails to meet the conditions of the award or if it reasonably appears the recipient will not meet the loan repayment or scholarship grant conditions;

(c) if the recipient is unable to fulfill the service obligation due to permanent disability that prevents the recipient from performing any work for remuneration or profit;

(d) if the recipient dies; or

(e) for other good cause shown, as determined by the Department.

(2) Extreme hardship sufficient to release the recipient without penalty includes:

(a) inability to complete the required schooling or fulfill service obligation due to permanent disability that prevents the recipient from completing school or performing any work for remuneration or profit;

(b) a family member, for which the recipient is the principal care giver, has a life-threatening chronic illness.

(3) The Department may develop alternative service obligation criteria that a loan repayment or scholarship grant recipient may use to fulfill his service obligation if the loan repayment or scholarship grant recipient is unable to fulfill his service obligation at an approved site due to reasons beyond his control.

R434-40-18. Reporting Requirements of Award Recipients.

The Department may require an award recipient to provide information regarding the academic performance, commitment to underserved areas, continuing financial need, service obligation fulfillment, and other information reasonably necessary for the administration of the program during the period the recipient is in school; postgraduate training; and during the period the award recipient is completing the service obligation.

R434-40-19. Reporting Requirements of Approved Sites.

The Department may require the approved site to provide information regarding the award recipients' performance, commitment to underserved areas, service obligation fulfillment, and other information reasonably necessary for the administration of the program during the period the award recipient is completing the service obligation.

Notice of Continuation December 3, 2008

R460. Housing Corporation, Administration.**R460-3. Programs of UHC.****R460-3-1. Single-Family Mortgage Program.**

(1) Eligible mortgage lender.

(a) To be eligible to participate in the single-family mortgage program, a mortgage lender must have as one of its principal purposes the origination of mortgage loans in its usual and regular course of business.

(b) UHC may establish criteria that mortgage lenders must meet relating to approved mortgagee status by the Federal Housing Administration, Rural Housing Service or Department of Veterans Affairs, the financial condition of the mortgage lender, the number of mortgage loan originations during a period specified by UHC, the length of time a mortgage loan origination office has been maintained in the state, seller/servicer approval by the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation, and other criteria as UHC deems necessary to maintain a safe and sound program and to establish that mortgage loans are a part of a mortgage lender's usual and regular business activities and that the mortgage lender possesses the capability to make and to have adequate financial resources to fund mortgage loans.

(c) UHC may require that mortgage lenders, from time to time, furnish to UHC evidence as UHC may request to confirm a mortgage lender's eligibility to participate in the single-family mortgage program.

(d) A mortgage lender shall employ and maintain qualified personnel to carry out the obligations arising under contracts with UHC.

(e) All transactions between a mortgage lender and UHC shall be subject to the relevant single-family mortgage program contract documents which may include the following: participation agreement, selling supplement, mortgage purchase agreement ("MPA"), notice of availability of funds, MPA request, and other documents deemed necessary by UHC ("Program Documents").

(2) Mortgage purchase agreement request; mortgage purchase agreement.

(a) UHC may distribute to mortgage lenders via any electronic, digital, or written means, any interest rate and/or program changes affecting single-family mortgage loans.

(b) Mortgage lenders may submit one or more mortgage purchase agreement requests to UHC via electronic, digital or written means as specified by UHC, in which an amount of funds is requested for a specific mortgage loan that the mortgage lender is processing.

(c) UHC may require that each mortgage purchase agreement request submitted by a mortgage lender be accompanied by an application or other fee in an amount specified by UHC in its Program Documents. The fee shall not be refunded or accrue interest payable by UHC, unless otherwise specified by UHC in the Program Documents.

(d) Upon receipt of a mortgage purchase agreement request, UHC may deliver to the mortgage lender a mortgage purchase agreement confirming UHC's commitment to purchase the specified mortgage loan. The mortgage purchase agreement shall terminate automatically if the mortgage lender fails to deliver all necessary Program Documents with respect to the mortgage loan to UHC on or prior to the date specified in the Program Documents.

(3) Single-family mortgage loans.

(a) From time to time, UHC may develop individualized single-family mortgage programs designed to meet the needs of certain populations. In such cases, UHC shall establish maximum fees that may be charged or collected, final mortgage delivery date, interest rate, and loan term. Fee requirements shall be uniformly applied to all mortgage lenders, without preference of one mortgage lender over another.

(b) All mortgage loans shall be made to finance single-

family residential housing located in the state which conform to the requirements of the single-family mortgage program or any other requirements specified in the Program Documents.

(c) UHC may provide priority allocations to make mortgage financing available to persons qualified for any of UHC's single-family programs or in targeted, rural, inner city or other areas experiencing difficulty securing mortgage loans to make housing available to persons of low and moderate income.

(d) Each mortgage loan purchased by UHC shall conform to the credit underwriting, property valuation, hazard insurance, title insurance, mortgage insurance, security and collateralization, and all other requirements of the Program Documents. Closings or deliveries must occur on or before the date established in Program Documents. UHC shall have the right to decline to finance any mortgage loan if, in the reasonable opinion of UHC, the mortgage loan does not meet all requirements of the Program Documents.

(4) Income limits of borrowers.

UHC shall establish and may amend maximum income limits for low and moderate income persons eligible as borrowers. The limits shall not exceed 140% of median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC shall make information concerning the limits available to interested persons, including potential borrowers, and shall incorporate the limits as terms of the Program Documents.

(5) Acquisition cost limits.

UHC shall establish and may amend maximum acquisition cost limits for residential housing qualified for UHC financing. The acquisition cost of residential housing is the cost of acquiring a completed residential housing unit and shall include all amounts paid in cash or in kind for all structures, fixtures, improvements, and land. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC shall make information concerning the maximum acquisition cost limits available to interested persons including loan applicants and potential mortgagors, and shall incorporate the limits as terms of the Program Documents.

(6) Assumption of single-family mortgage loans.

(a) UHC shall establish and may amend conditions and requirements for the assumption of mortgage loans. The conditions and requirements for the assumption of mortgage loans may vary between the different series of bonds and mortgage insurers or guarantors under which the various mortgage loans have been purchased.

(b) Conditions and requirements for the assumption of mortgage loans may include the following: acquisition cost limits for the residential housing; income limits for the assuming purchaser; the establishment of a limit, expressed as a percentage of the assuming purchaser's income, of the purchaser's monthly housing expenses; a requirement that the purchaser not own any other properties financed under any other UHC program; and any other requirements and qualifications deemed necessary or advisable by UHC. Purchasers, who assume mortgage loans, shall generally be required to satisfy the same requirements that applied to the original borrower.

(c) UHC may impose limits on the maximum amount of assumption fees that may be charged in connection with the assumption of mortgage loans.

(d) UHC may require the continuing liability of the original borrowers in connection with the assumption of mortgage loans.

(e) The required documentation for the assumption of mortgage loans may include documents deemed necessary by UHC, applicable to the particular program.

(7) Limitation of frequency of loan applications.

UHC may establish limitations on the frequency with

which a Mortgage Lender, on behalf of a particular mortgage applicant or co-applicant, may request a mortgage purchase agreement or otherwise apply for a reservation of mortgage loan funds if UHC deems a limitation to be necessary to ensure the efficient and equitable allocation of funds.

(8) Definitions.

(a) As used herein, "Mortgage Lender" shall mean a mortgage lender that UHC has determined to be an eligible mortgage lender in accordance with this Rule.

(b) As used herein, "Mortgage Loan" shall mean a loan secured by a deed of trust or mortgage on a single-family residence that UHC has determined to be an eligible mortgage loan in accordance with this Rule.

R460-3-2. Multifamily Mortgage Programs.

(1) No Standard Program.

(a) UHC does not have a standard financing program for bond financed multifamily rental housing. It is the developer's responsibility to engage professionals to assist in obtaining adequate bond credit enhancement and in structuring a sale or placement of the bonds. UHC, as issuer, reserves the right to approve or disapprove the terms of any proposed project or the bond financing enhancement or structure.

(b) The sole source of repayment of the bonds, including all interest and any premiums, for a multifamily rental housing project shall be the revenue sources related to the project financed by the bonds. Neither the bonds nor any interest or premium shall constitute a general indebtedness of UHC.

(c) One or more national rating services must rate publicly offered bonds issued by UHC. A minimum rating as determined by UHC is required, unless specifically waived for good cause. A type of credit enhancement backing the bonds must be in place to increase the probability that the bond holders will be repaid even if the project and its underlying mortgage loan defaults. UHC reserves the right to approve all forms of credit enhancement for the bonds. With certain restrictions, UHC may permit bonds privately placed with institutional investors to be unrated.

(d) Publicly offered bonds issued by UHC shall be sold to underwriter(s) with the financial backing and capability to generate cash at closing equal to the amount of the bonds, regardless of whether the bonds have been resold to investors. UHC may appoint underwriters requested by the developer; however, UHC reserves the right to approve any underwriter, and may appoint co-underwriters, as it deems appropriate.

(2) Legal Opinions.

(a) UHC appoints bond counsel to render any opinion with respect to the tax exemption of the interest on the bonds.

(b) Any other opinions regarding UHC that may be required by other parties to a bond transaction will be rendered by counsel appointed by UHC but paid for by the developer.

(3) Income limits of qualifying tenants.

UHC shall establish and may amend maximum income limits for low and moderate income persons eligible as qualifying tenants of multifamily developments. The limits shall not exceed 130% of median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC shall make information concerning the limits available to interested persons including potential renters and developers and shall incorporate the limits into appropriate documents.

(4) Eligible developers/owners.

(a) To be eligible to participate in the multifamily financings, the mortgagor/owner may be an individual, a limited liability company, a partnership or a corporation having the legal capacity and authority to borrow money for the purposes of constructing, owning and operating a multifamily development.

(b) UHC may establish criteria relating to the credit

worthiness and the financial, construction and operating capacity of the developer/owner as UHC deems necessary to maintain a secure program and to provide decent, safe and sanitary rental housing. Alternatively, in situations where UHC will be issuing bonds the proceeds of which will be loaned to the developer/owner, UHC may rely on the due diligence of the underwriters or purchasers of the bonds and/or the issuer of the credit enhancement for the bonds in making the determination that the developer/owner possesses sufficient creditworthiness and sufficient financial, construction and operating capacity.

(5) Fees and Expenses.

The developer shall be responsible for all fees and expenses incurred in connection with the issuance of any bonds. UHC may charge a developer a fee for issuing the bonds or for performing any services required by UHC.

R460-3-3. Home Improvement Loan Programs (Reserved).

(1) Reserved.

R460-3-4. Low-Income Housing Tax Credit Program.

(1) Application procedures.

(a) UHC shall prepare a low-income housing tax credit allocation plan that provides the administration procedures, allocation procedures, and compliance monitoring procedures that UHC will follow in administering the low income housing tax credit program for the state. The allocation plan may be amended by UHC as is necessary to comply with amendments to section 42 of the code or as deemed necessary by UHC to maintain a sound program. UHC shall prepare an application form that shall be used to request an allocation of both federal and state low income housing tax credits for a proposed residential housing development. The allocation plan and application form shall be made available electronically via UHC's website or upon request.

(b) UHC may establish and collect fees payable by low income housing tax credit applicants to cover administrative and legal expenses of UHC incurred in processing and reviewing applications, allocating tax credits, monitoring compliance with the provisions of section 42 of the code, and other program requirements.

(2) Reservation of credits.

(a) UHC shall score and rank all applications according to the procedures set forth in the allocation plan. A reservation of low income housing tax credits allocated to an applicant shall be in an amount determined by UHC and shall be based upon the facts, circumstances, and representations made by the applicant in the application.

(b) UHC may condition a reservation of low-income housing tax credits to an applicant upon any restrictions and conditions UHC believes are consistent with the purpose and intent of the program, and those which will ensure the completion of the residential housing development.

(c) No reservation of low-income housing tax credits may be transferred by an applicant unless the specific written approval of UHC is obtained before the proposed transfer. Any transfer shall be made in writing, with copies of all written documents provided to UHC.

(d) Applicants shall provide UHC with any information that may be requested by UHC in performing its duties and responsibilities required under the low-income housing tax credit program and the allocation plan.

(3) Allocation.

(a) UHC shall enter into an agreement for the carry-over allocation of low-income housing tax credits, or make a final allocation of low-income housing tax credits, to applicants who have received a reservation of low-income housing tax credits upon satisfaction to UHC of all of the conditions to the reservation of the low-income housing tax credits and satisfaction of all other requirements under section 42 of the

code and the allocation plan.

(b) UHC may disclose the application materials, or any allocating documents, to the Rural Housing Service, Department of Housing and Urban Development or other state or federal agency as is necessary to comply with state or federal law requiring the review of financial subsidies to low-income housing developments.

(c) As a condition to making any allocation of low-income housing tax credits, UHC may require an applicant to make a deposit, or provide other guarantees of performance, in an amount and manner as determined by UHC to ensure the completion of the residential housing development. Circumstances under which deposits or performance guarantees will be returned or forfeited, in whole or in part, shall be made known to applicants in the allocation plan before the collection of the deposit or performance guarantee.

(d) UHC may reserve or allocate low-income housing tax credits in amounts that are less than amounts requested by housing credit applicants. UHC may also forward-reserve credits from the following calendar year to complete the reservation of credits for an applicant that scored well enough to receive a partial reservation of the current year credits.

(4) Compliance monitoring.

(a) UHC shall prepare a compliance monitoring plan which satisfies the requirements of section 42 of the code.

(b) Recipients of low-income housing tax credits shall provide to UHC documentation, certifications and other evidences of compliance with the provisions of section 42 of the code as required in the compliance monitoring plan or other guidance issued by the IRS.

(c) UHC may establish and collect fees payable by recipients of low income housing tax credits to cover administrative and legal expenses of UHC incurred in on-site and/or office-based physical and file compliance reviews, associated documentation review and data input, internal and external reporting of compliance results, maintenance and updating of IT systems which support the program, or other requirements required under section 42 of the code.

(d) If an applicant for low income housing tax credits is considered not in good standing, as detailed in the allocation plan, UHC may disallow any application in which a disqualified individual or entity is participating in any way. UHC may bar individuals or entities considered not in good standing from submitting low income housing tax credit applications for a period of time not to exceed two continuous tax-credit cycles.

R460-3-5. Housing Development Program.

(1) Financial assistance to housing sponsors.

UHC may provide financial assistance to a housing sponsor for the purpose of financing the construction, development, rehabilitation, purchase or operations of residential housing.

(a) UHC shall determine that the project proposed by the housing sponsor increases or maintains the supply of affordable, well-planned, well-designed, permanent, temporary transitional or emergency housing for low and moderate income persons.

(b) The housing sponsor shall agree to provide a specified number of units of residential housing for persons whose income do not exceed the maximum income limits established by UHC. The limits shall not exceed 120% of area median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC may require that the income limits for a project be lower than the maximum income limits.

(c) The amount of the financial assistance shall not exceed the amount required to achieve financial feasibility in providing affordable housing for the intended occupants of the residential housing development.

(d) In determining the amount of financial assistance, UHC

shall determine that the costs, including developer fees and reserves, incurred by the housing sponsor with respect to a residential housing development, are not excessively greater than similar housing developments.

(e) The housing sponsor shall agree to the controls and procedures required by UHC to ensure that the financial assistance is used only for the approved purposes.

(f) The housing sponsor shall agree to the continued availability and affordability of the residential housing to low and moderate income persons, pursuant to an enforceable covenant running with the land which is prepared by UHC and recorded with the real estate records of the county in which the residential housing is located.

(g) UHC shall determine that the housing sponsor has the necessary competence, experience and financial capability to complete or operate the residential housing development through an internal review of a sponsor's previous projects and/or through interviews of individuals involved with the sponsor in previous projects.

(h) UHC shall require security for any loan in a form and amount as UHC determines is reasonably necessary to secure repayment. The security shall include a lien on the project property and may also include an irrevocable letter of credit, personal guarantees, security interests in unrelated real or personal property of the developer, assignments of contract rights and interests related to proposed development of the project, and/or power of attorney to replace manager, general partner or other principals of the developer. The lien on the project property may be subordinate to other financing of the project. Loans to non-profit or governmental entities are not required to be secured by personal guarantees.

(i) In the event that UHC makes a loan that is funded by or subject to any federal or state program, the terms of the loan shall be consistent with the requirements of the applicable program, notwithstanding any inconsistency with this Rule.

(j) As used herein, the "amount of financial assistance" means the principal amount of the loan together with the benefit of loan terms that are not typically available in the market, such as low (or no) interest rate, a long maturity date and/or a deferred (or no) amortization period.

(2) Financial assistance to low and moderate income persons.

UHC may provide financial assistance to low and moderate income persons for the purpose of construction, rehabilitation, purchase, and/or financing of residential housing.

(a) UHC shall determine that, in order to make homeownership feasible for certain low and moderate income persons, financial assistance is necessary to reduce the cost of constructing, rehabilitating, purchasing and/or financing the residential housing.

(b) UHC shall establish and may amend maximum income limits for low and moderate income persons eligible to receive the financial assistance. The limits shall not exceed 120% of median income as determined by UHC. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall give public notice as required by state law. UHC may require that the income limits for a project be lower than the maximum income limits.

(c) The financial assistance will be provided only to assist with the construction, rehabilitation, purchase, and/or financing of residential housing which does not exceed the maximum acquisition cost and appraised value limits established by UHC. The acquisition cost of residential housing is the cost of acquiring a completed residential housing unit and shall include all amounts paid in such or in kind for all structures, fixtures, and land. UHC shall establish and may amend the limits in open public meetings of UHC for which UHC shall have given public notice as required by state law.

(d) UHC may condition the financial assistance provided

to the home-buyer upon its repayment, with or without interest, to UHC.

(3) UHC may agree to provide any financial assistance pursuant to such additional conditions, terms and restrictions to ensure that the financial assistance is used as specified by UHC.

(4) UHC may establish application procedures and forms of applications and may collect fees payable by housing sponsors and/or low and moderate income persons to cover administrative and legal expenses of UHC incurred in processing and reviewing applications.

(5) UHC may provide financial assistance only if sufficient funds exist for that purpose and the financial assistance can be provided without jeopardizing the financial self-sufficiency of UHC.

(6) UHC may provide financial assistance to any subsidiary of UHC for any of the purposes set forth in this rule provided the applicable conditions for such financial assistance are satisfied.

(7) For financial assistance provided under a program established by the Trustees of UHC, the general terms of the financial assistance shall be consistent with the requirements of the program and the specific terms shall be determined by the President or another officer designated by the President. For all other financial assistance, the general terms shall be determined by the Trustees and the specific terms shall be determined by the President consistent with the terms determined by the Trustees.

R460-3-6. State Low-Income Housing Tax Credit Program.

(1) Application procedures.

(a) UHC shall incorporate in the low-income housing tax credit allocation plan prepared by UHC pursuant to R460-3-4 criteria and allocation procedures that UHC will follow in administering state low-income housing tax credits.

(b) UHC shall designate the form of application which shall be used to request an allocation of state low-income housing tax credits.

(2) Reservation of credits.

(a) UHC shall evaluate all applications according to the procedures set forth in the allocation plan, however, the applications will not be scored and ranked for purposes of reserving state low-income housing tax credits. A reservation of state low-income housing tax credits allocated to an applicant shall be in an amount determined by UHC and shall be based upon the facts, circumstances, and representations contained in the application. UHC may reserve state low-income housing tax credits to projects either in conjunction with the reservation of federal low-income housing tax credits or at a later date to a project not yet placed-in-service that previously received a reservation of federal low-income housing tax credits.

(b) UHC may condition a reservation of state low-income housing tax credits to an applicant upon any restrictions and conditions UHC believes are consistent with the purpose and intent of the program, and those which will ensure the completion of the residential housing development.

(c) No reservation of state low-income housing tax credits may be transferred by an applicant unless the specific written approval of UHC is obtained before the proposed transfer. Any transfer shall be made in writing, with copies of all written documents provided to UHC.

(d) Applicants shall provide UHC with any information that may be requested by UHC in performing its duties and responsibilities required under the low-income housing tax credit program and the allocation plan.

(3) Allocation.

(a) UHC shall enter into an agreement for the carry-over allocation of state low-income housing tax credits, or make a final allocation of state low-income housing tax credits, to applicants who have received a reservation of state low-income housing tax credits upon satisfaction to UHC of all of the

conditions to the reservation of the state and federal low-income housing tax credits.

(b) As a condition to making any allocation of state low-income housing tax credits, UHC may require an applicant to make a deposit, or provide other guarantees of performance, in an amount and manner as determined by UHC to ensure the completion of the residential housing development. Circumstances under which deposits or performance guarantees will be returned or forfeited, in whole or in part, shall be made known to applicants before the collection of the deposit or performance guarantee.

(c) UHC may reserve or allocate state low-income housing tax credits in amounts that are less than amounts requested by applicants.

R501-4. Certified Local Inspectors.

R501-4-1. Authority and Purpose.

1. This rule is authorized by Section 62A-2-108.3.
2. This rule establishes procedures for complying with Section 62A-2-108.3 and for the performance of inspections by a certified local inspector.

R501-4-2. Definitions.

1. "Applicant" means a person who has submitted an application to the Department of Human Services Office of Licensing under Section 62A-2-108.3.
2. "Certified local inspector" is defined in Section 62A-2-101.
3. "Conduct" means behavior that may negatively impact an individual's ability to perform the functions of a certified local inspector, including but not limited to dishonesty, discourtesy, aggressiveness, or working while under the influence of drugs or alcohol.
4. "Emergency" means a situation where a reasonable person would conclude there is an on-site imminent risk to the health or safety of any individual.
5. "Local government" is defined in Section 62A-2-101.
6. "Personal communication" means a two-way conversation, and does not include an unanswered voice-mail or e-mail message.
7. "Regular business hours" is defined in Section 62A-2-101.
8. "Residential treatment program" is defined in Section 62A-2-101.

R501-4-3. Application for Designation.

1. The governing body of a local government and a local government employee may jointly submit an application to designate or renew the designation of the local government employee as a certified local inspector on a form provided by the Office of Licensing.
 - a. An application to renew the designation of a certified local inspector shall be submitted at least thirty days prior to the expiration date of current designation.
 2. An initial or renewal certified local inspector application shall be submitted together with:
 - a. the applicant's background screening application and consent form, and all required identifying information, in accordance with R501-3;
 - b. the applicant's resume, which shall describe the applicant's duties and responsibilities in each position held;
 - c. the applicant's education and training history;
 - d. a copy of all complaints received regarding the applicant and the disposition of those complaints, or a letter from the local government confirming that the applicant has received no complaints;
 - e. three letters of reference describing the applicant's character, demeanor, and interactions with the public; and
 - f. an acknowledgment signed by the applicant and the governing body of the applicant's local government employer, and approved by the local government attorney, that the local government employer bears sole responsibility for the applicant's salary and expenses, and agrees to indemnify, defend, and hold harmless the Office of Licensing, the Department of Human Services, and the State of Utah for any act or omission of the applicant.
 3. A certified local inspector application that is not legible, complete, dated and signed shall be returned to the governing body of the local government without further action.

R501-4-4. Training.

1. The Office of Licensing shall offer training for

applicants twice annually. All classes shall be held in the Office of Licensing administrative offices in Salt Lake City.

2. An applicant shall submit all required application materials at least ten business days prior to the first day of the training class.

3. An applicant shall read all materials sent from the Office of Licensing prior to the first day of the training class.

4. An applicant shall complete training on the following subjects:

- a. Section 62A Chapter 2, Licensure of Programs and Facilities;
- b. R501-1, General Provisions;
- c. R501-2, Core Rules;
- d. R501-4, Certified Local Inspectors;
- e. R501-16, Intermediate Secure Treatment Programs for Minors;
- f. R501-19, Residential Treatment Programs;
- g. the Fourth Amendment to the Constitution of the United States; and
- h. inspection procedures.

R501-4-5. Local Certified Inspector Designation.

1. The Office of Licensing shall not designate an initial or renewal applicant as a certified local inspector unless:

- a. the applicant submits all materials required by the Office of Licensing;
- b. the applicant attends and participates in the entire course of training presented by the Office of Licensing;
- c. the applicant successfully completes the training presented by the Office of Licensing, as evidenced by the applicant's multiple choice test scores;
- d. the background screening of the applicant is approved in accordance with R501-3; and
- e. the Office of Licensing determines that, based upon the conduct of the applicant, it is in the public's best interest to designate the applicant as a certified local inspector.

2. A certified local inspector shall comply with

- a. Section 62A-2-108.3;
- b. R501-4, Certified Local Inspectors;
- c. the Fourth Amendment to the Constitution of the United States;
- d. inspection procedures; and
- e. other applicable local, state, and federal laws.

3. Designation as a certified local inspector shall be revoked if the Office of Licensing determines that, based upon the conduct of the certified local inspector, continued designation is not in the public's best interest.

- a. The local government employer of a certified local inspector shall immediately notify the Office of Licensing of any conduct by a certified local inspector that may not be in the public's best interest

4. The local government employer of a certified local inspector shall notify the Office of Licensing of a certified local inspector's change in employment or termination of employment within two business days.

5. The governing body of a new local government employer of a certified local inspector who has changed jobs, that desires that the certified local inspector retains certified local inspector designation, shall submit:

- a. an application to designate the local government employee as its certified local inspector on a form provided by the Office of Licensing;
- b. the certified local inspector's updated resume; and
- c. an acknowledgment signed by the applicant and the governing body of the certified local inspector's new local government employer that the new local government employer bears sole responsibility for the applicant's salary and expenses, and agrees to indemnify, defend, and hold harmless the Office of Licensing, the Department of Human Services, and the State of

Utah for any act or omission of the applicant.

d. An otherwise current certified local inspector designation shall be suspended until:

- i. all information required by R501-4-5.5 is received by the Office of Licensing;
- ii. the Office of Licensing determines whether continued designation of the certified local inspector is in the public's best interest; and
- iii. an updated certified local inspector identification is issued.
- iv. an updated certified local inspector identification shall expire on the same date as the underlying identification card.

R501-4-6. Inspections.

1. A certified local inspector shall visibly display the photo identification card issued by the Office of Licensing at all times while inspecting a licensed residential treatment facility.

2. Except in an emergency, a certified local inspector shall provide prior notice to the Office of Licensing of the certified local inspector's intent to inspect a licensed residential treatment facility, by personal communication with the certified local inspector's assigned licensing specialist contact or the licensing specialist's supervisor.

3. Except in an emergency, a certified local inspector shall obtain permission to inspect a licensed residential treatment facility prior to entering the facility, by personal communication with the certified local inspector's assigned licensing specialist contact or the licensing specialist's supervisor.

4. A certified local inspector shall provide the report required by Section 62A-2-108.3(4)(c) and a copy of all records obtained from a licensed residential treatment facility to the certified local inspector's assigned licensing specialist contact or the licensing specialist's supervisor.

R501-4-7. Administrative Hearing.

A notice of agency action that denies an applicant's initial or renewal request to be designated as a certified local inspector shall inform the applicant and the local government employer of their right to request an administrative hearing in accordance with Administrative Rule 497-100 and Section 63G-4-101, et seq.

**KEY: human services, licensing, certified local inspector
October 18, 2005 62A-2-108 et seq.
Notice of Continuation October 6, 2010**

R501. Human Services, Administration, Administrative Services, Licensing.

R501-14. Background Screening.

R501-14-1. Authority and Purpose.

(1) This Rule is authorized by and implements Sections 62A-2-108.3, 62A-2-120, 62A-2-121, 62A-2-122, 62A-3-104.3, 62A-5-103.5, 78B-6-128, and 78B-6-113.

(2) This Rule establishes the circumstances under which an applicant may have direct access or provide services to a child or vulnerable adult when the person has a criminal history record, is listed in the Licensing Information System or the statewide database of the Division of Aging and Adult Services, or when juvenile court records show that a court made a substantiated finding under Section 78A-6-323 that the person committed a severe type of child abuse or neglect.

(3) This Rule clarifies the standards for approving, denying, or revoking an applicant's background screening.

R501-14-2. Definitions.

(1) "Abuse" may include "severe emotional abuse", "severe physical abuse", and "emotional or psychological abuse", as these terms are defined in Sections 62A-4a-101 and Section 62A-3-301.

(2) "Applicant" means a person whose identifying information is submitted to the Department of Human Services Office of Licensing under Sections 62A-2-108.3, 62A-2-120, 62A-3-104.3, 62A-5-103.5, 78B-6-128, and 78B-6-113.

(3) "BCI" means the Bureau of Criminal Identification, and is the designated state agency of the Division of Criminal Investigation and Technical Services Division, within the Department of Public Safety, responsible to maintain criminal records in the State of Utah.

(4) "Child" is defined in Section 62A-2-101.

(5) "Comprehensive Review Committee" means the Committee appointed to conduct comprehensive reviews in accordance with Section 62A-2-120.

(6) "Direct Access" is defined in Section 62A-2-101.

(7) "Direct Service Worker" is defined in Section 62A-5-101.

(8) "Directly supervised" is defined in 62A-2-120(5).

(9) "Fingerprints" means an individual's fingerprints as copied electronically through a live-scan fingerprinting device or on two ten-print fingerprint cards by a law enforcement agency, an agency approved by the BCI, or an agency approved by the Office of Licensing.

(10) "Human services program" is defined in Section 62A-2-101.

(11) "Identifying information" means an applicant's:

(a) current and former names, aliases, and addresses,

(b) date of birth,

(c) social security number, and

(d) a current, valid state driver's license or state identification card bearing the applicant's photo, current name, and address; and

(e) Identifying information includes an applicant's fingerprints when required by law or rule, certified copies of applicable court records, and other records specifically requested by the Office of Licensing.

(12) "Licensing Information System" is created by Section 62A-4a-1006, as a sub-part of the Division of Child and Family Services' Management Information System created by Section 62A-4a-1003.

(13) "Neglect" may include "severe neglect", as these terms are defined in Sections 62A-4a-101 and 62A-3-301.

(14) "Personal Care Attendant" is defined in Section 62A-3-101.

(15) "Statewide Database" of the Division of Aging and Adult Services is created by Section 62A-3-311.1 to maintain reports of vulnerable adult abuse, neglect, or exploitation.

(16) "Substantiated" is defined in Sections 62A-3-301 and 62A-4a-101.

(17) "Supported" is defined in Section 62A-4a-101.

(18) "Vulnerable Adult" is defined in Section 62A-2-101.

R501-14-3. Background Screening Procedure.

(1)(a) An applicant for initial background screening or annual background screening renewal shall legibly complete, date and sign a background screening application and consent on a form provided by the Office of Licensing, and attach all required identifying information.

(b) An applicant for annual background screening renewal shall submit a background screening application and identifying information no later than fourteen days preceding the expiration date of the current background screening approval.

(c) An applicant for initial background screening or annual background screening renewal shall disclose all criminal charges, including pending charges, and all supported or substantiated findings of abuse, neglect or exploitation on the background screening application.

(2)(a) An applicant for initial background screening or annual background screening renewal who has not continuously lived in Utah for the five years immediately preceding the day the application is submitted shall submit fingerprints, and a cashier's check or money order for the cost of a FBI national criminal history record check, with the background screening application.

(b) An applicant has not continuously lived in Utah for the five years immediately preceding the date of the application if the applicant has spent six or more consecutive weeks outside Utah, including but not limited to education, volunteer or employment activities, military duty, or vacations.

(c) An applicant has not continuously lived in Utah for the five years immediately preceding the date of the application if the applicant presents an out-of-state driver license or an out-of-state identification card.

(d) Notwithstanding any other provision of Rule R501-14, an applicant shall submit fingerprints if the background screening is being conducted for the purpose of licensing a prospective foster home or approving a prospective adoptive placement of a child in state custody.

(3)(a) Notwithstanding Subsection R501-14-3(2)(a), an applicant for background screening who has continuously lived in Utah for the five years immediately preceding the day the application is submitted, except for time spent outside of the United States and its territories, is not required to submit fingerprints.

(b) An applicant for annual background screening renewal who has continuously lived in Utah at all times since the date of the initial background screening approval is not required to submit fingerprints with the renewal application.

(4) An applicant who has lived outside of the United States during the five years immediately preceding the date of the application shall attach an original or certified copy of:

(a) a criminal history report from each country lived in;

(b) a letter of honorable release from U.S. military or full-time ecclesiastical service, from each country lived in; or

(c) other written verification of criminal history from each country lived in, as approved by the Office of Licensing Background Screening Unit supervisor.

(5)(a) An applicant shall submit the completed application and consent form, and all required identifying information, to the applicable licensing specialist, human services program, local government employer (for certified local inspector applicants only), the Area Agency on Aging (for Personal Care Attendant applicants only), or the Division of Services for People With Disabilities (for Direct Service Worker applicants only).

(b) The applicable licensing specialist, human services program, local government employer (for certified local

inspector applicants only), Area Agency on Aging (for Personal Care Attendant applicants only), or Division of Services for People With Disabilities (for Direct Service Worker applicants only), shall:

(i) inspect the applicant's state driver's license or state identification card and make a good faith effort to determine that it does not appear to have been forged or altered;

(ii) inspect the copy of applicant's state driver's license or state identification card and make a good faith effort to determine that it appears to be identical to the original; and

(iii) forward the inspected copy of applicant's state driver's license or state identification card, the completed application and consent form, and all other required identifying information, to the Office of Licensing background screening unit within five calendar days after the applicant completes and signs the application.

(6) An application that is illegible, incomplete, unsigned, undated, or lacks a signed consent or required identifying information, may be returned to the individual who submitted it without further action.

(7)(a) Identifying information submitted pursuant to Sections 62A-2-108.3, 62A-2-120, 62A-3-104.3, 62A-5-103.5, 78B-6-113, and 78B-6-128 shall be used to search criminal history records, the Licensing Information System, juvenile court records under Section 78A-6-323, and the statewide database.

(i) Identifying information submitted in accordance with Section 62A-2-120(1)(f) shall also be used to check the child abuse and neglect registry in each state where the applicant resided in accordance with Section 62A-2-120(1)(g).

(b) In accordance with Section 62A-5-103.5, a direct service worker who is a direct ancestor or descendant, or who is an aunt, uncle or sibling of the person to whom services are rendered, shall be exempt from a criminal history record search, but shall remain subject to a search of the Licensing Information System, juvenile court records under Section 78A-6-323, and the statewide database.

(8)(a) Except as permitted by Section 62A-2-120(5), an applicant for an initial background screening shall have no direct access to a child or vulnerable adult prior to receiving written confirmation of background screening approval from the Office of Licensing.

(b) Except as permitted by Section 62A-2-120(5), an applicant seeking annual background screening renewal shall have no direct access to a child or vulnerable adult after the background screening expiration date and prior to receiving written confirmation of background screening approval from the Office of Licensing.

(9) Upon receipt of a signed, legible, completed application and identifying information, the Office of Licensing shall:

(a) investigate and make a preliminary determination of whether the applicant has been charged with any crime and the disposition of any charges; and

(b) search the Licensing Information System, juvenile court records, and the statewide database, and make a preliminary determination of whether the applicant has any supported or substantiated findings of abuse, neglect or exploitation.

(10)(a) The Office of Licensing may defer action on an application until the applicant submits all additional information required by the Office of Licensing.

(b) The Office of Licensing may deny an application in the event that an applicant fails to provide all additional information required by the Office of Licensing.

(11) The Office of Licensing may notify an applicant of its preliminary determination that the applicant may have a criminal history outside of Utah, and require an applicant to:

(a) submit fingerprints, and a cashier's check or money order for the cost of a nationwide criminal history check, within 15 calendar days of a letter of notification;

(b) obtain and submit a certified copy of the applicant's criminal history or records from local, state, federal, or foreign officials within 15 calendar days of a letter of notification.

(12)(a) The Office of Licensing shall send all written communications to the applicant or to the applicable human services program, local government employer (for certified local inspector applicants only), the Area Agency on Aging (for Personal Care Attendant applicants only), or the Division of Services for People With Disabilities (for Direct Service Worker applicants only) by first-class mail.

(b) A human services program, local government employer (for certified local inspector applicants only), the Area Agency on Aging (for Personal Care Attendant applicants only), or the Division of Services for People With Disabilities (for Direct Service Worker applicants only) shall provide the applicant with a copy of all written communication from the Office of Licensing within 5 calendar days after the date it is received.

(13) The applicant shall promptly notify the Office of Licensing of any change of address while the application remains pending.

R501-14-4. Results of Screening.

(1)(a) The Office of Licensing shall approve an application for background screening in accordance with Section 62A-2-120(2).

(b) The Office of Licensing shall notify the applicant, the applicable licensing specialist, human services program, local government employer (for certified local inspector applicants only), the Area Agency on Aging (for Personal Care Attendant applicants only), or the Division of Services for People With Disabilities (for Direct Service Worker applicants only), that the applicant's background screening application is approved.

(c) The approval granted by the Office of Licensing shall be valid for a period not to exceed one calendar year from the date of approval.

(i) Notwithstanding Subsection R501-14-4(1)(c), an applicant's background screening approval that is issued for the purpose of a preplacement adoptive evaluation in accordance with Section 78B-6-128 shall be valid for 18 calendar months from the date of approval.

(d) An approval granted by the Office of Licensing shall not be transferable, except as provided in Section R501-14-9.

(e) Except as provided in Section R501-14-9, a new application shall be submitted each time an applicant may have direct access or provide services to a child or vulnerable adult at any human services program other than the program identified on the initial application.

(2) The Office of Licensing shall deny an application for background screening in accordance with Subsections 62A-2-120(3) and 62A-2-120(8).

(3) The Office of Licensing shall refer an application to the Comprehensive Review Committee for a comprehensive review in accordance with Section 62A-2-120(4).

R501-14-5. Comprehensive Review Committee.

(1) The Director of the following Department of Human Services divisions and offices shall appoint one member and one alternate to serve on the Comprehensive Review Committee:

- (a) the Executive Director's Office;
- (b) the Division of Aging and Adult Services;
- (c) the Division of Child and Family Services;
- (d) the Division of Juvenile Justice Services;
- (e) the Division of Services for People with Disabilities;
- (f) the Division of Substance Abuse and Mental Health;
- (g) Public Guardian; and
- (h) the Office of Licensing.

(2) Comprehensive Review Committee members and alternates shall be professional staff persons who are familiar with the programs they represent.

(3) The appointed Office of Licensing member shall chair the Comprehensive Review Committee as a non-voting member.

(4) Five voting members shall constitute a quorum.

(5) The Comprehensive Review Committee shall conduct a comprehensive review of an applicant's background screening application, criminal history records, abuse, neglect or exploitation records, and related circumstances, in accordance with Section 62A-2-120(4).

R501-14-6. Comprehensive Review Investigation.

(1) The Comprehensive Review Committee shall not deny a background screening application without the Office of Licensing first sending the applicant a written notice that:

(a) the Office is investigating the applicant's criminal history or findings of abuse, neglect or exploitation;

(b) the applicant is encouraged to submit any written statements or records that the applicant wants the Comprehensive Review Committee to consider;

(c) the Comprehensive Review Committee evaluates information using the criteria established by Section 62A-2-120(4)(b), and the applicant may specifically address these issues; and

(d) submissions must be received within 15 calendar days of the written notice.

(2)(a) The Office of Licensing shall gather information described in Section 62A-2-120(4)(b) and provide available information to the Comprehensive Review Committee.

(b) The Office of Licensing may request additional information from any available source, including the applicant, victims, witnesses, investigators, the criminal justice system, law enforcement agencies, the courts and any others it deems necessary for the comprehensive evaluation of an application.

(i) The Office of Licensing may defer action on an application until the applicant submits all additional information required by the Office of Licensing.

(ii) The Office of Licensing may deny an application in the event that an applicant fails to provide all additional information required by the Office of Licensing.

R501-14-7. Comprehensive Review Determination.

(1) The Comprehensive Review Committee shall only consider applications presented by the Office of Licensing. The Comprehensive Review Committee shall evaluate the information provided by the Office of Licensing and any information provided by the applicant.

(2) The Comprehensive Review Committee shall recommend approval of the background screening of an applicant only after a simple majority of the voting members of the Comprehensive Review Committee determines that approval will not likely create a risk of harm to a child or vulnerable adult.

(3) The Comprehensive Review Committee shall recommend denial of the background screening of an applicant when it finds that approval will likely create a risk of harm to a child or vulnerable adult.

(4) The Office of Licensing shall approve or deny the applicant's background screening application in accordance with the recommendation of the Comprehensive Review Committee, and send written notification to the applicant, the applicant's licensing specialist, the licensed human services program the applicant is associated with (if any), a certified local inspector applicant's local government employer (if any), a person described in Subsections 62A-3-101(9)(a)(i) through (iv) (if any), or a direct service worker's employer (if any).

R501-14-8. Post-Approval Responsibilities.

(1) An applicant, a human services program the applicant is associated with (if any), a certified local inspector applicant's local government employer (if any), a person described in Subsections 62A-3-101(9)(a)(i) through (iv) (if any), and a direct

service worker's employer (if any), shall immediately notify the Office of Licensing if the applicant is charged with any felony, misdemeanor, or infraction, or listed in the Licensing Information System, juvenile court records under Section 78A-6-323, or the statewide database after a background screening application is approved.

(a) An applicant who is associated with a human services program shall immediately notify the human services program if the applicant is charged with any felony, misdemeanor, or infraction, or listed in the Licensing Information System, juvenile court records under Section 78A-6-323, or the statewide database.

(2) An applicant who has received an approved background screening shall resubmit an application and identifying information to the Office of Licensing within ten calendar days after being charged with any felony, misdemeanor, or infraction, or being listed in the Licensing Information System, the statewide database, or juvenile court records under Section 78A-6-323.

(3) An applicant who has been charged with any felony, misdemeanor, or infraction or listed in the Licensing Information System or the statewide database, or juvenile court records under Section 78A-6-323, after a background screening application is approved shall have no unsupervised direct access to a child or vulnerable adult until after an application and identifying information have been resubmitted to the Office of Licensing and a current background screening approval is received from the Office of Licensing.

(4)(a) An applicant charged with an offense for which there is no final disposition shall inform the Office of Licensing of the current status of each case.

(b) The Office of Licensing shall determine whether the charge could require a denial or committee review, and if so, notify the applicant to submit a certified copy of judicial documentation that indicates the current status of the case at least once every 3 months until final disposition.

(c) An applicant shall submit a certified copy of judicial documentation that indicates the current status of the case at least once every 3 months until final disposition.

(5) The Office of Licensing may revoke the background screening approval of an applicant who:

(a) has been charged with any felony, misdemeanor, or infraction or is listed in the Licensing Information System, the statewide database, or juvenile court records under Section 78A-6-323; or

(b) fails to provide required current status information; and

(c) will likely create a risk of harm to a child or vulnerable adult, as determined by the Office of Licensing.

(6) The Office of Licensing shall process identifying information received pursuant to Subsection R501-14-8(2) in accordance with Rule R501-14.

R501-14-9. Confidentiality.

(1) The Office of Licensing may disclose criminal background screening information, including information acknowledging the existence or non-existence of a criminal history, only to the Applicant, the applicable human services program, local government employer (for certified local inspector applicants only), the Area Agency on Aging (for Personal Care Attendant applicants only), or the Division of Services for People With Disabilities (for Direct Service Worker applicants only), and in accordance with the Government Records Access and Management Act, Section 63G-2-101, et seq.

(2) Except as described below, background screening approvals may not be transferred or shared between human service programs.

(a) A licensed child-placing agency may provide the approval granted by the Office of Licensing to the person who is

the subject of the approval, another licensed child-placing agency, or the attorney for the adoptive parents, in accordance with Section 53-10-108(4).

(b) A licensed human services program may provide a copy of the approval granted by the Office of Licensing to another licensed human services program with the prior written consent of the person who is the subject of the approval.

(c) A licensed human services program may permit an individual to have direct access to a child or vulnerable adult if:

(i) the program receives a copy of the approval granted by the Office of Licensing for the person from another licensed human services program;

(ii) both the sending and receiving human services programs are licensed to provide the same categories of services to the same client populations; and

(iii) the program receives written confirmation from the Office of Licensing that the background screening approval has not expired or been revoked.

R501-14-10. Retention of Background Screening Information.

A human services program shall retain the background screening information of all individuals associated with the program for a minimum of eight years after the termination of the individual's association with the program.

R501-14-11. Expungement.

An applicant whose background screening application has been denied due to the applicant's criminal record may submit a new application with a certified copy of an Order of Expungement.

R501-14-12. Administrative Hearing.

A notice of agency action that denies or revokes the applicant's background screening application shall inform the applicant of the right to appeal in accordance with Administrative Rule 497-100 and Section 63G-4-101, et seq.

R501-14-13. Compliance.

Any licensee that is in operation on the effective date of this rule shall be given 30 days after the effective date to achieve compliance with this rule.

KEY: licensing, background screening, fingerprinting

Notice of Continuation October 6, 2010

R512. Human Services, Child and Family Services.**R512-100. In-Home Services.****R512-100-1. Purpose and Authority.**

(1) The purpose of In-Home Services is to provide services to allow children at risk to remain safely in their own home, and provide services to facilitate the return home of children who have been placed in the custody of the Division of Child and Family Services (Child and Family Services).

(2) In-Home Services are designed to maintain children safely in their homes by helping families alleviate crises. Child and Family Services provides assistance for developing skills and educational training in the family home and for connecting the family to community services and resources to meet the family's needs.

(3) The components of In-Home Services interventions include:

- (a) Case management,
- (b) Skills development and family education,
- (c) Counseling/therapy,
- (d) Home visits,
- (e) Private conversation with one or more of the children if

the children have been substantiated as a victim of abuse or neglect.

(4) Pursuant to Sections 62A-4a-105, 62A-4a-201, and 62A-4a-202, Child and Family Services is authorized to provide In-Home Services.

(4) This rule is authorized by Section 62A-4a-102.

R512-100-2. Definitions.

(1) "Child and Family Assessment" defines the child and family's strengths and needs and provides the framework from which to access appropriate services, evaluate progress toward goals, and adjust plans and interventions accordingly.

(2) "Child and Family Plan" is based on the assessment of the child and family's strengths and needs which will enable them to work toward their goals.

(3) "Child and Family Team" is a group that meets as often as needed and works to support the family and assist them in meeting their needs. This may include the referent or other concerned individuals identified by the family as support persons.

R512-100-3. Qualifications.

(1) In-Home Services may be provided to families under the following conditions:

(a) A specific threat of harm to the child is present or is likely to be present and without intervention the protective capacities of the caregiver cannot safely manage the threat of harm.

(b) Abuse or neglect has occurred but the child is able to remain safely in the home.

(c) A child who is being reunited with their family and has been in the temporary custody of Child and Family Services and/or an out-of-home placement with a kinship caregiver.

(d) An adoptive placement may be at risk of disruption or dissolution and services are needed to maintain the child in the adoptive home.

(2) A family may not be accepted for In-Home Services under the following conditions:

(a) A family has the ability to access resources, supports, and services on their own.

(b) There are no specific threats of harm to the child that are not managed by the protective capacities of the family.

(3) In-Home Services may be voluntary or court ordered.

(a) Voluntary services are preferred over court ordered services.

(b) A petition may be filed for court-ordered protective supervision of the family.

(4) In-Home Services are available in all geographic

regions of the state.

R512-100-5. Service Delivery.

(1) Child and Family Team:

(a) With the family's assistance, a Child and Family Team shall be established for each family receiving In-Home Services.

(b) At a minimum, the Child and Family Team shall assist with assessment, Child and Family Plan development, and selection of permanency goals; oversee progress toward completion of the Child and Family Plan; and provide input into adaptations to the Child and Family Plan.

(2) Child and Family Assessment:

(a) A written assessment that evaluates the child and family's strengths and underlying needs is completed for each family working with Child and Family Services.

(3) Child and Family Plan:

(a) Based upon the Child and Family Assessment, each child and family receiving In-Home Services shall have a written Child and Family Plan in accordance with Section 62A-4a-205.

(b) Members of the Child and Family Team shall assist in creating the Child and Family Plan.

(c) A copy of the completed Child and Family Plan shall be provided to the parent or guardian. If In-Home Services are court ordered, a copy of the Child and Family Plan will be provided to the court, Assistant Attorney General, Guardian ad Litem, and legal counsel for the parent or guardian.

(4) Permanency Goals:

(a) All children receiving In-Home Services shall have a primary permanency goal and a concurrent permanency goal identified by the Child and Family Team.

(b) For court-ordered In-Home Services, both primary and concurrent permanency goals shall be submitted to the court for approval.

(5) Duration of Services:

(a) In-Home Services shall continue until the identified threats of harm have been managed by decreasing the child vulnerabilities and/or increasing the protective capacities of the family, or when the child can no longer safely remain in the home.

62A-4a-202

R512. Human Services, Child and Family Services.**R512-201. Child Protective Services, Investigation Services.****R512-201-1. Purpose and Authority.**

(1) Purpose. Promoting protection, Child Protective Services (CPS), and safety of children by accurate and timely investigations; and assessments, which determine the capability, willingness, and the availability of resources for achieving safety, permanence, and well-being for the children. The Child and Family Services CPS caseworker shall assess protection, risk, and safety needs of a child, the family's strengths, needs, and challenges, and capacity and willingness of the family to provide for and protect the child, and shall determine appropriate services.

(2) Authority. Pursuant to Sections 62A-4a-105 and 62A-4a-202.3, the Child and Family Services is authorized to provide CPS.

(a) This rule is authorized by Section 62A-4a-102.

R512-201-2. Definitions.

(1) "Immediate Protection and Safety Assessment": An organized protocol whereby Child and Family Services or another agency gathers information to identify the strengths and challenges and other factors of the family members that may contribute to safety or risk issues of a child who may be an alleged victim of abuse, neglect, or dependency.

R512-201-3. Qualifications.

(1) Children who are the subject of a referral for child abuse, neglect, or dependency qualify for investigation services, as described in Section 62A-4a-403 and Rule R512-200, Child Protective Services, Intake Services.

R512-201-4. Scope of Services.

(1) A CPS investigation shall include (but is not limited to) the following:

(a) Immediate Protection and Safety Assessment for the Child. The Child and Family Services CPS caseworker shall assess the immediate protection safety needs of a child and the family's capacity to protect the child. The Child and Family Services CPS caseworker shall include a domestic violence assessment.

(b) CPS Investigation and Assessment. In addition to the requirements of Sections 62A-4a-202.3 and 62A-4a-409, a CPS investigation may include, but is not limited to, the following:

(i) Assessment of immediate risk, safety, and protection needs of a child to include an assessment of risk that an absent parent or cohabitant may pose to the child.

(ii) Assessment of risk, protection, and safety needs for any siblings or other children residing in the home as a sibling or child at risk. Complete the team consultation of each case.

(iii) Assessment of the family's strengths, needs, challenges, limitations, struggles, ability, and willingness to protect the child.

(iv) Determination of eligibility for enrollment or membership in a Native American tribe.

(v) Medical or mental health evaluations completed as required by statute within required time frames to negate or lessen the possibility of physical injury, severe physical abuse, medical neglect, exposure to a hazardous, illegal chemical environment, or recent sexual abuse.

(2) Availability.

(a) CPS services are available in all geographic regions of the state.

(3) Transfer of a Case When a Child has Moved Out of the State of Utah.

(a) Child and Family Services regional and inter-regional offices will cooperate to ensure that a CPS investigation is not interrupted and children are not placed in danger when the child has moved out of the state.

(b) If the child and family move outside the state of Utah before the Child and Family Services CPS caseworker is able to make the face-to-face contact with the child and the new location of the child and family is known, the Child and Family Services CPS caseworker shall contact the state child welfare agency where the family has moved and request courtesy casework. If the state child welfare agency where the family has moved refuses to complete courtesy casework, the case shall be closed as "unable to locate." If the receiving state child welfare agency agrees to complete the courtesy casework, the Child and Family Services CPS caseworker shall make the appropriate finding based on information from the receiving state.

(c) If the child and family move outside the state of Utah after the Child and Family Services CPS caseworker has made the face-to-face contact with the alleged victim and the whereabouts of the child and family are known, the Child and Family Services CPS caseworker who began the investigation shall contact the state child welfare agency where the family has moved and shall make a request for courtesy casework referral, providing the information that was obtained in the investigation. The case shall be closed as "unable to complete investigation" unless the information obtained meets the standard of "reasonable cause to believe" that the abuse, neglect, or dependency occurred. If a finding of "supported" is made against one or both of the parents/caregivers, upon case closure a Notice of Agency Action shall be sent to the address of family in their current state of residence.

(i) If the facts of the investigation establish reason to suspect the child is in imminent danger, the Child and Family Services CPS caseworker shall make appropriate referrals to CPS and law enforcement in the other state and screen the case with the Assistant Attorney General for legal action.

(d) If the child and family move out of the state of Utah after the Child and Family Services CPS caseworker has made the face-to-face contact with the alleged victim and the whereabouts of the child and family are unknown, the Child and Family Services CPS caseworker shall make reasonable efforts to locate the family in order to make a referral to request courtesy casework from the state child welfare agency where the family now resides. Reasonable efforts include (but are not limited to) contacting the post office for a forwarding address and checking with the school to obtain the address where records are being transferred when there is a school-age child in the home.

(4) Transfer of a Case When a Child has Moved Within the State of Utah.

(a) Regional and inter-regional offices will cooperate to ensure that a CPS investigation is not interrupted and children are not placed in danger when the child who is the subject of the investigation has moved within the state of Utah.

(5) Request for Courtesy Casework.

(a) A Child and Family Services CPS caseworker may request courtesy assistance for completion of specific investigative activities on an open CPS case when the child or other related individual is not accessible to the assigned Child and Family Services CPS caseworker.

(6) Courtesy Casework Request from Another State.

(a) A Child and Family Services CPS caseworker shall assist in the protection and supervision of a child under the jurisdiction of another state.

(7) Duration of Services.

(a) Unable to Locate Within the State of Utah. A Child and Family Services CPS caseworker shall not close an investigation solely on the grounds that the child could not be located until reasonable efforts have been made by the caseworker to locate the child and family members.

(b) Case Finding. At the conclusion of a CPS investigation, a finding shall be made for each allegation identified at the time of Intake or identified during the

investigation. Each alleged victim in the case shall be linked to a specific allegation or allegations and to an alleged perpetrator or alleged perpetrators. Acceptable findings include:

(i) Supported. A case finding of supported shall be used when there is a reasonable basis to conclude that abuse, neglect, or dependency occurred, even if the alleged perpetrator is unknown.

(ii) Unsupported. A case finding of unsupported/not accepted shall be used when there is insufficient evidence to conclude that abuse, neglect, or dependency occurred.

(iii) Without Merit. A case finding of without merit shall be used when there is evidence that abuse, neglect, or dependency did not occur.

(iv) Unable to Locate. A case finding of unable to locate shall be used when the Child and Family Services CPS caseworker was unable to complete face-to-face contact with the alleged victim and all reasonable efforts were made to locate the child and family members.

(v) Unable to Complete Investigation. A case finding of unable to complete investigation shall be used when the caseworker is unable to complete the investigation because the subject of the investigation has moved out of the state or similar reason.

62A-4a-105

62A-4a-202.3

R512. Human Services, Child and Family Services.**R512-202. Child Protective Services, General Allegation Categories.****R512-202-1. Purpose and Authority.**

(1) The purpose of this rule is to provide information about the allegation categories used by the Division of Child and Family Services (Child and Family Services).

(2) Pursuant to Section 62A-4a-105, Child and Family Services is authorized to provide Child Protective Services (CPS).

(3) This rule is authorized by Section 62A-4a-102.

R512-202-2 Categories.

(1) Qualification for Services.

(a) The Child and Family Services worker receiving or investigating a report of child abuse, neglect, or dependency shall categorize the information into an allegation category. Severe and chronic categories of abuse and neglect are found in Sections 62A-4a-101 and 62A-4a-1002. This rule contains the allegation categories that are not severe or chronic.

(2) Referral and Investigation Allegation Categories for Abuse, Neglect, and Dependency.

(a) Abuse:

(i) Child endangerment:

(A) Driving under the influence with children in the vehicle;

(B) Homes where there are lab paraphernalia, chemicals for manufacturing illegal drugs, access to illegal drugs, distribution of illegal drugs in the presence of a child, loaded weapons within the reach of the child, or exposure to pornography;

(C) Giving children illegal drugs or substances, alcohol, tobacco, or non-prescribed/not recommended medications for that child;

(D) Involving a child in the commission of crimes, such as shoplifting;

(E) Other circumstances endangering a child.

(ii) Domestic Violence Related Child Abuse:

(A) Potential for or actual injury to a child during a domestic violence episode;

(B) Violent physical and/or verbal altercation between adults in the presence a child.

(iii) Emotional abuse:

(A) General emotional abuse, such as a pattern or severe isolated incident of:

(I) Demeaning or derogatory remarks about the child or other family member in the presence of the child;

(II) Perception of or actual threatened harm;

(III) Corrupting or exploiting the child;

(IV) Multiple false reports to CPS;

(V) Terrorizing;

(VI) Spurning (hostile rejecting);

(VII) Denying emotional responsiveness;

(VIII) Isolating.

(iv) Material harmful to a child.

(v) Physical abuse:

(A) Physical abuse, general, excluding any physical abuse as defined herein, including (but not limited to):

(I) Non-accidental injury to a child that may or may not be visible;

(II) Unexplained injuries to an infant or toddler;

(III) Unexplained injuries to a disabled or non-verbal child.

(vi) Fetal exposure to alcohol or other substances.

(vii) Fetal addiction to alcohol or other harmful substances.

(viii) Pediatric Condition Falsification (formerly known as Munchausen Syndrome by Proxy).

(2) Neglect:

(a) Medical neglect. This allegation or finding needs to be based on the opinion of the child's primary care physician or

other licensed medical professional. A parent or guardian may obtain a second opinion to be considered in determining medical neglect, at their own expense. A parent or guardian may obtain a second medical opinion to present for consideration by Child and Family Services, but Child and Family Services is not bound by the opinion and shall consider the totality of the facts.

(b) Baby Doe (congenital birth defect that parents or caregiver declines to treat).

(c) Failure to thrive, based on the opinion of the child's primary care physician or other licensed medical professional.

(d) Neglect of child's physical health.

(e) Neglect of child's psychological health.

(f) Neglect of child's dental health.

(g) Pediatric Condition Falsification (formerly known as Munchausen Syndrome by Proxy).

(h) Physical neglect.

(i) Sibling or child at risk.

(j) Educational neglect occurs when a child has been frequently absent from school without good cause or that the parent has failed to cooperate with school authorities in a reasonable manner according to Section 78A-6-319.

(k) Failure to protect.

(l) Non-supervision.

(m) Abandonment.

(n) Environmental neglect. Physical neglect of the environment such as absence of utilities, home conditions below minimum standards, hazards, etc.

(o) Dependency. A child who is homeless or without proper care through no fault of the child's parent, guardian, or custodian. Institutionalization of a parent or guardian who has not or cannot arrange for safe and appropriate care for the child.

Notice of Continuation August 20, 2008

62A-4a-102

62A-4a-105

R512. Human Services, Child and Family Services.**R512-203. Child Protective Services, Significant Risk Assessments.****R512-203-1. Purpose and Authority.**

(1) The purpose of this rule is to define how significant risk assessments are utilized by the Division of Child and Family Services (Child and Family Services).

(2) Pursuant to Section 62A-4a-105, Child and Family Services is authorized to provide Child Protective Services (CPS). Child and Family Services is required by Section 62A-4a-1002 to promulgate a rule for making significant risk assessments.

(3) This rule is authorized by Section 62A-4a-102.

R512-203-2. Definitions.

(1) "Assessment" means an evaluation made to determine if a minor is a risk to other children and whether or not a minor's name should be placed and retained on the Licensing Information System.

(2) "Significant risk" means that a minor is likely to continue perpetrating against other children.

R512-203-3. Significant Risk Assessments.

(1) During the course of a CPS investigation involving allegations of conduct by a juvenile that is identified as severe or chronic as those terms are defined in Sections 62A-4a-101 and 62A-4a-1002, the CPS caseworker shall complete a significant risk assessment to determine whether a juvenile is a significant risk to other children or the community.

(2) To conduct this assessment the CPS caseworker shall use the assessment tool developed by Child and Family Services for the purpose of determining risk presented by the minor. The tool used will be the most current version of the significant risk assessment.

(3) The assessment shall be based upon the facts of the case that are present during the CPS investigation.

(4) The assessment process identified in Section R512-203-3 is not for determining whether the allegation under investigation is supported or unsupported.

(5) The juvenile's age alone is not a reason for determining whether the juvenile presents a significant risk.

(6) The completed significant risk assessment instrument for each minor assessed shall be made a part of the CPS record and shall be classified as Private pursuant to the Government Records Management and Access Act (GRAMA).

KEY: child welfare, child abuse**October 13, 2010****62A-4a-102****62A-4a-105****62A-4a-1002**

R590. Insurance, Administration.**R590-122. Permissible Arbitration Provisions.****R590-122-1. Authority.**

This rule is promulgated by the commissioner of Insurance under the general authority granted under Section 31A-2-201(3).

R590-122-2. Purpose and Scope.

This rule recognizes the emergence of arbitration as a speedy and inexpensive method of alternative dispute resolution. The rule is not intended to create procedural guidelines for the administration of arbitration proceedings once commenced. This rule is intended to:

1. define the term "permissible arbitration provision" as set forth in Sections 31A-21-313(3)(c) and 31A-21-314(2);
2. provide guidelines upon which disclosure of a contract arbitration provision is to be made. This rule is applicable to both individual and group contracts and to all classifications or lines of insurance.

R590-122-3. Definitions.

For the purpose of this rule, the commissioner adopts the definitions as particularly set forth in Section 31A-1-301 and in addition the following:

1. Those certain definitions set forth in Section 78B-11-102 of the "Utah Arbitration Act."
2. "Compulsory non-binding arbitration" means a contract provision requiring an insured to exhaust a procedure of extra-judicial arbitration as a condition precedent to the pursuit of an otherwise available judicial remedy.
3. "Compulsory binding arbitration" means a contract provision requiring arbitration as an automatic and exclusive remedy for any dispute involving a contract of insurance to the exclusion of any otherwise available judicial remedy, provided that the claim or controversy exceeds the jurisdictional limit of the small claims court of the state where the action would be brought.
4. "Optional binding arbitration" means a contract provision requiring any party to an insurance contract to submit to arbitration as set forth in such contract at the election of any contracting party, provided that the claim or controversy exceeds the jurisdictional limit of the small claims court of the state where the action would be brought.

R590-122-4. Rule.

1. Compulsory non-binding arbitration is contrary to the public interest and is not a "permissible arbitration provision."
2. Optional binding arbitration at the exclusive election of an insured party is a "permissible arbitration provision," in which case the disclosure provisions in paragraph 5 below may not be applicable.
3. Both compulsory and optional binding arbitration at the election of either the insured or the insurer are "permissible arbitration provisions."
4. Policy forms containing optional binding arbitration provisions for the exclusive election of an insurer will be disapproved under Section 31A-21-201(3)(a)(iv). Such provisions in previously approved forms are declared not enforceable. They will be construed under Section 31A-21-107 and applied as if in compliance with the Insurance Code.
5. Except as excluded in paragraph 2 above, each application or binder pertaining to an insurance policy which contains a permissible arbitration provision must include or have attached a prominent statement substantially as follows:

ANY MATTER IN DISPUTE BETWEEN YOU AND THE COMPANY MAY BE SUBJECT TO ARBITRATION AS AN ALTERNATIVE TO COURT ACTION PURSUANT TO THE RULES OF (THE AMERICAN ARBITRATION ASSOCIATION OR OTHER RECOGNIZED ARBITRATOR), A COPY OF WHICH IS AVAILABLE ON REQUEST FROM

THE COMPANY. ANY DECISION REACHED BY ARBITRATION SHALL BE BINDING UPON BOTH YOU AND THE COMPANY. THE ARBITRATION AWARD MAY INCLUDE ATTORNEY'S FEES IF ALLOWED BY STATE LAW AND MAY BE ENTERED AS A JUDGEMENT IN ANY COURT OF PROPER JURISDICTION.

Such statement must be disclosed prior to the execution of the insurance contract between the insurer and the policy holder and, in the case of group insurance, shall be contained in the certificate of insurance or other disclosure of benefits.

6. Both compulsory binding arbitration provisions and optional binding arbitration provisions may not be construed to preclude any dispute resolution by any small claims court having jurisdiction.

7. All arbitration provisions contained in insurance policies shall be in compliance with the "Utah Arbitration Act" (Title 78B, Chapter 11).

8. Any such agreement for arbitration may not obligate any insured to pay more than 50% of the advance payments required to begin the arbitration process.

9. No arbitration provision may require that arbitration be held at a place further from the residence of the insured than the nearest location of a State Court of General Jurisdiction.

KEY: insurance law**October 8, 1997****31A-2-201****Notice of Continuation June 26, 2007**

R590. Insurance, Administration.**R590-167. Individual, Small Employer, and Group Health Benefit Plan Rule.****R590-167-1. Authority, Purpose and Scope.**

(1) Authority.

This rule is intended to implement the provisions of Chapter 30, Title 31A, the Individual and Small Employer Health Insurance Act, referred to in this rule as the Act. The commissioner's authority to enforce this rule is provided under Subsections 31A-2-201(3)(a), 31A-30-106(1)(k), and 31A-30-106.1(10).

(2) Purpose.

(a) The general purposes of the Act and this rule are:

(i) to enhance the availability of health insurance coverage to individuals and small employers;

(ii) to regulate and prevent abuse in insurer rating practices and establish limits on differences in rates between health benefit plans;

(iii) to ensure renewability of coverage;

(iv) to establish limitations on the use of preexisting condition exclusions;

(v) to prescribe the manner in which case characteristics may be used;

(vi) to regulate the use and establishment of separate classes of business;

(vii) to provide for portability; and

(viii) to improve the overall fairness and efficiency of the individual and small employer health insurance market.

(b) The Act and this rule are intended to:

(i) promote broader spreading of risk in the individual and small employer marketplace; and

(ii) regulate rating practices for all health benefit plans sold to individuals and small employers, whether sold directly or through associations or other groupings of individuals and small employers.

(3) Scope.

Carriers that provide health benefit plans to individuals and small employers are intended to be subject to all of the provisions of this rule.

R590-167-2. Definitions.

In addition to the definitions in Sections 31A-1-301 and 31A-30-103, the following definitions shall apply for the purposes of this rule:

(1) "Associate member of an employee organization" means any individual who participates in an employee benefit plan, as defined in 29 U.S.C. Section 1002(1), that is a multi-employer plan, as defined in 29 U.S.C. Section 1002(37A), other than the following:

(a) an individual, or the beneficiary of such individual, who is employed by a participating employer within a bargaining unit covered by at least one of the collective bargaining agreements under or pursuant to which the employee benefit plan is established or maintained; or

(b) an individual who is a present or former employee, or a beneficiary of such employee, of the sponsoring employee organization, of an employer who is or was a party to at least one of the collective bargaining agreements under or pursuant to which the employee benefit plan is established or maintained, or of the employee benefit plan, or of a related plan.

(2) "Change in a Rating Factor" means the cumulative change with respect to such factor considered over a 12 month period. If a covered carrier changes rating factors with respect to more than one case characteristic in a 12 month period, the carrier shall consider the cumulative effect of all such changes in applying the 10% test.

(3) "Change in Rating Method" means:

(a) a change in the number of case characteristics used by a covered carrier to determine premium rates for health benefit

plans in a class of business;

(b) a change in the manner or procedures by which insureds are assigned into categories for the purpose of applying a case characteristic to determine premium rates for health benefit plans in a class of business;

(c) a change in the method of allocating expenses among health benefit plans in a class of business; or

(d) a change in a rating factor with respect to any case characteristic if the change would produce a change in premium for any individual or small employer that exceeds 10%.

(4) "New entrant" means an eligible employee, or the dependent of an eligible employee, who becomes part of an employer group after the initial period for enrollment in a health benefit plan.

(5) "Risk characteristic" means a rating factor other than a case characteristic allowed under Section 31A-30-106 or 31A-30-106.1, as applicable, including exact age, gender, family composition, the health status, claims experience, duration of coverage, or any similar characteristic related to the demographics or the health status or experience of an individual, a small employer or of any member of a small employer.

(6) "Risk load" means the percentage above the applicable base premium rate that is charged by a covered carrier to a covered insured to reflect the risk characteristics of the covered individuals.

R590-167-3. Applicability and Scope.

(1) This rule shall apply to any health benefit plan which:

(a) meets one or more of the conditions set forth in Subsections 31A-30-104(1) and (2);

(b) provides coverage to a covered insured located in this state, without regard to whether the policy or certificate was issued in this state; and

(c) is in effect on or after the effective date of this rule.

(2)(a) If a small employer has employees in more than one state, the provisions of the Act and this rule shall apply to a health benefit plan issued to the small employer if:

(i) the majority of eligible employees of such small employer are employed in this state; or

(ii) if no state contains a majority of the eligible employees of the small employer, the primary business location of the small employer is in this state.

(b) In determining whether the laws of this state or another state apply to a health benefit plan issued to a small employer described in Subsection R590-167-3(2)(a), the provisions of the subsection shall be applied as of the date the health benefit plan was issued to the small employer for the period that the health benefit plan remains in effect.

(c) If a health benefit plan is subject to the Act and this rule, the provisions of the Act and this rule shall apply to all individuals covered under the health benefit plan, whether they reside in this state or in another state.

(3) A carrier that is not operating as a covered carrier in this state may not become subject to the provisions of the Act and this rule solely because an individual or a small employer that was issued a health benefit plan in another state by that carrier moves to this state.

R590-167-4. Establishment of Classes of Business.

(1) A covered carrier that establishes more than one class of business pursuant to the provisions of Section 31A-30-105 shall maintain on file for inspection by the commissioner the following information with respect to each class of business so established:

(a) a description of each criterion employed by the carrier, or any of its agents, for determining membership in the class of business;

(b) a statement describing the justification for establishing the class as a separate class of business and documentation that

the establishment of the class of business is intended to reflect substantial differences in expected claims experience or administrative costs related to the reasons set forth in Section 31A-30-105; and

(c) a statement disclosing which, if any, health benefit plans are currently available for purchase in the class and any significant limitations related to the purchase of such plans.

(2) For policies issued or renewed on or after January 1, 2011, a covered carrier may not establish a separate class of business without a prior approval of the commissioner.

(3) In order to receive an approval to establish a separate class of business under Subsection R590-167-4(2) the covered carrier shall submit a filing in compliance with R590-220 that includes:

(a) a written request to establish a separate class of business;

(b) description of all criteria employed by the carrier, or any of its agents, for determining membership in the class of business;

(c) disclosure of which health benefit plans will be available for purchase in the class and any significant limitations related to the purchase of such plans; and

(d) demonstrate to the satisfaction of the commissioner that the use of a separate class of business is necessary due to substantial differences in either expected claims experience or administrative costs related to the following reasons:

(i) the covered carrier uses more than one type of system for the marketing and sale of health benefit plans to covered insureds;

(ii) the covered carrier has acquired a class of business from another covered carrier;

(iii) the covered carrier provides coverage to one or more association groups;

(e) a list of previously approved classes of business; and

(f) for each class of business used prior to January 1, 2010, a certification that the continued use of the class of business is necessary due to conditions specified in Subsection R590-167-4(3)(d).

(4) A carrier may not directly or indirectly use group size as a criterion for establishing eligibility for a class of business.

R590-167-5. Transition for Assumptions of Business from Another Carrier.

(1)(a) A covered carrier may not transfer or assume the entire insurance obligation, risk, or both of a health benefit plan covering an individual or a small employer in this state unless:

(i) the transaction has been approved by the commissioner of the state of domicile of the assuming carrier;

(ii) the transaction has been approved by the commissioner of the state of domicile of the ceding carrier;

(iii) the carrier has provided notice to the commissioner of this state at least 60 days prior to the date of the proposed assumption. The notice shall contain the information specified in Subsection R590-167-5(1)(c)(i) for the health benefit plans covering individuals and small employers in this state; and

(iv) the transaction otherwise meets the requirements of this section.

(b) A carrier domiciled in this state that proposes to assume or cede the entire insurance obligation, risk, or both of one or more health benefit plans covering covered individuals from or to another carrier shall make a filing for approval with the commissioner at least 60 days prior to the date of the proposed assumption. The commissioner may approve the transaction, if the commissioner finds that the transaction is in the best interests of the individuals insured under the health benefit plans to be transferred and is consistent with the purposes of the Act and this rule. The commissioner may not approve the transaction until at least 30 days after the date of the filing; except that, if the carrier is in hazardous financial condition, the commissioner may

approve the transaction as soon as the commissioner deems reasonable after the filing.

(c)(i) The filing required under Subsection R590-167-5(1)(b) shall:

(A) describe the class of business, including any eligibility requirements, of the ceding carrier from which the health benefit plans will be ceded;

(B) describe whether the assuming carrier intends to maintain the assumed health benefit plans as a separate class of business, pursuant to Subsection R590-167-5(3), or will incorporate them into an existing class of business, pursuant to Subsection R590-167-5(4). If the assumed health benefit plans will be incorporated into an existing class of business, the filing shall describe the class of business of the assuming carrier into which the health benefit plans will be incorporated;

(C) describe whether the health benefit plans being assumed are currently available for purchase by individuals or small employers;

(D) describe the potential effect of the assumption, if any, on the benefits provided by the health benefit plans to be assumed;

(E) describe the potential effect of the assumption, if any, on the premiums for the health benefit plans to be assumed;

(F) describe any other potential material effects of the assumption on the coverage provided to the individuals and small employers covered by the health benefit plans to be assumed; and

(G) include any other information required by the commissioner.

(ii) A covered carrier required to make a filing under Subsection R590-167-5(1)(b) shall also make an informational filing with the commissioner of each state in which there are individual or small employer health benefit plans that would be included in the transaction. The informational filing to each state shall be made concurrently with the filing made under Subsection R590-167-5(1)(b) and shall include at least the information specified in Subsection R590-167-5(1)(c)(i) for the individual or small employer health benefit plans in that state.

(d)(i) If the assumption of a class of business would result in the assuming covered carrier being out of compliance with the limitations related to premium rates contained in Section 31A-30-106 or 31A-30-106.1, the assuming carrier shall make a filing with the commissioner pursuant to Subsection 31A-30-105(3) seeking an extended transition period.

(ii) An assuming carrier seeking an extended transition period may not complete the assumption of health benefit plans covering individuals or small employers in this state unless the commissioner grants the extended transition period requested pursuant to Subsection R590-167-5(1)(d)(i).

(iii) Unless a different period is approved by the commissioner, an extended transition period shall, with respect to an assumed class of business, be for no more than 15 months and, with respect to each individual small employer, shall last only until the anniversary date of such employer's coverage, except that the period with respect to an individual small employer may be extended beyond its first anniversary date for a period of up to 12 months if the anniversary date occurs within three months of the date of assumption of the class of business.

(2)(a) Except as provided in Subsection R590-167-5(2)(b), a covered carrier may not cede or assume the entire insurance obligation, risk, or both for an individual or small employer health benefit plan unless the transaction includes the ceding to the assuming carrier of the entire class of business which includes such health benefit plan.

(b) A covered carrier may cede less than an entire class of business to an assuming carrier if:

(i) one or more individuals or small employers in the class have exercised their right under contract or state law to reject, either directly or by implication, the ceding of their health

benefit plans to another carrier. In that instance, the transaction shall include each health benefit plan in the class of business except those health benefit plans for which an individual or a small employer has rejected the proposed cession; or

(ii) after a written request from the transferring carrier, the commissioner determines that the transfer of less than the entire class of business is in the best interests of the individual or small employers insured in that class of business.

(3) A covered carrier that assumes one or more health benefit plans from another carrier and intends to maintain such health benefit plans as a separate class of business, shall submit a filing requesting approval to establish a separate class of business as provided in Subsection R590-167-4(3). The assumption shall not take place prior to approval of the request by the commissioner.

(4) A covered carrier that assumes one or more health benefit plans from another carrier and intends to incorporate them into an existing class of business shall comply with the following provisions:

(a) Upon assumption of the health benefit plans, such health benefit plans shall be maintained temporarily as a separate class of business, deemed to be approved by the commissioner under Subsection 31A-30-105(2)(b)(ii). A covered carrier may exceed the limitation contained in Subsection 31A-30-105(4) due solely to such assumption.

(b) During the 15-month period following the assumption, each of the assumed individual or small employer health benefit plans shall be transferred by the assuming covered carrier into a single class of business operated by the assuming covered carrier. The assuming covered carrier shall select the class of business into which the assumed health benefit plans will be transferred in a manner such that the transfer results in the least possible change to the benefits and rating method of the assumed health benefit plans.

(c) The transfers authorized in Subsection R590-167-5(4)(b) shall occur with respect to each individual or small employer on the anniversary date of the individual's or small employer's coverage, except that the period with respect to an individual small employer may be extended beyond its first anniversary date for a period of up to 12 months if the anniversary date occurs within three months of the date of assumption of the class of business.

(d) A covered carrier making a transfer pursuant to Subsection R590-167-5(4)(b) may alter the benefits of the assumed health benefit plans to conform to the benefits currently offered by the carrier in the class of business into which the health benefit plans have been transferred.

(e) The premium rate for an assumed individual or small employer health benefit plan may not be modified by the assuming covered carrier until the health benefit plan is transferred pursuant to Subsection R590-167-5(4)(b). Upon transfer, the assuming covered carrier shall calculate a new premium rate for the health benefit plan from the rate manual established for the class of business into which the health benefit plan is transferred. In making such calculation, the risk load applied to the health benefit plan shall be no higher than the risk load applicable to such health benefit plan prior to the assumption.

(f) During the 15 month period provided in this subsection, the transfer of individual or small employer health benefit plans from the assumed class of business in accordance with this subsection may not be considered a violation of Subsections 31A-30-106(3)(a) or 31A-30-106.1(8)(a), as applicable.

(5) An assuming carrier may not apply eligibility requirements, including minimum participation and contribution requirements, with respect to an assumed health benefit plan, or with respect to any health benefit plan subsequently offered to an individual or small employer covered by such an assumed health benefit plan, that are more stringent than the requirements

applicable to such health benefit plan prior to the assumption.

(6) The commissioner may approve a longer period of transition under Subsection R590-167-5(4) upon application of a covered carrier. The application shall be made within 60 days after the date of assumption of the class of business and shall clearly state the justification for a longer transition period.

(7) Nothing in this section or in the Act is intended to:

(a) reduce or diminish any legal or contractual obligation or requirement, including any obligation provided in Section 31A-14-213, of the ceding or assuming carrier related to the transaction;

(b) authorize a carrier that is not admitted to transact the business of insurance in this state to offer or insure health benefit plans in this state; or

(c) reduce or diminish the protections related to an assumption reinsurance transaction provided in Section 31A-14-213 or otherwise provided by law.

R590-167-6. Restrictions Relating to Premium Rates.

(1) A covered carrier shall develop a separate rate manual for each class of business. Base premium rates and new business premium rates charged to individuals and small employers by the covered carrier shall be computed solely from the applicable rate manual developed pursuant to this subsection. To the extent that a portion of the premium rates charged by a covered carrier is based on the carrier's discretion, the manual shall specify the criteria and factors considered by the carrier in exercising such discretion.

(2)(a) A covered carrier may not modify the rating method, as defined in Section R590-167-2, used in the rate manual for a class of business until the change has been approved as provided in this subsection. The commissioner may approve a change to a rating method if the commissioner finds that the change is reasonable, actuarially appropriate, and consistent with the purposes of the Act and this rule.

(b) A carrier may modify the rating method for a class of business only after filing an actuarial certification. The filing shall clearly request approval for a change in rating method and contain at least the following information:

(i) the reasons the change in rating method is being requested;

(ii) a complete description of each of the proposed modifications to the rating method;

(iii) a description of how the change in rating method would affect the premium rates currently charged to individuals and small employers in the class of business, including an estimate from a qualified actuary of the number of groups or individuals, and a description of the types of groups or individuals, whose premium rates may change by more than 10% due to the proposed change in rating method, not including general increases in premium rates applicable to all individuals and small employers in a health benefit plan;

(iv) a certification from a qualified actuary that the new rating method would be based on objective and credible data and would be actuarially sound and appropriate; and

(v) a certification from a qualified actuary that the proposed change in rating method would not produce premium rates for individuals and small employers that would be in violation of Sections 31A-30-106, 31A-30-106.1, and 31A-30-106.5.

(3) The rate manual developed pursuant to Subsections 31A-30-106(4), 31A-30-106.1(9), and R590-167-6(1) shall specify the case characteristics and rate factors to be applied by the covered carrier in establishing premium rates for the class of business.

(a) A covered carrier offering a health benefit plan to an individual may not use case characteristics other than those specified in Subsection 31A-30-106(1)(f) without the prior approval of the commissioner. A covered carrier seeking such an

approval shall make a filing with the commissioner for a change in rating method under Subsection R590-167-6(2)(b). Tobacco use is not an allowable case characteristic. Tobacco use is an allowable risk characteristic when utilized in compliance with Subsection 31A-30-106(1)(b).

(b)(i) A covered carrier offering or renewing a health benefit plan to a small employer on or after January 1, 2011, may not use case characteristics other than:

(A) age band, as specified in Subsection 31A-30-106.1(6)(a), applicable to the age of the employee;

(B) geographic area; and

(C) family composition tier, as specified in 31A-30-106.1(6)(c).

(ii) For any geographic area used as a case characteristic by a covered carrier, base rates for any small employer health benefit plan offered or renewed on or after January 1, 2011 shall be subject to the following limitations:

(A) for any age band, the ratio of the base rate for the family tier to the base rate for employee only tier, shall not exceed 5; and

(B) for any family composition tier, the ratio of the base rate for any age band to the base rate for "less than 20" age band, may not exceed the following:

(I) 1.22 for age band 20 to 24;

(II) 1.34 for age band 25 to 29;

(III) 1.46 for age band 30 to 34;

(IV) 1.60 for age band 35 to 39;

(V) 1.80 for age band 40 to 44;

(VI) 2.20 for age band 45 to 49;

(VII) 2.80 for age band 50 to 54;

(VIII) 3.60 for age band 55 to 59;

(IX) 4.25 for age band 60 to 64; and

(X) 5.00 for age band over 65.

(c) A covered carrier shall use the same case characteristics in establishing premium rates for each health benefit plan in a class of business and shall apply them in the same manner in establishing premium rates for each such health benefit plan. Case characteristics shall be applied without regard to the risk characteristics of an individual or small employer.

(d) The rate manual shall clearly illustrate the relationship among the base premium rates charged for each health benefit plan in the class of business. If the new business premium rate is different than the base premium rate for a health benefit plan, the rate manual shall illustrate the difference.

(e) Differences among base premium rates for health benefit plans shall be based solely on the reasonable and objective differences in the design and benefits of the health benefit plans and may not be based in any way on the nature of an individual or small employer that choose or are expected to choose a particular health benefit plan. A covered carrier shall apply case characteristics and rate factors within a class of business in a manner that assures that premium differences among health benefit plans for identical individuals or small employers vary only due to reasonable and objective differences in the design and benefits of the health benefit plans and are not due to the nature of the individuals or small employers that choose or are expected to choose a particular health benefit plan.

(f) The rate manual shall provide for premium rates to be developed in a two step process.

(i) In the first step, a base premium rate shall be developed for the individual or small employer without regard to any risk characteristics. The base rates shall reflect only the allowable case characteristics. The base rates for an individual health benefit plan offered to two individuals with the same case characteristics shall be identical. The base rates for a small employer health benefit plan offered to two small employer groups with the same case characteristics shall be identical.

(ii) In the second step, the resulting base premium rate may be adjusted by a risk load, subject to the provisions of Sections

31A-30-106, 31A-30-106.1, and 31A-30-106.5, to reflect the risk characteristics.

(g) Each rate manual developed pursuant to Subsection R590-167-6(1) shall be maintained by the carrier for a period of six years. Updates and changes to the manual shall be maintained with the manual.

(4)(a) Except as provided in Subsection R590-167-6(4)(b), a premium charged to an individual or small employer for a health benefit plan may not include a separate application fee, underwriting fee, or any other separate fee or charge.

(b) A carrier may charge a separate fee with respect to an individual or small employer health benefit plan, but only one fee with respect to such plan, provided the fee is no more than \$5 per month per individual or employee and is applied in a uniform manner to each health benefit plan in a class of business.

(5) The restrictions related to changes in premium rates in Subsections 31A-30-106(1)(c) and 31A-30-106.1(3) shall be applied as follows:

(a) A covered carrier shall revise its rate manual each rating period to reflect changes in base premium rates and changes in new business premium rates.

(b)(i) If, for any health benefit plan with respect to any rating period, the percentage change in the new business premium rate is less than or the same as the percentage change in the base premium rate, the change in the new business premium rate shall be deemed to be the change in the base premium rate for the purposes of Subsections 31A-30-106(1)(c) and 31A-30-106.1(3).

(ii) If, for any health benefit plan with respect to any rating period, the percentage change in the new business premium rate exceeds the percentage change in the base premium rate, the health benefit plan shall be considered a health benefit plan into which the covered carrier is no longer enrolling new individuals or small employers for the purposes of Subsections 31A-30-106(1)(c) and 31A-30-106.1(3).

(c) If, for any rating period, the change in the new business premium rate for a health benefit plan differs from the change in the new business premium rate for any other health benefit plan in the same class of business by more than 20%, the carrier shall make a filing with the commissioner containing a complete explanation of how the respective changes in new business premium rates were established and the reason for the difference. The filing shall be made 30 days before the beginning of the rating period.

(d) A covered carrier shall keep on file for a period of at least six years the calculations used to determine the change in base premium rates and new business premium rates for each health benefit plan for each rating period.

(6)(a) Except as provided in Subsection R590-167-6(6)(b), a change in premium rate for an individual or small employer shall produce a revised premium rate that is no more than the following:

(i) the base premium rate for the individual or small employer, as shown in the rate manual as revised for the rating period, multiplied by:

(ii) one plus the sum of:

(iii) the risk load applicable to the individual or small employer during the previous rating period; and

(iv) 15% prorated for periods of less than one year.

(b) In the case of a health benefit plan into which a covered carrier is no longer enrolling new individuals or small employers, a change in premium rate for an individual or small employer shall produce a revised premium rate that is no more than the following:

(i) the base premium rate for the individual or small employer, given its present composition and as shown in the rate manual in effect for the individual or small employer at the beginning of the previous rating period, multiplied by:

(ii) one plus the lesser of:
 (A) the change in the base rate; or
 (B) the percentage change in the new business premium for the most similar health benefit plan into which the covered carrier is enrolling new individuals or small employers, multiplied by:

(iii) one plus the sum of:

(A) the risk load applicable to the individual or small employer during the previous rating period; and

(B) 15%, prorated for periods of less than one year.

(c) Notwithstanding the provisions of Subsections R590-167-6(6)(a) and (b), a change in premium rate for an individual or small employer may not produce a revised premium rate that would exceed the limitations on rates provided in Subsections 31A-30-106(1)(b) and 31A-30-106.1(2)(b).

(7)(a) A representative of a Taft Hartley trust, including a carrier upon the written request of such a trust, may file in writing with the commissioner a request for the waiver of application of the provisions of Subsections 31A-30-106.1(1) through 31A-30-106.1(6) with respect to such trust.

(b) A request made under Subsection R590-167-6(7)(a) shall identify the provisions for which the trust is seeking the waiver and shall describe, with respect to each provision, the extent to which application of such provision would:

(i) adversely affect the participants and beneficiaries of the trust; and

(ii) require modifications to one or more of the collective bargaining agreements under or pursuant to which the trust was or is established or maintained.

(c) A waiver granted under Subsection 31A-30-104(5) shall not apply to an individual who participates in the trust because the individual is an associate member of an employee organization or the beneficiary of such an individual.

R590-167-7. Application to Reenter State.

(1) A carrier that has been prohibited from writing coverage for individuals or small employers in this state pursuant to Subsection 31A-30-107.3 may not resume offering health benefit plans to individuals or small employers in this state until the carrier has made a petition to the commissioner to be reinstated as a covered carrier and the petition has been approved by the commissioner. In reviewing a petition, the commissioner may ask for such information and assurances as the commissioner finds reasonable and appropriate.

(2) In the case of a covered carrier doing business in only one established geographic service area of the state, if the covered carrier elects to nonrenew a health benefit plan under Subsections 31A-30-107(3)(e) or 107.1(3)(e), the covered carrier shall be prohibited from offering health benefit plans to individuals or small employers in any part of the service area for a period of five years. In addition, the covered carrier may not offer health benefit plans to individuals or small employers in any other geographic area of the state without the prior approval of the commissioner. In considering whether to grant approval, the commissioner may ask for such information and assurances as the commissioner finds reasonable and appropriate.

R590-167-8. Qualifying Previous Coverage.

A covered carrier shall not deny, exclude, or limit benefits because of a preexisting condition without first ascertaining the existence and source of previous coverage. The covered carrier shall have the responsibility to contact the source of such previous coverage to resolve any questions about the benefits or limitations related to such previous coverage. Previous coverage may be coverage that continues after the issuance of the new health benefit plan. The previous carrier shall fully cooperate in furnishing the needed information required by this section.

R590-167-9. Restrictive Riders.

A restrictive rider, endorsement or other provision that violates the provisions of Subsection 31A-30-107.5 may not remain in force. A covered carrier shall immediately provide written notice to those individuals or small employers whose coverage will be changed pursuant to this section.

R590-167-10. Status of Carriers as Covered Carriers.

(1) Prior to marketing a health benefit plan, a carrier shall make a filing with the commissioner indicating whether the carrier intends to operate as a covered carrier in this state under the terms of the Act and of this rule. Such filing will indicate if the covered carrier intends to market to individuals, small employers or both, and be signed by an officer of the company.

(2) Except as provided by Subsection R590-167-10(3), a carrier may not offer health benefit plans to individuals, small employers, or continue to provide coverage under health benefit plans previously issued to individuals or small employers in this state, unless the filing provided pursuant to Subsection R590-167-10(1) indicates that the carrier intends to operate as a covered carrier in this state.

(3) If a carrier does not intend to operate as a covered carrier in this state, the carrier may continue to provide coverage under health benefit plans previously issued to individuals and small employers in this state only if the carrier complies with the following provisions:

(a) the carrier complies with the requirements of the Act with respect to each of the health benefit plans previously issued to individuals and small employers by the carrier;

(b) the carrier provides coverage to each new entrant to a health benefit plan previously issued to an individual or small employer by the carrier;

(c) the carrier complies with the requirements of Sections 31A-30-106 and 31A-30-106.1 and this rule as they apply to individuals and small employers whose coverage has been terminated by the carrier and to individuals and small employers whose coverage has been limited or restricted by the carrier; and

(d) the carrier files a letter of intent indicating the carrier does not intend to operate as a covered carrier in this state and will maintain the business in compliance with the Act and this rule.

(4) If the filing made pursuant Subsection R590-167-10(3) indicates that a carrier does not intend to operate as a covered carrier in this state, the carrier shall be precluded from operating as a covered carrier in this state, except as provided for in Subsection R590-167-10(3), for a period of five years from the date of the filing. Upon a written request from such a carrier, the commissioner may reduce the period provided for in the previous sentence if the commissioner finds that permitting the carrier to operate as a covered carrier would be in the best interests of the individuals and small employers in the state.

R590-167-11. Actuarial Certification and Additional Filing Requirements.

(1) Actuarial Certification.

(a) An actuarial certification shall be filed annually and meet the requirements of Subsections 31A-30-106(4)(b) or 31A-30-106.1(9)(b), or both, as applicable, and the following:

(i) the actuarial certification shall be a written statement that meets the requirements of Title 31A Chapter 30, R590-167, and the applicable standards of practice as promulgated by the Actuarial Standards Board;

(ii) the actuary must state that he or she meets the qualifications of Subsection 31A-30-103(1);

(iii) the actuarial certification shall contain the following statement: "I, (name), certify that (name of covered carrier) is in compliance with the provisions of Title 31A Chapter 30, and R590-167, based upon the examination of (name of covered carrier), including review of the appropriate records and of the actuarial assumptions and methods utilized by (name of covered

carrier) in establishing premium rates for applicable health benefit plans;" and

(iv) the actuarial certification shall list and describe each written demonstration used by the actuary to establish compliance with Title 31A Chapter 30 and R590-167.

(b) The actuarial certification shall be filed no later than April 1 of each year.

(2) Rating Manual.

(a) For every health benefit plan subject to the Act and this rule, the carrier shall file with the commissioner a copy of the applicable rating manual, for both new business and renewal rates, which includes:

(i) signed certification by an actuary that to the best of the actuary's knowledge and judgment the rate filing is in compliance with the applicable laws and rules of the State of Utah;

(ii) a complete and detailed description of how the final premium, including any fees, is calculated from the rating manual;

(iii) all changes and updates, which includes a complete and detailed description of how the final premium, including any fees, is calculated from the rating manual; and

(iv) a description of the carrier's classes of business as described in Subsection R590-167-4(1).

(b) The rate manual shall be filed:

(i) with an initial product filing; or

(ii) within 30 days prior to use for an existing health benefit plan.

(3) Index Premium Rates.

(a) A small employer carrier shall file annually the index premium rate information required by Section 31A-29-117(2). The report shall include:

(i) the small employer index premium rate as of January 1 of the previous year;

(ii) the small employer index premium rate as of January 1 of the current year; and

(iii) the average percentage change in the index premium rate as of January 1 of the current and preceding year.

(b) The information described in Subsection R590-167-11(3)(a) shall be filed no later than February 1 of each year.

R590-167-12. Records.

Records submitted to the commissioner under this rule shall be maintained by the commissioner as protected records under Title 63G, Chapter 2, Government Records Access and Management Act.

R590-167-13. Penalties.

A person found, after a hearing or other regulatory process, to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R590-167-14. Enforcement Date.

The commissioner will begin enforcing the revised provisions of this rule January 1, 2011.

R590-167-15. Severability.

If any provision of this rule or the application of it to any person or circumstance is, for any reason, held to be invalid, the remainder of the rule and the application of the provision to other persons or circumstances will not be affected by the invalid provision.

October 4, 2010

Notice of Continuation September 10, 2009

31A-30-106

R590. Insurance, Administration.**R590-215. Permissible Arbitration Provisions for Individual and Group Health Insurance.****R590-215-1. Authority.**

This rule is promulgated by the commissioner of Insurance under the general authority granted under Section 31A-2-201(3) and incorporates by reference the Department of Labor, Pension and Welfare Benefits Administration Rules and Regulations for Administration and Enforcement: Claims Procedure, 29 CFR 2560.503-1, effective July 1, 2002, and excluding 2560.503-1(a). This federal regulation may be obtained from the Utah Insurance Department.

R590-215-2. Purpose.

This rule recognizes arbitration as an acceptable method of alternative dispute resolution with regards to health benefit plans. This rule is not intended to create procedural guidelines for the administration of arbitration proceedings once commenced. This rule is intended to:

- (1) define the term "permissible arbitration provision" as set forth in Subsections 31A-21-313(3)(c) and 31A-21-314(2); and
- (2) provide guidelines upon which disclosure of a contract arbitration provision is to be made.

R590-215-3. Applicability and Scope.

- (1) This rule applies to the following individual and group policies issued or renewed on or after July 1, 2002:
 - (a) income replacement policies; and
 - (b) health benefit plans.
- (2) Long Term Care and Medicare supplement policies are not considered health benefit plans.

R590-215-4. Definitions.

For the purpose of this rule, the commissioner adopts the definitions as particularly set forth in Sections 31A-1-301, 78B-11-102, 29 CFR 2560.503-(m), and the following:

- (1) "Adverse benefit determination" means any of the following: a denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part, for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan. With respect to individual or group health benefit plans, a denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part, for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate.
- (2) "Compulsory binding arbitration" means a contract provision requiring arbitration as an automatic and exclusive remedy for any dispute involving a contract of insurance to the exclusion of any otherwise available judicial remedy, provided that the claim or controversy exceeds the jurisdictional limit of the small claims court of the state where the action would be brought.
- (3) "Compulsory non-binding arbitration" means a contract provision requiring an insured to exhaust a procedure of extra-judicial arbitration as a condition precedent to the pursuit of an otherwise available judicial remedy.
- (4) "Voluntary binding arbitration" means a contract provision that, at the election of the insured, requires an insurer to submit to arbitration as set forth in such contract, provided that the claim or controversy exceeds the jurisdictional limit of the small claims court of the state where the action would be brought.

R590-215-5. Rule.

(1) Compulsory binding arbitration is not a permissible arbitration provision.

(2) Compulsory non-binding arbitration is a permissible arbitration provision when utilized as an internal review of an adverse benefit determination under 29 CFR Subsection 2560.503-1(c)(4).

(3) Voluntary binding arbitration, at the election of an insured party, is a permissible arbitration provision, and may only be used as a voluntary level of review under 29 CFR Subsection 2560.503-1(c)(3)(iii).

(4) Policy forms containing compulsory binding or voluntary binding arbitration provisions for the exclusive election of an insurer will be disapproved under Subsection 31A-21-201(3)(a)(iv). Such provisions in previously approved forms are declared not enforceable. They will be construed and applied as if in compliance with the Insurance Code, as permitted under Section 31A-21-107.

(5) Each application pertaining to a individual or group health benefit plan, and income replacement policy, which contains a voluntary arbitration provision, must include or have attached a prominent statement substantially as follows:

ANY MATTER IN DISPUTE BETWEEN YOU AND THE COMPANY MAY BE SUBJECT TO ARBITRATION AS AN ALTERNATIVE TO COURT ACTION PURSUANT TO THE RULES OF, THE AMERICAN ARBITRATION ASSOCIATION OR OTHER RECOGNIZED ARBITRATOR, A COPY OF WHICH IS AVAILABLE ON REQUEST FROM THE COMPANY. THE COMPANY SHALL BEAR THE COSTS OF ARBITRATION, FILING FEES, ADMINISTRATIVE FEES AND ARBITRATOR FEES, OTHER EXPENSES OF ARBITRATION, INCLUDING, BUT NOT LIMITED TO: ATTORNEY FEES, EXPENSES OF DISCOVERY, WITNESSES, STENOGRAPHER, TRANSLATORS, AND SIMILAR EXPENSES, WILL BE BORNE BY THE PARTY INCURRING THOSE EXPENSES. ANY DECISION REACHED BY ARBITRATION SHALL BE BINDING UPON BOTH YOU AND THE COMPANY. THE ARBITRATION AWARD MAY INCLUDE ATTORNEY'S FEES, IF ALLOWED BY STATE LAW, AND MAY BE ENTERED AS A JUDGMENT IN ANY COURT OF PROPER JURISDICTION.

Such statement must be disclosed prior to the execution of the insurance contract between the insurer and the policyholder and, shall be contained in the certificate of insurance or other disclosure of benefits.

(6) A voluntary binding arbitration provision may not preclude a dispute from being resolved through any small claims court having jurisdiction.

(7) All arbitration provisions contained in insurance policies shall be in compliance with the "Utah Arbitration Act," Title 78B, Chapter 11.

(8) Any such agreement for arbitration shall not obligate an insured to pay for the arbitration in accordance with 29 CFR 2560.503-1(c)(v).

(9) No arbitration provision may require that arbitration be held at a place further from the residence of the insured than the nearest location of a State Court of General Jurisdiction.

R590-215-6. Severability.

If any provision or clause of this rule or its application to any person or situation is held invalid, such invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

R590-215-7. Enforcement Date.

The commissioner will begin enforcing the provisions of this rule 45 days from the rule's effective date.

Notice of Continuation December 24, 2007/29 CFR 2560.503-1

31A-2-201

R597. Judicial Performance Evaluation Commission, Administration.

R597-2. Administration of the Commission.

R597-2-1. Internal Operating Procedures.

(1) The commission may adopt procedures governing internal operations relating to judicial performance evaluation and meeting protocol, consistent with state statute and these rules.

(2) Proposed amendments to internal operating procedures shall be submitted in writing to all members of the commission in advance of the next regular meeting, at which time a majority of the commission is required for the adoption of the amendment. Amendments become effective immediately upon ratification.

R597-2-2. Disclosure, Recusal, and Disqualification.

(1) Disclosure.

(a) Commissioners shall make disclosures at the monthly commission meeting prior to the first scheduled meeting at which the retention evaluation reports for a given class of judges will be discussed or, in any event, no later than the beginning of the meeting at which a particular judge's evaluation is considered.

(b) Each commissioner shall disclose to the commission any professional or personal relationship with a judge that may affect an unbiased evaluation of the judge.

(c) Relationships that may affect an unbiased evaluation of the judge include any contact or association that might influence a commissioner's ability to fairly and reasonably evaluate the performance of any judge or to assess that judge without bias or prejudice, including but not limited to:

(i) family relationships to a state, municipal, or county judge within the third degree (grandparents, parents or parents-in-law, aunts or uncles, children, nieces and nephews and their spouses);

(ii) any business relationship between the commissioner and the judge.

(iii) any personal litigation directly or indirectly involving the judge and the commissioner, the commissioner's family or the commissioner's business;

(d) A commissioner exhibits bias or prejudice when the commissioner is predisposed to decide a cause or an issue in a way that does not leave the commissioner's mind open to exercising the commissioner's duties impartially in a particular case.

(2) Recusal.

(a) As used in this rule, recusal is a voluntary act of self-disqualification by a commissioner.

(b) Recusal encompasses exclusion both from participating in the commission's evaluation of judge and from voting on whether to recommend the judge for retention.

(c) After making a disclosure, a commissioner may voluntarily recuse if the commissioner believes the relationship with the judge will affect an unbiased evaluation of the judge.

(3) Disqualification.

(a) A commissioner may move to vote on the disqualification of another commissioner if:

(i) the other commissioner makes a disclosure and does not voluntarily recuse, and that commissioner's impartiality might reasonably be questioned; or

(ii) the other commissioner does not make a disclosure, but known circumstances suggest that the commissioner's impartiality might reasonably be questioned.

(b) A motion to disqualify must be seconded in order to proceed.

(c) During the discussion concerning possible disqualification, any commissioner may raise any facts concerning another commissioner's ability to fairly and reasonably evaluate the performance of any judge without bias

or prejudice.

(d) A two-thirds vote of those present is required to disqualify any commissioner.

(e) Disqualification encompasses exclusion both from participating in the commission's evaluation of a judge and from voting on whether to recommend the judge for retention.

R597-2-3. Reporting Improper Attempts to Influence.

A commissioner shall report to the executive committee any form of communication that attempts to influence the evaluation process by improper means, including but not limited to undue pressure, duress, or coercion.

R597-2-4. Confidentiality.

(1) The commission enacts this rule to avoid the risk of inconsistent statements by commissioners and to maintain the credibility of the commission and the integrity of its work product.

(2) Only the commission's designated spokesperson may publicly discuss the evaluation of any particular judge or justice.

(3) No commissioner may publicly advocate for or against the retention of any particular judge or justice.

(4) Notwithstanding other provisions of this subsection, commissioners may publicly discuss the evaluation process, including but not limited to discussion of respondent groups, survey instruments, and the operation of the commission.

R597. Judicial Performance Evaluation Commission, Administration.

R597-3. Judicial Performance Evaluations.

R597-3-1. Evaluation Cycles.

(1) For judges not serving on the supreme court:

(a) The mid-term evaluation cycle. The mid-term evaluation cycle begins upon the appointment of the judge or on the first Monday in January following the retention election of the judge and ends 2 1/2 years later, on June 30th of the third year preceding the year of the judge's next retention election.

(b) The retention evaluation cycle. The retention evaluation cycle begins the day after the mid-term evaluation cycle is finished and ends two years later, on June 30th of the year preceding the year of the judge's next retention election.

(2) For justices serving on the supreme court:

(a) The initial evaluation cycle. The initial evaluation cycle begins upon the appointment of the justice or on the first Monday in January following the retention election of the justice and ends 2 1/2 years later, on June 30th of the seventh year preceding the year of the justice's next retention election.

(b) The mid-term evaluation cycle. The mid-term evaluation cycle begins the day after the initial evaluation cycle is finished and ends four years later, on June 30th of the third year preceding the year of the justice's next retention election.

(c) The retention evaluation cycle. The retention evaluation cycle begins the day after the mid-term evaluation cycle is finished and ends two years later, on June 30th of the year preceding the year of the justice's next retention election.

(3) Transition Evaluation Cycles

(a) For judges standing for retention election in 2012:

(i) The mid-term evaluation cycle for attorney surveys shall begin on January 1, 2008 and end on December 31, 2009.

(ii) The mid-term evaluation cycle for all other survey categories shall begin in 2009 and end on January 31, 2010.

(iii) The retention evaluation cycle for all surveys shall begin no later than July 1, 2010, and end on June 30, 2011.

(b) For judges not on the supreme court standing for retention election in 2014:

(i) The mid-term evaluation cycle for surveys of attorneys and jurors shall begin in 2009 and finish on June 30, 2011.

(ii) The mid-term evaluation cycle for all pilot program categories shall begin no later than July 1, 2010, and end on June 30, 2011.

(iii) The retention evaluation cycle will be as described in R597-3-1(1)(b), supra.

(c) For supreme court justices standing for retention election in 2014:

(i) The mid-term evaluation cycle for surveys of attorneys shall begin in 2009 and end on June 30, 2011.

(ii) The mid-term evaluation cycle for relevant pilot programs categories shall begin no later than July 1, 2010, and end on June 30, 2011.

(iii) The retention evaluation cycle shall be as described in R597-3-1(2)(b)-(c).

(d) For supreme court justices standing for retention election in 2016:

(i) The initial evaluation cycle shall be combined with the mid-term evaluation, beginning in 2009 and ending on June 30, 2013.

(ii) The combined initial/mid-term evaluation cycle for surveys of attorneys shall begin in 2009 and end on June 30, 2013.

(iii) The combined initial/mid-term evaluation cycle for relevant pilot programs categories shall begin no later than July 1, 2010.

(iv) The retention evaluation cycle shall be as described in R597-3-1(2)(c).

R597-3-2. Survey.

- (1) General provisions.
- (a) All surveys shall be conducted according to the evaluation cycles described in R597-3-1, supra.
- (b) The commission shall distribute the survey questionnaires upon which the judge shall be evaluated to each judge at the beginning of the survey cycle.
- (c) In 2010, the commission shall finalize survey questionnaires and implementation procedures for each respondent classification.
- (d) The commission may select retention survey questions from among the midterm survey questions.
- (2) Respondent Classifications
- (a) Attorneys
- (i) Identification of survey respondents. Within 10 business days of the end of the evaluation cycle, the clerk for the judge or the Administrative Office of the Courts shall identify as potential respondents all attorneys who have appeared before the judge who is being evaluated at a minimum of one hearing or trial during the evaluation cycle.
- (ii) Number of survey respondents. For each judge who is the subject of a survey, the surveyor shall identify the number of attorneys most likely to produce a response level yielding reliability at a 95% confidence level with a margin of error of +/- 5%; or, in the event that an insufficient number of attorneys have appeared before the evaluated judge to achieve that confidence level, all attorneys who have appeared before the judge during the evaluation cycle.
- (iii) Sampling. The surveyor shall design the survey to comply with generally-accepted principles of surveying.
- (iv) Distribution of surveys. Surveys shall be distributed by the third-party contractor engaged by the commission to conduct the survey.
- (b) Jurors
- (i) Identification and number of survey respondents. All jurors who participate in deliberation shall be eligible to receive an online juror survey.
- (ii) Distribution of surveys. Prior to the jury being dismissed, the bailiff or clerk in charge of the jury shall collect email addresses from all jurors. If email addresses are not available, street addresses shall be collected. The bailiff or clerk shall transmit all such addresses to the surveyor within 24 hours of collection. The surveyor shall administer the survey online and deliver survey results electronically to each judge. Paper surveys may be sent to those jurors who do not have access to email.
- (c) Court Staff
- (i) Definition of court staff who have worked with the judge. Court staff who have worked with the judge refers to employees of the judiciary who have regular contact with the judge as the judge performs judicial duties and also includes those who are not employed by the judiciary but who have ongoing administrative duties in the courtroom.
- (ii) Identification of survey respondents. Court staff who have worked with the judge include, but are not limited to:
- (A) judicial assistants;
 - (B) case managers;
 - (C) clerks of court;
 - (D) trial court executives;
 - (E) interpreters;
 - (F) bailiffs;
 - (G) law clerks;
 - (H) juvenile probation and intake officers;
 - (I) other courthouse staff, as appropriate;
 - (J) Administrative Office of the Courts staff.
- (ii) Pilot program. The commission shall run a pilot program to evaluate the methodology, content, and administrative feasibility of surveying court staff.
- (d) Litigants
- (i) Identification of survey respondents. The following

categories are litigants for purposes of the judicial performance evaluation survey:

- (A) any named party to an action; and
- (B) any of the following if involved directly or indirectly in litigation before the judge:
 - (I) any person 14 years of age or older;
 - (II) the parent, foster parent, guardian, or legal custodian of any minor;
 - (III) the designated representative of a corporate or like entity;
 - (IV) an executor, administrator, guardian, or like person representing a real party in interest who has appeared before the judge.
- (ii) The representative of the prosecuting entity in a criminal case shall be surveyed as an attorney. Prosecutor responses to the judicial temperament part of the survey shall be reported in both the attorney and litigant portions of the judicial evaluation report.
- (iii) Pilot Program. The commission shall run a pilot program to evaluate the methodology, content, and administrative feasibility of surveying litigants.
- (f) Juvenile Court Professionals
 - (i) Definition of juvenile court professional. A juvenile court professional is someone whose professional duties place that individual in court on a regular and continuing basis to provide substantive input to the court.
 - (ii) Identification of survey respondents. Juvenile court professionals shall include, where applicable:
 - (A) Division of Child and Family Services ("DCFS") child protection services workers;
 - (B) Division of Child and Family Services ("DCFS") case workers;
 - (C) Juvenile Justice Services ("JJS") Observation and Assessment Staff;
 - (D) Juvenile Justice Services ("JJS") case managers;
 - (E) Juvenile Justice Services ("JJS") secure care staff;
 - (F) Others who provide substantive professional services on a regular basis to the juvenile court.
 - (iii) The commission shall run a pilot program to evaluate the methodology, content, and administrative feasibility of surveying juvenile court professionals.
- (3) Anonymity and Confidentiality
 - (a) Definitions
 - (i) Anonymous.
 - (A) "Anonymous" means that the identity of the individual who authors any survey response, including comments, will be protected from disclosure.
 - (B) The independent contractor conducting the surveys shall provide to the commission all written comments from the surveys, redacted to remove any information that identifies the person commenting. The contractor shall also redact any information that discloses the identity of any crime victims referenced in a written comment.
 - (C) The submission of a survey form containing an anonymous narrative comment does not preclude any survey respondent from submitting a public comment in writing pursuant to the Judicial Performance Evaluation Commission Act.
 - (ii) Confidentiality: Confidentiality means information obtained from a survey respondent that the respondent may reasonably expect will not be disclosed other than as indicated in the survey instrument.
 - (iii) The raw form of survey results consists of all quantitative survey data that contributes to the minimum score on the judicial performance survey.
 - (iv) The summary form of survey results consists of quantitative survey data in aggregated form.

R597-3-3. Courtroom Observation.

- (1) General Provisions.
- (a) Courtroom observations shall be conducted according to the evaluation cycles described in R597-3-1(1) and (2), supra.
- (b) The commission shall provide notice to each judge at the beginning of the survey cycle of the courtroom observation process and of the instrument to be used by the observers.
- (2) Courtroom Observers.
- (a) Selection of Observers
- (i) Courtroom observers shall be volunteers, recruited by the commission through public outreach and advertising.
- (ii) Courtroom observers shall be selected by the commission staff, based on written applications and an interview process.
- (b) Selection Criteria. Observers with a broad and varied range of life experiences shall be sought. The following persons shall be excluded from eligibility as courtroom observers:
- (i) persons with a professional involvement with the state court system, the justice courts, or the judge;
- (ii) persons with a fiduciary relationship with the judge;
- (iii) persons within the third degree of relationship with a state or justice court judge (grandparents, parents or parents-in-law, aunts or uncles, children, nieces and nephews and their spouses);
- (iv) persons currently involved in litigation in state or justice courts;
- (v) convicted felons;
- (vi) persons whose background or experience suggests they may have a bias that would prevent them from objectively serving in the program.
- (c) Terms and Conditions of Service
- (i) Courtroom observers shall serve at the will of the commission staff.
- (ii) Courtroom observers shall commit to one one-year term of service.
- (iii) Courtroom observers may serve up to three one-year terms, subject to annual renewal at the discretion of the commission.
- (iv) Courtroom observers shall not disclose the content of their courtroom evaluations in any form or to any person except as designated by the commission.
- (d) Training of Observers
- (i) Courtroom observers must satisfactorily complete a training program developed by the commission before engaging in courtroom observation.
- (ii) Elements of the training program shall include:
- (A) Orientation and overview of the commission process and the courtroom observation program;
- (B) Classroom training addressing each level of court;
- (C) In-court group observations, with subsequent classroom discussions, for each level of court;
- (D) Training on proper use of observation instrument;
- (E) Training on confidentiality and non-disclosure issues;
- (F) Such other periodic trainings as are necessary for effective observations.
- (3) Courtroom Observation Program.
- (a) Courtroom Requirements
- (i) During each midterm and retention evaluation cycle, a minimum of four different observers shall observe each judge subject to that evaluation cycle.
- (ii) Each observer shall observe each judge in person while the judge is in the courtroom and for a minimum of two hours while court is in session. The observations may be completed in one sitting or over several courtroom visits.
- (iii) If a judge sits in more than one geographic location at the judge's appointed level or a justice court judge serves in more than one jurisdiction, the judge may be observed in any location or combination of locations in which the judge holds court.
- (iv) When the observer completes the observation of a judge, the observer shall complete the observation instrument,

which will be electronically transferred to the commission or the third party contractor for processing.

- (b) Travel and Reimbursement
- (i) All travel must be preapproved by the executive director.
- (ii) All per diem and lodging will be reimbursed, when appropriate, in accordance with Utah state travel rules and regulations.
- (iii) Travel reimbursement forms shall be submitted on a monthly basis or whenever the observer has accumulated a minimum of 200 miles of travel.
- (iv) Overnight lodging
- (A) Overnight lodging is reimbursable when the courtroom is located over 100 miles from home base and court is scheduled to begin before 9:30 a.m., with any exceptions preapproved by commission staff.
- (B) Multiple overnight lodging is reimbursable where the commission staff determines it is cost-effective to observe several courtrooms in a single trip.
- (v) Each courtroom observer must provide a social security number or tax identification number to the commission in order to process state reimbursement.
- (4) Principles and Standards used to evaluate the behavior observed.
- (a) Courtroom observers shall respond to questions concerning a judge's:
- (i) Neutrality, including:
- (A) displaying fairness and impartiality toward all parties;
- (B) acting as a fair and principled decision maker who applies rules consistently across people and over cases;
- (C) explaining transparently and openly how rules are applied and how decisions are reached.
- (ii) Respect, including:
- (A) demonstrating courtesy toward attorneys, court staff, and others in the court;
- (B) treating all people with dignity;
- (C) demonstrating appropriate consideration for people's rights;
- (D) helping interested parties understand decisions and what the parties must do as a result;
- (E) maintaining decorum in the courtroom.
- (iii) Trustworthiness, including:
- (A) demonstrating interest in the needs, problems, and concerns of court participants;
- (B) listening carefully and impartially;
- (C) avoiding impropriety and the appearance of impropriety;
- (D) demonstrating adequate preparation to hear scheduled cases;
- (E) acting in the interests of the parties, not out of personal prejudices;
- (F) managing the workload, including the practical impact on the parties and the effect of delay.
- (iv) Voice, including:
- (A) giving parties the opportunity, where appropriate, to tell their story or voice their perspective and demonstrating that their story or perspective has been heard;
- (B) behaving in a manner that demonstrates full consideration of the case as presented through witnesses, arguments, pleadings, and other documents.
- (C) attending, where appropriate, to the participants' comprehension of the proceedings.
- (b) Courtroom observers may be asked additional questions to help the commission assess the overall performance of the judge.

R614. Labor Commission, Occupational Safety and Health.**R614-1. General Provisions.****R614-1-1. Authority.**

A. These rules and all subsequent revisions as approved and promulgated by the Labor Commission, Division of Occupational Safety and Health, are authorized pursuant to Title 34A, Chapter 6, Utah Occupational Safety and Health Act.

B. The intent and purpose of this chapter is stated in Section 34A-6-202 of the Act.

C. In accordance with legislative intent these rules provide for the safety and health of workers and for the administration of this chapter by the Division of Occupational Safety and Health of the Labor Commission.

R614-1-2. Scope.

These rules consist of the administrative procedures of UOSH, incorporating by reference applicable federal standards from 29 CFR 1910 and 29 CFR 1926, and the Utah initiated occupational safety and health standards found in R614-1 through R614-7. Notice has been given and rules filed as required by Subsection 34A-6-104(1)(c) and 34A-6-202(2) of the Utah Occupational Safety and Health Act and by Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

R614-1-3. Definitions.

A. "Access" means the right and opportunity to examine and copy.

B. "Act" means the Utah Occupational Safety and Health Act of 1973.

C. "Administration" means the Division of Occupational Safety and Health of the Labor Commission, also known as UOSH (Utah Occupational Safety and Health).

D. "Administrator" means the director of the Division of Occupational Safety and Health.

E. "Amendment" means such modification or change in a code, standard, rule, or order intended for universal or general application.

F. "Analysis using exposure or medical records" means any compilation of data, or any research, statistical or other study based at least in part on information collected from individual employee exposure or medical records or information collected from health insurance claims records, provided that either the analysis has been reported to the employer or no further work is currently being done by the person responsible for preparing the analysis.

G. "Commission" means the Labor Commission.

H. "Council" means the Utah Occupational Safety and Health Advisory Council.

I. "Days" means calendar days, including Saturdays, Sundays, and holidays. The day of receipt of any notice shall not be included, and the last day of the 30 days shall be included.

J. "Designated representative" means any individual or organization to whom an employee gives written authorization to exercise a right of access. For the purpose of access to employee exposure records and analyses using exposure or medical records, a recognized or certified collective bargaining agent shall be treated automatically as a designated representative without regard to written employee authorization.

K. "Division" means the Division of Occupational Safety and Health, known by the acronym of UOSH (Utah Occupational Safety and Health).

L. "Employee" includes any person suffered or permitted to work by an employer.

1. For Medical Records: "Employee" means a current employee, a former employee, or an employee being assigned or transferred to work where there will be exposure to toxic substances or harmful physical agents. In the case of deceased or legally incapacitated employee, the employee's legal representative may directly exercise all the employee's rights

under this section.

M. "Employee exposure record" means a record containing any of the following kinds of information concerning employee exposure to toxic substances or harmful physical agents:

1. Environmental (workplace) monitoring or measuring, including personal, area, grab, wipe, or other form of sampling, as well as related collection and analytical methodologies, calculations, and other background data relevant to interpretations of the results obtained;

2. Biological monitoring results which directly assess the absorption of a substance or agent by body systems (e.g., the level of a chemical in the blood, urine, breath, hair, fingernails, etc.) but not including results which assess the biological effect of a substance or agent;

3. Material safety data sheets; or

4. In the absence of the above, any other record which reveals the identity (e.g., chemical, common, or trade name) of a toxic substance or harmful physical agent.

N. Employee medical record

1. "Employee medical record" means a record concerning the health status of an employee which is made or maintained by a physician, nurse, or other health care personnel, or technician including:

a. Medical and employment questionnaires or histories (including job description and occupational exposures);

b. The results of medical examinations (pre-employment, pre-assignment, periodic, or episodic) and laboratory tests (including X-ray examinations and all biological monitoring);

c. Medical opinions, diagnoses, progress notes, and recommendations;

d. Descriptions of treatments and prescriptions; and

e. Employee medical complaints.

2. "Employee medical record" does not include the following:

a. Physical specimens (e.g., blood or urine samples) which are routinely discarded as a part of normal medical practice, and not required to be maintained by other legal requirements;

b. Records concerning health insurance claims if maintained separately from the employer's medical program and its records, and not accessible to the employer by employee name or other direct personal identifier (e.g., social security number, payroll number, etc.); or

c. Records concerning voluntary employee assistance programs (alcohol, drug abuse, or personal counseling programs) if maintained separately from the employer's medical program and its records.

O. "Employer" means:

1. The state;

2. Each county, city, town, and school district in the state; and

3. Every person, firm, and private corporation, including public utilities, having one or more workers or operatives regularly employed in the same business, or in or about the same establishment, under any contract of hire.

4. For medical records: "Employer" means a current employer, a former employer, or a successor employer.

P. "Establishment" means a single physical location where business is conducted or where services or industrial operations are performed. (For example: A factory, mill, store, hotel, restaurant, movie theater, farm, ranch, bank, sales office, warehouse, or central administrative office.) Where distinctly separate activities are performed at a single physical location (such as contract construction activities from the same physical location as a lumber yard), each activity shall be treated as a separate physical establishment, and separate notices shall be posted in each establishment to the extent that such notices have been furnished by the Administrator.

1. Establishments whose primary activity constitutes retail trade; finance, insurance, real estate and services are classified in

SIC's 52-89.

2. Retail trades are classified as SIC's 52-59 and for the most part include establishments engaged in selling merchandise to the general public for personal or household consumption. Some of the retail trades are: automotive dealers, apparel and accessory stores, furniture and home furnishing stores, and eating and drinking places.

3. Finance, insurance and real estate are classified as SIC's 60-67 and include establishments which are engaged in banking, credit other than banking, security dealings, insurance and real estate.

4. Services are classified as SIC's 70-89 and include establishments which provide a variety of services for individuals, businesses, government agencies, and other organizations. Some of the service industries are: personal and business services, in addition to legal, educational, social, and cultural; and membership organizations.

5. The primary activity of an establishment is determined as follows: For finance, insurance, real estate, and services establishments, the value of receipts or revenue for services rendered by an establishment determines its primary activity. In establishments with diversified activities, the activities determined to account for the largest share of production, sales or revenue will identify the primary activity. In some instances these criteria will not adequately represent the relative economic importance of each of the varied activities. In such cases, employment or payroll should be used in place of normal basis for determining the primary activity.

Q. "Exposure" or "exposed" means that an employee is subjected to a toxic substance or harmful physical agent in the course of employment through any route of entry (inhalation, ingestion, skin contact or absorption, etc.) and includes past exposure and potential (e.g., accidental or possible) exposure, but does not include situations where the employer can demonstrate that the toxic substance or harmful physical agent is not used, handled, stored, generated, or present in the workplace in any manner different from typical non-occupational situations.

R. "Hearing" means a proceeding conducted by the commission.

S. "Imminent danger" means a danger exists which reasonably could be expected to cause an occupational disease, death, or serious physical harm immediately, or before the danger could be eliminated through enforcement procedures under this chapter.

T. "Inspection" means any inspection of an employer's factory, plant, establishment, construction site, or other area, workplace or environment where work is performed by an employee of an employer, and includes any inspection conducted pursuant to a complaint filed under R614-1-6.K.1. and 3., any re-inspection, follow-up inspection, accident investigation or other inspection conducted under Section 34A-6-301 of the Act.

U. "National consensus standard" means any occupational safety and health standard or modification:

1. Adopted by a nationally recognized standards-producing organization under procedures where it can be determined by the administrator and division that persons interested and affected by the standard have reached substantial agreement on its adoption;

2. Formulated in a manner which affords an opportunity for diverse views to be considered; and

3. Designated as such a standard by the Secretary of the United States Department of Labor.

V. "Person" means the general public, one or more individuals, partnerships, associations, corporations, legal representatives, trustees, receivers, and the state and its political subdivisions.

W. "Publish" means publication in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

X. "Record" means any item, collection, or grouping of

information regardless of the form or process by which it is maintained (e.g., paper document, microfiche, microfilm, X-ray film, or automated data processing.)

Y. "Safety and Health Officer" means a person authorized by the Utah Occupational Safety and Health Administration to conduct inspections.

Z. "Secretary" means the Secretary of the United States Department of Labor.

AA. "Specific written consent" means written authorization containing the following:

1. The name and signature of the employee authorizing the release of medical information;

2. The date of the written authorization;

3. The name of the individual or organization that is authorized to release the medical information;

4. The name of the designated representative (individual or organization) that is authorized to receive the released information;

5. A general description of the medical information that is authorized to be released;

6. A general description of the purpose for the release of medical information; and

7. A date or condition upon which the written authorization will expire (if less than one year).

8. A written authorization does not operate to authorize the release of medical information not in existence on the date of written authorization, unless this is expressly authorized, and does not operate for more than one year from the date of written authorization.

9. A written authorization may be revoked in writing prospectively at any time.

BB. "Standard" means an occupational health and safety standard or group of standards which requires conditions, or the adoption or use of one or more practices, means, methods, operations, or processes, reasonably necessary to provide safety and healthful employment and places of employment.

CC. "Toxic substance" or "harmful physical agent" means any chemical substance, biological agent (bacteria, virus, fungus, etc.) or physical stress (noise, heat, cold, vibration, repetitive motion, ionizing and non-ionizing radiation, hypo and hyperbaric pressure, etc) which:

1. Is regulated by any Federal law or rule due to a hazard to health;

2. Is listed in the latest printed edition of the National Institute for Occupational Safety and Health (NIOSH) Registry of Toxic Effects of Chemical Substances (RTECS) (See R614-103-20B Appendix B);

3. Has yielded positive evidence of an acute or chronic health hazard in human, animal, or other biological testing conducted by, or known to the employer; or

4. Has a material safety data sheet available to the employer indicating that the material may pose a hazard to human health.

DD. "Variance" means a special, limited modification or change in the code or standard applicable to the particular establishment of the employer or person petitioning for the modification or change.

EE. "Workplace" means any place of employment.

R614-1-4. Incorporation of Federal Standards.

A. General Industry Standards.

1. Sections 29 CFR 1910.21 to 1910.999 and 1910.1000 through the end of part 1910 of the July 1, 2009, edition are incorporated by reference.

2. 29 CFR 1908, July 1, 2009, is incorporated by reference.

3. 29 CFR 1904, July 1, 2009, is incorporated by reference.

4. FR Vol. 75, No. 51. Wednesday, March 17, 2010, Pages

12681 to and including 12686 "Revising the Notification Requirements in the Exposure Determination Provisions of the Hexavalent Chromium Standards" Direct Final Rule" is incorporated by reference.

5. FR Vol. 75, No. 93. Friday, May 14, 2010. Pages 27188 to and including 27189 "Revising the Notification Requirements in the Exposure Determination Provision of the Hexavalent Chromium Standards" Final rule,: confirmation of effective date" is incorporated by reference.

B. Construction Standards.

1. Section 29 CFR 1926.20 through the end of part 1926, of the July 1, 2009, edition is incorporated by reference.

2. FR Vol. 75, No. 51. Wednesday, March 17, 2010, Pages 12681 to and including 12686 "Revising the Notification Requirements in the Exposure Determination Provisions of the Hexavalent Chromium Standards" Direct Final Rule" is incorporated by reference.

3. FR Vol. 75, No. 93. Friday, May 14, 2010. Pages 27188 to and including 27189 "Revising the Notification Requirements in the Exposure Determination Provision of the Hexavalent Chromium Standards" Final rule,: confirmation of effective date" is incorporated by reference.

R614-1-5. Adoption and Extension of Established Federal Safety Standards and State of Utah General Safety Orders.

A. Scope and Purpose.

1. The provisions of this rule adopt and extend the applicability of: (1) established Federal Safety Standards, (2) R614, and (3) Workers' Compensation Coverage, as in effect July 1, 1973 and subsequent revisions, with respect to every employer, employee and employment within the boundaries of the State of Utah, covered by the Utah Occupational Safety and Health Act of 1973.

2. All standards and rules including emergency and/or temporary, promulgated under the Federal Occupational Safety and Health Act of 1970 shall be accepted as part of the Standards, Rules and Regulations under the Utah Occupational Safety and Health Act of 1973, unless specifically revoked or deleted.

3. All employers will provide workers' compensation benefits as required in Section 34A-2-201.

4. Any person, firm, company, corporation or association employing minors must comply fully with all orders and standards of the Labor Division of the Commission. UOSH standards shall prevail in cases of conflict.

B. Construction Work.

Federal Standards, 29 CFR 1926 and selected applicable sections of R614 are accepted covering every employer and place of employment of every employee engaged in construction work of:

1. New construction and building;
2. Remodeling, alteration and repair;
3. Decorating and painting;
4. Demolition; and
5. Transmission and distribution lines and equipment erection, alteration, conversion or improvement.

C. Reporting Requirements.

1. Each employer shall within 8 hours of occurrence, notify the Division of Utah Occupational Safety and Health of the Commission of any work-related fatalities, of any disabling, serious, or significant injury and of any occupational disease incident. Call (801) 530-6901.

2. Tools, equipment, materials or other evidence that might pertain to the cause of such accident shall not be removed or destroyed until so authorized by the Labor commission or one of its Compliance Officers.

3. Each employer shall investigate or cause to be investigated all work-related injuries and occupational diseases and any sudden or unusual occurrence or change of conditions

that pose an unsafe or unhealthful exposure to employees.

4. Each employer shall file a report with the Commission within seven days after the occurrence of an injury or occupational disease, after the employers' first knowledge of the occurrence, or after the employee's notification of the same, on forms prescribed by the Commission, of any work-related fatality or any work-related injury or occupational disease resulting in medical treatment, loss of consciousness or loss of work, restriction of work, or transfer to another job. Each employer shall file a subsequent report with the Commission of any previously reported injury or occupational disease that later resulted in death. The subsequent report shall be filed with the Commission within seven days following the death or the employer's first knowledge or notification of the death. No report is required for minor injuries, such as cuts or scratches that require first-aid treatment only, unless the treating physician files, or is required to file the physician's initial report of work injury or occupational disease with the Commission. Also, no report is required for occupational disease which manifest after the employee is no longer employed by the employer with which the exposure occurred, or where the employer is not aware of an exposure occasioned by the employment which results in an occupational disease as defined by Section 34A-3-103.

5. Each employer shall provide the employee with a copy of the report submitted to the Commission. The employer shall also provide the employee with a statement, as prepared by the Commission, of his rights and responsibilities related to the industrial injury or occupational disease.

6. Each employer shall maintain a record in a manner prescribed by the Commission of all work-related injuries and all occupational disease resulting in medical treatment, loss of consciousness, loss of work, restriction or work, or transfer to another job.

7. No person shall remove, displace, destroy, or carry away any safety devices or safeguards provided for use in any place of employment, or interfere in any way with the use thereof by other persons, or interfere in any method or process adopted for the protection of employees. No employee shall refuse or neglect to follow and obey reasonable orders that are issued for the protection of health, life, safety, and welfare of employees.

D. Employer, Employee Responsibility.

1. It shall be the duty and responsibility of any employee upon entering his or her place of employment, to examine carefully such working place and ascertain if the place is safe, if the tools and equipment can be used with safety, and if the work can be performed safely. After such examination, it shall be the duty of the employee to make the place, tools, or equipment safe. If this cannot be done, then it becomes his or her duty to immediately report the unsafe place, tools, equipment, or conditions to the foreman or supervisor.

2. Employees must comply with all safety rules of their employer and with all the Rules and Regulations promulgated by UOSH which are applicable to their type of employment.

3. Management shall inspect or designate a competent person or persons to inspect frequently for unsafe conditions and practices, defective equipment and materials, and where such conditions are found to take appropriate action to correct such conditions immediately.

4. Supervisory personnel shall enforce safety regulations and issue such rules as may be necessary to safeguard the health and lives of employees. They shall warn all employees of any dangerous condition and permit no one to work in an unsafe place, except for the purpose of making it safe.

E. General Safety Requirements.

1. Where there is a risk of injury from hair entanglement in moving parts of machinery, employees shall confine their hair to eliminate the hazard.

2. Body protection: Clothing which is appropriate for the

work being done should be worn. Loose sleeves, tails, ties, lapels, cuffs, or similar garments which can become entangled in moving machinery shall not be worn where an entanglement hazard exists. Clothing saturated or impregnated with flammable liquids, corrosive substances, irritant, oxidizing agents or other toxic materials shall be removed and shall not be worn until properly cleaned.

3. General. Wrist watches, rings, or other jewelry shall not be worn on the job where they constitute a safety hazard.

4. Safety Committees. It is recommended that a safety committee comprised of management and employee representatives be established. The committee or the individual member of the committee shall not assume the responsibility of management to maintain and conduct a safe operation. The duties of the committee should be outlined by management, and may include such items as reviewing the use of safety apparel, recommending action to correct unsafe conditions, etc.

5. No intoxicated person shall be allowed to go into or loiter around any operation where workers are employed.

6. No employee shall carry intoxicating liquor into a place of employment, except that the place of employment shall be engaged in liquor business and this is a part of his assigned duties.

7. Employees who do not understand or speak the English language shall not be assigned to any duty or place where the lack or partial lack of understanding or speaking English might adversely affect their safety or that of other employees.

8. Good housekeeping is the first law of accident prevention and shall be a primary concern of all supervisors and workers. An excessively littered or dirty work area will not be tolerated as it constitutes an unsafe, hazardous condition of employment.

9. Emergency Posting Required.

a. Good communications are necessary if a fire or disaster situation is to be adequately coped with. A system for alerting and directing employees to safety is an essential step in a safety program.

b. A list of telephone numbers or addresses as may be applicable shall be posted in a conspicuous place so the necessary help can be obtained in case of emergency. This list shall include:

- (1) Responsible supervision (superintendent or equivalent)
 - (2) Doctor
 - (3) Hospital
 - (4) Ambulance
 - (5) Fire Department
 - (6) Sheriff or Police
10. Lockouts and Tagging.

a. Where there is any possibility of machinery being started or electrical circuits being energized while repairs or maintenance work is being done, the electrical circuits shall be locked open and/or tagged and the employee in charge (the one who places the lock) shall keep the key until the job is completed or he is relieved from the job, such as by shift change or other assignment. If it is expected that the job may be assigned to other workers, he may remove his lock provided the supervisor or other workers apply their lock and tag immediately. Where there is danger of machinery being started or of steam or air creating a hazard to workers while repairs on maintenance work is being done, the employee in charge shall disconnect the lines or lock and tag the main valve closed or blank the line on all steam driven machinery, pressurized lines or lines connected to such equipment if they could create a hazard to workers.

b. After tagging and lockout procedures have been applied, machinery, lines, and equipment shall be checked to insure that they cannot be operated.

c. If locks and tags cannot be applied, conspicuous tags made of nonconducting material and plainly lettered, "EMPLOYEES WORKING" followed by the other appropriate

wording, such as "Do not close this switch" shall be used.

d. When in doubt as to procedure, the worker shall consult his supervisor concerning safe procedure.

11. Safety-Type hooks shall be used wherever possible.

12. Emergency Showers, Bubblers, and Eye Washers.

a. Readily accessible, well marked, rapid action safety showers and eye wash facilities must be available in areas where strong acid, caustic or highly oxidizing or irritating chemicals are being handled. (This is not applicable where first aid practices specifically preclude flushing with running water.)

b. Showers should have deluge type heads, easily accessible, plainly marked and controlled by quick opening valves of the type that stay open. The valve handle should be equipped with a pull chain, rope, etc., so the blinded employee will be able to more easily locate the valve control. In addition, it is recommended that the floor platform be so constructed to actuate the quick opening valve. The shower should be capable of supplying large quantities of water under moderately high pressure. Blankets should be located so as to be reasonably accessible to the shower area.

c. All safety equipment should be inspected and tested at regular intervals, preferably daily and especially during freezing weather, to make sure it is in good working condition at all times.

13. Grizzlies Over Chutes, Bins and Tank Openings.

a. Employees shall be furnished with and be required to use approved type safety harnesses and shall be tied off securely so as to suspend him above the level of the product before entering any bin, chute or storage place containing material that might cave or run. Cleaning and barring down in such places shall be started from the top using only bars blunt on one end or having a ring type or D handhold.

b. Employees shall not work on top of material stored or piled above chutes, drawholes or conveyor systems while material is being withdrawn unless protected.

c. Chutes, bins, drawholes and similar openings shall be equipped with grizzlies or other safety devices that will prevent employees from falling into the openings.

d. Bars for grizzly grids shall be so fitted that they will not loosen and slip out of place, and the operator shall not remove a bar temporarily to let large rocks through rather than to break them.

F. All requirements of PSM Standard 29 CFR 1910.119 are hereby extended to include the blister agents, HT, HD, H, Lewisite, and the nerve agents, GA, VX.

R614-1-6. Personal Protective Equipment.

A. When no other method or combination of methods can be provided to prevent employees from becoming exposed to toxic dusts, fumes, gases, flying particles or other objects, dangerous rays or burns from heat, acid, caustic, or any other hazard of a similar nature, the employer must provide each worker with the necessary personal protection equipment, such as respirators, goggles, gas masks, certain types of protective clothing, etc. Provision must also be made to keep all such equipment in good, sanitary working condition at all times.

B. Where there is a risk of injury from hair entanglement in moving parts of machinery, employees shall confine their hair to eliminate the hazard.

C. Except when, in the opinion of the Administrator, their use creates a greater hazard, life lines and safety harnesses shall be provided for and used by workers engaged in window washing, in securing or shifting thrustouts, inspecting or working on overhead machines supporting scaffolds or other high rigging, and on steeply pitched roofs. Similarly, they shall be provided for and used by all exposed to the hazard of falling, and by workmen on poles workers or steel frame construction more than ten (10) feet above solid ground or above a temporary or permanent floor or platform.

D. Every life line and safety harness shall be inspected by the superintendent or his authorized representative and the worker before it is used and at least once a week while continued in use.

E. Wristwatches, rings, or other jewelry shall not be worn on the job where they constitute a safety hazard.

R614-1-7. Inspections, Citations, and Proposed Penalties.

A. The Utah Occupational Safety and Health Act (Title 34A, Chapter 6) requires, that every employer covered under the Act furnish to his employees employment and a place of employment which are free from recognized hazards that are likely to cause death or serious physical harm to his employees. The Act also requires that employers comply with occupational safety and health standards promulgated under the Act, and that employees comply with standards, rules, regulations and orders issued under the Act applicable to employees actions and conduct. The Act authorizes the Utah Occupational Safety and Health Division to conduct inspections, and to issue citations and proposed penalties for alleged violations. The Act, under Section 34A-6-301, also authorizes the Administrator to conduct inspections and to question employers and employees in connection with research and other related activities. The Act contains provisions for adjudication of violations, periods prescribed for the abatement of violations, and proposed penalties by the Labor Commission, if contested by an employer or by an employee or authorized representative of employees, and for a judicial review. The purpose of R614-1-7 is to prescribe rules and general policies for enforcement of the inspection, citations, and proposed penalty provisions of the Act. Where R614-1-7 sets forth general enforcement policies rather than substantive or procedural rules, such policies may be modified in specific circumstances where the Administrator or his designee determines that an alternative course of action would better serve the objectives of the Act.

B. Posting of notices; availability of Act, regulations and applicable standards.

1. Each employer shall post and keep posted notices, to be furnished by the Administrator, informing employees of the protections and obligations provided for in the Act, and that for assistance and information, including copies of the Act and of specific safety and health standards, employees should contact their employer or the office of the Administrator. Such notices shall be posted by the employer in each establishment in a conspicuous place where notices to employees are customarily posted. Each employer shall take steps to insure that such notices are not altered, defaced, or covered by other material.

2. Where employers are engaged in activities which are physically dispersed, such as agriculture, construction, transportation communications, and electric, gas and sanitary services, the notices required shall be posted at the location where employees report each day. In the case of employees who do not usually work at, or report to, a single establishment, such as traveling salesman, technicians, engineers, etc., such notices shall be posted in accordance with the requirements of R614-1-7.Q.

3. Copies of the Act, all regulations published under authority of Section 34A-6-202 and all applicable standards will be available at the office of the Administrator. If an employer has obtained copies of these materials, he shall make them available upon request to any employee or his authorized representative.

4. Any employer failing to comply with the provisions of this Part shall be subject to citation and penalty in accordance with the provisions of Sections 34A-6-302 and 34A-6-307 of the Act.

C. Authority for Inspection.

1. Safety and Health Officers of the Division are authorized to enter without delay and at reasonable times any

factory, plant, establishment, construction site, or other area, workplace or environment where work is performed by an employee of an employer; to inspect and investigate during regular working hours and at other reasonable times, and within reasonable limits and in a reasonable manner, any such place of employment, and all pertinent conditions, structures, machines, apparatus, devices, equipment and materials therein; to question privately any employer, owner, operator, agent or employee; and to review records required by the Act and regulations published in R614-1-7 and 8, and other records which are directly related to the purpose of the inspection.

2. Prior to inspecting areas containing information which has been classified as restricted by an agency of the United States Government in the interest of national security, Safety and Health Officers shall obtain the appropriate security clearance.

D. Objection to Inspection.

1. Upon a refusal to permit the Safety and Health Officer, in exercise of his official duties, to enter without delay and at reasonable times any place of employment or any place therein, to inspect, to review records, or to question any employer, owner, operator, agent, or employee, in accordance with R614-1-7.B. and C. or to permit a representative of employees to accompany the Safety and Health Officer during the physical inspection of any workplace in accordance with R614-1-7.G. the Safety and Health Officer shall terminate the inspection or confine the inspection to other areas, conditions, structures, machines, apparatus, devices, equipment, materials, records or interview concerning which no objection is raised.

2. The Safety and Health Officer shall endeavor to ascertain the reason for such refusal, and shall immediately report the refusal and the reason therefor to the Administrator. The Administrator shall take appropriate action, including compulsory process, if necessary.

3. Compulsory process shall be sought in advance of an attempted inspection or investigation if, in the judgment of the Administrator circumstances exist which make such preinspection process desirable or necessary. Some examples of circumstances in which it may be desirable or necessary to seek compulsory process in advance of an attempt to inspect or investigate include (but are not limited to):

a. When the employers past practice either implicitly or explicitly puts the Administrator on notice that a warrantless inspection will not be allowed:

b. When an inspection is scheduled far from the local office and procuring a warrant prior to leaving to conduct the inspection would avoid, in case of refusal of entry, the expenditure of significant time and resources to return to the office, obtain a warrant and return to the work-site;

c. When an inspection includes the use of special equipment or when the presence of an expert or experts is needed in order to properly conduct the inspection, and procuring a warrant prior to an attempt to inspect would alleviate the difficulties or costs encountered in coordinating the availability of such equipment or expert.

4. For purposes of this section, the term compulsory process shall mean the institution of any appropriate action, including ex parte application for an inspection warrant or its equivalent. Ex parte inspection warrants shall be the preferred form of compulsory process in all circumstances where compulsory process is relied upon to seek entry to a workplace under this section.

E. Entry not a Waiver.

Any permission to enter, inspect, review records, or question any person, shall not imply a waiver of any cause of action, citation, or penalty under the Act. Safety and Health Officers are not authorized to grant such waivers.

F. Advance notice of Inspections.

1. Advance notice of inspections may not be given, except in the following instances:

a. In cases of apparent imminent danger, to enable the employer to abate the danger as quickly as possible.

b. In circumstances where the inspection can most effectively be conducted after regular business hours or where special preparations are necessary for an inspection.

c. Where necessary to assure the presence of the employer or representative of the employer and employees or the appropriate personnel needed to aid the inspection; and

d. In other circumstances where the Administrator determines that the giving of advance notice would enhance the probability of an effective and thorough inspection.

2. In the instances described in R614-1-7.F.1., advance notice of inspections may be given only if authorized by the Administrator, except that in cases of imminent danger, advance notice may be given by the Safety and Health Officer without such authorization if the Administrator is not immediately available. Where advance notice is given, it shall be the employer's responsibility to notify the authorized representative of the employees of the inspection, if the identity of such representatives is known to the employer. (See R614-1-7.H.2. as to instances where there is no authorized representative of employees.) Upon the request of the employer, the Safety and Health Officer will inform the authorized representative of employees of the inspection, provided that the employer furnishes the Safety and Health Officer with the identity of such representatives and with such other information as is necessary to enable him promptly to inform such representatives of the inspection. A person who fails to comply with his responsibilities under this paragraph, may be subject to citation and penalty under Sections 34A-6-302 and 34A-6-307 of the Act. Advance notice in any of the instances described in R614-1-7.F. shall not be given more than 24 hours before the inspection is scheduled to be conducted, except in cases of imminent danger and other unusual circumstances.

3. The Act provides in Subsection 34A-6-307(5)(b) conditions for which advanced notice can be given and the penalties for not complying.

G. Conduct of Inspections.

1. Subject to the provisions of R614-1-7.C., inspections shall take place at such times and in such places of employment as the Administrator or the Safety and Health Officer may direct. At the beginning of an inspection, Safety and Health Officers shall present their credentials to the owner, operator, or agent in charge at the establishment; explain the nature and purpose of the inspection; and indicate generally the scope of the inspection and the records specified in R614-1-7.C. which they wish to review. However, such designations of records shall not preclude access to additional records specified in R614-1-7.C.

2. Safety and Health Officers shall have authority to take environmental samples and to take photographs or video recordings related to the purpose of the inspection, employ other reasonable investigative techniques, and question privately any employer, owner, operator, agent or employee of an establishment. (See R614-1-7.I. on trade secrets.) As used herein, the term "employ other reasonable investigative techniques" includes, but is not limited to, the use of devices to measure employee exposures and the attachment of personal sampling equipment such as dosimeters, pumps, badges, and other similar devices to employees in order to monitor their exposures.

3. In taking photographs and samples, Safety and Health Officers shall take reasonable precautions to insure that such actions with flash, spark-producing, or other equipment would not be hazardous. Safety and Health Officers shall comply with all employer safety and health rules and practices at the establishment being inspected, and shall wear and use appropriate protective clothing and equipment.

4. The conduct of inspections shall preclude unreasonable disruption of the operations of the employer's establishment.

5. At the conclusion of an inspection, the Safety and Health Officer shall confer with the employer or his representative and informally advise him of any apparent safety or health violations disclosed by the inspection. During such conference, the employer shall be afforded an opportunity to bring to the attention of the Safety and Health Officer any pertinent information regarding conditions in the workplace.

H. Representative of employers and employees.

1. Safety and Health Officer shall be in charge of inspections and questioning of persons. A representative of the employer and a representative authorized by his employees shall be given an opportunity to accompany the Safety and Health Officer during the physical inspection of any workplace for the purpose of aiding such inspection. A Safety and Health Officer may permit additional employer representative and additional representatives authorized by employees to accompany him where he determines that such additional representatives will further aid the inspection. A different employer and employee representative may accompany the Safety and Health Officer during each phase of an inspection if this will not interfere with the conduct of the inspection.

2. Safety and Health Officers shall have authority to resolve all disputes as to who is the representative authorized by the employer and the employees for purpose of this Part. If there is no authorized representative of employees, or if the Safety and Health Officer is unable to determine with reasonable certainty who is such representative, he shall consult with a reasonable number of employees concerning matters of safety and health in the workplace.

3. The representative(s) authorized by employees shall be an employee(s) of the employer. However, if in the judgment of the Safety and Health Officer, good cause has been shown why accompaniment by a third party who is not an employee of the employer (such as an industrial hygienist or safety engineer) is reasonably necessary to the conduct of an effective and thorough physical inspection of the workplace, such third party may accompany the Safety and Health Officer during the inspection.

4. Safety and Health Officers are authorized to deny the right of accompaniment under this Part to any person whose conduct interferes with a fair and orderly inspection. The right of accompaniment in areas containing trade secrets shall be subject to the provisions of R614-1-7.I.3. With regard to information classified by an agency of the U.S. Government in the interest of national security, only persons authorized to have access to such information may accompany a Safety and Health Officer in areas containing such information.

I. Trade secrets.

1. Section 34A-6-306 of the Act provides provisions for trade secrets.

2. At the commencement of an inspection, the employer may identify areas in the establishment which contain or which might reveal a trade secret. If the Safety and Health Officer has no clear reason to question such identification, information obtained in such areas, including all negatives and prints of photographs, and environmental samples, shall be labeled "confidential-trade secret" and shall not be disclosed except in accordance with the provisions of Section 34A-6-306 of the Act.

3. Upon the request of an employer, any authorized representative of employees under R614-1-7.H. in an area containing trade secrets shall be an employee in that area or an employee authorized by the employer to enter that area. Where there is not such representative or employee, the Safety and Health Officer shall consult with a reasonable number of employees who work in that area concerning matters of safety and health.

