

R23. Administrative Services, Facilities Construction and Management.

R23-33. Rules for the Prioritization and Scoring of Capital Improvements by the Utah State Building Board.

R23-33-1. Purpose.

The purpose of this Rule R23-33 is to establish a prioritization and scoring process for capital improvements that occurs annually before the Building Board.

R23-33-2. Authority.

This Rule R23-33 is authorized under Subsection 63A-5-104(9) indicating that the Board may adopt a rule allocating Capital Improvements subject to terms in the statute. The Building Board has administrative rulemaking authority under Subsection 63A-5-103(1)(e).

R23-33-3. Definitions.

The following definitions shall apply to this Rule R23-33:

(1) "Board" means the Utah State Building Board established under Title 63A, Chapter 5, Utah Code.

(2) "Building Board Director" means the employee of the Department of Administrative Services that is assigned as an administrator to the Utah State Building Board and hereinafter referred to as the "BBD."

(3) Definitions provided in Utah Code Section 63A-5-104 shall apply to the terms used in this Rule R23-33.

R23-33-4. General Overview of Process.

The capital improvement prioritized scoring process consists of five steps as follows:

(1) A Project Needs Request;

(2) Preliminary Project Prioritization and Preliminary Scoring by the BBD;

(3) Preliminary BBD Scored Project Review and Revisions Process involving agencies and institutions, the Division of Facilities Construction and Management, and the BBD;

(4) Submitting the revised Scored List to Board and a Utah State Legislature subcommittee involved with State facility design and construction; and

(5) Review and Final Approval by the Utah State Building Board of the list for submittal to the Utah Legislature.

R23-33-5. Step One: Project Needs Request.

(1) Submission guidelines and formatting requirements shall be approved by the Board prior to submission by the BBD to the agencies and institutions.

(i) Submission guidelines include the Project Scoping Form which describes in detail the work that needs to be accomplished, statutory requirements, identification of hard and soft costs, submission deadlines and other requirements.

(ii) The guidelines shall also describe the priority classifications which are in the following ranked order of priority: 1-life safety; 2-critical; 3-necessary; and 4-programatic, as well as the scoring criteria.

(2) Prior to June of each calendar year, the BBD shall notify agencies and institutions to begin developing their Project Needs Request which includes the agency or institution's prioritized list for the next fiscal year's funding cycles as well as the prioritized scoring process submission guidelines; all to be consistent with applicable law.

(3) The BBD may provide agencies and institutions with a list of existing Facility Condition Assessment Data ("FCA"), including Risk Management property number, life cycle related to the need, unique FCA project number, and the estimated cost. To the extent the BBD does not provide such information, the agency or institution is required to obtain the information from the FCA database maintained by DFCM and any supplemental information obtained by the agency or institution.

(4) The Project Needs Request, including the prioritization, shall be submitted by the agencies and institutions to the BBD no later than August 15th immediately following the BBD's notice referred to above.

R23-33-6. Step Two: Preliminary Project Prioritization and Preliminary Scoring by the BBD.

(1) The BBD shall review the agency or institution's Project Needs Request, including the prioritization and classification.

(2) The BBD shall provide a copy of the submittal to the State Building Energy Efficiency Program Director to determine if any listed projects qualify for energy savings components, energy improvements/developments or qualification for revolving loans.

(3) The BBD then compiles all the submittals from every agency and institution into one comprehensive list. The comprehensive list includes the classification codes. The BBD applies the prioritized scoring method to each of the submittals. The comprehensive list shall be consistent with the statutory standards set forth by the Utah Legislature and utilized throughout the process.

(4) The BBD shall notify the agency or institution of any concerns regarding the Project Needs Request.

(5) At any time, the BBD may initiate conversations and meetings with the agency or institution to obtain information, clarification or seek to reach an agreement on any concerns.

R23-33-7. Step Three: Scored Project Review and Revisions Process involving agencies and institutions, the Division of Facilities Construction and Management, BBD and the Board.

(1) The BBD shall distribute the BBD's preliminary master capital improvement list including categorization, prioritization and scoring, to the Division of Facilities Construction and Management as well as the agencies and institutions for review and comment.

(2) A Construction Budget Estimate (CBE) shall be prepared by the appropriate State employee responsible for preparing a CBE for the particular project using the CBE form provided by the BBD. The CBE shall be based on the Project Scoping Form provided by the BBD.

(3) Each completed CBE form and Project Scoping Form shall be submitted promptly to the BBD and no later than October 15th of the particular year.

(4) The BBD will review each CBE and Project Scoping Form. The BBD will prepare the preliminary scoring along with packet of prioritized capital improvement projects intended for the Board meeting in December. This preliminary scoring and packet shall be submitted by the BBD to the affected agencies or institutions. If there is any disagreement between the BBD and any particular agency or institution, the BBD and the particular agency or institution may endeavor to resolve this matter prior to the packet being sent to the Board. During any such resolution process between the BBD and an agency or institution, the BBD's preliminary scoring and packet may be modified.

(5) The resulting packet and scoring prepared by the BBD under subsection (4) of this Rule, shall be distributed to the Board members as well as the agencies and institutions at least seven days in advance of the December Board meeting.

(6) The Board meeting to review the BBD's capital improvement submittal shall be on or about December 15th of each year.

(7) At the December Board meeting, the Board shall consider input from the BBD, an affected agency or institution as well as interested persons as appropriate.

R23-33-8. Step Four: Submitting the Scored List to the

Appropriate Subcommittee of the Utah State Legislature.

(1) At the January Board meeting, the Board shall make a final prioritization recommendation for submission to the appropriate subcommittee of the Utah Legislature. The recommendation must be consistent with the statutory standards set forth by the Utah Legislature and utilized throughout the process.

(2) The Board's list is submitted to the appropriate subcommittee of the Utah Legislature as required by law, no later than the January 15th following the January Board meeting.

R23-33-9. Step Five: Review and Final Approval by the Utah State Building Board.

After the consideration by the Utah Legislature, the Board will make its final approval of the capital improvements lists consistent with any direction from the Legislature.

63A-5-103(1)(e)

63A-5-104(9)

R27. Administrative Services, Fleet Operations.**R27-7. Safety and Loss Prevention of State Vehicles.****R27-7-1. Authority.**

(1) This rule is established pursuant to Subsection 63A-9-401(1)(d)(iii) which requires the Division of Fleet Operations (DFO) to make rules establishing requirements for fleet safety and loss prevention programs.

R27-7-2. Accident Reporting and Liability.

(1) In the event of an accident involving a state vehicle, either the driver of the vehicle or the employing agency shall notify DFO, the Division of Risk Management, and the agency's management, within 24 hours of the occurrence of the accident.

R27-7-3. Driver Eligibility to Operate a State Vehicle.

(1) The authority to operate a state vehicle is subject to withdrawal, suspension or revocation.

(2) The authority to operate a state vehicle shall be automatically withdrawn, suspended or revoked in the event that an authorized driver's license is not in a valid status.

(a) The authority to operate a state vehicle shall, at a minimum, be withdrawn, suspended or revoked for the period of denial, cancellation, disqualification, suspension or revocation of the authorized driver's license.

(b) The authority to operate a state vehicle shall not be reinstated until such time as the individual provides proof that his or her driver license has been reinstated or DFO verifies the license has been reinstated.

(3) The authority to operate a state vehicle may be suspended or revoked for up to three years by the Driver Eligibility Board for any of the following reasons:

(a) The authorized driver, while acting within the scope of employment, has been involved in 3 or more preventable accidents during a three (3) year period; or

(b) The authorized driver has 3 or more moving violations while driving a state vehicle within a 12 month period; or

(c) The authorized driver has been convicted of any of the following:

- (i) Alcohol related driving violations;
- (ii) reckless, careless, or negligent driving (including excessive speed violations);
- (iii) driving violations that have resulted in injury or death;
- (iv) felony related driving violations;
- (v) hit and run violations;
- (vi) impaired driving;
- (vii) or any other driving violation determined by the Driver Eligibility Board as posing a significant risk to the safety or loss prevention of state vehicles.

(d) The unauthorized use, misuse, abuse or neglect of a state vehicle as validated by the driver's agency; or

(e) On the basis of citizen complaints validated by the agency, the authorized driver, while acting within the scope of employment has been found, pursuant to 63A-9-501, to have misused or illegally operated a vehicle three (3) times during a three (3) year period.

(4) The withdrawal of authority to operate a state vehicle imposed by the Driver Eligibility Board shall be in addition to agency-imposed discipline, corrective or remedial action, if any.

(5) Drivers declared ineligible to operate a state vehicle by the Driver Eligibility Board may appeal to the Director of the Department of Administrative Services (DAS) or his/her designee. Any appeal to the Executive Director of DAS or his/her designee must be made in writing within 30 days from the date the Driver Eligibility Board declared a state driver ineligible to operate a vehicle.

(6) Effective Date

(a) Phase in - current state employees shall be subjected to R27-7-3(3) as of the effective date of the rules as published by the Division of Administrative Rules.

(b) State employees hired after the effective date of this administrative rule will be subject to the Driver Eligibility standards in R27-7-3(3) for three years previous to the hire date.

R27-7-4. Accident Review Committee (ARC).

(1) Each agency leasing vehicles from the Division of Fleet Operations shall establish and maintain an Accident Review Committee (ARC). Each agency ARC shall conduct at least quarterly reviews of all accidents involving state vehicles under the possession or control of their respective agencies.

(2) The purpose of the ARC is to reduce the number of accidents involving drivers of vehicles being used in the course of conducting state business.

(3) After DFO has made an initial determination regarding the status of an accident the agency ARC shall determine, through a review process, whether an accident was either preventable or non-preventable, using standards published by the National Safety Council.

(4) Each agency ARC shall, within one (1) calendar month following the last day of the quarter (March, June, September, December), provide to DFO, in writing, its determination and recommended actions, if any, as well as all evidence used to arrive at its determination as to whether the accident was preventable or non-preventable.

(5) If an agency ARC does not send the quarterly accident reviews as specified in R27-7-4(4), the status of the accident will be reviewed by the Driver Eligibility Board on behalf of the agency ARC. The Driver Eligibility Board's decision about the status any vehicle accident will be final. The Driver Eligibility Board may recommend disciplinary actions for agency drivers to the agency when it is acting on behalf of the agency ARC.

R27-7-5. Accident Review Committee Guidelines.

(1) The ARC shall have no less than three (3) voting members. The members shall be from different areas in the agency.

(2) An accident shall be classified as preventable if any of the following factors are involved:

- (a) Driving too fast for conditions;
- (b) Failure to observe clearance;
- (c) Failure to yield;
- (d) Failure to properly lock the vehicle;
- (e) Following too closely;
- (f) Improper care of the vehicle;
- (g) Improper backing;
- (h) Improper parking;
- (i) Improper turn or lane change;
- (j) Reckless Driving as defined in Utah Code 41-6a-528;
- (k) Unsafe driving practices, including but not limited to: the use of electronic equipment or cellular phone while driving, smoking while driving, personal grooming, u-turn, driving with an animal(s) loose in the vehicle.

(3) An accident shall be classified as non-preventable when:

- (a) The state vehicle is struck while properly parked;
- (b) The state vehicle is vandalized while parked at an authorized location;
- (c) The state vehicle is an emergency vehicle, and
 - (i) At the time of the accident the operator was in the line of duty and operating the vehicle in accordance with their respective agency's applicable policies, guidelines or regulations; and
 - (ii) Damage to the vehicle occurred during the chase or apprehension of people engaged in or potentially engaged in unlawful activities; or
 - (iii) Damage to the vehicle occurred in the course of responding to an emergency in order to save or protect the lives, property, health, welfare and safety of the public.

R27-7-6. Effects of ARC Accident Classification.

(1) In the event that an accident is determined by the ARC to be preventable, the ARC shall impose and enforce the following:

(a) The authorized driver shall be required to attend a Division of Risk Management-approved driver safety program after being involved in the first preventable accident;

(b) The driver shall be required to attend, at their own expense, a state certified or nationally recognized defensive driving course after being involved in a second preventable accident.

R27-7-7. Driver Eligibility Board.

(1) The Driver Eligibility Board (DEB) shall have at least 4 voting members. Members of the Board shall include a representative from the Division of Risk Management, the Division of Fleet Operations, the Department of Human Resource Management and, a representative of the employee's agency. Each member of the Board will be assigned by the Executive Director of the Department of Administrative Services.

(2) The Driver Eligibility Board shall meet at least quarterly.

(3) The employing agency supervisor and the state driver being reviewed shall be notified of the Driver Eligibility Board's meeting place, date and time. Each state employee reviewed by the Driver Eligibility Board will be given the opportunity to speak to the Board and/or answer questions during the meeting if he or she chooses to attend the Board meeting.

(4) The Driver Eligibility Board may impose an ineligible status from a single day up to three years. In no case shall the ineligible status to operate a state vehicle be less than the period imposed by the courts or the employing agency.

Notice of Continuation November 29, 2010

R70. Agriculture and Food, Regulatory Services.**R70-530. Food Protection.****R70-530-1. Authority and Purpose.**

(1) Authority.

This rule is promulgated under the authority of Section 4-5-17 UCA.

(2) Purpose.

This rule shall be liberally construed and applied to promote its underlying purpose of safeguarding public health and providing to consumers food that is safe, unadulterated, and honestly presented.

R70-530-2. Scope.

This rule establishes definitions; sets standards for management and personnel, food operations, equipment, and facilities; and provides for food establishment plan review, inspection, and employee restriction. It shall be used to regulate bakeries, grocery and convenience stores, meat markets, food and grain processors, warehouses and any other establishment meeting the definition of a food establishment.

R70-530-3 Incorporation by Reference.

(1) The food standards, labeling requirements and procedures as specified in 21 CFR, 1 through 200, 2013 edition, 40 CFR 185, April 17, 2012 edition, and 9 CFR 200 to End, January 1, 2012 edition, are incorporated by reference.

(2) The requirements as found in the U.S. Public Health Service, Food and Drug Administration, Food Code 2009, Chapters 1 through 8, Annex 1, and Annex 2, Federal Food, Drug, and Cosmetic Act, 21, U.S.S. 342, Sec. 402 are adopted and incorporated by reference, with the exclusion of Sections 8-302.14(C)(2),(D) and (E); and with the following additions or amendments:

(a) Amend section 8-103.11 to add:

(D) In addition, a variance from section 3-301.11 may be issued only when:

(1) the variance is limited to a specific task or work station;

(2) the applicant has demonstrated good cause why section 3-301.11 cannot be met;

(3) suitable utensils are used to the fullest extent possible with ready-to-eat foods in the rest of the establishment; and

(4) the applicant can demonstrate active management control of this risk factor at all times.

(b) Amend section 8-304.10(A) to read:

(A) Upon request, the regulatory authority shall provide a copy of the food service sanitation rule according to the policy of the local regulatory agency.

(c) In section 1-201.10 under Priority Item, replace the semicolon and the word "and" at the end of paragraph (2) with a period; replace the period at the end of paragraph (3) with "; and"; and insert a new paragraph after paragraph (3) to read: "(4) 'Priority Item' will also be referred to as 'critical 1' in the state rule."

(d) Amend section 8-302.14 to renumber (F) to (D), (G) to (E), and (H) to (F).

(e) Amend section 8-401.10(B)(2) to delete the phrase "and at least once every 6 months the establishment is contacted by telephone or other means by the regulatory authority to ensure that the establishment manager and the nature of food operation are not changed."

(f) Add section 8-501.10(C) to read:

(C) Meeting reporting requirements under Communicable Disease Rule R386-702 and Injury Reporting Rule R386-703.

(g) Amend section 8-601.10 to read:

Due process and equal protection shall be afforded as required by law in all enforcement and regulatory actions. Enforcement of this Rule shall be in accordance with title 4-2-2(J), Title 4-2-12, and R70-201.

(h) In section 1-201.10 under Priority Foundation Item, replace the semicolon and the word "and" at the end of paragraph (2) with a period; replace the period at the end of paragraph (3) with "; and"; and add a new paragraph after paragraph (3) to read: "(4) 'Priority foundation item' will also be referred to as 'critical 2' in the state rule."

(i) After section 2-102.11 paragraph (17), add a new section to read: "2-102-12 Food Employee Training. Food employees shall be trained in food safety as required under 26-15-5 and shall hold a valid food handler's permit issued by a local health department."

(j) At the end of section 5-101.12, add: "The process shall be in accordance with the American Water Works Association (AWWA) C651-2005 for disinfection and testing."

(k) At the end of section 5-202.13, add: "Where the distance to the adjacent wall is closer than three pipe diameters, the air gap shall not be less than 1-1/2 inch."

(l) After the reference to the section number "5-202.13" in section 5-203.15 paragraph (A), delete the article "a" and insert: "an American Society of Safety Engineers (ASSE) 1022".

(m) After the reference to paragraph (B) in section 5-402.11 paragraph (A), delete the comma; insert the word "and"; and delete the text, ", and (D)" that follows the reference to paragraph (C).

(n) Delete paragraph (D) from section 5-402.11

(o) Add "8-7 Penalties; 8-701.10 State Construction Code All parts of the food establishment shall be designed, constructed, maintained, and operated to meet the standards of the state construction code adopted by the Utah Legislature under Title 15A UCA. A copy of the construction code is available at the office of the local building inspector."

R81. Alcoholic Beverage Control, Administration.**R81-1. Scope, Definitions, and General Provisions.****R81-1-1. Scope and Effective Date.**

These rules are adopted pursuant to Section 32B-2-202(1), and shall be interpreted so as to be consistent with the Alcoholic Beverage Control Act. These rules shall govern the department and all licensees and permittees of the commission.

R81-1-2. Definitions.

Definitions of terms in the Act are used in these rules, except where the context of the terms in these rules clearly indicates a different meaning.

(1) "ACT" means the Alcoholic Beverage Control Act, Title 32B.

(2) "COMMISSION" means the Utah Alcoholic Beverage Control Commission.

(3) "DECISION OFFICER" means a person who has been appointed by the commission or the director of the Department of Alcoholic Beverage Control to preside over the prehearing phase of all disciplinary actions, and, in all cases not requiring an evidentiary hearing.

(4) "DEPARTMENT" or "DABC" means the Utah Department of Alcoholic Beverage Control.

(5) "DIRECTOR" means the director of the Department of Alcoholic Beverage Control.

(6) "DISCIPLINARY ACTION" means the process by which violations of the Act and these rules are charged and adjudicated, and by which administrative penalties are imposed.

(7) "DISPENSING SYSTEM" means a dispensing system or device which dispenses liquor in controlled quantities not exceeding 1.5 ounces and has a meter which counts the number of pours served.

(8) "GUEST ROOM" means a space normally utilized by a natural person for occupancy, usually a traveler who lodges at an inn, hotel or resort.

(9) "HEARING OFFICER" or "PRESIDING OFFICER" means a person who has been appointed by the commission or the director to preside over evidentiary hearings in disciplinary actions, and who is authorized to issue written findings of fact, conclusions of law, and recommendations to the commission for final action.

(10) "LETTER OF ADMONISHMENT" is a written warning issued by a decision officer to a respondent who is alleged to have violated the Act or these rules.

(11) "MANAGER" means a person chosen or appointed to manage, direct, or administer the affairs of another person, corporation, or company.

(12) "POINT OF SALE" means that portion of a package agency, restaurant, limited restaurant, beer-only restaurant, airport lounge, on-premise banquet premises, reception center, club, recreational amenity on-premise beer retailer, tavern, single event permitted area, temporary special event beer permitted area, or public service special use permitted area that has been designated by the department as an alcoholic beverage selling area. It also means that portion of an establishment that sells beer for off-premise consumption where the beer is displayed or offered for sale.

(13) "REASONABLE" means ordinary and usual thinking, speaking, or acting, which is fit and appropriate to the end in view.

(14) "RESPONDENT" means a department licensee, or permittee, or employee or agent of a licensee or permittee, or other entity against whom a letter of admonishment or notice of agency action is directed.

(15) "STAFF" or "authorized staff member" means a person duly authorized by the director of the department to perform a particular act.

(16) "UTAH ALCOHOLIC BEVERAGE CONTROL LAWS" means any Utah statutes, commission rules and

municipal and county ordinances relating to the manufacture, possession, transportation, distribution, sale, supply, wholesale, warehousing, and furnishing of alcoholic beverages.

(17) "VIOLATION REPORT" means a written report from any law enforcement agency or authorized department staff member alleging a violation of the Utah Alcoholic Beverage Control Act or rules of the commission by a department licensee, or permittee, or employee or agent of a licensee or permittee or other entity.

(18) "WARNING SIGN" means a sign no smaller than eight and one half inches high by eleven inches wide, clearly readable, stating: "Warning: drinking alcoholic beverages during pregnancy can cause birth defects and permanent brain damage for the child. Call the Utah Department of Health at (insert most current toll-free number) with questions or for more information" and "Warning: Driving under the influence of alcohol or drugs is a serious crime that is prosecuted aggressively in Utah." The two warning messages shall be in the same font size but different font styles that are no smaller than 36 point bold. The font size for the health department contact information shall be no smaller than 20 point bold.

R81-1-3. General Policies.**(1) Labeling.**

No licensee or permittee shall sell or deliver any alcoholic beverage in containers not marked, branded or labeled in conformity with regulations enacted by the agencies of the United States government pertaining to labeling and advertising.

(2) Manner of Paying Fees.

Payment of all fees for licenses, permits, certificates of approval, or renewals thereof, shall be made in legal tender of the United States of America, certified check, bank draft, cashier's check, United States post office money order, or personal check.

(3) Copy of Commission Rules.

Copies of the commission rules shall be available at the department's office, 1625 South 900 West, P. O. Box 30408, Salt Lake City, Utah 84130-0408 for an administrative cost of \$20 per copy, or on the department's website at <http://www.abc.utah.gov>.

(4) Interest Assessment on Delinquent Accounts.

The department may assess the legal rate of interest provided in Sections 15-1-1 through -4 for any debt or obligation owed to the department by a licensee, permittee, package agent, or any other person.

(5) Returned Checks.

(a) The department will assess a \$20 charge for any check payable to the department returned for the following reasons:

- (i) insufficient funds;
- (ii) refer to maker; or
- (iii) account closed.

(b) Receipt of a check payable to the department which is returned by the bank for any of the reasons listed in Subsection (5)(a) may result in the immediate suspension of the license, permit, or operation of the package agency of the person tendering the check until legal tender of the United States of America, certified check, bank draft, cashier's check, or United States post office money order is received at the department offices, 1625 South 900 West, Salt Lake City, Utah, plus the \$20 returned check charge. Failure to make good the returned check and pay the \$20 returned check charge within thirty days after the license, permit, or operation of the package agency is suspended, is grounds for revocation of the license or permit, or termination of the package agency contract, and the forfeiture of the licensee's, permittee's, or package agent's bond.

(c) In addition to the remedies listed in Subsection (5)(b), the department may require that the licensee, permittee, or package agent transact business with the department on a "cash only" basis. The determination of when to put a licensee,

permittee, or package agency operator on "cash only" basis and how long the licensee, permittee, or package agency operator remains on "cash only" basis shall be at the discretion of the department and shall be based on the following factors:

- (i) dollar amount of the returned check(s);
 - (ii) the number of returned checks;
 - (iii) the length of time the licensee, permittee, or package agency operator has had a license, permit, or package agency with the department;
 - (iv) the time necessary to collect the returned check(s); and
 - (v) any other circumstances.
- (d) A returned check received by the department from or on behalf of an applicant for or holder of a single event permit or temporary special event beer permit may, at the discretion of the department, require that the person or entity that applied for or held the permit be on "cash only" status for any future events requiring permits from the commission.

(e) In addition to the remedies listed in Subsections (5)(a), (b), (c) and (d), the department may pursue any legal remedies to effect collection of any returned check.

(6) Disposition of unsaleable merchandise.

The department, after determining that certain alcoholic products are distressed or unsaleable, but consumable, may make those alcoholic products available to the Utah Department of Public Safety for education or training purposes.

All merchandise made available to the Utah Department of Public Safety must be accounted for as directed by the Department of Alcoholic Beverage Control.

(7) Administrative Handling Fees.

(a) Pursuant to 32B-4-414(1)(b) a person, on a one-time basis, who moves the person's residence to this state from outside of this state may have or possess for personal consumption and not for sale or resale, liquor previously purchased outside the state and brought into this state during the move if the person obtains department approval before moving the liquor into the state, and the person pays the department a reasonable administrative handling fee as determined by the commission.

(b) Pursuant to 32B-4-414(1)(c) a person who as a beneficiary inherits as part of an estate liquor that is located outside the state, may have or possess the liquor and transport or cause the liquor to be transported into the state if the person obtains department approval before moving the liquor into the state, the person provides sufficient documentation to the department to establish the person's legal right to the liquor as a beneficiary, and the person pays the department a reasonable administrative handling fee as determined by the commission.

(c) The administrative handling fee to process any request for department approval referenced in subsections (7)(a) and (7)(b) is \$20.00.

(8) Case Handling Markup

(a) For purposes of the landed case cost defined in Section 32B-2-304, "cost of the product" includes a case handling markup determined by the department.

(b) If a manufacturer and the Department have agreed to allow the manufacturer to ship an alcoholic beverage directly to a state store or package agency without being received and stored by the Department in the Department's warehouse, the manufacturer shall receive a credit equaling the case handling markup for the product that is not warehoused by the Department.

(c) The Department shall collect and remit the case handling markup as outlined in Utah Code Ann. Section 32B-2-304.

R81-1-4. Employees.

The department is an Equal Opportunity Employer.

R81-1-5. Notice of Public Hearings and Meetings.

Notice of all department meetings and public hearings, other than disciplinary hearings, shall be done in the following manner:

(1) The public notice shall specify the date, time, agenda, and location of each hearing or meeting.

(2) In the case of public meetings, notice shall be made as provided in Section 52-4-202.

(3) In the case of hearings, other than disciplinary hearings, public notice shall be made not less than ten days prior to the hearing.

(4) The procedure for posting public notice and the definition of public meeting for purposes of these rules, shall be the same as provided in Section 52-4-202.

R81-1-6. Violation Schedule.

(1) Authority. This rule is pursuant to Sections 32B-2-202(1)(c)(i), 32B-2-202(1) and (3), 32B-2-202(2)(b) and (c), and 32B-3-101 to -207. These provisions authorize the commission to establish criteria and procedures for imposing sanctions against licensees and permittees and their officers, employees and agents who violate statutes and commission rules relating to alcoholic beverages. For purposes of this rule, holders of certificates of approval are also considered licensees. The commission may revoke or suspend the licenses or permits, and may impose a fine against a licensee or permittee in addition to or in lieu of a suspension. The commission also may impose a fine against an officer, employee or agent of a licensee or permittee. Violations are adjudicated under procedures contained in Section 32B-3-101 to -207 and disciplinary hearing Section R81-1-7.

(2) General Purpose. This rule establishes a schedule setting forth a range of penalties which may be imposed by the commission for violations of the alcoholic beverage laws. It shall be used by department decision officers in processing violations, and by presiding officers in charging violations, in assisting parties in settlement negotiations, and in recommending penalties for violations. The schedule shall be used by the commission in rendering its final decisions as to appropriate penalties for violations.

(3) Application of Rule.

(a) This rule governs violations committed by all commission licensees and permittees and their officers, employees and agents except single event permittees. Violations by single event permittees and their employees and agents are processed under Section 32B-9-204 and -305.

(b) This rule does not apply to situations where a licensee or permittee fails to maintain the minimum qualifications provided by law for holding a license or permit. These might include failure to maintain a bond or insurance, or a conviction for a criminal offense that disqualifies the licensee or permittee from holding the license or permit. These are fundamental licensing and permitting requirements and failure to maintain them may result in immediate suspension or forfeiture of the license or permit. Thus, they are not processed in accordance with the Administrative Procedures Act, Title 63G, Chapter 4 or Section R81-1-7. They are administered by issuance of an order to show cause requiring the licensee or permittee to provide the commission with proof of qualification to maintain their license or permit.

(c) If a licensee or permittee has not received a letter of admonishment, as defined in Sections R81-1-2 and R81-1-7(2)(b), or been found by the commission to be in violation of Utah statutes or commission rules for a period of 36 consecutive months, its violation record shall be expunged for purposes of determining future penalties sought. The expungement period shall run from the date the last offense was finally adjudicated by the commission.

(d) In addition to the penalty classifications contained in this rule, the commission may:

(i) upon revocation of a license or permit, take action to forfeit the bond of any licensee or permittee;

(ii) prohibit an officer, employee or agent of a licensee or permittee from serving, selling, distributing, manufacturing, wholesaling, warehousing, or handling alcoholic beverages in the course of employment with any commission licensee or permittee for a period determined by the commission;

(iii) order the removal of a manufacturer's, supplier's or importer's products from the department's sales list and a suspension of the department's purchase of those products for a period determined by the commission if the manufacturer, supplier, or importer directly committed the violation, or solicited, requested, commanded, encouraged, or intentionally aided another to engage in the violation.

(iv) require a licensee to have a written responsible alcohol service plan as provided in R81-1-24.

(e) When the commission imposes a fine or administrative costs, it shall establish a date on which the payment is due. Failure of a licensee or permittee or its officer, employee or agent to make payment on or before that date shall result in the immediate suspension of the license or permit or the suspension of the employment of the officer, employee or agent to serve, sell, distribute, manufacture, wholesale, warehouse or handle alcoholic beverages with any licensee or permittee until payment is made. Failure of a licensee or permittee to pay a fine or administrative costs within 30 days of the initial date established by the commission shall result in the issuance of an order to show cause why the license or permit should not be revoked and the licensee's or permittee's compliance bond forfeited. The commission shall consider the order to show cause at its next regularly scheduled meeting.

(f) Violations of any local ordinance are handled by each individual local jurisdiction.

(4) Penalty Schedule. The department and commission shall follow these penalty range guidelines:

(a) Minor Violations. Violations of this category are lesser in nature and relate to basic compliance with the laws and rules. If not corrected, they are sufficient cause for action. Penalty range: Verbal warning from law enforcement or department compliance officer(s) to revocation of the license or permit and/or up to a \$25,000 fine. A record of any letter of admonishment shall be included in the licensee's or permittee's and the officer's, employee's or agent's violation file at the department to establish a violation history.

(i) First occurrence involving a minor violation: the penalty shall range from a verbal warning from law enforcement or department compliance officer(s), which is documented to a letter of admonishment to the licensee or permittee and the officer, employee or agent involved. Law enforcement or department compliance officer(s) shall notify management of the licensee or permittee when verbal warnings are given.

(ii) Second occurrence of the same type of minor violation: a written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department. The penalty shall range from a \$100 to \$500 fine for the licensee or permittee, and a letter of admonishment to a \$25 fine for the officer, employee or agent.

(iii) Third occurrence of the same type of minor violation: a one to five day suspension of the license or permit and employment of the officer, employee or agent, and/or a \$200 to \$500 fine for the licensee or permittee and up to a \$50 fine for the officer, employee or agent.

(iv) More than three occurrences of the same type of minor violation: a six day suspension to revocation of the license or permit and a six to ten day suspension of the employment of the officer, employee or agent, and/or a \$500 to \$25,000 fine for the licensee or permittee and up to a \$75 fine for the officer, employee or agent.

(v) If more than one violation is charged during the same

investigation, the penalty shall be the sum of the days of suspension and/or the monetary penalties for each of the charges in their respective categories. If other minor violations are discovered during the same investigation, a verbal warning shall be given for each violation on a first occurrence. If the same type of violation is reported more than once during the same investigation, the violations shall be charged as a single occurrence.

(b) Moderate Violations. Violations of this category demonstrate a general disregard for the laws or rules. Although the gravity of the acts are not viewed in the same light as in the serious and grave categories, they are still sufficient cause for action. Penalty range: Written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department on the first occurrence. The penalty shall range from a letter of admonishment to revocation of the license or permit and/or up to a \$25,000 fine.

(i) First occurrence involving a moderate violation: a written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department. The penalty shall range from a letter of admonishment to a \$1000 fine for the licensee or permittee, and a letter of admonishment to a \$50 fine for the officer, employee or agent.

(ii) Second occurrence of the same type of moderate violation: a three to ten day suspension of the license or permit and a three to ten day suspension of the employment of the officer, employee or agent, and/or a \$500 to \$1000 fine for the licensee or permittee and up to a \$75 fine for the officer, employee or agent.

(iii) Third occurrence of the same type of moderate violation: a ten to 20 day suspension of the license or permit and a ten to 20 day suspension of the employment of the officer, employee or agent, and/or a \$1000 to \$2000 fine for the licensee or permittee and up to a \$100 fine for the officer, employee or agent.

(iv) More than three occurrences of the same type of moderate violation: a 15 day suspension to revocation of the license or permit and a 15 to 30 day suspension of the employment of the officer, employee or agent, and/or a \$2000 to \$25,000 fine for the licensee or permittee and up to a \$150 fine for the officer, employee or agent.

(v) If more than one violation is charged during the same investigation, the penalty shall be the sum of the days of suspension and/or the sum of the monetary penalties for each of the charges in their respective categories.

(vi) If the same type of violation is reported more than once during the same investigation, the violations shall be charged as a single occurrence.

(c) Serious Violations. Violations of this category directly or indirectly affect or potentially affect the public safety, health and welfare, or may involve minors. Penalty range: Written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department on the first occurrence. The penalty shall range from a five day suspension to revocation of the license or permit and/or up to a \$25,000 fine.

(i) First occurrence involving a serious violation: written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department. The penalty shall range from a five to 30 day suspension of the license or permit and a five to 30 day suspension of the employment of the officer, employee or agent, and/or a \$500 to \$3000 fine for the licensee or permittee and up to a \$100 fine for the officer, employee or agent.

(ii) Second occurrence of the same type of serious violation: a ten to 90 day suspension of the license or permit and a ten to 90 day suspension of the employment of the officer, employee or agent, and/or a \$1000 to \$9000 fine for the licensee or permittee and up to a \$150 fine for the officer, employee or

agent.

(iii) More than two occurrences of the same type of serious violation: a 15 day suspension to revocation of the license or permit and a 15 to 120 day suspension of the employment of the officer, employee or agent, and/or a \$9000 to \$25,000 fine for the licensee or permittee and up to a \$500 fine for the officer, employee or agent.

(iv) If more than one violation is charged during the same investigation, the penalty shall be the sum of the days of suspension and/or the sum of the monetary penalties for each of the charges in their respective categories.

(v) If the same type of violation is reported more than once during the same investigation, the violations shall be charged as a single occurrence.

(d) Grave Violations. Violations of this category pose or potentially pose, a grave risk to public safety, health and welfare, or may involve lewd acts prohibited by title 32B, fraud, deceit, willful concealment or misrepresentation of the facts, exclusion of competitors' products, unlawful tied house trade practices, commercial bribery, interfering or refusing to cooperate with authorized officials in the discharge of their duties, unlawful importations, or industry supplying liquor to persons other than the department and military installations. Penalty range: Written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department on the first occurrence. The penalty shall range from a ten day suspension to revocation of the license or permit and/or up to a \$25,000 fine.

(i) First occurrence involving a grave violation: written investigation report from law enforcement or department compliance officer(s) shall be forwarded to the department. The penalty shall range from a ten day suspension to revocation of the license or permit and a 10 to 120 day suspension of the employment of the officer, employee or agent, and/or a \$1000 to \$25,000 fine to the licensee or permittee and up to a \$300 fine for the officer, employee or agent.

(ii) More than one occurrence of the same type of grave violation: a fifteen day suspension to revocation of the license or permit, and a 15 to 180 day suspension of the employment of the officer, employee or agent and/or a \$3000 to \$25,000 fine for the licensee or permittee and up to a \$500 fine for the officer, employee or agent.

(iii) If more than one violation is charged during the same investigation, the penalty shall be the sum of the days of suspension and/or the sum of the monetary penalties for each of the charges in their respective categories.

(iv) If the same type of violation is reported more than once during the same investigation, the violations shall be charged as a single occurrence.

(e) The following table summarizes the penalty ranges contained in this section of the rule for licensees and permittees.

Violation Degree and Frequency	Warning Verbal/Written	Fine \$ Amount	Suspension No. of Days	Revoke License
Minor				
1st	X			
2nd		100 to 500		
3rd		200 to 500	1 to 5	
Over 3		500 to 25,000	6 to	X
Moderate				
1st	X	to 1,000		
2nd		500 to 1,000	3 to 10	
3rd		1,000 to 2,000	10 to 20	
Over 3		2,000 to 25,000	15 to	X
Serious				
1st		500 to 3,000	5 to 30	
2nd		1,000 to 9,000	10 to 90	
Over 2		9,000 to 25,000	15 to	X

Grave			
1st		1,000 to 25,000	10 to
Over 1		3,000 to 25,000	15 to
			X

(f) The following table summarizes the penalty ranges contained in this section of the rule for officers, employees or agents of licensees and permittees.

Violation Degree and Frequency	Warning Verbal/Written	Fine \$ Amount	Suspension No. of Days
Minor			
1st	X		
2nd		to 25	
3rd		to 50	1 to 5
Over 3		to 75	6 to 10
Moderate			
1st	X	to 50	
2nd		to 75	3 to 10
3rd		to 100	10 to 20
Over 3		to 150	15 to 30
Serious			
1st		to 100	5 to 30
2nd		to 150	10 to 90
Over 2		to 500	15 to 120
Grave			
1st		to 300	10 to 120
Over 1		to 500	15 to 180

(5) Aggravating and Mitigating Circumstances. The commission and presiding officers may adjust penalties within penalty ranges based upon aggravating or mitigating circumstances.

(a) Examples of mitigating circumstances are:

- (i) no prior violation history;
- (ii) good faith effort to prevent a violation;
- (iii) existence of written policies governing employee conduct;

(iv) extraordinary cooperation in the violation investigation that shows the licensee or permittee and the officer, employee or agent of the licensee or permittee accepts responsibility; and

(v) there was no evidence that the investigation was based on complaints received or on observed misconduct of others, but was based solely on the investigating authority creating the opportunity for a violation.

(b) Examples of aggravating circumstances are:

- (i) prior warnings about compliance problems;
- (ii) prior violation history;
- (iii) lack of written policies governing employee conduct;
- (iv) multiple violations during the course of the investigation;
- (v) efforts to conceal a violation;
- (vi) intentional nature of the violation;
- (vii) the violation involved more than one patron or employee;
- (viii) the violation involved a minor and, if so, the age of the minor; and
- (ix) whether the violation resulted in injury or death.

(6) Violation Grid. Any proposed substantive change to the violation grid that would establish or adjust the degree of seriousness of a violation shall require rulemaking in compliance with title 63G-3, the Utah Administrative Rulemaking Act. A violation grid describing each violation of the alcoholic beverage control laws, the statutory and rule reference, and the degree of seriousness of each violation is available for public inspection in the department's administrative office. A copy will be provided upon request at reproduction cost. It is entitled "Alcoholic Beverage Control Commission Violation Grid" (January 2012 edition) and is

incorporated by reference as part of this rule.

R81-1-7. Disciplinary Hearings.

(1) General Provisions.

(a) This rule is promulgated pursuant to Section 32B-2-202(1)(c)(i) and shall govern the procedure for disciplinary actions under the jurisdiction of the commission. Package agencies are expressly excluded from the provisions of this rule, and are governed by the terms of the package agency contract.

(b) Liberal Construction. Provisions of this rule shall be liberally construed to secure just, speedy and economical determination of all issues presented in any disciplinary action.

(c) Emergency Adjudication Proceedings. The department or commission may issue an order on an emergency basis without complying with the Utah Administrative Procedures Act in accordance with the procedures outlined in Section 63G-4-502.

(d) Utah Administrative Procedures Act. Proceedings under this rule shall be in accordance with Title 63G, Chapter 4, Utah Administrative Procedures Act (UAPA), and Sections 32B-3-102 to -207.

(e) Penalties.

(i) This rule shall govern the imposition of any penalty against a commission licensee, permittee, or certificate of approval holder, an officer, employee or agent of a licensee, permittee, or certificate of approval holder, and a manufacturer, supplier or importer whose products are listed in this state.

(ii) Penalties may include a letter of admonishment, imposition of a fine, the suspension or revocation of a commission license, permit, or certificate of approval, the requirement that a licensee have a written responsible alcohol service plan as provided in R81-1-24, the assessment of costs of action, an order prohibiting an officer, employee or agent of a licensee, permittee, or certificate of approval holder, from serving, selling, distributing, manufacturing, wholesaling, warehousing, or handling alcoholic beverages in the course of employment with any commission licensee, permittee, or certificate of approval holder for a period determined by the commission, the forfeiture of bonds, an order removing a manufacturer's, supplier's or importer's products from the department's sales list and a suspension of the department's purchase of those products for a period determined by the commission, and an order removing the products of a certificate of approval holder from the state approved sales list, and a suspension of the purchase of the products in the state.

(iii) Department administrative costs are the hourly pay rate plus benefits of each department employee involved in processing and conducting the adjudicative proceedings on the violation, an hourly charge for department overhead costs, the amount billed the department by an independent contractor for services rendered in conjunction with an adjudicative proceeding, and any additional extraordinary or incidental costs incurred by the department. The commission may also assess additional costs if a respondent fails to appear before the commission at the final stage of the adjudicative process. Department overhead costs are calculated by taking the previous year's total department expenditures less staff payroll charges expended on violations, dividing it by the previous year's total staff hours spent on violations, and multiplying this by a rate derived by taking the previous year's total staff payroll spent on violations to the previous year's total payroll of all office employees. The overhead cost figure shall be recalculated at the beginning of each fiscal year.

(f) Perjured Statements. Any person who makes any false or perjured statement in the course of a disciplinary action is subject to criminal prosecution under Section 32B-4-504.

(g) Service. Service of any document shall be satisfied by service personally or by certified mail upon any respondent, or upon any officer or manager of a corporate or limited liability

company respondent, or upon an attorney for a respondent, or by service personally or by certified mail to the last known address of the respondent or any of the following:

(i) Service personally or by certified mail upon any employee working in the respondent's premises; or

(ii) Posting of the document or a notice of certified mail upon a respondent's premises; or

(iii) Actual notice. Proof of service shall be satisfied by a receipt of service signed by the person served or by a certificate of service signed by the person served, or by certificate of service signed by the server, or by verification of posting on the respondent's premises.

(h) Filing of Pleadings or Documents. Filing by a respondent of any pleading or document shall be satisfied by timely delivery to the department office, 1625 South 900 West, Salt Lake City, or by timely delivery to P. O. Box 30408, Salt Lake City, Utah 84130-0408.

(i) Representation. A respondent who is not a corporation or limited liability company may represent himself in any disciplinary action, or may be represented by an agent duly authorized by the respondent in writing, or by an attorney. A corporate or limited liability company respondent may be represented by a member of the governing board of the corporation or manager of the limited liability company, or by a person duly authorized and appointed by the respondent in writing to represent the governing board of the corporation or manager of the limited liability company, or by an attorney.

(j) Presiding Officers.

(i) The commission or the director may appoint presiding officers to receive evidence in disciplinary proceedings, and to submit to the commission orders containing written findings of fact, conclusions of law, and recommendations for commission action.

(ii) If fairness to the respondent is not compromised, the commission or director may substitute one presiding officer for another during any proceeding.

(iii) A person who acts as a presiding officer at one phase of a proceeding need not continue as presiding officer through all phases of a proceeding.

(iv) Nothing precludes the commission from acting as presiding officer over all or any portion of an adjudication proceeding.

(v) At any time during an adjudicative proceeding the presiding officer may hold a conference with the department and the respondent to:

(A) encourage settlement;

(B) clarify issues;

(C) simplify the evidence;

(D) expedite the proceedings; or

(E) facilitate discovery, if a formal proceeding.

(k) Definitions. The definitions found in Sections 32B-1-102 and Title 63G, Chapter 4 apply to this rule.

(l) Computation of Time. The time within which any act shall be done shall be computed by excluding the first day and including the last day, unless the last day is a Saturday, Sunday, or state or federal holiday, in which case the next business day shall count as the last day.

(m) Default.

(i) The presiding officer may enter an order of default against a respondent if the respondent in an adjudicative proceeding fails to attend or participate in the proceeding.

(ii) The order shall include a statement of the grounds for default, and shall be mailed to the respondent and the department.

(iii) A defaulted respondent may seek to have the default order set aside according to procedures outlined in the Utah Rules of Civil Procedure.

(iv) After issuing the order of default, the commission or presiding officer shall conduct any further proceedings

necessary to complete the adjudicative proceeding without the participation of the respondent in default and shall determine all issues in the adjudicative proceeding, including those affecting the defaulting respondent.

(2) Pre-adjudication Proceedings.

(a) Staff Screening. Upon receipt of a violation report, a decision officer of the department shall review the report, and the alleged violator's violation history, and in accordance with R81-1-6, determine the range of penalties which may be assessed should the alleged violator be found guilty of the alleged violation.

(b) Letters of Admonishment. Because letters of admonishment are not "state agency actions" under Section 63G-4-102(1)(a), no adjudicative proceedings are required in processing them, and they shall be handled in accordance with the following procedures:

(i) If the decision officer of the department determines that the alleged violation does not warrant an administrative fine, or suspension or revocation of the license, permit, or certificate of approval, or action against an officer, employee or agent of a licensee, permittee, or certificate of approval holder, or against a manufacturer, supplier or importer of products listed in this state, a letter of admonishment may be sent to the respondent.

(ii) A letter of admonishment shall set forth in clear and concise terms:

(A) The case number assigned to the action;

(B) The name of the respondent;

(C) The alleged violation, together with sufficient facts to put a respondent on notice of the alleged violations and the name of the agency or staff member making the report;

(D) Notice that a letter of admonishment may be considered as a part of the respondent's violation history in assessing appropriate penalties in future disciplinary actions against the respondent; and

(E) Notice that a rebuttal is permitted under these rules within ten days of service of the letter of admonishment.

(F) Notice that the letter of admonishment is subject to the approval of the commission.

(iii) A copy of the law enforcement agency or department staff report shall accompany the letter of admonishment. The decision officer shall delete from the report any information that might compromise the identity of a confidential informant or undercover agent.

(iv) A respondent may file a written rebuttal with the department within ten days of service of the letter of admonishment. The rebuttal shall be signed by the respondent, or by the respondent's authorized agent or attorney, and shall set forth in clear and concise terms:

(A) The case number assigned to the action;

(B) The name of the respondent;

(C) Any facts in defense or mitigation of the alleged violation, and a brief summary of any attached evidence. The rebuttal may be accompanied by supporting documents, exhibits, or signed statements.

(v) If the decision officer is satisfied, upon receipt of a rebuttal, that the letter of admonishment was not well taken, it may be withdrawn and the letter and rebuttal shall be expunged from the respondent's file. Letters of admonishment so withdrawn shall not be considered as a part of the respondent's violation history. If no rebuttal is received, or if the decision officer determines after receiving a rebuttal that the letter of admonishment is justified, the matter shall be submitted to the commission for final approval. Upon commission approval, the letter of admonishment, together with any written rebuttal, shall be placed in the respondent's department file and may be considered as part of the respondent's violation history in assessing appropriate penalties in future disciplinary actions against the respondent. If the commission rejects the letter of admonishment, it may either direct the decision officer to

dismiss the matter, or may direct that an adjudicative proceeding be commenced seeking a more severe penalty.

(vi) At any time prior to the commission's final approval of a letter of admonishment, a respondent may request that the matter be processed under the adjudicative proceeding process.

(c) Commencement of Adjudicative Proceedings.

(i) Alleged violations shall be referred to a presiding officer for commencement of adjudicative proceedings under the following circumstances:

(A) the decision officer determines during screening that the case does not fit the criteria for issuance of a letter of admonishment under section (2)(b)(i);

(B) a respondent has requested that a letter of admonishment be processed under the adjudicative proceeding process; or

(C) the commission has rejected a letter of admonishment and directed that an adjudicative proceeding be commenced seeking a more severe penalty.

(ii) All adjudicative proceedings shall commence as informal proceedings.

(iii) At any time after commencement of informal adjudicative proceedings, but before the commencement of a hearing, if the department determines that it will seek administrative fines exceeding \$3000, a suspension of the license, permit or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), the presiding officer shall convert the matter to a formal adjudicative proceeding.

(iv) At any time before a final order is issued, a presiding officer may convert an informal proceeding to a formal proceeding if conversion is in the public interest and does not unfairly prejudice the rights of any party.

(3) The Informal Process.

(a) Notice of agency action.

(i) Upon referral of a violation report from the decision officer for commencement of informal adjudicative proceedings, the presiding officer shall issue and sign a written "notice of agency action" which shall set forth in clear and concise terms:

(A) The names and mailing addresses of all persons to whom notice is being given by the presiding officer, and the name, title, and mailing address of any attorney or employee who has been designated to appear for the department;

(B) The department's case number;

(C) The name of the adjudicative proceeding, "DABC vs. _____";

(D) The date that the notice of agency action was mailed;

(E) A statement that the adjudicative proceeding is to be conducted informally according to the provisions of this rule and Sections 63G-4-202 and -203 unless a presiding officer converts the matter to a formal proceeding pursuant to Sections (2)(c)(iii) or (iv) of this rule, in which event the proceeding will be conducted formally according to the provisions of this rule and Sections 63G-4-204 to -209;

(F) The date, time and place of any prehearing conference with the presiding officer;

(G) A statement that a respondent may request a hearing for the purpose of determining whether the violation(s) alleged in the notice of agency action occurred, and if so, the penalties that should be imposed;

(H) A statement that a respondent who fails to attend or participate in any hearing may be held in default;

(I) A statement of the legal authority and jurisdiction under which the adjudicative proceeding is to be maintained;

(J) A statement of the purpose of the adjudicative proceeding and questions to be decided including:

(I) the alleged violation, together with sufficient facts to put the respondent on notice of the alleged violation and the name of the agency or department staff member making the violation report;

(II) the penalty sought, which may include assessment of costs under Section 32B-3-205(1)(c) if the respondent is found guilty of the alleged violation, and forfeiture of any compliance bond on final revocation under Section 32B-3-205(5) if revocation is sought by the department;

(K) Any violation history of the respondent which may be considered in assessing an appropriate penalty should the respondent be found guilty of the alleged violation; and

(L) The name, title, mailing address, and telephone number of the presiding officer.

(ii) A copy of the law enforcement agency or staff report shall accompany the notice of agency action. The presiding officer shall delete from the report any information that might compromise the identity of a confidential informant or undercover agent.

(iii) The notice of agency action and any subsequent pleading in the case shall be retained in the respondent's department file.

(iv) The notice of agency action shall be mailed to each respondent, any attorney representing the department, and, if applicable, any law enforcement agency that referred the alleged violation to the department.

(v) The presiding officer may permit or require pleadings in addition to the notice of agency action. All additional pleadings shall be filed with the presiding officer, with copies sent by mail to each respondent and to the department.

(vi) Amendment to Pleading. The presiding officer may, upon motion of the respondent or department made at or before the hearing, allow any pleading to be amended or corrected. Defects which do not substantially prejudice a respondent or the department shall be disregarded.

(vii) Signing of Pleading. Pleadings shall be signed by the department or respondent, or their authorized attorney or representative, and shall show the signer's address and telephone number. The signature shall be deemed to be a certification by the signer that he has read the pleading and that he has taken reasonable measures to assure its truth.

(b) The Prehearing Conference.

(i) The presiding officer may hold a prehearing conference with the respondent and the department to encourage settlement, clarify issues, simplify the evidence, or expedite the proceedings.

(ii) All or part of any adjudicative proceeding may be stayed at any time by a written settlement agreement signed by the department and respondent or their authorized attorney or representative, and by the presiding officer. The stay shall take effect immediately upon the signing of the settlement agreement, and shall remain in effect until the settlement agreement is approved or rejected by the commission. No further action shall be required with respect to any action or issue so stayed until the commission has acted on the settlement agreement.

(iii) A settlement agreement approved by the commission shall constitute a final resolution of all issues agreed upon in the settlement. No further proceedings shall be required for any issue settled. The approved settlement shall take effect by its own terms and shall be binding upon the respondent and the department. Any breach of a settlement agreement by a respondent may be treated as a separate violation and shall be grounds for further disciplinary action. Additional sanctions stipulated in the settlement agreement may also be imposed.

(iv) If the settlement agreement is rejected by the commission, the action shall proceed in the same posture as if the settlement agreement had not been reached, except that all time limits shall have been stayed for the period between the signing of the agreement and the commission rejection of the settlement agreement.

(v) If the matter cannot be resolved by settlement agreement, the department shall notify the respondent and the presiding officer whether it will seek administrative fines

exceeding \$3000, a suspension of the license, permit or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s).

(vi) If the department does not seek administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), any hearing on the matter shall be adjudicated informally.

(vii) If the department does seek administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval for the alleged violation(s), the presiding officer shall convert the matter to a formal adjudicative proceeding, and any hearing on the matter shall be adjudicated formally. The department may waive the formal adjudicative proceeding requirement that the respondent file a written response to the notice of agency action.

(c) The Informal Hearing.

(i) The presiding officer shall notify the respondent and department in writing of the date, time and place of the hearing at least ten days in advance of the hearing. Continuances of scheduled hearings are not favored, but may be granted by the presiding officer for good cause shown. Failure by a respondent to appear at the hearing after notice has been given shall be grounds for default and shall waive both the right to contest the allegations, and the right to the hearing. The presiding officer shall proceed to prepare and serve on respondent an order pursuant to R81-1-7(3)(d).

(ii) All hearings shall be presided over by the presiding officer.

(iii) The respondent named in the notice of agency action and the department shall be permitted to testify, present evidence, and comment on the issues. Formal rules of evidence shall not apply, however, the presiding officer:

(A) may exclude evidence that is irrelevant, immaterial or unduly repetitious;

(B) shall exclude evidence privileged in the courts of Utah;

(C) shall recognize presumptions and inferences recognized by law;

(D) may receive documentary evidence in the form of a copy or excerpt if the copy or excerpt contains all the pertinent portions of the original document;

(E) may take official notice of any facts that could be judicially noticed under the Utah Rules of Evidence, of the record of other proceedings before the commission, and of technical or scientific facts within the commission's specialized knowledge;

(F) may not exclude evidence solely because it is hearsay; and

(G) may use his experience, technical competence, and specialized knowledge to evaluate the evidence.

(iv) All testimony shall be under oath.

(v) Discovery is prohibited.

(vi) Subpoenas and orders to secure the attendance of witnesses or the production of evidence shall be issued by the presiding officer when requested by a respondent or the department, or may be issued by the presiding officer on his own motion.

(vii) A respondent shall have access to information contained in the department's files and to material gathered in the investigation of respondent to the extent permitted by law.

(viii) Intervention is prohibited.

(ix) The hearing shall be open to the public, provided that the presiding officer may order the hearing closed upon a written finding that the public interest in an open meeting is clearly outweighed by factors enumerated in the closure order.

The presiding officer may take appropriate measures necessary to preserve the integrity of the hearing.

(x) Record of Hearing. The presiding officer shall cause an official record of the hearing to be made, at the department's expense, as follows:

(A) The record of the proceedings may be made by means of an audio or video recorder or other recording device at the department's expense.

(B) The record may also be made by means of a certified shorthand reporter employed by the department or by a party desiring to employ a certified shorthand reporter at its own cost in the event that the department chooses not to employ a reporter. If a party employs a certified shorthand reporter, the original transcript of the hearing shall be filed with the department. Those desiring a copy of the certified shorthand reporter's transcript may purchase it from the reporter.

(C) Any respondent, at his own expense, may have a person approved by the department, prepare a transcript of the hearing, subject to any restrictions that the department is permitted by statute to impose to protect confidential information disclosed at the hearing. Whenever a transcript or audio or video recording of a hearing is made, it will be available at the department for use by the parties, but the original transcript or recording may not be withdrawn.

(D) The department shall retain the record of the evidentiary hearing for a minimum of one year from the date of the hearing, or until the completion of any court proceeding on the matter.

(xi) The presiding officer may grant continuances or recesses as necessary.

(xii) Order of presentation. Unless otherwise directed by the presiding officer at the hearing, the order of procedure and presentation of evidence will be as follows: (1) department; (2) respondent; (3) rebuttal by department.

(xiii) Time limits. The presiding officer may set reasonable time limits for the presentations described above.

(xiv) Continuances of the hearing. Any hearing may be continued to a time and date certain announced at the hearing, which shall not require any new notification. The continuance of the hearing may be made upon motion of a respondent or the department indicating good cause why a continuance is necessary. The continuance of the hearing may also be made upon the motion of the presiding officer when in the public interest.

(xv) Oral Argument and Briefs. Upon the conclusion of the taking of evidence, the presiding officer may, in his discretion, permit a respondent and the department to make oral arguments or submit additional briefs or memoranda upon a schedule to be designated by the presiding officer.

(d) Disposition.

(i) Presiding Officer's Order; Objections.

(A) Within a reasonable time after the close of the hearing, the presiding officer shall issue a signed order in writing that includes the following:

(I) the decision;

(II) the reasons for the decision;

(III) findings of fact;

(IV) conclusions of law;

(V) recommendations for final commission action;

(VI) notice that a respondent or the department having objections to the presiding officer's order may file written objections with the presiding officer within ten days of service of the order, setting forth the particulars in which the report is alleged to be unfair, inaccurate, incomplete, unreasonable, unlawful or not supported by the evidence.

(B) The order shall be based on the facts appearing in the department's files and on the facts presented in evidence at the informal hearing. Any finding of fact that was contested may not be based solely on hearsay evidence. The findings of fact

shall be based upon a preponderance of the evidence. The order shall not recommend a penalty more severe than that sought in the notice of agency action, and in no event may it recommend administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval.

(C) A copy of the presiding officer's order shall be promptly mailed to the respondent and the department.

(D) The presiding officer shall wait ten days from service of his order for written objections, if any. The presiding officer may then amend or supplement his findings of fact, conclusions of law, and recommendations to reflect those objections which have merit or which are not disputed.

(E) Upon expiration of the time for filing written objections, the order of the presiding officer and any written objections timely filed, shall be submitted to the commission for final consideration.

(ii) Commission Action.

(A) Upon expiration of the time for filing objections, the order shall be placed on the next available agenda of a regular commission meeting for consideration by the commission. Copies of the order, together with any objections filed shall be forwarded to the commission, and the commission shall finally decide the matter on the basis of the order and any objections submitted.

(B) The commission shall be deemed a substitute presiding officer for this final stage of the informal adjudicative proceeding pursuant to Sections 63G-4-103(1)(h)(ii) and (iii). This stage is not considered a "review of an order by an agency or a superior agency" under Sections 63G-4-301 and -302.

(C) No additional evidence shall be presented to the commission. The commission may, in its discretion, permit the respondent and department to present oral presentations.

(D) After the commission has reached a final decision, it shall issue or cause to be issued a signed, written order pursuant to Section 32B-3-204(4) and, 63G-4-203(1)(i) containing:

(I) the decision;

(II) the reasons for the decision;

(III) findings of fact;

(IV) conclusions of law;

(V) action ordered by the commission and effective date of the action taken;

(VI) notice of the right to seek judicial review of the order within 30 days from the date of its issuance in the district court in accordance with Sections 63G-4-401, -402, -404, and -405 and 32B-3-207.

(E) The commission may adopt in whole or in part, any portion(s) of the initial presiding officer's order.

(F) The order shall be based on the facts appearing in the department's files and on the facts presented in evidence at the informal hearing.

(G) The order shall not impose a penalty more severe than that sought in the notice of agency action, and in no event may it impose administrative fines exceeding \$3000, a suspension of the license, permit, or certificate of approval for more than ten days, or a revocation of the license, permit, or certificate of approval.

(H) The commission, after it has rendered its final decision and order, may direct the department director to prepare, issue, and cause to be served on the parties the final written order on behalf of the commission.

(I) A copy of the commission's order shall be promptly mailed to the parties.

(e) Judicial Review.

(i) Any petition for judicial review of the commission's final order must be filed within 30 days from the date the order is issued.

(ii) Appeals from informal adjudicative proceedings shall be to the district court in accordance with Sections 63G-4-402,

-404, and -405, and 32B-3-207.

(4) The Formal Process.

(a) Conversion Procedures. If a presiding officer converts an informal adjudicative proceeding to a formal adjudicative proceeding pursuant to sections (2)(c)(iii) or (iv):

(i) the presiding officer shall notify the parties that the adjudicative proceeding is to be conducted formally according to the provisions of this rule and Sections 63G-4-204 to -209;

(ii) the case shall proceed without requiring the issuance of a new or amended notice of agency action;

(iii) the respondent shall be required to file a written response to the original notice of agency action within 30 days of the notice of the conversion of the adjudicative proceeding to a formal proceeding, unless this requirement is waived by the department. Extensions of time to file a response are not favored, but may be granted by the presiding officer for good cause shown. Failure to file a timely response shall waive the respondent's right to contest the matters stated in the notice of agency action, and the presiding officer may enter an order of default and proceed to prepare and serve his final order pursuant to R81-1-7(4)(e). The response shall be signed by the respondent, or by an authorized agent or attorney of the respondent, and shall set forth in clear and concise terms:

(A) the case number assigned to the action;

(B) the name of the adjudicative proceeding, "DABC vs. ";

(C) the name of the respondent;

(D) whether the respondent admits, denies, or lacks sufficient knowledge to admit or deny each allegation stated in the notice of agency action, in which event the allegation shall be deemed denied;

(E) any facts in defense or mitigation of the alleged violation or possible penalty;

(F) a brief summary of any attached evidence. Any supporting documents, exhibits, signed statements, transcripts, etc., to be considered as evidence shall accompany the response;

(G) a statement of the relief the respondent seeks;

(H) a statement summarizing the reasons that the relief requested should be granted.

(iv) the presiding officer may permit or require pleadings in addition to the notice of agency action and the response. All additional pleadings shall be filed with the presiding officer, with copies sent by mail to each party.

(v) the presiding officer may, upon motion of the responsible party made at or before the hearing, allow any pleading to be amended or corrected. Defects which do not substantially prejudice any of the parties shall be disregarded;

(vi) Pleadings shall be signed by the party or the party's attorney and shall show the signer's address and telephone number. The signature shall be deemed to be a certification by the signer that he has read the pleading and that he has taken reasonable measures to assure its truth;

(b) Intervention.

(i) Any person not a party may file a signed, written petition to intervene in a formal adjudicative proceeding with the presiding officer. The person who wishes to intervene shall mail a copy of the petition to each party. The petition shall include:

(A) the agency's case number;

(B) a statement of facts demonstrating that the petitioner's legal rights or interests are substantially affected by the formal adjudicative proceedings or that the petitioner qualifies as an intervenor under any provision of law; and

(C) a statement of the relief that the petitioner seeks from the agency;

(ii) Response to Petition. Any party to a proceeding into which intervention is sought may make an oral or written response to the petition for intervention. The response shall state the basis for opposition to intervention and may suggest

limitations to be placed upon the intervenor if intervention is granted. The response must be presented or filed at or before the hearing.

(iii) Granting of Petition. The presiding officer shall grant a petition for intervention if the presiding officer determines that:

(A) the petitioner's legal interests may be substantially affected by the formal adjudicative proceeding; and

(B) the interests of justice and the orderly and prompt conduct of the adjudicative proceedings will not be materially impaired by allowing the intervention.

(iv) Order Requirements.

(A) Any order granting or denying a petition to intervene shall be in writing and sent by mail to the petitioner and each party.

(B) An order permitting intervention may impose conditions on the intervenor's participation in the adjudicative proceeding that are necessary for a just, orderly, and prompt conduct of the adjudicative proceeding.

(C) The presiding officer may impose conditions at any time after the intervention.

(D) If it appears during the course of the proceeding that an intervenor has no direct or substantial interest in the proceeding and that the public interest does not require the intervenor's participation, the presiding officer may dismiss the intervenor from the proceeding.

(E) In the interest of expediting a hearing, the presiding officer may limit the extent of participation of an intervenor. Where two or more intervenors have substantially like interests and positions, the presiding officer may at any time during the hearing limit the number of intervenors who will be permitted to testify, cross-examine witnesses or make and argue motions and objections.

(c) Discovery and Subpoenas.

(i) Discovery. Upon the motion of a party and for good cause shown that it is to obtain relevant information necessary to support a claim or defense, the presiding officer may authorize the manner of discovery against another party or person, including the staff, as may be allowed by the Utah Rules of Civil Procedure.

(ii) Subpoenas. Subpoenas and orders to secure the attendance of witnesses or the production of evidence in formal adjudicative proceedings shall be issued by the presiding officer when requested by any party, or may be issued by the presiding officer on his own motion.

(d) The Formal Hearing.

(i) Notice. The presiding officer shall notify the parties in writing of the date, time, and place of the hearing at least ten days in advance of the hearing. The presiding officer's name, title, mailing address, and telephone number shall be provided to the parties. Continuances of scheduled hearings are not favored, but may be granted by the presiding officer for good cause shown. Failure to appear at the hearing after notice has been given shall be grounds for default and shall waive both the respondent's right to contest the allegations, and the respondent's right to the hearing. The presiding officer shall proceed to prepare and serve on respondent his order pursuant to R81-1-7(4)(e).

(ii) Public Hearing. The hearing shall be open to all parties. It shall also be open to the public, provided that the presiding officer may order the hearing closed upon a written finding that the public interest in an open hearing is clearly outweighed by factors enumerated in the closure order. The presiding officer may take appropriate measures necessary to preserve the integrity of the hearing.

(iii) Rights of Parties. The presiding officer shall regulate the course of the hearings to obtain full disclosure of relevant facts and to afford all the parties reasonable opportunity to present their positions, present evidence, argue, respond,

conduct cross-examinations, and submit rebuttal evidence.

(iv) Public Participation. The presiding officer may give persons not a party to the adjudicative proceeding the opportunity to present oral or written statements at the hearing.

(v) Rules of Evidence. Technical rules of evidence shall not apply. Any reliable evidence may be admitted subject to the following guidelines. The presiding officer:

(A) may exclude evidence that is irrelevant, immaterial or unduly repetitious;

(B) shall exclude evidence privileged in the courts of Utah;

(C) shall recognize presumptions and inferences recognized by law;

(D) may receive documentary evidence in the form of a copy or excerpt if the copy or excerpt contains all the pertinent portions of the original document.

(E) may take official notice of any facts that could be judicially noticed under the Utah Rules of Evidence, of the record of other proceedings before the agency, and of technical or scientific facts within the agency's specialized knowledge;

(F) may not exclude evidence solely because it is hearsay; and

(G) may use his experience, technical competence, and specialized knowledge to evaluate the evidence.

(vi) Oath. All testimony presented at the hearing, if offered as evidence to be considered in reaching a decision on the merits, shall be given under oath.

(vii) Order of presentation. Unless otherwise directed by the presiding officer at the hearing, the order of procedure and presentation of evidence will be as follows: (1) agency; (2) respondent; (3) intervenors (if any); (4) rebuttal by agency.

(viii) Time limits. The presiding officer may set reasonable time limits for the presentations described above.

(ix) Continuances of the hearing. Any hearing may be continued to a time and date certain announced at the hearing, which shall not require any new notification. The continuance of the hearing may be made upon motion of a party indicating good cause why a continuance is necessary. The continuance of the hearing may also be made upon the motion of the presiding officer when in the public interest.

(x) Oral Argument and Briefs. Upon the conclusion of the taking of evidence, the presiding officer may, in his discretion, permit the parties to make oral arguments or submit additional briefs or memoranda upon a schedule to be designated by the presiding officer.

(xi) Record of Hearing. The presiding officer shall cause an official record of the hearing to be made, at the agency's expense, as follows:

(A) The record may be made by means of an audio or video recorder or other recording device at the department's expense.

(B) The record may also be made by means of a certified shorthand reporter employed by the department or by a party desiring to employ a certified shorthand reporter at its own cost in the event that the department chooses not to employ a reporter. If a party employs a certified shorthand reporter, the original transcript of the hearing shall be filed with the department. Those desiring a copy of the certified shorthand reporter's transcript may purchase it from the reporter.

(C) Any respondent, at his own expense, may have a person approved by the department prepare a transcript of the hearing, subject to any restrictions that the agency is permitted by statute to impose to protect confidential information disclosed at the hearing. Whenever a transcript or audio or video recording of a hearing is made, it will be available at the department for use by the parties, but the original transcript or recording may not be withdrawn.

(D) The department shall retain the record of the evidentiary hearing for a minimum of one year from the date of the hearing, or until the completion of any court proceeding on

the matter.

(xii) Failure to appear. Inexcusable failure of the respondent to appear at a scheduled evidentiary hearing after receiving proper notice constitutes an admission of the charged violation. The validity of any hearing is not affected by the failure of any person to attend or remain in attendance pursuant to Section 32B-3-203(3)(b) and (c).

(e) Disposition.

(i) Presiding Officer's Order; Objections.

(A) Within a reasonable time of the close of the hearing, or after the filing of any post-hearing papers permitted by the presiding officer, the presiding officer shall sign and issue a written order that includes the following:

(I) the findings of fact based exclusively on evidence found in the record of the adjudicative proceedings, or facts officially noted. No finding of fact that was contested may be based solely on hearsay evidence. The findings of fact shall be based upon a preponderance of the evidence, except if the respondent fails to respond as per R81-1-7(4)(a)(iii), then the findings of fact shall adopt the allegations in the notice of agency action;

(II) conclusions of law;

(III) the decision;

(IV) the reasons for the decision;

(V) recommendations for final commission action. The order shall not recommend a penalty more severe than that sought in the notice of agency action;

(VI) notice that a respondent or the department having objections to the presiding officer's order may file written objections with the presiding officer within ten days of service of the order setting forth the particulars in which the report is alleged to be unfair, inaccurate, incomplete, unreasonable, unlawful, or not supported by the evidence.

(B) A copy of the presiding officer's order shall be promptly mailed to the parties.

(C) The presiding officer shall wait ten days from service of his order for written objections, if any. The presiding officer may then amend or supplement his findings of fact, conclusions of law, and recommendations to reflect those objections which have merit and which are not disputed.

(D) Upon expiration of the time for filing written objections, the order of the presiding officer and any written objections timely filed, shall be submitted to the commission for final consideration.

(ii) Commission Action.

(A) Upon expiration of the time for filing objections, the order shall be placed on the next available agenda of a regular commission meeting for consideration by the commission. Copies of the order, together with any objections filed by the respondent, shall be forwarded to the commission, and the commission shall finally decide the matter on the basis of the order and any objections submitted.

(B) The commission shall be deemed a substitute presiding officer for this final stage of the formal adjudicative proceeding pursuant to Sections 63G-4-103(1)(h)(ii) and (iii). This stage is not considered a "review of an order by an agency or a superior agency" under Sections 63G-4-301 and -302.

(C) No additional evidence shall be presented to the commission. The commission may, in its discretion, permit the parties to present oral presentations.

(D) After the commission has reached a final decision, it shall issue or cause to be issued a signed, written order pursuant to Section 32B-3-204(4) and 63G-4-208(1) that includes:

(I) findings of fact based exclusively on evidence found in the record of the adjudicative proceedings, or facts officially noted. No finding of fact that was contested may be based solely on hearsay evidence. The findings of fact shall be based upon a preponderance of the evidence, except if the respondent fails to respond as per R81-1-7(4)(a)(iii), then the findings of

fact shall adopt the allegations in the notice of agency action and the respondent is considered in default;

(II) conclusions of law;

(III) the decision;

(IV) the reasons for the decision;

(V) action ordered by the commission and effective date of the action taken. The order shall not impose a penalty more severe than that sought in the notice of agency action;

(VI) notice of the right to file a written request for reconsideration within ten days of the service of the order;

(VII) notice of the right to seek judicial review of the order within thirty days of the date of its issuance in the court of appeals in accordance with Sections 32B-3-207 and 63G-4-403, -404, -405.

(E) The commission may adopt in whole or in part, any portion(s) of the initial presiding officer's order.

(F) The commission may use its experience, technical competence and specialized knowledge to evaluate the evidence.

(G) The commission, after it has rendered its final decision and order, may direct the department director to prepare, issue, and cause to be served on the parties the final written order on behalf of the commission.

(H) A copy of the commission's order shall be promptly mailed to the parties.

(I) A respondent having objections to the order of the commission may file, within ten days of service of the order, a request for reconsideration with the commission, setting forth the particulars in which the order is unfair, unreasonable, unlawful, or not supported by the evidence. If the request is based upon newly discovered evidence, the petition shall be accompanied by a summary of the new evidence, with a statement of reasons why the respondent could not with reasonable diligence have discovered the evidence prior to the formal hearing, and why the evidence would affect the commission's order.

(J) The filing of a request for reconsideration is not a prerequisite for seeking judicial review of the commission's order.

(K) Within twenty days of the filing of a request for reconsideration, the commission may issue or cause to be issued a written order granting the request or denying the request in whole or in part. If the request is granted, it shall be limited to the matter specified in the order. Upon reconsideration, the commission may confirm its former order or vacate, change or modify the same in any particular, or may remand for further action. The final order shall have the same force and effect as the original order.

(L) If the commission does not issue an order within twenty days after the filing of the request, the request for reconsideration shall be considered denied.

(f) Judicial Review.

(i) Respondent may file a petition for judicial review of the commission's final order within 30 days from the date the order is issued.

(ii) Appeals from formal adjudicative proceedings shall be to the Utah Court of Appeals in accordance with Sections 63G-4-403, -404, and 405, and Section 32B-3-207.

R81-1-8. Consent Calendar Procedures.

(1) Authority. This rule is pursuant to the commission's authority to establish procedures for suspending or revoking permits, licenses, and package agencies under 32B-2-202(1)(c) and (e), and the commission's authority to adjudicate violations of Title 32B.

(2) Purpose. This rule establishes a consent calendar procedure for handling letters of admonishment issued and settlement agreements proposed pursuant to R81-1-7 that meet the following criteria:

(a) Uncontested letters of admonishment where no written

objections have been received from the respondent; and

(b) Settlement agreements except those where the respondent is allowed to present further argument to the commission under the terms of the settlement agreement.

(3) Application of the Rule.

(a) A consent calendar may be utilized by the commission at their meetings to expedite the handling of letters of admonishment and settlement agreements that meet the criteria of Section (2).

(b) Consent calendar items shall be briefly summarized by department staff or the assistant attorney general assigned to the department. The summary shall describe the nature of the violations and the penalties sought.

(c)(i) The commission shall be furnished in advance of the meeting a copy of each letter of admonishment and settlement agreement on the consent calendar and any documents essential for the commission to make an informed decision on the matter.

(ii) If the case involves anything unusual or out of the ordinary, it shall be highlighted on the letter of admonishment or settlement agreement and shall be noted by the department staff person or assistant attorney general during the summary of the case.

(iii) Settlement agreements on the consent calendar shall include specific proposed dates for the suspension of any license or permit, and for payment of any fines or administrative costs.

(d) If the case involves a serious or grave violation as defined in R81-1-6, the licensee or permittee, absent good cause, shall be in attendance at the commission meeting. The licensee or permittee shall be present not to make a presentation, but to respond to any questions from the commission. Individual employees of a licensee or permittee are not required to be in attendance at the commission meeting.

(e) Any commissioner may have an item removed from the consent calendar if the commissioner feels that further inquiry is necessary before reaching a final decision. In the event a commissioner elects to remove an item from the consent calendar, and the licensee or permittee is not in attendance, the matter may be rescheduled for the next regular commission meeting. Otherwise, the action recommended by department staff or the assistant attorney general presenting the matter shall be approved by unanimous consent of the commission.

(f) All consent calendar items shall be approved in a single motion at the conclusion of the presentation of the summary.

(g) All fines and administrative costs shall be paid on or before the day of the commission meeting unless otherwise provided by order of the commission.

R81-1-9. Liquor Dispensing Systems.

A licensee may not install or use any system for the automated mixing or dispensing of spirituous liquor unless the dispensing system has been approved by the department.

(1) A dispensing system is approved by the department if it meets the following minimum requirements:

(a) dispenses spirituous liquor in calibrated quantities not to exceed 1.5 ounces;

(b) has a meter which counts the number of pours dispensed; and

(c) The margin of error of the system for a one ounce pour size cannot exceed 1/16 of an ounce or two milliliters.

(2) Types of systems. Dispensing systems may be of various types including: gun, stationary head, tower, insertable spout, ring activator or similar method.

(3) Licensee Responsibility.

(a) The licensee is responsible for verifying that the system, when initially installed, meets the specifications which listed in subsection (1). Once installed, the licensee shall maintain the dispensing system to ensure that it continues to meet the approved specifications. Failure to maintain the system may be grounds for suspension or revocation of the

licensee's liquor license.

(4) Operational restrictions.

(a) The system must be calibrated to pour a quantity of spirituous liquor not to exceed 1.5 ounces.

(b) Voluntary consent is given that representatives of the department, State Bureau of Investigation, or any law enforcement officer shall have access to any system for inspection or testing purposes. A licensee shall furnish to the representatives, upon request, samples of the alcoholic products dispensed through any system for verification and analysis.

(c) Spirituous liquor bottles in use with a dispensing system at the dispensing location must be affixed to the dispensing system by the licensee. Spirituous liquor bottles in use with a remote dispensing system must be in a locked storage area. Any other primary spirituous liquor not in service must remain unopened. There shall be no opened primary spirituous liquor bottles at a dispensing location that are not affixed to an approved dispensing device.

(d) The dispensing system and spirituous liquor bottles attached to the system must be locked or secured in such a place and manner as to preclude the dispensing of spirituous liquor at times when liquor sales are not authorized by law.

(e) All dispensing systems and devices must

(i) avoid an in-series hookup which would permit the contents of liquor bottles to flow from bottle to bottle before reaching the dispensing spigot or nozzle;

(ii) not dispense from or utilize containers other than original liquor bottles; and

(iii) prohibit the intermixing of different kinds of products or brands in the liquor bottles from which they are being dispensed.

(f) Pursuant to federal law, all liquor dispensed through a dispensing system shall be from its original container, and there shall be no re-use or refilling of liquor bottles with any substance whatsoever. The commission adopts federal regulations 27 CFR 31.261-31.262 and 26 USC Section 5301 and incorporates them by reference.

(g) Each licensee shall keep daily records for each dispensing outlet as follows:

(i) a list of brands of liquor dispensed through the dispensing system;

(ii) the number of portions of liquor dispensed through the dispensing system determined by the calculated difference between the beginning and ending meter readings and/or as electronically generated by the recording software of the dispensing system;

(iii) number of portions of liquor sold; and

(iv) a comparison of the number of portions dispensed to the number of portions sold including an explanation of any variances.

(v) These records must be made available for inspection and audit by the department or law enforcement.

(h) This rule does not prohibit the sale of pitchers of mixed drinks as long as the pitcher contains no more than 1.5 ounces of primary spirituous liquor and no more than a total of 2.5 ounces of spirituous liquor per person to which the pitcher is served.

(i) Licensees shall display in a prominent place on the premises a list of the types and brand names of spirituous liquor being served through its dispensing system. This requirement may be satisfied either by printing the list on an alcoholic beverage menu or by wall posting or both.

(j) All dispensing systems and devices must conform to federal, state, and local health and sanitation requirements. Where considered necessary, the department may:

(i) require the alteration or removal of any system,

(ii) require the licensee to clean, disinfect, or otherwise improve the sanitary conditions of any system.

R81-1-11. Multiple-Licensed Facility Storage and Service.

(1) For the purposes of this rule:

(a) "premises" as defined in Section 32B-1-102(75) shall include the location of any licensed restaurant, limited restaurant, beer-only restaurant, club, or recreational amenity on-premise beer retailer facility or facilities operated or managed by the same person or entity that are located within the same building or complex, and any similar sublicense located within the same building of a resort license under 32B-8. Multiple licensed facilities shall be termed "qualified premises" as used in this rule.

(b) the terms "sell", "sale", "to sell" as defined in Section 32B-1-102(92) shall not apply to a cost allocation of alcoholic beverages as used in this rule.

(c) "cost allocation" means an apportionment of the as purchased cost of the alcoholic beverage product based on the amount sold in each outlet.

(d) "remote storage alcoholic beverage dispensing system" means a dispensing system where the alcoholic product is stored in a single centralized location, and may have separate dispensing heads at different locations, and is capable of accounting for the amount of alcoholic product dispensed to each location.

(2) Where qualified premises have consumption areas in reasonable proximity to each other, the dispensing of alcoholic beverages may be made from the alcoholic beverage inventory of an outlet in one licensed location to patrons in either consumption area of the qualified premises subject to the following requirements:

(a) point of sale control systems must be implemented that will record the amounts of each alcoholic beverage product sold in each location;

(b) cost allocation of the alcoholic beverage product cost must be made for each location on at least a monthly or quarterly basis pursuant to the record keeping requirements of Section 32B-5-302;

(c) dispensing of alcoholic beverages to a licensed location may not be made on prohibited days or at prohibited hours pertinent to that license type;

(d) if separate inventories of liquor are maintained in one dispensing location, the storage area of each licensee's liquor must remain locked during the prohibited hours and days of sale for each license type;

(e) dispensing of alcoholic beverages to a licensed location may not be made in any manner prohibited by the statutory or regulatory operational restrictions of that license type;

(f) alcoholic beverages dispensed under this section may be delivered by servers from one outlet to the various approved consumption areas, or dispensed to each outlet through the use of a remote storage alcoholic beverage dispensing system.

(3) On qualified premises where each licensee maintains an inventory of alcoholic beverage products, the alcoholic beverages owned by each licensee may be stored in a common location in the building subject to the following guidelines:

(a) each licensee shall identify the common storage location when applying for or renewing their license, and shall receive department approval of the location;

(b) each licensee must be able to account for its ownership of the alcoholic beverages stored in the common storage location by keeping records, balanced monthly, of expenditures for alcoholic beverages supported by items such as delivery tickets, invoices, receipted bills, canceled checks, petty cash vouchers; and

(c) the common storage area may be located on the premises of one of the licensed liquor establishments.

R81-1-12. Alcohol Training and Education Seminar.

(1) The alcohol training and education seminar, as described in Section 62A-15-401, shall be completed by every

individual of every new and renewing licensee under title 32B who:

(a) is employed to sell or furnish alcoholic beverages to the public within the scope of his employment for consumption on the premises;

(b) is employed to manage or supervise the service of alcoholic beverages; or

(c) holds an ownership interest in an on-premise licensed establishment and performs the duties of a manager, supervisor, or server of alcoholic beverages.

(2) Persons described in subsection 1(a) and (b) must complete the training within 30 days of commencing employment. Persons described in subsection 1(c) must complete the training within 30 days of engaging in the duties described in subsection 1(a) and (b).

(3) Each licensee shall maintain current records on each individual indicating:

(a) date of hire, and

(b) date of completion of training.

(4) The seminar shall include the following subjects in the curriculum and training:

(a) alcohol as a drug and its effect on the body and behavior;

(b) recognizing the problem drinker;

(c) an overview of state alcohol laws;

(d) dealing with problem customers; and

(e) alternate means of transportation to get a customer safely home.

(5) Persons required to complete the seminar shall pay a fee to the seminar provider.

(6) The seminar is administered by the Division of Substance Abuse of the Utah Department of Human Services.

(7) Persons who are not in compliance with subsection (2) may not:

(a) serve or supervise the serving of alcoholic beverages to a customer for consumption on the premises of a licensee; or

(b) engage in any activity that would constitute managing operations at the premises of a licensee.

R81-1-13. Utah Government Records Access and Management Act.

(1) Purpose. To provide procedures for access to government records of the commission and the department.

(2) Authority. The authority for this rule is Sections 63G-2-204 and 63A-12-104 of the Government Records Access and Management Act (GRAMA).

(3) Requests for Access. Requests for access to government records of the commission or the department should be written and made to the executive secretary of the commission or the records officer of the department, as the case may be, at the following address: Department of Alcoholic Beverage Control, 1625 South 900 West, P.O. Box 30408, Salt Lake City, Utah 84130-0408.

(4) Fees. A fee schedule for the direct and indirect costs of duplicating or compiling a record may be obtained from the commission and the department by contacting the appropriate official specified in paragraph (3) above. The department may require payment of past fees and future estimated fees before beginning to process a request if fees are expected to exceed \$50 or if the requester has not paid fees from previous requests. Fees for duplication and compilation of a record may be waived under certain circumstances described in Section 63G-2-203(4). Requests for this waiver of fees must be made to the appropriate official specified in paragraph (3) above.

(5) Requests for Access for Research Purposes. Access to private or controlled records for research purposes is allowed by Section 63G-2-202(8). Requests for access to these records for research purposes may be made to the appropriate official specified in paragraph (3) above.

(6) Intellectual Property Rights. Whenever the commission or department determines that it owns an intellectual property right to a portion of its records, it may elect to duplicate and distribute, or control any materials, in accordance with the provisions of Section 63G-2-201(10). Decisions affecting records covered by these rights will be made by the appropriate official specified in paragraph (3) above. Any questions regarding the duplication and distribution of materials should be addressed to that individual.

(7) Requests to Amend a Record. An individual may contest the accuracy or completeness of a document pertaining to him pursuant to Section 63G-2-603. The request should be made to the appropriate official specified in paragraph (3) above.

(8) Time Periods Under GRAMA. The provisions of Rule 6 of the Utah Rules of Civil Procedure shall apply to calculate time periods specified in GRAMA.

R81-1-14. Americans With Disabilities Act Grievance Procedures.

(1) Authority and Purpose.

(a) This rule is made under authority of Section 32B-2-202 and 63G-3-201(3). As required by 28 CFR 35.107, the Utah Department of Alcoholic Beverage Control, as a public entity that employs more than 50 persons, adopts and publishes the grievance procedures within this rule for the prompt and equitable resolution of complaints alleging any action prohibited by Title II of the Americans with Disabilities Act, as amended.

(b) The purpose of this rule is to implement the provisions of 28 CFR 35 which in turn implements Title II of the Americans with Disabilities Act, which provides that no individual shall be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by the department because of a disability.

(2) Definitions.

(a) "ADA Coordinator" means the employee assigned by the executive director to investigate and facilitate the prompt and equitable resolution of complaints filed by qualified persons with disabilities. The ADA Coordinator may be a representative of the Department of Human Resource Management assigned to the Department.

(b) "Department" means the Department of Alcoholic Beverage Control.

(c) "Designee" means an individual appointed by the executive director or a director to investigate allegations of ADA non-compliance in the event the ADA Coordinator is unable or unwilling to conduct an investigation for any reason, including a conflict of interest. A designee does not have to be an employee of the department; however, the designee must have a working knowledge of the responsibilities and obligations required of employers and employees by the ADA.

(d) "Director" means the head of the division of the Department affected by a complaint filed under this rule.

(e) "Disability" means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment.

(f) "Executive Director" means the executive director of the department.

(g) "Major life activities" include caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, and working. A major life activity also includes the operation of a major bodily function, such as functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

(h) "Qualified Individual" means an individual who meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the Department. A "qualified individual" is also an individual who, with or without reasonable accommodation, can perform the essential functions of the employment position that individual holds or desires.

(3) Filing of Complaints.

(a) Any qualified individual may file a complaint alleging noncompliance with Title II of the Americans with Disabilities Act, as amended, or the federal regulations promulgated thereunder.

(b) Qualified individuals shall file their complaints with the Department's ADA Coordinator, unless the complaint alleges that the ADA Coordinator was non-compliant, in which case qualified individuals shall file their complaints with the Department's designee.

(c) Qualified individuals shall file their complaints within 90 days after the date of the alleged noncompliance to facilitate the prompt and effective consideration of pertinent facts and appropriate remedies; however, the Executive Director has the discretion to direct that the grievance process be utilized to address legitimate complaints filed more than 90 days after alleged noncompliance.

(d) Each complaint shall:

- (i) include the complainant's name and address;
- (ii) include the nature and extent of the individual's disability;
- (iii) describe the department's alleged discriminatory action in sufficient detail to inform the department of the nature and date of the alleged violation;
- (iv) describe the action and accommodation desired; and
- (v) be signed by the complainant or by his legal representative.

(e) Complaints filed on behalf of classes or third parties shall describe or identify by name, if possible, the alleged victims of discrimination.

(f) If the complaint is not in writing, the ADA coordinator or designee shall transcribe or otherwise reduce the complaint to writing upon receipt of the complaint.

(g) By the filing of a complaint or a subsequent appeal, the complainant authorizes necessary parties to conduct a confidential review all relevant information, including records classified as private or controlled under the Government Records Access and Management Act, Utah Code, Subsection 63G-2-302(1)(b) and Section 63G-2-304, consistent with 42 U.S.C. 12112(d)(4)(A), (B), and (C) and 42 U.S.C. Section 12112(d)(3)(B) and (C), and relevant information otherwise protected by statute, rule, regulation, or other law.

(4) Investigation of Complaints.

(a) The ADA coordinator or designee shall investigate complaints to the extent necessary to assure all relevant facts are collected and documented. This may include gathering all information listed in Subsection R81-1-14(3)(d) and (g) of this rule if it is not made available by the complainant.

(b) The ADA coordinator or designee may seek assistance from the Attorney General's staff, and the department's human resource and budget staff in determining what action, if any, should be taken on the complaint. The ADA coordinator or designee may also consult with the director of the affected division in making a recommendation.

(c) The ADA coordinator or designee shall consult with representatives from other state agencies that may be affected by the decision, including the Office of Planning and Budget, the Department of Human Resource Management, the Division of Risk Management, the Division of Facilities Construction Management, and the Office of the Attorney General before making any recommendation that would:

- (i) involve an expenditure of funds beyond what is

reasonably able to be accommodated within the applicable line item so that it would require a separate appropriation;

- (ii) require facility modifications; or
 - (iii) require reassignment to a different position.
- (5) Recommendation and Decision.

(a) Within 15 working days after receiving the complaint, the ADA coordinator or designee shall recommend to the director what action, if any, should be taken on the complaint. The recommendation shall be in writing or in another accessible format suitable to the complainant.

(b) If the ADA coordinator or designee is unable to make a recommendation within the 15 working day period, the complainant shall be notified in writing, or in another accessible format suitable to the complainant, stating why the recommendation is delayed and what additional time is needed.

(c) The director may confer with the ADA coordinator or designee and the complainant and may accept or modify the recommendation to resolve the complaint. The director shall render a decision within 15 working days after the director's receipt of the recommendation from the ADA coordinator or designee. The director shall take all reasonable steps to implement the decision. The director's decision shall be in writing, or in another accessible format suitable to the complainant, and shall be promptly delivered to the complainant.

(6) Appeals.

(a) The complainant may appeal the director's decision to the executive director within ten working days after the complainant's receipt of the director's decision.

(b) The appeal shall be in writing or in another accessible format reasonably suited to the complainant's ability.

(c) The executive director may name a designee to assist on the appeal. The ADA coordinator and the director's designee may not also be the executive director's designee for the appeal.

(d) In the appeal the complainant shall describe in sufficient detail why the decision does not effectively address the complainant's needs.

(e) The executive director or designee shall review the ADA coordinator's recommendation, the director's decision, and the points raised on appeal prior to reaching a decision. The executive director may direct additional investigation as necessary. The executive director shall consult with representatives from other state agencies that would be affected by the decision, including the Office of Planning and Budget, the Department of Human Resource Management, the Division of Risk Management, the Division of Facilities Construction Management, and the Office of the Attorney General before making any decision that would:

- (i) involve an expenditure of funds beyond what is reasonably able to be accommodated within the applicable line item so that it would require a separate appropriation;
- (ii) require facility modifications; or
- (iii) require reassignment to a different position.

(f) The executive director shall issue a final decision within 15 working days after receiving the complainant's appeal. The decision shall be in writing, or in another accessible format suitable to the complainant, and shall be promptly delivered to the complainant.

(g) If the executive director or designee is unable to reach a final decision within the 15 working day period, the complainant shall be notified in writing, or by another accessible format suitable to the complainant, why the final decision is being delayed and the additional time needed to reach a final decision.

(7) Record Classification.

(a) Records created in administering this rule are classified as "protected" under Subsections 63G-2-305(9), (22), (24), and (25).

- (b) After issuing a decision under Section R81-1-14(5) or

a final decision upon appeal under Section R81-1-14(6), portions of the record pertaining to the complainant's medical condition shall be classified as "private" under Subsection 63G-2-302(1)(b) or "controlled" under Section 63G-2-304, consistent with 42 U.S.C. 12112(d)(4)(A), (B), and (C) and 42 U.S.C. 12112(d)(3)(B) and (C), at the option of the ADA coordinator.

(a) The written decision of the division director or executive director shall be classified as "public," and all other records, except controlled records under Subsection R81-1-14(7)(b), classified as "private."

(8) Relationship to Other Laws. This rule does not prohibit or limit the use of remedies available to individuals under:

(a) the state Anti-Discrimination Complaint Procedures, Section 34A-5-107, and Section 67-19-32;

(b) the Federal ADA Complaint Procedures, 28 CFR 35.170 through 28 CFR 35.178; or

(c) any other Utah State or federal law that provides equal or greater protection for the rights of individuals with disabilities.

R81-1-15. Commission Declaratory Orders.

(1) Authority. As required by Section 63G-4-503, and as authorized by Section 32B-2-202, this rule provides the procedures for the submission, review, and disposition of petitions for commission declaratory orders on the applicability of statutes administered by the commission and department, rules promulgated by the commission, and orders issued by the commission.

(2) Petition Procedure.

(a) Any person or government agency directly affected by a statute administered by the commission, a rule promulgated by the commission, or an order issued by the commission may petition for a declaratory order.

(b) The petitioner shall file the petition with the commission's executive secretary.

(3) Petition Form. The petition shall:

(a) be clearly designated as a request for a declaratory order;

(b) identify the statute, rule, or order to be reviewed;

(c) describe the situation or circumstances giving rise to the need for the declaratory order, or in which applicability of the statute, rule, or order is to be reviewed;

(d) describe the reason or need for the applicability review;

(e) identify the person or agency directly affected by the statute, rule, or order;

(f) include an address and telephone number where the petitioner can be reached during regular work days; and

(g) be signed by the petitioner.

(4) Petition Review and Disposition.

(a) The commission shall:

(i) review and consider the petition;

(ii) prepare a declaratory order stating:

(A) the applicability or non-applicability of the statute, rule, or order at issue;

(B) the reasons for the applicability or non-applicability of the statute, rule, or order; and

(C) any requirements imposed on the department, the petitioner, or any person as a result of the declaratory order;

(iii) serve the petitioner with a copy of the order.

(b) The commission may:

(i) interview the petitioner;

(ii) hold an informal adjudicative hearing to gather information prior to making its determination;

(iii) hold a public information-gathering hearing on the petition;

(iv) consult with department staff, the Attorney General's Office, other government agencies, or the public; and

(v) take any other action necessary to provide the petition

adequate review and due consideration.

R81-1-16. Disqualification Based Upon Conviction of Crime.

(1) The Alcoholic Beverage Control Act disqualifies persons from being employees of the department, operating a package agency, holding a license or permit, or being employed in a managerial or supervisory capacity with a package agency, licensee or permittee if they have been convicted of:

(a) a felony under any federal or state law;

(b) any violation of any federal or state law or local ordinance concerning the sale, manufacture, distribution, warehousing, adulteration, or transportation of alcoholic beverages;

(c) any crime involving moral turpitude; or

(d) driving under the influence of alcohol or drugs on two or more occasions within the last five years.

(2) In the case of a partnership, corporation, or limited liability company the proscription under Subsection (1) applies if any of the following has been convicted of any offense described in Subsection (1):

(a) a partner;

(b) a managing agent;

(c) a manager;

(d) an officer;

(e) a director;

(f) a stockholder who holds at least 20% of the total issued and outstanding stock of the corporation; or

(g) a member who owns at least 20% of the limited liability company.

(3) As used in the Act and these rules:

(a) "convicted" or "conviction" means a determination of guilt by a judge or a jury, upon either a trial or entry of a plea, in any court, including a court not of record, that has not been reversed on appeal;

(b) "felony" means any crime punishable by a term of imprisonment in excess of one year; and

(c) a "crime involving moral turpitude" means a crime that involves actions done knowingly contrary to justice, honesty, or good morals. It is also described as a crime that is "malum in se" as opposed to "malum prohibitum" - actions that are immoral in themselves regardless of being punishable by law as opposed to actions that are wrong only since they are prohibited by statute. A crime of moral turpitude ordinarily involves an element of falsification or fraud or of harm or injury directed to another person or another's property. For purposes of this rule, crimes of moral turpitude may include crimes involving controlled substances, illegal drugs, and narcotics.

(3) Compliance with subsections (1) and (2) are fundamental licensing requirements, the violation of which will result in the issuance of an Order to Show Cause in accordance with R81-1-6 and action on the license as determined by the commission in accordance with 32B-1-304(2).

R81-1-17. Advertising.

(1) Authority and General Purpose. This rule is pursuant to Section 32B-4-510(4) which authorizes the commission to establish guidelines for the advertising of alcoholic beverages in this state except to the extent prohibited by Title 32B.

(2) Definitions.

(a) For purposes of this rule, "advertisement" or "advertising" includes any written or verbal statement, illustration, or depiction which is calculated to induce alcoholic beverage sales, whether it appears in a newspaper, magazine, trade booklet, menu, wine card, leaflet, circular, mailer, book insert, catalog, promotional material, sales pamphlet, or any written, printed, graphic, or other matter accompanying the container, representations made on cases, billboard, sign, or other public display, public transit card, other periodical literature, publication or in a radio or television broadcast, or in

any other media; except that such term shall not include:

(i) labels on products; or
 (ii) any editorial or other reading material (i.e., news release) in any periodical or publication or newspaper for the publication of which no money or valuable consideration is paid or promised, directly or indirectly, by any alcoholic beverage industry member or retailer, and which is not written by or at the direction of the industry member or retailer.

(b) For purposes of this rule, "minor" or "minors" shall mean persons under the age of 21 years.

(3) Application.

(a) This rule shall govern the regulation of advertising of alcoholic beverages sold within the state, except where the regulation of interstate electronic media advertising is preempted by federal law. This rule incorporates by reference the Federal Alcohol Administration Act, 27 U.S.C. 205(f), and Subchapter A, Parts 4, 5, 6 and 7 of the regulations of the Bureau of Alcohol, Tobacco and Firearms, United States Department of the Treasury in 27 CFR 4, 5, 6 and 7 (1993 Edition). These provisions shall regulate the labeling and advertising of alcoholic beverages sold within this state, except where federal statutes and regulations are found to be contrary to or inconsistent with the provisions of the statutes and rules of this state.

(b) 27 CFR Section 7.50 provides that federal laws apply only to the extent that the laws of a state impose similar requirements with respect to advertisements of malt beverages manufactured and sold or otherwise disposed of in the state. This rule, therefore, adopts and incorporates by reference federal laws, previously referenced in subparagraph (a), relating to the advertising of malt beverage products.

(4) Current statutes and rules restricting the advertising, display, or display of price lists of liquor products, as defined in 32B-1-102(55), by the department, state stores, or type 1, 2 or 3 package agencies as defined in R81-3-1, are applicable.

(5) All advertising of liquor and beer by manufacturers, suppliers, importers, local industry representatives, wholesalers, permittees, and licensed retailers of such products, and type 4 and 5 package agencies as defined in R81-3-1 shall comply with the advertising requirements listed in Section (6) of this rule.

(6) Advertising Requirements. Any advertising or advertisement authorized by this rule:

(a) May not violate any federal laws referenced in Subparagraph (3);

(b) May not contain any statement, design, device, or representation that is false or misleading;

(c) May not contain any statement, design, device, or representation that is obscene or indecent;

(d) May not refer to, portray or imply illegal conduct, illegal activity, abusive or violent relationships or situations, or anti-social behavior, except in the context of public service advertisements or announcements to educate and inform people of the dangers, hazards and risks associated with irresponsible drinking or drinking by persons under the age of 21 years;

(e) May not encourage over-consumption or intoxication, promote the intoxicating effects of alcohol consumption, or overtly promote increased consumption of alcoholic products;

(f) May not advertise any unlawful discounting practice such as "happy hour", "two drinks for the price of one", "free alcohol", or "all you can drink for \$...".

(g) May not encourage or condone drunk driving;

(h) May not depict the act of drinking;

(i) May not promote or encourage the sale to or use of alcohol by minors;

(j) May not be directed or appeal primarily to minors by:

(i) using any symbol, language, music, gesture, cartoon character, or childhood figure such as Santa Claus that primarily appeals to minors;

(ii) employing any entertainment figure or group that

appeals primarily to minors;

(iii) placing advertising in magazines, newspapers, television programs, radio programs, or other media where most of the audience is reasonably expected to be minors, or placing advertising on the comic pages of magazines, newspapers, or other publications;

(iv) placing advertising in any school, college or university magazine, newspaper, program, television program, radio program, or other media, or sponsoring any school, college or university activity;

(v) using models or actors in the advertising that are or reasonably appear to be minors;

(vi) advertising at an event where most of the audience is reasonably expected to be minors; or

(vii) using alcoholic beverage identification, including logos, trademarks, or names on clothing, toys, games or game equipment, or other materials intended for use primarily by minors.

(k) May not portray use of alcohol by a person while that person is engaged in, or is immediately about to engage in, any activity that requires a high degree of alertness or physical coordination;

(l) May not contain claims or representations that individuals can obtain social, professional, educational, athletic, or financial success or status as a result of alcoholic beverage consumption, or claim or represent that individuals can solve social, personal, or physical problems as a result of such consumption;

(m) May not offer alcoholic beverages without charge;

(n) May not require the purchase, sale, or consumption of an alcoholic beverage in order to participate in any promotion, program, or other activity; and

(o) May provide information regarding product availability and price, and factual information regarding product qualities, but may not imply by use of appealing characters or life-enhancing images that consumption of the product will benefit the consumer's health, physical prowess, sexual prowess, athletic ability, social welfare, or capacity to enjoy life's activities.

(7) Violations. Any violation of this rule may result in the imposition of any administrative penalties authorized by 32B-3-205, and may result in the imposition of the criminal penalty of a class B misdemeanor pursuant to 32B-4-304 and -510.

R81-1-19. Emergency Meetings.

(1) Purpose. The commission recognizes that there may be times when, due to the necessity of considering matters of an emergency or urgent nature, the public notice provisions of Utah Code Sections 52-4-6(1), (2) and (3) cannot be met. Pursuant to Utah Code Section 52-4-6(5), under such circumstances those notice requirements need not be followed but rather the "best notice practicable" shall be given.

(2) Authority. This rule is enacted under the authority of Sections 63G-3-201 and 32B-2-202.

(3) Procedure. The following procedure shall govern any emergency meeting:

(a) No emergency meeting shall be held unless an attempt has been made to notify all of the members of the commission of the proposed meeting and a majority of the convened commission votes in the affirmative to hold such an emergency meeting.

(b) Public notice of the emergency meeting shall be provided as soon as practicable and shall include at a minimum the following:

(i) Written posting of the agenda and notice at the offices of the department;

(ii) If members of the commission may appear electronically or telephonically, all such notices shall specify the anchor location for the meeting at which interested persons and

members of the public may attend, monitor, and participate in the open portions of the meeting;

(iii) Notice to the commissioners shall advise how they may participate telephonically or electronically and be counted as present for all purposes, including the determination of a quorum.

(iv) Written, electronic or telephonic notice shall be provided to at least one newspaper of general circulation within the state and at least one local media correspondent.

(c) If one or more members of the commission appear electronically or telephonically, the procedures governing electronic meetings shall be followed, except for the notice requirements which shall be governed by these provisions.

(d) In convening the meeting and voting in the affirmative to hold such an emergency meeting, the commission shall affirmatively state and find what unforeseen circumstances have rendered it necessary for the commission to hold an emergency meeting to consider matters of an emergency or urgent nature such that the ordinary public notice of meetings provisions of Utah Code Section 52-4-6 could not be followed.

R81-1-20. Electronic Meetings.

(1) Purpose. Utah Code Section 52-4-207 requires any public body that convenes or conducts an electronic meeting to establish written procedures for such meetings. This rule establishes procedures for conducting commission meetings by electronic means.

(2) Authority. This rule is enacted under the authority of Sections 52-4-207, 63G-3-201 and 32B-2-202.

(3) Procedure. The following provisions govern any meeting at which one or more commissioners appear telephonically or electronically pursuant to Utah Code Section 52-4-207:

(a) If one or more members of the commission may participate electronically or telephonically, public notices of the meeting shall so indicate. In addition, the notice shall specify the anchor location where the members of the commission not participating electronically or telephonically will be meeting and where interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

(b) Notice of the meeting and the agenda shall be posted at the anchor location. Written or electronic notice shall also be provided to at least one newspaper of general circulation within the state and to a local media correspondent. These notices shall be provided at least 24 hours before the meetings.

(c) Notice of the possibility of an electronic meeting shall be given to the commissioners at least 24 hours before the meeting. In addition, the notice shall describe how a commissioner may participate in the meeting electronically or telephonically.

(d) When notice is given of the possibility of a commissioner appearing electronically or telephonically, any commissioner may do so and shall be counted as present for purposes of a quorum and may fully participate and vote on any matter coming before the commission. At the commencement of the meeting, or at such time as any commissioner initially appears electronically or telephonically, the chair shall identify for the record all those who are appearing telephonically or electronically. Votes by members of the commission who are not at the physical location of the meeting shall be confirmed by the chair.

(e) The anchor location, unless otherwise designated in the notice, shall be at the offices of the Department of Alcoholic Beverage Control, 1625 South 900 West, Salt Lake City, Utah. The anchor location is the physical location from which the electronic meeting originates or from which the participants are connected. In addition, the anchor location shall have space and facilities so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

R81-1-21. Beer Advertising in Event Venues.

(1) Authority. This rule is pursuant to the commission's powers and duties as the plenary policymaking body on the subject of alcoholic beverage control under 32B-2-202, and its authority to establish guidelines for the advertising of alcoholic beverages under 32B-4-510.

(2) Purpose.

(a) This rule establishes a "safe harbor" from administrative action being taken against beer manufacturers and retailers under the circumstances and conditions below. This rule is necessary to allow certain advertising relations to occur even though they have the appearance of violating the "tied-house" provisions of 32B-4-703 to -705, but where the reasons and purposes for the "tied-house" provisions do not apply.

(b) "Tied-house" provisions have been enacted at both the federal and state level in response to historical forces and concerns. The thrust of the laws is to prevent two particular dangers: the ability and potential ability of large firms to dominate local markets through vertical and horizontal integration, and excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The principle method used to avoid these developments was the establishment of a triple-tiered distribution system and licensing scheme where separate and distinct business enterprises engaged in the production, handling, and final sale of alcoholic beverages. The laws also prohibited certain economic arrangements and agreements between each of the three tiers of the distribution system.

(c) Utah's "tied-house" and trade practice laws prohibit a beer industry member, directly or indirectly or through an affiliate, from inducing any beer retailer to purchase alcoholic beverages from the industry member to the exclusion in whole or in part of any of those products sold or offered for sale by other persons by furnishing the retailer signs, money or other things of value except to the extent allowed under 32B-4-703 to -705. The laws prohibit a beer industry member, directly or indirectly or through an affiliate, from paying or crediting a beer retailer for any advertising, display, or distribution service. 32B-4-704(4). This includes the purchase, by an industry member, of advertising on signs, scoreboards, programs, scorecards, and the like at ballparks, racetracks or stadiums, from the retail concessionaire. See 27 C.F.R. Sec. 6.53 as referenced in 32B-4-704(4)(a). The laws also prohibit an industry member from making payments for advertising to a retailer association or a display company where the resulting benefits flow to the individual retailers. 32B-4-704(3)(b)(i)(B).

(d) Throughout the state, there are a number of large facilities which put on or allow events to occur on their premises. This includes sports arenas, ballparks, raceways, fairgrounds, equestrian facilities and the like. These facilities have a recognized area of advertising for sale in connection with the events and which is standard for their events, e.g., fence signage at ballparks. Many of these facilities are or have associated with their on-premise beer retailer, either on an annual basis, or as a temporary event permit holder. The issue is thus raised as to the legality of the advertising of beer products as part of the general advertising where other items are advertised and the facility is or has within it an on-premise beer retailer.

(3) Application of the Rule. If the conditions listed below are met, the reasons and purposes behind the "tied-house" provisions restricting relations between manufacturers and retailers do not apply or are not significantly impacted. In addition, an event facility may be unduly restricted in its ability to sell advertising and be competitive. This is based upon the facility's primary purpose being other than the sale of food and beverages, that advertising is a normal and accepted part of the business of the facility and the events that occur at the facility,

that beer advertisers would be on equal footing with other advertisers, and that there is little, if any, likelihood of the purchasing of advertising space or time either having an impact on the beer retailing decisions of the retailer or of allowing the manufacturer to obtain or assert control over the retailer. Therefore, if the following conditions are met, the sale of advertising space or time to a beer manufacturer for display at the facility does not constitute the payment to a retailer for advertising, display or distribution service, and does not otherwise constitute the furnishing of any signs, money, or other things of value to a retailer in violation of the "tied-house" provisions of 32B-4-704:

(a) The primary purpose of the facility is the hosting or putting on events, and not the sale or service of food and beverages, including alcoholic beverages;

(b) The retail licensee operates with a fixed seating capacity of more than 2,000 persons;

(c) The advertising space or time is purchased only in connection with events to be held on the premises, and not as point-of-sale advertising. The advertising space or time is not located near the beer concession area and does not reference the on-premise retailer or the availability of beer;

(d) Sales of event advertising space or time and retail beer sales are handled by different entities or divisions, that are separate and do not influence each other, and no preference in terms of beer sales or facilities are extended to a beer advertiser;

(e) The retail licensee serves other brands of malt beverages or beer than the brand manufactured or sold by the manufacturer purchasing advertising space or time. Unless demonstrated for sound business reasons unrelated to "tied-house" laws, the percentage of taps in a facility may not exceed by 10% the actual percentage of sales, by brand, in that facility or the community in the previous year;

(f) The advertising space or time is available to all types of advertisers, is not limited to any type of product, such as beer, is pursuant to an established rate card that sets forth the advertising rates equally available to any other industry member or (and at rates substantially similar for any) non-industry advertiser, and the advertising agreement does not provide for an exclusive right to an advertiser or a right to exclude other advertisers;

(g) The industry member may not share in the costs or contribute to the costs of the advertising or promotion of the beer retailer or the facility, or obtain or have any interest in the retailer or the facility; and

(h) The purchase of advertising space or time is by written agreement, a copy of which shall be provided to the department as a confidential business document, non-public, and only to be used for enforcement purposes, and the term of the agreement may not be for a period in excess of three years, including any right of renewal.

(4) This "safe harbor" is limited to its express terms, does not undermine or infringe upon general "tied-house" prohibitions, and shall be strictly construed against its applicability. This "safe harbor" also does not limit or abrogate any exception to "tied-house" prohibitions.

R81-1-22. Diplomatic Embassy Shipments and Purchases.

(1) Purpose. The Vienna Conventions on Diplomatic and Consular Relations grant foreign diplomatic missions certain exemptions from federal, state and local taxes. The United States, by treaty, is a party to the Vienna Conventions, and is obligated under international law to grant these exemptions under these agreements to accredited diplomatic missions of those countries that grant the United States reciprocal privileges. These privileges include the purchase of alcoholic beverages duty and tax free subject to certain exceptions such as indirect taxes normally incorporated in the price of goods or services, and charges levied for specific services rendered to benefit the

mission.

This rule establishes department guidelines for shipments and purchases of alcohol by a foreign diplomatic mission with an accredited embassy having full diplomatic privileges under the Vienna Conventions that establishes an embassy presence in the state of Utah (hereafter "accredited foreign diplomatic mission").

(2) Application of Rule.

(a) Shipments. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may have or possess, for official diplomatic use, and not for sale or resale, alcoholic beverages that have not been purchased in the state of Utah. Such products may be shipped or transported into the state of Utah under the following conditions:

(i) The embassy must first obtain the approval of this department prior to shipping or transporting its alcoholic beverages into the state.

(ii) Alcoholic beverages shipped or transported into the state must clear U.S. Customs duty free.

(iv) The embassy shall pay the department an administrative handling fee of \$1.00 per smallest unit (bottle, can, or keg). Payment of handling fees shall be made by the embassy using an official embassy check or embassy credit card.

(v) The alcoholic beverages may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

(b) Purchases.

(i) Special Orders. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may special order from the department alcoholic beverage products not presently sold in the state of Utah under the following procedures:

(A) The company or importer supplying the product must submit a price quotation to the department indicating the case price (in US dollars) for which it will sell the product to the state.

(B) The quoted case price must be reasonable (a minimum of \$10.00 per case).

(C) The product will be marked up using the department's standard pricing formula (less the state sales tax).

(D) Special orders must be placed by the embassy at least two months in advance to allow the department sufficient time to purchase and receive the product for the embassy.

(E) The product must be paid for by the embassy using an official embassy check or embassy credit card.

(F) The product may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

(ii) Presently Available Merchandise. An accredited foreign diplomatic mission that establishes an embassy presence in Utah may purchase alcoholic beverages that are presently sold in the state of Utah under the following procedures:

(A) Alcoholic beverage product purchases, other than large quantity purchases, may be made by the embassy at any state store. The store shall deduct state sales tax from the purchase price.

(B) Large quantity purchase orders must be placed by the embassy at the department's licensee warehouse. The warehouse shall deduct state sales tax from the purchase price.

(C) The products must be paid for by the embassy using an official embassy check or embassy credit card.

(D) The product may be used by the embassy only for official diplomatic functions, and may not be sold or resold.

R81-1-23. Sales Restrictions on Products of Limited Availability.

(1) Purpose. Some alcoholic beverage products, especially wines, are of very limited availability from their manufacturers and suppliers to retailers including the department. When the department perceives that customer demand for these limited

products may exceed the department's current and future stock levels, the department, as a public agency, may place restrictions on their sales to ensure their fair distribution to all consumers. This also encourages manufacturers and suppliers to continue to provide their products to the department. This rule establishes the procedure for allocating products of limited availability.

(2) Application of Rule.

(a) The purchasing and wine divisions of the department shall identify those products that are of limited availability and designate them as "Limited /Allocated Status" ("L Status") items. The products shall be given a special "L Status" product code designation.

(b) "L Status" products on the department's price list, in stock, or on order, do not have to be sold on demand. Their sales to the general public and to licensees and permittees may be restricted. The purchasing and wine divisions of the department may issue system-wide restrictions directing the allocation of such products which may include placing limits on the number of bottles sold per customer.

(c) Signs noting this rule shall be posted in state stores and package agencies that carry "L Status" products.

R81-1-24. Responsible Alcohol Service Plan.

(1) Authority. This rule is pursuant to the commission's powers and duties under 32B-2-202 to act as a general policymaking body on the subject of alcoholic beverage control; set policy by written rules that establish criteria and procedures for suspending or revoking licenses; and prescribe the conduct and management of any premises upon which alcoholic beverages may be sold, consumed, served, or stored.

(2) Purpose. This rule allows the commission to require a business licensed by the commission to sell, serve or store alcoholic beverages for consumption on the licensed premises that has been found by the commission to have violated any provision of the Alcoholic Beverage Control Act relating to the sale, service, or furnishing of alcoholic beverages to an intoxicated person, or to a person under the age of 21, to have a written Responsible Alcohol Service Plan.

(3) Definitions.

(a) "Commission" means the Alcoholic Beverage Control Commission.

(b) "Department" means the Department of Alcoholic Beverage Control.

(c) "Intoxication" and "intoxicated" are as defined in 32B-1-102(48).

(d) "Licensed Business" is a person or business entity licensed by the commission to sell, serve, and store alcoholic beverages for consumption on the premises of the business.

(e) "Manager" means a person chosen or appointed to manage, direct, or administer the operations at a licensed business. A manager may also be a supervisor.

(f) "Responsible Alcohol Service Plan" or "Plan" means a written set of policies and procedures of a licensed business that outline measures that will be taken by the business to prevent employees of the licensed business from:

(i) over-serving alcoholic beverages to customers;

(ii) serving alcoholic beverages to customers who are actually, apparently, or obviously intoxicated; and

(iii) serving alcoholic beverages to persons under the age of 21.

(h) "Server" means an employee who actually makes available, serves to, or provides an alcoholic beverage to a customer for consumption on the business premises.

(i) "Supervisor" means an employee who, under the direction of a manager or owner, directs or has the responsibility to direct, transfer, or assign duties to employees who actually provide alcoholic beverages to customers on the premises of the business.

(4) Application of Rule.

(a)(i) The commission may direct that a licensed business that has been found by the commission to have violated any provision of the Alcoholic Beverage Control Act relating to the sale, service, or furnishing of alcoholic beverages to an intoxicated person, or to a person under the age of 21, submit to the department a Responsible Alcohol Service Plan.

(ii) The licensee thereafter shall maintain a Plan as a condition of continued licensing and relicensing by the commission.

(b) Any Plan at a minimum shall:

(i) outline the policies and procedures of the licensed business to:

(A) prevent over-service of alcohol;

(B) prevent service of alcohol to persons who are intoxicated;

(C) prevent service of alcohol to persons under the age of 21;

(D) provide alternate transportation options for problem customers; and

(E) deal with hostile customers;

(ii) require that all managers, supervisors, servers, security personnel, and others who are involved in the sale, service or furnishing of alcohol, agree to follow the policies and procedures of the Plan;

(iii) require adherence to the Plan as a condition of employment;

(iv) require a commitment by management to monitor employee compliance with the Plan;

(v) require periodic training sessions on the house policies and procedures in the Plan, and on the techniques of responsible service of alcohol taught in the Alcohol Training and Education Seminar required by 62A-15-401, such as:

(A) identifying legal forms of ID, checking ID, and recognizing fake ID;

(B) identifying persons under the age of 21;

(C) discussing the legal definition of intoxication;

(D) identifying behavioral signs of intoxication;

(E) discussing techniques for monitoring and controlling consumption such as:

(1) drink counting;

(2) slowing down alcohol service;

(3) offering food or nonalcoholic beverages; and

(4) cutting off alcohol service;

(F) discussing third party or "dram shop" liability for the unlawful service of alcohol to intoxicated persons and persons under the age of 21 as outlined in 32B-15; and

(G) discussing the potential criminal, civil and administrative penalties for over-serving alcohol, selling, serving, or otherwise furnishing alcohol to persons who are intoxicated, or to persons who are under the age of 21.

(c) The licensed business may choose to include in the Plan incentives for those employees who deserve special recognition for their responsible service of alcohol.

(d) The Plan shall be available on the premises of the licensed business so as to be accessible to all employees of the licensed business who are involved in the sale, service or furnishing of alcohol.

(e) The Plan shall be available on the premises of the licensed business for inspection by representatives of the commission, department and by law enforcement officers.

(f) Any licensed business that fails to submit to the department a Plan as directed by the commission pursuant to Subsection (4)(a), or to have a Plan available for inspection as required by Subsection (4)(e), shall be subject to the immediate suspension or revocation of its current license, and shall not be granted a renewal of its license by the commission.

(g) The department, at the request of a licensed business, may provide assistance in the preparation of a Plan.

R81-1-25. Sexually-Oriented Entertainers and Stage Approvals.

(1) Authority. This rule is pursuant to:

(a) the police powers of the state under 32B-1-104 to regulate the sale, service and consumption of alcoholic beverages in a manner that protects the public health, peace, safety, welfare, and morals;

(b) the commission's powers and duties under 32B-2-202 to prescribe the conduct and management of any premises upon which alcoholic beverages may be sold, consumed, served, or stored; and

(c) 32B-1-501 to -506 that prescribe the attire and conduct of sexually-oriented entertainers in premises regulated by the commission and require them to appear or perform only in a tavern or social club and only upon a stage or in a designated area approved by the commission in accordance with commission rule.

(2) Purpose. This rule establishes guidelines used by the commission to approve stages and designated performance areas in a tavern or social club where sexually-oriented entertainers may appear or perform in a state of seminudity.

(3) Definitions.

(a) "Seminudity", "seminudity, or "state of seminudity" means a state of dress as defined in 32B-1-102(102).

(b) "Sexually-oriented entertainer" means a person defined in 32B-1-102(93).

(4) Application of Rule.

(a) A sexually-oriented entertainer may appear or perform seminude only on the premises of a tavern or social club.

(b) A tavern or social club licensee, or an employee, independent contractor, or agent of the licensee shall not allow:

(i) a sexually-oriented entertainer to appear or perform seminude except in compliance with the conditions and attire and conduct restrictions of 32B-1-502 to -506;

(ii) a patron to be on the stage or in the performance area while a sexually-oriented entertainer is appearing or performing on the stage or in the performance area; and

(iii) a sexually-oriented entertainer to appear or perform seminude except on a stage or in a designated performance area that has been approved by the commission.

(c) Stage and designated performance area requirements.

(i) The following shall submit for commission approval a floor-plan containing the location of any stage or designated performance area where sexually-oriented entertainers appear or perform:

(A) an applicant for a tavern or social club license from the commission who intends to have sexually-oriented entertainment on the premises;

(B) a current tavern or social club licensee of the commission that did not have sexually-oriented entertainment on the premises when application was made for the license or permit, but now intends to have such entertainment on the premises; or

(C) a current tavern or social club licensee of the commission that has sexually-oriented entertainment on the premises, but has not previously had the stage or performance area approved by the commission.

(ii) The commission may approve a stage or performance area where sexually-oriented entertainers may perform in a state of seminudity only if the stage or performance area:

(A) is horizontally separated from the portion of the premises on which patrons are allowed by a minimum of three (3) feet, which separation shall be delineated by a physical barrier or railing that is at least three (3) feet high from the floor;

(B) is configured so as to preclude a patron from:

(I) touching the sexually-oriented entertainer;

(II) placing any money or object on or within the costume or the person of any sexually-oriented entertainer;

(III) is configured so as to preclude a sexually-oriented

entertainer from touching a patron; and

(IV) conforms to the requirements of any local ordinance of the jurisdiction where the premise is located relating to distance separation requirements between sexually-oriented entertainers and patrons that may be more restrictive than the requirements of Sections (4)(c)(i) and (ii) of this rule.