J. Consultation with employees.

Safety and Health Officers may consult with employees concerning matters of occupational safety and health to the extent they deem necessary for the conduct of an effective and

thorough inspection. During the course of an inspection, any employee shall be afforded an opportunity to bring any violation of the Act which he has reason to believe exists in the workplace to the attention of the Safety and Health Officer.

K. Complaints by employees.

1. Any employee or representative of employees who believe that a violation of the Act exists in any workplace where such employee is employed may request an inspection of such workplace by giving notice of the alleged violation to the Administrator or to a Safety and Health Officer. Any such notice shall be reduced to writing, shall set forth with reasonable particularity the grounds for the notice, and shall be signed by the employee or representative of employees. A copy of the notice shall be provided the employer or his agent by the Administrator or Safety and Health Officer no later than at the time of inspection, except that, upon the request of the person giving such notice, his name and the names of individual employees referred to therein shall not appear in such copy or on any record published, released, or made available by the Administrator.

2. If upon receipt of such notification the Administrator determines that the complaint meets the requirements set forth in R614-1-7.K.1., and that there are reasonable grounds to believe that the alleged violation exists, he shall cause an inspection to be made as soon as practicable. Inspections under this Part shall not be limited to matters referred to in the complaint.

3. Prior to or during any inspection of a workplace, any employee or representative of employees employed in such workplace may notify the Safety and Health Officer, in writing, of any violation of the Act which they have reason to believe exists in such workplace. Any such notice shall comply with requirements of R614-1-7.K.1.

4. Section 34A-6-203 of the Act provides protection for employees while engaged in protected activities.

L. Inspection not warranted; informal review.

1. If the Administrator determines that an inspection is not warranted because there are no reasonable grounds to believe that a violation or danger exists with respect to a complaint under K, he shall notify the complaining party in writing of such determination. The complaining party may obtain review of such determination by submitting a written statement of position with the Administrator. The Administrator, at his discretion, may hold an informal conference in which the complaining party and the employer may orally present their views. After considering all written and oral view presented, the Administrator shall affirm, modify, or reverse the determination of the previous decision and again furnish the complaining party and the employer written notification of his decision and the reasons therefor.

2. If the Administrator determines that an inspection is not warranted because the requirements of R614-1-7.K.1. have not been met, he shall notify the complaining party in writing of such determination. Such determination shall be without prejudice to the filing of a new complaint meeting the requirements of R614-1-7.K.1.

M. Imminent danger.

Whenever a Safety and Health Officer concludes, on the basis of an inspection, that conditions or practices exist in any place of employment which could reasonably be expected to cause death or serious physical harm before the imminence of such danger can be eliminated through the enforcement procedures of the Act, he shall inform the affected employees and employers of the danger, that he is recommending a civil action to restrain such conditions or practices and for other appropriate citations of proposed penalties which may be issued with respect to an imminent danger even though, after being informed of such danger by the Compliance Officer, the employer immediately eliminates the imminence of the danger and initiates steps to abate such danger.

N. Citations.

1. The Administrator shall review the inspection report of the Safety and Health Officer. If, on the basis of the report the Administrator believes that the employer has violated a requirement of Section 34A-6-201 of the Act, of any standard, rule, or order promulgated pursuant to Section 34A-6-202 of the Act, or of any substantive rule published in this chapter, shall issue to the employer a citation. A citation shall be issued even though, after being informed of an alleged violation by the Safety and Health Officer, the employer immediately abates, or initiates steps to abate, such alleged violations. Any citation shall be issued with reasonable promptness after termination of the inspection. No citation may be issued after the expiration of 6 months following the occurrence of any violation.

2. Any citation shall describe with particularity the nature of the alleged violation, including a reference to the provision of the Act, standard, rule, regulations, or order alleged to have been violated. Any citation shall also fix a reasonable time or times for the abatement of the alleged violations.

3. If a citation is issued for an alleged violation in a request for inspection under R614-1-7.K.1. or a notification of violation under R614-1-7.K.3., a copy of the citation shall also be sent to the employee or representative of employees who made such request or notification.

4. Following an inspection, if the Administrator determines that a citation is not warranted with respect to a danger or violation alleged to exist in a request for inspection under R614-1-7.K.1. or a notification of violation under R614-1-7.K.3., the informal review procedures prescribed in R614-1-7.L.1. shall be applicable. After considering all views presented, the Administrator shall either affirm, order a re-inspection, or issue a citation if he believes that the inspection disclosed a violation. The Administrator shall furnish the complaining party and the employer with written notification of his determination and the reasons therefor.

5. Every citation shall state that the issuance of a citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless the citation is affirmed by the Commission.

O. Petitions for modification of abatement date.

1. An employer may file a petition for modification of abatement date when he has made a good faith effort to comply with the abatement requirements of the citation, but such abatement has not been completed because of factors beyond his reasonable control.

2. A petition for modification of abatement date shall be in writing and shall include the following information.

a. All steps taken by the employer, and the dates of such action, in an effort to achieve compliance during the prescribed abatement period.

b. The specific additional abatement time necessary in order to achieve compliance.

c. The reasons such additional time is necessary, including the unavailability, of professional or technical personnel or of materials and equipment, or because necessary construction or alteration of facilities cannot be completed by the original abatement date.

d. All available interim steps being taken to safeguard the employees against the cited hazard during the abatement period.

e. A certification that a copy of the petition has been posted and, if appropriate, served on the authorized representative of affected employees, in accordance with paragraph R614-1-7.O.3.a. and a certification of the date upon which such posting and service was made.

3. A petition for modification of abatement date shall be filed with the Administrator who issued the citation no later than the close of the next working day following the date on which abatement was originally required. A later-filed petition shall be

accompanied by the employer's statement of exceptional circumstances explaining the delay.

a. A copy of such petition shall be posted in a conspicuous place where all affected employees will have notice thereof or near such location where the violation occurred. The petition shall remain posted for a period of ten (10) days. Where affected employees are represented by an authorized representative, said representative shall be served with a copy of such petition.

b. Affected employees or their representatives may file an objection in writing to such petition with the aforesaid Administrator. Failure to file such objection within ten (10) working days of the date of posting of such petition or of service upon an authorized representative shall constitute a waiver of any further right to object to said petition.

c. The Administrator or his duly authorized agent shall have authority to approve any petition for modification of abatement date filed pursuant to paragraphs R614-1-7.O.2. and 3. Such uncontested petitions shall become final orders pursuant to Subsection 34A-6-303(1) of the Act.

d. The Administrator or his authorized representative shall not exercise his approval power until the expiration of ten (10) days from the date of the petition was posted or served pursuant to paragraphs R614-1-7.O.3.a. and b. by the employer.

4. Where any petition is objected to by the affected employees, the petition, citation, and any objections shall be forwarded to the Administrator per R614-1-7.O.3.b. Upon receipt the Administrator shall schedule and notify all interested parties of a formal hearing before the Administrator or his authorized representative(s). Minutes of this hearing shall be taken and become public records of the Commission. Within ten (10) days after conclusion of the hearing, a written opinion by the Administrator will be made, with copies to the affected employees or their representatives, the affected employer and to the Commission.

P. Proposed penalties.

1. After, or concurrent with, the issuance of a citation and within a reasonable time after the termination of the inspection, the Administrator shall notify the employer by certified mail or by personal service by the Safety and Health Officer of the proposed penalty under Section 34A-6-307 of the Act, or that no penalty is being proposed. Any notice of proposed penalty shall state that the proposed penalty shall be deemed to be the final order of the Commission and not subject to review by any court or agency unless, within 30 days from the date of receipt of such notice, the employer notifies the Adjudication Division in writing that he intends to contest the citation or the notification of proposed penalty before the Commission.

2. The Administrator shall determine the amount of any proposed penalty, giving due consideration to the appropriateness of the penalty with respect to the size of the business, of the employer being charged, the gravity of the violation, the good faith of the employer, and the history of previous violations, in accordance with the provisions of Section 34A-6-307 of the Act.

3. Appropriate penalties may be proposed with respect to an alleged violation even though after being informed of such alleged violation by the Safety and Health Officer, the employer immediately abates, or initiates steps to abate, such alleged violation. Penalties shall not be proposed for violations which have no direct or immediate relationship to safety or health.

Q. Posting of citations.

1. Upon receipt of any citation under the Act, the employer shall immediately post such citation, or copy thereof, unedited, at or near each place of alleged violation referred to in the citation occurred, except as hereinafter provided. Where, because of the nature of the employer's operations, it is not practicable to post the citation at or near each place of alleged violation, such citation shall be posted, unedited, in a prominent place where it will be readily observable by all affected employees. For

example, where employees are engaged in activities which are physically dispersed (see R614-1-7.B.), the citation may be posted at the location to which employees report each day. Where employees do not primarily work at or report to a single location (see R614-1-7.B.2.), the citation must be posted at the location from which the employees commence their activities. The employer shall take steps to ensure that the citation is not altered, defaced, or covered by other material.

2. Each citation or a copy thereof, shall remain posted until the violation has been abated, or for 3 working days which ever is later. The filing by the employer of a notice of intention to contest under R614-1-7.R. shall not affect his posting responsibility unless and until the Commission issues a final order vacating the citation.

3. An employer, to whom a citation has been issued, may post a notice in the same location where such citation is posted indicating that the citation is being contested before the Commission, such notice may explain the reasons for such contest. The employer may also indicate that specified steps have been taken to abate the violation.

4. Any employer failing to comply with the provisions of R614-1-7.Q.1. and 2. shall be subject to citation and penalty in accordance with the provisions of Section 34A-6-307 of the Act.

R. Employer and employee hearings before the Commission.

1. Any employer to whom a citation or notice of proposed penalty has been issued, may under Section 34A-6-303 of the Act, notify the Adjudication Division in writing that the employer intends to contest such citation or proposed penalty before the Commission. Such notice of intention to contest must be received by the Adjudication Division within 30 days of the receipt by the employer of the notice of proposed penalty. Every notice of intention to contest shall specify whether it is directed to the citation or to the proposed penalty, or both. The Adjudication Division shall handle such notice in accordance with the rules of procedures prescribed by the Commission.

2. An employee or representative of employee of an employer to whom a citation has been issued may, under Section 34A-6-303(3) of the Act, file a written notice with the Adjudication Division alleging that the period of time fixed in the citation for the abatement of the violation is unreasonable. Such notice must be received by the Adjudication Division within 30 days of the receipt by the employer of the notice of proposed penalty or notice that no penalty is being proposed. The Adjudication Division shall handle such notice in accordance with the rules of procedure prescribed by the Commission.

S. Failure to correct a violation for which a citation has been issued.

1. If an inspection discloses that an employer has failed to correct an alleged violation for which a citation has been issued within the period permitted for its correction, the Administrator shall notify the employer by certified mail or by personal service by the Safety and Health Officer of such failure and of the additional penalty proposed under Section 34A-6-307 of the Act by reason of such failure. The period for the correction of a violation for which a citation has been issued shall not begin to run until the entry of a final order of the Commission in the case of any review proceedings initiated by the employer in good faith and not solely for delay or avoidance of penalties.

2. Any employer receiving a notification of failure to correct a violation and of proposed additional penalty may, under Section 34A-6-303(3) of the Act, notify the Adjudication Division in writing that he intends to contest such notification or proposed additional penalty before the Commission. Such notice of intention to contest shall be postmarked within 30 days of receipt by the employer of the notification of failure to correct a violation and of proposed additional penalty. The Adjudication Division shall handle such notice in accordance

with the rules of procedures prescribed by the Commission.

3. Each notification of failure to correct a violation and of proposed additional penalty shall state that it shall be deemed to be the final order of the Commission and not subject to review by any court or agency unless, within 30 days from the date of receipt of such notification, the employer notifies the Adjudication Division in writing that he intends to contest the notification or the proposed additional penalty before the Commission.

T. Informal conferences.

At the request of an affected employer, employee, or representative of employees, the Administrator may hold an informal conference for the purpose of discussing any issues raised by an inspection, citation, notice of proposed penalty, or notice of intention to contest. The Administrator shall provide in writing the reasons for any settlement of issues at such conferences. If the conference is requested by the employer, an affected employee or his representative shall be afforded an opportunity to participate, at the discretion of the Administrator. If the conference is requested by an employee or representative of employees, the employer shall be afforded an opportunity to participate, at the discretion of the Administrator. Any party may be represented by counsel at such conference. No such conference or request for such conference shall operate as a stay of any 30 day period for filing a notice of intention to contest as prescribed in R614-1-7.R.

R614-1-8. Recording and Reporting Occupational Injuries and Illnesses.

A. The rules in this section implement Sections 34A-6-108 and 34A-6-301(3) of the Act. These sections provide for record-keeping and reporting by employers covered under the Act, for developing information regarding the causes and prevention of occupational accidents and illnesses, and for maintaining a program of collection, compilation, and analysis of occupational safety and health statistics. Regardless of size or type of operation, accidents and fatalities must be reported to UOSH in accordance with the requirements of R614-1-5.C.

NOTE: Utah has adopted and will enforce the Federal Recordkeeping Standard 29CFR1904.

R614-1-4. Incorporation of Federal Standards.

A. General Industry Standards.

4. FR Vol. 66, No. 13, Friday, January 19, 2001, Pages 5916 to and including 6135. "Occupational Injury and reporting Requirements; Final Rule" is incorporated by reference.

Utah Specific Recordkeeping requirements follow:

B. Supplementary record.

Each employer shall have available for inspection at each establishment within 6 working days after receiving information that a recordable case has occurred, a supplementary record for that establishment. The record shall be completed in the detail prescribed in the instructions accompanying federal OSHA Form No. 301, Utah Industrial Accidents Form 122. Workers' compensation, insurance, or other reports are acceptable alternative records if they contain the information required by the federal OSHA Form No. 301, Utah Industrial Accidents Form 122. If no acceptable alternative record is maintained for other purposes, Federal OSHA Form No. 301, Utah Industrial Accidents Form 122 shall be used or the necessary information shall be otherwise maintained.

C. Retention of records.

Preservation of records.

a. This section applies to each employer who makes, maintains or has access to employee exposure records or employee medical records.

b. "Employee exposure record" means a record of monitoring or measuring which contains qualitative or quantitative information indicative of employee exposures to toxic materials or harmful physical agents. This includes both

individual exposure records and general research or statistical studies based on information collected from exposure records.

c. "Employee medical record" means a record which contains information concerning the health status of an employee or employees exposed or potentially exposed to toxic materials or harmful physical agents. These records may include, but are not limited to:

(1) The results of medical examinations and tests;

(2) Any opinions or recommendations of a physician or other health professional concerning the health of an employee or employees; and

(3) Any employee medical complaints relating to workplace exposure. Employee medical records include both individual medical records and general research or statistical studies based on information collected from medical records.

d. Preservation of records. Each employer who makes, maintains, or has access to employee exposure records or employee medical records shall preserve these records.

e. Availability of records. The employer shall make available, upon request to the Administrator, or a designee, and to the Director of the Division of Health, or a designee, all employee exposure records and employee medical records for examination and copying.

D. Access to records.

1. Records provided for in R614-1-8.A., E., and F. shall be available for inspection and copying by Compliance Officers during any occupational safety and health inspection provided for under R614-1-7 and Section 34A-6-301 of the Act.

2. The log and summary of all recordable occupational injuries and illnesses (OSHA No. 200) (the log) provided for in R614-1-8.A. shall, upon request, be made available by the employer to any employee, former employee, and to their representatives for examination and copying in a reasonable manner and at reasonable times. The employee, former employee, and their representatives shall have access to the log for any establishment in which the employee is or has been employed.

3. Nothing in this section shall be deemed to preclude employees and employee representatives from collectively bargaining to obtain access to information relating to occupational injuries and illnesses in addition to the information made available under this section.

4. Access to the log provided under this section shall pertain to all logs retained under requirements of R614-1-8.G.

E. Reporting of fatality or accidents. (Refer to Utah Occupational Safety and Health Rule, R614-1-5.C.)

F. Falsification or failure to keep records or reports.

1. Section 34A-6-307 of the Act provides penalties for false information and recordkeeping.

2. Failure to maintain records or file reports required by this part, or in the details required by forms and instructions issued under this part, may result in the issuance of citations and assessment of penalties as provided for in Sections 34A-6-302 and 34A-6-307 of the Act.

G. Description of statistical program.

1. Section 34A-6-108 of the Act directs the Administrator to develop and maintain a program of collection, compilation, and analysis of occupational safety and health statistics. The program shall consist of periodic surveys of occupational injuries and illnesses.

2. The sample design encompasses probability procedures, detailed stratification by industry and size, and a systematic selection within Stratification. Stratification and sampling will be carried out in order to provide the most efficient sample for eventual state estimates. Some industries will be sampled more heavily than others depending on the injury rate level based on previous experience. The survey should produce adequate estimates for most four-digit Standard Industrial Classification (SIC) industries in manufacturing and for three-digit

classification (SIC) in non-manufacturing. Full cooperation with the U. S. Department of Labor in statistical programs is intended.

R614-1-9. Rules of Practice for Temporary or Permanent Variance from the Utah Occupational Safety and Health Standards. (Also Adopted and Published as Chapter XXIII of the Utah Occupational Safety and Health Field Operations Manual.)

A. Scope.

1. This rule contains Rules of Practice for Administrative procedures to grant variances and other relief under Section 34A-6-202 of the Act. General information pertaining to employer-employee rights, obligations and procedures are included.

B. Application for, or petition against Variances and other relief.

1. The applicable parts of Section 34A-6-202 of the Act shall govern application and petition procedure.

2. Any employer or class of employers desiring a variance from a standard must make a formal written request including the following information:

- a. The name and address of applicant;
- b. The address of the place or places of employment involved;
- c. A specification of the standard or portion thereof from which the applicant seeks a variance;
- d. A statement by the applicant, supported by opinions from qualified persons having first-hand knowledge of the facts of the case, that he is unable to comply with the standard or portion thereof and a detailed statement of the reasons therefore;
- e. A statement of the steps the applicant has taken and will take, with specific dates where appropriate, to protect employees against the hazard covered by the existing standard;
- f. A statement of when the applicant expects to be able to comply with the standard and of what steps he has taken and will take, with specific dates where appropriate, to come into compliance with the standards (applies to temporary variances);
- g. A statement of the facts the applicant would show to establish that (applies to newly promulgated standards);
 - (1) The applicant is unable to comply with a standard by its effective date because of unavailability of professional or technical personnel or of materials and equipment needed to come into compliance with the standard or because necessary construction or alteration of facilities cannot be completed by the effective date;
 - (2) He is taking all available steps to safeguard his employees against the hazards covered by the standards; and
 - (3) He has an effective program for coming into compliance with the standard as quickly as practicable;
- h. Any request for a hearing, as provided in this rule;
- i. A statement that the applicant has informed his affected employees of the application for variance by giving a copy thereof to their authorized representative, posting a summary statement of the application at the place or places where notices to employees are normally posted specifying where a copy may be examined; and
- j. A description of how affected employees have been informed of their rights to petition the Administrator for a hearing.

3. The applicant shall designate the method he will use to safeguard his employees until a variance is granted or denied.

4. Whenever a proceeding on a citation or a related issue concerning a proposed penalty or period of abatement has been contested and is pending before an Administrative Law Judge or any subsequent review under the Administrative Procedures Act, until the completion of such proceeding, the Administrator may deny a variance application on a subject or an issue concerning a citation which has been issued to the employer.

C. Hearings.

1. The Administrator may conduct hearings upon

application or petition in accordance with Section 34A-6-202(4) of the Act if:

- a. Employee(s), the public, or other interested groups petition for a hearing; or
- b. The Administrator deems it in the public or employee interest.

2. When a hearing is considered appropriate, the Administrator shall set the date, time, and place for such hearing. He shall provide timely notification to the applicant for variance and the petitioners. In the notice of hearing to the applicant, the applicant will be directed to notify his employees of the hearing.

3. Notice of hearings shall be published in the Administrative Rulemaking Bulletin. This shall include a statement that the application request may be inspected at the UOSH Division Office.

4. A copy of the Notification of Hearing along with other pertinent information shall be sent to the U.S. Department of Labor, Regional Administrator for OSHA.

D. Inspection for Variance Application.

1. A variance inspection will be required by the Administrator or his designee prior to final determination of either acceptance or denial.

2. A variance inspection is a single purpose, pre-announced, non-compliance inspection and shall include employee or employer representative participation or interview where necessary.

E. Interim order.

1. The purpose of an interim order is to permit an employer to proceed in a non-standard operation while administrative procedures are being completed. Use of this interim procedure is dependent upon need and employee safety.

2. Following a variance inspection, and after determination and assurance that employees are to be adequately protected, the Administrator may immediately grant, in writing, an interim order. To expedite the effect of the interim order, it may be issued at the work-site by the Administrator. The interim order will remain in force pending completion of the administrative promulgation action and the formal granting or denying of a temporary/permanent variance as requested.

F. Decision of the Administrator.

1. The Administrator may deny the application if:
 - a. It does not meet the requirements of paragraph R614-1-8.B.;
 - b. It does not provide adequate safety in the workplace for affected employees; or
 - c. Testimony or information provided by the hearing or inspection does not support the applicant's request for variance as submitted.

2. Letters of notification denying variance applications shall be sent to the applicant, and will include posting requirements to inform employees, affected associations, and employer groups.

a. A copy of correspondence related to the denial request shall be sent to the U.S. Department of Labor, Regional Administrator for OSHA.

b. The letter of denial shall be explicit in detail as to the reason(s) for such action.

3. The Administrator may grant the request for variances provided that:

a. Data supplied by the applicant, the UOSHA inspection and information and testimony affords adequate protection for the affected employee(s);

b. Notification of approval shall follow the pattern described in R614-1-9.C.2. and 3.;

c. Limitations, restrictions, or requirements which become part of the variance shall be documented in the letter granting the variance.

4. The Administrator's decision shall be deemed final subject to Section 34A-6-202(6).

G. Recommended Time Table for Variance Action.

1. Publication of agency intent to grant a variance. This includes public comment and hearing notification in the Utah Administrative Rulemaking Bulletin: within 30 days after receipt.

2. Public comment period: within 20 days after publication.

3. Public hearing: within 30 days after publication

4. Notification of U.S. Department of Labor Regional Administrator for OSHA: 10 days after agency publication of intent.

5. Final Order: 120 days after receipt of variance application if publication of agency intent is made.

6. Rejection of variance application without publication of agency intent: 20 days after receipt of application.

a. Notification of U.S. Department of Labor Regional Administrator for OSHA: 20 days after receipt of application.

H. Public Notice of Granted Variances, Tolerances, Exemptions, and Limitations.

1. Every final action granting variance, exemption, or limitation under this rule shall be published as required under Title 63G, Chapter 3, Utah Administrative Rulemaking Act, and the time table set forth in R614-1-9.G.

I. Acceptance of federally Granted Variances.

1. Where a variance has been granted by the U.S. Department of Labor, Occupational Safety and Health Administration, following Federal Promulgation procedures, the Administrator shall take the following action:

a. Compare the federal OSHA standard for which the variance was granted with the equivalent UOSH standard.

b. Identify possible application in Utah.

c. If the UOSH standard under consideration for application of the variance has exactly or essentially the same intent as the federal standard and there is the probability of a multi-state employer doing business in Utah, then the Administrator shall accept the variance (as federally accepted) and promulgate it for Utah under the provisions of Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

d. If the variance has no apparent application to Utah industry, or to a multi-state employer in Utah, or if it conflicts with Utah Legislative intent, or established policy or procedure, the federal variance shall not be accepted. In such case, the Regional Administrator will be so notified.

J. Revocation of a Variance.

1. Any variance (temporary or permanent) whether approved by the state or one accepted by State based on Federal approval, may be revoked by the Administrator if it is determined through on-site inspection that:

a. The employer is not complying with provisions of the variance as granted;

b. Adequate employee safety is not afforded by the original provisions of the variance; or

c. A more stringent standard has been promulgated, is in force, and conflicts with prior considerations given for employee safety.

2. A federally approved national variance may be revoked by the state for a specific work-site or place of employment within the state for reasons cited in R614-1-9.J.1. Such revocations must be in writing and give full particulars and reasons prompting the action. Full rights provided under the law, such as hearings, etc., must be afforded the employer.

3. Normally, permanent variances may be revoked or changed only after being in effect for at least six months.

K. Coordination.

1. All variances issued by the Administrator will be coordinated with the U.S. Department of Labor, OSHA to insure consistency and avoid improper unilateral action.

A. General.

1. The Act provides, among other things, for the adoption of occupational safety and health standards, research and development activities, inspections and investigations of work places, and record keeping requirements. Enforcement procedures initiated by the Commission; review proceedings as required by Title 63G, Chapter 4, Administrative Procedures Act; and judicial review are provided by the Act.

2. This rule deals essentially with the rights of employees afforded under section 34A-6-203 of the Act. Section 34A-6-203 of the Act prohibits reprisals, in any form, against employees who exercise rights under the Act.

3. The purpose is to make available in one place interpretations of the various provisions of Section 34A-6-203 of the Act which will guide the Administrator in the performance of his duties thereunder unless and until otherwise directed by authoritative decisions of the courts, or concluding, upon reexamination of an interpretation, that it is incorrect.

B. Persons prohibited from discriminating.

Section 34A-6-203 defines employee protections under the Act, because the employee has exercised rights under the Act. Section 34A-6-103(11) of the Act defines "person". Consequently, the prohibitions of Section 34A-6-203 are not limited to actions taken by employers against their own employees. A person may be chargeable with discriminatory action against an employee of another person. Section 34A-6-203 would extend to such entities as organizations representing employees for collective bargaining purposes, employment agencies, or any other person in a position to discriminate against an employee. (See, *Meek v. United States*, F. 2d 679 (6th Cir., 1943); *Bowe v. Judson C. Burnes*, 137 F 2d 37 (3rd Cir., 1943).)

C. Persons protected by section 34A-6-203.

1. All employees are afforded the full protection of Section 34A-6-203. For purposes of the Act, an employee is defined in Section 34A-6-103(6). The Act does not define the term "employ". However, the broad remedial nature of this legislation demonstrates a clear legislative intent that the existence of an employment relationship, for purposes of Section 34A-6-203, is to be based upon economic realities rather than upon common law doctrines and concepts. For a similar interpretation of federal law on this issue, see, *U.S. v. Silk*, 331 U.S. 704 (1947); *Rutherford Food Corporation v. McComb*, 331 U.S. 722 (1947).

2. For purposes of Section 34A-6-203, even an applicant for employment could be considered an employee. (See, *NLRB v. Lamar Creamery*, 246 F. 2d 8 (5th Cir., 1957).) Further, because Section 34A-6-203 speaks in terms of any employee, it is also clear that the employee need not be an employee of the discriminator. The principal consideration would be whether the person alleging discrimination was an "employee" at the time of engaging in protected activity.

3. In view of the definitions of "employer" and "employee" contained in the Act, employees of a State or political subdivision thereof would be within the coverage of Section 34A-6-203.

D. Unprotected activities distinguished.

1. Actions taken by an employer, or others, which adversely affect an employee may be predicated upon nondiscriminatory grounds. The proscriptions of Section 34A-6-203 apply when the adverse action occurs because the employee has engaged in protected activities. An employee's engagement in activities protected by the Act does not automatically render him immune from discharge or discipline for legitimate reasons, or from adverse action dictated by non-prohibited considerations. (See, *NLRB v. Dixie Motor Coach Corp.*, 128 F. 2d 201 (5th Cir., 1942).)

2. To establish a violation of Section 34A-6-203, the employee's engagement in protected activity need not be the sole

R614-1-10. Discrimination.

consideration behind discharge or other adverse action. If protected activity was a substantial reason for the action, or if the discharge or other adverse action would not have taken place "but for" engagement in protected activity, Section 34A-6-203 has been violated. (See, *Mitchell v. Goodyear Tire and Rubber Co.*, 278 F. 2d 562 (8th Cir., 1960); *Goldberg v. Bama Manufacturing*, 302 F. 2d 152 (5th Cir., 1962).) Ultimately, the issue as to whether a discharge was because of protected activity will have to be determined on the basis of the facts in the particular case.

E. Specific protections - complaints under or related to the Act.

1. Discharge of, or discrimination against an employee because the employee has filed "any complaint under or related to this Act" is prohibited by Section 34A-6-203. An example of a complaint made "under" the Act would be an employee request for inspection pursuant to Section 34A-6-301(6). However, this would not be the only type of complaint protected by Section 34A-6-203. The range of complaints "related to" the Act is commensurate with the broad remedial purposes of this legislation and the sweeping scope of its application, which entails the full extent of the commerce power. ((See *Cong. Rec.*, vol. 116 P. 42206 December 17, 1970).)

2. Complaints registered with Federal agencies which have the authority to regulate or investigate occupational safety and health conditions are complaints "related to" this Act. Likewise, complaints made to State or local agencies regarding occupational safety and health conditions would be "related to" the Act. Such complaints, however, must relate to conditions at the workplace, as distinguished from complaints touching only upon general public safety and health.

3. Further, the salutary principles of the Act would be seriously undermined if employees were discouraged from lodging complaints about occupational safety and health matters with their employers. Such complaints to employers, if made in good faith, therefore would be related to the Act, and an employee would be protected against discharge or discrimination caused by a complaint to the employer.

F. Proceedings under or related to the act.

1. Discharge of, or discrimination against, any employee because the employee has exercised the employee's rights under or related to this Act is also prohibited by Section 34A-6-203. Examples of proceedings which would arise specifically under the Act would be inspections of work-sites under Section 34A-6-301 of the Act, employee contest of abatement date under Section 34A-6-303 of the Act, employee initiation of proceedings for promulgation of an occupational safety and health standard under Section 34A-6-202 of the Act and Title 63G, Chapter 3, employee application for modification of revocation of a variance under Section 34A-6-202(4)(c) of the Act and R614-1-9., employee judicial challenge to a standard under Section 34A-6-202(6) of the Act, and employee appeal of an order issued by an Administrative Law Judge, Commissioner, or Appeals Board under Section 34A-6-304. In determining whether a "proceeding" is "related to" the Act, the considerations discussed in R614-1-10.G. would also be applicable.

2. An employee need not himself directly institute the proceedings. It is sufficient if he sets into motion activities of others which result in proceedings under or related to the Act.

G. Testimony.

Discharge of, or discrimination against, any employee because the employee "has testified or is about to testify" in proceedings under or related to the Act is also prohibited by Section 34A-6-203. This protection would of course not be limited to testimony in proceedings instituted or caused to be instituted by the employee, but would extend to any statements given in the course of judicial, quasi-judicial, and administrative proceedings, including inspections, investigations, and administrative rulemaking or adjudicative functions. If the

employee is giving or is about to give testimony in any proceeding under or related to the Act, he would be protected against discrimination resulting from such testimony.

H. Exercise of any right afforded by the Act.

1. In addition to protecting employees who file complaints, institute proceedings under or related to the Act it also prohibited by Section 34A-6-203 discrimination occurring because of the exercise "of any right afforded by this Act." Certain rights are explicitly provided in the Act; for example, there is a right to participate as a party in enforcement proceedings (34A-6-303). Certain other rights exist by necessary implications. For example, employees may request information from the Utah Occupational Safety and Health Administration; such requests would constitute the exercise of a right afforded by the Act. Likewise, employees interviewed by agents of the Administrator in the course of inspections or investigations could not subsequently be discriminated against because of their cooperation.

2. Review of the Act and examination of the legislative history discloses that, as a general matter, there is no right afforded by the Act which would entitle employees to walk off the job because of potential unsafe conditions at the workplace. Hazardous conditions which may be violative of the Act will ordinarily be corrected by the employer, once brought to his attention. If corrections are not accomplished, or if there is dispute about the existence of a hazard, the employee will normally have opportunity to request inspection of the workplace pursuant to Section 34A-6-301 of the Act, or to seek the assistance of other public agencies which have responsibility in the field of safety and health. Under such circumstances, therefore, an employer would not ordinarily be in violation of Section 34A-6-203 by taking action to discipline an employee for refusing to perform normal job activities because of alleged safety or health hazards.

a. Occasions might arise when an employee is confronted with a choice between not performing assigned tasks or subjecting himself to serious injury or death arising from a hazardous condition at the workplace. If the employee, with no reasonable alternative, refuses in good faith to expose himself to the dangerous condition, he would be protected against subsequent discrimination. The condition causing the employee's apprehension of death or injury must be of such a nature that a reasonable person, under the circumstances then confronting the employee, would conclude that there is a real danger of death or serious injury and that there is insufficient time, due to the urgency of the situation, to eliminate the danger through resort to regular statutory enforcement channels. In addition, in such circumstances, the employee, where possible, must also have sought from his employer, and been unable to obtain, a correction of the dangerous condition.

I. Procedures - Filing of complaint for discrimination.

1. Who may file. A complaint of Section 34A-6-203 discrimination may be filed by the employee himself, or by a representative authorized to do so on his behalf.

2. Nature of filing. No particular form of complaint is required.

3. Place of filing. Complaint should be filed with the Administrator, Division of Occupational Safety and Health, Labor Commission, 160 East 300 South, Salt Lake City, Utah 84114-6650, Telephone 530-6901.

4. Time for filing.

a. Section 34A-6-203(2)(b) provides protection for an employee who believes that he has been discriminated against.

b. A major purpose of the 30-day period in this provision is to allow the Administrator to decline to entertain complaints which have become stale. Accordingly, complaints not filed within 30 days of an alleged violation will ordinarily be presumed to be untimely.

c. However, there may be circumstances which would

justify tolling of the 30-day period on recognized equitable principles or because of strongly extenuating circumstances, e.g., where the employer has concealed, or misled the employee regarding the grounds for discharge or other adverse action; where the employee has, within the 30-day period, resorted in good faith to grievance-arbitration proceedings under a collective bargaining agreement or filed a complaint regarding the same general subject with another agency; where the discrimination is in the nature of a continuing violation. In the absence of circumstances justifying a tolling of the 30-day period, untimely complaints will not be processed.

J. Notification of administrator's determination.

The Administrator is to notify a complainant within 90 days of the complaint of his determination whether prohibited discrimination has occurred. This 90-day provision is considered directory in nature. While every effort will be made to notify complainants of the Administrator's determination within 90 days, there may be instances when it is not possible to meet the directory period set forth in this section.

K. Withdrawal of complaint.

Enforcement of the provisions of Section 34A-6-203 is not only a matter of protecting rights of individual employees, but also of public interest. Attempts by an employee to withdraw a previously filed complaint will not necessarily result in termination of the Administrator's investigation. The Administrator's jurisdiction cannot be foreclosed as a matter of law by unilateral action of the employee. However, a voluntary and uncoerced request from a complainant to withdraw his complaint will be given careful consideration and substantial weight as a matter of policy and sound enforcement procedure.

L. Arbitration or other agency proceedings.

1. An employee who files a complaint under Section 34A-6-203(2) of the Act may also pursue remedies under grievance arbitration proceedings in collective bargaining agreements. In addition, the complainant may concurrently resort to other agencies for relief, such as the National Labor Relations Board. The Administrator's jurisdiction to entertain Section 34A-6-203 complaints, to investigate, and to determine whether discrimination has occurred, is independent of the jurisdiction of other agencies or bodies. The Administrator may file action in district court regardless of the pendency of other proceedings.

2. However, the Administrator also recognizes the policy favoring voluntary resolution of disputes under procedures in collective bargaining agreements. (See, e.g., *Boy's Market, Inc. v. Retail Clerks*, 398 U.S. 235 (1970); *Republic Steel Corp. v. Maddox*, 379 U.S. 650 (1965); *Carey v. Westinghouse Electric Co.*, 375 U.S. 261 (1964); *Collier Insulated Wire*, 192 NLRB No. 150 (1971).) By the same token, due deference should be paid to the jurisdiction of other forums established to resolve disputes which may also be related to Section 34A-6-203 complaints.

3. Where a complainant is in fact pursuing remedies other than those provided by Section 34A-6-203, postponement of the Administrator's determination and deferral to the results of such proceedings may be in order. (See, *Burlington Truck Lines, Inc., v. U.S.*, 371 U.S. 156 (1962).)

4. Postponement of determination. Postponement of determination would be justified where the rights asserted in other proceedings are substantially the same as rights under Section 34A-6-203 and those proceedings are not likely to violate the rights guaranteed by Section 34A-6-203. The factual issues in such proceedings must be substantially the same as those raised by Section 34A-6-203 complaint, and the forum hearing the matter must have the power to determine the ultimate issue of discrimination. (See, *Rios v. Reynolds Metals Co.*, F. 2d (5th Cir., 1972), 41 U.S.L.W. 1049 (October 10, 1972); *Newman v. Avco Corp.*, 451 F. 2d 743 (6th Cir., 1971).)

5. Deferral to outcome of other proceedings. A determination to defer to the outcome of other proceedings

initiated by a complainant must necessarily be made on a case-to-case basis, after careful scrutiny of all available information. Before deferring to the results of other proceedings, it must be clear that those proceedings dealt adequately with all factual issues, that the proceedings were fair, regular, and free of procedural infirmities, and that the outcome of the proceedings was not repugnant to the purpose and policy of the Act. In this regard, if such other actions initiated by a complainant are dismissed without adjudicative hearing thereof, such dismissal will not ordinarily be regarded as determinative of the Section 34A-6-203 complaint.

M. Employee refusal to comply with safety rules.

Employees who refuse to comply with occupational safety and health standards or valid safety rules implemented by the employer in furtherance of the Act are not exercising any rights afforded by the Act. Disciplinary measures taken by employers solely in response to employee refusal to comply with appropriate safety rules and regulations, will not ordinarily be regarded as discriminatory action prohibited by Section 34A-6-203. This situation should be distinguished from refusals to work, as discussed in R614-1-10.H.

R614-1-11. Rules of Agency Practice and Procedure Concerning UOSH Access to Employee Medical Records.

A. Policy.

UOSH access to employee medical records will in certain circumstances be important to the agency's performance of its statutory functions. Medical records, however, contain personal details concerning the lives of employees. Due to the substantial personal privacy interests involved, UOSH authority to gain access to personally identifiable employee medical information will be exercised only after the agency has made a careful determination of its need for this information, and only with appropriate safeguards to protect individual privacy. Once this information is obtained, UOSH examination and use of it will be limited to only that information needed to accomplish the purpose for access. Personally identifiable employee medical information will be retained by UOSH only for so long as needed to accomplish the purpose for access, will be kept secure while being used, and will not be disclosed to other agencies or members of the public except in narrowly defined circumstances. This section establishes procedures to implement these policies.

B. Scope.

1. Except as provided in paragraphs R614-1-11.B.3. through 6. below, this rule applies to all requests by UOSH personnel to obtain access to records in order to examine or copy personally identifiable employee medical information, whether or not pursuant to the access provision of R614-1-12.D.

2. For the purposes of this rule, "personally identifiable employee medical information" means employee medical information accompanied by either direct identifiers (name, address, social security number, payroll number, etc.) or by information which could reasonably be used in the particular circumstances indirectly to identify specific employees (e.g., exact age, height, weight, race, sex, date of initial employment, job title, etc.).

3. This rule does not apply to UOSH access to, or the use of, aggregate employee medical information or medical records on individual employees which is not a personally identifiable form. This section does not apply to records required by R614-1-8 to death certificates, or to employee exposure records, including biological monitoring records defined by R614-1-3.M. or by specific occupational safety and health standards as exposure records.

4. This rule does not apply where UOSH compliance personnel conduct an examination of employee medical records solely to verify employer compliance with the medical surveillance record keeping requirements of an occupational

safety and health standard, or with R614-1-12. An examination of this nature shall be conducted on-site and, if requested, shall be conducted under the observation of the record holder. The UOSH compliance personnel shall not record and take off-site any information from medical records other than documentation of the fact of compliance or non-compliance.

5. This rule does not apply to agency access to, or the use of, personally identifiable employee medical information obtained in the course of litigation.

6. This rule does not apply where a written directive by the Administrator authorizes appropriately qualified personnel to conduct limited reviews of specific medical information mandated by an occupational safety and health standard, or of specific biological monitoring test results.

7. Even if not covered by the terms of this rule, all medically related information reported in a personally identifiable form shall be handled with appropriate discretion and care befitting all information concerning specific employees. There may, for example, be personal privacy interests involved which militate against disclosure of this kind of information to the public.

C. Responsible persons.

1. UOSH Administrator. The Administrator of the Division of Occupational Safety and Health of the Labor Commission shall be responsible for the overall administration and implementation of the procedures contained in this rule, including making final UOSH determinations concerning:

a. Access to personally identifiable employee medical information, and

b. Inter-agency transfer or public disclosure of personally identifiable employee medical information.

2. UOSH Medical Records Officer. The Administrator shall designate a UOSH official with experience or training in the evaluation, use, and privacy protection of medical records to be the UOSH Medical Records Officer. The UOSH Medical Records Officer shall report directly to the Administrator on matters concerning this section and shall be responsible for:

a. Making recommendations to the Administrator as to the approval or denial of written access orders.

b. Assuring that written access orders meet the requirements of paragraphs R614-1-11.D.2. and 3. of this rule.

c. Responding to employee, collective bargaining agent, and employer objections concerning written access orders.

d. Regulating the use of direct personal identifiers.

e. Regulating internal agency use and security of personally identifiable employee medical information.

f. Assuring that the results of agency analyses of personally identifiable medical information are, where appropriate, communicated to employees.

g. Preparing an annual report of UOSH's experience under this rule.

h. Assuring that advance notice is given of intended inter-agency transfers or public disclosures.

3. Principal UOSH Investigator. The Principal UOSH Investigator shall be the UOSH employee in each instance of access to personally identifiable employee medical information who is made primarily responsible for assuring that the examination and use of this information is performed in the manner prescribed by a written access order and the requirements of this section. When access is pursuant to a written access order, the Principal UOSH Investigator shall be professionally trained in medicine, public health, or allied fields (epidemiology, toxicology, industrial hygiene, bio-statistics, environmental health, etc.)

D. Written access orders.

1. Requirement for written access order. Except as provided in paragraph R614-1-11.D.4. below, each request by a UOSH representative to examine or copy personally identifiable employee medical information contained in a record held by an

employer or other record holder shall be made pursuant to a written access order which has been approved by the Administrator upon the recommendation of the UOSH Medical Records Officer. If deemed appropriate, a written access order may constitute, or be accompanied by an administrative subpoena.

2. Approval criteria for written access order. Before approving a written access order, the Administrator and the UOSH Medical Records Officer shall determine that:

a. The medical information to be examined or copied is relevant to a statutory purpose and there is a need to gain access to this personally identifiable information.

b. The personally identifiable medical information to be examined or copied is limited to only that information needed to accomplish the purpose for access, and

c. The personnel authorized to review and analyze the personally identifiable medical information are limited to those who have a need for access and have appropriate professional qualifications.

3. Content of written access order. Each written access order shall state with reasonable particularity:

a. The statutory purposes for which access is sought.

b. The general description of the kind of employee medical information that will be examined and why there is a need to examine personally identifiable information.

c. Whether medical information will be examined on-site, and what type of information will be copied and removed off-site.

d. The name, address, and phone number of the Principal UOSH Investigator and the names of any other authorized persons who are expected to review and analyze the medical information.

e. The name, address, and phone number of the UOSH Medical Records Officer, and

f. The anticipated period of time during which UOSH expects to retain the employee medical information in a personally identifiable form.

4. Special situations. Written access orders need not be obtained to examine or copy personally identifiable employee medical information under the following circumstances:

a. Specific written consent. If the specific written consent of an employee is obtained pursuant to R614-1-12.D., and the agency or an agency employee is listed on the authorization as the designated representative to receive the medical information, then a written access order need not be obtained. Whenever personally identifiable employee medical information is obtained through specific written consent and taken off-site, a Principal UOSH Investigator shall be promptly named to assure protection of the information, and the UOSH Medical Records Officer shall be notified of this person's identity. The personally identifiable medical information obtained shall thereafter be subject to the use and security requirements of paragraphs R614-1-11.H.

b. Physician consultations. A written access order need not be obtained where a UOSH staff or contract physician consults with an employer's physician concerning an occupational safety or health issue. In a situation of this nature, the UOSH physician may conduct on-site evaluation of employee medical records in consultation with the employer's physician, and may make necessary personal notes of his or her findings. No employee medical records however, shall be taken off-site in the absence of a written access order or the specific written consent of an employee, and no notes of personally identifiable employee medical information made by the UOSH physician shall leave his or her control without the permission of the UOSH Medical Records Officer.

E. Presentation of written access order and notice to employees.

1. The Principal UOSH Investigator, or someone under his or her supervision, shall present at least two (2) copies each of

the written access order and an accompanying cover letter to the employer prior to examining or obtaining medical information subject to a written access order. At least one copy of the written access order shall not identify specific employees by direct personal identifier. The accompanying cover letter shall summarize the requirements of this section and indicate that questions or objections concerning the written access order may be directed to the Principal UOSH Investigator or to the UOSH Medical Records Officer.

2. The Principal UOSH Investigator shall promptly present a copy of the written access order (which does not identify specific employees by direct personal identifier) and its accompanying cover letter to each collective bargaining agent representing employees whose medical records are subject to the written access order.

3. The Principal UOSH Investigator shall indicate that the employer must promptly post a copy of the written access order which does not identify specific employees by direct personal identifier, as well as post its accompanying cover letter.

4. The Principal UOSH Investigator shall discuss with any collective bargaining agent and with the employer the appropriateness of individual notice to employees affected by the written access order. Where it is agreed that individual notice is appropriate, the Principal UOSH Investigator shall promptly provide to the employer an adequate number of copies of the written access order (which does not identify specific employees by direct personal identifier) and its accompanying cover letter to enable the employer either to individually notify each employee or to place a copy in each employee's medical file.

F. Objections concerning a written access order. All employees, collective bargaining agents, and employer written objections concerning access to records pursuant to a written access order shall be transmitted to the UOSH Medical Records Officer. Unless the agency decides otherwise, access to the record shall proceed without delay notwithstanding the lodging of an objection. The UOSH Medical Records Officer shall respond in writing to each employee's and collective bargaining agent's written objection to UOSH access. Where appropriate, the UOSH Medical Records Officer may revoke a written access order and direct that any medical information obtained by it be returned to the original record holder or destroyed. The principal UOSH Investigator shall assure that such instructions by the UOSH Medical Records Officer are promptly implemented.

G. Removal of direct personal identifiers. Whenever employees medical information obtained pursuant to a written access order is taken off-site with direct personal identifiers included, the Principal UOSH Investigator shall, unless otherwise authorized by the UOSH Medical Records Officer, promptly separate all direct personal identifiers from the medical information, and code the medical information and the list of direct identifiers with a unique identifying number of each employee. The medical information with its numerical code shall thereafter be used and kept secured as though still in a directly identifiable form. The Principal UOSH Investigator shall also hand deliver or mail the list of direct personal identifiers with their corresponding numerical codes to the UOSH Medical Records Officer. The UOSH Medical Records Officer shall thereafter limit the use and distribution of the list of coded identifiers to those with a need to know its contents.

H. Internal agency use of personally identifiable employee medical information.

1. The Principal UOSH Investigator shall in each instance of access be primarily responsible for assuring that personally identifiable employee medical information is used and kept secured in accordance with this section.

2. The Principal UOSH Investigator, the UOSH Medical Records Officer, the Administrator, and any other authorized person listed on a written access order may permit the examination or use of personally identifiable employee medical

information by agency employees and contractors who have a need for access, and appropriate qualifications for the purpose for which they are using the information. No UOSH employee or contractor is authorized to examine or otherwise use personally identifiable employee medical information unless so permitted.

3. Where a need exists, access to personally identifiable employee medical information may be provided to attorneys in the office of the State Attorney General, and to agency contractors who are physicians or who have contractually agreed to abide by the requirements of this section and implementing agency directives and instructions.

4. UOSH employees and contractors are only authorized to use personally identifiable employee medical information for the purposes for which it was obtained, unless the specific written consent of the employee is obtained as to a secondary purpose, or the procedures of R614-1-11.D. through G. are repeated with respect to the secondary purpose.

5. Whenever practicable, the examination of personally identifiable employee medical information shall be performed on-site with a minimum of medical information taken off-site in a personally identifiable form.

I. Security procedures.

1. Agency files containing personally identifiable employee medical information shall be segregated from other agency files. When not in active use, files containing this information shall be kept secured in a locked cabinet or vault.

2. The UOSH Medical Records Officer and the Principal UOSH Investigator shall each maintain a log of uses and transfers of personally identifiable employee medical information and lists of coded direct personal identifiers, except as to necessary uses by staff under their direct personal supervision.

3. The photocopying or other duplication of personally identifiable employee medical information shall be kept to the minimum necessary to accomplish the purposes for which the information was obtained.

4. The protective measures established by this rule apply to all worksheets, duplicate copies, or other agency documents containing personally identifiable employee medical information.

5. Intra-agency transfers of personally identifiable employee medical information shall be by hand delivery, United States mail, or equally protective means. Inter-office mailing channels shall not be used.

J. Retention and destruction of records.

1. Consistent with UOSH records disposition programs, personally identifiable employee medical information and lists of coded direct personal identifiers shall be destroyed or returned to the original record holder when no longer needed for the purposes for which they were obtained.

2. Personally identifiable employee medical information which is currently not being used actively but may be needed for future use shall be transferred to the UOSH Medical Records Officer. The UOSH Medical Records Officer shall conduct an annual review of all centrally-held information to determine which information is no longer needed for the purposes for which it was obtained.

K. Results of an agency analysis using personally identifiable employee medical information.

1. The UOSH Medical Records Officer shall, as appropriate, assure that the results of an agency analysis using personally identifiable employee medical information are communicated to the employees whose personal medical information was used as a part of the analysis.

2. Annual report. The UOSH Medical Records Officer shall on an annual basis review UOSH's experience under this section during the previous year, and prepare a report to the UOSH Administrator which shall be made available to the

public. This report shall discuss:

a. The number of written access orders approved and a summary of the purposes for access;

b. The nature and disposition of employee; collective bargaining agent, and employer written objections concerning UOSH access to personally identifiable employee medical information; and

c. The nature and disposition of requests for inter-agency transfer or public disclosure of personally identifiable employee medical information.

L. Inter-agency transfer and public disclosure.

1. Personally identifiable employee medical information shall not be transferred to another agency or office outside of UOSH (other than to The Attorney General's Office) or disclosed to the public (other than to the affected employee or the original record holder) except when required by law or when approved by the Administrator.

2. Except as provided in paragraph R614-1-11.L.3. below, the Administrator shall not approve a request for an inter-agency transfer of personally identifiable employee medical information, which has not been consented to by the affected employees, unless the request is by a public health agency which:

a. Needs the requested information in a personally identifiable form for a substantial public health purpose;

b. Will not use the requested information to make individual determinations concerning affected employees which could be to their detriment;

c. Has regulations or established written procedures providing protection for personally identifiable medical information substantially equivalent to that of this section; and

d. Satisfies an exemption to the Privacy Act to the extent that the Privacy Act applies to the requested information (See 5 U.S.C. 552a(b); 29 CFR 70a.3).

3. Upon the approval of the Administrator, personally identifiable employee medical information may be transferred to:

a. The National Institute for Occupational Safety and Health (NIOSH).

b. The Department of Justice when necessary with respect to a specific action under the federal Occupational Safety and Health Act of 1970 and Utah Occupational Safety and Health Act of 1973.

4. The Administrator shall not approve a request for public disclosure of employee medical information containing direct personal identifiers unless there are compelling circumstances affecting the health or safety of an individual.

5. The Administrator shall not approve a request for public disclosure of employee medical information which contains information which could reasonably be used indirectly to identify specific employees when the disclosure would constitute a clearly unwarranted invasion of personal privacy.

6. Except as to inter-agency transfers to NIOSH or the State Attorney General's Office, the UOSH Medical Records Officer shall assure that advance notice is provided to any collective bargaining agent representing affected employees and to the employer on each occasion that UOSH intends to either transfer personally identifiable employee medical information to another agency or disclose it to a member of the public other than to an affected employee. When feasible, the UOSH Medical Records Officer shall take reasonable steps to assure that advance notice is provided to affected employees when the employee medical information to be released or disclosed contains direct personal identifiers.

M. Effective date.

This rule shall become effective on January 15, 1981.

R614-1-12. Access to Employee Exposure and Medical Records.

A. Purpose.

To provide employees and their designated representatives

a right of access to relevant exposure and medical records, and to provide representatives of the Administrator a right of access to these records in order to fulfill responsibilities under the Utah Occupational Safety and Health Act. Access by employees, their representatives, and the Administrator is necessary to yield both direct and indirect improvements in the detection, treatment, and prevention of occupational disease. Each employer is responsible for assuring compliance with this Rule, but the activities involved in complying with the access to medical records provisions can be carried out, on behalf of the employer, by the physician or other health care personnel in charge of employee medical records. Except as expressly provided, nothing in this Rule is intended to affect existing legal and ethical obligations concerning the maintenance and confidentiality of employee medical information, the duty to disclose information to a patient/employee or any other aspect of the medical-care relationship, or affect existing legal obligations concerning the protection of trade secret information.

B. Scope.

1. This rule applies to each general industry, maritime, and construction employer who makes, maintains, contracts for, or has access to employee exposure or medical records, or analyses thereof, pertaining to employees exposed to toxic substances or harmful physical agents.

2. This rule applies to all employee exposure and medical records, and analyses thereof, of employees exposed to toxic substances or harmful physical agents, whether or not the records are related to specific occupational safety and health standards.

3. This rule applies to all employee exposure and medical records, and analyses thereof, made or maintained in any manner, including on an in-house or contractual (e.g., fee-for-service) basis. Each employer shall assure that the preservation and access requirements of this rule are complied with regardless of the manner in which records are made or maintained.

C. Preservation of records.

1. Unless a specific occupational safety and health standard provides a different period of time, each employer shall assure the preservation and retention of records as follows:

a. Employee medical records. Each employee medical record shall be preserved and maintained for at least the duration of employment plus thirty (30) years, except that health insurance claims records maintained separately from the employer's medical program and its records need not be retained for any specified period.

b. Employee exposure records. Each employee exposure record shall be preserved and maintained for at least thirty (30) years, except that:

(1) Background data to environmental (workplace) monitoring or measuring, such as laboratory reports and worksheets, need only be retained for one (1) year so long as the sampling results, the collection methodology (sampling plan), a description of the analytical and mathematical methods used, and a summary of other background data relevant to interpretation of the results obtained, are retained for at least thirty (30) years; and

(2) Material safety data sheets and paragraph R614-1-3.M.4. records concerning the identity of a substance or agent need not be retained for any specified period as long as some record of the identity (chemical name if known) of the substance or agent, where it was used, and when it was used is retained for at least thirty (30) years; and

c. Analyses using exposure or medical records. Each analysis using exposure or medical records shall be preserved and maintained for at least thirty (30) years.

2. Nothing in this rule is intended to mandate the form, manner, or process by which an employer preserves a record so long as the information contained in the record is preserved and retrievable, except that X-ray films shall be preserved in their

original state.

D. Access to records.

1. Whenever an employee or designated representative requests access to a record, the employer shall assure that access is provided in a reasonable time, place, and manner, but in no event later than fifteen (15) days after the request for access is made.

2. Whenever an employee or designated representative requests a copy of a record, the employer shall, within the period of time previously specified, assure that either:

a. A copy of the record is provided without cost to the employee or representative;

b. The necessary mechanical copying facilities (e.g., photocopying) are made available without cost to the employee or representative for copying the record; or

c. The record is loaned to the employee or representative for a reasonable time to enable a copy to be made.

3. Whenever a record has been previously provided without cost to an employee or designated representative, the employer may charge reasonable, non-discriminatory administrative costs (i.e., search and copy expenses but not including overhead expenses) for a request by the employee or designated representative for additional copies of the record, except that:

a. An employer shall not charge for an initial request for a copy of new information that has been added to a record which was previously provided; and

b. An employer shall not charge for an initial request by a recognized or certified collective bargaining agent for a copy of an employee exposure record or an analysis using exposure or medical records.

4. Nothing in this rule is intended to preclude employees and collective bargaining agents from collectively bargaining to obtain access to information in addition to that available under this rule.

5. Employee and designated representative access.

a. Employee exposure records. Each employer shall, upon request, assure the access of each employee and designated representative to employee exposure records relevant to the employee. For the purpose of this rule exposure records relevant to the employee consist of:

(1) Records of the employee's past or present exposure to toxic substances or harmful physical agents,

(2) Exposure records of other employees with past or present job duties or working conditions related to or similar to those of the employee,

(3) Records containing exposure information concerning the employee's workplace or working conditions, and

(4) Exposure records pertaining to workplaces or working conditions to which the employee is being assigned or transferred.

b. Employee medical records.

(1) Each employer shall, upon request, assure the access of each employee to employee medical records of which the employee is the subject, except as provided in R614-1-12.D.4.

(2) Each employer shall, upon request, assure the access of each designated representative to the employee medical records of any employee who has given the designated representative specific written consent. R614-1-12A., Appendix A to R614-1-12., contains a sample form which may be used to establish specific written consent for access to employee medical records.

(3) Whenever access to employee medical records is requested, a physician representing the employer may recommend that the employee or designated representative:

(a) Consult with the physician for the purposes of reviewing and discussing the records requested;

(b) Accept a summary of material facts and opinions in lieu of the records requested; or

(c) Accept release of the requested records only to a

physician or other designated representative.

(4) Whenever an employee requests access to his or her employee medical records, and a physician representing the employer believes that direct employee access to information contained in the records regarding a specific diagnosis of a terminal illness or a psychiatric condition could be detrimental to the employees health, the employer may inform the employee that access will only be provided to a designated representative of the employee having specific written consent, and deny the employee's request for direct access to this information only. Where a designated representative with specific written consent requests access to information so withheld, the employer shall assure the access of the designated representative to this information, even when it is known that the designated representative will give the information to the employee.

(5) Nothing in this rule precludes physician, nurse, or other responsible health care personnel maintaining employee medical records from deleting from requested medical records the identity of a family member, personal friend, or fellow employee who has provided confidential information concerning an employee's health status.

c. Analysis using exposure or medical records.

(1) Each employer shall, upon request, assure the access of each employee and designated representative to each analysis using exposure or medical records concerning the employee's working conditions or workplace.

(2) Whenever access is requested to an analysis which reports the contents of employee medical records by either direct identifier (name, address, social security number, payroll number, etc.) or by information which could reasonably be used under the circumstances indirectly to identify specific employees (exact age, height, weight, race, sex, date of initial employment, job title, etc.) the employer shall assure that personal identifiers are removed before access is provided. If the employer can demonstrate that removal of personal identifiers from an analysis is not feasible, access to the personally identifiable portions of analysis need not be provided.

(3) UOSH access.

(a) Each employer shall, upon request, assure the immediate access of representatives of the Administrator to employee exposure and medical records and to analysis using exposure or medical records. Rules of agency practice and procedure governing UOSH access to employee medical records are contained in R614-1-8.

(b) Whenever UOSH seeks access to personally identifiable employee medical information by presenting to the employer a written access order pursuant to R614-1-8, the employer shall prominently post a copy of the written access order and its accompanying cover letter for at least fifteen (15) working days.

E. Trade Secrets.

1. Except as provided in paragraph R614-1-12.E.2., nothing in this rule precludes an employer from deleting from records requested by an employee or designated representative any trade secret data which discloses manufacturing processes, or discloses the percentage of a chemical substance in a mixture, as long as the employee or designated representative is notified that information has been deleted. Whenever deletion of trade secret information substantially impairs evaluation of the place where or the time when exposure to a toxic substance or harmful physical agent occurred, the employer shall provide alternative information which is sufficient to permit the employee to identify where and when exposure occurred.

2. Notwithstanding any trade secret claims, whenever access to records is requested, the employer shall provide access to chemical or physical agent identities including chemical names, levels of exposure, and employee health status data contained in the requested records.

3. Whenever trade secret information is provided to an

employee or designated representative, the employer may require, as a condition of access, that the employee or designated representative agree in writing not to use the trade secret information for the purpose of commercial gain and not to permit misuse of the trade secret information by a competitor or potential competitor of the employer.

F. Employee information.

1. Upon an employee's first entering into employment, and at least annually thereafter, each employer shall inform employees exposed to toxic substances or harmful physical agents of the following:

- a. The existence, location, and availability of any records covered by this rule;
- b. The person responsible for maintaining and providing access to records; and
- c. Each employee's right of access to these records.

2. Each employer shall make readily available to employees a copy of this rule and its appendices, and shall distribute to employees any informational materials concerning this rule which are made available to the employer by the Administrator.

G. Transfer of Records

1. Whenever an employer is ceasing to do business, the employer shall transfer all records subject to this Rule to the successor employer. The successor employer shall receive and maintain these records.

2. Whenever an employer is ceasing to do business and there is no successor employer to receive and maintain the records subject to this standard, the employer shall notify affected employees of their rights of access to records at least three (3) months prior to the cessation of the employer's business.

3. Whenever an employer either is ceasing to do business and there is no successor employer to receive and maintain the records, or intends to dispose of any records required to be preserved for at least thirty (30) years, the employer shall:

- a. Transfer the records to the Director of the National Institute for Occupational Safety and Health (NIOSH) if so required by a specific occupational safety and health standard; or
- b. Notify the Director of NIOSH in writing of the impending disposal of records at least three (3) months prior to the disposal of the records.

4. Where an employer regularly disposes of records required to be preserved for at least thirty (30) years, the employer may, with at least (3) months notice, notify the Director of NIOSH on an annual basis of the records intended to be disposed of in the coming year.

a. Appendices. The information contained in the appendices to this rule is not intended, by itself, to create any additional obligations not otherwise imposed by this rule nor detract from any existing obligation.

H. Effective date. This rule shall become effective on December 5, 1980. All obligations of this rule commence on the effective date except that the employer shall provide the information required under R614-1-12.F.1. to all current employees within sixty (60) days after the effective date.

R614-1-12A. Appendix A to R614-1-12 SAMPLE.

Authorization letter for the Release of Employee Medical Record Information to Designated Representative.

I, (full name of worker/patient), hereby authorize (individual or organization holding the medical records), to release to (individual or organization authorized to receive the medical information), the following medical information from my personal medical records: (Describe generally the information desired to be released).

I give my permission for this medical information to be used for the following purpose:, but I do not give permission for any other use or re-disclosure of this information.

(Note---Several extra lines are provided below so that you can place additional restrictions on this authorization letter if you want to. You may, however, leave these lines blank. On the other hand, you may want to (1) specify a particular expiration date for this letter (if less than one year); (2) describe medical information to be created in the future that you intend to be covered by this authorization letter, or (3) describe portions of the medical information in your records which you do not intend to be released as a result of this letter.)

Full name of Employee or Legal Representative
Signature of Employee or Legal Representative
Date of Signature

R614-1-12B. Appendix B to R614-1-12 Availability of NIOSH Registry of Toxic Effects of Chemical Substances (RTECS).

R614-1-12 applies to all employee exposure and medical records, and analysis thereof, of employees exposed to toxic substances or harmful physical agents (see R614-1-12.B.2.). The term "toxic substance" or "harmful physical agent" is defined by paragraph R614-1-3.FF. to encompass chemical substances, biological agents, and physical stresses for which there is evidence of harmful health effects. The standard uses the latest printed edition of the National Institute for Occupational Safety and Health (NIOSH) Registry of Toxic Effects of Chemical Substances (RTECS) as one of the chief sources of information as to whether evidence of harmful health effects exists. If a substance is listed in the latest printed RTECS, the standard applies to exposure and medical records (and analysis of these records) relevant to employees exposed to the substances.

It is appropriate to note that the final standard does not require that employers purchase a copy of RTECS and many employers need not consult RTECS to ascertain whether their employee exposure or medical records are subject to the standard. Employers who do not currently have the latest printed edition of the NIOSH RTECS, however, may desire to obtain a copy. The RTECS is issued in an annual printed edition as mandated by Rule 20(a)(6) of the Occupational Safety and Health Act (29 U.S.C. 669 (a)(6)). The 1978 edition is the most recent printed edition as of May 1, 1980. Its Forward and Introduction describes the RTECS as follows:

"The annual publication of a list of known toxic substances is a NIOSH mandate under the Occupational Safety and Health Act of 1970. It is intended to provide basic information on the known toxic and biological effects of chemical substances for the use of employers, employees, physicians, industrial hygienists, toxicologists, researchers, and, in general, anyone concerned with the proper and safe handling of chemicals. In turn, this information may contribute to a better understanding of potential occupational hazards by everyone involved and ultimately may help to bring about a more healthful workplace environment.

"This registry contains 142,247 listings of chemical substances: 33,929 are names of different chemicals with their associated toxicity data and 90,318 are synonyms. This edition includes approximately 7,500 new chemical compounds that did not appear in the 1977 Registry.

"The Registry's purposes are many, and it serves a variety of users. It is a single source document for basic toxicity information and for other data, such as chemical identifiers and information necessary for the preparation of safety directives and hazard evaluations for chemical substances. The various types of toxic effects linked to literature citations provide researchers and occupational health scientists with an introduction to the toxicological literature, making their own review of the toxic hazards of a given substance easier. By presenting data on the lowest reported doses that produce effects by several routes of entry in various species, the Registry furnishes valuable

information to those responsible for preparing safety data sheets for chemical substances in the workplace. Chemical and production engineers can use the Registry to identify the hazards which may be associated with chemical intermediates in the development of final products, and thus can more readily select substitutes or alternate processes which may be less hazardous.

"In this edition of the Registry, the editors intend to identify "all known toxic substances" which may exist in the environment and to provide pertinent data on the toxic effects from known does entering an organism by any route described. Data may be used for the evaluation of chemical hazards in the environment, whether they be in the workplace, recreation area, or living quarters.

"It must be reemphasized that the entry of a substance in the Registry does not automatically mean that it must be avoided. A listing does mean, however, that the substance has the documented potential of being harmful if misused, and care must be exercised to prevent tragic consequences."

The RTECS 1978 printed edition may be purchased for \$13.00 from the Superintendent of Documents, U.S. Government Printing Office (GPO), Washington, D.C. 20402 (202-783-3238) (GPO Stock No. 017-033-00346-7). The 1979 printed edition is anticipated to be issued in the summer of 1980. Some employers may also desire to subscribe to the quarterly update to the RTECS which is published in a microfiche edition. An annual subscription to the quarterly microfiche may be purchase from the GPO for \$14.00 (Order the "Microfiche Edition. Registry of Toxic Effects of Chemical Substances"). Both the printed edition and the microfiche edition of RTECS are available for review at many university and public libraries throughout the country. The latest RTECS editions may also be examined at OSHA Technical Data Center, Room N2439-Rear, United States Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210 (202-523-9700), or any OSHA Regional or Area Office (See major city telephone directories under United States Government-Labor Department).

KEY: safety
October 22, 2010
Notice of Continuation November 2, 2007

34A-6

R616. Labor Commission, Boiler and Elevator Safety.

R616-2. Boiler and Pressure Vessel Rules.

R616-2-1. Authority.

This rule is established pursuant to Title 34A, Chapter 7 for the purpose of establishing reasonable safety standards for boilers and pressure vessels to prevent exposure to risks by the public and employees.

R616-2-2. Definitions.

A. "ASME" means the American Society of Mechanical Engineers.

B. "Boiler inspector" means a person who is an employee of:

1. The Division who is authorized to inspect boilers and pressure vessels by having met nationally recognized standards of competency and having received the Commission's certificate of competency; or

2. An insurance company writing boiler and pressure vessel insurance in Utah who is deputized to inspect boilers and pressure vessels by having met nationally recognized standards of competency, receiving the Commission's certificate of competency, and having paid a certification fee.

C. "Commission" means the Labor Commission created in Section 34A-1-103.

D. "Division" means the Division of Boiler and Elevator Safety of the Labor Commission.

E. "National Board" means the National Board of Boiler and Pressure Vessel Inspectors.

F. "Nonstandard" means a boiler or pressure vessel that does not bear ASME and National Board stamping and registration.

G. "Owner/user agency" means any business organization operating pressure vessels in this state that has a valid owner/user certificate from the Commission authorizing self-inspection of unfired pressure vessels by its owner/user agents, as regulated by the Commission, and for which a fee has been paid.

H. "Owner/user agent" means an employee of an owner/user agency who is authorized to inspect unfired pressure vessels by having met nationally recognized standards of competency, receiving the Commission's certificate of competency, and having paid a certification fee.

R616-2-3. Safety Codes and Rules for Boilers and Pressure Vessels.

The following safety codes and rules shall apply to all boilers and pressure vessels in Utah, except those exempted pursuant to Section 34A-7-101, and are incorporated herein by this reference in this rule.

A. ASME Boiler and Pressure Vessel Code (2007).

1. Section I Rules for Construction of Power Boilers published July 1, 2007, the 2008 addenda published July 1, 2008, and the 2009b addenda published July 1, 2009.

2. Section IV Rules for Construction of Heating Boilers published July 1, 2007, the 2008 addenda published July 1, 2008, and the 2009b addenda published July 1, 2009.

3. Section VIII Rules for Construction of Pressure Vessels published July 1, 2007, the 2008 addenda published July 1, 2008, and the 2009b addenda published July 1, 2009.

B. Power Piping ASME B31.1 (2004), issued August 16, 2004.

C. Controls and Safety Devices for Automatically Fired Boilers ASME CSD-1-1998; the ASME CSD-1a-1999 addenda, issued March 10, 2000; and the ASME CSD-1b (2001) addenda, issued November 30, 2001.

D. National Board Inspection Code ANSI/NB-23 (2007) issued December 31, 2007.

E. NFPA 85 Boiler and Combustion Systems Hazard Code 2007 Edition.

F. Recommended Administrative Boiler and Pressure Vessel Safety Rules and Regulations NB-132 Rev. 4.

G. Pressure Vessel Inspection Code: Maintenance Inspection, Rating, Repair and Alteration API 510 Ninth Edition, June 2006. Except:

1. Section-8, and
2. Appendix-A.

R616-2-4. Quality Assurance for Boilers, Pressure Vessels and Power Piping.

A. Consistent with the requirements of the Commission and its predecessor agency since May 1, 1978, all boilers and pressure vessels installed on or after May 1, 1978 shall be registered with the National Board and the data plate must include the National Board number.

B. Pursuant to Section 34A-7-102(2), any boiler or pressure vessel of special design must be approved by the Division to ensure it provides a level of safety equivalent to that contemplated by the Boiler and Pressure Vessel Code of the ASME. Any such boiler or pressure vessel must thereafter be identified by a Utah identification number provided by the Division.

C. All steam piping, installed after May 1, 1978, which is external (from the boiler to the first stop valve for a single boiler and the second stop valve in a battery of two or more boilers having manhole openings) shall comply with Section 1 of the ASME Boiler and Pressure Vessel Code or ASME B31.1 Power Piping as applicable.

D. Nonstandard boilers or pressure vessels installed in Utah before July 1, 1999 may be allowed to continue in operation provided the owner can prove the equivalence of its design to the requirements of the ASME Boiler and Pressure Vessel Code. Nonstandard boilers or pressure vessels may not be relocated or moved.

E. Effective July 1, 1999, all boiler and pressure vessel repairs or alterations must be performed by an organization holding a valid Certificate of Authorization to use the "R" stamp from the National Board. Repairs to pressure relief valves shall be performed by an organization holding a valid Certificate of Authorization to use the "VR" stamp from the National Board.

R616-2-5. Code Applicability.

A. The safety codes which are applicable to a given boiler or pressure vessel installation are the latest versions of the codes in effect at the time the installation commenced.

B. If a boiler or pressure vessel is replaced, this is considered a new installation.

C. If a boiler or pressure vessel is relocated to another location or moved in its existing location, this is considered a new installation.

R616-2-6. Variances to Code Requirements.

A. In a case where the Division finds that the enforcement of any code would not materially increase the safety of employees or general public, and would work undue hardships on the owner or user, the Division may allow the owner or user a variance pursuant to Section 34A-7-102. Variances must be in writing to be effective, and can be revoked after reasonable notice is given in writing.

B. Persons who apply for a variance to a safety code requirement must present the Division with the rationale as to how their boiler or pressure vessel installation provides safety equivalent to the safety code.

C. No errors or omissions in these codes shall be construed as permitting any unsafe or unsanitary condition to exist.

R616-2-7. Boiler and Pressure Vessel Compliance Manual.

A. The Division shall develop and issue a safety code compliance manual for organizations and personnel involved in

the design, installation, operation and maintenance of boilers and pressure vessels in Utah.

B. This compliance manual shall be reviewed annually for accuracy and shall be re-issued on a frequency not to exceed two years.

C. If a conflict exists between the Boiler and Pressure Vessel compliance manual and a safety code adopted in R616-2-3, the code requirements will take precedence.

R616-2-8. Inspection of Boilers and Pressure Vessels.

A. It shall be the responsibility of the Division to make inspections of all boilers or pressure vessels operated within its jurisdiction, when deemed necessary or appropriate.

B. Boiler inspectors shall examine conditions in regards to the safety of the employees, public, machinery, ventilation, drainage, and into all other matters connected with the safety of persons using each boiler or pressure vessel, and when necessary give directions providing for the safety of persons in or about the same. For boilers or pressure vessels inspected by an inspector employed by the Division, the owner or user is required to freely permit entry, inspection, examination and inquiry, and to furnish a guide when necessary. For boilers or pressure vessels inspected by a deputy inspector employed by an insurance company, the deputy inspector's right of entry on the premises where the boiler or pressure vessel is located is subject to the agreement between the insurance company and the owner or operator of the boiler or pressure vessel. In the event an internal inspection of a boiler or pressure vessel is required the owner or user shall, at a minimum, prepare the boiler or pressure vessel by meeting the requirements of 29 CFR Part 1910.146 "Permit Required Confined Spaces" and 29 CFR Part 1910.147 "Control of Hazardous Energy (Lockout/Tagout)".

C. If the Division finds a boiler or pressure vessel complies with the safety codes and rules, the owner or user shall be issued a Certificate of Inspection and Permit to Operate.

D. If the Division finds a boiler or pressure vessel is not being operated in accordance with safety codes and rules, the owner or user shall be notified in writing of all deficiencies and shall be directed to make specific improvements or changes as are necessary to bring the boiler or pressure vessel into compliance.

E. Pursuant to Sections 34A-1-104, 34A-2-301 and 34A-7-102, if the improvements or changes to the boiler or pressure vessel are not made within a reasonable time, the boiler or pressure vessel is being operated unlawfully.

F. If the owner or user refuses to allow an inspection to be made, the boiler or pressure vessels is being operated unlawfully.

G. If the owner or user refuses to pay the required fee, the boiler or pressure vessel is being operated unlawfully.

H. If the owner or user operates a boiler or pressure vessel unlawfully, the Commission may order the boiler or pressure vessel operation to cease pursuant to Sections 34A-1-104 and 34A-7-103.

I. If, in the judgment of a boiler inspector, the lives or safety of employees or public are or may be endangered should they remain in the danger area, the boiler inspector shall direct that they be immediately withdrawn from the danger area, and the boiler or pressure vessel be removed from service until repairs have been made and the boiler or pressure vessel has been brought into compliance.

J. An owner/user agency may conduct self inspection of its own unfired pressure vessels with its own employees who are owner/user agents under procedures and frequencies established by the Division.

R616-2-9. Fees.

Fees to be charged as required by Section 34A-7-104 shall be adopted by the Labor Commission and approved by the Legislature pursuant to Section 63J-1-301(2).

R616-2-10. Notification of Installation, Revision, or Repair.

A. Before any boiler covered by this rule is installed or before major revision or repair, particularly welding, begins on a boiler or pressure vessel, the Division must be advised at least one week in advance of such installation, revision, or repair unless emergency dictates otherwise.

B. It is recommended that a business organization review its plans for purchase and installation, or of revision or repair, of a boiler or pressure vessel well in advance with the Division to ensure meeting code requirements upon finalization.

R616-2-11. Initial Agency Action.

Issuance or denial of a Certificate of Inspection and Permit to Operate by the Division, and orders or directives to make changes or improvements by the boiler inspector are informal adjudicative actions commenced by the agency per Section 63G-4-201.

R616-2-12. Presiding Officer.

The boiler inspector is the presiding officer referred to in Section 63G-4-201. If an informal hearing is requested pursuant to R616-2-13, the Commission shall appoint the presiding officer for that hearing.

R616-2-13. Request for Informal Hearing.

Within 30 days of issuance, any aggrieved person may request an informal hearing regarding the reasonableness of a permit issuance or denial or an order to make changes or improvements. The request for hearing shall contain all information required by Sections 63G-4-201(2)(a) and 63G-4-201(3).

R616-2-14. Classification of Proceeding for Purpose of Utah Administrative Procedures Act.

Any hearing held pursuant to R616-2-13 shall be informal and pursuant to the procedural requirements of Section 63G-4-203 and any agency review of the order issued after the hearing shall be per Section 63G-4-302. An informal hearing may be converted to a formal hearing pursuant to Section 63G-4-202(3).

R616-2-15. Deputy Boiler/Pressure Vessel Inspectors.

A. Purpose -- Section 34A-7-10 of the Safety Act ("the Act"; Title 34A, Chapter 7, Part One, Utah Code Annotated) permits the Division of Boiler, Elevator and Coal Mine Safety ("the Division") to authorize qualified individuals to inspect boilers and pressure vessels as "deputy inspectors." This rule sets forth the Division's procedures and standards for authorizing deputy inspectors, monitoring their performance, and suspending or revoking such authority when appropriate.

B. Initial appointment of deputy inspectors.

1. An applicant for initial Division authorization to inspect boilers and pressure vessels as a deputy inspector must satisfy the following requirements in the order listed below:

a. A company insuring boilers and pressure vessels in Utah ("sponsoring employer" hereafter) must submit a letter to the Division certifying that:

i. the applicant is employed by the sponsoring employer; and

ii. the sponsoring employer requests the Division authorize the applicant to inspect boilers and pressure vessels insured by that employer;

b. The applicant or sponsoring employer must submit to the Division a current, valid certification from the National Board of Boiler and Pressure Vessel Certification ("National Board") that the applicant is qualified to inspect boilers and pressure vessels;

c. The applicant or sponsoring employer must submit an application fee of \$25 to the Division;

d. The applicant must complete training for deputy

inspectors provided by the Division;

e. The applicant must pass an oral examination administered by the Division pertaining to boiler and pressure vessel inspection standards and processes; and

f. The applicant must pass a written, closed-book examination administered by the Division on the Division's boiler/Pressure Vessel Compliance Manual, Rules, and codes adopted;

2. Upon successful completion of the foregoing requirements, the Division will appoint the applicant as a deputy inspector and will issue credentials to that effect. The Division will also notify the sponsoring employer of the appointment.

3. Initial appointment as a deputy inspector terminates at the end of the calendar year in which such appointment is made unless a deputy inspector qualifies for reappointment under paragraph C of this rule.

C. Annual reappointment of deputy inspectors.

1. Effective January 1 of each year, the Division will renew the appointment of each deputy inspector for an additional year if the inspector satisfies the following requirements:

a. The individual was authorized to serve as a deputy inspector as of December 31 of the previous year;

b. A sponsoring employer has submitted a letter to the Division certifying that:

i. the individual is employed by the sponsoring employer; and

ii. The sponsoring employer requests the Division to reappoint that individual as a deputy inspector to inspect boilers and pressure vessels for that employer;

c. The individual or sponsoring employer has submitted to the Division a current, valid certification from the National Board establishing that the individual is qualified as a boiler and pressure vessel inspector;

d. The individual or sponsoring employer has submitted to the Division the required renewal fee of \$20;

e. The individual has completed the Division's required training for deputy inspectors.

2. An individual who does not meet each of the foregoing requirements is not eligible for reappointment as a deputy inspector and must instead meet each of the requirements for initial appointment under paragraph B of this rule.

D. Lapse, change of employment and loss of National Board certification.

1. Lapse. An individual's appointment as a deputy inspector will lapse if the individual:

a. Does not renew the appointment by satisfying the requirements of paragraph C of this rule;

b. Does not perform and submit to the Division at least one boiler or pressure vessel inspection during the previous calendar year; or

c. Fails to inform the Division of any change in status of employment with his or her sponsoring employer as required in the following paragraph D.2. of this rule.

2. Change in employment.

a. A deputy inspector must immediately notify the Division in writing of any change in the status of the inspector's employment with his or her sponsoring employer.

b. If the Division determines that an individual previously appointed as a deputy inspector is no longer employed by a company authorized to insure boilers and pressure vessels in Utah, the Division will immediately revoke that individual's appointment.

c. If the Division determines that a deputy inspector has changed employment to another company that insures boilers and pressure vessels in Utah, the Division will require the new employer or deputy inspector to submit the following:

i. A letter from the new employer;

AA. certifying that the individual is employed by that sponsoring employer; and

BB. requesting that the individual's appointment as a deputy inspector be continued;

ii. A current, valid certification as a boiler/pressure vessel inspector from the National Board; and

iii. Payment to the Division of the required fee of \$20.

3. National Board Certification.

a. Every deputy inspector shall at all times hold a current valid certification as a boiler/pressure vessel inspector from the National Board.

b. Each deputy inspector shall immediately notify the Division if his or her National Board certification has been revoked or suspended.

c. If the Division has reason to believe that a deputy inspector's National Board certification has been revoked or suspended, the Division will obtain written verification from the National Board. IF the National Board has in fact revoked or suspended the deputy inspector's certification, the Division will revoke the inspector's appointment as a deputy inspector.

E. Scope of authority. Appointment as a deputy inspector has the limited effect of authorizing the deputy inspector to inspect boilers and pressure vessels insured by his or her sponsoring employer for compliance with engineering codes and other standards adopted by the Division in Utah Administrative Code Rule R616-2. The Division expressly does not confer any other authority to deputy inspectors. Deputy inspectors remain employees of their respective sponsoring employers and are not employees of the Division or agents of the Division for any other purpose. A deputy inspector's right to inspect any particular boiler or pressure vessel, including the deputy inspector's right of entry on the premises where the boiler or pressure vessel is located, is subject to the agreement between the sponsoring employers and the owner or operator of the boiler or pressure vessel. Appointment as a deputy inspector by the Division does not confer any right of entry independent from the terms of such agreement.

F. Inspection Standards

1. In inspecting any boiler or pressure vessel, a deputy inspector shall apply the standards and engineering codes adopted in Utah Administrative Code R616-2 - Boiler and Pressure Vessel Rules.

2. Each deputy inspector must use the Division's web-based applications to accurately record and submit all information regarding boilers and pressure vessels, including;

a. inspection reports;

b. scrapped and inactive items;

c. information changes other than those requiring submission of a Change of Insurance Status Form (NB4); and

d. a Web Issue Form (Form WIF-01) to identify any error or other issue resulting from the deputy inspector's use of the Division's web-based applications.

G. Quality Control. The Division will evaluate the performance of each deputy inspector to assure compliance with the Division's standards for boiler and pressure vessel inspections.

1. The Division's Business Analyst will review each inspection report submitted by a deputy inspector and will report any serious errors to the Chief Boiler and Pressure Vessel Inspector ("Chief Inspector") for appropriate action.

2. Each year, the Chief Inspector will evaluate a sample of each deputy inspector's inspections performed during that year for compliance with Division standards.

3. In addition to the reviews undertaken pursuant to paragraph G.2. of this rule, the Chief Inspector will also investigate any observation or report of an inspection deficiency to determine whether the deputy inspector complied with Division standards and rules in performing and reporting the inspection.

H. Corrective Action, Revocation and Right to Hearing.

1. If the Chief Inspector concludes that a deputy inspector

does not satisfy requirements of this rule for continued appointment as a deputy inspector or has performed an inspection in a manner that is inconsistent with Division standards, the Chief Inspector will submit a written report and a recommendation for corrective action to the Division Director.

2. Depending on the circumstances and the seriousness of the situation, the Chief Inspector may recommend corrective action that includes;

a. warning letter;

b. requirements for additional training;

c. requirements for retesting;

d. request review by the National Board;

e. additional supervision; and

f. revocation of appointment as a deputy inspector.

3. The Division Director shall forward a copy of the Chief Inspector's written report and recommendation to the deputy inspector and the sponsoring employer. The Division Director shall also schedule time and place to conduct a hearing on the matter, such hearing to be conducted as an informal adjudicative proceeding under the Utah Administrative Procedures Act. After conducting such hearing, the Division Director will issue a written decision setting forth the material facts and ordering appropriate corrective action. The Division Director shall forward a copy of the decision to the deputy inspector, sponsoring employer, and the National Board.

4. If the deputy inspector or sponsoring employer is dissatisfied with the Division Director's decision, the inspector or sponsoring employer may seek judicial review as provided by the Utah Administrative Procedures Act.

51-7-15

Notice of Continuation October 6, 2010

R628. Money Management Council, Administration.
R628-11. Maximum Amount of Uninsured Public Funds Allowed to Be Held by Any Qualified Depository.

R628-11-1. Authority.

This rule is issued pursuant to Section 51-7-18.1.

R628-11-2. Scope.

This rule applies to all qualified depository institutions at which uninsured public funds may be held.

R628-11-3. Purpose.

This rule establishes a formula for determining the maximum amount of uninsured public funds that can safely be held by any qualified depository. The rule defines capital for each class of qualified depository institution, establishes a formula for calculating the maximum amount of uninsured public funds which can be held at a qualified depository institution, establishes a schedule for reduction of uninsured public deposits based on risk to public treasurers and establishes the frequency of public funds allotment adjustments.

R628-11-4. Definitions.

For the purposes of this rule:

A. "Tier one capital" means:

(1) For a federally insured commercial bank, thrift institution, industrial loan corporation or a savings and loan association, the same as defined in the Federal Deposit Insurance Act in CFR Chapter III Section 325.2 or the Office of Thrift Supervision in CFR Chapter V Section 565.2;

(2) For a federally insured credit union, the sum of undivided earnings, regular reserves, appropriations of undivided earnings referred to as "other reserves", and net income not already included in undivided earnings.

B. "Deposits" means: balances due to persons having an account at the qualified depository institution whether in the form of a transaction account, savings account, share account, or certificate of deposit and repurchase agreements other than qualifying repurchase agreements.

C. "Out of State" means: in reference to a depository institution or depository institution holding company, an institution or company whose home state is not Utah.

D. "Maximum amount" means: the amount of deposits in excess of the federal deposit insurance limit.

E. "Qualified depository" means: a Utah depository institution as defined in Subsection 7-1-103(36) or a out of state depository institution as defined in Subsection 7-1-103(25) which may conduct business in this state under Section 7-1-702, whose deposits are insured by an agency of the Federal Government and which has been certified by the Commissioner of Financial Institutions as having met the requirements to receive uninsured public funds.

F. "Transaction account" means: a deposit, account, or other contractual arrangement in which a depositor, account holder, or other customer is permitted, directly or indirectly, to make withdrawals by check or other negotiable instrument, a payment order of withdrawal, a telephone transfer or other electronic transfer or by any other means or device to make payments or transfer to third persons. This term includes demand deposits, NOW accounts, savings deposits subject to automatic transfers, and share draft accounts.

G. "Utah depository institution" means: a depository institution which is organized under the laws of, and whose home office is located in, this state or which is organized under the laws of the United States and whose home office is located in this state.

R628-11-5. General Rule.

A. Maximum Insured Public Funds

Any qualified depository may accept, receive, and hold

deposits of public funds without limitation, if the total amount of deposits from each public treasurer does not exceed the applicable federal depository insurance limit.

B. Maximum Deposits in Excess of the Federal Insurance Limits For Qualified Utah Depository Institutions

(1) For all qualified Utah depository institutions which receive a qualified opinion issued by an independent certified public accountant upon completion of an annual audit performed in accordance with generally accepted auditing standards, and for all qualified Utah depository institutions which do not have an audit conducted by an independent certified public accountant, the maximum amount of uninsured public funds which may be held shall be according to the following schedule:

TABLE 1

Ratio of Tier one Capital to Total Assets	Uninsured Public Funds Allotment		
5.0% or more	One	X	Capital
4.00% to 4.99%	.5	X	Capital
Less than 4.00%	None		

(2) A qualified Utah depository institution which receives an unqualified opinion issued by an independent certified public accountant upon completion of an annual audit performed in accordance with generally accepted auditing standards, may submit the audit report within 100 days of the date of the audit to the Department of Financial Institutions for review and the Commissioner of Financial Institutions must authorize that the ratios of Tier one capital to total assets applicable to the institution submitting the audit for determining the maximum amount of uninsured public funds allowed may be according to the following schedule:

TABLE 2

Ratio of Tier one Capital to Total Assets	Uninsured Public Funds Allotment		
5% or more	1.5	X	Capital
4.00% to 4.99%	.75	X	Capital
Less than 4.00%	None		

C. A qualified out-of-state depository institution will be treated as a qualified Utah depository subject to all the provisions of this section in determining its uninsured public funds allotment except that the uninsured public funds allotment will be reduced by multiplying by a factor of total deposits outstanding at Utah branches of the institution divided by the total deposits at the institution. Nothing in R628-11 shall prohibit an out-of-state depository institution from qualifying as a permitted out-of-state depository in accordance with R628-10.

R628-11-6. Responsibility to Monitor Balances.

Deposits in qualified depositories which are limited by R628-11-5(B) to the amount of federal deposit insurance must be monitored on a daily basis to assure that no public treasurer has deposit balances in excess of the federal insurance limit. The public treasurer making deposits and the qualified depository accepting deposits shall both be responsible to assure that the depositor's combined balance of all accounts stays within the federal insurance limit.

R628-11-7. Collateralization of Excess Uninsured Public Funds.

Pursuant to Section 51-7-18.1(5), the Money Management Council may require a qualified depository to pledge collateral security for deposits of uninsured public funds which exceed the uninsured public funds allotment established by this rule. Any pledging of collateral security required by the Money Management Council shall be in accordance with the provisions of the Money Management Act and the rules of the Money

Management Council.

R628-11-8. Frequency of Adjustment to the Uninsured Public Funds Allotment.

A. The uninsured public funds allotment for each qualified depository shall be established quarterly by the Council, based on the reports of condition filed with the Commissioner as of the close of the preceding quarter. The uninsured public funds allotments shall be established in accordance with the following:

TABLE 3

Report of Condition As Of:	Effective Date of Allotment
December 31	April 1
March 31	July 1
June 30	October 1
September 30	January 1

B. The Money Management Council may make interim adjustments in a qualified depository's uninsured public funds allotment if material changes in a qualified depository's financial condition have occurred or if there is a formal enforcement action by the federal or state regulator. These interim adjustments may include but are not limited to reducing a qualified depository's uninsured public funds allotment to zero if there is not sufficient collateral to cover uninsured public funds.

C. Any qualified depository that becomes subject to a formal enforcement action by any federal regulator shall notify the Council within twenty-four hours of the publication of the action taken by a federal regulator. Failure of a qualified depository to comply with this requirement to notify the Council may result in action taken by the Council to require collateralization of uninsured public funds in accordance with Section 51-7-18.1(5) and Section R628-11-7.

D. When a formal enforcement action has been modified or terminated by a federal regulator, the qualified depository shall notify the Council within twenty-four hours of the publication of the modification or termination of any action.

R628-11-9. Right to Petition the Council for Review.

A qualified depository may petition the Money Management Council in writing for review and reconsideration of its allotment within 10 business days of written notice of the establishment or modification of its uninsured public funds allotment. The Money Management Council shall rule on any petition for review and reconsideration at its next regularly scheduled meeting.

R628-11-10. Notification of Public Treasurers.

Within 10 business days of the close of each calendar quarter, the Money Management Council shall cause a list of qualified depository institutions and the currently effective uninsured public funds allotment to be prepared and mailed to all public treasurers.

**KEY: financial institutions, banking law
April 27, 2010
Notice of Continuation October 12, 2010**

51-7-18.1(2)

R628. Money Management Council, Administration.**R628-12. Certification of Qualified Depositories for Public Funds.****R628-12-1. Authority.**

This rule is issued pursuant to Sections 51-7-3(21) and 51-7-18(2)(b).

R628-12-2. Scope.

This rule applies to all federally insured depository institutions with offices and branches in the state of Utah at which deposits are accepted or held.

R628-12-3. Purpose.

This rule establishes the requirements which must be met by a federally insured depository institution to become and remain a qualified depository eligible to receive and hold deposits of public funds. It also establishes the conditions under which eligibility may be terminated and the procedures to be followed in terminating a depository institution's status as a qualified depository.

R628-12-4. General Rule.

A Utah depository institution as defined in Subsection 7-1-103(36) or a out-of-state depository institution as defined in Subsection 7-1-103 (25), which may conduct business in this state under Section 7-1-702, whose deposits are insured by an agency of the federal government, may be certified as a qualified depository eligible to receive public funds on deposit if it meets all of the following criteria.

A. Before April 1 of each year, pay to the Department of Financial Institutions an annual certification fee as described in section 51-7-18.1.(8);

B. Within 30 days of the close of each calendar quarter, submit a report of condition in the form prescribed by the Commissioner of Financial Institutions. The Commissioner may require any additional reports as may be considered necessary to determine the character and condition of the institution's assets, deposits and other liabilities, and its capital and to ensure compliance with the Money Management Act, the rules of the Money Management Council, and any order issued pursuant to an action of the Council. All reports shall be verified by oath or affirmation of the president or a authorized vice president of the institution. Any officer who knowingly makes or causes to be made any false statement or report to the Commissioner or any false entry in the books or accounts of the institution is guilty of a class A misdemeanor, as authorized in Section 51-7-18.1(3)(d).

C. Within 10 business days of the end of each month, file a report with the Commissioner of Financial Institutions of the amount of public funds held on the form prescribed by this rule. The Commissioner may require more frequent reporting if determined that it is necessary to protect public treasurers and to ensure compliance with the Money Management Act, the rules of the Money Management Council or any order issued pursuant to an action of the Council. All reports shall be verified by the oath or affirmation of the president or a authorized vice president of the institution. Any officer who knowingly makes or causes to be made any false statement or report to the Commissioner or any false entry in the books or accounts of the institution is guilty of a class A misdemeanor, as authorized by 51-7-18.1(3)(d).

D. Have and maintain a positive amount of capital as defined in R628-11-4-B.

R628-12-5. Notification of Certification.

Not less than quarterly, the Money Management Council shall prepare or cause to be prepared a list of all qualified depositories and the maximum amount of public funds that each is eligible to hold under R628-11. This list shall be distributed to each public treasurer via US Postal Service or electronic means.

Additions and deletions shall be made on the list for the next successive quarter.

R628-12-6. Examination of Qualified Depositories.

The Commissioner shall have the right to examine the books and records of any qualified depository if the Commissioner determines that examination is necessary to ascertain the character and condition of its assets, its deposits and other liabilities, and its capital and to ensure compliance with the Money Management Act, the rules of the Money Management Council, and any order issued pursuant to an action of the Council.

R628-12-7. Grounds for Termination of Status as a Qualified Depository.

Any of the following events constitutes grounds for termination of a depository institution's status as a qualified depository and immediate relinquishment of all public funds deposits:

A. Termination of the institution's federal deposit insurance.

B. Failure to pay the annual certification fee.

C. Failure to file the required financial reports.

D. Failure to maintain a positive amount of capital as defined in R628-11-4-B.

E. Making any false statement or filing any false report with the Commissioner.

F. Accepting, receiving or renewing deposits of public funds in excess of the maximum amount of public funds allowed.

G. Failure to comply with a written order issued by the Commissioner pursuant to Section 51-7-18.1(7) within 15 days of receipt of the order.

H. Request by a depository institution to be removed from the list of qualified depositories.

R628-12-8. Procedures for Termination and Reinstatement of Status as a Qualified Depository.

A. If the Money Management Council determines that the grounds for termination of a depository institution's status as a qualified depository exist, upon the vote of at least three members of the Money Management Council, a depository institution may be terminated as a qualified depository. Termination will be effective upon service of notice to the institution of the Council's action. Notice of termination will state the grounds upon which the Council acted and the remedies required to cure the violation.

B. After the date of service of notice of termination as a qualified depository, the institution shall not accept, receive or renew any deposits of public funds until specifically authorized in writing by the Commissioner and all existing accounts shall be transferred to a qualified depository.

C. An institution may be reinstated as a qualified depository upon the written authorization of the Commissioner, if it has corrected the violation which constituted grounds for termination.

R645. Natural Resources; Oil, Gas and Mining; Coal.**R645-100. Administrative: Introduction.****R645-100-100. Scope.**

110. General Overview. The rules presented herein establish the procedures through which the Utah State Division of Oil, Gas and Mining will implement those provisions of the Coal Mining Reclamation Act of 1979, (the Act) pertaining to the effects of coal mining and reclamation operations and pertaining to coal exploration.

120. R645 Rules Organization. The R645 Rules have been subdivided into the four major functional aspects of the Division's coal mining and exploration State Program.

121. The heading entitled ADMINISTRATIVE encompasses general introductory material, definitions applicable throughout the R645 Rules, procedures for the exemption of certain coal extraction activities, designating areas unsuitable for coal mining, protection of employees, and requirements for blaster certification.

122. The heading entitled COAL EXPLORATION establishes the minimum requirements for acquiring approval and identifies performance standards for coal exploration.

123. The heading entitled COAL MINE PERMITTING describes certain procedural requirements and options attendant to the coal mine permitting process. Moreover, the minimum requirements for acquiring a permit for a coal mining and reclamation operation are identified.

124. The heading entitled INSPECTION AND ENFORCEMENT delineates the authority, administrative procedures, civil penalties, and employee protection attendant to the Division's inspection and enforcement program.

130. Effective Date. The provisions of R645-100 through and including R645-402 will become effective and enforceable upon final approval by the Office of Surface Mining, U.S. Department of the Interior. Existing coal regulatory program rules, R645 Chapters I and II, will be in effect until approval of R645-100 through R645-402 by the Office of Surface Mining and will be considered repealed upon approval of R645-100 through R645-402.

R645-100-200. Definitions.

As used in the R645 Rules, the following terms have the specified meanings:

"Abandoned site" means, for the purpose of R645-400, a coal mining and reclamation operation for which the Division has found in writing that,

(a) All coal mining and reclamation operations at the site have ceased;

(b) The Division has issued at least one notice of violation or the initial program equivalent, and either:

(i) Is unable to serve the notice despite diligent efforts to do so; or

(ii) The notice was served and has progressed to a failure-to-abate cessation order or the initial program equivalent;

(c) The Division:

(i) Is taking action to ensure that the permittee and operator, and owners and controllers of the permittee and operator, will be precluded from receiving future permits while violations continue at the site; and

(ii) Is taking action pursuant to section 40-10-20(5), 40-10-20(6), 40-10-22(1)(d), or 40-10-22(2)(a) of the Act to ensure that abatement occurs or that there will not be a recurrence of the failure-to-abate, except where after evaluating the circumstances it concludes that further enforcement offers little or no likelihood of successfully compelling abatement or recovering any reclamation costs; and

(d) Where the site is, or was, permitted and bonded:

(i) The permit has either expired or been revoked; and

(ii) The Division has initiated and is diligently pursuing forfeiture of, or has forfeited any available performance bond.

(e) In lieu of the inspection frequency established in R645-400-130, the Division shall inspect each abandoned site on a set frequency commensurate with the public health and safety and environmental considerations present at each specific site, but in no case shall the inspection frequency be set at less than one complete inspection per calendar year.

(1) In selecting an alternate inspection frequency authorized under part (e) of this definition, the Division shall first conduct a complete inspection of the abandoned site and provide public notice under paragraph (2) below. Following the inspection and public notice, the Division shall prepare and maintain for public review a written finding justifying the alternative inspection frequency selected. This written finding shall justify the new inspection frequency by affirmatively addressing in detail all of the following criteria:

(i) How the site meets each of the criteria under the definition of an abandoned site and thereby qualifies for a reduction in inspection frequency;

(ii) Whether, and to what extent, there exist on the site impoundments, earthen structures or other conditions that pose, or may reasonably be expected to change into, imminent dangers to the health or safety of the public or significant environmental harms to land, air or water resources;

(iii) The extent to which existing impoundments or earthen structures were constructed and certified in accordance with prudent engineering designs approved in the permit;

(iv) The degree to which erosion and sediment control is present and functioning;

(v) The extent to which the site is located near or above urbanized areas, communities, occupied dwellings, schools and other public or commercial buildings and facilities;

(vi) The extent of reclamation completed prior to abandonment and the degree of stability of unreclaimed areas, taking into consideration the physical characteristics of the land mined and the extent of settlement or revegetation that has occurred naturally with time; and

(vii) Based on a review of the complete and partial inspection report record for the site during at least the last two consecutive years, the rate at which adverse environmental or public health and safety conditions have and can be expected to progressively deteriorate.

(2) The public notice and opportunity to comment required under part (e)(1) of this definition shall be provided as follows:

(i) The Division shall place a notice in the newspaper with the broadest circulation in the locality of the abandoned site providing the public with a 30-day period in which to submit written comments.

(ii) The public notice shall contain the permittee's name, the permit number, the precise location of the land affected, the inspection frequency proposed, the general reasons for reducing the inspection frequency, the bond status of the permit, the telephone number and address of the office where written comments on the reduced inspection frequency may be submitted, and the closing date of the comment period.

"Account" means the Abandoned Mine Reclamation Account established pursuant to Section 40-10-25 of the Act.

"Acid Drainage" means water with a pH of less than 6.0 and in which total acidity exceeds total alkalinity discharged from an active, inactive, or abandoned coal mining and reclamation operation, or from an area affected by coal mining and reclamation operations.

"Acid-Forming Materials" means earth materials that contain sulfide minerals or other materials which, if exposed to air, water, or weathering processes, form acids that may create acid drainage.

"Act" means Utah Code Annotated Section 40-10-1 et seq.

"Adjacent Area" means the area outside the permit area where a resource or resources, determined according to the context in which adjacent area is used, are or reasonably could

be expected to be adversely impacted by proposed coal mining and reclamation operations, including probable impacts from underground workings.

"Administratively Complete Application" means an application for permit approval or approval for coal exploration, where required, which the Division determines to contain information addressing each application requirement of the State Program and to contain all information necessary to initiate processing and public review.

"Affected Area" means any land or water surface area which is used to facilitate, or is physically altered by, coal mining and reclamation operations. The affected area includes the disturbed area; any area upon which coal mining and reclamation operations are conducted; any adjacent lands the use of which is incidental to coal mining and reclamation operations; all areas covered by new or existing roads used to gain access to, or for hauling coal to or from coal mining and reclamation operations, except as provided in this definition; any area covered by surface excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, shipping areas; any areas upon which are sited structures, facilities, or other property material on the surface resulting from, or incident to, coal mining and reclamation operations; and the area located above underground workings. The affected area shall include every road used for purposes of access to, or for hauling coal to or from, coal mining and reclamation operations, unless the road (a) was designated as a public road pursuant to the laws of the jurisdiction in which it is located; (b) is maintained with public funds, and constructed, in a manner similar to other public roads of the same classification within the jurisdiction; and (c) there is substantial (more than incidental) public use. Editorial Note: The definition of "Affected area", insofar, as it excludes roads which are included in the definition of "Surface coal mining operations", was suspended at 51 FR 41960, Nov. 20, 1986. Accordingly, Utah suspends the definition of Affected Area insofar as it excludes roads which are included in the definition of "coal mining and reclamation operations."

"Agricultural Use" means the use of any tract of land for the production of animal or vegetable life. The uses include, but are not limited to, the pasturing, grazing, and watering of livestock, and the cropping, cultivation, and harvesting of plants.

"Alluvial Valley Floors" means the unconsolidated stream-laid deposits holding streams with water availability sufficient for subirrigation or flood irrigation agricultural activities, but does not include upland areas which are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion, deposits formed by unconcentrated runoff or slope wash, together with talus, or other mass-movement accumulations, and windblown deposits.

"Applicant" means any person seeking a permit, permit change, and permit renewal, transfer, assignment, or sale of permit rights from the Division to conduct coal mining and reclamation operations or, where required, seeking approval for coal exploration.

"Application" means the documents and other information filed with the Division under the R645 Rules for the issuance of permits; permit changes; permit renewals; and transfer, assignment, or sale of permit rights for coal mining and reclamation operations or, where required, for coal exploration.

"Approximate Original Contour" means that surface configuration achieved by backfilling and grading of the mined areas so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain with all highwalls, spoil piles, and coal refuse piles having a design approved under the R645 Rules and prepared for abandonment. Permanent

water impoundments may be permitted where the Division has determined that they comply with R645-301-413.100 through R645-301-413.334, R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-542.400, R645-301-733.220 through R645-301-733.224, R645-301-743, R645-302-270 through R645-302-271.400, R645-302-271.600, R645-302-271.800, and R645-302-271.900.

"Aquifer" means a zone, stratum, or group of strata that can store and transmit water in sufficient quantities for a specific use.

"Arid and Semiarid Area" means, in the context of ALLUVIAL VALLEY FLOORS, an area where water use by native vegetation equals or exceeds that supplied by precipitation. All coalfields in Utah are in arid and semiarid areas.

"Auger Mining" means a method of mining coal at a cliff or highwall by drilling holes into an exposed coal seam from the highwall and transporting the coal along an auger bit to the surface.

"Best Technology Currently Available" means equipment, devices, systems, methods, or techniques which will (a) prevent, to the extent possible, additional contributions of suspended solids to stream flow or runoff outside the permit area, but in no event result in contributions of suspended solids in excess of requirements set by applicable state or federal laws; and (b) minimize, to the extent possible, disturbances and adverse impacts on fish, wildlife, and related environmental values, and achieve enhancement of those resources where practicable. The term includes equipment, devices, systems, methods, or techniques which are currently available anywhere as determined by the Director, even if they are not in routine use. The term includes, but is not limited to, construction practices, siting requirements, vegetation selection and planting requirements, animal stocking requirements, scheduling of activities, and design of sedimentation ponds in accordance with R645-301 and R645-302. Within the constraints of the State Program, the Division will have the discretion to determine the best technology currently available on a case-by-case basis, considering among other things the economic feasibility of the equipment, devices, systems, methods or techniques, as authorized by the Act and the R645 Rules.

"Blaster" means a person who is directly responsible for the use of explosives in connection with surface blasting operations incidental to UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES or SURFACE COAL MINING AND RECLAMATION ACTIVITIES, and who holds a valid certificate issued by the Division in accordance with the statutes and regulations administered by the Division governing training, examination, and certification of persons responsible for the use of explosives in connection with surface blasting operations incident to coal mining and reclamation operations.

"Board" means the Board of Oil, Gas and Mining for the state of Utah, or the Board's delegated representative.

"Cemetery" means any area of land where human bodies are interred.

"Coal" means combustible carbonaceous rock, classified as anthracite, bituminous, subbituminous, or lignite by ASTM Standard D388-95.

"Coal Exploration" means the field gathering of: (a) surface or subsurface geologic, physical, or chemical data by mapping, trenching, drilling, geophysical, or other techniques necessary to determine the quality and quantity of overburden and coal of an area; or (b) the gathering of environmental data to establish the conditions of an area before beginning coal mining and reclamation operations under the requirements of the R645 Rules.

"Coal Mine Waste" means coal processing waste and underground development waste.

"Coal Mining and Reclamation Operations" means (a)

activities conducted on the surface of lands in connection with a surface coal mine or, subject to the requirements of Section 40-10-18 of the Act, surface coal mining and reclamation operations and surface impacts incident to an underground coal mine, the products of which enter commerce or the operations of which directly or indirectly affect interstate commerce. Such activities include all activities necessary and incidental to the reclamation of the operations, excavation for the purpose of obtaining coal, including such common methods as contour, strip, auger, mountaintop removal, box cut, open pit, and area mining; the use of explosives and blasting; in-situ distillation; or retorting, leaching, or other chemical or physical processing; and the cleaning, concentrating, or other processing or preparation of coal. Such activities also include the loading of coal for interstate commerce at or near the mine site. Provided, these activities do not include the extraction of coal incidental to the extraction of other minerals, where coal does not exceed 16-2/3 percent of the tonnage of minerals removed for purposes of commercial use or sale, or coal exploration subject to Section 40-10-8 of the Act; and, provided further, that excavation for the purpose of obtaining coal includes extraction of coal from coal refuse piles; and (b) the areas upon which the activities described under part (a) of this definition occur or where such activities disturb the natural land surface. These areas will also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of those activities and for haulage and excavation, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas, and other areas upon which are sited structures, facilities, or other property or material on the surface, resulting from or incident to those activities.

"Coal Mining and Reclamation Operations Which Exist on the Date of Enactment" means all coal mining and reclamation operations which were being conducted on August 3, 1977.

"Coal Preparation or Coal Processing" means the chemical and physical processing and the cleaning, concentrating, or other processing or preparation of coal.

"Coal Processing Plant" means a facility where coal is subjected to chemical or physical processing or the cleaning, concentrating, or other processing or preparation. Coal processing plant includes facilities associated with coal processing activities, such as, but not limited to, the following: loading facilities; storage and stockpile facilities; sheds, shops, and other buildings; water-treatment and water-storage facilities; settling basins and impoundments; and coal processing and other waste disposal areas.

"Coal Processing Waste" means earth materials which are separated from the product coal during cleaning, concentrating, or the processing or preparation of coal.

"Collateral Bond" means an indemnity agreement in a sum certain executed by the permittee as principal which is supported by the deposit with the Division of: (a) a cash account, which will be the deposit of cash in one or more federally-insured or equivalently protected accounts, payable only to the Division upon demand, or the deposit of cash directly with the Division; (b) negotiable bonds of the United States, a State, or a municipality, endorsed to the order of, and placed in the possession of, the Division; (c) negotiable certificates of deposit, made payable or assigned to the Division and placed in its possession, or held by a federally insured bank; (d) an irrevocable letter of credit of any bank organized or authorized to transact business in the United States payable only to the Division upon presentation; (e) a perfected, first lien security interest in real property in favor of the Division; or (f) other investment grade rated securities having a rating of AAA or AA or A, or an equivalent rating issued by a nationally recognized

securities rating service, endorsed to the order of, and placed in the possession of, the Division.

"Combustible Material" means organic material that is capable of burning, either by fire or through oxidation, accompanied by the evolution of heat and a significant temperature rise.

"Community or Institutional Building" means any structure, other than a public building or an occupied dwelling, which is used primarily for meetings, gatherings or functions of local civic organizations or other community groups; functions including, but not limited to educational, cultural, historic, religious, scientific, correctional, mental-health or physical-health care facility; or is used for public services, including, but not limited to, water supply, power generation, or sewage treatment.

"Compaction" means increasing the density of a material by reducing the voids between the particles, and is generally accomplished by controlled placement and mechanical effort such as from repeated application of wheel, track, or roller loads from heavy equipment.

"Complete and Accurate Application" means an application for permit approval or approval for coal exploration, where required, which the Division determines to contain all information required under the Act, the R645 Rules, and the State Program that is necessary to make a decision on permit issuance.

"Continuously Mined Areas" means land which was mined for coal by underground mining operations prior to August 3, 1977, the effective date of the Federal Act, and where mining continued after that date.

"Cooperative Agreement" means the agreement between the Governor of the State of Utah and the Secretary of the Department of the Interior as published at 30 CFR 944.30.

"Cropland" means land used for the production of adapted crops for harvest, alone or in a rotation with grasses and legumes, and includes row crops, small grain crops, hay crops, nursery crops, orchard crops, and other similar specialty crops.

"Cumulative Impact Area" means the area, including the permit area, within which impacts resulting from the proposed operation may interact with the impacts of all anticipated mining on surface and groundwater systems. Anticipated mining will include, at a minimum, the entire projected lives through bond releases of: (a) the proposed operation, (b) all existing operations, (c) any operation for which a permit application has been submitted to the Division, and (d) all operations required to meet diligent development requirements for leased federal coal for which there is actual mine development information available.

"Cumulative measurement period" means, for the purpose of R645-106, the period of time over which both cumulative production and cumulative revenue are measured.

(a) For purposes of determining the beginning of the cumulative measurement period, subject to Division approval, the operator must select and consistently use one of the following:

(i) For mining areas where coal or other minerals were extracted prior to August 3, 1977, the date extraction of coal or other minerals commenced at that mining area or August 3, 1977, or

(ii) For mining areas where extraction of coal or other minerals commenced on or after August 3, 1977, the date extraction of coal or other minerals commenced at that mining area, whichever is earlier.

(b) For annual reporting purposes pursuant to R645-106-900, the end of the period for which cumulative production and revenue is calculated is either

(i) For mining areas where coal or other minerals were extracted prior to July 1, 1992, June 30, 1992, and every June 30 thereafter; or

(ii) For mining areas where extraction of coal or other minerals commenced on or after July 1, 1992, the last day of the calendar quarter during which coal extraction commenced, and each anniversary of that day thereafter.

"Cumulative production" means, for the purpose of R645-106, the total tonnage of coal or other minerals extracted from a mining area during the cumulative measurement period. The inclusion of stockpiled coal and other mineral tonnages in this total is governed by R645-106-700.

"Cumulative revenue" means, for the purpose of R645-106, the total revenue derived from the sale of coal or other minerals and the fair market value of coal or other minerals transferred or used, but not sold, during the cumulative measurement period.

"Current Assets" means cash or other assets or resources which are reasonably expected to be converted to cash or sold or consumed within one year or within the normal operating cycle of the business.

"Current Liabilities" means obligations which are reasonably expected to be paid or liquidated within one year or within the normal operating cycle of the business.

"Direct Financial Interest" means ownership or part ownership by an employee of lands, stocks, bonds, debentures, warrants, partnership shares, or other holdings, and also means any other arrangement where the employee may benefit from his or her holding in or salary from coal mining and reclamation operations. Direct financial interests include employment, pensions, creditor, real property, and other financial relationships.

"Director" means the Director, Utah State Division of Oil, Gas and Mining, or the Director's representative.

"Director of the Office" means the Director of the Office of Surface Mining, Reclamation and Enforcement, U.S. Department of the Interior.

"Disturbed Area" means an area where vegetation, topsoil, or overburden is removed or upon which topsoil, spoil, coal processing waste, underground development waste, or noncoal waste is placed by coal mining and reclamation operations. Those areas are classified as disturbed until reclamation is complete and the performance bond or other assurance of performance required by R645-301-800 is released. For the purposes of R645-301-356.300, R645-301-356.400, R645-301-513.200, R645-301-742.200 through R645-301-742.240, and R645-301-763, disturbed area will not include those areas (a) in which the only coal mining and reclamation operations include diversion ditches, siltation structures, or roads that are designed, constructed and maintained in accordance with R645-301 and R645-302; and (b) for which the upstream area is not otherwise disturbed by the operator.

"Diversion" means a channel, embankment, or other man-made structure constructed to divert water from one area to another.

"Division" means Utah State Division of Oil, Gas and Mining, the designated state regulatory authority.

"Downslope" means the land surface between the projected outcrop of the lowest coalbed being mined along each highwall and a valley floor.

"Edge Effect" means the positive effect created by the juxtaposition of two diverse habitats.

"Embankment" means an artificial deposit of material that is raised above the natural surface of the land and used to contain, divert, or store water, support roads or railways, or for other similar purposes.

"Employee" means any person employed by the Division who performs any function or duty under the Act, and does not mean the Board of Oil, Gas and Mining which is excluded from this definition.

"Ephemeral Stream" means a stream which flows only in direct response to precipitation in the immediate watershed, or in response to the melting of a cover of snow and ice, and which

has a channel bottom that is always above the local water table.

"Essential Hydrologic Functions" means the role of an ALLUVIAL VALLEY FLOOR in collecting, storing, regulating, and making the natural flow of surface or ground water, or both, usefully available for agricultural activities by reason of the valley floor's topographic position, the landscape, and the physical properties of its underlying materials. A combination of these functions provides a water supply during extended periods of low precipitation.

"Excess Spoil" means spoil material disposed of in a location other than the mined-out area, provided that the spoil material used to achieve the approximate original contour or to blend the mined-out area with the surrounding terrain in accordance with R645-301-553.220 in nonsteep slope areas will not be considered excess spoil.

"Existing Structure" means a structure or facility used in connection with or to facilitate coal mining and reclamation operations for which construction began prior to January 21, 1981.

"Extraction of Coal as an Incidental Part" means the extraction of coal which is necessary to enable government-financed construction to be accomplished. For purposes of R645-102, only that coal extracted from within the right-of-way in the case of a road, railroad, utility line, or other such construction, or within the boundaries of the area directly affected by other types of government-financed construction, may be considered incidental to that construction. Extraction of coal outside the right-of-way or boundary of the area directly affected by the construction will be subject to the requirements of the Act and the R645 Rules.

"Federal Act" means the Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87).

"Federal Lands" means any land, including mineral interests, owned by the United States without regard to how the United States acquired ownership of the lands or which agency manages the lands. It does not include Indian lands.

"Fixed Assets" means plants and equipment, but does not include land or coal in place.

"Flood Irrigation" means, with respect to ALLUVIAL VALLEY FLOORS, supplying water to plants by natural overflow or the diversion of flows, so that the irrigated surface is largely covered by a sheet of water.

"Fragile Lands" means, for the purposes of R645-103-300, geographic areas containing natural, ecologic, scientific, or aesthetic resources that could be significantly damaged or be destroyed by coal mining and reclamation operations. Examples of fragile lands include valuable habitats for fish or wildlife, critical habitats for endangered or threatened species of animals or plants, uncommon geologic formations, paleontological sites, National Natural Landmark sites, areas where mining may result in flooding, environmental corridors containing a concentration of ecologic and aesthetic features, areas of recreational value due to high environmental quality.

"Fugitive Dust" means that particulate matter not emitted from a duct or stack which becomes airborne due to the forces of wind or coal mining and reclamation operations, or both. During coal mining and reclamation operations, it may include emissions from haul roads; wind erosion of exposed surfaces, storage piles, and spoil piles; reclamation operations; and other activities in which material is either removed, stored, transported, or redistributed.

"Fund" means the Abandoned Mine Reclamation Account established pursuant to 40-10-25 of the Act.

"Government-Financed Construction" means, for the purposes of R645-102, construction funded 50 percent or more by funds appropriated from a government-financing agency's budget or obtained from general revenue bonds, but will not mean government-financing agency guarantees, insurance, loans, funds obtained through industrial revenue bonds or their

equivalent, or in-kind payments.

"Government Financing Agency" means, for the purposes of R645-102 a federal, state, county, municipal, or local unit of government, or a department, bureau, agency or office of the unit which, directly or through another unit of government, finances construction.

"Gravity Discharge" means, with respect to UNDERGROUND MINING AND RECLAMATION ACTIVITIES, mine drainage that flows freely in an open channel downgradient. Mine drainage that occurs as a result of flooding a mine, to the level of the discharge, is not gravity discharge.

"Ground Cover" means the area of ground covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area of measurement.

"Ground Water" means subsurface water that fills available openings in rock or soil materials to the extent that they are considered water saturated.

"Habitats of Unusually High Value for Fish and Wildlife" means an area defined by the state as crucial-critical use areas for wildlife.

"Half-Shrub" means a perennial plant with a woody base whose annually produced stems die back each year.

"Head-of-Hollow Fill" means a fill structure consisting of any material, other than organic material, placed in the uppermost reaches of a hollow where side slopes of the existing hollow, measured at the steepest point, are greater than 20 degrees, or the average slope of the profile of the hollow from the toe of the fill to the top of the fill, is greater than ten degrees. In head-of-hollow fills, the top surface of the fill, when completed, is at approximately the same elevation as the adjacent ridge line, and no significant area of natural drainage occurs above the fill draining into the fill area.

"Higher or Better Uses" means postmining land uses that have a higher economic value or nonmonetary benefit to the landowner, or the community, than the premining land uses.

"Highwall" means the face of exposed overburden and coal in an open cut of surface coal mining and reclamation activities or for entry to underground mining activities.

"Highwall Remnant" means that portion of highwall that remains after backfilling and grading of a REMINING permit area.

"Historic Lands" means, for the purposes of R645-103-300, areas containing historic, cultural, and scientific resources. Examples of historic lands include archeological sites, properties listed on or eligible for listing on a Utah or National Register of Historic Places, National Historic Landmarks, properties having religious or cultural significance to native Americans or religious groups, and properties for which historic designation is pending.

"Historically Used for Cropland" means (a) lands that have been used for cropland for any five years or more out of the ten years immediately preceding the acquisition, including purchase, lease, or option, of the land for the purpose of conducting or allowing through resale, lease, or option the conducting of coal mining and reclamation operations; (b) lands that the Division determines, on the basis of additional cropland history of the surrounding lands and the lands under consideration, that the permit area is clearly cropland but falls outside the specific five-years-in-ten criterion, in which case the regulations for prime farmland may be applied to include more years of cropland history only to increase the prime farmland acreage to be preserved; or (c) lands that would likely have been used as cropland for any five out of the last ten years, immediately preceding such acquisition but for the same fact of ownership or control of the land unrelated to the productivity of the land.

"Hydrologic Balance" means the relationship between the quality and quantity of water inflow to, water outflow from, and water storage in a hydrologic unit such as a drainage basin,

aquifer, soil zone, lake, or reservoir. It encompasses the dynamic relationships among precipitation, runoff, evaporation, and changes in ground and surface water storage.

"Hydrologic Regime" means the entire state of water movement in a given area. It is a function of the climate and includes the phenomena by which water first occurs as atmospheric water vapor, passes into a liquid or solid form, falls as precipitation, moves along or into the ground surface and returns to the atmosphere as vapor by means of evaporation and transpiration.

"Imminent Danger to the Health and Safety of the Public" means the existence of any condition or practice, or any violation of a permit or other requirements of the Act in a coal mining and reclamation operation, which could reasonably be expected to cause substantial physical harm to persons outside the permit area before the condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same condition or practice giving rise to the peril, would avoid exposure to the danger during the time necessary for abatement.

"Impounding Structure" means a dam, embankment, or other structure used to impound water, slurry, or other liquid or semiliquid material.

"Impoundments" means all water, sediment, slurry, or other liquid or semiliquid holding structures, either naturally formed or artificially built.

"Indian Lands" means all lands, including mineral interests, within the exterior boundaries of any federal Indian reservation, notwithstanding the issuance of any patent, and including rights-of-way, and all lands including mineral interests held in trust for or supervised by an Indian tribe.

"Indirect Financial Interest" means the same financial relationships as for direct ownership, but where the employee reaps the benefits of such interests, including interests held by his or her spouse, minor child(ren) and other relatives, including in-laws, residing in the employee's home. The employee will not be deemed to have an indirect financial interest if there is no relationship between the employee's functions or duties and the coal mining and reclamation operations in which the spouse, minor child(ren), or other resident relatives hold a financial interest.

"In-Situ Processes" means activities conducted on the surface or underground in connection with in-place distillation, retorting, leaching, or other chemical or physical processing of coal. The term includes, but is not limited to, in-situ gasification, in-situ leaching, slurry mining, solution mining, borehole mining, and fluid-recovery mining.

"Intermittent Stream" means a stream, or reach of a stream, that is below the local water table for at least some part of the year and obtains its flow from both surface runoff and groundwater discharge.

"Irreparable Damage to the Environment" means any damage to the environment in violation of the Act, the State Program, or the R645 Rules that cannot be corrected by actions of the applicant.

"Knowingly" means for the purposes of R645-402, that an individual knew or had reason to know in authorizing, ordering, or carrying out an act or omission on the part of a corporate permittee that such act or omission constituted a violation, failure, or refusal.

"Land Use" means specific uses or management-related activities, rather than the vegetation or cover of the land. Land uses may be identified in combination when joint or seasonal uses occur and may include land used for support facilities that are an integral part of the use. Changes of land use from one of the following categories to another will be considered as a change to an alternative land use which is subject to approval by the Division.

CROPLAND - Land used for the production of adapted

crops for harvest, alone or in rotation with grasses and legumes, that include row crops, small grain crops, hay crops, nursery crops, orchard crops, and other similar crops.

DEVELOPED WATER RESOURCES - Land used for storing water for beneficial uses such as stock ponds, irrigation, fire protection, flood control, and water supply.

FISH AND WILDLIFE HABITAT - Land dedicated wholly or partially to the production, protection, or management of species of fish or wildlife.

FORESTRY - Land used or managed for the long-term production of wood, wood fiber, or wood-derived products.

GRAZING LAND - Land used for grasslands and forest lands where the indigenous vegetation is actively managed for grazing, browsing, or occasional hay production.

INDUSTRIAL/COMMERCIAL - Land used for (a) extraction or transformation of materials for fabrication of products, wholesaling of products, or long-term storage of products; this includes all heavy and light manufacturing facilities, or (b) retail or trade of goods or services, including hotels, motels, stores, restaurants, and other commercial establishments.

PASTURE LAND OR LAND OCCASIONALLY CUT FOR HAY - Land used primarily for the long-term production of adapted, domesticated forage plants to be grazed by livestock or occasionally cut and cured for livestock feed.

RECREATION - Land used for public or private leisure-time activities, including developed recreation facilities such as parks, camps, and amusement areas, as well as areas for less intensive uses such as hiking, canoeing, and other undeveloped recreational uses.

RESIDENTIAL - Land used for single and multiple-family housing, mobile home parks, or other residential lodgings.

UNDEVELOPED LAND OR NO CURRENT USE OR LAND MANAGEMENT - Land that is undeveloped or if previously developed, land that has been allowed to return naturally to an undeveloped state or has been allowed to return to forest through natural succession.

"Liabilities" means obligations to transfer assets or provide services to other entities in the future as a result of past transactions.

"Material Damage" for the purposes of R645-301-525, means:

(a) Any functional impairment of surface lands, features, structures or facilities;

(b) Any physical change that has a significant adverse impact on the affected land's capability to support any current or reasonably foreseeable uses or causes significant loss in production or income; or

(c) Any significant change in the condition, appearance or utility of any structure or facility from its pre-subsidence condition.

"Materially Damage the Quantity or Quality of Water" means, with respect to ALLUVIAL VALLEY FLOORS, to degrade or reduce, by coal mining and reclamation operations, the water quantity or quality supplied to the alluvial valley floor to the extent that resulting changes would significantly decrease the capability of the alluvial valley floor to support agricultural activities.

"Mining" means, for the purposes of R645-400-351, (a) extracting coal from the earth or coal waste piles and transporting it within or from the permit area; and (b) the processing, cleaning, concentrating, preparing or loading of coal where such operations occur at a place other than a mine site.

"Mining area" means, for the purpose of R645-106, an individual excavation site or pit from which coal, other minerals and overburden are removed.

"Moist Bulk Density" means the weight of soil (oven dry) per unit volume. Volume is measured when the soil is at field moisture capacity (1/3 bar moisture tension). Weight is

determined after drying the soil at 105 degrees Celsius.

"NRCS" means Natural Resources Conservation Service, U.S. Department of Agriculture.

"MSHA" means the Mine Safety and Health Administration, U.S. Department of Labor.

"Mulch" means vegetation residues or other suitable materials that aid in soil stabilization and soil moisture conservation, thus providing microclimatic conditions suitable for germination and growth.

"Natural Hazard Lands" means, for the purposes of R645-103-300, geographic areas in which natural conditions exist which pose or, as a result of coal mining and reclamation operations, may pose a threat to the health, safety, or welfare of people, property or the environment, including areas subject to landslides, cave-ins, large or encroaching sand dunes, severe wind or soil erosion, frequent flooding, avalanches, and areas of unstable geology.

"Net Worth" means total assets minus total liabilities and is equivalent to owners' equity.

"Non-commercial Building" means any building, other than an occupied residential dwelling, that, at the time the subsidence occurs, is used on a regular or temporary basis as a public building or community or institutional building as those terms are defined at R645-100-200. Any building used only for commercial agricultural, industrial, retail or other commercial enterprises is excluded.

"Noxious Plants" means species that have been included on the official Utah list of noxious plants.

"Occupied Dwelling" means any building that is currently being used on a regular or temporary basis for human habitation.

"Occupied Residential Dwelling and Structures Related Thereto" means, for purposes of R645-301, any building or other structure that, at the time the subsidence occurs, is used either temporarily, occasionally, seasonally, or permanently for human habitation. This term also includes any building, structure or facility installed on, above or below, or a combination thereof, the land surface if that building, structure or facility is adjunct to or used in connection with an occupied residential dwelling. Examples of such structures include, but are not limited to, garages; storage sheds and barns; greenhouses and related buildings; utilities and cables; fences and other enclosures; retaining walls; paved or improved patios, walks and driveways; septic sewage treatment facilities; and lot drainage and lawn and garden irrigation systems. Any structure used only for commercial agricultural, industrial, retail or other commercial purposes is excluded.

"Office" means Office of Surface Mining Reclamation and Enforcement, U.S. Department of the Interior.

"Operator" means any person engaged in coal mining who removes, or intends to remove, more than 250 tons of coal from the earth or from coal refuse piles by mining within 12 consecutive calendar months in any one location.

"Other minerals" means, for the purpose of R645-106, any commercially valuable substance mined for its mineral value, excluding coal, topsoil, waste and fill material.

"Other Treatment Facilities" means, for the purposes of R645-301-356.300, R645-301-356.400, R645-301-513.200, R645-301-742.200 through R645-301-742.240, and R645-301-763, any chemical treatments, such as flocculation or neutralization, or mechanical structures, such as clarifiers or precipitators, that have a point source discharge and that are utilized to prevent additional contribution of dissolved or suspended solids to stream flow or runoff outside the permit area or to comply with all applicable State and Federal water quality laws and regulations.

"Outslope" means the face of the spoil or embankment sloping downward from the highest elevation to the toe.

"Overburden" means material of any nature, consolidated or unconsolidated, that overlies a coal deposit, excluding topsoil.

"Owned or controlled" and "owns or controls" means any one or a combination of the relationships specified in paragraphs (a) and (b) of this definition:

(a)(1) Being a permittee of a coal mining and reclamation operation;

(2) Based on the instrument of ownership or voting securities, owning of record in excess of 50 percent of an entity; or

(3) Having any other relationship which gives one person authority directly or indirectly to determine the manner in which an applicant, an operator, or other entity conducts coal mining and reclamation operations.

(b) The following relationships are presumed to constitute ownership or control unless a person can demonstrate that the person subject to the presumption does not in fact have the authority directly or indirectly to determine the manner in which the relevant coal mining and reclamation operation is conducted:

(1) Being an officer or director of an entity;

(2) Being the operator of a coal mining and reclamation operation;

(3) Having the ability to commit the financial or real property assets or working resources of an entity;

(4) Being a general partner in a partnership;

(5) Based on the instruments of ownership or the voting securities of a corporate entity, owning of record 10 through 50 percent of the entity; or

(6) Owning or controlling coal to be mined by another person under a lease, sublease, or other contract and having the right to receive such coal after mining or having authority to determine the manner in which that person or another person conducts coal mining and reclamation operation.

"Parent Corporation" means corporation which owns or controls the applicant.

"Perennial Stream" means a stream or part of a stream that flows continuously during all of the calendar year as a result of groundwater discharge or surface runoff. The term does not include intermittent stream or ephemeral stream.

"Performance Bond" means a surety bond, collateral bond, or self-bond, or a combination thereof, by which a permittee assures faithful performance of all the requirements of the Act, the R645 Rules, the State Program, and the requirements of the permit and reclamation plan.

"Performing Any Function or Duty Under This Act" means those decisions or actions, which if performed or not performed by a board member or employee, affect the State Program under the Act.

"Permanent Diversion" means a diversion remaining after coal mining and reclamation operations are completed which has been approved for retention by the Division and other appropriate state and federal agencies.

"Permanent Impoundment" means an impoundment which is approved by the Division and, if required, by other state and federal agencies for retention as part of the postmining land use.

"Permit" means a permit to conduct coal mining and reclamation operations issued by the Division pursuant to the State Program. For purposes of the federal lands program, permit means a permit issued by the Division pursuant to the cooperative agreement with the Secretary.

"Permit Area" means the area of land, indicated on the approved map submitted by the operator with his or her application, required to be covered by the operator's performance bond under R645-301-800, and which will include the area of land upon which the operator proposes to conduct coal mining and reclamation operations under the permit, including all disturbed areas, provided that areas adequately bonded under another valid permit may be excluded from the permit area.

"Permit Change" means any coal mining and reclamation operations not previously approved by the Division in the Permit or in any previously-approved permit change under R645-303-

220.

"Permittee" means a person holding, or required by the Act or the R645 Rules to hold, a permit to conduct coal mining and reclamation operations issued by the Division pursuant to the State Program or, under the cooperative agreement pursuant to Section 523 of P.L. 95-87, by the Director of the Office and the Division.

"Person" means an individual, Indian tribe when conducting coal mining and reclamation operations on non-Indian lands, partnership, association, society, joint venture, joint-stock company, firm, company, corporation, cooperative or other business organization, and any agency, unit, or instrumentality of federal, state, or local government including any publicly owned utility or publicly owned corporation of federal, state, or local governments.

"Person Having an Interest Which Is or May Be Adversely Affected or Person With a Valid Legal Interest" means any person (a) who uses any resource of economic, recreational, aesthetic, or environmental value that may be adversely affected by coal exploration or coal mining and reclamation operations or any related action of the Division, or the Board, or (b) whose property is or may be adversely affected by coal exploration or coal mining and reclamation operations or any related action of the Division or the Board.

"Precipitation Event" means a quantity of water resulting from drizzle, rain, snow, sleet, or hail in a limited period of time. It may be expressed in terms of recurrence interval. As used in the R645 Rules, precipitation event also includes that quantity of water emanating from snow cover as snowmelt in a limited period of time.

"Previously Mined Area" means land affected by coal mining and reclamation operations prior to August 3, 1977, that has not been reclaimed to the standards of Ut. Admin. R645 or 30 CFR chapter VII.

"Prime Farmland" means those lands which are defined by the Secretary of Agriculture in 7 CFR 657 (Federal Register Vol. 4 No. 21) and which have historically been used for cropland as that phrase is defined herein.

"Principal Shareholder" means any person who is the record or beneficial owner of ten percent or more of any class of voting stock.

"Prohibited Financial Interest" means any direct or indirect financial interest in any coal mining and reclamation operation.

"Property to be Mined" means both the surface estates and mineral estates within the permit area and the area covered by underground workings.

"Public Building" means any structure that is owned or leased and principally used by a government agency for public business or meetings.

"Public Office" means a facility under the direction and control of a governmental entity which is open to public access on a regular basis during reasonable business hours.

"Public Park" means an area or portion of an area dedicated or designated by any federal, state, or local agency primarily for public recreational use, whether or not such use is limited to certain times or days, including any land leased, reserved, or held open to the public because of that use.

"Public Road", for the purpose of part R645-103-200, R645-301-521.123, and R645-301-521.133 means a road (a) which has been designated as a public road pursuant to the laws of the jurisdiction in which it is located; (b) which is maintained with public funds in a manner similar to other public roads of the same classification within the jurisdiction; (c) for which there is substantial (more than incidental) public use; and (d) which meets road construction standards for other public roads of the same classification in the local jurisdiction.

"Publicly Owned Park" means a public park that is owned by a federal, state, or local governmental entity.

"Qualified Laboratory" means, for the purposes of R645-

302-290, a designated public agency, private firm, institution, or analytical laboratory which can prepare the required determination of probable hydrologic consequences, statement of results of test borings or core samplings under SOAP, or other services as specified at R645-302-299 and which meet the standards of R645-302-295.100.

"Rangeland" means land on which the natural potential (climax) plant cover is principally native grasses, forbs, and shrubs valuable for forage. This land includes natural grasslands and savannahs, such as prairies, and juniper savannahs, such as brushlands. Except for brush control, management is primarily achieved by regulating the intensity of grazing and season of use.

"Reasonably Available Spoil" means spoil and suitable coal mine waste material generated by the remining activity or other spoil or suitable coal mine waste material located in the permit area that is accessible and available for use, and that when rehandled will not cause a hazard to public safety or significant damage to the environment.

"Recharge Capacity" means the ability of the soils and underlying materials to allow precipitation and runoff to infiltrate and reach the zone of saturation.

"Reclamation" means those actions taken to restore mined land as required by the R645 Rules to a postmining land use approved by the Division.

"Recurrence Interval" means the interval of time in which a precipitation event is expected to occur once, on the average. For example, the 10-year 24-hour precipitation event would be that 24-hour precipitation event expected to occur on the average once in ten years.

"Reference Area" means a land unit maintained under appropriate management for the purpose of measuring vegetation ground cover, productivity, and plant species diversity that are produced naturally or by crop production methods approved by the Division. Reference areas must be representative of geology, soil, slope, and vegetation in the permit area.

"Refuse Pile" means a surface deposit of coal mine waste that does not impound water, slurry, or other liquid or semiliquid material.

"Remining" means conducting coal mining and reclamation operations which affect previously mined areas.

"Renewable Resource Lands" means aquifers and areas for the recharge of aquifers and other underground waters, areas for agricultural or silvicultural production of food and fiber, and grazing lands. For the purposes of R645-103, RENEWABLE RESOURCE LANDS means geographic areas which contribute significantly to the long-range productivity of water supply or of food or fiber products, such lands to include aquifers and aquifer recharge areas.

"Renewal of a Permit" means, for the purposes of R645-302-300, a decision by the Division to extend the time by which the permittee may complete mining within the boundaries of the original permit.

"Replacement of Water Supply" means, with respect to State-appropriated water supplies contaminated, diminished, or interrupted by coal mining and reclamation operations, provision of water supply on both a temporary and permanent basis equivalent to premining quantity and quality. Replacement includes provision of an equivalent water delivery system and payment of operation and maintenance costs in excess of customary and reasonable delivery costs for premining water supplies.

(a) Upon agreement by the permittee and the water supply owner, the obligation to pay such operation and maintenance costs may be satisfied by a one-time payment in an amount which covers the present worth of the increased annual operation and maintenance costs for a period agreed to by the permittee and the water supply owner.

(b) If the affected water supply was not needed for the land use in existence at the time of loss, contamination, or diminution,

and if the supply is not needed to achieve the postmining land use, replacement requirements may be satisfied by demonstrating that a suitable alternative water source is available and could feasibly be developed. If the latter approach is selected, written concurrence must be obtained from the water supply owner.

"Road" means a surface right-of-way for purposes of travel by land vehicles used in coal mining and reclamation operations or coal exploration. A road consists of the entire area within the right-of-way, including the roadbed, shoulders, parking and side areas, approaches, structures, ditches, and surface. The term includes access and haul roads constructed, used, reconstructed, improved, or maintained for use in coal mining and reclamation operations or coal exploration, including use by coal hauling vehicles to and from transfer, processing, or storage areas. The term does not include ramps and routes of travel within the immediate mining area or within spoil or coal mine waste disposal areas.

"Safety Factor" means the ratio of the available shear strength to the developed shear stress, or the ratio of the sum of the resisting forces to the sum of the loading or driving forces, as determined by accepted engineering practices.

"Secretary" means the Secretary of the Department of Interior or his or her representative.

"Sedimentation Pond" means an impoundment used to remove solids from water in order to meet water quality standards or effluent limitations before the water leaves the permit area.

"Self Bond" means an indemnity agreement in a sum certain executed by the applicant or by the applicant and any corporate guarantor, and made payable to the Division with or without separate surety.

"Significant Forest Cover" means an existing plant community consisting predominantly of trees and other woody vegetation. The Secretary of Agriculture will decide on a case-by-case basis whether the forest cover is significant within those national forests in Utah.

"Significant, Imminent Environmental Harm to Land, Air, or Water Resources" means (a) the environmental harm has an adverse impact on land, air, or water resources which resources include, but are not limited to, plant and animal life; (b) an environmental harm is imminent, if a condition, practice, or violation exists which (i) is causing such harm, or (ii) may reasonably be expected to cause such harm at any time before the end of the reasonable abatement time that would be set under 40-10-22 of the Act, and (c) an environmental harm is significant if that harm is appreciable and not immediately repairable.

"Significant Recreational, Timber, Economic, or Other Values Incompatible With Coal Mining and Reclamation Operations" means those values to be evaluated for their significance which could be damaged by, and are not capable of existing together with, coal mining and reclamation operations because of the undesirable effects mining would have on those values, either on the area included in the permit application or on other affected areas. Those values to be evaluated for their importance include (a) recreation, including hiking, boating, camping, skiing, or other related outdoor activities, (b) timber management and silviculture, (c) agriculture, aquaculture, or production of other natural, processed, or manufactured products which enter commerce, and (d) scenic, historic, archaeological, aesthetic, fish, wildlife, plants, or cultural interests.

"Siltation Structure" means, for the purposes of R645-301-356.300, R645-301-356.400, R645-301-513.200, R645-301-742.200 through R645-301-742.240, and R645-301-763, a sedimentation pond, a series of sedimentation ponds or other treatment facilities.

"Slope" means average inclination of a surface, measured from the horizontal, generally expressed as the ratio of a unit of

vertical distance to a given number of units of horizontal distance (e.g., 1v:5h). It may also be expressed as a percent or in degrees.

"SOAP" means Small Operator Assistance Program.

"Soil Horizons" means contrasting layers of soil parallel or nearly parallel to the land surface. Soil horizons are differentiated on the basis of field characteristics and laboratory data. The four major soil horizons are"

A HORIZON - The uppermost mineral layer, often called the surface soil. It is the part of the soil in which organic matter is most abundant, and leaching of soluble or suspended particles is typically the greatest.

E HORIZON - The layer commonly near the surface below an A horizon and above a B horizon. An E horizon is most commonly differentiated from an overlying A horizon by lighter color and generally has measurably less organic matter than the A horizon. An E horizon is most commonly differentiated from an underlying B horizon in the same sequum by color of higher value or lower chroma, by coarser texture, or by a combination of these properties.

B HORIZON - The layer that typically is immediately beneath the E horizon and often called the subsoil. This middle layer commonly contains more clay, iron, or aluminum than the A, E, or C horizons.

C HORIZON - The deepest layer of soil profile. It consists of loose material or weathered rock that is relatively unaffected by biologic activity.

"Soil Survey" means a field and other investigations resulting in a map showing the geographic distribution of different kinds of soils and an accompanying report that describes, classifies, and interprets such soils for use. Soil surveys must meet the standards of the National Cooperative Soil Survey as incorporated by reference in R645-302-314.100.

"Spoil" means overburden that has been removed during coal mining and reclamation operations.

"Stabilize" means to control movement of soil, spoil piles, or areas of disturbed earth by modifying the geometry of the mass, or by otherwise modifying physical or chemical properties, such as by providing a protective surface coating.

"State Program" means the program established by the state of Utah and approved by the Secretary of the Department of the Interior pursuant to the Federal Act and the Act to regulate coal mining and reclamation operations on non-Indian and non-federal lands within Utah, according to the Federal Act, the Act and the R645 Rules. Pursuant to the cooperative agreement between the state of Utah and the Office, the State Program applies to federal lands in accordance with the terms of the cooperative agreement.

"Steep Slope" means any slope of more than 20 degrees or such lesser slope as may be designated by the Division after consideration of soil, climate, and other characteristics of a region or Utah.

"Subirrigation" means, with respect to ALLUVIAL VALLEY FLOORS, the supplying of water to plants from underneath or from a semisaturated or saturated subsurface zone where water is available for use by vegetation.

"Substantial Legal and Financial Commitments in a Coal Mining and Reclamation Operation" means, for the purposes of R645-103-300, significant investments that have been made on the basis of a long-term coal contract in power plants, railroads, coal-handling, preparation, extraction or storage facilities, and other capital-intensive activities. An example would be an existing mine not actually producing coal, but in a substantial stage of development prior to production. Costs of acquiring the coal in place or the right to mine it without an existing mine, as described in the above example, alone are not sufficient to constitute substantial legal and financial commitments.

"Substantially Disturb" means, for purposes of COAL EXPLORATION, to significantly impact land or water resources by blasting; by removal of vegetation, topsoil, or overburden; by

construction of roads or other access routes; by placement of excavated earth or waste material on the natural land surface or by other such activities; or to remove more than 250 tons of coal.

"Successor in Interest" means any person who succeeds to rights granted under a permit, by transfer, assignment, or sale of those rights.

"Surety Bond" means an indemnity agreement in a sum certain payable to the Division, executed by the permittee as principal and which is supported by the performance guarantee of a corporation licensed to do business as a surety in Utah.

"Surface Operations and Impacts Incident to an Underground Coal Mine" means all operations involved in or related to UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES which are either conducted on the surface of the land, produce changes in the land surface or disturb the surface, air, or water resources of the area including all activities listed in 40-10-3(20) of the Act and the definition of underground mining activities appearing herein.

"SURFACE COAL MINING AND RECLAMATION ACTIVITIES" means those coal mining and reclamation operations incident to the extraction of coal from the earth by removing the materials over a coal seam, before recovering the coal, by auger coal mining, or by recovery of coal from a deposit that is not in its original geologic location.

"Suspended Solids or Nonfilterable Residue, Expressed as Milligrams Per Liter" means organic or inorganic materials carried or held in suspension in water which are retained by a standard glass fiber filter in the procedure outlined by the Environmental Protection Agency's regulation for waste water and analyses (40 CFR Part 136).

"Tangible Net Worth" means net worth minus intangibles such as goodwill and rights to patents or royalties.

"Temporary Diversion" means a diversion of a stream, or overland flow, which is used during coal exploration or coal mining and reclamation operations and not approved by the Division to remain after reclamation as part of the approved postmining land use.

"Temporary Impoundment" means an impoundment used during coal mining and reclamation operations, but not approved by the Division to remain as part of the approved postmining land use.

"Ton" means 2,000 pounds avoirdupois (.90718 metric ton).

"Topsoil" means the A and E soil horizon layers of the four major soil horizons.

"Toxic-Forming Materials" means earth materials or wastes which, if acted upon by air, water, weathering, or microbiological processes are likely to produce chemical or physical conditions in soils or water that are detrimental to biota or uses of water.

"Toxic Mine Drainage" means water that is discharged from active or abandoned mines or other areas affected by coal exploration or coal mining and reclamation operations which contains a substance that through chemical action or physical effects is likely to kill, injure, or impair biota commonly present in the area that might be exposed to it.

"Transfer, Assignment, or Sale of Permit Rights" means a change in ownership or other effective control over the right to conduct coal mining and reclamation operations under a permit issued by the Division.

"UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES" means coal mining and reclamation operations incident to the extraction of coal by underground methods including a combination of (a) underground extraction of coal or in situ processing, construction use, maintenance, and reclamation of roads, above-ground repair areas, storage areas, processing areas, shipping areas, areas upon which are sited support facilities including hoist and ventilating ducts, areas utilized for the disposal and storage of waste, and

areas on which materials incident to underground mining operations are placed; and (b) underground operations such as underground construction, operation, and reclamation of shafts, adits, underground support facilities, in situ processing, and underground mining, hauling, storage, and blasting.

"Underground Development Waste" means waste-rock mixtures of coal, shale, claystone, siltstone, sandstone, limestone, or related materials that are excavated, moved, and disposed of from underground workings in connection with UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES.

"Undeveloped Rangeland" means, for purposes of ALLUVIAL VALLEY FLOORS, lands where the use is not specifically controlled and managed.

"Unwarranted Failure to Comply" means the failure of the permittee to prevent the occurrence of any violation of the State Program or any permit condition due to indifference, lack of diligence, or lack of reasonable care, or the failure to abate any violation of such permit of the Act due to indifference, lack of diligence, or lack of reasonable care.

"Upland Areas" means, with respect to ALLUVIAL VALLEY FLOORS, those geomorphic features located outside the floodplain and terrace complex such as isolated higher terraces, alluvial fans, pediment surfaces, landslide deposits, and surfaces covered with residuum, mud flows, or debris flows, as well as highland areas underlain by bedrock and covered by residual weathered material or debris deposited by sheetwash, rillwash, or windblown material.

"Valid Existing Rights" means a set of circumstances under which a person may, subject to regulatory authority approval, conduct coal mining and reclamation operations on lands where Subsection 40-10-24(4) of the Act and R645-103-224 would otherwise prohibit such operations. Possession of valid existing rights only confers an exception from the prohibitions of R645-103-224 and Subsection 40-10-24(4) of the Act. A person seeking to exercise valid existing rights must comply with all other pertinent requirements of the Federal Act and the State Program.

(a) Property rights demonstration. Except as provided in paragraph (c) of this definition, a person claiming valid existing rights must demonstrate that a legally binding conveyance, lease, deed, contract, or other document vests that person, or a predecessor in interest, with the right to conduct the type of coal mining and reclamation operations intended. This right must exist at the time that the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act. Applicable Utah statutory or case law will govern interpretation of documents relied upon to establish property rights, unless Federal law provides otherwise. If no applicable Utah law exists, custom and generally accepted usage at the time and place that the documents came into existence will govern their interpretation.