(iii) The person applying for approval of a stage or performance area shall submit with their application:

(A) a diagram, drawn to scale, of the premises of the business including the location of any stage or performance area where sexually-oriented entertainers will appear or perform;

(B) a copy of any applicable local ordinance relating to distance separation requirements between sexually-oriented entertainers and patrons; and

(C) evidence of compliance with any such applicable local ordinance.

R81-1-26. Criminal History Background Checks.

(1) Authority. This rule is pursuant to:

(a) the commission's powers and duties under 32B-2-202 to set policy by written rules that establish criteria and procedures for granting, denying, suspending, or revoking permits, licenses, and package agencies;

(b) 32B-1-301 to -307 that prohibit certain persons who have been convicted of certain criminal offenses from being employed by the department or from holding or being employed by the holder of an alcoholic beverage license, permit, or package agency; and

(c) 32B-1-301 to -307 that allow for the department to require criminal history background check reports on certain individuals.

(2) Purpose. This rule:

(a) establishes the circumstances under which a person identified in the statutory sections enumerated in Subparagraph (1)(b), must provide the department with a criminal history background report that shows the person meets the qualifications of those statutory sections as a condition of employment with the department, or as a condition of the commission granting a license, permit, or package agency to an applicant for a license, permit, or package agency; and

(b) establishes the procedures for the filing and processing of criminal history background reports.

(3) Application of Rule.

(a)(i) Except to the extent provided in Subparagraphs (3)(a)(iv), (v), (vi), and (vii) a person identified in Subparagraph (1)(b) who has been a resident of the state of Utah for at least two years, shall submit a fingerprint card to the department, and consent to a fingerprint criminal background check by Utah Bureau of Criminal Identification, Department of Public Safety (hereafter "B.C.I.").

(ii) Except to the extent provided in Subparagraphs (3)(a)(iv), (v), (vi), and (vii), and (3)(b) through (h), a person identified in Subparagraph (1)(b) who has been a resident of the state of Utah for less than two years, shall submit a fingerprint card to the department, and consent to a fingerprint criminal background check by the Federal Bureau of Investigation (hereafter "F.B.I.").

(iii) Except to the extent provided in Subparagraphs (3)(a)(iv), (v), and (vi), and (vii), (3)(b) through (h), a person identified in Subparagraph (1)(b) who currently resides outside the state of Utah shall submit a fingerprint card to the department, and consent to a fingerprint criminal background check by the F.B.I.

(iv) A person identified in Subparagraph (1)(b) who previously submitted a criminal background check as part of the application process for a different license, permit, or package agency that was issued by the commission shall not be required to submit a fingerprint card with the department or provide a new criminal history background report as part of the

application process for a new license, permit, or package agency if the person attests that he or she has not been convicted of any disqualifying criminal offense identified in Subparagraph (1)(b).

(v) An applicant for a single event permit under 32B-9 shall not be required to submit a fingerprint card or provide a criminal history background report if the applicant attests that the persons identified in Subparagraph (1)(b) have not been convicted of any disqualifying criminal offense.

(vi) An applicant for a temporary special event beer permit under 32B-9 shall not be required to submit a fingerprint card or provide a criminal history background report if the applicant attests that the persons identified in Subparagraph (1)(b) have not been convicted of any disqualifying criminal offense identified in Subparagraph (1)(b).

(vii) An applicant for employment with benefits with the department shall be required to submit a fingerprint card and consent to a fingerprint criminal background check only if the department has made the decision to offer the applicant employment with the department.

(b) An application that requires B.C.I. or F.B.I. criminal history background report(s) may be included on a commission meeting agenda, and may be considered by the commission for issuance of a license, permit, or package agency if:

(i) the applicant has completed all requirements to apply for the license, permit, or package agency other than the department receiving the required B.C.I. or F.B.I. criminal history background report(s);

(ii) the applicant attests in writing that he or she is not aware of any criminal conviction of any person identified in Subparagraph (1)(b) that would disqualify the applicant from applying for and holding the license, permit, or package agency;

(iii) the applicant has submitted to the department the necessary fingerprint card(s) required for the application, and consented to the fingerprint criminal background check(s) by the B.C.I. or F.B.I.;

(iv) the applicant at the time of application supplies the department with a current criminal history background report conducted by a third-party background check reporting service on any person for which a B.C.I. or an F.B.I. background check is required; and

(v) the applicant stipulates in writing that if a B.C.I. or an F.B.I. report shows a criminal conviction that would disqualify the applicant from holding the license, permit, or package agency, the applicant shall immediately surrender the license, permit, or package agency to the department.

(c) The commission may issue a license, permit, or package agency to an applicant that has met the requirements of Subparagraph (3)(b), and the license, permit, or package agency shall be valid during the period the B.C.I. or F.B.I. is processing the criminal history report(s).

(d) The department shall use a unique file tracking system for such licenses, permits, and package agencies.

(e) If the required B.C.I. or F.B.I. report(s) are not received by the department within six (6) months of the date the license, permit, or package agency is issued by the commission, the licensee, permittee, or package agent shall appear at the next regular meeting of the commission for a status report, and the commission may either order the surrender of the license, permit, or package agency, or may extend the reporting period.

(f) Upon the department's receipt of the B.C.I. or F.B.I. report(s):

(i) if there is no disqualifying criminal history, the license, permit, or package agency shall continue for the balance the license or permit period, or the package agency contract period; or

(ii) if there is a disqualifying criminal history, the license, permit, or package agency shall be immediately surrendered, and the commission may enter an order accepting the surrender, or an order revoking the license, permit, or package agency

depending on the circumstances.

(g) In the case of a license or permit, if the statutory deadline for renewing the license or permit occurs before receipt of the B.C.I. or F.B.I. report(s), the licensee or permittee may file for renewal of the license or permit subject to meeting all of the requirements in Subparagraphs (3)(b) through (f).

(h) An applicant for employment with benefits with the department that requires a B.C.I. or an F.B.I. criminal history background report may be conditionally hired by the department prior to receipt of the report if:

(i) the applicant attests in writing that he or she is not aware of any criminal conviction that would disqualify the applicant from employment with the department;

(ii) the applicant has submitted to the department the necessary fingerprint card(s) required for the application, and consented to the fingerprint criminal background check(s) by the B.C.I. or F.B.I.;

(iii) the applicant stipulates in writing that if a B.C.I. or an F.B.I. report shows a criminal conviction that would disqualify the applicant from employment with the department, the applicant shall terminate his or her employment with the department.

R81-1-27. Label Approvals.

(1) Authority. This rule is pursuant to 32B-1-606(2)(c) and (d) and 32B-1-607 which give the commission the authority to adopt rules necessary to fully implement certain aspects of the Malted Beverages Act, 32A-1-801 to -809.

(2) Purpose.

(a) Pursuant to 32B-1-604, a manufacturer may not distribute or sell in this state any malted beverage including beer, heavy beer, and flavored malt beverage unless the label and packaging of the beverage has been first approved by the department.

(b) The requirements and procedures for applying for label and packaging approval are set forth in 32B-1-604 to -606.

(c) This rule:

(i) establishes administrative fees that may be assessed by the department to process applications for the approval of malt beverage labels and packaging;

(ii) provides supplemental procedures for applying for and processing label and package approvals;

(iii) defines the meaning of certain terms in the Malted Beverages Act; and

(iv) establishes the format of certain words and phrases required on the containers and packaging of certain flavored malt beverages.

(3) Application of Rule.

(a) The department shall assess a fee of \$30.00 made payable to the "Department of Alcoholic Beverage Control" for each application submitted for label and packaging approval.

(b) A complete set of original labels for each size of container must accompany each application for label and packaging approval.

(i) This includes all band, strip, front and back labels appearing on any individual container.

(ii) Original containers will not be accepted.

(iii) If original labels cannot be obtained, the following will be accepted:

(A) color reproductions that are exact size; or

(B) a copy of the federal certificate of label approval (COLA) from the Department of Treasury, Tax and Trade Bureau (Form TTB F5100.31) with the exact size label if printed in color.

(c) Because a heavy beer and flavored malt beverage product may be sold only by the department to consumers and on-premise retailers in this state, label approval for a heavy beer or flavored malt beverage need not be applied for until the department has decided to list the product for sale in this state.

Any listing will be contingent on label and packaging approval.

(d) An application for approval is required for any revision of a previously approved label.

(e) An application for approval is required for any revision to packaging that significantly modifies the notice that the product is an alcoholic beverage.

(f) An application for approval is not required for any revision to packaging that relates to subject matter other than the required notice that the product is an alcoholic beverage such as temporary seasonal or promotional themes.

(g) Pursuant to 32B-1-605(6):

(i) the department may revoke any label and packaging that does not comply with the label and packaging requirements of the Malted Beverage Act;

(ii) the department may delist any heavy beer or flavored malt beverage product listed by the department prior to October 1, 2008, that does not meet the label and packaging requirements of the Malted Beverage Act;

(iii) any heavy beer or flavored malt beverage product listed by the department prior to October 1, 2008, that did not receive prior label and packaging approval need not submit an application for label and packaging approval if the label and packaging meet the requirements of the Malted Beverage Act.

(h) Pursuant to 32B-1-606, a flavored malt beverage that is packaged in a manner that is similar to a label or package used for a nonalcoholic beverage must bear a prominently displayed label or a firmly affixed sticker on the container that includes the statement "alcoholic beverage" or "contains alcohol". Any packaging of a flavored malt beverage must also prominently include, either imprinted on the packaging or imprinted on a sticker firmly affixed to the packaging the statement "alcoholic beverage" or "contains alcohol". The words in the statement must appear:

(i) in capital letters and bold type;

(ii) in a solid contrasting background;

(iii) on the front of the container and packaging;

(iv) in a format that is readily legible;

(v) separate and apart from any descriptive or explanatory information; and

(vi) in a type size no smaller than 3 millimeters wide and 3 millimeters high.

(i) Pursuant to 32B-1-606, the label on a flavored malt beverage container shall state the alcohol content as a percentage of alcohol by volume or by weight. The alcohol content statement may not be abbreviated, but shall use the complete words "alcohol," "volume," or "weight". The words in the alcohol content statement must appear:

(i) in capital letters and bold type;

(ii) in a solid contrasting background;

(iii) in a format that is readily legible; and

(iv) separate and apart from any descriptive or explanatory information.

R81-1-28. Special Commission Meetings - Fees.

(1) Authority. This rule is pursuant to 32B-2-201(10) that gives the commission authority to hold special commission meetings; and 32B-2-202(1) that gives the commission authority to establish procedures for granting and denying permits and to prescribe fees payable for permits.

(2) Purpose. This rule authorizes the commission to assess an administrative fee in addition to the regular permit fee to cover the additional administrative costs of convening a special commission meeting to consider the application of an applicant for a single event permit or temporary special event beer permit who failed to timely submit the permit application to be considered at the commission's regularly scheduled monthly meeting.

(3) Application of Rule.

(a) If the commission agrees to convene a special

commission meeting to accommodate an applicant described in Section (2), the commission shall assess an administrative fee of \$350 in addition to the regular permit fee.

(b) The administrative fee in Section (3)(a) shall be used to offset the costs of convening the special meeting including, but not limited to:

(i) department costs associated with scheduling, arranging, and providing notice of the special meeting;

(ii) department costs associated with any emergency or electronic meeting held pursuant to R81-1-19 and -20;

(iii) payment of per diem and expenses to commissioners; and

(iv) any other costs incurred.

(c) The administrative fee in Section (3)(a) shall be paid prior to the convening of the special commission meeting.

(d) The administrative fee in Section (3)(a) is a non-refundable fee.

R81-1-29. Factors for Granting Licenses.

(1) Definition. For purposes of this rule, "license" includes a license, permit, certificate of approval, and package agency.

(2) Authority. This rule is pursuant to 32B-2-202(1)(c) which gives the commission the authority to set policy by written rules that establish criteria and procedures for granting a license. It is also based on 32B-5-203(2)(f) that gives the commission the authority to consider non-statutory factors or circumstances the commission considers necessary in granting a license.

(3) Purpose. This rule provides a list of non-statutory factors the commission considers in granting a license.

(4) Application of Rule. In addition to any statutory factor for granting a license, the commission also may consider the following non-statutory factors:

(a) availability of retail licenses under a quota;

(b) length of time the applicant has waited for a retail license;

(c) the scheduled opening date;

(d) whether the applicant is a seasonal business;

(e) whether the location has been previously licensed or is a new location;

(f) whether the application involves a change of ownership of an existing location;

(g) whether the applicant holds other alcohol licenses at this or other locations;

(h) whether the applicant has a violation history or a pending violation;

(i) projected alcohol sales as it relates to the extent to which the retail alcohol license will be utilized;

(j) whether the applicant is a small or entrepreneurial business that would benefit the community in which it would be located;

(k) nature of entertainment the applicant proposes; and

(l) public input in support or opposition to granting the retail license.

R81-1-30. Draft Beer Sales/Minors on Premises.

A state license that authorizes the sale of beer on the premises also authorizes the licensee to sell beer on draft regardless of the nature of the business (e.g. cafe, restaurant, pizza parlor, bowling alley, golf course clubhouse, club, tavern, etc.). Minors may not be precluded from establishments based upon whether draft beer is sold. However, minors may not be employed by or be on the premises of any establishment or portion of an establishment which is a "tavern" as defined in Section 32B-1-102(112). This does not preclude local authorities and licensees from excluding minors from premises or portions of premises which have the atmosphere or appearance of a "tavern" as so defined.

R81-1-31. Duties of Commission Subcommittees.

(1) This rule is promulgated pursuant to Section 32B-2-201.5 and shall govern the duties of the two commission subcommittees, Compliance Licensing and Enforcement Subcommittee and the Operations and Procurement Subcommittee.

(2) The Compliance Licensing and Enforcement Subcommittee will review and discuss items related to compliance, licensing and enforcement and make recommendations to the full commission on those items.

(3) The Operations and Procurement Subcommittee will review and discuss items related to operations and procurement and make recommendations to the full commission on those items.

(4) If a quorum of the full commission is present, the subcommittee may act on all agenda action items.

(5) If a quorum of the full commission is not present, a recommendation on action items can be presented to a quorum of the commission for action without discussion if:

(a) A quorum of the subcommittee is present;

(b) There is a unanimous vote on the recommendation; and

(c) A member of the full commission does not request discussion on the items of recommendation.

(6) A subcommittee quorum is the majority of standing members.

KEY: alcoholic beverages**March 25, 2014****32B-2-201(10)****Notice of Continuation May 10, 2011****32B-2-202****32B-3-203(3)(c)****32B-5-304****32B-1-305****32B-1-306****32B-1-307****32B-1-607****32B-1-304(1)(a)****32B-6-702****32B-6-805(3)****32B-9-204(4)****32B-4-414(1)(b) and ©**

R81. Alcoholic Beverage Control, Administration.**R81-7. Single Event Permits.****R81-7-1. Application Guidelines.**

(1) A single event permit is issued to those who are conducting a convention, civic or community enterprise.

(a) "Conducting" means the conduct, management, control or direction of an event. The organization directly benefiting from the event, monetarily or otherwise, shall be deemed to be conducting the event.

(b) "Convention, civic or community enterprise" means a function that is in the nature of a temporary special event such as a social, business, religious, political, governmental, educational, recreational, cultural, charitable, athletic, theatrical, scholastic, artistic, or scientific event. A "civic or community enterprise" generally is a gathering that brings members of a community together for the common good.

(2) An application for a single event permit application shall be considered for issuance of a single event permit when the requirements of Section 32B-1-304 and 32B-9-201, -203 and -304 have been met, and a completed application has been received by the department. Applications submitted less than 30 days to prior to the event risk non-issuance of a permit and the department will not consider an application submitted less than 7 business days prior to the event.

(a) Once received, the application will be considered in compliance with section 32B-9-202.

(b) All approvals, notifications, requests for meetings or requirements to inform under section 32B-9-202 shall be done electronically. For purposes of 32B-9-202(4), notice to law enforcement, the department may provide notice to law enforcement of the preliminary approval within three business days of the event, so long as law enforcement is notified if that approval does not become final.

(3) Pursuant to Section 32B-9-303, Subject to the requirements of 32B-9-202(2)(f)(g)and(h) and 32B-9-202(3)(a)(b)(c)and(d), the director may grant single event permits to a bona fide partnership, corporation, limited liability company, church, political organization, or incorporated association, and to each bona fide and recognized subordinate lodge, chapter or local unit of any qualifying parent entity. To be a "bona fide" and "recognized" subordinate or local entity, the applicant must have been in existence for at least one year prior to the date of the application and must furnish proof thereof.

(4) If the applicant is a bona fide incorporated association, corporation, or a separately incorporated subordinate lodge, chapter or local unit thereof, the applicant shall submit a copy of its certificate and articles of incorporation from the state, which reflect that the applicant has been in existence for at least one year prior to date of application.

(5) If the applicant is a bona fide limited liability company, the applicant shall submit a copy of its limited liability company certificate of existence from the state, which reflects that the applicant has been in existence for at least one year prior to date of application.

(6) If the applicant is a bona fide church, political organization, or recognized subordinate chapter or local unit thereof, the applicant shall submit proof of its tax exempt status as provided by the Internal Revenue Service.

(7) Any subordinate or local entity of a parent entity must also establish that it is duly "recognized" by the parent entity by providing written verification of its "recognized" status such as a letter from, or bylaws of the parent entity. The subordinate or local unit shall also furnish proof that the parent entity qualifies under sections (1), (2), (3), (4), and (5) of this rule. These requirements shall not apply in situations where the subordinate or local unit is separately incorporated.

(8) Single event permits are issued to state agencies, political subdivisions of the state, and organizations listed in

Subsection (2) that are conducting a convention, civic or community enterprise. Single event permits may not be issued to or obtained by an entity or organization for the purpose of avoiding or attempting to avoid the requirement of state retail alcohol licensing.

To ensure compliance with Subsection (1), the director may consider factors such as:

- (a) the purpose of the entity or organization;
- (b) the nature and purpose of the event;
- (c) the type of entertainment, if any, at the event;
- (d) the location of the event;
- (e) the frequency of events held at the same location;
- (f) whether the location is government owned and operated; and

- (g) the extent to which the event:
- (i) benefits the community;
- (ii) is held for charitable purposes; or
- (iii) is held for the profit of the entity or organization.

(9) Calendar year is defined as January 1 through December 31.

(10) The single event permit bond, as required by Section 32B-9-304(3), shall not be released back to the single event permittee until the permittee provides to the department the required data regarding liquor purchases, sales, prices charged, and net profit generated at the event for which the single event permit was issued.

(11) If an organization or individual other than the one applying for the single event permit posts the \$1,000 bond required by Section 32B-9-304(3), an affidavit must be submitted attesting that the \$1,000 bond is for the permittee's compliance with the provisions of the Act and the commission rules, and that if a violation occurs at the single event, the bond may be forfeited.

(12) The director may authorize multiple sales outlets on different properties under one single event permit, provided that each site conforms to location requirements of Section 32B-9-201(4). The commission may authorize simultaneous sale and consumption hours at multiple sales outlets.

R81-7-2. Guidelines for Issuing Permits.

(1) Purpose In deciding whether to issue a single event permit for such events, the director must be satisfied that sufficient controls will be in place to minimize the possibility of minors being sold or furnished alcohol or adults being over-served alcohol at the event. This rule identifies control measures that must be in place before the director will issue a single event permit. However, this rule gives the director discretion not to require specific control measures under certain circumstances after considering the facts and circumstances of a particular event. The sale of alcohol at outdoor public events such as street festivals, fairs, concerts, and rodeos poses special control issues for event organizers and law enforcement officials. Furthermore, the sale of beer at public events attended by large numbers of people, many of whom may be under the age of 21, also poses special control issues. Applicants for outdoor or large scale events will need to address these issues in their application.

(2) Definitions.

(a) For purposes of this rule, "large-scale public event" includes any event that is open to the general public and the estimated attendance at the event is in excess of 1000 people.

(3) Authority. This rule is enacted under the authority of Sections 63G-3-201, 32B-2-202 and 32B-9-202 and -303.

(4) Policy.

(a) Before a single event permit will be issued by the director to allow the sale of alcoholic beverages at an outdoor or a large-scale public event, the following control measures must be present at the event:

- (i) There must be at least one location at the event where

those wanting to purchase alcoholic beverages must show proof of age and either have their hand stamped or be issued a non-transferable wristband.

(A) The proof of age location(s) shall be separate from the alcoholic beverage sales and dispensing location(s).

(B) Proof of age may be established by:

(I) a current valid driver's license that includes date of birth and has a picture affixed and is issued in this state under Title 53, Chapter 3, Uniform Driver License Act, or in accordance with the laws of another state;

(II) a current valid identification card that includes date of birth and has a picture affixed issued by this state under Title 53, Chapter 3, Part 8, identification Card Act, or issued by another state that is substantially similar to this state's identification card;

(III) a current valid military identification that includes date of birth and has a picture affixed; or

(IV) a current valid passport.

(C) Any person assigned to check proof of age shall have completed the alcohol server-training seminar outlined in 62A-15-401.

(D) The use of hand stamps or issuance of wristbands does not relieve those selling and dispensing alcoholic beverages from asking for proof of age if they suspect a person attempting to purchase an alcoholic beverage is under the age of 21 years.

(ii) Alcoholic sales and dispensing location(s) shall be separate from food and non-alcoholic beverage concession locations. However, if the consumption of alcohol at the event is limited to a confined, restricted area such as a "beer garden", then alcoholic beverages, food and non-alcoholic beverages may be sold at the same sales locations within the confined, restricted area.

(iii) Alcoholic beverages shall be served in readily identifiable cups or containers distinct from those used for non-alcoholic beverages.

(iv) No more than two alcoholic beverages shall be sold to a customer at a time.

(v) At least one person who has completed the alcohol server training seminar outlined in 62A-15-401 shall be at each location where alcoholic beverages are sold and dispensed to supervise the sale and dispensing of alcoholic beverages.

(vi) If minors may attend the event, all dispensing and consumption of alcoholic beverages shall be in a designated, confined, and restricted area where minors are not allowed without being accompanied by a parent or guardian, and where alcohol consumption may be closely monitored.

(b) Notwithstanding Subsection (a), the director, after reviewing the facts and circumstances of a particular outdoor or large-scale public event, has the discretion to relax any of the control measures outlined in Subsection (a) above.

(c) After reviewing the facts and circumstances of the outdoor or large-scale public event, the director has the discretion to require additional control measures as a condition of issuing a single event permit. These can include but are not limited to the following:

(i) Placing limits on the variety of alcoholic beverages served at the event.

(ii) Requiring that alcoholic beverages be distinguishable in appearance from non-alcoholic beverages.

(iii) Requiring a certain minimum number of law enforcement and/or security personnel at the event.

(5) Procedure. The following procedure shall govern applications for single event permits for outdoor or large-scale public events:

(a) In addition to providing a description of the times, dates, location, nature and purpose of the event, the applicant shall include in the single event permit application a summary of all control measures that will be taken at the event to reduce the possibility of minors being furnished alcohol and adults

being over-served alcohol at the event.

(b) Department staff shall provide this information to the director prior to the director's consideration of the single event permit application.

(c) The director shall review the application to determine if all statutory requirements are in place, to determine if all controls listed in Subsections (4)(a)(i) through (vi) are in place, to consider any request to waive any of the controls listed in Subsections (4)(a)(i) through (vi), and to assess whether any additional control measures such as those listed in Subsection (4)(c) should be required prior to issuing the single event permit.

R81-7-3. Price Lists.

(1) A single event permittee shall have a printed alcoholic beverage price list available for inspection containing prices of mixed drinks, wine, beer, and heavy beer. The list shall include any charges for the service of packaged wines or heavy beer, and any service charges for the supply of glasses, chilling, or wine service.

(2) The permittee or an employee of the licensee may not misrepresent the price of any alcoholic beverage that is sold or offered for sale on the event premises.

R81. Alcoholic Beverage Control, Administration.**R81-10B. Temporary Beer Event Permits.****R81-10B-1. Application Guidelines.**

(1) A temporary special event beer permit application shall be considered for issuance of the permit, when the requirements of 32B-1-304 and 32B-9-201, -203 and -405 have been met, and a completed application has been received by the department. Applications submitted less than 30 days to prior to the event risk non-issuance of a permit and the department will not consider an application submitted less than 7 business days prior to the event.

(a) Once received -- the application will be considered in compliance with section 32B-9-202.

(b) All approvals, notifications, requests for meetings or requirements to inform under section 32B-9-202 shall be done electronically. For purposes of 32B-9-202(4), notice to law enforcement, the department may provide notice to law enforcement of the preliminary approval within three business days of the event, so long as law enforcement is notified if that approval does not become final.

(2) The sale of beer under a series of permits issued to the same person may not exceed a total of 90 days in any one calendar year. "Calendar year" means January 1 through December 31.

(3) Pursuant to 32B-9-403, a temporary special event beer permit may be issued to a person for the sale of beer for on-premise consumption at a temporary special event that does not last longer than 30 days. The sale of beer under a series of permits issued to the same person may not exceed a total of 90 days in any one calendar year. However, temporary special event beer permit may not be issued or obtained for the purpose of avoiding or attempting to avoid the requirement of obtaining a state on-premise beer license under 32B-9-403. To ensure compliance with this Subsection (3), the director may consider factors such as:

- (a) the purpose of the entity or organization;
- (b) the nature and purpose of the event;
- (c) whether the event is a convention, community or civic enterprise;
- (d) the type of entertainment, if any, at the event;
- (e) the location of the event;
- (f) the frequency of events held at the same location;
- (g) whether the location is government owned and operated; and
- (h) the extent to which the event:
 - (i) benefits the community;
 - (ii) is held for charitable purposes; or
 - (iii) is held for the profit of the entity or organization.

(4)(a) The temporary special event beer permit bond, as required by Section 32B-9-405(3), shall not be released back to the permittee sooner than 30 days following the event.

(b) If an organization or individual other than the one applying for the permit posts the bond, an affidavit must be submitted attesting that the bond is for the permittee's compliance with the provisions of the Act and the director rules, and that if a violation occurs at the event, the bond may be forfeited.

(5) The director may authorize multiple sales outlets on different properties under one temporary special event beer permit, provided that each site conforms to location requirements of Section 32B-9-201(4). The director may authorize simultaneous sale and consumption hours at multiple sales outlets.

R81-10B-2. Guidelines for Issuing Permits.

(1) Purpose. In deciding whether to issue a temporary special event beer permit for such events, the director must be satisfied that sufficient controls will be in place to minimize the possibility of minors being sold or furnished beer or adults

being over-served beer at the event. This rule identifies control measures that must be in place before the director will issue a temporary special event beer permit. However, this rule gives the director discretion not to require specific control measures under certain circumstances after considering the facts and circumstances of a particular event. The sale of alcohol at outdoor public events such as street festivals, fairs, concerts, and rodeos poses special control issues for event organizers and law enforcement officials. Furthermore, the sale of beer at public events attended by large numbers of people, many of whom may be under the age of 21, also poses special control issues. Applicants for outdoor or large scale events will need to address these issues in their application.

(2) Definitions.

(a) For purposes of this rule, "large-scale public event" includes any event that is open to the general public and the estimated attendance at the event is in excess of 1000 people.

(3) Authority. This rule is enacted under the authority of Sections 63G-3-201, 32B-2-202 and 32B-9-202 and -403.

(4) Policy.

(a) Before a temporary special event beer permit will be issued by the director to allow the sale of beer at an outdoor or a large-scale public event, the following control measures must be present at the event:

(i) There must be at least one location at the event where those wanting to purchase beer must show proof of age and either have their hand stamped or be issued a non-transferable wristband.

(A) The proof of age location(s) shall be separate from the beer sales and dispensing location(s).

(B) Proof of age may be established by:

(I) a current valid driver's license that includes date of birth and has a picture affixed and is issued in this state under Title 53, Chapter 3, Uniform Driver License Act, or in accordance with the laws of another state;

(II) a current valid identification card that includes date of birth and has a picture affixed issued by this state under Title 53, Chapter 3, Part 8, identification Card Act, or issued by another state that is substantially similar to this state's identification card;

(III) a current valid military identification that includes date of birth and has a picture affixed; or

(IV) a current valid passport.

(C) Any person assigned to check proof of age shall have completed the alcohol server-training seminar outlined in 63A-15-401.

(D) The use of hand stamps or issuance of wristbands does not relieve those selling and dispensing beer from asking for proof of age if they suspect a person attempting to purchase beer is under the age of 21 years.

(ii) Beer sales and dispensing location(s) shall be separate from food and non-alcoholic beverage concession locations. However, if the consumption of beer at the event is limited to a confined, restricted area such as a "beer garden", then beer, food and non-alcoholic beverages may be sold at the same sales locations within the confined, restricted area.

(iii) Beer shall be served in readily identifiable cups or containers distinct from those used for non-alcoholic beverages.

(iv) No more than two beers shall be sold to a customer at a time.

(v) At least one person who has completed the alcohol server training seminar outlined in 62A-15-401 shall be at each location where beer is sold and dispensed to supervise the sale and dispensing of beer.

(vi) If minors may attend the event, all dispensing and consumption of beer shall be in a designated, confined, and restricted area where minors are not allowed without being accompanied by a parent or guardian, and where beer consumption may be closely monitored.

(b) Notwithstanding Subsection (a), the director, after reviewing the facts and circumstances of a particular outdoor or large-scale public event, has the discretion to relax any of the control measures outlined in Subsection (a) above.

(c) After reviewing the facts and circumstances of the outdoor or large-scale public event, the director has the discretion to require additional control measures as a condition of issuing a temporary special event beer permit. These can include but are not limited to the following:

(i) Requiring that beer products be distinguishable in appearance from non-alcoholic beverages.

(ii) Requiring a certain minimum number of law enforcement and/or security personnel at the event.

(5) Procedure. The following procedure shall govern applications for temporary special event beer permits for outdoor or large-scale public events:

(a) In addition to providing a description of the times, dates, location, nature and purpose of the event, the applicant shall include in the permit application a summary of all control measures that will be taken at the event to reduce the possibility of minors being furnished beer and adults being over-served beer at the event.

(b) Department staff shall provide this information to the director prior to the director's consideration of the permit application.

(c) The director shall review the application to determine if all statutory requirements are in place, to determine if all controls listed in Subsections (4)(a)(i) through (vi) are in place, to consider any request to waive any of the controls listed in Subsections (4)(a)(i) through (vi), and to assess whether any additional control measures such as those listed in Subsection (4)(c) should be required prior to issuing the permit.

R81-10B-3. Price Lists.

(1) A temporary special event beer event permittee shall have a printed price list or menu available for inspection containing beer prices.

(2) The permittee or an employee of the licensee may not misrepresent the price of any alcoholic beverage that is sold or offered for sale on the event premises.

This rule is known as the "Medical Language Interpreter Act Rule".

R156-80a-103. Authority - Purpose.

This rule is adopted by the Division under the authority of Subsection 58-1-106(1)(a) to enable the Division to administer Title 58, Chapter 80a.

R156-80a-104. Organization - Relationship to Rule R156-1.

The organization of this rule and its relationship to Section R156-1 is as described in Section R156-1-107.

R156-80a-203a. Qualifications for Certification - Examination Requirements.

(1) In accordance with Subsections 58-1-203(1)(b), 58-1-301(3) and 58-80a-303(2), an applicant for certification under Section 58-80a-301 shall:

(a) complete and pass the Bridging the Gap (BTG) Interpreter Training Program with a minimum passing score established by CCHCP;

(b) complete and pass pre and post test examinations administered by trainers and organizations approved pursuant to Subsection (1); and

(c) submit to the Division a certificate of completion documenting that the applicant has met the requirements in Subsections (1)(a) and (b).

(2) Trainers and organizations that administer pre and post examinations to medical language interpreter applicants shall be approved by the Cross Cultural Health Care Program (CCHCP).

R156-80a-304. Renewal Cycle - Procedures.

(1) In accordance with Subsection 58-1-308(1), the renewal date for the two-year renewal cycle applicable to licensees under Title 58, Chapter 80a is established by rule in Subsection R156-1-308a(1).

(2) Renewal procedures shall be in accordance with Section R156-1-308c.

R156-81-101. Title.

This rule is known as the Retired Volunteer Health Care Practitioner Act Rule.

R156-81-102. Definitions.

In addition to the definitions in Title, Chapters 1 and 81, as used in Title 58, Chapter 81 or this rule:

(1) "Qualified location", as defined in Subsection 58-81-102(3), must be a Section 501(c)(3) non-profit organization recognized by the Internal Revenue Service.

(2) "Charitable purpose" means any benevolent, educational, philanthropic, humane, patriotic, religious, eleemosynary, social welfare or advocacy, public health, environmental, conservation, civic, or other charitable objective or for the benefit of public safety, law enforcement or firefighter fraternal association.

(3) "Supervision" is further defined according to the regulating professional practice acts as referred to in Subsection 58-81-102(2).

R156-81-103. Authority - Purpose.

This rule is adopted by the division under the authority of Subsections 58-1-106(1)(a) and 58-81-104(4) to enable the division to administer Title 58, Chapter 81.

R156-81-104. Qualifications for Licensure - Application Requirements.

In accordance with Subsections 58-1-203(1)(g) and 58-1-301(3), the application requirements for licensure in Section 58-81-104 are established as follows. The applicant shall:

- (1) complete the division approved form for the delegation of service agreement; and
- (2) sign the affidavits in the application certifying that:
 - (a) the applicant understands the applicable laws and rules;
 - (b) the applicant will engage exclusively in volunteer health care services;
 - (c) the applicant will not receive compensation for services; and
 - (d) an agreement for delegation of services is in place.

R156-81-105. Organization - Relationship to Rule R156-1.

The organization of this rule and its relationship to Rule R156-1 is as described in Section R156-1-107.

R162. Commerce, Real Estate.**R162-2g. Real Estate Appraiser Licensing and Certification Administrative Rules.****R162-2g-101. Authority.**

(1) The authority to promulgate rules governing the appraisal industry is granted by Section 61-2g-201(2)(h).

(2) The authority to establish and collect fees is granted by Section 61-2g-202(1).

(3) The authority to exempt specific persons from complying with USPAP standards is granted by Section 61-2g-205(5)(c) within certain limitations as imposed by Section 61-2g-403(1)(c).

R162-2g-102. Definitions.

(1) "Affiliation" means an ongoing business association:

(a) between:

(i) two individuals registered, licensed, or certified under Section 61-2g; or

(ii) an individual registered, licensed, or certified under Section 61-2g and:

(A) an appraisal entity; or

(B) a government agency;

(b) for the purpose of providing an appraisal service; and

(c) regardless of whether an employment relationship exists between the parties.

(2) The acronym "AQB" stands for the Appraiser Qualifications Board of the Appraisal Foundation.

(3) "Board" means the Utah Real Estate Appraiser Licensing and Certification Board.

(4) "Business day" means a day other than:

(a) a Saturday;

(b) a Sunday; or

(c) a federal or state holiday.

(5) "Classification" means the type of license or certification held by an appraiser.

(6) "Day" means calendar day unless specified as "business day."

(7) "Deferral" means the postponement or delay for completion of a continuing education requirement due to active military duty or due to the impacts of a state- or federally-declared disaster as specified in R162-2g-306a.

(8) "Desk review" means review of an appraisal:

(a) including verification of the data; but

(b) not including a physical inspection of the property.

(9) "Distance education" means an education process based on the geographical separation of student and instructor, including:

(a) computer conferencing;

(b) satellite teleconferencing;

(c) interactive audio;

(d) interactive computer software;

(e) Internet-based instruction; and

(f) other interactive online courses.

(10) "Division" means the Division of Real Estate of the Department of Commerce.

(11) "Draft report" means an appraisal report that is distributed prior to being completed, as provided in Subsection R162-2g-502b(1).

(12) "Entity" means:

(a) a corporation;

(b) a partnership;

(c) a sole proprietorship;

(d) a limited liability company;

(e) another business entity; or

(f) a subsidiary or unit of an entity described in this Subsection (12).

(13) "Field review" means review of an appraisal, including:

(a) a physical inspection of the property; and

(b) verification of the data.

(14) "Non-certified education" means a continuing education course offered outside of Utah, but for which a licensee may apply for credit pursuant to R162-2g-307c(4).

(15) "Person" means an individual or an entity.

(16) "Reinstatement" means renewing a license or certification for an additional period after its expiration date has passed, but prior to 12 months after the expiration date.

(17) The acronym "RELMS" stands for Real Estate Licensing and Management System, which is the online database through which individuals registered, licensed, or certified under these rules must submit certain information to the division.

(18) "Renewal" means reissuing a license or certification upon its expiration for an additional period.

(19) "School" means:

(a) an accredited college, university, junior college, or community college;

(b) any state or federal agency or commission;

(c) a nationally recognized real estate appraisal or real estate related organization, society, institute, or association; or

(d) any school or organization approved by the board.

(20) "School director" means an authorized individual in charge of the educational program at a school.

(21) "Supervisory Appraiser" means a state-certified residential appraiser or a state certified general appraiser that directly supervises a trainee.

(22) "Trainee" means a person who is working under the direct supervision of a state-certified residential appraiser or a state-certified general appraiser to earn experience hours for licensure, and who meets the requirements of Subsection R162-2g-302.

(23) "Transaction value" means:

(a) for loans or other extensions of credit, the amount of the loan or extension of credit;

(b) for sales, leases, purchases, and investments in, or exchanges of, real property, the market value of the real property interest involved; and

(c) for the pooling of loans or interests in real property for resale or purchase, the amount of the loan or market value of the real property calculated with respect to each such loan or interest in real property.

(24) The acronym "USPAP" stands for the current edition of the Uniform Standards of Professional Appraisal Practice published by the Appraisal Foundation.

R162-2g-302. Application for Trainee Registration.

(1) Registration required.

(a) An individual who intends to obtain a license to practice as a state-licensed appraiser shall first register with the division as a trainee.

(b) The division and the board shall not award or recognize experience hours toward licensure for any appraisal work that is performed by an individual during a period of time when the individual is not registered as a trainee.

(2) Character. An individual registering with the division as a trainee shall evidence honesty, integrity, and truthfulness.

(a) A trainee applicant shall be denied registration for:

(i) a felony that resulted in:

(A) a conviction occurring within five years of the date of application; or

(B) a jail or prison release date falling within five years of the date of application; or

(ii) a misdemeanor involving fraud, misrepresentation, theft, or dishonesty that resulted in:

(A) a conviction occurring within three years of the date of application; or

(B) a jail or prison release date falling within three years of the date of application.

(b) A trainee applicant may be denied registration upon consideration of the following:

- (i) criminal convictions and pleas entered at any time prior to the date of application;
- (ii) the circumstances that led to any criminal convictions or pleas under consideration;
- (iii) past acts related to honesty or moral character, with particular consideration given to any such acts involving the appraisal business;
- (iv) dishonest conduct that would be grounds under Utah law for sanctioning an existing licensee;
- (v) civil judgments in lawsuits brought on grounds of fraud, misrepresentation, or deceit;
- (vi) court findings of fraudulent or deceitful activity in civil lawsuits;
- (vii) evidence of non-compliance with court orders or conditions of sentencing;
- (viii) evidence of non-compliance with terms of a probation agreement, plea in abeyance, or diversion agreement; and
- (ix) failure to pay taxes or child support obligations.

(3) Competency. An individual registering with the division as a trainee shall evidence competency. In evaluating an applicant for competency, the division and board may consider any evidence, including the following:

- (a) civil judgments, with particular consideration given to any such judgments involving the appraisal business;
- (b) failure to satisfy a civil judgment that has not been discharged in bankruptcy;
- (c) the extent and quality of the applicant's training and education in appraisal;
- (d) the extent of the applicant's knowledge of the Utah Real Estate Appraiser Licensing and Certification Act;
- (e) evidence of disregard for licensing laws;
- (f) evidence of drug or alcohol dependency; and
- (g) the amount of time that has passed since any incident under consideration.

(4) Pre-licensing education.

(a) Within the five-year period preceding the date of application, an applicant shall successfully complete 75 classroom hours:

- (i) approved by the AQB; and
- (ii)(A) certified by the division pursuant to Subsection R162-2g-307b(1)-(3); or
- (B) not required to be certified by the division pursuant to Subsection R162-2g-307b(6).

(b) The 75 hours of required education shall include:

- (i) 30 hours of appraisal principles;
 - (ii) 30 hours of appraisal procedures; and
 - (iii) the 15-hour National USPAP course, or its equivalent.
- (c) The 15-hour National USPAP Course or its equivalent may not be accepted by the division as qualifying education unless it is:

- (i) taught by an instructor who:
 - (A) is a state-certified residential or state-certified general appraiser; and
 - (B) has been certified by the AQB; or
- (ii) approved as a distance education course by the AQB and International Distance Education Certification Center.

(d) A person who applies for trainee registration on or after January 1, 2015 shall successfully complete the division-approved Supervisory Appraiser and Appraiser Trainee Course:

- (i) as taught by a division-approved instructor; and
- (ii) within the two-year period preceding the date of application.

(e) Examination. An applicant shall evidence having passed the final examination in all pre-licensing courses.

(5) Application to the division. An applicant shall submit the following to the division:

- (a) a completed application as provided by the division;
 - (b) course completion certificates for the 75 hours of pre-licensing education;
 - (c)(i) two fingerprint cards in a form acceptable to the division; or
 - (ii) evidence that the applicant's fingerprints have been successfully scanned at a testing center;
 - (d) all court documents related to any past criminal proceeding;
 - (e) complete documentation of any sanction taken against any license in any jurisdiction;
 - (f) a signed letter of waiver authorizing the division to:
 - (i) obtain the fingerprints of the applicant;
 - (ii) review past and present employment records;
 - (iii) review education records; and
 - (iv) conduct a criminal background check;
 - (g) the fee for the criminal background check;
 - (h) the name of the state-certified appraiser(s) with whom the trainee is affiliated;
 - (i) the name and business address of any appraisal entity or government agency with which the trainee is affiliated; and
 - (j) the nonrefundable application fee.
- (6) Affiliation with certified appraiser(s). Applicants shall affiliate with at least one supervising certified appraiser and evidence that affiliation by:
- (a) identifying each supervising certified appraiser on a form supplied by the division; and
 - (b) obtaining each supervising certified appraiser's signature on the application.

R162-2g-304a. Application to Sit for the State-Licensed Appraiser Exam.

(1) An applicant to sit for the state-licensed appraiser exam shall provide the following to the division:

(a) completed experience forms, as required by the division:

(i) documenting all experience hours completed by the applicant from the date of trainee registration to the date of application for licensure; and

(ii) evidencing at least 2,000 hours of appraisal experience:

- (A) pursuant to Subsection R162-2g-304d;
- (B) completed during the time when the applicant was registered with the division as a trainee; and
- (C) accrued in no fewer than 12 months;
- (b) evidence of having successfully completed a state-licensed appraiser pre-licensing curriculum that has been certified by the division pursuant to Subsection R162-2g-307b; and

(c) a nonrefundable application fee.

(2) The pre-licensing curriculum required by Subsection (1)(b) shall be conducted by:

- (a) a college or university;
- (b) a community or junior college;
- (c) a real estate appraisal or real estate related organization;

(d) a state or federal agency or commission;

(e) a proprietary school;

(f) a provider approved by a state certification and licensing agency; or

(g) the Appraisal Foundation or its boards.

(3)(a) Upon determining that the applicant satisfies the education and experience requirements, the division shall issue to the applicant a form permitting the applicant to register for the examination.

(b) Upon being approved to register for the examination pursuant to this Subsection (3)(a), an applicant shall:

- (i) return the examination application form to the testing service designated by the division; and

(ii) pay a nonrefundable examination fee to the testing service designated by the division.

(c) The permission to register to sit for the examination shall be valid for 24 months after issuance.

R162-2g-304b. Application to Sit for the State-Certified Residential Appraiser Exam.

(1) An applicant to sit for the state-licensed residential appraiser exam shall provide the following to the division:

(a) completed experience forms, as required by the division, evidencing at least 2,500 hours of total appraisal experience, at least 500 of which:

(i) meet the requirements of Subsection R162-2g-304d;
(ii) are completed during the time when the applicant is licensed as a state-licensed appraiser:

(A) with the division; or
(B) in another state, if licensure was required in that state at the time the appraisal was performed; and

(iii) are accrued in no fewer than 24 months;
(b) evidence of having received an associate degree or higher degree from an accredited:

(i) college;
(ii) junior college;
(iii) community college; or
(iv) university;

(c) evidence of having successfully completed a state-certified residential appraiser pre-licensing curriculum that has been certified by the division pursuant to Subsection R162-2g-307b; and

(d) a nonrefundable application fee.
(2) The pre-licensing curriculum required by Subsection

(1)(c) shall be provided by:

(a) a college or university;
(b) a community or junior college;
(c) a real estate appraisal or real estate related organization;

(d) a state or federal agency or commission;
(e) a proprietary school;
(f) a provider approved by a state certification and licensing agency; or

(g) the Appraisal Foundation or its boards.
(3)(a) Upon determining that the applicant satisfies the education and experience requirements, the division shall issue to the applicant a form permitting the applicant to register for the examination.

(b) Upon being approved to register for the examination pursuant to this Subsection (3)(a), an applicant shall:

(i) return the examination application form to the testing service designated by the division; and

(ii) pay a nonrefundable examination fee to the testing service designated by the division.

(c) The permission to register to sit for the examination shall be valid for 24 months after issuance.

R162-2g-304c. Application to Sit for the State-Certified General Appraiser Exam.

(1) An applicant to sit for the state-certified general appraiser exam shall provide the following to the division:

(a) completed experience forms, as required by the division, evidencing at least 3,000 hours of total appraisal experience, 1,000 hours of which:

(i) meet the requirements of Subsection R162-2g-304d;
(ii) are completed during the time when the applicant is licensed as a state-licensed appraiser or state-certified residential appraiser:

(A) with the division; or
(B) in another state, if licensure was required in that state at the time the appraisal was performed; and

(iii) are accrued in no fewer than 30 months;

(b) evidence of having received a bachelors degree or higher degree from an accredited college or university;

(c) evidence of having successfully completed a state-certified general appraiser pre-licensing curriculum that has been certified by the division pursuant to Subsection R162-2g-307b; and

(d) except as provided in this Subsection (4)(a), a nonrefundable application fee.

(2) The pre-licensing curriculum required by Subsection (1)(c) shall be provided by:

(a) a college or university;
(b) a community or junior college;
(c) a real estate appraisal or real estate related organization;

(d) a state or federal agency or commission;
(e) a proprietary school;

(f) a provider approved by a state certification and licensing agency; or

(g) the Appraisal Foundation or its boards.

(3)(a) Upon determining that the applicant satisfies the education and experience requirements, the division shall issue to the applicant a form permitting the applicant to register for the examination.

(b) Upon being approved to register for the examination pursuant to this Subsection (3)(a), an applicant shall:

(i) return the examination application form to the testing service designated by the division; and

(ii) pay a nonrefundable examination fee to the testing service designated by the division.

(c) The permission to register to sit for the examination shall be valid for 24 months after issuance.

(4)(a) A state-licensed appraiser who, within six months of renewing the license, meets the requirements for certification and files a completed application shall pay a transfer fee rather than an application fee.

(b) A certification that is obtained under this Subsection (4)(a) shall expire on the same date that the license was due to expire prior to transfer.

R162-2g-304d. Experience Hours.

(1)(a) Except as provided in this Subsection (1)(b), appraisal experience shall be measured in hours according to the appraisal experience hours schedules found in Appendices 1 through 3.

(b)(i) An applicant who has experience in categories other than those shown on the appraisal experience hours schedules, or who believes the schedules do not adequately reflect the applicant's experience or the complexity or time spent on an appraisal, may petition the board on an individual basis for evaluation and approval of the experience as being substantially equivalent to that required for licensure or certification.

(ii) Upon a finding that an applicant's experience is substantially equivalent to that required for licensure or certification, the board may award the applicant an appropriate number of hours for the alternate experience.

(2) General restrictions.

(a) An applicant may not accrue more than 2,000 experience hours in any 12-month period.

(b) The board may not award credit for:

(i) appraisal experience earned more than five years prior to the date of application;

(ii) appraisals that were performed in violation of:

(A) Utah law;
(B) the law of another jurisdiction; or
(C) the administrative rules adopted by the division and the board;

(iii) appraisals that fail to comply with USPAP;

(iv) appraisals of the value of a business as distinguished from the appraisal of commercial real estate;

(v) personal property appraisals; or
 (vi) an appraisal that fails to clearly and conspicuously disclose the contribution made by the applicant in completing the assignment.

(c) At least 50% of the appraisals submitted for experience credit shall be appraisals of properties located in Utah.

(d) With regard to experience hours claimed from the schedules found in Appendices 1 and 2:

(i) appraisals where only an exterior inspection of the subject property is performed shall be granted 25% of the credit awarded an appraisal that includes an interior inspection of the subject property; and

(ii) no more than 25% of the total experience required for licensure or certification may be earned from appraisals where the interior of the subject property is not inspected.

(e) A maximum of 250 experience hours may be earned from appraisal of vacant land.

(f) Appraisals on commercial or multi-unit form reports shall be awarded 75% of the credit normally awarded for the appraisal.

(g)(i) If an applicant's education was approved prior to January 1, 2008 and his or her experience was approved prior to January 1, 2011 (under a system referred to by the division and industry as a segmented application), but the applicant did not pass the applicable examination required for licensure or certification by December 31, 2010, the applicant shall, by December 31, 2011:

(A) complete all additional education, as required under the AQB standards;

(B) pass the required examination applicable to the license or certification being sought by the individual; and

(C) submit a complete application to the division.

(ii) An applicant who fails to comply with the December 31, 2011 deadline established in this Subsection (2)(g)(i) shall:

(A) complete all additional education as required under the AQB standards;

(B) pass the required examination applicable to the license or certification sought by the individual;

(C) submit recent appraisals that meet the requirements of all applicable statutes and rules for review by the experience review committee; and

(D) submit a complete application to the division according to deadlines established in Subsection R162-2g-304f(1).

(3) Specific restrictions applicable to trainees applying for licensure.

(a)(i) Beginning January 1, 2015, a registered trainee may not claim experience hours for any appraisal work performed unless the trainee and the trainee's supervisor(s) have previously completed the division-approved Supervisory Appraiser and Appraiser Trainee Course.

(ii) A trainee and the trainee's supervisor who signs the experience log shall document on the log the specific duties that the trainee performs for each appraisal.

(b) For each duty performed, the trainee shall be awarded a percentage of the total experience hours that may be awarded for the property type being appraised:

(i) pursuant to the appraisal experience hour schedules found in Appendices 1 through 3; and

(ii) with the following limitations:

(A) participation in highest and best use analysis: 10% of total hours;

(B) participation in neighborhood description and analysis: 10% of total hours;

(C) property inspection: 20% of total hours, pursuant to this Subsection (3)(c);

(D) participation in land value estimate: 20% of total hours;

(E) participation in sales comparison property selection

and analysis: 30% of total hours;

(F) participation in cost analysis: 20% of total hours;

(G) participation in income analysis: 30% of total hours;

(H) participation in the final reconciliation of value: 10% of total hours; and

(I) participation in report preparation: 20% of total hours.

(c) In order for a trainee to claim credit for an inspection pursuant to this Subsection (3)(b)(ii)(C):

(i) as to the first 100 residential appraisals or first 20 non-residential appraisals completed, as applicable to the license or certification being sought, the inspection must include:

(A) measurement of the exterior of a property that is the subject of an appraisal; and

(B) inspection of the exterior of a property that is used as a comparable in an appraisal; and

(ii) as to appraisals after the first 100 residential appraisals or first 20 non-residential appraisals completed, as applicable to the license or certification being sought, the inspection must satisfy all scope of work requirements.

(d) No more than one-third of the experience hours submitted toward licensure may come from any one of the categories identified in this Subsection (3)(b)(ii).

(4) Specific restrictions applicable to applicants for certification.

(a) An individual who obtained a license from the division through reciprocity shall provide to the division all records necessary for the division to verify that the individual satisfies the experience requirements outlined in these rules.

(b) The board may not award credit:

(i) for any appraisal where the applicant cannot prove more than 50% participation in the:

(A) data collection;

(B) verification of data;

(C) reconciliation;

(D) analysis;

(E) identification of property and property interests;

(F) compliance with USPAP standards; and

(G) preparation and development of the appraisal report;

or

(ii) to more than one licensed appraiser per completed appraisal, except as provided in this Subsection (5).

(c)(i) An individual applying for certification as a state-certified residential appraiser shall document at least 75% of the hours submitted from:

(A) the residential experience hours schedule found in Appendix 1; or

(B) the residential portion of the mass appraisal hours schedule found in Appendix 3.

(ii) No more than 25% of the total hours submitted may be from:

(A) the general experience hours schedule found in Appendix 2; or

(B) properties other than 1- to 4-unit residential properties identified in the mass appraisal hours schedule found in Appendix 3.

(d) An individual applying for certification as a state-certified general appraiser shall document at least 1,500 experience hours as having been earned from:

(i) the general experience hours schedule found in Appendix 2; or

(ii) properties other than 1- to 4-unit residential properties identified in the mass appraisal hours schedule found in Appendix 3.

(5) Specific restrictions applicable to mass appraisers.

(a) Single-property appraisals performed under USPAP Standards 1 and 2 by mass appraisers shall be awarded full credit pursuant to Appendices 1 and 2.

(b) Review and supervision of appraisals by mass appraisers shall be awarded credit pursuant to this Subsection

(6)(b)-(c).

(c)(i) Mass appraisers and mass appraiser trainees who perform 60% or more of the appraisal work shall be awarded full credit pursuant to Appendix 3.

(ii) Mass appraisers and mass appraiser trainees who perform between 25% and 59% of the appraisal work shall be awarded 50% credit pursuant to Appendix 3.

(iii) Mass appraisers and mass appraisal trainees who perform less than 25% of the appraisal work shall be awarded no credit for the appraisal assignment.

(d) In addition to submitting proof of required experience and samples, randomly selected from the experience log, of work conforming to USPAP Standard 6:

(i) a state-licensed appraiser applicant whose experience is earned primarily through mass appraisal shall submit proof of having performed at least five appraisals conforming to USPAP Standards 1 and 2;

(ii) a state-certified residential appraiser applicant whose experience is earned primarily through mass appraisal shall submit proof of having performed at least eight residential appraisals:

(A) conforming to USPAP Standards 1 and 2; and

(B) including the following property types:

(I) vacant property;

(II) two- to four-unit dwelling;

(III) non-complex single-family unit; and

(IV) complex single-family unit; and

(iii) a state-certified general appraiser applicant whose experience is earned primarily through mass appraisal shall submit proof of having performed at least eight appraisals from Appendix 2 conforming to USPAP Standards 1 and 2.

(e) No more than 60% of the total hours submitted for licensure or certification may be earned from any combination of appraisal assignments related to:

(i) property types identified in Appendix 3(a)(i) and (ii);

(ii) property types identified in Appendix 3(b)(i) and (ii);

(iii) property types identified in Appendix 3(c)(i) and (ii);

(iv) property types identified in Appendix 3(d)(i) and (ii);

(v) property types identified in Appendix 3(e)(i) and (ii),

and

(vi) property types identified in Appendix 3(f)(i).

(f) No more than 25% of the total hours submitted for licensure or certification may be earned from appraisal assignments related to property types identified in Appendix 3(f)(iii) and (iv) combined.

(g) No more than 20% of the total hours submitted for licensure or certification may have been earned from appraisal assignments related to property types identified in Appendix 3(g).

(h)(i) Mass appraisal of property with a personal property component of less than 50% of value shall be awarded full credit pursuant to Appendix 3 for the type of property appraised.

(ii) Mass appraisal of property with a personal property component of 50% to 85% of value shall be awarded 50% credit pursuant to Appendix 3 for the type of property appraised.

(iii) Mass appraisal of property with a personal property component greater than 85% shall be awarded no credit.

(i) The appraisals submitted for review pursuant to this Subsection (5)(d) shall be selected from the applicant's most recent work.

(6) Special circumstances - condemnation appraisals, review appraisals, supervision of appraisers, other real estate experience, and government agency experience.

(a) Condemnation appraisals. A condemnation appraisal shall be awarded an additional 50% of the hours normally awarded for the appraisal if the condemnation appraisal includes a before-and-after appraisal because of a partial taking of the property.

(b) Review appraisals.

(i) Review appraisals shall be awarded experience credit when the appraiser performs technical reviews of appraisals prepared by employees, associates, or others, provided the appraiser complies with USPAP Standards Rule 3 when the appraiser is required to comply with the rule.

(ii) Except as provided in this Subsection (6)(e)(i), the following credit shall be awarded for review of appraisals:

(A) desk review: 30% of the hours that would be awarded if a separate written review appraisal report were prepared, up to a maximum of 500 hours; and

(B) field review: 50% of the hours that would be awarded if a separate written review appraisal report were prepared, up to a maximum of 500 hours.

(c) Supervision of appraisers. Except as provided in this Subsection (6)(e)(i), supervision of appraisers shall be awarded 20% of the hours that would be awarded to the appraisal, up to a maximum of 500 hours.

(d) Other real estate experience acceptable for certification.

(i) Provided that an applicant demonstrates to the satisfaction of the board that the applicant has the ability to arrive at a fair market value of property and to properly document value conclusions, the following activities may be used to satisfy up to 50% of the experience required for certification:

(A) preliminary valuation estimates;

(B) range of value estimates or similar studies;

(C) other real estate-related experience gained by:

(I) bankers;

(II) builders;

(III) city planners and managers; or

(IV) other individuals.

(ii) A comparative market analysis by an individual licensed under Section 61-2f et seq. may be granted up to 100% experience credit toward certification if:

(A) the analysis conforms with USPAP Standards Rules 1 and 2; and

(B) the individual demonstrates to the board that the individual uses similar techniques as appraisers to value properties and effectively utilize the appraisal process.

(iii) The following activities, if performed in accordance with USPAP Standards Rules 4 and 5, may be used to satisfy up to 50% of the experience required for certification:

(A) appraisal analysis;

(B) real estate counseling or consulting services; and

(C) feasibility analysis/study.

(iv) Except as provided in this Subsection (6)(e)(i), no more than 50% of the total experience required for certification may be earned through any combination of experience described in this Subsection (6)(b)-(d).

(e) Government agency experience.

(i) An individual who obtains experience hours in conjunction with investigation by a government agency is not subject to the hour limitations of this Subsection (6).

(ii) In addition to submitting proof of required experience, an applicant whose experience is earned primarily in conjunction with investigations by government agencies and through review of appraisals, with no opinion of value developed, shall submit proof of having complied with USPAP Standards 1 and 2 in performing appraisals as follows:

(A) if applying for state-licensed appraiser with experience reviewing residential appraisals, five appraisals of one-unit dwellings;

(B) if applying for state-certified residential appraiser with experience reviewing residential appraisals, eight appraisals of one-unit dwellings; and

(C) if applying for state-certified general appraiser with experience reviewing appraisals of property types listed in Appendix 2, at least eight appraisals of property types identified

in Appendix 2.

(7) The board, at its discretion, may request the division to verify the claimed experience by any of the following methods:

- (a) verification with the clients;
- (b) submission of selected reports to the board; and
- (c) field inspection of reports identified by the applicant at the applicant's office during normal business hours.

R162-2g-304e. Experience Review Committee.

(1) The board may appoint a committee to review the experience claimed by applicants for licensure or certification.

(2) The committee shall:

- (a) review each application for completion of the experience hours required for licensure or certification;
- (b) correspond with applicants concerning submissions, if necessary; and
- (c) make recommendations to the division and the board for licensure or certification approval or disapproval.

(3) The committee shall be composed of appraisers selected from among the following categories:

- (a) residential appraisers;
- (b) commercial appraisers;
- (c) farm and ranch appraisers;
- (d) right-of-way appraisers; and
- (e) mass appraisers.

(4) The chairperson of the committee shall be appointed by the board.

(5) Meetings may be called upon:

- (a) the request of the chairperson; or
- (b) the written request of a quorum of committee members.

(6) If the board denies the application on the recommendation of an experience review committee member, the applicant may, within thirty days after the denial, make a written request for board review of the applicant's experience, stating specific grounds upon which relief is requested. The board shall thereafter consider the request and issue a written decision.

R162-2g-304f. Final Application for Licensure or Certification.

(1) Within 90 days after successfully completing the exam for licensure or certification, the applicant shall return to the division:

- (a) a report from the testing service indicating successful completion of the exam within 24 months of the date on which the applicant obtains authorization to sit for the exam;
- (b) an application form as required by the division and including:
 - (i) the applicant's business, home, and e-mail addresses;
 - (ii) the name and business address of any appraisal entity or government agency with which the applicant is affiliated; and
 - (iii) if the applicant is applying for certification, the fee for the federal registry.

(2)(a) A post office box without a street address is unacceptable as a business or home address.

(b) An applicant may designate any address to be used as a mailing address.

R162-2g-306a. Renewal and Reinstatement of a Registration, License, or Certification.

(1)(a) A registration, license, or certification is valid for two years and expires unless it is renewed according to this Subsection R162-2g-306a before the expiration date printed on the registration, license, or certificate.

(b) It shall be grounds for disciplinary sanction if, after an individual's registration, license, or certification has expired, the individual continues to perform work for which the individual is required to be registered, licensed, or certified.

(2)(a) To timely renew a registration, license, or

certification, an applicant shall, prior to the expiration date of the registration, license, or certification, submit to the division:

(i) a completed renewal application as provided by the division;

(ii)(A) evidence that the continuing education requirements listed in this Subsection (2)(b) have been completed; or

(B) evidence sufficient to enable the Division, in its sole discretion, to determine that a deferral of continuing education is appropriate due to the applicant's having been currently or recently:

- (I) assigned to active military duty; or
- (II) impacted by a state- or federally-declared natural disaster; and
- (iii) the applicable non-refundable renewal fee.

(b) The continuing education required under this Subsection (2)(a)(ii)(A) shall be completed during the two-year period preceding the date of application and shall include:

(i)(A) the 7-hour National USPAP Update Course, taught by an instructor or instructors, at least one of whom is a state-certified residential or state-certified general appraiser and has been certified by the AQB; or

(B) equivalent education, as determined through the course approval program of the AQB; and

(ii)(A) 21 additional hours of continuing education:

(I) certified by the division for the appraisal industry at the time the courses are taught; or

(II) not required to be certified, pursuant to Subsection R162-2g-307c(3); or

(B) if the renewal applicant is also working toward certification, 21 hours of pre-licensing education credit applicable to the certification being sought.

(c)(i) A trainee who registered with the division prior to January 1, 2015 shall complete the Supervisory Appraiser and Appraiser Trainee course by or before December 31, 2014.

(ii) A registered trainee may count the Supervisory Appraiser and Appraiser Trainee course toward the continuing education requirement of this Subsection (2)(b)(ii)(A) during any renewal cycle in which the trainee completes the course.

(d)(i) An appraiser who supervises a trainee identified in Subsection (2)(c)(i) shall complete the Supervisory Appraiser and Appraiser Trainee course by or before December 31, 2014.

(ii) A supervising appraiser may count the Supervisory Appraiser and Appraiser Trainee course toward the continuing education requirement of Subsection (2)(b)(ii)(A) during any renewal cycle in which the appraiser completes the course.

(3)(a) In order to renew on time, an applicant shall complete continuing education hours by the 15th day of the month in which the registration, license, or certification expires.

(b) An applicant who complies with this Subsection (3)(a), but whose credits are not banked by the education provider pursuant to Subsection R162-2g-502a(5)(c), may obtain credit for the course(s) taken by:

(i) submitting to the division the original course completion certificates; and

(ii) filing a complaint against the provider.

(4) A license, certification, or registration may be renewed for a period of 30 days after the expiration date upon payment of a late fee in addition to the requirements of this Subsection (2).

(5)(a) After the 30-day period described in this Subsection (4) and until six months after the expiration date, an individual may reinstate an expired license, certification, or registration by:

- (i) complying with this Subsection (2);
- (ii) paying a late fee; and
- (iii) paying a reinstatement fee.

(b) After the six-month period described in this Subsection (5)(a) and until one year after the expiration date, an individual may reinstate an expired license, certification, or registration by:

- (i) complying with this Subsection (2);
- (ii) paying a late fee;
- (iii) paying a reinstatement fee; and
- (iv) completing 24 hours of additional continuing education as approved by the division.

(c)(i) An individual who does not reinstate an expired license, certification, or registration within 12 months of the expiration date shall:

- (A) reapply with the division as a new applicant;
- (B) retake and pass the 15-hour USPAP course; and
- (C) retake and pass any applicable licensing or certification examination.

(ii) An individual reapplying under this Subsection (4)(c)(i) shall receive credit for previously credited pre-licensing education if:

(A) it was completed within the five-year period prior to the date of reapplication; and

- (B) it was either:
 - (I) completed after January 1, 2008; or
 - (II) certified by the division and the AQB prior to January 1, 2008, as approved, qualified pre-licensing education.

(6) If the division receives renewal documents in a timely manner, but the information is incomplete, the appraiser or trainee may be extended a 15-day grace period to complete the application.

(7) Renewal after deferment of continuing education due to active military service or the impacts of a state- or federally-declared disaster.

(a) An appraiser or trainee who is unable to complete the continuing education requirements to renew a registration, license, or certification due to active military service or because the individual has been impacted by a state- or federally-declared disaster may:

- (i) submit a timely application for renewal pursuant to Subsection (2)(a)(ii)(B); and
- (ii) request that the application for renewal be conditionally approved, with the expiration date of the applicant's registration, license, or certification extended pursuant to this Subsection (7)(b), pending the completion of the continuing education requirement.

(b) Upon the division's approving a deferral of continuing education, the expiration date of the applicant's registration, license, or certification shall be extended 90 days, during which time the applicant shall:

- (i) complete the continuing education required for the renewal; and
- (ii) submit proof of the continuing education to the division.

R162-2g-306b. Notification of Changes.

(1) An individual registered, licensed, or certified under these rules shall notify the division of any status change, including the following:

- (a) creation or termination of an affiliation, except as provided in this Subsection (2);
- (b) change of name; and
- (c) change of business, home, mailing, or e-mail address.

(2) An individual is not required to report the creation or termination of an affiliation that:

- (a) facilitates a single transaction; and
- (b) is not part of an ongoing business association.

(3) Notification procedure.

- (a) To report a change of name, an individual shall complete a paper change form and attach to it official documentation such as a:
 - (i) marriage certificate;
 - (ii) divorce decree; or
 - (iii) driver license.

- (b)(i) To report a change in affiliation or address, and

individual shall complete and submit an electronic change form through RELMS.

(ii) A post office box without a street address is unacceptable as a business or home address. Any address may be designated as a mailing address.

(c) All change forms shall be accompanied by a nonrefundable processing fee.

(4) Deadlines and effective dates.

(a)(i) An individual shall comply with the notification requirements outlined in this Subsection R162-2g-306b within ten business days of making a status change.

(ii) If a deadline for notification falls on a day when the division is closed, the deadline shall be extended to the next business day.

(b) Status changes are effective on the date the properly executed forms and appropriate fees are received by the division.

R162-2g-307a. School Certification.

(1) Application. A school requesting certification shall:

(a) submit an application form as prescribed by the division, including:

- (i) name, telephone number, email address, and address of:
 - (A) the school;
 - (B) the school director; and
 - (C) all owners of the school; and
- (ii) as to each school director or owner, disclosure of criminal history and adverse regulatory actions;

(b) provide a description of:

- (i) the type of school; and
 - (ii) the school's physical facilities;
- (c) provide a statement outlining the:
- (i) number of quizzes and examinations in each course offered;

(ii) grading system, including methods of testing and standards of grading;

(iii) requirements for attendance; and

(iv) school's refund policy.

(2) Standards for operation.

(a) All courses shall be taught in an appropriate classroom facility and not in a private residence, except for a course approved for distance education.

(b) A school shall teach the approved course of study as outlined in the state-approved outline.

(c) At the time of registration, a school shall provide to each student:

- (i) the statement described in this Subsection (1)(c);
- (ii) a copy of the qualifying questionnaire that the student will be required by the division to answer as part of the pre-licensing or precertification examination; and
- (iii) a criminal history disclosure statement.

(d) A school shall require each student to attend 100% of the scheduled class time in order to earn credit for the course.

(e)(i) A school may not award credit to any student who fails the final examination.

(ii) A student who fails a school final examination must wait three days before retesting and may not retake the same final examination.

(iii) A student who fails a final examination a second time must wait two weeks before retesting and may not retake either exam that the student previously failed.

(iv) A student who fails a final exam a third time shall fail the course.

(f) A school may not allow a student to challenge a course or any part of a course by taking an exam in lieu of attendance.

(g) Credit hours.

(i) For a course that is taught outside of a college or university setting, one credit hour may be awarded for 50 minutes of instruction within a 60-minute period, allowing for

a ten-minute break.

(ii) For a course that is taught in a college or university setting:

- (A) one quarter hour is equivalent to 10 credit hours; and
- (B) one semester hour is equivalent to 15 credit hours.

(iii) A school may not award more than eight credit hours per day per student.

(3) A school shall report to the division within 10 calendar days of:

(a) any change in the information provided pursuant to this Subsection (1)(a)(i); and

(b) a school director or owner being convicted, or entering a plea in abeyance or diversion agreement, as to a criminal offense, excluding class C misdemeanors.

(4)(a) A school certification is valid for two years from the date of issuance.

(b) To renew a school certification, an individual shall, prior to the date of expiration:

- (i) submit a properly completed application as provided by the division; and
- (ii) pay a nonrefundable applicable fee.

R162-2g-307b. Pre-licensing Course Certification.

(1) To certify a pre-licensing course, an applicant shall, at least 30 days prior to the course being taught, submit a completed application as required by the division, including:

(a) a course outline, including:

- (i) a description of the course;
- (ii) the length of time to be spent on each subject area, broken into segments of no more than 30 minutes each; and
- (iii) three to five learning objectives for every three hours;

(b) a description of any method of instruction that will be used other than lecture method, including:

- (i) webinar;
- (ii) satellite broadcast; or
- (iii) other form of distance education;

(c) copies of at least three final examinations administered in the course and the answer keys that will be used to determine if a student passes the course;

(d) the school procedure for maintaining the security of the final exams and answer keys;

(e) the titles, authors, and publishers of all required textbooks;

(f)(i) the instructor(s) who will teach each class; and

(ii) evidence that each instructor is:

- (A) certified by the division;
- (B) qualified to serve as a guest lecturer; or
- (C) a college or university faculty member who has academic training or appraisal experience satisfactory to the division and the board;

(g) a nonrefundable applicable fee; and

(h) a signed statement agreeing that the course provider will, within 10 business days of completing the class, upload to the division the following information:

- (i) course name;
- (ii) course certificate number assigned by the division;
- (iii) date the course was taught;
- (iv) number of credit hours; and
- (v) name and license number of each student receiving education credit.

(2) Standards for approval of traditional classroom courses. Each course shall:

(a) meet the minimum standards set forth in the state-approved course outline governing the course, including minimum hourly requirements;

(b) be approved through the AQB course approval program;

(c) allow a maximum of 10% of the required class time for testing, including review test and final examination;

(d) use texts, workbooks, supplement pamphlets, and other materials that are appropriate and current in their application to the required course outline.

(3) Standards for approval of distance education

(a) A distance education course shall:

- (i) comply with this Subsection (2);
- (ii) provide interaction between the student and instructor;
- (iii) include a written examination personally proctored by an official approved by the presenting entity;

(iv) meet the course delivery requirements established by the AQB and the International Distance Education Certification Center; and

(v) offer at least 15 credit hours.

(b) A distance education course offered by a college or university may be deemed acceptable to meet the credit hour requirement if the course content is approved by:

- (i) the AQB;
- (ii) a state licensing jurisdiction; or
- (iii) a college or university that:

(A) offers distance education programs in other disciplines; and

(B) is approved or accredited by:

- (I) the Commission on Colleges;
- (II) a regional or national accreditation association; or
- (III) an accrediting agency that is recognized by the United States Secretary of Education.

(4) Within 10 business days after the occurrence of any material change in a course that could affect approval, the school shall give the division written notice of the change.

(5) A course certification is valid for no more than 24 months.

(6) Credit for non-certified pre-licensing education.

(a) Division certification is not required for a pre-licensing course that is offered by a school, as defined in Subsection R162-2g-102(17) as long as:

(i) the course content:

(A) meets the minimum standards set forth in the Utah state-approved course outline; and

(B) is approved by the AQB course approval program;

(ii) the course provides at least 15 credit hours, including examination(s);

(iii) a closed-book, closed-note final examination is administered at the end of each course;

(iv) students are not allowed to earn credit from the course provider by challenge examination without first attending the course;

(v) credit is not awarded for duplicate or highly comparable classes;

(vi) where multiple classes are offered, they represent a progression in a student's knowledge; and

(vii) in order to receive credit, a student is required to:

- (A) attend 100% of the scheduled class hours;
- (B) complete all required exercises and assignments; and
- (C) pass the course final examination.

(b) Hourly credit for a course taken from a professional appraisal organization shall be granted according to the division approved list.

(c) An applicant who wishes to be awarded credit for non-certified pre-licensing education shall:

(i) provide to the division a list of the cours(es) taken, including:

- (A) course title(s);
- (B) name(s) of the sponsoring organization(s);
- (C) number of classroom hours completed;
- (D) date(s) of course completion; and
- (E) evidence that the cours(es) meet the requirements of:

(I) the AQB; and

(II) if distance education, the International Distance Education Certification Center;

- (ii) request review of the course by the division and board;
 - (iii) establish that the criteria outlined in this Subsection (6)(a) are met;
 - (iv) attest on a notarized affidavit that the courses have been completed as documented; and
 - (v) if requested by the division, provide proof of completion of the courses in the form of certificates, transcripts, report cards, letters of verification, or similar proof.
- (7) Supervisory Appraiser and Appraiser Trainee Course. In order to obtain certification of the supervisory appraiser and appraiser trainee course, a course provider shall:
- (a) comply with this Subsection (1); and
 - (b) sign a written attestation agreeing to provide a paper copy of the course manual to each attendee.

R162-2g-307c. Continuing Education Course Certification.

(1) The division and the board may not award continuing education credit for a course that is taught in Utah to registered, licensed, or certified appraisers unless the course is certified prior to its being taught.

(2) To certify a continuing education course, an applicant shall, at least 30 days prior to the course being taught, submit a completed application as required by the division, including:

- (a) name and contact information of the course sponsor and the entity through which the course will be provided;
- (b) description of the physical facility where the course will be taught;
- (c) the proposed number of credit hours for the course;
- (d) identification of whether the method of instruction will be traditional education or distance education;
- (e) title of the course;
- (f) statement defining how the course will meet the objectives of continuing education by increasing the licensee's knowledge, professionalism, and ability to protect and serve the public;
- (g) course outline including:
 - (i) a description of the subject matter covered in each 15-minute segment; and
 - (ii) a minimum of one learning objective for every hour of class time;
- (h) the name and certification number of each certified instructor who will teach the course;
- (i) copies of all materials that will be distributed to the participants;
- (j) the procedure for pre-registration;
- (k) the tuition or registration fee and a copy of the cancellation and refund policy;
- (l) except for courses approved for distance education, the procedure for taking and maintaining control of attendance during class time;
- (m) sample of the completion certificate;
- (n) signed statement agreeing that the course provider will, within 10 business days of completing the class, upload to the division the following information:
 - (i) course name;
 - (ii) course certificate number assigned by the division;
 - (iii) date the course was taught;
 - (iv) number of credit hours; and
 - (v) names and license numbers of all students receiving continuing education credit;
- (o) signed statement agreeing not to market personal sales products; and
- (p) other information the division might require.

(2) Standards for approval.

(a)(i) A distance education course shall:

- (A) provide interaction between the student and instructor; and
- (B) include a written examination that requires a student to demonstrate mastery and fluency.

(ii) The division may approve a distance education course offered by a college or university if the college or university:

- (A) offers distance education programs in other disciplines; and

(B)(I) is accredited by the Commission on Colleges or a regional accreditation association; or

(II) is approved by the International Distance Education Certification Center.

(b) The course topic must be AQB-approved.

(c) The procedure for taking and maintaining control of attendance shall be more extensive than having the students sign a class roll.

(d) The completion certificate shall allow for entry of:

- (i) licensee's name;
- (ii) type of license;
- (iii) license number;
- (iv) date of course;
- (v) name of the course provider;
- (vi) course title;
- (viii) course certification number and expiration date;
- (ix) credit hours awarded; and
- (x) signatures of the course sponsor and the licensee.

(e) A real estate appraisal-related field trip that is submitted for continuing education credit may not include transit time to or from the field trip location as part of the credit hours awarded.

(4) Non-certified continuing education credit. Except as provided in Subsection R162-2f-307c(1), the board may award continuing education credit on a case-by-case basis for the following:

- (a) participation, other than as a student, in an appraisal practicum course;
- (b) teaching, program development, authorship of textbooks, or similar activities that are determined by the board to be equivalent to obtaining continuing education, up to one-half of an individual's continuing education credit requirement;
- (c) service as a member of the experience review committee, or the technical advisory panel, if approved by the board and offered in accordance with AQB standards as a:
 - (i) practicum course under this Subsection (3)(a); or
 - (ii) course under this Subsection (3)(b); and
- (d) completion of any course that:
 - (i) meets the continuing education objectives of increasing the licensee's knowledge, professionalism, and ability to protect and serve the public; and
 - (ii) is taught outside the state of Utah.

R162-2g-307d. Instructor Certification for Pre-licensing Education.

(1) To certify as a pre-licensing education instructor, an individual shall:

(a) evidence that the applicant meets the character and competency requirements outlined in Subsection R162-2g-302(2)-(3);

(b) submit a completed application as provided by the division;

(c) demonstrate knowledge of the subject matter to be taught as evidenced by:

- (i) current, active licensure or certification as applicable to the pre-licensing course proposed to be taught;
- (ii) a minimum of five years active experience in appraising; and
- (iii)(A) college or other appropriate courses specific to the topic proposed to be taught; or

(B) other experience acceptable to the board in the topic proposed to be taught;

(d) if the individual proposes to teach a course in USPAP, evidence that the individual is an AQB-certified USPAP instructor; and

- (e) pay a nonrefundable application fee.
- (2) A pre-licensing instructor certification is valid for 24 months from the date of issuance.
- (3) To renew a pre-licensing instructor certification, an individual shall:
 - (a) submit a completed application, as provided by the division;
 - (b) evidence having taught at least 20 hours of in-class instruction in certified course(s) during the preceding term of certification;
 - (c) evidence having attended a real estate instructor development workshop sponsored or approved by the division during the preceding two years; and
 - (d) pay a nonrefundable application fee.
- (4)(a) To reinstate an expired pre-licensing instructor certification within 30 days following the expiration date, an individual shall:
 - (i) comply with this Subsection (3); and
 - (ii) pay a nonrefundable late fee.
- (b) To reinstate an expired pre-licensing instructor certification after 30 days and within six months following the expiration date, an individual shall:
 - (i) comply with this Subsection (3);
 - (ii) pay a nonrefundable reinstatement fee; and
 - (iii) submit proof of having completed six classroom hours of education related to real estate appraisal or teaching techniques.
- (c) After a pre-licensing instructor certification has been expired for six months, an individual is required to apply as an original applicant and obtain a new certification.
- (5) A certified instructor shall comply with the reporting requirements of Section 61-2g-306(3).

R162-2g-307e. Instructor Certification for Continuing Education.

- (1) A continuing education course that is required to be certified shall be taught by a certified instructor.
- (2) To obtain a continuing education instructor certification, and individual shall, at least 30 days prior to the date on which instruction is proposed to begin:
 - (a) evidence that the applicant meets the character and competency requirements outlined in Subsection R162-2g-302(2)-(3);
 - (b) submit a completed application form, as provided by the division;
 - (c) evidence:
 - (i) at least three years of full-time experience in the course subject;
 - (ii) college-level education related to the course subject; or
 - (iii) a combination of experience and education acceptable to the division;
 - (d) evidence:
 - (i) at least 12 months of full-time teaching experience;
 - (ii) part-time teaching experience equivalent to 12 months of full-time teaching experience; or
 - (iii) attendance at the division's Instructor Development Workshop;
 - (e) provide a signed statement agreeing to allow the instructor's courses to be randomly audited on an unannounced basis by the division or its representative;
 - (f) provide a signed statement agreeing not to market personal sales products;
 - (g) provide any other information the division requires; and
 - (h) pay a nonrefundable application fee.
- (3) A continuing education instructor certification is valid for two years.
- (4) To renew a continuing education instructor certification, an individual shall, prior to the date of expiration:

- (a) submit a completed renewal application, as provided by the division;
- (b)(i) evidence having taught a minimum of 12 continuing education credit hours during the past term of certification; or
- (ii) provide a written explanation outlining the reason for not meeting the requirement having taught 12 continuing education credit hours and provide evidence satisfactory to the division that the applicant maintains an appropriate level of expertise; and
- (c) pay a nonrefundable renewal fee.
- (5)(a) To reinstate an expired continuing instructor certification within 30 days following the expiration date, an individual shall:
 - (i) comply with Subsection (4); and
 - (ii) pay a nonrefundable late fee.
- (b) To reinstate an expired continuing instructor certification after 30 days and within six months following the expiration date, an individual shall:
 - (i) comply with Subsection (4); and
 - (ii) pay a nonrefundable reinstatement fee;
- (c) After a continuing instructor certification has been expired for six months, an individual is required to apply as an original applicant and obtain a new certification.

R162-2g-308. Application for a Six-Month Temporary Permit.

- (1) A non-resident of this state who is licensed or certified in another state and who wishes to apply for a six-month temporary permit to perform one or more specific appraisal assignments in Utah shall:
 - (a) evidence that each specific appraisal assignment is covered by a contract to provide appraisals;
 - (b) submit an application as provided by the division and including the following:
 - (i) name of the client;
 - (ii) specific property address(es) to be appraised;
 - (iii) type(s) of property being appraised; and
 - (iv) estimated time to complete each assignment;
 - (c) complete and submit a qualifying questionnaire as provided by the division;
 - (d) sign an irrevocable consent to service authorizing the division to receive service of any lawful process on behalf of the applicant in any non-criminal proceeding arising out of the applicant's practice as an appraiser in this state;
 - (e) pay a nonrefundable application fee in the amount established by the division; and
 - (f) provide the starting date of the appraisal assignment for which the temporary permit is being sought.
- (2)(a) A non-resident is limited to two temporary permits per calendar year, each of which may be extended one time for an additional six-month period if the assignment(s) for which the permit is issued have not been completed within the original six-month term of the temporary permit.
- (b) A temporary permit may be extended by submitting the forms required by the division.

R162-2g-310. Application for Licensure or Certification Through Reciprocity.

- An individual who is licensed or certified as an appraiser by another state may be licensed or certified in Utah by reciprocity on the following conditions:
 - (1) The applicant shall provide evidence that:
 - (a) the state in which the applicant is licensed requires appraisal pre-licensing education that is:
 - (i) approved by that state; and
 - (ii) substantially equivalent in number to the hours required for the license or certification for which the applicant is applying in Utah;
 - (b) the applicant's pre-licensing education included either:

- (i) the 15-hour National USPAP Course; or
- (ii) equivalent education as determined through the course approval program of the AQB; and
- (c) the applicant has passed an examination that has been approved by the AQB for the license or certification for which the applicant is applying.
- (2) The applicant shall:
 - (a) obtain and study the Utah Real Estate Appraiser Licensing and Certification Act and the rules promulgated thereunder; and
 - (b) sign an attestation that the applicant understands and will abide by both the statute and the rules.
- (3) If the applicant resides outside of the state of Utah, the applicant shall sign an irrevocable consent to service authorizing the division to receive service of any lawful process on behalf of the applicant in any noncriminal proceeding arising out of the applicant's practice as an appraiser in this state.
- (4) The board may not issue a license or certification to an applicant who has been convicted of a criminal offense involving moral turpitude relating to the applicant's ability to provide services as an appraiser.

R162-2g-311. Scope of Authority.

- (1) Trainees.
 - (a) An individual who has properly qualified as a trainee as pursuant to Subsection R162-2g-302 may perform the following appraisal-related duties:
 - (i) participating in property inspections;
 - (ii) measuring or assisting in the measurement of properties;
 - (iii) performing appraisal-related calculations;
 - (iv) participating in the selection of comparables for an appraisal assignment;
 - (v) making adjustments to comparables; and
 - (vi) drafting or assisting in the drafting of an appraisal report.
 - (b) The supervising appraiser shall be responsible to determine the point at which a trainee is competent to participate in each of the activities identified in this Subsection (1)(a), within the following limitations:
 - (i) As to the trainee's first 100 inspections of residential properties:
 - (A) the trainee shall be accompanied and supervised by a state-certified appraiser;
 - (B) both the interior and the exterior of the properties shall be inspected; and
 - (C) the appraisal report shall comply with the requirements of Subsection R162-2g-502a(1)(g).
 - (ii) As to the trainee's first 20 inspections of non-residential properties:
 - (A) the trainee shall be accompanied and supervised by a state-certified general appraiser;
 - (B) both the interior and the exterior of the properties shall be inspected; and
 - (C) the appraisal report shall comply with the requirements of Subsection R162-2g-502a(1)(g).
 - (c) A trainee may not:
 - (i) solicit or accept an assignment on behalf of anyone other than:
 - (A) the trainee's supervisor; or
 - (B) the supervisor's appraisal firm;
 - (ii) sign an appraisal report or discuss an appraisal assignment with anyone other than:
 - (A) the appraiser responsible for the assignment;
 - (B) state enforcement agencies;
 - (C) third parties as may be authorized by due process of law; and
 - (D) a duly authorized professional peer review committee.
 - (d) The following are not subject to the scope of authority

limitations of this Subsection (1):

- (i) full-time elected county assessors; and
- (ii) any person performing an appraisal for the purposes of establishing the fair market value of real estate for the assessment roll.
- (2) State-licensed appraisers. In a federally-related transaction, state-licensed appraisers may appraise:
 - (a) non-complex one- to four-residential units having a transaction value of less than \$1,000,000;
 - (b) complex one- to four- residential units having a transaction value of less than \$250,000; and
 - (c) vacant or unimproved land that is utilized for one- to four-family purposes, or for which the highest and best use is one- to four-family purposes, so long as net income capitalization analysis is not required by the terms of the assignment.
- (3) State-licensed appraisers and state-certified residential appraisers may not perform appraisals of the following:
 - (a) subdivisions for which:
 - (i) a development analysis/appraisal is necessary; or
 - (ii) a discounted cash flow analysis is required by the terms of the assignment; and
 - (b) vacant land if the highest and best use of the land is for five or more one- to four-family units.

R162-2g-502a. Standards of Conduct and Practice.

- (1) Affirmative duties in general. A person registered, licensed, or certified by the division shall:
 - (a) if employing an unlicensed assistant who is not registered as a trainee pursuant to Subsection R162-2g-302:
 - (i) actively supervise the unlicensed assistant; and
 - (ii) ensure that the assistant performs only clerical duties, including:
 - (A) typing research notes or reports completed by a trainee or an appraiser;
 - (B) taking photographs of properties; and
 - (C) obtaining copies of public records;
 - (b)(i) except as provided in this Subsection (2)(a), comply with the current edition of USPAP; and
 - (ii) observe the advisory opinions of USPAP;
 - (c) in order to authorize another individual to sign an appraisal report on behalf of the individual who completes the report:
 - (i) grant authority to the signer in writing;
 - (ii) limit the signing authority to a specific property address;
 - (iii) explicitly disclose within the appraisal report that the signer is authorized by the appraiser to sign the report on the appraiser's behalf;
 - (iv) attach a copy of the written permission required pursuant to this Subsection (1)(c)(i) to the report; and
 - (v) ensure that the signer signs the appraiser's name, followed by the word "by," and then followed by the signer's own name;
 - (d) if using a digital signature in place of a handwritten signature, ensure that:
 - (i) the software program that generates the digital signature has a security feature; and
 - (ii) no one other than the appraiser has control of the signature;
 - (e) retain a photocopy or other exact copy of each report as it is provided to the client, including the appraiser's signature;
 - (f) analyze and report the sales and listing history of the subject property for the three years preceding the appraisal if such information is available to the appraiser from a multiple listing service, listing agent(s), property owner, or other verifiable source(s);
 - (g)(i) include in each appraisal report a statement indicating whether or not the subject property was inspected as

part of the appraisal process; and

(ii) if any inspections were done, include the following information concerning each inspection:

(A) the names of all appraisers and trainees who participated in the inspection;

(B) whether the inspection was an exterior inspection only or both an exterior and an interior inspection; and

(C) the date that the inspection was performed; and

(h) unless Subsection (2)(b) applies, respond within ten business days to division notification:

(i) of a complaint against the individual; or

(ii) that information is needed from the individual.

(2) Exceptions.

(a) An individual is exempt from complying with all provisions of USPAP when acting in an official capacity as:

(i) a division staff member or employee;

(ii) a member of the experience review committee as appointed and approved by the board;

(iii) a member of the technical review panel as appointed and approved by the board;

(iv) a hearing officer;

(v) a member of a county board of equalization;

(vi) an administrative law judge;

(vii) a member of the Utah State Tax Commission; or

(viii) a member of the board.

(b) If a deadline for response under this Subsection (1)(h) falls on a day when the division is closed, the deadline shall be extended to the next business day.

(3) A trainee shall:

(a) using forms provided by the division, maintain a separate log of experience hours for each supervising appraiser with whom the trainee works; and

(b) include in each log the following information for each appraisal:

(i) file number;

(ii) report date;

(iii) subject address;

(iv) client name;

(v) type of property;

(vi) report form number or type;

(vii) number of work hours;

(viii) description of work performed by the trainee; and

(ix) scope of the review and supervision of the supervising appraiser.

(4) A supervising appraiser shall:

(a) delegate to a trainee only such duties as the trainee is authorized to perform under Subsection R162-2g-311(1);

(b) directly train and supervise the trainee in the performance of assigned duties by:

(i) critically observing and directing all aspects of the appraisal process; and

(ii) accepting full responsibility for the appraisal and the contents of the appraisal report;

(c) personally inspect:

(i) each property that is appraised with a trainee until the trainee has performed:

(A) 100 residential inspections as provided in Subsection R162-2g-311(1)(b)(i); and

(B) 20 non-residential inspections as provided in Subsection R162-2g-311(1)(b)(ii); and

(ii) any property for which the appraisal report scope of work or certification requires appraiser inspection.

(5) A school shall:

(a) maintain a record of each student's attendance for a minimum of five years after the student enrolls;

(b) display the certification number of all continuing education courses in advertising and marketing;

(c) as to each student who provides the school with an accurate name or license number, bank course completion

information:

(i) within 10 days after the end of a course offering; and

(ii) to the database specified by the division;

(d) upon request of the division, substantiate any claim made in advertising or marketing;

(e) within 15 calendar days of any material change in the information outlined in R162-2g-307a(1), provide to the division written notice of the change;

(f) with regard to the criminal history disclosure required under R162-2g-307a(2)(c)(iii):

(i) obtain each student's signature before allowing the student to participate in course instruction;

(ii) retain each signed criminal history disclosure for a minimum of two years; and

(iii) make any signed criminal history disclosure available to the division upon request;

(g) maintain a high quality of instruction;

(h) adhere to all state laws and administrative rules regarding school and instructor certification;

(i) provide the instructor(s) for each course with the required course content outline;

(j) require instructors to adhere to the approved course content;

(k) comply with a division request for information within 10 business days of the date of the request; and

(l) verify that the material is current in any course taught on:

(i) Utah statutes;

(ii) Utah administrative rules;

(iii) Federal laws; and

(iv) Federal regulations.

(6) An instructor shall adhere to the approved outline for any course taught.

R162-2g-502b. Prohibited Conduct.

(1) An individual registered, licensed, or certified by the division may not:

(a) release to a client a draft report of a one- to four-unit residential real property;

(b) release to a client a draft report of a property other than a one- to four-unit residential real property unless:

(i) the first page of the report prominently identifies the report as a draft;

(ii) the draft report is signed by the appraiser; and

(iii) the appraiser complies with USPAP in the preparation of the draft report;

(c) affix a signature to an appraisal report by means of a signature stamp; or

(d) sign a blank or partially completed appraisal report that will be completed by anyone other than the appraiser who has signed the report;

(e) sign an appraisal report containing a statement indicating that an appraiser has inspected a property if the appraiser has not inspected the property; or

(f) split appraisal fees with any person who is not a state-licensed or state-certified appraiser, except that a supervising appraiser may pay a trainee reasonable compensation proportionate to the lawful services actually performed by the trainee in connection with appraisals.

(2) A trainee may not:

(a) solicit a client to address an engagement letter directly to the trainee; or

(b) accept payment for appraisal services from anyone other than:

(i) the trainee's supervisor; or

(ii) an appraisal or government entity with which the trainee is affiliated.

(3) A supervising appraiser may not:

(a) sign a report that is completed in response to an

engagement letter that is addressed to a trainee;

(b) supervise more than three trainees at one time; or

(c) sign an appraisal report as the supervising appraiser without having given adequate supervision to the trainee, appraiser, or assistant being supervised.

(4) A state-licensed appraiser may not place a seal on an appraisal report or use a seal in any other manner likely to create the impression that the appraiser is a state-certified appraiser.

(5) A school may not:

(a) in advertising and marketing:

(i) make a misrepresentation about any course of instruction;

(ii) make statements or implications that disparage the dignity and integrity of the appraisal profession;

(iii) disparage a competitor's services or methods of operation;

(iv) as to a continuing education course, use language that indicates division approval is pending or otherwise forthcoming;

(b) attempt by any means to obtain or use the questions on the state licensure or certification exam unless those questions have been dropped from the current exam bank;

(c) accept payment from a student without first providing to that student the information outlined in R162-2g-307a(2)(c);

(d) continue to operate after the expiration date of the school certification without renewing;

(e) continue to offer a course after its expiration date without renewing;

(f) allow an instructor whose instructor certification has expired to continue teaching;

(g) allow an individual student to earn more than eight credit hours of education in a single day;

(h) award credit to a student who has not complied with the minimum attendance requirements;

(i) allow a student to obtain credit for all or part of a course by taking an examination in lieu of attending the course;

(j) give valuable consideration to a person licensed with or certified by the division under Section 61-2g for referring students to the school;

(k) accept valuable consideration from a person licensed with or certified by the division under Section 61-2g for referring students to a licensed or certified appraiser; or

(l) require a student to attend any program organized for the purpose of solicitation.

(6) An instructor may not:

(a) continue to teach any course after the course has expired and without renewing the course certification; or

(b) continue to teach any course after the individual's certification has expired and without renewing the instructor certification.

R162-2g-504. Administrative Proceedings.

(1) Formal adjudicative proceedings. An adjudicative proceeding conducted subsequent to the issuance of a cease and desist order or other emergency order shall be conducted as a formal adjudicative proceeding.

(2) Informal adjudicative proceedings.

(a) An adjudicative proceeding as to any matter not specifically designated as requiring a formal adjudicative proceeding shall be conducted as an informal adjudicative proceeding.

(b) A hearing shall be held in an informal adjudicative proceeding only if required or permitted by the Utah Real Estate Appraiser Licensing and Certification Act or by these rules.

(3)(a) A hearing before the board will be held in:

(i) a proceeding conducted subsequent to the issuance of a cease and desist order or other emergency order;

(ii) a case where the division seeks to deny an application for original or renewed registration, licensure, or certification for failure of the applicant to meet the criteria of good moral

character, honesty, integrity or truthfulness;

(iii) a case where the division seeks disciplinary action pursuant to Sections 61-2g-501 and 502 against a trainee or an appraiser; and

(iv) an appeal from an automatic revocation under Section 61-2g-302(2)(d), if the appellant requests a hearing.

(b) If properly requested by the applicant, a hearing will be held before the board to consider an application:

(i) that is denied by the division on the grounds that the instructor's attestation to upstanding moral character is false;

(ii) for an initial appraiser license or certification that is denied by the board on the recommendation of the experience review committee; and

(iii) for a temporary permit that is denied by the division for any reason.

(c) A hearing is not required and will not be held in the following informal adjudicative proceedings:

(i) the issuance, renewal, or reinstatement of a trainee registration or an appraiser license or certification by the division;

(ii) the issuance or renewal of an appraisal course, school, or instructor certification;

(iii) the issuance of any interpretation of statute, rule or order, or the issuance of any written opinion or declaratory order determining the applicability of a statute, rule or order, when enforcement or implementation of the statute, rule or order lies within the jurisdiction of the division; and

(iv) the denial of renewal or reinstatement of a trainee registration or an appraiser license or certification for failure to complete any continuing education required by statute or rule; and

(v) the denial of an application for an original or renewed school, instructor, or course certification on the ground that it does not comply with the requirements stated in these rules.

(4)(a) Request for agency action. The following applications shall be deemed a request for agency action:

(i) registration as a trainee;

(ii) licensure or certification as an appraiser;

(iii) certification of a course, school, or instructor; and

(iv) issuance of a temporary permit.

(b) Any other request for agency action shall be in writing, signed by the requestor, and shall contain the following:

(i) the names and addresses of all persons to whom a copy of the request for agency action is being sent;

(ii) the agency's file number or other reference number, if known;

(iii) the date of mailing of the request for agency action;

(iv) a statement of the legal authority and jurisdiction under which the agency action is requested, if known;

(v) a statement of the relief or action sought from the division; and

(vi) a statement of the facts and reasons forming the basis for relief or agency action.

(c) A complaint against a trainee, an appraiser, or the holder of a temporary permit requesting that the division commence an investigation or a disciplinary action is not a request for agency action.

(5) Procedures for hearings in informal adjudicative proceedings.

(a) All informal adjudicative proceedings shall adhere to procedures as outlined in:

(i) Utah Administrative Procedures Act Title 63G, Chapter 4;

(ii) Utah Administrative Code Rule R151-4 et seq.; and

(iii) the rules promulgated by the division.

(b) Except as provided in this Subsection (6)(b), a party is not required to file a written answer to a notice of agency action from the division in an informal adjudicative proceeding.

(c) In any proceeding under this Subsection R162-2g-504,

the board and division may at their discretion delegate a hearing to an administrative law judge or request that an administrative law judge assist the board and the division in conducting the hearing. Any delegation of a hearing to an administrative law judge shall be in writing.

(d)(i) Upon the scheduling of a hearing by the division and at least 30 days prior to the hearing, the division shall, by first class postage-prepaid delivery, mail written notice of the date, time, and place scheduled for the hearing, to the respondent at the address last provided to the division pursuant to Subsection R162-2g-306b.

(ii) The notice shall set forth the matters to be addressed in the hearing.

(e) Formal discovery is prohibited.

(f) The division may issue subpoenas or other orders to compel production of necessary evidence:

- (i) on its own behalf; or
- (ii) on behalf of a party where the party:

(A) makes a written request;

(B) assumes responsibility for effecting service of the subpoena; and

(C) bears the costs of the service, any witness fee, and any mileage to be paid to a witness.

(g) Upon ordering a licensee to appear for a hearing, the division shall provide to the licensee the information that the division will introduce at the hearing.

(h) Intervention is prohibited.

(i) Hearings shall be open to all parties unless the presiding officer closes the hearing pursuant to:

(i) Title 63G, Chapter 4, the Utah Administrative Procedures Act; or

(ii) Title 52, Chapter 4, the Open and Public Meetings Act.

(j) Upon filing a proper entry of appearance with the division pursuant to Utah Administrative Code Section R151-4-110(1)(a), an attorney may represent a party.

(6) Additional procedures for disciplinary proceedings.

(a) The division shall commence a disciplinary proceeding by filing and serving on the respondent:

(i) a notice of agency action;

(ii) a petition setting forth the allegations made by the division;

(iii) a witness list, if applicable; and

(iv) an exhibit list, if applicable.

(b) Answer.

(i) At the time the petition is filed, the presiding officer, upon a determination of good cause, may require the respondent to file an answer to the petition by so ordering in the notice of agency action.

(ii) The respondent may file an answer, even if not ordered to do so in the notice of agency action.

(iii) Any answer shall be filed with the division no later than 30 days following the mailing date of the notice of agency action pursuant to this Subsection (6)(a).

(c) Witness and exhibit lists.

(i) Where applicable, the division shall provide its witness and exhibit lists to the respondent at the time it mails its notice of agency action.

(ii) Any witness list shall contain:

(A) the name, address, and telephone number of each witness; and

(B) a summary of the testimony expected from the witness.

(iii) Any exhibit list:

(A) shall contain an identification of each document or other exhibit that the party intends to use at the hearing; and

(B) shall be accompanied by copies of the exhibits.

(iv)(A) The presiding officer, upon a determination of good cause, may require a respondent to file a witness and exhibit list.

(B) Failure to comply with a requirement to file a witness

and exhibit list may result in the exclusion of any witness or exhibit not disclosed.

(d) Pre-hearing motions.

(i) Any pre-hearing motion permitted under the Administrative Procedures Act or the rules promulgated by the Department of Commerce shall be made in accordance with those rules.

(ii) The division director shall receive and rule upon any pre-hearing motions.

R162-2g-601. Appendices.

Appendix 1. Residential Experience Hours Schedule. The hours shown in the following schedule shall be awarded to form appraisals. Fifteen hours may be added to the hours shown if the appraisal is a narrative appraisal instead of a form appraisal.

TABLE 1

APPENDIX 1

Property Type	Hours that may be earned
(a) one-unit dwelling, above-grade:	
(i) living area less than 4,000 square feet, including a site	5 hours
(ii) living area 4,000 square feet or more, including a site	7.5 hours
(b) multiple one-unit dwellings in the same subdivision or condominium project, which dwellings are substantially similar:	
(i) 1-25 dwellings	5 hours per dwelling, up to a maximum of 30 hours
(ii) over 25 dwellings	50 hours maximum
(c) two to four-unit dwelling	20 hours
(d) employee relocation counsel reports completed on currently accepted Employee Relocation Counsel form	10 hours
(e) residential lot, 1-4 unit	5 hours
(f) multiple lots in the same subdivision, which lots are substantially similar	
(i) 1-25 lots	5 hours per lot, up to a maximum of 30 hours
(ii) Over 25 lots	50 hours maximum
(g) small parcel up to 5 acres	5 hours
(h) vacant land, 20-500 acres	20-40 hours, per board decision
(i) recreational, farm, or timber acreage suitable for a house site:	
(i) up to 10 acres	10 hours
(ii) over 10 acres	15 hours
(j) all other unusual structures or acreage which are much larger or more complex than typical properties	5-35 hours, per board decision
(k) review of residential appraisals with no opinion of value developed as part of the review performed in conjunction with investigations by government agencies	10-50 hours

Appendix 2. General Experience Hours Schedule. All appraisal reports claimed for property types identified in sections (a) through (k) of the following schedule shall be narrative appraisal reports. Experience hours listed in this schedule may be increased by 50% for unique and complex properties if the applicant notes the number of extra hours claimed on the appraiser experience log submitted by the applicant, and if the applicant maintains in the workfile for the appraisal an explanation as to why the extra hours are claimed.

TABLE 2

APPENDIX 2

Property Type	Hours that may be earned
(a) Apartment buildings:	
(i) 5-100 units	40 hours
(ii) over 100 units	50 hours
(b) hotel or motels:	

(i) 50 units or fewer	30 hours
(ii) 51-150 units	40 hours
(iii) over 150 units	50 hours
(c) nursing home, rest home, care facilities:	
(i) fewer than 80 beds	40 hours
(ii) over 80 beds	50 hours
(d) industrial or warehouse building:	
(i) smaller than 20,000 square feet	30 hours
(ii) larger than 20,000 square feet, single tenant	40 hours
(iii) larger than 20,000 square feet, multiple tenants	50 hours
(e) office buildings:	
(i) smaller than 10,000 square feet	30 hours
(ii) larger than 10,000 square feet, single tenant	40 hours
(iii) larger than 10,000 square feet, multiple tenants	50 hours
(f) entire condominium projects, using income approach to value:	
(i) 5- to 30-unit project	30 hours
(ii) 31- or more-unit project	50 hours
(g) retail buildings:	
(i) smaller than 10,000 square feet	30 hours
(ii) larger than 10,000 square feet, single tenant	40 hours
(iii) larger than 10,000 square feet, multiple tenants	50 hours
(h) commercial, multi-unit, industrial, or other nonresidential use acreage:	
(i) 1 to 99 acres	20-40 hours
(ii) 100 acres or more, income approach to value	50-60 hours
(i) all other unusual structures or assignments that are much larger or more complex than the properties described in (a) to (h) herein.	5 to 100 hours per board decision
(j) entire subdivisions or planned unit developments (PUDs):	
(i) 1- to 25-unit subdivision or PUD	30 hours
(ii) over 25-unit subdivision or PUD	50 hours
(k) feasibility or market analysis	5 to 100 hours, each per board decision, up to a maximum of 500 hours
(l) farm and ranch appraisals:	Form Narrative
(i) separate grazing privileges or permits	20 hrs 25 hrs
(ii) irrigated cropland, pasture other than rangeland:	
(A) 1 to 10 acres	10 hrs 15 hrs
(B) 11-50 acres	12.5 hrs 20 hrs
(C) 51-200 acres	15 hrs 25 hrs
(D) 201-1000 acres	25 hrs 40 hrs
(E) more than 1000 acres	40 hrs 50 hrs
(iii) dry farm:	
(A) 1 to 1000 acres	15 hrs 25 hrs
(B) more than 1000 acres	20 hrs 40 hrs
(m) Improvements on properties other than a rural residence, maximum 10 hours:	
(i) dwelling	5 hrs 5 hrs
(ii) shed	2.5 hrs 2.5 hrs
(n) cattle ranches	
(i) 0-200 head	15 hrs 20 hrs
(ii) 201-500 head	25 hrs 30 hrs
(iii) 501-1000 head	30 hrs 40 hrs
(iv) more than 1000 head	40 hrs 50 hrs
(o) sheep ranches	
(i) 0-2000 head	25 hrs 30 hrs
(ii) more than 2000 head	35 hrs 45 hrs
(p) dairy, including all improvements except a dwelling	
(i) 1-100 head	20 hrs 25 hrs
(ii) 101-300 head	25 hrs 30 hrs
(iii) more than 300 head	30 hrs 35 hrs
(q) orchards	
(i) 5-50 acres	30 hrs 40 hrs
(ii) more than 50 acres	40 hrs 50 hrs
(r) rangeland/timber	
(i) 0-640 acres	20 hrs 25 hrs
(ii) more than 640 acres	30 hrs 35 hrs
(s) poultry	
(i) 0-100,000 birds	30 hrs 40 hrs
(ii) more than 100,000 birds	40 hrs 50 hrs
(t) mink	
(i) 0-5000 cages	30 hrs 35 hrs
(ii) more than 5000 cages	40 hrs 50 hrs
(u) fish farm	40 hrs 50 hrs
(v) hog farm	40 hrs 50 hrs

(w) review of appendix 2 appraisals with no opinion of value developed as part of the review, performed in conjunction with investigations by government agencies 20-100 hours

Appendix 3. Mass Appraisal Experience Hours Schedule.

TABLE 3
APPENDIX 3

Property Type	Hours that may be earned
(a) one-unit dwelling, above-grade living area less than 4,000 square feet:	
(i) exterior inspection, highest and best use analysis, data collection only	0.5 hours
(ii) interior and exterior inspection, highest and best use analysis, data collection only	1 hour
(iii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	3.75 hours
(b) one-unit dwelling, above-grade living area 4,000 square feet or more:	
(i) exterior inspection, highest and best use analysis, data collection only	0.75 hours
(ii) interior and exterior inspection, highest and best use analysis, data collection only	1.5 hours
(iii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	5 hours
(c) two to four unit dwelling:	
(i) exterior inspection, highest and best use analysis, data collection only	1.5 hours
(ii) interior and exterior inspection, highest and best use analysis, data collection only	3 hours
(iii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	15 hours
(d) commercial and industrial buildings, depending on complexity:	
(i) exterior inspection, highest and best use analysis, data collection only	1-5 hours
(ii) interior and exterior inspection, highest and best use analysis, data collection only	2-10 hours
(iii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	3-37.5 hours
(e) agricultural and other improvements, depending on complexity:	
(i) exterior inspection, highest and best use analysis, data collection only	0.5-2.5 hours
(ii) interior and exterior inspection, highest and best use analysis, data collection only	1-5 hours
(iii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	3.75-20 hours
(f) vacant land, depending on complexity:	
(i) inspection, highest and best use analysis, data collection only	0.5-2.5 hours
(ii) inspection, highest and best use analysis, data collection, valuation analysis, conclusion, report	2.5-25 hours
(iii) land segregation (division) analysis and processing, no field inspection	0.25 hours
(iv) land segregation (division) analysis and processing, field inspection	0.5 hours
(g) data input and review for experience hours claimed under property types(a) through (f)	0.25 hours
(h) land valuation guideline:	
(i) 25 or fewer parcels	10 hours
(ii) 26 to 500 parcels	30 hours
(iii) over 500 parcels	25 additional hours for each 500 parcels, up to a maximum of 125 hours
(i) assessment/sales ratio study, data collection, verification, sample inspection, analysis, conclusion, and implementation:	
(i) base study of 100 reviewed sales	125 hours
(ii) additional increments of 100 sales	25 additional hours for each 100

	additional sales, up to a maximum of 375 hours
(j) multiple regression model, development and implementation:	
(i) fewer than 5,000 parcels	100 hours
(ii) additional increments of 500 parcels	5 additional hours for each additional 500 parcels, up to a maximum of 375 hours
(k) depreciation study and analysis	100 hours
(l) reviews of "land value in use" in accordance with U.C.A. Section 59-2-505:	
(i) office review only	0.25 hours
(ii) field review	0.5 hours
(m) natural resource properties, depending on complexity:	
(i) sand and gravel	7.5-20 hours per site
(ii) mine	7.5-110 hours
(iii) oil and gas	1.65-50 hours per site
(n) pipelines and gas distribution properties, depending on complexity	10-40 hours
(o) telephone and electric properties, depending on complexity	5-80 hours
(p) airline and railroad properties, depending on complexity	10-80 hours
(q) appraisal review/audit, depending on complexity	2.5-125 hours
(r) capitalization rate study	80 hours

R251. Corrections, Administration.

March 26, 2014

63A-12-104(2)

R251-111. Government Records Access and Management.

63G-2-204

R251-111-1. Authority and Purpose.

64-13-10

(1) This rule is authorized Sections 63A-12-104(2), 63G-2-204, 64-13-10, 46-4-501 and 46-4-502, of the Utah Code.

46-4-501

(2) The purpose of this rule is to provide procedures for access to government records of the Department of Corrections and to facilitate intergovernmental, cross-boundary intercooperation.

46-4-502

R251-111-2. Definitions.

(1) "Department" means the Department of Corrections.

(2) "GRAMA" means Government Records Access and Management Act, Title 63G, Chapter 2, Utah Code.

(3) "Individual" means a human being.

(4) "Inmate" means any person who is committed to the custody of the Department and who is housed at a correctional facility or at a county jail at the request of the Department.

(5) "Person" means any individual, nonprofit or profit corporation, partnership, sole proprietorship, or other type of business organization.

(6) "Requester" means the person making a request for records.

R251-111-3. Requests for Access.

(1) Requests for access to records shall be directed as follows:

(a) All records requests by an inmate or offender under the jurisdiction of the Department shall be directed to:

(i) For all inmates: Institutional Operations Division, Primary Records Officer, Utah State Prison, P.O. Box 250, Draper, Utah 84020; or

(ii) For all probationers and parolees: Adult Probation and Parole Division, Primary Records Officer, Administration, 14717 Minuteman Drive, Draper, Utah 84020.

(b) All records requests by persons to obtain information for a story or report for publication or broadcast to the general public shall be directed to the Public Information Officer, 14717 Minuteman Drive, Draper, Utah 84020.

(c) All requests for access to records by persons other than those specified in subparagraphs (a) and (b) above, shall be directed to the Records Bureau, 14717 Minuteman Drive, Draper, Utah 84020.

(d) All requests from governmental agencies shall be directed to the appropriate unit of the Department, as approved by the Records Bureau or specified in Departmental policy.

(2) The time limits dictated by GRAMA Section 63G-2-204, of the Utah Code, for response to requests shall be calculated based on receipt of a valid request at the office specified in this rule.

(3) Written requests may be submitted electronically. Evidence of identity, where required, shall be based upon accepted State standards for electronic identification.

R251-111-4. Inmate Submission Requirements -- Forms.

(1) All records requests from inmates shall be submitted on the Utah State Prison Inmate GRAMA Records Request Form supplied by the Department.

(2) Records requests by inmates at the Utah State Prison or the Central Utah Correctional Facility must be accompanied by a Money Transfer Form which authorizes a deduction for fees from the inmate's account or a proper request for a waiver of fees.

(3) Inmates requesting a fee waiver because of a claimed indigent status, or other reason, shall state the claim on the request form.

R277. Education, Administration.**R277-438. Dual Enrollment.****R277-438-1. Definitions.**

A. "Accredited" means evaluated and approved under the standards of the Northwest Accreditation Commission or the accreditation standards of the Board, available from the USOE Accreditation Specialist.

B. "Board" means the Utah State Board of Education.

C. "Charter school" means a school acknowledged as a charter school by a local board of education under Section 53A-1a-515 and by R277-470, or by the Board under Section 53A-1a-505.

D. "Dual enrollment student" means a student who is enrolled simultaneously in public school and in a home school, a Utah charter school, a Utah online school, or a regularly established private school.

E. "Eligibility" means a student's fitness and availability to participate in school activities governed by this rule. Eligibility is determined by a number of factors including residency (of student and legal guardian), scholarship, age, and number of semesters of participation in a particular activity.

F. "Full-time student" means a student earning the school district designated number(s) and type(s) of credits required for participation in extracurricular or interscholastic activities in the school district in which the student's parent or legal guardian resides.

G. "Home school" means a school comprised of one or more students officially excused from compulsory public school attendance under Section 53A-11-102.

H. "Online school" means a school:

- (1) that provides the same number of classes consistent with the requirement of similar resident schools;
- (2) that delivers course work via the internet;
- (3) that has designated a readily accessible contact person; and
- (4) that provides the range of services to public education students required by state and federal law.

I. "Previous academic grading period" means the most recent period as defined by the school district for which a student received a recorded grade.

J. "Private school" means a school satisfying the following criteria:

- (1) maintained by private individuals or corporations;
- (2) maintained and operated not at public expense;
- (3) generally supported, in part at least, by tuition fees or charges;
- (4) operated as a substitute for, and giving the equivalent of, instruction required in public schools;
- (5) employing teachers able to provide the same quality of education as public school teachers;
- (6) established to operate indefinitely and independently, not dependent upon age of the students available or upon individual family situations; and
- (7) licensed as a business by the Utah Department of Business Regulations.

K. "School participation fee" means the fee paid by the charter/online school to the traditional school consistent with the fee schedule of R277-494-4 for student participation in extracurricular or co-curricular school activities.

L. "Student participation fee" means the fee charged to all participating charter/online and traditional school students by the resident school for designated extracurricular or co-curricular school activities consistent with R277-407.

M. "USOE" means the Utah State Office of Education.

R277-438-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of the public school system under the board, by 53A-1-402(1)(b)

which directs the Board to establish rules and minimum standards for access to programs and by Section 53A-11-102.5 directing the Board to make rules to permit home school, charter and online students and private school students to participate in public school extracurricular or co-curricular school activities.

B. The purpose of this rule is to provide consistent statewide procedures and criteria for home school and private school students' participation in public school activities. A further purpose is to provide procedures and criteria for charter school and online school students to participate in traditional public school activities consistent with R277-494.

R277-438-3. Private and Home School Student Participation in Public School Extracurricular or Co-curricular School Activities.

A. Students exempted from compulsory public school education by the local board for instruction in private or home schools may be eligible for participation in extracurricular or co-curricular public school activities provided they are taking courses comparable to traditional school courses or earning credit under options outlined in R277-700-6 in at least as many of the designated courses as required by the local board of students for participation in that activity.

B. The private or home school student may only participate in extracurricular or co-curricular school day activities at the school within whose boundaries the student's custodial parent(s) or legal guardian resides.

C. Dual enrollment students shall be eligible for extracurricular or co-curricular school activities consistent with eligibility standards for fully enrolled traditional public school students, including providing report cards and citizenship information to activity sponsors and coaches upon request.

R277-438-4. Fees for Private and Home School Students.

A. Private and home school students are responsible for student participation fees in the same manner as full-time public school students.

B. Student participation fees for private, charter, online or home school students shall be waived by the school or school district if students are eligible and parents provide required documentation under Section 53A-12-103 and R277-407, School Fees. The charter or online schools shall be responsible for payment of waived fees to the resident school district.

R277-438-5. Utah Charter and Utah Online School Student Participation in Extracurricular or Co-curricular School Activities.

A. Utah charter school and Utah online school students shall be eligible to participate in extracurricular and co-curricular school activities at their public schools of residence consistent with Section 53A-1a-519, Section 53A-2-214, and R277-494.

B. Charter schools and online schools may determine if the schools shall allow students to participate in extracurricular or co-curricular school activities at the students' resident schools understanding:

(1) That the charter/online school is responsible for the school participation fees associated with the designated activity consistent with Section R277-494-4;

(2) If the charter/online school allows one student to participate in a given activity, the charter/online school shall allow all interested students to participate;

(3) That the charter/online school is responsible for the school participation fee;

(4) That the student shall be allowed to participate only upon payment of the school participation fee by the school;

(5) That the charter/online school shall cooperate fully with all resident schools regarding students' participation in try-outs, practices, pep rallies, team fund raising efforts, scheduled

games and required travel and provision of complete and prompt reports of student academic and citizenship progress or grades, upon request; and

(6) That charter/online students' parents are responsible for the students' transportation to the school with which the student participates; and

(7) That the charter/online school is responsible for any student participation fees required of all student participants in the activity if the participating student is eligible for fee waivers under R277-407.

R277-438-6. Miscellaneous Issues.

A. A student attending activities or a portion of the school day under the provisions of Section 53A-11-102.5 shall be subject to the same behavior and discipline rights and requirements of a full-time resident school student.

B. A student who attends an activity or a portion of the school day shall be subject to administrative scheduling and teacher discretion of the traditional school.

C. A student with disabilities may participate as a dual enrollment student consistent with Utah law, this rule and Code of Federal Regulations (CFR) Vol. 64, No. 48, Section 300.450 through 300.455.

(1) If a student with disabilities who attends a charter or online school desires to participate in dual enrollment, the charter/online school is responsible for accommodations or extra costs to the student's resident school for the student's participation.

(2) The student shall have a services plan in place prior to participation in dual enrollment using comparable procedures to those required for identifying and evaluating public school students;

(3) Students with disabilities seeking dual enrollment shall be entitled to services only in the same proportional amount that the number of private school students residing in the district is to the total number of students with disabilities in the district.

(4) Decisions about the scheduling and manner of services provided shall be the responsibility of school and district personnel.

(5) Schools and districts are not prohibited from providing services to students who are not enrolled full time in excess of those required by R277-438-6.

R277. Education, Administration.**R277-477. Distribution of Funds from the Interest and Dividend Account and Administration of the School LAND Trust Program.****R277-477-1. Definitions.**

A. "Approving Entity" means the school district, University, or other legally authorized entity that approves or rejects plans for a district or charter school.

B. "Board" means the Utah State Board of Education. The Board is the primary beneficiary representative and advocate for beneficiaries of the School Trust corpus and the School LAND Trust Program.

C. "Chartering Entity" means the school district, Board, university, or other entity authorized to charter a school.

D. "Charter trust land council" means a council comprised of a two person majority of elected parents or guardians of students attending the charter school and may include other members, as determined by the board of the charter school. The governing board of a charter school may serve as a charter trust land council if the board membership includes at least two more parents or guardians of students currently enrolled at the school than all other members combined consistent with Section 53A-16-101.5. If not, the board of the charter school shall develop a school policy governing the election of a charter trust land council. R277-491 does not apply to charter trust land councils.

E. "Councils" means school community councils and charter trust lands councils.

F. "Fall enrollment report" means the audited census of students registered in Utah public schools as reported in the audited October 1 Fall Enrollment Report from the previous year.

G. "Funds" means interest and dividend income as defined under Section 53A-16-101.5(2).

H. "Interest and Dividends Account" means a restricted account within the Uniform School Fund created under Section 53A-16-101 established to collect interest and dividends from the permanent State School Fund until the end of the fiscal year. The funds are distributed to school districts, charter schools and the USDB through the School LAND Trust Program at the beginning of the next fiscal year.

I. "Local board of education" means the locally-elected board designated in Section 53A-3-101 that makes decisions and directs the actions of local school districts and is directed in Section 53A-16-101.5(5)(b) to approve School LAND Trust plans for schools under the local board's authority.

J. "Most critical academic needs" for purposes of this rule means academic needs identified in an individual school's improvement plan developed consistent with Section 53A-1a-108.5 or identified in the school charter.

K. "School Children's Trust Section" means employees who report to the State Superintendent of Public Instruction (Superintendent) or Superintendent's designee and have responsibilities as outlined in Sections 53A-16-101.5 and 53A-16-101.6.

L. "School community council" means the council organized at each school district public school as established in Section 53A-1a-108 and R277-491. The council includes the principal, school employee members and parent members. There shall be at least a two parent member majority.

M. "State Charter School Board (SCSB)" means the board designated under Section 53A-1a-501.5 that has responsibility for making recommendations regarding the welfare of charter schools to the Board.

N. "State Superintendent of Public Instruction (Superintendent)" means the individual appointed by the Board as provided for in Section 53A-1-301(1) to administer all programs assigned to the Board in accordance with the policies and the standards established by the Board.

O. "Student" means a child in public school grades

kindergarten through twelve counted on the audited October 1 Fall Enrollment Report of the school district, charter school, or USDB.

P. "USDB" means the Utah Schools for the Deaf and the Blind.

Q. "USOE" means the Utah State Office of Education.

R277-477-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which places general control and supervision of the public school system under the Board, by Section 53A-16-101.5(3)(c) which allows the Board to adopt rules regarding the time and manner in which the student count shall be made for allocation of school trust land funds, and by Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to:

(1) provide financial resources to public schools to enhance or improve student academic achievement and implement an academic component of the school improvement plan;

(2) involve parents and guardians of a school's students in decision making regarding the expenditure of School LAND Trust Program money allocated to the school;

(3) provide direction in the distribution from the Interest and Dividends Account created in Section 53A-16-101 and funded in Section 53A-16-101.5(2);

(4) provide for appropriate and adequate oversight of the expenditure and use of School LAND Trust monies by designated local boards of education, chartering entities, and the Board;

(5) provide for:

(a) reviewing and monitoring of funds and revenue generated by school trust lands and the permanent State School Fund;

(b) compliance by councils with requirements in statute and Board rule; and

(c) allocation of the monies as provided in Section 53A-16-101.5(3)(c) based on student count.

(6) define the roles, duties, and responsibilities of the School Children's Trust Section within the USOE.

R277-477-3. Distribution of Funds - Local Board or Local Charter Board Approval of School LAND Trust Plans.

A. All public schools receiving School LAND Trust Program funds shall have a council as required by Sections 53A-1a-108 and R277-491, a charter school trust lands council as required in 53A-16-101.5 (7), or have a local board approved exemption under R277-491-3(C). District public schools and charter schools shall submit a Principal Assurance Form, as described in R277-491(5)(a).

B. All charter schools that elect to receive School LAND Trust funds shall have a charter trust lands council, develop an academic plan in accordance with the school charter, and report the date when the charter trust lands council and charter board approved the plan. Plans shall be submitted on the School LAND Trust Program website no later than May 1.

C. Local boards of education or the other approving entity shall consider plans annually and may approve or disapprove a school plan. If a plan is not approved, the approving entity shall provide a written explanation of why the plan was not approved and request a revised plan for reconsideration, consistent with Section 53A-16-101.5.

D. Information on each school's plan to address most critical academic needs shall be completed via the School LAND Trust website maintained through the USOE for accurate and uniform reporting.

E. Plans shall be electronically submitted to the USOE on the School LAND Trust Program website, including a record of

the vote by the school community council or charter trust land council when the school plan was approved including the date of the vote, votes for, against, and absent, consistent with Section 53A-16-101.5.

F. To facilitate submission of information by schools, each school board shall establish a school district submission date for the school district schools not later than May 1 of each year. Timelines shall allow for school committee reconsideration and amendment of the school plan following local board of approving entity explanation or plan rejection.

G. Funds shall only be distributed to schools with plans approved by the approving entity.

H. Prior to distribution of funds, the School Children's Trust Section shall ensure that plans include academic goals, specific steps to meet those goals, measurements to assess improvement and specific expenditures focused on student academic improvement. Funds shall not be distributed until schools have an approved plan to use their funds to enhance or improve a school's academic excellence consistent with Section 53A-16-101.5 and R277-477. For charter schools, the School Children's Trust Section shall provide notice to the SCSB of changes required of charter schools for compliance with state law and Board rule.

I. Examples of successful plans using School LAND Trust Program monies include programs focused on:

- (1) credit recovery courses and programs;
- (2) study skills classes;
- (3) college entrance exam preparation classes;
- (4) academic field trips;
- (5) classroom equipment and materials such as flashcards, math manipulatives, calculators, microscopes, maps or books;
- (6) teachers, teacher aides, and student tutors;
- (7) professional development directly tied to school academic goals;
- (8) student focused educational technology, including hardware and software, computer carts and work stations;
- (9) books, textbooks, workbooks, library books, bookcases, and audio-visual materials;
- (10) student planners; and
- (11) nominal student incentives that are academic in nature or of marginal total cost.

J. Examples of plans ineligible for School LAND Trust Program funding include, but are not limited to:

- (1) security;
- (2) phone, cell phone, electric, and other utility costs;
- (3) behavior, character education, bullying prevention;
- (4) sports and playground equipment;
- (5) athletic or intermural programs;
- (6) extra-curricular non-academic expenditures;
- (7) audio-visual systems in non-classroom locations;
- (8) non-academic field trips;
- (9) food and drink for council meetings or parent nights;
- (10) printing and mailing costs for notices to parents;
- (11) accreditation, administrative, clerical, or secretarial costs;
- (12) cash or cash equivalent incentives for students;
- (13) other furniture; and
- (14) staff bonuses.

K. Schools serving students with disabilities may use funds as needed to directly influence and improve student performance according to the students' Individual Education Plans (IEPs).

L. The school trust is intended to benefit all of Utah's school children. Councils are encouraged to design and implement plans in a way to benefit all children at each school.

M. School districts and charter schools wishing to submit information to the School LAND Trust website through a comprehensive electronic plan shall meet the parameters for programming and data entry required by the USOE. They shall

review School LAND Trust plans on the USOE website prior to local board of education or chartering entity approval to ensure information consistent with the law has been downloaded by individual schools into the electronic plan visible on the School LAND Trust Program website.

N. A form that includes the names of members of the council shall be signed by members of the council to indicate their involvement in implementing the current School LAND Trust plan and developing the school plan for the upcoming year. The form shall be uploaded to the database by the principal, director, or school district employee.

O. When approving school plans on the School LAND Trust Program website, the approving entity shall report the meeting date(s) when the approving entity approved the plans.

R277-477-4. Distribution of Funds - Determination of Proportionate Share.

A. A designated amount appropriated by the Legislature from the Interest and Dividends Account shall be used to fund the School Children's Trust Section, the administration of the program and other duties outlined in this rule and Sections 53A-16-101.5 and 53A-16-101.6. Any unused balance initially allocated for School LAND Trust Program administration shall be deposited in the Interest and Dividends Account for future distribution to schools in the School LAND Trust Program.

B. Funds shall be distributed to school districts and charter schools as provided under Section 53A-16-101.5(3)(a). The distribution shall be based on the state's total fall enrollment as reflected in the audited October 1 Fall Enrollment Report from the previous school year.

C. Each school district shall distribute funds received under R277-477-3A to each school within each school district on an equal per student basis.

D. Charter schools shall receive funding from the USOE on a per pupil basis, provided that each charter school receives at least 0.4 percent of the total available to charter schools as a group. The remainder of the distribution to charter schools shall be allocated to all charter schools that do not receive the minimum amount, on a per pupil basis.

E. Local boards of education shall adjust distributions, maintaining an equal per student distribution within a school district for school openings and closures and for boundary changes occurring after the audited October 1 Fall Enrollment Report of the prior year.

F. If a school chooses not to apply for School LAND Trust Program funds nor meet the requirements for receiving funds, the funds allocated for that school shall be retained by the USOE and included with the statewide distribution for the following school year.

G. Local boards and school districts shall ensure timely notification to chairs and principals of the availability of the funds to schools with approved plans.

H. Plans submitted by the USDB governing board shall be reviewed and approved by the School Children's Trust Section and reported to the State Superintendent or designee.

R277-477-5. School LAND Trust Program: Implementation of Plans and Required Reporting.

A. Schools shall make full good faith efforts to implement the plan as approved.

B. The school community council or charter school trust land council may amend a current year plan when necessary. The council shall amend the plan by a majority vote of a quorum of the council. A school's website shall show an amended plan.

C. Funds not used in the school approved plan may be carried over by the school to the next school year and added to the School LAND Trust Program funds available for expenditure in that school the following year.

D. Schools shall provide an explanation for any carry over that exceeds one-tenth of the school's allocation in the school plan or report. Districts and schools with consistently large carryover balances over multiple years are not making adequate and appropriate progress on their plans, and shall be subject to compliance review findings and corrective action.

E. District and charter school business officials shall enter prior year audited expenditures by category on the School LAND Trust website on or before October 15th. The expenditure data shall appear in the final reports submitted online by principals for reporting to parents as required in Section 53A-1a-108.

F. Expenditures made after the close of the fiscal year shall be accounted for as expenditures in the following fiscal year.

G. Final reports shall be submitted by schools on the website by November 15.

R277-477-6. School LAND Trust Program - School Children's Trust to Review Compliance.

A. The financial report in each school final report shall be reviewed by the School Children's Trust Section for consistency with the narrative submitted by that council.

B. Final reports indicating that funds from the School LAND Trust Program were expended inconsistent with the requirements and academic intent of the law, inconsistent with R277-477 or R277-491 and/or inconsistent with the school board/charter board approved plan shall be listed by the School Children's Trust Section and reported to the district contact, district superintendent, and local board or charter board president annually.

C. USOE staff may visit schools receiving funds from the School LAND Trust Program as directed by the Superintendent to discuss the program, receive information and suggestions, provide training, and answer questions.

D. Annual compliance reviews shall be conducted to review expenditure of funds relative to the approved plan and allowable expenses.

E. The School Children's Trust Section shall report annually to the Board Audit Committee on compliance review findings and other compliance issues. The Board Audit Committee shall make determinations regarding questioned costs and corrective action, following review and consideration of compliance and financial reviews conducted by the School Children's Trust Section.

F. The State Board Audit Committee may reduce or eliminate funds if a school has failed to comply with code or Board rule.

53A-16-101.5(3)(c)

53A-1-401(3)

R277. Education, Administration.**R277-486. Professional Staff Cost Program.****R277-486-1. Definitions.**

A. "Board" means the Utah State Board of Education.

B. "Comprehensive Administration of Credentials for Teachers in Utah Schools (CACTUS)" means the electronic file maintained on all licensed Utah educators. The file includes information such as:

- (1) personal directory information;
- (2) educational background;
- (3) endorsements;
- (4) employment history;
- (5) professional development information; and
- (6) a record of disciplinary action taken against the educator.

C. "ESEA" means the Elementary and Secondary Education Act, also known as the No Child Left Behind Act, P.L. 107-110, Title I, Part A, Subpart 1, Sec. 1119, January 8, 2002.

D. "FTE" means full time equivalent.

E. "LEA" means a local education agency, including local school boards/public school districts, and charter schools.

F. "National Board certified educator" means an educator who has been certified by the National Board for Professional Teaching Standards (NBPTS) by successfully completing a three-year process that may include national content-area assessment, an extensive portfolio, and assessment of video-taped classroom teaching experience.

G. "USOE" means Utah State Office of Education.

H. "Weighted Pupil Unit (WPU)" means the unit of measure that is computed in accordance with the Minimum School Program Act for the purpose of determining the costs of a program on a uniform basis for each LEA.

R277-486-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3, which vests general control and supervision of public education in the Board, by Section 53A-17a-107(2) which authorizes the Board to adopt a rule to require a certain percentage of a LEA's professional staff to be licensed in the area in which the teacher teaches in order for the LEA to receive full funding under the state statutory formula, and by Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to satisfy statutory or federal regulatory percentages of licensed staff and support LEAs in recruiting and retaining highly educated and experienced educators for instructional, administrative and other types of professional employment in public schools.

R277-486-3. Eligibility to Receive WPUs for Professional Staff.

A. LEAs shall receive WPUs in accordance with the formula provided in Section 53A-17a-107(1)(a):

- (1) only for those educators who hold at least a bachelors degree; and
- (2) only to the extent that such educators are qualified to work in the area to which they are assigned consistent with R277-520. For example, an educator who is employed full time but is appropriately qualified in only 75% of his assignments would count for only 0.75 FTEs in the calculation of WPUs.
- (3) In order to receive full (100%) funding, an LEA shall have an appropriately qualified educator in every assignment.

B. An educator who is identified as qualified under R277-520 is not necessarily highly qualified for ESEA purposes.

C. LEAs shall not receive WPUs for interns in their second or subsequent years nor for paraprofessionals in any assignment.

R277-486-4. Acceptable Experience.

A. Educator experience for purposes of this rule shall be measured in one-year increments.

B. An educator shall be credited by the USOE, for purposes of the professional staff cost calculation, with one year of experience for every school year in which he is employed at least half-time (0.5 FTE) in an instructional or administrative position in any public school in the State of Utah or in any regionally accredited:

- (1) public school outside of the State of Utah;
- (2) private school; or
- (3) institution of higher education.

C. To obtain credit under Subsection B(1) through (3), the LEA which employs the educator shall submit to the USOE acceptable documentation verifying such experience, including documentation of the school's or institution's regional accreditation.

D. Employment in a prekindergarten position shall not be acceptable for this purpose, unless the educator is or was employed in a special education position in an accredited school.

E. Unpaid volunteer service, paid consulting, employment in non-instructional or non-administrative positions in a school setting, and a school internship shall not be acceptable experience under this rule.

F. Documentation of an educator's experience in a private school or institution of higher education may be required by USOE staff to determine relevance of experience.

R277-486-5. Acceptable Training.

Acceptable training under this rule may include:

A. Any degree at the bachelors level or above or credit beyond the current degree from a:

- (1) regionally accredited institution of higher education; or
- (2) postsecondary degree-granting institution accredited by any of the national accrediting agencies recognized by the United States Department of Education.

B. Any professional development activity consistent with R277-500 and approved in writing by the USOE.

R277-486-6. Mapping Degree Summary Data to Statutory Formula.

A. To ensure consistency in applying data from CACTUS to the formula, the following mapping of the relevant two-digit CACTUS Degree Summary codes to the five columns of the Professional Staff Cost formula table in Section 53A-17a-107(1)(a) shall be used:

- (1) 03 = Bachelor's Degree;
- (2) 04 or 05 = Bachelors + 30 quarter hours or 20 semester hours;
- (3) 06 = Master's Degree;
- (4) 07 or 08 = Master's Degree + 45 quarter hours or 30 semester hours;
- (5) 09 = Doctorate.

B. An LEA shall be credited for an individual with National Board certification at the doctorate level.

R277-486-7. Data Sources.

A. For LEAs that were in operation in the prior year, data shall be used from June 30 update of CACTUS as required by R277-484-3C.

B. For LEAs that were not in operation in the prior year, data shall be used from November 15 update of CACTUS as required by R277-484-3M.

53A-17a-107(3)

53A-1-401(3)

R277. Education, Administration.**R277-503. Licensing Routes.****R277-503-1. Definitions.**

A. "Alternative Routes to Licensure (ARL) advisors" mean a USOE specialist with specific professional development and educator licensing expertise, and a USOE-designated curriculum specialist.

B. "Board" means the Utah State Board of Education.

C. "Career and technical education (CTE)" means organized educational programs or competencies which directly or indirectly prepare students for employment, or for additional preparation leading to employment, in occupations where entry requirements do not generally require a baccalaureate or advanced degree. CTE programs provide all students a continuous education system, driven by a SEOP/plan for college and career readiness, through competency-based instruction, culminating in essential life skills, certified occupational skills, and meaningful employment. Categories include agriculture; business; family and consumer sciences; health science; information technology; marketing; skilled and technical sciences; technology and engineering; and work-based learning, consistent with R277-916.

D. "Competency-based" means a teacher training approach structured for an individual to master and demonstrate content and teaching skills and knowledge at the individual's own pace and sometimes in alternative settings.

E. "Council for Accreditation of Educator Preparation (CAEP)" is a nationally recognized organization which provides accreditation of professional teacher education programs in institutions offering baccalaureate and graduate degrees for the preparation of K-12 teachers.

F. "Educational Testing Service (ETS)" is a worldwide educational testing and measurement organization.

G. "Endorsement" means a qualification based on content area mastery obtained through a higher education major or minor or through a state-approved endorsement program.

H. "LEA" means a local education agency, including local school boards/public school districts, charter schools, and for purposes of this rule, the Utah Schools for the Deaf and the Blind.

I. "Letter of authorization" means a formal approval given to an individual such as an out-of-state candidate or a first year ARL candidate who is employed by an LEA in a position requiring a professional educator license who has not completed the requirements for an ARL license or a Level 1, 2, or 3 license or who has not completed necessary endorsement requirements.

J. "Level 1 license" means a Utah professional educator license issued by the Board upon completion of an approved preparation program or an alternative preparation program, or pursuant to an agreement under the NASDTEC Interstate Contract, to applicants who have also met all ancillary requirements established by law or rule.

K. "Level 2 license" means a Utah professional educator license issued by the Board after satisfaction of all requirements for a Level 1 license and:

(1) satisfaction of requirements under R277-522 for teachers whose employment as a Level 1 licensed educator began after January 1, 2003 in a Utah public LEA or accredited private school;

(2) at least three years of successful education experience in a Utah public LEA or accredited private school or one year of successful education experience in a Utah public LEA or accredited private school and at least three years of successful education experience in a public LEA or accredited private school outside of Utah;

(3) additional requirements established by law or rule.

L. "Level 3 license" means a Utah professional educator license issued by the Board to an educator who holds a current Utah Level 2 license and has also received National Board

Certification or a doctorate in education or in a field related to a content area in a unit of the public education system or an accredited private school, or holds a Speech-Language Pathology area of concentration and has obtained American Speech-Language Hearing Association (ASHA) certification.

M. "National Association of State Directors of Teacher Education and Certification (NASDTEC)" is an educator information clearinghouse that maintains an interstate reciprocity agreement and database for its members regarding educators whose licenses have been suspended or revoked.

N. "National Council for Accreditation of Teacher Education (NCATE)" is a nationally recognized organization which accredits the education units providing baccalaureate and graduate degree programs for the preparation of teachers and other professional personnel for elementary and secondary schools.

O. "NCLB core academic subject" means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

P. "Pedagogical knowledge" means practices and strategies of teaching, classroom management, preparation and planning that are in addition to an educator's content knowledge of an academic discipline.

Q. "Regional accreditation" means formal approval of a school that has met standards considered to be essential for the operation of a quality school program by the following organizations:

- (1) Middle States Commission on Higher Education;
- (2) New England Association of Schools and Colleges;
- (3) North Central Association Commission on Accreditation and School Improvement;
- (4) Northwest Accreditation Commission;
- (5) Southern Association of Colleges and Schools; and
- (6) Western Association of Schools and colleges: Senior College Commission.

R. "Restricted endorsement" means a qualification based on content area knowledge obtained through a USOE-approved program of study or test and shall be available only to teachers in necessarily existent small school settings.

S. "State-approved Endorsement Plan (SAEP)" means a plan in place developed between the USOE and a licensed educator to direct the completion of endorsement requirements by the educator.

T. "Teacher Education Accreditation Council (TEAC)" is a nationally recognized organization which provides accreditation of professional teacher education programs in institutions offering baccalaureate and graduate degrees for the preparation of K-12 teachers.

U. "USOE" means the Utah State Office of Education.

R277-503-2. Authority and Purpose.

A. This rule is authorized by Article X, Section 3 of the Utah Constitution, which places general control and supervision of the public schools under the Board, Section 53A-1-402(1)(a) which directs the Board to establish rules and minimum standards for the qualification and licensing of educators and ancillary personnel who provide direct student services, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to provide minimum eligibility requirements for applicants for teacher licenses and to provide explanation and criteria of various teacher licensing routes. The rule also provides criteria and procedures for licensed teachers to earn endorsements and the requirement for all applicants for licenses to have and pass criminal background checks.

R277-503-3. USOE Licensing Eligibility.

A. Traditional college/university license - A license

applicant shall:

(1) have completed an approved college/university teacher preparation program,

(2) have been recommended for licensing, and

(3) have satisfied all other requirements for educator licensing required by law; or

B. Alternative Licensing Route

(1) A license applicant shall:

(a) have a bachelors degree or higher from an accredited higher education institution in an area related to the position he seeks; or

(2) have skills, talents or abilities, as evaluated by the employing entity, making the applicant appropriate for a licensed teaching position and eligible to participate in an ARL program.

(3) while participating in an alternative licensing program, be approved for employment under an ARL license. An ARL program may not exceed three school years.

C. All license applicants seeking a Level 1 Utah educator license or an area of concentration or an endorsement in an NCLB core academic subject area shall submit passing score(s) on a rigorous Board-designated content test, where tests are available, prior to the issuance of a renewable license or endorsement.

D. For each endorsement in an NCLB core academic area to be posted on the license, teachers are required to submit passing scores on a rigorous Board-designated content test(s), where test(s) are available.

E. An applicant shall submit electronic or original documentation of passing score(s) on a rigorous Board-designated content test to the USOE.

F. Any licensure candidate recommended for a Utah Level 1 license who does not submit a passing score on the test designated in R277-503-3C shall not be eligible for licensure until achieving a passing score.

R277-503-4. Licensing Routes.

Applicants who seek Utah educator licenses shall successfully complete accredited programs or legislatively mandated programs consistent with this rule.

A. Institution of higher education teacher preparation programs shall be:

(1) Nationally accredited by:

(a) CAEP; or

(b) NCATE; or

(c) TEAC; and

(2) As of January 1, 2012, approved by USOE to recommend for licensure in the license area or endorsements or both in designated areas.

B. An applicant that meets the eligibility requirements in R277-503-3B and is assigned to teach exclusively in an online setting shall be eligible to begin the ARL program but upon completion of the ARL program shall earn a license area of concentration that is restricted to providing instruction in an online setting.

C. USOE Alternative Routes to Licensure (ARL)

(1) To be eligible to begin the ARL program, an applicant for a school position requiring an elementary license area of concentration shall have a bachelors degree and at least 27 semester hours of applicable content courses distributed among elementary curriculum areas. Elementary curriculum areas are provided under R277-700-4.

(2) To be eligible to begin the ARL program, applicants for school positions requiring a secondary license area of concentration shall hold at least a bachelors degree and:

(a) a degree major or major equivalent directly related to the assignment; or

(b) have completed all Board-designated content coursework required for the relevant endorsement.

(3) To be eligible to begin the ARL program, applicants for CTE school positions that do not meet the requirements in R277-503-4C(2) shall meet the requirements for a CTE license area of concentration as provided in R277-518.

(4) Licensing by Agreement

(a) An individual employed by an LEA shall satisfy the minimum requirements of R277-503-3 as a teacher with appropriate skills, training or ability for an identified licensed teaching position in the district.

(b) An applicant shall obtain an ARL application for licensing from the USOE or USOE web site.

(c) After evaluation of candidate transcript(s) and rigorous Board-designated content test score, the USOE ARL advisors and the candidate shall determine the specific content knowledge and pedagogical knowledge required of the license applicant to satisfy the requirements for licensing.

(d) The USOE ARL advisors may identify institution of higher education courses, district sponsored coursework, Board-approved professional development, or Board-approved competency tests to prepare or indicate content, content-specific, and developmentally-appropriate pedagogical knowledge required for licensing.

(e) An applicant who has been employed as an educator under a competency-based license or as a full-time instructional paraeducator may offer that experience in lieu of one or more pedagogy courses as follows:

(i) The applicant has had at least three years of experience as an educator or paraeducator;

(ii) The applicant's experience has been successful based on documentation from the LEA; and

(iii) The USOE and employing LEA has approved the applicant's experience in lieu of pedagogy course(s).

(f) The employing LEA shall assign a trained mentor to work with the applicant for licensing by agreement.

(g) The LEA shall supervise and assess the license applicant's classroom performance during a minimum one school year full-time employment experience. The LEA may request assistance from an institution of higher education or the USOE in the monitoring and assessment.

(h) The LEA shall assess the license applicant's disposition as a teacher following a minimum one school year full-time teaching experience. The LEA may request assistance in this assessment; and

(i) The USOE ARL advisors shall annually review and evaluate the license applicant following training, assessments or course work, and the full-time teaching experience and evaluation by the LEA.

(j) Consistent with evidence and documentation received, the USOE ARL advisor may recommend the license applicant to the Board for a Level 1 educator license.

(5) USOE Licensing by Competency

(a) An LEA employs an individual as a teacher with appropriate skills, training or ability for an identified licensed teaching position in the LEA who satisfies the minimum requirements of R277-503-3.

(b) An employing LEA, in consultation with the applicant and the USOE, shall identify Board-approved content knowledge and pedagogical knowledge examinations. The applicant shall pass designated examinations demonstrating the applicant's adequate preparation and readiness for licensing.

(c) The employing LEA shall assign a trained mentor to work with the applicant for licensing by competency.

(d) The LEA shall monitor and assess the license applicant's classroom performance during a minimum one-year full-time teaching experience.

(e) The LEA shall assess the license applicant's disposition for teaching following a minimum one-year full-time teaching experience.

(f) The LEA may request assistance in the monitoring or

assessment of a license applicant's classroom performance or disposition for teaching.

(g) Following the one-year training period, the LEA and USOE shall verify all aspects of preparation (content knowledge, pedagogical knowledge, classroom performance skills, and disposition for teaching) to the USOE.

(h) If all evidence/documentation is complete and satisfactory, the USOE shall recommend the applicant for a Level 1 educator license.

(6) USOE ARL candidates under R277-503-4C(4) shall be issued an ARL license or license area as appropriate that is presumed to expire at the end of the school year.

(7) The ARL license may be extended annually for two subsequent school years with documentation of progress in the ARL program.

(8) Documentation shall include, specifically, a copy of the supervisor's successful end-of-year evaluation, copies of transcripts and test results or both showing completion of required coursework, verification of working with a trained mentor, and satisfaction of the full-time full year experience.

D. LEA specific competency-based licenses:

(1) An LEA may apply to the Board for a Level 1 competency-based license to fill a position in the LEA. The application shall demonstrate that other licensing routes for the applicant are untenable or unreasonable.

(2) The employing LEA shall request a Level 1 competency-based license no later than 60 days after the date of the individual's first day of employment.

(3) The application for the Level 1 competency-based license from the LEA for an individual to teach one or more core academic subjects shall provide documentation of:

(a) the individual's bachelors degree; and

(b) for a K-6 grade teacher, the satisfactory results of the rigorous state test including subject knowledge and teaching skills in the required core academic subjects under Section 53A-6-104.5(3)(ii) as approved by the Board; or

(c) for the teacher in grades 7-12, demonstration of a high level of competency in each of the core academic subjects in which the teacher teaches by passing the rigorous state core academic subject test required under R277-503-3E, in each of the core academic subjects in which the teacher teaches at the USOE established passing score.

(4) The application for the Level 1 competency-based license from the LEA for non-core teachers in grades K-12 shall provide documentation of:

(a) a bachelors degree, associates degree or skill certification; and

(b) skills, talents or abilities specific to the teaching assignment, as determined by the LEA.

(5) Following receipt of documentation and consistent with Section 53A-6-104.5(2), the USOE shall approve a Level 1 competency-based license.

(6) If an individual with a Level 1 competency-based license leaves the LEA before the end of the employment period, the LEA shall notify the USOE Licensing Section regarding the end-of-employment date.

(7) The individual's Level 1 competency-based license shall be valid only in the LEA that originally requested the competency-based license.

(8) The written copy of the Level 1 competency-based license shall prominently state the name of the LEA followed by LEVEL 1 - LEA SPECIFIC - COMPETENCY-BASED LICENSE.

(9) An LEA may change the assignment of a competency-based license holder; notice to USOE shall be required and additional competency-based documentation may be required for the teacher to remain qualified.

(10) A Level 1 competency-based license is equivalent to the Level 1 license as described in R277-500 and R277-502 as

to length and professional development expectations and subject to the same renewal procedures except that an individual may renew a Level 1 competency-based license despite the limitations of R277-504-3D.

(11) A Level 2 competency-based license may be issued to a Level 1 competency-based license holder if that individual successfully completes the Entry years Enhancement program as detailed in R277-522.

(12) A Level 2 competency-based license is equivalent to the Level 2 license as described in R277-500 and R277-502 as to length and professional development expectations.

(13) A Level 3 competency-based license may be issued to a Level 2 competency-based license holder if that individual holds a doctorate in education or in a field related to a content unit of the public education system from an accredited institution.

(14) A Level 3 competency-based license is equivalent to the Level 3 license as described in R277-500 and R277-502 as to length and professional development expectations.

(15) If an individual holds a Utah license, the application shall be subject to additional USOE review based upon the following criteria:

(a) license level;

(b) current license status;

(c) area of concentration and endorsements on Utah license; and

(d) circumstances justifying the LEA specific license.

(16) If the application is not approved based on a USOE review of the criteria provided in R277-503-4C(11), appropriate licensure procedures shall be recommended to the requesting LEA. The applicant may be required to renew an expired license, apply for an endorsement, pass appropriate Board approved tests consistent with R277-503-3C, obtain an additional area of concentration, apply to Alternative Route to Licensure, or satisfy other reasonable standards.

R277-503-5. Endorsement Routes.

A. An applicant shall successfully complete one of the following for endorsement:

(1) a USOE-approved institution of higher education educator preparation program with endorsement(s); or

(2) assessment, approval and recommendation by a designated and subject-appropriate USOE specialist. The USOE shall be responsible for final recommendation and approval; or

(3) a USOE-approved Utah institution of higher education or Utah LEA-sponsored endorsement program which includes content knowledge and content-specific pedagogical knowledge approved by the USOE.

(a) The university or LEA shall be responsible for final review and recommendation.

(b) The USOE shall be responsible for final approval.

B. A restricted endorsement shall be available and limited to teachers in necessarily existent small schools as determined under R277-445. Teacher qualifications shall include at least nine semester hours of USOE-approved university-level courses in each course taught by the teacher holding a restricted endorsement.

C. All provisions that directly affect the health and safety of students required for endorsements, such as prerequisites for drivers education teachers or coaches, shall apply to applicants seeking endorsements through all routes under this rule.

D. Prior to an individual taking courses, exams or seeking a recommendation in the ARL licensing program, the individual shall have LEA and USOE authorization.

R277-503-6. Additional Provisions.

A. All programs or assessments used in applicant preparation shall meet national professional educator standards

such as those developed by NCATE, TEAC, and CAEP.

B. All educators licensed under this rule shall also:

(1) complete the background check required under Section 53A-6-401;

(2) satisfy the professional development requirements of R277-502; and

(3) be subject to all Utah licensing requirements and professional standards.

C. An applicant may satisfy the student teaching/clinical experience requirement for licensing through successful completion of either the licensing by agreement or by competency route.

53A-1-401(3)

R277. Education, Administration.**R277-518. Career and Technical Education Licenses.****R277-518-1. Definitions.**

A. "Adult education" means organized and structured programs or competencies which directly or indirectly prepare students for post-secondary or training opportunities, and/or entering and retaining employment opportunities. Adult education programs provide qualifying out-of-school youth and adult students with literacy skills below the collegiate/post-secondary level with a continuous education system, driven by a student education occupational plan (SEOP), through competency-based instruction, with opportunities to improve their basic literacy levels, English as a second language skills, or high school level of education consistent with R277-733.

B. "ARL Program" means the alternative licensing route as provided in R277-503-4, administered by USOE.

C. "Board" means the Utah State Board of Education.

D. "Career and technical education (CTE)" means organized educational programs or competencies which directly or indirectly prepare students for employment, or for additional preparation leading to employment, in occupations where entry requirements do not generally require a baccalaureate or advanced degree. CTE programs provide all students a continuous education system, driven by a student education occupational plan (SEOP), through competency-based instruction, culminating in essential life skills, certified occupational skills, and meaningful employment. Categories include agriculture; business; family and consumer sciences; health science; information technology; marketing; skilled and technical sciences; technology and engineering education; and work-based learning, consistent with R277-916.

E. "CTE Alternative Preparation Program (APP) license area of concentration (license area)" means the provisional license area of concentration issued prior to March 1, 2014 by the Board for a three year period which enables the holder to teach only in a specific CTE or technical field, or adult education in the public school system and may require educational coursework.

F. "Level 1 license" means a Utah professional educator license issued upon completion of an approved preparation program or an alternative preparation program, or pursuant to an agreement under the NASDTEC Interstate Contract, to applicants who have also met all ancillary requirements established by law or rule.

G. "Level 2 license" means a Utah professional educator license issued by the Board after satisfaction of all requirements for a Level 1 license and:

(1) satisfaction of requirements under R277-522 for teachers whose employment as a Level 1 licensed educator began after January 1, 2003 in a Utah public LEA or accredited private school;

(2) at least three years of successful education experience in a Utah public LEA or accredited private school or one year of successful education experience in a Utah public LEA or accredited private school and at least three years of successful education experience in a public LEA or accredited private school outside of Utah;

(3) additional requirements established by law or rule.

H. "Level 3 license" means a Utah professional educator license issued to an educator who holds a current Utah Level 2 license and has also received National Board Certification or a doctorate in education or in a field related to a content area in a unit of the public education system or an accredited private school, or holds a Speech-Language Pathology area of concentration and has obtained American Speech-Language Hearing Association (ASHA) certification.

I. "A license area of concentration (license area)" is obtained by completing an approved preparation program or an alternative preparation program in a specific area of educational

studies such as Early Childhood (K-3), Elementary 1-8, Middle (5-9) (still valid, but not issued after 1988), Secondary (6-12), Administrative/Supervisory, CTE, School Counselor, School Psychologist, School Social Worker, Special Education (K-12), Preschool Special Education (Birth-Age 5), Communication Disorders. License areas of concentration may also bear endorsements relating to subjects or specific assignments.

J. "USOE" means the Utah State Office of Education.

R277-518-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution, Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-6-104 which permits the Board to issue licenses for educators, and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify standards for a CTE license area and endorsements. An appropriate CTE or secondary license area and appropriate endorsement(s) are required for all persons teaching CTE programs at the secondary and adult level where high school credit is earned. Specific to adult education, an appropriate CTE, elementary or secondary license area is required for all persons awarding adult education high school completion credits in multiple subjects consistent with R277-733-4L.

R277-518-3. CTE License Required.

A CTE or secondary license area with appropriate endorsements is required for all persons teaching CTE programs at the secondary and adult level where high school credit is earned.

R277-518-4. Career and Technical Education License Area Eligibility.

A. To be eligible to earn a CTE license area through the ARL Program, an applicant shall:

(1) have six years of documented, related occupational experience within the 10 years prior to the Program application in any of the following CTE license areas:

- (a) family and consumer sciences;
 - (b) health sciences;
 - (c) information technology;
 - (d) skilled and technical sciences; or
 - (e) work-based learning; and
- (2) have documentation:

(a) of an offer of a teaching assignment in a Utah public or accredited private school;

(b) that is directly related to the applicant's occupational experience; and

(c) of experience which is in an approved CTE license area.

B. Periods of employment lasting less than one month and periods of employment prior to 18 years of age are not accepted for purposes of calculating the occupational experience requirement.

C. An associate's degree in a related area may be counted for up to two years of occupational experience to satisfy the requirement in R277-518-4A(1).

D. An applicant for a CTE license area is not required to have a bachelor's degree.

E. State-approved testing:

The occupational experience requirement may be waived by the appropriate USOE Program Specialist or Coordinator if the applicant has passed a state-approved competency examination in the respective field at or above the USOE established cut-off scores. Individual applicant scores may be used for licensing purposes up to five years after completion of the respective examination(s).

F. In addition to meeting the requirements of R277-518-

4A(1), an ARL Program applicant for a CTE license area shall:

(1) meet all endorsement specific standards established by the USOE; and

(2) hold the applicable license issued by the Utah State Department of Commerce, Division of Occupational and Professional Licensing in any area where such licensure or certification exists.

G. An applicant for a CTE license area shall complete pedagogical coursework or satisfy pedagogical standards consistent with R277-503-4. An ARL Program applicant for a CTE license area shall provide evidence of mastery of the following areas of pedagogy:

- (1) instruction, technology, assessment, and planning;
- (2) creation of a learning environment;
- (3) basic special education/IDEA requirements;
- (4) teaching diverse populations; and
- (5) literacy strategies in content areas.

H. An applicant for a CTE license area shall provide documentation of participation in transition to teaching orientation and participation in the CTE New Teacher Academy.

I. An ARL Program applicant for a CTE license area with an adult education endorsement is restricted to employment in an accredited adult education program.

R277-518-5. Career and Technical Education Speciality License Area.

A. If an ARL Program applicant is teaching one CTE course and is employed for less than 0.37 FTE in relation to the respective school schedule, the ARL Program applicant may earn a CTE Specialist license area with one year of teaching experience and the recommendation of the employing LEA, in lieu of the CTE license area provided in R277-518-4, in the following endorsement areas:

- (1) Adult Education;
- (2) Exercise Science/Sports Medicine;
- (3) Pharmacy Technician;
- (4) Fire Science;
- (5) Law Enforcement;
- (6) Nurse Assistant; and
- (7) Additional areas as approved by USOE in which professionals are required to meet licensure requirements outside of educator licensure.

B. The ARL Program applicant shall:

- (1) have had regular employment in the CTE license area in which he is assigned to teach;
- (2) have had one year of public school teaching experience; and
- (3) have the recommendation of the employing LEA.

C. A CTE specialty license area ARL applicant is not required to pay the ARL professional growth plan fee. These applicants shall not receive ongoing monitoring or program completion support from the USOE ARL office beyond the request for licensure recommendation at the completion of one year of teaching.

D. A CTE specialty license area is only valid for employment in the areas listed in R277-518-5A as long as the holder is teaching one CTE course and is employed for less than 0.37 FTE.

E. An individual holding a CTE Specialist license area may be upgraded to a regular CTE license area or Secondary (6-12) license area upon payment of the additional license area recommendation fee, the completion of the requirements of R277-518-4F, and the recommendation of the employing LEA.

F. An individual with a CTE specialist Level 1 license area shall continue as a Level 1 license holder indefinitely despite the Level 1 limitations in R277-502-4A(6), but shall satisfy the requirements of Section 53A-3-410 and a subsequent review prior to classroom employment, consistent with LEA employment policies.

53A-1-401(3)

R277. Education, Administration.**R277-524. Paraprofessional/Paraeducator Programs, Assignments, and Qualifications.****R277-524-1. Definitions.**

A. "Board" means the Utah State Board of Education.

B. "Core academic subjects or areas" means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography under the Elementary and Secondary Education Act (ESEA), also known as the No Child Left Behind Act (NCLB).

C. "Direct supervision of a licensed teacher" means:

(1) the teacher prepares the lesson and plans the instruction support activities the paraprofessional carries out, and the teacher evaluates the achievement of the students with whom the paraprofessional works; and

(2) the paraprofessional works in close and frequent proximity with the teacher.

D. "Eligible school," for purposes of this rule and the Paraeducator Funding Program, means a Title I school that has not achieved adequate yearly progress, as defined by ESEA, in the same subject area for two consecutive years or is one of the state's lowest-performing Title I priority schools as defined by ESEA.

E. "No Child Left Behind (NCLB)" means the federal law under the Elementary and Secondary Education Act, Title IX, Part A, 20 U.S.C. 7801.

F. "Paraeducator funding" means supplemental state funding provided under Section 53A-17a-168 to Title I schools identified as in need of improvement under the Elementary and Secondary Education Act (ESEA), Title IX, Part A, 20 U.S.C. 7801 to hire additional paraeducators to assist students in achieving academic success.

G. "Paraprofessional" or "paraeducator" means an individual who works under the supervision of a teacher or other licensed/certificated professional who has identified responsibilities in the public school classroom.

R277-524-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution, Article X, Section 3 which vests general control and supervision of public education in the Board, Section 53A-1-401(3) which gives the Board authority to adopt rules in accordance with its responsibilities, Section 53A-1-402(1)(a)(i) which requires the Board to establish rules and minimum standards for the public schools regarding the qualification and certification of educators and ancillary personnel who provide direct student services, and NCLB, P.L. 107-110, Title 1, Sec. 1119 which requires that each local education agency receiving assistance under this part shall ensure that all paraprofessionals shall be appropriately qualified.

B. The purpose of this rule is to designate appropriate assignments of paraprofessionals and qualifications for paraprofessionals hired before and after January 6, 2002 consistent with NCLB requirements.

C. This rule establishes the formula for distribution of Paraeducator funding under Section 53A-17a-168 to eligible schools. The rule provides minimum standards for use of funds and reporting requirements.

R277-524-3. Appropriate Assignments or Duties for Paraprofessionals.

Paraprofessionals may:

A. provide individual or small group assistance or tutoring to students under the direct supervision of a licensed teacher during times when students would not otherwise be receiving instruction from a teacher.

B. assist with classroom organization and management, such as organizing instructional or other materials;

C. provide assistance in computer laboratories;

D. conduct parental involvement activities;

E. provide support in library or media centers;

F. act as translators;

G. provide supervision for students in non-instructional settings.

R277-524-4. Requirements for Paraprofessionals.

A. Paraprofessionals hired before January 6, 2002 who function under R277-504-3A, and working in programs supported by Title I funds shall satisfy one of the following prior to January 6, 2006:

(1) The individual has completed at least two years (minimum of 48 semester hours) at an accredited higher education institution; or

(2) The individual has obtained an associates (or higher) degree from an accredited higher education institution; or

(3) The individual has satisfied a rigorous state assessment, approved by the Board, that demonstrates:

(a) knowledge of, and the ability to assist in instructing, reading, writing, and mathematics; or

(b) knowledge of, and the ability to assist in instructing, reading readiness, writing readiness, and mathematics readiness, as appropriate; or

(4) The individual has satisfied a rigorous local assessment, approved by the local board, that demonstrates:

(a) knowledge of, and the ability to assist in instructing, reading, writing, and mathematics; or

(b) knowledge of, and the ability to assist in instructing, reading readiness, writing readiness, and mathematics readiness, as appropriate.

B. Paraprofessionals hired after January 6, 2002 in programs supported by Title I funds shall satisfy R277-524-4B(1)(2)(3) or (4).

(1) Individual shall have earned a secondary school diploma or a recognized equivalent; and

(2) The individual has completed at least two years (minimum of 48 semester hours) at an accredited higher education institution; or

(3) The individual has obtained an associates (or higher) degree from an accredited higher education institution; or

(4) The individual has satisfied a rigorous state or local assessment about the individual's knowledge of an ability to assist students in core courses under NCLB.

C. The individual shall satisfactorily complete a criminal background check if he will have significant unsupervised access to students consistent with Section 53A-3-410.

R277-524-5. Variances.

The provisions of this rule do not apply to:

A. paraprofessionals who are proficient in English and a language other than English who provide translator services; or

B. paraprofessionals who have only parental involvement or similar responsibilities.

R277-524-6. Use of Funds.

Local education agencies may use Title I funds in addition to other funds available and identified by the local education agency to support ongoing training and professional development for paraprofessionals.

R277-524-7. Board Responsibilities.

A. The Board shall annually distribute funds provided under Section 53A-17a-168 to eligible Title I schools. The funds shall be divided equally among eligible schools.

B. The Board shall submit an annual report to the Public Education Appropriations Subcommittee on the implementation of this program.

R277-524-8. Responsibilities of Eligible Schools Receiving

Paraeducator Funding.

A. Paraeducators hired with these funds shall meet the qualifications under R277-524-4.

B. Paraeducators hired with these funds shall provide additional aid in the classroom to assist students in achieving academic success as defined in R277-524-3A.

C. Schools that accept the Paraeducator Funding shall demonstrate, as required by USOE reporting, that funds are used to supplement other state and federal funds to provide paraeducator services.

D. Schools accepting these funds shall provide an annual report as directed by the USOE that includes the following:

(1) the number of paraeducators hired with program money;

(2) school funding, in addition to funds provided under this rule, the school used to supplement program money to hire paraeducators; and

(3) accountability measures, including student test scores and other student assessment elements for students served by the program.

- C. "National Council for Accreditation of Teacher Education (NCATE)" is a nationally recognized organization which accredits the education units providing baccalaureate and graduate degree programs for the preparation of teachers and other professional personnel for elementary and secondary schools.
- D. "PEJEP awards" means awards granted to eligible PEJEP participants that satisfy the purposes of the original PEJEP funding and USOE documentation requirements.
- E. "Public Education Job Enhancement Program (PEJEP)" means a program authorized under Section 53A-1a-601(2).
- F. "Teacher Education Accreditation Council (TEAC)" is a nationally recognized organization which provides accreditation of professional teacher education programs in institutions offering baccalaureate and graduate degrees for the preparation of K-12 teachers.
- G. "USOE" means the Utah State Office of Education.

R277-528-2. Authority and Purpose.

- A. The rule is authorized by Article X, Section 3 of the Utah Constitution, which places general control and supervision of the public schools under the Board; Section 53A-1a-601(3)(c)(2) which requires the Board to make a rule that provides for repayment of a portion of the initial payment by the teacher if the teacher fails to complete the Program with exceptions; Section 53A-1a-601(5)(b) which directs the Board to develop criteria for PEJEP awards; and Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.
- B. The purpose of this rule is to provide standards and procedures for ongoing participation in PEJEP.

R277-528-3. PEJEP Participants.

- A. PEJEP participants shall commit to required courses for advanced degrees and endorsements consistent with Section 53A-1a-601(2).
- B. Qualified Utah institutions of higher education shall be reimbursed for the tuition for eligible PEJEP participants.
- C. PEJEP participants shall receive textbook reimbursements directly.
- D. PEJEP participants shall provide documentation annually, by October 1, to the USOE, demonstrating full-time employment as educators during the previous school year.
- E. If a PEJEP participant changes employers, leaves public education, or moves from the state, he shall notify the USOE immediately. The USOE may require repayment or partial repayment, consistent with Section 53A-1a-601(3)(c)(ii).
- F. PEJEP participants shall notify the USOE of the participants' satisfaction of their teaching commitment at the conclusion of their Program.

R277-528-4. University Program Eligibility.

- A. A Utah higher education institution (university) program that provides licensure and endorsements in areas outlined in Section 53A-1a-601(2) shall be eligible to receive tuition reimbursement for eligible PEJEP participants.
- B. University endorsement or education programs that desire to enroll PEJEP participants shall meet the following minimum requirements:

- (1) provide documentation to the USOE of university program accreditation by NCATE/TEAC/CAEP;
 - (2) provide to the USOE an overview of the university endorsement program including:
 - (a) program requirements and eligibility standards for participants;
 - (b) a screening process for prospective participants;
 - (c) course syllabi; and
 - (d) a yearly evaluation of the program.
- C. The USOE may determine the eligibility of university programs on an annual basis.
- D. The USOE shall reimburse tuition directly to university programs for PEJEP participants.

R277-528-5. Evaluation.

- A. The USOE shall maintain records of PEJEP award participants.
- B. The USOE shall prepare an annual report for the Board that demonstrates use of PEJEP funding consistent with the intent of original PEJEP legislation.

R277. Education, Administration.**R277-724. Criteria for Sponsors Recruiting Day Care Facilities in the Child and Adult Care Food Program.****R277-724-1. Definitions.**

A. "Child and Adult Care Food Program (CACFP)" means the section of the USOE that administers the initiation, maintenance, and expansion of non-profit food service programs for children in non-residential centers and homes which provide child care. The definition also includes the administration of food service programs for non-residential adult day care.

B. "Board" means the Utah State Board of Education.

C. "Child care center" means any public or private nonprofit organization, or any proprietary title XX center, licensed or approved to provide nonresidential child care services to enrolled children, primarily of preschool age. Child care centers may participate in the CACFP as independent centers or under the auspices of a sponsoring organization.

D. "Day care home" means an organized nonresidential child care program for children enrolled in a private home, licensed or approved as a family or group day care home and under the auspices of a sponsoring organization.

E. "Facilities" means a sponsored center or a family day care home.

F. "Institution" means an organization with whom the USOE has an agreement to accept final administrative and financial responsibility for CACFP operation.

G. "Recruited facilities" means potential daycare centers or homes that a prospective sponsor seeks to enroll in CACFP participation.

H. "Service area" means the geographic area from which a sponsoring organization draws its client facilities.

I. "Sponsoring organization" means a public or nonprofit private organization which is entirely responsible for the administration of the food program in:

- (1) one or more day care homes;
- (2) a child care center, outside-school-hours care center, or adult day care center which is a legally distinct entity from the sponsoring organization;
- (3) two or more child care centers, outside-school-hours care centers, or adult day care centers are part of the organization; or
- (4) any combination of child care centers, adult day care centers, day care homes, and outside-school-hours care centers.

J. "State agency" means the state educational agency or any other State agency that has been designated by the Governor or other appropriate executive or by the legislative authority of the state, and has been approved by the Department to administer the Program within the state.

K. "USOE" means the Utah State Office of Education.

R277-724-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and supervision of public education in the Board, by Section 53A-1-402(3) which authorizes the Board to administer and distribute funds made available through programs of the federal government and by Section 53A-1-401(3) which allows the Board to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to establish eligibility criteria for new sponsors to recruit participants for child care centers and day care homes in unserved areas.

R277-724-3. Criteria for Recruiting Facilities.

The following criteria shall be met before a sponsor is approved:

A. The recruited facilities are not currently participating or were recently terminated for convenience by another sponsoring organization due to being outside the sponsoring organization's service area; and

B. The recruited facilities have not been terminated for cause, have no unresolved serious deficiency pending with another sponsoring organization and do not owe a refund to another sponsoring organization; and

C. The state agency certifies other sponsoring organizations are unable to accommodate the targeted facilities or the area(s) where it/they are located because:

- (1) other sponsoring organizations generate insufficient resources to properly train and monitor facilities; or
- (2) supervising additional facilities would threaten currently participating sponsoring organization's viability, capability or accountability.

R277-724-4. New and Renewing Institution Performance Standards.

A. The new or renewing institution shall ensure:

(1) it is financially viable and program funds are spent and accounted for consistent with the requirements of federal law and regulations;

(2) that management practices are in effect to ensure that the institution and participating facilities operate in accordance with federal law and regulations; and

(3) it has internal controls and other management systems in effect to ensure fiscal accountability and to ensure that the CACFP operates in accordance with federal law and regulations.

B. The USOE Child Nutrition Program Section shall regulate and ensure that these performance criteria are met consistent with federal law and regulations.

R277. Education, Administration.**R277-735. Corrections Education Programs.****R277-735-1. Definitions.**

- A. "Board" means the Utah State Board of Education.
- B. "Inmate" means an offender who is incarcerated in state or county correctional facilities. Inmates may be housed in various locations throughout the state of Utah.
- C. "Custody" means the status of being legally in the control of another adult person or a public agency.
- D. "English for Speakers of Other Languages (ESOL)" is an instructional program provided for non-native language speakers.
- E. "Teaching of English to Speakers of Other Languages (TESOL)" means a credential for teachers of ESOL.
- F. "USOE" means the Utah State Office of Education.
- G. "UTopia" means Utah Online Performance Indicators for Adult Education statewide database.

R277-735-2. Authority and Purpose.

A. This rule is authorized by Utah Constitution Article X, Section 3 which vests general control and authority over public education in the Board, by Section 53A-1-403.5 which makes the Board directly responsible for the education of inmates in custody and Section 53A-1-401(3) which allows the Board and Board of Regents to adopt rules in accordance with its responsibilities.

B. The purpose of this rule is to specify operation standards and procedures for inmates in corrections education programs that are the responsibility of the public school system.

C. Corrections education programs shall be consistent with R277-733, Adult Education Programs.

R277-735-3. Procedures for Providing Services.

A(1) The Board may contract with local school boards, state post-secondary educational institutions, other state agencies, or private providers of the local boards' choosing to provide educational services for inmates.

(2) The respective responsibilities of the Board, local school boards, and other service providers for education shall be established by letters of agreement or contracts.

(3) A district may sub-contract with local educational service providers for the provision of educational services to students.

(4) Educational services shall be provided in the appropriate environment for the student's behavior and educational performance.

(5) Educational programs to which inmates are assigned shall meet the standards adopted by the Board for that type of program.

(6) Educational programs shall be monitored by the USOE in periodic review visits.

(7) Educational services shall be sufficiently coordinated with non-custody programs to enable inmates in custody to continue their public school education with minimal disruption following discharge from custody.

(8) Custodial status alone does not qualify an individual for services under the Individuals with Disabilities Act (IDEA), 20 U.S.C. Sec. 1400 et seq., amended in 2004.

B. When a student inmate is transferred to a new program, the sending program shall update and finalize all school records in UTopia releasing the student's records as soon as possible after receiving notice of the transfer.

C. When a student inmate is released from custody, educational records shall only be available consistent with the Family Education Rights and Privacy Act (FERPA), 20 U.S.C. Section 1232g; 34 CFR Part 99.

D. Funding

(1) Inmates receiving educational services by or through a school district become students of that school district for

funding purposes.

(2) State funds appropriated to the USOE for corrections education shall be allocated to districts on the basis of annual applications.

(3) The funds distributed to a district shall be based upon criteria which include:

- (a) the number of inmates in custody served in the district;
- (b) the type of services provided to the inmates;
- (c) the setting for providing services; and
- (d) the length of the program.

E. Funds approved for corrections education projects can be expended only for the purposes described in the respective funding application.

F. Unexpended funds may only be carried over from one fiscal year to the next with specific approval of the Board or its designee.

G. The Board, or its designee, shall adopt uniform pupil and fiscal accounting procedures, forms, and deadlines for correctional education programs.

H. Program Staff

(1) Education staff assigned to provide education services shall be qualified and appropriate for their assignments.

(2) The teaching certificate and endorsement held by a staff member or a person assigned to teach in a prison or jail shall be important in evaluating the appropriateness of the teacher's assignment, but not controlling. For example, elementary teachers may teach secondary age students who are academically performing at an elementary level in certain subjects. Persons teaching an adult education high school completion course shall hold a valid Utah elementary or secondary education license and may issue adult education high school completion credits in multiple subjects. Non-licensed individuals providing instruction in ESOL, Adult Basic Education (ABE) or Adult High School Completion (AHSC) classes shall instruct under the supervision of a licensed program employee.

(3) Persons with a post-secondary degree in adult education but are not in possession of a Utah teaching certificate may be considered for employment solely in an adult education program teaching adult students following the completion of a student teaching field experience in an accredited adult education program.

(4) Persons with TESOL or ESOL credentials may be considered for employment solely in a adult education program teaching adult students following the completion of a student teaching experience in an accredited adult education program.

R277-735-4. Program, Curriculum, Outcomes and Student Mastery.

A. Adult education shall provide a program that allows students to transition between sites in a seamless manner.

B. Adult education students receiving education services in a state prison or jail education program may graduate with a school district adult education secondary diploma upon completion of the state required 24.0 units of credit required under R277-700 and satisfied through completed credits or demonstrated course competency consistent with students' SEOP career focus.

C. Graduation requirements may be changed or modified, or both, for adult students with documented disabilities through Individual Education Plans (IEPs) consistent with IDEA.

D. Modified graduation requirements for individual students shall:

- (1) be consistent with the student's IEP or SEOP, or both;
- (2) be maintained in the student's files;
- (3) maintain the integrity and rigor expected for AHSC graduation.

R277-735-5. Confidentiality.

A. Transcripts and diplomas prepared for inmates in custody shall be issued in the name of the contracted educational agency which also provides service to non-custodial offenders and shall not bear reference to custodial status.

B. School records which refer to custodial status, inmate court records, and related matters shall be kept separate from permanent school records and shall be destroyed or may be sealed upon order of a court of competent jurisdiction.

C. Access to Student Records

(1) Staff who design and oversee individual student plans shall have access to all appropriate records relevant to the student's education.

(2) Information obtained from records remains the property of the supplying agency and shall not be transferred or shared with other persons or agencies without the permission of the supplying agency, consistent with Section 63G-2-206.

(3) Access to and provision of student records or transcripts shall be consistent with state and federal law.

R280. Education, Rehabilitation.**R280-202. USOR Procedures for Individuals with the Most Severe Disabilities.****R280-202-1. Definitions.**

A. "Individual with a disability" (hereinafter individual) means a person who has a disability which limits one or more of his major life activities and who meets the essential eligibility requirement for the receipt of services or the participation in programs or activities provided by the USOR or the State Board of Education.

B. "Executive Director" means the Executive Director of the Utah State Office of Rehabilitation.

C. "Major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

D. "USOR" means the Utah State Office of Rehabilitation.

E. "Board" means the Utah State Board of Education.

F. "Supplemental Security Income (SSI)" means payments to adults and children who are determined to be severely disabled or blind and whose assets and income are below the limits set by the Social Security Administration.

G. "Social Security Disability Insurance (SSDI)" means payments to disabled workers under 65 and their families, or people who become disabled before age 22, or disabled widows or widowers 50 or over who are found to be eligible under Social Security Administration criteria.

R280-202-2. Authority and Purpose.

A. This rule is authorized pursuant to PL 102-569, Title VI-C, October, 1992, which directs state agencies to define for themselves individuals with the most severe disabilities and Section 53A-24-103 which directs that the USOR shall be under the policy direction of the Board.

B. The purpose of this rule is to define "persons with the most severe disabilities" for purposes of providing services and determining order of selection for services according to federal and state law.

R280-202-3. Eligibility Criteria.

In order to be classified as an individual with the most severe disabilities an individual shall meet one of the criteria under Subsection A below or the criteria under Subsection B below:

A. The USOR shall make the determination using the following documentation:

(1) Eligible for services from Division of Services for People with Disabilities, (DSPD); or

(2) Determined severely and persistently mentally ill (SPMI) by the State Division of Mental Health or any one of the private, non-profit mental health programs certified by the State Division of Mental Health; or

(3) Found to be permanently and totally disabled by the State Labor Commission; and

(4) Individuals who are allowed SSI/SSDI blind or disabled may or may not be considered most severe. To be considered most severe there must be two or more functional limitations; and

(5) The individual will require multiple VR services over an extended period of time.

B. If an appropriate determination has not been made by another agency, the individual must exhibit functional deficits in two or more of the following areas to be considered an individual with the most severe disabilities. Examples under the seven categories include:

(1) Mobility

(a) Requires assistive devices (cane, crutches, prosthesis, walker, wheelchair) to be mobile.

(b) Is unable to climb one flight of stairs without pause.

(c) Is unable to walk 100 meters without pause.

(d) Cannot leave a building independently in less than three minutes.

(e) Other mobility deficits as defined or approved by the USOR.

(2) Communication

(a) Expressive and receptive primary mode of communication is unintelligible to non-family members.

(b) Does not demonstrate understanding of simple requests or is unable to understand one-to-two step instructions.

(c) Other communication deficits as defined or approved by the USOR.

(3) Self-care: Is unable to perform normal activities of daily living without assistance.

(4) Self direction: Is unable to provide informed consent for life issues without the assistance of a court-appointed legal representative or guardian; or has been declared legally incompetent.

(5) Learning ability and inter-personal deficits

(a) Valid psychological assessment of conceptual intelligence reflects performance approximately two standard deviations or more below the mean observed in a population of persons of a comparable background; commonly defined as an IQ of 70 or below on a standardized measure of intelligence.

(b) Disfigurement or deformity so pronounced as to cause social rejection.

(c) Demonstrated behavior such that the individual is a danger to self and others without supervision.

(d) Other learning or interpersonal deficits as defined or approved by the USOR.

(6) Capacity for Independence

(a) Unable to perform tasks such as locate and use telephone.

(b) Unable to access public transportation without assistance.

(c) Unable to understand money or change making.

(d) Unable to tell time.

(e) Other deficits in independence as defined or approved by the USOR.

(7) Work skills and work tolerance

(a) Unable to perform sustained work for more than four hours per day.

(b) Unable to perform work outside sheltered environment.

(c) Unable to perform work in an integrated setting without support;

(d) Other work related deficits as defined or approved by the USOR; and

(e) The individual will require multiple vocational rehabilitation services over an extended period of time.

C. When the determination of individuals with the most severe disabilities is made under Subsection B above, the counselor must document the functional deficits.

(51) 40 CFR Part 63, Subpart TTT, National Emission Standards for Hazardous Air Pollutants for Primary Lead Smelting.

(52) 40 CFR Part 63, Subpart UUU, National Emission Standards for Hazardous Air Pollutants for Petroleum Refineries: Catalytic Cracking Units, Catalytic Reforming Units, and Sulfur Recovery Units.

(53) 40 CFR Part 63, Subpart VVV, National Emission Standards for Hazardous Air Pollutants: Publicly Owned Treatment Works.

(54) 40 CFR Part 63, Subpart AAAA, National Emission Standards for Hazardous Air Pollutants for Municipal Solid Waste Landfills.

(55) 40 CFR Part 63, Subpart CCCC, National Emission Standards for Manufacturing of Nutritional Yeast.

(56) 40 CFR Part 63, Subpart DDDD, National Emission Standards for Hazardous Air Pollutants for Plywood and Composite Wood Products.

(57) 40 CFR Part 63, Subpart EEEE, National Emission Standards for Hazardous Air Pollutants for Organic Liquids Distribution (non-gasoline).

(58) 40 CFR Part 63, Subpart FFFF, National Emission Standards for Hazardous Air Pollutants for Miscellaneous Organic Chemical Manufacturing.

(59) 40 CFR Part 63, Subpart GGGG, National Emission Standards for Vegetable Oil Production; Solvent Extraction.

(60) 40 CFR Part 63, Subpart HHHH, National Emission Standards for Wet-Formed Fiberglass Mat Production.

(61) 40 CFR Part 63, Subpart IIII, National Emission Standards for Hazardous Air Pollutants for Surface Coating of Automobiles and Light-Duty Trucks.

(62) 40 CFR Part 63, Subpart JJJJ, National Emission Standards for Hazardous Air Pollutants for Paper and Other Web Surface Coating Operations.

(63) 40 CFR Part 63, Subpart KKKK, National Emission Standards for Hazardous Air Pollutants for Surface Coating of Metal Cans.

(64) 40 CFR Part 63, Subpart MMMM, National Emission Standards for Hazardous Air Pollutants for Surface Coating of Miscellaneous Metal Parts and Products.

(65) 40 CFR Part 63, Subpart NNNN, National Emission Standards for Large Appliances Surface Coating Operations.

(66) 40 CFR Part 63, Subpart OOOO, National Emission Standards for Hazardous Air Pollutants for Fabric Printing, Coating and Dyeing Surface Coating Operations.

(67) 40 CFR Part 63, Subpart PPPP, National Emissions Standards for Hazardous Air Pollutants for Surface Coating of

Plastic Parts and Products.

(68) 40 CFR Part 63, Subpart QQQQ, National Emission Standards for Hazardous Air Pollutants for Surface Coating of Wood Building Products.

(69) 40 CFR Part 63, Subpart RRRR, National Emission Standards for Hazardous Air Pollutants for Metal Furniture Surface Coating Operations.

(70) 40 CFR Part 63, Subpart SSSS, National Emission Standards for Metal Coil Surface Coating Operations.

(71) 40 CFR Part 63, Subpart TTTT, National Emission Standards for Leather Tanning and Finishing Operations.

(72) 40 CFR Part 63, Subpart UUUU, National Emission Standards for Cellulose Product Manufacturing.

(73) 40 CFR Part 63, Subpart VVVV, National Emission Standards for Boat Manufacturing.

(74) 40 CFR Part 63, Subpart WWWW, National Emissions Standards for Hazardous Air Pollutants for Reinforced Plastic Composites Production.

(75) 40 CFR Part 63, Subpart XXXX, National Emission Standards for Tire Manufacturing.

(76) 40 CFR Part 63, Subpart YYYY, National Emission Standards for Hazardous Air Pollutants for Stationary Combustion Turbines.

(77) 40 CFR Part 63, Subpart ZZZZ, National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

(78) 40 CFR Part 63, Subpart AAAAA, National Emission Standards for Hazardous Air Pollutants for Lime Manufacturing Plants.

(79) 40 CFR Part 63, Subpart BBBBB, National Emission Standards for Hazardous Air Pollutants for Semiconductor Manufacturing.

(80) 40 CFR Part 63, Subpart CCCCC, National Emission Standards for Hazardous Air Pollutants for Coke Ovens: Pushing, Quenching, and Battery Stacks.

(81) 40 CFR Part 63, Subpart DDDDD, National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers and Process Heaters.

(82) 40 CFR Part 63, Subpart EEEEE, National Emission Standards for Hazardous Air Pollutants for Iron and Steel Foundries.

(83) 40 CFR Part 63, Subpart FFFFF, National Emission Standards for Hazardous Air Pollutants for Integrated Iron and Steel Manufacturing.

(84) 40 CFR Part 63, Subpart GGGGG, National Emission Standards for Hazardous Air Pollutants for Site Remediation.

(85) 40 CFR Part 63, Subpart HHHHH, National Emission Standards for Hazardous Air Pollutants for Miscellaneous Coating Manufacturing.

(86) 40 CFR Part 63, Subpart IIIII, National Emission Standards for Hazardous Air Pollutants for Mercury Emissions from Mercury Cell Chlor-Alkali Plants.

(87) 40 CFR Part 63, Subpart JJJJJ, National Emission Standards for Hazardous Air Pollutants for Brick and Structural Clay Products Manufacturing.

(88) 40 CFR Part 63, Subpart KKKKK, National Emission Standards for Hazardous Air Pollutants for Clay Ceramics Manufacturing.

(89) 40 CFR Part 63, Subpart LLLLL, National Emission Standards for Hazardous Air Pollutants for Asphalt Processing and Asphalt Roofing Manufacturing.

(90) 40 CFR Part 63, Subpart MMMMM, National Emission Standards for Hazardous Air Pollutants for Flexible Polyurethane Foam Fabrication Operations.

(91) 40 CFR Part 63, Subpart NNNNN, National Emission Standards for Hazardous Air Pollutants for Hydrochloric Acid Production.

(92) 40 CFR Part 63, Subpart PTTTT, National Emission Standards for Hazardous Air Pollutants for Engine Test

Cells/Stands.

(93) 40 CFR Part 63, Subpart QQQQQ, National Emission Standards for Hazardous Air Pollutants for Friction Materials Manufacturing Facilities.

(94) 40 CFR Part 63, Subpart RRRRR, National Emission Standards for Hazardous Air Pollutants for Taconite Iron Ore Processing.

(95) 40 CFR Part 63, Subpart SSSSS, National Emission Standards for Hazardous Air Pollutants for Refractory Products Manufacturing.

(96) 40 CFR Part 63, Subpart TTTTT, National Emission Standards for Hazardous Air Pollutants for Primary Magnesium Refining.

(97) 40 CFR Part 63, Subpart WWWWW, National Emission Standards for Hospital Ethylene Oxide Sterilizers.

(98) 40 CFR Part 63, Subpart YYYYY, National Emission Standards for Hazardous Air Pollutants for Area Sources: Electric Arc Furnace Steelmaking Facilities.

(99) 40 CFR Part 63, Subpart ZZZZZ, National Emission Standards for Hazardous Air Pollutants for Iron and Steel Foundries Area Sources.

(100) 40 CFR Part 63 Subpart BBBBBB National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities

(101) 40 CFR Part 63 Subpart CCCCC National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Dispensing Facilities.

(102) 40 CFR Part 63, Subpart DDDDDD, National Emission Standards for Hazardous Air Pollutants for Polyvinyl Chloride and Copolymers Production Area Sources.

(103) 40 CFR Part 63, Subpart EEEEE, National Emission Standards for Hazardous Air Pollutants for Primary Copper Smelting Area Sources.

(104) 40 CFR Part 63, Subpart FFFFF, National Emission Standards for Hazardous Air Pollutants for Secondary Copper Smelting Area Sources.

(105) 40 CFR Part 63, Subpart GGGGG, National Emission Standards for Hazardous Air Pollutants for Primary Nonferrous Metals Area Sources--Zinc, Cadmium, and Beryllium.

(106) 40 CFR Part 63, Subpart JJJJJ, National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources.

(107) 40 CFR Part 63, Subpart LLLLLL, National Emission Standards for Hazardous Air Pollutants for Acrylic and Modacrylic Fibers Production Area Sources.

(108) 40 CFR Part 63, Subpart MMMMM, National Emission Standards for Hazardous Air Pollutants for Carbon Black Production Area Sources.

(109) 40 CFR Part 63, Subpart NNNNN, National Emission Standards for Hazardous Air Pollutants for Chemical Manufacturing Area Sources: Chromium Compounds.

(110) 40 CFR Part 63, Subpart OOOOO, National Emission Standards for Hazardous Air Pollutants for Flexible Polyurethane Foam Production and Fabrication Area Sources.

(111) 40 CFR Part 63, Subpart PPPPP, National Emission Standards for Hazardous Air Pollutants for Lead Acid Battery Manufacturing Area Sources.

(112) 40 CFR Part 63, Subpart QQQQQ, National Emission Standards for Hazardous Air Pollutants for Wood Preserving Area Sources.

(113) 40 CFR Part 63, Subpart RRRRR, National Emission Standards for Hazardous Air Pollutants for Clay Ceramics Manufacturing Area Sources.

(114) 40 CFR Part 63, Subpart SSSSS, National Emission Standards for Hazardous Air Pollutants for Glass Manufacturing Area Sources.

(115) 40 CFR Part 63, Subpart VVVVV, National

Emission Standards for Hazardous Air Pollutants for Chemical Manufacturing Area Sources.

(116) 40 CFR Part 63, Subpart TTTTTT, National Emission Standards for Hazardous Air Pollutants for Secondary Nonferrous Metals Processing Area Sources.

(117) 40 CFR Part 63, Subpart WWWWWW, National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations.

(118) 40 CFR Part 63, Subpart XXXXXX, National Emission Standards for Hazardous Air Pollutants Area Source Standards for Nine Metal Fabrication and Finishing Source Categories.

(119) 40 CFR Part 63, Subpart YYYYYY, National Emission Standards for Hazardous Air Pollutants for Area Sources: Ferroalloys Production Facilities.

(120) 40 CFR Part 63, Subpart ZZZZZZ, National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Aluminum, Copper, and Other Nonferrous Foundries.

(121) 40 CFR Part 63, Subpart AAAAAA, National Emission Standards for Hazardous Air Pollutants for Area Sources: Asphalt Processing and Asphalt Roofing Manufacturing.

(122) 40 CFR Part 63, Subpart BBBBBB, National Emission Standards for Hazardous Air Pollutants for Area Sources: Chemical Preparations Industry.

(123) 40 CFR Part 63, Subpart CCCCCC, National Emission Standards for Hazardous Air Pollutants for Area Sources: Paints and Allied Products Manufacturing.

(124) 40 CFR Part 63, Subpart DDDDDD, National Emission Standards for Hazardous Air Pollutants for Area Sources: Prepared Feeds Manufacturing.

(125) 40 CFR Part 63, Subpart EEEEE, National Emission Standards for Hazardous Air Pollutants: Gold Mine Ore Processing and Production Area Source Category.

R307-214-3. Oil and Gas Sector: National Emission Standards for Hazardous Air Pollutants.

Revisions to the "Oil and Gas Sector: National Emission Standards for Hazardous Air Pollutants" in 40 CFR 63.14, 40 CFR Part 63 Subpart HH, and 40 CFR Part 63 Subpart HHH promulgated by the Environmental Protection Agency on August 16, 2012 in 77 FR 49490 are hereby incorporated by reference.

KEY: air pollution, hazardous air pollutant, MACT, NESHAP

19-2-104(1)(a)

Notice of Continuation November 8, 2012

R307. Environmental Quality, Air Quality.
R307-302. Solid Fuel Burning Devices in Box Elder, Cache, Davis, Salt Lake, Tooele, Utah, and Weber Counties.

R307-302-1. Purpose and Definitions.

(1) R307-302 establishes emission standards for fireplaces and solid fuel burning devices used in residential and associated outbuildings.

(2) The following additional definitions apply to R307-302:

"Sole source of heat" means the solid fuel burning device is the only available source of heat for the entire residence, except for small portable heaters.

"Solid fuel burning device" means any device used for burning wood, coal, or any other nongaseous and non-liquid fuel, both indoors and outdoors, but excluding outdoor wood boilers, which are regulated under R307-208.

R307-302-2. Applicability.

(1) R307-302-3 and R307-302-6 shall apply in PM10 and PM2.5 nonattainment and maintenance areas as defined in 40 CFR 81.345 (July 1, 2011) and geographically described as all regions of Salt Lake and Davis counties; all portions of the Cache Valley; all regions in Weber and Utah counties west of the Wasatch mountain range; in Box Elder County, from the Wasatch mountain range west to the Promontory mountain range and south of Portage; and in Tooele County, from the northernmost part of the Oquirrh mountain range to the northern most part of the Stansbury mountain range and north of Route 199.

(2) R307-302-4 shall apply only within the city limits of Provo in Utah County.

(3) R307-302-5 shall apply in all portions of Box Elder, Cache, Davis, Salt Lake, Tooele, Utah and Weber counties.

R307-302-3. No-Burn Periods for Fine Particulate.

(1) By June 1, 2013, sole sources of residential heating using solid fuel burning devices must be registered with the director in order to be exempt during mandatory no-burn periods.

(2) When the ambient concentration of PM10 measured by the monitors in Salt Lake, Davis, Weber, or Utah counties reaches the level of 120 micrograms per cubic meter and the forecasted weather for the specific area includes a temperature inversion which is predicted to continue for at least 24 hours, the director will issue a public announcement and will distribute such announcement to the local media notifying the public that a mandatory no-burn period for solid fuel burning devices and fireplaces is in effect. The mandatory no-burn periods will only apply to those areas or counties impacting the real-time monitoring site registering the 120 micrograms per cubic meter concentration. Residents of the affected areas shall not use solid fuel burning devices or fireplaces except those that are the sole source of heat for the entire residence and registered with the director.

(3) PM10 Contingency Plan. If the PM10 Contingency Plan described in Section IX, Part A, of the State Implementation Plan has been implemented, the trigger level for no-burn periods as specified in R307-302-3(2) will be 110 micrograms per cubic meter for that area where the PM10 Contingency Plan has been implemented.

(4) When the ambient concentration of PM2.5 measured by monitors in Box Elder, Cache, Davis, Salt Lake, Tooele, Utah or Weber counties are forecasted to reach or exceed 25 micrograms per cubic meter, the director will issue a public announcement to provide broad notification that a mandatory no-burn period for solid fuel burning devices and fireplaces is in effect. The mandatory no-burn periods will only apply to those counties identified by the director. Residents within the geographical boundaries described in R307-302-2(1) shall not

use solid fuel burning devices or fireplaces except those that are the sole source of heat for the entire residence and registered with the director.

(5) PM2.5 Contingency Plan. If the PM2.5 contingency plan of the State Implementation Plan has been implemented, the trigger level for no-burn periods as specified in R307-302-3(4) shall be 15 micrograms per cubic meter for the area where the PM2.5 contingency plan has been implemented.

R307-302-4. No-Burn Periods for Carbon Monoxide.

(1) Beginning on November 1 and through March 1, the director will issue a public announcement and will distribute such announcement to the local media notifying the public that a mandatory no-burn period for solid fuel burning devices and fireplaces is in effect when the running eight-hour average carbon monoxide concentration as monitored by the state at 4:00 PM reaches a value of 6.0 ppm or more.

(2) In addition to the conditions contained in R307-302-4(1), the director may use meteorological conditions to initiate a no-burn period. These conditions are:

(a) A national weather service forecasted clearing index value of 250 or less;

(b) Forecasted wind speeds of three miles per hour or less;

(c) Passage of a vigorous cold front through the Wasatch Front; or

(d) Arrival of a strong high pressure system into the area.

(3) During the no-burn periods specified in R307-302-4(1) and (2), residents of Provo City shall not use solid fuel burning devices or fireplaces except those that are the sole source of heat for the entire residence and are registered with the director or the local health district office.

R307-302-5. Opacity for Residential Heating.

Except during no-burn periods as required by R307-302-3 and 4, visible emissions from solid fuel burning devices and fireplaces shall be limited to a shade or density no darker than 20% opacity as measured by EPA Method 9, except for the following:

(1) An initial fifteen minute start-up period, and

(2) A period of fifteen minutes in any three-hour period in which emissions may exceed the 20% opacity limitation for refueling.

R307-302-6. Prohibition.

(1) Beginning September 1, 2013, no person shall sell, offer for sale, supply, install, or transfer a wood burning stove that is not EPA Phase 2 certified or a fireplace that is not EPA qualified.

(2) Ownership of a non EPA Phase 2 certified stove within a residential dwelling installed prior to the rule effective date may be transferred as part of a real estate transaction, so long as the unit remains intact within the real property of sale.

KEY: air pollution, fireplaces, stoves, residential solid fuel burning

19-2-101

19-2-104

R307. Environmental Quality, Air Quality.**R307-840. Lead-Based Paint Program Purpose, Applicability, and Definitions.****R307-840-1. Purpose and Applicability.**

(1) Rule R307-840, R307-841, and R307-842 establish procedures and requirements for the accreditation of training programs for lead-based paint activities and renovations, procedures and requirements for the certification of individuals and firms engaged in lead-based paint activities and renovations, and work practice standards for performing such activities. These rules also require that, except as outlined in R307-840-1(2), all lead-based paint activities and renovations, as defined in these rules, must be performed by certified individuals and firms.

(2) R307-840, R307-841, and R307-842 apply to all individuals and firms who are engaged in lead-based paint activities and renovations as defined in R307-840-2, except persons who perform these activities within residential dwellings that they own, unless the residential dwelling is occupied by a person or persons other than the owner or the owner's immediate family while these activities are being performed, or a child residing in the building has been identified as having an elevated blood lead level.

(3) R307-840, R307-841, and R307-842 identify lead-based paint hazards. The standards for lead-based paint hazards apply to target housing and child-occupied facilities.

(4) R307-840, R307-841, and R307-842 do not require the owner of the property or properties subject to these rules to evaluate the property or properties for the presence of lead-based paint hazards or take any action to control these conditions if one or more of them is identified.

(5) While R307-840, R307-841, and R307-842 establish specific requirements for performing lead-based paint activities and renovations should they be undertaken, these rules do not require that the owner or occupant undertake any particular lead-based paint activity or renovation.

(6) Individuals or firms wishing to deviate from the certification, notification, work practice, or other requirements of R307-840, R307-841, and/or R307-842 may do so only after requesting and obtaining written approval from the director.

R307-840-2. Definitions.

The following definitions apply to R307-840, R307-841, and R307-842, in addition to the definitions found in R307-101-2.

"Abatement" means any measure or set of measures designed to permanently eliminate lead-based paint hazards. Abatement includes, but is not limited to:

(1) The removal of paint and dust, the permanent enclosure or encapsulation of lead-based paint, the replacement of painted surfaces or fixtures, or the removal or permanent covering of soil, when lead-based paint hazards are present in such paint, dust, or soil; and

(2) All preparation, cleanup, disposal, and post-abatement clearance testing activities associated with such measures.

(3) Specifically, abatement includes, but is not limited to:

(a) Projects for which there is a written contract or other documentation, which provides that an individual or firm will be conducting activities in or to a residential dwelling or child-occupied facility that:

(i) Shall result in the permanent elimination of lead-based paint hazards; or

(ii) Are designed to permanently eliminate lead-based paint hazards and are described in paragraphs (1) and (2) of this definition.

(b) Projects resulting in the permanent elimination of lead-based paint hazards, conducted by firms or individuals certified in accordance with R307-842-2, unless such projects are covered by paragraph (4) of this definition;

(c) Projects resulting in the permanent elimination of lead-based paint hazards, conducted by firms or individuals who, through their company name or promotional literature, represent, advertise, or hold themselves out to be in the business of performing lead-based paint activities as identified and defined by this section, unless such projects are covered by paragraph (4) of this definition; or

(d) Projects resulting in the permanent elimination of lead-based paint hazards that are conducted in response to State of Utah or local abatement orders.

(4) Abatement does not include renovation, remodeling, landscaping or other activities, when such activities are not designed to permanently eliminate lead-based paint hazards, but, instead, are designed to repair, restore, or remodel a given structure or dwelling, even though these activities may incidentally result in a reduction or elimination of lead-based paint hazards. Furthermore, abatement does not include interim controls, operations and maintenance activities, or other measures and activities designed to temporarily, but not permanently, reduce lead-based paint hazards.

"Accredited Training Program" means a training program that has been accredited by the director pursuant to R307-842-1 to provide training for individuals engaged in lead-based paint activities.

"Adequate Quality Control" means a plan or design which ensures the authenticity, integrity, and accuracy of samples, including dust, soil, and paint chip or paint film samples. Adequate quality control also includes provisions for representative sampling.

"Arithmetic Mean" means the algebraic sum of data values divided by the number of data values (e.g., the sum of the concentration of lead in several soil samples divided by the number of samples).

"Business Day" means Monday through Friday with the exception of federal and State of Utah holidays.

"Certificate of Mailing" means Certificate of Mailing as defined by the United States Postal Service.

"Certified Abatement Worker" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-842-2 to perform abatements.

"Certified Dust Sampling Technician" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-841-8(1) and R307-842-2 to collect dust samples.

"Certified Firm" means a company, partnership, corporation, sole proprietorship or individual doing business, association, or other business entity; a federal, state, tribal, or local government agency; or a nonprofit organization that performs lead-based paint activities, renovations, or dust sampling to which the director has issued a certificate of approval pursuant to R307-842-2(5).

"Certified Inspector" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-842-2 to conduct inspections. A certified inspector also samples for the presence of lead in dust and soil for the purposes of abatement clearance testing.

"Certified Project Designer" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-842-2 to prepare abatement project designs, occupant protection plans, and abatement reports.

"Certified Renovator" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-841-8(1) and R307-842-2 to conduct renovations.

"Certified Risk Assessor" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-842-2 to conduct risk assessments. A risk assessor also samples for the presence of

lead in dust and soil for the purposes of abatement clearance testing.

"Certified Supervisor" means an individual who has been trained by an accredited training program and certified by the director pursuant to R307-842-2 to supervise and conduct abatements, and to prepare occupant protection plans and abatement reports.

"Chewable Surface" means an interior or exterior surface painted with lead-based paint that a young child can mouth or chew. A chewable surface is the same as an "accessible surface" as defined in 42 U.S.C. 4851b(2). Hard metal substrates and other materials that can not be dented by the bite of a young child are not considered chewable.

"Child-Occupied Facility" means a building, or portion of a building, constructed prior to 1978, visited regularly by the same child, under 6 years of age, on at least two different days within any week (Sunday through Saturday period), provided that each day's visit lasts at least 3 hours and the combined weekly visits last at least 6 hours, and the combined annual visits last at least 60 hours. Child-occupied facilities may include, but are not limited to, day care centers, preschools and kindergarten classrooms. Child-occupied facilities may be located in target housing or in public or commercial buildings. With respect to common areas in public or commercial buildings that contain child-occupied facilities, the child-occupied facility encompasses only those common areas that are routinely used by children under age 6, such as restrooms and cafeterias. Common areas that children under age 6 only pass through, such as hallways, stairways, and garages are not included. In addition, with respect to exteriors of public or commercial buildings that contain child-occupied facilities, the child-occupied facility encompasses only the exterior sides of the building that are immediately adjacent to the child-occupied facility or the common areas routinely used by children under age 6.

"Cleaning Verification Card" means a card developed and distributed, or otherwise approved, by EPA for the purpose of determining, through comparison of wet and dry disposable cleaning cloths with the card, whether post-renovation cleaning has been properly completed.

"Clearance Levels" are values that indicate the maximum amount of lead permitted in dust on a surface following completion of an abatement activity.

"Common Area" means a portion of a building that is generally accessible to all occupants. Such an area may include, but is not limited to, hallways, stairways, laundry and recreational rooms, playgrounds, community centers, garages, and boundary fences.

"Common Area Group" means a group of common areas that are similar in design, construction, and function. Common area groups include, but are not limited to hallways, stairways, and laundry rooms.

"Component or Building Component" means specific design or structural elements or fixtures of a building or residential dwelling that are distinguished from each other by form, function, and location. These include, but are not limited to, interior components such as ceilings, crown molding, walls, chair rails, doors, door trim, floors, fireplaces, radiators and other heating units, shelves, shelf supports, stair treads, stair risers, stair stringers, newel posts, railing caps, balustrades, windows and trim (including sashes, window heads, jambs, sills or stools and troughs), built in cabinets, columns, beams, bathroom vanities, counter tops, and air conditioners, and exterior components such as painted roofing, chimneys, flashing, gutters and downspouts, ceilings, soffits, fascias, rake boards, cornerboards, bulkheads, doors and door trim, fences, floors, joists, lattice work, railings and railing caps, siding, handrails, stair risers and treads, stair stringers, columns, balustrades, window sills or stools and troughs, casings, sashes

and wells, and air conditioners.

"Concentration" means the relative content of a specific substance contained within a larger mass, such as the amount of lead (in micrograms per gram or parts per million by weight) in a sample of dust or soil.

"Containment" means a process to protect workers and the environment by controlling exposures to the lead-contaminated dust and debris created during an abatement.

"Course Agenda" means an outline of the key topics to be covered during a training course, including the time allotted to teach each topic.

"Course Test" means an evaluation of the overall effectiveness of the training which shall test the trainees' knowledge and retention of the topics covered during the course.

"Course Test Blue Print" means written documentation identifying the proportion of course test questions devoted to each major topic in the course curriculum.

"Deteriorated Paint" means any interior or exterior paint or other coating that is flaking, peeling, chipping, chalking, or cracking, or any other paint or coating located on an interior or exterior surface or fixture that is otherwise damaged or separated from the substrate.

"Discipline" means one of the specific types or categories of lead-based paint activities identified in this rule for which individuals may receive training from accredited programs and become certified by the director. Disciplines include Abatement Worker, Dust Sampling Technician, Inspector, Project Designer, Renovator, Risk Assessor, and Supervisor.

"Distinct Painting History" means the application history, as indicated by its visual appearance or a record of application, over time, of paint or other surface coatings to a component or room.

"Documented Methodologies" are methods or protocols used to sample for the presence of lead in paint, dust, and soil.

"Dripline" means the area within 3 feet surrounding the perimeter of the building.

"Dry Disposable Cleaning Cloth" means a commercially available dry, electrostatically charged, white disposable cloth designed to be used for cleaning hard surfaces such as uncarpeted floors or counter tops.

"Dust-lead hazard" means surface dust in a residential dwelling or child-occupied facility that contains a mass-per-area concentration of lead equal to or exceeding 40 $\mu\text{g}/\text{ft}^2$ on floors or 250 $\mu\text{g}/\text{ft}^2$ on interior window sills based on wipe samples.

"Elevated Blood Lead Level (EBL)" means an excessive absorption of lead that is a confirmed concentration of lead in whole blood of 20 micrograms of lead per deciliter of whole blood ($\mu\text{g}/\text{dl}$) for a single venous test or of 15-19 $\mu\text{g}/\text{dl}$ in two consecutive tests taken 3 to 4 months apart.

"Emergency Renovation Operations" means renovation activities, such as operations necessitated by non-routine failures of equipment, that were not planned but result from a sudden, unexpected event that, if not immediately attended to, presents a safety or public health hazard, or threatens equipment and/or property with significant damage.

"Encapsulant" means a substance that forms a barrier between lead-based paint and the environment using a liquid-applied coating (with or without reinforcement materials) or an adhesively bonded covering material.

"Encapsulation" means the application of an encapsulant.

"Enclosure" means the use of rigid, durable construction materials that are mechanically fastened to the substrate in order to act as a barrier between lead-based paint and the environment.

"EPA" means the United States Environmental Protection Agency.

"Friction Surface" means an interior or exterior surface that is subject to abrasion or friction, including, but not limited to,

certain window, floor, and stair surfaces.

"Guest Instructor" means an individual designated by the training program manager or principal instructor to provide instruction specific to the lecture, hands-on activities, or work practice components of a course.

"Hands-On Skills Assessment" means an evaluation which tests the trainees' ability to satisfactorily perform the work practices and procedures identified in R307-842-1(4), as well as any other skill taught in a training course.

"Hazardous Waste" means any waste as defined in 40 CFR 261.3.

"HEPA Vacuum" means a vacuum cleaner which has been designed with a high-efficiency particulate air (HEPA) filter as the last filtration stage. A HEPA filter is a filter that is capable of capturing particulates of 0.3 microns with 99.97% efficiency. The vacuum cleaner must be designed so that all the air drawn into the machine is expelled through the HEPA filter with none of the air leaking past it. HEPA vacuums must be operated and maintained in accordance with the manufacturer's instructions.

"Housing for the Elderly" means retirement communities or similar types of housing reserved for households composed of one or more persons 62 years of age or more at the time of initial occupancy.

"HUD" means the United States Department of Housing and Urban Development.

"Impact Surface" means an interior or exterior surface that is subject to damage by repeated sudden force such as certain parts of door frames.

"Inspection" means a surface-by-surface investigation to determine the presence of lead-based paint and the provision of a report explaining the results of the investigation.

"Interim Certification" means the status of an individual who has successfully completed the appropriate training course in a discipline from an accredited training program, as defined by this section, but has not yet received formal certification in that discipline from the director pursuant to R307-842-2. Interim certification expires 6 months after the completion of the training course, and is equivalent to a certificate for the 6-month period.

"Interim Controls" means a set of measures designed to temporarily reduce human exposure or likely exposure to lead-based paint hazards, including specialized cleaning, repairs, maintenance, painting, temporary containment, ongoing monitoring of lead-based paint hazards or potential hazards, and the establishment and operation of management and resident education programs.

"Interior Window Sill" means the portion of the horizontal window ledge that protrudes into the interior of the room.

"Lead-Based Paint" means paint or other surface coatings that contain lead equal to or in excess of 1.0 milligrams per square centimeter or more than 0.5% by weight.

"Lead-Based Paint Activities" means, in the case of target housing and child-occupied facilities, inspection, risk assessment, and abatement.

"Lead-Based Paint Activities Courses" means initial and refresher training courses (worker, supervisor, inspector, risk assessor, project designer) provided by accredited training programs.

"Lead-Based Paint Hazard" means, for the purposes of lead-based paint activities, any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, or lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as identified by the Administrator of the EPA pursuant to TSCA Section 403, and for the purposes of renovation, means hazardous lead-based paint, dust-lead hazard, or soil-lead hazard as identified in R307-840-2.

"Lead-Hazard Screen" means a limited risk assessment

activity that involves limited paint and dust sampling as described in R307-842-3(3).

"Living Area" means any area of a residential dwelling used by one or more children age 6 and under, including, but not limited to, living rooms, kitchen areas, dens, play rooms, and children's bedrooms.

"Loading" means the quantity of a specific substance present per unit of surface area, such as the amount of lead in micrograms contained in the dust collected from a certain surface area divided by the surface area in square feet or square meters.

"Local Government" means a county, city, town, borough, parish, district, association, or other public body (including an agency comprised of two or more of the foregoing entities) created under state law.

"Mid-Yard" means an area of a residential yard approximately midway between the dripline of a residential building and the nearest property boundary or between the driplines of a residential building and another building on the same property.

"Minor Repair and Maintenance Activities" are activities, including minor heating, ventilation, or air conditioning work, electrical work, and plumbing, that disrupt 6 square feet or less of painted surface per room for interior activities or 20 square feet or less of painted surface for exterior activities where none of the work practices prohibited or restricted by R307-841-5(1)(c) are used and where the work does not involve window replacement or demolition of painted surface areas. When removing painted components, or portions of painted components, the entire surface area removed is the amount of painted surface disturbed. Jobs, other than emergency renovations, performed in the same room within the same 30 days must be considered the same job for the purpose of determining whether the job is a minor repair and maintenance activity.

"Multi-Family Dwelling" means a structure that contains more than one separate residential dwelling unit which is used or occupied, or intended to be used or occupied, in whole or in part, as the home or residence of one or more persons.

"Multi-Family Housing" means a housing property consisting of more than four dwelling units.

"Nonprofit" means an entity which has demonstrated to any branch of the federal government or to a state, municipal, tribal or territorial government, that no part of its net earnings inure to the benefit of any private shareholder or individual.

"Owner" means any entity that has legal title to target housing, including but not limited to individuals, partnerships, corporations, trusts, government agencies, housing agencies, Indian tribes, and nonprofit organizations, except where a mortgagee holds legal title to property serving as collateral for a mortgage loan, in which case the owner would be the mortgagor.

"Paint In Poor Condition" means more than 10 square feet of deteriorated paint on exterior components with large surface areas, or more than 2 square feet of deteriorated paint on interior components with large surface areas (e.g., walls, ceilings, floors, doors), or more than 10% of the total surface area of the component is deteriorated on interior or exterior components with small surface areas (window sills, baseboards, soffits, trim).

"Paint-lead hazard" means any of the following:

(a) Any lead-based paint on a friction surface that is subject to abrasion and where the lead dust levels on the nearest horizontal surface underneath the friction surface (e.g., the window sill or floor) are equal to or greater than the dust-lead hazard levels identified in the definition of "Dust-lead hazard".

(b) Any damaged or otherwise deteriorated lead-based paint on an impact surface that is caused by impact from a related building component (such as a door knob that knocks

into a wall or a door that knocks against its door frame).

(c) Any chewable lead-based painted surface on which there is evidence of teeth marks.

(d) Any other deteriorated lead-based paint in any residential building or child-occupied facility or on the exterior of any residential building or child-occupied facility.

"Painted surface" means a component surface covered in whole or in part with paint or other surface coatings.

"Pamphlet" means the EPA pamphlet titled "Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools" developed under Section 406(a) of TSCA for use in complying with section 406(b) of TSCA. This includes reproductions of the pamphlet when copied in full and without revision or deletion of material from the pamphlet (except for the addition or revision of state or local sources of information).

"Permanently Covered Soil" means soil which has been separated from human contact by the placement of a barrier consisting of solid, relatively impermeable materials, such as pavement or concrete. Grass, mulch, and other landscaping materials are not considered permanent covering.

"Person" means any natural or judicial person including any individual, corporation, partnership, or association, any Indian tribe, state, or political subdivision thereof, any interstate body, and any department, agency, or instrumentality of the federal government.

"Play Area" means an area of frequent soil contact by children of less than 6 years of age as indicated by, but not limited to, such factors including the presence of play equipment (e.g., sandboxes, swing sets, and sliding boards), toys, or other children's possessions, observations of play patterns, or information provided by parents, residents, care givers, or property owners.

"Principal Instructor" means the individual who has the primary responsibility for organizing and teaching a particular course.

"Recognized Laboratory" means an environmental laboratory recognized by EPA pursuant to TSCA Section 405(b) as being capable of performing an analysis for lead compounds in paint, soil, and dust.

"Recognized Test Kit" means a commercially available kit recognized by EPA under 40 CFR 745.88 as being capable of allowing a user to determine the presence of lead at levels equal to or in excess of 1.0 milligrams per square centimeter, or more than 0.5% lead by weight, in a paint chip, paint powder, or painted surface.

"Reduction" means measures designed to reduce or eliminate human exposure to lead-based paint hazards through methods including interim controls and abatement.

"Renovation" means the modification of an existing structure, or portion thereof, that results in the disturbance of painted surfaces, unless that activity is performed as part of an abatement as defined by R307-840-2. The term renovation includes, but is not limited to, the removal, modification, or repair of painted surfaces or painted components (e.g., modification of painted doors, surface restoration, window repair, surface preparation activity (such as sanding, scraping, or other such activities that may generate paint dust)), the removal of building components (e.g., walls, ceilings, plumbing, windows), weatherization projects (e.g., cutting holes in painted surfaces to install blown-in insulation or to gain access to attics, planing thresholds to install weather-stripping), and interim controls that disturb painted surfaces. A renovation performed for the purpose of converting a building, or part of a building, into target housing or a child-occupied facility is a renovation under this rule. The term renovation does not include minor repair and maintenance activities.

"Renovator" means an individual who either performs or directs workers who perform renovations.

"Residential Building" means a building containing one or more residential dwellings.

"Residential Dwelling" means (1) a detached single family dwelling unit, including attached structures such as porches and stoops; or (2) a single family dwelling unit in a structure that contains more than one separate residential dwelling unit, which is used or occupied, or intended to be used or occupied, in whole or in part, as the home or residence of one or more persons.

"Risk Assessment" means (1) an on-site investigation to determine the existence, nature, severity, and location of lead-based paint hazards, and (2) the provision of a report by the individual or firm conducting the risk assessment, explaining the results of the investigation and options for reducing lead-based paint hazards.

"Room" means a separate part of the inside of a building, such as a bedroom, living room, dining room, kitchen, bathroom, laundry room, or utility room. To be considered a separate room, the room must be separated from adjoining rooms by built-in walls or archways that extend at least 6 inches from an intersecting wall. Half walls or bookcases count as room separators if built-in. Movable or collapsible partitions or partitions consisting solely of shelves or cabinets are not considered built-in walls. A screened in porch that is used as a living area is a room.

"Soil Sample" means a sample collected in a representative location using ASTM E1727, "Standard Practice for Field Collection of Soil Samples for Lead Determination by Atomic Spectrometry Techniques," or equivalent method.

"Soil-lead hazard" means bare soil on residential real property or on the property of a child-occupied facility that contains total lead equal to or exceeding 400 parts per million (ug/g) in a play area or average 1,200 parts per million of bare soil in the rest of the yard based on soil samples.

"Start Date" means the first day of any lead-based paint activities training course or lead-based paint abatement activity.

"Start Date Provided to the director" means the start date included in the original notification or the most recent start date provided to the director in an updated notification.

"State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, the Canal Zone, American Samoa, the Northern Mariana Islands, or any other territory or possession of the United States.

"Target housing" means any housing constructed prior to 1978, except housing for the elderly or persons with disabilities (unless any one or more children age 6 years or under resides or is expected to reside in such housing for the elderly or persons with disabilities) or any 0-bedroom dwelling.

"Training curriculum" means an established set of course topics for instruction in an accredited training program for a particular discipline designed to provide specialized knowledge and skills.

"Training Hour" means at least 50 minutes of actual learning, including, but not limited to, time devoted to lecture, learning activities, small group activities, demonstrations, evaluations, and hands-on experience.

"TSCA" means the Toxic Substances Control Act, 15 U.S.C. 2601.

"Training Manager" means the individual responsible for administering a training program and monitoring the performance of principal instructors and guest instructors.

"Training Provider" means any organization or entity accredited under R307-842-1 to offer lead-based paint activities, renovator, or dust sampling technician courses.

"Vertical containment" means a vertical barrier consisting of plastic sheeting or other impermeable material over scaffolding or a rigid frame, or an equivalent system of containing the work area. Vertical containment is required for

some exterior renovations but it may be used on any renovation.

"Visual Inspection for Clearance Testing" means the visual examination of a residential dwelling or a child-occupied facility following abatement to determine whether or not the abatement has been successfully completed.

"Visual Inspection for Risk Assessment" means the visual examination of a residential dwelling or a child-occupied facility to determine the existence of deteriorated lead-based paint or other potential sources of lead-based paint hazards.

"Weighted Arithmetic Mean" means the arithmetic mean of sample results weighted by the number of subsamples in each sample. Its purpose is to give influence to a sample relative to the surface area it represents. A single surface sample is comprised of a single subsample. A composite sample may contain from two to four subsamples of the same area as each other and of each single surface sample in the composite. The weighted arithmetic mean is obtained by summing, for all samples, the product of the sample's result multiplied by the number of subsamples in the sample, and dividing the sum by the total number of subsamples contained in all samples. For example, the weighted arithmetic mean of a single surface sample containing 60 ug/ft², a composite sample (3 subsamples) containing 100 ug/ft², and a composite sample (4 subsamples) containing 110 ug/ft² is 100 ug/ft². This result is based on the equation $(60+(3*100)+(4*110))/(1+3+4)$.

"Wet Disposable Cleaning Cloth" means a commercially available, pre-moistened white disposable cloth designed to be used for cleaning hard surfaces such as uncarpeted floors or counter tops.

"Wet Mopping System" means a device with the following characteristics: A long handle, a mop head designed to be used with disposable absorbent cleaning pads, a reservoir for cleaning solution, and a built-in mechanism for distributing or spraying the cleaning solution onto a floor, or a method of equivalent efficacy.

"Window Trough" means, for a typical double-hung window, the portion of the exterior window sill between the interior window sill (or stool) and the frame of the storm window. If there is no storm window, the window trough is the area that receives both the upper and lower window sashes when they are both lowered. The window trough is sometimes referred to as the window "well."

"Wipe Sample" means a sample collected by wiping a representative surface of known area, as determined by ASTM E1728, "Standard Practice for Field Collection of Settled Dust Samples Using Wipe Sampling Methods for Lead Determination by Atomic Spectrometry Techniques", or equivalent method, with an acceptable wipe material as defined in ASTM E1792, "Standard Specification for Wipe Sampling Materials for Lead in Surface Dust."

"Work Area" means the area that the certified renovator establishes to contain the dust and debris generated by a renovation.

"0-Bedroom Dwelling" means any residential dwelling in which the living area is not separated from the sleeping area. The term includes efficiencies, studio apartments, dormitory housing, military barracks, and rentals of individual rooms in residential dwellings.

KEY: definitions, paint, lead-based paint

May 3, 2012

19-2-104(1)(i)

Notice of Continuation March 6, 2014

R315. Environmental Quality, Solid and Hazardous Waste.
R315-8. Standards for Owners and Operators of Hazardous Waste Treatment, Storage, and Disposal Facilities.

R315-8-1. Purpose, Scope and Applicability.

(a) The purpose of R315-8 is to establish minimum State of Utah standards which define the acceptable management of hazardous waste.

(b) The standards in R315-8 apply to owners and operators of all facilities which treat, store, or dispose of hazardous waste, except as specifically provided otherwise in R315-8 or R315-2.

(c) The requirements of R315-8 apply to a person disposing of hazardous waste by means of underground injection subject to a permit issued under the Underground Injection Control (UIC) program approved or promulgated under the Safe Drinking Water Act only to the extent they are required by R315-3. R315-8 applies to the above-ground treatment or storage of hazardous waste before it is injected underground.

(d) The requirements of R315-8 apply to the owner or operator of a POTW which treats, stores, or disposes of hazardous waste only to the extent they are included in a RCRA permit by rule granted to such a person under R315-3.

(e) The requirements of R315-8 do not apply to:

(1) The owner or operator of a state approved facility managing municipal or industrial solid waste, if the only hazardous waste the facility treats, stores, or disposes of is excluded from regulation under R315-2-5, conditionally exempt small quantity generator exemption;

(2) A generator accumulating waste on-site in compliance with R315-5-3.34, which incorporates by reference 40 CFR 262.34;

(3) A farmer disposing of waste pesticides from his own use in compliance with R315-5-7;

(4) The owner or operator of a totally enclosed treatment facility. A totally enclosed treatment facility is a facility for the treatment of hazardous waste which is directly connected to an industrial production process and which is constructed and operated in a manner which prevents the release of any hazardous waste or any constituent thereof into the environment during treatment;

(5) A transporter storing manifested shipments of hazardous waste in containers meeting the requirements of R315-5-3.30 at a transfer facility for a period of ten days or less;

(6)(i) Except as provided in R315-8-1(e)(6)(ii), a person engaged in treatment or containment activities during immediate response to any of the following situations:

(A) A discharge of a hazardous waste;

(B) An imminent and substantial threat of a discharge of hazardous waste; and

(C) A discharge of a material which, when discharged, becomes a hazardous waste.

(ii) An owner or operator of a facility otherwise regulated by R315-8 shall comply with all applicable requirements of R315-8-3 and R315-8-4.

(iii) Any person who is covered by R315-8-1(e)(6)(i), and who continues or initiates hazardous waste treatment or containment activities after the immediate response is over is subject to all applicable requirements of R315-8 and R315-3 for those activities.

(iv) In the case of an explosives or munitions emergency response, if a State or local official acting within the scope of his or her official responsibilities, or an explosives or munitions emergency response specialist, determines that immediate removal of the material or waste is necessary to protect human health or the environment, that official or specialist may authorize the removal of the material or waste by transporters who do not have EPA identification numbers and without the preparation of a manifest. In the case of emergencies involving military munitions, the responding military emergency response

specialist's organizational unit shall retain records for three years identifying the dates of the response, the responsible persons responding, the type and description of material addressed, and its disposition.

(7) The owner or operator of an elementary neutralization unit or a wastewater treatment unit as defined in R315-1-1(b), which incorporates by reference 40 CFR 260.10, provided that if the owner or operator is diluting hazardous ignitable (D001) wastes, other than the D001 High TOC Subcategory defined in R315-13, which incorporates by reference 40 CFR 268.40, or reactive (D003) waste, to remove the characteristic before land disposal, the owner/operator shall comply with the requirements set out in R315-8-2.8(b);

(8) The addition of absorbent material to waste in a container, as defined in R315-1, or the addition of waste to absorbent material in a container, provided that these actions occur at the time waste is first placed in the container; and R315-8-2.8(b), R315-8-9.2, and R315-8-9.3 are complied with;

(9) The owner or operator of a facility managing recyclable materials described in R315-2-6, which incorporates by reference 40 CFR 261.6, except to the extent that they are referred to in R315-15 or R315-14-2, which incorporates by reference 40 CFR 266 subpart C, R315-14-5, which incorporates by reference 40 CFR 266 subpart F, R315-14-6, which incorporates by reference 40 CFR 266 subpart G, and R315-14-7, which incorporates by reference 40 CFR 266 subpart H; and

(10) Universal waste handlers and universal waste transporters (as defined in R315-16-1.9), handling the wastes listed below. These handlers are subject to regulation under R315-16, when handling the below listed universal wastes:

(i) Batteries as described in R315-16-1.2;

(ii) Pesticides as described in R315-16-1.3;

(iii) Mercury-containing equipment as described in R315-16-1.4; and

(iv) Mercury lamps as described in R315-16-1.5.

(f) The requirements of this rule apply to owners or operators of all facilities which treat, store, or dispose of hazardous waste referred to in R315-13, which incorporates by reference 40 CFR 268.

(g) The requirements of R315-8-2 through 8-4 and R315-8-6.12 do not apply to remediation waste management sites. (However, some remediation waste management sites may be a part of a facility that is subject to a traditional hazardous waste permit because the facility is also treating, storing or disposing of hazardous wastes that are not remediation wastes. In these cases, R315-8-2 through 8-4 and R315-8-6.12 do apply to the facility subject to the traditional hazardous waste permit). Instead of the requirements of R315-8-2 through 8-4, owners or operators of remediation waste management sites must:

(1) Obtain an EPA identification number by applying to the Division of Solid and Hazardous Waste using EPA Form 8700-12;

(2) Obtain a detailed chemical and physical analysis of a representative sample of the hazardous remediation waste to be managed at the site. At a minimum, the analysis must contain all of the information which must be known to treat, store, or dispose of the waste according to R315-13, which incorporates by reference 40 CFR 268, and R315-8, and must be kept accurate and up to date;

(3) Prevent people who are unaware of the danger from entering, and minimize the possibility for unauthorized people or livestock to enter onto the active portion of the remediation waste management site, unless the owner or operator can demonstrate to the Director that:

(i) Physical contact with the waste, structures, or equipment within the active portion of the remediation waste management site will not injure people or livestock who may enter the active portion of the remediation waste management

site; and

(ii) Disturbance of the waste or equipment by people or livestock who enter onto the active portion of the remediation waste management site, will not cause a violation of the requirements of R315-8;

(4) Inspect the remediation waste management site for malfunctions, deterioration, operator errors, and discharges that may be causing, or may lead to, a release of hazardous waste constituents to the environment, or a threat to human health. The owner or operator must conduct these inspections often enough to identify problems in time to correct them before they harm human health or the environment, and must remedy the problem before it leads to a human health or environmental hazard. Where a hazard is imminent or has already occurred, the owner/operator must take remedial action immediately;

(5) Provide personnel with classroom or on-the-job training on how to perform their duties in a way that ensures the remediation waste management site complies with the requirements of R315-8, and on how to respond effectively to emergencies;

(6) Take precautions to prevent accidental ignition or reaction of ignitable or reactive waste, and prevent threats to human health and the environment from ignitable, reactive and incompatible waste;

(7) For remediation waste management sites subject to regulation under R315-8-9 through 8-15, and R315-8-16, which incorporates by reference 40 CFR 264.600 - 603, the owner/operator must design, construct, operate, and maintain a unit within a 100-year floodplain to prevent washout of any hazardous waste by a 100-year flood, unless the owner/operator can meet the demonstration of R315-8-2.9(b);

(8) Not place any non-containerized or bulk liquid hazardous waste in any salt dome formation, salt bed formation, underground mine or cave;

(9) Develop and maintain a construction quality assurance program for all surface impoundments, waste piles and landfill units that are required to comply with R315-8-11.2(c) and (d), R315-8-12.2(c) and (d), and R315-8-14.2(c) and (d) at the remediation waste management site, according to the requirements of R315-8-2.10;

(10) Develop and maintain procedures to prevent accidents and a contingency and emergency plan to control accidents that occur. These procedures must address proper design, construction, maintenance, and operation of remediation waste management units at the site. The goal of the plan must be to minimize the possibility of, and the hazards from a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil, or surface water that could threaten human health or the environment. The plan must explain specifically how to treat, store, and dispose of the hazardous remediation waste in question, and must be implemented immediately whenever a fire, explosion, or release of hazardous waste or hazardous waste constituents which could threaten human health or the environment;

(11) Designate at least one employee, either on the facility premises or on call (that is, available to respond to an emergency by reaching the facility quickly), to coordinate all emergency response measures. This emergency coordinator must be thoroughly familiar with all aspects of the facility's contingency plan, all operations and activities at the facility, the location and characteristics of waste handled, the location of all records within the facility, and the facility layout. In addition, this person must have the authority to commit the resources needed to carry out the contingency plan;

(12) Develop, maintain and implement a plan to meet the requirements in R315-8-1(g)(2) through (g)(6) and R315-8-1(g)(9) through (g)(10); and

(13) Maintain records documenting compliance with

R315-8-1(g)(1) through (g)(12).

1.1 RELATIONSHIP TO INTERIM STATUS STANDARDS

A facility owner or operator who has fully complied with the requirements for interim status--as defined in section 3005(e) of the Federal RCRA Act and regulations under R315-3-7.1 shall comply with the regulations specified in R315-7 in lieu of R315-8, until final administrative disposition of his permit application is made, except as provided under R315-8-21, which incorporates by reference 40 CFR 264.552 and 264.553.

R315-8-2. General Facility Standards.

2.1 APPLICABILITY

(a) The rules in this section apply to the owners or operators of all hazardous waste management facilities, except as provided otherwise in R315-8-1(e).

(b) R315-8-2.9(b) applies only to facilities subject to regulation under R315-8-9 through R315-8-15 and R315-8-16, which incorporates by reference 40 CFR 264.600 - 264.603.

2.2 IDENTIFICATION NUMBER

Every facility owner or operator shall obtain an EPA identification number by applying to the Director using EPA form 8700-12. Information on obtaining this number can be acquired by contacting the Utah Division of Solid and Hazardous Waste

2.3 REQUIRED NOTICES

(a)(1) An owner or operator of a facility that has arranged to receive hazardous waste from a foreign source shall notify the Director in writing at least four weeks in advance of the expected date of arrival of these shipments at the facility. A notice of subsequent shipments of the same waste from the same foreign source is not required.

(2) The owner or operator of a recovery facility that has arranged to receive hazardous waste subject to R315-5-8, which incorporates by reference 40 CFR 262, subpart H, shall provide a copy of the tracking document bearing all required signatures to the notifier, to the Division of Solid and Hazardous Waste, P.O. Box 144880, Salt Lake City, Utah, 84114-4880; Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; and to the competent authorities of all other concerned countries within three working days of receipt of the shipment. The original of the signed tracking document shall be maintained at the facility for at least three years.

(b) An owner or operator of a facility that receives hazardous waste from off-site, except when the owner or operator is also the generator, shall inform the generator in writing that he has the appropriate permit(s) for, and will accept, the waste the generator is shipping. A copy of this written notice shall be retained by the owner or operator as part of the operating record of waste received.

(c) Before transferring ownership or operation of a facility during its operating life, or of a disposal facility during the post-closure care period, the owner or operator shall notify the new owner or operator in writing of the requirements of R315-8 and R315-3. An owner's or operator's failure to notify the new owner or operator of the requirements of R315-8 in no way relieves the new owner or operator of his obligation to comply with all applicable requirements.

2.4 GENERAL WASTE ANALYSIS

The requirements as found in 40 CFR 264.13, 1996 ed., are adopted and incorporated by reference.

2.5 SECURITY

(a) A facility owner or operator shall prevent the unknowing entry, and minimize the possibility for the unauthorized entry, of persons or livestock onto the active portion of his facility, unless he can demonstrate to the Director

that:

(1) Physical contact with the waste structures, or equipment within the active portion of the facility will not injure unknowing or unauthorized persons or livestock which may enter the active portion of a facility; and

(2) Disturbance of the waste or equipment, by the unknowing or unauthorized entry of persons or livestock onto the active portion of a facility, will not cause a violation of the requirements of R315-8-2.5.

An owner or operator who wishes to make the demonstration referred to above shall do so with the part B permit application.

(b) Unless the owner or operator has made a successful demonstration under R315-8-2.5(a)(1) and (a)(2), a facility shall have:

(1) A 24-hour surveillance system, e.g., television monitoring or surveillance by guards or facility personnel, which continuously monitors and controls entry onto the active portion of the facility; or

(2)(i) An artificial or natural barrier, e.g., a fence in good repair or a fence combined with a cliff, which completely surrounds the active portion of the facility; and

(ii) A means to control entry at all times, through gates or other entrances to the active portion of the facility, e.g., an attendant, television monitors, locked entrance, or controlled roadway access to the facility. The requirements of R315-8-2.5(b) are satisfied if the facility or plant within which the active portion is located itself has a surveillance system, or a barrier and a means to control entry, which complies with the requirements of R315-8-2.5(b)(1) or (2).

(c) Unless the owner or operator has made a successful demonstration under R315-8-2.5(a)(1) and (a)(2), a sign with the legend, "Danger - Unauthorized Personnel Keep Out", shall be posted at each entrance to the active portion of a facility, and at other locations, in sufficient numbers to be seen from any approach to the active portion. The legend shall be written in English and in any other language predominant in the area surrounding the facility and shall be legible from a distance of at least 25 feet. Existing signs with a legend other than "Danger - Unauthorized Personnel Keep Out" may be used if the legend on the sign indicates that only authorized personnel are allowed to enter the active portion, and that entry onto the active portion is potentially dangerous. Owners or operators are encouraged to also describe in the sign the type of hazard, e.g., hazardous waste, flammable wastes, etc. contained within the active portion of the facility. See R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, for discussion of security requirements during the post-closure care period.

2.6 GENERAL INSPECTION REQUIREMENTS

(a) Facility owners or operators shall inspect their facilities for malfunctions and deterioration, operator errors, and discharges, which may be causing or may lead to release of hazardous waste constituents to the environment or pose a threat to human health. These inspections shall be conducted frequently enough to identify problems in time to take corrective action before they harm human health or the environment.

(b)(1) Facility owners or operators shall develop and follow a written schedule for inspecting monitoring equipment, safety and emergency equipment, security devices, and operating and structural equipment, such as dikes and sump pumps, that are important to preventing, detecting, or responding to environmental or human health hazards.

(2) The schedule shall be kept at the facility.

(3) The schedule shall identify the types of problems, e.g., malfunctions or deterioration, which are to be looked for during the inspection, for example, inoperative sump pump, leaking fitting, eroding dike, etc.

(4) The frequency of the inspection may vary for the items on the schedule. However, the frequency should be based on

the rate of deterioration of the equipment and the probability of an environmental or human health incident if the deterioration, malfunction, or any operator error goes undetected between inspections. Areas subject to spills, such as loading and unloading areas, shall be inspected daily when they are in use. At a minimum, the inspection schedule shall include the items and frequencies called for in R315-8-9.5, R315-8-10, which incorporates by reference 40 CFR 264.190 - 264.199, R315-8-11.3, R315-8-12.3, R315-8-13.6, R315-8-14.3, R315-8-15.7, R315-8-16, which incorporates by reference 40 CFR 264.600 - 264.603, R315-8-17, which incorporates by reference 40 CFR 264.1030 - 264.1036, R315-8-18, which incorporates by reference 40 CFR 264.1050 - 264.1065, and R315-8-22, which incorporates by reference 40 CFR 264.1083 through 264.1089.

(c) The owner or operator shall make any repairs, or take other remedial action, on a time schedule which ensures that any deterioration or malfunction discovered does not lead to an environmental or human health hazard. Where a hazard is imminent or has already occurred, remedial action shall be taken immediately.

(d) The owner or operator shall keep records of inspections in an inspection log or summary. These records shall be retained for at least three years. At a minimum, these records shall include the date and time of the inspection, the name of the inspector, a notation of the observations made, and the date and nature of any repairs made or remedial actions taken.

2.7 PERSONNEL TRAINING

(a)(1) Facility personnel shall successfully complete a program of classroom instruction or on-the-job training that teaches them to perform their duties in a way that ensures the facility's compliance with the requirements of this section and that includes all the elements described in the document required under R315-8-2.7(d)(3).

(2) This program shall be directed by a person trained in hazardous waste management procedures, and shall include instruction which teaches facility personnel hazardous waste management procedures, including contingency plan implementation relevant to the position in which they are employed.

(3) At a minimum, the training program shall be designed to ensure that facility personnel are able to respond effectively to emergencies by familiarizing them with emergency procedures, emergency equipment, and emergency systems, including, but not necessarily limited to, the following, where applicable:

(i) Procedures for inspection, use, repair, and replacement of facility emergency and monitoring equipment;

(ii) Communications or alarm systems;

(iii) Key parameters for automatic waste feed cut-off systems;

(iv) Response to fires or explosions;

(v) Response to groundwater contamination incidents; and

(vi) Shutdown of operations.

(b) Facility personnel shall successfully complete the program required in R315-8-2.7(a) within six months after the effective date of these rules or six months after the date of employment or assignment to a facility, or to a new position at a facility, whichever is later. Employees hired after the effective date of these rules shall not work in unsupervised positions until they have completed the training requirements of R315-8-2.7(a).

(c) Facility personnel shall take part in an annual review of their initial training in both contingency procedures and the hazardous waste management procedures relevant to the positions in which they are employed.

(d) Owners or operators of facilities shall maintain the following documents and records and make them available upon request:

(1) The job title for each position at the facility related to

hazardous waste management, and the name of the employee filling each job;

(2) A written job description for each position listed under R315-8-2.7(d)(1). This description may be consistent in its degree of specificity with descriptions for other similar positions in the same company location or bargaining unit, but shall include the requisite skill, education, or other qualifications and duties of employees assigned to each position;

(3) A written description of the type and amount of both introductory and continuing training that will be given to each person filling a position listed under R315-8-2.7(d)(1);

(4) Records that document that the training or job experience required under R315-8-2.7(a), (b), and (c) has been given to, and completed by, facility personnel.

(e) Training records on current employees shall be maintained until closure of the facility; training records on former employees shall be retained for at least three years from the date the employee last worked at the facility. Employee training records may accompany personnel transferred within the same company.

2.8 GENERAL REQUIREMENTS FOR IGNITABLE, REACTIVE, OR INCOMPATIBLE WASTES

(a) The owner or operator shall take precautions to prevent accidental ignition or reaction of ignitable or reactive wastes. These waste shall be separated and protected from sources of ignition or reaction including but not limited to: open flames, smoking, cutting and welding, hot surfaces, frictional heat, sparks, static, electrical, or mechanical, spontaneous ignition, e.g., from heat-producing chemical reactions, and radiant heat. While ignitable or reactive waste is being handled, the owner or operator shall confine smoking and open flame to specially designated locations. "No Smoking" signs shall be conspicuously placed wherever there is a hazard from ignitable or reactive waste.

(b) Where specifically required by other sections of R315-8, the owner or operator of a facility that treats, stores or disposes ignitable or reactive waste, or mixes incompatible waste or incompatible wastes and other materials, shall take precautions to prevent reactions which:

(1) Generate extreme heat or pressure, fire or explosion, or violent reactions;

(2) Produce uncontrolled toxic mists, fumes, dusts, or gases in sufficient quantities to threaten human health or the environment;

(3) Produce uncontrolled flammable fumes or gases in sufficient quantities to pose a risk of fire or explosions;

(4) Damage the structural integrity of the device or facility;

(5) Through other like means threaten human health or the environment.

(c) When required to comply with R315-8-2.8, the owner or operator shall document that compliance. This documentation may be based on references to published scientific or engineering literature, data from trial tests, e.g., bench scale or pilot scale tests, waste analyses as specified in R315-8-2.4, which incorporates by reference 40 CFR 264.13, or the results of the treatment of similar wastes by similar treatment processes and under similar operating conditions.

2.9 LOCATION STANDARDS

(a) Seismic considerations.

(1) Portions of new facilities where treatment, storage, or disposal of hazardous waste will be conducted shall not be located within 61 meters (200 feet) of a fault which has had displacement in Holocene time. For definition of terms used in this section see R315-1. Procedures for demonstrating compliance with this standard in part B of the permit application are specified in R315-3 specifically in R315-3-2.5. Facilities which are located in political jurisdictions other than those listed in R315-50-11 are assumed to be in compliance with this requirement.

(b) Floodplains.

(1) A facility located in a 100-year floodplain shall be designed, constructed, operated and maintained to prevent washout of any hazardous waste by a 100-year flood, unless the owner or operator can demonstrate to the Director's satisfaction that:

(i) Procedures are in effect which will cause the waste to be removed safely, before flood waters can reach the facility, to a location where the wastes will not be vulnerable to flood waters; or

(ii) For existing surface impoundments, waste piles, land treatment units, landfills, and miscellaneous units, no adverse effects on human health or the environment will result if washout occurs, considering:

(A) The volume and physical and chemical characteristics of the waste in the facility;

(B) The concentration of hazardous constituents that would potentially affect surface waters as a result of washout;

(C) The impact of such concentrations on the current or potential uses of and water quality standards established for the affected surface waters; and

(D) The impact of hazardous constituents on the sediments of affected surface waters or the soils of the 100-year floodplain that could result from washout. The location where wastes are moved shall be a facility which is either permitted by EPA or has a permit in accordance with R315-3.

(2) As used in R315-8-2.9(b)(1):

(i) "100-year floodplain" means any land area which is subject to a one percent or greater chance of flooding in any given year from any source;

(ii) "Washout" means the movement of hazardous waste from the active portion of the facility as a result of flooding;

(iii) "100-year flood" means a flood that has a one percent chance of being equalled or exceeded in any given year.

(c) Salt dome formations, salt bed formations, underground mines and caves.