(b) Except as provided in paragraph (c) of this definition, a person claiming valid existing rights also must demonstrate compliance with one of the following standards:

(i) Good faith/all permits standard. All permits and other authorizations required to conduct coal mining and reclamation operations had been obtained, or a good faith effort to obtain all necessary permits and authorizations had been made, before the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act. At a minimum, an application must have been submitted for any permit required under R645-201, R645-301 or R645-302; or

(ii) Needed for and adjacent standard. The land is needed for and immediately adjacent to a coal mining and reclamation operation for which all permits and other authorizations required to conduct coal mining and reclamation operations had been obtained, or a good faith attempt to obtain all permits and authorizations had been made, before the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the

Act. To meet this standard, a person must demonstrate that prohibiting expansion of the operation onto that land would unfairly impact the viability of the operation as originally planned before the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act. Except for operations in existence before August 3, 1977, or for which a good faith effort to obtain all necessary permits had been made before August 3, 1977, this standard does not apply to lands already under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act when the Division approved the permit for the original operation or when the good faith effort to obtain all necessary permits for the original operation was made. In evaluating whether a person meets this standard, the Division may consider factors such as:

(A) The extent to which coal supply contracts or other legal and business commitments that predate the time that the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act depends upon use of that land for coal mining and reclamation operations;

(B) The extent to which plans used to obtain financing for the operation before the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act rely upon use of that land for coal mining and reclamation operations;

(C) The extent to which investments in the operation before the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act rely upon use of that land for coal mining and reclamation operations;

(D) Whether the land lies within the area identified on the life-of-mine map submitted under R645-301-521.141 before the land came under the protection of R645-103-224.

(c) Roads. A person who claims valid existing rights to use or construct a road across the surface of lands protected by R645-103-224 or Subsection 40-10-24(4) of the Act must demonstrate that one or more of the following circumstances exist if the road is included within the definition of coal mining and reclamation operations:

(i) The road existed when the land upon which it is located came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act, and the person has a legal right to use the road for coal mining and reclamation operations;

(ii) A properly recorded right of way or easement for a road in that location existed when the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act, and, under the document creating the right of way or easement, and under subsequent conveyances, the person has a legal right to use or construct a road across the right of way or easement for coal mining and reclamation operations;

(iii) A valid permit for use or construction of a road in that location for coal mining and reclamation operations existed when the land came under the protection of R645-103-224 or Subsection 40-10-24(4) of the Act; or

(iv) Valid existing rights exist under paragraphs (a) and (b) of this definition.

"Valley Fill" means a fill structure consisting of any material, other than organic material, that is placed in a valley where side slopes of the existing valley, measured at the steepest point, are greater than 20 degrees, or where the average slope of the profile of the valley from the toe of the fill to the top of the fill is greater than ten degrees.

"Violation, Failure, or Refusal" means for the purposes of R645-402, (1) A violation of a condition of a permit issued under the State Program, or (2) A failure or refusal to comply with any order issued under UCA 40-10-22, or any order incorporated in a final decision issued under UCA 40-10-20(2) or R645-104-500.

"Water Supply", "State-appropriated Water", and "State-appropriated Water Supply" are all synonymous terms and mean, for the purposes of the R645 Rules, state appropriated water rights which are recognized by the Utah Constitution or

Utah Code.

"Violation Notice" means any written notification from a governmental entity of a violation of law, whether by letter, memorandum, legal or administrative pleading, or other written communication.

"Water Table" means the upper surface of a zone of saturation where the body of ground water is not confined by an overlying impermeable zone.

"Willfully" means for the purposes of R645-402, that an individual acted (1) either intentionally, voluntarily, or consciously, and (2) with intentional disregard or plain indifference to legal requirements in authorizing, ordering, or carrying out a corporate permittee's action or omission that constituted a violation, failure, or refusal.

"Willful Violation" means an act or omission which violates the State Program or any permit condition, committed by a person who intends the result which actually occurs.

R645-100-300. Responsibility.

310. The Division is responsible for the regulation of coal mining and reclamation operations and coal exploration under the approved State Program on non-federal and non-Indian lands in accordance with the procedures in the R645 Rules.

320. The Division, through a cooperative agreement, exercises certain authority relating to the regulation of coal mining and reclamation operations on federal lands in accordance with 30 CFR Part 745.

R645-100-400. Applicability.

410. Except as provided under R645-100-420, the R645 Rules apply to all coal exploration and coal mining and reclamation operations, except:

411. The extraction of coal by a landowner for his or her own noncommercial use from land owned or leased by him or her. Noncommercial use does not include the extraction of coal by one unit of an integrated company or other business or nonprofit entity which uses the coal in its own manufacturing or power plants;

412. The extraction of 250 tons of coal or less by a person conducting coal mining and reclamation operations. A person who intends to remove more than 250 tons is not exempted;

413. The extraction of coal as an incidental part of federal, state or local government-financed highway or other construction in accordance with R645-102.

414. The extraction of coal incidental to the extraction of other minerals where coal does not exceed 16-2/3 percent of the mineral tonnage removed for commercial use or sale in accordance with R645-106; or

415. Coal exploration on lands subject to the requirements of 43 CFR Parts 3480-3487.

420. Existing Structure Exemption. Each structure used in connection with or to facilitate coal exploration or coal mining and reclamation operations will comply with the performance standards and design requirements of R645-301 and R645-302, except that:

421. An existing structure which meets the performance standards but does not meet the design requirements of R645-301 and R645-302 may be exempted from meeting those design requirements by the Division. The Division may grant this exemption only as part of the permit application process after obtaining the information required by R645-301-526.110 through R645-301-526.115.4 and after making the findings required by R645-300-130.

422. If the performance standard of the MC Rules (Interim Program Rules) is at least as stringent as the comparable performance standard of the R645 Rules, an existing structure which meets the performance standards of the MC Rules may be exempted by the Division from meeting the design requirements of the R645 Rules. The Division may grant this exemption only

as part of the permit application process after obtaining the information required by R645-301-526.110 through R645-301-526.115.4 and after making the findings required by R645-300-130.

423. An existing structure which meets a performance standard of the MC Rules which is less stringent than the comparable performance standard in the R645 Rules will be modified or reconstructed to meet the design standard of the R645 Rules pursuant to a compliance plan approved by the Division only as part of the permit application as required in R645-301-526.110 through R645-301-526.115.4 and according to the findings required by R645-300-130.

424. An existing structure which does not meet the performance standards of the MC Rules and which the applicant proposes to use, in connection with or to facilitate the coal exploration or coal mining and reclamation operation, will be modified or reconstructed to meet the performance design standards of R645-301 and R645-302 prior to issuance of the permit.

430. The exemptions provided in paragraphs R645-100-421 and R645-100-422 will not apply to:

431. The requirements for existing and new coal mine waste disposal facilities; and

432. The requirements to restore the approximate original contour of the land.

440. Regulatory Determination of Exemption. The Division may, on its own initiative, and will, within a reasonable time of a request from any person who intends to conduct coal mining and reclamation operations, make a written determination whether the operation is exempt under R645-100-400. The Division will give reasonable notice of the request to interested persons. Prior to the time a determination is made, any person may submit, and the Division will consider, any written information relevant to the determination. A person requesting that an activity be declared exempt will have the burden of establishing the exemption. If a written determination of exemption is reversed through subsequent administrative or judicial action, any person who, in good faith, has made a complete and accurate request for an exemption, and relied upon the determination, will not be cited for violations which occurred prior to the date of the reversal.

450. Termination of Jurisdiction.

451. The Division may terminate its jurisdiction under the regulatory program over the reclaimed site of a completed coal mining and reclamation operation, or increment thereof, when:

451.100. The Division determines in writing that under the initial program all requirements imposed under the MC rules have been successfully completed; or

451.200. The Division determines in writing that under the permanent program all requirements imposed under the applicable regulatory program have been successfully completed or, where a performance bond was required, the Division has made a final decision in accordance with the State program to release the performance bond fully.

452. Following a termination under R645-100-451, the Division will reassert jurisdiction under the regulatory program over a site if it is demonstrated that the bond release or written determination referred to under R645-100-451 was based upon fraud, collusion, or misrepresentation of a material fact.

R645-100-500. Petition to Initiate Rulemaking.

Persons other than the Division or Board may petition to initiate rulemaking pursuant to the R641 Rules and the Utah Administrative Rulemaking Act, U.C.A. 63G-3-101, et seq.

R645-100-600. Notice of Citizen Suits.

A person who intends to initiate a civil action in his or her own behalf under 40-10-21 of the Act will give notice of intent to do so in accordance with R645-100-600.

610. Notice will be given by certified mail to the Director, if a complaint involves or relates to Utah.

620. Notice will be given by certified mail to the alleged violator, if the complaint alleges a violation of the Act or any rule, order, or permit issued under the Act.

630. Service of notice under R645-100-600 is complete upon mailing to the last known address of the person being notified.

640. A person giving notice regarding an alleged violation will state, to the extent known:

641. Sufficient information to identify the provision of the Act, rule, order, or permit allegedly violated;

642. The act or omission alleged to constitute a violation;

643. The name, address, and telephone number of the person or persons responsible for the alleged violation;

644. The date, time, and location of the alleged violation;

645. The name, address, and telephone number of the person giving notice; and

646. The name, address, and telephone number of legal counsel, if any, of the person giving notice.

650. A person giving notice of an alleged failure by the Director to perform a mandatory act or duty under the Act will state, to the extent known:

651. The provision of the Act containing the mandatory act or duty allegedly not performed;

652. Sufficient information to identify the omission alleged to constitute the failure to perform a mandatory act or duty under the Act;

653. The name, address, and telephone number of the person giving notice; and

654. The name, address, and telephone number of legal counsel, if any, of the person giving notice.

R645-100-700. Availability of Records.

710. Records required by the Act to be made available locally to the public will be retained at the Division office closest to the area involved.

720. Other nonconfidential records or documents in the possession of the Division may be requested from the Division.

730. Information received which is required to be held confidential by the terms of the Act will not be available for public inspection.

R645-100-800. Computation of Time.

810. Except as otherwise provided, computation of time under the R645 Rules is based on calendar days.

820. In computing any period of prescribed time, the day on which the designated period of time begins is not included. The last day of the period is included unless it is a Saturday, Sunday, or a legal holiday on which the Division is not open for business, in which event the period runs until the end of the next day which is not Saturday, Sunday, or a legal holiday.

830. Intermediate Saturdays, Sundays, and legal holidays are excluded from the computation when the period or prescribed time is seven days or less.

KEY: reclamation, coal mines

July 28, 2010

Notice of Continuation March 7, 2007

40-10-1 et seq.

R645. Natural Resources; Oil, Gas and Mining; Coal.**R645-106. Exemption for Coal Extraction Incidental to the Extraction of Other Minerals.****R645-106-100. Scope.**

This rule implements the exemption contained in Section 40-10-3(20) of the Act concerning the extraction of coal incidental to the extraction of other minerals where coal does not exceed 16-2/3 percent of the total tonnage of coal and other minerals removed for purposes of commercial use or sale.

R645-106-200. Application Requirements and Procedures.

210. Date and Time Requirements.

211. Any person who plans to commence or continue coal extraction after July 1, 1992, under the Utah coal regulatory program, in reliance on the incidental mining exemption shall file a complete application for exemption with the Division for each mining area.

212. Following incorporation of an exemption application approval process into the Utah coal regulatory program, a person may not commence coal extraction based upon the exemption until the Division approves such application, except as provided in R645-106-253.

220. Existing operations. Any person who has commenced coal extraction at a mining area in reliance upon the incidental mining exemption prior to July 1, 1992, may continue mining operations for 60 days after such effective date. Coal extraction may not continue after such 60-day period unless that person files an administratively complete application for exemption with the Division. If an administratively complete application is filed within 60 days, the person may continue extracting coal in reliance on the exemption beyond the 60-day period until the Division makes an administrative decision on such application.

230. Additional information. The Division shall notify the applicant if the application for exemption is incomplete and may at any time require submittal of additional information.

240. Public comment period. Following publication of the newspaper notice required by R645-106-319., the Division shall provide a period of no less than 30 days during which time any person having an interest which is or may be adversely affected by a decision on the application may submit written comments or objections.

250. Exemption determination.

251. No later than 90 days after filing of an administratively complete application, the Division shall make a written determination whether, and under what conditions, the persons claiming the exemption are exempt under R645-106, and shall notify the applicant and persons submitting comments on the application of the determination and the basis for the determination.

252. The determination of exemption shall be based upon information contained in the application and any other information available to the Division at that time.

253. If the Division fails to provide an applicant with the determination as specified in R645-106-251, an applicant who has not begun may commence coal extraction pending a determination on the application unless the Division issues an interim finding, together with reasons therefor, that the applicant may not begin coal extraction.

260. Administrative review.

261. Any adversely affected person may request administrative review of a determination under R645-106-250 within 30 days of the notification of such determination in accordance with procedures established under the R641 rules and R645-300-200.

262. A petition for administrative review filed under R645-300-200 shall not suspend the effect of a determination under R645-106-250.

R645-106-300. Contents of Application for Exemption.

310. An application for exemption shall include at a minimum:

311. The name and address of the applicant;

312. A list of the minerals sought to be extracted;

313. Estimates of annual production of coal and the other minerals within each mining area over the anticipated life of the mining operation;

314. Estimated annual revenues to be derived from bona fide sales of coal and other minerals to be extracted within the mining area;

315. Where coal or the other minerals are to be used rather than sold, estimated annual fair market values at the time of projected use of the coal and other minerals to be extracted from the mining area;

316. The basis for all annual production, revenue, and fair market value estimates;

317. A description, including county, township if any, and boundaries of the land, of sufficient certainty that the mining areas may be located and distinguished from other mining areas;

318. An estimate to the nearest acre of the number of acres that will compose the mining area over the anticipated life of the mining operation;

319. Evidence of publication, in a newspaper of general circulation in the county of the mining area, of a public notice that an application for exemption has been filed with the Division (The public notice must identify the persons claiming the exemption and must contain a description of the proposed operation and its locality that is sufficient for interested persons to identify the operation.);

320. Representative stratigraphic cross-section(s) based on test borings or other information identifying and showing the relative position, approximate thickness and density of the coal and each other mineral to be extracted for commercial use or sale and the relative position and thickness of any material, not classified as other minerals, that will also be extracted during the conduct of mining activities;

321. A map of appropriate scale which clearly identifies the mining area;

322. A general description of mining and mineral processing activities for the mining area;

323. A summary of sales commitments and agreements for future delivery, if any, which the applicant has received for other minerals to be extracted from the mining area, or a description of potential markets for such minerals;

324. If the other minerals are to be commercially used by the applicant, a description specifying the use;

325. For operations having extracted coal or other minerals prior to filing an application for exemption, in addition to the information required above, the following information must also be submitted:

325.100. Any relevant documents the operator has received from the Division documenting its exemption from the requirements of the Act;

325.200. The cumulative production of the coal and other minerals from the mining area; and

325.300. Estimated tonnages of stockpiled coal and other minerals; and

326. Any other information pertinent to the qualification of the operation as exempt.

R645-106-400. Public Availability of Information.

410. Except as provided in R645-106-420., all information submitted to the Division under R645-106- shall be made immediately available for public inspection and copying at the Salt Lake City office of the Division until at least three years after expiration of the period during which the subject mining area is active.

420. The Division may keep information submitted to the Division under R645-106- confidential, if the person submitting

it requests in writing, at the time of submission, that it be kept confidential and the information concerns trade secrets or is privileged commercial or financial information of the persons intending to conduct operations under R645-106.

430. Information requested to be held as confidential under R645-106-420 shall not be made publicly available until after notice and opportunity to be heard is afforded persons both seeking and opposing disclosure of the information.

R645-106-500. Requirements for Exemption.

510. Activities are exempt from the requirements of the Act if all of the following are satisfied:

511. The cumulative production of coal extracted from the mining area determined annually as described in this paragraph does not exceed 16-2/3 percent of the total cumulative production of coal and other minerals removed during such period for purposes of bona fide sale or reasonable commercial use.

512. Coal is produced from a geological stratum lying above or immediately below the deepest stratum from which other minerals are extracted for purposes of bona fide sale or reasonable commercial use.

513. The cumulative revenue derived from the coal extracted from the mining area determined annually shall not exceed 50 percent of the total cumulative revenue derived from the coal and other minerals removed for purposes of bona fide sale or reasonable commercial use. If the coal extracted or the minerals removed are used by the operator or transferred to a related entity for use instead of being sold in a bona fide sale, then the fair market value of the coal or other minerals shall be calculated at the time of use or transfer and shall be considered rather than revenue.

520. Persons seeking or that have obtained an exemption from the requirements of the Act shall comply with the following:

521. Each other mineral upon which an exemption under R645-106- is based must be a commercially valuable mineral for which a market exists or which is mined in bona fide anticipation that a market will exist for the mineral in the reasonably foreseeable future, not to exceed twelve months from the end of the current period for which cumulative production is calculated. A legally binding agreement for the future sale of other minerals is sufficient to demonstrate the above standard.

522. If either coal or other minerals are transferred or sold by the operator to a related entity for its use or sale, the transaction must be made for legitimate business purposes.

R645-106-600. Conditions of Exemption and Right of Inspection and Entry.

610. A person conducting activities covered by this R645-106 shall:

611. Maintain on-site or at other locations available to authorized representatives of the Division and the Secretary information necessary to verify the exemption including, but not limited to, commercial use and sales information, extraction tonnages, and a copy of the exemption application and exemption approved by the Division;

612. Notify the Division upon the completion of the mining operation or permanent cessation of all coal extraction activities; and

613. Conduct operations in accordance with the approved application or when authorized to extract coal under R645-106-220 or R645-106-253 prior to submittal or approval of an exemption application, in accordance with the standards of R645-106.

614. Authorized representatives of the Division and the Secretary shall have the right to conduct inspections of operations claiming exemption under this R645-106.

615. Each authorized representative of the Division and the

Secretary conducting an inspection under this R645-106:

615.100. Shall have a right of entry to, upon, and through any mining and reclamation operations without advance notice or a search warrant, upon presentation of appropriate credentials;

615.200. May, at reasonable times and without delay, have access to and copy any records relevant to the exemption; and

615.300. Shall have a right to gather physical and photographic evidence to document conditions, practices or violations at a site.

616. No search warrant shall be required with respect to any activity under R645-106-614 and R645-106-615, except that a search warrant may be required for entry into a building.

R645-106-700. Stockpiling of Minerals.

710. Coal. Coal extracted and stockpiled may be excluded from the calculation of cumulative production until the time of its sale, transfer to a related entity or use:

711. Up to an amount equaling a 12-month supply of the coal required for future sale, transfer or use as calculated based upon the average annual sales, transfer and use from the mining area over the two preceding years; or

712. For a mining area where coal has been extracted for a period of less than two years, up to an amount that would represent a 12-month supply of the coal required for future sales, transfer or use as calculated based on the average amount of coal sold, transferred or used each month.

720. Other minerals.

721. The Division shall disallow all or part of an operator's tonnages of stockpiled other minerals for purposes of meeting the requirements of R645-106- if the operator fails to maintain adequate and verifiable records of the mining area of origin, the disposition of stockpiles or if the disposition of the stockpiles indicates the lack of commercial use or market for the minerals.

722. The Division may only allow an operator to utilize tonnages of stockpiled other minerals for purposes of meeting the requirements of this R645-106 if:

722.100. The stockpiling is necessary to meet market conditions or is consistent with generally accepted industry practices; and

722.200. Except as provided in paragraph R645-106-723, the stockpiled other minerals do not exceed a 12-month supply of the mineral required for future sales as approved by the Division on the basis of the exemption application.

723. The Division may allow an operator to utilize tonnages of stockpiled other minerals beyond the 12-month limit established in R645-106-722 if the operator can demonstrate to the Division's satisfaction that the additional tonnage is required to meet future business obligations of the operator, such as may be demonstrated by a legally binding agreement for future delivery of the minerals.

724. The Division may periodically revise the other mineral stockpile tonnage limits in accordance with the criteria established by R645-106-722 and -723 based on additional information available to the Division.

R645-106-800. Revocation and Enforcement.

810. Division responsibility. The Division shall conduct an annual compliance review of the mining area, utilizing the annual report submitted pursuant to R645-106-900, an on-site inspection and any other information available to the Division.

820. If the Division has reason to believe that a specific mining area was not exempt under the provisions of R645-106 at the end of the previous reporting period, is not exempt, or will be unable to satisfy the exemption criteria at the end of the current reporting period, the Division shall notify the operator that the exemption may be revoked and the reason(s) therefor. The exemption will be revoked unless the operator demonstrates to the Division within 30 days that the mining area in question should continue to be exempt.

830. Division decision.

831. If the Division finds that an operator has not demonstrated that activities conducted in the mining area qualify for the exemption, the Division shall revoke the exemption and immediately notify the operator and intervenors. If a decision is made not to revoke an exemption, the Division shall immediately notify the operator and intervenors.

832. Any adversely affected person may request administrative review of a decision whether to revoke an exemption within 30 days of the notification of such decision in accordance with procedures established under R645-300-200.

833. A petition for administrative review filed under R645-300-200 shall not suspend the effect of a decision whether to revoke an exemption.

840. Direct enforcement.

841. An operator mining in accordance with the terms of an approved exemption shall not be cited for violations of the regulatory program which occurred prior to the revocation of the exemption.

842. An operator who does not conduct activities in accordance with the terms of an approved exemption and knows or should know such activities are not in accordance with the approved exemption shall be subject to direct enforcement action for violations of the regulatory program which occur during the period of such activities.

843. Upon revocation of an exemption or denial of an exemption application, an operator shall stop conducting surface coal mining operations until a permit is obtained and shall comply with the reclamation standards of the applicable regulatory program with regard to conditions, areas and activities existing at the time of revocation or denial.

R645-106-900. Reporting Requirements.

910. Reports.

911. Following approval by the Division of an exemption for a mining area, the person receiving the exemption shall, for each mining area, file a written report annually with the Division containing the information specified in R645-106-920.

912. The report shall be filed no later than 30 days after the end of the 12-month period as determined in accordance with the definition of "cumulative measurement period" in R645-100-200.

913. The information in the report shall cover:

913.100. Annual production of coal and other minerals and annual revenue derived from coal and other minerals during the preceding 12-month period, and

913.200. The cumulative production of coal and other minerals and the cumulative revenue derived from coal and other minerals.

920. For each period and mining area covered by the report, the report shall specify:

921. The number of tons of extracted coal sold in bona fide sales and total revenue derived from such sales;

922. The number of tons of coal extracted and used or transferred by the operator or related entity and the estimated total fair market value of such coal;

923. The number of tons of coal stockpiled;

924. The number of tons of other commercially valuable minerals extracted and sold in bona fide sales and total revenue derived from such sales;

925. The number of tons of other commercially valuable minerals extracted and used or transferred by the operator or related entity and the estimated total fair market value of such minerals; and

926. The number of tons of other commercially valuable minerals removed and stockpiled by the operator.

Notice of Continuation May 17, 2006

R645. Natural Resources; Oil, Gas and Mining; Coal.**R645-301. Coal Mine Permitting: Permit Application Requirements.****R645-301-100. General Contents.**

The rules in R645-301-100 present the requirements for the entitled information which should be included in each permit application.

110. Minimum Requirements for Legal, Financial, Compliance and Related Information.

111. Introduction.

111.100. Objectives. The objectives of R645-301-100 are to insure that all relevant information on the ownership and control of persons who conduct coal mining and reclamation operations, the ownership and control of the property to be affected by the operation, the compliance status and history of those persons, and other important information is provided in the application to the Division.

111.200. Responsibility. It is the responsibility of the permit applicant to provide to the Division all of the information required by R645-301-100.

111.300. Applicability. The requirements of R645-301-100 apply to any person who applies for a permit to conduct coal mining and reclamation operations.

111.400. The applicant shall submit the information required by R645-301-112 and R645-301-113 in a format prescribed by OSM rules governing the Applicant Violator System information needs.

112. Identification of Interests. An application will contain the following:

112.100. A statement as to whether the applicant is a corporation, partnership, single proprietorship, association, or other business entity;

112.200. The name, address, telephone number and, as applicable, social security number and employer identification number of the:

112.210. Applicant;

112.220. Applicant's resident agent; and

112.230. Person who will pay the abandoned mine land reclamation fee.

112.300. For each person who owns or controls the applicant under the definition of "owned or controlled" and "owns or controls" in R645-100-200 of this chapter, as applicable:

112.310. The person's name, address, social security number and employer identification number;

112.320. The person's ownership or control relationship to the applicant, including percentage of ownership and location in organizational structure;

112.330. The title of the person's position, date position was assumed, and when submitted under R645-300-147, date of departure from the position;

112.340. Each additional name and identifying number, including employer identification number, Federal or State permit number, and MSHA number with date of issuance, under which the person owns or controls, or previously owned or controlled, a coal mining and reclamation operation in the United States within five years preceding the date of the application; and

112.350. The application number or other identifier of, and the regulatory authority for, any other pending coal mine operation permit application filed by the person in any State in the United States.

112.400. For any coal mining and reclamation operation owned or controlled by either the applicant or by any person who owns or controls the applicant under the definition of "owned or controlled" and "owns or controls" in R645-100-200 of the operation's:

112.410. Name, address, identifying numbers, including employer identification number, Federal or State permit number and MSHA number, the date of issuance of the MSHA number,

and the regulatory authority; and

112.420. Ownership or control relationship to the applicant, including percentage of ownership and location in organizational structure.

112.500. The name and address of each legal or equitable owner of record of the surface and mineral property to be mined, each holder of record of any leasehold interest in the property to be mined, and any purchaser of record under a real estate contract for the property to be mined;

112.600. The name and address of each owner of record of all property (surface and subsurface) contiguous to any part of the proposed permit area;

112.700. The MSHA numbers for all mine-associated structures that require MSHA approval; and

112.800. A statement of all lands, interest in lands, options, or pending bids on interests held or made by the applicant for lands contiguous to the area described in the permit application. If requested by the applicant, any information required by R645-301-112.800 which is not on public file pursuant to Utah law will be held in confidence by the Division as provided under R645-300-124.320.

112.900. After an applicant is notified that his or her application is approved, but before the permit is issued, the applicant shall, as applicable, update, correct or indicate that no change has occurred in the information previously submitted under R645-301-112.100 through R645-301-112.800.

113. Violation Information. An application will contain the following:

113.100. A statement of whether the applicant or any subsidiary, affiliate, or persons controlled by or under common control with the applicant has:

113.110. Had a federal or state permit to conduct coal mining and reclamation operations suspended or revoked in the five years preceding the date of submission of the application; or

113.120. Forfeited a performance bond or similar security deposited in lieu of bond;

113.200. A brief explanation of the facts involved if any such suspension, revocation, or forfeiture referred to under R645-301-113.110 and R645-301-113.120 has occurred, including:

113.210. Identification number and date of issuance of the permit, and the date and amount of bond or similar security;

113.220. Identification of the authority that suspended or revoked the permit or forfeited the bond and the stated reasons for the action;

113.230. The current status of the permit, bond, or similar security involved;

113.240. The date, location, and type of any administrative or judicial proceedings initiated concerning the suspension, revocation, or forfeiture; and

113.250. The current status of the proceedings; and

113.300. For any violation of a provision of the Act, or of any law, rule or regulation of the United States, or of any derivative State reclamation law, rule or regulation enacted pursuant to Federal law, rule or regulation pertaining to air or water environmental protection incurred in connection with any coal mining and reclamation operation, a list of all violation notices received by the applicant during the three year period preceding the application date, and a list of all unabated cessation orders and unabated air and water quality violation notices received prior to the date of the application by any coal mining and reclamation operation owned or controlled by either the applicant or by any person who owns or controls the applicant. For each violation notice or cessation order reported, the lists shall include the following information, as applicable:

113.310. Any identifying numbers for the operation, including the Federal or State permit number and MSHA number, the dates of issuance of the violation notice and MSHA number, the name of the person to whom the violation notice

was issued, and the name of the issuing regulatory authority, department or agency;

113.320. A brief description of the violation alleged in the notice;

113.330. The date, location, and type of any administrative or judicial proceedings initiated concerning the violation, including, but not limited to, proceedings initiated by any person identified in R645-301-113.300 to obtain administrative or judicial review of the violation;

113.340. The current status of the proceedings and of the violation notice; and

113.350. The actions, if any, taken by any person identified in R645-301-113.300 to abate the violation.

113.400. After an applicant is notified that his or her application is approved, but before the permit is issued, the applicant shall, as applicable, update, correct or indicate that no change has occurred in the information previously submitted under R645-301-113.

114. Right-of-Entry Information.

114.100. An application will contain a description of the documents upon which the applicant bases their legal right to enter and begin coal mining and reclamation operations in the permit area and will state whether that right is the subject of pending litigation. The description will identify the documents by type and date of execution, identify the specific lands to which the document pertains, and explain the legal rights claimed by the applicant.

114.200. Where the private mineral estate to be mined has been severed from the private surface estate, an applicant will also submit:

114.210. A copy of the written consent of the surface owner for the extraction of coal by certain coal mining and reclamation operations;

114.220. A copy of the conveyance that expressly grants or reserves the right to extract coal by certain coal mining and reclamation operations; or

114.230. If the conveyance does not expressly grant the right to extract the coal by certain coal mining and reclamation operations, documentation that under applicable Utah law, the applicant has the legal authority to extract the coal by those operations.

114.300. Nothing given under R645-301-114.100 through R645-301-114.200 will be construed to provide the Division with the authority to adjudicate property rights disputes.

115. Status of Unsuitability Claims.

115.100. An application will contain available information as to whether the proposed permit area is within an area designated as unsuitable for coal mining and reclamation operations or is within an area under study for designation in an administrative proceeding under R645-103-300, R645-103-400, or 30 CFR Part 769.

115.200. An application in which the applicant claims the exemption described in R645-103-333 will contain information supporting the assertion that the applicant made substantial legal and financial commitments before January 4, 1977, concerning the proposed coal mining and reclamation operations.

115.300. An application that proposes to conduct coal mining and reclamation operations within 300 feet of an occupied dwelling or within 100 feet of a public road must meet the requirements of R645-103-234 or R645-103-235, respectively.

116. Permit Term.

116.100. Each permit application will state the anticipated or actual starting and termination date of each phase of the coal mining and reclamation operation and the anticipated number of acres of land to be affected during each phase of mining over the life of the mine.

116.200. If the applicant requires an initial permit term in excess of five years in order to obtain necessary financing for

equipment and the opening of the operation, the application will:

116.210. Be complete and accurate covering the specified longer term; and

116.220. Show that the proposed longer term is reasonably needed to allow the applicant to obtain financing for equipment and for the opening of the operation with the need confirmed, in writing, by the applicant's proposed source of financing.

117. Insurance, Proof of Publication and Facilities or Structures Used in Common.

117.100. A permit application will contain either a certificate of liability insurance or evidence of self-insurance in compliance with R645-301-800.

117.200. A copy of the newspaper advertisements of the application for a permit, significant revision of a permit, or renewal of a permit, or proof of publication of the advertisements which is acceptable to the Division will be filed with the Division and will be made a part of the application not later than 4 weeks after the last date of publication as required by R645-300-121.100.

117.300. The plans of a facility or structure that is to be shared by two or more separately permitted coal mining and reclamation operations may be included in one permit application and referenced in the other applications. In accordance with R645-301-800, each permittee will bond the facility or structure unless the permittees sharing it agree to another arrangement for assuming their respective responsibilities. If such agreement is reached, then the application will include a copy of the agreement between or among the parties setting forth the respective bonding responsibilities of each party for the facility or structure. The agreement will demonstrate to the satisfaction of the Division that all responsibilities under the R645 Rules for the facility or structure will be met.

118. Filing Fee. Each permit application to conduct coal mining and reclamation operations pursuant to the State Program will be accompanied by a fee of \$5.00.

120. Permit Application Format and Contents.

121. The permit application will:

121.100. Contain current information, as required by R645-200, R645-300, R645-301 and R645-302.

121.200. Be clear and concise; and

121.300. Be filed in the format required by the Division.

122. If used in the permit application, referenced materials will either be provided to the Division by the applicant or be readily available to the Division. If provided, relevant portions of referenced published materials will be presented briefly and concisely in the application by photocopying or abstracting and with explicit citations.

123. Applications for permits; permit changes; permit renewals; or transfers, sales or assignments of permit rights will contain the notarized signature of a responsible official of the applicant, that the information contained in the application is true and correct to the best of the official's information and belief.

130. Reporting of Technical Data.

131. All technical data submitted in the permit application will be accompanied by the names of persons or organizations that collected and analyzed the data, dates of the collection and analysis of the data, and descriptions of the methodology used to collect and analyze the data.

132. Technical analyses will be planned by or under the direction of a professional qualified in the subject to be analyzed.

140. Maps and Plans.

141. Maps submitted with permit applications will be presented in a consolidated format, to the extent possible, and will include all the types of information that are set forth on U.S. Geological Survey of the 1:24,000 scale series. Maps of the permit area will be at a scale of 1:6,000 or larger. Maps of the adjacent area will clearly show the lands and waters within those areas and be at a scale determined by the Division, but in no

event smaller than 1:24,000.

142. All maps and plans submitted with the permit application will distinguish among each of the phases during which coal mining and reclamation operations were or will be conducted at any place within the life of operations. At a minimum, distinctions will be clearly shown among those portions of the life of operations in which coal mining and reclamation operations occurred:

142.100 Prior to August 3, 1977;

142.200 After August 3, 1977, and prior to either:

142.210. May 3, 1978; or

142.220 In the case of an applicant or operator which obtained a small operator's exemption in accordance with the Interim Program rules (MC Rules), January 1, 1979;

142.300 After May 3, 1978 (or January 1, 1979, for persons who received a small operator's exemption) and prior to the approval of the State Program; and

142.400 After the estimated date of issuance of a permit by the Division under the State Program.

150. Completeness. An application for a permit to conduct coal mining and reclamation operations will be complete and will include at a minimum information required under R645-301 and, if applicable, R645-302.

160. Permit change, renewal, transfer, sale and assignment.

Procedures to change, renew, transfer, assign, or sell existing coal mining and reclamation permit rights are presented at R645-303.

R645-301-200. Soils.

The regulations in R645-301-200 present the minimum requirements for information on soil resources which will be included in each permit application.

210. Introduction.

211. The applicant will present a description of the premining soil resources as specified under R645-301-221. Topsoil and subsoil to be saved under R645-301-232 will be separately removed and segregated from other material.

212. After removal, topsoil will be immediately redistributed in accordance with R645-301-242, stockpiled pending redistribution under R645-301-234, or if demonstrated that an alternative procedure will provide equal or more protection for the topsoil, the Division may, on a case-by-case basis, approve an alternative.

220. Environmental Description.

221. Prime Farmland Investigation. All permit applications, whether or not Prime Farmland is present, will include the results of a reconnaissance inspection of the proposed permit area to indicate whether Prime Farmland exists as given under R645-302-313.

222. Soil Survey. The applicant will provide adequate soil survey information for those portions of the permit area to be affected by surface operations incident to UNDERGROUND COAL MINING and RECLAMATION ACTIVITIES and for the permit area of SURFACE COAL MINING and RECLAMATION ACTIVITIES consisting of the following:

222.100. A map delineating different soils;

222.200. Soil identification;

222.300. Soil description; and

222.400. Present and potential productivity of existing soils.

223. Soil Characterization. The survey will meet the standards of the National Cooperative Soil Survey as incorporated by reference in R645-302-314.100.

224. Substitute Topsoil. Where the applicant proposes to use selected overburden materials as a supplement or substitute for topsoil, the application will include results of analyses, trials, and tests as described under R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, and R645-301-243. The Division may also require the results of field-site trials or

greenhouse tests as required under R645-301-233.

230. Operation Plan.

231. General Requirements. Each permit application will include a:

231.100. Description of the methods for removing and storing topsoil, subsoil, and other materials;

231.200. Demonstration of the suitability of topsoil substitutes or supplements;

231.300. Testing plan for evaluating the results of topsoil handling and reclamation procedures related to revegetation; and

231.400. Narrative that describes the construction, modification, use and maintenance of topsoil handling and storage areas.

232. Topsoil and Subsoil Removal.

232.100. All topsoil will be removed as a separate layer from the area to be disturbed, and segregated.

232.200. Where the topsoil is of insufficient quantity or poor quality for sustaining vegetation, the materials approved by the Division in accordance with R645-301-233.100 will be removed as a separate layer from the area to be disturbed, and segregated.

232.300. If topsoil is less than six inches thick, the operator may remove the topsoil and the unconsolidated materials immediately below the topsoil and treat the mixture as topsoil.

232.400. The Division may not require the removal of topsoil for minor disturbances which:

232.410. Occur at the site of small structures, such as power poles, signs, or fence lines; or

232.420. Will not destroy the existing vegetation and will not cause erosion.

232.500. Subsoil Segregation. The Division may require that the B horizon, C horizon, or other underlying strata, or portions thereof, be removed and segregated, stockpiled, and redistributed as subsoil in accordance with the requirements of R645-301-234 and R645-301-242 if it finds that such subsoil layers are necessary to comply with the revegetation requirements of R645-301-353 through R645-301-357.

232.600. Timing. All material to be removed under R645-301-232 will be removed after the vegetative cover that would interfere with its salvage is cleared from the area to be disturbed, but before any drilling, blasting, mining, or other surface disturbance takes place.

232.700. Topsoil and subsoil removal under adverse conditions. An exception to the requirements of R645-301-232 to remove topsoil or subsoils in a separate layer from an area to be disturbed by surface operations may be granted by the Division where the operator can demonstrate;

232.710. The removal of soils in a separate layer from the area by the use of conventional machines would be unsafe or impractical because of the slope or other condition of the terrain or because of the rockiness or limited depth of the soils; and

232.720. That the requirements of R645-301-233 have been or will be fulfilled with regard to the use of substitute soil materials unless no available substitute material can be made suitable for achieving the revegetation standards of R645-301-356, in which event the operator will, as a condition of the permit, be required to import soil material of the quality and quantity necessary to achieve such revegetation standards.

233. Topsoil Substitutes and Supplements.

233.100. Selected overburden materials may be substituted for, or used as a supplement to topsoil if the operator demonstrates to the Division that the resulting soil medium is equal to, or more suitable for sustaining vegetation on nonprime farmland areas than the existing topsoil, has a greater productive capacity than that which existed prior to mining for prime farmland reconstruction, and results in a soil medium that is the best available in the permit area to support revegetation.

233.200. The suitability of topsoil substitutes and supplements will be determined on the basis of analysis of the

thickness of soil horizons, total depth, texture, percent coarse fragments, pH, and areal extent of the different kinds of soils. The Division may require other chemical and physical analyses, field-site trials, or greenhouse tests if determined to be necessary or desirable to demonstrate the suitability of topsoil substitutes or supplements.

233.300. Results of physical and chemical analyses of overburden and topsoil to demonstrate that the resulting soil medium is equal to or more suitable for sustaining revegetation than the available topsoil, provided that field-site trials, and greenhouse tests are certified by an approved laboratory in accordance with any one or a combination of the following sources:

233.310. NRCS published data based on established soil series;

233.320. NRCS Technical Guides;

233.330. State agricultural agency, university, Tennessee Valley Authority, Bureau of Land Management of U.S. Department of Agriculture Forest Service published data based on soil series properties and behavior; or

233.340. Results of physical and chemical analyses, field-site trials, or greenhouse tests of the topsoil and overburden materials (soil series) from the permit area.

233.400. If the operator demonstrates through soil survey or other data that the topsoil and unconsolidated material are insufficient and substitute materials will be used, only the substitute materials must be analyzed in accordance with R645-301-233.300.

234. Topsoil Storage.

234.100. Materials removed under R645-301-232.100, R645-301-232.200, and R645-301-232.300 will be segregated and stockpiled when it is impractical to redistribute such materials promptly on regraded areas.

234.200. Stockpiled materials will:

234.210. Be selectively placed on a stable site within the permit area;

234.220. Be protected from contaminants and unnecessary compaction that would interfere with revegetation;

234.230. Be protected from wind and water erosion through prompt establishment and maintenance of an effective, quick growing vegetative cover or through other measures approved by the Division; and

234.240. Not be moved until required for redistribution unless approved by the Division.

234.300. Where long-term disturbed areas will result from facilities and preparation plants and where stockpiling of materials removed under R645-301-232.100 would be detrimental to the quality or quantity of those materials, the Division may approve the temporary distribution of the soil materials so removed to an approved site within the permit area to enhance the current use of that site until needed for later reclamation, provided that:

234.310. Such action will not permanently diminish the capability of the topsoil of the host site; and

234.320. The material will be retained in a condition more suitable for redistribution than if stockpiled.

240. Reclamation Plan.

241. General Requirements. Each permit application will include plans for redistribution of soils, use of soil nutrients and amendments and stabilization of soils.

242. Soil Redistribution.

242.100. Topsoil materials removed under R645-301-232.100, R645-301-232.200, and R645-301-232.300 and stored under R645-301-234 will be redistributed in a manner that:

242.110. Achieves an approximately uniform, stable thickness consistent with the approved postmining land use, contours, and surface-water drainage systems;

242.120. Prevents excess compaction of the materials; and

242.130. Protects the materials from wind and water

erosion before and after seeding and planting.

242.200. Before redistribution of the materials removed under R645-301-232 the regraded land will be treated if necessary to reduce potential slippage of the redistributed material and to promote root penetration. If no harm will be caused to the redistributed material and reestablished vegetation, such treatment may be conducted after such material is replaced.

242.300. The Division may not require the redistribution of topsoil or topsoil substitutes on the approved postmining embankments of permanent impoundments or roads if it determines that:

242.310. Placement of topsoil or topsoil substitutes on such embankments is inconsistent with the requirement to use the best technology currently available to prevent sedimentation, and

242.320. Such embankments will be otherwise stabilized.

243. Soil Nutrients and Amendments. Nutrients and soil amendments will be applied to the initially redistributed material when necessary to establish the vegetative cover.

244. Soil Stabilization.

244.100. All exposed surface areas will be protected and stabilized to effectively control erosion and air pollution attendant to erosion.

244.200. Suitable mulch and other soil stabilizing practices will be used on all areas that have been regraded and covered by topsoil or topsoil substitutes. The Division may waive this requirement if seasonal, soil, or slope factors result in a condition where mulch and other soil stabilizing practices are not necessary to control erosion and to promptly establish an effective vegetative cover.

244.300. Rills and gullies, which form in areas that have been regraded and topsoiled and which either:

244.310. Disrupt the approved postmining land use or the reestablishment of the vegetative cover, or

244.320. Cause or contribute to a violation of water quality standards for receiving streams will be filled, regraded, or otherwise stabilized; topsoil will be replaced; and the areas will be reseeded or replanted.

250. Performance Standards.

251. All topsoil, subsoil and topsoil substitutes or supplements will be removed, maintained and redistributed according to the plan given under R645-301-230 and R645-301-240.

252. All stockpiled topsoil, subsoil and topsoil substitutes or supplements will be located, maintained and redistributed according to plans given under R645-301-230 and R645-301-240.

R645-301-300. Biology.

310. Introduction. Each permit application will include descriptions of the:

311. Vegetative, fish, and wildlife resources of the permit area and adjacent areas as described under R645-301-320;

312. Potential impacts to vegetative, fish and wildlife resources and methods proposed to minimize these impacts during coal mining and reclamation operations as described under R645-301-330 and R645-301-340; and

313. Proposed reclamation designed to restore or enhance vegetative, fish, and wildlife resources to a condition suitable for the designated postmining land use as described under R645-301-340.

320. Environmental Description.

321. Vegetation Information. The permit application will contain descriptions as follows:

321.100. If required by the Division, plant communities within the proposed permit area and any reference area for SURFACE COAL MINING AND RECLAMATION ACTIVITIES and areas affected by surface operations incident to an underground mine for UNDERGROUND COAL MINING

AND RECLAMATION ACTIVITIES. This description will include information adequate to predict the potential for reestablishing vegetation; and

321.200. The productivity of the land before mining within the proposed permit area for SURFACE COAL MINING AND RECLAMATION ACTIVITIES and areas affected by surface operations incident to an underground mine for UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, expressed as average yield of food, fiber, forage, or wood products from such lands obtained under high levels of management. The productivity will be determined by yield data or estimates for similar sites based on current data from the U. S. Department of Agriculture, state agricultural universities, or appropriate state natural resource or agricultural agencies.

322. Fish and Wildlife Information. Each application will include fish and wildlife resource information for the permit area and adjacent areas.

322.100. The scope and level of detail for such information will be determined by the Division in consultation with state and federal agencies with responsibilities for fish and wildlife and will be sufficient to design the protection and enhancement plan required under R645-301-333.

322.200. Site-specific resource information necessary to address the respective species or habitats will be required when the permit area or adjacent area is likely to include:

322.210. Listed or proposed endangered or threatened species of plants or animals or their critical habitats listed by the Secretary under the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.), or those species or habitats protected by similar state statutes;

322.220. Habitats of unusually high value for fish and wildlife such as important streams, wetlands, riparian areas, cliffs supporting raptors, areas offering special shelter or protection, migration routes, or reproduction and wintering areas; or

322.230. Other species or habitats identified through agency consultation as requiring special protection under state or federal law.

322.300. Fish and Wildlife Service review. Upon request, the Division will provide the resource information required under R645-301-322 and the protection and enhancement plan required under R645-301-333 to the U.S. Fish and Wildlife Service Regional or Field Office for their review. This information will be provided within 10 days of receipt of the request from the Service.

323. Maps and Aerial Photographs. Maps or aerial photographs of the permit area and adjacent areas will be provided which delineate:

323.100. The location and boundary of any proposed reference area for determining the success of revegetation;

323.200. Elevations and locations of monitoring stations used to gather data for fish and wildlife, and any special habitat features;

323.300. Each facility to be used to protect and enhance fish and wildlife and related environmental values; and

323.400. If required, each vegetative type and plant community, including sample locations. Sufficient adjacent areas will be included to allow evaluation of vegetation as important habitat for fish and wildlife for those species identified under R645-301-322.

330. Operation Plan. Each application will contain a plan for protection of vegetation, fish, and wildlife resources throughout the life of the mine. The plan will provide:

331. A description of the measures taken to disturb the smallest practicable area at any one time and through prompt establishment and maintenance of vegetation for interim stabilization of disturbed areas to minimize surface erosion. This may include part or all of the plan for final revegetation as described in R645-301-341.100 and R645-301-341.200;

332. For the purposes of UNDERGROUND COAL

MINING AND RECLAMATION ACTIVITIES a description of the anticipated impacts of subsidence on renewable resource lands identified in R645-301-320, and how such impact will be mitigated;

333. A description of how, to the extent possible, using the best technology currently available, the operator will minimize disturbances and adverse impacts to fish and wildlife and related environmental values during coal mining and reclamation operations, including compliance with the Endangered Species Act of 1973 during coal mining and reclamation operations, including the location and operation of haul and access roads and support facilities so as to avoid or minimize impacts on important fish and wildlife species or other species protected by state or federal law; and how enhancement of these resources will be achieved, where practicable. This Description will:

333.100. Be consistent with the requirements of R645-301-358;

333.200. Apply, at a minimum, to species and habitats identified under R645-301-322; and

333.300. Include protective measures that will be used during the active mining phase of operation. Such measures may include the establishment of buffer zones, the selective location and special design of haul roads and powerlines, and the monitoring of surface water quality and quantity.

340. Reclamation Plan.

341. Revegetation. Each application will contain a reclamation plan for final revegetation of all lands disturbed by coal mining and reclamation operations, except water areas and the surface of roads approved as part of the postmining land use, as required in R645-301-353 through R645-301-357, showing how the applicant will comply with the biological protection performance standards of the State Program. The plan will include, at a minimum:

341.100. A detailed schedule and timetable for the completion of each major step in the revegetation plan;

341.200. Descriptions of the following:

341.210. Species and amounts per acre of seeds and/or seedlings to be used. If fish and wildlife habitat will be a postmining land use, the criteria of R645-301-342.300 apply.

341.220. Methods to be used in planting and seeding;

341.230. Mulching techniques, including type of mulch and rate of application;

341.240. Irrigation, if appropriate, and pest and disease control measures, if any; and

341.250. Measures proposed to be used to determine the success of revegetation as required in R645-301-356.

341.300. The Division may require greenhouse studies, field trials, or equivalent methods of testing proposed or potential revegetation materials and methods to demonstrate that revegetation is feasible pursuant to R645-300-133.710.

342. Fish and Wildlife. Each application will contain a fish and wildlife plan for the reclamation and postmining phase of operation consistent with R645-301-330, the performance standards of R645-301-358 and include the following:

342.100. Enhancement measures that will be used during the reclamation and postmining phase of operation to develop aquatic and terrestrial habitat. Such measures may include restoration of streams and other wetlands, retention of ponds and impoundments, establishment of vegetation for wildlife food and cover, and the replacement of perches and nest boxes. Where the plan does not include enhancement measures, a statement will be given explaining why enhancement is not practicable.

342.200. Where fish and wildlife habitat is to be a postmining land use, the plant species to be used on reclaimed areas will be selected on the basis of the following criteria:

342.210. Their proven nutritional value for fish or wildlife;

342.220. Their use as cover for fish or wildlife; and

342.230. Their ability to support and enhance fish or wildlife habitat after the release of performance bonds. The

selected plants will be grouped and distributed in a manner which optimizes edge effect, cover, and other benefits to fish and wildlife.

342.300. Where cropland is to be the postmining land use, and where appropriate for wildlife- and crop-management practices, the operator will intersperse the fields with trees, hedges, or fence rows throughout the harvested area to break up large blocks of monoculture and to diversify habitat types for birds and other animals.

342.400. Where residential, public service, or industrial uses are to be the postmining land use, and where consistent with the approved postmining land use, the operator will intersperse reclaimed lands with greenbelts utilizing species of grass, shrubs, and trees useful as food and cover for wildlife.

350. Performance Standards.

351. General Requirements. All coal mining and reclamation operations will be carried out according to plans provided under R645-301-330 through R645-301-340.

352. Contemporaneous Reclamation. Revegetation on all land that is disturbed by coal mining and reclamation operations, will occur as contemporaneously as practicable with mining operations, except when such mining operations are conducted in accordance with a variance for combined SURFACE and UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES issued under R645-302-280. The Division may establish schedules that define contemporaneous reclamation.

353. Revegetation: General Requirements. The permittee will establish on regraded areas and on all other disturbed areas, except water areas and surface areas of roads that are approved as part of the postmining land use, a vegetative cover that is in accordance with the approved permit and reclamation plan.

353.100. The vegetative cover will be:

353.110. Diverse, effective, and permanent;

353.120. Comprised of species native to the area, or of introduced species where desirable and necessary to achieve the approved postmining land use and approved by the Division;

353.130. At least equal in extent of cover to the natural vegetation of the area; and

353.140. Capable of stabilizing the soil surface from erosion.

353.200. The reestablished plant species will:

353.210. Be compatible with the approved postmining land use;

353.220. Have the same seasonal characteristics of growth as the original vegetation;

353.230. Be capable of self-regeneration and plant succession;

353.240. Be compatible with the plant and animal species of the area; and

353.250. Meet the requirements of applicable Utah and federal seed, poisonous and noxious plant; and introduced species laws or regulations.

353.300. The Division may grant exception to the requirements of R645-301-353.220 and R645-301-353.230 when the species are necessary to achieve a quick-growing, temporary, stabilizing cover, and measures to establish permanent vegetation are included in the approved permit and reclamation plan.

353.400. When the approved postmining land use is cropland, the Division may grant exceptions to the requirements of R645-301-353.110, R645-301-353.130, R645-301-353.220 and R645-301-353.230. The requirements of R645-302-317 apply to areas identified as prime farmland.

354. Revegetation: Timing. Disturbed areas will be planted during the first normal period for favorable planting conditions after replacement of the plant-growth medium. The normal period for favorable planting is that planting time generally accepted locally for the type of plant materials selected.

355. Revegetation: Mulching and Other Soil Stabilizing Practices. Suitable mulch and other soil stabilizing practices will be used on all areas that have been regraded and covered by topsoil or topsoil substitutes. The Division may waive this requirement if seasonal, soil, or slope factors result in a condition where mulch and other soil stabilizing practices are not necessary to control erosion and to promptly establish an effective vegetative cover.

356. Revegetation: Standards for Success.

356.100. Success of revegetation will be judged on the effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the extent of cover of the reference area or other approved success standard, and the general requirements of R645-301-353.

356.110. Standards for success, statistically valid sampling techniques for measuring success, and approved methods are identified in the Division's "Vegetation Information Guidelines, Appendix A."

356.120. Standards for success will include criteria representative of unmined lands in the area being reclaimed to evaluate the appropriate vegetation parameters of ground cover, production, or stocking. Ground cover, production, or stocking will be considered equal to the approved success standard when they are not less than 90 percent of the success standard. The sampling techniques for measuring success will use a 90-percent statistical confidence interval (i.e., one-sided test with a 0.10 alpha error).

356.200. Standards for success will be applied in accordance with the approved postmining land use and, at a minimum, the following conditions:

356.210. For areas developed for use as grazing land or pasture land, the ground cover and production of living plants on the revegetated area will be at least equal to that of a reference area or such other success standards approved by the Division.

356.220. For areas developed for use as cropland, crop production on the revegetated area will be at least equal to that of a reference area or such other success standards approved by the Division. The requirements of R645-302-310 through R645-302-317 apply to areas identified as prime farmland.

356.230. For areas to be developed for fish and wildlife habitat, recreation, shelter belts, or forest products, success of stocking and vegetative ground cover. Such parameters are described as follows:

356.231. Minimum stocking and planting arrangements will be specified by the Division on the basis of local and regional conditions and after consultation with and approval by Utah agencies responsible for the administration of forestry and wildlife programs. Consultation and approval will be on a permit specific basis and will be performed in accordance with the "Vegetation Information Guidelines" of the division.

356.232. Trees and shrubs that will be used in determining the success of stocking and the adequacy of plant arrangement will have utility for the approved postmining land use. At the time of bond release, such trees and shrubs will be healthy, and at least 80 percent will have been in place for at least 60 percent of the applicable minimum period of responsibility. No trees and shrubs in place for less than two growing seasons will be counted in determining stocking adequacy.

356.233. Vegetative ground cover will not be less than that required to achieve the approved postmining land use.

356.240. For areas to be developed for industrial, commercial, or residential use less than two years after regrading is completed, the vegetative ground cover will not be less than that required to control erosion.

356.250. For areas previously disturbed by mining that were not reclaimed to the requirements of R645-200 through R645-203 and R645-301 through R645-302 and that are reminded or otherwise redisturbed by coal mining and reclamation

operations, at a minimum, the vegetative ground cover will be not less than the ground cover existing before redisturbance and will be adequate to control erosion.

356.300. Siltation structures will be maintained until removal is authorized by the Division and the disturbed area has been stabilized and revegetated. In no case will the structure be removed sooner than two years after the last augmented seeding.

356.400. When a siltation structure is removed, the land on which the siltation structure was located will be revegetated in accordance with the reclamation plan and R645-301-353 through R645-301-357.

357. Revegetation: Extended Responsibility Period.

357.100. The period of extended responsibility for successful vegetation will begin after the last year of augmented seeding, fertilization, irrigation, or other work, excluding husbandry practices that are approved by the Division in accordance with paragraph R645-301-357.300.

357.200. Vegetation parameters identified in R645-301-356.200 will equal or exceed the approved success standard during the growing seasons for the last two years of the responsibility period. The period of extended responsibility will continue for five or ten years based on precipitation data reported pursuant to R645-301-724.411, as follows:

357.210. In areas of more than 26.0 inches average annual precipitation, the period of responsibility will continue for a period of not less than five full years.

357.220. In areas of 26.0 inches or less average annual precipitation, the period of responsibility will continue for a period of not less than ten full years.

357.300. Husbandry Practices - General Information

357.301. The Division may approve certain selective husbandry practices without lengthening the extended responsibility period. Practices that may be approved are identified in R645-301-357.310 through R645-301-357.365. The operator may propose to use additional practices, but they would need to be approved as part of the Utah Program in accordance with 30 CFR 732.17. Any practices used will first be incorporated into the mining and reclamation plan and approved in writing by the Division. Approved practices are normal conservation practices for unmined lands within the region which have land uses similar to the approved postmining land use of the disturbed area. Approved practices may continue as part of the postmining land use, but discontinuance of the practices after the end of the bond liability period will not jeopardize permanent revegetation success. Augmented seeding, fertilization, or irrigation will not be approved without extending the period of responsibility for revegetation success and bond liability for the areas affected by said activities and in accordance with R645-301-820.330.

357.302. The Permittee will demonstrate that husbandry practices proposed for a reclaimed area are not necessitated by inadequate grading practices, adverse soil conditions, or poor reclamation procedures.

357.303. The Division will consider the entire area that is bonded within the same increment, as defined in R645-301-820.110, when calculating the extent of area that may be treated by husbandry practices.

357.304. If it is necessary to seed or plant in excess of the limits set forth under R645-301-357.300, the Division may allow a separate extended responsibility period for these reseeded or replanted areas in accordance with R645-301-820.330.

357.310. Reestablishing trees and shrubs

357.311. Trees or shrubs may be replanted or reseeded at a rate of up to a cumulative total of 20% of the required stocking rate through 40% of the extended responsibility period.

357.312. If shrubs are to be established by seed in areas of established vegetation, small areas will be scalped. The number of shrubs to be counted toward the tree and shrub density standard for success from each scalped area is limited to one.

357.320. Weed Control and Associated Revegetation. Weed control through chemical, mechanical, and biological means discussed in R645-301-357.321 through R645-301-357.323 is allowed through the entire extended responsibility period for noxious weeds and through the first 20% of the responsibility period for other weeds. Any revegetation necessitated by the following weed control methods will be performed according to the seeding and transplanting parameters set forth in R645-301-357.324.

357.321. Chemical Weed Control. Weed control through chemical means, following the current Weed Control Handbook (published annually or biannually by the Utah State University Cooperative Extension Service) and herbicide labels, is allowed.

357.322. Mechanical Weed Control. Mechanical practices that may be approved include hand roguing, grubbing and mowing.

357.323. Biological Weed Control. Selective grazing by domestic livestock is allowed. Biological control of weeds through disease, insects, or other biological weed control agents is allowed but will be approved on a case-by-case basis by the Division, and other appropriate agency or agencies which have the authority to regulate the introduction and/or use of biological control agents.

357.324. Where weed control practices damage desirable vegetation, areas treated to control weeds may be reseeded or replanted according to the following limitations. Up to a cumulative total of 15% of a reclaimed area may be reseeded or replanted during the first 20% of the extended responsibility period without restarting the responsibility period. After the first 20% of the responsibility period, no more than 3% of the reclaimed area may be reseeded in any single year without restarting the responsibility period, and no continuous reseeded area may be larger than one acre. Furthermore, no seeding is allowed after the first 60% of the responsibility period or Phase II bond release, whichever comes first. Any seeding outside these parameters is considered to be "augmentative seeding," and will restart the extended responsibility period.

357.330. Control of Other Pests.

357.331. Control of big game (deer, elk, moose, antelope) may be used only during the first 60% of the extended responsibility period or until Phase II bond release, whichever comes first. Any methods used will first be approved by the Division and, as appropriate, the land management agency and the Utah Division of Wildlife Resources. Methods that may be used include fencing and other barriers, repellents, scaring, shooting, and trapping and relocation. Trapping and special hunts or shooting will be approved by the Division of Wildlife Resources. Other control techniques may be allowed but will be considered on a case-by-case basis by the Division and by the Utah Division of Wildlife Resources. Appendix C of the Division's "Vegetation Information Guidelines" includes a non-exhaustive list of publications containing big game control methods.

357.332. Control of small mammals and insects will be approved on a case-by-case basis by the Utah Division of Wildlife Resources and/or the Utah Department of Agriculture. The recommendations of these agencies will also be approved by the appropriate land management agency or agencies. Small mammal control will be allowed only during the first 60% of the extended responsibility period or until Phase II bond release, whichever comes first. Insect control will be allowed through the entire extended responsibility period if it is determined, through consultation with the Utah Department of Agriculture or Cooperative Extension Service, that a specific practice is being performed on adjacent unmined lands.

357.340. Natural Disasters and Illegal Activities Occurring After Phase II Bond Release. Where necessitated by a natural disaster, excluding climatic variation, or illegal activities, such as vandalism, not caused by any lack of planning, design, or

implementation of the mining and reclamation plan on the part of the Permittee, the seeding and planting of the entire area which is significantly affected by the disaster or illegal activities will be allowed as an accepted husbandry practice and thus will not restart the extended responsibility period. Appendix C of the Division's "Vegetation Information Guidelines" references publications that show methods used to revegetate damaged land. Examples of natural disasters that may necessitate reseeding which will not restart the extended responsibility period include wildfires, earthquakes, and mass movements originating outside the disturbed area.

357.341. The extent of the area where seeding and planting will be allowed will be determined by the Division in cooperation with the Permittee.

357.342. All applicable revegetation success standards will be achieved on areas reseeded following a disaster, including R645-301-356.232 for areas with a designated postmining land use of forestry or wildlife.

357.343. Seeding and planting after natural disasters or illegal activities will only be allowed in areas where Phase II bond release has been granted.

357.350. Irrigation. The irrigation of transplanted trees and shrubs, but not of general areas, is allowed through the first 20% of the extended responsibility period. Irrigation may be by such methods as, but not limited to, drip irrigation, hand watering, or sprinkling.

357.360. Highly Erodible Area and Rill and Gully Repair. The repair of highly erodible areas and rills and gullies will not be considered an augmentative practice, and will thus not restart the extended responsibility period, if the affected area as defined in R645-301-357.363 comprises no more than 15% of the disturbed area for the first 20% of the extended responsibility period and if no continuous area to be repaired is larger than one acre.

357.361. After the first 20% of the extended responsibility period but prior to the end of the first 60% of the responsibility period or until Phase II bond release, whichever comes first, highly erodible area and rill and gully repair will be considered augmentative, and will thus restart the responsibility period, if the area to be repaired is greater than 3% of the total disturbed area or if a continuous area is larger than one acre.

357.362. The extent of the affected area will be determined by the Division in cooperation with the Permittee.

357.363. The area affected by the repair of highly erodible areas and rills and gullies is defined as any area that is reseeded as a result of the repair. Also included in the affected areas are interspatial areas of thirty feet or less between repaired rills and gullies. Highly erodible areas are those areas which cannot usually be stabilized by ordinary conservation treatments and if left untreated can cause severe erosion or sediment damage.

357.364. The repair and/or treatment of rills and gullies which result from a deficient surface water control or grading plan, as defined by the recurrence of rills and gullies, will be considered an augmentative practice and will thus restart the extended responsibility period.

357.365. The Permittee shall demonstrate by specific plans and designs the methods to be used for the treatment of highly erodible areas and rills and gullies. These will be based on a combination of treatments recommended in the Soil Conservation Service Critical Area Planting recommendations, literature recommendations including those found in Appendix C of the Division's "Vegetation Information Guidelines", and other successful practices used at other reclamation sites in the State of Utah. Any treatment practices used will be approved by the Division.

358. Protection of Fish, Wildlife, and Related Environmental Values. The operator will, to the extent possible using the best technology currently available, minimize disturbances and adverse impacts on fish, wildlife, and related

environmental values and will achieve enhancement of such resources where practicable.

358.100. No coal mining and reclamation operation will be conducted which is likely to jeopardize the continued existence of endangered or threatened species listed by the Secretary or which is likely to result in the destruction or adverse modification of designated critical habitats of such species in violation of the Endangered Species Act of 1973. The operator will promptly report to the Division any state- or federally-listed endangered or threatened species within the permit area of which the operator becomes aware. Upon notification, the Division will consult with appropriate state and federal fish and wildlife agencies and, after consultation, will identify whether, and under what conditions, the operator may proceed.

358.200. No coal mining and reclamation operations will be conducted in a manner which would result in the unlawful taking of a bald or golden eagle, its nest, or any of its eggs. The operator will promptly report to the Division any golden or bald eagle nest within the permit area of which the operator becomes aware. Upon notification, the Division will consult with the U.S. Fish and Wildlife Service and the Utah Division of Wildlife Resources and, after consultation, will identify whether, and under what conditions, the operator may proceed.

358.300. Nothing in the R645 Rules will authorize the taking of an endangered or threatened species or a bald or golden eagle, its nest, or any of its eggs in violation of the Endangered Species Act of 1973 or the Bald Eagle Protection Act, as amended, 16 U.S.C. 668 et seq.

358.400. The operator conducting coal mining and reclamation operations will avoid disturbances to, enhance where practicable, restore, or replace, wetlands and riparian vegetation along rivers and streams and bordering ponds and lakes. Coal mining and reclamation operations will avoid disturbances to, enhance where practicable, or restore, habitats of unusually high value for fish and wildlife.

358.500. Each operator will, to the extent possible using the best technology currently available:

358.510. Ensure that electric powerlines and other transmission facilities used for, or incidental to, coal mining and reclamation operations on the permit area are designed and constructed to minimize electrocution hazards to raptors, except where the Division determines that such requirements are unnecessary;

358.520. Design fences, overland conveyers, and other potential barriers to permit passage for large mammals, except where the Division determines that such requirements are unnecessary; and

358.530. Fence, cover, or use other appropriate methods to exclude wildlife from ponds which contain hazardous concentrations of toxic-forming materials.

R645-301-400. Land Use and Air Quality.

The rules in R645-301-400 present the requirements for information related to Land Use and Air Quality which are to be included in each permit application.

410. Land Use. Each permit application will include a descriptions of the premining and proposed postmining land use(s).

411. Environmental Description.

411.100. Premining Land-Use Information. The application will contain a statement of the condition and capability of the land which will be affected by coal mining and reclamation operations within the proposed permit area, including:

411.110. A map and supporting narrative of the uses of the land existing at the time of the filing of the application. If the premining use of the land was changed within five years before the anticipated date of beginning the proposed operations, the historic use of the land will also be described;

411.120 A narrative of land capability which analyzes the land-use description in conjunction with other environmental resources information required under R645-301-411.100, and R645-301 and R645-302. The narrative will provide analyses of the capability of the land before any coal mining and reclamation operations to support a variety of uses, giving consideration to soil and foundation characteristics, topography, vegetative cover and the hydrology of the area proposed to be affected by coal mining and reclamation operations; and

411.130. A description of the existing land uses and land-use classifications under local law, if any, of the proposed permit and adjacent areas.

411.140. Cultural and Historic Resources Information. The application will contain maps as described under R645-301-411.141 and a supporting narrative which describe the nature of cultural and historic resources listed or eligible for listing in the National Register of Historic Places and known archeological sites within the permit and adjacent areas. The description will be based on all available information, including, but not limited to, information from the State Historic Preservation Officer and from local archeological, historic, and cultural preservation agencies.

411.141. Cultural and Historic Resources Maps. These maps will clearly show:

411.141.1. The boundaries of any public park and locations of any cultural or historical resources listed or eligible for listing in the National Register of Historic Places and known archeological sites within the permit and adjacent areas;

411.141.2. Each cemetery that is located in or within 100 feet of the proposed permit area; and

411.141.3. Any land within the proposed permit area which is within the boundaries of any units of the National System of Trails or the Wild and Scenic Rivers System, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act.

411.142. Coordination with the State Historic Preservation Officer (SHPO). The narrative presented under R645-301-411.140 will also describe coordination efforts with and present evidence of clearances by the SHPO. For any publicly owned parks or places listed on the National Register of Historic Places that may be adversely affected by the proposed coal mining and reclamation operations, each plan will describe the measures to be used:

411.142.1. To prevent adverse impacts; or

411.142.2. If valid existing rights exist, as determined under R645-103-231, or joint agency approval is to be obtained under R645-103-236, to minimize adverse impacts.

411.143. The Division may require the applicant to identify and evaluate important historic and archeological resources that may be eligible for listing on the national Register of Historic Places through:

411.143.1. Collection of additional information;

411.143.2. Conducting field investigations; or

411.143.3. Other appropriate analyses.

411.144. The Division may require the applicant to protect historic or archeological properties listed on or eligible for listing on the National Register of Historic Places through appropriate mitigation and treatment measures. Appropriate mitigation and treatment measures may be required to be taken after permit issuance provided that the required measures are completed before the properties are affected by any mining operation.

411.200. Previous Mining Activity. The application will state whether the proposed permit area has been previously mined, and, if so, the following information, if available:

411.210. The type of mining method used;

411.220. The coal seams or other mineral strata mined;

411.230. The extent of coal or other minerals removed;

411.240. The approximate dates of past mining; and

411.250. The uses of the land preceding mining.

412. Reclamation Plan.

412.100. Postmining Land-Use Plan. Each application will contain a detailed description of the proposed use, following reclamation, of the land within the proposed permit area, including a discussion of the utility and capacity of the reclaimed land to support a variety of alternative uses, and the relationship of the proposed use to existing land-use policies and plans. The plan will explain:

412.110. How the proposed postmining land use is to be achieved and the necessary support activities which may be needed to achieve the proposed land use;

412.120. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, where range or grazing is the proposed postmining use, the detailed management plans to be implemented;

412.130. Where a land use different from the premining land use is proposed, all materials needed for approval of the alternative use under R645-301-413.100 through R645-301-413.334, R645-302-270, R645-302-271.100 through R645-302-271.400, R645-302-271.600, R645-302-271.800, and R645-302-271.900; and

412.140. The consideration which has been given to making all of the proposed coal mining and reclamation operations consistent with surface owner plans and applicable Utah and local land-use plans and programs.

412.200. Land Owner or Surface Manager Comments. The description will be accompanied by a copy of the comments concerning the proposed use by the legal or equitable owner of record of the surface of the proposed permit area and Utah and local government agencies which would have to initiate, implement, approve, or authorize the proposed use of the land following reclamation.

412.300. Suitability and Compatibility. Assure that final fills containing excess spoil are suitable for reclamation and revegetation and are compatible with the natural surroundings and the approved postmining land use.

413. Performance Standards.

413.100. Postmining Land Use. All disturbed areas will be restored in a timely manner to conditions that are capable of supporting:

413.110. The uses they were capable of supporting before any mining; or

413.120. Higher or better uses.

413.200. Determining Premining Uses of Land.

413.210. The premining uses of land to which the postmining land use is compared will be those uses which the land previously supported, if the land has not been previously mined and has been properly managed.

413.220. The postmining land use for land that has been previously mined and not reclaimed will be judged on the basis of the land use that existed prior to any mining; provided that, if the land cannot be reclaimed to the land use that existed prior to any mining because of the previously mined condition, the postmining land use will be judged on the basis of the highest and best use that can be achieved which is compatible with surrounding areas and does not require the disturbance of areas previously unaffected by mining.

413.300. Criteria for Alternative Postmining Land Uses. Higher or better uses may be approved by the Division as alternative postmining land uses after consultation with the landowner or the land management agency having jurisdiction over the lands, if the proposed uses meet the following criteria:

413.310. There is a reasonable likelihood for achievement of the use;

413.320. The use does not present any actual or probable hazard to public health or safety, or threat of water diminution or pollution; and

413.330. The use will not:

413.331. Be impractical or unreasonable;

413.332. Be inconsistent with applicable land-use policies or plans;

413.333. Involve unreasonable delay in implementation; or

413.334. Cause or contribute to violation of federal, Utah, or local law.

414. Interpretation of R645-301-412 and R645-301-413.100 through R645-301-413.334, R645-302-270, R645-302-271.100 through R645-302-271.400, R645-302-271.600, R645-302-271.800, and R645-302-271.900 for the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, Reclamation Plan: Postmining Land Use. The requirements of R645-301-412-130, for approval of an alternative postmining land use, may be met by requesting approval through the permit revision procedures of R645-303-220 rather than requesting such approval in the original permit application. The original permit application, however, must demonstrate that the land will be returned to its premining land-use capability as required by R645-301-413.100. An application for a permit revision of this type:

414.100. Must be submitted in accordance with the filing deadlines of R645-303-220;

414.200. Will constitute a significant alteration from the mining operations contemplated by the original permit; and

414.300. Will be subject to the requirements of R645-300-120 through R645-300-155 and R645-300-200.

420. Air Quality.

421. Coal mining and reclamation operations will be conducted in compliance with the requirements of the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and any other applicable Utah or federal statutes and regulations containing air quality standards.

422. The application will contain a description of coordination and compliance efforts which have been undertaken by the applicant with the Utah Bureau of Air Quality.

423. For all SURFACE COAL MINING AND RECLAMATION ACTIVITIES with projected production rates exceeding 1,000,000 tons of coal per year, the application will contain an air pollution control plan which includes the following:

423.100 An air quality monitoring program to provide sufficient data to evaluate the effectiveness of the fugitive dust control practices proposed under R645-301-423.200 to comply with federal and Utah air quality standards; and

423.200 A plan for fugitive dust control practices as required under R645-301-244.100 and R645-301-244.300.

424. All plans for SURFACE COAL MINING AND RECLAMATION ACTIVITIES with projected production rates of 1,000,000 tons of coal per year or less, will include a plan for fugitive dust control practices as required under R645-301-244 and R645-301-244.300.

425. All plans for SURFACE COAL MINING AND RECLAMATION ACTIVITIES with projected production rates of 1,000,000 tons or less will include an air quality monitoring program, if required by the division, to provide sufficient data to judge the effectiveness of the fugitive dust control plan required under R645-301-424.

R645-301-500. Engineering.

The rules in R645-301-500 present the requirements for engineering information which is to be included in a permit application.

510. Introduction. The engineering section of the permit application is divided into the operation plan, reclamation plan, design criteria, and performance standards. All of the activities associated with the coal mining and reclamation operations must be designed, located, constructed, maintained, and reclaimed in accordance with the operation and reclamation plan. All of the design criteria associated with the operation and reclamation plan must be met.

511. General Requirements. Each permit application will include descriptions of:

511.100. The proposed coal mining and reclamation operations with attendant maps, plans, and cross sections;

511.200. The proposed mining operation and its potential impacts to the environment as well as methods and calculations utilized to achieve compliance with design criteria; and

511.300. Reclamation.

512. Certification.

512.100. Cross Sections and Maps. Certain cross sections and maps required to be included in a permit application will be prepared by, or under the direction of, and certified by: a qualified, registered, professional engineer; a professional geologist; or a qualified, registered, professional land surveyor, with assistance from experts in related fields such as hydrology, geology and landscape architecture. Cross sections and maps will be updated as required by the Division. The following cross sections and maps will be certified:

512.110. Mine workings to the extent known as described under R645-301-521.110;

512.120. Surface facilities and operations as described under R645-301-521.124, R645-301-521.164, R645-301-521.165 and R645-301-521.167;

512.130. Surface configurations as described under R645-301-542.300 and R645-302-200;

512.140. Hydrology as described under R645-301-722, and as appropriate, R645-301-731.700 through R645-301-731.740; and

512.150. Geologic cross sections and maps as described under R645-301-622.

512.200. Plans and Engineering Designs. Excess spoil, durable rock fills, coal mine waste, impoundments, primary roads and variances from approximate original contour require certification by a qualified registered professional engineer.

512.210. Excess Spoil. The professional engineer experienced in the design of earth and rock fills will certify the design according to R645-301-535.100.

512.220. Durable Rock Fills. The professional engineer experienced in the design of earth and rock fills must certify that the durable rock fill design will ensure the stability of the fill and meet design requirements according to R645-301-535.100 and R645-301-535.300.

512.230. Coal Mine Waste. The professional engineer experienced in the design of similar earth and waste structures must certify the design of the disposal facility according to R645-301-536.

512.240. Impoundments. The professional engineer will use current, prudent, engineering practices and will be experienced in the design and construction of impoundments and certify the design of the impoundment according to R645-301-743.

512.250. Primary Roads. The professional engineer will certify the design and construction or reconstruction of primary roads as meeting the requirements of R645-301-534.200 and R645-301-742.420.

512.260. Variance From Approximate Original Contour. The professional engineer will certify the design for the proposed variance from the approximate original contour, as described under R645-302-270, in conformance with professional standards established to assure the stability, drainage and configuration necessary for the intended use of the site.

513. Compliance With MSHA Regulations and MSHA Approvals.

513.100. Coal processing waste dams and embankments will comply with MSHA, 30 CFR 77.216-1 and 30 CFR 77.216-2 (see R645-301-528.400 and R645-301-536.820).

513.200. Impoundments and sedimentation ponds meeting the size or other qualifying criteria of MSHA, 30 CFR 77.216(a)

will comply with the requirements of MSHA, 30 CFR 77.216 (see R645-301-533.600, R645-301-742.222, and R645-301-742.223).

513.300. Underground development waste, coal processing waste and excess spoil may be disposed of in underground mine workings, but only in accordance with a plan approved by MSHA and the Division (see R645-301-528.321).

513.400. Refuse piles will meet the requirements of MSHA, 30 CFR 77.214 and 30 CFR 77.215 (see R645-301-536.900).

513.500. Each shaft, drift, adit, tunnel, exploratory hole, entryway or other opening to the surface from the underground will be capped, sealed, backfilled or otherwise properly managed consistent with MSHA, 30 CFR 75.1711 (see R645-301-551).

513.600. Discharges into an underground mine are prohibited, unless specifically approved by the Division after a demonstration that the discharge will meet the approval of MSHA (see R645-301-731.511.4).

513.700. The nature, timing and sequence of the SURFACE COAL MINING AND RECLAMATION ACTIVITIES that propose to mine closer than 500 feet to an active underground mine are jointly approved by the Division and MSHA (see R645-301-523.220).

513.800. Coal mine waste fires will be extinguished in accordance with a plan approved by MSHA and the Division (see R645-301-528.323.1).

514. Inspections. All engineering inspections, excepting those described under R645-301-514.330, will be conducted by a qualified registered professional engineer or other qualified professional specialist under the direction of the professional engineer.

514.100. Excess Spoil. The professional engineer or specialist will be experienced in the construction of earth and rock fills and will periodically inspect the fill during construction. Regular inspections will also be conducted during placement and compaction of fill materials.

514.110. Such inspections will be made at least quarterly throughout construction and during critical construction periods. Critical construction periods will include at a minimum:

514.111. Foundation preparation, including the removal of all organic material and topsoil;

514.112. Placement of underdrains and protective filter systems;

514.113. Installation of final surface drainage systems; and

514.114. The final graded and revegetated fill.

514.120. The qualified registered professional engineer will provide a certified report to the Division promptly after each inspection that the fill has been constructed and maintained as designed and in accordance with the approved plan and the R645-301 and R645-302 Rules. The report will include appearances of instability, structural weakness, and other hazardous conditions.

514.130. Certified reports on Drainage System and Protective Filters.

514.131. The certified report on the drainage system and protective filters will include color photographs taken during and after construction, but before underdrains are covered with excess spoil. If the underdrain system is constructed in phases, each phase will be certified separately.

514.132. Where excess durable rock spoil is placed in single or multiple lifts such that the underdrain system is constructed simultaneously with excess spoil placement by the natural segregation of dumped materials, in accordance with R645-301-535.300 and R645-301-745.300, color photographs will be taken of the underdrain as the underdrain system is being formed.

514.133. The photographs accompanying each certified report will be taken in adequate size and number with enough terrain or other physical features of the site shown to provide a

relative scale to the photographs and to specifically and clearly identify the site.

514.140. Inspection Reports. A copy of each inspection report will be retained at or near the mine site.

514.200. Refuse Piles. The professional engineer or specialist experienced in the construction of similar earth and waste structures will inspect the refuse pile during construction.

514.210. Regular inspections by the engineer or specialist will also be conducted during placement and compaction of coal mine waste materials. More frequent inspections will be conducted if a danger of harm exists to the public health and safety or the environment. Inspections will continue until the refuse pile has been finally graded and revegetated or until a later time as required by the Division.

514.220. Such inspection will be made at least quarterly throughout construction and during the following critical construction periods:

514.221. Foundation preparation including the removal of all organic material and topsoil;

514.222. Placement of underdrains and protective filter systems;

514.223. Installation of final surface drainage systems; and

514.224. The final graded and revegetated facility.

514.230. The qualified registered professional engineer will provide a certified report to the Division promptly after each inspection that the refuse pile has been constructed and maintained as designed and in accordance with the approved plan and R645 Rules. The report will include appearances of instability, structural weakness, and other hazardous conditions.

514.240. The certified report on the drainage system and protective filters will include color photographs taken during and after construction, but before underdrains are covered with coal mine waste. If the underdrain system is constructed in phases, each phase will be certified separately. The photographs accompanying each certified report will be taken in adequate size and number with enough terrain or other physical features of the site shown to provide a relative scale to the photographs and to specifically and clearly identify the site.

514.250. A copy of each inspection report will be retained at or near the mine site.

514.300. Impoundments.

514.310. Certified Inspection. The professional engineer or specialist experienced in the construction of impoundments will inspect the impoundment.

514.311. Inspections will be made regularly during construction, upon completion of construction, and at least yearly until removal of the structure or release of the performance bond.

514.312. The qualified registered professional engineer will promptly, after each inspection, provide to the Division, a certified report that the impoundment has been constructed and maintained as designed and in accordance with the approved plan and the R645 Rules. The report will include discussion of any appearances of instability, structural weakness or other hazardous conditions, depth and elevation of any impounded waters, existing storage capacity, any existing or required monitoring procedures and instrumentation and any other aspects of the structure affecting stability.

514.313. A copy of the report will be retained at or near the mine site.

514.320. Impoundments meeting the NRCS Class B or C criteria for dams in TR-60, or the size or other criteria of 30 CFR Sec. 77.216 must be examined in accordance with 30 CFR Sec. 77.216-3. Impoundments not meeting the NRCS Class B or C Criteria for dams in TR-60, or subject to 30 CFR Sec. 77.216, shall be examined at least quarterly. A qualified person designated by the operator shall examine impoundments for the appearance of structural weakness and other hazardous conditions.

515. Reporting and Emergency Procedures.

515.100. The permit application will incorporate a description of the procedure for reporting a slide. The requirements for the description are: At any time a slide occurs which may have a potential adverse effect on public, property, health, safety, or the environment, the permittee who conducts the coal mining and reclamation operations will notify the Division by the fastest available means and comply with any remedial measures required by the Division.

515.200. Impoundment Hazards. The permit application will incorporate a description of notification when potential impoundment hazards exist. The requirements for the description are: If any examination or inspection discloses that a potential hazard exists, the person who examined the impoundment will promptly inform the Division of the finding and of the emergency procedures formulated for public protection and remedial action. If adequate procedures cannot be formulated or implemented, the Division will be notified immediately. The Division will then notify the appropriate agencies that other emergency procedures are required to protect the public.

515.300. The permit application will incorporate a description of procedures for temporary cessation of operations as follows:

515.310. Temporary abandonment will not relieve a person of his or her obligation to comply with any provisions of the approved permit.

515.311. Each person who conducts UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will effectively support and maintain all surface access openings to underground operations, and secure surface facilities in areas in which there are no current operations, but operations are to be resumed under an approved permit.

515.312. Each person who conducts SURFACE COAL MINING AND RECLAMATION ACTIVITIES will effectively secure surface facilities in areas in which there are no current operations, but in which operations are to be resumed under an approved permit.

515.320. Before temporary cessation of coal mining and reclamation operations for a period of 30 days or more, or as soon as it is known that a temporary cessation will extend beyond 30 days, each person who conducts coal mining and reclamation operations will submit to the Division a notice of intention to cease or abandon operations. This notice will include:

515.321. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, a statement of the exact number of surface acres and the horizontal and vertical extent of subsurface strata which have been in the permit area prior to cessation or abandonment, the extent and kind of reclamation of surface area which will have been accomplished, and identification of the backfilling, regrading, revegetation, environmental monitoring, underground opening closures and water treatment activities that will continue during the temporary cessation.

515.322. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, a statement of the exact number of acres which will have been affected in the permit area prior to such temporary cessation, the extent and kind of reclamation of those areas which will have been accomplished, and identification of the backfilling, regrading, revegetation, environmental monitoring, and water treatment activities that will continue during the temporary cessation.

516. Prevention of Slides in SURFACE COAL MINING AND RECLAMATION ACTIVITIES. An undisturbed natural barrier will be provided beginning at the elevation of the lowest coal seam to be mined and extending from the outslope for such distance as may be determined by the Division as is needed to assure stability. The barrier will be retained in place to prevent

slides and erosion.

520. Operation Plan.

521. General. The applicant will include a plan, with maps, cross sections, narrative, descriptions, and calculations indicating how the relevant requirements are met. The permit application will describe and identify the lands subject to coal mining and reclamation operations over the estimated life of the operations and the size, sequence, and timing of the subareas for which it is anticipated that individual permits for mining will be sought.

521.100. Cross Sections and Maps. The application will include cross sections, maps and plans showing all the relevant information required by the Division, to include, but not be limited to:

521.110. Previously Mined Areas. These maps will clearly show:

521.111. The location and extent of known workings of active, inactive, or abandoned underground mines, including mine openings to the surface within the proposed permit and adjacent areas. The map will be prepared and certified according to R645-301-512; and

521.112. The location and extent of existing or previously surface-mined areas within the proposed permit area. The maps will be prepared and certified according to R645-301-512.

521.120. Existing Surface and Subsurface Facilities and Features. These maps will clearly show:

521.121. The location of all buildings in and within 1000 feet of the proposed permit area, with identification of the current use of the buildings;

521.122. The location of surface and subsurface man-made features within, passing through, or passing over the proposed permit area, including, but not limited to, major electric transmission lines, pipelines, and agricultural drainage tile fields;

521.123. Each public road located in or within 100 feet of the proposed permit area;

521.124. The location and size of existing areas of spoil, waste, coal development waste, and noncoal waste disposal, dams, embankments, other impoundments, and water treatment and air pollution control facilities within the proposed permit area. The map will be prepared and certified according to R645-301-512; and

521.125. The location of each sedimentation pond, permanent water impoundment, coal processing waste bank and coal processing waste dam and embankment in accordance with R645-301-512.100, R645-301-512.230, R645-301-521.143, R645-301-521.169, R645-301-528.340, R645-301-531, R645-301-533.600, R645-301-533.700, R645-301-535.140 through R645-301-535.152, R645-301-536.600, R645-301-536.800, R645-301-542.500, R645-301-732.210, and R645-301-733.100.

521.130. Landowners and Right of Entry and Public Interest Maps. These maps and cross sections will clearly show:

521.131. All boundaries of lands and names of present owners of record of those lands, both surface and subsurface, included in or contiguous to the permit area;

521.132. The boundaries of land within the proposed permit area upon which the applicant has the legal right to enter and begin coal mining and reclamation operations; and

521.133. The measures to be used to ensure that the interests of the public and landowners affected are protected if, under R645-103-234, the applicant seeks to have the Division approve:

521.133.1. Conducting the proposed coal mining and reclamation operations within 100 feet of the right-of-way line of any public road, except where mine access or haul roads join that right-of-way; or

521.133.2. Relocating a public road.

521.140. Mine Maps and Permit Area Maps. These maps and/or cross-section drawings will clearly indicate:

521.141. The boundaries of all areas proposed to be

affected over the estimated total life of the coal mining and reclamation operations, with a description of size, sequence and timing of the mining of subareas for which it is anticipated that additional permits will be sought; the coal mining and reclamation operations to be conducted, the lands to be affected throughout the operation, and any change in a facility or feature to be caused by the proposed operations;

521.142. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, the underground workings and the location and extent of areas in which planned-subsidence mining methods will be used and which includes all areas where the measures will be taken to prevent, control, or minimize subsidence and subsidence-related damage (refer to R645-301-525); and

521.143. The proposed disposal sites for placing underground mine development waste and excess spoil generated at surface areas affected by surface operations and facilities for the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES and the proposed disposal site and design of the spoil disposal structures for purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES according to R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

521.150. Land Surface Configuration Maps. These maps will clearly indicate sufficient slope measurements or surface contours to adequately represent the existing land surface configuration of the proposed permit area for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES and the area affected by surface operations and facilities for the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES measured and recorded according to the following:

521.151. Each measurement will consist of an angle of inclination along the prevailing slope extending 100 linear feet above and below or beyond the coal outcrop or the area to be disturbed, or, where this is impractical, at locations specified by the Division. Maps will be prepared and certified according to R645-301-512; and

521.152. Where the area has been previously mined, the measurements will extend at least 100 feet beyond the limits of mining disturbances, or any other distance determined by the Division to be representative of the premining configuration of the land. Maps will be prepared and certified according to R645-301-512.

521.160. Maps and Cross Sections of the Proposed Features for the Proposed Permit Area. These maps and cross sections will clearly show:

521.161. Buildings, utility corridors, and facilities to be used;

521.162. The area of land to be affected within the proposed permit area, according to the sequence of mining and reclamation;

521.163. Each area of land for which a performance bond or other equivalent guarantee will be posted under R645-301-800;

521.164. Each coal storage, cleaning and loading area. The map will be prepared and certified according to R645-301-512;

521.165. Each topsoil, spoil, coal preparation waste, underground development waste, and noncoal waste storage area. The map will be prepared and certified according to R645-301-512;

521.166. Each source of waste and each waste disposal facility relating to coal processing or pollution control;

521.167. Each explosive storage and handling facility;

521.168. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, each air pollution collection and control facility; and

521.169. Each proposed coal processing waste bank, dam, or embankment. The map will be prepared and certified according to R645-301-512.

521.170. Transportation Facilities Maps. Each permit application will describe each road, conveyor, and rail system to be constructed, used, or maintained within the proposed permit area. The description will include a map, appropriate cross sections, and specifications for each road width, road gradient, road surface, road cut, fill embankment, culvert, bridge, drainage ditch, drainage structure, and each stream ford that is used as a temporary route.

521.180. Support facilities. Each permit applicant will submit a description, plans, and drawings for each support facility to be constructed, used, or maintained within the proposed permit area. The plans and drawings will include a map, appropriate cross sections, design drawings, and specifications to demonstrate compliance with R645-301-526.220 through R645-301-526.222 for each facility.

521.190. Other relevant information required by the Division.

521.200. Signs and Markers Specifications. Signs and markers will:

521.210. Be posted, maintained, and removed by the person who conducts the coal mining and reclamation operations;

521.220. Be a uniform design that can be easily seen and read; be made of durable material; and conform to local laws and regulations;

521.230. Be maintained during all activities to which they pertain;

521.240. Mine and Permit Identification Signs.

521.241. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, identification signs will be displayed at each point of access from public roads to areas of surface operations and facilities on permit areas;

521.242. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, identification signs will be displayed at each point of access to the permit area from public roads;

521.243. Show the name, business address, and telephone number of the permittee who conducts coal mining and reclamation operations and the identification number of the permanent program permit authorizing coal mining and reclamation operations; and

521.244. Be retained and maintained until after the release of all bonds for the permit area;

521.250. Perimeter Markers.

521.251. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, the perimeter of all areas affected by surface operations or facilities before beginning mining activities will be clearly marked; or

521.252. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, the perimeter of a permit area will be clearly marked before the beginning of surface mining activities;

521.260. Buffer Zone Markers.

521.261. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, signs will be erected to mark buffer zones as required under R645-301-731.600 and will be clearly marked to prevent disturbance by surface operations and facilities; or

521.262. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, buffer zones will be marked along their boundaries as required under R645-301-731.600; and

521.270. Topsoil Markers. Markers will be erected to mark where topsoil or other vegetation-supporting material is physically segregated and stockpiled as required under R645-301-234.

522. Coal Recovery. The permit application will include a description of the measures to be used to maximize the use and conservation of the coal resource. The description will assure that coal mining and reclamation operations are conducted so as to maximize the utilization and conservation of the coal, while utilizing the best technology currently available to maintain environmental integrity, so that re-affecting the land in the future through coal mining and reclamation operations is minimized.

523. Mining Method(s). Each application will include a description of the mining operation proposed to be conducted during the life of the mine within the proposed permit area, including, at a minimum, a narrative description of the type and method of coal mining procedures and proposed engineering techniques, anticipated annual and total production of coal, by tonnage and the major equipment to be used for all aspects of those operations.

523.100. SURFACE COAL MINING AND RECLAMATION ACTIVITIES proposed to be conducted within the permit area within 500 feet of an underground mine will be described to indicate compliance with R645-301-523.200.

523.200. No SURFACE COAL MINING AND RECLAMATION ACTIVITIES will be conducted closer than 500 feet to any point of either an active or abandoned underground mine, except to the extent that:

523.210. The operations result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public; and

523.220. The nature, timing, and sequence of the activities that propose to mine closer than 500 feet to an active underground mine are jointly approved by the Division and MSHA.

524. Blasting and Explosives. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, each permit application will contain a blasting plan for the proposed permit area explaining how the applicant will comply with R645-301-524. This plan will include, at a minimum, information setting forth the limitations the operator will meet with regard to ground vibration and airblast, the bases for those limitations, and the methods to be applied in controlling the adverse effects of blasting operations. Each blasting plan will also contain a description of any system to be used to monitor compliance with the standards of R645-301-524.600 including the type, capability, and sensitivity of any blast-monitoring equipment and proposed procedures and locations of monitoring. Blasting operations conducted within 500 feet of active underground mines require approval of MSHA. Blasts that use more than five pounds of explosive or blasting agent will be conducted according to the schedule required under R645-301-524.400. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, R645-301-524.100 through R645-301-524.700 apply to surface blasting activities incident to underground coal mining, including, but not limited to, initial rounds of slopes and shafts.

524.100. Blaster Certification. The steps taken to achieve compliance with the blaster certification program must be described in the permit application.

524.110. After July 28, 1987, all surface blasting operations incident to underground mining in Utah will be conducted under the direction of a certified blaster.

524.120. Certificates of blaster certification will be carried by blasters or will be on file at the permit area during blasting operations.

524.130. A blaster and at least one other person will be present at the firing of a blast.

524.140. Persons responsible for blasting operations at a blasting site will be familiar with the blasting plan and site-specific performance standards and give on-the-job training to persons who are not certified and who are assigned to the blasting crew or assist in the use of explosives.

524.200. Unless approved by the Division under R645-301-524.220, the blast design must be described in the permit application. The design requirements are:

524.210. An anticipated blast design will be submitted for all blasts if blasting operations will be conducted within:

524.211. 1,000 feet of any building used as a dwelling, public building, school, church, or community or institutional building outside the permit area; or

524.212. 500 feet of an active or abandoned underground mine;

524.220. The blast design may be presented as part of a permit application or at a time, before the blast, if approved by the Division;

524.230. The blast design will contain sketches of the drill patterns, delay periods, and decking and will indicate the type and amount of explosives to be used, critical dimensions, and the location and general description of structures to be protected, as well as a discussion of design factors to be used, which protect the public and meet the applicable airblast, flyrock, and ground-vibration standards in R645-301-524.600;

524.240. The blast design will be prepared and signed by a certified blaster; and

524.250. The Division may require changes to the design submitted.

524.300. The preblasting survey must be described in the permit application. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES preblasting surveys are required for blasts that use more than five pounds of blasting agent or explosives. The requirements are:

524.310. At least 30 days before initiation of blasting, the operator will notify, in writing, all residents or owners of dwellings or other structures located within one-half mile of the permit area how to request a preblasting survey;

524.320. A resident or owner of a dwelling or structure within one-half mile of any part of the permit area may request a preblasting survey. This request will be made, in writing, directly to the operator or to the Division, who will promptly notify the operator. The operator will promptly conduct a preblasting survey of the dwelling or structure and promptly prepare a written report of the survey. An updated survey of any additions, modifications, or renovations will be performed by the operator if requested by the resident or owner;

524.330. The operator will determine the condition of the dwelling or structure and will document any preblasting damage and other physical factors that could reasonably be affected by the blasting. Structures such as pipelines, cables, transmission lines, and cisterns, wells, and other water systems warrant special attention; however, the assessment of these structures may be limited to surface conditions and other readily available data;

524.340. The written report of the survey will be signed by the person who conducted the survey. Copies of the report will be promptly provided to the Division and to the person requesting the survey. If the person requesting the survey disagrees with the contents and/or recommendations contained therein, he or she may submit to both the operator and the Division a detailed description of the specific areas of disagreement; and

524.350. Any surveys requested more than ten days before the planned initiation of blasting will be completed by the operator before the initiation of blasting.

524.400. The schedule of blasts will be described in the permit application:

524.410. Unscheduled blasts may be conducted only where public or operator health and safety so requires and for emergency blasting actions. When an operator conducts an unscheduled surface blast incidental to coal mining and reclamation operations, the operator, using audible signals, will notify residents within one-half mile of the blasting site and document the reason in accordance with R645-301-524.760;

524.420. All blasting will be conducted between sunrise and sunset unless nighttime blasting is approved by the Division based upon a showing by the operator that the public will be protected from adverse noise and other impacts. The Division may specify more restrictive time periods for blasting;

524.430. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, the operator will notify, in writing, residents within one-half mile of the blasting site and local governments of the proposed times and locations of blasting operations. Such notice of times that blasting is to be conducted may be announced weekly, but in no case less than 24 hours before blasting will occur;

524.440. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, the operator will conduct blasting operations at times approved by the Division and announced in the blasting schedule. The Division may limit the area covered, timing, and sequence of blasting as listed in the schedule, if such limitations are necessary and reasonable in order to protect the public health and safety or welfare;

524.450. Blasting Schedule Publication and Distribution. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES the operator will:

524.451. Publish the blasting schedule in a newspaper of general circulation in the locality of the blasting site at least ten days, but not more than 30 days, before beginning a blasting program;

524.452. Distribute copies of the schedule to local governments and public utilities and to each local residence within one-half mile of the proposed blasting site described in the schedule; and

524.453. Republish and redistribute the schedule at least every 12 months and revise and republish the schedule at least ten days, but not more than 30 days, before blasting whenever the area covered by the schedule changes or actual time periods for blasting significantly differ from the prior announcement; and

524.460. Blasting Schedule Contents. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES the blasting schedule will contain, at a minimum:

524.461. Name, address, and telephone number of operator;

524.462. Identification of the specific areas in which blasting will take place;

524.463. Dates and time periods when explosives are to be detonated;

524.464. Methods to be used to control access to the blasting area; and

524.465. Type and patterns of audible warning and all-clear signals to be used before and after blasting.

524.500. The blasting signs, warnings, and access control must be described in the permit application.

524.510. Blasting Signs. Blasting signs will meet the specifications of R645-301-521.200. The operator will:

524.511. Conspicuously place signs reading "Blasting Area" along the edge of any blasting area that comes within 100 feet of any public-road right-of-way, and at the point where any other road provides access to the blasting area; and

524.512. At all entrances to the permit area from public roads or highways, place conspicuous signs which state "Warning! Explosives in Use", which clearly list and describe the meaning of the audible blast warning and all-clear signals that are in use, and which explain the marking of blasting areas and charged holes awaiting firing within the permit area.

524.520. Warnings. Warning and all-clear signals of different character or pattern that are audible within a range of one-half mile from the point of the blast will be given. Each person within the permit area and each person who resides or regularly works within one-half mile of the permit area will be notified of the meaning of the signals in the blasting schedule for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES and blasting notification required by R645-301-524.430 for the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES.

524.530. Access Control. Access within the blasting areas will be controlled to prevent presence of livestock or unauthorized persons during blasting and until an authorized representative of the operator has reasonably determined that:

524.531. No unusual hazards, such as imminent slides or undetonated charges, exist; and

524.532. Access to and travel within the blasting area can be safely resumed.

524.600. The control of adverse blasting effects must be described in the permit application. The requirements are:

524.610. General Requirements. Blasting will be conducted to prevent injury to persons, damage to public or private property outside the permit area, adverse impacts on any underground mine, and change in the course, channel, or availability of surface or ground water outside the permit area.

524.620. Airblast Limits.

524.621. Airblast will not exceed the maximum limits listed below at the location of any dwelling, public building, school, church, or community or institutional building outside the permit area, except as provided in R645-301-524.690.

TABLE

Lower Frequency Limit of Measuring System, HZ(+3dB)	Maximum Level dB
0.1 Hz or lower - flat response(1)	134 peak
2 Hz or lower - flat response	133 peak
6 Hz or lower - flat response	129 peak
C-weighted - slow response(1)	105 peak dBC

(1)Only when approved by the Division.

524.622. If necessary to prevent damage, the Division may specify lower maximum allowable airblast levels than those of R645-301-524.621 for use in the vicinity of a specific blasting operation.

524.630. Monitoring.

524.631. The operator will conduct periodic monitoring to ensure compliance with the airblast standards. The Division may require airblast measurement of any or all blasts and may specify the locations at which such measurements are taken.

524.632. The measuring systems used will have an upper-end flat-frequency response of at least 200 Hz.

524.633. Flyrock. Flyrock traveling in the air or along the ground will not be cast from the blasting site - more than one-half the distance to the nearest dwelling or other occupied structure; beyond the area of control required under R645-301-524.530; or beyond the permit boundary.

524.640. Ground Vibration.

524.641. General. In all blasting operations, except as otherwise authorized in R645-301-524.690, the maximum ground vibration will not exceed the values approved by the Division. The maximum ground vibration for protected structures listed in R645-301-524.642 will be established in accordance with either the maximum peak-particle-velocity limits of R645-301-524.642 and R645-301-524.643, the scaled-distance equation of R645-301-524.650, the blasting-level chart of R645-301-524.660, or by the Division under R645-301-524.670. All structures in the vicinity of the blasting area, not listed in R645-301-524.642, such as water towers, pipelines and

other utilities, tunnels, dams, impoundments, and underground mines will be protected from damage by establishment of a maximum allowable limit on the ground vibration, submitted by the operator and approved by the Division before the initiation of blasting.

524.642. Maximum Peak-Particle Velocity. The maximum ground vibration will not exceed the following limits at the location of any dwelling, public building, school, church, or community or institutional building outside the permit area:

EXPLOSIVES	Distance (D) from Blast Site in feet	Maximum allowable Particle Velocity (Vmax) for ground vibration, in inches/second(1)	Scaled distance factor to be applied without seismic monitoring(2) (Ds)
	0 to 300	1.25	50
	301 to 5,000	1.00	55
	5,001 and beyond	0.75	65

(1) Ground vibration will be measured as the particle velocity. Particle velocity will be recorded in three mutually perpendicular directions. The maximum allowable peak particle velocity will apply to each of the three measurements.

(2) Applicable in the scaled-distance equation of R645-301-524.651.

524.643. A seismographic record will be provided for each blast.

524.650. Scaled-distance equation.

524.651. An operator may use the scaled-distance equation, $W=(D/Ds)^2$, to determine the allowable charge weight of explosives to be detonated in any eight-millisecond period, without seismic monitoring: where W=the maximum weight of explosives, in pounds; D=the distance, in feet, from the blasting site to the nearest protected structure; and Ds=the scaled-distance factor, which may initially be approved by the Division using the values for scaled-distance factor listed in R645-301-524.642.

524.652. The development of a modified scaled-distance factor may be authorized by the Division on receipt of a written request by the operator, supported by seismographic records of blasting at the mine site. The modified scaled-distance factor will be determined such that the particle velocity of the predicted ground vibration will not exceed the prescribed maximum allowable peak particle velocity of R645-301-524.642, at a 95-percent confidence level.

524.660. Blasting-Level-Chart.

524.661. An operator may use the ground-vibration limits in Figure 1 to determine the maximum allowable ground vibration.

(Figure 1, showing maximum allowable ground particle velocity at specified frequencies, is incorporated by reference. Figure 1 may be viewed at 30 CFR 817.67 or at the Division of Oil, Gas and Mining State Office.)

524.662. If the Figure 1 limits are used, a seismographic record including both particle velocity and vibration-frequency levels will be provided for each blast. The method for the analysis of the predominant frequency contained in the blasting records will be approved by the Division before application of this alternative blasting criterion.

524.670. The maximum allowable ground vibration will be reduced by the Division beyond the limits otherwise provided R645-301-524.640, if determined necessary to provide damage protection.

524.680. The Division may require an operator to conduct seismic monitoring of any or all blasts and may specify the location at which the measurements are taken and the degree of detail necessary in the measurement.

524.690. The maximum airblast and ground-vibration standards of R645-301-524.620 through R645-301-524.632 and

R645-301-524.640 through R645-301-524.680 will not apply at the following locations: At structures owned by the permittee and not leased to another person; and at structures owned by the permittee and leased to another person, if a written waiver by the lessee is submitted to the Division before blasting.

524.700. Records of Blasting Operations. The permit application will incorporate a description of the blasting records to be maintained at the mine site for at least three years and upon request, make blasting records available for inspection by the Division or the public. Blasting records will contain the following information:

524.710. A record, including:

524.711. Name of the operator conducting the blast;

524.712. Location, date, and time of the blast; and

524.713. Name, signature, and certification number of the blaster conducting the blast; and

524.720. Identification, direction, and distance, in feet, from the nearest blast hole to the nearest dwelling, public building, school, church, community or institutional building outside the permit area, except those described in R645-301-524.690;

524.730. Weather conditions, including those which may cause possible adverse blasting effects;

524.740. A record of the blast, including:

524.741. Type of material blasted;

524.742. Sketches of the blast pattern including number of holes, burden, spacing, decks, and delay pattern;

524.743. Diameter and depth of holes;

524.744. Types of explosives used;

524.745. Total weight of explosives used per hole;

524.746. The maximum weight of explosives detonated in an eight-millisecond period;

524.747. Initiation system;

524.748. Type and length of stemming; and

524.749. Mats or other protections used;

524.750. If required, a record of seismographic and airblast information, which will include:

524.751. Type of instrument, sensitivity, and calibration signal or certification of annual calibration;

524.752. Exact location of instrument and the date, time, and distance from the blast;

524.753. Name of the person and firm taking the reading;

524.754. Name of the person and firm analyzing the seismographic record; and

524.755. The vibration and/or airblast level recorded; and

524.760. The reasons and conditions for each unscheduled blast.

524.800. Each operator will comply with all appropriate Utah and federal laws and regulations in the use of explosives.

525.100. Pre-subsidence control plan.

525.100. Pre-subsidence survey. Each application for UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will include:

525.110. A map of the permit and adjacent areas at a scale of 1:12,000, or larger if determined necessary by the Division, showing the location and type of structures and renewable resource lands that subsidence may materially damage or for which the value or reasonably foreseeable use may be diminished by subsidence, and showing the location and type of State-appropriated water that could be contaminated, diminished, or interrupted by subsidence.

525.120. A narrative indicating whether subsidence, if it occurred, could cause material damage to or diminish the value or reasonably foreseeable use of such structures or renewable resource lands or could contaminate, diminish, or interrupt State-appropriated water supplies.

525.130. A survey of the condition of all non-commercial buildings or occupied residential dwellings and structures related thereto, that may be materially damaged or for which the

reasonably foreseeable use may be diminished by subsidence, within the area encompassed by the applicable angle of draw; as well as a survey of the quantity and quality of all State-appropriated water supplies within the permit area and adjacent area that could be contaminated, diminished, or interrupted by subsidence. If the applicant cannot make this survey because the owner will not allow access to the site, the applicant will notify the owner, in writing, of the effect that denial of access will have as described in R645-301-525. The applicant must pay for any technical assessment or engineering evaluation used to determine the pre-mining condition or value of such non-commercial buildings or occupied residential dwellings and structures related thereto and the quantity and quality of State-appropriated water supplies. The applicant must provide copies of the survey and any technical assessment or engineering evaluation to the property owner, the water conservancy district, if any, where the mine is located, and to the Division.

525.200. Protected areas.

525.210. Unless excepted by R645-301-525.213, UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will not be conducted beneath or adjacent to:

525.211. Public buildings and facilities;

525.212. Churches, schools, and hospitals;

525.213. Impoundments with a storage capacity of 20 acre-feet or more or bodies of water with a volume of 20 acre-feet or more, unless the subsidence control plan demonstrates that subsidence will not cause material damage to, or reduce the reasonably foreseeable use of, such features or facilities; and

525.214. If the Division determines that it is necessary in order to minimize the potential for material damage to the features or facilities described above or to any aquifer or body of water that serves as a significant water source for any public water supply system, it may limit the percentage of coal extracted under or adjacent thereto.

525.220. If subsidence causes material damage to any of the features or facilities covered by R645-301-525.210, the Division may suspend mining under or adjacent to such features or facilities until the subsidence control plan is modified to ensure prevention of further material damage to such features or facilities.

525.230. The Division will suspend coal mining and reclamation operations under urbanized areas, cities, towns, and communities, and adjacent to industrial or commercial buildings, major impoundments, or perennial streams, if imminent danger is found to inhabitants of the urbanized areas, cities, towns, or communities.

525.240. Within a schedule approved by the Division, the operator will submit a detailed plan of the underground workings. The detailed plan will include maps and descriptions, as appropriate, of significant features of the underground mine, including the size, configuration, and approximate location of pillars and entries, extraction ratios, measure taken to prevent or minimize subsidence and related damage, areas of full extraction, and other information required by the Division. Upon request of the operator, information submitted with the detailed plan may be held as confidential, in accordance with the requirements of R645-300-124.

525.300. Subsidence control.

525.310. Measures to prevent or minimize damage.

525.311. The permittee will either adopt measures consistent with known technology that prevent subsidence from causing material damage to the extent technologically and economically feasible, maximize mine stability, and maintain the value and reasonably foreseeable use of surface lands or adopt mining technology that provides for planned subsidence in a predictable and controlled manner.

525.312. If a permittee employs mining technology that provides for planned subsidence in a predictable and controlled manner, the permittee must take necessary and prudent

measures, consistent with the mining method employed, to minimize material damage to the extent technologically and economically feasible to non-commercial buildings and occupied residential dwellings and structures related thereto except that measures required to minimize material damage to such structures are not required if:

525.312.1. The permittee has the written consent of their owners or

525.312.2. Unless the anticipated damage would constitute a threat to health or safety, the costs of such measures exceed the anticipated costs of repair.

525.313. Nothing in this part prohibits the standard method of room-and-pillar mining.

525.400. Subsidence control plan contents. If the survey conducted under R645-301-525.100 shows that no structures, or State-appropriated water supplies, or renewable resource lands exist, or that no material damage or diminution in value or reasonably foreseeable use of such structures or lands, and no contamination, diminution, or interruption of such water supplies would occur as a result of mine subsidence, and if the Division agrees with this conclusion, no further information need be provided under this section. If the survey shows that structures, renewable resource lands, or water supplies exist and that subsidence could cause material damage or diminution in value or reasonably foreseeable use, or contamination, diminution, or interruption of state-appropriated water supplies, or if the Division determines that damage, diminution in value or foreseeable use, or contamination, diminution, or interruption could occur, the application must include a subsidence control plan that contains the following information:

525.410. A description of the method of coal removal, such as longwall mining, room-and-pillar removal or hydraulic mining, including the size, sequence and timing of the development of underground workings;

525.420. A map of the underground workings that describes the location and extent of the areas in which planned-subsidence mining methods will be used and that identifies all areas where the measures described in 525.440, 525.450, and 525.470 will be taken to prevent or minimize subsidence and subsidence-related damage; and, when applicable, to correct subsidence-related material damage;

525.430. A description of the physical conditions, such as depth of cover, seam thickness and lithology of overlying strata, that affect the likelihood or extent of subsidence and subsidence-related damage;

525.440. A description of the monitoring, if any, needed to determine the commencement and degree of subsidence so that, when appropriate, other measures can be taken to prevent, reduce or correct material damage in accordance with R645-301-525.500;

525.450. Except for those areas where planned subsidence is projected to be used, a detailed description of the subsidence control measures that will be taken to prevent or minimize subsidence and subsidence-related damage, such as, but not limited to:

525.451. Backstowing or backfilling of voids;

525.452. Leaving support pillars of coal;

525.453. Leaving areas in which no coal is removed, including a description of the overlying area to be protected by leaving coal in place; and

525.454. Taking measures on the surface to prevent or minimize material damage or diminution in value of the surface;

525.460. A description of the anticipated effects of planned subsidence, if any;

525.470. For those areas where planned subsidence is projected to be used, a description of methods to be employed to minimize damage from planned subsidence to non-commercial buildings and occupied residential dwellings and structures related thereto; or the written consent of the owner of the

structure or facility that minimization measures not be taken; or, unless the anticipated damage would constitute a threat to health or safety, a demonstration that the costs of minimizing damage exceed the anticipated costs of repair;

525.480. A description of the measures to be taken in accordance with R645-301-731.530 and R645-301-525.500 to replace adversely affected State-appropriated water supplies or to mitigate or remedy any subsidence-related material damage to the land and protected structures; and

525.490. Other information specified by the Division as necessary to demonstrate that the operation will be conducted in accordance with R645-301-525.300.

525.500. Repair of damage.

525.510. Repair of damage to surface lands. The permittee must correct any material damage resulting from subsidence caused to surface lands, to the extent technologically and economically feasible, by restoring the land to a condition capable of maintaining the value and reasonably foreseeable uses that it was capable of supporting before subsidence damage.

525.520. Repair or compensation for damage to non-commercial buildings and dwellings and related structures. The permittee must promptly repair, or compensate the owner for, material damage resulting from subsidence caused to any non-commercial building or occupied residential dwelling or structure related thereto that existed at the time of mining. If repair option is selected, the permittee must fully rehabilitate, restore or replace the damaged structure. If compensation is selected, the permittee must compensate the owner of the damaged structure for the full amount of the decrease in value resulting from the subsidence-related damage. The permittee may provide compensation by the purchase, before mining, of a non-cancelable premium-prepaid insurance policy. The requirements of this paragraph apply only to subsidence-related damage caused by underground coal mining and reclamation activities conducted after October 24, 1992.

525.530. Repair or compensation for damage to other structures. The permittee shall either correct material damage resulting from subsidence caused to any structures or facilities not protected by paragraph 525.520 by repairing the damage or compensate the owner of the structures or facilities for the full amount of the decrease in value resulting from the subsidence. Repair of damage includes rehabilitation, restoration, or replacement of damaged structures or facilities. Compensation may be accomplished by the purchase before mining of a non-cancelable premium-prepaid insurance policy.

525.540. Rebuttable presumption of causation by subsidence.

525.541. Rebuttable presumption of causation for damage within angle of draw. If damage to any non-commercial building or occupied residential dwelling or structure related thereto occurs as a result of earth movement within an area determined by projecting an angle of draw equal to that used for that particular mine's compliance with R645-301 from the outermost boundary of any underground mine workings to the surface of the land, a rebuttable presumption exists that the permittee caused the damage. This presumption will normally apply to a 30 degree angle of draw from the vertical, however, the Division may amend the applicable angle of draw for a particular mine through the process described in R645-301-525.542.

525.542. Approval of site-specific angle of draw. A permittee or permit applicant may request that the presumption apply to an angle of draw different than 30 degrees. To establish a site-specific angle of draw, an applicant must demonstrate and the Division must determine in writing that the proposed angle of draw has a more reasonable basis than 30 degrees and is based on a site-specific geotechnical analysis of the potential surface impacts of the mining operation.

525.543. No presumption where access for pre-subsidence survey is denied. If the permittee was denied access to the land

or property for the purpose of conducting the pre-subsidence survey in accordance with R645-301-525.130 no rebuttable presumption will exist.

525.544. Rebuttal of presumption. The presumption will be rebutted if, for example, the evidence establishes that: The damage predated the mining in question; the damage was proximately caused by some other factor or factors and was not proximately caused by subsidence; or the damage occurred outside the surface area within which subsidence was actually caused by the mining in question.

525.545. Information to be considered in determination of causation. In any determination whether damage to protected structures was caused by subsidence from underground mining, all relevant and reasonably available information will be considered by the Division.

525.550. Adjustment of bond amount for subsidence damage. When subsidence-related material damage to land, structures or facilities protected under R645-301-525.500 through R645-301-525.530 occurs, or when contamination, diminution, or interruption to a water supply protected under Sec. R645-301-731.530 occurs, the Division must require the permittee to obtain additional performance bond in the amount of the estimated cost of the repairs if the permittee will be repairing, or in the amount of the decrease in value if the permittee will be compensating the owner, or in the amount of the estimated cost to replace the State-appropriated water supply if the permittee will be replacing the water supply, until the repair, compensation, or replacement is completed. If repair, compensation, or replacement is completed within 90 days of the occurrence of damage, no additional bond is required. The Division may extend the 90-day time frame, but not to exceed one year, if the permittee demonstrates and the Division finds in writing that subsidence is not complete, that not all probable subsidence-related material damage has occurred to lands or protected structures, or that not all reasonably anticipated changes have occurred affecting the State-appropriated water supply, and that therefore it would be unreasonable to complete within 90 days the repair of the subsidence-related material damage to lands or protected structures, or the replacement of State-appropriated water supply.

525.600. Compliance. The operator will comply with all provisions of the approved subsidence control plan.

525.700. Public Notice of Proposed Mining. At least six months prior to mining, or within that period if approved by the Division, the underground mine operator will mail a notification to the water conservancy district, if any, in which the mine is located and to all owners and occupants of surface property and structures above the underground workings. The notification will include, at a minimum, identification of specific areas in which mining will take place, dates that specific areas will be undermined, and the location or locations where the operator's subsidence control plan may be examined.

526. Mine Facilities. The permit application will include a narrative explaining the construction, modification, use, maintenance and removal of the following facilities (unless retention of such facility is necessary for the postmining land use as specified under R645-301-413.100 through R645-301-413.334, R645-302-270, R645-302-271.100 through R645-302-271.400, R645-302-271.600, R645-302-271.800, and R645-302-271.900:

526.100. Mine Structures and Facilities.

526.110. Existing Structures. A description of each existing structure proposed to be used in connection with or to facilitate the coal mining and reclamation operation. The description will include:

526.111. Location;

526.112. Plans or photographs of the structure which describe or show its current condition;

526.113. Approximate dates on which construction of the

existing structure was begun and completed;

526.114. A showing, including relevant monitoring data or other evidence, how the structure meets the requirements of R645-301;

526.115. A compliance plan for each existing structure proposed to be modified or reconstructed for use in connection with or to facilitate coal mining and reclamation operations. The compliance plan will include:

526.115.1. Design specifications for the modification or reconstruction of the structure to meet the design standards of R645-301;

526.115.2. A construction schedule which shows dates for beginning and completing interim steps and final reconstruction;

526.115.3. A schedule for monitoring the structure during and after modification or reconstruction to ensure that the requirements of R645-301 are met; and

526.115.4. A showing that the risk of harm to the environment or to public health or safety is not significant during the period of modification or reconstruction; and

526.116. The measures to be used to ensure that the interests of the public and landowners affected are protected if the applicant seeks to have the Division approve:

526.116.1. Conducting the proposed coal mining and reclamation operations within 100 feet of the right-of-way line of any public road, except where mine access or haul roads join that right-of-way; or

526.116.2. Relocating a public road;

526.200. Utility Installation and Support Facilities.

526.210. The utility installations description must state that all coal mining and reclamation operations will be conducted in a manner which minimizes damage, destruction, or disruption of services provided by oil, gas, and water wells; oil, gas, and coal-slurry pipelines, railroads; electric and telephone lines; and water and sewage lines which pass over, under, or through the permit area, unless otherwise approved by the owner of those facilities and the Division.

526.220. The support facilities description must state that support facilities will be operated in accordance with a permit issued for the mine or coal preparation plant to which it is incident or from which its operation results. Plans and drawings for each support facility to be constructed, used, or maintained within the proposed permit area will include a map, appropriate cross sections, design drawings, and specifications sufficient to demonstrate how each facility will comply with applicable performance standards. In addition to the other provisions of R645-301, support facilities will be located, maintained, and used in a manner that:

526.221. Prevents or controls erosion and siltation, water pollution, and damage to public or private property; and

526.222. To the extent possible using the best technology currently available - minimizes damage to fish, wildlife, and related environmental values; and minimizes additional contributions of suspended solids to streamflow or runoff outside the permit area. Any such contributions will not be in excess of limitations of Utah or Federal law;

526.300. Water pollution control facilities; and

526.400. For SURFACE COAL MINING AND RECLAMATION ACTIVITIES, air pollution control facilities.

527. Transportation Facilities.

527.100. The plan must classify each road.

527.110. Each road will be classified as either a primary road or an ancillary road.

527.120. A primary road is any road which is:

527.121. Used for transporting coal or spoil;

527.122. Frequently used for access or other purposes for a period in excess of six months; or

527.123. To be retained for an approved postmining land use.

527.130. An ancillary road is any road not classified as a

primary road.

527.200. The plan must include a detailed description of each road, conveyor, and rail system to be constructed, used, or maintained within the proposed permit area. The description will include a map, appropriate cross sections, and the following:

527.210. Specifications for each road width, road gradient, road surface, road cut, fill embankment, culvert, bridge, drainage ditch, and drainage structure;

527.220. Measures to be taken to obtain Division approval for alteration or relocation of a natural drainageway under R645-301-358, R645-301-512.250, R645-301-527.100, R645-301-527.230, R645-301-527.240, R645-301-534.100, R645-301-534.300, R645-301-542.600, R645-301-742.410, R645-301-742.420, and R645-301-752.200;

527.230. A maintenance plan describing how roads will be maintained throughout their life to meet the design standards throughout their use.

527.240. A commitment that if a road is damaged by a catastrophic event, such as a flood or earthquake, the road will be repaired as soon as practical after the damage has occurred.

527.250. A report of appropriate geotechnical analysis, where approval of the Division is required for alternative specifications, or for steep cut slopes.

528. Handling and Disposal of Coal, Overburden, Excess Spoil, and Coal Mine Waste. The permit application will include a narrative explaining the construction, modification, use, maintenance, and removal of the following facilities (unless retention of such facility is necessary for the postmining land use as specified under R645-301-413.100 through R645-301-413.334, R645-302-270, R645-302-271.100 through R645-302-271.400, R645-302-271.600, R645-302-271.800, and R645-302-271.900):

528.100. Coal removal, handling, storage, cleaning, and transportation areas and structures;

528.200. Overburden;

528.300. Spoil, coal processing waste, mine development waste, and noncoal waste removal, handling, storage, transportation, and disposal areas and structures;

528.310. Excess Spoil. Excess spoil will be placed in designated disposal areas within the permit area, in a controlled manner to ensure mass stability and prevent mass movement during and after construction. Excess spoil will meet the design criteria of R645-301-535. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, the permit application must include a description of the proposed disposal site and the design of the spoil disposal structures according to R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

528.320. Coal Mine Waste. All coal mine waste will be placed in new or existing disposal areas within a permit area which are approved by the Division for this purpose. Coal mine waste will meet the design criteria of R645-301-536, however, placement of coal mine waste by end or side dumping is prohibited.

528.321. Return of Coal Processing Waste to Abandoned Underground Workings. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, each plan will describe the design, operation and maintenance of any proposed coal processing waste disposal facility, including flow diagrams and any other necessary drawings and maps, for the approval of the Division and MSHA under R645-301-536.520 and meet the design criteria of R645-301-536.700.

528.322. Refuse Piles. Each pile will meet the requirements of MSHA, 30 CFR 77.214 and 30 CFR 77.215,

meet the design criteria of R645-301-210, R645-301-512.230, R645-301-513.400, R645-301-514.200, R645-301-515.200, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-536.900, R645-301-542.730, R645-301-553.250, R645-301-746.100, R645-301-746.200, and any other applicable requirements.

528.323. Burning and Burned Waste Utilization.

528.323.1. Coal mine waste fires will be extinguished by the person who conducts coal mining and reclamation operations, in accordance with a plan approved by the Division and MSHA. The plan will contain, at a minimum, provisions to ensure that only those persons authorized by the operator, and who have an understanding of the procedures to be used, will be involved in the extinguishing operations.

528.323.2. No burning or burned coal mine waste will be removed from a permitted disposal area without a removal plan approved by the Division. Consideration will be given to potential hazards to persons working or living in the vicinity of the structure.

528.330. Noncoal Mine Waste.

528.331. Noncoal mine wastes including, but not limited to, grease, lubricants, paints, flammable liquids, garbage, abandoned mining machinery, lumber and other combustible materials generated during mining activities will be placed and stored in a controlled manner in a designated portion of the permit area.

528.332. Final disposal of noncoal mine wastes will be in a designated disposal site in the permit area or a State-approved solid waste disposal area. Disposal sites in the permit area will be designed and constructed to ensure that leachate and drainage from the noncoal mine waste area does not degrade surface or underground water. Wastes will be routinely compacted and covered to prevent combustion and wind-borne waste. When the disposal is completed, a minimum of two feet of soil cover will be placed over the site, slopes, stabilized, and revegetation accomplished in accordance with R645-301-244.200 and R645-301-353 through R645-301-357. Operation of the disposal site will be conducted in accordance with all local, Utah, and Federal requirements.

528.333. At no time will any noncoal mine waste be deposited in a refuse pile or impounding structure, nor will any excavation for a noncoal mine waste disposal site be located within eight feet of any coal outcrop or coal storage area.

528.334. Notwithstanding any other provision to the R645 Rules, any noncoal mine waste defined as "hazardous" under 3001 of the Resource Conservation and Recovery Act (RCRA) (Pub. L. 94-580, as amended) and 40 CFR Part 261 will be handled in accordance with the requirements of Subtitle C of RCRA and any implementing regulations.

528.340. Underground Development Waste. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES the permit application must include a description of the proposed disposal methods for placing underground development waste and excess spoil generated at surface areas affected by surface operations and facilities according to R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-536.300, R645-301-536.600, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

528.350. The permit application will include a description of measures to be employed to ensure that all debris, acid-forming and toxic-forming materials, and materials constituting a fire hazard are disposed of in accordance with R645-301-528.330, R645-301-537.200, R645-301-542.740, R645-301-553.100 through R645-301-553.600, R645-301-553.900, and R645-301-747 and a description of the contingency plans which

have been developed to preclude sustained combustion of such materials; and

528.400. Dams, embankments and other impoundments.

529. Management of Mine Openings. The permit application will include a description of the measures to be used to seal or manage mine openings within the proposed permit area.

529.100. Each shaft or other exposed underground opening will be cased, lined, or otherwise managed as approved by the Division. If these openings are uncovered or exposed by coal mining and reclamation operations within the permit area they will be permanently closed unless approved for water monitoring or otherwise managed in a manner approved by the Division.

529.200. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES:

529.210. Each mine entry which is temporarily inactive, but has a further projected useful service under the approved permit application, will be protected by barricades or other covering devices, fenced, and posted with signs, to prevent access into the entry and to identify the hazardous nature of the opening. These devices will be periodically inspected and maintained in good operating condition by the person who conducts the activity.

529.220. Each shaft and underground opening which has been identified in the approved permit application for use to return underground development waste, coal processing waste or water to underground workings will be temporarily sealed until actual use.

529.300. R645-301-529 does not apply to holes drilled and used for blasting, in the area affected by surface operations.

529.400. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, each exposed underground opening which has been identified in the approved permit application for use to return coal processing waste to underground workings will be temporarily sealed before use and protected during use by barricades, fences, or other protective devices approved by the Division. These devices will be periodically inspected and maintained in good operating condition by the person who conducts the activity.

530. Operational Design Criteria and Plans.

531. General. Each permit application will include a general plan and detailed design plans for each proposed siltation structure, water impoundment, and coal processing waste bank, dam or embankment within the proposed permit area. Each general plan will describe the potential effect on the structure from subsidence of the subsurface strata resulting from past underground mining operations, if underground mining has occurred.

532. Sediment Control. The permit application will describe designs for sediment control. Sediment control measures include practices carried out within and adjacent to the disturbed area. The sedimentation storage capacity of practices in and downstream from the disturbed areas will reflect the degree to which successful mining and reclamation techniques are applied to reduce erosion and control sediment. Sediment control measures consist of the utilization of proper mining and sediment control practices, singly or in combination. Sediment control methods include but are not limited to:

532.100. Disturbing the smallest practicable area at any one time during the mining operation through progressive backfilling, grading, and prompt revegetation as required in R645-301-353.200; and

532.200. Stabilizing the backfilled material to promote a reduction of the rate and volume of runoff in accordance with the requirements of R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.420, R645-301-553.600, and R645-301-553.900.

533. Impoundments.

533.100. An Impoundment meeting the NRCS Class B or C criteria for dams in TR-60, or the size or other criteria of 30 CFR Sec. 77.216(a) shall have a minimum static safety factor of 1.5 for a normal pool with steady state seepage saturation conditions, and have a seismic safety factor of at least 1.2.

533.110 Impoundments not included in 533.100, except for a coal mine waste impounding structure, shall have a minimum static safety factor of 1.3 for a normal pool with steady state seepage saturation conditions or meet the requirements of R645-301-733.210.

533.200. Foundations. Foundations for temporary and permanent impoundments must be designed so that:

533.210. Foundations and abutments for an impounding structure are stable during all phases of construction and operation and are designed based on adequate and accurate information on the foundation conditions. For an impoundment meeting the NRCS Class B or C criteria for dams in TR-60, or the size or other criteria of 30 CFR Sec. 77.216(a), foundation investigation, as well as any necessary laboratory testing of foundation material, shall be performed to determine the design requirements for foundation stability; and

533.220. All vegetative and organic materials will be removed and foundations excavated and prepared to resist failure. Cutoff trenches will be installed if necessary to ensure stability.

533.300. Slope protection will be provided to protect against surface erosion at the site and protect against sudden drawdown.

533.400. Faces of embankments and surrounding areas will be vegetated except that faces where water is impounded may be riprapped or otherwise stabilized in accordance with accepted design practices.

533.500. The vertical portion of any remaining highwall will be located far enough below the low-water line along the full extent of highwall to provide adequate safety and access for the proposed water users.

533.600. Impoundments meeting the criteria of MSHA, 30 CFR 77.216(a) will comply with the requirements of MSHA, 30 CFR 77.216 and R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-733.220 through R645-301-733.224, and R645-301-743. The plan required to be submitted to the District Manager of MSHA under 30 CFR 77.216 will also be submitted to the Division as part of the permit application.

533.610. Impoundments meeting the Class B or C criteria for dams in the U.S. Department of Agriculture, Natural Resources Conservation Service Technical Release No. 60 (210-VI-TR60, Oct. 1985), "Earth Dams and Reservoirs," Technical Release No. 60 (TR-60) shall comply with the requirements of this section for structures that meet or exceed the size or other criteria of the Mine Safety and Health Administration (MSHA). The document entitled "Earth Dams and Reservoirs", published in October, 1985, is hereby incorporated by reference. Copies may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161, order No. PB 87-157509/AS. Copies may be inspected at the Division of Oil Gas and Mining Offices, 1594 West North Temple, Salt Lake City, Utah 84114 or at the Division of Administrative Rules, Archives Building, Capitol Hill Complex, Salt Lake City, Utah 84114-1021. Each detailed design plan for a structure that meets or exceeds the size or other criteria of MSHA, 30 CFR Sec. 77.216(a), shall:

533.611 Be prepared by, or under the direction of, and certified by a qualified registered professional engineer with assistance from experts in related fields such as geology, land surveying, and landscape architecture;

533.612 Include any geotechnical investigation, design, and construction requirements for the structure;

533.613 Describe the operation and maintenance

requirements for each structure; and

533.614 Describe the timetable and plans to remove each structure, if appropriate.

533.620. If the structure meets the Class B or C criteria for dams in TR-60 or meets the size or other criteria of 30 CFR Sec. 77.216(a), each plan under R645-301-742.200, 733.200, or 536.820 shall include a stability analysis of the structure. The stability analysis shall at a minimum include strength parameters, pore pressures, and long-term seepage conditions. The plan shall also contain a description of each engineering design assumption and calculation with a discussion of each alternative considered in selecting the specific design parameters and construction methods.

533.700. Plans.

533.710 Each detailed design plan for structures not included in 533.610 shall:

533.711 Be prepared by, or under the direction of, and certified by a qualified, registered, professional engineer, except that all coal processing waste dams and embankments covered by R645-301-536 and R645-301-746.200 shall be certified by a qualified, registered, professional engineer;

533.712 Include any design and construction requirements for the structure, including any required geotechnical information;

533.713 Describe the operation and maintenance requirements for each structure; and

533.714 Describe the timetable and plans to remove each structure, if appropriate.

534. Roads. The permit application will describe designs for roads.

534.100. Roads will be located, designed, constructed, reconstructed, used, maintained, and reclaimed so as to:

534.110. Prevent or control damage to public or private property;

534.120. Use nonacid- or nontoxic-forming substances in road surfacing; and

534.130. Have, at a minimum, a static safety factor of 1.3 for all embankments.

534.140. Have a schedule and plan to remove and reclaim each road that would not be retained under an approved postmining land use.

534.150. Control or prevent erosion, siltation and the air pollution attendant to erosion by vegetating or otherwise stabilizing all exposed surfaces in accordance with current, prudent engineering practices.

534.200. To ensure environmental protection and safety appropriate for their planned duration and use, including consideration of the type and size of equipment used, the design and reconstruction of roads will incorporate appropriate limits for grade, width, surface materials, and any necessary design criteria established by the Division.

534.300. Primary Roads. Primary roads will meet the requirements of R645-301-358, R645-301-527.100, R645-301-527.230, R645-301-534.100, R645-301-534.200, R645-301-542.600, R645-301-542.600, and R645-301-762, any necessary design criteria established by the Division, and the following requirements. Primary roads will:

534.310. Be located, insofar as practical, on the most stable available surfaces;

534.320. Be surfaced with rock, crushed gravel, asphalt, or other material approved by the Division as being sufficiently durable for the anticipated volume of traffic and the weight and speed of vehicles using the road;

534.330. Be routinely maintained to include repairs to the road surface, blading, filling potholes and adding replacement gravel or asphalt. It will also include revegetation, brush removal, and minor reconstruction of road segments as necessary; and

534.340. Have culverts that are designed, installed, and

maintained to sustain the vertical soil pressure, the passive resistance of the foundation, and the weight of vehicles using the road.

535. Spoil. The permit application will describe designs for spoil placement and disposal.

535.100. Disposal of Excess Spoil. Excess spoil will be placed in designated disposal areas within the permit area in a controlled manner. The fill and appurtenant structures will be designed using current, prudent engineering practices and will meet any design criteria established by the Division.

535.110. The fill will be designed to attain a minimum long-term static safety factor of 1.5. The foundation and abutments of the fill must be stable under all conditions of construction. The fill will:

535.111. Be located on the most moderately sloping and naturally stable areas available, as approved by the Division, and be placed, where possible, upon or above a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

535.112. Be the subject of sufficient foundation investigations. Any necessary laboratory testing of foundation material, will be performed in order to determine the design requirements for foundation stability. The analyses of foundation conditions will take into consideration the effect of underground mine workings, if any, upon the stability of the fill and appurtenant structures; and

535.113. Incorporate keyway cuts (excavations to stable bedrock) or rock toe buttresses to ensure stability where the slope in the disposal area is in excess of 2.8h:1v (36 percent), or such lesser slope as may be designated by the Division based on local conditions. Where the toe of the spoil rests on a downslope, stability analyses will be performed in accordance with R645-301-535.150 to determine the size of rock toe buttresses and keyway cuts.

535.120. Excess spoil may be disposed of in underground mine workings, but only in accordance with a plan approved by the Division and MSHA under R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, and R645-301-243.

535.130. Placement of Excess Spoil. Excess spoil will be transported and placed in a controlled manner in horizontal lifts not exceeding four feet in thickness; concurrently compacted as necessary to ensure mass stability and to prevent mass movement during and after construction; graded so that surface and subsurface drainage is compatible with the natural surroundings; and covered with topsoil or substitute material in accordance with R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, and R645-301-243. The Division may approve a design which incorporates placement of excess spoil in horizontal lifts other than four feet in thickness when it is demonstrated by the operator and certified by a qualified registered professional engineer that the design will ensure the stability of the fill and will meet all other applicable requirements.

535.140. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES the design of the spoil disposal structure will include the results of geotechnical investigations as follows:

535.141. The character of bedrock and any adverse geologic conditions in the disposal area;

535.142. A survey identifying all springs, seepage, and ground water flow observed or anticipated during wet periods in the area of the disposal site;

535.143. A survey of the potential effects of subsidence of the subsurface strata due to past and future mining operations;

535.144. A technical description of the rock materials to be utilized in the construction of those disposal structures containing rock chimney cores or underlain by a rock drainage blanket; and

535.145. A stability analysis including, but not limited to, strength parameters, pore pressures and long-term seepage conditions. These data will be accompanied by a description of all engineering design assumptions and calculations and the alternatives considered in selecting the specific design specifications and methods.

535.150. If for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, under R645-301-535.112 and R645-301-535.113, rock-toe buttresses or key-way cuts are required, the application will include the following:

535.151. The number, location, and depth of borings or test pits which will be determined with respect to the size of the spoil disposal structure and subsurface conditions; and

535.152. Engineering specifications utilized to design the rock-toe buttress or key-way cuts which will be determined in accordance with R645-301-535.145.

535.200. Disposal of Excess Spoil: Valley Fills/Head-of-Hollow Fills. Valley fills and head-of-hollow fills will meet the requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, and R645-301-745.100, and these additional requirements.

535.210. Rock-core chimney drains may be used in a head-of-hollow fill, instead of the underdrain and surface diversion system normally required, as long as the fill is not located in an area containing intermittent or perennial streams or ephemeral streams that drain a watershed of at least one square mile. A rock-core chimney drain may be used in a valley fill if the fill does not exceed 250,000 cubic yards of material and upstream drainage is diverted around the fill.

535.220. The alternative rock-core chimney drain system will be incorporated into the design and construction of the fill as follows:

535.221. The fill will have along the vertical projection of the main buried channel or rill a vertical core of durable rock at least 16 feet thick which will extend from the toe of the fill to the head of the fill, and from the base of the fill to the surface of the fill. A system of lateral rock underdrains will connect this rock core to each area of potential drainage or seepage in the disposal area. The underdrain system and rock core will be designed to carry the anticipated seepage of water due to rainfall away from the excess spoil fill and from seeps and springs in the foundation of the disposal area. Rocks used in the rock core and underdrains will meet the requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400;

535.222. A filter system to ensure the proper long-term functioning of the rock core will be designed and constructed using current, prudent engineering practices; and

535.223. Grading may drain surface water away from the outslope of the fill and toward the rock core. In no case, however, may intermittent or perennial streams or ephemeral streams that drain a watershed of at least one square mile be diverted into the rock core. The maximum slope of the top of the fill will be 33h:1v (three percent). A drainage pocket may be maintained at the head of the fill during and after construction, to intercept surface runoff and discharge the runoff through or over the rock drain, if stability of the fill is not impaired. In no case will this pocket or sump have a potential capacity for impounding more than 10,000 cubic feet of water. Terraces on the fill will be graded with a three to five percent grade toward the fill and a one percent slope toward the rock core.

535.300. Disposal of Excess Spoil: Durable Rock Fills.

The Division may approve the alternative method of disposal of excess durable rock spoil by gravity placement in single or multiple lifts, provided that:

535.310. Except as provided under R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400 are met;

535.320. The excess spoil consists of at least 80 percent, by volume, durable, nonacid- and nontoxic-forming rock (e.g., sandstone or limestone) that does not slake in water and will not degrade to soil material. Where used, noncemented clay shale, clay spoil, soil or other nondurable excess spoil material will be mixed with excess durable rock spoil in a controlled manner such that no more than 20 percent of the fill volume, as determined by tests performed by a registered engineer and approved by the Division, is not durable rock;

535.330. The fill is designed to attain a minimum long-term static safety factor of 1.5, and an earthquake safety factor of 1.1; and

535.340. The underdrain system may be constructed simultaneously with excess spoil placement by the natural segregation of dumped materials, provided the resulting underdrain system is capable of carrying anticipated seepage of water due to rainfall away from the excess spoil fill and from seeps and springs in the foundation of the disposal area and the other requirements for drainage control are met.

535.400. Disposal of Excess Spoil: Preexisting Benches. Disposal of excess spoil on preexisting benches may be approved by the Division provided that R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-535.100, R645-301-535.112 through R645-301-535.130, R645-301-535.400, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, and R645-301-745.400 are met, and the following requirements:

535.410. Excess spoil will be placed only on the solid portion of the preexisting bench;

535.420. The fill will be designed, using current, prudent engineering practices, to attain a long-term static safety factor of 1.3 for all portions of the fill;

535.430. The preexisting bench will be backfilled and graded to: Achieve the most moderate slope possible which does not exceed the angle of repose, and eliminate the highwall to the maximum extent technically practical; and

535.440. Disposal of excess spoil from an upper actively mined bench to a lower preexisting bench by means of gravity transport may be approved by the Division provided that:

535.441. The gravity transport courses are determined on a site-specific basis by the operator as part of the permit application and approved by the Division to minimize hazards to health and safety and to ensure that damage will be minimized between the benches, outside the set course, and downslope of the lower bench should excess spoil accidentally move;

535.442. All gravity transported excess spoil, including that excess spoil immediately below the gravity transport courses and any preexisting spoil that is disturbed, is rehandled and placed in horizontal lifts in a controlled manner, concurrently compacted as necessary to ensure mass stability and to prevent mass movement, and graded to allow surface and subsurface drainage to be compatible with the natural surroundings and to ensure a minimum long-term static safety factor of 1.3. Excess spoil on the bench prior to the current mining operation that is not disturbed need not be rehandled except where necessary to ensure stability of the fill;

535.443. A safety berm is constructed on the solid portion of the lower bench prior to gravity transport of the excess spoil. Where there is insufficient material on the lower bench to

construct a safety berm, only that amount of excess spoil necessary for the construction of the berm may be gravity transported to the lower bench prior to construction of the berm; and

535.444. Excess spoil will not be allowed on the downslope below the upper bench except on designated gravity transport courses properly prepared according to R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, and R645-301-243. Upon completion of the fill, no excess spoil will be allowed to remain on the designated gravity transport course between the two benches and each transport course will be reclaimed in accordance with the requirements of R645-301 and R645-302.

535.500. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, spoil resulting from faceup operations for underground coal mine development may be placed at drift entries as part of a cut and fill structure, if the structure is less than 400 feet in horizontal length, and designed in accordance with R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

536. Coal Mine Waste. The permit application will include designs for placement of coal mine waste in new or existing disposal areas within approved portions of the permit area. Coal mine waste will be placed in a controlled manner and have a design certification as described under R645-301-512.

536.100. The disposal facility will be designed using current prudent engineering practices and will meet design criteria established by the Division.

536.110. The disposal facility will be designed to attain a minimum long-term static safety factor of 1.5. The foundation and abutments must be stable under all conditions of construction.

536.120. Sufficient foundation investigations, as well as any necessary laboratory testing of foundation material, will be performed in order to determine the design requirements for foundation stability. The analyses of the foundation conditions will take into consideration the effect of underground mine workings, if any, upon the stability of the disposal facility.

536.200. Coal mine waste will be placed in a controlled manner to:

536.210. Ensure mass stability and prevent mass movement during and after construction;

536.220. Not create a public hazard; and

536.230. Prevent combustion.

536.300. Coal mine waste may be disposed of in excess spoil fills if approved by the Division and, if such waste is:

536.310. Placed in accordance with applicable portions of R645-301-210, R645-301-513.400, R645-301-514.200, R645-301-528.322, R645-301-536.900, R645-301-553.250, and R645-301-746.200;

536.320. Nontoxic and nonacid forming; and

536.330. Of the proper characteristics to be consistent with the design stability of the fill.

536.400. New and existing impounding structures constructed of coal mine waste or intended to impound coal mine waste will meet the requirements of R645-301-512.230, R645-301-515.200, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-542.730, and R645-301-746.100.

536.410. Coal mine waste will not be used for construction of impounding structures unless it has been demonstrated to the Division that the stability of such a structure conforms to the requirements of R645-301 and R645-302.

536.420. The stability of the structure will be discussed in detail in the design plan submitted to the Division in accordance

with R645-301-512.100, R645-301-512.230, R645-301-521.169, R645-301-531, R645-301-533.600, R645-301-533.700, R645-301-536.800, R645-301-542.500, R645-301-732.210, and R645-301-733.100.

536.500. Disposal of Coal Mine Waste in Special Areas.

536.510. Coal mine waste materials from activities located outside a permit area may be disposed of in the permit area only if approved by the Division. Approval will be based upon a showing that such disposal will be in accordance with R645-301-512.230, R645-301-515.200, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-542.730, and R645-301-746.100.

536.520. Underground Disposal. Coal mine waste may be disposed of in underground mine workings, but only in accordance with a plan approved by the Division and MSHA under R645-301-513.300, R645-301-528.321, R645-301-536.700, and R645-301-746.400.

536.600. Underground Development Waste. Each plan will describe the geotechnical investigation, design, construction, operation, maintenance and removal, if appropriate, of the structures and be prepared according to R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

536.700. Coal Processing Waste. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, each plan for returning coal processing waste to abandoned underground workings will describe the source and quality of waste to be stowed, area to be backfilled, percent of the mine void to be filled, method of constructing underground retaining walls, influence of the backfilling operation on active underground mine operations, surface area to be supported by the backfill, and the anticipated occurrence of surface effects following backfilling.

536.800. Coal processing waste banks, dams, and embankments will be designed to comply with:

536.810 R645-301-210, R645-301-512.230, R645-301-513.400, R645-301-514.200, R645-301-515.200, R645-301-528.322, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.400, R645-301-536.500, R645-301-536.900, R645-301-542.730, R645-301-553.250, and R645-301-746.100 through R645-301-746.300.

536.820. Coal processing waste dams and embankments will comply with the requirements of MSHA, 30 CFR 77.216-1 and 30 CFR 77.216-2, and will contain the results of a geotechnical investigation of the proposed dam or embankment foundation area, to determine the structural competence of the foundation which will support the proposed dam or embankment structure and the impounded material. The geotechnical investigation will be planned and supervised by an engineer or engineering geologist, according to the following:

536.821. The number, location, and depth of borings and test pits will be determined using current prudent engineering practice for the size of the dam or embankment, quantity of material to be impounded, and subsurface conditions;

536.822. The character of the overburden and bedrock, the proposed abutment sites, and any adverse geotechnical conditions, which may affect the particular dam, embankment, or reservoir site will be considered;

536.823. All springs, seepage, and ground water flow observed or anticipated during wet periods in the area of the proposed dam or embankment will be identified on each plan; and

536.824. Consideration will be given to the possibility of mudflows, rock-debris falls, or other landslides into the dam, embankment, or impounded material.

536.900. Refuse Piles. Refuse piles will meet the requirements of R645-301-210, R645-301-512.230, R645-301-513.400, R645-301-514.200, R645-301-515.200, R645-301-528.322, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-536.900, R645-301-542.730, R645-301-553.250, R645-301-746.100 through R645-301-746.200, and the requirements of MSHA, 30 CFR 77.214 and 30 CFR 77.215.

537. Regraded Slopes.

537.100. Each application will contain a report of appropriate geotechnical analysis, where approval of the Division is required for alternative specifications or for steep cut slopes under R645-301-358, R645-301-512.250, R645-301-527.100, R645-301-527.230, R645-301-534.100, R645-301-534.200, R645-301-534.300, R645-301-542.600, R645-301-742.410, R645-301-742.420, R645-301-752.200, and R645-301-762.

537.200. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, regrading of settled and revegetated fills to achieve approximate original contour at the conclusion of mining operations will not be required if the following conditions are met.

537.210. Settled and revegetated fills will be composed of spoil or nonacid- or nontoxic-forming underground development waste.

537.220. The spoil or underground development waste will not be located so as to be detrimental to the environment, to the health and safety of the public, or to the approved postmining land use.

537.230. Stability of the spoil or underground development waste will be demonstrated through standard geotechnical analysis to be consistent with backfilling and grading requirements for material on the solid bench (1.3 static safety factor) or excess spoil requirements for material not placed on a solid bench (1.5 static safety factor).

537.240. The surface of the spoil or underground development waste will be vegetated according to R645-301-356 and R645-301-357, and surface runoff will be controlled in accordance with R645-301-742.300.

537.250. If it is determined by the Division that disturbance of the existing spoil or underground development waste would increase environmental harm or adversely affect the health and safety of the public, the Division may allow the existing spoil or underground development waste pile to remain in place. The Division may require stabilization of such spoil or underground development waste in accordance with the requirements of R645-301-537.210 through R645-301-537.240.

540. Reclamation Plan.

541. General.

541.100. Persons who cease coal mining and reclamation operations permanently will close or backfill or otherwise permanently reclaim all affected areas, in accordance with the R645 Rules and the permit approved by the Division.

541.200. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, all underground openings, equipment, structures, or other facilities not required for monitoring, unless approved by the Division as suitable for the postmining land use or environmental monitoring, will be removed and the affected land reclaimed.

541.300. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, all surface equipment, structures, or other facilities not required for continued underground mining activities and monitoring, unless approved by the Division as suitable for the postmining land use or environmental monitoring will be removed and the affected lands reclaimed.

541.400. Each application will include a plan for the reclamation of the lands within the proposed permit area which shows how the applicant will comply with R645-301, and the

environmental protection performance standards of the State Program.