The placement of any non-containerized or bulk liquid hazardous wastes in any salt dome formation, salt bed formation, underground mine or cave is prohibited, except for the Department of Energy Waste Isolation Pilot Project in New Mexico.

2.10 CONSTRUCTION QUALITY ASSURANCE PROGRAM

(a) CQA program. (1) A construction quality assurance (CQA) program is required for all surface impoundment, waste pile, and landfill units that are required to comply with R315-8-11.2(c) and (d), R315-8-12.2(c) and (d), and R315-8-14.2(c) and (d). The program shall ensure that the constructed unit meets or exceeds all design criteria and specifications in the permit. The program shall be developed and implemented under the direction of a CQA officer who is a registered professional engineer.

(2) The CQA program shall address the following physical components, where applicable:

(i) Foundations;

(ii) Dikes;

(iii) Low-permeability soil liners;

(iv) Geomembranes, flexible membrane liners;

(v) Leachate collection and removal systems and leak detection systems; and

(vi) Final cover systems.

(b) Written CQA plan. The owner or operator of units subject to the CQA program under R315-8-2.10(a) shall develop and implement a written CQA plan. The plan must identify steps that will be used to monitor and document the quality of materials and the condition and manner of their installation. The CQA plan shall include:

(1) Identification of applicable units, and a description of how they will be constructed.

(2) Identification of key personnel in the development and implementation of the CQA plan, and CQA officer qualifications.

(3) A description of inspection and sampling activities for all unit components identified in R315-8-2.10(a)(2), including observations and tests that will be used before, during, and after construction to ensure that the construction materials and the installed unit components meet the design specifications. The description shall cover: Sampling size and locations; frequency of testing; data evaluation procedures; acceptance and rejection criteria for construction materials; plans for implementing corrective measures; and data or other information to be recorded and retained in the operating record under R315-8-5.3.

(c) Contents of program. (1) The CQA program shall include observations, inspections, tests, and measurements sufficient to ensure:

(i) Structural stability and integrity of all components of the unit identified in R315-8-2.10(a)(2);

(ii) Proper construction of all components of the liners, leachate collection and removal system, leak detection system, and final cover system, according to permit specifications and good engineering practices, and proper installation of all components, e.g., pipes, according to design specifications;

(iii) Conformity of all materials used with design and other material specifications under R315-8-11.2, R315-8-12.2, and R315-8-14.2.

(2) The CQA program shall include test fills for compacted soil liners, using the same compaction methods as in the full scale unit, to ensure that the liners are constructed to meet the hydraulic conductivity requirements of R315-8-11.2(c)(1)(i)(B), R315-8-12.2(c)(1)(i)(B), and R315-8-14.2(c)(1)(i)(B) in the field. Compliance with the hydraulic conductivity requirements shall be verified by using in-situ testing on the constructed test fill. The Director may accept an alternative demonstration, in lieu of a test fill, where data are sufficient to show that a constructed soil liner will meet the hydraulic conductivity requirements of R315-8-11.2(c)(1)(i)(B), R315-8-12.2(c)(1)(i)(B), and R315-8-14.2(c)(1)(i)(B) in the field.

(d) Certification. Waste shall not be received in a unit subject to R315-8-2.10 until the owner or operator has submitted to the Director by certified mail or hand delivery a certification signed by the CQA officer that the approved CQA plan has been successfully carried out and that the unit meets the requirements of R315-8-11.2(c) or (d), R315-8-12.2(c) or (d), or R315-8-14.2(c) or (d); and the procedure in R315-3-3.1(1)(2)(ii) has been completed. Documentation supporting the CQA officer's certification shall be furnished to the Director upon request.

R315-8-3. Preparedness and Prevention.

3.1 APPLICABILITY

The regulations in this section apply to the owners or operators of all hazardous waste management facilities, except as provided otherwise in R315-8-1.

3.2 DESIGN AND OPERATION OF FACILITY

Facilities shall be designed, constructed, maintained, and operated to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden discharge of hazardous waste or hazardous waste constituents to air, soil, groundwater, or surface water which could threaten the environment or human health.

3.3 REQUIRED EQUIPMENT

All facilities shall be equipped with the following, unless it can be demonstrated to the Director that there are no hazards at the facility which could require a particular kind of equipment specified below:

(a) An internal communications or alarm system capable of providing immediate emergency instruction, voice or signal, to facility employees;

(b) A device capable of summoning external emergency assistance from local law enforcement agencies, fire departments, or State or local emergency response teams, such as a telephone, immediately available at the scene of operations, or a hand-held two-way radio;

(c) Portable fire extinguishers, fire control equipment, including special extinguishing equipment, such as that using foam, inert gas, or dry chemicals, discharge control equipment, and decontamination equipment; and

(d) Water at adequate volume and pressure to supply water hose streams, or foam producing equipment, or automatic sprinklers, or water spray systems. This demonstration shall be made with the part B permit application.

3.4 TESTING AND MAINTENANCE OF EQUIPMENT

All facility communications or alarm systems, fire protection equipment, safety equipment, discharge control equipment, and decontamination equipment, where required, shall be tested and maintained as necessary to assure its proper operation in time of emergency.

3.5 ACCESS TO COMMUNICATIONS OR ALARM SYSTEM

(a) Whenever hazardous waste is being poured, mixed, spread, or otherwise handled, all employees involved in the operation shall have immediate access to an internal alarm or emergency communication device, either directly or through visual or voice contact with another employee, unless the Director has ruled that this type of a device is not required under R315-8-3.3.

(b) If there is just one employee on the premises while the facility is operating, he shall have immediate access to a device capable of summoning external emergency assistance, such as a telephone, immediately available at the scene of operation, or a hand-held two-way radio, unless the Director has ruled that this type of a device is not required under R315-8-3.3.

3.6 REQUIRED AISLE SPACE

The facility owner or operator shall maintain aisle space to allow the unobstructed movement of personnel, fire protection equipment, discharge control equipment, and decontamination equipment to any area of facility operation in an emergency, unless it can be demonstrated to the Director that aisle space is not needed for any of these purposes. This demonstration shall be made with the part B permit application.

3.7 ARRANGEMENTS WITH LOCAL AUTHORITIES

(a) The owner or operator shall attempt to make the following arrangements, as appropriate for the type of waste handled at his facility and the potential need for the services of these organizations:

(1) Arrangements to familiarize law enforcement agencies, fire departments, and emergency response teams with the layout of the facility, properties of hazardous waste handled at the facility and associated hazards, places where facility personnel would normally be working, entrances to and roads inside the facility, and possible evacuation routes;

(2) Where more than one law enforcement agency and fire department might respond to an emergency, agreements designating primary emergency authority to a specific law enforcement agency and a specific fire department, and agreements with any others to provide support to the primary emergency authority;

(3) Agreements with State emergency response teams, emergency response contractors, and equipment suppliers; and

(4) Arrangements to familiarize local hospitals with the properties of hazardous waste handled at the facility and the types of injuries or illnesses which could result from fires, explosions, or releases at the facility.

(b) Where State or local authorities decline to enter into these arrangements, the owner or operator shall document the refusal in the operating record.

R315-8-4. Contingency Plan and Emergency Procedures.**4.1 APPLICABILITY**

The regulations in this section apply to the owners and operators of all hazardous waste management facilities, except as provided otherwise in R315-8-1(e).

4.2 PURPOSE AND IMPLEMENTATION OF CONTINGENCY PLAN

(a) Each owner or operator shall have a contingency plan for his facility. The contingency plan shall be designed to minimize hazards to human health or the environment from fires, explosions, or any unplanned sudden or non-sudden discharge of hazardous waste or hazardous waste constituents to air, soil, groundwater, or surface water.

(b) The provisions of the plan shall be carried out immediately whenever there is a fire, explosion, or discharge of hazardous waste or hazardous waste constituents which could threaten the environment or human health.

4.3 CONTENT OF CONTINGENCY PLAN

(a) The plan shall describe the actions facility personnel shall take to comply with R315-8-4.2 and R315-8-4.7 in response to fires, explosions or any unplanned sudden or non-sudden discharge of hazardous waste or hazardous waste constituents to air, soil, or surface water at the facility. If a facility owner or operator already has prepared a Spill Prevention, Control and Countermeasures (SPCC) Plan in accordance with 40 CFR 112, or some other emergency or contingency plan, he need only amend that plan to incorporate hazardous waste management provisions sufficient to comply with the requirements of this section.

(b) The plan shall describe arrangements agreed to by local law enforcement agencies, fire departments, hospitals, contractors, and State and local emergency response teams to coordinate emergency services pursuant to R315-8-3.7.

(c) The plan shall list names, addresses and phone numbers, office and home, of all persons qualified to act as facility emergency coordinator, see R315-8-4.6, and this list shall be kept up-to-date. Where more than one person is listed, one shall be named as primary emergency coordinator and others shall be listed in the order in which they assume responsibility as alternates. For new facilities, this information shall be supplied to the Director before operations begin rather than at the time of submission of the plan.

(d) The plan shall include a list of all emergency equipment at the facility, such as fire extinguishing systems, discharge control equipment, communications and alarm systems, internal and external, and decontamination equipment, where this equipment is required. This list shall be kept up-to-date. In addition, the plan shall include the location and a physical description of each item on the list, and a brief outline of its capabilities.

(e) The plan shall include an evacuation plan for facility personnel where there is a possibility that evacuation could be necessary. This plan shall describe signal(s) to be used to begin evacuation, evacuation routes, and alternate evacuation routes, in cases where the primary routes could be blocked by discharges of hazardous waste or fires.

4.4 COPIES OF A CONTINGENCY PLAN

A copy of the contingency plan and all revisions to the plan shall be:

- (a) Maintained at the facility;
- (b) Made available upon request; and

(c) Submitted to all local law enforcement agencies, fire departments, hospitals, and State and local emergency response teams that may be called upon to provide emergency services.

The contingency plan shall be submitted to the Director with part B of the permit application under R315-3 and after modification or approval will become a condition of any permit issued.

4.5 AMENDMENT OF CONTINGENCY PLAN

The contingency plan shall be reviewed, and immediately amended, if necessary, under any of the following circumstances:

- (a) Revisions to the facility permit;
- (b) Failure of the plan in an emergency;
- (c) Changes in the facility design, construction, operation, maintenance, or other circumstances that materially increase the potential for fires, explosions, or discharges of hazardous waste or hazardous waste constituents, or changes the response necessary in an emergency;
- (d) Changes in the list of emergency coordinators; or
- (e) Changes in the list of emergency equipment.

4.6 EMERGENCY COORDINATOR

At all times there shall be at least one employee either present on the facility premises or on call, i.e., available to respond to an emergency by reaching the facility within a short time period, with the responsibility for coordinating all emergency response measures. This facility emergency coordinator shall be thoroughly familiar with all aspects of the facility's contingency plan, all operations and activities at the facility, the location and characteristics of waste handled, the location of manifests and all other records within the facility, and the facility layout. In addition, this person shall have the authority to commit the resources needed to carry out the contingency plan. The emergency coordinator's responsibilities are more fully spelled out in R315-8-4.7. Applicable responsibilities for the emergency coordinator vary, depending on factors such as type and variety of waste(s) handled by the facility, and type and complexity of the facility.

4.7 EMERGENCY PROCEDURES

(a) Whenever there is an imminent or actual emergency situation, the facility's emergency coordinator, or his designee when the emergency coordinator is on call, shall immediately:

- (1) Activate internal facility alarms or communication systems, where applicable, to notify all facility personnel; and
- (2) Notify appropriate State or local agencies with designated response roles whenever their assistance is needed.

(b) In the event of a discharge, fire, or explosion, the facility's emergency coordinator shall immediately identify the character, exact source, amount, and areal extent of any discharged materials. He may do this by observation or review of facility records or manifests, and, if necessary, by chemical analysis.

(c) Concurrently, the facility's emergency coordinator shall assess possible hazards to the environment or human health that may result from the discharge, fire, or explosion. This assessment shall consider both direct and indirect effects of the discharge, fire, or explosion, e.g., the effects of any toxic, irritating, or asphyxiating gases that are generated, or the effects of any hazardous surface water run-off or hazardous groundwater infiltration from water or chemical agents used to control fire and heat-induced explosions.

(d) The facility's emergency coordinator shall immediately report his assessment that the facility has had a discharge, fire, or explosion which could threaten human health, or the environment, outside the facility, as follows:

(1) If his assessment indicates that evacuation of local areas may be advisable, he shall immediately notify appropriate local authorities. He shall be available to assist appropriate officials in making the decision whether local areas should be evacuated; and

(2) He shall immediately notify both the Utah State Department of Environmental Quality as specified in R315-9 and the government official designated as the on-scene coordinator for that geographical area, in the applicable regional contingency plan, or the National Response Center (800/424-8802). The report shall include:

- (i) Name and telephone number of reporter;
- (ii) Name and address of facility;

(iii) Time and type of incident, e.g., discharge, fire;
 (iv) Name and quantity of material(s) involved, to the extent available;

(v) The extent of injuries, if any; and

(vi) The possible hazards to human health, or the environment, outside the facility.

(e) During an emergency, the facility's emergency coordinator shall take all reasonable measures necessary to ensure that fires, explosions, and discharges do not occur, recur, or spread to other hazardous waste at the facility. These measures shall include, where applicable, stopping processes and operations, collecting and containing discharged waste, and removing or isolating containers.

(f) If the facility stops operations in response to a discharge, fire, or explosion, the facility's emergency coordinator shall monitor for leaks, pressure buildup, gas generation, or ruptures in valves, pipes, or other equipment, wherever this is appropriate.

(g) Immediately after an emergency, the emergency coordinator shall provide for treating, storing, or disposing of recovered waste, contaminated soil or surface water, or any other material that results from a discharge, fire, or explosion at the facility. The recovered material shall be handled and managed as a hazardous waste unless it is analyzed and determined not to be, using the procedures specified in R315-2.

(h) The facility's emergency coordinator shall ensure that, in the affected area(s) of the facility:

(1) No waste that may be incompatible with the released material is treated, stored, or disposed of until cleanup procedures are completed; and

(2) All emergency equipment listed in the contingency plan is cleaned and fit for its intended use before operations are resumed.

(i) The facility owner or operator shall notify the Director and other appropriate State and local authorities, that the facility is in compliance with R315-8-4.7(h) before operations are resumed in the affected area(s) of the facility.

(j) The facility owner or operator shall record in the operating record the time, date, and nature of any incident that requires implementing the contingency plan. Within 15 days after the incident, he shall submit a written report on the emergency to the Director. The report shall include:

(1) Name, address, and telephone number of the owner or operator;

(2) Name, address, and telephone number of the facility;

(3) Date, time, and type of incident, e.g., fire, discharge;

(4) Name and quantity of material(s) involved;

(5) The extent of injuries, if any;

(6) An assessment of actual or potential hazards to the environment or human health, where this is applicable; and

(7) Estimated quantity and disposition of recovered material that resulted from the incident.

R315-8-5. Manifest System, Recordkeeping, and Reporting.

5.1 APPLICABILITY

The rules in R315-8-5 apply to owners and operators of both on-site and off-site facilities, except as provided otherwise in R315-8-1. R315-8-5.2, R315-8-5.4, and R315-8-5.7 do not apply to owners and operators of on-site facilities that do not receive hazardous waste from off-site sources, nor to owners and operators of off-site facilities with respect to waste military munitions exempted from manifest requirements under 40 CFR 266.203(a). R315-8-5.3, which incorporates by reference 40 CFR 264.73(b) only applies to permittees who treat, store, or dispose of hazardous wastes on-site where such wastes were generated.

5.2 USE OF MANIFEST SYSTEM

(a)(1) If a facility receives hazardous waste accompanied by a manifest, the owner or operator, or his agent, shall sign and

date the manifest as indicated in R315-8-5.2(a)(2) to certify that the hazardous waste covered by the manifest was received, that the hazardous waste was received except as noted in the discrepancy space of the manifest, or that the hazardous waste was rejected as noted in the manifest discrepancy space.

(2) If a facility receives a hazardous waste shipment accompanied by a manifest, the owner, operator or his agent shall:

(i) Sign and date, by hand, each copy of the manifest;

(ii) Note any discrepancies in the manifest, as defined in R315-8-5.4(a), on each copy of the manifest;

(iii) Immediately give the transporter at least one copy of the signed manifest;

(iv) Within 30 days of the delivery, send a copy of the manifest to the generator; and

(v) Retain at the facility a copy of each manifest for at least three years from the date of delivery.

(3) If a facility receives hazardous waste imported from a foreign source, the receiving facility shall mail a copy of the manifest to the following addresses within 30 days of delivery: International Compliance Assurance Division, OFA/OECA (2254A), U.S. Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Avenue, NW., Washington DC 20460 and Utah Division of Solid and Hazardous Waste, P O Box 144880, Salt Lake City, Utah 84114-4880.

(b) If a facility receives, from a rail or water (bulk shipment) transporter, hazardous waste which is accompanied by a shipping paper containing all the information required on the manifest (excluding the EPA identification numbers, generator's certification, and signatures), the owner or operator, or his agent, shall:

(1) Sign and date each copy of the manifest or shipping paper (if the manifest has not been received) to certify that the hazardous waste covered by the manifest or shipping paper was received;

(2) Note any significant discrepancies, as defined in R315-8-5.4(a), in the manifest or shipping paper (if the manifest has not been received) on each copy of the manifest or shipping paper.

Comment: The Agency does not intend that the owner or operator of a facility whose procedures under R315-8-2.4, which incorporates by reference 40 CFR 264.13(c), include waste analysis shall perform that analysis before signing the shipping paper and giving it to the transporter. R315-8-5.4(b), however, requires reporting an unreconciled discrepancy discovered during later analysis.

(3) Immediately give the rail or water (bulk shipment) transporter at least one copy of the manifest or shipping paper (if the manifest has not been received);

(4) Within 30 days after the delivery, send a copy of the signed and dated manifest or a signed and dated copy of the shipping paper (if the manifest has not been received within 30 days after delivery) to the generator; and

Comment: R315-5-2.23(c) requires the generator to send three copies of the manifest to the facility when hazardous waste is sent by rail or water (bulk shipment).

(5) Retain at the facility a copy of the manifest and shipping paper (if signed in lieu of the manifest at the time of delivery) for at least three years from the date of delivery.

(c) Whenever a shipment of hazardous waste is initiated from a facility, the owner or operator of that facility shall comply with the requirements of R315-5.

Comment: The provisions of R315-5-3.34, which incorporates by reference 40 CFR 262.34, are applicable to the on-site accumulation of hazardous wastes by generators. Therefore, the provisions of R315-5-3.34, which incorporates by reference 40 CFR 262.34, only apply to owners or operators who are shipping hazardous waste which they generated at that facility.

(d) Within three working days of the receipt of a shipment subject to R315-5-8, which incorporates by reference 40 CFR 262, subpart H, the owner or operator of the facility shall provide a copy of the tracking document bearing all required signatures to the notifier, to the Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460, and to competent authorities of all other concerned countries. The original copy of the tracking document shall be maintained at the facility for at least three years from the date of signature.

(e) A facility shall determine whether the consignment state for a shipment regulates any additional wastes (beyond those regulated Federally) as hazardous wastes under its state hazardous waste program. Facilities shall also determine whether the consignment state or generator state requires the facility to submit any copies of the manifest to these states.

5.3 OPERATING RECORD

The requirements as found in 40 CFR 264.73, 2000 ed., are adopted and incorporated by reference.

5.4 MANIFEST DISCREPANCIES

(a) Manifest discrepancies are:

(1) Significant discrepancies (as defined by R315-8-5.4(b)) between the quantity or type of hazardous waste designated on the manifest or shipping paper, and the quantity and type of hazardous waste a facility actually receives;

(2) Rejected wastes, which may be a full or partial shipment of hazardous waste that the treatment, storage, or disposal facility cannot accept; or

(3) Container residues, which are residues that exceed the quantity limits for "empty" containers set forth in R315-2-7(b).

(b) Significant discrepancies in quantity are: for batch waste, any variation in piece count, such as a discrepancy of one drum in a truckload; for bulk waste, variations greater than 10 percent in weight. Significant discrepancies in type are obvious differences which can be discovered by inspection or waste analysis, such as waste solvent substituted for waste acid, or toxic constituents not reported on the manifest or shipping paper.

(c) Upon discovering a significant discrepancy, the owner or operator shall attempt to reconcile the discrepancy with the waste generator or transporter, e.g., with telephone conversations. If the discrepancy is not resolved within 15 days after receiving the waste, the owner or operator shall immediately submit to the Director a letter describing the discrepancy and attempts to reconcile it, and a copy of the manifest or shipping paper at issue.

(d)(1) Upon rejecting waste or identifying a container residue that exceeds the quantity limits for "empty" containers set forth in R315-2-7(b), the facility shall consult with the generator prior to forwarding the waste to another facility that can manage the waste. If it is impossible to locate an alternative facility that can receive the waste, the facility may return the rejected waste or residue to the generator. The facility shall send the waste to the alternative facility or to the generator within 60 days of the rejection or the container residue identification.

(2) While the facility is making arrangements for forwarding rejected wastes or residues to another facility under R315-8-5.4, it must ensure that either the delivering transporter retains custody of the waste, or, the facility shall provide for secure, temporary custody of the waste, pending delivery of the waste to the first transporter designated on the manifest prepared under R315-8-5.4(e) or (f).

(e) Except as provided in R315-8-5.4(e)(7), for full or partial load rejections and residues that are to be sent off-site to an alternate facility, the facility is required to prepare a new manifest in accordance with R315-5-2.20(a) and the following instructions:

(1) Write the generator's U.S. EPA ID number in Item 1 of the new manifest. Write the generator's name and mailing address in Item 5 of the new manifest. If the mailing address is different from the generator's site address, then write the generator's site address in the designated space for Item 5.

(2) Write the name of the alternate designated facility and the facility's U.S. EPA ID number in the designated facility block (Item 8) of the new manifest.

(3) Copy the manifest tracking number found in Item 4 of the old manifest to the Special Handling and Additional Information Block of the new manifest, and indicate that the shipment is a residue or rejected waste from the previous shipment.

(4) Copy the manifest tracking number found in Item 4 of the new manifest to the manifest reference number line in the Discrepancy Block of the old manifest (Item 18a).

(5) Write the DOT description for the rejected load or the residue in Item 9 (U.S. DOT Description) of the new manifest and write the container types, quantity, and volume(s) of waste.

(6) Sign the Generator's/Officer's Certification to certify, as the offeror of the shipment, that the waste has been properly packaged, marked, and labeled and is in proper condition for transportation and mail a signed copy of the manifest to the generator identified in Item 5 of the new manifest.

(7) For full load rejections that are made while the transporter remains present at the facility, the facility may forward the rejected shipment to the alternate facility by completing Item 18b of the original manifest and supplying the information on the next destination facility in the Alternate Facility space. The facility shall retain a copy of this manifest for its records, and then give the remaining copies of the manifest to the transporter to accompany the shipment. If the original manifest is not used, then the facility shall use a new manifest and comply with R315-8-5.4(e)(1), (2), (3), (4), (5), and (6).

(f) Except as provided in R315-8-5.4(f)(7), for rejected wastes and residues that shall be sent back to the generator, the facility is required to prepare a new manifest in accordance with R315-5-2.20(a) and the following instructions:

(1) Write the facility's U.S. EPA ID number in Item 1 of the new manifest. Write the facility's name and mailing address in Item 5 of the new manifest. If the mailing address is different from the facility's site address, then write the facility's site address in the designated space for Item 5 of the new manifest.

(2) Write the name of the initial generator and the generator's U.S. EPA ID number in the designated facility block (Item 8) of the new manifest.

(3) Copy the manifest tracking number found in Item 4 of the old manifest to the Special Handling and Additional Information Block of the new manifest, and indicate that the shipment is a residue or rejected waste from the previous shipment.

(4) Copy the manifest tracking number found in Item 4 of the new manifest to the manifest reference number line in the Discrepancy Block of the old manifest (Item 18a).

(5) Write the DOT description for the rejected load or the residue in Item 9 (U.S. DOT Description) of the new manifest and write the container types, quantity, and volume(s) of waste.

(6) Sign the Generator's/Officer's Certification to certify, as offeror of the shipment, that the waste has been properly packaged, marked, and labeled and is in proper condition for transportation.

(7) For full load rejections that are made while the transporter remains at the facility, the facility may return the shipment to the generator with the original manifest by completing Item 18a and 18b of the manifest and supplying the generator's information in the Alternate Facility space. The facility shall retain a copy for its records and then give the remaining copies of the manifest to the transporter to

accompany the shipment. If the original manifest is not used, then the facility shall use a new manifest and comply with R315-8-5.4(f)(1), (2), (3), (4), (5), (6), and (8).

(8) For full or partial load rejections and container residues contained in non-empty containers that are returned to the generator, the facility must also comply with the exception reporting requirements in R315-5-4.42(a)(1).

(g) If a facility rejects a waste or identifies a container residue that exceeds the quantity limits for "empty" containers set forth in R315-2-7(b) after it has signed, dated, and returned a copy of the manifest to the delivering transporter or to the generator, the facility shall amend its copy of the manifest to indicate the rejected wastes or residues in the discrepancy space of the amended manifest. The facility shall also copy the manifest tracking number from Item 4 of the new manifest to the Discrepancy space of the amended manifest, and shall re-sign and date the manifest to certify to the information as amended. The facility shall retain the amended manifest for at least three years from the date of amendment, and shall within 30 days, send a copy of the amended manifest to the transporter and generator that received copies prior to their being amended.

5.5 AVAILABILITY, RETENTION, AND DISPOSITION OF RECORDS

(a) Records of waste disposal locations and quantities required to be maintained under R315-8-5.3, which incorporates by reference 40 CFR 264.73(b)(2) shall be submitted to the Director and local land authority upon closure of the facility.

(b) The retention period for all records required under this section is extended automatically during the course of any unresolved enforcement action regarding the facility or as requested by the Director.

(c) All records, including plans, required under R315-8 shall be furnished upon request, and made available at all reasonable times for inspection.

5.6 BIENNIAL REPORT

Owners or operators of facilities that treat, store, or dispose of hazardous waste shall prepare and submit a single copy of an biennial report to the Director by March 1 of each even numbered year. The biennial report shall be submitted on EPA form 8700-13B. The biennial report shall cover facility activities during the previous calendar year and shall include the following information:

(a) The EPA identification number, name, and address of the facility;

(b) The calendar year covered by the report;

(c) For off-site facilities, the EPA identification number of each hazardous waste generator from which a hazardous waste was received during the year; for imported shipments, the name and address of the foreign generator shall be given in the report;

(d) A description and the quantity of each hazardous waste received by the facility during the year. For off-site facilities, this information shall be listed by EPA identification number of each generator;

(e) The method(s) of treatment, storage, or disposal for each hazardous waste; and

(f) The most recent closure cost estimate under R315-8-8, which incorporates by reference 40 CFR 264.140 - 264.151, and for disposal facilities, the most recent post-closure cost estimate under R315-8-8, which incorporates by reference 40 CFR 264.140 - 264.151; and

(g) For generators who treat, store, or dispose of hazardous waste on-site, a description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated;

(h) For generators who treat, store, or dispose of hazardous waste on-site, a description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent the information is available for the years prior to 1984;

(i) The certification signed by the owner or operator of the

facility or his authorized representative.

5.7 UNMANIFESTED WASTE REPORT

(a) If a facility accepts for treatment, storage, or disposal any hazardous waste from an off-site source without an accompanying manifest, or without an accompanying shipping paper as described in R315-6-2.20(e)(2), and if the waste is not excluded from the manifest requirement of R315, then the owner or operator shall prepare and submit a letter to the Director within 15 days of the receipt of the waste. The unmanifested waste report shall include the following information:

(1) The EPA identification number, name, and address of the facility;

(2) The date of receipt of the waste;

(3) The EPA identification number, name and address of the generator and the transporter, if available;

(4) A description and the quantity of each unmanifested hazardous waste the facility received;

(5) The method of treatment, storage, or disposal for each hazardous waste;

(6) The certification signed by the owner or operator of the facility or his authorized representative; and

(7) A brief explanation of why the waste was unmanifested, if known.

5.8 ADDITIONAL REPORTS

In addition to the biennial and unmanifested waste reporting requirements described in R315-8-5.6 and R315-8, a facility owner operator shall also report the following to the Director:

(a) Discharges, fires, and explosions as specified in R315-8-4.7(j);

(b) Upon its request, all information as the Director may deem necessary to determine compliance with the requirements of R315-8;

(c) Facility closure as specified in R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120; and

(d) As otherwise required in R315-8-6, R315-8-11, R315-8-12, R315-8-13, R315-8-14, R315-8-17, which incorporates by reference 40 CFR 264.1030 - 264.1036, R315-8-18, which incorporates by reference 40 CFR 264.1050 - 264.1065, and R315-8-22, which incorporates by reference 40 CFR 264.1080 - 264.1090.

R315-8-6. Groundwater Protection.

6.1 APPLICABILITY

(a)(1) Except as provided in R315-8-6.1(b), R315-8-6 applies to owners or operators of facilities that treat, store or dispose of hazardous waste. The owner or operator shall satisfy the requirements identified in R315-8-6.1(a)(2) for all wastes, or constituents thereof, contained in solid waste management units at the facility, regardless of the time at which waste was placed in the units.

(2) All solid waste management units shall comply with the requirements in R315-8-6.12. A surface impoundment, waste pile, and land treatment unit or landfill that receives hazardous waste after July 26, 1982, hereinafter referred to as a "regulated unit", shall comply with the requirements of R315-8-6.2 through R315-8-6.11 in lieu of R315-8-6.12 for purposes of detecting, characterizing and responding to releases to the uppermost aquifer. The financial responsibility requirements of R315-8-6.12 apply to regulated units.

(3) Groundwater monitoring shall be required at non-land disposal facilities as determined to be necessary and appropriate by the Director.

(b) The owner or operator's regulated unit or units are not subject to regulation for releases into the uppermost aquifer under R315-8-6 if:

(1) The owner or operator is exempted under R315-8-1(e) or

- (2) He operates a unit which the Director finds:
- (i) Is an engineered structure.
 - (ii) Does not receive or contain liquid waste or waste containing free liquid.
 - (iii) Is designed and operated to exclude liquid, precipitation, and other run-on and run-off.
 - (iv) Has both inner and outer layers of containment enclosing the waste.
 - (v) Has a leak detection system built into each containment layer.
 - (vi) The owner or operator will provide continuing operation and maintenance of these leak detection systems during the active life of the unit and the closure and post-closure care periods, and
 - (vii) To a reasonable degree of certainty, will not allow hazardous constituents to migrate beyond the outer containment layer prior to the end of the post-closure care period.
- (3) The Director finds pursuant to R315-8-13.11(d) that the treatment zone of a land treatment unit that qualifies as a regulated unit does not contain levels of hazardous constituents that are above background levels of those constituents by an amount that is statistically significant, and if an unsaturated zone monitoring program meeting the requirements of R315-8-13.9 has not shown a statistically significant increase in hazardous constituents below the treatment zone during the operating life of the unit. An exemption under this paragraph can only relieve an owner or operator of responsibility to meet the requirements of this subpart during the post-closure care period; or
- (4) The Director finds that there is no potential for migration of liquid from a regulated unit to the uppermost aquifer during the active life of the regulated unit, including the closure period and the post-closure care period specified under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120. This demonstration shall be certified by a qualified geologist or geotechnical engineer. In order to provide an adequate margin of safety in the prediction of potential migration of liquid, the owner or operator shall base any predictions made under this paragraph on assumptions that maximize the rate of liquid migration.
- (5) He designs and operates a waste pile in compliance with R315-8-12.1(c).
- (c) The regulations under this section apply during the active life of the regulated unit, including the closure period. After closure of the regulated unit, the regulations in this section:
- (1) Do not apply if the waste, waste residues, contaminated containment system components, and contaminated soils are removed or decontaminated at closure;
 - (2) Apply during the post-closure care period under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264-120, if the owner or operator is conducting a detection monitoring program under R315-8-6.9;
 - (3) Apply during the compliance period under R315-8-6.7 the owner is conducting a compliance monitoring program under R315-8-6.10 or a corrective action program under R315-8-6.11.
 - (d) Requirements in this section may apply to miscellaneous units when necessary to comply with R315-8-24, which incorporates by reference 40 CFR 264.601 - 264.603.
 - (e) The regulations of R315-8-6 apply to all owners and operators subject to the requirements of R315-3-1.1(e)(7), when the Director issues either a post-closure permit or an enforceable document, as defined in R315-3-1.1(e)(7), at the facility. When the Director issues an enforceable document, references in R315-8-6 to "in the permit" mean "in the enforceable document."
 - (f) The Director may replace all or part of the requirements of R315-8-6.2 through R315-8-6.11 applying to a regulated unit with alternative requirements for groundwater monitoring and

corrective action for releases to groundwater set out in the permit, or in an enforceable document, as defined in R315-3-1.1(e)(7) where the Director determines that:

(1) The regulated unit is situated among solid waste management units, or areas of concern, a release has occurred, and both the regulated unit and one or more solid waste management unit(s), or areas of concern, are likely to have contributed to the release; and

(2) It is not necessary to apply the groundwater monitoring and corrective action requirements of R315-8-6.2 through R315-8-6.11 because alternative requirements will protect human health and the environment.

6.2 REQUIRED PROGRAMS

(a) Owners and operators subject to this section shall conduct a monitoring and response program as follows:

(1) Whenever hazardous constituents under R315-8-6.4, from a regulated unit are detected at the compliance point under R315-8-6.6, the owner or operator shall institute a compliance monitoring program under R315-8-6.10. Detected is defined as statistically significant evidence of contamination as described in R315-8-6.9(f);

(2) Whenever the groundwater protection standard under R315-8-6.3, is exceeded, the owner or operator shall institute a corrective action program under R315-8-6.11. "Exceeded" is defined as statistically significant evidence of increased contamination as described in R315-8-6.10(d);

(3) Whenever hazardous constituents under R315-8-6.4, from a regulated unit exceed concentration limits under R315-8-6.5 in groundwater between the compliance point under R315-8-6.6 and the downgradient facility property boundary, the owner or operator shall institute a corrective action program under R315-8-6.11; or

(4) In all other cases, the owner or operator shall institute a detection monitoring program under R315-8-6.9.

(b) The Director will specify in the facility permit the specific elements of the monitoring and response program. The Director may include one or more of the programs identified in R315-8-6.2(a) in the facility permit as may be necessary to protect human health and the environment and will specify the circumstances under which each of the programs will be required. In deciding whether to require the owner or operator to be prepared to institute a particular program, the Director will consider the potential adverse effects on human health and the environment that might occur before final administrative action on a permit modification application to incorporate this type of a program could be taken.

6.3 GROUNDWATER PROTECTION STANDARD

The owner or operator shall comply with conditions specified in the facility permit that are designed to ensure that hazardous constituents under R315-8-6.4 that are detected in the groundwater from a regulated unit do not exceed the concentration limits under R315-8-6.5 in the uppermost aquifer underlying the waste management area beyond the point of compliance under R315-8-6.6 during the compliance period under R315-8-6.7. The Director will establish this groundwater protection standard in the facility permit when hazardous constituents have been detected in the groundwater.

6.4 HAZARDOUS CONSTITUENTS

(a) The Director will specify in the facility permit the hazardous constituents to which the groundwater protection standard of R315-8-6.3 applies. Hazardous constituents are constituents identified in R315-50-10, which incorporates by reference 40 CFR 261, Appendix VIII, that have been detected in groundwater in the uppermost aquifer underlying a regulated unit and that are reasonably expected to be in or derived from waste contained in a regulated unit, unless the Director has excluded them under paragraph 8.6.4(b).

(b) The Director will exclude an R315-50-10 constituent from the list of hazardous constituents specified in the facility

permit if he finds that the constituent is not capable of posing a substantial present or potential hazard to human health or the environment. In deciding whether to grant an exemption, the Director will consider the following:

(1) Potential adverse effects on groundwater quality, considering:

(i) The physical and chemical characteristics of the waste in the regulated unit, including its potential for migration;

(ii) The hydrogeological characteristics of the facility and surrounding land;

(iii) The quantity of groundwater and the direction of groundwater flow;

(iv) The proximity and withdrawal rates of groundwater users;

(v) The current and future uses of groundwater in the area;

(vi) The existing quality of groundwater, including other sources of contamination and their cumulative impact on the groundwater quality;

(vii) The potential for health risks caused by human exposure to waste constituents;

(viii) The potential damage to wildlife, crops, vegetation, and physical structures caused by exposure to waste constituents;

(ix) The persistence and permanence of the potential adverse effects; and

(2) Potential adverse effects on hydraulically-connected surface water quality, considering:

(i) The volume and physical and chemical characteristics of the waste in the regulated unit;

(ii) The hydrogeological characteristics of the facility and surrounding land;

(iii) The quantity and quality of groundwater and the direction of groundwater flow;

(iv) The patterns of rainfall in the region;

(v) The proximity of the regulated unit to surface waters;

(vi) The current and future uses of surface waters in the area and any water quality standards established for those surface waters;

(vii) The existing quality of surface water, including other sources of contamination and the cumulative impact on surface water quality;

(viii) The potential for health risks caused by human exposure to waste constituents;

(ix) The potential damage to wildlife, crops, vegetation, and physical structures caused by exposure to waste constituents; and

(x) The persistence and permanence of the potential adverse effects.

(c) In making any determination under R315-8-6.4(b) about the use of groundwater in the area around the facility, the Director will consider any identification of underground sources of drinking water.

6.5 CONCENTRATION LIMITS

(a) The Director will specify in the facility permit concentration limits in the groundwater for hazardous constituents established under R315-8-6.4. The concentration of a hazardous constituent:

(1) Shall not exceed the background level of that constituent in the groundwater at the time that limit is specified in the permit; or

(2) For any of the constituents listed in Table 1, shall not exceed the respective value given in that Table if the background level of the constituent is below the value given in Table 1; or

Arsenic		0.05
Barium		1.0
Cadmium		0.01
Chromium		0.05
Lead		0.05
Mercury		0.002
Selenium		0.01
Silver		0.05
Endrin	(1,2,3,4,10,10-hexachloro-1,7-epoxy-1,4,4a,5,6,7,8,9a-octahydro-1,4-endo,endo-5,8-dimethano naphthalene)	0.0002
Lindane	(1,2,3,4,5,6,-hexachlorocyclohexane, gamma isomer)	0.004
Methoxychlor	(1,1,1-Trichloro-2,2-bis (p-methoxyphenylethane)	0.1
Toxaphene	(C10H10Cl8, Technical chlorinated camphene, 67-69 percent chlorine)	0.005
2,4-D	(2,4-Dichlorophenoxyacetic acid)	0.1
2,4,5-TP Silvex	(2,4,5-Trichlorophenoxypropionic acid)	0.01

(1) Milligrams per liter

(3) Shall not exceed an alternate limit established by the Director under R315-8-6.5(b).

(b) The Director will establish an alternate concentration limit for a hazardous constituent if they find that the constituent will not pose a substantial present or potential hazard to human health or the environment as long as the alternate concentration limit is not exceeded. In establishing alternate concentration limits, the Director will consider the following factors:

(1) Potential adverse effects on groundwater quality, considering:

(i) The physical and chemical characteristics of the waste in the regulated unit, including its potential for migration;

(ii) The hydrogeological characteristics of the facility and surrounding land;

(iii) The quantity of groundwater and the direction of groundwater flow;

(iv) The proximity and withdrawal rates of groundwater users;

(v) The current and future uses of groundwater in the area;

(vi) The existing quality of groundwater, including other sources of contamination and their cumulative impact on the groundwater quality;

(vii) The potential for health risks caused by human exposure to waste constituents;

(viii) The potential damage to wildlife, crops, vegetation, and physical structures caused by exposure to waste constituents;

(ix) The persistence and permanence of the potential adverse effects; and

(2) Potential adverse effects on hydraulically connected surface water quality, considering:

(i) The volume and physical and chemical characteristics of the waste in the regulated unit;

(ii) The hydrogeological characteristics of the facility and surrounding land;

(iii) The quantity and quality of groundwater, and the direction of groundwater flow;

(iv) The patterns of rainfall in the region;

TABLE 1
Maximum Concentration of Constituents for Groundwater Protection

CONSTITUENT	MAXIMUM CONCENTRATION (1)
-------------	---------------------------

(v) The proximity of the regulated unit to surface waters;
 (vi) The current and future uses of surface waters in the area and any water quality standards established for those surface waters;

(vii) The existing quality of surface water, including other sources of contamination and the cumulative impact on surface water quality;

(viii) The potential for health risks caused by human exposure to waste constituents;

(ix) The potential damage to wildlife, crops, vegetation, and physical structures caused by exposure to waste constituents; and

(x) The persistence and permanence of the potential adverse effects.

(c) In making any determination under R315-8-6.5(b) about the use of groundwater in the area around the facility the Director will consider any identification of underground sources of drinking water.

6.6 POINT OF COMPLIANCE

(a) The Director will specify in the facility permit the point of compliance at which the groundwater protection standard of R315-8-6.3 applies and at which monitoring shall be conducted. The point of compliance is a vertical surface located at the hydraulically downgradient limit of the waste management area that extends down into the uppermost aquifer underlying the regulated units.

(b) The waste management area is the limit projected in the horizontal plane of the area on which waste will be placed during the active life of a regulated unit.

(1) The waste management area includes horizontal space taken up by any liner, dike, or other barrier designed to contain waste in a regulated unit.

(2) If the facility contains more than one regulated unit, the waste management area is described by an imaginary line circumscribing the several regulated units.

6.7 COMPLIANCE PERIOD

(a) The Director will specify in the facility permit the compliance period during which the groundwater protection standard of R315-8-6.3 applies. The compliance period is the number of years equal to the active life of the waste management area, including any waste management activity prior to permit and the closure period.

(b) The compliance period begins when the owner or operator initiates a compliance monitoring program meeting the requirements of R315-8-6.9.

(c) If the owner or operator is engaged in a corrective action program at the end of the compliance period specified in R315-8-6.7(a), the compliance period is extended until the owner or operator can demonstrate that the groundwater protection standard of R315-8-6.3 has not been exceeded for a period of three consecutive years.

6.8 GENERAL GROUNDWATER MONITORING REQUIREMENTS

The owner or operator shall comply with the following requirements for any groundwater monitoring program developed to satisfy R315-8-6.9, R315-8-6.10, or R315-8-6.11:

(a) The groundwater monitoring system shall consist of a sufficient number of wells, installed at appropriate locations and depths to yield groundwater samples from the uppermost aquifer that:

(1) Represent the quality of background water that has not been affected by leakage from a regulated unit;

(i) A determination of background quality may include sampling of wells that are not hydraulically upgradient of the waste management area where:

(A) hydrogeologic conditions do not allow the owner or operator to determine what wells are hydraulically upgradient; and

(B) Sampling at other wells will provide an indication of

background groundwater quality that is representative or more representative than that provided by the upgradient wells;

(2) represent the quality of groundwater passing the point of compliance; and

(3) allow for the detection of contamination when hazardous waste or hazardous constituents have migrated from the waste management area to the uppermost aquifer.

(b) If a facility contains more than one regulated unit, separate groundwater monitoring systems are not required for each regulated unit provided that provisions for sampling the groundwater in the uppermost aquifer will enable detection and measurement at the compliance point of hazardous constituents from the regulated units that have entered the groundwater in the uppermost aquifer.

(c) All monitoring wells shall be cased in a manner that maintains the integrity of the monitoring well bore hole. This casing shall be screened or perforated and packed with gravel or sand, where necessary, to enable collection of groundwater samples. The annular space, i.e., the space between the bore hole and well casing, above the sampling depth shall be sealed to prevent contamination of samples and the groundwater.

(d) The groundwater monitoring program shall include consistent sampling and analysis procedures that are designed to ensure monitoring results that provide a reliable indication of groundwater quality below the waste management area. At a minimum the program shall include procedures and techniques for:

(1) Sample collection;

(2) Sample preservation and shipment;

(3) Analytical procedures; and

(4) Chain of custody control.

(e) The groundwater monitoring program shall include sampling and analytical methods that are appropriate for groundwater sampling and that accurately measure hazardous constituents in groundwater samples.

(f) The groundwater monitoring program shall include a determination of the groundwater surface elevation each time groundwater is sampled.

(g) In detection monitoring or where appropriate in compliance monitoring, data on each hazardous constituent specified in the permit will be collected from background wells and wells at the compliance point. The number and kinds of samples collected to establish background shall be appropriate for the form of statistical test employed, following generally accepted statistical principles. The sample size should be as large as necessary to ensure with reasonable confidence that a contaminant release to groundwater from a facility will be detected. The owner or operator will determine an appropriate sampling procedure and interval for each hazardous constituent listed in the facility permit which shall be specified in the unit permit upon approval by the Director. This sampling procedure should be:

(1) a sequence of at least four samples, taken at an interval that assures, to the greatest extent technically feasible, that an independent sample is obtained, by reference to the uppermost aquifer's effective porosity, hydraulic conductivity, and hydraulic gradient, and the fate and transport characteristics of the potential contaminants; or

(2) an alternate sampling procedure proposed by the owner or operator and approved by the Director.

(h) The owner or operator will specify one of the following statistical methods to be used in evaluating groundwater monitoring data for each hazardous constituent, upon approval by the Director, will be specified in the unit permit. The statistical test chosen shall be conducted separately for each hazardous constituent in each well. Where practical quantification limits, pql's, are used in any of the following statistical procedures to comply with R315-8-6.8(i)(5), the pql shall be proposed by the owner or operator and approved by the

Director. Use of any of the following statistical methods shall be protective of human health and the environment and shall comply with the performance standards outlined in R315-8-6.8(i).

(1) a parametric analysis of variance, ANOVA, followed by multiple comparisons procedures to identify statistical significant evidence of contamination. The method shall include estimation and testing of the contrasts between each compliance well's mean and the background mean levels for each constituent;

(2) an analysis of variance, ANOVA, based on ranks followed by multiple comparisons procedures to identify statistical significant evidence of contamination. The method shall include estimation and testing of the contrasts between compliance well's median and the background median levels for each constituent;

(3) a tolerance or prediction interval procedure in which an interval for each constituent is established from the distribution of the background data, and the level of each constituent in each compliance well is compared to the upper tolerance or prediction limit;

(4) a control chart approach that gives control limits for each constituent;

(5) another statistical test method submitted by the owner or operator and approved by the Director.

(i) Any statistical method chosen under R315-8-6.8(h) for specification in the unit permit shall comply with the following performance standards, as appropriate:

(1) The statistical method used to evaluate groundwater monitoring data shall be appropriate for the distribution of chemical parameters or hazardous constituents. If the distribution of the chemical parameters or hazardous constituents is shown by the owner or operator to be inappropriate for a normal theory test, then the data should be transformed or a distribution-free theory test should be used. If the distributions for the constituents differ, more than one statistical method may be needed.

(2) If an individual well comparison procedure is used to compare an individual compliance well constituent concentration with background constituent concentrations or a groundwater protection standard, the test shall be done at a Type I error level no less than 0.01 for each testing period. If a multiple comparisons procedure is used, the Type I experimentwise error rate for each testing period shall be no less than 0.05; however, the Type I error of no less than 0.01 for individual well comparisons shall be maintained. This performance standard does not apply to tolerance intervals, predictions intervals or control charts.

(3) If a control chart approach is used to evaluate groundwater monitoring data, the specific type of control chart and its associated parameter values shall be proposed by the owner or operator and approved by the Director if he finds it to be protective of human health and the environment.

(4) If a tolerance interval or a prediction interval is used to evaluate groundwater monitoring data, the levels of confidence and, for tolerance intervals, the percentage of the population that the interval shall contain, shall be proposed by the owner or operator and approved by the Director if he finds these parameters to be protective of human health and the environment. These parameters will be determined after considering the number of samples in the background data base, the data distribution, and the range of the concentration values for each constituent of concern.

(5) The statistical method shall account for data below the limit of detection with one or more statistical procedures that are protective of human health and the environment. Any practical quantification limit, pql, approved by the Director under R315-8-6.8(h) that is used in the statistical method shall be the lowest concentration level that can be reliably achieved within

specified limits of precision and accuracy during routine laboratory operating conditions that are available to the facility.

(6) If necessary, the statistical method shall include procedures to control or correct for seasonal and spatial variability as well as temporal correlation in the data.

(j) Groundwater monitoring data collected in accordance with R315-8-6.8(g) including actual levels of constituents shall be maintained in the facility operating record. The Director will specify in the permit when the data shall be submitted for review.

6.9 DETECTION MONITORING PROGRAM

An owner or operator required to establish a detection monitoring program under this section shall, at a minimum, discharge the following responsibilities:

(a) The owner or operator shall monitor for indicator parameters, e.g., specific conductance, pH, total organic carbon, or total organic halogen, waste constituents, or reaction products that provide a reliable indication of the presence of hazardous constituents in groundwater. The Director will specify the parameters or constituents to be monitored in the facility permit after considering the following factors:

(1) The types, quantities, and concentrations of constituents in wastes managed at the regulated unit;

(2) The mobility, stability, and persistence of waste constituents or their reaction products in the unsaturated zone beneath the waste management area;

(3) The detectability of indicator parameters, waste constituents, and reaction products in groundwater; and

(4) The concentrations or values and coefficients of variation of proposed monitoring parameters or constituents in the groundwater background.

(b) The owner or operator shall install a groundwater monitoring system at the compliance point as specified under R315-8-6.6. The groundwater monitoring system shall comply with R315-8-6.8(a)(2), (b), and (c).

(c) The owner or operator shall conduct a groundwater monitoring program for each chemical parameter and hazardous constituent specified in the permit pursuant to R315-8-6.9(a) in accordance with R315-8-6.9(g). The owner or operator shall maintain a record of groundwater analytical data as measured and in a form necessary for the determination of statistical significance under R315-8-6.8(h).

(d) The Director will specify the frequencies for collecting samples and conducting statistical tests to determine whether there is statistically significant evidence of contamination for any parameter or hazardous constituent specified in the permit under R315-8-6.9(a) in accordance with R315-8-6.8(g). A sequence of at least four samples from each well, background and compliance wells, shall be collected at least semiannually during detection monitoring.

(e) The owner or operator shall determine the groundwater flow rate and direction in the uppermost aquifer at least annually.

(f) The owner or operator shall determine whether there is statistically significant evidence of contamination for any chemical parameter of hazardous constituent specified in the permit pursuant to R315-8-6.9(a) at a frequency specified under R315-8-6.9(d).

(1) In determining whether statistically significant evidence of contamination exists, the owner or operator shall use the method specified in the permit under R315-8-6.8(h). This method shall compare data collected at the compliance point to the background groundwater quality data.

(2) The owner or operator shall determine whether there is statistically significant evidence of contamination at each monitoring well as the compliance point within a reasonable period of time after completion of sampling. The Director will specify in the facility permit what period of time is reasonable, after considering the complexity of the statistical test and the

availability of laboratory facilities to perform the analysis of groundwater samples.

(g) If the owner or operator determines pursuant to R315-8-6.9(f) that there is statistically significant evidence of contamination for chemical parameters of hazardous constituents specified pursuant to R315-8-6.9(a) at any monitoring well at the compliance point, he shall:

(1) notify the Director of this finding in writing within seven days. The notification shall indicate what chemical parameters or hazardous constituents have shown statistically significant evidence of contamination;

(2) immediately sample the groundwater in all monitoring wells and determine whether constituents in the list of R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, are present, and if so, in what concentration;

(3) for any R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, compounds found in the analysis pursuant to R315-8-6.9(g)(2), the owner or operator may resample within one month and repeat the analysis for these compounds detected. If the results for the second analysis confirm the initial results, then these constituents will form the basis for compliance monitoring. If the owner or operator does not resample for the compounds found pursuant to R315-8-6.9(g)(2), the hazardous constituents found during this initial R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, analysis will form the basis for compliance monitoring;

(4) within 90 days, submit to the Director an application for a permit modification to establish a compliance monitoring program meeting the requirements of R315-8-6.10. The application shall include the following information;

(i) an identification of the concentration of any R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, constituent detected in the groundwater at each monitoring well at the compliance point;

(ii) any proposed changes to the groundwater monitoring system at the facility necessary to meet the requirements of R315-8-6.10;

(iii) any proposed additions or changes to the monitoring frequency, sampling and analysis procedures or methods, or statistical methods used at the facility necessary to meet the requirements of R315-8-6.10;

(iv) for each hazardous constituent detected at the compliance point, a proposed concentration limit under R315-8-6.10(a)(1) or (2), or a notice of intent to seek an alternate concentration limit under R315-8-6.5(b); and

(5) within 180 days, submit to the Director:

(i) all data necessary to justify an alternate concentration limit sought under R315-8-6.5(b); and

(ii) an engineering feasibility plan for a corrective action program necessary to meet the requirement of R315-8-6.11, unless:

(A) all hazardous constituents identified under R315-8-6.9(g)(2) are listed in R315-8-6.5, Table 1 and their concentrations do not exceed their respective values given in that table; or

(B) the owner or operator has sought an alternate concentration limit under R315-8-6.5(b) for every hazardous constituent identified under R315-8-6.9(g)(2).

(6) If the owner or operator determines, pursuant to R315-8-6.9(f), that there is a statistically significant difference for chemical parameters or hazardous constituents specified pursuant to R315-8-6.9(a) at any monitoring well at the compliance point, he may demonstrate that a source other than a regulated unit caused the contamination or that the detection is an artifact caused by an error in sampling, analysis, or statistical evaluation or natural variation in the groundwater. The owner or operator may make a demonstration under R315-8-6.9(g)(6) in addition to, or in lieu of, submitting a permit

modification application under R315-8-6.9(g)(4); however, the owner or operator is not relieved of the requirement to submit a permit modification application within the time specified in R315-8-6.9(g)(4) unless the demonstration made under R315-8-6.9(g)(6) successfully shows that a source other than the regulated unit caused the increase, or that the increase resulted from error in sampling, analysis, or evaluation. In making a demonstration under R315-8-6.9(g)(6), the owner or operator shall:

(i) notify the Director in writing within seven days of determining statistically significant evidence of contamination at the compliance point that he intends to make a demonstration under this paragraph;

(ii) within 90 days, submit a report to the Director which demonstrates that a source other than a regulated unit caused the contamination or that the contamination resulted from error in sampling, analysis, or evaluation;

(iii) within 90 days, submit to the Director an application for a permit modification to make any appropriate changes to the detection monitoring program facility; and

(iv) continue to monitor in accordance with the detection monitoring program established under R315-8-6.9.

(h) If the owner or operator determines that the detection monitoring program no longer satisfies the requirements of this section, he shall, within 90 days, submit an application for a permit modification to make any appropriate changes to the program.

6.10 COMPLIANCE MONITORING PROGRAM

An owner or operator required to establish a compliance monitoring program under this section shall, at a minimum, discharge the following responsibilities:

(a) The owner or operator shall monitor the groundwater to determine whether regulated units are in compliance with the groundwater protection standard under R315-8-6.3. The Director will specify the groundwater protection standard in the facility permit including:

(1) A list of the hazardous constituents identified under R315-8-6.4;

(2) Concentration limits under R315-8-6.5 for each of those hazardous constituents;

(3) The compliance point under R315-8-6.6;

(4) The compliance period under R315-8-6.7.

(b) The owner or operator shall install a groundwater monitoring system at the compliance point as specified under R315-8-6.6. The groundwater monitoring system shall comply with R315-8-6.8(a)(2), (b) and (c).

(c) The Director will specify the sampling procedures and statistical methods appropriate for the constituents and the facility, consistent with R315-8-6.8(g) and (h).

(1) The owner or operator shall conduct a sampling program for each chemical parameter or hazardous waste constituent in accordance with R315-8-6.8(g).

(2) The owner or operator shall record groundwater analytical data as measured and in form necessary for the determination of statistical significance under R315-8-6.8(h) for the compliance period of the facility.

(d) The owner or operator shall determine whether there is statistically significant evidence of increased contamination for any chemical parameter or hazardous constituent specified in the permit, pursuant to R315-8-6.10(a), at a frequency specified under R315-8-6.10(f).

(1) In determining whether statistically significant evidence of increased contamination exists, the owner or operator shall use the method specified in the permit under R315-8-6.5. The method shall compare data collected at the compliance point to a concentration limit developed in accordance with R315-8-6.8(h).

(2) The owner or operator shall determine whether there is statistically significant evidence of increase contamination at

each monitoring well at the compliance point within a reasonable time period after completion of sampling. The Director will specify that time period in the facility permit, after considering the complexity of the statistical test and the availability of laboratory facilities to perform the analysis of groundwater samples.

(e) The owner or operator shall determine the groundwater flow rate and direction in the uppermost aquifer at least annually.

(f) The Director will specify the frequencies for collecting samples and conducting statistical tests to determine statistically significant evidence of increased contamination in accordance with R315-8-6.8(g).

(g) The owner or operator shall analyze samples from all monitoring wells at the compliance point for all constituents contained in R315-50-14, which incorporates by reference 40 CFR, Appendix IX, at least annually to determine whether additional hazardous constituents are present in the uppermost aquifer and, if so, at what concentration, pursuant to procedures in R315-8-6.9(f). If the owner or operator finds R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, constituents in the groundwater that are not already identified in the permit as monitoring constituents, the owner or operator may resample within one month and repeat the R315-50-14, which incorporates by reference 40 CFR 264, Appendix IX, analysis. If the second analysis confirms the presence of new constituents, the owner or operator shall report the concentration of these additional constituents to the Director within seven days after the completion of the second analysis and add them to the monitoring list. If the owner or operator chooses not to resample, then he shall report the concentrations of these additional constituents to the Director within seven days after completion of the initial analysis and add them to the monitoring list.

(h) If the owner or operator determines pursuant to R315-8-6.10(d) that any concentration limits under R315-8-6.5 are being exceeded at any monitoring well at the point of compliance he shall:

(1) Notify the Director of this finding in writing within seven days. The notification shall indicate which concentration limits have been exceeded;

(2) Submit to the Director an application for a permit modification to establish a corrective action program meeting the requirements of R315-8-6.11, within 180 days, or within 90 days if an engineering feasibility study has been previously submitted to the Director under R315-8-6.9(h)(5). The application shall at a minimum include the following information:

(i) A detailed description of corrective actions that will achieve compliance with the groundwater protection standard specified in the permit under R315-8-6.10(a); and

(ii) A plan for a groundwater monitoring program that will demonstrate the effectiveness of the corrective action. The groundwater monitoring program may be based on a compliance monitoring program developed to meet the requirements of this section.

(i) If the owner or operator determines, pursuant to R315-8-6.10(d), that the groundwater concentration limits under R315-8-6.10 are being exceeded at any monitoring well at the point of compliance, he may demonstrate that a source other than a regulated unit caused the contamination or that the detection is an artifact caused by an error in sampling, analysis, or statistical evaluation or natural variation in the groundwater. In making a demonstration under R315-8-6.10(i), the owner or operator shall:

(1) Notify the Director in writing within seven days that he intends to make a demonstration under R315-8-6.10(i);

(2) Within 90 days, submit a report to the Director which demonstrates that a source other than a regulated unit caused the

standard to be exceeded or that the apparent noncompliance with the standards resulted from error in sampling, analysis, or evaluation;

(3) Within 90 days, submit to the Director an application for a permit modification to make any appropriate changes to the compliance monitoring program at the facility; and

(4) Continue to monitor in accord with the compliance monitoring program established under this section.

(j) If the owner or operator determines that the compliance monitoring program no longer satisfies the requirements of this section, he shall within 90 days, submit an application for a permit modification to make any appropriate changes to the program.

6.11 CORRECTIVE ACTION PROGRAM

An owner or operator required to establish a corrective action program under this section shall, at a minimum, discharge the following responsibilities:

(a) The owner or operator shall take corrective action to ensure that regulated units are in compliance with the groundwater protection standard under R315-8-6.3. The Director will specify the groundwater protection standard in the facility permit, including:

(1) A list of hazardous constituents identified under R315-8-6.4;

(2) Concentration limits under R315-8-6.5 for each of those hazardous constituents;

(3) The compliance point under R315-8-6.6; and

(4) The compliance period under R315-8-6.7.

(b) The owner or operator shall implement a corrective action program that prevents hazardous constituents from exceeding their respective concentration limits at the compliance point by removing the hazardous waste constituents or treating them in place. The permit will specify the specific measures that will be taken.

(c) The owner or operator shall begin corrective action within a reasonable time period after the groundwater protection standard is exceeded. The Director will specify that time period in the facility permit. If a facility permit includes a corrective action program in addition to a compliance monitoring program, the permit will specify when the corrective action will begin and the requirement will operate in lieu of R315-8-6.10(i)(2).

(d) In conjunction with a corrective action program, the owner or operator shall establish and implement a groundwater monitoring program to demonstrate the effectiveness of the corrective action program. The monitoring program may be based on the requirements for a compliance monitoring program under R315-8-6.10 and shall be as effective as that program in determining compliance with the groundwater protection standard under R315-8-6.3 and in determining the success of a corrective action program under R315-8-6.11(e), where appropriate.

(e) In addition to the other requirements of this section, the owner or operator shall conduct a corrective action program to remove or treat in place any hazardous constituents under R315-8-6.4 that exceed concentration limits under R315-8-6.5 in groundwater:

(1) between the compliance point under R315-8-6.6 and the downgradient facility property boundary; and

(2) beyond the facility boundary, where necessary to protect human health and the environment, unless the owner or operator demonstrates to the satisfaction of the Director that, despite the owner's or operator's best efforts, the owner or operator was unable to obtain the necessary permission to undertake the action. The owner or operator is not relieved of all responsibility to clean up a release that has migrated beyond the facility boundary where off-site access is denied. On-site measures to address the releases will be determined on a case-by-case basis.

(3) Corrective action measures under R315-8-6.11(e) shall

be initiated and completed within a reasonable period of time considering the extent of contamination.

(4) Corrective action measures under this paragraph may be terminated once the concentration of hazardous constituents under R315-8-6.4 is reduced to levels below their respective concentration limits under R315-8-6.5.

(f) The owner or operator shall continue corrective action measures during the compliance period to the extent necessary to ensure that the groundwater protection standard is not exceeded. If the owner or operator is conducting corrective action at the end of the compliance period, he shall continue that corrective action for as long as necessary to achieve compliance with the groundwater protection standard. The owner or operator may terminate corrective action measures taken beyond the period equal to the active life of the waste management area, including the closure period if he can demonstrate, based on data from the groundwater monitoring program under R315-8-6.11(d), that the groundwater protection standard of R315-8-6.3 has not been exceeded for a period of three consecutive years.

(g) The owner or operator shall report in writing to the Director on the effectiveness of the corrective action program. The owner or operator shall submit these reports semi-annually.

(h) If the owner or operator determines that the corrective action program no longer satisfies the requirements of this section, he shall within 90 days, submit an application for a permit modification to the program.

6.12 CORRECTIVE ACTION FOR SOLID WASTE MANAGEMENT UNITS

(a) The owner or operator of a facility seeking a permit for the treatment, storage or disposal of hazardous waste shall institute corrective action as necessary to protect human health and the environment for all releases of hazardous waste or constituents from any solid waste management unit at the facility, regardless of the time at which waste was placed in the unit.

(b) Corrective action will be specified in the permit in accordance with R315-8-6-12 and R315-8-21, which incorporates by reference 40 CFR 264.552 and 264.553. The permit will contain schedules of compliance for the corrective action, where such corrective action cannot be completed prior to issuance of the permit, and assurances of financial responsibility for completing the corrective action.

(c) The owner or operator shall implement corrective actions beyond the facility property boundary, where necessary to protect human health and the environment, unless the owner or operator demonstrates to the satisfaction of the Director that, despite the owner's or operator's best efforts, the owner or operator was unable to obtain the necessary permission to undertake the actions. The owner or operator is not relieved of all responsibility to clean up a release that has migrated beyond the facility boundary where off-site access is denied. On-site measures to address the releases will be determined on a case-by-case basis. Assurances of financial responsibility for corrective action shall be provided.

(d) This does not apply to remediation waste management sites unless they are part of a facility subject to a permit for treating, storing, or disposing of hazardous wastes that are not remediation wastes.

R315-8-7. Closure and Post Closure.

The requirements as found in 40 CFR subpart G, 264.110 - 264.120, 1998 ed., as amended by 63 FR 56710, October 22, 1998, are incorporated by reference with the following exceptions:

(a) substitute "Director" for all references made to "Regional Administrator".

(b) substitute R315-3 for all general reference made to 40 CFR 124 and 270.

(c) substitute "The Utah Solid and Hazardous Waste Act"

for all references made to the "Resource Conservation and Recovery Act" or "RCRA."

R315-8-8. Financial Requirements.

The requirements as found in 40 CFR subpart H, 264.140 - 264.151, 1998 ed., as amended by 63 FR 56710, October 22, 1998, are incorporated by reference with the following exceptions:

(a) substitute "Director" for all references to "Administrator" or "Regional Administrator".

(b) substitute "Director" for all references to "Agency" or "EPA."

(c) substitute "The Utah Solid and Hazardous Waste Act" for all references to the "Resource Conservation and Recovery Act" or "RCRA."

R315-8-9. Use and Management of Containers.

9.1 APPLICABILITY

The rules in this section apply to owners and operators of all hazardous waste facilities that store containers of hazardous waste, except as provided otherwise in R315-8-1.

Under R315-2-7 and R315-2-11, if a hazardous waste is emptied from a container the residue remaining in the container is not considered a hazardous waste if the container is "empty" as defined in R315-2-7. In that event, management of the container is exempt from the requirements of this section.

9.2 CONDITION OF CONTAINERS

If a container holding hazardous waste is not in good condition, e.g., severe rusting, apparent structural defects, or if it begins to leak, the owner or operator shall transfer the hazardous waste from this container to a container that is in good condition or manage the waste in some other way that complies with the requirements of this section.

9.3 COMPATIBILITY OF WASTE WITH CONTAINERS

The owner or operator shall use a container made of or lined with materials which will not react with, and are otherwise compatible with, the hazardous waste to be stored, so that the ability of the container to contain the waste is not impaired.

9.4 MANAGEMENT OF CONTAINERS

(a) A container holding hazardous waste shall always be closed during storage, except when it is necessary to add or remove waste.

(b) A container holding hazardous waste shall not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.

Reuse of containers in transportation is governed by U.S. Department of Transportation regulations including those set forth in 49 CFR 173.28.

9.5 INSPECTIONS

At least weekly, the owner or operator shall inspect areas where containers are stored, looking for leaking containers and for deterioration of containers and the containment system caused by corrosion or other factors. See R315-8-2.6(c) and R315-8-9.2 for remedial action required if deterioration or leaks are detected.

9.6 CONTAINMENT

(a) Container storage areas shall have a containment system that is designed and operated in accordance with R315-8-9.6(b), except as otherwise provided by R315-8-9.6(c).

(b) A containment system shall be designed and operated as follows:

(1) A base shall underlay the containers which is free of cracks or gaps and is sufficiently impervious to contain leaks, spills, and accumulated precipitation until the collected material is detected and removed;

(2) The base shall be sloped or the containment system shall be otherwise designed and operated to drain and remove liquids resulting from leaks, spills, or precipitation, unless the

containers are elevated or are otherwise protected from contact with accumulated liquids;

(3) The containment system shall have sufficient capacity to contain 10% of the volume of containers or the volume of the largest container, whichever is greater. Containers that do not contain free liquids need not be considered in this determination;

(4) Run-on into the containment system shall be prevented unless the collection system has sufficient excess capacity in addition to that required in R315-8-9.6(b)(3) to contain any run-on which might enter the system; and

(5) Spilled or leaked waste and accumulated precipitation shall be removed from the sump or collection area in as timely a manner as is necessary to prevent overflow of the collection system.

If the collected material is a hazardous waste under R315-2, it shall be managed as a hazardous waste in accordance with all applicable requirements of these rules. If the collected material is discharged through a point source to waters of the United States, it is subject to the requirements of section 402 of the Clean Water Act, as amended.

(c) Storage areas that store containers holding only wastes that do not contain free liquids need not have a containment system defined by R315-8-9.6(b), except as provided by R315-8-9.6(d) or provided that:

(1) The storage area is sloped or is otherwise designed and operated to drain and remove liquid resulting from precipitation, or

(2) The containers are elevated or are otherwise protected from contact with accumulated liquid.

(d) Storage areas that store containers holding the wastes listed below that do not contain free liquids shall have a containment system defined by R315-8-9.6(b):

(1) F020, F021, F022, F023, F026, and F027.

9.7 SPECIAL REQUIREMENTS FOR IGNITABLE OR REACTIVE WASTE

Containers holding ignitable or reactive waste shall be located at least 15 meters, 50 feet, from the facility's property line. See R315-8-2.8(a) for additional requirements.

9.8 SPECIAL REQUIREMENTS FOR INCOMPATIBLE WASTES

(a) Incompatible wastes, or incompatible wastes and materials, see 40 CFR 264, Appendix V for examples, shall not be placed in the same container, unless R315-8-2.8(b) is complied with.

(b) Hazardous waste shall not be placed in an unwashed container that previously held an incompatible waste or material. As required by R315-8-2.4, which incorporates by reference 40 CFR 264.13, the waste analysis plan shall include analyses needed to comply with R315-8-9.8(b). Also R315-8-2.8(c) requires waste analyses, trial tests or other documentation to assure compliance with R315-8-2.8(b). As required by R315-8-5.3, which incorporates by reference 40 CFR 264.73, the owner or operator shall place the results of each waste analysis and trial test, and any documented information, in the operating record of the facility.

(c) A storage container holding a hazardous waste that is incompatible with any waste or other materials stored nearby in other containers, piles, open tanks, or surface impoundments shall be separated from the other materials or protected from them by means of a dike, berm, wall, or other device. The purpose of this section is to prevent fires, explosions, gaseous emission, leaching, or other discharge of hazardous waste or hazardous waste constituents which could result from the mixing of incompatible wastes or materials if containers break or leak.

9.9 CLOSURE

At closure, all hazardous waste and hazardous waste residues shall be removed from the containment system.

Remaining containers, liners, bases, and soil containing or contaminated with hazardous waste or hazardous waste residues shall be decontaminated or removed.

At closure, as throughout the operating period, unless the owner or operator can demonstrate in accordance with R315-2-3(d) that the solid waste removed from the containment system is not a hazardous waste, the owner or operator becomes a generator of hazardous waste and shall manage it in accordance with all applicable requirements of these rules.

9.10 AIR EMISSION STANDARDS

The owner or operator shall manage all hazardous waste placed in a container in accordance with the applicable requirements of R315-8-17, which incorporates by reference 40 CFR subpart AA, R315-8-18, which incorporates by reference 40 CFR subpart BB, and R315-8-22, which incorporates by reference 40 CFR subpart CC.

R315-8-10. Tanks.

The requirements as found in 40 CFR 264, subpart J, 264.190 - 264.200, 1996 ed., as amended by 61 FR 59931, November 25, 1996, are adopted and incorporated by reference with the following exceptions:

(a) Substitute "Director" for all references to "Administrator" or "Regional Administrator" found in subpart J except paragraph 264.193(g) which should have "Regional Administrator" replaced by "Director".

(b) Add, following January 12, 1988, in 40 CFR 265.191(a), "or by December 16, 1988 for non-HSWA existing tank systems."

(c) Replace 40 CFR 265.193(a)(2) to (4) with the following corresponding paragraphs:

(1) For all HSWA existing tank systems used to store or treat EPA Hazardous Waste Nos. F020, F021, F022, F023, F026, and F027, within two years after January 12, 1987, or within two years after December 16, 1988 for non-HSWA existing tank systems;

(2) For those HSWA existing tank systems of known and documented age, within two years after January 12, 1987, or within two years after December 16, 1988 for non-HSWA existing tank systems, or when the tank system has reached 15 years of age, whichever comes later;

(3) For those HSWA existing tank systems for which the age cannot be documented, within eight years of January 12, 1987, or within eight years of December 16, 1988 for non-HSWA existing tank systems; but if the age of the facility is greater than seven years, secondary containment shall be provided by the time the facility reaches 15 years of age, or within two years of January 12, 1987, or within two years of December 16, 1988 for non-HSWA existing tank systems, whichever comes later; and

(d) Add, following the last January 12, 1987, in 40 CFR 265-193(a)(5), "or December 16, 1988 for non-HSWA tank systems."

R315-8-11. Surface Impoundments.

11.1 APPLICABILITY

The rules in this section apply to owners and operators of facilities that use surface impoundments to treat, store, or dispose of hazardous waste except as provided otherwise in R315-8-1.

11.2 DESIGN AND OPERATING REQUIREMENTS

(a) Any surface impoundment that is not covered by R315-8-11.2(f) or R315-7-18.9 shall have a liner for all portions of the impoundment, except for existing portions of such impoundments. The liner shall be designed, constructed, and installed to prevent any migration of wastes out of the impoundment to the adjacent subsurface soil or groundwater or surface water at any time during the active life, including the closure period, of the impoundment. The liner may be

constructed of materials that may allow wastes to migrate into the liner, but not into the adjacent subsurface soil or groundwater or surface water, during the active life of the facility, provided that the impoundment is closed in accordance with R315-8-11.5(a)(1). For impoundments that will be closed in accordance with R315-8-11.5(a)(2), the liner shall be constructed of materials that can prevent wastes from migrating into the liner during the active life of the facility. The liner shall be:

(1) Constructed of materials that have appropriate chemical properties and sufficient strength and thickness to prevent failure due to pressure gradients, including static head and external hydrogeologic forces, physical contact with the waste or leachate to which they are exposed, climatic conditions, the stress of installation, and the stress of daily operation;

(2) Placed upon a foundation or base capable of providing support to the liner and resistance to pressure gradients above and below the liner to prevent failure of the liner due to settlement, compression, or uplift; and

(3) Installed to cover all surrounding earth likely to be in contact with the waste or leachate.

(b) The owner or operator will be exempted from the requirements of R315-8-11.2(a) if the Director finds, based on a demonstration by the owner or operator, that alternate design and operating practices, together with location characteristics, will prevent the migration of any hazardous constituents, see R315-8-6.4, into the groundwater or surface water at any future time. In deciding whether to grant an exemption, the Director will consider:

(1) The nature and quantity of the wastes;

(2) The proposed alternate design and operation;

(3) The hydrogeologic setting of the facility, including the attenuative capacity and thickness of the liners and soils present between the impoundment and groundwater or surface water; and

(4) All other factors which would influence the quality and mobility of the leachate produced and the potential for it to migrate to groundwater or surface water.

(c) The owner or operator of each new surface impoundment unit on which construction commences after January 29, 1992, each lateral expansion of a surface impoundment unit on which construction commences after July 29, 1992 and each replacement of an existing surface impoundment unit that is to commence reuse after July 29, 1992 shall install two or more liners and a leachate collection and removal system between such liners. "Construction commences" is as defined in R315-1-1(b), which incorporates by reference 40 CFR 260.10, under "existing facility".

(1)(i) The liner system shall include:

(A) A top liner designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into such liner during the active life and post-closure care period; and

(B) A composite bottom liner, consisting of at least two components. The upper component shall be designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into this component during the active life and post-closure care period. The lower component shall be designed and constructed of materials to minimize the migration of hazardous constituents if a breach in the upper component were to occur. The lower component shall be constructed of at least three feet, 91 cm, of compacted soil material with a hydraulic conductivity of no more than 1×10^{-7} /cm/sec.

(ii) The liners shall comply with R315-8-11.2(a)(1)-(3).

(2) The leachate collection and removal system between the liners, and immediately above the bottom composite liner in the case of multiple leachate collection and removal systems, is also a leak detection system. This leak detection system shall be

capable of detecting, collecting, and removing leaks of hazardous constituents at the earliest practicable time through all areas of the top liner likely to be exposed to waste or leachate during the active life and post-closure care period. The requirements for a leak detection system in this paragraph are satisfied by installation of a system that is, at a minimum:

(i) Constructed with a bottom slope of one percent or more;

(ii) Constructed of granular drainage materials with a hydraulic conductivity of 1×10^{-1} /cm/sec or more and a thickness of 12 inches, 30.5 cm, or more; or constructed of synthetic or geonet drainage materials with a transmissivity of 3×10^{-4} /m²/sec or more;

(iii) Constructed of materials that are chemically resistant to the waste managed in the surface impoundment and the leachate expected to be generated, and of sufficient strength and thickness to prevent collapse under the pressures exerted by overlying wastes and any waste cover materials or equipment used at the surface impoundment;

(iv) Designed and operated to minimize clogging during the active life and post-closure care period; and

(v) Constructed with sumps and liquid removal methods, e.g., pumps, of sufficient size to collect and remove liquids from the sump and prevent liquids from backing up into the drainage layer. Each unit shall have its own sump(s). The design of each sump and removal system shall provide a method for measuring and recording the volume of liquids present in the sump and of liquids removed.

(3) The owner or operator shall collect and remove pumpable liquids in the sumps to minimize the head on the bottom liner.

(4) The owner or operator of a leak detection system that is not located completely above the seasonal high water table shall demonstrate that the operation of the leak detection system will not be adversely affected by the presence of ground water.

(d) The Director may approve alternative design or operating practices to those specified in R315-8-11.2(c) if the owner or operator demonstrates to the Director that such design and operating practices, together with location characteristics:

(1) Will prevent the migration of any hazardous constituent into the groundwater or surface water at least as effectively as the liners and leachate collection and removal system specified in R315-8-11.2(c); and

(2) Will allow detection of leaks of hazardous constituents through the top liner at least as effectively.

(e) The double liner requirement set forth in R315-8-11.2(f) may be waived by the Director for any monofill, if:

(1) The monofill contains only hazardous wastes from foundry furnace emission controls or metal casting molding sand, and the wastes do not contain constituents which would render the wastes hazardous for reasons other than the EP toxicity characteristics, and

(2)(i)(A) The monofill has at least one liner for which there is no evidence that the liner is leaking. For the purposes of this paragraph, the term "liner" means a liner designed, constructed, installed and operated to prevent hazardous waste from passing into the liner at any time during the active life of the facility, or a liner designed, constructed, installed, and operated to prevent hazardous waste from migrating beyond the liner to adjacent subsurface soil, groundwater, or surface water at any time during the active life of the facility. In the case of any surface impoundment which has been exempted from the requirements of R315-8-11.2(c) on the basis of a liner designed, constructed, installed, and operated to prevent hazardous waste from passing beyond the liner, at the closure of the impoundment, the owner or operator shall remove or decontaminate all waste residues, all contaminated liner material, and contaminated soil to the extent practicable given the specific site conditions and the nature and extent of

contamination. If all contaminated soil is not removed or decontaminated, the owner or operator of the impoundment will comply with appropriate post-closure requirements, including but not limited to groundwater monitoring and corrective action:

(B) The monofill is located more than one-quarter mile from an underground source of drinking water, as that term is defined in 40 CFR 144.3; and

(C) The monofill is in compliance with generally applicable groundwater monitoring requirements for facilities with a permit; or

(ii) The owner or operator demonstrates that the monofill is located, designed and operated so as to assure that there will be no migration of any hazardous constituent into groundwater or surface water at any future time.

(f) The owner or operator of any replacement surface impoundment unit is exempt from R315-8-11.2(c) if:

(1) The existing unit was constructed in compliance with the design standards of sections 3004 (o)(1)(A)(i) and (o)(5) of the Resource Conservation and Recovery Act; and

(2) There is no reason to believe that the liner is not functioning as designed.

(g) A surface impoundment shall be designed, constructed, maintained, and operated to prevent overtopping resulting from normal or abnormal operations; overfilling; wind and wave action; rainfall; run-on; malfunctions of level controllers, alarms, and other equipment; and human error.

(h) A surface impoundment shall have dikes that are designed, constructed, and maintained with sufficient structural integrity to prevent massive failure to the dikes. In ensuring structural integrity, it shall not be presumed that the liner system will function without leakage during the active life of the unit.

(i) The Director will specify in the permit all design and operating practices that are necessary to ensure that the requirements of this section are satisfied.

11.3 MONITORING AND INSPECTION

(a) During construction and installation, liners, except in the case of existing portions of surface impoundments exempt from R315-8-11.2(a), and cover systems, e.g., membranes, sheets, or coatings, shall be inspected for uniformity, damage, and imperfections (e.g., holes, cracks, thin spots, or foreign materials). Immediately after construction or installation:

(1) Synthetic liners and covers shall be inspected to ensure tight seams and joints and the absence of tears, punctures, or blisters; and

(2) Soil-based and admixed liners and covers shall be inspected for imperfections including lenses, cracks, channels, root holes, or other structural non-uniformities that may cause an increase in the permeability of the liner or cover.

(b) While a surface impoundment is in operation, it shall be inspected weekly and after storms to detect evidence of any of the following:

(1) Deterioration, malfunctions, or improper operation of overtopping control systems;

(2) Sudden drops in the level of the impoundment's contents; and

(3) Severe erosion or other signs of deterioration in dikes or other containment devices.

(c) Prior to the issuance of a permit and after any extended period of time, at least six months, during which the impoundment was not in service, the owner or operator shall obtain a certification from a qualified engineer that the impoundment's dike, including that portion of any dike which provides freeboard, has structural integrity. The certification shall establish, in particular, that the dike:

(1) Will withstand the stress of the pressure exerted by the types and amounts of wastes to be placed in the impoundment; and

(2) Will not fail due to scouring or piping, without dependence on any liner system included in the surface

impoundment construction.

(d)(1) An owner or operator required to have a leak detection system under R315-8-11.2(c) or (d) shall record the amount of liquids removed from each leak detection system sump at least once each week during the active life and closure period.

(2) After the final cover is installed, the amount of liquids removed from each leak detection system sump shall be recorded at least monthly. If the liquid level in the sump stays below the pump operating level for two consecutive months, the amount of liquids in the sumps shall be recorded at least quarterly. If the liquid level in the sump stays below the pump operating level for two consecutive quarters, the amount of liquids in the sumps shall be recorded at least semi-annually. If at any time during the post-closure care period the pump operating level is exceeded at units on quarterly or semi-annual recording schedules, the owner or operator shall return to monthly recording of amounts of liquids removed from each sump until the liquid level again stays below the pump operating level for two consecutive months.

(3) "Pump operating level" is a liquid level proposed by the owner or operator and approved by the Director based on pump activation level, sump dimensions, and level that avoids backup into the drainage layer and minimizes head in the sump.

11.4 EMERGENCY REPAIRS; CONTINGENCY PLANS

(a) A surface impoundment shall be removed from service in accordance with R315-8-11.4(b) when:

(1) The level of liquids in the impoundment suddenly drops and the drop is not known to be caused by changes in the flows into or out of the impoundment; or

(2) The dike leaks.

(b) When a surface impoundment shall be removed from service as required by R315-8-11.4(a), the owner or operator shall:

(1) Immediately shut off the flow or stop the addition of wastes into the impoundment;

(2) Immediately contain any surface leakage which has occurred or is occurring;

(3) Immediately stop the leak;

(4) Take any necessary steps to stop or prevent catastrophic failure;

(5) If a leak cannot be stopped by any other means, empty the impoundment; and

(6) Notify the Director of the problem in writing within seven days after detecting the problem.

(c) As part of the contingency plan required in R315-8-4, the owner or operator shall specify a procedure for complying with the requirements of R315-8-11.4(b).

(d) No surface impoundment that has been removed from service in accordance with the requirements of this section may be restored to service unless the portion of the impoundment which was failing is repaired and the following steps are taken:

(1) If the impoundment was removed from service as the result of actual or imminent dike failure, the dike's structural integrity shall be recertified in accordance with R315-8-11.3(c).

(2) If the impoundment was removed from service as the result of a sudden drop in the liquid level, then:

(i) For any existing portion of the impoundment, a liner shall be installed in compliance with R315-8-11.2(a), and

(ii) For any other portion of the impoundment, the repaired liner system shall be certified by a qualified engineer as meeting the design specifications approved in the permit.

(e) A surface impoundment that has been removed from service in accordance with the requirements in this section and that is not being repaired shall be closed in accordance with the provisions of R315-8-11.5.

11.5 CLOSURE AND POST-CLOSURE CARE

(a) At closure, the owner or operator shall:

(1) Remove or decontaminate all waste residues, contaminated containment system components, liners, etc., contaminated subsoils, and structures and equipment contaminated with waste and leachate, and manage them as hazardous wastes unless R315-2-3(d) applies; or

(2)(i) Eliminate free liquids by removing liquid wastes or solidifying the remaining wastes and waste residues;

(ii) Stabilize remaining wastes to a bearing capacity sufficient to support final cover; and

(iii) Cover the surface impoundment with a final cover designed and constructed to:

(A) Provide long-term minimization of the migration of liquids through the closed impoundment;

(B) Function with minimum maintenance;

(C) Promote drainage and minimize erosion or abrasion of the final cover;

(D) Accommodate settling and subsidence so that the cover's integrity is maintained; and

(E) Have a permeability less than or equal to the permeability of any bottom liner system or natural subsoils present.

(b) If some waste residues or contaminated materials are left in place at final closure, the owner or operator shall comply with all post-closure requirements contained in R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, including maintenance and monitoring throughout the post-closure care period, specified in the permit under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120. The owner or operator shall:

(1) Maintain the integrity and effectiveness of the final cover, including making repairs to the cap as necessary to correct the effects of settling, subsidence, erosion, or other events;

(2) Maintain and monitor the leak detection system in accordance with R315-8-11.2(c)(2)(iv) and (3) and R315-8-11.3(d), and comply with all other applicable leak detection system requirements of this part;

(3) Maintain and monitor the groundwater monitoring system and comply with all other applicable requirements of R315-8-6; and

(4) Prevent run-on and run-off from eroding or otherwise damaging the final cover.

(c)(1) If an owner or operator plans to close a surface impoundment in accordance with R315-8-11.5(a)(1), and the impoundment does not comply with the liner requirements of R315-8-11.2(a) and is not exempt from them in accordance with R315-8-11.2(b), then:

(i) The closure plan for the impoundment under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, shall include both a plan for complying with R315-8-11.5(a)(1) and a contingent plan for complying with R315-8-11.5(a)(2) in case not all contaminated subsoils can be practicably removed at closure; and

(ii) The owner or operator shall prepare a contingent post-closure plan under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, for complying with R315-8-11.5(b) in case not all contaminated subsoils can be practicably removed at closure.

(2) The cost estimates calculated under R315-8-8, which incorporates by reference 40 CFR 264.140 - 264.151, for closure and post-closure care of an impoundment subject to this paragraph shall include the cost of complying with the contingent closure plan and the contingent post-closure plan, but are not required to include the cost of expected closure under R315-8-11.5(a)(1).

11.6 SPECIAL REQUIREMENTS FOR IGNITABLE OR REACTIVE WASTE

Ignitable or reactive waste shall not be placed in a surface impoundment unless the waste and impoundment satisfy all

applicable requirements of R315-13, which incorporates by reference 40 CFR 268, R315-50-12, which incorporates by reference 40 CFR 268 Appendix I, and R315-50-13, which incorporates by reference 40 CFR 268 Appendix II, and:

(a) The waste is treated, rendered, or mixed before or immediately after placement in the impoundment so that:

(1) The resulting waste, mixture, or dissolution of material no longer meets the definition of ignitable or reactive waste under R315-2-9(d) and (f), and

(2) R315-8-2.8(b) is complied with; or

(b) The waste is managed in a way that it is protected from any material or conditions which may cause it to ignite or react; or

(c) The surface impoundment is used solely for emergencies.

11.7 SPECIAL REQUIREMENTS FOR INCOMPATIBLE WASTES

Incompatible wastes, or incompatible wastes and materials, see 40 CFR 264, Appendix V for examples, shall not be placed in the same surface impoundment, unless R315-8-2.8(b) is complied with.

11.8 SPECIAL REQUIREMENTS FOR HAZARDOUS WASTE F020, F021, F022, F023, F026, AND F027

(a) Hazardous Wastes F020, F021, F022, F023, F026, and F027 shall not be placed in a surface impoundment unless the owner or operator operates the surface impoundment in accordance with a management plan for these wastes that is approved by the Director pursuant to the standards set out in this paragraph, and in accord with all other applicable requirements of these rules. The factors to be considered are:

(1) The volume, physical, and chemical characteristics of the wastes, including their potential to migrate through soil or to volatilize or escape into the atmosphere;

(2) The attenuative properties of underlying and surrounding soils or other materials;

(3) The mobilizing properties of other materials co-disposed with these wastes; and

(4) The effectiveness of additional treatment, design, or monitoring techniques.

(b) The Director may determine that additional design, operating, and monitoring requirements are necessary for surface impoundments managing hazardous wastes F020, F021, F022, F023, F026, and F027 in order to reduce the possibility of migration of these wastes to groundwater, surface water, or air so as to protect human health and the environment.

11.9 ACTION LEAKAGE RATE

(a) The Director shall approve an action leakage rate for surface impoundment units subject to R315-8-11.2(c) or (d). The action leakage rate is the maximum design flow rate that the leak detection system, LDS, can remove without the fluid head on the bottom liner exceeding one foot. The action leakage rate shall include an adequate safety margin to allow for uncertainties in the design, e.g., slope, hydraulic conductivity, thickness of drainage material, construction, operation, and location of the LDS, waste and leachate characteristics, likelihood and amounts of other sources of liquids in the LDS, and proposed response actions, e.g., the action leakage rate shall consider decreases in the flow capacity of the system over time resulting from siltation and clogging, rib layover and creep of synthetic components of the system, overburden pressures, etc.

(b) To determine if the action leakage rate has been exceeded, the owner or operator shall convert the weekly or monthly flow rate from the monitoring data obtained under R315-8-11.3(d) to an average daily flow rate, gallons per acre per day, for each sump. Unless the Director approves a different calculation, the average daily flow rate for each sump shall be calculated weekly during the active life and closure period, and if the unit is closed in accordance with R315-8-11.5(b), monthly during the post-closure care period when monthly monitoring is

required under R315-8-11.3(d).

11.10 RESPONSE ACTIONS

(a) The owner or operator of surface impoundment units subject to R315-8-11.2(c) or (d) shall have an approved response action plan before receipt of waste. The response action plan shall set forth the actions to be taken if the action leakage rate has been exceeded. At a minimum, the response action plan shall describe the actions specified in R315-8-11.10(b).

(b) If the flow rate into the leak detection system exceeds the action leakage rate for any sump, the owner or operator shall:

(1) Notify the Director in writing of the exceedance within seven days of the determination;

(2) Submit a preliminary written assessment to the Director within 14 days of the determination, as to the amount of liquids, likely sources of liquids, possible location, size, and cause of any leaks, and short-term actions taken and planned;

(3) Determine to the extent practicable the location, size, and cause of any leak;

(4) Determine whether waste receipt should cease or be curtailed, whether any waste should be removed from the unit for inspection, repairs, or controls, and whether or not the unit should be closed;

(5) Determine any other short-term and longer-term actions to be taken to mitigate or stop any leaks; and

(6) Within 30 days after the notification that the action leakage rate has been exceeded, submit to the Director the results of the analyses specified in R315-8-11.10(b)(3)-(5), the results of actions taken, and actions planned. Monthly thereafter, as long as the flow rate in the leak detection system exceeds the action leakage rate, the owner or operator shall submit to the Director a report summarizing the results of any remedial actions taken and actions planned.

(c) To make the leak and remediation determinations in R315-8-11.10(b)(3)-(5), the owner or operator shall:

(1)(i) Assess the source of liquids and amounts of liquids by source;

(ii) Conduct a fingerprint, hazardous constituent, or other analyses of the liquids in the leak detection system to identify the source of liquids and possible location of any leaks, and the hazard and mobility of the liquid; and

(iii) Assess the seriousness of any leaks in terms of potential for escaping into the environment; or

(2) Document why such assessments are not needed.

11.11 AIR EMISSION STANDARDS

The owner or operator shall manage all hazardous waste placed in a surface impoundment in accordance with the applicable requirements of R315-8-18, which incorporates by reference 40 CFR subpart BB, and R315-8-22, which incorporates by reference 40 CFR subpart CC.

R315-8-12. Waste Piles.

12.1 APPLICABILITY

(a) The rules in this section apply to owners and operators of facilities that store or treat hazardous waste in piles, except as provided otherwise in R315-8-1.

(b) The rules in this section do not apply to owners or operators of waste piles that are closed with wastes left in place. These waste piles are subject to the rules under R315-8-14, Landfills.

(c) The owner or operator of any waste pile that is inside or under a structure that provides protection from precipitation so that neither run-off nor leachate is generated is not subject to regulation under R315-8-12.2 or R315-8-6, provided that:

(1) Liquids or materials containing free liquids are not placed in the pile;

(2) The pile is protected from surface water run-on or groundwater run-on by the structure or in some other manner;

(3) The pile is designed and operated to control dispersal of the waste by wind, where necessary, by means other than wetting; and

(4) The pile will not generate leachate through decomposition or other reactions.

12.2 DESIGN AND OPERATING REQUIREMENTS

(a) A waste pile, except for an existing portion of a waste pile, shall have:

(1) A liner that is designed, constructed, and installed to prevent any migration of wastes out of the pile into the adjacent subsurface soil or groundwater or surface water at any time during the active life, including the closure period, of the waste pile. The liner may be constructed of materials that may allow waste to migrate into the liner itself, but not into the adjacent subsurface soil or groundwater or surface water, during the active life of the facility. The liner shall be:

(i) Constructed of materials that have appropriate chemical properties and sufficient strength and thickness to prevent failure due to pressure gradients, including static head and external hydrogeologic forces, physical contact with waste or leachate to which they are exposed, climatic conditions, the stress of installation, and the stress of daily operation;

(ii) Placed upon a foundation or base capable of providing support to the liner and resistance to pressure gradients above and below the liner to prevent failure of the liner due to settlement, compression, or uplift; and

(iii) Installed to cover all surrounding earth likely to be in contact with the waste or leachate; and

(2) A leachate collection and removal system immediately above the liner that is designed, constructed, maintained, and operated to collect and remove leachate from the pile. The Director will specify design and operating conditions in the permit to ensure that the leachate depth over the liner does not exceed 30 cm, one foot. The leachate collection and removal system shall be:

(i) Constructed of materials that are:

(A) Chemically resistant to the waste managed in the pile and the leachate expected to be generated; and

(B) Of sufficient strength and thickness to prevent collapse under the pressures exerted by overlaying wastes, waste cover materials, and by any equipment used at the pile; and

(ii) Designed and operated to function without clogging through the scheduled closure of the waste pile.

(b) The owner or operator will be exempted from the requirements of R315-8-12.2(a) if the Director finds, based on a demonstration by the owner or operator, that alternate design and operating practices, together with location characteristics, will prevent the migration of any hazardous constituents, see R315-8-6.4, into the groundwater or surface water at any future time. In deciding whether to grant an exemption, the Director will consider:

(1) The nature and quantity of the wastes;

(2) The proposed alternate design and operation;

(3) The hydrogeologic setting of the facility, including attenuative capacity and thickness of the liners and soils present between the pile and groundwater or surface water; and

(4) All other factors which would influence the quality and mobility of the leachate produced and the potential for it to migrate to groundwater or surface water.

(c) The owner or operator of each new waste pile unit on which construction commences after January 29, 1992, each lateral expansion of a waste pile unit on which construction commences after July 29, 1992, and each replacement of an existing waste pile unit that is to commence reuse after July 29, 1992 shall install two or more liners and a leachate collection and removal system above and between such liners. "Construction commences" is as defined in R315-1-1(b), which incorporates by reference 40 CFR 260.10 under "existing facility".

(1)(i) The liner system shall include:

(A) A top liner designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into such liner during the active life and post-closure care period; and

(B) A composite bottom liner, consisting of at least two components. The upper component shall be designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into this component during the active life and post-closure care period. The lower component shall be designed and constructed of materials to minimize the migration of hazardous constituents if a breach in the upper component were to occur. The lower component shall be constructed of at least three feet, 91 cm, of compacted soil material with a hydraulic conductivity of no more than 1×10^{-7} cm/sec.

(ii) The liners shall comply with R315-8-12.2(a)(1)(i), (ii), and (iii).

(2) The leachate collection and removal system immediately above the top liner shall be designed, constructed, operated, and maintained to collect and remove leachate from the waste pile during the active life and post-closure care period. The Director will specify design and operating conditions in the permit to ensure that the leachate depth over the liner does not exceed 30 cm, one foot. The leachate collection and removal system shall comply with R315-8-12.2(c)(3)(iii) and (iv).

(3) The leachate collection and removal system between the liners, and immediately above the bottom composite liner in the case of multiple leachate collection and removal systems, is also a leak detection system. This leak detection system shall be capable of detecting, collecting, and removing leaks of hazardous constituents at the earliest practicable time through all areas of the top liner likely to be exposed to waste or leachate during the active life and post-closure care period. The requirements for a leak detection system in this paragraph are satisfied by installation of a system that is, at a minimum:

(i) Constructed with a bottom slope of one percent or more;

(ii) Constructed of granular drainage materials with a hydraulic conductivity of 1×10^{-2} cm/sec or more and a thickness of 12 inches, 30.5 cm, or more; or constructed of synthetic or geonet drainage materials with a transmissivity of 3×10^{-5} m²/sec or more;

(iii) Constructed of materials that are chemically resistant to the waste managed in the waste pile and the leachate expected to be generated, and of sufficient strength and thickness to prevent collapse under the pressures exerted by overlying wastes, waste cover materials, and equipment used at the waste pile;

(iv) Designed and operated to minimize clogging during the active life and post-closure care period; and

(v) Constructed with sumps and liquid removal methods, e.g., pumps, of sufficient size to collect and remove liquids from the sump and prevent liquids from backing up into the drainage layer. Each unit shall have its own sump(s). The design of each sump and removal system shall provide a method for measuring and recording the volume of liquids present in the sump and of liquids removed.

(4) The owner or operator shall collect and remove pumpable liquids in the leak detection system sumps to minimize the head on the bottom liner.

(5) The owner or operator of a leak detection system that is not located completely above the seasonal high water table shall demonstrate that the operation of the leak detection system will not be adversely affected by the presence of groundwater.

(d) The Director may approve alternative design or operating practices to those specified in R315-8-12.2(c) if the owner or operator demonstrates to the Director that such design and operating practices, together with location characteristics:

(1) Will prevent the migration of any hazardous constituent into the ground water or surface water at least as effectively as the liners and leachate collection and removal systems specified in R315-8-12.2(c); and

(2) Will allow detection of leaks of hazardous constituents through the top liner at least as effectively.

(e) R315-8-12.2(c) does not apply to monofills that are granted a waiver by the Director in accordance with R315-8-11.2(h).

(f) The owner or operator of any replacement waste pile unit is exempt from R315-8-12.2(c) if:

(1) The existing unit was constructed in compliance with the design standards of section 3004(o)(1)(A)(i) and (o)(5) of the Resource Conservation and Recovery Act; and

(2) There is no reason to believe that the liner is not functioning as designed.

(g) The owner or operator shall design, construct, operate, and maintain a run-on control system capable of preventing flow onto the active portion of the pile during peak discharge from at least a 25-year storm.

(h) The owner or operator shall design, construct, operate, and maintain a run-off management system to collect and control at least the water volume resulting from a 24-hour, 25-year storm.

(i) Collection and holding facilities, e.g., tanks or basins, associated with run-on and run-off control systems shall be emptied or otherwise managed expeditiously after storms to maintain design capacity of the system.

(j) If the pile contains any particulate matter which may be subject to wind dispersal, the owner or operator shall cover or otherwise manage the pile to control wind dispersal.

(k) The Director will specify in the permit all design and operating practices that are necessary to ensure that the requirements of this section are satisfied.

12.3 MONITORING AND INSPECTION

(a) During construction or installation, liners, except in the case of existing portions of piles exempt from R315-8-12.2(a), and cover systems, e.g., membranes, sheets, or coatings, shall be inspected for uniformity, damage, and imperfections, e.g., holes, cracks, thin spots, or foreign materials. Immediately after construction or installation:

(1) Synthetic liners and covers shall be inspected to ensure tight seams and joints and the absence of tears, punctures, or blisters; and

(2) Soil-based and admixed liners and covers shall be inspected for imperfections including lenses, cracks, channels, root holes, or other structural non-uniformities that may cause an increase in the permeability of the liner or cover.

(b) While a waste pile is in operation, it shall be inspected weekly and after storms to detect evidence of any of the following:

(1) Deterioration, malfunctions, or improper operation of run-on and run-off control systems;

(2) Proper functioning of wind dispersal control systems, where present; and

(3) The presence of leachate in and proper functioning of leachate collection and removal systems, where present.

(c) An owner or operator required to have a leak detection system under R315-8-12.2(c) shall record the amount of liquids removed from each leak detection system sump at least once each week during the active life and closure period.

12.4 SPECIAL REQUIREMENTS FOR IGNITABLE OR REACTIVE WASTE

Ignitable or reactive waste shall not be placed in a waste pile unless the waste and waste pile satisfy all applicable requirements of R315-13, which incorporates by reference 40 CFR 268, R315-50-12, which incorporates by reference 40 CFR 268 Appendix I, and R315-50-13, which incorporates by reference 40 CFR 268 Appendix II, and:

(a) The waste is treated, rendered, or mixed before or immediately after placement in the pile so that:

(1) The resulting waste, mixture, or dissolution of material no longer meets the definition of ignitable or reactive waste under R315-2-9(d) or (f); and

(2) R315-8-2.8(b) is complied with; or

(b) The waste is managed in a way that it is protected from any material or condition which may cause it to ignite or react.

12.5 SPECIAL REQUIREMENTS FOR INCOMPATIBLE WASTES

(a) Incompatible wastes, or incompatible wastes and materials shall not be placed in the same pile, unless R315-8-2.8(b) is complied with.

(b) A pile of hazardous waste that is incompatible with any waste or other material stored nearby in containers, other piles, open tanks, or surface impoundments shall be separated from the other materials, or protected from them by means of a dike, berm, wall, or other device.

(c) Hazardous waste shall not be piled on the same base where incompatible wastes or materials were previously piled, unless the base has been decontaminated sufficiently to ensure compliance with R315-8-2.8(b).

12.6 CLOSURE AND POST-CLOSURE CARE

(a) At closure, the owner or operator shall remove or decontaminate all waste residues, contaminated containment system compounds, liners, etc., contaminated subsoils, and structures and equipment contaminated with waste and leachate, and manage them as hazardous waste unless R315-2-3(d) applies.

(b) If, after removing or decontaminating all residues and making all reasonable efforts to effect removal or decontamination of contaminated components, subsoils, structures, and equipment as required in R315-8-12.6(a), the owner or operator finds that not all contaminated subsoils can be practicably removed or decontaminated, he shall close the facility and perform post-closure care in accordance with the closure and post-closure care requirements that apply to landfills, R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120.

(c)(1) The owner or operator of a waste pile that does not comply with the liner requirements of R315-8-12.2(a)(1), and is not exempt from them in accordance with R315-8-12.1(c) or R315-8-12.2(b) shall:

(i) Include in the closure plan for the pile under R315-8-7.3 both a plan for complying with R315-8-12.6(a) and a contingent plan for complying with R315-8-12.6(b) in case not all contaminated subsoils can be practicably removed at closure; and

(ii) Prepare a contingent post-closure plan under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, for complying with R315-8-12.6(b) in case not all contaminated subsoils can be practicably removed at closure.

(2) The cost estimates calculated under R315-8-8, which incorporates by reference 40 CFR 264.140 - 264.151, for closure and post-closure care of a pile subject to this paragraph shall include the cost of complying with the contingent closure plan and the contingent post-closure plan, but are not required to include the cost of expected closure under R315-8-12.6(a).

12.7 SPECIAL REQUIREMENTS FOR HAZARDOUS WASTES F020, F021, F022, F023, F026, AND F027

(a) Hazardous Wastes F020, F021, F022, F023, F026 and F027 shall not be placed in waste piles that are not enclosed, as defined in R315-8-12.1(c), unless the owner or operator operates the waste pile in accordance with a management plan for these wastes that is approved by the Director pursuant to the standards set out in this paragraph, and in accord with all other applicable requirements of these rules. The factors to be considered are:

(1) The volume, physical, and chemical characteristics of

the wastes, including their potential to migrate through soil or to volatilize or escape into the atmosphere;

(2) The attenuative properties of underlying and surrounding soils or other materials;

(3) The mobilizing properties of other materials co-disposed with these wastes; and

(4) The effectiveness of additional treatment, design, or monitoring techniques.

(b) The Director may determine that additional design, operating, and monitoring requirements are necessary for piles managing hazardous wastes F020, F021, F022, F023, F026, and F027 in order to reduce the possibility of migration of these wastes to groundwater, surface water, or air so as to protect human health and the environment.

12.8 ACTION LEAKAGE RATE

(a) The Director shall approve an action leakage rate for surface impoundment units subject to R315-8-12.2(c) or (d). The action leakage rate is the maximum design flow rate that the leak detection system, LDS, can remove without the fluid head on the bottom liner exceeding one foot. The action leakage rate shall include an adequate safety margin to allow for uncertainties in the design, e.g., slope, hydraulic conductivity, thickness of drainage material, construction, operation, and location of the LDS, waste and leachate characteristics, likelihood and amounts of other sources of liquids in the LDS, and proposed response actions, e.g., the action leakage rate shall consider decreases in the flow capacity of the system over time resulting from siltation and clogging, rib layover and creep of synthetic components of the system, overburden pressures, etc.

(b) To determine if the action leakage rate has been exceeded, the owner or operator shall convert the weekly flow rate from the monitoring data obtained under R315-8-12.3(c), to an average daily flow rate, gallons per acre per day, for each sump. Unless the Director approves a different calculation, the average daily flow rate for each sump shall be calculated weekly during the active life and closure period.

12.9 RESPONSE ACTIONS

(a) The owner or operator of waste pile units subject to R315-8-12.2(c) or (d) shall have an approved response action plan before receipt of waste. The response action plan shall set forth the actions to be taken if the action leakage rate has been exceeded. At a minimum, the response action plan shall describe the actions specified in R315-8-12.9(b).

(b) If the flow rate into the leak detection system exceeds the action leakage rate for any sump, the owner or operator shall:

(1) Notify the Director in writing of the exceedance within seven days of the determination;

(2) Submit a preliminary written assessment to the Director within 14 days of the determination, as to the amount of liquids, likely sources of liquids, possible location, size, and cause of any leaks, and short-term actions taken and planned;

(3) Determine to the extent practicable the location, size, and cause of any leak;

(4) Determine whether waste receipt should cease or be curtailed, whether any waste should be removed from the unit for inspection, repairs, or controls, and whether or not the unit should be closed;

(5) Determine any other short-term and long-term actions to be taken to mitigate or stop any leaks; and

(6) Within 30 days after the notification that the action leakage rate has been exceeded, submit to the Director the results of the analyses specified in R315-8-12.9(b)(3), (4), and (5), the results of actions taken, and actions planned. Monthly thereafter, as long as the flow rate in the leak detection system exceeds the action leakage rate, the owner or operator shall submit to the Director a report summarizing the results of any remedial actions taken and actions planned.

(c) To make the leak and/or remediation determinations in

R315-8-12.9(b)(3), (4), and (5), the owner or operator shall:

- (1)(i) Assess the source of liquids and amounts of liquids by source;
 - (ii) Conduct a fingerprint, hazardous constituent, or other analyses of the liquids in the leak detection system to identify the source of liquids and possible location of any leaks, and the hazard and mobility of the liquid; and
 - (iii) Assess the seriousness of any leaks in terms of potential for escaping into the environment; or
- (2) Document why such assessments are not needed.

R315-8-13. Land Treatment.

13.1 APPLICABILITY

The rules in this section apply to owners and operators of facilities that treat or dispose of hazardous waste in land treatment units, except as provided otherwise in R315-8-1.

13.2 TREATMENT PROGRAM

(a) An owner or operator subject to this section shall establish a land treatment program that is designed to ensure that hazardous constituents placed in or on the treatment zone are degraded, transformed, or immobilized within the treatment zone. The Director will specify in the facility permit the elements of the treatment program, including:

- (1) The wastes that are capable of being treated at the unit based on demonstration under R315-8-13.3;
 - (2) Design measures and operating practices necessary to maximize the success of degradation, transformation, and immobilization processes in the treatment zone in accordance with R315-8-13.4(a); and
 - (3) Unsaturated zone monitoring provisions meeting the requirements of R315-8-13.6.
- (b) The Director will specify in the facility permit the hazardous constituents that shall be degraded, transformed, or immobilized under this section. Hazardous constituents are constituents identified in R315-50-10, which incorporates by reference 40 CFR 261 Appendix VIII, that are reasonably expected to be in, or derived from, waste placed in or on the treatment zone.
- (c) The Director will specify the vertical and horizontal dimensions of the treatment zone in the facility permit. The treatment zone is the portion of the unsaturated zone below and including the land surface in which the owner or operator intends to maintain the conditions necessary for effective degradation, transformation, or immobilization of hazardous constituents. The maximum depth of the treatment zone shall be:

- (1) No more than 1.5 meters, five feet, from the initial soil surface; and
- (2) More than 1 meter, three feet, above the seasonal high water table.

13.3 TREATMENT DEMONSTRATION

(a) For each waste that will be applied to the treatment zone, the owner or operator shall demonstrate, prior to application of the waste, that hazardous constituents in the waste can be completely degraded, transformed, or immobilized in the treatment zone.

(b) In making this demonstration, the owner or operator may use field tests, laboratory analyses, available data, or, in the case of existing units, operating data. If the owner or operator intends to conduct field tests or laboratory analyses in order to make the demonstration required under R315-8-13.3(a), he shall obtain a treatment or disposal permit under R315-3-6.4. The Director will specify in this plan the testing, analytical, design, and operating requirements, including the duration of the tests, the horizontal and vertical dimensions of the treatment zone, monitoring procedures, closure and clean-up activities necessary to meet the requirements in R315-8-13.3(c).

(c) Any field test or laboratory analysis conducted in order to make a demonstration under R315-8-13.3(a) shall:

(1) Accurately simulate the characteristics and operating conditions for the proposed land treatment unit including:

- (i) The characteristics of the waste, including the presence of R315-50-10 constituents, which incorporates by reference 40 CFR 261, Appendix VIII;
 - (ii) The climate in the area;
 - (iii) The topography of the surrounding area;
 - (iv) The characteristics of the soil in the treatment zone, including depth; and
 - (v) The operating practices to be used at the unit.
- (2) Be able to show that hazardous constituents in the waste to be tested will be completely degraded, transformed, or immobilized in the treatment zone of the proposed land treatment unit; and

(3) Be conducted in a manner that protects human health and the environment considering:

- (i) The characteristics of the waste to be tested;
- (ii) The operating and monitoring measures taken during the course of the test;
- (iii) The duration of the test;
- (iv) The volume of the waste used in the test;
- (v) In the case of field tests, the potential for migration of hazardous constituents to groundwater or surface water.

13.4 DESIGN AND OPERATING REQUIREMENTS

The Director will specify in the facility permit how the owner or operator will design, construct, operate, and maintain the land treatment unit in compliance with this section.

(a) The owner or operator shall design, construct, operate, and maintain the unit to maximize the degradation, transformation, and immobilization of hazardous constituents in the treatment zone. The owner or operator shall design, construct, operate, and maintain the unit in accord with all design and operating conditions that were used in the treatment demonstration under R315-8-13.3. At a minimum, the Director will specify the following in the facility plan:

- (1) The rate and method of waste application to the treatment zone;
 - (2) Measures to control soil pH;
 - (3) Measures to enhance microbial or chemical reactions, e.g., fertilization, tilling; and
 - (4) Measures to control the moisture content of the treatment zone.
- (b) The owner or operator shall design, construct, operate, and maintain the treatment zone to minimize run-off of hazardous constituents during the active life of the land treatment unit.

(c) The owner or operator shall design, construct, operate, and maintain a run-on control system capable of preventing flow onto the treatment zone during peak discharge from at least a 25-year storm.

(d) The owner or operator shall design, construct, operate, and maintain a run-off management system to collect and control at least the water volume resulting from a 24-hour, 25-year storm.

(e) Collection and holding facilities, e.g., tanks or basins, associated with run-on and run-off control systems shall be emptied or otherwise managed expeditiously after storms to maintain the design capacity of the system.

(f) If the treatment zone contains particulate matter which may be subject to wind dispersal, the owner or operator shall manage the unit to control wind dispersal.

(g) The owner or operator shall inspect the unit weekly and after storms to detect evidence of:

- (1) Deterioration, malfunctions, or improper operation of run-on and run-off control systems; and
- (2) Improper functioning of wind dispersal control measures.

13.5 FOOD-CHAIN CROPS

The Director may allow the growth of food-chain crops in

or on the treatment zone only if the owner or operator satisfies the conditions of this section. The Director will specify in the facility plan the specific food-chain crops which may be grown.

(a)(1) The owner or operator shall demonstrate that there is no substantial risk to human health caused by the growth of the crops in or on the treatment zone by demonstrating, prior to the planting of the crops, that hazardous constituents other than cadmium:

(i) Will not be transferred to the food or feed portions of the crop by plant uptake or direct contact, and will not otherwise be ingested by food-chain animals, e.g., by grazing; or

(ii) Will not occur in greater concentrations in or on the food or feed portions of crops grown on the treatment zone than in or on identical portions of the same crops grown on untreated soils under similar conditions in the same region.

(2) The owner or operator shall make the demonstration required under this paragraph prior to the planting of crops at the facility for all constituents identified in R315-50-10, which incorporates by reference 40 CFR 261 Appendix VIII, that are reasonably expected to be in, or derived from, waste placed in or on the treatment zone.

(3) In making a demonstration under this paragraph, the owner or operator may use field tests, greenhouse studies, available data, or, in the case of existing units, operating data, and shall:

(i) Base the demonstration on conditions similar to those present in the treatment zone, including soil characteristics, e.g., pH, cation exchange capacity, specific wastes, application rates, application methods, and crops to be grown; and

(ii) Describe the procedures used in conducting any tests, including the sample selection criteria, sample size, analytical methods, and statistical procedures.

(4) If the owner or operator intends to conduct field tests or greenhouse studies in order to make the demonstration required under this paragraph, he shall obtain a permit for conducting these activities.

(b) The owner or operator shall comply with the following conditions if cadmium is contained in wastes applied to the treatment zone:

(1)(i) The pH of the waste and soil mixture shall be 6.5 or greater at the time of each waste application, except for waste containing cadmium at concentrations of two mg/kg, dry weight, or less;

(ii) The annual application of cadmium from waste shall not exceed 0.5 kilograms per hectare, kg/ha, on land used for production of tobacco, leafy vegetables, or root crops grown for human consumption. For other food-chain crops, and annual cadmium application rate shall not exceed:

Time Period	TABLE	Annual Cd Application Rate (kilograms per hectare)
Present to June 30, 1984		2.0
July 1, 1984 to December 31, 1986		1.25
Beginning January 1, 1987		0.5

(iii) The cumulative application of cadmium from waste shall not exceed five kg/ha if the waste and soil mixture has a pH less than 6.5; and

(iv) If the waste and soil mixture has a pH of 6.5 or greater or is maintained at a pH of 6.5 or greater during crop growth, the cumulative application of cadmium from waste shall not exceed: five kg/ha if soil cation exchange capacity (CEC) is less than five meq/100g; 10 kg/ha if soil CEC is 5-15 meq/100g; and 20 kg/ha if soil CEC is greater than 15 meq/100g; or

(2)(i) Animal feed shall be the only food-chain crop produced;

(ii) The pH of the waste and soil mixture shall be 6.5 or greater at the time of waste application or at the time the crop is

planted, whichever occurs later, and this pH level shall be maintained whenever food-chain crops are grown;

(iii) There shall be an operating plan which demonstrates how the animal feed will be distributed to preclude ingestion by humans. The operating plan shall describe the measures to be taken to safeguard against possible health hazards from cadmium entering the food-chain, which may result from alternative land uses; and

(iv) Future property owners shall be notified by a stipulation in the land record or property deed which states that the property has received waste at high cadmium application rates and that food-chain crops shall not be grown except in compliance with R315-8-13.5(b)(2).

13.6 UNSATURATED ZONE MONITORING

An owner or operator subject to this section shall establish an unsaturated zone monitoring program to discharge the following responsibilities:

(a) The owner or operator shall monitor the soil and soil-pore liquid to determine whether hazardous constituents migrate out of the treatment zone.

(1) The Director will specify the hazardous constituents to be monitored in the facility plan. The hazardous constituents to be monitored are those specified under R315-8-13.2(b).

(2) The Director may require monitoring for principal hazardous constituents (PHCs) in lieu of the constituents specified under R315-8-13.2(b). PHCs are hazardous constituents contained in the wastes to be applied at the unit that are the most difficult to treat, considering the combined effects of degradation, transformation, and immobilization. The Director will establish PHCs if the Director finds, based on the waste analyses, treatment demonstrations, or other data, that effective degradation, transformation, or immobilization of the PHCs will assure treatment to at least equivalent levels for the other hazardous constituents in the waste.

(b) The owner or operator shall install an unsaturated zone monitoring system that includes soil monitoring using soil cores and soil-pore liquid monitoring using devices such as lysimeters. The unsaturated zone monitoring system shall consist of a sufficient number of sampling points at appropriate locations and depths to yield samples that:

(1) Represent the quality of background soil-pore liquid and the chemical make-up of soil that has not been affected by leakage from the treatment zone; and

(2) Indicate the quality of soil-pore liquid and the chemical make-up of the soil below the treatment zone.

(c) The owner or operator shall establish a background value for each hazardous constituent to be monitored under R315-8-13.6(a). The permit will specify the background values for each constituent or specify the procedures to be used to calculate the background values.

(1) Background soil values may be based on a one-time sampling at a background plot having characteristics similar to those of the treatment zone.

(2) Background soil-pore liquid values shall be based on at least quarterly sampling for one year at a background plot having characteristics similar to those of the treatment zone.

(3) The owner or operator shall express all background values in a form necessary for the determination of statistically significant increases under R315-8-13.6(f).

(4) In taking samples used in the determination of all background values, the owner or operator shall use an unsaturated zone monitoring system that complies with R315-8-13.6(b)(1).

(d) The owner or operator shall conduct soil monitoring and soil-pore liquid monitoring immediately below the treatment zone. The Director will specify the frequency and timing of soil and soil-pore liquid monitoring in the facility permit after considering the frequency, timing, and rate of waste application, and the soil permeability. The owner or operator

shall express the results of soil and soil-pore liquid monitoring in a form necessary for the determination of statistically significant increases under R315-8-13.6(f).

(e) The owner or operator shall use consistent sampling and analysis procedures that are designed to ensure sampling results that provide a reliable indication of soil-pore liquid quality and the chemical make-up of the soil below the treatment zone. At a minimum, the owner or operator shall implement procedures and techniques for:

- (1) Sample collection;
- (2) Sample preservation and shipment;
- (3) Analytical procedures; and
- (4) Chain of custody control.

(f) The owner or operator shall determine whether there is a statistically significant change over background values for any hazardous constituent to be monitored under R315-8-13.6(a) below the treatment zone each time he conducts soil monitoring and soil-pore liquid monitoring under R315-8-13.6(d).

(1) In determining whether a statistically significant increase has occurred, the owner or operator shall compare the value of each constituent, as determined under R315-8-13.6(d), to the background value for that constituent according to the statistical procedure specified in the facility plan under this paragraph.

(2) The owner or operator shall determine whether there has been a statistically significant increase below the treatment zone within a reasonable time period after completion of sampling. The Director will specify that time period in the facility plan after considering the complexity of the statistical test and the availability of laboratory facilities to perform the analysis of soil and soil-pore liquid samples.

(3) The owner or operator shall determine whether there is a statistically significant increase below the treatment zone using a statistical procedure that provides reasonable confidence that migration from the treatment zone will be identified. The Director will specify a statistical procedure in the facility plan that he finds:

(i) Is appropriate for the distribution of the data used to establish background values; and

(ii) Provides a reasonable balance between the probability of falsely identifying migration from the treatment zone and the probability of failing to identify real migration from the treatment zone.

(g) If the owner or operator determines, pursuant to R315-8-13.6(f), that there is a statistically significant increase of hazardous constituents below the treatment zone he shall:

(1) Notify the Director of this finding in writing within seven days. The notification shall indicate what constituents have shown statistically significant increases.

(2) Within 90 days, submit to the Director an application for permit modification to modify the operating practices at the facility in order to maximize the success of degradation, transformation, or immobilization processes in the treatment zone.

(h) If the owner or operator determines, pursuant to R315-8-13.6(f), that there is a statistically significant increase of hazardous constituents below the treatment zone, he may demonstrate that a source other than regulated units caused the increase or that the increase resulted from an error in sampling, analysis or evaluation. While the owner or operator may make a demonstration under this paragraph in addition to, or in lieu of, submitting a permit modification application under R315-8-13.6(g)(2), he is not relieved of the requirement to submit a plan modification application within the time specified in R315-8-13.6(g)(2) unless the demonstration made under this paragraph successfully shows that a source other than regulated units caused the increase or that the increase resulted from an error in sampling, analysis, or evaluation. In making a demonstration under this paragraph, the owner or operator shall:

(1) Notify the Director or its duly authorized representative in writing within seven days of determining a statistically significant increase below the treatment zone that he intends to make a determination under this paragraph;

(2) Within 90 days, submit a report to the Director demonstrating that a source other than the regulated units caused the increase or that the increase resulted from error in sampling, analysis, or evaluation;

(3) Within 90 days, submit to the Director an application for a permit modification to make any appropriate changes to the unsaturated zone monitoring program at the facility; and

(4) Continue to monitor in accordance with the unsaturated zone monitoring program established under this section.

13.7 RECORDKEEPING

The owner or operator shall include hazardous waste application dates, rates, and amounts in the operating record required under R315-8-5.3, which incorporates by reference 40 CFR 264.73.

13.8 CLOSURE AND POST-CLOSURE CARE

(a) During the closure period the owner or operator shall:

(1) Continue all operations, including pH control, necessary to maximize degradation, transformation, or immobilization of hazardous constituents within the treatment zone as required under R315-8-13.4(a), except to the extent such measures are inconsistent with R315-8-13.8(a)(8);

(2) Continue all operations in the treatment zone to minimize run-off of hazardous constituents as required under R315-8-13.4(b);

(3) Maintain the run-on control system required under R315-8-13.4(c);

(4) Maintain the run-off management system required under R315-8-13.4(d);

(5) Control wind dispersal of hazardous waste if required under R315-8-13.4(f);

(6) Continue to comply with any prohibitions or conditions concerning growth of food-chain crops under R315-8-13.5;

(7) Continue unsaturated zone monitoring in compliance with R315-8-13.6 except that soil-pore liquid monitoring may be terminated 90 days after the last application of waste to the treatment zone; and

(8) Establish a vegetative cover on the portion of the facility being closed at a time that the cover will not substantially impede degradation, transformation, or immobilization of hazardous constituents in the treatment zone. The vegetative cover shall be capable of maintaining growth without extensive maintenance.

(b) For the purpose of complying with R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, when closure is completed the owner or operator may submit to the Director certification by an independent qualified soil scientist, in lieu of an independent registered professional engineer, that the facility has been closed in accordance with the specifications in the approved closure plan.

(c) During the post-closure care period the owner or operator shall:

(1) Continue all operations, including pH control necessary to enhance degradation and transformation and sustain immobilization of hazardous constituents in the treatment zone to the extent that these measures are consistent with other post-closure care activities;

(2) Maintain a vegetative cover over closed portions of the facility;

(3) Maintain the run-on control system required under R315-8-13.4(c);

(4) Maintain the run-off management system required under R315-8-13.4(d);

(5) Control wind dispersal of hazardous waste if required

under R315-8-13.4(f);

(6) Continue to comply with any prohibitions or conditions concerning growth of food-chain crops under R315-8-13.5; and

(7) Continue unsaturated zone monitoring in compliance with R315-8-13.6, except that soil-pore liquid monitoring may be terminated 90 days after the last application of waste to the treatment zone.

(d) The owner or operator is not subject to regulation under R315-8-13.8(a)(8) and (c) if the Director finds that the level of hazardous constituents in the treatment zone soil does not exceed the background value of those constituents by an amount that is statistically significant when using the test specified in R315-8-13.8(d)(3). The owner or operator may submit such a demonstration to the Director at any time during the closure or post-closure care periods. For the purposes of this paragraph:

(1) The owner or operator shall establish background soil values and determine whether there is a statistically significant increase over those values for all hazardous constituents specified in the facility plan under R315-8-13.2(b).

(i) Background soil values may be based on a one-time sampling of a background plot having characteristics similar to those of the treatment zone.

(ii) The owner or operator shall express background values and values for hazardous constituents in the treatment zone in a form necessary for the determination of statistically significant increases under R315-8-13.8(d)(3).

(2) In taking samples used in the determination of background and treatment zone values, the owner or operator shall take samples at a sufficient number of sampling points and at appropriate locations and depths to yield samples that represent the chemical make-up of soil that has not been affected by leakage from the treatment zone and the soil within the treatment zone, respectively.

(3) In determining whether a statistically significant increase has occurred, the owner or operator shall compare the value of each constituent in the treatment zone to the background value for that constituent using a statistical procedure that provides reasonable confidence that constituent presence in the treatment zone will be identified. The owner or operator shall use a statistical procedure that:

(i) Is appropriate for the distribution of the data used to establish background values; and

(ii) Provides a reasonable balance between the probability of falsely identifying hazardous constituent presence in the treatment zone and the probability of failing to identify real presence in the treatment zone.

(e) The owner or operator is not subject to regulation under section R315-8-6 if the Director finds that the owner or operator satisfies R315-8-13.8(d) and if unsaturated zone monitoring under R315-8-13.6 indicates that hazardous constituents have not migrated beyond the treatment zone during the active life of the land treatment unit.

13.9 SPECIAL REQUIREMENTS FOR IGNITABLE OR REACTIVE WASTE

The owner or operator shall not apply ignitable or reactive waste to the treatment zone unless the waste and the treatment zone meet all applicable requirements of R315-13, R315-50-12, and R315-50-13, which incorporate by reference 40 CFR 268, and:

(a) The waste is immediately incorporated into the soil so that:

(1) The resulting waste, mixture, or dissolution of material no longer meets the definition of ignitable or reactive waste under R315-2-9(d) or (f); and

(2) Section R315-8-2.8(b) is complied with; or

(b) The waste is managed in a way that it is protected from any material or conditions which may cause it to ignite or react.

13.10 SPECIAL REQUIREMENTS FOR INCOMPATIBLE WASTES

The owner or operator shall not place incompatible wastes, or incompatible wastes and materials, see 40 CFR 264, Appendix V for examples, in or on the same treatment zone, unless R315-8-2.8(b) is complied with.

13.11 SPECIAL REQUIREMENTS FOR HAZARDOUS WASTES F020, F021, F022, F023, F026, F027

(a) Hazardous Wastes F020, F021, F022, F023, F026, and F027 shall not be placed in a land treatment unit unless the owner or operator operates the facility in accordance with a management plan for these wastes that is approved by the Director pursuant to the standards set out in this paragraph, and in accord with all other applicable requirements of these rules. The factors to be considered are:

(1) The volume, physical, and chemical characteristics of the wastes including their potential to migrate through soil or to volatilize or escape into the atmosphere;

(2) The attenuative properties of underlying and surrounding soils or other materials;

(3) The mobilizing properties of other materials co-disposed with these wastes; and

(4) The effectiveness of additional treatment, design, or monitoring techniques.

(b) The Director may determine that additional design, operating, and monitoring requirements are necessary for land treatment facilities managing hazardous waste F020, F021, F022, F023, F026, and F027 in order to reduce the possibility of migration of these wastes to groundwater, surface water, or air so as to protect human health and the environment.

R315-8-14. Landfills.

14.1 APPLICABILITY

The rules in this section apply to owners and operators of facilities that dispose of hazardous waste in landfills, except as R315-8-1 provides otherwise.

14.2 DESIGN AND OPERATING REQUIREMENTS

(a) Any landfill that is not covered by R315-8-14.2(c) or R315-7-21.2(a) shall have a liner system for all portions of the landfill, except for existing portions of the landfill. The liner system shall have:

(1) A liner that is designed, constructed, and installed to prevent any migration of wastes out of the landfill to the adjacent subsurface soil or groundwater or surface water at any time during the active life, including the closure period, of the landfill. The liner shall be constructed of material that prevents wastes from passing into the liner during the active life of the facility. The liner shall be:

(i) Constructed of materials that have appropriate chemical properties and sufficient strength and thickness to prevent failure due to pressure gradients, including static head and external hydrogeologic forces, physical contact with the waste or leachate to which they are exposed, climatic conditions, the stress of installation, and the stress of daily operation;

(ii) Placed upon a foundation or base capable of providing support to the liner and resistance to pressure gradients above and below the liner to prevent failure of the liner due to settlement, compression, or uplift; and

(iii) Installed to cover all surrounding earth likely to be in contact with the waste or leachate; and

(2) A leachate collection and removal system immediately above the liner that is designed, constructed, maintained, and operated to collect and remove leachate from the landfill. The Director will specify design and operating conditions in the permit to ensure that the leachate depth at any point on the liner system, does not exceed 30 cm, one foot. The leachate collection and removal system shall be:

(i) Constructed of materials that are:

(A) Chemically resistant to the waste managed in the

landfill and the leachate expected to be generated; and

(B) Of sufficient strength and thickness to prevent collapse under the pressures exerted by overlying wastes, waste cover materials, and by any equipment used at the landfill; and

(ii) Designed and operated to function without clogging through the scheduled closure of the landfill.

(b) The owner or operator will be exempted from the requirements of R315-8-14.2(a) if the Director finds, based on a demonstration by the owner or operator, that alternative design and operating practices, together with location characteristics, will prevent the migration of any hazardous constituents, see R315-8-6.4, into the groundwater or surface water at any future time. In deciding whether to grant an exemption, the Director will consider:

- (1) The nature and quantity of the wastes;
- (2) The proposed alternate design and operation;

(3) The hydrogeologic setting of the facility, including the attenuative capacity and thickness of the liners and soils present between the landfill and groundwater or surface water; and

(4) All other factors which would influence the quality and mobility of the leachate produced and the potential for it to migrate to groundwater or surface water.

(c) The owner or operator of each new landfill unit on which construction commences after January 29, 1992, each lateral expansion of a landfill unit on which construction commences after July 29, 1992, and each replacement of an existing landfill unit that is to commence reuse after July 29, 1992 shall install two or more liners and a leachate collection and removal system above and between such liners. "Construction commences" is as defined in R315-1-1(b), which incorporates by reference 40 CFR 260.10, under "existing facility."

(1)(i) The liner system shall include:

(A) A top liner designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into such liner during the active life and post-closure care period; and

(B) A composite bottom liner, consisting of at least two components. The upper component shall be designed and constructed of materials, e.g., a geomembrane, to prevent the migration of hazardous constituents into this component during the active life and post-closure care period. The lower component shall be designed and constructed of materials to minimize the migration of hazardous constituents if a breach in the upper component were to occur. The lower component shall be constructed of at least three feet, 91 cm, of compacted soil material with a hydraulic conductivity of no more than 1×10^{-7} cm/sec.

(ii) The liners shall comply with R315-8-14.2(a)(1)(i), (ii), and (iii).

(2) The leachate collection and removal system immediately above the top liner shall be designed, constructed, operated, and maintained to collect and remove leachate from the landfill during the active life and post-closure care period. The Director will specify design and operating conditions in the permit to ensure that the leachate depth over the liner does not exceed 30 cm, one foot. The leachate collection and removal system shall comply with R315-8-14.2(c)(3)(iii) and (iv).

(3) The leachate collection and removal system between the liners, and immediately above the bottom composite liner in the case of multiple leachate collection and removal systems, is also a leak detection system. This leak detection system shall be capable of detecting, collecting, and removing leaks of hazardous constituents at the earliest practicable time through all areas of the top liner likely to be exposed to waste or leachate during the active life and post-closure care period. The requirements for a leak detection system in this paragraph are satisfied by installation of a system that is, at a minimum:

(i) Constructed with a bottom slope of one percent or

more;

(ii) Constructed of granular drainage materials with a hydraulic conductivity of 1×10^{-2} cm/sec or more and a thickness of 12 inches, 30.5 cm, or more; or constructed of synthetic or geonet drainage materials with a transmissivity of 3×10^{-5} m²/sec or more;

(iii) Constructed of materials that are chemically resistant to the waste managed in the landfill and the leachate expected to be generated, and of sufficient strength and thickness to prevent collapse under the pressures exerted by overlying wastes, waste cover materials, and equipment used at the landfill;

(iv) Designed and operated to minimize clogging during the active life and post-closure care period; and

(v) Constructed with sumps and liquid removal methods, e.g., pumps, of sufficient size to collect and remove liquids from the sump and prevent liquids from backing up into the drainage layer. Each unit shall have its own sump(s). The design of each sump and removal system shall provide a method for measuring and recording the volume of liquids present in the sump and of liquids removed.

(4) The owner or operator shall collect and remove pumpable liquids in the leak detection system sumps to minimize the head on the bottom liner.

(5) The owner or operator of a leak detection system that is not located completely above the seasonal high water table shall demonstrate that the operation of the leak detection system will not be adversely affected by the presence of ground water.

(d) The Director may approve alternative design or operating practices to those specified in R315-8-14.2(c) if the owner or operator demonstrates to the Director that such design and operating practices, together with location characteristics:

(1) Will prevent the migration of any hazardous constituent into the ground water or surface water at least as effectively as the liners and leachate collection and removal systems specified in R315-8-14.2(c); and

(2) Will allow detection of leaks of hazardous constituents through the top liner at least as effectively.

(e) The double liner requirement set forth in R315-8-14.2(h) may be waived by the Director for any monofill, if:

(1) The monofill contains only hazardous wastes from foundry furnace emission controls or metal casting molding sand, and the wastes do not contain constituents which would render the wastes hazardous for reasons other than the Toxicity Characteristics in R315-2-9(g) and EPA Hazardous Waste Numbers D004 through D017; and

(2)(i)(A) The monofill has at least one liner for which there is no evidence that the liner is leaking:

(B) The monofill is located more than one-quarter mile from an underground source of drinking water, as that term is defined in 40 CFR 144.3; and

(C) The monofill is in compliance with generally applicable groundwater monitoring requirements for facilities with permit; or

(ii) The owner or operator demonstrates that the monofill is located, designed, and operated so as to assure that there will be no migration of any hazardous constituent into groundwater or surface water at any future time.

(f) The owner or operator of any replacement landfill unit is exempt from R315-8-14.2(c) if:

(1) The existing unit was constructed in compliance with the design standards of section 3004(o)(1)(A)(i) and (o)(5) of the Resource Conservation and Recovery Act; and

(2) There is no reason to believe that the liner is not functioning as designed.

(g) The owner or operator shall design, construct, operate, and maintain a run-on control system capable of preventing flow onto the active portion of the landfill during peak discharge from at least a 25-year storm.

(h) The owner or operator shall design, construct, operate, and maintain a run-off management system to collect and control at least the water volume resulting from a 24-hour, 25-year storm.

(i) Collection and holding facilities, e.g., tanks or basins, associated with run-on and run-off control systems shall be emptied or otherwise managed expeditiously after storms to maintain design capacity of the system.

(j) If the landfill contains any particulate matter which may be subject to wind dispersal, the owner or operator shall cover or otherwise manage the landfill to control wind dispersal.

(k) The Director will specify in the permit all design and operating practices that are necessary to ensure that the requirements of this section are satisfied.

14.3 MONITORING AND INSPECTION

(a) During construction or installation, liners, except in the case of existing portions of landfills exempt from R315-8-14.2(a), and cover systems, e.g., membranes, sheets, or coatings, shall be inspected for uniformity, damage, and imperfections, e.g., holes, cracks, thin spots, or foreign materials. Immediately after construction or installation:

(1) Synthetic liners and covers shall be inspected to ensure tight seams and joints and the absence of tears, punctures, or blisters; and

(2) Soil-based and admixed liners and covers shall be inspected for imperfections including lenses, cracks, channels, root holes, or other structural non-uniformities that may cause an increase in the permeability of the liner or cover.

(b) While a landfill is in operation, it shall be inspected weekly and after storms to detect evidence of any of the following:

(1) Deterioration, malfunctions, or improper operation of run-on and run-off control systems;

(2) Proper functioning of wind dispersal control systems, where present; and

(3) The presence of leachate in and proper functioning of leachate collection and removal systems, where present.

(c)(1) An owner or operator required to have a leak detection system under R315-8-14.2(c) or (d) shall record the amount of liquids removed from each leak detection system sump at least once each week during the active life and closure period.

(2) After the final cover is installed, the amount of liquids removed from each leak detection system sump shall be recorded at least monthly. If the liquid level in the sump stays below the pump operating level for two consecutive months, the amount of liquids in the sumps shall be recorded at least quarterly. If the liquid level in the sump stays below the pump operating level for two consecutive quarters, the amount of liquids in the sumps shall be recorded at least semi-annually. If at any time during the post-closure care period the pump operating level is exceeded at units on quarterly or semi-annual recording schedules, the owner or operator shall return to monthly recording of amounts of liquids removed from each sump until the liquid level again stays below the pump operating level for two consecutive months.

(3) "Pump operating level" is a liquid level proposed by the owner or operator and approved by the Director based on pump activation level, sump dimensions, and level that avoids backup into the drainage layer and minimizes head in the sump.

14.4 SURVEYING AND RECORDKEEPING

The owner or operator of a landfill shall maintain the following items in the operating record required under R315-8-5.3, which incorporates by reference 40 CFR 264.73:

(a) On a map, the exact location and dimensions, including depth, of each cell with respect to permanently surveyed bench marks; and

(b) The contents of each cell and the approximate location of each hazardous waste type within each cell.

14.5 CLOSURE AND POST-CLOSURE CARE

(a) At final closure of the landfill or upon closure of any cell, the owner or operator shall cover the landfill or cell with a final cover designed and constructed to:

(1) Provide long-term minimization of migration of liquids through the closed landfill;

(2) Function with minimum maintenance;

(3) Promote drainage and minimize erosion or abrasion of the cover;

(4) Accommodate settling and subsidence so that the cover's integrity is maintained; and

(5) Have a permeability less than or equal to the permeability of any bottom liner system or natural subsoils present.

(b) After final closure, the owner or operator shall comply with all post-closure requirements contained under R315-8-9.9 and R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120, including maintenance and monitoring throughout the post-closure care period, specified in the permit, under R315-8-7, which incorporates by reference 40 CFR 264.110 - 264.120. The owner or operator shall:

(1) Maintain the integrity and effectiveness of the final cover, including making repairs to the cap as necessary to correct the effects of settling, subsidence, erosion, or other events;

(2) Continue to operate the leachate collection and removal system until leachate is no longer detected;

(3) Maintain and monitor the leak detection system in accordance with R315-8-14.2(c)(3)(iv) and (4) and R315-8-14.3(c), and comply with all other applicable leak detection system requirements of R315-8;

(4) Maintain and monitor the groundwater monitoring system and comply with all other applicable requirements of these rules;

(5) Prevent run-on and run-off from eroding or otherwise damaging the final cover; and

(6) Protect and maintain surveyed bench marks used in complying with R315-8-14.4.

14.6 SPECIAL REQUIREMENTS FOR IGNITABLE OR REACTIVE WASTE

(a) Except as provided in R315-8-14.6(b), and in R315-8-14.10, ignitable or reactive waste shall not be placed in a landfill, unless the waste and landfill meet all applicable requirements of R315-13, R315-50-12, and R315-50-13, which incorporate by reference 40 CFR 268, and:

(1) The resulting waste, mixture, or dissolution of material no longer meets the definition of ignitable or reactive waste under R315-2-9(d) or (f); and

(2) R315-8-2.8(b) is complied with.

(b) Except for prohibited wastes which remain subject to treatment standards in R315-13, which incorporates by reference 40 CFR 268 subpart D, ignitable wastes in containers may be landfilled without meeting the requirements of R315-8-14.6(a), provided that the wastes are disposed of in a way that they are protected from any material or conditions which may cause them to ignite. At a minimum, ignitable wastes shall be disposed of in non-leaking containers which are carefully handled and placed so as to avoid heat, sparks, rupture, or any other condition that might cause ignition of the wastes; shall be covered daily with soil or other non-combustible material to minimize the potential for ignition of the wastes; and shall not be disposed of in cells that contain or will contain other wastes which may generate heat sufficient to cause ignition of the waste.

14.7 SPECIAL REQUIREMENTS FOR INCOMPATIBLE WASTES

Incompatible wastes, or incompatible wastes and materials shall not be placed in the same landfill cell, unless R315-8-2.8(b) is complied with.

14.8 SPECIAL REQUIREMENTS FOR LIQUID WASTE

(a) Bulk or non-containerized liquid waste or waste containing free liquids may be placed in a landfill, prior to May 8, 1985, if:

(1) The landfill has a liner and leachate collection and removal system that meet the requirements of R315-8-14.2(a); or

(2) Before disposal, the liquid waste or waste containing free liquids is treated or stabilized, chemically or physically, e.g., by mixing with a sorbent solid, so that free liquids are no longer present.

(b) Effective May 8, 1985, the placement of bulk or non-containerized liquid hazardous waste or hazardous waste containing free liquids, whether or not sorbents have been added, in any landfill is prohibited.

(c) To demonstrate the absence or presence of free liquids in either a containerized or a bulk waste, the following test shall be used: Method 9095, Paint Filter Liquids Test, as described in "Test Methods for Evaluating Solid Wastes, Physical/Chemical Methods." EPA Publication No. SW-846 as incorporated by reference in 40 CFR 260.11, see R315-1-2.

(d) Containers holding free liquids shall not be placed in a landfill unless:

(1) All free-standing liquid:

(i) Has been removed by decanting, or other methods;

(ii) Has been mixed with sorbent or solidified so that free-standing liquid is no longer observed; or

(iii) Has been otherwise eliminated; or

(2) The container is very small, such as an ampule; or

(3) The container is designed to hold free liquids for use other than storage, such as a battery or capacitor; or

(4) The container is a lab pack as defined in R315-8-14.10, and is disposed of in accordance with R315-8-14.10.

(e) Sorbents used to treat free liquids to be disposed of in landfills shall be nonbiodegradable. Nonbiodegradable sorbents are: materials listed or described in R315-8-14.8(e)(1); materials that pass one of the tests in R315-8-14.8(e)(2); or materials that are determined by EPA to be nonbiodegradable through the R315-2-16, which incorporates by reference 40 CFR 260.22, petition process.

(1) Nonbiodegradable sorbents.

(i) Inorganic minerals, other inorganic materials, and elemental carbon, e.g., aluminosilicates, clays, smectites, Fuller's earth, bentonite, calcium bentonite, montmorillonite, calcined montmorillonite, kaolinite, micas (illite), vermiculites, zeolites; calcium carbonate (organic free limestone); oxides/hydroxides, alumina, lime, silica (sand), diatomaceous earth; perlite (volcanic glass); expanded volcanic rock; volcanic ash; cement kiln dust; fly ash; rice hull ash; activated charcoal/activated carbon; or

(ii) High molecular weight synthetic polymers (e.g., polyethylene, high density polyethylene (HDPE), polypropylene, polystyrene, polyurethane, polyacrylate, polynorborene, polyisobutylene, ground synthetic rubber, cross-linked allylstyrene and tertiary butyl copolymers). This does not include polymers derived from biological material or polymers specifically designed to be degradable; or

(iii) Mixtures of these nonbiodegradable materials.

(2) Tests for nonbiodegradable sorbents.

(i) The sorbent material is determined to be nonbiodegradable under ASTM Method G21-70 (1984a)-Standard Practice for Determining Resistance of Synthetic Polymer Materials to Fungi; or

(ii) The sorbent material is determined to be nonbiodegradable under ASTM Method G22-76 (1984b)-Standard Practice for Determining Resistance of Plastics to Bacteria; or

(iii) The sorbent material is determined to be nonbiodegradable under the Organization for Economic

Cooperation and Development (OECD) test 301B, CO₂ Evolution, Modified Sturm Test.

(f) Effective November 8, 1985, the landfill placement of any liquid which is not a hazardous waste in a landfill is prohibited unless the owner or operator of the landfill demonstrates to the Director that;

(1) The only reasonably available alternative to the placement in the landfill is placement in a landfill or unlined surface impoundment, whether or not permitted or operating under interim status, which contains or may reasonably be anticipated to contain, hazardous waste; and

(2) Placement in the owner or operator's landfill will not present a risk of contamination of any underground source of drinking water, as that term is defined in 40 CFR 144.3.

14.9 SPECIAL REQUIREMENTS FOR CONTAINERS

Unless they are very small, such as an ampule, containers shall be either:

(a) At least 90 percent full when placed in the landfill; or

(b) Crushed, shredded, or similarly reduced in volume to the maximum practical extent before burial in the landfill.

14.10 DISPOSAL OF SMALL CONTAINERS OF HAZARDOUS WASTE IN OVERPACKED DRUMS, LAB PACKS

Small containers of hazardous waste in overpacked drums, lab packs, may be placed in a landfill if the following requirements are met:

(a) Hazardous waste shall be packaged in non-leaking inside containers. The inside containers shall be of a design and constructed of a material that will not react dangerously with, be decomposed by, or be ignited by the contained waste. Inside containers shall be tightly and securely sealed. The inside containers shall be of the size and type specified in the Department of Transportation (DOT) hazardous materials regulations, 49 CFR parts 173, 178, and 179, if those regulations specify a particular inside container for the waste.

(b) The inside containers shall be overpacked in an open head DOT - specification metal shipping container, 49 CFR parts 178 and 179, of no more than 416-liter, 110 gallon, capacity and surrounded by, at a minimum, a sufficient quantity of sorbent material, determined to be nonbiodegradable in accordance with R315-8-14.8(e), to completely sorb all of the liquid contents of the inside containers. The metal outer container shall be full after it has been packed with inside containers and sorbent material.

(c) The sorbent material used shall not be capable of reacting dangerously with, being decomposed by, or being ignited by the contents of the inside containers in accordance with R315-8-2.8(b).

(d) Incompatible wastes, as defined in R315-1 shall not be placed in the same outside container.

(e) Reactive wastes, other than cyanide or sulfide bearing wastes as defined in R315-2-9(f)(v) shall be treated or rendered non-reactive prior to packaging in accordance with R315-8-14.10(a) through (d). Cyanide and sulfide bearing reactive waste may be packed in accordance with R315-8-14.10(a) through (d) without first being treated or rendered non-reactive.

(f) The disposal is in compliance with the requirements of R315-13, R315-50-12, and R315-50-13, which incorporate by reference 40 CFR 268. Persons who incinerate lab packs according to the requirements in R315-13, which incorporates by reference 40 CFR 268.42(c)(1), may use fiber drums in place of metal outer containers. Such fiber drums shall meet the DOT specification in 49 CFR 173.12 and be overpacked according to the requirements in R315-8-14.10(b).

14.11 SPECIAL REQUIREMENTS FOR HAZARDOUS WASTES F020, F021, F022, F023, F026, AND F027

(a) Hazardous Wastes F020, F021, F022, F023, F026, and F027 shall not be placed in a landfill unless the owner or operator operates the landfill in accord with a management plan

for these wastes that is approved by the Director pursuant to the standards set out in this paragraph, and in accord with all other applicable requirements. The factors to be considered are:

- (1) The volume, physical and chemical characteristics of the wastes, including their potential to migrate through the soil or to volatilize or escape into the atmosphere;
- (2) The attenuative properties of underlying and surrounding soils or other materials;
- (3) The mobilizing properties of other materials co-disposed with these wastes; and
- (4) The effectiveness of additional treatment, design, or monitoring requirements.

(b) The Director may determine that additional design, operating and monitoring requirements are necessary for landfills managing hazardous wastes F020, F021, F022, F023, F026, and F027 in order to reduce the possibility of migration of these wastes to groundwater, surface water, or air so as to protect human health and the environment.

14.12 ACTION LEAKAGE RATE

(a) The Director shall approve an action leakage rate for surface impoundment units subject to R315-8-14.2(c) or (d). The action leakage rate is the maximum design flow rate that the leak detection system, LDS, can remove without the fluid head on the bottom liner exceeding one foot. The action leakage rate shall include an adequate safety margin to allow for uncertainties in the design, e.g., slope, hydraulic conductivity, thickness of drainage material, construction, operation, and location of the LDS, waste and leachate characteristics, likelihood and amounts of other sources of liquids in the LDS, and proposed response actions, e.g., the action leakage rate shall consider decreases in the flow capacity of the system over time resulting from siltation and clogging, rib layover and creep of synthetic components of the system, overburden pressures, etc.

(b) To determine if the action leakage rate has been exceeded, the owner or operator shall convert the weekly or monthly flow rate from the monitoring data obtained under R315-8-14.3(c), to an average daily flow rate, gallons per acre per day, for each sump. Unless the Director approves a different calculation, the average daily flow rate for each sump shall be calculated weekly during the active life and closure period, and monthly during the post-closure care period when monthly monitoring is required under R315-8-14.3(c).

14.13 RESPONSE ACTIONS

(a) The owner or operator of landfill units subject to R315-8-14.2(c) or (d) shall have an approved response action plan before receipt of waste. The response action plan shall set forth the actions to be taken if the action leakage rate has been exceeded. At a minimum, the response action plan shall describe the actions specified in R315-8-14.13(b).

(b) If the flow rate into the leak detection system exceeds the action leakage rate for any sump, the owner or operator shall:

- (1) Notify the Director in writing of the exceedence within seven days of the determination;
- (2) Submit a preliminary written assessment to the Director within 14 days of the determination, as to the amount of liquids, likely sources of liquids, possible location, size, and cause of any leaks, and short-term actions taken and planned;
- (3) Determine to the extent practicable the location, size, and cause of any leak;
- (4) Determine whether waste receipt should cease or be curtailed, whether any waste should be removed from the unit for inspection, repairs, or controls, and whether or not the unit should be closed;
- (5) Determine any other short-term and longer-term actions to be taken to mitigate or stop any leaks; and
- (6) Within 30 days after the notification that the action leakage rate has been exceeded, submit to the Director the results of the analyses specified in R315-8-14.13(b)(3)-(5), the

results of actions taken, and actions planned. Monthly thereafter, as long as the flow rate in the leak detection system exceeds the action leakage rate, the owner or operator shall submit to the Director a report summarizing the results of any remedial actions taken and actions planned.

(c) To make the leak and/or remediation determinations in R315-8-14.13(b)(3)-(5), the owner or operator shall:

- (1)(i) Assess the source of liquids and amounts of liquids by source;
 - (ii) Conduct a fingerprint, hazardous constituent, or other analyses of the liquids in the leak detection system to identify the source of liquids and possible location of any leaks, and the hazard and mobility of the liquid; and
 - (iii) Assess the seriousness of any leaks in terms of potential for escaping into the environment; or
- (2) Document why such assessments are not needed.

R315-8-15. Incinerators.

15.1 APPLICABILITY

(a) The rules in this section apply to owners or operators of facilities that incinerate hazardous waste, as defined in 40 CFR 260.10, except as R315-8-1 provides otherwise.

(b) Integration of the MACT standards.

(1) Except as provided by R315-8-15.1(b)(2), through R315-8-15.1(b)(5) the standards of R315-8 do not apply to a new hazardous waste incineration unit that becomes subject to RCRA permit requirements after October 12, 2005; or no longer apply when an owner or operator of an existing hazardous waste incineration unit demonstrates compliance with the maximum achievable control technology (MACT) requirements of R307-214-2, which incorporates by reference 40 CFR 63, subpart EEE, by conducting a comprehensive performance test and submitting to the Director a Notification of Compliance under R307-214-2, which incorporates by reference 40 CFR 63.1207(j) and 63.1210(d), documenting compliance with the requirements of R307-214-2, which incorporates by reference 40 CFR 63, subpart EEE. Nevertheless, even after this demonstration of compliance with the MACT standards, hazardous waste permit conditions that were based on the standards of R315-8 will continue to be in effect until they are removed from the permit or the permit is terminated or revoked, unless the permit expressly provides otherwise.

(2) The MACT standards do not replace the closure requirements of R315-8-15.8 or the applicable requirements of R315-8-1 through R315-8-8, R315-8-18, which incorporates by reference 40 CFR 264 subpart BB, and R315-8-22, which incorporates by reference 40 CFR 264 subpart CC.

(3) The particulate matter standard of R315-8-15.4(b) remains in effect for incinerators that elect to comply with the alternative to the particulate matter standard of R307-214-2, which incorporates by reference 40 CFR 63.1206(b)(14) and 63.1219(e).

(4) The following requirements remain in effect for startup, shutdown, and malfunction events if you elect to comply with R315-3-9(a)(1)(i) to minimize emissions of toxic compounds from these events:

(i) R315-8-15.6(a) requiring that an incinerator operate in accordance with operating requirements specified in the permit; and

(ii) R315-8-15.6(c) requiring compliance with the emission standards and operating requirements during startup and shutdown if hazardous waste is in the combustion chamber, except for particular hazardous wastes.

(5) The particulate matter standard of R315-8-15.4(b) remains in effect for incinerators that elect to comply with the alternative to the particulate matter standard of R307-214-2(39), which incorporates by reference 40 CFR 63.1206(b)(14) and 63.1219(e).

(c) After consideration of the waste analysis included with

part B of the permit application, the Director, in establishing the permit conditions, shall exempt the applicant from all requirements of this section except R315-8-15.2, Waste Analysis and R315-8-15.8, Closure,

(1) If the Director finds that the waste to be burned is:

(i) Listed as a hazardous waste in R315-2-10 or R315-2-11 solely because it is ignitable, Hazard Code I, corrosive Hazard Code C, or both; or

(ii) Listed as a hazardous waste in R315-2-10 or R315-2-11 solely because it is reactive, Hazard Code R, for characteristics other than those listed in R315-2-9(f)(1)(iv) and (v), and will not be burned when other hazardous wastes are present in the combustion zone; or

(iii) A hazardous waste solely because it possesses the characteristics of ignitability, corrosivity, or both, as determined by the test for characteristics of hazardous wastes under R315-2-9, or

(iv) A hazardous waste solely because it possesses any of the reactivity characteristics described by R315-2-9(f)(1)(i), (ii), (iii), (vi), (vii), and (viii) and will not be burned when other hazardous wastes are present in the combustion zone; and

(2) If the waste analysis shows that the waste contains none of the hazardous constituents listed in R315-50-10, which incorporates by reference 40 CFR 261 Appendix VIII, which could reasonably be expected to be in the waste.

(d) If the waste to be burned is one which is described by R315-8-15.1(c)(1)(i), (ii), (iii), or (iv) and contains insignificant concentrations of the hazardous constituents listed in R315-50-10, which incorporates by reference 40 CFR 261 Appendix VIII, then the Director may, in establishing permit conditions, exempt the applicant from all requirements of this section except R315-8-15.2, Waste analysis and R315-8-15.8, Closure, after consideration of the waste analysis included with part B of the permit application, unless the Director finds that the waste will pose a threat to human health and the environment when burned in an incinerator.

(e) The owner or operator of an incinerator may conduct trial burns subject only to the requirements of R315-3-6.3.

15.2 WASTE ANALYSIS

(a) As a portion of the trial burn plan required by R315-3-6.3 or with part B of the permit the owner or operator shall have included an analysis of the waste feed sufficient to provide all information required by R315-3-6.3(b) or R315-3-2.10. Owners or operators of new hazardous waste incinerators shall provide the information required by R315-3-6.3(c) or R315-3-2.10 to the greatest extent possible.

(b) Throughout normal operation the owner or operator shall conduct sufficient waste analysis to verify that waste feed to the incinerator is within the physical and chemical composition limits specified in his permit, R315-8-15.6.

15.3 PRINCIPAL ORGANIC HAZARDOUS CONSTITUENTS (POHCS)

(a) Principal Organic Hazardous Constituents (POHCs) in the waste feed shall be treated to the extent required by the performance standard of R315-8-15.4.

(b)(1) One or more POHCs will be specified in the facility's permit, from among these constituents listed in R315-50-10, which incorporates by reference 40 CFR 261 Appendix VIII, for each waste feed to be burned. This specification will be based on the degree of difficulty of incineration of the organic constituents in the waste and on their concentration or mass in the waste feed, considering the results of waste analyses and trial burns or alternative data submitted with part B of the permit. Organic constituents which represent the greatest degree of difficulty of incineration will be those most likely to be designated as POHCs. Constituents are more likely to be designated as POHCs if they are present in large quantities or concentrations in the waste.

(2) Trial POHCs will be designated for performance of

trial burns in accordance with the procedure specified R315-3-6.3 for obtaining trial burn permits.

15.4 PERFORMANCE STANDARDS

An incinerator burning hazardous waste shall be designed, constructed, and maintained so that, when operated in accordance with operating requirements specified under R315-8-15.6, it will meet the following performance standards:

(a)(1) An incinerator burning hazardous waste shall achieve a destruction and removal efficiency (DRE) of 99.99% for each principal organic hazardous constituent (POHC) designated, R315-8-15.3, in its permit for each waste feed. DRE is determined for each POHC from the following equation:

$$DRE = (W_{in} - W_{out}) / W_{in} \times 100\%$$

Where:

W_{in} = Mass feed rate of one principal organic hazardous constituent (POHC) in the waste stream feeding the incinerator, and

W_{out} = Mass emission rate of the same POHC present in exhaust emissions prior to release to the atmosphere.

(2) An incinerator burning hazardous waste and producing stack emissions of more than 1.8 kilograms per hour, 4 pounds per hour, of hydrogen chloride (HCl) shall control HCl emissions so that the rate of emission is no greater than the larger of either 1.8 kilograms per hour or one percent of the HCl in the stack gas prior to entering any pollution control equipment.

(b) An incinerator burning hazardous waste shall not emit particulate matter in excess of 180 milligrams per dry standard cubic meter, 0.08 grains per dry standard cubic foot, when corrected for the amount of oxygen in the stack gas according to the formula:

$$P_c = P_m \times 14 / (21 - Y)$$

When P_c is correct concentration of particulate matter, P_m is the measured concentration of particulate matter, and Y is the measured concentration of oxygen in the stack gas, using the Orsat method for oxygen analysis of dry flue gas, as presented in 40 CFR 60 Appendix A Method 3. This correction procedure is to be used by all hazardous waste incinerators except those operating under conditions of oxygen enrichment. For these facilities, the Director will select an appropriate correction procedure, to be specified in the facility permit.

(c) For purposes of permit enforcement, compliance with the operating requirements specified in the permit under R315-8-15.6 will be regarded as compliance with this section. However, evidence that compliance with those permit conditions is insufficient to ensure compliance with the performance requirements of this section may be "information" justifying modification, revocation, or reissuance of a permit under R315-3-4.2.

(d) An incinerator burning hazardous wastes F020, F021, F022, F023, F026, or F027 shall achieve a destruction and removal efficiency (DRE) of 99.9999% for each principal organic hazardous constituent (POHC) designated, under R315-8-15.3, in its permit. This performance shall be demonstrated on POHCs that are more difficult to incinerate than tetra-, penta-, and hexachlorodibenzo-p-dioxins and dibenzofurans. DRE is determined for each POHC from the equation in R315-8-15.4(a)(1). In addition, the owner or operator of the incinerator shall notify the Director of his intent to incinerate hazardous wastes F020, F021, F022, F023, F026, or F027.

15.5 HAZARDOUS WASTE INCINERATOR PERMITS

(a) The owner or operator of a hazardous waste incinerator may burn only wastes specified in his permit and only under operating conditions specified for those wastes under 8.15.6., except:

(1) In approved trial burns, R315-3-6.3, or

(2) Under exemptions created by R315-8-15.1.

(b) Other hazardous wastes may be burned after operating conditions have been specified in a new permit or a permit

modification, as applicable. Operating requirements for new wastes may be based on either trial burn results or alternative data included with part B of a permit under R315-3-2.10.

(c) The permit for a new hazardous waste incinerator shall establish appropriate conditions for each of the applicable requirements of this section including but not limited to allowable waste feeds and operating conditions necessary to meet the requirements of R315-8-15.6, sufficient to comply with the following standards:

(1) For the period beginning with initial introduction of hazardous waste to the incinerator and ending with initiation of the trial burn, and only for the minimum time required to establish operating conditions required in R315-8-15.5(c)(2), not to exceed a duration of 720 hours operating time for treatment of hazardous waste, the operating requirements shall be those most likely to ensure compliance with the performance standards in R315-8-15.4 based on the Director's engineering judgement. The Director may extend the duration of this period once for up to 720 additional hours when good cause for the extension is demonstrated by the applicant;

(2) For the duration of the trial burn, the operating requirements shall be sufficient to demonstrate compliance with the performance standards of R315-8-15.4 and shall be in accordance with the approved trial burn plan;

(3) For the period immediately following completion of the trial burn, and only for the minimum period sufficient to allow sample analysis, data computation, and submission of the trial burn results by the applicant, and review of the trial burn results and modification of the facility permit by the Director, the operating requirements shall be those most likely to ensure compliance with the performance standards of R315-8-15.4 based on the Director's engineering judgement.

(4) For the remaining duration of the permit, the operating requirements shall be those demonstrated, in a trial burn or by alternative data specified in R315-3-2.10(c), as sufficient to ensure compliance with the performance standards of R315-8-15.4.

15.6 OPERATING REQUIREMENTS

(a) An incinerator shall be operated in accordance with operating requirements specified in the permit. These will be specified on a case-by-case basis as those demonstrated, in a trial burn or in alternative data as specified in R315-8-15.5(b), and included with part B of a facility's permit to be sufficient to comply with the performance standards of R315-8-15.4.

(b) Each set of operating requirements will specify the composition of the waste feed, including acceptable variations in the physical or chemical properties of the waste feed which will not affect compliance with the performance requirements of R315-8-15.4, to which the operating requirements apply. For each such waste feed, the permit will specify acceptable operating limits including the following conditions:

- (1) Carbon monoxide (CO) level in the stack exhaust gas;
- (2) Waste feed rate;
- (3) Combustion temperature;
- (4) An appropriate indicator of combustion gas velocity;
- (5) Allowable variations in incinerator system design or operating procedures; and

(6) Any other operating requirements as are necessary to ensure that the performance standards of R315-8-15.4 are met.

(c) During start-up and shut-down of an incinerator, hazardous waste, except wastes exempted in accordance with R315-8-15.1, shall not be fed into the incinerator unless the incinerator is operating within the conditions of operation, temperature, air feed rate, etc., specified in the permit.

(d) Fugitive emissions from the combustion zone shall be controlled by:

- (1) Keeping the combustion zone totally sealed against fugitive emissions; or
- (2) Maintaining a combustion zone pressure lower than

atmospheric pressure; or

(3) An alternative means of control demonstrated, with part B of the permit to provide fugitive emissions control equivalent to maintenance of combustion zone pressure lower than atmospheric pressure.

(e) An incinerator shall be operated with a functioning system to automatically cut off waste feed to the incinerator when operating conditions deviate from limits established under R315-8-15.6(a).

(f) An incinerator shall cease operation when changes in waste feed, incinerator design, or operating conditions exceed limits designated in its permit.

15.7 MONITORING AND INSPECTIONS

(a) The owner or operator shall conduct, as a minimum, the following monitoring while incinerating hazardous waste:

(1) Combustion temperature, waste feed rate, and the indicator of combustion gas velocity specified in the facility permit shall be monitored on a continuous basis.

(2) Carbon monoxide (CO) shall be monitored on a continuous basis at a point in the incinerator downstream of the combustion zone and prior to release to the atmosphere.

(3) Upon request by the Director, sampling and analysis of the waste and exhaust emissions shall be conducted to verify that the operating requirements established in the permit achieve the performance standards of R315-8-15.4.

(b) The incinerator and associated equipment, pumps, valves, conveyors, pipes, etc., shall be subjected to thorough visual inspection, at least daily, for leaks, spills, fugitive emissions, and signs of tampering.

(c) The emergency waste feed cutoff system and associated alarms shall be tested at least weekly to verify operability, unless the applicant demonstrates to the Director that weekly inspections will unduly restrict or upset operations and that less frequent inspections will be adequate. At a minimum, operational testing shall be conducted at least monthly.

(d) This monitoring and inspection data shall be recorded and the records shall be placed in the operating record required by R315-8-5.3, which incorporates by reference 264.73.

15.8 CLOSURE

At closure the owner or operator shall remove all hazardous waste and hazardous waste residues, including, but not limited to, ash, scrubber waters, and scrubber sludges, from the incinerator site.

At closure, as throughout the operating period, unless the owner or operator can demonstrate, in accordance with R315-2-3(d), that the residue removed from the incinerator is not a hazardous waste, the owner or operator becomes a generator of hazardous waste and shall manage it in accordance with applicable requirements. R315-4 - R315-9.

R315-8-16. Miscellaneous Units.

The requirements as found in 40 CFR 264, subpart X, which includes sections 264.600 through 264.603, 2000 ed., are adopted and incorporated by reference.

R315-8-17. Air Emission Standards for Process Vents.

The requirements as found in 40 CFR subpart AA sections 264.1030 through 264.1036, 1998 ed., as amended by 64 FR 3382, January 21, 1999, are adopted and incorporated by reference with the following exception:

(1) substitute "Director " for all federal regulation references made to "Regional Administrator".

R315-8-18. Air Emission Standards for Equipment Leaks.

The requirements as found in 40 CFR subpart BB sections 264.1050 through 264.1065, 2004 ed., are adopted and incorporated by reference with the following exception:

(1) substitute "Director " for all federal regulation references made to "Regional Administrator."

R315-8-19. Drip Pads.

The requirements as found in 40 CFR subpart W sections 264.570 through 264.575, 1996 ed., are adopted and incorporated by reference with the following exception:

(1) substitute "Director" for all federal regulation references made to "Regional Administrator".

(2) Add, following December 6, 1990, in 40 CFR 264.570(a), "for all HSWA drip pads or July 30, 1993 for all non-HSWA drip pads."

(3) Add, following December 24, 1992, in 40 CFR 570(a), "for all HSWA drip pads or July 30, 1993 for all non-HSWA drip pads."

R315-8-20. Containment Buildings.

The requirements of subpart DD sections 264.1100 through 264.1110, as found in 57 FR 37194, August 18, 1992, are adopted and incorporated by reference with the following exception:

(1) substitute "Director" for all federal regulation references made to "Regional Administrator."

R315-8-21. Corrective Action for Solid Waste Management Units.

The requirements of 40 CFR 264, subpart S, which includes sections 264.550 through 264.555, 2010 ed., are adopted and incorporated by reference with the following exception:

substitute "Director" for all federal regulation references made to "Regional Administrator."

R315-8-22. Air Emission Standards for Tanks, Surface Impoundments, and Containers.

The requirements as found in 40 CFR subpart CC, sections 264.1080 through 264.1091, 1998 ed., as amended by 64 FR 3382, January 21, 1999, are adopted and incorporated by reference with the following exception:

(1) substitute "Director" for all federal regulation references made to "Regional Administrator."

R317. Environmental Quality, Water Quality.**R317-1. Definitions and General Requirements.****R317-1-1. Definitions.**

"Assimilative Capacity" means the difference between the numeric criteria and the concentration in the waterbody of interest where the concentration is less than the criterion.

"Biological assessment" means an evaluation of the biological condition of a water body using biological surveys and other direct measurements of composition or condition of the resident living organisms.

"Biological criteria" means numeric values or narrative descriptions that are established to protect the biological condition of the aquatic life inhabiting waters that have been given a certain designated aquatic life use.

"Board" means the Utah Water Quality Board.

"BOD" means 5-day, 20 degrees C. biochemical oxygen demand.

"Body Politic" means the State or its agencies or any political subdivision of the State to include a county, city, town, improvement district, taxing district or any other governmental subdivision or public corporation of the State.

"Building sewer" means the pipe which carries wastewater from the building drain to a public sewer, a wastewater disposal system or other point of disposal. It is synonymous with "house sewer".

"CBOD" means 5-day, 20 degrees C., carbonaceous biochemical oxygen demand.

"COD" means chemical oxygen demand.

"Deep well" means a drinking water supply source which complies with all the applicable provisions of the State of Utah Public Drinking Water rules.

"Digested sludge" means sludge in which the volatile solids content has been reduced to about 50% by a suitable biological treatment process.

"Director" means the Director of the Division of Water Quality.

"Division" means the Utah State Division of Water Quality.

"Domestic wastewater" means a combination of the liquid or water-carried wastes from residences, business buildings, institutions, and other establishments with installed plumbing facilities, together with those from industrial establishments, and with such ground water, surface water, and storm water as may be present. It is synonymous with the term "sewage".

"Effluent" means the liquid discharge from any unit of a wastewater treatment works, including a septic tank.

"Existing Uses" means those uses actually attained in a water body on or after November 28, 1975, whether or not they are included in the water quality standards.

"Human-induced stressor" means perturbations directly or indirectly caused by humans that alter the components, patterns, and/or processes of an ecosystem.

"Human pathogens" means specific causative agents of disease in humans such as bacteria or viruses.

"Industrial wastes" means the liquid wastes from industrial processes as distinct from wastes derived principally from dwellings, business buildings, institutions and the like. It is synonymous with the term "industrial wastewater".

"Influent" means the total wastewater flow entering a wastewater treatment works.

"Great Salt Lake impounded wetland" means wetland ponds which have been formed by dikes or berms to control and retain the flow of freshwater sources in the immediate proximity of Great Salt Lake.

"Large underground wastewater disposal system" means the same type of device as an onsite wastewater system except that it is designed to handle more than 5,000 gallons per day of domestic wastewater, or wastewater that originates in multiple dwellings, commercial establishments, recreational facilities, schools, or any other underground wastewater disposal system

not covered under the definition of an onsite wastewater system. The Division controls the installation of such systems.

"Onsite wastewater system" means an underground wastewater disposal system for domestic wastewater which is designed for a capacity of 5,000 gallons per day or less and is not designed to serve multiple dwelling units which are owned by separate owners except condominiums and twin homes. It usually consists of a building sewer, a septic tank and an absorption system.

"Operating Permit" is a State issued permit issued to any wastewater treatment works covered under Rules R317-3 or R317-5 with the following exceptions:

A. Any wastewater treatment permitted under Ground Water Quality Protection R317-6.

B. Any wastewater treatment permitted under Underground Injection Control (UIC) Program R317-7.

C. Any wastewater treatment permitted under Utah Pollutant Discharge Elimination System (UPDES) R317-8.

D. Any wastewater treatment permitted under Approvals and Permits for a Water Reuse Project R317-13.

E. Any wastewater treatment permitted by a Local Health Department under Onsite Wastewater Systems R317-4.

"Person" means any individual, corporation, partnership, association, company, or body politic, including any agency or instrumentality of the United States government (Section 19-1-103).

"Point source" means any discernible, confined and discrete conveyance including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, concentrated animal feeding operation, or vessel or other floating craft from which pollutants are or may be discharged. This term does not include return flow from irrigated agriculture.

"Pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any waters of the state, or such discharge of any liquid, gaseous or solid substance into any waters of the state as will create a nuisance or render such waters harmful or detrimental or injurious to public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish or other aquatic life.

"Sewage" is synonymous with the term "domestic wastewater".

"Shallow well" means a well providing a source of drinking water which does not meet the requirements of a "deep well".

"Sludge" means the accumulation of solids which have settled from wastewater. As initially accumulated, and prior to treatment, it is known as "raw sludge".

"SS" means suspended solids.

Total Maximum Daily Load (TMDL) means the maximum amount of a particular pollutant that a waterbody can receive and still meet state water quality standards, and an allocation of that amount to the pollutant's sources.

"Treatment works" means any plant, disposal field, lagoon, dam, pumping station, incinerator, or other works used for the purpose of treating, stabilizing or holding wastes. (Section 19-5-102).

"TSS" means total suspended solids.

"Underground Wastewater Disposal System" means a system for underground disposal of domestic wastewater. It includes onsite wastewater systems and large underground wastewater disposal systems.

"Use Attainability Analysis" means a structured scientific assessment of the factors affecting the attainment of the uses specified in R317-2-6. The factors to be considered in such an analysis include the physical, chemical, biological, and economic use removal criteria as described in 40 CFR 131.10(g) (1-6).

"Wastes" means dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical wastes, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, cellar dirt, and industrial, municipal, and agricultural waste discharged into water. (Section 19-5-102).

"Wastewater" means sewage, industrial waste or other liquid substances which might cause pollution of waters of the state. Intercepted ground water which is uncontaminated by wastes is not included.

"Waters of the state" means all streams, lakes, ponds, marshes, water-courses, waterways, wells, springs, irrigation systems, drainage systems, and all other bodies or accumulations of water, surface and underground, natural or artificial, public or private, which are contained within, flow through, or border upon this state or any portion thereof, except that bodies of water confined to and retained within the limits of private property, and which do not develop into or constitute a nuisance, or a public health hazard, or a menace to fish and wildlife, shall not be considered to be "waters of the state" under this definition (Section 19-5-102).

R317-1-2. General Requirements.

2.1 Water Pollution Prohibited. No person shall discharge wastewater or deposit wastes or other substances in violation of the requirements of these rules.

2.2 Construction Permit. No person shall make or construct any device for treatment or discharge of wastewater (including storm sewers) without first receiving a permit to do so from the Director or its authorized representative, except as provided herein.

A. Body Politic Required. A permit for construction of a new treatment works or a sewerage system, or modifications to an existing treatment works or sewerage system for multiple units under separate ownership will be issued only if the treatment works or sewerage system are under the sponsorship of a body politic as defined in R317-1-1.

B. Submission of Plans. Any person desiring a permit shall submit complete plans, specifications, and other pertinent documents covering the proposed construction to the Director for review. Liquid waste storage facilities at animal feeding operations must be designed and constructed in accordance with Table 2a - Criteria for Siting, Investigation, and Design of Liquid Waste Storage Facilities with a water depth greater than 2 feet; Table 2b - Criteria for Siting, Investigation, and Design of Liquid Waste Storage Facilities with a water depth of 2 feet or less; and Table 2c - Criteria for runoff ponds with a water depth of 2 feet or less and a storage period less than 90 days annually, contained in the U.S.D.A. Natural Resource Conservation Service (NRCS) Conservation Practice Standard, Waste Storage Facility, Code 313, dated August 2006. This rule incorporates by reference Tables 2a, 2b, and 2c in the August 2006 U.S.D.A. NRCS Conservation Practice Standard, Waste Storage Facility, Code 313.

C. Review of Plans. The Division shall review said plans and specifications as to their adequacy of design for the intended purpose and shall require such changes as are found necessary to assure compliance with pertinent parts of these rules.

D. Approval of Plans. Issuance of a construction permit shall be construed as approval of plans for the purposes of authorizing release of federal or state funds allocated for planning or construction purposes.

E. Permit Expiration. Construction permits shall expire one year after date of issuance unless substantial and continuous construction is under way. Upon application, construction permits may be extended on an individual basis provided application for such extension is made prior to the permit expiration date.

F. Exceptions.

1. Wastewater facilities that discharge to an existing sewer system and serve only units that are under single ownership, or serve multiple units under separate ownership where the wastewater facilities are under the sponsorship of the public sewer system to which they discharge. This exception does not apply to pumping stations having the installed capacity in excess of 1 million gallons per day (3,785 cubic meters per day).

2. Onsite Wastewater Disposal Systems. Construction plans and specifications for onsite wastewater disposal systems shall be submitted to the local health authority having jurisdiction and need not be submitted to the Division. Such devices, in any case, shall be constructed in accordance with rules for onsite wastewater disposal systems adopted by the Water Quality Board. Compliance with the rules shall be determined by an on-site inspection by the appropriate health authority.

3. Small Animal Waste (Manure) Lagoons and Runoff Ponds. Construction plans and specifications for small animal waste lagoons as defined in R317-6 (permitted by rule for ground water permits) need not be submitted to the Division if the design is prepared or certified by the U.S.D.A. Natural Resources Conservation Service (NRCS) in accordance with criteria provided for in the Memorandum of Agreement between the Division and the NRCS, and the construction is inspected by the NRCS. Compliance with these rules shall be determined by on-site inspection by the NRCS.

2.3 Compliance with Water Quality Standards. No person shall discharge wastes into waters of the state except in compliance with these rules and under circumstances which assure compliance with water quality standards in R317-2.

2.4 Operation of Wastewater Treatment Works. Wastewater treatment works shall be so operated at all times as to produce effluents meeting all requirements of these rules and otherwise in a manner consistent with adequate protection of public health and welfare. Complete daily records shall be kept of the operation of wastewater treatment works covered under R317-3 on forms approved by the Division and a copy of such records shall be forwarded to the Division at monthly intervals.

R317-1-3. Requirements for Waste Discharges.

3.1 Compliance With Water Quality Standards.

All persons discharging wastes into any of the waters of the State shall provide the degree of wastewater treatment determined necessary to insure compliance with the requirements of R317-2 (Water Quality Standards), except that the Director may waive compliance with these requirements for specific criteria listed in R317-2 where it is determined that the designated use is not being impaired or significant use improvement would not occur or where there is a reasonable question as to the validity of a specific criterion or for other valid reasons as determined by the Director.

3.2 Compliance With Secondary Treatment Requirements.

All persons discharging wastes from point sources into any of the waters of the State shall provide treatment processes which will produce secondary effluent meeting or exceeding the following effluent quality standards.

A. The arithmetic mean of BOD values determined on effluent samples collected during any 30-day period shall not exceed 25 mg/l, nor shall the arithmetic mean exceed 35 mg/l during any 7-day period. In addition, if the treatment plant influent is of domestic or municipal sewage origin, the BOD values of effluent samples shall not be greater than 15% of the BOD values of influent samples collected in the same time period. As an alternative, if agreed to by the person discharging wastes, the following effluent quality standard may be established as a requirement of the discharge permit and must be met: The arithmetic mean of CBOD values determined on effluent samples collected during any 30-day period shall not exceed 20 mg/l nor shall the arithmetic mean exceed 30 mg/l

during any 7-day period. In addition, if the treatment plant influent is of domestic or municipal sewage origin, the CBOD values of effluent samples shall not be greater than 15% of the CBOD values of influent samples collected in the same time period.

B. The arithmetic mean of SS values determined on effluent samples collected during any 30-day period shall not exceed 25 mg/l, nor shall the arithmetic mean exceed 35 mg/l during any 7-day period. In addition, if the treatment plant influent is of domestic or municipal sewage origin, the SS values of effluent samples shall not be greater than 15% of the SS values of influent samples collected in the same time period.

C. The geometric mean of total coliform and fecal coliform bacteria in effluent samples collected during any 30-day period shall not exceed either 2000 per 100 ml or 200 per 100 ml respectively, nor shall the geometric mean exceed 2500 per 100 ml or 250 per 100 ml respectively, during any 7-day period; or, the geometric mean of *E. coli* bacteria in effluent samples collected during any 30-day period shall not exceed 126 per 100 ml nor shall the geometric mean exceed 158 per 100 ml respectively during any 7-day period. Exceptions to this requirement may be allowed by the Director where domestic wastewater is not a part of the effluent and where water quality standards are not violated.

D. The effluent values for pH shall be maintained within the limits of 6.5 and 9.0.

E. Exceptions to the 85% removal requirements may be allowed where infiltration makes such removal requirements infeasible and where water quality standards are not violated.

F. The Director may allow exceptions to the requirements of (A), (B) and (D) above where the discharge will be of short duration and where there will be of no significant detrimental affect on receiving water quality or downstream beneficial uses.

G. The Director may allow that the BOD5 and TSS effluent concentrations for discharging domestic wastewater lagoons shall not exceed 45 mg/l for a monthly average nor 65 mg/l for a weekly average provided the following criteria are met:

1. The lagoon system is operating within the organic and hydraulic design capacity established by R317-3,
2. The lagoon system is being properly operated and maintained,
3. The treatment system is meeting all other permit limits,
4. There are no significant or categorical industrial users (IU) defined by 40 CFR Part 403, unless it is demonstrated to the satisfaction of the Director that the IU is not contributing constituents in concentrations or quantities likely to significantly effect the treatment works,
5. A Waste Load Allocation (WLA) indicates that the increased permit limits would not impair beneficial uses of the receiving stream.

3.3 Extensions To Deadlines For Compliance.

The Director may, upon application of a waste discharger, allow extensions to the compliance deadlines in Section 1.3.2 above where it can be shown that despite good faith effort, construction cannot be completed within the time required.

3.4 Pollutants In Diverted Water Returned To Stream.

A user of surface water diverted from waters of the State will not be required to remove any pollutants which such user has not added before returning the diverted flow to the original watercourse, provided there is no increase in concentration of pollutants in the diverted water. Should the pollutant constituent concentration of the intake surface waters to a facility exceed the effluent limitations for such facility under a federal National Pollutant Discharge Elimination System permit or a permit issued pursuant to State authority, then the effluent limitations shall become equal to the constituent concentrations in the intake surface waters of such facility. This section does not apply to irrigation return flow.

R317-1-4. Utilization and Isolation of Domestic Wastewater Treatment Works Effluent.

4.1 Untreated Domestic Wastewater. Untreated domestic wastewater or effluent not meeting secondary treatment standards as defined by these rules shall be isolated from all public contact until suitably treated. Land disposal or land treatment of such wastewater or effluent may be accomplished by use of an approved total containment lagoon as defined in R317-3 or by such other treatment approved by the Director as being feasible and equally protective of human health and the environment.

4.2 Use of Secondary Effluent at Plant Site. Secondary effluent may be used at the treatment plant site in the following manner provided there is no cross-connection with a potable water system:

A. Chlorinator injector water for wastewater chlorination facilities, provided all pipes and outlets carrying the effluent are suitably labeled.

B. Water for hosing down wastewater clarifiers, filters and related units, provided all pipes and outlets carrying the effluent are suitably labeled.

C. Irrigation of landscaped areas around the treatment plant from which the public is excluded.

R317-1-5. Use of Industrial Wastewaters.

5.1 Use of industrial wastewaters (not containing human pathogens) shall be considered for approval by the Director based on a case-specific analysis of human health and environmental concerns.

R317-1-6. Disposal of Domestic Wastewater Treatment Works Sludge.

6.1 General. No person shall use, dispose, or otherwise manage sewage sludge through any practice for which pollutant limits, management practices, and operational standards for pathogens and vector attraction reduction requirements are established in 40 CFR 503, July 1, 1994, except in accordance with such requirements.

6.2 Permit. All treatment works producing, treating and disposing of sewage sludge must comply with applicable permit requirements at R317-3, 6 and 8.

6.3 Septic Tank Contents. The dumping or spreading of septic tank contents is prohibited except in conformance with 40 CFR 503 and R317-550-7.

6.4 Effective Date. Notwithstanding the effective date for incorporation by reference of 40 CFR 503 provided in R317-8-1.10(9), those portions of 40 CFR 503 specified in R317-1-6.1 and 6.3 are effective immediately.

R317-1-7. TMDLs.

The following TMDLs are approved by the Board and hereby incorporated by reference into these rules:

- 7.1 Middle Bear River -- February 23, 2010
- 7.2 Chalk Creek -- December 23, 1997
- 7.3 Otter Creek -- December 23, 1997
- 7.4 Little Bear River -- May 23, 2000
- 7.5 Mantua Reservoir -- May 23, 2000
- 7.6 East Canyon Creek -- September 14, 2010
- 7.7 East Canyon Reservoir -- September 14, 2010
- 7.8 Kents Lake -- September 1, 2000
- 7.9 LaBaron Reservoir -- September 1, 2000
- 7.10 Minersville Reservoir -- September 1, 2000
- 7.11 Puffer Lake -- September 1, 2000
- 7.12 Scofield Reservoir -- September 1, 2000
- 7.13 Onion Creek (near Moab) -- July 25, 2002
- 7.14 Cottonwood Wash -- September 9, 2002
- 7.15 Deer Creek Reservoir -- September 9, 2002
- 7.16 Hyrum Reservoir -- September 9, 2002
- 7.17 Little Cottonwood Creek -- September 9, 2002

- 7.18 Lower Bear River -- September 9, 2002
- 7.19 Malad River -- September 9, 2002
- 7.20 Mill Creek (near Moab) -- September 9, 2002
- 7.21 Spring Creek -- September 9, 2002
- 7.22 Forsyth Reservoir -- September 27, 2002
- 7.23 Johnson Valley Reservoir -- September 27, 2002
- 7.24 Lower Fremont River -- September 27, 2002
- 7.25 Mill Meadow Reservoir -- September 27, 2002
- 7.26 UM Creek -- September 27, 2002
- 7.27 Upper Fremont River -- September 27, 2002
- 7.28 Deep Creek -- October 9, 2002
- 7.29 Uinta River -- October 9, 2002
- 7.30 Pineview Reservoir -- December 9, 2002
- 7.31 Browne Lake -- February 19, 2003
- 7.32 San Pitch River -- November 18, 2003
- 7.33 Newton Creek -- June 24, 2004
- 7.34 Panguitch Lake -- June 24, 2004
- 7.35 West Colorado -- August 4, 2004
- 7.36 Silver Creek -- August 4, 2004
- 7.37 Upper Sevier River -- August 4, 2004
- 7.38 Lower and Middle Sevier River -- August 17, 2004
- 7.39 Lower Colorado River -- September 20, 2004
- 7.40 Upper Bear River -- August 4, 2006
- 7.41 Echo Creek -- August 4, 2006
- 7.42 Soldier Creek -- August 4, 2006
- 7.43 East Fork Sevier River -- August 4, 2006
- 7.44 Koosharem Reservoir -- August 4, 2006
- 7.45 Lower Box Creek Reservoir -- August 4, 2006
- 7.46 Otter Creek Reservoir -- August 4, 2006
- 7.47 Thistle Creek -- July 9, 2007
- 7.48 Strawberry Reservoir -- July 9, 2007
- 7.49 Matt Warner Reservoir -- July 9, 2007
- 7.50 Calder Reservoir -- July 9, 2007
- 7.51 Lower Duchesne River -- July 9, 2007
- 7.52 Lake Fork River -- July 9, 2007
- 7.53 Brough Reservoir -- August 22, 2008
- 7.54 Steinkner Reservoir -- August 22, 2008
- 7.55 Red Fleet Reservoir -- August 22, 2008
- 7.56 Newcastle Reservoir -- August 22, 2008
- 7.57 Cutler Reservoir -- February 23, 2010
- 7.58 Pariette Draw -- September 28, 2010
- 7.59 Emigration Creek -- September 1, 2011
- 7.60 Jordan River -- June 27, 2012
- 7.61 Colorado River -- December 5, 2013

R317-1-8. Penalty Criteria for Civil Settlement Negotiations.

8.1 Introduction. Section 19-5-115 of the Water Quality Act provides for penalties of up to \$10,000 per day for violations of the act or any permit, rule, or order adopted under it and up to \$25,000 per day for willful violations. Because the law does not provide for assessment of administrative penalties, the Attorney General initiates legal proceedings to recover penalties where appropriate.

8.2 Purpose And Applicability. These criteria outline the principles used by the State in civil settlement negotiations with water pollution sources for violations of the UWPCA and/or any permit, rule or order adopted under it. It is designed to be used as a logical basis to determine a reasonable and appropriate penalty for all types of violations to promote a more swift resolution of environmental problems and enforcement actions.

To guide settlement negotiations on the penalty issue, the following principles apply: (1) penalties should be based on the nature and extent of the violation; (2) penalties should at a minimum, recover the economic benefit of noncompliance; (3) penalties should be large enough to deter noncompliance; and (4) penalties should be consistent in an effort to provide fair and equitable treatment of the regulated community.

In determining whether a civil penalty should be sought, the State will consider the magnitude of the violations; the

degree of actual environmental harm or the potential for such harm created by the violation(s); response and/or investigative costs incurred by the State or others; any economic advantage the violator may have gained through noncompliance; recidivism of the violator; good faith efforts of the violator; ability of the violator to pay; and the possible deterrent effect of a penalty to prevent future violations.

8.3 Penalty Calculation Methodology. The statutory maximum penalty should first be calculated, for comparison purposes, to determine the potential maximum penalty liability of the violator. The penalty which the State seeks in settlement may not exceed this statutory maximum amount.

The civil penalty figure for settlement purposes should then be calculated based on the following formula: **CIVIL PENALTY = PENALTY + ADJUSTMENTS - ECONOMIC AND LEGAL CONSIDERATIONS**

PENALTY: Violations are grouped into four main penalty categories based upon the nature and severity of the violation. A penalty range is associated with each category. The following factors will be taken into account to determine where the penalty amount will fall within each range:

A. History of compliance or noncompliance. History of noncompliance includes consideration of previous violations and degree of recidivism.

B. Degree of willfulness and/or negligence. Factors to be considered include how much control the violator had over and the foreseeability of the events constituting the violation, whether the violator made or could have made reasonable efforts to prevent the violation, whether the violator knew of the legal requirements which were violated, and degree of recalcitrance.

C. Good faith efforts to comply. Good faith takes into account the openness in dealing with the violations, promptness in correction of problems, and the degree of cooperation with the State.

Category A - \$7,000 to \$10,000 per day. Violations with high impact on public health and the environment to include:

1. Discharges which result in documented public health effects and/or significant environmental damage.
2. Any type of violation not mentioned above severe enough to warrant a penalty assessment under category A.

Category B - \$2,000 to \$7,000 per day. Major violations of the Utah Water Pollution Control Act, associated regulations, permits or orders to include:

1. Discharges which likely caused or potentially would cause (undocumented) public health effects or significant environmental damage.
2. Creation of a serious hazard to public health or the environment.
3. Illegal discharges containing significant quantities or concentrations of toxic or hazardous materials.
4. Any type of violation not mentioned previously which warrants a penalty assessment under Category B.

Category C - \$500 to \$2,000 per day. Violations of the Utah Water Pollution Control Act, associated regulations, permits or orders to include:

1. Significant excursion of permit effluent limits.
2. Substantial non-compliance with the requirements of a compliance schedule.
3. Substantial non-compliance with monitoring and reporting requirements.
4. Illegal discharge containing significant quantities or concentrations of non toxic or non hazardous materials.
5. Any type of violation not mentioned previously which warrants a penalty assessment under Category C.

Category D - up to \$500 per day. Minor violations of the Utah Water Pollution Control Act, associated regulations, permits or orders to include:

1. Minor excursion of permit effluent limits.

2. Minor violations of compliance schedule requirements.
3. Minor violations of reporting requirements.
4. Illegal discharges not covered in Categories A, B and C.
5. Any type of violations not mentioned previously which warrants a penalty assessment under category D.

ADJUSTMENTS: The civil penalty shall be calculated by adding the following adjustments to the penalty amount determined above: 1) economic benefit gained as a result of non-compliance; 2) investigative costs incurred by the State and/or other governmental levels; 3) documented monetary costs associated with environmental damage.

ECONOMIC AND LEGAL CONSIDERATIONS: An adjustment downward may be made or a delayed payment schedule may be used based on a documented inability of the violator to pay. Also, an adjustment downward may be made in consideration of the potential for protracted litigation, an attempt to ascertain the maximum penalty the court is likely to award, and/or the strength of the case.

8.4 Mitigation Projects. In some exceptional cases, it may be appropriate to allow the reduction of the penalty assessment in recognition of the violator's good faith undertaking of an environmentally beneficial mitigation project. The following criteria should be used in determining the eligibility of such projects:

- A. The project must be in addition to all regulatory compliance obligations;
- B. The project preferably should closely address the environmental effects of the violation;
- C. The actual cost to the violator, after consideration of tax benefits, must reflect a deterrent effect;
- D. The project must primarily benefit the environment rather than benefit the violator;
- E. The project must be judicially enforceable;
- F. The project must not generate positive public perception for violations of the law.

8.5 Intent Of Criteria/Information Requests. The criteria and procedures in this section are intended solely for the guidance of the State. They are not intended, and cannot be relied upon to create any rights, substantive or procedural, enforceable by any party in litigation with the State.

R317-1-9. Electronic Submissions and Electronic Signatures.

(a) Pursuant to the authority of Utah Code Ann. Subsection 46-4-501(a), the submission of Discharge Monitoring Reports and related information may be conducted electronically through the EPA's NetDMR program, provided the requirements of subsection (b) are met.

(b) A person may submit Discharge Monitoring Reports and related information only after (1) completion of a Subscriber Agreement in a form designated by the Director to ensure that all requirements of 40 CFR 3, EPA's Cross - Media Electronic Reporting Regulation (CROMERR) are met; and (2) completion of subsequent steps specified by EPA's CROMERR, including setting up a subscriber account.

(c) The Subscriber Agreement will continue until terminated by its own terms, until modified by mutual consent or until terminated with 60 days written notice by any party.

(d) Any person who submits a Discharge Monitoring Report or related information under the NetDMR program, and who electronically signs the report or related information, is, by providing an electronic signature, making the following certification: "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete.

I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

KEY: water pollution, waste disposal, industrial waste, effluent standards

19-5

Notice of Continuation October 2, 2012

R317. Environmental Quality, Water Quality.**R317-5. Large Underground Wastewater Disposal (LUWD) Systems.****R317-5-1. Authority, Purpose, Scope, Jurisdiction, Waiver Approval and Administrative Requirements.**

1.1. Authority.

Construction and operating permits and approvals are issued pursuant to the provisions of Utah Water Quality Act Sections 19-5-104, 19-5-106, 19-5-107 and 19-5-108. Violation of these permits or approvals including compliance with the conditions thereof, or beginning construction, or modification without the director's approval, is subject to the penalties provided in Section 19-5-115.

1.2. Purpose.

A. The purpose of this rule is to protect the public health and the environment from potential adverse effects from large underground wastewater disposal systems within the boundaries of Utah.

B. This rule incorporates specific provisions contained in Rule R317-4 that are referenced herein, and pertinent to large underground wastewater disposal (LUWD) systems for the purpose of providing minimum design standards. Where the engineered design includes information supporting a deviation from the minimum requirements within this rule or referenced to in Rule R317-4, then the engineer may request a waiver. This rule also establishes the administrative requirements for obtaining from the division a LUWD system:

1. approval-in-concept;
2. construction permit;
3. authorization to use; and
4. operating permit

1.3. Scope.

This rule applies to large underground wastewater disposal systems designed to handle more than 5,000 gallons per day of domestic wastewater, or wastewater that originates in multiple units under separate ownership (except condominiums), or any other underground wastewater disposal system not covered under the definition of an onsite wastewater system per Rule R317-4.

A. The engineer shall use recognized practice standards for wastewater treatment to increase long term performance and lessen potential impacts to public health and the environment. Depending on site-specific characteristics, the division may require a LUWD system to pretreat effluent prior to disposal in the absorption system. In general, systems with high waste strength or flows over 15,000 gpd should consider pretreatment. Factors that should be evaluated include, but are not limited to, the following:

1. design flow (gpd)
2. highly variable flows, including seasonal fluctuations;
3. wastewater strength characteristics;
4. site characteristics.
5. proximity to ground water table, considering various soil types and separation distance;
6. ground water classification;
7. proximity to nearby drinking water sources, or location within a drinking water source protection zone; and
8. anticipated system life expectancy.

1.4. Jurisdiction. Large underground wastewater disposal systems are under the jurisdiction of the Division of Water Quality. Local Health Departments may petition the division to require local review for compliance with local requirements prior to the division initiating its review.

1.5. Waiver.

The director may grant a waiver from the minimum requirements stated in this rule, subject to site-specific consideration and justification, but not overriding the safeguarding of public health, protection of water quality or engineering practice. The intent of the waiver is to allow the

engineer to utilize site specific information, recognized practice standards, or other acceptable justification while designing an appropriate LUWD system for the property. The engineer is encouraged to discuss waivers with the division staff prior to formal application for feasibility determination review.

R317-5-2. Definitions.

2.1. Definitions found in Rules R317-1 and R317-4 apply to large underground wastewater disposal systems except where specifically replaced by the following definitions:

"Alternative system" means a LUWD system that is not a conventional system.

"Building sewer" means the pipe that carries wastewater from the building to a public sewer, a LUWD system, or other point of dispersal. It sometimes is synonymous with "house sewer".

"Conventional system" means a LUWD system typically consisting of a building sewer, septic tank, and an absorption system utilizing absorption trenches, absorption beds, or deep wall trenches.

"Curtain drain" means any ground water interceptor or drainage system that is backfilled with gravel or other suitable material and is intended to interrupt or divert the course of shallow ground water or surface water away from the LUWD system.

"Malfunctioning or failing system" means a LUWD system that is not functioning in compliance with the requirements of this rule and may include:

1. absorption systems that seep or flow to the surface of the ground or into waters of the state;
2. systems that overflow from any of their components;
3. systems that cause backflow into any portion of a building drainage system;
4. systems discharging effluent that does not comply with applicable effluent discharge standards of its operating permit;
5. leaking septic tanks; or
6. noncompliance with standards stipulated in or by the construction permit, operating permit, or both.

"Maximum ground water table" means the highest elevation that the top of the "ground water table" or "ground water table, perched" is expected to reach for any reason over the full operating life of a LUWD system at that site.

"Mound system" means an alternative LUWD system where the bottom of the absorption system is placed above the elevation of the original site, and the absorption system is contained in a mounded fill body above that grade.

"Packed bed media system" means an alternative LUWD system that uses natural or synthetic media to treat wastewater. Biological treatment is facilitated via microbial growth on the surface of the media. The system may include a pump tank, a recirculation tank, or both.

"Public health hazard" means, for the purpose of this rule, a condition whereby there are sufficient types and amounts of biological, chemical, or physical agents relating to water or sewage that are likely to cause human illness, disorders or disability. These may include pathogenic viruses and bacteria, parasites, toxic chemicals and radioactive isotopes. A malfunctioning LUWD system constitutes a public health hazard.

"Sand lined trench system" means an alternative LUWD system consisting of a series of narrow excavated trenches utilizing sand media and pressure distribution.

"Unapproved LUWD system" means any LUWD system that is deemed by the division to be any of the following:

1. installation without the required division oversight, permits, or inspections;
2. repairs to an existing system without the required division oversight, permits, or inspections; or
3. alteration to an existing system without the required

division oversight, permits, or inspections.

"Waiver" means an acceptable deviation from the requirements established within this rule or referenced rules. The waiver must be acceptable to division staff based on the engineer providing adequate design justification to demonstrate that the deviation proposed will not override the safeguarding of public health, the protection of water quality, or the protection of the receiving environment. Waiver requests should be based on acceptable engineering practice and standards.

R317-5-3. General Standards, Prohibitions, Requirements, and Enforcement.

3.1. Failure to Comply With Rules.

Any person failing to comply with this rule shall be subject to enforcement action as specified in Sections 19-5-115 and 26A-1-123.

3.2. Feasibility.

LUWD systems are not feasible in some areas and situations. If property characteristics indicate conditions that may fail in any way to meet the requirements specified herein, the use of a LUWD system shall be prohibited.

3.3. Prohibited Flows.

No ground water drainage, drainage from roofs, roads, yards, or other similar sources shall discharge into any portion of a LUWD system, but shall be disposed of so they will in no way affect the system. Non-domestic wastes such as chemicals, paints, or other substances that are detrimental to the proper functioning of a LUWD system may not be disposed of in such systems.

3.4. Increased Flows Prohibited.

Wastewater flow may not exceed the design flow of a LUWD system.

3.5. Property Lines Crossed.

Privately owned LUWD systems, including replacement areas, shall be located on the same lot as the building served unless, when approved by the division, a perpetual utility easement and right-of-way is established and recorded on an adjacent or nearby lot for the construction, operation, and continued maintenance, repair, alteration, inspection, relocation, and replacement of a LUWD system, including all rights to ingress and egress necessary or convenient for the full or complete use, occupation, and enjoyment of the granted easement. The easement shall be large enough to accommodate the proposed LUWD system and replacement area. The easement shall meet the setbacks specified in Section R317-4-13 Table 2.

3.6. Initial Absorption Area and Replacement Area.

A. All properties that utilize LUWD systems shall be required to have a replacement area.

B. The absorption area, including installed system and replacement area, may not be subject to activity that is likely to adversely affect the soil or the functioning of the system. This may include vehicular traffic, covering the area with asphalt, concrete, or structures, filling, cutting or other soil modifications.

3.7. Operation and Maintenance.

Owners of a LUWD systems shall operate, maintain, and service their systems according to the standards of this rule.

3.8. No Discharge to Surface Waters or Ground Surface.

Effluent from any LUWD system may not be discharged to surface waters or upon the surface of the ground. Wastewater may not be discharged into any abandoned or unused well, or into any crevice, sinkhole, or similar opening, either natural or artificial.

3.9. Repair of a Malfunctioning or Unapproved System.

Upon determination by the regulatory authority that a malfunctioning or unapproved LUWD wastewater system creates or contributes to any dangerous or unsanitary condition that may involve a public health hazard, or noncompliance with

this rule, the regulatory authority shall order the owner to take the necessary action to cause the condition to be corrected, eliminated or otherwise come into compliance.

A. For malfunctioning systems, the regulatory authority shall require and order:

1. all necessary steps, such as maintenance, servicing, repairs, and replacement of system components to correct the malfunctioning system, to meet all rule requirements to the extent possible and may not create any new risk to the environment or public health;

2. effluent quality testing as required by Subsection R317-5-9.2.D;

3. evaluation of the system design including non-approved changes to the system, the wastewater flow, and biological and chemical loading to the system;

4. additional tests or samples to troubleshoot the system malfunction.

3.10. Procedure for Wastewater System Abandonment. Whenever the use of a LUWD system has been abandoned or discontinued, the owner of the real property on which such wastewater system is located shall render it safe by having the septic tank, any other tanks, hollow seepage pit, or cesspool wastes pumped out or otherwise disposed of in an approved manner. Within 30 days the tanks shall be:

A. crushed in place and the void filled;

B. completely filled with earth, sand, or gravel; or

C. removed and backfilled.

3.11. Septage Management.

A person shall only dispose of septage, or sewage contaminated materials in a location or manner in accordance with the requirements of the division and any local agencies having jurisdiction.

3.12. Multiple Units Under Separate Ownership (except condominiums).

The common components of the LUWD system, including the reserve absorption area, shall be under the sponsorship of a body politic.

A. The subsurface absorption system shall be designed and constructed to provide duplicate capacity, meaning two independent systems. Each system shall be designed to accommodate the total anticipated maximum daily flow. The duplicate system shall be designed with appropriate valving, etc., to allow for periodic alternation of the use of each system.

B. Sufficient land area with suitable characteristics shall be planned and available to provide for a third absorption system capable of handling the total maximum daily wastewater flow. This area shall be kept free of permanent structures, traffic or soil modification.

3.13. Underground Injection Control.

Large underground wastewater disposal (LUWD) systems with design flow rates of 5,000 gallons per day or more are co-regulated by the Utah 1422 Underground Injection Control (UIC) Program in Rule R317-7. LUWD systems are authorized-by-rule under the UIC program provided they remain in compliance with the construction and operating permits issued according to Rule R317-5. However, if any noncompliance with these permits results in the potential for or demonstration of actual exceedance of any Utah Maximum Contaminant Levels (MCLs) in a receiving ground water, the noncompliance may also be a violation of the Utah UIC administrative rules and therefore be subject to enforcement action. Owners and operators of a large underground wastewater disposal system are required to submit UIC inventory information according to Subsection R317-7-6.4(C) using the approved form for a LUWD system.

R317-5-4. Feasibility Determination and Approval-in-Concept.

4.1. General Criteria for Determining LUWD System

Feasibility.

The division shall determine the feasibility of using a LUWD system. Upon favorable determination for feasibility an approval-in-concept will be granted by the division.

A. General Information. The required information shall include:

1. situs address if available;
2. name and address of the property owner and person requesting feasibility;
3. the location, type, and depth of all existing and proposed private and public drinking water wells, and other water supply sources within 1500 feet of the proposed LUWD system;
4. the location of all drinking water source protection zones delineated on the project site;
5. the location of all existing creeks, drainages, irrigation ditches, canals, and other surface and subsurface water conveyances within 1500 feet of the proposed LUWD system;
6. the location and distance to nearest sewer, owner of sewer, whether property is located within service boundary, and size of sewer; and
7. statement of proposed use if other than a single-family dwelling.

B. If the proposed LUWD system is located in aquifer recharge areas or areas of other particular geologic concern, the division may require such additional information relative to ground water movement, or possible subsurface wastewater flow.

C. Soil and Site Evaluation.

1. Soil Exploration Pit and Percolation Test.
 - a. A minimum of five soil exploration pits shall be excavated to allow the evaluation of the soils. The soil exploration pits shall be constructed and soil logs recorded as detailed in Section R317-4-14 Appendix C.
 - b. The division may require percolation tests in addition to the soil exploration pits.
 - c. The division may require additional pits, tests, or both where:
 - i. soil structure varies;
 - ii. limiting geologic conditions are encountered; or
 - iii. the division deems it necessary.
 - d. The percolation test shall be conducted as detailed in Section R317-4-14 Appendix D.
 - e. Soil exploration pits and percolation tests shall be conducted as closely as possible to the proposed absorption system site. The division shall have the option of inspecting the open soil exploration pits and monitoring the percolation test procedure. All soil logs and percolation test results shall be submitted to the division.
 - f. When there is a substantial discrepancy between the percolation rate and the soil classification, it shall be resolved through additional soil exploration pits, percolation tests, or both.
 - g. Absorption system feasibility and sizing shall be based on Section R317-4-13 Table 5 or 6.

2. Wind-Blown Sand.

The extremely fine grained wind-blown sand found in some parts of Utah shall be deemed not feasible for LUWD systems unless pretreatment is provided, as percolation test results in wind-blown sand will generally be rapid, but experience has shown that this soil has a tendency to become sealed with minute organic particles within a short period of time.

3. Suitable Soil Depth.

For conventional systems, effective suitable soil depth shall extend at least 48 inches or more below the bottom of the dispersal system to bedrock formations, impervious strata, or excessively permeable soil. Some alternative LUWD systems may have other requirements.

4. Ground Water Requirements.

The elevation of the anticipated maximum ground water table shall meet the separation requirements of the anticipated absorption systems.

a. Maximum Ground Water.

Maximum ground water table shall be determined where the anticipated maximum ground water table, including irrigation induced water table, might be expected to rise closer than 48 inches to the elevation of the bottom of a LUWD system. Maximum ground water table shall be determined where alternative LUWD wastewater systems may be considered based on groundwater elevations. The maximum ground water table shall be determined by the following.

i. Regular monitoring of the ground water table, or ground water table, perched, in an observation well for a period of one year, or for the period of the maximum groundwater table.

(1) Previous ground water records and climatological or other information may be consulted for each site proposed for a LUWDS system and may be used to adjust the observed maximum ground water table elevation.

ii. Direct visual observation of the maximum ground water table in a soil exploration pit for:

(1) evidence of crystals of salt left by the maximum ground water table; or

(2) chemically reduced iron in the soil, reflected by redoximorphic features i.e., a mottled coloring.

(3) Previous ground water records and climatological or other information may be consulted for each site proposed for a LUWD system and may be used to adjust the observed maximum ground water table elevation in determining the anticipated maximum ground water table elevation.

iii. In cases where the anticipated maximum ground water table is expected to rise to closer than 34 inches from the original ground surface and an alternative LUWD system would be considered, previous ground water records and climatological or other information shall be used to adjust the observed maximum ground water table in determining the anticipated maximum ground water table.

b. Curtain Drains.

A curtain drain or other effective ground water interceptor may be allowed as an attempt to lower the groundwater table to meet the requirements of this rule. The division shall require that the effectiveness of such devices in lowering the ground water table be demonstrated during the season of maximum ground water table.

5. Ground Slope.

Absorption systems may not be placed on slopes where the addition of fluids is judged to create an unstable slope.

a. Absorption systems may be placed on slopes between 0% and 25%, inclusive.

b. Absorption systems may be placed on slopes greater than 25% but not exceeding 35% if:

i. all other requirements of this rule can be met;

ii. effluent from the proposed system will not contaminate ground water or surface water, and will not surface or move off site before it is adequately treated to protect public health and the environment;

iii. no slope will fail, and there will be no other landslide or structural failure if the system is constructed and operated adequately, even if all properties in the vicinity are developed with a LUWD system; and

iv. a report is submitted by a professional engineer or professional geologist that is licensed to practice in Utah. The report shall be imprinted with the engineer's or geologist's registration seal and signature and shall include the following.

(1) Predictions and supporting information of ground water transport from the proposed system and of expected areas of ground water mounding.

(2) A slope stability analysis that shall include information about the geology of the site and surrounding area, soil

exploration and testing, and the effects of adding effluent.

(3) The cumulative effect on slope stability of added effluent if all properties in the vicinity were developed with LUWD systems.

c. Absorption systems may not be placed on slopes greater than 35%.

6. Other Factors Affecting a LUWD System Feasibility.

a. The locations of all rivers, streams, creeks, dry or ephemeral washes, lakes, canals, marshes, subsurface drains, natural storm water drains, lagoons, artificial impoundments, either existing or proposed, that will affect building sites, shall be provided.

b. Areas proposed for LUWD wastewater systems shall comply with the setbacks in Section R317-4-13 Table 2.

c. If any part of a property lies within or abuts a flood plain area, the flood plain shall be shown within a contour line and shall be clearly labeled on the plan with the words "flood plain area".

7. Unsuitable.

Where soil and other site conditions are clearly unsuitable for the placement of a LUWD system, there is no need for conducting soil exploration pits or percolation tests.

R317-5-5. Engineering Reports, Plans and Construction Permits.

All engineering reports, plans and specifications shall be prepared by a registered professional engineer licensed to practice in the State of Utah and certified Level 3 in accordance with Rule R317-11.

5.1 Engineering Report.

An engineering report shall be submitted which shall contain design criteria along with all other information necessary to clearly describe the proposed project and demonstrate project feasibility as described in feasibility determination and approval-in-concept of Section R317-5-4.

5.2. Plan Review.

Submission of plans for review. Plans for new, alterations, repairs and replacements of large underground wastewater disposal systems shall be submitted to the division for review as required by Rule R317-1 and include the following:

A. Local Health Departments Requirements.

It is the applicant's responsibility to ensure that a LUWD System application to the division is in compliance with local health department requirements regarding the location, design, construction and maintenance of a LUWD system prior to the applicant submitting a request for a construction permit to the division. Where the petition has been approved by the director, the applicant is required to submit documentation that the local health department has approved the proposed LUWD system before a construction permit may be issued.

B. Information Required.

Plans submitted for review shall be drawn to scale, 1" = 10', 20' or 30', or other scale as approved by the division. Plans shall be prepared in such a manner that the contractor can read and follow them in order to install the system properly. Depending on the individual site and circumstances, or as determined by the division, some or all of the following information may be required.

1. Applicant Information.

a. The name, current address, and telephone number of the applicant.

b. Complete address, legal description of the property, or both to be served by this LUWD system.

2. LUWD System Site Plan.

a. Submittal date of plan.

b. North arrow.

c. Lot size and dimensions.

d. Legal description of property.

e. Ground surface contours, preferably at 2 foot intervals,

of both the original and proposed final grades of the property, or relative elevations using an established bench mark.

f. Location and explanation of type of dwelling(s) or structure(s) to be served by a LUWD system.

g. Location and dimensions of paved and unpaved driveways, roadways and parking areas.

h. Location and dimensions of the essential components of the wastewater system including the replacement area for the absorption system.

i. Location of all soil exploration pits and all percolation test holes.

j. Location of building sewer and water service line to serve the building.

k. Location of sewer mains, manholes, clean-outs, and other appurtenances.

l. Location of easements or drainage right-of-ways affecting the property.

m. Location of all intermittent or year-round streams, ditches, watercourses, ponds, subsurface drains, etc. within 100 feet of proposed LUWD system.

n. The location, type, and depth of all existing and proposed water supply sources

o. Delineation of all drinking water source protection zones located on the project site.

p. Distance to nearest public water main and size of main.

q. Distance to nearest public sewer, size of sewer, and whether accessible by gravity.

3. Statement with Site Plan.

Statement indicating the source of culinary water supply, whether a well, spring, non-public or public system, its location and distances from all LUWD systems.

4. Soil Evaluation.

a. Soil Logs, Percolation Test Certificates, or both.

b. Statement with supporting evidence indicating the maximum anticipated ground water table and the flooding potential for LUWD system sites.

5. Relative Elevations.

Show relative elevations of the following, using an established bench mark.

a. Building drain outlet.

b. The inlet and outlet inverts of any septic tanks.

c. Septic tank access cover, including height and diameter of riser, if used.

d. Pump tank inlet, if used, including height and diameter of riser.

e. The outlet invert of the distribution box, if provided, and the ends or corners of each distribution pipe lateral in the absorption system.

f. The final ground surface over the absorption system.

6. System Design.

Details for said site, plans, and specifications are listed in Design in Section R317-4-6.

a. Schedule or grade, material, diameter, and minimum slope of building sewer and effluent sewer.

b. Septic tank and pump tank capacity, design, cross sections, etc., materials, and dimensions. If tank is commercially manufactured, state the name and address of manufacturer.

c. Absorption system details, including the following:

i. details of drop boxes or distribution boxes, if provided;

ii. schedule or grade, material, and diameter of distribution pipes;

iii. length, slope, and spacing of each absorption system component;

iv. maximum slope across ground surface of absorption system area;

v. distance of absorption system from trees, cut banks, fills, or subsurface drains; and cross section of absorption system showing the:

- (1) depth and width of absorption system excavation;
 - (2) depth of distribution pipe;
 - (3) depth of filter material;
 - (4) barrier material, i.e., synthetic filter fabric, straw, etc., used to separate filter material from cover; and
 - (5) depth of cover.
- d. Pump, if provided, details as referenced in Section R317-4-14 Appendix B.
- e. If an alternative LUWD system is designed, include all pertinent information to allow plan review and permitting for compliance with this rule.

C. Plans Submitted.

1. All applicants requesting plan approval for a LUWD shall submit two copies of the above required information to enable the division to retain one copy as a permanent record.

2. Applications may be rejected if proper information is not submitted.

5.3. Construction Permit Required.

No person shall make or construct any device for treatment or discharge of wastewater without first receiving a permit to do so from the director.

R317-5-6. Design Requirements.

6.1. Shall meet the requirements of Section R317-4-6, with these exceptions:

A. When a LUWD serves multiple single family dwellings the wastewater flow shall be estimated at 400 gpd per dwelling.

B. Minimum separation distance from the bottom of the absorption trenches to the anticipated maximum ground water table is 48 inches. If a mound, sand lined trench, or packed bed pretreatment unit is designed and installed on the LUWD system, the horizontal separation distance may be reduced to 24 inches.

6.2. Components Required in a LUWD System:

- A. A septic tank;
- B. An effluent filter;
- C. A pressurized subsurface disposal system.

1. This may be an absorption field, deep wall trenches, absorption beds, or, for packed bed media applications, drip irrigation dispersal, depending on location, topography, soil conditions and maximum ground water level.

2. Pressurized systems require cleanouts at the end of pressurized laterals and typically require a dosing chamber or dosing tank.

3. The Utah Guidance for Performance, Application, Design, Operation and Maintenance: Pressure Distribution Systems document shall be used for design requirements, along with the following:

- a. Dosing pumps, controls and alarms shall comply with Section R317-4-14 Appendix B.
- b. Pressure distribution piping.
 - i. All pressure transport, manifold, lateral piping, and fittings shall meet PVC Schedule 40 standards or equivalent.
 - ii. The ends of lateral piping shall be constructed with sweep elbows or an equivalent method to bring the end of the pipe to the final grade. The ends of the pipe shall be provided with threaded plugs, caps, or other devices acceptable to the division to allow for access and flushing of the lateral.

D. Accessibility components to insure proper maintenance and servicing. These include that all tanks shall have access risers to the surface of the ground; and absorption field inspection ports.

E. Additional components may also be required depending on the waste stream characteristics and the need to provide adequate protection to groundwater. These components may include pretreatment devices such as grease traps, or may involve secondary treatment using packed bed media systems.

R317-5-7. Construction and Installation.

Shall meet the requirements of Section R317-4-7.

R317-5-8. Final Inspection and Authorization to Use.

8.1. Final inspection.

Upon completion of construction, but before backfilling, the system designer must notify the division of completion and schedule a final inspection with the division. Where the local health department has the authority to issue operating permits they shall be included in the final inspection. The final inspection shall meet the requirements of Section R317-4-8. No wastewater may be introduced into a LUWD system until an authorization to use has been issued by the division.

8.2. Authorization to Use

The following documents, sealed by the engineer, must be provided to the division in order to receive authorization to use:

A. Written certification that the system was installed in accordance with the construction permit and any approved change orders.

B. Two record drawings of the completed system.

C. Two Operation and Maintenance Manuals. Manuals must include details of:

1. individuals of contact for the installed system;
2. list of all key components of the system;
3. maintenance and service instructions of each component;
4. schedule of maintenance inspections and servicing.

D. Written recommendation to the owner to place the facilities into service, pending issuance of the authorization to use by the division.

R317-5-9. Operation and Maintenance.

9.1. Operation and maintenance shall be provided by the owner to ensure the disposal system is functioning properly at all times.

9.2. The owner is responsible for maintaining a LUWD system and for performing periodic inspections, servicing and monitoring of its system as detailed in the issued operating permit, including the following:

A. Any new system installed after April 2009 must have a written operation and maintenance manual document describing the treatment and disposal system and outlining routine maintenance procedures, including checklists and maintenance logs needed for proper operation of the system.

B. Each LUWD Conventional System shall be assessed after the first year of operation and annually thereafter.

C. Each LUWD Pressure Distribution System shall be inspected as outlined in Section R317-4-23 Tables 7.1 and 7.2.

D. LUWD Alternative Systems.

1. Each alternative system shall be inspected as outlined in Section R317-4-13 Tables 7.1 and 7.2.

2. Each packed bed media system shall be sampled a minimum of every six months as outlined in Section R317-4-13 Table 7.3.

a. The grab sample shall be taken before discharge to an absorption system.

b. Effluent not meeting the standards of Section R317-4-13 Table 7.3, shall be followed with two successive weekly tests of the same type within a 30 day period from the first exceedance.

3. If two successive samples exceed the minimum standards, the system shall be deemed to be malfunctioning, and shall require further evaluation and a corrective action plan, see Subsection R317-5-3.9.

R317-5-10. Operating Permits and Annual Inspection Reports.

10.1. Operating Permit required.

An operating permit is required for all LUWD systems to monitor that proper operation and maintenance is occurring for

the protection of the environment and public health. The operating permit shall be issued by the director or, by delegated authority, the local health department having jurisdiction, and shall be effective for a period not to exceed 5 years from the date of issuance.

10.2. Local Health Department Authority to Issue Operating Permits.

Local health departments may request delegated authority to administer the operating permit program. The request must include an agreement to implement and enforce inspection, servicing, monitoring, and reporting requirements of this rule. The local health department must submit an annual report on or before September 1 of each calendar year, to the division containing:

- A. A list of LUWD systems under delegation.
- B. A summary listing the compliance status of each system, showing those systems that are currently failing, and those systems that have been repaired.
- C. A summary of any enforcement actions taken, identifying those actions that are still pending, and those that been resolved.

10.3. Annual Inspection Report.

The owner of a LUWD system shall submit an annual inspection report covering the period of July 1 to June 30, the "reporting year", to the permitting agency no later than August 1 of each year. In this report, the owner shall report on all requirements listed in the operating permit. As a minimum, the report shall include the following items:

- A. Facility name and address; owner name, address, and phone number;
- B. List of facility components, e.g., septic tank, pump tank, gravel drainfield trench, gravelless chambers, pressure drainfield, etc.;
- C. Design flow in gallons per day and number and type of connections;
- D. Type of waste treated and disposed, i.e., residential, restaurant, other commercial establishment, etc.;
- E. Checklist of inspections performed including the date of the inspection and a list of findings. The report must include, where pertinent:
 1. measured sludge and scum levels;
 2. date tanks were last pumped;
 3. verify pumps, floats; and control panel are operating as designed;
 4. date pump filter last cleaned;
 5. date pressure laterals last cleaned and flushed and squirt height recorded;
 6. any surfacing in absorption field; and
 7. any observed or suspected system malfunction;
- F. Packed Bed media system sampling results, where pertinent;
- G. Name of the certified individual per Rule R317-11 conducting the inspection;
- H. Signature of owner or certified operator, and date.

Notice of Continuation June 18, 2012

R384. Health, Disease Control and Prevention, Health Promotion.**R384-100. Cancer Reporting Rule.****R384-100-1. Purpose Statement.**

(1) The Cancer Reporting Rule is adopted under authority of sections 26-1-30 and 26-5-3.

(2) Cancers constitute a leading cause of morbidity and mortality in Utah and, therefore, pose an important risk to the public health. Through the routine reporting of cancer cases, trends in cancer incidence and mortality can be monitored and prevention and control measures evaluated.

(3) Cancer records are managed by the Utah Cancer Registry (Registry) on behalf of the Utah Department of Health. This Cancer Reporting Rule is adopted to specify the reporting requirements for cases of cancer to the Registry. The Utah Department of Health retains ownership and all rights to the records.

R384-100-2. Definitions.

As used in this rule:

(1) "Cancer" means all in-situ (with the exception of in-situ cervical cancers) or malignant neoplasms diagnosed by histology, radiology, laboratory testing, clinical observation, autopsy or suggestible by cytology, but excluding basal cell and squamous cell carcinoma of the skin unless occurring in genital sites such as the vagina, clitoris, vulva, prepuce, penis and scrotum.

(2) "Follow-up data" includes date last seen or date of death, status of disease, date of first recurrence, type of recurrence, distant site(s) of first recurrence, and the name of the physician who is following the case.

(3) "Health care provider" includes any person who renders health care or professional services such as a physician, physician assistant, nurse practitioner, registered nurse, licensed practical nurse, dentist, optometrist, podiatric physician, osteopathic physician, osteopathic physician and surgeon, or others rendering patient care.

(4) "Registrar" means a person who:

(a) is employed as a registrar and who has attended a cancer registrar training program;

(b) has two years of experience in medical record discharge analysis, coding, and abstracting, and has successfully completed a course in anatomy, physiology, and medical terminology; or

(c) has successfully passed the Certified Tumor Registrar examination offered by the National Cancer Registrars' Association.

(5) "Reportable benign tumor" means any noncancerous neoplasm occurring in the brain.

R384-100-3. Reportable Cases.

Each case of cancer or reportable benign tumor, as described in R384-100-2, that is diagnosed or treated in Utah shall be reported to the Utah Cancer Registry, 546 Chipeta Way, Suite 2100, Salt Lake City, Utah 84108, telephone number 801-581-8407, FAX number 801-581-4560.

R384-100-4. Case Report Contents.

Each report of cancer or reportable benign tumor shall include information on report forms provided by the Registry. These reports shall be made in the format prescribed by the Registry and shall include items such as the name and address of the patient, medical history, environmental factors, date and method of diagnosis, primary site, stage of disease, tissue diagnosis, laboratory data, methods of treatment, recurrence and follow-up data, and physician names.

R384-100-5. Agencies or Individuals Required to Report Cases.

(1) All hospitals, radiation therapy centers, pathology laboratories licensed to provide services in the state, nursing homes, and other facilities and health care providers involved in the diagnosis or treatment of cancer patients shall report or provide information related to a cancer or reportable benign tumor to the Registry.

(2) Procedures for reporting:

(a) Hospital employed registrars shall report hospital cases.

(b) Registrars employed by radiation therapy centers shall report center cases.

(c) Pending implementation of electronic reporting by pathology laboratories, pathology laboratories shall allow the Registry to identify reportable cases and extract the required information during routine visits to pathology laboratories.

(d) If a health care provider diagnoses a reportable case but does not send a tissue specimen to a pathology laboratory or arrange for treatment of the case at a hospital or radiation therapy center, then the health care provider must report the case to the Registry.

(e) If the Registry has not received complete information on a reportable case from routine reporting sources (hospitals, radiation therapy centers, pathology laboratories), the Registry may contact health care providers and require them to complete a report form.

R384-100-6. Time Requirements.

(1) New Cases:

(a) Hospitals and radiation therapy facilities shall submit reports to the Registry within six months of the date of diagnosis.

(b) Other facilities and health care providers shall submit reportable data to the Registry upon request.

(2) Follow-up Data:

(a) Hospitals and radiation therapy centers shall submit annual follow-up data to the Registry within 13 months of the date the patient was last contacted by hospital or facility personnel.

(b) Physicians shall submit follow-up data to the Registry upon request.

R384-100-7. Reporting Format.

Reports shall be submitted in the standard format designated by the Registry. Report forms can be obtained by contacting the Registry.

R384-100-8. Data Quality Assurance.

Records maintained by hospitals, pathology laboratories, cancer clinics, and physicians are subject to review by Registry personnel acting on behalf of the Department of Health to assure the completeness and accuracy of reported data.

R384-100-9. Confidentiality of Reports.

All reports required by this rule are confidential under the provisions of Title 26, Chapter 3 and are not open to inspection except as allowed by Title 26, Chapter 3. The Registry shall maintain all reports according to the provisions of Title 26, Chapter 3.

R384-100-10. Penalties.

Enforcement provisions and penalties for the violation or for the enforcement of public health rules, including this Cancer Reporting Rule, are prescribed under Section 26-23-6 and are punishable.

26-5-3

R384. Health, Disease Control and Prevention, Health Promotion.**R384-200. Cancer Control Program.****R384-200-1. Authority and Purpose.**

This rule governs program eligibility, benefits, and administration by the Department for the Utah Cancer Control Program, including breast and cervical cancer, cardiovascular disease risk factor, and colorectal cancer screening services; Breast and Cervical Cancer Control Program; WISEWOMAN (BeWise) Program; and Colorectal Cancer Control Program. It is authorized by Sections 26-5-2 and 26-1-5.

R384-200-2. Definitions.

The following definitions apply to this rule:

- (1) "Department" means the Utah Department of Health.
- (2) "Client" means an individual who meets the eligibility criteria and is enrolled in the Utah Cancer Control Program pursuant to the provisions of this rule.

R384-200-3. Nature of Program and Benefits.

(1) The Utah Cancer Control Program provides reimbursement to providers for services rendered to individuals who meet the eligibility requirements. The Utah Cancer Control Program provides limited cancer screening and cardiovascular health services as described in this rule. The Department provides reimbursement coverage under the program only for services for each program:

(a) as provided by Public Law 101-354, 42 U.S.C. Section 300k, which established the National Breast and Cervical Cancer Early Detection Program (NBCCEDP) and by ongoing CDC program guidance;

(2) Within available funding, the Department provides the following services under the Utah Cancer Control Program;

(a) The Breast and Cervical Cancer Control Program pays for the following services related to breast cancer:

(i) Screening: Clinical Breast Exam and screening mammography.

(ii) Diagnostic: diagnostic unilateral and bilateral mammograms; ultrasound; stereotactic localization for breast biopsy, each lesion; radiological supervision and interpretation; preoperative placement of needle localization wire, breast radiological supervision, and interpretation; radiological examination and surgical specimen; ultrasonic guidance for needle biopsy, radiological supervision, and interpretation; fine needle aspiration with or without imaging guidance; aspiration of cyst of breast; biopsy of breast; incisional biopsy of breast; percutaneous, needle core, using imaging guidance; percutaneous, automated vacuum assisted or rotating biopsy device, using imaging guidance; excision of cyst, fibroadenoma, or other benign or malignant tumor aberrant breast tissue, duct lesion or nipple lesion; excision of breast lesion identified by pre-operative placement of radiological marker-single lesion; pre-operative placement of needle localization wire; and image guided placement metallic localization clip, percutaneous, during breast biopsy.

(iii) Surgical: surgical service, such as a breast biopsy, as an outpatient procedure and anesthesia.

(iv) Pathology: immediate cytohistologic study to determine adequacy of specimen of fine needle aspiration (FNA), interpretation and report of FNA, breast biopsy interpretation, and excision of breast lesion.

(b) The Breast and Cervical Cancer Control Program pays for the following services related to cervical cancer:

(i) Screening: clinical Pap test and HPV Test.

(ii) Diagnostic: colposcopy with or without biopsy; colposcopy of the cervix with loop electrode biopsy of the cervix; colposcopy with loop electrode conization of the cervix; biopsy, single or multiple, or local excision of lesion, with or without fulguration; excision, endocervical curettage; conization

of cervix; Loop Electrode Excision; and endometrial sampling with or without biopsy, without cervical dilation.

(iii) Pathology: cytopathology; cytopathology, cervical or vaginal, requiring interpretation by physician; colposcopy biopsy interpretation; and surgical pathology, first tissue block, with frozen section, single specimen.

(iv) Office Visits: new patient office visit and established patient office visit for both breast and cervical clients.

(v) The program does not pay for any services once a woman is diagnosed with breast cancer or cervical cancer, including cervical precancerous lesions.

(c) The WISEWOMAN Program, known as BeWise, pays for the following services:

(i) A basic metabolic profile; comprehensive metabolic panel; lipid panel; total cholesterol; quantitative, blood, and reagent strip glucose tests; hemoglobin, glycated (HbA1c), which is used in lieu of other glucose testing for those with previous diagnosis of diabetes; HDL cholesterol test; office visit for new patient--problem focus 10, 20, or 30 minutes face-to-face; office visit for established patient, 5, 10, or 15 minutes face-to-face; routine venipuncture; preventive medicine counseling or risk factor reduction intervention(s) provided to an individual 15, 30, 45, or 60 minutes; and preventive medicine counseling or risk factor reduction intervention(s) provided to individuals in a group setting, 30 or 60 minutes.

(ii) The program does not pay for treatment services such as medication, medical nutrition therapy, and other highly specialized counseling such as diabetes-education programs.

(d) The Colorectal Cancer Control Program pays for the following:

(i) Screening Tests and Procedures: colonoscopy every ten years, biopsy/polypectomy during colonoscopy, moderate sedation for colonoscopy, the use of propofol only if prior approval is obtained, and office visits related to the tests listed above.

(ii) Diagnostic Follow-up Services: office visits related to screening and diagnostic tests, total colon exam with colonoscopy, biopsy/polypectomy during colonoscopy, moderate sedation for colonoscopy, the use of propofol only if prior approval is obtained, and pathology fees.

(iii) Surveillance: surveillance colonoscopies will be reimbursed at appropriate intervals as determined by the recommending clinician, the program, or the program's Medical Advisory Board (MAB).

(iv) The program does not pay for CT Colonography, or virtual colonoscopy, as a primary screening test; Computed Tomography Scans, known as CTs or CAT scans, requested for staging or other purposes; surgery or surgical staging, unless specifically required and approved by the program's MAB to provide a histological diagnosis of cancer; any treatment related to the diagnosis of colorectal cancer; any care or services for complications that result from screening or diagnostic tests provided by the program; evaluation of symptoms for clients who present for CRC screening but are found to have gastrointestinal symptoms; diagnostic services for clients who had an initial positive screening test performed outside of the program; management of medical conditions, including Inflammatory Bowel Disease using surveillance colonoscopies and medical therapy for management; genetic testing for clients who present with a history suggestive of a hereditary non-polyposis colorectal cancer (HNPCC) or familial adenomatous polyposis (FAP); and the use of propofol as anesthesia during endoscopy, unless specifically required and approved by the program's MAB in cases where the client cannot be sedated with standard moderate sedation.

(3) The Department may adjust the services available to meet current needs and fluctuations in available funding.

(4) The Utah Cancer Control Program is not health insurance. A relationship with the Department as the insurer

and the client as the insured is not created under this program.

R384-200-4. Providers.

The Department reimburses only providers and Local Health Departments who contract with the Department to provide services under the program.

R384-200-5. Reimbursement.

(1) The Department shall reimburse providers with whom it contracts to provide services as limited in manuals that form part of its Provider Agreements or contracts with providers.

(2) The Department shall reimburse providers according to the fee schedule or schedules that are made part of its agreements or contracts with providers.

(3) Payment for services by the Department and client co-payment, if any, constitutes full payment for services. A provider may not bill or collect any additional monies for services rendered pursuant to an agreement or contract to provide services under the Utah Cancer Control Program.

(4) The Department does not pay for services under the Utah Cancer Control Program for which an individual is eligible to receive under Medicaid or any other primary payer source.

R384-200-6. Utah Cancer Control Program Eligibility.

(1) To be eligible to receive services from the Breast and Cervical Cancer Control Program, an individual:

(a) must be aged 50 to 64 years old;

(b) must have income at or below 250% of Federal Poverty Level;

(c) must have no insurance, inadequate insurance coverage that does not pay for these services, or cannot afford the insurance co-pay.

(d) must be a current Utah resident.

(2) To be eligible to receive services from the WISEWOMAN (BeWise) Program, an individual:

(a) must be enrolled and remain eligible to participate in the breast and cervical screening program

(b) must have income at or below 250% of the Federal Poverty Level

(c) must have no insurance, inadequate insurance coverage that does not pay for these services, or cannot afford the insurance co-pay.

(d) must be unable to pay the premium to enroll in Medicare Part B if eligible for Medicare. Medicare part B requires the participant to pay a monthly premium of \$99.00 and a late enrollment fee of +10% for each full 12-month period the participant could have had Part B, but didn't sign up for it.

(3) To be eligible to receive services from the Colorectal Cancer Control Program, an individual:

(a) must be aged 50 to 64 years old;

(b) must have income at or below 200% of the Federal Poverty Level;

(c) must have no health insurance coverage;

(d) must be a documented resident of the United States;

(e) must be a current Utah resident;

(f) must be at average risk or have a family history of colorectal cancer;

(g) must have no symptoms of colorectal cancer or other bowel condition;

(h) must never have had a colonoscopy.

26-5-2

R398. Health, Family Health and Preparedness, Children with Special Health Care Needs.**R398-10. Autism Spectrum Disorders and Intellectual Disability Reporting.****R398-10-1. Purpose and Authority.**

This rule establishes reporting requirements for autism spectrum disorder (ASD) and intellectual disability and related test results in individuals. Sections 26-1-30(2)(c), (d), (e), (f), (g), 26-5-3, and 26-5-4 authorize this rule.

R398-10-2. Definitions.

As used in this rule:

(1) "Autism Spectrum Disorder" or "ASD" means a pervasive developmental disorder described by the American Psychiatric Association or the World Health Organization diagnostic manuals as: Autistic disorder, Atypical autism, Asperger Syndrome, Rett Syndrome, Childhood Disintegrative Disorder, or Pervasive Developmental Disorder-Not Otherwise Specified; or a special education classification for autism or other disabilities related to autism.

(2) "Intellectual Disability" means a condition marked by an intelligence quotient of less than or equal to 70 on the most recently administered psychometric test (or for infants, a clinical judgment of significantly subaverage intellectual functioning) and concurrent deficits or impairments in adaptive functioning in at least two of the following areas: communication, self-care, home living, social and interpersonal skills, use of community resources, self-direction, functional academic skills, work, leisure, health, and safety. This condition must have its onset before age 18 years.

(3) "Qualified professional" means a medical, clinical or educational professional in a position to observe children with developmental disabilities, including, psychologists, physicians, teachers, speech/language pathologists, occupational therapists, physical therapists, nurses, and social workers.

R398-10-3. Reporting by Diagnostic or Treatment Facilities.

Diagnostic or treatment facilities that provide specialized care for ASD and related disorders shall report or cause to report the following to the Department within thirty days of making an ASD diagnosis:

- (1) patient's name;
- (2) patient's date of birth;
- (3) patient's address;
- (4) home phone;
- (5) patient's sex;
- (6) mother's name;
- (7) mother's date of birth;
- (8) provider name;
- (9) provider degree;
- (10) provider specialty;
- (11) provider address;
- (12) provider phone number;
- (13) diagnosis of autistic disorder, atypical autism, pervasive developmental disorder-not otherwise specified, Asperger's syndrome, or special education classification that makes the individual eligible to receive special education services; and
- (14) date of diagnosis.

R398-10-4. ASD and Intellectual Disability Records Review.

Upon Department request, qualified professionals and diagnostic or treatment facilities that provide specialized care for ASD and related disorders shall allow the Department or its agents to review medical and educational records of individuals with ASD, mental retardation, and related disorders to clarify duplicate names and to collect demographic characteristics, medical and educational histories, and assessments.

R398-10-5. Confidentiality of Reports.

All reports herein required are confidential and are not open to public inspection. The confidentiality of personal information obtained under this rule shall be maintained according to the provisions of Utah Code, Title 26, Chapter 3.

R398-10-6. Liability.

As provided in Title 26, Chapter 25, persons who report information covered by this rule may not be held liable for reporting the information to the Department of Health.

R414. Health, Health Care Financing, Coverage and Reimbursement.**R414-1B. Prohibition of Payment for Certain Abortion Services.****R414-1B-1. Introduction and Authority.**

This rule is to assure compliance with the prohibition on using public funds for certain abortion services as provided in Section 76-7-331. It is authorized by Sections 26-1-5 and 26-18-3.

R414-1B-2. Definitions.

(1) "Abortion billing code" means the following codes:

(a) 59840, 59841, 59850, 59851, 59852, 59855, 59856 and 59857 as shown in the Current Procedural Terminology (CPT) manual of the American Medical Association, 2003 edition; and

(b) 69.01, 69.51, 74.91 and 75.0 as shown in the International Classification of Diseases, 9th Edition, Volumes 1 and 2, Clinical Modification, Volume 3 Procedures.

(2) "Certification" or "Certify" means submitting to the Division of Health Care Financing, Utah Department of Health, a Department-approved document signed by one authorized to act on behalf of a Medicaid provider.

(3) "Public funds" means money of the state, its institutions or its political subdivisions used to pay or otherwise reimburse a person, agency, or facility. "Public funds" does not include (i) clinical revenue generated from nongovernmental payors; or (ii) gift or donor funds from third party nongovernmental sources.

R414-1B-3. Certification.

(1) Each Medicaid provider that bills the Utah Department of Health for services related to an abortion billing code at any time after May 3, 2004, must certify that public funds it receives from the Department are not used to pay or otherwise reimburse, either directly or indirectly, any person, agency, or facility for the performance of any induced abortion services unless:

(a) in the professional judgment of the pregnant woman's attending physician, the abortion is necessary to save the pregnant woman's life;

(b) the pregnancy is the result of rape or incest reported to law enforcement agencies, unless the woman was unable to report the crime for physical reasons or fear of retaliation; or

(c) in the professional judgment of the pregnant woman's attending physician, the abortion is necessary to prevent permanent, irreparable and grave damage to a major bodily function of the pregnant woman provided that a caesarian procedure or other medical procedure that could also save the life of the child is not a viable option. Damage to a major bodily function refers only to injury or impairment of a physical nature and may not be interpreted to mean mental, psychological, or emotional harm, illness, or distress.

(2) The certification shall be ongoing and apply to all future claims unless the provider notifies the Department in writing of a change in its certification status.

(3) Nothing in this rule shall increase Medicaid coverage for abortion services beyond what is required under federal law.

R414-1B-4. Standards for Certification.

(1) Each provider who submits a certification is responsible to be informed of the abortion funding restrictions found in Section 76-7-331 and to assess whether it receives public funds for any abortion that is not excepted in Subsection 76-7-331(2)(a)(b), or (c).

(2) A provider is not using public funds to directly or indirectly fund prohibited abortion services if it certifies that:

(a) it uses non-public funds to make up any difference between the reimbursement it receives from all payors for services identified by abortion billing codes, other than those

services identified in Subsection R414-1B-3(1), and the costs incurred by the provider for those procedures; or

(b) it has adopted another method, based on generally accepted accounting principles, that provides a good faith basis for supporting the certification.

(3) Each provider that submits a certification meeting the requirements of this rule shall maintain records to support the certification and make those records available to the Department on request consistent with participation as a Medicaid provider.

R414-1B-5. State Officer or Employee Authorization of Funds for Abortion.

Any officer or employee of the state who knowingly authorizes the use of funds shall be dismissed from that person's office or position and the person's employment shall be immediately terminated.

76-7-331

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-11. Podiatric Services.****R414-11-1. Introduction and Authority.**

Podiatric services are authorized by 42 CFR 440.50 and include the examination, diagnosis, or treatment of the foot. Podiatric services are optional and provided in accordance with 42 CFR 440.225.

R414-11-2. Client Eligibility Requirements.

Podiatric services are available to categorically and medically needy individuals.

R414-11-3. Service Coverage.

Podiatric services are limited to the services described in the Podiatric Services Utah Medicaid Provider Manual. A physician, osteopath, or podiatrist may provide podiatric services within the scope of their respective professional license.

R414-11-4. Limitations.

Podiatric service limitations are described in the Podiatric Services Utah Medicaid Provider Manual.

R414-11-5. Non-Covered Services.

Non-covered services are described in the Podiatric Services Utah Medicaid Provider Manual.

R414-11-6. Reimbursement for Podiatric Services.

(1) Reimbursement for services is limited to one podiatric office visit per day.

(2) A podiatrist may bill for laboratory procedures necessary for diagnosis and treatment of the patient if equipment necessary for the laboratory procedure is available in the podiatrist's office. Laboratory services requested by a podiatrist but provided by an independent laboratory or hospital outpatient laboratory must be billed directly by the laboratory.

(3) Palliative care is included in the specific service and must be billed by that service only, not through the use of an office call procedure code.

(4) Payments are based on the established fee schedule unless a lower amount is billed. The amount billed cannot exceed usual and customary charges to private pay patients.

R414-11-7. Copayment Policy.

Each Medicaid client is responsible to pay a copayment amount that complies with the requirements of the Medicaid State Plan and Rule R414-1.

R414. Health, Health Care Financing, Coverage and Reimbursement Policy.**R414-90. Diabetes Self-Management Training.****R414-90-1. Introduction and Authority.**

Diabetes self-management training is an educational program that teaches individuals how to successfully manage and control diabetes. Diabetes self-management training is a component of the Utah Medicaid State Plan and is authorized by 42 CFR 440.130 and Section 26-18-3.

R414-90-2. Client Eligibility Requirements.

Diabetes self-management training is available to Traditional Medicaid clients, Non-Traditional Medicaid clients, and Primary Care Network (PCN) clients who are diabetic and receive a physician referral for services.

R414-90-3. Program Access Requirements.

(1) Diabetes self-management training is limited to services approved by a physician, under a comprehensive plan that is essential to ensure successful diabetes self management by the individual patient.

(2) Qualified providers for the diabetes self-management training program include registered nurses, registered pharmacists and certified dietitians licensed by the state. These providers are required to be certified or recognized by the American Association of Diabetes Educators (AADE) or approved through the Utah Department of Health as diabetes instructors.

(3) Diabetes self-management training services provided by a home health agency, may only be provided by a licensed health care provider who is certified by an American Diabetes Association (ADA) program or approved through the Utah Department of Health.

(4) Home Health Agency participation in diabetes self-management training is limited to providing services to the patient who is receiving other skilled services in the home based on physician order and plan of care, when the home is the most appropriate site for the care provided.

R414-90-4. Service Coverage.

(1) Patient assessment for the diabetes self-management program includes a review of medical history, risk factors, health status, resource utilization, knowledge and skill level, and cultural barriers to effective diabetes self-management.

(2) Diabetes self-management training is limited to a maximum of 10 hours of outpatient services.

(3) Diabetes self-management training is limited to training presented by a certified program that meets all of the standards of the National Diabetes Advisory Board covering the 15 ADA core curriculum content areas. The program must also be recognized by the American Association of Diabetes Educators or be certified by the Utah Department of Health.

(4) Diabetes self-management training includes group sessions, but must allow for direct, face to face interaction between the educator and the patient.

(5) Diabetes self-management training must be sufficient in length to meet the goals of the basic comprehensive plan of care. Individual sessions must be sufficient in number and designed to meet the individual's cultural and learning needs.

(6) A maximum of 10 sessions per year may be approved by a physician and through prior authorization.