542. Narratives, Maps and Plans. The reclamation plan for the proposed permit area will include:

542.100. A detailed timetable for the completion of each major step in the reclamation plan;

542.200. A plan for backfilling, soil stabilization, compacting and grading, with contour maps or cross sections that show the anticipated final surface configuration of the proposed permit area, in accordance with R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.900, and R645-302-234;

542.300. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, final surface configuration maps with cross sections (at intervals specified by the Division) that indicate:

542.310. The anticipated final surface configuration to be achieved for the affected areas. The maps and cross sections will be prepared and certified as described under R645-301-512; and

542.320. Location of each facility that will remain on the proposed permit area as a permanent feature, after the completion of coal mining and reclamation operations;

542.400. Before abandoning a permit area or seeking bond release, a description ensuring all temporary structures are removed and reclaimed, and all permanent sedimentation ponds, impoundments and treatment facilities that meet the requirements of the R645 Rules for permanent structures, have been maintained properly and meet the requirements of the approved reclamation plan for permanent structures and impoundments. The operator will renovate such structures if necessary to meet the requirements of the R645 Rules and to conform to the approved reclamation plan;

542.500. A timetable, and plans to remove each proposed sedimentation pond, water impoundment, and coal processing waste bank, dam, or embankment, if appropriate;

542.600. Roads. A road not to be retained for use under an approved postmining land use will be reclaimed immediately after it is no longer needed for mining and reclamation operations, including:

542.610. Closing the road to traffic;

542.620. Removing all bridges and culverts; unless approved as part of the postmining land use.

542.630. Scarifying or ripping of the roadbed and replacing topsoil and revegetating disturbed surfaces in accordance with R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, R645-301-243, R645-301-244.200 and R645-301-353 through R645-301-357.

542.640. Removing or otherwise disposing of road-surfacing materials that are incompatible with the postmining land use and revegetation requirements.

542.700. Final Abandonment of Mine Openings and Disposal Areas.

542.710. A description, including appropriate cross sections and maps, of the measures to be used to seal or manage mine openings, and to plug, case or manage other openings within the proposed permit area, in accordance with R645-301-529, R645-301-551, R645-301-631, R645-301-738, and R645-301-765.

542.720. Disposal of Excess Spoil. Excess spoil will be placed in designated disposal areas within the permit area, in a controlled manner to ensure that the final fill is suitable for reclamation and revegetation compatible with the natural surroundings and the approved postmining land use. Excess spoil that is combustible will be adequately covered with noncombustible material to prevent sustained combustion. The reclamation of excess spoil will comply with the design criteria under R645-301-553.240.

542.730. Disposal of Coal Mine Waste. Coal mine waste will be placed in a controlled manner to ensure that the final

disposal facility will be suitable for reclamation and revegetation compatible with the natural surroundings and the approved postmining land use.

542.740. Disposal of Noncoal Mine Wastes.

542.741. Noncoal mine wastes including, but not limited to grease, lubricants, paints, flammable liquids, garbage, abandoned mining machinery, lumber and other combustible materials generated during mining activities will be placed and stored in a controlled manner in a designated portion of the permit area. Placement and storage will ensure that fires are prevented, and that the area remains stable and suitable for reclamation and revegetation compatible with the natural surroundings.

542.742. Final disposal of noncoal mine wastes will be in a designated disposal site in the permit area or a state-approved solid waste disposal area. Wastes will be routinely compacted and covered to prevent combustion and wind-borne waste. When the disposal is completed, a minimum of two feet of suitable cover will be placed over the site, slopes stabilized, and revegetation accomplished in accordance with R645-301-244.200 and R645-301-353 through R645-301-357, inclusive. Operation of the disposal site will be conducted in accordance with all local, Utah, and federal requirements.

542.800. The reclamation plan for the proposed coal mining and reclamation operations will also include a detailed estimate of reclamation costs as described in R645-301-830.100 - R645-301-830.300.

550. Reclamation Design Criteria and Plans. Each permit application will include site specific plans that incorporate the following design criteria for reclamation activities.

551. Casing and Sealing of Underground Openings. When no longer needed for monitoring or other use approved by the Division upon a finding of no adverse environmental or health and safety effects, each shaft, drift, adit, tunnel, drill hole, or other opening to the surface from underground will be capped, sealed and backfilled, or otherwise properly managed, as required by the Division and consistent with MSHA, 30 CFR 75.1711 and all other applicable state and federal regulations as soon as practical. Permanent closure measures will be designed to prevent access to the mine workings by people, livestock, fish and wildlife, machinery and to keep acid or other toxic drainage from entering ground or surface waters. With respect to drill holes, unless otherwise approved by the Division, compliance with the requirements of 43 CFR 3484.1(a)(3) or R649-3-24 will satisfy these requirements.

552. Permanent Features.

552.100. Small depressions may be constructed if they are needed to retain moisture, minimize erosion, create and enhance wildlife habitat, or assist revegetation.

552.200. Permanent impoundments may be approved if they meet the requirements of R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-542.400, R645-301-733.220 through R645-301-733.224, R645-301-743, and if they are suitable for the approved postmining land use.

553. Backfilling and Grading. Backfilling and grading design criteria will be described in the permit application. Nothing in R645-301-553 will prohibit the placement of material in road and portal pad embankments located on the downslope, so long as the material used and the embankment design comply with the applicable requirements of R645-301-500 and R645-301-700 and the material is moved and placed in a controlled manner. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES rough backfilling and grading will follow coal removal by not more than 60 days or 1500 linear feet. The Division may grant additional time for rough backfilling and grading if the permittee can demonstrate, through a detailed written analysis under R645-301-542.200, that additional time is necessary.

553.100. Disturbed Areas. Disturbed areas will be

backfilled and graded to:

553.110. Achieve the approximate original contour (AOC), except as provided in R645-301-553.500 through R645-301-553.540 (previously mined areas (PMA's), continuously mined areas (CMA's) and areas subject to the AOC provisions), R645-301-553.600 through R645-301-553.612 (PMA's and CMA's), R645-302-270 (non-mountaintop removal on steep slopes), R645-302-220 (mountaintop removal mining), R645-301-553.700 (thin overburden) and R645-301-553.800 (thick overburden);

553.120. Eliminate all highwalls, spoil piles, and depressions, except as provided in R645-301-552.100 (small depressions); R645-301-553.500 through R645-301-553.540 (PMA's, CMA's and areas subject to approximate original contour (AOC) provisions; R645-301-553.600 through R645-301-553.612 (PMA's and CMA's); and in R645-301-553.650 (highwall management under the (AOC) provisions);

553.130. Achieve a postmining slope that does not exceed either the angle of repose or such lesser slope as is necessary to achieve a minimum long-term static safety factor of 1.3 and prevents slides, except as provided in R645-301-553.530;

553.140. Minimize erosion and water pollution both on and off the site; and

553.150. Support the approved postmining land use.

553.200. Spoil and Waste. Spoil and waste materials will be compacted where advisable to ensure stability or to prevent leaching of toxic materials.

553.210. Spoil, except as provided in R645-301-537.200 (Settled and Revegetated Fills), for the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, and except where excess spoil is disposed of in accordance with R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400 will be returned to the mined out surface areas (UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES) or mined area (SURFACE COAL MINING AND RECLAMATION ACTIVITIES).

553.220. Spoil may be placed on the area outside the mined-out surface area (UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES) or in the mined-out area (SURFACE COAL MINING AND RECLAMATION ACTIVITIES) in non-steep slope areas to restore the approximate original contour by blending the spoil into the surrounding terrain if the following requirements are met:

553.221. All vegetative and organic material will be removed from the area;

553.222. The topsoil on the area will be removed, segregated, stored, and redistributed in accordance with R645-301-232.100 through R645-301-232.600, R645-301-234, R645-301-242, and R645-301-243; and

553.223. The spoil will be backfilled and graded on the area in accordance with R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.420, R645-301-553.600, and R645-301-553.900.

553.230. Preparation of final graded surfaces will be conducted in a manner that minimizes erosion and provides a surface for replacement of topsoil that will minimize slippage.

553.240. The final configuration of the fill (excess spoil) will be suitable for the approved postmining land use. Terraces may be constructed on the outslope of the fill if required for stability, control of erosion, to conserve soil moisture, or to facilitate the approved postmining land use. The grade of the outslope between terrace benches will not be steeper than 2h:1v (50 percent).

553.250. Refuse Piles.

553.251. The final configuration for the refuse pile will be suitable for the approved postmining land use. Terraces may be constructed on the outslope of the refuse pile if required for stability, control of erosion, conservation of soil moisture, or facilitation of the approved postmining land use. The grade of the outslope between terrace benches will not be steeper than 2h:1v (50 percent).

553.252. Following final grading of the refuse pile, the coal mine waste will be covered with a minimum of four feet of the best available, nontoxic and noncombustible material, in a manner that does not impede drainage from the underdrains. The Division may allow less than four feet of cover material based on physical and chemical analyses which show that the requirements of R645-301-244.200 and R645-301-353 through R645-301-357 are met.

553.260. Disposal of coal processing waste and underground development waste in the mined-out surface area (UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES) or mined-out area (SURFACE COAL MINING AND RECLAMATION ACTIVITIES) will be in accordance with R645-301-210, R645-301-512.230, R645-301-513.400, R645-301-514.200, R645-301-515.200, R645-301-528.322, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-536.900, R645-301-542.730, R645-301-553.250, and R645-301-746.100 through R645-301-746.200, except that a long-term static safety factor of 1.3 will be achieved.

553.300. Exposed coal seams, acid- and toxic-forming materials, and combustible materials exposed, used, or produced during mining will be adequately covered with nontoxic and noncombustible materials, or treated, to control the impact on surface and ground water in accordance with R645-301-731.100 through R645-301-731.522 and R645-301-731.800, to prevent sustained combustion, and to minimize adverse effects on plant growth and on the approved postmining land use.

553.400. Cut-and-fill terraces may be allowed by the Division where:

553.410. Needed to conserve soil moisture, ensure stability, and control erosion on final-graded slopes, if the terraces are compatible with the approved postmining land use; or

553.420. Specialized grading, foundation conditions, or roads are required for the approved postmining land use, in which case the final grading may include a terrace of adequate width to ensure the safety, stability, and erosion control necessary to implement the postmining land-use plan.

553.500. Previously Mined Areas (PMA's), Continuously Mined Areas (CMA's), and Areas with remaining Highwalls Subject to the Approximate Original Contour (AOC) Provisions.

553.510. Remaining operations on PMA's, CMA's, or on areas with remaining highwalls subject to the AOC Provisions will comply with the requirements of R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.900, and R645-302-234, except as provided in R645-301-553.500, R645-301-553.600 and R645-301-553.650.

553.520. The backfill of all remaining highwalls will be graded to a slope which is compatible with the approved postmining land use and which provides adequate drainage and long-term stability.

553.530. Any remaining highwall will be stable and not pose a hazard to the public health and safety or to the environment. The operator will demonstrate, to the satisfaction of the Division, that the remaining highwall achieves a minimum long-term static safety factor of 1.3 and prevents slides, or provide an alternative criterion to establish that the remaining highwall is stable and does not pose a hazard to the public health and safety or to the environment; and

553.540. Spoil placed on the outslope during previous mining operations will not be disturbed if such disturbances will

cause instability of the remaining spoil or otherwise increase the hazard to the public health and safety or to the environment.

553.600. Previously Mined Areas (PMA's) and Continuously Mined Areas (CMA's). For PMA's and CMA's the special compliance measures include:

553.610. The requirements of R645-301-553.110 and R645-301-553.120, addressing the elimination of highwalls, will not apply to PMA's or CMA's where the volume of all reasonably available spoil is demonstrated in writing to the Division to be insufficient to completely backfill the reaffected or enlarged highwall. The highwall will be eliminated to the maximum extent technically practical in accordance with the following requirements:

553.611. All spoils generated by the remaining operation or CMA and any other reasonably available spoil will be used to backfill the area;

553.612. Reasonably available spoil in the immediate vicinity of the remaining operation or CMA will be included within the permit area.

553.650. Highwall Management Under the Approximate Original Contour Provisions. For situations where a permittee seeks approval for a remaining highwall under the AOC provisions, the permittee will establish, and the Division will find in writing that the remaining highwall will achieve the stability requirements of R645-301-553.530, that the remaining highwall will meet the approximate original contour criteria of R645-301-553.510 and R645-301-553.520, and that the proposal meets the following criteria:

553.650.100. The remaining highwall will not be greater in height or length than the cliffs and cliff-like escarpments that were replaced or disturbed by the mining operations;

553.650.200. The remaining highwall will replace a preexisting cliff or similar natural premining feature and will resemble the structure, composition, and function of the natural cliff it replaces;

553.650.300. The remaining highwall will be modified, if necessary, as determined by the Division to restore cliff-type habitats used by the flora and fauna existing prior to mining;

553.650.400. The remaining highwall will be compatible with the postmining land use and the visual attributes of the area; and

553.650.500. The remaining highwall will be compatible with the geomorphic processes of the area.

553.700. Backfilling and Grading: Thin Overburden. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, thin overburden means that sufficient spoil and other waste materials to restore the disturbed area to its approximate original contour are not available from the entire permit area. A condition of insufficient spoil and other waste materials is deemed to exist when the overburden thickness times the swell factor, plus the thickness of other available waste materials is less than the combined thickness of the overburden and the coal prior to removing the coal. Backfilling and grading to reclaim a thin overburden area would result in a surface configuration of the reclaimed area that would not closely resemble the topography of the land prior to mining or blend into and complement the drainage pattern of the surrounding terrain. The provisions of this section apply only when SURFACE COAL MINING AND RECLAMATION ACTIVITIES cannot be carried out to comply with the requirements of R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.420, R645-301-553.600, and R645-301-553.900 to achieve the approximate original contour. The operator will, at a minimum:

553.710. Use all available spoil and waste materials to attain the lowest practicable grade, but not more than the angle of repose; and

553.720. Meet the requirements of R645-301-211, R645-

301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-535.100, R645-301-535.112 through R645-301-535.130, R645-301-536.300, R645-301-542.720, R645-301-553.240, and R645-301-745.100.

553.800. Backfilling and Grading: Thick Overburden. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, thick overburden means that more than sufficient spoil and other waste materials to restore the disturbed area to its approximate original contour are available from the entire permit area. A condition of more than sufficient spoil and other waste materials is deemed to exist when the overburden thickness times the swell factor, plus the thickness of other available waste materials exceeds the combined thickness of the overburden and the coal prior to removing the coal. Backfilling and grading to reclaim a thick overburden area would result in a surface configuration of the reclaimed area that would not closely resemble the topography of the land prior to mining or blend into and complement the drainage pattern of the surrounding terrain. The provisions of this section apply only when SURFACE COAL MINING AND RECLAMATION ACTIVITIES cannot be carried out to comply with the requirements of R645-301-537.200, R645-301-552 through R645-301-553.230, R645-301-553.260 through R645-301-553.420, R645-301-553.600, and R645-301-553.900 to achieve the approximate original contour. In addition the operator will, at a minimum:

553.810. Use the spoil and waste materials to attain the lowest practicable grade, but not more than the angle of repose;

553.820. Meet the requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-535.100, R645-301-535.112 through R645-301-535.130, R645-301-536.300, R645-301-542.720, R645-301-553.240, and R645-301-745.100; and

553.830. Dispose of any excess spoil in accordance with R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.300 through R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400.

553.900. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, regrading of settled and revegetated fills at the conclusion of coal mining and reclamation operations will not be required if the conditions of R645-301-537.200 are met;

560. Performance Standards. Coal mining and reclamation operations will be conducted in accordance with the approved permit and requirements of R645-301-510 through R645-301-553.

R645-301-600. Geology.

The rules in R645-301-600 present the requirements for information related to geology which is to be included in each permit application.

610. Introduction.

611. General Requirements. Each permit application will include descriptions of:

611.100. The geology within and adjacent to the permit area as given under R645-301-621 through R645-301-627; and

611.200. Proposed operations given under R645-301-630.

612. All cross sections, maps and plans as required by R645-301-622 will be prepared and certified as described under R645-301-512.100

620. Environmental Description.

621. General Requirements. Each permit application will include a description of the geology within the proposed permit and adjacent areas that may be affected or impacted by the proposed coal mining and reclamation operation.

622. Cross Sections, Maps and Plans. The application will

include cross sections, maps and plans showing:

622.100. Elevations and locations of test borings and core samplings;

622.200. Nature, depth, and thickness of the coal seams to be mined, any coal or rider seams above the seam to be mined, each stratum of the overburden, and the stratum immediately below the lowest coal seam to be mined;

622.300. All coal crop lines and the strike and dip of the coal to be mined within the proposed permit area; and

622.400. Location, and depth if available, of gas and oil wells within the proposed permit area.

623. Each application will include geologic information in sufficient detail to assist in:

623.100. Determining all potentially acid- or toxic-forming strata down to and including the stratum immediately below the coal seam to be mined;

623.200. Determining whether reclamation as required by R645-301 and R645-302 can be accomplished; and

623.300. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES preparing the subsidence control plan described under R645-301-525 and R645-521-142.

624. Geologic information will include, at a minimum, the following:

624.100. A description of the geology of the proposed permit and adjacent areas down to and including the deeper of either the stratum immediately below the lowest coal seam to be mined or any aquifer below the lowest coal seam to be mined which may be adversely impacted by mining. This description will include the regional and structural geology of the permit and adjacent areas, and other parameters which influence the required reclamation and it will also show how the regional and structural geology may affect the occurrence, availability, movement, quantity and quality of potentially impacted surface and ground water. It will be based on:

624.110. The cross sections, maps, and plans required by R645-301-622.100 through R645-301-622.400.

624.120. The information obtained under R645-301-624.200, R645-301-624.300 and R645-301-625; and

624.130. Geologic literature and practices.

624.200. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, any portion of a permit area in which the strata down to the coal seam to be mined will be removed or are already exposed, and for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, samples will be collected and analyzed from test borings; drill cores; or fresh, unweathered, uncontaminated samples from rock outcrops down to and including the deeper of either the stratum immediately below the lowest coal seam to be mined or any aquifer below the lowest coal seam to be mined which may be adversely impacted by mining. The analyses will result in the following:

624.210. Logs showing the lithologic characteristics including physical properties and thickness of each stratum and location of ground water where occurring;

624.220. Chemical analyses identifying those strata that may contain acid- or toxic-forming, or alkalinity-producing materials and to determine their content except that the Division may find that the analysis for alkalinity-producing material is unnecessary; and

624.230. Chemical analysis of the coal seam for acid- or toxic-forming materials, including the total sulfur and pyritic sulfur, except that the Division may find that the analysis of pyritic sulfur content is unnecessary.

624.300. For lands within the permit and adjacent areas of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES where the strata above the coal seam to be mined will not be removed, samples will be collected and analyzed from test borings or drill cores to provide the following data:

624.310. Logs of drill holes showing the lithologic characteristics, including physical properties and thickness of each stratum that may be impacted, and location of ground water where occurring;

624.320. Chemical analyses for acid- or toxic-forming or alkalinity-producing materials and their content in the strata immediately above and below the coal seam to be mined;

624.330. Chemical analyses of the coal seam for acid- or toxic-forming materials, including the total sulfur and pyritic sulfur, except that the Division may find that the analysis of pyrite sulfur content is unnecessary; and

624.340. For standard room and pillar mining operations, the thickness and engineering properties of clays or soft rock such as clay shale, if any, in the stratum immediately above and below each coal seam to be mined.

625. If determined to be necessary to protect the hydrologic balance, to minimize or prevent subsidence, or to meet the performance standards of R645-301 and R645-302, the Division may require the collection, analysis and description of geologic information in addition to that required by R645-301-624.

626. An applicant may request the Division to waive in whole or in part the requirements of R645-301-624.200 and R645-301-624.300. The waiver may be granted only if the Division finds in writing that the collection and analysis of such data is unnecessary because other information having equal value or effect is available to the Division in a satisfactory form.

627. An application for a permit to conduct UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will include, at a minimum, a description of overburden thickness and lithology.

630. Operation Plan.

631. Casing and Sealing of Exploration Holes and Boreholes. Each permit application will include a description of the methods used to backfill, plug, case, cap, seal or otherwise manage exploration holes or boreholes to prevent acid or toxic drainage from entering water resources, minimize disturbance to the prevailing hydrologic balance and to ensure the safety of people, livestock, fish and wildlife, and machinery in the permit and adjacent area. Each exploration hole or borehole that is uncovered or exposed by coal mining and reclamation operations within the permit area will be permanently closed, unless approved for water monitoring or otherwise managed in a manner approved by the Division. Use of an exploration borehole as a monitoring or water well must meet the provisions of R645-301-551 and R645-301-731. The requirements of R645-301-631 do not apply to boreholes drilled for the purpose of blasting.

631.100. Temporary Casing and Sealing of Drilled Holes. Each exploration borehole, other drill hole or borehole which has been identified in the approved permit application for use to return underground development waste, coal processing waste or water to underground workings or to be used to monitor ground water conditions will be temporarily sealed before use and for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, protected during use by barricades, or fences, or other protective devices approved by the Division. These protective devices will be periodically inspected and maintained in good operating condition by the operator conducting surface coal mining and reclamation activities.

631.200. Permanent Casing and Sealing of Exploration Holes and Boreholes. When no longer needed for monitoring or other use approved by the Division upon a finding of no adverse environmental or health and safety effect, or unless approved for transfer as a water well under R645-301-731.400, each exploration hole or borehole will be plugged, capped, sealed, backfilled or otherwise properly managed under R645-301-551, R645-301-631 and consistent with 30 CFR 75.1711. Permanent

closure methods will be designed to prevent access to the mine workings by people, livestock, fish and wildlife, and machinery and to keep acid or other toxic drainage from entering water resources.

632. Subsidence Monitoring. Each application for a permit to conduct UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will, except where planned subsidence is projected to be used, include as part of the subsidence monitoring plan described under R645-301-525:

632.100. A determination of the commencement and degree of subsidence so other appropriate measures can be taken to prevent or reduce material damage; and

632.200. A map showing the locations of subsidence monitoring points within and adjacent to the permit area.

640. Performance Standards.

641. All exploration holes and boreholes will be permanently cased and sealed according to the requirements of R645-301-631 and R645-301-631.200.

642. All monuments and surface markers used as subsidence monitoring points and identified under R645-301-632.200 will be reclaimed in accordance with R645-301-521.210.

R645-301-700. Hydrology.

710. Introduction.

711. General Requirements. Each permit application will include descriptions of:

711.100. Existing hydrologic resources as given under R645-301-720.

711.200. Proposed operations and potential impacts to the hydrologic balance as given under R645-301-730.

711.300. The methods and calculations utilized to achieve compliance with hydrologic design criteria and plans given under R645-301-740.

711.400. Applicable hydrologic performance standards as given under R645-301-750.

711.500. Reclamation activities as given under R645-301-760.

712. Certification. All cross sections, maps and plans required by R645-301-722 as appropriate, and R645-301-731.700 will be prepared and certified according to R645-301-512.

713. Inspection. Impoundments will be inspected as described under R645-301-514.300.

720. Environmental Description.

721. General Requirements. Each permit application will include a description of the existing, premining hydrologic resources within the proposed permit and adjacent areas that may be affected or impacted by the proposed coal mining and reclamation operation.

722. Cross Sections and Maps. The application will include cross sections and maps showing:

722.100. Location and extent of subsurface water, if encountered, within the proposed permit or adjacent areas. For UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, location and extent will include, but not limited to areal and vertical distribution of aquifers, and portrayal of seasonal differences of head in different aquifers on cross-sections and contour maps;

722.200. Location of surface water bodies such as streams, lakes, ponds and springs, constructed or natural drains, and irrigation ditches within the proposed permit and adjacent areas;

722.300. Elevations and locations of monitoring stations used to gather baseline data on water quality and quantity in preparation of the application;

722.400. Location and depth, if available, of water wells in the permit area and adjacent area; and

722.500. Sufficient slope measurements or contour maps to adequately represent the existing land surface configuration of

proposed disturbed areas for UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES and the proposed permit area for SURFACE COAL MINING AND RECLAMATION ACTIVITIES will be measured and recorded to take into account natural variations in slope, to provide accurate representation of the range of natural slopes and reflect geomorphic differences of the area to be disturbed.

723. Sampling and Analysis. All water quality analyses performed to meet the requirements of R645-301-723 through R645-301-724.300, R645-301-724.500, R645-301-725 through R645-301-731, and R645-301-731.210 through R645-301-731.223 will be conducted according to the methodology in the current edition of "Standard Methods for the Examination of Water and Wastewater" or the methodology in 40 CFR Parts 136 and 434. Water quality sampling performed to meet the requirements of R645-301-723 through R645-301-724.300, R645-301-724.500, R645-301-725 through R645-301-731, and R645-301-731.210 through R645-301-731.223 will be conducted according to either methodology listed above when feasible. "Standard Methods for the Examination of Water and Wastewater" is a joint publication of the American Public Health Association, the American Water Works Association, and the Water Pollution Control Federation and is available from the American Public Health Association, 1015 Fifteenth Street, NW, Washington, D. C. 20036.

724. Baseline Information. The application will include the following baseline hydrologic, geologic and climatologic information, and any additional information required by the Division.

724.100. Ground Water Information. The location and ownership for the permit and adjacent areas of existing wells, springs and other ground-water resources, seasonal quality and quantity of ground water, and usage. Water quality descriptions will include, at a minimum, total dissolved solids or specific conductance corrected to 25 degrees C, pH, total iron and total manganese. Ground-water quantity descriptions will include, at a minimum, approximate rates of discharge or usage and depth to the water in the coal seam, and each water-bearing stratum above and potentially impacted stratum below the coal seam.

724.200. Surface water information. The name, location, ownership and description of all surface-water bodies such as streams, lakes and impoundments, the location of any discharge into any surface-water body in the proposed permit and adjacent areas, and information on surface-water quality and quantity sufficient to demonstrate seasonal variation and water usage. Water quality descriptions will include, at a minimum, baseline information on total suspended solids, total dissolved solids or specific conductance corrected to 25 degrees C, pH, total iron and total manganese. Baseline acidity and alkalinity information will be provided if there is a potential for acid drainage from the proposed mining operation. Water quantity descriptions will include, at a minimum, baseline information on seasonal flow rates.

724.300. Geologic Information. Each application will include geologic information in sufficient detail, as given under R645-301-624, to assist in:

724.310. Determining the probable hydrologic consequences of the operation upon the quality and quantity of surface and ground water in the permit and adjacent areas, including the extent to which surface- and ground-water monitoring is necessary; and

724.320. Determining whether reclamation as required by the R645 Rules can be accomplished and whether the proposed operation has been designed to prevent material damage to the hydrologic balance outside the permit area.

724.400. Climatologic Information.

724.410. When requested by the Division, the permit application will contain a statement of the climatological factors that are representative of the proposed permit area, including:

724.411. The average seasonal precipitation;
724.412. The average direction and velocity of prevailing winds; and

724.413. Seasonal temperature ranges.

724.420. The Division may request such additional data as deemed necessary to ensure compliance with the requirements of R645-301 and R645-302.

724.500. Supplemental information. If the determination of the PHC required by R645-301-728 indicates that adverse impacts on or off the proposed permit area may occur to the hydrologic balance, or that acid-forming or toxic-forming material is present that may result in the contamination of ground-water or surface-water supplies, then information supplemental to that required under R645-301-724.100 and R645-301-724.200 will be provided to evaluate such probable hydrologic consequences and to plan remedial and reclamation activities. Such supplemental information may be based upon drilling, aquifer tests, hydrogeologic analysis of the water-bearing strata, flood flows, or analysis of other water quality or quantity characteristics.

724.700. Each permit application that proposes to conduct coal mining and reclamation operations within a valley holding a stream or in a location where the permit area or adjacent area includes any stream will meet the requirements of R645-302-320.

725. Baseline Cumulative Impact Area Information.

725.100. Hydrologic and geologic information for the cumulative impact area necessary to assess the probable cumulative hydrologic impacts of the proposed coal mining and reclamation operation and all anticipated coal mining and reclamation operations on surface- and ground-water systems as required by R645-301-729 will be provided to the Division if available from appropriate federal or state agencies.

725.200. If this information is not available from such agencies, then the applicant may gather and submit this information to the Division as part of the permit application.

725.300. The permit will not be approved until the necessary hydrologic and geologic information is available to the Division.

726. Modeling. The use of modeling techniques, interpolation or statistical techniques may be included as part of the permit application, but actual surface- and ground-water information may be required by the Division for each site even when such techniques are used.

727. Alternative Water Source Information. If the probable hydrologic consequences determination required by R645-301-728 indicates that the proposed SURFACE COAL MINING AND RECLAMATION ACTIVITY may proximately result in contamination, diminution, or interruption of an underground or surface source of water within the proposed permit or adjacent areas which is used for domestic, agricultural, industrial or other legitimate purpose, then the application will contain information on water availability and alternative water sources, including the suitability of alternative water sources for existing premining uses and approved postmining land uses.

728. Probable Hydrologic Consequences (PHC) Determination.

728.100. The permit application will contain a determination of the PHC of the proposed coal mining and reclamation operation upon the quality and quantity of surface and ground water under seasonal flow conditions for the proposed permit and adjacent areas.

728.200. The PHC determination will be based on baseline hydrologic, geologic and other information collected for the permit application and may include data statistically representative of the site.

728.300. The PHC determination will include findings on:

728.310. Whether adverse impacts may occur to the hydrologic balance;

728.320. Whether acid-forming or toxic-forming materials are present that could result in the contamination of surface- or ground-water supplies;

728.330. What impact the proposed coal mining and reclamation operation will have on:

728.331. Sediment yield from the disturbed area;

728.332. Acidity, total suspended and dissolved solids and other important water quality parameters of local impact;

728.333. Flooding or streamflow alteration;

728.334. Ground-water and surface-water availability; and

728.335. Other characteristics as required by the Division; and

728.340. Whether the proposed SURFACE COAL MINING AND RECLAMATION ACTIVITY will proximately result in contamination, diminution or interruption of an underground or surface source of water within the proposed permit or adjacent areas which is used for domestic, agricultural, industrial or other legitimate purpose; Or

728.350. Whether the UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES conducted after October 24, 1992 may result in contamination, diminution or interruption of State-appropriated Water in existence within the proposed permit or adjacent areas at the time the application is submitted.

728.400. An application for a permit revision will be reviewed by the Division to determine whether a new or updated PHC determination will be required.

729. Cumulative Hydrologic Impact Assessment (CHIA).

729.100. The Division will provide an assessment of the probable cumulative hydrologic impacts of the proposed coal mining and reclamation operation and all anticipated coal mining and reclamation operations upon surface- and ground-water systems in the cumulative impact area. The CHIA will be sufficient to determine, for purposes of permit approval whether the proposed coal mining and reclamation operation has been designed to prevent material damage to the hydrologic balance outside the permit area. The Division may allow the applicant to submit data and analyses relevant to the CHIA with the permit application.

729.200. An application for a permit revision will be reviewed by the Division to determine whether a new or updated CHIA will be required.

730. Operation Plan.

731. General Requirements. The permit application will include a plan, with maps and descriptions, indicating how the relevant requirements of R645-301-730, R645-301-740, R645-301-750 and R645-301-760 will be met. The plan will be specific to the local hydrologic conditions. It will contain the steps to be taken during coal mining and reclamation operations through bond release to minimize disturbance to the hydrologic balance within the permit and adjacent areas; to prevent material damage outside the permit area; to support approved postmining land use in accordance with the terms and conditions of the approved permit and performance standards of R645-301-750; to comply with the Clean Water Act (33 U.S.C. 1251 et seq.); and to meet applicable federal and Utah water quality laws and regulations. The plan will include the measures to be taken to: avoid acid or toxic drainage; prevent to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow; provide water treatment facilities when needed; and control drainage. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES the plan will include measures to be taken to protect or replace water rights and restore approximate premining recharge capacity. The plan will specifically address any potential adverse hydrologic consequences identified in the PHC determination prepared under R645-301-728 and will include preventative and remedial measures.

The Division may require additional preventative, remedial

or monitoring measures to assure that material damage to the hydrologic balance outside the permit area is prevented. Coal mining and reclamation operations that minimize water pollution and changes in flow will be used in preference to water treatment.

731.100. Hydrologic-Balance Protection.

731.110. Ground-Water Protection. In order to protect the hydrologic balance, coal mining and reclamation operations will be conducted according to the plan approved under R645-301-731 and the following:

731.111. Ground-water quality will be protected by handling earth materials and runoff in a manner that minimizes acidic, toxic or other harmful infiltration to ground-water systems and by managing excavations and other disturbances to prevent or control the discharge of pollutants into the ground water; and

731.112. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES ground-water quantity will be protected by handling earth materials and runoff in a manner that will restore approximate premining recharge capacity of the reclaimed area as a whole, excluding coal mine waste disposal areas and fills, so as to allow the movement of water to the ground-water system.

731.120. Surface-Water Protection. In order to protect the hydrologic balance, coal mining and reclamation operations will be conducted according to the plan approved under R645-301-731 and the following:

731.121. Surface-water quality will be protected by handling earth materials, ground-water discharges and runoff in a manner that minimizes the formation of acidic or toxic drainage; prevents, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow outside the permit area; and, otherwise prevent water pollution. If drainage control, restabilization and revegetation of disturbed areas, diversion of runoff, mulching or other reclamation and remedial practices are not adequate to meet the requirements of R645-301-731.100 through R645-301-731.522, R645-301-731.800 and R645-301-751, the operator will use and maintain the necessary water treatment facilities or water quality controls; and

731.122. Surface-water quantity and flow rates will be protected by handling earth materials and runoff in accordance with the steps outlined in the plan approved under R645-301-731.

731.200. Water Monitoring.

731.210. Ground-Water Monitoring. Ground-water monitoring will be conducted according to the plan approved under R645-301-731.200 and the following:

731.211. The permit application will include a ground-water monitoring plan based upon the PHC determination required under R645-301-728 and the analysis of all baseline hydrologic, geologic and other information in the permit application. The plan will provide for the monitoring of parameters that relate to the suitability of the ground water for current and approved postmining land uses and to the objectives for protection of the hydrologic balance set forth in R645-301-731. It will identify the quantity and quality parameters to be monitored, sampling frequency and site locations. It will describe how these data may be used to determine the impacts of the operation upon the hydrologic balance. At a minimum, total dissolved solids or specific conductance corrected to 25 degrees C, pH, total iron, total manganese and water levels will be monitored;

731.212. Ground-water will be monitored and data will be submitted at least every three months for each monitoring location. Monitoring submittals will include analytical results from each sample taken during the approved reporting period. When the analysis of any ground-water sample indicates noncompliance with the permit conditions, then the operator will

promptly notify the Division and immediately take the actions provided for in R645-300-145 and R645-301-731;

731.213. If an applicant can demonstrate by the use of the PHC determination and other available information that a particular water-bearing stratum in the proposed permit and adjacent areas is not one which serves as an aquifer which significantly ensures the hydrologic balance within the cumulative impact area, then monitoring of that stratum may be waived by the Division;

731.214. Ground-water monitoring will proceed through mining and continue during reclamation until bond release. Consistent with the procedures of R645-303-220 through R645-303-228, the Division may modify the monitoring requirements including the parameters covered and the sampling frequency if the operator demonstrates, using the monitoring data obtained under R645-301-731.214 that:

731.214.1. The coal mining and reclamation operation has minimized disturbance to the prevailing hydrologic balance in the permit and adjacent areas and prevented material damage to the hydrologic balance outside the permit area; water quantity and quality are suitable to support approved postmining land uses and the SURFACE COAL MINING AND RECLAMATION ACTIVITY has protected or replaced the water rights of other users; or

731.214.2. Monitoring is no longer necessary to achieve the purposes set forth in the monitoring plan approved under R645-301-731.211.

731.215. Equipment, structures and other devices used in conjunction with monitoring the quality and quantity of ground water on-site and off-site will be properly installed, maintained and operated and will be removed by the operator when no longer needed.

731.220. Surface-Water Monitoring. Surface-water monitoring will be conducted according to the plan approved under R645-301-731.220 and the following:

731.221. The permit application will include a surface-water monitoring plan based upon the PHC determination required under R645-301-728 and the analysis of all baseline hydrologic, geologic and other information in the permit application. The plan will provide for the monitoring of parameters that relate to the suitability of the surface water for current and approved postmining land uses and to the objectives for protection of the hydrologic balance as set forth in R645-301-731 as well as the effluent limitations found in R645-301-751;

731.222. The plan will identify the surface water quantity and quality parameters to be monitored, sampling frequency and site locations. It will describe how these data may be used to determine the impacts of the operation upon the hydrologic balance:

731.222.1. At all monitoring locations in streams, lakes and impoundments, that are potentially impacted or into which water will be discharged and at upstream monitoring locations, the total dissolved solids or specific conductance corrected to 25 degrees C, total suspended solids, pH, total iron, total manganese and flow will be monitored; and

731.222.2. For point-source discharges, monitoring will be conducted in accordance with 40 CFR Parts 122 and 123, R645-301-751 and as required by the Utah Division of Environmental Health for National Pollutant Discharge Elimination System (NPDES) permits;

731.223. Surface-water monitoring data will be submitted at least every three months for each monitoring location. Monitoring submittals will include analytical results from each sample taken during the approved reporting period. When the analysis of any surface water sample indicates noncompliance with the permit conditions, the operator will promptly notify the Division and immediately take the actions provided for in R645-300-145 and R645-301-731. The reporting requirements of this

paragraph do not exempt the operator from meeting any National Pollutant Discharge Elimination System (NPDES) reporting requirements;

731.224. Surface-water monitoring will proceed through mining and continue during reclamation until bond release. Consistent with R645-303-220 through R645-303-228, the Division may modify the monitoring requirements, except those required by the Utah Division of Environmental Health, including the parameters covered and sampling frequency if the operator demonstrates, using the monitoring data obtained under R645-301-731.224 that:

731.224.1. The operator has minimized disturbance to the hydrologic balance in the permit and adjacent areas and prevented material damage to the hydrologic balance outside the permit area; water quantity and quality are suitable to support approved postmining land uses and the SURFACE COAL MINING AND RECLAMATION ACTIVITY has protected or replaced the water rights of other users; or

731.224.2. Monitoring is no longer necessary to achieve the purposes set forth in the monitoring plan approved under R645-301-731.221.

731.225. Equipment, structures and other devices used in conjunction with monitoring the quality and quantity of surface water on-site and off-site will be properly installed, maintained and operated and will be removed by the operator when no longer needed.

731.300. Acid- and Toxic-Forming Materials.

731.310. Drainage from acid- and toxic-forming materials and underground development waste into surface water and ground water will be avoided by:

731.311. Identifying and burying and/or treating, when necessary, materials which may adversely affect water quality, or be detrimental to vegetation or to public health and safety if not buried and/or treated; and

731.312. Storing materials in a manner that will protect surface water and ground water by preventing erosion, the formation of polluted runoff and the infiltration of polluted water. Storage will be limited to the period until burial and/or treatment first become feasible, and so long as storage will not result in any risk of water pollution or other environmental damage.

731.320. Storage, burial or treatment practices will be consistent with other material handling and disposal provisions of R645 Rules.

731.400. Transfer of Wells. Before final release of bond, exploratory or monitoring wells will be sealed in a safe and environmentally sound manner in accordance with R645-301-631, R645-301-738, and R645-301-765. With the prior approval of the Division, wells may be transferred to another party for further use. However, at a minimum, the conditions of such transfer will comply with Utah and local laws and the permittee will remain responsible for the proper management of the well until bond release in accordance with R645-301-529, R645-301-551, R645-301-631, R645-301-738, and R645-301-765.

731.500. Discharges.

731.510. Discharges into an underground mine.

731.511. Discharges into an underground mine are prohibited, unless specifically approved by the Division after a demonstration that the discharge will:

731.511.1. Minimize disturbance to the hydrologic balance on the permit area, prevent material damage outside the permit area and otherwise eliminate public hazards resulting from coal mining and reclamation operations;

731.511.2. Not result in a violation of applicable water quality standards or effluent limitations;

731.511.3. Be at a known rate and quality which will meet the effluent limitations of R645-301-751 for pH and total suspended solids, except that the pH and total suspended solids limitations may be exceeded, if approved by the Division; and

731.511.4. Meet with the approval of MSHA.

731.512. Discharges will be limited to the following:

731.512.1. Water;

731.512.2. Coal processing waste;

731.512.3. Fly ash from a coal fired facility;

731.512.4. Sludge from an acid-mine-drainage treatment facility;

731.512.5. Flue-gas desulfurization sludge;

731.512.6. Inert materials used for stabilizing underground mines; and

731.512.7. Underground mine development wastes.

731.513. Water from the underground workings of an UNDERGROUND COAL MINING AND RECLAMATION ACTIVITY may be diverted into other underground workings according to the requirements of R645-301-731.100 through R645-301-731.522 and R645-301-731.800.

731.520. Gravity Discharges from UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES.

731.521. Surface entries and accesses to underground workings will be located and managed to prevent or control gravity discharge of water from the mine. Gravity discharges of water from an underground mine, other than a drift mine subject to R645-301-731.522, may be allowed by the Division if it is demonstrated that the untreated or treated discharge complies with the performance standards of R645-301 and R645-302 and any additional NPDES permit requirements.

731.522. Notwithstanding anything to the contrary in R645-301-731.521, the surface entries and accesses of drift mines first used after January 21, 1981 and located in acid-producing or iron-producing coal seams will be located in such a manner as to prevent any gravity discharge from the mine.

731.530. State-appropriated water supply. The permittee will promptly replace any State-appropriated water supply that is contaminated, diminished or interrupted by UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES conducted after October 24, 1992, if the affected water supply was in existence before the date the Division received the permit application for the activities causing the loss, contamination or interruption. The baseline hydrologic and geologic information required in R645-301-700. will be used to determine the impact of mining activities upon the water supply.

731.600. Stream Buffer Zones.

731.610. No land within 100 feet of a perennial stream or an intermittent stream or an ephemeral stream that drains a watershed of at least one square mile will be disturbed by coal mining and reclamation operations, unless the Division specifically authorizes coal mining and reclamation operations closer to, or through, such a stream. The Division may authorize such activities only upon finding that:

731.611. Coal mining and reclamation operations will not cause or contribute to the violation of applicable Utah or federal water quality standards and will not adversely affect the water quantity and quality or other environmental resources of the stream; and

731.612. If there will be a temporary or permanent stream channel diversion, it will comply with R645-301-742.300.

731.620. The area not to be disturbed will be designated as a buffer zone, and the operator will mark it as specified in R645-301-521.260.

731.700. Cross Sections and Maps. Each application will contain for the proposed permit area:

731.710. A map showing the locations of water supply intakes for current users of surface water flowing into, out of and within a hydrologic area defined by the Division, and those surface waters which will receive discharges from affected areas in the proposed permit area;

731.720. A map showing the locations of each water diversion, collection, conveyance, treatment, storage and discharge facility to be used. The map will be prepared and

certified according to R645-301-512;

731.730. A map showing locations and elevations of each station to be used for water monitoring during coal mining and reclamation operations. The map will be prepared and certified according to R645-301-512;

731.740. A map showing the locations of each existing and proposed sedimentation pond, impoundment and coal processing waste bank, dam or embankment. The map will be prepared and certified according to R645-301-512;

731.750. Cross sections for each existing and proposed sedimentation pond, impoundment and coal processing waste bank, dam or embankment. The cross sections will be prepared and certified according to R645-301-512.200; and

731.760. Other relevant cross sections and maps required by the Division depending on the structures and facilities located in the permit area.

731.800. Water Rights and Replacement. Any person who conducts SURFACE COAL MINING AND RECLAMATION ACTIVITIES will replace the water supply of an owner of interest in real property who obtains all or part of his or her supply of water for domestic, agricultural, industrial, or other legitimate use from an underground or surface source, where the water supply has been adversely impacted by contamination, diminution, or interruption proximately resulting from the surface mining activities. Baseline hydrologic information required in R645-301-624.100 through R645-301-624.200, R645-301-625, R645-301-626, R645-301-723 through R645-301-724.300, R645-301-724.500, R645-301-725 through R645-301-731, and R645-301-731.210 through R645-301-731.223 will be used to determine the extent of the impact of mining upon ground water and surface water.

732. Sediment Control Measures.

732.100. Siltation Structures. Siltation structures will be constructed and maintained to comply with R645-301-742.214. Any siltation structure that impounds water will be constructed and maintained to comply with R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-733.220 through R645-301-733.224, and R645-301-743.

732.200. Sedimentation Ponds.

732.210. Sedimentation ponds whether temporary or permanent, will be designed in compliance with the requirements of R645-301-356.300, R645-301-356.400, R645-301-513.200, R645-301-742.200 through R645-301-742.240, and R645-301-763. Any sedimentation pond or earthen structure which will remain on the proposed permit area as a permanent water impoundment will also be constructed and maintained to comply with the requirements of R645-301-743, R645-301-533.100 through R645-301-533.600, R645-301-512.240, R645-301-514.310 through R645-301-514.321 and R645-301-515.200.

732.220. Each plan will, at a minimum, comply with the MSHA requirements given under R645-301-513.100 and R645-301-513.200.

732.300. Diversions. All diversions will be constructed and maintained to comply with the requirements of R645-301-742.100 and R645-301-742.300.

732.400. Road Drainage. All roads will be constructed, maintained and reconstructed to comply with R645-301-742.400.

732.410. The permit application will contain a description of measures to be taken to obtain Division approval for alteration or relocation of a natural drainageway under R645-301-358, R645-301-512.250, R645-301-527.100, R645-301-527.230, R645-301-534.100, R645-301-534.200, R645-301-534.300, R645-301-542.600, R645-301-742.410, R645-301-742.420, R645-301-752.200, and R645-301-762.

732.420. The permit application will contain a description of measures, other than use of a rock headwall, to be taken to protect the inlet end of a ditch relief culvert, for Division

approval under R645-301-358, R645-301-512.250, R645-301-527.100, R645-301-527.230, R645-301-534.100, R645-301-534.200, R645-301-534.300, R645-301-542.600, R645-301-742.410, R645-301-742.420, R645-301-752.200, and R645-301-762.

733. Impoundments.

733.100. General Plans. Each permit application will contain a general plan and detailed design plans for each proposed water impoundment within the proposed permit area. Each general plan will:

733.110. Be prepared and certified as described under R645-301-512;

733.120. Contain maps and cross sections;

733.130. Contain a narrative that describes the structure;

733.140. Contain the results of a survey as described under R645-301-531;

733.150. Contain preliminary hydrologic and geologic information required to assess the hydrologic impact of the structure; and

733.160. Contain a certification statement which includes a schedule setting forth the dates when any detailed design plans for structures that are not submitted with the general plan will be submitted to the Division. The Division will have approved, in writing, the detailed design plan for a structure before construction of the structure begins.

733.200. Permanent and Temporary Impoundments.

733.210. Permanent and temporary impoundments will be designed to comply with the requirements of R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-733.220 through R645-301-733.226, R645-301-743.240, and R645-301-743. Each plan for an impoundment meeting the size or other criteria of the Mine Safety and Health Administration will comply with the requirements of 30 CFR 77.216-1 and 30 CFR 77.216-2. The plan required to be submitted to the District Manager of MSHA under 30 CFR 77.216 will be submitted to the Division as part of the permit application package. For impoundments not included in R645-301-533.610 the Division may establish through the State program approval process engineering design standards that ensure stability comparable to a 1.3 minimum static safety factor in lieu of engineering tests to establish compliance with the minimum static safety factor of 1.3 specified in R645-301-533.110.

733.220. A permanent impoundment of water may be created, if authorized by the Division in the approved permit based upon the following demonstration:

733.221. The size and configuration of such impoundment will be adequate for its intended purposes;

733.222. The quality of impounded water will be suitable on a permanent basis for its intended use and, after reclamation, will meet applicable Utah and federal water quality standards, and discharges from the impoundment will meet applicable effluent limitations and will not degrade the quality of receiving water below applicable Utah and federal water quality standards;

733.223. The water level will be sufficiently stable and be capable of supporting the intended use;

733.224. Final grading will provide for adequate safety and access for proposed water users;

733.225. The impoundment will not result in the diminution of the quality and quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational or domestic uses; and

733.226. The impoundment will be suitable for the approved postmining land use.

733.230. The Division may authorize the construction of temporary impoundments as part of coal mining and reclamation operations.

733.240. If any examination or inspection discloses that a potential hazard exists, the person who examined the

impoundment will promptly inform the Division according to R645-301-515.200.

734. Discharge Structures. Discharge structures will be constructed and maintained to comply with R645-301-744.

735. Disposal of Excess Spoil. Areas designated for the disposal of excess spoil and excess spoil structures will be constructed and maintained to comply with R645-301-745.

736. Coal Mine Waste. Areas designated for the disposal of coal mine waste and coal mine waste structures will be constructed and maintained to comply with R645-301-746.

737. Noncoal Mine Waste. Noncoal mine waste will be stored and final disposal of noncoal mine waste will comply with R645-301-747.

738. Temporary Casing and Sealing of Wells. Each well which has been identified in the approved permit application to be used to monitor ground water conditions will comply with R645-301-748 and be temporarily sealed before use and for the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES protected during use by barricades, or fences, or other protective devices approved by the Division. These devices will be periodically inspected and maintained in good operating condition by the operator conducting SURFACE COAL MINING AND RECLAMATION ACTIVITIES.

740. Design Criteria and Plans.

741. General Requirements. Each permit application will include site-specific plans that incorporate minimum design criteria as set forth in R645-301-740 for the control of drainage from disturbed and undisturbed areas.

742. Sediment Control Measures.

742.100. General Requirements.

742.110. Appropriate sediment control measures will be designed, constructed and maintained using the best technology currently available to:

742.111. Prevent, to the extent possible, additional contributions of sediment to stream flow or to runoff outside the permit area;

742.112. Meet the effluent limitations under R645-301-751; and

742.113. Minimize erosion to the extent possible.

742.120. Sediment control measures include practices carried out within and adjacent to the disturbed area. The sedimentation storage capacity of practices in and downstream from the disturbed areas will reflect the degree to which successful mining and reclamation techniques are applied to reduce erosion and control sediment. Sediment control measures consist of the utilization of proper mining and reclamation methods and sediment control practices, singly or in combination. Sediment control methods include, but are not limited to:

742.121. Retaining sediment within disturbed areas;

742.122. Diverting runoff away from disturbed areas;

742.123. Diverting runoff using protected channels or pipes through disturbed areas so as not to cause additional erosion;

742.124. Using straw dikes, riprap, check dams, mulches, vegetative sediment filters, dugout ponds and other measures that reduce overland flow velocities, reduce runoff volumes or trap sediment;

742.125. Treating with chemicals; and

742.126. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, treating mine drainage in underground sumps.

742.200. Siltation Structures. Siltation structures shall be designed in compliance with the requirements of R645-301-742.

742.210. General Requirements.

742.211. Additional contributions of suspended solids and sediment to streamflow or runoff outside the permit area will be prevented to the extent possible using the best technology

currently available.

742.212. Siltation structures for an area will be constructed before beginning any coal mining and reclamation operations in that area and, upon construction, will be certified by a qualified registered professional engineer to be constructed as designed and as approved in the reclamation plan.

742.213. Any siltation structure which impounds water will be designed, constructed and maintained in accordance with R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-733.220 through R645-301-733.224, and R645-301-743.

742.214. For the purposes of UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, any point-source discharge of water from underground workings to surface waters which does not meet the effluent limitations of R645-301-751 will be passed through a siltation structure before leaving the permit area.

742.220. Sedimentation Ponds.

742.221. Sedimentation ponds, when used, will:

742.221.1. Be used individually or in series;

742.221.2. Be located as near as possible to the disturbed area and out of perennial streams unless approved by the Division; and

742.221.3. Be designed, constructed, and maintained to:

742.221.31. Provide adequate sediment storage volume;

742.221.32. Provide adequate detention time to allow the effluent from the ponds to meet Utah and federal effluent limitations;

742.221.33. Contain or treat the 10-year, 24-hour precipitation event ("design event") unless a lesser design event is approved by the Division based on terrain, climate, or other site-specific conditions and on a demonstration by the operator that the effluent limitations of R645-301-751 will be met;

742.221.34. Provide a nonclogging dewatering device adequate to maintain the detention time required under R645-301-742.221.32.

742.221.35. Minimize, to the extent possible, short circuiting;

742.221.36. Provide periodic sediment removal sufficient to maintain adequate volume for the design event;

742.221.37. Ensure against excessive settlement;

742.221.38. Be free of sod, large roots, frozen soil, and acid- or toxic forming coal-processing waste; and

742.221.39. Be compacted properly.

742.222. Sedimentation ponds meeting the size or other qualifying criteria of the MSHA, 30 CFR 77.216(a) will comply with all the requirements of that section, and will have a single spillway or principal and emergency spillways that in combination will safely pass a 100-year, 6-hour precipitation event or greater event as demonstrated to be necessary by the Division.

742.223. Sedimentation ponds not meeting the size or other qualifying criteria of the MSHA, 30 CFR 77.216(a) will provide a combination of principal and emergency spillways that will safely discharge a 25-year, 6-hour precipitation event or greater event as demonstrated to be needed by the Division. Such ponds may use a single open channel spillway if the spillway is:

742.223.1. Of nonerodible construction and designed to carry sustained flows; or

742.223.2. Earth- or grass-lined and designed to carry short-term infrequent flows at non-erosive velocities where sustained flows are not expected.

742.224. In lieu of meeting the requirements of R645-301-742.223.1 and 742.223.2 the Division may approve a temporary impoundment as a sedimentation pond that relies primarily on storage to control the runoff from the design precipitation event when it is demonstrated by the operator and certified by a qualified registered professional engineer in accordance with

R645-301-512.200 that the sedimentation pond will safely control the design precipitation event. The water will be removed from the pond in accordance with current, prudent, engineering practices and any sediment pond so used will not be located where failure would be expected to cause loss of life or serious property damage.

742.225. An exception to the sediment pond location guidance in R645-301-742.224 may be allowed where:

742.225.1. Impoundments meeting the NRCS Class B or C criteria for dams in TR-60, or the size or other criteria of 30 CFR Sec. 77.216(a) shall be designed to control the precipitation of the probable maximum precipitation of a 6-hour event, or greater event specified by the Division.

742.225.2. Impoundments not included in R645-301-742.225.1 shall be designed to control the precipitation of the 100-year 6-hour event, or greater event if specified by the Division.

742.230. Other Treatment Facilities.

742.231. Other treatment facilities will be designed to treat the 10-year, 24-hour precipitation event unless a lesser design event is approved by the Division based on terrain, climate, other site-specific conditions and a demonstration by the operator that the effluent limitations of R645-301-751 will be met.

742.232. Other treatment facilities will be designed in accordance with the applicable requirements of R645-301-742.220.

742.240. Exemptions. Exemptions to the requirements of R645-301-742.200 and R645-301-763 may be granted if the disturbed drainage area within the total disturbed area is small and the operator demonstrates that siltation structures and alternate sediment control measures are not necessary for drainage from the disturbed areas to meet the effluent limitations under R645-301-751 or the applicable Utah and federal water quality standards for the receiving waters.

742.300. Diversions.

742.310. General Requirements.

742.311. With the approval of the Division, any flow from mined areas abandoned before May 3, 1978, and any flow from undisturbed areas or reclaimed areas, after meeting the criteria of R645-301-356.300, R645-301-356.400, R645-301-513.200, R645-301-742.200 through R645-301-742.240, and R645-301-763 for siltation structure removal, may be diverted from disturbed areas by means of temporary or permanent diversions. All diversions will be designed to minimize adverse impacts to the hydrologic balance within the permit and adjacent areas, to prevent material damage outside the permit area and to assure the safety of the public. Diversions will not be used to divert water into underground mines without approval of the Division in accordance with R645-301-731.510.

742.312. The diversion and its appurtenant structures will be designed, located, constructed, maintained and used to:

742.312.1. Be stable;

742.312.2. Provide protection against flooding and resultant damage to life and property;

742.312.3. Prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow outside the permit area; and

742.312.4. Comply with all applicable local, Utah, and federal laws and regulations.

742.313. Temporary diversions will be removed when no longer needed to achieve the purpose for which they were authorized. The land disturbed by the removal process will be restored in accordance with R645-301 and R645-302. Before diversions are removed, downstream water-treatment facilities previously protected by the diversion will be modified or removed, as necessary, to prevent overtopping or failure of the facilities. This requirement will not relieve the operator from maintaining water-treatment facilities as otherwise required. A permanent diversion or a stream channel reclaimed after the

removal of a temporary diversion will be designed and constructed so as to restore or approximate the premining characteristics of the original stream channel including the natural riparian vegetation to promote the recovery and the enhancement of the aquatic habitat.

742.314. The Division may specify additional design criteria for diversions to meet the requirements of R645-301-742.300.

742.320. Diversion of Perennial and Intermittent Streams and Ephemeral Streams that Drain a Watershed of at Least One Square Mile.

742.321. Diversion of streams within the permit area may be approved by the Division after making the finding relating to stream buffer zones under R645-301-731.600. This applies to perennial and intermittent streams and ephemeral streams that drain a watershed of at least one square mile.

742.322. The design capacity of channels for temporary and permanent stream channel diversions will be at least equal to the capacity of the unmodified stream channel immediately upstream and downstream from the diversion.

742.323. The requirements of R645-301-742.312.2 will be met when the temporary and permanent diversion for perennial and intermittent streams and ephemeral streams that drain a watershed of at least one square mile are designed so that the combination of channel, bank and floodplain configuration is adequate to pass safely the peak runoff of a 10-year, 6-hour precipitation event for a temporary diversion and a 100-year, 6-hour precipitation event for a permanent diversion.

742.324. The design and construction of all stream channel diversions of perennial and intermittent streams and ephemeral streams that drain a watershed of at least one square mile will be certified by a qualified registered professional engineer as meeting the performance standards of R645-301 and R645-302 and any design criteria set by the Division.

742.330. Diversion of Miscellaneous Flows.

742.331. Miscellaneous flows, which consist of all flows except for perennial and intermittent streams and ephemeral streams that drain a watershed of at least one square mile, may be diverted away from disturbed areas if required or approved by the Division. Miscellaneous flows will include ground-water discharges and ephemeral streams that drain a watershed of less than one square mile.

742.332. The design, location, construction, maintenance, and removal of diversions of miscellaneous flows will meet all of the performance standards set forth in R645-301-742.310.

742.333. The requirements of R645-301-742.312.2 will be met when the temporary and permanent diversions for miscellaneous flows are designed so that the combination of channel, bank and floodplain configuration is adequate to pass safely the peak runoff of a 2-year, 6-hour precipitation event for a temporary diversion and a 10-year, 6-hour precipitation event for a permanent diversion.

742.400. Road Drainage.

742.410. All Roads.

742.411. To ensure environmental protection and safety appropriate for their planned duration and use, including consideration of the type and size of equipment used, the design and construction or reconstruction of roads will incorporate appropriate limits for surface drainage control, culvert placement, culvert size, and any necessary design criteria established by the Division.

742.412. No part of any road will be located in the channel of an intermittent or perennial stream or an ephemeral stream that drains a watershed of at least one square mile unless specifically approved by the Division in accordance with applicable parts of R645-301-731 through R645-301-742.300.

742.413. Roads will be located to minimize downstream sedimentation and flooding.

742.420. Primary Roads.

742.421. To minimize erosion, a primary road is to be located, insofar as practical, on the most stable available surfaces.

742.422. Stream fords by primary roads are prohibited unless they are specifically approved by the Division as temporary routes during periods of construction.

742.423. Drainage Control.

742.423.1. Each primary road will be designed, constructed or reconstructed and maintained to have adequate drainage control, using structures such as, but not limited to, bridges, ditches, cross drains, and ditch relief drains. The drainage control system will be designed to pass the peak runoff safely from a 10-year, 6-hour precipitation event, or an alternative event of greater size as demonstrated to be needed by the Division.

742.423.2. Drainage pipes and culverts will be constructed to avoid plugging or collapse and erosion at inlets and outlets.

742.423.3. Drainage ditches will be designed to prevent uncontrolled drainage over the road surface and embankment. Trash racks and debris basins will be installed in the drainage ditches where debris from the drainage area may impair the functions of drainage and sediment control structures.

742.423.4. Natural stream channels will not be altered or relocated without the prior approval of the Division in accordance with R645-301-731.100 through R645-301-731.522, R645-301-731.600, R645-301-731.800, R645-301-742.300, and R645-301-751.

742.423.5. Except as provided in R645-301-742.422, drainage structures will be used for stream channel crossings, made using bridges, culverts or other structures designed, constructed and maintained using current, prudent engineering practice.

743. Impoundments.

743.100. General Requirements. The requirements of R645-301-743 apply to both temporary and permanent impoundments. Impoundments meeting the Class B or C criteria for dams in the U.S. Department of Agriculture, Natural Resources Conservation Service Technical Release No. 60 (210-VI-TR60, Oct. 1985), "Earth Dams and Reservoirs," shall comply with the, "Minimum Emergency Spillway Hydrologic Criteria," table in TR-60 and the requirements of this section. Copies may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161, order No. PB 87-157509-AS. Copies may be inspected at the Division of Oil Gas and Mining Offices, 1594 West North Temple, Salt Lake City, Utah 84114 or at the Division of Administrative Rules, Archives Building, Capitol Hill Complex, Salt Lake City, Utah 84114-1021.

743.110. Impoundments meeting the criteria of the MSHA, 30 CFR 77.216(a) will comply with the requirements of 77.216 and R645-301-512.240, R645-301-514.300, R645-301-515.200, R645-301-533.100 through R645-301-533.600, R645-301-733.220 through R645-301-733.224, and R645-301-743. The plan required to be submitted to the District Manager of MSHA under 30 CFR 77.216 will also be submitted to the Division as part of the permit application.

743.120. The design of impoundments will be prepared and certified as described under R645-301-512. Impoundments will have adequate freeboard to resist overtopping by waves and by sudden increases in storage volume. Impoundments meeting the NRCS Class B or C criteria for dams in TR-60 shall comply with the freeboard hydrograph criteria in the "Minimum Emergency Spillway Hydrologic Criteria" table in TR-60.

743.130. Impoundments will include either a combination of principal and emergency spillways or a single spillway as specified in 743.131 which will be designed and constructed to safely pass the design precipitation event or greater event specified in R645-301-743.200 or R645-301-743.300.

743.131. The Division may approve a single-open channel

spillway that is:

743.131.1. Of nonerodible construction and designed to carry sustained flows; or

743.131.2. Earth-or grass lined and designed to carry short-term, infrequent flows at non-erosive velocities where sustained flows are not expected.

743.131.3 Except as specified in R645-301-742.224 the required design precipitation event for an impoundment meeting the spillway requirements of R645-301-743.130 is:

743.131.4 For an impoundment meeting the NRCS Class B or C criteria for dams in TR-60, the emergency spillway hydrograph criteria in the "Minimum Emergency Spillway Hydrologic Criteria" table in TR-60, or greater event as specified by the Division.

743.131.5 For an impoundment meeting or exceeding the size or other criteria of 30 CFR Sec. 77.216(a), a 100-year 6-hour event, or greater event as specified by the Division.

743.131.6 For an impoundment not included in R645-301-743.131.4 or 743.131.5, a 25-year 6-hour event, or greater event as specified by the Division.

743.132 In lieu of meeting the requirements of 743.131 the Division may approve an impoundment which meets the requirements of the sediment pond criteria of R645-301-742.224 and 742.225.

743.140. Impoundments will be inspected as described under R645-301-514.300.

743.200. The design precipitation event for the spillways for a permanent impoundment meeting the size or other criteria of MSHA rule 30 CFR 77.216(a) is a 100-year, 6-hour precipitation event, or such larger event as demonstrated to be needed by the Division.

743.300. The design precipitation event for the spillways for an impoundment not meeting the size or other criteria of MSHA rule 30 CFR 77.216(a) is a 25-year, 6-hour precipitation event, or such larger event as demonstrated to be needed by the Division.

744. Discharge Structures.

744.100. Discharge from sedimentation ponds, permanent and temporary impoundments, coal processing waste dams and embankments, and diversions will be controlled, by energy dissipators, riprap channels and other devices, where necessary to reduce erosion to prevent deepening or enlargement of stream channels, and to minimize disturbance of the hydrologic balance.

744.200. Discharge structures will be designed according to standard engineering design procedures.

745. Disposal of Excess Spoil.

745.100. General Requirements.

745.110. Excess spoil will be placed in designated disposal areas within the permit area, in a controlled manner to:

745.111. Minimize the adverse effects of leachate and surface water runoff from the fill on surface and ground waters;

745.112. Ensure permanent impoundments are not located on the completed fill. Small depressions may be allowed by the Division if they are needed to retain moisture or minimize erosion, create and enhance wildlife habitat or assist revegetation, and if they are not incompatible with the stability of the fill; and

745.113. Adequately cover or treat excess spoil that is acid- and toxic-forming with nonacid nontoxic material to control the impact on surface and ground water in accordance with R645-301-731.300 and to minimize adverse effects on plant growth and the approved postmining land use.

745.120. Drainage control. If the disposal area contains springs, natural or manmade water courses, or wet weather seeps, the fill design will include diversions and underdrains as necessary to control erosion, prevent water infiltration into the fill and ensure stability.

745.121. Diversions will comply with the requirements of R645-301-742.300.

745.122. Underdrains will consist of durable rock or pipe, be designed and constructed using current, prudent engineering practices and meet any design criteria established by the Division. The underdrain system will be designed to carry the anticipated seepage of water due to rainfall away from the excess spoil fill and from seeps and springs in the foundation of the disposal area and will be protected from piping and contamination by an adequate filter. Rock underdrains will be constructed of durable, nonacid-, nontoxic-forming rock (e.g., natural sand and gravel, sandstone, limestone or other durable rock) that does not slake in water or degrade to soil materials and which is free of coal, clay or other nondurable material. Perforated pipe underdrains will be corrosion resistant and will have characteristics consistent with the long-term life of the fill.

745.200. Valley Fills and Head-of-Hollow Fills.

745.210. Valley fills and head-of-hollow fills will meet the applicable requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, and R645-301-745.100 and the requirements of R645-301-745.200 and R645-301-535.200.

745.220. Drainage Control.

745.221. The top surface of the completed fill will be graded such that the final slope after settlement will be toward properly designed drainage channels. Uncontrolled surface drainage may not be directed over the outslope of the fill.

745.222. Runoff from areas above the fill and runoff from the surface of the fill will be diverted into stabilized diversion channels designed to meet the requirements of R645-301-742.300 and to safely pass the runoff from a 100-year, 6-hour precipitation event.

745.300. Durable Rock Fills. The Division may approve disposal of excess durable rock spoil provided the following conditions are satisfied:

745.310. Except as provided in R645-301-745.300, the requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-514.100, R645-301-528.310, R645-301-535.100 through R645-301-535.130, R645-301-535.500, R645-301-536.300, R645-301-542.720, R645-301-553.240, and R645-301-745.100 are met;

745.320. The underdrain system may be constructed simultaneously with excess spoil placement by the natural segregation of dumped materials, provided the resulting underdrain system is capable of carrying anticipated seepage of water due to rainfall away from the excess spoil fill and from seeps and springs in the foundation of the disposal area and the other requirements for drainage control are met; and

745.330. Surface water runoff from areas adjacent to and above the fill is not allowed to flow onto the fill and is diverted into stabilized diversion channels designed to meet the requirements of R645-301-742.300 and to safely pass the runoff from a 100-year, 6-hour precipitation event.

745.400. Preexisting Benches. The Division may approve the disposal of excess spoil through placement on preexisting benches, provided that the requirements of R645-301-211, R645-301-212, R645-301-412.300, R645-301-512.210, R645-301-512.220, R645-301-514.100, R645-301-535.100, R645-301-535.112 through R645-301-535.130, R645-301-535.300 through R645-301-536.300, R645-301-542.720, R645-301-553.240, R645-301-745.100, R645-301-745.300, and R645-301-745.400 and the requirements of R645-301-535.400 are met.

746. Coal Mine Waste.

746.100. General Requirements.

746.110. All coal mine waste will be placed in new or existing disposal areas within a permit area which are approved by the Division.

746.120. Coal mine waste will be placed in a controlled manner to minimize adverse effects of leachate and surface

water runoff on surface and ground water quality and quantity.

746.200. Refuse Piles.

746.210. Refuse piles will meet the requirements of R645-301-512.230, R645-301-515.200, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-542.730, and R645-301-746.100 and the additional requirements of R645-301-210, R645-301-513.400, R645-301-514.200, R645-301-528.322, R645-301-536.900, R645-301-553.250, and R645-301-746.200 and the requirements of the MSHA, 30 CFR 77.214 and 77.215.

746.211. If the disposal area contains springs, natural or manmade water courses, or wet weather seeps, the design will include diversions and underdrains as necessary to control erosion, prevent water infiltration into the disposal facility and ensure stability.

746.212. Uncontrolled surface drainage may not be diverted over the outslope of the refuse pile. Runoff from areas above the refuse pile and runoff from the surface of the refuse pile will be diverted into stabilized diversion channels designed to meet the requirements of R645-301-742.300 to safely pass the runoff from a 100-year, 6-hour precipitation event. Runoff diverted from undisturbed areas need not be commingled with runoff from the surface of the refuse pile.

746.213. Underdrains will comply with the requirements of R645-301-745.122.

746.220. Surface Area Stabilization.

746.221. Slope protection will be provided to minimize surface erosion at the site. All disturbed areas, including diversion channels that are not ripped or otherwise protected, will be revegetated upon completion of construction.

746.222. No permanent impoundments will be allowed on the completed refuse pile. Small depressions may be allowed by the Division if they are needed to retain moisture, minimize erosion, create and enhance wildlife habitat, or assist revegetation, and if they are not incompatible with stability of the refuse pile.

746.300. Impounding structures. New and existing impounding structures constructed of coal mine waste or intended to impound coal mine waste will meet the requirements of R645-301-512.230, R645-301-515.200, R645-301-528.320, R645-301-536 through R645-301-536.200, R645-301-536.500, R645-301-542.730, and R645-301-746.100.

746.310. Coal mine waste will not be used for construction of impounding structures unless it has been demonstrated to the Division that the use of coal mine waste will not have a detrimental effect on downstream water quality or the environment due to acid seepage through the impounding structure. The potential impact of acid mine seepage through the impounding structure will be discussed in detail.

746.311. Each impounding structure constructed of coal mine waste or intended to impound coal mine waste will be designed, constructed and maintained in accordance with R645-301-512.240, R645-301-513.200, R645-301-514.310 through R645-301-514.330, R645-301-515.200, R645-301-533.100 through R645-301-533.500, R645-301-733.230, R645-301-733.240, R645-301-743.100, and R645-301-743.300. Such structures may not be retained permanently as part of the approved postmining land use.

746.312. Each impounding structure constructed of coal mine waste or intended to impound coal mine waste that meets the criteria of 30 CFR 77.216(a) will have sufficient spillway capacity to safely pass, adequate storage capacity to safely contain, or a combination of storage capacity and spillway capacity to safely control the probable maximum precipitation of a 6-hour precipitation event, or greater event as demonstrated to be needed by the Division.

746.320. Spillways and outlet works will be designed to provide adequate protection against erosion and corrosion. Inlets will be protected against blockage.

746.330. Drainage control. Runoff from areas above the disposal facility or runoff from the surface of the facility that may cause instability or erosion of the impounding structure will be diverted into stabilized diversion channels designed to meet the requirements of R645-301-742.300 and designed to safely pass the runoff from a 100-year, 6-hour design precipitation event.

746.340. Impounding structures constructed of or impounding coal mine waste will be designed and operated so that at least 90 percent of the water stored during the design precipitation event will be removed within a 10-day period following that event.

746.400. Return of Coal Processing Waste to Abandoned Underground Workings. Each permit application to conduct UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES will, if appropriate, include a plan of proposed methods for returning coal processing waste to abandoned underground workings as follows:

746.410. The plan will describe the source of the hydraulic transport mediums, method of dewatering the placed backfill, retainment of water underground, treatment of water if released to surface streams and the effect on the hydrologic regime;

746.420. The plan will describe each permanent monitoring well to be located in the backfilled areas, the stratum underlying the mined coal and gradient from the backfilled area; and

746.430. The requirements of R645-301-513.300, R645-301-528.321, R645-301-536.700, R645-301-746.410 and R645-746.420 will also apply to pneumatic backfilling operations, except where the operations are exempted by the Division from requirements specifying hydrologic monitoring.

747. Disposal of Noncoal Mine Waste.

747.100. Noncoal mine waste, including but not limited to grease, lubricants, paints, flammable liquids, garbage, machinery, lumber and other combustible materials generated during coal mining and reclamation operations will be placed and stored in a controlled manner in a designated portion of the permit area or state-approved solid waste disposal area.

747.200. Placement and storage of noncoal mine waste within the permit area will ensure that leachate and surface runoff do not degrade surface or ground water.

747.300. Final disposal of noncoal mine waste within the permit area will ensure that leachate and drainage does not degrade surface or underground water.

748. Casing and Sealing of Wells. Each water well will be cased, sealed, or otherwise managed, as approved by the Division, to prevent acid or other toxic drainage from entering ground or surface water, to minimize disturbance to the hydrologic balance, and to ensure the safety of people, livestock, fish and wildlife, and machinery in the permit and adjacent area. If a water well is exposed by coal mining and reclamation operations, it will be permanently closed unless otherwise managed in a manner approved by the Division. Use of a drilled hole or borehole or monitoring well as a water well must comply with the provision of R645-301-731.100 through R645-301-731.522 and R645-301-731.800.

750. Performance Standards.

All coal mining and reclamation operations will be conducted to minimize disturbance to the hydrologic balance within the permit and adjacent areas, to prevent material damage to the hydrologic balance outside the permit area and support approved postmining land uses in accordance with the terms and conditions of the approved permit and the performance standards of R645-301 and R645-302. For the purposes of SURFACE COAL MINING AND RECLAMATION ACTIVITIES, operations will be conducted to assure the protection or replacement of water rights in accordance with the terms and conditions of the approved permit and the performance standards of R645-301 and R645-302.

751. Water Quality Standards and Effluent Limitations. Discharges of water from areas disturbed by coal mining and reclamation operations will be made in compliance with all Utah and federal water quality laws and regulations and with effluent limitations for coal mining promulgated by the U.S. Environmental Protection Agency set forth in 40 CFR Part 434.

752. Sediment Control Measures. Sediment control measures must be located, maintained, constructed and reclaimed according to plans and designs given under R645-301-732, R645-301-742 and R645-301-760.

752.100. Siltation structures and diversions will be located, maintained, constructed and reclaimed according to plans and designs given under R645-301-732, R645-301-742 and R645-301-763.

752.200. Road Drainage. Roads will be located, designed, constructed, reconstructed, used, maintained and reclaimed according to R645-301-732.400, R645-301-742.400 and R645-301-762 and to achieve the following:

752.210. Control or prevent erosion, siltation and the air pollution attendant to erosion by vegetating or otherwise stabilizing all exposed surfaces in accordance with current, prudent engineering practices;

752.220. Control or prevent additional contributions of suspended solids to stream flow or runoff outside the permit area;

752.230. Neither cause nor contribute to, directly or indirectly, the violation of effluent standards given under R645-301-751;

752.240. Minimize the diminution to or degradation of the quality or quantity of surface- and ground-water systems; and

752.250. Refrain from significantly altering the normal flow of water in streambeds or drainage channels.

753. Impoundments and Discharge Structures. Impoundments and discharge structures will be located, maintained, constructed and reclaimed to comply with R645-301-733, R645-301-734, R645-301-743, R645-301-745 and R645-301-760.

754. Disposal of Excess Spoil, Coal Mine Waste and Noncoal Mine Waste. Disposal areas for excess spoil, coal mine waste and noncoal mine waste will be located, maintained, constructed and reclaimed to comply with R645-301-735, R645-301-736, R645-301-745, R645-301-746, R645-301-747 and R645-301-760.

755. Casing and Sealing of Wells. All wells will be managed to comply with R645-301-748 and R645-301-765. Water monitoring wells will be managed on a temporary basis according to R645-301-738.

760. Reclamation.

761. General Requirements. Before abandoning a permit area or seeking bond release, the operator will ensure that all temporary structures are removed and reclaimed, and that all permanent sedimentation ponds, diversions, impoundments and treatment facilities meet the requirements of R645-301 and R645-302 for permanent structures, have been maintained properly and meet the requirements of the approved reclamation plan for permanent structures and impoundments. The operator will renovate such structures if necessary to meet the requirements of R645-301 and R645-302 and to conform to the approved reclamation plan.

762. Roads. A road not to be retained for use under an approved postmining land use will be reclaimed immediately after it is no longer needed for coal mining and reclamation operations, including:

762.100. Restoring the natural drainage patterns;

762.200. Reshaping all cut and fill slopes to be compatible with the postmining land use and to complement the drainage pattern of the surrounding terrain.

763. Siltation Structures.

763.100. Siltation structures will be maintained until

removal is authorized by the Division and the disturbed area has been stabilized and revegetated. In no case will the structure be removed sooner than two years after the last augmented seeding.

763.200. When the siltation structure is removed, the land on which the siltation structure was located will be regraded and revegetated in accordance with the reclamation plan and R645-301-358, R645-301-356, and R645-301-357. Sedimentation ponds approved by the Division for retention as permanent impoundments may be exempted from this requirement.

764. Structure Removal. The application will include the timetable and plans to remove each structure, if appropriate.

765. Permanent Casing and Sealing of Wells. When no longer needed for monitoring or other use approved by the Division upon a finding of no adverse environmental or health and safety effects, or unless approved for transfer as a water well under R645-301-731.100 through R645-301-731.522 and R645-301-731.800, each well will be capped, sealed, backfilled, or otherwise properly managed, as required by the Division in accordance with R645-301-529.400, R645-301-551, R645-301-631.100, and R645-301-748. Permanent closure measures will be designed to prevent access to the mine workings by people, livestock, fish and wildlife, machinery and to keep acid or other toxic drainage from entering ground or surface waters.

R645-301-800. Bonding and Insurance.

The rules in R645-301-800 set forth the minimum requirements for filing and maintaining bonds and insurance for coal mining and reclamation operations under the State Program.

810. Bonding Definitions and Division Responsibilities.

811. Terms used in R645-301-800 may be found defined in R645-100-200.

812. Division Responsibilities -- Bonding.

812.100. The Division will prescribe and furnish forms for filing performance bonds.

812.200. The Division will prescribe by regulation terms and conditions for performance bonds and insurance.

812.300. The Division will determine the amount of the bond for each area to be bonded, in accordance with R645-301-830. The Division will also adjust the amount as acreage in the permit area is revised, or when other relevant conditions change according to the requirements of R645-301-830.400.

812.400. The Division may accept a self-bond if the permittee meets the requirements of R645-301-860.300 and any additional requirements in the State or Federal program.

812.500. The Division will release liability under a bond or bonds in accordance with R645-301-880 through R645-301-880.800.

812.600. If the conditions specified in R645-301-880.900 occur, the Division will take appropriate action to cause all or part of a bond to be forfeited in accordance with procedures of that Section.

812.700. The Division will require in the permit that adequate bond coverage be in effect at all times. Except as provided in R645-301-840.520, operating without a bond is a violation of a condition upon which the permit is issued.

820. Requirement to File a Bond.

820.100. After a permit application under R645-301 has been approved, but before a permit is issued, the applicant will file with the Division, on a form prescribed and furnished by the Division, a bond or bonds for performance made payable to the Division and conditioned upon the faithful performance of all the requirements of the State Program, the permit and the reclamation plan.

820.110. Areas to be covered by the Performance Bond are:

820.111. The bond or bonds will cover the entire permit area, or an identified increment of land within the permit area upon which the operator will initiate and conduct coal mining and reclamation operations during the initial term of the permit.

820.112. As coal mining and reclamation operations on succeeding increments are initiated and conducted within the permit area, the permittee will file with the Division an additional bond or bonds to cover such increments in accordance with R645-830.400.

820.113. The operator will identify the initial and successive areas or increments for bonding on the permit application map submitted for approval as provided in the application, and will specify the bond amount to be provided for each area or increment.

820.114. Independent increments will be of sufficient size and configuration to provide for efficient reclamation operations should reclamation by the Division become necessary pursuant to R645-301-880.900.

820.120. An operator will not disturb any surface areas, succeeding increments, or extend any underground shafts, tunnels, or operations prior to acceptance by the Division of the required performance bond.

820.130. The applicant will file, with the approval of the Division, a bond or bonds under one of the following schemes to cover the bond amounts for the permit area as determined in accordance with R645-301-830:

820.131. A performance bond or bonds for the entire permit area;

820.132. A cumulative bond schedule and the performance bond required for full reclamation of the initial area to be disturbed; or

820.133. An incremental-bond schedule and the performance bond required for the first increment in the schedule.

820.200. Form of the Performance Bond.

820.210. The Division will prescribe the form of the performance bond.

820.220. The Division may allow for:

820.221. A surety bond;

820.222. A collateral bond;

820.223. A self-bond; or

820.224. A combination of any of these bonding methods.

820.300. Period of Liability.

820.310. Performance bond liability will be for the duration of the coal mining and reclamation operations and for a period which is coincident with the operator's period of extended responsibility for successful revegetation provided in R645-301-356 or until achievement of the reclamation requirements of the State Program and permit, whichever is later.

820.320. With the approval of the Division, a bond may be posted and approved to guarantee specific phases of reclamation within the permit area provided the sum of phase bonds posted equals or exceeds the total amount required under R645-301-830 and 830.400. The scope of work to be guaranteed and the liability assumed under each phase bond will be specified in detail.

820.330. Isolated and clearly defined portions of the permit area requiring extended liability may be separated from the original area and bonded separately with the approval of the Division. Such areas will be limited in extent and not constitute a scattered, intermittent, or checkerboard pattern of failure. Access to the separated areas for remedial work may be included in the area under extended liability if deemed necessary by the Division.

820.340. If the Division approves a long-term, intensive agricultural postmining land-use, in accordance with R645-301-413, the applicable five- or ten-year period of liability will commence at the date of initial planting for such long-term agricultural use.

820.350. General.

820.351. The bond liability of the permittee will include only those actions which he or she is obligated to take under the permit, including completion of the reclamation plan, so that the

land will be capable of supporting the postmining land use approved under R645-301-413.

820.352. Implementation of an alternative postmining land-use approved under R645-301-413.300 which is beyond the control of the permittee need not be covered by the bond. Bond liability for prime farmland will be as specified in R645-301-880.320.

830. Determination of Bond Amount.

830.100. The amount of the bond required for each bonded area will:

830.110. Be determined by the Division;

830.120. Depend upon the requirements of the approved permit and reclamation plan;

830.130. Reflect the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology and revegetation potential; and

830.140. Be based on, but not limited to, the detailed estimated cost, with supporting calculations for the estimates, submitted by the permit applicant.

830.200. The amount of the bond will be sufficient to assure the completion of the reclamation plan if the work has to be performed by the Division in the event of forfeiture, and in no case will the total bond initially posted for the entire area under one permit be less than \$10,000.

830.300. An additional inflation factor will be added to the subtotal for the permit term. This inflation factor will be based upon an acceptable Costs Index.

830.400. Adjustment of Amount.

830.410. The amount of the bond or deposit required and the terms of the acceptance of the applicant's bond will be adjusted by the Division from time to time as the area requiring bond coverage is increased or decreased or where the cost of future reclamation changes. The Division may specify periodic times or set a schedule for reevaluating and adjusting the bond amount to fulfill this requirement.

830.420. The Division will:

830.421. Notify the permittee, the surety, and any person with a property interest in collateral who has requested notification under R645-301-860.260 of any proposed adjustment to the bond amount; and

830.422. Provide the permittee an opportunity for an informal conference on the adjustment.

830.430. A permittee may request reduction of the amount of the performance bond upon submission of evidence to the Division providing that the permittee's method of operation or other circumstances reduces the estimated cost for the Division to reclaim the bonded area. Bond adjustments which involve undisturbed land or revision of the cost estimate of reclamation are not considered bond release subject to procedures of R645-301-880.100 through R645-301-880.800.

830.440. In the event that an approved permit is revised in accordance with the R645 rules, the Division will review the bond for adequacy and, if necessary, will require adjustment of the bond to conform to the permit as revised.

830.500. An operator's financial responsibility under R645-301-525.230 for repairing material damage resulting from subsidence may be satisfied by the liability insurance policy required under R645-301-890.

840. General Terms and Conditions of the Bond.

840.100. The performance bond will be in an amount determined by the Division as provided in R645-301-830.

840.200. The performance bond will be payable to the Division.

840.300. The performance bond will be conditioned upon faithful performance of all the requirements of the State Program and the approved permit, including completion of the reclamation plan.

840.400. The duration of the bond will be for the time period provided in R645-301-820.300.

840.500. General.

840.510. The bond will provide a mechanism for a bank or surety company to give prompt notice to the Division and the permittee of any action filed alleging the insolvency or bankruptcy of the surety company, the bank, or the permittee, or alleging any violations which would result in suspension or revocation of the surety or bank charter or license to do business.

840.520. Upon the incapacity of a bank or surety company by reason of bankruptcy, insolvency, or suspension or revocation of a charter or license, the permittee will be deemed to be without bond coverage and will promptly notify the Division. The Division, upon notification received through procedures of R645-301-840.510 or from the permittee, will, in writing, notify the operator who is without bond coverage and specify a reasonable period, not to exceed 90 days, to replace bond coverage. If an adequate bond is not posted by the end of the period allowed, the operator will cease coal extraction and will comply with the provisions of R645-301-541.100 through R645-301-541.400 as applicable and will immediately begin to conduct reclamation operations in accordance with the reclamation plan. Mining operations will not resume until the Division has determined that an acceptable bond has been posted.

850. Bonding Requirements for UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES and Associated Long-Term Coal-Related Surface Facilities and Structures.

850.100. Responsibilities. The Division will require bond coverage, in an amount determined under R645-301-830, for long-term surface facilities and structures, and for areas disturbed by surface impacts incident to UNDERGROUND COAL MINING AND RECLAMATION ACTIVITIES, for which a permit is required. Specific reclamation techniques required for underground mines and long-term facilities will be considered in determining the amount of bond to complete the reclamation.

850.200. Long-term period of liability.

850.210. The period of liability for every bond covering long-term surface disturbances will commence with the issuance of a permit, except that to the extent that such disturbances will occur on a succeeding increment to be bonded, such liability will commence upon the posting of the bond for that increment before the initial surface disturbance of that increment. The liability period will extend until all reclamation, restoration, and abatement work under the permit has been completed and the bond is released under the provisions of R645-301-880.100 through R645-301-880.800 or until the bond has been replaced or extended in accordance with R645-301-850.230.

850.220. Long-term surface disturbances will include long-term coal-related surface facilities and structures, and surface impacts incident to underground coal mining activities which disturb an area for a period that exceeds five years. Long-term surface disturbances include, but are not limited to: surface features of shafts and slope facilities; coal refuse areas; powerlines; boreholes; ventilation shafts; preparation plants; machine shops, roads and loading and treatment facilities.

850.230. To achieve continuous bond coverage for long-term surface disturbances, the bond will be conditioned upon extension, replacement or payment in full, 30 days prior to the expiration of the bond term.

850.240. Continuous bond coverage will apply throughout the period of extended responsibility for successful revegetation and until the provisions of R645-301-880.100 through R645-301-880.800 inclusive have been met.

850.300. Bond Forfeiture. The Division will take action to forfeit a bond pursuant to R645-301-850 if 30 days prior to bond expiration the operator has not filed:

850.310. The performance bond for a new term as required for continuous coverage; or

850.320. A performance bond providing coverage for the period of liability, including the period of extended responsibility for successful revegetation.

860. Forms of Bonds.

860.100. Surety Bonds.

860.110. A surety bond will be executed by the operator and a corporate surety licensed to do business in Utah that is listed in "A.M. Best's Key Rating Guide" at a rating of A- or better or a Financial Performance Rating (FPR) of 8 or better, according to the "A.M. Best's Guide". All surety companies also will be continuously listed in the current issue of the U.S. Department of the Treasury Circular 570.

860.111. Operators who do not have a surety bond with a company that meets the standards of subsection 860.110. will have 120 days from the date of Division notification after enactment of the changes to subsection 860.110. in which to achieve compliance, or face enforcement action.

860.112. When the Division in the course of examining surety bonds notifies an operator that a surety company guaranteeing its performance does not meet the standard of subsection 860.110., the operator has 120 days after notice by mail from the Division to correct the deficiency, or face enforcement action.

860.120. Surety bonds will be noncancellable during their terms, except that surety bond coverage for lands not disturbed may be canceled with the prior consent of the Division. The Division will advise the surety, within 30 days after receipt of a notice to cancel bond, whether the bond may be canceled on an undisturbed area.

860.200. Collateral Bonds.

860.210. Collateral bonds, except for letters of credit, cash accounts and real property, will be subject to the following conditions:

860.211. The Division will keep custody of collateral deposited by the applicant until authorized for release or replacement as provided in R645-301-870 and R645-301-880;

860.212. The Division will value collateral at its current market value, not at face value;

860.213. The Division will require that certificates of deposit be made payable to or assigned to the Division both in writing and upon the records of the bank issuing the certificates. If assigned, the Division will require the banks issuing these certificates to waive all rights of setoff or liens against those certificates;

860.214. The Division will not accept an individual certificate of deposit in an amount in excess of \$100,000 or the maximum insurable amount as determined by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

860.220. Letters of credit will be subject to the following conditions:

860.221. The letter may be issued only by a bank organized or authorized to do business in the United States;

860.222. Letters of credit will be irrevocable during their terms. A letter of credit used as security in areas requiring continuous bond coverage will be forfeited and will be collected by the Division if not replaced by other suitable bond or letter of credit at least 30 days before its expiration date;

860.223. The letter of credit will be payable to the Division upon demand, in part or in full, upon receipt from the Division of a notice of forfeiture issued in accordance with R645-301-880.900.

860.230. Real property posted as a collateral bond will meet the following conditions:

860.231. The applicant will grant the Division a first mortgage, first deed of trust, or perfected first lien security interest in real property with a right to sell or otherwise dispose of the property in the event of forfeiture under state law;

860.232. In order for the Division to evaluate the adequacy

of the real property offered to satisfy collateral requirements, the applicant will submit a schedule of the real property which will be mortgaged or pledged to secure the obligations under the indemnity agreement. The list will include:

860.232.1. A description of the property;

860.232.2. The fair market value as determined by an independent appraisal conducted by a certified appraiser approved by the Division; and

860.232.3. Proof of possession and title to the real property;

860.233. The property may include land which is part of the permit area; however, land pledged as collateral for a bond under this section will not be disturbed under any permit while it is serving as security under this section.

860.240. Cash accounts will be subject to the following conditions:

860.241. The Division may authorize the operator to supplement the bond through the establishment of a cash account in one or more federally insured or equivalently protected accounts made payable upon demand to, or deposited directly with, the Division. The total bond including the cash account will not be less than the amount required under terms of performance bonds including any adjustments, less amounts released in accordance with R645-301-880;

860.242. Any interest paid on a cash account will be retained in the account and applied to the bond value of the account unless the Division has approved the payment of interest to the operator;

860.243. Certificates of deposit may be substituted for a cash account with the approval of the Division; and

860.244. The Division will not accept an individual cash account in an amount in excess of \$100,000 or the maximum insurable amount as determined by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

860.250. Bond Value of Collateral.

860.251. The estimated bond value of all collateral posted as assurance under this section will be subject to a margin which is the ratio of bond value to market values, as determined by the Division. The margin will reflect legal and liquidation fees, as well as value depreciation, marketability and fluctuations which might affect the net cash available to the Division to complete reclamation.

860.252. The bond value of collateral may be evaluated at any time, but it will be evaluated as part of the permit renewal and, if necessary, the performance bond amount increased or decreased. In no case will the bond value of collateral exceed the market value.

860.260. Persons with an interest in collateral posted as a bond, and who desire notification of actions pursuant to the bond, will request the notification in writing to the Division at the time collateral is offered.

860.300. Self-Bonding.

860.310. Definitions. Terms used in self-bonding are defined under R645-100-200.

860.320. The Division may accept a self bond from an applicant for a permit if all of the following conditions are met by the applicant or its parent corporation guarantor:

860.321. The applicant designates a suitable agent, resident within the state of Utah, to receive service of process;

860.322. The applicant has been in continuous operation as a business entity for a period of not less than five years. Continuous operation will mean that business was conducted over a period of five years immediately preceding the time of application;

860.322.1. The Division may allow a joint venture or syndicate with less than five years of continuous operation to qualify under this requirement if each member of the joint venture or syndicate has been in continuous operation for at least

five years immediately preceding the time of application;

860.322.2. When calculating the period of continuous operation, the Division may exclude past periods of interruption to the operation of the business entity that were beyond the applicant's control and that do not affect the applicant's likelihood of remaining in business during the proposed coal mining and reclamation operations;

860.323. The applicant submits financial information in sufficient detail to show that the applicant meets one of the following criteria:

860.323.1. The applicant has a current rating for its most recent bond issuance of "A" or higher as issued by either Moody's Investor Service or Standard and Poor's Corporation;

860.323.2. The applicant has a tangible net worth of at least \$10 million, a ratio of total liabilities to net worth of 2.5 times or less and a ratio of current assets to current liabilities of 1.2 times or greater; or

860.323.3. The applicant's fixed assets in the United States total at least \$20 million and the applicant has a ratio of total liabilities to net worth of 2.5 times or less and a ratio of current assets to current liabilities of 1.2 times or greater; and

860.324. The applicant submits:

860.324.1. Financial statements for the most recently completed fiscal year accompanied by a report prepared by an independent certified public accountant in conformity with generally accepted accounting principles and containing the accountant's audit opinion or review opinion of the financial statements with no adverse opinion;

860.324.2. Unaudited financial statements for completed quarters in the current fiscal year;

860.324.3. Additional unaudited information as requested by the Division; and

860.324.4. Annual reports for the five years immediately preceding the time of application.

860.330. The Division may accept a written guarantee for an applicant's self bond from a parent corporation guarantor, if the guarantor meets the conditions of R645-301-860.321 through R645-301-860.324 as if it were the applicant. Such a written guarantee will be referred to as a "corporate guarantee." The terms of the corporate guarantee will provide for the following:

860.331. If the applicant fails to complete the reclamation plan, the guarantor will do so or the guarantor will be liable under the indemnity agreement to provide funds to the Division sufficient to complete the reclamation plan, but not to exceed the bond amount;

860.332. The corporate guarantee will remain in force unless the guarantor sends notice of cancellation by certified mail to the applicant and to the Division at least 90 days in advance of the cancellation date, and the Division accepts the cancellation; and

860.333. The cancellation may be accepted by the Division if the applicant obtains a suitable replacement bond before the cancellation date or if the lands for which the self bond, or portion thereof, was accepted have not been disturbed.

860.340. The Division may accept a written guarantee for an applicant's self bond from any corporate guarantor, whenever the applicant meets the conditions of R645-301-860.321, R645-301-860.322, and R645-301-860.324 and the guarantor meets the conditions of R645-301-860.321 through R645-301-860.324 as if it were the applicant. Such a written guarantee will be referred to as a "nonparent corporate guarantee." The terms of this guarantee will provide for compliance with the conditions of R645-301-860.331 through R645-301-860.333. The Division may require the applicant to submit any information specified in R645-301-860.323 in order to determine the financial capabilities of the applicant.

860.350. For the Division to accept an applicant's self bond, the total amount of the outstanding and proposed self bonds of the applicant for coal mining and reclamation

operations will not exceed 25 percent of the applicant's tangible net worth in the United States. For the Division to accept a corporate guarantee, the total amount of the parent corporation guarantor's present and proposed self bonds and guaranteed self bonds for surface coal mining and reclamation operations will not exceed 25 percent of the guarantor's tangible net worth in the United States. For the Division to accept a nonparent corporate guarantee, the total amount of the nonparent corporate guarantor's present and proposed self bonds and guaranteed self bonds will not exceed 25 percent of the guarantor's tangible net worth in the United States.

860.360. If the Division accepts an applicant's self bond, an indemnity agreement will be submitted subject to the following requirements:

860.361. The indemnity agreement will be executed by all persons and parties who are to be bound by it, including the parent corporation guarantor, and will bind each jointly and severally;

860.362. Corporations applying for a self bond, and parent and nonparent corporations guaranteeing an applicant's self bond shall submit an indemnity agreement signed by two corporate officers who are authorized to bind their corporations. A copy of such authorization shall be provided to the Division along with an affidavit certifying that such an agreement is valid under all applicable federal and Utah laws. In addition, the guarantor shall provide a copy of the corporate authorization demonstrating that the corporation may guarantee the self bond and execute the indemnity agreement.

860.363. If the applicant is a partnership, joint venture or syndicate, the agreement will bind each partner or party who has a beneficial interest, directly or indirectly, in the applicant;

860.364. Pursuant to R645-301-880.900, the applicant, parent or nonparent corporate guarantor shall be required to complete the approved reclamation plan for the lands in default or to pay to the Division an amount necessary to complete the approved reclamation plan, not to exceed the bond amount.

860.365. The indemnity agreement when under forfeiture will operate as a judgment against those parties liable under the indemnity agreement.

860.370. The Division may require self-bonded applicants, parent and nonparent corporate guarantors to submit an update of the information required under R645-301-860.323 and R645-301-860.324 within 90 days after the close of each fiscal year following the issuance of the self bond or corporate guarantee.

860.380. If at any time during the period when a self bond is posted, the financial conditions of the applicant, parent, or nonparent corporate guarantor change so that the criteria of R645-301-860.323 and R645-301-860.340 are not satisfied, the permittee will notify the Division immediately and will within 90 days post an alternate form of bond in the same amount as the self bond. Should the permittee fail to post an adequate substitute bond, the provisions of R645-301-840.500 will apply.

870. Replacement of Bonds.

870.100. The Division may allow a permittee to replace existing bonds with other bonds that provide equivalent coverage.

870.200. The Division will not release existing performance bonds until the permittee has submitted, and the Division has approved, acceptable replacement performance bonds. Replacement of a performance bond pursuant to this section will not constitute a release of bond under R645-301-880.100 through R645-301-880.800.

880. Requirement to Release Performance Bonds.

880.100. Bond release application.

880.110. The permittee may file an application with the Division for the release of all or part of a performance bond. Applications may be filed only at times or during seasons authorized by the Division in order to properly evaluate the completed reclamation operations. The times or seasons

appropriate for the evaluation of certain types of reclamation will be identified in the approved mining and reclamation plan.

880.120. Within 30 days after an application for bond release has been filed with the Division, the operator will submit a copy of an advertisement placed at least once a week for four successive weeks in a newspaper of general circulation in the locality of the coal mining and reclamation operations. The advertisement will be considered part of any bond release application and will contain the permittee's name, permit number and approval date, notification of the precise location of the land affected, the number of acres, the type and amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, a description of the results achieved as they relate to the operator's approved reclamation plan and the name and address of the Division to which written comments, objections, or requests for public hearings and informal conferences on the specific bond release may be submitted pursuant to R645-301-880.600 and R645-301-880.800. In addition, as part of any bond release application, the applicant will submit copies of letters which he or she has sent to adjoining property owners, local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the coal mining and reclamation operation took place, notifying them of the intention to seek release from the bond.

880.130. The permittee shall include in the application for bond release a notarized statement which certifies that all applicable reclamation activities have been accomplished in accordance with the requirements of the Act, the regulatory program, and the approved reclamation plan. Such certification shall be submitted for each application or phase of bond release.

880.200. Inspection by the Division.

880.210. Upon receipt of the bond release application, the Division will, within 30 days, or as soon thereafter as weather conditions permit, conduct an inspection and evaluation of the reclamation work involved. The evaluation will consider, among other factors, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of future occurrence of such pollution and the estimated cost of abating such pollution. The surface owner, agent or lessee will be given notice of such inspection and may participate with the Division in making the bond release inspection. The Division may arrange with the permittee to allow access to the permit area, upon request of any person with an interest in bond release, for the purpose of gathering information relevant to the proceeding.

880.220. Within 60 days from the filing of the bond release application, if no public hearing is held pursuant to R645-301-880.600, or, within 30 days after a public hearing has been held pursuant to R645-301-880.600, the Division will notify in writing the permittee, the surety or other persons with an interest in bond collateral who have requested notification under R645-301-860.260 and the persons who either filed objections in writing or objectors who were a party to the hearing proceedings, if any, if its decision to release or not to release all or part of the performance bond.

880.300. The Division may release all or part of the bond for the entire permit area if the Division is satisfied that all the reclamation or a phase of the reclamation covered by the bond or portion thereof has been accomplished in accordance with the following schedules for reclamation of Phases I, II and III:

880.310. At the completion of Phase I, after the operator completes the backfilling and regrading (which may include the replacement of topsoil) and drainage control of a bonded area in accordance with the approved reclamation plan, 60 percent of the bond or collateral for the applicable area;

880.320. At the completion of Phase II, after revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan, an additional amount of

bond. When determining the amount of bond to be released after successful revegetation has been established, the Division will retain that amount of bond for the revegetated area which would be sufficient to cover the cost of reestablishing revegetation if completed by a third party and for the period specified for operator responsibility in UCA 40-10-17(2)(t) of the Act for reestablishing revegetation. No part of the bond or deposit will be released under this paragraph so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements set by UCA 40-10-17(2)(j) of the Act and by R645-301-751 or until soil productivity for prime farmlands has returned to the equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices as determined from the soil survey performed pursuant to UCA 40-10-11(4) of the Act and R645-301-200. Where a silt dam is to be retained as a permanent impoundment pursuant to R645-301-700, the Phase II portion of the bond may be released under this paragraph so long as provisions for sound future maintenance by the operator or the landowner have been made with the Division; and

880.330. At the completion of Phase III, after the operator has completed successfully all surface coal mining and reclamation operations, the release of the remaining portion of the bond, but not before the expiration of the period specified for operator responsibility in R645-301-357. However, no bond will be fully released under provisions of this section until reclamation requirements of the Act and the permit are fully met.

880.400. If the Division disapproves the application for release of the bond or portion thereof, the Division will notify the permittee, the surety, and any person with an interest in collateral as provided for in R645-301-860.260, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure the release and allowing an opportunity for a public hearing.

880.500. When an application for total or partial bond release is filed with the Division, the Division will notify the municipality in which the coal mining and reclamation activities are located by certified mail at least 30 days prior to the release of all or a portion of the bond.

880.600. Any person with a valid legal interest which might be adversely affected by release of the bond, or the responsible officer or head of any federal, state, or local governmental agency which has jurisdiction by law or special expertise with respect to any environmental, social or economic impact involved in the operation or which is authorized to develop and enforce environmental standards with respect to such operations, will have the right to file written objections to the proposed release from bond with the Division within 30 days after the last publication of the notice required by R645-301-880.120. If written objections are filed and a hearing is requested, the Division will inform all the interested parties of the time and place of the hearing and will hold a public hearing within 30 days after receipt of the request for the hearing. The date, time and location of the public hearing will be advertised by the Division in a newspaper of general circulation in the locality for two consecutive weeks. The public hearing will be held in the locality of the coal mining and reclamation operations from which bond release is sought, or at the location of the Division office, at the option of the objector.

880.700. For the purpose of the hearing under R645-301-880.600, the Division will have the authority to administer oaths, subpoena witnesses or written or printed material, compel the attendance of witnesses or the production of materials and take evidence including, but not limited to, inspection of the land affected and other surface coal mining operations carried on by the applicant in the general vicinity. A verbatim record of each public hearing will be made and a transcript will be made available on the motion of any party or by order of the Division.

880.800. Without prejudice to the right of an objector or the applicant, the Division may hold an informal conference as provided in UCA 40-10-13(2)(b) of the Act to resolve such written objections. The Division will make a record of the informal conference unless waived by all parties, which will be accessible to all parties. The Division will also furnish all parties of the informal conference with a written finding of the Division based on the informal conference and the reasons for said finding.

880.900. Forfeiture of Bonds.

880.910. If an operator refuses or is unable to conduct reclamation of an unabated violation, if the terms of the permit are not met, or if the operator defaults on the conditions under which the bond was accepted, the Division will take the following action to forfeit all or part of a bond or bonds for any permit area or an increment of a permit area:

880.911. Send written notification by certified mail, return receipt requested, to the permittee and the surety on the bond, if any, informing them of the determination to forfeit all or part of the bond including the reasons for the forfeiture and the amount to be forfeited. The amount will be based on the estimated total cost of achieving the reclamation plan requirements;

880.912. Advise the permittee and surety, if applicable, of the conditions under which forfeiture may be avoided. Such conditions may include, but are not limited to:

880.912.1. Agreement by the permittee or another party to perform reclamation operations in accordance with a compliance schedule which meets the conditions of the permit, the reclamation plan and the State Program and a demonstration that such party has the ability to satisfy the conditions; or

880.912.2. The Division may allow a surety to complete the reclamation plan, or the portion of the reclamation plan applicable to the bonded phase or increment, if the surety can demonstrate an ability to complete the reclamation in accordance with the approved reclamation plan. Except where the Division may approve partial release authorized under R645-301-880.100 through R645-301-880.800, no surety liability will be released until successful completion of all reclamation under the terms of the permit, including applicable liability periods of R645-301-820.300.

880.920. In the event forfeiture of the bond is required by this section, the Division will:

880.921. Proceed to collect the forfeited amount as provided by applicable laws for the collection of defaulted bonds or other debts if actions to avoid forfeiture have not been taken, or if rights of appeal, if any, have not been exercised within a time established by the Division, or if such appeal, if taken, is unsuccessful; and

880.922. Use funds collected from bond forfeiture to complete the reclamation plan, or portion thereof, on the permit area or increment, to which bond coverage applies.

880.930. Upon default, the Division may cause the forfeiture of any and all bonds deposited to complete reclamation for which the bonds were posted. Bond liability will extend to the entire permit area under conditions of forfeiture.

880.931. In the event the estimated amount forfeited is insufficient to pay for the full cost of reclamation, the operator will be liable for remaining costs. The Division may complete, or authorize completion of, reclamation of the bonded area and may recover from the operator all costs of reclamation in excess of the amount forfeited.

880.932. In the event the amount of performance bond forfeited was more than the amount necessary to complete reclamation, the unused funds will be returned by the Division to the party from whom they were collected.

890. Terms and Conditions for Liability Insurance.

890.100. The Division will require the applicant to submit as part of its permit application a certificate issued by an insurance company authorized to do business in Utah certifying

that the applicant has a public liability insurance policy in force for the coal mining and reclamation activities for which the permit is sought. Such policy will provide for personal injury and property damage protection in an amount adequate to compensate any persons injured or property damaged as a result of the coal mining and reclamation operations, including the use of explosives and who are entitled to compensation under the applicable provisions of state law. Minimum insurance coverage for bodily injury and property damage will be \$300,000 for each occurrence and \$500,000 aggregate.

890.200. The policy will be maintained in full force during the life of the permit or any renewal thereof, including the liability period necessary to complete all reclamation operations under this chapter.

890.300. The policy will include a rider requiring that the insurer notify the Division whenever substantive changes are made in the policy including any termination or failure to renew.

890.400. The Division may accept from the applicant, in lieu of a certificate for a public liability insurance policy, satisfactory evidence from the applicant that it satisfies applicable state self-insurance requirements approved as part of the State Program and the requirements of R645-301-890.100 through R645-301-890.300.

R649. Natural Resources; Oil, Gas and Mining; Oil and Gas.**R649-2. General Rules.****R649-2-1. Scope of Rules.**

1. The following general rules adopted by the board pursuant to Chapter 6 of Title 40 shall apply to all lands in the state in order to conserve the natural resources of oil and gas in the state, to protect human health and the environment, to prevent waste, to protect the correlative rights of all owners and to realize the greatest ultimate recovery of oil and gas.

2. Special rules and orders have been and will be issued by the board when required and shall prevail as against the general rules and orders of the board if in conflict therewith.

3. Exceptions to the general rules may also be granted by the director or authorized agent for good cause shown and shall prevail as against the general rules.

4. No exceptions granted by the board, director, or authorized agent to the rules applicable to the Underground Injection Control Program will be effective without the consent of the federal Environmental Protection Agency.

R649-2-2. Application of Rules to Lands Owned or Controlled By the United States.

These general rules shall apply to all lands in the state including lands of the United States and lands subject to the jurisdiction of the United States to the extent lawfully subject to the state's power.

R649-2-3. Application of Rules to Unit Agreements.

1. The board may suspend the application of the general rules or orders or any part thereof, with regard to any unit agreement approved by a duly authorized officer of the appropriate federal agency, so long as the conservation of oil or gas and the prevention of waste is accomplished thereby.

2. Such suspension shall not relieve any operator from making such reports as are otherwise required by the general rules or orders, or as may reasonably be requested by the board or the division in order to keep the board and the division fully informed as to operations under such unit agreements.

R649-2-4. Designation of Agent or Operator.

1. A designation of agent or operator shall be submitted to the division prior to the commencement of operations.

2. A designation of agent or operator will, for purposes of the general rules and orders, be accepted as evidence of authority of agent to fulfill the obligations of the owner, to sign any required documents or reports on behalf of the owner, and to receive all authorized orders or notices given by the board or the division.

3. All changes of address and any termination of the designated agent's or operator's authority shall be promptly reported in writing to the division, and in the latter case a designation of a new agent or operator shall be promptly made.

R649-2-5. Right to Inspect.

1. The director or authorized agent shall have the right at all reasonable times to go upon and inspect any oil or gas properties and wells for the purpose of making any investigations or tests reasonably necessary to ensure compliance with the provisions of the statutes, the general rules and orders of the board or any special field rules and orders. The director or authorized agent shall report any observed violation to the board.

2. The documentation of off lease transportation of crude oil required by R649-2-6, Access to Records, shall be carried in the motor vehicle during transportation and shall be available for examination and inspection by the director or an authorized agent upon request.

R649-2-6. Access to Records.

1. Any person who produces, operates, sells, purchases, acquires, stores, transports, refines, or processes oil or gas or who injects fluids for cycling, pressure maintenance, secondary or enhanced recovery, or disposal of salt water or oil field waste within the state, shall make and keep appropriate books and records covering his operations in the state from which he shall be able to make and substantiate all reports required by the board or the division.

1.1. Such books and records, together with copies of all reports and notices submitted to the board or the division shall be kept on file and available for inspection by the director or an authorized agent at all reasonable times for a period of at least six years.

1.2. The director or the authorized agent shall also have access to all pertinent well records wherever located.

2. Each owner or operator shall permit the director or authorized agent at his sole risk and expense, in the absence of negligence on the part of the owner or operator, to come upon any lease, property or well operated or controlled by him; to inspect the records pertaining to and the manner of operation of such property or well; and to have access at all reasonable times to any and all records pertaining to such well. All information so obtained by the director or authorized agent shall be kept confidential and shall be reported only to the division or its authorized agent, unless the owner or operator gives written permission to the director to release such information.

3. All off lease transportation of oil by motor vehicle shall be accompanied by a run ticket or equivalent document. The documentation shall identify the name and address of the transporter, the name of the operator, the lease or facility from which the oil was taken, the date of removal, the API gravity of the oil, the calculated percentage of BS and W, the volume of oil or the opening and closing tank gauges or meter readings, and the destination of the oil.

R649-2-7. Naming of Oil and Gas Fields or Pools.

1. The division shall name oil and gas fields or pools within the state in cooperation with a Fields Names Advisory Committee and with due regard and consideration for any recommendation from the owners or operators of such fields or pools. The Field Names Advisory Committee shall be composed of a representative of the United States Bureau of Land Management and representatives of appropriate state agencies and the oil and gas industry.

R649-2-8. Measurement of Production.

1. The volume of oil production shall be computed in barrels of clean oil, on the basis of acceptable meter measurements, tank measurements, or with such greater accuracy as may be required by the division. Computations of the volume of oil production shall be subject to the following corrections:

1.1. The gross volume of oil shall be corrected to exclude the entire volume of impurities not constituting a natural component part of the oil.

1.2. The observed volume of oil after correction for impurities shall be further corrected to the standard volume at 60 degrees Fahrenheit, in accordance with Table 6A of the API/ASTM D-1250, Chapter 11.1, Manual of Petroleum Measurement (1980), or any revisions or supplements, or any alternative publication or tables approved by the division.

1.3. The observed gravity of oil shall be corrected to the standard API gravity at 60 degrees Fahrenheit in accordance with Table 5A of API/ASTM, D-1250, Chapter 11.1, Manual of Petroleum Measurement (1980), or any revisions or supplements, or any alternative publication or tables approved by the division.

2. All gas shall be measured by an orifice type meter unless otherwise authorized by the division.

2.1. In computing the volumes of all gas produced, sold, or injected, the standard pressure base shall be 14.73 pounds per square inch absolute (psia), and the standard temperature base shall be 60 degrees Fahrenheit.

2.2. All measurements of gas shall be adjusted by computation to these standards, regardless of the pressure and temperature at which the gas was actually measured, unless otherwise authorized by the division.

2. Directional, deviation, and/or measurements-while-drilling (MWD) surveys must be run on horizontal wells and submitted in accordance with R649-3-21, Well Completion and Filing of Well Logs, as amended for horizontal wells.

KEY: oil and gas law
June 2, 1998
Notice of Continuation March 7, 2007

40-6-1 et seq.

R649-2-9. Refusal to Agree.

1. An owner shall be deemed to have refused to agree to bear his proportionate share of the costs of the drilling and operation of a well under Section 40-6-6.5 if:

1.1. The operator of the proposed well has, in good faith, attempted to reach agreement with such owner for the leasing of the owner's mineral interest or for that owner's voluntary participation in the drilling of the well.

1.2. The owner and the operator have been unable to agree upon terms for the leasing of the owner's interest or for the owner's participation in the drilling of the well.

2. If the operator of the proposed well shall fail to attempt, in good faith, to reach agreement with the owner for the leasing of that owner's mineral interest or for voluntary participation by that owner in the well prior to the filing of a Request for Agency Action for involuntary pooling of interests in the drilling unit under Section 40-6-6.5 then, upon written request and after notice and hearing, the hearing on the Request for Agency Action for involuntary pooling may, at the discretion of the board or its designated hearing examiner, be delayed for a period not to exceed 30 days, to allow for negotiations between the operator and the owner.

R649-2-10. Notification of Lease Sale or Transfer.

The owner of a lease shall provide notification to any person with an interest in such lease, when all or part of that interest in the lease is sold or transferred.

R649-2-11. Confidentiality of Well Log Information.

1. Well logs marked confidential shall be kept confidential for one year after the date on which the log is required to be filed with the division, unless the operator gives written permission to release the log at an earlier date.

2. Information on a newly permitted well will be held confidential only upon receipt by the division of a written request from the owner or operator.

3. The period of confidentiality may begin at the time the APD is submitted for approval if a request for confidentiality is received at that time. The information on the application itself will not be considered confidential.

4. Information that shall be held confidential includes well logs, electrical or radioactivity logs, electromagnetic, electrical, or magnetic surveys, core descriptions and analysis, maps, other geological, geophysical, and engineering information, and well completion reports that contain such information.

5. The owner or operator shall clearly mark documents as confidential. Such marking shall be in red and be clearly visible.

6. Confidential wells or information shall be reported separately from wells or information that is not in confidential status.

R649-2-12. Tests and Surveys.

1. When deemed necessary or advisable the Director or authorized agent can require that tests or surveys be made to determine the presence of waste of oil, gas, water, or reservoir energy; the quantity of oil, gas or water; the amount and direction of deviation of any well from the vertical; formation, casing, tubing, or other pressures; or any other test or survey deemed necessary to carry out the purposes of the Oil and Gas Conservation Act.

R649. Natural Resources; Oil, Gas and Mining; Oil and Gas.**R649-3. Drilling and Operating Practices.****R649-3-1. Bonding.**

1. An owner or operator shall furnish a bond to the division prior to approval of a permit to drill a new well, reenter an abandoned well or assume responsibility as operator of existing wells.

1.1. An owner or operator shall furnish a bond to the division on Form 4, for wells located on lands with fee or privately owned minerals.

1.2. An owner or operator shall furnish evidence to the division that a bond has been filed in accordance with state, federal or Indian lease requirements and approved by the appropriate agency for all wells located on state, federal or Indian leases.

2. A bond furnished to the division shall be payable to the division and conditioned upon the faithful performance by the operator of the duty to plug each dry or abandoned well, repair each well causing waste or pollution, and maintain and restore the well site.

3. Bond liability shall be for the duration of the drilling, operating and plugging of the well and restoration of the well site.

3.1. The bond for drilling or operating wells shall remain in full force and effect until liability thereunder is released by the division.

3.2. Release of liability shall be conditioned upon compliance with the rules and orders of the Board.

4. For all drilling or operating wells, the bond amounts for individual wells and blanket bonds required in subsections 5. and 6. represent base amounts adjusted to year 2002 average costs for well plugging and site restoration. The base amounts are effective immediately upon adoption of this bonding rule, subject to division notification as described in subsection 4.1.

4.1. The division shall provide written notification to each operator of the need to revise or establish bonds in amounts required by this bonding rule.

4.2. Within 120 days of such notification by the division, the operator shall post a bond with the division in compliance with this bonding rule.

4.3. If the division finds that a well subject to this bonding rule is in violation of Rule R649-3-36., Shut-in and Temporarily Abandoned Wells, the division shall require a bond amount for the applicable well in the amount of actual plugging and site restoration costs.

4.4. The division shall provide written notification to an operator found in violation of Rule R649-3-36., and identify the need to establish increased bonding for shut-in wells.

4.4.1. Within 30 days of notification by the division, the operator shall submit to the division an estimate of plugging and site restoration costs for division review and approval.

4.4.2. Upon review and approval of the cost estimate, the division will provide a notice of approval back to the operator specifying the approved bond amount for shut-in wells.

4.4.3. Within 120 days of receiving such notice of approval, the operator shall post a bond with the division in compliance with this bonding rule.

5. The bond amount for drilling or operating wells located on lands with fee or privately owned minerals shall be one of the following:

5.1. For wells of less than 1,000 feet in depth, an individual well bond in the amount of at least \$1,500, for each such well.

5.2. For wells of more than 1,000 feet in depth but less than 3,000 feet in depth, an individual well bond in the amount of at least \$15,000 for each such well.

5.3. For wells of more than 3,000 feet in depth but less than 10,000 feet in depth, an individual well bond in the amount of at least \$30,000 for each such well.

5.4. For wells of more than 10,000 feet in depth, an individual well bond in the amount of at least \$60,000 for each such well.

6. If, prior to the July 1, 2003 revision of this bonding rule, an operator is drilling or operating more than one well on lands with fee or privately owned minerals, and a blanket bond was furnished and accepted by the division in lieu of individual well bonds, that operator shall remain qualified for a blanket bond with the division subject to the amounts described by this bonding rule.

6.1. A blanket bond shall be conditioned in a manner similar to individual well bonds and shall cover all wells that the operator may drill or operate on lands with fee or privately owned minerals within the state.

6.2. For wells of less than 1,000 feet in depth, a blanket bond in the amount of at least \$15,000 shall be required.

6.3. For wells of more than 1,000 feet in depth, a blanket bond in the amount of at least \$120,000 shall be required.

6.4. Subsequent to the July 1, 2003 revision of this rule, operators who desire to establish a new blanket bond that consists either fully or partially of a collateral bond as described in subsection 10.2. shall be qualified by the division for such blanket bond.

6.4.1. Operators who elect to establish a surety bond as a blanket bond shall not require qualification by the division.

6.4.2. In those cases where operator qualification for blanket bond is required, the division will review the following criteria and make a written finding of the operator's adequacy to meet the criteria before accepting a new blanket bond:

6.4.3. The ratio of current assets to current liabilities shall be 1.20 or greater, as evidenced by audited financial statements for the previous two years and the most current quarterly financial report.

6.4.4. The ratio of total liabilities to stockholder's equity shall be 2.50 or less, as evidenced by audited financial statements for the previous two years and the most current quarterly financial report.

7. If an operator desires bond coverage in a lesser amount than required by these rules, the operator may file a Request for Agency Action with the Board for a variance from the requirements of these rules.

7.1. Upon proper notice and hearing and for good cause shown, the Board may allow bond coverage in a lesser amount for specific wells.

8. If after reviewing an application to drill or reenter a well or when reviewing a change of operator for a well, the division determines that bond coverage in accordance with these rules will be insufficient to cover the costs of plugging the well and restoring the well site, the division may require a change in the form or the amount of bond coverage. In such cases, the division will support its case for a change of bond coverage in the form of written findings to the operator of record of the well and provide a schedule for completion of the requisite changes.

8.1. Appeals of mandated bond amount changes will follow procedures established by Rule R649-10., Administrative Procedures.

9. The bond shall provide a mechanism for the surety or other guarantor of the bond, to provide prompt notice to the division and the operator of any action alleging the insolvency or bankruptcy of the surety or guarantor, or alleging any violations that would result in suspension or revocation of the surety's or guarantor's charter or license to do business.

9.1. Upon the incapacity of the surety or guarantor to guarantee payment of the bond by reason of bankruptcy, insolvency, or suspension or revocation of a charter or license, the operator shall be deemed to be without bond coverage.

9.2. Upon notification of insolvency or bankruptcy, the division shall notify the operator in writing and shall specify a reasonable period, not to exceed 90 days, to provide bond

coverage.

9.3. If an adequate bond is not furnished within the allowed period, the operator shall be required to cease operations immediately, and shall not resume operations until the division has received an acceptable bond.

10. The division shall accept a bond in the form of a surety bond, a collateral bond or a combination of these bonding methods.

10.1. A surety bond is an indemnity agreement in a sum certain payable to the division, executed by the operator as principal and which is supported by the performance guarantee of a corporation authorized to do business as a surety in Utah.

10.1.1. A surety bond shall be executed by the operator and a corporate surety authorized to do business in Utah that is listed in "A.M. Best's Key Rating Guide" at a rating of A- or better or a Financial Performance Rating (FPR) of 8 or better, according to the "A.M. Best's Guide". All surety companies also will be continuously listed in the current issue of the U.S. Department of the Treasury Circular 570. Operators who do not have a surety bond with a company that meets the standards of subsection 10.1.1. will have 120 days from the date of division notification after enactment of the changes to subsection 10.1.1., or face enforcement action. When the division in the course of examining surety bonds notifies an operator that a surety company guaranteeing its performance does not meet the standards of subsection 10.1.1., the operator has 120 days after notice from the division by mail to correct the deficiency, or face enforcement action.

10.1.2. Surety bonds shall be noncancellable during their terms, except that surety bond coverage for wells not drilled may be canceled with the prior consent of the division.

10.1.3. The division shall advise the surety, within 30 days after receipt of a notice to cancel a bond, whether the bond may be canceled on an undrilled well.

10.2. A collateral bond is an indemnity agreement in a sum certain payable to the division, executed by the operator that is supported by one or more of the following:

10.2.1. A cash account.

10.2.1.1. The operator may deposit cash in one or more accounts at a federally insured bank authorized to do business in Utah, made payable upon demand only to the division.

10.2.1.2. The operator may deposit the required amount directly with the division.

10.2.1.3. Any interest paid on a cash account shall be retained in the account and applied to the bond value of the account unless the division has approved the payment of interest to the operator.

10.2.1.4. The division shall not accept an individual cash account in an amount in excess of \$100,000 or the maximum insurable amount as determined by the Federal Deposit Insurance Corporation.

10.2.2. Negotiable bonds of the United States, a state, or a municipality.

10.2.2.1. The negotiable bond shall be endorsed only to the order of and placed in the possession of the division.

10.2.2.2. The division shall value the negotiable bond at its current market value, not at face value.

10.2.3. Negotiable certificates of deposit.

10.2.3.1. The certificates shall be issued by a federally insured bank authorized to do business in Utah.

10.2.3.2. The certificates shall be made payable or assigned only to the division both in writing and upon the records of the bank issuing the certificate.

10.2.3.3. The certificates shall be placed in the possession of the division or held by a federally insured bank authorized to do business in Utah.

10.2.3.4. If assigned, the division shall require the banks issuing the certificates to waive all rights of setoff or liens against those certificates.

10.2.3.5. The division shall not accept an individual certificate of deposit in an amount in excess of \$100,000 or the maximum insurable amount as determined by the Federal Deposit Insurance Corporation.

10.2.4. An irrevocable letter of credit.

10.2.4.1. Letters of credit shall be placed in the possession of and payable upon demand only to the division.

10.2.4.2. Letters of credit shall be issued by a federally insured bank authorized to do business in Utah.

10.2.4.3. Letters of credit shall be irrevocable during their terms.

10.2.4.4. Letters of credit shall be automatically renewable or the operator shall ensure continuous bond coverage by replacing letters of credit, if necessary, at least 30 days before their expiration date with other acceptable bond types or letters of credit.

11. The required bond amount specified in subsections 5. and 6. of all collateral posted as assurance under this section shall be subject to a margin determined by the division which is the ratio of the face value of the collateral to market value, as determined by the division.

11.1. The margin shall reflect legal and liquidation fees, as well as value depreciation, marketability and fluctuations that might affect the net cash available to the division to complete plugging and restoration.

12. The market value of collateral may be evaluated at any time, and in no case shall the market value of collateral be less than the required bond amount specified in subsections 5. and 6.

12.1. Upon evaluation of the market value of collateral by the division, the division will notify the operator of any required changes in the amount of the bond and shall allow a reasonable period, not to exceed 90 days, for the operator to establish acceptable bond coverage.

12.2. If an adequate bond is not furnished within the allowed period the operator shall be required to cease operations immediately and shall not resume operations until the division has received an acceptable bond.

13. Persons with an interest in collateral posted as a bond, and who desire notification of actions pursuant to the bond, shall request the notification in writing from the division at the time collateral is offered.

14. The division may allow the operator to replace existing bonds with other bonds that provide sufficient coverage.

14.1. Replacement of a bond pursuant to this section shall not constitute a release of bond under subsection 15.

14.2. The division shall not allow liability to cease under an existing bond until the operator has furnished, and the division has approved, an acceptable replacement bond.

14.3. When the operator of wells covered by a blanket bond changes, the division will review the financial eligibility of a new operator for blanket bonding as described in subsection 6.4., and the division will make a written finding concerning the applicability of blanket bonding to the prospective new operator.

14.4. Transfer of the ownership of property does not cancel liability under an existing bond until the division reviews and approves a change of operator for any wells affected by the transfer of ownership.

14.5. If a transfer of the ownership of property is made and an operator wishes to request a change to a new operator of record for the affected wells, then the following requirements shall be met:

14.5.1. The operator shall notify the division in writing when ownership of any well associated with the property has been transferred to a named transferee, and the operator shall request a change of operator for the affected wells.

14.5.2. The request shall describe each well by reference to its well name and number, API number, and its location, as described by the section, township, range, and county, and shall also include a proposed effective date for the operator change.

14.5.3. The request shall contain the endorsement of the new operator accepting such change of operator.

14.5.4. The request shall contain evidence of the new operator's bond coverage.

14.5.5. The request may include a request to cancel liability for the well(s) included in the operator change that are listed under the existing operator's bond upon approval by the division of an adequate replacement bond in the name of the new operator.

14.6. Upon receipt of a request for change of operator, the division will review the proposed new operator's bond coverage, and if bond coverage is acceptable, the division will issue a notice of approval of the change of operator.

14.6.1. If the division determines that the new operator's bond coverage will be insufficient to cover the costs of plugging and site restoration for the applicable well(s), the division may deny the change of operator, or the division may require a change in the form and amount of the new operator's bond coverage in order to approve the change of operator. In such cases, the division will support its case for a change of the new operator's bond coverage in the form of written findings, and the division will provide a schedule for completion of the requisite changes in order to approve the operator change. The written findings and schedule for changes in bond coverage will be sent to both the operator of record of the applicable well(s) and the proposed new operator.

14.7. If the request for operator change included a request to cancel liability under the existing operator's bond in accordance with subsection 14.5.5., and the division approves the operator change, then the division will issue a notice of approval of termination of liability under the existing bond for the wells included in the operator change. When the division has approved the termination of liability under a bond, the original operator is relieved from the responsibility of plugging or repairing any wells and restoring any well site affected by the operator change.

14.8. If all of the wells covered by a bond are affected by an operator change, the bond may be released by the division in accordance with subsection 15.

15. Bond release procedures are as follows:

15.1. Requests for release of a bond held by the division may be submitted by the operator at any time after a subsequent notice of plugging of a well has been submitted to the division or the division has issued a notice of approval of termination of liability for all wells covered by an existing bond.

15.1.1. Within 30 days after a request for bond release has been filed with the division, the operator shall submit signed affidavits from the surface landowner of any previously plugged well site certifying that restoration has been performed as required by the mineral lease and surface agreements.

15.1.2. If such affidavits are not submitted, the division shall conduct an inspection of the well site in preparation for bond release as explained in subsection 15.2.

15.1.3. Within 30 days after a request for bond release has been filed with the division, the division shall publish notice of the request in a daily newspaper of general circulation in the city and county of Salt Lake and in a newspaper of general circulation in the county in which the proposed well is located.

15.1.4. If a written objection to the request for bond release is not received by the division within 15 days after publication of the notice of request, the division may release liability under the bond as an administrative action.

15.1.5. If a written objection to the request for bond release is received by the division within 15 days after publication of the notice of request, the request shall be set for hearing and notice thereof given in accordance with the procedural rules of the Board.

15.2. If affidavits supporting the bond release application are not received by the division in accordance with subsection

15.1.1., the division shall within 30 days or as soon thereafter as weather conditions permit, conduct an inspection and evaluation of the well site to determine if restoration has been adequately performed.

15.2.1. The operator shall be given notice by the division of the date and time of the inspection, and if the operator is unable to attend the inspection at the scheduled date and time, the division may reschedule the inspection to allow the operator to participate.

15.2.2. The surface landowner, agent or lessee shall be given notice by the operator of such inspection and may participate in the inspection; however, if the surface landowner is unable to attend the inspection, the division shall not be required to reschedule the inspection in order to allow the surface landowner to participate.

15.2.3. The evaluation shall consider the adequacy of well site restoration, the degree of difficulty to complete any remaining restoration, whether pollution of surface and subsurface water is occurring, the probability of future occurrence of such pollution, and the estimated cost of abating such pollution.

15.2.4. Upon request of any person with an interest in bond release, the division may arrange with the operator to allow access to the well site or sites for the purpose of gathering information relevant to the bond release.

15.2.5. The division shall retain a record of the inspection and the evaluation, and if necessary and upon written request by an interested party, the division shall provide a copy of the results.

15.3. Within 60 days from the filing of the bond release request, if a public hearing is not held pursuant to subsection 15.1.5., or within 30 days after such public hearing has been held, the division shall provide written notification of the decision to release or not release the bond to the following parties:

15.3.1. The operator.

15.3.2. The surety or other guarantor of the bond.

15.3.3. Other persons with an interest in bond collateral who have requested notification under R649-3-1.13.

15.3.4. The persons who filed objections to the notice of application for bond release.

15.4. If the decision is made to release the bond, the notification specified in subsection 15.3. shall also state the effective date of the bond release.

15.5. If the division disapproves the application for release of the bond or portion thereof, the notification specified in subsection 15.3. shall also state the reasons for disapproval, recommending corrective actions necessary to secure the release, and allowing an opportunity for a public hearing.

15.6. The division shall notify the municipality in which the well is located by certified mail at least 30 days prior to the release of the bond.

16. The following guidelines will govern the Forfeiture of Bonds.

16.1. The division shall take action to forfeit the bond if any of the following occur:

16.1.1. The operator refuses or is unable to conduct plugging and site restoration.

16.1.2. Noncompliance as to the conditions of a permit issued by the division.

16.1.3. The operator defaults on the conditions under which the bond was accepted.

16.2. In the event forfeiture of the bond is necessary, the matter will be considered by the Board.

16.3. For matters of bond forfeiture, the division shall send written notification to the parties identified in subsection 15.3., in addition to the notice requirements of the Board procedural rules.

16.4. After proper notice and hearing, the Board may order

the division to do any of the following:

16.4.1. Proceed to collect the forfeited amount as provided by applicable laws for the collection of defaulted bonds or other debts.

16.4.2. Use funds collected from bond forfeiture to complete the plugging and restoration of the well or wells to which bond coverage applies.

16.4.3. Enter into a written agreement with the operator or another party to perform plugging and restoration operations in accordance with a compliance schedule established by the division as long as such party has the ability to perform the necessary work.

16.4.4. Allow a surety to complete the plugging and restoration, if the surety can demonstrate an ability to complete the plugging and restoration.

16.4.5. Any other action the Board deems reasonable and appropriate.

16.5. In the event the amount forfeited is insufficient to pay for the full cost of the plugging and restoration, the division may complete or authorize completion of plugging and restoration and may recover from the operator all costs of plugging and restoration in excess of the amount forfeited.

16.6. In the event the amount of bond forfeited was more than the amount necessary to complete plugging and restoration, the unused funds shall be returned by the division to the party from whom they were collected.

16.7. In the event the bond is forfeited and there exists any unplugged well or wells previously covered under the forfeited bond, then the operator must establish new bond coverage in accordance with these rules.

16.8. If the operator requires new bond coverage under the provisions of subsection 16.7., then the division will notify the operator and specify a reasonable period, not to exceed 90 days, to establish new bond coverage.

R649-3-2. Location And Siting of Vertical Wells and Statewide Spacing for Horizontal Wells.

1. In the absence of special orders of the board establishing drilling units or authorizing different well density or location patterns for particular pools or parts thereof, each oil and gas well shall be located in the center of a 40 acre quarter-quarter section, or a substantially equivalent lot or tract or combination of lots or tracts as shown by the most recent governmental survey, with a tolerance of 200 feet in any direction from the center location, a "window" 400 feet square.

1.1. No oil or gas well shall be drilled less than 920 feet from any other well drilling to or capable of producing oil or gas from the same pool.

1.2. No oil or gas well shall be completed in a known pool unless it is located more than 920 feet from any other well completed in and capable of producing oil or gas from the same pool.

2. The division shall have the administrative authority to determine the pattern location and siting of wells adjacent to an area for which drilling units have been established or for which a request for agency action to establish drilling units has been filed with the board and adjacent to a unitized area, where there is sufficient evidence to indicate that the particular pool underlying the drilling unit or unitized area may extend beyond the boundary of the drilling unit or unitized area and the uniformity of location patterns is necessary to ensure orderly development of the pool.

3. In the absence of special orders of the Board, no portion of the horizontal interval within the potentially productive formation shall be closer than six hundred-sixty (660) feet to a drilling or spacing unit boundary, federally unitized area boundary, uncommitted tract within a unit, or boundary line of a lease not committed to the drilling of such horizontal well.

4. The surface location for a horizontal well may be

anywhere on the lease.

5. Any horizontal interval shall not be closer than one thousand three hundred and twenty (1,320) feet to any vertical well completed in and producing from the same formation. Vertical wells drilled to and completed in the same formation as in a horizontal well are subject to applicable drilling unit orders of the board or the other conditions of this rule that do not specifically pertain to horizontal wells and may be drilled and produced as provided therein.

6. A temporary six hundred and forty (640) acre spacing unit, consisting of the governmental section in which the horizontal well is located, is established for the orderly development of the anticipated pool.

7. In addition to any other notice required by the statute or these rules, notice of the Application for Permit to Drill for a horizontal well shall be given by certified mail to all owners within the boundaries of the designated temporary spacing unit.

8. Horizontal wells to be located within federally supervised units are exempt from the above referenced conditions of 5, 6 and 7.

9. Exceptions to any of the above referenced conditions of 3 through 7 may be approved upon proper application pursuant to R649-3-3, Exception to Location and Siting of Wells, or R649-10, Administrative Procedures.

10. Additional horizontal wells may be approved by order of the Board after hearing brought upon by a Request for Agency Action (Petition) filed in accordance with the Board's Procedural Rules.

R649-3-3. Exception to Location and Siting of Wells.

1. The division shall have the administrative authority to grant an exception to the locating and siting requirements of R649-3-2 or an order of the board establishing oil or gas well drilling units after receipt from the operator of the proposed well of the following items:

1.1. Proper written application for the exception well location.

1.2. Written consent from all owners within a 460 foot radius of the proposed well location when such exception is to the requirements of R649-3-2, or;

1.3. Written consent from all owners of directly or diagonally offsetting drilling units when such exception is to an order of the board establishing oil or gas well drilling units.

2. If for any reason the division shall fail or refuse to approve such an exception, the board may, after notice and hearing, grant an exception.

3. The application for an exception to R649-3-2 or board drilling unit order shall state fully the reasons why such an exception is necessary or desirable and shall be accompanied by a plat showing:

3.1. The location at which an oil or gas well could be drilled in compliance with R649-3-2 or Board drilling unit order.

3.2. The location at which the applicant requests permission to drill.

3.3. The location at which oil or gas wells have been drilled or could be drilled, in accordance with R649-3-2 or board drilling unit order, directly or diagonally offsetting the proposed exception.

3.4. The names of owners of all lands within a 460 foot radius of the proposed well location when such exception is to the requirements of R649-3-2, or

3.5. The names of owners of all directly or diagonally offsetting drilling units when such exception is to an order of the board establishing oil or gas drilling units.

4. No exception shall prevent any owner from drilling an oil or gas well on adjacent lands, directly or diagonally offsetting the exception, at locations permitted by R649-3-2, or any applicable order of the board establishing oil or gas well drilling units for the pool involved.

5. Whenever an exception is granted, the board or the division may take such action as will offset any advantage that the person securing the exception may obtain over other producers by reason of the exception location.

R649-3-4. Permitting of Wells to be Drilled, Deepened or Plugged-Back.

1. Prior to the commencement of drilling, deepening or plugging back of any well, exploratory drilling such as core holes and stratigraphic test holes, or any surface disturbance associated with such activity, the operator shall submit Form 3, Application for Permit to Drill, Deepen, or Plug Back and obtain approval. Approval shall be given by the division if it appears that the contemplated location and operations are not in violation of any rule or order of the board for drilling a well.

2. The following information shall be included as part of the complete Application for Permit to Drill, Deepen, or Plug Back.

2.1. The telephone number of the person to contact if additional information is needed.

2.2. Proper identification of the lease as state, federal, Indian, or fee.

2.3. Proper identification of the unit, if the well is located within a unit.

2.4. A plat or map, preferably on a scale of one inch equals 1,000 feet, prepared by a licensed surveyor or engineer, that shows the proposed well location. For directional wells, both surface and bottomhole locations should be marked.

2.5. A copy of the Division of Water Rights approval or the identifying number of the approval for use of water at the drilling site.

2.6. A drilling program containing the following information shall also be submitted as part of a complete APD.

2.6.1. The estimated tops of important geologic markers.

2.6.2. The estimated depths at which the top and the bottom of anticipated water, oil, gas, or other mineral-bearing formations are expected to be encountered, and the owner's or operator's plans for protecting such resources.

2.6.3. The owner's or operator's minimum specifications for pressure control equipment to be used and a schematic diagram thereof showing sizes, pressure ratings or API series, proposed testing procedures and testing frequency.

2.6.4. Any supplementary information more completely describing the drilling equipment and casing program as required by Form 3, Application for Permit to Drill, Deepen, or Plug Back.

2.6.5. The type and characteristics of the proposed circulating medium or mediums to be employed in drilling, the quantities and types of mud and weighting material to be maintained, and the monitoring equipment to be used on the mud system.

2.6.6. The anticipated type and amount of testing, logging, and coring.

2.6.7. The expected bottomhole pressure and any anticipated abnormal pressures or temperatures or potential hazards, such as hydrogen sulfide, H₂S rules are found in R649-3-12 expected to be encountered, along with contingency plans for mitigating such identified hazards.

2.6.8. Any other facets of the proposed operation that the lessee or operator desires to point out for the division's consideration of the application.

2.6.9. If an Application for Permit to Drill, Deepen, or Plug Back is for a proposed horizontal well, a horizontal well diagram clearly showing the well bore path from the surface through the terminus of the lateral shall be submitted.

2.7. Form 5, Designation of Agent or Operator shall be filed when the operator is a person other than the owner.

2.8. If located on State or Fee surface, an APD will not be approved until an Onsite Predrill Evaluation is performed as

outlined in R649-3-18.

3. Two legible copies, carbon or otherwise, of the APD filed with the appropriate federal agency may be used in lieu of the forms prescribed by the board.

4. Approval of the APD shall be valid for a period of 12 months from the date of such approval. Upon approval of an APD, a well will be assigned an API number by the division. The API number should be used to identify the permitted well in all future correspondence with the division.

5. If a change of location or drilling program is desired, an amended APD shall be filed with the division and its approval obtained. If the new location is at an authorized location in the approved drilling unit, or the change in drilling program complies with the rules for that area, the change may be approved verbally or by telegraph. Within five days after obtaining verbal or telegraphic authorization, the operator shall file a written change application with the division.

6. After a well has been completed or plugged and abandoned, it shall not be reentered without the operator first submitting a new APD and obtaining the division's approval. Approval shall be given if it appears that a bond has been furnished or waived, as required by R649-3-1, Bonding, and the contemplated work is not in violation of any rule or order of the board.

7. An operator or owner who applies for an APD in an area not subject to a special order of the board establishing drilling units, may contemporaneously or subsequently file a Request for Agency Action to establish drilling units for an area not to exceed the area reasonably projected by the operator or owner to be underlaid by the targeted reservoir.

8. An APD for a well within the area covered by a proper Request for Agency Action that has been filed by an interested person, or the division or the board on its own motion, for the establishment of drilling units or the revision of existing drilling units for the spacing of wells shall be held in abeyance by the division until such time as the matter has been noticed, fully heard and determined.

9. An exception to R649-3-4-8 shall be made and a permit shall be issued by the division if an owner or operator files a sworn statement demonstrating to the division's satisfaction that on and after the date the Request for Agency Action requesting the establishment of drilling units was filed, or the action of the division or board was taken; and

9.1. The owner or operator has the right or obligation under the terms of an existing contract to drill the requested well; or

9.2. The owner or operator has a leasehold estate or right to acquire a leasehold estate under a contract that will be terminated unless he is permitted to commence the drilling of the required well before the matter can be fully heard and determined by the board.

R649-3-5. Identification.

1. Every drilling and producible well shall be identified by a sign posted on the derrick or in a conspicuous place near the well.

2. The sign shall be of durable construction. The lettering on the sign shall be kept in a legible condition and shall be large enough to be legible under normal conditions at a distance of 25 feet.

3. The wells on each lease or property shall be numbered in nonrepetitive, logical, and distinctive sequence. Each sign shall show the number or name of the well, the name of the owner or operator, the lease name, and the location of the well by quarter section, township, and range.

R649-3-6. Drilling Operations.

1. Drilling operations shall be conducted according to the drilling program submitted on the original APD and as approved

by the division. Any change of plans to the original drilling program shall be submitted to the division by using Form 9, Sundry Notices and Reports on Wells and shall receive division approval prior to implementation. A change of plans necessary because of emergency conditions may be implemented without division approval. The operator shall provide the division with verbal notice of the emergency change within 24 hours and written notice within five days.

2. An operator of a drilling well as designated in R649-2-4 shall comply with reporting requirements as follows:

2.1. The spudding in of a well shall be reported to the division within 24 hours. The report should include the well name and number, drilling contractor, rig number and type, spud date and time, the date that continuous drilling will commence, the name of the person reporting the spud, and a contact telephone number.

2.2. The operator shall file Form 6, Entity Action Form with the division within five working days of spudding in a well. The division will assign the well an entity number that will identify the well on the operator's monthly oil and gas production and disposition reports.

2.3. The operator shall notify the division 24 hours in advance of all testing to be performed on the blowout preventer equipment on a well.

2.4. The operator shall submit a monthly status report for each drilling well on Form 9, Sundry Notices and Reports on Wells. The report should include the well depth and a description of the operations conducted on the well during the month. The report shall be submitted no later than the fifth day of the following calendar month until such time as the well is completed and the well completion report is filed.

2.5. The operator shall notify the division 24 hours in advance of all casing tests performed in accordance with R649-3-13.

2.6. The operator shall report to the division all fresh water sand encountered during drilling on Form 7, Report of Water Encountered During Drilling. The report shall be filed with Form 8, Well Completion or Recompletion Report and Log.

R649-3-7. Well Control.

1. When drilling in wildcat territory, the owner or operator shall take all reasonably necessary precautions for keeping the well under control at all times and shall provide, at the time the well is started, proper high pressure fittings and equipment. All pressure control equipment shall be maintained in good working condition at all times.

2. In all proved areas, the use of blowout prevention equipment "BOPE" shall be in accordance with the established and approved practice in the area. All pressure control equipment shall be maintained in good working condition at all times.

3. Upon installation, all ram type BOPE and related equipment, including casing, shall be tested to the lesser of the full manufacturer's working pressure rating of the equipment, 70% of the minimum internal yield pressure of any casing subject to test, or one psi/ft of the last casing string depth. Annular type BOPE are to be tested in conformance with the manufacturer's published recommendations. The operator shall maintain records of such testing until the well is completed and will submit copies of such tests to the division if required.

4. In addition to the initial pressure tests, ram and annular type preventers shall be checked for physical operation each trip. All BOPE components, with the exception of an annular type blowout preventer, shall be tested monthly to the lesser of 50% of the manufacturer's rated pressure of the BOPE, the maximum anticipated pressure to be contained at the surface, one psi/ft of the last casing string depth, or 70% of the minimum internal yield pressure of any casing subject to test.

5. If a pressure seal in the assembly is disassembled, a test

of that seal shall be conducted prior to the resumption of any drilling operation. A shell test of the affected seal shall be adequate. If the affected seal is integral with the BOP stack, either pipe or blind ram, necessitating a test plug to be set in order to test the seal, the division may grant approval to proceed without testing the seal if necessary for prudent operations.

6. All tests of BOPE shall be noted on the driller's log, IADC report book, or equivalent and shall be available for examination by the director or an authorized agent during routine inspections.

7. BOPE used in possible or probable hydrogen sulfide or sour gas formations shall be suitable for use in such areas.

R649-3-8. Casing Program.

1. The method of cementing casing in the hole shall be by pump and plug method, displacement method, or other method approved by the division.

2. When drilling in wildcat territory or in any field where high pressures are probable, the conductor and surface strings of casing must be cemented throughout their lengths, unless another procedure is authorized or prescribed by the division, and all subsequent strings of casing must be securely anchored.

3. In areas where the pressures and formations to be encountered during drilling are known, sufficient surface casing shall be run to:

3.1. Reach a depth below all known or reasonably estimated, utilizable, domestic, fresh water levels.

3.2. Prevent blowouts or uncontrolled flows.

4. The casing program adopted must be planned to protect any potential oil or gas horizons penetrated during drilling from infiltration of waters from other sources and to prevent the migration of oil, gas, or water from one horizon to another.

R649-3-9. Protection of Upper Productive Strata.

1. No well shall be deepened for the purpose of producing oil or gas from a lower stratum until all upper productive strata are protected, either permanently by casing and cementing or temporarily through the use of tubing and packer, to the satisfaction of the division.

2. In any well that appears to have defective, poorly cemented, or corroded casing that will permit or may create underground waste or may contaminate underground or surface fresh water, the operator shall proceed with diligence to use the appropriate method and means to eliminate such hazard of underground waste or contamination of fresh water. If such hazard cannot be eliminated, the well shall be properly plugged and abandoned.

3. Natural gas that is encountered in substantial quantities in any section of a drilled hole above the ultimate objective shall be shut off with reasonable diligence, either by mudding, casing or other approved method, and shall be confined to its original source to the satisfaction of the division.

R649-3-10. Tolerances for Vertical Drilling.

1. Deviation from the vertical for short distances is permitted in the drilling of a well without special approval to straighten the hole, sidetrack junk, or correct other mechanical difficulties.

2. All wells shall be drilled such that the surface location of the well and all points along the intended well bore shall be within the tolerances allowed by R649-3-2, Location and Siting of Vertical Wells and Statewide Spacing for Horizontal Wells, or the appropriate board order.

R649-3-11. Directional Drilling.

1. Except for the tolerances allowed under R649-3-10, no well may be intentionally deviated unless the operator shall first file application and obtain approval from the division.

1.1. An application for directional drilling may be

approved by the division without notice and hearing when the applicant is the owner of all the oil and gas within a radius of 460 feet from all points along the intended well bore, or the applicant has obtained the written consent of the owner to the proposed directional drilling program.

1.2. An application for directional drilling may be included as part of the initial APD for a proposed well.

2. An application for directional drilling shall include the following information:

2.1. The name and address of the operator.

2.2. The lease name, well number, field name, reservoir name, and county where the proposed well is located.

2.3. A plat or sketch showing the distance from the surface location to section and lease lines, the target location within the intended producing interval, and any point along the intended well bore outside the 460 foot radius for which the consent of the owner has been obtained.