(7) Repeating any or all of a diabetes self-management program is limited to new conditions or a change in the health status of the client that warrants the need for new training.

(8) The following services are also covered:

(a) annual eye examination that includes dilation;

(b) annual physical;

(c) glycosylated hemoglobin laboratory test with foot examination;

(d) blood sugar review; and

(e) blood pressure reading every 3 to 4 months.

(9) Diabetes self-management training does not cover charges for facility use.

R414-90-5. Reimbursement.

Medicaid payments for approved diabetes self-management training are based on the established Medicaid fee schedule, unless a lower amount is billed. The fee schedule was established after internal and external consultation with diabetes experts. Adjustments to the schedule are made in accordance with appropriations and to produce efficient and effective services.

26-18-3

R426. Health, Family Health and Preparedness, Emergency Medical Services.**R426-8. Emergency Medical Services Ambulance Rates and Charges.****R426-8-1. Authority and Purpose.**

- (1) This rule is established under Title 26, Chapter 8a.
- (2) The purpose of this rule is to provide for the establishment of maximum ambulance transportation and rates to be charged by licensed ambulance services in the State of Utah.

R426-8-2. Ambulance Transportation Rates and Charges.

(1) Licensed services operating under R426-3 shall not charge more than the rates described in this rule. In addition, the net income of licensed services, including subsidies of any type, shall not exceed the net income limit set by this rule.

(a) The net income limit shall be the greater of eight percent of gross revenue or 14 percent return on average assets.

(b) Licensed Services may change rates at their discretion after notifying the Department, provided that the rates do not exceed the maximums specified in this rule.

(c) An agency may not charge a transportation fee for patients who are not transported.

(2) The initial regulated rates established in this rule shall be adjusted annually on July 1, based on financial data as delineated by the department to be submitted as detailed under R426-8-2(9). This data shall then be used as the basis for the annual rate adjustment.

(3) Base Rates for ground transport to care facility -

(a) Ground Ambulance - \$655.00 per transport.

(b) Advanced EMT and EMT-IA Ground Ambulance - \$865.00 per transport.

(c) Paramedic Ground Ambulance - \$1,265.00 per transport.

(d) Ground Ambulance with Paramedic on-board - \$1,265.00 per transport if:

(i) a dispatch agency dispatches a paramedic licensee to treat the individual;

(ii) the paramedic licensee has initiated advanced life support;

(iii) on-line medical control directs that a paramedic remain with the patient during transport; and

(iv) an ambulance service that interfaces with a paramedic rescue service and has an interlocal or equivalent agreement in place, dealing with reimbursing the paramedic agency for services provided up to a maximum of \$269.82 per transport.

(4) Mileage Rate-

(a) \$31.65 per mile or fraction thereof.

(b) In all cases mileage shall be computed from the point of pickup to the point of delivery.

(c) A fuel fluctuation surcharge of \$0.25 per mile may be added when diesel fuel prices exceed \$5.10 per gallon or gasoline exceeds \$4.25 as invoiced.

(5) Surcharge-

(a) If the ambulance is required to travel for ten miles or more on unpaved roads, a surcharge of \$1.50 per mile may be assessed.

(6) Special Provisions -

(a) If more than one patient is transported from the same point of origin to the same point of delivery in the same ambulance, the charges to be assessed to each individual will be determined as follows:

(i) Each patient will be assessed the transportation rate.

(ii) The mileage rate will be computed as specified, the sum to be divided equally between the total number of patients.

(b) A round trip may be billed as two one-way trips.

(c) An ambulance shall provide 15 minutes of time at no charge at both point of pickup and point of delivery, and may charge \$22.05 per quarter hour or fraction thereof thereafter.

On round trips, 30 minutes at no charge will be allowed from the time the ambulance reaches the point of delivery until starting the return trip. At the expiration of the 30 minutes, the ambulance service may charge \$22.05 per quarter hour or fraction thereof thereafter.

(7) Supplies and Medications -

(a) An ambulance licensee may charge for supplies and providing supplies, medications, and administering medications used on any response if:

(i) supplies shall be priced fairly and competitively with similar products in the local area;

(ii) the individual does not refuse services; and

(iii) the ambulance personnel assess or treats the individual.

(8) Uncontrollable Cost Escalation -

(a) In the event of a temporary escalation of costs, an ambulance service may petition the Department for permission to make a temporary service-specific surcharge. The petition shall specify the amount of the proposed surcharge, the reason for the surcharge, and provide sufficient financial data to clearly demonstrate the need for the proposed surcharge. Since this is intended to only provide temporary relief, the petition shall also include a recommended time limit.

(b) The Department will make a final decision on the proposed surcharge within 30 days of receipt of the petition.

(9) Operating report -

(a) The licensed service shall file with the Department within 90 days of the end of each licensed service's fiscal year, an operating report in accordance with the instructions, guidelines and review criteria as specified by the Department. The Department shall provide a summary of operating reports received during the previous state fiscal year to the EMS Committee in the October quarterly meeting.

(10) Fiscal audits -

(a) Upon receipt of licensed service fiscal reports, the Department shall review them for compliance to standards established.

(b) Where the Department determines that the audited service is not in compliance with this rule, the Department shall proceed in accordance with Section 26-8a-504.

R426-8-3. Penalty for Violation of Rule.

As required by Subsection 63G-3-201(5): Any person that violates any provisions of this rule may be assessed a civil money penalty as provided in Section 26-23-6.

Notice of Continuation January 5, 2011

26-8a

**R432. Health, Family Health and Preparedness, Licensing.
R432-7. Specialty Hospital - Psychiatric Hospital
Construction.**

R432-7-1. Legal Authority.

This rule is promulgated pursuant to Title 26, Chapter 21.

R432-7-2. Purpose.

The purpose of this rule is to establish construction standards for a specialty hospital for psychiatric services.

R432-7-3. General Design Requirements.

R432-4-1 through R432-4-22 apply to this rule with the following modifications.

R432-7-4. General Construction, Ancillary Support Facilities.

R432-4-23 (1) through (20) applies with the following modifications:

(1) Leaf width for patient room doors and doors to patient treatment rooms shall be a minimum of three feet.

(2) Corridors in patient use areas shall be a minimum of six feet wide.

(3) Grab Bars. Where grab bars are provided, the space between the bar and the wall shall be filled. Bars, including those which are part of such fixtures as soap dishes, shall be sufficiently anchored to sustain a concentrated load of 250 pounds. Grab bars shall meet the requirements of ADA/ABA-AG.

(4) Emergency Electrical Service. An on-site emergency generator shall be provided connecting the following services:

(a) life safety branch, as defined in section 517-32 of the National Electric Code NFPA 70;

(b) critical branch, as defined in 517-33 of the National Electric Code NFPA 70;

(c) equipment system, as defined in 517-34 of the National Electric Code NFPA 70;

(d) telephone;

(e) nurse call;

(f) heating equipment necessary to provide heating space to house all patients under emergency conditions;

(g) one duplex convenience outlet in each patient bedroom;

(h) one duplex convenience outlet at each nurses station; and

(i) duplex convenience outlets in the emergency heated part at a ratio of one for each ten patients.

(5) Nurse Call System. A nurse call system is optional. If installed, provisions shall be made for the easy removal or covering of call buttons.

(6) X-ray Equipment. If installed, fixed and mobile x-ray equipment shall conform to Articles 517 and 660 of NFPA 70.

(7) Security glazing. Security glazing and other security features shall be used at all windows of the nursing unit and other patient activity and treatment areas to reduce the possibility of patient injury or escape.

R432-7-5. General Construction, Patient Facilities.

(1) The requirements of R432-4-24 and Sections 2.1 and 2.5, of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition (Guidelines) shall be met except as modified in this rule. Where a modification is cited, the modification supersedes conflicting requirements of R432-4-24 and the Guidelines.

(2) Patient Rooms.

(a) At least two single bed rooms with a private toilet room shall be provided for each nursing unit.

(b) Minimum clear dimensions of closets in patient rooms shall be 22 inches deep and 36 inches wide. The clothes rod shall be of the breakaway type.

(3) Patient bathing facilities, Guidelines Section 2.5-2.2.2.7, is modified as follows:

(a) Each bathtub or shower shall be in an individual room or enclosure sized to allow staff assistance and designed to provide privacy during bathing, drying, and dressing.

(b) At least one shower in central bathing facilities shall be designed in accordance with the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines (ADA/ABA-AG) for use by a person with a wheelchair.

(c) A toilet room with direct access from the bathing area, shall be provided at each central bathing area.

(d) Doors to toilet rooms shall comply with ADA/ABA-AG. The doors shall be equipped with hospital privacy locks or other hardware that protects patient privacy and permits access from outside in case of an emergency without the use of keys or tools.

(e) A handwashing fixture shall be provided in each toilet room.

(f) At least one patient toilet room in each nursing unit shall contain a shower or tub in addition to the toilet and lavatory. Fixtures shall be wheelchair accessible with wheelchair turning space within the room.

(4) Child Psychiatric Unit, Guidelines Section 2.5-2.3, is modified as follows:

(a) Pediatric and adolescent nursing units shall be physically separated from adult nursing units.

(b) Examination and treatment rooms shall be provided for pediatric and adolescent patients separate from adult rooms.

(i) Each room shall provide a minimum of 100 square feet of usable space exclusive of fixed cabinets, fixtures, and equipment.

(ii) Each room shall contain a work counter, storage facilities, and lavatory equipped for handwashing.

(c) Separate activity areas shall be provided for pediatric and adolescent nursing units.

(5) In addition to the service area requirements, individual rooms or a multipurpose room shall be provided for dining, education, and recreation.

(a) Insulation, isolation, and structural provisions shall minimize the transmission of impact noise through the floor, walls, or ceiling of these multipurpose rooms.

(b) Service rooms may be shared by more than one pediatric or adolescent nursing unit, but shall not be shared with adult nursing units.

(6) A patient toilet room, in addition to those serving bed areas, shall be conveniently accessible from multipurpose rooms.

(7) Storage closets or cabinets for toys, educational, and recreational equipment shall be provided.

(8) Linen services shall comply with R432-4-24(8).

R432-7-6. Exclusions to the Guidelines.

The following sections of the Guidelines do not apply:

(1) Linen services, section 2.5-5.2.

R432-7-7. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

26-21-2.1

26-21-20

**R432. Health, Family Health and Preparedness, Licensing.
R432-8. Specialty Hospital - Chemical
Dependency/Substance Abuse Construction.**

R432-8-1. Legal Authority.

This rule is adopted pursuant to Title 26, Chapter 21.

R432-8-2. Purpose.

This rule applies to a hospital that chooses to be licensed as a specialty hospital and which has as its major single service the treatment of patients with chemical dependency or substance abuse. The rule identifies the construction standards for a specialty hospital, if the hospital chooses to have a dual major service, e.g., chemical dependency or substance and psychiatric care, then both of the appropriate specialty hospital construction rules apply.

R432-8-3. General Design Requirements.

See R432-4-1 through R432-4-22.

R432-8-4. General Construction, Ancillary Support Facilities.

R432-4-23 applies with the following modifications:

- (1) Corridors. Corridors in patient use areas shall be a minimum six feet wide.
- (2) Door leaf width for patient room doors and doors to patient treatment rooms shall be a minimum three feet.
- (3) Ceiling finishes. Ceiling construction in patient and seclusion rooms shall be monolithic.
- (4) Bed pan flushing devices are optional.
- (5) Windows, in rooms intended for 24-hour occupancy, shall be operable.
- (6) Emergency Electrical Service.
 - (a) An on-site emergency generator shall be provided.
 - (b) The following services shall be connected to the emergency generator:
 - (i) life safety branch, as defined in section 517-32 of the National Electric Code NFPA 70;
 - (ii) critical branch, as defined in 517-33 of the National Electric Code NFPA 70;
 - (iii) equipment system, as defined in 517-34 of the National Electric Code NFPA 70;
 - (iv) telephone;
 - (v) nurse call;
 - (vi) heating equipment necessary to provide adequate heated space to house all patients under emergency conditions;
 - (vii) one duplex convenience outlet in each patient bedroom;
 - (viii) one duplex convenience outlet at each nurse station;
 - (ix) duplex convenience outlets in the emergency heated area at a ratio of one for each ten patients.
 - (6) Nurse Call System.
 - (a) A nurse call system is optional.
 - (b) If a nurse call system is installed, provisions shall be made for the easy removal or covering of call buttons.

R432-8-5. General Construction, Patient Service Facilities.

(1) The requirements of R432-4-24 and the requirements of Sections 2.1 and 2.5 of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition (Guidelines) shall be met. Where a modification is cited, the modification supersedes conflicting requirements of R432-4-24 and the Guidelines.

(2) The environment of the nursing unit shall give a feeling of openness with emphasis on natural light and exterior views.

(a) Interior finishes, lighting, and furnishings shall suggest a residential rather than an institutional setting.

(b) Security and safety devices shall be presented in a manner which will not attract or challenge tampering by patients.

(3) Patient rooms.

(a) At least two single-bed rooms, with private toilet rooms, shall be provided for each nursing unit.

(b) Minimum patient room areas, exclusive of toilet rooms, closets, lockers, wardrobes, alcoves, or vestibules, shall be 100 square feet in single-bed rooms and 80 square feet per bed in multiple-bed rooms. The areas listed are minimum and do not prohibit larger rooms.

(c) Patient rooms shall include a wardrobe, closet, or locker, having minimum clear dimensions of 22 inches deep by 36 inches wide, suitable for hanging full-length garments. A break-away clothes rod and adjustable shelf shall be provided.

(d) Visual privacy is not required in all multiple-bed rooms, however privacy curtains shall be provided in five percent of multiple-bed rooms for use in treating detoxification patients.

(4) Laundry facilities shall be available to patients, including an automatic washer and dryer.

(5) Bathing facilities shall be provided in each nursing unit at a ratio of one bathing facility for each six beds not otherwise served by bathing facilities within individual patient rooms.

(a) Each bathtub or shower shall be in an individual room or enclosure adequately sized to allow staff assistance and designed to provide privacy during bathing, drying, and dressing.

(b) At least one shower in central bathing facilities shall be designed in accordance with ADA/ABA-AG for use by a wheelchair patient.

(6) A toilet room with direct access from the bathing area shall be provided at each central bathing area.

(a) Doors to toilet rooms shall comply with ADA/ABA-AG. The doors shall permit access from the outside in case of an emergency.

(b) A handwashing fixture shall be provided for each toilet in each toilet room.

(c) At least one patient toilet room in each nursing unit shall contain a shower or tub in addition to the toilet and lavatory. Fixtures shall be wheel chair accessible.

(7) There shall be at least one seclusion room for each 24 beds, or a fraction thereof, located for direct nursing staff supervision or equipped with a closed circuit television system with a monitor at the nursing station.

(a) Each seclusion room shall be designed for occupancy by one patient. The room shall have an area of at least 60 square feet and shall be constructed to prevent patient hiding, escape, injury, or suicide.

(b) If a facility has more than one nursing unit, the number of seclusion rooms shall be a function of the total number of beds in the facility.

(c) Seclusion rooms may be grouped in a common area.

(d) Special fixtures and hardware for electrical circuits shall be used to provide safety for the occupant.

(e) Doors shall be 44 inches wide and shall permit staff observation of the patient while providing patient privacy.

(f) Seclusion rooms shall be accessed through an anteroom or vestibule which also provides direct access to toilet rooms. The toilet and anteroom shall be large enough to safely manage the patient.

(g) Seclusion rooms including floor, walls, ceiling, and all openings, shall be protected with not less than one-hour-rated construction.

R432-8-6. Additional Specific Category Requirements.

(1) Dining, Recreation and Day Space. The facility layout shall include a minimum total inpatient space for dining, recreation, and day use computed on the basis of 30 square feet per bed.

(a) The facility shall include a minimum of 200 square feet for outpatients and visitors when dining is part of a day

treatment program.

(b) If dining is not part of a day treatment program, the facility shall provide a minimum of 100 square feet of additional outpatient day space.

(c) Enclosed storage space for recreation equipment and supplies shall be provided in addition to the requirements of day use.

(2) Recreation and Group Therapy Space. At least two separate social areas, one designed for noisy activities and one designed for quiet activities, shall be provided as follows:

(a) At least 120 square feet shall be provided for each area.

(b) The combined area of the two areas shall be at least 40 square feet per patient.

(c) Activity areas may be utilized for dining activities and may serve more than one adult nursing unit.

(d) Activity areas shall be provided for pediatric and adolescent nursing units which are separate from adult areas.

(e) Space for group therapy shall be provided and activity spaces may be used for group therapy activities.

(3) Examination and treatment rooms shall be provided except when all patient rooms are single-bed rooms.

(a) An examination and treatment room may be shared by multiple nursing units.

(b) If provided, the room shall have a minimum floor area of 110 square feet, excluding space for vestibules, toilet, closets, and work counters, whether fixed or movable.

(c) The minimum allowable floor dimension shall be ten feet.

(d) The room shall contain a lavatory or sink equipped for handwashing, work counter, storage facilities, and a desk, counter, or shelf space for writing.

(4) A consultation room shall be provided.

(a) Rooms shall have a minimum floor space of 100 square feet, and be provided at a room-to-bed ratio of one consultation room for each 12 beds.

(b) They shall be designed for acoustical and visual privacy and constructed using wall construction assemblies with a minimum STC rating of 50.

(c) They shall provide appropriate space for evaluation of patient needs and progress, including work areas for evaluators and work space for patients.

(5) A multipurpose room for staff and patient conferences, education, demonstrations, and consultation, shall be provided.

(a) It shall be separate from required activity areas defined in R432-8-6(2).

(b) If provided in the administration area, it may be utilized for this requirement if it is conveniently accessible from a patient-use corridor.

(6) If child education is provided through facility-based programs, a room shall be provided in the adolescent unit for this purpose. The room shall contain at least 20 square feet per pediatric and adolescent bed, but not less than 250 square feet. Multiple use rooms may be used, but must be available for educational programs on a first priority basis.

(7) Pediatric and adolescent nursing units shall be physically separated from adult nursing units and examination and treatment rooms. In addition to the requirements of R432-8-6(1) through (5), individual rooms or a multipurpose room shall be provided for dining, education, and recreation. Insulation, isolation, and structural provisions shall minimize the transmission of impact noise through the floor, walls, or ceiling of these multipurpose rooms. Service rooms may be shared by more than one pediatric or adolescent nursing unit, but shall not be shared with adult nursing units.

(a) A patient toilet room, in addition to those serving bed areas, shall be conveniently accessible from multipurpose rooms.

(b) Storage closets or cabinets for toys, educational, and recreational equipment shall be provided.

R432-8-7. Exclusions From the Standard.

The following sections of the Guidelines do not apply:

(1) Linen Services, Section 2.5-5.2.

R432-8-8. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

R432-9. Specialty Hospital - Rehabilitation Construction Rule.**

R432-9-1. Legal Authority.

This rule is adopted pursuant to Title 26, Chapter 21.

R432-9-2. Purpose.

The purpose of this rule is to promote the public health and welfare through the establishment of construction standards for rehabilitation hospitals.

R432-9-3. General Design Requirements.

R432-4-1 through 22 apply to this rule.

R432-9-4. General Construction Ancillary Support Facilities.

R432-4-23 applies with the following modifications:

(1) Corridors in patient use areas shall be a minimum eight feet wide.

(2) Handrails shall comply with the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines and located on both sides of hallways and corridors used by patients.

(a) The top of the rail shall be 34-38 inches above the floor, except for areas serving children and other special care areas.

(b) Ends of handrails and grab bars shall be constructed to prevent persons from snagging their clothes.

(3) Standards for the Disabled. All fixtures in all toilet and bath rooms, except those in the activities for daily living unit, shall be wheelchair accessible with wheelchair turning space within the room.

(4) Plumbing.

(a) Oxygen and suction systems shall be installed to serve 25 percent of all patient beds.

(b) Installation shall be in accordance with R432-4 and NFPA 99.

(c) Systems serving additional patient beds are optional.

(5) Emergency Electrical Service.

(a) An on-site emergency generator shall be provided.

(b) The following services shall be connected to the emergency generator:

(i) life safety branch, as defined in section 517-32 of the National Electric Code NFPA 70;

(ii) critical branch, as defined in 517-33 of the National Electrical Code NFPA 70;

(iii) equipment system, as defined in section 517-34 of the National Electric Code NFPA 70;

(iv) telephone;

(v) nurse call;

(vi) heating equipment necessary to provide adequate heated space to house all patients under emergency conditions;

(vii) one duplex convenience outlet in each patient room;

(viii) one duplex convenience outlet at each nurse station;

(ix) duplex convenience outlets in the emergency heated area at a ratio of one for each ten patients.

R432-9-5. General Construction, Patient Facilities.

(1) The requirements of R432-4-24 and the requirements of Sections 2.1 and 2.6 of Guidelines for Design and Construction of Health Care Facilities (Guidelines) 2010 edition shall be met except as modified in this rule. Where a modification is cited, the modification supersedes conflicting requirements of R432-4-24 and the Guidelines.

(2) Other Required Units, Guidelines section 2.6-3.2 is modified to allow psychological services, social services, and vocational services to share the same office space when the licensee provides evidence in the functional program that the needs of the population served are met in the proposed space

arrangement.

(3) Rehabilitation Nursing Unit, Section 2.6-2.2 is modified as follows:

(a) Fixtures in patient rooms shall be wheelchair accessible.

(b) Patient rooms shall contain space for wheelchair storage separate from normal traffic flow areas.

(c) Toilet room doors shall swing out from the toilet room or shall be double acting.

(d) Patient rooms shall provide each patient a wardrobe, closet, or locker, having minimum clear dimensions of 22 inches by 36 inches, suitable for hanging full-length garments. A clothes rod and adjustable shelf shall be provided.

(4) A clean workroom or clean holding room shall be provided for preparing patient care items which shall contain a counter, handwashing facilities, and storage facilities. The work counter and handwashing facilities may be omitted in rooms used only for storage and holding, as part of a larger system for distribution of clean and sterile supply materials.

(5) A soiled workroom shall be provided containing a clinical sink, a sink equipped for handwashing, a work counter, waste receptacles, and a linen receptacle. The work counter and handwashing facilities may be omitted in rooms used only for storage and holding.

(6) In addition to Guideline Section 2.6-2.2.6.6, the medicine preparation room or unit shall be under visual control of the nursing staff and have the following:

(a) a minimum area of 50 square feet,

(b) a locking mechanism to prohibit unauthorized access.

(7) Each nursing unit shall have equipment to provide ice for patient treatment and nourishment.

(a) Ice-making equipment may be located in the clean workroom or at the nourishment station if access is controlled by staff.

(b) Ice intended for human consumption shall be dispensed by self-dispensing ice makers.

(8) Yard equipment and supply storage areas shall be located so that equipment may be moved directly to the exterior without passing through building rooms or corridors.

R432-9-6. Exclusions from the Guidelines.

The following sections of the Guidelines do not apply:

(1) Linen services, Section 2.6-5.2.

(2) Patient Storage section 2.6-2.2.2.8(2).

R432-9-7. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

Notice of Continuation April 1, 2014

26-21-5

26-21-2.1

26-21-20

**R432. Health, Family Health and Preparedness, Licensing.
R432-10. Specialty Hospital - Long-Term Acute Care
Construction Rule.**

R432-10-1. Legal Authority.

This rule is adopted pursuant to Title 26, Chapter 21.

R432-10-2. Purpose.

The purpose of this rule is to establish construction standards for hospitals that provide services for the diagnosis, treatment or care of persons needing medical services and care in excess of services usually provided in a general acute hospital or skilled nursing home for chronic or long-term illness, injury or infirmity.

R432-10-3. General Design Requirements.

(1) Refer to R432-4-1 through R432-4-23.

(2) All fixtures in public and resident toilet and bathrooms shall be wheelchair accessible with wheelchair turning space within the room.

R432-10-4. General Construction, Patient Facilities.

(1) The requirements of R432-4-24 and the requirements of Sections 2.1 and 2.6 of the Guidelines for Design and Construction of Health Care Facilities 2010 edition (Guidelines) shall be met. Where a modification is cited, the modification supersedes conflicting requirements of the Guidelines.

(2) The maximum number of beds on each nursing unit shall be 60.

(a) The minimum number of beds in a nursing unit shall be four.

(b) Rooms and spaces comprising the nursing unit shall be contiguous.

(3) At least two single-bed rooms, with a private toilet room containing a toilet, lavatory, and bathing facility, shall be provided for each nursing unit.

(a) The minimum patient room area shall be 120 feet.

(b) In addition to the lavatory in the toilet room, in new construction a lavatory or handwashing sink shall be provided in the patient room.

(c) Ventilation shall be in accordance with Part 6, Table 7-1 of Guidelines with all air exhausted to the outside.

(4) The nurses' station shall have handwashing facilities located near the nurses' station and the drug distribution station. The nurses' toilet room, located in the unit, may also serve as a public toilet room.

(5) A nurse call system is not required in facilities that care for developmentally disabled or mentally retarded persons. With the prior approval of the Department, facilities which serve patients who pose a danger to themselves or others may modify the system to alleviate hazards to patients.

(6) Patient rooms shall include a wardrobe, closet, or locker having minimum clear dimensions of 22 inches deep by 36 inches wide, suitable for hanging full length garments.

(7) A clean workroom or clean holding room with a minimum area of 80 square feet for preparing patient care items which shall contain a counter, handwashing facilities, and storage facilities.

(a) The work counter and handwashing facilities may be omitted in rooms used only for storage and holding, as part of a larger system for distribution of clean and sterile supply materials.

(8) A soiled workroom with a minimum area of 80 square feet which shall contain a clinical sink, a sink equipped for handwashing, a work counter, waste receptacles and a linen receptacle.

(a) Handwashing sinks and work counters may be omitted in rooms used only for temporary holding of soiled, bagged materials.

(9) If a medication dispensing unit is used it shall be under

visual control of staff, including double locked storage for controlled drugs.

(10) Clean Linen Storage.

(a) If a closed cart system is used it shall be stored in a room with a self closing door.

(b) Storage of a closed cart in an alcove in a corridor is prohibited.

(11) Each nursing unit shall have equipment to provide ice for patient treatment and nourishment.

(a) Ice making equipment may be located in the clean workroom or at the nourishment station if access is controlled by staff.

(b) Ice intended for human consumption shall be dispensed by self-dispensing ice makers.

(12) At least one room for toilet training, accessible from the nursing corridor, shall be provided on each floor containing a nursing unit.

(a) All fixtures in this room shall comply with the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines (ADA/ABA-AG).

(b) A toilet room, with direct access from the bathing area, shall be provided at each central bathing area.

(c) Doors to toilet rooms shall comply with ADA/ABA-AG. The doors shall permit access from the outside in case of an emergency.

(d) A handwashing fixture shall be provided for each toilet in each toilet room.

(13) Storage. There shall be an equipment storage room with a minimum area of 120 square feet for portable storage.

(14) Resident Support Areas Shall Include the Following:

(a) Occupational Therapy may be counted in the required space of Guidelines section 2.6-2.3 Patient Living Areas.

(b) Physical Therapy, personal care room and public waiting lobbies may not be included in the calculation of space of Guidelines section 2.6-2.3 Patient Living Areas.

(c) Storage space for recreation equipment and supplies shall be provided and secured for safety.

(d) There shall be a general purpose room with a minimum area of 100 square feet equipped with table, and comfortable chairs.

(e) A minimum area of ten square feet per bed shall be provided for outdoor recreation. Recreation areas shall be enclosed by a secure fence.

(15) An examination and treatment Room shall be provided except when all patient rooms are single-bed rooms.

(a) The examination and treatment room may be shared by multiple nursing units.

(b) The room shall have a minimum floor area of 100 square feet, excluding space for vestibules, toilet, closets, and work counters, whether fixed or movable.

(c) The minimum allowable room dimension shall be ten feet.

(d) The room shall contain a lavatory or sink equipped for handwashing; work counter; storage facilities; and desk, counter, or shelf space for writing.

(16) A room shall be arranged to permit evaluation of patient needs and progress.

(a) The room shall include a desk and work area for the evaluators, writing and work space for patients, and storage for supplies.

(b) If psychological services are provided, then the unit shall contain an office and work space for testing, evaluation, and counseling.

(c) If social services are provided, then the unit shall contain office space for private interviewing and counseling.

(d) If vocational services are provided, then the unit shall contain office and work space for vocational training, counseling, and placement.

(e) Evaluation, psychological services, social services, and

vocational services may share the same office space when the owner provides evidence in the functional program that the needs of the population served are met in the proposed space arrangement.

(17) Pediatric and Adolescent Unit.

(a) Pediatric and adolescent nursing units shall comply with the spatial standards in section 2.2-2.13 of the Guidelines.

(b) There shall be an area for hygiene, toileting, sleeping, and personal care for parents if the program allows parents to remain with young children.

(c) Service areas in the pediatric and adolescent nursing unit shall conform to the standards of section 2.2-2.13.6 of the Guidelines and the following:

(i) Multipurpose or individual rooms shall be provided in the nursing unit for dining, education, and recreation.

(ii) A minimum of 20 square feet per bed shall be provided.

(iii) Insulation, isolation and structural provisions shall minimize the transmission of impact noise through the floor, walls, or ceiling of multipurpose rooms.

(iv) Service rooms may be shared by more than one pediatric or adolescent nursing unit, but may not be shared with adult patient units.

(v) A patient toilet room, in addition to those serving bed areas, shall be conveniently located to each multipurpose room and to each central bathing facility.

(vi) Storage closets or cabinets for toys, educational, and recreational equipment shall be provided.

(d) At least one single-bed isolation room shall be provided in each pediatric unit. Each isolation room shall comply with the following:

(i) Room entry shall be through an adjacent work area which provides for aseptic control, including facilities separate from patient areas for handwashing, gowning, and storage of clean and soiled materials. The work area entry may be a separate, enclosed anteroom.

(ii) A separate, enclosed anteroom for an isolation room is not required but, when provided, shall include a viewing panel for staff observation of the patient from the anteroom.

(iii) One anteroom may serve several isolation rooms.

(iv) Toilet, bathing, and handwashing facilities shall be arranged to permit access from the bed area without entering or passing through the work area of the vestibule or anteroom.

(17) Rehabilitation therapy, Physical Therapy and Occupational Therapy areas shall include:

(a) Waiting areas to accommodate patients in wheelchairs, including room for turning wheelchairs.

(b) Storage space, with separate storage rooms for clean and soiled linen.

R432-10-5. General Construction.

(1) Yard equipment and supply storage areas shall be located so that equipment may be moved directly to the exterior without passing through building rooms or corridors.

(2) Grab bars and handrails shall comply with ADA/ABA-AG and shall be installed in all toilet rooms.

(a) Handrails shall be provided on both sides of corridors used by patients.

(b) The top of the rail shall be 32 inches above the floor, except for special care areas.

(c) Ends of the handrails and grab bars shall be constructed to prevent persons from snagging their clothes.

(3) Cubicle curtains and draperies shall be affixed to permanently mounted tracks or rods. Portable curtains or visual barriers may not be used.

(4) Signs. The following signs shall comply with ADA/ABA-AG and be located in corridors:

(a) general circulation direction signs in corridors.

(b) identification sign or number at each door.

(c) emergency evacuation directional signs.

(6) At least one window in each patient sleeping room shall open to the exterior and shall be operable.

R432-10-6. Construction Features.

(1) Mechanical tests shall be conducted prior to the final Department construction inspection. Written test results shall be retained in facility maintenance files and available for Department review.

(2) The heating system shall be capable of maintaining temperatures of 80 degrees F. in areas occupied by patients.

(a) The cooling system shall be capable of maintaining temperatures of 72 degrees F. in areas occupied by patients.

(b) Furnace and boiler rooms shall be provided with sufficient outdoor air to maintain equipment combustion rates and to limit work station temperatures to a temperature not to exceed 90 degrees F. When ambient outside air temperature is higher, maximum temperature may be 97 degrees F.

(c) A relative humidity between 30 percent and 60 percent shall be provided in all patient areas.

(d) The bottom of ventilation supply and return opening shall be at least three inches above the floor.

(3) All hoods over cooking ranges shall be equipped with grease filters, fire extinguishing systems, and heat actuated fan controls. Cleanout openings shall be provided every 20 feet in horizontal sections of the duct systems serving these hoods.

(4) Kitchen grease traps shall be located and arranged to permit easy access without the need to enter the food preparation or storage area.

(5) Hot water systems. Hot water provided in patient tubs, showers, whirlpools, and handwashing facilities shall be regulated by thermostatically controlled automatic mixing valves. Mixing valves may be installed on the recirculating system or on individual inlets to appliances.

(6) Drainage Systems. Building sewers shall discharge into community sewerage except, where such a system is not available, the facility shall treat its sewage in accordance with local requirements and Department of Environmental Quality requirements.

(7) Piping and Valve systems. All piping and valves in all systems, except control line tubing, shall be labeled to show content of line and direction of flow. Labels shall be permanent type, either metal or paint, and shall be clearly visible to maintenance personnel.

(8) Oxygen and suction systems shall be installed in accordance with the requirements of a level 1 system per NFPA 99 and Table 2.1-6 of the Guidelines.

(9) Electric materials shall be new and listed as complying with standards of Underwriters Laboratories, Inc., or other equivalent nationally recognized standards. The owner shall provide written certification to the Department verifying that systems and grounding comply with NFPA 99 and NFPA 70.

(10) Approaches to buildings and all spaces within buildings occupied by people, machinery, or equipment shall have fixtures for lighting in accordance with requirements shown in Tables 3A and 3B of Illuminating Engineering Society of North America IESNA, publication RP-29-06, Lighting for Hospitals and Health Care Facilities, 2006 edition. Automatic Emergency lighting shall be provided in accordance with NFPA 99 and NFPA 101.

(11) Receptacles shall include:

(a) Each examination and work table shall have access to minimum of two duplex receptacles.

(b) Receptacle cover plates on electrical receptacles supplied for the emergency system shall be red.

(12) Emergency Electrical Service shall include:

(a) An on-site emergency generator shall be provided.

(b) The following services shall be connected to the emergency generator:

- (i) life safety branch, as defined in section 517-32 of the National Electric Code NFPA 70;
 - (ii) critical branch as defined in 517-33 of the National Electric Code NFPA 70;
 - (iii) equipment system, as defined in 517-34 of the National Electric Code NFPA 70;
 - (iv) telephone;
 - (v) nurse call;
 - (vi) heating equipment necessary to provide adequate heated space to house all patients under emergency conditions;
 - (vii) one duplex receptacle in each patient room;
 - (viii) one duplex receptacle at each nurse station;
 - (ix) duplex receptacles in the emergency heated area at a ratio of one for each ten patients.
- (c) fuel storage capacity shall permit continuous operation for 48 hours.

R432-10-7. Excluded Section of the Guidelines.

The following sections of the Guidelines do not apply:

- (1) Linen Services, Section 2.6-5.2.

R432-10-8. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

KEY: health care facilities**February 21, 2012****Notice of Continuation April 1, 2014****26-21-5****26-21-2.1****26-21-20**

R432. Health, Family Health and Preparedness, Licensing.**R432-11. Orthopedic Hospital Construction.****R432-11-1. Legal Authority.**

This rule is adopted pursuant to Title 26, Chapter 21.

R432-11-2. Purpose.

The purpose of this rule is to establish construction standards for a specialty hospital for orthopedic services.

R432-11-3. General Design Requirements.

(1) See R432-4-1 through R432-4-22.

(2) All fixtures in resident toilet and bathrooms shall be wheelchair accessible with wheelchair turning space within the room.

R432-11-4. General Construction.

See R432-4-23 with the following modifications:

(1) Corridors in patient use areas shall be a minimum eight feet wide.

(2) Handrails shall be provided on both sides of corridors and hallways used by patients and meet the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines requirements. The top of the rail shall be 34 inches above the floor except for areas serving children and other special care areas.

(3) Plumbing, including medical gas and suction systems are required.

(4) An emergency electrical service is required. An on-site emergency generator shall be provided and the following services shall be connected to the emergency generator:

(a) life safety branch, as defined in section 517-32 of the National Electric Code NFPA 70, which is adopted and incorporated by reference;

(b) critical branch as defined in 517-33 of the National Electric Code NFPA 70, which is adopted and incorporated by reference;

(c) equipment system, as defined in 517-34 of the National Electric Code NFPA 70, which is adopted and incorporated by reference;

(d) telephone;

(e) nurse call;

(f) heating equipment necessary to provide adequate heated space to house all patients under emergency conditions;

(g) one duplex receptacle in each patient room;

(h) one duplex receptacle at each nurse station;

(i) duplex receptacles in the emergency heated area at a ratio of one for each ten patients;

(j) fuel storage capacity shall permit continuous operation for at least 48 hours.

(5) If installed, fixed and mobile X-ray equipment shall comply with Articles 517 and 660 of NFPA 70, which is adopted and incorporated by reference.

R432-11-5. General Construction. Patient Service Facilities.

(1) Requirements of R432-4-24 and the requirements of Sections 2.1 and 2.2 of Guidelines for Design and Construction of Health Care Facilities, 2010 edition (Guidelines) shall be met. Where a modification is cited, the modification supersedes conflicting requirements of the Guidelines.

(2) Nursing Units shall meet the following:

(a) At least two single-bed rooms, with private toilet rooms, shall be provided for each nursing unit.

(b) Minimum room areas exclusive of toilet rooms, closets, lockers, wardrobes, alcoves, or vestibules, shall be 140 square feet in single-bed rooms and 125 square feet per bed in multiple-bed rooms. The listed areas are minimum and do not prohibit larger rooms.

(3) Imaging Suites. Imaging facilities for diagnostic procedures, include the following: radiology, mammography,

computerized scanning, ultrasound and other imaging techniques.

(a) Imaging facilities may be provided within the facility or through contractual arrangement with a qualified radiology service or nearby hospital.

(b) If imaging facilities are provided in-house, they shall meet the requirements for an imaging suite defined in Guidelines for Design and Construction of Health Care Facilities, section 2.2-3.4.

(4) Laboratory Services.

(a) Laboratory space and equipment shall be provided in-house for testing blood counts, urinalysis, blood glucose, electrolytes, blood urea nitrogen (BUN), and for the collection, processing, and storage of specimens.

(b) In lieu of providing laboratory services in-house, contractual arrangements with a Department-approved laboratory may be provided. Even when contractual services are arranged, the facility shall maintain space and equipment to perform on-site rapid testing.

(5) Pharmacy Guidelines.

(a) The size and type of services provided in the pharmacy shall depend on the drug distribution system chosen and whether the facility proposes to provide, purchase, or share pharmacy services. A description of pharmacy services shall be provided in the functional program.

(b) There shall be a pharmacy room or suite, under the direct control of staff, which is located for convenient access and equipped with appropriate security features for controlled access.

(c) The room shall contain facilities for the dispensing, basic manufacturing, storage and administration of medications, and for handwashing.

(d) In lieu of providing pharmacy services in-house, contractual arrangements with a licensed pharmacy shall be provided. If contractual services are arranged, the facility shall maintain space and basic pharmacy equipment to prepare and dispense necessary medications in back-up or emergency situations.

(e) If additional pharmacy services are provided, facilities shall comply with requirements of Guidelines section 2.2-4.2.

(6) Linen Services shall comply with R432-4-24(8).

(7) Toilet Facilities. A toilet room, with direct access from the bathing area shall be provided at each central bathing area.

(a) Doors to toilet rooms shall be equipped with hospital privacy locks or other hardware that protects patient privacy and permits access from the outside without the use of keys or special tools in case of an emergency.

(b) A handwashing fixture shall be provided for each toilet in each toilet room.

(c) Fixtures shall be wheelchair accessible.

(8) Patient Day Spaces.

(a) The facility shall include a minimum total inpatient space for dining, recreation, and day use computed on the basis of 30 square feet per bed for the first 100 beds and 27 square feet per bed for all beds in excess of 100.

(b) In addition to the required space defined for inpatients, the facility shall include a minimum of 200 square feet for outpatient and visitors when dining is part of a day care program. If dining is not part of a day care program, the facility shall provide a minimum of 100 square feet of additional outpatient day space.

(c) Enclosed storage space for recreation equipment and supplies shall be provided.

(9) Examination and Treatment Room. An examination and treatment room shall be provided except when all patient rooms are single-bed rooms.

(a) An examination and treatment room may be shared by multiple nursing units.

(b) When provided, the room shall have a minimum floor

area of 120 square feet, excluding space for vestibules, toilet, closets, and work counters, whether fixed or movable.

(c) The minimum floor dimension shall be ten feet.

(d) The room shall contain a lavatory or sink equipped for handwashing, work counter, storage facilities, and a desk, counter, or shelf space for writing.

(10) Consultation Room. A consultation room, arranged to permit an evaluation of patient needs and progress, shall be provided. The room shall include a desk and work area for the evaluators, writing and work space for patients, and storage for supplies.

(11) Surgical Unit. If surgical services are offered, facilities shall be provided in accordance with the Guidelines.

R432-11-6. Excluded Guideline Sections.

The following sections of the Guidelines do not apply:

- (1) Oncology Nursing Unit, Section 2.2-2.3
- (2) Pediatric and Adolescent Oncology Nursing Unit, Section 2.2-2.4
- (3) Intermediate Care Unit, Section 2.2-2.5.
- (4) Critical Care Unit, Section 2.2-2.6.
- (5) Coronary Critical Care Unit, Section 2.2-2.7.
- (6) Combined Medical/Surgical Critical Care and Coronary Care Unit, Section 2.2-2.8.
- (7) Pediatric Critical Care Unit, Section 2.2-2.9.
- (8) Newborn Intensive Care Unit, Section 2.2-2.10.
- (9) Obstetrical Unit, Section 2.2-2.11.
- (10) Nursery Unit, Section 2.2-2.12.
- (11) Pediatric and Adolescent Unit, Section 2.2-2.13.
- (12) Psychiatric Nursing Unit, Section 2.2-2.14.
- (13) In-Hospital Skilled Nursing Unit, Section 2.2-2.15.
- (14) Bariatric Care Unit, Section 2.2-2.16.
- (15) Freestanding Emergency Care Facility, Section 2.2-3.2.
- (16) Interventional Imaging Services, Section 2.2-3.5.
- (17) Nuclear Medicine Services, Section 2.2-3.6.
- (18) Renal Dialysis Services, Section 2.2-3.9.
- (19) Cancer Treatment/Infusion Therapy Service, Section 2.2-3.10.
- (20) Gastrointestinal Endoscopy Service, Section 2.2-3.11.
- (21) Hyperbaric Suite, Section 2.2-3.12.
- (22) Linen Services, Section 2.2-5.2.
- (23) Morgue Facilities, Section 2.2-5.7.

R432-11-7. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

26-21-20

**R432. Health, Family Health and Preparedness, Licensing.
R432-12. Small Health Care Facility (Four to Sixteen Beds)
Construction Rule.**

R432-12-1. Legal Authority.

This rule is adopted pursuant to Title 26, Chapter 21.

R432-12-2. Purpose.

This rule defines construction standards for small health care facilities which are categorized as Level I, Level II, Level III, or Level IV according to the resident's ability or capability to exit a building unassisted in an emergency.

R432-12-3. General Design Requirements.

Refer to R432-4-1 through R432-4-22.

R432-12-4. General Construction Requirements.

(1) Table 1 identifies the levels of care and construction requirements which apply.

	LEVEL I	LEVEL II	LEVEL III	LEVEL IV
No. residents	1-16	4-16	4-16	4-16
Resident Capable of Self Preservation Unassisted	No, they are non ambulatory non-mobile	No, they are non ambulatory non-mobile	Yes, they are ambulatory mobile	Yes, they are ambulatory mobile
Resident Exit Ability in an Emergency	restricted, physical or mental disability and medical condition	restricted, physical or mental disability	restricted, chemical or physical restraints	not restricted
Accessible Rooms Physical	100%	10% or 100% if Rehab.	10%	10%
Construction Requirements code or regulation	NFPA 101	NFPA 101	NFPA 101	Utah Fire Prevention Board Rules R710-3; IBC R-4 occupancy
fire rating of const	1 hour	1 hour	1 hour	No requirement
sprinkler	yes	yes	yes	Only if bldg. larger than 4,500 SF
smoke detector	yes	yes	yes	yes
manual fire alarm	yes	yes	yes	yes
above 3 systems interconnected	yes	yes	yes	no
corridor	8 feet	6 feet	5 feet	As required by IBC
resident room door width	44 inch	44 inch	36 inch	36 inch
nurse call system	yes	yes	optional	yes

(2) General Requirements.

(a) Level I facilities shall meet the Nursing Facility Construction standards in R432-5.

(b) Level II and III facilities shall meet the construction and design requirements identified in this section, unless specifically exempted.

(c) Level IV facilities shall meet the Assisted Living Facility Type I Construction standards in R432-6.

(d) Level I, II, III and IV facilities shall comply with the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines (ADA/ABA-AG).

(e) Level I, II and III facilities shall conform to the life safety code requirements of NFPA 101, Chapter 18, which is adopted and incorporated by reference.

(f) Level IV facilities shall conform to the fire safety provisions of R432-710-3.

R432-12-5. Common Areas.

There shall be a common room or rooms for dining, sitting, meeting, visiting, recreation, worship, and other activities that is of sufficient space or separation to promote and facilitate the activity without interfering with concurrent activities or functions.

(1) There shall be at least 30 square feet computed per license bed capacity but no less than a total of 225 square feet.

(2) There shall be sufficient space for necessary equipment and storage of recreational equipment and supplies.

R432-12-6. Resident Rooms.

(1) The maximum room capacity shall be two residents. Provisions shall be made for individual privacy.

(2) There shall be at least 100 square feet for a single-bed room and 160 square feet in shared rooms, exclusive of toilets and closets.

(a) Minor encroachments such as columns, lavatories, and door swings may be ignored in determining space requirements if function is not impaired.

(b) In a facility licensed prior to 1977, the Department may grant a variance, pursuant to R432-2-18, to allow 80 square feet per bed for a single-bed room and 60 square feet per bed for a multiple-bed room.

(3) In multiple-bed rooms there shall be enough clearance between beds to allow movement of beds, wheelchairs, and other equipment without disturbing residents.

(4) No room commonly used for other purposes shall be used as a sleeping room for any resident. This includes any hall, unfinished attic, garage, storage area, shed, or similar detached building.

(5) No bedroom may be used as a passageway to another room, bath, or toilet.

(6) Bedrooms shall open directly into a corridor or common living area, but not into a food-preparation area.

(7) Bedrooms shall not be located in a basement or on an upper floor unless residents have access to one exit from that level leading directly to the exterior at grade level.

(8) Each bedroom shall be provided with light and ventilation by means of an operable window which opens to the outside or to a court that opens to the sky. Where the window requires the use of tools or keys for operation, such devices shall be stored in a prominent location on each floor convenient for staff use.

(9) Each resident shall have a wardrobe, closet, or space suitable for hanging clothing and personal belongings with minimum inside dimensions of 22 inches deep by 36 inches wide by 72 inches tall. Space accommodations shall be provided within each resident's room. Facilities serving infants or children may substitute a chest of drawers for the closet.

R432-12-7. Toilet and Bathing Facilities.

Toilet rooms and bathrooms shall be mechanically

exhausted, conveniently located, and accessible to, and usable by all persons accepted for care.

(1) There shall be one toilet and washbasin on each floor for each four occupants, including staff and live-in family. A facility licensed for eight beds or more shall have distinct and separate toilet and bathing facilities for live-in family and staff.

(2) There shall be at least one bathtub or shower for each six residents.

(a) In a multi-story building there shall be at least one bathtub or shower on each floor that has resident bedrooms.

(b) Each resident shall have access to at least one bathtub and one shower.

(c) There shall be at least one shower or bathtub which opens from a corridor designed for use by resident using a wheelchair with room for staff assistance that meets ADA/ABA-AG standards.

(3) Each central shared bathroom shall have a toilet and washbasin.

(4) Toilet and bathing facilities may not open directly into food preparation areas.

(5) There shall be adequate provision for privacy and safety, including grab bars, in accordance with ADA/ABA-AG, at each toilet, tub, and shower used by residents.

(6) All toilets, showers, and tub facilities shall have walls of impermeable, cleanable, and easily sanitized surfaces.

R432-12-8. Service Areas.

There shall be adequate space and equipment for the following services or functions. Except where the word "room" or "office" is used, service may be provided in a multi-purpose area.

(1) Administrator's office with space for private interviews, storage of files and records, and a public reception or information area.

(2) Telephone area for private use by residents or visitors.

(3) A control station with a well-lighted desk, and equipment for keeping records and supplies.

(4) Closets or compartments for the safekeeping of staff's personal items.

(5) Medication preparation and storage area, including locked drug cabinets, work counter, refrigerator, and sink with running water located near the control station.

(6) Clean linen storage area.

(7) Soiled workroom mechanically ventilated to the outside. In a Level II facility this room shall contain a clinical sink or equivalent flushing rim fixture, handwashing facilities, work counter, waste and soiled linen receptacle.

(8) Housekeeping room, which in large facilities over eight residents shall contain a service sink.

(9) Equipment room or separate building for mechanical and electrical equipment.

(10) Storage room for maintenance supplies.

(11) General storage area within the facility or in a separate building convenient for daily access with at least five square feet of storage per bed;

(12) Area outside the facility for sanitary storage and disposal of waste.

R432-12-9. Dietary Services.

Food service facilities and equipment shall comply with the Utah Department of Health Food Service Sanitation Regulations. According to the size of the facility and services offered, there shall be adequate space and equipment for the following:

(1) Food preparation;

(2) Handwashing located in the food preparation area;

(3) Serving and distributing resident meals;

(4) Dining space for residents, staff, and visitors;

(5) Dishwashing, receiving, scraping, sorting, and stacking

soiled tableware and for transferring clean tableware to use areas;

(6) Storage, including cold storage and space for at least a seven-day supply of staple foods and a three-day supply of perishable foods, shall be maintained in the facility.

R432-12-10. Linen Services.

(1) Each facility shall have provisions for storage and processing of clean and soiled linen as required for resident care. Processing may be done within the facility, in a separate building on or off site, or in a commercial or shared laundry.

(2) The capacity of central storage shall be sufficient for four days operation or two normal deliveries, whichever is greater.

(3) Handwashing facilities shall be provided in each area where unbagged soiled linen is handled.

(4) Provisions shall be made to keep soiled linen separate from clean linen.

(5) Provision shall be made for storage of laundry supplies.

(6) Equipment shall be arranged to permit an orderly work flow and reduce cross traffic that may mingle clean and soiled operations.

(7) At least one washing machine and dryer, and ironing equipment shall be available for use by residents who wish to do their personal laundry.

R432-12-11. Nurse Call System.

A nurse call system is required in Level I, II and IV facilities. A nurse call system is optional in Level III facilities.

(1) Each resident's room shall be served by at least one calling station and each bed shall be provided with a call button including operating switch and cord from the wall station to each bed.

(2) Two call buttons serving adjacent beds may be served by one calling station.

(3) Calls shall activate a visible signal in the corridor at the resident's door and the control station.

(4) The system shall be designed so that a signal light activated at the resident's station will remain lighted until turned off at the resident's calling station.

(5) A system that provides two-way voice communication shall be equipped at each calling station with an indicator light that remains lit as long as the voice circuit is operating.

R432-12-12. Rehabilitation Therapy.

A facility that offers on-site specialized rehabilitation services shall provide space and equipment necessary to meet the intent of the approved program. The following shall be available in the facility:

(1) Supplies and equipment storage, including separate clean and soiled linen;

(2) Convenient handwashing facilities;

(3) Space and equipment to carry out specific types of therapy;

(4) Provision for resident privacy;

(5) Convenient access to a room that can be used to train and educate staff and residents;

(6) Dressing rooms for residents.

R432-12-13. Doors and Windows.

(1) Doors to all rooms containing bathtubs, sitz baths, showers and water closets for resident use shall be equipped with hardware which may be secured for privacy yet permit emergency access from the outside without the use of keys.

(2) Each room, including all resident toilet rooms and bathing rooms that may be used by residents, staff, or employees confined to wheelchairs, shall have at least one door with a minimum clear width of 34 inches.

- (3) Resident-room doors and exit doors shall be at least 36 inches wide, defined by the width of the door leaf.
- (4) Thresholds and expansion-joint covers shall be flush with the floor surface to facilitate use of wheelchairs and carts and to prevent tripping.
- (5) Every room intended for 24-hour occupancy shall have a window that opens to the building exterior or to a court that is open to the sky.
- (6) Windows and outer doors shall have insect screens.

R432-12-14. Grab Bars and Handrails.

- (1) Grab bars shall meet the requirements of ADA/ABA-AG.
- (2) In Level I and II facilities, there shall be handrails on both sides of all corridors normally used by residents. Handrail profiles shall be graspable in accordance with NFPA 101 Chapter 7, which is adopted and incorporated by reference and the Americans with Disabilities Act and Architectural Barriers Act Accessibility Guidelines.
- (3) Ends shall be returned to the wall or otherwise arranged to minimize potential for injury.

R432-12-15. Lavatories and Plumbing Fixtures.

- (1) All lavatories used by residents shall be trimmed with valves, with cross, tee or single lever devices.
- (2) Showers and tubs shall have slip-resistant surfaces.
- (3) Lavatories shall be securely anchored to withstand a vertical load of not less than 250 pounds on the front of the fixture.
- (4) A mirror shall be provided at each handwashing facility except as otherwise noted.
 - (a) The tops and bottoms of mirrors may be at levels for use by sitting and standing individuals, or additional mirrors may be provided for residents using a wheelchair.
 - (b) One separate full-length mirror in a single room may serve for wheelchair occupants in that room.

R432-12-16. Ceilings.

- (1) Ceiling height in the facility shall be a minimum of eight feet with the following exceptions:
 - (a) Rooms containing ceiling-mounted equipment shall have adequate height for the proper functioning of that equipment.
 - (b) Ceilings in corridors, storage rooms, and toilet rooms shall be at least seven feet ten inches.
 - (c) Building components and suspended tracks, rails and pipes located in the path of normal traffic may not be less than seven feet above the floor.
- (2) Where existing conditions make the above impractical, clearances shall be sufficient to avoid injury and at least six feet four inches above the floor.

R432-12-17. Heat and Noise Reduction.

- (1) Rooms containing heat producing equipment such as a furnace, heater, washer, or dryer shall be insulated and ventilated to prevent floors of overhead occupied areas and adjacent walls from exceeding a temperature of 10 degrees Fahrenheit (6 degrees C) above the ambient room temperature of such occupied areas.
- (2) Recreation rooms, exercise rooms, and similar spaces where impact noises may be generated may not be located directly over resident-bed areas unless special provisions are made to minimize such noise.
- (3) Sound transmission limitations shall conform to Table 2.

TABLE 2
SOUND TRANSMISSION LIMITATIONS
IN LONG-TERM CARE FACILITIES

	AIRBORNE SOUND TRANSMISSIONS Class (STC)(a)	
	Partitions	Floors
Residents' room to residents' room	35	40
Public space to residents' room(b)	40	40
Service areas to residents' room(c)	45	45

- (a) Sound transmission class (STC) shall be determined by tests in accordance with methods set forth in ASTM Standard E 90 and ASTM Standard E 413. Where partitions do not extend to the structure above, sound transmission through ceilings and composite STC performance must be considered.
- (b) Public space includes lobbies, dining rooms, recreation rooms, treatment rooms, and similar space.
- (c) Service areas include kitchens, elevators, elevator machine rooms, laundries, garages, maintenance rooms, boiler and mechanical equipment rooms, and similar spaces of high noise. Mechanical equipment located on the same floor or above residents' rooms, offices, nurses' stations, and similarly occupied space shall be effectively isolated from the floor.

R432-12-18. Floor, Wall, and Ceiling Finishes.

- (1) Floor materials shall be easily cleanable and appropriate for the location.
 - (a) Floors and floor joints in areas used for food preparation and food assembly shall be water-resistant, grease proof, and resistant to food acids.
 - (b) In all areas subject to frequent wet cleaning, floor materials may not be physically affected by germicidal cleaning solutions.
 - (c) Floors that are subject to traffic while wet, (such as shower and bath areas, kitchen and similar work areas), shall have a non-slip surface.
 - (d) Carpet and carpet pads in resident areas shall be applied with adhesive or stretched taut and maintained without loose edges or wrinkles which might create hazards or interfere with the operation of wheelchairs, walkers, or wheeled carts.
- (2) Wall bases in areas subject to wet cleaning shall be covered and tightly sealed.
 - (3) Wall finishes shall be washable.
 - (a) Walls in the immediate area of plumbing fixtures shall be smooth and moisture resistant.
 - (b) Finish, trim, walls, and floor constructions in dietary and food preparation and storage areas may not have spaces that may harbor rodents and insects.
 - (4) Floor and wall openings for pipes, ducts, and conduits shall be sealed tightly to resist fire and smoke and to minimize entry of rodents and insects. Joints of structural elements shall be similarly sealed.
 - (5) All exposed ceilings and ceiling structures in resident and staff work areas shall have finishes that are readily cleanable with ordinary housekeeping equipment. Ceilings in the dietary area and other areas where dust fallout might create a potential problem shall have a finished ceiling that covers all conduits, piping, duct work, and exposed construction systems.

R432-12-19. Heating and Cooling.

- There shall be adequate and safe heating and cooling equipment to maintain comfortable temperatures in the facility.
 - (1) The heating system shall be capable of maintaining temperatures of 80 degrees F (27 degrees C) in areas occupied by residents.
 - (2) The cooling system shall be capable of maintaining temperatures of 72 degrees F (22 degrees C) in areas occupied by residents.

R432-12-20. Ventilation.

- (1) All rooms and areas in the facility shall have provision for positive ventilation.
 - (a) While natural window ventilation for nonsensitive areas and resident rooms may be utilized where weather permits, mechanical ventilation shall be provided for interior areas and

during periods of temperature extremes.

(b) Fans serving exhaust systems shall be located at the discharge end and shall be conveniently accessible for service.

(2) Fresh air intakes shall be located as far as possible from exhaust outlets of ventilating systems, combustion equipment stacks, plumbing vents, or from areas which may collect vehicular exhaust or other noxious fumes.

(3) Furnace rooms shall be provided with sufficient outdoor air to maintain equipment combustion rates and to limit work station temperatures to an Effective Temperature of 90 degrees F (32.5 degrees C). When the ambient outside air temperature is higher than 90 degrees F, then the maximum temperature may be 97 degrees F (36 degrees C).

(4) Exhaust hoods in food-preparation centers shall comply with R392, the Utah Department of Health Food Service Sanitation Regulations. All hoods over cooking ranges shall be equipped with grease filters.

(5) Non-resident as well as resident areas where specific requirements are not given shall be ventilated in accordance with ASHRAE Standard 62-2004, "Ventilation for Acceptable Indoor Air Quality Including Requirements for Outside Air."

(6) Air from areas with odor problems, including toilet rooms, baths, soiled linen storage and housekeeping rooms, shall be exhausted to the outside and not recirculated.

(7) In Level II facilities, fans and dampers shall be interconnected so that activation of dampers will automatically shut down all but exhaust fans.

(8) Supply and return systems shall be in duct. Common returns using corridors or attic spaces as plenums are prohibited.

R432-12-21. Plumbing and Hot Water Systems.

(1) Water supply systems shall be designed to supply water at sufficient pressure to operate all fixtures and equipment during maximum demand periods.

(2) Water distribution systems shall be arranged to provide for continuous hot water at each hot water outlet.

(3) Hot water provided to resident tubs, showers, whirlpools, and handwashing facilities shall be regulated by thermostatically controlled automatic-mixing valves at appropriate temperatures for comfortable use within a range of 105 to 115 degrees F. These valves may be installed on the recirculating system or on individual inlets to appliances.

(4) As a minimum, water heating systems shall provide capacity at temperatures and amounts indicated in Table 3, Hot Water Use. Water temperature is taken at the point of use or inlet to the equipment.

TABLE 3
HOT WATER USE

	Clinical	Dietary(1)	Laundry
Gallons per Hour per Bed(a)	3	2	2
Temperature (C)(b)	43	49	71(b)
Temperature (F)(b)	105	120	160(b)

(1) Provisions shall be made to provide 180 degree F (82 degree C) rinse water at warewasher (may be by separate booster).

(a) Quantities indicated for design demand of hot water are for general reference minimums and may not substitute for accepted engineering design procedures using actual number and types of fixtures to be installed. Design shall also be affected by temperatures of cold water used for mixing, length of run and insulation relative to heat loss, etc.

(b) Provisions shall be made to provide 160 degree F (71 degree C) hot water at the laundry equipment when needed.

R432-12-22. Drainage Systems.

(1) Drainage piping may not be installed within the ceiling or installed in an exposed location in food preparation centers, food serving facilities, food storage areas, central services, and other sensitive areas. Where overhead drain piping is unavoidable in these areas, as may occur in existing facilities,

special provision shall be made to protect the space below from possible leakage, condensation, or dust particles.

(2) Building sewers shall discharge into a community sewerage system. Where such a system is not available, the facility shall treat its sewage in accordance with local and state regulations.

R432-12-23. Electrical Systems.

(1) All electrical materials shall be tested and approved by Underwriters Laboratory.

(2) The electrical installations, including alarm and nurse call system, if required, shall be tested to demonstrate that equipment installation and operation is as intended and appropriate. A written record of performance tests of special electrical systems and equipment shall show compliance with applicable codes.

(3) Switchboards and Power Panels.

(a) The main switchboard shall be located in an area separate from plumbing and mechanical equipment and be accessible only to authorized persons.

(b) The switchboards shall be convenient for use, readily accessible for maintenance, clear of traffic lanes, and located in a dry, ventilated space.

(c) Overload protection devices shall operate properly in the ambient room temperatures, except for existing Level IV facilities.

(d) Panelboards serving normal lighting and appliance circuits shall be located on the same floor as the circuits they serve.

(4) Lighting. All spaces within buildings that house people, machinery, equipment, or approaches to buildings shall have fixtures for lighting. (See Table 4.)

(a) Resident rooms shall have general and night lighting.

(i) A reading light shall be provided for each resident.

(ii) Flexible light arms, if used, shall be mechanically controlled to prevent the bulb from coming in contact with bed linen.

(iii) At least one night light fixture shall be controlled at the entrance to each resident room.

(iv) All controls for lighting in resident areas shall operate quietly.

(b) Parking lots shall have fixtures for lighting to provide light at levels recommended in the Illuminating Engineering Society of North America (IESN) Lighting for Parking Facilities (RP-20-1998).

(c) Lighting levels shown in Table 4 shall be used as minimum standards and do not preclude the use of higher levels that may be needed to insure the health and safety of the specific facility population served. Values in Table 4 are minimum maintained average illuminance measured at the task plane. Corridor lighting shall be adjustable so that light levels may be reduced at night and still provide a maximum brightness ratio of 1:10.

TABLE 4
SMALL HEALTH CARE FACILITIES LIGHTING STANDARDS

Physical Plant Area	MINIMUM FOOT-CANDLES	
	Level I, II, III Facilities	Level IV Facilities

General	10	10
Reading/Mattress Level	30	30

Toilet area	30	30
Lounge		
General	10	10
Reading	30	30
Recreation	30	30
Dining	30	30
Laundry	30	30

(5) Each resident room shall have duplex grounding type receptacles as follows:

- (a) one located on each side of the head of each bed;
- (b) one for television, if used; and
- (c) one on each other wall.

(6) Receptacles may be omitted from exterior walls where construction would make installation impractical.

(7) Duplex grounded receptacles for general use shall be installed in all corridors.

R432-12-24. Emergency Power System.

(1) Facilities that provide skilled nursing care or care for persons who require electrically operated life-support systems, shall be equipped with an emergency power system.

(2) The following services shall be connected to the emergency generator:

- (a) Life Safety Branch as defined in NFPA 70, section 517-32,
- (b) critical branch as defined in NFPA 70, section 517-33 and
- (c) Equipment systems defined in NFPA 70, section 517-34.

(3) Power need not be provided to all building heating and ventilation equipment if it is provided to a common area sufficient in size to accommodate temporary beds on a short-term emergency basis.

(4) Automatic transfer switches shall transfer essential electrical loading to the circuits described above within 10 seconds of any interruption of normal power.

(5) The emergency generator shall be fueled with a storable fuel source such as diesel fuel, gasoline, or propane. At least 48 hours of fuel shall be available.

(6) All other facilities shall make provision for essential emergency lighting and heating during an emergency to meet the needs of residents. All emergency heating devices shall be approved by the local Fire Marshal.

R432-12-25. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

Notice of Continuation April 1, 2014

26-21-5

**R432. Health, Family Health and Preparedness, Licensing.
R432-13. Freestanding Ambulatory Surgical Center
Construction Rule.**

R432-13-1. Legal Authority.

This rule is adopted pursuant to Title 26, Chapter 21.

R432-13-2. Purpose.

The purpose of this rule is to establish construction and physical plant standards for the operation of a freestanding surgical facility that provides surgical services to patients not requiring hospitalization.

R432-13-3. General Design Requirements.

(1) Ambulatory Surgical Centers shall be constructed in accordance with the requirements of R432-4-1 through R432-4-23 and the requirements of the Guidelines for Design and Construction of Health Care Facilities, Sections 3.1 and 3.7, 2010 edition (Guidelines). Where a modification is cited, the modification supersedes conflicting requirements of R432-4 or the Guidelines.

(2) Ambulatory Surgical Centers shall consist of at least two Class C operating rooms, meeting the requirements of Guidelines section 3.7-3.3.4, and support facilities.

(3) Ambulatory Surgical Centers shall be equipped to perform general anesthesia. Flammable anesthetics may not be used in Ambulatory Surgical Centers.

(4) Ambulatory Surgical Centers shall comply with NFPA 101, Life Safety Code, Chapter 20.

(5) The facility shall have at least two exits leading directly to the exterior of the building.

(6) Design shall preclude unrelated traffic through units or suites of the licensed facility.

R432-13-4. General Construction, Patient Facilities.

(1) Adequate sterile supplies shall be maintained in the facility to meet the maximum demands of one day's case load.

(2) Operating rooms for cystoscopic procedures shall comply with Section 2.2-3.3.2.4 of the Guidelines.

(3) A toilet room shall be readily accessible to recovery rooms and recovery lounge.

(4) Special or additional service areas such as radiology, if required by the functional program, shall comply with the requirements of the General Hospital Rules, R432-100.

R432-13-5. General Construction.

(1) The administration and public areas which are not part of the Ambulatory Surgical Center exiting system, may be located outside of the institutional occupancy envelope when authorized by the local building official having jurisdiction.

(2) Cubicle curtains and draperies shall be affixed to permanently mounted tracks or rods. Portable curtains or visual barriers are not permitted.

(3) An elevator shall be provided when an ambulatory surgical center is located on a level other than at grade. The minimum inside dimensions of the cab shall be at least 5'8" wide by 8'5" deep with a minimum clear door width of 3'8".

(4) Yard equipment and supply storage areas shall be located so that equipment may be moved directly to the exterior without passing through building rooms or corridors.

(5) The facility shall provide for the sanitary storage and treatment or disposal of all categories of waste, including hazardous and infectious wastes, if applicable, using procedures established by the Utah Department of Environmental Quality and the local health department having jurisdiction.

(6) All rooms shall be mechanically ventilated.

(7) Access to medical gas supply and storage areas shall be arranged to preclude travel through clean or sterile areas. There shall be space for enough reserve gas cylinders to complete at least one routine day's procedures.

(8) An on-site emergency generator shall be provided and the following services shall be connected to the emergency generator:

(a) life safety branch as defined in 517-32 of the National Electric Code NFPA 70;

(b) critical branch as defined in 517-33 of the National Electric Code NFPA 70;

(c) equipment system as defined in 517-34 of the National Electric Code NFPA 70.

(9) There shall be sufficient fuel storage capacity to permit at least four hours continuous operation shall be provided.

(10) Lighting shall comply with R432-4-23(21)(a).

R432-13-6. Extended Recovery Care Unit.

(1) A facility that provides extended recovery services shall maintain a patient care area that is distinct and separate from the post-anesthesia recovery area. The patient care area shall provide the following:

(a) a room or area that ensures patient privacy, including visual privacy;

(b) a minimum of 80 square feet of space for each patient bed with at least three feet between patient beds and between the sides of patient beds and adjacent walls.

(c) a nurse call system at each patient's bed and at the toilet, shower and bathrooms, which shall transmit a visual and auditory signal to a centrally staffed location which identifies the location of the patient summoning help;

(d) a patient bathroom with a lavatory and toilet;

(e) oxygen and suction equipment;

(f) medical and personal care equipment necessary to meet patient needs.

(2) A separate food nutrition area which shall include a counter, sink, refrigerator, heating/warming oven or microwave, and sufficient storage for food items.

R432-13-7. Exclusions to Guidelines.

The following sections of the Guidelines do not apply to Freestanding Surgical Center construction:

(1) Waste Management Facilities, Section 3.1-5.4.

R432-13-8. Penalties.

The Department may assess a civil money penalty of up to \$10,000 and deny approval for patient utilization of new or remodeled areas if a health care provider does not submit architectural drawings to the Bureau of Licensing. The Department may assess a civil money penalty of up to \$10,000 if the licensee fails to follow Department-approved architectural plans. The Department may assess a civil money penalty of up to \$1,000 per day for each day a new or renovated area is occupied prior to licensing agency approval.

February 21, 2012

Notice of Continuation April 1, 2014

26-21-5

26-21-16

R432. Health, Family Health and Preparedness, Licensing.**R432-30. Adjudicative Procedure.****R432-30-1. Purpose.**

This rule is adopted pursuant to Title 26, Chapter 21.

R432-30-2. Definitions.

(1) "Department" means the Utah Department of Health, Bureau of Licensing.

(2) "Initial agency determination" means a decision by department staff, without conducting adjudicative proceedings, of the legal rights, duties, privileges, immunities, or other legal interests of one or more identifiable persons, including all determinations to grant, deny, revoke, suspend, modify, annul, withdraw, or amend an authority, right, or license, all as limited by Subsection 63G-4-102.

(3) "Notice of agency action" means the formal notice meeting the requirements of Subsection 63G-4-201(2) that the department issues to commence an adjudicative proceeding.

(4) "Request for agency action" means the formal written request meeting the requirements of Subsection 63G-4-201(3) that requests the department to commence an adjudicative proceeding.

R432-30-3. Commencement of Adjudicative Proceedings.

(1) All adjudicative proceedings under Title 26, Chapter 21, Health Care Facility Licensure and Inspection Act, and under R432, Health Facility Licensing Rules, are formal adjudicative proceedings.

(2) The Department may commence an adjudicative proceeding by filing and serving a notice of agency action in accordance with Subsection 63G-4-201(2) when the Department's actions are of a nature that require an adjudicative proceeding before the Department makes a decision.

(3) A person affected by an initial agency determination may commence an adjudicative proceeding and meet the requirements of a request for agency action under Subsection 63G-4-201(3) by completing the "Facility Licensing Request for Agency Action" form and filing the form with the department.

R432-30-4. Responses.

(1) A respondent to a notice of agency action shall file and serve a written response within 30 calendar days of the postmarked mailing date or last publication date of the notice of agency action.

(2) A respondent who has filed a request for agency action, and has received notice from the presiding officer under Section 63G-4-201(3)(d)(iii) that further proceedings are required to determine the Department's response to the request, shall file and serve a written response within 30 calendar days of the postmarked mailing date or last publication date of the presiding officer's notice.

(3) The written response shall:

(a) include the information specified in Subsection 63G-4-204(1);

(b) be signed by the respondent or the respondent's representative; and

(c) be filed with the Department during the time period specified in Subsection R432-30-4(1) or R432-30-4(2).

(4) The respondent shall send one copy of the response by certified mail to each party.

(5) A person who has filed a request for agency action and has received notice from the presiding officer under Section 63G-4-201(3)(d)(ii) that the request is denied may request a hearing before the Department to challenge the denial. The person must complete and submit the Department hearing request form to the presiding officer within 30 calendar days of the postmarked mailing date of the presiding officer's notice.

(6) The presiding officer upon motion of a party or upon the presiding officer's own motion may allow any pleadings to

be amended or corrected. Defects which do not affect substantial rights of the parties shall be disregarded.

R432-30-5. Discovery.

(1) Any party to a formal adjudicative proceeding may engage in discovery consistent with the provisions of this rule.

(2) The provisions of Rules 26, 27, 28, 29, 30, 32, 34, 36, and 37 of the Utah Rules of Civil Procedure, current January 1, 1995, are adopted and incorporated by reference.

(a) Where the incorporated Utah Rules of Civil Procedure refer to the court or to the clerk, the reference shall be to the presiding officer.

(b) Statutory restrictions on the release of information held by governmental entity shall be honored in controlling what is discoverable.

(c) All response times that are greater than 10 working days in the incorporated Utah Rules of Civil Procedure are amended to be 10 working days from the postmark of the mailing date of the request, unless otherwise ordered by the presiding officer.

(d) The parties shall ensure that all discovery is completed at least 10 calendar days before the day of the hearing. The parties may not make discovery requests to which the response time falls beyond 10 calendar days before the day of the hearing.

(e) Depositions may be recorded by audio recording equipment. However, any deposition to be introduced at the hearing must be first transcribed to a written document.

(f) Service of any discovery request or subpoena may be made upon any person upon whom a summons may be served in accordance with the Utah Rules of Civil Procedure. Service may be made by mail, by the party or by the party's agent.

(g) Subpoenas to compel the attendance of witnesses as provided in Rule 30(a) shall conform to R432-30-6.

R432-30-6. Witnesses and Subpoenas.

(1) Each party is responsible for the presence of that party's witnesses at the hearing.

(2) The presiding hearing officer may issue a subpoena to compel the attendance of a witness or the production of evidence, in accordance with the following:

(a) the officer may issue the subpoena upon a party's motion supported by affidavit showing sufficient need, or upon the officer's own motion;

(b) the party to whom the hearing officer has issued a subpoena shall cause the subpoena and a copy of the affidavit, if any, to be served.

(c) every subpoena shall be issued by the presiding officer under the seal of the department, shall state the title of the action, and shall command every person to whom it is directed to attend and give testimony at time and place therein specified.

(d) a supporting affidavit for a subpoena duces tecum for the production by a witness of books, accounts, memoranda, correspondence, photographs, papers, documents, records, or other tangible thing shall include the following:

(i) the name and address of the entity upon whom the subpoena is to be served;

(ii) a description of what the party seeks to have the witness bring;

(iii) a showing of the materiality to the issue involved in the hearing;

(iv) a statement by the party that to the best of his knowledge the witness has such items in his possession or under his control.

R432-30-7. Certificate of Service.

There shall appear on all documents required to be served a certificate of service dated and signed by the party or his agent in substantially the following form:

I certify that I served the foregoing document upon all

parties to this proceeding by delivering (or mailing postage prepaid and properly addressed, or causing to be delivered) a copy of it to (provide the name of the person).

R432-30-8. Stays and Temporary Remedy.

(1) During the pendency of judicial review, a party may petition for a stay of the order or other temporary remedy by filing a written petition with the presiding officer within seven calendar days of the day the order is issued.

(2) The presiding officer shall issue a written decision within ten working days of the filing date of the request. The presiding officer may grant a stay or other temporary remedy if such an action is in the best interest of the patients or residents.

(3) The request for a stay or temporary remedy shall be considered denied if the presiding officer does not issue a written decision within ten days of the filing of a written petition.

(4) The presiding officer may grant a stay or other temporary remedy on the presiding officer's own motion.

R432-30-9. Declaratory Orders.

(1) Any person or agency may petition for a department declaratory ruling of rights, status, or legal relations under a specific statute or rule by following the procedure outlined in Rule R380-1.

(2) Any person or agency may petition for a department declaratory ruling on orders issued by the Bureau of Health Facility Licensure in areas where the Health Facility Committee has statutory authority to issue orders by following the procedures outlined in Rule R380-5.

**R432. Health, Family Health and Preparedness, Licensing.
R432-32. Licensing Exemption for Non-Profit Volunteer
End-of-Life Care.**

R432-32-1. Purpose and Authority.

This rule establishes the exemption from licensure requirements for non-profit facilities that provide volunteer end-of-life care pursuant to Utah Code Section 26-21-7(6).

R432-32-2. Requirements for Designation as a Non-Profit Facility Providing End-of-Life Care Using Only Volunteers.

A non-profit facility that provides end-of-life care using only volunteers is exempt from licensure if it meets all of the following requirements:

- (1) The facility operates as a non-profit facility with a board of trustees to oversee its direction and operation.
- (2) No more than six unrelated individuals reside in the facility.
- (3) The residents of the facility do not pay for room or board.
- (4) Each facility resident has a terminal illness and contracts with a licensed hospice agency to receive medical care.
- (5) There is no direct compensation for direct care staff at the facility; however, administrative staff to coordinate volunteer staff may be compensated.
- (6) Each resident signs an admission agreement that:
 - (a) indicates the level of service to be provided by volunteers;
 - (b) provides notice that the facility is not a regulated health care facility under Title 26, Chapter 21.
 - (c) provides procedures to report grievances to the Board of Directors
- (8) The facility screens each staff, including volunteer staff, for criminal convictions through the Department of Public Safety and no staff serves who has a conviction for any of the crimes identified in R432-35-4.
- (9) The facility provides in-service training on the reporting requirements for adult abuse, neglect and exploitation to each staff, including volunteer staff.
- (10) Each resident has a self-directed medical care plan for end-of-life treatment decisions.
- (11) The facility provides each resident a form for a Physician Order for Life-Sustaining Treatment.
- (12) The facility complies with local zoning, health and fire inspection requirements.
- (13) The facility offers adult immunizations for staff and residents as required in R432-40.
- (14) The facility has an infection control program, which includes universal precautions, reporting communicable diseases, and OSHA standards.

26-21-7(6)

Notice of Continuation April 1, 2014

R512. Human Services, Child and Family Services.**R512-43. Adoption Assistance.****R512-43-1. Purpose and Authority.**

(1) The purpose of the adoption assistance program is to aid an adoptive family to establish and maintain a permanent adoptive living arrangement for a child who qualifies for the program under state and federal law.

(2) The adoption assistance program is intended to provide a permanent family for a child in public foster care or who receives Supplemental Security Income (SSI) by providing financial and medical assistance for the child's benefit and best interest to the family who adopts the child.

(3) Section 62A-4a-901, et seq. authorizes the state to provide adoption assistance and supplemental adoption assistance and Section 473, Social Security Act, authorizes federal adoption assistance. Section 473, Social Security Act (42 USC 673) as amended by Public Law 110-351 (October 7, 2008), 45 CFR 1356.40 (October 1, 2009), and 45 CFR 1356.41 (October 1, 2009) are incorporated by reference.

(4) This rule is authorized by Section 62A-4a-102.

R512-43-2. Definitions.

In addition to terms defined in Section 62A-4a-902, the following terms are defined for purposes of this rule:

(1) Initiation of adoption proceedings means the earlier of (a) the date an Adoption Agreement is signed with Child and Family Services for placement of a child in the home, or (b) the date an adoption petition is filed.

(2) Child in public foster care means a judicially removed child whose placement resulting in adoption was immediately preceded by protective, temporary, or legal custody with a State IV-E agency, or a child who was placed with a State IV-E agency through a Voluntary Placement Agreement, or the child of a minor parent in foster care.

(3) A child or youth who was taken into protective custody and, as a result of the protective episode, was placed with a relative who was given legal custody meets the definition of a child in public foster care.

(a) If the court orders Child and Family Services to continue to provide Protective Supervision Services for the family in making safety and permanency decisions for the child, including placement decisions and permanency goals, the child is eligible for adoption assistance if the child's permanency goal becomes adoption, if all other criteria in R512-43-3(1-4) are met.

(i) This may include a change in placement to another relative while the Protective Supervision Services continue to be court ordered.

(4) State IV-E agency means Child and Family Services or a public agency or tribal organization with whom Child and Family Services has an agreement in effect for foster care maintenance payments in accordance with Title IV-E, Section 42 USC 672.

(5) AFDC means the Aid to Families with Dependent Children program that was in effect on July 16, 1996.

(6) Child with a previous IV-E agreement means a child who was Title IV-E eligible in a previous adoption with a fully executed adoption assistance agreement originating in any state, and the previous adoption was legally dissolved or ended due to the death of both of the adoptive parents.

R512-43-3. General Requirements for Adoption Assistance.

(1) Qualification for adoption assistance is based upon the child meeting qualifying factors, not the adoptive family.

(2) A child qualifies for adoption assistance if all of the following are met:

(a) The state has determined that the child cannot or should not be returned home.

(b) The state can document that reasonable efforts were

made to place the child for adoption without providing adoption assistance. An exception applies if the child has significant emotional ties with the adoptive family and it is not in the child's best interest to consider a different adoptive placement.

(c) The state determines the child meets the definition of a child with a special need in accordance with Section 62A-4a-901, et seq.

(i) A child under age five in public foster care meets the special need definition of "a child with a physical, emotional or mental disability" when the child is at risk to develop such a condition due to specific factors identified in the child's or birth parents' health and social histories.

(3) In determining eligibility for adoption assistance, there is no income eligibility requirement or means test for the adoptive parents.

(4) A child must be a U.S. citizen or qualified alien to receive adoption assistance.

(5) An application for adoption assistance is submitted to the regional adoption assistance committee on a form provided by Child and Family Services.

(6) Application for adoption assistance, approval, and completion of the adoption assistance agreement, including signatures of an adoptive parent and a representative from Child and Family Services, are to be completed prior to finalization of the adoption.

(7) Adoptive parents may request adoption assistance after an adoption is finalized by requesting a fair hearing through the Office of Administrative Hearings. Adoption assistance may only be granted after finalization when the conditions stated in R512-43-11-2(a) are met.

(8) Adoption assistance usually begins after finalization of an adoption. However, adoption assistance may be initiated at the time of placement if the child is legally free for adoption, the adoptive home is approved, adoption proceedings are initiated, an adoption assistance agreement is fully executed prior to placement, and foster care maintenance payments are not being provided for the child.

(9) An adoption assistance agreement shall be approved and have all required signatures before any payments may be made to an adoptive family or before state medical assistance may be initiated.

(10) A qualified child shall continue to be eligible to receive adoption assistance until a child reaches age 18 unless causes for termination apply as stated in R512-43-10. Assistance may be extended until a child reaches age 21 when the regional adoption assistance committee has determined that the child has a mental or physical disability that warrants continuing assistance.

(a) An extension of adoption assistance beyond age 18 is warranted if the child meets the criteria for services in the Department of Human Services, Division of Services for People with Disabilities.

(11) Child and Family Services is responsible for notifying a prospective adoptive family of the availability of adoption assistance when the family begins an adoptive placement of a qualified child in public foster care.

(12) The adoptive parents are responsible to notify Child and Family Services of any circumstances that may affect the child's eligibility for adoption assistance or eligibility for adoption assistance in a different amount.

R512-43-4. Reimbursement of Non-Recurring Adoption Expenses.

(1) A parent who adopts a child meeting all of the qualifying factors for adoption assistance listed in R512-43-3(2) may be reimbursed for non-recurring adoption expenses on behalf of the child.

(2) A parent may be reimbursed up to \$2,000 per child for allowable non-recurring expenses directly related to the legal

adoption of a child with a special need. Reimbursement shall be limited to costs approved by the regional adoption assistance committee.

(3) Expenses may include reasonable and necessary adoption fees, court costs, adoption-related attorney fees, pre-placement adoptive evaluation, health and psychological examinations of adoptive parents, post-placement adoptive evaluation prior to adoption, and transportation and reasonable costs of lodging and food for the child and/or adoptive parents during the placement or adoption process.

(4) Adoptive parents are responsible to provide necessary receipts for reimbursement.

(5) Only costs that are incurred in accordance with State and Federal law and that have not been reimbursed from other sources or funds may be included.

(6) Non-recurring adoption expenses are reimbursable through Title IV-E Adoption Assistance. The child does not have to be determined Title IV-E eligible for the parents to receive this reimbursement.

R512-43-5. Monthly Subsidy.

(1) Qualifying for a Monthly Subsidy.

A child qualifies for a monthly subsidy when the following requirements are met:

(a) The child meets all of the qualifying factors for adoption assistance listed in R512-43-3(2), and

(b) The child meets the definition of child in public foster care, qualifies for SSI, or the child had a previous IV-E agreement or Utah state adoption assistance agreement.

(c) The child's eligibility for SSI benefits is established no later than the time adoption proceedings are initiated.

(2) Guiding Principles for Monthly Subsidies.

(a) The amount of monthly subsidy to be paid for a child is based on the child's present and long-term treatment and care needs and available resources, including the family's ability to meet the needs of the child. A combination of the parents' resources and subsidy should cover the ordinary and special needs expenses of the child projected over an extended period of time.

(b) The amount of the monthly subsidy may not exceed the payment that would be made if the child was placed in a foster family home at the point in time when the agreement is being initiated or revised.

(c) The amount of monthly subsidy may increase or decrease when the child's level of need or the family's ability to meet those needs changes. The family or the caseworker may initiate a change in the amount of subsidy at any time when needs or resources change.

(d) For a child in public foster care, the requested amount of monthly subsidy is negotiated between the adoptive parent and caseworker. The Adoptive Parent Statement of Disclosure items must be reviewed in depth by the caseworker and adoptive parent prior to subsidy negotiation.

(e) The amount of the monthly subsidy is subject to the approval of the regional adoption assistance committee. If the requested amount is not granted, the adoptive parent has a right to appeal as stated in R512-43-11.

(3) Process for Determining Monthly Subsidy Amount.

(a) Utilizing the level of need criteria specified in R512-43-5(4), the caseworker and adoptive family identify the child's level of need.

(b) The caseworker and adoptive family identify the applicable monthly subsidy payment range, according to the child's specified level of need, as specified in R512-43-5(5).

(c) The caseworker and adoptive family negotiate the amount of monthly subsidy to be requested from the regional adoption assistance committee. The requested monthly subsidy amount may not exceed the maximum amount for the specific level of need identified for the child nor the maximum amount

that the child would receive if placed in a foster family home.

(d) The identified need level for the child and requested amount of monthly subsidy is presented to the regional adoption assistance committee for approval. If the requested amount is not approved or is reduced by the committee, Child and Family Services must send a written notice to the adoptive parents within 30 days informing them of the process to request a fair hearing.

(4) Determining Child's Level of Need.

(a) The level of need is determined by considering the child's age, history, physical, mental, emotional, and social functioning and needs, and any other relevant factors. Frequency of occurrence, duration, severity, and number of needs or problem areas are also considered.

(b) The presence of a particular issue listed within a designated level does not mandate that the child be categorized at that level. The child's needs, taken as a whole, determine the level selected for the child.

(c) Level of need is classified into three categories.

(i) Level One applies to a child with a minimal number and severity of needs. It is expected that most of these issues will improve with time, and significant improvement may be anticipated over the course of the adoption. For children ages five and under issues may include, but are not limited to: feeding problems, aggressive or self destructive behavior, victimization from sexual abuse, victimization from physical abuse; or no more than one developmental delay in fine motor, gross motor, cognitive or social/emotional domains. For children ages 6-18, issues may include but are not limited to: social conflict, physical aggression, minor sexual reactivity, need for education resource classes or tutoring, some minor medical problems requiring ongoing monitoring, or mental health issues requiring time limited counseling.

(ii) Level Two applies to a child with a moderate number and severity of needs. It is expected that a number of these issues are long-term in nature and the adoptive family and child will be working with them over the course of the adoption, and some may intensify or worsen if not managed carefully. Outside provider support will probably continue to be needed during the course of the adoption. For children ages five and under, issues may include, but are not limited to: developmental delays in two or more areas of fine motor, gross motor, cognitive or social/emotional domains; diagnosis of failure to thrive; moderate genetic disease or physical handicapping condition; or physical aggression expressed several times a week, including superficial injury to self or others. For children ages 6-18, issues may include, but are not limited to: daily social conflict or serious withdrawn behavior; moderate risk of harm to self or others due to physically aggressive behavior; emotional or psychological issues with a DSM-IV diagnosis requiring ongoing counseling sessions over an extended period of time; moderate sexual reactivity or perpetration; chronic patterns of being destructive to items or property; cruelty to animals; mild mental retardation or autism, with ongoing need for special education services; and physical disabilities requiring ongoing attendant care or other caretaker support.

(iii) Level Three applies to a child with a significant number or high severity of needs. It is expected that these issues will not moderate and may become more severe over time. The child's level of need may at some time require personal attendant care or specialized care outside of the home, when prescribed by a professional. For children ages five and under issues may include, but are not limited to: severe life threatening medical issues; moderate or severe retardation or autism; serious developmental delays in three or more areas of fine or gross motor, cognitive or social/emotional domains; anticipated need for ongoing support for activities of daily living, such as feeding, dressing and self care; or high levels of threat for harm to self or others due to aggressive behaviors. For children ages

6-18 issues may include, but are not limited to: moderate or severe retardation or autism; life threatening medical issues; severe physical disabilities not expected to improve over time; predatory sexual perpetration; high risk of serious injury to self or others due to aggressive behavior; serious attempts or threats of suicide; severely inhibiting DSM-IV diagnosed mental health disorders diagnosed within the past year that limit normal social and emotional development, such as an Axis 5 GAF score under 50; or need for ongoing self contained or special education services.

(d) The regional adoption assistance committee must approve the level of need identified for the child.

(e) A child's need level may be increased in severity by one level if the adoption assistance committee determines that the child's permanency may be compromised due to financial barriers to the child's adoption and if at least one of the following circumstances apply:

(i) The child has been in state custody for longer than 24 months.

(ii) The child is nine years of age or older.

(iii) The child is part of a sibling group of three or more children being placed together for the purposes of adoption.

(5) Identifying Amount for Monthly Subsidy Based Upon the Child's Level of Need.

(a) Each level of need corresponds to a dollar range in the amount of monthly subsidy that may be paid for a child, with the specific amount based upon the individual child's needs and the family's ability to meet those needs.

(b) The monthly subsidy amount for an individual child may not exceed the maximum amount for the payment range applicable to the child's level of need. A family may choose to defer receipt of a monthly subsidy for which a child qualifies, with the option to initiate a monthly subsidy at a later date, or to receive a lesser amount than would be allowable for the level of need at a given point in time.

(c) Monthly subsidy payments for a child's needs categorized as Level One range from zero to 40 percent of the maximum maintenance payment that may be paid for a child in a foster family home.

(d) A family may choose to receive a lesser amount than would be allowable for the child's level of need at a given point in time.

(e) Monthly subsidy payments for a child's needs categorized as Level Two range from 20 to 70 percent of the maximum maintenance payment that may be paid for a child in a foster family home.

(f) Monthly subsidy payments for a child's needs categorized as Level Three range from 50 to 100 percent of the maximum maintenance payment that may be paid for a child in a foster family home.

(g) For extraordinary, infrequent, or uncommon documented needs that cannot be covered by a monthly subsidy or state medical assistance, refer to supplemental adoption assistance in R512-43-7.

(6) Funding Sources and Eligibility for Monthly Subsidy.

(a) The two funding sources for the monthly subsidy are Title IV-E Adoption Assistance and state adoption assistance funds. The child's eligibility determines which funding source is used for payment.

(b) Title IV-E Adoption Assistance shall be considered first for the monthly subsidy. To receive Title IV-E Adoption Assistance, a child with special needs shall meet at least one of the following Federal requirements:

(i) A child is determined eligible for SSI by the Social Security Administration prior to the initiation of adoption proceedings.

(ii) The removal home for the child in public foster care received, or would have been eligible to receive, AFDC prior to removal, and the child was removed from the home as a result

of a judicial determination that remaining in the home would be contrary to the child's welfare.

(iii) The child was voluntarily placed for foster care with the state and:

(A) Was or would have been AFDC eligible at the time of removal if application had been made,

(B) The child lived with a specified relative within the six months prior to the voluntary placement, and

(C) Title IV-E foster care maintenance payments were made on behalf of the child.

(iv) The child's needs were met through foster care maintenance payments made to and for the child's minor parents as provided by Subsection 475(4)(B) of the Social Security Act.

(v) The child had a previous IV-E adoption assistance agreement.

(c) State adoption assistance funds may be used for the monthly subsidy if the qualified child is not eligible for Title IV-E Adoption Assistance.

(7) Use of the monthly subsidy. The monthly subsidy may be used according to the parents' discretion. Some examples of the uses of the monthly subsidy payment are medical, dental, or mental health services not paid for by the state medical assistance or family insurance, special equipment for physically or mentally challenged children, respite care, child care, therapeutic equipment, minor renovation of the home to meet special needs of the child, damage and repairs, speech therapy, tutoring, specialized preschool based on needs of the child, private school, exceptional basic needs such as special food, clothing, and/or shelter, visitations with biological relatives, cultural and heritage activities and information.

R512-43-6. State Medical Assistance.

(1) A child qualifies for state medical assistance as a component of adoption assistance when all of the following requirements are met:

(a) The child meets all of the qualifying factors for adoption assistance listed in R512-43-3(2), and

(b) The child meets the definition of child in public foster care, qualifies for SSI, or the child had a previous IV-E adoption assistance agreement or Utah state adoption assistance agreement.

(i) The child's eligibility for SSI benefits is established no later than the time adoption proceedings are initiated.

(c) The child meets state medical assistance citizenship requirements.

(2) A qualified child may receive state medical assistance through an adoption assistance agreement without also receiving a monthly subsidy payment.

(3) The adoptive family must meet all Medicaid requirements, including application, citizenship verification, and annual review requirements in order for Medicaid to be initiated and continue throughout the period of the adoption assistance agreement.

R512-43-7. Supplemental Adoption Assistance.

(1) A child meeting all qualifying criteria for a monthly subsidy and for whom an adoption assistance agreement for a monthly subsidy or state medical assistance is in effect may qualify for supplemental adoption assistance.

(2) Supplemental adoption assistance may only be used for extraordinary, infrequent, or uncommon documented needs not otherwise covered by a monthly subsidy, state medical assistance, or other public benefits for which a child who has a special need is eligible.

(3) Supplemental adoption assistance is not an entitlement, and will be granted only when justified by unique needs of the child and when all other resources for which a child is eligible have been exhausted.

(4) Supplemental adoption assistance requests up to

\$3,000 will be considered and are subject to the approval of the regional adoption assistance committee.

(5) Supplemental adoption assistance requests from \$3,001 to \$10,000 shall be considered by the appropriate regional advisory committee established under Subsection 62A-4a-905(2).

(6) Supplemental adoption assistance requests exceeding \$10,001 shall be considered by a state level advisory committee with the same membership composition as the regional advisory committees.

(7) Recommendations from the advisory committee are subject to the approval of the Region Director or designee.

(8) Any obligation made or expense incurred by a family prior to approval shall not be reimbursed with supplemental adoption assistance funds unless approval is granted by the Region Director.

(9) A request for an amendment or extension of an existing supplemental adoption assistance agreement will be reviewed by the same committee that reviewed the initial request. If the total amount of multiple requests in a year is \$3,000 to \$10,000, the request shall be submitted to the appropriate regional advisory committee. If the request exceeds \$10,000, the request shall be submitted to the state level advisory committee.

(10) Supplemental adoption assistance is subject to the availability of state funds appropriated for adoption assistance.

R512-43-8. Regional Adoption Assistance Committee.

(1) Each region shall establish at least one regional adoption assistance committee.

(2) The regional adoption assistance committee shall be comprised of at least five members, and a minimum of three members must be present for making decisions regarding adoption assistance. Decisions shall be made by consensus.

(3) Members of the committee may include the following:

- (a) Chairperson;
- (b) Clinical consultant or casework supervisor;
- (c) Regional budget officer or fiscal representative;
- (d) Allied agency representative from agencies such as a community mental health center, private adoption agency, or other agencies within the department;

(e) Regional administrator or other staff with relevant responsibilities;

(f) Adoptive or foster parent.

(4) Responsibilities of the regional adoption assistance committee include:

(a) Verification that a child qualifies for adoption assistance,

(b) Approval for reimbursement of allowable, reasonable non-recurring costs,

(c) Approval of level of need and amount of monthly subsidy for initial requests, changes, and renewals,

(d) Approval of supplemental adoption assistance up to \$3,000,

(e) Extension of adoption assistance up to age 21 for a qualifying child,

(f) Renewal of adoption assistance, and

(g) Documentation of committee decisions.

R512-43-9. Adoption Assistance Review.

(1) The adoption assistance agreement for a monthly subsidy or state medical assistance shall continue until the month of the adopted child's 18th birthday.

(2) An agreement for supplemental adoption assistance exceeding \$3,000 shall be reviewed according to a time frame determined on a case by case basis by the appropriate regional advisory committee.

R512-43-10. Termination of Adoption Assistance.

(1) An adoption assistance agreement for a monthly

subsidy or state medical assistance shall be terminated if any of the following occur:

(a) The terms of the adoption assistance agreement are concluded.

(b) The adoptive parents request termination.

(c) The month following the child's 18th birthday, unless approval has been given by the adoption assistance committee to continue until the month following the child's 21st birthday due to mental or physical disability.

(d) The child dies.

(e) The adoptive parents die.

(f) The adoptive parents' legal responsibility for the child ceases.

(g) The state determines that the child is no longer receiving financial support from the adoptive parents.

(h) The child enters the military.

(i) The child marries.

(2) Termination of state medical assistance is subject to the policies of the Division of Health Care Financing.

(3) Supplemental adoption assistance shall terminate when an adoption assistance agreement for a monthly subsidy or state medical assistance is terminated, the terms of the agreement are concluded, the authorizing committee determines that the services funded with supplemental funds are no longer effective or appropriate based upon an independent review by a qualified provider, or if lack of availability of state funding prevents continuation. Written notice as described in R512-43-10(4) shall be provided at least 30 days before funding is discontinued due to lack of availability of state funding appropriated for adoption assistance or due to determination that services are no longer effective or appropriate.

R512-43-11. Fair Hearings.

(1) Fair Hearing Request.

A written request for a fair hearing may be submitted within 10 working days after receiving a Department of Human Services/Child and Family Services decision to the Department of Human Services if:

(a) The adoption assistance application is denied;

(b) The adoption assistance application is not acted upon with reasonable promptness;

(c) Adoption assistance or supplemental adoption assistance is reduced, terminated, or changed without the concurrence of the adoptive parents;

(d) The amount of adoption assistance or supplemental adoption assistance approved was less than the amount requested by adoptive parents;

(e) Adoption assistance was not requested prior to finalization of the adoption and one of the criteria in R512-43-11(2)(a) applies.

(2) Post Finalization Request Fair Hearing.

(a) The fair hearing officer may approve appropriate state or federal adoption assistance for post finalization requests if one of the following is met:

(i) Relevant facts regarding the child, the biological family, or child's background were known but not presented to adoptive parents prior to finalization.

(ii) A denial of assistance was based upon a means test of the adoptive family.

(iii) An erroneous state determination was utilized to find a child ineligible for assistance.

(iv) The state or adoption agency failed to advise adoptive parents of the availability of assistance.

(b) The adoptive parents bear the burden of documenting that the child meets the definition of a child with a special need and that one of the criteria in R512-43-11(2)(a) applies. The state may provide corroborating facts to the family or the fair hearing officer.

R512-43-12. Interstate Adoption Assistance.

(1) Child and Family Services is responsible to determine if a child in Utah public foster care qualifies for adoption assistance when the child is placed in an adoptive home in another state. If the child qualifies, Child and Family Services provides adoption assistance regardless of the state of residence of the adoptive family and child.

(2) If a child with a previous IV-E adoption assistance agreement enters public foster care because the adoption was dissolved or ended due to the result of the death of the parents, the state in which the child is taken into custody in public foster care is responsible to provide adoption assistance in a subsequent adoption.

(3) If a child with a previous IV-E adoption assistance agreement does not enter public foster care when the adoption dissolved or ended due to the death of both parents, the new adoptive parent is responsible to apply for adoption assistance in the new adoptive parent's state of residence.

(4) A parent desiring to adopt an out-of-state child who is not in public foster care but is receiving SSI shall apply for adoption assistance in the parent's state of residence.

(5) An adoption assistance agreement remains in effect regardless of the state of residence of the adoptive parents as long as the child continues to qualify for adoption assistance.

(6) If a needed service specified in the agreement is not funded by the new state of residence, the state making the original adoption assistance payment remains financially responsible for paying for the specific service.

Notice of Continuation September 19, 2011 62A-4a-106

62A-4a-901 through 62-4a-907

R527. Human Services, Recovery Services.**R527-275. Passport Release.****R527-275-1. Purpose and Authority.**

1. The Office of Recovery Services is authorized to create rules necessary for the provision of social services by Section 62A-11-107.

2. The purpose of this rule is to specify the procedures for the office to release an obligor's passport after it has been denied for failure to pay child support.

R527-275-2. Federal Requirements.

The Office of Recovery Services/Child Support Services (ORS/CSS) adopts the federal regulations as published in 22 CFR 51.60, 51.70, 51.71(1), 51.72, 51.73, and 51.74 April 1, 2008 ed., which are incorporated by reference in this rule.

R527-275-3. Passport Release Criteria.

1. If the obligor applies for a new passport or to have a previously-issued passport renewed and is notified that the application has been denied for failure to pay child support, the obligor must contact ORS/CSS to get the passport released. The passport will be released if the obligor pays all past-due child support owing to the state IV-D Agency and/or obligee.

2. If the obligor's employment requires a valid passport or there are other extenuating circumstances that require the obligor to maintain a valid passport, an exception may be granted if:

a. the case is IV-A - if the ORS or CSS Director approves an exception to the payment-in-full requirement.

b. the case is non-IV-A:

i. if the ORS or CSS Director approves an exception to the payment-in-full requirement; and,

ii. if the child support is owed to the obligee, ORS/CSS is able to obtain written approval from the obligee to release the passport.

R590. Insurance, Administration.**R590-186. Bail Bond Surety Business.****R590-186-1. Purpose.**

This rule establishes uniform criteria and procedures for the initial and renewal licensing, of a bail bond surety company, and sets standards of conduct for those in the bail bond surety business in the State of Utah.

R590-186-2. Authority.

This rule is promulgated pursuant to:

(1) Section 31A-35-104 which requires the commissioner to adopt by rule specific licensure, and certification guidelines and standards of conduct for the bail bond business;

(2) Subsection 31A-35-301(1) which authorizes the commissioner to adopt rules necessary to administer Chapter 35 of Title 31A;

(3) Subsection 31A-35-401(1)(c) which allows the commissioner to adopt rules governing the granting of licenses for bail bond surety companies;

(4) Subsection 31A-35-401(2) which allows the commissioner to require by rule additional information from bail bond applicants applying for licensure;

(5) Subsection 31A-35-406(1)(b) which allows the commissioner to establish by rule the annual renewal date for the renewal of a license as a bail bond surety company.

R590-186-3. Scope and Applicability.

This rule applies to any person engaged in the bail bond surety business.

R590-186-4. Initial Company License.

(1) Persons desiring to become licensed as bail bond surety companies shall file with the Bail Bond Surety Oversight Board (Board) a bail bond company application which can be obtained from the Insurance Department.

(2) The applicant shall pay the annual license fee set forth in R590-102, Insurance Department Fee Payment Deadlines, and provide at least one of the following:

(a) If the applicant relies on a letter of credit as the basis for issuing a bail bond, the applicant shall provide an irrevocable letter of credit with a minimum face value of \$300,000 assigned to the State of Utah from an entity qualified by state or federal regulators to do business as a financial institution in the state of Utah.

(b) If the applicant relies on the ownership of real or personal property located in Utah as the basis for issuing bail bonds, the applicant shall provide a financial statement reviewed by a certified public accountant as of the end of the most current fiscal year. The financial statement must show a net worth of at least \$300,000, including a minimum of \$100,000 in liquid assets. The applicant shall also provide a copy of the applicant's federal income tax returns for the prior two years and, for each parcel of real property owned by the applicant and included in the applicant's net worth calculation, a preliminary title report dated not more than one month prior to the date of the application and an appraisal dated not more than two years prior to the date of the application.

(c) If the applicant relies on their status as the agent of a bail bond surety insurer as the basis for issuing bail bonds, the applicant shall provide a Qualifying Power of Attorney issued by the bail bond surety insurer.

(3) Applications approved by the Board will be forwarded to the insurance commissioner for the issuance of a license.

(4) Applications disapproved by the Board may be appealed to the insurance commissioner within 15 days of mailing the notice of disapproval.

(5) When a bail bond surety pledges the assets of a letter of credit under 31A-35-404(1), the letter of credit must:

(a) be drawn on a Utah depository institution;

(b) be assigned to the state and its political subdivisions to guarantee the payment of a bail bond forfeiture; and

(c) be drawn upon by the holder of the judgment of a bail bond forfeiture, which remains unpaid 60 days following the suspension of the bail bond surety licensed under 31A-35-504.

R590-186-5. Company License Renewal.

A licensed bail bond surety company shall renew its license on or before July 15 of each year by meeting the following requirements:

(1) file with the insurance commissioner a renewal application, pay the required renewal licensing fee set forth in R590-102, Insurance Department Fee Payment Deadlines, and provide the additional information described in this section.

(2) If the applicant relies on the ownership of real or personal property as the financial basis for issuing bail bonds the applicant must include the following with the renewal:

(a) a statement that no material changes have occurred negatively affecting the property's title, including any liens or encumbrances that have occurred since the last license renewal;

(b) a financial statement reviewed by a certified public accountant as of the end of the most current fiscal year showing a net worth of at least \$300,000, at least \$100,000 of which must consist of liquid assets and a copy of the applicant's federal income tax return for the prior year; and

(c) the following items are required as indicated:

(i) renewal in 2002, 2008, and 2014: a preliminary title report dated not more than one month prior to the date of the renewal application for each parcel of real property owned by the applicant and included in the applicant's net worth calculation; or

(ii) renewal in 2005, 2011, and 2017: a preliminary title report and a current appraisal dated not more than one month prior to the date of the renewal application for each parcel of real property owned by the applicant and included in the applicant's net worth calculation.

(3) Renewal applicants who were licensed as a bail bond surety company prior to December 31, 1999, may opt to apply under the lower limits in effect at that date.

(a) For renewal applicants relying on a letter of credit as the financial basis for issuing bail bonds, the amount is reduced to \$250,000.

(b) For renewal applicants relying on real or personal property as the basis for issuing bail bonds, the amount is reduced to a net worth of at least \$250,000, at least \$50,000 of which must consist of liquid assets.

(c) Renewal applicants opting for lower limits are limited to the 5 to 1 ratio of outstanding bond obligations as shown in R590-186-9.

(4) When using a letter of credit at renewal the bail bond surety must follow R590-186-4(5).

R590-186-6. Agent License and Renewal.

(1) Bail bond surety companies and insurers are required to issue bail bonds only through licensed bail bond agents that have been contracted with and appointed by the insurer or designated by the bail bond surety company for whom they are issuing bail bonds.

(2) All persons doing business as bail bond agents must be licensed in accordance with Chapter 23 of Title 31A and applicable department rules regarding individual agent licensing. Bail bond agent licenses are individual limited line licenses. These licenses are issued for a two year period and require no licensing examination or continuing education.

(3) Individual bail bond agent licenses must be renewed at the end of the two year licensing period in accordance with Chapter 23 of Title 31A and applicable department rules regarding individual agent licensing renewal.

R590-186-7. Unprofessional Conduct.

Persons in the bail bond surety business may not engage in unprofessional conduct. For purposes of this rule, unprofessional conduct means the violation of any applicable insurance law, rule, or valid order of the commissioner, or the commission of any of the following acts by bail bond sureties, by bail bond surety agents or by bail bond enforcement agents working for bail bond sureties:

- (1) having a license as a surety revoked in this or any other state;
- (2) being involved in any transaction which shows unfitness to act in a fiduciary capacity or a failure to maintain the standards of fairness and honesty required of a trustee or other fiduciary;
- (3) willfully misstating or negligently reporting any material fact in the initial or renewal application or procuring a misstatement in the documents supporting the initial or renewal application;
- (4) being the subject of any outstanding civil judgment which would reduce the surety's net worth below the minimum required for licensure;
- (5) being convicted of any felony or of any misdemeanor that involves the misappropriation of money or property, dishonesty or perjury;
- (6) failing to report any collateral taken as security on any bond to the principal, indemnitor, or depositor of such collateral;
- (7) failing to preserve, or to retain separately, or both, any collateral taken as security on any bond;
- (8) failing to return collateral taken as security on any bond to the depositor of such collateral, or the depositor's designee, within ten business days of having been notified of the exoneration of the bond and upon payment of all fees owed to the bail bond agent, whichever is later;
- (9) failing to advise the insurance commissioner of any change that has reduced the surety's net worth below the minimum required for licensure;
- (10) using a relationship with any person employed by a jail facility or incarcerated in a jail facility to obtain referrals;
- (11) offering consideration or gratuities to jail personnel or peace officers or inmates under any circumstances which would permit the inference that said consideration was offered to induce bonding referrals or recommendations;
- (12) failing to deliver to the incarcerated person, or the person arranging bail on behalf of the incarcerated person, prior to the time the incarcerated person is released from jail, a one page disclosure form which at a minimum includes:
 - (a) the amount of the bail;
 - (b) the amount of the surety's fee, including bail bond premium, preparation fees, and credit transaction fees;
 - (c) the additional collateral, if any, that will be held by the surety;
 - (d) the incarcerated person's obligations to the surety and the court;
 - (e) the conditions upon which the bond may be revoked;
 - (f) any additional charges or interest that may accrue;
 - (g) any co-signors or indemnitors that will be required; and
 - (h) the conditions under which the bond may be exonerated and the collateral returned.
- (13) using an unlicensed bail bond agent or unlicensed bail bond enforcement agent;
- (14) using a bail bond agent not contracted and appointed by the bail bond surety company;
- (15) charging excessive or unauthorized premiums, excessive fees or other unauthorized charges;
- (16) requiring unreasonable collateral security;
- (17) failing to provide an itemized statement of all expenses deducted from collateral, if any;
- (18) requiring as a condition of his executing a bail bond

that the principal agree to engage the services of a specified attorney;

- (19) preparing or issuing fraudulent or forged bonds or power of attorney;
- (20) signing, executing, or issuing bonds by an unlicensed person;
- (21) executing bond without countersignature by a licensed agent at time of issue;
- (22) failing to account for and to pay any premiums held by the licensee in a fiduciary capacity to the bail bond surety company, bail bond surety insurer or other person who is entitled to receive them;
- (23) knowingly violating, advising, encouraging, or assisting the violation of any statute, court order, or injunction in the course of a business regulated under this chapter;
- (24) conviction of felony involving illegally using, carrying, or possessing a dangerous weapon;
- (25) conviction of any act of personal violence or force against any person or conviction of threatening to commit any act of personal violence or force against any person, including but not limited to violent felonies as defined under Utah Code Annotated Section 76-3-203.5;
- (26) soliciting sexual favors as a condition of obtaining, maintaining, or exonerating bail bond, regardless of the identity of the person who performs the favors;
- (27) acting as an unlicensed bail bond enforcement agent;
- (28) failing to comply with the provisions of the Utah statutes and rules regulating the bail bond surety business or order of the insurance commissioner, including outstanding judgments; and
- (29) using deceptive or intimidating practices in which to gain bail bond business.

R590-186-8. Investigating Unprofessional Conduct.

The Board or the commissioner shall investigate allegations of unprofessional conduct on the part of any bail bond surety, bail bond surety agent, or bail bond producer. Complaints alleging unprofessional conduct shall be submitted in writing to the Department of Insurance.

- (1) Investigations shall be completed in the following manner:
 - (a) Upon receipt of a complaint of unprofessional conduct, the commissioner shall provide a copy of the complaint to the person against whom the complaint was made, and, if warranted, to the person's surety. The commissioner may edit the copy of the complaint mailed under this subsection as may be necessary to protect the identity or interests of the person making the complaint if the complainant so requests.
 - (b) The subject of the complaint shall provide to the commissioner a written response to the complaint within 15 days of the date the complaint was mailed to respondent.
 - (c) At the next meeting of the Board, the commissioner shall present the complaint and the action undertaken by the Department to receive comment from the Board.
 - (d) After the investigation is completed, the commissioner shall present the findings and recommended disposition to the Board. The Board may concur with the commissioner's recommended disposition, recommend a different disposition, or request additional investigation.
 - (i) Disclosures made to the Board under Sections (c) and (d) shall be treated as confidential. Board members may not disclose or act upon any confidential information obtained pursuant to investigations conducted under this Section.
 - (ii) If the Board requests additional investigation, the commissioner shall reasonably conduct additional investigation in compliance with the policies and procedures of the Department.
 - (a) The commissioner shall present findings to the Board at the next scheduled board meeting, or at a meeting no sooner

than 30 days after the Board's request, at the discretion of the Board.

(b) Upon hearing the results of any additional investigation by the commissioner, the Board shall provide to the commissioner its recommendation within 30 days.

R590-186-9. Bonding Limits.

(1) An insurance bondsman may not maintain outstanding bail bond obligations in excess of the amount allowed by the insurance company.

(2) A letter of credit bondsman and/or a property bondsman may not maintain outstanding bail bond obligations in excess of the amounts provided in the table below:

TABLE	
Financial Requirements	Ratio of Outstanding Bond Obligations to Letter of Credit or Net Worth and Liquidity Amounts
\$250,000 line of credit or net worth/\$50,000 liquidity)	licensed 0 to 36 months: 5 to 1 licensed over 36 months: 5 to 1
300,000 or more line of credit limit or net worth/ at least \$100,000 liquidity	licensed 0 to 36 months: 5 to 1 licensed over 36 months: 10 to 1

(3) The commissioner may reduce the bonding limit of a letter of credit or a property bail bond company who has qualified for the 10 to 1 ratio if that bail bond company's line of credit limit or net worth or liquidity limit falls below the limits stated in Subsection(2) above.

R590-186-10. Publication of Licensed Bail Bond Surety Companies.

On or before September 1 of each year, the Board shall publish a list of bail bond surety companies licensed to do business in the State of Utah.

R590-186-11. Definition.

In reference to subsection 31A-35-701(5) "members of their immediate families" shall be defined as: spouse, children, stepchildren, children-in-law, mother, father, brother, sister, mother-in-law, father-in-law, sister-in-law, brother-in-law, step-mother, step-father, step-brother, step-sister, half-brother, and half-sister.

R590-186-12. Penalties.

Violations of this rule are punishable pursuant to Section 31A-2-308.

R590-186-13. Enforcement Date.

The commissioner will begin enforcing the revised provision of this rule 45 days from the rule's effective date. Non-revised provisions are enforceable as of the effective date.

R590-186-14. Severability.

If any provision or clause of this rule or its application to any person or situation is held invalid, such invalidity may not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this and the provisions of this rule are declared to be severable.

March 26, 2014

Notice of Continuation July 12, 2013

31A-35-104

31A-35-301

31A-35-401

31A-35-406

R590. Insurance, Administration.**R590-226. Submission of Life Insurance Filings.****R590-226-1. Authority.**

This rule is promulgated by the insurance commissioner pursuant to Subsections 31A-2-201(3), 31A-2-201.1, and 31A-2-202(2).

R590-226-2. Purpose and Scope.

(1) The purpose of this rule is to set forth the procedures for submitting:

(a) life insurance filings required by Section 31A-21-201; and

(b) report filings as required.

(2) This rule applies to:

(a) all types of individual and group life insurance, and variable life insurance; and

(b) group life insurance contracts issued to nonresident policyholders, including trusts, when Utah residents are provided coverage by certificates of insurance.

R590-226-3. Definitions.

In addition to the definitions in Section 31A-1-301, the following definitions shall apply for the purpose of this rule:

(1) "Certification" means a statement that the filing being submitted is in compliance with Utah laws and rules.

(2) "Data page" means the page or pages in a policy or certificate that provide the specific data for the insured detailing the coverage provided and may be titled by the insurer as policy specifications, policy schedule, policy information, etc.

(3) "Discretionary group" means a group that has been specifically authorized by the commissioner under Section 31A-22-509.

(4) "Electronic Filing" means a:

(a) filing submitted via the Internet by using the System for Electronic Rate and Form Filings, SERFF, or

(b) filing submitted via an email system.

(5) "Eligible group" means a group that meets the definitions in Sections 31A-22-502 through 31A-22-508.

(6) "Endorsement" means a written agreement attached to a life insurance policy that alters a provision of the policy, for example, a war exclusion endorsement, a name change endorsement and a tax qualification endorsement.

(7) "File and Use" means a filing can be used, sold, or offered for sale after it has been filed with the department.

(8) "Filer" means a person who submits a filing.

(9) "Filing," when used as a noun, means an item required to be filed with the department including:

(a) a policy;

(b) a form;

(c) a document;

(d) an application;

(e) a report;

(f) a certificate;

(g) an endorsement;

(h) a rider;

(i) a life insurance illustration;

(j) a statement of policy cost and benefit information; and

(k) an actuarial memorandum, demonstration, and certification.

(10) "Filing Objection Letter" means a letter issued by the commissioner when a review has determined the filing fails to comply with Utah law and rules. The filing objection letter, in addition to requiring correction of non-compliant items, may request clarification or additional information pertaining to the filing.

(11) "Filing status information" means a list of the states to which the filing was submitted, the date submitted, and the states' actions, including their responses.

(12) "Issue Ages" means the range of minimum and

maximum ages for which a policy or certificate will be issued.

(13) "Letter of Authorization" means a letter signed by an officer of the licensee on whose behalf the filing is submitted that designates filing authority to the filer.

(14) "Market type" means the type of policy that indicates the targeted market such as individual or group.

(15) "Order to Prohibit Use" means an order issued by the commissioner that prohibits the use of a filing.

(16) "Rejected" means a filing is:

(a) not submitted in accordance with applicable laws or rules;

(b) returned to the licensee by the department with the reasons for rejection; and

(c) not considered filed with the department.

(17) "Rider" means a written agreement attached to a life insurance policy or certificate that adds a benefit, for example, a waiver of premium rider, an accidental death benefit rider and a term insurance rider.

(18) "Type of insurance" means a specific life insurance product including, but not limited to, term, universal, variable, or whole life.

(19) "Utah Filed Date" means the date provided to a filer by the Utah Insurance Department, that indicates a filing has been accepted.

R590-226-4. General Filing Information.

(1) Each filing submitted must be accurate, consistent, complete and contain all required documents in order for the filing to be processed in a timely and efficient manner. The commissioner may request any additional information deemed necessary.

(2) Licensee and filer are responsible for assuring that a filing is in compliance with Utah laws and rules. A filing not in compliance with Utah laws and rules is subject to regulatory action under Section 31A-2-308.

(3) A filing that does not comply with this rule will be rejected and returned to the filer. A rejected filing:

(a) is not considered filed with the department;

(b) must be submitted as a new filing; and

(c) will not be reopened for purposes of resubmission.

(4) A prior filing will not be researched to determine the purpose of the current filing.

(5) The department does not review or proofread every filing.

(a) A filing may be reviewed:

(i) when submitted;

(ii) as a result of a complaint;

(iii) during a regulatory examination or investigation; or

(iv) at any other time the department deems necessary.

(b) If a filing is reviewed and is not in compliance with Utah laws and rules, a Filing Objection Letter or an Order to Prohibit Use will be issued to the filer. The commissioner may require the filer to disclose deficiencies in forms or rating practices to affected insureds.

(6) Filing Correction.

(a) Filing corrections are considered informational.

(b) Filing corrections must be submitted within 15 days of the date the original filing was submitted to the department.

(c) A new filing is required if a filing correction is made more than 15 days after the date the original filing was submitted to the department. The filer must reference the original filing in the filing description.

(7) If responding to a Filing Objection Letter or an Order to Prohibit Use, refer to Section R590-226-13 for instructions.

(8) Filing withdrawal. A filer must notify the department when withdrawing a previously filed form, rate, or supplementary information.

R590-226-5. Filing Submission Requirements.