2.4. The reason for the intentional deviation.

2.5. The signature of designated agent or representative of operator.

3. Within 30 days following completion of a directionally drilled well, a complete angular deviation and directional survey of the well obtained by an approved well survey company shall be filed with the division, together with other regularly required reports.

R649-3-12. Drilling Practices for Hydrogen Sulfide H₂S Areas and Formations.

1. This rule shall apply to drilling, redrilling, deepening, or plugging back operations in areas where the formations to be penetrated are known to contain or are expected to contain H₂S in excess of 20 ppm and to areas where the presence or absence thereof is unknown.

2. A written contingency plan, providing details of actions to be taken to alert and protect operating personnel and members of the public in the event of an accidental release of H₂S gas shall be submitted to the division as part of the initial APD for a well or as a sundry notice.

3. All proposed drill site locations shall be planned to obtain the maximum safety benefits consistent with the rig configuration, terrain, prevailing winds, etc.

3.1. The drilling rig shall, where possible, be situated so that prevailing winds blow across the rig in a direction toward the reserve pit and away from escape routes.

3.2. On-site trailers shall be located to allow reasonably safe distances from both the well and the outlet of the flare line.

4. At least two cleared areas shall be designated as crew briefing or safety areas.

4.1. Both areas shall be located at least 200 feet from the well, with at least one area located generally upwind from the well.

5. Protective equipment shall be provided by the operator or its drilling contractor for operating personnel and shall include the following:

5.1. An adequate number of positive pressure type self-contained breathing apparatus to allow all personnel normally involved on a drilling location immediate access to such equipment, with a minimum of one working apparatus available for the immediate use of each rig hand in emergencies.

5.2. Chalk boards or note pads to be used for communication when wearing protective breathing apparatus.

5.3. First aid supplies.

5.4. One resuscitator complete with medical oxygen.

5.5. A litter or stretcher.

5.6. Harnesses and lifelines.

5.7. A telephone, radio, mobile phone, or other communication device that provides emergency two-way communication from a safe area near the well location.

6. Each drill site shall have an H₂S detection and

monitoring system that activates audible and visible alarms when the concentration of H₂S reaches the threshold limit of 20 ppm in air. This equipment shall have a rapid response time and be capable of sensing a minimum of ten ppm H₂S in air, with at least three sensing points, located at the shale shaker, on the derrick floor, and in the cellar. Other sensing points shall be located at other critical areas where H₂S might accumulate. Portable H₂S detection equipment capable of sensing an H₂S concentration of 20 ppm shall be available for all working personnel and shall be equipped with an audible warning signal.

7. Equipment to indicate wind direction at all times shall be installed at prominent locations. At least two wind socks or streamers shall be located at separate elevations at the well location and shall be easily visible from all areas of the location. Windsocks or streamers shall be located in illuminated areas for night operations.

8. When H₂S is encountered during drilling, well marked, highly visible warning signs shall be displayed at the rig and along all access routes to the well location.

8.1. The signs shall warn of the presence of H₂S and shall prohibit approach to the well location when red flags are displayed.

8.2. Red flags shall be displayed when H₂S is present in concentrations greater than 20 ppm in air as measured on the equipment required under R649-3-12-6.

9. Unless adequate natural ventilation is present, portable fans or ventilation equipment shall be located in work areas to disperse H₂S when it is encountered.

10. A flare system shall be utilized to safely gather and burn H₂S bearing gas.

10.1. Flare lines shall be located as far from the operating site as feasible and shall be located in a manner to compensate for wind changes.

10.2. The outlets of all flare lines shall be located at least 150 feet from the well head unless otherwise approved by the division.

11. Sufficient quantities of additives shall be maintained on location to add to the mud system to scavenge or neutralize H₂S.

R649-3-13. Casing Tests.

1. In order to determine the integrity of the casing string set in the well, the operator shall, unless otherwise requested by the division, perform a pressure test of the casing to the pressures specified under R649-3-7.4 before drilling out of any casing string, suspending drilling operations, or completing the well.

R649-3-14. Fire Hazards on the Surface.

1. All rubbish or debris that might constitute a fire hazard shall be removed to a distance of at least 100 feet from the well location, tanks, separator, or any structure. All waste oil or gas shall be burned or disposed of in a manner to avert creation of a fire hazard.

2. Any gas other than poisonous gas escaping from the well during drilling operations shall be, so far as practicable, conducted to a safe distance from the well site and burned in a suitable flare.

R649-3-15. Pollution and Surface Damage Control.

1. The operator shall take all reasonable precautions to avoid polluting lands, streams, reservoirs, natural drainage ways, and underground water.

1.1. The owner or operator shall carry on all operations and maintain the property at all times in a safe and workmanlike manner having due regard for the preservation and conservation of the property and for the health and safety of employees and people residing in close proximity to those operations.

1.2. At a minimum, the owner or operator shall:

1.2.1. Take reasonable steps to prevent and shall remove accumulations of oil or other materials deemed to be fire hazards

from the vicinity of well locations, lease tanks and pits.

1.2.2. Remove from the property or store in an orderly manner, all scrap or other materials not in use.

1.2.3. Provide secure workmanlike storage for chemical containers, barrels, solvents, hydraulic fluid, and other non-exempt materials.

1.2.4. Maintain tanks in a workmanlike manner that will preclude leakage and provide for all applicable safety measures, and construct berms of sufficient height and width to contain the quantity of the largest tank at the storage facility.

1.2.4.1. The use of crude or produced water storage tanks without tops is strictly prohibited except during well testing operations.

1.2.5. Catch leaks and drips, contain spills, and cleanup promptly.

1.2.6. Waste reduction and recycling should be practiced in order to help reduce disposal volumes.

1.2.7. Produced water, tank bottoms and other miscellaneous waste should be disposed of in a manner that is in compliance with these rules and other state, federal, or local regulations or ordinances.

1.2.8. In general, good housekeeping practices should be used.

R649-3-16. Reserve Pits and Other On-site Pits.

1. Small onsite oil field pits including, but not limited to, reserve pits, emergency pits, workover and completion pits, storage pits, pipeline drip pits, and sumps shall be located and constructed in such a manner as to contain fluids and not cause pollution of waters and soils. They shall be located and constructed according to the Division guidelines for onsite pits. See Ranking Criteria for Reserve and Onsite Pit Liner Requirements, on the Oil, Gas and Mining web page.

2. Reserve pit location and construction requirements including liner requirements will be discussed at the predrill site evaluation. Special stipulations concerning the reserve pit will be included as part of the Division's approval to drill.

3. Following drilling and completion of the well the reserve pit shall be closed within one year, unless permission is granted by the Division for a longer period.

4. Pit contents shall meet the Division's Cleanup Levels (guidance document for numeric clean-up levels) or background levels prior to burial.

5. The contents may require treatment to reduce mobility and/or toxicity in order to meet cleanup levels.

6. The alternative to meeting cleanup levels would be transporting of material to an appropriate disposal facility.

R649-3-17. Inspection.

1. Inspection of wells shall be performed by the division to determine operator compliance with the rules and orders of the board.

2. The inspection shall not interfere with the mechanical operation of facilities or equipment used in drilling and production operations.

3. Inspections of operations involving a safety hazard shall not be conducted, nor shall an inspection be conducted that may cause a safety hazard.

R649-3-18. On-site Predrill Evaluation.

1. An on-site predrill evaluation of drilling operations located on state or private land shall be scheduled and conducted by the division prior to approval of an APD and no later than 30 days after receipt by the division of a complete APD.

1.1. An on-site predrill evaluation may be performed by the division prior to submittal of a complete APD at the written request of the operator.

1.2. The division, the operator, and other persons associated with the surface management or construction of the

well site shall attend the predrill evaluation.

1.3. When appropriate, the operator's surveyor and archaeologist may also participate in the predrill evaluation.

1.4. When the surface of the land involved is privately owned, the operator shall include in the APD the name, address, and telephone number of the private surface owner as shown on the real property records of the county where the well is located.

1.5. The surface owner shall be invited by the division to attend the predrill evaluation.

1.6. The surface owner's inability to attend the predrill evaluation shall not delay the scheduled evaluation.

2. Special stipulations concerning surface use or justifications for well spacing exceptions may be addressed and developed at the predrill evaluations.

2.1. Special stipulations shall be incorporated as conditions of the approved APD, together with any additional conditions determined by the division to be necessary following a review of the complete application.

R649-3-19. Well Testing.

1. Each operator shall conduct a stabilized production test of at least 24 hours duration not later than 15 days following the completion or recompletion of any well for the production of oil or gas.

1.1. The results of the test shall be reported in writing to the division within 15 days after completion of the test.

1.2. Additional tests shall be made as requested by the division.

2. The division may request subsurface pressure measurements on a sufficient number of wells in any pool to provide adequate data to determine reservoir characteristics.

3. Upon written request, the division may waive or extend the time for conducting any test.

4. A gas-oil ratio "GOR" test shall be conducted not later than 15 days following the completion or recompletion of each well in a pool that contains both oil and gas.

4.1. The average daily oil production, the average daily gas production and the average GOR shall be recorded.

4.2. The results of the GOR test shall be reported in writing to the division within 15 days after completion of the test.

4.3. A GOR test of at least 24 hours duration shall satisfy the requirements of R649-3-19-1.

5. When the results of a multipoint test or other approved test for the determination of gas well potential have not been submitted to the division within 30 days after completion or recompletion of any producible gas well, the division may order this test to be made.

5.1. All data pertinent to the test shall be submitted to the division in legible, written form within 15 days after completion of the test.

5.2. The performance of a multipoint or other approved test shall satisfy the requirements of R649-3-19-1.

6. All tests of any producible gas well will be taken in accordance with the Manual of Back-Pressure Testing of Gas Wells published by the Interstate Oil and Gas Compact Commission, with necessary modifications as approved by the division.

R649-3-20. Gas Flaring or Venting.

1. Produced gas from an oil well, also known as associated gas or casinghead gas, may be flared or vented only in the following amounts:

1.1. Up to 1,800 MCF of oil well gas may be vented or flared from an individual well on a monthly basis at any time without approval.

1.2. During the period of time allowed for conducting the stabilized production test or other approved test as required by R649-3-19, the operator may vent or flare all produced oil well

gas as needed for conducting the test.

1.2.1. The operator shall not vent or flare gas that is not necessary for conducting the test or beyond the time allowed for conducting the test.

1.3. During the first calendar month immediately following the time allowed for conducting the initial stabilized production test as required by R649-3-19.1, the operator may vent or flare up to 3,000 MCF of oil well gas without approval.

1.4. Unavoidable or short-term oil well gas venting or flaring may occur without approval in accordance with R649-3-20.4, 4.1, 4.2, and 4.3.

2. Produced gas from a gas well may be vented or flared only in the following amounts:

2.1. During the period of time allowed for conducting the stabilized production test, the multipoint test, or other approved test as required by R649-3-19, the operator may vent or flare all produced gas well gas as needed for conducting the test.

2.2. The operator shall not vent or flare gas which is not necessary for conducting the tests or beyond the time allowed for conducting the tests.

2.3. Unavoidable or short-term gas well gas venting or flaring may occur without approval in accordance with R649-3-20.4, 4.1, 4.2, and 4.3.

3. If an operator desires to produce a well for the purpose of testing and evaluation beyond the time allowed by R649-3-19 and vent or flare gas in excess of the aforementioned limits of gas venting or flaring, the operator shall make written request for administrative action by the division to allow gas venting or flaring during such testing and evaluation.

3.1. The operator shall provide any information pertinent to a determination of whether marketing or otherwise conserving the produced gas is economically feasible.

3.2. Upon such request and based on the justification information presented, the division may authorize gas venting or flaring at unrestricted rates for up to 30 days of testing or no more than 50 MMCF of gas vented or flared, whichever is less.

4. Once a well is completed for production and gas is being transported or marketed, the operator is allowed unavoidable or short-term gas venting or flaring without approval only in the following cases:

4.1. Gas may be vented or released from oil storage tanks or other low pressure oil production vessels unless the division determines that the recovery of such vapors is warranted.

4.2. Gas may be vented or flared from a well during periods of line failures, equipment malfunctions, blowouts, fires, or other emergencies if shutting in or restricting production from the well would cause waste or create adverse impact on the well or producing reservoir.

4.3. The operator shall provide immediate notification to the division in all such cases in accordance with R649-3-32, Reporting of Undesirable Events.

4.4. Upon notification, the division shall determine if gas venting or flaring is justified and specify conditions of approval if necessary.

4.5. Gas may be vented or flared from a well during periods of well purging or evaluation tests not exceeding a period of 24 hours or a maximum of 144 hours per month.

4.6. The operator shall provide subsequent written notification to the division in all such cases.

5. If an operator wishes to flare or vent a greater amount of produced gas than allowed by this rule, the operator must submit a Request for Agency Action to the board to be considered as a formal board docket item. The request should include the following items:

5.1. A statement justifying the need to vent or flare more than the allowable amount.

5.2. A description of production test results.

5.3. A chemical analysis of the produced gas.

5.4. The estimated oil and gas reserves.

5.5. A description of the reinjection potential or other conservation oriented alternative for disposition of the produced gas.

5.6. A description of the amount of gas used in lease operations.

5.7. An economic evaluation supporting the operator's determination that conservation of the gas is not economically viable. The evaluation should utilize any engineering or geologic data available and should consider total well production, not just gas production, in presenting the profitability and costs for beneficial use of the gas.

5.8. Any other information pertinent to a determination of whether marketing or otherwise conserving the produced gas is economically feasible.

6. Upon review of the request for approval to vent or flare gas from a well, the board may elect to:

6.1. Allow the requested venting or flaring of gas.

6.2. Restrict production until the gas is marketed or otherwise beneficially utilized.

6.3. Take any other action the board deems appropriate in the circumstances.

7. When gas venting or flaring from a well has not been approved by the division or the magnitude and duration of venting or flaring exceeds the amounts specified in these rules or any division or board approval, then the board may issue a formal order to alleviate the noncompliance and/or require the operator to appear before the board to provide justification of such venting or flaring. The division shall notify the appropriate governmental taxing and royalty agencies of any unapproved venting or flaring and of any subsequent board action.

8. No extraction plant processing gas in Utah shall flare or vent such gas unless such venting or flaring is made necessary by mechanical difficulty of a very limited temporary nature or unless the gas vented or flared is of no commercial value.

9. In the event of a more prolonged mechanical difficulty or in the event of plant shut-downs or curtailment because of scheduled or nonscheduled maintenance or testing operations or other reasons, or in the event a plant is unable to accept, process, and market all of the casinghead gas produced by wells connected to its system, the plant operator shall notify the division as soon as possible of the full details of such shut-down or curtailment, following which the division shall take such action as is necessary.

R649-3-21. Well Completion and Filing of Well Logs.

1. For the purposes of this rule only, a well shall be determined to be completed when the well has been adequately worked to be capable of producing oil or gas or when well testing as required by the division is concluded.

2. Within 30 days after the completion of any well drilled or redrilled for the production of oil or gas, Form 8, Well Completion or Recompletion Report and Log, shall be filed with the division, together with a copy of the electric and radioactivity logs, if run.

3. In addition, one copy of all drillstem test reports, formation water analyses, porosity, permeability or fluid saturation determinations, core analyses and lithologic logs or sample descriptions if compiled, shall be filed with the division.

4. As prescribed under R649-2-12, Test and Surveys, the directional, deviation and/or measurement-while-drilling (MWD) survey for a horizontal well shall be filed within 30 days of being run. Such directional, deviation and/or MWD survey specifically related to well location or well bore path shall not be held confidential. Other MWD survey data that presents well log, or other geological, geophysical, or engineering information may be held confidential as provided in R649-2-11, Confidentiality of Well Log Information.

R649-3-22. Completion Into Two or More Pools.

1. The completion of a single well into more than one pool may be permitted by submitting an application to the division and securing its approval.

1.1. The application shall be submitted on Form 9, Sundry Notice and Report and shall be accompanied by an exhibit showing the location of all wells on contiguous oil and gas leases or drilling units overlying the pool.

1.2. The application shall set forth all material facts involved and the manner and method of completion proposed.

2. If oil or gas is to be produced from two or more pools open to each other through the same string of casing so that commingling will take place, the application must also be accompanied by a description of the method used to account for and to allocate production from each pool so commingled.

3. The application shall include an affidavit showing that the operator has provided a copy of the application to the owners of all contiguous oil and gas leases or drilling units overlying the pool.

3.1. If none of these owners file a written objection to the application within 15 days after the date the application is filed with the division, the application may be considered and approved by the division without a hearing.

3.2. If a written objection is filed that cannot be resolved administratively, the application may be approved only after notice and hearing by the board.

R649-3-23. Well Workover and Recompletion.

1. Requests for approval of a notice of intention to perform a workover or recompletion shall be filed by an operator with the division on Form 9, Sundry Notices and Reports on Wells, or if the operation includes substantial redrilling, deepening, or plugging back of an existing well, on Form 3, Application for Permit to Drill, Deepen or Plug Back.

2. The division shall review the proposed workover or recompletion for conformance with the Oil and Gas Conservation General Rules and advise the operator of its decision and any necessary conditions of approval.

3. Recompletions shall be conducted in a manner to protect the original completion interval(s) and any other known productive intervals.

4. The same tests and reports are required for any well recompletion as are required following an original well completion.

5. The applicant shall file a subsequent report of workover on Form 9, Sundry Notices and Reports, or a subsequent report of recompletion on Form 8, Well Completion or Recompletion Report and Log, within 30 days after completing the workover or recompletion operations.

6. For the purpose of qualifying for a tax credit under Utah Code Ann. Section 59-5-102(6), the operator on his behalf and on behalf of each working interest owner must file a request with the division on Form 15, Designation of Workover or Recompletion. The request must be filed within 90 days after completing the workover or recompletion operations.

7. A workover which may qualify under Utah Code Ann. Section 59-5-102(6) shall be downhole operations conducted to maintain, restore or increase the producibility or serviceability of a well in the geologic interval(s) that the well is currently completed in, but shall not include:

7.1. Routine maintenance operations such as pump changes, artificial lift equipment or tubing repair, or other operations that do not involve changes to the wellbore configuration or the geologic interval(s) that it penetrates and that do not stimulate production beyond that which would be anticipated as the result of routine maintenance.

7.2. Operations to convert any well for use as a disposal well or other use not associated with enhancing the recovery of hydrocarbons.

7.3. Operations to convert a well to a Class II injection well

for enhanced recovery purposes may qualify if the secondary or enhanced recovery project has received the necessary board approval.

8. A recompletion that may qualify under Utah Code Ann. Section 59-5-102(6) shall be downhole operations conducted to reestablish producibility or serviceability of a well in any geologic interval(s).

9. The division shall review the request for designation of a workover or recompletion and advise the operator and the State Tax Commission of its decision to approve or deny the operations for the purposes of Utah Code Ann. Section 59-5-102(6).

10. The division is responsible for approval of workover and recompletion operations that qualify for the tax credit.

10.1. If the operator disagrees with the decision of the division, the decision may be appealed to the board.

10.2. Appeals of all other workover and recompletion tax credit decisions should be made to the State Tax Commission.

R649-3-24. Plugging and Abandonment of Wells.

1. Before operations are commenced to plug and abandon any well the owner or operator shall submit a notice of intent to plug and abandon to the division for its approval.

1.1. The notice shall be submitted on Form DOGM-9, Sundry Notice and Report on Wells.

1.2. A legible copy of a similar report and form filed with the appropriate federal agency may be used in lieu of the forms prescribed by the board.

1.3. In cases of emergency the operator may obtain verbal or telegraphic approval to plug and abandon.

1.4. Within five days after receiving verbal or telegraphic approval, the operator shall submit a written notice of intent to plug and abandon on Form 9.

2. Both verbal and written notice of intent to plug and abandon a well shall contain the following information:

2.1. The location of the well described by section, township, range, and county.

2.2. The status of the well, whether drilling, producing, injecting or inactive.

2.3. A description of the well bore configuration indicating depth, casing strings, cement tops if known, and hole size.

2.4. The tops of known geologic markers or formations.

2.5. The plugging program approved by the appropriate federal agency if the well is located on federal or Indian land.

2.6. An indication of when plugging operations will commence.

3. A dry or abandoned well must be plugged so that oil, gas, water, or other substance will not migrate through the well bore from one formation to another.

3.1. Unless a different method and procedure is approved by the division, the method and procedure for plugging the well shall be as follows:

3.2. The bottom of the hole shall be filled to, or a bridge shall be placed at, the top of each producing formation open to the well bore, and a cement plug not less than 100 feet in length shall be placed immediately above each producing formation open to the well bore.

3.3. A solid cement plug shall be placed from 50 feet below a fresh water zone to 50 feet above the fresh water zone, or a 100 foot cement plug shall be centered across the base of the fresh water zone and a 100 foot plug shall be centered across the top of the fresh water zone.

3.4. At least ten sacks of cement shall be placed at the surface in a manner completely plugging the entire hole. If more than one string of casing remains at the surface, all annuli shall be so cemented.

3.5. The interval between plugs shall be filled with noncorrosive fluid of adequate density to prevent migration of formation water into or through the well bore.

3.6. The hole shall be plugged up to the base of the surface string with noncorrosive fluid of adequate density to prevent migration of formation water into or through the well bore, at which point a plug of not less than 50 feet of cement shall be placed.

3.7. Any perforated interval shall be plugged with cement and any open hole porosity zone shall be adequately isolated to prevent migration of fluids.

3.8. A cement plug not less than 100 feet in length shall be centered across the casing stub if any casing is cut and pulled, a second plug of the same length shall be centered across the casing shoe of the next larger casing.

4. An alternative method of plugging, required under a federal or Indian lease, will be accepted by the division.

5. Within 30 days after the plugging of any well has been accomplished, the owner or operator shall file a subsequent report of plugging with the division. The report shall give a detailed account of the following items:

5.1. The manner in which the plugging work was carried out, including the nature and quantities of materials used in plugging and the location, nature, and extent by depths, of the plugs.

5.2. Records of any tests or measurements made.

5.3. The amount, size, and location, by depths of any casing left in the well.

5.4. A statement of the volume of mud fluid used.

5.5. A complete report of the method used and the results obtained, if an attempt was made to part any casing.

6. Upon application to and approval by the division, and following assumption of liability for the well by the surface owner, a well or other exploratory hole that may safely be used as a fresh water well need not be filled above the required sealing plugs set below the fresh water formation. The owner of the surface of the land affected may assume liability for any well capable of conversion to a water well by sending a letter assuming such liability to the division and by filing an application with and obtaining approval for appropriation of underground water from the Division of Water Rights.

7. Unless otherwise approved by the division, all abandoned wells shall be marked with a permanent monument showing the well number, location, and name of the lease. The monument shall consist of a portion of pipe not less than four inches in diameter and not less than ten feet in length, of which four feet shall be above the ground level and the remainder shall be securely embedded in cement. The top of the pipe must be permanently sealed.

8. If any casing is to be pulled after a well has been abandoned, a notice of intent to pull casing must be filed with the division and its approval obtained before the work is commenced.

8.1. The notice shall include full details of the contemplated work. If a log of the well has not already been filed with the division, the notice shall be accompanied by a copy of the log showing all casing seats as well as all water strata and oil and gas shows.

8.2. Where the well has been abandoned and liability has been terminated with respect to the bond previously furnished under R649-3-1, a \$10,000 plugging bond shall be filed with the division by the applicant.

R649-3-25. Underground Disposal of Drilling Fluids.

1. Operators shall be permitted to inject and dispose of reserve pit drilling fluids downhole in a well upon submitting an application for such operations to the division and obtaining its approval. Injection of reserve pit fluids shall be considered by the division on a case-by-case basis.

2. Each proposed injection procedure will be reviewed by the division for conformance to the requirements and standards for permitting disposal wells under R649-5-2 to assure protection

of fresh-water resources.

3. The subsurface disposal interval shall be verified by temperature log, or suitable alternative, during the disposal operation.

4. The division shall designate other conditions for disposal, as necessary, in order to ensure safe, efficient fluid disposal.

R649-3-26. Seismic Exploration.

1. Form 1, Application for Permit to Conduct Seismic Exploration shall be submitted to the division by the seismic contractor at least seven days prior to commencing any type of seismic exploration operations. In cases of emergency, approval may be obtained either verbally or by telegraphic communication.

1.1. Changes of plans or line locations may be implemented in an emergency situation without division approval.

1.2. Within five days after the change is performed, the seismic contractor shall submit written notice of the change to the division.

1.3. The permit may be revoked at any time by the division for failure to comply with the rules and orders of the board.

1.4. Any request to deviate from the general plugging and operations procedures of these rules shall be included on the permit application.

1.5. The name, address, and telephone number of the seismic contractor's local contact shall be submitted to the division as soon as determined if not available when the permit application is submitted.

1.6. After review of the application for a seismic permit, the division may require written permission of the owner of the surface of the affected land if it is determined that the seismic operation may significantly impact any building, pipeline, water well, flowing spring, or other cultural or natural feature in the area.

1.7. The permit will be in effect for six months from the date of approval. The permit may be extended upon application to and approval by the division.

2. Bonding shall not be required for seismic exploration requiring the drilling of shot holes.

3. Seismic contractors shall give the division at least 24 hours advance notice of the plugging of seismic holes. The notice shall include the date and time the plugging activities are expected to commence, the name and address of the seismic contractor responsible for the holes, and, if different, the name and address of the hole plugging company.

4. Unless the seismic contractor can prove to the satisfaction of the division that another method will provide adequate protection to ground water resources and other man-made or natural features and will provide long-term land stability, the following procedures shall be required for the conduct of seismic operations and hole plugging:

4.1. Seismic contractors shall take reasonable precautions to avoid conducting shot hole operations closer than 1,320 feet to any building, pipeline, water well, flowing spring, or other cultural/natural feature, e.g., a historical monument, marker, or structure, that may be adversely affected by the seismic operations.

4.2. When nonartesian water is encountered while drilling seismic shot holes, the holes shall be filled from the bottom up with a high grade bentonite/water slurry mixture.

4.3. The slurry shall have a density that is at least four percent greater than the density of fresh water and shall have a marsh funnel viscosity of at least 60 seconds per quart.

4.4. The density and viscosity of the slurry are to be measured prior to adding cuttings. Cuttings not added to the slurry are to be disposed of in accordance with R649-3-26-4.6.

4.5. Upon approval by the division, any other suitable

plugging material commonly used in the industry may be substituted for the bentonite/water slurry as long as the physical characteristics of the substitute plugging material are at least comparable to those of the bentonite/water slurry.

4.6. The hole shall be filled with the substitute plugging material from the bottom up to a depth of three feet below ground level.

4.7. A nonmetallic permaplug shall be set at a depth of three feet. The remaining hole shall be filled and tamped to the surface with cuttings and native soil.

4.8. The permaplug shall be imprinted with an approved identification number or mark.

4.9. When drilling with air only, and in completely dry holes, plugging may be accomplished by returning the cuttings to the holes, tamping the returned cuttings to the depth of three feet below ground level, and setting the permaplug topped with more cuttings and soil. A small mound shall be left over the hole for settling allowance.

4.10. If artesian flow, water flowing at the surface, is encountered in the drilling of any seismic hole, cement shall be used to seal off the water flow to prevent cross-flow, erosion, or contamination of fresh water supplies.

4.11. Unless severe weather conditions prevent access, the holes shall be cemented immediately.

4.12. Approval may be granted to seismic operator to plug a flowing hole in another manner, if it is proved to this division that the alternate method will provide adequate protection to ground water resources and provide long term land stability.

4.13. The owner of the surface of the land affected may assume liability for a seismic hole capable of conversion to a water well by sending a letter assuming such liability to the division and by filing an application with and obtaining approval for appropriation of underground water from the Division of Water Rights.

4.14. Shotholes shall be properly plugged and abandoned as soon as practical after the shot has been fired.

4.15. No shothole shall be left unplugged for more than 30 days without approval of the division.

4.16. Until properly plugged, shotholes shall be covered with a tin hat or other similar cover.

4.17. The hats shall be imprinted with the seismic contractor's name or initials.

4.18. Any slurry, drilling fluids, or cuttings that are deposited on the surface around the seismic hole shall be raked or otherwise spread out to a height of not more than one inch above the surface, so that the growth of the natural grasses or foliage will not be impaired.

4.19. Restoration plans required by the Mined Land Reclamation Act, Chapter 8 of Title 40, or by any other surface management agency will be accepted by the division.

4.20. The surface area around each seismic shothole shall be reclaimed and reseeded to its original condition insofar as such restoration is practical and is required by the surface management agency.

4.21. All flagging, stakes, cables, cement, or mud sacks shall be removed from the drill site and disposed of in an acceptable manner.

5. Upon application to the division, approval may be obtained for preplugging of shotholes using coarse bentonite material or a suitable alternative used in the industry. Preplugging of holes in this manner shall be performed according to the following procedures:

5.1. A sales receipt indicating proof of purchase of an adequate amount of coarse bentonite to properly plug all shotholes shall be submitted to the division upon request.

5.2. For shotholes drilled with air that are completely dry, the seismic contractor shall have the option of preplugging with the coarse bentonite material or of using an alternate plugging material under R649-3-26-4.3.

5.3. For conventionally drilled, wet holes, enough approved material shall be used to cover the initial water level, i.e., the depth of the initial water level in the hole prior to adding coarse bentonite material shall be equal to the final plug depth.

5.4. An additional ten feet of approved material shall be placed above this depth and hole cuttings shall be used to fill the remainder of the hole to a depth of three feet below ground level.

5.5. A nonmetallic plug imprinted with an approved identification number or mark shall be installed at this depth.

5.6. The remaining three feet of hole shall be filled and tamped to the surface with cuttings and native soil.

5.7. The remaining cuttings shall be raked or spread to a height not to exceed one inch above ground level.

5.8. When using heliportable drills and insufficient cuttings are available, the hole shall be preplugged with bentonite plugging material or an approved alternate material to a depth of three feet below ground level.

5.9. Installation of a nonmetallic plug and filling the remainder of the hole shall be performed as required by R649-3-26-5.3.

5.10. The coarse bentonite plugging material shall have the following specifications - chemically unaltered sodium bentonite, coarse ground, three quarter inch maximum size, not more than 19% moisture content and not more than 15% inert solids by volume.

6. Form 2, Seismic Exploration Completion Report shall be submitted to the Division within 60 days after completion of each seismic exploration project. The report shall include: Certification by the seismic contractor that all shot holes have been plugged as prescribed by the division.

R649-3-27. Multiple Mineral Development.

1. Drilling operations conducted in areas designated by the board for multiple mineral development shall comply with all rules or orders of the board for drilling, casing, cementing, and plugging except as the general rules or orders may be modified by this rule.

2. It is the policy of the division to promote the development of all mineral resources on land under its jurisdiction. Consistent with that policy, operators engaged in oil and gas operations on lands on which operators are exploring for and developing mineral resources other than oil and gas may enter into a cooperative agreement with these other operators with respect to multiple mineral development. The agreement shall define:

2.1. The extent and limits of liability when one operator, either intentionally or unintentionally, interferes with or damages the deposits of another.

2.2. The coordination of access to and development of the area.

2.3. Mitigation of surface impact including but not limited to issues pertaining to relocation of natural gas pipeline gathering and distribution systems and other surface facilities occasioned by placement of a spent shale pile; phased or coordinated surface occupancy so as to allow each operator to enjoy his respective mineral estate with the least disruption of operations and damage to the oil and gas deposits, either directly or indirectly, through waste; and limitation of oil and gas operations in areas of concentrated surface oil shale facilities.

2.4. Mitigation of subsurface impact including but not limited to issues pertaining to the interface in the underground environment of oil shale mining operations with other mineral operations.

2.5. The extent of exchange of geological, engineering, and production data.

2.6. Other cooperative efforts consistent with multiple mineral development under the rules and orders of the board pertaining to oil and gas operations, oil shale operations, and mined land reclamation.

3. The division, together with the Division of Forestry, Fire and State Lands, and School and Institutional Trust Lands Administration shall be signatory to the agreement, where applicable.

4. In the event the operators cannot agree on cooperative development of their respective mineral deposits, or having once entered into a cooperative agreement subsequently disagree on the application of the terms and provisions thereof, any operator whose oil and gas or mining operation or deposit may be adversely affected or damaged by the operations of another operator may apply to the board for, or the board may on its own motion enter an order, after notice and hearing, delineating the respective rights and obligations of all operators with respect to development of all minerals concerned.

5. After notice and hearing the board may modify its order to more effectively carry out the policies of multiple mineral development.

R649-3-28. Designated Potash Areas.

1. In any area designated as a potash area, either by the board, or an appropriate state or federal government agency, all wells shall be drilled, cased, cemented, and plugged in accordance with the rules and orders of the board. The following minimum requirements and definitions shall also apply to the drilling, logging, casing, and plugging operations within the Salt Section to protect against migration of oil, gas, or water into or within any formation or zone containing potash. As used in this rule, Salt Section shall mean the Paradox Salt Section of Pennsylvanian Age.

2. Any drilling media used through the Salt Section shall be such that sodium chloride is not soluble in the media at normal temperatures.

3. Gamma ray-neutron, gamma ray-sonic or other appropriate logs shall be run promptly through the Salt Section. One field copy of the log through the Salt Section shall be submitted to the division within ten days, or upon the request of the division, whichever is the earlier.

4. A directional survey shall be run from a point at least 20 feet below the Salt Section to the surface. The survey shall be filed with the division prior to completion or plugging and abandonment of the well.

5. In addition to the requirements of the R649-3-8, any casing set into or through the Salt Section shall be cemented solidly through the Salt Section above the casing shoe.

6. Any cement used in setting casing or in plugging that comes in contact with the Salt Section shall be of such chemical composition as to avoid dissolution of the Salt Section and to provide weight, strength, and physical properties sufficient to protect uphole formations and prevent blowouts or uncontrolled flows.

7. If a well is dry, cement plugs at least 200 feet in length shall be placed across the top and the base of the Salt Section, across any oil, gas or water show, and across any potash zone.

7.1. Plugs shall not be required inside a properly cemented casing string. The division shall approve the location of the plugs after examining the appropriate logs, drilling and testing records for the well.

7.2. No well shall be temporarily abandoned with open hole in the Salt Section.

8. The division may inspect the drilling operations at all times, including any mining operations that may affect any drilling or producing well bores. A potash owner, if contributing by agreement to the logging and directional survey costs of a well, may inspect the well for compliance with this rule.

9. Before commencing drilling operations for oil or gas on any land within designated potash area, the operator shall furnish by registered mail, a copy of the APD, together with the plat or map required under R649-3-4, to all potash owners and lessees whose interests are within a radius of 2,640 feet of the proposed

well.

10. After proper notice and hearing, the board may modify this rule for a particular well or area by requiring that greater or lesser precautions be taken to prevent the escape of oil, gas, or water from one stratum into another. The board may also expand or contract from the designated potash areas.

R649-3-29. Workable Coal Beds.

1. Prior to commencing drilling operations for oil and gas on any lands where there are mine workings, the operator shall furnish a copy of the APD, a plat or map as required under R649-3-4, and a designation of the proposed angle and direction of the well, if the well is to be deviated substantially from a vertical course, to all coal owners and lessees whose interests are within a radius of 5,280 feet of the proposed well.

2. A well penetrating one or more workable coal beds or mine workings shall be drilled to a depth and shall be of a size, to permit the placing of casing in the hole at the points and in the manner necessary to exclude all oil, gas or gas pressure from the coal bed, other than oil, gas or gas pressure originating in the coal bed.

3. Unless otherwise authorized by the division, the casing run through a coal bed shall be seated at least 50 feet into the closest impervious formation below the coal bed. The casing shall be cemented solidly through the coal bed to a height at least 50 feet into the closest impervious formation above the coal bed.

4. A directional survey or a cement bond log shall be performed and furnished to the division upon written request by the division.

5. Upon penetrating a coal bed the operator shall notify the division, in writing, before completing or plugging and abandoning the well.

R649-3-30. Underground Mining Operations.

1. Prior to commencing drilling operations for oil and gas on any land where there are known or suspected underground mining operations, solution mining operations or surface mining operations, including solar evaporation ponds, the operator shall include in the APD or in a separate cover letter, any information known to the operator concerning the name and address of the owner or operator of the mining workings.

2. The division may, with the concurrence of the operator, change the surface location of the proposed well if there appears to be any possibility of interference between the proposed well bore and the mine workings.

R649-3-31. Designated Oil Shale Areas.

1. Designated oil shale areas are subject to the general drilling, plugging and other performance standards described in this section, except where the board has adopted, by order, specific standards for individual oil shale areas. As of June 8, 2001, the board has adopted specific standards for individual oil shale areas by board orders in Cause Nos. 190-5(b), 190-3, and 190-13. The board may adopt specific standards in other areas, or modify the above orders, in the future.

2. Lands may be designated as an oil shale area by the board, either upon its own motion, or upon the petition of an interested person following notice and hearing.

3. As used in this rule, oil shale section means the sequence of strata containing oil shale beds, including any interbedded strata not containing oil shale, consisting of the Parachute Creek Member of the Green River Formation of Tertiary Age, defined as the stratigraphic equivalent of the interval between 1,428 feet and 2,755 feet below the Kelly Bushing on the induction-electrical log of the Ute Trail No. 10 API No. 43-047-15382 well drilled by Dekalb Agricultural Association, Inc. and located in the NE 1/4 of Section 34, Township 9 South, Range 21 East, S.L.M., Uintah County, Utah. The Mahogany Zone is defined as the stratigraphic equivalent of

the interval between 2,230 feet and 2,360 feet below the Kelly Bushing on the induction-electrical log of the well cited above.

4. For purposes of identifying the oil shale intervals, an appropriate electrical log shall be run through the oil shale section. One field copy of the log through the oil shale section shall be made available to the division pursuant to R649-3-23 or upon written request by the division.

5. On all wells that are intentionally deviated from the vertical within the oil shale section, pursuant to the provisions of R649-3-10 and R649-3-11, a directional survey shall be run from a point at least 20 feet below the oil shale section to the surface and shall thereafter be filed with the division within 20 days after reaching total depth.

6. Any oil shale lessee or operator whose oil shale mine workings reach a distance of 2,640 feet from a producing well or any oil and gas lessee or operator whose producing well is approached by oil shale mine workings within a distance of 2,640 feet shall request agency action with the board. The board may promulgate an order after notice and hearing with respect to the running of a directional survey through the oil shale section, the cost and potential resource loss liability and responsibility as to the oil and gas operator and the oil shale lessee or operator and any other issues regarding multiple mineral development.

7. The directional survey shall be the confidential property of the parties paying for the survey and shall be kept confidential until released by said parties or the division.

8. In addition to the requirements pertaining to the cementing of casing contained in the R649-3-8, any casing set into or through the oil shale section shall be cemented over the entire oil shale section.

9. If a well is dry, junked or abandoned, a cement plug shall be placed across that portion of the oil shale section extending 200 feet above and 200 feet below the longitudinal center of the Mahogany Zone. The cement plug shall not be required inside a casing cemented in accordance with R649-3-31-8. When the casing is cemented, cement plugs 200 feet in length shall be centered across the top and across the base of the Parachute Creek Member of the Green River Formation.

10. In the event the casing is not cemented in accordance with R649-3-31-8, the division shall approve the method and procedure to prevent the migration of oil, gas, and other substances through the wellbore from one formation to another.

11. The division shall approve the adequacy and location of the cement plugs after examining the appropriate logs and drilling and testing records for the well, to ensure that the oil shale section is adequately protected.

12. Upon written request of the owner or operator under R649-8-6, the division shall keep all well logs confidential. The division may inspect the drilling operations at all times, including any mining operations that may affect drilling or producing well bores.

13. Before commencing drilling operations for oil or gas on any land within a designated oil shale area, the operator shall furnish a copy of the APD, together with a plat or map as directed under R649-3-4, to all oil shale owners or their lessees whose interests are within a radius of 2,640 feet of the proposed well. The operator shall furnish a notice of intention to plug and abandon any well in the oil shale area, as required under R649-3-24-1, to the owners or their lessees prior to commencement of plugging operations.

14. The operator shall use generally accepted techniques for vertical or directional drilling as defined under R649-3-10 and R649-3-11 to maintain the well bore within an intact core of a mine pillar. Within 20 days of reaching the total depth or before completion of the well, whichever is the earlier, a directional survey shall be run as prescribed by this rule.

R649-3-32. Reporting of Undesirable Events.

1. The division shall be notified of all fires, leaks, breaks,

spills, blowouts, and other undesirable events occurring at any oil or gas drilling, producing, or transportation facility, or at any injection or disposal facility.

2. Immediate notification shall be required for all major undesirable events as outlined in R649-3-32-5.

2.1. Immediate notification shall mean a verbal report submitted to the division as soon as practical but within a maximum of 24 hours after discovery of an undesirable event.

2.2. A complete written report of the incident shall also be submitted to the division within five days following the conclusion of an undesirable event.

2.3. The requirements for written reports are specified in R649-3-32-4.

3. Subsequent notification shall be required for all minor undesirable events as outlined in R649-3-32-6.

3.1. Subsequent notification shall mean a complete written report of the incident submitted to the division within five days following the conclusion of an undesirable event.

3.2. The requirements for written reports are specified in R649-3-32-4.

4. Complete written reports of undesirable events may be submitted on Form 9, Sundry Notice and Report on Wells. The report shall include:

4.1. The date and time of occurrence and, if immediate notification was required, the date and time the occurrence was reported to the Division.

4.2. The location where the incident occurred described by section, township, range, and county.

4.3. The specific nature and cause of the incident.

4.4. A description of the resultant damage.

4.5. The action taken, the length of time required for control or containment of the incident, and the length of time required for subsequent cleanup.

4.6. An estimate of the volumes discharged and the volumes not recovered.

4.7. The cause of death if any fatal injuries occurred.

5. Major undesirable events include the following:

5.1. Leaks, breaks or spills of oil, salt water or oil field wastes that result in the discharge of more than 100 barrels of liquid, that are not fully contained on location by a wall, berm, or dike.

5.2. Equipment failures or other accidents that result in the flaring, venting, or wasting of more than 500 Mcf of gas.

5.3. Any fire that consumes the volumes of liquid or gas specified in R649-3-32-5.1 and R649-3-32-5.2.

5.4. Any spill, venting, or fire, regardless of the volume involved, that occurs in a sensitive area stipulated on the approval notice of the initial APD for a well, e.g., parks, recreation sites, wildlife refuges, lakes, reservoirs, streams, urban or suburban areas.

5.5. Each accident that involves a fatal injury.

5.6. Each blowout, loss of control of a well.

6. Minor undesirable events include the following:

6.1. Leaks, breaks or spills or oil, salt water, or oil field wastes that result in the discharge of more than ten barrels of liquid and are not considered major events in R649-3-32-5.

6.2. Equipment failures or other accidents that result in the flaring, venting or wasting of more than 50 Mcf of gas and are not considered major events in R649-3-32-5.

6.3. Any fire that consumes the volumes of liquid or specified in R649-3-32-6.1 and R649-3-32-6.2.

6.4. Each accident involving a major or life-threatening injury.

R649-3-33. Drilling Procedures in the Great Salt Lake.

1. For all drilling activities proposed within the Great Salt Lake, the APD required by R649-3-4 shall be filed at least 30 days prior to the date on which the operator intends to commence operations. As part of the APD, the operator shall

include:

1.1. The name of the drilling contractor and the number and type of rig to be used.

1.2. An illustration of the boundaries of all state or federal parks, wildlife refuges, or waterfowl management areas within one mile of the proposed well location.

1.3. An illustration of the locations of all evaporation pits, producing wells, structures, buildings, and platforms within one mile of the proposed well location.

1.4. An oil spill emergency contingency plan.

2. Unless permitted by the board after notice and hearing, no well shall be drilled that has a surface location:

2.1. Within 1,320 feet from an evaporation pit without the consent of the operator of such pit.

2.2. Within one mile from the boundary of a state or federal park, wildlife refuge, or waterfowl management area without the consent of the appropriate state or federal regulatory agency.

2.3. Within three miles of Gunnison Island during the Pelican nesting season (March 15 through September 30) or within one mile from said island at any other time.

2.4. Within any area south of the Salt Lake Base Meridian Line.

2.5. Within any area north of Township 10 North.

2.6. Within one mile inside of what would be the water's edge if the water level of the Great Salt Lake were at the elevation of 4,193.3 feet above sea level.

3. Well casing and cementing shall be subject to the following special requirements for the purpose of this rule, the several casing strings in order of normal installation are drive or structural casing, conductor casing, surface casing, intermediate casing, and production casing. All depths refer to true vertical depth:

3.1. The drive or structural casing shall be set by drilling, driving or jetting to a minimum depth of 50 feet below the floor of the lake bed or to such greater depth required to support unconsolidated deposits and to provide hole stability for initial drilling operations. If drilled in, the drilling fluid shall be a type that will not pollute the lake; in addition, a quantity of cement sufficient to fill the annular space back to the lake floor with returns circulated, must be used.

3.2. The conductor casing shall be set at a minimum depth of 200 feet below the floor of the lake, and shall be cemented with a quantity sufficient to fill the annular space back to the lake surface with returns circulated.

3.3. The surface casing shall be set at a minimum depth of 500 feet if the proposed depth of the well is less than 7,000 feet; or 1,000 feet if the proposed depth is over 7,000 feet but less than 11,000 feet; or 1,500 feet if the depth is 11,000 feet. The casing shall be cemented with a quantity sufficient to fill the annular space back to the lake surface with returns circulated, and the bottom of the casing shall be in competent rock.

3.4. The intermediate and production casing shall be set at any time when drilling below the surface casing and hole conditions justify setting casing. This casing will be cemented in such a manner that all hydrocarbons, water aquifers, lost-circulation or zones of significant porosity and permeability, significant beds containing priority minerals, and abnormal pressure intervals are covered or isolated.

3.5. Prior to drilling the plug after cementing, all casing strings except the drive or structural casing, shall be pressure tested. This test shall not exceed the rated working pressure of the casing. If the pressure declines more than ten percent in 30 minutes, or if there are other indications of a leak, corrective measures must be taken until a satisfactory test is obtained. All casing pressure tests shall be recorded on the driller's log.

4. Blowout preventers and related well control equipment shall be installed, and tested in a manner necessary to prevent blowouts and shall be subject to the following special conditions:

4.1. Prior to drilling below the surface casing, blowout prevention equipment shall be installed and maintained ready for use until drilling operations are completed.

4.2. An inside blowout preventer assembly and a full opening string safety valve in the open position shall be maintained on the rig floor at all times while drilling operations are being conducted.

4.2.1. Valves shall be maintained on the rig floor to fit all pipe in the drill string.

4.2.2. A top kelly cock shall be installed below the swivel and another at the bottom of the kelly of such design that it can be run through the blowout preventers.

4.3. Before drilling below the surface casing the blowout prevention equipment shall include a minimum of:

4.3.1. Three remotely and manually controlled, hydraulically operated blowout preventers with a rated working pressure that exceeds the maximum anticipated surface pressure, including one equipped with pipe rams, one with blind rams and one hydril type.

4.3.2. A drilling spool with side outlets, if side outlets are not provided in the blowout preventer body.

4.3.3. A choke manifold.

4.3.4. A kill line.

4.3.5. A fill-up line.

4.4. Ram-type blowout preventers and related control equipment shall be tested to the rated working pressure of the stack assembly or to the working pressure of the casing, whichever is the lesser, at the following times:

4.4.1. When installed.

4.4.2. Before drilling out after each string of casing is set.

4.4.3. Not less than once each week while drilling.

4.4.4. Following repairs that require disconnecting a pressure seal in the assembly.

4.5. The hydril-type blowout preventer shall be tested to 70 percent of the pressure testing requirements of ram-type blowout preventers. The hydril-type blowout preventer shall be actuated on the drill pipe once each week.

4.6. Accumulators or accumulators and pumps shall maintain a reserve capacity at all times to provide for repeated operation of hydraulic preventers.

4.7. A blowout prevention drill shall be conducted weekly for each drilling crew to insure that all equipment is operational and that crews are properly trained to carry out emergency duties. All blowout preventer tests and crew drills shall be recorded on the driller's log.

5. The characteristics and use of drilling mud and the conduct of related drilling procedures shall be such as are necessary to maintain the well in a safe condition to prevent uncontrolled blowouts of any well. Quantities of mud materials sufficient to insure well control shall be maintained and readily accessible for use at all times.

6. Mud testing equipment shall be maintained on the derrick floor at all times, and mud tests consistent with good operating practice shall be performed daily, or more frequently as conditions warrant. The following mud system monitoring equipment must be installed, with derrick floor indicators, and used throughout the period of drilling after setting and cementing the surface casing:

6.1. A recording mud pit level indicator including a visual and audio warning device to determine mud pit volume gains and losses.

6.2. A mud return indicator to determine when returns have been obtained, or when they occur unintentionally, and additionally to determine that returns essentially equal the pump discharge rate.

7. In the conduct of all oil and gas operations, the operator shall prevent pollution of the waters of the Great Salt Lake. The operator shall comply with the following pollution prevention requirements:

7.1. Oil in any form, liquid or solid wastes containing oil, shall not be disposed of into the waters of the lake.

7.2. Liquid or solid waste materials containing substances that may be harmful to aquatic life or wildlife, or injurious in any manner to life and property, or that in any way unreasonably adversely affects the chemicals or minerals in the lake shall not be disposed of into the waters of the lake.

7.3. Waste materials, exclusive of cuttings and drilling media, shall be transported to shore for disposal.

8. All spills or leakage of oil and liquid or solid pollutants shall be immediately reported to the division. A complete written statement of all circumstances, including subsequent clean-up operation, shall be forwarded to said agencies within 72 hours of such occurrences.

9. Standby pollution control equipment consistent with the state of the art, shall be maintained by, and shall be immediately available to, each operator.

R649-3-34. Well Site Restoration.

1. The operator of a well shall upon plugging and abandonment of the well restore the well site in accordance with these rules.

2. For all land included in the well site for which the surface is federal, Indian, or state ownership, the operator shall meet the well site restoration requirements of the appropriate surface management agency.

3. For all land included in the well site for which the surface is fee or private ownership, the operator shall meet the well site restoration requirements of the private landowner or the minimum well site restoration requirements established by the division.

4. Well site restoration on lands with fee or private ownership shall be completed within one (1) year following the plugging of a well unless an extension is approved by the division for just and reasonable cause.

5. These rules shall not preclude the opportunity for a private landowner to assume liability for the well as a water well in accordance with R649-3-24.6.

6. The operator shall make a reasonable effort to establish surface use agreements with the owners of land included in the well site prior to the commencement of the following actions on fee or private surface:

6.1. Drilling a new well.

6.2. Reentering an abandoned well.

6.3. Assuming operatorship of existing wells.

7. Upon application to the division to perform any of the aforementioned and prior to approval of such actions by the division, the operator shall submit an affidavit to the division stating whether appropriate surface use agreements have been established with and approved by the surface landowners of the well site.

8. If necessary and upon request by the division, the operator shall submit a copy of the established surface use agreements to the division.

9. If no surface use agreement can be established, the division shall establish minimum well site restoration requirements for any well located on fee or private surface for the purposes of final bond release.

10. Established surface use agreements may be modified or terminated at any time by mutual consent of the involved parties; however, the operator shall notify the division if such is the case and if a surface use agreement is terminated without a new agreement established, the division shall establish minimum well site reclamation requirements.

11. The operator shall be responsible for meeting the requirements of any surface use agreement, and it shall be assumed by the division until notified otherwise that surface use agreements remain in full force and effect until all the requirements of the agreement are satisfied or until the

agreement has been terminated by mutual consent of the involved parties.

12. The surface use agreement shall stipulate the minimum well site restoration to be performed by the operator in order to allow final release of the bond.

13. The final bond release by the division shall include a determination by the division whether or not the operator has met the requirements of an established surface use agreement, and the division may suspend final bond release until the operator has completed all the requirements of the surface use agreement.

14. The agreement may state requirements for well site grading, contouring, scarification, reseeding, and abandonment of any equipment or facilities for which the landowner agrees to assume liability.

15. The agreement shall not address operations regulated by the rules and orders of the board such as:

15.1. Disposal of drilling fluid, produced fluid, or other fluid waste associated with the drilling and production of the well.

15.2. Reclamation or treating of waste crude oil.

15.3. Any other operation or condition for which the board has jurisdiction.

16. If the operator cannot establish surface use agreements then the operator shall so notify the division.

17. Within 30 days of the notification or as soon as weather conditions permit, the division shall conduct an inspection and evaluation of the well site in order to establish minimum well site restoration requirements for the purpose of final bond release.

18. The operator shall be given notice by the division of the date and time of the inspection, and if the operator cannot attend the inspection at the scheduled date and time, the division may reschedule the inspection to allow the operator to participate.

19. The surface landowner, agent or lessee shall be given notice by the operator of such inspection and may participate in the inspection; however, if the surface landowner cannot attend the inspection, the division shall not be required to reschedule the inspection in order to allow the surface landowner to participate.

20. The evaluation shall consider the condition of the land prior to disturbance, the extent of proposed disturbance, the degree of difficulty to conduct complete restoration, the potential for pollution, the requirements for abating pollution, and the possible land use after plugging and restoration are completed.

21. Within 30 days after performing the inspection, the division shall provide the operator with the results of the inspection and the evaluation listing the minimum well site restoration requirements established by the division.

22. The division shall retain a record of the inspection and the evaluation, and if necessary and upon written request by an interested party, the division shall provide a copy of the minimum well site restoration requirements established by the division.

23. If any person disagrees with the results of the inspection and the evaluation and desires a reconsideration of the minimum well site restoration requirements established by the division, such person may submit a request to the board for a hearing and order to modify the requirements.

24. The board, after proper notice and hearing, may issue an order modifying the minimum well site restoration requirements established by the division.

25. The minimum well site restoration requirements established by the division or by board order shall be considered part of any permit granted by the division to conduct operations at a well site, and the inability of the operator to meet such requirements shall be considered grounds for forfeiture of the bond.

26. If the minimum well site restoration requirements suggest to the division that bond coverage for a well should be increased, the division shall take action as stated in R649-3-1.

R649-3-35. Wildcat Wells.

1. For purposes of qualifying for a severance tax exemption under Section 59-5-102(5)(b), an operator must file an application with the division for designation of a wildcat well.

1.1. The application may be filed prior to drilling the well, and a tentative determination of the wildcat designation will be issued at that time. An application or request for final designation of wildcat status as appropriate, must be filed at the time of filing of Form 8, Well Completion or Recompletion Report and Log.

1.2. The application shall contain, where applicable, the following information:

1.2.1. A plat map showing the location of the well in relation to producing wells within a one mile radius of the wellsite.

1.2.2. A statement concerning the producing formation or formations in the wildcat well and also the producing formation or formations of the producing wells in the designated area, including completion reports and other appropriate data.

1.2.3. Stratigraphic cross sections through the producing wells in the designated area and the proposed wildcat well.

1.2.4. A statement as to whether the well is in a known geologic structure. However, whether the well is in a known geologic structure shall not be the sole basis of determining whether the well is a wildcat.

1.2.5. Bottomhole pressures, as applicable, in a wildcat well compared to the wells producing in the designated area from the same zone.

1.2.6. Any other information deemed relevant by the applicant or requested by the division.

2. Information derived from well logs, including certain information in completion reports, stratigraphic cross sections, bottomhole pressure data, and other appropriate data provided in R649-3-35-1 will be held confidential in accordance with R649-2-11 at the request of the operator.

3. The division shall review the submitted information and advise the operator and the State Tax Commission of its decision regarding the wildcat well designation as related to Section 59-5-102(5)(b).

4. The division is responsible for approval of a request for designation of a well as a wildcat well. If the operator disagrees with the decision of the division, the decision may be appealed to the board. Appeals of all other tax-related decisions concerning wildcat wells should be made to the State Tax Commission.

R649-3-36. Shut-in and Temporarily Abandoned Wells.

1. Wells may be initially shut-in or temporarily abandoned for a period of twelve (12) consecutive months. If a well is to be shut-in or temporarily abandoned for a period exceeding twelve (12) consecutive months, the operator shall file a Sundry Notice providing the following information:

1.1. Reasons for shut-in or temporarily abandonment of the well,

1.2. The length of time the well is expected to be shut-in or temporarily abandoned, and

1.3. An explanation and supporting data, for showing the well has integrity, meaning that the casing, cement, equipment condition, static fluid level, pressure, existence or absence of Underground Sources of Drinking Water and other factors do not make the well a risk to public health and safety or the environment.

2. After review the Division will either approve the continued shut-in or temporarily abandoned status or require remedial action to be taken to establish and maintain the well's integrity.

3. After five (5) years of nonactivity or nonproductivity, the well shall be plugged in accordance with R649-3-24, unless approval for extended shut-in time is given by the Division upon a showing of good cause by the operator.

4. If after a five (5) year period the well is ordered plugged by the Division, and the operator does not comply, the operator shall forfeit the drilling and reclamation bond and the well shall be properly plugged and abandoned under the direction of the Division.

R649-3-37. Enhanced Recovery Project Certification.

1. In order for incremental production achieved from an enhanced recovery project to qualify for the severance tax rate reduction provided under Subsection 59-5-102(7), the operator on behalf of the producers shall present evidence demonstrating that the recovery technique or techniques utilized qualify for an enhanced recovery determination and the Board must certify the project as an enhanced recovery project.

2. For enhanced recovery projects certified by the Board after January 1, 1996:

2.1. As part of the process of certifying incremental production that qualifies for a reduction in the severance tax rate under Subsection 59-5-102(7), the operator shall furnish the Division:

2.1.1. An extrapolation (projection) and tabulation of expected non-enhanced recovery of oil and gas production from the project.

2.1.2. The projection shall be for not less than seventy-two (72) months commencing with the first month following the project certification by the Board.

2.1.3. The projection shall be based on production history of all wells within the project area for not less than twelve (12) months immediately preceding either certification or commencement of the project; reservoir and production characteristics; and the application of generally accepted petroleum engineering practices.

2.1.4. The projected production volumes approved by the division shall serve as the base level production for purposes of determining the incremental oil and gas production that qualifies for a reduction in the severance tax rate.

2.2. The operator shall provide a statement as to all assumptions made in preparing the projection and any other information concerning the project that the division may reasonably require in order to evaluate the operator's projection.

2.3. An operator's request for incremental production certification may be approved administratively by the Director or authorized agent. The Director or authorized agent shall review the request within 30 days after its receipt and advise the operator of the decision. If the operator disagrees with the Director or authorized agent's decision, the operator may request a hearing before the Board at its next regularly scheduled hearing. The Director or authorized agent may also refer the matter to the Board if a decision is in doubt.

2.4. Upon approval of a request for incremental production certification, the Director or authorized agent shall forward a copy of the certification to the Utah Tax Commission.

R651. Natural Resources, Parks and Recreation.**R651-409. Minimum Amounts of Liability Insurance Coverage for an Organized Practice or Sanctioned Race.****R651-409-1. Insurance Policy Requirements Maintained.**

The insurance specifications for Subsections 41-22-29(1)(a) and (b) for an organization conducting "organized practices" or "sanctioned races" shall be a continuously maintained policy fully covering insurable responsibilities. This insurance policy shall be obtained from a reliable insurance company that is authorized to do business in Utah and is at all times A.M. Best Company rated "A" or better with a financial size category of XII or larger. The policy shall include Comprehensive General Liability Insurance, including coverage for premises and operations, products, combined single limit per occurrence, and an aggregate of not less than \$1,000,000 combined single limit per occurrence, and an aggregate of not less than \$1,000,000, which shall be designated as applying only to the organization conducted under Subsections 41-22-29(1)(a) and (b) U.C.A. 1953. If this coverage is written on a claims-made basis, the certificate of insurance shall so indicate. The policy shall also contain an extended-reporting-period provision or similar "tail" provision that keeps full insurance in force for claims reported up to three (3) years after the organization ceases activities covered by the policy. The insurance policy shall be endorsed to add all persons providing services or who own lands affected by the activities conducted.

R651. Natural Resources, Parks and Recreation.**R651-617. Permit Violation.****R651-617-1. Revocation or Suspension of Permit.**

A permit may be revoked or suspended for a time, from a minimum of seven (7) days to a maximum of the duration of the permit by the division director or individual designated by the division director if one or more of the following actions are found to have occurred, based on their severity: (1) false or fictitious statements or qualifications were provided to obtain the permit; (2) the terms or conditions of the permit were violated; or (3) the permit holder allowed the permit to be used by an unauthorized person; or (4) the permit is found to be intentionally altered or changed. In addition, a fine of \$500 may be assessed.

R651-633-2. General Closures or Restrictions.

Persons are prohibited from being in a closed area or participating in a restricted activity as listed for the following park areas:

(1) Coral Pink Sand Dunes State Park - Motorized vehicle use is prohibited in the non-motorized area of the sand dunes, except for limited and restricted access through the travel corridor;

(2) Dead Horse State Park - Hang gliding, para gliding and B.A.S.E. jumping is prohibited;

(3) Deer Creek State Park - Dogs are prohibited below high water line and in or on the reservoir except for guide or service dogs as authorized by Section 26-30-2;

(4) Jordanelle State Park - Dogs are prohibited in the Rock Cliff area except for the Perimeter Trail and designated parking areas except for guide or service dogs as authorized by Section 26-30-2;

(5) Palisade State Park - Cliff diving is prohibited;

(6) Red Fleet State Park - Cliff diving/jumping is prohibited; and

(7) Snow Canyon State Park -

(a) All hiking and walking in the park is limited to roadways, designated trails and slick rock areas and the Sand Dunes area,

(b) Jenny's Canyon Trail is closed annually from March 15 to June 1,

(c) Johnson's Arch Canyon access is closed annually from March 15 to October 31 by permit or guided walk, the canyon is open from November 1 to March 14.

(d) Black Rocks Canyon is closed annually from March 15 to June 30,

(e) West Canyon climbing routes are closed annually from February 1 to June 1.

(f) Dogs are prohibited on all trails and natural areas of the park unless posted open, except for guide or service dogs as authorized by Section 26-30-2.

(g) Hang gliding, para gliding and B.A.S.E. jumping is prohibited.

R651. Natural Resources, Parks and Recreation.**R651-634. Nonresident OHV User Permits and Fees.****R651-634-1. User Permits and Fees.**

Except as provided below, any nonresident owning an off-highway vehicle, who operates or gives another person permission to operate the off-highway vehicle on any public land, trail, street or highway in this state, shall pay an annual off-highway vehicle user fee.

1. A decal will be issued which proves payment has been made. The decal will then be displayed on the off-highway vehicle as follows: On snowmobiles, the decal shall be mounted on the left side of the hood, pan or tunnel. On motorcycles, the decal shall be mounted on the left fork, or on the left side body plastic. On all-terrain vehicles, the decal shall be mounted on the rear of the vehicle. Vehicle types are defined in 41-22-2 UCA. In all instances, the decal shall be mounted in a visible location. The decal shall be non-transferable.

2. A receipt will be issued with the decal indicating the fee paid, the Vehicle Identification Number (VIN) of the off-highway vehicle, and the off-highway vehicle owner's name and address. This receipt shall remain with the off-highway vehicle at all times.

3. Fees charged will be in accordance with S.B. 14 (1999 Utah Laws 1, effective July 1, 1999), and H.B. 51 (2004 Utah Laws, Chapter 314, effective July 1, 2004) which state that the off-highway vehicle user annual fee will be \$30 per year.

4. Nonresident OHV user permits shall continue in effect for a period of 12 months beginning with the first day of the calendar month of purchase, and shall not expire until the last day of the same month in the following year.

Applicants for a nonresident OHV user permit shall provide evidence that the applicant is the owner of the off-highway vehicle, and is not a resident of Utah. Such evidence shall include:

a. A government issued identification card showing the state of residency of the off-highway vehicle owner, and one of the following:

(1) A title or certificate of registration from a state other than Utah.

(2) An original bill of sale; or

b. A sworn affidavit stating that the off-highway vehicle is owned by a nonresident of the State of Utah. The affidavit must state the name and address of the vehicle owner, and a description of the off-highway vehicle, including the Vehicle Identification Number (VIN).

Off-highway vehicles currently registered in a state offering reciprocal operating privileges to Utah residents shall be exempt from the nonresident user fee requirements of this rule. The Division shall maintain a list of states offering reciprocal operating privileges to Utah residents. This list shall be updated at least annually.

Provisions of this rule shall not apply to off-highway vehicles exempt under 41-22-35(1)(b)(i), or to off-highway vehicles participating in scheduled competitive events sponsored by a public or private entity, or in noncompetitive events sponsored in whole or in part by any governmental entity; or to Street Legal All-terrain Vehicles as defined in 41-6a-102(61), and registered for highway use in a state that offers reciprocal highway operating privileges to Utah residents operating Street Legal All-Terrain vehicles.

R651. Natural Resources, Parks and Recreation.**R651-635. Commercial Use of Division Managed Park Areas.****R651-635-1. No Commercial Activity in Park Areas without Specific Written Authorization.**

No commercial activity may be conducted on any park area managed or owned by the division unless the division has provided specific written authorization for that activity.

R651-635-2. Written Forms of Authorization.

Written authorization may be in the form of a concession contract, special use permit, lease, right of way, or other negotiated agreement.

R651-635-3. Signature Requirements - Division Documents.

Regardless of any preceding activities, no contract, agreement, lease, or other similar document is binding on the division until signed by the division director or deputy director, the division contract officer and any other individual as required by state law or regulation.

R651-635-4. Signature Requirements - Special Use Permits.

No special use permit is binding on the division until signed by the park manager of the park where the activity to be carried out under the permit will occur and the region manager supervising the park.

R651-635-5. Forms Provided by Division.

The division shall provide forms and documents that provide authorization for commercial activity, special uses, and other privileged uses of park areas managed or owned by the division.

KEY: parks**June 11, 2001****79-2-402(4) and (5)****Notice of Continuation August 24, 2010****79-4-304****79-2-402(6), (7), and (8)**

R651. Natural Resources. Parks and Recreation.**R651-636. Procedures for Application to Receive Funds From the Zion National Park Restricted Account.****R651-636-1. Rulemaking Authority.**

UCA, Section 63-11-67(6c), states that in accordance with Title 63G, Chapter 3, the Utah Administrative Rulemaking Act, the division may make rules providing procedures and requirements for an organization to apply to the division to receive a distribution, under Subsection (5).

R651-636-2. Restricted Account.

This rule, as stated in H.B. 348, which enacted 63-11-17 Utah Code Annotated 1953, (2008 General Session), and that supports the Zion National Park Support Programs Restricted Account, provides procedures and process to obtain a special license, and indicates those who may be issued a special group license plate and the categories which apply.

R651-636-3. Application Process.

In order to receive funds from the Zions National Park Restricted Account, an applicant must be listed in a category found in Section 41-1a-422. The division shall receive and distribute voluntary contributions collected under Section 41-1a-422 in accordance with Section 63-11-67.

R651-636-4. Distribution Requests.

All distribution requests shall include the following documentation:

1. A signed and approved Zion National Park Donation Request form.
2. A signed copy of any agreement(s) and/or amendment(s) to agreements with Zions National Park.
3. In conjunction with Zions National Park and the Utah Department of Natural Resources (DNR), an audit review of each project may be requested and performed by DNR or Utah State Parks and Recreation staff.

R651-636-5. Application Review and Approval.

The Division of State Parks and Recreation will review and approve applications for disbursement of funds from the Restricted Account that is set up for receiving donations from those who are granted a Zion National Park Special Group License Plate.

R651. Natural Resources, Parks and Recreation.**R651-637. 2011 Antelope Island State Park Special Mule Deer and Bighorn Sheep Hunt.****R651-637-1. Authorization of a Hunt.**

(1) A hunt for mule deer and bighorn sheep on Antelope Island State Park is authorized for the fall of 2011. Access on Antelope Island State Park is authorized for purposes of hunting mule deer and bighorn sheep in the fall of 2011.

(2) All hunting shall be confined to the designated hunting unit which consists of that portion of approximately 26,000 acres on Antelope Island lying south of the chain link fence, commonly known as the "2000 acre fence" beginning in Farmington Bay and running in a south southwesterly direction and ending at White Rock Bay.

R651-637-2. Applicability of Law and Rules.

Hunting during the 2011 Antelope Island State Park Special Mule Deer and Bighorn Sheep Hunt shall be conducted in accordance with applicable state law, administrative code, hunting guidebooks of the Utah Wildlife Board, and in accordance with this rule.

R651-637-3. Season Dates.

The 2011 Antelope Island State Park Special Mule Deer and Bighorn Sheep Hunt shall be conducted during legal hunting hours as follows:

(1) Hunters obtaining a permit to hunt mule deer or bighorn sheep on Antelope Island through the competitive bid process may hunt during legal hours beginning 30 minutes before official sunrise on November 15, 2011 and ending 30 minutes after official sunset on November 24, 2011.

(2) Hunters obtaining a permit to hunt mule deer or bighorn sheep on Antelope Island through the public draw process may hunt during legal hours beginning 30 minutes before official sunrise on November 19, 2011 and ending 30 minutes after official sunset on November 24, 2011.

R651-637-4. Hunting Party Size.

Each hunter licensed to hunt during the 2011 Antelope Island State Park Special Mule Deer and Bighorn Sheep Hunt may be accompanied by up to four (4) non-hunting companions. Guides, photographers, packers and all other individuals accompanying the hunter in camp or in the field are included in this limit.

R651-637-5. Fees.

(1) Day use fees for licensed hunters and their companions will be waived for the duration of their hunt.

(2) Camping fees for hunters and their companions who desire to camp on Antelope Island during the hunt will be charged per the current fee schedule. All campers shall camp in designated areas as directed by park management.

R651-637-6. Access.

(1) Motor vehicle access will be limited to publicly accessible roads. No off-road, motorized vehicular travel will be allowed.

(2) Off-highway vehicles as defined in Title 41-22-2 UCA are not allowed on Antelope Island.

(3) During the hunt, foot and horse travel, including cross-country foot and horse travel, will be allowed in all areas of the hunting unit.

(4) Foot and horse travel outside the actual hunting season will be confined to designated roads and trails. This includes preseason scouting trips, unless conducted during regularly scheduled "Open Access Events".

R651-637-7. Mandatory Orientation.

A mandatory orientation will be held prior to the hunt at the

Antelope Island State Park Visitor Center. All license holders and their guides shall be in attendance at this orientation session.

R651-637-8. Mandatory Check-in and Check-out.

All hunters and their companions shall check in with Park Management at the beginning of their hunt and shall check out at the end of their hunt. In addition, any hunter or companion leaving or returning to Antelope Island during the course of the hunt shall check in or check out with Park Management. Instructions on checking in and out will be provided at the mandatory orientation.

R651-637-9. Handling of Harvested Wildlife.

The carcasses of all harvested wildlife shall be covered while being transported on Antelope Island or on the Antelope Island Causeway. This includes all parts of the harvested wildlife, including the head.

**KEY: parks, hunting
October 26, 2010**

79-4-304

R657. Natural Resources, Wildlife Resources.**R657-5. Taking Big Game.****R657-5-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19, the Wildlife Board has established this rule for taking deer, elk, pronghorn, moose, bison, bighorn sheep, and Rocky Mountain goat.

(2) Specific dates, areas, methods of take, requirements, and other administrative details which may change annually are published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation and the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

R657-5-2. Definitions.

- (1) Terms used in this rule are defined in Section 23-13-2.
- (2) In addition:
- (a) "Antlerless deer" means a deer without antlers or with antlers five inches or shorter.
- (b) "Antlerless elk" means an elk without antlers or with antlers five inches or shorter.
- (c) "Antlerless moose" means a moose with antlers shorter than its ears.
- (d) "Arrow quiver" means a portable arrow case that completely encases all edges of the broadheads.
- (e) "Buck deer" means a deer with antlers longer than five inches.
- (f) "Buck pronghorn" means a pronghorn with horns longer than five inches.
- (g) "Bull elk" means an elk with antlers longer than five inches.
- (h) "Bull moose" means a moose with antlers longer than its ears.
- (i) "Cow bison" means a female bison.
- (j) "Doe pronghorn" means a pronghorn without horns or with horns five inches or shorter.
- (k) "Highway" means the entire width between property lines of every way or place of any nature when any part of it is open to the use of the public as a matter of right for vehicular travel.
- (l) "Hunter's choice" means either sex may be taken.
- (m) "Limited entry hunt" means any hunt published in the hunt tables of the proclamation of the Wildlife Board for taking big game, which is identified as limited entry and does not include general or once-in-a-lifetime hunts.
- (n) "Limited entry permit" means any permit obtained for a limited entry hunt by any means, including conservation permits, sportsman permits, cooperative wildlife management unit permits and limited entry landowner permits.
- (o) "Once-in-a-lifetime hunt" means any hunt published in the hunt tables of the proclamation of the Wildlife Board for taking big game, which is identified as once-in-a-lifetime, and does not include general or limited entry hunts.
- (p) "Once-in-a-lifetime permit" means any permit obtained for a once-in-a-lifetime hunt by any means, including conservation permits, sportsman permits, cooperative wildlife management unit permits and limited entry landowner permits.
- (q) "Ram" means a male desert bighorn sheep or Rocky Mountain bighorn sheep.
- (r)(i) "Resident" for purposes of this rule means a person who:
- (A) has been domiciled in the state of Utah for six consecutive months immediately preceding the purchase of a license or permit; and
- (B) does not claim residency for hunting, fishing, or trapping in any other state or country.
- (ii) A Utah resident retains Utah residency if that person leaves this state:
- (A) to serve in the armed forces of the United States or for

religious or educational purposes; and

- (B) complies with Subsection (m)(i)(B).
- (iii)(A) A member of the armed forces of the United States and dependents are residents for the purposes of this chapter as of the date the member reports for duty under assigned orders in the state if the member:
- (I) is not on temporary duty in this state; and
- (II) complies with Subsection (m)(i)(B).
- (iv) A copy of the assignment orders must be presented to a wildlife division office to verify the member's qualification as a resident.
- (v) A nonresident attending an institution of higher learning in this state as a full-time student may qualify as a resident for purposes of this chapter if the student:
- (A) has been present in this state for 60 consecutive days immediately preceding the purchase of the license or permit; and
- (B) complies with Subsection (m)(i)(B).
- (vi) A Utah resident license or permit is invalid if a resident license for hunting, fishing, or trapping is purchased in any other state or country.
- (vii) An absentee landowner paying property tax on land in Utah does not qualify as a resident.
- (s) "Spike bull" means a bull elk which has at least one antler having no branching above the ears. Branched means a projection on an antler longer than one inch, measured from its base to its tip.
- (t)(i) "Valid application" means:
- (A) it is for a species that the applicant is eligible to possess a permit;
- (B) there is a hunt for that species regardless of estimated permit numbers; and
- (C) there is sufficient information on the application to process the application, including personal information, hunt information, and sufficient payment.
- (ii) Applications missing any of the items in Subsection (a) may still be considered valid if the application is timely corrected through the application correction process.
- R657-5-3. License, Permit, and Tag Requirements.**
- (1) A person may engage in hunting protected wildlife or in the sale, trade, or barter of protected wildlife or their parts in accordance with Section 23-19-1 and the rules or proclamations of the Wildlife Board.
- (2) Any license, permit, or tag that is mutilated or otherwise made illegible is invalid and may not be used for taking or possessing big game.
- (3) A person must possess or obtain a Utah hunting or combination license to apply for or obtain any big game hunting permit.
- R657-5-4. Age Requirements and Restrictions.**
- (1)(a) Subject to the exceptions in subsection (c), a person 12 years of age or older may apply for or obtain a permit to hunt big game. A person 11 years of age may apply for a permit to hunt big game if that person's 12th birthday falls within the calendar year for which the permit is issued.
- (b) A person may not use a permit to hunt big game before their 12th birthday.
- (c) A person who is younger than 14 years of age may not apply for or obtain the following types of big game permits issued by the division through a public drawing:
- (i) premium limited entry;
- (ii) limited entry;
- (iii) once-in-a-lifetime; and
- (iv) cooperative wildlife management unit.
- (d) A person who is 13 years of age may apply for or obtain a type of permit listed in Subsection(1)(c) if that person's 14th birthday falls within the calendar year for which the permit is issued.

(e) antlerless deer, antlerless elk, and doe pronghorn permits are not limited entry, premium limited entry or cooperative wildlife management unit permits for purposes of determining a 12 or 13 year olds eligibility to apply for or obtain through a public drawing administered by the division.

(2)(a) A person at least 12 years of age and under 16 years of age must be accompanied by his parent or legal guardian, or other responsible person 21 years of age or older and approved by his parent or guardian, while hunting big game with any weapon.

(b) As used in this section, "accompanied" means at a distance within which visual and verbal communication are maintained for the purposes of advising and assisting.

R657-5-5. Duplicate License and Permit.

(1) Whenever any unexpired license, permit, tag or certificate of registration is destroyed, lost or stolen, a person may obtain a duplicate from a division office or online license agent, for ten dollars or half of the price of the original license, permit, or certificate of registration, whichever is less.

(2) The division may waive the fee for a duplicate unexpired license, permit, tag or certificate of registration provided the person did not receive the original license, permit, tag or certificate of registration.

R657-5-6. Hunting Hours.

Big game may be taken only between one-half hour before official sunrise through one-half hour after official sunset.

R657-5-7. Temporary Game Preserves.

(1)(a) A person who does not have a valid permit to hunt on a temporary game preserve may not carry a firearm or archery equipment on any temporary game preserve while the respective hunts are in progress.

(b) "Carry" means having a firearm on your person while hunting in the field.

(2) As used in this section, "temporary game preserve" means all bull elk, buck pronghorn, moose, bison, bighorn sheep, Rocky Mountain goat, limited entry buck deer areas and cooperative wildlife management units, excluding incorporated areas, cities, towns and municipalities.

(3) Weapon restrictions on temporary game preserves do not apply to:

(a) a person licensed to hunt upland game or waterfowl provided the person complies with Rules R657-6 and R657-9 and the Upland Game Proclamation and Waterfowl Proclamation, respectively, and possessing only legal weapons to take upland game and waterfowl;

(b) livestock owners protecting their livestock;

(c) peace officers in the performance of their duties; or

(d) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed firearm to hunt or take protected wildlife.

R657-5-8. Prohibited Weapons.

(1) A person may not use any weapon or device to take big game other than those expressly permitted in this rule.

(2) A person may not use:

(a) a firearm capable of being fired fully automatic; or

(b) any light enhancement device or aiming device that casts a beam of light.

R657-5-9. Rifles and Shotguns.

(1) The following rifles and shotguns may be used to take big game:

(a) any rifle firing centerfire cartridges and expanding bullets; and

(b) a shotgun, 20 gauge or larger, firing only 00 or larger

buckshot or slug ammunition.

R657-5-10. Handguns.

(1) A handgun may be used to take deer and pronghorn, provided the handgun is a minimum of .24 caliber, fires a centerfire cartridge with an expanding bullet and develops 500 foot-pounds of energy at the muzzle.

(2) A handgun may be used to take elk, moose, bison, bighorn sheep, and Rocky Mountain goat provided the handgun is a minimum of .24 caliber, fires a centerfire cartridge with an expanding bullet and develops 500 foot-pounds of energy at 100 yards.

R657-5-11. Muzzleloaders.

(1) A muzzleloader may be used during any big game hunt, except an archery hunt, provided the muzzleloader:

(a) can be loaded only from the muzzle;

(b) has open sights, peep sights, or a fixed non-magnifying 1x scope;

(c) has a single barrel;

(d) has a minimum barrel length of 18 inches;

(e) is capable of being fired only once without reloading;

(f) powder and bullet, or powder, sabot and bullet are not bonded together as one unit for loading;

(g) is loaded with black powder or black powder substitute, which must not contain nitrocellulose based smokeless powder.

(2)(a) A lead or expanding bullet or projectile of at least 40 caliber must be used to hunt big game.

(b) A 170 grain or heavier bullet, including sabots must be used for taking deer and pronghorn.

(c) A 210 grain or heavier bullet must be used for taking elk, moose, bison, bighorn sheep, and Rocky Mountain goat, except sabot bullets used for taking these species must be a minimum of 240 grains.

(3)(a) A person who has obtained a muzzleloader permit may not possess or be in control of any firearm other than a muzzleloading rifle or have a firearm other than a muzzleloading rifle in his camp or motor vehicle during a muzzleloader hunt.

(b) The provisions of Subsection (a) do not apply to:

(i) a person licensed to hunt upland game or waterfowl provided the person complies with Rules R657-6 and R657-9 and the Upland Game Proclamation and Waterfowl Proclamation, respectively, and possessing only legal weapons to take upland game or waterfowl;

(ii) a person licensed to hunt big game species during hunts that coincide with the muzzleloader hunt;

(iii) livestock owners protecting their livestock; or

(iv) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed firearm to hunt or take protected wildlife.

R657-5-12. Archery Equipment.

(1) Archery equipment may be used during any big game hunt, except a muzzleloader hunt, provided:

(a) the minimum bow pull is 40 pounds at the draw or the peak, whichever comes first; and

(b) arrowheads used have two or more sharp cutting edges that cannot pass through a 7/8 inch ring;

(c) expanding arrowheads cannot pass through a 7/8 inch ring when expanded, and

(d) arrows must be a minimum of 20 inches in length from the tip of the arrowhead to the tip of the nock, and must weigh at least 300 grains.

(2) The following equipment or devices may not be used to take big game:

(a) a crossbow, except as provided in Rule R657-12;

(b) arrows with chemically treated or explosive arrowheads;

(c) a mechanical device for holding the bow at any increment of draw;

(d) a release aid that is not hand held or that supports the draw weight of the bow; or

(e) a bow with an attached electronic range finding device or a magnifying aiming device.

(3) Arrows carried in or on a vehicle where a person is riding must be in an arrow quiver or a closed case.

(4)(a) A person who has obtained an archery permit may not possess or be in control of a firearm or have a firearm in his camp or motor vehicle during an archery hunt.

(b) The provisions of Subsection (a) do not apply to:

(i) a person licensed to hunt upland game or waterfowl provided the person complies with Rules R657-6 and R657-9 and the Upland Game Proclamation and Waterfowl Proclamation, respectively, and possessing only legal weapons to take upland game or waterfowl;

(ii) a person licensed to hunt big game species during hunts that coincide with the archery hunt;

(iii) livestock owners protecting their livestock; or

(iv) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed firearm to hunt or take protected wildlife.

R657-5-13. Areas With Special Restrictions.

(1)(a) Hunting of any wildlife is prohibited within the boundaries of all park areas, except those designated by the Division of Parks and Recreation in Rule R651-603-5.

(b) Hunting with rifles and handguns in park areas designated open is prohibited within one mile of all park area facilities, including buildings, camp or picnic sites, overlooks, golf courses, boat ramps, and developed beaches.

(c) Hunting with shotguns or archery equipment is prohibited within one-quarter mile of the areas provided in Subsection (b).

(2) Hunting is closed within the boundaries of all national parks and monuments unless otherwise provided by the governing agency.

(3) Hunters obtaining a Utah license, permit or tag to take big game are not authorized to hunt on tribal trust lands. Hunters must obtain tribal authorization to hunt on tribal trust lands.

(4) Military installations, including Camp Williams, are closed to hunting and trespassing unless otherwise authorized.

(5) In Salt Lake County, a person may not hunt big game within one-half mile of Silver Lake in Big Cottonwood Canyon.

(6) Hunting is closed within a designated portion of the town of Alta. Hunters may refer to the town of Alta for boundaries and other information.

(7) Domesticated Elk Facilities and Domesticated Elk Hunting Parks, as defined in Section 4-39-102(2) and Rules R58-18 and R58-20, are closed to big game hunting. This restriction does not apply to the lawful harvest of domesticated elk as defined and allowed pursuant to Rule R58-20.

(8) State waterfowl management areas are closed to taking big game, except as otherwise provided in the proclamation of the Wildlife Board for taking big game.

(9) Hunters are restricted to using archery equipment, muzzleloaders or shotguns on the Matheson Wetlands.

(10) A person may not discharge a firearm, except a shotgun or muzzleloader, from, upon, or across the Green River located near Jensen, Utah from the Highway 40 bridge upstream to the Dinosaur National Monument boundary.

R657-5-14. Spotlighting.

(1) Except as provided in Section 23-13-17:

(a) a person may not use or cast the rays of any spotlight, headlight, or other artificial light to locate protected wildlife while having in possession a firearm or other weapon or device

that could be used to take or injure protected wildlife; and

(b) the use of a spotlight or other artificial light in a field, woodland, or forest where protected wildlife are generally found is prima facie evidence of attempting to locate protected wildlife.

(2) The provisions of this section do not apply to:

(a) the use of headlights or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife; or

(b) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

R657-5-15. Use of Vehicle or Aircraft.

(1)(a) A person may not use an airplane or any other airborne vehicle or device, or any motorized terrestrial or aquatic vehicle, including snowmobiles and other recreational vehicles, except a vessel as provided in Subsection (c), to take protected wildlife.

(b) A person may not take protected wildlife being chased, harmed, harassed, rallied, herded, flushed, pursued or moved by an aircraft or any other vehicle or conveyance listed in Subsection (a).

(c) Big game may be taken from a vessel provided:

(i) the motor of a motorboat has been completely shut off;

(ii) the sails of a sailboat have been furled; and

(iii) the vessel's progress caused by the motor or sail has ceased.

(2)(a) A person may not use any type of aircraft from 48 hours before any big game hunt begins through 48 hours after any big game hunting season ends to:

(i) transport a hunter or hunting equipment into a hunting area;

(ii) transport a big game carcass; or

(iii) locate, or attempt to observe or locate any protected wildlife.

(b) Flying slowly at low altitudes, hovering, circling or repeatedly flying over a forest, marsh, field, woodland or rangeland where protected wildlife is likely to be found may be used as evidence of violations of Subsections (1) and (2).

(3) The provisions of this section do not apply to the operation of an aircraft in a usual manner, or landings and departures from improved airstrips, where there is no attempt or intent to locate protected wildlife.

R657-5-16. Party Hunting and Use of Dogs.

(1) A person may not take big game for another person, except as provided in Section 23-19-1 and Rule R657-12.

(2) A person may not use the aid of a dog to take, chase, harm or harass big game.

R657-5-17. Big Game Contests.

A person may not enter or hold a big game contest that:

(1) is based on big game or their parts; and

(2) offers cash or prizes totaling more than \$500.

R657-5-18. Tagging.

(1) The carcass of any species of big game must be tagged in accordance with Section 23-20-30.

(2) A person may not hunt or pursue big game after any of the notches have been removed from the tag or the tag has been detached from the permit.

(3) The tag must remain with the largest portion of the meat until the animal is entirely consumed.

R657-5-19. Transporting Big Game Within Utah.

(1) A person may transport big game within Utah only as follows:

(a) the head or sex organs must remain attached to the

largest portion of the carcass;

(b) the antlers attached to the skull plate must be transported with the carcass of an elk taken in a spike bull unit; and

(c) the person who harvested the big game animal must accompany the carcass and must possess a valid permit corresponding to the tag attached to the carcass, except as provided in Subsection (2).

(2) A person who did not take the big game animal may transport it only after obtaining a shipping permit or disposal receipt from the division or a donation slip as provided in Section 23-20-9.

R657-5-20. Exporting Big Game From Utah.

(1) A person may export big game or their parts from Utah only if:

(a) the person who harvested the big game animal accompanies it and possesses a valid permit corresponding to the tag which must be attached to the largest portion of the carcass; or

(b) the person exporting the big game animal or its parts, if it is not the person who harvested the animal, has obtained a shipping permit from the division.

R657-5-21. Purchasing or Selling Big Game or Their Parts.

(1) A person may only purchase, sell, offer or possess for sale, barter, exchange or trade any big game or their parts as follows:

(a) Antlers, heads and horns of legally taken big game may be purchased or sold only on the dates published in the proclamation of the Wildlife Board for taking big game;

(b) Untanned hides of legally taken big game may be purchased or sold only on the dates published in the proclamation of the Wildlife Board for taking big game;

(c) Inedible byproducts, excluding hides, antlers and horns, or legally possessed big game as provided in Subsection 23-20-3(1)(d), may be purchased or sold at any time;

(d) tanned hides of legally taken big game may be purchased or sold at any time; and

(e) shed antlers and horns may be purchased or sold at any time.

(2)(a) Protected wildlife that is obtained by the division by any means may be sold or donated at any time by the division or its agent.

(b) A person may purchase or receive protected wildlife from the division, which is sold or donated in accordance with Subsection (2)(a), at any time.

(3) A person selling or purchasing antlers, heads, horns or untanned hides shall keep transaction records stating:

(a) the name and address of the person who harvested the animal;

(b) the transaction date; and

(c) the permit number of the person who harvested the animal.

(4) Subsection (3) does not apply to scouting programs or other charitable organizations using untanned hides.

R657-5-22. Possession of Antlers and Horns.

(1) A person may possess antlers or horns or parts of antlers or horns only from:

(a) lawfully harvested big game;

(b) antlers or horns lawfully obtained as provided in Section R657-5-21; or

(c) shed antlers or shed horns.

(2)(a) A person may gather shed antlers or shed horns or parts of shed antlers or shed horns at any time. An authorization is required to gather shed antlers or shed horns or parts of shed antlers or shed horns during the shed antler and shed horn season published in the Bucks, Bulls, Once-in-a-Lifetime, Proclamation

of the Wildlife Board for taking big game.

(b) A person must complete a wildlife harassment and habitat destruction prevention course annually to obtain the required authorization to gather shed antlers during the antler gathering season.

(3) "Shed antler" means an antler which:

(a) has been dropped naturally from a big game animal as part of its annual life cycle; and

(b) has a rounded base commonly known as the antler button or burr attached which signifies a natural life cycle process.

(4) "Shed horn" means the sheath from the horn of a pronghorn that has been dropped naturally as part of its annual life cycle. No other big game species shed their horns naturally.

R657-5-23. Poaching-Reported Reward Permits.

(1) For purposes of this section, "successful prosecution" means the screening, filing of charges and subsequent adjudication for the poaching incident.

(2) Any person who provides information leading to another person's successful prosecution for wanton destruction of a bull moose, desert bighorn ram, rocky mountain bighorn ram, rocky mountain goat, bison, bull elk, buck deer or buck pronghorn under Section 23-20-4 for any once-in-a-lifetime species or within any limited entry area may receive a permit from the division to hunt for the same species and on the same once-in-a-lifetime or limited entry area where the violation occurred, except as provided in Subsection (3).

(3)(a) In the event that issuance of a poaching-reported reward permit would exceed 5% of the total number of limited entry or once-in-a-lifetime permits issued in the following year for the respective area, a permit shall not be issued for that respective area. As an alternative, the division may issue a permit as outlined in Subsections (b) or (c).

(b) If the illegally taken animal is a bull moose, desert bighorn ram, rocky mountain bighorn ram, rocky mountain goat or bison, a permit for an alternative species and an alternative once-in-a-lifetime or limited entry area that has been allocated more than 20 permits may be issued.

(c) If the illegally taken animal is a bull elk, buck deer or buck pronghorn, a permit for the same species on an alternative limited entry area that has been allocated more than 20 permits may be issued.

(4)(a) The division may issue only one poaching-reported reward permit for any one animal illegally taken.

(b) No more than one poaching-reported reward permit shall be issued to any one person per successful prosecution.

(c) No more than one poaching-reported reward permit per species shall be issued to any one person in any one calendar year.

(5)(a) Poaching-reported reward permits may only be issued to the person who provides the most pertinent information leading to a successful prosecution. Permits are not transferrable.

(b) If information is received from more than one person, the director of the division shall make a determination based on the facts of the case, as to which person provided the most pertinent information leading to the successful prosecution in the case.

(c) The person providing the most pertinent information shall qualify for the poaching-reported reward permit.

(6) Any person who receives a poaching-reported reward permit must possess or obtain a Utah hunting or combination license and otherwise be eligible to hunt and obtain big game permits as provided in all rules and regulations of the Wildlife Board and the Wildlife Resources Code.

R657-5-24. General Archery Buck Deer Hunt.

(1) The dates of the general archery buck deer hunt are

provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2) A person who has obtained a general archery buck deer permit, or any other permit which allows that person to hunt general archery buck deer may use archery equipment to take:

(a) one buck deer within the general hunt area specified on the permit for the time specified in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game; or

(b) a deer of hunter's choice within the Wasatch Front or Uintah Basin extended archery area as provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(c) A person who has obtained a general archery buck deer permit, or any other permit which allows that person to hunt general archery buck deer, may not hunt within Cooperative Wildlife Management unit deer areas.

(d) A person who has obtained a general archery buck deer permit, or any other permit which allows that person to hunt general archery buck deer, may not hunt within premium limited entry deer and limited entry deer areas, except Crawford Mountain.

(3)(a) A person who obtains a general archery buck deer permit, or any other permit which allows that person to hunt general archery buck deer, may hunt within the Wasatch Front, Ogden or the Uintah Basin extended archery areas during the extended archery area seasons as provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game and as provided in Subsection (b).

(b) A person must complete the Archery Ethics Course annually to hunt the Wasatch Front, Ogden or Uintah Basin extended archery areas during the extended archery season.

(c) A person must possess an Archery Ethics Course Certificate of Completion while hunting.

(4) A person who has obtained a general archery deer permit may not hunt during any other deer hunt or obtain any other deer permit, except antlerless deer.

(5)(a) Any person 18 years of age or younger on the opening day of the general archery buck deer season, may hunt by region the general archery, the general any weapon and general muzzleloader deer seasons, using the appropriate equipment as provided in Sections R657-5-8 through R657-5-12, respectively, for each respective season, provided that person obtains a general any weapon or general muzzleloader deer permit for a specified region.

(b) If a person 18 years of age or younger purchases a general archery buck deer permit, that person may only hunt during the general archery deer season and the extended archery season as provided Section R657-5-24(3).

(6) Hunter orange material must be worn if a centerfire rifle hunt is also in progress in the same area as provided in Section 23-20-31. Archers are cautioned to study rifle hunt tables and identify these areas described in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

R657-5-25. General Any Weapon Buck Deer Hunt.

(1) The dates for the general any weapon buck deer hunt are provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2) (a) A person who has obtained a general any weapon buck permit may use any legal weapon to take one buck deer within the hunt area specified on the permit as published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A person who has obtained a general any weapon buck deer permit, or any other permit which allows that person to hunt general any weapon buck deer, may not hunt within Cooperative Wildlife Management unit deer areas.

(c) A person who has obtained a general any weapon buck deer permit, or any other permit which allows that person to hunt general any weapon buck deer, may not hunt within premium limited entry deer and limited entry deer areas, except Crawford Mountain.

(3) A person who has obtained a general any weapon buck deer permit may not hunt during any other deer hunt or obtain any other deer permit, except:

(a) antlerless deer; and

(b) any person 18 years of age or younger on the opening day of the general archery buck deer season, may hunt the general archery, general any weapon and general muzzleloader deer seasons, using the appropriate equipment as provided in Sections R657-5-8 through R657-5-12, respectively, for each respective season.

(i) If a person 18 years of age or younger purchases a general archery buck deer permit, that person may only hunt during the general archery deer season and the extended archery season as provided Section R657-5-24(3).

R657-5-26. General Muzzleloader Buck Deer Hunt.

(1) The dates for the general muzzleloader buck deer hunt are provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2)(a) A person who has obtained a general muzzleloader buck permit may use a muzzleloader to take one buck deer within the general hunt area specified on the permit as published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A person who has obtained a general muzzleloader buck deer permit, or any other permit which allows that person to hunt general muzzleloader buck deer, may not hunt within Cooperative Wildlife Management unit deer areas.

(c) A person who has obtained a general muzzleloader buck deer permit, or any other permit which allows that person to hunt general muzzleloader buck deer, may not hunt within premium limited entry deer and limited entry deer areas, except Crawford Mountain.

(3) A person who has obtained a general muzzleloader deer permit may not hunt during any other deer hunt or obtain any other deer permit, except:

(a) antlerless deer; and

(b) any person 18 years of age or younger on the opening day of the general archery buck deer season, may hunt the general archery, general any weapon and general muzzleloader deer seasons, using the appropriate equipment as provided in Sections R657-5-8 through R657-5-12, respectively, for each respective season.

(i) If a person 18 years of age or younger purchases a general archery buck deer permit, that person may only hunt during the general archery deer season and the extended archery season as provided Section R657-5-24(3).

(4) Hunter orange material must be worn if a centerfire rifle hunt is also in progress in the same area as provided in Section 23-20-31. Muzzleloader hunters are cautioned to study the rifle hunt tables to identify these areas described in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

R657-5-27. Limited Entry Buck Deer Hunts.

(1) To hunt in a premium limited entry or limited entry area, hunters must obtain the respective limited entry buck permit. Limited entry areas are not open to general archery buck, general any weapon buck, or general muzzleloader buck hunting, except as specified in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2) A limited entry buck deer permit allows a person using the prescribed legal weapon, to take one buck deer within the

area and season specified on the permit, except deer cooperative wildlife management units located within the limited entry unit.

(3)(a) A person who has obtained a premium limited entry, limited entry, management buck deer, or cooperative wildlife management unit buck deer permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a buck deer.

(b) Limited entry and cooperative wildlife management unit buck deer permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, management, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

(4) A person who has obtained a limited entry buck permit may not hunt during any other deer hunt or obtain any other deer permit, except antlerless deer.

R657-5-28. Antlerless Deer Hunts.

(1) To hunt an antlerless deer, a hunter must obtain an antlerless deer permit.

(2)(a) An antlerless deer permit allows a person to take one antlerless deer, per antlerless deer tag, using any legal weapon within the area and season as specified on the permit and in the antlerless addendum.

(b) A person may not hunt on any cooperative wildlife management units unless that person obtains an antlerless deer permit for a cooperative wildlife management unit as specified on the permit.

(3) A person who has obtained an antlerless deer permit may not hunt during any other antlerless deer hunt or obtain any other antlerless deer permit.

(4)(a) A person who obtains an antlerless deer permit and any of the permits listed in Subsection (b) may use the antlerless deer permit during the established season for the antlerless deer permit and during the established season for the permits listed in Subsection (b) provided:

- (i) the permits are both valid for the same area;
 - (ii) the appropriate archery equipment is used if hunting with an archery permit;
 - (iii) the appropriate muzzleloader equipment is used if hunting with a muzzleloader permit.
- (b)(i) General archery deer;
 - (ii) general muzzleloader deer;
 - (iii) limited entry archery deer; or
 - (iv) limited entry muzzleloader deer.

R657-5-29. General Archery Elk Hunt.

(1) The dates of the general archery elk hunt are provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2)(a) A person who has obtained a general archery elk permit may use archery equipment to take:

- (i) one elk of hunter's choice on a general any bull elk unit, except on elk cooperative wildlife management units;
- (ii) an antlerless elk or spike bull elk on a general spike bull elk unit, except on elk cooperative wildlife management units;
- (iii) one elk, any bull or antlerless on the Wasatch Front or Uintah Basin extended archery areas as provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(3)(a) A person who obtains a general archery elk permit may hunt within the Wasatch Front, Uintah Basin, and Sanpete Valley extended archery areas during the extended archery area

seasons as provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game and as provided in Subsection (b).

(b) A person must complete the Archery Ethics Course annually to hunt the extended archery areas during the extended archery season.

(c) A person must possess an Archery Ethics Course Certificate of Completion while hunting.

(4) A person who has obtained an archery elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Subsection R657-5-34(3).

(5) Hunter orange material must be worn if a centerfire rifle hunt is also in progress in the same area as provided in Section 23-20-31. Archers are cautioned to study the rifle hunt tables to identify these areas described in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

R657-5-30. General Season Bull Elk Hunt.

(1) The dates for the general season bull elk hunt are provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game within general season elk units, except in the following areas:

- (a) Salt Lake County south of I-80 and east of I-15; and
 - (b) elk cooperative wildlife management units.
- (2)(a) A person may purchase either a spike bull permit or an any bull permit.

(b) A person who has obtained a general season spike bull elk permit may take a spike bull elk on a general season spike bull elk unit. Any bull units are closed to spike bull permittees.

(c) A person who has obtained a general season any bull elk permit may take any bull elk, including a spike bull elk on a general season any bull elk unit. Spike bull units are closed to any bull permittees.

(3) A person who has obtained a general season bull elk permit may use any legal weapon to take a spike bull or any bull elk as specified on the permit.

(4) A person who has obtained a general season bull elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Subsection R657-5-34(3).

R657-5-31. General Muzzleloader Elk Hunt.

(1) The dates of the general muzzleloader elk hunt are provided in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game within the general season elk units, except in the following closed areas:

- (a) Salt Lake County south of I-80 and east of I-15; and
 - (b) elk cooperative wildlife management units.
- (2)(a) General muzzleloader elk hunters may purchase either a spike bull elk permit or an any bull elk permit.

(b) A person who has obtained a general muzzleloader spike bull elk permit may use a muzzleloader take a spike bull elk on an any general spike bull elk unit. Any bull units are closed to spike bull muzzleloader permittees.

(c) A person who has obtained a general muzzleloader any bull elk permit may use a muzzleloader take any bull elk on an any bull elk unit. Spike bull units are closed to any bull muzzleloader permittees.

(3) A person who has obtained a general muzzleloader elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Subsection R657-5-34(3).

R657-5-32. Youth General Any Bull Elk Hunt.

(1)(a) For purposes of this section "youth" means any person 18 years of age or younger on the opening day of the youth any bull elk season published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A youth may apply for or obtain a youth any bull elk

permit.

(c) A youth may only obtain a youth any bull elk permit once during their youth.

(2) The youth any bull elk hunting season and areas are published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(3)(a) A youth who has obtained a youth general any bull elk permit may take any bull elk, including a spike bull elk, on a general any bull elk unit. Spike bull elk units are closed to youth general any bull elk permittees.

(b) A youth who has obtained a youth general any bull elk permit may use any legal weapon to take any bull elk as specified on the permit.

(4) A youth who has obtained a youth general any bull elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Section R657-5-34(3).

(5) Preference points shall not be awarded or utilized when applying for, or in obtaining, youth general any bull elk permits.

R657-5-33. Premium Limited Entry and Limited Entry Bull Elk Hunts.

(1) To hunt in a premium limited entry or limited entry bull elk area, a hunter must obtain the respective premium limited entry or limited entry elk permit.

(2)(a) A premium limited entry bull elk permit allows a person, using the prescribed legal weapon, to take one bull elk within the area and to hunt all limited entry bull elk seasons specified in the hunt tables, published in the proclamation of the Wildlife Board for taking big game, for the area specified on the permit, except elk cooperative wildlife management units located within a premium limited entry unit. Spike bull elk restrictions do not apply to premium limited entry elk permittees.

(b) A limited entry bull elk permit allows a person, using the prescribed legal weapon, to take one bull elk within the area and season specified on the permit, except elk cooperative wildlife management units located within a limited entry unit. Spike bull elk restrictions do not apply to limited entry elk permittees.

(3)(a) A person who has obtained a premium limited entry, limited entry or cooperative wildlife management unit bull elk permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a bull elk.

(b) Limited entry and cooperative wildlife management unit bull elk permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

(4) A person who has obtained a premium limited entry or limited entry bull elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Subsections (4)(a) and R657-5-34(3).

R657-5-34. Antlerless Elk Hunts.

(1) To hunt an antlerless elk, a hunter must obtain an antlerless elk permit.

(2)(a) An antlerless elk permit allows a person to take one antlerless elk using any legal weapon within the area and season as specified on the permit and in the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A person may not hunt on any cooperative wildlife management units unless that person obtains an antlerless elk permit for a cooperative wildlife management unit as specified

on the permit.

(3)(a) A person may obtain two elk permits each year, provided one or both of the elk permits is an antlerless elk permit.

(b) For the purposes of obtaining two elk permits, a hunter's choice elk permit may not be considered an antlerless elk permit.

(4)(a) A person who obtains an antlerless elk permit and any of the permits listed in Subsection (b) may use the antlerless elk permit during the established season for the antlerless elk permit and during the established season for the permits listed in Subsection (b) provided:

(i) the permits are both valid for the same area;

(ii) the appropriate archery equipment is used if hunting with an archery permit;

(iii) the appropriate muzzleloader equipment is used if hunting with a muzzleloader permit.

(b)(i) General buck deer for archery, muzzleloader or any legal weapon;

(ii) general bull elk for archery, muzzleloader or any legal weapon;

(iii) limited entry buck deer for archery, muzzleloader or any legal weapon; or

(iv) limited entry bull elk for archery, muzzleloader or any legal weapon.

R657-5-35. Buck Pronghorn Hunts.

(1) To hunt buck pronghorn, a hunter must obtain a buck pronghorn permit.

(2) A person who has obtained a buck pronghorn permit may not obtain any other pronghorn permit or hunt during any other pronghorn hunt.

(3)(a) A person who has obtained a limited entry or cooperative wildlife management unit buck pronghorn permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a buck pronghorn.

(b) Limited entry and cooperative wildlife management unit buck pronghorn permit holders must report hunt information by telephone, or through the Division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

(4) A buck pronghorn permit allows a person using any legal weapon to take one buck pronghorn within the area and season specified on the permit, except during the buck pronghorn archery hunt when only archery equipment may be used and on buck pronghorn cooperative wildlife management unit located within a limited entry unit.

R657-5-36. Doe Pronghorn Hunts.

(1) To hunt a doe pronghorn, a hunter must obtain a doe pronghorn permit.

(2)(a) A doe pronghorn permit allows a person to take one doe pronghorn, per doe pronghorn tag, using any legal weapon within the area and season as specified on the permit and in the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A person may not hunt on any cooperative wildlife management units unless that person obtains an antlerless moose permit for a cooperative wildlife management unit as specified on the permit.

(3) A person who has obtained a doe pronghorn permit may not hunt during any other pronghorn hunt or obtain any

other pronghorn permit.

R657-5-37. Antlerless Moose Hunts.

(1) To hunt an antlerless moose, a hunter must obtain an antlerless moose permit.

(2)(a) An antlerless moose permit allows a person to take one antlerless moose using any legal weapon within the area and season as specified on the permit and in the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(b) A person may not hunt on any cooperative wildlife management unit unless that person obtains an antlerless moose cooperative wildlife management unit as specified on the permit.

(3) A person who has obtained an antlerless moose permit may not hunt during any other moose hunt or obtain any other moose permit.

R657-5-38. Bull Moose Hunts.

(1) To hunt bull moose, a hunter must obtain a bull moose permit.

(2) A person who has obtained a bull moose permit may not obtain any other moose permit or hunt during any other moose hunt.

(3) A bull moose permit allows a person using any legal weapon to take one bull moose within the area and season specified on the permit, except in bull moose cooperative wildlife management units located within a limited entry unit.

(4)(a) A person who has obtained a bull moose permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a bull moose.

(b) Bull moose permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

R657-5-39. Bison Hunts.

(1) To hunt bison, a hunter must obtain a bison permit.

(2) A person who has obtained a bison permit may not obtain any other bison permit or hunt during any other bison hunt.

(3) The bison permit allows a person using any legal weapon to take a bison of either sex within the area and season as specified on the permit.

(4)(a) An orientation course is required for bison hunters who draw a an Antelope Island bison permit. Hunters shall be notified of the orientation date, time and location.

(b) The Antelope Island hunt is administered by the Division of Parks and Recreation.

(5) A Henry Mountain cow bison permit allows a person to take one cow bison using any legal weapon within the area and season as specified on the permit and in the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(6) An orientation course is required for bison hunters who draw Henry Mountain cow bison permits. Hunters will be notified of the orientation date, time and location.

(7)(a) A person who has obtained a bison permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a bison.

(b) Bison permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

R657-5-40. Desert Bighorn and Rocky Mountain Bighorn Sheep Hunts.

(1) To hunt desert bighorn sheep or Rocky Mountain bighorn sheep, a hunter must obtain the respective permit.

(2) A person who has obtained a desert bighorn sheep or Rocky Mountain bighorn sheep permit may not obtain any other desert bighorn sheep or Rocky Mountain bighorn sheep permit or hunt during any other desert bighorn sheep or Rocky Mountain bighorn sheep hunt.

(3) Desert bighorn sheep and Rocky Mountain big horn sheep permits are considered separate once-in-a-lifetime hunting opportunities.

(4)(a) The desert bighorn sheep permit allows a person using any legal weapon to take one desert bighorn ram within the area and season specified on the permit.

(b) The Rocky Mountain sheep permit allows a person using any legal weapon to take one Rocky Mountain bighorn ram within the area and season specified on the permit.

(5) The permittee may attend a hunter orientation course. The division provides each permittee with the time and location of the course.

(6) All bighorn sheep hunters are encouraged to have a spotting scope with a minimum of 15 power while hunting bighorn sheep. Any ram may be legally taken, however, permittees are encouraged to take a mature ram. The terrain inhabited by bighorn sheep is extremely rugged, making this hunt extremely strenuous.

(7) Successful hunters must deliver the horns of the bighorn sheep to a division office within 72 hours of leaving the hunting area. A numbered seal will be permanently affixed to the horn indicating legal harvest.

(8)(a) A person who has obtained a desert bighorn sheep or Rocky Mountain bighorn sheep permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a desert bighorn sheep or Rocky Mountain bighorn sheep.

(b) Desert bighorn sheep or Rocky Mountain bighorn sheep permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

R657-5-41. Rocky Mountain Goat Hunts.

(1) To hunt Rocky Mountain goat, a hunter must obtain a Rocky Mountain goat permit.

(2) A person who has obtained a Rocky Mountain goat permit may not obtain any other Rocky Mountain goat permit or hunt during any other Rocky Mountain goat hunt.

(3) A Rocky Mountain goat of either sex may be legally taken on a hunter's choice permit. Permittees are encouraged to take a mature goat. A mature goat is a goat older than two years of age, as determined by counting the annual rings on the horn.

(4) The goat permit allows a person using any legal weapon to take one goat within the area and season specified on the permit.

(5) All goat hunters are encouraged to have a spotting scope with a minimum of 15 power while hunting goats. The terrain inhabited by Rocky Mountain goat is extremely rugged making this hunt extremely strenuous. The goat's pelage may be higher quality later in the hunting season.

(6) A female-goat only permit allows a person to take one female-goat using any legal weapon within the area and season as specified on the permit and in the Antlerless Addendum to the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(7) An orientation course is required for Rocky Mountain goat hunters who draw female-goat only permits. Hunters will be notified of the orientation date, time and location.

(8)(a) A person who has obtained a Rocky Mountain goat permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a Rocky Mountain goat.

(b) Rocky Mountain goat permit holders must report hunt information by telephone, or through the division's Internet address.

(c) A person who fails to comply with the requirement in Subsection (a) shall be ineligible to apply for any once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit permit or bonus points in the following year.

(d) Late questionnaires may be accepted pursuant to Rule R657-42-9(3).

R657-5-42. Depredation Hunter Pool Permits.

When deer, elk or pronghorn are causing damage, antlerless control hunts not listed in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game may be held as provided in Rule R657-44. These hunts occur on short notice, involve small areas, and are limited to only a few hunters.

R657-5-43. Carcass Importation.

(1) It is unlawful to import dead elk, mule deer, or white-tailed deer or their parts from the areas of any state, province, game management unit, equivalent wildlife management unit, or county, which has deer or elk diagnosed with Chronic Wasting Disease, except the following portions of the carcass:

- (a) meat that is cut and wrapped either commercially or privately;
- (b) quarters or other portion of meat with no part of the spinal column or head attached;
- (c) meat that is boned out;
- (d) hides with no heads attached;
- (e) skull plates with antlers attached that have been cleaned of all meat and tissue;
- (f) antlers with no meat or tissue attached;
- (g) upper canine teeth, also known as buglers, whistlers, or ivories; or
- (h) finished taxidermy heads.

(2)(a) The affected states, provinces, game management units, equivalent wildlife management units, or counties, which have deer or elk diagnosed with Chronic Wasting Disease shall be available at division offices and through the division's Internet address.

(b) Importation of harvested elk, mule deer or white-tailed deer or their parts from the affected areas are hereby restricted pursuant to Subsection (1).

(3) Nonresidents of Utah transporting harvested elk, mule deer, or white-tailed deer from the affected areas are exempt if they:

- (a) do not leave any part of the harvested animal in Utah and do not stay more than 24 hours in the state of Utah;
- (b) do not have their deer or elk processed in Utah; or

- (c) do not leave any parts of the carcass in Utah.

R657-5-44. Chronic Wasting Disease - Infected Animals.

(1) Any person who under the authority of a permit issued by the division legally takes a deer or elk that is later confirmed to be infected with Chronic Wasting Disease may:

- (a) retain the entire carcass of the animal;
- (b) retain any parts of the carcass, including antlers, and surrender the remainder to the division for proper disposal; or
- (c) surrender all portions of the carcass in their actual or constructive possession, including antlers, to the division and receive a free new permit the following year for the same hunt.

(2) The new permit issued pursuant to Subsection (1)(c) shall be for the same species, sex, weapon type, unit, region, and otherwise subject to all the restrictions and conditions imposed on the original permit, except season dates for the permit shall follow the proclamation of the Wildlife Board for taking big game published in the year the new permit is valid.

(3) Notwithstanding other rules to the contrary, private landowners and landowner associations may refuse access to private property to persons possessing new permits issued under Subsection (1)(c).

R657-5-45. Management Bull Elk Hunt.

(1)(a) For the purposes of this section "management bull" means any bull elk with 5 points or less on at least one antler. A point means a projection longer than one inch, measured from its base to its tip.

(b) For purposes of this section "youth" means any person 18 years of age or younger on the opening day of the management bull elk archery season published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(c) For the purposes of this section "senior" means any person 65 years of age or older on the opening day of the management bull elk archery season published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2)(a) Management bull elk permits shall be distributed through the division's big game drawing. Thirty percent of the permits are allocated to youth, 30 percent to seniors and the remaining 40 percent to hunters of all ages.

(b) Group application shall not be accepted in the division's big game drawing for management bull elk permits.

(3) Waiting periods as provided in R657-62-17 are incurred as a result of obtaining management bull elk permits.

(4)(a) Bonus points shall be awarded when an applicant is unsuccessful in obtaining a management bull elk permit in the big game drawing.

(b) Bonus points shall be expended when an applicant is successful in obtaining a management bull elk permit in the big game drawing.

(5) Management bull elk permit holders may take one management bull elk during the season, on the area and with the weapon type specified on the permit. Management bull elk hunting seasons, areas and weapon types are published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(6)(a) A person who has obtained a management bull elk permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a management bull elk.

(b) Management bull elk permit holders must report hunt information by telephone, or through the division's Internet address.

(7)(a) Management bull elk permit holders who successfully harvest a management bull elk, as defined in Subsection (1)(a) must have their animal inspected by the

division.

(b) Successful hunters must deliver the head and antlers of the elk they harvest to a division office for inspection within 48 hours after the date of kill.

(8) Management bull elk permit holders may not retain possession of any harvested bull elk that fails to satisfy the definition requirements in Subsection (1)(a).

(9) A person who has obtained a management bull elk permit may not hunt during any other elk hunt or obtain any other elk permit, except as provided in Section R657-5-34(3).

R657-5-46. General Any Weapon Buck Deer and Bull Elk Combination Hunt.

(1) Permit numbers, season dates and unit boundary descriptions for the general any weapon buck deer and bull elk combination hunt shall be established in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2) A person who obtains a general any weapon buck deer and bull elk combination permit may use any legal weapon to take one buck deer and one bull elk during the season and within the unit specified on the permit.

(a) A general any weapon buck deer and bull elk combination permit does not authorize the holder to hunt deer or elk within any cooperative wildlife management unit.

(3) A person who has obtained a general any weapon buck deer and bull elk combination permit may not hunt during any other deer or elk hunt or obtain any other deer or elk permit, except:

(a) antlerless deer, as provided in Subsection R657-5-28, and

(b) antlerless elk, as provided in Subsection R657-5-34.

(4)(a) Lifetime license holders may obtain a general any weapon buck deer and bull elk combination permit.

(b) Upon obtaining a general any weapon buck deer and bull elk combination permit, the lifetime license holder foregoes any rights to receive a buck deer permit for the general archery, general any weapon or general muzzleloader deer hunts as provided in Section 23-19-17.5.

(c) A refund or credit is not issued for the general archery, general any weapon or general muzzleloader deer permit.

R657-5-47. Management Buck Deer Hunt.

(1)(a) For the purposes of this section "management buck" means any buck deer with 3 points or less on at least one antler above and including the first fork in the antler. A point means a projection longer than one inch, measured from its base to its tip. The eye guard is not counted as a point.

(b) For purposes of this section "youth" means any person 18 years of age or younger on the opening day of the management buck deer archery season published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(c) For the purposes of this section "senior" means any person 65 years of age or older on the opening day of the management buck deer archery season published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(2)(a) Management buck deer permits shall be distributed through the division's big game drawing. Thirty percent of the permits are allocated to youth, 30 percent to seniors and the remaining 40 percent to hunters of all ages.

(b) Group application shall not be accepted in the division's big game drawing for management buck deer permits.

(3) Waiting periods as provided in R657-62-17 are incurred as a result of obtaining management buck deer permits.

(4)(a) Bonus points shall be awarded when an applicant is unsuccessful in obtaining a management buck deer permit in the big game drawing.

(b) Bonus points shall be expended when an applicant is successful in obtaining a management buck deer permit in the big game drawing.

(5) Management buck deer permit holders may take one management buck deer during the season, on the area and with the weapon type specified on the permit. Management buck deer hunting seasons, areas and weapon types are published in the Bucks, Bulls and Once-In-A-Lifetime Proclamation of the Wildlife Board for taking big game.

(6)(a) A person who has obtained a management buck deer permit must report hunt information within 30 calendar days after the end of the hunting season, whether the permit holder was successful or unsuccessful in harvesting a management buck deer.

(b) Management buck deer permit holders must report hunt information by telephone, or through the division's Internet address.

(7)(a) Management buck deer permit holders who successfully harvest a management buck deer, as defined in Subsection (1)(a) must have their animal inspected by the division.

(b) Successful hunters must deliver the head and antlers of the deer they harvest to a division office for inspection within 48 hours after the date of kill.

(8) Management buck deer permit holders may not retain possession of any harvested buck deer that fails to satisfy the definition requirements in Subsection (1)(a).

(9) A person who has obtained a management buck deer permit may not hunt during any other deer hunt or obtain any other deer permit, except as provided in Section R657-5-28(4).

R657. Natural Resources, Wildlife Resources.**R657-9. Taking Waterfowl, Common Snipe and Coot.****R657-9-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19, and in accordance with 50 CFR 20, 50 CFR 32.64 and 50 CFR 27.21, 2004 edition, which is incorporated by reference, the Wildlife Board has established this rule for taking waterfowl, Common snipe, and coot.

(2) Specific dates, areas, limits, requirements and other administrative details which may change annually are published in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

R657-9-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Bait" means shelled, shucked or unshucked corn, wheat or other grain, salt or other feed that lures, attracts or entices birds.

(b) "Baiting" means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

(c) "CFR" means the Code of Federal Regulations.

(d) "Daily Bag Limit" means the maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

(e) "Live decoys" means tame or captive ducks, geese or other live birds.

(f) "Off-highway vehicle" means any motor vehicle designed for or capable of travel over unimproved terrain.

(g) "Permanent waterfowl blind" means any waterfowl blind that is left unattended overnight and that is not a portable structure capable of immediate relocation.

(h) "Possession limit" the maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

(i) "Sinkbox" means any type of low floating device, having a depression, affording the hunter a means of concealment beneath the surface of the water.

(j) "Transport" means to ship, export, import or receive or deliver for shipment.

(k) "Waterfowl" means ducks, mergansers, geese, brant and swans.

(l) "Waterfowl blind" means any manufactured place of concealment, including boats, rafts, tents, excavated pits, or similar structures, which have been designed to partially or completely conceal a person while hunting waterfowl.

R657-9-3. Stamp Requirements.

(1) Any person 16 years of age or older may not hunt waterfowl without first obtaining a federal migratory bird hunting and conservation stamp, and having the stamp in possession.

(2) The stamp must be validated by the hunter's signature in ink across the face of the stamp.

(3) A federal migratory bird hunting and conservation stamp is not required for any person under the age of 16.

R657-9-4. Permit Applications for Swan.

(1) Swan permits will be issued pursuant to R657-62-22.

R657-9-5. Tagging Swans.

(1) The carcass of a swan must be tagged before the

carcass is moved from or the hunter leaves the site of kill as provided in Section 23-20-30.

(2) A person may not hunt or pursue a swan after the notches have been removed from the tag or the tag has been detached from the permit.

R657-9-6. Return of Swan Harvest and Hunt Information.

(1) Swan permit holders who do not hunt or are unsuccessful in taking a swan must respond to the swan questionnaire through the division's Internet address, or by telephone, within 30 calendar days of the conclusion of the prescribed swan hunting season.

(2) Within three days of harvest, swan permit holders successful in taking a swan must personally present the swan or its head for measurement to the division or the Bear River Migratory Bird Refuge and further provide all harvest information requested by the division or Refuge.

(3) Hunters who fail to comply with the requirements of Subsections (1) or (2) shall be ineligible to:

(a) obtain a swan permit the following season; and

(b) obtain a swan permit after the first season of ineligibility until the swan orientation course is retaken.

(4) late swan questionnaires may be accepted pursuant to Rule R657-42-9(3). Swan permit holders are still required to present the swan or its head for measurement to a division office.

R657-9-7. Firearms.

(1) Migratory game birds may be taken with a shotgun or archery tackle.

(2) Migratory game birds may not be taken with a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machine gun, fish hook, crossbow, except as provided in Rule R657-12, poison, drug, explosive or stupefying substance.

(3) Migratory game birds may not be taken with a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells.

R657-9-8. Nontoxic Shot.

(1) Only nontoxic shot may be in possession or used while hunting waterfowl and coot.

(2) A person may not possess or use lead shot:

(a) while hunting waterfowl or coot in any area of the state;

(b) on federal refuges;

(c) on the following waterfowl management areas: Bicknell Bottoms, Blue Lake, Brown's Park, Clear Lake, Desert Lake, Farmington Bay, Harold S. Crane, Howard Slough, Locomotive Springs, Manti Meadow, Mills Meadows, Ogden Bay, Powell Slough, Public Shooting Grounds, Salt Creek, Stewart Lake, Timpie Springs; or

(d) on the Scott M. Matheson wetland preserve.

R657-9-9. Use of Firearms on State Waterfowl Management Areas.

(1) A person may not possess a firearm or archery tackle on the following waterfowl management areas any time of the year except during the specified waterfowl hunting seasons or as authorized by the division:

(a) Box Elder County - Harold S. Crane, Locomotive Springs, Public Shooting Grounds, and Salt Creek;

(b) Daggett County - Brown's Park;

(c) Davis County - Farmington Bay, Howard Slough, and Ogden Bay;

(d) Emery County - Desert Lake;

(e) Millard County - Clear Lake, Topaz Slough;

(f) Tooele County - Timpie Springs;

- (g) Uintah County - Stewart Lake;
- (h) Utah County - Powell Slough;
- (i) Wayne County - Bicknell Bottoms; and
- (j) Weber County - Ogden Bay and Harold S. Crane.

(2) During the waterfowl hunting seasons, a shotgun is the only firearm that may be in possession, except as provided in Rule R657-12.

(3) The firearm restrictions set forth in this section do not apply to a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

R657-9-10. Airborne, Terrestrial, and Aquatic Vehicles.

Migratory game birds may not be taken:

(1) from or by means of any motorboat or other craft having a motor attached, or sailboat unless the motor has been completely shut off or sails furled and its progress has ceased; provided, that a craft under power may be used to retrieve dead or crippled birds; however, crippled birds may not be shot from such craft under power; or

(2) by means or aid of any motor driven land, water or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying or stirring up of any migratory bird.

R657-9-11. Airboats.

(1) Air-thrust or air-propelled boats and personal watercraft are not allowed in designated parts of the following waterfowl management or federal refuge areas:

(a) Box Elder County: Box Elder Lake, Bear River, that part of Harold S. Crane within one-half mile of all dikes and levees, Locomotive Springs, Public Shooting Grounds and Salt Creek, that part of Bear River Migratory Bird Refuge north of "D" line as posted.

(b) Daggett County: Brown's Park

(c) Davis County: Howard Slough, Ogden Bay and Farmington Bay within diked units.

(d) Emery County: Desert Lake

(e) Millard County: Clear Lake, Topaz Slough

(f) Tooele County: Timpie Springs

(g) Uintah County: Stewart Lake

(h) Utah County: Powell Slough

(i) Wayne County: Bicknell Bottoms

(j) Weber County: Ogden Bay within diked units or as posted and all of Harold S. Crane Waterfowl Management Area.

(2) "Personal watercraft" means a motorboat that is:

(a) less than 16 feet in length;

(b) propelled by a water jet pump; and

(c) designed to be operated by a person sitting, standing or kneeling on the vessel, rather than sitting or standing inside the vessel.

R657-9-12. Motorized Vehicle Access.

(1) Motorized vehicle travel is restricted to county roads, improved roads and parking areas.

(2) Off-highway vehicles are not permitted on state waterfowl management areas, except as marked and posted open.

(3) Off-highway vehicles are not permitted on Bear River Migratory Bird Refuge.

(4) Motorized boat use is restricted on waterfowl management areas as specified in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

R657-9-13. Sinkbox.

A person may not take migratory game birds from or by means, aid, or use of any type of low floating device, having a depression affording the hunter a means of concealment beneath

the surface of the water.

R657-9-14. Live Decoys.

A person may not take migratory game birds with the use of live birds as decoys or from an area where tame or captive live ducks or geese are present unless such birds are and have been, for a period of ten consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl.

R657-9-15. Amplified Bird Calls.

A person may not use recorded or electrically amplified bird calls or sounds or recorded or electronically amplified imitations of bird calls or sounds.

R657-9-16. Baiting.

(1) A person may not take migratory game birds by the aid of baiting, or on or over any baited area where a person knows or reasonably should know that the area is or has been baited. This section does not prohibit:

(a) the taking of any migratory game bird on or over the following lands or areas that are not otherwise baited areas:

(i) standing crops or flooded standing crops (including aquatics), standing, flooded or manipulated natural vegetation, flooded harvested croplands, or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice;

(ii) from a blind or other place of concealment camouflaged with natural vegetation;

(iii) from a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or

(iv) standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys or retrieving downed birds.

(b) The taking of any migratory game bird, except waterfowl, coots and cranes, is legal on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown or solely as the result of a normal agricultural operation.

R657-9-17. Possession During Closed Season.

No person shall possess any freshly killed migratory game birds during the closed season.

R657-9-18. Live Birds.

(1) Every migratory game bird wounded by hunting and reduced to possession by the hunter shall be immediately killed and become part of the daily bag limit.

(2) No person shall at any time, or by any means possess or transport live migratory game birds.

R657-9-19. Waste of Migratory Game Birds.

(1) A person may not waste or permit to be wasted or spoiled any protected wildlife or any part of them.

(2) No person shall kill or cripple any migratory game bird pursuant to this rule without making a reasonable effort to immediately retrieve the bird and include it in that person's daily bag limit.

R657-9-20. Termination of Possession.

Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased

when the birds have been delivered by the hunter to another person as a gift; to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or common carrier to some person other than the hunter.

R657-9-21. Tagging Requirement.

(1) No person shall put or leave any migratory game bird at any place other than at that person's personal abode, or in the custody of another person for picking, cleaning, processing, shipping, transporting or storing, including temporary storage, or for the purpose of having taxidermy services performed unless there is attached to the birds a disposal receipt, donation receipt or transportation slip signed by the hunter stating the hunter's address, the total number and species of birds, the date such birds were killed and the Utah hunting license number under which they were taken.

(2) Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

R657-9-22. Donation or Gift.

No person may receive, possess or give to another, any freshly killed migratory game birds as a gift, except at the personal abodes of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating such hunter's address, the total number and species of birds taken, the date such birds were taken and the Utah hunting license number under which taken.

R657-9-23. Custody of Birds of Another.

No person may receive or have in custody any migratory game birds belonging to another person unless such birds are tagged as required by Section R657-9-23.

R657-9-24. Species Identification Requirement.

No person shall transport within the United States any migratory game birds unless the head or one fully feathered wing remains attached to each bird while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

R657-9-25. Marking Package or Container.

(1) No person shall transport by the Postal Service or a common carrier migratory game birds unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the numbers and kinds of species of birds contained therein clearly and conspicuously marked on the outside thereof.

(2) A Utah shipping permit obtained from the division must accompany each package shipped within or from Utah.

R657-9-26. Migratory Bird Preservation Facilities.

(1) Migratory bird preservation facility means:

(i) Any person who, at their residence or place of business and for hire or other consideration; or

(ii) Any taxidermist, cold-storage facility or locker plant which, for hire or other consideration; or

(iii) Any hunting club which, in the normal course of operations; receives, possesses, or has in custody any migratory game birds belonging to another person for purposes of picking, cleaning, freezing, processing, storage or shipment.

(2) No migratory bird preservation facility shall:

(a) receive or have in custody any migratory game bird unless accurate records are maintained that can identify each bird received by, or in the custody of, the facility by the name of the person from whom the bird was obtained, and show:

(i) the number of each species;

(ii) the location where taken;

(iii) the date such birds were received;

(iv) the name and address of the person from whom such birds were received;

(v) the date such birds were disposed of; and

(vi) the name and address of the person to whom such birds were delivered; or

(b) destroy any records required to be maintained under this section for a period of one year following the last entry on record.

(3) Record keeping as required by this section will not be necessary at hunting clubs that do not fully process migratory birds by removal of the head and wings.

(4) No migratory bird preservation facility shall prevent any person authorized to enforce this part from entering such facilities at all reasonable hours and inspecting the records and the premises where such operations are being carried out.

R657-9-27. Importation.

A person may not:

(1) import migratory game birds belonging to another person; or

(2) import migratory game birds in excess of the following importation limits:

(a) From any country except Canada and Mexico, during any one calendar week beginning on Sunday, not to exceed 10 ducks, singly or in the aggregate of all species, and five geese including brant, singly or in the aggregate of all species;

(b) From Canada, not to exceed the maximum number to be exported by Canadian authorities;

(c) From Mexico, not to exceed the maximum number permitted by Mexican authorities in any one day: provided that if the importer has his Mexican hunting permit date-stamped by appropriate Mexican wildlife authorities on the first day he hunts in Mexico, he may import the applicable Mexican possession limit corresponding to the days actually hunted during that particular trip.

R657-9-28. Use of Dogs.

(1) Dogs may be used to locate and retrieve migratory game birds during open hunting seasons.

(2) Dogs are not allowed on state wildlife management or waterfowl management areas, except during open hunting seasons or as posted by the division.

R657-9-29. Season Dates and Bag and Possession Limits.

(1) Season dates and bag and possession limits are specified in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

(2) A youth duck hunting day may be allowed for any person 15 years of age or younger as provided in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

R657-9-30. Closed Areas.

(1) A person may not trespass on state waterfowl management areas except during prescribed seasons, or for other activities as posted without prior permission from the division.

(2) A person may not participate in activities that are posted as prohibited.

(3) A person may not trespass, take, hunt, shoot at, or rally any waterfowl, snipe, or coot in the following specified areas:

(a) Brown's Park - That part adjacent to headquarters.

(b) Clear Lake - Spring Lake.

(c) Desert Lake - That part known as "Desert Lake."

(d) Farmington Bay - Headquarters and Learning center area, within 600 feet of dikes and roads accessible by motorized vehicles and the waterfowl rest area in the northwest quarter of unit one as posted.

(e) Ogden Bay - Headquarters area.

(f) Public Shooting Grounds - That part as posted lying above and adjacent to the Hull Lake Diversion Dike known as "Duck Lake."

(g) Salt Creek - That part as posted known as "Rest Lake."

(h) Bear River Migratory Bird Refuge - For information contact the refuge manager, U.S. Fish and Wildlife Service, at (435) 723-5887. The entire refuge is closed to the hunting of snipe.

(i) Fish Springs and Ouray National Wildlife Refuges - Waterfowl hunters must register at Fish Springs refuge headquarters prior to hunting. Both refuges are closed to the hunting of swans, and Fish Springs is closed to the hunting of geese.

(j) State Parks

Hunting of any wildlife is prohibited within the boundaries of all state park areas except those designated open by appropriate signing as provided in Rule R651-614-4.

(k) Great Salt Lake Marina and adjacent areas as posted.

(l) Millard County

Gunnison Bend Reservoir and the inflow upstream to the Southerland Bridge.

(m) Salt Lake International Airport - Hunting and shooting prohibited as posted.

R657-9-31. Shooting Hours.

(1) A person may not hunt, pursue, or take wildlife, or discharge any firearm or archery tackle on state-owned lands adjacent to the Great Salt Lake, on division-controlled waterfowl management areas, or on federal refuges between official sunset and one-half hour before official sunrise.

(2) Legal shooting hours for taking or attempting to take waterfowl, Common snipe, and coot are provided in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

R657-9-32. Falconry.

(1) Falconers must obtain a valid hunting or combination license, a federal migratory bird stamp and a falconry certificate of registration to hunt waterfowl.

(2) Areas open and bag and possession limits for falconry are specified in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot.

R657-9-33. Migratory Game Bird Harvest Information Program (HIP).

(1) A person must obtain an annual Migratory Game Bird Harvest Information Program (HIP) registration number to hunt migratory game birds.

(2)(a) A person must call the telephone number published in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot, or register online at the address published in the proclamation of the Wildlife Board for taking waterfowl, Common snipe and coot to obtain their HIP registration number.

(b) A person must write their HIP registration number on their current year's hunting license.

(3) Any person obtaining a HIP registration number will be required to provide their:

- (a) hunting license number;
- (b) hunting license type;
- (c) name;
- (d) address;
- (e) phone number;
- (f) birth date; and
- (g) information about the previous year's migratory bird hunts.

(4) Lifetime license holders will receive a sticker every three years from the division to write their HIP number on and place on their lifetime license card.

(5) Any person hunting migratory birds will be required, while in the field, to prove that they have registered and provided information for the HIP program.

R657-9-34. Waterfowl Blinds on Waterfowl Management Areas.

(1) Waterfowl blinds on division waterfowl management areas may be constructed or used as provided in Subsection (a) through Subsection (e).

(a) Waterfowl blinds may not be left unattended overnight, except for blinds constructed entirely of non-woody, vegetative materials that naturally occur where the blind is located.

(b) Trees and shrubs on waterfowl management areas that are live or dead standing may not be cut or damaged except as expressly authorized in writing by the division.

(c) Excavating soil or rock on waterfowl management areas above or below water surface is strictly prohibited, except as expressly authorized in writing by the division.

(d) Rock and soil material may not be transported to waterfowl management areas for purposes of constructing a blind.

(e) Waterfowl blinds may not be constructed or used in any area or manner, which obstructs vehicular or pedestrian travel on dikes.

(2) The restrictions set forth in Subsection (1)(a) through Subsection (1)(c) do not apply to the following waterfowl management areas:

(a) Farmington Bay Waterfowl Management Area - West and North of Unit 1, Turpin Unit and Crystal Unit.

(b) Howard Slough Waterfowl Management Area - West and South of the exterior dike separating the waterfowl management area's fresh water impoundments from the Great Salt Lake.

(c) Ogden Bay Waterfowl Management Area - West of Unit 1, Unit 2, and Unit 3.

(d) Harold Crane Waterfowl Management Area - one half mile North and West of the exterior dike separating the waterfowl management area's fresh water impoundments from Willard Spur.

(3) Waterfowl blinds constructed or maintained on waterfowl management areas in violation of this section may be removed or destroyed by the division without notice.

(4) Any unoccupied, permanent waterfowl blind located on state land open to public access for hunting may be used by any person without priority to the person that constructed the blind. It being the intent of this rule to make such blinds available to any person on a first-come, first-serve basis.

(5) Waterfowl blinds or decoys cannot be left unattended overnight on state land open to public access for hunting in an effort to reserve the particular location where the blinds or decoys are placed.

Notice of Continuation August 21, 2006

23-14-18

23-14-19

50 CFR part 20

R657. Natural Resources, Wildlife Resources.**R657-10. Taking Cougar.****R657-10-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19 of the Utah Code, the Wildlife Board has established this rule for taking and pursuing cougar.

(2) Specific dates, areas, number of permits, limits, and other administrative details which may change annually are published in the proclamation of the Wildlife Board for taking cougar.

R657-10-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Canned hunt" means that a cougar is treed, cornered, held at bay or its ability to escape is otherwise restricted for the purpose of allowing a person who was not a member of the initial hunting party to arrive and take the cougar.

(b) "Compensation" means anything of economic value in excess of \$100 that is paid, loaned, granted, given, donated, or transferred to a dog handler for or in consideration of pursuing cougar for any purpose.

(c) "Cougar" means Puma concolor, commonly known as mountain lion, lion, puma, panther or catamount.

(d) "Cougar pursuit permit" means a permit that authorizes a person to pursue cougar during designated seasons.

(e) "Dog handler" means the person in the field that is responsible for transporting, releasing, tracking, controlling, managing, training, commanding and retrieving the dogs involved in the pursuit. The owner of the dogs is presumed the dog handler when the owner is in the field during pursuit.

(f) "Evidence of sex" means the sex organs of a cougar, including a penis, scrotum or vulva.

(g) "Green pelt" means the untanned hide or skin of any cougar.

(h) "Kitten" means a cougar less than one year of age.

(i) "Kitten with spots" means a cougar that has obvious spots on its sides or its back.

(j) "Limited entry hunt" means any hunt listed in the hunt tables of the proclamation of the Wildlife Board for taking cougar, which is identified as limited entry and does not include harvest objective hunts.

(k) "Limited entry permit" means any permit obtained for a limited entry hunt by any means, including conservation permits and sportsman permits.

(l) "Private lands" means any lands that are not public lands, excluding Indian trust lands.

(m) "Public lands" means any lands owned by the state, a political subdivision or independent entity of the state, or the United States, excluding Indian trust lands, that are open to the public for purposes of engaging in pursuit.

(n) "Pursue" means to chase, tree, corner or hold a cougar at bay.

(o) "Split unit" means a cougar hunting unit that begins as a limited entry unit then transitions into a harvest objective unit.

(p) "Waiting period" means a specified period of time that a person who has obtained a cougar permit must wait before applying for any other cougar permit.

(q) "Written permission" means written authorization from the owner or person in charge to enter upon private lands and must include:

(i) the name and signature of the owner or person in charge;

(ii) the address and phone number of the owner or person in charge;

(iii) the name of the dog handler given permission to enter the private lands;

(iv) a brief description of the pursuit activity authorized;

(v) the appropriate dates; and

(vi) a general description of the property.

R657-10-3. Permits for Taking Cougar.

(1)(a) To harvest a cougar, a person must first obtain a valid limited entry cougar permit or a harvest objective cougar permit for the specified management units as provided in the proclamation of the Wildlife Board for taking cougar.

(b) Any person who obtains a limited entry cougar permit or a harvest objective cougar permit may pursue cougar on the unit for which the permit is valid.

(2) A person may not apply for or obtain more than one cougar permit for the same season, except:

(a) as provided in Subsection R657-10-25(3); or

(b) if the person is unsuccessful in the limited entry drawing, the person may purchase a harvest objective permit.

(3) Any cougar permit purchased after the season opens is not valid until seven days after the date of purchase.

(4) To obtain a cougar limited entry permit, harvest objective permit, or pursuit permit, a person must possess a Utah hunting or combination license.

R657-10-4. Permits for Pursuing Cougar.

(1)(a) To pursue cougar without a limited entry cougar permit, the dog handler must:

(i) obtain a valid cougar pursuit permit from a division office; or

(ii) possess the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation.

(b) A cougar pursuit permit or exemption therefrom does not allow a person to kill a cougar.

(2) Residents and nonresidents may purchase cougar pursuit permits consistent with the requirements of this rule and the proclamations of the Wildlife Board.

(3) To obtain a cougar pursuit permit, a person must possess a Utah hunting or combination license.

R657-10-5. Hunting Hours.

Cougar may be taken or pursued only between one-half hour before official sunrise through one-half hour after official sunset.

R657-10-6. Firearms and Archery Tackle.

A person may use the following to take cougar:

(1) any firearm not capable of being fired fully automatic;

(2) a bow and arrows; and

(3) a crossbow as provided in Rule R657-12.

R657-10-7. Traps and Trapping Devices.

(1) Cougar may not be taken with a trap, snare or any other trapping device, except as authorized by the Division of Wildlife.

(2) Cougar accidentally caught in any trapping device must be released unharmed, and must not be pursued or taken.

(3)(a) Written permission must be obtained from a division representative to remove the carcass of a cougar from any trapping device.

(b) The carcass shall remain the property of the state of Utah and must be surrendered to the division.

R657-10-8. State Parks.

(1) Hunting of any wildlife is prohibited within the boundaries of all state park areas except those designated by the Division of Parks and Recreation in Section R651-614-4.

(2) Hunting with a rifle, handgun or muzzleloader in park areas designated open is prohibited within one mile of all park facilities including buildings, camp or picnic sites, overlooks, golf courses, boat ramps and developed beaches.

(3) Hunting with shotguns and archery tackle is prohibited within one quarter mile of the above stated areas.

R657-10-9. Prohibited Methods.

(1) Cougar may be taken or pursued only during open seasons and using methods prescribed in this rule and the proclamation of the Wildlife Board for taking cougar. Otherwise, under the Wildlife Resources Code, it is unlawful for any person to possess, capture, kill, injure, drug, rope, trap, snare or in any way harm or transport cougar.

(2) After a cougar has been pursued, chased, treed, cornered or held at bay, a person may not, in any manner, restrict or hinder the animal's ability to escape.

(3) A person may not engage in a canned hunt.

(4) A person may not take any wildlife from an airplane or any other airborne vehicle or device or any motorized terrestrial or aquatic vehicle, including snowmobiles and other recreational vehicles.

(5) Electronic locating equipment may not be used to locate cougars wearing electronic radio devices.

R657-10-10. Spotlighting.

(1) Except as provided in Section 23-13-17:

(a) a person may not use or cast the rays of any spotlight, headlight or other artificial light to locate protected wildlife while having in possession a firearm or other weapon or device that could be used to take or injure protected wildlife; and

(b) the use of a spotlight or other artificial light in a field, woodland or forest where protected wildlife are generally found is prima facie evidence of attempting to locate protected wildlife.

(2) The provisions of this section do not apply to:

(a) the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife; or

(b) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed weapon to hunt or take wildlife.

R657-10-11. Party Hunting.

A person may not take a cougar for another person.

R657-10-12. Use of Dogs.

(1) Dogs may be used to take or pursue cougar only during open seasons as provided in the proclamation of the Wildlife Board for taking cougar.

(2) A dog handler may pursue cougar provided he or she possesses:

(a) a valid limited entry cougar permit issued to the dog handler;

(b) a valid cougar pursuit permit; or

(c) the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation.

(3) When dogs are used in the pursuit of a cougar, the licensed hunter intending to take the cougar must be present when the dogs are released and must continuously participate in the hunt thereafter until the hunt is completed.

(4) When dogs are used to take a cougar and there is not an open pursuit season, the dog handler must have:

(a) a limited entry cougar permit issued to the dog handler for the unit being hunted;

(b)(i) a valid cougar pursuit permit; and

(ii) be accompanied, as provided in Subsection (3), by a hunter possessing a limited entry cougar permit for the area; or

(c)(i) the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation and

(ii) be accompanied, as provided in Subsection (3), by a paying client possessing a limited entry cougar permit for the area.

(5) A dog handler may pursue cougar under:

(a) a cougar pursuit permit only during the season and in the areas designated by the Wildlife Board in proclamation open

to pursuit;

(b) a limited entry cougar permit only during the season and in the area designated by the Wildlife Board in proclamation for that permit; or

(c) the pursuit for compensation provisions in this rule only during the seasons and in the areas designated by the Wildlife Board in proclamation open to pursuit.

(6) When dogs are used to take cougar and there is not an open pursuit season, the owner and handler of the dogs must have a valid pursuit permit and be accompanied by a licensed hunter as provided in Subsection (3), or have a cougar permit.

R657-10-13. Tagging Requirements.

(1) The carcass of a cougar must be tagged with a temporary possession tag before the carcass is moved from or the hunter leaves the site of kill as provided in Section 23-20-30.

(2) A person may not hunt or pursue a cougar after any of the notches have been removed from the tag or the tag has been detached from the permit.

(3) The temporary possession tag:

(a) must remain attached to the pelt or unskinned carcass until the permanent possession tag is attached; and

(b) is only valid for 48 hours after the date of kill.

(4) A person may not possess a cougar pelt or unskinned carcass without a valid permanent possession tag affixed to the pelt or unskinned carcass. This provision does not apply to a person in possession of a properly tagged carcass or pelt within 48 hours after the kill, provided the person was issued and is in possession of a valid permit.

R657-10-14. Evidence of Sex and Age.

(1) Evidence of sex must remain attached to the carcass or pelt of each cougar until a permanent tag has been attached by the division.

(2) The pelt and skull must be presented to the division in an unfrozen condition to allow the division to gather management data.

(3) It is mandatory that a tooth (PM1) be removed by the division at the time of permanent tagging to be used for aging purposes.

(4) The division may seize any pelt not accompanied by its skull or not having sufficient evidence of biological sex designation attached.

R657-10-15. Permanent Tag.

(1)(a) Each cougar must be taken by the permit holder to a conservation officer or division office within 48 hours after the date of kill to have a permanent possession tag affixed to the pelt or unskinned carcass and for the removal of a tooth.

(b) After regular business hours, on weekends, or on holidays, a conservation officer may be reached by contacting the local police dispatch office.

(2) A person may not possess a green pelt after the 48-hour check-in period, or ship a green pelt out of Utah, or present a green pelt to a taxidermist if the green pelt does not have a permanent possession tag attached.

R657-10-16. Transporting Cougar.

Cougar that have been legally taken may be transported by the permit holder provided the cougar is properly tagged and the permittee possesses the appropriate permit.

R657-10-17. Exporting Cougar from Utah.

(1) A person may export a legally taken cougar or its parts if that person has a valid permit and the cougar is properly tagged with a permanent possession tag.

(2) A person may not ship or cause to be shipped from Utah, a cougar pelt without first obtaining a shipping permit issued by an authorized division representative.

R657-10-18. Donating.

(1) A person may donate protected wildlife or their parts to another person as provided in Section 23-20-9.

(2) A green pelt of any cougar donated to another person must have a permanent possession tag affixed.

(3) The written statement of donation must be retained with the pelt.

R657-10-19. Purchasing or Selling.

(1) Legally obtained, tanned cougar hides may be purchased or sold.

(2) A person may not purchase, sell, offer for sale, or barter a tooth, claw, paw, or skull of any cougar.

R657-10-20. Waste of Wildlife.

(1) A person may not waste or permit to be wasted or spoiled any protected wildlife or their parts.

(2) The skinned carcass of a cougar may be left in the field and does not constitute waste of wildlife.

R657-10-21. Livestock Depredation and Human Health and Safety.

(1) If a cougar is harassing, chasing, disturbing, harming, attacking or killing livestock, or has committed such an act within the past 72 hours:

(a) in depredation cases, the livestock owner, an immediate family member or an employee of the owner on a regular payroll, and not hired specifically to take cougar, may kill the cougar;

(b) a landowner or livestock owner may notify the division of the depredation or human health and safety concerns, who shall authorize a local hunter to take the offending cougar or notify a USDA, Wildlife Services specialist; or

(c) the livestock owner may notify a USDA, Wildlife Services specialist of the depredation who may take the depredating cougar.

(2) Depredating cougar may be taken at any time by a USDA, Wildlife Services specialist, supervised by the Wildlife Services program, while acting in the performance of the person's assigned duties and in accordance with procedures approved by the division.

(3) A depredating cougar may be taken by those persons authorized in Subsection (1)(a) with:

(a) any weapon authorized for taking cougar; or

(b) with the use of snares only with written authorization from the director of the division and subject to all the conditions and restrictions set out in the written authorization.

(i) The option in Subsection (3)(b) may only be authorized in the case of a chronic depredation situation where numerous livestock have been killed by a depredating cougar and must be verified by Wildlife Services or division personnel.

(4)(a) Any cougar taken pursuant to this section must be delivered to a division office or employee within 72 hours.

(b) In accordance with Subsection (1)(a) the cougar shall remain the property of the state, except the division may issue a cougar damage permit to a person who has killed a depredating cougar in accordance with this section, if that person wishes to maintain possession of the cougar.

(c) A person may acquire only one cougar annually.