- (1) All filings must be submitted as an electronic filing.
- (a) All filers must use SERFF to submit a filing.
- (b) EXCEPTION: life settlement filers may choose to use email instead of SERFF to submit a filing.
- (c) All filings must comply with the "NAIC Uniform Life, Accident and Health, Annuity, and Credit Coding Matrix," dated January 1, 2012, and incorporated by reference. This form is available on the department's website, www.insurance.utah.gov.
- (2) A filings must be submitted by market type and type of insurance.
- (3) A filing may not include more than one type of insurance, or request filing for more than one licensee.
- (4) SERFF Filings.
- (a) Filing Description. Do not submit a cover letter. On the General Information tab, complete the Filing Description section with the following information, presented in the order shown below.
- (i) Certification.
- (A) The filer must certify that a filing has been properly completed AND is in compliance with Utah laws and rules.
- (B) The following statement must be included in the filing description: "BY SUBMITTING THIS FILING I CERTIFY THAT THE ATTACHED FILING HAS BEEN COMPLETED IN ACCORDANCE WITH UTAH ADMINISTRATIVE RULE R590-226 AND IS IN COMPLIANCE WITH APPLICABLE UTAH LAWS AND RULES".
- (C) The "Utah Life Insurance Filing Certification for Individual" or the "Utah Life Insurance Filing Certification for Group" must be properly completed, signed, and attached to the Supporting Documentation tab.
- (D) A filing will be rejected if the certification is false, missing, or incomplete.
- (E) A false certification may subject the licensee to administrative action.
- (ii) Provide a description of the filing including:
- (A) the intent of the filing; and
- (B) the purpose of each document within the filing.
- (iii) Indicate if the filing:
- (A) is new;
- (B) has been submitted to the Interstate Insurance Product Regulation Commission (IIPRC);
- (C) is replacing or modifying a previous submission; if so, describe the changes made, if previously rejected or withdrawn, the reasons for rejection or withdrawal, and the previous Utah Filed Date or the IIPRC approval date;
- (D) includes documents for informational purposes; if so, provide the Utah Filed Date; or
- (E) does not include the base policy; if so, provide the Utah Filed Date of the base policy and describe the effect on the base policy.
- (iv) Identify if any of the provisions are unusual, innovative, controversial, or have been previously objected to, or prohibited, and explain why the provision is included in the filing.
- (v) Explain any change in benefits or premiums that may occur while the contract is in force.
- (vi) List the issue ages, which means the range of minimum and maximum ages for which a policy will be issued.
- (vii) List the minimum death benefit.
- (viii) Identify the intended market for filing, such as senior citizens, nonprofit organizations, association members, corporate owned, bank owned, etc.
- (b) Domiciliary Approval and Filing Status Information. All filings for a foreign licensee must include on the Supporting Documentation tab:
- (i) copy of domicile approval for the exact same filing; or
- (ii) filing status information, which includes:
- (A) a list of the states to which the filing was submitted;
- (B) the date submitted; and
- (C) summary of the states' actions and their responses; or
- (iii) if the filing is specific to Utah and only filed in Utah, then state, "UTAH SPECIFIC - NOT SUBMITTED TO ANY OTHER STATE."
- (c) Group Questionnaire or Discretionary Group Authorization Letter. A group filing must attach to the Supporting Documentation tab either a:
- (i) signed and fully completed "Utah Life and Annuity Group Questionnaire"; or
- (ii) copy of the Utah Life and Annuity Discretionary Group Authorization letter.
- (d) Letter of Authorization.
- (i) When the filer is not the licensee, a letter of authorization from the licensee must be attached to the Supporting Documentation tab.
- (ii) The licensee remains responsible for the filing being in compliance with Utah laws and rules.
- (e) Statement of Variability.
- (i) A statement of variability must be attached to the Supporting Documentation tab and certify:
- (A) the final form will not contain brackets denoting variable data;
- (B) the use of variable data will be administered in a uniform and non-discriminatory manner and will not result in unfair discrimination;
- (C) the variable data included in this statement will be used on the referenced forms;
- (D) any changes to variable data will be submitted prior to implementation.
- (ii) Variable data are denoted in brackets and are defined, either by imbedding in the form, or by a separate form identified by its own form number and edition date. Variable data submitted as a separate form must be in a manner that follows the construction of the form, by page and paragraph, or page and footnote.
- (iii) Variable data must be reasonable, appropriate and compliant.
- (iv) Use of unauthorized variable data is prohibited.
- (f) Life Insurance Illustration Materials. If the life insurance form is identified as illustrated, the filing must include a sample:
- (i) basic illustration complete with data in John Doe fashion;
- (ii) current illustration actuary's certification;
- (iii) company officer certification; and
- (iv) sample annual report.
- (g) Statement of Policy Cost and Benefit Information. If the life insurance form is not illustrated, the filing must include a sample of the Statement of Policy Cost and Benefit Information.
- (h) Items being submitted for filing.
- (i) All forms must be attached to the Form Schedule tab.
- (ii) All rating documentation, including actuarial memorandums and rate schedules, must be attached to the Rate/Rule Schedule tab.
- (iii) Actuarial Memorandum, Demonstration, and Certification of Compliance. An actuarial memorandum, demonstration of compliance, and a certification of compliance with Utah laws are required in individual and group life insurance filings. The memorandum must be currently dated and signed by the actuary. The memorandum must include:
- (A) a description of the coverage in detail;
- (B) a demonstration of compliance with applicable nonforfeiture and valuation laws; and
- (C) a certification of compliance with Utah law.
- (5) Refer to each applicable section of this rule for additional procedures on how to submit forms and reports.
- (6) A filer submitting a life settlement filing, in addition to the requirements contained in R590-222-14, shall:

- (a) attach a letter of authorization from the licensee if the filer is not the licensee;
- (b) submit the documents in PDF format;
- (c) identify any provisions that are unusual, controversial, innovative, or have been previously objected to, or prohibited, and explain why the provision is included in the filing; and
- (d) shall certify that the filing has been properly completed and is in compliance with Utah laws and rules.

R590-226-6. Procedures for Filings.

- (1) Forms in General.
 - (a) Forms are "File and Use" filings.
 - (b) Each form must be identified by a unique form number. The form number may not be variable.
 - (c) Forms must contain a descriptive title on the cover page.
 - (d) Forms must be in final printed form. Drafts may not be submitted.
 - (e) Blank spaces within the form must be completed in John Doe fashion to accurately represent the intended market, purpose, and use.
 - (i) If the market intended is for the senior age group, the form must be completed with data representative of senior insureds.
 - (ii) All John Doe data in the forms including the data page must be accurate and consistent with the actuarial memorandum, the basic illustration, the Statement of Policy Cost and Benefit information, and the application, as applicable.
- (2) Application Filing.
 - (a) Each application or enrollment form may be submitted as a separate filing or may be filed with its related policy or certificate filing.
 - (b) If an application has been previously filed or is filed separately, an informational copy of the application must be included with the policy or certificate filing.
 - (3) Policy Filings.
 - (a) Each type of insurance must be filed separately.
 - (b) A policy filing consists of one policy form, including its related forms, such as the application, sample data page, rider, endorsement, and actuarial memorandum.
 - (c) A policy data page must be included with every policy filing.
 - (d) Only one policy form for a single type of insurance may be filed, in each filing a life insurance policy with different premium payment periods is considered one form.
 - (e) A policy data page that changes the basic feature of the policy may not be filed without including the entire policy form in the filing.
 - (4) Rider or Endorsement Filing.
 - (a) Related riders or endorsements may be filed together.
 - (b) A single rider or endorsement that affects multiple forms may be filed if the Filing Description references all affected forms.
 - (c) A rider or endorsement that is based on morbidity risks, such as critical illness or long-term care, is considered accident and health insurance and must be filed in accordance with Rule R590-220, "Accident and Health Insurance Filings."
 - (d) The filing must include:
 - (i) a listing of all base policy form numbers, title and Utah Filed Dates;
 - (ii) a description of how each filed rider or endorsement affects the base policy; and
 - (iii) a sample data page with data for the submitted form.
 - (e) Unrelated riders or endorsement may not be filed together.

R590-226-7. Additional Procedures for Individual Life Insurance Forms and Group Life Insurance Certificates Marketed Individually.

- (1) Insurers filing life insurance forms are advised to review the following code parts and rules prior to submitting a filing:
 - (a) Section 31A-21 Part III, "Specific Clauses in Contracts;"
 - (b) Section 31A-22 Part IV, "Life Insurance and Annuities;"
 - (c) R590-79, "Life Insurance Disclosure Rule;"
 - (d) R590-93, "Replacement of Life Insurance and Annuities;"
 - (e) R590-94, "Smoker/Nonsmoker Mortality Tables;"
 - (f) R590-95, "Minimum Nonforfeiture Standards 1980 CSO and 1980 CET Mortality Tables;"
 - (g) R590-98, "Unfair Practice in Payment of Life Insurance and Annuity Policy Values;"
 - (h) R590-108, "Interest Rate During Grace Period or Upon Reinstatement of Policy;"
 - (i) R590-122, "Permissible Arbitration Provisions;"
 - (j) R590-177, "Life Insurance Illustrations;"
 - (k) R590-191, "Unfair Life Insurance Claims Settlement Practice;"
 - (l) R590-198, "Valuation of Life Insurance Policies;" and
 - (m) R590-223, "Rule to Recognize 2001 CSO Mortality Table."
- (2) Every filing for an individual life insurance policy, rider or benefit endorsement, and a group life insurance policy that includes certificates that are marketed individually, shall include an actuarial memorandum, which includes a demonstration and certification of compliance with:
 - (a) Section 31A-22-408, "Standard Nonforfeiture Law for Life Insurance;" and
 - (b) Section 31A-17 Part V, "Standard Valuation Law."

R590-226-8. Additional Procedures for Group Market Filings.

- (1) A filer submitting group life insurance filings are advised to review the following code parts and rules prior to submitting a filing:
 - (a) Section 31A-21 Part III, "Specific Clauses in Contracts;"
 - (b) Section 31A-22 Part IV, "Life Insurance and Annuities;"
 - (c) Section 31A-22 Part V, "Group Life Insurance;"
 - (d) R590-79, "Life Insurance Disclosure Rule;" and
 - (e) R590-191, "Unfair Life Insurance Claims Settlement Practice."
- (2) A policy must be included with each certificate filing along with a master application and enrollment form.
- (3) Statement of Policy Cost and Benefit Information. A statement of policy cost and benefit information must be included in non-term group life insurance and preneed funeral policies or prearrangements. This disclosure requirement shall extend to the issuance or delivery of certificates as well as to the master policy in compliance with R590-79-3.
- (4) Actuarial Memorandum. An actuarial memorandum must be included in all group life insurance filings describing the coverage in detail and certifying compliance with applicable laws and rules. For non-term group life filings, the memorandum must also demonstrate nonforfeiture compliance with Section 31A-22-515.
- (5) Eligible Group. A filing for an eligible group must include a completed "Utah Life and Annuity Group Questionnaire."
 - (a) A questionnaire must be completed for each eligible group under Section 31A-22-502 through 508.
 - (b) When a filing applies to multiple employer-employee groups under Section 31A-22-502, only one questionnaire is required to be completed.
- (6) Discretionary Group. If a group is not an eligible

group, then specific discretionary group authorization must be obtained prior to submitting the filing. If a form filing is submitted without discretionary group authorization, the filing will be rejected.

(a) To obtain discretionary group authorization a "Utah Life and Annuity Request For Discretionary Group Authorization" must be submitted and include all required information.

(b) Evidence or proof of the following items is considered in determining acceptability of a discretionary group:

- (i) existence of a verifiable group;
- (ii) that granting permission is not contrary to public policy;
- (iii) the proposed group would be actuarially sound;
- (iv) the group would result in economies of acquisition and administration which justify a group rate; and
- (v) the group would not present hazards of adverse selection.

(c) Discretionary group filings that do not provide authorization documentation will be rejected.

(d) Any changes to an authorized discretionary group must be submitted to the department, such as change of name, trustee, domicile state, within 30 days of the change.

(e) The commissioner may periodically re-evaluate the group's authorization.

R590-226-9. Additional Procedures for Variable Life Filings.

(1) Insurers submitting variable life filings are advised to review the following code section and rule prior to submitting a filing:

(a) Section 31A-22-411, "Contracts Providing Variable Benefits;"

(b) R590-133, "Variable Contracts."

(2) A variable life insurance policy must have been previously approved or accepted by the licensee's state of domicile before it is submitted for filing in Utah.

(3) Information regarding the status of the filing of the variable life insurance policy with the Securities and Exchange Commission must be included in the filing.

(4) The description and the actuarial memorandum must:

(a) describe the types of accounts available in the policy; and

(b) identify those accounts that are separate accounts, including modified guaranteed accounts, and those that are general accounts.

(5) The actuarial memorandum must demonstrate nonforfeiture compliance:

(a) for separate accounts pursuant to Section 31A-22-411; and

(b) for fixed interest general accounts pursuant to Section 31A-22-408.

(c) In addition, for fixed accounts, the actuarial memorandum must:

- (i) identify the guaranteed minimum interest rate; and
- (ii) identify the maximum surrender charges.

(6) An actuarial certification of compliance with applicable Utah laws and rules must be included in the filing.

(7) A prospectus is not required to be filed.

R590-226-10. Additional Procedures for Combination Policies, Riders or Endorsements Providing Life and Accident and Health Benefits.

A filer submitting life and health combination policies, or health riders or endorsement to life policies, is advised to review Rule R590-220.

(1) A combination filing is a policy, rider, or endorsement which creates a product that provides both life and accident and health insurance benefits.

(a) The two types of acceptable combination filings are a rider or endorsement or an integrated policy.

(b) Combination filings take considerable time to process, and will be processed by both the Health Section and the Life Section of the Health and Life Insurance Division.

(2) A combination filing must be submitted separately to both the Health Section and the Life Section of the Health and Life Insurance Division.

(3)(a) For an integrated policy, the filing must be submitted to the appropriate division based on benefits provided in the base policy.

(b) For a rider or endorsement, the filing must be submitted to the appropriate section based on benefits provided in the rider or endorsement.

(4) The Filing Description must identify the filing as having a combination of insurance types, such as:

- (a) whole policy with a long-term care benefit rider; or
- (b) major medical health policy that includes a life insurance benefit.

R590-226-11. Classification of Documents.

(1) In accordance with Section 63G-2-305, the only information the commissioner may classify as protected is:

(a) information deemed to be a trade secret. Trade secret means information, including a formula, pattern, compilation, program, device, method, technique, or process, that:

(i) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and

(ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy; or

(b) commercial information and non-individual financial information obtained from a person if:

(i) disclosure of the information could reasonably be expected to result in unfair competitive injury to the person submitting the information or would impair the ability of the commissioner to obtain necessary information in the future; and

(ii) the person submitting the information has a greater interest in prohibiting access than the public in obtaining access.

(2) The person submitting the information under Subsection (1)(a) or (b) and claiming that such is or should be protected shall provide the commissioner with the information in Section 63G-2-309(1)(a)(i).

(a) The filer shall request which specific document the filer believes qualifies under Subsections 63G-2-305(1) or (2) when the filing is submitted; and

(b) the request shall include a written statement of reasons supporting the request that the information should be classified as protected.

(3) Once the filing has been received, the commissioner will review the documents the filer has requested to be classified as protected to determine if the request meets the requirements of Subsections 63G-2-305(1) or (2).

(a) If all the information in the document meets the requirements for being classified as protected and the required statement is included, the document will be classified as protected and the information will not be available to the public.

(b) If all the information in the document does not meet the requirements for being classified as protected, the commissioner will notify the filer of the denial, the reasons for the denial, and the filer's right to appeal the denial. The filer has 30 days to appeal the denial as allowed by Section 63G-2-401.

(c)(i) Despite the denial of classifying the information as protected, the commissioner shall treat the information as if it had been classified as protected until:

(A) the 30 day time limit for an appeal to the commissioner has expired; or

(B) the filer has exhausted all appeals available under Title

63G, Chapter 2, Part 4 and the document has been found to be a public document.

(ii) During the 30 day time limit to appeal or the appeal process, the filer may withdraw:

- (A) the filing; or
- (B) the request for designation as protected.

(d) If the filer combines in a document, information it wishes to be classified as protected with information that is public, the document will be classified as public.

KEY: life insurance filings

October 16, 2013

Notice of Continuation March 18, 2014

31A-2-201

31A-2-201.1

31A-2-202

R590-226-12. Insurer Annual Reports.

All licensee annual reports must be properly identified and must be filed separately from other filings. Each annual report must be submitted when requested.

R590-226-13. Correspondence and Status Checks.

(1) Correspondence. When corresponding with the department, provide sufficient information to identify the original filing:

- (a) type of insurance;
- (b) date of filing;
- (c) form numbers;
- (d) Submission method, SERFF, or email; and
- (e) SERFF tracking number.

(2) Status Checks.

(a) A complete filing is usually processed within 45 days of receipt.

(b) A filer can request the status of its filing 60 days after the date of submission. A response will not be provided to a status request prior to 60 days.

R590-226-14. Responses.

(1) Response to a Filing Objection Letter. When responding to a Filing Objection Letter a filer must:

- (a) provide an explanation identifying all changes made;
- (b) include an underline and strikeout version for each revised document;
- (c) include a final version of revised documents that incorporates all changes; and
- (d) for filing submitted in SERFF, attach the documents in Subsections R590-226-13 (1)(b)(c) to appropriate Form Schedule or Rate/Rule Schedule tab.

(2) Response to an Order to Prohibit Use.

(a) An Order to Prohibit Use becomes final 15 days after the date of the order.

(b) Use of the filing must be discontinued no later than the date specified in the order.

(c) To contest an Order to Prohibit Use, the commissioner must receive a written request for a hearing no later than 15 days after the date of the order.

(d) A new filing is required if the licensee chooses to make the requested changes addressed in the Filing Objection Letter. The new filing must reference the previously prohibited filing.

R590-226-15. Penalties.

Persons found, to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R590-226-16. Enforcement Date.

The commissioner will begin enforcing the revised provisions of this rule 15 days from the effective date of this rule.

R590-226-17. Severability.

If any provision of this rule or its application to any person or situation is held to be invalid, that invalidity shall not affect any other provision or application of this rule, which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

R590. Insurance, Administration.**R590-227. Submission of Annuity Filings.****R590-227-1. Authority.**

This rule is promulgated by the insurance commissioner pursuant to Subsections 31A-2-201(3), 31A-2-201.1, and 31A-2-202(2).

R590-227-2. Purpose and Scope.

(1) The purpose of this rule is to set forth the procedures for submitting annuity filings under Section 31A-21-201.

(2) This rule applies to:

(a) all types of individual and group annuities, and variable annuities; and

(b) group annuity contracts issued to nonresident contract holders, including trusts, when Utah residents are provided coverage by certificates of insurance.

R590-227-3. Definitions.

In addition to the definitions of Section 31A-1-301, the following definitions shall apply for the purpose of this rule:

(1) "Certification" means a statement that the filing being submitted is in compliance with Utah laws and rules.

(2) "Contract" means the annuity policy including attached endorsements and riders;

(3) "Data page" means the page or pages in a contract or certificate that provide the specific data for the annuitant detailing the coverage provided and may be titled by the insurer as contract specifications, contract schedule, policy information, etc.

(4) "Discretionary group" means a group that has been specifically authorized by the commissioner under Section 31A-22-509.

(5) "Electronic Filing" means a filing submitted via the Internet by using the System for Electronic Rate and Form Filings, SERFF.

(6) "Eligible group" means a group that meets the definitions in Sections 31A-22-502 through 31A-22-508.

(7) "Endorsement" means a written agreement attached to an annuity contract that alters a provision of the contract, for example, a name change endorsement and a tax qualification endorsement.

(8) "File and Use" means a filing can be used, sold, or offered for sale after it has been filed with the department.

(9) "Filer" means a person who submits a filing.

(10) "Filing," when used as a noun, means an item required to be filed with the department including:

(a) a contract;

(b) a form;

(c) a document;

(d) an application;

(e) a report;

(f) a certificate;

(g) an endorsement;

(h) a rider; and

(i) an actuarial memorandum, demonstration, and certification.

(11) "Filing Objection Letter" means a letter issued by the commissioner when a review has determined the filing fails to comply with Utah law and rules. The filing objection letter, in addition to requiring correction to non-compliant items, may request clarification or additional information pertaining to the filing.

(12) "Filing status information" means a list of the states to which the filing was submitted, the date submitted, and the states' actions, including their responses.

(13) "Issue Ages" means the range of minimum and maximum ages for which a contract or certificate will be issued.

(14) "Letter of Authorization" means a letter signed by an officer of the licensee on whose behalf the filing is submitted

that designates filing authority to the filer.

(15) "Market type" means the type of contract that indicates the targeted market such as individual or group.

(16) "Order to Prohibit Use" means an order issued by the commissioner that prohibits the use of a filing.

(17) "Rejected" means a filing is:

(a) not submitted in accordance with applicable laws or rules;

(b) returned to the licensee by the department with the reasons for rejection; and

(c) not considered filed with the department.

(18) "Rider" means a written agreement attached to an annuity contract or certificate that adds a benefit, for example, a waiver of surrender charge, a guaranteed minimum withdrawal benefit and a guaranteed minimum income benefit.

(19) "Type of insurance" means a specific type of annuity including, but not limited to, equity indexed annuity, single premium immediate annuity, modified guaranteed annuity, deferred annuity, or variable annuity.

(20) "Utah Filed Date" means the date provided to a filer by the Utah Insurance Department that indicates a filing has been accepted.

R590-227-4. General Filing Information.

(1) Each filing submitted must be accurate, consistent, complete and contain all required documents in order for the filing to be processed in a timely and efficient manner. The commissioner may request any additional information deemed necessary.

(2) A licensee and filer are responsible for assuring that a filing is in compliance with Utah laws and rules. A filing not in compliance with Utah laws and rules is subject to regulatory action under Section 31A-2-308.

(3) A filing that does not comply with this rule will be rejected and returned to the filer. A rejected filing:

(a) is not considered filed with the department;

(b) must be submitted as a new filing; and

(c) will not be reopened for purposes of resubmission.

(4) A prior filing will not be researched to determine the purpose of the current filing.

(5) The department does not review or proofread every filing.

(a) A filings may be reviewed:

(i) when submitted;

(ii) as a result of a complaint;

(iii) during a regulatory examination or investigation; or

(iv) at any other time the department deems necessary.

(b) If a filing is reviewed and is not in compliance with Utah laws and rules, a Filing Objection Letter or an Order to Prohibit Use will be issued to the filer. The commissioner may require the filer to disclose deficiencies in forms or rating practices to affected insureds.

(6) Filing Correction.

(a) Filing corrections are considered informational.

(b) Filing corrections must be submitted within 15 days of the date the original filing was submitted to the department.

(c) A new filing is required if a filing correction is made more than 15 days after the date original filing was submitted to department. The filer must reference the original filing in the filing description.

(7) If responding to a Filing Objection Letter or an Order to Prohibit Use, refer to R590-227-12 for instructions.

(8) Filing withdrawal. A filer must notify the department when withdrawing a previously filed form, rate, or supplementary information.

R590-227-5. Filing Submission Requirements.

(1) All filings must be submitted as an electronic filing.

(a) All filers must use SERFF to submit a filing.

(b) All filings must comply with The "NAIC Uniform Life, Accident and Health, Annuity, and Credit Coding Matrix," dated January 1, 2012, and incorporated by reference. This form is available on the department's website, www.insurance.utah.gov.

(2) A filings must be submitted by market type and type of insurance.

(3) A filing may not include more than one type of insurance, or request filing for more than one licensee.

(4) SERFF Filings.

(a) Filing Description. Do not submit a cover letter. On the General Information tab, complete the Filing Description section with the following information, presented in the order shown below.

(i) Certification.

A. The filer must certify that a filing has been properly completed AND is in compliance with Utah laws and rules.

B. The following statement must be included in the filing description: "BY SUBMITTING THIS FILING I CERTIFY THAT THE ATTACHED FILING HAS BEEN COMPLETED IN ACCORDANCE WITH UTAH ADMINISTRATIVE RULE R590-266 AND IS IN COMPLIANCE WITH APPLICABLE UTAH LAWS AND RULES".

C. The "Utah Life Insurance Filing Certification for Individual" or the "Utah Life Insurance Filing Certification for Group" must be properly completed, signed, and attached to the Supporting Documentation tab.

D. A filing will be rejected if the certification is false, missing, or incomplete.

E. A false certification may subject the licensee to administrative action.

(ii) Provide a description of the filing including:

(A) the intent of the filing; and

(B) the purpose of each document within the filing.

(iii) Indicate if the filing:

(A) is new;

(B) has been submitted with the Interstate Insurance Product Regulation Commission (IIPRC);

(C) is replacing or modifying a previous submission; if so, describe the changes made, if previously rejected or withdrawn, the reasons for rejection or withdrawal, and the previous Utah Filed Date or the IIPRC Date;

(D) includes documents for informational purposes; if so, provide the Utah Filed Date; or

(E) does not include the base policy; if so, provide the Utah Filed Date of the base policy and describe the effect on the base policy.

(iv) Identify if any of the provisions are unusual, controversial, or have been previously objected to, or prohibited, and explain why the provision is included in the filing.

(v) Explain any change in benefits or premiums that may occur while the contract is in force.

(vi) List the issue ages, which means the range of minimum and maximum ages for which a policy will be issued.

(vii) List the minimum initial premium.

(viii) Identify the intended market for the filing, such as senior citizens, nonprofit organizations, association members, corporate owned, bank owned, etc.

(b) Domiciliary Approval and Filing Status Information. All filings for a foreign licensee must include on the Supporting Documentation tab:

(i) copy of domicile approval for the exact same filing; or

(ii) filing status information which includes:

(A) a list of the states to which the filing was submitted;

(B) the date submitted; and

(C) summary of the states' actions and their responses; or

(iii) if the filing is specific to Utah and only filed in Utah, then state, "UTAH SPECIFIC - NOT SUBMITTED TO ANY OTHER STATE."

(c) Group Questionnaire or Discretionary Group Authorization Letter. A group filing must attach to the Supporting Documentation tab either a:

(i) signed and fully completed "Utah Life and Annuity Group Questionnaire"; or

(ii) copy of the Utah Life and Annuity Discretionary Group Authorization letter.

(d) Letter of Authorization.

(i) When the filer is not the licensee, a letter of authorization from the licensee must be attached to the Supporting Documentation tab.

(ii) The licensee remains responsible for the filing being in compliance with Utah laws and rules.

(e) Statement of Variability.

(i) A statement of variability must be attached to the Supporting Documentation tab and certify:

(A) the final form will not contain brackets denoting variable data;

(B) the use of variable data will be administered in a uniform and non-discriminatory manner and will not result in unfair discrimination;

(C) the variable data included in this statement will be used on the referenced forms;

(D) any changes to variable data will be submitted prior to implementation.

(ii) Variable data are denoted in brackets and are defined, either by imbedding in the form, or by a separate form identified by its own form number and edition date. Variable data submitted as a separate form must be in a manner that follows the construction of the form, by page and paragraph, or page and footnote.

(iii) Variable data must be reasonable, appropriate and compliant.

(iv) Use of unauthorized variable data is prohibited.

(f) Annuity Report. All annuity filings must include a sample annuity annual report.

(g) Items being submitted for filing.

(i) All forms must be attached to the Form Schedule tab.

(ii) All rating documentation, including actuarial memorandums and rate schedules, must be attached to the Rate/Rule Schedule tab.

(iii) Actuarial Memorandum, Demonstration, and Certification of Compliance. An actuarial memorandum, demonstration of compliance, and a certification of compliance with Utah law are required in individual and group life insurance filings. The memorandum must be currently dated and signed by the actuary. The memorandum must include:

(A) description of the coverage in detail;

(B) demonstration of compliance with applicable nonforfeiture and valuation laws; and

(C) a certification of compliance with Utah law.

(5) Refer to each applicable Section of this rule for additional procedures on how to submit forms and reports.

R590-227-6. Procedures for Filings.

(1) Forms in General.

(a) Forms are "File and Use" filings.

(b) Each form must be identified by a unique form number. The form number may not be variable.

(c) Forms must contain a descriptive title on the cover page.

(d) Forms must be in final printed form or printer's proof format. Drafts may not be submitted.

(e) Blank spaces within the form must be completed in John Doe fashion to accurately represent the intended market, purpose, and use.

(i) If the market intended is for the senior age market, the form must be completed with data representative of senior annuitants.

(ii) All John Doe data in the forms including the data page must be accurate and consistent with the actuarial memorandum, the application, and any marketing materials, as applicable.

(2) Application Filing.

(a) Each application or enrollment form may be submitted as a separate filing or may be filed with its related policy or certificate filing.

(b) If an application has been previously filed or is filed separately, an informational copy of the application must be included with the policy or certificate filing.

(3) Contract Filing.

(a) Each type of annuity must be filed separately.

(b) A contract filing consists of one contract form, including its related forms, such as an application, data page, rider or endorsement, and actuarial memorandum.

(c) A contract data page must be included with every contract filing.

(d) Only one contract form for a single type of insurance may be filed.

(e) A contract data page that changes the basic feature of the contract may not be filed without including the entire contract form in the filing.

(4) Rider or Endorsement Filings.

(a) Related riders or endorsements may be filed together.

(b) A single rider or endorsement that affects multiple forms may be filed if the Filing Description references all affected forms.

(c) A rider or endorsement that is based on morbidity risks such as critical illness or long-term care, is considered accident and health insurance and must be filed in accordance with Rule R590-220, "Accident and Health Insurance Filings".

(d) The filing must include:

(i) a listing of all base contract form numbers, title and Utah Filed Dates; and

(ii) a description of how each filed rider or endorsement affects the base contract.

(iii) a sample data page with data for the submitted form.

(e) Unrelated endorsements may not be filed together.

R590-227-7. Additional Procedures for Fixed Annuity Filings.

(1) Insurers filing annuity forms are advised to review the following code sections and rules prior to submitting a filing:

(a) Section 31A-21 Part III, "Specific Clauses in Contracts;"

(b) Section 31A-22 Part IV, "Life Insurance and Annuities;"

(c) R590-93, "Replacement of Life Insurance and Annuities;"

(d) R590-96, "Annuity Mortality Tables;" and

(e) R590-191, "Unfair Life Insurance Claims Settlement Practice."

(2) Every filing of an individual annuity contract, rider or endorsement providing benefits, and every group annuity filing including certificates that are marketed individually, shall include an actuarial memorandum, a demonstration, and a certification of compliance with nonforfeiture and valuation laws. Refer to the following:

(a) Section 31A-22-409, "Standard Nonforfeiture Law for Deferred Annuities;" and

(b) Section 31A-17 Part V, "Standard Valuation Law."

(3) When submitting annuity filings the General Information Tab must:

(a) identify the specific subsection of the Utah nonforfeiture law, which applies to the submitted annuity;

(b) describe the basic features of the form submitted;

(c) identify and describe the interest earning features; including the guaranteed interest rate, the guaranteed interest terms, and any market value adjustment feature;

(d) describe the guaranteed and nonguaranteed values including any bonuses;

(e) describe all charges, fees and loads;

(f) list and describe all accounts, options and strategies, if any;

(g) identify whether the accounts are fixed interest general accounts, registered separate accounts including modified guaranteed separate accounts; and

(h) describe any restrictions or limitations regarding withdrawals, surrenders, and the maturity date or settlement options.

(4) The contract must be complete with a sample specification page attached.

(5) The actuarial memorandum must:

(a) be currently dated and signed by the actuary;

(b) identify the specific subsections of the Utah nonforfeiture law which applies to the submitted annuity;

(c) describe all contract provisions in detail, including all guaranteed and non-guaranteed elements, that may affect the values;

(d) identify the guaranteed minimum interest crediting rates;

(e) describe in detail the particular methods of crediting interest, including:

(i) guaranteed fixed interest rates; and

(ii) guaranteed interest terms.

(f) specifically identify, describe and list all charges and fees, including loads, surrender charges, market value adjustments or any other adjustment feature;

(g) describe in detail all accounts and factors that are used to calculate guaranteed minimum nonforfeiture values and minimum cash surrender values in the contract and the elements used in the calculation of the minimum values required by the law; and

(h) include the formulas used to calculate the minimum guaranteed values provided by the contract and the formulas used to calculate the minimum guaranteed values required by the applicable subsections of the nonforfeiture law.

(6) The actuarial demonstration must:

(a) compare minimum contract values with minimum nonforfeiture values;

(b) be based on representative premium patterns, for flexible premium products use both a single premium and level premium payment, and for both age 35 and age 60 or the highest issue age if lower;

(c) numerically demonstrate that the values based on the guaranteed minimum interest rates, the maximum surrender charges, fees, loads, and any other factors affecting values, provide values that are in compliance with the Standard Nonforfeiture Law using both the retrospective and the prospective tests, each test must be clearly identified, and include the following:

(i) For the retrospective test, describe the net consideration and the interest rates used in the accumulation. Numerically compare the guaranteed contract values with the minimum values required by the nonforfeiture law.

(ii) For the prospective test, identify the maturity value and the interest rate used for each respective year to determine the present value. Numerically compare the guaranteed contract values with the minimum values required by the nonforfeiture law.

(7) The actuarial certification of compliance must be currently dated and signed by the actuary. The certification must state that the formulas used and values provided are in compliance with Utah laws and rules.

R590-227-8. Additional Procedures for Group Annuity Filings.

(1) A filer submitting group annuity filings are advised to

review the following code sections and rules prior to submitting a filing:

- (a) Section 31A-21 Part III, "Specific Clauses in Contracts;"
- (b) Section 31A-22 Part IV, "Life Insurance and Annuities;"
- (c) Section 31A-22 Part V, "Group Life Insurance;" and
- (d) R590-191, "Unfair Life Insurance Claims Settlement Practice."

(2) A group contract must be included with each certificate filing along with the master application and enrollment form.

(3) Actuarial Memorandum. An actuarial memorandum must be included in all group annuity filing describing the features of the contract and certifying compliance with applicable laws and rules.

(4) Eligible Groups. A filing for an eligible group must include a completed "Utah Life and Annuity Group Questionnaire."

(a) A questionnaire must be completed for each eligible group under Sections 31A-22-502 through 508.

(b) When a filing applies to multiple employer-employee groups under Section 31A-22-502, only one questionnaire is required to be completed.

(5) Discretionary Group. If a group is not an eligible group, then specific discretionary group authorization must be obtained prior to submitting the filing. If a filing is submitted without discretionary group authorization, the filing will be rejected.

(a) To obtain discretionary group authorization a "Utah Life and Annuity Request For Discretionary Group Authorization" must be submitted and include all required information.

(b) Evidence or proof of the following items is considered in determining acceptability of a discretionary group:

- (i) existence of a verifiable group;
- (ii) that granting permission is not contrary to public policy;
- (iii) the proposed group would be actuarially sound;
- (iv) the group would result in economies of acquisition and administration which justify a group rate; and
- (v) the group would not present hazards of adverse selection.

(c) Discretionary group filings that do not provide authorization documentation will be rejected.

(d) Any changes to an authorized discretionary group must be submitted to the department, such as; change of name, trustee, domicile state, within 30 days of the change.

(e) The commissioner may periodically re-evaluate the group's authorization.

R590-227-9. Additional Procedures for Variable Annuity Filings Procedures.

(1) Insurers submitting variable annuity filings are advised to review the following code sections and rule prior to submitting a filing:

- (a) Section 31A-22-411, "Contracts Providing Variable Benefits;" and
- (b) R590-133, "Variable Contracts."

(2) A variable annuity contract must have been previously approved or accepted by the licensee's state of domicile before it is submitted for filing in Utah.

(3) Information regarding the status of the filing of the variable annuity with the Securities and Exchange Commission must be included in the filing.

(4) The description and the actuarial memorandum must:

(a) describe the type of accounts available in the contract; and

(b) identify those accounts that are separate accounts, including modified guaranteed annuities, and those accounts

that are general accounts.

(5) The actuarial memorandum must describe all contract provisions in detail, including all guaranteed and non-guaranteed elements that may affect the values.

(6) The actuarial demonstration must numerically demonstrate compliance with the applicable nonforfeiture laws:

(a) for variable annuities, including modified guaranteed annuities, pursuant to Section 31A-22-411;

(b) for fixed interest general accounts pursuant to 31A-22-409, identify and describe all guaranteed factors that affect values, including:

- (i) the guaranteed minimum interest rate; and
- (ii) the maximum surrender charges and loads.

(7) An actuarial certification of compliance with applicable Utah laws and rules must be included in the filing.

(8) A filing for a rider that provides benefits, such as guaranteed minimum death benefit and guaranteed minimum withdrawal benefit, must include an actuarial memorandum.

(9) A prospectus is not required to be filed.

R590-226-10. Classification of Documents.

(1) In accordance with Section 63G-2-305, the only information the commissioner may classify as protected is:

(a) information deemed to be a trade secret. Trade secret means information, including a formula, pattern, compilation, program, device, method, technique, or process, that:

(i) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and

(ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy; or

(b) commercial information and non-individual financial information obtained from a person if:

(i) disclosure of the information could reasonably be expected to result in unfair competitive injury to the person submitting the information or would impair the ability of the commissioner to obtain necessary information in the future; and

(ii) the person submitting the information has a greater interest in prohibiting access than the public in obtaining access.

(2) The person submitting the information under Subsection (1)(a) or (b) and claiming that such is or should be protected shall provide the commissioner with the information in Section 63G-2-309(1)(a)(i).

(a) The filer shall request which specific document the filer believes qualifies under Subsections 63G-2-305(1) or (2) when the filing is submitted; and

(b) the request shall include a written statement of reasons supporting the request that the information should be classified as protected.

(3) Once the filing has been received, the commissioner will review the documents the filer has requested to be classified as protected to determine if the request meets the requirements of Subsections 63G-2-305(1) or (2).

(a) If all the information in the document meets the requirements for being classified as protected and the required statement is included, the document will be classified as protected and the information will not be available to the public.

(b) If all the information in the document does not meet the requirements for being classified as protected, the commissioner will notify the filer of the denial, the reasons for the denial, and the filer's right to appeal the denial. The filer has 30 days to appeal the denial as allowed by Section 63G-2-401.

(c)(i) Despite the denial of classifying the information as protected, the commissioner shall treat the information as if it had been classified as protected until:

(A) the 30 day time limit for an appeal to the commissioner has expired; or

(B) the filer has exhausted all appeals available under Title

63G, Chapter 2, Part 4 and the document has been found to be a public document.

(ii) During the 30 day time limit to appeal or the appeal process, the filer may withdraw:

- (A) the filing; or
- (B) the request for designation as protected.

(d) If the filer combines in a document, information it wishes to be classified as protected with information that is public, the document will be classified as public.

R590-227-11. Correspondence and Status Checks.

(1) Correspondence. When corresponding with the department, provide sufficient information to identify the original filing:

- (a) type of insurance;
 - (b) date of filing;
 - (c) form numbers; and
 - (d) SERFF tracking number
- (2) Status Checks.

(a) A complete filing is usually processed within 45 days of receipt.

(b) A filer can request the status of its filing 60 days after the date of submission. A response will not be provided to a status request prior to 60 days.

R590-227-12. Responses.

(1) Response to a Filing Objection Letter. When responding to a Filing Objection Letter a filer must:

- (a) provide an explanation identifying all changes made;
- (b) include an underline and strikeout version for each revised document;
- (c) a final version of revised documents that incorporate all changes; and
- (d) for filing submitted in SERFF, attached the documents in Subsections R590-227-11(1)(b)(c) to appropriate Form Schedule or Rate/Rule Schedule tab.

(2) Response to an Order to Prohibit Use.

(a) An Order to Prohibit Use becomes final 15 days after the date of the Order.

(b) Use of the filing must be discontinued no later than the date specified in the Order.

(c) To contest an Order to Prohibit Use, the commissioner must receive a written request for a hearing no later than 15 days after the date of the Order.

(d) A new filing is required if the licensee chooses to make the requested changes addressed in the Filing Objection Letter. The new filing must reference the previously prohibited filing.

R590-227-13. Penalties.

Persons found, to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R590-227-14. Enforcement Date.

The commissioner will begin enforcing the revised provisions of this rule 15 days from the effective date of this rule.

R590-227-15. Severability.

If any provision of this rule or its application to any person or situation is held to be invalid, that invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

KEY: annuity insurance filings

October 16, 2013

Notice of Continuation March 18, 2014

31A-2-201

31A-2-201.1

31A-2-202

R590. Insurance, Administration.**R590-228. Submission of Credit Life and Credit Accident and Health Insurance Form and Rate Filings.****R590-228-1. Authority.**

This rule is promulgated by the insurance commissioner pursuant to Subsection 31A-2-201(3), 31A-2-201.1, 31A-2-202(2), 31A-22-807.

R590-228-2. Purpose and Scope.

(1) The purpose of this rule is to set forth the procedures for submitting:

(a) Credit life and credit accident and health insurance filings required by Section 31A-21-201;

(b) Credit life and credit accident and health insurance rate filings required by Section 31A-22-807, R590-91; and

(c) report filings as required.

(2) This rule applies to all credit life insurance and credit accident and health insurance including group contracts issued to nonresident policyholders, including trusts, when Utah residents are provided coverage by certificates of insurance.

R590-228-3. Definitions.

In addition to the definitions of Section 31A-1-301, the following definitions shall apply for the purpose of this rule:

(1) "Certification" means a statement that the filing being submitted is in compliance with Utah laws and rules.

(2) "Data page" means the page or pages in a policy and certificate that provide the specific data for the insured detailing the coverage provided and may be titled by the insurer as schedule page, schedule of benefits and premiums, etc.

(3) "Electronic Filing" means a filing submitted via the Internet by using the System for Electronic Rate and Form Filing, SERFF.

(4) "Eligible group" means a group that meets the definitions in Sections 31A-22-502 through 31A-22-508.

(5) "Endorsement" means a written agreement attached to a life insurance policy that alters a provision of the policy. An example is a company change of name.

(6) "File and Use" means a filing can be used, sold, or offered for sale after it has been filed with the department.

(7) "File for Approval" means a filing can be used, sold, or offered for sale after it has been filed and the filer has received written confirmation that the filing was approved.

(8) "Filer" means a person who submits a filing.

(9) "Filing," when used as a noun, means an item required to be filed with the department including:

(a) a policy;

(b) a rate, rate methodologies;

(c) a form;

(d) a document;

(e) an application;

(f) a report;

(g) a certificate;

(h) an endorsement;

(i) a rider; and

(j) an actuarial memorandum, demonstration, and certification.

(10) "Filing Objection Letter" means a letter issued by the commissioner when a review has determined the filing fails to comply with Utah law and rules. The filing objection letter, in addition to requiring correction of non-compliant items, may request clarification or additional information pertaining to the filing.

(11) "Filing status information" means a list of the states to which the filing was submitted, the date submitted, and the states' actions, including their responses

(12) "Issue Ages" means the range of minimum and maximum ages for which a policy or certificate will be issued.

(13) "Letter of Authorization" means a letter signed by an

officer of the licensee on whose behalf the filing is submitted that designates filing authority to the filer.

(14) "Market type" means the type of policy that indicates the targeted market such as individual or group.

(15) "Order to Prohibit Use" means an order issued by the commissioner that prohibits the use of a filing.

(16) "Rejected" means a filing is:

(a) not submitted in accordance with applicable laws or rules;

(b) returned to the licensee by the department with the reasons for rejection; and

(c) not considered filed with the department.

(17) "Rider" means a written agreement attached to a life insurance policy or certificate that adds a benefit. An example is a credit accident and health insurance rider.

(18) "Type of insurance" means a specific credit life and credit accident and health insurance product, as defined in the NAIC Coding Matrix, including, but not limited to, gross decreasing term, net decreasing term, level term, or truncated coverage.

(19) "Utah Filing Date" means the date provided to a filer by the Utah Insurance Department that indicates a filing has been accepted.

R590-228-4. General Filing Information.

(1) Each filing submitted must be accurate, consistent, and complete and contain all required documents in order for the filing to be processed in a timely and efficient manner. The commissioner may request any additional information deemed necessary.

(2) Licensee and filer are responsible for assuring that a filing is in compliance with Utah laws and rules. A filing not in compliance with Utah laws and rules is subject to regulatory action under Section 31A-2-308.

(3) A filing that does not comply with this rule will be rejected and returned to the filer. A rejected filing:

(a) is not considered filed with the department;

(b) must be submitted as a new filing; and

(c) will not be reopened for purposes of resubmission.

(4) A prior filing will not be researched to determine the purpose of the current filing.

(5) The department does not review or proofread every filing.

(a) A filing may be reviewed:

(i) when submitted;

(ii) as a result of a complaint;

(iii) during a regulatory examination or investigation; or

(iv) at any other time the department deems necessary.

(b) If a filing is reviewed and is not in compliance with Utah laws and rules, a Filing Objection Letter or an Order to Prohibit Use will be issued to the filer. The commissioner may require the filer to disclose deficiencies in forms or rating practices to affected insureds.

(6) Filing Correction.

(a) Filing corrections are considered informational.

(b) Filing corrections must be submitted within 15 days of the date the original filing was submitted to the department.

(c) A new filing is required if a filing correction is made more than 15 days after the date the original filing was submitted to the department. The filer must reference the original filing in the filing description.

(7) If responding to a Filing Objection Letter or an Order to Prohibit Use, refer to R590-228-11 for instructions.

(8) Filing withdrawal. A filer must notify the department when withdrawing a previously filed form, rate, or supplementary information.

R590-228-5. Filing Submission Requirements.

(1) All filings must be submitted as an electronic filing.

(a) All filers must use SERFF to submit a filing.
 (b) All filings must comply with The "NAIC Uniform Life, Accident and Health, Annuity, and Credit Coding Matrix," dated January 1, 2009, and incorporated by reference. This form is available on the department's website, www.insurance.utah.gov.

(2) A filings must be submitted by market type and type of insurance.

(3) A filing may not include more than one type of insurance; or request filing for more than one licensee.

(4) SERFF Filings.

(a) Filing Description. Do not submit a cover letter. On the General Information tab, complete the Filing Description section with the following information, presented in the order shown below.

(i) Provide a description of the filing including:

(A) the intent of the filing; and
 (B) the purpose of each document within the filing.

(ii) Indicate if the filing:

(A) is new;

(B) is replacing or modifying a previous submission; if so, describe the changes made, if previously rejected the reasons for rejection, and the previous Utah Filed Date;

(C) includes documents for informational purposes; if so, provide the Utah Filed Date; or

(D) does not include the base policy; if so, provide the Utah Filed Date of the base policy and describe the effect on the base policy.

(iii) Identify if any of the provisions are unusual, controversial, or have been previously objected to, or prohibited, and explain why the provision is included in the filing.

(iv) Explain any change in benefits or premiums that may occur while the contract is in force.

(v) List the types of coverage to be provided, such as gross, net, full term, truncated and critical period.

(vi) Indicate whether the insurer has a Rating and Benefits Plan on file with the department.

(vii) List the issue ages, which means the range of minimum and maximum ages for which a policy will be issued.

(viii) Identify the intended market

(ix) Identify the types and durations of loans to be insured.

(x) Describe the methods of premium charge.

(b) Certification. The filer must certify that a filing has been properly completed AND is in compliance with Utah laws and rules. The "Utah Credit Life and Credit Accident and Health Filing Certification" must be properly completed, signed, and attached to the Supporting Documentation tab. A false certification may subject the licensee to administrative action.

(c) Domiciliary Approval and Filing Status Information. All filings for a foreign licensee must include on the Supporting Documentation tab:

(i) copy of domicile approval for the exact same filing; or

(ii) filing status information which includes:

(A) a list of the states to which the filing was submitted;

(B) the date submitted; and

(C) summary of the states' actions and their responses; or

(iii) if the filing is specific to Utah and only filed in Utah, then state, "UTAH SPECIFIC - NOT SUBMITTED TO ANY OTHER STATE."

(d) Letter of Authorization.

(i) When the filer is not the licensee, a letter of authorization from the licensee must be attached to the Supporting Documentation tab.

(ii) The licensee remains responsible for the filing being in compliance with Utah laws and rules.

(e) Statement of Variability.

(i) A statement of variability must be attached to the Supporting documentation tab and certify:

(A) the final form will not contain brackets denoting

variable data;

(B) the use of variable data will be administered in a uniform and non-discriminatory manner and will not result in unfair discrimination;

(C) the variable data included in this statement will be used on the referenced forms;

(D) any changes to variable data will be submitted prior to implementation.

(ii) Variable data are denoted in brackets and are defined, either by imbedding in the form, or by a separate form identified by its own form number and edition date. Variable data submitted as a separate form must be in a manner that follows the construction of the form, by page and paragraph, or page and footnote.

(iii) Variable data must be reasonable, appropriate and compliant.

(iv) Use of unauthorized variable data is prohibited.

(f) Items being submitted for filing.

(i) All forms must be attached to the form schedule tab.

(ii) All rating documentation, including actuarial memorandums and rate schedules, must be attached to the Rate/Rule Schedule tab.

(iii) Actuarial Memorandum, Demonstration, and Certification of Compliance. An actuarial memorandum and demonstration with sample rate calculations and a certification of compliance with Utah law are required in each filing. The memorandum must be currently dated and signed by the actuary.

(5) Refer to each applicable Section of this rule for additional procedures on how to submit forms, rates, and reports.

R590-228-6. Procedures for Filings.

(1) Forms in General.

(a) Forms are "File and Use" filings.

(b) Each form must be identified by a unique form number. The form number may not be variable.

(c) Forms must contain a descriptive title on the cover page.

(d) Forms must be in final printed form or printer's proof format. Drafts may not be submitted.

(e) Blank spaces within the forms must be completed in John Doe fashion to accurately represent the intended market, purpose, and use.

(f) All John Doe data in the forms, including the data page, premium rates and benefits, must be accurate and consistent with the actuarial memorandum and rate schedule.

(2) Policy Filings.

(a) Each type of insurance must be filed separately.

(b) A policy filing consists of one policy form, including its related forms, including the application, enrollment form, certificate, actuarial memorandum, certification, and rate schedule.

(c) Only one policy filing for a single type of insurance may be filed.

(3) Rider or Endorsement Filings.

(a) Related riders or endorsements may be filed together.

(b) A single rider or endorsement that affects multiple forms may be filed in the Filing Description and references all affected forms.

(c) The filing must include:

(i) a listing of the base policy form number, title and Utah Filed Dates;

(ii) a description of how each rider or endorsement affects the base policy; and

(iii) appropriate actuarial memorandum and rate schedule.

(4) Application Filings.

(a) Each application or enrollment form may be submitted as a separate filing or filed with its related policy or certificate filing.

(b) If an application has been previously filed or is filed separately, an informational copy of the application must be included with a policy or certificate filing.

(5) Rates. Rates are considered "File for Approval".

R590-228-7. Additional Procedures for Credit Life and Credit Accident and Health Form and Rate Filings.

(1) A Licensee filing Credit Life and Credit Accident and Health are advised to review the following code sections and rules prior to submitting a filing:

(a) Section 31A-21 Part III, "Specific Clauses in Contracts;"

(b) Section 31A-22 Part IV, "Life insurance and Annuities;"

(c) Section 31A-22 Part V, "Group Life Insurance;"

(d) Section 31A-22 Part VI, "Accident and Health Insurance;"

(e) Section 31A-22 Part VIII, "Credit Life and Accident and Health;"

(f) R590-91, "Credit Life and Disability;" and

(g) R590-191, "Unfair Life Insurance Claims Settlement Practice;"

(h) R590-192, "Unfair Health and Disability Claims Settlement Practices."

(2) A policy must be included with each certificate filing along with a master application and enrollment form.

(3) Actuarial Memorandum, Demonstration and Certification of Compliance. Each form and rate filing must include an actuarial memorandum, demonstration, and certification of compliance with Utah laws, signed and dated by the actuary representing the insurer.

(a) Actuarial memorandum must include a description of the following:

(i) types of coverage, such as gross or net decreasing, single or joint life, full term or truncated, critical period;

(ii) types of loans to be insured, such as open end, closed end,

(iii) types of premium charge: single premium, monthly outstanding balance, or other method explained in detail;

(iv) durations of loans and durations of coverage. Refer to 31A-22-801(2)(a);

(v) rates per unit, rating and premium methodologies including:

(A) formulas used for each type of coverage and premium method; and

(B) sample calculations for each type of coverage and premium method;

(vi) an explanation of whether the company has a Rating and Benefits Plan on file and if so, whether the submitted rates are consistent with the filed plan;

(vii) demonstration of compliance with applicable code and rules;

(viii) refund methods and calculation including formulas for each type of coverage; and

(ix) reserve bases including methods used.

(b) The actuarial certification must include certification of compliance that formulas and methods used produce rates that are in compliance with applicable Utah laws and rules for each type of coverage and duration in the filing.

(4) Rate Schedules.

(a) Rate schedules must be included for each type of coverage and for representative durations.

(b) Rates must be identified as prima facie rates, rates previously filed for compliance with the Rating and Benefits Plan required in R590-91-10, or deviated rates submitted pursuant to 31A-22-807, or rates on nonstandard coverage pursuant to R590-91-5.

(5) All benefits must be reasonable in relation to the premium charge. Insurers filing for approval of a rate higher

than prima facie rates must comply with the requirements of 31A-22-807 and R590-91-10. Include a demonstration that the rates are reasonable in relation to the benefits.

R590-228-8. Insurer Annual Reports.

All licensee annual reports must be properly identified and must be filed separately from other filings. Each annual report must be submitted when requested.

R590-228-9. Correspondence and Status Checks.

(1) Correspondence. When corresponding with the department, provide sufficient information to identify the original filing:

(a) type of insurance;

(b) date of filing;

(c) form numbers; and

(d) SERFF tracking number.

(2) Status Checks.

(a) A complete filing is usually processed within 45 days of receipt.

(b) A filer can request the status of its filing 60 days after the date of submission. A response will not be provided to a status request prior to 60 days.

R590-228-10. Responses.

(1) Response to a Filing Objection Letter. When responding to a Filing Objection Letter a filer must:

(a) provide an explanation identifying all changes made;

(b) include an underline and strikeout version for each revised document;

(c) include a final version of revised documents that incorporates all changes; and

(d) for filing submitted in SERFF, attach the documents in Subsections R590-228-10(1)(b)(c) to appropriate Form Schedule or Rate/Rule Schedule tab.

(2) Response to an Order to Prohibit Use.

(a) An Order to Prohibit Use becomes final 15 days after the date of the Order.

(b) Use of the filing must be discontinued no later than the date specified in the Order.

(c) To contest an Order to Prohibit Use, the commissioner must receive a written request for a hearing no later than 15 days after the date of the Order.

(d) A new filing is required if the licensee chooses to make the requested changes addressed in the Filing Objection Letter. The new filing must reference the previously prohibited filing.

R590-228-11. Penalties.

Persons found, to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R590-228-12. Enforcement Date.

The commissioner will begin enforcing the revised provisions of this rule upon 15 days from the effective date of this rule.

R590-228-13. Severability.

If any provision of this rule or its application to any person or situation is held to be invalid, that invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

KEY: credit insurance filings

November 19, 2009

Notice of Continuation March 18, 2014

31A-2-201

31A-2-201.1

31A-2-202

R590. Insurance, Administration.**R590-229. Annuity Disclosure.****R590-229-1. Authority.**

This rule is promulgated pursuant to Section 31A-22-425 wherein the commissioner is to make rules to establish standards for buyer's guides and disclosures and Subsection 31A-2-201(3)(a) wherein the commissioner may make rules to implement the provisions of Title 31A.

R590-229-2. Purpose.

The purpose of this rule is to:

(1) provide standards for the disclosure of minimum information about annuity contracts to protect consumers by specifying:

(a) the minimum information that must be disclosed; and
(b) the method for disclosing it in connection with the sale of annuity contracts; and

(2) foster consumer education by ensuring that purchasers of annuity contracts understand certain basic features of annuity contracts.

R590-229-3. Scope.

(1) This rule applies to individual and group annuity contracts and certificates except:

(a) registered or non-registered variable annuities or other registered products;

(b)(i) annuities used to fund:

(A) an employee pension plan that is covered by the Employee Retirement Income Security Act (ERISA);

(B) a plan described by Internal Revenue Code (IRC) Sections 401(a), 401(k), or 403(b) where the plan is established or maintained by an employer;

(C) a government or church plan defined in IRC Section 414 or a deferred compensation plan or a state or local government or a tax exempt organization under IRC Section 457; or

(D) a nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

(ii) Notwithstanding Subsection (1)(b)(i) of this section, this rule shall apply to annuities used to fund a plan or arrangement that is funded solely by contributions an employee elects to make whether on a pre-tax or after-tax basis and there is a direct solicitation of an individual employee by a producer for the purchase of an annuity contract. As used in this subsection, direct solicitation shall not include any meeting held by a producer solely for the purpose of educating or enrolling employees in the plan or arrangement; and

(c) structured settlement annuities; and

(d) funding agreements.

(2) The disclosure document requirements of this rule do not apply to immediate and deferred annuities that contain no nonguaranteed elements.

R590-229-4. Incorporation by Reference.

The following Buyer's Guides are hereby incorporated by reference within this rule:

(1) "Buyer's Guide for Deferred Annuities" dated 2013, as adopted by and available from the National Association of Insurance Commissioners;

(2) "Buyer's Guide for Deferred Annuities - Fixed" dated 2013, as adopted by and available from the National Association of Insurance Commissioners; and

(3) "Buyer's Guide for Deferred Annuities - Variable" dated 2013 as adopted by and available from the National Association of Insurance Commissioners.

R590-229-5. Definitions.

In addition to the definitions in Section 31A-1-301, the following definitions shall apply for the purpose of this rule:

(1) "Buyer's Guide" means a document which contains, and is limited to, the language contained in the "Buyer's Guide for Deferred Annuities," dated 2013, the Buyer's Guide for Deferred Annuities - Fixed" dated 2013, and the "Buyer's Guide for Deferred Annuities - Variable" dated 2013.

(2) "Contract owner" means the owner named in the annuity contract or certificate holder in the case of a group annuity contract.

(3) "Determinable elements" means elements that are derived from processes or methods that are guaranteed at issue and not subject to company discretion, but where the values or amounts cannot be determined until some point after issue. These elements include the premiums, credited interest rates with any applicable bonus, benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these. These elements may be described as guaranteed but not determined at issue. An element is considered determinable if all of the underlying elements that go into its calculation are either guaranteed or determinable.

(4) "Disclosure document" means the document described in Subsection 6(2) of this rule.

(5) "Funding agreement" means an agreement for an insurer to accept and accumulate funds and to make one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies.

(6) "Generic name" means a short title descriptive of the annuity contract being applied for such as "single premium deferred annuity".

(7) "Guaranteed elements" means premiums, credited interest rates with any applicable bonus, benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these, that are guaranteed and determined at issue. An element is considered guaranteed if all of the underlying elements that go into its calculation are guaranteed.

(8) "Non-guaranteed elements" means the premiums, credited interest rates with any applicable bonus, benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these that are subject to company discretion and are not guaranteed at issue. An element is considered non-guaranteed if any of the underlying elements that go into its calculation are non-guaranteed.

(9) "Structured settlement annuity" means a "qualified funding asset" as defined in IRC Section 130(d) or an annuity that would be a qualified funding asset under IRC Section 130(d) but for the fact that it is not owned by an assignee under a qualified assignment.

R590-229-6. Appropriate Buyer's Guide.

(1) The "Buyer's Guide for Deferred Annuities" shall be considered the appropriate Buyer's Guide for an annuity product.

(2) Notwithstanding Subsection (1) for a non-variable annuity product, the "Buyer's Guide to Deferred Annuities - Fixed" may be used as the appropriate Buyer's Guide.

(3) If an insurer elects to provide a Buyer's Guide for a variable annuity product, the insurer may use either the "Buyer's Guide for Deferred Annuities" or the "Buyer's Guide for Deferred Annuities - Variable."

R590-229-7. Standards for the Disclosure Document and Buyer's Guide.

(1)(a) Where the application for an annuity contract is taken in a face-to-face meeting, the applicant shall, at or before the time of application, be given both the disclosure document described in Subsection 7(2) of this section and the appropriate Buyer's Guide, as described in Section 6.

(b) Where the application for an annuity contract is taken by means other than in a face-to-face meeting, the applicant shall be sent both the disclosure document and the appropriate

Buyer's Guide no later than five business days after the completed application is received by the insurer.

(i) With respect to an application received as a result of a direct solicitation through the mail:

(A) providing a Buyer's Guide in a mailing inviting prospective applicants to apply for an annuity contract shall be deemed to satisfy the requirement that the appropriate Buyer's Guide be provided no later than five business days after receipt of the application; and

(B) providing a disclosure document in a mailing inviting a prospective applicant to apply for an annuity contract shall be deemed to satisfy the requirement that the disclosure document be provided no later than five business days after receipt of the application.

(ii) With respect to an application received via the Internet:

(A) taking reasonable steps to make the appropriate Buyer's Guide available for viewing and printing on the insurer's website shall be deemed to satisfy the requirement that the appropriate Buyer's Guide be provided no later than five business days of receipt of the application; and

(B) taking reasonable steps to make the disclosure document available for viewing and printing on the insurer's website shall be deemed to satisfy the requirement that the disclosure document be provided no later than five business days after receipt of the application.

(c) A solicitation for an annuity contract provided in other than a face-to-face meeting shall include a statement that the prospective applicant can obtain from the insurer a free annuity Buyer's Guide upon request.

(2) At a minimum, the following information shall be included in the disclosure document required to be provided under this rule:

(a) the generic name of the contract, the company product name, if different, the form number, and the fact that it is an annuity;

(b) the insurer's name and address;

(c) a description of the contract and its benefits, emphasizing its long-term nature, including examples where appropriate of:

(i) the guaranteed, non-guaranteed and determinable elements of the contract, and their limitations, if any, and an explanation of how they operate;

(ii) an explanation of the initial crediting rate, specifying any bonus or introductory portion, the duration of the rate and the fact that rates may change from time to time and are not guaranteed;

(iii) periodic income options, both on a guaranteed and non-guaranteed basis;

(iv) any value reductions caused by withdrawals from or surrender of the contract;

(v) how values in the contract can be accessed;

(vi) the death benefit, if available, and how it will be calculated;

(vii) a summary of the federal tax status of the contract and any penalties applicable on withdrawal of values from the contract; and

(viii) impact of any rider, such as a long-term care rider;

(d) specific dollar amount or percentage charges and fees shall be listed with an explanation of how they apply; and

(e) information about the current guaranteed rate for a new contract that contains a clear notice that the rate is subject to change.

(3) An insurer shall define terms used in the disclosure statement in language that facilitates the understanding by a typical person within the segment of the public to which the disclosure statement is directed.

R590-229-8. Report to Contract Owners.

For an annuity in the payout period with changes in non-

guaranteed elements and for the accumulation period of a deferred annuity, the insurer shall provide the contract owner with a report, at least annually, on the status of the contract that contains at least the following information:

(1) the beginning and end date of the current report period;

(2) the accumulation and cash surrender value, if any, at the end of the previous report period and at the end of the current report period;

(3) the total amounts, if any, that have been credited, charged to the contract value, or paid during the current report period; and

(4) the amount of outstanding loans, if any, as of the end of the current report period.

R590-229-9. Enforcement Date.

The commissioner will begin enforcing the provisions of this rule 45 days after the effective date.

R590-229-10. Severability.

If any provision or clause of this rule or its application to any person or situation is held invalid, such invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

March 11, 2014

31A-2-201

Notice of Continuation September 22, 2009

31A-22-425

R590. Insurance Administration.**R590-268. Small Employer Stop-Loss Insurance.****R590-268-1. Authority.**

This rule is promulgated pursuant to Section 31A-43-304 wherein the commissioner may make rules to implement Title 31A, Chapter 43.

R590-268-2. Scope.

This rule applies to all small employer stop-loss contracts issued or renewed on or after July 1, 2013.

R590-268-3. Purpose.

The purpose of this rule is to provide a universal application form, provide the content of the stop-loss insurance disclosure, prohibit lasering, and establish the form and manner of form and rate filings and of the annual actuarial certification and report on stop-loss experience.

R590-268-4. Definitions.

For the purposes of this rule, the commissioner adopts the definitions of Sections 31A-1-301 and 31A-43-102.

R590-268-5. Standard Application.

(1) Stop-loss insurers marketing to small employers shall use the Utah Small Employer Stop-loss Universal Application.

(2) The Small Employer Stop-loss Universal Application shall not display the insurer's name, identifying logo or address.

(3) The Utah Small Employer Stop-loss Universal Application, published January 15, 2014, is hereby incorporated by reference and is available on the Department's website at <https://insurance.utah.gov/legal-resources/rules/current-rules.php>.

(4) The Utah Small Employer Stop-loss Universal Application may be altered for:

- (a) purposes of electronic application and submission, including electronic signature disclaimers;
- (b) languages other than English; and
- (c) reasons specifically approved by the commissioner.

R590-268-6. Stop-Loss Insurance Disclosure.

(1) Stop-loss insurers marketing to small employers shall use the Utah Small Employer Stop-loss Disclosure.

(2) The stop-loss insurer may display the insurer's name, identifying logo, and address on the disclosure.

(3) The Utah Small Employer Stop-loss Disclosure, published January 15, 2014, is hereby incorporated by reference and is available on the Department's website at <https://insurance.utah.gov/legal-resources/rules/current-rules.php>.

(4) The disclosure may be altered for reasons specifically approved by the commissioner.

R590-268-7. Lasering.

(1) Subsection 31A-43-301(2)(a) prohibits lasering. For the purpose of this rule lasering includes:

- (a) assigning a different attachment point for an individuals based on their expected claims or a given diagnosis;
- (b) assigning a deductible to an individual that must be met before stop loss coverage applies;
- (c) denying stop loss coverage to an individual who is otherwise covered by the small employer's medical plan; and
- (d) applying an actively at work exclusion to stop loss coverage.

R590-268-8. Form and Rate Filings.

(1) A contract filing consists of one contract form, the application, any related documents, disclosure, rate manual, and actuarial memorandum.

(2) A new or revised rate manual shall:

- (a) include a summary of how the rate is calculated;
 - (b) contain specific area factors applicable in Utah;
 - (c) be filed 30 days prior to use;
 - (d) be applied in the same manner for all small employer stop-loss contracts;
 - (e) describe how the overall rate is reviewed for compliance; and
 - (f) include an actuarial certification signed by a qualified actuary.
- (3) All filings shall be submitted using SERFF.

R590-268-9. Annual Actuarial Memorandum and Certification.

(1) The insurer shall submit annually on or before April 1 using SERFF:

- (a) stop-loss experience for the previous year for Utah;
- (b) certification of compliance with requirements of section 31A-43-301; and
- (c) an actuarial memorandum describing the review done in preparation of the certification.

(2) The insurer's stop-loss experience shall be presented by small employer and shall include:

- (a) employer size including both covered lives count and employee count as of the beginning of the contract;
- (b) covered lives exposure years and employee exposure years for the experience time period;
- (c) specific attachment point;
- (d) expected claims in the absence of stop loss insurance;
- (e) expected claims under the specific attachment point;
- (f) aggregate attachment point;
- (g) earned premium; and
- (h) claims paid by the stop loss insurance broken out by specific losses and aggregate losses.

R590-268-10. Penalties.

A person found to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R590-268-11. Enforcement Date.

The commissioner shall begin enforcing the provisions of this rule 30 days from the effective date.

R590-268-12. Severability.

If any provision of this rule or its application to any person or situation is held to be invalid, that invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

**KEY: small employer stop-loss

**31A-43-304
Title 31A, Chapter 43**

R592. Insurance, Title and Escrow Commission.**R592-8. Application Process for an Attorney Exemption for Agency Title Insurance Producer Licensing.****R592-8-1. Authority.**

This rule is promulgated by the Title and Escrow Commission pursuant to Section 31A-2-404 which authorizes the Commission to make rules for the administration of the provisions in this title related to title insurance and Section 31A-23a-204 which authorizes the Commission to make a rule to exempt attorneys with real estate experience from the three year licensing requirement to license an agency title insurance producer.

R592-8-2. Purpose and Scope.

(1) The purposes of this rule are:

(a) to delegate to the Commissioner preliminary approval or denial of a request for exemption;

(b) to provide a description of the types of real estate experience that could be used by an attorney seeking to qualify for the exemption;

(c) to provide a process to apply for a request for exemption; and

(d) to provide a process to appeal a denial of a request for exemption.

(2) This rule applies to all attorneys seeking an exemption under the provisions of 31A-23a-204.

R592-8-3. Definitions.

In addition to the definitions of Sections 31A-1-301, 31A-2-402 and 31A-23a-102, the following definitions shall apply for the purposes of this rule:

(1) "Attorney" means a person licensed and in good standing with the Utah State Bar.

(2) "Real estate experience" includes:

(a) law firm transactional experience consisting of any or all of the following:

(i) real estate transactions, including drafting documents, reviewing and negotiating contracts of sale, including real estate purchase contracts (REPC), commercial transactions, residential transactions;

(ii) financing and securing construction and permanent financing;

(iii) title review, due diligence, consulting and negotiations with title companies, researching and drafting opinions of title, coordinating with title companies, pre-closing;

(iv) zoning, development, construction, homeowners associations, subdivisions, condominiums, planned unit developments;

(v) conducting closings; and

(vi) estate planning and probate-related transactions and conveyances.

(b) law firm litigation experience consisting of any or all of the following:

(i) foreclosures;

(A) judicial and non-judicial;

(B) homeowner association (HOA) lien foreclosure;

(ii) either side of homeowner vs HOA litigation;

(iii) state construction registry litigation - mechanics lien filing and litigation;

(iv) real estate disputes or litigation involving:

(A) a real estate contract;

(B) a boundary line;

(C) a rights of way and/or easement;

(D) a zoning issue;

(E) a property tax issue;

(F) a title issue or claim;

(G) a landlord/tenant issue; and

(F) an estate and/or probate litigation involving real property assets, claims, and disputes.

(c) non-law firm experience consisting of any or all of the following:

(i) real estate agent, broker, developer, investor;

(ii) mortgage broker;

(iii) general contractor;

(iv) professor or instructor teaching real estate licensing, real estate contracts, or real estate law;

(v) lender involved with any or all of the following real estate lending activities:

(A) lending;

(B) escrow; or

(C) foreclosure;

(vi) private lender;

(vii) in-house counsel involved in real estate transactions for bank, mortgage lender, credit union, title company, or agency title insurance producer;

(viii) employment with or counsel to a government agency involved in regulation of real estate, such as HUD, FHA, zoning, tax assessor, county recorder, insurance department, and Federal or state legislatures;

(ix) escrow officer;

(x) title searcher; or

(xi) surveyor; and

(d) other experience with real estate not included in (a), (b), and (c) above.

R592-8-4. Delegation of Authority.

The Commission hereby grants its preliminary concurrence to the approval or denial of a request for exemption requested by an attorney pursuant to 31A-23a-204 to the Utah Insurance Commissioner.

R592-8-5. Request for Exemption Process.

(1) An individual title licensee, who is an attorney as defined in this rule desiring to obtain an agency title insurance producer license under the exemption provided in 31A-23A-204(1)(c), shall make a request for exemption to the Commissioner in accordance with the requirements of this subsection.

(2) The applicant will submit a letter addressed to the Commission:

(a) requesting exemption from the licensing time period requirements in 31A-23a-204(1)(a)(i); and

(b) providing the following information:

(i) the applicant's name, mailing address and email, telephone number, and title license number;

(ii) a description of the applicant's real estate experience; and

(iii) why the applicant feels that experience qualifies the applicant for the exemption.

(3) The Commissioner will review the request for exemption within five business days of its receipt and

(a) request additional information from the applicant;

(b) preliminarily approve the request for exemption; or

(c) preliminarily disapprove the request for exemption.

(4) The Commissioner will report monthly to the Commission all preliminarily approved or denied requests for exemption received and reviewed since the previous Commission meeting.

(5) The Commission will concur or non-concur with the Commissioner's preliminary approval or denial of a request for exemption.

(6) If the Commissioner's preliminary denial of a request for exemption is concurred with by the Commission, the Commissioner will:

(a) notify the applicant of the denial; and

(b) inform the applicant of the applicant's right to a hearing.

(7) If the Commissioner's preliminary approval of a

request for exemption is concurred with by the Commission, the Commissioner will expeditiously notify the applicant to submit an electronic license application and pay the required fees and assessments.

(8) If the Commission does not concur with the commissioner's preliminary approval or preliminary denial, the applicant shall be informed of the applicant's right to a hearing.

R592-8-6. Penalties.

A person found, after a hearing or other regulatory process, to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R592-8-7. Enforcement Date.

The Commission will begin enforcing this rule on the rule's effective date.

R592-8-8. Severability.

If any provision of this rule or the application of it to any person or circumstance is for any reason held to be invalid, the remaining provisions to other persons or circumstances shall not be affected.

R592. Insurance, Title and Escrow Commission.**R592-11. Title Insurance Producer Annual and Controlled Business Reports.****R592-11-1. Authority.**

This rule is promulgated pursuant to:

(1) Section 31A-2-404(2)(a), which requires the Title and Escrow Commission (Commission) to make rules related to title insurance;

(2) Section 31A-23a-413, which requires the annual filing of a report by each agency title insurance producer, individual title insurance producer, and attorney licensed to practice law in Utah, who is also an individual title insurance producer not designated to a title insurance agency, containing a verified statement of the producer's financial condition, transactions, and affairs;

(3) Subsection 31A-23a-503(8), which requires the annual filing of a controlled business report; and

(4) Subsection 31A-23a-406(1)(g), which requires the maintenance of a physical address in Utah.

R592-11-2. Purpose and Scope.

(1) The purpose of this rule is to establish the form and filing deadline for the Title Insurance Producer Annual Report and Controlled Business Report required by Section 31A-23a-413 and Subsection 31A-23a-503(8)(a).

(2) This rule applies to all agency title insurance producers, individual title insurance producers, and attorneys licensed to practice law in Utah, who are also individual title insurance producers not designated to a title insurance agency.

R592-11-3. Title Insurance Producer Annual Report.

(1) The following shall file a Title Insurance Producer Annual Report containing the information shown in Subsection R592-11-3(2):

(a) an agency title insurance producer;

(b) an individual title insurance producer not designated to an agency title insurance producer; and

(c) an attorney licensed to practice law in Utah, who is also an individual title insurance producer not designated to a title insurance agency.

(2) A Title Insurance Producer Annual Report shall consist of:

(a) a balance sheet and an income and expense statement prepared and presented in conformity with generally accepted accounting principles;

(i) title premium, including endorsement income and expenses, shall be reported separately from the escrow income and expenses;

(b) the name and address of each financial institution where a title or escrow trust account is maintained;

(c) proof of financial protection that complies with Subsection 31A-23a-204(2) shall consist of one or more of the following:

(i) a copy of the declarations page of a fidelity bond;

(ii) a copy of the declarations page of a professional liability insurance policy; or

(iii) a copy of the commissioner's approval of equivalent financial protection approved by the commissioner;

(d) the name of the individual title insurance producer designated as the "qualifying licensee," as provided in 31A-23a-204; and

(e) the physical address in Utah maintained by the agency title insurance producer or individual title insurance producer, pursuant to 31A-23a-406(1)(g).

(3) Subsection R592-11-3-(2)(c) does not apply to an attorney exempted under 31A-23a-204(8).

(4) Agency title insurance producers, individual title insurance producers not designated to an agency title insurance producer and an attorney licensed to practice law in Utah, who

is also an individual title insurance producer, not designated to a title insurance agency, shall file a Title Insurance Producer Annual Report not later than April 30 of each year.

(5) The Title Insurance Producer Annual Report period shall be the preceding calendar year.

(6) A Title Insurance Producer Annual Report will be considered protected data if the producer submitting the report requests classification as a protected record in accordance with Sections 63G-2-305 and 63G-2-309.

R592-11-4. Controlled Business Report.

(1) The following shall file an annual Controlled Business Report not later than April 30 of each year:

(a) an agency title insurance producer;

(b) an individual title insurance producer not designated to an agency title insurance producer; and

(c) an attorney licensed to practice law in Utah, who is also an individual title insurance producer not designated to a title insurance agency.

(2)(a) The Controlled Business Report period shall be the preceding calendar year and shall contain the information required in Subsection 31A-23a-503(8)(a); and

(b) contain the name, address, and percentage of ownership of each owner.

(3) A Controlled Business Report is a public record upon filing.

R592-11-5. Electronic Filing of Title Insurance Producer Annual Report and Controlled Business Report.

(1) The Title Insurance Producer Annual Report and the Controlled Business Report shall be submitted together electronically via email to market.uid@utah.gov.

(2) The Title Insurance Producer Annual Report and the Controlled Business Report shall be submitted not later than April 30 of each year as attachments to the Title Insurance Agency Annual Reports Transmittal Form.

(3) The following report forms, which are available on the department's website, shall be used to submit the Title Insurance Producer Annual Report and the Controlled Business Report:

(a) Title Insurance Producer Annual and Controlled Business Reports Transmittal form; and

(b) Controlled Business Report form.

(4) Actual copies of the forms may be used or may be adapted to a particular word processing system, however, if adapted, the content, size, font, and format shall be similar.

R592-11-6. Penalties.

A person found to be in violation of this rule shall be subject to penalties as provided under Section 31A-2-308.

R592-11-7. Enforcement Date.

The commissioner will begin enforcing this rule 5 days from the rule's effective date.

R592-11-8. Severability.

If any provision or clause of this rule or its application to any person or situation is held invalid, that invalidity shall not affect any other provision or application of this rule which can be given effect without the invalid provision or application, and to this end the provisions of this rule are declared to be severable.

March 10, 2014

Notice of Continuation June 15, 2011

31A-2-404(2)(a)

31A-23a-406(1)(g)

31A-23a-413

31A-23a-503(8)

R602. Labor Commission, Adjudication.
R602-7. Adjudication of Discrimination Claims.
R602-7-1. Statutory Authority.

Section 34A-5-107(5)(c) provides a right for a person filing a charge of discrimination with the Utah Antidiscrimination and Labor Division to file a written request to the Division of Adjudication for an evidentiary hearing to review de novo a determination and order issued by the Utah Antidiscrimination and Labor Division. Section 34A-5-107(13) authorizes the Labor Commission to establish rules governing these proceedings.

R602-7-2. Applicability of Rule.

The provisions of R602-7 pertaining to requests for hearing pursuant Section 34A-5-107 (5) (c) supersede the Administrative Rules contained in R602-2, R602-3, R602-4, R602-5, R602-6 and R602-8 as to any actions brought pursuant to Section 34A-5-107 (5) (c).

R602-7-3. Adjudication of Actions Commenced Pursuant to Section 34A-5-107(5)(c).

1. Pleadings and Discovery.

a. Definitions.

i. "Commission" means the Labor Commission.

ii. "Division" means the Division of Adjudication within the Labor Commission.

iii. "Request for De Novo Review" pursuant to Section 34A-5-107(5)(c) means a written request filed with the Commission and directed to the Division requesting de novo review of a specific Determination and Order issued by the Utah Antidiscrimination and Labor Division and shall include the following:

A. the name, mailing address, electronic address and telephone number of the party seeking de novo review and of their attorney, if applicable.

B. the name, mailing address, electronic address and telephone number of the opposing parties and of their attorney if applicable.

C. the date the Determination and Order was issued by the Utah Antidiscrimination Division.

D. a request for relief, specifying the type and extent of relief requested, and a statement of facts supporting the requested relief.

iv. "Petitioner" means the charging party in the original case resulting in the Determination and Order issued by the Utah Antidiscrimination and Labor Division.

v. "Respondent" means the respondent in the original case resulting in the Determination and Order issued by the Utah Antidiscrimination and Labor Division.

b. Scheduling Conference and Order.

Upon receipt of the Request for De Novo Review the Division may schedule a scheduling conference to be attended by the parties and, where required by R602-1-3.1, their attorneys. The Division will issue a Scheduling Order containing deadlines and requirements for the filing of Petitioner's Statement, deadlines and requirements for the filing of Respondent's Answer, discovery deadlines, motion deadlines and any other deadlines deemed appropriate for the orderly administration of the case as determined by the administrative law judge assigned to the case.

c. Respondent's Answer.

The Respondent's Answer shall include:

i. the name, mailing address, electronic address and telephone number of the party;

ii. the Adjudication Division's file number;

iii. the name of the adjudicative proceeding;

iv. an admission or denial of the specific facts alleged by the Petitioner.

v. any affirmative defenses relied on by the Respondent

and specific facts in support of the affirmative defenses.

vi. a statement summarizing the reasons that the relief requested by the Petitioner should be denied.

vii. the signature of the person filing Respondent's Answer.

d. Discovery.

i.(A) Required disclosures; Discovery methods.

I. Initial disclosures. Except in cases exempt under subdivision (c)(i)(A)(II) and except as otherwise stipulated or directed by order, a party shall, without awaiting a discovery request, provide to other parties:

Aa. the name and, if known, the address and telephone number of each individual likely to have discoverable information supporting its claims or defenses, unless solely for impeachment, identifying the subjects of the information;

Bb. a copy of, or a description by category and location of, all discoverable documents, data compilations, electronically stored information, and tangible things in the possession, custody, or control of the party supporting its claims or defenses, unless solely for impeachment;

Cc. a computation of any category of damages claimed by the disclosing party, making available for inspection and copying all discoverable documents or other evidentiary material on which such computation is based, including materials bearing on the nature and extent of injuries suffered; and

Dd. Unless otherwise stipulated by the parties or ordered by the administrative law judge, the disclosures required by subdivision (c)(i)(A)(I) shall be made within 14 days after the disclosure meeting of the parties under subdivision (c)(i)(E). A party shall make initial disclosures based on the information then reasonably available and is not excused from making disclosures because the party has not fully completed the investigation of the case or because the party challenges the sufficiency of another party's disclosures or because another party has not made disclosures.

II. Disclosure of expert testimony.

Aa. A party shall disclose to other parties the identity of any person who may be used at hearing to present expert opinion evidence.

Bb. Unless otherwise stipulated by the parties or ordered by the administrative law judge, this disclosure shall, with respect to a witness who is retained or specially employed to provide expert testimony in the case or whose duties as an employee of the party regularly involve giving expert testimony, be accompanied by a written report prepared and signed by the witness or party. The report shall contain the subject matter on which the expert is expected to testify; the substance of the facts and opinions to which the expert is expected to testify; a summary of the grounds for each opinion; the qualifications of the witness.

III. Prehearing disclosures. A party shall provide to other parties the following information regarding the evidence that it may present at hearing other than solely for impeachment:

Aa. the name and, if not previously provided, the address and telephone number of each witness, separately identifying witnesses the party expects to present and witnesses the party may call if the need arises;

Bb. an appropriate identification of each document or other exhibit, including summaries of other evidence, separately identifying those which the party expects to offer and those which the party may offer if the need arises.

Cc. Disclosures required by subdivision (c)(i)(A)(III) shall be made at least 30 days before hearing.

IV. Form of disclosures and other discovery. Unless otherwise stipulated by the parties or ordered by the administrative law judge, all disclosures and discovery shall be made in writing, signed and served. Discovery and disclosure documents may be delivered by electronic means.

V. Methods to discover additional matter. Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents or things or permission to enter upon land or other property, for inspection and other purposes; physical and mental examinations; and requests for admission.

B. Discovery scope and limits. Unless otherwise limited by order of the administrative law judge in accordance with these rules, the scope of discovery is as follows:

I. In general. Parties may obtain discovery regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of any discoverable matter. It is not ground for objection that the information sought will be inadmissible at the hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.

II. A party need not provide discovery of electronically stored information from sources that the party identifies as not reasonably accessible because of undue burden or cost. The party shall expressly make any claim that the source is not reasonably accessible, describing the source, the nature and extent of the burden, the nature of the information not provided, and any other information that will enable other parties to assess the claim. On motion to compel discovery or for a protective order, the party from whom discovery is sought must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the administrative law judge may order discovery from such sources if the requesting party shows good cause, considering the limitations of subsection (c)(i)(B)(III). The administrative law judge may specify conditions for the discovery.

III. Limitations. The frequency or extent of use of the discovery methods set forth in Subdivision (c)(i)(A)(V) shall be limited by the administrative law judge if it determines that:

Aa. the discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive;

Bb. the party seeking discovery has had ample opportunity by discovery in the action to obtain the information sought; or

Cc. the discovery is unduly burdensome or expensive, taking into account the needs of the case, the amount in controversy, limitations on the parties' resources, and the importance of the issues at stake in the litigation. The administrative law judge may act upon his or her own initiative after reasonable notice or pursuant to a motion under Subdivision (c)(i)(C).

IV. Hearing preparation: Materials.

(Aa) Subject to the provisions of Subdivision (c)(i)(B)(V) of this rule, a party may obtain discovery of documents and tangible things otherwise discoverable under Subdivision (c)(i)(B)(I) of this rule and prepared in anticipation of litigation or for hearing by or for another party or by or for that other party's representative (including the party's attorney, consultant, surety, indemnitor, insurer, or agent) only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of the case and that the party is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the administrative law judge shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other representative of a party concerning the litigation.

Bb. A party may obtain without the required showing a

statement concerning the action or its subject matter previously made by that party. Upon request, a person not a party may obtain without the required showing a statement concerning the action or its subject matter previously made by that person. If the request is refused, the person may move for an order. The provisions of Rule 37(a)(4) U. R. C.P. apply to the award of expenses incurred in relation to the motion. For purposes of this paragraph, a statement previously made is (a) a written statement signed or otherwise adopted or approved by the person making it, or (b) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.

V. Hearing preparation: Experts.

A party may depose any person who has been identified as an expert whose opinions may be presented at hearing.

VI. Claims of Privilege or Protection of Hearing Preparation Materials.

Aa. Information withheld. When a party withholds information otherwise discoverable under these rules by claiming that it is privileged or subject to protection as hearing preparation material, the party shall make the claim expressly and shall describe the nature of the documents, communications, or things not produced or disclosed in a manner that, without revealing information itself privileged or protected, will enable other parties to assess the applicability of the privilege or protection.

Bb. Information produced. If information is produced in discovery that is subject to a claim of privilege or of protection as hearing-preparation material, the party making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has and may not use or disclose the information until the claim is resolved. A receiving party may promptly present the information to the administrative law judge under seal for a determination of the claim. If the receiving party disclosed the information before being notified, it must take reasonable steps to retrieve it. The producing party must preserve the information until the claim is resolved.

C. Protective orders. Upon motion by a party or by the person from whom discovery is sought, accompanied by a certification that the movant has in good faith conferred or attempted to confer with other affected parties in an effort to resolve the dispute without action by the administrative law judge, and for good cause shown, the administrative law judge may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

I. that the discovery not be had;

II. that the discovery may be had only on specified terms and conditions, including a designation of the time or place;

III. that the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;

IV. that certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;

V. If the motion for a protective order is denied in whole or in part, the administrative law judge may, on such terms and conditions as are just, order that any party or person provide or permit discovery. The provisions of Rule 37(a)(4) U. R. C. P. apply to the award of expenses incurred in relation to the motion.

D. Supplementation of responses. A party who has made a disclosure or responded to a request for discovery with a response is under a duty to supplement the disclosure or response to include information thereafter acquired if ordered by the administrative law judge or in the following circumstances:

I. A party is under a duty to supplement at appropriate

intervals disclosures if the party learns that in some material respect the information disclosed is incomplete or incorrect and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing. With respect to testimony of an expert from whom a report is required the duty extends both to information contained in the report and to information provided through a deposition of the expert.

II. A party is under a duty reasonably to amend a prior response to an interrogatory, request for production, or request for admission if the party learns that the response is in some material respect incomplete or incorrect and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing.

E. Disclosure Meeting. The following applies to all cases.

I. Within thirty (30) days of the date of the scheduling order the parties shall meet in person or by telephone to discuss the nature and basis of their claims and defenses, to discuss the possibilities for settlement of the action, to make or arrange for the disclosures required by this rule, to discuss any issues relating to preserving discoverable information and to develop a stipulated discovery plan. Respondent's counsel shall schedule the meeting. The attorneys of record shall be present at the meeting and shall attempt in good faith to agree upon the disclosure plan.

II. The plan shall include:

Aa. what changes should be made in the form or requirement for disclosures under subdivision (c)(i)(A);

Bb. the subjects on which discovery may be needed;

Cc. any issues relating to preservation, disclosure or discovery of electronically stored information, including the form or forms in which it should be produced;

Dd. any issues relating to claims of privilege or of protection as hearing-preparation material;

III. The discovery plan of the parties shall only be filed with the Division as an attachment to any discovery motion.

F. Signing of discovery requests, responses, and objections.

I. Every request for discovery or response or objection thereto made by a party shall be signed by at least one attorney of record or by the party if the party is not represented, whose address shall be stated. The signature of the attorney or party constitutes a certification that the person has read the request, response, or objection and that to the best of the person's knowledge, information, and belief formed after reasonable inquiry it is: (1) consistent with these rules and warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (2) not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation; and (3) not unreasonable or unduly burdensome or expensive, given the needs of the case, the discovery already had in the case, the amount in controversy, and the importance of the issues at stake in the litigation. If a request, response, or objection is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the party making the request, response, or objection, and a party shall not be obligated to take any action with respect to it until it is signed.

II. If a certification is made in violation of the rule, the administrative law judge, upon motion or upon his or her own initiative, shall impose upon the person who made the certification, the party on whose behalf the request, response, or objection is made, or both, an appropriate sanction, which may include an order to pay the amount of the reasonable expenses incurred because of the violation, including a reasonable attorney fee.

G. Filing. A party shall only file disclosures or requests for discovery with the Division as an exhibit to a discovery motion.

ii. Subpoenas.

Subpoenas may only be issued by the administrative law judge assigned to the case or the presiding judge if the assigned administrative law judge is unavailable. Commission subpoena forms shall be used in all discovery proceedings. Subpoenas shall be issued at least seven business days prior to a scheduled hearing or appearance unless good cause is shown for a shorter period. Witness fees and costs shall be paid by the party requesting the subpoena pursuant to Utah Code Section 34A-1-302(c).

iii. Parties conducting discovery under this rule shall maintain mailing certificates and follow up letters regarding discovery to submit in the event Division intervention is necessary to complete discovery. Discovery documents shall not be filed with the Division at the time they are forwarded to opposing parties.

iv. Sanctions. Any party who fails to obey an administrative law judge's discovery order shall be subject to the sanctions available under Rule 37, Utah Rules of Civil Procedure.

d. Notices

i. Orders and notices mailed by the Division to the last address of record provided by a party is deemed served on that party.

ii. Where an attorney appears on behalf of a party, notice of an action by the Division served on the attorney is considered notice to the party represented by the attorney.

2. Motions - Time to Respond.

Unless otherwise provided by statute or the Administrative Law Judge, responses to all motions shall be filed within ten (10) days from the date the motion was filed with the Adjudication Division.

R602-7-4. Hearings.

1. Evidentiary hearings shall be conducted formally in accordance with Utah Code Section 63G-4-206. The petitioner shall have the burden of proving the claim of discrimination by a preponderance of evidence. After the close of the proceedings, the administrative law judge will issue an order pursuant to Utah Code Section 63G-4-208 and Utah Administrative Rule R602-1-4.

2. In those cases where the Utah Antidiscrimination and Labor Division in its Determination and Order made a reasonable cause finding, the Utah Antidiscrimination and Labor Division shall be given an opportunity at the evidentiary hearing to briefly outline the basis of its Determination. The presentation by the Utah Antidiscrimination and Labor Division shall not be considered evidence by the administrative law judge in issuing an order.

R602-7-5. Motions for Review.

1. Any party to an adjudicative proceeding may obtain review of an Order issued by an administrative law judge by filing a written request for review with the Division in accordance with the provisions of Utah Code Subsection 34A-5-107 (11), 63G-4-301 and Utah Administrative Rule R602-1-4. Unless a request for review is properly filed, the administrative law judge's order is the final order of the Commission. If a request for review is filed, other parties to the adjudicative proceeding may file a response within 20 calendar days of the date the request for review was filed. Thereafter, the administrative law judge shall:

a. Reopen the case and enter a Supplemental Order after holding such further hearing and receiving such further evidence as may be deemed necessary;

b. Amend or modify the prior order by a Supplemental Order, or

c. Refer the entire case for review.

2. If the administrative law judge enters a Supplemental

Order, as provided in this subsection, it shall be final unless a request for review of the same is filed.

R602-7-6. Request for Reconsideration.

A request for reconsideration of an Order on Motion for Review may be allowed and shall be governed by the provision of Utah Code Section 63G-4-302. Any petition for judicial review of final agency action shall be governed by the provisions of Utah Code Section 63G-4-401 and Utah Administrative Rule R602-1-4.

KEY: discrimination, administrative procedures, hearings, settlements

June 22, 2011

34A-5-107

Notice of Continuation March 5, 2014 63G-4-102 et seq.

R602. Labor Commission, Adjudication.**R602-8. Adjudication of Utah Occupational Safety and Health Citation Claims.****R602-8-1. Statutory Authority.**

Section 34A-6-105, Section 34A-6-303 and Section 34A-6-304 provide that an administrative law judge from the Division of Adjudication shall hear and determine timely filed contests of citations issued by Utah Occupational Safety and Health. Sections 34A-1-304, 34A-6-104(1)(c) and 34A-6-301(7)(a) authorize the Labor Commission to promulgate rules governing these proceedings.

R602-8-2. Applicability of Rule.

The provisions of R602-8 pertaining to requests for hearing pursuant to Section 34A-6-105, Section 34A-6-303 and Section 34A-6-304 supersede the Administrative Rules contained in R602-2, R602-3, R602-4, R602-5, R602-6 and R602-7 as to any actions brought pursuant to Section 34A-6-105, Section 34A-6-303 and Section 34A-6-304.

R602-8-3. Adjudication of Actions Commenced Pursuant to Section 34A-6-105, Section 34A-6-303 and Section 34A-6-304.

I. Pleadings and Discovery.

a. Definitions.

i. "Commission" means the Labor Commission.

ii. "Division" means the Division of Adjudication within the Labor Commission.

iii. "Notice of Contest" pursuant to Section 34A-6-303 means a written request filed with the Commission and directed to the Division requesting an evidentiary hearing on a citation issued by the Utah Occupational Safety and Health Division and shall include the following:

A. the name, mailing address, electronic address and telephone number of the party filing the Notice of Contest and that of their attorney, if applicable.

B. the date and number of the citation issued by the Utah Occupational Safety and Health Division.

C. An admission or denial of the specific facts alleged in support of each violation alleged in the citation and a statement of agreement or disagreement with each proposed penalty set forth in the citation.

D. Any affirmative defenses relied on by the cited party and specific facts in support of the affirmative defenses.

E. A request for relief, specifying the type and extent of relief requested, and a statement of facts supporting the requested relief.

F. A statement requesting or declining an informal conference with the Administrator of Utah Occupational Safety and Health Division.

iv. "Petitioner" means Utah Occupational Safety and Health Division.

v. "Respondent" means the person or entity cited by Utah Occupational Safety and Health Division.

b. Scheduling Conference and Order.

Upon receipt of the Notice of Contest the Division may schedule a scheduling conference to be attended by the parties and, where required by R602-1-3.1, their attorneys. The Division will issue a Scheduling Order containing deadlines and requirements for the litigation including discovery deadlines, motion deadlines and any other deadlines deemed appropriate for the orderly administration of the case as determined by the administrative law judge assigned to the case.

c. Discovery.

i.(A) Required disclosures; Discovery methods.

I. Initial disclosures. Except in cases exempt under subdivision (c)(i)(A)(II) and except as otherwise stipulated or directed by order, a party shall, without awaiting a discovery request, provide to other parties:

Aa. the name and, if known, the address and telephone number of each individual likely to have discoverable information supporting its claims or defenses, unless solely for impeachment, identifying the subjects of the information;

Bb. a copy of, or a description by category and location of, all discoverable documents, data compilations, electronically stored information, and tangible things in the possession, custody, or control of the party supporting its claims or defenses, unless solely for impeachment;

Cc. a computation of any category of fines or penalties claimed by the disclosing party, making available for inspection and copying all discoverable documents or other evidentiary material on which such computation is based, including materials bearing on the nature and extent of injuries suffered; and

Dd. The disclosures required by subdivision (c)(i)(A)(I) shall be made within 14 days after the disclosure meeting of the parties under subdivision (c)(i)(E). A party shall make initial disclosures based on the information then reasonably available and is not excused from making disclosures because the party has not fully completed the investigation of the case or because the party challenges the sufficiency of another party's disclosures or because another party has not made disclosures.

II. Disclosure of expert testimony.

Aa. A party shall disclose to other parties the identity of any person who may be used at hearing to present expert opinion evidence.

Bb. Unless otherwise stipulated by the parties or ordered by the Administrative law judge, this disclosure shall, with respect to a witness who is retained or specially employed to provide expert testimony in the case or whose duties as an employee of the party regularly involve giving expert testimony, be accompanied by a written report prepared and signed by the witness or party. The report shall contain the subject matter on which the expert is expected to testify; the substance of the facts and opinions to which the expert is expected to testify; a summary of the grounds for each opinion; the qualifications of the witness.

III. Prehearing disclosures. A party shall provide to other parties the following information regarding the evidence that it may present at hearing other than solely for impeachment:

Aa. the name and, if not previously provided, the address and telephone number of each witness, separately identifying witnesses the party expects to present and witnesses the party may call if the need arises;

Bb. an appropriate identification of each document or other exhibit, including summaries of other evidence, separately identifying those which the party expects to offer and those which the party may offer if the need arises.

Cc. Disclosures required by subdivision (c)(i)(A)(III) shall be made at least 30 days before hearing.

IV. Form of disclosures and other discovery. Unless otherwise stipulated by the parties or ordered by the administrative law judge, all disclosures and discovery shall be made in writing, signed and served. Discovery and disclosure documents may be delivered by electronic means.

V. Methods to discover additional matter. Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents or things or permission to enter upon land or other property, for inspection and other purposes; physical and mental examinations; and requests for admission.

B. Discovery scope and limits. Unless otherwise limited by order of the administrative law judge in accordance with these rules, the scope of discovery is as follows:

I. In general. Parties may obtain discovery regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, whether it relates to the claim or

defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of any discoverable matter. It is not ground for objection that the information sought will be inadmissible at the hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.

II. A party need not provide discovery of electronically stored information from sources that the party identifies as not reasonably accessible because of undue burden or cost. The party shall expressly make any claim that the source is not reasonably accessible, describing the source, the nature and extent of the burden, the nature of the information not provided, and any other information that will enable other parties to assess the claim. On motion to compel discovery or for a protective order, the party from whom discovery is sought must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the administrative law judge may order discovery from such sources if the requesting party shows good cause, considering the limitations of subsection (c)(i)(B)(III). The administrative law judge may specify conditions for the discovery.

III. Limitations. The frequency or extent of use of the discovery methods set forth in Subdivision (c)(i)(A)(V) shall be limited by the administrative law judge if it determines that:

Aa. the discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive;

Bb. the party seeking discovery has had ample opportunity by discovery in the action to obtain the information sought; or

Cc. the discovery is unduly burdensome or expensive, taking into account the needs of the case, the amount in controversy, limitations on the parties' resources, and the importance of the issues at stake in the litigation. The administrative law judge may act upon his or her own initiative after reasonable notice or pursuant to a motion under Subdivision (c)(i)(C).

IV. Hearing preparation: Materials.

Aa. Subject to the provisions of Subdivision (c)(i)(B)(V) of this rule, a party may obtain discovery of documents and tangible things otherwise discoverable under Subdivision (c)(i)(B)(I) of this rule and prepared in anticipation of litigation or for hearing by or for another party or by or for that other party's representative (including the party's attorney, consultant, surety, indemnitor, insurer, or agent) only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of the case and that the party is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the administrative law judge shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other representative of a party concerning the litigation.

Bb. A party may obtain without the required showing a statement concerning the action or its subject matter previously made by that party. Upon request, a person not a party may obtain without the required showing a statement concerning the action or its subject matter previously made by that person. If the request is refused, the person may move for an order. The provisions of Rule 37(a)(4) U. R. C. P. apply to the award of expenses incurred in relation to the motion. For purposes of this paragraph, a statement previously made is (a) a written statement signed or otherwise adopted or approved by the person making it, or (b) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.

V. Hearing preparation: Experts.

Aa. A party may depose any person who has been identified as an expert whose opinions may be presented at hearing.

VI. Claims of Privilege or Protection of Hearing Preparation Materials.

Aa. Information withheld. When a party withholds information otherwise discoverable under these rules by claiming that it is privileged or subject to protection as hearing preparation material, the party shall make the claim expressly and shall describe the nature of the documents, communications, or things not produced or disclosed in a manner that, without revealing information itself privileged or protected, will enable other parties to assess the applicability of the privilege or protection.

Bb. Information produced. If information is produced in discovery that is subject to a claim of privilege or of protection as hearing-preparation material, the party making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has and may not use or disclose the information until the claim is resolved. A receiving party may promptly present the information to the administrative law judge under seal for a determination of the claim. If the receiving party disclosed the information before being notified, it must take reasonable steps to retrieve it. The producing party must preserve the information until the claim is resolved.

C. Protective orders. Upon motion by a party or by the person from whom discovery is sought, accompanied by a certification that the movant has in good faith conferred or attempted to confer with other affected parties in an effort to resolve the dispute without action by the administrative law judge, and for good cause shown, the administrative law judge may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

I. that the discovery not be had;

II. that the discovery may be had only on specified terms and conditions, including a designation of the time or place;

III. that the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;

IV. that certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;

V. If the motion for a protective order is denied in whole or in part, the administrative law judge may, on such terms and conditions as are just, order that any party or person provide or permit discovery. The provisions of Rule 37(a)(4) U. R. C. P. apply to the award of expenses incurred in relation to the motion.

D. Supplementation of responses. A party who has made a disclosure or responded to a request for discovery with a response is under a duty to supplement the disclosure or response to include information thereafter acquired if ordered by the administrative law judge or in the following circumstances:

I. A party is under a duty to supplement at appropriate intervals disclosures if the party learns that in some material respect the information disclosed is incomplete or incorrect and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing. With respect to testimony of an expert from whom a report is required the duty extends both to information contained in the report and to information provided through a deposition of the expert.

II. A party is under a duty reasonably to amend a prior response to an interrogatory, request for production, or request for admission if the party learns that the response is in some material respect incomplete or incorrect and if the additional or

corrective information has not otherwise been made known to the other parties during the discovery process or in writing.

E. Disclosure Meeting. The following applies to all cases.

I. Within thirty (30) days of the date of the scheduling order the parties shall meet in person or by telephone to discuss the nature and basis of their claims and defenses, to discuss the possibilities for settlement of the action, to make or arrange for the disclosures required by this rule, to discuss any issues relating to preserving discoverable information and to develop a stipulated discovery plan. Petitioner's counsel shall schedule the meeting. The attorneys of record shall be present at the meeting and shall attempt in good faith to agree upon the disclosure plan.

II. The plan shall include:

Aa. what changes should be made in the form for disclosures under subdivision (c)(i)(A);

Bb. the subjects on which discovery may be needed;

Cc. any issues relating to preservation, disclosure or discovery of electronically stored information, including the form or forms in which it should be produced;

Dd. any issues relating to claims of privilege or of protection as hearing-preparation material;

III. The discovery plan of the parties shall only be filed with the Division as an attachment to any discovery motion.

F. Signing of discovery requests, responses, and objections.

I. Every request for discovery or response or objection thereto made by a party shall be signed by at least one attorney of record or by the party if the party is not represented, whose address shall be stated. The signature of the attorney or party constitutes a certification that the person has read the request, response, or objection and that to the best of the person's knowledge, information, and belief formed after reasonable inquiry it is: (1) consistent with these rules and warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (2) not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation; and (3) not unreasonable or unduly burdensome or expensive, given the needs of the case, the discovery already had in the case, the amount in controversy, and the importance of the issues at stake in the litigation. If a request, response, or objection is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the party making the request, response, or objection, and a party shall not be obligated to take any action with respect to it until it is signed.

II. If a certification is made in violation of the rule, the administrative law judge, upon motion or upon its own initiative, shall impose upon the person who made the certification, the party on whose behalf the request, response, or objection is made, or both, an appropriate sanction, which may include an order to pay the amount of the reasonable expenses incurred because of the violation, including a reasonable attorney fee.

G. Filing. A party shall only file disclosures or requests for discovery with the Division as an exhibit to a discovery motion.

ii. Subpoenas. Subpoenas may only be issued by the administrative law judge assigned to the case or the presiding judge if the assigned administrative law judge is unavailable. Commission subpoena forms shall be used in all discovery proceedings. Subpoenas shall be issued at least seven business days prior to a scheduled hearing or appearance unless good cause is shown for a shorter period. Witness fees and costs shall be paid by the party requesting the subpoena pursuant to Utah Code Section 34A-1-302 (c).

iii. Parties conducting discovery under this rule shall maintain mailing certificates and follow up letters regarding discovery to submit in the event Division intervention is

necessary to complete discovery. Discovery documents shall not be filed with the Division at the time they are forwarded to opposing parties.

iv. Sanctions. Any party who fails to obey an administrative law judge's discovery order shall be subject to the sanctions available under Rule 37, Utah Rules of Civil Procedure.

2. Notices

a. Orders and notices mailed by the Division to the last address of record provided by a party is deemed served on that party.

b. Where an attorney appears on behalf of a party, notice of an action by the Division served on the attorney is considered notice to the party represented by the attorney.

3. Motions - Time to Respond.

Unless otherwise provided by statute or the Administrative Law Judge, response to all motions shall be filed within ten (10) days from the date the motion was filed with the Adjudication Division.

R602-8-4. Hearings.

Evidentiary hearing shall be conducted formally in accordance with Utah Code Section 63G-4-206. Petitioner shall have the burden of proving the factual and legal sufficiency of the citation and penalty by a preponderance of evidence. After the close of the proceedings, the administrative law judge will issue an order pursuant to Utah Code Section 63G-4-208 and Utah Administrative Rule R602-1-4.

R602-8-5. Motions for Review.

1. Any party to an adjudicative proceeding may obtain review of an Order issued by an administrative law judge by filing a written request for review with the Adjudication Division in accordance with the provisions of Utah Code Sections 34A-6-304, 63G-4-301 and Utah Administrative Rule R602-1-4. Unless a request for review is properly filed, the administrative law judge's order is the final order of the Commission. If a request for review is filed, other parties to the adjudicative proceeding may file a response within 20 calendar days of the date the request for review was filed. Thereafter, the administrative law judge shall:

a. Reopen the case and enter a Supplemental Order after holding such further hearing and receiving such further evidence as may be deemed necessary;

b. Amend or modify the prior order by a Supplemental Order, or

c. Refer the entire case for review.

2. If the administrative law judge enters a Supplemental Order, as provided in this subsection, it shall be final unless a request for review of the same is filed.

R602-8-6. Request for Reconsideration.

A request for reconsideration of an Order on Motion for Review may be allowed and shall be governed by the provision of Utah Code Section 63G-4-302. Any petitioner for judicial review of final agency action shall be governed by the provisions of Utah Code Section 63G-4-401 and Utah Administrative Rule R602-1-4.

This rule is established pursuant to Title 34A, Chapter 7 for the purpose of establishing reasonable safety standards for boilers and pressure vessels to prevent exposure to risks by the public and employees.

R616-2-2. Definitions.

A. "ASME" means the American Society of Mechanical Engineers.

B. "Boiler inspector" means a person who is an employee of:

1. The Division who is authorized to inspect boilers and pressure vessels by having met nationally recognized standards of competency and having received the Commission's certificate of competency; or

2. An insurance company writing boiler and pressure vessel insurance in Utah who is deputized to inspect boilers and pressure vessels by having met nationally recognized standards of competency, receiving the Commission's certificate of competency, and having paid a certification fee.

C. "Commission" means the Labor Commission created in Section 34A-1-103.

D. "Division" means the Division of Boiler and Elevator Safety of the Labor Commission.

E. "National Board" means the National Board of Boiler and Pressure Vessel Inspectors.

F. "Nonstandard" means a boiler or pressure vessel that does not bear ASME and National Board stamping and registration.

G. "Owner/user agency" means any business organization operating pressure vessels in this state that has a valid owner/user certificate from the Commission authorizing self-inspection of unfired pressure vessels by its owner/user agents, as regulated by the Commission, and for which a fee has been paid.

H. "Owner/user agent" means an employee of an owner/user agency who is authorized to inspect unfired pressure vessels by having met nationally recognized standards of competency, receiving the Commission's certificate of competency, and having paid a certification fee.

R616-2-3. Safety Codes and Rules for Boilers and Pressure Vessels.

The following safety codes and rules shall apply to all boilers and pressure vessels in Utah, except those exempted pursuant to Section 34A-7-101, and are incorporated herein by this reference in this rule.

A. ASME Boiler and Pressure Vessel Code (2013).

1. Section I Rules for Construction of Power Boilers published July 1, 2013.

2. Section IV Rules for Construction of Heating Boilers published July 1, 2013.

3. Section VIII Rules for Construction of Pressure Vessels published July 1, 2013.

B. Power Piping ASME B31.1 (2004), issued August 16, 2004.

C. Controls and Safety Devices for Automatically Fired Boilers ASME CSD-1-2012. Except:

1. Part CG-130(c).

D. National Board Inspection Code Part 3, Repairs and Alterations, issued July 31, 2013.

E. NFPA 85 Boiler and Combustion Systems Hazard Code 2007 Edition.

F. Recommended Administrative Boiler and Pressure Vessel Safety Rules and Regulations NB-132 Rev. 4.

G. Pressure Vessel Inspection Code: Maintenance Inspection, Rating, Repair and Alteration API 510 Ninth

Edition, June 2006. Except:

1. Section-8, and
2. Appendix-A.

R616-2-4. Quality Assurance for Boilers, Pressure Vessels and Power Piping.

A. Consistent with the requirements of the Commission and its predecessor agency since May 1, 1978, all boilers and pressure vessels installed on or after May 1, 1978 shall be registered with the National Board and the data plate must include the National Board number.

B. Pursuant to Section 34A-7-102(2), any boiler or pressure vessel of special design must be approved by the Division to ensure it provides a level of safety equivalent to that contemplated by the Boiler and Pressure Vessel Code of the ASME. Any such boiler or pressure vessel must thereafter be identified by a Utah identification number provided by the Division.

C. All steam piping, installed after May 1, 1978, which is external (from the boiler to the first stop valve for a single boiler and the second stop valve in a battery of two or more boilers having manhole openings) shall comply with Section 1 of the ASME Boiler and Pressure Vessel Code or ASME B31.1 Power Piping as applicable.

D. Nonstandard boilers or pressure vessels installed in Utah before July 1, 1999 may be allowed to continue in operation provided the owner can prove the equivalence of its design to the requirements of the ASME Boiler and Pressure Vessel Code. Nonstandard boilers or pressure vessels may not be relocated or moved.

E. Effective July 1, 1999, all boiler and pressure vessel repairs or alterations must be performed by an organization holding a valid Certificate of Authorization to use the "R" stamp from the National Board. Repairs to pressure relief valves shall be performed by an organization holding a valid Certificate of Authorization to use the "VR" stamp from the National Board.

R616-2-5. Code Applicability.

A. The safety codes which are applicable to a given boiler or pressure vessel installation are the latest versions of the codes in effect at the time the installation commenced.

B. If a boiler or pressure vessel is replaced, this is considered a new installation.

C. If a boiler or pressure vessel is relocated to another location or moved in its existing location, this is considered a new installation.

R616-2-6. Variances to Code Requirements.

A. In a case where the Division finds that the enforcement of any code would not materially increase the safety of employees or general public, and would work undue hardships on the owner or user, the Division may allow the owner or user a variance pursuant to Section 34A-7-102. Variances must be in writing to be effective, and can be revoked after reasonable notice is given in writing.

B. Persons who apply for a variance to a safety code requirement must present the Division with the rationale as to how their boiler or pressure vessel installation provides safety equivalent to the safety code.

C. No errors or omissions in these codes shall be construed as permitting any unsafe or unsanitary condition to exist.

R616-2-7. Boiler and Pressure Vessel Compliance Manual.

A. The Division shall develop and issue a safety code compliance manual for organizations and personnel involved in the design, installation, operation and maintenance of boilers and pressure vessels in Utah.

B. This compliance manual shall be reviewed annually for

accuracy and shall be re-issued on a frequency not to exceed two years.

C. If a conflict exists between the Boiler and Pressure Vessel compliance manual and a safety code adopted in R616-2-3, the code requirements will take precedence.

R616-2-8. Inspection of Boilers and Pressure Vessels.

A. It shall be the responsibility of the Division to make inspections of all boilers or pressure vessels operated within its jurisdiction, when deemed necessary or appropriate.

B. Boiler inspectors shall examine conditions in regards to the safety of the employees, public, machinery, ventilation, drainage, and into all other matters connected with the safety of persons using each boiler or pressure vessel, and when necessary give directions providing for the safety of persons in or about the same. For boilers or pressure vessels inspected by an inspector employed by the Division, the owner or user is required to freely permit entry, inspection, examination and inquiry, and to furnish a guide when necessary. For boilers or pressure vessels inspected by a deputy inspector employed by an insurance company, the deputy inspector's right of entry on the premises where the boiler or pressure vessel is located is subject to the agreement between the insurance company and the owner or operator of the boiler or pressure vessel. In the event an internal inspection of a boiler or pressure vessel is required the owner or user shall, at a minimum, prepare the boiler or pressure vessel by meeting the requirements of 29 CFR Part 1910.146 "Permit Required Confined Spaces" and 29 CFR Part 1910.147 "Control of Hazardous Energy (Lockout/Tagout)".

C. If the Division finds a boiler or pressure vessel complies with the safety codes and rules, the owner or user shall be issued a Certificate of Inspection and Permit to Operate.

D. If the Division finds a boiler or pressure vessel is not being operated in accordance with safety codes and rules, the owner or user shall be notified in writing of all deficiencies and shall be directed to make specific improvements or changes as are necessary to bring the boiler or pressure vessel into compliance.

E. Pursuant to Sections 34A-1-104, 34A-2-301 and 34A-7-102, if the improvements or changes to the boiler or pressure vessel are not made within a reasonable time, the boiler or pressure vessel is being operated unlawfully.

F. If the owner or user refuses to allow an inspection to be made, the boiler or pressure vessels is being operated unlawfully.

G. If the owner or user refuses to pay the required fee, the boiler or pressure vessel is being operated unlawfully.

H. If the owner or user operates a boiler or pressure vessel unlawfully, the Commission may order the boiler or pressure vessel operation to cease pursuant to Sections 34A-1-104 and 34A-7-103.

I. If, in the judgment of a boiler inspector, the lives or safety of employees or public are or may be endangered should they remain in the danger area, the boiler inspector shall direct that they be immediately withdrawn from the danger area, and the boiler or pressure vessel be removed from service until repairs have been made and the boiler or pressure vessel has been brought into compliance.

J. An owner/user agency may conduct self inspection of its own unfired pressure vessels with its own employees who are owner/user agents under procedures and frequencies established by the Division.

R616-2-9. Fees.

Fees to be charged as required by Section 34A-7-104 shall be adopted by the Labor Commission and approved by the Legislature pursuant to Section 63J-1-301(2).

R616-2-10. Notification of Installation, Revision, or Repair.

A. Before any boiler covered by this rule is installed or before major revision or repair, particularly welding, begins on a boiler or pressure vessel, the Division must be advised at least one week in advance of such installation, revision, or repair unless emergency dictates otherwise.

B. It is recommended that a business organization review its plans for purchase and installation, or of revision or repair, of a boiler or pressure vessel well in advance with the Division to ensure meeting code requirements upon finalization.

R616-2-11. Initial Agency Action.

Issuance or denial of a Certificate of Inspection and Permit to Operate by the Division, and orders or directives to make changes or improvements by the boiler inspector are informal adjudicative actions commenced by the agency per Section 63G-4-201.

R616-2-12. Presiding Officer.

The boiler inspector is the presiding officer referred to in Section 63G-4-201. If an informal hearing is requested pursuant to R616-2-13, the Commission shall appoint the presiding officer for that hearing.

R616-2-13. Request for Informal Hearing.

Within 30 days of issuance, any aggrieved person may request an informal hearing regarding the reasonableness of a permit issuance or denial or an order to make changes or improvements. The request for hearing shall contain all information required by Sections 63G-4-201(2)(a) and 63G-4-201(3).

R616-2-14. Classification of Proceeding for Purpose of Utah Administrative Procedures Act.

Any hearing held pursuant to R616-2-13 shall be informal and pursuant to the procedural requirements of Section 63G-4-203 and any agency review of the order issued after the hearing shall be per Section 63G-4-302. An informal hearing may be converted to a formal hearing pursuant to Section 63G-4-202(3).

R616-2-15. Deputy Boiler/Pressure Vessel Inspectors.

A. Purpose -- Section 34A-7-10 of the Safety Act ("the Act"; Title 34A, Chapter 7, Part One, Utah Code Annotated) permits the Division of Boiler, Elevator and Coal Mine Safety ("the Division") to authorize qualified individuals to inspect boilers and pressure vessels as "deputy inspectors." This rule sets forth the Division's procedures and standards for authorizing deputy inspectors, monitoring their performance, and suspending or revoking such authority when appropriate.

B. Initial appointment of deputy inspectors.

1. An applicant for initial Division authorization to inspect boilers and pressure vessels as a deputy inspector must satisfy the following requirements in the order listed below:

a. A company insuring boilers and pressure vessels in Utah ("sponsoring employer" hereafter) must submit a letter to the Division certifying that:

i. the applicant is employed by the sponsoring employer; and

ii. the sponsoring employer requests the Division authorize the applicant to inspect boilers and pressure vessels insured by that employer;

b. The applicant or sponsoring employer must submit to the Division a current, valid certification from the National Board of Boiler and Pressure Vessel Certification ("National Board") that the applicant is qualified to inspect boilers and pressure vessels;

c. The applicant or sponsoring employer must submit an application fee of \$25 to the Division;

d. The applicant must complete training for deputy

inspectors provided by the Division;

e. The applicant must pass an oral examination administered by the Division pertaining to boiler and pressure vessel inspection standards and processes; and

f. The applicant must pass a written, closed-book examination administered by the Division on the Division's boiler/Pressure Vessel Compliance Manual, Rules, and codes adopted;

2. Upon successful completion of the foregoing requirements, the Division will appoint the applicant as a deputy inspector and will issue credentials to that effect. The Division will also notify the sponsoring employer of the appointment.

3. Initial appointment as a deputy inspector terminates at the end of the calendar year in which such appointment is made unless a deputy inspector qualifies for reappointment under paragraph C of this rule.

C. Annual reappointment of deputy inspectors.

1. Effective January 1 of each year, the Division will renew the appointment of each deputy inspector for an additional year if the inspector satisfies the following requirements:

a. The individual was authorized to serve as a deputy inspector as of December 31 of the previous year;

b. A sponsoring employer has submitted a letter to the Division certifying that:

i. the individual is employed by the sponsoring employer; and

ii. The sponsoring employer requests the Division to reappoint that individual as a deputy inspector to inspect boilers and pressure vessels for that employer;

c. The individual or sponsoring employer has submitted to the Division a current, valid certification from the National Board establishing that the individual is qualified as a boiler and pressure vessel inspector;

d. The individual or sponsoring employer has submitted to the Division the required renewal fee of \$20;

e. The individual has completed the Division's required training for deputy inspectors.

2. An individual who does not meet each of the foregoing requirements is not eligible for reappointment as a deputy inspector and must instead meet each of the requirements for initial appointment under paragraph B of this rule.

D. Lapse, change of employment and loss of National Board certification.

1. Lapse. An individual's appointment as a deputy inspector will lapse if the individual:

a. Does not renew the appointment by satisfying the requirements of paragraph C of this rule;

b. Does not perform and submit to the Division at least one boiler or pressure vessel inspection during the previous calendar year; or

c. Fails to inform the Division of any change in status of employment with his or her sponsoring employer as required in the following paragraph D.2. of this rule.

2. Change in employment.

a. A deputy inspector must immediately notify the Division in writing of any change in the status of the inspector's employment with his or her sponsoring employer.

b. If the Division determines that an individual previously appointed as a deputy inspector is no longer employed by a company authorized to insure boilers and pressure vessels in Utah, the Division will immediately revoke that individual's appointment.

c. If the Division determines that a deputy inspector has changed employment to another company that insures boilers and pressure vessels in Utah, the Division will require the new employer or deputy inspector to submit the following:

i. A letter from the new employer:

AA. certifying that the individual is employed by that

sponsoring employer; and

BB. requesting that the individual's appointment as a deputy inspector be continued;

ii. A current, valid certification as a boiler/pressure vessel inspector from the National Board; and

iii. Payment to the Division of the required fee of \$20.

3. National Board Certification.

a. Every deputy inspector shall at all times hold a current valid certification as a boiler/pressure vessel inspector from the National Board.

b. Each deputy inspector shall immediately notify the Division if his or her National Board certification has been revoked or suspended.

c. If the Division has reason to believe that a deputy inspector's National Board certification has been revoked or suspended, the Division will obtain written verification from the National Board. IF the National Board has in fact revoked or suspended the deputy inspector's certification, the Division will revoke the inspector's appointment as a deputy inspector.

E. Scope of authority. Appointment as a deputy inspector has the limited effect of authorizing the deputy inspector to inspect boilers and pressure vessels insured by his or her sponsoring employer for compliance with engineering codes and other standards adopted by the Division in Utah Administrative Code Rule R616-2. The Division expressly does not confer any other authority to deputy inspectors. Deputy inspectors remain employees of their respective sponsoring employers and are not employees of the Division or agents of the Division for any other purpose. A deputy inspector's right to inspect any particular boiler or pressure vessel, including the deputy inspector's right of entry on the premises where the boiler or pressure vessel is located, is subject to the agreement between the sponsoring employers and the owner or operator of the boiler or pressure vessel. Appointment as a deputy inspector by the Division does not confer any right of entry independent from the terms of such agreement.

F. Inspection Standards

1. In inspecting any boiler or pressure vessel, a deputy inspector shall apply the standards and engineering codes adopted in Utah Administrative Code R616-2 - Boiler and Pressure Vessel Rules.

2. Each deputy inspector must use the Division's web-based applications to accurately record and submit all information regarding boilers and pressure vessels, including;

a. inspection reports;

b. scrapped and inactive items;

c. information changes other than those requiring submission of a Change of Insurance Status Form (NB4); and

d. a Web Issue Form (Form WIF-01) to identify any error or other issue resulting from the deputy inspector's use of the Division's web-based applications.

G. Quality Control. The Division will evaluate the performance of each deputy inspector to assure compliance with the Division's standards for boiler and pressure vessel inspections.

1. The Division's Business Analyst will review each inspection report submitted by a deputy inspector and will report any serious errors to the Chief Boiler and Pressure Vessel Inspector ("Chief Inspector") for appropriate action.

2. Each year, the Chief Inspector will evaluate a sample of each deputy inspector's inspections performed during that year for compliance with Division standards.

3. In addition to the reviews undertaken pursuant to paragraph G.2. of this rule, the Chief Inspector will also investigate any observation or report of an inspection deficiency to determine whether the deputy inspector complied with Division standards and rules in performing and reporting the inspection.

H. Corrective Action, Revocation and Right to Hearing.

1. If the Chief Inspector concludes that a deputy inspector does not satisfy requirements of this rule for continued appointment as a deputy inspector or has performed an inspection in a manner that is inconsistent with Division standards, the Chief Inspector will submit a written report and may recommend corrective action to the Division Director.

2. Depending on the circumstances and the seriousness of the situation, corrective action may include;

- a. warning letter;
- b. requirements for additional training;
- c. requirements for retesting;
- d. request review by the National Board;
- e. additional supervision; and
- f. revocation of appointment as a deputy inspector.

3. The Division Director shall forward a copy of the Chief Inspector's written report and any recommendation for corrective action to the deputy inspector and the sponsoring employer. If the deputy inspector or sponsoring employer dispute the report or recommended corrective action, the Division Director shall schedule time and place to conduct a hearing on the matter, such hearing to be conducted as an informal adjudicative proceeding under the Utah Administrative Procedures Act. After conducting such hearing, the Division Director will issue a written decision setting forth the material facts and ordering appropriate corrective action, if any. The Division Director shall forward a copy of the decision to the deputy inspector, sponsoring employer, and the National Board.

4. If the deputy inspector or sponsoring employer is dissatisfied with the Division Director's decision, the inspector or sponsoring employer may seek judicial review as provided by the Utah Administrative Procedures Act.

Notice of Continuation October 5, 2011

R622. Lieutenant Governor, Administration.**R622-2. Use of the Great Seal of the State of Utah.****R622-2-1. Purpose.**

(A) The Great Seal of the State of Utah is a symbol of the sovereignty of this state, and its use denotes authenticity of official state government functions and authority. The Great Seal is a single mounted engraved plate, comprising form and content as described in Section 67-1a-8, Utah Code. The purpose of this rule is to define how the state will:

- (1) manage the use and application of the Great Seal (the seal); and
- (2) define criteria for its authorized application.

R622-2-2. Primary Function of the Seal.

(A) Since its conception, the seal has been employed for specific governmental applications within the state's Executive, Legislative and Judicial Branches. The seal will be administered consistent with state law and policy, and its principal application shall be to authenticate or attest to:

- (1) official documents which are authorized and/or required by statute; and
- (2) other state documents having historic, civic, commemorative or educational value or import.

(B) The seal's impression on a legal document shall require the Lieutenant Governor's signature to appear on the same page as, and in proximity thereto.

R622-2-3. Custody and Use.

Pursuant to Section 67-1a-2(1)(d), (e), (f) of the Utah Code; the lieutenant governor shall ". . . keep custody of the Great Seal of the state of Utah; to keep a register of, and attest, the official acts of the governor; and to affix the Great Seal, with an attestation, to all official documents and instruments to which the official signature of the governor is required."

R622-2-4. General Permitted Uses of the Seal.

(A) The seal shall be permitted for use without the written authorization of the Lieutenant Governor, in the following circumstances:

- (1) printings of replicas of the seal on official state letterhead, business cards, and stationery for agencies, entities, or officers of the state, and
- (2) exhibition of permitted reproductions of the seal on state flags.

(B) The seal shall be permitted for use in the following circumstances upon describing and submitting a list of intended uses with the lieutenant governor's office to assure uniformity and continuity of use:

- (1) application or display of replicas of the seal by state agencies and state political sub-divisions which delineate official state purposes, and by state elected officials in connection with their official state business;
- (2) for educational and academic uses by schools, colleges and universities to convey information about official state functions;
- (3) for use on a product or article offered to the public, for profit or without charge, through the Utah State Capitol gift shop.
- (4) Such uses shall not attempt to endorse, authenticate, recognize or promote persons or roles, or be part of administrative or promotional functions.

R622-2-5. Prohibited Usage.

(A) The seal, or replica, shall not be committed for general use, including:

- (1) for personal financial gain;
- (2) for, or in connection with, any advertising or promotion of any product, business, organization, service, or article whether offered for sale, for profit or without charge,

except as provided in R622-2-4(B)(3);

(3) in a political campaign, or in ways that may legitimize or assist to defeat another candidate for elective office; or

(4) to function as, or be construed to function in any way as an endorsement of any business, organization, product, service or article.

(B) No symbol shall be used that imitates or appears similar to the seal in a way that intends to deceive, or is displayed in a manner that conveys improper use of the official Great Seal itself.

(C) When the seal is used, no mark, insignia, letter, word, figure, design, picture, or drawing of any nature may be placed upon the seal, or any part of it.

(D) A state agency, or an elected official, other than the lieutenant governor, shall not have authority to permit an individual or entity associated with a state agency or state elected official, to use the seal or replica for a commercial purpose whereby items will be distributed for sale, even though such purpose may include the providing of goods or services to the state.

(E) The seal shall not be displayed in a manner which lessens or detracts from its dignity or impact.

R622-2-6. Application For Use.

(A) Persons or entities seeking permission to use the seal or replica, excepting uses outlined in R622-2-4, will complete and file a legible application with the Lt. Governor, on a form provided by that office, which shall include:

(1) a specific description of the intended usage involving the Great Seal of the State of Utah, or replica of the seal,

(2) the payment of an administrative filing fee in the amount of \$ 5.00, (non-refundable) and

(3) a precise description and specification of the actual product or item to bear the seal, or replica, in the form of an architectural drawing, engineering draft-to-scale, brochure, or lucid photograph or computer-graphic. The application, and supporting documents shall become the property of the lieutenant governor's office.

(B) Upon approval of a complete application, the applicant shall be issued a certificate bearing an identification number, by the lieutenant governor, which shall be kept by the applicant on file for four years following use of the seal. State agencies and entities which use the state seal or replica for official state functions have no application or fee requirement.

(C) An application may be denied for (1) failure to comply with relevant statutes or this rule, (2) failure to include the required fee, or (3) if the intended use is found to be detrimental to the image of the state and not in its best interest.

R622-2-7. Revocation of Approved Applications.

The lieutenant governor may revoke any prior approved usage if it is determined that the seal is being used improperly, if the actual use differs from the intended use as described on the application, or if false or inaccurate information was used to gain approval.

R622-2-8. Enforcement.

(A) Pursuant to Section 67-1a-7, Utah Code, except as otherwise provided by law, only the lieutenant governor, or the lieutenant governor's designee, is authorized to use or affix the seal to a document in pursuance of law. If any person illegally uses the seal, or such seal when defaced, the state may refer such criminal violations to an appropriate prosecuting authority.

(B) Under the provisions of Section 76-6-501, Utah Code, the state may seek redress against a person, or persons, who impermissibly replicate the seal as a forgery. A person or entity employing the seal, or a replica, with the intent to defraud or imply that the presence of the seal or replica appeared by permission of the state, or whose presentation of the seal

denigrates it's ability to authenticate by proper state authority,
may be referred to an appropriate prosecuting authority.

R623. Lieutenant Governor, Elections.**R623-1. Lieutenant Governor's Procedure for Regulation of Lobbyist Activities.****R623-1-1. Purpose.**

Pursuant to Utah Code Section 36-11-404 this rule provides procedures for the lieutenant governor's office to:

- A. Issue lobbyist licenses;
- B. Disapprove lobbyist applications;
- C. Suspend and revoke lobbyist licenses;
- D. Reinstate lobbyist licenses; and
- E. Appoint administrative law judges.

R623-1-2. Authority.

This rule is required by Utah Code Section 36-11-404.

R623-1-3. Definitions.

In addition to the terms defined in Utah Code Section 36-11-102, the following definitions apply:

- A. "Director" means the director of the state elections office.
- B. "Register" means the process of obtaining a lobbying license as required by Sections 36-11-103 and 36-11-105.
- C. "Report" means any report required under Sections 36-11-201.

R623-1-4. Registration/License Application Procedure.

A. In order to register and obtain a license, a lobbyist shall:

1. Pay the registration fee as required by 36-11-103 and successfully complete the training as required by 36-11-307.

2. File a registration/license application statement in compliance with the provisions of Section 36-11-103. The lieutenant governor's office shall make available forms that comply with Section 36-11-103. The lobbyist may either:

(a) Submit the completed form to the lieutenant governor's office; or

(b) File the lobbyist registration/license application by completing the electronic form available on the Utah Lobbyist Online system; and submit the completed signature authorization form to the lieutenant governor's office.

B. Upon receipt of a completed lobbyist registration/license application form the lieutenant governor's office shall:

1. Review the registration form for accuracy, completeness and compliance with the law;

2. Approve or disapprove the registration/license application; and

3. Notify the lobbyist in writing within 30 days of approval or disapproval.

C. An applicant who has not been convicted of any of the offenses listed in Section 36-11-103(4)(a)(i), and who has not had a civil penalty imposed as described in Section 36-11-103(4)(a)(ii), may commence lobbying activities upon filing of a completed registration/license application form with the lieutenant governor's office and payment of the registration fee.

D. By applying for a license, the lobbyist certifies that the lobbyist intends to engage in lobbying activities under the circumstances stated in the application or supplements filed with the lieutenant governor's office during the time the registration and license are valid.

1. If a lobbyist intends to cease all lobbying activities for the remainder of the period of licensure, the lobbyist shall notify the lieutenant governor's office in writing and surrender the license.

2. If the lobbyist has a change in circumstances that affects the lobbyist's activities, the lobbyist shall notify the lieutenant governor's office in writing.

3. If a lobbyist has surrendered the license and then decides to reengage in lobbying activities, a reissued license

without a fee may be requested, if it is within the 2-year period of the original registration.

4. The lobbyist must submit a written request to the lieutenant governor's office in order to have the license reissued.

5. A reissued license expires on December 31 of each even numbered year in accordance with Section 36-11-103(3)(b).

E. A lobbyist may add and delete principals and provide other notices electronically as prescribed by the lieutenant governor's office.

R623-1-5. Disapproval of Application.

A. A lobbyist who is convicted of violation of any of the offenses listed in Utah Code Section 36-11-103, shall have his application for license disapproved by the lieutenant governor's office and a license will not be issued.

B. The lobbyist will receive written notice of the license disapproval from the lieutenant governor's office within 30 days.

R623-1-6. Suspensions, Revocations and Fines.

A. Registration and reporting violations.

1. In addition to any fines imposed under 36-11-401, a lobbyist license may be suspended for any of the following willful and knowing violations of Section 36-11-103, Sections 36-11-201:

a. Failure to register;

b. Failure to file a year end or supplemental report on or before the statutory due date;

c. Failure to file a year end or supplemental report;

d. Filing a report or other document that contains materially false information or the omission of material information; including, but not limited to, the failure to list all principals for which the lobbyist works or is hired as an independent contractor;

e. Failure to update a registration when a lobbyist accepts a new client for lobbying; or

f. Otherwise violating Sections 36-11-103, 36-11-201.

2. If a fine or other penalty is imposed more than once under the immediately preceding section, suspension or permanent revocation of the lobbyist license shall be imposed.

3. The determination of the penalty to be imposed will be made by following the procedures as provided by Section R623-1-7.

B. Illegal Activities of lobbyists.

1. If the lieutenant governor's office discovers or receives evidence of a possible violation of Sections 36-11-301 to 305, the evidence will be sent to the appropriate county attorney or district attorney's office for prosecution.

2. If a lobbyist is convicted of a violation of Sections 36-11-103, 36-11-201, 36-11-301, 36-11-302, 36-11-303, 36-11-304, 36-11-305 or 36-11-403, the lieutenant governor shall revoke the lobbyist license for one year as required by Subsection 36-11-401(1) and give the lobbyist notice of the same, together with notice of the lobbyist's right to request a hearing under Section R623-1-9.

3. If the county or district attorney does not prosecute a possible violation under Sections 36-11-302 or 36-11-303, the lieutenant governor's office shall review the evidence to determine if a civil fine or suspension may be appropriate following the procedures for civil enforcement set forth in Section R623-1-7.

4. If a lobbyist is convicted of a violation of any of the Title 76 Criminal Code Sections referenced in Subsection 36-11-401(4), suspension of up to three years or permanent revocation of the lobbyist license shall be imposed, but no civil fine may be imposed. The determination of whether to revoke or suspend a lobbyist license and for what length of time shall be made following the procedures for civil enforcement as provided by Section R623-1-7.

R623-1-7. Enforcement.

A. Any person with evidence of a possible violation of the Lobbyist Disclosure and Regulation Act may provide such evidence to the director in the lieutenant governor's office or may file a complaint with such officer. If the evidence is of a criminal violation, the person may report the information directly to the appropriate county attorney or district attorney.

B. If the director discovers or receives evidence of a criminal violation, such evidence shall be provided to the appropriate county or district attorney and any civil enforcement actions will proceed as set forth in Subsection R623-1-6(B).

C. If the director discovers or receives evidence of a violation of a civil provision, the director will investigate the alleged violation and make a determination regarding what fine and/or suspension or revocation should be imposed, if any.

D. The director shall give notice of the recommended penalty to the lobbyist, and if a complaint was filed, to the complainant.

E. If either the lobbyist or the complainant desire to contest the recommended penalty, they or either of them may do so by requesting a hearing within fifteen (15) days of receipt of the notice of the recommended penalty. If neither file a request for a hearing within the fifteen day period, the recommended penalty will be the penalty imposed for the violation. The notice of recommended penalty shall include a notice of hearing rights.

F. The administrative law judge for the hearing is not bound by the recommended penalty and may impose a penalty greater or less than the recommended penalty, as seems justified by the evidence.

G. If a lobbyist license is suspended or revoked, the lieutenant governor's office shall remove the lobbyist's name from the official list and notify the following of such:

1. The speaker of the house of representatives;
2. The president of the senate; and
3. The governor.

R623-1-8. Hearings, Appointment of Administrative Law Judges.

A. Hearings will be conducted as informal adjudicative proceedings under the Administrative Procedures Act.

B. The lieutenant governor's office shall appoint administrative law judges from state agencies to act as presiding officers over adjudicative proceedings.

R623-1-9. Reinstatement of a Lobbyist License.

A. A lobbyist whose license is suspended or revoked may apply for reinstatement.

B. The lieutenant governor's office shall not reinstate any lobbyist license until the lobbyist pays any fines that have been imposed.

Notice of Continuation March 26, 2014

36-11-404

R623. Lieutenant Governor, Elections.**R623-2. Uniform Ballot Counting Standards.****R623-2-1. Purpose.**

The State of Utah is adopting uniform and nondiscriminatory standards that define what constitutes a vote and what will be counted for each voting system used in the state.

R623-2-2. Authority.

This rule is authorized by Utah Code Section 67-1a-2(2)(a); 42 USC 15403(e); 42 USC 15481(a)(6); Utah Constitution Article VII Sections 1, 5 and 14.

R623-2-3. Definitions.

In addition to the terms defined in Utah Code Section 20A-1-102, the following definitions apply:

A. "Blank Ballot" means a ballot on which the voter has made no marks in any voting position, or has been marked with an unreadable marker, or is one which has been consistently marked outside of the "read" area of the scanner.

B. "Chad" means the small piece of paper or cardboard produced from a punch card ballot when a voter pierces a hole in a perforated, designated position on the ballot with a marking device to record the voter's candidate, question, or issue choice.

C. "Counter" means automatic tabulating equipment or other electronic voting equipment upon which ballots are counted.

D. "Damaged Ballot" means a ballot that has been torn, bent, or otherwise mutilated or rendered unreadable so that it cannot be processed by automatic tabulating equipment.

E. "Duplicate Ballot" means a ballot for which a duplicate is made in order to be properly processed and counted due to damage, improper marking or some other reason which would prevent a counter from accurately counting the ballot in accordance with the voter's intent.

F. "Overvote" means a race, question or issue which contains votes for more than the maximum number of candidates or responses for a ballot question or issue allowed.

G. "Optical Scan Ballot" means a paper ballot that contains blank ovals or arrows that are to be filled in by the voters using a readable marker.

H. "Punch Card Ballot" means a ballot card that contains small perforated designated positions that a marking device must pierce to form a hole that records a voter's candidate, question, or issue choice.

I. "Resolution Board" means election judges who inspect the optical scan ballots.

J. "Undervote" means a race, question or issue which contains no votes or when more than one choice is available, less than the maximum number of votes allowed.

K. "Zero tape" means a paper record that no votes have been cast or counted on any automatic tabulating equipment or voting machine.

R623-2-4. Uniform Counting Standards for Optical Scan Ballots.

A. A correctly voted optical scan ballot occurs when a voter, using a readable marker, fills in or connects at least one of the ovals/arrows per race, question, or issue, not to exceed the maximum allowable votes per race, question or issue, in accordance with the ballot marking instructions.

B. Optical scan equipment shall be set to consistent and uniform sensitivity standards for each system type.

C. Pre-election testing shall be performed by the designated election official in accordance with Utah Code Section 20A-4-104(1).

D. Election day count machine settings shall be set to sort blank ballots, overvotes, and write-in votes.

E. When a precinct optical scan counter is used in the

precinct the procedure is as follows:

1. A zero tape shall be run indicating no votes cast or counted before the machine is used.

2. Voters whose ballots are rejected or sorted by the precinct counter as a blank, overvoted or undervoted ballot shall be given the opportunity to correct their ballot.

3. Ballots sorted to a write-in bin shall be tallied at the conclusion of the voting and delivered to the central counting center in a secure container.

F. When using a central count optical scan counter, the procedure is as follows:

1. A zero tape shall be run indicating no votes cast or counted before the counting begins.

2. Official ballots shall be processed through the optical scanner, with write in votes tallied. If there are no legally qualified write-in candidates, the write-in sort option shall not be utilized.

3. The optical scanner shall be tested again by tabulating the test deck at the conclusion of the count.

G. Resolution of optical scan ballots shall be as follows:

1. Damaged or defective ballots shall be repaired, if possible, to be accepted by the optical scan equipment. If the ballot is damaged beyond repair, the ballot shall be duplicated utilizing the ballot duplication procedures established in Utah Code Section 20A-4-104(3).

2. Blank ballots shall be examined by the resolution board to determine if the ballot is a true blank ballot or one that has been marked with a non-detected device. The resolution board may clarify a non-detected mark in such a manner that the original voter mark is preserved, such as making a detectable line through the non-detected mark, placing a removable label over the non-detected mark and marking with the proper device, or placing cellophane tape over the mark and a marked removable label to properly reflect the voter's intent. The election officer must initial the clarification in a non-readable area on the ballot next to the clarification. The election official may also choose to make a true duplicate copy of the ballot utilizing the ballot duplication procedures. If a ballot is truly blank, it shall be sent back for the resolution pass through the scanner, and the ballot tabulated with no races, issues or questions voted.

3. Overvoted ballots shall be inspected by the resolution board. Any marks that are clearly identified as unintentional but register as an overvote on the scanner may be clarified by the election officer by the placement of a removable adhesive sticker over the unintentional mark to properly reflect the voter's intent. The election officer must initial next to the clarification in a non-readable portion of the ballot. The election officer may also choose to make a true duplicate copy of the ballot utilizing the procedures for duplication of ballots.

4. Write-in votes sorted by the optical scan equipment on election day shall be designated for hand counting. In order to be counted, the oval must be darkened or the arrow connected according to the appropriate voting instructions.

H. Recount Procedures for Optical Scan.

1. Optical scan equipment shall be set to consistent sensitivity standards for each system type, shall be tested prior to the recount, and shall be programmed to sort undervotes for the individuals race(s), issue(s) or question(s) being recounted.

2. Recounts will include a visual inspection of all ballots cast for write-in candidates in the contested race(s) to determine voter intent.

R623-2-5. Uniform Counting Standards for Punch Card Voting Systems.

A. Prior to the counting of the ballots by automatic tabulating equipment, at least one team of election personnel shall inspect the ballots for loose chads, ballot damage, including holes that are too large, a ballot that is torn in the

mail, etc., written instructions and corrections, and write-in votes. The purpose of the inspection shall be to insure that all ballots are machine-readable and that the voter's intent will be recorded correctly and accurately. In some instances, duplication of the ballot may be necessary in order to count the ballot.

B. All loose chads shall be removed to insure that all of the voter's choices on the ballot are correctly and accurately reflected in the count.

1. A chad that is unattached on two or more corners represents a vote and shall be removed.

2. If a chad is attached to a punch card ballot by three or four corners, unless there is a complete hole in the chad made by the stylus, no vote shall be recorded for that candidate, issue or question at that particular ballot position, and the chad shall not be removed.

C. Dimpled mark or puncture. If the ballot has been marked according to instructions but there is a dimple mark located wholly on the non removed chad, that mark shall be considered a random mark, no vote shall be recorded for that candidate, issue or question at that particular ballot position, and the chad shall not be removed.

D. Damaged ballots. If the ballot has damage or defects that would cause problems in tallying, the ballot shall be duplicated to the extent possible in accordance with the voter's intent. If the voter's intent cannot be determined for a specific office, issue or question on the damaged ballot, that position shall be left blank on the duplicate ballot.

E. If other material is included with an absentee ballot or is attached to the secrecy envelope, the material shall be inspected to determine if it has a bearing on the voter's intent. If the material has a bearing on the voter's intent, the original ballot shall be duplicated as necessary and the original ballot, along with the material, shall be placed in an envelope marked "Duplicated Ballot". If the material has no bearing on the voter's intent, it shall be discarded.

R623. Lieutenant Governor, Elections.**R623-3. Utah State Plan on Election Reform.****R623-3-1. Purpose.**

The purpose of this rule is to incorporate by reference the policies and procedures of the Utah State Plan on Election Reform adopted by the State Plan Committee on November 8, 2004.

R623-3-2. Authority.

This rule is authorized by 42 USC 15404; 42 USC 15403(e); Utah Code Subsection 67-1a-2(2); and Utah Constitution Article VII, Sections 1, 5 and 14.

R623-3-3. Incorporation of the Utah State Plan on Election Reform.

The State Elections Office incorporates by reference the Utah State Plan on Election Reform adopted on November 8, 2004. The Utah State Plan on Election Reform originally adopted on September 25, 2003, was published in the Federal Register (69 FR14002) on March 24, 2004.

42 U.S.C. 15403(e)

R651. Natural Resources, Parks and Recreation.**R651-102. Government Records Access Management Act.****R651-102-1. Purpose and Authority.**

(1) This rule prescribes where and to whom requests for information shall be directed and provides procedures for access to division records as allowed under Subsection 63G-2-204(2).

(2) Specific procedures for requesting division records are provided in Chapter 2, Title 63G, Government Records Access and Management Act.

R651-102-2. Definitions.

(1) Terms used in this rule are defined in Section 63G-2-103.

(2) In addition:

(a) "Records officer" means the individual located in the Salt Lake division office designated by the director of the division to work with state archives in the care, maintenance, scheduling, designation, classification, disposal, and preservation of records.

(b) "Division" means the Division of Parks and Recreation.

R651-102-3. Allocation of Responsibility Within the Division.

The division is considered a governmental entity and the director of the division is considered the head of the governmental entity.

R651-102-4. Requesting Information.

(1) A person making a request for any record shall furnish the division with a written request as provided in Subsection 63G-2-204(1) on a form provided by the division.

(2)(a) A request for any record shall be made only to the records officer in the Salt Lake division office located at 1594 West North Temple Salt Lake City, Utah.

(b) Response to a request submitted to any person other than the records officer in the Salt Lake division office may be delayed.

(3)(a) The records officer shall respond to each request according to Section 63G-2-204.

(b) Under authority of Subsection 63G-2-201(5)(b) the director may, in his discretion, disclose records that are private under Subsection 63G-2-302(2) or protected under Section 63G-2-304 to persons other than those specified in Section 63G-2-202 or 63G-2-206 if he determines there is no interest in restricting access to the record, or that the interests favoring access outweighs the interest favoring restriction of access.

R651-102-5. Requests for Access for Research Purposes.

(1) Access to private or controlled records for research purposes is allowed under Section 63G-2-202(8).

(2) Requests for access to private or controlled records for research purposes may be made to the records officer in the Salt Lake division office.

R651-102-6. Intellectual Property Records.

(1) The division may duplicate and distribute an intellectual property right that is owned by the division in accordance with Subsection 63G-2-201(10).

(2) Decisions with regard to these rights shall be made by the records officer in the Salt Lake division office.

(3) Any request regarding the duplication and distribution of such materials shall be made in writing to the records officer in the Salt Lake division office.

R651-102-7. Fees.

(1) The division, pursuant to Section 63G-2-203, may charge a reasonable fee to cover the actual cost of duplicating a record or compiling a record in a form other than that

maintained by the division.

(2) The division shall establish fees according to Subsection 63G-2-203(3).

(3) Fees must be paid at the time of the request or before the records are provided to the requester.

(4) The records officer may fulfill a record request without charge according to the guidelines established in Subsection 63G-2-203(3).

(5) Requests for a fee waiver may be made to the records officer in the Salt Lake division office.

R651-102-8. Denials.

(1) If the records officer denies a request in whole or in part, he shall send a notice of denial to the requester either in person or by sending the notice to the requester's address.

(2) The notice of denial shall contain the information required in Subsection 63G-2-205(2).

R651-102-9. Appeal of Access Determination.

(1) Any person aggrieved by an access determination made by the records officer, including a person not a party to the division proceeding may, within 30 days after the determination, appeal the determination to the director by submitting a notice of appeal on a form provided by the division.

(2) The notice of appeal shall contain the information provided in Subsection 63G-2-401(2).

(3) Upon receiving the notice of appeal the director shall make a determination according to the guidelines and within the time periods specified in Section 63G-2-401.

R651-102-10. Appeal of Request to Amend a Record.

(1) Any individual contesting the accuracy or completeness of any public, private, or protected record concerning him may request the division amend the record according to the guidelines specified in Subsection 63G-2-603(2).

(2) The request to amend shall be considered a request for agency action as prescribed in Subsection 63G-46b-3 and the adjudicative proceeding shall be conducted informally according to the procedures prescribed in Section 63G-46b-5 and R651-101, Adjudicative Proceedings.

(3) Any request to amend a record must be made to the records officer in the Salt Lake division office on a form provided by the division.

Notice of Continuation April 11, 2012

63G-2-204

R657. Natural Resources, Wildlife Resources.**R657-10. Taking Cougar.****R657-10-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19 of the Utah Code, the Wildlife Board has established this rule for taking and pursuing cougar.

(2) Specific dates, areas, number of permits, limits, and other administrative details which may change annually are published in the guidebook of the Wildlife Board for taking cougar.

R657-10-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Canned hunt" means that a cougar is treed, cornered, held at bay or its ability to escape is otherwise restricted for the purpose of allowing a person who was not a member of the initial hunting party to arrive and take the cougar.

(b) "Compensation" means anything of economic value in excess of \$100 that is paid, loaned, granted, given, donated, or transferred to a dog handler for or in consideration of pursuing cougar for any purpose.

(c) "Cougar" means Puma concolor, commonly known as mountain lion, lion, puma, panther or catamount.

(d) "Cougar pursuit permit" means a permit that authorizes a person to pursue cougar during designated seasons.

(e) "Cougar Management Area" means a group of units under the same cougar harvest quota.

(f) "Dog handler" means the person in the field that is responsible for transporting, releasing, tracking, controlling, managing, training, commanding and retrieving the dogs involved in the pursuit. The owner of the dogs is presumed the dog handler when the owner is in the field during pursuit.

(g) "Evidence of sex" means the sex organs of a cougar, including a penis, scrotum or vulva.

(h) "Green pelt" means the untanned hide or skin of any cougar.

(i) "Harvest-objective hunt" means any hunt that is identified as harvest-objective in the hunt table of the guidebook for taking cougar.

(j) "Harvest-objective permit" means any permit valid on harvest-objective units, including limited-entry permits for split units after the split-unit transition date.

(k) "Immediate family member" means a livestock owner's spouse, child, son-in-law, daughter-in-law, father, mother, father-in-law, mother-in-law, brother, sister, brother-in-law, sister-in-law, stepchild and grandchild.

(l) "Kitten" means a cougar less than one year of age.

(m) "Kitten with spots" means a cougar that has obvious spots on its sides or its back.

(n) "Limited entry hunt" means any hunt listed in the hunt tables of the guidebook of the Wildlife Board for taking cougar, which is identified as limited entry and does not include harvest objective hunts.

(o) "Limited entry permit" means any permit obtained for a limited entry hunt by any means, including conservation permits and sportsman permits.

(p) "Private lands" means any lands that are not public lands, excluding Indian trust lands.

(q) "Public lands" means any lands owned by the state, a political subdivision or independent entity of the state, or the United States, excluding Indian trust lands, that are open to the public for purposes of engaging in pursuit.

(r) "Pursue" means to chase, tree, corner or hold a cougar at bay.

(s) "Split unit" means a cougar hunting unit that begins as a limited entry unit then transitions into a harvest objective unit.

(t) "Waiting period" means a specified period of time that a person who has obtained a cougar permit must wait before

applying for any other cougar permit.

(u) "Written permission" means written authorization from the owner or person in charge to enter upon private lands and must include:

(i) the name and signature of the owner or person in charge;

(ii) the address and phone number of the owner or person in charge;

(iii) the name of the dog handler given permission to enter the private lands;

(iv) a brief description of the pursuit activity authorized;

(v) the appropriate dates; and

(vi) a general description of the property.

R657-10-3. Permits for Taking Cougar.

(1)(a) To harvest a cougar, a person must first obtain a valid limited entry cougar permit or a harvest objective cougar permit for the specified management units as provided in the guidebook of the Wildlife Board for taking cougar.

(b) Any person who obtains a limited entry cougar permit or a harvest objective cougar permit may pursue cougar on the unit for which the permit is valid.

(2) A person may not apply for or obtain more than one cougar permit for the same season, except:

(a) as provided in Subsection R657-10-25(3); or

(b) if the person is unsuccessful in the limited entry drawing, the person may purchase a harvest objective permit.

(3) Any cougar permit purchased after the season opens is not valid until seven days after the date of purchase.

(4) To obtain a cougar limited entry permit, harvest objective permit, or pursuit permit, a person must possess a Utah hunting or combination license.

R657-10-4. Permits for Pursuing Cougar.

(1)(a) To pursue cougar without a limited entry cougar permit, the dog handler must:

(i) obtain a valid cougar pursuit permit from a division office; or

(ii) possess the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation.

(b) A cougar pursuit permit or exemption therefrom does not allow a person to kill a cougar.

(2) Residents and nonresidents may purchase cougar pursuit permits consistent with the requirements of this rule and the guidebooks of the Wildlife Board.

(3) To obtain a cougar pursuit permit, a person must possess a Utah hunting or combination license.

R657-10-5. Hunting Hours.

Cougar may be taken or pursued only between one-half hour before official sunrise through one-half hour after official sunset.

R657-10-6. Firearms and Archery Tackle.

A person may use the following to take cougar:

(1) any firearm not capable of being fired fully automatic;

(2) a bow and arrows; and

(3) a crossbow as provided in Rule R657-12.

R657-10-7. Traps and Trapping Devices.

(1) Cougar may not be taken with a trap, snare or any other trapping device, except as authorized by the Division of Wildlife.

(2) Cougar accidentally caught in any trapping device must be released unharmed, and must not be pursued or taken.

(3)(a) Written permission must be obtained from a division representative to remove the carcass of a cougar from any trapping device.

(b) The carcass shall remain the property of the state of

Utah and must be surrendered to the division.

R657-10-8. State Parks.

(1) Hunting of any wildlife is prohibited within the boundaries of all state park areas except those designated by the Division of Parks and Recreation in Section R651-614-4.

(2) Hunting with a rifle, handgun or muzzleloader in park areas designated open is prohibited within one mile of all park facilities including buildings, camp or picnic sites, overlooks, golf courses, boat ramps and developed beaches.

(3) Hunting with shotguns and archery tackle is prohibited within one quarter mile of the above stated areas.

R657-10-9. Prohibited Methods.

(1) Cougar may be taken or pursued only during open seasons and using methods prescribed in this rule and the guidebook of the Wildlife Board for taking cougar. Otherwise, under the Wildlife Resources Code, it is unlawful for any person to possess, capture, kill, injure, drug, rope, trap, snare or in any way harm or transport cougar.

(2) After a cougar has been pursued, chased, treed, cornered or held at bay, a person may not, in any manner, restrict or hinder the animal's ability to escape.

(3) A person may not engage in a canned hunt.

(4) A person may not take any wildlife from an airplane or any other airborne vehicle or device or any motorized terrestrial or aquatic vehicle, including snowmobiles and other recreational vehicles.

(5) Electronic locating equipment may not be used to locate cougars wearing electronic radio devices.

R657-10-10. Spotlighting.

(1) Except as provided in Section 23-13-17:

(a) a person may not use or cast the rays of any spotlight, headlight or other artificial light to locate protected wildlife while having in possession a firearm or other weapon or device that could be used to take or injure protected wildlife; and

(b) the use of a spotlight or other artificial light in a field, woodland or forest where protected wildlife are generally found is prima facie evidence of attempting to locate protected wildlife.

(2) The provisions of this section do not apply to:

(a) the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife; or

(b) a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing the concealed weapon to hunt or take wildlife.

R657-10-11. Party Hunting.

A person may not take a cougar for another person.

R657-10-12. Use of Dogs.

(1) Dogs may be used to take or pursue cougar only during open seasons as provided in the guidebook of the Wildlife Board for taking cougar.

(2) A dog handler may pursue cougar provided he or she possesses:

(a) a valid limited entry cougar permit issued to the dog handler;

(b) a valid cougar pursuit permit; or

(c) the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation.

(3) When dogs are used in the pursuit of a cougar, the licensed hunter intending to take the cougar must be present when the dogs are released and must continuously participate in the hunt thereafter until the hunt is completed.

(4) When dogs are used to take a cougar and there is not

an open pursuit season, the dog handler must have:

(a) a limited entry cougar permit issued to the dog handler for the unit being hunted;

(b)(i) a valid cougar pursuit permit; and

(ii) be accompanied, as provided in Subsection (3), by a hunter possessing a limited entry cougar permit for the area; or

(c)(i) the documentation and certifications required in R657-10-25(2) to pursue cougar for compensation and

(ii) be accompanied, as provided in Subsection (3), by a paying client possessing a limited entry cougar permit for the area.

(5) A dog handler may pursue cougar under:

(a) a cougar pursuit permit only during the season and in the areas designated by the Wildlife Board in guidebook open to pursuit;

(b) a limited entry cougar permit only during the season and in the area designated by the Wildlife Board in guidebook for that permit; or

(c) the pursuit for compensation provisions in this rule only during the seasons and in the areas designated by the Wildlife Board in guidebook open to pursuit.

(6) When dogs are used to take cougar and there is not an open pursuit season, the owner and handler of the dogs must have a valid pursuit permit and be accompanied by a licensed hunter as provided in Subsection (3), or have a cougar permit.

R657-10-13. Tagging Requirements.

(1) The carcass of a cougar must be tagged with a temporary possession tag before the carcass is moved from or the hunter leaves the site of kill as provided in Section 23-20-30.

(2) A person may not hunt or pursue a cougar after any of the notches have been removed from the tag or the tag has been detached from the permit.

(3) The temporary possession tag:

(a) must remain attached to the pelt or unskinned carcass until the permanent possession tag is attached; and

(b) is only valid for 48 hours after the date of kill.

(4) A person may not possess a cougar pelt or unskinned carcass without a valid permanent possession tag affixed to the pelt or unskinned carcass. This provision does not apply to a person in possession of a properly tagged carcass or pelt within 48 hours after the kill, provided the person was issued and is in possession of a valid permit.

R657-10-14. Evidence of Sex and Age.

(1) Evidence of sex must remain attached to the carcass or pelt of each cougar until a permanent tag has been attached by the division.

(2) The pelt and skull must be presented to the division in an unfrozen condition to allow the division to gather management data.

(3) It is mandatory that a tooth (PM1) be removed by the division at the time of permanent tagging to be used for aging purposes.

(4) The division may seize any pelt not accompanied by its skull or not having sufficient evidence of biological sex designation attached.

R657-10-15. Permanent Tag.

(1)(a) Each cougar must be taken by the permit holder to a conservation officer or division office within 48 hours after the date of kill to have a permanent possession tag affixed to the pelt or unskinned carcass and for the removal of a tooth.

(b) After regular business hours, on weekends, or on holidays, a conservation officer may be reached by contacting the local police dispatch office.

(2) A person may not possess a green pelt after the 48-hour check-in period, or ship a green pelt out of Utah, or present

a green pelt to a taxidermist if the green pelt does not have a permanent possession tag attached.

R657-10-16. Transporting Cougar.

Cougar that have been legally taken may be transported by the permit holder provided the cougar is properly tagged and the permittee possesses the appropriate permit.

R657-10-17. Exporting Cougar from Utah.

(1) A person may export a legally taken cougar or its parts if that person has a valid permit and the cougar is properly tagged with a permanent possession tag.

(2) A person may not ship or cause to be shipped from Utah, a cougar pelt without first obtaining a shipping permit issued by an authorized division representative.

R657-10-18. Donating.

(1) A person may donate protected wildlife or their parts to another person as provided in Section 23-20-9.

(2) A green pelt of any cougar donated to another person must have a permanent possession tag affixed.

(3) The written statement of donation must be retained with the pelt.

R657-10-19. Purchasing or Selling.

(1) Legally obtained, tanned cougar hides may be purchased or sold.

(2) A person may not purchase, sell, offer for sale, or barter a tooth, claw, paw, or skull of any cougar.

R657-10-20. Waste of Wildlife.

(1) A person may not waste or permit to be wasted or spoiled any protected wildlife or their parts.

(2) The skinned carcass of a cougar may be left in the field and does not constitute waste of wildlife.

R657-10-21. Livestock Depredation and Human Health and Safety.

(1) If a cougar is harassing, chasing, disturbing, harming, attacking or killing livestock, or has committed such an act within the past 72 hours:

(a) in depredation cases, the livestock owner, an immediate family member or an employee of the owner on a regular payroll, and not hired specifically to take cougar, may kill the cougar;

(b) a landowner or livestock owner may notify the division of the depredation or human health and safety concerns, who shall authorize a local hunter to take the offending cougar or notify a USDA, Wildlife Services specialist; or

(c) the livestock owner may notify a USDA, Wildlife Services specialist of the depredation who may take the depredating cougar.

(2) Depredating cougar may be taken at any time by a USDA, Wildlife Services specialist, supervised by the Wildlife Services program, while acting in the performance of the person's assigned duties and in accordance with procedures approved by the division.

(3) A depredating cougar may be taken by those persons authorized in Subsection (1)(a) with:

(a) any weapon authorized for taking cougar; or

(b) with the use of snares only with written authorization from the director of the division and subject to all the conditions and restrictions set out in the written authorization.

(i) The option in Subsection (3)(b) may only be authorized in the case of a chronic depredation situation where numerous livestock have been killed by a depredating cougar and must be verified by Wildlife Services or division personnel.

(4)(a) The Division may issue depredation permits to take cougar on specified private lands and public land grazing

allotments with a chronic depredation situation where numerous livestock have been killed by cougar.

(b) The Division may:

(i) issue one or more depredation permits to the affected livestock owner or a designee, provided the livestock owner does not receive monetary consideration from the designee for the opportunity to use the depredation permit;

(ii) determine the legal weapons and methods of take allowed; and

(iii) specify the area and season that the permit is valid.

(5)(a) Any cougar taken under Subsection (1)(a) or (4)(a) shall remain the property of the state and must be delivered to a division office or employee within 72 hours.

(b) The division may issue a cougar damage permit to a person who has killed a depredating cougar under Subsection (1)(a) that authorizes the person to keep the carcass.

(c) A person that takes a cougar under Subsection (1)(a) or (4)(a) may acquire and use a limited entry or harvest objective cougar permit in the same year.

(d) Notwithstanding Subsections (5)(b) and (5)(c), a person may retain no more than one cougar annually.

(6)(a) Hunters interested in taking depredating cougar as provided in Subsection (1)(b) may contact the division.

(b) Hunters will be contacted by the division to take depredating cougar as needed.

R657-10-22. Survey.

Each permittee who is contacted for a survey about their cougar hunting experience should participate in the survey regardless of success. Participation in the survey helps the division evaluate population trends, harvest success and collect other valuable information.

R657-10-23. Taking Cougar.

(1)(a) A person may take only one cougar during the season and from the area specified on the permit.

(b) Limited entry permits may be obtained by following the application procedures provided in this rule and the guidebook of the Wildlife Board for taking cougar.

(c) Harvest objective permits may be purchased on a first-come, first-served basis as provided in guidebook of the Wildlife Board for taking cougar.

(2) A person may not:

(a) take or pursue a female cougar with kittens or kittens with spots; or

(b) repeatedly pursue, chase, tree, corner, or hold at bay, the same cougar during the same day after the cougar has been released.

(3) Any cougar may be taken during the prescribed seasons, except a kitten with spots, or any cougar accompanied by kittens, or any cougar accompanied by an adult.

(4) A person may not take a cougar wearing a radio collar from any areas that are published in the guidebook of the Wildlife Board for taking cougar.

(5) The division may authorize hunters who have obtained a limited entry cougar permit to take cougar in a specified area of the state in the interest of protecting wildlife from depredation.

(6) Season dates, closed areas, harvest objective permit areas and limited entry permit areas are published in the guidebook of the Wildlife Board for taking cougar.

(7)(a) A person who obtains a limited entry cougar permit on a split unit may hunt on all harvest objective units after the date split units transition into harvest objective units. The split unit transition date is provided in the guidebook of the Wildlife Board for taking cougar.

(b) A person who obtains a limited entry cougar permit on a split unit and chooses to hunt on any harvest objective unit after the transition date is subject to all harvest objective unit

closure requirements provided in Sections R657-10-34 and 657-10-35.

R657-10-24. Extended and Preseason Hunts.

(1) An extended or preseason hunt may be authorized by the division on selected cougar management units to control depredation or nuisance problems.

R657-10-25. Cougar Pursuit.

(1)(a) Except as provided in rule R657-10-3(1)(b) and Subsection (2), cougar may be pursued only by persons who have obtained a cougar pursuit permit.

(b) The cougar pursuit permit does not allow a person to:

- (i) kill a cougar; or
- (ii) pursue cougar for compensation.

(c) A person may pursue cougar for compensation only as provided in Subsection (2).

(d) To obtain a cougar pursuit permit, a person must possess a Utah hunting or combination license.

(2)(a) A person may pursue cougar on public lands for compensation, provided the dog handler:

- (i) receives compensation from a client or customer to pursue cougar;
- (ii) is a licensed hunting guide or outfitter under Title 58, Chapter 79 of the Utah Code and authorized to pursue cougar;
- (iii) possesses on his or her person the Utah hunting guide or outfitter license;
- (iv) possesses on his or her person all permits and authorizations required by the applicable public lands managing authority to pursue cougar for compensation; and
- (v) is accompanied by the client or customer at all times during pursuit.

(b) A person may pursue cougar on private lands for compensation, provided the dog handler:

- (i) receives compensation from a client or customer to pursue cougar;
- (ii) is accompanied by the client or customer at all times during pursuit; and
- (iii) possesses on his or her person written permission from all private landowners on whose property pursuit takes place.

(c) A person who is an employee or agent of the Division of Wildlife Services may pursue cougar on public lands and private lands while acting within the scope of their employment.

(3) A pursuit permit is not required to pursue cougar under Subsection (2).

(4)(a) A person pursuing cougar for compensation under subsections (2)(a) and (2)(b) shall comply with all other requirements and restrictions in statute, rule and the guidebooks of the Wildlife Board regulating the pursuit and take of cougar.

(b) Any violation of, or failure to comply with the provisions of Title 23 of the Utah Code, this rule, or the guidebooks of the Wildlife Board may be grounds for suspension of the privilege to pursue cougar for compensation under this subsection, as determined by a division hearing officer.

(5) A cougar pursuit permit authorizes the holder to pursue cougar with dogs on any unit open to pursuing cougar during the seasons and under the conditions prescribed by the Wildlife Board in guidebook.

(6) A person may not:

- (a) take or pursue a female cougar with kittens or kittens with spots;
- (b) repeatedly pursue, chase, tree, corner or hold at bay, the same cougar during the same day; or
- (c) possess a firearm or any device that could be used to kill a cougar while pursuing cougar.

(i) The weapon restrictions set forth in the subsection do not apply to a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code,

provided the person is not utilizing or attempting to utilize the concealed weapon to injure or kill cougar.

(7) If eligible, a person who has obtained a cougar pursuit permit may also obtain a limited entry cougar permit or harvest objective cougar permit.

(8) Cougar may be pursued only on limited entry units or harvest objective units during the dates provided in the guidebook of the Wildlife Board for taking cougar.

(9) A cougar pursuit permit is valid on a calendar year basis.

(10) A person must possess a valid hunting or combination license to obtain a cougar pursuit permit.

R657-10-26. Limited Entry Cougar Permit Application Information.

(1) Limited entry cougar permits are issued pursuant to R657-62-24.

R657-10-27. Harvest Objective General Information.

(1) Harvest objective permits are valid only for the open harvest objective management units and for the specified seasons published in the guidebook of the Wildlife Board for taking cougar.

(2) Harvest objective permits are not valid in a specified management unit after the harvest objective has been met for that specified Cougar Management Area.

R657-10-28. Harvest Objective Permit Sales.

(1) Harvest objective permits are available on a first-come, first-served basis beginning on the date published in the guidebook of the Wildlife Board for taking cougar.

(2) Any cougar permit purchased after the season opens is not valid until three days after the date of purchase unless specifically authorized by the division.

(3) A person must possess a valid hunting or combination license to obtain a Harvest objective permit.

R657-10-29. Harvest Objective Unit Closures.

(1) To hunt in a harvest objective unit, a hunter must call 1-888-668-LION or visit the division's website to verify that the cougar management area is still open. The phone line and website will be updated each day by 12 noon. Updates become effective the following day thirty minutes before official sunrise.

(2) Harvest objective units are open to hunting until:

- (a) the cougar harvest objective for that cougar management area is met and the division closes the area; or
- (b) the end of the hunting season as provided in the guidebook of the Wildlife Board for taking cougar.

(3) Upon closure of a harvest objective unit, a hunter may not take or pursue cougar except as provided in Section R657-10-25.

R657-10-30. Harvest Objective Unit Reporting.

(1) Any person taking a cougar with a harvest objective permit must report to the division, within 48 hours, where the cougar was taken and have a permanent tag affixed pursuant to Section R657-10-15.

(2) Failure to accurately report the correct harvest objective management unit where the cougar was killed is unlawful.

(3) Any conviction for failure to accurately report, or aiding or assisting in the failure to accurately report as required in Subsection (1) shall be considered prima facie evidence of a knowing, intentional or reckless violation for purposes of permit suspension.

R657-10-31. Wildlife Management Areas.

(1) A person may not use motor vehicles on division-owned wildlife management areas closed to motor vehicle use

during the winter without first obtaining written authorization from the appropriate division regional office.

(2) The division may, in its sole discretion, authorize limited motor vehicle access to its wildlife management areas closed to such use during the winter provided:

- (a) the person seeking access possesses a valid cougar permit for the area;
- (b) motor vehicle access is necessary to effectively utilize the cougar permit; and
- (c) motor vehicle access will not interfere with wintering wildlife or wildlife habitat.

R657-10-32. Poaching-Reported Reward Permits.

(1) For purposes of this section, "successful prosecution" means the screening and filing of charges for the poaching incident.

(2) Any person who provides information leading to another person's arrest and successful prosecution for wanton destruction of a cougar on a limited entry cougar unit, under Section 23-20-4, may receive a permit from the division to hunt cougar on the same limited-entry cougar unit where the reported violation occurred, as provided in Subsection (3).

(3)(a) The division may issue poaching-reported reward permits only in limited-entry cougar units that have more than 10 total permits allocated.

(b) The division may issue only one poaching-reported reward permit per limited-entry cougar unit per year.

(4)(a) The division may issue only one poaching-reported reward permit for any one animal illegally taken.

(b) No more than one poaching-reported reward permit shall be issued to any one person per successful prosecution.

(c) No more than one cougar poaching-reported reward permit shall be issued to any one person in any one cougar season.

(5)(a) Poaching-reported reward permits may only be issued to the person who provides the most pertinent information leading to a successful prosecution. Permits are not transferrable.

(b) If information is received from more than one person, the director of the division shall make a determination based on the facts of the case, as to which person provided the most pertinent information leading to the successful prosecution in the case.

(c) The person providing the most pertinent information shall qualify for the poaching-reported reward permit.

(6) Any person who receives a poaching-reported reward permit must possess a Utah hunting or combination license and otherwise be eligible to hunt and obtain cougar permits as provided in all rules and regulations of the Wildlife Board and the Wildlife Resources Code.

KEY: wildlife, cougar, game laws

March 11, 2014

Notice of Continuation August 16, 2011

23-14-18

23-14-19

R657. Natural Resources, Wildlife Resources.**R657-27. License Agent Procedures.****R657-27-1. Purpose and Authority.**

Under Section 23-19-15, this rule provides the application procedures, standards, and requirements for wildlife license agents.

R657-27-2. Definitions.

- (1) Terms used in this rule are defined in Section 23-13-2.
- (2) In addition:
 - (a) "Automated Clearing House or ACH" means a division approved method of payment of monies owed the division through an automatic electronic process.
 - (b) "Agent hunting and fishing licenses online" means the web application that allows a license agent to sell wildlife documents.
 - (c) "Bond" means a surety bond to remain in full force and effect continuously and indefinitely, until canceled.
 - (d) "Computer hardware" means electronic equipment the division deems necessary to perform the minimum required functions of the division's online license sales application system.
 - (e) "Deactivated license agent or deactivated" means a license agent that holds license agent status but is temporarily precluded from selling wildlife documents for failure to comply with this rule or any other laws or agreements regulating license agent activity.
 - (f) "License agent" means a person authorized by the division to sell wildlife documents.
 - (g) "License Agent Application" means a written request to be authorized by the division to sell wildlife documents.
 - (h) "License Agent Authorization" means an agreement between the division and a license agent, allowing a license agent to sell wildlife documents.
 - (i) "License paper" means paper designated by the division for the sole purpose of printing specified licenses or permits through the agent hunting and fishing licenses online sales system.
 - (j) "Location" means the building or structure from which a license agent is authorized to sell wildlife documents.
 - (k) "Presiding officer" means the hearing officer designated by the director of the division.
 - (l) "Remuneration" means money that a license agent receives for each wildlife document sold as provided in Section 23-19-15.
 - (m) "Wildlife documents" means licenses, permits and tags issued by the division or by a license agent.

R657-27-3. License Agent Application.

- (1) License agent applications may be obtained from the Licensing Section in the Salt Lake Office or downloaded from the division's website.
- (2) License agent applications shall be considered from any person located within Utah or in close proximity to Utah.
- (3) Applications shall be processed within a reasonable timeframe.
- (4) The applicant must:
 - (a) complete and return the application to the Licensing Section in the Salt Lake Office; and
 - (b) pay a non refundable application fee.
- (5) A separate application and application fee must be submitted for each location where wildlife documents will be sold.
- (6) The division may provide assistance to new and existing license agents as provided in Subsection R657-27-4(1)(b),(1)(c) or (1)(d).

R657-27-4. License Agent Eligibility - Reasons for Application Denial - Term of Authorization.

(1) A new license agent must meet the criteria provided in Subsection (a), except as provided in Subsection (b).

- (a) A license agent must:
 - (i) successfully complete a division-sponsored training session;
 - (ii) provide and maintain approved computer hardware capable of processing and printing licenses and permits in a permanent, clear, and a legible manner.
- (b) The division may provide a printer as required in Subsection (a)(ii) provided the license agent's projected sales is estimated to be at least one-thousand dollars per year or a satisfactory volume per year as determined by the division.
 - (i) A license agent must remain a license agent for the division for at least six months to retain the printer as provided in Subsections (b).
 - (2) Use of the agent hunting and fishing licenses online system must be used in compliance with the agent manual provided by the division.

(3) The division shall send the applicant a written notice stating the reason for denial.

(4) If the division approves the license agent application, a license agent authorization shall be sent to the applicant.

(5) The license agent authorization is not effective until:

- (a) it is signed by the applicant; and
- (b) signed by the director or designee.

(6)(a) The license agent authorization must be received by the Licensing Section in the Salt Lake Office within a reasonable timeframe of being mailed to the applicant.

(b) A separate application, application fee, and license agent authorization is required for each location where wildlife documents will be sold.

(7) Each license agent authorization shall be established for a term of ten years.

(8) The division may deny a license agent application for any of the following reasons:

- (a) A sufficient number of license agents already exist in the area;
- (b) The applicant does not have adequate security including a safe or locking cabinet in which to store wildlife documents or license paper;
- (c) The applicant has previously been authorized to sell wildlife documents or possess license paper and the applicant:
 - (i) failed to comply with the license agent authorization or any provision of statute or rule governing license agents; or
 - (ii) was deactivated or revoked by the division as a license agent;
- (d) The applicant provided false information on the license agent application; or
- (e) The applicant has been convicted, pleaded guilty, pleaded no contest, or entered into a plea in abeyance to a criminal offense that bears a reasonable relationship to the license agent's ability to competently and responsibly perform the functions of a license agent.

R657-27-5. Bond Requirement.

(1) After approval, but before the license agent authorization is executed, the division may require the applicant to post a reasonable bond payable to the division in an amount determined by the division.

(2) The division may require any existing license agent to obtain a reasonable bond in an amount determined by the division after providing the license agent 30 business days written notice.

(3) The division may require a reasonable increase in the amount of the bond after providing the license agent 30 business days written notice.

R657-27-6. Automated Clearing House (ACH) Payments.

- (1) The division may require license agents to establish

and maintain an account capable of utilizing an Automated Clearing House payment method in order to transfer monies due to the division.

R657-27-7. License Agent Obligations.

(1) Each license agent must:

(a) comply with the requirement and provisions provided in Section 23-19-15;

(b) keep wildlife documents or license paper secure and out of the public view during business hours;

(c) keep wildlife documents or license paper in a safe or locked cabinet after business hours;

(d) display all signs and distribute guidebooks provided by the division;

(e) have all sales clerks and management staff available for sales training;

(f) maintain a License Agent Manual provided by the division and make it available to the license agent's staff, including supplemental manuals and addendums; and

(g) retain agent copies of wildlife documents issued for as long as is necessary for the purposes of the license agent account reconciliation, at which time agent copies of licenses and permits must be destroyed by burning, shredding or submitting to the division.

(h) allow agent employees access to the Utah.gov internet domain from a place wildlife documents are sold in order to provide access to online resources pertinent to issuing wildlife documents and assisting customers with wildlife document related questions.

(2) If a license agent becomes delinquent on reporting or remission of proceeds Subsection (2)(a), (2)(b) or (2)(c) shall apply.

(a) The license agent must immediately submit all reports when due along with the remission of required proceeds.

(b) If the license sales report is submitted in accordance with Subsection (1)(a) but funds are not submitted with the report then the following applies:

(i) A repayment plan may be structured in an agreement that will allow repayment in equal monthly installments for up to six months at a payment level that will provide repayment of the principal along with an annual percentage interest rate (APR) of 12 percent. This APR shall be calculated back to the date that the payment should have been received in accordance with Subsection (1)(a);

(ii) If the ongoing monthly report and proceed submissions are not received for the future months, from the month of the agreement in accordance with Subsection (1)(a), then any agreement made in Subsection (2)(b)(i) may be terminated and all outstanding balances and accrued interest shall become due immediately, along with a penalty of 20 percent of the unpaid balance. Interest shall continue to accumulate on any unpaid balance, including the penalty, at the APR;

(iii) Activate the bond and collect all remaining funds in accordance with Section R657-27-5 and hold any remaining unpaid balances of penalty, ongoing interest, and principle amounts as a receivable from the license agent; or

(iv) If the license agent enters into an agreement with the division as provided in Subsection (2)(b)(i), and then violates the terms of that agreement, the division may begin the revocation process in accordance with Section R657-27-12.

(c) Nothing in this rule shall be construed as requiring the division to offer a repayment agreement to a license agent delinquent on report submissions or proceeds remissions before taking action to revoke license agent status.

(d) If the license agent does not submit a monthly report as provided in Subsection (1)(a), or if the license agent does not immediately pay the delinquent funds or fails to execute and abide by the terms of a repayment agreement as provided in Subsection (2)(b), the division may:

(i) change the license agent's status to deactivated;

(ii) withhold issuing additional wildlife document inventory;

(iii) withhold access to the agent hunting and fishing licenses online sales system;

(iv) collect the license agent's inventory of wildlife documents and license paper, and determine unaccounted inventory of wildlife documents and license paper;

(v) assess a monetary penalty for each wildlife document and piece of license paper unaccounted for as provided in Subsection R657-27-8(2);

(vi) take action to revoke license agent status;

(vii) create a receivable from the license agent that equals the amount due as determined in Subsection (1)(a) and charge a 20 percent late penalty on the entire balance, and accumulate the unpaid balance, included penalties, at a 12 percent APR from the due date of the earliest date in which a license agent failed to submit a report in accordance with Subsection (1)(a); or

(viii) activate the bond and collect all available funds remaining in accordance with Section R657-27-5 and hold any remaining unpaid balances of penalty, ongoing interest, and principle amounts as a receivable from the license agent.

(e) A deactivated license agent that has not been revoked may regain active status by paying all due balances in full, and providing a bond, provided the license agent is otherwise in compliance with this rule or any other laws or agreements regulating license agent activity.

(f)(i) The division reserves the right to unilaterally and immediately modify monthly reporting or payment requirements when any License Agent is:

(A) in bankruptcy;

(B) insolvent;

(C) financially distressed;

(D) unable to meet reporting or payment obligations; or

(E) otherwise experiencing events or conditions that may compromise their ability to comply with reporting and payment obligations.

(ii) The division may require license funds to be transferred to the division more frequently than monthly, and may require the use of Automated Clearing House payments, Electronic Funds Transfer payments, or other expedited methods of payment.

R657-27-8. Lost or Stolen Wildlife Documents or License Paper.

(1) The license agent must act as bailee for purposes of safeguarding all wildlife documents or license paper issued to the license agent by the division.

(2)(a) The license agent must remit full payment, less remuneration, to the division for any wildlife documents lost, stolen, or unaccounted for unless otherwise relieved for good cause by the director.

(b) The license agent must remit full payment for lost, stolen, or unaccounted license paper in the amount of \$10 per sheet of license paper.

(c) Payments made to the division for any wildlife documents or license paper that are lost or unaccounted may be refunded if the wildlife documents or license paper are:

(i) Approved by the division and

(ii) returned to the Licensing Section in the Salt Lake office by within 12 months from the date of payment in subsection (c).

R657-27-9. Audits.

(1) License agents are subject to an audit without prior notification anytime during normal business hours to assess financial and procedural compliance with statute, rule, and the terms of the license agent authorization.

(2) The division shall provide a written report to the license agent of any finding of noncompliance within five days of the completion of the audit.

R657-27-10. Checks Returned for Non-sufficient Funds.

If a check from a license agent is returned to the division for non-sufficient funds, the division may:

- (1) require a license agent to remit payment for wildlife documents in the form of a cashiers check, an automated clearing house payment or money order;
- (2) change the license agent status to deactivated;
- (3) activate the bond;
- (4) submit the license agent's account to the Utah Office of Debt Collection for collection activity; or
- (5) Assess a Non Sufficient Funds (NSF) handling fee of \$20.00.

R657-27-11. Change of Business Ownership.

- (1) License agent authorizations are nontransferable.
- (2) The license agent must notify the division of any anticipated change of ownership of the license agent's business at least 30 business days prior to the change of ownership.
- (3) Prior to change of ownership, unless otherwise directed by the division in writing, the license agent must:
 - (a) remit payment for all wildlife documents sold minus remuneration; and
 - (b) return all unsold wildlife documents or license paper to the division.

R657-27-12. Revocation of License Agent Authorization.

- (1) The presiding officer may revoke a license agent authorization pursuant to Chapter 4, Title 63G, Utah Administrative Procedures Act, if the presiding officer determines that the license agent:
 - (a) violated the terms of the license agent authorization;
 - (b) fails to comply with reporting or payments obligations, becomes insolvent, declares bankruptcy, or shows indication of financial instability or any other sign that public funds are in jeopardy or potentially unrecoverable by the division.
 - (c) fails to maintain a bond in accordance with Section R657-27-5;
 - (d) is found to have committed fraud regarding wildlife documents or license paper;
 - (e) violated any provision of Title 23, Wildlife Resources Code;
 - (f) violated any rule promulgated under Title 23, Wildlife Resources Code; or
 - (g) has been convicted, pleaded guilty, pleaded no contest, or entered into a plea in abeyance to a criminal offense that bears a reasonable relationship to the license agent's ability to competently and responsibly perform the functions of a license agent.

(2) The presiding officer may hold a hearing to determine matters relating to the license agent revocation if the license agent makes a written request for a hearing within 20 days after the notice of agency action is issued.

R657-27-13. Termination of License Agent Authorization by the License Agent.

- (1) A license agent may terminate a license agent authorization by submitting a written request to the Licensing Section in the Salt Lake Office.
- (2) Any request for termination must state the requested date of termination.
- (3) On or before the effective date of termination the license agent must:
 - (a) discontinue selling wildlife documents;
 - (b) return all unsold wildlife documents or license paper to the division; and

(c) return to the division any signs, guidebooks or other information provided by the division.

(4) On or before the 10th day of the month following the date of termination the license agent must remit payment for all wildlife documents minus remuneration to the division.

R657-27-14. Renewal Application of a License Agent Authorization.

(1) At the end of the ten-year term of authorization to sell wildlife documents, the division shall provide a renewal notice and renewal application to the license agent.

(2)(a) The license agent must complete and return the renewal application to the Licensing Section in the Salt Lake Office within 30 business days of being mailed to the license agent.

(b) The division will not charge a renewal application fee.

(3) If the license agent fails to return the renewal application within 30 business days of being mailed, the division may:

- (a) confiscate wildlife document inventories;
- (b) not provide new wildlife document inventories; or
- (c) interrupt use of the agent hunting and fishing licenses online system.

(2) The division may deny a license agent renewal application for any of the reasons provided in Section R657-27-4(1).

R657-27-15. Violation.

(1) It is unlawful for a license agent to sell wildlife documents in violation of the License Agent Authorization.

R657-27-16. License Agent Authorization Subject to Change.

(1) A license agent authorization issued or renewed by the division under this rule is a privilege and not a right. The license agent authorization authorizes the license agent to sell wildlife documents subject to all present and future conditions, restrictions, and regulations imposed on such activities by the division, the Wildlife Board, or the State of Utah.

(2) A license agent authorization does not guarantee or otherwise legally entitle the license agent to any of the following:

- (a) a minimum number of wildlife documents;
- (b) a particular type or types of wildlife documents;
- (c) access to any particular wildlife document distribution system; or
- (d) any other right or opportunity advantageous to the license agent.

(3) The procedures, processes and opportunities outlined in this rule regulating license agents and the distribution of wildlife documents are all subject to future change, including discontinuation, by the division and the Wildlife Board.

**KEY: licensing, wildlife, wildlife law, rules and procedures
March 11, 2014 23-19-15
Notice of Continuation April 2, 2012**

R657. Natural Resources, Wildlife Resources.**R657-43. Landowner Permits.****R657-43-1. Purpose and Authority.**

(1) Under authority of Sections 23-14-18 and 23-14-19, this rule provides the standards and procedures for private landowners to obtain landowner permits for:

(a) taking buck deer within the general unit hunt boundary area where the landowner's property is located during the general deer hunt only; and

(b) taking bull elk, buck deer or buck pronghorn within a limited entry unit.

(2) In addition to this rule, any person who receives a landowner permit must abide by Rule R657-5 and the guidebook of the Wildlife Board for taking big game.

(3) The intent of the general landowner buck deer permit is to provide an opportunity for landowners, lessees, or their immediate family, whose property provides habitat for deer, to purchase a general deer permit for the general unit hunt boundary area where the landowner's property is located.

(4) The intent of the limited entry landowner permit is to provide an opportunity for landowners, whose property provides habitat for deer, elk, or pronghorn, to be allocated a restricted number of permits for a limited entry bull elk, buck deer, or buck pronghorn unit, where the landowner's property is located. Allowing landowners a restricted number of permits:

(a) encourages landowners to manage their land for wildlife;

(b) compensates the landowner for providing private land as habitat for wildlife; and

(c) allows the division to increase big game numbers on specific units.

R657-43-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2.

(2) In addition:

(a) "Eligible property" means:

(i) private land that provides habitat for deer, elk or pronghorn as determined by the division of Wildlife Resources;

(ii) private land that is not used in the operation of a Cooperative Wildlife Management Unit;

(iii) private land that is not used in the operation of an elk farm or elk hunting park;

(iv) land in agricultural use as provided in Section 59-2-502 and eligible for agricultural use valuation as provided in Sections 59-2-503 and 59-2-504; and

(v) for the purpose of receiving general buck deer permits, a minimum of 640 acres of private land owned or leased by one landowner within the general unit hunt boundary; or

(vi) private land, including crop land owned by members of a landowner association for limited entry permits.

(b) "Immediate family" means the landowner's or lessee's spouse, children, son-in-law, daughter-in-law, father, mother, father-in-law, mother-in-law, brother, sister, brother-in-law, sister-in-law, stepchildren, and grandchildren.

(c) "Landowner" means any person, partnership, or corporation who owns property in Utah and whose name appears on a deed as the owner of eligible property or whose name appears as the purchaser on a contract for sale of eligible property.

(d) "Landowner association" means an organization of private landowners who own property within a limited entry unit, organized for the purpose of working with the division.

(e) "Lessee" means any person, partnership, or corporation whose name appears as the Lessee on a written lease, for at least a one-year period, for eligible property used for farming or ranching purposes, and who is in actual physical control of the eligible property.

(f) "Limited entry unit" means a specified geographical area that is closed to hunting deer, elk or pronghorn to any

person who has not obtained a valid permit to hunt in that unit.

(g) "Voucher" means a document issued by the division to a landowner, landowner association, or Cooperative Wildlife Management Unit operator, allowing a landowner, landowner association, or Cooperative Wildlife Management Unit operator to designate who may purchase a landowner big game hunting permit from a division office.

R657-43-3. Qualifications for General Landowner Buck Deer Permits.

(1) The director, upon approval of the Wildlife Board, may establish a number of general landowner buck deer permits within each region to be offered to eligible landowners or lessees for the general deer hunting season only.

(2) Only private lands will be considered in qualifying for general landowner buck deer permits. Public or state lands are not eligible.

(3) Crop lands will be considered in qualifying for general landowner buck deer permits if the crop lands provide habitat for deer and contribute to meeting unit management plan objectives.

(4) General landowner buck deer permits are limited to resident or nonresident landowners or lessees, and members of their immediate family.

R657-43-4. Qualifications for Limited Entry Permits.

(1) The Director, upon approval of the Wildlife Board, may establish a number of bull elk, buck deer and buck pronghorn limited entry permits to be offered to an eligible landowner association.

(2) Limited entry landowner permits are available for taking buck deer, bull elk or buck pronghorn, and may only be used on designated limited entry units.

(3) Only private lands that do not qualify for Cooperative Wildlife Management Units will be considered for limited entry landowner permits. Public or state lands are not eligible.

(4) Only private lands that qualify as eligible property will be considered for limited entry landowner permits.

(5) Applications for limited entry landowner permits will be received from landowner associations only.

(6) Only one landowner association, per species, may be formed for each limited entry unit as follows:

(a) A landowner association may be formed only if a simple majority of landowners, representing 51 percent of the eligible private lands within the herd unit, enter into a written agreement to form the association.

(b) The association may not unreasonably restrict membership to other qualified landowners in the unit.

(c) Each landowner association must elect a chairperson to represent the landowner association.

(d) The landowner association chairperson shall act as liaison with the division and the Wildlife Board.

(e) A landowner or landowner association may not restrict legal established passage through private land to access public lands for the purpose of hunting.

R657-43-5. Application for General Landowner Buck Deer Permits.

(1) Applications for general landowner buck deer permits are available from division offices.

(2) Only one eligible landowner or lessee may submit an application for the same parcel of land within the respective general unit hunt boundary area.

(3) In cases where more than one application is received for the same parcel of land, all applications will be rejected.

(4) Applications must include:

(a) total acres owned within the respective general unit hunt boundary area;

(b) signature of the landowner; and

(c) location of the private lands, acres owned, county and region.

(5) In cases where the landowner's or lessee's land is in more than one general unit hunt boundary area, the landowner or lessee may select one of those units from which to receive the permit.

(6) a non-refundable handling fee must accompany each application.

(7) a landowner may not apply for or obtain a general landowner buck deer permit without possessing a Utah hunting or combination license.

(8) Applications will be available by January 7.

(9) Applications must be completed and returned to the regional division office.

(10) The signature on the application will serve as an affidavit certifying ownership.

R657-43-6. Application for Limited Entry Permits.

(1) Applications for limited entry landowner permits are available from division offices and from division wildlife biologists.

(2) Applications to receive limited entry landowner permits must be submitted by a landowner association for lands within the limited entry hunt unit where the private lands are located.

(3) Applications must include:

(a) total acres owned by the association within the limited entry hunting unit and a map indicating the privately owned big game habitat;

(b) signature of each of the landowners within the association including acres owned, with said signature serving as an affidavit certifying ownership;

(c) a distribution plan for the allocation of limited entry permits by the association;

(d) a copy of the association by-laws; and

(e) a non-refundable handling fee.

(4) The division shall, upon request of the applicant, provide assistance in preparing the application.

(5) Applications must be completed and returned to the appropriate division office by September 1st of the year prior to when hunting is to occur.

(6) The division shall forward the application, its recommendation, and other related documentation to the Regional Wildlife Advisory Councils for public review and consideration.

(7) Recommendations by the Councils will then be forwarded to the Wildlife Board for review and action.

(8) Upon receiving the application, and recommendations from the Regional Advisory Councils and the division, the Wildlife Board may:

(a) authorize the issuance of a three year certificate of registration allowing the landowner association to operate; or

(b) deny or partially deny the application and provide the landowner association with reasons for the decision.

(9)(a) A landowner association certificate of registration, including any variance granted under R657-43-8(6), must be renewed every three years.

(b)(i) Notwithstanding Subsection (9)(a), the Wildlife Board may annually modify permit types, numbers, and associated seasons authorized in a certificate of registration when necessary to achieve unit management objectives or otherwise comply with applicable law.

(ii) The division shall annually review the permit types, numbers, and seasons authorized by a certificate of registration issued under this Section and recommend modifications when necessary to achieve unit management objectives or otherwise comply with applicable law.

(iii) The division's recommendation and accompanying justification will be forwarded to the affected landowner

association and the Regional Advisory Councils for review and recommendation.

(iv) The Wildlife Board shall consider the recommendations made by the division, Regional Advisory Councils, and landowner association and make a final decision on the proposed modifications consistent with the requirements in Subsection (9)(b).

(10)(a) A landowner association may petition to amend a certificate of registration upon submitting a written request to the regional division office where the landowner association is located.

(b) Amendment of the certificate of registration is required for changes in:

(i) permit numbers;

(ii) landowner association's:

(A) by-laws; or

(B) distribution plan for the allocation of limited entry permits among its members;

(iii) acreage;

(iv) land ownership; or

(v) any other matter related to the management and operation of the landowner association not originally included in the certificate of registration.

(c) Requests for amendments dealing with permit numbers or permit allocation among association members:

(i) may be initiated by the landowner association or the division;

(ii) are due on September 1st of the year prior to when hunting is to occur; and

(iii) shall be forwarded to the Regional Advisory Councils and Wildlife Board for consideration and approval.

(A) Upon approval by the Wildlife Board, an amendment to the original certificate of registration shall be issued in writing.

(d) All other requests for amendments shall be reviewed by the region and Wildlife Section and, upon approval by the division director, an amendment to the original certificate of registration shall be issued in writing.

R657-43-7. General Permits and Season Dates.

(1) The following number of general landowner buck deer permits may be available to a landowner or lessee:

(a) one general landowner buck deer permit may be issued for eligible property of 640 acres; and

(b) one additional general landowner buck deer permit may be issued for each additional 640 acres of eligible property.

(c) If an individual has both owned and leased eligible property, the acreage may be combined in determining the number of permits to be issued.

(2) Permittees may select only one general landowner buck deer permit (archery, rifle or muzzleloader) as provided in the guidebook of the Wildlife Board for taking big game.

(3)(a) General landowner buck deer permits are for personal use only and may not be transferred to any other person.

(b) If the landowner or lessee is a corporation, the person eligible for the permit must be a shareholder, or immediate family member of a shareholder, designated by the corporation.

(4) Any person who is issued a general landowner buck deer permit under this rule is subject to all season dates, weapon restrictions and any other regulations as provided in the guidebook of the Wildlife Board for taking big game.

(5) The fee for a general landowner buck deer permit is the same as the fee for a general season, general archery or general muzzleloader buck deer permit.

(6) Nothing in this rule shall be construed to allow any person to obtain more than one general buck deer permit from any source or take more than one buck deer during any one year.

(7) Permits will be issued beginning in June, in the order

that applications are received, and permits will continue to be issued until all permits for each region have been issued.

(8) To receive a general landowner buck deer permit, the eligible person must possess or obtain a Utah hunting or combination license.

R657-43-8. Limited Entry Permits and Season Dates.

(1) Only bull elk, buck deer or buck pronghorn limited entry permits may be applied for by the landowner association.

(2)(a) The division and landowner chairperson shall jointly recommend the number of permits to be issued to the landowner association.

(b) When consensus between the landowner chairperson and the division is not reached, applications shall include justification for permit numbers for review by the Wildlife Regional Advisory Councils and the Wildlife Board.

(3) Permit numbers shall fall within the herd unit management guidelines. Permit numbers will be based on:

(a) the percent of private land big game habitat within the unit that is used by wildlife; or

(b) the percentage of use by wildlife on the private lands.

(4) Landowners receiving vouchers may personally use the vouchers or reassign the vouchers to any legal hunter.

(5) All landowners who receive vouchers, and transfer the vouchers to other hunters must:

(a) allow those hunters receiving the vouchers access to their private lands for hunting; and

(b) allow the same number of public hunters with valid permits, equal to the number of vouchers transferred, to access the landowner association's private land for hunting during the appropriate limited entry bull elk, buck deer or buck pronghorn hunting season, except as provided in Subsection (6).

(6)(a) Landowners who transfer vouchers to other hunters may deny public hunters access to the landowner association's private land for hunting by requesting, through the landowner association, a variance to Subsection (5)(b) from the Wildlife Board.

(b) The requested variance must be provided by the landowner association in writing to the division 30 days prior to the appropriate Regional Advisory Council meeting scheduled to review Rule R657-5 and the guidebook of the Wildlife Board for taking big game.

(c) The variance request must be presented by the landowner association to the appropriate local Regional Wildlife Advisory Council. The local Regional Wildlife Advisory Council shall forward a recommendation to the Wildlife Board for consideration and action.

(7)(a) Any person who is issued a limited entry landowner permit must follow the season dates, weapon restrictions and any other regulations governing the taking of big game as specified in Rule R657-5 and the guidebook of the Wildlife Board for taking big game.

(b) to receive a limited entry landowner permit, the person designated on the voucher must possess or obtain a Utah hunting or combination license.

(8) A limited entry landowner permit authorizes the permittee to hunt within the limited entry unit where the eligible property is located.

(9) Nothing in this rule shall be construed to allow any person, including a landowner, to take more than one buck deer, one bull elk or one buck pronghorn during any one year.

R657-43-9. Limited Entry Permit Allocation and Fees.

(1) Upon approval of the Wildlife Board, the division shall issue vouchers to landowner associations that may be used to purchase limited entry permits from division offices.

(2) The fee for any limited entry landowner permit is the same as the cost of similar limited entry buck deer, bull elk or buck pronghorn limited entry permits.

R657-43-10. Limited Entry Permit Conflict Resolution.

(1)(a) If landowners representing a simple majority of the private land within a landowner association are not able to resolve any dispute or conflict arising from the distribution of permits or other disagreement within its discretion and arising from the operation of the landowner association, the permits allocated to the landowner association shall be made available to the general public by the division.

(b) Landowner associations may be eligible to receive landowner permits in subsequent years if the landowner association resolves the conflict or dispute by a simple majority of the landowners.

(2) The division shall not issue landowner permits to a landowner association that has not complied with the provisions of this rule.

KEY: wildlife, landowner permits, big game seasons

March 11, 2014 23-14-18

Notice of Continuation March 5, 2012 23-14-19

R657. Natural Resources, Wildlife Resources.**R657-60. Aquatic Invasive Species Interdiction.****R657-60-1. Purpose and Authority.**

(1) The purpose of this rule is to define procedures and regulations designed to prevent and control the spread of aquatic invasive species within the State of Utah.

(2) This rule is promulgated pursuant to authority granted to the Wildlife Board in Sections 23-27-401, 23-14-18, and 23-14-19.

R657-60-2. Definitions.

(1) Terms used in this rule are defined in Section 23-13-2 and 23-27-101.

(2) In addition:

(a) "Conveyance" means a terrestrial or aquatic vehicle, including a vessel, or a vehicle part that may carry or contain a Dreissena mussel.

(b) "Decontaminate" means to:

(i) Self-decontaminate equipment or a conveyance that has been in an infested water in the previous 30 days by:

(A) removing all plants, fish, mussels and mud from the equipment or conveyance;

(B) draining all water from the equipment or conveyance, including water held in ballast tanks, bilges, livewells, and motors; and

(C) drying the equipment or conveyance for no less than 7 days in June, July and August; 18 days in September, October, November, March, April and May; 30 days in December, January and February; or expose the equipment or conveyance to sub-freezing temperatures for 72 consecutive hours; or

(ii) Professionally decontaminate equipment or a conveyance that has been in an infested water in the previous 30 days by:

(A) Using a professional decontamination service approved by the division to apply scalding water (140 degrees Fahrenheit) to completely wash the equipment or conveyance and flush any areas where water is held, including ballast tanks, bilges, livewells, and motors.

(c) "Detected Water" or "Detected" means a water body, facility, or water supply system where the presence of a Dreissena mussel is indicated in two consecutive sampling events using visual identification or microscopy and the results of each sampling event is confirmed in two polymerase chain reaction tests, each conducted at independent laboratories.

(d) "Dreissena mussel" means a mussel of the genus Dreissena at any life stage, including a zebra mussel, a quagga mussel and a Conrad's false mussel.

(e) "Controlling entity" means the owner, operator, or manager of a water body, facility, or a water supply system.

(f) "Equipment" means an article, tool, implement, or device capable of carrying or containing water or Dreissena mussel.

(g) "Facility" means a structure that is located within or adjacent to a water body.

(h) "Infested Water" or "Infested" means a water body, facility, water supply system, or geographic region where the presence of multiple age classes of attached Dreissena mussels is indicated in two or more consecutive sampling events using visual detection or microscopy and the result of each sampling event is confirmed in two polymerase chain reaction tests, each conducted at independent laboratories.

(i) "Juvenile or adult Dreissena mussel" means a macroscopic Dreissena mussel that is not a veliger.

(j) "Suspected Water" or "Suspected" means a water body, facility, or water supply system where the presence of a Dreissena mussel is indicated through a single sampling event using visual identification or microscopy and the result of that sampling event is confirmed in two independent polymerase chain reaction tests, each conducted at independent laboratories.

(k) "Veliger" means a microscopic, planktonic larva of Dreissena mussel.

(l) "Vessel" means every type of watercraft used or capable of being used as a means of transportation on water.

(m) "Water body" means natural or impounded surface water, including a stream, river, spring, lake, reservoir, pond, wetland, tank, and fountain.

(n) "Water supply system" means a system that treats, conveys, or distributes water for irrigation, industrial, wastewater treatment, or culinary use, including a pump, canal, ditch or, pipeline.

(o) "Water supply system" does not include a water body.

R657-60-3. Possession of Dreissena Mussels.

(1) Except as provided in Subsections R657-60-3(2) and R657-60-5(2), a person may not possess, import, ship, or transport any Dreissena mussel.

(2) Dreissena mussels may be imported into and possessed within the state of Utah with prior written approval of the Director of the Division of Wildlife Resources or a designee.

R657-60-4. Reporting of Invasive Species Required.

(1) A person who discovers a Dreissena mussel within this state or has reason to believe a Dreissena mussel may exist at a specific location shall immediately report the discovery to the division.

(2) The report shall include the following information:

(a) location of the Dreissena mussels;

(b) date of discovery;

(c) identification of any conveyance or equipment in which mussels may be held or attached; and

(d) identification of the reporting party with their contact information.

(3) The report shall be made in person or in writing:

(a) at any division regional or headquarters office or;

(b) to the division's toll free hotline at 1-800-662-3337; or

(c) on the division's website at www.wildlife.utah.gov/law/hsp/pf.php.

R657-60-5. Transportation of Equipment and Conveyances That Have Been in Waters Containing Dreissena Mussels.

(1) The owner, operator, or possessor of any equipment or conveyance that has been in an infested water or in any other water subject to a closure order under R657-60-8 or control plan under R657-60-9 that requires decontamination of conveyances and equipment upon leaving the water shall:

(a) immediately drain all water from the equipment or conveyance at the take out site, including water held in ballast tanks, bilges, livewells, motors, and other areas of containment; and

(b) immediately inspect the interior and exterior of the equipment or conveyance at the take out site for the presence of Dreissena mussels.

(2) If all water in the equipment or conveyance is drained and the inspection undertaken pursuant to Subsection (1)(b) reveals the equipment and conveyance are free from mussels or shelled organisms, fish, plants and mud, the equipment and conveyance may be transported in or through the state directly from the take out site to the location where it will be:

(a)(i) professionally decontaminated; or

(ii) stored and self-decontaminated; or

(b) temporarily stored and subsequently returned to the same water body and take out site as provided in Subsection (5).

(3) If all the water in the equipment or conveyance is not drained or the inspection undertaken pursuant to Subsection (1)(b) reveals the equipment or conveyance has attached mussels or shelled organisms, fish, plants, or mud, the equipment and conveyance shall not be moved from the take out site until the division is contacted and written or electronic

authorization received to move the equipment or conveyance to a designated location for professional decontamination.

(4) Except as provided in Subsection (5), a person shall not place any equipment or conveyance into a water body or water supply system in the state without first decontaminating the equipment and conveyance when the equipment or conveyance in the previous 30 days has been in:

(a) an infested water; or

(b) other water body or water supply system subject to a closure order under R657-60-8 or control plan under R657-60-9 that requires decontamination of conveyances and equipment upon leaving the water.

(5) Decontamination is not required when a conveyance or equipment is removed from an infested water or other water body subject to decontamination requirements, provided the conveyance and equipment is:

(a) inspected and drained at the take out site, and is free from attached mussels, shelled organisms, fish, plants, and mud as required in Subsections (1) and (2);

(b) returned to the same water body and launched at the same take out site; and

(c) not placed in or on any other Utah water body in the interim without first being decontaminated.

R657-60-6. Certification of Decontamination.

(1) The owner, operator or possessor of a vessel desiring to launch on a water body in Utah must:

(a) verify the vessel and any launching device, in the previous 30 days, have not been in an infested water or in any other water subject to closure order under R657-60-8 or control plan under R656-60-9 that requires decontamination of conveyances and equipment upon leaving the water; or

(b) certify the vessel and launching device have been decontaminated.

(2) Certification of decontamination is satisfied by:

(a) previously completing self-decontamination since the vessel and launching device were last in a water described in Subsection (1)(a) and completely filling out and dating a decontamination certification form which can be obtained from the division; or

(b) providing a signed and dated certificate by a division approved professional decontamination service verifying the vessel and launching device were professionally decontaminated since the vessel and launching device were last in a water described in Subsection (1)(a).

(3) Both the decontamination certification form and the professional decontamination certificate, where applicable, must be signed and placed in open view in the window of the launching vehicle prior to launching or placing the vessel in a body of water.

(4) It is unlawful under Section 76-8-504 to knowingly falsify a decontamination certification form.

R657-60-7. Wildlife Board Designations of Infested Waters.

(1) The Wildlife Board may designate a geographic area, water body, facility, or water supply system as Infested with Dreissena mussels pursuant to Section 23-27-102 and 23-27-401 without taking the proposal to or receiving recommendations from the regional advisory councils.

(2) The Wildlife Board may designate a particular water body, facility, or water supply system within the state as Infested with Dreissena mussels when sampling indicates the water body, facility, or water supply system meets the minimum criteria for an Infested Water as defined in this rule.

(3) The Wildlife Board may designate a particular water body, facility, or water supply system outside the state as Infested with Dreissena mussels when it has credible evidence suggesting the presence of a Dreissena mussel in that water body, facility, or water supply system.

(4) Where the number of Infested Waters in a particular area is numerous or growing, or where surveillance activities or infestation containment actions are deficient, the Wildlife Board may designate geographic areas as Infested with Dreissena mussels.

(5) The following water bodies and geographic areas are classified as infested:

(a) all coastal and inland waters in:

(i) Colorado;

(ii) California;

(iii) Nevada;

(iv) Arizona;

(v) all states east of Montana, Wyoming, Colorado, and New Mexico;

(vi) the provinces of Ontario and Quebec Canada; and

(vii) Mexico;

(b) Lake Powell and that portion of the:

(i) Colorado River between Lake Powell and Spanish Bottoms in Canyonlands National Park;

(ii) Escalante River between Lake Powell and the Coyote Creek confluence;

(iii) Dirty Devil River between Lake Powell and the Highway 95 bridge; and

(iv) San Juan River between Lake Powell and Clay Hills Crossing; and

(c) other waters established by the Wildlife Board and published on the DWR website.

(6) The Wildlife Board may remove an infested classification if:

(a) the division samples the affected water body for seven (7) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or

(b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies in writing that Dreissena mussels are no longer present.

R657-60-8. Closure Order for a Water Body, Facility, or Water Supply System.

(1)(a) The division may classify a water body, facility, or water supply system as suspected or detected if it meets the minimum criteria for suspected or detected, as defined in this rule.

(b) If the division classifies a water body, facility, or water supply system as either suspected or detected, the division director or designee may, with the concurrence of the executive director, issue an order closing the water body, facility, or water supply system to the introduction or removal of conveyances or equipment.

(c) The director shall consult with the controlling entity of the water body, facility, or water supply system when determining the scope, duration, level and type of closure that will be imposed in order to avoid or minimize disruption of economic and recreational activities.

(d) A closure order may:

(i) close the water entirely to conveyances and equipment;

(ii) authorize the introduction and removal of conveyances and equipment subject to the decontamination requirements in R657-60-2(2)(b) and R657-60-5; or

(iii) impose any other condition or restriction necessary to prevent the movement of Dreissena mussels into or out of the subject water.

(iv) a closure order may not restrict the flow of water without the approval of the controlling entity.

(2)(a) A closure order issued pursuant to Subsection (1) shall be in writing and identify the:

(i) water body, facility, or water supply system subject to

the closure order;

- (ii) nature and scope of the closure or restrictions;
- (iii) reasons for the closure or restrictions;
- (iv) conditions upon which the order may be terminated or modified; and

(v) sources for receiving updated information on the presence of Dreissena mussels and closure order.

(b) The closure order shall be mailed, electronically transmitted, or hand delivered to:

(i) the controlling entity of the water body, facility, or water supply system;

and

(ii) any governmental agency or private entity known to have economic, political, or recreational interests significantly impacted by the closure order; and

(iii) any person or entity requesting a copy of the order.

(c) The closure order or its substance shall further be:

(i) posted on the division's web page; and

(ii) published in a newspaper of general circulation in the state of Utah or the affected area.

(3)(a) If a closure order lasts longer than seven days, the division shall provide the controlling entity and post on its web page a written update every 10 days on its efforts to address the Dreissena mussel infestation.

(b) The 10 day update notice cycle will continue for the duration of the closure order.

(4)(a) Notwithstanding the closure authority in Subsection (1), the division may not unilaterally close or restrict a suspected or detected water supply system where the controlling entity has prepared and implemented a control plan in cooperation with the division that effectively controls the spread of Dreissena mussels from the water supply system.

(b) The control plan shall comply with the requirements in R657-60-9.

(5) Except as authorized by the Division in writing, a person may not violate any provision of a closure order.

(6) A closure order or control plan shall remain effective so long as the water body, water supply system, or facility remains classified as suspected or detected.

(7) The director or his designee may remove a Suspected classification if:

(a) the division samples the affected water body for three (3) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or

(b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies that Dreissena mussels are no longer present; or

(8) The director or his designee may remove a detected classification if:

(a) the division samples the affected water body for five (5) consecutive years without a single sampling event producing evidence sufficient to satisfy the criteria for a "suspected" classification, as defined in this rule; or

(b) the controlling entity eradicates all Dreissena mussels at the water body, facility, or water supply system through chemical or biological treatments, desiccation, or freezing, and the division verifies that Dreissena mussels are no longer present.

R657-60-9. Control Plan Required.

(1) The controlling entity of a water body, facility, or water supply system may develop and implement a control plan in cooperation with the division prior to infestation designed to:

(a) avoid the infestation of Dreissena mussels; and

(b) control or eradicate an infestation of Dreissena mussels that might occur in the future.

(2) A pre-infestation control plan developed consistent with the requirements in Subsection (3) and approved by the division will eliminate or minimize the duration and impact of a closure order issued pursuant to Section 23-27-303 and R657-60-8.

(3) If a water body, facility, or water supply system within the state is classified as infested, detected, or suspected, and it does not have an approved control plan, the controlling entity shall cooperate with the division in developing and implementing a control plan to address the:

(a) scope and extent of the presence of Dreissena mussels;

(b) actions proposed to control the pathways of spread of Dreissena mussels;

(c) actions proposed to control the spread or eradicate the presence of Dreissena mussels;

(d) methods to decontaminate the water body, facility, or water supply system, if possible;

(e) actions required to systematically monitor the presence of Dreissena mussels; and

(f) requirements and methods to update and revise the plan with scientific advances.

(4) All control plans prepared pursuant to Subsection (3) shall be approved by the Division before implementation.

(5) A control plan prepared pursuant to this Section may require that all conveyances and equipment entering or leaving the subject water to comply with the decontamination requirements in R657-60-2(2)(b) and R657-60-5.

(6) Except as authorized by the Division and the controlling entity in writing, a person may not violate any provision of a control plan.

R657-60-10. Procedure for Establishing a Memorandum of Understanding with the Utah Department of Transportation.

(1) The division director or designee shall negotiate an agreement with the Utah Department of Transportation for use of ports of entry for detection and interdiction of Dreissena Mussels illegally transported into and within the state. Both the Division of Wildlife Resources and the Department of Transportation must agree upon all aspects of Dreissena Mussel interdiction at ports of entry.

(2) The Memorandum shall include the following:

(a) methods and protocols for reimbursing the department for costs associated with Dreissena Mussel interdiction;

(b) identification of ports of entry suitable for interdiction operations;

(c) identification of locations at a specific port of entry suitable for interdiction operations;

(d) methods and protocols for disposing of wastewater associated with decontamination of equipment and conveyances;

(e) dates and time periods suitable for interdiction efforts at specific ports of entry;

(f) signage notifying motorists of the vehicles that must stop at the port of entry for inspection;

(g) priorities of use during congested periods between the department's port responsibilities and the division's interdiction activities;

(h) methods for determining the length, location and dates of interdiction;

(i) training responsibilities for personnel involved in interdiction activities; and

(j) methods for division regional personnel to establish interdiction efforts at ports within each region.

R657-60-11. Conveyance or Equipment Detainment.

(1) To eradicate and prevent the infestation of a Dreissena mussel, the division may:

(a) temporary stop, detain, inspect, and impound a conveyance or equipment that the division reasonably believes

is in violation of Section 23-27-201 or R657-60-5;

(b) order a person to decontaminate a conveyance or equipment that the division reasonably believes is in violation of Section 23-227-201 or R657-60-5.

(2) The division, a port-of-entry agent or a peace officer may detain or impound a conveyance or equipment if:

(a) the division, agent, or peace officer reasonably believes that the person transporting the conveyance or equipment is in violation of Section 23-27-201 or R657-60-5.

(3) The detainment or impoundment authorized by Subsection (2) may continue for:

(a) up to five days; or

(b) the period of time necessary to:

(i) decontaminate the conveyance or equipment; and

(ii) ensure that a Dreissena mussel is not living on or in the conveyance or equipment.

R657-60-12. Penalty for Violation.

(1) A violation of any provision of this rule is punishable as provided in Section 23-13-11.

(2) A violation of any provision of a closure order issued under R657-60-8 or a control plan created under R657-60-9 is punishable as a criminal infraction as provided in Section 23-13-11.

R708. Public Safety, Driver License.**R708-10. Driver License Restrictions.****R708-10-1. Authority.**

This rule is authorized by Sections 53-3-104(1)(a) and 53-3-208.

R708-10-2. Purpose.

The purpose of this rule is to identify and define restriction codes that apply to a Utah driving privilege.

R708-10-3. Definitions.

(1) "Restriction Code" means a designation on a person's Utah driving certificate or Utah driving record that indicates a specific driving restriction identified by the Utah Driver License Division required for a person to safely operate a motor vehicle.

R708-10-4. Restriction Code.

(1) "A" indicates no restrictions are required for the driver while they are operating a motor vehicle.

(2) "B" indicates the driver is restricted to wearing corrective lenses while operating a motor vehicle.

(3) "C" indicates a mechanical aid or compensatory device must be installed in the motor vehicle the driver is operating.

(4) "D" indicates the driver must use a prosthetic aid while operating a vehicle.

(5) "F" indicates the driver is restricted to driving a motor vehicle with outside rearview mirrors.

(6) "G" indicates the driver is restricted to driving during daylight hours only.

(7) "J" is used as a free text field to identify additional restrictions for the driver.

(8) "K" indicates the driver is restricted to intrastate only while driving commercially.

(9) "U" indicates the driver is restricted to operating only three-wheel motorcycles.

(10) "1" indicates the driver is required to have an ignition interlock device installed in the motor vehicle they are operating.

(11) "2" indicates the driver is restricted to operating a motorcycle with 249cc or less.

(12) "3" indicates the driver is restricted to operating a motorcycle with 649cc or less.

(13) "4" indicates the driver is restricted to operating a street legal ATV.

(14) "5" indicates the driver is restricted to operating a motorcycle with 90cc or less.

(15) "6" indicates the driver is restricted to operating a motor vehicle on a road with a posted speed limit of 40 mph or less.

(16) "7" indicates the driver is restricted to operating a motor vehicle with an automatic transmission.

R708. Public Safety, Driver License.**R708-26. Learner Permit Rule.****R708-26-1. Purpose.**

The purpose of the rule is to set forth the restrictions to be imposed on a person driving a motor vehicle with a learner's permit.

R708-26-2. Authority.

This rule is authorized by Subsection 53-3-104(1)(c).

R708-26-3. Definitions.

"Learner permit" means a temporary restricted driving permit issued by the Driver License Division to a qualified person who has not completed all the requirements to obtain a full driving privilege.

R708-26-4. Restrictions.

The restrictions set forth in Section 53-3-210.5 for a driver holding a learner permit shall be printed on the permit along with any other restrictions deemed necessary by the Driver license Division.

KEY: learner permit**December 9, 2008****Notice of Continuation March 18, 2014****53-3-210**

R708. Public Safety, Driver License.**R708-31. Ignition Interlock Systems.****R708-31-1. Authority.**

(1) This rule establishes standards for the certification of ignition interlock systems as required by Section 41-6a-518.

R708-31-2. Purpose.

(1) The purpose of this rule is to provide standards and requirements for certifying ignition interlock systems.

R708-31-3. Standards.

(1) All vendors who want to certify and provide ignition interlock systems shall:

(a) apply to the Driver License Division of the Department of Public Safety;

(b) provide an independent laboratory report showing evidence that their ignition interlock system meets the requirements of NHTSA (Federal Register Vol. 57, No. 67) which is incorporated by reference, and the standards as specified in Section 41-6a-518; and

(c) meet the requirements of Section 4 of this rule in order to be placed on an approved vendor's list.

R708-31-4. Requirements.

(1) To be included on an approved vendor's list, each vendor must:

(a) be certified by the Department of Public Safety to operate in Utah;

(b) show evidence that there is adequate product liability insurance; and

(c) pay all applicable fees.

**R728. Public Safety, Peace Officer Standards and Training.
R728-502. Procedure for POST Instructor Certification.
R728-502-1. Authority.**

This rule is authorized by Section 53-6-105 which gives the director of POST the authority to establish minimum requirements for the certification of training instructors.

R728-502-2. POST Certified Instructors Authority and Duties.

A. POST certified instructors will be authorized to teach POST sponsored classes to include Basic Training, In-Service, and Regional classes.

B. Instructors shall be required to become familiar with POST's most up-to-date Student Performance Objectives and to insure their instruction is not in conflict with the Student Performance Objectives.

C. Only POST certified instructors may teach in Basic Training classes, including satellite academy Basic Training programs. Exceptions must be approved by the Basic Training Bureau Chief or POST staff assigned as the satellite academy liaison.

R728-502-3. Requirements to become a POST Certified Instructor.

Applicants must possess two years of experience as a full-time peace officer, and complete an approved instructor development course.

R728-502-4. Application For Instructor Certification.

Applicants who have met the minimum required years of experience may apply to attend a POST approved Instructor Development Course. POST Instructor Certification will be granted upon completion of the following requirements:

1. The applicant will successfully complete a POST approved Instructor Development Course. This will include demonstrating to the course instructor the ability to develop a lesson plan that follows the style and format taught in the POST Instructor Development Course.

2. The applicant has signed the POST Contractual Agreement. This certifies the student has received, read, and understood the current POST approved performance objectives, and the student agrees to teach the approved POST performance objectives in the classroom.

R728-502-5. Lesson Plans.

Prior to providing instruction in Basic Training, In-Service, or Regional classes sponsored by POST, an instructor shall file a lesson plan with the Basic Training Bureau Chief or In-Service Bureau Chief. Lesson plans for Basic Training and In-Service classes shall follow POST Basic Training Learning Objectives, and shall be in a form identical or substantially similar to the approved Basic Training lesson plan format. Lesson plans shall be accompanied with supporting materials, such as computer based slide shows or videos, where used in the class instruction. Lesson plans for In-Service Career Development Courses shall also include an examination or quiz. When the class material is addressed in POST Basic Training examinations or quizzes, the instructor may be required to submit test items.

R728-502-6. Guest Instructors.

Guest instructors are not required to meet the certification requirements outlined above. Guest instructors should generally be licensed professionals, such as physicians, mental health therapists, and attorneys, or law enforcement professionals with substantial expertise and qualifications in a discrete subject matter. Guest instructor status will generally be granted only for a single class. Guest instructors shall comply with POST class room decorum and dress standards.

R728-502-7. Department In-Service Instructors.

Departments are not required to utilize POST certified instructors in their in-service training programs. This gives departments the ability to formulate training programs designed to meet their needs utilizing the local resources. In such instances, the department sponsoring the training will be solely responsible for the content of the class and the qualifications of the instructor.

R728-502-8. Special Instructor Schools.

A. Instructors shall complete special instructor schools before they teach technical and high liability law enforcement subjects, such as:

1. Firearms Instructor School
2. Defensive Tactics Instructor School (DT)
3. Emergency Vehicle Operation Instructor School (EVO)
4. Radar Instructor School

B. Completion of a specialty instructor school does not automatically qualify an officer to instruct a POST sponsored class; the officer must also complete a POST approved Instructor Development Course to be qualified to teach a POST sponsored class.

R728-502-9. Special Instructor In-Service Requirements.

A. Special instructors teaching in POST Basic Training programs, including satellite academy programs, shall be subject to the following In-Service requirements:

1. Basic Training Firearms Instructors must complete a minimum of 16 hours of instructor training in each training year. The instructor training requirement may be satisfied through participation as an instructor or student in POST Firearms Instructor In-Service Training (handgun and/or long gun), Law Enforcement Training Camp, International Association of Law Enforcement Firearms Instructor training conferences, Utah Department of Public Safety Firearms Instructor In-Service courses, and similar conferences and workshops, subject to approval of the In-Service Bureau Chief.

2. Defensive Tactics Instructors must attend no fewer than two quarterly DT instructor in-service sessions presented by the POST DT program coordinator. Defensive Tactics Instructors may also be required to attend in-service training at POST when DT program changes are effected from time to time.

3. Emergency Vehicle Operation Instructors must attend the annual POST EVO Instructor re-certification course.

B. Special instructors teaching only in department in-service programs are not subject to this requirement.

53-6-105

Notice of Continuation March 19, 2014

**R784. Regents (Board of), Salt Lake Community College.
R784-1. Government Records Access and Management Act Rules.**

R784-1-1. Purpose.

The purpose of the following rules is to provide procedures for access to government records at Salt Lake Community College.

R784-1-2. Authority.

The authority for the following rule is Section 63G-2-204 and Section 63A-12-104 of the Government Access and Management Act (GRAMA), effective July 1, 1992.

R784-1-3. Allocation of Responsibility Within Entity.

Salt Lake Community College (including all campuses, centers, satellites and locations) shall be considered a single governmental entity and the President of Salt Lake Community College shall be considered the head.

R784-1-4. Requests for Access.

(a) Requests for access to government records of Salt Lake Community College should be written and made to the Office of Risk Management in the Administration Building Room 150. Response to a request submitted to other persons within Salt Lake Community College may be delayed.

(b) Students requesting their own records and employees requesting their own official personnel file are exempted from using the written request outlined in this document.

(c) Any appeals of denied requests will be reviewed by an Appeals Officer. Requests for appeal should be written and made to the Institutional Advancement Vice President in the Administration Building Room 011A. See Subsections 63G-2-204(2) and 63G-2-204(6).

R784-1-5. Fees.

A fee schedule for the direct and indirect costs of duplicating or compiling a record may be obtained from Salt Lake Community College by contacting the Office of Risk Management in the Administration Building Room 150. Salt Lake Community College may require payment of past fees and future estimated fees before beginning to process a request if fees are expected to exceed \$50.00, or if the requester has not paid fees from previous requests.

R784-1-6. Waiver of Fees.

Fees for duplication and compilation of a record may be waived under certain circumstances described in Subsection 63G-2-203(3). Requests for this waiver of fees may be made to the Office of Risk Management in the Administration Building Room 150.

R784-1-7. Request for Access for Research Purposes.

Access to private or controlled records for research purposes is allowed by Subsection 63G-2-202(8). Requests for access to such records for research purposes may be made to the Office of Risk Management in the Administration Building Room 150.

R784-1-8. Requests for Intellectual Property Records.

Materials, to which Salt Lake Community College owns the intellectual property rights, may be duplicated and distributed in accordance with Subsection 63G-2-201(10). Decisions with regard to these rights will be made by the Office of Risk Management in the Administration Building Room 150. Any questions regarding the duplication and distribution of such materials should be addressed to that office.

R784-1-9. Requests to Amend a Record.

An individual may contest the accuracy or completeness of

a document pertaining to him/her pursuant to Section 63G-2-603. Such request should be made to the Office of Risk Management in the Administration Building Room 150.

R784-1-10. Appeals of Request to Amend a Record.

Appeals of requests to amend a record shall be handled as informal hearings under the Utah Administrative Procedures Act.

R784-1-11. Time Period Under GRAMA.

All written requests made to the Office of Risk Management will be responded to according to the time periods specified under GRAMA 63G-2-204. Response to a request submitted to other persons within Salt Lake Community College may be delayed.

R784-1-12. Forms.

(a) The forms described as follows shall be completed by requester in connection with records requests.

(1) SLCC GRAMA Request for Records form is for use by all entities requesting records from SLCC. This form is intended to assist entities, who request records, to comply with the requirements of Section 63G-2-204(1) regarding the contents of a request.

63G-12-104

R805. Regents (Board of), University of Utah, Administration.**R805-3. Overnight Camping and Campfires on University of Utah Property.****R805-3-1. Purpose.**

To set forth the regulations that govern camping and campfires on University property.

R805-3-2. Definitions.

A. "Campfire" means an outdoor fire, burned in the open or in a receptacle other than a furnace or incinerator, used for the cooking of food or providing personal warmth or for recreational purposes. "Campfire" does not mean a professionally manufactured barbecue grill operated in connection with an official University event.

B. "Camping overnight" means any of the following:

1. Sleeping, at any time between the hours of 11:00 p.m. and 8:30 a.m., outdoors, with or without bedding, sleeping bag, blanket, mattress, tent, hammock, or other similar protection, equipment or device;

2. Establishing or maintaining outdoors, at any time between the hours of 11:00 p.m. and 8:30 a.m., a temporary or permanent place for sleeping or cooking by setting up any bedding, sleeping bag, blanket, mattress, tent, hammock, or other sleeping equipment or by setting up any cooking equipment, with the intent to remain in that location overnight.

"Camping overnight" does not include the following:

1. Waiting in line for the sale of tickets to an event that will take place on University property;

2. Tail-gating activities on University property within areas designated by the University that occur the night before or the night of a sporting event.

C. "University property" means the university campus and any other property owned, operated or controlled by the University of Utah.

R805-3-3. Policy.**A. Overnight Camping**

In order to protect University property, and to protect the safety and health of the University community and the public, camping overnight on University property is prohibited without first obtaining permission from the University Scheduling Office. Permission may be withheld by the University on any reasonable basis.

B. Campfires

In order to protect University property, and to protect the safety and health of the University community and the public, lighting or maintaining campfires in University property is prohibited without first obtaining permission from the University Scheduling Office. Permission may be withheld by the University on any reasonable basis.

C. Sanctions

1. University students, university staff and university faculty who violate this rule may be subject to disciplinary action pursuant to the applicable policies and procedures of the University of Utah Regulations Library.

2. Members of the public who violate this rule may be subject to one or more of the following sanctions:

1. Issuance of a citation for setting an improper fire pursuant to Section 65 A-8-211;

2. Issuance of a citation for criminal trespass pursuant to Section 76-6-206;

3. Issuance of citation and temporary eviction from, and denial of access to University property pursuant to Sections 76-8-701 through 76-8-718; and

4. Eviction from, and denial of access to, University property after an informal adjudicative proceeding pursuant to Rule R765-134.

**KEY: camp, camping, campfire, fire

65A-8-211
76-8-701 et seq.**

R807. Regents (Board of), University of Utah, Museum of Natural History (Utah).**R807-1. Curation of Collections from State Lands.****R807-1-1. Purpose.**

(1) This rule ensures the adequate curation of all collections from lands owned or controlled by the state and its subdivisions through the selection and review of curation facilities and repositories.

R807-1-2. Authority.

(1) This rule is required by Title 53B, Chapter 17, and is enacted under the authority of Subsections 53B-17-603(2) and 53B-17-603(4)(b) and (c), and 53B-17-603(6).

R807-1-3. Definitions.

(1) The terms used in this rule are defined in Sections 9-8-302, 65A-1-1, 53B-17-603, and 79-3-102.

(a) "Collection" means a specimen and the associated records documenting the specimen and its recovery.

(b) "Critical paleontological resources" means vertebrate fossils and other exceptional fossils that are designated state paleontological landmarks as provided for in Section 79-3-505.

(c) "Curation facility" means:

(i) the museum;

(ii) an accredited facility meeting federal curation standards; or;

(iii) an appropriate state park.

(d) "Museum" means the Utah Museum of Natural History.

(e) "Repository" means:

(i) a facility designated by the museum through memoranda of agreement; or

(ii) a place of reburial.

(f) "Specimen" means:

(i) all man-made artifacts and remains of an archaeological or anthropological nature, found on or below the surface of the earth, excluding structural remains; and

(ii) remains of a critical paleontological nature found on or below the surface of the earth.

(2) In addition:

(a) "Appropriate permitting agency" means the Division of State History, the Geologic Survey, or the School and Institutional Trust Lands Administration as set forth in Sections 9-8-305 and 79-3-501, 502.

(b) "Arbitration board" means ultimate arbitration authority as set forth in Section 53B-17-603(4)(c)(vii).

(c) "Committee" means the curation advisory committee;

(d) "State lands" means lands owned or controlled by the state and its subdivisions, and includes lands administered by the School and Institutional Trust Lands Administration.

R807-1-4. Clarification of 53B-17-603.

(1) For the purposes of Section 53B-17-603 and this rule:

(a) "Accredited" means current accreditation by the American Association of Museums or other nationally recognized accrediting institutions or agencies;

(b) "Appropriate state park" means a state park designated by the Division of Parks and Recreation as meeting and being in compliance with federal curation standards;

(c) "Federal curation policy" means: generally understood principles of federal and professional curation policy, and for archaeological collections, includes but is not limited to those as set forth in 36 CFR Part 79, 1996 ed., as amended and those federal rules implementing the Native American Grave Protection and Reburial Act (43 CFR Part 10, 1996 ed.);

(d) "Meeting federal curation standards" means that a facility has been designated by a federal agency as a repository and is in compliance with Federal curation policy.

R807-1-5. Curation Advisory Committee.

(1) The Museum shall establish a curation advisory committee and shall select the members of the Committee.

(2) The Committee shall be composed of at least eight members and shall include a representative from the Division of Parks and Recreation, the Division of Sovereign Lands and Forestry, the School and Institutional Trust Lands Administration, Division of Indian Affairs, Division of State History, Utah Geologic Survey, curation facilities, and may include representatives with interests in one or more of the following areas: education, research, cultural resource management, or curation.

(3) The Committee shall serve in an advisory capacity to the Museum.

(4) The Committee's responsibilities shall include advising the Museum on the following:

(a) the development and annual review of procedures relating to the designation of repositories;

(b) the designation of certain repositories or curation facilities, taking into consideration those factors listed in Section 53B-17-603(4)(c); and

(c) other means by which the Museum can ensure the adequate curation of all collections from state lands.

(5) The Committee shall meet with the Museum at least semiannually, as called by the Director of the Museum.

R807-1-6. Proof of Consultation.

(1) The Museum may enter into a memorandum of agreement with permitting agencies that establishes a process for providing persons applying for either a survey or an excavation permit with proof of consultation as required by Subsection 79-3-501(1)(c)(vi). That process will include:

(a) The Museum maintaining a list of curation facilities and repositories in Utah. The list shall include:

(i) their geographic location;

(ii) the types of collections they curate or desire to curate; and

(iii) for repositories, the types of collections they can adequately curate.

(b) A procedure for the permit applicant receiving a copy of the list.

(c) A procedure for the Museum receiving notification of the selected curation facility or repository and a copy of the permit application.

(d) A procedure whereby critical vertebrate paleontological resources may be curated by the permittee when the permittee is a curation facility.

(2) Collections obtained under an excavation permit shall be deposited by the permittee at the designated repository or curation facility no later than six months after the permittee provides the appropriate permitting agency with reports as required by law.

(3) Collections obtained under a survey permit shall be deposited at the designated repository or curation facility within one calendar year of completion of field work.

R807-1-7. Curation Standards.

(1) In order to be designated as an appropriate curation facility or repository for collections, a facility must provide evidence of its ability to continually provide adequate curation appropriate to the nature and content of the collection.

(2) Adequate curation is presumed for all curation facilities.

(3) Adequate curation for repositories means at a minimum:

(a) possessing and maintaining complete and accurate collection records;

(b) possessing and maintaining requisite facilities which have equipment and space in the physical plant dedicated solely

to the proper storage, study, and conservation of collections;

(c) possessing and maintaining the ability to keep collections under physically secure conditions within storage, laboratory, study, and exhibition areas;

(d) requiring staff and any consultants who are responsible for managing and preserving collections to be trained in the curation of collections;

(e) appropriately handling, storing, cleaning, conserving, and exhibiting collections to ensure the physical integrity of collections;

(f) storing records of collections, including site forms, field notes, artifact inventory lists, computer disks and tapes, catalog forms, photographs, and a copy of the final report in a manner that will protect them from theft and fire;

(g) conducting regular inspections and inventories of collections; and

(h) developing and implementing procedures regarding the accessioning, loan, exhibition, and deaccessioning of specimens.

R807-1-8. Designation of Repositories.

(1) Any facility, other than a place of reburial, seeking to be designated as a repository shall submit to the Museum:

(a) a completed Facility Assessment Form, a copy of which may be obtained from the Museum; and

(b) any other information relating to the facility's ability to provide adequate curation appropriate to the nature and content of collections requested by the Museum.

(2) If the Museum determines that a facility is able to provide adequate curation, the Museum will enter into a memorandum of agreement that will designate that facility as a repository and ensure continued adequate curation at that facility. The memoranda of agreement shall include the following:

(a) reporting provisions;

(b) provisions for periodic review and monitoring; and

(c) conditions triggering the revocation of collections from state lands.

(3) Any facility denied repository status may appeal the Museum's decision within 30 days of the denial of status pursuant to the procedures set forth in R807-1-13 below.

R807-1-9. Selection of a Repository or Curation Facility.

(1) A repository or curation facility seeking designation as a repository or curation facility shall notify the Museum of the nature of collections it wishes to curate by filing a request with the Museum. A request for designation shall include a discussion of the following as appropriate:

(a) identification of any specific site or project of interest to the repository or curation facility;

(b) repository or curation facility programs related to its proposed scientific and educational use of the requested collections; and

(c) proximity of the repository or curation facility to the point of origin of the requested collections.

(2) The Museum shall select a repository or curation facility for collections to be obtained from state lands under a survey permit, considering those factors listed in Section 53B-17-603(4)(c).

(3) The Museum in consultation with the Committee shall select a repository or curation facility for collections to be obtained from state lands under an excavation permit, taking into consideration those factors listed in Section 53B-17-603(4)(c).

(4) The Museum in consultation with the Committee shall designate a second repository or curation facility to curate collections if the repository or curation facility originally selected fails to provide adequate curation appropriate to the nature and content of the collection.

(5) Any curation facility or repository may appeal the

selection of a repository or curation facility within 30 days after receiving notice of that selection through the procedures set forth in R805-1-13 below.

R807-1-10. Obligations of Repositories or Curation Facilities.

(1) Repositories or curation facilities shall immediately notify the Museum of any loss of accreditation, any changes resulting in a failure to meet federal curation standards, or any breach of a memorandum of agreement entered into with the Museum.

(2) If a repository or curation facility loses its accreditation, fails to meet federal curation standards, or breaches its memorandum of agreement, the Museum may require transfer of collections to another repository or curation facility.

(3) The Museum shall periodically review repositories to assure they are providing adequate curation appropriate to the nature and content of the collection. The Museum's reviews may occur through an on-site visit or submission of written reports from the repository. The Museum shall give the repository 30 days notice of a proposed review.

(4) Curation facilities with collections from state lands shall provide the Museum with copies of accreditation reports from the American Association of Museums or other nationally recognized accrediting institutions or agencies.

(5) Repositories or curation facilities shall provide an inventory of collections received from state lands to the Museum within 90 days of receipt of the collection.

(6) Repositories or curation facilities shall notify the Museum 30 days prior to undertaking any destructive analysis or exchange to allow the Museum opportunity to review and comment.

(7) Other than appropriate exchanges of collections and destructive analysis, no other form of permanent removal of collections shall take place.

(8) Repositories or curation facilities shall notify the Museum within 30 days of the accidental or any other loss or destruction of any specimen.

(9) Repositories or curation facilities shall not take any actions that would adversely affect recognition of the following:

(a) Collections obtained in exchange for collections found on school and institutional trust lands are owned by the respective trust and are subject to these rules;

(b) Collections recovered from school and institutional trust lands are owned by the respective trust;

(c) Any monies obtained by a curation facility or repository from sales of reproductions derived from collections found on state lands shall be given to the respective trust, except that the curation facility or repository may retain monies sufficient to recover the direct costs of preparation for sale and a reasonable fee for handling the sale. It is recognized that a curation facility or repository may contract with a third party to prepare and produce reproductions.

(d) Collections recovered from school and institutional trust lands shall be available for exhibition as the beneficiaries of the respective trust may request, subject to Museum's curation responsibilities and the repository or curation facility's budgetary and exhibit priorities.

R807-1-11. Reporting.

(1) The Museum shall annually submit to the Division of Sovereign Lands and Forestry and the School and Institutional Trust Lands Administration an inventory of collections received from their respective lands and placed in repositories or curation facilities.

(2) The Museum shall annually submit to the Division of Sovereign Lands and Forestry and the School and Institutional Trust Lands Administration an inventory of specimens lost, destroyed,

or exchanged from their collections.

(3) The Museum shall annually submit to the Division of State History a list of collections received and places in repositories or curation facilities.

R807-1-12. Designation of Adjudicative Proceedings as Informal.

(1) All appeals shall be conducted informally.

R807-1-13. Procedures of Informal Adjudicative Proceedings.

(1) Any facility requesting an appeal of a Museum designation or selection shall include the following information in its request:

(a) the names and addresses of all persons known to have a direct interest in the requested Museum action and to whom a copy of the request for Museum action is being sent;

(b) the Museum's file number or other reference number, if known;

(c) the date that the request for Museum action was mailed;

(d) a statement of the legal authority and jurisdiction under which the Museum action is requested;

(e) a statement of the relief or action sought from the Museum; and

(f) a statement of the facts and reasons forming the basis for relief or Museum action.

(2) The facility requesting an appeal shall send a copy of the request by mail to each person known to have a direct interest in the requested agency action.

(3) The director of the Museum shall promptly review a request for relief and shall notify the facility in writing of:

(a) the decision;

(b) the reasons for the decision; and

(c) a notice of the right to review by the arbitration board within 30 days.

(4) Copies of the director's notification shall be sent to the facility making the request and to those parties who have previously expressed a direct interest in the request.

(5) The facility may request a review within 30 days of the director's final decision by submitting a written request to the Museum. The Museum director shall then request that the arbitration board, as set forth in 53B-17-603 (4)(c)(vii), shall meet.

(6) The arbitration board shall respond to the request within 30 days of notification.

R895. Technology Services, Administration.**R895-6. IT Plan Submission Rule for Agencies.****R895-6-1. Purpose.**

State agencies are required by statute to submit IT plans for review and approval by the Chief Information Officer (CIO) office. This rule provides the format and content requirements for IT Plan submission.

R895-6-2. Authority.

This rule is issued by the Chief Information Officer under the authority of Section 63F-1-206 of the Technology Governance Act, in accordance with Section 63G-3-201 of the Utah Rulemaking Act, Utah Code Annotated, and section 63F-1-204 of the Utah code, Agency Information Technology Plans.

R895-6-3. Scope of Application.

All state agencies of the executive branch of the State of Utah government shall comply with this rule, which provides a consistent technology planning method for the State of Utah.

R895-6-4. Definitions.

(1) "Project" Investment in development of a new application/system or to upgrade or enhance an existing information system.

(2) Plan Timeframe: One fiscal year into the future.

(3) Severity level: Severity level is rated on four categories: impact on citizens, visibility to the public and Legislature, impact on state operations, and the consequences of doing nothing. The severity rating reflects the impact on external stakeholders.

(4) Risk level: The risk criteria measure the impact of the project on the organization, the effort needed to complete the project, the stability of the proposed technology, and the agency preparedness. The risk rating reflects the impact on the internal stakeholders.

R895-6-5. Compliance and Responsibilities.

The following are the compliance issues and the responsibilities for state agencies:

(1) Any state executive branch agency that develops, hosts, or funds information technology projects or infrastructure shall submit a plan following the format outlined in R895-6-6 below.

(2) The CIO office shall provide education and instruction to the agencies to enable consistent response.

(3) Agency IT Plans shall be delivered to the CIO office, in electronic format, by July 1 of each year.

(4) Agency IT Plans shall use document formatting methods as defined in CIO instruction.

(5) Agency IT Plans at a division level, shall be combined for submission to the CIO office at the Agency/Department level.

(6) Amendments to the IT Plan shall be submitted for any significant change in a project or if an IT supplemental appropriation is requested during the budget process.

R895-6-6. Agency IT Plan Format.

The following is the IT plan format:

(1) SUBMIT AN EXECUTIVE SUMMARY.

(a) Department/Agency Mission Statement.

(b) Department/Agency Business Objectives that have IT projects supporting them.

(c) Statement of IT Vision/Mission.

(d) Description of accomplishments of past calendar year.

(e) IT Budget Summary for Department/Agency.

(f) Verification of compliance procedures for information technology policies, administrative rules, and statutes.

(g) Describe performance measures used by the agency for implementing the agency's information technology objectives.

(2) IT PLAN DETAILS.

(a) Security Plan Documentation.

(b) Disaster Recovery/Business Resumption Plan Documentation.

(c) If a supplemental IT appropriation is anticipated, describe.

(d) Describe anticipated changes in objectives, projects or initiatives.

(e) If a building block request for an IT appropriation is anticipated, describe.

(3) PROPOSED PROJECT DESCRIPTION

Complete a project description for each IT project including the following information:

(a) Project organizational impact:

(i) Division (or other dept. sub-unit) project; identify:

(ii) Department project.

(iii) Cross-department project.

(b) Project Name.

(c) Project Manager.

(d) Project Purpose (check all that apply):

(i) Maintain/enhance existing infrastructure.

(ii) New infrastructure.

(iii) Maintain/enhance existing application/product.

(iv) Develop new application/product.

(v) Support of UCA 46-4-503.

(vi) Pilot project.

(vii) Implement/enhance GIS.

(viii) Collaboration with local government.

(ix) Public/private partnership.

(x) Other, please specify.

(4) DOCUMENT SUPPORT OF EXECUTIVE BRANCH STRATEGIC GOALS.

(5) DESCRIBE PROPOSED PROJECT AND ITS ANTICIPATED BENEFITS.

(6) IDENTIFY THE IMPACT ON DTS SERVICES THAT MAY RESULT WITH THE DEVELOPMENT OF THIS PROJECT.

(7) LIST ESTIMATED START AND END DATE FOR PROJECT.

(8) ESTIMATE PROJECT COSTS INCLUDING LABOR, HARDWARE, SOFTWARE, CONTRACT SERVICES AND OTHER.

(9) ESTIMATE ANNUAL OPERATION/MAINTENANCE COSTS.

(10) DESCRIBE RISK LEVEL OF PROJECT FOLLOWING CIO INSTRUCTION FOR FORMAT.

(11) DESCRIBE SEVERITY LEVEL OF PROJECT FOLLOWING CIO INSTRUCTION FOR FORMAT.

(12) DESCRIPTION OF IT ALIGNMENT WITH BUSINESS OBJECTIVES.

R895-6-7. Exceptions.

Any variance to format or content as established in this rule shall be approved by the CIO office.

R895-6-8. Rule Compliance Management.

The CIO may enforce this rule by non-approval of the IT Plan as defined in Utah Code, Section 63F-1-204.