(5)(a) Hunters interested in taking depredating cougar as provided in Subsection (1)(b) may contact the division.

(b) Hunters will be contacted by the division to take depredating cougar as needed.

R657-10-22. Survey.

Each permittee who is contacted for a survey about their cougar hunting experience should participate in the survey regardless of success. Participation in the survey helps the division evaluate population trends, harvest success and collect

other valuable information.

R657-10-23. Taking Cougar.

(1)(a) A person may take only one cougar during the season and from the area specified on the permit.

(b) Limited entry permits may be obtained by following the application procedures provided in this rule and the proclamation of the Wildlife Board for taking cougar.

(c) Harvest objective permits may be purchased on a first-come, first-served basis as provided in proclamation of the Wildlife Board for taking cougar.

(2) A person may not:

(a) take or pursue a female cougar with kittens or kittens with spots; or

(b) repeatedly pursue, chase, tree, corner, or hold at bay, the same cougar during the same day after the cougar has been released.

(3) Any cougar may be taken during the prescribed seasons, except a kitten with spots, or any cougar accompanied by kittens, or any cougar accompanied by an adult.

(4) A person may not take a cougar wearing a radio collar from any areas that are published in the proclamation of the Wildlife Board for taking cougar.

(5) The division may authorize hunters who have obtained a limited entry cougar permit to take cougar in a specified area of the state in the interest of protecting wildlife from depredation.

(6) Season dates, closed areas, harvest objective permit areas and limited entry permit areas are published in the proclamation of the Wildlife Board for taking cougar.

(7)(a) A person who obtains a limited entry cougar permit on a split unit may hunt on all harvest objective units after the date split units transition into harvest objective units. The split unit transition date is provided in the proclamation of the Wildlife Board for taking cougar.

(b) A person who obtains a limited entry cougar permit on a split unit and chooses to hunt on any harvest objective unit after the transition date is subject to all harvest objective unit closure requirements provided in Sections R657-10-34 and 657-10-35.

R657-10-24. Extended and Preseason Hunts.

(1) An extended or preseason hunt may be authorized by the division on selected cougar management units to control depredation or nuisance problems.

R657-10-25. Cougar Pursuit.

(1)(a) Except as provided in rule R657-10-3(b) and Subsection (2), cougar may be pursued only by persons who have obtained a cougar pursuit permit.

(b) The cougar pursuit permit does not allow a person to:

(i) kill a cougar; or

(ii) pursue cougar for compensation.

(c) A person may pursue cougar for compensation only as provided in Subsection (2).

(d) To obtain a cougar pursuit permit, a person must possess a Utah hunting or combination license.

(2)(a) A person may pursue cougar on public lands for compensation, provided the dog handler:

(i) receives compensation from a client or customer to pursue cougar;

(ii) is a licensed hunting guide or outfitter under Title 58, Chapter 79 of the Utah Code and authorized to pursue cougar;

(iii) possesses on his or her person the Utah hunting guide or outfitter license;

(iv) possesses on his or her person all permits and authorizations required by the applicable public lands managing authority to pursue cougar for compensation; and

(v) is accompanied by the client or customer at all times

during pursuit.

(b) A person may pursue cougar on private lands for compensation, provided the dog handler:

(i) receives compensation from a client or customer to pursue cougar;

(ii) is accompanied by the client or customer at all times during pursuit; and

(iii) possesses on his or her person written permission from all private landowners on whose property pursuit takes place.

(c) A person who is an employee or agent of the Division of Wildlife Services may pursue cougar on public lands and private lands while acting within the scope of their employment.

(3) A pursuit permit is not required to pursue cougar under Subsection (2).

(4)(a) A person pursuing cougar for compensation under subsections (2)(a) and (2)(b) shall comply with all other requirements and restrictions in statute, rule and the proclamations of the Wildlife Board regulating the pursuit and take of cougar.

(b) Any violation of, or failure to comply with the provisions of Title 23 of the Utah Code, this rule, or the proclamations of the Wildlife Board may be grounds for suspension of the privilege to pursue cougar for compensation under this subsection, as determined by a division hearing officer.

(5) A cougar pursuit permit authorizes the holder to pursue cougar with dogs on any unit open to pursuing cougar during the seasons and under the conditions prescribed by the Wildlife Board in proclamation.

(6) A person may not:

(a) take or pursue a female cougar with kittens or kittens with spots;

(b) repeatedly pursue, chase, tree, corner or hold at bay, the same cougar during the same day; or

(c) possess a firearm or any device that could be used to kill a cougar while pursuing cougar.

(i) The weapon restrictions set forth in the subsection do not apply to a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing or attempting to utilize the concealed weapon to injure or kill cougar.

(7) If eligible, a person who has obtained a cougar pursuit permit may also obtain a limited entry cougar permit or harvest objective cougar permit.

(8) Cougar may be pursued only on limited entry units or harvest objective units during the dates provided in the proclamation of the Wildlife Board for taking cougar.

(9) A cougar pursuit permit is valid on a calendar year basis.

(10) A person must possess a valid hunting or combination license to obtain a cougar pursuit permit.

R657-10-26. Limited Entry Cougar Permit Application Information.

(1) Limited entry cougar permits are issued pursuant to R657-62-23.

R657-10-27. Harvest Objective General Information.

(1) Harvest objective permits are valid only for the open harvest objective management units and for the specified seasons published in the proclamation of the Wildlife Board for taking cougar.

(2) Harvest objective permits are not valid in a specified management unit after the harvest objective has been met for that specified management unit.

R657-10-28. Harvest Objective Permit Sales.

(1) Harvest objective permits are available on a first-come, first-served basis beginning on the date published in the

proclamation of the Wildlife Board for taking cougar.

(2) Any cougar permit purchased after the season opens is not valid until seven days after the date of purchase.

(3) A person must possess a valid hunting or combination license to obtain a Harvest objective permit.

R657-10-29. Harvest Objective Unit Closures.

(1) To hunt in a harvest objective unit, a hunter must call 1-888-668-LION or visit the division's website to verify that the cougar management unit is still open. The phone line and website will be updated each day by 12 noon. Updates become effective the following day thirty minutes before official sunrise.

(2) Harvest objective units are open to hunting until:

(a) the cougar harvest objective for that unit is met; or

(b) the end of the hunting season as provided in the proclamation of the Wildlife Board for taking cougar.

(3) Upon closure of a harvest objective unit, a hunter may not take or pursue cougar except as provided in Section R657-10-25.

R657-10-30. Harvest Objective Unit Reporting.

(1) Any person taking a cougar with a harvest objective permit must report to the division, within 48 hours, where the cougar was taken and have a permanent tag affixed pursuant to Section R657-10-15.

(2) Failure to accurately report the correct harvest objective management unit where the cougar was killed is unlawful.

(3) Any conviction for failure to accurately report, or aiding or assisting in the failure to accurately report as required in Subsection (1) shall be considered prima facie evidence of a knowing, intentional or reckless violation for purposes of permit suspension.

R657-10-31. Wildlife Management Areas.

(1) A person may not use motor vehicles on division-owned wildlife management areas closed to motor vehicle use during the winter without first obtaining written authorization from the appropriate division regional office.

(2) The division may, in its sole discretion, authorize limited motor vehicle access to its wildlife management areas closed to such use during the winter provided:

(a) the person seeking access possesses a valid cougar permit for the area;

(b) motor vehicle access is necessary to effectively utilize the cougar permit; and

(c) motor vehicle access will not interfere with wintering wildlife or wildlife habitat.

R657-10-32. Poaching-Reported Reward Permits.

(1) For purposes of this section, "successful prosecution" means the screening and filing of charges for the poaching incident.

(2) Any person who provides information leading to another person's arrest and successful prosecution for wanton destruction of a cougar on a limited entry cougar unit, under Section 23-20-4, may receive a permit from the division to hunt cougar on the same limited-entry cougar unit where the reported violation occurred, as provided in Subsection (3).

(3)(a) The division may issue poaching-reported reward permits only in limited-entry cougar units that have more than 10 total permits allocated.

(b) The division may issue only one poaching-reported reward permit per limited-entry cougar unit per year.

(4)(a) The division may issue only one poaching-reported reward permit for any one animal illegally taken.

(b) No more than one poaching-reported reward permit shall be issued to any one person per successful prosecution.

(c) No more than one cougar poaching-reported reward

permit shall be issued to any one person in any one cougar season.

(5)(a) Poaching-reported reward permits may only be issued to the person who provides the most pertinent information leading to a successful prosecution. Permits are not transferrable.

(b) If information is received from more than one person, the director of the division shall make a determination based on the facts of the case, as to which person provided the most pertinent information leading to the successful prosecution in the case.

(c) The person providing the most pertinent information shall qualify for the poaching-reported reward permit.

(6) Any person who receives a poaching-reported reward permit must possess a Utah hunting or combination license and otherwise be eligible to hunt and obtain cougar permits as provided in all rules and regulations of the Wildlife Board and the Wildlife Resources Code.

Notice of Continuation August 21, 2006

23-14-18

23-14-19

R657. Natural Resources, Wildlife Resources.**R657-11. Taking Furbearers.****R657-11-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19, the Wildlife Board has established this rule for taking furbearers.

(2) Specific dates, areas, number of permits, limits, and other administrative details which may change annually are published in the proclamation of the Wildlife Board for taking furbearers.

R657-11-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Artificial cubby set" means any artificially manufactured container with an opening on one end that houses a trapping device. Bait must be placed inside the artificial cubby set at least eight inches from the opening. Artificial cubby sets must be placed with the top of the opening even with or below the bottom of the bait so that the bait is not visible from above.

(b) "Bait" means any lure containing animal parts larger than one cubic inch, or eight cubic inches if used in an artificial cubby set, with the exception of white-bleached bones with no hide or flesh attached.

(c) "Exposed bait" means bait which is visible from any angle, except when used in an artificial cubby set.

(d) "Fur dealer" means any individual engaged in, wholly or in part, the business of buying, selling, or trading skins or pelts of furbearers within Utah.

(e) "Fur dealer's agent" means any person who is employed by a resident or nonresident fur dealer as a buyer.

(f) "Green pelt" means the untanned hide or skin of any furbearer.

(g) "Pursue" means to chase, tree, corner, or hold a furbearer at bay.

(h) "Scent" means any lure composed of material of less than one cubic inch that has a smell intended to attract animals.

R657-11-3. License, Permit and Tag Requirements.

(1) A person who has a valid, current furbearer license may take furbearers during the established furbearer seasons published in the proclamation of the Wildlife Board for taking furbearers.

(2) A person who has a valid, current furbearer license and valid bobcat permits may take bobcat during the established bobcat season published in the proclamation of the Wildlife Board for taking furbearers.

(3) A person who has a valid, current furbearer license and valid marten trapping permit may take marten during the established marten season published in the proclamation of the Wildlife Board for taking furbearers.

(4) Any license, permit, or tag that is mutilated or otherwise made illegible is invalid and may not be used for taking or possessing furbearers.

R657-11-4. Bobcat Permits.

(1) Bobcat permits can only be obtained and are only valid with a valid, current furbearer license.

(2) A person may obtain up to the number of bobcat permits authorized each year by the Wildlife Board. Permit numbers shall be published in the proclamation of the Wildlife Board for taking furbearers.

(3) Bobcat permits will be available during the dates published in the proclamation of the Wildlife Board for taking furbearers and may be obtained by submitting an application through the division's Internet address.

(4) Bobcat permits are valid for the entire bobcat season.

R657-11-5. Tagging Bobcats.

(1) The pelt or unskinned carcass of any bobcat must be

tagged in accordance with Section 23-20-30.

(2) The tag must remain with the pelt or unskinned carcass until a permanent tag has been affixed.

(3) Possession of an untagged green pelt or unskinned carcass is prima facie evidence of unlawful taking and possession.

(4) The lower jaw of each bobcat taken must be removed and tagged with the numbered jaw tag corresponding to the number of the temporary possession tag affixed to the hide.

R657-11-6. Marten Permits.

(1) A person may not trap marten or have marten in possession without having a valid, current furbearer license and a marten trapping permit in possession.

(2) Marten trapping permits are available free of charge from any division office.

(3)(a) Applications for marten permits must contain the applicant's full name, mailing address, phone number, and valid, current furbearer license number.

(b) Permit applications are accepted by mail or in person at any regional division office.

R657-11-7. Permanent Possession Tags for Bobcat and Marten.

(1) A person may not:

(a) possess a green pelt or unskinned carcass from a bobcat or marten that does not have a permanent tag affixed after the Saturday following the close of the bobcat trapping season and marten seasons;

(b) possess a green pelt or the unskinned carcass of a bobcat with an affixed temporary bobcat possession tag issued to another person, except as provided in Subsections (5) and (6); or

(b) buy, sell, trade, or barter a green pelt from a bobcat or marten that does not have a permanent tag affixed.

(2) Bobcat and marten pelts must be delivered to a division representative to have a permanent tag affixed and to surrender the lower jaw.

(3) Bobcat and marten pelts may be delivered to the following division offices, by appointment only, during the dates published in the proclamation of the Wildlife Board for taking furbearers:

(a) Cedar City - Regional Office;

(b) Ogden - Regional Office;

(c) Price - Regional Office;

(d) Salt Lake City - Salt Lake Office;

(e) Springville - Regional Office; and

(f) Vernal - Regional Office.

(4) There is no fee for permanent tags.

(5) Bobcat and marten which have been legally taken may be transported from an individual's place of residence by an individual other than the fur harvester to have the permanent tag affixed; bobcats must be tagged with a temporary possession tag and accompanied by a valid furbearer license belonging to the fur harvester.

(6) Any individual transporting a bobcat or marten for another person must have written authorization stating the following:

(a) date of kill;

(b) location of kill;

(c) species and sex of animal being transported;

(d) origin and destination of such transportation;

(e) the name, address, signature and furbearer license number of the fur harvester;

(f) the name of the individual transporting the bobcat or marten; and

(g) the fur harvester's marten permit number if marten is being transported.

(7) Green pelts of bobcats and marten legally taken from outside the state may not be possessed, bought, sold, traded, or

bartered in Utah unless a permanent tag has been affixed or the pelts are accompanied by a shipping permit issued by the wildlife agency of the state where the animal was taken.

(8)(a) Fur harvesters taking marten are requested to present the entire skinned carcass intact, including the lower jaw, to the division in good condition when the pelt is presented for tagging.

(b) "Good condition" means the carcass is fresh or frozen and securely wrapped to prevent decomposition so that the tissue remains suitable for lab analysis.

R657-11-8. Purchase of License by Mail.

A person may purchase a license by mail by sending the following information to a division office: full name, complete mailing address, phone number, date of birth, weight, height, sex, color of hair and eyes, Social Security number, driver license number (if available), proof of furharvester education certification, and fees.

R657-11-9. Trap Registration Numbers.

(1) For the purposes of this section, "owner" means the person who has been issued a trap registration number, which is permanently marked or affixed to the trapping device.

(2) Each trapping device used to take furbearers must be permanently marked or tagged with the trap registered number of the owner.

(3) No more than one trap registration number may be on a trapping device.

(4) Trap registration numbers must be legible.

(5) Trap registration numbers are permanent and may be obtained by mail or in person from any division office.

(6) Applicants must include their full name, including middle initial, and complete home address.

(7) A registration fee of \$10 must accompany the request. This fee is payable only once.

(8) Each individual is issued only one trap registration number.

(9) Any person who has obtained a trap registration number must notify the division within 30 days of any change in address or the theft of traps.

R657-11-10. Traps.

(1) All long spring, jump, or coil spring traps must have spacers on the jaws which leave an opening of at least 3/16 of an inch when the jaws are closed, except;

(a) rubber-padded jaw traps,

(b) traps with jaw spreads less than 4.25 inches, and

(c) traps that are not completely submerged under water when set.

(2) All snares, except those set in water or with a loop size less than 3 inches in diameter, must be equipped with a breakaway lock device that will release when any force greater than 300 lbs. is applied to the loop. Breakaway snares must be fastened to an immovable object solidly secured to the ground. The use of drags is prohibited.

(3) On the middle section of the Provo River, between Jordanelle Dam and Deer Creek Reservoir, the Green River, between Flaming Gorge Dam and the Utah Colorado state line; and the Colorado River, between the Utah Colorado state line and Lake Powell; and the Escalante River, between Escalante and Lake Powell, trapping within 100 yards of either side of these rivers, including their tributaries from the confluences upstream 1/2 mile, is restricted to the following devices:

(a) Nonlethal-set leg hold traps with a jaw spread less than 5 1/8 inches, and nonlethal-set padded leg hold traps. Drowning sets with these traps are prohibited.

(b) Body-gripping, killing-type traps with body-gripping area less than 30 square inches (i.e., 110 Conibear).

(c) Nonlethal dry land snares equipped with a stop-lock device that prevents it from closing to less than a six-inch

diameter.

(d) Size 330, body-gripping, killing-type traps (i.e. Conibear) modified by replacing the standard V-trigger assembly with one top side parallel trigger assembly, with the trigger placed within one inch of the side, or butted against the vertical turn in the Canadian bend.

(4) A person may not disturb or remove any trapping device, except:

(a) a person who possesses a valid, current furbearer license, the appropriate permits or tags, and who has been issued a trapper registration number, which is permanently marked or affixed to the trapping device; or

(b) peace officers in the performance of their duties; or

(c) as provided in Subsection (6).

(5) A person may not kill or remove wildlife caught in any trapping device, except:

(a) a person who possesses a valid, current furbearer license, the appropriate permits or tags, and who has been issued a trapper registration number, which is permanently marked or affixed to the trapping device; or

(b) as provided in Subsection (6).

(6) For the purposes of this section, "owner" means the person who has been issued a trap registration number, which is permanently marked or affixed to the trapping device.

(7) A person, other than the owner, may possess, disturb or remove a trapping device; or possess, kill or remove wildlife caught in a trapping device provided:

(a) the person possesses a valid, current furbearer license, the appropriate permits or tags; and

(b) has obtained written authorization from the owner of the trapping device stating the following:

(i) date written authorization was obtained;

(ii) name and address of the owner;

(iii) owner's trap registration number;

(iv) the name of the individual being given authorization;

(v) signature of owner.

(8) The owner of any trapping device, providing written authorization to another person under Subsection (6), shall be strictly liable for any violations of this proclamation resulting from the use of the trapping device by the authorized person.

(9) The owner of any trapping device, providing written authorization to another person under Subsection (6), must keep a record of all persons obtaining written authorization and furnish a copy of the record upon request from a conservation officer.

(10)(a) A person may not set any trap or trapping device on posted private property without the landowner's permission.

(b) Any trap or trapping device set on posted property without the owner's permission may be sprung by the landowner.

(c) Wildlife officers should be informed as soon as possible of any illegally set traps or trapping devices.

(11) Peace officers in the performance of their duties may seize all traps, trapping devices, and wildlife used or held in violation of this rule.

(12) A person may not possess any trapping device that is not permanently marked or tagged with that person's registered trap number while engaged in taking wildlife.

(13) All traps and trapping devices must be checked and animals removed at least once every 48 hours, except;

(a) killing traps striking dorso-ventrally,

(b) drowning sets, and

(c) lethal snares that are set to capture on the neck, that have a nonrelaxing lock, without a stop, and are anchored to an immovable object; which must be checked every 96 hours.

(14) A person may not transport or possess live protected wildlife. Any animal found in a trap or trapping device must be killed or released immediately by the trapper.

R657-11-11. Use of Bait.

(1) A person may not use any protected wildlife or their parts, except for white-bleached bones with no hide or flesh attached, as bait or scent; however, parts of legally taken furbearers and nonprotected wildlife may be used as bait.

(2) Traps or trapping devices may not be set within 30 feet of any exposed bait.

(3) A person using bait is responsible if it becomes exposed for any reason.

(4) White-bleached bones with no hide or flesh attached may be set within 30 feet of traps.

R657-11-12. Accidental Trapping.

(1)(a) Any bear, bobcat, cougar, marten, otter, wolverine, any furbearer trapped out of season, or other protected wildlife accidentally caught in a trap must be released unharmed.

(b) Written permission must be obtained from a division representative to remove the carcass of any of these species from a trap.

(c) The carcass remains the property of the state and must be turned over to the division.

(2) All incidents of accidental trapping of any of these animals must be reported to the division within 48 hours.

(3) Black-footed ferret, lynx and wolf are protected species under the Endangered Species Act. Accidental trapping or capture of these species must be reported to the division within 48 hours.

R657-11-13. Methods of Take and Shooting Hours.

(1) Furbearers, except bobcats and marten, may be taken by any means, excluding explosives, poisons, and crossbows, or as otherwise provided in Section 23-13-17.

(2) Bobcats may be taken only by shooting, trapping, or with the aid of dogs as provided in Section R657-11-26.

(3) Marten may be taken only with an elevated, covered set in which the maximum trap size shall not exceed 1 1/2 foothold or 160 Conibear.

(4) Taking furbearers by shooting or with the aid of dogs is restricted to one-half hour before sunrise to one-half hour after sunset, except as provided in Section 23-13-17.

(5) A person may not take any wildlife from an airplane or any other airborne vehicle or device or any motorized terrestrial or aquatic vehicle, including snowmobiles and other recreational vehicles.

R657-11-14. Spotlighting.

(1) Except as provided in Subsection (3):

(a) a person may not use or cast the rays of any spotlight, headlight, or other artificial light to locate protected wildlife while having in possession a firearm or other weapon or device that could be used to take or injure protected wildlife; and

(b) the use of a spotlight or other artificial light in a field, woodland, or forest where protected wildlife are generally found is prima facie evidence of attempting to locate protected wildlife.

(2) The provisions of this section do not apply to:

(a) the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife; or

(b) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed weapon to hunt or take wildlife.

(3) The provisions of this section do not apply to the use of an artificial light when used by a trapper to illuminate his path and trap sites for the purpose of conducting the required trap checks, provided that:

(a) any artificial light must be carried by the trapper;

(b) a motor vehicle headlight or light attached to or powered by a motor vehicle may not be used; and

(c) while checking traps with the use of an artificial light,

the trapper may not occupy or operate any motor vehicle.

(4) Spotlighting may be used to hunt coyote, red fox, striped skunk, or raccoon where allowed by a county ordinance enacted pursuant to Section 23-13-17.

(5) The ordinance shall provide that:

(a) any artificial light used to spotlight coyote, red fox, striped skunk, or raccoon must be carried by the hunter;

(b) a motor vehicle headlight or light attached to or powered by a motor vehicle may not be used to spotlight the animal; and

(c) while hunting with the use of an artificial light, the hunter may not occupy or operate any motor vehicle.

(6) For purposes of the county ordinance, "motor vehicle" shall have the meaning as defined in Section 41-6-1.

(7) The ordinance may specify:

(a) the time of day and seasons when spotlighting is permitted;

(b) areas closed or open to spotlighting within the unincorporated area of the county;

(c) safety zones within which spotlighting is prohibited;

(d) the weapons permitted; and

(e) penalties for violation of the ordinance.

(8)(a) A county may restrict the number of hunters engaging in spotlighting by requiring a permit to spotlight and issuing a limited number of permits.

(b) A fee may be charged for a spotlighting permit.

(9) A county may require hunters to notify the county sheriff of the time and place they will be engaged in spotlighting.

(10) The requirement that a county ordinance must be enacted before a person may use spotlighting to hunt coyote, red fox, striped skunk, or raccoon does not apply to:

(a) a person or his agent who is lawfully acting to protect his crops or domestic animals from predation by those animals; or

(b) an animal damage control agent acting in his official capacity under a memorandum of agreement with the division.

R657-11-15. Use of Dogs.

(1) Dogs may be used to take furbearers only from one-half hour before sunrise to one-half hour after sunset and only during the prescribed open seasons.

(2) The owner and handler of dogs used to take or pursue a furbearer must have a valid, current furbearer license in possession while engaged in taking furbearers.

(3) When dogs are used in the pursuit of furbearers, the licensed hunter intending to take the furbearer must be present when the dogs are released and must continuously participate in the hunt thereafter until the hunt is completed.

R657-11-16. State Parks.

(1) Taking any wildlife is prohibited within the boundaries of all state park areas except those designated by the Division of Parks and Recreation in Section R651-614-4.

(2) Hunting with a rifle, handgun, or muzzleloader on park areas designated open is prohibited within one mile of all park facilities including buildings, camp or picnic sites, overlooks, golf courses, boat ramps, and developed beaches.

(3) Hunting with shotguns and archery equipment is prohibited within one quarter mile of the above stated areas.

R657-11-17. Transporting Furbearers.

(1)(a) A person who has obtained the appropriate license and permit may transport green pelts of furbearers. Additional restrictions apply for taking bobcat and marten as provided in Section R657-11-6.

(b) A registered Utah fur dealer or that person's agent may transport or ship green pelts of furbearers within Utah.

(2) A furbearer license is not required to transport red fox or striped skunk.

R657-11-18. Exporting Furbearers from Utah.

(1) A person may not export or ship the green pelt of any furbearer from Utah without first obtaining a valid shipping permit from a division representative.

(2) A furbearer license is not required to export red fox or striped skunk from Utah.

R657-11-19. Sales.

(1) A person with a valid furbearer license may sell, offer for sale, barter, or exchange only those species that person is licensed to take, and which were legally taken.

(2) Any person who has obtained a valid fur dealer or fur dealer's agent certificate of registration may engage in, wholly or in part, the business of buying, selling, or trading green pelts or parts of furbearers within Utah.

(3) Fur dealers or their agents and taxidermists must keep records of all transactions dealing with green pelts of furbearers.

(4) Records must state the following:

(a) the transaction date; and

(b) the name, address, license number, and tag number of each seller.

(5) A receipt containing the information specified in Subsection (4) must be issued whenever the ownership of a pelt changes.

(6)(a) A person may possess furbearers and tanned hides legally acquired without possessing a license, provided proof of legal ownership or possession can be furnished.

(b) A furbearer license is not required to sell or possess red fox or striped skunk or their parts.

R657-11-20. Wasting Wildlife.

(1) A person may not waste or permit to be wasted or spoiled any protected wildlife or their parts as provided in Section 23-20-8.

(2) The skinned carcass of a furbearer may be left in the field and does not constitute waste of wildlife.

R657-11-21. Depredation by Badger, Weasel, and Spotted Skunk.

(1) Badger, weasel, and spotted skunk may be taken anytime without a license when creating a nuisance or causing damage, provided the animal or its parts are not sold or traded.

(2) Red fox and striped skunk may be taken any time without a license.

R657-11-22. Depredation by Bobcat.

(1) Depredating bobcats may be taken at any time by duly appointed animal damage control agents, supervised by the animal damage control program, while acting in the performance of their assigned duties and in accordance with procedures approved by the division.

(2) A livestock owner or his employee, on a regular payroll and not hired specifically to take furbearers, may take bobcats that are molesting livestock.

(3) Any bobcat taken by a livestock owner or his employee must be surrendered to the division within 72 hours.

R657-11-23. Depredation by Beaver.

(1) Beaver doing damage may be taken or removed during closed seasons.

(2) A permit to remove damaging beaver must first be obtained from a division office or conservation officer.

R657-11-24. Survey.

Each permittee who is contacted for a survey about their furbearer harvesting experience should participate in the survey regardless of success. Participation in the survey helps the division evaluate population trends, harvest success and collect other valuable information.

R657-11-25. Prohibited Species.

(1)(a) A person may not take black-footed ferret, fisher, lynx, otter, wolf, or wolverine.

(b) Accidental trapping or capture of any of these species must be reported to the division within 48 hours.

R657-11-26. Season Dates and Bag Limits.

Season dates, bag limits, and areas with special restrictions are published annually in the proclamation of the Wildlife Board for taking furbearers.

R657-11-27. Applications for Trapping on State Waterfowl Management Areas.

(1)(a) Applications for trapping on state waterfowl management areas are available at the division's internet address, and must be completed and submitted online by the date prescribed in the respective proclamation of the Wildlife Board.

(i) Applicants submitting more than one application per calendar year will be rejected.

(b) Applicants must meet all age requirements, proof of hunter education and furharvester requirements, and youth restrictions as provided in Utah Code 23-19-24, 23-19-11 and 23-20-20.

(c) Applicants may select up to two WMA choices on the application.

(d) Hunt choices must be listed in order of preference.

(e) Up to three trappers may apply as a group for a single permit.

(f) A person who applies for or obtains a permit must notify the division of any change in mailing address, residency, telephone number, email address, and physical description.

(g) If the number of applications received for a WMA exceeds the number of permits available, a drawing will be held. This drawing will determine successful or unsuccessful applicants.

(i) each application will be assigned a computerized random drawing number.

(ii) a drawing order will be established by arranging applications beginning with the lowest random drawing number.

(iii) in sequence of the drawing order, the applicant's first selection will be considered. If a permit is not available for that selection, that applicant's second selection will be considered.

(iv) remaining permits will be offered to the alternate list beginning with the first eligible alternate.

(A) the alternate list is comprised of unsuccessful applicants.

(B) the alternate list is arranged in order beginning with the lowest drawing number.

(2) Permits, trapping dates and boundaries

(a) Open areas, trapping dates, allowable species, fees, and number of permits shall be determined by the waterfowl management area superintendent.

(b) Superintendents of waterfowl management areas offering more than one trapping permit will determine the trapping boundaries of each permit.

(c) Only the trapper or trappers listed on the permit may trap on the waterfowl management area.

(d) All trappers must trap under the supervision of the waterfowl management area superintendent. Permits are not valid until signed by the superintendent in charge of the area to be trapped.

(e) Violation of this section is cause for forfeiture of all trapping privileges on management areas for that trapping year.

(f) Applicants may be notified of drawing results by the date prescribed in the respective proclamation of the Wildlife Board.

R657-11-28. Fees.

(1) Upon verified payment of trapping fees, permits will be

mailed to successful applicants are granted trapping rights for management areas.

(2) If a successful applicant fails to make full payment within 14 days of the results posting date, an alternate trapper will be selected.

(3) Permits are not valid until signed by the superintendent in charge of the area to be trapped.

R657-11-29. Vehicle Travel.

Vehicle travel is restricted to developed roads. However, written permission for other travel may be obtained from the waterfowl management area superintendent.

R657-11-30. Trapping Hours.

On waterfowl management areas traps may be checked only between one-half hour before official sunrise to one-half hour after official sunset.

R657-11-31. Responsibility of Trappers.

(1) All trappers are directly responsible to the waterfowl management area superintendent.

(2) Violation of management or trapping rules, including failure to return a trapping permit within five days of cessation of trapping activities, or failure to properly trap an area, as determined and recommended by the superintendent, may be cause for cancellation of trapping privileges, existing and future, on all waterfowl management areas.

R657-11-32. Closed Area.

Davis County - Trapping is allowed only on the dates published in the proclamation of the Wildlife Board for taking furbearers, on those lands administered by the state lying along the eastern shore of the Great Salt Lake, commonly known as the Layton-Kaysville marshes. In addition, there may be a portion of the above stated area that is closed to trapping. This area will be posted and marked.

R657-11-33. Wildlife Management Areas.

(1) A person may not use motor vehicles on division-owned wildlife management areas closed to motor vehicle use without first obtaining written authorization from the appropriate division regional office.

(2) For purposes of coyote trapping, the division may, in its sole discretion, authorize limited motor vehicle access to its wildlife management areas closed to such use provided the motor vehicle access will not interfere with wildlife or wildlife habitat.

23-14-19

23-13-17

R657. Natural Resources, Wildlife Resources.**R657-17. Lifetime Hunting and Fishing License.****R657-17-1. Purpose and Authority.**

(1) Under authority of Section 23-19-17.5, this rule provides the requirements and procedures applicable to lifetime hunting and fishing licenses.

(2) In addition to the provisions of this rule, a lifetime licensee is subject to:

(a) the provisions set forth in Title 23, Wildlife Resources Code of Utah; and

(b) the rules and proclamations of the Wildlife Board, including all requirements for hunting permits and fishing licenses.

(3) Unless specifically stated otherwise, lifetime licensees shall be subject to any amendment to this rule or any amendment to Section 23-19-17.5.

R657-17-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2 and Rule R657-5.

(2) In addition:

(a) "Lifetime Questionnaire" means a list of questions, accessible by a lifetime licensee at the division's website, used to identify the lifetime licensee's preferred choice of a general season deer permit region and hunt type.

(b) "Recent Lifetime License Record" means the most recent general deer permit issued within the immediately preceding 3 years.

(c) "Application Deadline" means the close of the annual Big Game application period, as established by the Wildlife Board in the Big Game Guidebook.

R657-17-3. Lifetime License Entitlement.

(1) (a) A permanent lifetime license card shall be issued to lifetime licensees in lieu of an annual hunting, and fishing license.

(b) The issuance of a permanent lifetime license card does not authorize a lifetime licensee to all hunting privileges. The lifetime licensee is subject to the requirements in Subsection R657-17-1(2).

(2) Each year, a lifetime licensee who is eligible to hunt big game may receive without charge, a permit for the region of their choice for one of the following general deer hunts:

- (i) archery buck deer;
- (ii) any weapon buck deer; or
- (iii) muzzleloader buck deer.

(3) Sales of lifetime hunting and fishing licenses may not be refunded, except as provided in Section 23-19-38.

(4) Lifetime hunting and fishing licenses are not transferable.

(5) Lifetime hunting and fishing licenses are no longer for sale as of March 1, 1994.

(6)(a) Lifetime license holders may participate in the Dedicated Hunter Program.

(b) Upon entering the Dedicated Hunter Program, the lifetime license holder agrees to forego any rights to receive a buck deer permit for the general archery, general any weapon or general muzzleloader deer hunts as provided in Section 23-19-17.5 during enrollment in the Dedicated Hunter Program.

R657-17-4. General Deer Permits.

(1) The division will issue a general buck deer permit to each lifetime licensee prior to the big game general hunting season, provided:

(a) a current Lifetime Questionnaire has been completed prior to the application deadline, identifying the lifetime licensee's general season region and hunt type choice, or according to the recent lifetime licensee record; and

(b) provided the lifetime licensee does not apply for a

general deer permit in the big game drawing.

(2) A lifetime licensee may change their previous year's region choice, prior to the application deadline by completing the online Lifetime Questionnaire through the division's website.

(3) Lifetime licensees must notify the division of any change in mailing address, email address, residency, address, telephone number, physical description, or driver's license number.

(4) If a general buck deer permit is not issued to a lifetime licensee during the preceding 3 years, the lifetime licensee must complete and submit the Lifetime Questionnaire on the division's website prior to the application deadline.

(5) If a lifetime licensee fails to submit a current year Lifetime Questionnaire and does not have a recent lifetime licensee record by the application deadline, the lifetime licensee may only obtain a remaining general deer permit when remaining drawing permits are made available to the public over-the-counter. If no general deer permits are remaining after the drawing, the lifetime licensee shall not be issued a permit.

(6)(a) Lifetime licensees may apply for any general deer permit in the big game drawing.

(b) Drawing applications are subject to the established application fee.

(c) A lifetime licensee that applies for a general deer permit in the drawing waives the opportunity to be issued a general deer permit according to the recent lifetime licensee record or the current Lifetime Questionnaire.

(7) Lifetime licensees may apply for general deer preference points through the big game general buck deer drawing as provided in Rule R657-62 and the guidebooks of the Wildlife Board for taking big game, provided the lifetime licensee waives their opportunity to be issued a general buck deer permit that year according to the recent lifetime licensee record or the current Lifetime Questionnaire.

R657-17-5. Applying for Big Game Permits.

(1) A lifetime licensee may apply for a limited entry permit offered through the big game drawing using a bucks, bulls and once-in-a-lifetime application.

(2) Limited entry permit species and application procedures are provided in Rule R657-62 and the proclamation of the Wildlife Board for taking big game.

(3)(a) If the lifetime licensee applies for and is successful in obtaining a premium limited entry, limited entry, or cooperative wildlife management unit buck deer permit in the big game drawing, a general deer permit will not be issued.

(b) If the lifetime licensee does not draw a premium limited entry, limited entry, or cooperative wildlife management unit buck deer permit in the big game drawing, the general deer permit requested on the Lifetime Questionnaire or the recent lifetime licensee record shall be issued.

(4) Applying for or obtaining an antlerless deer, antlerless elk, or doe pronghorn permit does not affect eligibility for obtaining a general buck deer permit.

(5) All rules established by the Wildlife Board regarding the availability of big game permits in relation to obtaining general deer permits shall apply to lifetime licensees.

R657-17-6. Hunter Education Requirements – Minimum Age for Hunting.

(1) The division shall issue a lifetime licensee only those licenses, permits, and tags for which that person qualifies according to the hunter education requirements, age restrictions specified in this Section and Title 23, Wildlife Resources Code of Utah, and suspension orders of a division hearing officer.

(2)(a) Lifetime licensees born after December 31, 1965, must be certified under Section 23-19-11 to engage in hunting.

(b) Proof of hunter education must be provided to the division by the lifetime licensee.

- (3) Age requirements to engage in hunting are as follows:
- (a) A lifetime licensee must have completed a valid hunters education course to hunt.
 - (b) A lifetime licensee must be 12 years of age or older to hunt big game.

R657-17-7. Change of Residency.

(1) A lifetime hunting and fishing license shall remain valid if the licensee changes residency to another state or country.

(2)(a) A lifetime licensee who no longer qualifies as a resident under Section 23-13-2 shall notify the division within 60 days of leaving the state.

(b) The division shall issue the lifetime licensee a new lifetime hunting and fishing license with the change of address after the lifetime licensee surrenders the lifetime hunting and fishing license with the previous address.

(3) A lifetime licensee who does not qualify as a resident shall purchase the required nonresident permits or tags required for hunting, except as provided in Subsection R657-17-3(2).

R657-17-8. Lost or Stolen Lifetime Hunting and Fishing License.

(1) If a lifetime hunting and fishing license is lost or stolen, a duplicate may be obtained from any division office by:

- (a) providing verification of identity; and
- (b) paying a lifetime hunting and fishing license duplication fee.

23-19-11

R657. Natural Resources, Wildlife Resources.**R657-24. Compensation for Mountain Lion, Bear, Wolf or Eagle Damage.****R657-24-1. Purpose and Authority.**

Under authority of Section 23-24-1, this rule provides the procedures, standards, requirements and limits for obtaining compensation for damages to livestock by mountain lion, black bear, wolf or an eagle.

R657-24-2. Definitions.

(1) Terms used in this rule are defined in Sections 23-13-2 and 23-24-1(1).

(2) In addition:

(a) "Black bear" means *Ursus americanus*.

(b) "Fair market value" means the average commercial livestock prices from July 1 through June 30, as determined by the Utah Livestock and Auction Reporting Service.

(c) "Injury" means an act by a mountain lion or bear that results in the death of livestock within 30 days of the act or a permanent injury to livestock.

(d) "Livestock" means cattle, sheep, goats, or turkeys.

(e) "Mountain lion" means *Felis concolor*.

(f) "Eagle" means *Haliaeetus leucocephalus* (bald eagle) and *Aquila chrysaetos* (golden eagle).

(g) "Wolf" means *Canis lupus*

R657-24-3. Notification of Damage -- Payment of Damage Claims.

(1) When livestock are damaged by a mountain lion, bear, wolf or an eagle, the owner may receive compensation in accordance with Section 23-24-1(2).

(2)(a) Notification must be given to the Division within 4 days of the damage.

(b) Notification may be made orally to expedite field investigations, but it must be followed with a draft (unsigned) Livestock Damage Proof of Loss form within 14 days of the conclusion of the field investigation.

(c) Final signed copies of the Livestock Damage Proof of Loss form must be submitted to the mammals program coordinator by June 1 except for damage that occurs between May 15 and June 30 for which the final signed copy of the Livestock Damage Proof of Loss form must be received by June 30.

(3)(a) Claims for damage payments received from July 1 through June 30 are assessed and accepted or denied based on information reported on the Livestock Damage Proof of Loss form.

(b) Claims accepted for damage payments are held until all damage claims for the July 1 through June 30 period have been collected.

(c) If the total amount of the damage claims exceed the appropriated funds for this purpose, damage payments will be prorated for all eligible claims.

(d) Payments for eagle damage claims shall not be made until all accepted mountain lion, bear and wolf claims for a fiscal year have first been paid.

(e) Payments for wolf damage claims will only be made for damage that occurs in areas of the state where wolves are removed from the protection of the Endangered Species Act.

(4)(a) Damage payments will be paid only for confirmed losses and only to livestock producers who have paid the required head tax in accordance with Section 23-24-1(2).

(b) Verification of the payment of head tax will be acquired from the Utah Department of Agriculture.

(5)(a) The division or USDA-APHIS Wildlife Services specialists will document on approved Livestock Damage Proof of Loss forms the type and magnitude of livestock losses experienced by livestock producers.

(b) Where agreement with the type or magnitude of losses

is not achieved by a USDA-APHIS Wildlife Services specialists, a division representative shall follow up with an additional field investigation to assess damage claims.

R657. Natural Resources, Wildlife Resources.**R657-38. Dedicated Hunter Program.****R657-38-1. Purpose and Authority.**

(1) Under the authority of Section 23-14-18, this rule provides the standards and requirements for qualified deer hunters to participate in the Dedicated Hunter Program by obtaining a certificate of registration.

(2) The Dedicated Hunter Program provides the opportunity for participants to:

(a) increase the opportunity for recreational general deer hunting, while the division regulates harvest;

(b) increase participation in wildlife management decisions;

(c) increase participation in wildlife conservation projects that are beneficial to wildlife conservation and the division; and

(d) complete the wildlife conservation and ethics course about hunter ethics, public input processes and wildlife conservation philosophies and strategies.

R657-38-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Dedicated Hunter Program Orientation course" means a course of instruction provided by the division outlining the organization, structure and requirements of the Dedicated Hunter Program.

(b) "Dedicated Hunter Permit" means a general buck deer permit issued to a participant in the Dedicated Hunter Program, which authorizes the participant to hunt general archery, general muzzleloader and general any weapon in the region specified on the permit.

(c) "Dedicated Hunter Limited Entry Permit" means a limited entry deer permit or limited entry elk permit, for use in an area selected by the Division, which shall be offered through the Dedicated Hunter Program Drawing.

(d) "Hunt area" means an area prescribed by the Wildlife Board where general archery, general muzzleloader and general any weapon deer hunting is open to permit holders for taking deer.

(e) "Participant" means a person who has remitted the appropriate fee and has been issued a certificate of registration for the Dedicated Hunter Program.

(f) "Program" means the Dedicated Hunter Program, a program administered by the division as provided in this rule.

(g) "Program harvest" means tagging a deer with a Dedicated Hunter Permit or Dedicated Hunter Limited Entry Deer Permit, or failing to return the Dedicated Hunter Permit or Dedicated Hunter Limited Entry Deer Permit with an attached, unused tag, while enrolled in the program.

(h) "Program requirements" mean the Dedicated Hunter Program orientation course as provided in Section R657-38-9, the wildlife conservation and ethics course as provided in Section R657-38-10, wildlife conservation projects as provided in Section R657-38-11, and returning an unused Dedicated Hunter Permit and attached tag as provided in Subsection R657-38-13(1).

(i) "Wildlife conservation and Ethics course" means a course of instruction provided by the division on hunter ethics, public input processes and wildlife conservation philosophies and strategies.

(j) "Wildlife conservation project" means a project designed by the division, or any other individual or entity and pre-approved by the division, that provides wildlife habitat protection or enhancement, improves hunting or fishing access, or other conservation projects or activities that benefit wildlife or directly benefits the division.

(k) "Wildlife conservation project manager" means an employee of the division, or person approved by the division, responsible for supervising a wildlife conservation project and

participating volunteers, and maintaining and reporting records of service hours to the division.

R657-38-3. Certificate of Registration Required.

(1)(a) To participate in the program a person must apply for, obtain and sign a certificate of registration issued by the division.

(b) No more than ten thousand certificates of registration for the program may be in effect at any given time.

(c) Certificates of registration are issued through a division drawing.

(d) Each prospective participant must submit an online application provided by the division after completing the Dedicated Hunter Program Orientation course before the division may issue the certificate of registration for the program.

(e) A certificate of registration to participate in the program shall only be issued during the application period as prescribed in the proclamation of the Wildlife board for taking big game.

(2) The division may deny issuing a dedicated hunter certificate of registration to a person for any of the following reasons:

(a) The application is incomplete or contains false information.

(b) The person, at the time of application, is under a judicial or administrative order suspending any wildlife hunting or fishing privilege within Utah or elsewhere;

(c) The person has violated the terms of any certificate of registration issued by the division or an associated agreement.

(d) The person has ever had a dedicated hunter certificate of registration suspended by the division.

(3) Prospective participants who have been under any wildlife suspension may not apply for the program until:

(a) their suspension period has ended; and

(b) an additional length of time equivalent to the original suspension has passed.

(4) Each certificate of registration is valid for three consecutive general deer hunting seasons, except as provided in subsections (13) and (14).

(5)(a) Any person who is 12 years of age or older may obtain a certificate of registration. A person 11 years of age may obtain a certificate of registration if the date of that person's 12th birthday is before the end of the any weapon general buck deer hunt in the year the certificate of registration is issued. A person may not use a permit to hunt big game before their 12th birthday.

(b) Any person who is 17 years of age or younger before the beginning date of the annual general archery deer hunt shall pay the youth participant fees.

(c) Any person who is 18 years of age or older on or before the beginning date of the annual general archery deer hunt shall pay the adult participant fees.

(6) A certificate of registration authorizes the participant an opportunity to receive annually a Dedicated Hunter Permit to hunt during the general archery, general muzzleloader and general any weapon deer hunts. The Dedicated Hunter Permit may be used during the dates and within the hunt area boundaries established by the Wildlife Board.

(7)(a) Except as provided in Subsections (b), R657-38-12(3)(a), and R657-38-12(6), a participant using a Dedicated Hunter Permit may take two deer within three years of enrollment, and only one deer in any one year as provided in Rule R657-5.

(b) Participants entering or re-entering the Dedicated Hunter Program shall be subject to any changes subsequently made in this rule during the three-year term of enrollment, unless a variance is authorized by the division.

(c) The harvest of an antlerless deer using a Dedicated Hunter Permit, as authorized under specific hunt choice areas

during the general archery deer hunt, shall be considered a program harvest.

(8) The certificate of registration must be signed by the participant. The certificate of registration is not valid without the required signature.

(9) The participant and holder of the certificate of registration must have a valid Dedicated Hunter Permit in possession while hunting. A participant is not required to have the Dedicated Hunter Certificate of Registration in possession while hunting.

(10) The division may issue a duplicate Dedicated Hunter Certificate of Registration pursuant to Section 23-19-10.

(11) Certificates of registration are not transferable and shall expire at the end of a participant's third consecutive general deer hunting season.

(12)(a) The program requirements set forth in Sections R657-38-10, and R657-38-11 may be waived annually if the participant provides evidence of leaving the state for a minimum period of one year during the enrollment period for religious or educational purposes.

(b) If the participant requests that the program requirements be waived in accordance with Subsection (a), and the request is granted, the participant shall not receive a Dedicated Hunter Permit for the year in which the program requirements were waived.

(13)(a) A participant who is a member of the United States Armed Forces or public health or public safety organization and who is mobilized or deployed on order in the interest of national defense or emergency may request that their enrollment in the program be suspended for the period of their mobilization or deployment.

(14)(a) A participant who is a member of the United States Armed Forces or public health or public safety organization and who is mobilized or deployed on order in the interest of national defense or emergency may request that the requirements set forth in Sections R657-38-10, R657-38-11, and be extended or satisfied as provided in Subsections (b) through (d).

(b) The program requirement set forth in Section R657-38-10 may be extended to the second or third year of their program enrollment.

(i) extended to the third year in the program if the participant is currently in the second year of the program; and

(ii) waived in the third year of the program if the participant remains mobilized or deployed and is unable to reasonably meet the requirement.

(c) The program requirement set forth in Section R657-38-11 may be considered satisfied by a participant that is prevented from completing the requirement due to the mobilization or deployment.

(d) A participant must provide evidence of the mobilization or deployment.

(15) A refund for the Dedicated Hunter Certificate of Registration may not be issued, except as provided in Section 23-19-38.2. Any refund will be issued pro rata based on the number of hunting seasons actually participated in during the three-year enrollment period.

R657-38-4. Dedicated Hunter Drawing.

(1) Applications are available through the division's Internet site.

(2) A person may not submit more than one application in the Dedicated Hunter drawing in any one year.

(3)(a) Applications must be submitted online by the date prescribed in the bucks, bulls and once-in-a-lifetime proclamation of the Wildlife Board for taking big game.

(b) If an error is found on an application, the applicant may be contacted for correction.

(4) Only a resident may apply for or obtain a resident certificate of registration and only a nonresident may apply for or

obtain a nonresident certificate of registration.

(5) To apply for a resident certificate of registration, a person must establish residency at the time of purchase.

(6) The posting date of the drawing shall be considered the purchase date of a certificate of registration.

(7) Applicants shall be notified by mail and e-mail of drawing results by the date published in the bucks, bulls and once-in-a-lifetime proclamation of the Wildlife Board for taking big game.

(8) Group applications are accepted. Up to four applicants may apply as a group.

(9)(a) An applicant may withdraw their application for the Dedicated Hunter Program drawing by the date published in the bucks, bulls and once-in-a-lifetime proclamation of the Wildlife Board for taking big game.

(b) Handling fees will not be refunded.

(10) An applicant may withdraw and resubmit their application for the Dedicated Hunter Program certificate of registration drawing by the date published in the bucks, bulls and once-in-a-lifetime proclamation of the Wildlife Board for taking big game.

R657-38-5. Dedicated Hunter Application Fees.

The handling fees and certificate of registration fees must be paid pursuant to Rule R657-42-8(5).

R657-38-6. Dedicated Hunter Application Refunds.

(1) The handling fees are nonrefundable.

(2) Unsuccessful applicants will not be charged for a certificate of registration.

R657-38-7. Dedicated Hunter Loyalty Point System.

(1) Loyalty points are used in the dedicated hunter drawing to ensure that applicants who are unsuccessful in the drawing will have first preference in the next year's drawing.

(2)(a) A loyalty point is awarded for:

(i) each valid unsuccessful application;

(ii) each valid application when applying only for a loyalty point in the dedicated hunter drawing.

(iii) each applicant who successfully completes a three-year enrollment in the dedicated hunter program.

(3)(a) A person may not apply in the drawing for both a loyalty point and a certificate of registration.

(b) A person may not apply for a loyalty point if that person is ineligible to apply for a certificate of registration.

(c) Loyalty points shall not be used when obtaining remaining certificates of registration after the dedicated hunter drawing.

(4) Loyalty points are forfeited if a person obtains a certificate of registration through the drawing.

(5)(a) Loyalty points are not transferable.

(b) Loyalty points shall only be applied to the Dedicated Hunter drawing.

(c) A person may not have more than one loyalty point at any time.

(d) Loyalty points are only valid through the end of the following application period.

(6) Loyalty points are averaged and rounded down when two or more applicants apply together on a group application.

(7)(a) Loyalty points are tracked using social security numbers or division-issued customer identification numbers.

(b) The division shall retain copies of electronic applications from 2009 to the current Dedicated Hunter drawing for the purpose of researching loyalty point records.

(c) Any requests for researching an applicant's loyalty point records must be requested within the time frames provided in Subsection (b).

(d) Any loyalty points on the division's records shall not be researched beyond the time frames provided in Subsection (b).

(e) The division may eliminate any loyalty points earned that are obtained by fraud or misrepresentation.

R657-38-8. Dedicated Hunter Permits.

(1)(a) Participants may hunt during the general archery, general muzzleloader and general any weapon deer hunts within the hunt area and during the season dates prescribed in the proclamation of the Wildlife Board for taking big game.

(b) The division may exclude multiple season opportunities on specific deer management units due to extenuating circumstances on that specific unit.

(2)(a) Participants must designate a regional hunt choice during the Dedicated Hunter application period.

(b) The regional hunt choice shall remain in effect for the duration of the Dedicated Hunter certificate of registration, unless otherwise changed in writing by the participant by the last business day in January.

(3)(a) Participants must notify the division of any change of mailing address in order to receive a Dedicated Hunter Permit by mail.

(b) A participant who enters the program as a resident and becomes a nonresident, or claims residency outside of Utah shall be issued a nonresident permit at no additional charge for the remainder of the three-year enrollment period.

(c) A participant who enters the program as a nonresident and becomes a resident, or claims residency in Utah, shall be issued a resident permit with no reimbursement of the higher nonresident fee for the remainder of the three-year enrollment period.

(4)(a) Dedicated Hunter permits may be issued through the mail by June 1 of each year and again three weeks prior to the beginning of the general archery deer hunt, and only upon evidence that the participant has completed all program requirements and possesses a Utah hunting or combination license.

(b) Participants completing program requirements after June 1 may obtain their Dedicated Hunter Permit over-the-counter from any division office.

(5) A Dedicated Hunter Permit may not be issued to any participant who:

- (a) does not complete the program requirements;
- (b) violates the terms of this rule or the Dedicated Hunter Certificate of Registration;
- (c) does not possess a current Utah hunting or combination license.

(6)(a) The division may issue a duplicate Dedicated Hunter Permit pursuant to Section 23-19-10.

(b) If a participant's unused Dedicated Hunter Permit and tag is destroyed, lost, or stolen a participant may complete an affidavit verifying the permit was destroyed, lost, or stolen in order to obtain a duplicate. A fee to duplicate the permit and tag may apply.

(c) A duplicate Dedicated Hunter Permit shall not be issued after the closing date of the general any weapon buck deer hunt. However, a participant may complete an affidavit and submit the affidavit for program reporting purposes as required in Section R657-38-13(1).

(7)(a) A participant may exchange or surrender a Dedicated Hunter Permit in accordance with Rule R657-42 provided annual program requirements are completed.

(b) A participant may not exchange or surrender a Dedicated Hunter Permit for any other buck deer permit once the general archery deer hunt has begun, except:

(i) a participant may exchange a Dedicated Hunter Permit for a Dedicated Hunter Permit in any other available area prior to the opening of the general muzzleloader buck deer hunt.

(ii) a participant may surrender a Dedicated Hunter Permit after the opening of the buck deer archery hunt, provided the Division can verify that the permit was never in the participant's

possession.

(9)(a) Lifetime license holders may participate in the program.

(b) Upon signing the certificate of registration, the lifetime license holder agrees to forego any rights to receive a lifetime license buck deer permit for the general archery, general muzzleloader or general any weapon deer hunts as provided in Section 23-19-17.5.

(c) A refund or credit is not issued for the lifetime license general archery, general muzzleloader or general any weapon permit.

R657-38-9. Dedicated Hunter Program Orientation Course.

(1)(a) The division shall provide an annual Dedicated Hunter Program Orientation course.

(b) Prior to applying for the program, and obtaining a certificate of registration, a prospective participant must complete the Dedicated Hunter Program orientation course.

(2) The Dedicated Hunter Program Orientation course shall explain the program to give a prospective participant a reasonable understanding of the program.

(3) The Dedicated Hunter Program Orientation course is available through the division's Internet site.

(4)(a) Evidence of completion of the Dedicated Hunter Program Orientation course shall be provided to the prospective participant upon completion of the Dedicated Hunter Program Orientation course.

(b) Certificates of registration shall not be issued without the prospective participant having completed the Dedicated Hunter Program Orientation course.

(c) The division shall keep a record of all participants who complete the Dedicated Hunter Program Orientation course.

R657-38-10. Wildlife Conservation and Ethics Course.

(1) Prior to obtaining the first Dedicated Hunter permit while in the program, a participant must complete the wildlife conservation and ethics course.

(2) The wildlife conservation and ethics course shall explain hunter ethics, public input processes, and wildlife conservation philosophies and strategies.

(3) The wildlife conservation and ethics course is available through the division's Internet site.

(4) The division shall keep a record of all participants who complete the wildlife conservation and ethics course.

R657-38-11. Wildlife Conservation Projects.

(1) Each participant in the program shall provide a total of 40 hours of service as a volunteer on a wildlife conservation project as provided in Subsections (a) and (b), or pay the approved fee for each hour not completed as provided in Subsection (c).

(a) A participant must provide no fewer than sixteen hours of service before obtaining the first Dedicated Hunter Permit.

(b) A participant must provide an additional sixteen hours of service prior to receiving the second Dedicated Hunter Permit.

(c) A participant must provide the remaining balance of hours of service prior to October 1 of the third-year in the program to be eligible for a loyalty point.

(d) Residents may not purchase more than 30 of the 40 total required service hours. Nonresidents may purchase all of the 40 total required service hours.

(e) Goods or services may be provided to the division in lieu of hours of service.

(f) Goods or services provided to the division for wildlife conservation projects by a participant may be, at the discretion of the division, substituted for service hours based upon current market values for the goods or services, and using the approved hourly service buyout rate when applying the credit.

(g) If a participant fails to complete all third year required

service hours by October 1 after having been issued permits in years one and two, the value of the final hours must be paid in full prior to applying in any division drawings.

(2) Wildlife conservation projects shall be designed by the division, or any other individual or entity and shall be pre-approved by the division.

(3)(a) Wildlife conservation projects may occur anytime during the year as determined by the division.

(b) The division shall publicize the dates, times, locations and description of approved wildlife conservation projects and activities on the division's Internet site.

(4)(a) Service hours completed in any given year may be carried over to the following years, however excess service hours shall not be carried over to any year outside of the three-year enrollment period.

(b) Dedicated Hunter permits issued to participants within three weeks prior to the opening date of the general archery deer hunt annually, shall be issued over-the-counter at division offices.

(5) A participant must request a receipt from the wildlife conservation project manager showing service hours worked on the wildlife conservation project.

(6)(a) If a participant fails to fulfill the wildlife conservation project requirement in any year of participation, as required under Subsection (4), the participant shall not be issued a Dedicated Hunter Permit for that year.

(b) The participant may obtain a Dedicated Hunter Permit for subsequent years upon completion of the wildlife conservation project program requirements due or payment of the fee in lieu thereof.

(7) The wildlife conservation project manager shall keep a record of all participants who attend the wildlife conservation project and the number of service hours worked.

R657-38-12. Obtaining Other Permits.

(1) Participants may not apply for or obtain general buck deer permits or preference points issued by the division through the big game drawing, license agents, over-the-counter sales, or the Internet during the three-year period of enrollment in the program.

Any general deer permit obtained in addition to the Dedicated Hunter permit becomes invalid and must be surrendered prior to the beginning date of the general archery deer hunt. A refund may not be issued pursuant to Section 23-19-38.

(2) Participants may not apply for or obtain general landowner buck deer permits as provided under Rule R657-43.

(3)(a) Participants may apply for or obtain any other non general season buck deer permit as provided in Rule R657-5 and the proclamation of the Wildlife Board for taking big game.

(i) harvest of a deer with a permit obtained pursuant to Subsection (a) shall not be considered a program harvest.

(ii) participants are not required to complete program requirements prior to obtaining a permit pursuant to Subsection (a).

(b) Participants may apply for or obtain a Dedicated Hunter Limited Entry Permit as provided under Section R657-38-14.

(c) If the participant obtains any other buck deer permit, or Dedicated Hunter Limited Entry buck deer permit, the Dedicated Hunter Permit becomes invalid and the participant must surrender the Dedicated Hunter Permit prior to the opening day of the general archery deer hunt. A refund may not be issued pursuant to Section 23-19-38.

(d) If the participant obtains any other buck deer permit, or a Dedicated Hunter Limited Entry Permit, the participant may use the permit only in the prescribed area during the season dates listed on the permit.

(e) Participants who obtain a cooperative wildlife

management unit deer permit may hunt only within those areas identified on the permit and only during the dates determined by the cooperative wildlife management unit landowner or operator.

(4) Participants must have a valid permit in their possession while hunting.

(5) Obtaining any other buck deer permit does not authorize a participant to take an additional deer.

(6)(a) Participants may apply for or obtain antlerless deer permits as provided in Rule R657-5 and the Antlerless Addendum to the proclamation of the Wildlife Board for taking big game.

(b) Antlerless permits do not count against the number of permits issued pursuant to this program.

(c) Harvest of an antlerless deer as provided in the Antlerless Addendum to the proclamation of the Wildlife Board for taking big game shall not be considered a program harvest.

R657-38-13. Reporting Requirements.

(1)(a) A participant must return the unused Dedicated Hunter Permit and attached tag, or an affidavit as provided in Section R657-38-8(6)(c), to a division office annually by the last business day in January to be eligible for the Dedicated Hunter Limited Entry Permit drawing.

(b) The division shall credit a program harvest to any participant who fails to return the unused Dedicated Hunter Permit and attached tag, or an affidavit as provided in Section R657-38-8(6)(c), by the last business day in January to be eligible for the Dedicated Hunter Limited Entry Permit drawing.

(i) An unused Dedicated Hunter Permit and attached tag, or an affidavit as provided in Subsection R657-38-8(6)(c), returned after the last business day in January, will be accepted and the credited program harvest removed. However, the participant will not be eligible for the Dedicated Hunter Limited Entry Permit drawing.

(ii) A participant who returns an unused Dedicated Hunter Permit after March 15, and who is credited with a second program harvest, is only eligible to obtain a Dedicated Hunter Permit for an available region if permits remain after the big game drawing and must obtain the Dedicated Hunter Permit over-the-counter at a division office.

(iii) If there are no permits remaining after the big game drawing, additional Dedicated Hunter permits shall not be issued.

(2)(a) The division may contact participants to gather annual harvest information and hunting activity information.

(b) Participants are expected to provide harvest information and hunting activity information if contacted by the division.

(3)(a) A participant may specify a change to their regional hunt choice for a Dedicated Hunter Permit by submitting a request in writing to the division by the last business day in January.

(b) If a change is not specified pursuant to Subsection (a), the regional hunt choice selected initially or in the prior year shall remain in effect.

R657-38-14. Dedicated Hunter Program Limited Entry Drawing.

(1) Any unfilled Dedicated Hunter Permit with an unused attached tag, returned to the Division by the last business day in January, may qualify the participant to be entered into the Dedicated Hunter Program Limited Entry Drawing provided:

(a) the participant is currently enrolled in the program;

(b) the participant has returned the Dedicated Hunter Permit and unused, attached tag, or an affidavit as provided in Section R657-38-8(6)(c); and

(c) the participant is 14 years of age or older, or if the participant is 13 years of age and will have their 14th birthday in the calendar year for which the permit is issued.

(2)(a) One limited entry deer permit and one limited entry elk permit shall be offered through the drawing for each 250 permits received by the Division in accordance with Subsection (1).

(b) The eligible participants and limited entry permits shall be randomly drawn.

(c) The successful participant must meet all program requirements by June 1 for the current year in which the permit is valid before the issuance of the permit.

(d) If the successful participant fails to fulfill program requirements by June 1, the permit may be issued to the next participant on the alternate drawing list as provided in Rule R657-42.

(3)(a) The successful participant shall be notified by certified mail.

(b) The successful participant must submit the appropriate limited entry permit fee within ten business days of the date on the notification letter.

(c) If the successful participant fails to submit the required limited entry permit fee, the permit may be issued to the next participant on the alternate drawing list as provided in Rule R657-42.

(5)(a) The Dedicated Hunter Limited Entry Permit allows the recipient to take only the species for which the permit is issued.

(b) The species that may be taken shall be printed on the permit.

(c) The species may be taken in the area and during the season specified on the permit.

(d) The species may be taken only with the weapon specified on the permit.

(e) The recipient of a limited entry deer or elk permit is subject to all of the provisions of Title 23, Wildlife Resources Code, and the rules and proclamations of the Wildlife Board for taking and pursuing wildlife.

(f) Bonus points shall not be awarded or utilized when applying for or obtaining Dedicated Hunter Limited Entry permits.

(g) Any participant who obtains a Dedicated Hunter Limited Entry Permit is not subject to the waiting periods set forth in Rule R657-5 and the proclamation of the Wildlife Board for taking big game.

(5) A Dedicated Hunter permit is invalid if a participant's certificate of registration is suspended.

KEY: wildlife, hunting, recreation, wildlife conservation
March 10, 2009 23-14-18
Notice of Continuation November 1, 2010

R657-38-15. Certificate of Registration Surrender.

(1)(a) A participant who has obtained a Dedicated Hunter certificate of registration may surrender the certificate of registration to a division office provided the participant does not have two program harvests.

(b) A participant who surrenders the Dedicated Hunter certificate of registration may not re-enter the program until the participant's initial certificate of registration has expired.

(2) The division may not issue a refund, except as provided in Section 23-19-38 and Section R657-38-3(15).

R657-38-16. Certificate of Registration Suspension.

(1) The division may suspend a Dedicated Hunter certificate of registration pursuant to Section 23-19-9 and R657-26.

(2) A certificate of registration may be suspended if the participant fraudulently:

(a) submits a time sheet for service hours; or

(b) completes a wildlife conservation and ethics course.

(3) A certificate of registration may be suspended if the participant is under a judicial or administrative suspension order suspending any wildlife hunting or fishing privilege within Utah or elsewhere.

(4) A certificate of registration is invalid if the participant's big game hunting privileges are suspended in any jurisdiction during the participant's enrollment in the program.

R657. Natural Resources, Wildlife Resources.**R657-41. Conservation and Sportsman Permits.****R657-41-1. Purpose and Authority.**

(1) Under the authority of Section 23-14-18 and 23-14-19, this rule provides the standards and procedures for issuing:

(a) conservation permits to conservation organizations for sale at an auction, or for use as an aid to wildlife related fund raising activities; and

(b) sportsman permits.

(2) The division and conservation organizations shall use all revenue derived from conservation permits under Subsections R657-41-9(4) and R657-41-9(5)(b) for the benefit of the species for which the permit is issued, unless the division and conservation organization mutually agree in writing that there is a higher priority use for other species of protected wildlife.

R657-41-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Area Conservation Permit" means a permit issued for a specific unit or hunt area for a conservation permit species, and may include an extended season, or legal weapon choice, or both, beyond the season except turkey permits are valid during any season option.

(i) Area Conservation permits issued for limited entry units are not valid on cooperative wildlife management units.

(b) "Conservation Organization" means a nonprofit chartered institution, foundation, or association founded for the purpose of promoting wildlife conservation and has established tax exempt status under Internal Revenue Code, Section 501C-3 as amended.

(c) "Conservation Permit" means any harvest permit authorized by the Wildlife Board and issued by the division for purposes identified in Section R657-41-1.

(d) "Conservation Permit Species" means the species for which conservation permits may be issued and includes deer, elk, pronghorn, moose, bison, Rocky Mountain goat, Rocky Mountain bighorn sheep, desert bighorn sheep, wild turkey, cougar, and black bear.

(e) "Multi-Year Conservation Permit" means a conservation permit awarded to an eligible conservation organization pursuant to R657-41-7 for three consecutive years to sell, market or otherwise use as an aid in wildlife related fund raising activities.

(f) "Retained Revenue" means 60% of the revenue raised by a conservation organizations from the sale of conservation permits that the organization retains for eligible projects, excluding interest earned thereon.

(g) "Special Antelope Island State Park Conservation Permit" means a permit authorized by the Wildlife Board to hunt bighorn sheep or mule deer on Antelope Island State Park.

(h) "Sportsman Permit" means a permit which allows a permittee to hunt during the applicable season dates specified in Subsection (j), and which is authorized by the Wildlife Board and issued by the division in a general drawing, requiring all applicants to pay an application fee and the successful applicant the cost of the permit.

(i) "Single Year Conservation Permit" means a conservation permit awarded to an eligible conservation organization pursuant to R657-41-6 for one year to sell, market or otherwise use as an aid in wildlife related fund raising activities.

(j) "Statewide Conservation Permit" means a permit issued for a conservation permit species that allows a permittee to hunt:

(i) big game species on any open unit with archery equipment during the general archery season published in the big game proclamation for the unit beginning before September 1, and with any weapon from September 1 through December 31, except pronghorn and moose from September 1 through

November 15 and deer and elk from September 1 through January 15;

(ii) two turkeys on any open unit from April 1 through May 31;

(iii) bear on any open unit during the season authorized by the Wildlife Board for that unit;

(iv) cougar on any open unit during the season authorized by the Wildlife Board for that unit and during the season dates authorized by the Wildlife Board on any harvest objective unit that has been closed by meeting its objective; and

(v) Antelope Island is not an open unit for hunting any species of wildlife authorized by a conservation or sportsman permit, except for the Special Antelope Island State Park Conservation Permit.

R657-41-3. Determining the Number of Conservation and Sportsman Permits.

(1) The number of conservation permits authorized by the Wildlife Board shall be based on:

(a) the species population trend, size, and distribution to protect the long-term health of the population;

(b) the hunting and viewing opportunity for the general public, both short and long term; and

(c) the potential revenue that will support protection and enhancement of the species.

(2) One statewide conservation permit may be authorized for each conservation permit species.

(3) A limited number of area conservation permits may be authorized as follows:

(a) a maximum of 10% of the total permits, assigned to a hunt area or combination of hunt areas, for Rocky Mountain bighorn sheep and desert bighorn sheep;

(b) a maximum of 5% of the permits or eight permits, whichever is less, for any unit or hunt area for the remaining conservation permit species.

(4) The number of conservation and sportsman permits available for use will be determined by the Wildlife Board.

(5) Area conservation permits shall be deducted from the number of public drawing permits.

(6) One sportsman permit shall be authorized for each statewide conservation permit authorized.

(7) All area conservation permits are eligible as multi-year permits except that the division may designate some area conservation permits as single year permits based on the applications received for single year permits.

(8) All statewide permits will be multi-year permits except for a second statewide permit issued for a special event.

R657-41-4. Eligibility for Conservation Permits.

(1) Statewide and area conservation permits may be awarded to eligible conservation organizations to market and sell, or to use as an aid in wildlife related fund raising activities.

(2) To be eligible for multi-year conservation permits, a conservation organization must have generated in conservation permit sales during the previous three year period at least one percent of the total revenue generated by all conservation organizations in conservation permit sales during the same period. Conservation organizations eligible for multi-year permits may not apply for single year permits, and conservation organizations ineligible for multi-year permits may only apply for single year permits.

(3) Conservation organizations applying for single year permits may not:

(a) bid for or obtain conservation permits if any employee, officer, or board of director member of the conservation organization is an employee, officer, or board of director member of any other conservation organization that is submitting a bid for single year conservation permits; or

(b) enter into any pre-bidding discussions, understandings

or agreements with any other conservation organization submitting a bid for conservation permits regarding:

- (i) which permits will be sought by a bidder;
- (ii) what amounts will be bid for any permits; or
- (iii) trading, exchanging, or transferring any permits after permits are awarded.

R657-41-5. Applying for Conservation Permits.

(1)(a) Conservation organizations may apply for conservation permits by sending an application to the division.

(b) Only one application per conservation organization may be submitted. Multiple chapters of the same conservation organization may not apply individually.

(c) Conservation organizations may apply for single year conservation permits or multi-year conservation permits. They may not apply for both types of conservation permits.

(2) The application must be submitted to the division by September 1 to be considered for the following year's conservation permits. Each application must include:

- (a) the name, address and telephone number of the conservation organization;
- (b) a copy of the conservation organization's mission statement;
- (c) verification of the conservation organization's tax exempt status under Internal Revenue Code, Section 501C-3 as amended; and
- (d) the name of the president or other individual responsible for the administrative operations of the conservation organization;

(3) If applying for single year conservation permits, a conservation organization must also include in its application:

- (a) the proposed bid amount for each permit requested. The proposed bid amount is the revenue the organization anticipates to be raised from a permit through auction or other lawful fund raising activity.
- (b) certification that there are no conflicts of interest or collusion in submitting bids as prohibited in R657-41-4(3);
- (c) acknowledgement that the conservation organization recognizes that falsely certifying the absence of collusion may result in cancellation of permits, disqualification from bidding for five years or more, and the filing of criminal charges;
- (d) evidence that the application and bid has been reviewed and approved by the board of directors of the bidding conservation.
- (e) the type of permit, and the species for which the permit is requested; and
- (f) any requested variances for an extended season or legal weapon choice for area conservation permits.

(4) An application that is incomplete or completed incorrectly may be rejected.

(5) The application of a conservation organization for conservation permits may be denied for:

- (a) failing to fully report on the preceding year's conservation permits;
- (b) violating any provision of this rule, Title 23 of the Utah Code, Title R657 of the Utah Administrative Code, a division proclamation, or an order of the Wildlife Board; or
- (c) violating any other law that bears a reasonable relationship to the applicant's ability to responsibly and lawfully handle conservation permits pursuant to this rule.

R657-41-6. Awarding Single Year Conservation Permits.

(1) The division shall recommend the conservation organization to receive each single year conservation permit based on:

- (a) the bid amount pledged to the species, adjusted by:
 - (i) the performance of the organization over the previous two years in meeting proposed bids;
 - (ii) 90% of the bid amount;

(iii) the organizations maintaining a minimum two-year average performance of 70% to be eligible for consideration of permits. Performance of the organization is the proportion of the total revenue generated from permit sales, divided by 90% of the bid amount for all permits, calculated annually and averaged for the last two years.

(b) if two or more conservation organizations are tied using the criteria in Subsection (a), the closeness of the organization's purpose to the species of the permit; and

(c) if two or more conservation organizations are tied using the criteria in Subsection (a) and (b), the geographic closeness of the organization to the location of the permit.

(2)(a) Between the time the division recommends that a conservation permit be awarded to a conservation organization and the time the Wildlife Board approves that recommendation, a conservation organization may withdraw its application for any given permit or exchange its application with another conservation organization without penalty, provided the bid amount upon which the permit application was evaluated is not changed.

(b) If a conservation organization withdraws its bid and the bid is awarded to another organization at a lower amount, then the difference between the two bids will be subtracted from the organization making the higher bid for purposes of evaluating organization performance.

(3) The Wildlife Board shall make the final assignment of conservation permits at a meeting prior to December 1 annually.

(4) The Wildlife Board may authorize a conservation permit to a conservation organization, other than the conservation organization recommended by the division, after considering the:

- (a) division recommendation;
- (b) benefit to the species;
- (c) historical contribution of the organization to the conservation of wildlife in Utah;
- (d) previous performance of the conservation organization; and
- (e) overall viability and integrity of the conservation permit program.

(5) The total of all bids for permits awarded to any one organization shall not exceed \$20,000 the first year an organization receives permits.

(6) The number of permits awarded to any one organization shall not increase by more than 100% from the previous year.

(7) If the Wildlife Board authorizes a second statewide conservation permit for a species, the conservation organization receiving the permit must meet the division designated bid for that permit.

R657-41-7. Awarding Multi-Year Conservation Permits.

(1) Distribution of multi-year conservation permits will be based on a sequential selection process where each eligible conservation organization is assigned a position or positions in the selection order among the other participating organizations and awarded credits with which to purchase multi-year permits at an assigned value. The selection process and other associated details are as follows.

(2) Multi-year permits will be awarded to eligible conservation organizations for no more than three years.

(3) The division will determine the number of permits available as multi-year permits after subtracting the proposed number of single year permits.

(a) Season types for multi-year area conservation permits for elk on any given hunt unit will be designated and assigned in the following order:

- (i) first permit -- premium;
- (ii) second permit -- any-weapon;
- (iii) third permit -- any-weapon;

- (iv) fourth permit -- archery;
- (v) fifth permit -- muzzleloader;
- (vi) sixth permit -- premium;
- (vii) seventh permit -- any-weapon; and
- (viii) eighth permit -- any-weapon.

(b) Season types for multi-year area conservation permits for deer on any given hunt unit will be designated and assigned in the following order:

- (i) first permit -- hunter choice of season;
- (ii) second permit -- hunter choice of season;
- (iii) third permit -- muzzleloader;
- (iv) fourth permit -- archery;
- (v) fifth permit -- any-weapon;
- (vi) sixth permit -- any-weapon;
- (vii) seventh permit -- muzzleloader; and
- (viii) eighth permit -- archery.

(4) The division will assign a monetary value to each multi-year permit based on the average return for the permit during the previous three year period. If a history is not available, the value will be estimated.

(5) The division will determine the total annual value of all multi-year permits.

(6)(a) The division will calculate a market share for each eligible conservation organization applying for multi-year permits.

(b) Market share will be calculated and determined based on:

(i) the conservation organization's previous three years performance;

(ii) all conservation permits (single and multi-year) issued to a conservation organization except for special permits allocated by the Wildlife Board outside the normal allocation process.

(iii) the percent of conservation permit revenue raised by a conservation organization during the three year period relative to all conservation permit revenue raised during the same period by all conservation organizations applying for multi-year permits.

(7) The division will determine the credits available to spend by each group in the selection process based on their market share multiplied by the total annual value of all multi-year permits.

(8) The division will establish a selection order for the participating conservation organizations based on the relative value of each groups market share as follows:

(a) groups will be ordered based on their percent of market share;

(b) each selection position will cost a group 10% of the total market share except the last selection by a group will cost whatever percent a group has remaining;

(c) no group can have more than three positions in the selection order; and

(d) the selection order will be established as follows:

(i) the group with the highest market share will be assigned the first position and ten percent will be subtracted from their total market share;

(ii) the group with the highest remaining market share will be assigned the second position and ten percent will be subtracted from their market share; and

(iii) this procedure will continue until all groups have three positions or their market share is exhausted.

(9) At least two weeks prior to the multi-year permit selection meeting, the division will provide each conservation organization applying for multi-year permits the following items:

(a) a list of multi-year permits available with assigned value;

(b) documentation of the calculation of market share;

(c) credits available to each conservation group to use in the selection process;

(d) the selection order; and

(e) date, time and location of the selection meeting.

(10) Between the establishing of the selection order and the selection meeting, groups may trade or assign draw positions, but once the selection meeting begins draw order cannot be changed.

(11) At the selection meeting, conservation organizations will select permits from the available pool according to their respective positions in the selection order. For each permit selected, the value of that permit will be deducted from the conservation organization's available credits. The selection order will repeat itself until all available credits are used or all available permits are selected.

(12) Conservation organizations may continue to select a single permit each time their turn comes up in the selection order until all available credits are used or all available permits are selected.

(13) A conservation organization may not exceed its available credits except a group may select their last permit for up to 10% of the permit value above their remaining credits.

(14) Upon completion of the selection process, but prior to the Wildlife Board meeting where final assignment of permits are made, conservation organizations may trade or assign permits to other conservation organizations eligible to receive multi-year permits. The group receiving a permit retains the permit for the purposes of marketing and determination of market share for the entire multi-year period.

(15) Variances for an extended season or legal weapon choice may be obtained only on area conservation permits and must be presented to the Wildlife Board prior to the final assignment of the permit to the conservation organization.

(16) Conservation organizations may not trade or transfer multi-year permits to other organizations once assigned by the Wildlife Board.

(17) Conservation organizations failing to comply with the reporting requirements in any given year during the multi-year period shall lose the multi-year conservation permits for the balance of the multi-year award period.

(18) If a conservation organization is unable to complete the terms of marketing the assigned permits, the permits will be returned to the regular public drawing process for the duration of the multi-year allocation period.

R657-41-8. Distributing Conservation Permits.

(1) The division and conservation organization receiving permits shall enter into a contract.

(2)(a) The conservation organization receiving permits must insure that the permits are marketed and distributed by lawful means. Conservation permits may not be distributed in a raffle except where the following conditions are met:

(i) the conservation organization obtains and provides the division with a written opinion from a licensed attorney or a written confirmation by the local district or county attorney that the raffle scheme is in compliance with state and local gambling laws;

(ii) except as otherwise provided in R657-41-8(5), the conservation organization does not repurchase, directly or indirectly, the right to any permit it distributes through the raffle;

(iii) the conservation organization prominently discloses in any advertisement for the raffle and at the location of the raffle that no purchase is necessary to participate; and

(iv) the conservation organization provides the division with a full accounting of any funds raised in the conservation permit raffle, and otherwise accounts for and handles the funds consistent with the requirement in Utah Admin. Code R657-41-9.

(3) The conservation organization must:

(i) obtain the name of the proposed permit recipient at the event where the permit recipient is selected; and

(ii) notify the division of the proposed permit recipient

within 30 days of the recipient selection or the permit may be forfeited.

(4) If a person is selected by a qualified organization to receive a conservation permit and is also successful in obtaining a permit for the same species in the same year through the a division drawing, that person may designate another person to receive the conservation permit, provided the conservation permit has not been issued by the division to the first selected person.

(5) If a person is selected by a qualified organization to receive a conservation permit, but is unable to use the permit, the conservation organization may designate another person to receive the permit provided:

(a) the conservation organization selects the new recipient of the permit;

(b) the amount of money received by the division for the permit is not decreased;

(c) the conservation organization relinquishes to the division and otherwise uses all proceeds generated from the re-designated permit, pursuant to the requirements provided in Section R657-41-9;

(d) the conservation organization and the initial designated recipient of the permit, sign an affidavit indicating the initial designated recipient is not profiting from transferring the right to the permit; and

(e) the permit has not been issued by the division to the first designated person.

(6) Except as otherwise provided under Subsections (4) and (5), a person designated by a conservation organization as a recipient of a conservation permit, may not sell or transfer the rights to that designation to any other person. This does not preclude a person from bidding or otherwise lawfully acquiring a permit from a conservation organization on behalf of another person who will be identified as the original designated recipient.

(7) A person cannot obtain more than one conservation permit for a single conservation permit species per year, except for:

(a) elk, provided no more than two permits are obtained where one or both are antlerless permits; and

(b) turkey.

(8) the person designated on a conservation permit voucher must possess or obtain a current Utah hunting or combination license to redeem the voucher for the corresponding conservation permit.

R657-41-9. Conservation Permit Funds and Reporting.

(1) All permits must be marketed by September 1, annually.

(2) Within 30 days of the last event, but no later than September 1 annually, the conservation organization must submit to the division:

(a) a final report on the distribution of permits;

(b) the total funds raised on each permit;

(c) the funds due to the division; and

(d) a report on the status of each project funded in whole or in part with retained conservation permit revenue.

(3)(a) Permits shall not be issued until the permit fees are paid to the division.

(b) If the conservation organization is paying the permit fees for the permit recipient, the fees must be paid from the 10% retained by the conservation organization as provided in Subsection (5)(a).

(4)(a) Conservation organizations shall remit to the division by September 1 of each year 30% of the total revenue generated by conservation permit sales in that year.

(b) The permit revenue payable to the division under Subsection (4)(a), excluding accrued interest, is the property of the division and may not be used by conservation organizations for projects or any other purpose.

(c) The permit revenue must be placed in a federally insured account promptly upon receipt and remain in the account until remitted to the division on or before September 1 of each year.

(d) The permit revenue payable to the division under this subsection shall not be used by the conservation organization as collateral or commingled in the same account with the organization's operation and administration funds, so that the separate identity of the permit revenue is not lost.

(e) Failure to remit 30% of the total permit revenue to the Division by the September 1 deadline may result in criminal prosecution under Title 76, Chapter 6, Part 4 of the Utah Code, and may further disqualify the conservation organization from obtaining any future conservation permits.

(5) A conservation organization may retain 70% of the revenue generated from the sale of conservation permits as follows:

(a) 10% of the revenue may be withheld and used by the conservation organization for administrative expenses.

(b) 60% of the revenue may be retained and used by the conservation organization only for eligible projects as provided in subsections (i) through (ix).

(i) eligible projects include habitat improvement, habitat acquisition, transplants, targeted education efforts and other projects providing a substantial benefit to species of wildlife for which conservation permits are issued.

(ii) retained revenue shall not be committed to or expended on any eligible project without first obtaining the division director's written concurrence.

(iii) retained revenue shall not be used on any project that does not provide a substantial and direct benefit to conservation permit species located in Utah.

(iv) cash donations to the Wildlife Habitat Account created under Section 23-19-43, Division Species Enhancement Funds, or the Conservation Permit Fund shall be considered an eligible project and do not require the division director's approval, provided the donation is made with instructions that it be used for species of wildlife for which conservation permits are issued.

(v) retained revenue shall not be used on any project that is inconsistent with division policy, including feeding programs, depredation management, or predator control.

(vi) retained revenue under this subsection must be placed in a federally insured account. All interest revenue earned thereon may be retained and used by the conservation organization for administrative expenses.

(vii) retained revenue shall not be used by the conservation organization as collateral or commingled in the same account with the organization's operation and administration funds, so that the separate identity of the retained revenue is not lost.

(viii) retained revenue must be completely expended on or committed to approved eligible projects by September 1, two years following the year in which the relevant conservation permits are awarded to the conservation organization by the Wildlife Board. Failure to commit or expend the retained revenue by the September 1 deadline will disqualify the conservation organization from obtaining any future conservation permits until the unspent retained revenue is committed to an approved eligible project.

(ix) all records and receipts for projects under this subsection must be retained by the conservation organization for a period not less than five years, and shall be produced to the division for inspection upon request.

(6)(a) Conservation organizations accepting permits shall be subject to annual audits on project expenditures and conservation permit accounts.

(b) The division shall perform annual audits on project expenditures and conservation permit accounts.

R657-41-10. Obtaining Sportsman Permits.

(1) One sportsman permit is offered to residents through a drawing for each of the following species:

- (a) desert bighorn (ram);
- (b) bison (hunter's choice);
- (c) buck deer;
- (d) bull elk;
- (e) Rocky Mountain bighorn (ram)
- (f) Rocky Mountain goat (hunter's choice)
- (g) bull moose;
- (h) buck pronghorn;
- (i) black bear;
- (j) cougar; and
- (k) wild turkey.

(2) The following information on sportsman permits is provided in the proclamations of the Wildlife Board for taking protected wildlife:

- (a) hunt dates;
- (b) open units or hunt areas;
- (c) application procedures;
- (d) fees; and
- (e) deadlines.

(3) a person must possess or obtain a current Utah hunting or combination license to apply for or obtain a sportsman permit.

R657-41-11. Using a Conservation or Sportsman Permit.

(1)(a) A conservation or sportsman permit allows the recipient to take only one individual of the species for which the permit is issued, except a statewide turkey conservation or sportsman permit allows the holder to take two turkeys.

(b) The species that may be taken shall be printed on the permit.

(c) The species may be taken in the area and during the season specified on the permit.

(d) The species may be taken only with the weapon specified on the permit.

(2) The recipient of a conservation or sportsman permit is subject to all of the provisions of Title 23, Wildlife Resources Code, and the rules and proclamations of the Wildlife Board for taking and pursuing wildlife.

(3) Bonus points shall not be awarded or utilized:

(a) when applying for conservation or sportsman permits; or

(b) in obtaining conservation or sportsman permits.

(4) Any person who has obtained a conservation or sportsman permit is subject to all waiting periods as provided in Rules R657-5, R657-6, R657-10 and R657-33.

R657-41-12. Special Antelope Island State Park Conservation Permit.

(1) If the Wildlife Board authorizes a hunt for bighorn sheep or mule deer on Antelope Island State Park, one permit for each species will be made available as a Special Antelope Island State Park Conservation Permit.

(2) Special Antelope Island State Park Conservation Permits will be issued for one year.

(3) Special Antelope Island State Park Conservation Permits will be issued under this section and will not be limited by the requirements of R657-41-3 through R657-41-8.

(4) Special Antelope Island State Park Conservation Permits will be provided to the conservation group awarded the wildlife convention permit series as provided in R657-55 for marketing at the wildlife convention where the wildlife convention permits are awarded.

(5) The division and conservation organization receiving Special Antelope Island State Park Conservation Permits shall enter into a contract

(6) The conservation organization receiving Special Antelope Island State Park Conservation Permits must insure that the permits are marketed and distributed by lawful means.

(7) The conservation organization must:

(a) obtain the name of the proposed permit recipient at the event where the permit recipient is selected; and

(b) notify the division of the proposed permit recipient within 10 days of the recipient selection or the permit may be forfeited.

(8) If a person is selected by a qualified organization to receive a Special Antelope Island State Park Conservation Permit and is also successful in obtaining a permit for the same species in the same year through a division drawing, that person may designate another person to receive the Special Antelope Island State Park Conservation Permit, provided the permit has not been issued by the division to the first selected person.

(9) If a person is selected by a qualified organization to receive a Special Antelope Island State Park Conservation Permit, but is unable to use the permit, the conservation organization may designate another person to receive the permit provided:

(a) the conservation organization selects the new recipient of the permit;

(b) the amount of money received by the division for the permit is not decreased;

(c) the conservation organization relinquishes to the division and otherwise uses all proceeds generated from the re-designated permit, pursuant to the requirements provided below:

(i) the conservation organization and the initial designated recipient of the permit, sign an affidavit indicating the initial designated recipient is not profiting from transferring the right to the permit; and

(ii) the permit has not been issued by the division to the first designated person.

(10) Except as otherwise provided under Subsections (8) and (9), a person designated by a conservation organization as a recipient of a Special Antelope Island State Park Conservation Permit, may not sell or transfer the rights to that designation to any other person. This does not preclude a person from bidding or otherwise lawfully acquiring a permit from a conservation organization on behalf of another person who will be identified as the original designated recipient.

(11) A person cannot obtain a Special Antelope Island State Park Conservation Permit for a bighorn sheep or mule deer and any other permit for a male animal of the same species in the same year.

(12) The person designated to receive a Special Antelope Island State Park Conservation Permit must possess or obtain a current Utah hunting or combination license before being issued the permit.

(13) Within 30 days of the convention, but no later than May 1 annually, the conservation organization must submit to the division:

(a) a final report on the distribution of the Special Antelope Island State Park Conservation Permits;

(b) the total funds raised on each permit; and

(c) the funds due to the division.

(14)(a) Permits shall not be issued until the permit fees are paid to the division.

(b) If the conservation organization is paying the permit fees for the permit recipient, the fees must be paid from the 10% retained by the conservation organization as provided in R657-41-9(5)(a).

(15)(a) Conservation organizations shall remit to the division 90% of the total revenue generated by the Special Antelope Island State Park Conservation Permit sales in that year.

(b) Failure to remit 90% of the total permit revenue to the division by the September 1 deadline may result in criminal prosecution under Title 76, Chapter 6, Part 4 of the Utah Code.

(16) A conservation organization may retain 10% of the revenue generated by the permits for administrative expenses.

(17) Upon receipt of the permit revenue from the conservation organization, the division will transfer the revenue in its entirety to the Division of Parks and Recreation as provided in a cooperative agreement between the two divisions.

R657-41-13. Failure to Comply.

Any conservation organization administratively or criminally found in violation of this rule or the Wildlife Resources Code may be suspended from participation in the conservation permit program and required to surrender all conservation permit vouchers.

KEY: wildlife, wildlife permits, sportsmen, conservation permits

August 9, 2010

23-14-18

Notice of Continuation November 1, 2010

23-14-19

R657. Natural Resources, Wildlife Resources.**R657-42. Fees, Exchanges, Surrenders, Refunds and Reallocation of Wildlife Documents.****R657-42-1. Purpose and Authority.**

(1) Under the authority of Sections 23-19-1 and 23-19-38 the division may issue wildlife documents in accordance with the rules of the Wildlife Board.

- (2) This rule provides the standards and procedures for the:
- exchange of permits;
 - surrender of wildlife documents;
 - refund of wildlife documents;
 - reallocation of permits; and
 - assessment of late fees.

R657-42-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2 and the applicable rules, guidebooks and proclamations of the Wildlife Board.

(2) In addition:

(a) "Alternate drawing lists" means a list of persons who have not already drawn a permit and would have been the next person in line to draw a permit.

(b) "CWMU" means cooperative wildlife management unit.

(c) "Deployed or mobilized" means that a person provides military or emergency services in the interest of national defense or national emergency pursuant to the demand, request or order of their employer.

(d) "General season permit" means any:

(i) bull elk, buck deer, or turkey permit identified in the guidebooks of the Wildlife Board as a general season permit;

(ii) antlerless permit for elk, deer, or pronghorn antelope; or

(iii) harvest objective cougar permit.

(e) "Landowner association operator" for purposes of this rule, means:

(i) a landowner association or any of its members eligible to receive limited entry landowner permits as provided in Rule R657-43; or

(ii) CWMU - landowner association or its designated operator as provided in Rule R657-37.

(f) "Limited entry permit" means any permit, including a CWMU, conservation, convention, sportsman, or limited entry landowner permit, identified in the guidebooks of the Wildlife Board as limited entry or premium limited entry for the following:

(i) bull elk, buck deer, buck pronghorn, bear, cougar, or turkey; and

(ii) antlerless moose.

(g) "Once-in-a-lifetime permit" means any permit, including a CWMU, conservation, convention, sportsman, or limited entry landowner permit, identified in the guidebooks of the Wildlife Board as once-in-a-lifetime for the following:

(i) bison, bull moose, Rocky Mountain goat, desert bighorn sheep, and Rocky Mountain bighorn sheep.

(h) "Wildlife document" means any license, permit, tag, or certificate of registration issued by the division.

R657-42-3. Exchanges.

(1)(a) Any person who has obtained a general buck deer or a general bull elk permit may exchange that permit for any other available general permit if both permits are for the same species and sex.

(b) A person must make general buck deer and general bull elk permit exchanges at any division office prior to the season opening date of the permit to be exchanged.

(2) Any person who has obtained a cougar harvest objective unit permit may exchange that permit for any other available cougar harvest objective unit permit as provided in

Rule R657-10.

(3) Any person who has obtained a limited entry bear any weapon or limited entry bear archery permit may exchange that permit for a limited entry bear archery or limited entry bear any weapon permit, respectively.

(4) Any person who has obtained a Dedicated Hunter Permit may exchange that permit for any other available Dedicated Hunter Permit as provided in Rule R657-38.

(5) The division may charge a handling fee for the exchange of a permit.

R657-42-4. Surrenders.

(1) Any person who has obtained a wildlife document and decides not to use it, may surrender the wildlife document to any division office.

(2) Any person who has obtained a wildlife document may surrender the wildlife document prior to the season opening date of the wildlife document for the purpose of:

(a) waiving the waiting period normally assessed and reinstating the number of bonus points, including a bonus point for the current year as if a permit had not been drawn, if applicable;

(b) reinstating the number of preference points, including a preference point for the current year as if a permit had not been drawn, if applicable;

(c) purchasing a reallocated permit or any other permit available for which the person is eligible; or

(d) receiving a refund as provided in R657-42-5.

(3) A CWMU permit must be surrendered prior to the applicable season opening date provided by the CWMU operator, except as provided in Section R657-42-11.

(4) Dedicated hunter participants must surrender their permits prior to the general archery deer season, except as provided in Section R657-38-6.

(5) A person may surrender a limited-entry, or once-in-a-lifetime permit received through a group application in the Big Game drawing and have their bonus points for that permit species reinstated, provided;

(a) all group members surrender their permits; and

(b) all permits are surrendered to the division more than 30 days before the start of the season for which the permit is valid.

(6) A person may surrender a general season permit received through a group application in the Big Game drawing and have their preference points reinstated, provided;

(a) all members of the group surrender their permits to the division prior to the start of the season for which the permit is valid.

(7) Notwithstanding Subsections (5)(b) and (6)(a), a person who obtains a permit through a group application in the Big Game drawing may surrender that permit after the opening date of the applicable hunting season and have the bonus points for the permit species restored, provided the person;

(a) is a member of United States Armed Forces or public health or public safety organization and is deployed or mobilized in the interest of national defense or national emergency;

(b) surrenders the permit to the division, with the tag attached and intact, or signs an affidavit verifying the permit is no longer in their possession within one year of the end of hunting season authorized by the permit; and

(c) satisfies the requirements for receiving a refund in R657-42-5(3)(c) and (d).

(8) The division may not issue a refund, except as provided in Sections 23-19-38, 23-19-38.2, and R657-42-5.

R657-42-5. Refunds.

(1) The refund of a license, certificate of registration or permit shall be made in accordance with:

(a) Section 23-19-38 and Rule R657-50;

(b) Section 23-19-38.2 and Subsection (3); or

(c) Section 23-19-38 and this section.

(2)(a) An application for a refund may be obtained from any division office.

(b) All refunds must be processed through the Salt Lake Division office.

(3) A person may receive a refund for a wildlife document if that person was deployed or mobilized on or after September 11, 2001, in the interest of national defense or national emergency and is thereby completely precluded from participating in the hunting or fishing activity authorized by the wildlife document, provided:

(a) the refund request is made to the division within one year of the end of the hunting or fishing season authorized by the wildlife document;

(b) the person surrenders the wildlife document to the division, or signs an affidavit stating the wildlife document is no longer in the person's possession; and

(c) the person verifies that the deployment or mobilization completely precluded them from participating in the activity authorized by the wildlife document; and

(d) the person provides military orders, or a letter from an employment supervisor on official public health or public safety organization letterhead stating:

(i) the branch of the United States Armed Forces, or name of the public health organization or public safety organization from which they were deployed or mobilized; and

(ii) the nature and length of their duty while deployed or mobilized.

(4) The division may issue a refund for a wildlife document if the person to whom it was issued dies prior to participating in the hunting or fishing activity authorized by the wildlife document, provided:

(a) The person legally entitled to administer the decedent's estate provides the division with:

(i) picture identification;

(ii) letters testamentary, letters of administration, or such other evidence establishing the person is legally entitled to administer the affairs of the decedent's estate;

(iii) a photocopy of the decedent's certified death certificate; and

(iv) the wildlife document for which a refund is requested.

(5)(a)(i) A person may receive a refund for a once-in-a-lifetime or limited-entry permit provided the permit is surrendered to the division no less than 30 days prior to the season opening date identified on the permit

(ii) A person may receive a refund for a general season permit that must be surrendered in order to accept a reallocated limited entry permit for the same species.

(b)(i) The established wildlife document refund fee shall be deducted from all refunds under subsection (5)(a).

(ii) A refund will not be issued where the wildlife document purchase price is equal to or less than the wildlife document refund fee.

(6) The director may determine that a person did not have the opportunity to participate in an activity authorized by the wildlife document.

(7) The division may reinstate a bonus point or preference point, whichever is applicable, and waive waiting periods, if applicable, when issuing a refund in accordance with this Section.

R657-42-6. Reallocation of Permits.

(1)(a) The division may reallocate surrendered limited entry and once-in-a-lifetime permits.

(b) The division shall not reallocate general season permits for big game and turkey, but the number of permits surrendered may be added to the appropriate permit quota the following year.

(2) Permits shall be reallocated through the Salt Lake Division office.

(3)(a) Any limited entry, once-in-a-lifetime or public CWMU permit surrendered to the division shall be reallocated through the drawing process by contacting the next person listed on the alternate drawing list or as provided in Subsection (b).

(b) A person who is denied a permit due to an error in issuing permits may be placed on the alternate drawing list to address the error, if applicable, in accordance with the Rule R657-50.

(c) The alternate drawing lists are classified as private and therefore, protected under the Government Records Access Management Act.

(d) The division shall make a reasonable effort to contact the next person on the alternate list by telephone or mail.

(e) If the next person, who would have drawn the limited entry, once-in-a-lifetime or public CWMU permit, does not accept the permit or the division is unable to contact that person, the reallocation process will continue until the division has reallocated the permit or the season closes for that permit.

(4) If the next person, who would have drawn the limited entry, once-in-a-lifetime or public CWMU permit has obtained a permit, that person may be required to surrender the previously obtained permit in accordance with Section R657-42-4(2) and any other applicable rules and guidebooks of the Wildlife Board.

(5) Any private CWMU permit surrendered to the division will be reallocated by the landowner through a voucher, issued to the landowner by the division in accordance with Rule R657-37.

R657-42-7. Reallocated Permit Cost.

(1) Any person who accepts the offered reallocated permit must pay the applicable permit fee.

(2) The division may not issue a refund, except as provided in Section R657-42-5.

R657-42-8. Accepted Payment of Fees.

(1) Personal checks, business checks, money orders, cashier's checks, and credit or debit cards are accepted for payment of wildlife documents.

(2) Personal or business checks drawn on an out-of-state account are not accepted.

(3) Third-party checks are not accepted.

(4) All payments must be made payable to the Utah Division of Wildlife Resources.

(5)(a) Credit or debit cards must be valid at least 30 days after any drawing results are posted.

(b) Checks, and credit or debit cards will not be accepted as combined payment on single or group applications.

(c) If applicants are applying as a group, all fees for all applicants in that group charged to a credit or debit card must be charged to a single card.

(d) Handling fees and donations are charged to the credit or debit card when the application is processed.

(e) Application amendment fees must be paid by credit or debit card.

(f) Permit fees may be charged to the credit or debit card prior to the posting date of the drawings, if successful.

(g) The division shall not be held responsible for bank charges incurred for the use of credit or debit cards.

(6)(a) An application is voidable if the check is returned unpaid from the bank or the credit or debit card is invalid or refused.

(b) The division charges a returned check collection fee for any check returned unpaid.

(7)(a) A license or permit is voidable if the check is returned unpaid from the bank or the credit or debit card is invalid or refused.

(b) The Division may make attempt to contact the successful applicant by phone or mail to collect payment prior to voiding the license or permit.

(8)(a) A license or permit received by a person shall be deemed invalid if payment for that license or permit is not received, or a check is returned unpaid from the bank, or the credit or debit card is invalid or refused.

(b) A person must notify the division of any change of credit or debit card numbers if the credit or debit card is invalid or refused.

(9) Hunting with a permit where payment has not been received for that permit constitutes a violation of hunting without a valid permit.

(10) The division may require a money order or cashier's check to correct payment for a license, permit, or certificate of registration.

(11) Any person who fails to pay the required fee for any wildlife document, shall be ineligible to obtain any other wildlife document until the delinquent fees and associated collection costs are paid.

(12) The Division may take any of the following actions when a wildlife document is voided for nonpayment or remains unissued and unpaid:

(a) reissue the wildlife document using the alternate drawing list for that document;

(b) reissue the wildlife document over-the-counter; or

(c) elect to withhold the wildlife document from reissuance.

(13) The Division may reinstate the applicant's bonus points or preference points and waive waiting periods, where applicable, when:

(a) voiding a permit in accordance with this section and the permit is reallocated;

(b) withholding a wildlife document from a successful applicant for nonpayment and the permit is reallocated; or

(c) full payment is received by the successful applicant on a voided or withheld wildlife document that is not reallocated.

R657-42-9. Assessment of Late Fees.

(1) Any wildlife application submitted under the Utah Administrative Code Rules provided in Subsection (a) through (e), within 30 days of the applicable application deadline established in such rules, in the guidebooks of the Wildlife Board, or by the division may be processed only upon payment of a late fee as provided by the approved fee schedule.

(a) R657-52, Commercial Harvesting of Brine Shrimp and Brine Shrimp Eggs;

(b) R657-21, Cooperative Wildlife Management Units for Small Game;

(c) R657-22, Commercial Hunting Areas;

(d) R657-37, Cooperative Wildlife Management Units for Big Game; or

(e) R657-43, Landowner Permits.

(2) Any person who fails to report their Big Game hunt information pursuant to R657-5 Taking Big Game, within 30 calendar days of the ending season date for their once-in-a-lifetime, premium limited entry, limited entry, or cooperative wildlife management unit hunt may apply for a Big Game permit or bonus point in the following year provided:

(a) the survey is completed and submitted to the division at least 5 days prior to the close of the Big Game application period established in the guidebooks of the Wildlife Board.

(b) the late fee established in the approved fee schedule is paid to the Division through the 1-800 number listed in the Big Game guidebook.

(c) The accepted method of payment of fee is only a credit or debit card.

(3) Any person who fails to report their Swan hunt information pursuant to R657-9-7, within 30 calendar days of the ending season date for their Swan hunt may apply for a Swan permit in the following year provided:

(a) the survey is completed and submitted to the division at

least 5 days prior to the close of the Swan application period established in the guidebooks of the Wildlife Board.

(b) the late fee established in the approved fee schedule is paid to the Division through the 1-800 number listed in the Waterfowl guidebook.

(c) The accepted method of payment of fee is only a credit or debit card.

R657-42-10. Duplicates.

(1) If an unexpired wildlife document is destroyed, lost or stolen, a person may obtain a duplicate from a division office or online license agent, for a duplicate fee as provided in the fee schedule.

(2) The division may waive the fee for a duplicate unexpired wildlife document provided the person did not receive the original wildlife document.

(3) To obtain the duplicate wildlife document, the applicant may be required to complete an affidavit testifying to such loss, destruction or theft.

R657-42-11. Surrender of Cooperative Wildlife Management Unit or Limited Entry Landowner Permits.

(1) A person who has obtained a CWMU or limited entry landowner permit may surrender the permit after the deadline provided in Subsection R657-42-4(3) for CWMU permits and after the season opening date for limited entry landowner permits for the purpose of:

(a) death in accordance with Section 23-19-38, Subsection (2) and Section R657-42-5(4);

(b) injury or illness in accordance with Section 23-19-38 and Subsection (2); or

(c) deployment or mobilization in the interest of national defense or national emergency in accordance with Section 23-19-38.2 and Subsection (2); or

(d) an error occurring in issuing the permit in accordance with Subsection (2) and Rule R657-50.

(2)(a) The permittee and the landowner association operator must sign an affidavit stating that the permittee has not participated in any hunting activity.

(b) The permittee and landowner association operator signatures must be notarized.

(c) The affidavit and unused permit must be submitted to the division.

(3)(a) The division may reissue a voucher to a landowner association operator, or reallocate a surrendered permit in accordance with Section 23-19-38 and as provided in Subsections (b) and (c).

(b) The division may reallocate a surrendered permit:

(i) originally issued by the division through the big game drawing process in accordance with Section R657-42-6; or

(ii) originally issued by the division through a voucher redemption in the form of a new voucher issued to the landowner association operator.

(c) Reissuance of vouchers or reallocation of permits under this section may only occur in the year in which the surrendered permit was valid.

October 25, 2010

Notice of Continuation May 8, 2008

23-19-1

23-19-38

23-19-38.2

R657. Natural Resources, Wildlife Resources.**R657-56. Recreational Lease of Private Lands for Free Public Walk-in Access.****R657-56-1. Purpose and Authority.**

Under the authority of Sections 23-14-3(2), -18, and 23-14-19, this rule provides the procedures, standards, and requirements to administer a walk-in access program in the State of Utah to compensate private landowners for a recreational lease of their property for allowing free public walk-in access to fish, hunt, or trap.

R657-56-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Private landowner" means any individual, partnership, corporation, or association that possesses the legal right on private property to grant a recreational lease.

(b) "Recreational lease activities" means recreation limited to fishing, hunting or trapping as provided in the recreational lease agreement.

(c) "WIA" means walk-in access.

(d) "WIFA" means walk-in fishing access, which provides free public access to fish waters located on private property as provided in the recreational lease agreement, and includes trapping when the landowner designates this activity in the WIFA recreational lease agreement.

(e) "WIHA" means walk-in hunting access, which provides free public access to hunt private property as provided in the recreational lease agreement, and includes trapping when the landowner designates this activity in the WIHA recreational lease agreement.

(f) "Contiguous block" means a polygon of land that is connected as a single mass.

R657-56-3. Walk-In Access Enrollment Procedures.

(1) A private landowner with eligible property may participate in the WIA program.

(2) A private landowner interested in participating in the WIA program must submit an enrollment form to the appropriate division office by March 1, and provide:

(a) evidence of property ownership, or if leasing the private property a copy of the lease agreement; and

(b) the private landowner's signature.

(3) Enrollment forms are available at the appropriate division office or through the division's web site.

R657-56-4. Walk-In Access Recreational Lease Agreement.

(1) The division and private landowner shall prepare and agree to the terms in a WIA recreational lease agreement by May 1.

(2) Terms in the WIA recreational lease agreement shall include private landowner and division responsibilities, including the provisions as provided in Sections R657-56-8 and R657-56-9, and compensation necessary to provide free public access for fishing, hunting, or trapping on private property.

(3) The amount of compensation to be paid to the private landowner participating in the WIA program shall be determined by:

(a) the type of recreational lease activity allowed on the private property;

(b) the duration of the recreational lease agreement; and

(c) the number of acres of private land or pond, or miles of stream or river available for free public walk-in access.

(4) Upon mutual agreement, the division may provide in-kind habitat improvement materials or labor on WIA property in lieu of monetary payment to the landowner for free public walk-in access.

R657-56-5. Walk-In Hunting Access Program**Requirements.**

(1) Private property enrolled in the WIHA Program must provide suitable wildlife habitat to support the recreational lease activity described in the WIHA recreational lease agreement, and:

(a) contain no less than an 80 acre contiguous block of land;

(b) contain no less than a 40 acre contiguous block of wetland or riparian land; or

(c) provide an access corridor to comparable tracts of isolated public land open to free public hunting or trapping.

(2)(a) Division personnel shall evaluate proposed WIHA property to determine if the property provides suitable wildlife habitat and wildlife for the designated recreational lease activity.

(b) If the property is approved for the designated recreational lease activity, the division and private landowner may enter into the WIHA recreational lease agreement as provided in Section R657-56-4.

R657-56-6. Walk-In Fishing Access Requirements.

(1) Private property enrolled in the WIFA Program must provide suitable fishing waters and fish to support the recreational lease activity described in the WIFA recreational lease agreement, and:

(a) contain a minimum 0.25 miles of stream or river;

(b) contain a minimum 5 acres of pond; or

(c) the property provides an access corridor to comparable fishing waters on isolated public land open to public fishing.

(2)(a) Division personnel shall evaluate proposed WIFA property to determine if the property provides suitable fishing waters and fish.

(b) If the property is approved for the designated recreational lease activity, the division and private landowner may enter into the WIFA recreational lease agreement as provided in Section R657-56-4.

R657-56-7. Walk-In Hunting and Fishing Access Compensation.

(1) The amount of compensation payment to a landowner is determined by the acreage that will be used for the WIA program, and the recreational lease activity allowed on the private property using the base rate fee as provided in the recreational lease agreement.

(2) A bonus fee will be added to the base rate fee when a private landowner initially enrolls private property in the recreational lease agreement for additional consecutive years as follows:

(a) five percent will be added for two years; or

(b) ten percent will be added for three years.

R657-56-8. Walk-In Access Program Landowner Responsibilities.

(1) Each private landowner enrolled in the WIA program must provide:

(a) free public walk-in access for recreational lease activities as provided in the recreational lease agreement; and

(b) private land with suitable wildlife habitat to support the recreational lease activity; or

(c) an access corridor to comparable tracts of isolated public land open to free public fishing, hunting or trapping.

(2) Each private landowner must indicate the type of landowner authorization required for the public to use the WIA for fishing, hunting, or trapping, as follows:

(a) authorization is not required to access the property;

(b) registration at a WIA site is required prior to accessing the property; or

(c) contacting the landowner is required prior to accessing the property.

(3) The private landowner must transfer to the division, the

recreational lease of their property for the recreational lease activities designated in the WIA recreational lease agreement.

R657-56-9. Walk-In Access Program Division Responsibilities.

The division shall provide:

- (1) evaluations of wildlife habitat, and wildlife on the proposed WIA property as provided in Subsections R657-56-5(2)(a) or R657-56-6(2)(a);
- (2) WIA recreational lease agreement forms;
- (3) WIA registration forms and boxes when applicable;
- (4) signs for enrolled WIA property;
- (5) law enforcement during applicable fishing, hunting, or trapping seasons;
- (6) maps of approved and enrolled WIA locations and requirements as provided in the recreational lease agreement; and
- (7) compensation payments to landowners following successful completion of the terms of the WIA recreational lease agreement.

R657-56-10. Termination of Walk-In Access Recreational Lease Agreement.

- (1) The WIA recreational lease agreement may be:
 - (a) terminated for any reason by either party upon 30 days written notice; or
 - (b) amended at any time upon written agreement by the landowner and the division.
- (2) If a WIA recreational lease agreement is terminated as provided in Subsection (1)(a), prior to the ending date specified in the recreational lease agreement, the compensation payment fee shall be prorated based upon the recreational lease activity provided and the number of days that access was provided.
- (3) Restriction of public use by the landowner of the private property enrolled in the WIA program in violation of the recreational lease agreement may void all or a portion of the WIA recreational lease agreement.
- (4) Any change in private landownership of enrolled WIA property may terminate the WIA recreational lease agreement.
- (5) Misrepresentation of enrolled private property in the WIA program shall terminate the WIA recreational lease agreement.

R657-56-11. Liability Protection for Walk-In Access Private Landowner.

Landowner liability may be limited when free public access is allowed on private property enrolled in the WIA program for the purpose of any recreational lease activities as provided in Title 57, Chapter 14 of the Utah Code.

R657-56-12. Licenses, Permits and Seasons.

- (1) Any person accessing WIA private lands to fish, hunt, or trap must obtain and possess the required valid license or permit for the recreational lease activity, and must adhere to the respective rules and proclamations established by the Wildlife Board.
- (2)(a) If enrolled WIA property requires prior private landowner authorization or any other requirement as provided in the recreational lease agreement, any person entering enrolled WIA private lands to fish, hunt, or trap must comply with said requirements.
- (b) The division shall provide to the public maps of approved and enrolled WIA locations and requirements as determined in the recreational lease agreement.

R657-56-13. Right to Deny Access.

The division or the private landowner reserves the right to deny a person access to the WIA property described in the recreational lease agreement for causes related to, but not limited

to, intoxication, damage to WIA property, violations of conditions provided in the recreational lease agreement, or any wildlife violation committed on WIA property.

R657-56-14. Prohibited Activities.

- (1) It is unlawful for any person to access WIA property in violation of the recreational lease agreement, or refuse to leave WIA property when requested by the landowner, a division representative, or a peace officer.
- (2) Any person accessing WIA property in violation of Subsection (1) may further be subject to criminal trespass prosecution as provided in Sections 23-20-14 and 76-6-206.

R657-56-15. Walk-In Access Advisory Committee.

- (1) A WIA Advisory Committee shall be created consisting of five members nominated by the five division Supervisors, and approved by the Director.
- (2) The committee shall include:
 - (a) two sportsmen representatives;
 - (b) two agricultural representatives;
 - (c) one elected official; and
 - (d) the division's Wildlife Section Chief, or designee.
- (3) The committee shall be chaired by the Wildlife Section Chief, or designee, who shall be a non-voting member.
- (4) The committee will:
 - (a) hear complaints dealing with fair and equitable treatment of anglers, hunters, or trappers on enrolled WIA property;
 - (b) hear complaints dealing with fair and equitable treatment of WIA private landowners; and
 - (c) make advisory recommendations to the Director.
- (5) The Wildlife Section Chief shall determine the agenda, time, and location of the WIA Advisory Committee meetings.
- (6) The director may mitigate or resolve issues dealing with complaints.
- (7) Members of the advisory Committee shall serve a term of four years, except members may be appointed for a term of two years to ensure that the term of office are staggered.
 - (a) The Wildlife Section Chief is not subject to a term limitation.

R710. Public Safety, Fire Marshal.**R710-3. Assisted Living Facilities.****R710-3-1. Introduction.**

Pursuant to Title 53, Chapter 7, Section 204, of the Utah Code Annotated 1953, the Utah Fire Prevention Board adopts for the purpose of establishing minimum standards for prevention of fire and for the protection of life and property against fire and panic in assisted living facilities. The requirements listed in this rule text are in addition to the requirements listed in R710-9, Rules Pursuant to the Utah Fire Prevention Law.

There is adopted as part of these rules the following codes which are incorporated by reference:

1.1 International Fire Code (IFC), 2009 edition, excluding appendices, as published by the International Code Council, Inc. (ICC), and as enacted and amended by the Utah State Legislature in Sections 102 and 201 of the State Fire Code Adoption Act.

1.2 Copies of the above code are on file in the Office of Administrative Rules and the State Fire Marshal.

R710-3-2. Definitions.

2.1 "Ambulatory" means a person who is capable of achieving mobility sufficient to exit without the physical assistance of another person. An equivalency to "Ambulatory" may be approved under the conditions stated in Sections 3.2.9, 3.3.8 or 3.4.9.

2.2 "Assisted Living Facility" means:

2.2.1 a Type 1 Assisted Living Facility, which is a residential facility subject to licensure by the Utah Department of Health, that provides a protected living arrangement for ambulatory, non-restrained persons who are capable of achieving mobility sufficient to exit the facility without the physical assistance of another person.

2.2.2 a Type 2 Assisted Living Facility, which is a residential facility subject to licensure by the Utah Department of Health, that provides an array of coordinated supportive personal and health care services to residents who meet the definition of semi-independent.

2.2.3 a Residential Treatment/Support Assisted Living Facility, which creates a group living environment for four or more residents contracted by the Division of Services to People with Disabilities and subject to licensure by the Utah Department of Human Services, and provides a protected living arrangement for ambulatory, non-restrained persons who are capable of achieving mobility sufficient to exit the facility without the physical assistance of another person.

2.2.4 Assisted Living Facilities shall be classified by size as follows:

2.2.4.1 "Type 1, 2, and Residential Treatment/Support Limited Capacity Facility" means an assisted living facility accommodating five or less residents, excluding staff.

2.2.4.2 "Type 1, 2, and Residential Treatment/Support Small Facility" means an assisted living facility accommodating at least six and not more than 16 residents, excluding staff.

2.2.4.3 "Type 1, 2, and Residential Treatment/Support Large Facility" means an assisted living facility accommodating more than sixteen residents, excluding staff.

2.3 "Authority Having Jurisdiction (AHJ)" means the State Fire Marshal, his duly authorized deputies, or the local fire enforcement authority.

2.4 "Board" means Utah Fire Prevention Board.

2.5 "Compromised Ambulatory Capacity" means physical or mental incapacitations that inhibit a person's ability to exit a facility unassisted.

2.6 "IBC" means International Building Code.

2.7 "ICC" means International Code Council, Inc.

2.8 "IFC" means International Fire Code.

2.9 "Licensing Authority" means the Utah Department of Health or the Utah Department of Human Services.

2.10 "Semi-independent" means a person who is:

2.10.1 physically disabled but able to direct his or her own care; or

2.10.2 cognitively impaired or physically disabled but able to evacuate from the facility with the physical assistance of one person.

2.11 "SFM" means State Fire Marshal.

2.12 "UAC" means Utah Administrative Code.

R710-3-3. Amendments and Additions.

3.1 General Requirements

3.1.1 All facilities shall be inspected annually and obtain a certificate of fire clearance signed by the AHJ.

3.1.2 All facility administrators shall develop emergency plans and preparedness as required in IFC, Chapter 4.

3.1.3 IFC, Chapter 9, Section 907.3 Where required in existing buildings and structures, is deleted and rewritten as follows: "An approved automatic fire detection system shall be installed in accordance with the provisions of this code and NFPA 72. Devices, combinations of devices, appliances, and equipment shall be approved. The automatic fire detectors shall be smoke detectors, except an approved alternative type of detector shall be installed in spaces such as boiler rooms where, during normal operation, products of combustion are present in sufficient quantity to actuate a smoke detector".

3.1.4 IFC, Chapter 46, Section 4603.6.2 and 4603.6.7 are deleted and rewritten as follows: "An approved automatic fire detection system shall be installed in accordance with the provisions of this code and NFPA 72. Devices, combinations of devices, appliances, and equipment shall be approved. The automatic fire detectors shall be smoke detectors, except an approved alternative type of detector shall be installed in spaces such as boiler rooms where, during normal operation, products of combustion are present in sufficient quantity to actuate a smoke detector".

3.2 Type I Assisted Living Facilities

3.2.1 Type I Limited Capacity Assisted Living Facilities shall be constructed in accordance with IBC, Residential Group R-3, and maintained in accordance with the IBC and IFC.

3.2.2 Type I Limited Capacity Assisted Living Facility required exits shall not be secured with dead bolts, chains, or hasps. Deadbolts that are interconnected with the latch, and provide simultaneous retraction of both the deadbolt and the latch, by the turning of the latch, is permitted.

3.2.3 Residents in Type I Limited Capacity Assisted Living Facilities shall be housed on the first story only, unless an approved outside exit leading to the ground level is provided from any upper or lower level. Split entry/split level type homes in which stairs to the lower and upper level are equal or nearly equal, may have residents housed on both levels when approved by the AHJ.

3.2.4 In Type I Limited Capacity Assisted Living Facilities, resident rooms on the ground level, shall have emergency escape or rescue windows as required in IFC, Chapter 10, Section 1029.

3.2.5 In Type I Limited Capacity Assisted Living Facilities an approved independent smoke detector shall be installed and maintained by location as required in IFC, Chapter 9, Section 907.2.11.2.

3.2.6 Type I Small Assisted Living Facilities shall be constructed in accordance with IBC, Residential Group R-4, and maintained in accordance with the IBC and IFC.

3.2.7 Type I Small Assisted Living Facility required exits shall not be secured with dead bolts, chains, or hasps. Deadbolts that are interconnected with the latch, and provide simultaneous retraction of both the deadbolt and the latch, by the turning of the latch, is permitted.

3.2.8 Type I Large Assisted Living Facilities shall be constructed in accordance with IBC, Institutional Group I-1, and

maintained in accordance with the IBC and IFC.

3.2.8.1 An automatic fire sprinkler system shall be provided throughout buildings classified as Group I. Listed quick response or residential sprinkler heads shall be installed in patient or resident sleeping areas.

3.2.9 In a Type I Assisted Living Facility, non-ambulatory persons are permitted after receiving approval for a variance from the Utah Department of Health as allowed in Utah Administrative Code, R432-2-18.

3.3 Type II Assisted Living Facilities

3.3.1 Type II Limited Capacity Assisted Living Facilities shall be constructed in accordance with IBC, Residential Group R-4, and maintained in accordance with the IBC and IFC.

3.3.2 Type II Limited Capacity Assisted Living Facilities shall have an approved automatic fire extinguishing system installed in compliance with the IBC and IFC, or provide a staff to a resident ratio of one to one on a 24 hour basis.

3.3.3 Type II Small Assisted Living Facilities shall be constructed in accordance with IBC, Institutional Group I-1, and maintained in accordance with the IBC and IFC.

3.3.3.1 An automatic fire sprinkler system shall be provided throughout buildings classified as Group I. Listed quick response or residential sprinkler heads shall be installed in patient or resident sleeping areas.

3.3.4 Type II Small Assisted Living Facilities shall have a minimum corridor width of six feet.

3.3.4.1 Type II Small Assisted Living Facilities licensed before November 16, 2004, shall have a minimum corridor width of six feet or a path of egress that is acceptable to the AHJ.

3.3.5 Type II Large Assisted Living Facilities shall be constructed in accordance with IBC, Institutional Group I-2, and maintained in accordance with the IBC and IFC.

3.3.5.1 An automatic fire sprinkler system shall be provided throughout buildings classified as Group I. Listed quick response or residential sprinkler heads shall be installed in patient or resident sleeping areas.

3.3.6 In Type II Assisted Living Facilities, where the clinical needs of the patients require specialized security, approved access controlled egress doors may be installed when all of the following are met:

3.3.6.1 The controlled egress doors shall unlock upon activation of the automatic fire sprinkler system or the automatic fire detection system.

3.3.6.2 The facility staff can unlock the controlled egress doors by either sensor or keypad.

3.3.6.3 The controlled egress doors shall unlock upon loss of power.

3.3.6.4 The secure area or unit with controlled egress doors shall be located at the level of exit discharge in Type V construction.

3.3.7 In Type II Assisted Living Facilities, where the clinical needs of the patients require approved, listed delayed egress locks, they shall be installed on doors as allowed in IBC, Section 1008.1.9.7. Section 1008.1.9.7(3) is deleted. The secure area or unit with delayed egress locks shall be located at the level of exit discharge in Type V construction.

3.3.8 In a Type II Assisted Living Facility, non-ambulatory persons are permitted after receiving approval for a variance from the Utah Department of Health as allowed in Utah Administrative Code, R432-2-18.

3.4 Residential Treatment/Support Assisted Living Facilities

3.4.1 Residential Treatment/Support Limited Capacity Assisted Living Facility shall be constructed in accordance with IBC, Residential Group R-3, and maintained in accordance with the IBC and IFC.

3.4.2 Residential Treatment/Support Limited Capacity Assisted Living Facility required exits shall not be secured with dead bolts, chains, or hasps. Deadbolts that are interconnected

with the latch, and provide simultaneous retraction of both the deadbolt and the latch, by the turning of the latch, is permitted.

3.4.3 Residents in Residential Treatment/Support Limited Capacity Assisted Living Facilities shall be housed on the first story only, unless an approved outside exit leading to the ground level is provided from any upper or lower level. Split entry/split level type homes in which stairs to the lower and upper level are equal or nearly equal, may have residents housed on both levels when approved by the AHJ.

3.4.4 In Residential Treatment/Support Limited Capacity Assisted Living Facilities, resident rooms on the ground level, shall have emergency escape or rescue windows as required in IFC, Chapter 10, Section 1029.

3.4.5 In Residential Treatment/Support Limited Capacity Assisted Living Facilities an approved independent smoke detector shall be installed and maintained by location as required in IFC, Chapter 9, Section 907.2.11.2.

3.4.6 Residential Treatment/Support Small Assisted Living Facilities shall be constructed in accordance with IBC, Residential Group R-4, and maintained in accordance with the IBC and IFC.

3.4.6.1 IFC, Chapter 9, Section 903.2.8 is amended to add the following: Exception: Residential Treatment/Support Assisted Living Facility classified as Group R-4, not more than 4500 gross square feet, and not containing more than 16 ambulatory, non-restrained residents, is allowed provided the building is equipped throughout with an approved fire alarm system that is interconnected and receives its primary power from the building wiring.

3.4.7 Residential Treatment/Support Small Assisted Living Facility required exits shall not be secured with dead bolts, chains, or hasps. Deadbolts that are interconnected with the latch, and provide simultaneous retraction of both the deadbolt and the latch, by the turning of the latch, is permitted.

3.4.8 Residential Treatment/Support Large Assisted Living Facilities shall be constructed in accordance with IBC, Institutional Group I-1, and maintained in accordance with the IBC and IFC.

3.4.8.1 An automatic fire sprinkler system shall be provided throughout buildings classified as Group I. Listed quick response or residential sprinkler heads shall be installed in patient or resident sleeping areas.

3.4.9 In a Residential Treatment/Support Assisted Living Facility, residents with compromised ambulatory capacity that can demonstrate the ability to exit the facility unassisted in two minutes or less, and meet the requirements listed in Utah Administrative Code, R501-2-11, Emergency Plans, may receive approval from the Office of Licensing, Utah Department of Human Services, to remain in the facility as a resident.

3.4.9.1 In those facilities where the Office of Licensing, Department of Human Services, determines that the resident cannot exit the facility unassisted in two minutes or less, the facility management shall complete one of the following:

3.4.9.1.1 Make accommodations, changes or enact an emergency plan that guarantees the exiting of the resident in two minutes or less.

3.4.9.1.2 Provide a staff to resident ratio of one to one on a 24 hour basis.

3.4.9.1.3 Install an approved automatic fire sprinkler system.

3.4.9.1.4 Move the resident from the facility.

R710-3-4. Repeal of Conflicting Board Actions.

All former Board actions, or parts thereof, conflicting or inconsistent with the provisions of this Board action or of the codes hereby adopted, are hereby repealed.

R710-3-5. Validity.

The Board hereby declares that should any section,

paragraph, sentence, or word of this Board action, or the codes adopted, be declared invalid, it is the intent of the Board that it would have passed all other portions of this action, independent of the elimination of any portions as may be declared invalid.

R710-3-6. Conflicts.

In the event where separate requirements pertain to the same situation in the adopted codes, the more restrictive requirement shall govern, as determined by the AHJ.

R710-3-7. Adjudicative Proceedings.

7.1 All adjudicative proceedings performed by the agency shall proceed informally as set forth herein and as authorized by UCA, Sections 63G-4-202 and 63G-4-203.

7.2 A person may request a hearing on a decision made by the AHJ by filing an appeal to the Board within 20 days after receiving final decision from the AHJ.

7.3 All adjudicative proceedings, other than criminal prosecution, taken by the AHJ to enforce the Utah Fire Prevention and Safety Act, and these rules, shall commence in accordance with UCA, Section 63G-4-201.

7.4 The Board shall act as the hearing authority, and shall convene as an appeals board after timely notice to all parties involved.

7.5 The Board shall direct the SFM to issue a signed order to the parties involved giving the decision of the Board within a reasonable time of the hearing pursuant to UCA, Section 63G-4-203.

7.6 Reconsideration of the Board's decision may be requested in writing within 20 days of the date of the decision pursuant to UCA, Section 63G-4-302.

7.7 Judicial review of all final Board actions resulting from informal adjudicative proceedings is available pursuant to UCA, Section 63G-4-402.

Notice of Continuation June 4, 2007

53-7-204

R714. Public Safety, Highway Patrol.**R714-110. Permit to Operate a Motor Vehicle in Violation of Equipment Laws.****R714-110-1. Authority.**

A. This rule is authorized by Subsection 53-8-204(5).

R714-110-2. Purpose of Rule.

A. The Utah Highway Patrol, hereafter division, may issue a permit which will allow operation of a motor vehicle in violation of the provisions of Title 41, Chapter 6a, as authorized by Section 41-6a-1602.

B. The purpose of this rule is to set forth the procedures whereby:

- (1) A person may apply for a permit.
- (2) The division may act on a permit application.
- (3) A person may appeal a permit denial.

R714-110-3. Designation.

A. All adjudicative proceedings performed by the division will proceed informally as set forth herein and as authorized by Sections 63G-4-202 and 63G-4-203.

R714-110-4. Application.

A. A person may apply for a permit on a form provided by the division.

R714-110-5. Processing of Application.

A. The division may issue a permit if the motor vehicle is safe to operate and if any of the following conditions are met:

- (1) The applicant shows proof satisfactory to the division of a medical disability which requires the removal, addition, or modification of a motor vehicle part.
- (2) The applicant is temporarily unable to obtain a motor vehicle part for reasons beyond the applicant's control.
- (3) The applicant is the head of a law enforcement agency and removal, addition, or modification of a motor vehicle part is necessary for a legitimate law enforcement purpose.

B. The permit issued will be on a form provided by the division.

C. The permit may specify conditions under which the permit is granted including times and places the motor vehicle may be driven, duration of the permit, and any other conditions which the division considers appropriate to protect the safety of highway users or efficient movement of traffic.

R714-110-6. Appeal.

A. An applicant who is denied a permit will be given the reasons for denial in writing by the division.

B. An applicant who is denied a permit or who is granted a permit containing conditions with which the applicant disagrees, may appeal to the division on a form provided by the division. The appeal must be filed within ten days after receiving notice from the division.

C. No hearing will be granted to the applicant. The division will review the appeal and issue a written decision to the applicant within ten days either affirming or modifying the initial decision concerning the permit.

Notice of Continuation October 5, 2007

41-6-117.5

R714. Public Safety, Highway Patrol.**R714-158. Vehicle Safety Inspection Program Requirements.****R714-158-1. Authority.**

This rule is authorized by Subsection 53-8-204(5).

R714-158-2. Purpose.

The purpose of this rule is to set standards governing the administration and enforcement of the safety inspection program in accordance with Title 53, Chapter 8, Part 2.

R714-158-3. Definitions.

As used in this rule:

(1) "Agency Action" means a written warning, suspension or revocation applied against a certification or license.

(2) "Certificate" means the certificate of inspection given when a vehicle fails or meets the requirements of the inspection program.

(3) "Certification" means the authority given to an inspector by the department to conduct safety inspections.

(4) "Commercial motor vehicle" means any vehicle, machine, tractor, trailer or semi-trailer, propelled or drawn by mechanized power upon the highway in transportation of passengers or property, or any combination thereof. It does not include implements of husbandry.

(5) "Department" means the Utah Department of Public Safety.

(6) "Fleet station" means a station licensed by the department and capable of conducting safety inspections of commercial motor vehicles, provided the fleet owns a minimum of twenty-five vehicles.

(7) "Inspector" means a person employed by a station licensed to conduct safety inspections.

(8) "License" means the authority given to a station by the department to conduct safety inspections.

(9) "Notice of agency action" means a written notice that the department intends to suspend or revoke a certification or license.

(10) "Re-inspection" means an inspection of previously rejected items that is completed within fifteen days of the original inspection. An inspection that is completed outside of the fifteen days is considered a new inspection, which all vehicle components are required to be inspected.

(11) "Station" means a business, including public garages, service stations, and repair shops licensed by the department to conduct safety inspections.

(12) "Sticker" means the sticker intended to be placed on the windshield or side wing window of a vehicle which has met the requirements of the inspection program. On trailers they should be placed on either of the two front corners where they can easily be seen.

(13) "Utah Interactive (UI)" means the company that has contracted with the State Of Utah for the setup and facilitation of the web-based inspection program.

R714-158-4. Station License.

A. Application for a license as a station can be made on forms provided by the department's Safety Inspection Section, 5500 West Amelia Earhart Drive, Suite 360, Salt Lake City, Utah 84116.

(1) A \$1,000 surety bond or garage keepers insurance is required for all stations except fleet stations and publicly owned stations.

(2) A \$100 station application fee is required.

(3) A \$25 annual license fee is required for all stations except publicly owned stations.

(4) A \$100 fee is required to renew a license that has been suspended or revoked.

(5) A \$100 fee is required for a station name and/or address

change.

B. Upon receiving an application for a license, the department will assign an investigator to inspect the place of business to determine if the applicant meets the requirements of this rule. This includes that the application is filled out completely and in addition to providing a list of all the station's certified inspectors.

C. An applicant for a license shall meet the building and equipment requirements set forth in the "Vehicle Inspection Manual" prior to approval and throughout their certification.

D. Upon approval, the license will be issued to the applicant and shall be displayed in a prominent location at the address shown on the license.

E. Licenses are not transferable. A change in the ownership, name, or location of a station requires a new application, bond, and license.

F. All new stations upon making application will be required to enroll in the web-based inspection program through Utah Interactive. All of the station's inspections will have to be completed on-line.

G. An agency action against a station using only paper certificates will require, after reinstatement, that the station's inspections be conducted on the on-line program.

R714-158-5. Inspector Certification.

A. An applicant for certification as an inspector shall:

(1) obtain training in accordance with the requirements of Section R714-158-6 of this rule;

(2) pay a \$10 non-refundable processing fee;

(3) be at least eighteen years of age; and

(4) have a valid drivers license.

B. Certification is valid for five years and expires on the month, day, and year shown on the certificate.

C. Certification can be renewed up to two months before the expiration date.

(1) A \$100 fee is required to process a return to the safety inspection program in the event of a suspension or revocation of certification.

D. A \$20 fee is required to replace a lost/missing inspector certification card.

R714-158-6. Inspector Training and Testing.

A. Inspector applicants shall obtain training, reference materials, and instructions from the department prior to certification.

B. The department may contract with educational institutions to provide training, re-training, or testing.

(1) Every educational institution will be required to have the same tools that each station is required to have for each individual vehicle type that they will be instructing.

C. An inspector seeking re-certification of his/her safety inspection authority shall do one of the following options:

(1) Option #1- Participate in the full 16 hour Safety Inspection Training Course and pass the final test.

(2) Option #2- Participate in either an on-line, or "CD" formatted recertification training program, and pass the quizzes.

D. An inspector whose certification has expired for more than one (1) year is required to re-take the 16 hour certification.

E. Every student that takes the 16 hour certification course, is required to attend all sixteen hours of the course, regardless of what vehicle type they are applying for. If they miss any portion of the course, they will be required to make up that missed portion before being allowed to take the certification test.

F. If an educational institute offers a motorcycle only course, then the student must attend the entire portion of that course that is covered under the curriculum set forth by the department before being allowed to take the certification test.

R714-158-7. General Safety Inspection Program

Requirements.

A. Inspections shall be conducted honestly and thoroughly. Any attempt to coerce customers, or to sell unneeded parts or repairs is prohibited.

(1) Repairs or adjustments may not be made to a vehicle without prior approval of the customer.

(a) Any part that is replaced as a result of an inspection must be returned to the customer.

(b) If a part cannot be returned, it must be shown to the customer.

(c) The customer is under no obligation to have a vehicle repaired at the station. Repairs may be made at any business selected by the customer.

(2) A current set of inspection records, including the plate brake test records, shall be retained at each station or record keeping office.

(a) The records shall be retained for a minimum of twelve months.

(b) When requested, records shall be made available for inspection by the department.

(3) Reports required by the department shall be submitted to the department prior to every third order of inspection supplies.

(a) Reports submitted to the department shall be legible and in sequence.

(b) Certificates and stickers shall be filled out completely to include the name and address of the registered owner. They must be completed on the same date that the vehicle inspection was conducted.

(4) Each station in the safety inspection program shall maintain an adequate supply of certificates, stickers, and other inspection supplies.

(a) Certificates, stickers, and other inspection supplies shall be safeguarded against loss or theft.

(b) Missing or stolen certificates or stickers shall be immediately reported to the department.

(5) No certificate or sticker shall be issued without making a proper inspection, or issued to any vehicle that does not meet safety inspection requirements.

(6) An inspector may conduct inspections, print certificates, issue certificates, and attach stickers to vehicles only at the location designated on the license.

(7) Inspectors will not be added to a station on the Admin Console, without a member of the station's management first contacting our office. This management contact may be done in person, by phone or on a station's letterhead with an official signature.

(8) Certificates, stickers, or other inspection supplies, may not be sold or transferred from one station to another.

(9) Each station must be open for a least eight hours during the normal business day. Stations may close on holidays, Saturdays and Sundays.

(a) At least one inspector must be on duty at each station during business hours.

R714-158-8. Vehicle Safety Inspection Manual.

The department shall prepare the "Vehicle Inspection Manual" which shall be based on the "Utah Code," the "Federal Code of Regulations," the "Vehicle Inspection Handbook" of the American Association of Motor Vehicle Administrators, and on vehicle manufacturer specifications.

(1) The department shall seek the advice of the Safety Inspection Advisory Council prior to any substantive changes in the "Vehicle Inspection Manual."

(2) Inspectors shall conduct inspections in accordance with the "Vehicle Inspection Manual."

(3) All stations are required to have a copy of the most recent manual available. This requirement can be met by having a hard copy on hand or by downloading a copy to a file on the

station's computer from the Safety Inspection website. Accessing the manual through the website does not qualify for meeting this requirement.

R714-158-9. Certificates, Stickers, and Inspection Reports.

A. Paper Certificates will be issued in books of twenty-five for ATV's and fifty for Passenger/Light Truck.

(1) A maximum of ten books of certificates and twenty books of stickers may be purchased on one order.

(2) Each on-line station may be allowed to purchase a maximum of two books of certificates that are only to be used as a backup to the on-line program when the system is down.

(3) All orders shall be paid by check, except as authorized by the department.

(4) Unused certificates or stickers, if less than two years old and in quantities of ten or more, may be returned to the department for reimbursement or exchange.

(5) Returned certificates and stickers must be in the original book and sequence.

(6) Utah Interactive is responsible for billing the on-line stations for all completed on-line certificates each month.

(7) Each on-line station shall submit a full payment for each monthly bill received from UI.

(8) Entering a safety inspection certificate number into an outside agency computer system for the purpose of printing a certificate is prohibited.

(9) All 'ATV' inspections shall be conducted on a department approved ATV paper certificate, or on the on-line program under the 'ATV' vehicle type.

B. Certificates, stickers, and inspection reports, shall be completed and issued as set forth in the "Vehicle Inspection Manual."

R714-158-10. Incorporation of Federal Standards for Commercial Vehicles.

The department adopts federal regulation 49 CFR 393, 396, and 396 Appendix G (1997 edition), applicable to commercial motor vehicles and trailers operating in interstate commerce, and incorporates those regulations in this rule by reference.

R714-158-11. Grounds for Denial, Suspension, or Revocation of License or Certification.

A license or certification may be denied, suspended, or revoked for either of the following reasons:

(1) violation of state laws or rules applicable to vehicle inspections.

(2) conviction of any crime involving moral turpitude.

(3) Providing any false information on a station or inspector application.

(4) A station that transfers ownership while serving a suspension/revocation period, shall serve the full period of the suspension/revocation before reinstatement of certification or approval as a new inspection station will be made.

(5) An on-line station that is more than 60 days delinquent on their balance with Utah Interactive, may have an agency action filed against them until their full payment is received by Utah Interactive.

R714-158-12. Adjudicative Proceedings.

A. All adjudicative proceedings set forth in this section shall be conducted informally, and as authorized by Sections 53-8-204, 63G-4-202, and 63G-4-203.

B. Action to deny, suspend or revoke any license or certification or to appeal any denial, suspension, or revocation shall be made on forms provided by the department in accordance with Section 63G-4-201.

C. Appeal to department. A person who has been issued a notice of agency action to suspend or revoke a license or certification may request a hearing before the department by

filing an appeal with the department within ten days of receipt of the notice of agency action. If a timely appeal is filed, the intended agency action shall automatically be stayed.

(1) The hearing before the department shall be informal and is intended to provide the person with an opportunity to show cause why the intended agency action should not be taken.

(2) The department will issue a signed order to the parties within five days of the hearing, ordering or denying the intended agency action.

D. Appeal to Advisory Council. A person who has been denied a license or certification, or a person whose license or certification has been suspended or revoked by the department, may request a hearing before the Advisory Council pursuant to Section 53-8-203, by filing an appeal with the department within ten days of receipt of the denial, suspension, or revocation.

(1) Except in the case of an emergency order, a timely appeal to the department requesting an Advisory Council hearing shall automatically stay a department order of suspension or revocation.

(2) The hearing before the Advisory Council shall be informal and shall be held within thirty days after the appeal is filed.

(3) The Advisory Council shall make written findings and conclusions and issue a signed order within ten days of the hearing; affirming, denying, or modifying the order of the department.

E. Reconsideration of the order of the Advisory Council may be requested in writing within twenty days of the date of the order in accordance with Section 63G-4-302.

F. The order of the Advisory Council shall be subject to judicial review in accordance with Section 63G-4-402.

G. A default order may be entered against a party who fails to participate in any of the hearings provided for in this section in accordance with Section 63G-4-209.

53-8-203

63G-4

R722. Public Safety, Criminal Investigations and Technical Services, Criminal Identification.**R722-300. Concealed Firearm Permit and Instructor Rule.****R722-300-1. Purpose.**

The purpose of this rule is to establish procedures whereby the bureau administers the Concealed Firearms Act in accordance with Title 53, Chapter 5, Part 7.

R722-300-2. Authority.

This rule is authorized by Section 53-5-704(16) which provides that the commissioner may make rules necessary to administer Title 53, Chapter 5.

R722-300-3. Definitions.

(1) Terms used in this rule are defined in Sections 53-5-702, 53-5-711, 76-10-501.

(2) In addition:

(a) "applicant" means an individual seeking to obtain or renew a permit, a temporary permit, an instructor certification, or a LEOJ permit from the bureau;

(b) "certified firearms instructor" means an individual certified by the bureau pursuant to Section 53-5-704(8) who can certify that an applicant meets the general firearm familiarity requirement under Section 53-5-704(7);

(c) "certified firearms instructor official seal" means a red, self-inking stamp containing the information required in Subsection 53-5-704(10)(a)(iii)(C) which meets the design requirements described on the bureau's website;

(d) "crime of violence" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States which has, as an element, the use, threatened use, or attempted use of physical force or a dangerous weapon;

(e) "felony" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States for which the penalty is a term of imprisonment in excess of one year;

(f) "FBI" means the Federal Bureau of Investigation;

(g) "instructor certification" means a concealed firearm instructor certification issued by the bureau pursuant to Section 53-5-704(8);

(h) "LEOJ permit" means a permit to carry a concealed firearm issued to a judge or law enforcement official by the bureau pursuant to 53-5-711;

(i) "NRA" means the National Rifle Association;

(j) "offense involving domestic violence" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States involving any of the conduct described in:

(i) Section 77-36-1; or

(ii) 18 U.S.C Section 921(a)(33);

(k) "offense involving moral turpitude" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States involving conduct which:

(i) is done knowingly contrary to justice, honesty, or good morals;

(ii) has an element of falsification or fraud; or

(iii) contains an element of harm or injury directed to another person or another's property;

(l) "offense involving unlawful sexual conduct" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States involving any of the conduct described in:

(i) Title 76 Chapter 5, Part 4

(ii) Title 76 Chapter 7, Part 1;

(iii) Title 76 Chapter 9, Sections 702, 702.5, and 702.7;

(iv) Title 76 Chapter 10, Part 12; or

(v) Title 76 Chapter 10, Part 13;

(m) "offense involving the use of alcohol" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States involving any of the conduct described in:

(i) Section 32A-12-209;

(ii) Section 32A-12-220;

(iii) Section 41-6a-501(2) related to the use of alcohol; or

(iv) Section 76-10-528 related to carrying a dangerous weapon while under the influence of alcohol;

(n) "offense involving the unlawful use of narcotics or controlled substances" means:

(i) any offense listed in Section 41-6a-501(2) involving the use of a controlled substance;

(ii) any offense involving the use or possession of any controlled substance found in Title 58, Chapters 37, 37a, or 37b; or

(iii) the crime of carrying a dangerous weapon while under the influence of a controlled substance pursuant to Section 76-10-528;

(o) "past pattern of behavior involving unlawful violence" means verifiable incidents, regardless of whether there has been an arrest or conviction, that would lead a reasonable person to believe that an individual has a violent nature and would be a danger to themselves or others, including an attempt or threat to commit suicide.

(p) "permit" means a permit to carry a concealed firearm issued by the bureau pursuant to Section 53-5-704;

(q) "POST" means the Utah Department of Public Safety, Division of Peace Officer Standards and Training;

(r) "revocation" means the permanent deprivation of a permit, instructor certification, or certificate of qualification. Revocation of a permit, instructor certification, or certificate of qualification does not preclude an individual from applying for a new permit, instructor certification, or certificate of qualification if the reason for revocation no longer exists;

(s) "suspension" means the temporary deprivation, for a specified period of time, of a permit, instructor certification, or certificate of qualification; and

(t) "temporary permit" means a temporary permit to carry a concealed firearm issued by the bureau pursuant to Section 53-5-705.

R722-300-4. Application for a Permit to Carry a Concealed Firearm.

(1)(a) An applicant seeking to obtain a permit must submit a completed permit application packet to the bureau.

(b) The permit application packet shall include:

(i) a written application form provided by the bureau which shall include the address of the applicant's permanent residence;

(ii) a photocopy of a state-issued driver license or identification card;

(iii) one recent color photograph of passport quality which contains the applicant's name written on the back of the photograph;

(iv) one completed FBI applicant fingerprint card (Form FD-258) with the applicant's legible fingerprints;

(v) a non-refundable processing fee of \$65.25, in the form of cash, check, money order, or credit card, which consists of a \$35.00 fee established by Section 53-5-707 and a \$30.25 FBI fingerprint processing fee;

(vi) evidence indicating that the applicant has general familiarity with the types of firearms to be concealed as required by Subsection 53-5-704(5)(d); and

(vii) any mitigating information that the applicant wishes the bureau to consider when determining whether the applicant meets the qualifications set forth in Subsection 53-5-704(2)(a).

(2) An applicant may establish evidence of general familiarity with the types of firearms to be concealed as required

in Subsection 53-5-704(5)(d) by submitting a signed certificate, issued within one year of the date of the application, bearing a certified firearms instructor's official seal, certifying that the applicant has completed the required firearms course of instruction established by the bureau.

(3) If the applicant is employed as a law enforcement officer, the applicant:

(i) shall not be required to pay the application fee; and

(ii) may establish evidence of general familiarity with the types of firearms to be concealed as required in Subsection 53-5-704(5)(d) by submitting documentation from a law enforcement agency located within the state of Utah indicating that the applicant has successfully completed the firearm qualification requirements of that agency within the last five years.

(4)(a) Upon receipt of a complete permit application packet, the bureau shall conduct a thorough background investigation to determine if the applicant meets the requirements found in Subsections 53-5-704(2) and (3).

(b) The background investigation shall consist of the following:

(i) sending the fingerprint card to the FBI for a review of the applicant's criminal history record pursuant to Section 53-5-706; and

(ii) verifying the accuracy of the information provided in the application packet through a search of local, state and national records which may include, but is not limited to, the following:

(A) the Utah Computerized Criminal History database;

(B) the National Crime Information Center database;

(C) the Utah Law Enforcement Information Network;

(D) state driver license records;

(E) the Utah Statewide Warrants System;

(F) juvenile court criminal history files;

(G) expungement records maintained by the bureau;

(H) the National Instant Background Check System;

(I) the Utah Gun Check Inquiry Database;

(J) Immigration and Customs Enforcement records; and

(K) Utah Department of Corrections Offender Tracking System; and

(L) the Mental Gun Restrict Database.

(5)(a) If the background check indicates that an applicant does not meet the qualifications set forth in Subsection 53-5-704(2)(a), the bureau shall consider any mitigating circumstances submitted by the applicant.

(b) If the applicant does not meet the qualifications set forth in Subsection 53-5-704(2)(a) because the applicant has been convicted of a crime, the bureau may find that mitigating circumstances exist if the applicant was not convicted of a registerable sex offense, as defined in Subsection 77-27-21.5(1)(n), and the following time periods have elapsed from the date the applicant was convicted or released from incarceration, parole, or probation, whichever occurred last:

(i) five years in the case of a class A misdemeanor;

(ii) four years in the case of a class B misdemeanor; or

(iii) three years in the case of any other misdemeanor or infraction.

(c) Notwithstanding any other provision, the bureau may not grant a permit if the applicant does not meet the qualifications in Subsection 53-5-704(2)(a)(viii).

(6)(a) If the bureau determines that the applicant meets the requirements found in Subsection 53-5-704(2) and (3), the bureau shall issue a permit to the applicant within 60 days.

(b) The permit shall be mailed to the applicant at the address listed on the application.

(7)(a) If the bureau determines that the applicant does not meet the requirements found in Subsection 53-5-704(2) and (3), the bureau shall mail a letter of denial to the applicant, return receipt requested.

(b) The denial letter shall state the reasons for denial and

indicate that the applicant has a right to request a review hearing before the board by filing a petition for review within 60 days as provided in Section 53-5-704(15).

R722-300-5. Application for a Concealed Firearms Instructor Certification.

(1)(a) An applicant seeking to be certified as a Utah concealed firearms instructor must submit a completed instructor certification application packet to the bureau.

(b) The instructor certification application packet shall include:

(i) a written instructor certification application form provided by the bureau;

(ii) a photocopy of a state-issued driver license or identification card;

(iii) one recent color photograph of passport quality which contains the applicant's name written on the back of the photograph;

(iv) a non-refundable processing fee of \$50.00, in the form of cash, check, money order, or credit card;

(v) evidence that the applicant has a current NRA certification or its equivalent as required by Subsection 53-5-704(8)(a)(iii); and

(vi) evidence that the applicant has completed the course of instruction provided under the direction of the bureau and passed the certification test provided in Subsection 53-5-704(8)(c), within one year of the date of the application.

(2) An applicant may meet the requirements of Subsection 53-5-704(8)(a)(iii) by providing a certificate of completion from one of the following:

(a) a NRA firearms instructor training program; or

(b) a POST firearms instructor training program.

(4) When reviewing an application for certification the bureau shall conduct a background investigation to ensure that the instructor is eligible to possess a firearm under Section 76-10-503 and federal law.

(5)(a) If the bureau determines that an applicant meets the requirements found in Subsection 53-5-704(8), the bureau shall issue an instructor certification to the applicant.

(b) An instructor certification identification card shall be mailed to the applicant at the address listed on the application.

(6)(a) If the bureau determines that the applicant does not meet the requirements found in Subsection 53-5-704(8), the bureau shall mail a denial letter to the applicant, return receipt requested.

(b) The denial letter shall state the reasons for denial and indicate that the applicant has a right to request a review hearing before the board by filing a petition for review within 60 days as provided in Section 53-5-704(15).

R722-300-6. Renewal of a Concealed Firearms Permit or Concealed Firearms Instructor Certification.

(1)(a) An applicant seeking to renew a permit or an instructor certification must submit a completed renewal packet to the bureau.

(b) The renewal packet shall include:

(i) a written renewal form provided by the bureau which shall include the current address of the applicant's permanent residence;

(ii) one recent color photograph of passport quality which contains the applicant's name written on the back of the photograph; and

(iv) a non-refundable processing fee in the form of cash, check, money order, or credit card which is \$10.00 fee to renew a permit or \$25.00 fee to renew an instructor certification.

(2) In addition to the items listed in Subsection (1)(b), an instructor seeking to renew an instructor certification must submit evidence that the instructor has completed the course of instruction provided under the direction of the bureau and passed

the certification test provided in Subsection 53-5-704(8)(c), within one year of the date of the application.

(3) A renewal packet may be submitted no earlier than 60 days prior to the expiration of a current permit or certification.

(4) A fee consisting of \$7.50 will be collected for renewal packets submitted on a permit or an instructor certification that has been expired for more than thirty days but less than one year.

(b) Renewal packets for a permit or an instructor certification which has been expired for more than one year will not be accepted and the applicant will have to re-apply for a permit or an instructor certification.

(5) When renewing a permit or an instructor certification the bureau shall conduct a background investigation.

(6)(a) If the bureau determines that the applicant meets the requirements to renew a permit or an instructor certification, the bureau shall mail the renewed permit or instructor certification identification card to the applicant.

(b) The renewed permit or instructor certification identification card shall be mailed to the applicant at the address listed on the renewal application.

(7)(a) If the bureau determines that the applicant does not meet the requirements to renew a permit or an instructor certification, the bureau shall mail a denial letter to the applicant, return receipt requested.

(b) The denial letter shall state the reasons for denial and indicate that the applicant has a right to request a review hearing before the board by filing a petition for review within 60 days as provided in Section 53-5-704(15).

R722-300-7. Application for a Temporary Permit to Carry a Concealed Firearm.

(1)(a) In order to obtain a temporary permit an applicant must submit a completed permit application packet to the bureau as provided by R722-300-4.

(b) In addition, the applicant must provide written documentation to establish extenuating circumstances which would justify the need for a temporary permit to carry a concealed firearm.

(2) When reviewing an application for a temporary permit to carry a concealed firearm the bureau shall conduct the same background investigation as provided in R722-300-4.

(3)(a) If the bureau finds that extenuating circumstances exist to justify the need for a temporary permit, the bureau shall issue a temporary permit to the applicant.

(b) The temporary permit shall be mailed to the applicant at the address listed on the application.

(4) If the bureau finds that the applicant is otherwise eligible to receive a permit under Section 53-5-704, the bureau shall request that the applicant surrender the temporary permit prior to the issuance of the permit under Section 53-5-704.

R722-300-8. Application for a LEOJ Permit.

(1)(a) In order to obtain a LEOJ permit under Section 53-5-711, an applicant must submit a completed permit application packet to the bureau as provided by R722-300-4.

(b) In addition, the applicant must provide written documentation to establish to the satisfaction of the bureau that:

(i) the applicant is a law enforcement official or judge as defined in Section 53-5-711; and

(ii) that the applicant has completed the course of training required by Subsection 53-5-711(2)(b).

(2) When reviewing an application for a LEOJ permit the bureau shall conduct the same background investigation as if the individual were seeking a permit.

(3)(a) If the bureau finds that the applicant meets the requirements found in Subsection 53-5-711(2), the bureau shall issue a LEOJ permit to the applicant.

(b) The LEOJ permit shall be mailed to the applicant at the address listed on the application.

(4)(a) If the bureau finds that the applicant does not meet the requirements found in Subsection 53-5-711(2), the bureau shall mail a denial letter to the applicant, return receipt requested.

(b) The denial letter shall state the reasons for denial and indicate that the applicant has a right to request a review hearing before the board by filing a petition for review within 60 days as provided in Subsection 53-5-704(15).

R722-300-9. Termination of LEOJ Status.

(1) When the bureau receives notice that a LEOJ permit holder resigns or is terminated from a position as a law enforcement official or judge, the LEOJ permit will be revoked and the bureau shall issue a permit, pursuant to 53-5-704, if the former LEOJ permit holder otherwise meets the requirements found in that section.

(2) If a former LEOJ permit holder gains new employment as a law enforcement official or judge, the bureau shall re-issue a LEOJ permit.

R722-300-10. Suspension or Revocation of a Permit to Carry a Concealed Firearm, Concealed Firearms Instructor Certification, or a LEOJ Permit.

(1) A permit may be suspended or revoked for any of the following reasons:

(a) the bureau determines that the permit holder does not meet the requirements found in Subsection 53-5-704(2);

(b) the bureau determines that the permit holder has committed a violation under Subsection 53-5-704(3); or

(c) the permit holder knowingly and willfully provided false information on an application for a permit, or a renewal of a permit.

(2) An instructor certification may be suspended or revoked for any of the following reasons:

(a) the bureau determines that the instructor has become ineligible to possess a firearm under Section 76-10-506 or federal law; or

(b) the instructor knowingly and willfully provided false information to the bureau.

(3) A LEOJ permit may be suspended or revoked for any of the following reasons:

(a) the bureau determines that a LEOJ permit holder is no longer employed as a law enforcement official or judge; or

(b) a LEOJ permit holder fails to provide proof of annual requalification by November 30 of each year as required by Section 53-5-711.

(4)(a) If the bureau suspends or revokes a permit, an instructor certification, or a LEOJ permit, the bureau shall mail a notice of agency action to the permit holder, instructor, or LEOJ permit holder, return receipt requested,

(b) The notice of agency action shall state the reasons for suspension or revocation and indicate that the permit holder, instructor, LEOJ permit holder has a right to request a review hearing before the board by filing a petition for review within 60 days as provided in Section 53-5-704(15).

R722-300-11. Review Hearing Before the Board.

(1)(a) Review hearings before the board will be informal and shall be conducted according to the provisions in Section 63G-4-203.

(b) At the hearing, the bureau must establish the allegations contained in the notice of agency action by a preponderance of the evidence.

(2) Upon request, an applicant, permit holder, instructor, or LEOJ permit holder who is seeking review before the board is entitled to review all the materials in the bureau's file upon which the bureau intends to use in the hearing.

(3) In accordance with Section 63G-4-209 the board may enter an order of default against an applicant, permit holder,

instructor, or LEOJ permit holder who fails to appear at the hearing.

(4) Within 30 days of the date of the hearing the board shall issue an order which shall:

(a) state the board's decision and the reasons for the board's decision; and

(b) indicate that the applicant, permit holder, instructor, or LEOJ permit holder has a right to appeal the decision of the board by filing a petition for judicial review within 30 days as provided in Section 63G-4-402.

R722-300-12. Records Access.

(1) Information provided to the bureau by an applicant shall be considered "private" in accordance with Subsection 63G-2-302(2)(d).

(2) Information gathered by the bureau and placed in an applicant's file shall be considered "protected" in accordance with Subsections 63G-2-305(9).

(3) When a permit has been issued to an applicant, the names, address, telephone numbers, dates of birth, and Social Security numbers of the applicant are protected records pursuant to Section 53-5-708.

KEY: concealed firearm permit, concealed firearm permit instructor
October 22, 2010 **53-5-701 through 53-5-711**

R722. Public Safety, Criminal Investigations and Technical Services, Criminal Identification.**R722-310. Regulation of Bail Bond Recovery and Enforcement Agents.****R722-310-1. Authority.**

This rule is authorized by Subsection 53-11-103(5).

R722-310-2. Definitions.

(1) Terms used in this rule are defined in Section 53-11-102.

(2) In addition:

(a) "act involving moral turpitude" means conduct which:

(i) is done knowingly contrary to justice, honesty, or good morals;

(ii) has an element of falsification or fraud; or

(iii) contains an element of harm or injury directed to another person or another's property;

(b) "bureau" means the Bureau of Criminal Identification within the Department of Public Safety established by Section 53-10-201; and

(c) "felony" means a crime under the laws of this state, any other state, the United States, or any district, possession, or territory of the United States for which the penalty is a term of imprisonment in excess of one year;

(d) "licensee" means an individual who has received a bail enforcement agent license, bail bond recovery agency license, bail recovery agent license or bail recovery apprentice license;

(e) "revocation" means the permanent deprivation of a bail bond recovery license. Revocation of a bail bond recovery license does not preclude an individual from applying for a new bail bond recovery license if the reason for revocation no longer exists; and

(f) "suspension" means the temporary deprivation, for a specified period of time, of a bail bond recovery license.

R722-310-3. Purpose.

The purpose of the rule is to establish procedures for the licensing of bail enforcement agents, bail bond recovery agencies, bail recovery agents, and bail recovery apprentices.

R722-310-4. Application for Licensure.

(1)(a) An applicant seeking to obtain a license as a bail bond agency, bail enforcement agent, bail recovery agent, or a bail recovery apprentice must submit a completed application packet to the bureau.

(b) The application packet shall include:

(i) a written application form provided by the bureau which shall include the applicant's residential address;

(ii) one recent color photograph of passport quality which contains the applicant's name written on the back of the photograph

(iii) a photocopy of a state-issued driver license or identification card;

(iv) one completed FBI applicant fingerprint card (Form FD-258) with the applicant's legible fingerprints;

(v) a non-refundable processing fee in the form of cash, check, money order, or credit card in the amount required by Section 53-11-115; and

(vi) documentation from an approved provider indicating that the applicant has completed the sixteen hour training program, described in Section 53-11-108(4).

(2) If the applicant is applying for license as a bail enforcement agent, the applicant must also provide documentation indicating that the applicant has 2,000 hours of experience related to bail bond recovery and enforcement.

(3) If an applicant for license as a bail enforcement agent wishes to operate a bail bond recovery agency, the applicant must also provide:

(i) the name and business address for the bail bond

recovery agency; and

(ii) a certificate of workers' compensation insurance, if applicable.

(4) If the applicant is applying for license as a bail recovery agent, the applicant must also provide:

(i) documentation indicating that the applicant has 1,000 hours of experience related to bail bond recovery and enforcement.

(ii) verification from a bail bond recovery agency indicating that the agency will employ or contract with the applicant.

(5) If the applicant is applying for license as a bail recovery apprentice, the applicant must also provide:

(i) verification from a bail bond recovery agency indicating that the agency will employ or contract with the applicant.

(6) If the applicant is seeking to carry a firearm as a licensee, the applicant must comply with all of the requirements found in R722-300 and must provide documentation from an approved bail enforcement firearms instructor indicating that the applicant has completed the sixteen hour firearms training course required in Section 53-11-108(5).

(7)(a) Once the application packet is complete, the bureau shall submit it to the board for their review at the next regularly scheduled meeting.

(b) Application packets that are received or completed less than 7 days prior to a scheduled board meeting will not be considered by the board until the next regularly scheduled board meeting.

R722-310-5. Training Program Requirements.

(1) The sixteen hour training program described in Section 53-11-108(4), which is required for licensure, must be provided by a training program provider approved by the board.

(2) Training program providers seeking to become approved by the board must provide a detailed course curriculum for the board's review.

(3)(a) Training programs which are approved by the board must be open to anyone who wishes to attend.

(b) If a training provider charges a fee for the training program, the same fee must apply to all participants in the training program.

(4) Training program providers must notify the bureau, at least five days in advance, of the dates, times, and location of all courses provided.

(5)(a) Bureau investigators shall periodically monitor approved training programs to insure that the training program is providing instruction as required by Section 53-11-108(4).

(b) The training program may not charge the investigator a fee for monitoring the program.

(6) If the board receives information that a training program is not providing instruction as required by Section 53-11-108(4), the board shall terminate its approval of the training program after notice and an opportunity for a hearing before the board.

R722-310-6. Verification of Experience.

(1) When verifying the experience necessary for licensure as a bail enforcement agent or a bail recovery agent, the applicant must provide a written statement which lists, in detail, the number of hours and the type of bail bond recovery work performed by the applicant.

(2) The verification of experience must be signed and notarized by the applicant's employer or by an individual who has personal knowledge of the bail bond recovery work performed.

(3) The bail bond recovery work must have been performed within ten years from the date of the application.

R722-310-7. Credit for Specified Training.

(1) An applicant who wishes to receive credit towards the experience requirement for licensure, must provide documentation indicating that the applicant has a criminal justice bachelor's degree or has successfully completed a basic training course described in Section 53-11-114(1)(b) or (c).

(2) An applicant may receive up to 1000 hours of credit towards the experience requirement for licensure under Section 53-11-114.

(3) An applicant seeking credit under Section 53-11-114, is not exempt from completing the sixteen hour training course required by Section 53-11-108(4).

R722-310-8. Renewal of a License.

(1)(a) A licensee seeking to renew a license as a bail bond agency, bail enforcement agent, bail recovery agent, or a bail recovery apprentice must submit a completed renewal packet to the bureau.

(b) The renewal packet shall include:

(i) a written renewal form provided by the bureau which shall include the applicant's address;

(ii) one recent color photograph of passport quality which contains the applicant's name written on the back of the photograph;

(iii) a non-refundable processing fee in the form of cash, check, money order, or credit card in the amount required by Section 53-11-115;

(iv) evidence that the applicant has completed eight hours of continuing classroom instruction required by Subsection 53-11-111(2); and

(v) evidence that the applicant has a liability insurance policy described in Subsection 53-9-109(2).

(2)(a) Once the renewal packet is complete, the bureau shall submit it to the board for their review at the next regularly scheduled meeting.

(b) Renewal packets that are received or completed less than 7 days prior to a scheduled board meeting will not be considered by the board until the next regularly scheduled board meeting.

(3) A licensee whose license has been expired for more than ninety days, must reapply and meet all requirements found in R722-310-4.

R722-310-9. Requirements for Continuing Classroom Instruction.

(1)(a) Four of the eight hours of continuing classroom instruction required by Subsection 53-11-111(2) shall be provided by the bureau.

(b) The course provided by the bureau shall provide updates on Utah law, administrative changes, and other pertinent information designed to enhance the licensee's knowledge of bail recovery.

(2) The remaining four hours of continuing classroom instruction required under Subsection 53-11-111(2) are left to the discretion of the licensee.

R722-310-10. Criteria for Certified Bail Enforcement Firearms Instructor.

(1) The sixteen hour firearms training program described in Section 53-11-108(5), must be provided by a bail enforcement firearms instructor approved by the bureau.

(2) In order to become an approved bail enforcement firearms instructor, the instructor must be a certified Utah concealed firearm permit instructor under Section 53-5-704(8) and must be in good standing with the bureau.

(3)(a) Each approved bail enforcement firearms instructor must adhere to the curriculum adopted by the bureau.

(b) An instructor may supplement, but may not detract from the set curriculum.

R722-310-11. Notice to Commissioner.

A bail bond recovery agency may provide notice of a change in the name or address of a bail bond agency or any change of employees or contract employees to the commissioner as required by Subsection 53-11-116(5) by sending a written notice to the bureau that is signed by the licensee.

R722-310-12. Adjudicative Proceedings.

(1) All adjudicative proceedings shall be informal according to the provisions in Sections 63G-4-202 through 63G-4-203.

(2)(a) The board shall review and make an initial determination on all license applications and renewals.

(b) The board may deny a license application or renewal for failure to comply with the requirements in Sections 53-11-108 through 53-11-115, or for any of the reasons set forth in Section 53-11-118.

(3) The board shall review all investigations presented by the bureau and may take disciplinary action against a licensee based on a violation of Section 53-11-119.

(4)(a) The board shall issue a written decision within ten days after the board meets to decide the matter.

(b) The board's written decision shall indicate that the applicant or licensee may appeal to the commissioner within thirty days from the date that the written decision is issued.

(5)(a) If an applicant or licensee appeals the board's decision, the commissioner, or his designee, shall review the materials in the bureau's file, the findings of the board along with any materials submitted by the applicant or licensee and may affirm, adopt, modify, supplement, reverse, or reject the board's findings or return the matter to the board for reconsideration.

(b) If the applicant or licensee requests a hearing, the commissioner, or his designee, shall schedule a hearing within sixty days from the receipt of the request for review.

R722-310-13. Identification of Licensees.

(1)(a) A licensee shall be issued an identification card by the bureau which identifies whether the licensee as a bail enforcement agent, bail bond recovery agency, bail recovery agent or bail recovery apprentice.

(b) The identification card shall indicate on its face if the licensee is authorized to carry a loaded and concealed firearm as provided in Subsection 53-11-108(5).

(2)(a) A bail enforcement agent or bail recovery agent may wear a badge that is identical to the badge depicted on the bureau's website in accordance Section 53-11-121.

(b) A bail enforcement agent or bail recovery agent may obtain a badge from any source, so long as it complies with the following specifications:

(i) the badge must be 2.55 inches high and 2.66 inches wide;

(ii) the badge must be in the shape of a five point star on a circle;

(iii) the star must be gold in color and the circle must be silver in color;

(iv) the center of the star must be black in color and contain a seal with the phrase "Liberty and Justice For All";

(v) the text of the badge must be written in block lettering and must be black;

(vi) the silver circle must contain two panels with writing to indicate whether the agent is a bail enforcement or bail recovery agent; and

(vii) the badge must contain two gold panels with writing to indicate the word "Utah" on the top panel and the agent's license number on the bottom panel.

(3)(a) A bail enforcement agent or bail recovery agent may only display the badge described in this rule if the agent is wearing an item of clothing that identifies whether the agent is a bail enforcement agent or bail recovery agent.

(b) The item of clothing must contain the words "bail enforcement agent" or "bail recovery agent" written on both the chest and back and must meet the following requirements:

(i) the writing on the back must be at least two inches in height;

(ii) the writing on the chest must be at least one half of an inch in height; and

(iii) the writing must be in a color that contrasts with the color of the item of clothing.

53-11-103(5)

Notice of Continuation May 12, 2010

R746. Public Service Commission, Administration.**R746-341. Lifeline/Link-up Rule.****R746-341-1. Applicability.**

Telecommunications corporations that have been designated as eligible telecommunications carriers by the Commission, pursuant to Section 214 of the Federal Communications Act, shall establish a lifeline telephone service pursuant to the requirements of Sections 2 through 10.

R746-341-2. Definitions.

A. "Applicant" -- means the eligible telecommunications customer who owns and resides in a residential property or rents and resides in a residential property.

B. "Responsible Agency" -- means the state government agency that administers the certification, verification, and continued verification of Lifeline enrollment.

C. "ETC" -- means the eligible telecommunications carrier.

D. "Federal Poverty Guidelines" -- means the poverty guidelines issued each year by the Department of Health and Human Services and published in the Federal Register.

E. "Income" -- means gross income, whether earned or unearned, received by all members of the household including, but not limited to, salary before deductions. Income shall not include student financial aid, military housing and cost-of-living allowances, or irregular income from occasional small jobs.

R746-341-3. Eligibility Requirements.

A. Program-Based Criteria -- The ETCs shall provide lifeline telephone service to any applicant who self-certifies, under the penalty of perjury, his household is eligible for public assistance under one of the following or its successor programs:

1. Temporary Assistance to Needy Families (TANF);
2. Work Toward Employment;
3. Food Stamps;
4. General Assistance;
5. Home Energy Assistance Target Programs/Help Program;
6. Medicaid;
7. Refugee Assistance;
8. Supplemental Security Income.
9. Federal Public Housing Assistance, including Section 8 Housing;
10. National School Lunch Free Lunch Program; or
11. Head Start Program (income qualifying standard only).

B. Income-Based Criteria -- The ETCs shall provide lifeline telephone service to any applicant who certifies via supporting documentation, under the penalty of perjury, his household income to be at or below 135 percent of the then applicable Federal Poverty Guidelines.

1. Income-based eligibility is based on family size and actual income, therefore, the Lifeline customers must certify, under the penalty of perjury, the number of individuals residing in their household.

2. A Lifeline customer must certify, under the penalty of perjury, that the documentation presented accurately represents the applicant's annual household income. The following documents, or any combination of these documents, are acceptable for Lifeline certification;

- a. Prior year's state, federal, or tribal tax return;
- b. Current year-to-date earnings statement from an employer or three consecutive months of paycheck stubs;
- c. Social Security statement of benefits;
- d. Veterans Administration statement of benefits;
- e. Retirement/pension statement of benefits;
- f. Unemployment/Worker's Compensation statement of benefits;
- g. Federal or tribal notice letter of participation in Bureau of Indian Affairs General Assistance; or

h. Divorce decree, or child support wage assignment statement.

C. Certification -- The application form for participation will be supplied by the ETC or the responsible agency and contain the following:

1. applicant's name, program participating telephone number, if available, identification of the ETC which the applicant anticipates will provide service, and social security number;

2. a request for lifeline service, and where applicable, a request for Link-up America Plan participation;

3. an affirmative statement that the applicant qualifies for lifeline service.

4. a statement, under the penalty of perjury, as to whether the person is participating in one of the programs listed in Subsection R746-341-3.A or other federal eligibility criteria; or a statement, under the penalty of perjury, as to whether the person's household income is at or below 135 percent of the Federal Poverty Guidelines.

a. If qualified by income-based criteria, a statement, under penalty of perjury, that identifies the number of individuals residing in the household and affirms that the documentation presented to support eligibility accurately represents the applicant's household income.

5. a statement that if the applicant is later shown to have submitted a false self-certification for the Lifeline program, the applicant will be responsible to pay the difference between the lifeline service rate and the otherwise applicable service rate;

6. a statement whether this is a new connection or a reconnection; and

7. the applicant's signature.

D. Documentation Retention -- The responsible agency will retain income and program eligibility certification for as long as agreed with the Commission.

E. Tribal Land Lifeline Discounts -- Customers who live on tribal lands and who qualify for the state Lifeline service rate based on the program qualifications, other federal eligibility criteria, and income qualifications set forth in R746-341-3, are eligible to receive a larger federal discount. Those federal discounts are not within the scope of, nor governed by, these rules.

R746-341-4. Continuing Eligibility.

A. Annual Verification -- The continuing eligibility of customers on the Lifeline service rate shall be verified annually.

B. Verification Responsibilities -- At least annually, the responsible agency shall provide the ETCs with information identifying customers who are eligible for Lifeline service or Link-up America Plan participation.

C. Verification Methods -- The responsible agency will verify the continued eligibility of Lifeline customers under the program-based and income-based eligibility criteria.

1. The responsible agency shall identify a method by which income eligibility will be verified on an annual basis including, but not limited to, annual self-certification, random beneficiary audits, a periodic submission of income documents, or the continued eligibility of a statistically valid sample of Lifeline customers.

2. Should the ETC have a reasonable basis to believe that a Lifeline telephone service customer no longer qualifies for Lifeline service in accordance with this rule, the ETC shall inform the responsible agency. If a Lifeline customer does not appear as a participant in a program on the state computer system or the responsible agency otherwise has a basis to believe that the customer no longer qualifies for Lifeline service, the responsible agency will send a notice to the Lifeline customer requesting;

a. proof of participation in any of the programs listed in R746-341-3.A or other federal eligibility criteria; or

b. documentation of eligibility under the income-based criteria set forth in R746-341-3.B.

c. The notice must allow the customer at least 40 days to demonstrate continued eligibility consistent with this rule.

D. Termination Notices and Dispute Resolution --

1. If the customer fails to respond to the notice given pursuant to R746-341-4.C.2. or otherwise establish continued eligibility, the responsible agency shall notify the customer of its intent to discontinue the customer's eligibility and the basis for that decision. The program eligibility termination notice shall be in writing and shall be delivered to the customer's mailing address.

a. The program eligibility termination notice must allow the customer at least 20 days to demonstrate continued eligibility consistent with this rule. The customer's participation in Lifeline may not be discontinued during the 20-day period.

b. The notice shall also alert the customer of the option to continue local telephone service after termination of Lifeline benefits at the non-discounted rate.

2. If the customer fails to provide proof of continued eligibility as required, or the responsible agency does not accept the customer's proof of continued eligibility, the responsible agency shall notify the customer in writing of its determination to discontinue the customer's participation in the program. The notice shall also include instructions for filing an appeal of the determination.

a. The customer may appeal this decision within ten days of the notification by filing a written notice of appeal with the Division of Public Utilities.

b. Lifeline benefits will continue pending an appeal of a non-eligibility decision.

3. The appeal shall be addressed consistent in time and manner with the dispute resolution procedures set forth in R746-240-7 and 8 that provide for review and resolution of disputes between telecommunications carriers and consumers with the responsible agency in place of a telecommunications carrier.

E. False Certification Penalties -- A Lifeline telephone service customer who does not qualify and has falsely self-certified and participated in the Lifeline program will be responsible to pay the difference between the Lifeline service rate and the otherwise applicable service rate for the length of time the customer subscribed to Lifeline telephone service for which the customer was not eligible.

R746-341-5. Lifeline Telephone Service Features.

A. Discounts -- Lifeline telephone service provided by ETCs shall consist of dial tone line, usage charges or their equivalent, and any Extended Area Service (EAS) charges, less a discount of \$3.50 and any other matching funds established by the Federal Communication Commission.

B. Deposits -- When customer security deposits are otherwise required, they will be waived for Lifeline telephone service customers if the customer voluntarily elects to receive toll blocking.

C. Link-Up America Plan Participation -- Companies providing Lifeline service shall apply for the Link-Up America Plan provided by the Federal Communications Commission.

D. Nonrecurring Charge Waiver -- Lifeline telephone service customers will receive a waiver of the nonrecurring service charge for changing the type of local exchange usage service to Lifeline service, or changing from flat rate service to message rate service, or vice versa, but only one such waiver shall be allowed during any 12-month period.

E. Disconnection -- Lifeline service shall not be disconnected for nonpayment of toll service.

F. Restrictions -- Lifeline telephone service will be subject to the following restrictions:

1. Lifeline telephone service will only be provided to the applicant's principal residence.

2. A Lifeline telephone service customer will only receive a Lifeline discount on one single residential access line.

G. Other Services -- A Lifeline telephone service customer will not be required to purchase other services from the ETC, nor prohibited from purchasing other services unless the customer has failed to comply with the ETC's terms and conditions for those services.

R746-341-6. Link-up America Plan Telephone Service.

A. Link-Up -- An ETC shall provide the initial installation for telephone service to any applicant who qualifies for Lifeline service in accordance with the eligibility criteria listed under R746-341-3.

1. Link-up telephone service provided by ETCs is a federal program that provides a 50 percent discount of the initial hook-up fee, up to \$30.00, for eligible customers. ETCs shall apply the Link-up America Plan discount to eligible customers identified by the responsible agency.

B. Enhanced Link-UP -- Customers who live on tribal lands and qualify for the state Lifeline service rate under R746-341-3, are eligible to receive a larger federal discount. Those federal discounts are not within the scope of, nor governed by, these rules.

R746-341-7. Reporting Requirements.

A. Reporting Requirements -- ETCs shall submit, to the Division of Public Utilities, a semi-annual report, by June 30 and December 31, of each year, containing a description of the ETC's Lifeline program. The reports shall also contain monthly information on:

1. the forgone revenue resulting from the discounts provided to Lifeline customers;
2. the amounts of administrative, advertising, voucher and other program expenses;
3. interest accrual amounts on Lifeline and Link up funds; and
4. the number of Lifeline telephone service customers by exchange area; and
5. a detailed report of outreach efforts.

R746-341-8. Funding of Lifeline.

A. Cost Recovery -- The total cost of providing Lifeline telephone service, including the administrative costs of the ETCs and the costs incurred by the responsible agency, shall be recovered and funded as provided in 54-8b-15.

R746-341-9. Collection and disbursement of Lifeline Funds.

A. ETC Payment -- Within 30 days after review and audit of an ETC's semi-annual report, the Public Service Commission shall disburse an amount equal to the ETC's semi-annual Lifeline program expenses and Lifeline discounts granted.

KEY: telephone, telecommunications, rules and procedures, lifeline rates

October 20, 2005

54-4-1

Notice of Continuation October 18, 2010

54-4-4

R746. Public Service Commission, Administration.**R746-360. Universal Public Telecommunications Service Support Fund.****R746-360-1. General Provisions.**

A. Authorization -- Section 54-8b-15 authorizes the Commission to establish an expendable trust fund, known as the Universal Public Telecommunications Service Support Fund, the "universal service fund," "USF" or the "fund," to promote equitable cost recovery and universal service by ensuring that customers have access to basic telecommunications service at just, reasonable and affordable rates, consistent with the Telecommunications Act of 1996.

B. Purpose -- The purposes of these rules are:

1. to govern the methods, practices and procedures by which:

a. the USF is created, maintained, and funded by end-user surcharges applied to retail rates;

b. funds are collected for and disbursed from the USF to qualifying telecommunications corporations so that they will provide basic telecommunications service at just, reasonable and affordable rates; and,

2. to govern the relationship between the fund and the trust fund established under 54-8b-12, and establish the mechanism for the phase-out and expiration of the latter fund.

C. Application of the Rules -- The rules apply to all retail providers that provide intrastate public telecommunications services.

R746-360-2. Definitions.

A. Affordable Base Rate (ABR) -- means the monthly per line retail rates, charges or fees for basic telecommunications service which the Commission determines to be just, reasonable, and affordable for a designated support area. The Affordable Base Rate shall be established by the Commission. The Affordable Base Rate does not include the applicable USF retail surcharge, municipal franchise fees, taxes, and other incidental surcharges.

B. Average Revenue Per Line -- means the average revenue for each access line computed by dividing the sum of all revenue derived from a telecommunications corporation's provision of public telecommunications services, including, but not limited to, revenues received from the provision of services in both the interstate and intrastate jurisdictions, whether designated "retail," "wholesale," or some other categorization, all revenues derived from providing network elements, services, functionalities, etc. required under the Federal Telecommunications Act of 1996, Pub. L. 104-104, 110 Stat. 56 or the Utah Telecommunications Reform Act, Laws of Utah 1995, Chapter 269, all support funds received from the Federal Universal Service Support Fund, and each and every other revenue source or support or funding mechanism used to assist in recovering the costs of providing public telecommunications services in a designated support area by that telecommunications corporation's number of access lines in the designated support area.

C. Basic Telecommunications Service -- means a local exchange service consisting of access to the public switched network; touch-tone, or its functional equivalent; local flat-rated, unlimited usage, exclusive of extended area service; single-party service with telephone number listed free in directories that are received free; access to operator services; access to directory assistance, lifeline and telephone relay assistance; access to 911 and E911 emergency services; access to long-distance carriers; access to toll limitation services; and other services as may be determined by the Commission.

D. Designated Support Area -- means the geographic area used to determine USF support distributions. A designated support area, or "support area," need not be the same as a USF proxy model's geographic unit. The Commission will determine

the appropriate designated support areas for determining USF support requirements. Unless otherwise specified by the Commission, the designated support area for a rate-of-return regulated Incumbent telephone corporation shall be its entire certificated service territory located in the State of Utah.

E. Facilities-Based Provider -- means a telecommunications corporation that uses its own facilities, a combination of its own facilities and essential facilities or unbundled network elements obtained from another telecommunications corporation, or a telecommunications corporation which solely uses essential facilities or unbundled network elements obtained from another telecommunications corporation to provide public telecommunications services.

F. Geographic Unit -- means the geographic area used by a USF proxy cost model for calculating costs of public telecommunications services. The Commission will determine the appropriate geographic area to be used in determining public telecommunications service costs.

G. Net Fund Distributions -- means the difference between the gross fund distribution to which a qualifying telecommunications corporation is entitled and the gross fund surcharge revenues collected by that company, when the former amount is greater than the latter amount.

H. Net Fund Contributions -- means the difference between the gross fund distribution to which a qualifying telecommunications corporation is entitled and the gross fund surcharge revenues generated by that company, when the latter amount is greater than the former amount.

I. Trust Fund -- means the Trust Fund established by 54-8b-12.

J. USF Proxy Model Costs -- means the total, jurisdictionally unseparated, cost estimate for public telecommunications services, in a geographic unit, based on the forward-looking, economic cost proxy model(s) chosen by the Commission. The level of geographic cost disaggregation to be used for purposes of assessing the need for and the level of USF support within a geographic unit will be determined by the Commission. These models shall be provided by the Commission by January 2, 2001.

K. Universal Service Fund (USF or fund) -- means the Universal Public Telecommunications Service Support Fund established by 54-8b-15 and set forth by this rule.

R746-360-3. Duties of Administrator.

A. Selection of Administrator -- The Division of Public Utilities will be the fund administrator. If the Division is unable to fulfill that responsibility, the administrator, who must be a neutral third party, unaffiliated with any fund participant, shall be selected by the Commission.

B. Cost of Administration -- The cost of administration shall be borne by the fund; unless administered by a state agency.

C. Access to Books -- Upon reasonable notice, the administrator shall have access to the books of account of all telecommunications corporations and retail providers, which shall be used to verify the intrastate retail revenue assessed in an end-user surcharge, to confirm the level of eligibility for USF support and to ensure compliance with this rule.

D. Maintenance of Records -- The administrator shall maintain the records necessary for the operation of the USF and this rule.

E. Report Forms -- The administrator shall develop report forms to be used by telecommunications corporations and retail providers to effectuate the provisions of this rule and the USF. An officer of the telecommunications corporation or retail provider shall attest to and sign the reports to the administrator.

F. Administrator Reports -- The administrator shall file reports with the Commission containing information on the average revenue per line calculations, projections of future USF

needs, analyses of the end-user surcharges and Affordable Base Rates, and recommendations for calculating them for the following 12-month period. The report shall include recommendations for changes in determining basic telecommunications service, designated support areas, geographic units, USF proxy cost models and ways to improve fund collections and distributions.

G. Periodic Review -- The administrator, under the direction of the Commission, shall perform a periodic review of fund recipients to verify eligibility for future support and to verify compliance with all applicable state and federal laws and regulations.

H. Proprietary Information -- Information received by the administrator which has been determined by the Commission to be proprietary shall be treated in conformance with Commission practices.

I. Information Requested -- Information requested by the administrator which is required to assure a complete review shall be provided within 45 days of the request. Failure to provide information within the allotted time period may be a basis for withdrawal of future support from the USF or other lawful penalties to be applied.

R746-360-4. Application of Fund Surcharges to Customer Billings.

A. Commencement of Surcharge Assessments -- Commencing June 1, 1998, end-user surcharges shall be the source of revenues to support the fund. Surcharges will be applied to intrastate retail rates, and shall not apply to wholesale services.

B. Surcharge Based on a Uniform Percentage of Retail Rates -- The retail surcharge shall be a uniform percentage rate, determined and reviewed annually by the Commission and billed and collected by all retail providers.

C. Surcharge -- The surcharge to be assessed shall equal 0.25 percent of billed intrastate retail rates.

R746-360-5. Fund Remittances and Disbursements.

A. Remitting Surcharge Revenues --

1. Telecommunications corporations, not eligible for USF support funds, providing telecommunications services subject to USF surcharges shall collect and remit surcharge revenues to the Commission as follows:

a. if the average monthly USF surcharge collections over the prior six months was ten dollars or greater, within 45 days after the end of each month,

b. if the average monthly USF surcharge collections over the prior six months was less than ten dollars, the telecommunications corporation may accrue the USF surcharge collections and submit the accrued collections on a semiannual basis.

2. Telecommunications corporations eligible for USF support funds shall make remittances as follows:

a. Prior to the end of each month, the fund administrator shall inform each qualifying telecommunications corporation of the estimated amount of support that it will be eligible to receive from the USF for that month.

b. Net fund contributions shall be remitted to the Commission within 45 calendar days after the end of each month. If the net amount owed is not received by that date, remedies, including withholding future support from the USF, may apply.

3. The Commission will forward remitted revenues to the Utah State Treasurer's Office for deposit in a USF account.

B. Distribution of Funds -- Net Fund distributions to qualifying telecommunications corporations for a given month shall be made 60 days after the end of that month, unless withheld for failure to maintain qualification or failure to comply with Commission orders or rules.

R746-360-6. Eligibility for Fund Distributions.

A. Qualification --

1. To qualify to receive USF support funds, a telecommunications corporation shall be designated an "eligible telecommunications carrier," pursuant to 47 U.S.C. Section 214(e), and shall be in compliance with Commission orders and rules. Each telecommunications corporation receiving support shall use that support only to provide basic telecommunications service and any other services or purposes approved by the Commission.

2. Additional qualification criteria for Incumbent telephone corporations - In addition to the qualification criteria of R746-360-6A.1.,

a. Non-rate-of-return Incumbent telephone corporations, except Incumbent telephone corporations subject to pricing flexibility pursuant to 54-8b-2.3 shall make Commission approved, aggregate rate reductions for public telecommunications services, provided in the State of Utah, equal to each incremental increase in USF distribution amounts received after December 1, 1999.

b. Rate-of-return Incumbent telephone corporations shall complete a Commission review of their revenue requirement and public telecommunications services' rate structure prior to any change in their USF distribution which differs from a prior USF distribution, beginning with the USF distribution for December, 1999.

B. Rate Ceiling -- To be eligible, a telecommunications corporation may not charge retail rates in excess of the Commission determined Affordable Base Rates for basic telecommunications service or vary from the terms and conditions determined by the Commission for other telecommunications services for which it receives Universal Service Fund support.

C. Lifeline Requirement -- A telecommunications corporation may qualify to receive distributions from the fund only if it offers Lifeline service on terms and conditions prescribed by the Commission.

D. Exclusion of Resale Providers -- Only facilities-based providers, will be eligible to receive support from the fund. Where service is provided through one telecommunications corporation's resale of another telecommunications corporation's service, support may be received by the latter only.

R746-360-7. Calculation of Fund Distributions in Non-rate-of-Return Regulated Incumbent Telephone Corporation Territories.

A. Use of Proxy Cost Models -- The USF proxy cost model(s) selected by the Commission and average revenue per line will be used to determine fund distributions within designated support areas.

B. Use of USF Funds -- Telecommunications corporations shall use USF funds to support each primary residential line in active service which it furnishes in each designated area.

C. Determination of Support Amounts --

1. Incumbent telephone corporation - Monies from the fund will equal the numerical difference between USF proxy model cost estimates of costs to provide residential Basic Telecommunications Service in the designated support area and the product of the Incumbent telephone corporation's Average Revenue per line, for the designated support area, times the number of Incumbent telephone corporation's active residential access lines in the designated support area.

2. Telecommunications corporations other than Incumbent telephone corporations - Monies from the fund will equal the Incumbent telephone corporation's average residential access line support amount for the respective designated support area, determined by dividing the Incumbent telephone corporation's USF monies for the designated support area by the Incumbent telephone corporation's active residential access lines in the

designated support area, times the eligible telecommunications corporation's number of active residential access lines.

D. Lifeline Support -- Eligible telecommunications corporations shall receive additional USF funds to recover any discount granted to lifeline customers, participating in a Commission approved Lifeline program, that is not recovered from federal lifeline support mechanisms.

E. Exemptions -- Telecommunications corporations may petition to receive an exemption for any provision of this rule or to receive additional USF support, for use in designated support areas, to support additional services which the Commission determines to be consistent with universal service purposes and permitted by law.

R746-360-8. Calculation of Fund Distributions in Rate-of-Return Incumbent Telephone Corporation Territories.

(A) Determination of Support Amounts --

(1) Incumbent telephone corporation - Monies from the fund will equal the numerical difference between the Incumbent telephone corporation's total embedded costs of providing public telecommunications services, for a designated support area, less the product of the Incumbent telephone corporation's Average Revenue Per Line, for the designated support area, times the Incumbent telephone corporation's active access lines in the designated support area. "Total embedded costs" shall include a weighted average rate of return on capital of the intrastate and interstate jurisdictions. For example, in the case of an Incumbent telephone corporation whose costs are allocated fifty percent to each jurisdiction and whose interstate return is 11.25 percent and whose intrastate return authorized by the Commission is 9 percent, the weighted average return on capital would be 10.125 percent.

(a) In order to determine the interstate return on capital to calculate the weighted average rate of return on capital for Incumbent telephone corporations, the Commission shall:

(i) use the prior year return reported by the National Exchange Carriers Association (NECA) to the Federal Communications Commission (FCC) on FCC Form 492 for Incumbent telephone corporations that do separations between intrastate and interstate jurisdictions under 47 CFR Part 36. In the event that the Incumbent local telephone corporation uses a future test period as provided in Utah Code Ann. Subsection 54-4-4(3)(b)(i), the interstate return for these Incumbent telephone corporations shall be the average of the actual return for the prior three years as reported on FCC Form 492.

(ii) use NECA's most recent interstate allocation computation filed at the FCC under 47 CFR Part 69.606 and the actual interstate return on capital reported by NECA as described in R746-360-8 A.1.a.i. for average schedule Incumbent telephone corporations.

(iii) use the actual interstate return of an Incumbent telephone corporation's relevant tariff group reported to the FCC in its most recent September FCC Form 492A for Incumbent telephone corporations that are regulated on a price-cap basis in the interstate jurisdiction.

(2) Telecommunications corporations other than Incumbent telephone corporations - Monies from the fund will equal the respective Incumbent telephone corporation's average access line support amount for the designated support area, determined by dividing the Incumbent telephone corporation's USF monies for the designated support area by the Incumbent telephone corporation's active access lines in the designated support area, times the eligible telecommunications corporation's number of active access lines in the designated support area.

(B) Lifeline Support -- Eligible telecommunications corporations shall receive additional USF funds to recover any discount granted to lifeline customers, participating in a Commission-approved Lifeline program, that is not recovered from federal lifeline support mechanisms.

(C) Exemptions -- Telecommunications corporations may petition to receive an exemption for any provision of this rule or to receive additional USF support, for use in designated support areas, to support additional services which the Commission determines to be consistent with universal service purposes and permitted by law.

R746-360-9. One-Time Distributions From the Fund.

A. Applications for One-Time Distributions -- Telecommunications corporations, whether they are or are not receiving USF funds under R746-360-7 or R746-360-8, potential customers not presently receiving service because facilities are not available, or customers receiving inadequate service may apply to the Commission for one-time distributions from the fund for extension of service to a customer, or customers, not presently served or for amelioration of inadequate service.

1. These distributions are to be made only in extraordinary circumstances, when traditional methods of funding and service provision are infeasible.

2. One-time distributions will not be made for:

- a. New subdivision developments;
- b. Property improvements, such as cable placement, when associated with curb and gutter installations; or
- c. Seasonal developments that are exclusively vacation homes.

i. Vacation home is defined as: A secondary residence which is primarily used for recreation and is unoccupied for a period of four consecutive weeks per year.

3. An application for a one-time distribution may be filed with the Commission by an individual or group of consumers desiring telephone service or improved service, a telecommunications corporation on behalf of those consumers, the Division of Public Utilities, or any entity permitted by law to request agency action. An application shall identify the service(s) sought, the area to be served and the individuals or entities that will be served if the one-time distribution is approved.

4. Following the application's filing, affected telecommunications corporations shall provide engineering, facilities, costs, and any other pertinent information that will assist in the Commission's consideration of the application.

5. In considering the one-time distribution application, the Commission will examine relevant facts including the type and grade of service to be provided, the cost of providing the service, the demonstrated need for the service, whether the customer is within the service territory of a telecommunications corporation, whether the proposed service is for a primary residence, the provisions for service or line extension currently available, and other relevant factors to determine whether the one-time distribution is in the public interest.

B. Presumed Reasonable Amounts and Terms -- Unless otherwise ordered by the Commission, the maximum one-time distribution will be no more than \$10,000 per customer for customers of rate-of-return regulated companies. For customers of non-rate of return companies, the maximum one-time distribution shall be calculated so that the required customer payments would equal the payments required from a customer of a rate-of-return regulated company. The Commission will presume a company's service or line extension terms and conditions reasonable, for a subscriber in connection with one-time universal service fund distribution requests, if the costs of service extension, for each extension, are recovered as follows:

1. For rate-of-return regulated Local Exchange Carriers who request USF One-Time Distribution support for facility placement: The first \$2,500 of cost coverage per account is provided by the company; and for cost amounts exceeding \$2,500 per account up to two times the statewide average loop investment per account for rate-of-return regulated telecommunication companies, as determined annually by the

Division of Public Utilities, the company will pay 50 percent of the costs of the project.

2. For non-rate-of-return Local Exchange Carriers who request USF One-Time Distribution support for facility placement the first \$2,500 of cost coverage per account is provided by the company; and all other costs are shared between the customer and the fund as provided herein.

3. For projects that exceed \$2,500 per account, but are equal to or less than \$10,000 per account, the customer shall pay 25 percent of the costs that exceed \$2,500. For projects that exceed \$10,000 per account, but are equal to or less than \$20,000 per account, the customer shall pay 50 percent of the costs that are greater than \$10,000 plus the previously calculated amount. For projects exceeding \$20,000 per account the customer shall pay 75 percent of the cost above \$20,000 until the State Universal Service Support Fund has paid the maximum amount as provided herein, any project costs above that level will be paid for 100 percent by the customer.

4. The State Universal Service Support Fund shall pay the difference between the sum of the defined company contributions plus customer contribution amounts and the total project cost up to the maximum amount provided herein.

5. Other terms and conditions for service extension shall be reviewed by the Commission in its consideration of an application and may be altered by the Commission in order to approve the use of universal service funds through the requested one-time distribution.

C. Combination of One-Time Distribution Funds with Additional Customer Funds and Future Customer Payment Recovery --

1. At least 51 percent of the potential customers must be full-time residents in the geographic area being petitioned for and must be willing to pay the initial up-front contribution to the project as calculated by the Commission or its agent.

2. Qualified customers in the area shall be notified by the telecommunications corporation of the nature and extent of the proposed service extension including the necessary customer contribution amounts to participate in the project. Customer contribution payments shall be made prior to the start of construction. In addition to qualified customers, the Local Exchange Company needs to make a good faith effort to contact all known property owners within the geographic boundaries of the proposed project and invite them to participate on the same terms as the qualified customers. Local Exchange Companies may ask potential customers to help in the process of contacting other potential customers.

3. New developments and empty lots will not be considered in the cost analysis for USF construction projects unless the property owner is willing to pay the per account costs for each lot as specified in this rule.

4. Potential customers who are notified and initially decline participation in the line extension project, but subsequently decide to participate, prior to completion of the project, may participate in the project if they make a customer contribution payment, prior to completion of the project, of 105 percent of the original customer contribution amount.

5. For a period of five years following completion of a project, new customers who seek telecommunications service in the project area, shall pay a customer contribution payment equal to 110 percent of the amount paid by the original customers in the project.

6. The telecommunications corporation shall ensure that all customer contribution payments required by R746-360-9(C)(3), (4), and (5) are collected. Funds received through these payments shall be sent to the universal service fund administrator. The company is responsible for tracking and notification to the Commission when the USF has been fully compensated. All monies will be collected and reported by the end of each calendar year, December 31st.

7. For each customer added during the five-year period following project completion, the telecommunications corporation and new customers shall bear the costs to extend service pursuant to the company's service or line extension terms and conditions, up to the telecommunications corporation's original contribution per customer for the project and the customer contributions required by this rule. The company may petition the Commission for a determination of the recovery from the universal service fund and the new customer for costs which exceed this amount.

D. Impact of Distribution on Rate of Return Companies -- A one-time distribution from the fund shall be recorded on the books of a rate base, rate of return regulated LEC as an aid to construction and treated as an offset to rate base.

E. Notice and Hearing -- Following notice that a one-time distribution application has been filed, any interested person may request a hearing or seek to intervene to protect his interests.

F. Bidding for Unserved Areas -- If only one telecommunications corporation is involved in the one-time distribution request, the distribution will be provided based on the reasonable and prudent actual or estimated costs of that company. If additional telecommunications corporations are involved, the distribution will be determined on the basis of a competitive bid. The estimated amount of the one-time distribution will be considered in evaluating each bid. Fund distributions in that area will be based on the winning bid.

R746-360-10. Altering the USF Charges and the End-User Surcharge Rates.

The uniform surcharge shall be adjusted periodically to minimize the difference between amounts received by the fund and amounts disbursed.

R746-360-11. Support for Schools, Libraries, and Health Care Facilities. Calculation of Fund Distributions.

The Universal Service Fund rules for schools, libraries and health care providers, as prescribed by the Federal Communications Commission in Docket 96-45, 97-157 Sections X and XI, paragraphs 424 - 749, of Order issued May 8, 1996, and CFR Sections 54.500 through 54.623 inclusive, incorporated by this reference, is the prescribed USF method that shall be employed in Utah. Funding shall be limited to funds made available through the federal universal service fund program.

R746. Public Service Commission, Administration.**R746-407. Annualization of Test-year Data.****R746-407-1. Applicability.**

A. This rule shall apply to each gas corporation, electrical corporation, wholesale electrical cooperative, telephone corporation, telegraph corporation, water corporation, sewerage corporation, heat corporation, and independent energy producer (except independent energy producers exempt from the jurisdiction of the Commission) operating as a public utility in the state of Utah under the jurisdiction of the Commission. This rule will enable the Commission to more accurately coordinate a utility's rates with the utility's anticipated revenues and costs by recognizing that some of the conditions which arise during a test period are ongoing and must be spread over the entire period.

R746-407-2. Definitions.

For purposes of this rule:

A. "Annualize" or "annualization" shall refer to adjustments made to test-year data to reflect the partial-period effects of events that occurred or were ongoing during only a portion of the test year and are either recurring or have terminated.

B. "Price-level change" shall mean a change in the utility's costs or revenues that occurs or would occur with no change in the level of the utility's operations.

C. "Volume-level change" shall mean a change in the utility's costs or revenues due to changes in the level of the utility's operations.

D. "Interdependent investment/revenue/cost relationships" shall mean relationships among investments, revenues, and costs such that a change in one produces a change in one or both of the others.

R746-407-3. Criteria.

An item of test-year data may be annualized in the determination of a utility's rates if it meets the following criteria:

A. Annualization of price-level changes will normally be allowed.

B. Annualization of volume-level changes with minimal interdependent investment/revenue/cost relationships will normally be allowed.

C. Annualization of volume-level changes with significant interdependent investment/revenue/cost relationships will be considered on a case-by-case basis, and annualization of such changes will not constitute precedent.

D. The change must be known to occur at a specific moment or moments in time.

E. The effects of the change must be measurable.

F. The change must occur on or before the effective date of a final Commission order setting rates.

G. The change must be expected to be ongoing after final rates become effective.

R850. School and Institutional Trust Lands, Administration.**R850-6. Government Records Access and Management.****R850-6-100. Purposes and Authority.**

1. This rule provides procedures for appropriate access to agency records.

2. This rule is authorized by Sections 6, 8, 10, and 12 of the Utah Enabling Act; Articles X and XX of the Utah Constitution; and Sections 63A-12-104, 63G-2-204, 63G-2-603, 53C-1-201(3)(a)(i)(A), and 53C-2-102.

R850-6-200. Definitions.

1. Terms used in this rule are defined in Section 63G-2-103.

2. In addition:

(a) Records coordinators: individuals designated by the agency director to coordinate records access requests and to assist the public in gaining access to records maintained by the agency. Records coordinators are located in the following:

- i) Salt Lake Office Public Room, 675 East 500 South, Suite 500, Salt Lake City, UT 84102-2818.
- ii) Northern Area Office, 675 East 500 South, Suite 500, Salt Lake City, UT 84102-2818.
- iii) Central Area Office, 130 N Main St, Richfield, UT 84701.
- iv) Southwestern Area Office, 359 East Riverside Drive, St. George, UT 84790.
- v) Southeastern Area Office, 1165 South Highway 191, Suite 5, Moab, UT 84532.

R850-6-300. Allocation of Responsibility Within the Agency.

The agency is considered a governmental entity and the director of the agency is considered the head of the government entity.

R850-6-400. Requests for Access.

1. Request for access to records shall be on a form provided by the agency or in another legible written document which contains the following information: the requester's name, mailing address, daytime telephone, a description of the records requested that identifies the record with reasonable specificity, and if the record is not public, information regarding requester's status.

2. The request shall be submitted to the records officer or coordinator. The response to the request may be delayed if not properly directed.

3. The agency shall deny a request for private, controlled, protected or limited access records if the request is not made in writing and does not contain information required in this section.

4. Notwithstanding the provision of subsection 63G-2-204(1), the agency may, at its discretion, waive the requirement for a written request if the records requested are public, the records are readily accessible and the request is filled promptly by providing access or copying at the time the request is made.

R850-6-500. Other Requests.

1. For research purposes:

Access requests for private or controlled records for research purposes pursuant to Section 63G-2-202(8), shall be made in writing and directed only to the records officer.

2. To amend a record:

An individual may contest the accuracy or completeness of a document pertaining to him as maintained by the agency pursuant to Section 63G-2-603.

(a) The request to amend shall be made in writing to the records officer.

(b) Appeals of requests to amend a record shall be handled as informal hearings under the Utah Administrative Procedures Act.

3. To claim business confidentiality:

A request for protected records status based on a claim of business confidentiality may be made pursuant to Section 63G-2-309. Such a request shall be submitted in writing to the director or his designee. The request shall contain the claim of business confidentiality and a concise statement of reasons supporting the claim of business confidentiality.

4. To claim limited records status:

A lessee may claim that mineral information provided to the agency should be protected under Section 53C-2-102.

(a) Such a request shall be submitted in writing to the director or his designee. The request shall contain a claim that the information provided the agency is of a proprietary nature and a concise statement of reasons supporting the claim.

(b) If the agency agrees the information is of a proprietary nature, the request shall be granted and the information shall receive limited records status until:

- i) the lease is terminated and the agency believes the release of the information is not detrimental to the trust; or
- ii) the lessee or its successor in interest ceases to exist as an entity and the agency believes the release of the information is not detrimental to the trust.

(c) A record granted limited records status under this section shall not be released to another party without written permission from the lessee providing the information during the period the limited records status is in effect.

(d) The agency may make information provided limited records status under this section available for inspection, but not for copying, by the Utah Geological Survey or the Division of Oil, Gas and Mining if consultation is requested by the agency, provided further that the confidentiality of such information is safeguarded.

R850-6-600. Denials.

1. If any access or status request is denied in whole or in part, a notice of denial shall be given to the requester in person or sent to the requester's address.

2. The notice of denial shall contain the information required in subsection 63G-2-205(2).

R850-6-700. Appeal of Determination.

1. Any person aggrieved by an access or status request determination including a person not a party to the agency proceeding may, within 30 days after the determination, appeal the determination to the director by submitting a notice of appeal either on a form provided by the agency or another legible written document which contains the following information: the petitioner's name, mailing address and daytime telephone number (if available); and the relief sought.

2. Upon receiving the notice of appeal and review of relevant information including that submitted with the appeal and criteria prescribed in Sections 63G-2-204, 63G-2-603 and, 53C-2-102, the director may:

(a) uphold the original classification or status request determination; or,

(b) reclassify the record if he believes the original classification was incorrect; or,

(c) release the record regardless of its classification if the director believes that the interest of the public in obtaining access to the record outweighs the interest of the agency in prohibiting access to the record.

R850-6-800. Fees.

1. A fee schedule for the direct and indirect costs of duplicating or compiling a record may be obtained from the records officer or any records coordinator located at the addresses provided in R850-6-200, Definitions.

**KEY: GRAMA, government documents, public records
1994 53C-1-201(3)(a)(i)(A)**

Notice of Continuation June 27, 2007

53C-2-102

R850. School and Institutional Trust Lands, Administration.**R850-8. Adjudicative Proceedings.****R850-8-100. Authorities.**

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X and XX of the Utah Constitution, and Subsections 53C-1-204(3), 53C-1-204(10)(c), and Section 53C-1-304.

R850-8-200. Scope.

This rule governs adjudicative proceedings conducted by the School and Institutional Trust Lands Administration Board of Trustees or any hearing examiner designated by the board, and judicial review of all such proceedings.

R850-8-300. Definitions.

1. Adjudicative proceeding - means a review by the board of a final Trust Lands Administration action that determines the legal rights, duties, privileges, immunities, or other legal interests of one or more identifiable persons.

2. Board - means School and Institutional Trust Lands Administration Board of Trustees. References to the board shall also apply to any hearing examiner appointed unless the context of rules requires otherwise.

3. Final agency action - means a written determination by the Trust Lands Administration of the legal rights, duties, privileges, immunities, or other legal interests of one or more identifiable persons. The determination shall be in any form deemed appropriate by the Trust Lands Administration, including but not limited to, a notation on the director's minutes, a narrative record of decision, or a decision letter.

4. Party - means the Trust Lands Administration or other person commencing an adjudicative proceeding, all respondents, all persons permitted by the board to intervene in the proceeding, and all persons authorized by statute or Trust Lands Administration rule to participate as parties in an adjudicative proceeding.

5. Person - means an individual, group of individuals, partnership, corporation, association, political subdivision or its units, governmental subdivision or its units, public or private organization or entity of any character, or another agency.

6. Petitioner - means a person who requests the initiation of any proceeding.

7. Respondent - means a person against whom an adjudicative proceeding is initiated, or whose property interest is directly affected by a proceeding initiated by the board or by another person.

R850-8-400. Liberal Construction.

This rule will be liberally construed to secure just, speedy, and economical determination of issues presented to the board.

R850-8-500. Deviation from Rules.

The board, in its sole discretion, may permit a deviation from this rule for good cause, including but not limited to situations where compliance is impractical or unnecessary, or in the furtherance of due process or the statutory obligations of the board.

R850-8-600. Appearances and Representations.**1. Natural Persons.**

A natural person may appear on his or her own behalf and represent himself or herself at hearings before the board.

2. Attorneys.

Except as provided in R850-8-600(1), representation at hearings before the board will be by attorneys licensed to practice law in the state of Utah, or in the discretion of the board, attorneys licensed to practice law in another jurisdiction.

R850-8-700. Conferences Encouraged.

This rule does not preclude the Trust Lands Administration or the board at any time from holding conferences with parties and interested persons to encourage settlement, clarify the issues, simplify the evidence, facilitate discovery in formal adjudicative proceedings, or otherwise expedite the proceedings.

R850-8-800. Filing of Pleadings.

An original and ten copies of all documents, including any exhibits, required or permitted to be filed, shall be filed at the office of the director. The director shall not accept less than the required number of copies. Each party filing documents with the director shall send one copy by first class mail to each other party to the proceeding.

R850-8-900. Final Agency Action.

1. The final agency action shall be in writing and shall include the date that it was mailed and shall be signed by the director or his designee.

2. The Trust Lands Administration shall mail the final agency action to any other person who has a right to notice under statute or rule.

R850-8-1000. Appeal of Final Agency Action.

1. The Trust Lands Administration may by rule specifically designate certain categories of Trust Lands Administration actions that are not subject to appeal.

2. Except where no appeal is available pursuant to rule, an appeal may be initiated by any person directly affected by the Trust Lands Administration action. A written petition must be filed within 14 days of the mailing date of the final agency action requesting an adjudicative proceeding. In the event an appeal is not filed in the 14 day time period, the final Trust Lands Administration action shall become unappealable. The petition for an adjudicative proceeding shall be filed according to the following requirements:

(a) the petition shall be filed at the office of the director pursuant to R850-8-800.

(b) the petition shall state:

- i) all facts upon which the petition is based;
- ii) any statute, rule, contract provision, or board policy which the final agency action is alleged to violate;
- iii) the nature of the violation of the final agency action with the statute, rule, contractual provision or board policy, and the injury that is specific to the petitioner arising from the final agency action. If the injury identified by the petition is not peculiar to the petitioner as a result of the action, the board will decline to hear the appeal; and
- iv) the relief requested.

3. Upon receipt of a petition, the director shall initially stay any further actions with respect to the matter for which the adjudicative proceeding is being sought by the petitioner. The board, in its discretion, may lift such suspension or condition the continuation of the stay upon filing of a surety, in an amount specified by the board, sufficient to protect the interests of the beneficiaries.

4. Upon receipt the director shall promptly mail the petition to the board.

5. When the date of mailing is at least ten days prior to a regularly scheduled board meeting, the board may consider the petition at that meeting. In the event that the date of mailing is within ten days of a regularly scheduled board meeting, the petition will be considered at the next succeeding board meeting.

6. In its initial consideration of any petition, the board may schedule the petition for hearing at a future date, make determinations concerning whether the adjudicative proceeding will be formal or informal, address procedural matters such as stays, discovery, etc., or hear the matter on the merits.

7. The board may decline to conduct adjudicative proceedings in response to a petition, in which case the petitioner

shall be entitled to judicial review pursuant to Section 63G-4-402.

R850-8-1100. Designation of Adjudicative Proceedings as Formal or Informal.

1. The board, in its discretion, shall determine whether to conduct an adjudicative proceeding formally or informally.

2. Any time before a final order is issued in any adjudicative proceeding, the board may convert a formal adjudicative proceeding to an informal adjudicative proceeding, or an informal adjudicative proceeding to a formal adjudicative proceeding if conversion of the proceeding does not unfairly prejudice the rights of any party.

R850-8-1200. Procedures for Informal Adjudicative Proceedings.

1. The Trust Lands Administration may, but is not required, to file an answer or other pleading responsive to the allegations contained in the petition.

2. The parties to the proceeding shall be permitted to testify, present evidence, and comment on the issues.

3. Hearings will be held only after timely notice to all parties.

4. Discovery is prohibited, but, the board may issue subpoenas or other orders to compel production of necessary evidence.

5. All parties shall have access to information contained in the Trust Lands Administration's files and to all materials and information gathered in any investigation, to the extent permitted by law.

6. Intervention shall be in accordance with R850-8-1400.

7. All hearings shall be open to all parties.

8. Within a reasonable time after the close of an informal adjudicative proceeding, the board shall issue a signed order in writing that states the following:

(a) the decision, and when appropriate, the reasons for the decision;

(b) a notice of any right of judicial review available to the parties;

(c) the time limits for filing an appeal.

9. A copy of the board's order shall be promptly mailed to each of the parties.

10. Recordation of Hearing.

(a) The board may record or have a transcript prepared of any hearing.

(b) Any party, at its own expense may record or have a reporter approved by the board prepare a transcript of the hearing, subject to any restrictions that the board is permitted by statute to impose to protect confidential information disclosed at the hearing.

R850-8-1300. Procedures for Formal Adjudicative Proceedings.

1. An original and ten copies of all papers permitted or required to be filed shall be filed with the Trust Lands Administration and one copy shall be sent by mail to each party.

2. In addition to the final agency action, and the petition for the appeal of the final agency action, additional motions may be submitted for the board's decision on either written or oral argument and the filing of affidavits in support or contravention may be permitted. Any written motion may be accompanied by a supporting memorandum of fact and law.

3. The board may permit or require pleadings in addition to the final agency action and the appeal of the final agency action.

4. Upon motion of a party, and for good cause shown, the board may authorize discovery against another party, including the Trust Lands Administration, in the manner provided by the Utah Rules of Civil Procedure.

5. Subpoenas and other orders to secure the attendance of

witnesses or the production of evidence shall be issued by the board when requested by any party, or may be issued upon its own motion.

6. Hearing procedure.

(a) The board shall regulate the course of the hearing to obtain full disclosure of relevant facts and to afford all the parties reasonable opportunity to present their positions.

(b) On its own motion or upon objection by a party, the board:

i) may exclude evidence that is irrelevant, immaterial, or unduly repetitious;

ii) shall exclude evidence privileged in the courts of Utah;

iii) may receive documentary evidence in the form of a copy or excerpt if the copy or excerpt contains all pertinent portions of the original document;

iv) may take official notice of any facts that could be judicially noticed under the Utah Rules of Evidence, of the record of other proceedings before the board, and of technical or scientific facts within the board's specialized knowledge.

(c) The board may not exclude evidence solely because it is hearsay.

(d) The board shall afford to all parties the opportunity to present evidence, argue, respond, conduct cross-examination, and submit rebuttal evidence.

(e) The board may give persons not a party to the adjudicative proceeding the opportunity to present oral or written statements at the hearing.

(f) All testimony presented at the hearing, if offered as evidence to be considered in reaching a decision on the merits, shall be given under oath.

(g) The hearing shall be recorded at the board's expense.

(h) Any party, at his own expense, may have a person approved by the board prepare a transcript of the hearing, subject to any restrictions that the board is permitted by statute to impose to protect confidential information disclosed at the hearing.

(i) All hearings shall be open to all parties.

(j) This section does not preclude the presiding officer from taking appropriate measures necessary to preserve the integrity of the hearing.

7. Intervention shall be in accordance with R850-8-1400.

8. Orders.

(a) Within a reasonable time after the hearing, or after the filing of any post-hearing papers permitted by the board, the board shall sign and issue an order that includes:

i) a statement of the board's findings of fact based exclusively on the evidence of record in the adjudicative proceedings, or on facts officially noted;

ii) a statement of the board's conclusions of law;

iii) a statement of the reasons for the board's decision;

iv) a statement of any relief ordered by the board;

v) a notice of any right to judicial review of the order available to aggrieved parties;

vi) the time limits applicable to any review (or reconsideration).

(b) The board may use its experience, technical competence, and specialized knowledge to evaluate the evidence.

(c) No finding of fact that was contested may be based solely on hearsay evidence unless that evidence is admissible under Utah Rules of Evidence.

(d) This section does not preclude the board from issuing interim orders to:

i) notify the parties of further hearings;

ii) notify the parties of provisional rulings on a portion of the issues presented; or

iii) otherwise provide for the fair and efficient conduct of the adjudicative proceeding.

R850-8-1400. Informal or Formal Adjudicative Proceedings

- Intervention.

1. Any person not a party may file a signed, written petition to intervene in an adjudicative proceeding with the Trust Lands Administration.

2. The person who wishes to intervene shall mail a copy of the petition to each party. The petition shall include:

(a) a statement of facts demonstrating that the petitioner's legal rights or interests are substantially affected by the formal adjudicative proceeding, or that the petitioner qualifies as an intervenor under any provision of law; and

(b) a statement of the relief that the petitioner seeks from the Trust Lands Administration.

3. The board shall grant a petition for intervention if it determines that:

(a) the petitioner's legal interests may be substantially affected by the formal adjudicative proceeding; and

(b) the interests of justice and the orderly and prompt conduct of the adjudicative proceedings will not be materially impaired by allowing intervention.

4.

(a) Any order granting or denying a petition to intervene shall be in writing and sent by mail to the petitioner and each party.

(b) An order permitting intervention may impose conditions on the intervenor's participation in the adjudicative proceeding that are necessary for a just, orderly, and prompt conduct of the adjudicative proceeding.

(c) the board may impose the conditions at any time after the intervention.

R850-8-1500. Formal Adjudicative Proceeding - Designation of Hearing Examiner.

1. The board may in its discretion, on its own motion or motion of one of the parties, designate a hearing examiner for purposes of taking evidence and recommending findings of fact and conclusion of law to the board. Any member of the board, or any person designated by the board may serve as a hearing examiner, other than an employee of the Trust Lands Administration.

2. Powers.

The order appointing a hearing examiner may specify or limit the hearing examiner's powers and may direct the hearing examiner to report only upon particular issues: to do or perform particular acts or to receive and report evidence only; and to fix the time and place for beginning and closing the hearing and for filing a report. Unless the hearing examiner's authority is limited the hearing examiner will be vested general authority to conduct hearings in an orderly and judicial matter, including authority to:

(a) summon and subpoena witnesses;

(b) administer oaths, call and question witnesses;

(c) require the production of records, books and documents;

(d) take such other action in connection with the hearing as may be prescribed by the board.

(e) make evidentiary rulings and propose findings of fact and conclusions of law.

3. Conduct of hearings.

Except as limited by the board's order, hearings will be conducted under the same rules and in the same manner as hearings before the board.

4. Rulings, Findings, and Conclusions of the hearing examiner.

During the hearing, objections to evidence will be ruled upon by the hearing examiner. Where a ruling sustains objections to an admission of evidence, the party affected may insert in the record, as a tender of proof, a summary written statement of the evidence excluded and the objecting party may then make an offer of proof in rebuttal. Upon completion of the

hearing, the hearing examiner will prepare a written summary of all such rulings and will make proposed findings of fact and conclusions of law in a proposed order in conformance with R850-8-1300(8). All such proposed rulings, findings, and conclusions will be distributed to the parties and filed with the board.

R850-8-1600. Default.

1. The board may enter an order of default against a party if:

(a) a party in an informal adjudicative proceeding fails to participate in the adjudicative proceeding; or

(b) a party to a formal adjudicative proceeding fails to attend or participate in a properly scheduled hearing after being given proper notice.

2. An order of default shall include a statement of the grounds for default and shall be mailed to all parties.

3.

(a) A defaulted party may seek to have the Trust Lands Administration set aside the default order, and any order in the adjudicative order, by following the procedures outlined in the Utah Rules of Civil Procedure.

(b) A motion to set aside a default and any subsequent order shall be made to the board.

4.

(a) In an adjudicative proceeding that has other parties besides the party in default, the board shall, after issuing the order of default, conduct any further proceedings necessary to complete the adjudicative proceeding without the participation of the party in default.

R850-8-1700. Reconsideration and Modification of Existing Orders.

1. Any person affected by a final order or decision of the board may file a petition for reconsideration within 20 days after the date the order was issued.

2. A copy of the request for reconsideration shall be sent by mail to each party by the person making the request.

3. The petition for reconsideration will set forth specifically the particulars in which it is claimed the board's order or decision is unlawful, unreasonable, or unfair. If the petition is based upon a claim that the board failed to consider certain evidence, it will include an abstract of that evidence. If the petition is based upon newly discovered evidence, then the petition will be accompanied by an affidavit setting forth the nature and extent of such evidence, its relevancy to the issues involved, and a statement that the party could not with reasonable diligence have discovered the evidence prior to the hearing.

4. All other parties to the proceeding upon which a reconsideration is sought may file a response to the petition with the director at any time prior to the hearing at which the petition will be considered by the board. Such responses will be served on the petitioner at or before the hearing.

5. The board will act upon the petition for a rehearing at its next regularly scheduled meeting following the date of its filing. If no action is taken by the board within such time, the petition will be deemed to be denied. The board may set a time for a hearing on said petition or may summarily grant or deny the petition.

6. The filing of the request is not a prerequisite for seeking judicial review of the order.

R850-8-1800. Judicial Review - Exhaustion of Administrative Remedies.

1. A party aggrieved may obtain judicial review of a final order issued in an adjudicative proceeding, except where judicial review is expressly prohibited by statute.

2. A party may seek judicial review only after exhausting

all administrative remedies available, except that a party seeking judicial review need not exhaust administrative remedies if any statute or rule states that exhaustion is not required.

3.

(a) A party shall file a petition for judicial review of a final order issued by the board within 30 days after the date that the order is issued or considered issued.

(b) The petition shall name the Trust Lands Administration and all other appropriate parties as respondents.

R850-8-1900. Judicial Review.

To seek judicial review of a final board action resulting from informal or formal adjudicative proceedings, the petitioner shall file a petition for review of a board order with the appropriate court in the manner required by Sections 63G-4-402 and 63G-4-403, as appropriate.

R850-8-2000. Judicial Review - Stay and Other Temporary Remedies Pending Final Disposition.

1. The board may grant a stay of its order or other temporary remedy during the pendency of judicial review if it determines a stay would be in the interest of justice and would not unduly harm the beneficiaries. The board, in its discretion, may condition the continuation of the stay upon filing of a surety, in an amount specified by the board, sufficient to protect the interests of the beneficiaries.

2. If the board denies a stay or denies other temporary remedies requested by a party, the board's order of denial shall be mailed to all parties and shall specify the reasons why the stay or other temporary remedy was not granted.

R850-8-2100. Emergency Adjudicative Proceedings.

1. The board may issue an order on an emergency basis without complying with the requirements of this section if:

(a) the facts known by the board or presented to the board show that an immediate and significant danger to the public health, safety, or welfare exists; or

(b) an immediate and irreparable threat to the beneficiaries exists; and

(c) the threat requires immediate action by the board.

2. In issuing its emergency order, the board shall:

(a) limit its order to require only the action necessary to prevent or avoid the danger to the public health, safety, or welfare; or

(b) the immediate and irreparable threat to the beneficiaries; and

(c) issue promptly a written order, effective immediately, that includes a brief statement of findings of fact, conclusions of law, and reasons for the agency's utilization of emergency adjudicative proceedings; and

(d) give immediate notice to the persons who are required to comply with the order.

3. If the emergency order issued under this section will result in the continued infringement or impairment of any legal right or interest of any party, the board shall commence an adjudicative proceeding in accordance with the other provisions of this section.

R850-8-2200. Waivers.

Notwithstanding any other provision of these rules, any procedural matter, including any right to notice or hearing, may be waived by the affected person by a signed, written waiver in a form acceptable to the board.

R850-8-2300. Severability.

In the event that any provision, section, subsection or phrase of these rules is determined by a court or body of competent jurisdiction to be invalid, unconstitutional, or unenforceable, the remaining provisions, sections, subsections or

phrases shall remain in full force and effect.

R850-8-2400. Time Periods.

Nothing in this section shall be interpreted to restrict the director, or, the board from lengthening or shortening any time period prescribed herein.

R850. School and Institutional Trust Lands, Administration.

R850-10. Expedited Rulemaking.

R850-10-100. Authorities.

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X and XX of the Utah Constitution, and Section 53C-1-201(3)(a)(ii), which authorize the Director and Board of the School and Institutional Trust Lands Administration to develop a procedure for expedited rulemaking.

R850-10-200. Expedited Rulemaking Procedures.

When the criteria listed below are satisfied, the agency may pursue rulemaking in an expedited manner, expediting the traditional process provided for in 63G-3.

1. Material supporting the director's proposal shall be provided to the board so that there is sufficient time for review prior to the meeting, when conditions permit.

2. The proposed action will be included on the published agenda for the board meeting.

3. The agency will provide a list of individuals who have been contacted and/or involved in the drafting of the proposed rule. Those individuals shall be invited to the board meeting.

4. A written finding shall be presented to the board which shall include the information required by Subsection 53C-1-201(3)(a)(ii)(A)-(C).

5. The presentation of the proposed rule will include the existing language, if any, with new language underlined and language to be removed indicated by brackets and strike through. A copy of the proposed rule as it would appear after adoption will also be provided.

6. The agency shall disclose at the board meeting its anticipated effective date for the rule, and proposed actions to be taken upon implementation.

KEY: rulemaking procedures, administrative procedures

April 3, 1995

Notice of Continuation December 22, 2009

53C-1-201(3)(a)(ii)

R850. School and Institutional Trust Lands, Administration.**R850-11. Procurement.****R850-11-100. Authorities.**

This rule is authorized by Sections 6, 8, 10, and 12 of the Utah Enabling Act; Articles X and XX of the Utah Constitution, and Subsection 53C-1-201(3)(e).

R850-11-150. Purposes.

Subsection 53C-1-201(3)(e) permits the agency to be exempted from the Utah Procurement Code upon board approval and adoption of alternative procurement procedures. This rule provides alternative procurement procedures that the agency may follow when procuring any goods and services related to the administration of the agency or the management, development, leasing or sale of trust lands. Nothing in this rule shall be deemed to prevent the agency from procuring goods and services pursuant to the Utah Procurement Code or other applicable law whenever deemed advisable by the agency, or in circumstances where this rule is not applicable.

R850-11-200. Definitions.

For the purposes of this rule:

1. Provider: means an individual or firm engaged in the business of providing goods or services deemed necessary by the agency.

2. Professional Services: any professional services related to the administration of the agency or the management, development, leasing or sale of trust lands, including management consulting, accounting, auditing, legal, engineering, land planning, marketing, environmental, geological, mining engineering, architectural, surveying, appraisal, archaeological, real estate brokerage, planning, or such other services as needed.

R850-11-300. Professional Services.

1. The agency may from time to time request providers of professional services to submit a statement of qualifications containing information that the agency deems relevant to the provider's ability to provide quality services and the provider's hourly rates. At least once annually, the agency will advertise statewide its intent to accept statements of qualifications, and will maintain a list of qualified providers with approved rates.

2. The purpose of prequalification is to provide the agency with basic information regarding providers for the agency's convenience. The agency is not required to solicit each or any prequalified provider for a particular service when it undertakes a procurement.

3. When the procurement of professional services is estimated to cost less than \$20,000, the agency may select the provider directly from either the list of providers who have submitted annual statements of qualifications, or from other qualified providers if necessary.

4. When the procurement is estimated to exceed \$20,000, a written request for proposal (RFP) shall be prepared which describes the agency's requirements and sets forth the evaluation criteria for the procurement. Consideration shall be given to publishing the RFP in a newspaper of general circulation or otherwise advertising the RFP to elicit additional responses from potential providers. The agency shall select the provider offering, as determined in the discretion of the director, the best combination of price, expertise, and other relevant factors. The director shall make a written determination, supported by the following reasons, that the selected provider is best qualified to provide the particular services being procured by the agency:

(a) competence to perform the services as reflected by technical training and education, general experience, experience in providing the required services and the qualifications and competence of persons who would be assigned to perform the services;

(b) ability to perform the services as reflected by workload

and the availability of adequate personnel, equipment, and facilities to perform the services expeditiously;

(c) past performance as reflected by the services of the firm with respect to factors such as responsiveness, control of costs, quality of work, and an ability to meet deadlines; and

(d) a determination that the provider's fees are reasonable.

5. The agency may in its discretion issue contracts for professional services by competitive bid pursuant to R850-11-400 or R850-11-500 instead of utilizing the procedures in this section.

R850-11-400. Bidding Procedures - Other Procurements.

1. Competitive bids are not required for procurements under \$3,000 unless the responsible agency staff member believes that the potential financial benefit to the trust beneficiaries from obtaining bids outweighs the staff time and costs associated with soliciting bids.

2. For procurements over \$3,000 and less than \$20,000, except for procurements of professional services undertaken pursuant to R850-11-300, the responsible agency staff member shall seek to obtain no less than two competitive bids. Bids may be solicited and received by telephone, but shall be noted in writing by the responsible agency staff member.

3. The provider offering the lowest bid shall be selected unless the director makes a written determination that a provider submitting a higher bid is better qualified to provide the particular services being procured by the agency.

4. Nothing in this rule shall prevent the agency from using existing statewide contracts for supplies, services and construction as set forth in R33-3-301(2).

R850-11-450. Bidding Procedures - Large Contracts.

1. For procurements anticipated to exceed \$20,000, except for procurements of professional services undertaken pursuant to R850-11-300, the agency shall prepare a written request for proposals (RFP) or invitation to bid describing information required by the agency in evaluating the proposal, which may include a description of the services required, a statement of the provider's experience and qualifications, any performance schedule or deadlines, billing rates, bid specifications, and other information relevant to the particular project.

2. The responsible agency staff member shall seek to obtain at least three written responses to the RFP. Consideration shall be given to publishing the RFP in a newspaper of general circulation or otherwise advertising the RFP to elicit additional responses from potential providers.

3. The provider offering the lowest bid shall be selected unless the director makes a written determination, supported by detailed reasons, that a provider submitting a higher bid is better qualified to provide the particular services being procured by the agency.

R850-11-500. Sole Source Procurements.

Where the agency has identified a provider that has special familiarity or qualifications with respect to a project, or that has previously worked on a related project, the agency may hire the provider without soliciting bids from other providers if the director finds in writing that hiring the particular provider is in the best interests of the trust beneficiaries, and that the provider's fee is reasonable.

R850-11-600. Real Estate Brokerage Services.

1. The agency is not required to solicit bids for real estate brokerage services, and may list trust lands with a licensed Utah broker as it sees fit.

2. Where the agency has not listed a property with a broker, but has undertaken internal marketing efforts, the agency is authorized but not obligated to pay a commission or finder's fee no greater than the prevailing market rates in the area to real

estate brokers who have previously registered their client as directed by the agency, and who are the procuring cause of:

- (a) the sale of trust lands; or
- (b) a development transaction entered into by the agency pursuant to R850-140.

3. Commission amounts will be determined in the discretion of the agency based on type of transaction, prevailing market conditions, and any other relevant factors.

R850-11-700. Debt and Equity Investments.

Debt and equity investments made by the agency shall be exempt from the Utah Procurement Code, provided that such investments are part of a development transaction reviewed by the board and entered into by the agency pursuant to R850-140.

R850-11-800. Documentation.

The agency will determine, based on the type of service requested and complexity of the project, the level of contractual documentation necessary in order to adequately protect the best interests of the trust. Formal contract documentation shall be subject to approval as to form by a representative of the attorney general's office.

R850-11-900. Bonding for Construction Services.

1. For construction services costing \$50,000 or higher, the agency shall require the chosen provider to deliver to the agency a performance bond and a payment bond in amounts equal to 100% of the price specified in the contract and executed by a surety company authorized to do business in this state or in any other form satisfactory to the agency;

2. For construction services costing less than \$50,000, the agency may require a performance bond and a payment bond as described in R850-11-700(1) if it determines that requiring such bonds is in the best interests of the trust.

R850-11-1000. Conflicts of Interest.

The agency shall not enter into any contract with a provider which violates or, on account of the factual circumstances or person involved, gives the appearance of a conflict of interest or a potential violation of the Utah Public Officer's and Employee's Ethics Act.

R850-11-1100. Appeals.

Appeals of agency procurement decisions shall be governed by 63G-6. All initial appeals shall be directed to the director of the agency, with a copy to the Director of the Division of Purchasing. The disposition of any appeal shall take into account the intended purpose of Subsection 53C-1-201(3)(a)(iv), which is to provide the agency with broad discretion and flexibility in procurement to facilitate businesslike management of trust lands.

KEY: government purchasing

October 18, 2005

Notice of Continuation April 24, 2007

53C-1-201(3)

R850. School and Institutional Trust Lands, Administration.**R850-60. Cultural Resources.****R850-60-100. Authorities.**

This rule implements Sections 6, 8, 10, and 12 of the Enabling Act, Articles X and XX of the Utah Constitution, and Sections 53C-1-302(1)(a)(ii) and 53C-2-201(1)(a) which authorize the Director of the School and Institutional Trust Lands Administration to prescribe the management of cultural resources on trust lands. This rule outlines the manner by which the agency shall, pursuant to Section 9-8-404, take into account the effect of trust land uses and other land uses on any district, site, building, structure or specimen that is included in or eligible for inclusion in the State Register or National Register of Historic Places, and allow the State Historic Preservation Officer a reasonable opportunity to comment with regard to the undertaking. This rule also outlines the manner by which the agency shall, pursuant to Section 9-8-305(2), issue permits for archaeological surveys and excavations on trust lands.

R850-60-200. Definitions.

For purposes of this rule:

1. "Area of potential effects" means the geographic area or areas established by the agency within which an undertaking may cause changes in the character or use of historic properties, if any such properties exist.

2. "Discovery property" means any site or archaeological resources that are encountered, found or otherwise made known during the course of land use conducted subsequent to approval of that use by the agency.

3. "Historic property" means any prehistoric or historic district, site, building or structure, or object included in, or eligible for inclusion in, the National Register of Historic Places. This term includes, for the purposes of this rule, artifacts, records, and remains that are related to and located within such historic properties.

4. "Interested persons" means those organizations and individuals that are concerned with the effects of an undertaking on historic properties and have expressed their concern to the agency.

5. "Local government" means any city, county, township, municipality or other general purpose subdivision of the state.

6. "National Register" means the National Register of Historic Places, maintained by the United States Secretary of the Interior.

7. "National Register Criteria" means the criteria established by the Secretary of the Interior for use in evaluating the eligibility of cultural resources for the National Register; these criteria are found in 36 CFR Part 60, hereby incorporated by reference.

8. "Undertaking" means any trust land use or other land use that can result in changes in the character or use of historic properties, if any such historic properties are located in the area of potential effects.

R850-60-300. Authorization of Cultural Resource Work.

1. No person shall alter, remove, injure or destroy cultural resources on trust lands, without written permission from the agency.

2. No person shall survey or excavate archaeological resources on trust lands without first obtaining an archaeological permit from the agency.

A condition of permission shall be that the permittee shall provide the agency with a copy of all records resulting from such investigations. No requirement for permission shall be made for non-documentary, non-disturbing, purely recreational visitation of sites on trust lands.

3. Any person found in violation of R850-60-300 will be subject to civil and criminal penalties.

R850-60-400. Archaeological Permits.

1. The agency shall issue archaeological survey and excavation permits, after consultation with SHPO, to persons who demonstrate compliance with the following requirements:

(a) the minimum standards for education and experience set by federal regulation, codified as 43 CFR 7.8(a)(1), hereby incorporated by reference. Permit applicants shall submit resumes or vitae as proof of conformity with these minimum standards.

(b) the ability to conduct the proposed work in a manner consistent with current professional practice, including access to proper equipment, facilities, and other personnel who are qualified to assist in executing the proposed work. Permit applicants shall submit the appropriate documentation as proof of conformity with this requirement.

(c) written proof that an agreement with the Utah Museum of Natural History (UMNH) is in place for curation of all recovered archaeological materials, specimens and collections at either the UMNH or another repository or curation facility approved by the UMNH.

2. All work conducted under an archaeological survey permit shall be conducted in accordance with current professional practice and the terms of the permit.

3. For archaeological excavation permits, the agency shall require that the permit applicant provide the following:

(a) A research design which explicitly states the questions to be addressed; the reasons for conducting the work; defines the methods to be used; describes the analysis to be performed; outlines the expected results and the plans for reporting; evaluates the expected contributions of the project work to archaeological science and the field of anthropology.

(b) Written proof of consultation with the appropriate Indian tribe, if required by Section 9-9-403.

(c) Any other information requested by the agency.

4. All archaeological permits shall be issued with the following requirements:

(a) The permittee shall provide reports documenting results of the work and data obtained, and deliver relevant records, site forms, and reports to the agency within the time specified in the permit.

(b) Any permittee who discovers human remains shall notify the agency and other appropriate agencies pursuant to Section 9-9-403 and cease further activity, except in compliance with Section 9-9-403.

(c) If the permittee fails to comply with any statute, rule or the provisions of the permit, the agency may terminate the permit and either continue the study or grant another permittee the responsibility or opportunity to complete the permitted work.

5. The duration of archaeological permits shall be the following:

(a) Survey permits shall be issued for one year.

(b) Excavation permits shall be issued for the period of time necessary to accomplish the proposed work. The period of time may be extended by the agency upon application by the permittee.

(c) The UMNH shall be consulted if the duration of an excavation permit is to be modified.

6. The agency may require other provisions as necessary.

R850-60-500. Delegation of Permitting Authority.

Authority for permitting cultural resources surveys, excavations, or both under R850-60-300 may be delegated to the Division of State History through a Memorandum of Agreement (MOA) between the agency and the Division of State History. The delegation shall be contingent upon terms or conditions which the director deems appropriate and in the best interest of the trust. Authority for permitting surveys shall either be delegated annually by MOA to the Division of State History or retained annually by the agency. The agency may reserve in the

MOA the right to issue an excavation permit for a specific undertaking upon a written finding that the best interest of the trust requires that the excavation be conducted pursuant to R850-60-400. The delegation may be rescinded through termination of the MOA after ten day's notice of the intent to terminate the MOA published in the Utah State Bulletin.

R850-60-600. Identifying Historic Properties.

1. Following the agency's determination that a proposed trust land use or other land use constitutes an undertaking the agency shall establish the undertaking's area of potential effects. Thereafter, the agency shall review existing information about historic properties that may be affected by the undertaking. As part of this process, the agency may seek information from the State Historic Preservation Officer (SHPO), Indian tribes, local governments, state or federal agencies or any other interested parties likely to have knowledge or concerns about cultural resources in the area. The agency may delegate this collection of information to an appropriate person.

2. Based on this assessment, the agency shall determine whether a field survey will be required to identify historic properties.

3. If the agency determines that a field survey will be required, the agency shall make a reasonable and good faith effort to identify historic properties that might be affected by an undertaking and shall gather sufficient information to evaluate the eligibility of these properties for the National Register. The agency shall utilize the Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation (48 FR 44716), incorporated by reference, in making this effort.

4. The agency may conduct field surveys on school and institutional trust lands in the order of priority determined by the agency. The agency shall assign a higher priority to those field surveys for proposed uses which the agency has determined will best fulfill the trust land management objectives in R850-2-200. Agency personnel shall not normally conduct field surveys for mineral exploration or development activity, easements, or projects where federal, state, or local government agencies are the applicants.

5. School and institutional trust land applicants may conduct authorized field surveys at their own expense.

(a) If the applicant is the successful bidder for the trust land use, no reimbursement shall be made by the agency.

(b) If the applicant is not the successful bidder for the trust land use, the agency shall reimburse the applicant for the cost of the survey, provided that the agency has previously authorized the estimated maximum cost of the survey prior to its initiation.

R850-60-700. Evaluating Eligibility.

1. The agency shall make a determination of the eligibility for the National Register for any site identified within the undertaking's area of potential effects.

(a) The agency shall follow the Secretary of the Interior's Standards and Guidelines for Evaluation in applying the National Register Criteria to any sites that may be affected by the undertaking.

(b) The passage of time or changing perceptions of significance may justify re-evaluation of sites that were previously determined to be eligible or ineligible.

2. The agency shall consult the SHPO regarding the agency's determination of eligibility. If the SHPO does not provide comment within 15 days of receipt, the SHPO is presumed to agree with the agency's determination of eligibility.

3. If the agency determines the property is eligible, the historic property will be assessed for effect in accordance with R850-60-800.

R850-60-800. Assessing Effects.

1. The agency shall assess the effect of a proposed trust

land use or other land use on historic properties by applying the Criteria of Effect and Adverse Effect found in 36 CFR 800.9, hereby incorporated by reference.

2. The agency shall consult the SHPO regarding the finding of effect. If the SHPO does not provide the agency with comment within 15 days, or 30 days if consultation regarding eligibility is included, the SHPO is presumed to agree with the agency's finding of effect.

3. Based upon the determination made in R850-60-600, R850-60-700 and R850-60-800, the agency shall take into account the effect of the undertaking on the historic property.

4. The agency may establish treatment options in consultation with the SHPO that may include:

- (a) archaeological data recovery;
- (b) "alternative" or "creative" mitigation;
- (c) physical treatment to alleviate or minimize the adverse effect(s);
- (d) historic property documentation; or
- (e) simple case documentation.

R850-60-900. Discoveries.

1. Any user of trust lands shall immediately cease any use which may threaten an unanticipated discovery property upon discovery until such time as the discovery property has been evaluated and treated to the satisfaction of the agency.

R850-60-1000. Emergency Undertakings.

The agency may waive cultural resource management considerations when responding to wildland fires, flood control and other emergency actions.

R850-60-1100. Programmatic Agreements.

The agency may enter into programmatic agreements with the SHPO, or with other state or federal agencies, and with local governments for compliance with Section 9-8-404 or other pertinent state or federal statutes. The agency may also cooperate with federal agencies in federal programmatic agreements where practicable and appropriate.

R850-60-1200. Records.

1. The agency shall submit one copy each of all site forms, survey and data recovery, treatment or mitigation reports prepared by the agency to the SHPO. All similar data prepared by permittees conducting work in accordance with R850-60-400 shall be required to furnish one copy of the results of their investigations to the SHPO.

2. Records and data containing site location information which could jeopardize the integrity of those sites shall be provided protected records status pursuant to Subsection 63G-2-305(25).

R850-60-1300. Ownership and Management of Collections.

Collections recovered from school and institutional trust lands are the property of the respective trust and shall be labeled as belonging to that trust and are held in trust for the beneficiaries by the institution in possession and managed according to state law and the rules of the UMNH.

R850. School and Institutional Trust Lands, Administration.
R850-70. Sales of Forest Products From Trust Lands Administration Lands.

R850-70-100. Authorities.

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X, XVIII, and XX of the Utah Constitution, and Section 53C-1-302(1)(a)(ii) which authorize the director of the School and Institutional Trust Lands Administration to provide for the sale of forest products, desert products, and other vegetative material from Trust Lands Administration lands.

R850-70-150. Planning.

1. Pursuant to Section 53C-2-201(1)(a), the Trust Lands Administration shall complete the following planning obligations for all competitive and non-competitive forest product sales, in addition to the rule-based analysis and approval processes required by this rule:

(a) To the extent required by the Memorandum of Understanding between the State Planning Coordinator and the School and Institutional Trust Lands Administration, submit the proposal for review by the Resource Development Coordinating Committee (RDCC);

(b) Evaluation of and response to comments received through the RDCC process; and

(c) Evaluate and respond to any comments received through the advertising and notice processes described in R850-70-600(1).

2. All other forest product sales within this category of activity carry no planning obligations by the agency beyond existing rule-based analysis and approval processes.

R850-70-200. Definitions.

1. Sawlogs: portions of a tree stem that exceed seven feet in length and are at least six inches in diameter inside bark at the small end.

2. Poles: portions of a tree stem that are at least ten feet in length and do not exceed six inches in diameter at four and one-half feet above the ground.

3. Mine Props: portions of a tree stem that are between seven and ten feet in length, and six to nine inches diameter inside bark at the small end.

4. Posts: portions of a tree or tree stem, generally Utah juniper, which are no more than ten feet in length and are less than six inches in diameter at the top (small end).

5. Fuelwood: any portion of a tree, including those portions defined as sawlogs, poles, mine props, or posts that is harvested for use as fuel.

6. Christmas Tree: any coniferous tree, or part thereof, cut and removed from the place where grown without the foliage being removed.

7. Ornamental: any coniferous or deciduous tree, shrub, or bush less than 20' in height and no more than six inches diameter at four and one-half feet above the ground, which is removed from a natural setting, generally with roots attached, for transplant elsewhere.

8. Desert Plants: include any member of the Cactaceae Family or the Agavaceae Family.

9. Other Products: include boughs, branches, pinyon nuts, cones, Juniper berries, and native seed.

R850-70-300. Proof-of-Ownership.

Proof-of-ownership shall be issued with each sale of forest products in compliance with Section 78B-8-602.

R850-70-400. Permit Sales.

The agency may make sales of forest products, with the exception of sawlogs, with a Small Forest Products Permit when the total sale value does not exceed \$500.00. The permit shall be

on a form prescribed by the agency. Persons purchasing Small Forest Product Permits shall be restricted to a total value of \$500.00 per commodity per calendar year. A Small Forest Product Permit does not grant exclusive use of the permitted lands or the resources contained thereon.

R850-70-500. Noncompetitive Sales.

If the director finds it to be in the best interests of the trust, the agency may sell forest products at not less than an agency-established minimum value without soliciting competitive bids.

R850-70-600. Competitive Sales.

1. Sales of forest products shall be initiated by the agency and shall follow the procedures below:

(a) All competitive sales shall be advertised through publication at least once a week for at least two weeks in one or more newspapers of general circulation in the county in which the sale is located. The cost of the notice will be borne by the successful applicant. This notice shall contain, but is not limited to:

- i) the legal description of the affected lands;
- ii) the species and estimated quantity of forest products;
- iii) minimum sale price;
- iv) bond amounts;
- v) advertising and processing costs, as far as is known;
- vi) dates of bidding period;
- vii) date, time, and location of oral auction; and
- viii) bidder qualifications.

(b) Notice shall also be given to potential purchasers and other interested parties, whose names are on an agency maintained mailing list prior to any competitive sale.

(c) Initial bidding shall be conducted through sealed bids. Each sealed bid must contain 10% of the bid amount and the application fee. The bidders submitting the three highest sealed bids shall be allowed to enter into an oral auction.

(d) Sales shall be awarded to the highest qualified bidder unless a bidder has been previously disqualified, or is notified by the agency in writing within ten business days of the auction that the bid will be disqualified, on the grounds of previous poor performance or other good cause shown. The agency shall declare the successful bidder within ten business days of the bid opening. Failure of the successful bidder to execute a contract within 30 days of receipt may result in cancellation of the sale and forfeiture of all monies submitted.

2. The agency may withdraw, at its sole discretion any forest products sale prior to contract execution. All fees associated with a withdrawn sale shall be returned to the purchaser.

R850-70-700. Timber Sale Contracts.

1. Timber Sale Contracts must be used for all sales of sawlogs and any other forest product where the value exceeds \$500.00.

2. Each Timber Sale Contract shall contain the provisions necessary to ensure the responsible harvest of forest products, including the applicable provisions of 53C-4-202.

R850-70-800. Timber Harvesting.

1. Prior to commencement of harvest operations, the purchaser shall submit a timber harvest plan for agency review. Harvesting operations shall not commence until the purchaser is notified, in writing, that the timber harvest plan has been approved by the agency.

2. Prior to commencement of harvest operations, the purchaser shall post with the agency bonds in the form and amounts as may be determined by the agency to assure compliance with all terms and conditions of the sale contract. Such bonds shall include the following:

- (a) A performance bond shall be submitted in an amount at

least twice the estimated cost of rehabilitation.

(b) A payment bond shall be submitted in an amount equal to the full purchase price of the sale unless the sale has been paid for in advance, or, at the discretion of the agency, the full price of the largest cutting unit of the sale.

3. All bonds posted may be used for payment of all monies due to the Trust Lands Administration on the total purchase price, and also for the costs of compliance with all other performance terms and conditions of the sale as specified in the contract.

4. The purchaser's bonds shall be maintained in effect even if the purchaser conveys all or part of the sale interest to an assignee or subsequent purchaser until such time as the purchaser fully satisfies sale contract obligations, or until such time as the bond is replaced with a new bond posted by the assignee.

5. Bonds may be increased in reasonable amounts, at any time as the agency may order, provided the agency first gives the purchaser 30 days written notice stating the increase and the reason(s) for the increase.

6. Bonds may be accepted in any of the following forms at the discretion of the agency:

(a) Surety bond with an approved corporate surety registered in Utah.

(b) Cash deposit. The Trust Lands Administration will not be responsible for any investment returns on cash deposits.

(c) an irrevocable letter of credit for a period longer than the term of the sale.

7. Bonds shall remain in force until such time as all contract payments and performance provisions have been satisfied by the purchaser and so documented by the agency in writing.

R850-70-900. Assignments.

1. Competitively let sales may be assigned, in accordance with procedures established by the agency, to any person, firm, association, or corporation qualified to execute the terms and conditions of the sale contract, with prior written approval from the agency, provided that the assignee agrees to be bound by the terms and conditions of the sale and to accept the obligations of the assignor.

2. Permits and non-competitive sales may not be assigned.

R850-70-1000. Extensions of Time.

Extensions of time to complete the harvesting operations authorized by a timber contract may be granted if the director finds it to be in the best interests of the trust. Prior to the approval of a request for an extension of time, the agency may require amendments to the contract, including, but not limited to:

(a) Increasing the amounts and extending the effective dates of bonds; and,

(b) Increasing the price of the forest products authorized by the contract.

R850-70-1100. Forest Product Valuation.

Forest products shall be offered for sale based on a methodology or price schedule to be determined by the agency pursuant to board policy.

R850-70-1200. Long-Term Agreements.

1. Long-term agreements (LTA) are those sales where the harvest of specified forest products will take place over a period of time exceeding two years. Upon approval of the director, the agency may enter into an LTA with a purchaser for a period not to exceed ten years provided that:

(a) Resource or other benefits can be demonstrated by the LTA.

(b) The LTA is advertised and competitively bid.

(c) The area included in the LTA is defined by legal or other tangible description.

(d) The LTA includes provisions for periodic reappraisal and adjustment of prices.

(e) The LTA may not preclude or prohibit forest product sales to other purchasers on trust lands adjacent to or within the area designated by the LTA.

(f) The LTA provides for amendment and cancellation during the term of the LTA.

(g) The LTA does not preclude or prohibit other concurrent resource management activities and uses adjacent to or within the area designated by the LTA.

(h) Each LTA states that access granted by the LTA is not exclusive.

(i) A due-diligence provision is included in each LTA.

R850-70-1300. Fees and Procedures.

The agency may establish fees and develop procedures necessary to provide for the administration and sale of forest products pursuant to Section 53C-1-302(1)(b).

**KEY: forest products, administrative procedures, timber
July 2, 2004 53C-1-302(1)
Notice of Continuation December 4, 2007 53C-2-201(1)(a)**

R850. School and Institutional Trust Lands, Administration.**R850-80. Sale of Trust Lands.****R850-80-100. Authorities.**

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X and XX of the Utah Constitution, and Subsections 53C-1-302(1)(a)(ii) and 53C-4-101(1) which authorize the director to prescribe the terms and conditions for the sale of trust land.

R850-80-150. Planning.

In addition to those other planning responsibilities described herein, the agency shall:

1. Submit proposals for the sale of trust lands to the Resource Development Coordinating Committee (RDCC) unless the proposal is exempt from such review;
2. Evaluate and respond to comments received through the RDCC process; and
3. Evaluate any comments received through the notice and advertising processes conducted pursuant to R850-80-600 and R850-80-615.

R850-80-200. Sale of Trust Lands.

The agency may sell trust land if the agency determines that the sale of the land would be in the best interest of the trust beneficiaries and provided that the land is sold for no less than fair market value.

R850-80-250. Evaluation of Temporary Easements, Rights-of-Entry and Existing Rights of Record.

Prior to the sale of any trust land, the agency shall undertake the notification process set forth in R850-40-250(2) to evaluate whether any temporary easement or right-of-entry exists on the subject property. The agency shall also evaluate the presence and impact of other valid existing rights of record on the subject property prior to sale, and take any appropriate steps to mitigate adverse impacts resulting from such rights.

R850-80-300. Sales Initiation Process.

The sales process shall be initiated by an agency determination to evaluate the appropriateness of the sale of a particular parcel of trust land. The evaluation shall be undertaken in accordance with R850-80-500. In determining the appropriateness of a parcel of trust land for sale, the agency may consider nominations by interested parties.

R850-80-400. Sales Deposits.

If the agency evaluates a parcel of trust land for sale due to a nomination by an interested party, the person making such nomination may be required to deposit funds in an amount determined by the agency to be used to offset costs incurred in preparing the parcel for sale. In the event the person making the deposit is the successful purchaser of such land, the deposit shall be a credit against any fees charged by the agency to the purchaser for preparing the land for sale. In the event the person making the deposit is not the successful purchaser of such land or the land is not offered for sale, the deposit shall be refunded.

R850-80-500. Sale Determination Procedures.

1. Preliminary Analysis
 - (a) The director shall not offer trust land for sale when:
 - i) the subject property is appreciating in value at a rate in excess of the anticipated return from the investment of the principle;
 - ii) there is no evidence of competitive market interest, unless the purpose of the sale is to test the market in a particular area;
 - iii) the sale would create obstacles to future mineral development on trust lands; or
 - iv) in the sole discretion of the director, it has been

determined that the sale would foreclose future development or management options which would likely result in greater long term economic benefit.

2. Market Analysis

(a) The agency shall conduct a market analysis of a proposed sale of trust land which shall include an estimate of value. If the estimate of value is determined by an appraisal, the cost of the appraisal shall be borne by the successful purchaser.

(b) The market analysis may also include the evaluation of:

- i) real estate trends;
- ii) market demand;
- iii) opportunity costs including potential for appreciation;

and

iv) associated management costs of retention.

3. Sale Determination

(a) The director may take into account any factor and circumstances deemed relevant, as well as any applicable policy adopted by the board, when making a determination as to whether to sell trust land. Prior to the sale of trust land, the agency shall take prudent and cost-effective actions to increase the value of the land.

(b) If a sale is determined to be appropriate, the agency shall determine the minimum acceptable selling price of the subject property, which minimum acceptable selling price shall not be less than fair market value. This determination may include information from any of the following:

- i) the appraisal;
- ii) the data gathered pursuant to R850-80-500(2); and
- iii) any other information which the agency considers relevant.

(c) The minimum acceptable selling price shall be provided protected records status until the sale is consummated, unless otherwise ordered by the director.

R850-80-550. Methods of Sale.

The agency may sell land or assets using one of the methods described below:

1. A public sale pursuant to R850-80-610, or
2. A negotiated sale pursuant to R850-80-620.

R850-80-600. Public Sale Notice and Advertising.

1. At least 30 days prior to a public sale, notice shall be sent by certified mail to:

(a) the appropriate county authority in which the subject property is located with a request to have the notice posted in the governmental administrative building or courthouse and other appropriate locations;

(b) lessees/permittees of record on the subject property; and

(c) adjoining landowners as shown on county records.

2. The notice of sale shall include:

(a) the date, time, and location where the sale will be held;

(b) a general description of the subject property including township, range, and section and a brief description of the location of the subject property; and

(c) contact information of the agency office where interested parties can obtain more information.

3. The agency may advertise public sales using any other methods the director has determined may increase the potential for additional competition at the sale.

R850-80-610. Public Sale Auctions.

Public sale auctions shall be conducted as follows:

1. Sealed bids shall be accepted until the day prior to the auction by the agency, or on the day of the auction by the officer conducting the auction.

2. A sealed bid shall contain funds in an amount equal to at least 10% of the total bid amount offered to purchase the subject property and may be required to consist of certified funds. Bids

and bid deposits shall be a specified dollar amount. The agency reserves the right to reject any bid however submitted.

3. Purchasers who have defaulted on certificates of sale may be required to make larger down-payments or submit sealed bids in the form of certified funds even if such a requirement is not contained in the notice of sale.

4. The persons submitting the three highest bids shall be allowed to enter into oral bidding, which shall begin at the amount of the highest sealed bid, subject to those terms and conditions of R850-80-610(5). Those persons who submit a sealed bid that is within 20% of the third highest sealed bid shall also be allowed to participate in oral bidding, subject to those terms and conditions of R850-80-610(5).

5. In the event the minimum selling price of a property is disclosed prior to the auction, persons who bid less than the disclosed minimum selling price shall be disqualified and shall not be eligible for oral bidding, even if such bids would otherwise meet those requirements in R850-80-610(4) or (6).

6. Only current grazing permittees, materials permittees and special use lessees on the subject property who submit sealed bids shall automatically qualify to enter into oral bidding, subject to those terms and conditions of R850-80-610(5).

7. All bids, whether sealed or oral, constitute a valid offer to purchase. An attempt to withdraw a sealed bid after the first sealed bid has been read, or an attempt to withdraw or amend an oral bid may result in the forfeiture of the bid deposit and any other remedy afforded the agency at law or equity.

8. If, after the first round of oral bidding, no bid is submitted which equals or exceeds the agency's minimum selling price, then the sale shall not be made except as provided below.

(a) At the discretion of the officer conducting the sale, qualified bidders may enter into additional rounds of oral bidding, starting at the high bid reached in the previous round.

(b) To facilitate the sale of the parcel, the officer conducting the sale may divulge the minimum selling price.

9. At the conclusion of the auction, the agency shall collect from the successful bidder:

(a) a down payment in the amount required by the sale notice;

(b) interest on the unpaid balance from the date of sale to the first day of the following month; and

(c) reimbursement of costs incurred in preparing the parcel for sale, which may include costs incurred for advertising, appraisal, cultural resource investigations, environmental assessments, and a sale processing charge.

10. The first payment shall be due one year from the first day of the month following the sale; subsequent payments shall be due on the first day of the same month each year thereafter until the balance is paid in full.

11. Amounts paid in excess of the current obligations shall be applied to principal. The unpaid balance, plus interest to date, may be paid in full at any time without penalty.

12. If the successful bidder defaults on the down payment or otherwise fails to meet the requirements of R850-80-610(9), the property may, upon approval by the director, be offered for sale to the person whose bid was second highest at the auction provided that the terms of the sale shall meet or exceed the minimum acceptable selling price established for the subject property. The second highest bidder shall have 30 days from the date of the agency's offer to submit the amounts required under R850-80-610(9).

13. The interest rate which shall be charged against any unpaid balance at the conclusion of the auction shall be the prime rate, as determined by the agency on the date the public sale is approved by the director, plus 2 1/2% (Prime Rate + 2 1/2%). Interest shall be calculated on a 365-day basis. Every year thereafter, the interest rate which shall be charged against the unpaid balance shall be the prime rate, as determined by the agency on the date of billing, plus 2 1/2% (Prime Rate + 2

1/2%).

14. Third parties owning authorized improvements on the parcel at the time of the sale shall be allowed 90 days from the date of the sale to remove the improvements. This provision is not applicable when such improvements are permitted under a valid existing right of record when such right survives the sale of the parcel.

R850-80-615. Negotiated Sale Notice and Advertising.

1. Prior to an agency decision to initiate a negotiated sale, notice of such shall be sent by certified mail to:

(a) the appropriate county authority in which the subject property is located with a request to have the notice posted in the governmental administrative building or courthouse and other appropriate locations;

(b) lessees/permittees of record on the subject property; and

(c) adjoining landowners as shown on county records.

2. The notice of sale shall include:

(a) a general description of the subject property including township, range, and section and a brief description of the location of the subject property; and

(b) contact information of the agency office where interested parties can obtain more information.

3. The agency may advertise negotiated sales using any other methods the director has determined may increase the potential for additional interest in the subject property.

R850-80-620. Negotiated Sale Procedures.

1. Negotiated sales shall be advertised in the manner set forth in R850-80-615. In the event a competing offer(s) is received, the agency shall evaluate the offers and determine what action is in the best interest of the beneficiaries.

2. The board and affected beneficiary institution(s) shall be provided notice 30 days prior to the sale describing the terms, reasons, and other pertinent facts of the proposed negotiated sale.

3. Board approval of a negotiated sale is required if:

(a) the value of the subject property exceeds \$250,000.00;

(b) the subject property exceeds 320 acres in size; or

(c) additional interested person(s) indicate to the agency an interest in purchasing the subject property.

4. A purchaser of trust land sold at a negotiated sale may be required to reimburse the agency for costs incurred in preparing the parcel for sale, which may include costs for advertising, appraisal, cultural resource investigations, environmental assessments, and a sale processing charge.

R850-80-700. Certificates of Sale.

1. Following a public sale or upon concurrence of the parties in a negotiated sale, the agency shall prepare and deliver a certificate of sale to the purchaser. This certificate shall contain a legal description of the subject property, and shall include:

(a) information regarding the amount paid;

(b) the amount due;

(c) the time when the principal and interest shall become due;

(d) the beneficiary of the land;

(e) provisions for remedies the agency may elect in the event of a default, as such remedies are set forth in R850-80-700(8); and

(f) any other terms, covenants, deed restrictions, or conditions which the agency considers appropriate.

2. Certificates of sale must be executed by the purchaser and returned to the agency within 30 days from the date of the purchaser's receipt of the certificate. If the certificate is not received by the agency within the 30 day period, certified notice shall be sent to the purchaser giving notice that after 30 days the sale may be canceled with all monies received, including the

down-payment, forfeited to the agency. Notification by certified mail, return receipt requested, of this forfeiture provision shall accompany the transmittal of the certificate to the purchaser.

3. A certificate of sale shall be signed by the director after it has been signed by the purchaser and returned to the agency. The certificate shall not be final and no rights shall vest in the purchaser until the certificate is executed by the director. The agency reserves the right to cancel a sale of trust land for any reason prior to execution of the certificate by the director.

4. A certificate of sale may be assigned to any person qualified to purchase trust lands, provided that the assignment is approved by the director, and that no assignment is effective until approval is given by the director in writing.

5. An assignment of a certificate of sale shall be consistent with these rules, executed by the assignee and assignor and acknowledged, and shall clearly set forth the certificate of sale number, the land involved, and the name and address of the assignee.

6. Assignment of a certificate of sale does not relieve the assignor from any obligations under the original certificate of sale.

7. Upon payment in full and surrender of the original certificate of sale for any tract of land sold, or payment in full of any amounts required under R850-80-750(3) for the partial release of property, the agency shall issue a patent to the appropriate person.

8. In the event of a purchaser's default under the certificate of sale, the agency's remedies shall include, without limitation, acceleration of the debt, forfeiture, any remedy which the agency may pursue under the certificate of sale, suit for judgment, foreclosure as provided for under Section 57-1-19 et seq. for trust deeds, and any other remedies afforded at law or equity.

R850-80-750. Partial Releases.

Partial release of property sold under a certificate of sale may be allowed at the discretion of the director. The following conditions shall be met:

1. Access to the remainder of the land must be preserved without restriction;

2. All utilities and infrastructure, including water, sewer and storm drains, electric power, and natural gas, installed on land covered by the certificate shall have the capacity and capability to service all trust land originally included in the certificate;

3. Unless the director makes a written finding that waiver of this condition would be in the best interests of the trust beneficiaries, payment shall be made to the agency in an amount equal to 125% of the original price per acre, multiplied by the number of acres to be released, plus interest on that amount to the date payment is received. The payment shall be in the form of certified funds, and shall be applied to principal. This payment shall not affect the amount or due dates of annual payments;

4. Unless the director makes a written finding that waiver of this condition would be in the best interests of the beneficiaries, the 125% payment required by paragraph 3 above shall not include the 10% down payment or any annual installment paid under the certificate of sale;

5. The buyer shall provide a survey and legal description prepared and sealed by a Utah Registered Land Surveyor of the parcel to be released and the remaining land under the certificate; and

6. The value of the remaining land shall not be reduced to an amount less than the remaining principal balance of the certificate.

R850. School and Institutional Trust Lands, Administration.**R850-90. Land Exchanges.****R850-90-100. Authorities.**

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X and XX of the Utah Constitution, and Sections 53C-1-302(1)(a)(ii) and 53C-4-101(1) which authorize the Director of the School and Institutional Trust Lands Administration to specify application procedures and review criteria for the exchange of trust lands.

R850-90-150. Planning.

Pursuant to Section 53C-2-201(1)(a), the Trust Lands Administration shall also undertake to complete the following planning obligations, in addition to the rule-based analysis and approval processes that are prescribed by this rule:

1. To the extent required by the Memorandum of Understanding between the State Planning Coordinator and the School and Institutional Trust Lands Administration, submit the proposal for review by the Resource Development Coordinating Committee (RDCC);

2. Evaluation of and response to comments received through the RDCC process; and

3. Evaluation of and response to any comments received through the solicitation process conducted pursuant to R850-90-400(1).

R850-90-200. Exchange Criteria.

1. The agency may exchange trust land for land or other assets of equal or greater value. The criteria by which an exchange proposal will be considered follows.

(a) Asset is herein defined as personal property, including cash, which has a readily determined market value.

(b) The percentage of cash which may be included in an exchange transaction shall not exceed 25% of the value.

2. Exchanges must clearly be in the best interest of the appropriate trust as documented in a record of decision by the agency. The record of decision shall address:

(a) the appraised value of affected lands or other assets;

(b) the degree to which there is reasonable assurance that the acquired land or other asset may provide income in excess of that being generated from existing trust land;

(c) the likelihood of greater revenue flowing to the appropriate trust from sale of fee or leasehold estates in existing trust land; and

(d) management costs and opportunities.

3. The record of decision shall verify that the exchange will not result in an unmanageable and uneconomical parcel of trust land, nor eliminate access to a remnant holding, without appropriate remuneration or compensation.

R850-90-300. Application Requirements.

This section does not apply to exchange proposals initiated by the agency.

1. Preapplication review: In order to avoid unnecessary expenses, persons requesting an exchange shall be afforded the opportunity to discuss the concept of the exchange with the agency prior to submitting a formal application.

2. A completed application form must be received pursuant to R850-3.

R850-90-400. Competitive Offering.

1. Upon receipt of an exchange application, the agency shall solicit competing exchange proposals, lease applications and sale applications. Competing applications will be solicited through publication at least once a week for three consecutive weeks in one or more newspapers of general circulation in the county in which the trust land is located. At least 30 days prior to consummation of an exchange, sale or lease, certified notification will be sent to permittees of record, adjoining

permittees/lessees and adjoining landowners. Notices will also be posted in the local governmental administrative building or courthouse. Lease applications shall be processed in accordance with R850-30-500(2). Sale applications shall be reviewed pursuant to R850-80-500.

2. In addition to the advertising requirements of R850-90-400(1), the agency may advertise for competing applications for exchange, lease, or sale to the extent which the director has determined may reasonably increase the potential for additional competing applications.

3. The agency shall allow all applicants at least 20 days from the date of mailing of notice, as evidenced by the certified mail posting receipt (Postal Service form 3800), within which to submit a sealed bid containing their proposal for the subject parcel. Competing bids will be evaluated using the criteria found in R850-30-500(2)(g), R850-80-500, and R850-90-200.

R850-90-500. Determination for the Exchange of Trust Lands.

1. The agency shall choose the successful applicant by conducting a market analysis pursuant to R850-80-500(2) on each option for which an application has been received. The determination as to which application will be approved shall be based on R850-80-500(3) and R850-90-200(2).

2. The successful applicant shall be charged an amount equal to all appraisal and advertisement costs. All monies, except application fees, tendered by unsuccessful applicants will be refunded.

3. The director may approve the exchange when the criteria specified in R850-90-200 have been satisfied.

4. Applicants desiring reconsideration of agency action relative to exchange determinations may petition for review pursuant to agency rule.

R850-90-600. Land Exchange Appraisals.

1. The agency shall contract for appraisals of properties proposed for exchange utilizing the deposit paid by the applicant. Appraisals to determine values of trust land shall be provided protected records status pursuant to Subsection 63G-2-305(7).

2. Appraisals for land exchanges with the federal government shall be, whenever possible, completed jointly and be subject to review and approval of both parties and to agreements undertaken pursuant to the Federal Land Exchange Facilitation Act, 43 U.S.C. 1716.

R850-90-700. Private Exchange Procedures.

1. Political subdivisions of the state and agencies of the federal government shall be eligible for private exchange.

2. In order to determine that a private exchange is in the best interests of the trust beneficiaries, advertising to provide notice of this action shall be required pursuant to Section 53C-4-102(3). The cost of this advertising shall be negotiated.

3. All agency rules governing land exchanges shall apply to private exchanges except R850-90-400 and R850-90-500. R850-90-300(2), R850-90-500(2), and R850-90-900(4) may be waived when the agency is a co-applicant.

R850-90-800. Existing Improvements.

Any exchange of trust land upon which authorized improvements have been made shall be subject to the reimbursement of the depreciated value of the improvements to the owner of the improvements by the person receiving the land in the exchange.

R850-90-900. Mineral Estates and Leases.

1. Trust Lands Administration mineral interests may be exchanged in accordance with Section 53C-2-401(2).

2. Mineral estate exchanges must clearly be in the best

interest of the applicable trust as documented by a record of decision. The record of decision shall address those criteria listed in R850-90-200.

3. In exchanges with persons other than the federal government, all mineral estates are reserved to the Trust Lands Administration unless exceptional circumstances justify the exchange of the mineral estate.

4. Upon the exchange of Trust Lands Administration mineral estate, Trust Lands Administration mineral leases shall continue to be administered by the agency until the termination, relinquishment or expiration of the lease. Upon termination of the mineral lease the administration of the mineral estate transfers to the acquiring party.

5. Acquired mineral estates shall be managed in accordance with Sections 53C-2-407(3), 53C-2-412 and 53C-2-413.

R850-90-1000. Existing Rights on Acquired Lands.

Valid existing rights on lands acquired from the federal government will be managed in accordance with Sections 53C-5-102(2) and 53C-4-301(2).

R850-90-1100. Existing Leases and Permits.

Prior to completion of exchanges, Trust Lands Administration lessees and permittees shall be notified and leases and permits cancelled or amended in accordance with the terms of the lease or permit.

**R850. School and Institutional Trust Lands, Administration.
R850-110. Motor Vehicle Travel Designations.
R850-110-100. Authorities.**

This rule implements Sections 6, 8, 10, and 12 of the Utah Enabling Act, Articles X and XX of the Utah Constitution, and Subsections 53C-1-302(1)(a)(ii) and 53C-2-301(1)(g) which authorize the Director of the School and Institutional Trust Lands Administration to establish rules consistent with general policies prescribed by the board of trustees, and regulate the unauthorized use or occupation of trust land, and Subsection 41-22-10.1(2) which authorizes the agency to designate trails, streets, or highways as open to off-highway vehicle use.

R850-110-200. Travel Route Designations.

1. Pending detailed route designations, all routes upon which exist a temporary public easement pursuant to Subsection 72-5-203(1)(a), other valid legal easement or right-of-way, or a permanent public access easement granted pursuant to agency rules are designated as open to motor vehicle use to the extent that such use is permitted by state law and local ordinances.

2. The agency may establish "Designated Use Only" areas.

(a) All routes within a "Designated Use Only" area are closed to motor vehicle use unless specifically designated open by the agency or authorized for a specific use through the issuance of a permit, easement, or lease.

(b) "Designated Use Only" areas may be established by the director through a written finding that such action is consistent with trust management objectives, current and projected land uses, and resource protection considerations.

3. All lands administered by the agency are closed to cross-country travel by all motor vehicles other than over-snow vehicles unless otherwise designated open or authorized for a specific use through the issuance of a permit, easement, or lease.

4. Except as authorized under Subsections (1) through (3), all trust lands are closed to motor vehicle use.

R850-110-300. Route Designations on Roads Maintained by Local Government Entities.

The agency may coordinate route designations with local government entities on routes maintained by them.

R850-110-400. Over-snow Vehicles.

All lands are open to cross-country travel by over-snow vehicles provided that:

1. the use is consistent with state law and not in conflict with current leases or permits; and

2. adequate snow depth exists to prevent resource degradation. Adequate snow depth is generally accepted to be at least 12 inches of consistent snow cover, but may vary depending on terrain or other ground conditions. The determination of whether there is adequate snow depth to prevent resource degradation shall be at the sole discretion of the agency.

R850-110-500. Route Width Designations.

Routes which have been designated as open to motor vehicle use by the agency may further be designated to allow for certain width classes of OHVs.

1. Twenty-six inches or less. Only OHVs under 26 inches wide may utilize routes designated in this class.

2. Fifty-two inches or less. Only OHVs under 52 inches wide may utilize routes designated in this class.

3. Routes which do not have a designated width class are open to all motor vehicles, provided that the vehicle width does not exceed the existing disturbed travel surface of the route.

R850-110-600. Date and Time Restrictions.

Routes which have been designated as open to motor vehicle use or areas which have been designated by the agency

as open to cross-country travel, may be restricted to allow for use only within certain times of year or times of day.

R850-110-700. Other Route or Area Restrictions.

Additional restrictions or designations other than those specifically identified by rule may be placed upon routes or areas which have been designated as open to motor-vehicle use by the director. Such actions shall be authorized through a written finding by the director that the action is consistent with trust-management objectives, resource protection considerations, or other justified reasons.

R850-110-800. Method of Designating Travel Routes.

Travel routes may be designated as open to motor vehicle use and areas may be designated as open to cross-country travel by the director through a written finding that such action is consistent with trust-management objectives, current and projected land uses, and resource-protection considerations. Routes or areas that have been designated open to motor vehicle use by the director shall be identified as specified in Subsection 41-22-10.1 by posting signs or designating by map or description. Additional designations with respect to route widths, date and time restrictions, or other restrictions shall also be identified through posted signs, map, or description. Posted signs shall conform to accepted interagency statewide OHV trail signing standards, and maps may be published in cooperation with other land-management agencies where practicable.

R850-110-900. Director's Authority to Close Routes and Areas.

The director may close specific routes and areas to motorized vehicle use, regardless of any previous route designation, when necessary for resource protection, to fulfill trust-management objectives, or for other justified reasons. Such action shall be documented in a written finding by the director. Amendments shall be made to existing route designation maps or descriptions and signs posted as necessary.

R850-110-1000. Scattered Sections and Isolated Parcel Designations.

The agency may coordinate route designations with adjacent land-management agencies to reduce confusion over ownership boundaries and complications with enforcement. Agency land-use and management objectives may be carefully considered when negotiating with other land-management agencies.

R850-110-1100. Blocked Land Designations.

The agency may coordinate designations of shared routes with adjacent land-management agencies to the extent that such designations are consistent with agency management objectives. All other routes and areas contained within land blocks shall be designated in accordance with trust-management objectives, current and projected land uses, and resource protection considerations.

R850-110-1200. Off-Trail Game Retrieval.

Use of a motor vehicle for the retrieval of downed game off of a designated route is prohibited, unless located within an area which has been designated as open for cross-country travel.

R850-110-1300. Recreational Use Requiring a Lease or Permit.

1. Commercial recreational use of trust lands, including competitive events or use of trust lands by commercial outfitters or tour operators, will be allowed only upon issuance of a Right-of-Entry Permit or Special Use Lease in accordance with current rules.

2. Long-term non-commercial recreational use of trust

lands exceeding 15 consecutive days will be allowed only upon issuance of a Right-of-Entry Permit or Special Use Lease in accordance with current rules.

R850-110-1400. Exemptions.

The following uses are exempt from the restrictions and prohibitions set forth in this rule:

1. Administrative use by the agency.
2. Use in conjunction with the administration or operation of a valid lease or permit.
3. Use of any fire, military, emergency, or law-enforcement vehicle for emergency purposes.
4. Law-enforcement response to violations of law, including pursuit.

53C-1-302(1)(a)(ii)

Notice of Continuation December 16, 2008

53C-2-301(1)(g)

R861. Tax Commission, Administration.**R861-1A. Administrative Procedures.****R861-1A-2. Rulemaking Power Pursuant to Utah Code Ann. Section 59-1-210 and 63-46a-4.**

A. Policy and Scope. In accordance with the responsibility placed upon it by law, the Commission shall enact appropriate rules. These rules shall prescribe practices and procedures for the Commission and other state and county officials and agencies over which the Commission has supervisory power and shall interpret laws the Commission is charged with administering when such interpretation is deemed necessary and in the public interest.

B. Preparation. In the preparation of rules the Commission may refer to appropriate materials and consult such parties as it deems advisable, whether or not such persons are employees of the Commission. Drafts of proposed rules may be submitted to the Office of the Attorney General for examination as to legality and form.

C. Notice and Hearing. The Commission may publish, by means of local communication, notice of its intent to exercise its rulemaking power in a particular area. Notice therein will be given of a scheduled hearing or hearings not sooner than 15 days after such notice, at which hearing or hearings any party who would be substantially affected by such exercise may present argument in support thereof or in objection thereto. Such notice and hearing or hearings will be instituted when the Commission deems them to be of substantial value and in the public interest or in accordance with Utah Code Ann. Section 63-46a-5. Such notice and hearing or hearings shall not be a prerequisite to the validity of any rule.

D. Adoption. Rules will be adopted by the Commission at formal meetings with a quorum present. Adopted rules will be written and entered into the official minutes of the Commission, which minutes are a public record available for examination by interested members of the public at the Commission offices. This proceeding and no other will be necessary for validity, unless otherwise required by the rulemaking procedures.

E. Effective Date. In accordance with Utah Code Ann. Section 63-46a-4.

F. Publication. Copies of adopted rules will be prepared and made available to interested parties requesting the same. Such rules may also be published periodically in booklets and bulletins. It shall be the policy of the Commission to provide for publication of all new rules at the time of each compilation of rules in the particular area. No rule, however, shall be deemed invalid by failure to prepare copies for distribution or to provide for publication in the manner herein described.

G. Petitions for Exercise of Rulemaking Power. The Commission may be petitioned to exercise its power to adopt a rule of general application. Such petition shall be submitted in writing by any party who would be substantially and directly affected by such rule. The Commission will have wide discretion in this area and will exercise this rulemaking power upon petition only when it deems that such exercise would be of substantial value to the citizens of Utah. If the Commission accepts such a petition, it may adopt such rule as it deems appropriate; however, the petitioning party may submit a proposed rule for the consideration of the Commission. If the Commission acts favorably upon such a petition, it will adopt and publish the rule in the manner hereinabove described, and in addition notify the petitioner of such adoption by mail at his last known address. If the Commission declines to act on such petition, it will so notify the petitioning party in the same manner.

H. Repeal and Amendment. The procedure above described for the enactment of rules shall also be followed for the amendment or repeal of existing rules.

R861-1A-3. Division Conferences Pursuant to Utah Code**Ann. Sections 59-1-210 and 63G-4-102.**

Any party directly affected by a commission action or contemplated action may request a conference with the supervisor or designated officer of the division involved in that action.

- (1) A request may be oral or written.
- (2) A conference will be conducted in an informal manner in an effort to clarify and narrow the issues and problems involved.
- (3) The party requesting a conference will be notified of the result:
 - (a) orally or in writing;
 - (b) in person or through counsel; and
 - (c) at the conclusion of the conference or within a reasonable time thereafter.
- (4) A conference may be held at any time prior to a hearing, whether or not a petition for hearing, appeal, or other commencement of an adjudicative proceeding has been filed.

R861-1A-9. Tax Commission as Board of Equalization Pursuant to Utah Code Ann. Sections 59-2-212, 59-2-1004, and 59-2-1006.

A. Equalization Responsibilities. The Commission will sit as the State Board of Equalization in discharge of the equalization responsibilities given it by law. The Commission may sit on its own initiative to correct the valuation of property that has been overassessed, underassessed, or nonassessed as described in Section 59-2-212, and as a board of appeal from the various county boards of equalization described in Section 59-2-1004.

B. Proceedings. In all cases, appeals to the Commission shall be scheduled for hearing pursuant to Commission rules.

C. Appeals from county boards of equalization.

1. A notice of appeal filed by the taxpayer with the auditor pursuant to Section 59-2-1006 shall be presumed to have been timely filed unless the county provides convincing evidence to the contrary. In the absence of evidence of the date of mailing of the county board of equalization decision by the county auditor to the taxpayer, it shall be presumed that the decision was mailed three days after the meeting of the county board of equalization at which the decision was made.

2. If the county has not formally adopted board of equalization rules and procedures under Section 59-2-1001 that have been approved by the Commission, the procedures contained in this rule must be followed.

3. An appeal from a decision of a county board must be presented upon the same issues as were submitted to the county board in the first instance. The Commission shall consider, but is not limited to, the facts and evidence submitted to the county board.

4. The county board of equalization or county hearing officer shall prepare minutes of hearings held before them on property tax appeals. The minutes shall constitute the record on appeal.

a) For appeals concerning property value, the record shall include:

- (1) the name and address of the property owner;
- (2) the identification number, location, and description of the property;
- (3) the value placed on the property by the assessor;
- (4) the basis stated in the taxpayer's appeal;
- (5) facts and issues raised in the hearing before the county board that are not clearly evident from the assessor's records; and
- (6) the decision of the county board of equalization and the reasons for the decision.

b) Exempt Property. With respect to a decision affecting the exempt status of a property, the county board of equalization shall prepare its decision in writing, stating the reasons and statutory basis for the decision.

5. Appeals from dismissal by the county boards of equalization.

a) Decisions by the county board of equalization are final orders on the merits, and appeals to the Commission shall be on the merits except for the following:

- (1) dismissal for lack of jurisdiction;
- (2) dismissal for lack of timeliness;
- (3) dismissal for lack of evidence to support a claim for relief.

b) On an appeal from a dismissal by a county board for the exceptions under C.5.a), the only matter that will be reviewed by the Commission is the dismissal itself, not the merits of the appeal.

c) An appeal may be dismissed for lack of jurisdiction when the claimant limits arguments to issues not under the jurisdiction of the county board of equalization.

6. An appeal filed with the Commission may be remanded to the county board of equalization for further proceedings if the Commission determines that:

- a) dismissal under C.5.a)(1) or (3) was improper;
- b) the taxpayer failed to exhaust all administrative remedies at the county level; or
- c) in the interest of administrative efficiency, the matter can best be resolved by the county board.

7. An appeal filed with the Commission shall be remanded to the county board of equalization for further proceedings if the Commission determines that dismissal under C.5.a)(2) is improper under R884-24P-66.

8. To achieve standing with the county board of equalization and have a decision rendered on the merits of the case, the taxpayer shall provide the following minimum information to the county board of equalization:

- a) the name and address of the property owner;
- b) the identification number, location, and description of the property;
- c) the value placed on the property by the assessor;
- d) the taxpayer's estimate of the fair market value of the property; and
- e) a signed statement providing evidence or documentation that supports the taxpayer's claim for relief.

9. If no signed statement is attached, the county will notify the taxpayer of the defect in the claim and permit at least ten calendar days to cure the defect before dismissing the matter for lack of sufficient evidence to support the claim for relief.

10. If the taxpayer appears before the county board of equalization and fails to produce the evidence or documentation under C.8.e), the county shall send the taxpayer a notice of intent to dismiss, and permit the taxpayer at least 20 calendar days to supply the evidence or documentation. If the taxpayer fails to provide the evidence or documentation within 20 days, the county board of equalization may dismiss the matter for lack of evidence to support a claim for relief.

11. If the minimum information required under C.8. is supplied and the taxpayer produces the evidence or documentation described in the taxpayer's signed statement under C.8.e), the county board of equalization shall render a decision on the merits of the case.

R861-1A-10. Miscellaneous Provisions Pursuant to Utah Code Ann. Section 59-1-210.

A. Rights of Parties. Nothing herein shall be construed to remove or diminish any right of any party under the Constitution of the United States, the Constitution of the state of Utah, or any existing law.

B. Effect of Partial Invalidation. If any part of these rules be declared unconstitutional or in conflict with existing statutory law by a court of competent jurisdiction, the remainder shall not be affected thereby and shall continue in full force and effect.

C. Enactment of Inconsistent Legislation. Any statute

passed by the Utah Legislature inconsistent with these rules or any part thereof will effect a repeal of that part of these rules with which it is inconsistent, but of no other part.

D. Presumption of Familiarity. It will be presumed that parties dealing with the Commission are familiar with:

1. these rules and the provisions thereof,
2. the revenue laws of the state of Utah, and
3. all rules enacted by the Commission in its administration thereof.

R861-1A-11. Appeal of Corrective Action Order Pursuant to Utah Code Ann. Section 59-2-704.

A. Appeal of Corrective Action Order. Any county appealing a corrective action order issued pursuant to Section 59-2-704, shall, within 10 days of the mailing of the order, request in writing a hearing before the Commission. The Commission shall immediately set the time and place of the hearing, which shall be held no later than June 30 of the tax year to which the corrective action order applies.

B. Hearings. Hearings on corrective action order appeals shall be conducted as formal hearings and shall be governed by the procedures contained in these rules. If the parties are able to stipulate to a modification of the corrective action order, and it is evident that there is a reasonable basis for modifying the corrective action order, an amended corrective action order may be executed by the Commission. One or more commissioners may preside at a hearing under this rule with the same force and effect as if a quorum of the Commission were present. However, a decision must be made and an order signed by a quorum of the Commission.

C. Decisions and Orders. The Commission shall render its decision and order no later than July 10 of the tax year to which the corrective action order applies. Upon reaching a decision, the Commission shall immediately notify the clerk of the county board of equalization and the county assessor of that decision.

D. Sales Information. Access to Commission property sales information shall be available by written agreement with the Commission to any clerk of the county board of equalization and county assessor appealing under this rule. All other reasonable and necessary information shall be available upon request, according to Commission guidelines.

E. Conflict with Other Rules. This rule supersedes all other rules that may otherwise govern these proceedings before the Commission.

R861-1A-12. Policies and Procedures Regarding Public Disclosure Pursuant to Utah Code Ann. Section 59-1-210.

This rule outlines the policies and procedures of the Commission regarding the public disclosure of and access to documents, workpapers, decisions, and other information prepared by the Commission under provisions of Utah Code Ann. Section 59-1-210.

A. Property Tax Orders. Property tax orders signed by the Commission will be mailed to the appropriately named parties in accordance with the Commission's rules of procedure. Property tax orders may also be made available to persons other than the named parties upon written request to the Commission. Nonparty requests will be subject to the following limitations.

1. If, upon consultation with the taxpayer, the Commission determines that a particular property tax order contains information which, if disclosed, would constitute a significant competitive disadvantage to the taxpayer, the Commission may either prohibit the disclosure of the order or require that applicable information be removed from the order prior to it being made publicly available.

2. The limitation in subsection 1. does not apply if the taxpayer affirmatively waives protection against disclosure of the information.

B. Other Tax Orders. Written orders signed by the

Commission relating to all tax appeals other than property tax matters will also be mailed to the appropriately named parties in accordance with the Commission rules of procedure. Copies of these orders or information about them will not be provided to any person other than the named parties except for the following circumstances:

1. if the Commission determines that the parties have affirmatively waived any claims to confidentiality; or
2. if the Commission determines that the orders may be effectively sanitized through the deletion of references to the parties, specific tax amounts, or any other information attributable to a return filed with the Commission.

C. Imposition and Waiver of Penalty and Interest.

1. All facts surrounding the imposition of penalty and interest charges as well as requests for waiver of penalty and interest charges are considered confidential and will not be disclosed to any persons other than the parties specifically involved. These facts include the names of the involved parties, the amount of penalty and interest, type of tax involved, amount of the tax owed, reasons for the imposition of the penalty and interest, and any other information relating to imposition of the penalty and interest, except as follows:

(a) if the Commission affirmatively determines that a finding of fraud is involved and seeks the imposition of the appropriate fraud penalties, the Commission may make all pertinent facts available to the public once legal action against the parties has been commenced; or

(b) if the Commission determines that the parties have affirmatively waived their rights to confidentiality, the Commission will make all pertinent facts available to the public.

D. Commission Notes and Workpapers.

1. All workpapers, notes, and other material prepared by the commissioners, as well as staff and employees of the Commission, are to be considered confidential, and access to the specific material is restricted to employees of the Commission and its legal counsel only. Examples of this restricted material include audit workpapers and notes, ad valorem appraisal worksheets, and notes taken during hearings and deliberations. In the case of information prepared as part of an audit, the auditing division will, upon request, provide summary information of the findings to the taxpayer. These items will not be available to any person or party by discovery carried out pursuant to these rules or the Utah Rules of Civil Procedure.

2. Relevant workpapers of the property tax division prepared in connection with the assessment of property by the Commission, pursuant to the provisions of Utah Code Ann. Section 59-2-217, shall be provided to the owner of the property to which the assessment relates, at the owner's request.

E. Reciprocal Agreements. Pursuant to Utah Code Ann. Sections 59-7-537, 59-10-545 and 59-12-109, the Commission may enter into individual reciprocal agreements to share specific tax information with authorized representatives of the United States Internal Revenue Service, tax officials of other states, and representatives of local governments within the state of Utah; provided, however, that no information will be provided to any governmental entity if providing such information would violate any statute or any agreement with the Internal Revenue Service.

F. Other Agreements. Pursuant to Utah Code Ann. Section 59-12-109, the Commission may provide departments and political subdivisions of the state of Utah with copies of returns and other information required by Chapter 12 of Title 59. This information is available only in official matters and must be requested in writing by the head of the department or political subdivision. The request must specifically indicate the information being sought and how the information will be used. The Commission will respond in writing to the request and shall impose conditions of confidentiality on the use of the information disclosed.

G. Multistate Tax Commission. The Commission is

authorized to share specific tax information for audit purposes with the Multistate Tax Commission.

H. Statistical Information. The Commission authorizes the preparation and publication of statistical information regarding the payment and collection of state taxes. The information will be prepared by the various divisions of the Commission and made available after review and approval of the Commission.

I. Public Record Information. Pursuant to Utah Code Ann. 59-1-403(3)(c), the Commission may publicize the name and other appropriate information, as contained in the public record, concerning delinquent taxpayers, including their addresses, the amount of money owed by tax type, as well as any legal action taken by the Commission, including charges filed, property seized, etc. No information will be released which is not part of the existing public record.

R861-1A-13. Requests for Accommodation and Grievance Procedures Pursuant to Utah Code Ann. Section 63G-3-201, 28 CFR 35.107 1992 edition, and 42 USC 12201.

(1) Disabled individuals may request reasonable accommodations to services, programs, or activities, or a job or work environment in the following manner.

(a) Requests shall be directed to:

Accommodations Coordinator
Utah State Tax Commission
210 North 1950 West
Salt Lake City, Utah 84134

Telephone: 801-297-3811 TDD: 801-297-3819 or relay at

711

(b) Requests shall be made at least three working days prior to any deadline by which the accommodation is needed.

(c) Requests shall include the following information:

(i) the individual's name and address;

(ii) a notation that the request is made in accordance with the Americans with Disabilities Act;

(iii) a description of the nature and extent of the individual's disability;

(iv) a description of the service, program, activity, or job or work environment for which an accommodation is requested; and

(v) a description of the requested accommodation if an accommodation has been identified.

(2) The accommodations coordinator shall review all requests for accommodation with the applicable division director and shall issue a reply within two working days.

(a) The reply shall advise the individual that:

(i) the requested accommodation is being supplied; or

(ii) the requested accommodation is not being supplied because it would cause an undue hardship, and shall suggest alternative accommodations. Alternative accommodations must be described; or

(iii) the request for accommodation is denied. A reason for the denial must be included; or

(iv) additional time is necessary to review the request. A projected response date must be included.

(b) All denials of requests under Subsections (2)(a)(ii) and (2)(a)(iii) shall be approved by the executive director or designee.

(c) All replies shall be made in a suitable format. If the suitable format is a format other than writing, the reply shall also be made in writing.

(3) Disabled individuals who are dissatisfied with the reply to their request for accommodation may file a request for review with the executive director in the following manner.

(a) Requests for review shall be directed to:

Executive Director
Utah State Tax Commission
210 North 1950 West
Salt Lake City, Utah 84134

Telephone: 801-297-3841 TDD: 801-297-3819 or relay at 711

(b) A request for review must be filed within 180 days of the accommodations coordinator's reply.

(c) The request for review shall include:

- (i) the individual's name and address;
- (ii) the nature and extent of the individual's disability;
- (iii) a copy of the accommodation coordinator's reply;
- (iv) a statement explaining why the reply to the individual's request for accommodation was unsatisfactory;

(v) a description of the accommodation desired; and
(vi) the signature of the individual or the individual's legal representative.

(4) The executive director shall review all requests for review and shall issue a reply within 15 working days after receipt of the request for review.

(a) If unable to reach a decision within the 15 working day period, the executive director shall notify the individual with a disability that the decision is being delayed and the amount of additional time necessary to reach a decision.

(b) All replies shall be made in a suitable format. If the suitable format is a format other than writing, the reply shall also be made in writing.

(5) The record of each request for review, and all written records produced or received as part of each request for review, shall be classified as protected under Section 63G-2-305 until the executive director issues a decision.

(6) Once the executive director issues a decision, any portions of the record that pertain to the individual's medical condition shall remain classified as private under Section 63G-2-302 or controlled under Section 63G-2-304, whichever is appropriate. All other information gathered as part of the appeal shall be classified as private information. Only the written decision of the executive director shall be classified as public information.

Disabled individuals who are dissatisfied with the executive director's decision may appeal that decision to the commission in the manner provided in Sections 63G-4-102 through 63G-4-105.

R861-1A-15. Requirement of Social Security and Federal Identification Numbers Pursuant to Utah Code Ann. Section 59-1-210.

A. Taxpayers shall provide the Tax Commission with their social security number or federal identification number, as required by the Tax Commission.

B. Sole proprietor and partnership applicants shall provide the Tax Commission with the following information for every owner or partner of the applying entity:

- 1. name;
- 2. home address;
- 3. social security number and federal identification number, as required by the Tax Commission.

C. Corporation and limited liability applicants shall provide the Tax Commission with the following information for every officer or managing member of the applying entity:

- 1. name;
- 2. home address; and
- 3. social security number and federal identification number, as required by the Tax Commission.

D. Business trust applicants shall provide the Tax Commission with the following information for the responsible trustees:

- 1. name;
- 2. home address; and
- 3. social security number and federal identification number, as required by the Tax Commission.

R861-1A-16. Utah State Tax Commission Management Plan Pursuant to Utah Code Ann. Section 59-1-207.

(1) The executive director reports to the commission. The executive director shall meet with the commission periodically to report on the status and progress of this agreement, update the commission on the affairs of the agency and seek policy guidance. The chairman of the commission shall designate a liaison of the commission to coordinate with the executive director in the execution of this agreement.

(2) The structure of the agency is as follows:

(a) The Office of the Commission, including the commissioners and the following units that report to the commission:

- (i) Internal Audit;
- (ii) Appeals;
- (iii) Economic and Statistical; and
- (iv) Public Information.

(b) The Office of the Executive Director, including the executive director's staff and the following divisions that report to the executive director:

- (i) Administration;
- (ii) Taxpayer Services;
- (iii) Motor Vehicle;
- (iv) Auditing;
- (v) Property Tax;
- (vi) Processing; and
- (vii) Motor Vehicle Enforcement.

(3) The Executive Director shall oversee service agreements from other departments, including the Department of Human Resources and the Department of Technology Services.

(4) The commission hereby delegates full authority for the following functions to the executive director:

(a) general supervision and management of the day to day management of the operations and business of the agency conducted through the Office of the Executive Director and through the divisions set out in Subsection (2)(b);

(b) management of the day to day relationships with the customers of the agency;

(c) all original assessments, including adjustments to audit, assessment, and collection actions, except as provided in Subsections (4)(d) and (5);

(d) waivers of penalty and interest or offers in compromise agreements in amounts under \$10,000, in conformance with standards established by the commission;

(e) except as provided in Subsection (5)(g), voluntary disclosure agreements with companies, including multilevel marketers;

(f) determination of whether a county or taxing entity has satisfied its statutory obligations with respect to taxes and fees administered by the commission;

(g) human resource management functions, including employee relations, final agency action on employee grievances, and development of internal policies and procedures; and

(h) administration of Title 63G, Chapter 2, Government Records Access and Management Act.

(5) The executive director shall prepare and, upon approval by the commission, implement the following actions, agreements, and documents:

- (a) the agency budget;
- (b) the strategic plan of the agency;
- (c) administrative rules and bulletins;
- (d) waivers of penalty and interest in amounts of \$10,000 or more as per the waiver of penalty and interest policy;
- (e) offer in compromise agreements that abate tax, penalty and interest over \$10,000 as per the offer in compromise policy;
- (f) stipulated or negotiated agreements that dispose of matters on appeal; and

(g) voluntary disclosure agreements that meet the following criteria:

- (i) the company participating in the agreement is not licensed in Utah and does not collect or remit Utah sales or

corporate income tax; and

(ii) the agreement forgives a known past tax liability of \$10,000 or more.

(6) The commission shall retain authority for the following functions:

(a) rulemaking;

(b) adjudicative proceedings;

(c) private letter rulings issued in response to requests from individual taxpayers for guidance on specific facts and circumstances;

(d) internal audit processes;

(e) liaison with the governor's office;

(i) Correspondence received from the governor's office relating to tax policy will be directed to the Office of the Commission for response. Correspondence received from the governor's office that relates to operating issues of the agency will be directed to the Office of the Executive Director for research and appropriate action. The executive director shall prepare a timely response for the governor with notice to the commission as appropriate.

(ii) The executive director and staff may have other contact with the governor's office upon appropriate notice to the commission; and

(f) liaison with the Legislature.

(i) The commission will set legislative priorities and communicate those priorities to the executive director.

(ii) Under the direction of the executive director, staff may be assigned to assist the commission and the executive director in monitoring legislative meetings and assisting legislators with policy issues relating to the agency.

(7) Correspondence that has been directed to the commission or individual commissioners that relates to matters delegated to the executive director shall be forwarded to a staff member of the Office of the Executive Director for research and appropriate action. A log shall be maintained of all correspondence and periodically the executive director will review with the commission the volume, nature, and resolution of all correspondence from all sources.

(8) The executive director's staff may occasionally act as support staff to the commission for purposes of conducting research or making recommendations on tax issues.

(a) Official communications or assignments from the commission or individual commissioners to the staff reporting to the executive director shall be made through the executive director.

(b) The commissioners and the Office of the Commission staff reserve the right to contact agency staff directly to facilitate a collegial working environment and maintain communications within the agency. These contacts will exclude direct commands, specific policy implementation guidance, or human resource administration.

(9) The commission shall meet with the executive director periodically for the purpose of exchanging information and coordinating operations.

(a) The commission shall discuss with the executive director all policy decisions, appeal decisions or other commission actions that affect the day to day operations of the agency.

(b) The executive director shall keep the commission apprised of significant actions or issues arising in the course of the daily operation of the agency.

(c) When confronted with circumstances that are not covered by established policy or by instances of real or potential conflicts of interest, the executive director shall refer the matter to the commission.

R861-1A-18. Allocations of Remittances Pursuant to Utah Code Ann. Sections 59-1-210 and 59-1-705.

A. Remittances received by the commission shall be

applied first to penalty, then interest, and then to tax for the filing period and account designated by the taxpayer.

B. If no designation for period is made, the commission shall allocate the remittance so as to satisfy all penalty, interest, and tax for the oldest period before applying any excess to other periods.

C. Fees associated with Tax Commission collection activities shall be allocated from remittances in the manner designated by statute. If a statute does not provide for the manner of allocating those fees from remittances, the commission shall apply the remittance first to the collection activity fees, then to penalty, then interest, and then to tax for the filing period.

R861-1A-20. Time of Appeal Pursuant to Utah Code Ann. Sections 59-1-301, 59-1-501, 59-2-1007, 59-7-517, 59-10-532, 59-10-533, 59-10-535, 59-12-114, 59-13-210, 63G-4-201, 63G-4-401, 68-3-7, and 68-3-8.5.

(1) A request for a hearing to correct a centrally assessed property tax assessment pursuant to Section 59-2-1007 must be in writing. The request is deemed to be timely if:

(a) it is received in the commission offices on or before the close of business of the last day of the time frame provided by statute; or

(b) the date of the postmark on the envelope or cover indicates that the request was mailed on or before June 1.

(2) Except as provided in Subsection (3), a petition for redetermination of a deficiency must be received in the commission offices no later than 30 days from the date of a notice that creates the right to appeal. The petition is deemed to be timely if:

(a) in the case of mailed or hand-delivered documents:

(i) the petition is received in the commission offices on or before the close of business of the last day of the 30-day period; or

(ii) the date of the postmark on the envelope or cover indicates that the request was mailed on or before the last day of the 30-day period; or

(b) in the case of electronically-filed documents, the petition is received no later than midnight of the last day of the 30-day period.

(3) A petition for redetermination of a claim for refund filed in accordance with Sections 59-10-532 or 59-10-533 is deemed to be timely if:

(a) in the case of mailed or hand-delivered documents:

(i) the petition is received in the commission offices on or before the close of business of the last day of the time frame provided by statute; or

(ii) the date of the postmark on the envelope or cover indicates that the request was mailed on or before the last day of the time frame provided by statute; or

(b) in the case of electronically-filed documents, the petition is received no later than midnight of the last day of the time frame provided by statute.

(4) Any party adversely affected by an order of the commission may seek judicial review within the time frame provided by statute. Copies of the appeal shall be served upon the commission and upon the Office of the Attorney General.

R861-1A-22. Petitions for Commencement of Adjudicative Proceedings Pursuant to Utah Code Ann. Sections 59-1-501, and 63G-4-201.

(1) Time for Petition. Unless otherwise provided by Utah statute, petitions for adjudicative actions shall be filed within the time frames specified in R861-1A-20. If the last day of the 30-day period falls on a Saturday, Sunday, or legal holiday, the period shall run until the end of the next Tax Commission business day.

(2) Contents. A petition for adjudicative action need not

be in any particular form, but shall be in writing and, in addition to the requirements of 63G-4-201, shall contain the following:

(a) name and street address and, if available, a fax number or e-mail address of petitioner or the petitioner's representative;

(b) a telephone number where the petitioning party or that party's representative can be reached during regular business hours;

(c) petitioner's tax identification, social security number or other relevant identification number, such as real property parcel number or vehicle identification number;

(d) particular tax or issue involved, period of alleged liability, amount of tax in dispute, and, in the case of a property tax issue, the lien date;

(e) if the petition results from a letter or notice, the petition will include the date of the letter or notice and the originating division or officer; and

(f) in the case of property tax cases, the assessed value sought.

(3) Effect of Nonconformance. The commission will not reject a petition because of nonconformance in form or content, but may require an amended or substitute petition meeting the requirements of this section when such defects are present. An amended or substitute petition must be filed within 15 days after notice of the defect from the commission.

R861-1A-23. Designation of Adjudicative Proceedings Pursuant to Utah Code Ann. Section 63G-4-202.

(1) All matters shall be designated as formal proceedings and set for an initial hearing, a status conference, or a scheduling conference pursuant to R861-1A-26.

(2) A matter may be diverted to a mediation process pursuant to R861-1A-32 upon agreement of the parties and the presiding officer.

R861-1A-24. Formal Adjudicative Proceedings Pursuant to Utah Code Ann. Sections 59-1-502.5, 63G-4-206, and 63G-4-208.

(1) At a formal proceeding, an administrative law judge appointed by the commission or a commissioner may preside.

(a) Assignment of a presiding officer to a case will be made pursuant to agency procedures and not at the request of any party to the appeal.

(b) A party may request that one or more commissioners be present at any hearing. However, the decision of whether the request is granted rests with the commission.

(c) If more than one commissioner or administrative law judge is present at any hearing, the hearing will be conducted by the presiding officer assigned to the appeal, unless otherwise determined by the commission.

(2) A formal proceeding includes an initial hearing pursuant to Section 59-1-502.5, unless it is waived upon agreement of all parties, and a formal hearing on the record, if the initial hearing is waived or if a party appeals the initial hearing decision.

(a) Initial Hearing.

(i) An initial hearing pursuant to Section 59-1-502.5 shall be in the form of a conference.

(ii) In accordance with Section 59-1-502.5, the commission shall make no record of an initial hearing.

(iii) Any issue may be settled in the initial hearing, but any party has a right to a formal hearing on matters that remain in dispute after the initial hearing decision is issued.

(iv) Any party dissatisfied with the result of the initial hearing must file a timely request for a formal hearing before pursuing judicial review of unsettled matters.

(b) Formal Hearing.

(i) The commission shall make a record of all formal hearings, which may include a written record or an audio recording of the proceeding.

(ii) Evidence presented at the initial hearing will not be included in the record of the formal hearing, unless specifically requested by a party and admitted by the presiding officer.

R861-1A-26. Procedures for Formal Adjudicative Proceedings Pursuant to Utah Code Ann. Sections 59-1-501 and 63G-4-204 through 63G-4-209.

(1) A scheduling or status conference may be held.

(a) At the conference, the parties and the presiding officer may:

(i) establish deadlines and procedures for discovery;

(ii) discuss scheduling;

(iii) clarify other issues;

(iv) determine whether to refer the action to a mediation process; and

(v) determine whether the initial hearing will be waived.

(b) The scheduling or status conference may be converted to an initial hearing upon agreement of the parties.

(2) Notice of Hearing. At least ten days prior to a hearing date, the Commission shall notify the petitioning party or the petitioning party's representative by mail, e-mail, or facsimile of the date, time and place of any hearing or proceeding.

(3) Proceedings Conducted by Telephone. Any proceeding may be held with one or more of the parties on the telephone if the presiding officer determines that it will be more convenient or expeditious for one or more of the parties and does not unfairly prejudice the rights of any party. Each party to the proceeding is responsible for notifying the presiding officer of the telephone number where contact can be made for purposes of conducting the hearing.

(4) Representation.

(a) A party may pursue an appeal before the commission without assistance of legal counsel or other representation. However, a party may be represented by legal counsel or other representation at every stage of adjudication. Failure to obtain legal representation shall not be grounds for complaint at a later stage in the adjudicative proceeding or for relief on appeal from an order of the commission.

(i) For appeals concerning Utah corporate franchise and income taxes or Utah individual income taxes, legal counsel must file a power of attorney or the taxpayer must submit a signed petition for redetermination (Tax Commission form TC-738) on which the taxpayer has authorized legal counsel to represent him or her in the appeal. For all other appeals, legal counsel may, as an alternative, submit an entry of appearance.

(ii) Any representative other than legal counsel must submit a signed power of attorney authorizing the representative to act on the party's behalf and binding the party by the representative's action, unless the taxpayer submits a signed petition for redetermination (Tax Commission form TC-738) on which the taxpayer has authorized the representative to represent him or her in the appeal.

(iii) If a party is represented by legal counsel or other representation, all documents will be directed to the party's representative. Documents will be mailed to the representative's street or other address as shown in documents submitted by the representative. Documents may also be transmitted by facsimile number, e-mail address or other electronic means. A request by a party that documents be transmitted by e-mail shall constitute a waiver of confidentiality of any confidential information disclosed in that e-mail.

(b) Any division of the commission named as party to the proceeding may be represented by the Attorney General's Office upon an attorney of that office submitting an entry of appearance.

(5) Subpoena Power.

(a) Issuance. Subpoenas may be issued to secure the attendance of witnesses or the production of evidence.

(i) If all parties are represented by counsel, an attorney

admitted to practice law in Utah may issue and sign the subpoena.

(ii) In all other cases, the party requesting the subpoena must prepare it and submit it to the presiding officer for review and, if appropriate, signature. The presiding officer may inform a party of its rights under the Utah Rules of Civil Procedure.

(b) Service. Service of the subpoena shall be made by the party requesting it in a manner consistent with the Utah Rules of Civil Procedure.

(6) Motions.

(a) Consolidation. The presiding officer has discretion to consolidate cases when the same tax assessment, series of assessments, or issues are involved in each, or where the fact situations and the legal questions presented are virtually identical.

(b) Continuance. A continuance may be granted at the discretion of the presiding officer.

(i) In the absence of a scheduling order:

(A) Each party to an appeal may receive one continuance, upon request, prior to the initial hearing.

(B) If the initial hearing is waived or a formal hearing is timely requested after an initial hearing decision is issued, each party may receive one continuance, upon request, prior to the formal hearing.

(C) A request must be submitted no later than ten days prior to the proceeding for which the continuance is requested and may be denied if a party is prejudiced by the continuance.

(ii) If a scheduling order has been issued or the requesting party has already been granted a continuance, a continuance request must be submitted in writing to the presiding officer. The request must set forth specific reasons for the continuance. After reviewing the request with one or more commissioners, the presiding officer shall grant the request only if the presiding officer determines that adequate cause has been shown and that no other party or parties will be unduly prejudiced.

(c) Default. The presiding officer may enter an order of default against a party in accordance with Section 63G-4-209.

(i) The default order shall include a statement of the grounds for default and shall be delivered to all parties.

(ii) A defaulted party may seek to have the default set aside according to procedures set forth in the Utah Rules of Civil Procedure.

(d) Ruling on Motions. Motions may be made during the hearing or by written motion.

(i) Each motion shall include the grounds upon which it is based and the relief or order sought. Copies of written motions shall be served upon all other parties to the proceeding.

(ii) Upon the filing of any motion, the presiding officer may:

(A) grant or deny the motion; or

(B) set the matter for briefing, hearing, or further proceedings.

(iii) If a hearing on a motion is held that may dispose of all or a portion of the appeal or any claim or defense in the appeal, the commission shall make a record of the proceeding, which may include a written record or an audio recording of the proceeding.

(e) Requests to Withdraw Locally-Assessed Property Tax Appeals.

(i) A party who appeals a county board of equalization decision to the commission may unilaterally withdraw its appeal if:

(A) it submits a written request to withdraw the appeal 20 or more days prior to:

(I) the initial hearing; or

(II) the formal hearing, if the parties waived the initial hearing or participated in a mediation conference in lieu of the initial hearing; and

(B) no other party has filed a timely appeal of the county

board of equalization decision.

(ii) A party who appeals an initial hearing decision issued by the commission may unilaterally withdraw its appeal if:

(A) it submits a written request to withdraw 20 or more days prior to the formal hearing, regardless of whether the party who appealed the initial hearing order is also the party who appealed the county board of equalization decision; and

(B) no other party has filed a timely appeal of the initial hearing decision.

R861-1A-27. Discovery Pursuant to Utah Code Ann. Section 63G-4-205.

(1) Discovery procedures in formal proceedings shall be established during the scheduling, and status conference in accordance with the Utah Rules of Civil Procedure and other applicable statutory authority.

(2) The party requesting information or documents may be required to pay in advance the costs of obtaining or reproducing such information or documents.

R861-1A-28. Evidence in Adjudicative Proceedings Pursuant to Utah Code Ann. Sections 59-1-210, 63G-4-206, 76-8-502, and 76-8-503.

(1) Except as otherwise stated in this rule, formal proceedings shall be conducted in accordance with the Utah Rules of Evidence, and the degree of proof in a hearing before the commission shall be the same as in a judicial proceeding in the state courts of Utah.

(2) Every party to an adjudicative proceeding has the right to introduce evidence. The evidence may be oral or written, real or demonstrative, direct or circumstantial.

(a) The presiding officer may admit any reliable evidence possessing probative value which would be accepted by a reasonably prudent person in the conduct of his affairs.

(b) The presiding officer may admit hearsay evidence. However, no decision of the commission will be based solely on hearsay evidence.

(c) If a party attempts to introduce evidence into a hearing, and that evidence is excluded, the party may proffer the excluded testimony or evidence to allow the reviewing judicial authority to pass on the correctness of the ruling of exclusion on appeal.

(3) At the discretion of the presiding officer or upon stipulation of the parties, the parties may be required to reduce their testimony to writing and to prefile the testimony.

(a) Prefiled testimony may be placed on the record without being read into the record if the opposing parties have had reasonable access to the testimony before it is presented. Except upon finding of good cause, reasonable access shall be not less than ten working days.

(b) Prefiled testimony shall have line numbers inserted at the left margin and shall be authenticated by affidavit of the witness.

(c) The presiding officer may require the witness to present a summary of the prefiled testimony. In that case, the witness shall reduce the summary to writing and either file it with the prefiled testimony or serve it on all parties within 10 days after filing the testimony.

(d) If an opposing party intends to cross-examine the witness on prefiled testimony or the summary of prefiled testimony, that party must file a notice of intent to cross-examine at least 10 days prior to the date of the hearing so that witness can be scheduled to appear or within a time frame agreed upon by the parties.

(4) The presiding officer shall rule and sign orders on matters concerning the evidentiary and procedural conduct of the proceeding.

(5) Oral testimony at a formal hearing will be sworn. The oath will be administered by the presiding officer or a person

designated by him. Anyone testifying falsely under oath may be subject to prosecution for perjury in accordance with the provisions of Sections 76-8-502 and 76-8-503.

(6) Any party appearing in an adjudicative proceeding may submit a memorandum of authorities. The presiding officer may request a memorandum from any party if deemed necessary for a full and informed consideration of the issues.

R861-1A-29. Decisions, Orders, and Reconsideration Pursuant to Utah Code Ann. Section 63G-4-302.

(1) Decisions and Orders.

(a) Initial hearing decisions, formal hearing decisions, and other dispositive orders.

(i) A quorum of the commission shall deliberate all hearing decisions and other orders that could dispose of all or a portion of an appeal or any claim or defense in the appeal.

(ii) A quorum of the commission shall sign all hearing decisions and other orders that dispose of all or a portion of an appeal or any claim or defense in the appeal.

(iii) An administrative law judge, if he or she was the presiding officer for an appeal, may elect not to sign the commission's hearing decisions and other orders that dispose of all or a portion of an appeal or any claim or defense in the appeal.

(iv) An initial hearing decision shall become final upon the expiration of 30 days after the date of its issuance, except in any case where a party has earlier requested a formal hearing in writing. The date a party requests a formal hearing is the earlier of the date the envelope containing the request is postmarked or the date the request is received at the Tax Commission.

(b) Orders that are not dispositive.

(i) A quorum of the commission is not required to participate in an order that does not dispose of a portion of an appeal or any claim or defense in the appeal.

(ii) The presiding officer is authorized to sign all orders that do not dispose of a portion of an appeal or any claim or defense in the appeal.

(iii) The commission may, at its option, sign any order that does not dispose of a portion of an appeal or any claim or defense in the appeal.

(2) Reconsideration. Within 20 days after the date that an order that is dispositive of a portion or all of an appeal or any claim or defense in the appeal is issued, any party may file a written request for reconsideration alleging mistake of law or fact, or discovery of new evidence.

(a) The commission shall respond to the petition within 20 days after the date that it was received in the appeals unit to notify the petitioner whether the reconsideration is granted or denied, or is under review.

(i) If no notice is issued within the 20-day period, the commission's lack of action on the request shall be deemed to be a denial and a final order.

(ii) For purposes of calculating the 30-day limitation period for pursuing judicial review, the date of the commission's order on the reconsideration or the order of denial is the date of the final agency action.

(b) If no petition for reconsideration is made, the 30-day limitation period for pursuing judicial review begins to run from the date of the final agency action.

R861-1A-30. Ex Parte Communications Pursuant to Utah Code Ann. Sections 63G-4-203 and 63G-4-206.

(1) No commissioner or administrative law judge shall make or knowingly cause to be made to any party to an appeal any communication relevant to the merits of a matter under appeal unless notice and an opportunity to be heard are afforded to all parties.

(2) No party shall make or knowingly cause to be made to any commissioner or administrative law judge an ex parte

communication relevant to the merits of a matter under appeal for the purpose of influencing the outcome of the appeal. Discussion of procedural matters are not considered ex parte communication relevant to the merits of the appeal.

(3) A presiding officer may receive aid from staff assistants if:

(a) the assistants do not receive ex parte communications of a type that the presiding officer is prohibited from receiving, and,

(b) in an instance where assistants present information which augments the evidence in the record, all parties shall have reasonable notice and opportunity to respond to that information.

(4) Any commissioner or administrative law judge who receives an ex parte communication relevant to the merits of a matter under appeal shall place the communication into the case file and afford all parties an opportunity to comment on the information.

R861-1A-31. Declaratory Orders Pursuant to Utah Code Ann. Section 63G-4-503.

(1) A party has standing to bring a declaratory action if that party is directly and adversely affected or aggrieved by an agency action within the meaning of the relevant statute.

(2) A party with standing may petition for a declaratory order to challenge:

(a) the commission's interpretation of statutory language as stated in an administrative rule; or

(b) the commission's grant of authority under a statute.

(3) The commission shall not accept a petition for declaratory order on matters pending before the commission in an audit assessment, refund request, collections action or other agency action, or on matters pending before the court on judicial review of a commission decision.

(4) The commission may refuse to render a declaratory order if the order will not completely resolve the controversy giving rise to the proceeding or if the petitioner has other remedies through the administrative appeals processes. The commission's decision to accept or reject a petition for declaratory order rests in part on the petitioner's standing to raise the issue and on a determination that the petitioner has not already incurred tax liability under the statutes or rules challenged.

(5) A declaratory order that invalidates all or part of an administrative rule shall trigger the rulemaking process to amend the rule.

R861-1A-32. Mediation Process Pursuant to Utah Code Section 63G-4-102.

(1) Except as otherwise precluded by law, a resolution to any matter of dispute may be pursued through mediation.

(a) The parties may agree to pursue mediation any time before the formal hearing on the record.

(b) The choice of mediator and the apportionment of costs shall be determined by agreement of the parties.

(2) If mediation produces a settlement agreement, the agreement shall be submitted to the presiding officer pursuant to R861-1A-33.

(a) The settlement agreement shall be prepared by the parties or by the mediator, and promptly filed with the presiding officer.

(b) The settlement agreement shall be adopted by the commission if it is not contrary to law.

(c) If the mediation does not resolve all of the issues, the parties shall prepare a stipulation that identifies the issues resolved and the issues that remain in dispute.

(d) If any issues remain unresolved, the appeal will be scheduled for a formal hearing pursuant to R861-1A-23.

R861-1A-33. Settlement Agreements Pursuant to Utah Code

Sections 59-1-210 and 59-1- 502.5.

A. "Settlement agreement" means a stipulation, consent decree, settlement agreement or any other legally binding document or representation that resolves a dispute or issue between the parties.

B. Procedure:

1. Parties with an interest in a matter pending before a division of the Tax Commission may submit a settlement agreement for review and approval, whether or not a petition for hearing has been filed.

2. Parties to an appeal pending before the commission may submit a settlement agreement to the presiding officer for review and approval.

3. Each settlement agreement shall be in writing and executed by each party or each party's legal representative, if any, and shall contain:

- a) the nature of the claim being settled and any claims remaining in dispute;
- b) a proposed order for commission approval; and
- c) a statement that each party has been notified of, and allowed to participate in settlement negotiations.

4. A settlement agreement terminates the administrative action on the issues settled before all administrative remedies are exhausted, and, therefore, precludes judicial review of the issues. Each settlement agreement shall contain a statement that the agreement is binding and constitutes full resolution of all issues agreed upon in the settlement agreement.

5. The signed agreement shall stay further proceedings on the issues agreed upon in the settlement until the agreement is accepted or rejected by the commission or the commission's designee.

- a) If approved, the settlement agreement shall take effect by its own terms.
- b) If rejected, action on the claim shall proceed as if no settlement agreement had been reached. Offers made during the negotiation process will not be used as an admission against that party in further adjudicative proceedings.

R861-1A-34. Private Letter Rulings Pursuant to Utah Code Ann. Section 59-1-210.

A. Private letter rulings are written, informational statements of the commission's interpretation of statutes or administrative rules, or informational statements concerning the application of statutes and rules to specific facts and circumstances.

1. Private letter rulings address questions that have not otherwise been addressed in statutes, rules, or decisions issued by the commission.

2. The commission shall not knowingly issue a private letter ruling on a matter pending before the commission in an audit assessment, refund request, or other agency action, or regarding matters that are pending before the court on judicial review of a commission decision. Any private letter ruling inadvertently issued on a matter pending agency or judicial action shall be set aside until the conclusion of that action.

3. Requests for private letter rulings must be addressed to the commission in writing. If the requesting party is dissatisfied with the ruling, that party may resubmit the request along with new facts or information for commission review.

B. The weight afforded a private letter ruling in a subsequent audit or administrative appeal depends upon the degree to which the underlying facts addressed in the ruling were adequate to allow thorough consideration of the issues and interests involved.

C. A private letter ruling is not a final agency action. Petitioner must use the designated appeal process to address judicable controversies arising from the issuance of a private letter ruling.

1. If the private letter ruling leads to a denial of a claim, an

audit assessment, or some other agency action at a divisional level, the taxpayer must use the appeals procedures to challenge that action within 30 days of the final division decision.

2. If the only matter at issue in the private letter ruling is a challenge to the commission's interpretation of statutory language or a challenge to the commission's authority under a statute, the matter may come before the commission as a petition for declaratory order submitted within 30 days of the date of the ruling challenged.

R861-1A-35. Manner of Retaining Records Pursuant to Utah Code Ann. Sections 59-1-210, 59-5-104, 59-5-204, 59-6-104, 59-7-506, 59-8-105, 59-8a-105, 59-10-501, 59-12-111, 59-13-211, 59-13-312, 59-13-403, 59-14-303, and 59-15-105.

A. Definitions.

1. "Database Management System" means a software system that controls, relates, retrieves, and provides accessibility to data stored in a database.

2. "Electronic data interchange" or "EDI technology" means the computer-to-computer exchange of business transactions in a standardized, structured electronic format.

3. "Hard copy" means any documents, records, reports, or other data printed on paper.

4. "Machine-sensible record" means a collection of related information in an electronic format. Machine-sensible records do not include hard-copy records that are created or recorded on paper or stored in or by an imaging system such as microfilm, microfiche, or storage-only imaging systems.

5. "Storage-only imaging system" means a system of computer hardware and software that provides for the storage, retention, and retrieval of documents originally created on paper. It does not include any system, or part of a system, that manipulates or processes any information or data contained on the document in any manner other than to reproduce the document in hard copy or as an optical image.

6. "Taxpayer" means the person required, under Title 59 or other statutes administered by the Tax Commission, to collect, remit, or pay the tax or fee to the Tax Commission.

B. If a taxpayer retains records in both machine-sensible and hard-copy formats, the taxpayer shall make the records available to the commission in machine-sensible format upon request by the commission.

C. Nothing in this rule shall be construed to prohibit a taxpayer from demonstrating tax compliance with traditional hard-copy documents or reproductions thereof, in whole or in part, whether or not the taxpayer also has retained or has the capability to retain records on electronic or other storage media in accordance with this rule. However, this does not relieve the taxpayer of the obligation to comply with B.

D. Recordkeeping requirements for machine-sensible records.

1. Machine-sensible records used to establish tax compliance shall contain sufficient transaction-level detail information so that the details underlying the machine-sensible records can be identified and made available to the commission upon request. A taxpayer has discretion to discard duplicated records and redundant information provided its responsibilities under this rule are met.

2. At the time of an examination, the retained records must be capable of being retrieved and converted to a standard record format.

3. Taxpayers are not required to construct machine-sensible records other than those created in the ordinary course of business. A taxpayer who does not create the electronic equivalent of a traditional paper document in the ordinary course of business is not required to construct such a record for tax purposes.

4. Electronic Data Interchange Requirements.

- a) Where a taxpayer uses electronic data interchange

processes and technology, the level of record detail, in combination with other records related to the transactions, must be equivalent to that contained in an acceptable paper record.

b) For example, the retained records should contain such information as vendor name, invoice date, product description, quantity purchased, price, amount of tax, indication of tax status, and shipping detail. Codes may be used to identify some or all of the data elements, provided that the taxpayer provides a method that allows the commission to interpret the coded information.

c) The taxpayer may capture the information necessary to satisfy D.4.b) at any level within the accounting system and need not retain the original EDI transaction records provided the audit trail, authenticity, and integrity of the retained records can be established. For example, a taxpayer using electronic data interchange technology receives electronic invoices from its suppliers. The taxpayer decides to retain the invoice data from completed and verified EDI transactions in its accounts payable system rather than to retain the EDI transactions themselves. Since neither the EDI transaction nor the accounts payable system captures information from the invoice pertaining to product description and vendor name, i.e., they contain only codes for that information, the taxpayer also retains other records, such as its vendor master file and product code description lists and makes them available to the commission. In this example, the taxpayer need not retain its EDI transaction for tax purposes.

5. Electronic data processing systems requirements.

a) The requirements for an electronic data processing accounting system should be similar to that of a manual accounting system, in that an adequately designed accounting system should incorporate methods and records that will satisfy the requirements of this rule.

6. Business process information.

a) Upon the request of the commission, the taxpayer shall provide a description of the business process that created the retained records. The description shall include the relationship between the records and the tax documents prepared by the taxpayer, and the measures employed to ensure the integrity of the records.

b) The taxpayer shall be capable of demonstrating:

(1) the functions being performed as they relate to the flow of data through the system;

(2) the internal controls used to ensure accurate and reliable processing; and

(3) the internal controls used to prevent unauthorized addition, alteration, or deletion of retained records.

c) The following specific documentation is required for machine-sensible records retained pursuant to this rule:

(1) record formats or layouts;

(2) field definitions, including the meaning of all codes used to represent information;

(3) file descriptions, e.g., data set name; and

(4) detailed charts of accounts and account descriptions.

E. Records maintenance requirements.

1. The commission recommends but does not require that taxpayers refer to the National Archives and Record Administration's (NARA) standards for guidance on the maintenance and storage of electronic records, such as labeling of records, the location and security of the storage environment, the creation of back-up copies, and the use of periodic testing to confirm the continued integrity of the records. The NARA standards may be found at 36 C.F.R., Section 1234,(1995).

2. The taxpayer's computer hardware or software shall accommodate the extraction and conversion of retained machine-sensible records.

F. Access to machine-sensible records.

1. The manner in which the commission is provided access to machine-sensible records as required in B. may be satisfied

through a variety of means that shall take into account a taxpayer's facts and circumstances through consultation with the taxpayer.

2. Access will be provided in one or more of the following manners:

a) The taxpayer may arrange to provide the commission with the hardware, software, and personnel resources necessary to access the machine-sensible records.

b) The taxpayer may arrange for a third party to provide the hardware, software, and personnel resources necessary to access the machine-sensible records.

c) The taxpayer may convert the machine-sensible records to a standard record format specified by the commission, including copies of files, on a magnetic medium that is agreed to by the commission.

d) The taxpayer and the commission may agree on other means of providing access to the machine-sensible records.

G. Taxpayer responsibility and discretionary authority.

1. In conjunction with meeting the requirements of D., a taxpayer may create files solely for the use of the commission. For example, if a data base management system is used, it is consistent with this rule for the taxpayer to create and retain a file that contains the transaction-level detail from the data base management system and meets the requirements of D. The taxpayer should document the process that created the separate file to show the relationship between that file and the original records.

2. A taxpayer may contract with a third party to provide custodial or management services of the records. The contract shall not relieve the taxpayer of its responsibilities under this rule.

H. Alternative storage media.

1. For purposes of storage and retention, taxpayers may convert hard-copy documents received or produced in the normal course of business and required to be retained under this rule to microfilm, microfiche or other storage-only imaging systems and may discard the original hard-copy documents, provided the conditions of this section are met. Documents that may be stored on these media include general books of account, journals, voucher registers, general and subsidiary ledgers, and supporting records of details, such as sales invoices, purchase invoices, exemption certificates, and credit memoranda.

2. Microfilm, microfiche and other storage-only imaging systems shall meet the following requirements:

a) Documentation establishing the procedures for converting the hard-copy documents to microfilm, microfiche, or other storage-only imaging system must be maintained and made available on request. This documentation shall, at a minimum, contain a sufficient description to allow an original document to be followed through the conversion system as well as internal procedures established for inspection and quality assurance.

b) Procedures must be established for the effective identification, processing, storage, and preservation of the stored documents and for making them available for the period they are required to be retained.

c) Upon request by the commission, a taxpayer must provide facilities and equipment for reading, locating, and reproducing any documents maintained on microfilm, microfiche, or other storage-only imaging system.

d) When displayed on equipment or reproduced on paper, the documents must exhibit a high degree of legibility and readability. For this purpose, legibility is defined as the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. Readability is defined as the quality of a group of letters or numerals being recognizable as words or complete numbers.

e) All data stored on microfilm, microfiche, or other storage-only imaging systems must be maintained and arranged

in a manner that permits the location of any particular record.

f) There is no substantial evidence that the microfilm, microfiche or other storage-only imaging system lacks authenticity or integrity.

I. Effect on hard-copy recordkeeping requirements.

1. Except as otherwise provided in this section, the provisions of this rule do not relieve taxpayers of the responsibility to retain hard-copy records that are created or received in the ordinary course of business as required by existing law and regulations. Hard-copy records may be retained on a recordkeeping medium as provided in H.

2. Hard-copy records not produced or received in the ordinary course of transacting business, e.g., when the taxpayer uses electronic data interchange technology, need not be created.

3. Hard-copy records generated at the time of a transaction using a credit or debit card must be retained unless all the details necessary to determine correct tax liability relating to the transaction are subsequently received and retained by the taxpayer in accordance with this rule. These details include those listed in D.4.a) and D.4.b).

4. Computer printouts that are created for validation, control, or other temporary purposes need not be retained.

5. Nothing in this section shall prevent the commission from requesting hard-copy printouts in lieu of retained machine-sensible records at the time of examination.

R861-1A-36. Signatures Defined Pursuant to Utah Code Ann. Sections 41-1a-209, 59-7-505, 59-10-512, 59-12-107, 59-13-206, and 59-13-307.

(1) Individuals who submit an application to renew their vehicle registration on the Internet web site authorized by the Tax Commission shall use the Tax Commission assigned personal identification number included with their registration renewal information as their signature for the renewal application submitted over the Internet.

(2) Taxpayers who use the Tax Commission authorized Internet web site to file tax return information for tax types that may be filed on that web site shall use the personal identification number provided by the Tax Commission as their signature for the tax return information filed on that web site.

(3) Taxpayers who file a tax return under Title 59, Chapter 10, Individual Income Tax Act, electronically and who meet the signature requirement of the Internal Revenue Service shall be deemed to meet the signature requirement of Section 59-10-512.

(4) Taxpayers who file a corporate franchise and income tax return electronically and who meet the signature requirement of the Internal Revenue Service shall be deemed to meet the signature requirement of Section 59-7-505.

R861-1A-37. Provisions Relating to Disclosure of Commercial Information Pursuant to Utah Code Ann. Section 59-1-404.

(1) The provisions of this rule apply to the disclosure of commercial information under Section 59-1-404. For disclosure of information other than commercial information, see rule R861-1A-12.

(2) For purposes of Section 59-1-404, "assessed value of the property" includes any value proposed for a property.

(3) For purposes of Subsection 59-1-404(2), "disclosure" does not include the issuance by the commission of a decision, order, or private letter ruling containing commercial information to a:

- (a) named party of a decision or order;
- (b) party requesting a private letter ruling; or
- (c) designated representative of a party described in (3)(a) or (3)(b).

(4) For purposes of Subsection 59-1-404(6), "published decision" does not include the issuance by the commission of a decision, order, or private letter ruling containing commercial

information to a:

- (a) named party of a decision or order;
- (b) party requesting a private letter ruling; or
- (c) designated representative of a party described in (4)(a) or (4)(b).

(5) Information that may be disclosed under Section 59-1-404(3) includes:

(a) the following information related to the property's tax exempt status:

(i) information provided on the application for property tax exempt status;

(ii) information used in the determination of whether a property tax exemption should be granted or revoked; and

(iii) any other information related to a property's property tax exemption;

(b) the following information related to penalty or interest relating to property taxes that the commission or county legislative body determines should be abated:

(i) the amount of penalty or interest that is abated;

(ii) information provided on an application or request for abatement of penalty or interest;

(iii) information used in the determination of the abatement of penalty or interest; and

(iv) any other information related to the amount of penalty or interest that is abated; and

(c) the following information related to the amount of property tax due on property:

(i) the amount of taxes refunded or deducted as an erroneous or illegal assessment under Section 59-2-1321;

(ii) information provided on an application or request that property has been erroneously or illegally assessed under Section 59-2-1321; and

(iii) any other information related to the amount of taxes refunded or deducted under (5)(c)(i).

(6)(a) Except as provided in (6)(b), commercial information disclosed during an action or proceeding may not be disclosed outside the action or proceeding by any person conducting or participating in the action or proceeding.

(b) Notwithstanding (6)(a), commercial information contained in a decision issued by the commission may be disclosed outside the action or proceeding if all of the parties named in the decision agree in writing to the disclosure.

(7) The commission may disclose commercial information in a published decision as follows.

(a) If the property taxpayer that provided the commercial information does not respond in writing to the commission within 30 days of the decision's issuance, requesting that the commercial information not be published and identifying the specific commercial information the taxpayer wants protected, the commission may publish the entire decision.

(b) If the property taxpayer that provided the commercial information indicates to the commission in writing the specific commercial information that the taxpayer wants protected, the commission may publish a version of the decision that contains commercial information not identified by the taxpayer under (7)(a).

(8) The commission may share commercial information gathered from returns and other written statements with the federal government, any other state, any of the political subdivisions of another state, or any political subdivision of this state, if these political subdivisions, or the federal government grant substantially similar privileges to this state.

R861-1A-38. Class Actions Pursuant to Utah Code Ann. Section 59-1-304.

A. Unless the limitations of Section 59-1-304(2) apply, the commission may expedite the exhaustion of administrative remedies required by individuals desiring to be included as a member of the class.

B. In expediting exhaustion of administrative remedies, the commission may take any of the following actions:

1. publish sample claim forms that provide the information necessary to process a claim in a form that will reduce the burden on members of the putative class and expedite processing by the commission;
2. provide for waiver of initial hearings where requested by any party;
3. provide for expedited rulings on motions for summary judgment where the facts are not contested and the legal issues have been previously determined by the commission in ruling on the case brought by class representatives. The parties may waive oral hearing and have final orders issued based upon information submitted in the claims and division responses;
4. consolidate the cases for hearing at the commission, where a group of claims presents identical legal issues and it is agreed by the parties that the resolution of the legal issues would be dispositive of the claims;
5. designate a claim as a test or sample claim with any rulings on that test or sample claim to be applicable to all other similar claims, upon agreement of the claiming parties; or
6. any other action not listed in this rule if that action is not contrary to procedures required by statute.

R861-1A-39. Penalty for Failure to File a Return Pursuant to Utah Code Ann. Sections 10-1-405, 59-1-401, 59-12-118, and 69-2-5.

(1)(a) Subject to Subsection (1)(b), "failure to file a tax return," for purposes of the penalty for failure to file a tax return under Subsection 59-1-401(1) includes a tax return that does not contain information necessary for the commission to make a correct distribution of tax revenues to counties, cities, and towns.

(b) Subsection (1)(a) applies to a tax return filed under:

- (i) Chapter 12, Sales and Use Tax Act;
- (ii) Title 10, Chapter 1, Part 4, Municipal Telecommunications License Tax Act; or
- (iii) Title 69, Chapter 2, Emergency Telephone Service Law.

(2)(a) "Unpaid tax," for purposes of the penalty for failure to file a tax return under Subsection 59-1-401(1) includes tax remitted to the commission under Subsection (2)(b) that is:

- (i) not accompanied by a tax return; or
 - (ii) accompanied by a tax return that is subject to the penalty for failure to file a tax return.
- (b) Subsection (2)(a) applies to a tax remitted under:
- (i) Chapter 12, Sales and Use Tax Act;
 - (ii) Title 10, Chapter 1, Part 4, Municipal Telecommunications License Tax Act; or
 - (iii) Title 69, Chapter 2, Emergency Telephone Service Law.

R861-1A-40. Waiver of Requirement to Post Security Prior to Judicial Review Pursuant to Utah Code Ann. Section 59-1-611.

(1) "Post security" is as defined in Section 59-1-611.

(2)(a) A taxpayer that seeks judicial review of a final commission determination of a deficiency may apply for a waiver of the requirement to post security with the commission by:

- (i) submitting a letter requesting the waiver;
- (ii) providing financial information requested by the commission; and
- (iii) providing a copy of the financial information to the attorney general that is representing the commission in the judicial review.

(b) The financial information described in Subsection (2)(a) shall be signed by the taxpayer under penalties of perjury.

(3) Upon review of the financial information described in Subsection (2), the commission shall:

(a) determine whether the taxpayer qualifies for a waiver of the requirement to post security with the commission; or

(b) if unable to make the determination under Subsection (3)(a) from the financial information, request additional information from the taxpayer as necessary to make that determination.

R861-1A-42. Waiver of Penalty and Interest for Reasonable Cause Pursuant to Utah Code Ann. Section 59-1-401.

(1) Procedure.

(a) A taxpayer may request a waiver of penalties or interest for reasonable cause under Section 59-1-401 if the following conditions are met:

- (i) the taxpayer provides a signed statement, with appropriate supporting documentation, requesting a waiver;
- (ii) the total tax owed for the period has been paid;
- (iii) the tax liability is based on a return the taxpayer filed with the commission, and not on an estimate provided by the taxpayer or the commission;
- (iv) the taxpayer has not previously received a waiver review for the same period; and
- (v) the taxpayer demonstrates that there is reasonable cause for waiver of the penalty or interest.

(b) Upon receipt of a waiver request, the commission shall:

- (i) review the request;
 - (ii) notify the taxpayer if additional documentation is needed to consider the waiver request; and
 - (iii) review the account history for prior waiver requests, taxpayer deficiencies, and historical support for the reason given.
- (c) Each request for waiver is judged on its individual merits.

(d) If the request for waiver of penalty or interest is denied, the taxpayer has a right to appeal. Procedures for filing appeals are found in Title 63G, Chapter 4, Administrative Procedures Act, and commission rules.

(2) Reasonable Cause for Waiver of Interest. Grounds for waiving interest are more stringent than for penalty. To be granted a waiver of interest, the taxpayer must prove that the commission gave the taxpayer erroneous information or took inappropriate action that contributed to the error.

(3) Reasonable Cause for Waiver of Penalty. The following clearly documented circumstances may constitute reasonable cause for a waiver of penalty:

(a) Timely Mailing:

(i) The taxpayer mailed the return with payment to the commission by the due date and it was not timely delivered by the post office through no fault of the taxpayer.

(ii) In cases where the taxpayer cannot document a post office error, the penalties may be waived if the taxpayer:

(A) has an excellent history of compliance;

(B) proves that sufficient funds were in the bank as of the date of payment, and the check was written in numerical order; and

(C) presents documentation showing that the return or payment was mailed timely.

(b) Wrong Filing Place: The return or payment was filed on time, but was delivered to the wrong office or agency.

(c) Death or Serious Illness:

(i) The death or serious illness of a taxpayer or a member of the taxpayer's immediate family caused the delay.

(ii) With respect to a business, trust or estate, the death or illness must have been of the individual, or the immediate family of the individual, who had sole authority to file the return.

(iii) The death or illness must have occurred on or immediately prior to the due date of the return.

(d) Unavoidable Absence: The person having sole responsibility to file the return was absent from the state due to circumstances beyond his or her control.

(e) Disaster Relief:

(i) A delay in reporting, filing, or paying was due either to a federal or state declared disaster or to a natural disaster, such as fire or accident, that results in the destruction of records or disruption of business.

(ii) If delinquency or delay is due to a federally declared disaster, federal relief guidelines shall be followed.

(iii) In the absence of federal guidelines, and for other listed disasters, the taxpayer must demonstrate the matter was corrected within a reasonable time, given the circumstances.

(f) Reliance on Erroneous Tax Commission Information:

(i) Underpayments and late filings or payments were attributable to incorrect advice obtained from the commission, unless the taxpayer gave the commission inaccurate or insufficient information.

(ii) Proof of erroneous information may be based on written communication provided by the commission or, if the taxpayer clearly documents, verbal communication. Clear documentation of verbal communication should include the dates, times, and names of commission employees who provided the erroneous information.

(iii) A failure to comply will also be excused if it is demonstrated that the taxpayer requested the necessary tax forms and instructions timely, and the commission failed to timely provide the forms and instructions requested.

(g) Tax Commission Office Visit: The taxpayer proves that before expiration of the time for filing the return or making the payment, the taxpayer visited a commission office for information or help in preparing the return and a commission employee was not available for consultation.

(h) Unobtainable Records: For reasons beyond the taxpayer's control, the taxpayer was unable to obtain records to determine the amount of tax due.

(i) Reliance on Competent Tax Advisor:

(i) The taxpayer fails to file a return after furnishing all necessary and relevant information to a competent tax advisor, who incorrectly advised the taxpayer that a return was not required.

(ii) The taxpayer is required, and has an obligation, to file the return. Reliance on a tax advisor to prepare a return does not automatically constitute reasonable cause for failure to file or pay. The taxpayer must demonstrate that ordinary business care, prudence, and diligence were exercised in determining whether to seek further advice.

(j) First Time Filer:

(i) It is the first return required to be filed and the taxes were filed and paid within a reasonable time after the due date.

(ii) The commission may also consider waiving penalties on the first return after a filing period change if the return is filed and tax is paid within a reasonable time after the due date.

(k) Bank Error:

(i) The taxpayer's bank has made an error in returning a check, making a deposit or transferring money.

(ii) A letter from the bank verifying its error is required.

(l) Compliance History:

(i) The commission will consider the taxpayer's recent history for payment, filing, and delinquencies in determining whether a penalty may be waived.

(ii) The commission will also consider whether other tax returns or reports are overdue at the time the waiver is requested.

(m) Employee Embezzlement: The taxpayer shows that failure to pay was due to employee embezzlement of the tax funds and the taxpayer was unable to obtain replacement funds from any other source.

(n) Recent Tax Law Change: The taxpayer's failure to file and pay was due to a recent change in tax law that the taxpayer could not reasonably be expected to be aware of.

(4) Other Considerations for Determining Reasonable Cause.

(a) The commission allows for equitable considerations in

determining whether reasonable cause exists to waive a penalty. Equitable considerations include:

(i) whether the commission had to take legal means to collect the taxes;

(ii) if the error is caught and corrected by the taxpayer;

(iii) the length of time between the event cited and the filing date;

(iv) typographical or other written errors; and

(v) other factors the commission deems appropriate.

(b) Other clearly supported extraordinary and unanticipated reasons for late filing or payment, which demonstrate reasonable cause and the inability to comply, may justify a waiver of the penalty.

(c) In most cases, ignorance of the law, carelessness, or forgetfulness does not constitute reasonable cause for waiver. Nonetheless, other supporting circumstances may indicate that reasonable cause for waiver exists.

(d) Intentional disregard, evasion, or fraud does not constitute reasonable cause for waiver under any circumstance.

R861-1A-43. Electronic Meetings Pursuant to Utah Code Ann. Section 52-4-207.

(1) A commissioner may participate electronically in a meeting open to the public under Section 52-4-207 if all of the following conditions are met:

(a) the purpose of the meeting is to discuss a commission administrative rule;

(b) two commissioners are present at a single anchor location; and the number of separate connections for commissioners who are not present at the anchor location is no more than two.

(2)(a) The commission shall indicate in a public notice if the public may participate electronically in a meeting open to the public under Section 52-4-207.

(b) A notice provided under Subsection (2)(a) shall direct the public on how to participate electronically in the meeting.

R861-1A-44. Definition of Delivery Service Pursuant to Utah Code Ann. Section 59-1-1404.

For purposes of determining the date on which a document has been mailed under Section 59-1-1404, "delivery service" means the following delivery services the Internal Revenue Service has determined to be a designated delivery service under Section 7502, Internal Revenue Code:

(1) DHL Express (DHL):

(a) DHL Same Day Service;

(b) DHL Next Day 10:30 a.m.;

(c) DHL Next Day 12:00 p.m.;

(d) DHL DHL Next Day 3:00 p.m.; and

(e) DHL 2nd Day Service;

(2) Federal Express (FedEx):

(a) FedEx Priority Overnight;

(b) FedEx Standard Overnight;

(c) FedEx 2 Day;

(d) FedEx International Priority; and

(e) FedEx International First; and

(3) United Parcel Service (UPS):

(a) UPS Next Day Air;

(b) UPS Next Day Air Saver;

(c) UPS 2nd Day Air;

(d) UPS 2nd Day Air A.M.;

(e) UPS Worldwide Express Plus; and

(f) UPS Worldwide Express.

R865. Tax Commission, Auditing.**R865-21U. Use Tax.****R865-21U-1. Nature of Use Tax Pursuant to Utah Code Ann. Section 59-12-103.**

A. The tax imposed on amounts paid or charged for transactions under Title 59, Chapter 12 is a:

1. sales tax, if the tax is collected and remitted by a seller on the seller's in-state or out-of-state sales; or
2. use tax, if the tax is remitted by a purchaser.

B. The two taxes are compensating taxes, one supplementing the other, but both cannot be applicable to the same transaction. The rate of tax is the same.

R865-21U-2. Rules Common to Both Sales and Use Taxes Pursuant to Utah Code Ann. Section 59-12-118.

A. The use tax is a complement to the sales tax and the rules promulgated are common to both taxes.

R865-21U-6. Liability of Purchasers and Receipt For Payment to Retailers Pursuant to Utah Code Ann. Section 59-12-107.

A. Purchasers of tangible personal property--the storage, use, or other consumption of which is subject to tax--must account for the tax liability by paying the tax:

1. to the retailer from whom the property was purchased if such retailer holds a certificate of registration under the use tax act. When property is purchased from a registered retailer, the purchaser is not relieved from the tax liability unless a receipt is obtained from such retailer. This receipt need not be in any particular form but must show the name and registration number of the retailer, the name of the purchaser, the date of the sale, description of the property or reference to the sales invoice, the purchase price, and amount of tax. A sales invoice containing the above information, together with evidence of payment of such invoice, will constitute a receipt. Payment of the tax to a registered retailer under these conditions relieves the purchaser of any further liability.

2. directly to the Tax Commission if the retailer from whom the property was purchased does not hold a certificate of registration. Under these circumstances, one of the following procedures must be followed:

- (a) if the purchases are made by a business required by Section 59-12-106 to hold or obtain a sales tax license or a use tax certificate of registration, the tax is paid on a sales and use tax return;

- (b) if the purchases are made by any person as defined in Utah Code Ann. Section 59-12-102, who has no sales tax collection responsibility, and if the annual taxes due may be reasonably expected to exceed \$400, such person must apply for registration as a consumer and pay the tax using a quarterly use tax return; or

- (c) if the purchases are made by an individual who has no sales tax collection responsibility and the annual use tax liability is less than \$400, the tax is remitted using the individual income tax return filed each year. The tax is computed by using the rates provided in the income tax instructions for the address of the consumer as shown on the individual income tax form. If a consumer files as a part-year resident, the latest address in Utah is the basis for the use tax rate to report purchases subject to use tax made during the Utah residency period. If the purchaser does not meet individual income tax filing requirements, the purchaser obtains an income tax filing form and reports and pays the use tax on this form. A statement to the effect that no income tax is due and that the return is submitted for payment of use tax only shall be included with this form. An individual required to report use tax under this subsection satisfies all Tax Commission filing requirements by reporting and remitting the tax due within the time allowed to timely file his individual income tax return.

R865-21U-16. Property Sold or Used In Interstate Commerce Pursuant to Utah Code Ann. Section 59-12-107.

A. The fact that tangible personal property is purchased in interstate or foreign commerce does not exempt the property from the tax if the property is stored, used, or otherwise consumed within this state after the shipment in interstate or foreign commerce has ended.

B. The fact that tangible personal property is used in this state in interstate or foreign commerce following its storage in this state does not exempt the storage of the property from the tax. The fact that tangible personal property is used in this state in interstate or foreign commerce does not exempt the use of the property from the tax.

KEY: taxation, user tax**January 1, 2009****Notice of Continuation October 28, 2010****59-12-103****59-12-107****59-12-104****59-12-118**

R867. Tax Commission, Collections.**R867-2B. Delinquent Tax Collection.****R867-2B-1. Collection of Penalty Pursuant to Utah Code Ann. Section 59-1-302.**

A. The Tax Commission may impose a lien upon the real and personal property of an officer or director of a corporation liable to pay under Section 59-1-302.

B. The statute of limitations for imposing liens under A. is three years from the date of the penalty assessment.

R867-2B-2. Jeopardy Assessment Pursuant to Utah Code Ann. Sections 59-1-701 and 59-1-702.

A. Assessments made pursuant to Title 59, Chapter 19, Illegal Drug Stamp Act, shall meet the grounds for the jeopardy provisions under Sections 59-1-701 and 59-1-702 due to the nature of the tax and the likelihood that assets may be seized and sold by other creditors.

R867-2B-3. Sale of Seized Property Pursuant to Utah Code Ann. Section 59-1-703.

A. The Commission must approve all sales of seized property sold, pursuant to Section 59-1-703(8), prior to the Commission's final decision on the appeal.

B. The taxpayer will be notified in writing of the intent to sell the seized property at least ten days prior to the sale except when the seized property is perishable. Perishable property may be sold immediately.

C. Expenses of retaining the seized property will be determined by taking into account such things as the appraised value of the property, the storage costs for the projected appeal period, conservation, depreciation, and maintenance.

D. A taxpayer may stop a sale of seized property by posting a bond with the Tax Commission, equal to the appraised value of the property, within three days of the notice of sale.

R867-2B-4. Uniform Affixing and Displaying of Drug Stamps Pursuant to Utah Code Ann. Section 59-19-104.

A. Drug stamps issued as evidence of payment of the tax imposed on marihuana and controlled substances shall be affixed and displayed in a reasonably prominent position on the container of the marihuana or controlled substance for which they were issued.

1. For purposes of this rule, "container" means any substance or material that encloses or encircles, but is not consumed with, the marihuana or controlled substance.

2. If more than one container encloses or encircles the marihuana or controlled substance, the stamps shall be affixed to and displayed on the container closest to the marihuana or controlled substance.

B. If the marihuana or controlled substance is not encircled or enclosed in a container, the drug stamp shall be kept in reasonable proximity to the marihuana or controlled substance for which it was issued.

R912. Transportation, Motor Carrier, Ports of Entry.

R912-2. Mobile and Manufactured Homes.

R912-2-1. Authority.

This rule is enacted under the authority of Section 72-7-401 through 72-7-409.

R912-2-2. Legal Dimensions. No Permit Required.

(1) Width: 8 feet 6 inches.

(a) Measured horizontally and at right angles to longitudinal center line between two vertical points established at the outside of any protuberance on the mobile/manufactured home. Safety appurtenances such as binder chains, clearance lights, rub rails, and load securing devices, may extend up to 3 inches beyond the prescribed width on either side.

(2) Height: 14 feet.

(a) Measured vertically from level road surface top highest point of mobile/manufactured home when hitched to tow vehicle and ready for the road or loaded on semi-trailer ready for the road.

(3) Length:

(a) 45 feet. Single unit only.

(i) Measured horizontally along the longitudinal centerline from the top trailer hitch to a right-angled vertical plane established to reference the rearmost protuberance on the mobile/manufactured home, or semi-trailer lowboy.

(b) 65 feet. Combination of unit and tow vehicle.

(i) Trailer-tow combination or truck-trail and semi-trailer lowboy, measured horizontally along the longitudinal centerline from the front bumper of the tow vehicle to a right-angle vertical plane at the rearmost protuberance on the mobile/manufactured home, or semi-trailer lowboy.

R912-2-3. Measuring Homes Exceeding 14 Feet 6 Inches.

(1) When the legal dimensions are exceeded, an oversize permit is required.

(2) Mobile and manufactured homes with eaves greater than 12 inches shall be measured for overall width including eaves and pilot/escort vehicles assigned as specified in R912-9-13.

R912-2-4. Mobile/Manufactured Homes Exceeding 14 Feet 6 Inches.

(1) Mobile/manufactured homes exceeding 14 feet 6 inches up to 16 feet in wall-to-wall width, transported on their own running gear, may be issued a single trip permit under the following conditions:

(a) All tires shall be in compliance with the manufacture's tire load rating as indicated on the tire sidewall in accordance with 49 CFR 393.75(g)(1)(2).

(b) Axle/suspensions shall not exceed manufacture's capacity rating.

(c) All trailer axles shall be equipped with operational brakes.

(d) Mobile homes in excess of 16 feet wall-to-wall width may be permitted on a case-by-case basis however; prior authorization must be received by contacting the Motor Carrier Division at (801) 964-4588 or (801) 965-4508.

R912-2-5. Permit Provisions.

(1) Mobile/manufactured homes to be moved on semi-trailer lowboys may be permitted.

(2) For loads originating with Utah, a copy of the Tax Commission Movable Structure Tax Clearance/Moving Permit (TC-138) must be:

(a) Affixed to the rear end of the mobile/manufactured home or moveable structure, and

(b) Be visible to any enforcement officer or agent.

(3) Proof of obtaining a TC-138 permit must be submitted to the Department at the time of application for an Oversize

Special Transportation Permit.

(4) The oversize load permit will not be issued without proof of a TC-138 permit as specified in 41-1a-1320.

R912-2-6. Axle and Tire Requirements.

Mobile/manufactured home units see Tables I and II below for axle and tire requirements.

TABLE I

Axle and Tire Requirements

Width of Home	Length of Home	Number of 6,000 lb Rated Axles	Minimum Standards of Mobile/Manufactured Home Rated Tires
12 feet wide	To 60 feet	2 axles	7 x 14.5 / 8 ply
	Greater than 60 feet to 80 feet	3 axles	7 x 14.5 / 8 ply
14 feet	To 52 feet	2 axles	7 x 14.5 / 8 plywide
	To 72 feet	3 axles	7 x 14.5 / 8 ply
	To 80 feet	4 axles	7 x 14.5 / 8 ply

TABLE II

Axle and Tire Requirements

Width of Home	Length of Home	Number of 6,000 lb Rated Axles	Minimum Standards of Mobile/Manufactured Home Rated Tires
12 feet wide	To 65 feet	2 axles	8 x 14.5 / 8 ply
	Greater than 65 feet to 80 feet	3 axles	8 x 14.5 / 8 ply
14 feet wide	To 56 feet	2 axles	8 x 14.5 / 8 ply
	Greater than 56 feet to 80 feet	3 axles	8 x 14.5 / 8 ply

R912-2-7. Tow Vehicles.

(1) Tow vehicles shall comply with the following minimum requirements outlined in Table III:

TABLE III

Tow Vehicle Requirements

Width of Vehicle to be towed	Tire Width	Drive Axle Tire Rating Requirement	GVWR	Weight	Rear Axle Rating
Over 8' to 10'	7.00"	6-ply	N/A	6,000 lbs	N/A
Over 10' to 12'	8.00"	8-ply	35,000 GVW	8,000 lbs	15,000 lbs
Over 12' to 14.6"	8.25"	10-ply	35,000 GVW	9,000 lbs	15,000 lbs

(2) Conventional or cab-forward configuration shall have a minimum wheelbase of 120 inches.

(3) Cab-over engine tow vehicles shall have minimum wheelbase of 89 inches.

(4) Have a minimum of four rear tires.

(5) Certified pilot/escort vehicles must have two-way communication capabilities in accordance with R912-9 Pilot/Escort Requirements and Certification Program.

R912-2-8. Trailer Brakes.

(1) Trailer in excess of 8 feet 6 inches wide, up to 12 feet wide and equipped with one axle, must have operational brakes on each wheel.

(2) A minimum of two axles equipped with operative brake assemblies is required on each mobile/manufactured home unit in excess of 12 feet wide.

R912-2-9. Movement Requirements.

(1) In addition to permit provisions as specified, mobile/manufactured homes will observe the following

additional requirements:

- (a) Emergency Stops.
 - (i) When a mobile/manufactured home must stop because of emergency conditions, it shall be moved as far right as practicable away from highway traffic.
 - (ii) If any part of the combination is less than 3 feet from the right-hand edge of the nearest traffic lane, reflective triangles as outlined under 49 CFR 393.95(h) shall be posted at 100 feet and 300 feet behind the vehicle to warn oncoming traffic.
 - (iii) When an emergency dictates night parking next to the highway, an amber flashing light (minimum diameter 4 inches) shall be placed on the corner of the trailer closest to the road so as to be clearly visible to approaching traffic.
 - (iv) The height of the light shall not be less than 3 feet above the surface of the highway and not more than 8 feet above the height of the mobile/manufactured home.
- (b) Stop and Turn Signals.
 - (i) Rear mounted stop and turn signal lights shall be minimum 6 inches in diameter with 35 red reflector type lens.
 - (ii) The lens shall be mounted not more than 18 inches from the outer edge of the unit and not less than 15 inches nor more than 72 inches above the road surface.
- (c) Load Securement Requirements.
 - (i) A minimum of four 3/4 inch diameter bolts will be used to directly connect the main support members of the modular home to the support frame of moving equipment.
 - (ii) Each of the four bolts shall be at least 4 feet apart.
 - (iii) Two bolts each shall be located not less than 12 feet from the forward and rear ends of the modular home.
 - (iv) Equivalent methods of fastening may be accepted provided fastening is not accomplished with clamps that rely on friction contact between the modular home and the moving equipment.
- (d) Safety Chains.
 - (i) Two safety chains shall be used, one each on right and left sides of (but separate from) the coupling mechanism connecting the tow vehicle and the modular home while in transit.
 - (ii) Chains shall be 3/8 inch in diameter steel capable of passing a minimum brake test load of 16,200 pounds. Chains shall be strongly fastened at each end to connect the tow vehicle and manufactured home and assure that in the event of a coupling failure the manufactured home will track behind the tow vehicle.
 - (iii) When the mobile/manufactured home is transported on a semi-trailer lowboy coupled to the tow vehicles with a fifth wheel and kingpin assembly the two safety chains are not required.
- (e) Paneling of the open sides of mobile/manufactured home.
 - (i) Rigid material or 0.5 millimeter plastic sheathing backed by a rigid grillwork not exceeding squares of 4 feet to prevent billowing must fully enclose the open sides of units in transit.

R926. Transportation, Program Development.**R926-13. Designated Scenic Byways.****R926-13-1. Purpose.**

The purpose of this rule is to identify the following:

(1) The specific highways currently designated as state scenic byways.

(2) The definition of the limits of the individual scenic byways for all purposes related to that designation, including, but not limited to, grant and funding availability, and applicable outdoor advertising regulations.

(3) The specific state scenic byways within the State of Utah currently having also been designated by the National Scenic Byways Program of the Federal Highway Administration as either National Scenic Byways or All-American Roads.

R926-13-2. Authority.

The provisions of this rule are authorized by the following grants of rulemaking authority and provisions of Utah Code: Title 63G, Chapter 3; and the Designation of Highways Act, Title 72, Chapter 4.

R926-13-3. Definitions.

Terms used in this rule are defined in Title 72, Chapter 4 and in Rule 926-14-3. The following additional term is defined for this rule:

(1) "FAS" (with corresponding four-digit number) is a designation given by the department to identify local roadways off the state highway system that are part of the federal aid secondary system because they are functionally classified as minor collectors or higher.

R926-13-4. Highways Within the State That Are Designated as State Scenic Byways.

The following roads are designated as state scenic byways (date of designation is April 9, 1990 unless otherwise specified):

(1) Logan Canyon Scenic Byway. US Route 89, beginning at 1500 East in Logan and running to the intersection of SR-30 in Garden City, excluding a 20-foot segment within Garden City at a location centered at approximately mile point 497.73.

(a) Designated April 9, 1990.

(b) Shortened June 13, 2002 when designated a National Scenic Byway and the portion of US-89 from Garden City to the Utah/Idaho State Line was transferred to the Bear Lake Scenic Byway.

(c) Segment excluded May 13, 2010 by action of the Garden City town council which determined the segment at approximately mile point 497.73 lay adjacent to a non-scenic area.

(2) Bear Lake Scenic Byway. US Route 89, beginning at the Utah/Idaho state line and running to SR-30; and State Route 30, beginning at US-89, and running to East Shore Road in Laketown.

(a) Designated April 9, 1990 as Laketown Scenic Byway.

(b) Extended and renamed June 13, 2002 to include the portion of US-89 originally included in the state designation of the Logan Canyon Scenic Byway that was excluded when that byway was designated a National Scenic Byway.

(3) Ogden River Scenic Byway. State Route 39, beginning at Valley Drive, near the mouth of Ogden Canyon, and running to the eastern Wasatch-Cache Forest boundary near highway milepost 48; and State Route 158 from SR-39, and running to County Road FAS-3468; and the County Road FAS-3468, from SR-158, running to SR-39.

(4) Big Cottonwood Canyon Scenic Byway. State Route 190, beginning at SR-210, and running to the end of the Brighton Loop.

(5) Little Cottonwood Canyon Scenic Byway. State Route 210, beginning at SR-209, and running to the end of state

maintenance, near Alta.

(6) Provo Canyon Scenic Byway. US Route 189, beginning at SR-52, and running to SR-113, near Charleston; and State Route 113, from US-189 running to US-40 in Heber City.

(a) Designated April 9, 1990.

(b) Realigned onto SR-113 from the eastern portion of US-189 February 25, 2003.

(7) Mirror Lake Scenic Byway. State Route 150, beginning at SR-32 in Kamas, and running to the Utah/Wyoming State Line.

(8) Flaming Gorge-Uintas Scenic Byway. US Route 191, beginning at US-40 in Vernal, and running to the Utah/Wyoming State Line; State Route 44, from US-191, running to SR-43 in Manila; and State Route 43, from SR-44, running to the Utah/Wyoming state line.

(a) Designated April 9, 1990 on SR-44 and US-191 between SR-44 and Vernal.

(b) Added November 18, 1992 the portion of US-191 between SR-44 and the state line.

(9) Indian Canyon Scenic Byway. US Route 191, beginning at US-6 near Helper, and running to US-40 in Duchesne.

(10) The Energy Loop: Huntington and Eccles Canyons Scenic Byway. State Route 31, beginning at US-89 in Fairview, and running to SR-10 in Huntington; State Route 264, from SR-31, running to SR-96; and State Route 96, from Clear Creek, and running to US-6 near Colton.

(a) Designated April 9, 1990 on SR-31 and SR-264.

(b) Extended circa 1992 to add SR-96 between Clear Creek and Colton.

(11) Nebo Loop Scenic Byway. State Route 115, beginning at I-15 and running to SR-198; State Route 198, from SR-115 running to 600 East in Payson; and along County Road FAS-2822 (600 East) and National Forest Road 015 (FAS-1822 and the portion of FAS-1820 south of FAS-1822) running to SR-132 in Juab County.

(12) Upper Colorado River Scenic Byway. State Route 128, beginning at US-191 near Moab, and running to I-70 West Cisco interchange.

(13) Potash-Lower Colorado River Scenic Byway. State Route 279, beginning at the southwest end of SR-279 near the Potash Plant and running to US-191.

(14) Indian Creek Corridor Scenic Byway. State Route 211, beginning at US-191 and running to County Road FAS-2432; and County Road FAS-2432 from SR-211 running to the Canyonlands National Park Visitor Center.

(15) Bicentennial Highway Scenic Byway. State Route 95, beginning at SR-24, and running to US-191.

(16) Trail of The Ancients Scenic Byway. State Route 95, beginning at SR-275, and running to US-191; State Route 275, from SR-95 and running to Natural Bridges National Monument; US Route 191 from Center Street in Blanding running to SR-162 in Bluff; and State Route 162 from US-191 running to the Utah/Colorado state line.

(a) Designated February 7, 1994 on SR-275, over the eastern portion of the Bicentennial Highway Scenic Byway between SR-275 and US-191, and on US-191 between Blanding and SR-262.

(b) Extended June 6, 2001 to include US-191 between SR-262 and Bluff, and to include SR-162.

(17) Monument Valley to Bluff Scenic Byway. US Route 163, beginning at the Utah/Arizona State Line running to US-191; and US Route 191 from US-163 running to the Cottonwood Wash Bridge in Bluff.

(18) Capitol Reef Country Scenic Byway. State Route 24, beginning at SR-72 in Loa, and running to SR-95 in Hanksville.

(19) Highway 12, A Journey Through Time Scenic Byway. State Route 12, beginning at US-89 near Panguitch, and

running to SR-24 near Torrey.

(20) Markagunt High Plateau Scenic Byway. State Route 14, beginning at SR-130 and running to US-89.

(21) Cedar Breaks Scenic Byway. State Route 148, beginning at SR-14, through Cedar Breaks National Monument, running to SR-143.

(22) Brian Head-Panguitch Lake Scenic Byway. State Route 143, beginning at I-15 South Parowan Interchange, and running to US-89 in Panguitch.

(23) Beaver Canyon Scenic Byway. State Route 153, beginning at SR-160 in Beaver, and running to the end of pavement near Elk Meadows.

(24) Mt. Carmel Scenic Byway. US Route 89, beginning at the Kanab north city limit (approximately highway milepost 65), and running to SR-12.

(25) Zion Park Scenic Byway. State Route 9, beginning at I-15 and running to US-89.

(26) Kolob Fingers Road Scenic Byway. The National Park Service Road, beginning at I-15, and running to the Kolob Canyon Overlook.

(27) Dead Horse Mesa Scenic Byway. State Route 313, from US-191 running to Dead Horse Point State Park; and the Island in the Sky Road FAS-1708, from SR-313 running to Grandview Point.

(a) Designated May 16, 2002.

(28) Fishlake Scenic Byway. State Route 25 and County Roads FAS-2554 (comprising Fish Lake Road/Forest Highway 31) and FAS-3268 (Freemont River Road/Forest Highway 42), beginning at SR-24, and running to SR-72.

(a) Designated April 9, 1990, on SR-25 between SR-24 and Johnson Valley Reservoir.

(b) Extended November 18, 1992, along the Fremont River Road between Johnson Valley Reservoir and SR-72 to comprise the southern portion of the Gooseberry/Fremont Road Scenic Backway.

(29) Dinosaur Diamond Prehistoric Highway Scenic Byway. Interstate 70, from the Utah/Colorado state line running to Cisco Exit 214; the County Road FAS-1714 through Cisco, from I-70 running to SR-128; State Route 128, from the Cisco Road running to US-191 near Moab; US Route 191, from SR-128 running to I-70 at Crescent Junction; Interstate 70, from US-191 at Crescent Junction running to US-6 near Green River; US Route 6, from I-70 running to US-191 near Helper; US Route 191, from US-6 near Helper running to US-40 in Duchesne; US Route 40, from US-191 in Duchesne to the Utah/Colorado state line.

(a) Dinosaur Diamond Prehistoric Highway designated in Title 72, Chapter 4, Section 204 in 1998.

(b) Scenic byway route established with National Scenic Byway designation differs from special highway designation in that it includes County Road FAS-1714 and I-70 east of Cisco and does not at this time include those portions located on SR-10, on SR-155, or on US-191 south of SR-128.

(30) Great Salt Lake Legacy Parkway Scenic Byway. State Route 67, beginning at I-215 and running to I-15.

(a) Designated May 16, 2002.

R926-13-5. Highways Within the State That Are Designated as National Scenic Byways or All-American Roads.

The following roads are designated by the National Scenic Byways Program as National Scenic Byways or All-American Roads:

(1) Flaming Gorge-Uintas National Scenic Byway.

(a) Comprised of the Flaming Gorge-Uintas State Scenic Byway.

(b) Designated National Scenic Byway June 9, 1998.

(2) Nebo Loop National Scenic Byway.

(a) Comprised of the Nebo Loop State Scenic Byway.

(b) Designated National Scenic Byway June 9, 1998.

(3) The Energy Loop: Huntington and Eccles Canyons National Scenic Byway.

(a) Comprised of the Energy Loop: Huntington and Eccles Canyons State Scenic Byway.

(b) Designated National Scenic Byway June 15, 2000.

(4) Logan Canyon National Scenic Byway.

(a) Comprised of the Logan Canyon State Scenic Byway.

(b) Designated National Scenic Byway June 13, 2002.

(5) Dinosaur Diamond Prehistoric Highway National Scenic Byway.

(a) Comprised of the Dinosaur Diamond Prehistoric Highway Scenic Byway.

(b) Also comprises the Indian Canyon State Scenic Byway and the Upper Colorado River State Scenic Byway (excluding the portion of SR-128 between I-70 and County Road FAS-1714).

(c) Designated NSB June 13, 2002.

(6) Scenic Byway 12 All-American Road.

(a) Comprised of the Highway 12, A Journey Through Time State Scenic Byway.

(b) Designated All-American Road June 13, 2002.

(7) Trail of the Ancients National Scenic Byway.

(a) Comprised of:

(i) The Trail of the Ancients State Scenic Byway,

(ii) The Monument Valley to Bluff State Scenic Byway,

(iii) The section of the Trail of the Ancients State Scenic Backway on SR-261 starting at US-163 and running to SR-95 (but excluding for now that portion on SR-316 between SR 261 and Goosenecks State Park that was accidentally omitted on the NSB application),

(iv) The section of the Trail of the Ancients State Scenic Backway running on SR-262 between US-191 and County Road FAS-2416, and on FAS-2416 starting at SR-262 and running southeasterly to County Road FAS-2422, then northeasterly on FAS-2422 to the Utah/Colorado State Line near Hovenweep National Monument.

(b) Designated National Scenic Byway September 22, 2005.

(8) Utah's Patchwork Parkway National Scenic Byway.

(a) Comprised of Brian Head-Panguitch Lake State Scenic Byway.

(b) Designated National Scenic Byway October 16, 2009.

**KEY: transportation, scenic byways, highways

**72-4-303
63G-3-201**

R986. Workforce Services, Employment Development.**R986-200. Family Employment Program.****R986-200-201. Authority for Family Employment Program (FEP) and Family Employment Program Two Parent (FEPTP) and Other Applicable Rules.**

(1) The Department provides services to eligible families under FEP and FEPTP under the authority granted in the Employment Support Act, UCA 35A-3-301 et seq. Funding is provided by the federal government through Temporary Aid to Needy Families (TANF) as authorized by PRWORA.

(2) Rule R986-100 applies to FEP and FEPTP unless expressly noted otherwise.

R986-200-202. Family Employment Program (FEP).

(1) The goal of FEP is to increase family income through employment, and where appropriate, child support and/or disability payments.

(2) FEP is for families with no more than one able bodied parent in the household. If the family has two able bodied parents in the household, the family is not eligible for FEP but may be eligible for FEPTP. Able bodied means capable of earning at least \$500 per month in the Utah labor market.

(3) If a household has at least one incapacitated parent, the parent claiming incapacity must verify that incapacity in one of the following ways:

- (a) receipt of disability benefits from SSA;
- (b) 100% disabled by VA; or
- (c) by submitting a written statement from:
 - (i) a licensed medical doctor;
 - (ii) a doctor of osteopathy;
 - (iii) a licensed Mental Health Therapist as defined in UCA 58-60-102;

- (iv) a licensed Advanced Practice Registered Nurse; or
- (v) a licensed Physician's Assistant.

(d) the written statement in paragraph (c) of this subsection must be based on a current physical examination of the parent, not just a review of parent's medical records.

(4) Incapacity means not capable of earning \$500 per month. The incapacity must be expected to last 30 days or longer.

(5) An applicant or parent must cooperate in the obtaining of a second opinion regarding incapacity if requested by the Department. Only the costs associated with a second opinion requested by the Department will be paid for by the Department. The Department will not pay the costs associated with obtaining a second opinion if the parent requests the second opinion.

(6) An incapacitated parent is included in the FEP household assistance unit and the parent's income and assets are counted toward establishing eligibility unless the parent is a SSI recipient. If the parent is a SSI recipient, that parent is not included in the household and none of the income or assets of the SSI recipient is counted.

(7) An incapacitated parent who is included in the household must still negotiate, sign and agree to participate in an employment plan. If the incapacity is such that employment is not feasible now or in the future, participation may be limited to cooperating with ORS and filing for any assistance or benefits to which the parent may be entitled. If it is believed the incapacity might not be permanent, the parent will also be required to seek assistance in overcoming the incapacity.

R986-200-203. Citizenship and Alienage Requirements.

(1) All persons in the household assistance unit who are included in the financial assistance payment, including children, must be a citizen of the United States or meet alienage criteria.

(2) An alien is not eligible for financial assistance unless the alien meets the definition of qualified alien. A qualified alien is an alien:

- (a) who is paroled into the United States under section

212(d)(5) of the INA for at least one year;

(b) who is admitted as a refugee under section 207 of the INA;

(c) who is granted asylum under section 208 of the INA;

(d) who is a Cuban or Haitian entrant in accordance with the requirements of 45 CFR Part 401;

(e) who is an Amerasian from Vietnam and was admitted to the United States as an immigrant pursuant to Public Law 100-202 and Public Law 100-461;

(f) whose deportation is being withheld under sections 243(h) or 241(b)(3) of the INA;

(g) who is lawfully admitted for permanent residence under the INA,

(h) who is granted conditional entry pursuant to section 203(a)(7) of the INA;

(i) who meets the definition of certain battered aliens under Section 8 U.S.C. 1641(c); or

(j) who is a certified victim of trafficking.

(3) All aliens granted lawful temporary or permanent resident status under Sections 210, 302, or 303 of the Immigration Reform and Control Act of 1986, are disqualified from receiving financial assistance for a period of five years from the date lawful temporary resident status is granted.

(4) Aliens are required to provide proof, in the form of documentation issued by the United States Citizenship and Immigration Services (USCIS), of immigration status. Victims of trafficking can provide proof from the Office of Refugee Resettlement.

R986-200-204. Eligibility Requirements.

(1) To be eligible for financial assistance under the FEP or FEPTP a household assistance unit must include:

(a) a pregnant woman when it has been medically verified that she is in the third calendar month prior to the expected month of delivery, or later, and who, if the child were born and living with her in the month of payment, would be eligible. The unborn child is not included in the financial assistance payment; or

(b) at least one minor dependent child who is a citizen or meets the alienage criteria. All minor children age 6 to 16 must attend school, or be exempt under 53A-11-102, to be included in the household assistance unit for a financial assistance payment for that child.

(i) A minor child is defined as being under the age of 18 years and not emancipated by marriage or by court order; or

(ii) an unemancipated child, at least 18 years old but under 19 years old, with no high school diploma or its equivalent, who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and the school has verified a reasonable expectation the 18 year old will complete the program before reaching age 19.

(2) Households must meet other eligibility requirements of income, assets, and participation in addition to the eligibility requirements found in R986-100.

(3) Persons who are fleeing to avoid prosecution of a felony are ineligible for financial assistance.

(4) All clients who are required to complete a negotiated employment plan as provided in R986-200-206 must attend a FEP orientation meeting, sign a FEP Agreement, and negotiate and sign an employment plan within 30 days of submitting his or her application for assistance. Attendance at the orientation meeting can only be excused for reasonable cause as defined in R986-200-212(8). The application for assistance will not be complete until the client has attended the meeting.

R986-200-205. How to Determine Who Is Included in the Household Assistance Unit.

The amount of financial assistance for an eligible household is based on the size of the household assistance unit

and the income and assets of all people in the household assistance unit.

(1) The income and assets of the following individuals living in the same household must be counted in determining eligibility of the household assistance unit:

(a) all natural parents, adoptive parents and stepparents, unless expressly excluded in this section, who are related to and residing in the same household as an eligible dependent child. Natural parentage is determined as follows:

(i) A woman is the natural parent if her name appears on the birth record of the child.

(ii) For a man to be determined to be the natural parent, that relationship must be established or acknowledged or his name must appear on the birth record. If the parents have a solemnized marriage at the time of birth, relationship is established and can only be rebutted by a DNA test;

(b) household members who would otherwise be included but who are absent solely by reason of employment, school or training, or who will return home to live within 30 days;

(c) all minor siblings, half-siblings, and adopted siblings living in the same household as an eligible dependent child; and

(d) all spouses living in the household.

(2) The following individuals in the household are not counted in determining the household size for determining payment amount nor are the assets or income of the individuals counted in determining household eligibility:

(a) a recipient of SSI benefits. If the SSI recipient is the parent and is receiving FEP assistance for the child(ren) residing in the household, the SSI parent must cooperate with establishing paternity and child support enforcement for the household to be eligible. If the only dependent child is a SSI recipient, the parent or specified relative may receive a FEP assistance payment which does not include that child, provided the parent or specified relative is not on SSI and can meet all other requirements;

(b) a child during any month in which a foster care maintenance payment is being provided to meet the child's needs. If the only dependent child in the household is receiving a foster care maintenance payment, the parent or specified relative may still receive a FEP assistance payment which does not include the child, provided all other eligibility, income and asset requirements are met;

(c) an absent household member who is expected to be gone from the household for 180 days or more unless the absence is due to employment, school or training. If the absence is due to employment, school or training the household member must be included.

(3) The household assistance unit can choose whether to include or exclude the following individuals living in the household. If included, all income and assets of that person are counted:

(a) all absent household members who are expected to be temporarily absent from the home for more than 30 but not more than 180 consecutive days unless the absence is due to employment, school or training. If the absence is due to employment, school or training the household member must be included;

(b) Native American children, or deaf or blind children, who are temporarily absent while in boarding school, even if the temporary absence is expected to last more than 180 days;

(c) an adopted child who receives a federal, state or local government special needs adoption payment. If the adopted child receiving this type of payment is the only dependent child in the household and excluded, the parent(s) or specified relative may still receive a FEP or FEPTP assistance payment which does not include the child, provided all other eligibility requirements are met. If the household chooses to include the adopted child in the household assistance unit under this paragraph, the special needs adoption payment is counted as

income;

(d) former stepchildren who have no blood relationship to a dependent child in the household;

(e) a specified relative. If a household requests that a specified relative be included in the household assistance unit, only one specified relative can be included in the financial assistance payment regardless of how many specified relatives are living in the household. The income and assets of all household members are counted according to the provisions of R986-200-241.

(4) In situations where there are children in the home for which there is court order regarding custody of the children, the Department will determine if the children should be included in the household assistance unit based on the actual living arrangements of the children and not on the custody order. If the child lives in the home 50% or more of the time, the child must be included in the household assistance unit and duty of support completed. It is not an option to exclude the child. This is true even if the court awarded custody to the other parent or the court ordered joint custody. If the child lives in the household less than 50% of the time, the child cannot be included in the household. It is not an option to include the child. This is true even if the parent applying for financial assistance has been awarded custody by the court or the court ordered joint custody. If financial assistance is allowed, a joint custody order might be modified by the court under the provisions of 30-3-10.2(4) and 30-3-10.4.

(5) The income and assets of the following individuals are counted in determining eligibility even though the individual is not included in the assistance payment:

(a) a household member who has been disqualified from the receipt of assistance because of an IPV, (fraud determination);

(b) a household member who does not meet the citizenship and alienage requirements; or

(c) a minor child who is not in school full time or participating in self sufficiency activities.

R986-200-206. Participation Requirements.

(1) Payment of any and all financial assistance is contingent upon all parents in the household, including adoptive and stepparents, participating, to the maximum extent possible, in:

(a) assessment and evaluation;

(b) the completion of a negotiated employment plan; and

(c) assisting ORS in good faith to:

(i) establish the paternity of all minor children; and

(ii) establish and enforce child support obligations.

(d) obtaining any and all other sources of income. If any household member is or appears to be eligible for unemployment, SSA, Workers Compensation, VA, or any other benefits or forms of assistance, the Department will refer the individual to the appropriate agency and the individual must apply for and pursue obtaining those benefits. If an individual refuses to apply for and pursue these benefits or assistance, the individual is ineligible for financial assistance. Pursuing these benefits includes cooperating fully and providing all the necessary documentation to insure receipt of benefits. If the individual is already receiving assistance from the Department and it is found he or she is not cooperating fully to obtain benefits from another source, the individual will be considered to not be participating in his or her employment plan. If the individual is otherwise eligible for FEP or FEPTP, financial assistance will be provided until eligibility for other benefits or assistance has been determined. If an individual's application for SSA benefits is denied, the individual must fully cooperate in prosecuting an appeal of that SSA denial at least to the Social Security ALJ level.

(2) Parents who have been determined to be ineligible to

be included in the financial assistance payment are still required to participate.

(3) Children at least 16 years old but under 18 years old, unless they are in school full-time or in school part-time and working less than 100 hours per month are required to participate.

R986-200-207. Participation in Child Support Enforcement.

(1) Receipt of child support is an important element in increasing a family's income.

(2) Every natural, legal or adoptive parent has a duty to support his or her children and stepchildren even if the children do not live in the parental home.

(3) A parent's duty to support continues until the child:

(a) reaches age 18;

(b) is 18 years old and enrolled in high school during the normal and expected year of graduation;

(c) is emancipated by marriage or court order;

(d) is a member of the armed forces of the United States; or

(e) is self supporting.

(4) A client receiving financial assistance automatically assigns to the state any and all rights to child support for all children who are included in the household assistance unit while receiving financial assistance. The assignment of rights occurs even if the client claims or establishes "good cause or other exception" for refusal to cooperate. The assignment of rights to support, cooperation in establishing paternity, and establishing and enforcing child support is a condition of eligibility for the receipt of financial assistance.

(5) For each child included in the financial assistance payment, the client must also assign any and all rights to alimony or spousal support from the noncustodial parent while the client receives public assistance.

(6) The client must cooperate with the Department and ORS in establishing and enforcing the spousal and child support obligation from any and all natural, legal, or adoptive non-custodial parents.

(7) If a parent is absent from the home, the client must identify and help locate the non-custodial parent.

(8) If a child is conceived or born during a marriage, the husband is considered the legal father, even if the wife states he is not the natural father.

(9) If the child is born out of wedlock, the client must also cooperate in the establishment of paternity.

(10) ORS is solely responsible for determining if the client is cooperating in identifying the noncustodial parent and with child support establishment and enforcement efforts for the purposes of receipt of financial assistance. The Department cannot review, modify, or reject a decision made by ORS.

(11) Unless good cause is shown, financial assistance will terminate if a parent or specified relative does not cooperate with ORS in establishing paternity or enforcing child support obligations.

(12) Upon notification from ORS that the client is not cooperating, the Department will commence reconciliation procedures as outlined in R986-200-212. If the client continues to refuse to cooperate with ORS at the end of the reconciliation process, financial assistance will be terminated.

(13) Termination of financial assistance for non cooperation is immediate, without a reduction period outlined in R986-200-212, if:

(a) the client is a specified relative who is not included in the household assistance unit;

(b) the client is a parent receiving SSI benefits; or

(c) the client is participating in FEPTP.

(14) Once the financial assistance has been terminated due to the client's failure to cooperate with child support enforcement, the client must then reapply for financial assistance. This time, the client must cooperate with child

support collection prior to receiving any financial assistance.

(15) A specified relative, illegal alien, SSI recipient, or disqualified parent in a household receiving FEP assistance must assign rights to support of any kind and cooperate with all establishment and enforcement efforts even if the parent or relative is not included in the financial assistance payment.

R986-200-208. Good Cause for Not Cooperating With ORS.

(1) The Department is responsible for determining if the client has good cause or other exception for not cooperating with ORS.

(2) To establish good cause for not cooperating, the client must file a written request for a good cause determination and provide proof of good cause within 20 days of the request.

(3) A client has the right to request a good cause determination at any time, even if ORS or court proceedings have begun.

(4) Good cause for not cooperating with ORS can be shown if one of following circumstances exists:

(a) The child, for whom support is sought, was conceived as a result of incest or rape. To prove good cause under this paragraph, the client must provide:

(i) birth certificates;

(ii) medical records;

(iii) Department records;

(iv) records from another state or federal agency;

(v) court records; or

(vi) law enforcement records.

(b) Legal proceedings for the adoption of the child are pending before a court. Proof is established if the client provides copies of documents filed in a court of competent jurisdiction.

(c) A public or licensed private social agency is helping the client resolve the issue of whether to keep or relinquish the child for adoption and the discussions between the agency and client have not gone on for more than three months. The client is required to provide written notice from the agency concerned.

(d) The client's cooperation in establishing paternity or securing support is reasonably expected to result in physical or emotional harm to the child or to the parent or specified relative. If harm to the parent or specified relative is claimed, it must be significant enough to reduce that individual's capacity to adequately care for the child.

(i) Physical or emotional harm is considered to exist when it results in, or is likely to result in, an impairment that has a substantial effect on the individual's ability to perform daily life activities.

(ii) The source of physical or emotional harm may be from individuals other than the noncustodial parent.

(iii) The client must provide proof that the individual is likely to inflict such harm or has done so in the past. Proof must be from an independent source such as:

(A) medical records or written statements from a mental health professional evidencing a history of abuse or current health concern. The record or statement must contain a diagnosis and prognosis where appropriate;

(B) court records;

(C) records from the Department or other state or federal agency; or

(D) law enforcement records.

(5) If a claim of good cause is denied because the client is unable to provide proof as required under Subsection (4) (a) or (d) the client can request a hearing and present other evidence of good cause at the hearing. If the ALJ finds that evidence credible and convincing, the ALJ can make a finding of good cause under Subsections (4) (a) or (d) based on the evidence presented by the client at the hearing. A finding of good cause by the ALJ can be based solely on the sworn testimony of the client.

(6) When the claim of good cause for not cooperating is

based in whole or in part on anticipated physical or emotional harm, the Department must consider:

- (a) the client's present emotional health and history;
- (b) the intensity and probable duration of the resulting impairment;
- (c) the degree of cooperation required; and
- (d) the extent of involvement of the child in the action to be taken by ORS.

(7) The Department recognizes no other exceptions, apart from those recognized by ORS, to the requirement that a client cooperate in good faith with ORS in the establishment of paternity and establishment and enforcement of child support.

(8) If the client has exercised his or her right to an agency review or adjudicative proceeding under Utah Administrative Procedures Act on the question of non-cooperation as determined by ORS, the Department will not review, modify, or reverse the decision of ORS on the question of non-cooperation. If the client did not have an opportunity for a review with ORS, the Department will refer the request for review to ORS for determination.

(9) Once a request for a good cause determination has been made, all collection efforts by ORS will be suspended until the Department has made a decision on good cause.

(10) A client has the right to appeal a Department decision on good cause to an ALJ by following the procedures for appeal found in R986-100.

(11) If a parent requests a hearing on the basis of good cause for not cooperating, the resulting decision cannot change or modify the determination made by ORS on the question of good faith.

(12) Even if the client establishes good cause not to cooperate with ORS, if the Department supervisor determines that support enforcement can safely proceed without the client's cooperation, ORS may elect to do so. Before proceeding without the client's cooperation, ORS will give the client advance notice that it intends to commence enforcement proceedings and give the client an opportunity to object. The client must file his or her objections with ORS within 10 days.

(13) A determination that a client has good cause for non-cooperation may be reviewed and reversed by the Department upon a finding of new, or newly discovered evidence, or a change in circumstances.

R986-200-209. Participation in Obtaining an Assessment.

(1) Within 20 business days of the date the application for financial assistance has been completed and approved, the client will be assigned to an employment counselor and must complete an assessment.

(2) The assessment evaluates a client's needs and is used to develop an employment plan.

(3) Completion of the assessment requires that the client provide information about:

- (a) family circumstances including health, needs of the children, support systems, and relationships;
- (b) personal needs or potential barriers to employment;
- (c) education;
- (d) work history;
- (e) skills;
- (f) financial resources and needs; and
- (g) any other information relevant to the client's ability to become self-sufficient.

(4) The client may be required to participate in testing or completion of other assessment tools and may be referred to another person within the Department, another agency, or to a company or individual under contract with the Department to complete testing, assessment, and evaluation.

R986-200-210. Requirements of an Employment Plan.

- (1) Within 15 business days of completion of the

assessment, the following individuals in the household assistance unit are required to sign and make a good faith effort to participate to the maximum extent possible in a negotiated employment plan:

(a) All parents, including parents whose income and assets are included in determining eligibility of the household but have been determined to be ineligible or disqualified from being included in the financial assistance payment.

(b) Dependent minor children who are at least 16 years old, who are not parents, unless they are full-time students or are employed an average of 30 hours a week or more.

(2) The goal of the employment plan is obtaining marketable employment and it must contain the soonest possible target date for entry into employment consistent with the employability of the individual.

(3) An employment plan consists of activities designed to help an individual become employed. For each activity there will be:

- (a) an expected outcome;
- (b) an anticipated completion date;
- (c) the number of participation hours agreed upon per week; and

(d) a definition of what will constitute satisfactory progress for the activity.

(4) Each activity must be directed toward the goal of increasing the household's income.

(5) Activities may require that the client:

- (a) obtain immediate employment. If so, the parent client shall:

(i) promptly register for work and commence a search for employment for a specified number of hours each week; and

(ii) regularly submit a report to the Department on:

- (A) how much time was spent in job search activities;
- (B) the number of job applications completed;
- (C) the interviews attended;
- (D) the offers of employment extended; and
- (E) other related information required by the Department.

(b) participate in an educational program to obtain a high school diploma or its equivalent, if the parent client does not have a high school diploma;

(c) obtain education or training necessary to obtain employment;

(d) obtain medical, mental health, or substance abuse treatment;

(e) resolve transportation and child care needs;

(f) relocate from a rural area which would require a round trip commute in excess of two hours in order to find employment;

(g) resolve any other barriers identified as preventing or limiting the ability of the client to obtain employment, and/or

(h) participate in rehabilitative services as prescribed by the State Office of Rehabilitation.

(6) The client must meet the performance expectations of, and provide verification for, each eligible activity in the employment plan in order to stay eligible for financial assistance. A list of what will be considered acceptable documentation is available at each employment center.

(7) The client must cooperate with the Department's efforts to monitor and evaluate the client's activities and progress under the employment plan, which includes providing the Department with a release of information, if necessary to facilitate the Department's monitoring of compliance.

(8) Where available, supportive services will be provided as needed for each activity.

(9) The client agrees, as part of the employment plan, to cooperate with other agencies, or with individuals or companies under contract with the Department, as outlined in the employment plan.

- (10) An employment plan may, at the discretion of the

Department, be amended to reflect new information or changed circumstances.

(11) The number of hours of participation in subsection (3)(c) of this section will not be lower than 30 hours per week. All 30 hours must be in eligible activities. 20 of those 30 hours must be in priority activities. A list of approved priority and eligible activities is available at each employment center. If the client has a child in the household under the age of six, the number of hours of participation in subsection (3)(c) of this section is a minimum of 20 hours per week and all of those 20 hours must be in priority activities.

(12) In the event a client has barriers which prevent the client from 30 hours of participation per week, or 20 hours in priority activities, a lower number of hours of participation can be approved if:

(a) the Department identifies and documents the barriers which prevent the client from full participation; and

(b) the client agrees to participate to the maximum extent possible to resolve the barriers which prevent the client from participating.

R986-200-211. Education and Training As Part of an Employment Plan.

(1) A parent client's participation in education or training beyond that required to obtain a high school diploma or its equivalent is limited to the lesser of:

(a) 24 months which need not be continuous; or

(b) the completion of the education and training requirements of the employment plan.

(2) Post high school education or training will only be approved if all of the following are met:

(a) The client can demonstrate that the education or training would substantially increase the income level that the client would be able to achieve without the education and training, and would offset the loss of income the household incurs while the education or training is being completed.

(b) The client does not already have a degree or skills training certificate in a currently marketable occupation.

(c) An assessment specific to the client's education and training aptitude has been completed showing the client has the ability to be successful in the education or training.

(d) The mental and physical health of the client indicates the education or training could be completed successfully and the client could perform the job once the schooling is completed.

(e) The specific employment goal that requires the education or training is marketable in the area where the client resides or the client has agreed to relocate for the purpose of employment once the education/training is completed.

(f) The client, when determined appropriate, is willing to complete the education/training as quickly as possible, such as attending school full time which may include attending school during the summer.

(g) The client can realistically complete the requirements of the education or training program within the required time frames or time limits of the financial assistance program, including the 36-month lifetime limit for FEP and FEPTP, for which the client is eligible.

(3) A parent client may participate in education or training for up to six months beyond the 24-month limit if:

(a) the parent client is employed for 80 or more hours per month during each month of the extension;

(b) circumstances beyond the control of the client prevented completion within 24 months; and

(c) the Department director or designee determines that extending the 24-month limit is prudent because other employment, education, or training options do not enable the family to meet the objective of the program.

(4) A parent client with a high school diploma or equivalent who has received 24 months of education or training

while receiving financial assistance must participate a minimum of 30 hours per week in eligible activities. Twenty of those 30 hours must be in priority activities. A list of approved priority and eligible activities is available at each employment center. If the client has a child in the household under the age of six, the minimum number of hours of participation under this subsection is 20 hours per week and all of those 20 hours must be in priority activities.

(5) Graduate work can never be approved or supported as part of an employment plan.

R986-200-212. Reconciling Disputes and Termination of Financial Assistance for Failure to Comply.

If a client who is required to participate in an employment plan consistently fails, without reasonable cause, to show good faith in complying with the employment plan, the Department will terminate all or part of the financial assistance. This will apply if the Department is notified that the client has failed to cooperate with ORS as provided in R986-200-207. A termination for the reasons mentioned in this paragraph will occur only after the Department attempts reconciliation through the following process:

(1) When an employment counselor discovers that a client is not complying with his or her employment plan, the employment counselor will attempt to discuss compliance with the client and explore solutions. The employment counselor will also send written notice of the failure to comply to the client. The notice will specify a date certain by which the client must comply and the consequences of not complying by that date.

(2) If compliance is not resolved by the date specified in the notice sent under subsection (1) of this section, the employment counselor will send a second written notice and initiate termination of the household financial assistance. This second notice will advise the client that the financial assistance will terminate at the end of that month unless the client resolves the problem, as provided in paragraph (2)(a) of this section. This second notice will also provide a date certain by which the compliance problems must be resolved for benefits to continue.

(a) If the client establishes reasonable cause for not complying with the employment plan or provides required documentation by the date specified in the first or second notice, financial assistance will continue or be restored.

(b) If the compliance problem is not resolved as provided in subparagraph (a) of this subsection, the household will be ineligible for financial assistance for one full month. The client must then reapply for financial benefits and successfully complete a two week trial participation period before financial assistance will be approved.

(3) A client must demonstrate a genuine willingness to comply with the employment plan during the two week trial period.

(4) The two week trial period may be waived only if the client has cured all previous compliance issues prior to re-application.

(5) The provisions of this section apply to clients who are eligible for and receiving financial assistance during an extension period as provided in R986-200-218.

(6) A child age 16-18 who is not a parent and who is not participating will be removed from the financial assistance grant. The financial assistance will continue for other household members provided they are participating. If the child successfully completes a two week trial period, the child will be added back on to the financial assistance grant.

(7) Reasonable cause under this section means the client was prevented from participating through no fault of his or her own or failed to participate for reasons that are reasonable and compelling.

(8) Reasonable cause can also be established, as provided in 45 CFR 261.56, by a client who is a single custodial parent

caring for a child under age six who refuses to engage in required work because he or she is unable to obtain needed child care because appropriate and affordable child care arrangements are not available within a reasonable distance from the home or work site.

(9) If a client is also receiving food stamps and the client is disqualified for non-participation under this section, the client will also be subject to the food stamp sanctions found in 7CFR 273.7(f)(2) unless the client meets an exemption under food stamp regulations.

R986-200-213. Financial Assistance for a Minor Parent.

(1) Financial assistance may be provided to a single minor parent who resides in a place of residence maintained by a parent, legal guardian, or other adult relative of the single minor parent, unless the minor parent is exempt.

(2) The single minor parent may be exempt when:

(a) The minor parent has no living parent or legal guardian whose whereabouts is known;

(b) No living parent or legal guardian of the minor parent allows the minor parent to live in his or her home;

(c) The minor parent lived apart from his or her own parent or legal guardian for a period of at least one year before either the birth of the dependent child or the parent's having made application for FEP and the minor parent was self supporting during this same period of time; or

(d) The physical or emotional health or safety of the minor parent or dependent child would be jeopardized if they resided in the same residence with the minor parent's parent or legal guardian. A referral will be made to DCFS if allegations are made under this paragraph.

(3) Prior to authorizing financial assistance, the Department must approve the living arrangement of all single minor parents exempt under section (2) above. Approval of the living arrangement is not a certification or guarantee of the safety, quality, or condition of the living arrangements of the single minor parent.

(4) All minor parents regardless of the living arrangement must participate in education for parenting and life skills in infant and child wellness programs operated by the Department of Health and, for not less than 20 hours per week:

(a) attend high school or an alternative to high school, if the minor parent does not have a high school diploma;

(b) participate in education and training; and/or

(c) participate in employment.

(5) If a single minor parent resides with a parent, the Department shall include the income of the parent of the single minor parent in determining the single minor parent's eligibility for financial assistance.

(6) If a single minor parent resides with a parent who is receiving financial assistance, the single minor parent is included in the parent's household assistance unit.

(7) If a single minor parent receives financial assistance but does not reside with a parent, the Department shall seek an order requiring that the parent of the single minor parent financially support the single minor parent.

R986-200-214. Assistance for Specified Relatives.

(1) Specified relatives include:

(a) grandparents;

(b) brothers and sisters;

(c) stepbrothers and stepsisters;

(d) aunts and uncles;

(e) first cousins;

(f) first cousins once removed;

(g) nephews and nieces;

(h) people of prior generations as designated by the prefix grand, great, great-great, or great- great-great;

(i) brothers and sisters by legal adoption;

(j) the spouse of any person listed above;

(k) the former spouse of any person listed above;

(l) individuals who can prove they met one of the above mentioned relationships via a blood relationship even though the legal relationship has been terminated; and

(m) former stepparents.

(2) The Department shall require compliance with Section 30-1-4.5

(3) A specified relative may apply for financial assistance for the child. If the child is otherwise eligible, the FEP rules apply with the following exceptions:

(a) The child must have a blood or a legal relationship to the specified relative even if the legal relationship has been terminated or have a blood relationship to a dependent child who in the home and who is included in the household for assistance purposes;

(b) Both parents must be absent from the home where the child lives. This is true even for a parent who has had his or her parental rights terminated;

(c) The child must be currently living with, and not just visiting, the specified relative;

(d) The parents' obligation to financially support their child will be enforced and the specified relative must cooperate with child support enforcement; and

(e) If the parent(s) state they are willing to support the child if the child would return to live with the parent(s), the child is ineligible unless there is a court order removing the child from the parent(s) home.

(4) If the specified relative is currently receiving FEP or FEPTP, the child must be included in that household assistance unit.

(5) The income and resources of the specified relative are not counted unless the specified relative requests inclusion in the household assistance unit.

(6) If the specified relative is not currently receiving FEP or FEPTP, and the specified relative does not want to be included in the financial assistance payment, the specified relative shall be paid, on behalf of the child, the full standard financial assistance payment for one person. The size of the financial assistance payment shall be increased accordingly for each additional eligible child in the household assistance unit excluding the dependent child(ren) of the specified relative. Since the specified relative is not included in the household assistance unit, the income and assets of the specified relative, or the relative's spouse, are not counted.

(7) The specified relative may request to be included in the household assistance unit. If the specified relative is included in the household assistance unit, the household must meet all FEP eligibility requirements including participation requirements and asset limits.

(8) Income eligibility for a specified relative who wants to be included in the household assistance unit is calculated according to R986-200-241.

R986-200-215. Family Employment Program Two Parent Household (FEPTP).

(1) FEPTP is for households otherwise eligible for FEP but with two able-bodied parents in the household. Eligible refugee households with two able-bodied parents and at least one dependent child, must first exhaust RRP benefits before considering eligibility for FEPTP.

(2) Families may only participate in this program for seven months out of any 13-month period. Months of participation count toward the 36-month time limit in Sections 35A-3-306 and R986-200-217.

(3) Both parents must participate in eligible activities for a combined total of 60 hours per week, as defined in the employment plan. At least 50 of those hours must be in priority activities. A list of approved priority and eligible activities is

available at each employment center.

(4) Both parents are required to participate every week as defined in the employment plan, unless the parent can establish reasonable cause for not participating. Reasonable cause is defined in rule R986-200-212(8),

(5) Payment is made twice per month and only after proof of participation. Payment is based on the number of hours of participation by both parents. The amount of assistance is equal to the FEP payment for the household size prorated based on the number of hours which the parents participated up to a maximum of 60 hours of participation per week. In no event can the financial assistance payment per month for a FEPTP household be more than for the same size household participating in FEP.

(6) If it is determined by the employment counselor that either one of the parents has failed to participate to the maximum extent possible assistance for the entire household unit will terminate immediately.

(7) Because payment is made after performance, advance notice is not required to terminate or reduce assistance payments for households participating in FEPTP. However, if the client requests a hearing within ten days of the termination, payment of financial assistance based on participation of both parents in eligible activities can continue during the hearing process as provided in R986-100-134.

(8) The parents must meet all other requirements of FEP including but not limited to, income and asset limits, cooperation with ORS if there are legally responsible persons outside of the household assistance unit, signing a participation agreement and employment plan and applying for all other assistance or benefits to which they might be entitled.

R986-200-216. Diversion.

(1) Diversion is a one-time financial assistance payment provided to help a client avoid receiving extended cash assistance.

(2) In determining whether a client should receive diversion assistance, the Department will consider the following:

(a) the applicant's employment history;

(b) the likelihood that the applicant will obtain immediate full-time employment;

(c) the applicant's housing stability; and

(d) the applicant's child care needs, if applicable.

(3) To be eligible for diversion the applicant must;

(a) have a need for financial assistance to pay for housing or substantial and unforeseen expenses or work related expenses which cannot be met with current or anticipated resources;

(b) show that within the diversion period, the applicant will be employed or have other specific means of self support, and

(c) meet all eligibility criteria for a FEP financial assistance payment except the applicant does not need to cooperate with ORS in obtaining support. If the client is applying for other assistance such as medical or child care, the client will have to follow the eligibility rules for that type of assistance which may require cooperation with ORS.

(4) If the Department and the client agree diversion is appropriate, the client must sign a diversion agreement listing conditions, expectations and participation requirements.

(5) The diversion payment may not exceed three times the monthly financial assistance payment for the household size. All income expected to be received during the three-month period including wages and child support must be considered when negotiating the appropriate diversion payment amount.

(6) Child support will belong to the client during the three-month period, whether received by the client directly or collected by ORS. ORS will not use the child support to offset or reimburse the diversion payment.

(7) The client must agree to have the financial assistance portion of the application for assistance denied.

(8) If a diversion payment is made and the client later decides to reapply for financial assistance within three months of the date of the original application, the initial application date will be used and the amount of the diversion payment previously issued will be prorated over the three months and subtracted from the payment(s) to which the household unit is eligible.

(9) Diversion assistance is not available to clients participating in FEPTP. This is because FEPTP is based on performance and payment can only be made after performance.

R986-200-217. Time Limits.

(1) Except as provided in R986-200-218 and in Section 35A-3-306, a family cannot receive financial assistance under the FEP or FEPTP for more than 36 months.

(2) The following months count toward the 36-month time limit regardless of whether the financial assistance payment was made in this or any other state:

(a) each month when a parent client received financial assistance beginning with the month of January, 1997;

(b) each month beginning with January, 1997, where a parent resided in the household, the parent's income and assets were counted in determining the household's eligibility, but the parent was disqualified from being included in the financial payment. Disqualification occurs when a parent has been determined to have committed fraud in the receipt of public assistance or when the parent is an ineligible alien; and

(c) each month when financial assistance was reduced or a partial financial assistance payment was received beginning with the month of January, 1997.

(3) Months which do not count toward the 36 month time limit are:

(a) months where both parents were absent from the home and dependent children were cared for by a specified relative who elected to be excluded from the household unit;

(b) months where the client received financial assistance as a minor child and was not the head of a household or married to the head of a household;

(c) months during which the parent lived in Indian country, as defined in Title 18, Section 1151, United States Code 1999, or an Alaskan Native village, if the most reliable data available with respect to the month, or a period including the month, indicate that at least 50% of the adults living in Indian country or in the village were not employed;

(d) months when a parent resided in the home but were excluded from the household assistance unit. A parent is excluded when they receive SSI benefits;

(e) the first diversion period in any 12 month period of time is not counted toward the 36 month time limit. A second and all subsequent diversion periods within 12 months will count as one month toward the 36 month time limit. If a client has already used 36 months of financial assistance, the client is not eligible for diversion assistance unless the client meets one of the extension criteria in R986-200-218 in addition to all other eligibility criteria of diversion assistance; or

(f) months when a parent client received transitional assistance.

R986-200-218. Exceptions to the Time Limit.

Exceptions to the time limit may be allowed for up to 20% of the average monthly number of families receiving financial assistance from FEP and FEPTP during the previous Federal fiscal year for the following reasons:

(1) A hardship under Section 35A-3-306 is determined to exist when a parent:

(a) is determined to be medically unable to work. The client must provide proof of inability to work in one of the following ways:

(i) receipt of disability benefits from SSA;

(ii) receipt of VA Disability benefits based on the parent

being 100% disabled;

(iii) placement on the Division of Services to People with Disabilities' waiting list. Being on the waiting list indicates the person has met the criteria for a disability; or

(iv) is currently receiving Temporary Total or Permanent Total disability Workers' Compensation benefits;

(v) a medical statement completed by a medical doctor, a licensed Advanced Practice Registered Nurse, a licensed Physician's Assistant, or a doctor of osteopathy, stating the parent has a medical condition supported by medical evidence, which prevents the parent from engaging in work activities capable of generating income of at least \$500 a month. The statement must be completed by a professional skilled in both the diagnosis and treatment of the condition; or

(vi) a statement completed by a licensed clinical social worker, licensed psychologist, licensed Mental Health Therapist as defined in UCA Section 58-60-102, or psychiatrist stating that the parent has been diagnosed with a mental health condition that prevents the parent from engaging in work activities capable of generating income of at least \$500 a month. Substance abuse is considered the same as mental health condition;

(b) is under age 19 through the month of their nineteenth birthday;

(c) is currently engaged in an approved full-time job preparation, educational or training activity which the parent was expected to complete within the 36 month time limit but completion within the 36 months was not possible through no fault of the parent. Additionally, if the parent has previously received, beginning with the month of January 1997, 24 months of financial assistance while attending educational or training activities, good cause for additional months must be shown and approved;

(d) was without fault and a delay in the delivery of services provided by the Department occurred. The delay must have had an adverse effect on the parent causing a hardship and preventing the parent from obtaining employment. An extension under this section cannot be granted for more than the length of the delay;

(e) moved to Utah after exhausting 36 months of assistance in another state or states and the parent did not receive supportive services in that state or states as required under the provisions of PRWORA. To be eligible for an extension under this section, the failure to receive supportive services must have occurred through no fault of the parent and must contribute to the parent's inability to work. An extension under this section can never be for longer than the delay in services;

(f) completed an educational or training program at the 36th month and needs additional time to obtain employment;

(g) is unable to work because the parent is required in the home to meet the medical needs of a dependent. Dependent for the purposes of this paragraph means a person who the parent claims as a dependent on his or her income tax filing. Proof, consisting of a medical statement from a health care professional listed in subparagraph (1)(a)(v) or (vi) of this section is required unless the dependent is on the Travis C medicaid waiver program. The medical statement must include all of the following:

(i) the diagnosis of the dependent's condition,

(ii) the recommended treatment needed or being received for the condition,

(iii) the length of time the parent will be required in the home to care for the dependent, and

(iv) whether the parent is required to be in the home full-time or part-time; or

(h) is currently receiving assistance under one of the exceptions in this section and needs additional time to obtain employment. A client can only receive assistance for one month under this subparagraph. If the Department determines that granting an exception under this subparagraph adversely impacts its federally mandated participation rate requirements or might

otherwise jeopardize its funding, the one month exception will not be granted or

(i) is no longer employed due to a verified reduction in force (layoff) and needs additional time to find work. Participation in eligible activities is required for an exception under this subparagraph. This exception is only available for parents who were laid off on or after January 1, 2008. This exception will not be available after December 31, 2011.

(2) Additional months of financial assistance may be provided if the family includes an individual who has been battered or subjected to extreme cruelty which is a barrier to employment and the implementation of the time limit would make it more difficult to escape the situation. Battered or subjected to extreme cruelty means:

(a) physical acts which resulted in, or threatened to result in, physical injury to the individual;

(b) sexual abuse;

(c) sexual activity involving a dependent child;

(d) threats of, or attempts at, physical or sexual abuse;

(e) mental abuse which includes stalking and harassment;

or

(f) neglect or deprivation of medical care.

(3) An exception to the time limit can be granted for a maximum of an additional 24 months if:

(a) during the previous two months, the parent client was employed for no less than 20 hours per week. The employment can consist of self-employment if the parent's net income from that self-employment is at or above minimum wage; and

(b) If, at the end of the 24-month extension, the parent client qualifies for an extension under Sections (1) or (2) of this rule, an additional extension can be granted under the provisions of those sections.

(4) All clients receiving an extension must continue to participate, to the maximum extent possible, in an employment plan. This includes cooperating with ORS in the collection, establishment, and enforcement of child support and the establishment of paternity, if necessary.

(5) If a household filing unit contains more than one parent, and one parent has received at least 36 months of assistance as a parent, then the entire filing unit is ineligible unless both parents meet one of the exceptions listed above. Both parents need not meet the same exception.

(6) A family in which the only parent or both parents are ineligible aliens cannot be granted an extension under Section (3) above or for any of the reasons in Subsections (1)(c), (d), (e) or (f). This is because ineligible aliens are not legally able to work and supportive services for work, education and training purposes are inappropriate.

(7) A client who is no longer eligible for financial assistance may be eligible for other kinds of public assistance including food stamps, Child Care Assistance and medical coverage. The client must follow the appropriate application process to determine eligibility for assistance from those other programs.

(8) Exceptions are subject to a review at least once every six months.

R986-200-219. Emergency Assistance (EA) for Needy Families With Dependent Children.

(1) EA is provided in an effort to prevent homelessness. It is a payment which is limited to use for utilities and rent or mortgage.

(2) To be eligible for EA the family must meet all other FEP requirements except:

(a) the client need only meet the "gross income" test. Gross income which is available to the client must be equal to or less than 185% of the standard needs budget for the client's filing unit; and

(b) the client is not required to enter into an employment

plan or cooperate with ORS in obtaining support.

(3) The client must be homeless, in danger of becoming homeless or having the utilities at the home cut off due to a crisis situation beyond the client's control. The client must show that:

(a) The family is facing eviction or foreclosure because of past due rent or mortgage payments or unpaid utility bills which result from the crisis;

(b) A one-time EA payment will enable the family to obtain or maintain housing or prevent the utility shut off while they overcome the temporary crisis;

(c) Assistance with one month's rent or mortgage payment is enough to prevent the eviction, foreclosure or termination of utilities;

(d) The client has the ability to resolve past due payments and pay future months' rent or mortgage payments and utility bills after resolution of the crisis; and

(e) The client has exhausted all other resources.

(4) Emergency assistance is available for only 30 consecutive days during a year to any client or that client's household. If, for example, a client receives an EA payment of \$450 for rent on April 1 and requests an additional EA payment of \$300 for utilities on or before April 30 of that same year, the request for an EA payment for utilities will be considered. If the request for an additional payment for utilities is made after April 30, it cannot be considered for payment. The client will not be eligible for another EA payment until April 1 of the following year. A year is defined as 365 days following the initial date of payment of EA.

(5) Payments will not exceed \$450 per family for one month's rent payment or \$700 per family for one month's mortgage payment, and \$300 for one month's utilities payment.

R986-200-220. Mentors.

(1) The Department will recruit and train volunteers to serve as mentors for parent clients. The Department may elect to contract for the recruitment and training of the volunteers.

(2) A mentor may advocate on behalf of a parent client and help a parent client:

- (a) develop life skills;
- (b) implement an employment plan; or
- (c) obtain services and support from:
 - (i) the volunteer mentor;
 - (ii) the Department; or
 - (iii) civic organizations.

R986-200-230. Assets Counted in Determining Eligibility.

(1) All available assets, unless exempt, are counted in determining eligibility. An asset is available when the applicant or client owns it and has the ability and the legal right to sell it or dispose of it. An item is never counted as both income and an asset in the same month.

(2) The value of an asset is determined by its equity value. Equity value is the current market value less any debts still owing on the asset. Current market value is the asset's selling price on the open market as set by current standards of appraisal.

(3) Both real and personal property are considered assets. Real property is an item that is fixed, permanent, or immovable. This includes land, houses, buildings, mobile homes and trailer homes. Personal property is any item other than real property.

(4) If an asset is potentially available, but a legal impediment to making it available exists, it is exempt until it can be made available. The applicant or client must take appropriate steps to make the asset available unless:

(a) Reasonable action would not be successful in making the asset available; or

(b) The probable cost of making the asset available exceeds its value.

(5) The value of countable real and personal property cannot exceed \$2,000.

(6) If the household assets are below the limits on the first day of the month the household is eligible for the remainder of the month.

R986-200-231. Assets That Are Not Counted (Exempt) for Eligibility Purposes.

The following are not counted as an asset when determining eligibility for financial assistance:

(1) the home in which the family lives, and its contents, unless any single item of personal property has a value over \$1,000, then only that item is counted toward the \$2,000 limit. If the family owns more than one home, only the primary residence is exempt and the equity value of the other home is counted;

(2) the value of the lot on which the home stands is exempt if it does not exceed the average size of residential lots for the community in which it is located. The value of the property in excess of an average size lot is counted if marketable;

(3) water rights attached to the home property are exempt;

(4) motorized vehicles;

(5) with the exception of real property, the value of income producing property necessary for employment;

(6) the value of any reasonable assistance received for post-secondary education;

(7) bona fide loans, including reverse equity loans;

(8) per capita payments or any asset purchased with per capita payments made to tribal members by the Secretary of the Interior or the tribe. Any asset purchased with profit distributions or income to tribal members derived from tribal owned casinos and privately owned land is countable;

(9) maintenance items essential to day-to-day living;

(10) life estates;

(11) an irrevocable trust where neither the corpus nor income can be used for basic living expenses;

(12) for refugees, as defined under R986-300-303(1), assets that remain in the refugee's country of origin are not counted;

(13) one burial plot per member of the household. A burial plot is a burial space and any item related to repositories used for the remains of the deceased. This includes caskets, concrete vaults, urns, crypts, grave markers, etc. If the individual owns a grave site, the value of which includes opening and closing, the opening and closing is also exempt;

(14) a burial/funeral fund up to a maximum of \$1,500 per member of the household;

(a) The value of any irrevocable burial trust is subtracted from the \$1,500 burial/funeral fund exemption. If the irrevocable burial trust is valued at \$1,500 or more, it reduces the burial/funeral fund exemption to zero.

(b) After deducting any irrevocable burial trust, if there is still a balance in the burial/funeral fund exemption amount, the remaining exemption is reduced by the cash value of any burial contract, funeral plan, or funds set aside for burial up to a maximum of \$1,500. Any amount over \$1,500 is considered an asset;

(15) any interest which is accrued on an exempt burial contract, funeral plan, or funds set aside for burial is exempt as income or assets. If an individual removes the principal or interest and uses the money for a purpose other than the individual's burial expenses, the amount withdrawn is countable income; and

(16) any other property exempt under federal law.

R986-200-232. Considerations in Evaluating Real Property.

(1) Any nonexempt real property that an applicant or client is making a bona fide effort to sell is exempt for a nine-month period provided the applicant or client agrees to repay, from the proceeds of the sale, the amount of financial and/or child care assistance received. Bona fide effort to sell means placing the

property up for sale at a price no greater than the current market value. Additionally, to qualify for this exemption, the applicant or client must assign, to the state of Utah, a lien against the real property under consideration. If the property is not sold during the period of time the client was receiving financial and/or child care assistance or if the client loses eligibility for any reason during the nine-month period, the lien will not be released until repayment of all financial and/or child care assistance is made.

(2) Payments received on a sales contract for the sale of an exempt home are not counted if the entire proceeds are committed to replacement of the property sold within 30 days of receipt and the purchase is completed within 90 days. If more than 90 days is needed to complete the actual purchase, one 90-day extension may be granted. Proceeds are defined as all payments made on the principal of the contract. Proceeds do not include interest earned on the principal which is counted as income.

R986-200-233. Considerations in Evaluating Household Assets.

(1) The assets of a disqualified household member are counted.

(2) The assets of a ward that are controlled by a legal guardian are considered available to the ward.

(3) The assets of an ineligible child are exempt.

(4) When an ineligible alien is a parent, the assets of that alien parent are counted in determining eligibility for other family members.

(5) Certain aliens who have been legally admitted to the United States for permanent residence must have the income and assets of their sponsors considered in determining eligibility for financial assistance under applicable federal authority in accordance with R986-200-243.

R986-200-234. Income Counted in Determining Eligibility.

(1) The amount of financial assistance is based on the household's monthly income and size.

(2) Household income means the payment or receipt of countable income from any source to any member counted in the household assistance unit including:

(a) children; and

(b) people who are disqualified from being counted because of a prior determination of fraud (IPV) or because they are an ineligible alien.

(3) The income of SSI recipients is not counted.

(4) Countable income is gross income, whether earned or unearned, less allowable exclusions listed in section R986-200-239.

(5) Money is not counted as income and an asset in the same month.

(6) If an individual has elected to have a voluntary reduction or deduction taken from an entitlement to earned or unearned income, the voluntary reduction or deduction is counted as gross income. Voluntary reductions include insurance premiums, savings, and garnishments to pay an owed obligation.

R986-200-235. Unearned Income.

(1) Unearned income is income received by an individual for which the individual performs no service.

(2) Countable unearned income includes:

(a) pensions and annuities such as Railroad Retirement, Social Security, VA, Civil Service;

(b) disability benefits such as sick pay and workers' compensation payments unless considered as earned income;

(c) unemployment insurance, except, starting March 1, 2009 and continuing as long as it is authorized by Congress and not counted for food stamps, the \$25 supplemental weekly Unemployment Compensation payment authorized by the

American Recovery and Reinvestment Act of 2009 (ARRA) will not be countable unearned income;

(d) strike or union benefits;

(e) VA allotment;

(f) income from the GI Bill;

(g) assigned support retained in violation of statute is counted when a request to do so has been generated by ORS;

(h) payments received from trusts made for basic living expenses;

(i) payments of interest from stocks, bonds, savings, loans, insurance, a sales contract, or mortgage. This applies even if the payments are from the sale of an exempt home. Payments made for the down payment or principal are counted as assets;

(j) inheritances;

(k) life insurance benefits;

(l) payments from an insurance company or other source for personal injury, interest, or destroyed, lost or stolen property unless the money is used to replace that property;

(m) cash contributions from any source including family, a church or other charitable organization;

(n) rental income if the rental property is managed by another individual or company for the owner. Income from rental property managed by someone in the household assistance unit is considered earned income;

(o) financial assistance payments received from another state or the Department from another type of financial assistance program including a diversion payment; and

(p) payments from Job Corps and Americorps living allowances.

(3) Unearned income which is not counted (exempt):

(a) cash gifts for special occasions which do not exceed \$30 per quarter for each person in the household assistance unit. The gift can be divided equally among all members of the household assistance unit;

(b) bona fide loans, including reverse equity loans on an exempt property. A bona fide loan means a loan which has been contracted in good faith without fraud or deceit and genuinely endorsed in writing for repayment;

(c) the value of food stamps, food donated from any source, and the value of vouchers issued under the Women Infants and Children program;

(d) any per capita payments made to individual tribal members by either the secretary of interior or the tribe are excluded. Profit distributions or income to tribal members derived from tribal owned casinos and privately owned land are countable income;

(e) any payments made to household members that are declared exempt under federal law;

(f) the value of governmental rent and housing subsidies, federal relocation assistance, or EA issued by the Department;

(g) money from a trust fund to provide for or reimburse the household for a specific item NOT related to basic living expenses. This includes medical expenses and educational expenses. Money from a trust fund to provide for or reimburse a household member for basic living expenses is counted;

(h) travel and training allowances and reimbursements if they are directly related to training, education, work, or volunteer activities;

(i) all unearned income in-kind. In-kind means something, such as goods or commodities, other than money;

(j) thirty dollars of the income received from rental income unless greater expenses can be proven. Expenses in excess of \$30 can be allowed for:

(i) taxes;

(ii) attorney fees expended to make the rental income available;

(iii) upkeep and repair costs necessary to maintain the current value of the property; and

(iv) interest paid on a loan or mortgage made for upkeep or

repair. Payment on the principal of the loan or mortgage cannot be excluded;

(k) if meals are provided to a roomer/boarder, the value of a one-person food stamp allotment for each roomer/boarder;

(l) payments for energy assistance including H.E.A.T payments, assistance given by a supplier of home energy, and in-kind assistance given by a private non-profit agency;

(m) federal and state income tax refunds and earned income tax credit payments;

(n) payments made by the Department to reimburse the client for education or work expenses, or a CC subsidy;

(o) income of an SSI recipient. Neither the payment from SSI nor any other income, including earned income, of an SSI recipient is included;

(p) payments from a person living in the household who is not included in the household assistance unit, as defined in R986-200-205, when the payment is intended and used for that person's share of the living expenses;

(q) educational assistance and college work study except Veterans Education Assistance intended for family members of the student, living stipends and money earned from an assistantship program is counted as income; and

(r) for a refugee, as defined in R986-300-303(1), any grant or assistance, whether cash or in-kind, received directly or indirectly under the Reception and Placement Programs of Department of State or Department of Justice.

R986-200-236. Earned Income.

(1) All earned income is counted when it is received even if it is an advance on wages, salaries or commissions.

(2) Countable earned income includes:

(a) wages, except Americorps*Vista living allowances are not counted;

(b) salaries;

(c) commissions;

(d) tips;

(e) sick pay which is paid by the employer;

(f) temporary disability insurance or temporary workers' compensation payments which are employer funded and made to an individual who remains employed during recuperation from a temporary illness or injury pending the employee's return to the job;

(g) rental income only if managerial duties are performed by the owner to receive the income. The number of hours spent performing those duties is not a factor. If the property is managed by someone other than the individual, the income is counted as unearned income;

(h) net income from self-employment less allowable expenses, including income over a period of time for which settlement is made at one given time. The periodic payment is annualized prospectively. Examples include the sale of farm crops, livestock, and poultry. A client may deduct actual, allowable expenses, or may opt to deduct 40% of the gross income from self-employment to determine net income;

(i) training incentive payments and work allowances; and

(j) earned income of dependent children.

(3) Income that is not counted as earned income:

(a) income for an SSI recipient;

(b) reimbursements from an employer for any bona fide work expense;

(c) allowances from an employer for travel and training if the allowance is directly related to the travel or training and identifiable and separate from other countable income; or

(d) Earned Income Tax Credit (EITC) payments.

R986-200-237. Lump Sum Payments.

(1) Lump sum payments are one-time windfalls or retroactive payments of earned or unearned income. Lump sums include but are not limited to, inheritances, insurance settlements,

awards, winnings, gifts, and severance pay, including when a client cashes out vacation, holiday, and sick pay. They also include lump sum payments from Social Security, VA, UI, Worker's Compensation, and other one-time payments. Payments from SSA that are paid out in installments are not considered lump sum payments but as income, even if paid less often than monthly.

(2) The following lump sum payments are not counted as income or assets:

(a) any kind of lump sum payment of excluded earned or unearned income. If the income would have been excluded, the lump sum payment is also excluded. This includes SSI payments and any EITC; and

(b) insurance settlements for destroyed exempt property when used to replace that property.

(3) The net lump sum payment is counted as income for the month it is received. Any amount remaining after the end of that month is considered an asset.

(4) The net lump sum is the portion of the lump sum that is remaining after deducting:

(a) legal fees expended in the effort to make the lump sum available;

(b) payments for past medical bills if the lump sum was intended to cover those expenses; and

(c) funeral or burial expenses, if the lump sum was intended to cover funeral or burial expenses.

(5) A lump sum paid to an SSI recipient is not counted as income or an asset except for those recipients receiving financial assistance from GA or WTE.

R986-200-238. How to Calculate Income.

(1) To determine if a client is eligible for, and the amount of, a financial assistance payment, the Department estimates the anticipated income, assets and household size for each month in the certification period.

(2) The methods used for estimating income are:

(a) income averaging or annualizing which means using a history of past income that is representative of future income and averaging it to determine anticipated future monthly income. It may be necessary to evaluate the history of past income for a full year or more; and

(b) income anticipating which means using current facts such as rate of pay and hourly wage to anticipate future monthly income when no reliable history is available.

(3) Monthly income is calculated by multiplying the average weekly income by 4.3 weeks. If a client is paid every two weeks, the income for those two weeks is multiplied by 2.15 weeks to determine monthly income.

(4) The Department's estimate of income, when based on the best available information at the time it was made, will be determined to be an accurate reflection of the client's income. If it is later determined the actual income was different than the estimate, no adjustment will be made. If the client notifies the Department of a change in circumstances affecting income, the estimated income can be adjusted prospectively but not retrospectively.

R986-200-239. How to Determine the Amount of the Financial Assistance Payment.

(1) Once the household's size and income have been determined, the gross countable income must be less than or equal to 185% of the Standard Needs Budget (SNB) for the size of the household. This is referred to as the "gross test".

(2) If the gross countable income is less than or equal to 185% of the SNB, the following deductions are allowed:

(a) a work expense allowance of \$100 for each person in the household unit who is employed;

(b) fifty percent of the remaining earned income after deducting the work expense allowance as provided in paragraph

(a) of this subsection, if the individual has received a financial assistance payment from the Department for one or more of the immediately preceding four months; and

(c) after deducting the amounts in paragraphs (a) and (b) of this subsection, if appropriate, the following deductions can be made:

(i) a dependent care deduction as described in subsection (3) of this section; and

(ii) child support paid by a household member if legally owed to someone not included in the household.

(3) The amount of the dependant care deduction is set by the Department and based on the number of hours worked by the parent and the age of the dependant needing care. It can only be deducted if the dependant care:

(a) is paid for the care of a child or adult member of the household assistance unit, or a child or adult who would be a member of the household assistance unit except that this person receives SSI. An adult's need for care must be verified by a doctor; and

(b) is not subsidized, in whole or in part, by a CC payment from the Department; and

(c) is not paid to an individual who is in the household assistance unit.

(4) After deducting the amounts allowed under paragraph (2) above, the resulting net income must be less than 100% of SNB for size of the household assistance unit. If the net income is equal to or greater than the SNB, the household is not eligible.

(5) If the net income is less than 100% of the SNB the following amounts are deducted:

(a) Fifty percent of earned countable income for all employed household assistance unit members if the household was not eligible for the 50% deduction under paragraph (2)(b) above; and/or

(b) All of the earned income of all children in the household assistance unit, if not previously deducted, who are:

(i) in school or training full-time, or

(ii) in part-time education or training if they are employed less than 100 hours per month. "Part-time education or training" means enrolled for at least one-half the number of hours or periods considered by the institution to be customary to complete the course of study within the minimum time period. If no schedule is set by the school, the course of study must be no less than an average of two class periods or two hours per day, whichever is less.

(6) The resulting net countable income is compared to the full financial assistance payment for the household size. If the net countable income is more than the financial assistance payment, the household is not eligible. If it is less, the net countable income is deducted from the financial assistance payment and the household is paid the difference.

(7) The amount of the standard financial assistance payment is set by the Department. The current amount is in the table that follows:

TABLE

Household Size	Payment Amount
1	\$288
2	\$399
3	\$498
4	\$583
5	\$663
6	\$731
7	\$765
8	\$801

Amounts for household sizes larger than 8 are available at all Department offices.

R986-200-240. Additional Payments Available Under Certain Circumstances.

(1) Each parent eligible for financial assistance in the FEP

or FEPTP programs who takes part in at least one enhanced participation activity may be eligible to receive \$60 each month in addition to the standard financial assistance payment. Enhanced participation activities are limited to:

(a) work experience sites of at least 20 hours a week and other eligible activities that together total 30 hours per week;

(b) full-time attendance in an education or employment training program; or

(c) employment of 20 hours or more a week and other eligible activities that together total 30 hours per week.

(2) An additional payment of \$15 per month for a pregnant woman in the third month prior to the expected month of delivery. Eligibility for the allowance begins in the month the woman provides medical proof that she is in the third month prior to the expected month of delivery. The pregnancy allowance ends at the end of the month the pregnancy ends.

(3) A limited number of funds are available to individuals for work and training expenses. The funds can only be used to alleviate circumstances which impede the individual's ability to begin or continue employment, job search, training, or education. The payment of these funds is completely discretionary by the Department. The individual does not need to meet any eligibility requirements to request or receive these funds.

(4) Limited funds are available, up to a maximum of \$300, to pay for burial costs if the individual is not entitled to a burial paid for by the county.

(5) A Department Regional Director or designee may approve assistance, as funding allows, for the emergency needs of a non-resident who is transient, temporarily stranded in Utah, and who does not intend to stay in Utah.

(6) A limited number of funds are available for enhanced payments to parents who are eligible for financial assistance in the FEP program or who are eligible for TANF non-FEP training under R986-200-245 and who participate in the HS/GED Pilot Program. The payment of these funds is completely discretionary by the Department and may differ from region to region. The payments may continue until the client completes the HS/GED Pilot Program even if the client is no longer receiving FEP.

R986-200-241. Income Eligibility Calculation for a Specified Relative Who Wants to be Included in the Assistance Payment.

(1) The income calculation for a specified relative who wants to be included in the financial assistance payment is as follows:

(a) All earned and unearned countable income is counted, as determined by FEP rules, for the specified relative and his or her spouse, less the following allowable deductions:

(i) one hundred dollars for each employed person in the household. This deduction is only allowed for the specified relative and/or spouse and not anyone else in the household even if working; and

(ii) the child care expenses paid by the specified relative and necessary for employment up to the maximum allowable deduction as set by the Department.

(2) The household size is determined by counting the specified relative, his or her spouse if living in the home, and their dependent children living in the home who are not in the household assistance unit.

(3) If the income less deductions exceeds 100% of the SNB for a household of that size, the specified relative cannot be included in the financial assistance payment. If the income is less than 100% of the SNB, the total household income is divided by the household size calculated under subsection (2) of this section. This amount is deemed available to the specified relative as countable unearned income. If that amount is less than the maximum financial assistance payment for the

household assistance unit size, the specified relative may be included in the financial assistance payment.

R986-200-242. Income Calculation for a Minor Parent Living with His or Her Parent or Stepparent.

(1) All earned and unearned countable income of all parents, including stepparents living in the home, is counted when determining the eligibility of a minor parent residing in the home of the parent(s).

(2) From that income, the following deductions are allowed:

(a) one hundred dollars from income earned by each parent or stepparent living in the home, and

(b) an amount equal to 100% of the SNB for a group with the following members:

(i) the parents or stepparents living in the home;

(ii) any other person in the home who is not included in the financial assistance payment of the minor parent and who is a dependent of the parents or stepparents;

(c) amounts paid by the parents or stepparents living in the home to individuals not living at home but who could be claimed as dependents for Federal income tax purposes; and

(d) alimony and child support paid to someone outside the home by the parents or stepparents living in the home.

(3) The resulting amount is counted as unearned income to the minor parent.

(4) If a minor parent lives in a household already receiving financial assistance, the child of the minor parent is included in the larger household assistance unit.

R986-200-243. Counting the Income of Sponsors of Eligible Aliens.

(1) Certain aliens who have been legally admitted into the United States for permanent residence must have a portion of the earned and unearned countable income of their sponsors counted as unearned income in determining eligibility and financial assistance payment amounts for the alien.

(2) The following aliens are not subject to having the income of their sponsor counted:

(a) paroled or admitted into the United States as a refugee or asylee;

(b) granted political asylum;

(c) admitted as a Cuban or Haitian entrant;

(d) other conditional or paroled entrants;

(e) not sponsored or who have sponsors that are organizations or institutions;

(f) sponsored by persons who receive public assistance or SSI;

(g) permanent resident aliens who were admitted as refugees and have been in the United States for eight months or less.

(3) Except as provided in subsection (7) of this section, the income of the sponsor of an alien who applies for financial assistance after April 1, 1983 and who has been legally admitted into the United States for permanent residence must be counted for five years after the entry date into the United States. The entry date is the date the alien was admitted for permanent residence. The time spent, if any, in the United States other than as a permanent resident is not considered as part of the five year period.

(4) The amount of income deemed available for the alien is calculated by:

(a) deducting 20% from the total earned income of the sponsor and the sponsor's spouse up to a maximum of \$175 per month; then,

(b) adding to that figure all of the monthly unearned countable income of the sponsor and the sponsor's spouse; then the following deductions are allowed:

(i) an amount equal to 100% of the SNB amount for the

number of people living in the sponsor's household who are or could be claimed as dependents under federal income tax policy; then,

(ii) actual payments made to people not living in the sponsor's household whom the sponsor claims or could claim as dependents under federal income tax policy; then,

(iii) actual payments of alimony and/or child support the sponsor makes to individuals not living in the sponsor's household.

(c) The remaining amount is counted as unearned income against the alien whether or not the income is actually made available to the alien.

(5) Actual payments by the sponsor to aliens will be counted as income only to the extent that the payment amount exceeds the amount of the sponsor's income already determined as countable.

(6) A sponsor can be held liable for an overpayment made to a sponsored alien if the sponsor was responsible for, or signed the documents which contained, the misinformation that resulted in the overpayment. The sponsor is not held liable for an overpayment if the alien fails to give accurate information to the Department or the sponsor is deceased, in prison, or can prove the request for information was incomplete or vague.

(7) In the case where the alien entered the United States after December 19, 1997, the sponsor's income does not count if:

(a) the alien becomes a United States citizen through naturalization;

(b) the alien has worked 40 qualifying quarters as determined by Social Security Administration; or

(c) the alien or the sponsor dies.

R986-200-244. TANF Needy Family (TNF).

(1) TNF is not a program but describes a population that can be served using TANF Surplus Funds.

(2) Eligible families must have a dependent child under the age of 18 residing in the home, and the total household income must not exceed 300% of the Federal poverty level. Income is determined as gross income without allowance for disregards.

(3) Services available vary throughout the state. Information on what is available in each region is available at each Employment Center. The Department may elect to contract out services.

(4) If TANF funded payments are made for basic needs such as housing, food, clothing, shelter, or utilities, each month a payment is received under TNF, counts as one month of assistance toward the 36 month lifetime limit. Basic needs also include transportation and child care if all adults in the household are unemployed and will count toward the 36 month lifetime limit.

(5) If a member of the household has used all 36 months of FEP assistance the household is not eligible for basic needs assistance under TNF but may be eligible for other TANF funded services.

(6) Assets are not counted when determining eligibility for TNF services.

R986-200-245. TANF Non-FEP Training (TNT).

(1) TNT is to provide skills and training to parents to help them become suitably employed and self-sufficient.

(2) The client must be unable to achieve self-sufficiency without training.

(3) Eligible families must have a dependent child under the age of 18 residing in the home and the total household income must not exceed 200% of the Federal poverty level. If the only dependent child is 18 and expected to graduate from High School before their 19th birthday the family is eligible up through the month of graduation. Income is counted and calculated the same as for WIA as found in rule R986-600.

(4) Assets are not counted when determining eligibility for

TNT services.

(5) The client must show need and appropriateness of training.

(6) The client must negotiate an employment plan with the Department and participate to the maximum extent possible.

(7) The Department will not pay for supportive services such as child care, transportation or living expenses under TNT. The Department can pay for books, tools, work clothes and other needs associated with training.

R986-200-246. Transitional Cash Assistance.

(1) Transitional Cash Assistance, (TCA) is offered to help FEP and FEPTP customers stabilize employment and reduce recidivism.

(2) To be eligible for TCA a client must;

(a) have been eligible for and have received FEP or FEPTP during the month immediately preceding the month during which TCA is requested or granted. The FEP or FEPTP assistance must have been terminated due to earned or unearned income and not for nonparticipation under R986-200-212. If the immediately preceding month was during a diversion period, or the client has a reduction or termination pending due to non participation as provided in R986-200-212, the client is not eligible for TCA, and

(b) be employed an average of 30 hours per week for FEP households. The parents in a FEPTP household cannot combine hours for TCA. Each parent must be employed 30 hours per week.

(3) TCA is only available if the customer verifies employment averaging the minimum required in subparagraph (2)(b) of this section.

(4) TCA is available for a maximum of three months.

(a) The assistance payment for the first two months of TCA is based on household size. All household income, earned and unearned, is disregarded.

(b) Payment for the third month is one half of the payment available in (4)(a) of this section.

(5) If initial verification is provided and a client is paid one month of TCA but the client is unable to provide documentation to support that initial verification, no further payments will be made under TCA but the one month payment will not result in an overpayment.

(6) A client can only receive TCA once in any 24 month period. This time limit applies regardless of how many months of TCA a client received.

(7) TCA does not count toward the 36 month time limit found in R986-200-217.

R986-200-247. Utah Back to Work Pilot Program (BWP).

(1) BWP is a voluntary program providing short term subsidized employment for a maximum of three months to an eligible unemployment insurance (UI) claimant. To be eligible, a UI claimant must:

(a) be currently receiving UI benefits and have received at least one week of paid UI benefit. The waiting week is not considered a "paid" benefit for the purposes of this section;

(b) be legally eligible to work in the U.S. and be a U.S. citizen or meet the alienage requirements of R986-200-203;

(c) have at least 10 weeks of regular UI benefits remaining on his or her claim. The 10 weeks do not include Extended Benefits under 35A-4-402 or Emergency Unemployment Compensation (EUC) benefits as defined by the UI division;

(d) be the parent of at least one minor dependent child and be contributing to the financial support of that child or children;

(e) have UI base period wages of not more than \$7,800 in any quarter of the base period;

(f) have not worked for the employer where the claimant is to be hired under this program more than 40 hours in the 60 days immediately preceding the date of hire under the BWP program;

and

(g) have not previously participated in the BWP or BWY program.

(2) The Utah Back to Work Youth Program (BWY) provides short term subsidized employment for a maximum of three months to unemployed youth 18-24 years of age. BWY youth must be legally eligible to work in the U.S. and be unemployed but do not need to be receiving or eligible to receive UI benefits. BWY youth do not need to be a parent but must meet the requirement of subsection (1)(f) and have not participated in the BWP or BWY program before.

(3) An employer eligible for a subsidy under this section is an employer that:

(a) is registered with the Department's UI division as an active employer in "good standing". For the purposes of this section, "good standing" means the employer has no delinquent UI contributions or reports;

(b) is a "qualified employer" under the "Hiring Incentives to Restore Employment Act" of 2010 which "means any employer other than the United States, any State, or any political subdivision" or instrumentality thereof. A public institution of higher education is considered a "qualified employer" for purposes of this section. The employer cannot be a Temporary Help Company as defined in R994-202-102 or a Professional Employer Organization as defined in R994-202-106;

(c) pays a wage of at least \$9 per hour. Commission only jobs may qualify if the employer guarantees \$9 per hour or more;

(d) has not displaced or partially displaced existing workers by participating in this program;

(e) has at least one other employee;

(f) will provide the claimant with at least 35 hours work per week; and

(g) does not hire the claimant for temporary or seasonal work.

(4) Once it has been verified that a claimant has been hired, a qualified employer will be paid a \$500 subsidy and an additional \$1,500 subsidy at the conclusion of the third month of employment provided the required DWS invoices have been provided.

(5) BWP and BWY will continue for as long as funding is available.

R986-200-248. Wasatch Front North Service Area Pilot: FEP Subsidized Employment (FEP SE).

(1) FEP SE is a voluntary program providing short term subsidized employment for a maximum of three months to an eligible FEP recipient. FEP SE is a pilot program for Wasatch Front North Service Area but may be expanded to other service areas if funding permits. To be eligible, a FEP recipient must:

(a) be currently receiving FEP benefits and have received at least one FEP payment;

(b) have a current employment plan. If the client is working less than 30 hours per week, the employment plan must provide additional activities,

(c) be legally eligible to work in the U.S. and be a U.S. citizen or meet the alienage requirements of R986-200-203;

(d) have not worked for the employer where the client is to be hired under this program more than 40 hours in the 60 days immediately preceding the date of hire under the FEP SE program; and

(e) have not previously participated in the FEP SE program.

(2) An employer eligible for a subsidy under this section is an employer that:

(a) is registered with the Department's UI division as an active employer in "good standing". For the purposes of this section, "good standing" means the employer has no delinquent UI contributions or reports;

(b) is a "qualified employer" which is defined as any employer other than the United States, any State, or any political subdivision or instrumentality thereof. A public institution of higher education is considered a "qualified employer" for purposes of this section. The employer cannot be a Temporary Help Company as defined in R994-202-102 or a Professional Employer Organization as defined in R994-202-106;

(c) pays a wage of at least \$8 per hour. Commission only jobs may qualify if the employer guarantees \$8 per hour or more;

(d) has not displaced or partially displaced existing workers by participating in this program;

(e) has at least one other employee;

(f) will provide the client with at least 20 hours work per week; and

(g) does not hire the client for temporary or seasonal work.

(3) Once it has been verified that a FEP recipient has been hired, a qualified employer will be paid a \$500 subsidy and an additional \$1,500 subsidy at the conclusion of the third month of employment provided the required DWS invoices have been provided.

(4) FEP SE will continue for as long as funding is available.

R986-200-250. Basic Education Training Provider.

(1) Basic education funds can only be provided to training providers approved by the Department.

(2) This section applies to basic education providers receiving funds from the Department including WIA funds under R986-600.

R986-200-251. Types of Basic Education Training Providers and Approval Requirements.

(1) Public schools governed by the Utah State Office of Education (USOE) must complete and submit Application "A" to the Department.

(2) Individuals offering youth tutoring personally, and not as an employee of another business or school, must be over 18 years of age, submit Application "B" and provide all of the following:

(a) a birth certificate,

(b) a current BCI background check results for Utah, from the Utah Department of Public Safety, paid for by the individual. The BCI report cannot contain:

(i) any matters involving an alleged sexual offense;

(ii) any matters involving an alleged felony or class A misdemeanor drug offense; or

(iii) any matters involving an alleged offense against the person under Utah State Code Title 76 Chapter 5, Offenses Against the Person.

(c) a resume with tutoring-related work history or subject matter knowledge,

(d) three letters of recommendation addressing suitability as a tutor, and

(e) an approved grievance procedure for clients to use in making complaints.

(3) All other providers must submit Application "C" and;

(a) have been in business in Utah for at least one year;

(b) meet all state and local licensing requirements;

(c) have a satisfactory record with the Better Business Bureau;

(d) submit evidence of financial stability prepared by a certified public accountant (CPA) using generally accepted accounting principles. The evidence must include at least one of the following:

(i) balance sheet, income statement and a statement of changes in financial position;

(ii) copy of the most recent annual business audit; or

(iii) copies of each owner's most recent personal income tax return.

(e) submit a current Utah Business License showing at least one year in business, and

(f) submit an approved grievance procedure for clients to use in making complaints.

(g) ESL training providers must also submit documentation of registration as a Postsecondary Proprietary School with the Utah Division of Consumer Protection or show an exemption from such registration.

(h) Providers offering high school credit must also provide documentation of accreditation through Utah State Office of Education and Northwest Association of Accredited Schools.

(4) Training providers submitting Application "B" or "C" must provide the following information for each training program for which the provider is seeking approval:

(a) program completion rates for all individuals enrolled;

(b) the type of certification students completing the program will obtain;

(c) the percentage rate of certification attained by program graduates; and

(d) program costs including tuition, fees and refund policy.

(5) A training provider approved under R986-600-652 can be approved for its basic education curriculum upon submission and approval of the information required in subsection (4) of this section. However, public schools governed by Title IV of the Higher Education Act of 1965 (20 USCA 1070 et seq.) or the Utah State Office of Education (USOE) approved as providers under R986-600-652 do not need to submit the information required in subsection (4) of this section.

R986-200-252. Renewal and Revocation of Approval for Training Providers.

(1) Once a provider has been approved, the Department will establish a review date for that provider and notify the provider of the review date. The Department will determine at the time of the review if the provider is still eligible for approved provider status and notify the provider of that determination. At the time of review, the provider is required to provide any and all information requested by the Department which the Department has determined is necessary to allow the provider to continue to be an approved provider. This may include completing necessary forms, providing documentation and verification, and returning the Department's telephone calls. The requests for information must be completed within the time frame specified by the Department. If the Department determines as a result of the review that the provider is no longer eligible for approved provider status, the provider will be removed from the approved provider list.

(2) Providers must retain participant program records for three years from the date the participant completes the program.

(3) A provider who is not on the Department's approved provider list is not eligible for receipt of Department funds. A provider will be removed from the eligible provider list if the provider:

(a) does not meet the performance levels established by the Department including providing training services in a professional and timely manner;

(b) has committed fraud or violated applicable state or federal law, rule, or regulation;

(c) intentionally supplies inaccurate student or program performance information;

(d) fails to complete the review process; or

(e) has lost approval, accreditation, licensing, or certification from any of the following:

(i) Utah Division of Consumer Protection,

(ii) USOE,

(iii) Northwest Association of Accredited Schools, or

(iv) any other required approval, accrediting, licensing, or certification body.

(4) Some providers who have been removed from the

eligible provider list may be eligible to be placed back on the list as follows:

(a) a provider who was removed for failure to meet performance levels may reapply for approval if the provider can prove it can meet performance levels;

(b) there is a lifetime ban for a provider who has committed fraud as a provider;

(c) providers removed for other violations of state or federal law will be suspended:

(i) until the provider can prove it is no longer in violation of the law for minor violations;

(ii) for a period of two years for serious violations or supplying inaccurate student or program performance information; or

(iii) for the lifetime of the provider for egregious violations. The seriousness of the violation will be determined by the Department.

R986-200-253. Training Provider's Right to Appeal a Denial or Revocation of Approval.

(1) Training providers will be notified in writing of a decision to deny an application for approval as a basic education training provider or a decision to revoke prior approval. The notice will inform the provider of its right to file a written appeal, where the appeal should be sent, and the deadline for filing an appeal.

(2) A hearing on the appeal will be held by the Department's Appeals Unit following the procedure in R986-100.
